SUBJECT REVISED FINANCING PLAN FOR 2004-05 BUDGET WORKSHOP

On March 2, 2004, Wally Hill, then County Administrative Officer, presented to the Board of Supervisors a 2004-05 Budget Financing Plan. A copy of that agenda item is attached for your reference. That plan provided the basis for distributing locally financed budget targets to general fund financed departments to develop their 2004-05 proposed budgets. Those budget targets included up to a 21% reduction in local financing to departments. This reduction was recommended to cover the projected state budget decrease as well as to implement a form of zero-based budgeting. Wally Hill resigned from office in mid-March. I came into office shortly afterwards, and created a County Operating Budget Team to review these budget targets.

The County Operating Budget Team had discussions on budget issues/challenges facing the county in the next fiscal year and future years and what should be the best approach to take in building the upcoming 2004-05 budget targets. The team proposed to revise those 2004-05 budget target recommendations. Instead of the 21% reduction that was previously put forward, the County Operating Budget Team eliminated inflation financing, elected to reduce selected public safety departments by 4% (Sheriff, District Attorney, Public Defender and County Fire), recommended a 9% local cost reduction to the remaining general fund financed departments, and directed other operational and structural changes to be made in order to present a balanced budget. The Board of Supervisors approved these revised targets and enclosed in this workbook are the departmental budgets submitted and reviewed by the County Administrative Office.

The 2004-05 proposed budget workbook has been designed to be more user friendly for the Board of Supervisors, the departments, and the public. The workbook includes:

- A mission statement from each of the departments
- An organizational chart, which portrays what functions the department performs as well as how much staffing by function is included in their 2004-05 budget
- Expenditure and financing pie charts, which shows what % of the 2004-05 budget is spent on salaries, services, etc. as well as what % of financing sources such as local cost, fee supported revenues, etc. that is available to the department in 2004-05

- The Board Approved Base Budget, which includes the approved costs mentioned in the March financing plan, impacts due to proposed state budget cuts (see consolidated listing of these in Attachment A) and any other Board approved agenda items.
- The Department Recommended Funded Adjustments, which includes any changes made by the department within their allocated local cost or other financing source

Any program or workload changes that could not be financed within current departmental allocation are presented as policy items in this workbook. A summary of the requested policy items is included as Attachment B. Fee ordinance adjustments are not incorporated in the enclosed budgets, but are included for approval. A summary of the requested fee adjustments is included as Attachment C. Details on the fees are included within the applicable departmental budget submittals. The majority of the requests are to increase appropriation if the fee is approved. A few of the departments submitted fee increases to restore their 9% local cost reduction. In addition, for some general fund departments, if the fee is approved it would save general fund financing by reducing the department's reliance on local cost.

REVISED 2004-05 FINANCING PLAN

Since March 2, 2004 the county has adjusted local cost allocations and have received additional actual data on discretionary revenue as well as departmental activity from March and April. This new information was analyzed and the County Administrative Office is revising the county's 2004-05 financing plan as follows:

	(In Millions)	
	Ongoing	One-time
Financing Available as of March 2, 2004	15.8	52.8
Increase in Fund Balance	-	1.8
Adjustments to Local Cost:		
Local Cost Reduction Savings	13.2	-
Not finance inflation	1.1	-
Use of Realignment for Mandated Backfill	1.4	-
Subtotal Revised Financing Available	31.5	54.6
Set Aside for Future Retirement Costs	(7.9)	-
Revised Financing Available	23.6	54.6
State Budget Hit based on January Proposal	(32.7)	
Remaining Ongoing Deficit to Cover	(9.1)	
Financing Options In Process:		
Furlough Savings	7.1	
Reorganization Savings	2.0	
Balanced 2004-05 Proposed Budget	-	

Increase In Fund Balance

The County Administrative Office is expecting an increase in anticipated fund balance of \$1.8 million, from \$41.6 million to \$43.4 million, at the end of 2003-04 for three reasons. Departmental savings is anticipated to be \$12.8 million higher than projected in the March 2, 2004 financing plan. This is caused by the continued hiring freeze for all county departments, increased recording revenue in the Auditor's budget, decrease Court Ordered Placements for juveniles and using Prop 172 revenue to cover the Sheriff's shortfall instead of the general fund.

This increase in fund balance is offset by an estimated use of \$8.4 million in contingencies to assist in purchasing a building for court relocation and other county uses. In addition, discretionary revenue is estimated to net \$2.6 million less overall, mainly due to lower projections in vehicle license fees (VLF). This is occurring as a result of the signing of AB 1457 on May 4, 2004, which for this fiscal year only will shift an estimated \$165.0 million statewide from discretionary VLF to backfill realignment VLF.

Adjustments To Local Cost

Included in the state's January Proposed Budget there is a proposal to take approximately \$32.7 million from the County of San Bernardino in the form of property tax revenue and booking fee revenue in order to help cover the State's deficit. These two discretionary revenue sources finance the department's local cost. Therefore, county departments were requested to build their 2004-05 proposed budget with a lower local cost allocation, which created savings of \$13.2 million. In addition, the revised financing plan does not finance inflation for 2004-05, which created savings of \$1.1 million. Also as part of the state's January Proposed Budget there is a proposal to shift a portion of local county child support collections to the state general fund, which presently cover the mandated local share required for that program. The original financing plan had the general fund backfilling this state shift in financing. The revised financing plan will use social services realignment to backfill this mandated local share, which allowed \$1.4 million to be redirected toward funding the county's shortfall. These adjustments total \$15.7 million in savings, which will assist in covering almost half of the projected reductions created by state's budget crisis.

Set Aside For Future Retirement Costs

The county will be facing significant increases in retirement costs beginning in 2004-05 due to an estimated unfunded actuarial accrued liability (UAAL) of \$1.1 billion. It is for this reason that the county is setting aside \$7.9 million in ongoing financing to assist in covering these future costs. The county is also looking into issuing a pension bond to reduce interest expense on a portion of the UAAL.

Financing Options In Process

Even with the adjustments to local cost, there is still an estimated \$9.1 million ongoing deficit in order to cover the state budget impact to discretionary revenue of \$32.7 million. Currently we are the possibility of implementing some form of furlough and conducting studies for reorganizations in order to generate additional savings to balance the 2004-05 budget.

Furlough Savings

Representatives of the county have met with representatives of all employees associations to begin negotiations in possible reductions in labor costs to mitigate the effect of anticipated reductions in revenue primarily due to the state budget. All county MOUs are in effect at least until the end of the calendar year. The county cannot implement changes to current or anticipated compensation without the agreement of the affected county labor associations. The association representatives have asked for additional information regarding the budget and have asked that the Board give serious consideration to golden handshakes or other early retirement incentives. We are working to complete these analyses and will meet with the associations in May to discuss further.

Reorganization Savings

There are currently two reorganizations the County Administrative Office is evaluating to determine if potential general fund savings can be generated. The County Administrative Office is always constantly vigilant for any opportunities to make the county more efficient with taxpayer dollars.

The financing plan before you incorporates the combination of these two financing options in order to build a balanced 2004-05 budget, using ongoing revenue sources to finance ongoing costs. If any of the assumptions put forward in this plan change substantially, we will return to the Board of Supervisors to receive additional direction.

**REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS
OF SAN BERNARDINO COUNTY, CALIFORNIA
AND RECORD OF ACTION**

March 2, 2004

FROM: **WALLY HILL**, County Administrative Officer
County Administrative Office

SUBJECT: **POLICY DIRECTION ON 2004-05 BUDGET TARGETS**

RECOMMENDATIONS:

1. Review the financing and policy issues identified in this report, including the spending and revenue projections used to develop the 2004-05 proposed budget financing plan, and the County Administrative Officer recommendations in developing budget targets.
2. Direct the County Administrative Officer to build departmental budget targets for the 2004-05 proposed budget based on the data and conclusions in this report, as modified by further Board action.

BACKGROUND INFORMATION: This report is the initial step towards development of the 2004-05 final budget. This report will be used as the basis for the development of budget targets to be issued to county departments. It describes how the county is financing the 2004-05 budget targets and how much available financing remains to address known issues, such as the state budget crisis.

Components of the financing plan included in this report are:

- Analysis of the 2004-05 financing plan:
 - 1) Financing Available
 - 2) Cost to Maintain Current Services
- Analysis of proposed state budget impact to the county
- 21% reduction in non-mandated 2004-05 local cost
- Review of county policies as to use of one-time funds and general-purpose revenues
- Summary of potential options for salary savings
- Conclusion

2004-05 FINANCING PLAN

Projections for additional financing available for next year's budget include \$54.2 million in ongoing funding sources and includes \$67.3 million in one-time sources as summarized on the chart below:

FINANCING AVAILABLE FOR 2004-05

	(In Millions)	
	Ongoing	One-time
Beginning Financial Position	14.3	29.4
New Discretionary Revenue	24.2	
New Prop 172 Revenue	15.7	
Estimated Additional One-Time Money Available		37.9
Total Financing Available	54.2	67.3

March 2, 2004
Page 2

When building the previous year's budget, the Board of Supervisors did not allocate a significant amount of ongoing and one-time sources in order to finance future funding issues. A portion of this money has been used during the year and the remaining unallocated balances are \$14.3 million in ongoing sources and \$29.4 million in one-time sources. This money is available to be used in 2004-05.

NEW DISCRETIONARY REVENUE

New discretionary revenue is outlined in the chart below. The growth from prior year's budget in discretionary countywide revenues is estimated to be \$24.2 million and is based on the following.

	(In Millions) Ongoing
Property Tax Assessed Valuation Growth	9.2
Property Transfer Tax	3.7
Motor Vehicle License Fee	5.0
Interest	1.8
COWCAP	1.5
Sales Tax	0.9
Other	2.1
Total New Ongoing Discretionary Financing	24.2

Property tax revenue is expected to increase by \$9.3 million based on an assessed valuation growth of 8.0%. This is offset by an estimated \$ 0.1 million in property tax losses due to last year's wildfires.

Property Transfer Tax revenue is expected to grow 12.3% over the current year-end estimate; 12.3% is the ten-year average growth rate of this revenue. The Property Transfer Tax is collected only when there is a sale of property (not a refinance). The rate is \$0.55 per \$500. If the sale is in an incorporated area, the city gets half of the transfer tax and the county gets half of the transfer tax. In the unincorporated area, the county gets the entire share.

Vehicle license fee revenue is expected to grow 4.8% over the current year-end estimate (adjusted to include the unpaid backfill). This is based on projections from local economists.

Interest is expected to increase by \$1.8 million based on slightly higher interest rates and a 5% decrease in general fund balance.

COWCAP is expected to increase \$1.5 million based on the ten-year average growth rate of 7.4%.

Sales tax revenues are expected to grow 4.8% over the current year-end estimates. This is based on input from local economists.

Other revenues are expected to increase by \$2.1 million; \$1.2 million of this increase is in Property Tax Administration fees, which rise with property tax revenues. In addition, Franchise Fees, PILT and Aircraft taxes are expected to increase slightly with an offsetting decrease in the Hotel Motel Tax.

NEW PROP 172 REVENUE

Proposition 172, which became effective January 1, 1994, created a one-half percent sales tax rate in the state's constitution to provide funding resources to qualifying public safety services. The Board of Supervisors approved the allocation of this sales tax to the following public safety departments: Sheriff (70%), District Attorney (17.5%) and Probation (12.5%). In 2003-04 the total amount of Proposition 172 sales tax budgeted is \$97.3 million. The current estimate for Proposition 172 revenue that will be received in 2003-04 is approximately \$105.3 million, which is \$8.0 million above the budgeted amount. This growth in 2003-04 and the estimated growth of 7% in 2004-05 translates into \$15.7 million available to assist in financing the 2004-05 increased costs for the three departments mentioned above.

ESTIMATED ADDITIONAL ONE-TIME MONEY AVAILABLE

The chart below summarizes estimated additional one-time money, totaling \$37.9 million, that will be available in the 2004-05 budget. Following the chart is additional information regarding these one-time sources.

	(In Millions) One-time
2003-04 Ongoing Contingencies Not Used	13.8
2003-04 Departmental Operation Savings	3.3
Additional Countywide Discretionary Revenue in 2003-04	3.2
General Fund Share of Termination Payments of Solid Waste Investment Agreements in 2003-04	2.0
Additional Tobacco Settlement Proceeds in 2003-04	0.7
Debt Refinancing Savings	2.0
Use of Equity Pool Reserve	0.1
Use of Justice Facilities Reserve	1.0
Solid Waste Transfers	5.0
ARMC Lawsuit Settlement	6.8
One-Time Money Available for 2004-05	37.9

Analysis of the current year's budget status shows existing unused, ongoing contingencies that are available for one-time expenses in 2004-05. In the current year, there is also estimated departmental savings and additional revenue projected to be received that is available for one-time expenses in 2004-05.

On September 17, 2001, the Board authorized the refunding of the 1992 West Valley Detention Center Certificates of Participation. The total debt service savings, which was structured over a three-year period, totals \$7,470,447. In 2002-03 savings of \$1,055,777 was realized and was used, together with \$2.1 million in savings from the refinancing of the 1992 Justice Center/Airport Improvement Project, to prepay \$3.2 million in principal of the Glen Helen Series D taxable debt. In 2003-04, savings of \$4,401,747 was realized, and was set aside with other one-time monies available in 2003-04 to offset potential impacts of the state budget. In 2004-05, the remaining \$2,012,923 in refinancing savings will be realized.

This \$1.0 million use of the Justice Facilities Reserve is to offset the costs of the approved safety MOU and the use of \$0.1 million of the Equity Pool Reserve is to offset approved equity adjustments.

The Solid Waste Enterprise fund has been making an annual payment of \$5.0 million to the general fund since 1995. This payment serves as a reimbursement for the value of certain landfill properties acquired by the county prior to 1983, when the Solid Waste Enterprise fund was established. This reimbursement was approved by the Board of Supervisors on October 31, 1995 and is estimated to cease in 2005-06 once the balance is satisfied. For this reason, the entire \$5.0 million is included as a one-time financing source in 2004-05.

The ARMC lawsuit settlements totaled \$8.8 million. After final payments pursuant to the settlement agreements, final payments for legal fees, final insurance premiums, and after setting aside \$1.3 million for the remaining estimated costs of shower and floor repairs at the ARMC, \$6.8 million of the settlement monies remain available for appropriation.

COST TO MAINTAIN CURRENT SERVICES

The prior sections of this report addressed the financing available for 2004-05. This section will address increased costs in 2004-05 to maintain current services. The chart below summarizes the adjustments to prior year's budget that are included in the financing plan for both one-time and ongoing costs. Following the chart is a brief description of each cost component.

	(In Millions)
MOU Increase in 2004-05	8.7
Retirement Rate Adjustments	15.9
Workers' Comp & Other Insurance Costs	5.4
Central Computer	2.0
Inflation	1.7
High Desert Detention Center	1.3
Unemployment Insurance	1.3
Debt service	0.9
County Fire MOU Increase in 2004-05	0.5
Other Unavoidable Costs	<u>0.7</u>
Total Ongoing Costs	38.4
Financing to Other Funds	4.5
Contribution to Priority Policy Needs	1.0
Transfer Justice Facilities Reserve to Sheriff	1.0
Maintain Contingencies per Board policy	5.6
Contribution To Reserves Per Board Policy	<u>2.4</u>
Total One Time Costs	14.5

MOU Increase in 2004-05 - \$8.7 million

The county is in the third year of a three-year agreement with employees represented by the general MOU and the exempt compensation plan. Each of these agreements call for a 3.0% salary adjustment in July 2004 along with increases in the flexible benefit plan, at a net local cost of \$6.1 million. The provision of local cost funding of MOU increases for the previously self-supporting functions of Advanced Planning, Parks, and Museums continues.

The county is in the third year of a three and one-half year labor agreement with employees in the attorney unit. This unit's MOU calls for a 3.0% salary adjustment to be received in July 2004 along with increases in the flexible benefit plan. In addition, this unit will also receive a 1.5% salary adjustment in December 2004. The net local cost of these previously negotiated salary and benefit changes is \$1.05 million.

The county is in the third year of the three and one-half year labor agreement with employees in the specialized peace officers and specialized peace officers-supervisory units. These units' MOU calls for a 1.8% increase effective June 2004 along with increases in the flexible benefit plan. These salary and benefit costs have a net local cost of \$0.5 million.

The county is in the second year of a three-year agreement with employees in the safety and safety management units. These units' MOU calls for a 1.0% salary adjustment in October 2004. While there is no increase in their flexible benefit plan dollars, there are increases to the health and dental plan subsidies provided to employees. The net local cost associated with these previously negotiated salary and benefit adjustments is \$1.05 million.

Retirement Rate Adjustments - \$15.9 million

Employer retirement contributions are composed of two rates: a rate set by the county to cover payment of the existing pension obligation bond and a rate set actuarially by the Board of Retirement. In 2004-05, there was no change to the rate component associated with the pension obligation bonds. The rate from the Board of Retirement, however, increased significantly for both general and safety employees. This increase is the result of increases in unfunded actuarial accrued liabilities (UAAL) and increases in benefit costs associated with the 3% at 50-retirement benefit provided to safety employees. As a consequence of these factors, general employee local cost will rise \$8.5 million and safety employee local cost will increase \$7.4, for a total local cost of \$15.9 million.

Workers' Comp and Other Insurance Costs - \$5.4 million

Increases to Workers' Compensation premiums are required to offset increasing expenses for claims. This increase of \$4.0 million is consistent with the five-year recovery plan, which aims to be 70% marginally acceptably funded by 2007-08. Other insurance costs, which include property, liability, surety, and medical malpractice increased by \$1.4 million in local funding requirements.

Central Computer Rate Increases - \$2.0 million

In 2003-04, the Information Services Department decreased their rates on a one-time basis to use their surplus retained earnings from prior years. Rates in 2004-05 have been increased to finance the actual costs incurred including the increased costs in MOU, retirement, workers comp, and inflation.

Inflation - \$1.7 million

Based on the most recently available economic forecasts from the California Department of Finance, a general inflation rate of 2% was used in the development of the 2004-05 budget. Inflation-related increased costs of goods and services based on this rate are projected to require an additional \$1.1 million in local funding. In addition, there is approximately \$596,000 in local cost increases in the Utilities budget due to the projected utility rate increases.

High Desert Detention Center - \$1.3 million

On February 3, 2004, the Board approved funding and staffing for the High Desert Detention Center scheduled to open in September 2004. Increases in local funding for this facility are reflected in the Facilities Management budget unit (\$185,184) and the Probation budget unit (\$1,121,300).

Unemployment Insurance - \$1.3 million

Unemployment insurance (UI) costs are increasing by \$1.3 million due to the elimination of the Public Service Employee positions, which have resulted in a greater number of former County employees that are now eligible to receive UI benefits. In addition, the maximum weekly benefits paid by the state, but reimbursed by the county, have increased from \$230 to \$410 effective January 4, 2004.

Debt Service - \$0.9 million

The 2002 Justice Center/Airport Improvements Financing Project refinanced the costs of constructing the Foothill Law and Justice Center and four airport assembly buildings at the Chino Airport. To date, the portion of debt service allocable to the airport assembly buildings has been paid by revenues from the lease of these buildings and a lease termination payment made by Lockheed in 1996. Beginning in 2004-05 it is anticipated that there will be insufficient lease revenues to cover any of the Airport's \$ 0.9 million share of the debt service, and is the reason for the local cost increase included in the proposed targets.

County Fire MOU Increase - \$0.5 million

County Fire is in the second-year of its three-year MOU. This MOU calls for a 2.5% salary increase in October 2004. The general fund subsidy for these costs will increase \$0.5 million.

Other Unavoidable Costs - \$0.7 million

The net change in other unavoidable costs is \$0.7 million, the major changes include the loss of local match share for CalWorks payments and increases in the local cost share of Human Services System entitlement payments. This rise in costs is offset by a reduction in local cost in the Probation's Court Ordered Placements budget unit of \$1.0 million due to fewer projected placements.

Financing to Other Funds - \$4.5 million

Capital Improvements - As part of the financing plan, \$3.5 million has been allocated to the Capital Improvement Program.

General Plan Update - The county general fund has been contributing money to finance a portion of the general plan update. To date \$3.5 million has been allocated for this purpose. An additional \$1.0 million will be allocated in 2004-05. The remaining planned contribution will be \$0.5 million in 2005-06.

Contingencies - \$5.6 million/Contributions to Reserves - \$2.4 million

These funding recommendations are based on established county policy discussed later in this memo.

SUMMARY OF PRELIMINARY 2004-05 FINANCING PLAN

	(In Millions)	
	Ongoing	One-time
Financing available	54.2	67.3
Cost to Maintain Current Services	(38.4)	(14.5)
2004-05 County Surplus	15.8	52.8

This report has identified \$54.2 million in ongoing financing available and \$67.3 million in one-time financing available in 2004-05. This report also recommends to use \$38.4 million in ongoing financing to fund increased costs to maintain current services and \$14.5 million in one-time financing to adhere to county policy and finance capital improvement projects. After financing these increased costs, the county is projected to have available discretionary ongoing revenues of \$15.8 million.

STATE BUDGET IMPACT

On January 9, 2004, the Governor's Proposed Budget for 2004-05 was announced. The County Administrative Office immediately enlisted departments' assistance in identifying specific budget impacts. If the January 9th budget submitted by the governor is adopted, the total fiscal impact to the County of San Bernardino is expected to be \$76.6 million for 2004-05. Of this amount, \$56.2 million will impact the availability of discretionary revenue, which funds departmental local cost. These state budget impacts are all believed to be on-going in nature, rather than a one-year impact. For that reason, on-going cuts need to be identified.

Discretionary Revenue Taken by State	\$32.7 million
Reduced In Home Supportive Services Support from State	\$10.4 million
Continuation of State Cuts – Built in 2003-04 County Budget	\$ 7.2 million
Mandated Backfill due to State Cut	\$ 1.4 million
Direct State Cuts to County Departments	<u>\$ 4.5 million</u>
	\$56.2 million

Typically budget targets are issued to county departments based on the projected increase in available financing and the estimated increase in known costs to maintain the current services provided within the county. However, this is the second year in a row that the county has a gray cloud hovering over us that can lead to a significant downpour at anytime. Because of the uncertainty of the 2004-05 State Budget, plans need to be put in place in order to ensure the county remains financially structured in 2004-05.

Even if the present plan submitted by the Governor does not come to pass, it is strongly believed there will be significant impacts to the county's discretionary revenue but the exact amount is not known. This report recommends that the county develop their 2004-05 budget targets assuming the discretionary revenue of \$32.7 million, which is a portion of the county's property tax and all of the county's booking fee revenue, is taken.

The proposed budget targets do not include the backfill for the \$10.4 million with the assumption that the county will not exceed the state's funding level of the IHSS provider hourly wage. If this assumption does not materialize, further reductions will need to be made. The \$7.2 million and \$1.4 million mentioned above is factored into the proposed 2004-05 budget targets. The \$4.5 million is not factored into the proposed 2004-05 budget targets and is recommended to be absorbed within the particular department that had received the funds. This recommendation follows the same guidelines as grants received by departments.

It should be noted that the Probation Department will be losing \$4.2 million and may have to eliminate programs that may be cost effective to alleviate over crowding in juvenile hall.

21% NON-MANDATED LOCAL COST REDUCTION

The prior sections of this report addressed the county financing available, the known new costs for 2004-05 and the potential state budget impact. Based on the January proposal of the state budget, the county needs to reduce their budget by a minimum of \$24.8 million, which is equivalent to a 11% reduction in non-mandated local cost if proportionately distributed to all general fund departments. For this financing plan, mandated costs have been narrowly defined as specifically quantifiable, unavoidable costs. This section addresses the proposal of requesting general fund departments to build their 2004-05 budget with a local cost reduction that is 21% of their 2004-05 non-mandated local cost as detailed in 2004-05 Preliminary Target Worksheet (Attachment A). This proposal reflects a form of zero-based budgeting.

Zero-based budgeting is a technique by which budget requests must be justified in complete detail by each function starting from a level well below the existing level of funding. While in theory, the starting point is zero, few practitioners of zero based budgeting require rejustification of every dollar. More typically, the analysis usually begins at 70%-80% of the current level of funding. This technique is used when planning and decision-making is made on a priority basis. Since this budgeting process requires a re-examination of existing levels of functions, instead of the traditional focus on increments, it would require a significant amount of staff time to implement each year. The County Administrative Office believes that this is a good technique to implement a modified form of this budgeting technique in the upcoming 2004-05 budget year due to the potential state budget hit.

By having all general fund departments build their 2004-05 budget with 21% less in non-mandated local financing, there will be approximately \$46.0 million in possible reductions in general fund departmental budgets. During budget workshops in late May, the County Administrative Office will be recommending that the Board of Supervisors restore \$21.2 million of these reductions based on county priorities and the remaining \$24.8 million in reductions be approved in the county budget pending the adoption of the state budget.

COUNTY FINANCING POLICIES

In 1998 the county adopted a formal budget financing policy and a reserve policy. The key elements of these policies are described below:

Budget Finance Policy

- One-time funds will not be used to finance ongoing operational costs, except within the context of a larger plan to balance ongoing revenues and costs over a multi-year period.
- No less than one-third will be allocated to increasing reserves to the 10% target level as defined in the County's Reserve Policy.

Reserve Policy

- The county shall establish an ongoing general-purpose reserve for the general fund targeted at 10% of locally funded appropriations.
- The county will maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the county's operations, which could not have been reasonably anticipated at the time the budget was prepared. Funding shall be targeted at no less than 1.5% of locally funded appropriations.

BOARD OF SUPERVISORS
POLICY DIRECTION ON 2004-05 BUDGET TARGETS
March 2, 2004
Page 8

The definition of locally funded appropriations is defined as those which are funded by discretionary, unrestricted property tax, sales tax, motor vehicle-in-lieu taxes, interest income, and other revenues not linked to specific programs.

For 2004-05, the locally funded appropriations are projected to be \$372.1 million. A general reserve requirement of 10% would be \$37.2 million and an appropriated contingency of 1.5% would require \$5.6 million.

The financing plan includes \$5.6 million in the county contingency budget and recommends a contribution of \$2.4 million to the general purpose reserves to satisfy the requirements of these policies.

The county has several types of reserves. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general reserves are funds held to protect the county from unforeseen increases in expenditure or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county. All of these reserves are one-time in nature and can only be used as a temporary fix. They are not viewed by staff as appropriate remedies for the likely state budget cuts, as those are on-going cuts.

A listing of those reserves and the planned contributions are shown below:

<u>COUNTY RESERVES</u>			
	Estimated June 30, 2004 Balance	Recommended Contribution /(Use)	Estimated June 30, 2005 Balance
General Purpose Reserves	34,823,568	2,388,781	37,212,349
Specific Purpose Reserves			
Medical Center Debt Service	32,074,905		32,074,905
Teeter Reserve	19,260,087		19,260,087
Restitution Reserve	2,114,234		2,114,234
Retirement Reserve	7,000,000		7,000,000
Equity Pool Reserve	4,396,690	(122,711)	4,273,979
Insurance Reserve	5,000,000		5,000,000
Capital Projects Reserve	4,000,000		4,000,000
Bark Beetle Reserve	1,830,300		1,830,300
Justice Facilities Reserve	3,885,408	(1,000,000)	2,885,408
West Valley Maximum Security	1,492,986		1,492,986
Reserve for Museum Paleontology	865,000		865,000
Total Specific Purpose	81,919,610	(1,122,711)	80,796,899
Total Reserves	116,743,178	1,266,070	118,009,248

As demonstrated above, the new contribution of \$2.4 million would bring the total general-purpose reserves to \$37.2 million.

The total specific purpose reserves are decreased to \$80.8 million based on the use of \$1.0 million from the Justice Facilities Reserve and \$0.1 million from the Equity Pool Reserve.

SALARY SAVING OPTIONS

Salary and benefit costs represent approximately 83% of the county's general fund expenditures. Since this is a significant percent of expense, the County Administrative Office and the Human Resources Department are exploring several cost saving options. Those options fall into four categories:

1. Unpaid Time Off
2. Freeze/Reduce Wages and Other Benefits
3. Staff Reductions
4. Miscellaneous

BOARD OF SUPERVISORS
POLICY DIRECTION ON 2004-05 BUDGET TARGETS
March 2, 2004
Page 9

The category of unpaid time off includes such cost reduction measures as furloughs, voluntary time off, and a reduced number of hours in the workweek. In the category of freeze/reduce wages and other benefits, several possibilities are being explored which include the possible deferral of across the board increases, deferral of increases in the flex plan, reducing benefits, reducing retirement contributions, creating a second retirement tier, etc. Possible salary saving options in the staff reductions category includes layoffs and golden handshakes. Lastly, the miscellaneous option incorporates such options as scheduling comp time off, restricting overtime/standby/on call, eliminating special assignment compensation, and a moratorium on reclassifications of filled positions.

As can be expected, these options will require detailed analysis. In addition, several of these options will require re-negotiation with the employee unions. Therefore, policy direction is needed from the Board of Supervisors regarding which, if any, salary savings options to pursue.

CONCLUSION

This report has identified \$54.2 million in ongoing financing available and \$67.3 million in one-time financing available in 2004-05. This report also recommends to use \$38.4 million in ongoing financing to fund increased costs to maintain current services and \$14.5 million in one-time financing to adhere to county policy and finance capital improvement projects. After financing these increased costs, the county is projected to have available discretionary ongoing revenues of \$15.8 million.

This report recommends that half of the \$15.8 million be used to offset the \$32.7 million in discretionary revenue that the state has proposed to take away. As a result, the county needs to reduce general fund financing by \$24.8 million. The County Administrative Office is proposing to implement a modified form of zero based budgeting, which would generate approximately \$46.0 million in reductions. These reductions would be available for the Board's consideration to implement the required \$24.8 million and potentially restore \$21.2 million during the budget workshops in late May.

The County Administrative Office will continue to monitor the state budget process for fiscal impacts as well as continue to refine our own estimates of fund balance and revenues available for next fiscal year. This office will also incorporate into the plan any mid-year actions, which may take place during the remainder of this fiscal year.

Admin / Exec	N	Clerk of the Board	AAA	CBD	General		1	Restore Clerk III position	The loss of this position would impact the Assessment Appeals and Agenda Processing functions within the department. In Assessment Appeals, property owners disputing the assessed value of their property have the right to a hearing within two years after filing their application. If the deadline is not met the property owner's value is automatically entered into the tax roll which directly impacts the amount of property tax income to the County, i.e. 2001 roll value of Assessment Appeals was \$2.3 billion versus the property owners' value of \$1.3 billion. In the area of agenda processing, the staff processes approximately 3,700 agenda items annually of which two-thirds are contracts. A quick turnaround time in the execution of the documents is important in minimizing penalties due to delayed submission, meeting grant application deadlines and preventing delays in the provision of services by contractors. In FY 2003/2004 there were approximately \$1.2 billion in contracts with \$650 million in grant awards.	1.0	45,911	-	45,911

Internal Services	N	Facilities Management	AAA	FMD	General		1	Restore Custodian I	Deletion of vacant positions in 2003-04 resulted in the reduction of 15.5 general funded custodial positions. This resulted in the reduction of services from five days to one day per week for thorough cleaning of restrooms and trash pick up of office areas. Also, vacuuming in major traffic areas was reduced from once a week to an "as needed basis." Based on current staffing levels, there is one Custodian per 66,000 square feet. The industry standard is one per 24,000 square feet. The addition of four Custodian I's will increase thorough cleaning of restrooms to three times per week and vacuuming of major traffic areas to once per week. Additional positions will also reduce the square footage per Custodian I to 52,100.	4.0	136,000	-	136,000
Internal Services	N	Facilities Management	AAA	FMD	General		1	Restore Grounds Caretaker I	The Grounds Division currently has 20 full time employees who are responsible for the grounds at all county facilities, including supervision and monitoring of contracted services. Since fiscal year 2000-01 staffing has been reduced by 7.0 FTE's and new sites such as Gilbert Street Complex, West Valley Juvenile Hall and now High Desert Juvenile Hall have been added. The addition of 2.0 Grounds Caretaker II's will allow for better overall care and monitoring of the county grounds.	2.0	80,690	-	80,690
Internal Services	N	Facilities Management	AAA	FMD	General		1	Restore Maintenance Mechanics	In 2003-04, 2.0 vacant Maintenance Mechanic positions were deleted that were to be assigned to West Valley Juvenile Detention Center. This facility has been maintained by existing Facilities Management (FMD) staff. Moreover, staffing reductions in the 2004-05 proposed budget due to the State budget cuts has effectively erased the two positions approved by the Board on February 3, 2004, item # 44, to serve the new High Desert Juvenile Detention Center. The requested two additional mechanic positions will help abate these losses and allow FMD to provide seven day coverage as requested by Probation to both sites. Services and Supplies costs include an additional vehicle, as well as other miscellaneous costs associated with the positions. If this is not approved, existing resources will have to be shifted to serve the high desert as it opens, reducing the service levels throughout the county.	2.0	131,590	-	131,590
Internal Services	N	Facilities Management	AAA	FMD	General		1	Additional Utility Analyst	A qualified energy analyst will assist Facilities Management in checking billing accuracy and monitor the county's utility accounts. This position will be responsible for developing an energy efficiency program. This position was recommended in the MCG Consulting Utility Budget Analysis Final Report presented to the Board of Supervisors on March 16, 2004. It is anticipated that this position will pay for itself in utility cost savings. Salaries and benefits will increase by \$68,500 and will be offset by a decrease of same amount in services and supplies.	1.0	-	-	-

Internal Services	N	Facilities Management	AAA	FMD	General		2	Additional Fiscal Clerk II	Utility payments are currently processed on over 800 utility accounts. This function is currently being performed by a fiscal clerk assigned to the Maintenance Division. Because of this temporary reassignment, the remaining fiscal clerks have had to assume additional responsibilities which has resulted in an often unmanageable workload for the fiscal staff. A full time clerk assigned to the utility division will ensure utility bills continue to be paid on time, thus avoiding large late payment penalties to the county. This position was recommended in the MCG Consulting Utility Budget Analysis Final Report presented to the Board of Supervisors on March 16, 2004. Law & Justice	N	Probation	AAA	PRB	General		2	Create adult sex offender unit	Sex offenders are among the most dangerous and difficult offenders on supervised release. Current staffing provides little protection against the recidivism of sex offenders due to average adult caseloads. Probation officers with specialized training would enable the department to address approximately 400 registered offenders in San Bernardino County, including regular visits, home and computer searches, and counseling/therapy attendance enforcement. Law & Justice	N	Probation	AAA	PRN	General		1	Reinstate boys RYEF treatment program	This six-month program serves 20 youth that would otherwise be placed in foster care or CYA at a higher cost to the county. Treatment is geared towards self-improvement, including job skills training, drug counseling, anger management and cognitive behavior therapy, general education, and family counseling. Without the program, there may also be an increase in length of confinement time to juvenile hall, resulting increase in occupancy at detention centers. The department is requesting restoration of this program, including 19.0 FTE. Social services realignment will fund \$500,000.	19.0	1,450,490	550,000	900,490
Law & Justice	N	Probation	AAA	PRN	General		2	Expand boys RYEF treatment facility	Relative to the costs of CYA and foster care programs, RYEF is a bargain-priced program with more directed and effective treatment components. If TANF funds are restored, staff recommends expansion of this program by 20 beds, with 5.0 staff and supplies.	5.0	575,600	-	575,600
Law & Justice	N	PA/PG/Conserv/Coroner	AAA	PAC	General		1	MOU with Sheriff's Department for East Desert Coverage	The recent retirement of an employee living in the Needles area has left the East Desert area with no reasonable Coroner Department coverage. An MOU has been discussed with the Sheriff's Department to provide coroner service for the area from Baker to the Colorado River at a lower overall cost and provide more efficient and timely investigations. There would be a \$108,000 one-time cost for coroner investigation/morgue training for 4 Sheriff's deputies and their back-fill during the training. There would be on-going annual cost of only \$30,000 for payroll, including a proposed differential that would be paid to the deputies for those hours actually engaged in coroner activities. Including the reduction of the office rent costs and the elimination of the vacant investigator position included as state budget cuts items #1 and #2, the on-going annual savings realized after the initial cost of this MOU would be \$82,000.		138,000	-	138,000

Law & Justice	N	PA/PG/Conserv/Coroner	AAA	PAC	General		7	In-House Body Removal Services	As part of law enforcement, we recognize the importance of chain of evidence and the securing of personal property. More importantly, we recognize the sanctity of the decedents themselves. In 2002 a horrific crime occurred when a contract body transport employee violently and maliciously sexually assaulted the body of a young female decedent. This was despite having policies and procedures in place to ensure compliance through our prior contract body removal service. We feel it would be in the best interest of the County to provide this service on an "in-house" basis. All details of this study are on file in our office. The March 2000 study indicated that by having control over staff and equipment, we could assure ultimately that all above mentioned is being carefully monitored. It is our opinion that performing this service on an "in-house" basis would offer the county the least risk and liability exposure. Policy budget consideration is requested.	10.0	707,219	180,000	527,219

Law & Justice	N	PA/PG/Conserv/Coroner	AAA	PAC	General		8	Computerized Inventory System for Decedent and Estate Assets	The Coroner, Public Administrator and Public Guardian take possession of personal property belonging to clients under the jurisdiction of these three departments. A computerized inventory system is requested to track all personal property assets, and bar coding will be used for their individual and unique identity. A central database will be used to store data obtained in six (6) different physical locations. A detailed report is available upon request. Recent Grand Jury findings have consistently recommended the acquisition of this computerized inventory tracking system, and we certainly support their findings. Currently, the department is contracting for technical support and has utilized an existing employee as an Interim Automated Systems Analyst for the past 7 years and the need is to have a permanent "in-house" Systems Analyst position. Without the guidance and expertise of a full-time Systems Analyst, there is considerable risk and liability for the county the longer this need remains unmet.	1.0	56,000	-	56,000
Law & Justice	N	PA/PG/Conserv/Coroner	AAA	PAC	General		11	Restorations of Funding for Deputy Coroner Positions	One authorized Deputy Coroner position was not funded due to target funding limitations during the 2000-2001 budget. .5 funding reductions in 2001-02 were also made due to funding limitations. Given the geography of the County of San Bernardino and the extensive populations growth in the desert regions, we have encounter increases in reported deaths at the rate of 3.5% annually. The current number of Deputy Coroner Investigators cannot adequately cover our 24-hour/seven days a week operation. Overtime, standby and callback continue to increase in order to cover sick, holiday and vacation time, as well as occupational injuries, court testimony, and continuing education. The addition of one deputy and funding for .5 FTE deputies would allow us to restore our staffing to only a baseline level to reduce risk/liability to the county.	1.5	77,567	-	77,567

In 2003/04, the Board of Supervisors provided the Library with a \$500,000 augmentation for materials, resulting in a total book budget of \$1,085,000. County Library is seeking an additional \$935,000 from the County General Fund that would restore its materials budget to the FY 2003/04 level. This request is to add back that position in order to maintain the current level of customer service. The deletion of this position will require the use of 1.0 CEO II from the Victorville office to cover the Lytle Creek area 2 days per week. Response times in both of these areas may increase due to lack of staff coverage. Econ Dev / Public Services	N	Public Works - Regional Parks	AAA	CCP	General		1	Additional staff and equipment for the County Trails Program	The County trails program is primarily funded through various grants. The grant funded trail projects require a 20 year commitment for operations and maintenance. To meet this commitment, Regional Parks is in need of a Park Ranger II and a 4-wheel drive maintenance truck to ensure the public's safe use of the trails. The total cost of this request for FY 2004/05 is \$132,055, which includes a one time cost of \$65,000 for the truck purchase. Therefore, the ongoing cost of this item would be \$67,055 per year for the Park Ranger II and the operations/maintenance costs related to the truck.	1.0	132,055	-	132,055
Econ Dev / Public Services	N	Public Works - Regional Parks	AAA	CCP	General		2	Increased support for the Trails Program	In FY 1999/2000, the Board approved an annual \$130,098 General Fund contribution to support the Trails Program. Since that time, the Regional Parks Division has not received any increases in General Fund support for additional staffing, operations or maintenance costs. Consequently, there is a need for additional financial support to offset these cost increases. This policy item requests a \$50,000 increase in General Fund support to bridge the gap between the current funding level and the actual costs to operate the program.	-	50,000	-	50,000
Econ Dev / Public Services	N	Public Works - Surveyor	AAA	SVR	General		1	GIS Parcel Basemap - ongoing maintenance	The Surveyor is requesting funding to add 1.0 Engineering Tech V, 1.5 Engineering Tech IV and 0.1 Land Surveyor to update and maintain the GIS Parcel Basemap. The Information Services Department is currently funding the Surveyor's portion of costs relative to the development phase of this project. However, this funding will terminate when the project is completed, which is anticipated in March, 2005. At that time, existing Surveyor staff dedicated to development of the basemap will be reassigned to revenue generating projects. This would leave no staff available to provide ongoing maintenance. If this request is approved, the Surveyor would receive local cost in the amount of \$49,877 in FY 2004/05 and \$199,510 annually thereafter to fund the aforementioned positions committed to maintaining the GIS Parcel Basemap.	0.6	49,877	-	49,877

The Department proposes to maintain the same \$0.10/page fee, but would allow only the first 5 pages to be printed free.	It's estimated that this change would produce an additional \$93,400 in revenue each year for County Library. This revenue is needed to offset the Library's cost of paper, cartridges, and printer replacement.		93,400	93,400	-
Econ Dev / Public Services	County Museum	AAA	CCM	General	Professional services hourly rate	County Museum requests approval to increase the hourly rate for services performed by its professional, curatorial, and supervisory personnel from \$68 to \$72 per hour. This increase is warranted based on the results of a rate study completed by the Auditor/Controller's Office.	The Department would use the additional \$10,000 of revenue generated in 2004/05 to fund a 0.5 Exhibit Technician to assist with current collection-based exhibits. The financial impact of this increase for the upcoming year is minimal because most of the research work anticipated for 2004/05 would be charged at the current rate in accordance with existing Board-approved contracts. FEE SUMMARY

Group	Department	Fund	Dept	Fund Name	Fee Request	Brief Description of Fee Request	Service Impacts	Budgeted Staffing	Approp	Departmental Revenue	Local Cost
Econ Dev / Public Services	Land Use Services Department-Fire Hazard Abatement	AAA	WAB	General	Abatement processing fees	The included fee changes clarify for the property owner the fees that will be assessed and includes inspections, notifications to property owners, and the removal of hazards by contract service providers. The most significant change allows for the third inspection of a property to be billed to the property owner if they fail to comply by the deadline and a contractor finds the property in compliance after the workorder has been processed. By increasing fee revenue the Fire Hazard Abatement program should reduce the impact on local cost that has occurred for the past several years, due to increases in expenses without offsetting fee increases. By purchasing the GPS equipment and software the Fire Hazard Abatement program should be more efficient and able to increase the areas monitored, and increase the accuracy of identifying non-compliant properties. This should increase revenue to cover the cost of the equipment and software within a couple of years.	Service Impacts may occur if further cuts are required due to the State budget impacts. The only way to cut costs in this budget unit is through a reduction in staff, which will have a direct impact on how quickly services are provided. These fee adjustments may encourage non compliant property owners to meet Fire Hazard Abatement Regulations, which will provide a safer environment from fires.		134,900	134,900	-

The Department is requesting that the length of stay be modified to a maximum of one month separated by a minimum of two weeks when the camper unit is removed from the Park. The actual fee amount is not changing and will remain at \$400 per month.	Approval of this request will have no financial impact on the Department and very minimal affect on services to the public.		-	-	-

Econ Dev / Public Services	Public Works - Solid Waste Management Division (SWMD)	EAA	SWM	SWMD - Operations	Ordinary Refuse Fee	The Department is recommending an increase in the Ordinary Refuse Fee from \$34.56/ton to \$35.56/ton. The Waste Delivery Agreements (WDA) require an annual cost-of-living adjustment be made to the WDA Refuse fee. When this fee was implemented, a \$4.50 per ton spread was established between the WDA refuse fee and the Ordinary refuse fee. Each year, the County maintains the original \$4.50/ton parity between these two fees by adjusting the Ordinary Refuse fee as necessary.	If this fee increase is approved, additional revenue of \$588,800 would be generated in 2004/05. SWMD proposes to set this revenue aside to fund any potential costs resulting from the continuing perchlorate investigation at the Mid-Valley landfill.		588,800	588,800	-

*The restatement of 2003-04 appropriations is the result of previously including \$22,190,172 in special aviation funds in the capital project funds line versus in the special revenue funds line. These funds, while capital projects, are technically accounted for as special revenue funds and should be reported with all the other special revenue funds of the county. In addition, during the 2003-04, the Board of Supervisor's approved the reorganization of the health related departments to report to the County Administrative Office versus Human Services System (HSS). This restatement moved \$330,062,404 in appropriations from HSS to Admin/Exec Group to provide comparison between the 2003-04 budget year with the proposed 2004-05 budget year. Total countywide funds remains unchanged.

Countywide Operations

Countywide operations show an increase in appropriations of \$54,044,081. The most significant increases are in the Human Services System and the Law and Justice Groups. The most significant decrease is in the Admin/Exec Group. Each group is discussed below.

The Admin/Exec Group shows a net decrease of \$7.3 million. This decrease is due largely to a \$9.7 million decrease in the Behavioral Health budget unit. This reduction is based on the departments continued plan to better align spending with the receipt of ongoing realignment funds. There was also a \$2.8 million decrease in Human Resources Department that experienced a decrease in appropriations due to the shifting of the benefits operations to the benefits administration special revenue fund.

The above significant decreases in the Admin/Exec Group were offset by a \$2.0 million increase in the California Children's Services for anticipated increases in caseload, \$1.9 million increase in the Public Health budget unit due to a mid-year increase in child health programs, \$1.3 million in the Unemployment Insurance budget unit due to anticipated increased costs, and \$1.0 million in increased appropriations were seen in the County Counsel budget unit due to a GASB 34 reclassification, which removed a reimbursement for services, now classifying it as a revenue source.

The appropriation for contingencies includes the amount set aside per county policy (1.5% of locally funded appropriations), which is \$5.6 million. The other component of contingencies consists of unallocated financing available to the Board for distribution.

Furthermore, Debt Service increased \$3.0 million due to a reduction in savings to be realized from the 2002 refinancing of the West Valley Detention Center (from \$4.4 million in 2003-04 to \$2.0 million in 2004-05) and the loss of reimbursement from Airports (\$0.9 million). These increases are offset by decreased costs resulting from the 2003 refinancing of the Glen Helen Pavilion, and other minor changes in debt service schedules and costs.

The Economic Development/Public Service Group shows a net increase mainly attributed to increases in the Building and Safety budget unit due to significant workload increases due to the improving economy, the continued low interest rates, and the recent fire. The most significant decrease anticipated is reflected in the Registrar of Voters budget unit, as the result of only one major election in the 2004-05 budget year versus two major elections in the 2003-04 budget year.

Within the Fiscal Group, all budget units are expected to experience an increase. The most significant increase is reflected in the budget unit of the Auditor/Controller-Recorder, which increased \$2.2 million. This increase was due in part to a mid-year adjustment for staffing in the Recorder's section as a result of increased recordings due to the higher volume of property sales and refinancing activity. The Treasurer-Tax Collector, formerly reported as two separate budget units, consolidated all operations into one budget unit. Appropriations for this consolidated unit increased \$1.8 million due to additional staff needed for both anticipated increases in collections as well as service to taxpayers.

The Human Services System increased a net of \$24.8 million. The significant increases in the group consist of \$26.4 million in appropriations in Human Services System Administration mainly due to a mid-year adjustment, which increased the following programs, Medi-Cal, Food Stamps, and Children Services programs. Included in the \$26.4 million increase in HSS Administration is increased costs for IHSS provider payments (\$3.2 million) due to caseload increases. Additionally, a \$8.0 million increase is expected in Aid to Adoptive Children due to increased workload and increased grant costs, a \$3.2 million increase in Foster Care due to increases in costs per case, a \$1.6 million increase in Child Support Services due mainly to an increase in appropriations to pay for the federal automation penalty imposed by the state on the county; and a \$1.2 million increase in KinGap for caseload increases.

Noteworthy decreases that offset these increases include \$11.5 million in Entitlement payments (Childcare) and \$3.8 million in CalWORKS-Aid to families.

The Internal Services group shows a slight decrease from the previous budget year. While most of the budget units within this group experienced decreases due to impacts of the state budget reductions, the utilities budget received no state budget reduction. Furthermore, the rents budget unit was required to reclassify revenues to reimbursements per GASB 34, which also resulted in reduced appropriations.

The Law and Justice group increase is mainly in the Sheriff and District Attorney budget units. The increase costs to these budget units are the direct result of increased safety MOU/retirement, specifically the retirement benefit known as 3% at 50 and also due to their state budget impact of 4% versus all other departments receiving a 9% reduction. In addition, the Trial Court Funding Maintenance of Effort budget unit increased due to increased payments to the state based on a new state mandated payment, as well as an increase in collections, which are shared equally with the state.

Capital Project Funds

Capital Project Funds appropriations decreased \$8,088,975 from the prior year restated amount.

Capital Improvement Projects appropriations decreased primarily due to progress made on the High Desert Detention Center. The appropriations for this project decreased \$10.4 million from the prior year. Of the \$54.8 million total appropriations for all capital projects for 2004-05, \$5.3 million budgeted for new projects and \$49.5 million is budgeted as carry over projects, which includes \$4.2 million remaining in retention for the High Desert Detention Center.

Special Revenue Funds

Special Revenue funds increased \$2,757,201 overall.

Significant increases in specific funds include: \$5.4 million in the special aviation funds, which is the result of \$2.0 million for the Chino Airport Runway 3-21, \$1.6 million for the resurfacing of a runway at Needles Airport, and the majority remaining \$1.8 million increase is budgeted in the airports reserve fund for future projects; \$5.6 million in transportation, of which \$3.4 million is for the purchase of additional fixed assets to replace aging vehicles and equipment and \$2.2 million increase to cover retirement and MOU increases and fund additional staff for the Bark Beetle Infestation and Tree Morality Emergency project; \$4.7 million in Regional Parks' Prop 40 fund for land acquisition for the new Colton regional park and the movement of project funds from the county trail system budget unit; and \$0.9 million in Regional Parks' Prop 12 fund for new projects schedule for 2004-05.

Additionally, there was an increase of \$2.2 million occurred in the micrographic systems budget unit due mainly to increased revenues received from the increase in recording transactions, a \$1.3 million increase in preschool services due in part to a contract with the Children and Families Commission (First 5) for school readiness and additional state and federal aid; a \$4.3 million increase in human resources benefits administration fund is due to the transfer of appropriations from the general fund to a special revenue fund.

Furthermore, appropriation increases of \$4.5 million are due to an accounting change, which now includes certain special revenue funds that were previously used for financing only, that now are budgeted as contingencies.

Significant decreased appropriations in special revenue funds include \$7.0 million in the county trail system, of which \$2.9 million represents the completion of Phase II of the Santa Ana River Trail and the remaining funds were transferred into the Regional Parks' Prop 40 budget unit. Special transportation projects decreased \$1.1 million due to the completion of Phase II of the Etiwanda Interchange Improvement project. In the economic and community development consolidated fund, decreases totaled \$8.5 million, due to reduced funding in the following programs: neighborhood housing initiative, community block grants, the Home program, and Section 108 projects. Jobs and employment services budget unit decreased \$1.6 million in assessment, outreach, and training appropriations due in part to a decrease in Welfare to Work funding. Furthermore, tobacco tax appropriation decreased \$2.5 million due to a decrease in the allocation of funding from the state.

Lastly, there was a decrease of \$6.0 million for special aviation projects as there are several funds related to the Apple Valley Airport (County Service Area 60), which are now reported in the Board Governed Districts budget.

Enterprise Funds

The increase in Arrowhead Regional Medical Center reflects increased salary and benefit costs, and services and supplies costs related to compliance with new nurse-to-patient ratios, a 7.49% increase in inpatient days, 32.15% increase in emergency room visits, and 10.65% increase in outpatient visits.

Medical Center Lease Payments increased slightly, reflecting the increases in net lease payments and trustee/administrative fees.

A new enterprise fund was established to record the activity associated with Regional Parks, Camp Bluff Lake. This is a 120-acre camp located in the San Bernardino Mountains near the City of Big Bear Lake. The county has an agreement with the Wildlands Conservancy for use of the facility, which will provide children with recreational opportunities and the ability to increase their appreciation of nature.

Solid Waste Management appropriations have been increased by \$20.9 million as a result of increased Bark Beetle costs of \$6.0 million, operational costs of \$3.2 million, costs related to the final closure of the Milliken, Apple Valley, and Hesperia landfills, expansion of the Mid Valley Landfill Unit 3 cell, and expansion of groundwater and landfill gas monitoring wells including continued perchlorate investigations of \$11.7 million that is offset by expansion bond and financial assurance restricted reserves.

REVENUE SUMMARY

The 2004-05 county budget is financed from a variety of sources, which are listed below. This schedule does not include operating transfers.

	Final 2003-04	Proposed 2004-05	Change	Percentage Change

Total County Budget	2,382,708,535	2,492,325,378	109,616,843	4.60%

Property Taxes

Property Tax revenue is increased based on an estimated increase in secured assessed valuation of 10.4%, and an increase in supplemental property tax revenues of 8%. Unsecured assessed valuation is estimated to grow 8.0%. Unitary property tax revenues are expected to remain flat.

Other Taxes

Other taxes are increased due to an anticipated increase in Prop 172 sales tax. The 2004-05 budget also estimates a 4.8% increase in sales tax from 2003-04 projected actuals for sales tax generated in the unincorporated area of the county. Property Transfer Tax and Supplemental Property Tax are increased to reflect rising home prices and sales volume activity.

State and Federal Aid

An overall increase in revenues is reflected in the revenue category of state and federal aid. This increase is comprised of both increases and decreases in various programs.

Significant increases include \$3.4 million in motor vehicle in lieu and \$1.6 million in vehicle license fees both based on a 4.8% budgeted growth rate based on projections from local economists.

Additionally increases in the Human Services System revenue base included: \$1.1 million in foster care due to higher placement costs; aid to adoptive children increased \$3.7 million in state aid and \$3.1 million in federal aid for children due to higher caseloads and cost per case; \$7.3 million in state health admin, \$7.3 million in federal health admin, and \$10.3 million in federal welfare admin increased due to increased funding in food stamps, MediCal, adoptions assistance and IHSS administration. These increases were offset by decreases in the following areas: \$3.7 million in CalWorks' aid payments due to lower caseloads; and \$8.7 million in state childcare payments and \$2.7 million in federal childcare payments to providers due to lower caseloads and rate decreases.

For Public Health and Behavioral Health, increases were seen in several areas: \$1.7 million in aid to crippled children due to increased caseloads, \$1.6 million in state grants, \$1.1 million for early, periodic, screening, diagnostic, and treatment, \$1.3 million for crisis residential treatment funded by the Federal Emergency Management Agency, and \$2.6 million in federal financial participation for MediCal.

Probation experienced a decrease of \$4.1 million in TANF, however, this was somewhat offset by an increase of \$1.7 million in Title IV-E revenues related to updated calculations for the costs of intake services at juvenile halls.

In addition to the above, there was a \$3.6 million decrease in jobs and employment services from the 2003-04 year due to the Welfare to Work program reaching its sunset, as well as the loss of some one-time funding that had been received for training; a \$1.6 million decrease in tobacco tax allocations from the state; and a decrease of \$2.9 million in Regional Parks due to the completion of Phase II of the Santa Ana River Trail.

Funding related to state and federal capital grants has increased overall. Grants for transportation projects increased \$12.5 million. These grants included \$14.6 million in funds to finance the Fort Irwin road improvement project and the Amboy road overlay offset with a reduction of \$2.1 million in grant revenues, which financed the Etiwanda Interchange Improvement project. The grants for the High Desert Juvenile Detention and Assessment facility were reduced \$8.5 million as the grant funds have been expended.

Charges for Current Services

Charges for current services are expected to increase overall from 2003-04 budget year. The most significant increases in departmental business activity consist of the Sheriff's \$10.8 million increase in city contracts coupled with a \$700,000 increase in training revenue from other law enforcement agencies, the Auditor/Controller-Recorder's \$2.5 million and Treasurer's \$1.0 million increases in recording fees due to the higher volume of property sales and refinancing activity.

Other noteworthy increases in current services are seen in collection fees, sanitation fees, and increases in other services pertaining to the reimbursement from other agencies for the cost of property tax administration and the costs associated with the National Trails Highway and the Mission Boulevard rehabilitation projects. In addition, legal fees were reclassified to revenue from reimbursements based on GASB 34 criteria.

Decreases of significance in current services include \$1.4 million in child support collection fees retained by the county based on a state proposal to retain the funding at the state level, a \$1.2 million decrease in the indirect cost reimbursement (COWCAP) from county departments, \$1.0 million in election services due to only one major election in 2004-05 versus the two elections experienced in 2003-04, and a \$725,000 decrease in information services' direct labor as a result of departments utilizing outside vendor systems and the corresponding support of those systems.

Other Revenue

Other revenue includes licenses, permits, franchises, fines and penalties, interest earnings, and tobacco settlement funds. This category of revenue increased slightly, however, major changes are mentioned below.

Significant increases include \$1.7 million in building and safety construction permits based on major increases in workload due to the improving economy, the continued low interest rates, and the recent fires; \$1.2 million in interest revenues projected to be received in the county pool; \$1.2 million increase in funds pledged from the Wildland Conservancy to assist with the costs related to the proposed new Colton Regional Park.

Other increases include \$860,000 in tobacco settlement funds based on revised state schedules, \$850,000 in loan payoffs of home program assets; and \$542,000 in a new grant moneys from the Institute of Museum and Library Services to finance the development of the Inland Empire Archival Heritage Center and Web Module.

Noteworthy decreases in this category of revenue include a \$6.0 million decrease in the Neighborhood Initiative program. This program purchases HUD homes for rehabilitation and then re-sales the property. Decreases are the result of a low inventory of homes available for rehab and resale. Additionally, there was a \$2.0 million reduction because the Robert Wood Johnson grant to Transition Assistance has ended.

Enterprise Funds

Arrowhead Regional Medical Center revenues are expected to grow due to volume increases in inpatient days; emergency room visits; outpatient visits; and from anticipated fee increases. This growth is reflected in insurance, private pay, Medi-Cal, and Medicare revenues.

Anticipated slight increase in revenue for the medical center lease payment fund represents state payments from the Construction Renovation/Reimbursement Program (SB 1732).

A new enterprise fund was established to record the revenues related to activities associated with Regional Parks, Camp Bluff Lake. Revenue sources include fees for summer/weekend camping programs and adult retreats.

Solid Waste Management revenues increased a net of \$11.2 million as a result of increased Bark Beetle revenue of \$8.1 million, additional Article 19 revenues of \$1.6 million, contractual fee increases and increases in tonnage of \$1.5 million.

Significant changes from the previous year in caseload driven, grant or special funded programs include the following:

General Fund

- **Behavioral Health** budgeted staffing is decreased by 120.3 positions as part of the Department's continued plans to reduce use of one-time Realignment funding. The **Alcohol and Drug** budget unit of Behavioral Health decreased by 17.4 positions to stay within the budget allocation and to accommodate increases in contracted services for a Perinatal Pilot Project.
- **Public Health** budgeted staffing is decreased by a net 67.3 positions. Increases totaling 14.7 budgeted staff are offset by program staffing reductions of 82.0 positions as a result of salary and benefits costs increasing at a faster pace than revenues. The budgeted staffing in **California Children's Services**, a budget unit of Public Health, is increased by 4.6 positions due to the opening of the new office on June 2004.
- **Land Use Services – Building and Safety** budgeted staffing is increased by 16.0 positions. On January 13, 2004, the Board of Supervisors approved 15.0 positions due to the significant increase in workload related to the improving economy, continued low interest rates, and the recent fires. Included in the proposed 2004-05 budget is the addition of 1.0 Regional Building Supervisor position to supervise the larger plan review staff that was added mid-year.
- **Human Services System (HSS) Administrative Claim** budgeted staffing is increased by 154.0 positions. Additions include 123.0 positions that were added and approved by the Board in the December 2, 2003 Midyear Budget Adjustment to help meet new requirements of the Medi-Cal and Food Stamp programs. An additional 31.0 positions are being requested in 2004-05. Of these, 25.0 Public Service Employee (PSE) positions are requested to act as full-time interpreters in Transitional Assistance Department offices, 2.0 PSE positions are requested by Department of Children Services (DCS) to provide Parent Relations Program services, 1.0 Supervising Public Health Nurse is requested to direct health related services to Department of Aging and Adult Services' clients and 3.0 positions are requested to correct dual-fill situations in DCS funded County Counsel positions.

