The Honorable Board of Supervisors
County of San Bernardino
San Bernardino, California

The Board adopted the final budget for 2002-03 on June 25, 2002. This fiscal year is noteworthy because 2003 marks the County of San Bernardino's 150th anniversary – a century and a half of public service.

During the first half of its existence, San Bernardino County and most if not all California jurisdictions operated without an approved budget. In 1928 the state created the County Budget Act, which set up a uniform budget process for California counties, and the County of San Bernardino issued its first budget in 1929-30 with a total appropriation of \$2.4 million. Seventy-five years later, the county's appropriations stand at \$2.6 billion. One thing that hasn't changed is the County of San Bernardino's tradition of cautious, conservative planning. That first budget included a reserve of 4% for unforeseen events. The 2002-03 budget before you now contains a general purpose reserve of 10%, as well as, a significant amount set aside in contingencies for uncertainties that the county may face during the current and coming fiscal years.

The adopted 2002-03 budget stands as a fiscally sound spending plan with no reliance on one-time financing to meet ongoing county needs. While fiscally conservative the county still provided for fair and equitable salary adjustments, operational requirements within county departments, substantial capital improvement investment, debt reduction investment, and important departmental programs.

The key elements of this 2002-03 budget include:

Capital Improvements

Funding for Capital Improvement projects has historically been limited, especially when projects require 100% local financing. This is the second year in a row that the county has been able to direct a substantial amount of money for long delayed maintenance of office space to properly maintain buildings and provide an improved working environment for the employees of the county. The 2002-03 budget included not only \$3 million in the original financing plan for a number of necessary projects, but the Board also approved an additional \$3.6 million of one-time money to be used for critical energy conservation projects such as an upgrade of the Glen Helen Water System and replacing aging heating, ventilation and air conditioning systems in several county buildings.

Debt Reduction Plan

The county has taken a proactive stance in trying to reduce county debt. During 2001-02 the county refinanced two outstanding debt issues, the 1992 Justice Center/Airport Improvement Project and the 1992 West Valley Detention Center project. The Justice Center/Airport Improvement refinancing generated \$2.1 million in general fund savings in 2001-02. The West Valley Detention Center refinancing will generate \$1.1 million in general fund savings in 2002-03. The 2002-03 adopted budget includes using the combined savings of \$3.2 million to reduce the outstanding principal of the 1995 Glen Helen Blockbuster Pavilion Series D taxable debt. This action results in a savings of \$260,000 annually over the next 22 years.

Departmental Requests Approved

During budget hearings the Board approved the following department's requests for additional funding in the 2002-03 adopted budget. Staffing and operation costs for the West Valley Juvenile Hall expansion expected to open in December 2002 was funded. A portion of the projected Proposition 172 revenue shortfall totaling \$2.9 million was temporarily funded in 2002-03, anticipating the Proposition 172 revenues will ultimately return to projected growth. This temporary funding maintained the current level of sworn staff in the Sheriff's Department and funded the District Attorney's elder abuse prosecution unit in the central and desert regions of the county. Twelve technical service positions in the Sheriff's Department were temporarily funded. These positions were previously funded by the COPSMORE grant at 75% and the local match of 25% was financed within the Sheriff's Department budget. The COPSMORE grant expired in 2001-02, and, as part of the terms of the grant, the county is obligated to fund these positions for one budget cycle following the completion of the grant.

2% Local Cost Reduction

County policy wisely requires that ongoing costs be funded by ongoing resources. Based on the unallocated, ongoing resources available in 2002-03 and the unknown costs of future labor agreements, the Administrative Office implemented a 2% local cost reduction for locally funded departments. This reduction generated \$2.3 million in ongoing revenue sources to be used to fund future ongoing costs such as salary costs.

Contingencies & Reserves

The Board prudently set aside \$45.9 million in the contingencies budget to mitigate the impact of uncertainties presented by the state's financial picture, salary negotiations with the county's safety employees whose contract expires on December 31, 2002, and increases in retirement and insurance costs. In addition, the Board contributed \$1.7 million to the general purpose reserve in 2002-03, bringing the total to \$31.9 million (10% of locally funded appropriations). Contingencies and reserves serves as an insurance policy to safeguard essential programs should the county experience an economic downturn.

In summary, although the county budget has grown from millions to billions, the 2002-03 adopted budget demonstrates the Board's continued commitment to responsible fiscal management and a fair, cost-effective government for the citizens of San Bernardino County. While there are still issues for the county to face in the future, this budget is another step forward, and one in which the Board can take pride. It is also a budget that places the county in a good position to meet the challenges of future budget years.

Respectfully submitted,

JOHN F. MICHAELSON
County Administrative Officer

The Board of Supervisors adopted the County of San Bernardino's 2003-03 Budget on June 25, 2002. This budget covers the period from July 1, 2002 – June 30, 2003. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget amount. The County of San Bernardino's 2002-03 Budget consisting of the general fund, special revenue funds, capital projects funds, and enterprise funds has a total appropriation of \$2.6 billion.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the county financing plan for all general fund departments. The 2002-03 financing plan included a total of \$319.3 million in discretionary revenue. This revenue is comprised of property taxes, vehicle license fees, interest on the county investment pool, sales tax and other taxes. Mandatory costs such as previously negotiated salary increases, inflation, previous year's Board approved costs and other mandated costs are first financed by the discretionary revenue. After the mandatory costs are financed, the remaining unallocated discretionary revenue is presented to the Board of Supervisors for approval of distribution during the budget workshop. In 2002-03 the amount of unallocated revenue was \$45.1 million.

A budget workshop was held on May 28 and 29, 2002, to discuss each department's proposed budget. Each department submitted a proposed budget based on the general fund financing amount allocated to them and their own departmental revenues. Departments also request funding for those workload and program changes that were unable to be financed in their proposed budget.

The Board of Supervisors approved \$5.7 million in departmental requests during the budget workshop as shown below. These changes were incorporated in the 2002-03 budget that was presented to the Board during the budget and fee hearing in June. The remaining revenue not allocated was \$39.4 million.

BOARD APPROVED CHANGES AT BUDGET WORKSHOP

	Approp	Revenue	Local Cost	Additional Positions
<u>Capital Improvements</u> - Additional Funding	3,587,000		3,587,000

A budget and fee hearing was held on June 17 and 18, 2002, for public input on the county budget and fee ordinance changes and to obtain Board approval on the 2002-03 final budget. During the budget and fee hearings, an additional \$8.2 million was approved and allocated to departmental final budgets. The remaining balance of \$31.2 million was unallocated and set aside for future funding issues such as current salary negotiations, pending legislation, etc. In addition, the Board of Supervisors directed that any fund balance adjustment in the general fund would be made to the appropriations for contingencies. The Board also directed any unspent appropriation in the Priority Policy Needs and any uncommitted appropriation related to the Management Audits be carried forward in their respective budgets units. The fund balance adjustment totaled \$17.8 million. Of this amount, \$15,920,491 was added to contingencies, \$203,219 was carried over for the Management Audits, and \$1,645,204 was carried over to the High Priority Policy Needs.

The following worksheet describes in detail what was approved at the budget and fee hearing.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has special revenue funds, capital projects funds, internal service funds and enterprise funds. All of these funds are restricted to the revenue sources they receive. Each department who has these types of funds is responsible for developing its budget based on the revenue resources available to them. These resources include projected revenue to be collected in 2002-03 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets were also discussed during the budget workshop and budget and fee hearing. In addition, the Board of Supervisors approved that any fund balance adjustment for special revenue funds would be made to agree to the Auditor/Controller-Recorder's actual fund balance.

Budget Book Format

The County of San Bernardino's 2002-03 Final Budget is presented in this book based on the County Organizational Structure, which is depicted on page 4. The Administrative/Executive Group is those departments that report directly to the Board of Supervisors or those departments that report directly to the County Administrative Office which perform functions related to the overall support of the county. In addition, there is a sample of the departmental budget format on pages 5 and 6 of this Preface that shows and explains how each budget unit is presented in the book. There is also a list of Final Budget Definitions on pages 7-10 of this Preface that defines budget terms commonly used throughout the budget workbook.

Section II is the Budget & Workload History, which provides a historical overview of the budget unit, including two years worth of actuals, prior year adopted budget, and the current adopted budget.

It also includes budget and actual information related to measurements of workload, called Workload Indicators.

For those departments that have significant variances between budget and actual in 2001-02, there will be an explanation here of why this occurred. The 2001-02 Budget is the original budget adopted in late June and does not reflect any mid year changes approved by the Board during the fiscal year. In many cases, this is why there are variances between budget and actual in 2001-02.

FINAL BUDGET DEFINITIONS

2% Budget Reduction: This year's budget includes a 2% cost reduction that was applied to locally funded departments. This generated \$2.3 million in ongoing revenue to fund future ongoing costs.

2420 One-time Shift: This fiscal year there is a change to the rate structure for charging departments for Central Computer services (object code 2410). This change has resulted in some services that were previously charged under object code 2410 to be charged to object code 2420. The 2420 One-time Shift adjusts the affected departments budgets to reflect this change.

Activity – A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Appropriation: An authorization granted by a legislative body to make expenditures and incur obligations for a specific purpose.

Base Year Adjustments: All non-discretionary budget changes that are factored into the base budget and approved by the Board with the County Administrative Office's financing plan; these include the cost of new mandates and negotiated salary increases.

Board Approved Base Budget: The Board Approved Base Budget reflects the anticipated costs of carrying out the current level of service or activities as authorized by the Board of Supervisors in the prior years. It may include an adjustment for cost increases, but does not include changes in level of service over that authorized by the Board of Supervisors. This year's base budget represents the prior year approved budget plus mandated costs such as salary negotiations (MOU), retirement costs, inflation, risk management liabilities and previous year's mid year Board approved costs.

Budgeted Staffing: The equivalent of full-time positions funded in the budget.

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Computer: Central Computer expense category is set up specifically to allocate Information Services Department's computer charges to departments based on usage. These are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each departmental Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget will be adjusted based upon the actual usage of the prior fiscal year.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and requires four votes.

COWCAP: COWCAP is an acronym that stands for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor/Controller-Recorder in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

Department: A functional division used by County management to group programs of a like nature.

Depreciation: The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Employee Health & Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Enterprise Funds: Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through operational revenues.

Fiscal Year: County accounting period which runs from July 1 through June 30.

Fixed Asset: An asset of a long-term character such as land, buildings, or furniture and other equipment costing \$5,000 or more.

FTE – Full-Time Equivalent: A unit of measure of staff time based upon the number of hours per year a full-time employee is expected to work. For example: if two employees each work half that number of hours per year, those two employees together equal one full-time equivalent.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: “Public Protection” is the function of the Sheriff’s Department.

Fund Balance: The excess of assets of a special revenue fund over its liabilities, including the cancellation of prior year encumbrances.

GASB 33: GASB 33 is short for Governmental Accounting Standards Board, Statement 33. Statement #33 establishes accounting and financial reporting standards for nonexchange transactions involving financial or capital resources. A nonexchange transaction is where a government gives or receives value without directly receiving or giving value in return. Some examples of nonexchange transactions are taxes, grants, fines, donations, and state and federal funding.

The main change is revenue must be recognized for the above transactions when the underlying exchange has occurred or when eligibility requirements are met. Therefore, money that is received under this criteria and is being put aside in trust funds must be recognized when received and trust funds that are not fiduciary in nature must be eliminated.

GASB 34: GASB 34 is short for Governmental Accounting Standards Board, Statement 34. Statement #34 establishes new requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions.

There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between county budget units are accounted for. GASB 34 specifies how payments for services should be accounted for, i.e. either as reimbursements or as revenues. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories. In situations where this impact is significant, the departments have included an explanation of the reclassification.

General Fund: The General Fund is used to account for resources traditionally associated with government which are not accounted for in a specific fund to satisfy legal requirements or financial management objectives.

Internal Service Funds: Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Local Cost: Local cost is the amount contributed by the county general fund from its general revenue sources to finance the activities of a department.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to an approved labor agreement between the County and an employee labor organization that details the salary, benefits, and other conditions of employment.

Mid-year Adjustments: Board approved changes to a department's budget after the adoption of the final budget.

Operating Transfers In/Out: A method of providing financing from one fund to another for the implementation of a project or program.

Other Charges: A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: In Home Supportive Services.

Proposed Budget: The working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets and for new permanent employee positions unless specifically approved by the Board of Supervisors.

Proposition 172: A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Public Service Employee (PSE): PSEs are employees assigned to entry level positions in a variety of fields and occupations for a limited duration. They are not full regular county employees and are subject to an expedited recruiting process to accommodate additional workload or to handle one-time special projects. They do not receive the full range of benefits, nor have the civil service status of regular county employees.

Realignment Funding (Health & Welfare): In 1991-92 the state approved the Health & Welfare Realignment Program which involves a shift of program responsibilities from the state to the counties. This shift is funded through corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

Reimbursements: Amount received as a repayment of the cost of work, or service performed, or of other expenditures made for or on behalf of another governmental unit or department. Reimbursements represent the recovery of an expenditure.

Revenue: The addition of cash or other current assets of governmental costs funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees or investment earnings. Revenues are deposited in a fund for future appropriation.

Risk Management Liabilities: Liability insurance charges, such as general liability, auto liability, property and fire liability insurance billed to county departments from the Risk Management internal service fund.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific sources that are legally restricted to expenditures for specific purposes.

Transfers: The movement of resources from one fund to another usually for payment of services received.

Vacancy factor: Many departments use a vacancy factor in the budget to estimate employee turnover and periods when departments will not incur the full cost of a position. Positions where specific knowledge of turnover can be predicted are budgeted as such, but during the normal course of business there are many positions that might unexpectedly go unfilled due to delays in hiring or an employee vacating a position. The department handles these unforeseeable vacancies by budgeting a “vacancy factor,” which represent the normal turnover in the system.

Example: A department has 20 full time positions. It is not known that any of the incumbents will leave during the year, but, experience indicates that on average one of the twenty positions will be in a state of turnover at any given time. Because the vacancy does not relate to a specific position, the department will budget 1.0 position as a vacancy factor resulting in the department having 20 approved positions and 19.0 budgeted positions. In this way they can avoid over budgeting for salaries.

APPROPRIATIONS SUMMARY

The 2002-03 final budget includes appropriations of \$2,591,922,675, an increase of \$98,092,117 or 3.93%.

Countywide Operations

Countywide operations show an increase in appropriations of \$53,057,032. The majority of these increases are in the Admin/Exec Group, Contingencies, the Human Services System (HSS), the Internal Services Group, and the Law and Justice Group.

The Admin/Exec Group is restated to exclude the general fund appropriations for contingencies, which is now shown as a separate line item. This group shows an increase due to the addition of a new litigation budget unit, due to additional Human Resource positions to further enhance employee relations, benefits and classification services, and increased unemployment insurance costs.

The appropriation for contingencies includes the amount set aside per county policy (1.5% of locally funded appropriations) or \$4,790,447 in 2002-03. In addition, the Board allocated \$41,081,132 of available financing to contingencies for specific uncertainties, such as the state financial situation, pending salary negotiations, and rising retirement costs.

Within Human Services System, major changes include increased costs related to MOU, in-home support service provider costs, caseload, the reclassification of the Aging & Adult Services budget from special revenue to general fund, offset by an anticipated decrease in the state allocation for childcare. In the health care costs budget, decreases in appropriations are the result of accounting changes related to GASB 33. In addition to a state mandated staffing-to-caseload ratios in the California Children's Services program, Public Health appropriation increases are due to grant related programs. Appropriation increases in the Behavioral Health budget reflect an increase in case management services, new programs, which include staffing for the expansion of the West Valley Juvenile Hall, accounting changes as a result of GASB 34, and increases for the Phoenix capital improvement project.

The Internal Services Group increase is primarily caused by the GASB 34 accounting change reclassifying reimbursements as revenue in the Real Property budget. Also reflected is a decrease in the utility budget due to projected savings as a result of lighting retrofit projects.

The Law and Justice group increase is mainly in the Public Defender, County Trial Court Maintenance of Effort (MOE) funding, Probation Institutions, and Sheriff budget units. The Public Defender budget increase is due to the addition of new judgeships. County Trial Court (MOE) funding increases reflect increased payments to the state for 50% of excess fine and fee collections which exceed the amount prescribed in trial court funding statutes and payments of 25% of the county's portion of excess collections to the Court Facility Program fund. The Probation Institutions budget increase is due to the expansion of the West Valley Juvenile Hall. The increase in the Sheriff budget is due to increase in city contract services and funding for the COPSMORE grant.

Capital Projects and Debt Service

Capital Projects and Debt Service appropriations decreased \$8,454,173 primarily due to a reduction in non-departmental appropriations of \$8.2 million. An appropriation decrease of \$7.4 million is attributable to reduced interest expense paid on the Tax Revenue Anticipation Notes (TRANS). This is due both to the decreased size of the borrowing and historical lows in short-term interest rates. The remainder of the decrease is the result of a transfer of appropriation and associated expenses to the newly established litigation budget unit as mentioned above.

Capital Improvement Projects appropriations increased \$3.2 million to approximately \$111.2 million in 2002-03. The \$111.2 million is composed of \$89,423,043 of carry over projects, including the High Desert Detention Center of \$28.3 million, and \$21,741,251 of new project appropriations.

Also included in the Capital Projects and Debt Service amount are the county redevelopment agency budget units. These budget units declined by approximately \$3.2 million due to the reduced fund balance caused by bond proceeds expended on infrastructure improvements in the San Sevine redevelopment area and the reclassification of interfund transfers out to operating transfers out.

Special Revenue Funds

Special Revenue funds increased \$33,177,902 due to the creation of several new special revenue budgets as a result of GASB 33 and new budgets to account for the General Plan Update, the Central Courthouse Seismic Retrofit, the Courthouse Facility – Excess 25%, the Regional Parks Prop 12, and the Regional Parks Prop 40 projects. Also reflected are increases in the Micrographics Fees, Transportation Etiwanda/I10 reconstruction, Preschool Services, Tobacco Settlement, and Redevelopment budgets. Decreased appropriations included COPSMORE and Prop 36 budgets, as well as the Aging & Adult Services budgets, which were reclassified to general fund as mentioned above.

Enterprise Funds

The increase in Arrowhead Regional Medical Center reflects increased salary & benefit costs and a 6.5% increase in in-patient census. Medical Center Lease Payments decreased slightly, reflecting the elimination of an arbitrage payment, which is due every five years.

Solid Waste Management appropriations have been increased as a result of GASB 33, which added two new enterprise funds, Environmental and Recycling Programs. Additionally, fixed asset appropriation changes reflect increases in the operations, site closure, and groundwater budgets, offset by decreases in the site enhancement fixed asset appropriations.

Total County Revenues	2,332,819,411	2,374,377,624	41,558,213	1.78%

Property tax revenue increased based on higher than projected assessed valuation growth in 2001-02 combined with an estimated increase in assessed valuation of 6% in 2002-03.

Other taxes are decreased due to an anticipated decrease in Prop 172 sales tax. The 2002-03 budget also estimates a 4% decrease in sales tax from prior year budget for sales tax generated in the unincorporated area of the county.

State and federal aid growth includes realignment vehicle license fee revenues for health, welfare and Behavioral Health, and increases in welfare programs, such as child welfare services. The non-realignment portion of vehicle license fees is expected to grow 5% over current year-end estimates. This growth represents a slowing growth rate from the 2000-01 and 2001-02 fiscal years, when actual revenues grew in excess of 12% a year. In addition, \$5.2 million of the increase in state and federal aid is due to the creation of a new special revenue fund for the Juvenile Justice grant monies as a result of GASB 33. These increases are offset by a \$5.8 million decrease in state and federal capital grants.

Charges for current services are increased due in part to accounting changes required for compliance with GASB 34, which accounted for \$3.8 million in Alcohol & Drug, \$1.9 million in Transportation, and \$1.0 million in Real Property. In addition, increases are related to departmental business activity, such as law enforcement services, which are expected to increase \$4.9 million as a result of MOU increases, and property tax administration fees of \$1.9 million.

Other revenues include licenses, permits, franchises, fines and penalties, interest earnings, and tobacco settlement funds. The majority of the decrease reflected in other revenue is due to the elimination of the forfeiture trust money in the District Attorney budget and an anticipated decrease in interest earnings. These decreases are offset by increases in revenues from court fines of \$2.9 million and increases related to the creation of several new special revenue funds as required by GASB 33.

Arrowhead Regional Medical Center revenues are expected to grow due to volume increases. This growth is reflected in insurance, private pay, and Medicare revenues. Other increases to revenues include tobacco tax revenues from AB 75.

Revenue for the medical center lease payment fund represents state payments from the Construction Renovation/Reimbursement Program (SB 1732) and has decreased due to a lower Medi-Cal utilization rate.

Solid Waste Management revenues increased primarily due to an increase in the estimated tonnage for the upcoming fiscal year based on actual tonnage trends.

RESERVES ANALYSIS

The county has a number of reserves and designations that have been established over the years for a variety of purposes. On January 6, 1998, the Board of Supervisors adopted a county policy to provide guidelines and goals for reserve levels. That policy calls for the county's general purpose reserves to equal 10% of locally funded appropriations by 2002-03. It also anticipates establishing special purpose reserves to help meet future needs.

