The Honorable Board of Supervisors
County of San Bernardino
San Bernardino, California

The County's final budget for 2006-07 was adopted on August 22, 2006. As has been the case in past years, the budget stands as a fiscally sound spending plan and provides for the operational needs of county departments. The 2006-07 final budget continues to focus county resources on public safety, capital improvements (including alleviating the maintenance backlog on county buildings), the economic development of the County, and planning for the future by setting aside ongoing financing.

In Spring 2006, the County implemented the Service FIRST program. This program established consistent service standards and expectations for all County employees to ensure that our customers and co-workers receive the quality and level of service they desire. This initiative was also incorporated in the development of the 2006-07 budget.

Additionally, the County directed departments to build a business plan that focused on measuring departmental accomplishment of specific goals and objectives, rather than reporting the number of activities and services the department performs. The County intends to show how departments affect their customers and determine if the County is receiving the desired results. These business plans are a new starting point for the budget process and support the annual budget plan by tying the budget to department's goals and objectives.

Also new in 2006-07 is the setting aside of \$20.0 million in ongoing revenues to finance future capital improvements. This financing will be used to satisfy the need for increased space necessitated by the service demands of the County's growing population.

THE BUDGET IN BRIEF

The County produces two budget books. This budget book represents the general fund, restricted financing funds, special revenue funds, capital project funds, and enterprise funds for the County. Additionally, there is a budget book for Board Governed Special Districts. The total appropriation for the County and Board Governed Special Districts in 2006-07 is \$3.3 billion and \$0.6 billion, respectively for a combined total of \$3.9 billion.

General Fund appropriation, including restricted financing of Prop.172 and Realignment, total \$2.2 billion and is funded by countywide discretionary revenues, financing transfers from departments, the use of reserves, and the beginning fund balance of the General Fund. Of this \$2.2 billion, the Board of Supervisors has discretion over \$664.0 million. The General Fund budget includes approximately \$1.0 billion for salaries and benefits, which is a \$100.6 million increase from the previous year. Of the \$100.6 million increase, \$58.7 million is for the Law and Justice Group to fund MOU increases for the safety and safety management units, retirement costs, workers compensation costs, and the addition of 312.2 new positions. The remaining \$41.9 million in the non-law and justice groups funded MOU increases, retirement costs, workers compensation costs, and the deletion of 1.1 positions.

When the 2006-07 final budget was adopted, there was \$52.5 million in general purpose reserves and \$115.5 million in specific purpose reserves. Additionally, on-going set asides were established to pay the on-going annual costs for the county's future space needs (\$20.0 million), retirement costs (\$7.9 million), and jail expansion due to the growing population (\$7.0 million).

BUDGET HIGHLIGHTS

Public Safety

In the Sheriff's Department, the 2006-07 final budget includes approved work-force increases equivalent to an additional 219.5 budgeted positions. \$4.6 million is allocated for design services for the expansion of the Adelanto Adult Detention Center. The total cost of this project, which will add an additional 896 beds to the facility, is estimated to be \$86.0 million. The final budget also set aside \$3.7 million that will assist in funding the renovation of Central Juvenile Hall and a portion of the \$20.0 million on-going set aside will be used to build a new Crime Lab.

The 2006-07 budget also includes \$4.0 million for additional staffing in the County Fire Department. This staffing is for fire stations in the outlying desert areas and certain mountain areas of the County. In addition, \$5.7 million in one-time funding, including \$3.5 million for a new fire station in Phelan, is included in the budget.

Capital Improvements

In the 2006-07 final budget, \$60.4 million in new projects are funded, primarily using County discretionary funds. Major new projects include \$5.2 million for the renovation of Central Juvenile Hall in San Bernardino, \$4.6 million towards the expansion of the Adelanto Adult Detention Center, \$6.0 million for the expansion of the Fontana Government Center, \$4.0 million to fund a Community Center in the City of Chino Hills, and \$2.7 million for the expansion of the Hall of Geological Wonders at the County Museum in Redlands. Projects approved in prior years but not yet completed total an additional \$127.4 million. The three major carryover projects are the \$40.9 million seismic retrofit and remodel of the historic County Courthouse in San Bernardino to be funded primarily by an existing civil filing fee surcharge, a \$30.0 million remodel of the sixth floor of the Arrowhead Regional Medical Center in Colton, to convert the floor from administrative space to a medical/surgical wing, and the \$23.7 million acquisition and renovation of the 303 W. 3rd Street office building in San Bernardino.

Economic Development

The County continues to enhance the development of a countywide economic strategy to serve as a framework for policy decision-making when planning for the explosive growth and development the County now faces. In the 2006-07 final budget, an additional \$2.5 million and 7.0 new positions were added for this purpose.

Transportation

The 2006-07 final budget includes increased transportation spending of \$43.3 million to improve the County's road system. This increase in spending makes it possible to rehabilitate several highways and roads, widen and install passing lanes and signals, pave roads, replace bridges, and finance drainage improvements on certain roads.

Behavioral Health Program Funding

The County's 2006-07 final budget includes \$30.6 million in funding from Proposition 63, which established a state personal income tax surcharge of 1 percent on taxpayers with annual taxable incomes of more than \$1 million. New and expanded services will include a child/family support system, children's crisis response teams, one-stop integrated service centers for transitional-age youth, a consumer-operated peer-support and clubhouse expansion program, a forensic integrated mental health services program, and an assertive community treatment team for frequent users of hospital and jail services.

LOOKING AHEAD – CHALLENGES IN FISCAL YEAR 2006-07 AND BEYOND

As the population of the County continues to increase, the needs of the County continue to grow. Among the County financing issues on the horizon are:

- Building Needs
- Jail Expansion
- Hospital Expansion
- State/Federal Financing Issues
- New Judgeships
- Economic and Redevelopment Needs

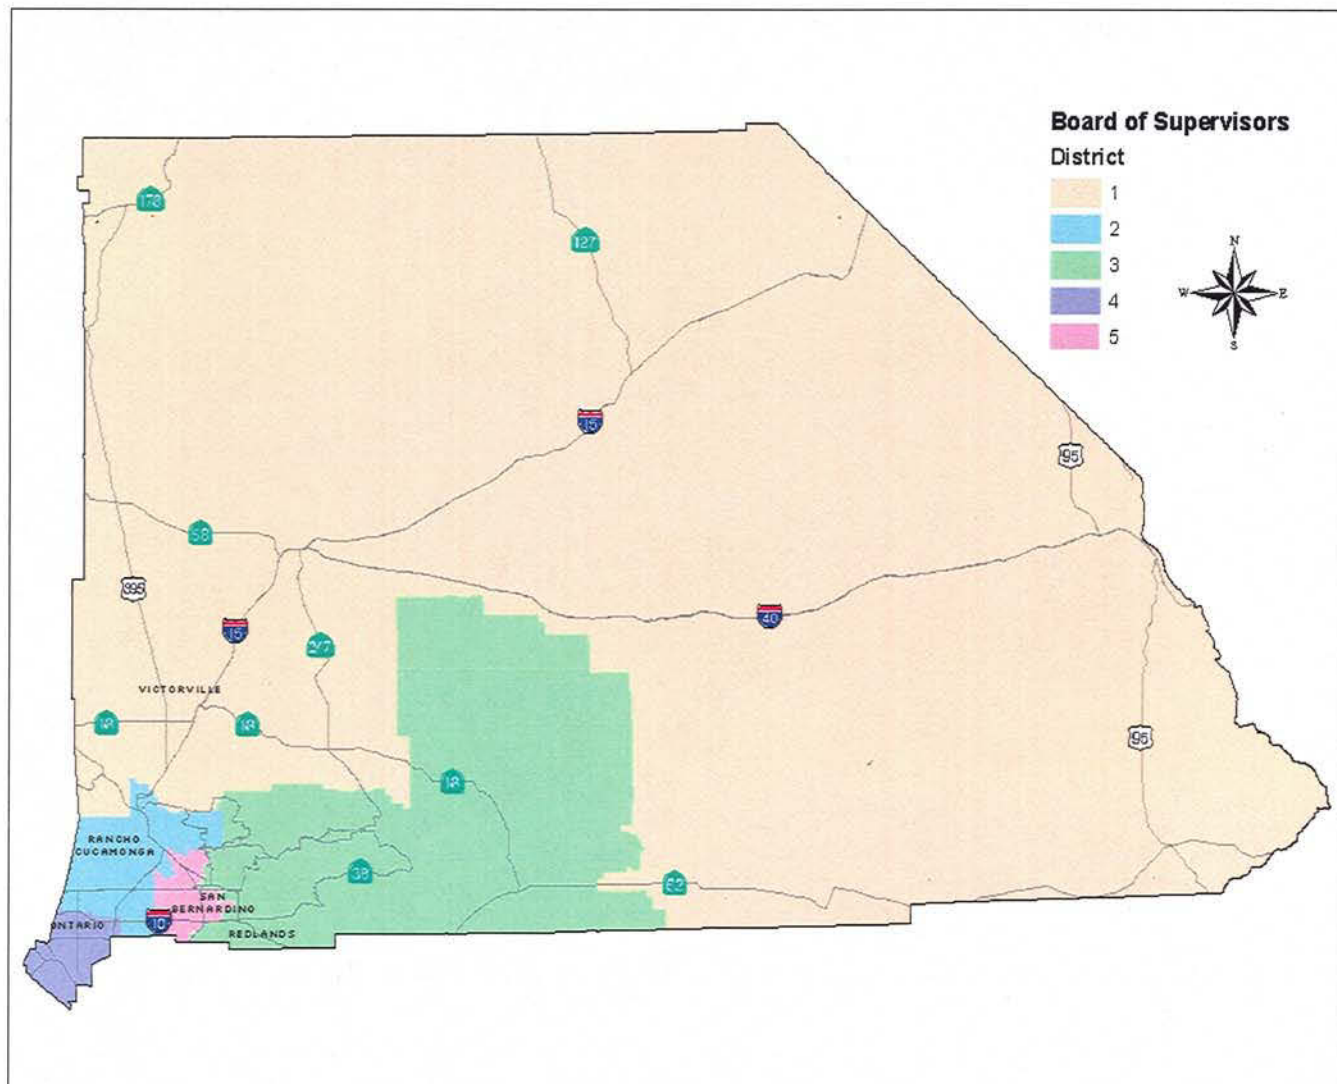

CONCLUSION

The fiscal year 2006-07 San Bernardino County Budget meets the County's budget objectives and addresses the major policy issues that face the County. As the County enters a new year and looks forward to the challenges that lie ahead in future years, we will continue to strive to efficiently and effectively meet the needs of San Bernardino County's citizens.

*Each city included in this County Map is the largest city in its respective district.

County formed in 1853

County Seat: San Bernardino

The County is a charter County divided into five supervisorial districts on the basis of registered voters and population.

The County is governed by a five-member Board of Supervisors who serve four-year terms.

The Chairman and Vice Chairman are elected by and from members of the Board.

COUNTY OF SAN BERNARDINO COUNTYWIDE SERVICES

The services provided by the County are broken into categories in accordance with the County Mission Statement. The County Mission Statement reads, "The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the **health, safety, well-being, and quality of life** of its residents according to the County Charter, general laws, and the will of the people it serves." Thus, the primary categories of service for the county are health, safety, well-being, and quality of life. The categories of support and fiscal services are necessary to supplement the other more primary services.

THE COUNTY OF SAN BERNARDINO COMPARES FAVORABLY TO OTHER REGIONS

THE COUNTY OF SAN BERNARDINO COMPARES FAVORABLY TO OTHER REGIONS, CONTINUED

COUNTY OF SAN BERNARDINO

The Board of Supervisors adopted the County of San Bernardino's 2006-07 Final Budget on August 22, 2006. This budget covers the period from July 1, 2006 – June 30, 2007. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget amount.

The County of San Bernardino's 2006-07 Final Budget consisting of the general fund, restricted financing funds, capital project funds, special revenue funds, and enterprise funds has a total appropriation of \$3.3 billion.

When developing their individual budgets, each department considers the following mission, vision, and value statements of the County of San Bernardino:

Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the people it serves.

Vision Statement

Our vision is to create a safe, clean, and healthy environment that appeals to families and individuals, and attracts the best in business and industry. We will create, support, and enhance vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history.

VALUES Statement

To achieve our Vision, we dedicate ourselves to these values:

- **Valuing** our workforce by providing recognition, training and education, opportunities for customer service and career development, a safe and healthy work environment and fair compensation.
- **Appreciation** and promotion of the diverse cultures that comprise our workforce and the communities we serve.
- **Leadership** by coordinating regional planning through collaboration with local communities and businesses.
- **Unquestioned integrity** that embraces a culture of honor and trustworthiness.
- **Excellence** in the development of efficient and cost-effective strategies to improve customer service in an atmosphere that allows and encourages new ideas.
- **Service** of the highest quality to our customers delivered with dignity and respect.

Economic Indicators

San Bernardino County is part of an Inland Empire economy that is one of the strongest in the U.S. In 2005, the area added 56,658 jobs (*up 4.8%*) or 22% of those created in California. In first quarter 2006, the U.S. Bureau of Labor Statistics put the region's growth at 58,900 jobs (*up 5.0%*), indicating that this strength is continuing. In 2005, San Bernardino County's retail sales totaled \$29.6 billion, up 12.8%. That was double the 6.3% growth in the state. The county's per capita sales of \$15,172, compared to the state's average of \$14,386. The high retail sales levels are, in part, the result of the region's low living costs for a Southern California area. The median family income in 2006 is \$57,000, putting it above Los Angeles County (\$56,200) but below Orange County (\$76,300). However, after one year's amortization on the mortgage for the median home, the disposable income remaining in the Inland Empire is \$30,688 versus \$29,964 in Orange County and \$19,420 in Los Angeles County.

Finally, San Bernardino County's assessed valuation is soaring, up 17.9% for fiscal year 2007 or \$22.6 billion. This was the largest growth rate and absolute increase in the county's history. While home construction is slowing, other real estate sectors are not. Commercial developers are well behind meeting the needs of past population growth. Office operations are now migrating inland to meet the demands of the area's 4.0 million people. Industrial development in the county is expanding in concert with the need for facilities to handle the rising volumes of imports through Southern California's ports.

State of California's Budget

The 2006 Budget Act signed by Governor Schwarzenegger fulfills the two principal budget priorities he put forth in his May Revision – improving the state's fiscal health by: (1) paying down debt and building a reserve; and (2) fully funding education – while also providing critical funding for law enforcement, disaster preparation and services for abused and neglected children.

The Budget sets aside an unprecedented amount to address the state's debt – a combined total of more than \$4.9 billion, or 4.7 percent of total General Fund resources available, by establishing a budget reserve of \$2.1 billion and early debt repayments of \$2.8 billion.

At the same time, the Budget provides a record level of funding for the state's K-12 schools and community colleges, fully funding the Proposition 98 guarantee. The Budget provides \$55.1 billion in education spending under Proposition 98, an increase of 8.1 billion, or 17 percent compared to the 2004 Budget Act.

The Budget also provides significant new resources to protect the public: \$256 million to improve services to abused and neglected children; \$214 million to improve the capacity of hospitals to handle disaster and epidemic related surges in demand for hospital care; \$198 million for law enforcement initiatives, including funding to help police departments cover the costs of booking fees, enhancements to law enforcement subventions, funding for methamphetamine eradication, funding for sexual assault felony enforcement grants to local governments, and grants to help county sheriffs and probation officers manage mentally ill offenders.

In addition, the Budget makes a substantial investment in improving California's transportation system. It provides \$1.4 billion to fully fund Proposition 42 for the second consecutive year, and it provides an additional \$1.4 billion for the early repayment of past loans from Proposition 42, for a total of \$2.8 billion. Of the \$1.4 billion repayment, \$446 million is designated for cities and counties for local road and street maintenance that would otherwise not be funded. Finally, the Budget provides \$250 million for deferred maintenance in the state park system.

State Impact on the County's Adopted Budget

Transfer of Fees

The 2006-07 Budget Act requires counties to transfer revenues from certain court imposed fees, fines, and forfeitures to the local trial court that would otherwise have gone to the counties. The county's historical contribution of \$28,390,295 was made up of two components. The expenditure component of \$20,227,102 represented the adjusted 1994-95 county expenses for court operations and the revenue component of \$8,163,193 was based on the fine and forfeiture revenue sent to the state in 1994-95. The revenue component has been reduced to \$3,325,704 in 2006-07, and therefore, the county's current contribution is \$23,552,806.

Property Tax Administration Grant

The 2006-07 Budget Act suspends for one more year the \$60 million that the State has budgeted since 1995-96 for the State Property Tax Administration Grant Program that has assisted counties in maintaining timely property assessments. The County's revenue loss totals \$2.1 million.

Senate Bill 90

The passage of Senate Bill 90, the Property Tax Relief Act of 1972, provided that counties receive reimbursement by filing claims to the state for the actual costs incurred for implementing certain state-mandated programs. As part of the 2006-07 Budget Act, the state appropriated \$169.9 million, with instructions to the State Controller's Office to pay deferred and newly determined mandates. This represents an increase in payments from one to two years of the fifteen years of installment obligations owed to local agencies. The County is estimated to receive \$6.5 million in claims in 2006-07.

Transportation

Of the \$2.8 billion provided by the 2006-07 Budget Act to improve California's transportation system, \$11.0 million has been designated to San Bernardino County. The County will use these funds to finance a number of projects including the following:

- Rehabilitation of Redwood Avenue – Fontana area.
- Drainage improvements to Nice Avenue – Mentone.
- Rehabilitation of Crafton Avenue – Mentone.
- Rehabilitation of State Street – Muscoy.
- Rehabilitation of Tamarind Avenue – Fontana area.
- Rehabilitation of Phelan Road – Phelan.
- Drainage improvements to El Mirage Road – Adelanto area.
- Curb and gutter repair – Silver Lakes.
- Retaining wall replacement/retrofit – Lake Arrowhead area

Financial Planning Calendar

Ongoing

The Board of Supervisors provides ongoing policy direction to the County Administrative Officer.

August through November

Business Plans – Department-wide Business Plans are developed and serve as a guideline to lead the County in preparing the budget. The Business Plan is a comprehensive and systematic management tool designed to help each department assess the current environment, anticipate and respond appropriately to changes in the environment, envision the future, increase effectiveness, develop commitment to the department's mission, and achieve consensus on goals and objectives for achieving that mission. The Business Plan supports the annual budget plan by illustrating how a department's budget and available resources can be tied to goals and objectives, and is used to track, monitor, and evaluate departmental progress by establishing timelines and milestones, and comparing projections to actual accomplishments.

Capital Improvement Plan – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by the County Administrative Office and presented to the Board of Supervisors for comment during budget workshops. In addition, departments periodically provide a five-year plan that is updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

December through February

Five-year Financial Plan – The County Administrative Office develops a five-year forecast of financial operations for general fund programs, projecting major revenues and expenditures, based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are reported to the Board of Supervisors.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units. Additionally, internal training is conducted for all users of the system and the system is opened up for departmental input into preparation of the budget submittal.

March and April

Business Plan Workshop – Department Heads, County Administrative staff, and the Board of Supervisors meet to discuss and review the Business Plans. These plans include departmental requests for policy items for which the Board of Supervisors provides input and direction to staff.

Financial Plan – The upcoming budget year financing plan is developed based on revenue projections and estimates for cost increases of on-going costs. This plan includes the allocation of general fund financing (local cost) and provides estimates from remaining funding available to meet unmet needs of the County.

Preparation of Proposed Budget – Departments develop their respective proposed budgets and submit them to the County Administrative Office for review and recommendation to the Board of Supervisors. General fund departments must budget within their respective local cost allocations given to them based on the financing plan.

Fee Development – Departments develop their respective budget unit(s) proposed fee changes and submit them to the County Administrative Office for review and recommendation to the Board of Supervisors.

May and June

Submission of Proposed Budget – The Proposed Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the proposed budget.

Budget Workshop – Department Heads, County Administrative staff, and the Board of Supervisors meet to discuss and review the proposed budget. The Board provides input and direction to staff regarding programs, staffing, funding, and fees.

Budget and Fee Hearing – The Board of Supervisors conducts public hearings on the Proposed Budget and the Proposed Fee changes. At this time, the Board may modify the Proposed Budget.

August

Adoption of Final Budget – All Board approved changes are incorporated into the Final Budget.

Business Plan

This year, the Board of Supervisors received the County's first Business Plan, distributed in March 2006. This plan document is the new starting point for San Bernardino County's budget process and it is intended to support the annual budget plan by tying the budget to the department's goals and objectives.

Business Plan Workshops were held April 24th, 25th, May 1st and May 2nd, 2006. These workshops provided the Board of Supervisors the opportunity to review departmental goals and objectives. Additionally, this was the first occasion for departments to explain how they utilize their allocated resources in terms of meeting projected goals and objectives and what additional resources would be needed for new projects not yet funded.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the county financing plan for all general fund departments. This plan begins with reviewing the two restricted financing sources, Prop. 172 and Realignment. Prop. 172 assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing the general fund departments of Human Services, Behavioral Health, and Public Health for mental health, social services, and health programs. If these financing sources are not sufficient to pay for those departments' costs, then the general fund sources are considered.

The 2006-07 revised financing plan included a total of \$524.6 million in ongoing discretionary revenue for the general fund. This revenue is comprised of property taxes, interest on the county investment pool, sales tax, and other taxes. The financing plan initially allocates increases in these discretionary revenues to fund increases in mandatory costs such as previously negotiated salary increases, previous year's Board approved costs, and other mandated costs. After the mandatory costs are financed, the remaining unallocated discretionary revenue is presented to the Board of Supervisors during the budget workshop for allocation.

Budget workshops were held on May 31 and June 5, 2006, to discuss each department's proposed budget. Each department submitted a proposed budget based on the general fund financing amount allocated to them in the financing plan and their own departmental revenues. At that time, departments also requested fee adjustments and/or policy items, which included funding requests for those workload and program changes that were unable to be financed in their proposed budget.

A Budget and Fee Hearing was held on June 6, 2006. The Budget and Fee Hearing is designed to take public testimony related to the budget and to provide direction to staff for changes or additions to the budget. At the Hearing, staff was directed to return to the Board on June 27, 2006, for adoption of the Proposed Budget and return in August for adoption of the Final Budget.

On June 27, 2006, the Board of Supervisors approved the County's Proposed Budget which included the County Administrative Office's recommended changes to financing and recommended changes to reserves, the Sheriff's Prop 172 program proposal, and the vast majority of recommended policy items.

The Final Budget was formally adopted on August 22, 2006. At that time, additional County Administrative Office recommendations and budget adjustments related to State Budget Impacts were also approved.

When the budget was adopted on August 22, 2006, the unrestricted financing available totaled \$1.8 million. The breakdown of the unrestricted financing into categories of ongoing and one-time was \$0.9 million and \$0.9 million, respectively. In addition, the Board of Supervisors directed that any fund balance adjustment in the general fund would be made to the appropriation for contingencies. No money can be spent from contingencies without obtaining Board of Supervisors approval.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has restricted financing funds, capital project funds, special revenue funds, enterprise funds, and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue resources available to them. These resources include projected revenue to be collected in 2006-07 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets were also discussed during the budget workshop and Budget and Fee Hearing. In addition, the Board of Supervisors gave approval to make necessary fund balance adjustments to these funds to agree to the Auditor/Controller-Recorder's actual fund balance.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the final budget require an item to be placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation between appropriation units within the same budget unit are authorized by the County Administrative Office with the following exceptions:

- Transfers out of the Salary and Benefit and Fixed Asset appropriation.
- Transfers in of the Fixed Asset appropriation in excess of \$10,000.

The above two exceptions regarding transfers of appropriation also require an item be placed on the agenda of the Board of Supervisors.

APPROPRIATION SUMMARY

The 2006-07 final budget includes appropriation of \$3,333,444,080, an increase of \$240,250,061 or 7.77% over the 2005-06 restated final budget. The restatement is a result of creating the new Economic Development Agency and listing it separately from the Admin/Exec Group as previous listed. The schedule below lists appropriation, however, it does not include operating transfers, which is a mechanism for providing financing from one fund to another within the county.

Countywide Operations

Countywide operations show an increase in appropriation of \$89,867,997. The most significant increases are in Administrative/Executive Group and the Law & Justice Group. The most significant decreases are in Contingencies and Human Services. Each group is discussed below.

The **Administrative/Executive Group** shows a net increase of \$51.8 million. The Behavioral Health budget unit represents \$38.7 million of this increase mainly due to \$30.6 million in cost increases associated with implementation of the Mental Health Service Act (MHSA) programs. Additionally, the California Children's Services budget unit increased \$3.6 million for which represents a combination of staffing cost increases due to state mandated ratios and a cost shift for administrative services from the Public Health budget unit to the California Children's Services budget unit.

Contingencies are decreased a total of \$37.8 million primarily due to a \$53.7 million decrease in contingencies for uncertainties which was used to finance 2005-06 mid year board items as well as numerous 2006-07 policy items submitted by departments. This decrease was offset by a \$20.0 million increase in contingencies for future space needs as the County plans for the financing of future growth.

Debt Service decreased a net \$0.6 million primarily due to the elimination of a one-time policy item in 2005-06 that funded the early repayment of \$1.0 million in outstanding Certificates of Participation and the addition of \$0.3 million in variable rate savings from 2005-06 that the Board redirected in a new policy item to pay a portion of the County's 2006-07 outstanding variable rate debt.

The **Economic Development Agency** shows an increase of \$3.8 million resulting from the approval by the Board of Supervisors of several policy items designed to enhance economic development programs within the County. The Economic Development Agency continues to evolve and expand after its creation last year.

Within the **Fiscal Group**, all budget units experienced an increase. The total increase is \$7.4 million, of which the most significant increase is reflected in the Assessor's budget unit. In addition to the \$1.2 million increase due to costs associated with performing the mandated functions of this office, the Assessor's budget unit received an additional \$1.9 million in local funding to support several policy items and also received restoration of \$0.6 million for business process improvement to their imaging system. The Auditor/Controller-Recorder increased \$2.0 million due in part to improving the Financial Accounting System, monitoring user satisfaction surveys and providing additional training. The Treasurer-Tax Collector's budget unit increased \$1.6 million mostly as a result of adding a Tax Collector satellite office in Victorville.

The **Human Services** decreased a net of \$14.5 million. The caseload driven CalWORKs-All Other Families and CalWORKs-Two Parent Families decreased \$21.4 million and \$2.2 million, respectively. These decreases are due to a sharp decrease in caseload as a result of CalWORKs time limits and a healthy local economy. Additionally, Foster Care decreased \$7.0 million due to cases moving from the Foster Care program to other programs.

These decreases are offset by increases of \$10.8 million in the administrative claim due to MOU, retirement, workers comp and other services and supplies and increases of \$3.6 million in Aid to Adoptive Children due to caseload increases.

The **Law and Justice Group** increased by a net \$65.6 million. The Sheriff, Probation, District Attorney and Public Defender budget units all had increases in the costs to maintain current services. Beyond these factors, the Sheriff Department increased appropriation due to enhancing the coroner's division, city contracts, court security, the purchase of tasers and a replacement bus, new patrol deputies for unincorporated areas and the expansion of the Adelanto Detention Center. Additionally, increases in the Sheriff budget resulted from the newly established Immigration and Customs Enforcement Unit at West Valley Detention Center and a San Manuel patrol contract. The Probation budget unit increased appropriation as a result of further expansion of the High Desert Juvenile Detention and Assessment Center and mandated costs associated with the implementation of evidence-based treatments in the juvenile halls and probation-operated treatment facilities. Furthermore, Probation received funding for a Mentality Impaired Offender Unit. Other factors for the District Attorney's increase were due to an increase in support staff, Special Units Management staff, Victims Services staff and the funding of the Identity Theft Unit and the Lifer Prison Parole Unit. For the Public Defender's, additional increases resulted from a mid-year item that added ten positions and the approval of several policy items which added a total of fourteen more positions.

The **Public and Support Service Group** shows a net increase of \$14.1 million attributed mainly to the increases in three budget units. The Registrar of Voters budget unit increased \$5.4 million which represents a combination of decreases resulting from a two-election cycle in 2005-06 to a one-election cycle in 2006-07 offset by increases of \$8.1 million in Help America Vote Act (HAVA) one-time funds available from the State to assist the County with its conversion to touch screen electronic voting with Voter Verified Paper Audit Trail functionality. The Facilities Management budget unit received an increase of \$1.8 million for additional staff and funding for minor capital improvement projects that will be handled by the department. Lastly, Land Use Services' Building and Safety

budget unit increased \$1.2 million due to on-going workload increases related to the improving economy and the continued increase in construction.

Restricted Financing Funds

Restricted Financing Funds consist of two restricted financing sources – Prop 172 and Realignment. Prop 172 revenue assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing mental health, social services and health programs within the County.

Of the total \$51.2 million in these restricted financing funds, the Realignment portion is \$35.8 million and the Prop 172 portion is \$15.4 million. Appropriation decreased from the prior year by \$35.0 million, which consisted of a \$32.4 million decrease in Realignment and a \$2.6 million decrease in Prop 172. For more details regarding restricted financing, refer to the General Fund Financing section of this budget book.

Capital Project Funds

Capital Project Funds appropriation increased by \$52,484,685 from the prior year amount.

Of the \$188.0 million total appropriation for all capital projects budgeted for 2006-07, \$60.4 million was budgeted for new projects and \$127.6 million was budgeted as carry-over projects. For more details regarding capital project funds, refer to the capital improvement program section of this budget book.

Special Revenue Funds

Special Revenue Funds increased \$57,852,575 overall.

Significant increases in appropriation in special revenue funds include:

- \$56.0 million in various Transportation funds, of which the significant increases include \$41.3 million in the operations fund, \$8.2 million in the newly created development mitigation plan funds, and \$3.2 million in the Measure I funds. These appropriations will be used for various roadwork projects, which include overlays, rehabilitation, storm drainage improvement, and the development of mitigation plans for future construction.
- \$3.9 million expansion in the Regional Parks County Trail System due to planned construction of Phase One of the Santa Ana River Trail.
- \$3.3 million growth in the Special Aviation funds as a result of new capital improvement projects scheduled at the county airports for 2006-07.
- \$3.1 million in the Auditor/Controller-Recorder's Systems Development fund as a result of continued increases in the recordings of legal documents.
- \$3.0 million in the County Library budget unit for a new facility, an additional joint use project, increases in the book budget, and an approved business process improvement to shift from barcode technology to radio frequency identification.
- \$2.4 million in the newly created Southwest Border Prosecution Initiative fund for law and justice related activities. This funding was previously held in a reserve and is now allocated in a special revenue fund.

Significant decreases in appropriation in special revenue funds include:

- \$4.8 million reduction in Probation's Juvenile Justice Grant program due to a change in the timing of funding received from the state. Previously, allocations were provided in advance of the expenditures and held in contingencies by the county.
- \$3.4 million in various Sheriff's special projects funds, of which \$1.8 million is in the COPSMORE grant fund which was scheduled to end in December 2005, however, an extension was approved through December 2006; and \$1.5 million decrease in the Aviation special project fund due to the reimbursement from this fund for a purchase of a new helicopter in the Sheriff's general fund.
- \$3.2 million cutback in Workforce Development primarily due to impacts of specialty grants expiring at the end of 2005-06 and an anticipated 10% cut in Workforce Investment Act (WIA) grant allocations.

Enterprise Funds

Of the six enterprise funds listed in the appropriation summary, Arrowhead Regional Medical Center and Solid Waste Management had the most significant changes.

The increase in Arrowhead Regional Medical Center (ARMC) reflects increased costs in workers compensation, retirement costs, salary and benefits costs due to labor negotiations, the addition of 192.4 positions to comply with required staffing ratio in nursing care services, and to convert contracted services to full-time employees. In addition, services and supplies increased related to information technology enhancement, inflationary costs, and professional services due to volume increases.

Solid Waste Management appropriation increased by \$50.6 million, including \$42.1 million for several new landfill expansions and environmental projects funded with the proceeds from the sale of the surplus property north of the Milliken Landfill, \$4.3 million for closure projects funded from the Financial Assurance Fund, and costs to dispose of additional waste brought to the landfills and transfer stations for \$4.2 million.

The appropriation summary charts presented on the following pages include expenditures and other financing uses such as operating transfers for all appropriated funds. Operating transfers represent financing provided from one fund to another within the county. The figures presented on the appropriation by category chart are subtotaled prior to the operating transfers out line. The appropriation categories reflected in the subtotal are the same as presented on page 1 of this budget summary. Additionally, there is a chart to reflect appropriation by group/agency and a chart for appropriation by fund type.

Changes by appropriation category for all appropriated funds include:

- Salaries and Benefits are increasing by approximately \$119.1 million or 9.8%. This represents increased costs as a result of negotiated labor agreements, required retirement contributions, and the addition of 472.7 positions. Of significance, the Department of Behavioral Health added positions as a result of increased funding under the Mental Health Services Act (MHSA); the Sheriff-Coroner added additional staffing for the Adelanto Detention Center, the Coroner's Office, unincorporated patrol, and city service contracts; and Arrowhead Regional Medical Center added positions to comply with the required staffing ratio in nursing care services and to convert contract positions to full-time employees. Refer to the "Budgeted Staffing Summary" on pages 14 through 20 for further detail regarding staffing changes by department.
- Services and Supplies are increasing by approximately \$122.9 million or 17.2%. Significant increases include \$39.4 million in various transportation funds for roadwork projects, which include overlays, rehabilitation, storm drainage improvement, and the development of mitigation plans for future construction; \$28.8 million for the Department of Behavioral Health to implement MHSA programs; and \$10.3 million for Solid Waste Management for several new landfill expansions and environmental projects.
- Central Computer charges are increasing by \$2.9 million or 1.9%. This is the result of 2005-06 mid-year rate increases and 2006-07 rate adjustments to account for licensing and lease agreements, infrastructure upgrades, and increased central processing unit (CPU) usage.
- Other charges are decreasing by \$12.2 million or 1.6%. This appropriation unit includes public assistance payments, contributions to other agencies, debt service payments, and interest expense. The most notable change is a \$26.9 million decrease in public assistance with a \$11.3 million offsetting increase in contributions to other agencies in the Capital Improvement Program for community enhancement projects.
- Capital Assets/Equipment is increasing by \$78.2 million or 36.7% and includes all capital projects, land acquisition, vehicle, and equipment purchases and lease/purchases. Significant changes include an additional \$41.2 million for various projects in the Capital Improvement Program outlined in that section of this budget book; \$22.2 million for Solid Waste Management – Site Enhancement, Expansion, and Acquisition for new capital landfill and construction projects; and \$8.4 million for Airport capital projects.
- Expenditure Transfer & Reimbursements are decreasing by (\$3.5) million or 33.0%. Transfers are the movement of resources from one fund to another for payment of services received and reimbursements are the amount received as a repayment for the services provided on behalf of another governmental unit or department. Reimbursements are considered a financing source.
- Contingencies and Reserves are decreasing by a total of \$74.2 million or 32.8%. Significant decreases include \$40.6 million in General Fund contingencies, of which, \$53.7 million decreased in contingencies for uncertainties used to finance 2005-06 mid year board items as well as numerous 2006-07 policy items submitted by departments and \$20.0 million was increased in contingencies for future space needs as the County plans for the financing of future growth. Additionally, decreases are reflected in the restricted general funds of Realignment and Prop. 172. These decreases are \$32.4 million and \$2.6 million, respectively.
- Operating Transfers Out is a method of providing financing from one fund to another for the implementation of a project or program, and is increasing by \$89.2 million or 45.0%. Significant increases include \$44.3 million from the general fund to finance Capital Improvement Projects, County Fire Department programs, Transportation Department programs, Office on Aging programs, and to backfill the loss of state grant revenue for the Assessor's Office; and \$27.9 million from Proposition 63 funds for MHSA programs.