- **Child Support Services** budgeted staffing decreased by 58.6 positions, due to MOU and other staffing related increases, while budget allocations are remaining stagnant.
- **District Attorney – Criminal** decreased 6.0 budgeted positions due to the loss of grant funding from the following grant programs: Passages, Major Narcotics Vertical Prosecution (MNVP), Statutory Rape Vertical Prosecution (SRVP), and Elder Abuse Vertical Prosecution.
- **Probation Administration and Community Corrections** had net decrease of 34.6 positions, of which increases in this budget unit included 10.0 positions as a result of increase in Title IV-E funding and 7.0 positions that were transferred from Detention Corrections. Decreases included 21.6 positions related to various grants, 14.0 positions deleted in adult case management, 3.0 positions deleted to cover the workers' comp surcharges, 4.0 positions deleted in training and recruitment, 3.0 adult on-site positions were deleted, and 6.0 probation officers were deleted.
- **Probation Detention Corrections** decreased by net 14.2 positions, of which 19.0 positions were deleted in the Regional Youth Education Facility program, 10.0 positions deleted at West Valley Juvenile Hall since they will not be needed after the completion of an approved capital improvement project, 7.0 training and aftercare positions were transferred into the Probation Administration and Community Corrections budget unit, and additions include 13.0 Board approved positions for the High Desert Juvenile Assessment and Detention Center and 8.8 for recurrent positions and overtime for case management.
- **Probation Pre-Trial Detention** decreased 7.0 positions due to the Board approved move of this function to the Sheriff's Department.
- **Probation AB 1913** decreased 72.0 positions. Of the 72.0 positions decrease in the general fund, 59.0 positions were moved into the special revenue fund established for the AB 1913 Grant and 13.0 positions were eliminated due to a reduction in grant funding.
- **Sheriff** increased 20.0 budgeted positions, of which 13.0 were the result of board approved positions for contract cities and grants, and 7.0 was the result of the transfer from Probation's pretrial detention.

Other Funds

- **Human Resources - Benefits Administration** budget unit is a special revenue fund under the Human Resources Department (HRD). Budgeted staffing increased by 33.0 due to the transfer of 31.0 positions from HRD and the addition of 2.0 positions, which were approved by the Board of Supervisors on December 16, 2003.
- **Arrowhead Regional Medical Center** budgeted staffing increased by 132.4 positions due to volume increases; compliance in nursing staffing ratio in patient services; additional services such as renal dialysis, hyperbaric therapy, and echo cardiology services; and increased security measures for patient's safety.
- **County Library's** budgeted staffing decreased by 37.6 budgeted positions due to the proposed ERAF shift that will reduce the department's annual property tax revenues by \$1.2 million. This reduction in staff will necessitate a decrease of eight (8) hours per week of public service hours at all county branch libraries.
- **Preschool Services Department** budgeted staffing is decreased by 39.9 positions due to MOU and other staffing related increases, while budget allocations are remaining stagnant.

- **Probation – AB 1913 Grant** increased 59.0 positions as a result of the transfer of 72.0 positions from the general fund budget unit into this special revenue fund budget unit, coupled with a decrease of 13.0 positions due to reduced grant funding.
- **Sheriff's** budgeted staffing includes a reduction of 3.0 technical positions because the grant funding for these positions ends in 2003-04.

Significant changes from the previous year in all other programs include the following:

General Fund

- **Human Resources Department** budgeted staffing is decreased by 32.9 positions due to the transfer of 31.0 positions to the special revenue fund, Benefits Administration, and a reduction of 2.0 positions due to the 9% cost reduction plan, which are offset by the addition of 0.1 positions required to assist during upcoming negotiations with the various employee bargaining units.
- **Information Services'** budgeted staffing decreased by 18.7 positions. Of this decrease, 16.5 positions were in Applications Development of which 2.0 positions were a part of the 30% cost reduction plan, a decrease of 6.0 positions is due to the 9% cost reduction plan and a reduction of 8.5 positions due to workload decline and corresponding revenue reductions. Emerging Technology budget unit staffing has a reduction of 2.2 positions due to the 9% cost reduction plan.
- **Central Collections** budget unit was consolidated into the main Treasurer-Tax Collector department budget unit. In addition, there is an increase of 8.9 budgeted staffing positions needed for increased number of assigned collection accounts, to assist the taxpayers, and various other duties.
- **Facilities Management Department** budgeted staffing decreased a total of 11.5 positions. The division breakdown for positions deleted as a result of the state budget impact is as follows: Custodial Division 4.5 positions, Grounds 3.7 positions, and Maintenance 1.3 positions. Home Repair's 2.0 positions relate to federal funding from Economic and Community Development that did not increase from 2003-04. Since no additional funding was provided for MOU and building materials costs, this required deletion of the two positions.
- **District Attorney – Criminal** decreased an additional 6.0 budgeted positions due to the impacts of the state budget cuts.
- **Sheriff** decreased 35.5 budgeted positions due to the impacts of the state budget reduction on local funding and increased costs associated with salary and benefits.

Countywide staffing changes are outlined by county department in the following chart:

RESERVES ANALYSIS

The county has a number of reserves and designations that have been established over the years for a variety of purposes. On January 6, 1998, the Board of Supervisors adopted a county policy to provide guidelines and goals for reserve levels. That policy calls for the county's general purpose reserves to equal 10% of locally funded appropriations. It also anticipates establishing special purpose reserves to help meet future needs.

Total Specific Purpose Reserves	48.7	40.2	68.2	83.5	88.3	80.7
Total Reserves	76.1	67.6	98.4	115.4	123.1	117.9

The County has several reserves. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general reserves are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County.

For 2003-04 mid-year Board actions authorized the use of:

- The \$5.7 million Electronic Voting System reserve to pay the local share of the cost of the new electronic voting system. The State mandated that the county change from a punch card to electronic voting system by January of 2004.
- \$169,700 of the Bark Beetle Reserve to provide a reverse 9-1-1 warning system service that could be used to warn or advise affected County residents of the potential for fire, flood, or other emergency circumstances in the County. This amount is the estimated first year cost of the service.

- \$178,971 of the Justice Facilities reserve to remodel the Big Bear County building. This project will create jury assembly and deliberation rooms; provide additional space for the District Attorney, Public Defender, and Probation departments to meet five to ten year projected growth; create a Sheriff's men's locker room; relocate Sheriff's Court Services; and to bring the building into compliance with the Americans with Disabilities Act (ADA).
- \$135,000 of the Museum Hall of Paleontology reserve was appropriated to assist with the facility's construction and exhibit design costs.

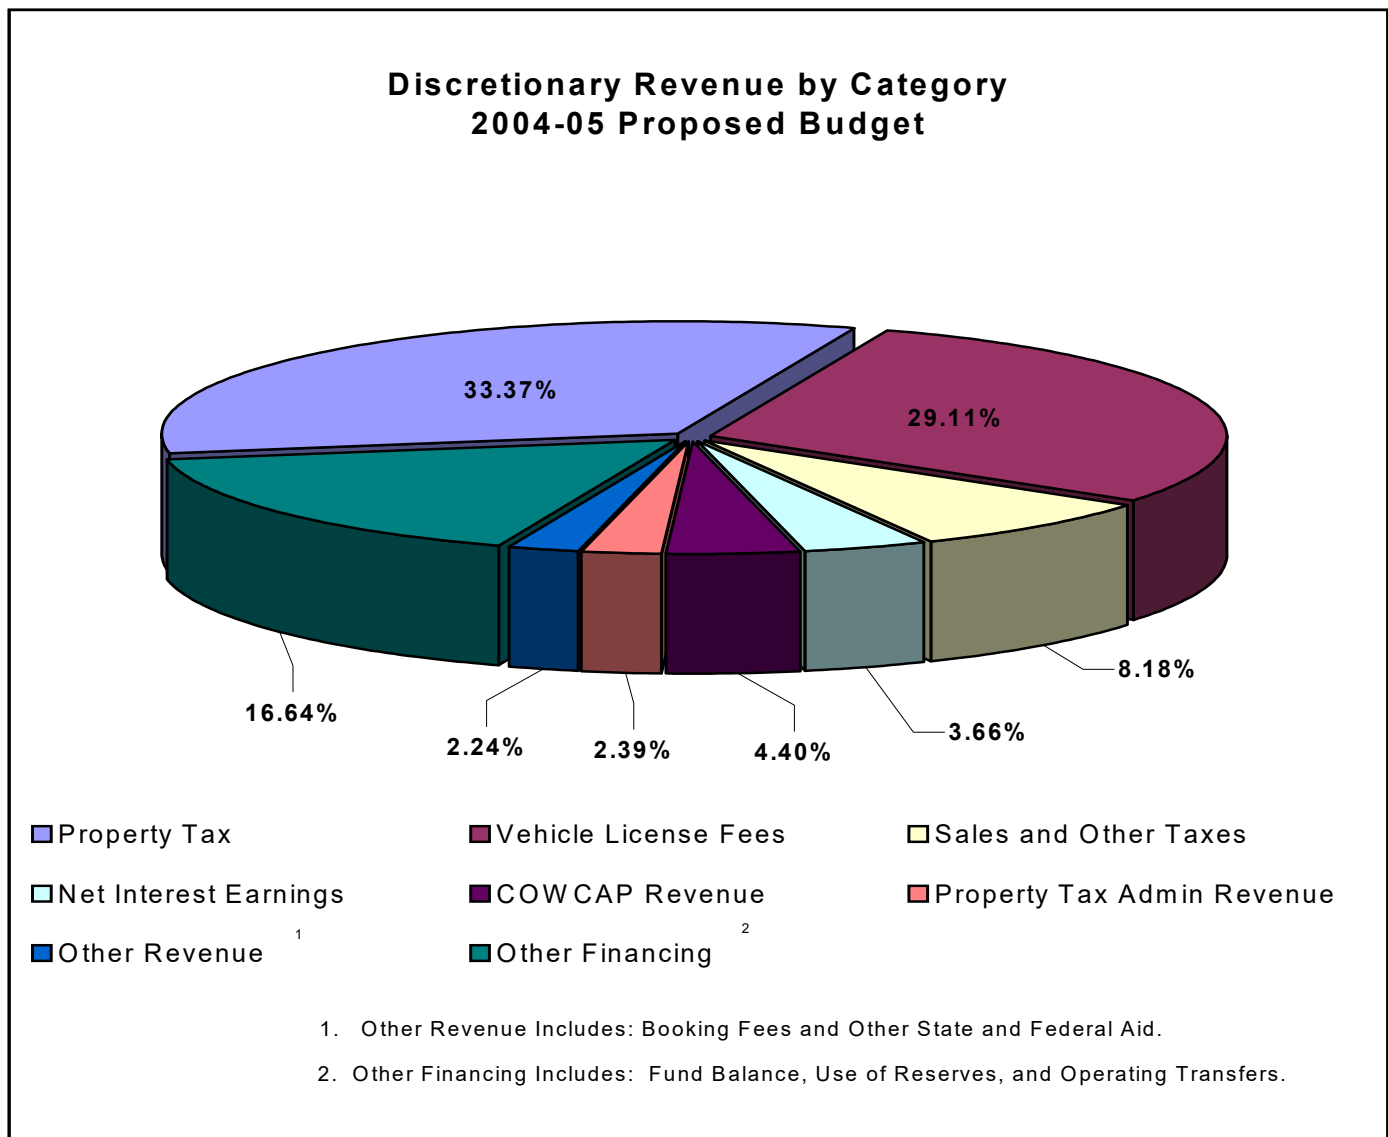

For 2004-05, general-purpose reserves are increased \$2.4 million. Uses of \$122,711 of the Equity Pool reserve are planned to fund the 2004-05 costs of approved equity adjustments. A planned use of \$1.0 million of the Justice Facilities reserve will be used to offset a portion of the cost of the most recent approved safety MOU.

DISCRETIONARY REVENUE

County general fund operations are financed with two major types of funding: departmental program revenues; and countywide, discretionary revenues.

Departmental program revenues include fees, service charges, and state and federal support for programs such as welfare, health care, child support and behavioral health. The balance of departmental costs not funded by these departmental revenue sources is considered local cost. Local cost is funded by countywide, discretionary revenues, such as property tax and vehicle license fees as well as other financing sources such as use of reserves, fund balance and operating transfers.

Gross local cost financing for 2004-05 is \$446,415,043. Shown below are the sources of local cost financing:

TOTAL	440,083,510	422,752,865	446,415,043

The most significant sources of county local cost financing are property tax and vehicle license fees. These two sources account for \$278,956,554 or 75.0% of net non-departmental revenues. Year-end fund balance available for financing is estimated to be \$43.4 million. Operating transfers includes transfers into the county general fund from the Courthouse and Criminal Justice Construction funds, Solid Waste Management, savings from refinancing, and the use of \$18.6 million of the tobacco settlement funds, of which \$15.0 million is to be applied towards Medical Center Debt Service.

Local Cost Analysis
Local Cost by Group
2004-05 Proposed Budget

Countywide discretionary revenues are allocated to various county departments as local cost. The above pie chart shows what percentage of the local cost is allocated to each of the groups.

The schedule on the following pages shows a comparison of prior year local cost and current year local cost by department. This schedule also includes appropriations and revenues, including operating transfers, which are mechanisms to move financing between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the department's appropriation and revenues. Operating transfers are excluded from the countywide appropriation and revenue summaries presented in the beginning of this section, as their inclusion would overstate countywide appropriations and revenues on a consolidated basis.

COUNTY OF SAN BERNARDINO

The Board of Supervisors will hear presentations on the 2004-05 Proposed Budget on May 24 - 26, 2004. This budget covers the period from July 1, 2004 – June 30, 2005. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget amount.

The County of San Bernardino's 2004-05 Proposed Budget consisting of the general fund, capital project funds, special revenue funds, and enterprise funds has a total appropriation of \$2.7 billion.

When developing their individual budgets, each department considers the following mission, vision, and value statements of the County of San Bernardino:

Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the people it serves.

Vision Statement

Our vision is to create a safe, clean, and healthy environment that appeals to families and individuals, and attracts the best in business and industry. We will create, support, and enhance vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history.

VALUES Statement

To achieve our Vision, we dedicate ourselves to these values:

- **V**aluing our workforce by providing recognition, training and education, opportunities for customer service and career development, a safe and healthy work environment and fair compensation.
- **A**ppreciation and promotion of the diverse cultures that comprise our workforce and the communities we serve.
- **L**eadership by coordinating regional planning through collaboration with local communities and businesses.
- **U**nquestioned integrity that embraces a culture of honor and trustworthiness.
- **E**xcellence in the development of efficient and cost-effective strategies to improve customer service in an atmosphere that allows and encourages new ideas.
- **S**ervice of the highest quality to our customers delivered with dignity and respect.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the county financing plan for all general fund departments. The 2004-05 financing plan includes \$372.1 million in ongoing discretionary revenue. This revenue is comprised of property taxes, vehicle license fees, interest on the county investment pool, sales tax, and other taxes. Mandatory costs such as previously negotiated salary increases, previous year's Board approved costs, and other mandated costs are first financed by the discretionary revenue. After the mandatory costs are financed, the remaining unallocated discretionary revenue is presented to the Board of Supervisors during the budget workshop for approval of distribution.

This year, the County Administrative Office incorporated a reduction plan into the general fund departmental local cost allocations. This action was taken as a means to better position the county for the impacts of the State budget, which, when presented in January depicted an ominous picture for local government, especially counties. Most general fund departments receiving local cost were affected by the reductions; however, departmental mandated costs were exempted. For most departments, the reduction percentage was 9% of local cost, however, for various law and justice departments the percentage reduction was 4%.

In 2004-05, the amount of unallocated discretionary revenue and other financing sources, including Tobacco Settlement proceeds, is \$86.1 million (\$31.5 million ongoing and \$54.6 million one-time). This amount does not include any of the county's reserves. A portion of this unallocated discretionary revenue will be needed to address the actual impacts to the county based on the adoption of the State budget.

A budget workshop will be held on May 24 – 26, 2004, to discuss each department's proposed budget. Each department submitted a proposed budget based on the general fund financing amount allocated to them and their own departmental revenues. Departments also requested funding for those workload and program changes that were unable to be financed in their proposed budget.

Any budgetary changes the Board of Supervisors approve at the budget workshop will be incorporated in the 2004-05 budget that will be presented to the Board during the Budget and Fee Hearing beginning June 14, 2004, at 1:30 in the Board Chambers.

This hearing is held to obtain public input on the county budget and fee ordinance changes and to obtain additional Board changes to incorporate into the 2004-05 final budget.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has capital project funds, special revenue funds, enterprise funds, and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue resources available to them. These resources include projected revenue to be collected in 2004-05 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will also be discussed during the budget workshop and Budget and Fee Hearing.

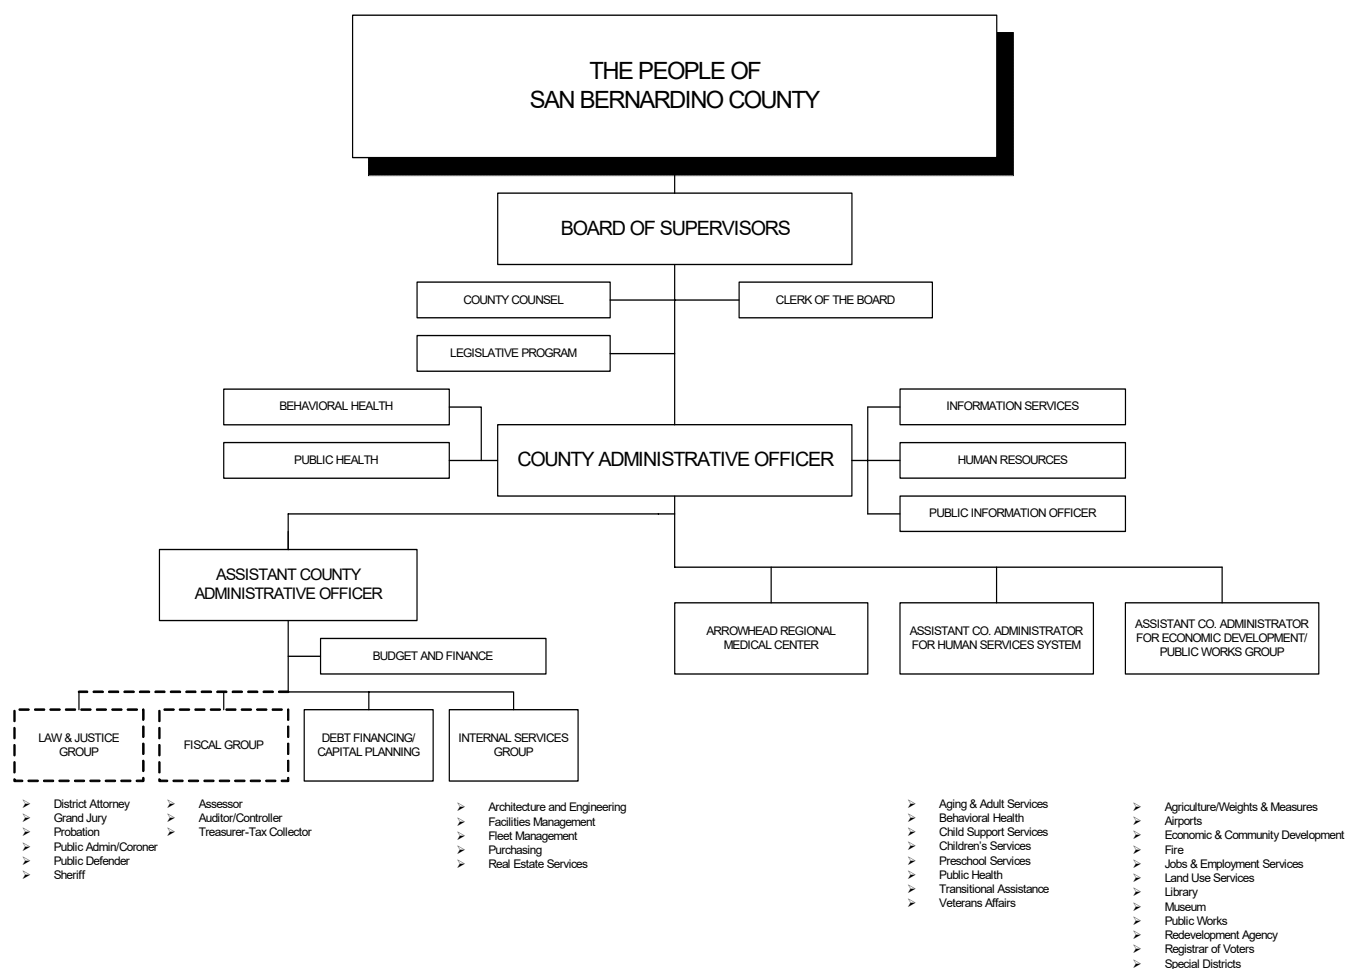

Proposed Budget Workbook Format

The County of San Bernardino's 2004-05 Proposed Budget is presented in this book based on the County Organizational Structure, which is depicted below. The Administrative/Executive Group is those departments that report directly to the Board of Supervisors or those departments that report directly to the County Administrative Office. This group performs functions related to the overall support of the county.

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate the organizational level (ORG) when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is shown on pages 4 – 8 of this Preface. This sample further shows and explains how each budget unit is presented in the book.

A list of Proposed Budget Definitions is provided on pages 9 – 13 of this Preface. This listing defines budget terms commonly used throughout the budget workbook.

Budget & Workload History provides a historical overview of the budget unit, including prior year actuals, the current year adopted budget and year-end estimates, and the department requested budget for next fiscal year.

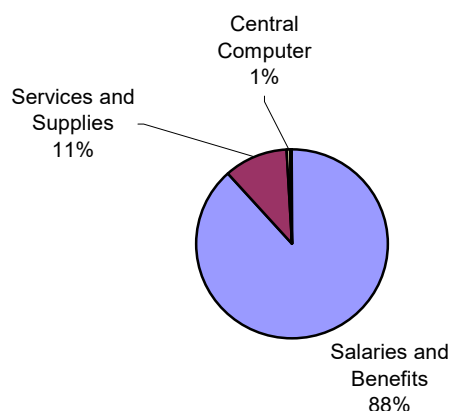

It also includes budget and actual information related to measurements of workload, called Workload Indicators.

For those departments that have significant variances between budget and estimates in 2003-04, there will be an explanation of why this occurred. The 2003-04 Budget is the original budget adopted in late June and does not reflect any mid year changes approved by the Board during the fiscal year. In many cases, this is why there are variances between budget and estimates in 2003-04.

This section provides a summary overview of how the budget is formed starting with current year adopted budget and how the budget incrementally progresses with other Board approved changes.

2003-04 Year-End Estimates are included for informational purposes. From left to right following the 2003-04 Year-End Estimates are: 2003-04 Final Budget; the Cost to Maintain Current Program which include non-discretionary budget changes, such as changes due to legal requirements or salary negotiations; Board Approved Adjustments which include Board approved changes to the base budget; and Impacts Due to State Budget Cuts which include reductions needed by departments to meet proposed state impacted reductions in county general fund financing. These are totaled in the Board Approved Base Budget column.

The next column continues this budget analysis by providing Department Recommended Funded Adjustments. This column includes program changes and requests to the existing base budget.

PROPOSED BUDGET DEFINITIONS

30% Cost Reduction Plan: The 30% Cost Reduction Plan, approved by the Board on September 23, 2003, that provides cost saving measures for discretionary income. This action was the second phase of reductions from these Plans. The first series of reductions occurred on January 28, 2003.

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Appropriation: An authorization from a specific fund to a specific program to make expenditures/incur obligations for a specified purpose and period of time. The budget contains many appropriations or items. These appropriations are limited to one year, unless otherwise specified.

Base Budget: This year's base budget represents the prior year approved budget plus mandated cost adjustments such as across-the-board salary increases (MOU), retirement costs, risk management liabilities, and previous year's mid-year Board approved costs.

Board Approved Adjustments: The Board Approved Adjustments reflect the anticipated costs of carrying out the current level of service or activities as authorized by the Board of Supervisors in the current year. It may include an adjustment for cost increases, but does not include changes in level of service over that authorized by the Board of Supervisors.

Budgeted Staffing: The number of equivalent positions funded in the budget unit. Also referred to as full-time equivalent (FTE).

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Computer: Central Computer expense category is set up specifically to allocate the Information Services Department's computer charges to departments based on usage. These are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each department's Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget (2005-06) will be adjusted based upon the actual usage in 2004-05.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds.

Costs to Maintain Current Program Services: All non-discretionary budget changes that are factored into the base budget: these include the cost of new mandates and negotiated salary increases. The Board of Supervisors approved these costs for the general fund in the County Administrative Office's financing plan.

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor/Controller-Recorder in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

Department: An organizational device used by county management to group programs of a like nature.

Department Recommended Funded Adjustments: A proposal to change the level of service or funding sources authorized by the Board or to propose a new program funded through existing resources that is not currently authorized.

Depreciation: The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Employee Health & Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An obligation placed on an appropriation to pay for goods or services that have been ordered by means of contracts, but not yet received. In other words, the money is tied up. Even though it has not been spent, it cannot be used for any other purpose.

Enterprise Funds: Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through operational revenues.

Expenditure: Generally, this term designates the amount of an appropriation used for goods and services, whether paid or unpaid, including expenses, and capital outlays where the accounts are kept on an accrual basis or a modified accrual basis. Where the accounts are kept on a cash basis, the term designates only actual cash disbursements.

Fiscal Year (FY): The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

Fixed Asset: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more.

Full-time Equivalent (FTE): The number of equivalent positions funded in the budget units. Also referred to as budgeted staffing.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff's Department.

Fund: A legal entity that provides for the segregation of moneys or other resources in the county treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: The excess of assets over liabilities, including the cancellation of prior year encumbrances.

GASB 34: Governmental Accounting Standards Board (GASB), Statement 34 establishes new requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions.

There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between county budget units are accounted. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as revenues). While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories. In situations where this impact is significant, the departments have included an explanation of the reclassification.

General Fund: The General Fund is the predominate fund for financing county programs. It is used to account for revenues that are not specifically designated to be accounted for by any other fund. The primary sources of revenue for the general fund are property taxes and other taxes, state and federal aid, current services, and other revenue. The general fund is used as the major funding source for the administrative/executive, economic development/public service, fiscal, human services system, internal services, and law and justice groups.

Impacts Due to State Budget Cuts: Reflects reductions in departmental local cost allocations to better position the county for the impacts caused by reductions at the state level. Most general fund departments receiving local cost were affected by the reductions; however, departmental mandated costs were exempted. For most departments, the reduction percentage was 9% of local cost, however, for various law and justice related departments the percentage reduction was 4%.

Internal Service Funds: Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Local Cost: Local cost is the amount contributed by the county general fund from its discretionary revenue sources to finance the activities of a department.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to an approved labor agreement between the county and an employee labor organization that details the salary, benefits, and other conditions of employment.

Mid-year Adjustments: Board approved changes to a department's budget after the adoption of the final budget.

Operating Transfers In/Out: A method of providing financing from one fund to another for the implementation of a project or program.

Other Charges: A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: In Home Supportive Services.

Proposed Budget: The working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets and for new permanent employee positions unless specifically approved by the Board of Supervisors.

Proposition 172: A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular county employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to handle one-time special projects. They do not receive the full range of benefits or have the civil service status of regular county employees.

Realignment Funding (Health & Welfare): In 1991-92 the state approved the Health & Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

Reimbursements: Amount received as a repayment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of an expenditure and is considered a financing source.

Revenue: The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees or investment earnings. Revenues are deposited in a fund for future appropriation.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements/increases within the base salary range shall be based on two (2) step increments. Each increment is 2.5%.

Transfers: The movement of resources from one fund to another usually for payment of services received.

Unrestricted Net Assets: Net assets represent equity in capitalized assets, net of accumulated depreciation, and reduced by the outstanding balances of any debt attributable to those assets. In other words, it is the difference between a government's assets and its liabilities.

ORGANIZATIONAL CHART

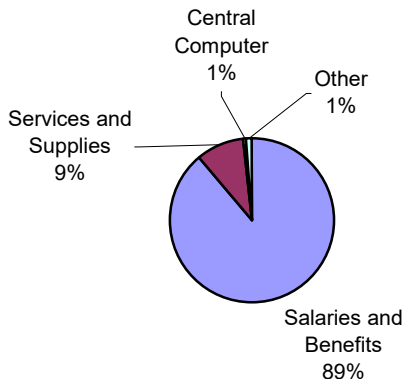

DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors is the governing body of the county government and Board-governed special districts. It establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. New Staff within the Fourth District On January 13, 2004, the Board appointed Patti Aguiar to serve as the Fourth District Supervisor. The Supervisor increased her budgeted staff by 0.6 office assistant. In addition to this staffing increase, salaries and benefits for the Fourth District also increased due to step increases for existing staff.	0.6	67,148	-	67,148
2. New Staff within the Fifth District On February 3, 2004, the Board appointed Clifford Young to serve as the Fifth District Supervisor. Supervisor Young reorganized his staff by deleting 1.0 special assistant and adding 0.51 communications director, 0.25 field representative, and 1.0 policy analyst for a net increase of 0.7 budgeted staff.	0.8	47,871	-	47,871
3. Remaining districts staffing changes The remaining districts made minor changes to budgeted staffing. These changes consisted of the deletion of 0.2 public service employee, offset by the addition of 0.6 student intern and 1.0 field representative.	1.5	102,540	-	102,540
4. Net decrease in Internal Service Fund services This net decrease consisted mainly of a \$18,000 decrease in ISD direct labor and \$12,000 decrease in Motor Pool charges due to the election of a private vehicle as an auto allowance option. Some minor decreases were budgeted in the areas of printing and mail services. Offsetting these decreases were net increases in telephone charges and distributed data processing charges.	-	(23,234)	-	(23,234)
5. Decrease in professional services contracts The previous Fifth District Supervisor maintained a professional services contract that was discontinued when the new Supervisor took office. The budget was applied to salaries and benefits.	-	(35,000)	-	(35,000)
6. Net decrease in services and supplies Overall net decrease in the remaining services and supplies expenditures. The major decrease of \$119,441 in general office expense is offset by increases in noninventoriable equipment, special departmental expense, and computer hardware.	-	(103,693)	-	(103,693)
7. Net decrease in rent expense via transfer During the 2003-04 year, the First District and Fourth Districts each moved into new district offices. The moves net to an overall decrease in rent expense, which is paid via a transfer to the Real Estate Services department.	-	(30,564)	-	(30,564)
8. Increase in reimbursements The Board has budgeted for an increase in reimbursements from the Priority Policy Needs budget.	-	(25,068)	-	(25,068)

Legislation

DESCRIPTION OF MAJOR SERVICES

This program provides federal and state advocacy services to the County of San Bernardino. On February 5, 2002, the Board of Supervisors approved an administrative report that recommended numerous enhancements to San Bernardino County's legislative program. Through the restructuring of federal and state advocacy offices, six advocates currently represent the County. The creation of this new budget unit was approved by the Board of Supervisors on December 17, 2002 and was established to consolidate expenses associated with state and federal advocacy efforts.

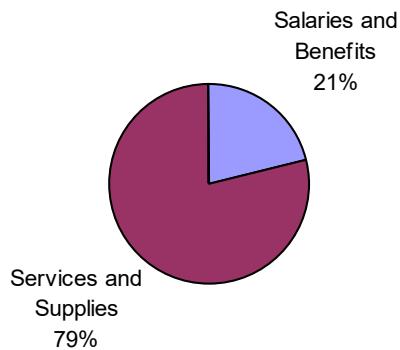

There is one staff position funded through this budget unit. The position is the Director of Legislative Affairs for the Board of Supervisors.

Staffing Reduction - 2.0 Clerk III Positions	(2.0)	(80,480)	-	(80,480)
Reductions in staffing will impact Agenda Processing and Assessment Appeals functions. The turnaround time required to process agenda items will increase, causing possible delays in the execution of contracts which impact grant funding, provision of services by contractors and other services provided to the County. Time required entering Assessment Appeal Application data into the Assessment Appeals Database would also increase, resulting in additional time needed to resolve appeals and the possible loss of property tax revenues due to enrollment of applicant's opinion of value for their property by default.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Restore Clerk III position The loss of this position would impact the Assessment Appeals and Agenda Processing functions within the department. In Assessment Appeals, property owners disputing the assessed value of their property have the right to a hearing within two years after filing their application. If the deadline is not met the property owner's value is automatically entered into the tax roll which directly impacts the amount of property tax income to the County, i.e. 2001 roll value of Assessment Appeals was \$2.3 billion versus the property owners' value of \$1.3 billion. In the area of agenda processing, the staff processes approximately 3,700 agenda items annually of which two-thirds are contracts. A quick turnaround time in the execution of the documents is important in minimizing penalties due to delayed submission, meeting grant application deadlines and preventing delays in the provision of services by contractors. In FY 2003/2004 there were approximately \$1.2 billion in contracts with \$650 million in grant awards.	1.0	45,911	-	45,911

COUNTY ADMINISTRATIVE OFFICE

Mark Uffer

MISSION STATEMENT

The mission of the County Administrative Office is to maximize customer satisfaction with services by developing and implementing budgets, policies, and procedures, and by directing and/or coordinating departmental activities according to the County Charter, general laws, and to meet the strategic goals adopted by the Board of Supervisors.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The County Administrative Office is responsible to the Board of Supervisors for the general administration and coordination of all county operations and programs, together with the preparation and administration of the county budget.

The County Administrative Officer oversees the operations of county departments whose department heads are appointed by the Board of Supervisors or County Administrative Officer, and assists in the coordination of activities of departments headed by elected officials. The County Administrative Office is also responsible for coordinating county activities with other local government entities, including cities and other counties.

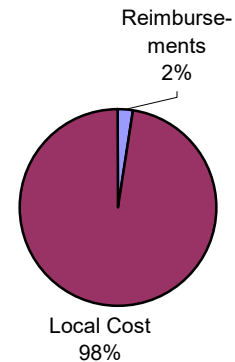

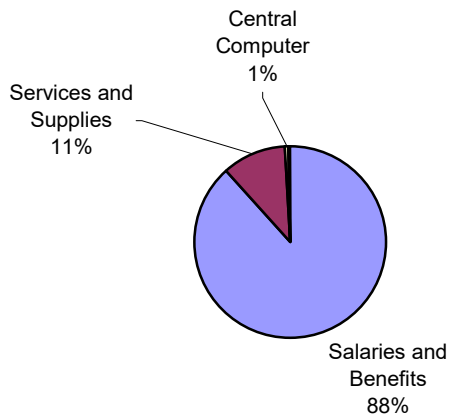

Additionally, the County Administrative Office is responsible for the county's capital improvement program and long-term debt functions.

	Debt Reduction	-	1,800,000	-	1,800,000
	The County has experienced savings on its variable rate debt due to historic lows in short term interest rates. It is anticipated that this budget unit will realize \$1.8 million in budget savings in 2003-04 attributable to these low rates. This policy item requests that this \$1.8 million be used to prepay a portion of the outstanding principal on the Glen Helen Taxable Debt, to reduce the County's future variable rate risk. The estimated budgetary savings for 2004-05 as a result of this action is \$149,000.

FEDERAL FOREST RESERVES

DESCRIPTION OF MAJOR SERVICES

In 1908, Congress enacted a law that requires 25% of the revenues derived from the National Forest System to be given to counties in which the lands are situated for the equal benefit of public schools and roads. Pursuant to Public Law No. 106-393, enacted on October 30, 2000, counties could elect to remain under the 25% Payment Method with fluctuating funding levels or change to the Full Payment Method, that requires these revenues to fund either Title II or Title III projects under the Act. The County elected the Full Payment Method. Title II project funds may be used for the purpose of making additional investments in, and creating additional employment opportunities through projects that improve the maintenance of existing infrastructure, implementing stewardship objectives that enhance forest ecosystems, and restoring and improving land health and water quality. Authorized uses for Title III projects include search, rescue, and emergency services; community service work camps, easement purchases; forest-related educational opportunities; fire prevention and county planning; and community forestry. The State Controller's Office distributes funds to each eligible county according to the agreed upon formula and the counties' election of fund distribution.

Title III funding is utilized by County Fire Department to develop fire prevention and community forestry projects that are necessary for the protection of people and property.

There is no staffing associated with this budget unit.

Master Settlement Agreement

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998 a settlement was reached in a lawsuit filed by states against the tobacco industry. In California the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

A majority of the county's total proceeds are used each year to finance a portion of the Medical Center debt.

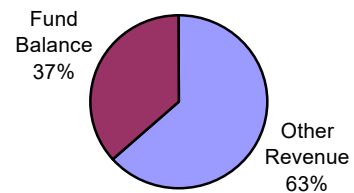

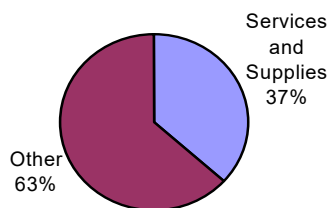

There is no staffing associated with this budget unit.

Medical Center Lease Payments

DESCRIPTION OF MAJOR SERVICES

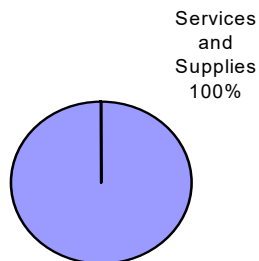

This unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the SB 1732 – Construction Renovation/Reimbursement Program, operating transfers from ARMC representing Medicare and fee for service revenues, and operating transfers from the general fund backed by realignment revenues and tobacco settlement proceeds.

There is no staffing associated with this budget unit.

COUNTY COUNSEL

Ronald Reitz

MISSION STATEMENT

To serve and protect the County, its treasury, and its governing body, by providing timely and accurate legal services and aggressively representing the County in litigation. Legal services shall be performed maintaining the highest professional and ethical standards while fostering high morale and productivity in the work place through collaborative efforts dedicated to continuous improvement.

ORGANIZATIONAL CHART

* Some of these positions are budgeted in the HSS Budget Unit.

DESCRIPTION OF MAJOR SERVICES

County Counsel provides civil legal services to the Board of Supervisors, County Administrative Office, county departments, commissions, special districts, and school districts. County Counsel also provides legal services to various joint powers authorities and represents the courts and judges on certain matters. In performing its duties, the County Counsel's Office is divided into three operational units: the Litigation Unit, the Human Services System Unit, and the General Unit.

The Litigation Unit handles tort and civil rights litigation, workers' compensation and code enforcement. This unit is revenue supported. All Litigation Unit clients are billed by the hour for services; the largest client of this Unit is Risk Management.

The next major unit within County Counsel is the Human Services System Unit. The Human Services System Unit is revenue supported through the Human Services System budget. This Unit serves the Human Services System departments. A large portion of this unit is dedicated to the litigation of juvenile dependency trial and appellate matters for the Department of Children's Services. All of the juvenile dependency litigation is work mandated by law. The remainder of the staff in this Unit serves as general legal counsel, including some litigation, for other HSS related departments and entities, such as Departments of Aging and Adult Services, Transitional Assistance, Preschool Services, Jobs and Employment Services, Child Support Services, and the IHSS Public Authority and Children and Families Commission.

The Office's General Unit mainly provides legal services to departments supported by the general fund even though a substantial portion of the General Unit is revenue supported. The revenue supported General Unit attorneys are dedicated primarily to providing legal services to County departments (such as Sheriff and Human Resources) and outside governmental entities (such as SANBAG, OMNITRANS, and Special Districts) which pay for all or a significant portion of their legal services. The remaining General Unit attorneys and clerical staff are fully supported by the general fund. Therefore, in addition to the County Counsel, Assistant County Counsel and related clerical staff who are also general fund supported, the Office's General Unit has the only general fund supported attorneys and clerical staff dedicated primarily to providing legal services to the Board of Supervisors, County Administrative Office, and the county departments and other governmental entities that do not reimburse the Office for legal services rendered.

SUMMARY OF JUSTIFICATION AND BUDGETARY IMPACT**

GROUP NAME: Administrative/Executive
DEPARTMENT NAME: County Counsel
FUND NAME : General
BUDGET UNIT: AAA CCL
PROGRAM: County Counsel

Briefly Describe the Summary of Justification for Fee Requests(s) and the Budgetary Impact to Program if Fee(s) are approved:

Current rate does not fully recover the costs of legal services to clients. County Counsel's last fee increase was in 2001, but since that time salaries and benefits have increased and equity adjustments have been implemented. This fee increase is in agreement with and supported by the COWCAP. The budget was built without the fee increase by making cuts in the operating budget and not funding needed positions. If this fee request is approved, we request funding for these needed positions and other items as outlined. Over the last two fiscal years, this Office has reduced staff and its overtime budget. Thus far, this office has been able to absorb most of the cuts without a significant and outwardly visible reduction in client services. However, any further reductions will result in significant reduction in general fund client services, in both attorney and support staff assistance. Because of the general fund limitations over the last few years, this Office has focused on revenue support from clients to maintain its service levels, including a few clients that are general fund clients.

This Office presently has only 9 attorneys serving the legal needs of most of the general fund departments; the remaining attorneys provide mandated litigation services or are directly funded and dedicated to specified clients. Because the current fee rate no longer covers the costs of legal services, the County's general fund has effectively started to subsidize external clients and non-general fund County clients.

The fee increase would allow us to restore two (2) attorney FTEs and one (1) secretary FTE to maintain the 9 FTE attorneys and current secretaries who provide the primary legal services to the Board, the County Administrative Office, the Economic Development and Public Services Group, the Medical Center and health related departments, and the fiscal and internal services departments. These departments are not directly billed for services rendered and are traditionally funded through the general fund. The fee increase would also allow this Office to restore some of the overtime budget which was cut in previous budget reductions; our experience since then has shown that with the current staffing levels additional secretary overtime to handle certain litigation peaks and client emergencies is critical.

Human Resources

DESCRIPTION OF MAJOR SERVICES

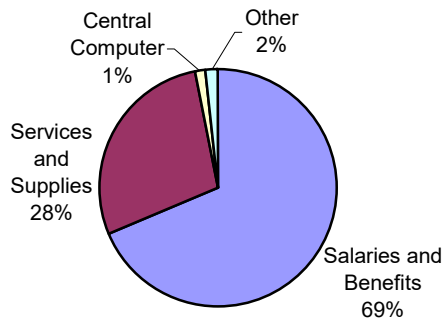

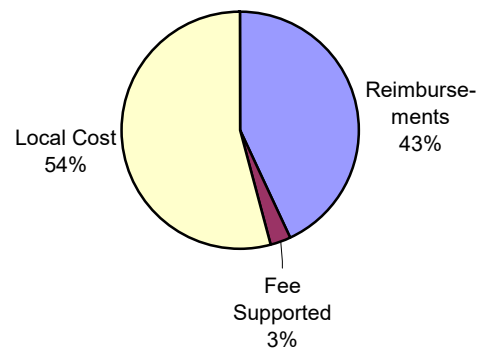

The Human Resources Department administers the county's human resources programs. This includes responsibility for employee testing, certification, and selection; employee relations; systems and program administration for a portion of the Employee Management and Compensation System (EMACS); the Equal Employment Opportunity Office; and the Commission on the Status of Women. Human Resources also shares responsibility, through a partnership with Human Services System, for countywide organizational and employee development and the Management Leadership Academy.

On December 16, 2003, the Board approved the transfer of 31.0 positions to the Employee Benefits and Services special revenue fund (SDG HRD). Expenditures and revenues related to employee benefit administration are also transferred to the special revenue fund. An additional 2.0 positions (1.5 Public Services Employee and 0.5 Human Resources Analyst I) are deleted due to the 9% cost reduction plan. This is offset by the addition of 0.1 Human Resources Officer II, which is required to assist for vacation coverage and during the upcoming negotiations with the various employee bargaining units.

The Center for Employee Health and Wellness

DESCRIPTION OF MAJOR SERVICES

The Center for Employee Health and Wellness is responsible for employee and applicant pre-employment and in-service medical examinations, medical records, representing the county in hearings before the Civil Service Commission regarding appeals of medical findings, and advising the county's management on compliance with Occupational Safety and Health Administration (OSHA) regulations and occupational medical problems. The program had been financed through the county's workers' compensation insurance sub fund. Since 2001-02, the program has been financed by direct reimbursements from county departments with costs allocated on the basis of budgeted staffing.

In 2004-05, staffing is reduced by 0.3 Contract Occupational Physician. Services and supplies as well as transfers are increased to reflect an agreement with the Sheriff's Department Training Academy to provide on-site first aid for Sheriff Academy participants.

In December 2004, as part of the County's ongoing efforts to consolidate services, the Center for Employee Health and Wellness will re-locate to the Arrowhead Regional Medical Center (ARMC). The move is expected to result in savings due to reduced contract costs by enabling The Center to utilize ARMC on-site services (e.g. pharmacy, x-rays, etc.). There will also be ongoing facility lease cost savings of approximately \$130,000 per year; however, in 2004-05, savings are expected to be minimal due to the contractually required payment of unamortized tenant improvements.

Unemployment Insurance

DESCRIPTION OF MAJOR SERVICES

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program.

There is no staffing associated with this budget unit.

In 2003-04, estimated costs are significantly more than expected due to an increase in the number of claims, which is attributable in part to the countywide reduction of public services employees and increased unemployment benefits. In 2004-05, budgeted appropriation is increased to reflect the expected trend of rising claims costs, which is due mainly to increased unemployment benefits.

Commuter Services

DESCRIPTION OF MAJOR SERVICES

The Commuter Services fund was established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This fund receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

In accordance with Section 29009 of the Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriations in this budget unit are less than budgeted. The amount not expended is carried over to the subsequent year's budget.

In 2004-05, staffing is reduced by 1.0 Commuter Services Manager. Program oversight will be provided by staff in the Human Resources Department budget (AAA HRD). Transfers to AAA HRD are increased to reflect the reimbursement of direct services; however, there is expected to be an overall cost savings to the program of approximately \$30,000 per year.

In accordance with Section 29009 of the Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriations in this budget unit are less than budgeted. The amount not expended is carried over to the subsequent year's budget.

Beginning in 2002-03, administrative fees and other revenues used to finance the administration of employee benefits were consolidated into this fund. In 2004-05, expenditures related to the administration of employee benefit programs will be included as part of this fund as well. Prior to 2004-05, expenditures were included as part of the Human Resources Department budget (AAA HRD). Prior to 2004-05, revenues received in this fund were subsequently transferred to the Human Resources Department to reimburse actual costs.

Risk Management - Operations

DESCRIPTION OF MAJOR SERVICES

Risk Management, under the direction of the Human Resources Department, administers the county's self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs and its insured programs. All programs are paid from self-insurance funds and financed by charging general fund and non-general fund departments, as well as Board-Governed Special Districts and County Service Areas. Each are billed for their specific coverage for the cost to pay losses under the self-insured programs and the cost of insurance for the insured programs. This budget unit consists of staffing and related operating expenses.

The increase in salaries and benefits includes the addition of 0.3 Contract Risk Manager for the period necessary to hire and transition a new Risk Manager after the March 31, 2004 retirement of the incumbent. Services and supplies are increased \$281,500. This is due primarily to increased COWCAP charges of \$326,611, which is offset by reductions in various categories including training, equipment, and office supplies.

Risk Management – Insurance Programs

DESCRIPTION OF MAJOR SERVICES

Risk Management, under the direction of the Human Resources Department, administers the County's self-insured and its insured insurance programs. All programs are paid from self-insurance funds, which are financed by charging general fund and non-general fund departments, as well as Board-Governed Special Districts and County Service Areas. Self-insurance and insured programs include auto liability, property, surety, comprehensive auto, law enforcement liability workers' compensation, aircraft liability, airport liability, environmental liability, medical malpractice, and general liability. Revenue over expense is used to meet actuarially determined claims reserve requirements.

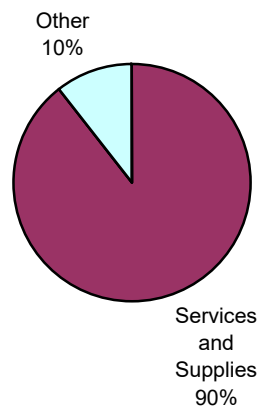

There is no staffing associated with this budget unit.

DESCRIPTION OF MAJOR SERVICES FOR ALL BUDGET UNITS

The Information Services Division (ISD) provides five major services, Communications, Application Development/Support, Relationship Management, Enterprise Data Center and Enterprise Infrastructure. Each service plays an intricate role in supporting County Departments and together they provide the citizens of San Bernardino County such things as the Public Safety Radio system, which provides enhanced communications between all public safety agencies in the County.

Communication services provide for the design, operation, maintenance and administration of the largest County operated telecommunications phone network in the country, the County's Regional Public Safety Radio system that integrates all countywide police, sheriff, and fire radio dispatch capabilities, the paging system consisting of over 7,000 pagers and the Wide Area Network that securely joins approximately 18,000 County users together for the efficient use of technology. ISD manages a countywide microwave system (64 sites) that helps provide transport capabilities for each of the individual systems listed below.

- The telecommunications phone network is comprised of 60 Northern Telecom digital PBX switches and more than 200 electronic key systems. With few exceptions, our telephone equipment interconnects approximately 19,000 County employees without relying on service from the commercial telephone companies. For a County as geographically large as San Bernardino, a substantial cost savings is realized from handling our telephone calls on our own privately operated network (on-net). This Network interfaces with four major commercial telephone companies and two diverse long distance carriers for interrelate, interstate, and international calling. It offers inbound 800 services, giving the Public toll-free access to a number of County agencies, a variety of voice processing services (voice mail, automated attendant, voice forms, and integrated voice response), and network Calling Cards aimed at providing noticeable savings by employees while traveling.

- The Regional Public Safety Radio system is a dynamic countywide system serving the communications needs of public safety and some outside agencies. Each user can effectively communicate with other users in their group without fear of interference or channel contention, as is common with conventional radio systems. Although the system is made up of 11 separate truncated radio sub-systems and 8 conventional technology sub-systems, ISD has been able to tie them together into one large County-wide system serving the public whenever law enforcement, fire or other public safety individuals must communicate jointly. The recent fires in our County are a good example of when this system is invaluable.
- The Paging System provides low cost paging in the entire southern part of the state for our employees on the job and is made possible by a multi-site paging system managed by ISD. The system is secure for Public Safety and less costly than traditional alternatives.
- The Wide Area Network (WAN) is comprised of over 275 routers or ATM switches serving all areas of the County and all departments of the County as well as some affiliated agencies that interact with the County. Providing service from Chino to Needles, Trona to the Morongo Basin and all points in between ISD is able to cover over 650 diverse geographical locations and provide connectivity across 20,000+ square miles of the County.

The WAN has made it possible for the County to implement such cost saving measures as Video Arraignment which allows for the timely, mandated, arraignment of persons arrested without transporting them to and from the jail facilities and courtrooms located around the County and County-wide video conferencing which allows for staff to hold meetings and training "on-line" and avoid timely and costly travel time by staff.

Application Development/Support services provide support for County departments as they develop, enhance, and maintain business applications on a variety of hardware and software platforms. These applications include the County's enterprise accounting, payroll, budget, personnel, document imaging, public web sites, geographical information system and many other business line systems. ISD consults with many Departments to find more cost effective ways of doing business and often provides business process reviews, cost analysis, and overall recommendations in the acquisition and integration of new systems. Departments supported include Probation, District Attorney, Sheriff, Public Works, Auditor Controller, Behavioral Health, Human Resources and many others.

Enterprise Data center services provide for the design, operation, maintenance and administration of the County's enterprise data center which includes server management for over 160 servers, integrated document imaging infrastructure for digitizing paper records, and print operations for bulk printing functions required by the County.

- Server Management provides the County with a cost effective way to manage large or small-scale systems by leveraging a shared but secure architecture for departmental systems. Departments are provided with a stable 24/7 environment to run critical applications and ISD provides the systems programming, support, and systems/database administration necessary to achieve high availability to County users. Additionally, ISD is able to host vendor maintained systems physically and provide a collaborative approach to the department in achieving good security and operational performance. Departments supported include Probation, District Attorney, Sheriff, Public Works, Auditor Controller, Welfare, Behavioral Health, and many others.
- Integrated Document Imaging infrastructure provides complete support for document capture, imaging, content services (electronic document management), and automated workflow solutions for business applications within the County. The service includes monitoring and maintaining the desktop capture system as well as custom application code supporting the customer's ability to populate their repository with business content. The ISD Team maintains certified professionally trained staff to manage and monitor both the central imaging server repository and the desktop associated with it.
- Print Operations provide specialized bulk printing for the County including Tax Bills, Warrants, Tax sales books, financial and personnel reports along with many others required by departments. Print Operations currently completes many critical jobs on a regularly scheduled basis and last year printed a total of 29 million impressions.

Enterprise Infrastructure Services provide the County with global Email, Security direction, technology policies and procedures along with some technical services that are the foundation of how desktops communicate and function across the County from one department to another.

- Email Services connects 50 departments with approximately 13,000 users and provide all the information that one would see in Microsoft Outlook (email, calendaring, contacts, tasks, etc.). Departments rely on this key collaboration tool to perform their daily tasks and communicate with one another in a more productive way.
- On a monthly basis ISD is handling over 9 million emails of which 900,000 come from the Internet; filtering out 24,000 SPAM messages and eliminating over 8,000 virus attacks.
- Technology Policies and Procedures are created by ISD with the help of County Departments to effectively manage technology and provide guidelines for proper use of the systems. For example, Internet, Email, etc.
- Security Services include monitoring global risk factors, responding to security events such as virus or hacking attempts and provides the resources necessary to assist Departments in performing technology security evaluations and general security assessments.

Relationship Management Services provide an interface for Departments in dealing with ISD to ensure that their technology and business objectives are understood and dealt with appropriately. To accomplish this ISD created a Technology Support Center to handle service requests along with assigning IT Account Representative to better understand the business needs of all County Departments/Agencies.

- Technology Support Center serves to proactively monitor countywide infrastructure for problems and handles more than 78,000 calls from County users a year. The Help Desk can often solve many simple issues like system access or password resets along with first level support for the Microsoft Office suite of products.
- IT Account Representatives serve departments in many ways but perhaps most importantly they can act as a single point of contact to connect departments with the wide breadth of Technology Services offered by ISD. The Account Representative acts as a technology consultant, helping to make buy versus build decisions, assisting in contract negotiations, serving on RFP evaluation committees, and even delivering equipment or documents when necessary. These individuals act as the customer advocate within ISD to ensure customer expectations are being achieved.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Salaries & Benefits Reduced staff to accommodate for reduced service revenues. To meet these revenue reductions, ISD plans to eliminate funding for approximately (8.5) positions including (3) filled Team Leaders, (1) filled Secretary, (2) Clerks (one filled and one vacant), (1) filled Programmer Analyst III, (1) vacant Programmer III position and (.5) reduction in overtime usage. These reductions will expand the span of control of supervision, which could impact the quality of work being performed and overall work performance efficiency of this unit.	(8.5)	(595,552)	-	(595,552)
2. Services & Supplies Reduced expenditures in telephone services, communication network services, electronic equipment maintenance, software purchases, inventoriable equipment, especially training, general office expense, distributed data processing equipments, professional & special services, general maintenance and travel to offset inflation increases and help balance budget and lower revenues.	-	(203,071)	-	(203,071)
3. Transfer Central administration cost allocation increase due to increases in steps, for employees in the administration group. Transferred local cost of \$65,511 from Emerging Technology to Systems Development to better manage the departments needs.	-	138,889	-	138,889
4. Revenues Reduction in projected revenues due to reduced services primarily from Board of Retirement, ARMC, Behavioral Health, HSS, and Transportation/Flood Control. These reductions results from departments installing new business system applications for which ongoing support is provided by the vendor.	-	-	(725,245)	725,245

Emerging Technology

DESCRIPTION OF MAJOR SERVICES

The Emerging Technology's division (ETD) researches, evaluates and recommends technology-oriented products and solutions with the focus of improving internal county processes as well as enabling electronic access by the public to county services. ETD is responsible for the county's E-Government initiative and maintains the internal and external county web sites. Through the Geographic Information Management System (GIMS), ETD also provides mapping products and geography-based application services for both county departments and the public.

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Reduced Salaries & Benefits	(2.0)	(117,550)	-	(117,550)
To meet this reduction, ISD plans to eliminate funding of a filled System Development Team Leader and a recently vacated Geographic Information Technician I position. The loss of one staff member in GIS is Equivalent to a 25% reduction. The impact of not funding the GIS position will reduce timely updating of information in the GIS database that is used for public safety dispatching, land use planning, economic development and other mapping applications. The Team Leader position provides team supervision of support personnel responsible for managing the County's Internet an intranet web sites and the E-government initiatives. The impact of not funding this position would be loss of project oversight and supervision for these activities and not being able to provide timely technical consulting to departments in managing web content and supporting web-base applications.

Computer Operations

DESCRIPTION OF MAJOR SERVICES

The Computer Operations Division works to provide Enterprise Data Center Services and part of the county's communications services. The division is comprised of five Sections: Technology Production Control, Integrated Document Management, Wide Area Network, Local Area Network and Systems Support Services. The division supports county departments on a 24/7 basis.

Technology Operations Production Control Services is tasked with the administration and support of the county's enterprise servers, departmental mid-range computers, and over 160 client server computer systems. The section is responsible for maintaining a stabilized environment for the enterprise data center, cross system platform automation, report distribution and disaster recovery.

The Integrated Document Management Section operates the integrated document management, document conversion, data entry and microfilm for the county. The Systems Support Section centralizes and physically consolidates the infrastructure and administration to support the efficient management of countywide servers.

The Wide Area Network (WAN) section provides the communications infrastructure for interconnecting all county departments and provides support for approximately 18,000 users.

The Computer Operations budget unit is an Internal Service Fund (ISF). As an ISF net assets available at the end of a fiscal year is carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rates structure.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

	Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
1.	Salaries and Benefits Increase of \$275,797 for step increases, overtime, stand-by and on-call services. Although no additional employees positions were added, budgeted staffing did increase by 1.5 to reflect an increase in overtime, stand-by and on-call hours. These hours reflect trends in support of department critical telecommunication systems which are based on higher salary cost of employees.	1.5	275,797	-	(275,797)
2.	Services and supplies Increase services of \$2,163,203 from ESRI for the final year of the GIS Parcel Base Map services. Computer Operations ISF is projecting a reduction of \$1,640,058 expenditures in the following areas: usage of local and long distance services; purchase of paper, training, insurance, office expenses, travel, vehicle services and COWCAP. Cost increase of \$103,276 associated with license and support of existing computer systems software. Cost increase of \$268,772 for computer systems hardware maintenance and Cisco network routers maintenance.		895,193	-	(895,193)
3.	Other Charges The equipment lease purchase loan interest portion of the lease purchase is decreased to reflect loans that were fully paid in 2003-04.	-	(26,461)	-	26,461
4.	Transfers Reflects increased building cost for custodial, building repairs and security services at 670 East Gilbert St. facility.	-	8,378	-	(8,378)
5.	Reimbursements Increased to include higher cost allocation to operating division in ISD for centrally funded administration overhead cost related to step increases and inflation increases for services and supply items.	-	(112,954)	-	112,954
6.	Depreciation Depreciation expense increase to reflect full year depreciation on equipment purchased from previous budget year and new equipment purchases planned for 2004-05.	-	216,370	-	(216,370)
10.	Revenues Service program revenue increase of \$2,712,300 related to restoration of service rates reflecting completion of one time return of surplus retained earning that are offset by reduced revenues of approximated \$1,156,639 from social services reductions, departmental desktop support, and Special Districts.	-	-	1,555,361	1,555,361

Network Services

DESCRIPTION OF MAJOR SERVICES

Information Services' Network Services Division provides communication and infrastructure services to the County. The division provides for the design, operation, maintenance and administration of the largest County operated telecommunications phone network in the country with approximately 20,000 telephones in service, the County's Regional Public Safety Radio system that integrates all countywide police, sheriff, and fire radio dispatch capabilities, the paging system consisting of over 7,000 pagers and the County's microwave transport network consisting of 64 separate sites.

