Behavioral Health

Do you need help with a substance use disorder?

If you are battling with alcohol and/or drug abuse, the San Bernardino County Department of Behavioral Health (DBH) Screening Assessment and Referral Center (SARC) is ready to help you on your road to recovery.

The SARC can help you find the treatment that is right for you.

How does the Screening Assessment and Referral Center (SARC) process work?

When you come into the SARC, you will meet with a staff member who will conduct a confidential assessment for substance use treatment placement.

Once you have been assessed, our staff member will discuss what the best treatment options are for you. Once you both agree on your treatment, our staff member will help coordinate appointments and other necessary arrangements at one of our treatment provider agencies.

Please call us today for more information.

We are ready to help you on your road to recovery!
