Date: 10/28/2013

Dear: Yucipa ragional park,

Thank you for being really nice to us 4th grade students we played games and we hunted a rabbit and made bracelets and you guys were able to let us go on a nature Hike and most of all we learned about indians. we learned interesting stuff like skulls, survival skills and Difrent kind of rocks we also travels to the Duck pond. we pictrographed with sand and we saw wild life stuff. we all so found scat chart footerint: we all thank you for giving us these things also we loved the way you let us play games and all that Jaz. on and we were able to make picture symbols that indians used back there we Guessed about the skulls to see what kind of animal it was very interesting we saw a mountain lion and a bird we saw some rock that wer very interesting we all saw very cool stuff so we thank you for leting us go to your park and it was very fun over at the park thank you insrectors for teaching us wild life Have a wonder full Job

sincerely Isaiah James Siegrist

10/28/17

Dear Nick,

Thanks for taking us to the nature hike on the mountain. It was also very fun when we pretended to hunt and play the games. It was fun when we saw a lot of wildlife like the egrets and the ducks from the duck pond. It was also very fun guessing what animal had the skull. It was very interesting guessing which rock was in a food and other stuff. It was very fun learning about the Indians and what was there and what wasn't when the Indians lived there. I really liked the foot prints on the mud. It was very nasty seeing the poop on the sidewalk. I loved learning how the plants help us live. Seeing the birds fly was fun. I was sad when we left. Yucaipa Regional Park was awsome.

Sincerely,

[illegible]

Dear, Nick, Yucaipa Regional Park
Whus riley riley fan. When I fist sean
the snow Keal I thot it whas riley
asom. The foot prient that we saw
wer rily. cool and the nature hike whas
so hie that you can get a rily rily
good vew. The most things that
I liked wer the braclets and the
pictograph with the sand. The
Whay that the indians harf to
lern wer so cool. The part that
I codent get wus the boom
arang like they rily yous that
to brake the bunnes back lages.
now that is just weard bat
how do thay know whan thay
got the bonny bat I do
like the bookes that we
got. The duck lake whas rily
cool. I have sean some rocks
that the indians youst
to carve stuf.

Sincerely,
Klerissa Malone

Yucaipa Reginal Park.
Dear Nick,
Thank you for taking us around the park. I really enjoyed seeing the wild life. It was kind of tricky what kind of animal the skull came from. The rocks were really awesome too. I wanted to see the Chromite. I think from the 3 you showed, Copper was the best. The footprints that you showed us, one of them looked like big foot. You should've looked of the size of that thing. The pond had a whole bunch of ducks in it. I had so much pictures of ducks in my phone. I also took pictures of the egret. My favorite game was predator vs. prey it was really awesome and fun. When we did the braclets how did it change color? Thank you Nick for the adventure!

Sincerley,
Nathan Lopez

10-28-13

Dear Nicky thankyou for letting us go to Yucaipa Regional Park. My Favorite part of the nature hike was going up the mountain. I loved playing the games. the game I liked the most was when you had to grab the scarf from the circle. I also liked trying to hit the rabbit. I liked makeing friendship bracelets. I loved it when we made pictograph with sand. It was so cool. It was awesome when we went around the duck pond. I also liked looking at rocks. Learning some survival skills were pretty cool too.

Sincerely,
Angel Belmonto

# Yucaipa Regional Park

Dear Mr. Nick,

I enjoyed going to Yucaipa Regional Park First of all, I appreciate you doing this for the 4th graders. Next, I loved going to nature hike because it is fun and I loved that you took us to the mountain to walk. Another, is I liked being like a Indian hunting because how you showed us how to hunt a rabbit. Then, when we walked I loved the bird called the Snowy egrets and touching the skulls they were really smooth. The other thing I liked was seeing the Redwood trees. The thing that I liked in the duck pond was the ducks they were so adorable. Also, The things that we saw in the duck pond was foot prints I think they were the Snowy egrests. In addition, I loved doing the games that we played they were fun and the best part

of the game was when we did the hankershiy and doing the Indian Signals they were fun. Last, it was fun having you as my leader you were fun I learned alot with you. I loved going to Yucaipa Regional Park.