The Network Services budget unit is an Internal Service Fund (ISF). As an ISF any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rates structure.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
1. Salaries and Benefits Increased of \$82,896 for step increases, overtime, stand-by and on-call to reflect actual trends in support of department critical telecommunication systems which are based on higher salary cost of employees. Additional increase in staffing due to overtime, stand-by and on-call services is offset by net reduction in staffing.	-	82,896	-	(82,896)
2. Services & Supplies Network Services ISF is projecting reduced expenditures in the following areas: usage of local and long distance services; purchasing of small tools, instruments and non-inventoriable equipment; utilities; and professional & specialized services. This is partially related to the reduction in outside contract customer services.	-	(762,613)	-	762,613
3. Other Charges Numerous lease-purchase loans were fully paid in 2003-04 resulting in ongoing interest expense on remaining loans to be much less.	-	(21,369)	-	21,369
4. Depreciation Depreciation expense has been reduced to reflect fixed assets being fully depreciated and reduced new purchases of fixed assets resulting from fiscal budget conditions.	-	(250,007)	-	250,007
5. Transfers This budget is being reduced for an accounting change by \$1,413,538 to eliminate Intra-Fund cost accounting transfers within Network Services ISF. This eliminates the transfer of cost between budgets within this ISF for telephone switch installation and data circuit costs. Increase in EHAP charges of \$2,851.	-	(1,416,389)	-	1,416,389
6. Reimbursements This is the offset of the transfer out account and it is also being reduced to eliminate Intra-Fund cost accounting transfers within Network Services ISF. This eliminates the transfer of cost between budgets within this ISF for telephone switch installation and data circuit costs.	-	1,413,538	-	(1,413,538)

HEALTH CARE COSTS

MISSION STATEMENT

To develop and coordinate budgets, policies and procedures for the County's health care departments in accordance with the strategic goals adopted by the Board of Supervisors, the County Charter, and general laws.

DESCRIPTION OF MAJOR SERVICES

The role of the Health Care Services Division is to seek and support opportunities to foster collaboration among the Public Health Department, Department of Behavioral Health (DBH) and the Arrowhead Regional Medical Center (ARMC). The Division provides regular fiscal and policy analysis relating to the operations of these departments. The Division also reviews and analyzes all agenda items submitted for Board of Supervisors approval as well as all budget submittals and reports relating to San Bernardino County's health care programs. Additionally, this division manages the \$135.8 million Health Care Costs budget, which includes funding for ARMC debt service, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

This budget unit represents the costs of health care related programs for the county general fund. Health care related transactions represented by this budget unit include the Disproportionate Share Hospital (DSH) Supplemental Payments Programs (SB 855, SB 1255, and Graduate Medical Education (GME)), Realignment "AB 8" match, and the county's contribution for Arrowhead Regional Medical Center debt service payments. Summary information regarding key components of this budget unit appears below.

Disproportionate Share Hospital Programs

The DSH programs were established to provide supplemental Medi-Cal payments to hospitals that provide services to disproportionate numbers of Medi-Cal and other low-income patients. These programs assist safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. These programs are mechanisms for distributing federal health care funds. The programs require the county to transfer general fund dollars (shown in this budget unit as Other Charges) to the State. Through a matching process, the County receives back its initial contribution, which is recorded in this budget unit as Current Services revenue. In addition to the return of the initial contribution, the county receives federal health dollars which are accounted for in the ARMC budget. The level of the County's contribution is set during the year by the State. As a result, the amounts only represent estimates of the funds needed at the time the budget is prepared. In a similar fashion, the ARMC budget cannot fully reflect the amount of federal health dollars received via DSH programs until the County is notified of the matching amounts during the course of the Fiscal Year. The DSH program comprises two elements:

- The SB 855 program provides supplemental payments to hospitals that serve a disproportionate number of low-income individuals. Public entities are required to transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds are matched with federal funds and redistributed as supplemental payments to all eligible hospitals including non-public hospitals. A hospital may receive DSH payments if its Medi-Cal utilization rate exceeds an established threshold or it uses a designated percentage of its revenues to provide health care to Medi-Cal and uninsured patients.
- The SB 1255 program supplements eligible hospitals that are licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. Intergovernmental transfers are also made. These funds are combined with matching federal funds and redistributed by CMAC as supplemental payments to hospitals demonstrating a need for additional funds. CMAC ultimately determines the amount received by each participating hospital.
- The GME program is part of the SB 1255 program and it provides supplemental payments to DSH hospitals that are also a teaching facility/institute. Payments are determined solely by CMAC and the amount can vary from year to year. Similar to other SB 1255 revenues, the amount actually received is determined by the state during the course of the fiscal year.

Realignment and General Fund Support

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment "AB 8" match and administrative costs related to this budget unit. Note: Specific details regarding the financing sources, which are used to cover the County's \$53.4 million annual debt service obligation for the ARMC facility, are provided in the ARMC Lease Payments (EMD JPL) section of the Proposed Budget.

To qualify for receipt of Health Realignment funding from the State, the County must contribute a "match" of local funds. The matching amount is based on a formula, established through AB 8 in 1979, through which the State provided funding to preserve critical health programs in the aftermath of Proposition 13. When the Realignment program was created in 1991, funding allocations were based on the historical AB 8 formula, and local match requirements remained. The County's match requirement for 2004-05 is \$4.3 million; this amount remains constant each per the historical formula. The Realignment match funded in the Health Care Costs budget meets the County's full obligation to receive Health Realignment dollars, which support the Public Health Department and Arrowhead Regional Medical Center. For 2004-05, the County anticipates receipt of approximately \$56.7 million in Health Realignment funding. Important note: The local match requirement for receipt of Mental Health Realignment funding is reflected in the operating budget for the Department of Behavioral Health.

Realignment funds support this budget as follows:

- Mental Health at 3% (which covers half of administrative costs).
- Health at 97% (which covers half of administrative costs plus debt service payments).

The amounts listed as "Operating Transfers Out" represent the County's net debt service obligation for the payment of the Arrowhead Regional Medical Center facility (\$20.9 million) and the required Realignment "AB 8" match (\$4.3 million) which must by law be transferred into trust before Realignment monies can be directed toward health programs.

BUDGET AND WORKLOAD HISTORY

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05
Total Requirements	118,341,508	135,628,083	127,628,960	135,812,669
Departmental Revenue	100,641,507	120,628,083	112,628,960	120,812,669
Local Cost	17,700,001	15,000,000	15,000,000	15,000,000
Budgeted Staffing		4.0		4.0

The variance of \$8.0 million is primarily due to variances in Other Charges, Operating transfers out, and Realignment.

Significant variance is estimated in Other Charges (\$15 million) as the County's requirement to transfer funds to participate in the Disproportionate Share Hospital programs is not determined until later in the fiscal year. Since these expenses are fully offset by an equivalent amount of revenue (recorded as Current Services), any variance has no impact on local cost.

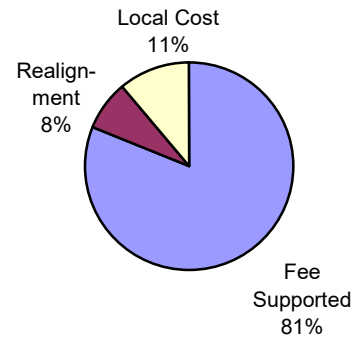

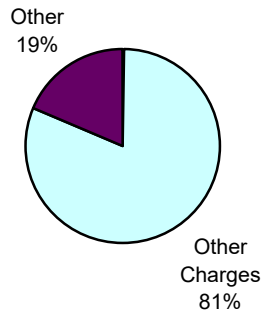

Operating transfers out and realignment are significantly higher than anticipated as a result of a lower reimbursement rate from the state for SB 1732. The reduction in state reimbursements' is due to a decrease in the Arrowhead Regional Medical Center's (ARMC) Medi-Cal Utilization rate. This rate is calculated on an annual basis by the state and it fluctuates up or down based on the number of ARMC's paid Medi-Cal inpatient days compared to other public hospitals in the State of California. As a result of this \$7.0 million adjustment, more transfers from Realignment were needed to cover the Medical Center's Lease Payments. The Medi-Cal Utilization rate is not determined until the end of the fiscal year. Consequently, an annual adjustment to Operating transfers out and realignment is necessary. The combined adjustments for 2001-02 and 2002-03 accounted for a reduction in realignment usage of \$8.7 million.

Other variances existed in salaries and benefits due to unexpected vacancies and in services and supplies due to lower than anticipated expenses for providing Health Insurance Portability and Accountability Act (HIPAA) training to county employees.

Increased 2003-04 transfers are due to the use of HSS support services for operational studies of the Behavioral Health and Public Health Departments.

Arrowhead Regional Medical Center

DESCRIPTION OF MAJOR SERVICES

The Arrowhead Regional Medical Center (ARMC) provides inpatient and outpatient medical care to county residents in accordance with state law. The medical center operates through an enterprise fund. Under this system, revenues earned from operations are retained to fund the program. ARMC is a state-of-the-art facility which offers the latest in patient care by providing a full range of services which includes inpatient and outpatient services, three family health centers, the Department of Behavioral Health's inpatient services, and other specialized services.

Our inpatient care service lines includes:

- Inland Counties Regional Burn Center which provides total care of burn patients of all ages and serves areas as far as Irvine, Phoenix and Las Vegas
- Labor and Delivery/Maternity which provides monitoring of labor and care during child birth and postpartum
- Epilepsy Monitoring Unit which provides the mechanism to wean non-epileptic patients off anticonvulsive drugs (ACD) and assists in establishing accurate diagnosis for seizure patients
- Medical Intensive Care Unit (MICU), which provides critical care for medical patients requiring continuous assessments and observation
- Medical, Surgical, Oncology, Geriatric, Orthopedics, Medical/Surgical/Telemetry/Renal Transplant which provides patient care, nursing assessment and observation of adult medical/surgery patients and kidney transplant patients
- Neonatal Intensive Care Unit (NICU) which provides care for newborns requiring continuous assessments and observation
- Nursery which is a full service nursery for newborns
- Pediatrics which provides patient care, nursing assessment and observation to pediatric patients
- Surgical Intensive Care Unit (SICU) which provides critical care for surgical patients requiring continuous assessments and observation

- Transplant services which includes actual transplant as well as patient evaluation, follow-up contact with patients after transplants, diagnostic planning and case management

Our outpatient care service lines includes:

- Outpatient Care Specialties which provides a wide range of specialty services such as:
 - Family and Elder Care Community Services which provides preventive health maintenance and primary care for all age
 - Internal Medicine Services which includes Cardiology, Allergy, Nephrology, Endocrinology, Gastroenterology, Hematology, Dermatology, Neurology, Rheumatology, and numerous other subspecialties
 - Surgical Services consists of a variety of general to specialized surgical services for the care of our patients
 - Orthopedic Service provides services for diagnosis and treatment of diseases and abnormalities of the musculoskeletal system
 - Rehabilitation Medicine Services provides care for State disability evaluation, spinal cord injuries, amputees, as well as other rehabilitative services.
 - Pediatric Services provides a variety of comprehensive services and offers well-child visits, high risk follow-up, sick child walk-in visits, as well as pediatric specialties
 - Women's Health Center offers excellent comprehensive pregnancy services from preconception counseling to postpartum care
- Family Health Centers provide outpatient community health care in the form of three clinics called Family Health Centers (FHC's):
 - The Arrowhead McKee Family Health Center
 - The Arrowhead Westside Family Health Center
 - The Arrowhead Fontana Family Health
- Emergency Department provides full service trauma, acute and minor emergency care

Our other specialized services includes:

- Imaging Department (Radiology) services include: x-rays, bone density testing, mammography, stereotactic breast biopsies, CT scan, MRI, ultrasound, nuclear medicine, diagnostic radiology, and radiation oncology
- Neurodiagnostics/EEG/EKG/EMG of the hospital provides outpatient EEG, EKG and EMG testing as well as intra operative monitoring
- Laboratory provides routine lab tests, blood transfusion services and blood donor program, and diagnostic services including chemistry, hematology, bacteriology, toxicology, and pathology
- Pharmacy services include mail order distribution to selected Arrowhead Family Health Centers
- Rehabilitation services includes Physical Therapy/Occupational Therapy/Speech Therapy for trauma rehabilitation, brain injury rehabilitation, spinal column injury rehabilitation
- Respiratory Care/Cardiology Services/Sleep Apnea Lab provides complete cardiopulmonary care including pulmonary stress testing, arterial blood gas tests, continuous mechanical ventilator service, and other respiratory treatments
- Guest Services which includes gift shop, social services, pastoral care and cafeteria dining
- Home Health services which includes rehabilitative care extended to Home Health Care
- Hyperbaric oxygen therapy
- Health Information Library
- Diabetics Education Program
- Wound Care Management

Behavioral Health Services includes:

- Inpatient services for children and adults psychological treatment which includes evaluation, assessment and are treated by our interdisciplinary team of psychiatrists, clinical therapists, nurses and occupational therapists
- Medication, individual and group therapy and family education

Revenue resources for ARMC are comprised of the following: Disproportionate Share Hospital (DSH) Programs (SB 855, SB 1255, GME), third party payors, Medi-Cal and Medicare, AB 915, tobacco tax funds, current services, miscellaneous revenue, and Health Realignment. Summary information regarding key components of this budget unit appears below.

- The DSH programs were established to provide supplemental Medi-Cal payments to certain hospitals that provide services to disproportionate members of Medi-Cal and other low-income patients. These programs assist safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. These programs are mechanisms for distributing federal health care funds. The programs require the county to transfer general fund dollars (reflected Health Care Costs (HCC) budget unit) to the state. Through a matching process, the county receives back its initial contribution, the county receives the federal health dollars which are accounted for in the ARMC budget in the state and federal category. The level of the county's contribution is set during the year by the state. As a result, the amounts in the HCC budget only represent estimates of the funds that will be needed to support the transfers, which take place during the coming fiscal year. In a similar fashion, this budget cannot fully reflect the amount of federal health dollars received via DSH programs until the county is notified of the matching amounts during the course of the fiscal year. The DSH program comprises two elements:
 - The SB 855 program provides supplemental payments to hospital that serve a disproportionate number of low-income individuals. Public entities are required to transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds are matched with the federal funds and redistributed as supplemental payments to all eligible hospitals including non-public hospitals. A hospital may receive DSH payments if its Medi-Cal utilization rate exceeds an established threshold or it uses minimum percentage of its revenues to provide health care to Medi-Cal and uninsured patients. This accounts for approximately 10.82% of ARMC's net revenue.
 - The SB 1255 program supplements eligible hospitals that are licensed to provide emergency medical services and contract with California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. Intergovernmental transfers are also made. These funds are combined with matching federal funds and redistributed by CMAC as supplemental payments to hospitals demonstrating a need for additional funds. CMAC ultimately determines the amount received by each participating hospital. This accounts for 8.56% of ARMC's net revenue.
 - The GME program is part of the SB 1255 program and it provides supplemental payments to DSH hospitals that are also teaching facilities. Payments are determined solely by CMAC and the amount can vary from year to year. Similar to other SB 1255 revenues, the amount actually received is determined by the state during the course of the fiscal year. This accounts for approximately 0.17% of ARMC's net revenue.
- Medi-Cal fee for service is a state run insurance program that covers medical bills for low-income patients and accounts for 21.95% of ARMC's net revenue.
- Medi-Cal Managed Care is a program that is administered by Inland Empire Health Plan (IEHP) and it covers medical costs for low-income patients under an HMO type structure and it accounts for 2.96% of ARMC's net revenue.
- Centers for Medicare and Medicaid Services (CMS) approved California's Medicaid State Plan Amendment (SPA) implementing the provisions of AB 915 (Welfare and Institutions Code Section 14105.96, Statutes of 2002). AB 915 is a new bill approved during this year and it will provide public hospitals with a Medicaid supplemental payment for unreimbursed Medi-Cal hospital outpatient fee-for-service expenses. This measure was implemented retroactively from July 1, 2002 and will be effective in the 2003-04 year and each fiscal year, thereafter. The supplemental Medi-Cal payment will be based on each hospital's certified public expenditures (CPE), which will be matched with federal Medicaid payments. The net new money to ARMC will be limited to the federal share of the unreimbursed Medi-Cal expenses that are certified. This new revenue accounts for 2.73% of ARMC's net revenue.

- Medicare is a federal insurance program for people over the age of 65 and it accounts for 10.46% of ARMC's net revenue.
- Tobacco Tax funds are allocated by the state to partially reimbursed hospitals for uncompensated medical care and they account for 0.39% of ARMC's net revenue.
- The current services revenue category is comprised of:
 - Insurance Revenue from third party insurance carriers paying on behalf of patients primarily receiving services from ARMC's trauma center. This revenue accounts for 20.15% of ARMC's net revenue.
 - A contract with Department of Behavioral Health, for provision of services to mentally ill inpatients, accounts for 6.69% of ARMC's net revenue.
 - Self-pay revenue consists of payments from patients who do not qualify for any reimbursement program and are responsible for their own bills; it accounts for 3.50% of ARMC's net revenue.
- Other revenue is primarily cafeteria sales, reimbursements from contracted physicians for office space, and payment from Riverside Regional County Medical Center (RRCMC) for services provided by ARMC's medical residents assigned to RRCMC. This revenue accounts for 1.13% of ARMC's net revenue.
- Health Realignment is a portion of the vehicle license fees and sales tax collected by the state and distributed to counties to cover the cost of indigent health care. It accounts for 10.25% of ARMC's net revenue.

* 2002-03 Actuals were restated to reflect depreciation expense of \$12.0 million to be consistent with the 2003-04 budget.

Estimated salaries and benefits are higher than budgeted in 2003-04 by 3.0% or \$4.1 million due to increase in staffing attributed by increase in patient volume and in compliance with the required staffing ratio in nursing care services. In addition, services and supplies costs increased by 2.5% or \$3.0 million, primarily in medical supplies and pharmaceutical costs in proportion to the increase in patient volume. The \$0.8 million variance in other charges is due to reclassification of the Medically Indigent Adults (MIA) payments previously budgeted in services and supplies.

Revenues were higher than budgeted in 2003-04 by 3.42% or \$8.4 million. Collections from insurance and private pay have increased significantly as a result of elimination of third party contracts, whereby, case rates and negotiated contracted discounts are now paid at retail prices, and due to faster and better billing and collection processes put in place. The \$14.0 million increase in current services was partially offset by a decrease of \$5.4

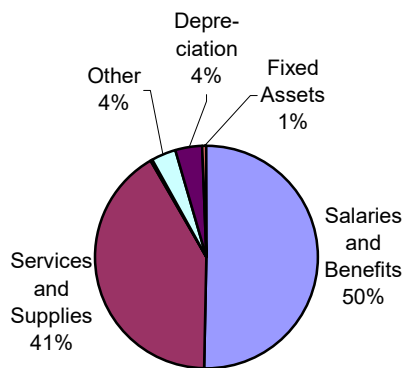

million in state and federal revenue primarily due to less than anticipated SB 1255 revenue offset by the new AB 915 revenue.

The volume increases are seen in average daily census by 2.54% or 7.75 patient days per day; emergency room visits by 19.52% or 39.5 visits more per day; outpatient visits by 5.7% or additional 34 visits per day. The significant increase in emergency visits is due to creating additional patient screening rooms in September 2003, which allowed more patients to be seen per day. This directly contributes to the inpatient census increase.

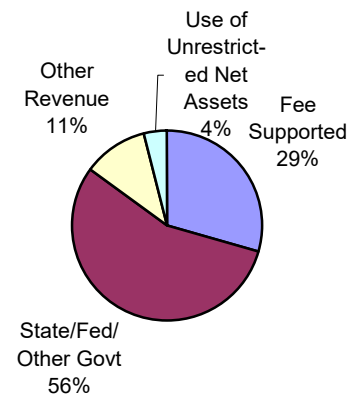

The 2004-05 budget projects the following volume increases: 17.57% or 3,725 more admissions which yields 7.49% or 8,031 more patient days; 32.15% or 23,790 more emergency room visits; and 10.65% or 23,534 more outpatient visits. There is no change in the Behavioral Health inpatient days.

The volume increases are primarily due to anticipated improvement in length of stay by 8.82% which would accommodate 10.21 more admissions per day; renovation and expansion of the emergency room, and remodel of the leased building for Westside Clinic which would accommodate more outpatient visits and better efficiency in current operations.

Budget Highlights

Based on the projected inpatient census and outpatient activity, expenses are expected to increase in 2004-05 by \$34.6 million or 12.6% from the 2003-04 budget as outlined below.

Personnel costs are budgeted to increase by \$21.1 million or 15.65%. Of this amount, \$9.2 million is due to labor negotiations, retirement costs, and workers' compensation rate increases.

The net change in budgeted staffing is an additional 132.4 positions to accommodate the volume increases, compliance in nursing staffing ratio in patient services, additional services such as renal dialysis, hyperbaric therapy, and echo cardiology services, and increased security measures for patient's safety. The following units were affected:

- Nursing Services increased by 54.6 Registered Nurses.
- Ancillary Services increased by 14.0 primarily laboratory and rehabilitation positions.
- Support Services increased by 46.3 clerical and professional positions for the following departments: Housekeeping, Security, Information Technology, Patient Accounting, Materials Management, Case Management, Human Resources, and Dietary Services.
- Medical Records increased by 17.5 to replace Public Service Employees. These positions were added in Mid-year.

Services and supplies are budgeted to increase by \$11.0 million or 9.35% primarily due to increase in volume and inflationary factors and other changes in patient services. This increase is related to several changes with the most significant explained below:

- Internal Service Fund costs increased by \$1.4 million with the majority being related to insurance premiums.

- Medical Supplies is projected to increase by \$3.6 million due to increases in patient activity and projected inflationary cost.
- Pharmaceuticals are projected to increase by \$4.0 million or 21.45% due to increase in prescription lines.
- Information Technology is projected to increase by \$1.4 million due to Infrastructure enhancements additional software and licenses.
- During the year, the Board approved several contracts due to renewals or replacements of old contracts that increased services and supplies by \$1.2 million.
- Utility costs are rising by approximately \$0.4 million due to higher electricity usage and water charges.
- These increases are partially offset by cost decreases of \$1.0 million due several changes in professional services, the reclassification of the MIA payments now budgeted in other charges, and other miscellaneous decreases.

Operating Transfers Out increased by \$1.4 million due to the following capital improvement projects: Emergency room remodel approved mid-year, street repaving, and remodel of the Westside clinic.

Based on the projected inpatient census, outpatient activity, anticipated rate increases, and collection trend, revenues are expected to increase by 13.03% or \$34.3 million in the 2004-05 budget.

The state and federal revenue category will increase by a net \$6.6 million. This will result from the following:

- SB 855 funding is expected to increase by \$3.0 million due to a special provision allocated to public hospitals, a 16% increase on a one-time, non-cumulative basis.
- SB 1255 is estimated to decline by \$10.3 million. ARMC was unable to pursue this increase, as its other revenue sources were significantly higher than anticipated. The estimate is based on actual receipts during the year of \$22,000,000.
- GME is projected to increase \$0.5 million based on actual receipts.
- Medi-Cal fee for service is projected to increase by a net \$3.6 million due to increase in patient days, outpatient visits, and emergency visits.
- Tobacco Tax funds are projected to decrease by \$1.9 million or 61.3% based on receipts trends.
- Medi-Cal Managed Care funding (IEHP) has decreased by approximately \$1.6 million due to a contract change resulting in risk pool payments more favorable to the physician groups and the decrease in membership in IEHP direct product line.
- Medicare revenue is projected to increase by approximately \$5.2 million or 19.95% due to increase in discharges and projected increase in Federal Diagnosis Related Group (DRG) payment amounts effective October 2004.
- During the year, the Board approved additional revenues of \$8.1 million as a result of AB 915.

The current services revenue category will increase by a net \$28.1 million. This will result from the following:

- Due to the cancellations of HMO contracts, increase in admissions, a 10% charge rate increase implemented in the current year, ARMC expects a revenue increase of \$19.5 million from the 2003-04 budget. ARMC proposes to raise charge rates by another 6%, raising revenues by an additional \$3.4 million. The increase in rate reflects growing operational costs and is consistent with rate schedules of other area hospitals.
- Enhanced collection efforts are projected to increase Private Pay revenues by approximately \$5.2 million.

Tobacco Tax Funds

DESCRIPTION OF MAJOR SERVICES

The Arrowhead Regional Medical Center established these funds in 1989-1990 to facilitate the transfer of Tobacco Tax funds to the County hospital, Non-County hospitals and Physicians, as required by the State Department of Health Services. The funds will then be disbursed per guidelines established by the state.

These funds are allocated by the state to county hospitals, non-county hospitals, and physicians to partially reimburse them for uncompensated medical services. ARMC is projected to net approximately \$1.17 million from this revenue source in 2004-05, and will transfer the balance to area hospitals in accordance with the prescribed distribution formula.

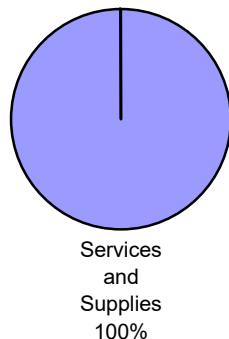

There is no staffing associated with this budget unit.

Behavioral Health

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health (DBH) is responsible for providing mental health services to county residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups, with primary emphasis placed on treating children, families and chronically mentally ill adults (in that priority). Services are delivered throughout the county via a network of department-operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools, and other community based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services and client transportation assistance. The department also operates as a training setting by administering various internship programs and offering continuing education for licensed department and contractor staff.

Mental health services are principally funded by realignment funds generated from state sales tax and vehicle license fees (44%), state revenues (4%) and federal revenue (45%). The remaining seven percent of revenue sources are insurance/patient fees, reimbursements, other miscellaneous revenue, and local cost MOE. The local cost of \$1,842,753 represents the required realignment revenue maintenance of effort (MOE).

Variances between estimated and budget for 2003-04 existed in salaries and benefits, contract agency costs, transfers, reimbursements, and realignment.

In an effort to reduce the use of Realignment fund balance to cover ongoing expenditures, DBH held many positions vacant throughout the year resulting in salary savings. Furthermore, the decrease in services and supplies is due primarily to aggressive efforts to reduce general office expenses and equipment purchases, reduced contracted services, and postponement of a new Medical Information System implementation. As a result of these efforts, the realignment draw decreased by \$7.0 million.

Variance in transfers is due to the elimination of the Children's System Of Care (CSOC) program funded by a state grant, which reimbursed the Department of Public Health and the Department of Child Support for their services.

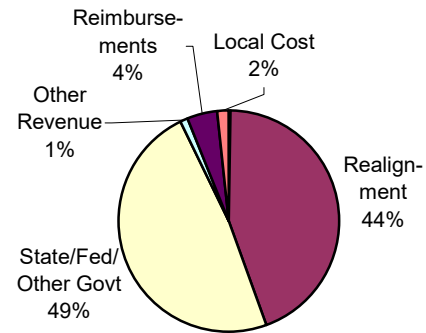

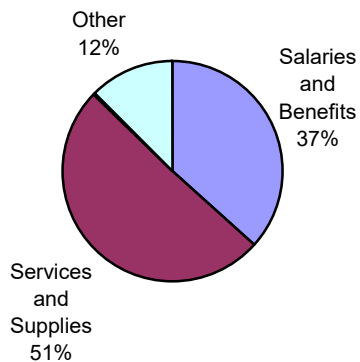

The variance in reimbursements is due to unspent CalWorks allocation funds. The department continues its efforts to maximize this funding source.

Workload indicators variances between estimated and budget for 2003-04 existed in the following areas:

- Direct billable hours — Clinics and Contracts: The 2003-04 budget of 68,104 for Contract Billable Hours was understated as it did not include an estimate for contracted services approved in January of 2003. The revised 2003-04 Budget Contract Billable Hours is 118,796. The 2004-05 budget reflects a shift of services from contract providers to existing DBH clinics.
- Direct billable hours – Fee for service (FFS): This network continues to increase, as does the demand for services. However, the Department will be implementing new procedures aimed at lowering costs in the FFS network and improving continuum of care to clients through other DBH sponsored programs. The 2004-05 workload indicators are projected at no increase, as it is believed that any growth will be offset by the changes outlined above.
- Quality Assurance: The 2003-04 budget of 8,120 was in error due to a data extraction problem. The corrected amount is 17,396. The estimated hours reflect a one-time increase as a result of a special project. This project has been completed and the 2004-05 budget reflects the decrease.
- Outreach hours: The variance is primarily due to changes made to the Department's service delivery system. Outreach services are non-billable and are nearly 100% realignment funded. Staff providing these services were re-directed to clinics providing billable services or grant funded programs. The methodology used in capturing this information was also changed, which contributes to the large variance.
- Day Treatment (Day Tx): The 2003-04 budget included plans to shift from habilitative Day Tx to Intensive. However, only approximately 50% occurred, creating a variance in both categories. In addition, the 2003-04 budget for intensive day treatment was understated, as it did not include contracted services and should be revised to 62,961. The 2003-04 estimated workload indicator for Intensive Day Tx reflects a slight increase over 2002-03 actual services. However, the 2004-05 indicators reflect the reduction expected when contracts are restructured or eliminated.

Budget Highlights:

The majority of Behavioral Health services are funded with State Realignment revenues. In recent years, the budget has included a combination of ongoing realignment funds as well as use of unspent realignment fund balance. To better align spending with receipt of ongoing realignment funding, the department made significant cuts in the 2003-04 budget and proposes additional reductions in salaries and benefits of \$6.5 million, services and supplies of \$7.1 million, and capital improvements of \$1.1 million (renovation of building H) in the 2004-05 budget.

The net change to budgeted staffing is a reduction of 120.3 positions. The majority of these positions are currently vacant due to attrition and the county's hiring freeze. The department is working with Human Resources to transfer staff from unfunded positions to other positions in the county. These reassignments and transfers will minimize the need for layoffs.

The reduction in services and supplies is primarily due to a \$8.3 million reduction in contracted services partially offset by an increase in computer software of \$1.9 million. The department intends to preserve current service levels to its target population (Medi-Cal eligible children/families and persistently mentally ill adults) by eliminating services to non-targeted population, which are predominantly realignment funded. Furthermore, the proposed contracted services will allow the department to maintain a network of community-based sub-contractors in geographic areas not served by DBH clinics. Computer software increased due to the implementation of a new Medical Information System (Meditech), which is necessary as the existing system is outdated and no longer supported by the vendor.

As a result of these department recommended cost reductions, realignment revenue is decreased by \$17.2 million. However, Board approved base and mid-year changes partially offsetting the decrease, bringing the total realignment savings to 15.7 million.

The increased in state and federal revenue is primarily due to increased billing rates and increased in the number of services provided to Medi-Cal/Early, Periodic, Screening, Diagnostic, and Treatment (EPSDT) eligible children.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Managed Care Allocation	-	-	(832,587)	832,587
The managed care allocation was reduced during the 2003-04 budget. Due to the state budget crisis, the Department believes that a managed care reduction in the 2004-05 is likely to happen. However, legislation must be put in place to modify the allocation. If this occurs, Realignment revenue will be used to offset this reduction.

1. Reduce Payroll costs associated with Employment Services Specialist (ESS). Less than anticipated ESS positions from Human Services Systems.	-	(433,470)	-	(433,470)
2. Medical Staff (MD) Deleted contract psychiatrist positions due to restructuring the Medical Staff.	(3.8)	(634,000)	-	(634,000)
3. Delete 116.5 positions - Delete 96.0 positions that became vacant during FY2003-2004 and remained unfilled due to a hiring freeze. - Delete 16.0 filled positions that are unfunded for FY 04-05. The department is trying to place incumbents in other departments budgeted vacant positions. - Add a 0.5 Business Application Manager for ongoing support of the Department's Information technology systems and to assist with the implementation of Meditech. - Delete a net of 5.0 clerical and program positions due to transfers in/out between Behavioral Health and Alcohol and Drug. The department is trying to mix mental health professionals with alcohol and drug professionals to better serve clients with co-occurring diagnoses (mental health and substance abuse).	(116.5)	(5,513,682)	-	(5,513,682)
4. Services and supplies Reduce services and supplies by \$522,398 associated to the staffing reductions and increase contracts with incorporated MD to compensate for fewer staff MDs by \$193,379.		(329,019)	-	(329,019)
5. (174,412)	-	(174,412)
6. Eliminate Indigent Contracts The department of Behavioral Health (DBH) currently reimburses local area Fee-For-Service (FFS) hospitals for psychiatric inpatient stays of medically indigent clients. These contracts are scheduled to be terminated to reduce reliance on Realignment. The department is developing a plan to address the needs of these clients by using existing resources and by providing alternative level of care.	-	(847,625)	-	(847,625)
7. Reduce Service Contracts The department is in the process of restructuring several mental health contracts and will be terminating a number of the residential and EPSDT contracts. DBH has plans to shift existing treatment staff into Early, Periodic, Screening, Diagnostic, Treatment (EPSDT) service areas to provide services that will be lost due to contract terminations. These costs were primarily funded by Realignment.	-	(7,473,881)	-	(7,473,881)

9. Meditech - Client Data System New client data system currently being evaluated for implementation in FY2004-2005. This line-item is for software licenses and costs associated with the installation and program support. Training and other related costs are not included in this line item. This is a one-time expenditure and it is necessary as the current system is outdated, not HIPAA compliant, and is no longer supported by the vendor.	-	1,923,200	-	1,923,200
10. Other miscellaneous changes The following changes were made in services and supplies: decrease phone services, food, equipment, training, special expense, general office expense, travel, mileage, advertising, and cowcap. These reductions were partially offset by increases in computer software, utilities, and rents.	-	(52,187)	-	(52,187)

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
12. Transfers Out - Eliminate Children's System of Care (CSOC) grant The CSOC grant was only funded for half a year in 2003-04 and will not be funded in the 2004-05 budget year. The affected departments are: Public Health (\$229,000) and the Department of Children Services (\$185,088).	-	(414,088)	-	(414,088)
13. Transfers out - Lease costs Changes in lease costs are as follows: a decrease of (\$296,829) due to closing five locations and relocating the staff to surrounding DBH clinics. Also, the DBH Warehouse lease was terminated and relocated to the Gilbert Street complex, a county owned facility. An increase of \$556,092 as a result of DBH paying the Department of Real Estate for Alcohol and Drug Services' (ADS) lease costs. DBH is getting reimbursed for these costs.	-	259,263	-	259,263
14. Transfers out - Administrative Support/EHAP Transfers to Human Services Systems for administrative support in the areas of contracts and information systems increased by \$266,500; transfers to Alcohol and Drug Services for program support increased by \$58,541; and EHAP increased by \$3,690.	-	328,731	-	328,731
15. Reimbursements The following changes were made to reimbursements: Eliminate transfers related to the Repeat Offenders Prevention Program (ROPP) from Probation; increase transfers for Program Manager and intensive Day program (SHAC beds) funded by the Department of Child Support and increase transfers from ADS for rent and administration support.	-	(1,078,896)	-	(1,078,896)
16. Decrease in Operating Transfers Out The following changes to Operating Transfers out were made: a decrease due to elimination of the capital improvement project to renovate Building H, located on the Gilbert Street Complex, due to budget constraints and conclusion of the Phoenix project, partially offset by an increase in Inpatient Managed Care costs. All these costs were funded by Realignment.	-	(1,100,000)	-	(1,100,000)
17. Decrease in Realignment The Department developed a strategic service plan intended to define strategies that meet the needs of priority target populations while recognizing budgetary constraints. The main goals of this new focus is to preserve clinical services to its target population (Medi-Cal eligible children/families and severely persistently mentally ill adults and to better align spending with ongoing Realignment funding. The 2004-05 proposed budget would reduce the Department's reliance upon realignment by approximately \$15.7 million - target increased \$2.6 million, Mid-year decreased (\$1.2) million, and program funded adjustment decreased (\$17.2) million.	-	(17,225,687)	17,225,687	
18. EPSDT growth FY 2002-03 and FY 2003-04 Estimates indicate anticipated EPSDT net growth for these two fiscal years in the amount of \$1.8 million.	-	-	1,789,595	(1,789,595)
19. Anticipated increase in Medi-Cal FFP Estimated \$2.59 million growth due to increased billing rates, adjusted based on actual costs to provide services. Also, DBH will be providing an increased number of services to Medi-Cal/EPSDT eligible children.	-	-	2,586,267	(2,586,267)
20. State/Federal Aid Decreases in state/federal revenue are due to the following: the conclusion of the MIOCR grant and the Vocational Rehabilitation grant, and decreases in Medicare.	-	(1,839,273)	1,839,273	
21. Current Services Minor decrease in private pay.	-	(895)	895	
22. Miscellaneous change to other revenues Decrease in Institutes of Mental Disease - SSI payments. There was also a decrease in expenses related to this revenue. See Other Charges, line item #11.	-	(257,755)	257,755

These contracts will be terminated at the end of June 2004 to reduce reliance on Realignment. The department of Behavioral Health (DBH) facilitates classes to DBH staff and non-county employees to fulfill state requirements for continuing education. The fee presented for approval will allow DBH to charge non-county mental health professionals for their portion of the costs associated with the class and with providing official documentation of the continuing education units earned. The revenue generated will offset the use of realignment.

The fee offsets the costs associated with reviewing medical records for identifying releasable medical record information as specified by Federal laws, making photocopies, and mailing it to the requestor. Upon research, it was determined this fee was inadvertently omitted from the county's fee ordinance and it is now presented for Board approval.

Alcohol and Drug Services

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health's Alcohol and Drug Services program consists of comprehensive substance abuse prevention and treatment programs to county residents. Services are provided by 6 county operated clinics and approximately 30 contractors. The major components include outpatient, residential, prevention, methadone, and case management services. Annually, approximately 13,700 clients are served and over 90,000 hours of prevention services are performed.

Alcohol and Drug services (ADS) are primarily funded by federal block grant and state revenues (65%). The remaining sources of revenue are court fines for Driving Under the Influence (DUI) offenses, fees for services, and reimbursements provided by Human Services System (HSS) CalWorks program and the Proposition 36 – Substance Abuse and Crime Prevention Act program. In addition, the county must fund the required maintenance of effort (MOE) for the block grant and state funds. The department's local cost of \$149,458 finances the required MOE.

BUDGET AND WORKLOAD HISTORY

Budgeted Staffing		91.5		74.1

Workload Indicators

Drug Abuse Prevention Hours	76,699	73,000	90,811	90,000
Residential Treatment Clients	2,774	2,300	2,621	2,800
Outpatient Treatment Clients	9,054	9,500	10,274	10,000
Methadone Treatment Clients	947	1,259	960	1,000

Variances between estimated and budget for 2003-04 existed in:

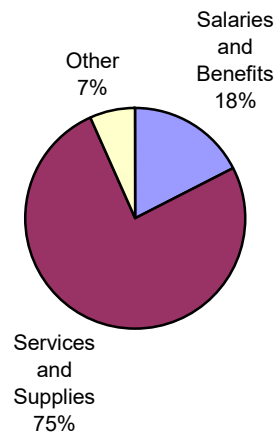

- 1) Salaries and benefits due to attrition and the county's hiring freeze
- 2) Services and supplies and reimbursements due to a significant reduction in CalWorks referrals
- 3) State revenue due to lower than anticipated state receipts based on a revised preliminary allocation which was partially offset by increased Medi-Cal revenues for additional Perinatal services provided
- 4) Operating transfer-in due to a higher transfer from the Prior year unused Substance Abuse Prevention and Treatment (SAPT) funds. These funds are used to fund prevention services and the balance of all other program costs not supported by other revenues. In addition, these funds must be spent within the next 18 months or they must be returned to the state.

Actual service data indicates that ADS and its contractors are providing more hours of prevention services and treating more residential, and outpatient clients in fiscal year 2003-04 than originally budgeted. The proposed 2004-05 workload indicators reflect this increase in services.

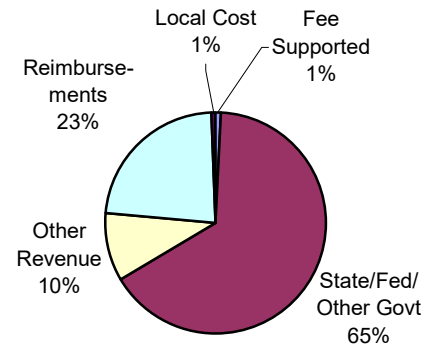

Even though the department is expected to delete 17.4 positions, there is no projected decrease in services as the salaries savings will be utilized to fund contracted services. This increase in contracted services is due to the implementation of a new Perinatal Pilot Project.

2004-05 BREAKDOWN BY EXPENDITURE AUTHORITY

2004-05 BREAKDOWN BY FINANCING SOURCE

The majority of the services provided by the department are through contracted providers. Contracted services accounts for \$19.1 million out of the \$26.8 million proposed 2004-05 budget.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Delete 17.4 FTE The following changes were made to Salaries and Benefits: - Delete 21.9 funded vacant positions. - Delete 1.0 funded supervisory filled position. Due to a reorganization, this position is no longer needed. The department is currently trying to place the incumbent into another position. - Add 0.5 of a Deputy Director of Mental Health Services. This position is needed to provide adequate services to the department's target population, which is individuals with co-occurring disorders (substance abuse and mental health diagnoses). The department expects to complete the recruitment process around December. - Add a net of 5.0 clerical and program positions due to transfers in/out between Alcohol and Drug and Behavioral Health. The department of Behavioral Health is trying to mix mental health professionals with alcohol and drug professionals to better serve clients with co-occurring diagnoses (mental health and substance abuse).	(17.4)	(817,658)	-	(817,658)
2. Reduce Internal Service Funds Services The following changes were made to services and supplies: Increase in Comnet Charges and Cellular Charges, and decrease in Courier/Printing services.	-	(38,582)	-	(38,582)
3. Other professional services Increase for contracted services is due to Perinatal Pilot Project and expected increased of costs and services due to Request For Proposals for Outpatient, Recovery, and Prevention Programs.	-	844,450	-	844,450

Special Patient Account

GENERAL PROGRAM STATEMENT

The Department of Behavioral Health established the special patient's account to monitor funds set aside for special purposes. Revenues from Adopt-a-Duck and other donations are used for therapy supplies, poster contest awards, and other items for recovery centers.

A portion of the annual Children's Fund "Adopt-A-Duck" program proceeds are awarded to the Department of Behavioral Health. These funds are historically between \$1,000 and \$2,000. Occasionally private donations will be made to help fund self-supported recovery centers. The existing funds will be used to continue supporting existing recovery centers as well as assist other centers in being established throughout the county.

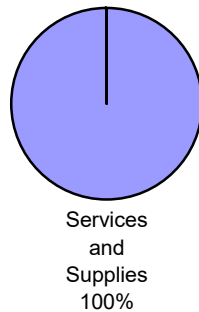

There is no staffing associated with this budget unit.

Driving Under the Influence Programs

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit Alcohol and Drug Services will be budgeted in this fund as contingencies.

At the end of the 2001-02 year, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provides services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of Alcohol and Drug Services (ADS).

As per Title 9, Division 4, Chapter 3, 9878 (m) of the State regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health charges fees to privately owned and operated vendors for monitoring their Penal Code (PC) 1000 and Driving Under the Influence (DUI) programs. The supervision of these programs resided with the county as indicated by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the county.

Fees collected from privately owned and operated DUI programs within the county are deposited into this fund. Funds are then transferred to ADS, as they are needed to meet the costs of ADS staff assigned to this function. These funds can only be used for the cost of monitoring the PC 1000 programs and DUI programs.

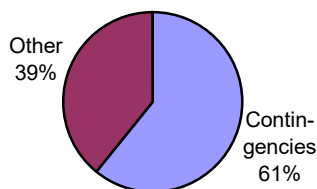

There is no staffing associated with this budget unit.

Driving Under the Influence and PC 1000 Program Monitoring	-	-	-	-
Per Title 9, Division 4, Chapter 3, Subchapter 4, 9878 (m) of state regulations and Health and Safety Code 11837.8 (a), private providers reimburse DBH \$10.00 per person for monitoring their DUI and PC 1000 programs. No impact, this action synchronizes the County's Fee Ordinance with the State regulations and DBH processes already in place to collect and use these fees. Annual revenues generated by these fees are \$105,854.				
Total	-	-	-	-

The fees collected are deposited into this Special Revenue fund and monies are then transferred to the operating unit of Alcohol and Drug based on the costs to monitoring these programs. DBH is now trying to incorporate these fees into the county's fee ordinance. Approval of these fees will not generate additional revenue as all of these fees have been in place since 1990. The department is bringing these fees for approval at this time because monies collected were previously deposited into a trust fund. However, due to GASB 34, this trust was reviewed and converted into a special revenue fund. In the course of this review, it was determined that the fees needed to be incorporated into the county's fee ordinance.

State Block Grants Carryover Program

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit Alcohol and Drug Services will be budgeted in this fund as contingencies.

At the end of the 2001-02 year, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provides services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of Alcohol and Drug Services (ADS).

ADS utilizes the Special Revenue fund SDH to hold money received from the State Department of Alcohol and Drug Programs (ADP) under a multi-year cost reimbursement contract that allows the county to retain unused Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal years. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between county and the state. Funds are then transferred to ADS based on the needs of the program.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriations in this budget unit are less than budgeted. The amount not expended is carried over to the subsequent year's budget.

The 2004-05 proposed revenue is less than the 2003-04 estimates. The estimate reflects a one time unanticipated salary savings in the department of Alcohol and Drug. These costs savings resulted in an increase in carryover funds.

Court Alcohol and Drug Program

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit Alcohol and Drug Services will be budgeted in this fund as contingencies.

At the end of the 2001-02 year, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provides services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of Alcohol and Drug Services (ADS). The revenue transferred to ADS funds alcohol abuse prevention, education, and treatment in schools and the community.

The special revenue fund consists of three revenue sources:

- The first source is referred as Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses.
- The second source is fines imposed by Senate Bill 921 on September 23, 1986. The bill requires every person convicted of an offense involving controlled substance to pay a drug program fee in amount not to exceed \$100 for each separate offense. The money collected is to be used for drug abuse programs in the schools and the community.
- The third source is fines imposed by Senate Bill 920 on September 24, 1996. The bill requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. The money collected is to be used exclusively for alcohol abuse and prevention services.

All revenue is collected by the Courts and Central Collections and then transferred into this fund for later distribution to ADS.

There is no staffing associated with this budget unit.

Public Health

DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety and quality of life for residents and visitors of San Bernardino County. The Department operates over thirty different programs, many of which are mandated by the State Health and Safety Code. Funding comes from State and Federal grants, local fees, charges for services, tax revenue, and a small amount of County general fund for Animal Care & Control related expenses. Some of the key service delivery functions are described below.

Communicable and Chronic Disease Control and Prevention

Disease control services relate to the surveillance and prevention of illness and disease. Clinical programs providing prevention, education, diagnosis, and treatment of health issues of particular public importance include infection disease programs, such as tuberculosis and HIV/AIDS, and a comprehensive reproductive health program. Other disease control functions include management of the countywide immunization tracking system, provision of vital public health immunizations, and monitoring of disease patterns and occurrence.

Several programs aim to prevent or reduce the significant burden that chronic disease and cancer have on the County. Tobacco use prevention and education is an important piece of this effort, as is a program working to promote healthy lifestyles through exercise and healthy eating. Traditional screening for selected gender-specific cancers is also provided through collaborative efforts with community and health care partners. The department has optimized such activities by joining other members of the Community Health Coalition to develop strategies for combating the serious impact of coronary heart disease, the leading cause of death in San Bernardino County. The County has the highest age-adjusted death rate due to coronary heart disease of all counties in California.

Bio-terrorism Response and Emergency Medical Services

As a result of a federal initiative, the Department has developed a Comprehensive Bio-terrorism Preparedness and Response Plan. It details strategies for working with multiple partners to improve response capabilities in the event of a bio-terrorism incident or other public health emergency. One vital program that enhances the County's capacity to respond quickly to emergencies is the public health laboratory. Its Level B designation enables rapid, sophisticated testing to investigate any possible terror-related causes of illness. That responsibility covers not only San Bernardino, but two neighboring counties as well.

The effort to vaccinate public health and healthcare workers against smallpox highlights how the Department collaborates internally and externally. Epidemiologists, nurses, and health educators have worked together to develop and conduct presentations for emergency responder agencies, hospitals, and community groups. Hundreds of potential vaccinees have been educated about smallpox disease and the vaccine. San Bernardino County had a high rate of vaccination compared to other California counties. The vaccine has successfully been administered to many public health employees and hospital staff. The campaign strengthened relationships with vital County and community partners, and further prepares the County to respond if a smallpox event occurs.

Maternal and Child Health

Services focus on the prevention of disease or disability to maximize the potential of an individual or family unit and promote healthy outcomes in high-risk populations. Staff is dedicated to a philosophy of excellence in providing comprehensive client-centered services that are culturally sensitive and improve the health and well being of children, adolescents, and families in our communities. There is also a commitment to establishing and maintaining collaborative working partnerships with our communities that respect both the clients and employees.

Clinical programs providing diagnosis, treatment and education focus on prenatal care and child health. Starting in 2003-04, the Gateway program was implemented to help assure uninsured children, less than 19 years of age, a medical home for preventive and curative health services. In addition, several programs provide both home and community based services. These programs target families and youth at risk for child abuse, family violence, teen pregnancy, truancy, juvenile probation and medical neglect.

Environmental Health Services

The purpose of environmental health services is to prevent, eliminate, or reduce hazards that could adversely affect health, safety, and quality of life through an integrated and comprehensive array of programs.

The Food protection program assures food provided for human consumption is of good quality, safe, free of adulteration, and properly labeled and advertised. Facility plans are reviewed to verify they are constructed according to code and food is stored, prepared, and served under clean, safe and sanitary conditions.

The Recreational Health program ensures all public recreational waters and public swimming pools and spas are free of safety hazards, disease and life-threatening exposures. The Housing program also provides safety by inspecting for code compliance in dwellings such as multi-family units, motels/hotels and bed and breakfasts to promote housing free of environmental health hazards.

The regulatory activities of the Water program protect the safety of the County's drinking water. The Waste program has a similar authority in regulating the proper storage, disposal, and transportation of solid waste.

To prevent the spread of disease by carriers like mosquitoes, flies and rodents, the Vector Control program conducts constant monitoring, surveillance and control activities. The spread of West Nile Virus in birds and mosquitoes throughout much of the United States, now including San Bernardino County, is expected to result in human cases of this disease and to challenge our vector control capabilities throughout the county in 2004 and beyond. The Vector Control staff works closely with the Epidemiology staff to investigate any suspected human West Nile Virus cases to prevent further disease.

The Animal Care and Control program protects the public from rabies through mass vaccination of the County pet dog population, stray animal abatement (through enforcement of the Leash Law), wild life rabies surveillance, quarantine of biting animals, laboratory examination of animals for rabies and public education. In addition, the program investigates animal complaints and provides safe sheltering care, return, adoption or, as a last resort, the humane euthanasia of unwanted animals.

Year end estimates for 2003-04 reflect reduced expenditures in Salaries & Benefits and Services & Supplies due to the Department ramping down staffing and spending in anticipation of the coming 2004-05 reductions. Throughout the year as vacancies occurred the Department attempted to maintain those vacancies where possible to reduce the impact of possible layoffs or reassignments in the coming year. Commensurate with those declining expenses is reduced State and Federal revenue because Public Health's programs function primarily on cost reimbursement basis. Additionally, the Women Infants and Children (WIC) budgeted revenue was overstated by approximately \$900,000 to reflect the State's contract. How we budget the State contract is being changed in the proposed 2004-05 budget to better reflect actual spending authority. Under recognition of Licenses & Permits revenue is offset by higher than budgeted Current Services revenue. This is a result of a reclassification of revenues. This change has been reflected properly in the proposed 2004-05 budget.

Variances in equipment and vehicles are due to purchases funded by a one-time Homeland Security grant approved by the Board during the year.

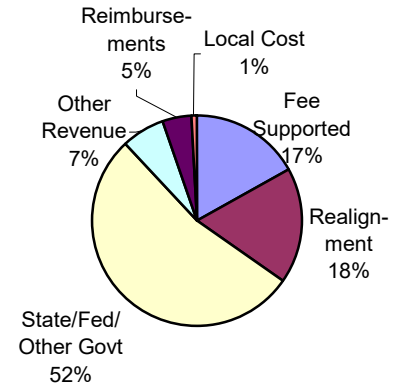

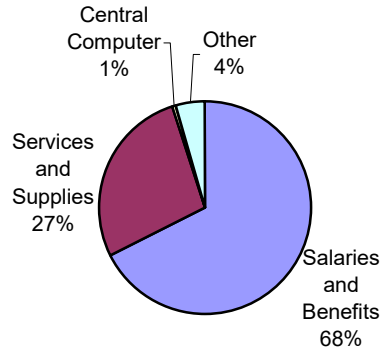

Significant workload indicators variances between estimated and budget for 2003-04 existed in the following areas:

- Immunizations: The 2003-04 estimate is 29% below the budget as this program was severely impacted by the elimination of the Child Health Program, the large flu outbreak in December, the subsequent lack of flu vaccine and the continued trend towards children being immunized by their private physician. It is anticipated that with an improved economy, the need for traveler's immunizations, and an adequate supply of flu vaccine, the numbers should not continue to decline.
- Lab Examinations: The 2003-04 budget of 102,550 was in error due to including 12,550 specimens from the AIDS program that should have not been included. The corrected amount is 90,000. The estimated lab examinations reflect an increase in surveillance testing for flu, respiratory viruses and other diseases. The department does not anticipate the same high volume of testing in 2004-05.

- Animal Control Responses: The 2003-04 estimate is 10% below the budget due to a shortage of staff. The program will continue to reduce the staffing level for 2004-05 due to the increase in salary costs and the 9% reduction in local cost.

Budget Highlights

Salary and Benefit costs as well as charges from internal service funds continue to increase at a faster pace than revenues. This has resulted in the need for the department to make significant cuts to staffing to stay within budget.

Overall, budgeted staffing is reduced by 67.3 positions. Within base year and mid-year adjustments, budgeted staffing is increased by 16.0 positions. Within the state budget cuts, budgeted staffing is decreased by 1.3 Animal Control Officer, which will result in less routine field responses and longer response time for emergencies. Within the Public Health Department, all county general fund dollars go toward the animal control program; as a result all impacts resulting from the 9% budget reduction occurred in that program.

Staffing is then reduced by a net 82.0 positions or 8.90%. This is primarily the result of two factors: reduced revenue/reimbursements and significantly increased staffing expense and services and supplies due to retirement, MOU increases, and risk management liabilities, in particularly Malpractice insurance. The majority of these positions are currently vacant due to attrition and due to efforts to hold vacancies to reduce possible layoffs in the upcoming year. In conjunction with these budgeted staffing cuts, the department is developing a layoff plan. Only minimal number of the 82.0 reduction in budgeted staffing affects filled positions. The department is reassigning staff within programs and it is working with Human Resources to transfer staff from un-funded positions to other positions in the county. These reassignments and transfers will minimize the need for layoffs. Included in the net decrease of 82.0 positions, the department is also requesting 10.0 positions in five programs and one reclassification.

The department recommends a reduction of services and supplies in an attempt to maintain staff for service delivery and in an effort to accommodate the increased costs that resulted from Base and Mid-year adjustments. Amounts budgeted for transfers have increased slightly as a result of increased lease expenses, administrative support, and EHAP expenses.

Reimbursements received from other county departments have decreased by \$891,366 as a result of reduced or eliminated MOUs for service, primarily with Human Services System (HSS) departments. The programs affected are: Helping Other Parents Effectively (HOPE), Repeat Offenders Prevention Program (ROPP), Children's Systems Of Care (CSOC), Multi-purpose Senior Services Program (MSSP), Early Learning Opportunities, and Drug Endangered Children.

Budget to budget, revenues are increasing from \$72,967,163 to \$74,900,946 for a net increase of \$1,933,783. Forty-four percent or 853,135 is due to increased Operating Transfers-In to be used for expenditures related to Bio-terrorism, vital statistics, and vector control programs. The difference of approximately \$1.1 million is comprised of several increases and reductions within the Public Health grant funded programs. However, the increased revenue can be mainly attributed to the mid-year revenue increase for the Child Health programs.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
General Fund Budget Reduction	(1.3)	(64,581)	-	(64,581)
All of Public Health's General Fund financing is used for Animal Control activities, as such this entire amount is a direct reduction to that program. The reduction will unfund 1.3 Animal Control Officers, resulting in less routine field responses and longer response times for emergencies. This number is reflected in lower budgeted productivity numbers. The department is requesting restoration of these positions through fee increases.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Staffing Changes Salary and Benefit costs as well as charges from internal service funds continue to increase at a faster pace than revenues. This has resulted in the need for the department to make significant cuts to staffing to stay within budget. Major programmatic staffing changes include the following reductions: - Minor reductions among various programs - (5.1) - Animal Control - (17.3), 3.7 of out the 17.3 will be restored if fee increases are approved. - Environmental Health - (2.8) - which will be restored if fee increases are approved. - Nutrition/Women, Infants and Children (WIC) - (15.9), - Family Support Services - (14.4), - AIDS/Title I - (13.1), - Maternal Health - (9.3), - Reproductive Health - (9.2) - Epidemiology/TB - (4.9) The department is also requesting the following additions : Internal Services: - 3 Automated Systems Analysts - due to new major systems being implemented such as Meditech. - 1 Fiscal Clerk III - to be in charge of the billing department currently composed of Fiscal Clerk IIs. Disease Control and Prevention: - 1 Fiscal Clerk III for AIDS/Title I to track and pay its contracts. The position is grant funded. - 1 Health Education Assistant for Reproductive Health that will be funded by grants. - 0.5 Supervising Public Health Nutritionist for WIC and will be funded by grants. - 1.5 Dental Hygienist - These part-time positions will be funded by a grant and Medi-Cal revenues. - 1 Microbiologist II - To cover estimated workload for the upcoming year. Funded by payments from other programs. Environmental Health: - 1 Vector Control Technician II for increased volume due to the program responding to a full year of West Nile Virus. The reclassification of a Supervising Environmental Health Specialist to a Supervising Public Health Nurse. This position will run the Lead's abatement activities. It will result in a small cost savings due to the lower level of the classification.	(82.0)	(3,996,060)	-	(3,996,060)
2. Services and Supplies As with Staffing above, services and supplies is an area that has been cut significantly to remain within budget. The program reductions are as follows: - WIC (\$810,994) (WIC also represents a budget methodology change, see revenue below for explanation), - Title I & AIDS/HIV (\$580,532) due to a decreased in Federal revenue, - Child Health (\$543,070) - Reproductive Health (\$209,750), - Animal Control (\$143,753), - Immunizations (\$119,938), - Family Support Services (\$89,120), - Perinatal (\$84,009), - Tuberculosis (\$61,497) - and other various program changes netting to (\$197,690).		(2,840,353)	-	(2,840,353)
3. Equipment Budgeted Equipment purchases are increasing by \$45,000 to \$130,000 total. Of that, grant funded purchases of \$75,000 include: - Bio-terrorism - \$35k for a server and a copier; - Immunizations - \$20k for a server; - Child Health - \$20k for a XRF machine. The remaining realignment funded purchases of \$55,000 are to replace existing equipment including: - Automated Systems - \$40k for two servers for department-wide use; - Maternal Health \$15k for a Medical card embossing machine.		45,000	-	45,000
4. Transfers Increases in transfers are representative of increased lease costs. Public Health is primarily located in leased facilities, most of which have automatic increases built in based on CPI or a previously agreed upon schedule. The department is also moving into new facilities in Redlands, where the clinic is moving out of County owned space and into a new leased facility, and Carousel Mall where our Child Health and CCS programs are relocating.		242,331	-	242,331

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
5. Reimbursements Reimbursements declined \$891,366 as a result of eliminated MOUs with other departments. - The Aging program lost \$168,240 due to the elimination of Senior Services Programs with the Office on Aging. - The Family Support Services program lost \$717,700 to fund family violence education/training for at risk families including MOUs with Probation, Children's Network, Children's Services, and Behavioral Health. - There are other minor changes in various programs netting to a revenue lost of \$5,426.		891,366	-	891,366
6. Licenses and Permits The change in Licenses and Permits (L&P) revenues is primarily the result of a reclassification of \$774,405 environmental health revenues from L&P to Current Services. Other changes include: - an increase of \$83,736 in estimated waste permit revenue, - a decrease of (\$333,974) in animal license revenue, - and other minor changes netting to a reduction of (\$2,510). The department is studying the animal license problem and is working on efforts to increase compliance with licensing laws.		-	(1,027,153)	1,027,153
7. Fines and Forfeitures Revenues Fines and Forfeitures revenue is expected to increase slightly as a result of observed increases in court fine revenues generated under the Maddy Act. The department's Emergency Medical Services program receives a distribution of the funds collected under the Act and revenues have increased. These funds are deposited to a trust fund and then brought in to help fund the department's EMS program.	-	-	12,000	(12,000)
8. Deletion of Cost to Maintain Current Program Services Assumption In the Cost to Maintain Current Program Services column, it is assumed that MOU expenses and Risk Management liabilities increases are expected to be funded by revenue increases. This entry backs out that assumption and is replaced by the detail listed below of what actually is happening.		-	(5,176,545)	5,176,545
9. Realignment Additional realignment to fund: HSS automated systems staff time for Meditech systems implementation for \$118,663; perinatal substance abuse prevention \$92,300; and a decrease in temporary backfill for state SB 90 revenues associated with the elimination of the SIDS mandate (\$40,800).		-	170,163	(170,163)
10. State/Federal Revenues In total this revenue category was fairly stable year over year, but, there were major programmatic changes. The following programs had a reduction in funding: - Abstinence Education - (\$800,000), - Title I HIV/AIDS - (\$590,595), - and other miscellaneous reductions in various programs - (\$110,567). This revenue lost was partially offset by funding increases in the following programs: - Child Health programs - \$455,199, - Title II HIV/AIDS funds for primary care - \$82,294, - Reproductive Health Education and Teensmart programs - \$175,000, and - Reproductive Health/Sexually Transmitted Disease FPACT funds - \$731,500. Additionally, a reduction of \$1,145,477 in the WIC program is the result of a change in budgeting methodology. In an effort to reduce contract amendments the State WIC contracts are for a higher amount than the County actually has the authority to spend. Subsequent increases in ability to spend are noticed via a letter instead of an amendment. The department is changing how this is budgeted to reflect only the amount available for expenditure and will return to the Board for authority to spend any additionally noticed funds.	-	-	(1,202,646)	1,202,646
11. Current Services Revenues Current Services is increasing primarily as a result of a reclassification of \$774,405 of environmental health revenues from Licenses and Permits to Current Services. Additionally, the City of Grand Terrace has cancelled its contract with Animal Control resulting in a revenue loss of (\$48,205). Other minor miscellaneous changes net to an increase of \$5,144.	-	-	731,344	(731,344)
12. Other Revenues Changes include a decrease in estimated revenues related to manual sales in EMS of (\$11,380) and miscellaneous other minor changes netting to a decrease of (\$6,634).	-	-	(18,014)	18,014
13. Operating Transfers In Budgeted Operating Transfers in are increasing in four areas. Bio-Terrorism has additional available funds of \$601,016 to conduct response planning, training, and systems development/security. Additional Vector Assessments of \$240,525 are being brought in to fund increased costs in that program. Finally, Vital Statistics is increasing the draw from its automation fund in the amount of \$11,594 to implement an imaging project.		-	853,135	(853,135)

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Environmental Health Environmental Health is requesting 20 fee increases in four areas: 5 Public Eating Places; 5 Food Handling Places/Mini-Markets; 3 Swimming/Spa/Bathing locations; and 7 Food Handling/Warehouse. Non-approval of fees will result in fewer inspections of these facilities, which would increase the environmental health risk to the public. Additionally, there is some technical clean-up in a number of codes sections that does not result in any change to fees. Environmental Health is entirely fee supported. As a result of significantly increased payroll costs and minor inflationary costs, EHS is seeking an increase in fees.	2.8	322,481	322,481	-
Animal Control Animal Control is proposing 26 fee increases (13 for sheltering, 2 licensing, 10 field services and 1 miscellaneous); 2 new fees (1 in licensing and 1 field services); 1 fee elimination; and 1 refund of fees. Animal Control is significantly fee supported. As a result of increasing costs, Animal Control is proposing layoffs that would be mitigated by these fee increases. Non-approval of these increases would require elimination of positions resulting in worse response times and a reduction in the number of calls to which the staff can respond.	5.0	255,388	255,388	-
Total	7.8	577,869	577,869	-

The Department is proposing fee increases/new fees in three areas of service: Environmental Health, Animal Control, and Child Health. Department fee increases for Environmental Health and Animal Control programs are in direct response to increased staffing costs associated with MOU increases, rising retirement costs, and workers compensation increases associated with providing service in fee supported programs.