	<u>1998-99</u>	<u>1999-00</u>	<u>2000-01</u>	<u>2001-02</u>	<u>2002-03</u>
Total General Purpose Reserve	25.2	27.4	27.4	30.2	31.9
Specific Purpose Reserves					
Medical Center debt service	11.5	34.3	32.0	32.0	32.1
Justice facilities reserve	3.6	11.7	5.2	5.0	5.0
Juvenile maximum security reserve	0.6	1.2	1.5	1.5	1.5
Future retirement rate increase reserve		1.5	1.5	1.5	1.5
Equity Pool					2.0
Teeter				19.3	19.3
Restitution				8.9	8.0
Total Specific Purpose Reserves	15.7	48.7	40.2	68.2	69.4
Total Reserves	40.9	76.1	67.6	98.4	101.3

The county has several reserves. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general reserves are funds held to protect the county from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county.

For 2001-02, the contribution of \$3.3 million to the Justice Facilities reserve was cancelled, in a mid-year Board action, due to the declining revenues from the federal marshal contract. In addition, a use of \$250,000 of this reserve funded repairs in logic control equipment at the Foothill Law and Justice Center. During 2001-02 the Board also approved the establishment of two new reserves. The \$19.3 million Teeter Reserve was established by Board action, and includes the amount that is legally required to be set aside (approx 1/3 of the total reserve). Prior to 2001-02, Teeter funds, including the legally required reserve, were held in a separate fund, and were transferred into the general fund in 2001-02 pursuant to the requirements of GASB 33. The Board also established an \$8.9 million Restitution Reserve to set-aside the monies recovered in the ongoing corruption lawsuits to cover the continuing costs of this litigation. These restitution monies were previously held in a separate fund and were moved to the general fund in 2001-02 pursuant to the requirements of GASB 33.

For 2002-03, general purpose reserves are increased \$1.7 million. This increase brings general purpose reserves to a total of \$31.9 million, which satisfies the county's general reserve requirement of 10% of locally funded appropriations, which are projected to be \$319.3 million. The total specific purpose reserves are increased to \$69.4 million. This is partly due to the creation of a \$2.0 million Equity Pool Reserve that is established to fund the costs and results of employee classification studies. The Medical Center reserve has also been increased slightly to reflect a planned contribution pursuant to the Medical Center financing

plan. These reserve increases are offset by a projected \$900,000 use of the Restitution Reserve, which represents the estimated 2002-03 litigation expense of the continuing corruption litigation.

LOCAL COST ANALYSIS

County general fund operations are financed with two major types of funding: departmental program revenues; and countywide unallocated discretionary revenues, reserves, and fund balance.

Departmental program revenues include fees, service charges, and state and federal support for programs such as welfare, health care, child support and behavioral health. The balance of departmental costs not funded by these departmental revenue sources is considered local cost. Local cost is funded by countywide, unallocated discretionary revenues such as property tax and vehicle license fees as well as other financing sources such as use of reserves, fund balance and operating transfers.

Local cost financing for 2002-03 is \$405,820,027. Shown below are the sources of local cost financing:

The most significant sources of county local cost financing are property tax and vehicle license fees. These two sources account for \$240,714,908 or 75.4% of discretionary revenues for

2002-03. Year-end fund balance available for financing is \$57.7 million. Operating transfers includes transfers into the county general fund from the Courthouse and Criminal Justice Construction funds, Solid Waste Management, and the use of \$17.7 million of the tobacco settlement funds to be applied towards Medical Center Debt Service.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Staffing changes approved mid-year include the reduction of 3.5 positions for a contract management unit that were transferred to the Purchasing Department and the addition of 2.0 Administrative Analyst II positions for special projects and 1.0 Administrative Analyst III position for legislation.

Changes for 2002-03 include the addition of 1.0 Administrative Analyst III position to coordinate the county's state mandated cost reimbursement (SB 90) program. PROGRAM CHANGES

The services and supplies budget has been reduced to provide the funding necessary in salaries and benefits to fund the new Clerk II position, the change in the exempt MOU, and to provide funding for step increases. These decreases are offset by a projected increase in revenue from the legislative services contract with Riverside County. In final budget action, services and supplies was increased for unspent authority for departmental audits that was approved in the 2001-02.

2001-02 actual expenditures are under budget due to savings of \$2.1 million on the refinancing of the 1992 Justice Center/Airport Improvement project and savings in interest expense on the county's variable rate debt due to historical lows in short-term interest rates. These savings were partially offset by an arbitrage rebate payment of \$.7 million. This payment, which is a rebate of excess investment earnings on bond proceeds, covered the period from February 1992 through February 2002. Revenues include \$97,000 from the closing of inactive bond funds and \$.5 million that was originally budgeted as an expense reimbursement.

Leases Included in this budget for 2002-03 are:

1997 Public Improvement Financing (ENVEST, West End Juvenile Facility, Pre-School Building)	1,337,923
County Government Center	3,170,610
West Valley Detention Center	8,571,041

Reimbursements**	(2,271,732)
	23,068,480

** Reimbursements reflect Preschool building rents, Chino Airport rents, lease payments from Glen Helen Blockbuster Pavilion and a transfer from the utilities budget (to reflect savings from ENVEST project).

STAFFING CHANGES

PROGRAM CHANGES

The 2002 refinancing of the Justice Center/Airport Improvements project resulted in \$2.1 million in general fund savings in 2001-02 and will produce another \$23,744 in general fund savings in 2002-03. The 2001 West Valley Detention Center refinancing will produce \$1,055,777 in general fund savings in 2002-03. This makes a total of \$3.2 million available for expenditure. This money will be used to pay down the Glen Helen taxable debt. A reduction of \$3.2 million will reduce annual interest expense on this debt by an average of \$100,000 over the next 22 years and decrease the required appropriation in this budget unit an average of \$260,000 per year over the next 22 years. This appropriation will now be available for allocation to other programs.

OVERVIEW OF BUDGET

DEPARTMENT: COUNTY ADMINISTRATIVE OFFICE
COUNTY ADMINISTRATIVE OFFICER: JOHN MICHAELSON
BUDGET UNIT: CONTINGENCIES AND RESERVES
(AAA CNA, CNG, CNR, CON)

I. GENERAL PROGRAM STATEMENT

Board Policy requires the county to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the county's operations which could not have reasonably been anticipated at the time the budget was prepared. Funding for contingencies is targeted at 1.5% of locally funded appropriations. The contingency budget also includes an annual base allocation of \$1,000,000 for high priority district and program needs. Final budget action includes a provision that allocates any difference between estimated and final fund balance to contingencies. Any such difference is allocated to the set aside for specific uncertainties.

County reserves include both general purpose and specific purpose reserves. General purpose reserves are funds held to protect the county from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county. Board policy requires the establishment of an ongoing general purpose reserve for the general fund targeted at 10% of locally funded appropriations. Specific reserves are funds held to meet future known obligations or to build a reserve for capital projects.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

A. Contingencies

A base allocation to the contingency budget of \$4,790,447 is established pursuant to Board policy, based on 1.5% of the projected locally funded appropriations of \$319.3 million. An additional base allocation of \$1,000,000 (transfers) is established for high priority district and program needs.

In final budget action, the Board allocated an additional \$41,081,132 of available financing to contingencies. This amount is set aside for specific uncertainties. Specific uncertainties include uncertainty surrounding state finances, salary negotiations with the county's safety employees whose contract expires on December 13, 2002, and rising retirement costs due to lower than expected returns in the Retirement Board's investment portfolio. The Board also re-appropriated the unspent allocation of \$1,645,204 of the 2001-02 high priority needs to the 2002-03 budget bringing the total to \$2,645,204.

B. Reserves/Designations

General purpose reserves are increased by \$1.7 million to conform to the Board policy. This increase is based on 10% of the projected locally funded appropriations of \$319.3 million and brings the balance of general purpose reserves to \$31.9 million.

COUNTY ADMINISTRATIVE OFFICE

During 2001-02 the Board approved the use of \$250,000 of the Justice Facilities Reserve for the Foothill Law and Justice Center Program Logic Control Replacement Project. The Board also approved the cancellation of the planned contribution of \$3.3 million to the Justice Facilities Reserve due to the under realization of revenues from the U.S. Marshal contract.

During 2001-02 the Board also approved the establishment of two new reserves. The Teeter Reserve was established by Board action, and includes the amount that is legally required to be set-aside (approximately 1/3 of the total reserve). Prior to 2001-02, Teeter funds, including the legally required reserve, were held in a separate fund. The Board also established a Restitution Reserve to set-aside the monies recovered in the on-going corruption lawsuits to cover the continuing costs of this litigation.

In 2002-03 a reserve of \$2 million for equity studies for the county's general employees will be established pursuant to the new MOU agreement. The Medical Center Debt Service reserve has been increased slightly to reflect a planned contribution pursuant to the Medical Center Financing Plan. The projected use of \$900,000 of the restitution reserve represents the estimated 2002-03 expense of the continuing corruption litigation.

OVERVIEW OF BUDGET

DEPARTMENT: COUNTY ADMINISTRATIVE OFFICE
COUNTY ADMINISTRATIVE OFFICER: JOHN F. MICHAELSON
BUDGET UNIT: NON-DEPARTMENTAL REVENUE (AAA FAD)

I. GENERAL PROGRAM STATEMENT

The non-departmental revenue program includes income that is not directly related to any particular county activity. This discretionary revenue finances departmental budgets' local cost. The interest on notes appropriation reflects costs related to the county's annual short-term borrowing for cash flow needs. These costs are more than offset by earnings in the county's investment program. Special departmental expense appropriations are for county expenses that cannot be appropriately charged to a specific department.

The county's share of the 1.0% property tax for 2002-03 is estimated to be \$118.5 million. This is based on an estimated 6.0% increase to assessed valuation.

In addition to property tax, the county is authorized to collect other types of taxes in the unincorporated areas. Sales and use taxes are projected to increase slightly from 2001-02 actual. Franchise taxes are collected primarily from utility company and cable TV revenue. Estimates for 2002-03 have been reduced slightly from 2001-02 actual to reflect increased baseline usage amounts approved by the Public Utilities Commission and a Federal Communications Commission decision, currently under appeal, that cable modem services are not a cable service. Under California law, we cannot collect a franchise fee for any type of telecommunication transmission.

COUNTY ADMINISTRATIVE OFFICE

USE OF MONEY AND PROPERTY - \$23,100,000

Total interest earnings for 2002-03 are projected at \$23.1 million. These earnings will be offset by \$5.0 million in expenses associated with the short-term revenue anticipation notes program (TRANS). The decrease in this revenue source is due to an IRS ruling that prohibits issuance of 15 month TRANS, the decreased size of the 12 month TRANS borrowing and lower investment rates earned on County pool funds.

For 2001-02, actual interest revenues included \$32.3 million in regular interest earnings and \$19.2 million transferred in from the Teeter Tax Loss Reserve Fund pursuant to GASB 33. The \$19.2 million has been set-aside in the Teeter reserve.

Motor vehicle in-lieu tax is based on vehicle registration fees and new car sales statewide. Distribution of these funds is made on the basis of population. The proposed budget continues to show an increase in these revenues, although at a slower rate than in previous years, due to the over-performance this revenue source experienced in 2001-02 combined with forecasts by local economists. Other aid consists of a payment from the welfare realignment trust fund which replaced the state revenue stabilization program and SB90 reimbursements from the state.

FEDERAL AID - \$1,400,000

Federal payments in lieu of taxes are due to federally owned lands within the county. This revenue source is budgeted to be consistent with actual revenues received in 2001-02.

Various state and federal grants permit the county to claim certain overhead costs against them. In addition, most fee supported general fund departments and taxing entities, such as the library and Board-governed special districts, are charged COWCAP to recover costs incurred in the general fund on their behalf. Reimbursement for indirect costs reflects those recovered allowable costs included in the 2002-03 countywide cost allocation plan (COWCAP). The increase in the 2002-03 budget from prior year actual is due to increases in costs of departments that are allocated as overhead.

Law enforcement services reflect the amount estimated to be recovered through the jail booking fee. The budget is based on a fee of \$159.72 on approximately 24,600 bookings. This fee was not increased for 2002-03.

Sheriff contract overhead represents certain county overhead charges recovered through city law enforcement contracts with the Sheriff's Department.

SB 813 cost reimbursement represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.

COUNTY ADMINISTRATIVE OFFICE

Other services reflect the property tax administrative fee which the legislature provided for counties to recover the cost of property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort.

OTHER REVENUE - \$1,430,000

Other revenue consists of voided warrants issued by the county, projected transfers of unclaimed property tax refunds to the general fund, the county share of vehicle code violation revenue, and other miscellaneous revenues.

Actual revenues for 2001-02 include approximately \$16.4 million in one-time revenues transferred from trust funds due to the implementation of GASB 33. Of this \$16.4 million, \$8.9 million was proceeds from the ongoing corruption litigation that has been set aside in the Restitution reserve to cover the continuing costs of this litigation.

OVERVIEW OF BUDGET

DEPARTMENT: COUNTY ADMINISTRATIVE OFFICE
COUNTY ADMINISTRATIVE OFFICER: JOHN F. MICHAELSON
BUDGET UNIT: MASTER SETTLEMENT AGREEMENT (RSM MSA)

I. GENERAL PROGRAM STATEMENT

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998 a settlement was reached in a lawsuit filed by states against the tobacco industry. In California the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population. There is no staffing associated with this budget.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Requirements	14,459,231	21,834,622	18,341,126	26,947,289
Total Revenue	16,597,476	19,700,000	22,720,793	20,433,000
Fund Balance		2,134,622		6,514,289

Variances in expenditures between actual and budget for 2001-02 are the result of a reduced need for tobacco settlement proceeds to finance the Medical Center debt due to increased revenues contributed to the debt fund from both ARMC and the state's SB 1732 reimbursement program. Variances in revenues are the result of higher than anticipated MSA revenues, resolution of a dispute of previously withheld money resulting in one-time revenue, one-time reimbursements from non-participating counties for attorney costs, and interest earnings.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Program changes in services and supplies reflect a net decrease of \$1.3 million allocated from 2000-01 for Indigent Care and Tobacco Use Reduction programs; \$686,093 of the original \$2.0 million allocation remains to be spent in 2002-03 on tobacco cessation programs. Also reflected is additional one-time funding of \$5.8 million, which includes a \$4.4 million fund balance adjustment, and \$0.7 million of on-going available for 2002-03. Revenues increased based on estimated interest earnings and projected MSA revenues for 2002-03.

PROGRAM CHANGES

Services and supplies reflect a net decrease due to the result of a reduction in arbitrage, remarketing and other fees offset by an increase in net lease payments. State revenues from SB 1732, Construction Renovation/Reimbursement Program, are decreasing due to a lower Medi-Cal utilization rate than budgeted in the previous year. This utilization rate fluctuates annually. This decrease in revenues is offset by an increase in operating transfers in from the Arrowhead Regional Medical Center budget.

BUDGET UNIT: EMPLOYEE HEALTH AND WELLNESS (AAA OCH)

I. GENERAL PROGRAM STATEMENT

The Center for Employee Health and Wellness is responsible for employee and applicant pre-employment and in-service medical examinations, medical records, representing the county in hearings before the Civil Service Commission regarding appeals of medical findings, and advising the county's management on compliance with OSHA regulations and occupational medical problems. The program had been financed by the county's Workers' Compensation Insurance Fund. Beginning in 2001-02, the program has been financed by direct reimbursements from county departments with costs allocated on the basis of the number of budgeted positions.

Revenues in 2001-02 exceeded expenditures due mainly to the lower-than-expected number of physicals and examinations performed, operational efficiencies, and conservative cost management.

BUDGET UNIT: UNEMPLOYMENT INSURANCE (AAA UNI)

I. GENERAL PROGRAM STATEMENT

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored and reviewed for eligibility, and challenged when appropriate to prevent abuse of the program. There is no staffing associated with this budget unit.

II. BUDGET AND WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	1,082,067	869,164	1,558,511	1,500,000
Local Cost	1,082,067	869,164	1,558,511	1,500,000

In 2002-03, salaries and benefits exceeded the budgeted amount due to an increase in unemployment claims filed and paid. Unemployment claims and benefits were significantly higher than expected primarily due to a large number of claims submitted by Preschool Services Department employees. The Human Resources Department has contracted with a new vendor to administer unemployment insurance claims. The vendor has begun to work closely with departments to minimize the number of claims incorrectly paid by the state.

I. GENERAL PROGRAM STATEMENT

This fund was established to account for AB 2766 revenue, which is used to finance Mobile Source Air Pollution Reduction programs. California Assembly Bill 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This fund receives AB 2766 funding from both the South Coast AQMD and the Mojave Desert AQMD. This is the first year in which this fund has been reported as a special revenue fund. Prior to 2002-03, funding had been included as part of the Human Resources Department budget.

STAFFING CHANGES

Overall budgeted staffing decreased by 16.5 positions.

Added positions include 1.0 IT Technical Assistant to provide assistance for a new integrated Document Management team, 1.0 Systems Analyst, and budgeted 0.6 in overtime.

Deleted positions include 15.1 positions transferred out to create a new ISD division titled Emerging Technology Division that will be budgeted under AAA ETD. In addition, 1.0 contract Programmer Analyst, 1.0 Clerk II, and 2.0 Public Service Employee positions were deleted.

INFORMATION SERVICES

PROGRAM CHANGES

The normal ongoing employee related services and supply costs of the new Emerging Technology Division have also been transferred. A portion of the equipment fixed asset budget (\$25,000) has also been reduced and transferred to the emerging Technology Division budget in order to fund lab and workstation equipment purchases needed by this new division. Recruitment efforts for Programmers and Programmer Analyst have been successful and vacant positions are filled thereby resulting in the reduction for contract programming staff expenditures and the professional service budget requirements.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing has been increased by 3.7 positions. This increase is the result of adding 5.0 Agricultural Field Aide positions to the state-funded Pest Detection program; partially offset by the elimination of 1.0 vacant Public Information Clerk and a 0.3 reduction in the use of Public Service Employees.

PROGRAM CHANGES

The Pest Detection program is being expanded by 2,100 traps at the request of the state. In addition to the additional staff required, six compact trucks are needed for this expanded program (five for the additional Agricultural Field Aides, in addition to one for an Agricultural Standards Officer reassigned to this program). The costs related to this program are fully funded by the state.

BUDGET UNIT: CALIFORNIA GRAZING (SCD ARE)

I. GENERAL PROGRAM STATEMENT

The California Grazing budget funds a variety of range improvement projects such as cattle guards, pipelines, tanks, and water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management (BLM) lessees and one wildlife member, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The Bureau of Land Management, the federal agency responsible for leasing the grazing allotments to ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing leases by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on the federal lands. The county acts in a trustee capacity for these funds. There is no staffing associated with this budget.

I. GENERAL PROGRAM STATEMENT

Airports provides for the management, maintenance, and operation of the five county owned airports (Chino, Barstow-Daggett, Needles, Twentynine Palms, and Baker) and the special district facility at Apple Valley. The department also assists the county's private and municipal airport operators in planning, interpreting, and implementing Federal Aviation Administration general aviation requirements.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing has a net decrease of 1.5 positions. The department defunded 1.0 Public Service Employee performing maintenance duties at the Barstow-Daggett Airport due to fiscal constraints imposed by large insurance increases. The department also defunded 1.0 Fiscal Clerk II position at Barstow-Daggett Airport and 0.5 Public Service Employee at Chino Airport since more of the department's leasing activity is now being centralized in its Administration Division. Partially offsetting these decreases is the addition of 1.0 Airport Maintenance Worker II position at Apple Valley Airport. This position, which is fully funded by County Service Area 60 (Apple Valley Airport), was recommended by the external auditors, RSM McGladrey. The recommendation was part of their findings from an audit completed in 2000-01.

BUDGET UNIT: CHINO AIRPORT COMMERCIAL HANGAR FACILITY (RCI APT)

I. GENERAL PROGRAM STATEMENT

The Commercial Hangar Facility located at Chino Airport was constructed in 1987 through proceeds from a 30-year bond issue. Since 1996, the Airports Department has been responsible for the facility's maintenance and operation. Expenditures include the annual transfer of approximately \$860,000 to the general fund for the debt service payment. Expenditures are financed from the remaining fund balance, as well as revenues generated from leasing the facility. There is no staffing associated with this budget.

II. BUDGET & WORKLOAD HISTORY

Fund Balance		1,468,146		1,309,740
<u>Workload Indicators</u>				
Maintenance Hours (*)		800	305	400

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures are typically less than budget. The amount not expended is carried-over to the subsequent year's budget. In addition, \$860,000 budgeted in 2001-02 as a transfer to the general fund to make the annual principal and interest payment on the outstanding commercial hangar facility bonds was actually \$531,521. The general fund received the difference of \$328,479 in proceeds from refinancing the bonds. The 2001-02 actual revenues are less than budget due to a vacancy of one of the hangars expected to be leased during the year.

(*) Maintenance hours at the Chino Airport Commercial Hangar Facility are decreasing due to the following:

- When the department assumed responsibility for maintenance of the facility in 1996, there were several maintenance projects that had been deferred. Since that time, the department has invested significant hours each year into enhancing the facility. As a result, the commercial hangar facility is now to the point where it requires less maintenance hours per year.
- Also, the department has recently experienced a reduction in the lease turnover rate for the commercial hangars. The reduced turnover has resulted in less maintenance hours needed to maintain the facility.