Note: The Administrative/Executive Group also includes the Health-related departments.

The above chart lists appropriation by group / agency. The Finance – Other group includes budget units that are predominately Countywide in nature, have no budgeted staffing associated with them, or exist for proper budgetary accounting purposes. Included in this group are contingencies, financial administration, the restricted funds of Realignment and Prop. 172, and some special revenue funds that only appropriate operating transfers out.

The matrix below lists the group / agency as depicted in the organizational chart of the county. For each group / agency listed, the various fund types utilized are checked.

FUND DESCRIPTIONS

Governmental Fund Types

General Fund: The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General fund is the County's primary operating fund.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes (other than for major capital projects).

Capital Project Funds: Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Proprietary Fund Types

Enterprise Funds: Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Funds: Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

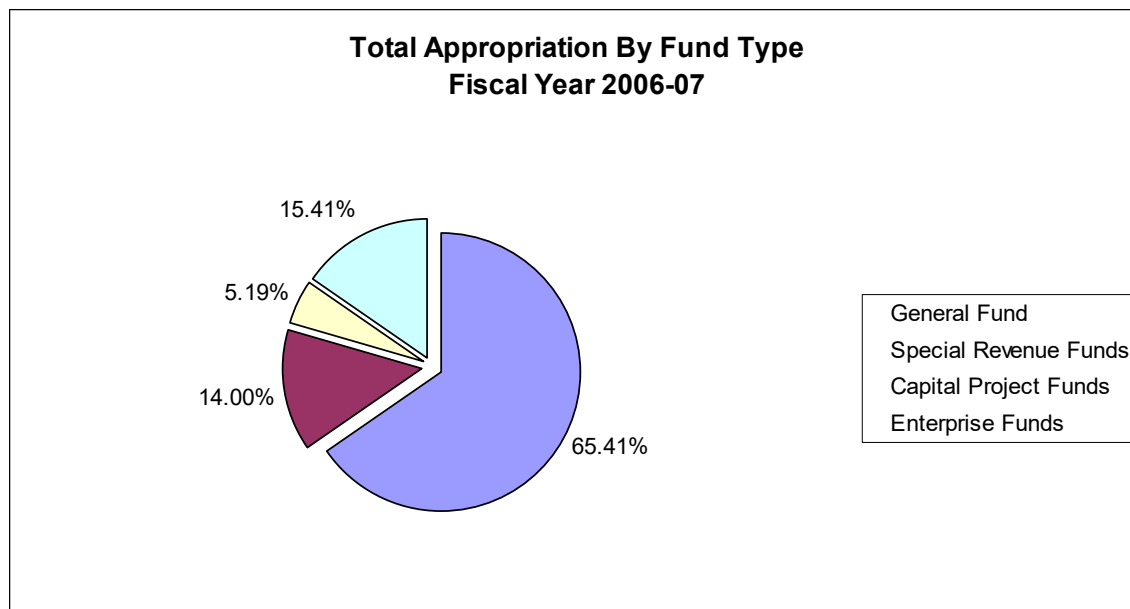

* * * * *

All funds, except Internal Service Funds, are appropriated. Internal Service Funds have budgets for management purposes only.

Property Taxes

The dramatic change in this revenue source is attributable to two major causes:

- An increase in property tax revenues based on an estimated 19% increase in secured assessed valuation.
- The elimination of the two-year \$1.3 billion local government contribution of property tax revenues to the State that decreased property tax revenues by \$16.4 million in both 2004-05 and 2005-06.

Other Taxes

Other taxes are increasing \$20.9 million as a result of an estimated increase of \$5.0 million in Property Transfer Tax as compared to the 2005-06 final budget. Sales taxes are expected to increase by \$4.3 million over the 2005-06 final budget. The one-half percent sales tax for Prop 172 revenue is estimated to increase \$10.5 million.

State and Federal Aid

An overall increase in revenues is reflected in the revenue category of state and federal aid. This increase is comprised of both increases and decreases in various programs.

Significant increases in State and Federal Aid include:

- \$34.5 million in the Behavioral Health budget units of which, \$27.9 million resulted from the passage of Proposition 63, that was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005, \$5.1 million is for increases in Medi-Cal inpatient costs, and \$1.5 million represents an increase in Early Periodic Screening and Diagnostic Testing funds received from the state.
- \$16.8 million in the Transportation budget unit, which includes the following increases: \$11.0 million in state traffic congestion funds, \$3.3 million in federal aid for disasters, \$1.5 million in gas tax funds, and \$1.5 million in the county's share of local transportation funds. These increases were offset by a \$0.5 reduction in federal capital grants.
- \$9.6 million in Human Services' Administrative Claim budget unit of which, \$6.0 million represents an equal share of state and federal health administration and \$3.6 million is for increase in federal welfare administration.
- \$8.1 million in Help America Vote Act (HAVA) state grant for the Registrar of Voters to assist the County with its conversion to touch screen electronic voting with Voter Verified Paper Audit Trail functionality.
- \$7.1 million in federal aid for Airports is due to additional funds anticipated from the Federal Aviation Administration (FAA) for capital improvement projects.
- \$3.1 million anticipated in SB 90 revenues as this program has been restored by the state.
- \$3.1 million in state grants for the Cedar Glen water and road improvements project.

Significant decreases in State and Federal Aid include:

- \$24.6 million in various Human Services' Subsistence budget units that is the result of a \$18.5 million decrease in state aid for children and a \$6.1 million decrease in federal aid for children. Additionally, there was a \$3.5 million reduction in state public assistance for the Human Services' Administrative Claim.
- \$13.5 million in the Sheriff budget units of which, \$11.7 million is a reduction of U.S. Marshal revenue in the Sheriff's general fund budget unit due to the county's mandate to provide housing for county prisoners. Additionally, a reduction of \$1.8 million in the Sheriff's COPS MORE special revenue fund is because the grant is scheduled to end in December 2006.
- \$4.2 million in federal funds for Community and Housing as a result of reductions in Community Development Block Grant funds and the final receipt of entitlement funds from other federal grants. Additionally, the Business Loan and Section 108 grant programs have been completed.
- \$3.3 million in state grants in the Workforce Development budget unit due to specialty grants such as Welfare-to-Work, National Emergency, and Nurse's Workforce Initiative expiring; and the Workforce Investment Act formulary funds such as Adult, Dislocated Worker, and Youth grants have declining allocations from the Department of Labor to the State of California.

Charges for Current Services

Charges for current services increased overall from the 2005-06 budget year. The most significant increase in departmental business activity consists of \$19.4 million in contract law enforcement services; \$8.2 million in Transportation's facilities development fees; \$2.6 million in property tax admin fees; \$2.5 million in booking fees, \$2.2 million in treasury pool management fees; and \$2.1 million in recording fees.

Noteworthy decreases in current services include \$5.7 million in court fees due to several legislative changes affecting the Trial Court Maintenance of Effort and revenue sharing agreements with the State and \$1.3 million in election services due to one less major election in 2006-07.

Other Revenue

Other revenue includes licenses, permits, franchises, fines and penalties, interest earnings, and tobacco settlement funds. This category of revenue increased and the significant changes are mentioned below.

Noteworthy increases include \$2.5 million in interest revenue and \$1.2 million in construction permits due to the continued building construction within the county.

Major decreases in this category of revenue include a \$2.5 million reduction in the Master Settlement Agreement budget due to anticipated decreases resulting from tobacco company disputes over the settlement agreement. Additionally, a decrease in other revenue of \$1.1 million is anticipated because there is fewer helicopters remaining to be sold compared with the sales of last year.

Enterprise Funds

Of the six enterprise funds listed in the revenue summary, Arrowhead Regional Medical Center and Solid Waste Management had the most significant changes.

Arrowhead Regional Medical Center (ARMC) revenues are expected to grow due to anticipated increases in state and federal revenues attributed by: the new hospital financing waiver under SB 1100, Section 1011 of the Medicare Modernization Act of 2003, increase in Medicare revenue due to wage index geographic reclassification of San Bernardino County to Los Angeles County and additional revenue from Inland Empire Health Plan to execute a Circle of Excellence Program. Additionally, there is an increase in the Realignment allocation to ARMC to partially offset the increased costs related to nursing staffing compliance ratio and for one-time building & land improvements and information technology enhancement projects.

Solid Waste Management revenues increased by \$9.5 million, including \$6.8 million due to cost of living adjustments to Waste Delivery Agreements with cities, as well as additional tonnage accepted at the landfills and transfer stations, \$1.5 million interest earned on cash balances, and \$1.2 million for grants, royalties, and leases.

Total	17,128.5	174.7	298.0	472.7	17,601.2

Significant changes from the previous year in caseload driven, grant or special funded programs include the following:

General Fund

- **Behavioral Health** increased budgeted staffing by 94.6 positions as a result of increased funding to provide services under the Mental Health Services Act.
- **Public Health** decreased budgeted staffing by a net 20.0 positions due to the elimination of, and reduction in funding for various maternal, adolescent and family - based programs. **Public Health's** budget unit **California Children's Services** increased budgeted staffing by 13.4 positions due to mandated staffing requirements imposed by the state.
- **Child Support Services** decreased a total of 34.5 budgeted positions as a result of financing salary and benefit and other cost increases given that base funding remains the same as last year.
- **Human Services Administrative Claim** budgeted staffing decreased by 182.3 positions. Of these, Transitional Assistance is reducing a net of 84.3 budgeted positions, Children's Services is reducing a net of 57.5 budgeted positions (after adding 1.5 positions and reducing 59.0 to meet the mandated program needs), Aging and Adult Services is reducing a net of 16.2 (after adding 6.0 positions and reducing 22.2 to meet the mandated program needs) and Human Services support divisions are reducing a net of 24.3 budgeted positions. These reductions are all due to increased costs and stagnant funding.
- **Probation Administration, Corrections and Detention** budgeted staffing increased by 42.0, including: 38.8 staff at High Desert Juvenile Detention and Assessment Center to open 40 additional beds in 2006-07; 29.7 staff related to enhance juvenile mental health services in response to litigation; the addition of 1.0 supervising probation officer for the gang unit; 1.0 probation officer funded by the IMPACT grant; 7.0 probation officers and 1.0 office assistant for a new unit to supervise probationers with mental illness; the loss of funding for (9.0) staff in the Bridges Program, (8.0) in Probation-to-Work, and (6.3) related to Prop 36 drug programs; and a net reduction of (13.2) related to anticipated vacancies.
- **Sheriff-Coroner** increased 98.0 budgeted positions in the caseload driven, grant or special funded programs category, of which 84.0 personnel are for city contracts, 7.0 for increased court security, 6.0 due to a new contract with San Manuel for patrol and law enforcement, and 1.0 for administration of county security contracts.

Other Funds

- **Information Services' Network Services Division** staffing increased by 12.0 budgeted positions. There were 4.0 positions added mid-year to meet service demands. Additionally, 2.1 positions were transferred from Information Services' Computer Operations in a realignment of overall departmental positions, 3.0 new positions and 2.7 increase in budgeted positions for overtime are proposed due to increases in workload, and 0.2 media positions were added for planned program expansion.
- **Arrowhead Regional Medical Center** budgeted staffing increased by 192.4 positions to comply with required staffing ratio in nursing care services, and to convert contracted services to full-time employees.
- **Workforce Development** budgeted staffing decreased by a net of 56.5 positions due to several factors: the completion of the National Emergency Grant Short-Term Employment program (27.5), the termination of the Memorandum of Understanding with the Transitional Assistance Department (14.5), and the de-funding of positions in anticipation of Workforce Investment Act funding reductions (7.0), the transfer of positions to the Economic Development Agency (4.0) and miscellaneous staffing changes (3.5).
- **Preschool Services** budgeted staffing decreased by 27.7 positions due to a reduction in Federal Head Start funding.
- **County Library** budgeted staffing increased by 10.4 positions primarily due to the addition of several part-time positions to assist the department with workload demands at various branch locations.
- **Public Works - Road Operations** increased budgeted staffing by 19.1 positions mainly due to the following: 8.0 previously approved contract positions for the Bark Beetle tree removal program; 6.0 positions for the proposed Land Development Section; and a 4.5 increase to establish a Public Works Engineer Training program.
- **Public Works - Solid Waste Management** budgeted staffing increased by 11.6 positions mostly for construction inspections, maintenance/repairs of scale facilities, assurance that the landfill operations contractor is in compliance with provisions of the contract, and for enhanced customer service at the landfills.

Significant changes from the previous year in all other programs include the following:

General Fund

- **Human Resources** increased by 11.4 budgeted staffing, including the addition of 1.0 Assistant Director of Human Resources; 3.0 staff to support the County's EMACS payroll system; 2.0 Human Resources Analyst I positions which will be fully reimbursed from the Departments of Behavioral Health and Child Support Services; 0.5 Human Resources Analyst II for the Employee Relations Division, which will be partially offset by the elimination of 0.1 extra help position; and the transfer in of 5.0 out-stationed positions and corresponding reimbursements.
- **Assessor** increased by 28.9 budgeted positions of which 28.0 positions were added as a result of approved policy items. These policy items consisted of the addition 12.0 valuation staff; 10.0 administrative staff and 6.0 assessment services staff. In addition, budgeted staffing was also adjusted to reflect the net increase of 0.9 positions.
- **Treasurer-Tax Collector/Public Administrator** increased by 19.5 budgeted positions, of which 16.0 budgeted positions were added mid-year due to significant workload growth in the Tax Collector's Division and staffing needs for a satellite office in Victorville, 1.0 budgeted position was added mid-year for the Unified Property Tax System, 1.0 budgeted position was added for management of the Treasurer's investment pool, and 1.5 budgeted positions were added to support the Tax Collector excess proceeds.
- **District Attorney - Criminal** increased 27.0 budgeted positions. There were 6.0 positions added to the Investigative Unit to conduct investigations and prepare evidence for the District Attorney's criminal unit. Additionally, 4.0 positions were added to create an Identity Theft Unit for the county, and 2.0 positions were requested as part of the budget process to support IT functions and increased workload. The remaining 15.0 positions were added through approval of four policy items (12.0 positions) and an additional grant award from the Office of Emergency Services (3.0). Policy items approved include: Special Units Management Staff; Increased Support Staff; Victim Services Staffing; and Expansion of the Lifer Prison Parole Unit.

- **Public Defender** increased 24.0 budgeted positions. There were 10.0 positions added for critical support staff and attorneys to handle complex, costly, and time consuming Capital, Sexually Violent Predator, and Mentally Disordered Offender cases. The remaining 14.0 positions were added through approval of eight policy items, which included: Office Support staff; Writs and Appeals and a training unit; Arraignment staffing; additional attorneys for the Central and Juvenile Division; a Supervising Attorney; and Investigative staff. In addition, the department converted two extra help positions to regular positions.
- **Sheriff-Coroner** increased an additional 121.5 budgeted positions, including: full-year funding for 30.3 staff at Adelanto Detention Center; 5.0 nursing staff at Glen Helen Rehabilitation Center; 10.0 custody assistants for booking at West Valley Detention Center; 9.0 custody specialists for an Immigration and Customs Enforcement Unit at West Valley Detention Center; 1.0 sergeant for unincorporated patrol; 24.0 additional deputies for unincorporated patrol; 16.4 deputy trainees to accommodate additional academy training to meet workload demands; 14.0 staff in the coroner's office; 12.0 dispatchers for the desert and valley communication centers; 2.0 criminalists for CAL-DNA; 1.0 additional administrator for the work release program; 7.5 new positions for administration, information technology and nursing; and a net decrease of (10.7) extra-help positions and overtime, to fully fund partially budgeted positions in dispatch, motor pool, crime lab and training.
- **Land Use Services Department – Building and Safety Division** increased budgeted staffing by a total of 10.0 positions. The increase includes 5.0 positions to meet current workload requirements and decrease the use of overtime; 4.0 extra help positions for implementation of a program to provide meaningful work experience to local junior college students; and 1.0 position to review applications referred from Current Planning.

Countywide staffing changes are outlined by county department in the following chart:

CAPITAL IMPROVEMENT PROGRAM

The County's Capital Improvement Program includes construction, rehabilitation and repair projects for numerous facilities and structures.

The capital project funds listed in the appropriation summary schedules in this Budget Summary and presented in the chart below represent those managed by the Architecture and Engineering Department and accounted for in the two funds, CJV and CJS. The County has several other capital projects that are accounted for in various special revenue funds belonging to the respective project departments, such as Airports, Regional Parks, and the Department of Public Works Solid Waste Management and Transportation Divisions.

In the 2006-07 final budget \$60.4 million in new projects are funded, primarily using County discretionary funds. Major new projects include \$5.2 million for the renovation of Central Juvenile Hall in San Bernardino, \$4.6 million towards the expansion of the Adelanto Adult Detention Center, \$6.0 million for the expansion of the Fontana Government Center, \$4.0 million to fund a Community Center in the City of Chino Hills, and \$2.7 million for the expansion of the Hall of Geological Wonders at the County Museum in Redlands.

Projects approved in prior years but not yet completed total an additional \$127.6 million. The three major carryover projects are the \$40.9 million seismic retrofit and remodel of the historic County Courthouse in San Bernardino to be funded primarily by an existing civil filing fee surcharge, a \$30 million remodel of the 6th floor of the Arrowhead Regional Medical Center in Colton, to convert the floor from administrative space to a medical/surgical wing, and the \$23.7 million acquisition and renovation of the 303 W. 3rd Street office building in San Bernardino.

GENERAL FUND FINANCING

County general fund operations are financed with four major types of financing sources: departmental program revenue, Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue.

Departmental program revenue includes fees, service charges, and state and federal support for programs such as welfare, health care, and behavioral health. Proposition 172 revenue is restricted and is used solely for financing the Sheriff, District Attorney, and Probation departments. Realignment revenue is also restricted and used in financing mental health, social services and health programs within the County.

The balance of departmental costs not funded by departmental program revenue, Proposition 172 revenue, and/or Realignment revenue is considered local cost. Local cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

Any countywide discretionary revenue not distributed to departments via local cost is placed in contingencies. Every year the County of San Bernardino has set aside a prudent dollar amount in contingencies and reserves for two purposes. One is to ensure that the county can accommodate unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county. The second purpose is to be proactive and set aside funds to meet future known obligations or to build a reserve for large capital projects.

The following pages describe in more detail Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue that assists in financing general fund departments. In addition, detailed information is included on the contributions and uses of county general fund contingencies and reserves for 2005-06 and the approved contributions and uses of general fund contingencies and reserves for 2006-07.

PROPOSITION 172

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the state's constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the state property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. Pursuant to Government Code 30055, of the total Prop 172 revenue allocated to San Bernardino County, 5% is distributed to cities affected by the property tax shift and 95% remains within the county.

On August 22, 1995, the County of San Bernardino Board of Supervisors approved the recommendation that defined the following departments as the public safety services designated to receive the county's 95% share of Prop 172 revenue, consistent with Government Code Section 30052 and authorized the Auditor/Controller to deposit the county's portion of the Prop 172 revenue as follows:

➤	Sheriff	70.0%
➤	District Attorney	17.5%
➤	Probation	12.5%

Prop 172 revenue currently presents a significant funding source for the Sheriff, District Attorney, and Probation Departments. Each year, as part of the budget development process, projections of Prop 172 growth are developed based on staff analysis of revenue trends and forecasts provided by outside economists.

Growth in Prop 172 revenue is used first to fund mandated cost increases in these departments, including MOU adjustments, retirement, worker's compensation and insurance. Any revenue beyond what is needed to fund mandated costs becomes discretionary revenue to the department, and is used to meet other high priority needs as recommended by the department and approved by the Board. In most years, the mandated cost increases consume the vast majority of Prop 172 revenue growth and all Prop 172 revenue is distributed to the designated departments.

However, in 2002-03 and subsequent years, unexpected increases in Prop 172 revenue have resulted in an excess of actual over budgeted Prop 172 revenue. All excess revenue is set aside in a restricted general fund and is appropriated upon Board approval. The chart below illustrates the beginning and anticipated ending fund balance of this restricted general fund for 2006-07 as well as projected revenue and planned expenditures from this fund.

Prop. 172 budgeted revenue in 2006-07 is \$154.7 million (\$154.3 million in Prop. 172 receipts and \$0.4 million in interest revenue). The applicable department's budgeted appropriation is \$154.8 million due to: 1) funding mandated costs mentioned above; 2) allocation of \$2.6 million of the Sheriff's discretionary revenue to fund a portion of the department's computer replacement program and 28 new positions, including dispatchers, medical personnel, booking officers, and a patrol sergeant; and 3) the District Attorney's utilization of \$0.5 million of their share of the excess revenue toward MOU costs. These planned expenditures, offset by reimbursement of \$2.2 million from the sale of Sheriff's helicopters, result in an estimated ending fund balance of \$14.9 million.

REALIGNMENT

In 1991 the state shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a ½ cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenues made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the Vehicle License Fee was reduced from 2.0% of the market value of a vehicle to 0.65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenues to Realignment, but simply reflects the same funding amount expressed as a percentage of the reduced revenue collected. Each of the three service areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide Realignment revenues.

Within the mental health area, the programs for which the county is now responsible are: community-based mental health programs, State Hospital services for county patients, and Institutions for Mental Disease. Within the social services area, the programs for which the county is now responsible are: the county revenue stabilization program and the county justice subvention program. Within the health area, the programs for which the county is now responsible are: AB8 county health services, local health services, medically indigent services, and the county medical services program.

In addition to these shifted responsibilities, a number of programs had changes made to their cost sharing ratios. Below are the programs that had cost sharing ratio changes (numbers are shown in percentages in the order of state/county shares of cost). For example, prior to Realignment Foster Care costs were funded by 95% state resources and 5% county resources. Now Foster Care is funded by 40% state resources and 60% county resources, which is a significant impact to the county.

	From State/County	To State/County

The Realignment program has some flaws in its design that adversely impact County of San Bernardino revenues. First, is San Bernardino's status as an "under equity county," meaning that the county receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under equity in those programs. Realignment did attempt to address the inequity issue, but the effort fell short. The county continues to be under equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, that incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over equity get a higher percentage of the new revenue while those that are under equity get less.

In addition to the under equity issue is the fact that the demand for the services the county is providing and the revenue streams funding them are both sensitive to the economy. When the economy is doing well, demand for services is reduced and sales taxes and vehicle license fees revenues are high. When the economy does poorly, demand for services is high, but revenues under perform. The graph below shows the history of fund balance for all Realignment funds.

Fund balances have increased significantly since 2003-04. The increased fund balance in 2004-05 was driven by lower than expected expenditures in Behavioral Health, Probation, ARMC, and Foster Care. Additionally, sales tax growth revenue within the Social Services Fund for the year ending June 30, 2005 was significantly higher than anticipated.

The schedule above shows the impact of the unexpected revenue growth from sales tax in the 2004-05 fiscal year as reflected in the difference between the 2005-06 Budgeted Beginning Fund Balance of \$127.1 million to the 2005-06 Actual Beginning Fund Balance of \$132.2 million. The 2004-05 sales tax growth revenues become a part of the revenue base for 2005-06 and beyond, resulting in estimated revenue of \$203.2 million in 2005-06 and \$212.2 million in 2006-07. It is important to note that growth revenues for a particular year do not come in until up to 7 months after the close of the year, so revenues shown in the 2005-06 Actual column still reflect an estimate of growth for the 2005-06 year. Beginning fund balances and departmental expenditures in that column do reflect actuals.

The Realignment budgets do not directly spend funds or provide service. They are strictly financing budgets with the actual expenditures occurring within the operating budget units of the departments that receive Realignment revenue.

The Realignment legislation does allow for some flexibility in usage of funds at the county level. Upon action by the Board of Supervisors, a county can transfer 10% of a given year's revenue from one fund to another. San Bernardino County has used the provision repeatedly over the years to help support either the health or social services programs. The County did not do a 10% transfer in 2005-06 and is not budgeting one for 2006-07. However, in the event that such transfer is needed, Board of Supervisors approval is required.

The next three pages contain the breakdown of the three individual Realignment funds.

Mental Health realignment revenue is currently composed of 57% sales tax and 43% vehicle license fees. Revenue is expected to climb very slowly since any growth in sales tax will be dedicated to Social Services to fund caseload growth.

In 2005-06 Behavioral Health's usage of realignment funds was less than anticipated resulting in an increased fund balance of \$6.3 million as opposed to a budgeted use of \$2.5 million of fund balance. For 2006-07 the Mental Health fund is budgeted to spend \$5.7 million of fund balance. The Department of Behavioral Health and the County Administrative Office will need to closely monitor this budget over the next few years to ensure that ongoing expenditures and ongoing revenues stay in line whenever possible. This is made difficult by the known future increases resulting from MOU negotiations coupled with limited growth in realignment revenue due to Social Services continued draw of all sales tax realignment growth revenue.

Prior to the sales tax shortfalls in Social Services, Mental Health realignment revenues were composed roughly 66% sales tax and 34% vehicle license fees versus the current 57%/43%. That shift has occurred entirely because of the Social Services funds priority claim on sales tax growth to pay for increasing caseloads.

Social Services realignment revenue is composed primarily of sales tax. The split is currently 96% sales tax and 4% vehicle license fees. In a drastic turnaround from prior years, sales tax coming in to Social Services realignment has grown dramatically. While this is good news, the growth has been insufficient to make up for prior years' shortfalls. Statewide, sales tax collections even in this very good year were \$169.2 million short of what was necessary to fund caseload growth within the mandated Social Services programs.

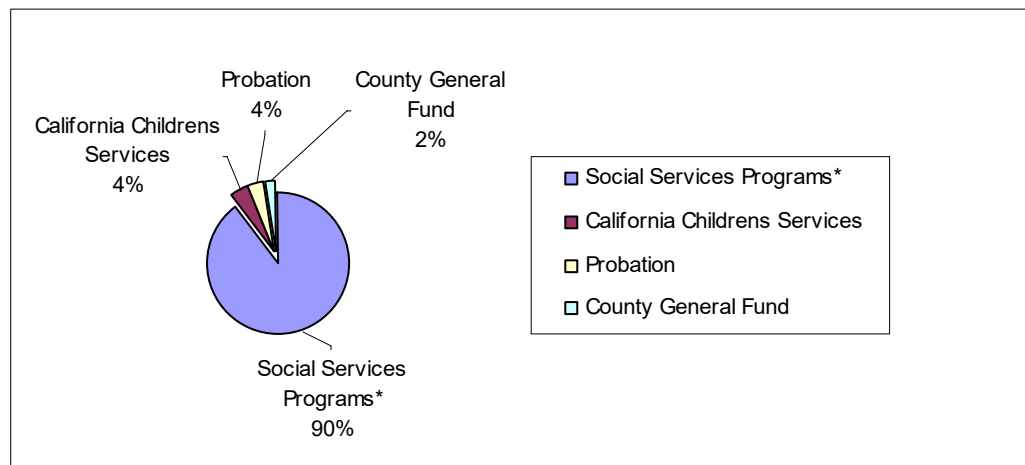

The County Administrative Office is projecting that statewide sales tax collection will be insufficient again in 2006-07 resulting in a shortfall of approximately \$9.7 million to San Bernardino County. While the Social Services fund continues to run a sales tax deficit, the Mental Health and Health funds will receive no growth on their sales tax base amounts resulting in continuing budget difficulty for those funds. Through June 30, 2006, it is projected that San Bernardino County will have lost approximately \$52.7 million as a result of sales tax shortfalls since the 2001-02 year when sales tax revenues actually declined on an annual basis.

The 2005-06 expenditures show a slight savings compared to budget. As indicated earlier, sales tax growth has been higher than expected resulting in significantly increased social services revenue. For the 2006-07 budget ongoing expense and ongoing revenue shows a surplus of \$11.4 million; however, this is based on continued assumed sales tax growth that may begin to feel pressure should the economy begin to slow.

As in the Mental Health realignment revenues, Health funding continues to suffer due to the lack of sales tax growth available for anything other than social services. The impact in Health is not quite as significant given that Health is primarily funded with vehicle license fees at 74% with the remaining 26% coming from sales tax.

The 2006-07 budget reflects the use of \$2.6 million of fund balance. Cost pressures from ARMC pose a concern in the coming years as a result of the Medicare Waiver redesign, cost increases resulting from labor negotiations, and the continuing cost of meeting State mandated nurse to patient staffing ratios.

In 2005-06 the Board of Supervisors approved the use of \$30 million of the Health Realignment fund balance to convert the 6th floor of ARMC from administration to new inpatient beds. Associated projects are being explored to expand parking and create a new permanent home for the administrative staff displaced from the 6th floor remodel.

Additionally, Public Health funding and their subsequent need for realignment revenues continues to be a concern. State and Federal grant programs have failed to keep pace with rising employment and inflation costs.

Budgetary Note: Financial information presented in this Realignment budget section is consistent with state reporting requirements for the Realignment funds. The state's reporting requirements are not consistent with the county's implementation of GASB 34 as it relates to revenue accrual. As such, within the county's

accounting system, an adjustment will be made to show the correct revenues in accordance with the county's accrual procedures. This is a revenue timing issue only as a result of delays by the state in distributing sales tax growth revenue.

COUNTYWIDE DISCRETIONARY REVENUE

The entire general fund budget is \$2.3 billion, however, the Board of Supervisors has no discretion on \$1.6 billion of this amount as seen in this pie chart.

2006-07 Final Budget General Fund Spending

SPENDING WHERE THE BOARD HAS NO DISCRETION. INCLUDES:	1,649,081,646
Welfare costs reimbursed by state and federal monies (\$740.7 million)	
Other program costs funded by program revenues such as user fees (\$908.4 million)	
REQUIRED HEALTH AND WELFARE MATCHES AND OTHER FIXED OBLIGATIONS:	140,833,318
SPENDING WHERE THE BOARD HAS SOME DISCRETION. INCLUDES:	523,189,492
Reserve / Contingencies Contributions (\$76.0 million)	
Law and justice program costs funded by local revenues (\$252.6 million)	
All other program costs funded by local revenues (\$194.6 million)	
TOTAL:	\$2,313,104,456

The Board of Supervisors has authority over the countywide discretionary revenue, which totals \$664,022,810. This countywide discretionary revenue is first obligated to pay for the required health and welfare matches and other fixed obligations, which total \$140,883,318. The remaining amount of \$523,189,492 is available for the Board's discretion and finances departmental budgets' local cost.

Shown below are the sources of the countywide discretionary revenue for 2006-07, which total \$664,022,810:

For 2006-07 general fund financing includes Countywide Discretionary Revenues of \$524.6 million and Other Financing Sources of \$139.5 million.

Countywide Discretionary Revenues

Secured Property Tax

Secured Property Tax Revenues make up \$166.8 million of the \$186.2 million 2006-07 "Current Secured, Unsecured, Unitary" budgeted revenue number. This budgeted amount is projected using an estimated 19% increase in secured assessed valuation for 2006-07, translated to a 17% increase in secured property tax revenues for the County general fund. The 19% increase is based on estimates of assessed valuation growth provided by the County Assessor's office, and the estimates of a local economist. This revenue source is also increasing as a result of the elimination of a two-year local government contribution of property tax revenues to the State (ERAF III) that decreased the County's secured property tax revenues by \$16.4 million in both 2004-05 and 2005-06.

The table below compares the increase in secured assessed valuation for the last six years to the increase in secured property tax revenues of the general fund (adjusted for one-time revenue changes such as ERAF III).

Fiscal Year	Countywide Locally Assessed Secured AV	Percent Increase	County General Fund Secured Revenue - Adjusted	Percent Increase
2000-01	73,672,579,140		90,265,895	
2001-02	78,831,564,858	7.00%	96,419,313	6.82%
2002-03	85,194,704,924	8.07%	103,724,492	7.58%
2003-04	92,745,938,042	8.86%	114,005,166	9.91%
2004-05	103,488,544,441	11.58%	127,110,535	11.50%
2005-06	118,871,872,729	14.86%	143,559,894	12.94%
2006-07	141,392,463,582	18.95%		

As is evident in the table, county general fund revenues do not usually increase at the same rate as secured assessed valuation. This is not due to delinquent tax payments. The County participates in the Teeter method of property tax allocation for secured property tax revenues. Therefore the County, and all other agencies participating in the Teeter program, receive 100% of the secured property tax revenue to which they are entitled, regardless of payment status. Instead, the mismatch between assessed valuation growth and revenue growth can be caused in part by assessed valuations increasing at a different rate in cities than in the unincorporated areas of the County (where the County gets a larger share of the property tax revenue). Other reasons for this mismatch include:

Redevelopment Agency Allocations:

When a redevelopment project area is created, future increases in property tax revenues are allocated to the Redevelopment Agency, instead of being apportioned through the normal allocation process to the County, Cities, Schools and Special Districts. This results in a lowering of the County's percentage share of the total revenues generated by the secured property in the County. In some instances, this reduction in property tax revenues is partially offset by a pass through of a certain amount of these revenues back from the RDA to the County (and the other affected entities).

Incorporations/Annexations:

When a new city is created in the County, or when an existing city annexes additional land into its boundaries, the City takes on certain responsibilities for that geographic area that were previously the responsibility of the County and Special Districts. To fund this shift in responsibilities, the County, and any affected Special Districts, will have their share of property tax revenues reduced in favor of the City.

Based on these factors, the projected revenue increase for secured property tax revenues is 17% for 2006-07 which includes the estimated 19% growth in assessed valuation less 2% to account for the effects mentioned in the previous paragraphs.

VLF/Property Tax Swap

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose financing. Beginning in Fiscal Year 1998-99, the State reduced the VLF payment required from vehicle owners. However, the State made up the revenue impact of the VLF rate reductions with State general fund revenue (the 'VLF Backfill').

The VLF Backfill was eliminated in the 2004-05 State budget. In that year the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

For 2004-05 the State established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in 2004-05, calculated using actual VLF receipt amounts for 2004-05. For years beginning in 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount increased by a rate equal to the growth in assessed valuation. This growth rate includes both secured and unsecured assessed valuation, but excludes the growth rate of unitary valuations. For 2006-07, the County Assessor's Office estimates an increase in assessed valuation of 19% (the Assessor's estimate does not include Unitary valuations). This 19% rate is used to estimate the increase in the VLF/Property Tax Swap revenues in the 2006-07 budget.

Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is an increase in the assessed valuation of their property after the property tax bill for that year has been issued. Generally there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenues to the County. The opposite is true when home prices and sales volume is declining. In fact, when the sales price of a property is lower than the current assessed value of the property, a refund may be due to the property owner.

In recent years the County has been experiencing dramatic increases in housing sales and housing prices. The following chart illustrates the dramatic rise in housing prices for both new and existing homes.

In addition, sales of new and existing homes have risen from approximately 8,500 for the 3rd quarter of 1999 to approximately 11,500 for the 3rd quarter of 2005. These factors have contributed to a dramatic rise in supplemental property tax revenues to the general fund as shown in the schedule below.

Fiscal Year	Supplemental Property Tax Revenues	Percent Increase/ (Decrease)
1998-99	1,009,170	
1999-00	1,446,766	43.36%
2000-01	2,368,978	63.74%
2001-02	2,918,443	23.19%
2002-03	4,937,268	69.17%
2003-04	6,102,778	23.61%
2004-05	13,219,499	116.61%
2005-06	25,049,987	89.49%

In 2006 the housing market began to slow down. For the first seven months of 2006, new and existing home sales by month (as compared to the same month in the prior year) are down for every month except May. In addition, home prices are not rising as quickly as in recent years. Given the nature and large fluctuations of supplemental property tax revenues, it is likely that the County will experience a decline in this revenue if sales volume continues to fall. An offsetting factor is the impact of the VLF/Property Tax Shift on supplemental property tax revenues. Because of the nature of the VLF/Property Tax Swap, the Education Revenue Augmentation Fund (ERAF) no longer receives supplemental tax revenues. Supplemental tax revenues that would have gone to ERAF are instead contributed to counties and cities. As a result, the 2006-07 final budget includes estimated supplemental property tax revenues of \$14 million, approximately \$11 million less than 2005-06 actual revenues. This budgeted amount is the current estimate of the sustainable level of this revenue for the near future.