- Environmental Health is entirely fee supported and fees increases requested are to offset rising costs within the programs.

The Environmental Health fees will allow for the restoration of 2.0 Environmental Health Specialist I positions and 2.0 Public Service Employees (PSE) that would otherwise remain unfunded in the absence of the increases. The PSE positions provide specialized seasonal support for water quality. Approval of these fees will allow Environmental Health to maintain the current level of inspections and avoid increasing the risk of reduced compliance with food handling and water safety laws.

- Animal Control is significantly funded by fees and is proposing fee increases to generate revenue to offset rising costs, as well as to change current fee structures to create cost efficiencies by creating fee structures that reward multiple year purchases of licenses (which reduces administrative cost) and creating a graduated cost structure for the multiple apprehensions of the same animal.

Without the proposed fee increases, Animal Control will be laying off 5 staff resulting in increased response times, less ability to respond to calls, and closure of the Devore shelter for 2 days a week – it is currently a 7 day a week operation. Approval of these fees will avoid the layoffs and allow for the shelter to remain a 7-day a week operation.

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
 Fee increase requested is to offset the increase in salary and benefits for fiscal year 2004/2005. If fee increases are not adopted, current rates will be used and revenues will be insufficient to cover increased costs of providing services. Two Environmental Health Specialist I and two Public Service Employee positions will be deleted. The required inspections will not be completed, which would increase the environmental health risk to the public and service delivery will be delayed.

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
The proposed ACC budget for FY 04/05 has a layoff plan of five filled positions, including three Animal Control Officers, one Communications Operator, and one Public Information clerk. This leads to the closure of the Devore Shelter (to the public) two days of the week, furthering the overpopulation problem and reducing service to the public. Field service will be dramatically reduced on Sundays (emergency only calls will be handled) for the unincorporated County service areas. The budget also eliminates vaccinations for all stray animals impounded into County operated shelters, which will promote the spread of disease amongst the sheltered animals. Lastly, the service hotline for the public will be terminated. With approval of the attached proposed fees, ACC will salvage all five positions thus eliminating the need for layoffs, maintain current service at the Devore shelter, maintain current service in the field (seven days a week of complete service), and administer vaccinations to all animals impounded. The service hotline can not be salvaged without further increases in revenue. The hotline costs \$20,000. In addition, Animal control cut supplies and equipment purchases to remain within budget.

The proposed fee increases will not be sufficient to cover \$102,665 in Increased Employee Related Costs not reflected above.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a State program that provides case management, diagnosis, and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of their care. State law requires the County to maintain a mandated minimum funding level. In addition to realignment dollars and the County's mandated contribution, funding also comes from Medi-Cal, private insurance, and patient co-payments. Revenues are based upon individual client eligibility for specific programs such as Medi-Cal, healthy Families, or CCS alone (people who do not qualify for other programs or cannot afford to pay their Medi-Cal co-share payments).

The revenue breakdown among Federal, State, realignment, and County general fund support depends on the type of services provided under this program. This program provides two types of services:

- 1) Administrative Component – Case management activities which include determining program eligibility, evaluating needs for specific services, determining the appropriate providers, and authorizing/paying for medically necessary care. Administrative funding is based on staffing standards and caseload mix of CCS clients. In other words, it depends on which Federal, State or County program in which the children are enrolled.
 - a) Medi-Cal accounts for approximately 85%. Federal and state funds reimburse CCS for 100% of the costs.
 - b) Healthy Families accounts for approximately 10%. This federal and state program reimburses CCS for 82.5% of the costs. The remaining 17.5% local share is equally funded by Social Services realignment (8.75%) and general fund support (8.75%).
 - c) CCS or Non-Medi-Cal caseload accounts for approximately 5%. Federal and state funds account for 50% of the costs associated with treating this clientele. The other 50% is equally funded by Social Services realignment (25%) and general fund support (25%).
 - d) Two of the workload indicators presented in this budget reflect the administrative component: Cases managed and claims processed.
- 2) Medical Therapy Component – Provides physical therapy, occupational therapy, and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management.
 - a) The State reimburses the County for 50% of the costs incurred by this program. The remaining 50% is equally funded by Social Services realignment and general fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal clients. Approximately 70% of the caseload in the medical therapy component is Medi-Cal eligible.

The budgeted local cost amount reflects the County's mandated share of costs for serving anticipated caseloads. Should actual caseloads fall short of projections, unused local funds would return to the County's year-end fund balance. Similarly, Realignment funds will be transferred to correspond with actual caseloads at the end of the year.

CCS is significantly under budget as a result of having a number of positions unfilled. Due to space limitations, not all of the additional CCS positions have been filled. The new CCS space is projected to be available in June 2004 and CCS will fill its positions at that time.

Variance in equipment purchases is due to postponing the purchases of copiers until this upcoming year.

The Claims Processed workload indicator will not be presented anymore since it is no longer a valid representation of CCS workload. The State is beginning to pay some of the claims directly rather than using the County as a pass through. However, this will not result in work reduction for CCS, as it is still responsible for verifying and approving the claims before the State will pay. CCS does not track the number of claims verified. This information was provided by the state but they will no longer track it.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Increased Budgeted Staffing due to opening of new office Some positions in the current year were budgeted less than full time because they were expected to be vacant until there was sufficient office space to accommodate them. With the opening of the new office, positions that were budgeted for a partial year in 2003-04 are now being budgeted full time resulting in an increase in staffing of 4.6.	4.6	390,000	-	390,000
2. Salaries and benefits Various salary cost increases include step advances and increased bilingual costs.		365,424	-	365,424
3. Increase in Professional Services The Healthy Families portion of the CCS program has been increasing. These payments are reimbursements to the State for our portion of Healthy Families costs that the State pays directly to vendors on our behalf.		500,000	-	500,000
4. Additional Adjustment to Internal Service Funds The following changes were made to services and supplies: Increase in Comnet Charges, Comnet long Distance, Comnet Workstations, and Comnet special services, Presort and packaging, and Vehicle charges. Partially offset by a decrease in Phone company services.		72,900	-	72,900
5. Other changes in Services and Supplies Other changes in services and supplies are as follows: Noninventoriable equipment decreased by (\$127,000), COWCAP charges increased by \$11,584, and minor adjustments accounted for an increase of \$17,561.		(97,855)	-	(97,855)
6. Minor reduction in Equipment purchases The department is budgeting 1 copier in equipment this year.	-	(8,000)	-	(8,000)
7. Increase in Transfers out The following changes were made to transfers out: Increased leased costs as a result of relocating the program into a larger space at the Carousel mall (\$61,320); increase in automated systems support provided by Public Health (\$42,490); and an minor increase in EHAP (\$890).	-	104,700	-	104,700
9. State Aid Increased in State and Federal revenues to cover additional expenses. These revenues are based on the projected 10.3% increased in cases managed.		-	1,319,169	(1,319,169)

Indigent Ambulance

DESCRIPTION OF MAJOR SERVICES

This budget provides financing for those ambulance contractors who transport indigents to the Arrowhead Regional Medical Center, or the closest hospital, under certain life-threatening situations. It also funds transport of indigent tuberculosis patients to Riverside County Hospital for treatment, and up to the extent of available appropriations, pays for the Sheriff's Department transport of indigent inmates (with the remainder paid directly by the Sheriff's Department). The appropriations in this budget unit are maintained at a constant level.

There is no staffing associated with this budget unit.

Cajon Dump Site Clean up

DESCRIPTION OF MAJOR SERVICES

In December 1998, a fire occurred in Cajon Pass as a result of illegal dumping of an estimated 100,000 tons of solid waste. Approximately 40 haulers and contractors have been identified as the parties responsible for the illegal dumping. This special revenue fund, established and managed by the Department of Public Health, Division of Environmental Health, will be used to account for the settlement contributions of the small haulers and the \$750,000 grant from the California Integrated Waste Management Board (CIWMB) and the expenditures associated with the clean-up effort for the illegal dump in Cajon Pass. The State requires a 10% holdback of funds until the project is completed.

The total estimated cost to clean up the site is \$2,800,000. As a result of the settlement agreement among those identified as haulers, the county and the CIWMB, the CIWMB will contribute \$750,000 and the large haulers will pay the balance of the clean-up cost less the contributions received from the small haulers. CIWMB will cover the cost associated with recycling of green waste and concrete, tipping fees, initial re-vegetation, and other costs as identified in the settlement agreement.

There is no staffing associated with this budget unit.

Bio-Terrorism Preparedness

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit of Public Health will be budgeted in this fund as contingencies.

State bio-terrorism funds are received to this budget and transferred out as needed to Public Health to reimburse for actual bio-terrorism preparedness related expenditures. The majority of the expenses are to fund one-time equipment purchases. This is a financing budget unit only; no actual expenditures or activities are conducted via this budget unit.

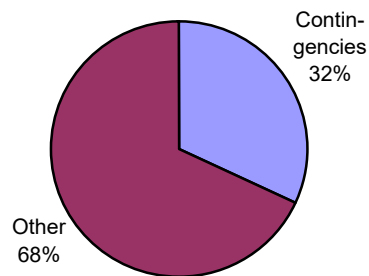

There is no staffing associated with this budget unit.

Vital Statistics State Fees

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit of Public Health will be budgeted in this fund as contingencies.

At the end of the 2001-02 year this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provides services. It is strictly a financing budget with the actual expenditures occurring within the Department of Public Health.

Fees set by the state and collected from purchasers of Birth and Death certificates are deposited to this fund. Funds are transferred to Public Health to fund Vital Statistics expenditures. Per Health and Safety Code 103625 all applicants for birth or death certificates shall pay an additional fee of \$3 dollars and shall be collected by the county.

The county shall distribute the funds as follows:

- 1) 45% of the fee collected shall be distributed to the State Registrar, and
- 2) the remaining 55% shall be deposited into the Vital and Health Statistics fund for the purpose of defraying the administrative costs of collecting and reporting with respect to those fees and for other costs as follows:
 - a) Modernization of vital record operations, including improvement, automation, and technical support of vital record systems.
 - b) Improvement in the collection and analysis of health-related birth and death certificate information, and other community health data collection and analysis, as appropriate.
 - c) Funds collected shall not be used to supplant funding in existence on January 1, 2002 that is necessary for the daily operation of vital record systems.

There is no staffing associated with this budget unit.

Ambulance Performance Based Fines

DESCRIPTION OF MAJOR SERVICES

As a result of the newly adopted performance based contracts, this fund has been set up to collect any fine revenue associated with ambulance companies failure to meet contractual standards. Budget amounts are estimates based on prior years' data. All appropriations in this fund are budgeted as contingencies, which will require the Department to return to the Board of Supervisors before expending any of these funds. Per the terms of the contracts, these funds are earmarked for enhancements to the Emergency Medical System.

There is no staffing associated with this budget unit.

Vector Control Assessments

DESCRIPTION OF MAJOR SERVICES

This budget is being presented for the first time in the budget book due to a change in budget methodology wherein available funds not budgeted in the operating unit of Public Health will be budgeted in this fund as contingencies.

At the end of the 2001-02 year, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provides services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of Public Health.

This fund receives all tax assessments for Vector Control. Revenue collected here is all paid through the property tax role and is dedicated for Vector Control purposes. This fund reimburses Public Health for Vector Control expenses incurred.

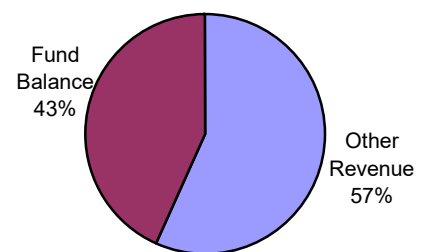

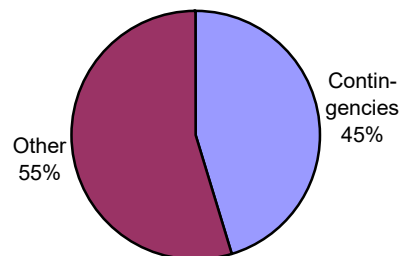

There is no staffing associated with this budget unit.

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05
Total Requirements	1,340,000	2,716,704	1,640,525	2,995,179
Departmental Revenue	1,532,834	1,400,000	1,619,000	1,700,000
Fund Balance		1,316,704		1,295,179

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriations in this budget unit are less than budgeted. The amount not expended is carried over to the subsequent year's budget. The revenue variance is due to new parcels being added as development occurs.

LOCAL AGENCY FORMATION COMMISSION

Kathleen Rollings-McDonald

DESCRIPTION OF MAJOR SERVICES

The Local Agency Formation Commission (LAFCO) is an independent regulatory body charged with the responsibility for the discouragement of urban sprawl and the encouragement of orderly formation and development of local agencies within San Bernardino County. In meeting these responsibilities the Commission 1) regulates proposed boundary changes for cities and special districts; 2) determines the spheres of influence for local agencies and conducts related municipal service reviews; 3) regulates the formation and dissolution of cities and special districts; and 4) reviews contracts for the provision of services outside the boundaries of cities and special districts. In addition to those authorities, LAFCO has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.

Costs in this budget represent the county's legally mandated contribution to LAFCO; which is one-third of the operating costs that is not reimbursed by fees and other revenue.

There is no staffing associated with this budget unit.

COUNTY SCHOOLS

Herb Fischer

DESCRIPTION OF MAJOR SERVICES

Beginning in 2003-04, this budget unit represents the county's total legal and contractual obligations to contribute to the costs of the County Superintendent of Schools and School Claims. Prior to 2003-04, this budget unit included only the county's costs for School Claims.

The County Superintendent of Schools is the elected chief school administrative officer of the county and is mandated by state law to provide various services for 33 school districts and two regional occupational programs, and provides ancillary services to five community college districts within the county. As a fiscally dependent County Office of Education, this budget supports administrative housing, maintenance, and other contracted support. Through state and other funding sources, the Superintendent provides services to 380,830 K through 12 students and approximately 37,000 community college students in accordance with the Education Code, as well as services which include alternative education, special education, and curriculum and instruction.

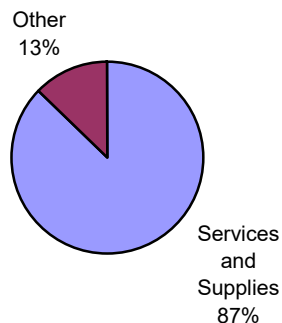

The function of the School Claims Division is to perform warrant production, control, and accounting to include a prepayment examination and audit of the expenditures from the funds of the school districts, community college districts, regional occupational programs in the county, and from the County School Service Fund of the County Superintendent of Schools. This involves the audit of all payrolls and accounts payable to include contracts and expenses for supplies, materials, services, and equipment. The division performs all audits and approval functions required of the County Auditor/Controller and County Superintendent of Schools, and is jointly responsible to those elected officials.

There is no staffing associated with this budget unit.

CAPITAL IMPROVEMENT PROGRAM

SUMMARY

The county's Capital Improvement Program (CIP) includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid waste and transportation road projects are administered by the Department of Public Works (DPW). Architecture and Engineering Department (A&E) administers projects for all others, including Airports, Regional Parks, general fund departments, and Economic and Community Development (ECD). Table 1 provides a summary of all new proposed projects for 2004-05.

Background

On October 6, 2003, county departments were requested to submit CIP requests for the 2004-05 budget. The County Administrative Office (CAO) received 177 requests from 16 departments with an estimated cost of \$198.2 million. Departments submitting more than one CIP request prioritized their requests. CIP requests were also submitted by Architecture and Engineering Department (A&E) and Facilities Management Department (FM) for general projects. While the Board of Supervisors approved additional one-time funding over the past several years to address deferred maintenance in county facilities, the number of projects submitted and the total dollar volume continues to be reflective of years of limited funding for capital improvements.

Short-List Process

The CAO established the following goals in short-listing the CIP projects:

1. Review prior year CIP funding allocations for savings, priorities, and additional funding needs.
2. Identify potential funding sources for 2004-05 CIP budget.
3. Categorize projects to facilitate evaluation.
4. Identify department priorities.
5. Obtain Administrative Analyst and Deputy Administrative Officer review and short-list recommendations.
6. Identify and recommend funding for projects with funding sources outside the general fund.
7. Identify for consideration the most critical need projects with local cost (\$3.5 million is the 2004-05 target)
8. Review short-list with Board of Supervisors for additional input.

Review of Carryover Projects

A summary of the status of previously approved CIP projects still in progress is attached as Exhibit C – 2004—05 Carryover Projects, Exhibit D – 2004-05 Airport Carryover Projects, Exhibit E – 2004-05 Regional Parks Carryover Projects, Exhibit F – 2004-05 Transportation Carryover Projects, and Exhibit G – 2004-05 Solid Waste Management Carryover Projects. Table 2 provides a summary of all Carryover Projects.

Potential Funding Sources for 2004-05

Table 3 shows CIP general fund contributions over the last ten years.

Table 3

The 2004-05 local cost base budget allocation for CIP is \$3.5 million. A&E anticipates the savings from completion of 35 general fund projects in 2003-04 to be \$399,538 (See Exhibit H – 2003-04 Completed Projects (Fund CJV). Of this total, we propose to make \$257,200 of this savings available for 2004-05 CIP projects. The balance of \$142,338 will remain in the CIP budget and be available to address cost overruns in other projects, should any occur.

Table 4

POTENTIAL LOCAL COST FUNDING SOURCES FOR 2004-05 CIP	
Category	Funding Source Allocation
Base Budget Allocation for General Fund - Local Cost CIP	3,500,000
Anticipated Savings from Completed CIP Projects	257,200
Total Available for General Fund Local Cost Projects	3,757,200

In addition, departments have identified other funding sources for a number of projects separate from the general fund target provided in the financing plan (e.g. Airports, ECD, department budgets, etc.).

CAO Administrative Review

CIP projects were categorized based on funding source:

1. General Fund – Local Cost subject to the base budget allocation for general fund CIP target
2. Other Discretionary Funding – The underlying funding source is from a general fund department or the Board of Supervisors has discretion over the funding source even if there are restrictions on how the dollars are spent. This category includes realignment (e.g. Behavioral Health), Justice Facility

Reserve, Fines and Forfeitures, or special revenue funds and internal service funds such as Risk Management and Fleet Management.

3. Non-Discretionary Funding – Any funding source other than the general fund, special revenue, or internal service funds, and the Board has no discretion over the funding (e.g. Grants, Inmate Welfare Fund, ECD, ARMC, Courts and Library).

CIP projects were also categorized based on Project Type:

1. I/R EF – Improvement/Rehabilitation of Existing Facilities due to age or deferred maintenance, including:
 - a. Roofs
 - b. Heating, Ventilation, and Air Conditioning (HVAC)
 - c. Mechanical, Electrical and Plumbing (MEP)
 - d. Network/Data Systems and other technology
 - e. Elevators
 - f. Parking
 - g. Grounds
 - h. Seismic
2. I/R EI – Improvement/Rehabilitation of Existing Infrastructure – Roads, water systems, flood control and solid waste facilities, parks, and airports
3. PM – Preventative Maintenance (including the same list as in #1 above)
4. INFS – Installation of New Building/facility systems for MEP and HVAC systems
5. INDS – Installation of New Network/Data systems and other technology
6. R/A – Remodel/Alterations of existing space to improve efficiency and function
7. C/A – Construction and/or Acquisition – of land, buildings, building additions, and leases to meet space requirements.

The following process was utilized:

1. The CIP requests were reviewed and short-listed by CAO Administrative Analysts and Deputy Administrative Officers for each department/group.
2. A CIP Review Team, consisting of CAO, A&E and FM staff, evaluated the projects.
3. Legitimate projects with other funding sources were recommended for approval.
4. Roofing, paving and American's with Disability Act (ADA) CIP requests were combined into groups. Proposed annual funding levels were developed: Roofing - \$400,000, Paving - \$500,000 and ADA - \$150,000. Proposed funding levels for roofing and paving are intended to address deferred maintenance in these areas over a five-year period.
5. HVAC projects, representing large capital expenditures, are proposed to be evaluated separately and funded through county contingencies. A mid-year agenda item update will be provided to the Board on previously approved projects as cost estimates and funding shortfall is fully determined.
6. 35 projects, representing department priorities 1 through 5, competed for local cost dollars. They were ranked using explicit criteria developed by the CIP Review Team (see Exhibit I – Rating Sheet for Reviewing Local Cost Departmental CIP Requests). The total of general fund projects on the short-list was \$15.7 million (see Exhibit J – 2004-05 Short-List General Fund – Local Cost).
7. Facility assessments were performed to identify and prioritize specific roofing repair and pavement management projects. If changes in County occupancy occur (such as consolidation of services, or sale or transfer of a County building asset) changes in specific roofing and paving projects may be made to adjust to new priorities.

A complete list of all proposed new projects by department is included in Exhibit A – 2004-05 Recommended Capital Improvement Program New Projects by Department, and by location in Exhibit B – 2004-05 Recommended Capital Improvement Program New Projects by Location.

Five-Year Capital Improvement Program Project List

On November 7, 2003, as part of the County Administrative Office's goal to improve long-range capital planning, county departments were requested to submit five-year projections for space needs and capital improvement projects through 2008-09.

Departments were advised that their 2004-05 CIP requests (submitted on October 30, 2003) would be year 1 of the five-year plan. Departments were requested to include the following in their responses for years 2 through 5:

1. Minimum project description
2. Project Type:
 - a. Improvement or rehabilitation of existing infrastructure
 - b. Construction and/or acquisition
 - c. Installation of new building/facility systems
 - d. Installation of new network/data systems
 - e. Remodeling
 - f. Rehabilitation of existing facilities
 - g. Preventative maintenance
3. Justification based on:
 - a. Current or expected changes to program activities
 - b. Workload projections based on past or expected service levels
 - c. Legislative changes impacting local programs
 - d. Growth expectations based on historic trends
 - e. Staff increases to meet projected service levels
4. Estimated annual operation and maintenance costs, and increment this number represents over existing costs
5. Prioritization (if more than one project is requested annually)
6. Cost estimates (if available)
7. How the project will be financed
8. A statement as to whether the request is consistent with any customer feedback the department has received or if it improves customer service.

A significant amount of data has been gathered. The list represents a preliminary assessment of estimated project needs for the next five years. Internal Services Funds and Specific Revenue Funds (such as Transportation and Solid Waste) have the ability to strategically plan and set aside funding for long-term capital projects. Project requests from general fund departments, for which local cost CIP dollars are highly limited, represent a perceived need, however, at this time, no identified funding source would enable us to implement those projects. We are continuing to evaluate the information for general fund departments to develop the requests into a coherent plan.

Table 5 provides a summary of all five-year plan requests organized by year and project type. Amounts listed as funded refer to sources separate from local cost CIP dollars that departments referenced in their project request forms.

RATING SHEET (Cont'd)

Purpose: The purpose of this form is to provide the CIP Review Team with a means for prioritizing Department CIP requests using explicit criteria. These criteria are made known to Departments prior to the submission of their requests to the CIP Review Team.

Guidelines:

1. The forms will be used for evaluating CIP requests for local funding of projects in excess of \$5,000.
2. The highest possible score for each request that is evaluated with these forms is 100. The higher the individual score, the higher it ranks in competing for available resources.
3. The CIP Review Team will not prepare a rating form for requests that are fully funded from other funding sources.

.....

Summary of the Formulas Used for Two Factors Used As Criteria For Reviewing Department CIP Requests

Customer Spending Preferences

Step 1: Compute the percentage difference between the averages of the telephone survey and the internal point of service survey in order to equalize surveys.

Step 2: On the survey response for the Department relative to Importance of the Services, multiply the Department's percentage for "Very Important" times the Department's percentage on the "Spend more, or the same..." survey question. The factor used from the "Spend more, or the same..." question is the sum of the percentage scores the Department received for "Spend More" plus "Spend the Same".

Step 3: The product which is the result in Step 2 is then multiplied by 10, which is the point maximum for this question. This product becomes the total score for the Customer Spending Preference factor.

Customer Confidence in Performance

Value for the Dollar

Step 1: Compute the percentage difference between the averages of the telephone survey and the internal point of service survey in order to equalize surveys.

Step 2: On the survey response for the Department relative to "Value of the Service", multiply the sum of the Department's percentages for "Good" plus "Excellent" times by 5, which is the point maximum for this question. This product becomes the total score for the Value for the Dollar factor.

Quality

From the point of service survey, multiply the sum of the Department's percentages for "Good" plus "Excellent" times 5, which is the maximum for this question. This product becomes the total score for the Quality factor.

ARCHITECTURE & ENGINEERING

G. Daniel Ojeda

MISSION STATEMENT

The mission of the Architecture and Engineering Department is to plan and administer the design and construction of the projects in the County's Capital Improvement Program; and in so doing provide top quality improvements for certain County Departments and the citizens of San Bernardino.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

Architecture & Engineering is responsible for the planning, design, estimating and administering of the projects in the County's Capital Improvement Program. The staff prepares bid packages and advertisements for bid, negotiates and administers projects for design and construction, and provides inspection and construction management services through completion of the project. Project costs are reimbursed from departments and the general fund where appropriate.

The vision of the Architecture & Engineering Department is to be a competitive public service organization dedicated to delivering projects and services for San Bernardino County in a timely and cost effective manner, which establishes us as the provider of choice to our customers. The Department has developed a motto which is "Quality Improvements Today for a Better Tomorrow". It will use this idea to guide it through any activities that it will perform in aligning itself with the County's strategic directions and organizational priorities.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Custodian I Deletion of vacant positions in 2003-04 resulted in the reduction of 15.5 general funded custodial positions. This resulted in the reduction of services from five days to one day per week for thorough cleaning of restrooms and trash pick up of office areas. Also, vacuuming in major traffic areas was reduced from once a week to an "as needed basis." Based on current staffing levels, there is one Custodian per 66,000 square feet. The industry standard is one per 24,000 square feet. The addition of four Custodian I's will increase thorough cleaning of restrooms to three times per week and vacuuming of major traffic areas to once per week. Additional positions will also reduce the square footage per Custodian I to 52,100.	4.0	136,000	-	136,000

DESCRIPTION OF MAJOR SERVICES

The Maintenance Division is responsible for maintaining county owned and some leased facilities. Services are performed with a combination of county employees and contractors. This division operates boiler plants, performs routine infrastructure maintenance, oversees fiscal aspect of security services, manages the minor remodel and maintenance portion of the county capital improvement program, and responds to emergency building issues 24 hours per day, 7 days per week. The primary goal of the Maintenance Division is to provide safe and well-maintained facilities for customers and employees.

	<p>In 2003-04, 2.0 vacant Maintenance Mechanic positions were deleted that were to be assigned to West Valley Juvenile Detention Center. This facility has been maintained by existing Facilities Management (FMD) staff. Moreover, staffing reductions in the 2004-05 proposed budget due to the State budget cuts has effectively erased the two positions approved by the Board on February 3, 2004, item # 44, to serve the new High Desert Juvenile Detention Center. The requested two additional mechanic positions will help abate these losses and allow FMD to provide seven day coverage as requested by Probation to both sites. Services and Supplies costs include an additional vehicle, as well as other miscellaneous costs associated with the positions. If this is not approved, existing resources will have to be shifted to serve the high desert as it opens, reducing the service levels throughout the county.</p>

1	Utility Analyst A qualified energy analyst will assist Facilities Management in checking billing accuracy and monitor the county's utility accounts. This position will be responsible for developing an energy efficiency program. This position was recommended in the MCG Consulting Utility Budget Analysis Final Report presented to the Board of Supervisors on March 16, 2004. It is anticipated that this position will pay for itself in utility cost savings. Salaries and benefits will increase by \$68,500 and will be offset by a decrease of same amount in services and supplies.	1.0	-	-	-
2	Fiscal Clerk II Utility payments are currently processed on over 800 utility accounts. This function is currently being performed by a fiscal clerk assigned to the Maintenance Division. Because of this temporary reassignment, the remaining fiscal clerks have had to assume additional responsibilities which has resulted in an often unmanageable workload for the fiscal staff. A full time clerk assigned to the utility division will ensure utility bills continue to be paid on time, thus avoiding large late payment penalties to the county. This position was recommended in the MCG Consulting Utility Budget Analysis Final Report presented to the Board of Supervisors on March 16, 2004. It is anticipated that this position will pay for itself in utility cost savings. Salaries and benefits will increase by \$40,600 and will be offset by a decrease of same amount in services and supplies.	1.0	-	-	-

Garage

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication, and emergency field services for the county's fleet of vehicles and heavy equipment. This includes the warehousing of automotive parts and related road materials to support fleet operations.

The Garage budget unit is an internal service fund (ISF). All operational costs of the Garage Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to be used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

In 2003-04, services and supplies are expected to exceed budget by approximately \$1 million due to increasing fuel costs. Also, in 2003-04, the budget for automotive parts was reduced because of the expected purchase of new motor pool vehicles. Purchasing delays resulting from the ongoing freeze on the purchase of fixed assets has resulted in a demand for parts higher than anticipated in the budget.

In 2004-05, services and supplies are increased due mainly to rising fuel costs. Revenues are expected to increase due to an increase in budgeted staff performing billable functions and the implementation of revised rates as approved by the Board on March 2, 2004. The 2004-05 rates were developed based on an assumed contribution to retained earnings of \$566,000, which is a decrease from the \$800,000 contribution budgeted in 2003-04.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
1. Increased demand for services Add 1.0 Motor Fleet Mechanic II to perform lead worker responsibilities for the night shift in the Auto Shop. Add 1.0 Motor Pool Assistant to perform non-billable shop functions at the Apple Valley Service Center, which are currently performed by higher cost technical staff. The addition of these positions will increase productivity and customer service.	2.0	105,996	168,000	62,004
2. Delete administrative position Delete 1.0 Fiscal Clerk I due to efficiencies in the department's business office.	(1.0)	(42,605)	-	42,605
3. Delete central warehouse functions Delete 2.0 Storekeeper due to the elimination of the central warehouse function as part of the Fleet Management budget. Certain supplies and equipment used by the department are now all accounted for in its Parts Shop cost center (80% of the warehouse function), some supplies are no longer stocked, and supplies carried for Trans/Flood are now stocked and issued through Central Stores. Salaries and benefits are decreased by \$85,232; services and supplies are decreased by \$20,964; and revenues are decreased by \$29,140.	(2.0)	(106,196)	(29,140)	77,056
4. Increased demand for fuel and parts Services and supplies are increased due to rising fuel costs and a higher demand for automotive parts. The demand for parts has risen due to delays in the purchase of new vehicles in 2002-03 because of the fixed asset freeze in effect at the time. As a result, the 2003-04 vehicles were not purchased at the beginning of the fiscal year. Services and supplies are increased by \$2,792,636; transfers are increased by \$235,312; reimbursements are increased by \$1,002,747; and revenues are increased by \$1,719,771.	-	2,025,201	1,719,771	(305,430)
5. Decreased revenues The 2003-04 Garage rates approved by the Board on March 4, 2003 were predicated on accumulating two months of working capital in five years and equated to approximately \$850,000 the first year and \$400,000 per year thereafter (at June 30, 2003, the department's unrestricted net assets were \$36,637). The 2004-05 Garage rates approved by the Board on March 2, 2004 were predicated on accumulating the working capital over a total six year period. The contribution in 2004-05 is expected to be \$566,000.	-	-	(284,000)	(284,000)

Motor Pool

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Motor Pool Division has ownership and/or maintenance responsibility for approximately 1,800 automobiles, vans, pick up trucks and various specialty vehicles assigned to county departments. Motor Pool provides for replacement, fuel, maintenance, insurance, overhead, and other operational costs of fleet vehicles.

The Motor Pool budget unit is an internal service fund (ISF). All operational costs of the Motor Pool Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to be used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

In 2003-04, the budget for automotive parts was reduced because of the expected purchase of new motor pool vehicles. Purchasing delays resulting from the ongoing freeze on the purchase of fixed assets has resulted in a demand for parts higher than anticipated in the budget. Thus, actual transfers to the Garage are expected to exceed budget.

In 2004-05, services and supplies are decreased due to decreased comprehensive auto liability charges. Transfers are increased due to rising fuel costs and increased Garage (ICB VHS) labor rates. Revenues are decreased to reflect the reduction of motor pool fixed rates. Those rates, approved by the Board on March 2, 2004, were lowered due mainly to the reduced insurance costs, which are included as part of the fixed rate charged to customers.

Purchasing

DESCRIPTION OF MAJOR SERVICES

The Purchasing Department is responsible for the acquisition of equipment, services, and supplies used by County Departments and Board-governed Districts. In addition, it is responsible for the management of three Internal Service Fund Divisions (Central Stores, Mail/Courier Services and Printing Services). It also manages and arranges for the sale of county surplus property.

The Purchasing Department strives to provide service to all County departments, special districts and other government entities with sources for quality products with reasonable prices and timely deliveries. All willing vendors will be given the opportunity to provide pricing on their products and services in a fair, open, and competitive environment. Purchasing accomplishes this mission by treating each department, employee, and vendor with respect, integrity, and understanding. By extending this treatment to all, Purchasing fulfills the purchasing obligation of San Bernardino County.

Central Stores

DESCRIPTION OF MAJOR SERVICES

Central Stores stocks, supplies, and delivers stationery, forms, janitorial, and other high volume miscellaneous items for county departments and other local government agencies. Central Stores also maintains the surplus property pool. The Purchasing – Central Stores Division budget unit is an Internal Service Fund (ISF), and as such, all operational costs are distributed to user departments through user rates. As an ISF, unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Central Stores' main purpose is to provide office supplies at the lowest cost to all county departments as well as delivering such supplies in a timely manner. It is also the purpose of this division to accurately inventory and fairly distribute surplus property to interested county departments, community-based organizations, and the general public.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
1.	Delete 2.0 Vacant FTE in Central Stores. Due to the 9% budget reduction to general fund departments, it is anticipated that demand for Central Stores services will decrease in 2004-05 by an estimated 10%. As a result of this decrease in services, a 1.0 Fiscal Clerk III, a 1.0 Stores Specialist, and a 1.0 Stores Supervisor I were deleted. These deletions were offset by the addition of a 1.0 Storekeeper required to continue line staff operations in lieu of the deleted supervisory positions. Positions	(2.0)	(111,884)	-	111,884
2.	Reduce Services and Supplies Reduction of \$964,184 (13%) in expenses is directly related to the 10% anticipated reduction in demand for services. This reduction is offset by an additional expense of \$20,964 for warehouse supplies (boots, shovels, raincoats, etc) that will be transferred from Fleet Management effective July 1, 2004.	-	(943,220)	-	943,220
3.	Increase Transfers This increase is due to the reimbursement to Purchasing for a portion of a Staff Analyst II position as a result of the September 23, 2003 Board action.	-	17,004	-	(17,004)

Mail/Courier Services

DESCRIPTION OF MAJOR SERVICES

Mail/Courier Services provides interoffice, U.S Postal, and courier service to agencies, departments, and special districts within the county.

The Purchasing- Mail/Courier Services budget unit is an Internal Service Fund (ISF). As an ISF, unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

The division's main goal is to deliver each piece of mail in a timely and accurate manner to all county departments. Accomplishing this mail delivery process will ensure that quality service is provided to all its customers.

Real Estate Services

DESCRIPTION OF MAJOR SERVICES

Real Estate Services negotiates and administers revenue and expenditure leases on behalf of county departments. More than 300 revenue leases allow for the use of county-owned facilities, generally at county parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Approximately 275 expenditure leases are managed to provide facilities throughout the county for departments and their employees to support the delivery of services in locations convenient to the residents served.

Real Estate Services also provides appraisal, acquisition, and relocation assistance for county departments and, upon request, to other agencies including SANBAG, the State of California, and various cities. The department establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. The department also acquires land and facilities for various functions, disposes of property determined to be surplus to the county's needs, and maintains an inventory of all county land and facilities.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1.	Reclassification to Real Estate Services Manager Two positions, 1.0 Real Property Manager and 1.0 Right of Way Manager, are reclassified to a new, single Real Estate Services Manager classification. The single classification will provide the department with flexibility regarding assignment and cross-training of personnel. On October 30, 2001, the Board approved the structural reorganization of Real Estate Services from a stand-alone division to a separate county department. The reorganization included adding a Director of Real Estate Services and reclassifying 2.0 Real Property Agent (RPA) II to RPA III. This action is the last piece of the department's reorganization. There is no additional cost associated with these reclassifications in the 2004-05 budget. The Real Property Manager is classified at the same range and benefit level as the new classification. The Right of Way Manager is classified at the same range, but will move from the Management unit to the Exempt unit. These additional costs were included in the 2003-04 budget; however, the classification action was not completed pending reclassification and recruitment of the subordinate RPA III positions, which is now substantially completed.	-	-	-	-
2.	Revenue adjustment Minor change in rate charged to the department's customers. Increases to transfers and revenues are offset by increased services and supplies.	-	2,600	2,600	-

Rents and Leases

DESCRIPTION OF MAJOR SERVICES

This budget is used to fund the rental of leased space utilized by county departments except long-term facility agreements for joint power authorities. Lease payments are reimbursed from various user departments.

There is no staffing associated with this budget unit.

BUDGET AND WORKLOAD HISTORY

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05

Departmental Revenue	324,977	323,000	-	-
Local Cost	628,724	248,138	171,100	208,652

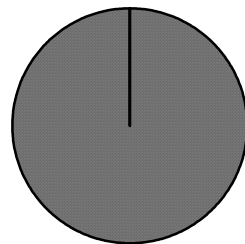

Workload Indicators

Number of leases with county as tenant	292	256	274	260
Square feet of leased space managed	2,228,848	2,274,700	2,234,900	2,205,100

The 2003-04 workload indicator for number of leases with county as tenant did not include some zero-cost leases and therefore was understated. The number of leases with county as tenant and the total square footage under lease have decreased and are expected to continue decreasing as a result of state budget impacts and consolidation efforts.

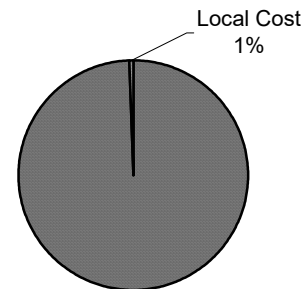

In 2003-04, local cost in the amount of \$464,360 was transferred to the County Schools budget (AAA SCL) as part of the budget consolidation of county-paid costs.

DESCRIPTION OF MAJOR SERVICES

The Agricultural Land Post-Acquisition Program administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal and Parkland Conservation Act. The department is responsible for negotiating and managing leases, preparing conservation easements, managing properties acquired, and recommending future acquisitions. Property management activities include arranging for all ordinary and emergency repairs and improvements necessary to preserve the properties at their present condition, enhancing their operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully financed through revenues received from the lease of acquired properties.

There is no staffing associated with this budget unit.

MISSION STATEMENT

The mission of the Office of the Assessor is to perform the state mandated function to:

- a. Locate, describe, and identify ownership of all property within the county
- b. Establish a taxable value for all property subject to taxation
- c. List all taxable value on the assessment roll
- d. Apply all legal exemptions

Assessor business is performed for the public benefit in a manner that is fair, informative and with uniform treatment. It is necessary as a means of revenue generation in order to fund essential public services and efficiently operate county and state government.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Salaries and Benefits	(1.0)	107,941	-	107,941
Increase is due to step increases, retirement, workers comp and other benefits. This increase was offset by the reduction of overtime and a .5 Title Transfer Technician.				
2. Services and Supplies	-	(45,575)	-	(45,575)
Expenses were cut to provide funding for staff step increases. Continuous reductions in this appropriation over the last several years has put the Assessor in a position of not being able to complete mandatory tasks. Specifically, printing and mailing of state required forms and performing field checks of properties and business audits (i.e., mileage reimbursement, travel, etc.) See policy item .				
3. Transfers	-	11,924	-	11,924
Increases in non-discretionary expenses, specifically rents/leases, require adjustment in the appropriations.				
4. Revenue	-	-	74,290	(74,290)
Over the last 3 years, revenue received for state mandated penalties have exceeded expectations. In addition, sales of electronic data from the Assessor database have exceeded budget expectations. It is recommended that the revenue be increased to offset the expenditure shortages listed above. It is important to note that the overages have a direct correlation to real estate market trends. Since San Bernardino county has experience strong growth and is expected to continue with this trend, the increase of \$74,290 should be supportable. However, if the market does turn around there could be an under realization of revenue and a readjustment may be necessary.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Increase in appropriations to provide mandatory services Many of the services and supplies costs to efficiently operate the department were paid out of the Assessor's State Property Tax Administration Program. Since this funding source is a fixed amount over the last several years, step increases and benefit changes for this special revenue fund staff have dramatically affected the amount of funds available for services and supplies. As well as some of the salary appropriations (e.g., overtime, termination benefits, etc). In addition, previous cuts in general fund financing has reduced services and supplies even further. In order to maximize the assessment roll, and subsequently the county property tax revenue, priority was placed on utilization of staff. The continual cutting of the services and supplies appropriation has led to the department no longer having the financial resources to perform the mandatory functions. These functions include postage/printing of state required documents; local travel and mileage reimbursements for assessments/audits, and overtime to maximize roll value. Without this policy item, the department will not be able to complete its state mandated functions and will have a direct affect on the ability to generate property tax revenue.	-	278,244	-	278,244

New Fee of \$50.00 Historically the clerical related functions of the exclusion claim processing was performed by 2.0 Clerk III's. For the past 2 years, clerical help from other units have been assigned on temporary and rotating basis amounting to nearly 1.0 FTE. This assignment of additional resources is needed due to the dramatic increase in exclusion claim form filings. The increases are primarily attributed to increased transfer activity in general and the growing awareness of the availability of exclusions and their benefits to property owners. Claims for the last 4 year are as follows: 2000 - 2,528 2001 - 2,535 2002 - 3,647 2003 - 5,405 The impact of this workload increase is felt equally by the appraisal staff. Briefly Describe the Summary of Justification for Fee Requests(s) and the Budgetary Impact to Program if Fee(s) are approved:

Prior to 2004-05, many of the services and supplies costs to efficiently operate the department were paid out of the Assessor's State Property Tax Administration Program. Since this funding source is a fixed amount, the step increases and benefit changes for these special revenue fund staff over the last several years, have dramatically affected the amount of funds available for services and supplies. Previous cuts in general fund financing have reduced services and supplies even further. In order to maximize the assessment roll, and subsequently the county property tax revenue, priority was placed on utilization of staff. The continual cutting of the services and supplies appropriation has left the department in a position where it is no longer has the financial resources to perform the mandatory functions.

Since the department's services and supplies are at an inadequate level and general fund financing is limited, a review of the fee structure of other county Assessor Office's was performed. It was discovered that several of the comparable counties were charging for the processing of taxpayer claims and other services. These fees are allowed under the California code and reasonable based on the staff time required for processing. In addition, during the fiscal year 2003-04 an electronic version of the Assessor's maps has become available. The current fee structure only provides a means for selling paper maps and therefore its is necessary to add the mechanism for selling them in an electronic format as well.

Failure to capture full reimbursement for these fees would result in inadequate funding for services and supplies in the 2004-05 budget.

State/County Property Tax Administration Program

DESCRIPTION OF MAJOR SERVICES

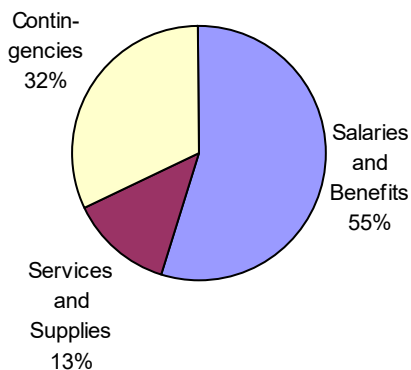

On February 13, 1996, the Board of Supervisors approved an agreement with the State of California to participate in a state/county property tax administration program for calendar year 1996. The agreement provided a loan of \$2,139,938 for 1996, with a provision for the same in the following two calendar years. The State passed legislation extending this program through calendar year 2002.

Effective January 1, 2002, the State legislature approved authorization of AB589. This bill creates the State-County Property Tax Grant Program to replace the prior loan program. The grant is effective starting with calendar year 2002 and is authorized for the County until calendar year 2007. As with the prior loan program, these funds are intended to supplement the County's property tax administrative cost. The amount of the loan is set forth on a schedule established by the State and is the same as the previous loan program. Contingencies are used to set aside funds that are available from the State on a calendar year basis but are budgeted and managed in the County system on a fiscal year basis.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

	Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1	Services and Supplies Continual increases in salaries due to MOU and step increases have reduced the funding available for services and supplies. This reduction is necessary to fund the shortage in salaries. (Note: This fund is based on a calendar year and budgeted on a fiscal year. The coverage for this is contained in contingencies)	-	(161,268)	-	(161,268)
2	Transfers Increase to covered mandatory EHAP and Center for Employees Health and Wellness.	-	327	-	327
3	Contingencies This fund is paid by the state Department of Finance (DOF) on a calendar year basis. Since the county's budget is on a fiscal year basis, it is necessary to set aside funds received for the 2005 calendar year to cover the first 6 months in the next fiscal year. Since the majority of the funds are utilized to cover salaries, contingencies need to be increased to sufficiently cover the anticipated expenses.	-	117,213	-	117,213

Auditor-Controller/Recorder**DESCRIPTION OF MAJOR SERVICES**

The Office of the Auditor/Controller-Recorder and County Clerk is responsible for providing a variety of accounting and document recording services. The Auditor and Controller Divisions record the collections, and perform the disbursements and audits of all county financial activities to ensure sound financial management. In addition, it is responsible for personnel payroll services, developing and implementing accounting systems, and administering the countywide cost allocation plan. The Recorder Division is responsible for accepting all documents for recording that comply with applicable recording laws, producing and maintaining official records relating to documents evidencing ownership and encumbrances of real and personal property and other miscellaneous records. The Recorder Division is also responsible for County Archives and County Clerk functions. County Archives maintains historical records relating to vital statistics, fictitious business names, and other entities required by the State to register with the County Clerk.

The Auditor/Controller-Recorder's Office is supportive of San Bernardino County's Mission, Vision and Values Statement. The role of this office is to ensure the safety and integrity of the County's finances and records. The Auditor/Controller-Recorder promotes trustworthiness in county government by maintaining and providing access to public records. The Auditor/Controller-Recorder supports the economy of the County by issuing payroll, vendor payments, and property tax allocations in a timely and efficient manner. The Auditor/Controller-Recorder offers a high level of customer service in a very cost-effective manner.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Salaries and Benefits Salaries and Benefits increase due to step increases, benefit changes and the transfer 1.0 Records Management (IRM) Supervisor from IRM to Auditor/Controller-Recorder (ACR). By moving this position to ACR allows it to be managed more effectively. The position was offset by a reduction of 1.0 Fiscal Clerk I position.	-	212,202	-	212,202
2. Services and Supplies Services and Supplies increase due to ISF charges and Board approved contract with Vavrinek, Trine, Day and Company for increased number of audits.	-	138,003	-	138,003
3. Improvement to Structures Improvement to Structures increase due to security upgrade to cameras per Sheriff's report.	-	31,004	-	31,004
4. Transfers Transfers decrease due to moving 1.0 position from IRM to ACR. In 2003-04 this position was budgeted in IRM and paid for by an operating transfer from ACR to IRM. This position is managed more effectively by moving the position to Auditor/Controller-Recorder.	-	(48,784)	-	(48,784)
5. Reimbursements Reimbursements increase due to funding more recording positions from Systems Development (SDW) budget unit.	-	(223,801)	-	(223,801)
6. License Revenue Projected increase in marriage license revenue.	-	-	50,000	(50,000)
7. State and Federal Revenue Penal Code 4750 revenues expected to increase by \$5,500. Federal Emergency Management Agency (FEMA) increase of \$5,623 in revenue due to the fires.	-	-	11,123	(11,123)
8. Current Services Revenue Increase of \$1,552,280 due to high volume of documents recorded. Decrease of \$126,000 due to Court MOU revenue per 90 day letter. The Courts no longer need services from the Auditor/Controller-Recorder for fund accounting and accounts payable services.	-	-	1,426,280	(1,426,280)
9. Other Revenue Increase in other revenue due to greater requests for special tax reports.	-	-	19,600	(19,600)

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
The requested fee increases or new fees are to either (1) adjust the rates closer to the actual costs as documented by COWCAP or (2) to make the rates in line with our benchmark counties consisting of Alameda, Riverside, Orange, Ventura, Santa Clara and San Diego. Currently these costs are financed by the general fund via local cost. If these fees are approved, the local cost will be reduced accordingly.

Micrographics

DESCRIPTION OF MAJOR SERVICES

The Micrographics fund was established to defray the cost of converting the county recorder's documents into an electronic storage system. The budget primarily reflects expenditures in services and supplies to upgrade and maintain systems that convert the ever-present flow of paper documents to microfilm and/or digital images. With deletion of the fee in 2001, there is no revenue expected to this fund. There is no staffing associated with this budget unit.

There is no staffing associated with this budget unit.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1.	Salaries and Benefits Added 6.0 staff for the following positions: Automated Systems Analyst I, Automated Systems Technician, 3.0 Clerk III and Staff Analyst II. The ACR has a number of modernization initiatives to pursue and staff is needed to achieve them. The Recorder currently provides vital records and marriage licenses through three County Libraries. Using the same libraries, the Recorder would like to extend the ability to research the grantor/grantee index and the sale of official records to the public. One Clerk III is needed at each of the three libraries. The San Bernardino County Recorder is one of two offices that has statutory authority to conduct electronic recording of documents. The Recorder currently conducts electronic recording for the Franchise Tax Board, the Treasurer/Tax Collector, and various mortgage lenders. In order to expand this service to local title companies, who strongly desire this service, one additional ASA I and one additional AST are needed to install and support new software and the systems at the title companies. The complexity of the Recorder's office has increased in the past few years to enable the division to keep up with the workload. A Staff Analyst II is needed to - prepare and monitor contracts, RFPs, and management projects - coordinate studies of operations, work flow, training, and finances - develop policies and procedures to improve operations - Analyze and make recommendations on revenues and expenditures -review and make recommendations on new and pending legislation. The total cost of these six positions is \$280,939 and will be completely funded from the special revenue fund. There is no impact to the General Fund or local cost.	6.0	310,350	-	310,350
2.	Services and Supplies Beginning this fiscal year only the amount to be expended in services and supplies in 2004-05 will be budgeted. The remaining balance will be moved to contingencies. The \$2,500,000 budgeted in services and supplies is to add expanded index data to the archived images and/or to digitize more of the filmed images.	-	(4,723,946)	-	(4,723,946)
3.	Equipment Reduction in need for projected equipment.	-	(193,000)	-	(193,000)
4.	Transfers Increase is due to new positions being added that were Board approved on March 9, 2004. Positions priced out higher in budget prep than anticipated in the board agenda item due to employees starting at a higher steps, 401K and retirement costs.	-	50,876	-	50,876
5.	Contingencies Increased due to the remaining unplanned balance from services and supplies to contingencies.	-	6,537,753	-	6,537,753
6.	Revenue The increase revenue is due to the projected increase in recording documents, the work volume has increased significantly due to the real estate economy.	-	-	1,620,000	(1,620,000)
7.	Operating Transfers Out Prior year CIP remodel was recognized last year, funding is no longer required in fiscal year 2004-05.	-	(167,500)	-	(167,500)
Total		6.0	1,814,533	1,620,000	194,533

Vital Records

Records Management

DESCRIPTION OF MAJOR SERVICES

Records Management is responsible for storage of inactive records and their eventual destruction. This division relocates inactive files from County departments into a central storage facility, where the files are maintained and made accessible to user departments upon request. The division also identifies records eligible for destruction based on schedules established by the owning agency.

The Records Management budget is an Internal Service Fund (ISF). As an ISF any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

TREASURER-TAX COLLECTOR

Richard Larsen

MISSION STATEMENT

The mission of the San Bernardino County Treasurer-Tax Collector's office is to conduct County business in a fair, courteous and professional manner that is open and accessible to citizens, the business community, and other public agencies. This office will utilize current and evolving technology to enhance services and improve the reach of those services throughout the region. We will operate efficiently to deliver the highest quality services at the lowest possible cost to the taxpayers of San Bernardino County.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Treasurer-Tax Collector is responsible for:

1. Collecting of property taxes.
2. Performing the County's Treasury function.
3. Providing a collection service for the County as well as to provide accounting and collections of court ordered payments.

The tax collection function involves the collection and accounting of property taxes for all county taxing entities that amounts to almost \$1.4 billion in property taxes, county licenses and other fees.

The Treasurer is also responsible for the investment of the county investment pool, which includes county funds and all school districts within the county, as well as providing banking services for these agencies. The Treasurer currently manages assets of almost \$2.9 billion.

The Treasurer-Tax Collector's Central Collections Division expects to collect more than \$33.0 million for the year ended June 30, 2004. The majority of these collections are from court-ordered fines and the Arrowhead Regional Medical Center's delinquent accounts receivable.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Salaries & Benefits	8.9	582,168	-	582,168
Addition of 6.0 positions (1 Supervising Collection Officer, 3 Collectors, 1 Fiscal Clerk II, 1 Clerk III) needed because of increased number of assigned accounts. These positions are funded through reimbursements by the Arrowhead Regional Medical Center and through cost offset from fines collected pursuant to Penal Code Section 1463.007.				
Addition of 2.9 Public Information Clerks needed to serve taxpayers. These positions are funded from tax sale fees, unsecured tax collection fees, penalties on delinquent taxes, payment plan fees, non-sufficient check fees and other miscellaneous fees.				
Other increases due to step increases, paid vacation and administrative leave and other benefits.				
2. Services & Supplies		184,471	-	184,471
Increase in General Office Expense of \$57,000 due to increase in assigned cases.				
Increase in Advertising Expense of \$48,000 for a newspaper advertising campaign that will be used to encourage secured taxpayers to pay more promptly which would lower the delinquency tax rate.				
Increase in Special Departmental Expense of \$42,000 for access to the courts' Offense Tracking System (OTS). This charge is the result of a new MOU with the courts which was approved on Sept. 30, 2003 by the Board of Supervisors.				
Increase in ISF Communication charges of \$37,000.				
3. Other Charges and Lease Purchase Equipment	-	94,000	-	94,000
Increase in Interest of \$13,000 and Principal of \$81,000 for first year of five year lease for two new remittance processing machines.				
4. Equipment	-	(25,468)	-	(25,468)
Decrease in equipment purchases.				
5. Transfers & Reimbursements	-	(18,221)	-	(18,221)
Central Collections budget unit was consolidated into the main Treasurer-Tax Collector department budget unit. With the consolidation the intra-fund transfer between the two departments are no longer need.				
6. Revenue - Taxes & Fines	-	-	45,000	(45,000)
Increases in Interest and Penalties on Delinquent Taxes of \$45,000.				
7. Revenue - State Aid	-	-	(58,156)	58,156
Decrease in State Aid of \$58,156 due to Assembly Bill 3000. It mandates a lower priority for recording criminal fines and fees which affects the timing of the County's portion of these revenues.				
8. Revenue - Current Services	-	-	427,094	(427,094)
Increase in revenue from the Arrowhead Regional Medical Center and for unsecured tax collection fees because of increased assignments and costs.				
9. Revenue - Other Revenue	-	-	403,012	(403,012)
Increase in administrative charges related to increased size and management of investment pool.

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Tax Sale Lot Books - CD		2,500	2,500	-
Reduce the fee charge from \$500 to \$250. These books were previously prepared using a manual imaging process. They now can be produced through an electronic process which produces a cost savings which we would like to pass on to the buyer. No revenue currently budgeted, decrease is estimated to generate \$2,500 in revenue.				
Tax Sale Property Characteristics - CD		12,500	12,500	-
This is a new customer service for tax sale interests. The CD would list the property characteristics of all properties subject to tax sale.

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
 (1) The Treasurer-Tax Collector would like to reduce the fee charge for the Tax Sale Lot Books - CD from \$500 to \$250. These books provide actual copies of documents on all tax sale parcels and were previously prepared using a manual imaging process. However, these books can now be prepared through an electronic process which produces a cost savings. We would like to pass the savings on to the buyer of the book. (2) The Treasurer-Tax Collector would also like to offer a new customer service for tax sale interests. The Tax Sale Property Characteristics CD would list the property characteristics of all properties subject to tax sale. Previously, we offered this information on a parcel by parcel basis through our Tax Sale Parcel Data Fee. The new CD would list characteristics of all of the parcels subject to tax sale.

Grand Jury

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Its responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's office. Funding in this budget unit covers members' stipends, office supplies, administrative support costs, and contract costs for audits.

There is no staffing associated with this budget unit.

Cost for 2003-04 is expected to exceed the amount budgeted by \$17,470 due to unbudgeted building insurance costs and payments for additional meetings and mileage. As these costs are mandated, an appropriation increase will be brought to the Board of Supervisors closer to year-end when the final amount can be determined.

Indigent Defense Program

MISSION STATEMENT

To provide competent and effective court-appointed legal representation and protect the constitutional rights of indigent persons in criminal matters and parties involved in delinquency matters in a timely and fiscally responsible manner for cases where the Public Defender has declared a conflict or is otherwise unavailable.

DESCRIPTION OF MAJOR SERVICES

Indigent Defense Program pays for court-appointed adult indigent criminal and juvenile delinquency legal representation services for clients the Public Defender cannot represent, and for Public Defender investigator and expert expenses on death penalty cases. The program administers attorney service and alternate dispute resolution contracts, monitors appointed caseloads and expenditures, and reports to the County Administrative Office.

There is no staffing associated with this budget unit.

Court Facilities/Judicial Benefits

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. However, under AB 233, the costs of locally authorized judicial benefits and costs for facilities remain the responsibility of counties. This budget unit was established in 1997-98 to appropriate funds for those local judicial benefits (designated as other charges in the budget) and facilities-related expenses (designated as services and supplies in the budget).