OVERVIEW OF BUDGET

DEPARTMENT: COUNTY LIBRARY
COUNTY LIBRARIAN: EDWARD KIECZYKOWSKI
BUDGET UNIT: SAP CLB

I. GENERAL PROGRAM STATEMENT

The San Bernardino County Library provides public library services through a network of 28 branches in unincorporated areas and 18 cities within the county. Two bookmobiles reach people who live in sparsely populated areas or are unable to use the traditional branches. The County Library also operates a mobile unit in the High Desert that serves young children and their parents and caregivers. The County Library system is financed primarily through property tax revenues.

Actual revenues in 2001-02 exceeded budgeted amounts by \$664,862. This surplus is primarily the result of County Library receiving an additional \$365,861 from the Children and Families Commission for the development of Learning, Information, Technology, and Education (LITE) Centers at the following branch libraries: Big Bear, Montclair, and Yucca Valley. In addition, County Library received an unanticipated \$250,000 in 2001-02 from the Apple Valley Foundation for expansion of the Apple Valley Branch Library. These funds were instrumental in increasing the scope of the project. In 2002-03, an additional \$250,000 for this project will be received from the Foundation and has been budgeted accordingly.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

County Library's budgeted staffing has been increased by a total of 8.6 positions from the prior year. Of this amount, 5.5 are for new positions approved by the Board on July 24, 2001 to operate the grant funded LITE Centers located at the Big Bear, Montclair, and Yucca Valley branch libraries. Additional increases in staff include the following: 1.0 Automated Systems Technician to augment the department's computer functions; 1.0 Library Associate to act as the department's volunteer coordinator; 1.0 Staff Analyst to prepare and administer grant applications, oversee building programs, and act as a liaison with local communities in regards to applying for construction funds from the State Library Bond Act; 0.5 Program Coordinator to assist with preparation of the State Bond Act applications; and 3.4 Library Assistants are needed to help with the department's increased workload demands associated with a rise in patron visits (an additional 500,000 visits are anticipated in 2002-03). The growth in library visits is linked to the increased number of computers being offered at the various branch libraries. To offset some of these staffing additions, the department has defunded the following positions: 1.0 Bookmobile Driver, 1.0 Programmer I, and 1.8 Clerk II.

County Library's 2002-03 budget also reflects the conversion of 81.2 budgeted Public Service Employees to a like amount of Library Assistants and Library Pages. While the conversion of these extra-help employees to regular county positions has no impact on the level of budgeted staff, it does result in an additional cost to the department of approximately \$238,000.

I. GENERAL PROGRAM STATEMENT

The Museum provides cultural and educational programs and activities at the main facility in Redlands and seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (Rains House), Daggett Stone Hotel, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Adobe in Chino, and Yucaipa Adobe. These activities involve preservation of collections, display of permanent and special exhibitions, and care for historical sites depicting the history and culture of San Bernardino County. Museum programs promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Permanent and loaned collections are preserved for the benefit of the public and for the scientific community. The Museum has several divisions including Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. The Biological Science division performs short and long-term field studies involving the flora and fauna in the southwestern United States. The Geological Sciences division conducts research including geologic mapping and paleontologic assessments for excavation and mitigation of fossil specimens. The revenue received for research by these two divisions subsidizes a portion of Museum activities.

The department's negative expense variance (\$1,171,743) between 2001-02 budgeted and actual amounts is primarily the result of not receiving approximately \$1.4 million of reimbursements from the Habitat Conservation Fund. Since 1999-00, the Land Use Services Department, which oversees the Habitat Conservation Fund, has engaged the services of County Museum to perform biological studies related to the preparation of a Multi-Species Habitat Conservation Plan for the San Bernardino Valley. Due to financial constraints, the Habitat Conservation Fund has been unable to reimburse County Museum for the entire cost of services performed. In the past, the Museum was permitted to accrue a receivable at year end for all costs not previously reimbursed. However, recent changes in accounting policies no longer allow County Museum to accrue a receivable unless actual reimbursement is expected within nine (9) months from conclusion of the fiscal year. Since it is extremely doubtful that the Habitat Conservation Fund will have funds available by March 31, 2003 to reimburse County Museum, no reimbursement accrual was processed at June 30, 2002. County Museum had fully anticipated to either receive or accrue the \$1.4 million of reimbursements in 2001-02 and budgeted accordingly. The inability to accrue the reimbursements was partially offset by approximately \$300,000 cost savings from two budgeted research and curriculum development projects (Cadiz and Wildlands Conservancy) not materializing during the year, resulting in the negative expense variance of \$1,171,743.

The department's negative revenue variance (\$539,838) is mainly attributed to the aforementioned Cadiz and Wildlands Conservancy projects not occurring (a total of \$505,000 in revenue was budgeted from these projects), as well as actual revenues for a number of other research projects being less than originally anticipated.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Staffing has been reduced by a net of 1.2 budgeted staff. Due to increased costs to the department for the conversion of 39 positions from either contract or public service employee status to regular employment status, as required by new county personnel guidelines, the department was required to reduce 6.3 budgeted staff affiliated with various Museum programs. These reductions include 1.0 Museum Educators, 1.0 Lead Educator, 1.0 Museum Technician, 0.3 Museum Preparator, 2.0 Data Entry Clerks, and 1.0 Volunteer Services Coordinator.

The above staffing reductions were partially offset by the addition of 5.1 budgeted staff, including 3.2 revenue-producing staff in the Geological and Biological Sciences divisions required for scheduled projects in 2002-03; 1.2 Security Officers to provided needed security at the Museum; 0.3 Museum Technician related to grant-funded projects; and 0.4 Historic Site Manager for Daggett Stone Hotel.

PROGRAM CHANGES

The 2002-03 budget is based on a reduction in research revenue previously associated with both development of the Habitat Conservation Plan and the proposed Cadiz pipeline project. These losses in revenue are offset partially by modest increases in revenue for biological surveys for the Southern Nevada Water Authority and County Transportation-Flood Control, by revenue related to anticipated work for the Santa Ana Water Authority, and also by revenue forecast for proposed biological work for the National Parks System. New projects obtained during the year, including additional work for Habitat Conservation Plan or Cadiz Pipeline Project, will be brought to the Board for consideration and approval as a mid-year adjustment to the budget.

Several program cuts have been included in the Museum budget including elimination of the Family and Community Programs, Volunteer Services, ARGUS data entry and preparation for Accreditation, as well as operations at the Mousley Museum of Natural History in Yucaipa. Program cuts were required, without the addition of local cost, in order to accommodate the mandatory conversion of Public Service Employees and long-term contract employees to regular status.

Extensive cuts to services and supplies were also necessary to deliver a balanced budget due to the reduction in revenue and the significant fiscal impact of position conversions. These cuts were in the following areas: operating supplies for research and education programs, lease payments and advertising for special exhibits, professional development and training, mileage for outreach, and printing.

BUDGET UNIT: ULTRASCREEN THEATRE (EML CCR)

I. GENERAL PROGRAM STATEMENT

The UltraScreen Theatre, which was the county's large screen facility located at the Ontario Mills Mall, was sold to the Ontario Mills Corporation in December of 1999. Also, the debt the county incurred to finance the Theatre was retired in November of 2000. However, this budget unit has remained active to account for the cost of storing the projection equipment. The county sold the projection equipment in July 2002; therefore, this budget unit will be closed out in 2002-03.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

Revenue Over(Under) Exp	(1,855,674)	(97,062)	17,531	3,000

The 2001-02 actual expenses were \$101,000 less than budget due to a \$51,000 reduction in storage costs. These costs are reduced because the Theatre's projection equipment was moved from a leased facility to the county Central Stores Warehouse. In addition, 2001-02 depreciation expense was \$50,000 less than budget. The county's auditor recommended that while the equipment was in storage, the amount of accumulated depreciation should not have been increased.

BUDGET UNIT: MUSEUM STORE (EMM CCR)

I. GENERAL PROGRAM STATEMENT

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store provides many items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The store makes an annual financial contribution to the Museum.

In 2001-02, actual expenses and revenues exceeded budgeted amounts by approximately \$42,000 and \$46,000 respectively. The excess amounts are a result of increased sales activity at the Museum Store during the fiscal year.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

The store decreased its budgeted staff by 0.5 to reflect an anticipated decrease in revenue. In addition, 1.3 budgeted Public Service Employee positions were converted to regular positions.

PROGRAM CHANGES

A reduction of special exhibitions in the Museum's budget is expected to result in an estimated decrease of \$21,000 in taxable sales.

I. GENERAL PROGRAM STATEMENT

Economic and Community Development is responsible for applying for and administering federal, state, and local grant funds allocated to the County of San Bernardino for housing, economic, and community development programs. Federal funds comprise a large percentage of the total monies included in the department's budget through Community Development Block Grants (CDBG), the Emergency Shelter Grant, Home Investment Partnership Program Grant (HOME), the Neighborhood Initiative Program Grant (NIP), and the Economic Development Initiative Program (EDI) Grant.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

Budgeted Staffing		58.0		61.0

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. Since the cost of programs administered by this department are primarily federally funded, revenues also are usually under realized as well. The unexpended and unrealized amounts in 2001-02 have been carried over to the subsequent year's budget.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

This budget includes a net increase of 3.0 positions in staffing. An ECD Specialist I (pending classification review) has been added to handle the increase in workload related to the Neighborhood Initiative Program. An Economic and Community Development Analyst has been added to handle the additional workload due to the anticipated increase in the number of CDBG projects. An Educational Specialist position was transferred from Jobs and Employment Services Department to assist with the outreach and capacity building efforts associated with the Community Housing Development Organizations (CHDO) and Homeowners Assistance Program. Also included in the staffing changes is the conversion of 2.0 clerical Public Service Employee positions to 2.0 permanent positions, 1.0 Clerk II and 1.0 Secretary I.

PROGRAM CHANGES

The one-time \$15,000,000 federal Neighborhood Initiative Grant has been completely expended on neighborhood revitalization efforts over the last three years. However, revenue generated by the programs, from the resale of Housing and Urban Development (HUD) houses, is being realized by the program and included in the budget on an annual basis for continued neighborhood revitalization activities.

ECONOMIC AND COMMUNITY DEVELOPMENT

BUDGET UNIT: ECONOMIC PROMOTION (AAA ECD)

I. GENERAL PROGRAM STATEMENT

The Department of Economic and Community Development administers an economic promotion program, which includes distribution of Transient Occupancy Tax funds for marketing and promotional activities within the county, administers the Agua Mansa Enterprise Zone, manages sponsorships of regional economic councils, and helps support the Quad State Joint Powers Authority.

II. BUDGET & WORKLOAD HISTORY

Local Cost	1,156,148	837,012	817,004	858,263
Budgeted Staffing		2.0		2.0

The 2001-02 actual revenue and expense are below budget because \$70,000 of the Reusable Launch Vehicle program and \$9,000 of a California Trade and Commerce Grant were expended and received late in the 2000-01, but budgeted for in 2001-02. In addition, \$68,000 of an Economic Development Authority Grant for Crestline Revitalization Project will not be received until after June 30, 2002, because the expense had not been incurred in 2001-02. The remainder of the appropriations savings is due to salaries and benefits savings and reducing services and supplies costs.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Services and supplies costs have decreased primarily for consultant services in support of the launch site for the Reusable Launch Vehicle program being fully expended in 2001-02 and the completion of the implementation costs associated with the Job Creation Investment Fund program.

OVERVIEW OF BUDGET

**DEPARTMENT: ECONOMIC DEVELOPMENT/PUBLIC SERVICES
GROUP ADMINISTRATION**

ASSISTANT COUNTY ADMINISTRATOR: JOHN GOSS

BUDGET UNIT: AAA PSG

I. GENERAL PROGRAM STATEMENT

Economic Development/Public Services Group (ED/PSG) Administration is responsible to the County Administrative Officer for the overall administration of 12 county departments and functions. These departments, which provide most of the municipal functions and services for the county, include the following: Agriculture/Weights and Measures, Airports, Economic and Community Development, County Fire, Jobs and Employment Services, County Library, Land Use Services, Museums, the Redevelopment Agency, Registrar of Voters, Special Districts, and Public Works. This latter department includes the divisions of Transportation, Flood Control, Regional Parks, and Solid Waste Management.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	287,496	101,589	256,214	98,000
Total Revenue	183,662	-	31,565	-
Local Cost	103,834	101,589	224,649	98,000
Budgeted Staffing		19.5		20.5

Actual expenditures in 2001-02 exceeded budget by approximately \$155,000 primarily due to the following Board-approved allocation of funds: \$91,500 to support programs provided by the Arts Council for San Bernardino County and \$34,650 for the mid-year addition of an administrative analyst to address Special District and County Fire issues. The remaining overage in expenditures is the result of the Board approving an agreement with an outside consultant to perform a financing study of the county's fire department. County Fire contributed \$30,000 in 2001-02 for the cost of this study, which is the main reason why actual revenues exceeded budget by \$31,565.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

On January 29, 2002, the Board approved the addition of 1.0 administrative analyst to address Special District/County Fire issues, as well as budgetary issues related to a number of departments within the Economic Development/Public Services Group.

OVERVIEW OF BUDGET

DEPARTMENT: JOBS AND EMPLOYMENT SERVICES
DIRECTOR: JANICE EISENBEISZ, DIRECTOR
BUDGET UNIT: SAC JOB

I. GENERAL PROGRAM STATEMENT

The Department of Jobs and Employment Services is responsible for administering and operating the employment programs of the Workforce Investment Act Program (WIA) and the CalWORKs – Employment Services Program. The department receives its funding through the California Employment Development Department and also operates employment services as a part of the Human Services System Group (HSS) CalWORKs program. Based on the funding stream of these two programs, the Labor funded Workforce Investment Act (WIA) budget is shown under the ED/PSG group. The CalWORKs Welfare to Work budget is shown through the HSS budget.

The primary mission of both programs is to take individuals who have been challenged in finding employment or who have lost their job through no fault of their own and help them to obtain employment. Under WIA, the department is tasked with the responsibility of operating the county's four one-stop facilities along with three satellite facilities. The local training programs are carried out by contracts with public/private schools, community-based organizations, and other government agencies. The Workforce Investment Board administratively oversees the program. These are private and public sector members who have been appointed by the County Board of Supervisors.

BUDGET UNIT: CODE ENFORCEMENT DIVISION (AAA CEN)

I. GENERAL PROGRAM STATEMENT

The Code Enforcement Division of Land Use Services administers programs designed to protect the public's safety, welfare, and property through enforcement of county ordinances and state laws related to housing and property.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	2,489,447	2,652,069	2,847,328	2,803,194

Rehab/demolitions	75	120	200	135
Permits	777	1,025	462	700

Code Enforcement overage in appropriation and local cost is a result of not receiving budgeted reimbursements from the Department of Economic and Community Development for blight contracts that were encumbered but the work was not performed in 2002-03.

Actual revenue is under budget as a result of a change in the Home Occupation Permit Fee approved by Board Action on December 11, 2001, Item #34. This action reduced the Home Occupation Permit Fee and changed annual inspections to biennial inspections, which reduced revenue received from this fee.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing increased by 1.0 Clerk III for processing demolitions of substandard structures.

BUDGET UNIT: FIRE HAZARD ABATEMENT (AAA WAB)

I. GENERAL PROGRAM STATEMENT

The Code Enforcement Division enforces the County's Fire and Hazardous Trees Ordinance in the unincorporated portions of the County, as well as under contract with certain cities and fire districts. This service includes inspections, notifications to property owners, and removal of hazards due to vegetation and flammable debris.

The shortfall in revenue is primarily due to lower than expected collections from property owners for weed abatement assessments. These special assessments are placed on the tax rolls and should be received by the county within five years. The savings in expenses is due to the salaries and benefits savings realized from vacant positions.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

On May 7, 2002 the Board of Supervisors authorized the addition of 1.0 new position (Code Enforcement Officer II) to handle the increase in workload related to a new contract with Crest Forest Fire Protection District. Also, included in this budget is the conversion of 2.0 Public Service Employee positions to 2.0 Field Assistant positions.

BUDGET UNIT: HABITAT CONSERVATION (RHC PLN)

I. GENERAL PROGRAM STATEMENT

The Habitat Conservation Program budget was created in January 1999, in response to the January 12, 1999 Board of Supervisors action to continue work on preparation of the Multi-Species Habitat Conservation Plan for the San Bernardino Valley. The Habitat Conservation Plan is a study of endangered species located in the San Bernardino Valley that will conclude in recommendations regarding protection and mitigation of habitat to facilitate contiguous development opportunities. Land Use Services Advance Planning Division manages the project.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	741,393	822,277	(1,079,366)	260,479

Fund Balance		(477,072)		139,483
Budgeted Staffing		3.0		1.0

Actual 2001-02 expenditures and revenue are negative, reflecting recent changes in accounting policies. These policies no longer allow for payables or receivables to be accrued unless actual disbursement or receipt is expected within 9 months of the end of the fiscal year. Due to uncertainty of the Multi-Species Habitat Conservation program's future and financing concerns, the fund's ability to make payments or receive past due revenue is unlikely within 9 months or by March 31, 2003. Accordingly, a \$1.085 million payable to the County Museum for prior years' work on the program was reversed and not re-accrued in 2001-02. In addition, revenue accrued from participating agencies for prior years, in the amount of \$465,750, was reversed and not re-accrued in 2001-02.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Decrease of 1.0 Geographic Information Systems Technician and 1.0 PSE (Intern) based on the assumption that the work will be performed by contract services, if the entire program is not suspended due to lack of funding sources.

PROGRAM CHANGES

After input from the participating cities is received, the Board of Supervisors will make a decision on how to proceed with this program. In the meantime, this program was suspended in November 2001.

This department includes divisions for Regional Parks, Transportation, and Solid Waste. The department's mission is to maintain county roads, administer special transportation projects, manage the Surveyor functions, provide recreational opportunities for the public through the use of regional parks, and oversee the operation and management of the county's solid waste system. BUDGET UNIT: REGIONAL PARKS (AAA CCP)

I. GENERAL PROGRAM STATEMENT

The Regional Parks Division is responsible for the operation and maintenance of nine regional parks located throughout the county. These parks, which encompass approximately 9,200 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). The division also oversees the operation of 180 acres at the Big Morongo Canyon Wildlife Preserve in Morongo Valley. Together, these parks offer open space, trails, camping, swimming, fishing, picnicking, equestrian activities, playing fields, and other recreational opportunities to the public. The division sponsors special cultural, educational, and promotional events through the use of park resources and contractual agreements with private, non-profit, and other public entities.

Revenues for 2001-02 were approximately \$225,000 less than budget due to reduced attendance at a number of the county's regional parks. Accordingly, the department curtailed expenditures by a corresponding amount in order to offset the revenue shortfall and meet its local cost target for the year.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Regional Parks' 2002-03 budget staffing has been decreased by 7.1 positions. This decrease is primarily the result of converting 48.8 Public Service Employees (PSE) to 43.0 General Services Workers. There are 5.8 fewer General Services Workers being budgeted in 2002-03 than PSE's budgeted in 2001-02 due to additional costs imposed on the department by the conversion of extra-help employees to regular county positions. Also, Regional Parks defunded 1.0 vacant Fiscal Clerk I position and reduced budgeted overtime by 0.3.

BUDGET UNIT: COUNTY TRAIL SYSTEM (RTS CCP)

I. GENERAL PROGRAM STATEMENT

On October 6, 1998, the Board of Supervisors approved County Policy #08-16 regarding the development of a county trail system. Under this policy, the Board designated Regional Parks to act as the lead agency for overseeing the development and maintenance of riding (non-motorized) and hiking trails within San Bernardino County. This separate budget unit was established to account for activity related to the trail system independently from other park operations.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	74,177	6,906,517	739,461	6,339,243

Fund Balance		1,001,517		797,578
Budgeted Staffing		3.0		4.0

Actual expenditures for 2001-02 were approximately \$6.2 million less than budget primarily due to development of the Santa Ana River Trail (Phase II) not initiating as projected. These appropriations have been carried over to 2002-03 when development is now expected to commence. This portion of the Trail is financed through a grant from SANBAG. The grant funds are obtained on a reimbursable basis. Thus, the department will receive these funds after the trail improvements have commenced. The 2002-03 budget includes appropriations for development of Phase II of the Santa Ana River Trail (La Cadena Dr. to Waterman Ave., Colton/ San Bernardino area) in addition to Phase III of the Trail (Waterman Ave. to Alabama Ave., San Bernardino/Redlands area.)

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing has increased by 1.0 Staff Analyst II. This additional position is needed to assist current staff with increased workload demands resulting from development of the County Trail System, together with Proposition 12 and Proposition 40 funded projects. The Staff Analyst will be responsible for establishment, tracking, and reporting of specific budgets and grant applications.

I. GENERAL PROGRAM STATEMENT

This special revenue fund was established in 1997-98 to provide for the maintenance, development, and emergency repair at all regional parks. This fund is financed through a small percentage of park admission fees. There is no staffing associated with this budget.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

Fund Balance		718,726		797,057

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, the actual expenditures in 2001-02 were significantly less than budget. The amount not expended has been carried over to the 2002-03 budget. PUBLIC WORKS

BUDGET UNIT: SURVEYOR (AAA SVR)

I. GENERAL PROGRAM STATEMENT

The Surveyor Division is composed of two functions: office mapping and field survey services. The office mapping section is responsible for the review of subdivision maps as prescribed by state law, preparation of legal descriptions and maps for other county departments, and assisting the public in matters relating to land boundaries. The field section performs boundary and construction surveys primarily for other county departments and is responsible for perpetuation of controlling survey monuments.