Sales and Use Tax

County discretionary revenues include 1% of the 7.75% sales tax rate charged on purchases made in the unincorporated areas of the County. In recent years, due to the strong housing market and resulting population increase, County discretionary sales tax revenues have increased significantly.

When preparing the annual budget, the County projects future sales tax revenues based on data provided by a local economist. For 2006-07 the economist has projected total sales tax revenues in the unincorporated area of \$28.0 million. The County has budgeted \$23.1 million. The major reasons for this difference include:

Sales Tax Sharing Agreement with the City of Redlands

In August of 2003, the County entered into a sales tax sharing agreement with the City of Redlands. Under the terms of this agreement, the City of Redlands provides government services to an unincorporated area of the County, and in return the County pays the city a percentage of the sales tax revenue generated in that geographical area. This geographic area has and continues to add, numerous retail establishments and generates a considerable amount of sales tax revenue. Under the terms of the sales tax sharing agreement, the County currently pays the City of Redlands 90% of the County's discretionary sales tax revenue generated in this area.

Potential Annexations and Incorporations

Based on recent estimates, approximately 56% of the County's discretionary sales tax revenue is generated in the unincorporated portion of the sphere's of influence of the 24 cities that are within the county's boundaries. A sphere of influence is a 'planning boundary within which a city or district is expected to grow into over time'. Therefore, the areas within these spheres are likely to be annexed, and once annexed, the discretionary sales tax revenue generated in that area will go to the city instead of the County. The County would also lose sales tax revenues if a community in the unincorporated area of the County decided to create a new city (incorporate).

Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$ 0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in cities, the County receives 50% of the tax. This revenue has increased dramatically over the last 5 years due to the high volume of housing sales and increasing housing prices. As shown in the table below this revenue has increased an average of 29.9% over the last five years.

Fiscal Year	Property Transfer Tax Revenue	Percent Increase/ (Decrease)	Five Year Average
2000-01	4,904,282		
2001-02	5,938,919	21.10%	
2002-03	7,752,989	30.55%	
2003-04	11,578,232	49.34%	
2004-05	15,184,960	31.15%	
2005-06	17,855,238	17.59%	29.94%

As seen in the table above, the increase in these revenues recently grew at a pace below the five year average in 2005-06. This is due to the slowdown in the local housing market. Because this revenue stream is dependent on the combination of sales prices and the number of sales transactions, it could conceivably decrease from current levels in future years. As a result, for the 2006-07 budget the county estimated that these revenues will be flat to the year end estimate for 2005-06.

Net Interest Earnings

Net interest earnings for 2006-07 are projected at \$23.2 million. The increase in this revenue source is attributable to an estimated increase in interest earnings from the treasury pool offset by decreased interest and penalty proceeds from the Teeter program.

COWCAP (County-Wide Cost Allocation Plan) Revenue

COWCAP revenue is reimbursement for overhead/indirect costs incurred by the general fund. Reimbursements are received from various state and federal grant programs (that permit such reimbursement) and fee supported general fund departments and taxing entities such as the library and Board-governed special districts. The budgeted COWCAP Revenue amount reflects the recovered allowable costs included in the 2006-07 countywide cost allocation plan (COWCAP) published by the Auditor/Controller.

Property Tax Admin Revenue

Property Tax Administration revenue is expected to grow slightly from prior year budget. Property Tax Administration revenue consists of:

- SB 813 cost reimbursement, which represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.
- The property tax administrative fee, which the legislature provided to allow counties to recover the cost of the property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort.

Recording Fee Revenue

The County Recorder's Office collects certain fees for the official recording of documents. In previous fiscal years, this revenue was budgeted in the Auditor/Controller-Recorder's budget unit. Due to the unpredictable nature of the recording fee revenue and the County Administrative Office's concern for stabilization of departmental financing, the Board approved placing the recording fee revenue in the countywide discretionary revenue.

State and Federal Aid

State and Federal aid consists of a payment from the welfare realignment trust fund, which replaced the state revenue stabilization program, and SB90 reimbursements from the state. It also includes revenues received from the Federal government's Payment in Lieu of Taxes (PILT) program. Under current law, local governments are compensated through various programs for losses to their tax bases due to the presence of most federally owned land. PILT for the county is expected to grow slightly over the 2005-06 budgeted amount. 2005-06 actual revenues in State and Federal Aid include \$3.5 million in prior year SB90 reimbursements from the State.

Booking Fee Revenue

State law currently provides the Board of Supervisors with the authority to assess booking fees. In 2005-06, the maximum fee imposed by counties was limited to one-half of actual administrative costs, including allowable overhead, with no reimbursement to other agencies for costs incurred. Recently, the state adopted legislation to begin in 2007-08, whereby local detention funds would be established in each county, to be funded by an annual allocation in the state budget—in lieu of counties charging for booking costs. Under this plan, the state would reimburse cities and other entities for the booking fee costs they incur in the interim, during 2006-07. Should the state not be in a position to provide the agreed upon funding in some future year, San Bernardino County will retain the right to charge booking fees as provided for under current law. For 2006-07 the budget is calculated based on a rate approved by the Board of Supervisors.

Treasury Pool Management Fees

Beginning in 2006-07 discretionary revenue includes cost reimbursement for the management of the County's investment pool, which is projected to total \$2.2 million. In prior fiscal years, this revenue was budgeted in the Treasurer/Tax Collector's budget unit.

Other Revenue

Other revenue includes overhead charges recovered through city law enforcement contracts with the Sheriff's Department, voided warrants issued by the county, projected transfers of unclaimed property tax refunds to the general fund, the county share of vehicle code violation revenue, and other miscellaneous revenues.

Other Financing Sources**Fund Balance and Reimbursements**

The 2005-06 year-end fund balance for the general fund is \$100,698,815. Reimbursements of \$0.6 million relating to the county reorganization are anticipated.

Use of Reserves

Planned uses of reserves include \$2.8 million of the Business Process Improvement Reserve to fund the following projects: Sheriff's Laboratory Information Management System, Probation's Kiosk Reporting System, County Library's Customer Self Sufficiency / Radio Frequency Identification System, and the Assessor's Imaging System. Additionally, \$1.5 million of the Equity Pool reserve will fund equity cost increases. The elimination of the Law and Justice Southwest Border Patrol Initiative reserve results in a transfer of the remaining balance of \$1.7 million to a special revenue fund.

Operating Transfers In

Operating transfers include transfers from the Courthouse and Criminal Justice Construction funds of \$4.1 million to finance debt service on the Foothill Law and Justice Center, transfers from the Arrowhead Regional Medical Center of \$6.8 million from their settlement proceeds, transfer of unused HAVA funds of \$2.3 million to be placed in the electronic voting reserve, and \$18.9 million of tobacco settlement funds, of which \$15.0 million is to be applied towards the Arrowhead Regional Medical Center Debt Service.

Countywide discretionary revenues are allocated to various county departments as local cost. The pie chart below shows what percentage of the local cost is allocated to each of the groups.

The schedule on the following pages shows a comparison of prior year local cost and current year local cost by department. This schedule also includes appropriation and revenue, including operating transfers, which are mechanisms to move financing between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the department's appropriation and revenue. Operating transfers are excluded from the countywide appropriation and revenue summaries presented in the Budget Summary Section, as their inclusion would overstate countywide appropriation and revenue on a consolidated basis.

CONTINGENCIES

The County Contingencies includes the following elements:

One Time Contingencies

Mandatory Contingencies

Board Policy requires the county to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the county's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1.5% of locally funded appropriation.

Uncertainties

Any unallocated financing available from current year sources (both ongoing and one-time) that has not been set-aside and any unallocated fund balance carried over from the prior year, is budgeted in the contingencies for uncertainties. Final budget action includes a provision that allocates any difference between estimated and final fund balance to this contingencies account.

Ongoing Set-Asides Contingencies

The county budget process differentiates between ongoing and one-time revenue sources. Ongoing set-asides represent ongoing sources of financing that have been targeted for future ongoing program needs.

Contingencies - Priority District and Program Needs

An annual base allocation of \$2,500,000 is set aside for priority district and program needs. Any amounts unspent in this contingencies account at the end of a fiscal year rolls forward into the next fiscal year.

2005-06 Changes to Contingencies for Uncertainties

For 2005-06 mid-year Board actions authorized the use of approximately \$69.9 million of the Contingencies for Uncertainties. Major allocations include:

- \$11.8 million in ongoing funding for salary and benefit increases pursuant to negotiated labor agreements with employees approved after final budget adoption.
- \$5.3 million to fund Safe Route to Schools Projects
- \$5.0 million to finance various park improvements
- \$4.4 million to finance modernization and office space utilization projects
- \$4.2 million transferred to the Juvenile Maximum Security Facility Reserve
- \$3.7 million to finance building improvements
- \$3.5 million to finance a new fire station in Hesperia/Oak Hills
- \$3.0 million to finance library improvements
- \$2.6 million to reflect changes required as a result of the adoption of the final State budget
- \$2.4 million to finance Glen Helen Park Improvements
- \$2.1 million to finance street improvements
- \$2.1 million to finance community projects in Upland, Muscoy, Crestline and Rim of the World
- \$2.0 million transferred to the Museum's Hall of Paleontology Reserve
- \$2.0 million to fund a total of 26 new positions in the Sheriff's department
- \$1.6 million to fund Glen Helen Water System Improvements
- \$1.6 million to fund Senior Citizen Programs
- \$1.4 million to fund the Sheriff/Coroner Morgue Expansion Project
- \$1.3 million to increase the General Purpose Reserve and Mandatory Contingencies as a result of increases in revenue projections

For 2005-06 mid-year Board actions authorized increases of \$22.2 million in the Contingencies for Uncertainties:

- \$11.7 million to reflect upward revisions to revenue estimates
- \$7.9 million transferred from the contingencies set-aside for future retirement costs
- \$1.5 million to reflect the use of a portion of the Teeter Reserve to offset tax sale losses the County incurred in 2004-05.
- \$1.1 million to reflect the elimination of the Bark Beetle Reserve. The Bark Beetle Reserve was established on December 17, 2002 to help address the bark beetle infestation in the local mountains. Since the reserve was established, the County was successful in securing Federal funds to aid in the fight against the bark beetle infestation.

2006-07 Mandatory Contingencies

The base allocation to the mandatory contingency budget of \$7,868,404 is established pursuant to Board policy, based on projected locally funded appropriation of \$524.6 million.

2006-07 Ongoing Set-Asides Contingencies

As seen in the Reserve section, the county has set aside a significant amount of one-time money that can assist the county temporarily for unforeseen increases in expenditure or reductions in revenues. However, there has never been any money set aside to permanently address future foreseen increases in expenditures. Beginning in 2004-05, the county positioned itself to set aside ongoing revenue sources to finance future ongoing expenditures in three different areas: retirement, future financing needs, and workload adjustments. In 2006-07, the county added future space needs to the listing of on-going set-asides.

- **Future Retirement Costs Ongoing Set Aside:**
For the past three years, the County has seen significant retirement cost increases and predicts additional future increases based on unfunded liabilities that have occurred primarily as a result of lower than expected market returns. The Board has set aside \$7.9 million in ongoing revenue sources to assist in financing these cost increases at a future date.
- **Jail Expansion (Formerly Future Financing Needs) Ongoing Set Aside:**
In 2005-06, the Board set aside \$7.0 million of ongoing money to address the future needs of the County's growing population. For 2006-07, the Board allocated this set-aside to a specific use, increased jail space. In final budget action, the Board approved the use of \$4.6 million of this on-going set-aside to fund the design costs for the Adelanto Detention Center Expansion Project.
- **Workload Adjustments Ongoing Set Aside:**
Beginning in 2004-05, the Board set-aside \$2.7 million to address departmental workload issues caused primarily by budget reductions required to offset State budget reductions in prior years. On December 13, 2005 the Board approved the elimination of this ongoing set-aside to be used to fund operations at the County Fire Department.
- **Future Space Needs Ongoing Set Aside:**
Beginning in 2006-07, the Board set-aside \$20.0 million to address future space needs. This is based on a building analysis completed by staff. The space needs of the county continue to grow based on expansion of the area and the programs that service the county's growing population.

RESERVES

The county has a number of reserves (designations) that have been established over the years. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general purpose reserve are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. On January 6, 1998, the Board of Supervisors adopted a county policy to provide guidelines and goals for reserve levels. That policy calls for the county's general purpose reserve to equal 10% of locally funded appropriation. The Board of Supervisors also established special purpose reserves to temporarily help meet future needs.

2005-06 Approved Contributions

- \$4.5 million to the General Purpose Reserve based on the 2005-06 modified budget for countywide discretionary revenue which finances locally funded appropriation.
- \$7.9 million to the Retirement Reserve, \$7.0 million to the Future Financing Reserve, and \$2.7 million to the Workload Adjustment Reserve were funded by ongoing set-asides that remained unspent at the end of 2004-05.
- \$4.2 million to the Juvenile Maximum Security Reserve from Probation Department savings in 2004-05.
- \$2.0 million to the Museum Hall of Paleontology Reserve to assist in construction costs.
- \$450,791 to the Restitution Reserve to set-aside settlement revenues received by the County in 2004-05 from the ongoing corruption litigation.
- \$287,097 to the Southwest Border Patrol Initiative Reserve to set-aside Federal funding received in 2004-05.

2005-06 Approved Uses

- \$1.5 million from the Teeter Reserve to offset tax sale losses the County incurred in 2004-05.
- \$0.5 million from the Business Process Improvement Reserve to fund the Human Resources' Application Tracking System and Personnel File Imaging Systems, Regional Park's Central Reservation System, and Facilities Management's Automated Work Order Implementation Project.
- \$200,000 from the Restitution Reserve to finance the cost of the county's on-going corruption litigation.
- \$667,600 from the Justice Facilities Reserve to fund phase two of the Central Detention Center HVAC replacement in the amount of \$430,000, \$17,600 for an updated title report for the Marantha Jail Facility in Adelanto, and \$220,000 for renovation and expansion of the minimum security dorms at the Glen Helen Rehabilitation Center.
- \$446,601 from the Law and Justice Southwest Border Patrol Initiative Reserve (SWBPI) as detailed below: 1) \$250,000 to fund the Handheld Citation Capture Device grant program; 2) \$68,136 for remaining one-time costs to implement a comprehensive, Countywide Gang Initiative; 3) \$69,000 to perform a Laboratory Information Management System Assessment for the Sheriff; 4) \$65,812 to fund the balance of the Electronic Information Sharing Project for the District Attorney; 5) \$47,545 to purchase video editing systems for the Sheriff; 6) \$53,123 for eight unarmored polycom teleconferencing units for the Public Defender and Probation and 7) \$201,297 for the purchase of a digital lab and film processing system for the Sheriff-Coroner. Of these allocations \$242,500 was returned to the reserve unspent by the Law and Justice Group Administration budget from the Handheld Citation Capture Device program, and a total of \$65,812 was returned unspent by the District Attorney budget from the County-Wide Gang Initiative and the Electronic Information Sharing Project.
- \$2.0 million from the Equity Pool Reserve to fund the 2005-06 costs of approved equity adjustments.
- The Bark Beetle Reserve was established on December 17, 2002 to help address the bark beetle infestation in the local mountains. Since the reserve was established, the County was successful in securing Federal funds to aid in the fight against the bark beetle infestation. On November 1, 2005, the Board dissolved this reserve. Prior to it being dissolved, the Bark Beetle Reserve funded site and parking lot improvements and the purchase and installation of temporary modular office units totaling \$560,000 for the Running Springs Bark Beetle Hazard Abatement Offices. This amount will be reimbursed to the general fund from future lease/rent revenues from these offices.

- \$2,700,000 from the Workload Adjustment Reserve to County Fire to fund one-time capital apparatus, equipment, and fire-station facility needs.

2006-07 Approved Contributions and Uses

For 2006-07 the general-purpose reserve is increased by \$10.7 million to conform to Board policy. This increase is based on projected locally funded appropriation of \$524.6 million and brings the balance of the general-purpose reserve to \$52.5 million. The reserve for Retirement is increased by \$7.9 million. The Jail Expansion Reserve, formerly the Future Financing Reserve, is increased by the ongoing set aside of \$7.0 million that remained unspent at the end of 2005-06. The Juvenile Maximum Security Reserve is increased by \$3.7 million, funded by savings from Probation's 2005-06 department budget. The Business Process Improvement Reserve is increased by \$1.1 million to return it to its original amount after funding 2005-06 uses. Additionally \$2.8 million of this reserve is to be used in 2006-07. The Electronic Voting and Moonridge Zoo Reserves are increased by \$2.3 million and \$2.8 million, respectively. The elimination of the Law and Justice Southwest Border Patrol Initiative reserve results in a transfer of the remaining balance of \$1.7 million to a special revenue fund. Use of the remaining \$1,507,038 of the Equity Pool reserve will assist in funding the 2006-07 costs of approved equity adjustments.

COUNTY DEBT POLICY

The county has a separate policy that covers the issuance, management and administration of the county's portfolio of long term obligations. The policy requires, in general, that:

1. Debt will not be used to finance on-going operational costs.
2. Whenever possible, the county will pursue alternative sources of funding in order to minimize the level of debt.
3. That whenever practical, voter approval on the method of debt shall be utilized.

More specifically, the policy includes guidelines on Types of Debt, and Analysis Management and Limitations. The Analysis, Management and Limitations section of the policy includes the following elements:

1. The policy allows for the issuance of variable rate obligations to the extent that they do not exceed 25% of total debt outstanding.
2. The policy details the guidelines to be followed prior to the issuance of variable rate debt including feasibility, structure, and annual analysis to determine advisability of conversion to fixed rate debt.
3. The policy requires that the term of bonds be no longer than the economic useful life of the property, or in excess of available payment streams.
4. The policy requires annual review of the county's portfolio of long term obligations to initiate any type of restructuring, refunding, or refinancing beneficial to the county.
5. The policy outlines requirements for the investment of bond proceeds.
6. The policy outlines the responsibilities of the county's Debt Advisory Committee, which is a formal committee of the Board of Supervisors. These responsibilities include oversight and review of all debt policy and debt issuance activities and to make recommendations to the Board of Supervisors regarding appropriate actions on debt matters.

CASH FUNDED PROJECTS

As detailed above, county policy requires prudent management of liabilities and, whenever possible, alternative sources of funding in order to minimize the level of debt. In the past several years, the county has satisfied certain portions of its capital needs without the issuance of long term obligations. This includes the major projects listed below:

- Construction of the High Desert Juvenile Detention Center, financed with a combination of state grant monies and the county's cash.
- The cash purchase of the Adelanto Adult Detention Facility.
- The cash purchase of an office building in downtown San Bernardino.

THE COUNTY'S BUDGET FINANCE POLICY AS IT RELATES TO LONG-TERM OBLIGATIONS

The county's Budget Financing Policy includes policies related to long-term obligations of the county. These include:

1. Retirement System Funding – Requires that the Board first consider setting aside any savings related to negative Unfunded Accrued Actuarial Liability to fund a reserve for reduction of any existing pension obligation bonds or as a hedge against future interest rate increases.
2. Use of Variable Rate Interest Savings – Requires that when amounts budgeted for variable rate interest expense on long-term obligations exceeds actual variable rate interest expense for the year, that such savings will be used in the succeeding fiscal year to reduce the outstanding principal of long-term obligations. It is normal for budgeted amounts to exceed actual amounts because debt covenants require conservative budgeting of variable rate interest expense. This applies only to debt service paid from discretionary revenue sources of the general fund.
3. Use of Savings from Interest Rate Swap Agreements Associated with the Issuance of Debt - Requires that any county benefit realized on interest rate swap agreements, when there is a potential mismatch between swap payments and debt service payments, be retained as a contingency to offset the county's share of increases in debt service caused by the swap agreement. This contingency amount will not exceed \$5.0 million per interest rate swap agreement.

COUNTY LONG TERM OBLIGATIONS

The following discussion relates to long term obligations backed by the full faith and credit of the county's general fund. Other long-term obligations, such as those of the county's redevelopment agency and special districts are included in separate budget documents prepared for those entities.

The county's outstanding long-term debt obligations have been issued for the following purposes:

- To finance construction and improvement of county structures.
- To refinance county pension obligations.
- To finance improvements at the county owned landfills.

The county finances such projects with a variety of debt instruments. For construction and improvement projects, and for the improvement projects at the county landfills, the county has utilized lease obligations with a non-profit public benefit corporation. Such obligations are in the form of Certificates of Participation. For pension obligations the county has issued Pension Obligation Bonds.

As of June 30, 2006, the county's long term obligations include obligations issued to finance or partially finance the following projects:

- Construction and equipping of the Arrowhead Regional Medical Center
- Construction of the West Valley Detention Center
- Construction of the Foothill Law and Justice Center and hangars at the Chino Airport
- Construction of the County Government Center
- Construction of the West Valley Juvenile Detention Center
- Retrofit of lighting and HVAC systems at various county facilities
- Finance of down payment on a preschool building in Ontario
- Construction of the Glen Helen Amphitheater
- Improvement projects at county landfills
- Refinancing of a portion of the county's Unfunded Accrued Actuarial Liability in the years 1995 and 2004.

A summary of long-term obligations of the county, which includes a reference to the section of the book where the obligation is budgeted, is included on the following pages.

(1) Debt schedules for variable rate issues are based on the average interest rate at the time of issuance and do not reflect amounts budgeted for 2006-07 fiscal year.

Budget Information:

The 2003B Solid Waste Certificates of Participation are budgeted in the Public And Support Services Group section of this budget book, in the Solid Waste Management Division Operations Enterprise Fund

The 1994, 1995, 1996, 1997 and 1998 Medical Center Certificates of Participation are budgeted in the Administrative/Executive Section of this budget book under County Administrative Office, Medical Center Lease Payments (Medical Center Enterprise Fund)

EFFECTS OF EXISTING DEBT LEVELS ON CURRENT AND FUTURE OPERATIONS

Debt service on the Certificates of Participation and Pension Obligation Bonds referenced in the previous schedules will not negatively effect current or future operations of the county. In aggregate, current required debt service expenditures remain relatively level for all fiscal years through 2022-23 and then drop significantly in succeeding years.

The county is currently contemplating the issuance of additional Certificates of Participation to fund the expansion of the Adelanto Adult Detention Facility, and construction and improvements related to the implementation of a master space plan. The 2006-07 budget allocates on-going (annual) financing sources of \$7.0 million for future debt service for the expansion of jail facilities and \$20.0 million for future debt service related to the implementation of the county's master space plan.

OTHER LONG-TERM OBLIGATION

The Library has a note payable to the California Infrastructure and Economic Development Bank for funds borrowed to finance the construction of a library in Apple Valley. This note is backed by the full faith and credit of the general fund; however it is paid from and budgeted in the Library budget, found in the Public and Support Services Group section of this budget book, in the Library Special Revenue Fund budget. The outstanding principal amount of this note as of June 30, 2005, the last date for which audited information is available, was \$1,849,181. Annual debt service on this obligation is approximately \$105,000 per year through fiscal year 2030-31.

LEGAL DEBT LIMIT

The county's legal debt limit, which applies only to General Obligation Bonds, is 1.25% of Assessed Valuation. As of June 30, 2005, the last date for which audited information on outstanding debt is currently available, the county's Debt limit and legal debt margin were calculated as follows:

Fiscal Year	Total Assessed Valuation	Legal Debt Limit	Bonded Debt	Legal Debt Margin
2004-05	114,365,556,744	1,429,569,459	2,045,000	1,427,524,459
2005-06	130,673,406,204	1,633,417,578	(1)	N/A
2006-07	153,832,296,959	1,922,903,712	(1)	N/A

(1) - Audited numbers not available

The county general fund has no outstanding General Obligation Bonds, and therefore no debt service payments for General Obligation Bonds are budgeted in this document. The Bonded Debt referred to in the table above is the debt of Special Districts and therefore is budgeted in the separate budget document prepared for these entities.

SUMMARY OF RELATED LAWS, POLICIES, AND PROCEDURES

CALIFORNIA GOVERNMENT CODE

Government Code Sections 29000 through 30200 provide the statutory requirements pertaining to the form and content of the state Controller's prescribed Line-Item Budget. Government Code Section 29009 requires a balanced budget in the proposed and final budgets, defined as "the budgetary requirements shall equal the available financing".

COUNTY CODE

Title 1. Division 2. Chapter 2:

Section 12.023:

The Administrative Officer shall be appointed by and serve at the pleasure of the Board of Supervisors.

Section 12.026:

Under the supervision of the Board of Supervisors, and subject to the approval and direction and control thereof, the Administrative Officer shall supervise the preparation of the annual County Budget. In the performance of this duty the Administrative Officer shall review all departmental and agency requests and all items in the proposed budget, including revenues, expenditures and reserves. He shall submit his recommendation on the proposed budget to the Board of Supervisors.

BASIS OF ACCOUNTING

Governmental fund types are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued if their receipt occurs within sixty days after the end of the accounting period, and recognized as revenue.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Exceptions to this general rule include: principal and interest on long-term debt is recognized when due; prepaid expenses are reported as current period expenditures, rather than allocated; and accumulated unpaid vacation, sick leave, and other employee benefits are reported in the period due and payable rather than in the period earned by employees.

Proprietary fund types are accounted for on the accrual basis of accounting. Their revenues are recognized in the period earned and expenses are recognized in the period incurred.

BASIS OF BUDGETING

Governmental Funds:

An operating budget is adopted each fiscal year for the governmental fund types in accordance with provisions of the County Budget Act. The County's financial statement, the Comprehensive Annual Financial Report (CAFR), is prepared using generally accepted accounting principles (GAAP). Budgets for the governmental fund types are adopted with the following differences from GAAP:

Encumbrance accounting is employed in governmental funds. For budget purposes, outstanding encumbrances (which represent the unspent amounts of purchase orders and contracts funded in the fiscal year), are treated as expenditures in that fiscal year. This affects only the "actual" data that appears in this budget book. For GAAP purposes, in the fund financial statements of the CAFR, encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures and liabilities. Appropriations for these encumbrance commitments survive the expiration of the fiscal year to the extent that encumbrances exist. Encumbrances cancelled subsequent to the end of the fiscal year also cancel the underlying appropriation.

On a budgetary basis, unrealized gains and losses on the fair value of investments are not recognized. For GAAP purposes, such gains or losses are recognized.

Proprietary Funds:

The Board of Supervisors approves an annual spending plan for proprietary funds. Although the adopted expense estimates are not appropriations, their budgetary controls are the same as those of the governmental fund types. Because these funds collect fees and revenues generally to cover the cost of the goods and services they provide, their accounting and budgeting bases are closer to commercial models. Budgeting, like accounting, is done on the accrual basis and generally according to GAAP.

COUNTY BUDGET AND FINANCE POLICIES

When building the 2006-07 budget, the County Administrative Office adhered to the County's four financing policies; 1) the budget financing policy, which holds that one-time funds shall not be used to finance ongoing operational costs; 2) the reserve policy, which maintains an ongoing general purpose reserve equal to 10% of locally funded appropriation, coupled with an appropriated contingency fund equal to 1.5% of locally funded appropriation; 3) the debt policy, which calls for the prudent management of liabilities, and wherever possible, the pursuit of alternative sources of funding in order to minimize the level of debt; and 4) the capital budget policy, which ensures that the County maintains its public infrastructure in the most cost efficient manner. Below is a detailed description of these County financing policies:

Budget Financing Policy

The objective of the Budget Financing Policy is to help ensure the County has adequate resources to meet its basic financial obligations, and to serve as a vehicle to help the County achieve financial continuity and stability.

Balanced Budget

The annual operating budget will be structurally balanced upon adoption by the Board of Supervisors. Total revenues, including carry-over fund balances, will equal the total fund appropriation and reserves, unless within the context of a larger plan to balance ongoing revenues and expenses over a multi-year period, as detailed under "Use of one-time funding sources". Significant budget variances and recommended actions will be reported to the Board of Supervisors.

Long Range Planning

As part of the annual budget process, the County will prepare a multi-year forecast of financial operations for general fund programs based on current service levels and expected future changes to those programs or service levels. The County will project major revenues and expenditures of the general fund, and report significant findings and recommendations to the Board of Supervisors.

Use of one-time funding sources

The appropriation of carryover fund balances and other one-time funding sources must be managed with care. Carryover fund balance is most appropriately used to fund one-time expenses such as capital expenditures or start-up costs for new programs. Other types of one-time funding sources may also be used to fund one-time costs, or to supplement reserves. It is the policy of the County that one-time funds will not be used to finance ongoing operational costs, except within the context of a larger plan to balance ongoing revenues and costs over a multi-year period. Such a plan could involve short-term use of one-time funds to preserve essential public services where longer-term financial forecasts demonstrate the near-term future potential for ongoing revenues to fund those services.

Revenue Forecasting

Because of the complexity of the County budget, realistic projections of revenue are crucial to accurate budgeting. Revenue forecasting will be undertaken annually through a review of local historical revenue trends and analysis of federal, state, and local economic projections. Especially in regard to those revenues which tend to be most volatile and sensitive to changes in the economy, forecasting will involve analysis of economic, demographic, business cycle and other factors which might impact those revenues. These unpredictable revenues, including interest income and fees, will be estimated and budgeted conservatively. Revenue forecasts will not be based on straight-line assumptions.

Fees

The County will review and adjust fees for service, as necessary, and adopt them as part of the annual budget process. In most cases, departmental fees should fully recover the costs of providing the service, including identified indirect or overhead costs.

Program Efficiency and Performance Measurement

Efficiency and economy in the delivery of County services is a top priority. The County will develop a program to integrate performance measures within the budget. County departments will be encouraged to make productivity improvements within their service delivery areas.

Reserve Policy

The objective of the Reserve Policy is to help protect the County from unforeseen increases in expenditures or reductions in revenues, or from extraordinary events which might otherwise substantially harm the fiscal health of the County. In so doing, it is also intended to help avoid undue service level fluctuations during periods of economic instability.

General Purpose Reserves

The maintenance of an adequate operating reserve is essential to the financial strength and flexibility of the County, and operating reserves are considered an integral part of the County's financial structure. Such reserves and designations are considered to be those that have no identified contingent liability or specific future use. The County shall establish a general purpose reserve for the general fund targeted at 10% of locally funded appropriations.

Appropriations for Contingencies

The County will maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting the County's operations which could not have been reasonably anticipated at the time the budget was prepared. The County shall place in contingencies no less than 1.5% of locally funded appropriations.

Debt Policy

The objective of the County's Debt management policy is to minimize the amount of outstanding debt necessary to fulfill its infrastructure and economic development responsibilities, as well as to maintain the County's ability to incur present and future debt at minimal interest rates. The use of debt shall not endanger the County's ability to finance essential County services. The County recognizes that capital markets change and unforeseen circumstances may occur resulting in situations that are not covered by this policy. In such situations, flexibility to modify certain policy requirements may be necessary to achieve policy goals.

General

Debt will not be used to finance on-going operational costs. However, debt may be used, where economically efficient, to reduce or eliminate current long-term operational liabilities. Whenever possible, the County shall pursue alternative sources of funding, when cost effective, in order to minimize the level of debt.

Types of Debt

General Obligation Bonds (property tax supported) usage will be evaluated first since it is the least costly debt. Public support will be assessed for ballot placement due to the costs involved for an election. Revenue Bonds/Certificates of Participation may be considered for use where General Obligation Bonds are not practical. Short-term borrowing, such as commercial paper, bond anticipation notes, and lines of credit, will be considered as interim funding sources in anticipation of long-term financing.

Issuance

The County may elect to issue bonds/certificates of participation as variable rate instruments to provide flexibility and /or to attempt to achieve interest savings. There are guidelines to be considered when issuing variable rate debt: 1) Economic and cash flow projections for variable rate issues shall be calculated at the then applicable fixed rate. 2) The County will first consider structuring the principal and interest repayments related to the entire project for which the debt will be issued on an approximately equal annual basis over the life of the borrowing. 3) Total variable rate debt shall be limited to no more than 25% of total debt outstanding. 4) No less than annually, analysis of each outstanding variable rate bond issue shall be undertaken to determine the advisability of converting the issue to fixed-rate debt. 5) Variable rate bonds shall be structured to protect the County to the greatest extent possible against cyclical interest rate fluctuations.

Management

County financial management policies shall be designed to maintain a balanced relationship between debt service requirements and current operating costs, encourage growth of the tax base, actively seek alternative funding sources, minimize interest costs and maximize investment returns. In accordance with this principle, the following must be considered: 1) The County shall issue bonds with terms no longer than the economic useful life of the project. 2) The County shall obtain secured guarantees for bonds supported by a dedicated revenue source to the extent possible. 3) The County shall also obtain assurances of project viability and guarantees of completion prior to the issuance of bonds. 4) The County shall invest the proceeds of bond / certificates of participation sales to conform to State and County requirements to maximize investment security and earnings. 5) The County shall establish affordability guidelines in order to preserve credit quality, which may be suspended for emergency purposes, or because of unusual circumstances.

Capital Budget Policy

The objective of the Capital Budget policy is to ensure that the County maintains its public infrastructure in the most cost efficient manner. The County's capital budget will include as complete, reliable, and attainable cost estimates as possible.

Project cost estimates for the Capital Budget should be based upon a thorough analysis of the project and are expected to be as reliable as the level of detail known about the project. All Capital Budget proposals shall be formulated and presented to the Board of Supervisors within the framework of a general capital budget in conjunction with the operating County General Fund Budget. Capital projects which are not encumbered or completed during the fiscal year will be re-budgeted or carried over to the next fiscal year, except as reported to and subsequently approved by the Board.

Periodic financial reports will be prepared to enable the County Administrative Office to monitor/manage the capital budget and compare actual program revenues and expenditures with budgeted amounts. The Board may take necessary action, including increasing appropriation or revenue, to maintain a balanced Capital Budget. Major capital assets will be inventoried and assessed on an annual basis to project long-term equipment replacement and maintenance needs

Board of Supervisors

DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors is the governing body of the county government and Board-governed special districts. It establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments.

Additionally, this budget unit increased by 2.5 budgeted positions as a result of changes made to staff by the various districts. These changes include an increase of 1.2 Field Representatives, 0.1 District Representatives, 0.2 Community Liaisons, and 1.0 Executive Secretary.

Other changes in this budget unit include an increase in services and supplies, of which most significant changes are in phone services, office supplies, postage, printing services, and maintenance of structures.

Finally, there was an increase in reimbursements from other government center departments for shared systems analyst support as well as an increase from the Priority Policy needs budget.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$6,500 for Fleet Management rate adjustments.