Sincerely,
Andrea Salazar-Lopez

Andrew Potenciano

Dear Nick, Thank you for showing us around the park. First we went to the pond and saw a white big bird. Some people took pictures of the ducks when we were walking. Next, we went up the mountin. we got to see the beautiful view at the top of the mountin. Then, we saw some skulls of some animals when we were walking around the park with Nick we even got to touch them. Also, Nick let us hold some of his stuff in the box that Indians use we throw the stick at a fake rabbit just like the Indians did and we practiced liked the Indians did to. Then, we passed around some stuff that Nick brought with him. Finally, we ate lunch with other groups and we had lots of fun!

Sincerely,
Andrew Potenciano

10/28/2015

Dear Mary,

I want to thank you for everything you did for us. our trip to yucaipa Regional park was really fun. the nature hike was really intresting. we played games like hunt the rabbit and Predator vs Prey we saw a lot of wildlife things like foot prints, the duck pond was okay there was a lot of ducks. you showed us skulls and we guest what it was. we learned about indians who lived in the mountins. the survival skills were funny to. we also made cool bracelets for our friends and we looked at rocks. the pictograph white sand was alright. But the thing I liked the best is the game called Predator vs Prey it was the best thing I did of the whole day it was funny when I was beating a lot of People But one Person Deat →

10/28/13

Dear Mary,

Thanks people at yucaipa Regional park for taking us to the nature hike you teached us a lot of things like survial skill. We also saw wildlife like a hummingbird - also a rabbit. Then we started to see some prints of a great blue heron then we saw some more footprints of a Bobcat. You also teach us about the igneous Rock, the sedimentary Rock, also the metamorphic Rock. We learned about the Indians also we learned about scat. It was fun when we saw the dock pond also we made bracelets and we mate a pictograph with sand. All of this was very fun in yucaipa Regioal park.

Sincerely,
Elias
Dominguez

Dear Mary,

Thank you for teaching me of Yuaipa Regional Park. I learn about the rocks, and wildlife. I saw a Rabbit Huitt, and a Hummingbird too. We saw footprints of a Bobcat, and a Great Blue Heron. We also learned about Indians, and nature hike. We had so much fun playing the game like: The paint, ring toss, and the animal sink too. We went to the duck pond, we made pictograph with sand. Thank you for taking us to hunt animlas and for playing the hunt game to. We made oracelets to. When it was the end of the day thank you for painting what Indians paint for to write to. And for taking us uphill. In conclusion, Thank you for teaching us a lot.

Sincerely,
Rosalie Martinez

Dear Mary,
I reall like my vist at the Yucaipa Regional Park.

First, I want to thank Mary for the naturehike.

Then, I want to thank Mary for the picture that the Indians use to warnd the other Indians.

Also, I want to thank Mannuel for teatch us the hagerchip game. I want to thank Patty and Nick for teaching us the firendship bracelet.

Sincerely,
Pedro
Trujillo

10/28/13

Dear Mr. Manuel,
I had a fun time at Yucaipa Regional Park. It was really fun in the beginning how we were playing the game with bears, hawks, and snakes. It was very interesting to learn about the Indians. My favorite part of the field trip was the nature hike especially when we saw the lizard in the bushes. I really payed attention to the wildlife and the habiatat they live in for example the squirrel and how it lived in trees. I liked how we got to see how Indians lived and also how they communicated we did that. In conclusion, I enjoyed our field trip to Yucaipa Regional Park.

Sincerely,
Philesha Thomas

Monday, Oct 28, 2013

Dear Manuel,
I learned interesting things at the Yucaipa Park. First, my favorite activity was when we made the bracelets and made a hole on the wood. Next, the only animals I saw was the ducks and the squirrel. Then, when we were guessing what kind of animal skull that you were holding and we write it on the booklet that was preety cool. Finally, when we were touching the rocks one of ther looked like gold. I liked it when we went to the pond. When you said, "that we were going to hit the rabbit on the legs than shave his fur off I thought that we were acsheley going to do that. Sincerely,

Elder Quiñones

Dear manuel,
Thank you for leading us through Yuccipa Regional Park. First, I want to thank you for teaching us about the Indians and the environment they lived in.
I also want to thank you for nature hike and the wild life we saw. Then, I want to thank you for the survival skill and the scat chart you taught us about.
Next, I want to thant you for showing us the duck pond and the rocks.
Another thing I want to thank you for the games friendship bracelets, and the pictograph with sand.
Finally, I want to thank you for teaching us about the egrets and the skulls.
Thank you for taking time out of your day

10/28/13

Dear Manuel,

I really loved my visit to Yucaipa Regional Park. First, I really liked the nature hike, although I wished we could have gone farther up. I really liked the games we played like the hunting game, the hoop and stick game and the hakership game. I wished we went to a ghost town. I liked how we learned about the food chain and I really liked the duck pond. I also liked the guess the skull game. I also liked what we learned about what the rocks make. I liked learning about the serrano culture.