The Surveyor experienced reductions in both expenses (\$321,416) and revenues (\$263,717) for 2001-02. Expenses were below budget resulting from a savings in salaries and benefits (\$248,000) attributed to a delay in filling certain budgeted positions during the year, and a savings in services and supplies (\$65,000) due to motor pool, microfilming, training and travel costs being less than anticipated. Since the vacant positions were revenue generators, a corresponding decrease in revenues also occurred.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staff was increased by 2.1 positions primarily to reflect the addition of 1.0 Land Surveyor and 1.0 Engineering Technician V. The Land Surveyor position is needed for the review and approval of Corner Records, Final Maps, Parcel Maps, Records of Surveys and for the preparation, review and approval of legal descriptions. The Engineering Technician V is needed to review increasingly more complex survey maps for boundary resolution, compliance with state law, local ordinance, county standards, and professional practice. The Engineering Technician V will act as lead technician and provide training and assistance to other technicians. Both the Land Surveyor and Engineering Technician V positions are needed in order to handle the current workload and to assure state time frames and mandates are met. The cost of this staff will be offset by revenues generated by the Surveyor for services to county departments, other governmental agencies, and the private sector. In addition to these two new positions, there was a 0.1 increase for an existing part-time extra help Land Surveyor to assist with the division's workload.

BUDGET UNIT: SURVEY MONUMENT PRESERVATION (SBS SVR)

I. GENERAL PROGRAM STATEMENT

The Survey Monument Preservation Fund was established to account for expenses incurred related to the retracement or remonument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, grant lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. There is no staffing associated with this budget.

PUBLIC WORKS

BUDGET UNIT: ROAD OPERATIONS CONSOLIDATED (SAA, SVJ, SVK, SVL, SVM)

I. GENERAL PROGRAM STATEMENT

The Transportation Division of the Public Works Department is responsible for the operation of the county maintained road system, including administration, planning, design, contract administration, traffic management, and maintenance of approximately 2,829 miles of road. The program is financed principally from revenues generated by the state highway users tax, a small share of the state sales tax which is, by law, allocated to a countywide local transportation fund, federal and state aid for specific road improvements, and reimbursable projects from other agencies. The program also includes facilities development fees and one-half cent sales tax passed in November 1990 as Measure I, which are accounted for in separate budget units.

Actual expenditures for 2001-02 were significantly lower than budget due to several road projects not commencing during the year; consequently, appropriations for these projects have been carried-over to the 2002-03. Some of the larger construction projects being re-budgeted include the following: Beaumont Avenue Bridge (Redlands area), Mesquite Avenue (Hesperia), Mountain Avenue (San Antonio Heights area), Larrea Avenue (Hesperia), Cedar at I-10 Interchange Study (Fontana), Whittram Avenue from Live Oak to Hickory (Fontana), and a signal installation at Mission at Benson (Montclair).

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGE

Budgeted staff for 2002-03 has been increased by a net of 8.9 positions from the prior year. Detail of the changes to budgeted staff is as follows:

- An additional six positions (2.0 Maintenance and Construction Supervisor II; 2.0 Engineering Technician IV; 1.0 Engineering Technician V; and 1.0 Clerk II) were added because of workload demands resulting from Assembly Bill 2928 (Transportation Congestion Relief Program).
- Four positions (3.0 Public Works Engineer III and 1.0 Contract Transportation Engineer) to assist the CalTrans team with the High Desert Corridor Study.
- 1.0 Fiscal Clerk II will assist the Department with the timely processing of invoices.
- 1.0 Automated Systems Technician to support the Department's various computer functions.
- 1.0 Equipment Operator III for increased activity at a number of the Department's road yards.
- 2.0 Engineering Tech II were transferred internally from the Flood Control District due to a workload shift from Flood Control related projects to the maintenance of County roads.
- 5.1 vacant positions were defunded to partially offset the above increases in staff.
- Budgeted staff was also decreased by 1.0 due to a vacancy factor adjustment.

PUBLIC WORKS

BUDGET UNIT: CALTRANS CONTRACT (SVB TRA)

I. GENERAL PROGRAM STATEMENT

This budget reflects a cooperative agreement between the county's Public Works Department and the California Department of Transportation (CalTrans). This separate fund allows for the coordination and administration of consultant engineering contracts in support of CalTrans projects. Currently, two major projects are budgeted. The first is a feasibility study for truck lanes on the Interstate 15 and 40 freeways. The second is a preliminary design study for widening Interstate 15 from Victorville to Barstow. Both are multi-year projects receiving federal pass through funding from CalTrans. There is no staffing associated with this budget.

This budget was established by the Board of Supervisors on May 22, 1989, to manage funds collected from the State Department of Transportation, Chino Hills Manager's Office, and City of Chino, for construction of an Edison/Grand connection to State Route 71 and safety improvements on State Route 71. The Edison/Grand connection was completed on November 22, 1991, and the safety improvements were completed on December 10, 1991. In 2000-01, the Auditor/Controller's Office completed an audit regarding the disbursement of funds remaining in this budget unit. In accordance with that audit, the residual funds were disbursed during 2001-02. Consequently, this budget has been closed out.

I. GENERAL PROGRAM STATEMENT

Measure I was approved by the voters in November 1989, to provide funds for transit support, congestion relief, and safety improvements to roads. The primary source of funds is from a countywide one-half percent sales tax. Budget units were established for Measure I to separately manage the funds collected. The county is divided into six subareas: Barstow, Morongo, mountains, Needles, Victor Valley, and San Bernardino Valley. Funds must be spent in the subarea in which they are collected. There is no staffing associated with this budget.

BUDGET UNIT: SOLID WASTE MANAGEMENT OPERATIONS (EAA SWM) RECYCLING PROGRAMS (EWE SWM)

I. GENERAL PROGRAM STATEMENT

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the County of San Bernardino's solid waste disposal system, which consists of 6 regional landfills, 8 transfer stations, oversight and/or post-closure maintenance at 28 inactive or closed landfills and waste disposal sites throughout the county. SWMD provides scale operations and maintenance; accounts payable/receivable; engineering, design, and construction management; and education and waste diversion. SWMD provides oversight, direction, guidance and control of the contractor, Burrtec Waste Industries, Inc. (Burrtec), for the daily operations of the county's active landfills, transfer stations, and maintenance of the inactive and closed landfills. In its contract administrative role, SWMD provides both general and specific direction to Burrtec in implementing county policies and procedures pertaining to the operations of the county's solid waste system. SWMD also monitors Burrtec's performance under the contract. SWMD maintains direct coordination with all regulatory agencies and liaison activities with customers, including cities, refuse haulers, and citizens. In addition, SWMD receives state and federal grant monies, county and private industry matching funds to be used to further the education and usage of methods of waste reduction, reuse and recycling.

Actual expenses and revenues for 2001-02 are approximately \$1.4 million and \$2.4 million, respectively, more than budget. This overage is primarily due to an increase in the amount of solid waste brought into the county landfill system for disposal. On March 19, 2002, the Board of Supervisors approved a provision of the operations contract with Burrtec allowing for the recovery of up to 300,000 tons annually of in-county waste that had been previously taken out-of-county for disposal. The cost and revenue impacts associated with this additional waste are reflected in the 2001-02 actual amounts, as well as being included in the 2002-03 budget.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachment for detailed changes)

STAFFING CHANGES

Staffing has been increased by 2.9 positions. Of this increase, 1.0 Scale Operator is needed to assist SWMD with providing sufficient coverage at its various scale houses; 1.0 Accountant I is needed because SWMD's accounting functions have grown beyond the capacity of current staff; and 0.9 is being added for additional overtime for existing staff.

PUBLIC WORKS

PROGRAM CHANGES

As mentioned above, in March 2002 the Board approved an amendment to the Burrtec agreement allowing for the delivery of between 250,000 and 300,000 tons of in-county waste into the county's disposal system. Under this amendment, Burrtec is charged a \$20.50 per ton disposal fee on the additional waste received. This rate is less than the rate charged to Waste Disposal Agreement (WDA) cities. To compensate the WDA cities, the county agreed to split approximately \$2,000,000 of net revenue generated from receipt of the waste. Under this approach, the county keeps \$1,000,000 to aid funding of solid waste capital projects, while the other \$1,000,000 is allocated to the WDA cities for their use.

Fixed asset expenses in 2001-02, were approximately \$5.1 million below budget resulting from a number of projects not being completed during the year. Consequently, appropriations for these projects have been carried-over to 2002-03. In addition, an operating expense related to the Big Bear Transfer Station did not occur in 2001-02 as anticipated. This expense, which represents the final retention payable, is now expected to occur in 2002-03 and has budgeted accordingly.

I. GENERAL PROGRAM STATEMENT

The Groundwater Remediation Fund includes expenses and revenues related to environmental remediation activities at County landfills due to continuing, expanding, or closure type operations. There is no staffing associated with this budget.

Fixed Assets	1,614,213	743,683	(266,776)	1,575,566

Operating expenses in 2001-02 were approximately \$1.2 million less than budget. This reduction was due to a delay in commencing with a number of new projects (primarily well installation), as well as operating and maintenance costs on existing facilities being less than anticipated. Since these expenses are reimbursed by bond proceeds, revenue for the year was accordingly under realized by approximately \$800,000. The negative amount reflected in the 2001-02 actual fixed assets (\$266,766) is the result of retention payments made during the year being less than the amount accrued in the previous year. This occurred because final retention invoices did not include a project's overhead costs, but this cost was included on previous project estimates.

BUDGET UNIT: SOLID WASTE MANAGEMENT ENVIRONMENTAL MITIGATION FUND (EWD SWM)

I. GENERAL PROGRAM STATEMENT

This new enterprise fund was established for separate accountability of that portion of the tipping fee designated for such programs as the Household Hazardous Waste (HHW) Program and the Community Collection Program. Revenues collected in this fund are also used to make contractual payments to the cities. Prior to 2001-02, activity related to environmental mitigation was accounted for in a trust fund. There is no staffing associated with this budget.

Creation of the Environmental Mitigation Enterprise Fund occurred after the 2001-02 budget had been adopted by the Board. This new fund was in response to recent changes in accounting policies limiting the use of trust funds. As mentioned above, previous activity related to environmental mitigation was accounted for in a separate trust fund.

OVERVIEW OF BUDGET

DEPARTMENT: REDEVELOPMENT AGENCY
ASSOCIATE ADMINISTRATIVE OFFICER: KEITH LEE

The Redevelopment Agency of the County of San Bernardino was established in 1980 under the California State Redevelopment Law. Although a study was made at that time to assess the feasibility of establishing one or more redevelopment project areas, no projects were formed. However, the proposal to build a speedway on a portion of the site once occupied by the Kaiser Steel Plant near Fontana stimulated new interest in redevelopment. As a result of this interest, in 1995 the entire former Kaiser site and other blighted industrial property in its vicinity were incorporated into a project called the San Sevaine Redevelopment Project. The major objectives of the project are to encourage private sector investment in the development and redevelopment of the area by removing impediments to growth, eliminating and/or preventing the spread of blight and deterioration, and correcting infrastructure deficiencies. The following are the budget units that the Redevelopment Agency oversees:

	2002-03

BUDGET UNIT: OPERATING FUND (SPF RDA)

I. GENERAL PROGRAM STATEMENT

This operating fund was created to account for the Redevelopment Agency's administrative functions, including staffing requirements.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

Fund Balance		2,791,399		3,538,700

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated expenditures in this fund are typically less than budgeted. The amount not expended is carried over to the subsequent year's budget.

The negative amount for 2001-02 actual expenditures is due to tax increment revenue received from the Redevelopment's Debt Service Fund being recorded as a reimbursement.

BUDGET UNIT: HOUSING FUND (SPH RDA)

I. GENERAL PROGRAM STATEMENT

The Housing Fund was established to segregate 20% of the net tax increment revenues generated by the project. These revenues are used to conserve and/or expand the supply of low and moderate income housing within the project area. There is no staffing associated with this budget.

The negative amount for 2001-02 actual expenditures is due to tax increment revenue received from the Redevelopment's Debt Service Fund being recorded as a reimbursement.

Actual revenue in 2001-02 exceeds budget as a result of additional interest income. The department had anticipated a lower cash balance for the year; consequently, interest revenue was also projected at a reduced level.

BUDGET UNIT: DEBT SERVICE FUND (DBR RDA)

I. GENERAL PROGRAM STATEMENT

This debt service fund was established to account for the accumulation of net tax increment revenue and the payment of long-term debt. On January 25, 2000, the Board approved issuance of approximately \$20 million in tax allocation bonds. The proceeds from the sale of these bonds will be used to finance infrastructure improvements within the project area. There is no staffing associated with this budget.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Requirements	2,888,447	4,008,400	3,542,312	4,617,327

Fund Balance		926,000		954,827

Actual expenditures for 2001-02 are \$466,088 less than budget due to the debt service reserve of \$934,245 not being expensed during the year; this is partially offset by transfers to the Redevelopment's operating fund exceeding expectations by \$468,157. The overage in transfers was the result of additional tax revenue generated within the project area.

Actual revenue in 2001-02 exceeds budget as a result of additional estimated interest income. The department had anticipated a lower cash balance for the year; consequently, interest revenue was also projected at a reduced level.

The variance between the 2001-02 budget and actual appropriations is primarily attributed to the department conducting special elections that were called after the budget was finalized. In terms of revenue, the department realized additional SB90 state reimbursement of \$584,093 as a result of an accounting change, \$72,528 in state windfall reimbursement for special elections conducted in 2000-01, and \$317,540 in additional election service revenue realized in 2001-02.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing has decreased by 2.1 positions. One Assistant Registrar of Voters position was added by Board action on January 29, 2002, and staffing decreases of 3.1 budgeted positions is attributed to the department's election cycle, which calls for one major election in 2002-03, vs. two major elections in 2001-02. This reduction of a major election decreased the need for Public Service Employees by 2.3 budgeted staff, and overtime by .8 budgeted staff.

STAFFING CHANGES

Budgeted staffing shows a net decrease of 4.8 positions. The following positions will be left vacant to accommodate the budget reduction: 1.0 Staff Analyst II, 2.0 Appraiser III and 1.8 Clerk II.

PROGRAM CHANGES

Based on direction from the County Administrative Office, the Assessor budget has been reduced by 2% (local cost). This has an impact on expenditures and will require leaving needed positions unfilled as they are vacated. It is anticipated this will have an impact on the ability to produce the annual roll. In addition, several expenditures have been scaled back to minimize the impact from the reduction.

ASSESSOR**BUDGET UNIT: STATE/COUNTY PROPERTY TAX ADMINISTRATION
PROGRAM (RCS ASR)****I. GENERAL PROGRAM STATEMENT**

On February 13, 1996, the Board of Supervisors approved an agreement with the State of California to participate in a state/county property tax administration program for 1996. The agreement provided a loan of \$2,139,938 for 1996, with a provision for the same in the following two calendar years. The state has passed legislation extending this program through calendar year 2002.

Effective January 01, 2002, the state legislature approved authorization of AB589. This bill creates the State-County Property Tax Grant Program to replace the prior loan program. The grant is effective starting with the 2002-03 fiscal year and is authorized until the 2006-07 fiscal year. As with the prior loan program, these funds are intended to supplement the county's property tax administrative cost. The amount of the loan is set forth on a schedule established by the state and is anticipated to be the same as the previous loan program.

AUDITOR/CONTROLLER-RECORDER**III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)****STAFFING CHANGES**

Salaries and benefits reflect a net increase of 4.6 in budgeted staffing. Changes include mid-year increases of 1.0 Auditor/Controller-Recorder Payroll Technician and 3.0 Recordable Document Clerk I. Changes for 2002-03 include 1.0 Clerk IV, 4.0 Clerk III, 1.0 Supervising Payroll Technician, 1.0 Accountant II, 1.0 Supervising Accountant III, 1.0 Staff Analyst II, and 1.0 Auditor/Controller-Recorder Manager. I. GENERAL PROGRAM STATEMENT

The Treasurer-Tax Collector has two distinct functions: the collection of property taxes and the treasury function. The tax collection function involves the collection and accounting of property taxes for all taxing entities in the county. This currently amounts to more than \$1 billion in property taxes, plus county licenses and other fees. The Treasurer is also responsible for the investment of the county investment pool, which includes county funds and all school districts within the county, as well as providing banking services for these agencies. The Treasurer currently manages assets of over \$2 billion.

BUDGET UNIT: CENTRAL COLLECTIONS (AAA TCC)

I. GENERAL PROGRAM STATEMENT

Central Collections is a division of the Treasurer Tax Collector. The function of the division is to provide a credit bureau and collection service for the county, as well as accounting and collections of court ordered payments. The division's purpose is to centrally coordinate the county's collection functions. Total collections by the division are estimated at \$26 million for 2002-03. The majority of these collections are from court-ordered fines and the Arrowhead Regional Medical Center's delinquent accounts receivable.

Central Collections was originally budgeted at zero local cost for 2001-02. The division actually returned \$1,535,897 to the general fund in 2001-02 due to a decrease in salaries and benefits of \$656,091 as a result of filling positions later in the fiscal year than originally planned. Also certain services and supply expenses (temporary help, personal computer upgrades and other costs) are lower than anticipated. Revenues exceeded budget due largely to increased court collections.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing is proposed to increase a net 4.4 positions, all of which are funded with existing resources. These staffing changes include the following:

- (1) 1.0 Automated Systems Analyst I position is transferred from the Treasurer-Tax Collector budget unit. 0.5 Automated Systems Technician position has been budgeted. In addition, a Fiscal Clerk I was reclassified to an Automated Systems Technician. These changes are necessary to support the increased workload and general programming updates and modifications.
- (2) 1.0 Accounting Technician and 0.9 Supervising Fiscal Clerk positions have been budgeted to enhance productivity of accounting transactions. 1.0 Public Service Employee position was added to assist temporary increased workload and enhance customer service.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Transferred 96.8 as well as 3.0 mid-year budgeted positions for a total of 99.8 positions from the Special Revenue funds into the General Fund. In addition, staffing increased by a net 12.1 budgeted positions in 2002-03 (from 99.8 to 111.9). Changes consist of the following:

Added 7.0 budgeted positions for Title III/VII programs by transferring the following positions from the HSS Administrative budget to the Aging budget: 2.0 HSS Program Specialists, 1.0 Supervising Fiscal Clerk I, 1.0 Staff Analyst II, 1.0 Staff Analyst I, 1.0 Secretary I and 1.0 Supervising HSS Program Specialist. These positions in the past provided administrative support to the Adult Services programs. As time evolved, these positions have provided support more and more to the Aging Programs. In 2002-03, these positions will be appropriately accounted for in the Aging Programs budget.

AGING AND ADULT SERVICES

Added 7.1 budgeted positions for the Title III/VII and Community Base Services programs that were incorrectly omitted from 2001-02 budget and/or not captured properly from EMACs to Budget Prep. These positions include: 1.0 Accountant I and 4.0 Ombudsman positions not recorded in Budget Prep, and 2.1 Social Services Aides incorrectly omitted.

Added 1.0 budgeted Nutritionist position to the Title III Nutrition program for 2002-03. The duties of this position were provided by a contracted vendor in 2001-02. Department of Aging and Adult Services (DAAS) anticipates a minimum cost savings of \$51,670 per year by providing services directly through this budgeted position.

Deleted 6.0 positions from the Title III/VII, Title III-E, and Community Base Service Program as follows: 2.0 Regional Supervisor and 1.0 Account Technician positions not filled, 1.0 Social Service Practitioner and 2.0 Staff Analyst I positions due to reduced funding.

The vacancy factor has been reduced by 3.0 (from 52.5 in 2001-02 to 49.5 in 2002-03) to accurately reflect the staffing vacancies.

The following changes are the results of reclassification studies that affect the 2002-03 budget.

Reclassified 3.0 Staff Analyst I positions to 3.0 Account Technician positions for the Title III/VII, Title XIX, and Community Base Service Program due to reclassification study which determined the Accounting Technician positions were in fact working within the correct classification.

Reclassified 1.0 Staff Analyst I position to a Staff Analyst II position due to classification study upgrading the position.

PROGRAM CHANGES

For 2002-03, the Board of Supervisors approved the establishment of specialized general fund AAF-OOA for the Aging programs. On June 30, 2002, the combined fund balances in special revenue funds SBB, SBG, SYA and SYW totaled \$160,518, and will be transferred into the new AAF OOA general fund budget unit.

The movement of the Aging programs from special revenue funds to the general fund was needed to eliminate the consistent cash flow problems the department experiences. Due to long delays in state reimbursement, service providers often wait for payment from the department. Additionally, when the state budget is not approved on schedule, funds may not be available to the department for several months. Past experience has shown that when there are delays in approval of the state budget, DAAS typically does not receive funding for the new fiscal year until September. The delay in funding causes late payments to the contracted service providers. DAAS has policies and procedures in place to ensure the department's expenditures stay within the allocated funds provided.

In 2002-03 it is estimated that one-time local cost of \$974,137 is required by the Title III/VII Aging Programs. Realignment of staff, stagnation of funding streams, and the need to fund nutrition contracts at current levels has contributed to the need for one-time local funding to supplement traditional funding. DAAS will examine its staffing levels carefully in the coming year and make the necessary adjustments in order to stay within existing funding allocations. Local cost will be shifted from the HSS Administrative Claim budget (AAA DPA) and will be funded by Realignment Sales Tax Revenue.