Legislation

DESCRIPTION OF MAJOR SERVICES

This program provides federal and state advocacy services to the County of San Bernardino. On February 5, 2002, the Board of Supervisors approved an administrative report that recommended numerous enhancements to San Bernardino County's legislative program. Through the continued restructuring of federal and state advocacy offices, two advocates currently represent the County. The creation of this budget unit was approved by the Board of Supervisors on December 17, 2002 and was established to consolidate expenses associated with state and federal advocacy efforts.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The most significant change in this budget unit is the addition of 1.0 staff position to provide support services to the Director. Funding for this new staff position was made available by a corresponding reduction in the services and supplies appropriation, which resulted from budgeting services and supply costs based on the historical actual costs.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

CLERK OF THE BOARD

Dena M. Smith

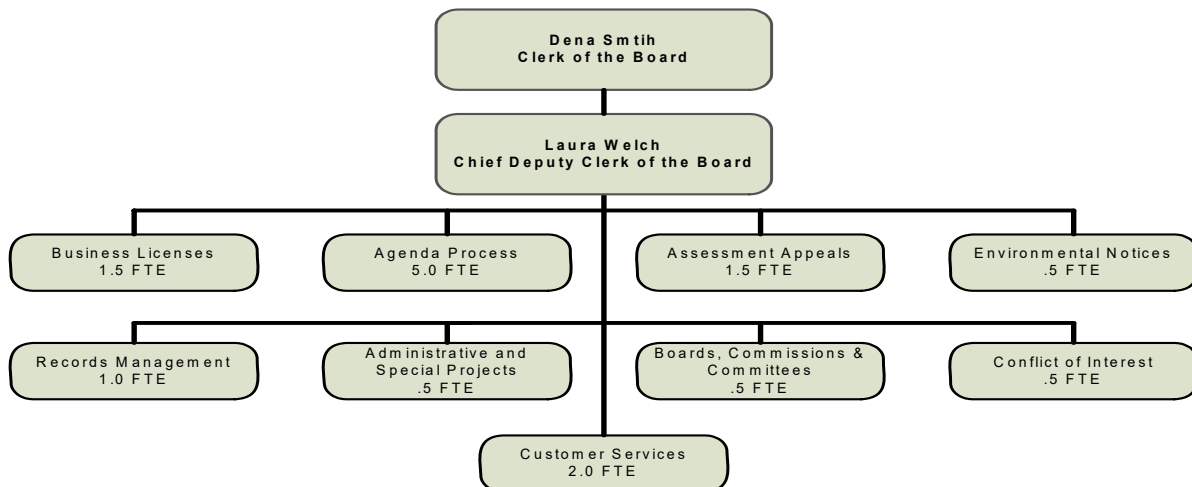

MISSION STATEMENT

In support of the County Board of Supervisors, and in service to the public and fellow county staff, the Clerk of the Board of Supervisors: prepares and maintains records of actions taken by the Board of Supervisors; oversees membership of the county's boards, commissions and committees; licenses businesses operating in the county unincorporated areas; and facilitates the filing and hearing of appeals of assessed property valuations. Our service priorities are timeliness and accuracy. Our services commitments are courtesy and respect.

STRATEGIC GOALS

1. Implement technological improvements to increase operational efficiency and enhance staff and public access to Board of Supervisors agenda and related information.
2. Improve business license processes and procedures.

ORGANIZATIONAL CHART

Clerk of the Board

DESCRIPTION OF MAJOR SERVICES

The COB coordinates and prepares agendas, minutes, legal notices and related documents for all meetings and hearings of the County Board of Supervisors, County Redevelopment Agency, County Economic and Community Development Corporation, County Industrial Development Authority, and In-Home Supportive Services Public Authority. The COB also updates the County Code and maintains current and historical records of all ordinances, resolutions, contracts, agreements and other official actions taken by the Board.

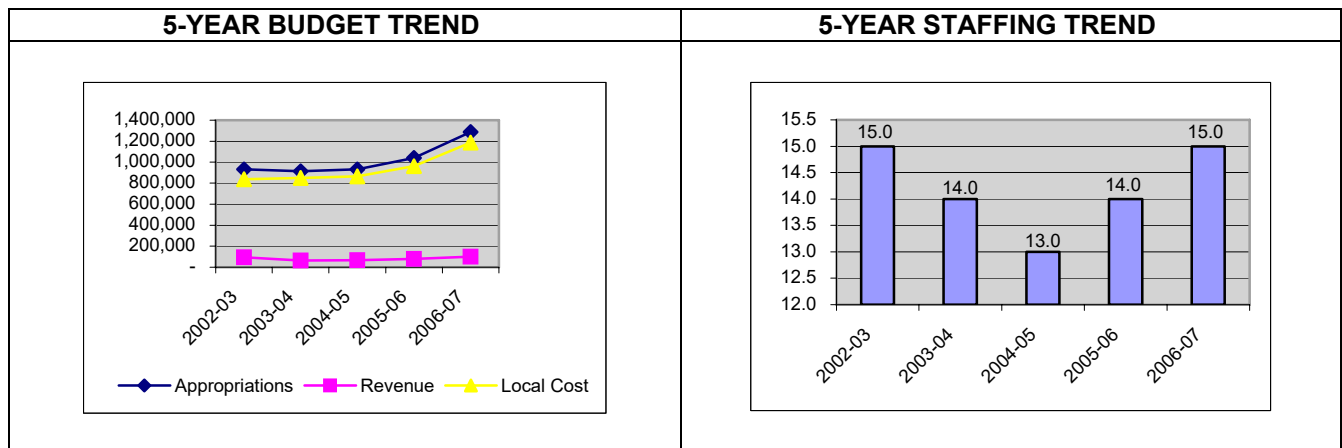

This office works with the Board of Supervisors, county departments and non-county agencies to maintain the database of members for more than 240 county advisory boards, commissions and committees (BCCs). Responsibilities include posting of scheduled and unscheduled vacancies and the annual review and recommendation to the Board for the continuation or dissolution (sunset review) of specific BCCs. The Clerk of the Board is secretary to the City Selection Committee, assisting cities with their selection of representatives to serve on regional committees such as Local Agency Formation Commission (LAFCo) and South Coast Air Quality Management District (SCAQMD). This office also maintains the Roster of Public Agencies, which includes information about all the public agencies and governing boards in the county.

Pursuant to state law and county code, the COB maintains financial disclosure (Conflict of Interest of Form 700) documents for specified county officials, school districts, employees and members of the BCCs.

In accordance with State Board of Equalization requirements, the county Assessment Appeals Board hears and adjudicates disputes regarding property valuation. The COB provides staff support for the assessment appeal hearings and serves as the liaison among property owners, the County Assessor and the Assessment Appeals Board.

The County of San Bernardino requires that certain businesses operating within the county unincorporated areas obtain business licenses and the COB receives, processes and issues new and renewal licenses. This office also posts environmental notices and notices of state/local meetings and hearings, receives summonses, complaints, planning appeals, requests for tax refunds, and responds to hundreds of requests for information and documents on behalf of the Board of Supervisors and/or the County of San Bernardino.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, central computer support and general inflationary increases related to the purchase of services and supplies. Costs related to worker's compensation are anticipated to decrease. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The Budget also contains an increase in salaries and benefits due to step increases and retirement cost. Additional appropriation increases are due to increased costs in general office supplies, and costs associated with Information Technology staff time to support the Clerk of the Board's office. The increase in revenue is due to a larger number of business licenses issued as a result of increased communication with the public and a more efficient business license tracking system. Other revenue increase is due to larger number of Notices of Exemption documents processed by the Clerk of the Board's office and the continuing growth trend within the County of San Bernardino.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$53,306 for 1.0 additional Secretary I position to assist with the Board agendas and County Code and Public Records Act requests.

The Board approved an appropriation and revenue increase of \$6,209 in fees for various applications, initial licenses, annual renewals, permits and returned checks.

County Administrative Office

DESCRIPTION OF MAJOR SERVICES

The CAO is responsible to the Board of Supervisors for the general administration and coordination of all county operations and programs, together with the preparation and administration of the county budget.

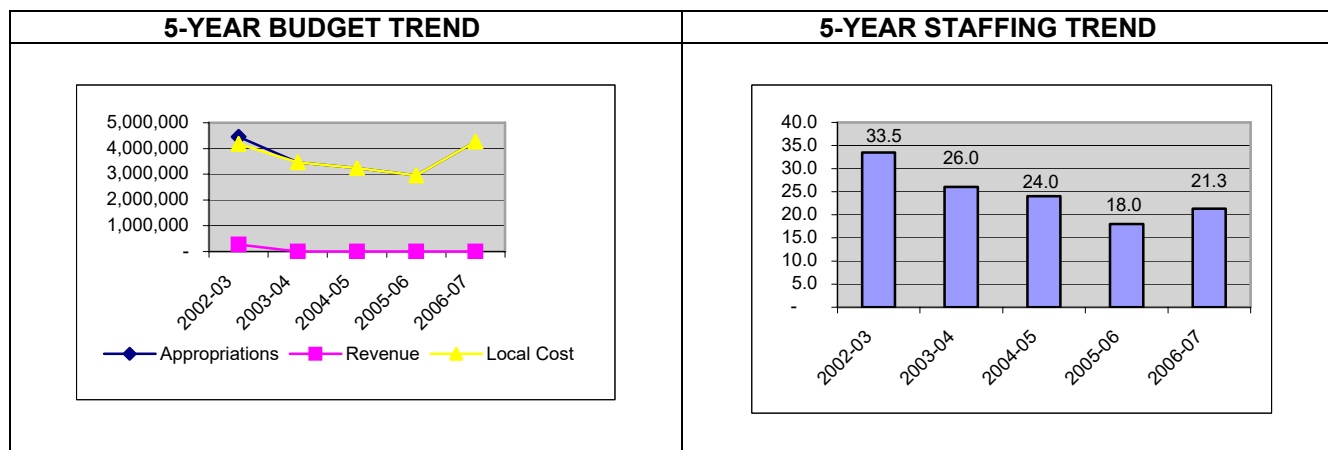

The County Administrative Officer oversees the operations of county departments whose department heads are appointed by the Board of Supervisors or County Administrative Officer, and assists in the coordination of activities of departments headed by elected officials. Additionally, the CAO oversees the Public and Support Services Administration (PSSG) and Human Services Administration. PSSG departments plan and implement facility and infrastructure development and maintenance programs (roads, flood control, buildings); provide public services in unincorporated communities (planning, fire, special districts, parks, museums); and serve departmental needs (vehicles, space, leasing). Human Services departments are responsible for the county social service programs under applicable mandatory federal and state regulations. These departments are Transitional Assistance, Children's Services, Adult Services, Preschool Services, Child Support Services and Veterans Affairs.

Within the County Administrative Office resides a Health Administration function that provides administrative oversight for the health related departments and seeks to expand and coordinate collaborative opportunities among those departments. Health Administration also coordinates major health financing issues, such as realignment, medical center debt financing, and disproportionate share hospital funding.

The CAO is also responsible for coordinating county activities with other local government entities, including cities and other counties.

Finally, the CAO is responsible for the county's long-term debt functions and capital improvement program.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated Labor agreement, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments and department recommendations.

Other significant changes to salaries and benefits include the following midyear approved additions: 1.0 Chief County Compliance and Ethics Officer, 2.0 Principal Administrative Analysts, 1.0 Administrative Analyst to provide CAO support the Economic Development Agency, 1.0 contract Special Projects Coordinator, 1.0 contract Grant Coordinator, and 0.3 contract Administrative Analyst to assist with the transfer of the court house facilities to the State. These additions were offset by the deletions of 3.0 Administrative Analyst positions, two of which were deleted when the Principal Administrative Analysts positions were added and the other, which was de-funded when the grant coordinator was hired under a contract.

Services and supplies increases are the result of the County Administrative Office's continuing efforts for improving the public's perception of county government. Specifically, appropriations are designated for continuing the Service First Program that establishes consistent service standards and expectations for all county employees and for expansion of media needs that will provide the CAO with a variety of mechanisms to raise public awareness of county services. In addition, increases in appropriations are for planned hardware/software purchases, training, special departmental expense and general maintenance.

Other changes in appropriation include an increase in reimbursements for the additional support services this office will provide in the transfer of court facilities to the state.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$61,470 to provide hosted email subscription services.

Franchise Administration

DESCRIPTION OF MAJOR SERVICES

The function of Franchise Administration is to monitor utility, cable, telecommunication, and interstate pipeline franchises, as well as the use of other public property. Franchise Administration is also responsible for ensuring submission of the appropriate documents from franchisees including reports, proof of insurance, and payment of franchise fees. Other duties include monitoring customer service compliance for cable television service providers and research designed to identify other entities utilizing public rights-of-way.

Additionally, Franchise Administration has represented the county and its constituents at the California Public Utilities Commission on issues regarding utility requests for rate increases and investigations of utilities over-charging their customers.

Franchise Administration collects a substantial amount of annual franchise fee revenue on behalf of the county, and the fees are generally based upon a percentage of utility, cable, telecommunications, and interstate pipeline company gross revenues. These revenues are not directly incorporated within the division's budget, as the fees are accounted for separately within another fund.

This was due to state budget reductions.

Fund balance allocations used to prepay COP issues:

- 2002-03 \$2.1 million
- 2003-04 None
- 2004-05 \$1.8 million

Reimbursements for 2004-05 and 2005-06 decreased from the previous level due to the elimination of reimbursement from Airports for a share of the Justice Center/Chino Airport Improvement Project. This reimbursement averaged \$855,000 per year.

Lease payments included in this budget for 2006-07 are:

Amphitheater at Glen Helen	1,131,166
Justice Center/Chino Airport Improvements	6,302,386
1997 Public Improvement Financing (ENVEST, West End Juvenile Facility, Preschool Building)	1,331,631

Reimbursements	(1,727,368)
Subtotal:	(800,398)
Total:	21,137,293

In 2006-07, the final budget allocation is reduced to reflect the \$1.0 million allocation in 2005-06 used to prepay COP principal in the current year. The COP prepayment was funded with interest savings on variable rate debt realized in the prior year. This net decrease is offset by \$305,018 in increased costs due to rising short-term variable rates. (\$205,018 of this increased cost is related to the Amphitheater at Glen Helen and will be reimbursed by amphitheater revenue.)

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$300,000 to prepay COP principal in 2006-07. This \$300,000 is funded from variable rate interest savings that accrued to the general fund in 2005-06.

Health Administration

MISSION STATEMENT

To develop and coordinate budgets, policies, and procedures for the county's health care departments in accordance with the strategic goals adopted by the Board of Supervisors, the County Charter, and general laws.

DESCRIPTION OF MAJOR SERVICES

The role of the Health Administration Division is to seek and support opportunities to foster collaboration among the Public Health Department (PHD), Department of Behavioral Health (DBH), and the Arrowhead Regional Medical Center (ARMC). The division provides regular fiscal and policy analysis relating to the operations of these departments. The division also reviews and analyzes all agenda items submitted for Board of Supervisors approval as well as all budget submittals and reports relating to San Bernardino County's health care programs. Additionally, this division manages the \$156.7 million Health Administration budget, which includes funding for ARMC debt service, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

Health care related transactions represented by this budget unit included the Disproportionate Share Hospital (DSH) Supplemental Payments, Realignment "AB 8" match, and the county's contribution for ARMC debt service payments.

Disproportionate Share Hospital Programs

In 1982, California established DSH programs to provide supplemental Medi-Cal payments to hospitals that provide services to disproportionate numbers of Medi-Cal and other low-income patients. These programs assist safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. The programs are mechanisms for distributing federal health care funds. The programs require the county to transfer general fund dollars (shown in this budget unit as other charges) to the state. Through a matching process, the county receives back its initial contribution, recorded in this budget unit as current services revenue. In addition to the return of the initial contribution, the county receives federal health dollars, which are accounted for in the ARMC budget. The level of the county's contribution is set during the year by the state. The DSH program comprises two elements:

- The SB 855 program that provides supplemental payments to hospitals serving a disproportionate number of low-income individuals. Public entities transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds are matched with federal funds and redistributed as supplemental payments to all eligible hospitals. A hospital may receive DSH payments if its Medi-Cal utilization rate exceeds an established threshold or it uses a designated percentage of its revenues to provide health care to Medi-Cal and uninsured patients.
- The SB 1255 program that supplements eligible hospitals that are licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. CMAC determines the amount received by each participating hospital.
- The GME program is part of the SB 1255 program and provides supplemental payments to DSH hospitals that are also a teaching facility/institute. Payments are determined solely by CMAC and the amount varies from year to year. Similar to other SB 1255 revenues, the amount actually received is determined by the state during the course of the fiscal year.

In 2005, the State of California, with the approval of the federal government, fundamentally altered the way it will pay hospitals for treating Medi-Cal patients. The changes, which took effect on September 1, 2006, have a term of five years, and were made under the authority of a federal waiver.

The new system revises financing for Medicaid hospital care costs; limits the use of county general fund transfers to the state for non-federal share of Medicaid funds; establishes a level-funded Safety Net Care Pool to

provide a fixed amount of federal dollars to cover uncompensated health care costs; and establishes Certified Public Expenditures (CPEs) as the means for calculating federal health funding. Due to these changes, the amount of transfers from this budget unit to the state may change. Because details of the waiver are not finalized, the amounts shown for transfers has not been changed from the 2005-06 budget.

Realignment and General Fund Support

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment "AB 8" match and administrative costs related to this budget unit. Note: Specific details regarding the financing sources, which are used to cover the county's \$54.0 million annual debt service obligation for the ARMC facility, are provided in the ARMC Lease Payments (EMD JPL) section of the Proposed Budget.

To qualify for receipt of Health Realignment funding from the state, the county must contribute a "match" of local funds. The matching amount is based on a formula, established through AB 8 in 1979, through which the state provided funding to preserve critical health programs in the aftermath of Proposition 13. When the Realignment program was created in 1991, funding allocations were based on the historical AB 8 formula, and local match requirements remained. The county's match requirement for 2006-07 is \$4.3 million; this amount remains constant each year per the historical formula. The Realignment match funded in the Health Care Costs budget meets the county's full obligation to receive Health Realignment dollars, which support the Public Health Department and Arrowhead Regional Medical Center. For 2006-07, the county anticipates receipt of approximately \$58.1 million in Health Realignment funding. Important note: The local match requirement for receipt of Mental Health Realignment funding is reflected in the operating budget for the Department of Behavioral Health.

Realignment funds support this budget as follows:

- Mental Health at 2.5% (which covers half of administrative costs).
- Health at 97.5% (which covers half of administrative costs plus debt service payments).

The amounts listed as "Operating Transfers Out" include the county's net debt service obligation for the payment of the Arrowhead Regional Medical Center facility (\$21.7 million) and the required Realignment "AB 8" match (\$4.3 million) which must by law be transferred into trust before Realignment monies can be directed toward health programs.

In 2006-07, the department will incur increased costs in salaries and benefits due primarily to MOU and retirement cost increases. Service and supplies is decreasing due to decreases in memberships, computer hardware, and travel costs. Central computer, transfers, other charges, and operating transfers are increasing. The increase in transfers reflects the cost of health care computer programming development that will be done by ISD; other charges increase represents the county's contribution to a countywide 211 information system; and operating transfers out is increased to reflect the 2006-07 Medical Center debt service payment. Realignment revenue is increased to offset appropriation increases.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Medical Center Lease Payments

DESCRIPTION OF MAJOR SERVICES

This unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the SB 1732 – Construction Renovation/Reimbursement Program that provides supplemental reimbursement for construction, renovation, or replacement of medical facilities or fixed equipment, operating transfers from ARMC representing Medicare and fee for service revenues, and operating transfers from the general fund backed by Health Realignment revenues and tobacco settlement proceeds.

There is no staffing associated with this budget unit.

In 2006-07, services and supplies are increased to reflect increased lease payments of \$544,425 offset by a decrease in professional services of \$29,700. State aid is increased due to an increase in SB 1732 reimbursement. A portion of the medical center lease payments is reimbursed by the state through the Construction Renovation/Reimbursement Program (SB 1732). The amount reimbursed by the state depends on the allowable lease payments multiplied by a rate this is calculated by the state every year. The rate fluctuates up or down based on the actual Medi-Cal inpatient days paid to Arrowhead Regional Medical Center. Operating transfers in is increased to reflect the increased portion of the lease payment that is paid with realignment revenues.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Master Settlement Agreement

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998 a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

A majority of the county's total proceeds are used each year to finance a portion of the Arrowhead Regional Medical Center debt.

There is no staffing associated with this budget unit.

Actual expenditures are less than budget as no money was expended for service and supplies, other charges, or contingencies in 2005-06. In addition, Operating Transfers Out were \$3.9 million less than budgeted due to a decrease in the transfer for financing of varied health related programs. Estimated revenue is less than modified budget due to less than budgeted state aid being received. The decrease in state aid was offset slightly by higher than budgeted interest income.

Service and Supplies are decreased due to the anticipated decrease in revenue. Other revenue is decreased to reflect an anticipated decrease in revenue received from the major tobacco companies to the Master Settlement Agreement fund.

Many major tobacco companies are disputing their obligation to pay current settlement amounts, citing an "adjustment" provision in the settlement that allows them to cut their payments if their collective market share drops below certain thresholds. The major companies are arguing that their smaller rivals are not subject to marketing limits and costs associated with the settlement and can therefore sell their products at lower prices. The major companies are also asserting that states did not try hard enough to level the playing field between the larger and smaller companies. The states maintain that market share is dropping due to a growing preference for generic brand tobacco products and are assuring major tobacco companies that they have taken steps to provide parity. At this time, the major tobacco companies are withholding a portion of settlement monies and the state attorney general has filed suit against them. Consequently, revenue in this budget unit is reduced to reflect the county's share if all settlement monies are not received.

FINAL BUDGET CHANGES

On November 1, 2005, the Board of Supervisors approved a \$4.0 million transfer to Chaffey College from this fund for enhancement of Chaffey's nursing program. Other charges were increased to reflect the transfer of funds to Chaffey, which will occur in 2006-07. Contingencies were increased by \$5,129,954 due to fund balance being higher than anticipated.

Federal Forest Reserve

DESCRIPTION OF MAJOR SERVICES

In 1908, Congress enacted a law that requires 25% of the revenues derived from the National Forest System to be given to counties in which the lands are situated for the equal benefit of public schools and roads. Pursuant to Public Law No. 106-393, enacted on October 30, 2000, counties could elect to remain under the 25% Payment Method with fluctuating funding levels or change to the Full Payment Method, that requires these revenues to fund either Title II or Title III projects under the Act. The County elected the Full Payment Method.

Title II project funds may be used for the purpose of making additional investments in, and creating additional employment opportunities through projects that improve the maintenance of existing infrastructure, implementing stewardship objectives that enhance forest ecosystems, and restoring and improving land health and water quality.

Authorized uses for Title III projects include search, rescue, and emergency services; community service work camps, easement purchases; forest-related educational opportunities; fire prevention and county planning; and community forestry. The State Controller's Office distributes funds to each eligible county according to the agreed upon formula and the counties' election of fund distribution. Title III funding is utilized by County Fire Department to develop fire prevention and community forestry projects that are necessary for the protection of people and property.

The County can select project (s), provided there is a description of the proposed project in the publications of the local record and a 45-day public comment period. The Clerk of the Board is directed to publish a 45-day notice of intent to use the Federal Title III Agriculture Forest Reserve Payment funds for proposed project expenditures including but not limiting to County Fire Department or the Public Works department.

In 2006-07, adjustments for estimated fund balance include a decrease of \$62,710 in operating transfers out and increase of \$1,001 in expected revenue.

FINAL BUDGET CHANGES

Operating transfers out increased by \$1,738 due to fund balance being higher than anticipated.

COUNTY COUNSEL

Dennis Wagner

MISSION STATEMENT

To serve and protect the county, its treasury, and its governing body, by providing timely and accurate legal services and aggressively representing the county in litigation. Legal services shall be performed maintaining the highest professional and ethical standards while fostering high morale and productivity in the work place through collaborative efforts dedicated to continuous improvement.

STRATEGIC GOALS

1. Provide accurate, timely and reliable document and contract review and legal advice for the Board of Supervisors, CAO, county departments and other clients in order to help these clients achieve their objectives.
2. Provide exemplary litigation services, by defending actions and decisions, and advocating positions of our clients to assist those clients in achieving their objectives.

As the Office of County Counsel is the legal arm of the county, the above goals highlight certain service areas that are County Counsel's statutory and professional responsibility. Our Office's goals and objectives are to improve the performance of these areas for the benefit of the county and its elected officials and managers.

The first goal represents working with county and other governmental clients to expedite accurate processing of our general advisory function when the County Counsel's Office is called upon to assist its clients in the performance of their obligations. Continuing to increase the efficiency of the County Counsel's Office will amount to a cost saving for the county as a whole in the administration of day-to-day business.

The second goal represents working with county and other clients to ensure the Office renders superior litigation services and tracks the effectiveness of the office by quantifying the results of litigation seeking damages and those cases where the county prevails and receives monetary awards.

ORGANIZATIONAL CHART

* These positions are budgeted in the HS Budget Unit.

County Counsel is normally considered a general fund department even though over 50% of its budget is revenue based. The General Unit is supported by a combination of general fund allocation as well as various departments' providing supplemental funding, such as Sheriff, and some hourly billable clients, such as SANBAG and Omnitrans. The Litigation Unit is almost entirely supported by revenue from Risk Management on an hourly basis, however, from time to time; attorneys in this Unit are required to perform litigation legal services for traditional general fund clients. The Human Services Unit is supported by direct funding from Human Services as well as overflow legal services from the General Unit on an hourly billable client basis. Additional information is available in the following section of this budget.

County Counsel

DESCRIPTION OF MAJOR SERVICES

County Counsel provides civil legal services to the Board of Supervisors, County Administrative Office, county departments, commissions, special districts, and school districts. County Counsel also provides legal services to various joint powers authorities and represents the courts and judges on certain matters. In performing its duties, the County Counsel's Office is divided into three operational units: the Litigation Unit, the Human Services Unit, and the General Unit.

The Litigation Unit handles tort and civil rights litigation, workers' compensation and code enforcement. This Unit is revenue supported. All Litigation Unit clients are billed by the hour for services; the largest client of this Unit is Risk Management.

The Human Services Unit is revenue supported through the Human Services (HS) budget and serves the HS departments. A large portion of this Unit is dedicated to the litigation of juvenile dependency trial and appellate matters for the Department of Children's Services. All of the juvenile dependency litigation is work mandated by law. The remainder of the staff in this Unit serves as general legal counsel, including some litigation, for other HS related departments and entities, such as the Departments of Aging and Adult Services, Transitional Assistance, Preschool Services, Workforce Development Department, Child Support Services, and the IHSS Public Authority and Children and Families Commission.

The General Unit provides legal services to county departments supported by the general fund even though a substantial portion of the General Unit is revenue supported. The revenue supported General Unit attorneys are dedicated primarily to providing legal services to county departments (such as Sheriff and Human Resources) and outside governmental entities (such as SANBAG, OMNITRANS, and Special Districts) which pay for all or a significant portion of their legal services. The remaining General Unit attorneys and clerical staff are supported by the general fund. Therefore, in addition to the County Counsel, Assistant County Counsel and related clerical staff who are also general fund supported, the General Unit has only 9 general fund supported attorneys, including one Chief Deputy, plus clerical staff dedicated primarily to providing legal services to the Board of Supervisors, County Administrative Office, and the county departments and other governmental entities that do not reimburse the office for legal services rendered.

When reviewing the budget history you will find a large change in actuals for prior years compared to 2005-06; the significant change is due to budget reductions in 2002-03 due to the countywide spend down plan. The increases in appropriation over the past three fiscal years reflect cost of living increases, salary adjustments and inflation of operating expenses.

In 2005-06 expenditures were less than budget due to vacancies in attorney positions and delays in hiring attorney staff. Revenue variance is primarily due to unearned revenue due to vacancies within the attorney staff. Though salary savings usually offsets unearned revenue; the department experienced large unanticipated retirements in 2005-06.

In 2006-07, County Counsel will incur increased costs to maintain current services, such as negotiated labor agreements and retirement, but will experience decreased costs in worker's compensation. This budget unit also will incur increased costs in central computer, operating services, and supplies. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Additionally, County Counsel has increased salaries and benefits as a result of the addition of 1.0 attorney position; this position is 100% fee supported and results in no additional general fund financing. This position will be supporting several of our billable clients such as Consortium-IV, Children and Families Commission, Redevelopment Agency and Solid Waste. However, budgeted staffing reflects an overall net decrease of 0.1 due to the reduction in hours equivalent to 1.1 budgeted staffing for the extra-help Attorney positions. The revenue increase is due to additional revenue to be earned for a new attorney hired in 2005-06.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$185,800 for 1.0 additional general unit advisory/transactional attorney. This position is vital to maintaining timely responses and preventing delays in handling the current and increasing legal needs of the general fund clients.

The Board approved an appropriation increase of \$200,000 for an upgrade of the computer systems hardware and software. This upgrade will provide a more efficient Microsoft supported system.

The Board approved an appropriation and revenue increase of \$480,000 for the increased attorney fee due to MOU and retirement increases. This fee increase puts the attorney fee in alignment with COWCAP and will recover the increased costs of the attorneys.

The Board approved an appropriation and revenue increase of \$38,750 for the increased paralegal fee which is due to salaries and benefit adjustments. This fee puts the paralegal fee in alignment with COWCAP and will recover the costs of the paralegal.

The Board also approved an appropriation increase of \$800 for Fleet Management rate adjustments.

HUMAN RESOURCES

Andrew L. Lamberto

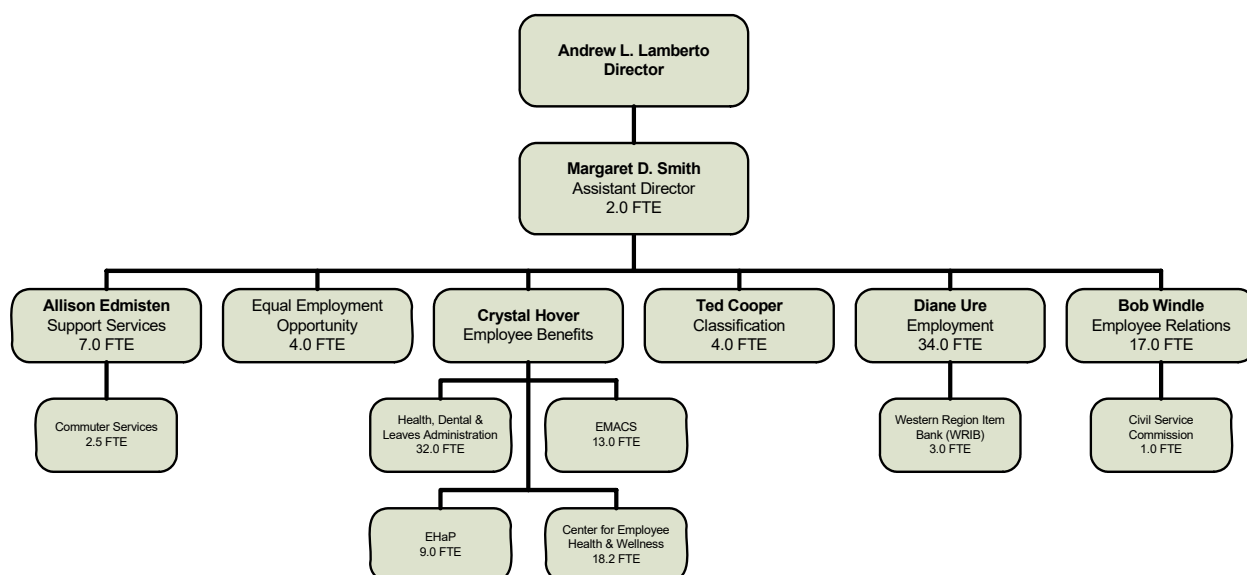

MISSION STATEMENT

The Human Resources Department is committed to providing effective customer service to all departments, employees and constituents of the County of San Bernardino, through the timely delivery of innovative, quality human resources systems, programs and services.

STRATEGIC GOALS

1. Assist county departments in attracting and retaining highly qualified staff.
2. Increase and improve delivery of Human Resources information and services to customers; specifically users of the Western Region Item Bank (WRIB) and the Center for Employee Health and Wellness (CEHW).

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, worker's compensation, central computer, and inflationary services and supplies purchases; and will incur decreased costs in risk management. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Adjustments to budgeted staffing, totaling a net increase of 9.4 positions, are detailed below:

- On, August 9, 2005, the Board approved the addition of 1.0 Assistant Director of Human Resources and on December 20, 2005, the Board approved 1.0 Supervising Office Specialist.
 - The transfer-in of 5.0 out stationed positions as follows:
 - 3.0 Human Resources Officer II (1.0 each from the Behavioral Health Department, the Public Health Department, and the Auditor/Controller-Recorder)
 - 2.0 Human Resources Officer I from the Arrowhead Regional Medical Center (ARMC).
 Increased costs in the Human Resources Department budget for these 5.0 positions will be completely offset by increased reimbursements from the user departments.
 - The addition of 2.0 Human Resources Analyst I to assist with anticipated workload increases for the Behavioral Health Department and the Department of Child Support Services. The cost of these positions will be completely offset by increased reimbursements from the user departments.
 - An additional 0.5 Human Resources Analyst II to assist with anticipated workload increases in the Employee Relations division. This will be partially offset by the elimination of 0.1 extra help Human Resources Officer II.
- The 2006-07 services and supplies budget reflects increased expenditures for contract and advertising services related to an anticipated rise in the number of recruitments, and increased systems development charges.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$385,371, a revenue increase of \$12,000, and the addition of 2.0 FTEs for the following:

- To retain the services of an outside consultant to assist with the development and implementation of a marketing plan to promote the county as an employer of choice and enable departments to attract and retain the most highly qualified candidates.
- To improve the delivery of human resources services and to market the benefits of WRIB membership to outside agencies.
- The addition of 1.0 Office Specialist and 1.0 Education Specialist in an effort to achieve appropriate staffing levels to manage the existing needs and ensure continued success of the county's EMACS payroll system.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, risk management, workers' compensation, central computer, and inflationary services and supplies purchases. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Budgeted staffing increased by 1.3. The addition of 0.8 Contract Occupational Health Physician and 0.5 Licensed Vocational Nurse II was necessary to increase the accessibility of services to all county employees. This will be accomplished by opening a satellite clinic two days per week at an existing Public Health facility in the High Desert.

In addition, the department will reclassify positions as follows: 1.0 Audiometrist and 3.0 Office Assistant III positions to 4.0 Clinic Assistants. These reclassifications will better align the job classification with the duties performed. Additionally, the reclassification of 1.0 Nurse Practitioner II to 1.0 Registered Nurse – Clinic will provide more specialized services at CEHW. These reclassifications will not result in additional cost.

The services and supplies budget and reimbursement budget are increased to reflect the ongoing agreement with the Sheriff's Department Training Academy to provide onsite first aid for Sheriff Academy participants, as well as an anticipated increase in services provided to employees of other government agencies. The revenue budget is increased to recognize revenue from Risk Management for the provision of workplace injury/illness exams, which were not direct billed in prior years.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$637,000, and a revenue increase of \$300,000, to increase accessibility to services offered by the CEHW to meet the needs of the county's High Desert workforce. The funding will allow the CEHW to operate a clinic in the High Desert five days per week and provides for the following additional staff: 1.0 Contract Occupational Physician, 1.0 Licensed Vocational Nurse II, and 1.0 Clinic Assistant.

The Board also approved an appropriation and revenue increase of \$42,224 to represent fee adjustments for Class I, Class III, and Medical Surveillance physical examinations.

Unemployment Insurance

DESCRIPTION OF MAJOR SERVICES

There is a mandated program based upon an amendment to the California Unemployment Insurance Code in 1978, extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program.

There is no staffing associated with this budget unit.

Commuter Services

DESCRIPTION OF MAJOR SERVICES

The Commuter Services fund was established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This fund receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

In 2006-07, budgeted staffing remains the same, and salaries and benefits will increase due to negotiated labor agreements, and retirement costs. This is the first year this budget unit will incur central computer charges.

The increase in services and supplies reflects an anticipated advertising campaign to increase employee participation in Commuter Services programs, and an estimated increase in vanpool vehicle charges based on inflationary costs for fuel and anticipated rate adjustments. Program oversight has been transferred from the Employee Benefits and Services Division to the Support Services Section of the Human Resources Department.

These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

FINAL BUDGET CHANGES

Contingencies decreased by \$59,535 due to fund balance being lower than anticipated.