There is no staffing associated with this budget.

Number of Judges (filled)	59	63	62	63

Estimated cost for 2003-04 is \$109,452 less than budget primarily due to vacancies in the number of judges. Budget is based on benefits for the 63 judgeships that are authorized by state law. However, the fiscal year began with only 59 filled positions and there was one retirement during the year. The vacancies were not filled until the fall.

Trial Court Funding - Maintenance of Effort (MOE)

DESCRIPTION OF MAJOR SERVICES

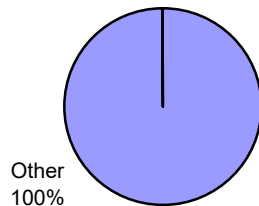

On January 1, 1998, AB233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. The MOE contribution is made up of two components: reported 1994-95 county expenses for court operations, plus fine and forfeiture revenue sent to the state in 1994-95. Under the bill, county MOE amounts were established in 1997-98 with certain reductions and adjustments subsequently authorized by the State. The current annual MOE contribution for the expenditure component is \$20,227,102; the revenue component is \$8,163,193. In return, the state allowed the counties to retain many of those same fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be shared equally between the state and the county.

There is no staffing associated with this budget unit.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
New mandated payment to the state	-	1,134,812	-	1,134,812
During 2003, Assembly Bill 1759 mandated that all counties contribute payments to the state totalling \$31 million in 2003-04 and 2004-05. This mandate was in lieu of the state taking the counties' various undesignated revenues, at a much higher amount. The state plans to revisit this issue and may take the undesignated revenues in 2005-06.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Increase in payment to the state for increased fine collections.	-	500,005	500,005	-
Each year the county has experienced increased collections of various fines and fees. Based on trial court funding statutes, any increased collections that exceed the revenue component of the MOE must be shared equally between the state and the county. This increase in appropriation is recommended to allow payment to the state for the anticipated excess level of collections during 2004-05. Should the increase in revenues not materialize, the increase in the payment to the state would not be required.				
2. Increase in operating transfer to special revenue fund.	-	177,536	177,536	-
25% of the county's share of the increased collections of fines and fees is transferred to a special revenue fund to help finance the seismic retrofit of the Central Courthouse and T-wing.

Courthouse Facility – Excess 25%

DESCRIPTION OF MAJOR SERVICES

Funding in this special revenue budget unit comes from 25% of the county's 50% share of excess fines collected above the county's revenue maintenance of effort obligation to the state associated with Trial Court Funding and is slated to be used for the Central Courthouse seismic retrofit project.

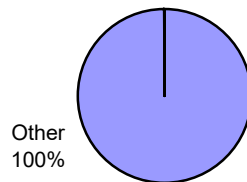

There is no staffing associated with this budget unit.

Surcharge on Limited Filings

DESCRIPTION OF MAJOR SERVICES

Funding for this special revenue budget unit comes from a \$35 surcharge on civil filings involving less than \$25,000, as authorized by Government Code section 76236, and is slated to be used for the Central Courthouse seismic retrofit project. AB 222, which became law on January 1, 2003, expanded application of the existing \$35 civil filing fee surcharge to include all civil filings.

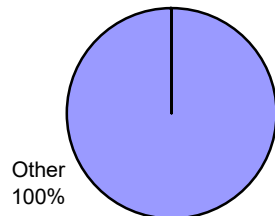

There is no staffing associated with this budget unit.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Decrease Salaries and Benefits	(6.0)	(619,053)	-	(619,053)
Staff must be reduced to accommodate loss of grant funding. A total of 9 Deputy District Attorney positions and 3 clerical positions will be reduced through attrition to meet target. Six of these positions are shown here and six of the positions are shown on the State Budget Impact section. The department is reducing service and supplies to supplant salary step increases and overtime and avoid further staff reduction. In addition, the department may need to recognize Prop 172 overage to cover positions until they attrit out.				
2. Increase Salaries and Benefits	-	867,061	-	867,061
The department has added an Investigative Technician position to accomodate an increasing workload for the Investigation Division, but a Clerk position was deleted to offset the cost of the new position. Step increases combined with anticipated overtime creates the need to reduce service and supplies to avoid further staff reductions. The service and supplies reduction will supplant anticipated increases in salaries and benefits.				
3. Reduce Operating Expenses	-	(887,909)	-	(887,909)
The department will make severe operating expense reductions to minimize loss of staff. Six vehicles are being returned to fleet management to reduce department inventory. All expenditures are carefully scrutinized in an ongoing effort to reduce costs. Appropriation as proposed is not adequate to cover actual expenses projected. However, the department will make every cost saving effort possible.				
4. Increase in Building Lease Costs	-	69,454	-	69,454
Grants that covered lease costs in prior years are not increasing with the COLA's of program staff. This coupled with the loss of 50% of the vertical prosecution grants and the loss of the Community Prosecution and EAVP grant create an additional burden on the general fund for lease costs at the 412 Hospitality Lane location.				
5. Increase in Reimbursements		(49,224)	-	(49,224)
Miscellaneous increases across several programs (vehicle fees, AB 1913, asset forfeitures, etc.)				
6. Decrease in State/Federal Aid	-	-	(619,053)	619,053
Represent loss of 50% of the vertical prosecution grants and loss of Community Prosecution and EAVP grants.				
7. Current Services	-	-	1,514	(1,514)
Minor increase based on FY 03-04 projections				
8. Other Revenue	-	-	(2,132)	2,132

DESCRIPTION OF MAJOR SERVICES

The District Attorney has the mandated responsibility under Government Code Section 26500 to prosecute crimes committed within the county, to provide legal assistance to criminal investigations conducted by law enforcement agencies operating within the county, and to advise the Grand Jury.

The District Attorney's Office has an ethical responsibility to the victims of crimes to ensure that they are kept abreast of the progress regarding their cases. Further, in its pursuit of justice, the District Attorney's Office is required to keep the public informed about the job it is doing on the public's behalf.

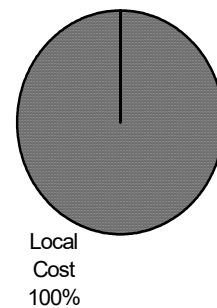

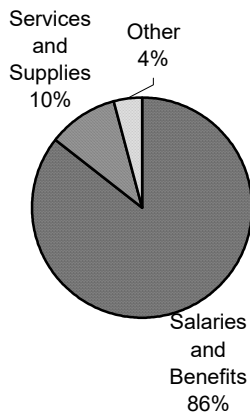

The Child Abduction Program is required by Chapter 1399, Statutes of 1976, Custody of Minors. The purpose of the program is to prosecute those who criminally abduct children and to return minors to a safe environment. The program requires travel nationwide and to other countries to return children to the custody of the adult ordered by the court.

Asset Forfeiture

DESCRIPTION OF MAJOR SERVICES

The District Attorney has the mandated responsibility under Government Code Section 26500 to prosecute crimes committed within the county, to provide legal assistance to criminal investigations conducted by law enforcement agencies operating within the county, and to advise the Grand Jury.

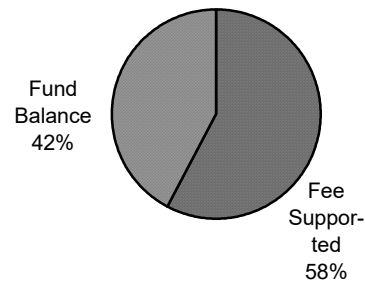

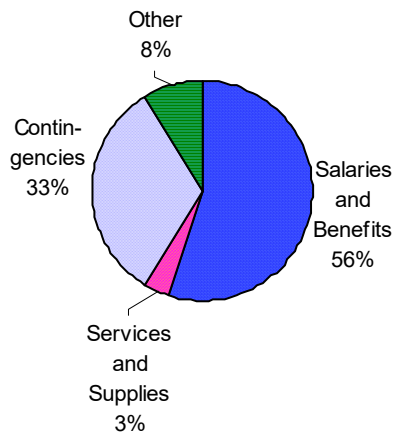

The District Attorney's Office has an ethical responsibility to the victims of crimes to ensure that they are kept abreast of the progress regarding their cases. Further, in its pursuit of justice, the District Attorney's Office is required to keep the public informed about the job it is doing on the public's behalf.

The Asset Forfeiture program deters crime by depriving criminals of the profits and proceeds of their illegal activities. Two attorneys and support staff process asset forfeitures generated by activities of the Sheriff's department and police agencies.

DESCRIPTION OF MAJOR SERVICES

The District Attorney has the mandated responsibility under Government Code Section 26500 to prosecute crimes committed within the county, to provide legal assistance to criminal investigations conducted by law enforcement agencies operating within the county, and to advise the Grand Jury.

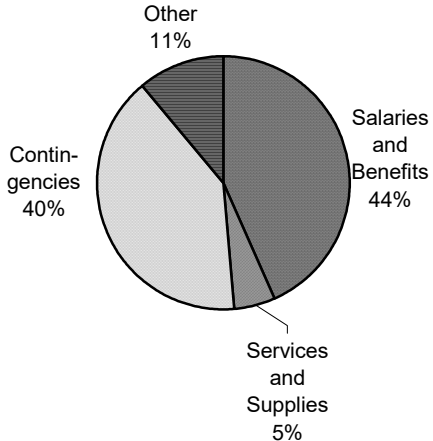

The District Attorney's Office has an ethical responsibility to the victims of crimes to ensure that they are kept abreast of the progress regarding their cases. Further, in its pursuit of justice, the District Attorney's Office is required to keep the public informed about the job it is doing on the public's behalf.

This budget unit holds the District Attorney's share of the \$1 registration assessment on vehicles registered in San Bernardino County and funds prosecutors and an investigator in the automobile theft assignments countywide.

There is no staffing associated with this budget unit.

The budget history reflects a Board approved mid-year adjustment to decrease revenue provided by the Courts resulting from a reduced need for administrative support by the Law and Justice Group. Three other member departments, Sheriff, Probation, District Attorney, Public Defender, and Courts each transferred permanent local cost allocation to maintain funding for the Group's operating costs.

1	Restore 0.1 FTE to retain 1.0 FTE for this program. Restoration of salaries and benefits will enable the Law & Justice Group to maximize funding opportunities, and to administer existing grants for member departments. The net reduction of \$8,564 plus \$5,095 for a step adjustment is required to budget this position at 1.0 FTE. Last year's salaries and benefits budget (\$111,502) plus target adjustments (\$6,709) and cost of step increase (\$5,095) total \$123,306. Therefore, \$13,659 is required to restore 0.12 FTE.	0.1	13,659	-	13,659

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Staffing reductions	(13.0)	(1,277,981)	-	(1,277,981)
Cuts to training and recruitment (4.0 FTE - \$392,825), adult on-site unit (3.0 FTE - \$280,308), and other probation officers (6.0 FTE - \$604,848). Loss of training/recruitment positions, in light of turnover and the opening of another juvenile facility, may expose the county to negative ramifications and liability related to inadequate training or background checks. Loss of the adult on-site unit will extend court proceedings by three to four weeks per case because the courts will not have the convenience of receiving a sentencing recommendation the same day as a guilty plea. One position (\$90,244) is currently vacant in professional standards. The other 12 positions are filled (\$1,018,315). See policy item #3 for restoration of training and recruitment, and #5 for restoration of the adult on-site unit.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Transfer staff from institutions (PRN)	7.0	597,470	-	597,470
Training and aftercare responsibilities will be coordinated by administration (PRB). Transfer 7.0 FTE including 1.0 probation custody specialist II, 2.0 probation custody specialist I, and 4.0 probation officer II.				
2. Reductions in Adult Case Management/Supervision	(14.0)	(1,713,166)	(148,713)	(1,564,453)
The department believes that continued investment in the lives of juvenile offenders and other at-risk youth will help the county avoid other costs related to destabilized families, criminal behavior, substance abuse, and family violence. For these reasons, staff recommends reducing the Adult Case Management program to salvage juvenile services. Eliminate 2.0 FTE probation officer III and 12.0 FTE probation officer II positions. All 14.0 positions are currently filled. Reduce adult supervision fee revenue accordingly. The adjustment enables the transfer of \$1,211,859 in local cost to institutions to help offset the impact of the TANF reduction. The balance of this reduction partially offsets the transfer of training and aftercare responsibilities to this budget unit.				
3. Delete unfunded grants	(21.0)	(1,594,775)	(1,610,736)	15,961
The adverse economy has affected many agencies, resulting in the deletion or partial funding of various department grants, including: 1) State: PASSAGES adult grant deleted (eliminate 2.0 probation officer II positions); 2) Federal: COPS juvenile grant deleted (eliminate 9.0 probation officer II positions--schools in the Bear Valley/Rim districts and Ontario/Montclair district were able to fund these positions); 3) Federal: IMPACT/Night Light juvenile grant decreased (eliminate 1.0 supervising probation officer, 4.0 probation officer II, and 1.0 clerk II--leaving 1.0 probation officer II position); 4) PROP 36 at same funding level, but inadequate to fund existing positions (eliminate 3.0 probation officer III and 3.0 probation officer II positions, and redirect to other 1000 series costs; 5) JALBG grant decreased; and 6) Federal: SB 933 decreased.				
4. Increase worker's compensation charges by deleting positions.	(3.0)	6,920	-	6,920
Add mandated worker's compensation surcharge of \$322,979, not included in local cost target. Requires deletion of 3.0 supervising probation officer positions (\$322,979) from Adult Case Management/Supervision to maintain funding level. These 3.0 positions are currently filled.				
5. Revise Title IV-E revenue forecast	10.0	1,714,902	1,714,902	-
Federal Title IV-E revenue is based on both family maintenance (permanency) and family reunification efforts, to reduce the number of children in out-of-home care and the length of time of these placements. Claims reimburse costs for case management activities by probation officers and probation corrections officers to the juvenile population. Reimbursement for services has increased over the last few years, and is now being recorded more accurately. To maximize reimbursements, this action allocates the revenue to add 0.5 transcriber typist II, 0.7 PSE, 0.8 extra help probation officer II, 1.0 FTE for overtime, 1.0 business application manager (transfer from AB 1913 grant) and 6.0 probation officer II positions--otherwise deleted due to state budget impact.				
6. Adjust various 5000 series appropriations/reimbursements	(0.6)	(4,968)	-	(4,968)
Transfers Out - net decrease of (\$28,051), resulting from an increase to EHAP (\$3,852); increase in rents (\$25,519); increase sheriff/court notices (\$3,116); and decrease in HSS admin support (\$60,538). Transfer In - net increase of \$213,718 in reimbursements, due to increase to ILSP (\$205,648); increase TAD/AFDC (\$28,810); increase Fout Springs (\$30,128); decrease LLEBG (\$20,268) with 0.6 position; and decrease administrative overhead (\$30,600) to sheriff for pre-trial detention.				
7. Risk management liability adjustments	-	(247,334)	-	(247,334)
Adjust target increases for risk management liabilities, to distribute appropriately among funds. This change accommodates a transfer of \$244,876 to PRN, and eliminates \$2,538 that belongs with the sheriff for pre-trial detention.				
8. Adjust revenue to reflect AB 3000 changes	-	(200,240)	(200,240)	-
AB3000 was passed by the legislature in 2001, and became effective in January 2003. This legislation reprioritized the distribution of fines to insure that victims are paid first, followed by the state, and lastly county probation. The resulting projected loss of income is \$200,240.				
9. Adjust various other revenues	-	-	17,993	(17,993)
Adjustments to reflect actuals.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Restore Adult Case Management/Supervision staff Reducing Adult Supervision, both to transfer local cost to institutions and to increase worker's compensation charges to accommodate a mandatory surcharge, will force adult caseloads to an average of 700:1--an unimaginable level considering 95% of the approximate 18,000 probationers in San Bernardino County have felony convictions! These caseloads will reduce the probation officer function to mere report writing, leaving a little over 17,000 felons in the County basically free from supervision. Felony interactions will consist of telephone or mail contacts to collect information to produce required reports for the court. The lack of supervision will likely result in negative consequences, ultimately putting a strain on the county jail population. Offenders convicted of child molestation or domestic violence may not be monitored effectively, leaving room for them to continue their activities unchecked. An additional impact of the unmanageable caseload size will be employee stress resulting in increased sick leave usage and worker's compensation claims. The Department requests allocation of one-time Prop 172 excess funds from prior years to mitigate this program cut for FY 2004-05 and negate the need for 17 layoffs.	17.0	1,559,461	1,273,713	285,748
2	Create Adult Sex Offender Unit Sex offenders on probation represent one of the highest threats to public safety and potential for victimization of any group on supervised release. Sex offenders are typically repeat offenders and have a high rate of recidivism. One study indicated that 153 child molesters accounted for 22,981 victims. These predators are among the most dangerous and difficult to supervise because of the hidden nature of their crimes and the reluctance of their victims to report the crime. Current adult caseloads provide little protection against the recidivism of sex offenders due to average adult caseloads of 345:1, where average face-to-face contact occurs once every three to six months. Due to the secretive, manipulative and convincing nature of these felons, they are often able to keep their activities covert. Therefore, probation officers with specialized training are necessary to effectively maintain the safety of the public. The most serious sex offenders are required to register with local law enforcement, and there are approximately 400 such registered offenders that are on probation in San Bernardino County. The activities of a sex offender unit would include regular home visits, home searches, computer searches, and counseling/therapy attendance enforcement. Add 1.0 supervising probation officer (\$104,262) and 5.0 probation officer III (\$451,220). Total staffing cost is \$555,482; \$100,000 for five (5) mid-size vehicles; and \$61,000 for services and supplies.	6.0	716,482	-	716,482
3	Restore Training and Recruitment Positions Despite constant turnover and the opening of another juvenile facility, training and recruitment positions were eliminated. Due to negative ramifications and liability related to inadequate training or background checks, the Department is requesting restoration of 1.0 supervising probation officer, 1.0 probation officer III, 1.0 probation custody specialist I, and 1.0 background investigator.	4.0	392,825	-	392,825
4	Backfill Loss of Income Related to AB3000 AB3000 was adopted by the legislature in 2001, and became effective January 2003. This measure reprioritized the distribution of fines to allow the victim of a crime to be paid first, followed by the state, and lastly the county probation department. As a result, the department is requesting additional local cost for the adult corrections bureau to offset the projected loss of income for FY 2004-05 in the amount of \$200,240. Backfill would include \$134,520 for salaries and benefits in adult supervision and \$70,200 in services and supplies. Without this funding, the Department is further impacted in adult supervision and investigation of felons and other serious offenders that live in San Bernardino County.	-	200,240	-	200,240
5	Restore Adult On-Site Unit Staff The adult on-site unit prepares investigations for approximately 450 cases per year, each upon entry of a guilty plea by the defendant. This allows a sentencing recommendation to be given the same day as the plea, thus saving three to four weeks of court time. This convenience to the courts and these cases will be handled following normal procedure if not restored. Restore 3.0 probation officer II positions.	3.0	280,308	-	280,308

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Increase adult investigation fee Actual costs for the investigation process have increased since last assessed. Since the courts charge based on ability to pay, a small percentage of revenue is received. The proposed adjustment would increase the fee in superior court from \$467 to \$505.		10,005	10,005	-

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
 Penal Code Section 1203.1b allows the county to seek reimbursement for the reasonable cost of pre-plea/sentence investigations, based on the responsible party's ability to pay. This fee modification reflects an average cost incurred by the department in preparing such reports. Employee cost-of-living adjustments are the factor for increased costs.
 The Courts charge a client based on an "ability to pay" determination, not necessarily on the approved fee amount, hence very little additional revenue is anticipated to be generated at this time.

Court-Ordered Placement

DESCRIPTION OF MAJOR SERVICES

Juveniles are committed to the California Youth Authority or group homes to facilitate their rehabilitation, in an attempt to offer intervention programs that will lead to their future safety and productivity. The county is required to pay costs of support for those minors not eligible for state or federal reimbursement programs. Appropriations are managed in an independent budget to identify expenditures and separate ongoing operational costs.

The department has sought alternatives to reduce court-ordered placements through a variety of programs that offer better service for our clients, and are innovative, efficient, and cost-effective. A positive trend shows that placements have decreased significantly, by more than 25% since FY 2002-03. This reduction enables the department to decrease general fund expenditures and transfer a portion of local cost to institutions to partially offset the loss of federal funding and maintain a treatment program that would otherwise be eliminated.

There is no staffing associated with this budget unit.

Detention Corrections

DESCRIPTION OF MAJOR SERVICES

The Detention Corrections Bureau operates the county's juvenile detention and assessment centers that protect the community by providing a secure environment to legally detained youth. They offer specialized services such as multi-lingual staff, due to the diverse population of San Bernardino County.

Additionally, staff operates three treatment programs designed to offer quality services to post-adjudicated youth. Counseling, education and guidance offered in open settings are proven to positively impact outcomes for selected participants.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Reduction of TANF funding	(64.0)	(4,200,000)	(4,200,000)	-
The estimated TANF loss in 2004-05 is \$4,200,000. Elimination of the Regional Youth Education Facility (RYEF) boys treatment program represents a salary savings of \$1,450,490. Eliminate 1.0 probation corrections supervisor II; 2.0 probation corrections supervisor I; 3.0 probation night custody officer; and 13.0 probation correction officer positions. All 19.0 positions are currently filled. Elimination of the RYEF/girls treatment program represents a salary savings of \$1,150,279 (18.0 FTE). Elimination of Bridges represents a net local cost savings related to salaries (17.0 FTE) of \$1,090,606. Positions will also be eliminated at West Valley Juvenile Hall, including 8.0 probation corrections officer positions and 2.0 probation night custody officer positions, for a total of \$508,625. Staff has approval for a CIP project that will eliminate the need for these 10 positions. Staff proposes to fund RYEF/girls and Bridges by transferring local cost from other probation budget units as reflected in Recommended Program Adjustments. See policy item #1 for restoration of RYEF/boys.				
2. Reduction in salaries & benefits and services & supplies	-	(939,842)		(939,842)
Required 9% adjustment to non-mandated program costs will be accomplished by reducing overtime and termination cashouts by \$651,178. Expenses will be closely monitored and the department will implement any necessary measures to ensure that budgeted allocations are not exceeded. Services and supplies are also reduced for the RYEF program that is being eliminated.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Transfer local cost from Administration and Community Corrections (PRB)	19.0	1,211,859	-	1,211,859
Savings from Adult Case Management/Supervision is moved to institutions to offset 9% reduction and a portion of the TANF loss.				
2. Transfer local cost (from PYA) to offset TANF loss to institutions (PRN)	16.0	1,000,000	-	1,000,000
TANF represents \$4.2 million of funding for San Bernardino County probation in FY 2004-05, and this local cost shift will help to retain some staff.				
3. Revise Title IV-E revenue forecast	8.8	850,000	850,000	-
Costs for intake services at the juvenile halls are being adjusted to reflect updated recordkeeping. This revenue is available to reimburse costs for case management, effective at the time wards are ordered into placement by the courts. Utilized to offset recurrent and overtime FTEs.				
4. Transfer training/aftercare responsibilities to administration (PRB)	(7.0)	(597,470)	-	(597,470)
Transfer 7.0 FTE including 1.0 probation custody specialist II, 2.0 probation custody specialist I, and 4.0 probation officer II.				
5. Adjust salaries & benefits	-	493,723	-	493,723
Increase expenses related to step advances.				
6. Risk management liability adjustments	-	244,876	-	244,876
Adjust target for risk management liabilities, to distribute appropriately among funds. This change accommodates a transfer of \$244,876 from PRB.				
7. Reduce services and supplies.	-	(420,594)	-	(420,594)
Various reductions are made in expense accounts including training, equipment, and uniforms.				
8. Move expense for HDJDAC food service	-	-	-	-
Reduce services & supplies by \$190,000, and increase transfers by \$190,000.				
9. Various adjustments to transfers	-	(60,565)	-	(60,565)
Increase EHAP expense (\$3,467) and adjust both HSS (\$45,000) and sheriff costs for WVJH (\$19,032).				
10. Adjust revenue related to the elimination of RYEF	-	-	(550,000)	550,000
Reduce realignment revenue and federal aid to children.				
11. Adjust various revenues	-	-	209,970	(209,970)
Adjust meal claim and other federal revenue.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Reinstate Boys Regional Youth Education Facility (RYEF) This program serves male youth that are on the cusp of being placed in foster care or California Youth Authority (CYA) commitments. Programming at the RYEF is geared towards self-improvement, including job skills training, drug counseling, anger management, and family counseling. Program participants pose a viable threat in foster care situations due to the open nature of group homes, and placement with CYA is an expensive alternative. Other impacts related to eliminating this program may include an increase in length of confinement time, resulting in higher occupancy at detention centers. Restore 1.0 probation corrections supervisor II; 2.0 probation corrections supervisor I; 3.0 probation night custody officer; and 13.0 probation correction officer positions. All positions are currently filled. Social services realignment will fund \$500,000.	19.0	1,450,490	550,000	900,490
2	Expand Boys RYEF Treatment Facility Relative to the costs of CYA and foster care programs, RYEF is a bargain-priced program with more directed and effective treatment components. If TANF funds are restored, staff recommends expansion of this program by 20 beds, with 5.0 staff and services/supplies, in the amount of \$775,600. Add 4.0 probation corrections officer positions; 1.0 probation night custody officer; overtime allowance; and operating expenses.	5.0	575,600	-	575,600

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
Welfare & Institutions Code 903 allows the county to seek reimbursement for reasonable costs of support (food, food prep, clothing, personal supplies & medical expense) for a minor, based on the responsible party's ability to pay. Costs in those approved areas are compiled for a year by program, and then apportioned according to the number of child care days amassed in that year by program.

These increases will help offset the loss of Federal TANF-Ranch/Camp funds cut in FY05. Note that this is not a new fee for the institutions as a whole, just new for the Camp Heart Bar program.

Pretrial Detention

DESCRIPTION OF MAJOR SERVICES

On December 4, 1989 the Board of Supervisors authorized the establishment of the Pretrial Detention Review program under the direction of the Probation Department. A transfer of responsibility to the Sheriff was authorized by the Board on February 3, 2004 to provide increased efficiency and help alleviate jail overcrowding with no additional local cost. Beginning in 2004-05 this program is included in the Sheriff budget unit.

DESCRIPTION OF MAJOR SERVICES

Assembly Bill 1913 (Schiff Cardenas Crime Prevention Act of 2000) allocates state resources annually to fund programs that address juvenile crime prevention and focus on public safety. This fund will no longer be used and is replaced with AB1913 - Special Revenue, where all operational activities have been combined beginning in 2004-05.

AB 1913 Special Revenue Fund

DESCRIPTION OF MAJOR SERVICES

Assembly Bill 1913 (Schiff Cardenas Crime Prevention Act of 2000) was signed by Governor Davis on September 7, 2000. Also known as AB1913, the Bill allocates state resources annually to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council (JJCC), mandated to oversee local AB1913 programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This Plan identifies and addresses public safety gaps in services for juvenile offenders and their families throughout San Bernardino County.

Current programs include Day Reporting Centers, House Arrest Program, SUCCESS Program, and a variety of others, each designed to utilize probation officers to meet the diverse needs of youth throughout the county.

Operations have been combined in a single special revenue fund beginning in 2004-05.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1. Merge accounting in special revenue fund	72.0	260,781	260,781	-
Accounting adjustment in accordance with GASB 34, to establish special revenue fund for both revenue and expenses. Add salaries and benefits of \$5,122,703; services and supplies in the amount of \$196,041; \$47,475 in central computer charges; and other charges of \$2,000. Add transfers of \$734,357 and \$5,841,768 in reimbursements. Include gov't aid revenue in the amount of \$260,781.				
2. Transfer position to Probation Administration	(1.0)	-	-	-
Due to funding constraints, 1.0 business application manager is moved to another business unit. The \$119,485 salary cost of the position is transferred and is offset by a reduction in reimbursements that represents the former funding source.				
3. Discontinue PRO program and related funding	(9.0)	-	-	-
Preventing Repeat Offenders (PRO) program is eliminated due to lack of funding. Delete 1.0 supervising probation officer, 1.0 probation officer III, 3.0 probation officer II, 3.0 probation corrections officer, and 1.0 clerk II. Eliminate \$986,307 in appropriations (salaries-\$549,977; other costs-\$1,350; transfers-\$434,980), which is offset by a reduction in reimbursements that represents the former funding source.				
4. Adjust school positions and increase available revenues	(2.0)	24,879	24,879	-
Two schools were unable to renew current contracts, resulting in the deletion of 2.0 probation officer II positions and decreasing salaries and corresponding reimbursements by \$129,147. The remaining five schools have increased their reimbursement portion to 75% of each position, resulting in a net increase to appropriations and revenues of \$24,879.				
5. Defund one probation corrections officer position	(1.0)	-	-	-
Eliminate 1.0 probation corrections officer in the amount of \$64,713 which is offset by a reduction in reimbursements that represents the former funding source.				
6. Adjust transfers and reimbursements	-	(1,055,379)	-	(1,055,379)
Operating costs for AB 1913 have been moved to a special revenue fund in accordance with GASB 34. Net adjustment is -\$1,055,379. Transfers Out - net decrease of \$5,733,417 as a result of all AB 1913 grant-related activities (salaries/services/other costs) now occurring within the special revenue fund. Transfers In - net decrease of \$4,678,038 in reimbursements as there is no longer a need to repay another fund for the AB 1913 grant				
7. Adjust services and supplies	-	-	-	-
Operating costs for AB 1913 have been moved to the special revenue fund. Increase services and supplies by \$402,608; decrease transfers by \$241,807; and increase reimbursements by \$160,801.				
8. Increase EHAP charges	-	200	-	200
Increase charges related to employee benefit				
9. Decrease contingencies	-	(791,110)	-	(791,110)
Fund balance less expenses equals contingencies.				
10. Adjust revenue	-	-	(1,061,859)	1,061,859
Reduce federal revenue by \$784,430 and interest by \$277,429, to reflect current estimates.				
Total	59.0	(1,560,629)	(776,199)	(784,430)

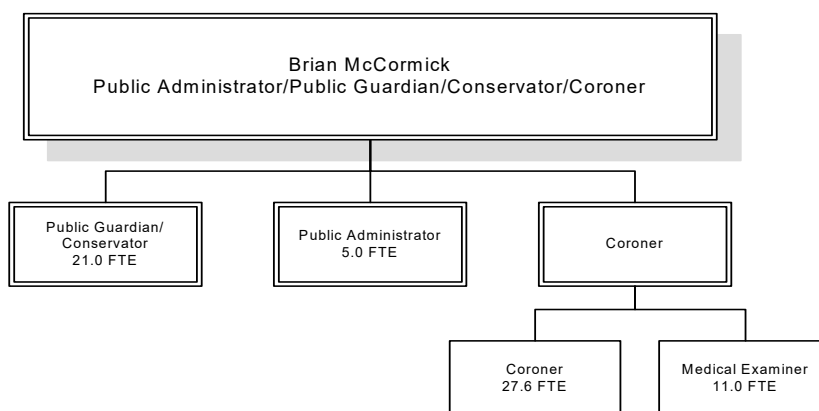

PUBLIC ADMINISTRATOR/PUBLIC GUARDIAN/CONSERVATOR/CORONER

Brian McCormick

MISSION STATEMENT

1. To treat all persons with dignity and respect
2. To set up systems in order to monitor costs of services rendered and quality control analysis.
3. To provide quality and cost effective services to the people of San Bernardino County associated with the Administration, Operations/Investigations, Guardianship/Conservatorship, and Pathology Services rendered to those in need of services.
4. To interface with groups from time-to-time such as the San Bernardino Medical Society, the San Bernardino County Bar Association, Chambers of Commerce, civic clubs and other community based organizations.
5. To nurture and develop an occupational environment which will encourage staff to reach their fullest potential.
6. To provide facilities which are safe, clean, and efficient and that reflect compassion to those served by this office.
7. Develop and implement information systems services and related technologies in order to more efficiently service the public.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Public Administrator is required by law to take charge of the property of persons who have died when no executor or estate administrator has been appointed. By court appointment, the Public Guardian acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide for their own care. The Coroner investigates deaths to determine the cause and clarify all circumstances surrounding or pertaining to the manner of death.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Eliminate the Needles and Morongo rent expenses and direct costs The department is in the process of contracting with Sheriff's Department to provide coverage for the East Desert area. The estimated cost for this is \$108,000 as a one time cost and \$30,000 for on-going annual costs. The office in Morongo is not staffed at this time and investigations are done by the deputies from San Bernardino. See also #2 below and policy item request #1 for proposed solution.	-	(33,024)	-	(33,024)
Eliminate 1 Deputy Coroner Investigator Position in the Needles Office Due to the recent retirement of the Deputy Coroner Investigator living in the Needles area, elimination of this position leaves the East Desert with no reasonable coroner service coverage. At this time, the department is in negotiations with the Sheriff's Department to provide coroner service in that area. See also #1 above and policy item request #1 for proposed solution.	(1.0)	(79,161)	-	(79,161)
Eliminate 3.5 Deputy Coroner Investigator psns in the San Bernardino Office If these filled positions are eliminated, there will be substantial delays in death investigations and would cost the department significant overtime, call-back and stand-by pay. At current staffing levels, 2003-04 overtime is 5,548 hours year-to-date, with a projection of 7,000 hours for the entire year. Further reduction of investigators would generate more overtime and burn-out. Additionally, the state is proposing to repeal the SB90 mandate requiring additional autopsy protocols for SIDS deaths. This elimination of \$70,000 in state reimbursement is part of this state cost reduction. See policy item request #2 for restoration. This reduction includes \$263,353 in salaries and benefits and \$3,874 in services and supplies.	(3.5)	(267,227)	-	(267,227)
Eliminate 1 Staff Analyst I position If this position is eliminated, the contracting and monitoring of the Coroner's transport services will have to be handled by the remaining Coroner and/or Administration staff that are already trying to absorb the work of a vacant Clerk III position. See policy item request #3 for restoration.	(1.0)	(67,878)	-	(67,878)

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Increased EHAP charges Move appropriations from services and supplies to transfers out for \$897 increase in EHAP charges.	-	-	-	-
2. Eliminate reimbursement from special revenue fund Reduce \$12,068 reimbursement for one-time funding in 2003-04 that was used for refurbishing morgue tables.	-	-	-	-
3. MAA revenue reduction Due to delay in reimbursements from the MediCal Administrative Activities (MAA) program, additional MAA revenues are not expected to be realized until some undetermined future date.	-	-	(166,936)	166,936
4. Adjustments to various items Several appropriations and revenues are being adjusted to reflect current trends including increased contracts costs, increased background investigation costs, reduced medical examiner costs, and reduced estate fee revenues. These adjustments reduce \$49,882 in salaries and benefits, increase \$188,923 in services and supplies, increase \$2,417 in transfers, reduce \$45,213 in current services, and increase \$24,514 in other revenue.		141,458	(20,699)	162,157
5. Eliminate Clerk III position Eliminate vacant position to help offset the MAA revenue reduction and other necessary adjustments (items #3 and #4 above). This position has been vacant for some time and the workload has been redistributed to the existing clerical staff. There have been some service delays as a result. See policy item request #9 for restoration.	(1.0)	(39,352)	-	(39,352)
6. Eliminate 7 vehicles Eliminate vehicles for 6 Supervising Deputy Coroners and 1 Chief Deputy Coroner to help offset MAA revenue reduction and other necessary adjustments (items #3 and #4 above). This MAY cause delays in the investigations and will create increased mileage reimbursement due to employees using their own vehicles. See policy item request #5 for restoration.	-	(67,137)	-	(67,137)
7. Eliminate 2 Deputy Coroner Investigator positions in San Bernardino Office Eliminate 2 filled positions to help offset MAA revenue reduction and other necessary adjustment (items #3 and #4 above). If these positions are eliminated, the Coroner Department will have to reduce or discontinue some of the non-mandated activities such as hospice and emergency room investigations, or reduce the workload or pay more overtime. See policy item request #4 for restoration.	(2.0)	(160,575)	-	(160,575)
8. Eliminate 2 Medical Transcriber/Typist positions from Coroner Department Eliminate 2 filled positions to help offset MAA revenue reduction and other necessary adjustments (items #3 and #4 above). With the elimination of these positions, investigator staff would be expected to format and finalize all of their own reports and correspondence. Salaries and benefits would be reduced by \$75,029, but an agreement with an outside vendor would be necessary to provide transcription service for the medical examiner/autopsy personnel, at an annual cost of \$13,000. The medical examiner/autopsy transcriptions are frequently subpoenaed for court trials. In order to allow for a successful transition to a contract for these transcriptions, one position and incumbent is needed in the department until December 31, 2004. See policy item request #6 for restoration of these positions.	(2.0)	(62,029)	-	(62,029)

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	MOU with Sheriff's Department for East Desert Coverage The recent retirement of an employee living in the Needles area has left the East Desert area with no reasonable Coroner Department coverage. An MOU has been discussed with the Sheriff's Department to provide coroner service for the area from Baker to the Colorado River at a lower overall cost and provide more efficient and timely investigations. There would be a \$108,000 one-time cost for coroner investigation/morgue training for 4 Sheriff's deputies and their back-fill during the training. There would be on-going annual cost of only \$30,000 for payroll, including a proposed differential that would be paid to the deputies for those hours actually engaged in coroner activities. Including the reduction of the office rent costs and the elimination of the vacant investigator position included as state budget cuts items #1 and #2, the on-going annual savings realized after the initial cost of this MOU would be \$82,000.		138,000	-	138,000

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
2	Restore 3.5 Dep Coroner Investigator psns in San Bernardino Office If these positions are eliminated, there will be substantial delays in death investigations and would cost the department significant overtime, call-back, and standby pay. Projections of 2003-04 overtime hours at current staffing levels is 7,000 hours. Further reduction of investigators would generate more overtime and burn-out on the remaining staff. These positions are currently filled. See also state budget cut item #3.	3.5	267,227	-	267,227
3	Restore 1 Staff Analyst I position If this position is eliminated, the contracting and monitoring function for the Coroner Department will have to be handled by the remaining Coroner and Administration staff that are already absorbing workload of a vacant Clerk III position. This position is currently filled. See also state budget cut item #4.	1.0	67,878	-	67,878
4	Restore 2 Dep Coroner Investigators in San Bernardino Office If these positions are eliminated, the Coroner Department will have to reduce and/or discontinue some of the non-mandated investigations such as hospice and emergency room investigations to reduce the workload and avoid additional overtime, callback, and standby costs. One position is vacant due to difficulty in recruiting a candidate to pass background. The other position is currently filled with an employee out on medical leave. See also department recommended adjustment item #7. These positions were eliminated due to reduced MAA revenue budget and other needed adjustments.	2.0	160,575	-	160,575
5	Restore 7 vehicles for Supv Deputy Coroners and Chief Deputy Elimination of these vehicles will cause delays in the investigations and will create increased mileage reimbursement. See also department recommended adjustment item #6. These vehicles were eliminated due to reduced MAA revenue budget and other needed adjustments.	-	67,137	-	67,137
6	Restore 2 Medical Transcriber/Typist psns in the Coroner Dept If these positions are eliminated, an agreement with an outside vendor will be needed to provide this service at a cost of approximately \$13,000 annually. This may cause some errors, and delays in service. These positions are currently filled. See also department recommended adjustment item #8. These positions were eliminated due to reduced MAA revenue budget and other needed adjustments.	2.0	62,029	-	62,029
7	In-House Body Removal Services As part of law enforcement, we recognize the importance of chain of evidence and the securing of personal property. More importantly, we recognize the sanctity of the decedents themselves. In 2002 a horrific crime occurred when a contract body transport employee violently and maliciously sexually assaulted the body of a young female decedent. This was despite having policies and procedures in place to ensure compliance through our prior contract body removal service. We feel it would be in the best interest of the County to provide this service on an "in-house" basis. All details of this study are on file in our office. The March 2000 study indicated that by having control over staff and equipment, we could assure ultimately that all above mentioned is being carefully monitored. It is our opinion that performing this service on an "in-house" basis would offer the county the least risk and liability exposure. Policy budget consideration is requested.	10.0	707,219	180,000	527,219
8	Computerized Inventory System for Decedent and Estate Assets The Coroner, Public Administrator and Public Guardian take possession of personal property belonging to clients under the jurisdiction of these three departments. A computerized inventory system is requested to track all personal property assets, and bar coding will be used for their individual and unique identity. A central database will be used to store data obtained in six (6) different physical locations. A detailed report is available upon request. Recent Grand Jury findings have consistently recommended the acquisition of this computerized inventory tracking system, and we certainly support their findings. Approval of this policy item will provide the desired level of fiduciary asset accountability, and minimize risk/liability to the county.	1.0	129,425	-	129,425
9	Restore 1 Clerk III position from the Coroner's department This position has been vacant for some time and the workload has been redistributed to the existing clerical staff. There have been some service delays as a result of this. Restoration of this position is needed to eliminate the travel of one of the other Clerk III from Victorville to San Bernardino 2 days a week. See also department recommended adjustment item #5. This position was eliminated due to reduced MAA revenue budget and other needed adjustments.	1.0	39,352	-	39,352
10	Request for Automated Systems Analyst Position This department has a fully developed local area network (LAN) system that connects to 70+ workstations, as well as access to the county's wide area network (WAN) and the Internet. Currently, the department is contracting for technical support and has utilized an existing employee as an Interim Automated Systems Analyst for the past 7 years and the need is to have a permanent "in-house" Systems Analyst position. Without the guidance and expertise of a full-time Systems Analyst, there is considerable risk and liability for the county the longer this need remains unmet.	1.0	56,000	-	56,000
11	Restoration of Funding for Deputy Coroner Positions One authorized Deputy Coroner position was not funded due to target funding limitations during the 2000-2001 budget. .5 funding reductions in 2001-02 were also made due to funding limitations. Given the geography of the County of San Bernardino and the extensive populations growth in the desert regions, we have encounter increases in reported deaths at the rate of 3.5% annually. The current number of Deputy Coroner Investigators cannot adequately cover our 24-hour/seven days a week operation. Overtime, standby and callback continue to increase in order to cover sick, holiday and vacation time, as well as occupational injuries, court testimony, and continuing education. The addition of one deputy and funding for .5 FTE deputies would allow us to restore our staffing to only a baseline level to reduce risk/liability to the county.	1.5	77,567	-	77,567

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
12	Request for Deputy Public Guardian Position The Public Guardian Department places approximately 500 active developmentally disabled and Probate conservatees into 100+ different care facilities. The Deputy Public Guardians handle difficult placement issues, and engage in considerable dialog with the facilities. There is a need for a centralized point of contact between the Public Guardian and these facilities. Some of the responsibilities may include, but not be limited to: interface with the Department of Health Services and residential care licensing regarding facility licensing issues, liaison to the care facilities, maintenance of facility information database and new facility reviews. This position would also be utilized to mitigate the existing case management workload.	1.0	62,212	31,106	31,106
13	Request for Additional Supervising Dep Public Guardian Position The California Probate Code charges the Public Guardian's with responsibility for the care of individuals who are place on conservatorship by the court. The Deputy Public Guardian acts as case managers who place conservatees in care facilities, and perform in-person visits, and manage all aspects of conservatee estates. A new Supervising Deputy Public Guardian is requested to increase supervisor representation in court, at a variety of agency meetings, and to reduce supervisory span of control in the office.	1.0	68,532	34,266	34,266
14	Request for Additional Deputy Coroner Positions With the addition of five (5) Deputy Coroner / Investigator positions, this would allow the Supervising Deputy Coroners more time to focus on supervision and personnel issues, providing extensive vacation/sick leave relief and performing investigations. With the addition of these deputies, overtime compensation will decrease. The five (5) deputy positions will promote a more stress-free work environment for supervisory as well as other employees, in light of increasing caseloads.	5.0	387,835	-	387,835

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
To recover direct costs in the performance of the program. The budgetary impact will be an increase in revenue of approximately \$15,600 per fiscal year. The new fee for protective wear would also result in a decrease in local cost of \$3,600.

Increased cost in performing autopsies and related toxicology tests resulted in the reduction of budgeted overtime for forensic pathologists. Because the units are being reduced from 24 to 20, the combined impact will be an increase in revenue and appropriations of \$12,000 per fiscal year.

The impact will be an increase in revenue of \$3,600 per fiscal year but no increase to appropriations, because the provision of these services is already included in the department budget. This would reduce local cost by \$3,600.

PUBLIC DEFENDER John Roth

MISSION STATEMENT

The Public Defender is vested with the responsibility of guarding the constitutional rights of indigent citizens charged in criminal courts by providing competent legal counsel and zealous courtroom advocacy. With these mandates in mind, the Public Defender's Office will strive to provide all lawful avenues of protection and options available to our clients, and communicate clear explanations of the legal proceedings, in order for our clients to make informed decisions.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Public Defender's Office provides criminal defense attorneys to represent adult felony clients, adult misdemeanor clients, and juvenile delinquency clients. The Public Defender's Office plays a key role in the timely administration of justice, serving as the first line of indigent defense by taking on the assignment of the majority of indigent clients.

SHERIFF Gary Penrod

MISSION STATEMENT

We believe in being a high performance, inclusive department with high professional standards of integrity, ethics and behavior—guided by the letter and spirit of the law and the law enforcement code of ethics. We will relentlessly investigate criminal acts and arrest those guilty of violating the law, while building relationships with those we serve.

This requires each of us to:

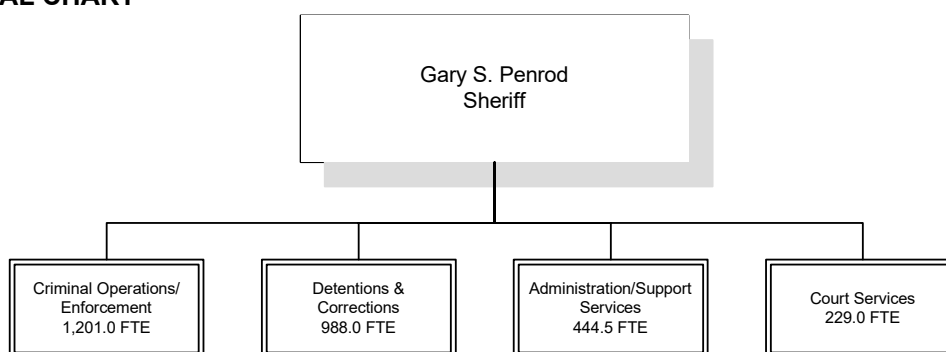

Treat all people with respect, fairness and compassion;

Value each contribution to the department by an employee or citizen, regardless of position, assignment or role;

Work in partnership with each other and the community to reach an environment; and

Be accountable and responsible to one another.

Sheriff

DESCRIPTION OF MAJOR SERVICES

The Sheriff acts as chief law enforcement officer of the county, providing a full range of police services throughout the unincorporated area and 14 cities that contract with the county for law enforcement services.

The general law enforcement mission is carried out through the operation of 10 county stations and centralized divisions including crime and narcotic investigations, a crime laboratory and identification bureau, central records, communication dispatch, and aviation division for general patrol and search and rescue activities. The Sheriff contracts with the courts to provide security and civil processing, and manages three major detention facilities—the Central Detention Center, the Glen Helen Rehabilitation Center, and the West Valley Detention Center. The department also operates a regional law enforcement training academy and emergency driver training facility.

Contract Training

DESCRIPTION OF MAJOR SERVICES

Contract training represents a special law enforcement training function provided to the Sheriff's Department and other law enforcement agencies that prepare candidates for law enforcement positions. Fees for service provide the funding for contract law enforcement training activities. A large contract for driver training with San Bernardino Valley College provides substantial funding for this program.

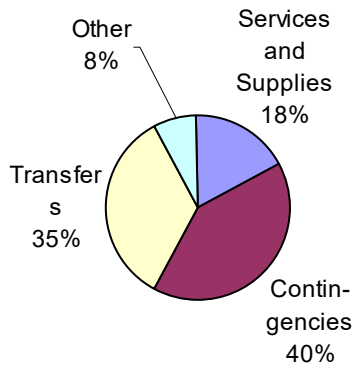

There is no staffing associated with this budget unit; however salary and benefit costs are reimbursed to the general fund for those positions billing for their services at both the Emergency Vehicle Operations Center (EVOC) and the Training Academy.

State Seized Assets

DESCRIPTION OF MAJOR SERVICES

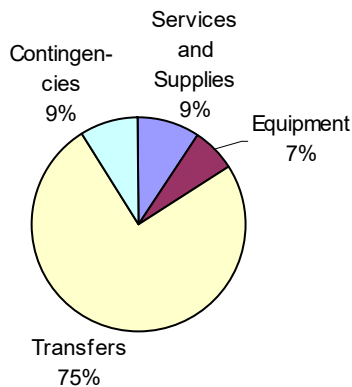

This fund accounts for asset forfeiture proceeds from cases filed and adjudicated under State Asset Seizure statutes. The California Health and Safety Code requires these funds be maintained and accounted for in a special fund and 15% of all forfeitures made after January 1994 be set aside to fund drug education and gang intervention programs. Currently, these funds are used for salaries and benefits of staff assigned to the Inland Regional Narcotics Enforcement Team (IRNET) and High Intensity Drug Trafficking Area (HIDTA) task forces. The 15% allocated for drug education programs are used to fund the Sheriff's Drug Use Is Life Abuse (DUILA), Crime Free Multi-Housing, Law Enforcement Internship Program, and Operation Clean Sweep programs. Funds are also used for maintenance of seized property.

There is no staffing associated with this budget.

AGRICULTURE/WEIGHTS AND MEASURES

Edouard P. Layaye

MISSION STATEMENT

The Department of Agriculture/Weights and Measures protects the environment, agricultural industry, businesses and consumers of this state and county through regulation and satisfies its customers by providing services that promote the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the customers it serves.

ORGANIZATIONAL CHART

TOTAL	5,448,177	3,561,066	1,749,340	137,771	63.5

DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures protects the environment, public health, worker safety and the health and welfare of the public by enforcing state and local agricultural and consumer protection laws. The Department enforces plant quarantines, detects and eradicates unwanted foreign pests and regulates pesticide use, the agricultural industry and all business transactions based on units of measure such as weight or volume. Additional duties include inspecting produce, eggs, and nursery stock, controlling vegetation along state and county right-of-ways and flood control channels, and manufacturing rodent baits for sale to the general public.

The Environmental Regulatory Division regulates pesticide use, manufactures rodent baits, controls vegetation along right-of ways, regulates apiaries and the removal of desert native plants. Permits, registrations and inspection control the commercial use of pesticides and are used to help prevent serious environmental and human illness incidents resulting from the misuse of pesticides. Permits serve as California Environmental Quality Act equivalents of environmental impact reports, thus easing the burden of agricultural compliance and providing flexibility for growers. In addition, all pesticide use related complaints and illnesses are investigated to determine why the problem occurred and enforcement actions are taken to ensure compliance. Control of vegetation reduces maintenance costs and reduces fire hazards. Noxious weeds are controlled at a number of sites to prevent their spread. Public health and safety is enhanced by the appropriate placement of commercial apiaries. Rodent baits are sold at cost to the public to assist in controlling rodent-caused damage and rodent-borne diseases.

The Consumer Protection Division inspects all commercially used weighing and measuring devices, verifies price scanner accuracy and the quantity of pre-packaged goods, monitors certified farmer's markets and performs quality control inspections of eggs and produce. Consumers and businesses are protected and commerce enhanced by accurate weighing and measuring devices and correct pricing of goods. These devices are inspected on an annual basis and whenever complaints are received. Produce and egg quality inspections protect consumers by helping ensure food safety.

The Pest Prevention Division regulates the movement of plants and plant products, monitors the county to detect foreign pests, and inspects nurseries. Export certification and prompt inspection of plant and plant product shipments facilitates the movement of foreign and domestic goods in the channels of trade and prevents the spread of pests. Interception of foreign pests in shipments enhances the quality of life of county resident by preventing environmental degradation, disruption of trade and public inconvenience resulting from quarantine restrictions.

Petroleum Sign Inspections	1,345	1,500	1,400	1,400
Egg Inspection Samples	3,051	2,400	2,600	2,500

Weed control workload indicators are estimated to be less than budgeted as the Public Works Department has requested fewer weed control acres to be treated due to lack of rain. Quarantine shipments workload indicators are estimated to be less than budgeted due to a decrease in the number of these types of shipments at carriers, such as, UPS and Fed Ex. Devices inspected workload indicators are estimated to be greater than budgeted due to new and expanded businesses that added devices, which subsequently require inspections. Reinspection of such devices found that out-of-tolerance exceptions increased as well.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Pest Exclusion Inspections	(1.0)	(53,247)	-	(53,247)
Reduction of 1.0 Agricultural Standards Officer, and the one compact truck and tuition reimbursement associated with this position. See Department Recommended Funded Adjustments section for restoration of this position.				
General Supplies and Services		(81,517)	-	(81,517)
Decrease in Motor Pool (\$15,017) from rate change; Decreases in Herbicides (\$40,000), non-inventoriable equipment (\$16,500), special department expense (\$5,000), Courier Service (\$3,000) and Travel (\$2,000) are adjustments made to correspond to current expenditure levels as well as comply with the state impact cuts.				
Motor Pool Fleet Reduction	-	(38,228)	-	(38,228)
A fleet reduction of twelve vehicles would require all of our field staff, who do not require specialized vehicles for equipment, to drive their private vehicles. The reduction of fleet charges is offset by increased private mileage reimbursement. See Department Recommended Funded Adjustments section for restoration.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1.	Pest Exclusion Inspections Restoration of 1.0 Agricultural Standards Officer deleted in State Budget Cuts, and the one compact truck and tuition reimbursement associated with this position. Appropriations are comprised of \$48,847 for salaries/benefits and \$4,400 for services/supplies.	1.0	53,247	-	53,247
2.	Motor Fleet Restoration of funding for twelve motor pool vehicles to increase public visibility of county services and keep employees from having to use their private vehicles for county work on a daily basis. Appropriations are comprised of services/supplies.	-	38,228	-	38,228
3.	Red Imported Fire Ant The California Department of Food and Agriculture cancelled the contract that funded County detection and eradication activities for this pest. This position (1.0 FTE Ag. Field Aide) is vacant. Appropriations are comprised of a reduction in salaries/benefits and a revenue reduction in state aid.	(1.0)	(28,030)	(30,000)	1,970
4.	Salary and Benefit Adjustments Increases in ranges and steps for Agricultural Standards Officers resulting from advancement in the classification series due to license acquisition.	-	10,540	-	10,540
5.	Supplies and Services Restoration of State Impact Cuts and adjustments due to anticipated needs: Training, \$8,000; Software \$1,000; Membership (\$800); Non-inventoried equipment, \$25,000, includes pumps, computer and other spray truck parts; Special Department expense, \$9,588, includes detection supplies, lab supplies; Office Expense Outside supplies, \$1,500; Maintenance, \$500; and, Travel, \$1,000. Professional Services has been reduced, (\$10,450), because animal control services are no longer performed by the Department.	-	35,338	-	35,338
6.	Adjustments for Internal Service Funds and EHAP. Adjustments required for worker's compensation experience modification, \$9,911, communication charges, \$13,831, record storage, \$100, ISD direct labor, (\$1,327), and Employee Health and Productivity, (\$310). The amount previously budgeted for slow-moving vehicle signs, \$125, from Fleet Management has been eliminated because all our vehicles are now equipped. Appropriations are comprised of \$9,911 for salaries/benefits, \$12,604 for services/supplies, and a reduction of \$435 for transfers.	-	22,080	-	22,080
7.	Lease-Purchase of Weed Control Spray Truck The Department completed the payments of a weed control spray truck. One lease-purchase of equipment is still in effect and changes in the payments results in a \$1440 shift from interest to principal. Appropriations are comprised of reductions of \$2,746 for other charges and \$1,574 for lease/purchase.	-	(4,320)	-	(4,320)
8.	Office Rent The rent for the Department's office in Ontario is increasing per the long-term agreement for this facility. Rent for the Department's office in Victorville has also increased. Appropriations are comprised of transfers.	-	2,128	-	2,128
9.	License and Permit Revenue Adjustments The amount collected for device registrations has increased by \$16,700 due to additional weighing and measuring devices, price scanners and packing operations in the County. Minor adjustments in anticipated pesticide business registration, \$500, certified producers and farmer's markets, (\$1,530) and native plant tags, (\$100) are made to correspond to actual FY 2003-04 revenue.	-	-	15,570	(15,570)
10.	Miscellaneous Revenue Adjustments Revenue from fines levied for pesticide, weights and measures violations has decreased as compliance levels have improved. Rents collected from beekeepers for the use of County property has increased slightly as private lands have decreased in availability. Revenue for fine/forfeiture was reduced by \$5,000, and revenue for use of money was increased by \$200.	-	-	(4,800)	4,800
11.	State Aid Revenue Adjustment The amount of Unclaimed Gas Tax revenue has increased statewide by more than \$8.4 million because the State is collecting more Gas Tax. The Unclaimed Gas Tax is derived from off-road and farm use of gasoline and is disbursed to county agricultural commissioners for enforcing Food and Agricultural Code programs rather than used to fund road maintenance and construction. This \$278,000 increase is offset with a reduction of \$100,200 from the CA Department of Food and Agriculture for high-risk pest exclusion inspections.	-	-	177,800	(177,800)
12.	State Aid - Other Adjustments in revenue received from the State for egg inspection, \$5,300, nursery and seed inspection, \$4,400, pesticide regulation, \$14,021, Pierce's Disease regulation, (\$13,000), and fruit and vegetable inspection, (\$7,500).	-	-	3,221	(3,221)
13.	Current Services Revenue Adjustment Revenue from phytosanitary certificates has decreased by \$30,605 due to the closing of one packing house and changes in exports from other businesses. Weed control services to cities and other governmental agencies has decreased by \$10,000. Increased revenue from other inspection services, \$5,025, and licensing exams, \$3,000, partially offset the decrease.	-	-	(32,580)	32,580
14.	Rodent Bait Sales Sales of rodent baits to the public will decrease due to the cancellation of a product registration and changes in the legal use of another bait manufactured by the Department. These changes are the result of changes made by the California Department of Food and Agriculture. Supplies to make these baits has been decreased as well. Appropriations are comprised of a reduction in services/supplies, and a revenue reduction in other revenue.	-	(10,000)	(10,000)	-

California Grazing

MISSION STATEMENT

The California Grazing program improves the federal rangeland leased by private ranchers in the county by utilizing U.S. grazing fees allocated to the county for this purpose.

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management (BLM) lessees and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The BLM, the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing leases by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on the federal lands. The county acts in a trustee capacity for these funds.

There is no staffing associated with this budget unit.

Workload Indicators

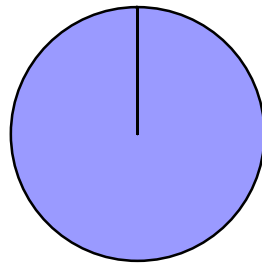

Value of Projects	-	148,825	14,146	146,571
-------------------	---	---------	--------	---------

Expenditures in the California Grazing budget are less than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code. The amount not expended in 2003-2004 has been carried over to the subsequent year's budget.

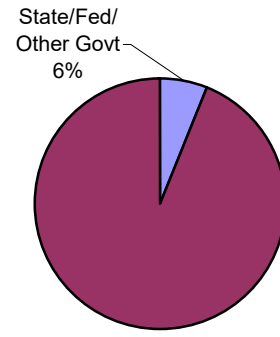

Revenue received has increased because ranchers are paying more grazing allotment fees to the federal government than expected. Anticipated reductions in grazing land, due to environmental restrictions on the use of the land, have not occurred.

MISSION STATEMENT

The San Bernardino County Department of Airports plans, organizes and directs the County's airport and aviation system to provide high-quality aviation facilities and services in a safe and efficient manner, optimizing the benefit to the communities and citizens of the County

DESCRIPTION OF MAJOR SERVICES

The Department of Airports provides for the management, maintenance, and operation of six airports (Apple Valley, Chino, Barstow-Daggett, Needles, Twentynine Palms, and Baker) and provides technical support to San Bernardino International Airport (a Joint Powers Authority comprised of the County and the cities of Colton, Highland, Loma Linda and San Bernardino). The department also assists the county's private and municipal airport operators in planning, interpreting, and implementing Federal Aviation Administration (FAA) general aviation requirements.