Actual 2001-02 expenditures were less than budget due to delays in implementation of the new Family Caregiver Program. Additionally, in the Multi-Purpose Senior Services Program, actual operating expenditures and purchase of nursing services were less than budget due to delays in the expansion of the program.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

All positions transferred to AAF-OOA.

PROGRAM CHANGES

For 2002-03, the Board of Supervisors approved the establishment of specialized general fund AAF-OOA for the Aging programs. On June 30, 2002, the combined fund balances in special revenue funds SBB, SBG, SYA and SYW totaled \$160,518, and will be transferred into the new AAF OOA general fund budget unit.

The movement of the Aging programs from special revenue funds to the general fund was needed to eliminate the consistent cash flow problems experienced as a result of the state reimbursement process. Due to long delays in state reimbursement, service providers often wait for payment from the department. Additionally, when the state budget is not approved on schedule, funds may not be available to the department for several months. Past experience has shown that when there are delays in approval of the state budget, DAAS typically does not receive funding for the new fiscal year until September. The delay in funding causes late payments to the contracted service providers. DAAS has policies and procedures in place to ensure the department's expenditures stay within the allocated funds provided.

BUDGET UNIT: ARROWHEAD REGIONAL MEDICAL CENTER (EAD MCR)

I. GENERAL PROGRAM STATEMENT

The Arrowhead Regional Medical Center provides inpatient and outpatient medical care to County residents in accordance with State law. The medical center operates through an enterprise fund. Under this system, revenues earned from operations are retained to fund the program.

II. BUDGET & WORKLOAD HISTORY

Outpatient Clinic Visits	199,267	196,000	210,057	208,000

Significant differences between actual and budget for 2001-02 existed in services and supplies due to the hospital experiencing an inpatient census increase of 6.5% as well as a 15.7% increase in Behavioral Health inpatient census and a 5.6% increase in outpatient visits. These increases were also reflected in revenues. Variances in operating transfers out were due to additional debt service payments. Other revenue increased due to a payment received from Central Collections for six years of interest paid on delinquent accounts and increases in miscellaneous revenue such as cafeteria sales and parking ticket revenue. Operating transfers in decreased due to the elimination of the fee for service subvention funds used for debt service payments.

This budget assumes only the known impacts due to the looming state budget crisis. The potential revenue impacts that will result from the Upper Payment Limit changes and other changes in the Disproportionate Share Hospital programs are unknown. However, if these areas of concern above become significant, this budget will have to be readdressed at that time.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing increased by a net total of 100.8 positions. This increase includes 24.6 positions on the nursing floors to handle the 6.5% increase in inpatient census, 20.0 additional Security Technicians for added security after the September 11, 2001 terrorist attack, and increased need for security in the Emergency Room with Behavioral Health patients. Added 5.0 positions to Information Services to provide twenty four hour staffing to the Help Desk, 8.0 positions were added to administer the County Medical Service Program in-house, 6.7 positions were added for Proposition 10, for which ARMC will be reimbursed. Added 6.0 Registered Cardio Pulmonary Nurses to Respiratory Therapy to provide care as both a Registered Nurse and a Respiratory Care

ARROWHEAD REGIONAL MEDICAL CENTER

Practitioner, thereby enabling ARMC to hire fewer Respiratory Care Practitioners. Added 8.0 Phlebotomists to the Lab to handle the increase in blood draws because of the increased census and additional clinic visits. 6.0 positions were added to the clinics to account for the increase in outpatient visits, 5.0 positions were added to Medical Imaging for the census increases, 2.0 positions were added to handle the new compliance requirements of HIPAA, 7.0 positions were added to the Business Office to help qualify more patients for Medi-Cal, handle the increase in IEHP managed care patients and the increased billing requirements added by the increased census, and 2.5 positions were added in various ancillary departments due to the added census and outpatient visit increase.

Also reflected in the budget is a MOU increase of \$5.9 million in salaries and benefits.

PROGRAM CHANGES

Program changes affecting the budget include increases of \$1.9 million in medical supplies due to a 6.5% increase in inpatient census and 4% inflation, \$0.6 million for the Medically Indigent Adult Program (MIA) due to greater anticipated heart referrals and rate increases at St. Bernardines and Loma Linda University Medical Center, \$1.5 million in professional services due to volume increases in various contracted services such as pharmacy and doctors services, and \$1.5 million in COWCAP expenses. These increases are offset by decreases of \$2.3 million in computer software due to the elimination of the old Hospital Information System contract, the reduction of up-front fees for the new system that went live in April 2002, \$1.0 million in utility expense since the anticipated levels for natural gas from the prior year budget did not materialize, \$0.5 million in insurance expenses due to rate changes, and \$0.4 million in various miscellaneous expenses.

Also reflected in services and supplies are the following: the new Medically Indigent Adult program to reimburse private hospitals (\$2.5 million) which is funded by realignment, various expenses for the Proposition 10 program (\$1.0 million), which are fully reimbursed, and inflation (\$1.7 million).

Although debt service remains relatively stable for 2002-03, ARMC plans to make additional contributions for debt service payments thus freeing realignment funds for other purposes. As a result of these additional contributions and due to an accounting change, transfers increased \$4.3 million partially offset by a decrease in site reuse expenses of \$0.8 million.

Major changes in program revenues include a net increase of \$8.5 million in Medi-Cal revenues due to the following: projected increases in capitated payments based on higher expected number of enrollees (\$3.4 million), increases in SB855 and SB1255 Disproportionate Share Hospital revenues (\$4.3 million), inpatient volume increases (\$2.4 million), outpatient volume and reimbursement rates increases (\$4.6 million) less the deletion of one-time Medi-Cal outpatient settlement (\$6.2 million); \$8.3 million increase in insurance revenues due to higher volume, enhanced collection, and higher reimbursement rates resulting from restructuring of insurance contracts; \$2.9 million increase in Behavioral Health revenues due to a 15.7% increase in inpatient census; and \$0.8 million increase in Medicare due to inpatient and outpatient volume increases.

OTHER CHANGES

Other changes include increases in other charges and transfers due to an accounting change. These expenses were previously budgeted in services and supplies. Also due to an accounting change, realignment funding is now recorded as operating transfers instead of revenue. Other changes reflected in operating transfers are the deletion of the fee for service subvention funds (\$1.7 million) and the one-time Telemedicine grant (\$1.2 million), and the reduction in realignment funding (\$0.8 million) due to a decrease in County Medical Center site reuse need.

BUDGET UNIT: SPECIAL PATIENT ACCOUNT (RME MCR)

I. GENERAL PROGRAM STATEMENT

The Arrowhead Regional Medical Center established the special patient account to monitor funds received from the Behavioral Health inpatient unit. Special purpose funds from both the inpatient and outpatient units were accounted for in the Behavioral Health Special Patient Account (RMC). When the inpatient unit was moved to the new location at the Arrowhead Regional Medical Center, the revenues generated by the inpatient unit from vending machines and 5K and 10K runs were transferred to the Medical Center's fund. These revenues were one-time funds. The funds were used to purchase minor equipment and supplies for treatment of patients. There was no staffing associated with this budget.

BUDGET UNIT: BEHAVIORAL HEALTH (AAA MLH)

I. GENERAL PROGRAM STATEMENT

The Department of Behavioral Health (DBH), under State law, provides mental health treatment and prevention services to all county residents. In order to maintain a continuum of care, the department operates or contracts for the provision of 24-hour care, day treatment, outpatient services, case management, and crisis and referral services. Community services are provided in all major county metropolitan areas and are readily accessible to most county residents. Recently, the department has reviewed its client services system, and is refocusing its own clinic-based services towards a coordinated care model consisting of multi-disciplinary teams.

Significant variances between actual and budget for 2001-02 existed in equipment and operating transfers out due to personal computer upgrades and capital project upgrades carrying over to 2002-03. Also reflected in operating transfers out is a reimbursement from the Architecture and Engineering Department for unspent funds related to the Phoenix clinic project. Variances in transfers are due to lower than anticipated participation in the Children's System of Care program. These factors related directly to the decrease reflected in revenue.

Variances in reimbursements are due to recording Vehicle License Fees in revenue per GASB 34.

Workload indicator changes include an increase in Outpatient Service Hours due to increased volume in outpatient clinics and Fee For Service (FFS) networks, a decrease in Managed Care due to a change in the unit of measure to better depict the work performed in the managed care unit, and a decrease in Residential Days due to placement issues with one of our major residential facility providers. However, new contracts and changes in the Institutes for Mental Health Disease (IMD) program are expected to increase the number of bed days in 2002-03.

BEHAVIORAL HEALTH

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes) **STAFFING CHANGES**

Changes in budgeted staffing increased a net of 37.5 positions. Budgeted additions include 10.0 positions to enhance the case management services provided by the department and will generate revenue to offset approximately 75% of their salary. These positions are related to the increase in outpatient services hours. Added 2.0 positions to handle increase workloads in the payroll and property management divisions. Added 3.0 positions for the information technology (IT) division to handle day-to-day operations, provide high level of IT support, and design IT strategic plans. Added 7.0 positions for additional clinical services needed due to the expansion of the West Valley Juvenile detention center. Added 7.0 positions for the Mentally Ill Offender Crime Reduction program. Added 1.0 position to develop and maintain the department's compliance program. A total of 10.5 positions were funded for the following: 2.0 for administrative work, 2.0 for chart review and provider audits, and 6.5 for a new transportation unit to move patients from state hospitals to community based settings.

Also reflected in staffing changes are increases in salaries and benefits costs due to cash-outs at the end of the calendar year offset by an increase in the vacancy factor (3.0 positions) caused by difficulty in recruiting and retaining treatment staff.

PROGRAM CHANGES

Program changes affecting the budget include a net increase of \$7.2 million in services and supplies due to the implementation of the Assertive Community Treatment (ACT) program (\$1.0 million); the new Therapeutic Behavioral Services (TBS) contracts (\$1.6 million); anticipated increases in the Institutes for Mental Health Disease (IMD) and Augmented Board and Care (ABC) contract services (\$2.6 million); increases in services for the Mentally Ill Offender Crime Prevention program (\$0.4 million); the start-up costs for the planned acquisition of a new client information system (\$1.5 million); inflation costs (\$0.2 million); and a net decrease in other services and supplies of approximately \$100,000.

The budgets for reimbursements were impacted by GASB 34, which required the reclassification of inter/intra departmental transactions. The department's overall impact was a decrease of \$3.3 million. This was dealt with in two ways: revenues increased \$1.5 million and other charges decreased \$1.8 million.

Also reflected in other charges is a decrease of \$1.2 million for reducing the state hospital beds to fund the new ACT program and to partially fund enhancements to the IMD and ABC programs as mentioned above. This decrease was partially offset by an increase of \$0.3 million to provide interim assistance to clients which should be reimbursed to the department once the clients become SSI eligible.

Changes in program revenues include increases of: \$9.7 million in realignment to fund operations and several capital projects, \$1.3 million in federal block grants to partially fund the increases in the ABC program, and \$2.6 million in the Early Periodic Screening Detection and Treatment (EPDST) program to fund the TBS program.

OTHER CHANGES

The equipment budget decreased by \$94,000 due to the elimination of remodeling projects and reduction in the number of vehicles and computer servers needed.

Transfers increased by \$227,735 due to a new agreement with the Department of Child Support to provide Crisis Residential treatment to children.

Operating transfers out increased \$4,235,500 due to capital projects overseen by the Architecture and Engineering department (ANE). The changes in capital projects include an increase in the Phoenix project (\$2,185,500), a decrease in the Gilbert project (\$50,000), and the addition of the building "H" project (\$2,100,000).

BUDGET UNIT: ALCOHOL AND DRUG ABUSE SERVICES (AAA ADS)

I. GENERAL PROGRAM STATEMENT

The Department of Behavioral Health's Alcohol and Drug Abuse Services consist of comprehensive substance abuse prevention and treatment programs to county residents. Services are provided by 6 county operated clinics and 32 contracted organizations consisting of 28 community based non-profits, 2 profit methadone treatment providers, 1 city, and 1 county department.

II. BUDGET & WORKLOAD HISTORY

Methadone Treatment Clients	871	1,124	854	1,200

Significant variances between actual and budget for 2001-02 existed in salaries and benefits due to the difficulty in filling budgeted positions and high staff turnover. Variances in services and supplies existed because the expected treatment costs related to the Substance Abuse and Crime Prevention Act (SACPA) of 2000 did not materialize. These factors related directly to the decrease reflected in revenue.

The variances in equipment are the result of replacing perinatal vans used to transport patients and their children to clinics. Variance in miscellaneous revenue is due to increases in child-care services provided at the perinatal clinics.

Increases in workload indicators are due to the addition of SACPA services not reflected in the 2001-02 budget.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Changes in budgeting staffing decreased a net of 10.0 positions due to funding reductions made by the State Department of Alcohol and Drug Programs (ADP). These positions were vacant at June 30, 2002. Also reflected in staffing changes is the reclassification of 1.0 Fiscal Clerk I position to a Fiscal Clerk II due to the complexities of the duties assigned and MOU increases.

PROGRAM CHANGES

Services and supplies decreased by \$2.9 million. The contracts services line item was reduced by the \$4.2 million budgeted but not awarded to specific contracts. The actual 2002-03 reduction to existing contracts totals \$500,000 or 2.5 percent. Increases to the services and supplies include \$709,934 of cost that was previously budgeted as transfers, \$408,289 for drug testing in connection with SACPA, \$144,000 for the ADS share of the department's planned purchase of a new computer system, and \$45,241 due to miscellaneous changes.

The budget was impacted by GASB 34, which required the reclassification of inter/intra departmental transfers. Specifically, a net decrease of \$4.2 million in reimbursements and a decrease of \$0.7 million in transfers, corresponding offsetting charges are reflected in sources and services and supplies.

BEHAVIORAL HEALTH

Other changes in reimbursements include a decrease of \$134,488 for the Repeat Offender Preventive Program and a decrease of \$493,805 for an anticipated reduction in prior year carry over revenue.

Total sources increased by approximately \$1.0 million. The changes include a decrease of \$4.4 million due to the following: (1) decrease in the allocation from the state (\$1.0 million) and the corresponding State Medi-Cal match (\$1.0 million); (2) SACPA decreases in fees (\$1.0 million) and federal Medi-Cal revenue (\$1.2 million) since anticipated number of patients from the prior year budget did not materialize; and (3) decrease in Housing Urban Development (HUD) grant that expired (\$0.2 million). These decreases were offset by a \$4.2 million increase due to GASB 34 as mentioned earlier, an increase of \$1.0 million for anticipated increases in Alcohol and Drug treatment cost for the SACPA program, and an increase of \$0.2 million due to miscellaneous changes.

OVERVIEW OF BUDGET

DEPARTMENT: CHILD SUPPORT SERVICES

DIRECTOR: CORY NELSEN

BUDGET UNIT: AAA DCS

I. GENERAL PROGRAM STATEMENT

The County Child Support Enforcement Program is governed by Title IV-D of the Federal Social Security Act, which was originally enacted in 1975. Federal regulations require that the program be administered at the state level by a single agency which, in turn, may contract with counties to conduct the enforcement program. Federal financial participation consists of payment of 66% of program costs and payment of graduated incentives to states for meeting program objectives. The balance of allowable county expenditures is reimbursed by the state. Basic program activities include locating absent parents, establishment of paternity, establishment of support orders pursuant to state guidelines, enforcement of support obligations, modification of support obligations when needed, and collection and distribution of support payments.

The 2001-02 state budgeted allocation to Child Support Services represents spending authority based on caseload size rather than realistically attainable spending levels in the short term. The department's rate of program growth, while increasing, has been constricted by a combination of factors including limited training capacity, lengthy recruitment and hiring timeframes, and a shortage of personnel with the necessary experience for immediate promotion.

The local costs shown in "Actual 2001-02" reflect Internal Service Fund charges applied to the department after submission of year-end closing documentation. These costs are claimable to the Child Support Program and will be reimbursed through regular program funding sources.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

The net reduction of 53.1 budgeted positions from 2001-02 is the result of a combination of staffing additions and reductions, as well as changes in the method used to calculate both overtime and the vacancy factor. For 2002-03, overtime was not calculated as budgeted staffing positions, but was added in dollars to increase the overall salaries and benefits budget. This change over 2001-02 resulted in a reduction of 48.3 budgeted positions. The vacancy factor is undistributed and reflects a net reduction of 80.8 budgeted positions. Also, 1.0 Fiscal Clerk III position and 1.0 Deputy Chief of Child Support position have been eliminated. A mid-year board item (November 20, 2001, #074) increased budgeted positions by 47.0. There is also 78.0 authorized positions, funded only part of the year, increasing budgeted positions by 21.0 positions. In addition, 2.0 Investigative Technician positions as well as 8.0 extra help positions were authorized and funded for an increase of 10.0 budgeted positions. The net of these changes is a reduction of 53.1 budgeted positions.

CHILD SUPPORT SERVICES

It is expected that by the fourth quarter of the 2002-03 fiscal year the department will have additional office space in both the Victorville and San Bernardino areas and that all requested positions will be filled. The budgeted additional caseworkers, supervisors and support staff in 2002-03 are based on future caseload growth and the existing and pressing need to reduce individual caseload size. The Department of Child Support has the highest caseloads per caseworker in the state, impairing proper case management and program improvement.

Hiring and deploying staff is the highest priority of the department. Management has worked closely with Human Resources to reclassify unneeded positions, to create needed positions, to improve the process of recruiting and screening candidates and to streamline the hiring process. The department is now capable of hiring about 30 new staff per month but is in critical need of a training facility to conduct concurrent training classes for support officer trainees, new employees, and existing staff. Training and program improvement are the highest priorities of the state program and additional state funding has been provided for those purposes.

PROGRAM CHANGES

In 2001, following Board of Supervisors approval, the department issued an RFP for larger facilities in the Victorville area. Pursuant to that process, a vendor has been selected and a build-to-suit facility is in the design stage. The developer has indicated that the new building could be ready for occupancy in the first half of 2003. Costs associated with installation of the communications infrastructure and furniture and for staff relocation have been included in the 2002-03 budget.

The department is working with HSS Facilities and Services to develop RFPs for a training facility in the San Bernardino area, an expansion of space in the West End, and new space in the downtown San Bernardino area. Space needs are based on projected staffing levels necessary to achieve the level of case management and customer services mandated by state child support regulations.

For the past several years, the department has significantly under spent its budget allocation. State allocations based on caseload size have resulted in spending authority that has greatly exceeded the ability of the department to absorb. Now that conversion to the Star/Kids automated system and transition from the District Attorney's Office have been accomplished, the department is prepared to move ahead on staff development.

The state allocation for 2002-03 has been reduced because of declining state revenues. Nevertheless, the amount allocated by the state is sufficient for the department to continue its objectives of increasing staff and reducing caseloads per worker. Funding for increased staff in future years will be generated by the increased collections new staff will achieve.

Variances between budget and actual in 2001-02 existed in salaries and benefits as well as services and supplies as a result of unexpected vacancies in three of the four positions funded in this budget unit. Other charges include transfers of vehicle license fee receipts for realignment out to trust and payments to the state for SB855/1255 disproportionate share hospital programs. The level of SB855/1255 participation is unknown at the beginning of the year and as a result significant variance occurred. All expenses in the other charges category are offset by an equivalent amount of current services and state aid revenue, so any variance has no impact on local cost. Operating transfers out represent general fund and realignment support of the ARMC lease payments and two one-time financing issues (described below). As a result of greater ARMC support of their lease payments and an increased reimbursement rate from the state, operating transfers out were significantly reduced. Partially offsetting this reduction was a one-time operating transfer from this budget to a Capital Improvement Program (CIP) fund related to the Colton MOU in recognition of the fact that anticipated revenues from the MOU are unlikely to be received. Additionally offsetting the savings above is a recapture of realignment revenue that effectively was transferred to the general fund as a result of prior year encumbrance cancellations within HSS. A transfer back to the realignment fund was completed to return those funds.

The three variances in operating transfers out, described above, resulted in the Health Care Costs budget coming in over budget. Additional costs due to the Colton MOU of \$2.70 million, plus costs of \$1.68 million due to the realignment recapture were offset by savings of \$3.94 million of ARMC lease savings to net an over budget amount of \$0.44 million.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Due to an accounting change, vehicle license fees will no longer pass through this budget. As a result, other charges have decreased substantially. Additionally, the health maintenance of effort payment of \$4.3 million, which was previously shown in the other charges category has now been moved to operating transfers out. Other charges now represent only the SB855/1255 programs. Transfers have increased slightly to reflect higher payments to other departments as a result of MOU increases. Due to an accounting change, reimbursements have been eliminated and will now be reflected in realignment revenue.

Operating transfers out have decreased slightly as a result of a number of changes, including: reduced payments supporting the ARMC lease due to greater hospital support of these costs, lower total ARMC lease payments, the end of the subvention to the medical center associated with fee for service revenue being lower than estimated at the time of the initial lease payment financing plan, an accounting change to include the \$4.3 million health maintenance of effort payment mentioned above, and the inclusion of a transfer to the Financial Administration budget to fund a contribution of \$82,599 to the ARMC lease payment reserve.

HEALTH CARE COSTS

Revenues have also declined significantly as a result of the elimination of vehicle license fees passing through this budget. Realignment revenue has increased due to the accounting change (mentioned previously) which re-categorized all reimbursements in this budget as realignment revenues.