In 2006-07, budgeted staffing levels will remain the same, the department will incur increased costs from negotiated labor agreements, retirement, workers compensation, central computer and inflationary services and supplies purchases; and will incur a decrease in risk management. Prior to 2006-07, the department has been using available fund balance to pay a portion of the cost of administering the employee benefit programs. There is insufficient fund balance to continue financing in this manner; therefore, the reimbursement budget is increased because a departmental re-charge has been implemented in 2006-07 to fund a portion of ongoing costs.

FINAL BUDGET CHANGES

Contingencies increased by \$444,036 due to fund balance being higher than anticipated.

Application Development

DESCRIPTION OF MAJOR SERVICES

The Application Development and Support division provides support for county departments as they develop, enhance and maintain business applications on a variety of hardware and software platforms. These applications include the county's enterprise accounting, payroll, budget, personnel, document imaging, public web sites, geographical information system and many other business line systems. ISD consults with departments to identify cost effective ways of conducting business and often provides business process reviews, cost analysis, and overall recommendations in the acquisition and integration of new systems.

In 2003-04, department appropriations decreased from the prior year due to the countywide spend down plan. Since that time, actual expenses have increased primarily due to MOU and retirement cost increases. Revenue fluctuations represent county department service requirement changes. When department demand for services exceeds the capacity of existing staff, the department uses contract-programming services to meet peak workload periods thus avoiding large adjustments to budgeted staffing. The 2005-06 local cost exceeds the modified budget due to unreimbursed support costs for the development of the new Financial Accounting System.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Other significant changes to salaries and benefits include the transfer of 6.0 positions to the computer operations budget unit to provide improved cost tracking by service function. The transferred positions consist of 1.0 Systems Support Division Chief, 3.0 Systems Support Analysts, and 2.0 Programmer Analyst IIIs. Budgeted staffing was also adjusted to reflect the addition of 1.5 Programmer Analyst III positions to support the new Financial Accounting System and 1.0 Division Chief position to support health care services. Additionally, overtime was reduced by 0.1 resulting in an overall net decrease of 3.6 positions in budgeted staffing.

Services and supplies reflect an increase due to additional support services for the new Financial Accounting System and Human Services. These cost increases were partially offset by a reduction in equipment and software costs as a result of the 2005-06 Board approved policy item granting one-time funding for the Geographic Information System. Reimbursements reflect funding from health care services for the new Division Chief position. The decrease in revenue reflects current year trends and the anticipated demand for services from county departments for 2006-07.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$571,152 and the addition of 4.0 FTEs for the following:

- The addition of 2.0 Programmer Analyst III positions to support the new Geographic Information System (GIS) which will integrate the base map into an advanced mapping framework, including additional equipment and software to support the enhanced functionality.
- The addition of 1.0 Programmer Analyst III to support the Computer Aided Facilities Management program (CAFM), which will be fully reimbursed by the Public Services and Support Group.
- The addition of 1.0 Programmer Analyst III in an effort to achieve appropriate staffing levels to manage the existing needs and ensure continued success of the County's EMACS payroll system.

PERFORMANCE MEASURES

The performance measure for this budget unit is designed to assist in identifying and implementing cost-effective business solutions. The policy item represents a new technology that will be introduced using the new procedures.

Computer Operations

DESCRIPTION OF MAJOR SERVICES

The Computer Operations Division provides Enterprise Data Center Services and a portion of the county's communications services. The division is comprised of 4 sections: Technology Operations, IT Customer Service, Core Solutions and Security, and Wide Area Network. The division supports county departments on a 24/7 basis.

Technology Operations provides for the design, operation, maintenance and administration of the county's enterprise data center which supports the county's mainframe and includes server management for over 160 servers, integrated document imaging infrastructure for digitizing paper records, and print operations for bulk printing functions required by the County.

IT Customer Service assists departments in ensuring that their technology and business objectives are achieved. The division provides a Technology Support Center to handle service requests and problem tickets, and IT Account Representatives to coordinate and assist departments in meeting their business and technology objectives.

Core Solutions and Security provides the county with global email, security direction, and technology policies and procedures, along with technical services that support desktop communications and functions across the county.

The Wide Area Network (WAN) section provides the communications infrastructure for interconnecting all county departments and provides support for approximately 18,000 users.

The Computer Operations budget unit is an Internal Service Fund (ISF). ISF net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Estimated appropriation for 2005-06 exceed the current modified budget primarily due to software and equipment purchases required to prepare for the 2006-07 county e-mail system upgrade. Estimated revenues reflect only current services revenue. The modified budget included both current services revenue and use of capital to fund current operations and is therefore higher than actual revenues. The estimated revenue under expenses represents the capital required to finance current year operations and was used primarily to fund the final phase of the Parcel Base Map project.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, risk management, and inflationary services and supplies purchases. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

In addition to the cost increases mentioned above, the budget includes significant increases (\$3.2 million) approved by the Board midyear to fund three new positions and software to upgrade the core infrastructure supporting the county's e-mail system, internet security and anti-virus solutions as well as funding for imaging backup services, server management solutions and increased licensing costs. The Board also approved the transfer of three positions from ISD's general fund to the computer operations division to improve cost tracking by service function and the transfer of 2.0 positions from computer operations to the Auditor/Controller's office to support electronic recording as well as other software systems. Additionally, the department will also be

reclassifying three positions. Those positions include one Teleprocessing Specialist position to an Automated Systems Technician, as dumb terminals have been replaced with PCs due to changes in technology; one Network Services Supervisor position to a Business Applications Manager, which resulted from a departmental reorganization; and one Help Desk Tech I to a Help Desk Tech II to better align the position with the required higher-level functions performed by staff at the help desk.

Other program changes include adding two positions to the Help Desk function to provide enhanced services as requested (and funded by) various departments, transferring three positions (with corresponding funding) from the Application Development Division to Core Security and Solutions and transferring 2.1 positions to Network Services to properly assign staff to service function. In addition, one position was added to provide desktop support services to Human Services and one existing position was increased by 0.4 position to reflect full year funding. These increases were partially offset by a 0.1 reduction in overtime for a total budgeted staffing increase of 8.2 positions over the prior fiscal year.

Current services revenue reflects funding for the program changes mentioned above including the following: rate increases approved by the Board, additional revenue from departments to fund enhanced help desk services and funding from Human Services (HS) to finance replacement of router equipment at HS sites and one desk top support position.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

The performance measures were selected to emphasize protecting the county's IT infrastructure while increasing usage and customer satisfaction with ISD services.

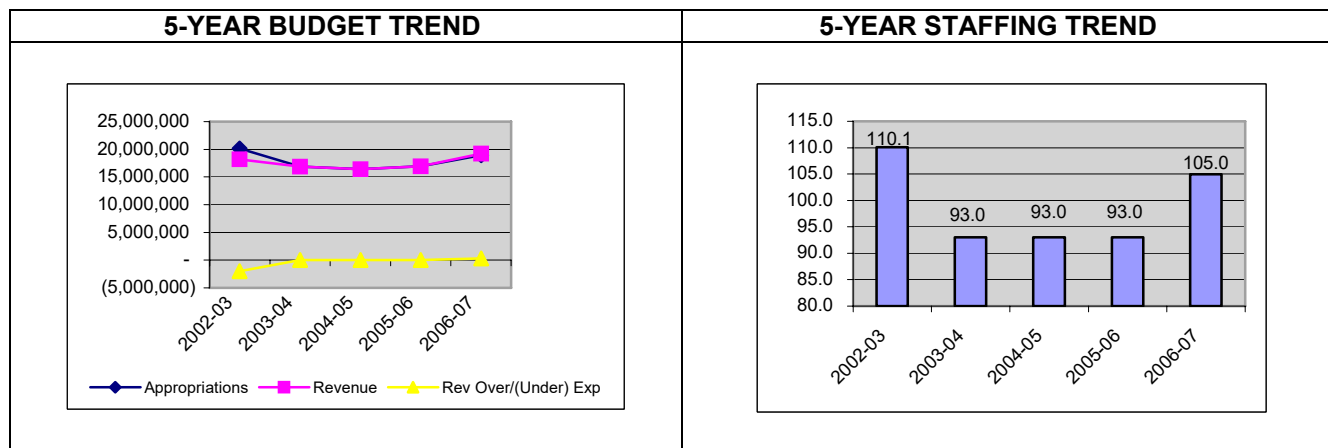

Network Services

DESCRIPTION OF MAJOR SERVICES

The Network Services Division provides for the design, operation, maintenance and administration of the largest county-operated telecommunications phone network in the country; the county's Regional Public Safety Radio System that integrates all countywide sheriff, police and fire emergency radio dispatch capabilities; the paging system; and the Wide Area Network (WAN) that securely joins approximately 18,000 county users together for the efficient use of technology. ISD manages a countywide microwave system (64 sites) that helps provide transport capabilities for each of the individual systems listed above.

In 2005-06 estimated costs are less than the modified budget primarily due to vacant position salary savings and reduced interest charges related to equipment lease purchases. Estimated revenue is expected to exceed budget due to increases in service demand for telephone, communication time/material billing for installation and maintenance services for county departments. The department will also recognize additional revenue for non-county requests for radio access, maintenance and installation services. These revenues were budgeted conservatively in 2005-06.

In 2006-07, the department will incur increased costs in negotiated labor agreements, retirement, worker's compensation, risk management, central computer, COWCAP and inflationary services and supplies purchases. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

Other increases for 2006-07 include the midyear cost increases approved by the Board in March which provided for four new positions to meet existing telephone service demands, strengthen cost tracking functions, improve oversight of public safety communications and ensure 24/7 monitoring of the county's microwave network as well as increases for mandated training and licensing costs.

Salaries and benefits cost increases also include the transfer of 2.1 positions from the Computer Operations Division to the Network Services Division as a result of a review of all positions within Information Services. Additionally, three new funded positions were added to meet current service demands. The department will also be reclassifying two positions. Those positions include one Telephone Services Specialist position to a Product

Specialist, as product specific expertise is needed to perform the assigned duties and one Network Services Supervisor position to a Supervising Communications Technician, as the higher level supervisory position is no longer needed due to a decrease in subordinate staffing level under this position. Additionally, the department staffing increased by 2.9 positions. Of this increase, 0.2 is for a new Multimedia Coordinator position to assist the Administrative Office and Board of Supervisors with projected expansion of this area. The remaining 2.7 positions is a result of additional overtime to meet service demands.

Services and supplies expenditures reflect an increase due to anticipated motor pool vehicle rental and maintenance charge increases, and the purchase of materials and communication repair parts to meet anticipated service demand for communication system installation, electronic maintenance, and repair services.

Currently, revenues generated from phone rates are allocated to support circuits and the backbone system, as well as basic phone licensing and contract services. Beginning in 2006-07 a new budget org will be added to enable the department to better track circuit related expenses and their corresponding revenues. In further efforts to properly match expenses to appropriate revenue, the Network Services Division has transferred approximately five staff to the Network Services administrative budget org reimbursements. This org expense is allocated to all operating units and as a result increased reimbursements and transfers by approximately \$600,000. Other minor increases in transfers include costs related to Human Resource Officer and rental/lease agreements for the various sites used by Network Services.

Revenues will increase in 2006-07 due to Board approved rate increases for monthly telephone services, 800 MHz radio access and maintenance services, and circuit usage. Other revenues for electronic maintenance of communication systems, telephone long distance, voice mail and auto attendant will increase due to service demand. The department also expects to recognize additional outside revenue as reflected in current year trends for 800 MHz radio installation services and rack space rental. Revenues for Mobile Data Consoles are projected to decrease by approximately \$240,000 due to the Sheriff's Department obtaining this service from Verizon. This loss in revenue will be offset by increases in operating revenue based on projected demand for services.

Budgeted revenue over expenditures is approximately \$300,000 for 2006-07 and will be used to finance replacement of fixed assets.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Percentage of total RED radios online. (1,200 radios).	10%	100%

As part of the overall ISD Business Plan to deliver innovative communications solutions including design, configuration, implementation and ongoing maintenance, Network Services working with the Sheriff's Department and other law enforcement agencies plans to implement the RED Channel radio system. This system will enhance 800 MHz valley-wide radio interoperability between various law enforcement agencies. The performance measure for this goal is to bring 100% of the 1,200 radios online during 2006-07.

RISK MANAGEMENT

Laurie Milhiser

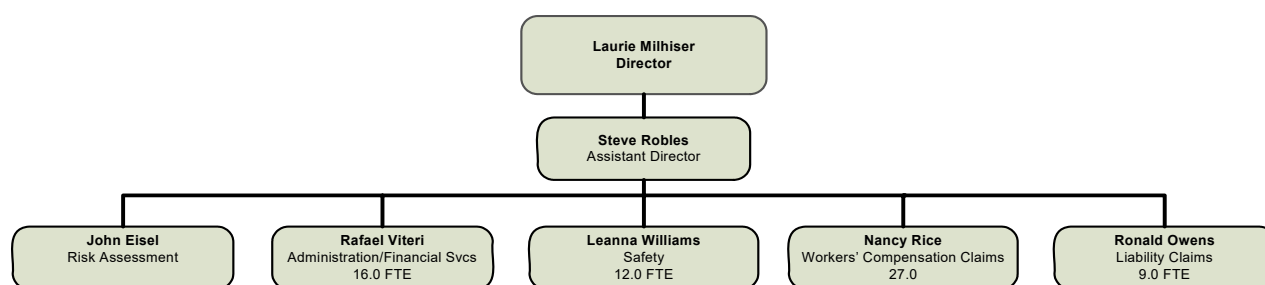

MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the county through a coordinated Enterprise Risk Management Program which includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

STRATEGIC GOALS

1. Minimize risk management costs and stabilize premiums charged to county departments.
2. Integrate Enterprise Risk Management format into county operations.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, worker's compensation, central computer and inflationary services and supplies purchases; and will incur decreased costs in risk management liabilities. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

The increase in salaries and benefits includes required step increases, cost of living adjustments and equity increases. It also includes the addition of 1.0 Assistant Director of Risk Management, which was approved by the Board on July 19, 2005. The decrease of 0.5 FTE corresponds with the elimination of the dual-filled Supervising Automated Systems Analyst I, due to the retirement of the previous incumbent.

Services and supplies shows an overall increase of \$107,750 based primarily on the increased COWCAP allocation and payment to the Auditor/Controller-Recorder for charges related to development of the year end financial statements.

Revenues will increase to reflect the increased costs of program administration resulting from additional staff and negotiated increases to salaries and benefits. These revenues come from the various self-insurance sub funds that are financed through Board approved premiums paid by departments, Board-Governed Special Districts, and County Service Areas.

In 2006-07, total insurance premiums will increase approximately \$2,000,000 due to premium increases in the following funds: Flood Control Liability, JPA Workers' Compensation, JPA Property Insurance, JPA Auto Collision, and Road Design Liability. These increases are necessary for Risk Management to meet the goal of its Five Year Recovery Plan to fund the various self-insured sub funds at a 70% confidence level by June 30, 2008.

In 2006-07, the department will incur increased costs in all insured and self-insured funds. Claims costs are projected to increase, as well as the cost of premiums for excess insurance, based on market conditions. These costs are reflected in the Change from 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments and department recommendations.

PURCHASING

Jim Lindley

MISSION STATEMENT

The Purchasing Department supports San Bernardino County by seeking the best value for each dollar expended by processing public procurement in an open and competitive environment. In addition, the department provides in-house services such as printing, surplus property and storage operations, and comprehensive mail services through its three internal service programs (Printing Services, Surplus Property and Storage Operations, and Mail/Courier Services).

STRATEGIC GOALS

1. Initiate and conduct a countywide quarterly training program that trains county employees on specific Procurement and the Internal Service Funds policies and procedures.
2. Increase the number of Buyer II's that earn the A.P.P. or C.P.M. accreditation within the Purchasing Department.

Purchasing

DESCRIPTION OF MAJOR SERVICES

The Purchasing Department is responsible for the acquisition of equipment, services, and supplies used by county departments and Board-governed districts. In addition, it is responsible for the management of three internal service programs (Surplus Property and Storage Operations, Mail/Courier Services and Printing Services).

The Purchasing Department strives to provide service to all county departments, special districts and entities with sources for quality products with reasonable prices and timely deliveries. All willing vendors will be given the opportunity to provide pricing on their products and services in a fair, open, and competitive environment. Purchasing accomplishes this mission by treating each department, employee, and vendor with respect, integrity, and understanding. By extending this treatment to all, Purchasing fulfills the purchasing obligation of San Bernardino County.

In 2006-07, the department will incur increased costs in MOU, retirement, central computer, workers compensation, and inflationary services and supplies purchases; and will incur decreased costs in risk management liabilities. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations. Budgeted staffing in 2006-07 was reduced by 1.0 position due to workload. The budget includes reclassifying two Staff Analyst II positions to Buyer III positions and a reclassification of a Buyer II position to a Buyer III position. The Buyer III positions will be responsible for the higher level buyer duties within the Purchasing Department. Also included are reclassification requests for a Secretary I position to be reclassified to an Office Specialist and a Staff Analyst II position to be reclassified to an Administrative Supervisor I. The reclassification of these two positions would more accurately reflect the duties currently being performed.

Surplus Property and Storage Operations

DESCRIPTION OF MAJOR SERVICES

Surplus Property and Storage Operations (formerly known as Central Stores) maintains the surplus property pool, serves as a storage facility for county departments, administers the Office Depot Next Day Desktop Delivery Program, and orders, stocks, and delivers all medical forms to Arrowhead Regional Medical Center (ARMC). The division strives to accurately inventory and fairly distribute surplus property to interested county departments, community-based organizations, and the general public.

During 2006-07, Central Stores will be phased out and the county will move to a "Just In Time" procurement system.

The ARMC Forms Program started in 2004. The program consists of printing, stocking, and delivering medical forms to ARMC. ARMC saves approximately \$30,000 a month by having this function done by Surplus Property and Storage Operations. The Office Depot Next Day Desktop Delivery Program enables departments to order all their office supplies on-line through Office Depot's website, and receive delivery of their order within 24 hours (within the greater San Bernardino area). The top 300 office products used by the county departments receive special "net" pricing, which can be up to 57% off the catalog price.

The Purchasing – Surplus Property and Storage Operations budget unit is an Internal Service Fund (ISF), and as such, all operational costs are distributed to user departments through user rates. As an ISF, unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

In 2006-07, the department will incur increased costs in the MOU, retirement, and inflationary services; and will incur decreased costs in worker's compensation, risk management liabilities, services and supplies, and central computer. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

As part of the county's effort to consolidate services, reduce costs, and move to a "Just In Time" procurement system, Surplus Property and Storage Operations staffing will be reduced by 5.0 positions in 2006-07, both services and supplies and revenue will decrease significantly to reflect the staffing and program changes.

Mail/Courier Services

DESCRIPTION OF MAJOR SERVICES

Mail/Courier Services provides interoffice, U.S. Postal, and courier service to agencies, departments, and special districts within the county. The division's main goal is to deliver each piece of mail in a timely and accurate manner.

The Purchasing Department's Mail/Courier Services budget unit is an Internal Service Fund (ISF). As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Expenditures and associated revenue in 2005-06 are below budget due to the Child Support Services Department automation program and Human Services Systems CIV program outsourcing their mail services.

Per the June 30, 2005 Report of Operations prepared by the Auditor/Controller-Recorder, the working capital requirements for this fund is \$1.25 million. During 2006-07, the rates for Mail/Courier Services will be evaluated to determine if rate adjustments will be required in 2007-08.

These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

In 2006-07, budgeted staffing will decrease by 2.0 Mail Processor II's due to an anticipated decrease in workload due to the CIV program outsourcing their mail services. Budgeted expenditures and associated revenue have been reduced by approximately \$1.0 million due to the Child Support Services Department automation program and Human Services Systems CIV program outsourcing their mail services. This reduction has been offset by approximately \$500,000 as a result of the increased cost of postage.

FINAL BUDGET CHANGES

The Board approved an appropriation and revenue increase of \$18,000 for Fleet Management rate adjustments.

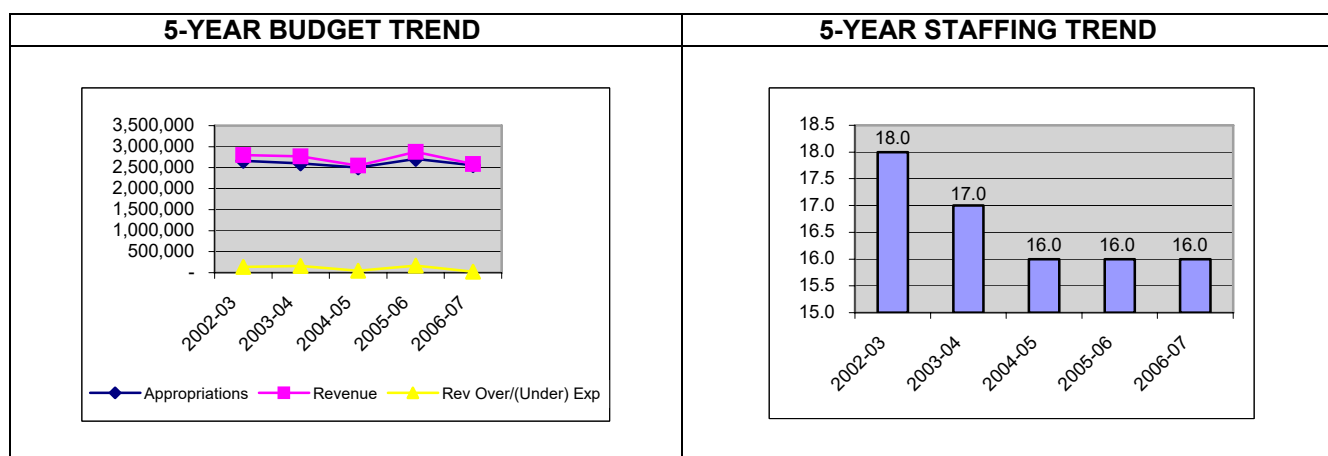

Printing Services

DESCRIPTION OF MAJOR SERVICES

Printing Services composes, sets, prints, collates, and binds county forms, pamphlets, and reports for county departments and special districts. The purpose of this division is to provide high quality printed materials utilizing the latest technological advances in order to serve the needs of county departments. This division strives to deliver services in a timely and most cost effective manner that is beneficial to all its customers.

The Purchasing – Printing Services Division budget unit is an Internal Service Fund (ISF). All operational costs of this program are distributed to user departments through user rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used for working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

ARROWHEAD REGIONAL MEDICAL CENTER

June Griffith-Collison

MISSION STATEMENT

The San Bernardino County "Arrowhead Regional Medical Center" (ARMC) is a safety net hospital with the primary mission of providing quality healthcare, a basic necessity of humankind, to the residents of San Bernardino County. We continuously strive to improve the health of the communities we serve and become the provider of choice for healthcare delivery and education

STRATEGIC GOALS

1. Increase outpatient and emergency room visits.
2. Increase admissions in acute care services.
3. Enhance reimbursement and other revenue streams.
4. Explore additional cost containment opportunities and strategies.
5. Continue maintaining and improving the information technology infrastructure and proceed with installation and implementation of additional Meditech System modules.
6. Continue improving Customer Satisfaction Survey results

Arrowhead Regional Medical Center

DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) is a state of the art, acute care facility embracing advanced technology in all patient and support areas. ARMC offers the latest in patient care by providing a full range of inpatient and outpatient services, three off campus community health centers, Department of Behavioral Health's inpatient activities and numerous specialty services. Freeway access, shuttle service and close proximity to an Omnitrans bus hub make ARMC convenient to county residents.

The Hospital and Behavioral health facilities are comprised of 373 (90 Behavioral Health and 283 Hospital) inpatient rooms, most of which are private. The Emergency Department is a Level II Trauma Center and consists of 15 observation rooms, 8 treatment rooms, 3 law enforcement holding rooms and 8 trauma rooms. In 2005, an Emergency Department remodel added a 9 bay Rapid Medical Emergent Treatment area to expedite treatment and improve throughput. The helicopter landing area can accommodate both standard medi-vac helicopters and military helicopters. The outpatient care center consists of 109 examination rooms and 8 procedure rooms.

The Medical Center remains one of the most technologically advanced health care institutions in the entire country. It is also seismically sound, capable of withstanding an 8.3 magnitude earthquake and is designed to remain self sufficient and functional for a minimum of 72 hours.

Inpatient Care: Inpatient services provide curative, preventative, restorative and supportive care for general and specialty units within the General Acute Care Hospital, Behavioral Health Hospital and Home Health. Care is coordinated among multiple care providers responsible for patient care twenty four hours a day. Nursing functions as a primary interface with patients, families and others and is often the interpreter for the hospital experience and treatment plan. Education is a primary focus. ARMC offers numerous Residency Programs for the training of physicians in Family Practice, Emergency Medicine, Surgery, Neurosurgery, Women's Health, and Internal Medicine.

Inpatient Service lines include:

- Inland Counties Regional Burn Center, which provides total burn care to patients of all ages and serves San Bernardino, Riverside, Inyo and Mono Counties.
- Medical Intensive Care (MICU), Surgical Intensive Care (SICU) – providing critical care for medical and surgical patients requiring continuous monitoring, assessment and treatment.
- Neonatal Intensive Care Unit (NICU) providing critical care for newborn premature/fragile infants.
- Maternal Child Services – labor / delivery / maternity and postpartum.
- Newborn Nursery providing full services for newborn infants.
- Operative Services provides surgical, invasive and peri-operative for all surgical procedures excluding cardiac. It is comprised of 15 OR suites, a three room Specialty Procedure Lab, Pre-Op Holding Area, Post Anesthesia Care Unit (PACU), Ambulatory Surgery Care (ASC), Pre-Op Clinic, Pain Clinic and three Obstetrical / Gynecological Operating Rooms.
- Pediatrics – providing assessment, observation and treatment of pediatric patients.
- Medical Surgical Services – Geriatrics, Orthopedics, telemetry patients requiring assessment, observation and treatment.
- Specialty Services – offered to patients who have special needs such as Dialysis, Cancer, Transplant (kidney) and Wound care – Patient evaluation follow-up, diagnostic planning, treatment and case management.
- Behavioral Health – Adult inpatient psychiatric treatment services which include evaluation, assessment and treatment by interdisciplinary teams of psychiatrists, nurses, psychiatric technicians, clinical therapists and occupational therapist. Program offers medication administration, individual and group therapy and family education.

Outpatient Services: Outpatient Care is an integral part of our multifaceted health care delivery system offering a wide range of emergency, primary, preventive, chronic, follow-up and specialty care in an ambulatory care setting. Visits have exceeded 250,000 annually without the Emergency Room volume.

Outpatient Service lines include:

- Emergency Medicine – ARMC is a busy Level II Trauma Center offering acute, emergent and urgent treatment of patients. Visits are currently in excess of 90,000 annually.
- Primary care – three outlying family health centers offering comprehensive primary medical care for children and adults. These are community clinics that provide preventive, obstetrical and gynecological care, family planning services, well child visits, immunizations, health education and referral to specialty services – Fontana Family Health Center, McKee Family Health Center and Westside Family Health Center.
- Specialty Clinics (10) including:
 - * Infusion Therapy – provide therapeutic and supportive care to adult oncology patients and their families, chemotherapy, blood products, IV hydration and antibiotics.
 - * Internal Medicine with subspecialties of cardiology, allergy, nephrology, endocrinology, gastroenterology, hematology, neurology and rheumatology.
 - * Surgery clinic with subspecialties of general surgery, wound care, burn care, urology, oral surgery/dental, ENT/audiology, neurosurgery, ophthalmology, pre-operative evaluation and post operative care.
 - * Women's Health offering comprehensive pregnancy services from preconception counseling to postpartum care including high risk maternal / child care.
 - * Orthopedic clinic providing services for diagnosis and treatment of diseases and abnormalities of the musculoskeletal system with emphasis on upper extremity, joint reconstruction, trauma and spine.
 - * Pediatric clinic – a variety of comprehensive services to children 0 – 18 years of age, well child visits, immunizations, high risk follow-up, sick child walk-in visits as well as pediatric specialty services of cystic fibrosis, neurology, nephrology, endocrinology, asthma, diabetes, genetics, allergy, cardiology and hematology.
 - * Family Elder Care serving primarily elderly adults and frail elderly, their support systems/caregivers and families, offers consultative services for seniors, geriatric evaluation and management.
 - * Rehabilitation Clinic – conducts evaluations for State Disability, Rehabilitation/Treatment of amputees, spinal cord injuries and strokes. Referrals are to Physical Therapy, Speech, Occupational Therapy and Prosthetics.

Ancillary / Support & Specialized Services Include:

- Medical Imaging Department (Radiology) utilizes a digitized imaging and archiving system which replaces x-ray film. Radiologists can remotely access and read images for expedited diagnostic interpretation. The Medical Imaging Department also performs Bone Densometry, Mammography, CT scanning, MRI, Ultrasound, Nuclear Medicine and Radiation Oncology.
- Neurodiagnostics offers both inpatient and outpatient diagnostic studies. Tests performed include electroencephalograms (EEG), Continuous EEG, Electromyogram (EMG), Nerve Conduction studies and transcranial dopplers.
- The Clinical Laboratory is responsible for inpatient and outpatient diagnostic services which include chemistry, hematology, coagulation, urinalysis, bacteriology, cytology, virology, mycology, serology, TB, blood transfusions, autopsy and surgical pathology. Approximately 1.4 million tests are performed annually in this 24 hour service.
- Pharmacy provides comprehensive inpatient and outpatient pharmaceutical services. The outpatient Pharmacy operates an automated prescription filling system called Optifill II. The patient submits the prescription and it is entered into the computer and reviewed by a pharmacist. Once accepted, a label is printed, the computer initiates filling the bottle and caps the prescription. Quality assurance is completed prior to presenting to the patient.
- Rehabilitation Services includes Physical Therapy, Occupational Therapy and Speech Therapy. The department evaluates and treats patients with neuromuscular, musculoskeletal, sensorimotor, cardiovascular, pulmonary disorders and language dysfunction. The goal is to restore the patient's functional activities of daily living to the highest possible level.
- Respiratory Care offers a thorough practice of routine, prophylactic and intensive respiratory care modalities including gas and aerosol therapy, conventional mechanical ventilation, high frequency oscillatory ventilation, airway management, CPR, blood gas acquisition and analysis, non invasive monitoring and placement of percutaneous tracheotomies.
- Home Health includes rehabilitative care, IV therapy and wound care extended to patient's home to complete the continuum of care.

- Health Information Library offers catalog of CD ROM, journals and computers with internet access for health care research and up to date information.
- Wound care and hyperbaric medicine is directed specifically toward the healing of chronic wounds. Services include diagnostic testing / sharp debridement, casting and strapping for compression therapy and patient education. Hyperbaric Oxygen Therapy (HBO) is offered to patients with specific types of difficult to treat wounds that are known to respond to HBO per UHMS guidelines.

Revenue resources for ARMC are comprised of the following:

SB 1100 California's Medi-Cal Hospital/Uninsured Care Demonstration Project Act, Medicare, AB 915, tobacco tax funds, current services, miscellaneous revenue, and Health Realignment. Summary information regarding key components of this budget unit appears below. The "Rev Over/(Under) Exp" amount shown above reflects the enterprise fund's depreciation requirement, and is not a shortfall to the budget. Equipment depreciation expense of approximately \$5.5 million is included as an operating expense; because funding is not required to offset this amount, a corresponding amount of revenue is not budgeted.

During fiscal year 2005-06 ARMC's revenue projections were based on Disproportionate Share (DSH) Funding comprised of monies from SB 1255, SB 855 and CMAC negotiated per diem rates. For fiscal year 2006-07, this funding mechanism is replaced by SB 1100, California's Medi-Cal Hospital/Uninsured Care Demonstration Project. This new system is designed to fund the public and private safety net hospitals for care provided to Medi-Cal and uninsured patients. The project is described by a Medicaid (Medi-Cal in California) waiver negotiated by the Schwarzenegger Administration and the federal government last year. California's legislature passed the law (SB1100) putting it into place in Sept 2005. The five-year waiver covers the period from July 1, 2005 to June 30, 2010. It replaces a 15-year old system that governed hospital payments through a different set of mechanisms that will no longer be used.

The old DSH program was established to provide supplemental Medi-Cal payments to certain hospitals that provide services to disproportionate members of Medi-Cal and other low-income patients. The programs assisted safety net hospitals in meeting the uncompensated costs associated with providing medical services to uninsured and underinsured patients. The programs were mechanisms for distributing federal health care funds. The programs required the county to transfer general fund dollars (reflected Health Care Costs (HCC) budget unit) to the state. Through a matching process, the county received back its initial contribution. The level of the county's contribution was set during the year by the state. Budgets from the prior year could not fully reflect the amount of federal health dollars received via DSH programs until the county was notified of the matching amounts during the course of the current fiscal year.

The old DSH program was comprised of the following elements:

- The SB 855 program, which provided supplemental payments to hospitals that serve a disproportionate number of low-income individuals. Public entities were required to transfer funds to the State Department of Health Services by an intergovernmental transfer. These funds were matched with the federal funds and redistributed as supplemental payments to all eligible hospitals including non-public hospitals. A hospital could receive DSH payments if its Medi-Cal utilization rate exceeded an established threshold or it used a minimum percentage of its revenues to provide health care to Medi-Cal and uninsured patients.
- SB 1255 program supplemented eligible hospitals that were licensed to provide emergency medical services and contracted with California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program. Intergovernmental transfers were also made. These funds were combined with matching federal funds and redistributed by CMAC as supplemental payments to hospitals demonstrating a need for additional funds. CMAC ultimately determined the amount received by each participating hospital.
- The GME program is part of the SB 1255 program and provided supplemental payments to DSH hospitals that were also teaching facilities. Payments were determined solely by CMAC and the amount could vary from year to year. Similar to other SB 1255 revenues, the amount actually received was determined by the state during the course of the fiscal year.

- The new hospital financing waiver under SB 1100, however, is comprised of the following elements which are to be financed by Certified Public Expenditures (CPE) and matched against federal Medicaid dollars:
 - * The Medi-Cal Fee for Service, which is projected to grow if county spending increases. This is considered to be the federal payments made to public hospitals for services delivered to Medi-Cal patients. The federal payment rate represents approximately one half the costs borne by the hospital. Public hospital fee for service payments fluctuate based on numbers of Medi-Cal patients served which are counted towards the calculation of baseline funding (2004-05 levels). The estimated value of the State's budget is \$770 million annually. The Medical Fee for Service accounts for 14.18% of ARMC's net revenue.
 - * The Disproportionate Share Hospital Funds is the Federal payments made to public hospitals to account for a portion of the uncompensated care delivered to the uninsured, including undocumented immigrants. Funds also can be applied to make up for shortfalls in Medi-Cal psychiatric and Medi-Cal managed care payments and the cost of care delivered. The estimated value of the State's budget is \$1 billion annually and is frozen throughout the waiver period. The Disproportionate Share Hospital Funds accounts for 14.56% of ARMC's net revenue.
 - * The Safety Net Care Pool Funds (SNCP) is the Federal payments made to public hospitals and public clinics for uncompensated care delivered to uninsured patients and for certain designated non-hospital costs, such as drugs and supplies for the uninsured. Both public and private safety net hospital will access the pool to achieve baseline funding (2004-05 levels) and for stabilization funds. The funding is frozen throughout the waiver period. The estimated value of the State's budget is \$586 million per year for years 1 and 2 (2005-2007), \$766 million per year for years 3, 4, and 5 (2007-2010), reflecting an additional \$180 million per year and is contingent on a coverage program. IEHP is requesting from State to pilot this coverage program recommending ARMC and Riverside Regional Medical Center to collaborate in the demonstration project. The projection in this pilot program accounts for 0.58% in ARMC's net revenue, which is excluded in the SNCP Fund. The Safety Net Care Pool Funds accounts for 9.42% of ARMC's net revenue.