The things I really liked the best were the photosynthesis I liked the games, the booklet the Geology station, and the wild life station. The game I really liked the best was the hunting game where you pretend you're trying to

monday, October 28, 2013

Dear Manuel,

I enjoyed my visit to the Yucaipa Regional Park. First of all, you thougth us survival skills like, if you see a snake point and yell snake 3 times. If you see a mountain lion get is your group. Also, we went up a hill, and you told us, "do not touch poison ivy." We went down the hill and got a book called "Day camp WORKBOOK." Next, we went under trees and we saw pack rat roles. He ask us questions about animal skulls. Then, we played games like, "Stick and hoops." After that we made bracelets with string. Last, we made pictures just out of paper, glue, and sand. Thank you for inviving us to Yucaipa Regional Park.

Sincerely,
Kevinn Reynoso

October 28,2013

Dear Manuel, Thank you for showing us all the great stuff. The Yucaipa Regional Park was great because we learned a lot about Indians. I liked the Nature Hike a lot because we learned about animals up there. I liked the games because they were fun. I also liked the hunting but I coumdn't hit the rabbit. Then we made bracelets me and my friend liked the bracelets alot. I liked the pictograph with sand the most because that's how the Indians talked. Thank you for that awsome day I loved it!

Sincerely, [illegible]

Date 6/25/13

Dear Mrs. Patty,

Thank you for letting Boxd School go to the Yucaipa Regional Park. First of all, I whant to thank you for letting us go to the Park and letting it be free. Thank you for letting us take a naturehike that Smelled good. Thank you Mrs. Mary for doing Pictogram with Sand. Thank you for letting us See wild leff when I Saw that bushy tail it was bushy all right. Thank you Mr. Manuel for letting us Play that game. Thank you for letting us hunt. Thank you Mr. Nick and Mrs. Patty for letting us Make bracelets. Thank you for letting us learn about rocks and bucks and letting us learn about the dat tarck and the Sock and adot the Indianas.

Sincerely, Courtney Turner

Bin 10-28-13

Dear Patty,
Thank you for teaching us nature. First, the Yucaipa Regional Park was beautiful. The nature hike was long. We played games like prey vs. predator. You teached us to hunt like the Indians. We saw wildlife and one of them was an egrets. We learned how ducks can dive under water for fish. We learned how to use survival skills. We learned about different kinds of rocks. Then, we had to guess who were the skulls. Next, we made a bracelets that had a legen. We also made a photograph with sand. We learned about the Serron Indians. You said that you can track animal by their scat,

Trinidad 10-28-13

Dear Patty,

For letting us go to Yucaipa Regional Park for free. Thank you for letting us see wild life. Thank you for letting us play diffrent games. It was fun when we made bracelets and pictograph with colored sand. Lreaning about rocks was fun also lreaning about survival skills was fun to. The nature hike was fun the plants were pretty on the mountans. Lreaning about indians was fun. The skat chart had lots of facts.

Sincerely, Trinidad Marthez

10/28/13

Dear Mr Nick,

① I enjoyed going to Yucaipa Regional park. We did lots of cool and fun stuff. First, we looked at real footprints then tried to track the animal. Next we tried to practice **hunting** with the stick, string, and hoop. We also tried **hitting** the rabbit with the stick. The hike that we went on was so fun and a little far. When we saw the redwoods I was so suprised I thought I would never see one.

② My favorite things we did were the signs that we made and when we made the friendship bracelets. But my most favorite game that we did was the kerchief game. I was wining everybody even my teacher said that I was the best. but when I had to face my friend I knew a had to win. We took of our hats and jackets. The kids and teachers said something just got real. Then I beat him. In conclusion, I had a awsome time with you and hope to see you soon.

Sincerely