OVERVIEW OF BUDGET

DEPARTMENT: HUMAN SERVICES SYSTEM
ASSISTANT COUNTY ADMINISTRATOR: CAROL ANSELM

The Human Services System (HSS) is composed of eight county departments: Behavioral Health, Public Health, Children's Services, Transitional Assistance, Aging and Adult Services, Preschool Services, Child Support Services, and Veterans Affairs; and three subdivisions: HSS Management Services, HSS Information Technology and Support, and HSS Performance Education Resource Center (PERC). Children's Services, Transitional Assistance, Adult Services, the CalWORKs-funded portion of Jobs and Employment Services, and all HSS subdivisions are included in the HSS administrative claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs. Subsistence payments and aid to indigents are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The HSS Assistant County Administrator is responsible for the following budget units that encompass several HSS departments: Administrative Claim, Subsistence Payments, and Aid to Indigents.

HUMAN SERVICES SYSTEM

BUDGET UNIT: ADMINISTRATIVE CLAIM (AAA DPA)

I. GENERAL PROGRAM STATEMENT

This budget unit represents the administrative claim made by the county for social services programs under applicable mandatory federal and state regulations. These social services programs are funded from federal, state, and/or local sources. The local share of these programs are funded by Social Services Realignment Sales Tax Revenue and local cost. Included are Transitional Assistance Department (TAD), Department of Children's Services (DCS), Department of Aging and Adult Services (DAAS), CalWORKs funded programs of the Jobs & Employment Services Department (JESD), the Performance, Education Resource Center (PERC), and the Administrative Support functions provided by HSS Administration (HSSA).

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Requirements	271,532,933	316,899,035	296,649,933	331,489,425
Total Revenue	260,092,476	303,900,688	283,507,186	319,725,182
Local Cost	11,440,457	12,998,347	13,142,747	11,764,243
Budgeted Staffing		4,400.6		4,409.1
Workload Indicators				
TAD Average Monthly Caseload	157,000	184,000	170,768	172,000
DCS Referrals - Annual	60,490	61,475	63,645	62,105
DCS Average Monthly Caseload	8,347	8,636	7,945	8,642
IHSS Average Monthly Caseload	10,102	11,459	12,449	13,523

Costs for salary and benefits were \$17.4 million less than budgeted. Much of this can be attributed to the difficulty each department has in hiring and retaining staff. During 2001-02 vacancies existed for many HSS departments. Major changes to salary and benefit costs include:

- Actual FTEs for HSS Administration were 596, compared to 623 budgeted
- Actual FTEs for TAD were 1,758, compared to 1,970 budgeted
- Actual FTEs for JESD were 733, compared to 770 budgeted
- Actual FTEs for DCS were 855, compared to 879 budgeted

Costs for services and supplies were \$3.4 million less than budgeted. Services and supplies are directly related to staffing levels. Because HSS departments were not fully staffed during 2001-02 they did not realize their budgeted levels.

Costs for software, data equipment, associated services and maintenance planned by HSS Information & Technology Support Division (ITSD) were \$1.8 million less than 2001-02 budget. Much of this can be attributed to the continuing useful life of infrastructure implemented in the last few years, attaining a near 1-to-1 computer to employee ratio (less need to procure large lots of new personal computers and associated items), and economies realized by Information Services Department when bidding consolidated maintenance agreements for computer maintenance. Major changes to data costs include a \$572,000 decrease in computer software, and \$1.2 million decrease in systems development charges.

Costs for program contracts, public assistance, other support and care, and Intra Fund transfers to other county departments were \$5.8 million less than 2001-02 budget. Much of this can be attributed to not realizing contracted totals during the fiscal year and reduced demand for services. Major changes include: \$750,000 decrease in JESD Program Contracts, \$1 million decrease in CalWORKs Community contracts, \$550,000 decrease in IHSS Provider Payments, and \$3.5 million unspent on juvenile dependency court facility.

The overage in local cost is due to over expended state allocations in Child Welfare Services, Adoptions, and Licensing programs. These costs may be reimbursed by the State in the future.

In aggregate, the Administrative Claim Budget Unit requires a net additional local share of \$1,840,050. No additional general fund local cost will be required, as this amount will be provided from the Social Services Realignment Sales Tax Revenue Trust. Social Services Realignment Sales Tax Revenue Trust was created during the State Tax Realignment process to offset local cost, and in general, is limited to use for designated social services programs. All HSS programs are state and/or federal mandates and county funding is either mandated as a percentage of total program costs or as a maintenance of effort.

This budget was developed based on estimated funding allocations. Actual allocations will not be known until the state budget process is complete. Any necessary adjustments will be submitted to the Board of Supervisors as a mid-year adjustment to the final budget.

HUMAN SERVICES SYSTEM

Changes to the Administrative budget by department are discussed as follows:

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

General Program Statement

TAD is responsible for the administration of the financial support programs that assist the needy with basic services. The primary services provided include: Transitional Assistance to Needy Families (TANF), Food Stamps, Medi-Cal, Child Care, and General Assistance.

All programs are funded by a combination of federal, state, and county dollars, with the exception of the general assistance program, which is funded solely by the county. The goals of the Transitional Assistance Department are to meet the basic needs of families and individuals while working with them to attain self-sufficiency, and to promote work and personal responsibility.

Staffing Changes

TAD staffing changes will result in a net decrease of 37.0 budgeted positions. This decrease includes a reduction of 52.5 budgeted FTE because of the termination of temporary Public Service Employees hired to work with the Welfare Data Tracking Information Program (WDTIP) which will be completed in October 2002, an increase of 17.0 budgeted FTE to remedy the Food Stamp Error Rate sanction, and a net decrease of 1.5 budgeted FTE for various other program changes. Not reflected in staffing changes above is the shift of 42.3 FTE Auditing and Program Development staff from TAD to HSS Administration.

JOBS AND EMPLOYMENT SERVICES DEPARTMENT (JESD)

General Program Statement

JESD provides CalWORKS – Welfare To Work Program services to participants per a Memorandum of Understanding with TAD. Costs of this program are included in the TAD portion of the Administrative Claim Budget. Qualified participants are assisted by providing remedial and/or basic education, vocational or on-the-job training to prepare participants to enter the job market. Participants receive supplemental funding for ancillary, childcare, and transportation costs during their active participation in the program. Failure to comply with program requirements results in loss or reduction of the participants' TANF subsistence payments.

Staffing Changes

JESD staffing changes will result in a net decrease of 94.5 budgeted positions because of anticipated decrease in availability of CalWORKS funding. It should be noted that only 44.5 FTE are regular staff. The cost of some supportive services will be shifted to the Workforce Investment Act (SAC JOB) funding available to JESD. The net decrease of \$5.9 million results in no change to Local Cost.

Program Changes

Anticipated decrease in availability of CalWORKS funding necessitated the planned reduction of current staffing levels and some supportive services provided to participants. The cost of some supportive services will be shifted to the Workforce Investment Act (SAC JOB) funding available to JESD. The net decrease of \$5.9 million results in no change to Local Cost.

DEPARTMENT OF CHILDREN'S SERVICES (DCS)

General Program Statement

DCS is a collection of programs aimed at reducing the occurrence of child abuse and neglect in San Bernardino County. The primary goal of these programs is maintaining families whenever possible. When not possible, the secondary goal is to provide the best permanent plan for the child removed from his or her caretaker.

To accomplish the mission of DCS, a wide variety of services are offered. Child Protective Services is the program with the highest visibility, with the goal of prevention of abuse to minors and the protection of those abused. Adoptions, family preservation, family support, and foster home licensing are the primary support programs to Child Protective Services.

HUMAN SERVICES SYSTEM

Staffing Changes

DCS staffing changes will result in a net increase of 100.0 budgeted positions made possible by increased state allocation for Child Welfare Services. This will allow the department to meet increased caseload and additional State mandated case management requirements. The majority of the increase is a result of mid-year actions already approved by the Board of Supervisors and full-year funding of positions previously approved. Not reflected in staffing changes above is the shift of 3.0 budgeted Program Development staff from DCS to HSS Administration.

Program Changes

Child Welfare Services Programs – To allow the department to fully utilize an estimated increase in allocation of \$6.8 million, for a total of \$69.2 million required an additional \$368,038 county share-of-cost. This county share will maximize available Child Welfare Services funding allowing for the addition of 45.4 budgeted staffing positions to meet increased demands on Child Welfare Services. The budgeted staffing also includes positions for administrative support.

DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)

General Program Statement

The Department of Aging and Adult Services (DAAS) serves as the area agency on aging for this county under the provisions of federal law, which makes funds available to senior citizen programs. Area agencies on aging provide leadership for defining objectives, establishing priorities, and developing a system to deliver services to the elderly. DAAS has a separate consolidated budget for the state and federally funded aging programs, which is presented in its own section under Aging Programs. DAAS is also responsible for the In-Home Supportive Services and the Adult Protective Services programs, which are both budgeted in the Administrative Claim budget.

The In-Home Supportive Services Program provides personal and domestic services for aged, disabled and blind persons enabling them to remain in their own homes rather than being placed in institutions. The program is operated by the use of the individual provider mode, which is paid directly to the provider by the state. The state then invoices the county for its portion of the individual provider costs. In addition, the county incurs expenses for supervision and administration of the program. These expenses are reflected in the HSS Administrative Claim budget unit. The federal share represents Medicaid dollars made available through participation in the Personal Care Services Program (PCSP).

The Adult Protective Services Program investigates and resolves reports on elder and dependent adult abuse. The program provides a wide variety of services in resolving and preventing exploitation or neglect. The services include the investigation of issues, developing a service plan, counseling, referring to other community resources including the IHSS program, monitoring the progress of the client, and following up with the client.

Staffing Changes

DAAS staffing changes total a net increase of 0.5 budgeted positions. Not reflected is a shift of 2.0 budgeted support staff from DAAS to HSS Administration.

Program Changes

In Home Supportive Services Programs - \$497,875 increase of county share-of-cost was required for the In Home Supportive Services-Individual Provider costs. This program is essentially an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. The additional local funding is necessary due to projected caseload growth in 2002-03 and the required county share of the IHSS Public Authority administrative costs.

Aging Programs - A temporary one-time shift of Local County Cost in the amount of \$974,137 was required to offset the estimated Local Cost need of Title III/VII Aging Programs. Realignment of staff, stagnation of funding streams and the need to fund service contracts at current levels has contributed to the need for local funding to supplement traditional funding. DAAS will be examining its staffing levels carefully in the coming year and make the necessary adjustments in order to stay within existing funding allocations. Local funding has been shifted from the Administrative Claim budget and will be replaced by Social Services Realignment Sales Tax Revenue.

HUMAN SERVICES SYSTEM

ADMINISTRATION AND SUPPORT DIVISIONS

General Program Statement

HSS Administration and Support Divisions provide general administrative oversight and support functions to all departments included in the Administrative Claim. Support services are also provided to other HSS departments for purposes of continuity and economy of scale. Such services include budget analysis and coordination, facilities support, contract services support, agenda item coordination, special projects, auditing services, information technology and support, training, program legislation and research, and personnel services. Costs for these divisions are allocated to departments included in the Administrative Claim budget and/or charged directly to departments not included.

Staffing Changes

HSS Administration staffing changes total a net increase of 39.5 budgeted positions. Centralization of HSS administrative support services provided to HSS departments and the ensuing organizational changes have resulted in the need to increase support staff in this budget unit. The majority of the increase is a result of mid-year actions already approved by the Board of Supervisors. Associated costs will be significantly offset by charges that will be made to those departments and are reflected in reimbursement accounts. This total includes:

- Auditing Division – net increase of 20.0 budgeted positions. An increase in HSS Auditing staff is necessary to perform expanded centralized billing function for the CalWORKs Child Care program in order to transition another 9,000 cases to Auditing. It has recently been decided that relocating these staff to TAD offices will better serve the program. This move will be complete by June 30, 2002.
- Buildings and Finance Division – net increase of 2.5 budgeted positions. An increase in HSS Central Warehouse staff is due to increased workload in closed files as a result of the Welfare Data Tracking Information Project. This also includes an increase to contracts staff due to integration of Health Care contracts under HSS.
- Information Technology and Support Division (ITSD) – net increase of 26.0 budgeted positions. This includes the 13.0 Automated Systems Technicians transferred from DCS. Also includes a transfer of 11.0 positions for the C-IV automation project which will now be cost centered in ITSD (100% reimbursed by CIV State funding). Furthermore, 2.0 FTEs have been added to provide increased services to HSS departments and to fully implement the County's IT prototype model introduced in 2001-02.
- PERC – net decrease of 3.0 budgeted positions. This reflects the removal of PSE positions.
- Program Legislation and Research Division – net increase of 4.3 budgeted positions. Additional staffing is required due to the expansion of State/Federal funded programs, expansion of the number of HSS departments and the need to integrate services through the HSS Integration Initiative Project.
- Program Integrity Division – net increase of 2.7 budgeted positions.
- HSS Personnel – net decrease of 1.0 budgeted position. This reflects the removal of a PSE position.
- Administration – net decrease of 12.0 budgeted positions. This reduction reflects the removal of 12.0 Children and Families Commission positions from the staffing count in DPA budget.

Not reflected in staffing changes above is the shift of staff to Auditing and Program Development from TAD to HSS Administration and the shift of Automated Systems Technicians and Program Development staff from DCS to HSS Administration.

BUDGET UNIT: DOMESTIC VIOLENCE/CHILD ABUSE (AAA DVC)

I. GENERAL PROGRAM STATEMENT

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services, and treatment/counseling for adults and children who are victims of domestic violence and child abuse.

- The domestic violence program under SB 1246 (Presley Fund) is funded by a surcharge on marriage licenses and provides funding for shelter care facilities, temporary housing, and counseling services.
- The child abuse prevention program is state funded under AB 2994 (Children's Trust Fund) by a surcharge on certified copies of birth certificates. This program provides: 1) training to childcare organizations/schools on child abuse recognition; 2) training of teenage parents encouraging proper care of infants and children; 3) group treatment for victims of abuse; and 4) group counseling for child abusers.
- An additional child abuse prevention program is funded under AB 1733. The services provided by this program are: 1) training to counselors on recognizing and reporting child abuse; 2) training to children, of preschool age to 14, on recognizing molestation and sexual abuse, avoidance techniques, and reporting methods; and 3) training for parents and community groups in recognizing child abuse.

These programs are 100% funded by the three sources referenced above. There is no county general fund contribution nor staffing associated with this budget.

AB 1733 Contracts	\$518,613	\$551,972	\$499,959	\$630,469

Actual figures in 2001-02 were less than budgeted due to an unexpected decrease in the sale of marriage licenses and birth certificates. Contract obligations were met with trust fund reserves. The program experienced a slight local cost due to revenue transfer timing issues associated with the transition from the trust funds to the special revenue funds that resulted in revenues being under-reported in 2001-02. The understatement will be rectified in 2002-03 when revenues will be overstated by \$6,374.

PROGRAM CHANGES

Due to the implementation of GASB 34 the Domestic Violence Trust Funds have been transitioned to special revenue funds. Expected decreases in sales of marriage licenses and birth certificates in 2002-03 will result in less funding for contracts subsidized by these special revenue funds as compared to 2001-02.

BUDGET UNIT: CHILD CARE PROVIDER PAYMENTS (AAA ETP)

I. GENERAL PROGRAM STATEMENT

This is a comprehensive multi-use program budget. All childcare programs administered by the Transitional Assistance Department (TAD) are budgeted within this unit. This expanded program is one of the major programs of the federal welfare reform and the resulting State CalWORKs program. The expanded programs are intended to fund childcare for CalWORKs recipients that are seeking employment or have obtained employment and continue through employment stabilization for a period of up to two years. This budget unit also incorporates the program that funds childcare for families in which the child is under the auspices of the Department of Children's Services and is at risk of parent abuse or neglect.

These childcare provider payments are 100% federal and state funded through reimbursements by the state. There is no staffing associated with this budget.

Annual Paid Cases	21,871	23,179	23,153	18,229
Average Monthly Aid	\$294	\$320	\$309	\$313

In 2001-02 annual paid cases decreased by 9% due to the downturn in the economy early in the fiscal year. Average monthly aid increased by 5% due to inflation. The local cost variance is simply an accounting error that occurred in 2000-01 understating revenue, which was rectified in 2001-02. In 2000-01, \$52,051 of revenue was not accrued, therefore the adjustment was needed in 2001-02. Child Care is fully reimbursed except for a county maintenance of effort requirement of \$13,153, which will be budgeted in the HSS Administrative budget (DPA) in 2002-03.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Changes that were debated during the state budget hearings (that would have significantly reduced funding for childcare), did not materialize. These changes would have affected Stage 1 and 2 in possible reductions of up to 21% and the elimination of Stage 3 as of April 1, 2003. For 2002-03 the budget was built based on these funding reduction assumptions.

In the state's final budget for 2002-03 for childcare, in comparison to 2001-02 final allocations including funding augmentations are the following funding changes:

- Stage 1 funding resulted in a 28.7% or \$16 million reduction
- Stage 2 funding resulted in a 39.7% or \$14.6 million increase
- Stage 3 funding resulted in a 17.5% or \$1.4 million increase
- Child Protective Services and the federal block grant funding remained unchanged.

Although this represents a significant funding reduction for Stage 1, caseload growth in the last year has been negative. The negative caseload results in minimal savings and the department will be forced to move a significant amount of cases from Stage 1, to Stage 2 and 3. The state has assured the department that as caseload grows in Stages 2 and 3, these allocations will be augmented to cover the increased caseload and associated expense.

BUDGET UNIT: OUT-OF-HOME CHILD CARE (AAA OCC)

I. GENERAL PROGRAM STATEMENT

This program provides assistance payments for room, board and care for those children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens. Some of these children have serious emotional and medical problems, which increases the difficulty of locating appropriate facilities for their care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case. This program is 100% locally funded. There is no staffing associated with this budget.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

<u>Workload Indicators</u>				
Paid Cases Per Month	44	44	40	40
Average Monthly Aid	\$1,117	\$1,350	\$748	\$877

Expenditures for this program can fluctuate based on the unique nature and requirements of each individual case, but have remained between \$300,000 and \$500,000 per year for the past few years. Expenditures for this program were expected to dramatically increase in 2001-02 for the following reasons: 1) an increasing number of disturbed children were entering the child welfare system, 2) legislation had made it more difficult to place children in out-of-county and out-of-state facilities, and 3) there was a shortage of facilities in the county that would accept these children at a reasonable placement rate. However, during 2001-02 alternate methods of placement and other sources of funds for payment of services became available, resulting in the savings.

PROGRAM CHANGES

Paid cases per month have remained steady from the previous year. Average monthly aid per case has dropped by almost 40% due to the availability of lower cost foster homes to care for the at risk children.

BUDGET UNIT: AID TO ADOPTIVE CHILDREN (AAB ATC)

I. GENERAL PROGRAM STATEMENT

This program provides financial assistance to adopting parents who would otherwise not be able to provide for a child's special needs. The children, on whose behalf monies are paid, are disadvantaged children personally or physically handicapped, or are adolescents. This program enables hard to place children to be adopted and taken out of the (higher cost) Foster Care program. This budget is funded approximately 46% State, 38.6% Federal with the remaining costs offset by Social Services Realignment Sales Tax Revenue and Local Cost. There is no staffing associated with this budget.

Average Monthly Aid	\$ 525	\$ 515	\$ 611	\$ 611

In 2001-02 the program continued to grow due to successful legislation promoting participation in this program to reduce the number of children in the Foster Care program. Caseload grew an average of 29 new participants a month in 2001-02. The average grant increased to \$611 from the original 2001-02 projected and budgeted amount of \$515, as children with more severe needs entered this program.

Participants in this program are classified as either meeting federal or state participation requirements, with federal and state qualified participants having a different reimbursement and sharing ratios. There has been a slow decline in the overall percentage of federal participants and a corresponding increase in the overall percentage of state participants. The actual percentage of federal participants in 2001-02 declined from 78.8% in 2000-01 to 76.8%. The state participants showed a corresponding increase from 21.2% in 2000-01 to 23.2% in 2001-02.

PROGRAM CHANGES

The growth experienced in 2001-02 is expected to continue throughout 2002-03. The continued shift from federal to state participants is reflected in the projected 2002-03 budget. The shift in the overall percentage of federal and state participants shifts the county share of cost from 15.1% in 2001-02 to a projected 15.4% in 2002-03.

BUDGET UNIT: AFDC – FOSTER CARE (AAB BHI)

I. GENERAL PROGRAM STATEMENT

This program provides aid payments for children living in foster homes and group-care facilities. The caseload for foster care is derived from both the Department of Children's Services (DCS) (approximately 89%) and Probation (approximately 11%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- The federal government reimburses approximately 45% of the cost of federally eligible cases.
- The state reimburses approximately 21% of the cost of federally eligible cases and 40% of the cost of non-federally eligible cases.
- The remaining county share-of-cost is reimbursed from non-custodial parents; the Social Services Realignment Sales Tax Revenue Trust; and the county through local cost.

There is no staffing associated with this budget.