Centers for Medicare and Medicaid Services (CMS) approved California's Medicaid State Plan Amendment (SPA) implementing the provisions of AB 915 (Welfare and Institutions Code Section 14105.96, Statutes of 2002). AB 915 provides public hospitals with a Medicaid supplemental payment for unreimbursed Medi-Cal hospital outpatient fee-for-service expenses. This measure was implemented retroactively from July 1, 2002 and became effective in the 2003-04 year and each fiscal year, thereafter. The supplemental Medi-Cal payment is based on each hospital's certified public expenditures (CPE), which are matched with federal Medicaid payments. ARMC's claim for reimbursement is limited to the federal share of the unreimbursed Medi-Cal expenses that are certified. AB 915 revenue accounts for 2.04% of ARMC's net revenue.

Medi-Cal Managed Care is a program that is administered by Inland Empire Health Plan (IEHP) that covers medical costs for low-income patients under an HMO type structure and it accounts for 2.96% of ARMC's net revenue.

Tobacco Tax funds are allocated by the state to partially reimbursed hospitals for uncompensated medical care and they account for 0.42% of ARMC's net revenue.

In November 1998, Proposition 10 was passed by California voters and became the Children and Families Act of 1998 (Act). This act provided for additional taxes on tobacco products, which created a revenue stream directed towards promoting, supporting and improving the early development of children from the prenatal stage to five years of age. The Act established the local Children and Families Commission for San Bernardino County, which is responsible for implementation and coordination of a countywide system to provide child and family support services, including healthcare and education. ARMC is currently administering the First 5 Dental Program (Program) grant. ARMC took over this program in October 2004. First 5 Dental Program accounts for 0.35% of ARMC's net revenue.

During 2005-06, Section 1011 of the Medicare Modernization Act of 2003 Program, a federal reimbursement for emergency health services provided to Undocumented/Uninsured immigrants was implemented. Congress has mandated the Secretary of Health and Human Services directly pay hospitals, physicians and ambulance providers for their unreimbursed costs of providing services required by section 1867 of the Social Security Act (EMTALA) and related hospital inpatient, outpatient and ambulance services furnished to undocumented aliens. Section 1011 accounts for 0.39% of ARMC's net revenue.

MediCal outpatient revenue accounts for 3.17% of ARMC's net revenue. This is the traditional fee for service payments for treating outpatient care for MediCal patients.

Medicare is a federal insurance program for people over the age of 65 and it accounts for 10.90% of ARMC's net revenue.

The current services revenue category is comprised of:

- Insurance Revenue from third party insurance carriers paying on behalf of patients primarily receiving services from ARMC's trauma center. This revenue accounts for 18.83% of ARMC's net revenue.
- A contract with Department of Behavioral Health, for provision of services to mentally ill inpatients, accounts for 5.54% of ARMC's net revenue.
- Self-pay revenue consists of payments from patients who do not qualify for any reimbursement program and are responsible for their own bills; it accounts for 3.99% of ARMC's net revenue.

Other revenue is primarily cafeteria sales, reimbursements from contracted physicians for office space, and payment from Riverside Regional County Medical Center (RRCMC) for services provided by ARMC's medical residents assigned to RRCMC. This revenue accounts for 1.28% of ARMC's net revenue.

Health Realignment is a portion of the vehicle license fees and sales tax collected by the state and distributed to counties to cover the cost of indigent health care. It accounts for 11.23% of ARMC's net revenue.

Average Daily Census – ARMC's Average Daily Census (ADC) declined by (3.86) or 1.42% in 2005-06. The decrease is due to fewer admissions from the Burn Care Unit by (3.20) due to reduction in insurance admissions resulting from discontinued contracts with the insurance carriers, and Intensive Care Units by (15.2), offset by increase in Obstetrics due to volume growth in deliveries and Medical/Surgical Units. The 2006-07 budget was increased to reflect the number of deliveries and Emergency Room (ER) expansion into the waiting room.

Average Daily Census – Department of Behavioral Health's (DBH) ADC declined by (1.34) or 2.40% due to limited funding and additional staffing needed. The 2006-07 budget reflects additional staffing to capture patients being transferred to other facilities and to reduce the number of patients being treated in DBH's ER triage. This conversion will bring budget 2006-07 in line with budget 2005-06.

Emergency Room Visits: ER visits declined by (7,399) or 7.57% due to the nurse staffing ratios adversely affecting the services. Despite fewer staff hours, patients seen exceeded the prior year. Growth is expected when the ER expansion into the waiting room is completed. This expansion will bring the 2006-07 budget in line with the 2005-06 budget, improve patient flow, thus reducing the patients' wait time, and decrease the 20-50 patients per day that leave the facility without being seen by a physician.

Outpatients Visits: Outpatient visits dropped by (4,670) or 1.91% due to the decrease of outpatient providers allocated in the Family Health Centers (FHC). The FHCs are down by three providers as compared to 2004-2005. There have been difficulty recruiting providers due to competitive markets; however, it is anticipated that one provider will be replaced during the fiscal year 2005-06 and the Patient Visit Redesign program will help neutralize the volume for 2006-07.

Fixed Assets	843,329	1,640,973	1,314,030	2,022,948	1,539,482

Expenditures in 2005-06 were over budget by a total of \$0.7 million due primarily to increases in overtime usage to comply with staffing ratios and increase in temporary help and nursing registry used to fill vacant positions. In addition, pharmaceuticals and other medical supplies expenditures were more than anticipated. The overage was offset slightly by lower than budgeted depreciation expense.

Revenue in 2005-06 was \$8.5 million less than budget due primarily to budgeted Realignment revenue that was not transferred to ARMC. A portion of the Realignment revenue was for Construction Projects and will be transferred to ARMC in 2006-07. In addition, Emergency Medical Services Act funding was \$0.6 million less than anticipated, and fees from other agencies were under budget by \$2.0 million.

Fixed Asset expenditures were \$0.5 million less than budgeted due to deferred Information System software and equipment purchases.

Based on the projected inpatient census and outpatient activity, expenses are expected to increase in 2006-07 by \$21.7 million, or 7.0% from the 2005-06 budget. The increases are described below.

Salaries and benefits will increase by approximately \$18.6 million. Of this amount, \$5.87 million is due to anticipated increases due to labor negotiations, retirement costs, and workers' compensation rate increases.

The net change in budgeted staffing is an additional 192.4 positions to comply with required staffing ratio in nursing care services, convert contracted services or contracted employees to full-time employees and other operational considerations for performance improvement. The following units were affected:

- Nursing Services will increase by 114.65 positions to adjust staffing ratio due to regulatory mandate at Medical/Surgical Units from Nurse to Patient ratio of 1:6 to 1:5 and Telemetry from 1:5 to 1:4 or less and the inclusion of language stipulating "at all times".

- Ancillary Services will increase by 19.57 positions to convert contracted staffing in Rehabilitation Departments, Neuro Diagnostic Imaging, increase in surgical technicians to expand operating hours and open two additional operating rooms from 7 to 9 due to increase in case loads, and to reduce cancellations of many elective surgical cases, increase in Laboratory positions to provide additional assistance in Hematology, Urinalysis, Chemistry and Pathology due to volume growth and as a action plan to correct a sentinel event attributed to workload submitted to DHS.
- Support Services will increase by 58.10 positions of which 20 positions will be added in Security Department based on a Security Assessment by the Sheriff's Department and reinforced by the Grand Jury report. The additional staffing is needed to activate the metal detectors that have been installed at all points of entry at the Medical Center. Office staff positions were increased by 18.6 to provide additional support in the Call Center due to increase in volume, Patient Accounting to implement co pay collections and Section 1011 Program and for better denial management of patients receivables. Other clerical and professional positions were added from the following departments: Information Systems, Human Resources, Medical Records and Utilization Review.

For 2006-07, ARMC is requesting the reclassification of two vacant Secretary I positions to Education Specialists for the Family Medicine program. The reclassification of these positions will allow for the hiring of individuals with the educational background necessary to support the unit in a cost effective manner.

Services and supplies are budgeted to increase by \$4.27 million primarily due to increase in volume and inflationary factors and other changes in patient services. This increase is related to several changes with the most significant explained below:

- Decrease in Minor Equipment of (\$0.63) million is due to the completed purchases of lap tops and computers in FY 2005-06 for Information Technology infrastructure enhancements. These enhancements include the deployment of a phased-in wireless network that will provide mobility and clinical staff easier access to patient's medical information for better efficiency and patient care.
- Increase in Computer Software by \$1.09 million due to anticipated additional modules in Meditech, replacement of Home Health software and to update the single sign-on access in Radiology and Emergency Department by securing a unique sign on to comply with HIPAA imposed by using personalized identification cards by the users.
- Increase in Physician Fees to care for Medically indigent Adults by \$0.25 million due to increase in heart cases referred to Loma Linda University and increase in visits in Emergency Room and Public Health Clinics.
- Decrease in insurance by \$0.28 million primarily from fire insurance costs.
- Increase in Medical Supplies and pharmaceuticals and food by \$1.3 million due to increases in patient activity and projected inflationary cost.
- Increase in County Wide Cost Allocation Plan (COWCAP) of \$0.3 million.
- Increase in professional services of \$0.51 million for the following contracts: Pharmaceutical Services due to CPI increase, Neuro diagnostic services, outside Radiation Therapy services due to volume.
- Increase in building and equipment maintenance costs of \$0.37 million due to aging equipment and expiring warranties.
- Increase in equipment rental of \$1.26 million to upgrade and replace aging computer server as a part of the disaster recovery plan to implement CPOE and PCS.

Capital Leases & Interest increased by \$0.73 million due to the acquisition of new equipment to replace obsolete and aging equipment in Diagnostic Imaging Department such as the Picture Archiving System and MRI.

Transfers out to other departments decreased by \$0.88 million due to change in plans of converting Behavioral Health Unit beds into Medical Surgical beds in 2005-06 by \$1.07 million. The additional beds planned during 2005-06 will be incorporated to the 6th Floor Conversion Plan at the Main Tower Building. The new plans for 2006-07 include \$0.4 million for the Terrazzo Flooring Repair-Project Phase 1 and \$0.4 increase for the Parking Lot Expansion Project.

Based on the projected inpatient census, outpatient activity, and anticipated rate increases, revenues are expected to increase by \$27.0 million in the 2006-07 budget.

The state aid and federal revenue category is projected to increase by \$27.7 million. This will result from following:

- SB 1100, California's Medi-Cal Hospital/Uninsured Care Demonstration Project of \$133.140 million. This new State Funding is comprised of Fee for Service of \$49.463 million, Safety Net Care Pool Fund of \$32.880 million, DSH Fund of \$50.797 million, as compared to the old Medicaid System of \$125.468 million. The old State Funding was comprised of SB 855 of \$30.673 million, SB 1255 and GME of \$40.243 million and Fee for Service of \$54.551 million. The increase in the new State funding is estimated to be \$6.324 million or 5.04%.
- AB 915 Program is projected to decrease by \$6.6 million. For budget 2005-06, the allotment is estimated to be \$13.8 million based on the actual claim filed for 2003-04 and an additional adjustment to reflect increased costs in 2005-06. The unreimbursed Medi-Cal expenses claimed for 2004-05 were \$13.414 million. This Medi-Cal supplemental payment is limited to the federal share only or approximately 50% (\$6.707 million) of the claimable amount.
- Section 1011 Undocumented/Uninsured Program increase of \$1.361 million. During 2005-06, the eligibility process is implemented to qualify patients for Section 1011 of the Medicare Modernization Act of 2003. This program helps reimburse hospitals for otherwise unreimbursed costs for providing emergency services to undocumented immigrants.
- Medicare revenue is projected to increase by \$6.727 million due to increased discharge and an increase in the Federal Diagnosis Related Group payment rate and the geographic reclassification of San Bernardino County to Los Angeles for Wage Index.
- MediCal Managed Care Capitation Payment from IEHP will increase by \$0.233 million due to increase in marketing targeted to increase the number of memberships from IFMG and La Salle IPA Groups. In addition, a subsidy of \$1.200 million from IEHP is projected in 2006-07. This allotment is being donated by IEHP to implement a Circle of Excellence Program and Pain Management in collaboration with Riverside County Medical Center. Further, \$2.682 million additional revenue is projected for the Pilot Program being proposed by IEHP with the State to participate in the Managed Care Coverage program for Seniors and Persons with Disabilities as a part of SB 1100 –Medicaid Refinancing Program under the Safety Net Care Pool Fund of \$180 million for each year. The projection is based on 5% of the half of the available funding prorated to start on January, 2007.
- Distressed Hospital Funding increase of \$0.587 million. This is a new funding stream included in SB 1100 – Medicaid Refinancing Program under the Safety Net Care Pool Fund of \$23.5 million to be allocated between the Private and Public Hospitals to help finance the hospitals. Three criterias are to be met for qualification; (1) to serve a "substantial volume" of Medi-Cal patients, (2) be a "critical component" of the Medi-Cal program's health care delivery system and (3) to demonstrate a "significant financial hardship" that may impair the hospitals ability to continue its range of services for the program. The letter of interest to participate in the distribution was submitted in March, 2006. The projection is based on 5% of the half of the available fund. The rate used is the historical average distribution rate received by ARMC from total disproportionate share funding among the public hospitals.

The current services revenue category will increase by \$8.39 million. This will result from the following:

- Increase in insurance revenue of \$3.8 million due to a 7% rate increase partially and anticipated rate increase from contracted insurance of 10%. Decrease in DBH payment of \$0.616 million due to estimated capped payment of \$19.326 million. Increase in transfers from Jail and Sheriff Department to reimburse the Medical Center for pharmaceutical costs of \$2.680 million, increase in private pay of \$2.5 million due to better control in registration process and denial management.

Operating transfers in is expected to increase by \$0.27 million. Of this amount, \$0.41 million is a one-time allocation to fund the construction of the Parking Lot Expansion, \$0.40 million for the Terrazzo Flooring Repair Project Phase, offset by a decrease in additional allocation made during 2005-06 in Health Realignment funds to partially offset the increased costs related to compliance in staffing ratios of \$0.538 million.

FINAL BUDGET CHANGES

The Board approved a services and supplies appropriation and operating transfers in increase of \$5,000 for ARMC's Health Fair financed with Priority Policy Needs funds.

Tobacco Tax Funds

DESCRIPTION OF MAJOR SERVICES

In November 1988, California voters approved the California Tobacco Health Protection Act of 1988, also known as Prop 99. This referendum increased the state cigarette tax by 25 cents per pack and added an equivalent amount on other tobacco products. The new revenues were earmarked for programs to reduce smoking, to provide health care services to indigents, to support tobacco-related research, and to fund resource programs for the environment.

The Arrowhead Regional Medical Center (ARMC) established the county tobacco tax funds in 1989-1990 to facilitate the transfer of Tobacco Tax monies to the county hospital, non-county hospitals and physicians, as required by the State.

There is no staffing associated with this budget unit.

Appropriations in this budget unit consist primarily of service and supplies expense which is for physician and hospital expense for the care of indigents. Expenditures were less than budget as less than budgeted physician and hospital expenses were expended in 2005-06. Actual revenue is greater than budget as state aid increased significantly in 2005-06.

Service and supplies are increasing by \$1,601,294 to allow for additional reimbursements for physician and hospital costs. Use of money and property is increasing due to increased interest income resulting from additional state aid. State Aid is increasing by \$812,617 due to additional Prop 99 funding as projected by the state.

FINAL BUDGET CHANGES

Numerous funds are combined in this budget unit and a decrease may be reported for one or more funds while increases are reported for other funds. All changes are combined into the one reported fund balance. Final budget changes include: a decrease in service and supplies of \$127,606 due to a decrease in one of the fund balances; an overall decrease of \$456,653 in state aid; and an increase in contingencies of \$482,652 due to fund balance being higher than anticipated.

Archstone Foundation Grant

MISSION STATEMENT

Arrowhead Regional Medical Center's (ARMC's) medical staff develop and operate ARMC's Dependent Adult and Elder Abuse Program that is funded with Archstone Foundation grant monies.

STRATEGIC GOALS

1. Establishment of a coordinating body representing leadership from ARMC, Department of Aging and Adult Services, and the District Attorney Elder Abuse Unit.
2. Development of internal and external training for program professionals and key members of an interdisciplinary team.
3. Development of a mechanism for ongoing referral of dependent adults and elders suspected of being mistreated from local protective agencies to ARMC medical team for the purpose of assessment and treatment.
4. Establishment of a multidisciplinary team meeting schedule.

DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) established this fund in 2005-06 to facilitate the receipt of grant funds from the Archstone Foundation. The Archstone Foundation is a private grant-making organization, whose mission is to contribute towards the preparation of society in meeting the needs of an aging population. The grant was issued to provide ARMC with the resources necessary to incorporate a medical consultation element into existing county efforts in the area of elder abuse and neglect. The funds are required to be deposited in interest-bearing accounts, with all proceeds to be spent on prevention and detection of elder abuse and neglect.

ARMC anticipates receiving approximately \$74,111 for the two year program and is projecting receipts of \$39,306 in 2006-07. All funds received are expected to be distributed within the same fiscal year.

This grant was awarded in late 2005, and was not in the original budget. The initial grant payment of approximately \$35,000 was received in March of 2006, and is not expected to be spent until 2006-07. It is anticipated that all grant funds received during 2005-06 and 2006-07 will be spent in 2006-07.

BEHAVIORAL HEALTH

Allan Rawland

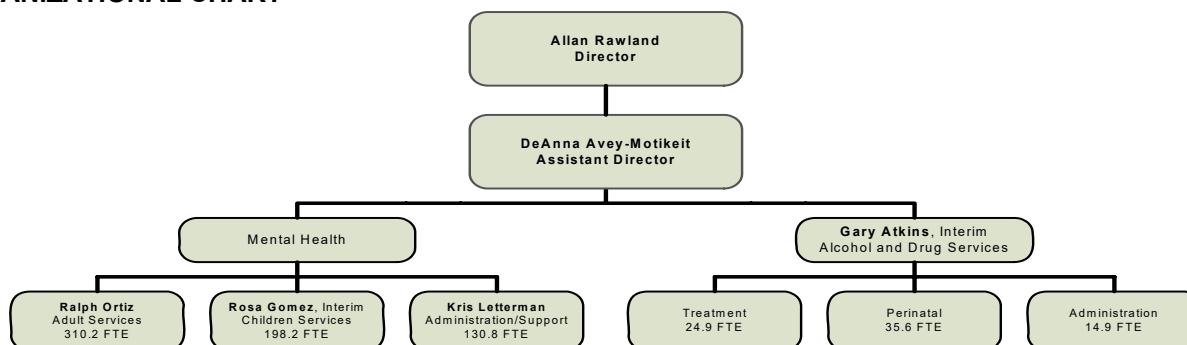

MISSION STATEMENT

The Department of Behavioral Health will help individuals living with the problems of mental illness and substance abuse find solutions to challenges they face so that they may function well within their families and the community. The Department of Behavioral Health staff will be sensitive to and respectful of all clients, their families, culture and languages. The Department of Behavioral Health will use the taxpayers' money wisely to meet its goals while following all governmental guidelines and requirements. The Department of Behavioral Health will provide a pleasant workplace for its staff members so that they may be creative and effective in their jobs. The Department of Behavioral Health will provide a pleasant environment for clients in which to receive services.

STRATEGIC GOALS

1. Increase access to behavioral health services for individuals that are unserved or who are receiving a limited level of services.
2. Increase "customer service" education and cultural competency training for all county and contract staff that promotes the mission of the county and the department.
3. Increase access to community behavioral health services for adolescents with mental illness who are involved in the juvenile justice system.

Behavioral Health

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health (DBH) is responsible for providing mental health services to county residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups, with primary emphasis placed on treating seriously mentally ill adults and seriously disordered children and their families. Services are delivered throughout the county via a network of department-operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools, and other community-based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services, and client transportation assistance. The department also operates as a training setting by administering various internship programs and offering continuing education for licensed department and contractor staff.

The Mental Health Services Act of 2005 (MHSA), passed by the California voters in November 2004, has given San Bernardino County and DBH the opportunity to build a "system of care and treatment" that will efficiently and effectively serve all clients, especially to ensure access to behavioral health services for populations and individuals that are unserved or who are receiving a limited level of services from the present programs due to the lack of adequate funding and/or the various restrictions on the use of those funds. The particular populations include individuals who are homeless and/or incarcerated in jails or juvenile halls, who are in out-of-home and out-of-county placements, isolated in their homes, failing in school, or in other institutional care facilities. These populations also include individuals and families who are from racial and ethnic communities who are not adequately served by the behavioral health system.

Budgeted Staffing					549.6	644.2	94.6

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments and department recommendations.

The budget includes a \$30.6 million increase to implement Mental Health Service Act (MHSA) funded programs. New and expanded services include a child/family support system, children's crisis response teams, one-stop integrated service centers for transitional-age youth, a consumer-operated peer-support and clubhouse expansion program, a forensic integrated mental health services program, and an assertive community treatment team for high users of hospital and jail services. Ongoing costs total \$20.1 million, and include salaries & benefits in the amount of \$5.2 million for 76 new positions, \$2.3 million in services and supplies, and \$12.6 million in contracted services. One-time costs total \$10.5 million and include IT upgrades, training, furniture and equipment, vehicles, tenant improvements to structures, and housing assistance start-up costs.

The budget includes an additional increase in staffing in the amount of \$1.9 million. Some of the new staffing will provide increased mental health services to the County's Juvenile Hall population. These costs account for salaries and benefits in the amount of \$2.2 million for 24 new positions. Staffing is also included to increase program and administrative support staff, not associated with the Mental Health Services Act, to improve service delivery, monitor contracts and programs more efficiently, enhance the audit division, and restore Alcohol and Drug support staff levels to maximize the use of funding and avoid audit disallowances. These costs account for salaries and benefits in the amount of \$1.1 million for a net of 28 new positions. The cost increase associated with the addition of new positions is offset by \$1.4 million in budgeted salary savings anticipated due to staff turnover.

The budget also includes a net increase in services and supplies in the amount of \$3 million. Of the increase, \$1.3 million is associated with the increased mental health services to the County's Juvenile Hall population; \$1.5 million consists of one-time costs associated with the Juvenile Hall population, moving administrative staff to other facilities, and beginning implementation costs for a new IT system. The budget also includes a net \$250,000 increase in contracted services due to the anticipated opening of a new Crisis Stabilization Unit/Psychiatric Health (CSU/PHF) Facility in the high desert region. The CSU/PHF is expected to provide a lower cost alternative to hospital placements by significantly decreasing the number of clients currently receiving services at area hospitals.

The budget reflects a decrease of \$255,000 in State Hospital costs due to the department's commitment to reduce higher levels of care to clients, while providing them with lower-level intensive alternatives. In keeping with this objective, Interim Assistance costs are expected to increase by approximately \$354,000. These costs are an essential component of successfully transitioning clients to Board and Care facilities, thus reducing costs associated with higher level of care facilities. This is consistent with the department performance measures.

Mental Health programs are funded with a combination of federal, state, and realignment dollars. The budget contains an increase in realignment usage of \$4.7 million. The increase is needed to fund the increases discussed above (with the exception of MHSA programs, which are 100% funded with State funds). MHSA funds cannot be used to fund existing costs in programs and services, but may only be used for new and expanded programs.

The need for additional realignment to fund ongoing program costs is growing. The department is actively exploring and implementing strategies to reduce its ongoing need for Realignment while maximizing federal and state revenues in future years. Some of these strategies include reducing usage of state and other hospital admissions by providing more wraparound services, crisis stabilization services, case management, triage, and increasing program and contractor monitoring to ensure state and federal billing for services is maximized.

Alcohol and Drug Services

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health's Alcohol and Drug Services program consists of comprehensive substance abuse prevention and treatment programs to county residents. Services are provided by 6 county operated clinics and approximately 30 contractors. Program Services include outpatient, residential, prevention, methadone, and case management services.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The increased cost in 2006-07 to maintain current levels of staffing is \$222,000. The final budget includes the addition of new positions to manage the contract provider network, monitor and provide technical assistance for contract and county providers, provide administrative support, and provide services in the Partnership for Healthy Babies and Perinatal programs. These costs account for salaries and benefits in the amount of \$393,000 for a net of 8.4 new positions, which are offset by the vacancy factor. The cost increase associated with the addition of new positions is offset by \$462,000 in budgeted salary savings anticipated due to staff turnover.

The increased cost in 2006-07 to maintain current levels of services is \$377,000; however, the final budget includes a net decrease in the amount of \$760,417 in services and supplies due to anticipated savings in residential contracts, an accounting change which moved Public Health services from contracted services to inter-departmental transfers, and a decrease in COWCAP charges.

The budget includes an increase in transfers in the amount of approximately \$1.1 million due to the accounting change mentioned above, which moved Public Health services to inter-departmental transfers, an increase in lease costs, and an increase in administrative support costs provided by mental health staff.

Reimbursements are decreased by \$208,100 due to a change in CalWORKs reimbursements from Human Services.

Additional costs in the budget will be funded with expected increases in Drug Medi-Cal revenue, a one-time increase in drug court funding, and unspent Block Grant rollover funds from 2005-06.

Mental Health Services Act

DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness...to insure that all funds are expended in the most cost effective manner...and to ensure accountability to taxpayers and to the public".

This special revenue fund was established in 2005-06. Initial planning funds received from the state were deposited into the fund, and are transferred to the Mental Health budget (MLH) as needed to cover staffing and other costs during the ongoing planning process. In 2006-07, after state approval of the department's three-year plan, Department of Behavioral Health anticipates receipt of one-time and ongoing state funds of \$27.9 million. The funds will be deposited into the special revenue fund and will be transferred to MLH as needed to fund new and expanded programs outlined in the three-year plan.

There is no staffing associated with this budget unit. This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit of Behavioral Health (MLH).

There is no staffing associated with this budget unit.

Driving Under The Influence Programs

DESCRIPTION OF MAJOR SERVICES

As per Title 9, Division 4, Chapter 3, 9878 (m) of the state regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health charges fees to privately owned and operated vendors for monitoring Penal Code (PC) 1000 and Driving Under the Influence (DUI) programs. Supervision of these programs resides with the county as indicated by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the county.

Fees collected from privately owned and operated DUI programs within the county are deposited into this fund. Funds are then transferred to Alcohol and Drug Services (ADS) as needed to meet the costs of ADS staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

At the end of 2001-02, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit ADS.

There is no staffing associated with this budget unit.

State Block Grant Carryover Program

DESCRIPTION OF MAJOR SERVICES

Alcohol and Drug Services (ADS) utilizes this Special Revenue Fund to hold money received from the State Department of Alcohol and Drug Programs (ADP) under a multi-year cost reimbursement contract that allows the county to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between county and the state. Funds are transferred to ADS based on the needs of the program.

At the end of 2001-02, this fund was converted from a trust fund to a special revenue fund due to an accounting change (BASB 34). This fund does not directly spend funds or provide services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of ADS.

There is no staffing associated with this budget unit.

Court Alcohol and Drug Program

DESCRIPTION OF MAJOR SERVICES

The special revenue fund consists of three revenue sources:

- The first source is referred to as Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses.
- The second source is fines imposed by Senate Bill 921 that went in effect on September 23, 1986. The bill requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense. The money collected is to be used for drug abuse programs in schools and the community.
- The third source is fines imposed by Senate Bill 920 that went in effect on September 24, 1996. The bill requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. The money collected is to be used exclusively for alcohol abuse and prevention services.

All revenue is collected by the Courts and Central Collections and then transferred into this fund for later distribution to Alcohol and Drug Services.

There is no staffing associated with this budget unit. At the end of 2001-02, this fund was converted from a trust fund to a special revenue fund due to an accounting change (GASB 34). This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit of ADS. The revenue transferred to ADS funds alcohol abuse prevention, education, and treatment in schools and the community.

Proposition 36

MISSION STATEMENT

The Mission of Proposition 36 is to provide nonviolent drug offenders with proven and effective treatment strategies rather than incarceration through a collaborative effort of stakeholders.

DESCRIPTION OF MAJOR SERVICES

In November 2000, California passed Proposition 36, the Substance Abuse and Crime Prevention Act of 2000 (Act). The Act mandated that certain persons convicted of a nonviolent drug possession offense, and any parolee who is determined by the Parole Authority to have committed a nonviolent drug possession offense, or violated any other drug-related condition of parole, will be provided drug treatment and related services in lieu of incarceration. On February 6, 2001, the Board of Supervisors designated Human Services as the county lead agency for implementation of the Act and established a local interest earning special revenue fund for funds received from the state for this program. On April 18, 2006, the Board of Supervisors approved a change in the lead agency from Human Services to the Department of Behavioral Health (DBH), as most Prop 36 funds are utilized by Alcohol and Drug Services, which functions within DBH.

This special revenue fund does not directly spend funds or provides services; it is used only to account for disposition of the funds received from the state. Funds are transferred to the department of Alcohol and Drug Services and Probation who provide the treatment and oversight of the parolees.

Proposition 36 was intended as a 5 year demonstration project for the period of July 1, 2001 through June 30, 2006. Revenue of \$2.77 million was allocated to the county for the period of January 1, 2001 through June 30, 2001 as start up funds. During the planning for implementation a decision was made that the anticipated annual allocation would not keep pace with expenditures. Therefore, the \$2.77 million was deposited in the Proposition 36 special revenue fund to finance treatment and probation costs that exceeded the annual allocation. A portion of the reserve has been used annually to finance costs that have exceeded the annual allocation. Although Prop 36 was intended to sunset on June 30, 2006, the Governor has included funding in the state's 2006-07 proposed budget to continue Prop 36 activities.

There is no staffing associated with this budget unit.

Transfers for salaries and benefits and services and supplies are decreasing in 2006-07 due to decreases in staffing for drug programs and decreased contract costs for programs. Contingencies are increased as a result of the decrease in transfers. State aid is increased to reflect the state's preliminary allocation report. Fund balance is decreased as a result of expenditures outpacing revenues in 2005-06.

FINAL BUDGET CHANGES

The lower than anticipated fund balance is attributable to expenditures being higher than the department originally estimated in 2005-06, without a corresponding increase in revenue. The following fund balance adjustments were made: 1) State aid was increased by \$192,272 per the state's revised allocation report; and 2) Contingencies were decreased by \$114,430.

Public Health

DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety, and quality of life for residents and visitors of San Bernardino County. The department operates over thirty different programs, many of which are mandated by the State Health and Safety Code. Funding comes from state and federal grants, local fees, charges for services, tax revenue, and a small amount of county general fund for Animal Care & Control related expenses. Many programmatic changes occurred during the year including: the elimination of the Adolescent Sibling Pregnancy Prevention Programs (ASPPP) as of March 1, 2006, the implementation of the Screening, Assessment, Referral, and Treatment (SART) program, the implementation of a new underage drinking and prevention program; the termination of Rancho Cucamonga contract for Animal Care and Control services, as the city will now operate its own shelter, to name a few. Some of our ongoing key service delivery functions are described below.

Communicable Disease Control and Prevention

Disease control services relate to the surveillance and prevention of illness and disease such as tuberculosis, HIV/AIDS, reproductive health, immunizations, and tobacco use and prevention and education services.

Bio-Terrorism Response and Emergency Medical Services

As a result of a federal initiative, the department has developed a Comprehensive Bio-Terrorism Preparedness and Response plan. This program enhances the county's capacity to respond quickly to emergencies in case of a natural disaster or a bio-terrorism act.

Maternal and Child Health

Services focus on the prevention of disease or disability to maximize the potential of an individual or family unit and promote healthy outcomes in high-risk populations. Clinical programs providing diagnosis, treatment, and education focus on prenatal care and child health.

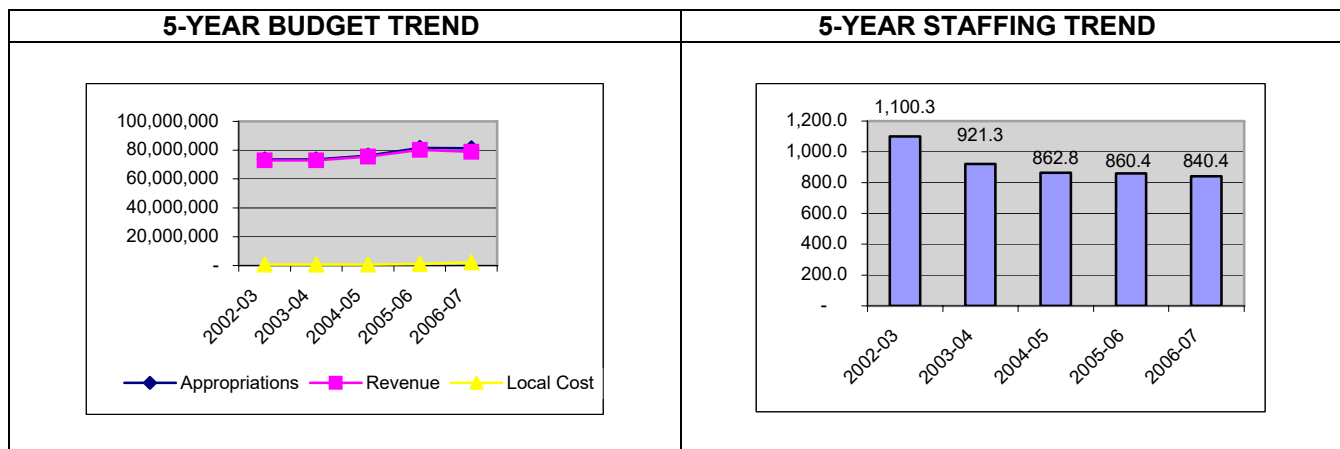

Environmental Health Services

The purpose of environmental health services is to prevent, eliminate, or reduce hazards that could adversely affect health, safety, and quality of life through an integrated and comprehensive array of programs such as Food Protection, Recreational Health, Regulatory Water activities, and Vector Control.

The Animal Care and Control Program

Services protect the public from rabies through mass vaccination of the County pet dog population, stray animal abatement (through enforcement of the leash law), wild life rabies surveillance, quarantine of biting animals, laboratory examination of animals for rabies, and public education. In addition, the program investigates animal complaints and provides safe sheltering care, return, adoption, or as a last resort, the humane euthanasia of unwanted animals.

Services and supplies decreases are related to one-time expenditures from the Bio-Terrorism and Preparedness Program. This program received approval to spend carryover funds from prior years. Funds will be used to run disaster preparedness table top exercises and a functional exercise along with purchasing satellite communication phones, supplies for the receipt of the Strategic National Stockpile, earthquake and natural disaster preparedness kits for all Department clinics and training for Department staff in National Incident Management Systems (NIMS), Incident Command Systems (ICS), Response/Recovery and Crisis Communication.

