# Public invited to learn more about County mental health services

San Bernardino County Department of Behavioral Health (DBH) invites members of the community to attend an annual stakeholder engagement meeting to learn more about the public mental health service delivery system in San Bernardino County.

These public stakeholder meetings will promote community conversation and participation regarding the Mental Health Services Act (MHSA) Annual Update for Fiscal Year 2019/20, in addition to a facilitated discussion regarding the future of mental health policy and program planning in San Bernardino County.

The MHSA (Prop 63) was passed by California voters in November 2004 to expand mental health services for children and adults. The Act is funded by a one percent tax surcharge on personal income over $1 million, per year.

"Participation in the stakeholder process is important because it gives residents both the opportunity to learn more about public services and their ability to influence those services," stated Michelle Dusick, MHSA Administrative Manager. "We encourage all community members to attend."

Stakeholder meetings will take place at locations throughout the county. For a complete list of dates, times and locations, please view the attached list. For more information, interpretation services or requests for disability-related accommodations, please call (800) 722-9866 or dial 7-1-1 for TTY users.

DBH, through the MHSA, is supporting the Countywide Vision by providing behavioral health and substance use disorder services that promote wellness, recovery, and resiliency in the community. Information on the Countywide Vision and on DBH can be found at www.sbcounty.gov.

## Público invitado para aprender más sobre servicios de salud mental del Condado

El Departamento de Salud Mental del Condado de San Bernardino invita a los miembros de la comunidad interesados en asistir una reunión anual para aprender sobre el sistema de prestación de servicios de salud mental en el Condado de San Bernardino.

Esta serie de reuniones públicas promueven la conversación comunitaria y participación en cuanto a la Actualización Anual de la Ley de Servicios de Salud Mental (MHSA, por sus siglas en inglés), correspondiente al año fiscal 2019/20, y para conversar sobre el futuro de la política de salud mental y planificación de programas en el Condado de San Bernardino.

La Ley de Servicios de Salud Mental (también conocida como Proposición 63) fue aprobada por los electores de California en noviembre del 2004 para ampliar los servicios de salud mental para niños y adultos. La Ley es financiada por un impuesto adicional de un porciento para aquellos cuyos ingresos personales son más de un millón de dólares al año.

"Participación en el proceso de personas interesadas es importante porque da a los residentes la oportunidad de aprender más sobre los servicios públicos y capacidad para influir en esos servicios," dijo Michelle Dusick, Gerente Administrativo de la MHSA. "Animamos a todos los miembros de la comunidad a asistir."

Estas reuniones para personas interesadas se llevarán a cabo en localizaciones a través del condado. Para una lista completa de fechas, tiempos y lugares, favor de ver la lista que sigue. Para más información, servicios de interpretación o las solicitudes de alojamiento relacionados con la discapacidad, por favor llame al (800) 722-9866 o marque 7-1-1 para usuarios de TTY.

DBH, a través de la MHSA, apoya la visión del Condado proporcionando servicios de salud mental y servicios de desórdenes de uso de sustancias que promueven el bienestar, la recuperación y la resiliencia de la comunidad. Información sobre la Visión del Condado y del Departamento de Salud Mental puede encontrarse en www.sbcounty.gov.