Foster Care caseloads have risen steadily in recent years. Assuming past trends, a continued increase in 2001-02 caseloads was projected. However, in 2001-02, the number of actual cases was lower than anticipated. Factors contributing to the decrease can be attributed to: 1) an increase in the number of children transferred from Foster Care to the Kin-Gap program; 2) continued development of diversionary programs by the Probation Department providing an alternative approach to foster care placements for the Probation population of foster care children, and 3) expenditures less than budgeted for Fouts Springs Youth Facility due to the initial time taken to implement the program.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

The state projects a decrease of less than 1% in cases statewide. In an effort to be conservative, cases are projected to remain stable in 2002-03. Average case costs should experience a slight increase due to a shift in the numbers of Foster Family Group Homes to the more costly Foster Family Agencies. Fouts Springs Youth Facility is fully operational and expected to expend its total appropriation in 2002-03.

HUMAN SERVICES SYSTEM

Wraparound services is a new pilot program authorized by SB 613. It is scheduled to begin in 2002-03. The program is aimed at keeping children in their homes rather than in high-level Foster Care placements. A contracted vendor will provide intensive case management, perform needs assessments, develop individualized family and child service plans, and implement and monitor appropriate services/resources. Costs for this program are expected to be minimal in 2002-03. The county will be able to claim state reimbursement for contracted services according to the approved rate care level (RCL) for foster care placements of children in this program.

BUDGET UNIT: CalWORKS – KIN GAP (AAB KIN)

I. GENERAL PROGRAM STATEMENT

This federal program was implemented January 1, 2000. It provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-GAP program is not automatic. The court, with a recommendation from the Social Worker, has discretion regarding whether termination of dependency is in the child's best interest.

The estimated federal cost reimbursement is approximately 72% and the state cost reimbursement is approximately 14%. The remaining 14% is offset by a county general fund contribution. There is no staffing associated with this budget.

Since the implementation of the program in 1999-00, Kin-Gap caseload has experienced a steady increase. The increase in the number of actual cases for 2001-02 was higher than originally anticipated due to a shift in the number of Foster Care cases being identified and transferred to the Kin-Gap program, as well as new cases entering the program directly.

PROGRAM CHANGES

The growth experienced through 2001-02 is expected to continue through 2002-03, as the backlog of Foster Care cases eligible for the Kin-Gap program are identified and transferred. Costs per case are projected to remain stable. In 2002-03, it is estimated that 511 children will have transferred into the KIN-GAP program from the Foster Care Program and the CalWORKS – All Other Families Program.

BUDGET UNIT: SERIOUSLY EMOTIONALLY DISTURBED (AAB SED)

I. GENERAL PROGRAM STATEMENT

Assembly Bill 3263 requires the county to pay out-of-home costs for seriously emotionally disturbed (SED) children. The SED children under this program are those who have not been abused or neglected and are placed out-of-home pursuant to an individualized education program (IEP). These clients are referrals from the County Department of Behavioral Health, which has case management and supervision responsibility. This budget includes an expenditure offset of \$100,000 from the Department of Behavioral Health for clients placed in residential facilities outside of the State of California. This budget is funded 40% by the state with the remainder funded from Social Services Realignment Sales Tax Revenue and a county general fund contribution. There is no staffing associated with this budget.

Caseload for this program averaged 37 cases per month in 2001-02. Children with more severe needs entered this program during 2001-02 that required them to be placed in higher level of care facilities. This caused the average grant per participant to rise slightly higher than what was budgeted for in 2001-02. The lower actual average number of cases than budgeted in 2001-02 helped to offset the higher average cost per participant.

PROGRAM CHANGES

Program administrators try to keep caseload in this program at no more than 40 by examining all other programs that might be available to the participants before placing them in this program and placing the participants in the lowest level of care facility possible pertinent to their particular situation. If program administrators are able to continue with these placement procedures, this would help maintain projected 2002-03 expenditures.

BUDGET UNIT: CalWORKS – 2-PARENT FAMILIES (AAB UPP)

I. GENERAL PROGRAM STATEMENT

This program provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parent(s) is excluded from, or ineligible for, CalWORKs. It is estimated that approximately 8,424 dependents will be aided monthly.

The state (97.38%) and federal (.12%) governments reimburse costs for this program. Reimbursements from non-custodial parents of \$35,000 and a county general fund contribution of \$566,101 offset the remaining costs. There is no staffing associated with this budget.

BUDGET UNIT: AID TO INDIGENTS (AAA ATI)

I. GENERAL PROGRAM STATEMENT

This budget provides subsistence in the form of cash aids, food, shelter, and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. Services and supplies consist of a fixed amount contract with a law firm to assist clients in preparing applications. Other charges allow for general relief payment to facilitate transition to an employable status and to provide interim assistance pending receipt of Social Security Insurance (SSI) benefits. Other revenue represents retroactive SSI payments, which the county receives as reimbursement for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program. There is no staffing associated with this budget.

OVERVIEW OF BUDGET

DEPARTMENT: HUMAN SERVICES SYSTEM
ASSISTANT COUNTY ADMINISTRATOR: CAROL ANSELM
BUDGET UNIT: PROPOSITION 36 (RHD DPA)

I. GENERAL PROGRAM STATEMENT

In November 2000, California passed Proposition 36, the Substance Abuse and Crime Prevention Act of 2000 (Act). The Act mandated that certain persons convicted of a nonviolent drug possession offense, and any parolee who is determined by the Parole Authority to have committed a nonviolent drug possession offense, or violated any other drug-related condition of parole, will be provided drug treatment and related services in lieu of incarceration. On February 6, 2001 the Board of Supervisors designated Human Services System as the county lead agency for implementation of the Act and established a local interest earning trust fund for funds received from the State for this program. This special revenue fund is used to account for disposition of the funds received from the state.

PROGRAM CHANGES

Program changes affecting the budget include a net decrease of \$3,456,177 in transfers. This represents a decrease of \$484,368 to Probation for the elimination of start-up costs and anticipated increases in on-going costs, an increase of \$1,395 to Human Services System for support services, and a decrease of \$2,973,204 due to an accounting change.

Operating transfers out increased \$3,973,204 due to a \$1,000,000 anticipated increase in Alcohol and Drug treatment costs and a reclassification of transfers as mentioned above of \$2,973,204 due to GASB 34.

Other changes include an increase of \$283,645 in contingencies due to lower than anticipated number of patients treated under this program and a decrease of \$25,000 in other charges due to the elimination of one time expenses related to updating the Trial Court system.

Changes in program revenues include: the elimination of start up revenues (\$2,778,228), the increase in the State allocation for ongoing support (\$325,152), and the addition of interest revenue (\$200,000).

I. GENERAL PROGRAM STATEMENT

Preschool Services has operated the Head Start and other childcare programs in San Bernardino County since 1965 providing comprehensive child development and family services to children, ages 3 to 5 years, of low income and disadvantaged families. As the primary program (80% of all funding), Head Start incorporates educational, health, nutritional, and psychological services in order to help children become ready to enter and succeed in school and life in general. Site expansion and currently operating sites will provide childcare services at 45 sites throughout the county. Other programs operated by this department include the State Preschool Program, the Child Development Program, and the California Child Care Food and Nutrition Program.

Actual 2001-02 expenses were \$1.95 million under budget due to the delayed opening of several new and / or expansion sites: Adelanto, Apple Valley, Joshua Tree, Crestline, Upland, Rialto-Eucalyptus, San Bernardino-North, and Victorville. Preschool Services Department applied for and received authorization from the Administration for Children and Families (ACF) in San Francisco to carry over \$1.66 million in expansion funds to 2002-03.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Changes in budgeted staffing increased a net of 31.5 positions. Budgeted additions include 21.9 positions (24.0 authorized) to staff new sites anticipated to open in 2002-03 (Adelanto, Crestline, Joshua Tree, and San Bernardino), as well as administrative and program staff to handle the increased administrative workload and caseload management. The remaining 9.6 positions (15.0 authorized) are budgeted to provide full-year funding for positions added mid-year for expansion.

PROGRAM CHANGES

An increase in ongoing program revenue is due to a \$2.2 million federal expansion grant, to serve 240 additional children, in the following full day / full year sites: Adelanto, Crestline, San Bernardino – East, San Bernardino – North, Upland (Easter Seals – Delegate Agency) and Joshua Tree (Copper Mountain College). Ontario – Maple's full-day class opened in January 2002. An additional State Department of Education Grant, to provide general childcare for additional 72 children, was awarded to the department in the amount of \$471,000.

Public Health experienced significant variance between budget and actual in salaries and benefits as a result of continuing difficulty in recruiting and retaining employees within the nursing classifications. The services and supplies expenditures exceeded the adopted budget by \$1.2 million as a result of Board approved mid-year funding increases that were heavily focused on contracted services and purchases of equipment. The service and supplies expenditures included not only mid-year grant increases, but also reflect the Board's approval of contingency expenditures relating to disaster preparedness and bio-terrorism preparedness. The variance in reimbursements reflects the higher than anticipated staffing vacancy rate which results in lower than anticipated reimbursements due to lack of available staff to assign to projects. Additionally, the department had unbudgeted operating transfers out that were approved by the Board mid-year in the amounts of \$200,000 to CIP for the Devore animal shelter, and \$127,115 to ARMC for trauma care funding from Emergency Medical Services.

Revenue variances include lower than expected licenses and permits revenue and higher than expected current services revenue as a result of a re-categorization of some Environmental Health Service fees. Licenses and permits were also lower due to a decline in the collection of animal license fees.

PUBLIC HEALTH

Local cost was higher than the adopted budget, but below the department's approved local cost of \$866,200 after including mid-year Board approved adjustments. The mid-year adjustments affecting local cost include \$151,200 for disaster preparedness and \$85,000 for the purchase and implementation of new animal control software. The department was able to come in under the \$866,200 modified local cost as a result of the receipt of State bio-terrorism funds that were allowed under the grant to supplant some of the contingency funds approved by the Board.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budget-to-budget staffing changes include the addition of 17.9 budgeted positions as a result of mid-year Board approved increases including a new MOU with the Transitional Assistance Department and increases in various disease control programs. In addition to these mid-year increases, the Board approved various changes to the department's base budget, including an increase of 12.0 positions for a new Bioterrorism related grant, 8.4 positions due to additional funding for "The Earlier the Better" campaign, and 0.1 as a result of vital statistics fee increases. Reductions include 8.4 positions related to the "Ending Racial Disparities" grant and other minor changes in various programs netting to a reduction of 1.7 positions. The department is also converting recurrent positions to regular part-time, which will increase salary and benefit costs but will allow for more flexibility and reliability in staffing. The total net change in budgeted staffing is an increase of 28.3.

PROGRAM CHANGES

Budget-to-budget changes include Board approved base year adjustments totaling a \$5,749,632 increase in appropriation and a \$5,725,312 increase in revenues resulting in a net local cost increase of \$24,320. Of those amounts, adopted mid-year budget adjustments total \$1.7 million of the appropriation and revenue, resulting in no additional local cost. The remaining increases include adjustments due to MOU, retirement, risk management, and central computer costs. These cost increases are offset by revenue with the exception of those costs related to animal control, which under realignment legislation is not eligible for realignment funding. This resulted in an increase in local cost of \$24,320.

Additionally, the Board approved program funded adjustments to the base budget totaling \$3,512,031 in both appropriation and revenue. Of that increase, \$1,457,125 is a result of GASB 33 & 34 accounting changes. The remaining \$2,054,906 is comprised of three grant changes totaling \$276,500, revenue changes totaling \$1,253,151, and \$525,255 related to various fee increases.

Grant changes include: \$950,000 for a new bioterrorism grant to develop and implement a county response plan to a bioterrorism threat; \$416,500 from the CSUSB Foundation for "The Earlier the Better" campaign which is designed to improve parenting skills in certain targeted socio-economic groups; and a decrease in federal aid of \$1,090,000 as a result of the ending of the "Ending Racial Disparities" grant. These three changes total \$276,500.

The \$1,253,151 of other increases is composed of various programmatic revenue changes of: \$131,907 of current services revenue, \$153,200 of other revenue, a slight decrease of \$1,542 in licenses and permits revenue, and \$969,586 of state and federal revenues (discussed further in the following paragraph).

The increase of \$969,586 in state and federal revenue represents increased revenue from existing state and federal grants/programs over and above what was anticipated in the Board approved base budget. Within the Board approved base budget, it was anticipated that increased costs identified and approved by the Board of Supervisors during target setting, would be partially funded with state and federal grant revenues. Actual increases in these revenues were \$969,586 higher and that difference was included in the change to base budget. The additional revenues are comprised of various changes across many Public Health programs including Women Infants & Children, the AIDS program, and communicable disease prevention. As with all Public Health grants, applications, acceptances, and amendments to any current agreements will all come before the Board of Supervisors for approval.

BUDGET UNIT: CALIFORNIA CHILDREN'S SERVICES (AAA CCS)

I. GENERAL PROGRAM STATEMENT

California Children's Services is a state program that provides case management, diagnosis, and treatment services to children up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of their care. State law requires the county to maintain a mandated minimum county funding level. In addition to state realignment dollars and the county's mandated contribution, funding also comes from Medi-Cal, private insurance, and patient co-payments.

Therapy Units	124,556	124,000	-	124,000
Claims Processed	69,001	67,000	-	120,000

Workload indicators within this program are tracked by the state, which is currently in the process of migrating from one automated system to another. As a result, actual Workload Indicators for this program for 2001-02 are currently unavailable.

Savings in salaries and benefits occurred due to higher than expected vacancies and turnover within the therapist classifications. Services and supplies expenses vary greatly from year to year depending on the type and amount of services provided. The savings are a result of lower than expected expenses associated with catastrophic illnesses and reduced cost due to staffing vacancies. Transfers were under budget due to an accounting change wherein administrative expenses charged to California Children's Services by the Department of Public Health were charged to services and supplies and not transfers.

Variance in revenue occurred primarily as a result of reduced reimbursements from the state due to the lower level of expenses mentioned above.

III. HIGHLIGHTS OF APPROVED CHANGES TO BASE BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Due to state mandated staffing ratios, there is an increase in budgeted staffing of 50.4.

PROGRAM CHANGES

The California Children's Services program has mandated cost-sharing ratios. As a result of these cost-sharing ratios, most of the increase in budgeted expense is offset by increased state aid and realignment usage. The local cost portion of those cost-sharing ratios results in an increased local cost to the county of \$253,228.

BUDGET UNIT: CAJON PASS ILLEGAL DUMPING CLEAN-UP (RPH PHL)

I. GENERAL PROGRAM STATEMENT

In December 1998, a fire occurred in Cajon Pass as a result of illegal dumping of an estimated 100,000 tons of solid waste. Approximately 40 haulers and contractors have been identified as the parties responsible for the illegal dumping. This special revenue fund, established and managed by the Department of Public Health, Environmental Health Division, will be used to account for the settlement contributions of the small haulers and the \$750,000 grant from the California Integrated Waste Management Board (CIWMB) and the expenditures associated with the clean-up effort for the illegal dump in Cajon Pass. The state requires a 10% holdback of funds until the project is completed.

The total estimated cost to clean up the site is \$2,800,000. As a result of the settlement agreement among those identified as haulers the CIWMB will contribute \$750,000 and the large haulers will pay the balance of the clean-up cost less the contributions received from the small haulers. CIWMB will cover the cost associated with recycling of green waste and concrete, tipping fees, initial re-vegetation, and other costs as identified in the settlement agreement. There is no staffing associated with this budget unit.

OVERVIEW OF BUDGET

DEPARTMENT: VETERANS AFFAIRS
DIRECTOR: BILL J. MOSELEY
BUDGET UNIT: AAA VAF

I. GENERAL PROGRAM STATEMENT

According to the Secretary of the U.S. Department of Veterans Affairs, approximately one out of three people in the United States are potential V.A. beneficiaries. In San Bernardino County, this means approximately 575,000 veterans, their dependents, and survivors will become recipients of veteran's benefits. Veterans Affairs provides information and assistance to residents in filing claims for benefits and services to which they may be entitled from federal or state governments. These benefits include medical care, insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation.

Average Annual Award	1,143	1,100	1,671	1,100

The variance between budgeted and actual expenditures for 2001-02 was due to a half-year vacancy of a Supervising Veterans Service Representative and the half-year vacancy of a Veterans Service Representative I position.

The total revenue variance increased by \$10,000 due to additional funds received from the State of California based on the prior year's workload. Funding is determined by each county's claimable workload units. Although claimable workload units statewide have been decreasing due to the shrinking veteran population, the department's claimable workload has been decreasing at a slower rate resulting in a larger share of available funds. This slower decline in San Bernardino County can be credited to the department's outreach efforts at the VA Medical Center in Loma Linda, the California Veterans Home in Barstow, and military separation briefings at the Twenty-Nine Palms Marine Corps Base.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Expenditures in 2002-03 are expected to increase 3.75% due to full staffing of the department, the countywide MOU salary increase and the associated increase in benefit costs.

FACILITIES MANAGEMENT

BUDGET UNIT: MAINTENANCE DIVISION (AAA FMM)

I. GENERAL PROGRAM STATEMENT

The Maintenance Division of the Facilities Management Department administers the county's maintenance services provided to county owned and some leased facilities through a combination of in-house personnel and private service providers. In addition, the Maintenance Division is responsible for the minor remodel and maintenance portion of the county capital improvement program.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	3,845,467	6,913,553	6,945,474	7,226,422
Total Revenue	615,409	3,430,000	3,207,557	3,475,000

<u>Workload Indicators</u>

Maintenance trouble calls	15,375	15,700	11,037	12,000
Maintenance requisitions	5,205	5,300	1,020	1,200

Workload indicators—The number of square feet maintained remains unchanged at this time. In conjunction with the County Administrative Office, the department will be proposing to the Board the purchase and implementation of a Computer Aided Facilities Management software package (CAFM). One of the many benefits of this software will be in data collection. After implementation an updated inventory of the county's buildings will be completed which will include a new calculation of the square feet. After CAFM is implemented, Facilities will have a more accurate number.

The maintenance trouble calls estimate for 2001-02 and the projection for 2002-03 now includes only requests for service. In previous years, the total count included calls for general information and questions regarding administrative matters. The change to solely "maintenance" trouble calls more accurately reflects the workload that impacts this division. As of March 2002, the division has received 700 fewer calls fiscal year to date as compared to the same time last year. This can be attributed to a more active preventative maintenance program, which results in fewer trouble calls and reduced maintenance costs. This downward trend is expected to continue through next fiscal year, but at a slower pace.

Similarly, the manner in which maintenance requisitions are counted has been changed. Departments submit requisitions to the Facilities Management – Maintenance Division for various tasks such as minor electrical work, small office remodels, and relocation/moving assistance. In 2001-02 the division received a total of 1,020 such requests. A continuation of this trend is expected in 2002-03. This trend is attributed to our customer's increased confidence in the work performed by the division.

Actual expenditures exceeded budget in 2001-02 due to the payment of prior year expenses from 2000-01. Revenue variance is a result of a reduction in reimbursable labor hours due to vacant positions.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Budgeted staffing changes include the addition of 1.0 Maintenance Mechanic position to perform minor repair and preventative maintenance duties needed at the old County Medical Center site on Gilbert Street in San Bernardino. Due to the age of the existing facilities, and the extra care needed to maintain older buildings, it was determined that one full time maintenance position was needed. The cost of this position will be fully reimbursed in 2002-03 from Medical Center reuse funding, which is scheduled to be exhausted by the end of 2002-03. The department will request additional local cost in the 2003-04 budget for ongoing costs. Additional staffing also includes 2.0 Maintenance Mechanics for expansion of the West Valley Juvenile Hall.

STAFFING CHANGES

Changes in staffing reflect an additional 1.0 Mail Clerk II to accommodate anticipated workload increase.

PROGRAM CHANGES

Due to the county's continued expansion of offices and services required, it is necessary to expand the physical working area of the Central Mail Services. Included in this budget is a lease-purchase over seven (7) years of a modular unit with an approximate total cost of \$200,000. This expansion would include the modular unit and the electrical modifications required. The per year cost of this addition would be \$36,222. It has also been the recommendation of the last two (2) Grand Juries that Central Mail modify and expand the working environment to enable the addition of more mail courier routes, ensure safe working conditions, and allow for future expansion of county facilities.

In addition, there is an anticipated increase in postal charges of over 9% effective June 30, 2002. This will increase the reimbursable postage budget by \$600,000.

BUDGET UNIT: CHINO AGRICULTURAL PRESERVE (SIF INQ)

I. GENERAL PROGRAM STATEMENT

The Agricultural Land Post-Acquisition Program administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal and Parkland Conservation Act. The county contracts with the Southern California Agricultural Land Foundation (SCALF) to negotiate and manage leases, prepare conservation easements, manage properties acquired and recommend future acquisitions. Property management activities include arranging for all ordinary and emergency repairs and improvements necessary to preserve the properties at their present condition, enhance their operating efficiency or alter them to enhance lease potential and/or comply with lease requirements. Appropriations in this budget unit include a payment to SCALF for the management of the program and payment to vendors. The county receives lease revenues from the acquired properties. There is no staffing associated with this budget.

BUDGET UNIT: GRAND JURY (AAA GJY)

I. GENERAL PROGRAM STATEMENT

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Its responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's office. There is no county staffing associated with this budget unit.

On April 2, 2002, the Board of Supervisors increased 2001-02 appropriations by \$22,525 for additional audit contract costs. This was a one-time increase and was not carried forward into the budget for 2002-03. Due to other savings, this budget was also able to cover the first two months' costs of a second criminal grand jury that was convened in May 2002.