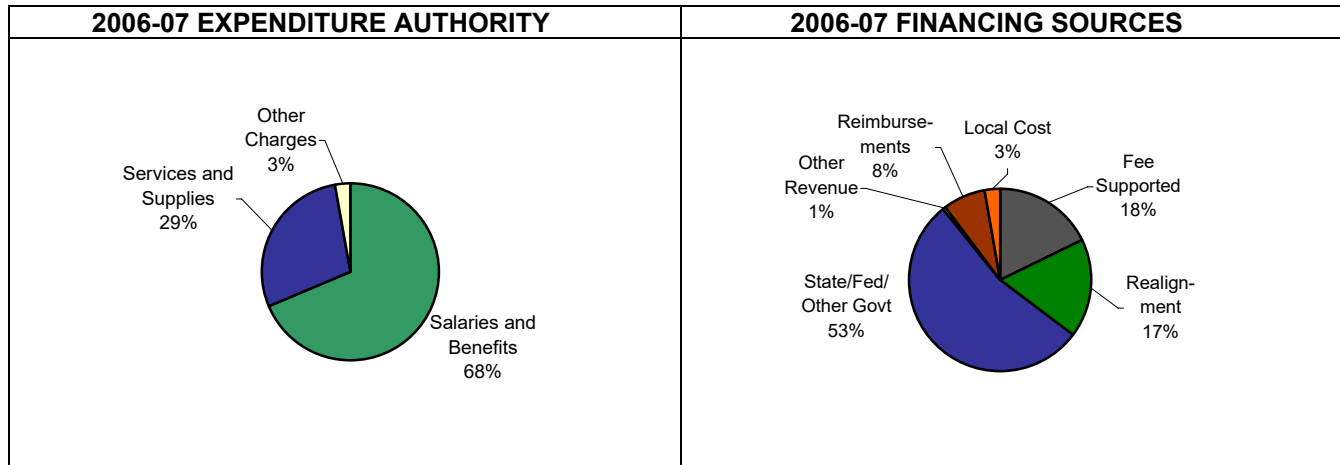

Reimbursements are significantly higher than modified budget primarily due to an increase in administrative expenses paid by California Children Services. Realignment was decreased as a result of this increase in reimbursements and salary savings.

Total revenues are lower than modified budget. State and federal revenue is under budget due to the following changes: 1) the "Eliminating Disparities" grant for Maternal Health did not materialize for a total of \$750,000; 2) the Adolescent, Family and Life program anticipates a funding reduction of \$721,300 due to the elimination of the Siblings component and a decreased in matching from the state government; 3) the Lead program is anticipating a reduction in its Housing Urban and Development (HUD) Lead grant of \$440,000; 4) Targeted Case Management revenue is expected to be \$408,000 lower than budgeted due to a reduction in the state's approved fee and a lower than anticipated number of clients; and 5) Reproductive Health estimates its Family Planning Access Care Treatment (FPACT) funding to be \$1,040,000 lower than budgeted as a result of lower than anticipated clients. The department also anticipates other miscellaneous decreases in revenue in the amount of \$435,046.

Operating transfers are significantly lower than modified budget as a result of the Board's mid-year action to accept a Homeland Security grant for Inland Counties Emergency Medical Agency (ICEMA) to purchase an Emergency Medical System in 2006-07 to be implemented countywide.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

Program changes for 2006-07 include the following:

Appropriation is decreasing by \$3,049,290 and includes the following changes:

- For several years, salary and benefit costs have increased at a significant rate as a result of increases in workers compensation, retirement, and anticipated salary increases. Departmental revenues, which are primarily state and federal grants have been unable to keep pace with the rapid increases in the costs over the last few years. The department has monitored staffing levels diligently over the last four years and has fortunately not had to seek Board of Supervisors approval to implement the layoff plans that were developed during the previous budgets. The department will once again transfer staff between programs to ensure that staffing is allocated appropriately to available funding streams and work diligently with other departments to transfer staff in an effort to avoid layoffs. In addition, the department is requesting reclassification of three clerical positions; one Clerk III to Fiscal Specialist, one Supervising Office Assistant to Office Specialist, and one Fiscal Assistant to Fiscal Specialist. The result of all these changes is a total decrease in salaries and benefits costs of \$532,420 and a net reduction in budgeted staffing of 30.6. The total cost increases related to salary and benefits is \$2,965,643. In order to fund these cost increases, the department had to reduce staffing.
- Services and supplies are decreasing by \$760,398. This decrease is related to professional service contracts as a result of two grants ending this year: 1) the HUD lead grant and the Office of Traffic Safety grant. In addition, a reduction in professional services was also made to correct the budget for Title I (Ryan White Care Act) program.
- Equipment and vehicle purchases are decreasing to eliminate one-time expenditures from the Bio-Terrorism program. Additionally, some programs are electing to purchase replacement equipment that has been delayed during the previous years. To that end, the budget also requests two photocopiers and three server replacements.
- Transfers out to other departments are increasing by \$172,167 with lease cost increases being more than offset by reduced payments to the Human Services Group (HS) for audit support and legislative analysis. Furthermore, the cost for the Human Resources Officer assigned to the department is now reflected in transfers instead of salaries and benefits.
- Reimbursements from other departments are increasing by \$1,697,021 as a result of increases due to previously reflected revenue in current services, an expansion of the Child Health RxforKids program, new nursing services to the Probation department, and an increase in administrative costs and program support provided to California Children Services (CCS). This increase was partially offset by a decrease in reimbursements from Human Services due to the elimination of nursing services to CalWorks recipients.

Departmental revenue is decreasing by \$3,203,487 and includes the following changes:

- Licenses and Permits revenue is increasing by \$131,387 due to an increase in environmental health permits revenue partially offset by a decrease in animal control license revenues to reflect the termination of the Rancho Cucamonga contract.
- Fines and forfeitures are increasing by \$132,800 to reflect the current trend of fines collected by the Superior Court for criminal offenses. These funds are used to support ICEMA.
- Realignment is decreasing by \$830,867 due to the additional funds reimbursed by California Children Services.
- State funding is increasing by \$255,452 primarily due to increases in the Women, Infant, and Children funding, SB 90 revenue, and Child Health funding, partially offset by a decrease in Reproductive Health funding and the Adolescent, Family, Life funding.
- Federal funding is decreasing by \$1,992,727 primarily as a result of the elimination of Targeted Case Management services; the reduction in the HUD Lead grant; and the elimination of "Eliminating Disparities" grant that never materialized.
- Current services/other revenue are decreasing by a net of \$715,825 primarily as the result of a reclassification of revenues from current services to other revenue or to reimbursements due to GASB 34 and to better track grant funds provided by other than the state and federal government. Also, current services decreased due to the termination of the contract with the Rancho Cucamonga city for Animal Care and Control services.
- Operating transfers in are decreasing by \$183,707 primarily due to the elimination of one-time funding from the Homeland Security grant that is transfer from the Office of Emergency Services.

The net local cost increase for the department is \$154,197. The Animal Care and Control (ACC) program received an increase of \$242,197 to pay for salary and benefit cost increases. This amount was partially offset by the elimination of the one-time local cost of \$88,000, which funded West Nile Virus preventive and educational services.

FINAL BUDGET CHANGES

The Board approved the following budget adjustments:

- Appropriation and local cost increase of \$140,400 for Fleet Management rate adjustments.
- Appropriation and revenue increase of \$175,338 for Pandemic Influenza Emergency Preparedness planning activities.
- Appropriation and revenue increase of \$1,085,873 for the carryover of unused 2005-06 Preparedness and Response Bioterrorism funds to be used in 2006-07 for the purchase of supplies and equipment.
- Appropriation and revenue increase of \$5,170 for preventive veterinary services permit fees and renewal application late fees for pet shops and grooming parlors.
- Appropriation and revenue increase of \$559,026 in Environmental Health fees to restore four (4) Environmental Health Specialists and one (1) Office Assistant positions.
- The use of \$478,762 in local cost for the continued implementation of the "Healthy Communities" Program.
- The use of \$177,000 in local cost to hire a Public Health Veterinarian and Registered Veterinarian Technician to improve medical care provided to animals and services provided to the public.
- The use of \$213,818 in local cost for the provision of professional animal shelter services in the Town of Yucca Valley and increased animal control and shelter services in the unincorporated areas of Victorville and the West End.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis, and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of their care. State law requires the county to maintain a mandated minimum funding level. In addition to realignment dollars and the county's mandated contribution, funding also comes from Medi-Cal, private insurance, and patient co-payments. Revenues are based upon individual client eligibility for specific programs such as Medi-Cal, Healthy Families, or CCS alone (people who do not qualify for other programs or cannot afford to pay their Medi-Cal co-share payments).

The revenue breakdown among federal, state, realignment, and county general fund support depends on the type of services provided under this program. This program provides two types of services:

1. **Administrative Component** – Case management activities which include determining program eligibility, evaluating needs for specific services, determining the appropriate providers, and authorizing/paying for medically necessary care. Administrative funding is based on staffing standards and caseload mix of CCS clients. In other words, it depends on which federal, state, or county program in which the children are enrolled.
 - Medi-Cal accounts for approximately 80%. Federal and state funds reimburse CCS for 100% of the costs.
 - Healthy Families accounts for approximately 11%. This federal and state program reimburses CCS for 82.5% of the costs. The remaining 17.5% local share is equally funded by Social Services Realignment (8.75%) and general fund support (8.75%).
 - CCS or Non-Medi-Cal caseload accounts for approximately 9%. Federal and state funds account for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and general fund support (25%).
2. **Medical Therapy Component** – Provides physical therapy, occupational therapy, and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services, and case management.

The state reimburses the county 50% of the costs incurred by this program. The remaining 50% is equally funded by Social Services Realignment and general fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% county. Approximately 80% of the caseload in the medical therapy component is Medi-Cal eligible.

Appropriation for 2005-06 is less than modified budget primarily due to vacant positions which have been difficult to fill. Departmental Revenue is also less than modified budget due to reduced claims to the state coupled with a change in the cost sharing percentages for Medi-Cal clients from 50/50 to 75% state and 25% county.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

The budget contains significant increases in Social Services Realignment and general fund support to fund Administrative Expenses that were inappropriately paid by the Department of Public Health budget in previous years, increased costs in providing mandated treatment, and a change in the revenue sharing for Medi-Cal clients from 50/50 to 75% state/25% county. State law requires the county to maintain a mandated minimum funding level for this program. This funding is provided 50% by Social Services Realignment and 50% by general fund support. The Board approved the increase in general fund support of \$1.6 million in November 2005. A comparable amount in Social Services Realignment is needed to fund these mandated services.

Staffing is increased 13.4 positions. The department added 1.0 new position in the therapy unit and 11.8 positions in the administrative unit (these 11.8 positions are approximately 93% funded by state and federal revenue). In addition, budgeted staffing also increased by 0.6 position to reflect the full-year staffing for some positions that were budgeted for only a portion of the year in 2005-06. These positions are needed to comply with mandated staffing requirements imposed by the state.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Indigent Ambulance

DESCRIPTION OF MAJOR SERVICES

This budget provides financing for ambulance contractors who transport indigents to the Arrowhead Regional Medical Center, or the closest hospital under certain life-threatening situations. It also funds transport of indigent tuberculosis patients to Riverside County Hospital for treatment, and up to the extent of available appropriations, pays for the Sheriff's Department transport of indigent inmates (with the remainder paid directly by the Sheriff's Department). The appropriations in this budget unit are maintained at a constant level.

There is no staffing associated with this budget unit.

Fund Balance					705,178	609,856	(95,322)

The department received approval from the state to spend carryover funds from previous years in the period August 31, 2005 through August 30, 2006.

In 2006-07, operating transfers out reflect an increase as a result of spending some of the carryover funds in July and August 2006. These funds will be used to purchase a disaster recover system that will backup Public Health data and restore it immediately after a disaster. No contingencies were budgeted in 2006-07 as the department anticipates spending its fund balance in this year.

FINAL BUDGET CHANGES

Operating transfers increased by \$436,342 for the purchase of supplies and equipment not acquired in 2005-06, due to fund balance being higher than anticipated.

Vital Statistics State Fees

DESCRIPTION OF MAJOR SERVICES

This fund holds fees set by the state and collected from purchasers of birth and death certificates. Funds are transferred to Public Health to fund Vital Statistics expenditures. Per Health and Safety Code 103625 all applicants for birth or death certificates shall pay an additional \$3 to be collected by the county and disbursed as follows:

1. 45% of the fee shall be distributed to the State Registrar, and
2. The remaining 55% shall be deposited into the Vital and Health Statistics fund for the purpose of defraying administrative costs of collecting and reporting with respect to those fees and for other costs as follows:
 - a) Modernization of vital record operations, including improvement, automation, and technical support of vital record systems.
 - b) Improvement in the collection and analysis of health-related birth and death certificate information, and other community health data collection and analysis, as appropriate.
 - c) Funds collected shall not be used to supplant funding in existence on January 1, 2002 that are necessary for the daily operation of vital records systems.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this budget unit are typically less than budget. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget. Operating transfers out are lower than modified budget as a result of the non-purchase of systems and software to scan and digitally store vital statistics data.

In 2006-07, the department is proposing a slight increase in operating transfers out to fund costs associated with providing Vital Statistics services. Also, a minor increase in revenue from interest and current charges to clients is anticipated based on current trend.

FINAL BUDGET CHANGES

Contingencies increased by \$35,417 due to fund balance being higher than anticipated.

Ambulance Performance Based Fines

DESCRIPTION OF MAJOR SERVICES

This fund is set up to collect revenue (fines) associated with ambulance companies' failure to meet contractual response time standards. All appropriations in this fund are budgeted as contingencies, which will require the department to return to the Board of Supervisors before expending any of these funds. Per the terms of the contracts, these funds are earmarked for enhancements to the Emergency Medical System.

Vector Control Assessments

DESCRIPTION OF MAJOR SERVICES

This fund receives all tax assessments for Vector Control. Revenue collected here is received via the property tax roll and is dedicated for Vector Control purposes. Transfers out from this budget finance activities in the Vector Control program, which is a component of the Public Health budget.

Revenue changes in this budget reflect development and subdivision activities within the county. As the number of parcels are added or improved, revenue increases. The amount of the parcel assessment varies depending on the level of improvement on a given parcel. Offsetting this are annexations or incorporations of cities. The department is proposing a slight reduction in revenue to reflect current year trend. Also, the department is proposing a small decrease in transfers out due to an anticipated revenue decrease from contracts.

FINAL BUDGET CHANGES

Contingencies decreased by \$247,002 due to fund balance being lower than anticipated.

DESCRIPTION OF MAJOR SERVICES

The Local Agency Formation Commission (LAFCO) is an independent regulatory body charged with the responsibility for the discouragement of urban sprawl and the encouragement of orderly formation and development of local agencies within San Bernardino County. In meeting these responsibilities the Commission 1) regulates proposed boundary changes for cities and special districts; 2) determines the spheres of influence for local agencies and conducts related municipal service reviews; 3) regulates the formation and dissolution of cities and special districts; and 4) reviews contracts for the provision of services outside the boundaries of cities and special districts. LAFCO also has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.

Costs in this budget represent the county's legally mandated contribution to LAFCO; which is one-third of the operating cost that is not reimbursed by fees and other revenue.

There is no staffing associated with this budget unit.

In 2006-07, LAFCO budget has a significant increase in net operating cost due to increased costs in one-time relocation cost of \$26,000, and on-going cost of \$13,000, mandating a total of \$39,000 in additional county general fund financing.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$10,000 for higher than anticipated moving costs and shared funding of a GIS Tech II position with the Economic Development Agency.

COUNTY SCHOOLS

Herb Fischer

DESCRIPTION OF MAJOR SERVICES

This budget unit represents the county's total legal and contractual obligations to contribute to the costs of the Superintendent of Schools and School Claims. The County Administrative Office is currently working with the County Superintendent's office on a proposal to change the status of the Superintendent from a dependent Office of Education to an independent Office of Education. Implementation of this plan will require legislation to change the way county financial support affects State revenue coming to the Superintendent's Office. Both the legislation and the proposal to change the status of the Superintendent will return to the Board of Supervisors for approval.

The Superintendent of Schools is the elected chief school administrative officer of the county and is mandated by state law to provide various services for 33 school districts and two regional occupational programs, and provides ancillary services to five community college districts within the county. Through state and other funding sources, the Superintendent provides services to over 400,000 grades K through 12 students and approximately 40,000 community college students in accordance with the Education Code. These services also include alternative education, special education, and curriculum and instruction. As a fiscally dependent County Office of Education, this budget supports administrative housing, maintenance, and other contracted support.

The School Claims Division was established to independently perform all audits and approval functions required of the Auditor/Controller-Recorder and the Superintendent of Schools, and is jointly responsible to those elected officials. These services include warrant production, control, and the examination and audit of the payrolls and other expenditures from the funds of the school districts and entities in the county.

There is no staffing associated with this budget unit.

During 2002-03, the county's obligation to fund schools was recorded in several county budget units. Beginning with 2003-04, this budget unit includes all associated costs such as housing, maintenance, utilities, and communications. Budgeted 2005-06 appropriation was significantly reduced to reflect the county's position on its contractual obligations for operating expenses, telephone expense, and utilities. Funding is restored to previous levels for expenditures in 2005-06 pending continuing contract negotiations with the Superintendent of Schools.

The Economic Development Agency consists of Administration, which includes Marketing and Information Technology units that offer services to the four departments (Economic Development, Community Development and Housing, Redevelopment Agency, and Workforce Development).

NOTE: The Redevelopment Agency budget is presented in the 'Other Agency' section of the budget book. The budget for the Economic Development Agency is incorporated within the Economic Development Department's budget. This includes fifteen position (15 FTE) that are designated for the Economic Development Agency.

ECONOMIC DEVELOPMENT

Karen Patel

MISSION STATEMENT

The mission of the Department of Economic Development is to maximize the standards of living of the county's residents, provide economic opportunities to the county's businesses, foster a competitive environment, and position the county as a highly competitive region for business opportunity.

STRATEGIC GOALS

1. Retain businesses currently located in the county.
2. Attract new business and investment in the county.

ORGANIZATIONAL CHART

This budget unit includes staffing for both the Economic Development Agency (15.0 FTE) and the Department of Economic Development (32.0 FTE). Below are the organizational charts for each entity.

Economic Development Agency:

Department of Economic Development:

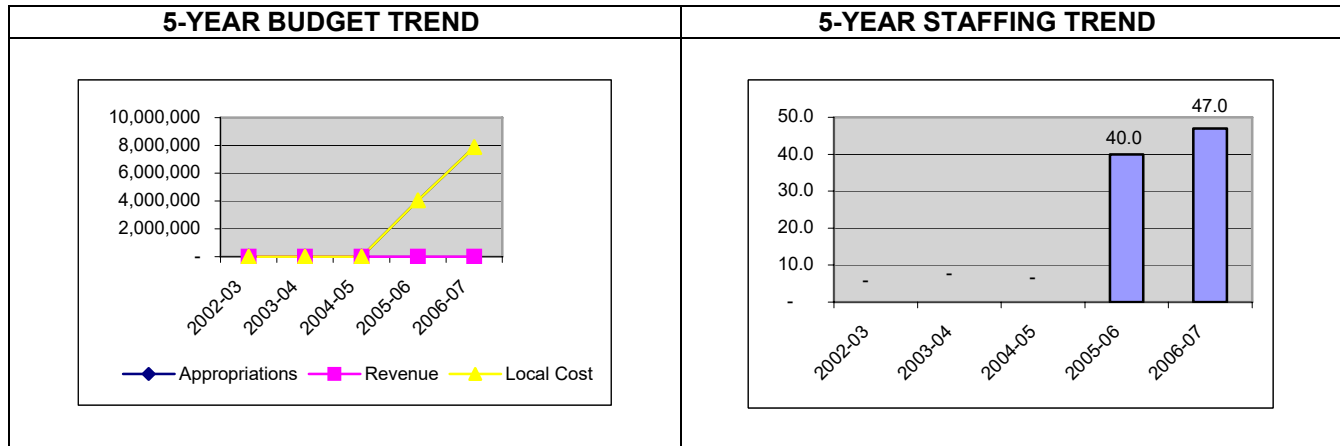

Economic Development

DESCRIPTION OF MAJOR SERVICES

The department's major goals are to develop and implement a countywide economic development strategy that will maximize the standard of living for the county's residents, provide economic opportunities to the county's businesses, foster a competitive environment, and position the county as a highly competitive region for business opportunities. The department will focus on demand-driven programs in economic development, which includes business attraction, retention, and expansion; marketing; small business and job development; and city-county collaboration.

The Economic Development Agency was formed as a result of the May 3, 2005 (Item #90) Board action approving the organizational structure. At that time, Economic Development had budgeted staff of 40.0 with appropriations of \$4,039,579. On February 14, 2006 (Item #76) a mid-year organizational cleanup adjusted the budgeted staff to 39.0. When Economic Development was formed, the Board appropriated \$1.6 million in one-time funding to jump start the new economic development programs. Due to delays in hiring the Economic Development Administrator, approximately \$1.0 million in said one-time funding was not expended. Additionally, during 2005-06 staffing was re-evaluated and 4 information systems positions have been transferred to the 2006-07 Economic Development budget.

In 2006-07, the department will incur increased costs, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments and department recommendations.

The most significant changes in the budget are the decrease in amounts for services and supplies and reimbursements and the addition of two (2.0 FTE) positions. Reimbursements saw a significant decrease (from \$2,969,339 to \$1,794,911) due to reimbursements for administrative costs being over estimated in 2005-06. This also resulted in a significant decrease in anticipated services and supplies expenditures for 2006-07. Services and supplies also decreased due to the elimination of one-time funding of \$1,645,000 received in 2005-06. The increase of two (2.0 FTE) positions is primarily the result of the continued formation of the Economic Development Agency, which included the reorganization of positions that were originally part of the Community Development and Housing and Workforce Development Departments' budget to Economic Development's budget.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$5,196,062, a revenue increase of \$2,000, and the addition of 5.0 FTEs for the following:

- Increased appropriation of \$2,443,500 for the newly enhanced economic development program. This will rollover \$1,118,500 of one-time funding received in 2005-06 that was not used due to the short time the newly reorganized department had to operate in 2005-06 and the lengthy recruitment of the Agency Administrator. In addition to this amount, \$1,325,000 will be used to jumpstart the new economic development program by covering costs for advertising, international trade, business services, sponsorships and tradeshow, film and tourism, economic studies, special events, and public relations. The increased appropriation will help to provide economic opportunities to the county's businesses, foster a competitive environment, and position the county as a highly competitive region for business opportunities.
- Increased appropriation of \$300,000 for the High Desert Business Resource Center (BRC). The BRC is needed to serve the businesses in the High Desert, as well as other businesses that may utilize the services at the center. The additional appropriation will help to cover the costs for tenant improvements, the establishment of a resource library, furniture, public and staff computers, rent and utilities, library updates, services and supplies, and information systems management at the BRC.
- Increased appropriation of \$1,145,000 for various community services projects.
- Increased appropriation of \$700,000 for the California Speedway FanZone Sponsorship. As the Title Sponsor of the FanZone entertainment area at the California Speedway, the county is further raising the awareness of San Bernardino County as a highly competitive region for business.
- Increased appropriation of \$367,089 for 3.0 Economic Development Manager positions. One of the positions will manage a comprehensive and international marketing and public relations campaign. Another will be responsible for developing a comprehensive program designed to assist businesses with developing global markets for goods and services. The final position will manage a program to attract film and video production to the county.
- Increased appropriation of \$199,481 for 1.0 Deputy Administrative Officer position. This position will oversee the daily and routine administrative functions of the agency on behalf of the Economic Development Administrator. (Note: This position is assigned to the Economic Development Agency.)
- Increased appropriation of \$32,592 for 1.0 Geographic Information Systems (GIS) Technician II. This position will be responsible for assisting in the development of necessary reports and maps to be used for business attraction and retention, workforce and small business development, and marketing. Both Economic Development and LAFCO will utilize this position on a 50% flat cost basis with LAFCO reimbursing Economic Development for the services. (Note: This position is assigned to the Economic Development Agency.)
- Increased appropriation and revenue of \$2,000 for a processing fee for the Enterprise Zone Vouchering Fee Program. The county offers its support as a vouchering agent to several Local Agency Military Base Reuse Areas and Enterprise Zones. The processing of one voucher is estimated to take 30 minutes. The new fee will help cover the additional administrative cost of processing the voucher.
- The Board approved an appropriation increase of \$6,400 for Fleet Management rate adjustments.

COMMUNITY DEVELOPMENT AND HOUSING

MISSION STATEMENT

The Community Development and Housing Department works to improve the quality of life for residents of the county through identifying, obtaining and administrating local, state, federal and private funding sources available for community development and housing programs.

STRATEGIC GOALS

1. Process the HUD-required documents that permit the county to qualify as an urban county under the CDBG, HOME and ESG programs.
2. Develop and coordinate the Consolidated Plan process for obtaining the HOME Investment Partnerships Act (HOME), the Emergency Shelter Grant (ESG) and the Community Development Block Grant (CDBG) entitlement formula grants.
3. Oversees the implementation of new and continuing CDBG, HOME and ESG projects approved in the annual Action Plan and amendments.
4. Prepare an annual performance report covering the Consolidated Plan Grant Programs for submittal to the Department of Housing and Urban Development (HUD).

ORGANIZATIONAL CHART

Community Development and Housing

DESCRIPTION OF MAJOR SERVICES

The Community Development and Housing (CDH) is responsible for administering federal, state, and local grant funds allocated to the County of San Bernardino for housing and community development programs. Federal funds comprise a large percentage of the total monies included in the department's budget through the Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), the Home Investment Partnership Act Grant (HOME), the Neighborhood Initiative Grant (NI) and the Economic Development Initiative Program (EDI) Grant. In addition, the department received and is administering a United States Department of Agriculture Forest Service grant for Southern California Drought Assistance. The CDBG grant has been reduced by 10% this budget year reducing the funds available for Block Grant assistance.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. Most of CDH's revenue is from federally funded grants that are for longer than one year, thus revenue is under realized for each individual fiscal year, but totally realized over the period of the grants. The unexpected and unrealized amounts in 2005-06 have been carried over to the subsequent year's budget.

The usage of grant funds over the years and the lack of new grants reflect the gradual reduction in the budget.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

Even though the department will receive a new \$3,091,270 grant for Cedar Glen water and road improvements, the budget contains significant reductions in Grants/Direct Projects due to a 10% (\$889,830) reduction in our CDBG Grant and the final receipt of entitlement funds from other federal grants. The Business Loan and Section 108 programs are not receiving any more federal funds due to the complete receipt of grant funds. The current business loan programs are using the return on current loans for future loans. The Bark Beetle Grant is winding down and will be exhausted this fiscal year.

The grant program expenditures budgeted for projects in 2006-07 are as follows: the HOME program (\$8,000,000), the Neighborhood Initiative program (\$7,915,000), Emergency Shelter program (\$388,000), and Consolidated Block Grant program (\$14,659,375) for 2006-07.

The department reduced its budgeted staff by one and discontinued the reimbursement of three employees assigned to another department due to the overall reduction of grant funds. The proposed budget includes requests to reclassify a Fiscal Specialist position to a Supervising Fiscal Specialist position and an ECD Specialist II position to an ECD Program Manager. The reclassification of these two positions would more accurately reflect the current duties and the supervisorial responsibilities performed by these two positions.

FINAL BUDGET CHANGES

As a result of actual fund balance being higher or lower than anticipated in the various funds, the following final budget changes were made:

- Grants/direct projects increased by \$485,442 due to fund balance being higher than anticipated.
- Services and supplies increased by \$1,471 due to fund balance being higher than anticipated.
- Reimbursements increased by \$256,341 due to fund balance being lower than anticipated.
- Transfers decreased by \$4,495 due to fund balance being lower than anticipated.
- Operating transfers out increased by \$38,225 due to fund balance being higher than anticipated.
- Federal grants revenue increased by \$31,831 due to fund balance being lower than anticipated.

WORKFORCE DEVELOPMENT

Barbara Halsey

MISSION STATEMENT

Workforce Development Department provides comprehensive employment, training, and support services in accordance with the Department of Labor (DOL) Workforce Investment Act (WIA) that respond to the needs of job seekers, businesses, and communities within the County of San Bernardino.

STRATEGIC GOALS

1. Increase number of customers provided universal services.
2. Meet or exceed all WIA enrollment and performance standards.

ORGANIZATIONAL CHART

Workforce Development

DESCRIPTION OF MAJOR SERVICES

The Workforce Development Department provides holistic services to job seekers, incumbent workers, entrepreneurs and employers. The department is responsible for administering and operating programs under the Department of Labor's Workforce Investment Act. Funding for programs is allocated at the federal level and comes to the county from the State Employment Development Department/Workforce Investment Division. Through this funding stream, services are delivered to job seekers and businesses throughout the county via the department's Employment Resource Centers. These offices are called the Workforce Investment Employment and Business Resource Centers and are strategically placed in three of the county's economic regions. The west end office is located in Rancho Cucamonga, the east valley office is located in San Bernardino, and the high desert office is located in Hesperia. The department will implement full electronic access to the system with its phase-in of the web-based Workforce Investment Network (WIN) site.

The primary customers served by the department are businesses and job seekers. The department has adopted "Our Job is Your Future" as its motto, and holds the following vision in the performance of its work: We are a nationally recognized, award winning workforce system that successfully serves job seekers, businesses, and the community to ensure economic growth and vitality.

The department supports the county's mission through the provision of services to businesses and job seekers. Committed to operating a demand driven service delivery system, the department has developed a reputation for excellence in serving the workforce needs of businesses. Understanding that increased employment opportunities enhance the quality of life for residents, the department strives to ensure that the needs of local businesses are met by providing them with a skilled workforce. It connects with economic development professionals and organizations in order to understand the growing job base that new businesses bring to the county and to assist in attracting new business by offering training and hiring incentives as funding allows. The department works to meet the on-going needs of existing businesses as they face the challenge of maintaining a qualified workforce. In order to accomplish the task of workforce development, the department links educational providers to business communities with the goal of assuring training developed and delivered is demand driven producing the workforce needed by businesses today and in the future.

The Workforce Investment Board oversees the programs offered through the department. This Board is comprised of private business representatives and public sector partners who have been appointed by the County Board of Supervisors.

BUDGET HISTORY

Staffing trends are a direct reflection of changes in grant programs.

Fund Balance				111,015	
Budgeted Staffing				140.5	

The budget trend for the Workforce Development Department has experienced more than a 20% decrease since 2002-03. The decline in revenues is a reflection of two distinct impacts. First, specialty grants such as Welfare-to-Work, National Emergency, and Nurse's Workforce Initiative grants are multi-year funded and have expired during this period. Secondly, the WIA formulary funds such as Adult, Dislocated Worker, and Youth grants have experienced declining allocations from DOL to the State of California.

Actual expenditures vary from the budget due to the requirement that total allocations must be budgeted in the year allocated and actual revenues received are for reimbursement of actual expenses incurred.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Significant changes in this budget reflect the impacts of specialty grants expiring at the end of 2005-06 and the anticipated 10% cut in Workforce Investment Act (WIA) grant allocations.

The decrease in budgeted staffing of 56.5 positions is due to the completion of the National Emergency Grant Short-Term Employment program (27.5), termination of the Memorandum of Understanding (MOU) with the Transitional Assistance Department (TAD) program (14.5), the defunding of positions in anticipation of WIA funding reductions (7.0), the transfer of positions to the Economic Development Agency (4.0) to centralized Information Technology services and miscellaneous staffing changes (3.5).

FINAL BUDGET CHANGES

Grants/direct projects increased by \$161,381 due to fund balance being higher than anticipated.

MISSION STATEMENT

The mission of the Office of the Assessor is to perform the state mandated function to:

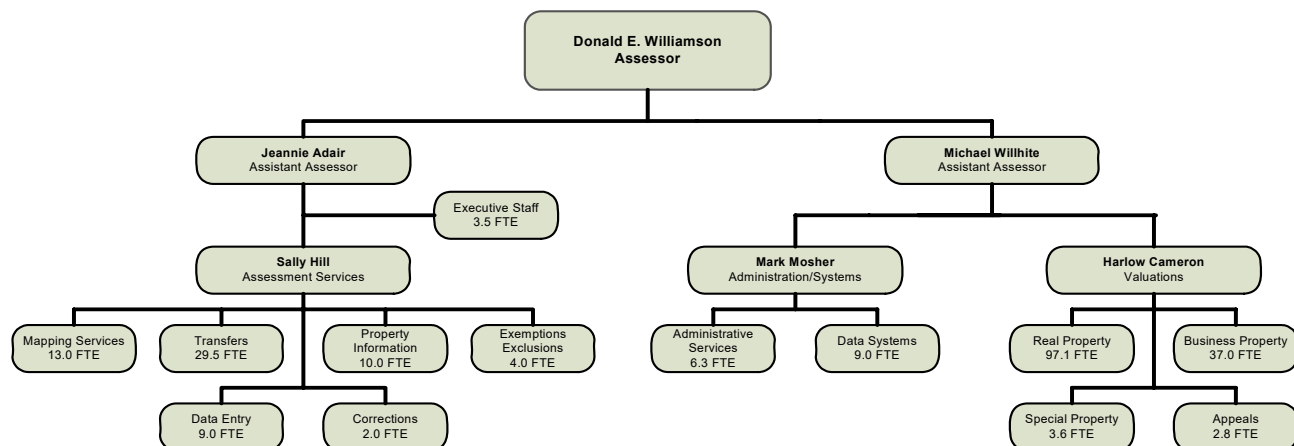

- Locate, describe, and identify ownership of all property within the county
- Establish a taxable value for all property subject to taxation
- List all taxable value on the assessment roll
- Apply all legal exemptions

Assessor business is performed for the public benefit in a manner that is fair, informative and with uniform treatment. It is necessary as a means of revenue generation in order to fund essential public services and efficiently operate county and state government.

STRATEGIC GOALS

1. Increase public service by making property information more accessible and easier to understand.
2. Enhance operational efficiency and productivity by utilizing new technology and implementing new policies and procedures.
3. Assure quality control standardization.

Assessor

DESCRIPTION OF MAJOR SERVICES

Under California law, the Assessor establishes a value for all property including residential, commercial, business and personal. The Assessor maintains current records on approximately 675,000 parcels of real property, 43,000 business property accounts and 33,000 other assessments including boats, aircraft, and manufactured home accessories. The Assessor also administers 17 different types of property tax exemptions including homeowner, veteran, disabled veteran, church, religious, and welfare exemptions.

BUDGET HISTORY

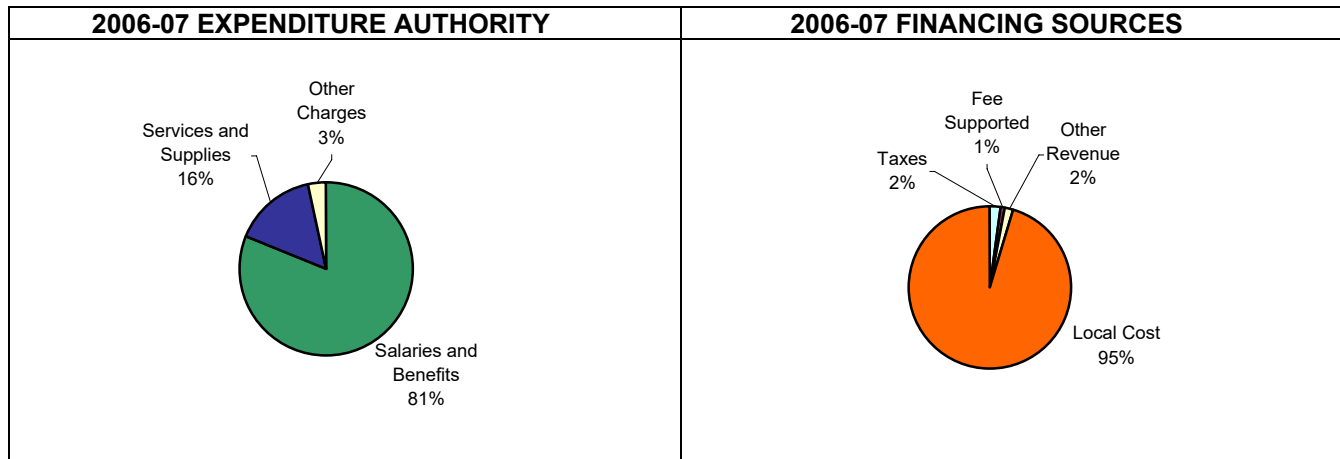

The Assessor's business is primarily affected by the changes in the real estate market. In San Bernardino, there have been a significant number of sales. In order to keep up with the growth, the Assessor's office has increased staff to maintain the growing workload. This is reflected in the staffing trend shown above. As with the staffing, the overall budget has correspondingly increased to meet the growth. The California Revenue and Taxation code requires several correspondences in order to properly inform the homeowners of any change in property status as well as requests for information. The required correspondence and their associated processing have increased the Assessor's overall budget.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Budgeted staffing was also adjusted to reflect the additions of 1.85 Appraiser I, 0.75 Auditor Appraiser II and 0.96 Office Assistant III. The following positions were reduced 0.04 Appraisal Technician, 1.38 Appraiser II, 0.77 Appraiser III, 0.50 Assistant Assessor. Budgeted staffing reflects a net increase of 0.9 position. These adjustments (i.e., increases and decreases) account for the anticipated turnover in the upcoming fiscal year and was established based on historical trends.