Baker Airport	221	120	100	100
Total Maintenance Hours	25,089	27,520	25,640	26,400

Total budgeted maintenance hours for FY 2004-05 are projected to decrease by 1,120 because of the department's recommendation to defund 1.9 public services employees due to budgetary constraints. The primary function of these employees was to assist the department with maintenance duties at the airports. While critical maintenance tasks will be performed, the reduction will increase intervals between routine maintenance activities. The 2004-05 budget reflects a 9 percent decrease in local cost due to state budget impacts. The department initially received local cost in 2001-02 to assist with the financing of certain positions resulting from an audit of Chino Airport.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Salaries and Benefits * 1.0 Airport Operations Supervisor (\$66,930) is being added to supervise maintenance and construction activity at the desert airports (excluding Apple Valley Airport) primarily due to a significant increase in development activity at the airports. * 1.0 vacant Airports Real Estate Coordinator (\$53,906) is being defunded because leasing support activity within the department is being decentralized to the individual airports for enhanced services to tenants and other airport users. * A total of 1.9 extra-help Public Service Employees (\$45,125) who have been assisting the Department with a variety of maintenance duties have been defunded due to budgetary constraints. * Additional costs primarily due to step increases (\$17,000) * Additional support from the Real Estate Services Department (\$5,000) for increased Chino Airport leasing activity.	(1.9)	(10,101)	-	(10,101)
2. Services and Supplies * The department will be deferring 46.5% (or \$347,000) of its portion of property insurance allocated for recapturing reserves. This deferment will be over a period of four years. Current insurance premiums are fully funded. * Increased general maintenance costs (\$19,036) for hangars and other buildings located at County airports. * Increased costs (\$17,500) for operating the Wastewater Treatment Plant at the Barstow/Daggett Airport.	-	(310,464)	-	(310,464)
3. Other Charges Reduced interest amount paid on State loans used to fund improvements at Chino Airport.	-	(2,262)	-	(2,262)
4. Transfers Increased charges for Human Resources employee relations support and ED/PSG computer services support.	-	7,276	-	7,276
5. Reimbursements * Increased MOU, Retirement, and Workers Compensation costs for Apple Valley Airport staff results in additional reimbursement of salary costs for this budget unit (\$39,903). * A portion of deferred property insurance charges are allocated to Apple Valley Airport and the Commercial Hangars at Chino Airport, thus reducing the amount of reimbursements from those two budget units (\$25,127).	-	(14,776)	-	(14,776)
6. Use of Money and Property This increase in revenue represents an annual inflationary adjustment in existing airport leases together with anticipated revenue from leasing facilities that are currently vacant.	-	-	47,321	(47,321)
7. Charges for Current Services An analysis of current year fuel flowage fees received on aviation fuels and oils indicates that revenue for FY 2004-05 will be slightly less than the amount budgeted in FY 2003-04.	-	-	(9,627)	9,627
8. Other Revenue Additional revenue from increased charges to an airport tenant for wastewater services at Barstow/Daggett.	-	-	7,500	(7,500)

Chino Airport Commercial Hangar Facility

DESCRIPTION OF MAJOR SERVICES

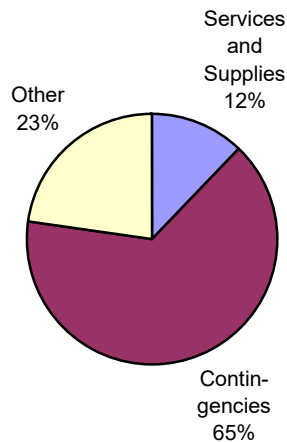

The Department of Airports manages, maintains, and operates the Chino Airport Commercial Hangar complex. The Commercial Hangars were constructed in 1987 with proceeds from a 30-year bond issue. In addition to maintenance expenses, appropriations are budgeted annually for insurance costs. Appropriations for this budget unit are financed from rental revenues and available fund balance. The debt service payment related to the outstanding bond issue will be financed by the County General Fund for FY 2004-05.

There is no staffing associated with this budget unit.

1. Transfers	-	(872,293)	-	(872,293)
* Reduced transfers to the County General Fund (\$856,251) because for FY 2004-05 the General Fund will be financing the entire debt service cost of the outstanding Certificates of Participation issued to construct the Chino hangars.				
* The Airports Department is deferring 46.5% of its portion of property insurance allocated for recapturing reserves. A portion of this deferment is allocated to the Commercial Hangars, thus reducing the amount of transfers to the Airports Department by an additional \$16,042.				
2. Contingencies	-	236,732	-	236,732

LIBRARY Ed Kieczykowski

MISSION STATEMENT

The San Bernardino County Library provides equal access to information services and materials for all residents of the County of San Bernardino. The Library actively promotes its information services, materials and programs for the informational, educational, cultural and recreational needs of all residents of San Bernardino County.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library provides public library services through a network of 29 branches in unincorporated areas and 18 incorporated cities within the county. Two bookmobiles are utilized to reach people who live in sparsely populated areas or are unable to visit the traditional branches. The County Library also operates a specialized bookmobile unit in the High Desert that provides literacy and school readiness programming to young children and their parents or caregivers. The County Library provides access to information through its collection of 1,200,000 items as well as 500 Internet Accessible Public computers. The public computers also provide access to a number of on-line databases and other electronic resources. Electronic access to County Library's collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches. Cultural and educational programs for all ages, including literacy services and other specialized programs, are provided at the branch locations. In addition, County Recorder Services are located at the Apple Valley, Fontana, and Montclair branch libraries.

The County Library is financed primarily through dedicated property tax revenues and is also supported by local "Friends of the Library" organizations that financially assist Library branches in local communities. A total of 1,500 volunteers, performing a variety of tasks, also assist in supporting local libraries.

A projected \$1.2 million loss of property tax revenues in FY 2004-05 through a State ERAF shift will require reductions in part-time staff that in turn will necessitate a decrease of eight (8) hours per week in public services hours at all branch libraries. Reduced hours of service are projected to cause in corresponding decreases in materials circulation, reference questions, and patron visits.

As part of the county's overall budget reduction plan, the ongoing general fund subsidy to Library operations will be reduced by 9 percent (\$26,150).

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Operating Transfers In	Fund Balance
1	Library Book Budget Augmentation During the past three (3) fiscal years, severe cuts in State Aid and Property Tax Revenues have significantly reduced the amount available for County Library's book budget. The \$150,000 budgeted for books in FY 2004-05 represents a minimal level and is financed entirely by contributions from the Friends of the Library. In 2003-04, the Board of Supervisors provided the Library with a \$500,000 augmentation for materials, resulting in a total book budget of \$1,085,000. County Library is seeking an additional \$935,000 from the County General Fund that would restore its materials budget to the FY 2003-04 level. Without this funding, purchases of books, audio-visual materials, magazines, and newspapers will be virtually eliminated.	-	935,000	935,000	-
2	Restore Staffing and Library Hours Provide funding to restore all positions that were defunded as a result of projected State Budget Cuts. This action would avoid having County Library reduce eight (8) hours of public service per week at all branch libraries.	37.4	777,425	777,425	-

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
Computer Printing Fee Change Current fee structure charges \$0.10/page for printing, with the first 25 pages being free. Under this current fee structure, the County Library generates approximately \$6,600 in revenue per year. The Department proposes to maintain the same \$0.10/page fee, but would allow only the first 5 pages to be printed free. It is estimated that this change would produce an additional \$93,400 in revenue each year for County Library. This revenue is needed to offset the cost of paper, cartridges, and printer replacement. Directing revenues to support printing costs now subsidized by the Library's operating budget would free a corresponding amount to support the purchase of materials.	-	93,400	93,400	-

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
The current fee structure charges \$.10/page for printing, with the first 25 pages free. This structure has produced revenues of approximately \$6,600 per year. The proposed fee revision would reduce the number of free copies allowed to 5 pages, which would enhance County Library's revenues by \$93,400 annually. This additional revenue is needed to offset costs related to printing including paper, cartridges and printer replacement as needed.

MISSION STATEMENT

The San Bernardino County Museum maintains and develops unique cultural and natural science collections related to the region and the greater Southwestern United States. Through responsible collection, preservation, exhibition, and education, the County Museum inspires the public to archive a deeper understanding of their cultural and natural history.

DESCRIPTION OF MAJOR SERVICES

The Museum provides cultural and educational programs and activities for the public at its main facility in Redlands and the following seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (Rains House), Daggett Stone Hotel, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Adobe in Chino, and Yucaipa Adobe. These programs and activities involve the preservation of cultural and natural heritage collections, display of permanent and special exhibitions, and care and preservation of historical sites depicting the history and culture of San Bernardino County. Museum programs promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Permanent and loaned collections are preserved for the benefit of the public and the scientific community. The County Museum has been accredited from the American Association of Museums since February 23, 1973. In 2002, the Museum received its decennial accreditation that will continue through 2012.

The Museum is comprised of the following divisions: Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. All divisions provide educational services for families, the general public, school groups, educators, and scholars at the main Museum facility and historic sites. In addition, the Biological Science and the Geological Sciences divisions conduct scientific field research and studies for public and private agencies. This research consists of both short and long-term field studies resulting in significant revenue for the department. A portion of this revenue is used to support other Museum programs and activities. Furthermore, this field research results in valuable collections being accessioned into the museum collections that are curated and exhibited for public education at the main facility and historic sites.

Research Revenue	2,088,020	1,648,500	1,520,131	1,342,300

The proposed reduction in research revenue for FY 2004-05 is largely based on a decrease in the number of research projects scheduled for the upcoming year. This decrease is due to several projects being completed during FY 2003-04, primarily the United States Bureau of Reclamation lower Colorado River studies. However, these reductions are being partially offset by research projects for Nevada Power and the United State Forest Service.

1. Salaries and Benefits	0.7	(3,840)	-	(3,840)
* Due to reduced revenues resulting from fewer research projects, the department is proposing to defund 1.0 vacant Professional Biologist and 1.0 Museum Educator for a total savings of \$100,199. * The department is adding 2.5 Public Service Employees (\$63,296) and 0.7 Contract Project Coordinator (\$28,290) to assist with the development of the Inland Empire Archival Heritage Center and Web Module. This project is funded by a grant from the Institute of Museum and Library Services (IMLS). * 0.5 decrease in budgeted staff due to reductions in the number of hours worked for various positions. This results in a \$23,657 savings. * Step increases result in an additional \$28,430 budgeted for FY 2004-05.

* Increase for development of the Inland Empire Archival Heritage Center & Web Module (\$220,000). * Decreases to the following: * Professional Services (\$55,000) * Vehicle charges (\$29,073) * office expense (\$26,576) * temporary help services (\$18,706) * travel expenses (\$14,160) * communications expenses (\$14,127) * custodial services (\$10,800) * various other charges (\$18,692)				
3. Improvements to Structures	-	23,000	-	23,000
Purchase of Compact Storage for History Division to be funded by the IMLS grant.				
4. Equipment	-	13,000	-	13,000
Purchase of ARGUS web module and server.				
5. Transfers	-	(26,199)	-	(26,199)
Elimination of offsite leased office space. Administrative staff was relocated to the main museum so this rental expense could be terminated.				
6. Reimbursements	-	25,000	-	25,000
Biology research work for the Special Districts Department will be completed in FY 2003-04.				
7. Revenue From Use of Money and Property	-	-	(9,050)	9,050
Decrease in historic site weddings projected based on current trends.				
8. State, Federal, or Other Governmental Aid	-	-	(1,800)	1,800
Reduction in State Contract with the Archaeological Institute Center (AIC).				
9. Current Services Revenue	-	-	(377,098)	377,098
Decrease is the result of reduced research revenue due to the completion of several projects, as well as a decline in school group attendance at the Museum. These decreases are partially offset by the addition of the Western Center Project.				
10. Other Revenue	-	-	455,775	(455,775)
* Revenue from IMLS grant (\$512,013). * Revenue from the Museum's Special Revenue Fund (\$20,901) to assist with financing operations. * Contribution from the Museum Association to offset a portion of marketing costs (\$9,200). * Decreased contributions and donations (\$86,339) from the Irvine Foundation grant and the Fedco grant.				
11. Operating Transfers In	-	-	(4,000)	4,000
Decrease in Museum store contribution based on net income projections for FY 2004/05.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Mousley Museum of Natural History The Mousley Museum was closed during FY 2002-03 due to loss in local cost for the Museum. The Museum is seeking funding to re-open the Mousley Museum and partner with the local community to develop a more community based facility and enhance customer service. The funds being requested would be used to finance the addition of 0.7 Museum Educator and related services and supplies to support minimal operations at this site.	0.7	39,962	-	39,962
2	Museum Clerk Additional funding for a Museum Clerk to increase the amount of hours for operating the front desk. Approval of this item will have a positive impact on customer service.	0.5	16,064	-	16,064
3	Marketing Restoration of that portion of the Department's marketing budget reduced by Board action on September 23, 2003. Approval of this item would provide additional funds for newspaper advertising, theatre slides, direct mail, printing services (brochures, flyers, museum guides, etc.) and promotion with public television and other media partners.	-	50,000	-	50,000
4	Building Maintenance Restoration of that portion of the Department's maintenance budget reduced by Board action on September 23, 2003. As a result of that action, building maintenance at all Museum sites have been severely restricted. Approval of this item would provide funding for much needed repairs and improvements to Museum facilities.	-	30,000	-	30,000
5	Educational Center Development The development of an Educational Center would provide a hands on environment for all visitors to the Museum. This environment would enhance services for school districts, local communities, and residents within the County and the region.	-	31,500	-	31,500

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Increased hourly rate for professional services County Code Section 16.0218(a)(1) allows the County Museum to charge a \$68 hourly rate for services performed by its professional, curatorial, and supervisory personnel. Based on the results of a rate study completed by the Auditor/Controller's Office, as well as a 6% increase in the Museum's FY 2004-05 costs due to MOU and retirement rate adjustments, the Department is recommending that this \$68/hour charge be increased to \$72/hour. The financial impact of this increase for the upcoming year would be minimal (approximately \$10,000) because most of the research work anticipated for FY 2004-05 would be charged at the current rate in accordance with existing Board-approved contracts. The primary financial benefit of this increase would occur in the following fiscal year; however, it is difficult to project the future financial impact from this action since it depends on a number of factors, principally the number of research projects for that year. The Department would use the additional \$10,000 of revenue generated in FY 2004-05 to fund a 0.5 Exhibit Technician to assist with current collection-based exhibits. Based on the aforementioned Auditor/Controller study, the Museum does not believe that increases to its current \$32/hour technician rate and \$54/hour senior technician rate are warranted at this time. The Department will request that the Auditor/Controller review these rates again in the future to determine if subsequent increases are justified.	0.5	10,000	10,000	-

Museum Store

DESCRIPTION OF MAJOR SERVICES

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store is considered a critical part of the visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The store supports Museum operations and makes an annual financial contribution to the Museum.

During FY 2003-04, the Board of Supervisors approved the concept of a food service program at the Museum to enhance customer service and satisfaction. As a result, the Garden Café was opened to offer sandwiches, salads, snack products, fresh fruit, pastries, and bottled beverages for Museum visitors.

ECD Consolidated Special Revenue Funds

DESCRIPTION OF MAJOR SERVICES

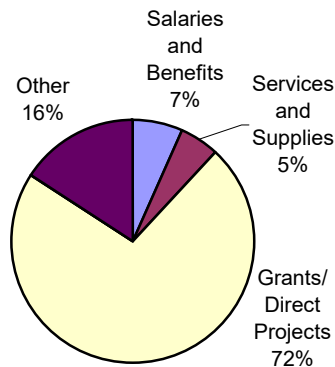

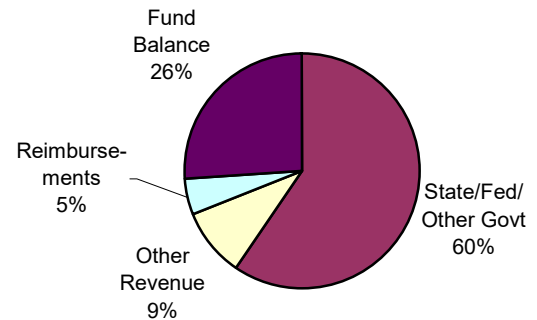

The Economic and Community Development is responsible for administering federal, state, and local grant funds allocated to the County of San Bernardino for housing, economic, and community development programs. Federal funds comprise a large percentage of the total monies included in the department's budget through the Community Development Block Grant (CDBG), the Emergency Shelter Grant (ESG), the Home Investment Partnership Grant (HOME), the Neighborhood Initiative Grant (NI) and the Economic Development Initiative Program (EDI) Grant. In addition, the department has received and will administer a United States Department of Agriculture Forest Service grant for Southern California Drought Assistance.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. Most of ECD's revenue is from federally funded grants that are for longer than one year, thus revenue is under realized for each individual fiscal year, but totally realized over the period of the grants. The unexpended and unrealized amounts in 2003-04 have been carried over to the subsequent year's budget.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1.	Salaries and Benefits There were 2 employees transferred into this consolidated fund, 1 FTE from AAA SBD to do work formerly done by contract worker, and 1 FTE from PSG Admin to CDBG Programs, \$163,552. The department defunded 2 Program Manager positions (\$177,246). A reclassification of an ECD Analyst II to a Fiscal Clerk II will save (\$37,252). The elimination of a Clerk II position and 2 contract employee positions will save (\$158,595). This reduction and restructuring was required to meet this year's budget limitations. An increase of \$47,202 is due to due to opt out and miscellaneous benefit changes.	(3.0)	(162,339)	-	(162,339)
2.	Service and Supplies There is an increase in services for CDBG projects by \$218,460 (SBA). An increase of \$184,618 is due to increased fund balance in IVDA Fund (SDK). Also, an increase of \$148,300 is expected in services for administration (SAU). There will be a decrease in miscellaneous services of (\$1,622).		549,756	-	549,756
3.	Grants There is a (\$6,370,758) reduction in NIP projects due to lack of HUD homes to purchase and rehab (SAR). A reduction of (\$3,548,688) in CDBG projects is budgeted due to grant and fund balance reduction (SBA). A reduction of HOME Grant funds by (\$1,069,694) due to this years grant reduction and the expenditure of previous years rolled-over grant funds (SAS). A reduction of (\$1,105,961) due to lower amount of Section 108 loans being completed (SBE). There will be an increase of \$2,840,836 due to new Forest Service Grants (SBQ). A decrease of (\$87,243) is budgeted in miscellaneous Grant projects	-	(9,341,508)	-	(9,341,508)
4.	Transfers This includes an increase of \$1,266,541 in transfers for CDBG projects (SBA) due to more projects with county departments. There is a (\$500,000) reduction due to accounting change for capital improvements and a reduction of (\$200,000) due to a reduction of projects assigned to County Departments in Economic Development Initiative EDI (SCS). An increase of \$359,502 in Demolition projects (SBC). An increase of \$105,000 is budgeted in services for NIP (SAR). An additional \$30,000 is budgeted for HOME projects (SAS) and a \$52,636 increase for Blight projects (SAT). The department plans an increase of \$100,000 due to new Forest service grant (SBQ). An increase of \$70,000 is budgeted for Micro Loan labor charges (SBW). There will be an increase of \$42,597 in miscellaneous funds.	-	1,326,276	-	1,326,276
5.	Reimbursements An increase in reimbursements due to increase budgeted labor and service charges to other departmental funds. Fund SAU is a pass-through administration fund and needs to have a zero balance every year. This requires the other funds in the department to absorb their allocation of expenses. SAU increase is \$1,111,208. This increase coincides with increased revenue in other departmental funds.	-	(1,111,208)	-	(1,111,208)
6.	Operating Transfers out There is a \$1,500,000 increase budgeted in CDBG projects with A&E (SBA), and an increase of \$500,000 in EDI project payments (SCS). A decrease of (\$212,308) is budgeted in Demo (SBC). These first two increases are due to an accounting change. Charging object code 5030 instead of 5012 for capital improvements. The SBC Fund decrease is to charging object code 5012 instead of 5030.	-	1,787,692	-	1,787,692
7.	Taxes An increase of \$30,000 is due to Special Assessments Prior Year history in Demolition program (SBC). An increase of \$10,000 in Delinquent Tax Collection in the Demolition program is budgeted this year. (SBC).	-	-	40,000	(40,000)

Economic Promotion

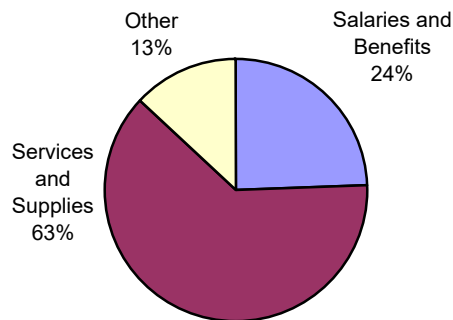

DESCRIPTION OF MAJOR SERVICES

The Department of Economic and Community Development administers an economic promotion program, which includes distribution of Transient Occupancy Tax funds for marketing and promotional activities within the county, administers the Agua Mansa Enterprise Zone, manages sponsorship of regional economic councils and helps support the Quad State Joint Powers Authority. In addition, many Priority Policy Needs identified by the Board of Supervisors, which relate to community and economic development are implemented by the department.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Restoration of 9% cut of Economic Promotions Budget. <p>This policy item requests restoration of the 9% reduction in the economic promotions budgeted activities that are contracted out to organizations involved in economic development activities in the unincorporated areas of the County. These activities performed by the following organizations directly result in increased economic activity in the County thereby increasing capital investment and employment opportunities for our residents. The increases would be directly passed through to the participating organizations through the Board of Supervisor's approved agreements. Organizations/Programs receiving allocations: Transit Occupancy Tax Distribution, IEEP, Quad State, Hi Desert Opportunity, High Desert Leadership Summit, Bear Film Festival, Morongo Basin - ECOPAC.</p>	-	71,833	-	71,833
2	Increase funding to the Transient Occupancy Tax Program. <p>The County's Transit Occupancy Tax (TOT) Distribution Program provides funds to Chambers of Commerce and other organizations approved by the Board of Supervisors that promote tourism and related business services in the unincorporated area of the County. The funds are generated by the 7% TOT received from affected hotel/transit rental units receipts in County unincorporated areas and totals between \$1 million and \$1.5 million annually depending on the level of overnight stays in any given year. During the latest tax year a total of \$1,153,835 was collected. During budget development for FY2003/04 \$260,000 was approved by the Board of Supervisors and included in ECD's Economic Promotions budget for distribution to 18 organizations serving the unincorporated areas of the County. Funding amounts were established for each organization based on a formula that reflects the pro-rata share of the TOT generated within the service area of the organization. ECD is requesting that the TOT Distribution Program allocation be increased to \$300,000 from \$260,000 with the increase to be passed directly to the participating organizations using the pro-rata share ratio. The recent devastating fires in our recreational areas has hurt the tourist trade and has adversely affected small business dependent on visitors in our unincorporated areas. The additional funds would be used to further market our area and get the word out that we are still open for business.</p>	-	40,000	-	40,000

Small Business Development

DESCRIPTION OF MAJOR SERVICES

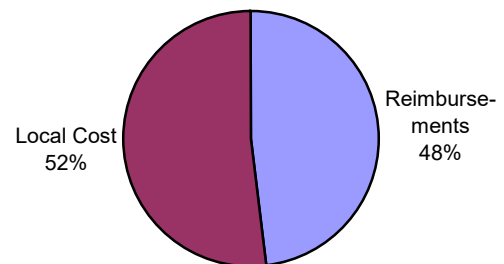

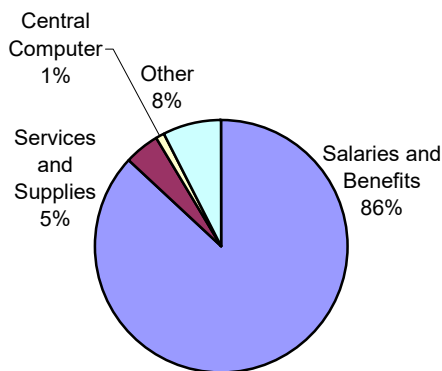

The Office of Small Business Development (OSBD) assists in the validation of U.S. Department of Transportation Disadvantaged Business Enterprises (DBE) requirements for the County, which permits the County's Department of Airports and Department of Public Works to receive federal funding. In addition, OSBD promotes training and education programs through countywide seminars and workshops it sponsors. These workshops focus on contracting and purchasing opportunities available to small business owners in the county. It also maintains a directory of local small business vendors available to the 42 county departments and prime contractors, assuring consideration and access to ongoing bid requests and contracts throughout the county.

Estimated appropriations are over budget by \$39,218 due to the reduction of reimbursements from Community Development Block Grant funds received in prior year. One-time revenue of \$87,891 was received from Agua Mansa Industrial Growth Association to reimburse Small Business Development for expense incurred. This one-time revenue offsets the loss of grant funding budgeted but not received.

JOBS AND EMPLOYMENT SERVICES

Barbara Halsey

MISSION STATEMENT

Jobs and Employment Services Department (JESD) provides comprehensive, employment, training, and support services in accordance with the Department of Labor (DOL) Workforce Investment Act (WIA), that respond to the needs of job seekers, employers, and communities within the County of San Bernardino.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Department of Jobs and Employment Services (JESD) is responsible for administering and operating programs under the Department of Labor's Workforce Investment Act. Funding for programs operated is allocated at the Federal level, and comes to the County from the State Employment Development Department/Workforce Investment Division. Under this funding stream, services are provided to job seeking customers and business customers through a One-Stop delivery system. These offices are called Employment Resource Centers and/or Business Resource Centers in San Bernardino County. JESD operates 4 offices in the county, located in Rancho Cucamonga, Hesperia, San Bernardino, and Redlands. The primary mission of the Department is to assist job seekers in securing employment opportunities that will provide them with an improved standard of living and to provide businesses with the human resources necessary to meet their workforce needs. The department uses a variety of service delivery methods to meet its customer's needs, including direct placement into employment, intensive coaching and mentoring of applicants, vocational training in demand occupations as well as on-the-job or customized training as appropriate.

In addition to administering and operating programs under the Workforce Investment Act, the Department has held a contract with the Human Service System (HSS), assisting the Temporary Assistance Division/Employment Services Program (TAD/ESP) with meeting program mandates for placement of Cal WORK's participants. Historically, services provided under this contract have been job development and job placement services for participants in the Cal WORKS program. In addition, JESD has been responsible for coordinating and conducting job fairs for the TAD/ESP clientele.

The Workforce Investment Board administratively oversees the program. This Board is comprised of private and public sector members who have been appointed by the county Board of Supervisors.

JESD has experienced an increase in the number of public customers seeking services from its one-stop Employment Resource Centers (ERCs) due to increases in the number of unemployed individuals in San Bernardino County as well as the increase in population due to migration. During the past year, and as a direct result of the transition of the Cal WORKS employment program back to HSS, JESD has carefully tracked the demand for WIA services. The increase in workload indicators for the general public is a result of increased accuracy in customer tracking. The decrease in workload indicators for number of participants receiving services is a direct result of elimination of the Welfare-to-Work (WtW) program under the Department of Labor. This program reached its duration as of 4/9/2004 and has been fully closed out.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1.	Salaries and Benefits Transfer of filled Staff Analyst II position from ED/PSG to JESD. The position serves the Hesperia Business Resource Center, therefore should appropriately be in JESD's budget. Additional increases are due to correction of FY 2003-04 salaries and benefits budget to budget staff at the actual salary cost rather than an estimate as had been previously done. Also reflects yearly Salary & Benefit changes, including step fluctuations and staff promotions.	1.0	673,660	-	673,660
2.	Computer Software Expense Increase to purchase a case management, fiscal and information management system compatible with State regulations and to renew various software licenses.	-	450,000	-	450,000
3.	Inventoriable Equipment Decreased as no new offices will be opened. New equipment is not required as was the case in fiscal year 03/04	-	(375,000)	-	(375,000)
4.	Services and Supplies Decrease in services and supplies charges due in part to reduction to COWCAP as a result of department size reduction, additional decreases are attributed to a fiscally conservative management plan.	-	(247,139)	-	(247,139)
5.	Other Charges and State Aid Decrease in assessment services as this activity is now performed in-house. Decrease in outreach expenditures due to narrower customer base as Cal WORKS program was transitioned back to HSS. Participant training decreased in relation to decrease in funding for WtW and other specialty grants. The WtW funding reached its sunset in the 2003-04 budget year and other funding received by the department that supported training was for one time only training. Given national trends JESD is increasing its training budget in order to move a greater number of job seeking customers into vocational training.	-	(2,553,341)	(3,632,217)	1,078,876
6.	Equipment Increase to replace copiers that are in their last year of useful life.	-	20,000	-	20,000

Current Planning

DESCRIPTION OF MAJOR SERVICES

The Current Planning Division reviews all land use applications for compliance with county codes and environmental laws, and administers short-term implementing measures for land use, housing, and community design. In addition, professional staff assistance is provided to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances.

Concurrently Filed	67	65	120	120

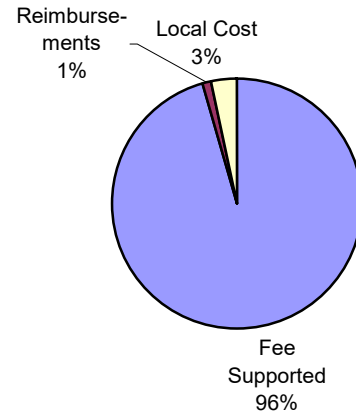

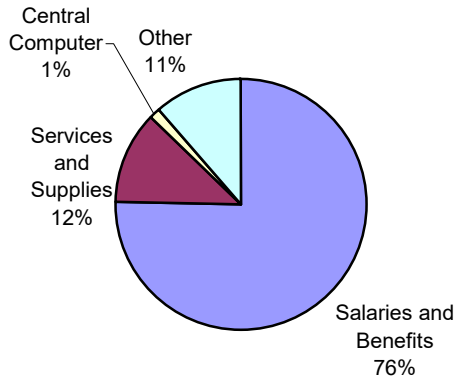

Appropriations are estimated to be under budget by \$347,951 consisting of Salary & Benefit savings from vacant positions (\$256,178), reductions in Services and Supplies (\$86,871) and reductions in Transfers to the Administration Division for administrative support (\$4,902). Current Revenue is estimated to be under budget by \$391,649 primarily due to vacant positions which cause slower processing of projects submitted.

Estimated workload indicators reflect the increase in land development in the County that require land use approvals and planning services. Current Planning continues to experience a high level of project submittals and growth in workload that has been steadily rising for the last several years.

SUMMARY OF JUSTIFICATION FOR FEE REQUEST(S)	
Loss of General Fund Subsidy	-
Increased Employee Related Costs	-
Increased Inflationary Costs	-
Other	86,581
Total	\$ 86,581

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:

The current average cost fees for this division are based on the average time to perform the functions required based on average hourly rates by position. Based on the differences in projects submitted and a review of the average time it takes to process these requests some average cost fee items require increases to keep pace with the time requirements. In addition increased Salary & Benefit and Services & Supply costs affect the average hourly billing rate for the positions in this division. Three of the fee changes requested reflect that the fee be changed to a charge for actual time spent. Due to the wide variations in processing times, which are a factor of the complexity of the proposed project, this approach would more accurately reflect the appropriate charge for these services. Use of the additional fee revenue will be used to add 1.0 Planner III and eliminate all of Current Planning's local cost of \$82,283.

Mining/Land Reclamation	16	25	16	25

Appropriations are estimated to be under budget by \$1,468,328 consisting of Salary & Benefit savings from vacant positions (\$172,587), reductions in Services and Supplies (\$1,346,136) primarily in reduced Professional Services related to lower than anticipated Environmental Impact Report (EIR) requests, an increase in transfers of \$891 and reductions in Reimbursements from the General Plan Update program (\$49,504).

Revenue is estimated to be under budget \$1,455,328 primarily from reduced EIR requests and a direct offset to the reduction in professional services.

Building And Safety

DESCRIPTION OF MAJOR SERVICES

The Building and Safety Division administers construction and occupancy standards to safeguard life, health and property in the interest of the general public's welfare throughout the unincorporated areas of the county. This is accomplished by applying county ordinances, state laws and inspection of construction, alteration, moving, demolition, repair, occupancy and use of buildings and structures.

BUDGET AND WORKLOAD HISTORY

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05
Total Appropriation	4,591,029	5,629,926	6,278,926	7,387,219

Inspections	47,693	46,000	56,000	64,000
Plan reviews	5,591	5,500	6,400	6,400

Appropriations are estimated to be over budget by \$649,000, including a mid year increase in Professional Services of \$200,000 and a mid year increase of 15.0 budgeted staffing. The cost for the additional staff includes Salary & Benefits of \$474,943 offset by savings of 226,804 due to vacancies, position underfills and recruiting timeframes, an increase Services & Supplies of \$73,150 offset by savings \$32,658, and Equipment of \$175,000.

Revenue is estimated to be over budget \$705,519, including increases in Current Services, Other Revenue and Financing Sources of \$54,388. The remaining increase of \$651,131 in Licenses and Permits is a direct offset to the approved appropriation increase and reflects an increase in issued Building Permits during fiscal year 2003/04.

Estimated workload indicators reflect the increased building activity within the County jurisdiction. An increase in issued Building Permits creates a corresponding but not equal increase in Plan Review and Inspection requirements.

Code Enforcement

DESCRIPTION OF MAJOR SERVICES

The Code Enforcement Division administers programs designed to protect the public's safety, welfare, and property through enforcement of county ordinances and state laws related to housing and property.

BUDGET AND WORKLOAD HISTORY

Rehab/Demolitions	177	140	100	100
Permit Inspections	460	600	301	450

Estimated workload indicators reflect a reduction in Rehab/Demolition cases and permit inspections. Rehab/Demolitions are expected to decrease because the Shack Attack program has been completed. Permit Inspections are fluctuating based on changes to both the Sign permit and the Home Occupation Permit (HOP). Renewal permits for signs have been eliminated and the HOP permit now requires a biennial inspection rather than an annual inspection.

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
This request for fee changes includes an increase in the hourly rate for Code Enforcement actions which includes six separate fee categories. It has been ten years since the hourly rate for time spent on code enforcement actions has been adjusted and the current fee no longer reflects an appropriate charge rate based on increased salary & benefits and services & supplies. In addition the department is requesting an increase in the average cost rates that are charged for appeals to the Planning Commission and Board of Supervisors related to Code Enforcement actions. If adopted, this change will bring the Code Enforcement appeal rates to the same level as appeals related to actions by the rest of the Land Use Services Department and the Department of Public Works - Land Management and Surveyor Sections. The same work effort is required of staff to prepare the appropriate staff reports and provide the necessary documentation to the Planning Commission and the Board of Supervisors as appeals from the other departments.

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Abatement processing fees <p>The included fee changes clarify for the property owner the fees that will be assessed and includes inspections, notifications to property owners, and the removal of hazards by contract service providers. The most significant change allows for the third inspection of a property to be billed to the property owner if they fail to comply by the deadline and a contractor finds the property in compliance after the workorder has been processed.</p> <p>The fee increase would also enable the deptment to purchase of handheld electronic equipment, estimated at a cost of \$105,000, for field inspectors to allow for data input of property information and inspection results, as well as provide them with GPS functions. The Fire Hazard Abatement inspectors currently work with an intensely manual system, that includes the notation of non compliant properties on an assessors parcel map while they drive through an assigned area. Some locations become difficult to determine and accuracy can be improved through the use of GPS coordinates. When the manual input to the map is complete, clerical staff then provide a data entry function to input that information into the Weed Abatement system. The purchase of this equipment provides the ability to input information into a hand held device and then download the information from one system to another. There will be some coordination required with ISD to enable the download function into the current system.</p> <p>By increasing fee revenue the Fire Hazard Abatement program should reduce the impact on local cost that has occurred for the past several years, due to increases in expenses without offsetting fee increases. By purchasing the GPS equipment and software the Fire Hazard Abatement program should be more efficient and able to increase the areas monitored, and increase the accuracy of identifying non-compliant properties. This should increase revenue to cover the cost of the equipment and software within two to three years.</p>	-	134,900	134,900	-

SUMMARY OF JUSTIFICATION AND BUDGETARY IMPACT

GROUP NAME: Economic Development/Public Services
DEPARTMENT NAME: Land Use Services
FUND NAME : General
BUDGET UNIT: AAA WAB
PROGRAM: Fire Hazard Abatement

Briefly Describe the Summary of Justification for Fee Requests(s) and the Budgetary Impact to Program if Fee(s) are approved:

Abatement processing fees are applied only after the first inspection and notification process has occurred and the property owner has failed to meet the requirements related to the County's Fire and Hazardous Trees Ordinance in the unincorporated portions of the County, as well as under contract with certain cities and fire districts. The included fee changes clarify for the property owner the fees that will be assessed and includes inspections, notifications to property owners and removal of hazards due to vegetation and flammable debris. The most significant change allows for the third inspection of the property to be billed to the property owner if they fail to comply by the deadline, the department arranges for a contractor to perform the work, when the contractor arrives the work has been completed, and Fire Hazard Abatement staff is required to perform an additional inspection of the property. There are no charges to property owners who meet the date requirements as indicated on the first notification, only those property owners who do not meet the initial required deadline incur any charges.

By increasing fee revenue the Fire Hazard Abatement program should reduce the impact on local cost that has occurred for the past several years, due to increases in expenses without offsetting fee increases. By purchasing the GPS equipment and software the Fire Hazard Abatement program should be more efficient and able to increase the areas monitored, and increase the accuracy of identifying non-compliant properties. This fee increase should increase revenue to cover the cost of the equipment and software within two to three years.

Habitat Conservation Program

DESCRIPTION OF MAJOR SERVICES

The Habitat Conservation program is the responsibility of the Advance Planning Division of the Land Use Services Department. This budget was created in January 1999, in response to the January 12, 1999 Board of Supervisors action to continue work on preparation of the Multi-Species Habitat Conservation Plan for the San Bernardino Valley. The Habitat Conservation Plan is a study of endangered species located in the San Bernardino Valley that will conclude in recommendations regarding protection and mitigation of habitat to facilitate contiguous development opportunities.

There is no staffing associated with this budget unit.

This project is currently on hold, while the requirements and funding sources are re-evaluated and a decision is made regarding continuing this program.

Regional Parks

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Division is responsible for the operation and maintenance of nine regional parks located throughout the County. These parks, which encompass approximately 9,000 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). The division also oversees the operation of 180 acres at the Big Morongo Canyon Wildlife Preserve in Morongo Valley. Together, these parks offer open space, trails, camping, swimming, fishing, picnicking, equestrian activities, playing fields, and other recreational opportunities to the public. The division sponsors special cultural, educational and promotional events through the use of park resources and contractual agreements with private, non-profit, and other public entities.

Total Attendance	2,227,166	2,494,770	2,261,500	2,280,000

The decrease in workload indicators for FY 2004-05 is due to the method of which attendance is now being determined. The FY 2004-05 budgeted attendance reflects a more finite count while the previous year's budgeted amount was based on a formula that estimated attendance by the approximate visitors per car.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1. Services and Supplies	-	319,953	-	319,953
* Restoration of park maintenance budget reduced as a result of the state budget impact (\$103,184). * Restoration of budget cuts to park maintenance & fish purchases implemented in FY 2003-04 (\$135,150). * Increase of \$30,000 for additional purchases of fish to stock the parks' lakes. * Increase of \$20,000 for additional telephone service, FAS lines, and automated attendance. * Increase of \$13,500 for additional rowboats and pedal boats. * Increase of \$11,000 for additional vehicle charges. * Various other increases totaling \$7,119.				
3. Transfers	-	3,485	-	3,485
A slight increase in transfers due to additional EHAP charges.				
4. Reimbursements	-	(6,400)	-	(6,400)
The Senior Meals Luncheon program at Lake Gregory Regional Park has expanded its services to provide two meals each month as compared to one previously. Therefore, reimbursements from the Department of Economic and Community Development are expected to be greater than in FY 2003-04.				
5. Revenue From Use of Money and Property	-	-	77,700	(77,700)
An anticipated increase in revenues from concessionaires, primarily from the opening of the newly renovated Calico Restaurant.				
6. Current Services Revenue	-	-	252,738	(252,738)
This increase is primarily due to the addition of 70 new hookup camping sites at Moabi Regional Park and 10 new hookups at Calico Regional Park.				
7. Other Revenue	-	-	(13,400)	13,400
Taxes sales to the public are being reduced due to the sale of antiquated equipment during FY 2003-04.

POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Trails Maintenance - Additional staff and equipment <p>The Regional Parks Division is responsible for a trail inventory that includes over 20 miles of hiking/biking and equestrian trails throughout San Bernardino County. The grant funded trail projects require a 20 year commitment for operations and maintenance. To meet this commitment, the division is in need of a Park Ranger II and a 4-wheel drive maintenance truck to patrol and maintain the County's trail system. This is essential for ensuring the public's safe use of the trails. An unsafe and poorly maintained trail system would diminish the public's enjoyment, and could negatively impact the prospects of receiving future grant funding. Approval of this policy item would increase the General Fund support that Regional Parks currently receives and transfers to the Trails Program. The total cost of this request for FY 2004-05 is \$132,055, which includes a one time cost of \$65,000 for the truck purchase. Therefore, the ongoing cost of this item would be \$67,055 per year (effective FY 2005-06) for the Park Ranger II and the operations/maintenance costs related to the truck.</p>	1.0	132,055	-	132,055
2	Increased Support for the Trails Program <p>The Trails Program is a Board mandated program that has been in existence for 5 years. In FY 1999-00, the Board approved an annual \$130,098 General Fund contribution to support this program. Since that time, the Regional Parks Division has not received any increases in General Fund support for additional staffing, operations or maintenance costs. Due to MOU, retirement, and workers' compensation adjustments, costs to maintain the program will be increasing by \$16,418 in FY 2004-05 just for salaries and benefit alone. Some of these costs can continue to be covered by grant funds that allow for project management and administrative expenses. However, there is still a need for additional support for overhead, maintenance, office administration, and financial budgeting/tracking. This policy item requests a \$50,000 increase in General Fund support to bridge the gap between the current funding level and the actual costs to operate the program.</p>	-	50,000	-	50,000

County Trail System

DESCRIPTION OF MAJOR SERVICES

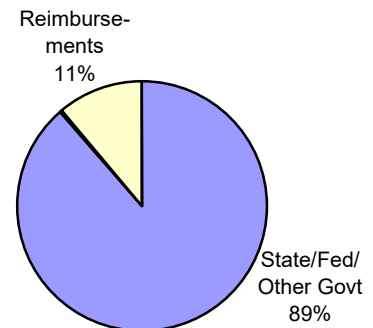

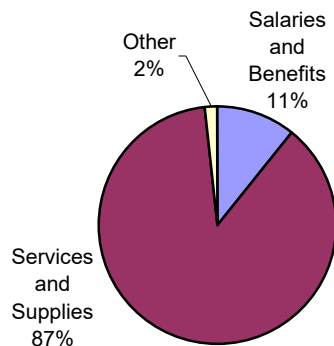

Regional Parks Division is the steward of the County's Regional Trail Program charged with the development, operation and maintenance of diversified trails throughout the County. This continuous trail system will be enjoyed by the region's burgeoning population for cycling, hiking and equestrian use, linking open space with parks and non-motorized transportation corridors.

BUDGET AND WORKLOAD HISTORY

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05
Total Appropriation	994,711	9,184,203	3,232,841	2,210,871

Fund Balance		(40,797)		(38,388)
Budgeted Staffing		4.0		4.0

The FY 2003-04 estimated expenditures are approximately \$6.0 million less than budget primarily because of the \$3.3 million Santa Ana River Parkway Project being delayed pending completion of the required environmental studies, and the \$2.2 million project for Phase III of the Santa Ana River Trail (from Waterman Ave. to Alabama St.) awaiting approval of the State's contractual process. Since the County receives funds for these projects on a reimbursable basis, the estimated revenues for FY 2003-04 are correspondingly less than budget.

Regional Parks Snack Bars

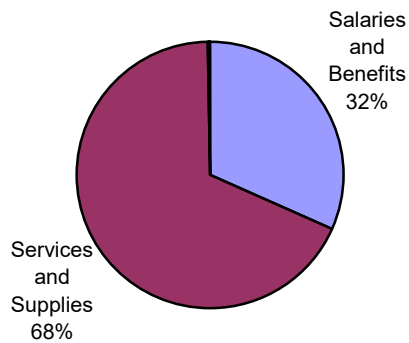

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Division provides staff to operate three snack bars located at the following parks: Glen Helen (island site), Lake Gregory, and Mojave Narrows. Enterprise funds were established for each snack bar to provide management with sound accountability and timely reports. Excess revenue resulting from operations is used to enhance the snack bars or other park operations. Snack bars at other regional parks (Cucamonga-Guasti, Yucaipa, Prado and Glen Helen swimming complex) are operated by a Board-approved private contractor.

Camp Bluff Lake

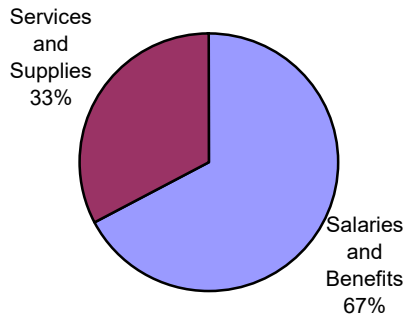

DESCRIPTION OF MAJOR SERVICES

Camp Bluff Lake is a 120-acre camp located in the San Bernardino Mountains near the City of Big Bear. The Camp is currently owned and operated by The Wildlands Conservancy. On February 3, 2004, the Board of Supervisors approved a use agreement with The Conservancy for the County's use of the Camp Bluff Lake facility on a trial basis for a children's summer camping program. The camp will provide children with recreational opportunities and the ability to increase their appreciation of the wonders of nature.

Surveyor

DESCRIPTION OF MAJOR SERVICES

The services provided by the Surveyor Division include promoting and ensuring that sound surveying practices are utilized for project development in the county and ensuring that maps and plans conform to the conditions of approval, local ordinances, standards for development and state laws. The Surveyor Division is composed of two functions: office mapping and field survey services. The office mapping section is responsible for the review of subdivision maps as prescribed by state law, preparation of legal descriptions and maps for other county departments, and assisting the public in matters relating to land boundaries. The field section performs boundary and construction surveys primarily for other county departments and is responsible for perpetuation of controlling survey monuments.

1	GIS Parcel Basemap On-Going Maintenance The Surveyor is requesting funding to add 1.0 Engineering Tech V, 1.5 Engineering Tech IV and 0.1 Land Surveyor. This additional staff is needed to update and maintain the integrity of the GIS Parcel Basemap. The Information Services Department is currently funding the Surveyor's portion of costs relative to the development phase of this project. However, this funding will terminate when the project is completed, which is anticipated in March, 2005. At that time, existing Surveyor staff dedicated to development of the basemap will be reassigned to revenue generating projects. This would leave no staff available to provide ongoing maintenance. The maintenance phase entails the Surveyor inputting all subdivisions within the County and maintaining the accuracy of parcels. If this request is approved, the Surveyor would receive local cost in the amount of \$49,877 in FY 2004/05 to fund these 2.6 positions from April-June 2005 and \$199,510 annually thereafter to fund the aforementioned positions committed to maintaining the GIS Parcel Basemap.	0.6	49,877	-	49,877

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
The Surveyor requests to clarify Section 16.0228, Microfiche and microfilm prints, in order to reflect the customer's option to receive electronic copies of maps. The Surveyor also requests to reflect the hourly charge rate of \$155 and the classification of County Surveyor in Section 16.0228B due to the Board action of March 23, 2004 that established this classification. If approved, neither of these changes would have an impact on the Surveyor's budget.

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation Fund was established to account for expenses incurred related to the retracement or re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this fund are financed by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

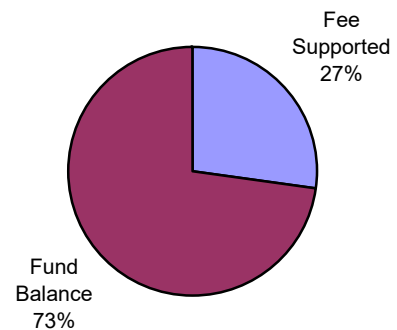

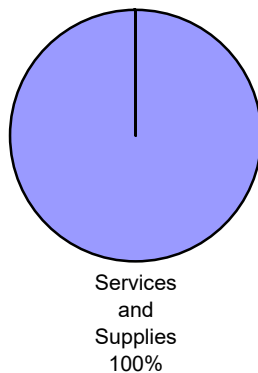

There is no staffing associated with this budget unit.

Road Operations

DESCRIPTION OF MAJOR SERVICES

The Transportation Division is responsible for the operation of the County Maintained Road System, including administration, planning, design, contract administration, traffic management, and maintenance of approximately 2,830 miles of roads.

The Road Operations program provides for road maintenance, the purchase of equipment and materials, a portion of the department's administrative and salary expenses, matching funds required for grant funding, as well as a number of capital improvement projects. This program is financed principally from revenues generated by the State Highway Users tax. Additional funding sources include a small share of the state's sales tax, federal and state aid for specific road improvements, and reimbursements from other agencies for cooperative agreement projects.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1.	Salaries and Benefits * Addition of eight 8.0 contract positions (7.0 Equipment Operator II's and 1.0 Equipment Operator III) for the Bark Beetle Infestation and Tree Mortality Remediation Emergency. Duties will include equipment operation, equipment maintenance, scale operation and other duties related to the removal of dead and dying trees. These will be two-year contract positions that will be presented to the Board separately for approval. * The addition of 1.3 budgeted staff for extra-help seasonal Equipment Operator II's that will be needed for anticipated storm maintenance activities resulting from last year's Grand Prix and Old fires. * 1.0 Land Use Technician is needed due to growth in public inquiries, track home/subdivision street naming, and revisions to County Road Book caused by increased development in the County. * 1.0 Engineering Technician IV is needed to assist with the Plan Review workload, which has nearly doubled because of the level of development occurring within this County * The above increases in budgeted staff are being partially offset by a 1.0 decrease for a contract engineer position because of the Interstate-15 Widening Project nearing completion.	10.3	492,154	-	492,154
2.	Services and Supplies Decrease is due to less equipment maintenance charges budgeted for FY 2004-05 as a result of recent fixed asset purchases that have updated the department's equipment fleet.		(2,268,678)	-	(2,268,678)
3.	Central Computer Charges Increase is in accordance with estimates provided by the Information Services Department.	-	38,166	-	38,166
4.	Other Charges Increase for potential Right of Way costs for the Pepper @ I-10 project (\$800,000), the San Bernardino Avenue Signal Synchronization project (\$750,000), as well as other miscellaneous Right of Way purchases based on anticipated needs.	-	1,607,700	-	1,607,700
5.	Structures and Improvements The more significant expenditures planned for FY 2004-05 include \$340,000 to replace shop buildings at Yard 3, \$315,000 for moving parts of the Traffic and Contract Divisions due to lack of space at the Wesley Break building, \$155,000 for resurfacing pavement at Yard 7 and Yard 9, and \$75,000 for installing NPDES required oil clarification system at Yard 8.	-	808,000	-	808,000
6.	Equipment Some of the more significant equipment purchases for FY 2004-05 include: \$175,000 for seven (7) video detection systems, \$140,000 for four (4) trailer mounted message boards, \$75,200 for a Panagon storage server, \$45,000 for three (3) portable toilet trailers, \$40,000 for an AC Grinder loader attachment, \$40,000 for a Crack Vacuum, \$40,000 for two (2) plow blades, \$30,000 for a truck mounted paint sprayer, and \$25,000 for an audio pedestrian signal system.	-	389,200	-	389,200
7.	Vehicles The more significant vehicle purchases planned for FY 2004-05 include \$840,000 for four (4) 3-axle multi-body trucks with blade, \$600,000 for two (2) front end loaders, \$500,000 for two (2) AWD Motorgraders, \$325,000 for two (2) pavement marking stencil trucks, \$260,000 for two (2) two-axle dump trucks, \$250,000 for a loader/carrier, \$225,000 for a high dump street sweeper, \$210,000 for a multi-body dump truck, \$160,000 for a 4x4 dump truck with blade, \$150,000 for a 3-axle dump truck, \$130,000 for a 7-yard dump truck with debris blade, and \$110,000 for a 7-yard dump truck. These purchases are needed to replace aging vehicles that have been experiencing increased maintenance costs and significant down-time, or are needed to assist with the Bark Beetle program.	-	2,164,000	-	2,164,000
8.	Lease Purchase Equipment Decrease in annual lease purchase payment for computers and servers is anticipated for FY 2004-05.	-	(11,000)	-	(11,000)
9.	Transfers Increase primarily due to transfers to the Measure I Funds to assist with the financing of the following three projects: Summit Valley Road, overlay of Apple Ave. and Others project, and the overlay of Cedar Street.	-	512,447	-	512,447
10.	Reimbursements Reduced reimbursements from the County Redevelopment Agency because several projects are nearing completion. These projects include Whittram Boulevard and Beech Boulevard rehabilitation, and Arrow Route at Beech Boulevard signal installation.	-	394,910	-	394,910
11.	Operating Transfers Out Reduced contribution to the Division's Vehicle Fund is projected for FY 2004-05.	-	(900,000)	-	(900,000)
12.	Revenue From Use of Money and Property Reduction in interest earned based on less cash available.	-	-	(125,000)	125,000

Brief Description of Program Adjustment		Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
13.	State, Federal, or Other Governmental Aid Increase is the result of an anticipated \$13 million in federal funds to finance the Fort Irwin Road improvement project. This increase is partially offset by the completion of several reimbursable projects in FY 2003-04 including the Central Avenue at Arrow Route left turn pocket installation and the Ridgecrest Road at Pebble signal installation.	-	-	12,462,895	(12,462,895)
14.	Revenue From Current Services Increase in joint participation project reimbursements, primarily from the City of Victorville for their share of the National Trails Highway, and the City of Montclair for their share of the Mission Boulevard rehabilitation project.	-	-	568,524	(568,524)
15.	Other Revenue Increased revenue from the sale of fixed assets is anticipated for FY 2004-05.	-	-	220,500	(220,500)
16.	Operating Transfers In Decrease due largely to receiving \$6,000,000 in one-time funds during FY 2003-04 for completion of the Pepper Avenue at Valley Boulevard Intersection Project.	-	-	(6,900,000)	6,900,000

Caltrans Contract

DESCRIPTION OF MAJOR SERVICES

This budget unit reflects the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works and the California Department of Transportation (Caltrans). This agreement allows for the coordination and administration of consultant engineering contracts in support of Caltrans projects. Currently, one major project is in progress. This is preliminary design for widening Interstate 15 from Victorville to Barstow. This is a multi-year project that is financed by federal funds received through Caltrans.

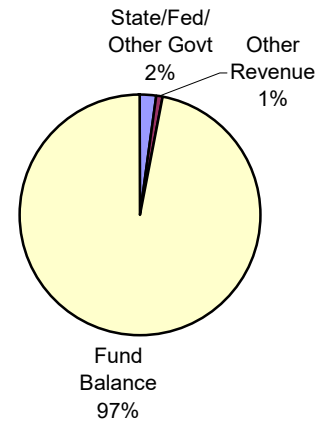

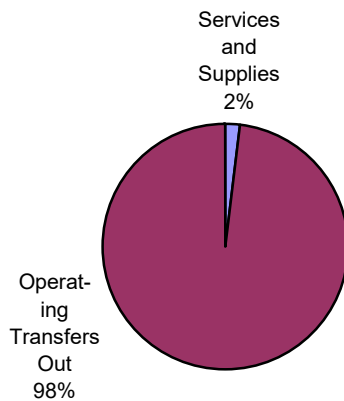

There is no staffing associated with this budget unit.

Etiwanda Interchange Improvement

DESCRIPTION OF MAJOR SERVICES

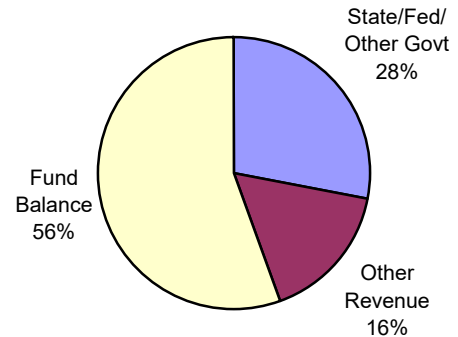

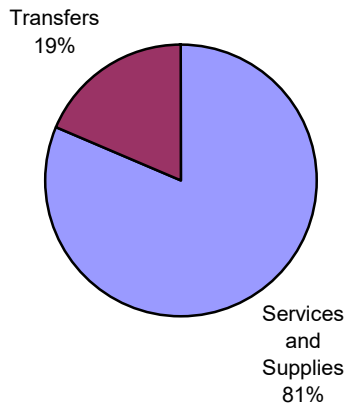

This budget unit was established to separately account for the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works, the California Department of Transportation (Caltrans), and the Catellus Corporation. This agreement allows for the redesign of the interchange at Etiwanda Avenue and Interstate 10 near Fontana. This project is being designed and constructed in three Phases. Phase I consists of the realignment of Valley Boulevard, Phase II is the reconstruction of the Etiwanda Ave. at I-10 interchange, and Phase III is the landscaping for the project. Phase I and Phase II have been virtually completed. Phase III, which began in FY 2003-04, will continue for approximately 3 more years.

There is no staffing associated with this budget unit.

High Desert Corridor Project

DESCRIPTION OF MAJOR SERVICES

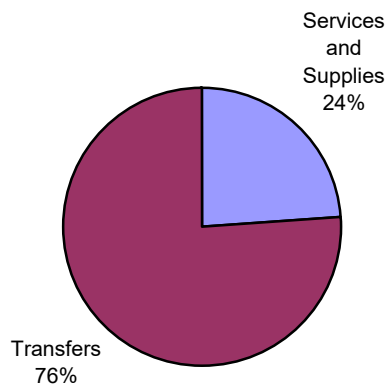

In 2000-01, the Board of Supervisors approved a cooperative agreement between the County, the City of Victorville, and the Town of Apple Valley. This agreement allows for the beginning of environmental studies and preliminary engineering for an east/west high desert corridor. This corridor will be north of Victorville from Highway 295 through the Town of Apple Valley. In accordance with the cooperative agreement, the city and the town will reimburse the county for all costs related to this project. This budget unit was established to separately account for expenditures and revenues related to this project.

There is no staffing associated with this budget unit.

Transportation Facilities Development Plans

DESCRIPTION OF MAJOR SERVICES

Transportation Facilities Development Plans are established by County Ordinance to collect fees on new construction. These plans provide funds for construction of roads within the boundaries of the established fee area. As fees are collected, these monies are deposited into restricted accounts until sufficient funds have been accumulated to complete projects identified in the Plan Priority Project List. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Oak Hills, Snowdrop Road, South and East Apple Valley, Summit Valley, and Yucaipa. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final community approval.

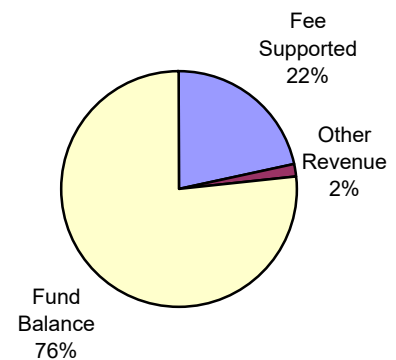

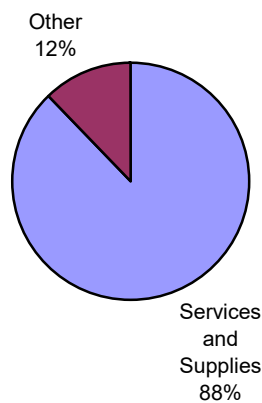

There is no staffing associated with this budget unit.

Measure I Program

DESCRIPTION OF MAJOR SERVICES

Measure I is a twenty-year program that provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as providing funds for elderly and handicap transit services. The source of funding is a countywide one-half cent sales tax that was passed by the voters in November of 1989. The County is divided into six subareas, and the Measure I funds received must be spent within the subarea in which they were collected. The subareas are as follows: Barstow, Morongo, mountains, Needles, Victor Valley, and San Bernardino Valley.