BUDGET UNIT: INDIGENT DEFENSE PROGRAM (AAA IDC)

I. GENERAL PROGRAM STATEMENT

State law requires that the courts appoint attorneys, investigators, and necessary defense experts for indigents in criminal cases. Private counsel is typically appointed when the Public Defender's Office has a conflict or is otherwise not available to handle cases. Appropriations for these appointments are included in this trial court indigent defense budget unit. These costs are not eligible for state trial court funding.

The Indigent Defense Program is administered by the Superior Court, with staff who process and monitor accounts payable for the court-appointed defense representation services. There is no staffing associated with this budget unit.

The appropriations for 2001-02 came in under budget by \$93,194. Actual revenue reflects an accounting correction to prior year revenues.

Although not reflected in the 2001-02 actual appropriation, 2001-02 encumbrances totaling \$262,000 were cancelled after the fiscal year end which will result in savings to the general fund in 2002-03.

PROGRAM CHANGES

The expenditures in this budget have decreased slightly because more appointments are being handled by the Public Defender's Office. Because these cases can take years to go through the court processes, the full impact on the respective budgets may be delayed for another year or two.

Additionally, there is no revenue anticipated for this program in 2002-03.

COUNTY TRIAL COURTS

BUDGET UNIT: JUDICIAL BENEFITS/FACILITIES (AAA CTN)

I. GENERAL PROGRAM STATEMENT

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. However, under AB 233, the costs of locally authorized judicial benefits and costs for facilities remain the responsibility of counties. This budget unit was established in 1997-98 to appropriate funds for those local judicial benefits and facilities-related expenses. There is no staffing associated with this budget unit.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03

Local Cost	1,575,017	1,551,875	1,692,051	1,806,975

On January 29, 2002, the Board of Supervisors approved an appropriation increase for 2001-02 of \$226,720 for the insurance on court facilities for 2001-02. This had formerly been paid by Superior Court, but the Trial Court Funding Act shifted responsibility for court facilities costs to the counties.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

None.

PROGRAM CHANGES

Due to rising insurance costs, the 2002-03 budget includes \$328,000 for insurance costs, rather than the \$226,720 approved during 2001-02.

Board action on June 6, 2001 reduced the local judicial benefits by approximately \$50,000 annually. This reduction is offset by increased costs for three new judges (two into new judgeship positions) that were appointed by the Governor in late 2001-02. A third new judgeship appointment is anticipated during 2002-03. The benefit cost for each judge is just over \$20,000 per year.

COUNTY TRIAL COURTS

BUDGET UNIT: TRIAL COURT FUNDING – MAINTENANCE OF EFFORT (MOE) (AAA TRC)

I. GENERAL PROGRAM STATEMENT

On January 1, 1998, AB233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state. The state thus assumed the sole responsibility for funding future growth in court operations costs. In addition, it required counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. The MOE contribution is made up of two components: reported 1994-95 county expenses for court operations, plus fine and forfeiture revenue sent to the state in 1994-95. Under the bill, county MOE amounts were established in 1997-98 with certain reductions and adjustments subsequently authorized by the state. In return, the state allowed the counties to retain many of those same fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be split equally with the state. There is no staffing associated with this budget unit.

II. BUDGET & WORKLOAD HISTORY

	Actual 2000-01	Budget 2001-02	Actual 2001-02	Budget 2002-03
Total Appropriation	31,067,607	29,838,295	33,402,632	31,828,295
Total Revenue	21,957,670	19,707,281	24,403,078	21,697,281
Local Cost	9,109,937	10,131,014	8,999,554	10,131,014

On January 29, 2002 the Board of Supervisors approved an increase in appropriations and revenues of \$2,656,305. The increase of \$1.3 million was for an increased payment to the state for its equal share of the fines and fees collections that exceeded the revenue MOE prescribed in Trial Court Funding statutes. Additionally, appropriations of \$1,356,305 were needed in order to make the current and prior year payments to a court facilities fund as required in an agreement between the county and Superior Court. Because these payments are predicated on the collections of increased fines and fees, the revenue budget was increased as well.

Due to even higher collections by the end of 2001-02, the Board of Supervisors increased appropriations and revenues at the close of 2001-02 for an additional \$908,034. This resulted in larger payments to the state and to the court facilities fund. The county's share of the additional collections also reduced the local cost by \$1.1 million.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changed)

STAFFING CHANGES

None.

PROGRAM CHANGES

Due to revenue trends experienced over several years, this budget was increased by almost \$2 million in appropriations and offsetting revenues for 2002-03.

Variance from budget is mainly due to Proposition 172 revenue shortfall which was covered by departmental savings and general fund contingencies; less than anticipated forfeiture revenue; and SB90 revenue shortfall since the department was unable to accrue reimbursements as a result of state's suspension of SB90 reimbursement and GASB 34 rule changes.

DISTRICT ATTORNEY

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

The Board approved as mid-year changes, the addition of 1.0 Paralegal for Restitution Program (grant funded); 3.0 Deputy District Attorney for expansion of SB90 funded Mentally Disordered Offenders Unit; and 4.0 Deputy District Attorney; 1.0 District Attorney Investigator; 1.0 Clerk III to support new judgeships; and 1.0 Clerk III for Victim Witness Compensation Program.

In addition to mid-year adjustments, the following program changes are reflected: Add 1.0 Programmer Analyst III to replace 1.0 Programmer III to correctly reflect position that was added to accommodate an ISD employee transfer to DA's office; defunding of 4.0 PSE; 1.0 Victim Witness Coordinator; 1.0 Deputy District Attorney; 1.0 Investigator; 1.0 Secretary I to meet local cost target, offset by addition of 1.0 Clerk III and 1.0 System Forensic Tech.

PROGRAM CHANGES

Reimbursements represent welfare fraud prosecution for social services; local law enforcement block grant for the e-filing project; vehicle fees; and Juvenile Justice grant (AB1913). Vehicle fees and AB1913 budgeted here represent a change in the way the department will recognize receipt of vehicle fees and AB1913 grant funds from a new special revenue fund established as a result of GASB 34 requirements.

BUDGET UNIT: ADMIN & COMMUNITY CORRECTIONS (AAA PRB)

I. GENERAL PROGRAM STATEMENT

The Probation Administration Bureau is responsible for the overall management of the Probation Department's field services, institutions, and pretrial detention units. The Community Corrections Bureau included in this budget unit provides adult and juvenile court related services in the areas of investigation and probationer supervision.

On April 2, 2002 the Board of Supervisors approved the Proposition 172 revenues shortfall plan, which provided an increase in local cost of \$342,948. Of this increased amount, only \$250,364 was used by the end of 2001-02.

Variances in both expenditures and revenues occurred in 2001-02 partly due to the reduction of grants. Additionally, expenditures were under budget due to difficulties in recruiting and retaining probation officers and to other vacancies in the department. Revenues were also under the amount budgeted because some of the Prop 172 revenue budgeted in this budget unit was transferred to Probation - Detention Corrections (PRN).

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

In addition to base year and mid-year adjustments, changes in budgeted staffing led to a net loss of 16.0 positions. The end of funding from various grants eliminated 26.0 positions, new grants and schools revenues added 6.0 positions, other mid-year actions approved by the Board of Supervisors added 2.0 positions, and 2.0 were added using existing budget.

PROBATION

PROGRAM CHANGES

A projected Proposition 172 (Public Safety Sales Tax) revenue shortfall has required Probation to assume a \$700,000 reduction in funding for 2002-03. The Administration/Community Correction Bureau will provide \$320,605 in cuts to help offset this deficit. This will be accomplished by a new staff training agreement with the Sheriff that saves \$185,000, various Services & Supplies being reduced by \$94,364, and cancellation of a personnel contract which releases \$41,241. The reduction for the remaining \$379,395 (\$700,000 - \$320,605) is reflected in the budget for the Detention Corrections Bureau (PRN).

Both the state-funded Repeat Offender Prevention Program (ROPP) and the Local Law Enforcement Block Grant ended June 30, 2002. An agreement with HSS for the Probation-to-Work program was defunded in February 2002. The Street Enforcement Team and Nightlight funding were decreased. State Proposition 36 compensation was reduced to reflect the deletion of one-time costs and other staffing adjustments.

HSS agreements with Probation increase reimbursements by \$113,409. State funding for training costs (STC) is augmented by \$45,000. Various state, federal, and other government grants (PASSAGES, COPS, JAIBG) add \$34,824 and Federal Title IV-E administrative claims were expanded by \$270,018.

On April 2, 2002, the Board of Supervisors approved the Proposition 172 revenues shortfall plan, which reduced budgeted revenue for Detention Corrections by \$404,625. This was mitigated by the transfer of \$496,360 of Prop 172 revenue that had been originally budgeted in the Admin and Community Corrections (PRB) budget.

The Proposition 172 revenues shortfall plan also provided an increase in local cost of \$244,552. Only \$5,642 of this local cost increase was actually used by the end of 2001-02.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Changes in budgeted staffing increased a net of 96.0 positions. Proposition 172 funding reductions necessitated the deletion of funding for 5.0 positions. Also reflected is a transfer of 2.0 Probation Correction Officer positions to the AB 1913 grant House Arrest program (PRG). On May 22, 2001, the Board of Supervisors approved the 2001-02 mid-year addition of 2.0 positions (1.0 Director II and 1.0 Secretary I) for the planning and transition of the High Desert Juvenile Hall project. Additionally, 2.0 Automated Systems Technician positions are added for much needed support to the Bureau, and to assist with the transition to the new Case Management system; financed by shifting budget from services and supplies to salaries and benefits. Furthermore, a vacant Food Services Worker position was reclassified to Food Services Supervisor.

The anticipated expansion of West Valley Juvenile Hall in December 2002 necessitates the hiring of 99 additional positions. These include 32.0 Probation Corrections Officers, 12.0 Probation Corrections Supervisors I, 6.0 Probation Corrections Supervisors II, 8.0 Food Services Workers, 1.0 Food Services Supervisor, 3.0 Night Custody Officers, 8.0 Probation Officers II, 1.0 Probation Officer III, 1.0 Supervising Probation Officer, 1.0 Store Keeper, 1.0 Stores Specialist, 11.0 Institutional Nurses, 2.0 Clinical Therapists, 10.0 Clerks, and 2.0 Fiscal Clerks.

PROGRAM CHANGES

A projected Proposition 172 (Public Safety Sales Tax) revenue shortfall has required the Probation Department to assume a \$700,000 reduction in funding for 2002-03. The Detention Corrections Bureau will provide \$379,395 in cuts as its share of the \$700,000. To accomplish this, all fixed asset vehicle purchases will be deferred (\$134,585) and five positions will be defunded (\$244,810). The remaining \$320,605 (\$700,000 – \$379,395) has been reduced in the Administration and Community Corrections Bureaus (PRB).

PROBATION

An additional 160 detention beds will become available when the West Valley Juvenile Hall construction project is completed. The facility is scheduled to begin operation in December 2002. The approved budget includes funding for start-up facility testing, staffing, and operations.

As a part of the County Medical Center site re-use implementation plan, Behavioral Health's Ward 'B' was designated for use to expand the Probation Department Regional Youth Educational Facility and Kuiper Youth Center. Moving these two programs out of Central Juvenile Hall will free up space at the Hall for approximately 65 rated detention beds. Additional funding for construction was authorized by the Board on October 23, 2001. Completion of this project will restore the RYEF program for boys to 40 beds and allow the KYC program for girls to expand from 30 to 40 beds, and help alleviate the present overcrowding occurring in the County system.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

The two employees called out for military duty may be out for as long as 2 years. However, the budget for 2002-03 is expected to remain at the full salary cost for seven employees in order to backfill the positions with reassignments and overtime.

BUDGET UNIT: ASSEMBLY BILL 1913 GRANT (AAA PRG)

I. GENERAL PROGRAM STATEMENT

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act of 2000) was signed by Governor Davis on September 7, 2000. This bill allocated \$121 million to counties on a per capita basis to be spent on prevention and intervention of juvenile crime. San Bernardino County's share in 2000-01 was just over \$5.9 million to fund programs during 2000-01 and 2001-02. Additional funding of \$5.8 million was provided during 2001-02 and another \$5.9 million is expected in October 2002. A Juvenile Justice Coordinating Council (JJCC) was formed to develop and recommend programs for funding. The resulting Comprehensive Multi Agency Juvenile Justice Plan (CMJJP) identifies and addresses gaps in service to juvenile offenders and their families throughout San Bernardino County.

This budget accounts for the CMJJP programs that are administered by the Probation Department. The District Attorney's Office, for example, operates an anti-truancy program. Expenditures for these programs occur in the departments' budgets and are reimbursed by funds maintained in a special revenue fund (SIG). Once the JJCC, the Board of Supervisors, and the State Board of Correction approve the programs, the appropriations and revenues are added to the departments' budgets.

II. BUDGET & WORKLOAD HISTORY

SUCCESS Expansion		384	360	450

Actual expenditures for 2001-02 exceed the adopted budget by \$1,060,170. However, on January 29, 2002, the Board of Supervisors increased appropriations by \$1.5 million for the addition and expansion of programs. Additionally, delays in implementing the House Arrest and the Day Reporting Centers programs have resulted in expenditures that were below the adjusted budget.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Board action on January 29, 2002, added 6.0 positions for the expansion of existing programs (1.0 Supervising Probation Officer, 2.0 Probation Officers II, 2.0 Probation Corrections Officers, and 1.0 Clerk II) and 2.0 positions for the new case management system (1.0 Business Applications Manager, and 1.0 Business Systems Analyst I). As part of the base budget, 2.0 Probation Correction Officers were transferred from the Detention Corrections Bureau.

On April 23, 2002 the Board approved the new Preventing Repeat Offender program, effective July 1, 2002, which requested the addition of 9.0 positions (1.0 Supervising Probation Officer, 1.0 Probation Officer III, 3.0 Probation Officers II, 3.0 Probation Corrections Officers, and 1.0 Clerk II).

PROGRAM CHANGES

While the appropriation amount for 2002-03 drops to \$317,384 (from \$4.4 million), the actual expenditure authority for this budget is \$6,092,301. Due to accounting changes required by GASB 34, the \$5,774,917 in funding must be shown as a reimbursement, a reduction of expenditures, rather than the offsetting revenues presented in previous years.

PROBATION

In addition to the expansion of several programs and the new case management system, the Preventing Repeat Offender program (PRO) was added. PRO is aimed at reducing crime among the small group of juvenile offenders who may be the greatest risk of becoming serious repeat offenders. It is expected that 75 families per fiscal year will be served. The target population is younger, first-time probation wards with a multi-problem profile. A collaborative team approach will be utilized to assess and manage each case. Both the participating ward and his/her family will receive services developed by a multi-disciplinary team.

BUDGET UNIT: COURT-ORDERED PLACEMENTS (AAA PYA)

I. GENERAL PROGRAM STATEMENT

Juveniles are committed to the California Youth Authority or placed with group homes to facilitate their rehabilitation. The county is required to pay costs of support for those minors not eligible under state or federal reimbursement programs. Appropriations are located in an independent budget to present a clear picture of expenditures and to separate the ongoing operations of Administration/Community Corrections from those over which the department has little control. There is no staffing associated with this budget.

The department continues its efforts to reduce court-ordered placements by increasing options available in the community through day reporting centers, enhancing special supervision programs, and providing for detention options that are funded through the Crime Prevention Act of 2000.

BUDGET UNIT: JUVENILE JUSTICE GRANT PROGRAM (AB 1913) (SIG PRG)

I. GENERAL PROGRAM STATEMENT

This bill allocated \$121 million to counties on a per capita basis to be spent on prevention and intervention of juvenile crime. San Bernardino County's share in 2000-01 was just over \$5.9 million to fund programs during 2000-01 and 2001-02. Additional funding of \$5.8 million was provided during 2001-02 for expenditures through June 30, 2003. In accordance with the Act, a Juvenile Justice Coordinating Council (JJCC) was formed to develop and recommend programs for funding. The programs must then be approved by the Board of Supervisors and by the California Board of Corrections. When spending plans for these programs are developed, the Board of Supervisors approves appropriations in the affected county department budgets. Departments then seek reimbursement from this special revenue fund. At this time, the county departments are Probation and the District Attorney's Office.

Because this funding source was originally a trust fund, no budget was developed for 2001-02. During March 2002, this funding source was transferred to a special revenue fund, as required by GASB 33.

PROGRAM CHANGES

Although the Governor's May Revise to the 2002-03 state budget proposed to eliminate this funding, it was added back into the final budget. This will provide an additional \$5.9 million to San Bernardino County; receipt of which is expected in October 2002. Until additional and continued programs are appropriated by the Board of Supervisors, these funds will be held in contingencies.

OVERVIEW OF BUDGET

DEPARTMENT: PUBLIC ADMINISTRATOR/GUARDIAN/
CONSERVATOR/CORONER
ADMINISTRATOR: BRIAN McCORMICK
BUDGET UNIT: AAA PAC

I. GENERAL PROGRAM STATEMENT

The Public Administrator is required by law to take charge of the property of persons who have died when no executor or estate administrator has been appointed. The Coroner investigates deaths to determine the cause and clarify all circumstances surrounding or pertaining to the manner of death. By court appointment, the Public Guardian acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide for their own care.

Variance from budget is mainly due to higher than anticipated appointed counsel fee collections and realization of SB90 revenue for expenses incurred in prior year.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

The Board approved, as mid-year changes, the addition of 4.0 Deputy Public Defenders, 1.0 Investigator, and 1.0 Clerk to support new judgeships; and 1.0 Assistant Public Defender to augment administrative structure.

In addition to mid-year adjustments, an extra help contract attorney was brought on board to assist with workload issues. This accounts for 0.1 budgeted position.

PROGRAM CHANGES

Salaries and benefits increased as a result of step advancements. Adjustments to services and supplies across multiple line items were made to offset increase in salaries and benefits. Revenue was increased to better reflect the increase in collections of attorney fees. The net effect of these changes results in no increase to local cost.

BUDGET UNIT: SHERIFF (AAA SHR)

I. GENERAL PROGRAM STATEMENT

The Sheriff acts as chief law enforcement officer of the county, providing a full range of police services throughout the unincorporated area and 14 cities that contract with the county for law enforcement services.

The general law enforcement mission is carried out through the operation of 15 county stations and centralized services including crime investigations, a crime laboratory and identification bureau, central records, communication dispatch and aviation division for general patrol, and search and rescue activities. The Sheriff also contracts with the Courts to provide security and civil processing. The Sheriff manages three major detention facilities: the Central Detention Center; Glen Helen Rehabilitation Center; and the West Valley Detention Center. The department also operates a regional law enforcement training academy and emergency driver training facility.

Variance from budget is mainly due to shortfall in Prop 172 revenue that was covered by departmental savings and General Fund contingencies; lower than anticipated federal prisoner contract revenue due to reduced average daily inmate population levels; and reduced city contract revenue due to vacancies.

III. HIGHLIGHTS OF BOARD APPROVED CHANGES TO BUDGET (see attachments for detailed changes)

STAFFING CHANGES

Staffing changes include 32.0 positions approved as mid-year items during 2001-02: 1.0 Captain, 1.0 Lieutenant, 4.0 Sergeants, 2.0 Detectives, 11.0 Deputy Sheriffs, 1.0 Sheriff's Service Specialist, 2.0 Dispatchers II, 1.0 Secretary I, and 2.0 Station Clerks for City of Adelanto law enforcement contract, 1.0 Deputy Sheriff for the City of Victorville law enforcement contract, 3.0 Deputy Sheriffs for the City of Rancho Cucamonga law enforcement contract, 1.0 Deputy Sheriff of the City of Highland, 1.0 Deputy Sheriff for the County Government Center security, and 1.0 Alcohol Drug Counselor for Inmate Welfare. In addition 3.0 positions were added as a result of law enforcement contract amendments approved in June 2002: 1.0 Deputy Sheriff for City of Grand Terrace and 1.0 Deputy Sheriff and 1.0 Detective for City of Victorville.

SHERIFF

In addition to mid-year changes, 12.0 full time equivalent positions were added to the Sheriff's budget to replace the following technical positions previously funded by COPSMORE grant: 3.0 Systems Development Analysts; 3.0 Systems Support Analyst III; 3.5 Automated Systems Analyst I; and 2.5 Automated Systems Technicians.

PROGRAM CHANGES

Prop. 172 revenue is expected to decrease significantly for 2002-03. The Sheriff Department's share in this revenue shortfall is estimated at \$4.0 million. As a result, the department's recruitment for new deputies will be decreased in order to generate an approximate cost savings of \$1.5 million. The remaining \$2.5 million is covered by general fund support and reflected in increased Local Cost.

Reduction of U.S. Marshal Contract revenue by \$5.8 million reflects anticipated lower population level. Changes in federal enforcement strategies after the September 11 attacks has drastically reduced U.S. Marshal inmate population. Federal inmate population from October to date averages 520 inmates per day but is expected to increase and stabilize at 550 per day. The adopted budget is based on a projected daily average population of 550 federal inmates at \$60/day, 8 medical inmates at \$500/day, and total transportation charges of \$495,000. Expenditures and revenue were correspondingly decreased to reflect these changes.

The 15% allocated for drug education programs are used to fund the Sheriff's Drug Use Is Life Abuse (DUILA), Crime Free Multi-Housing, Law Enforcement Internship Program, and Operation Clean Sweep programs. Funds are also used for maintenance of seized property. There is no staffing associated with this budget unit.