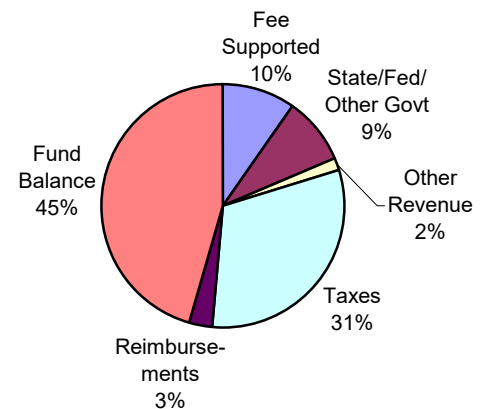

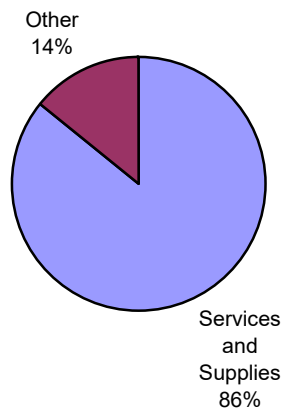

There is no staffing associated with this budget unit.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1. Services and Supplies	-	1,061,253	-	1,061,253
Increase is primarily due to new projects such as the Amboy Road overlay and Summit Valley Road paving.				
2. Other Charges	-	(50,775)	-	(50,775)
This decrease is due to reduced need for Right-of-Way purchases during 2004-05				
3. Transfers	-	(224,668)	-	(224,668)
Decrease is primarily due to less anticipated salary and benefit costs to be transferred to the Road Operations Fund during 2004/05.				
4. Reimbursements	-	(510,000)	-	(510,000)
Increased reimbursement from the Road Operations Fund to assist with financing the Summit Valley Road paving project, as well as other smaller road projects anticipated for the upcoming year.				
5. Taxes	-	-	602,191	(602,191)
This increase is based on the half cent sales tax revenue projections for FY 2004-05.				
6. Revenue From Use of Money and Property	-	-	50,558	(50,558)
Increased interest revenue due primarily because of additional revenues projected for 2004-05 and a greater cash balance.				
7. State, Federal, or Other Governmental Aid	-	-	1,370,877	(1,370,877)
Federal grant funds in the amount of \$1,332,377 are expected to subsidize most of the cost of the Amboy Road overlay project.				
8. Revenue From Current Services	-	-	(232,865)	232,865
Reduced revenues from local agencies due to fewer participation projects scheduled.				
9. Other Revenue	-	-	(1,000)	1,000
A decrease in anticipated sales of plans and specifications for projects.				
Total	-	275,810	1,789,761	(1,513,951)

Operations Fund

DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the County of San Bernardino's solid waste disposal system, which consists of 6 regional landfills, 8 transfer stations, oversight and/or post-closure maintenance at 28 inactive or closed landfills and waste disposal sites throughout the County. SWMD provides scale operations and maintenance; accounts payable/receivable; engineering, design, and construction management; and education and waste diversion. SWMD provides oversight, direction, guidance and control of the contractor, Burrtec Waste Industries, Inc. (Burrtec), for the daily operations of the county's active landfills, transfer stations, and maintenance of the inactive and closed landfills. In its contract administrative role, SWMD provides both general and specific direction to Burrtec in implementing county policies and procedures pertaining to the operations of the county's solid waste system. SWMD also monitors Burrtec's performance under the contract. SWMD maintains direct coordination with all regulatory agencies and liaison activities with customers, including cities, refuse haulers, and citizens. SWMD receives state grant monies, county and private industry matching funds to be used to further the education and outreach for waste reduction, reuse and recycling programs.

On November 12, 2003, the Board of Supervisors approved the termination of two existing agreements for the investment of certain solid waste funds. As a result of this action, the County's Treasurer-Tax Collector deposited approximately \$88 million from the investment agreements into the SWMD's separate Financial Assurance Fund. Approximately \$62 million of these funds are restricted to provide mandated financial assurance for the closure of landfills. The remaining \$26 million is being budgeted in FY 2004-05 as follows: \$13,068,255 in Fund EAB for closure projects; \$3,815,053 in Fund EAC for landfill expansion; and \$9,069,463 in Fund EAL for groundwater remediation projects.

Active Facilities	14	14	14	14
Inactive Facilities	28	28	28	28

The estimated expenditures and revenues for 2003-04 are \$6,155,547 and \$8,023,073 greater than budgeted respectively. The increase in expenditures is due to the anticipated costs resulting from the Bark Beetle Program (\$3,595,563), Debris Removal Program (\$4,100,940), perchlorate investigation (\$1,663,184), and the listing of unbudgeted depreciation expense (\$592,147). These additional costs were partially offset by a \$3,611,688 reduction in debt service payments created by refinancing an outstanding bond issue. The increase in revenue is largely due to the following: State and Federal reimbursements of \$2,793,658 for the Debris Removal Program in response to the Old and Grand Prix fires; additional revenues/reimbursements of \$1,642,165 associated with the Bark Beetle Program; an additional \$1,594,500 due to the Board approving the acceptance of an extra 75,000 tons of Article 19 waste into the County's landfill system; receipt of \$737,694 from property owners for the Debris Removal Program; and \$931,000 from the Environmental Mitigation Fund.

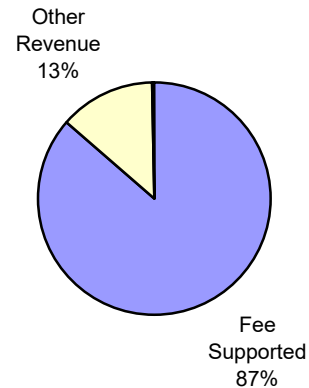

The Workload Indicator for Total Revenue-Generating Tonnage is increasing by approximately 282,000 tons in 2004-05 due to the Bark Beetle Infestation Program and the Board-approved addition of an extra 75,000 tons of Article 19 waste into the County's landfill system.

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
1. SALARIES AND BENEFITS	7.4	544,543	-	(544,543)
<p>SWMD is proposing a 7.4 net increase in budgeted staff. This increase includes the addition of the following 7.0 new positions:</p> <ul style="list-style-type: none"> * 1.0 Public Works Engineer II for closure construction project management. * 1.0 Engineering Technician V for inspection of landfill gas and groundwater monitoring operations and maintenance contracted construction. * 1.0 Landfill Operations Inspector for daily observation of operations and diversion activity at landfills and transfer stations throughout the County, and oversight of the numerous Bark Beetle timber harvesters. * 1.0 Planner II to research and develop alternatives to wood waste disposal, research funding opportunities, and a variety of other duties. * 2.0 Fiscal Clerk II positions for daily scale transaction monitoring and tonnage corrections, payments to contractors, receipts from haulers, and job cost accounting. * 1.0 Staff Analyst I for contract and program monitoring, financial and statistical analysis/reporting, and responding to day-to-day inquiries for information. <p>These new positions are needed to assist SWMD with its increased workload demands resulting from additional tonnage being delivered to the County's landfill system, as well as the \$26 million of landfill closure and expansion projects that are scheduled for FY 2004-05.</p> <p>In addition to the above increases, 1.0 Public Service Employee is being added to offset a 0.8 decrease for an Engineering Technician III who is on military service leave, and budgeted staff is increasing by 0.2 for overtime of various field personnel.</p>

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

	Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
2.	SERVICES AND SUPPLIES				
	Bark Beetle Program		5,791,141	-	(5,791,141)
	Full year costs to continue the Bark Beetle Program at maximum capacity including full operations of the burners at Burnt Flats and chipping operations at Heaps Peak and Big Bear.				
	Waste Reduction Programs		399,000	-	(399,000)
	Expanded and new waste reduction programs to reach the AB 939 requirement of diverting 50% of waste generated in the County. These programs are aimed at increasing the recycling and reuse of waste.				
	Capital Projects Technical Support		1,203,522	-	(1,203,522)
	This program provides for Landfill Gas and Groundwater well construction and monitoring at all active landfills, and for corrective actions required by the various water and air quality control boards. In addition, this program provides for construction design of closure and expansion projects and other engineering consultant projects. The additional appropriations for 2004-05 are needed for projects that have been deferred in previous years. These projects were pending completion of a study regarding the final cover materials at the landfills. Projects were also deferred until sufficient funding became available.				
	Operations Contract		1,097,927	-	(1,097,927)
	This program provides for the day-to-day operations of all of the active landfills and transfer stations, and for the repair of storm damaged inactive and closed landfill facilities. This increase is due to additional tons projected to be brought to the county solid waste facilities during 2004-05.				
	Debt service		(4,900,000)	-	4,900,000
	Debt service principal costs have been reclassified to the Other Charges category per the Auditor/Controller-Recorder.				
	Other services and supplies costs		492,595	-	(492,595)
	Increased appropriations for the following: software/hardware purchases (\$122,997), non-inventorial equipment (\$46,584), remodel of office space for new employees (\$144,215), communication charges (\$90,247), COWCAP (\$60,452), and various minor adjustments that result in a \$28,100 net increase.				
3.	OTHER CHARGES				
	Debt Service - Principal		4,900,000	-	(4,900,000)
	The budget for outstanding debt service principal payments have been reclassified from the Services and Supplies account per direction from the Auditor/Controller-Recorder's Office.				
	Debt Service - Interest		(2,093,115)	-	2,093,115
	The Debt Service interest is reduced due to the pay-off of one bond in the previous fiscal year.				
	Payments to other government entities		473,760	-	(473,760)
	Increased payments to the Board of Equalization due to additional tonnage at the landfills (\$174,321), to the WDA Cities for the increased Article 19 tonnage (\$297,424), and to the City of Ontario for the Milliken Landfill property taxes (\$2,015).				
4.	TRANSFERS		42,530	-	(42,530)
	Increased payments for the administrative charges related to the operations of the Economic Development and Public Services Group.				
5.	DEPRECIATION		592,147	-	(592,147)
	SWMD now reflecting depreciation expense in the County budget book per direction from the County Administrative Office.				
6.	TAXES		-	(111,403)	(111,403)
	Reduction to Estimated Single Family Refuse rate paid on Property Tax Assessment due to the October 2003 Old Waterman Canyon and Grand Prix Fires destroying homes and businesses.				
7.	LICENSES AND PERMITS		-	459,128	459,128
	Increased revenues from additional franchised areas.				
8.	USE OF MONEY AND PROPERTY		-	8,821	8,821
	Increased interest earned due to a greater cash balance for this fund.				
9.	STATE, FEDERAL, AND OTHER GOVERNMENTAL AID		-	(697,729)	(697,729)
	Decrease principally due to reduced federal aid for the Bark Beetle Program.				
10.	CURRENT SERVICES		-	9,961,359	9,961,359
	* Increase of \$7,409,350 due to charging for Bark Beetle wood waste.				
	* Increase of \$1,577,000 from the additional Article 19 tonnage received.				
	* An additional \$676,000 for WDA cost-of-living adjustment of \$1.00 per ton.				
	* An additional \$299,009 due to under-estimating the amount of revenue during the 2003-04 budget process.				
11.	OTHER REVENUE		-	(293)	(293)
	Minimal decrease in other revenue anticipated for 2004-05.				
12.	OTHER FINANCING SOURCES		-	(78,000)	(78,000)
	Reduction in proceeds from the sale of fixed assets.

FEE REQUEST SUMMARY

Brief Description of Fee Request	Budgeted Staffing	Appropriation	Departmental Revenue	Revenue Over/ (Under) Exp
Ordinary Refuse Fee	-	588,800	588,800	-
This fee increase is "inflationary" in nature. The Waste Delivery Agreements (WDA) require an annual fiscal year cost-of-living adjustment be made to the WDA Refuse fee. When this fee was implemented, a per ton spread was established between the WDA refuse fee and the Ordinary refuse fee. Each year, the County maintains the original \$4.50/ton parity between these two fees by adjusting the Ordinary Refuse fee as necessary. If this fee increase is approved, additional revenue of \$588,800 would be generated in 2004-05. SWMD proposes to set this revenue aside to fund any potential costs resulting from the continuing perchlorate investigation at the Mid-Valley landfill.				
Hard to Handle, Special Handling, Non-compacted, and Compacted Refuse	-	100	100	-
These fee increases are "inflationary" in nature and are being recommended to preserve a link with the above Ordinary Refuse Fee.				
Uncovered/Unsecured Loads (minimum load)	-	148,560	148,560	-
State and local laws prohibit transportation of waste in an uncovered or unsecured manner. Nearly 50% of all loads received at County waste facilities are in violation of such laws that result in additional litter cleanup costs for SWMD. This new fee will give the County a method for encouraging public compliance with the laws and provide additional funds to finance litter cleanup activities. Without this new fee, the County will continue to experience excessive waste spillage from uncovered and unsecured loads, and have to fund the related cleanup from existing operating funds.				
Uncovered/Unsecured Loads (per ton loads)	-	61,923	61,923	-
State and local laws prohibit transportation of waste in an uncovered or unsecured manner. Nearly 50% of all loads received at County waste facilities are in violation of such laws that result in additional litter cleanup costs for SWMD. This new fee will give the County a method for encouraging public compliance with the laws and provide additional funds to finance litter cleanup activities. Without this new fee, the County will continue to experience excessive waste spillage from uncovered and unsecured loads, and have to fund the related cleanup from existing operating funds.				
Uniform Handling Exemption Application Fee	-	60,000	60,000	-
Some customers who self-haul their waste wish to be exempted from mandatory trash pickup. An application process is being developed, but there is no revenue source to fund its costs. This new fee would fund the program costs. Without this new fee, existing operational revenues will be used to fund these costs. This program is optional to the customers.

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
The Solid Waste Management Division (SWMD) is recommending an inflationary increase to the Ordinary Refuse Fee to maintain parity with the refuse fee of the Waste Delivery Agreement cities. The \$588,900 of additional revenue to be generated from this increase would be set aside for continuing costs related to the Mid-Valley perchlorate investigation. The proposed new fee for the Uncovered/Unsecured loads at the landfills is needed to encourage public compliance with existing laws and to generate \$210,483/year to finance cleanup activities resulting from the uncovered/unsecured loads. Also, SWMD is recommending a new Uniform Handling Exemption Application Fee to generate \$60,000 in revenues to offset the cost of determining if certain customers can be exempted from mandatory trash pickup. This program is completely optional for customers.

Site Closure and Maintenance Fund

DESCRIPTION OF MAJOR SERVICES

The Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance [e.g., fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring] required by Titles 14 and 25 of the California Code of Regulations. This fund accounts for the expenses and revenues related to the planning, design, permitting, and construction activities required for closure and post-closure maintenance of county landfills.

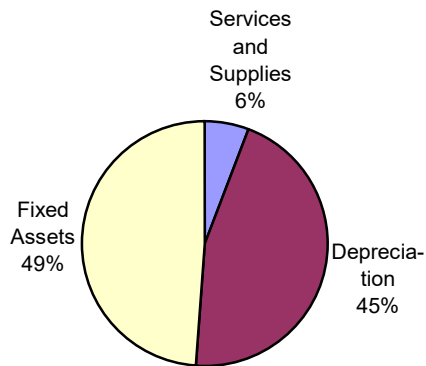

There is no staffing associated with this budget unit.

	Increase due to the anticipated purchase of a 2-acre parcel west of Unit 1 at the Mid-Valley Sanitary Landfill.	
2.	Improvements to Land	10,148,000
	Increase in final closure construction projects. The 29 Palms, Milliken - Phase 3, and Hesperia sanitary landfills are expected to be fully closed during FY 2004-05.	
	Total	10,473,000

Site Enhancement, Expansion, & Acquisition Fund

DESCRIPTION OF MAJOR SERVICES

The Site Enhancement, Expansion and Acquisition Fund provides for the expansion construction of landfills and transfer stations, the purchase of land, the construction of new facilities, and site enhancements. This fund accounts for the expenses and revenues related to the planning, permitting, construction, and design activities required for the expansion and/or enhancement of County landfill and transfer station operations.

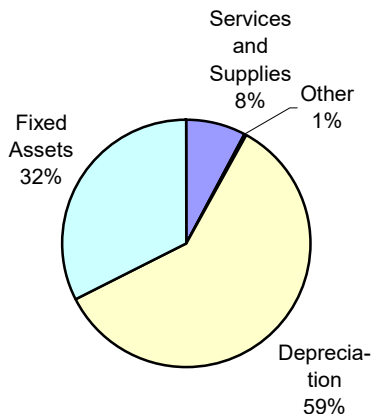

There is no staffing associated with this budget fund.

Fixed Assets	1,001,641	9,686,116	10,215,936	10,510,000

The 2003-04 estimated expenses are approximately \$17.1 million greater than budget largely due to now reporting depreciation expense in the budget book. SWMD is anticipating approximately \$16.3 million of unbudgeted depreciation expense for 2003-04. Effective 2004-05, SWMD will be budgeting for depreciation per direction from the County Administrative Office. The 2003-04 estimated revenues are \$3,378,942 less than budget due to less operating transfer activity between SWMD Funds occurring during the year.

Groundwater Remediation Fund

DESCRIPTION OF MAJOR SERVICES

The Groundwater Remediation Fund provides environmental mitigation activities (e.g., landfill gas extraction and groundwater remediation created by the landfill) at closed and inactive County landfill sites for the health and safety of the public. This fund accounts for the expenses and revenues related to these environmental remediation activities. Also referred to as post-closure activities, the costs related to this fund are financed by SWMD's Financial Assurance Fund.

There is no staffing associated with this budget unit.

Budgeted Staffing		-		-
Fixed Assets	1,255,358	5,861,042	4,559,132	5,143,053

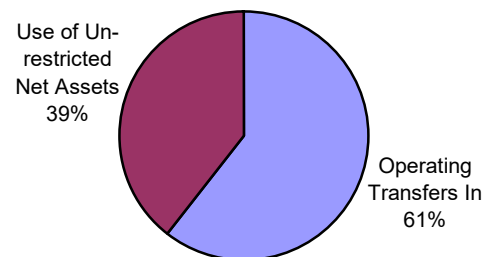

The 2003-04 estimated expenses are approximately \$3.4 million greater than budget largely due to now reporting depreciation expense in the budget book. SWMD is anticipating approximately \$2.4 million of unbudgeted depreciation expense for 2003-04. Effective 2004-05, SWMD will be budgeting for depreciation per direction from the County Administrative Office. In addition, a number of groundwater remediation projects have been deferred until 2004-05, resulting in a savings of \$975,958.

The 2003-04 estimated revenues are \$4,834,880 less than budget due to less operating transfer activity between SWMD Funds occurring during the year.

Environmental Mitigation Fund

DESCRIPTION OF MAJOR SERVICES

The Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facility impacts on local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operation and management of a County-owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste (HHW) Program in unincorporated County communities, ongoing since 1993; the Community Clean Up Program approved by the Board in 1994; and the Community Collection Program. Revenues collected in this fund are also used to make contractual payments to the six host cities with a county landfill within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the County's portion of costs associated with debris cleanup in the aftermath of a locally declared disaster.

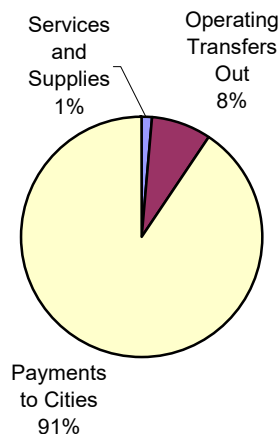

There is no staffing associated with this budget unit.

REGISTRAR OF VOTERS

Scott O. Konopasek

MISSION STATEMENT

The Registrar of Voters Department upholds the integrity of the electoral process by consistently conducting fair and open elections that are accessible to all and that accurately reflect the intent of the electorate. Departmental activities promote public confidence in the electoral process, increase voter participation, and strengthen democracy while providing the highest quality of customer service.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The primary function of the Registrar of Voters Department is to conduct elections as prescribed by district, city, county, state, and federal laws, and regulations. To support this function, the department is also responsible for registering voters, maintaining voter records, processing petitions, tracking boundary changes and precinct boundaries to reflect realignments of all political subdivisions, and recruiting and training poll workers.

The Voter Services Division processes voter registrations, in an accurate and timely manner, for eligible voters within the County of San Bernardino. This division maintains the voter rolls with current information to be used to conduct elections and to verify petitions. This division also performs absentee voter functions that include processing absentee applications, issuing, receiving, and preparing for counting absentee ballots for all elections.

The Election Services Division recruits, trains, and strives to retain sufficient qualified and knowledgeable poll workers for each election. This division processes candidate filings and processes/files candidate FPPC financial statements. Additionally, this division maintains all current political subdivisions boundaries for use in conducting elections and providing registration data as requested.

The Field Services Division is responsible for locating a sufficient number of accessible polling places for all elections and arranging for the delivery and recovery of all supplies to all polling places. This division also maintains, operates, and tests the Department's voting systems.

The Administration Division provides accurate and timely fiscal, personnel, payroll, and general office support.

In FY 2003-04, there were several major program changes and/or events that impacted the Department's budget after adoption of the final budget.

The first major program change involved a contract that was awarded to Sequoia Electronic Voting Systems on September 9, 2003, in the amount of \$13,695,027, to supply the electronic voting system that replaced the County's decertified punch card voting system. State Proposition 41 funding of \$7,995,027 was received to offset the cost of the system, with the balance of \$5,700,000 in funding from the County's Electronic Voting System Reserve (county contingency funds).

The second major event was the unbudgeted October 7, 2003, Statewide Special Election. This election was funded with \$1,200,000 of County contingency funds.

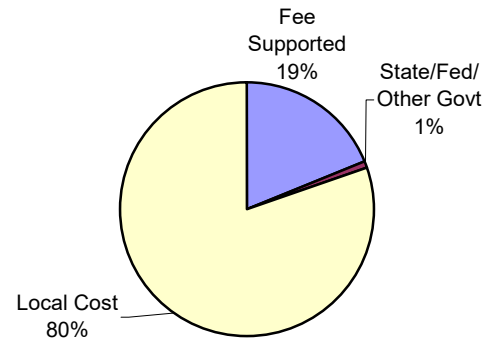

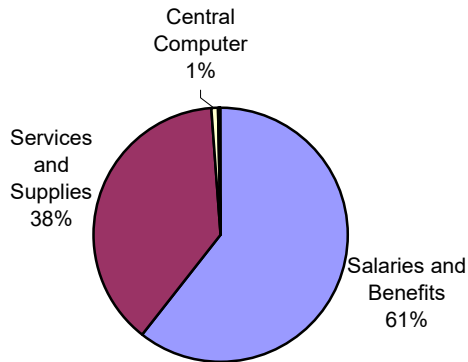

The third major program change was the implementation of the OPTECH absentee ballot system which was used countywide for absentee ballots and at polling places for both the October 2003 Special Election, and the November 2003 district elections. The OPTECH system was used for absentee voting at the March 2004 primary election and will continue to be used as the absentee system.

The fourth major program change was a countywide implementation of the Sequoia AVC Edge electronic voting system at the March 2004 primary election, which had different cost factors from that of the punch card system. However, the FY 2003-04 budget was based upon historical expenditure assumptions related to use of punch card voting.

During the course of the year, various jurisdictions requested the Registrar of Voters to conduct special elections, which were not included in the Department's final budget. In March 2004, \$112,110 in additional appropriation and revenue authority was added to the Department's budget to cover the cost of the December 2003 Retirement Board and the January 2004 City of Highland Recall elections.

These events and/or program changes collectively are estimated to result in an under expenditure of approximately \$237,000 for salaries/benefits, and an over expenditure of approximately \$145,000 for services/supplies, from that of the modified budget. Revenues are estimated to exceed the modified budget by approximately \$73,000, which will result in a local cost projection of nearly \$165,000 less than that of the modified budget. Through managed salary savings and one-time revenues, the department is able to mitigate these unbudgeted costs associated with the major program changes and events that occurred during FY 2003-04.

Eliminate position - Elections Technician This position was recently vacated due to retirement. This is the one Election Technician assigned to the Voter Services Division which is responsible for voter registration, and petition processing. Eliminating this position will require the ROV to combine the Absentee and Voter Services Divisions into a single division with the Election Technician for the Absentee Voting Division assuming the duties of managing the combined division. Eliminating this position will also require the use of inexperienced lower classified staff to perform the duties. This position is essential to the efficient conduct of the upcoming Presidential Election in November 2004. See policy item request #1 for restoration.	(1.1)	(63,474)	-	(63,474)
Eliminate position - Elections Clerk This position was recently vacated due to retirement. This position is responsible for candidate filing and the design/production of the sample ballot. POLICY ITEM REQUESTS

Ranking	Brief Description of Policy Item	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
1	Restore Election Technician position The Election Technician position is an essential part of the ROV election team, and is assigned to the Voter Services Division. The Election Technician manages the voter registration function and petition function of the office. The November Presidential Election is traditionally the one with the most interest among the public and results in the largest increase in voter registrations during a four year election cycle. Not restoring this position may create a gap in the election process that will be filled with less qualified regular and temporary help, which could result in the inability to efficiently perform elections. See fee request for an option to fully fund this policy item.	1.1	63,474	-	63,474
2	Restore Elections Clerk position The Election Clerk position is an essential part of the ROV election team, and is assigned to the Election Services Division. This position is responsible for the filing of candidate documents and the preparation and proofing of the sample ballot. This is an extremely important function, especially for the statewide election in November 2004 when the President, US Senator, members of Congress and the state legislature, and members of the Board of Supervisors are elected. Not restoring this position may create a gap in the election process that will be filled with less qualified regular and temporary help. This could possibly result in the inability to efficiently perform elections. See fee request for an option to partially fund this policy item.	1.0	42,520	-	42,520
3	Restore Services & Supplies This is a reduction of various services and supplies that are necessary for the day to day activities of the department. In the event the department does not receive funding restoration, budgetary shortages will likely occur early in 2005.	-	39,749	-	39,749
4	Restore Business Application Manager position The Business Application Manager is the leader of the computer support area and performs significant functions during major elections. Restoration is requested to alleviate the additional managerial span of control for the ROV and AROV, as a result of the elimination of this position.	1.0	114,521	-	114,521

Briefly Describe the Summary of Justification for Fee Request(s) and the Budgetary Impact to Program if Fee(s) are approved:
 \$82,500 of the increase is due to the electronic voting implementation rental fees for the electronic vote recorders and voting card activators. All other fee adjustments were due to either increased labor and overhead costs or changes in the method used to establish the fee. If these fee adjustments are approved, the \$88,744 in additional fee revenue could be utilized to mitigate local cost associated with any policy items that are also approved to restore the impact of \$260,264 in state budget cuts. To this end, the \$88,744 in fee revenue could be utilized to fully restore policy item # 1 (Election Technician position - \$63,474) and partially restore policy item # 2 (Elections Clerk position - \$25,270).

Franchise Administration

DESCRIPTION OF MAJOR SERVICES

Franchise Administration is a division of Special Districts. Its function is to monitor utility, cable, telecommunication, and interstate pipeline franchises, as well as the use of other public property. Franchise Administration is also responsible for ensuring submission of the appropriate documents from franchisees including reports, proof of insurance, and payment of franchise fees. Other duties include monitoring customer service compliance for cable television service providers and research designed to identify other entities utilizing public rights-of-way.

Additionally, the Franchise Administration has represented the County and its constituents at the California Public Utilities Commission on issues regarding utility requests for rate increases and investigations of utility over charging their customers.

The Franchise Administration Division collects a substantial amount of annual franchise fee revenue on behalf of the county, and the fees are generally based upon a percentage of utility, cable, telecommunications, and interstate pipeline company gross revenues. These revenues are reflected as workload indicators, and are not directly incorporated within the division's budget, as the fees are accounted for separately within another fund.

Fish & Game Commission

MISSION STATEMENT

The Fish & Game Commission is administered by the Special Districts Department, and its primary function is to act as the liaison between the State Department of Fish & Game, The County Board of Supervisors and the public.

DESCRIPTION OF MAJOR SERVICES

The Commission makes recommendations to the Board of Supervisors on matters pertaining to wildlife in San Bernardino County.

The Fish and Game Commission budget receives funding from fines imposed on hunting, fishing and environmental infractions. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and with its propagation in San Bernardino County.

There is no staffing associated with this budget unit.

Expenditures in the Fish and Game budget are less than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code. The amount not expended in 2003-04 has been carried over to the subsequent year's budget.

Revenues for this program are based upon fines levied by the court for code violations. Revenue is lower than expected due to a one-time funding source of \$44,200 from the District Attorney environmental violations fund that was not realized.

Aging & Adult Services

Mary R. Sawicki

MISSION STATEMENT

The Department of Aging and Adult Service's Mission is providing service to seniors and at risk individuals to improve or maintain choice, independence, and quality of life. The Department works to ensure seniors and adults with disabilities have the right to age in place, in the least restrictive environment.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The predominate funding source for the Aging programs is the Older American's Act and is summarized as follows:

- Senior Supportive Services – Special programs for seniors 60 and over to provide links to services that will allow the aging population to remain in their homes, provide respite adult care, assisted transportation, legal services, home safety devices and case management services.
- Senior Nutrition Services – Meal program for seniors 60 and over to provide nourishing meals, nutrition and education counseling, companionship, and long-term care protections.
- Ombudsman Services – Independent, objective, and neutral persons who advocate for dignity, quality of life, and quality of care for all residents in long-term care facilities. They are authorized by Federal and State law to receive, investigate, and resolve complaints by or on behalf of residents in long-term care facilities, skilled nursing facilities, and Community-Care licensed board and care homes.
- Senior Employment Services – provides part-time employment services for seniors age 55 and over. Seniors in the program receive on-the-job training in clerical work, basic computer skills, resume preparation, job location strategies, and other related topics.

Information & Assistance Contacts	44,995	50,194	47,325	49,596

Salary and benefits are projected be under final budget by \$70,000 due to the following:

- The Senior Employment Program is under expending salaries and benefits by \$36,000 and reducing budgeted positions due to reduced funding.
- The Multipurpose Senior Services Program (MSSP) is over expending salaries and benefits by approximately \$10,000 due to the transferring of three Public Health Nurses to the Aging Programs budget. These costs were previously contracted with Public Health and budgeted in transfers.
- An additional \$44,000 in salary and benefit savings is due to lag time in recruiting and hiring staff.

Services and supplies are projected to exceed final budget appropriation by \$555,000 due to increased expenditures in Family Caregiver Supplemental Services and Title III programs. These appropriation and revenue increases were approved by the Board on December 16, 2003 item #48 for the Family Caregiver Supplemental Services Program and on February 3, 2004 item #27 for Title III programs.

Other charges expenditures are projected to exceed final budget appropriation by \$53,378 due to a \$10,000 increase in funding to Family Caregiver Supplemental Services and \$43,378 Voucher transportation services from one-time-only funding from the State. These appropriations and revenue increases were approved by the Board of Supervisors on February 3, 2004 item #27.

Fixed asset expenditures are projected to exceed final budget appropriation by \$27,000 due to increased funding from the State for the Ombudsman Volunteer recruitment process. The Department received approval from the Board of Supervisors on February 3, 2004 item #27 to purchase a van utilizing this one-time-only funding.

Transfers and reimbursements are projected to be under final budget by \$54,528 due to Public Health nurses in the MSSP program moving into the Aging Programs budget.

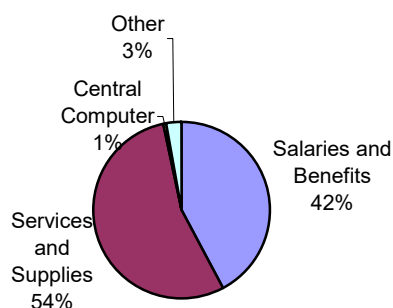

Reimbursements are projected to be lower than final budget due to a \$15,000 reduction in Aging personnel doing fewer assignments for Adult Service programs during the first six months of the fiscal year.

Revenue is projected to exceed the final budget due to increased funds for the Ombudsman Initiative, Family Caregiver, Nutrition and Supportive Services programs. The Board of Supervisors on November 18, 2003, item #28, December 16, 2003 item #48, and February 3, 2004 item #27 approved revenue increases.

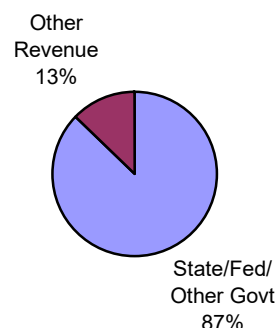

Projected state revenue is less than budgeted and federal revenue is more than budgeted due to incorrectly classifying budgeted MSSP federal revenue as state revenue. A revenue transfer to correct this situation was submitted.

There is no local cost associated with this budget.

STAFFING CHANGES

Staffing increased by a net 0.8 budgeted staffing in 2004-05. Changes consist of the following:

- ❖ Added 3.0 Public Health Nurses II by transferring staff from the Public Health Department budget to the Aging budget under the Multipurpose Senior Service Program to manage cases of medically fragile clients. Transferring them to the Aging budget enables the department to save administrative overhead costs and directly supervise the employees.
- ❖ Added 1.3 Social Service Aides, 1.0 Ombudsman Volunteer Coordinator and 0.5 Clerical Assistants and 0.2 Social Service Practitioners. On November 18, 2003 the Board of Supervisors approved item number 28 adding 4.0 budgeted positions to assist in the workload for the Ombudsman and Family Caregiver programs. Due to increased costs to maintain programs and to remain within allocation, 0.5 Accountant II and 0.5 Ombudsman Field Coordinator positions were not filled and will not be included in 2004-05 budget.
- ❖ Deleted 0.2 budgeted FTE in an Ombudsman position to remain within allocation. This is a contract position that will be working fewer hours.
- ❖ Deleted 1.0 Supervising Accountant II and 1.0 Supervising Program Specialist in Administration due to increased costs to maintain programs and to remain within allocation. These positions have been reassigned to other county departments.
- ❖ Deleted 1.0 Social Service Aide and 1.0 Fiscal Clerk II in the Senior Employment Program due to increased costs to maintain programs and to remain within funding allocation. These positions have been reassigned to other county departments.
- ❖ Deleted 1.0 Senior Information and Referral Rep in the Senior Information and Assistance Program due to increased costs to maintain within funding allocation.

PROGRAM CHANGES

Medi-Cal Administrative Activities (MAA) revenue has not been budgeted in FY2004-05. MAA are administrative activities currently performed by staff necessary for the proper and efficient administration of the Medi-Cal program and requires a 50% local share to receive federal reimbursement. Because reimbursement for costs in this program is stagnating at the state level and it is unknown when receipt of funds will occur, MAA revenue is not budgeted in 2004-05. The department has reduced staffing and services and supplies in order to stay within existing allocations.

Child Support Services Cory Nelsen

MISSION STATEMENT

The County of San Bernardino Department of Child Support Services determines paternity, establishes and enforces child support orders, and issues payments to assist families in meeting the financial and medical needs of their children. We provide timely and effective service in a professional manner.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The County of San Bernardino Department of Child Support Services (DCSS) administers the federal and state Title IV-D Child Support Program. DCSS promotes the well-being of children and the self-sufficiency of families by providing child support assistance efficiently, effectively and professionally.

By establishing and enforcing child support orders, DCSS fosters a sense of parental responsibility that enhances the lives of San Bernardino County children. Basic program activities include locating absent parents, establishment of paternity, establishment of support orders pursuant to state guidelines, enforcement of support obligations, modification of support obligations when needed, and collection and distribution of support payments.

SALARIES AND BENEFITS:

As of March 31, 2004, the department has spent \$20,970,127, which is 74% of its salaries and benefits allocation. In comparison to final budget the department projects a savings of \$1.6 million. Due to funding reductions of \$1.3 million, the department projects expenditures for salaries and benefits to be unspent by approximately \$289,102. The savings was achieved through greater than anticipated attrition.

The State Department of Child Support Services has scheduled the San Bernardino County DCSS for conversion to a new interim Child Support Enforcement System (CASES) by February 2005. This county's conversion to CASES is part of the State's plan to eliminate the federal penalties imposed on the state, a portion of which are now being paid by the counties. The Department expects to receive a conversion budget from the State in late May, for fiscal year 2004-05, and will be submitting a mid-year board item early next fiscal year to increase appropriation and revenue.

SERVICES AND SUPPLIES:

Through March 31, 2004, services and supplies trends are showing the department below target for this fiscal year with spending at 67% of allocation. Expenditures are expected to be under budget by approximately \$755,250. This is mainly due to two factors:

1. The reduction in staffing facilitated the decrease in communication costs, training, utilities, office supplies, and professional services.
2. The reductions in IRS take back charges in special department expense object code. Each year the IRS sends the department income tax refunds of delinquent parents that owe child support. If refunds are sent in error the department must return the funds to the IRS. Due to a change in the IRS tracking method for recoveries the department anticipates returning only \$206,000, which is \$600,000 less than budget.

The State of California is currently paying a \$194.8 million annual penalty to the federal government for failure to meet child support automation requirements. Beginning in the State Fiscal Year 2003-04 Budget, the State Department of Finance is allocating up to 25% of this penalty to counties. The County of San Bernardino's share is \$2,603,373. On September 23, 2003 in the State Budget Reduction Impacts and Adjustments item presented to the Board (item #65), the County Administrative Office requested to have appropriations and local cost increased to reimburse the state for the county's share of the penalty. To date, the county has paid \$1,301,687, and will pay an additional \$1,301,687 by June 1, 2004.

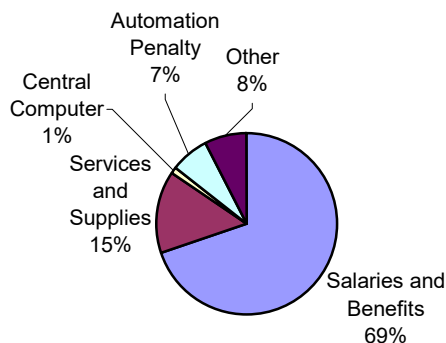

INTER-FUND TRANSFERS:

Costs in this area are expected to be fully expended with the exception of approximately \$198,606, which reflects savings that are primarily related to the department's decision to vacate a Redlands facility that was leased from AAA DPA.

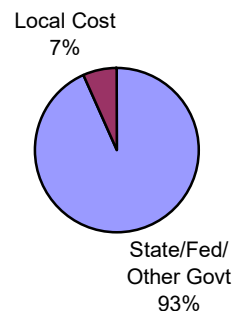

REVENUE:

The Department of Child Support Services is a reimbursement program administered by the State Department of Child Support Services and is backed by State and Federal funding. All allowable costs of the program are 100% funded through these sources. Due to federal law the county must pay the Child Support automation penalty with local funds, which is estimated to be \$2.6 million this year.

STAFFING CHANGES

The salaries and benefits appropriation is reduced by \$559,696 to reflect a reduction of 58.6 budgeted positions at a cost of \$2,409,093 offset by MOU-related increases of \$1,849,397. **The reduction will be managed through attrition and no layoffs are anticipated.**

The State Department of Child Support Services has scheduled the San Bernardino County DCSS for conversion to a new interim Child Support Enforcement System (CASES) by February 2005. This county's conversion to CASES is part of the State's plan to eliminate the federal penalties imposed on the state, a portion of which are now being paid by the counties. The Department expects to receive a conversion budget from the State in late May, for fiscal year 2004-05, and will be submitting a mid-year board item early in the fiscal year to increase appropriation and revenue.

The net reduction of 58.7 budgeted positions consist of: (2) Chief Clerks, (2) Child Support Field Investigators, (4.7) Child Support Officer Is, (2.8) Child Support Officer IIs, (25) Clerk IIs, (3.5) Clerk IIIs, (1) Clerk IV, (1) Chief, Child Support, (3.4) Fiscal Clerk IIs, (3) Investigative Technician Is, (1) Secretary I, (2) Staff Aides, (1) Child Support Attorney I, (6.1) Child Support Assistants, and (0.2) Supervising Child Support Officer.

PROGRAM CHANGES

The Services and supplies budgeted appropriation increased by \$2 million. Appropriations were increased by \$2.7 million to allow the county to pay the Federal Automation Penalty. Therefore, there is a **net decrease** in services and supplies of \$742,025. The penalty was imposed by the federal government due to California's failure to meet federal child support automation requirements. This penalty will be paid each year until a statewide automated system is in place. It is anticipated that an interim automated system will be in place by September 2005 with a more permanent system in place 2 years later. On September 23, 2003 in the State Budget Reduction Impacts and Adjustments item presented to the Board (item #65), the County Administrative Office requested to have appropriations and local cost increased to reimburse the state for the county's share of the penalty. In FY2004-05 the department will again be given local cost totaling \$2.8 million to cover this penalty.

Intra-fund transfers increased by \$16,790, primarily due to an increase in charges to HSS Information Technology for staffing costs.

There are no fixed assets budgeted for FY 2004-05.

Child Support is a reimbursement program backed by 100% state and federal funding and revenues have been adjusted to reflect actual expenditures.

IMPACTS DUE TO STATE BUDGET CUTS

Brief Description of State Budget Cuts	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Federal Automation Penalty		2,784,426	-	2,784,426
The State of California is currently paying a \$194.8 million annual penalty to the federal government for failure to meet child support automation requirements. Beginning in the State fiscal year 2003-04 Budget, the State Department of Finance is allocating up to 25% of this penalty to counties. The County of San Bernardino's share is \$2,784,426. On September 23, 2003 in the State Budget Reduction Impacts and Adjustments item presented to the Board (item #65), the CAO requested to have appropriations and local cost increased to reimburse the State for our county's share of the penalty.

The Human Services System (HSS) is composed of six county departments: Transitional Assistance, Children's Services, Aging and Adult Services, Preschool Services, Child Support Services, and Veterans Affairs. Additionally, several support divisions under HSS Management Services (including HSS Information Technology and Support (ITSD), and the Performance, Education and Resource Center (PERC)) provide administrative and training support to the HSS departments.

Transitional Assistance, Children's Services, Adult Services, and all HSS support divisions are included in the HSS Administrative Claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The HSS Assistant County Administrator is responsible for all of the above budget units.

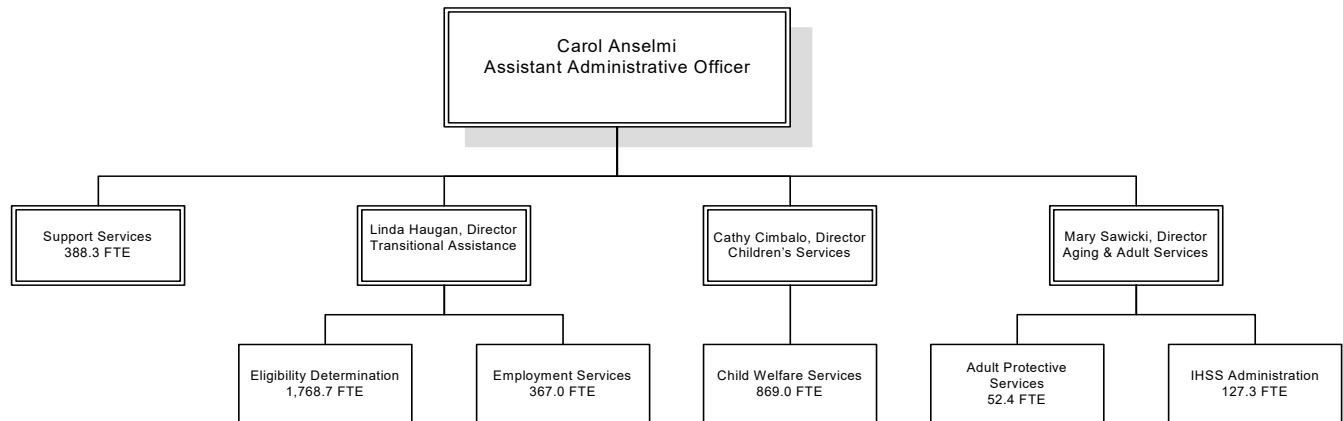

HSS – Administrative Claim

MISSION STATEMENT

The Human Services System works to build a healthy community by strengthening individuals and families, enhancing quality of life and valuing people.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

This budget unit represents the administrative claim made by the county for social services programs under applicable mandatory federal and state regulations. Included are Transitional Assistance Department (Eligibility and Employment Services), Department of Children's Services (DCS), Adult Services programs of the Department of Aging and Adult Services (DAAS), and the administrative support and training functions provided by HSS Administration and the Performance, Education and Resource Center (PERC).

Transitional Assistance Department (TAD)

TAD strives to meet the basic needs of individuals and families while working with them to attain self-sufficiency. TAD is responsible for the administration of the financial support programs that assist the needy with basic services. The primary services provided are statutory mandates and include: Transitional Assistance to Needy Families (TANF), food stamps, Medi-Cal, foster care administration, general relief assistance, CalWORKs – Employment Services Program and child care. All programs are funded by a combination of federal, state, Realignment and county dollars, with the exception of the general assistance program, which is funded solely by the county.

TAD-Eligibility ensures a proper mix of basic services that include, but are not limited to, screening applications for type of services needed, conducting eligibility determinations for the above mentioned services, calculating ongoing benefit issuance, and referring customers to appropriate agencies for services not provided by TAD.

TAD-Employment Services provides its customers remedial and/or basic education, and vocational or on-the-job training to prepare participants to enter the job market. Eligible customers receive supplemental funding for ancillary, childcare, and transportation costs during their active participation in the program. Failure to comply with program requirements results in loss or reduction of the participants' TANF subsistence payments.

Department of Children's Services (DCS)

DCS is a collection of programs aimed at reducing the occurrence of child abuse and neglect in San Bernardino County. The primary goal of these programs is maintaining families whenever possible. When not possible, the secondary goal is to provide the best permanent plan for the child removed from his or her caretaker. To accomplish the mission of DCS, a wide variety of services are offered. Child Protective Services is the program with the highest visibility, with the goal of prevention of abuse to minors and the protection of those abused.

Other DCS programs include:

- Emergency Response (ER): investigates allegations of child abuse and neglect and makes immediate plans to ensure the safety of endangered children. This is often the “front door” for clients entering the Child Welfare System.
- Family Maintenance (FM): builds on families’ strengths and helps to remove barriers so children can remain safely at home.
- Family Reunification (FR): works to make the family environment a safe one so children can return home.
- Permanency Planning (PP): ensures that children who are unable to live safely with their birth families can grow up in a safe and secure permanent living arrangement.
- Foster Parent Recruitment and Training, along with Foster Home Licensing: maintains and creates out-of-home placement resource options throughout the county.
- Adoptions: performs assessments of adoptive families and matches children with permanent families when their birth families are no longer an option.
- Independent Living Program: assists youth in successfully transitioning out of the foster care system.

Department of Aging and Adult Services (DAAS)

DAAS serves as the area agency on aging for this county under the provisions of federal law, which makes funds available to senior citizen programs. Area agencies on aging provide leadership for defining objectives, establishing priorities, and developing a system to deliver services to older people. DAAS has a separate consolidated budget for the state and federally funded aging programs, which is presented in its own section under Aging Programs. DAAS is also responsible for the In-Home Supportive Services (IHSS) and the Adult Protective Services (APS) programs, which are both budgeted in the Human Services System Administrative Claim budget.

The IHSS program provides personal and domestic services for aged, disabled and blind persons enabling them to remain in their own homes rather than being placed in institutions. The program is operated by the use of the individual provider mode, which is paid directly to the provider by the state. The state then invoices the county for its portion of the individual provider costs. In addition, the county incurs expenses for supervision and administration of the program. These expenses are reflected in the HSS Administrative Claim budget unit. The federal share represents Medicaid dollars made available through participation in the Personal Care Services Program (PCSP).

The APS program investigates and resolves reports on elder and dependent adult abuse. The program provides a wide variety of services in resolving and preventing exploitation or neglect. The services include the investigation of issues, developing a service plan, counseling, referring to other community resources including the IHSS program, monitoring the progress of the client, and following up with the client.

IHSS Annual Paid Hours	13,530,196	14,596,235	14,654,268	16,407,161

Workload indicators: The increase in Transitional Assistance (TAD) monthly caseload is a result of dramatic growth in Medi-Cal caseload. This growth is attributable to changes in Medi-Cal eligibility requirements, which allow more people to qualify for aid. Changes also allow clients currently receiving benefits to remain qualified for a longer period of time. In-Home Supportive Services (IHSS) monthly caseload continues to increase at a rapid pace. Although paid IHSS service hours are projected to be slightly higher than budget, total County share is projected to be under budget by approximately \$0.5 million due to a temporary increase in the Federal Medicaid Assistance Percentage (FMAP) rate in 2003-04. This increased the federal rate of reimbursement from 50% to 53.3% and reduced the County share.

Allocations received from the state in August and September 2003 resulted in significant funding increases for many programs included in this budget unit. Medi-Cal, Food Stamps, and other TAD and Children's Services programs received additional funding due to additional program requirements in those programs. To restore selected previous cuts and to utilize the additional funds HSS prepared a Board Agenda Item requesting approval to increase staffing levels, increase appropriations and increase revenue. This item, Adjustments to 2003-04 Final Budget For The Human Services System Administrative Claim Budget Unit, was presented to and approved by the Board of Supervisors as Item #49 on December 2, 2003. This action increased appropriations and revenue by \$22.4 million. Budgeted staffing was increased by 123 positions.

Estimates for 2003-04 reflect the projected effect of the increases approved in the December 2, 2003 Adjustment (see comparison chart on following page).

- ◆ Salary and benefit expenditures are estimated to exceed Final Budget appropriations by \$0.7 million yet will under expend, by \$13.3 million, the additional \$14.0 million approved in the December 2, 2003 Adjustment. Continued attrition and HSS's inability to quickly fill positions as they become vacant accounts for most of these savings. Uncertainty of the state's budget and the possibility of future funding cuts continue to contribute to elevated levels of staff attrition. This uncertainty also necessitates additional scrutiny of requests to fill vacant positions, which slows the hiring process.
- ◆ Services, supplies, other charges and equipment expenditures are estimated to exceed Final Budget appropriations by \$7.9 million and reflect the expectation that, cumulatively, expenditures will remain within the appropriation levels approved in the December 2, 2003 Adjustment. Overall savings in these appropriation units are estimated to be approximately \$0.5 million below the increases allowed by the adjustment.
- ◆ Operating transfers reflect expected savings of \$1.3 million. Of this, \$1.0 million will be saved due to delays in providing medical benefits to In-Home Supportive Services (IHSS) providers this year. The remaining \$0.3 million savings is a result of lower than anticipated costs of the IHSS Public Authority.
- ◆ Revenue is estimated to increase commensurately with the increase in expenditures and will be adequate to keep this budget unit within the budgeted local cost.

2004-05 REQUIREMENTS

Uncertainties about the state budget and the lack of specifics regarding possible effects on social services programs have led HSS to prepare the 2004-05 budget using the assumption that allocations will remain unchanged from those received to date in 2003-04. The state does not prepare allocations until after the state budget is approved; therefore, it is expected that HSS will not receive funding notifications until August or September 2004. Differences between this budget and allocations received from the state will be addressed in a mid-year adjustment similar to the Adjustments to 2003-04 Final Budget For The Human Services System Administrative Claim Budget Unit referenced previously.

Overall requirements are \$25.7 million more than requested in the 2003-04 budget, but are only \$3.3 million more than approved in the December 2, 2003 Adjustment. Salary and Benefit costs will increase by \$5.4 million from the December 2, 2003 Adjustment due to higher costs in retirement, workers compensation and MOU increases. Based on the budgeted staffing levels in the December 2, 2003 Adjustment, these cost increases were estimated to be \$12.7 million in 2004-05. However, the increase is only \$5.4 million because budgeted employee salaries and step increases in 2003-04 were significantly more than actual costs, while the level of attrition was greater than expected. In 2004-05, budgeted salary & benefit costs include a more precise estimate of employee salaries and estimated attrition.

The increases in Salaries and Benefits are offset by reductions made in Services and Supplies and Other Charges of \$5.3 million. These reductions are further offset by a projected increase in IHSS of \$3.2 million. The increase from the December 2, 2003 Adjustment to the 2004-05 Proposed Budget is summarized below:

(In millions)	Increase (Decrease) from 2003-04 Midyear budget
Salaries & Benefits	5.4
Services & Supplies, Other	(5.3)
IHSS	3.2
Overall increase	3.3

Highlights of the changes between budget years are as follows:

- ♦ Overall, staffing will increase 154 positions since the 2003-04 final budget. Included in this increase are 123 positions approved by the Board in the December 2, 2003 Adjustment to help meet new requirements of the Medi-Cal and Food Stamp programs. An additional 31 positions are being requested. Of these, 25 Public Service Employee (PSE) positions are requested to act as full-time interpreters in TAD offices, 2 PSE positions are requested by DCS to provide Parent Relations Program services, 1 Supervising Public Health Nurse is requested to direct health related services to DAAS clients and 3 positions are requested to correct dual-fill situations in DCS funded County Counsel positions.

* Existing Consortium IV (C-IV) and Information Technology Support Division (ITSD) positions were moved within this budget unit from TAD and DCS to ITSD, in order to more accurately reflect appropriate organizational reporting authority. Consortium IV is the new welfare automation system scheduled to go live in October 2004.

- ◆ Salary and Benefit costs will increase \$19.4 million. This increase is a combination of additional staff, negotiated MOU increases, salary step increases, retirement contribution increases and worker's compensation cost increases. These increased costs are possible due to funding increases received in 2003-04 and on-going cost containment efforts implemented by HSS in the services, supplies and equipment accounts.
- ◆ Services and supplies costs will increase \$1.6 million. \$1.1 million savings in COWCAP offsets \$2.7 million increases in the General Liability Insurance and Presort and Packaging accounts.
- ◆ Other charges for services to clients will increase \$3.8 million. This is due to increased costs for IHSS Provider payments.
- ◆ Equipment costs will increase \$0.1 million. Some increases in the cost of new equipment will be offset by a reduction in lease/purchases. There are currently no plans to purchase vehicles in 2004-05.
- ◆ Transfers to reimburse other county departments for services provided will increase \$1.0 million. Most of this is a result of increases in facility lease costs reimbursed to Real Estate Services Department.
- ◆ Reimbursements from other county departments for services provided by HSS will decrease \$0.4 million. This reflects a loss of \$0.2 million reimbursement for the cost of HSS leased space no longer occupied by Department of Child Support Services and a loss of a \$0.2 million reimbursement from Department of Behavioral Health for beds in a crisis residential center.
- ◆ Operating transfers out will decrease \$0.6 million. \$0.1 million savings can be attributed to lower costs of the IHSS Public Authority. \$0.5 million savings is due to a negotiated decrease in the amount that will be paid to provide medical benefits to IHSS Providers.

REVENUE

Available federal and state revenue will increase \$22.0 million from 2003-04 levels. This is due to funding increases received from the state. Significant revenue changes between budget years are as follows:

- ◆ Funding for TAD programs increased \$18.3 million from the prior fiscal year. This is a result of increases of \$1.3 million in CalWORKs funding, \$1.2 million in Food Stamp Administration funding, \$14.7 million in Medi-Cal Administration funding, \$0.4 million increase in FSET and Foster Care Administration funding and a decrease of \$2.2 million in funding for various other programs. Also included is the use of \$2.9 million of CalWORKs Incentive funds. HSS believed that the CalWORKs Incentive funds were going to be taken back by the state last year; however, unspent funds were reinstated to the counties and are currently available for use. Some of the available funds will be used to retain contracted services provided to CalWORKs clients.
- ◆ It is expected that funding for DCS programs will remain at the current levels of appropriation, which results in an increase of \$3.1 million over the prior fiscal year.
- ◆ It is estimated that funding for DAAS programs will increase \$0.6 million over the prior fiscal year.

LOCAL COST

All HSS programs are state and/or federal mandates and the county share of funding is either mandated as a percentage of total program costs or as fixed maintenance of effort. County share is comprised of a combination of local funding sources and revenue from the Social Services Realignment fund. The Social Services Realignment fund was created during the State Realignment process to offset local cost and is limited to use for designated social services programs.

In aggregate the HSS Administrative Claim Budget Unit requires a net additional county share of cost of \$3.7 million. An additional \$1.9 million in General Fund Local Cost has been included in the targets approved by the Board. The remaining \$1.8 million will be provided from Realignment. Changes to local funding requirements are as follows:

- ◆ TAD programs will require \$0.2 million additional county share. While available funding has increased \$18.3 million, only \$0.2 million is required as a local share to match the additional FSET and Foster Care Administration funding. This very small increase in local share is possible because most TAD programs require a fixed Maintenance of Effort (MOE) as county share.
- ◆ DCS programs will require \$0.1 million more county share. A \$2.8 million increase in funding for Child Welfare Services (CWS) programs requires a match of only \$0.1 million in local share. A \$1.0 million increase in Adoptions program funding requires no local share. A \$0.7 million decrease in funding for other programs results in no local share savings.
- ◆ DAAS programs will require \$0.2 million additional county share. A \$0.6 million increase in funding for IHSS Administration and Adult Protective Services requires a match of \$0.2 million in local share.

- ◆ DAAS-IHSS Public Authority and cost of IHSS providers will require \$3.2 million more local funding. An expected increase of \$3.8 million for provider payments is due to an expected 12.4% increase in paid hours for services provided to clients. This increase is partially offset by an expected \$0.5 million reduction in negotiated medical benefits and a \$0.1 million decrease in local share required to fund the IHSS Public Authority

The need for additional revenue from Realignment is driven by the increase in county share of cost for programs as outlined above and the practice of financing most local share increases and local financing decreases with revenue from Realignment. Total additional revenue required from Realignment is \$1.8 million. This represents the net effect of increased local share and local funding lost as a result of the state budget impact.

Due to declining sales tax revenues, and the fact that growth will now occur on a lower base amount, it will soon be impossible for Realignment to continue to fund all of the additional costs associated with mandated HSS programs. The draw on the Social Services Realignment Fund has begun to increase rapidly and is projected to continue to increase at a pace that will soon surpass receipts. When this occurs local county general fund dollars will then be required to pay for any mandated HSS program costs that cannot be covered by Realignment.

Changes, by department, are as follows:

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

STAFFING CHANGES

Increases in funding as a result of additional program/workload requirements, have allowed TAD to add 131.0 positions since the reductions made in the 2003-04 budget.

- ◆ 115 net positions were added in the December 2, 2003 Adjustment. Of these, 100 were unclassified Eligibility Worker II positions that are defined as serving at the pleasure of the appointing authority and are subject to available program funding.
- ◆ 25 additional Public Service Employee (PSE) positions are being added to provide temporary translator help in TAD offices. If adequate funding is received, TAD will request permanent positions.
- ◆ 9 positions have been moved from TAD to HSS Information Technology Support Division (ITSD) to assist with the development and implementation of Consortium IV, the statewide automated welfare system that will be operational in November 2004. Many of these positions will return to TAD at some point after implementation.

Most of these TAD staffing increases are necessary because of additional reporting and performance requirements of the Medi-Cal Program. Additional federal and state funding has been allocated to counties as a result of these requirements.

PROGRAM CHANGES

Increases in staffing levels made possible by increased Food Stamp and Medi-Cal funding have allowed TAD to enhance service levels to clients in an effort to meet mandated performance requirements. Stagnation of other funding, primarily CalWORKs, has forced TAD to streamline its methods of service delivery. In an effort to accomplish more with less, TAD has moved CalWORKs Employment Services Program staff from some stand-alone offices into a few of the larger TAD offices. This results in substantial savings of leased facility costs and centralization of services for CalWORKs clients. Clients can now apply for aid, obtain Employment Services counseling, arrange for training assistance, and coordinate subsidized child-care in one office. This effort to co-locate offices will continue into 2005.

CalWORKs Incentive Funds – When building the 2003-04 budget, all indications were that these funds would no longer be available and TAD made appropriate reductions to expenditures for goods and services provided to clients. These funds were restored in the 2003-04 state budget process and now, unless new legislative action is taken, any unspent funds can be rolled over into subsequent years. \$21.4 million is currently available for use. Expenditures are limited to the direct support of CalWORKs clients in the form of goods or services, including services provided by TAD staff. Because of the limited-time nature of these funds, they are not planned to be used to support staff or other ongoing costs in 2004-05. However, it may be necessary to utilize these funds to bridge the gap between increases in staffing costs and reductions in allocations in future years. In 2004-05, \$2.8 million of these funds will be used to support current levels of Transportation and Ancillary services to CalWORKs clients.

DEPARTMENT OF CHILDREN'S SERVICES (DCS)

STAFFING CHANGES

Increases in funding have allowed DCS to add 7.0 positions since the reductions made in the 2003-04 budget.

- ◆ 8 net positions were added in the December 2, 2003 Adjustment.
- ◆ 2 PSE positions are being added to provide Parent Relations Program services. DCS will work with Human Resources to establish a new classification and recruit permanent positions.
- ◆ 3 positions are being added to correct dual-fill situations in DCS funded County Counsel positions.
- ◆ 6 positions have been moved from DCS to HSS ITSD. It has been determined that these positions have never been funded directly by DCS. They have been moved to ITSD to more appropriately reflect their reporting authority.

PROGRAM CHANGES

Funding increases have allowed DCS to add \$2.0 million to expenditures for direct services to clients. These expenditures are for services and supplies provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HSS Administrative Claim budget unit. Net funding increases of \$3.1 million for DCS programs require a match of only \$0.1 million in local share.

DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)

STAFFING CHANGES

Funding increases have allowed DAAS to add 1.0 Supervising Public Health Nurse position to direct medical services to medically fragile adults in the IHSS and APS programs. The position will also supervise other Public Health Nurses in various Aging programs. Formerly these services were provided via a contract with the Public Health department.

PROGRAM CHANGES

IHSS - Individual Provider costs. This program is an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. Paid hours to IHSS providers in 2004-05 are expected to increase 12.4% over 2003-04. Local funding is required for the county share of the IHSS Individual Provider wages and benefits, and the operating costs of the IHSS Public Authority. An additional \$3.2 million of local funding is necessary due to projected caseload growth in 2004-05.

Additionally, local cost is given to the Aging budget through the HSS Administrative Claim budget to fund local match requirements in several Aging programs (Senior Employment, Supportive Services, Ombudsman, and Nutrition programs). In 2004-05, local cost budgeted in this budget unit will fund the following Aging programs:

Senior Employment Program	Local Share Match	36,000
Title III/VII Programs (Supportive Services Ombudsman, Nutrition)	Local Share Match	119,000
Title IIIIE Family Caregiver Program	Local Share Match	117,906
Nutrition Program	Additional Local Share	148,000
	Total	<u>420,906</u>

SUPPORT DIVISIONS

STAFFING CHANGES

Given the uncertainties of the state budget situation, HSS has been prudent with regards to staffing decisions. No additional administrative staff has been added since the reductions made in the 2003-04 budget. Any increases to staffing made possible by the availability of increased funding have been made only in those programs providing direct services to clients. 15 positions have been shifted from departments as follows:

- ◆ 9 positions have been moved from TAD to HSS ITSD to assist with the development and implementation of Consortium IV, the statewide automated welfare system that will be operational in November 2004. Many of these positions will return to TAD at some point after implementation.
- ◆ 6 positions have been moved from DCS to ITSD. It has been determined that these positions have never been funded directly by DCS. They have been moved to ITSD to more appropriately reflect to their reporting authority.

Neither of these staffing shifts has actually resulted in additional support staff, but have been made to correct organizational reporting and funding structures.

PROGRAM CHANGES

Net budget increases of \$2.4 million have been made in administrative overhead costs, which are shared by all HSS departments in this budget unit. The intent of these budget increases is to restore services, supplies and equipment appropriations to actual expenditure levels experienced to date in 2003-04. Resulting cost increases have been allocated among all programs included in this budget unit.

The following chart provides an overview of the funding sources and local share requirements for the programs that are budgeted in the HSS Administrative Claim budget.

Domestic Violence/Child Abuse Services

DESCRIPTION OF MAJOR SERVICES

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses. The child abuse prevention program is funded by a state grant and revenues generated from a surcharge placed on certified copies of birth certificates. Revenues from the surcharges are deposited in special revenue funds and used to fund the contractors. These three revenue sources provide 100% of the funding for this program.

There is no county general fund contribution nor staffing associated with this budget unit.

The revenue sources for this program include two special revenue funds generated from surcharges on the sale of birth certificates (SDL DPA) and marriage licenses (SDP DVC). Each fund is permitted to carry-over fund balances from year-to-year should revenues outpace the contracts awarded in any given year. Cash receipts in 2003-04 have not kept pace with the contracts awarded, resulting in a drawdown of the fund balances. This trend is expected to continue indefinitely. Rather than making the entire fund balances available for contracts in 2004-05, contract amounts will be increased only three percent (3%) in order to delay the inevitable exhaustion of the fund balances. This strategy should bolster steady growth in contractor awards for the next five years when, barring state legislation to increase surcharges, the fund balances will be exhausted and contracts will depend entirely on fluctuating yearly cash receipts.

Entitlement Payments (Childcare)

DESCRIPTION OF MAJOR SERVICES

All childcare programs administered by the Transitional Assistance Department (TAD) are budgeted within this unit. This expanded program is one of the major programs of the federal welfare reform and the resulting state CalWORKs program. The expanded programs are intended to fund childcare for CalWORKs recipients that are seeking employment or have obtained employment and continue through employment stabilization for a period of up to two years. This budget unit also incorporates the program that funds childcare for families in which the child is under the auspices of the Department of Children's Services and is at risk of parent abuse or neglect. Childcare provider payments are 100% federal and state funded through reimbursements by the state.

There is no staffing associated with this budget unit.

Actual allocations/grants are lower than budgeted. However, appropriations and revenues have not been completely adjusted to date. In June 2003, the California Department of Education (CDE) released the allocations to Counties for Stages 2 and 3, Alternative Payment (CPS) and the Federal Block Grant. On July 8th, 2003, the department presented to the Board all 2003-04 childcare allocations. In December, 2003 and January, 2004 the department received allocation reductions from CDE of \$4.7 million in Stages 2 & 3, which were presented to the Board on March 2, 2004 (item #35). An additional reduction of \$500,000 is expected for Stage 2 and will be presented to the Board in May 2004. These reductions are due to reduced caseload and State regulated payment reductions to childcare providers.

Budgeted and actual allocations and contracts for childcare services are shown on the following page:

Program	FY 03/04 Budget	Actual Contract / Allocation Amounts	Revised Contract / Allocation Amounts	Total Funding
Stage 1 CalWORKs	47,873,762	40,124,291	-	40,124,291

Total	93,919,918	90,552,580	(5,405,046)	85,147,534

(Not including administrative costs calculated at approx 10.2% of actual allocation)

Based on caseload trends for the eighteen-month period from Oct '02 through March '04, it is projected that overall, expenditures will be:

- under budget by \$10.1 million.
- less than actual allocations by \$1.3 million.

While projected expenditures are \$83.8 million, actual allocations to date are \$85.1 million. This projection is based on caseload trends from July 2002 to December 2003.

Childcare provider payments are 100% Federal and State funded through reimbursements by the State.

Out-of-Home Child Care

DESCRIPTION OF MAJOR SERVICES

This program provides assistance payments for room, board and care for those children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens. Some of these children have serious emotional and medical problems, which increase the difficulty of locating appropriate facilities for their care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case. This program is 100% locally funded.

There is no staffing associated with this budget unit.

Paid Cases Per Month	22	32	24	25
Average Monthly Aid	\$1,471	\$890	\$1,174	\$1,225

Workload indicators for 2002-03 were incorrectly stated in last year's budget book. The paid cases per month and average monthly aid numbers have been corrected.

Expenditures for this budget are relatively inconsistent from month to month, depending upon the number of non-aided children placed in emergency shelter care.

Through the first nine months of the fiscal year \$282,495, or 84%, has been expended. Each year the Department of Children's Services (DCS) makes a determination of cases that should be funded with Federal and State money and retroactively funds OCC cases with Child Welfare Services funds. In January of 2004 DCS funded \$187,000 in prior OCC cases and in May the department will fund an additional \$100,000.

Based on data from the previous 12 months it is anticipated that expenditures will be approximately \$337,991. With the exception of those cases mentioned above, no other state and federal revenue is received for this program. It is funded entirely by local funds.

Paid cases per month are projected to drop by 22% from the previous year due to the Department of Children's Services ability to more efficiently help children qualify for federal and state programs. Average monthly aid per case is projected to increase by 38% due to:

- an increasing number of disturbed children have entered the child welfare system
- a shortage of facilities in the county that accept high-risk children at a reasonable placement rate.

Aid to Adoptive Children

DESCRIPTION OF MAJOR SERVICES

This program provides financial assistance to adopting parents who would otherwise not be able to provide for a child's special needs. The children, on whose behalf monies are paid, are disadvantaged personally or physically handicapped, or are adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget is funded approximately 48% state and 36% federal, with the remaining mandated 16% local share funded with Realignment and local cost.

There is no staffing associated with this budget unit.

Workload Indicators

Cases Per Month	1,926	2,343	2,404	2,869
Average Monthly Aid	\$656	\$610	\$687	\$732

As a result of unanticipated program growth, expenditures in this program are projected to exceed budget by \$2,674,939. Budgeted annual cases in 2003-04 are 28,110, a 22% increase over 2002-03 annual cases. However, caseload has grown even faster in 2003-04, and is now expected to grow to 28,847 annual cases (a 25% increase over 2002-03).

Average grant amounts have also increased significantly. Due to the high cost of care for these special-needs children, the actual average monthly grant amounts are projected to be \$687 (a 5% increase over the prior fiscal year).

Actual annual caseload and average monthly grant increases are shown below:

Fiscal Year	Annual Cases	% Increase	Average Monthly Grant Amount	% Increase
2000-01	14,652		\$525	
2001-02	18,696	28%	\$611	16%
2002-03	23,112	24%	\$656	7%
2003-04	28,847	25%	\$687	5%

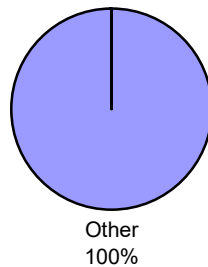

The growth in this program is attributed to State legislation, which became effective January 1, 2000, that encourages and promotes the adoption of children eligible for the program (AB 390). The legislation requires that the county provide prospective adoptive families with information on the availability of benefits, as well as reimbursement for nonrecurring expenses in the adoption of an eligible child. Additionally, there is no financial means test used to determine an adoptive family's eligibility for the program.

This program is approximately 84% funded with state and federal revenues, with a 16% local share. The local share is funded with a combination of Social Services Realignment and local cost.

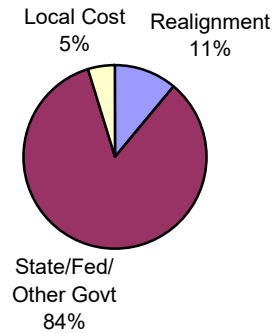

A Board Agenda Item was presented to the Board on April 20, 2004, which increased the 2003-04 budget appropriations \$2,674,939, state revenue \$1,332,501, federal revenue \$904,577 and Realignment \$437,861. The additional \$437,861 in Realignment will fund the increased local share required.

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Local Cost
Increase in the Aid to Adoptive Children program.	-	999,023	999,023	-
The Adoption Assistance program (AAP) is a Federal mandated program under the Federal Adoption Assistance and Child Welfare Act of 1980, PL 96-272. Program administrators anticipate that the number of participants in this program will increase 530 participants during the Fiscal Year and 30 participants will leave the program because of age limits. Increased expenditures are due to increased participants and a projected 19% increase in the average monthly grant. This program is funded approximately 84% with state and federal revenues, with a 16% local share. The local share is funded with a combination of Social Services Realignment and local cost. HSS will fund the increase in 04/05 local share (\$133,834) with Social Services Realignment.

AFDC – Foster Care

DESCRIPTION OF MAJOR SERVICES

This program provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both the Department of Children's Services (DCS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federal cases, the cost-sharing ratios are approximately 43% federal, 22% state, and 35% County.
- For non-federal cases, the cost-sharing ratio is 40% state and 60% County.
- All county share-of-cost is mandated and is reimbursed from Social Services Realignment and the county general fund.

Additionally, this budget unit provides \$1.1 million in Social Services Realignment funding annually to the Probation Department to assist in operating the Fouts Springs Youth Facility. This facility is a boot-camp type of facility and is used as a diversionary program for delinquent youth.

There is no staffing associated with this budget unit.

The variance between 2003-04 Budget and Estimate is due to declining caseload, partly due to cases shifting from the Foster Care program into the Kin-Gap program. It was projected that caseload would increase with the opening of the Vision Quest facility. This is an RCL 12 placement facility in which 72 youth were to be admitted beginning in October 2003. Most of these placements have been made and have not impacted the caseload numbers as anticipated due to continuing movement of children into Kin-Gap. This has resulted in the caseload being 1% lower than budgeted.

Additionally, the non-federal cost per case is now projected to be 7% less than budget. Increases in recent years are due to the severe statewide shortage of foster family homes and intensive treatment facilities for seriously troubled children. These children are being placed in higher cost Foster Family Agencies and Group Homes.

The Foster Care caseload has experienced a decline in recent years, partly due to cases shifting from the Foster Care program into the Kin-Gap program. Caseloads are projected to remain stable in FY 2004-05.

While caseloads have been declining, costs for these cases continue to increase. This is due to the severe statewide shortage of foster family homes and intensive treatment facilities for seriously troubled children. These children are being placed in higher cost Foster Family Agencies and Group Homes.

Average grants in FY 2004-05 are projected to be 7% higher than FY 2003-04. The rising cost per case is a statewide problem. The Governor is currently looking for solutions to control the rising costs, but it is not known when any new legislation or procedures will be handed down.

The U.S. District Court issued an order in February 2004 in the Rosales v. Thompson case revising the eligibility requirements for foster care cases. Non-federal cases are currently being reviewed that may now be eligible for federal funds. Also, cases that previously were denied foster care funds and had been designated as CalWORKS may now be eligible for foster care funds. Each county is required to review all foster care cases open on or after March 2003 to determine eligibility for retroactive payments. The impact this ruling will have on San Bernardino County will not be known until all affected cases are reviewed.

Finally, the State is proposing to eliminate the County share of Child Support collections in 2004-05, which is used to offset local cost in Foster Care, CalWORKs aid payments (AAB FGR and AAB UPP), and the Kinship Guardianship Assistance Program (AAB KIN). With the loss of this revenue, local cost is projected to exceed target in AAB FGR and AAB KIN. To offset the increase, HSS is proposing to increase budgeted Realignment revenues in Foster Care to assist in transferring a net of \$303,276 in local cost to AAB FGR. This will enable HSS to remain within local cost targets in the subsistence payment budget units.

The proposed 2004-05 budget projects a small caseload decline from the previous year and an expected 1.5% COLA in the SSI/SSP rate for the months of January through June 2005. This is a 100% state funded program that results in no local cost. Because the state legislature could expand program eligibility at any time it is recommended that 2004-05 appropriations remain at the current level.

CALWORKS – All Other Families

DESCRIPTION OF MAJOR SERVICES

This budget unit provides CalWORKs assistance payments families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal (50%) and state (47.5%) governments reimburse costs for this program. The mandated local share of 2.5% is funded with county general fund.

The variance between the 2003-04 Budget and Estimate is due to a Cost-of-Living Adjustment (COLA), which took effect at the start of the fiscal year that the state had originally stated would not occur. The COLA has resulted in expenditures and revenues being greater than originally projected. The budget unit will remain within the Local Cost target due to increased revenues realized from child support collections.

The 2004-05 requested budget is significantly lower than original projections because caseload decreases were realized rather than the increases predicted by the Governor's office last March. The state has not provided any caseload estimates for 2004-05; therefore, a conservative estimate of zero caseload growth has been used (despite continuing caseload declines in Fiscal Year 2003-04). The state has not given any advance notification of Cost-of-Living Adjustments in 2004-05, so the average monthly grant is expected to remain stable as well.

However, the state has proposed to eliminate the County's share of child support collections, which is currently used to offset local share for this program, as well as in Foster Care (AAB BHI) and the Kinship Guardianship Assistance Program (AAB KIN). With the loss of this revenue, local cost is projected to exceed target in this budget unit by \$318,332. To offset the increase, the department is proposing to increase budgeted Realignment revenues in Foster Care. This will enable HSS to remain within local cost targets overall in the subsistence payment budget units.

Kinship Guardianship Assistance Program

DESCRIPTION OF MAJOR SERVICES

This federal program was implemented Jan. 1, 2000. It provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-GAP program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest.

The estimated federal cost reimbursement is approximately 66% and the state cost reimbursement is approximately 17%. The remaining 17% mandated local share is funded by the county general fund.

There is no staffing associated with this budget unit.

Average Paid Cases Per Month	389	492	531	677
Average Monthly Aid	\$542	\$567	\$545	\$560

Estimated expenditures are projected to exceed 2003-04 budget by approximately \$120,000 or 3.9%, due to higher than projected caseload. It was anticipated that the number of cases would stabilize once the backlog of eligible cases in foster care were transferred to the Kin-Gap program, but caseload growth has continued at a higher rate than expected. This may be due to a greater awareness of the program, and more children in the foster care system now are eligible for the Kin-Gap program.

Local cost will not exceed budgeted local cost, however, due to higher than expected revenue from Child Support Collections.

Since the program's inception in 2000, caseload has continued to grow significantly each year. It is anticipated that caseload will increase by approximately 27% in FY 2004-05. This reflects a growth of 12 new cases per month in FY 2004-05.

The cost per case appears to have stabilized and no significant increase in cost is projected for 2004-05. A 0.5% increase has been included to provide for COLAs received during FY 2003-04.

However, the state has proposed to eliminate the County's share of child support collections, which is currently used to offset local share for this program, as well as in Foster Care (AAB BHI) and in CalWORKs aid payments (AAB FGR and AAB UPP). The loss of this revenue will cause this budget unit to exceed the local cost target by \$9,673. To offset the increase, HSS will be transferring local cost from the CalWORKs-2 Parent Families budget unit (AAB UPP). This will enable HSS to remain within local cost targets overall in the subsistence payment budget units.

Seriously Emotionally Disturbed

DESCRIPTION OF MAJOR SERVICES

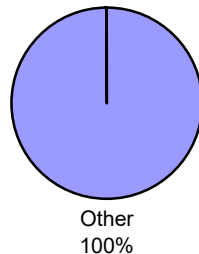

Assembly Bill 3263 requires Human Services System to pay out-of-home costs for seriously emotionally disturbed (SED) children. The SED children under this program are referrals from the county's school districts whom have not been abused or neglected and are placed out-of-home pursuant to an individualized education program (IEP). These clients are referred to the Department of Behavioral Health (DBH) whom has case management and supervision responsibility. This budget includes an expenditure offset of \$79,456 from the DBH for clients placed in residential facilities outside of California. This budget is funded 40% by the state with the mandated 60% local share funded with Social Services Realignment and a county general fund contribution.

There is no staffing associated with this budget unit.

Projected expenditures for 2004-05 are based on the continued higher overall average monthly caseload, placement in higher level of care facilities, and expected rate increases granted to group homes. The majority of the participants are placed in rate classification level (RCL) 11 and 12 group homes. However, nearly 9% of the participants are currently placed in the highest level of group home RCL 14. The majority of the participants, 48%, remain in the program 1 year or less and 39% remain in the program between 1 and 2 years. Only 6 participants have remained in this program for more than 2 years.

Continued caseload growth requires additional appropriation, revenue and local share in 2004-05. Total mandated local share required is \$2,276,791, of which \$1,545,482 is funded with Social Services Realignment. This is an increase of \$269,785 over 2003-04. The remaining \$731,309 local share is funded with General Fund dollars, which is the same amount funded in 2003-04.

CALWORKS – 2-Parent Families

DESCRIPTION OF MAJOR SERVICES

This program provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parent(s) is excluded from, or ineligible for, CalWORKs. The state and federal governments reimburse 97.5% of the costs for this program. The mandated local share of 2.5% is funded with county general fund.

There is no staffing associated with this budget.

There is a significant variance between the 2003-04 Budget and Estimate due to decreasing caseloads. Caseload projections from the Governor's office last March called for slightly increasing caseloads despite actual figures to the contrary in Fiscal Year 2002-03. Expenditures are lower than original projections even with the application of the Cost-of-Living Adjustment. Declining caseloads are due to a combination of factors, including 1) participants reaching CalWORKs time limits and 2) others no longer needing assistance due to newfound employment.

The state has not given any advance notification of Cost-of-Living Adjustments in 2004-05, so the average monthly grant is expected to remain stable as well. However, the state has proposed to eliminate the County's share of child support collections (currently budgeted at \$35,000), which is used to offset local share for this program. The expected savings associated with continuing caseload declines will cover this revenue shortfall of \$15,056 as well as enable a transfer of local cost to the other CalWORKs budget unit (AAB FGR) and to the Kin-Gap budget unit (AAB KIN).

Aid to Indigents (General Relief)

DESCRIPTION OF MAJOR SERVICES

The county is mandated to provide subsistence in the form of cash aid for food, shelter, and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and provide interim assistance pending receipt of SSI benefits. Services and supplies consist of a fixed amount contract with a law firm to assist clients in preparing applications for Social Security Insurance (SSI) benefits. Other revenue represents retroactive SSI payments, which the county receives as reimbursement for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program.

There is no staffing associated with this budget unit.

Workload Indicators

Individuals served per month	426	415	496	445
Average monthly grant per person	\$261	\$252	\$256	\$252

The July 2003 to March 2004 caseload and expenditure trends have increased by 32% in comparison to monthly data during the previous year. Based on actual monthly costs from January 2003 to March 2004, projected costs for the remainder of FY 2003-04 indicate a potential over expenditure of \$269,323.

Reasons for the increasing caseload include the following:

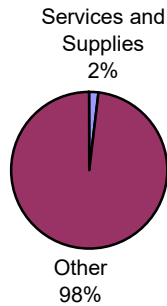

- CalWORKs clients reaching 5-year limit on aid
- Population increase in our County and the availability of cheaper housing (including shared living arrangements)
- Clients are staying on aid longer because of changes to SSI rules, i.e. those with substance abuse problems (drugs, alcohol) are not eligible for SSI unless they are in a treatment program
- Clients are also staying on aid longer because of the lengthy appeals process for their specific case situations (some clients have been in the appeals process since 2002)

Revenue collections for the first 9 months of FY 2003-04 appear to be slightly more than anticipated. The revenue collection represents retroactive SSI payments the County receives as reimbursement from eligible indigents prior to their enrollment in SSI. Based on actual monthly revenue from January 2003 to March 2004, projected revenue for the remainder of FY 2003-04 indicate a potential increase of \$6,175.

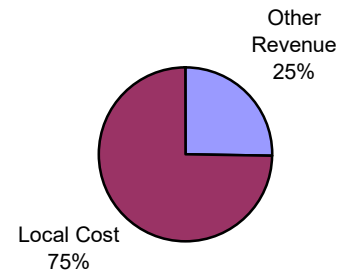

As a result of higher than anticipated expenses (offset by an increase in revenue collection), the net impact on County local cost is projected to exceed budget by \$263,148 for Aid to Indigents. However, due to expected savings in other subsistence budget units, HSS is not expected to exceed its overall budgeted local cost.

It is projected that 2004-05 caseload will increase by 7% in comparison to 2003-04 budget due to the following:

- CalWORKs clients reaching the 5-year aid limit.
- The County's continuing population increase and the availability of affordable housing (including shared living arrangements)
- Clients staying on aid longer because of changes to SSI rules, i.e. drug addicts and alcoholics are not eligible for SSI unless they are in a treatment program.
- Clients staying on aid longer because of the lengthy appeals process for their specific case situations (some clients have been in the appeals process since 2002).

It should be noted that 2004-05 caseload projections are expected to be less than 2003-04 caseload estimates. This is due to efforts by TAD staff to minimize increases in caseload by performing frequent case reviews and carefully monitoring eligibility. Average monthly aid per case is projected to remain the same in comparison to last year.

Revenue collection can vary from year to year due to periodic reimbursements of retroactive SSI payments that are inconsistent from month to month and year to year. It is estimated that revenues will be 3.5% higher in 2004-05.

Proposition 36

MISSION STATEMENT

The Mission of Proposition 36 is to provide nonviolent drug offenders with proven and effective treatment strategies rather than incarceration through a collaborative effort of stakeholders.

DESCRIPTION OF MAJOR SERVICES

In November 2000, California passed Proposition 36, the Substance Abuse and Crime Prevention Act of 2000 (Act). The Act mandated that certain persons convicted of a nonviolent drug possession offense, and any parolee who is determined by the Parole Authority to have committed a nonviolent drug possession offense, or violated any other drug-related condition of parole, will be provided drug treatment and related services in lieu of incarceration. On February 6, 2001 the Board of Supervisors designated Human Services System as the county lead agency for implementation of the Act and established a local interest earning special revenue fund for funds received from the state for this program.

Proposition 36 was intended as a 5 year demonstration project for the period of July 1, 2001 through June 30, 2006. Revenue of \$2.77 million was allocated to the County for the period of January 1, 2001 through June 30, 2001 as start up funds. During the planning for implementation a decision was made that the anticipated annual allocation would not keep pace with expenditures. Therefore, the \$2.77 million was deposited in the Proposition 36 special revenue fund to finance treatment and probation costs that exceeded the annual allocation. A portion of the reserve has been used annually to finance costs that have exceeded the annual allocation. It is anticipated that the fund balance will be depleted at the proposed program end date of June 30, 2006.

This special revenue fund does not directly spend funds or provides services. This special revenue fund is used to account for disposition of the funds received from the state. Funds are transferred to the department of Alcohol and Drug Abuse Services and Probation which are the ones providing the treatment and overseeing the parolees.

There is no staffing associated with this budget unit.

3. Increase State allocation due to formula change The preliminary state allocation of Prop 36 funds has increased by \$206,041 due to a change in the allocation methodology used by the state. Past allocations were based on a county's population, treatment caseload at a point in time and total number of drug arrests. The new methodology is based on a county's population, average daily treatment caseload and number of felony and misdemeanor arrest.	-	-	206,041	(206,041)
4. Decrease contingencies to reflect use of fund balance in 2003-04 Decrease contingencies to fund on-going expenses not covered by the state allocation. AB 212 – Teacher Stipends

DESCRIPTION OF MAJOR SERVICES

High quality childcare is dependent upon a well-trained, well-compensated and dedicated staff. In an effort to foster an environment where this type of staff is developed and retained, Children's Network applied for and was awarded this state grant via Assembly Bill 212 (Teacher Stipends) in December 2001. Grant monies are placed in this special revenue fund providing stipends to pre-school teachers and/or administrators who demonstrate completion of college credits towards certification or post-secondary degrees. The stipend increases as the number of college units completed increases thereby acting as an incentive for preschool teachers to further educational levels. Stipends also increase for teachers who speak a second language or teach disabled children making preschool services accessible to a larger portion of the community.

There is no staffing associated with this budget unit.

Preschool Services Roberta York

MISSION STATEMENT

The Department of Preschool Services provides a foundation for success for children by giving them the highest quality child development and family support services.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

Preschool Services Department (PSD) has operated the Federal Head Start and other childcare programs in San Bernardino County since 1965 providing comprehensive child development and family services to children, ages 3 to 5 years, of low income and disadvantaged families. As the primary program (87% of funding), Head Start incorporates educational, health, nutritional, and psychological services in order to help children become ready to enter and succeed in school and life in general. PSD provides childcare services at 39 sites throughout the county. Other programs operated by this department include State Preschool, General Child Care and Child and Adult Care Food Programs.

Preschool Services became a Department under the County of San Bernardino, Human Services System in January 1999 and continues to be fully funded from federal and state sources (no local cost). Prior to 1999-00, the Preschool Services function was budgeted outside of the county's organizational structure.

MAJOR PROGRAMS

- **Early Childhood Education**

The Education Division oversees the daily operations of the Head Start sites. The County is divided into 6 areas for the purpose of general supervision and monitoring. This division is responsible for the overall operations of the Head Start Centers and ensures that each child is provided comprehensive child development services that are age appropriate, and address all areas of a child's growth and development: physical, social emotional, language and cognitive (academic including early literacy).

- **Family Community Partnerships (FCP)**

The FCP Division oversees the daily support of families enrolled in the Program. FCP Generalists are responsible for an assessment of individual family strengths and interests to help parents connect with the necessary services and other support systems needed to reach their goals. Eligibility Workers are responsible for gathering enrollment information on families and maintaining child attendance. Parents have an opportunity to become involved in the program through decision-making groups, such as (Parent Committees and Policy Council), volunteering in the classroom and conducting parent-initiated activities. Parents are also encouraged and given an opportunity to apply for positions for which they may qualify in the program.

Health, Nutrition and Mental Health are program areas under the Family Community Partnership Division. A Registered Nurse ensures that comprehensive health services are provided through direct services and/or referrals to appropriate community resources. Preventive health practices are provided through educational sessions and materials. A Nutritionist ensures that wholesome and nutritious meals and snacks are provided to children to supplement food served at home. Special menus are available to children with special medical requests. Children are provided age appropriate food experiences and parents participate in Nutrition Education classes. Parents are invited and encouraged to participate in Parent Nutrition and/or Health Advisory Committee. The Mental Health Specialists are responsible for providing services to parents, children and staff as needed or upon request or referral to all locations throughout the county.

The Transition Specialist partners with local school districts to ensure smooth transitions for children and families into kindergarten.

- **Special Services - Disabilities**

The Special Services Division has extended core capability for providing screening, evaluation, remediation and/or referral services to children with multiple special needs. This division includes a Psychologist, Speech Therapist, Special Education Specialist and a Registered Nurse.

Salaries and Benefits are projected to be under final budget appropriation levels by \$228,601 due to attrition and/or delays in filling most vacant positions.

Services and Supplies will exceed final budget appropriation levels by \$40,440. The Board approved one-time funds and increased appropriations by \$41,726 on February 10, 2004 (Item no. 37) to fund the installation of playground equipment at various sites throughout the county.

Other charges will exceed final budget appropriation levels by \$52,613 due to a 7% rate increase in the transportation contract. The Board approved the initial transportation contract on July 1, 2003 with a provision that the Assistant County Administrator for HSS, or his/her designee, has the authority to approve any individual rate increase to the contract by an amount not to exceed 7%. This increase was granted on August 13, 2003, retroactive back to July 1, 2003. The Board approved one-time funds and increased appropriations by \$175,000 on February 10, 2004 (Item no 37).

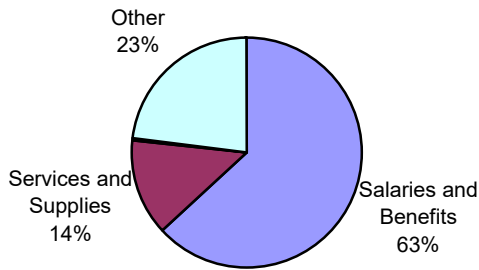

Improvement to Structures will exceed final budget appropriation levels by \$209,599. PSD expects to purchase and install a modular unit at the Rancho Cucamonga site by June 30, 2004. The Board approved one-time funds and increased appropriations by \$209,599 on July 15, 2003 (Item no. 24).

Equipment will exceed final budget appropriation levels by \$227,361 due to anticipated purchases and installation of playground equipment for the new Yucca Valley, North Redlands and San Bernardino sites. The Board approved a transfer from Salaries in the amount of \$130,000 on September 9, 2003 (Item no. 47). Additionally, the Board approved one-time funds and increased appropriations by \$97,361 on February 10, 2004.

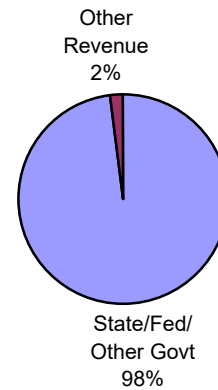

Rents will exceed final budget appropriation levels by \$53,211 due to new lease agreements at the Yucca Valley and the Ontario-Holt sites. Due to savings in Services and Supplies, a \$150,000-appropriation transfer from Services and Supplies was processed in January 2004 to cover the additional costs.

STAFFING AND PROGRAM CHANGES FY2004-05

Due to MOU and other staffing related increases of \$2.1 million overall staffing was reduced 39.9 budgeted positions at a savings of \$1.5 million, which resulted in an increase of \$578,016 over last year. The reduction of budgeted positions will be managed through program changes and expected attrition, which is outlined as follows:

The department plans to reduce its teaching pool (currently 251) by 35 – 9-month (21 FTE) Teacher positions through attrition and contract terminations. Department administration is changing the Part Day Program Option from Single Session to Double Session. This proposed change was approved by the Parent Policy Council, Shared Governance Board, the Board of Supervisors (March 9, 2004, Item no. 24), and was submitted with the Grant Application for approval by the Administration for Children and Families (ACF) on April 1, 2004. Beginning July 1, 2004, part-day teachers will work five (5) eight hour days and teach two – 3 ½ hour sessions per day, four (4) days per week. On the fifth day of the week, teachers will have a non-teaching day to be utilized for class work preparation, planning, documentation, reporting, home visits and staff training. Classes will operate traditional or track and follow the same calendar for holidays and recess periods for 134 teaching days.

The department plans on eliminating all (10.2 FTE) Program Aide positions from the department structure. These positions provide assistance to children with disabilities. The department's reorganization will include training classroom assigned teachers to work directly with their special needs students.

The department proposes a reduction of (8.8 FTE) Contract Generalist Positions. This will be accomplished due to the implementation of an automated client tracking and monitoring system (Genesis) effective July 2003. These positions provide support services (e.g. referrals for medical, health, social services) to children and families. The referral and follow-up processes were done manually before, and are now automated to make operations more efficient and effective.

The department proposes eliminating (17.2 FTE) Administrative and Support Staff Positions. Positions are currently vacant or will be vacated by June 30, 2004 due to promotions, reassignments, retirement and/or terminations.

Services and supplies appropriation is increased by \$1.14 million. This is due to increases in the County-Wide Cost Allocation Plan (COWCAP) of \$385,851, general liability of \$193,298, structural/playground improvements of \$165,000, site supplies of \$209,073, utilities and phone of \$112,615, food of \$46,000 and other miscellaneous \$28,163.

Other Charges appropriation is reduced by \$658,643 due to decreases anticipated in food, transportation and Delegate Agency contracts. The application of the 4-day model for part-day classroom operations will create a projected reduction in food and transportation costs. In addition, the Delegate Agencies have returned 14 federal part-day slots and renegotiated food contract rates.

Equipment appropriation is increased by \$35,000 due to a new North Redlands site is anticipated to open in January 2005. This includes the purchase and installation of new playground equipment.

Transfers appropriation is increased by \$202,784 due to mostly to increases in rent on all leases. This includes the two new sites in North Redlands and Yucca Valley.

Revenue appropriation is increased by \$948,663 due to a contract from the Children and Families Commission (First 5) in the amount of \$710,322 and an increase in Federal and State aid of \$238,341. The contract with First 5 is to provide school readiness services to children in the High Desert Communities of San Bernardino County for the period of January 1, 2004 through December 30, 2004 (with three – 12 month extensions). The areas of focus for school readiness are positive approaches to learning, cognitive ability, language and social and emotional growth. PSD is the lead agency and serves as the coordinating body and fiscal agent. The other members of the Coalition are the County Library, Public Health and the County Superintendent of Schools. The Board of Supervisors approved the contract on March 16, 2004 (Item no. 30) and authorized the Auditor/Controller-Recorder to increase appropriations in Salaries and Benefits, and Services and Supplies.

DEPARTMENT RECOMMENDED FUNDED ADJUSTMENTS

Brief Description of Program Adjustment	Budgeted Staffing	Appropriation	Departmental Revenue	Fund Balance
1. Eliminate 10.2 FTE Contract Program Aides Positions Eliminate all Program Aide positions (9.23-9 mo and 1-12 mo) from the departmental structure. These positions provide assistance to children with disabilities. The department's reorganization will include training classroom assigned teachers to work directly with their special needs students.	(10.2)	(248,016)	-	(248,016)
2. Reduce 8.8 FTE Contract Generalist Positions Reduce the number of Generalist positions by 8.8 FTE due to the implementation of an automated client tracking and monitoring system (Genesis) effective July 2003. These positions provide support services (e.g. referrals for medical, health, social services) to children and families. The referral and follow-up processes were done manually before, and are now automated to make operations more efficient and effective.	(8.8)	(263,906)	-	(263,906)
3. Delete 17.2 FTE Administrative and Support Staff Positions Positions are currently vacant or will be vacated by June 30, 2004 due to promotions, reassignments, retirement and/or terminations	(17.2)	(629,541)	-	(629,541)
4. Reduce 21 FTE Contract Teacher 9mo Positions Reduce the number of Teacher 9 mo positions by 21 FTE. VETERANS AFFAIRS

MISSION STATEMENT

The Department of Veterans Affairs promotes veterans' rights, issues, and access to services and benefits. It works with community organizations, local, state, and federal agencies to identify and obtain benefits for all veterans and their families.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

According to the Secretary of the U.S. Department of Veterans Affairs, approximately one out of every three people in the United States is a potential VA beneficiary. In San Bernardino County, this means approximately 565,000 veterans, dependents and survivors may become recipients of veterans' benefits. Veterans Affairs provides information and assistance to residents in filing claims for benefits and services to which they may be entitled from federal, state, and local governments. These benefits include medical care, life insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation. County VA employees are often the initial contact with the VA system for veterans in our community.

Services to the veterans' community are concentrated in the following four areas:

Claims Assistance

- Provide benefits counseling, claim preparation, and development of probative evidence.
- Monitor claim adjudication and resolve issues or questions in favor of the veteran. Provide assistance with administrative and appellate review of claims.
- Administer the California College Fee Waiver program for dependents of disabled veterans in San Bernardino County.

Information and referral to other programs

- Make referrals to other county departments, i.e., Aging and Adult Services, Transitional Assistance Department, Community Services, Behavioral Health, County Recorder, etc.
- Provide information and referrals to area homeless providers and emergency services providers.
- Make referrals to State and Federal agencies including Social Security and SSI, Employment Development, Rail road Retirement, Department of Defense, etc.

Advocacy

- Individual advocacy entails resolution of adjudicative questions and concerns related to processing of an individual veteran's claim.
- Advocacy at the policy level includes resolution of local policy and procedural issues that better serve the bureaucracy rather than our veterans.
- Legislative advocacy involves providing state and federal elected officials with technical assistance regarding veterans' legislation.

Outreach

- Conduct outreach at retirement homes, mortuaries, schools, military separation programs, and service organization American Legion, Disabled American Veterans, Veterans of Foreign wars, Elks, Rotary, etc.) for the purpose of informing the community of veterans' benefits and services.
- Participate in community events relevant to veterans: job fairs, stand-downs, government day events, etc.

A savings of \$31,257 in salary and benefits is anticipated due to the following:

- A Supervising VSR position is currently being under filled with a VSR II.
- A VSR I position has been vacant pending recruitment.

An increase of \$23,219 in services and supplies is anticipated due to the following:

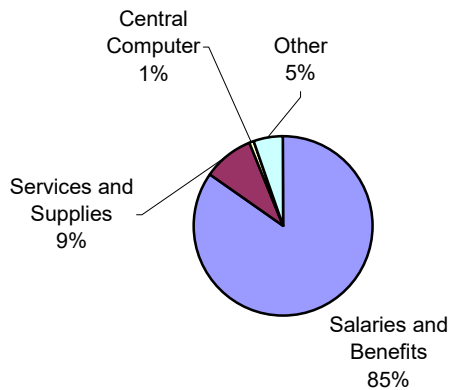

- Due to funding cuts the department was forced to close the Ontario office and move to the Chino courthouse. The increase is due to relocating staff to the office and making slight renovations to the Chino space.

An increase of \$45,445 in Revenue is anticipated due to the following:

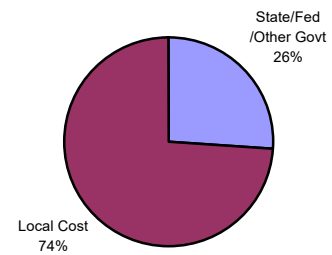

- The department anticipates increased revenue than originally estimated for FY 2003-04 based on the final allocation report from the State. Revenues are projected based on previous year's data and on anticipated workload for the upcoming year.

DESCRIPTION

At the end of the 2001-02 year the Realignment funds were converted from trust funds to a restricted general funds requiring them to be budgeted. This is the second year the Realignment budgets have been presented in the County's budget book. The format for this section varies from other budget units to help with presentation of information. The Realignment budgets do not directly spend funds or provide service. They are strictly financing budgets with the actual expenditures occurring within the operating budget units of the departments that receive Realignment revenue.

In 1991 the state shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a ½ cent Sales Tax and a change in the depreciation schedule for vehicles which resulted in a 24.33% increase in Vehicle License Fee (VLF) revenues. Each of the three service areas identified were required to have their own separate accounts established and each of those service areas receive a different share of statewide Realignment revenues.

Within the mental health area, the programs for which the county is now responsible for are: community-based mental health programs, State Hospital services for county patients, and Institutions for Mental Disease. Within the social services area, the programs for which the county is now responsible for are: the county revenue stabilization program and the county justice subvention program. Within the health area, the programs for which the county is now responsible for are: AB8 county health services, local health services, medically indigent services, and the county medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. Social services had a number of programs involved in sharing ratio changes (numbers are shown in percentages in the order of state/county shares of cost): foster care from 95/5 to 40/60, child welfare services from 76/24 to 70/30, In Home Supportive Services (IHSS) from 97/3 to 65/35, county services block grant from 84/16 to 70/30, adoption assistance from 100/0 to 75/25, Greater Avenues for Independence from 100/0 to 70/30, CalWorks from 89/11 to 95/5, and administration from 50/50 to 70/30. Within health, the California Children's Services program cost share shifted from 75% state/25% county to 50/50.

The Realignment program has some flaws in its design that adversely impact County of San Bernardino revenues. First is San Bernardino's status as an "under equity county," meaning that the county receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under equity in those programs. Realignment did attempt to address the inequity issue, but the effort fell short. The county continues to be under equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, that incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over equity get a higher percentage of the new revenue while those that are under equity get less.

In addition to the under equity issue is the fact that the demand for the services we are providing and the revenue streams funding them are both sensitive to the economy. When the economy is doing well, demand for services is reduced and revenues are high. When the economy does poorly, demand for services is high, but revenues under perform. During the recent good years, the realignment funds recovered from earlier difficulties and built up a substantial available fund balance. Beginning in the 2002-03 year, those fund balances began to be depleted as revenues shrank, demand for services increased, and expenses increased. The 2004-05 year end fund balance is projected to be only slightly more than one-half of the fund balance at the peak hit in 2001-02.

The state anticipated that some of the problems with Realignment could result in litigation or unfunded mandate claims. As a result, the legislation contained three poison pill provisions that would make certain provisions of Realignment inoperative. The three poison pills that could nullify Realignment, or portions of it, are: (1) a county successfully filing an unfunded mandate claim with respect to realigned programs, (2) constitutional challenges regarding Realignment's treatment of VLF revenues (which are constitutionally protected as local government revenue) or a finding that exclusion of Realignment revenue from Proposition 98 education funding calculations is unconstitutional, and (3) an appellate court determination that 1982 legislation shifting responsibility for medically indigent adults to counties is reimbursable as an unfunded mandate.

Recently, San Diego County was successful in its legal attempt to seek additional funds from the State for medically indigent adults. The lower court ruling was upheld at the appellate court and the State Supreme Court declined to hear the case, which made the appellate court's decision in favor of San Diego final. That action triggered the third poison pill and resulted in the immediate cessation of Realignment VLF payments to counties. The State legislature passed legislation to temporarily revoke the poison pill and make the counties whole for lost funds; however, this is a temporary fix that only resolves the problem until July 15, 2004. Further resolution of the problem is being rolled into the State's 2004-05 budget process. Delays in the State adopting a budget result in the County of San Bernardino not receiving approximately \$5 million monthly. For purposes of this budget, it is assumed that the State legislature will work out a permanent fix during the budget process and that the County will be made whole for revenues not received between July 16, 2004 and implementation of the permanent fix in conjunction with final adoption of the State budget.

Aside from the Poison Pill problem, the temporary fix legislation addressed the problem of funds the counties lost at the end of the 2002-03 year and the beginning of the 2003-04 year as a result of delays in implementation of the increases and decreases in VLF that occurred during Governor Davis' tenure, referred to as the "gap." Originally legislation was passed that would temporarily shift 2003-04 general VLF revenues to Realignment VLF to fill the gap. It has been estimated by the Department of Finance that the shift as adopted will be insufficient to fill the gap. This shortfall has now been resolved because the Poison Pill temporary fix bill gives the Department of Finance authority to adjust the amount of VLF revenues shifted to exactly backfill Realignment for any lost gap revenues.

With the Poison Pill problem only temporarily resolved, there are potential problems regarding availability of cash in the Realignment funds should the State have a long delay in adoption of a permanent fix. These concerns have been brought to the attention of the Auditor-Controller's office for their consideration as they estimate coming year cash flows and prepare to size the County's TRANS issuance.

The Realignment legislation does allow for some flexibility in usage of funds at the county level. Upon action by the Board of Supervisors, a county can transfer 10% of a given years revenue from one fund to another. San Bernardino County has used the provision repeatedly over the years to help support either the health or social services programs. In the chart above there is a budgeted transfer for the 2004-05 year noted in the "Budgeted 10% Transfers" column. Any such transfer would have to come before the Board of Supervisors for approval before taking place.

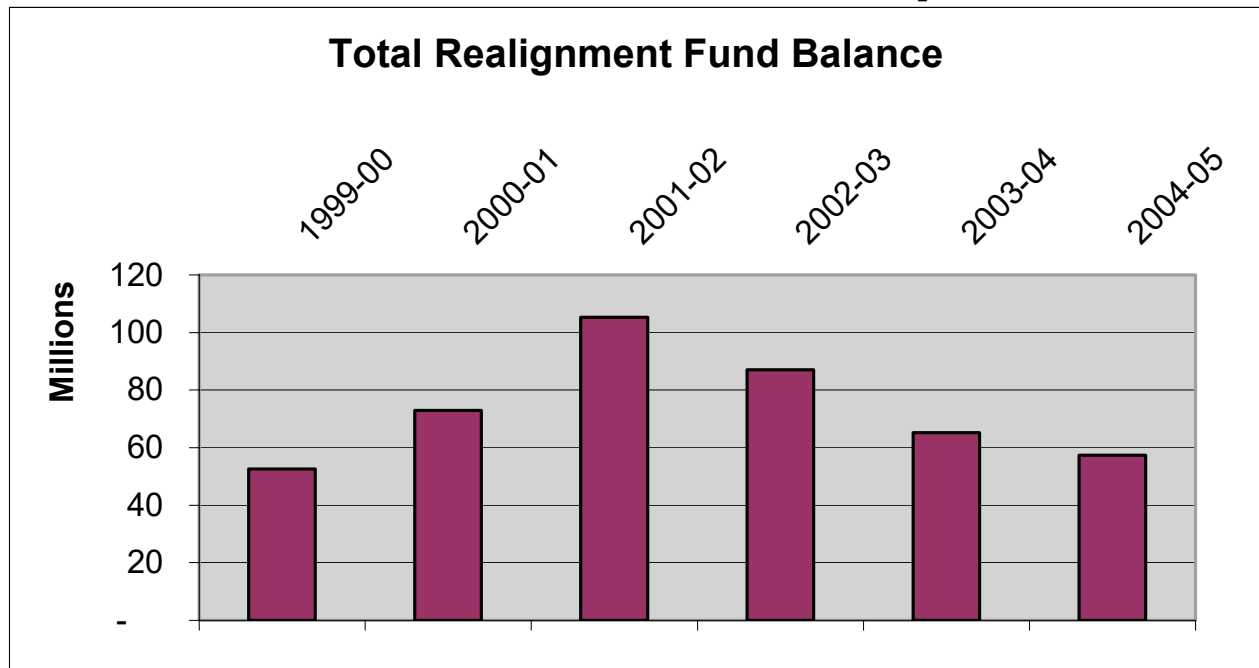

Budgetary Note: Financial information presented in this Realignment budget section is consistent with state reporting requirements for the Realignment funds. The state's reporting requirements are not consistent with the county's implementation of GASB 34 as it relates to revenue accrual. As such, within the county's accounting system, an adjustment will be made to show the correct revenues in accordance with the county's accrual procedures. This is a revenue timing issue only as a result of delays by the state in distributing growth revenue.

BUDGET HISTORY AND FUND BALANCE TREND**Total - All Realignment Funds**

Change in Fund Balance	(18,206,602)	(29,978,577)	(21,903,390)	(7,725,975)

Available Fund Balance, as seen in the graph below, in the Realignment funds peaked at the end of the 2001-02 year as the county benefited from a large growth distribution attributable to the 2000-01 increase in sales taxes and vehicle license fees. Departmental Usage is anticipated to decline year-over-year as expense cutting measures in Behavioral Health become fully implemented and one-time expenses in the Health fund go away. Social Services, which funds caseload driven mandated programs is projected to effectively run out of fund balance at the end of the 2004-05 year, which could require additional general fund support going forward.

Of note in this graph is that the fund balance ending 2004-05 at the far right is 60% Health fund balance; the other two funds are continue to draw down fund balance for ongoing expenditures. Social Services in particular is projected to have only a \$4.9 million fund balance ending 2004-05. Given revenue and expenditure trends in Social Services, it is highly unlikely that the \$4.9 million in available fund balance will be sufficient to fund these mandated programs, thus requiring additional general fund support in 2005-06.

Revenues for 2004-05 are expected to increase year-over-year, primarily as a result of sales tax growth. It is important to note that for the foreseeable future all sales tax growth will accrue to the Social Services fund to pay for mandated caseload increases for which funding was unavailable in prior years. This will adversely affect the Mental Health and Health funds since they will see no increase in sales tax revenue until sales tax growth is sufficient to fund the additional caseload costs in Social Services.

Mental Health fund revenue is composed approximately 2/3 sales tax and 1/3 VLF. Revenues are expected to climb slowly since any growth in sales tax will be dedicated to Social Services to fund caseload. In conjunction with the County Administrative Office, the Behavioral Health Department has developed a plan to significantly reduce expenditures in an effort to bring expenditures in line with revenues. As seen in the table above, this plan has been successful in reducing fund balance used from \$16,150,468 in 2002-03 to an estimated \$10,859,399 in 2003-04 and a budgeted \$1,619,421 in 2004-05. Implementation of this plan has significantly improved the financial position of the Mental Health fund.

Revenues for Social Services are primarily (96%) sales tax with minimal VLF. The social services revenues have been particularly hard hit by the poor performance of statewide sales tax collection. Actual sales tax collection has been insufficient to keep up with rising costs in the mandated programs. Continued caseload cost increases as well as operational cost increases for liability insurance and increased salary and benefit costs will likely result in growing demand for additional financing for these programs.

In last year's projection it was anticipated that Social Services would require additional general fund support in the 2004-05 year; however, due to a higher than estimated beginning fund balance, less than budgeted expenditure estimates, and more optimistic revenue projections from the County's economics consultant, it appears that Social Services need for additional support will be pushed back to 2005-06. The \$4,934,461 ending estimated fund balance could swing dramatically with changes in caseload and sales tax growth.

Health Realignment is funded approximately 1/3 sales tax and 2/3 VLF. Within Health, departmental expenses have been brought into line with ongoing revenues by not providing realignment increases to pay for rising salary and benefit costs. As a result, the departments have effectively experienced a budget cut due to inflation and the rising costs associated with salaries and benefits. The slight increase in 2003-04 for Public Health reflects a backfill of lost SB 90 revenue from the state and is for cash flow purposes until the State provides reimbursement.

Other programs funded by Health realignment are Medically Indigent Adult (MIA) Payments and Health Care Costs. The MIA budget funds payments to non-county hospitals for treatment of MIA patients. The Health Care Costs budget unit helps pay for the ARMC lease. A retroactive adjustment resulted in reduced SB 1732 revenue to fund lease payments in 2003-04 causing a one-time increase of Realignment usage in the Health Care Costs budget of approximately \$7 million.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY

Helen Lopez

MISSION STATEMENT

The mission of the San Bernardino County In-Home Supportive Services (IHSS) Public Authority is to improve the availability and quality of IHSS and to eliminate barriers to providing assistance and choice for the aged and person with disabilities who need support services to live independently and with dignity in the community.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) Program was created in 1973 to serve elderly, blind, or disabled individuals who are not able to remain in their home without assistance. Section 12302.25 of the Welfare and Institutions code mandates that each County, on or before January 1, 2003, must act as, or establish an employer of record for the IHSS providers for collective bargaining purposes. The IHSS Public Authority was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is charged by the Legislature with providing the following mandated services:

- establish a registry of potential care providers
- investigate the background and qualifications of potential care providers
- refer potential care providers from the registry to IHSS consumers upon request
- provide training for both IHSS care providers and consumers
- perform other functions related to the delivery of IHSS as designated by the governing board

BUDGET AND WORKLOAD HISTORY

	Actual 2002-03	Budget 2003-04	Estimate 2003-04	Proposed 2004-05
Total Appropriation	794,516	8,091,439	889,422	5,090,290
Total Financing Sources	856,272	6,738,893	889,422	3,737,744
Fund Balance		1,352,546		1,352,546
Budgeted Staffing		16.0		18.0

Salaries and benefits are projected to be lower than budget by \$166,763 due to delays in filling 5 budgeted positions. This savings is offset by the addition of an Accounting Technician in May 2004.

Services and Supplies are projected to be lower than budget by \$1,015,964. This is due to a slower start-up than anticipated; as a result, numerous budgeted expenditures have not occurred. The major portion of cost savings is attributed to space rental, emergency respite services, legal counsel, postage, and client/provider training.

Central computer expenditures are projected to exceed budget by \$6,450 because computer charges were budgeted in services and supplies in error. An appropriation transfer was submitted and processed moving excess appropriation from Services and Supplies to Central Computer.

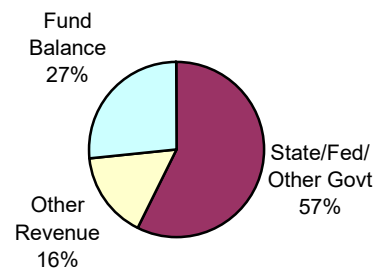

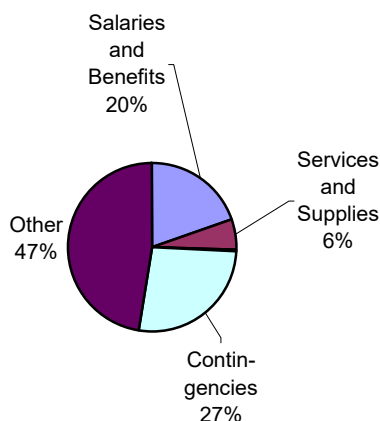

Other Charges are projected to be lower than budget by \$4,545,455 due to delays in the implementation of the medical benefits for service providers in the In-Home Supportive Services program. Implementation is now planned for FY2004-05.

Items in Fixed Assets were budgeted in error. The Public Authority does not intend to purchase any fixed assets this fiscal year.

Transfers are projected to be lower than budget by \$98,879 due to lower projected costs in Human Resources Labor Relations and Human Services System administrative support offset by increases in support costs from the Information, Technology and Support Division.

Revenue is projected to be significantly lower than adopted budget due to under expending and not implementing medical benefits for IHSS providers.

Salary and Benefit costs will increase \$207,285. This increase is a combination of additional staff and salary step, retirement, and worker's compensation cost increases. Staffing has been increased by a net of 2 budgeted positions in 2004-05. Changes consist of the following:

- ◆ Added 1 Training Coordinator contract position to coordinate training for the IHSS service providers. (Equivalent to Staff Analyst-range 56)
- ◆ Added 1 Registry Manager contract position to manage the registry for service providers. (Equivalent to Staff Analyst II-range 56)
- ◆ Added 1 Registry Specialist contract position to assist with the increasing workload in data entry and maintenance of the registry. (Equivalent to IHSS-Assistant-range 34)
- ◆ Added 1 Health Benefits Clerk I contract position to assist with the increased workload required to provide health benefits to service providers (Equivalent to Clerk II-range 25)
- ◆ Added 1 Health Benefits Clerk II contract position to assist with the increased workload required to provide health benefits to service providers (Equivalent to Clerk III-range 30)
- ◆ Deleted 3 vacant budgeted positions due to inaccurate classifications to accomplish goals of the PA. (Administrative Supervisor I, Administrative Clerk I, Program Analyst)
- ◆ A vacant budgeted position classification was lowered from Accountant to Accounting Technician, resulting in a net annual savings of approximately \$6,431. The position will be filled prior to the beginning of 2004-05. The Accounting Technician will be responsible for maintaining the financial records for the PA.

Services and Supplies costs will decrease \$922,576 due to the following:

- ◆ The Emergency Respite Service program was not implemented as anticipated in the 2003-04 budget. Services were to assist IHSS clients whose IHSS care-provider becomes suddenly unavailable. It was determined this type of service is outside the capacity of the PA.
- ◆ Over-estimation of use of County services such as County Counsel, Risk Management and Purchasing.
- ◆ Decrease in background checks costs due to completion of implementation stage.
- ◆ Decrease in training costs, advertising, membership, printing, mail services, postage, staff travel, special conference event, space rental, and miscellaneous expense. These expenditures were over-estimated in the 2003-04 budget as start-up costs.
- ◆ Decrease in inventorable equipment costs due to completion of the implementation stage.

Other Charges will decrease \$2,300,000. Medical benefits will be provided to a limited number of eligible IHSS service providers in 2004-05. The local share amount is reduced from \$1.0 million to \$500,000. Total appropriations and revenue budgeted for health care benefits in 2004-05 are \$2,300,000. Federal and State reimbursement will cover approximately \$1,800,000 of total expenditures for health care benefits. The remaining \$500,000 is local share. The local share will be funded with Social Services Realignment.

COUNTY OF SAN BERNARDINO
ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION
Thomas R. Laurin

DESCRIPTION OF MAJOR SERVICES

In September 1987 the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. Another primary purpose was added in July 1998, to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program, and other program related costs. Economic and Community Development Corporation is a function within the Department of Economic and Community Development.

There is no staffing associated with this budget unit.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (CoIDA)

Thomas R. Laurin

DESCRIPTION OF MAJOR SERVICES

In March 1981 the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial development bonds for the furtherance of economic development and the creation of new jobs within the County. The annual CoIDA budget provides funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Department of Economic and Community Development.

There is no staffing associated with this budget unit.

DESCRIPTION OF MAJOR SERVICES FOR ALL BUDGET UNITS

The Redevelopment Agency of the County of San Bernardino was established in 1980 under the California Community Redevelopment Act. Although a study was made at that time to assess the feasibility of establishing one or more redevelopment project areas, no projects were created. However, the proposal to build a speedway on a portion of the site once occupied by the Kaiser Steel Plant near Fontana stimulated new interest in redevelopment. As a result of that interest, in 1995 the entire former Kaiser site and other blighted industrial property in its vicinity were incorporated into a project called the San Sevaire Redevelopment Project. The major objectives of the project are to encourage private sector investment in the development and redevelopment of the area by removing impediments to growth, eliminating and/or preventing the spread of blight and deterioration, and correcting infrastructure deficiencies. An amendment to the San Sevaire Project Area is being prepared to expand the area by approximately 50% and for other administrative changes. The amendment is scheduled for adoption in November 2004.

In 1993 the Victor Valley Redevelopment Project was established for the purpose of providing economic development to the former George Air Force Base. The Project Area was a joint project of the Cities of Adelanto, Hesperia, Victorville, the Town of Apple Valley, and the County of San Bernardino. The Project is under the direction of the Victor Valley Economic Development Authority (VVEDA) and is administered by the City of Victorville. The county receives a portion of the tax increment generated within the unincorporated area of the project, which is accounted for in two new budget units created for 2003-04.

In 2003 the County of San Bernardino approved the Mission Boulevard Joint Redevelopment Project Area, a joint Area with the City of Montclair. Pursuant to the terms of the Redevelopment Plan and a Cooperation and Implementation Agreement the City of Montclair will have the administrative responsibility of managing the general redevelopment activities. The County and the City will each administer the housing set-aside funds generated in each jurisdiction's territory.

In 2004 the Cedar Glen Disaster Plan Redevelopment Project Area was initiated to assist with the rebuilding of part of the area destroyed by the 2003 Old Fire. Pursuant to disaster related authorization, the Project Area will become effective in August 2004 using the special temporary assessments established for the FY 2003-04 as the base year. This operating fund was created to account for the Redevelopment Agency's administrative functions, including staffing requirements.

Debt Service Fund

DESCRIPTION OF MAJOR SERVICES

This debt service fund was established to account for the accumulation of net tax increment revenue and the payment of long-term debt from general tax increment collection. On January 25, 2000, the Board approved issuance of approximately \$19.7 million in tax allocation bonds. The proceeds from the sale of these bonds are used to finance infrastructure improvements within the San Sevaine Project Area and a senior apartment development.

There is no staffing associated with this budget unit.

Victor Valley Economic Development Authority - VVEDA

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the county's administrative and operational costs related to the reuse of the former George Air Force Base. While the City of Victorville administers the program under a joint powers agreement, the county receives a portion of the tax increment generated in the redevelopment area, which must be expended on programs within the unincorporated portion of the project area.

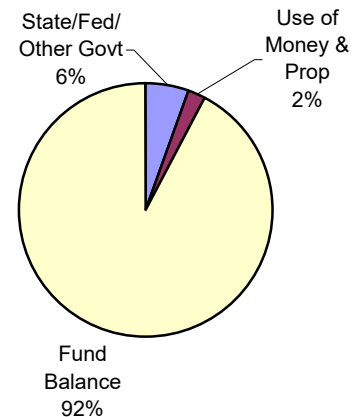

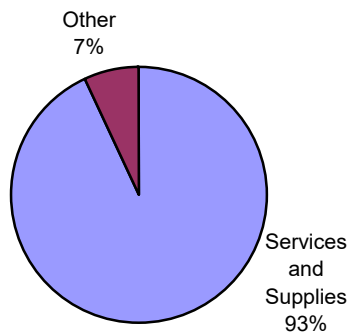

There is no staffing associated with this budget unit.

VVEDA Housing

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the county's administrative and operational costs related to housing set aside fund generated through the redevelopment of the George Air Force Base. While the City of Victorville administers the general program under a joint powers agreement, the county receives a portion of the tax increment generated in the redevelopment area, of which 20% is set aside for affordable housing. These funds may be expended in any unincorporated county area.

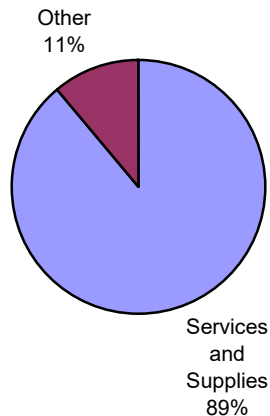

There is no staffing associated with this budget unit.