The cost of performing the mandated functions of the Assessor's office has continued to grow over the recent past. In order to meet this demand, services and supplies were increased to better utilize the available funds for the mandated expenses (i.e., printing, presort & packaging, mileage reimbursement, travel, etc).

In 2006-07, fee revenue is projected to increase due to the real estate market being increasingly active (e.g., special assessments, change of ownership fees, and exclusion fees, etc.) as well as the increase in the values of the properties. It is anticipated that this trend will hold up for the next year and, therefore, revenue was increased to match expectations.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$616,156 from the Business Process Improvement Reserve for the purpose of creating a system for imaging building records.

The Board approved an appropriation increase of \$115,000 for the replacement of computer systems hardware and software for a more efficient Microsoft supported system.

Also, the Board approved an appropriation increase of \$1,803,900 for 28.0 positions and their corresponding services and supplies cost. The positions are as follows:

- 1.0 Office Assistant II to adequately cover the public inquiries.
- 8.0 Office Assistant IIIs to handle increase in public inquiries, tracking equipment and software licenses and providing clerical assistance to the drafting technicians.
- 4.0 Appraiser Is to handle increase in new construction transfer and ownership change activity.
- 4.0 Appraiser Technicians in valuation support to value low cost new construction, manufactured housing and business personal property allowing certified appraisal staff to concentrate on more complex property valuations.
- 1.0 Appraiser III to ensure high performance ratings on the periodic State Board of Equalization audits.
- 1.0 Title Transfer Technician II to provide quality control of recorded documents.
- 1.0 Business Systems Analyst II for the development of Assessor applications to automate manual processes.
- 2.0 Project Administrators to direct a variety of special projects.
- 2.0 Cadastral Drafting Technician IIs for the drawing of complex building records and performing duties as a team leader.
- 1.0 Facilities/Safety Manager to coordinate construction projects, remodels and maintenance.
- 3.0 Appraiser IIs for increased commercial and industrial construction and transfer activity.

The Board approved an appropriation increase of \$8,800 for reclassification of the following positions:

- Title Transfer Technician I to a Cadastral Drafting Technician I due to duties being more aligned with the tasks of a Cadastral Drafting Technician I.
- Office Assistant II to an Office Assistant III due to the regular duties shifting to align more with tasks of an Office Assistant III position.
- Title Transfer Technician I to a Title Transfer Technician II due to duties being more aligned with a Title Transfer Technician II.

In addition, the Board approved an appropriation increase of \$1,700 for fleet Management rate adjustments.

State/County Property Tax Administration Program

DESCRIPTION OF MAJOR SERVICES

On February 13, 1996, the Board of Supervisors approved an agreement with the State of California to participate in a state/county property tax administration program for 1996. The agreement provided a loan of \$2,139,938 for 1996, with a provision for the same in the following two calendar years. The state passed legislation extending this program through calendar year 2002.

Effective January 1, 2002, the State legislature approved authorization of AB589. This bill creates the State-County Property Tax Grant Program to replace the prior loan program. The grant is effective starting with the 2002-03 fiscal year and is authorized until the 2006-07 fiscal year. As with the prior loan program, these funds are intended to supplement the county's property tax administrative cost. The amount of the loan is set forth on a schedule established by the state and is anticipated to be the same as the previous loan program. Contingencies are used to set aside funds that are available from the state on a calendar year basis but are budgeted and managed in the county system on a fiscal year basis. The state's funding of this program has been put on hold for 2 years. The California Assessors Association has been working with the State Department of Finance to establish a replacement program to restore this vital funding source. The County Administrative Office is financing this program until the state resumes funding.

BUDGET HISTORY

In 2006-07, the appropriation and the resulting fund balance have been dramatically reduced due to the postponement of funding by the state. In order to maintain the workload the County Administrative Office has back-filled state funding with general fund contingencies to finance the program until the state resumes the funding. The funding enables the Assessor to complete all the workload as mandated in the Revenue and Taxation code.

Budgeted Staffing				28.3	

In 2005-06, expense variance is primarily due to salary savings due to employee transfers, termination and delays in hiring. Revenue variance results from not receiving any funding from the state for the Property Tax Administration Program (PTAP). However, the department received county contingencies of \$1,000,000 to backfill the program in 2005-06.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

In 2006-07, contingencies and revenue from the state have been eliminated due to the postponement of the grant program. In order to maintain the workload the entire \$2,139,938 has been transferred from the county general fund to finance this program until the state resumes funding of this program. The funding enables the Assessor to complete all the workload as mandated in the Revenue and Taxation code.

FINAL BUDGET CHANGES

Salaries and benefits decreased by \$30,503 due to fund balance being lower than anticipated.

Auditor/Controller-Recorder

DESCRIPTION OF MAJOR SERVICES

The Office of the Auditor/Controller-Recorder and County Clerk is responsible for providing the county and its constituents with a variety of accounting services and document recording and management services. The Auditor and Controller Divisions record the collections and perform the accounting, reporting, disbursement, and audits of all county financial activities to ensure sound financial management. In addition, they are responsible for personnel payroll services, developing and implementing accounting systems and standards, conducting operational risk assessment reviews, and administering the Countywide Cost Allocation Plan.

The Recorder Division accepts all documents for recording that comply with applicable recording laws, producing and maintaining official records evidencing ownership and encumbrances of real and personal property and other miscellaneous records. The Recorder Division is also responsible for County Archives and County Clerk functions. County Archives maintains all the historical records for the county. The office of the County Clerk produces and maintains the official records of vital statistics, fictitious business names, and other entities required by the state to register with the County Clerk.

The specific services performed by each division are listed below.

Auditor Division

- Perform financial and internal audits and risk assessment reviews
- Advise departments on conducting operational risk assessment
- Prepare the Countywide Cost Allocation Plan (COWCAP) and the Indirect Cost Rate Proposal (ICRP)
- Implement new accounting systems
- Perform disaster response accounting
- Assist departments with reimbursement claims through state and federal processes
- Provide consultation services to departments to integrate accounting and financial processes such as the use of credit cards and departmental accounting software
- Prepare Internal Service Fund (ISF) financial statements

Controller Division

- Process payroll for county (EMACS partner)
- Perform contract payroll for outside governmental agencies
- Manage the Financial Accounting System (FAS) and maintain official county records through FAS
- Audit vendor payments and perform the accounts payable processes
- Manage county credit cards
- Control budget expenditures to Board-approved appropriation levels
- Maintain the county's chart of accounts
- Prepare the Comprehensive Annual Financial Report (CAFR) according to Governmental Accounting Standards Board (GASB) standards
- Extend property tax roll and apportion property tax revenue
- Prepare assurance type reports for county and outside agencies

Recorder Division

- Upon payment of proper fees and taxes, the recorder:
 - Records land records related to real and personal property ownership, judgments, liens, notices, military discharges, marriage licenses, and other miscellaneous documents
 - Files maps or documents such as tract maps, subdivision maps, parcel maps, and certificates of correction
- Collects and distributes portions of monies to various agencies, such as D.A. Real Estate Fraud fund, Preliminary Change of Ownership Reports to Assessor, and Documentary Transfer Tax to the county and cities
- Images, maintains and provides documents digitally and in a photographically reproducible format (microfilm)
- Creates, maintains and provides an index of document information, including Grantor/Grantee, when recorded mail to, Assessor's parcel number, and the short legal description
- Certifies and testifies to validity of documents on file

County Clerk Section

- Review, issue and file Fictitious Business Names (FBN) to individuals, partnerships, and corporations
- Review applications, review background checks with the State Department of Justice, and issue identification cards for unlawful detainer processor, legal photocopier, process server, notary public and power of attorney
- Maintain, report, and make available to the public Oaths of Office and Conflict of Interest reports for specified individuals
- Issue marriage licenses
- Issue certified and informational copies of birth, death, and marriage certificates
- Perform civil marriage ceremonies
- Deputize commissioners of civil marriages, deputy county clerks, deputy recorders, and notary publics
- Image, maintain, and provide documents digitally and in a photographically reproducible format (microfilm)

Archives Section

- Restore, preserve, and manage historic records (archives) as it relates to the history of county government

BUDGET HISTORY

The significant increase in local cost and decrease in revenue in 2006-07 is a result of the County's concern for stabilizing the department's financing. Recording revenue has been placed in Countywide discretionary revenue and in lieu of this revenue source, additional general fund financing has been provided. The restructuring of this revenue was board approved on November 1, 2005.

Budgeted Staffing				203.6	

In 2005-06 expenditures were less than the modified budget primarily due to difficulty in filling specialized vacant positions. Also, there were less expenditures in services and supplies due to the conservative nature of office operations as well as efficiencies gained from mail processing. Departmental revenue exceeded the modified budget primarily due to first year performance of new statutory fees. Local cost reflected a significant increase over 2004-05 due to replacing recording revenue with local cost.

In 2005-06, the department installed the Symposium Telephone Management System. In an effort to improve customer service, the next step will be to implement a call center to assure the best possible response to calls received by the system. The department has included in the 2006-07 budget the cost of \$245,000 to fund the call center to respond to this need.

In 2006-07, the department will incur increased costs in salaries and benefits of \$1,591,452 due to approved MOU, retirement, risk management and workers' compensation. Budgeted staffing was also adjusted to reflect the addition of 8.0 positions costing \$574,594 to support the goals in the Business Plan, which includes improving the Financial Accounting System; monitoring user satisfaction surveys and providing additional training as needed. The department has identified additional on-going revenue to support the 8.0 additional positions. The additional positions include 1.0 Accountant I, 1.0 Accountant II, 1.0 Systems Accountant II, 1.0 Systems Accountant III, 1.0 Accounting Technician, 1.0 Supervising Accountant III, 1.0 Fiscal Assistant, and 1.0

Office Assistant II. These added positions are offset by the deletion of 1.0 Human Resources Officer position which was transferred to the Human Resources Department and the deletion of 1.0 Records Management Supervisor. The overall budgeting staffing reflects a net increase of 6.0 positions.

Services and supplies are increasing by \$618,319 primarily due to the projected operation of the call center and the corresponding services and supplies cost for the 8.0 additional positions, inflationary services and supplies purchases. The increased cost of \$101,249 in transfers are due to EH&P, employee benefits and the transfer of funds to the Human Resource Department for the reimbursement of the Human Resources Officer II position.

Reimbursements increased by \$276,311 due to the cost of services that support Systems Development and modernization activities such as step increases and estimated inflation costs for services and supplies.

Due to the unpredictable nature of recording fee revenue and the County Administrative Office's concern for stabilization of departmental financing, the recording fee revenue of \$9,645,000 has been placed in Countywide discretionary revenue and in lieu of this revenue source, additional general fund financing has been provided. In addition, departmental revenue increased by \$894,994 due to under estimating fee revenues in the Vital Records and County Clerk section. An expected decrease in the number of marriage licenses issued is expected to result in a decrease of \$10,200 in License fees revenue.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$68,632 for 1.0 additional Staff Analyst I for EMACS staff support.

The Board approved an appropriation and revenue increase of \$71,290 for accounting and notary public filing fees.

In addition, the Board approved an appropriation increase of \$1,400 for Fleet Management rate adjustments.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Percentage of payments processed within ten days of presentation to ACR.	80%	90%
Percentage of film images that are repaired by June 30, 2007.	N/A	80%
Track number of microfilm cassettes that are inventories within one month of receipt by June 30, 2007.	N/A	100%
Convert percentage of microfilmed images from 1980 to present to a digitized format by June 30, 2007.	N/A	80%
Increase overall Cal-Card use.	N/A	10%
Increase Electronic fund transfers to pay vendors.	N/A	10%

The performance measures for this budget unit demonstrate an emphasis on excellent customer service and the use of technology to achieve it. The department will improve customer service in Accounts Payable by paying more vendors electronically, transferring assigned Visa cards to Cal-Card, increasing the number of departments utilizing Cal-Card, and processing payments more quickly.

The Recorder's division will focus on improving customer service through microfilm repair, cataloging the microfilm, and then digitizing the improved images for better, long-lasting use.

Micrographics

DESCRIPTION OF MAJOR SERVICES

The micrographics fund was established to defray the cost of converting the County Recorder's documents into an electronic storage system. In August 2001, the Board of Supervisors eliminated the fee that financed this fund. The fund has not received any revenue since that time and the Auditor/Controller-Recorder has been spending down the fund balance to close the fund at the end of fiscal year 2006. In anticipation of its closure and at the Board of Supervisors direction on January 31, 2006, the Auditor/Controller-Recorder transferred the balance of the fund into the Systems Development fund to continue supporting the Recorder's business operations. It is anticipated that no expenses will be recorded in this fund.

There is no staffing associated with this budget unit.

Changes to salaries and benefits included the Board approved transfer (January 10, 2006) of 2.0 Business Systems Analyst III positions from the Information Services Department (ISD) to the Systems Development fund to support the Recorder's functions. Over the last several years, due to the rapid and continued increase in real estate-related activity, budgeted staffing was also adjusted to reflect the addition of 7.0 positions for the efficient operation, maintenance, and enhancement of the Recorder's systems. The positions were requested due to expansion of in-house services as well as a planned opening for a fourth office in another area of the county. The additional staff included 2.0 Legal Document Classifier II and 1.0 Legal Document Supervisor to supervise the offices in the outlying areas; 2.0 Programmer Analyst III and one 1.0 Business Systems Analyst III were added to support the on-going technology conversion of these systems in keeping with the department's business plan and customer service initiatives; 1.0 Staff Analyst I was added to assist with legislative research to

ensure the Recorder complies with continually changing regulations. The overall budgeted staffing reflects an increase of 9.0 positions.

Services and supplies was decreased by \$1,438,464 due to project delays and planning less expenditures. Data Processing Charges (an Internal Service Fund) of \$5,898 were charged to this fund for the first time, to pay for the mainframe support that ISD is providing for the Recorder's systems.

Structures and improvements to structures increased by \$523,500 due to two planned Capital Improvements Projects. One of the projects includes 50% participation in installing a security fence around the perimeter of the building at the recommendation of the Sheriff's Department, primarily to protect the employees and the information systems for the Recorder's office. The second project is the anticipated CIP to build out the remainder of the 2nd floor to house the Computer Services staff.

Equipment decreased by \$1,608,000 due to delayed plans for disaster recovery and less expenditures than expected. Intra-fund transfers out increased by \$213,280 due to moving a transfer transaction from Vital Records to Systems Development for staff and space use to provide expanded Recorder services at offices in outlying areas of the county. Another added expense was the increased amount of the transfer from Systems Development to the ACR's portion of the general fund to pay for the additional cost of staffing positions that support the Recorder's operations.

Contingencies also increased by \$3,260,530, due to fund balance not being spent in the prior year and less planned expenditures in 2005-06. Operating transfers out increased by \$131,786 to pay for one Business Applications Manager position located at the Treasurer-Tax Collector's office.

It is also anticipated that revenue will increase by \$387,400, although activity in the real estate industry appears to be slowing.

FINAL BUDGET CHANGES

Contingencies increased by \$1,615,677 due to fund balance being higher than anticipated.

Vital Records

DESCRIPTION OF MAJOR SERVICES

The Vital Records fund was established to support vital records operations, including improvement and automation of vital record systems. Revenue includes fees collected for certified copies of vital statistic records, pursuant to Health and Safety Code Section 10605.3.

There is no staffing associated with this budget unit.

Most of the 2006-07 appropriation are in contingencies. In prior years, this fund helped support operations in the Recorder's satellite locations. However, because of the expansion of services of the satellite offices, it was determined that the Systems Development fund was a more appropriate source of support.

Appropriation in 2006-07 include funds for upgrading and maintaining the Vital Records electronic system as well as directly providing services to the general public.

FINAL BUDGET CHANGES

Contingencies increased by \$50,139 due to fund balance being higher than anticipated.

Records Management

DESCRIPTION OF MAJOR SERVICES

Records Management has been responsible for storage of inactive records and their eventual destruction at County departments' directions in accordance with their County Board of Supervisors' approved records retention schedules. This division relocated inactive files from County departments into a central storage facility, where the files were maintained and made accessible to owning departments upon request. The division also identified records eligible for destruction based on schedules established by the owning agency.

The Records Management budget operated as an Internal Service Fund (ISF). As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

At the direction of the County Administrative Office, the fund was closed at the end of 2005-06. The revenue received from its various services was not enough to cover the expenses needed to operate. To continue operating, rates for the various services would have been raised significantly. With increased rates, Records Management would not have been competitive with storage facilities outside of the county.

The Internal Service Fund was closed effective June 30, 2006. Any remaining fund balance was transferred to an account with the County Administrative Office. As mentioned above, Records Management was not able to continue operating without significantly raising rates for various services. The rates it would have charged would not have been competitive with outside storage facilities.

Treasurer-Tax Collector/Public Administrator

DESCRIPTION OF MAJOR SERVICES

The Treasurer-Tax Collector/Public Administrator is responsible for:

- Collecting of property taxes.
- Performing the county's treasury function.
- Providing a collection service for the county as well as to provide accounting and collections of court ordered payments.
- Administering property of persons who are deceased and no executor or administrator has been appointed.

The tax collection function involves the collection and accounting of property taxes for all county taxing entities that amounts to more than \$1.7 billion in property taxes, county licenses and other fees.

The Treasurer is also responsible for the investment of the county investment pool, which includes county funds and all school districts within the county, as well as providing banking services for these agencies. The Treasurer currently manages assets of almost \$3.5 billion.

The Treasurer-Tax Collector's Central Collections Division expects to collect more than \$38.0 million for the year ended June 30, 2006. The majority of these collections are from court-ordered fines and the Arrowhead Regional Medical Center's delinquent accounts receivable.

In 2005-06 expenditure variance is due to salaries and benefits being below budget due to holding open vacant positions in Central Collections while negotiating a new court collections agreement. Services and supplies are under budget primarily due to other professional services being significantly lower than anticipated for Central Collections and Tax Sale.

Actual revenue for fiscal year 2005-06 is lower than modified budget primarily due to reduced assignments/collections from the Court while negotiating a new court collections agreement.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, equipment purchases, and a minor decrease in services and supplies costs. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments and department recommendations.

The budget includes a reclassification of a Fiscal Specialist to a Supervising Office Assistant in the Tax Collector Division due to an increase in the level of supervisory and technical responsibility required. The department is deleting a vacant Office Assistant III and adding a Deputy Public Administrator in the Public Administrator Division as a means to improve the effectiveness and efficiency of the division.

The budget contains significant costs, approved by the Board on March 21 2006, associated with the funding of a Tax Collector satellite office in Victorville at-home phone support, and in-office staff, which includes the addition of 16.0 support staff. These costs include salaries and benefits in the amount of \$898,074 and services and supplies in the amount of \$65,700. These increased costs require an additional \$963,774 in on-going general fund financing. The additional staff include the following: 1.0 Business System Analyst III, 1.0 System Support Analyst III, 1.0 Fiscal Specialist, 1.0 Fiscal Assistant, 4.0 Office Assistant III, 2.0 Office assistant II and 6.0 Contracted Office Assistant II positions. In addition, the Board approved on December 13, 2005 the addition of 1.0 Business Application Manager for the Unified Property Tax system. Budgeted staffing was also adjusted to reflect the addition of 1.0 Office Assistant III, 1.0 Accounting Technician and 0.5 extra help positions to support the Tax Collector excess proceeds and the Treasurer Division.

Budgeted revenues for 2006-07 are \$1,935,217 less than the prior year's budget. The decrease is primarily the result of a change in accounting methodology related to the recording of revenues received as reimbursement for the management of the treasury pool. These revenues will be budgeted and received by the County Administrative Office as countywide discretionary revenue instead of the Treasurer-Tax Collector/Public Administrator. The decreased revenue in the Treasurer-Tax Collector/Public Administrator's general fund budget will be replaced by an additional \$2,219,195 in general fund financing.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$3,000 and revenue increase of \$1,980 for Fleet Management rate adjustments.

The Board approved an appropriation increase of \$4,570 for the reclassification of an Office Assistant III to an Office Specialist.

Redemption Maintenance

DESCRIPTION OF MAJOR SERVICES

The Redemption Maintenance special revenue fund was established to defray the costs of maintaining the redemption and tax-defaulted property files, and those costs of administering and processing the claims for excess tax sale proceeds. Revenue includes unclaimed excess tax sale proceeds pursuant to Revenue and Taxation Code 4674.

There is no staffing associated with this budget unit.

In 2006-07, the Redemption Maintenance special revenue fund will incur an increase in transfers for reimbursement to the Treasurer-Tax Collector/Public Administrator general fund for salaries and benefits and services and supplies related to the processing of excess tax sale proceeds claims. Increase in revenue is due to more interest earned than anticipated and additional excess tax proceeds being received. These costs are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

Transfers increased by \$726 due to fund balance being higher than anticipated.

Unified Property Tax System

DESCRIPTION OF MAJOR SERVICES

The Unified Property Tax System special revenue fund was established and Board approved on December 13, 2005 to account for the design and implementation of the Unified Property Tax System.

There is no staffing associated with this budget unit.

Actual expenditures for 2005-06 reflect a savings of \$12,820 as compared to the modified budget. The savings are the result of lower than expected operating transfers out to the Treasurer-Tax Collector/Public Administrator due to the delayed hiring of the Business Applications Manager position. The Unified Property Tax System special revenue fund and new Business Applications Manager position in the Treasurer Tax Collector/Public Administrator budget unit were created and approved by the board on December 13, 2005.

Actual revenues for 2005-06 are \$12,688 lower than the modified budget, mainly due to lower than expected operating transfers in, this is due to the delay in hiring the Business Applications Manager position mentioned above.

Human Services (HS) is composed of six county departments: Transitional Assistance, Children's Services, Aging and Adult Services, Preschool Services, Child Support Services, and Veterans Affairs. Additionally, several support divisions under HS Management Services (including HS Information Technology and Support (ITSD), and the Performance, Education and Resource Center (PERC) provide administrative and training support to the HS departments.

Transitional Assistance, Children's Services, Adult Services, and all HS support divisions are included in the HS Administrative Claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The HS Assistant County Administrator is responsible for all of the above budget units.

AGING & ADULT SERVICES

Colleen Krygier

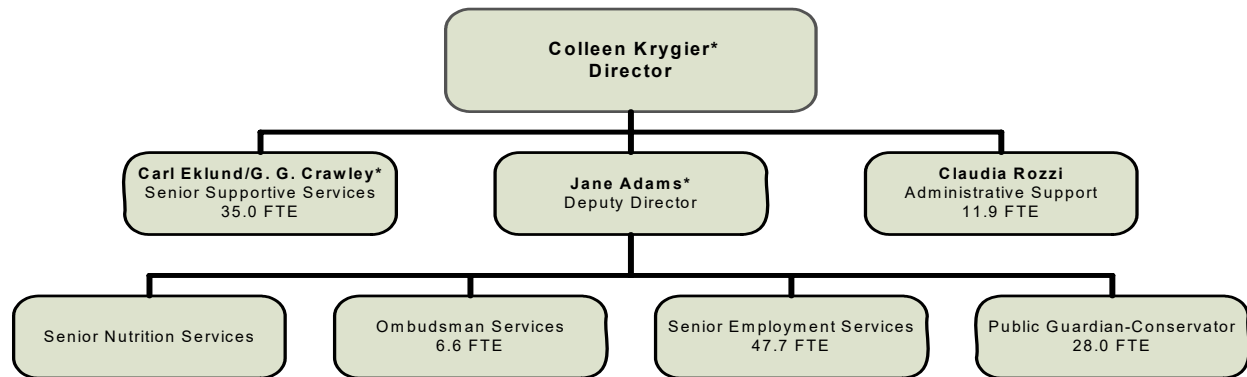

MISSION STATEMENT

Providing Service to seniors and at risk individuals to improve or maintain choice, independence, and quality of life. The department works to ensure seniors and adults with disabilities have the right to age in place in the least restrictive environment and strives to provide service to all persons with respect and dignity, to improve or maintain quality of life for these individuals in the least restrictive setting possible.

STRATEGIC GOALS

1. Assist seniors to maintain choices and improve quality of life by increasing knowledge and awareness of available programs and assistance.
2. Assist at-risk adults to maintain independence and live safely in the least restrictive environment.
3. Ensure Public Guardian conservatees reside in appropriate settings and receive needed services.
4. Ensure the safety and welfare of the at-risk adults and the elderly referred to Public Guardian.

ORGANIZATIONAL CHART

* Staffing is reimbursed by the HS Administrative Claim budget. They are not included as budgeted staff in this budget unit.

Aging Programs

DESCRIPTION OF MAJOR SERVICES

The Aging Programs' predominate funding source is the Older American's Act, and is summarized as follows:

- Senior Supportive Services – Special programs for seniors 60 and over to provide links to services that will allow the aging population to remain in their homes, provide respite adult care, assisted transportation, legal services, home safety devices and case management services.
- Senior Nutrition Services – Meal program for seniors 60 and over to provide nourishing meals, nutrition and education counseling and companionship.
- Ombudsman Services – Independent, objective, and neutral persons who advocate for dignity, quality of life, and quality of care for residents age 60 and above in long-term care facilities. They are authorized by federal and state law to receive, investigate, and resolve complaints by or on behalf of residents in long-term care facilities, skilled nursing facilities, and Community-Care licensed board and care homes.
- Senior Training and Employment Program – provides part-time employment services for seniors age 55 and over. Seniors in the program receive on-the-job training in clerical work, basic computer skills, resume preparation, job location strategies, and other related topics.

Two primary programs that serve the elderly beyond those authorized by the Older Americans Act are:

- Multipurpose Senior Services Program – is designed to prevent or delay placement in a residential care facility and provides assistance to the elderly and their caregivers to enable the individual to remain safely in their home. Services may include homemaker chores, personal care, respite care, medical and non-medical equipment, transportation and minor home repair, as well as referrals to other community programs.
- Linkages - is a "gap-filler" that helps persons at risk of being institutionalized who are not receiving other case management services, such as those provided through the departments of Developmental Services, Mental Health and/or Rehabilitation.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, worker's compensation, central computer, and inflationary services and supplies purchases. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

This budget also includes an increase in appropriation approved by the Board on September 27, 2005 for ongoing expenses to maintain the nutrition program with funding of \$750,000 provided from general fund financing.

Staffing increase includes 1.0 Staff Analyst I position to help coordinate efforts to outreach to the community and to participate in public forums. This position will be involved in grant funding research for contractors and will also assist with existing programs such as Senior Day and transportation. The budget includes a reclassification of one Office Assistant II to an Office Assistant III based on the Clerical Equity Pool Study approved by the Board on April 5, 2005.

FINAL BUDGET CHANGES

The Board approved an appropriation and revenue increase of \$1,600 for Fleet Management rate adjustments.

The Board approved an appropriation increase of \$5,000 for the 4th annual Celebrating Seniors Day Healthy Aging Fair that will be offset by an approved increase of \$5,000 in reimbursements.

The Board approved an appropriation and operating transfer in increase of \$451,404 for various aging programs now funded by general fund financing. These programs were previously funded by Social Service Realignment.

Public Guardian-Conservator

DESCRIPTION OF MAJOR SERVICES

By court appointment, the Public Guardian-Conservator acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide for their own care. A conservator has the responsibility for the conservatee's care, custody and control. The conservator determines where the conservatee lives and ensures his/her daily needs are met. Conservatees must be placed in the least restrictive placement, which may include, but is not limited to the following: medical, psychiatric, nursing, or other licensed facility or state hospital, county hospital, or United States government hospital.

Appropriation for 2005-06 are less than modified budget primarily due to vacant positions, reduced maintenance charges for client databases, less than anticipated relocation expenses to the Redlands facility, and not replacing existing desktop and office equipment. Decrease in revenue is a result of a reduction in Current Services and Federal Aid. Current Services revenue reduction is due to the decline in clients' estate values. Based upon a court approved sliding fee schedule, Public Guardian-Conservator can only charge fees to estates with value. The Federal Aid is less than budgeted as a result of reduced claimable Targeted Case Management and Medical Administrative Activities expenses.

CHILD SUPPORT SERVICES

Connie Brunn

MISSION STATEMENT

The County of San Bernardino Department of Child Support Services (DCSS) determines paternity, establishes and enforces child support orders to assist families in meeting the financial and medical needs of their children. We provide timely and effective service in a professional manner.

STRATEGIC GOALS

1. Improve organizational performance.
2. Improve service delivery and compliance mandates.

ORGANIZATIONAL CHART

Child Support Services

DESCRIPTION OF MAJOR SERVICES

The Department of Child Support Services provides assistance to families in meeting their mutual obligation to provide financial and medical support for their children. These services are offered throughout San Bernardino County with offices strategically located in the high desert, the west end and the greater San Bernardino area.

Child Support Services is dedicated to executing the program in a manner that puts the needs of the children first and foremost. The belief that working collaboratively with parents in understanding and meeting their obligations is a fundamental element in the success of this program.

The services provided by the Department of Child Support Services include the following:

- Locating parents to establish court orders for paternity, child and medical support
- Locating parents and assets to enforce court orders
- Enforcing court orders for child, family, spousal and medical support
- Collecting child support payments
- Maintaining records of payments paid and balances due
- Modifying court orders when appropriate

Additionally, the Department of Child Support Services offers services to assist customers with concerns that may arise in the progress of their case. The Complaint Resolution process affords customers the opportunity to raise concerns with the processing of their case and a means to resolving these issues. The Ombuds program offers parents a liaison between the department and themselves. In 2005-06, the department implemented a call center and interview team resulting in an improvement to customer service.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, risk management, central computer and services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to Board approved mid-year adjustments, and department recommendations.

DCSS has no local cost and funding is anticipated to remain at nearly the same level as received in 2005-06 that includes decreased interest revenues from trust funds as a result of the Statewide Distribution Unit (SDU). Based on this level of funding, DCSS is reducing total staff by 34.5 positions through attrition and vacant positions. This will result in a reduction of \$2,000,000 in salary and benefits that will be offset by increases in MOU and retirement costs as well as reclassification of certain positions. As a result of the expected flat funding, DCSS has had to reevaluate its business practices in order to become more efficient. This evaluation has resulted in a realignment of functions that will require new classifications and additional positions in some existing classifications that will be offset by the aforementioned 34.5 positions.

There is a net increase of \$237,692 (4.63%) in services and supplies. Over half of this increase is accounted for by an increase in the County-Wide Cost Allocation Plan (COWCAP) costs to DCSS. After accounting for the

COWCAP increase the services and supplies increase is only 1.78%. Stringent control of services and supplies expenses will be implemented to ensure adherence to the state allocation.

The department expects a slight increase in funding of less than one-half percent. This is the result of the state agreeing to reimburse the county for a contract employee on loan from San Bernardino to the state to assist with the CCSAS project development. Interest revenue is expected to decline sharply as the department's trust funds are no longer necessary since payment disbursements are now being handled at the state level as a result of the SDU.

DCSS strives to improve efficiency and responsiveness while maintaining costs within the 100% state and federal funding in order to avoid impacting local cost. Due to budgetary restrictions, DCSS will face significant resource and performance challenges in 2006-07. The most significant challenges will involve the realignment and restructuring of services based on the impact of the Statewide Disbursement Unit (SDU). Child support disbursements are now made by the state.

In order to address core business functions, staffing assessments have been made targeted at program management, policy analysis, and operational functions. DCSS has made positive strides in improving performance in the last fiscal year and it is necessary to make staffing adjustments in order to continue improvement.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

HUMAN SERVICES – ADMINISTRATIVE CLAIM

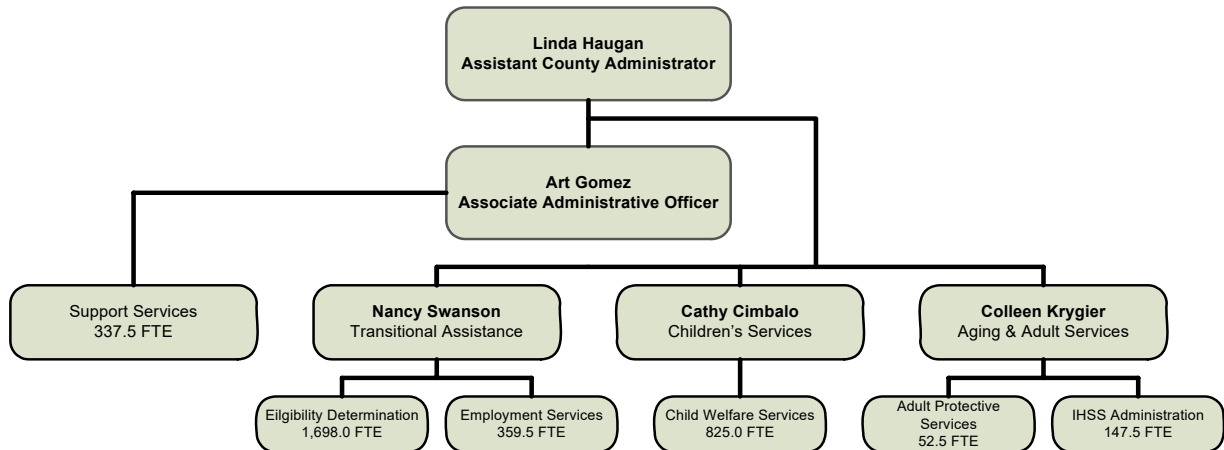

MISSION STATEMENT

Human Services works to build a healthy community by strengthening individuals and families, enhancing quality of life and valuing people.

STRATEGIC GOALS

1. TAD – Process Medi-Cal Eligibility Determination System (MEDS) alerts within state time standards.
2. TAD – Increase total number of households participating in the Food Stamp Program.
3. TAD – Increase the Work Participation Rate (WPR) of recipients of CalWORKs benefits.
4. TAD – Enhance customer service satisfaction.
5. DCS – Increase the number of adoptions.
6. DCS – Increase the number of foster children in the Independent Living Skills Program that earned a High School Diploma or G.E.D.
7. DAAS – Assist at-risk adults and frail elderly to maintain independence and live safely in the least restrictive environment.
8. DAAS – Ensure the safety of at-risk adults and the elderly to improve or maintain quality of life.

ORGANIZATIONAL CHART

Administrative Claim

DESCRIPTION OF MAJOR SERVICES

This budget unit represents the administrative claim made by the county for social services programs under applicable mandatory federal and state regulations. Included are Transitional Assistance Department (Eligibility and Employment Services), Department of Children's Services (DCS), Adult Services programs of the Department of Aging and Adult Services (DAAS), and the administrative support and training functions provided by Human Services (HS) Administration and the Performance, Education and Resource Center (PERC).

Transitional Assistance Department (TAD)

TAD strives to meet the basic needs of individuals and families while working with them to attain self-sufficiency. TAD is responsible for the administration of the financial support programs that assist the needy with basic services. The primary services provided are statutory mandates and include: Transitional Assistance to Needy Families (TANF), food stamps, Medi-Cal, foster care administration, general relief assistance, CalWORKs – Employment Services Program and child care. All programs are funded by a combination of federal, state, realignment and county dollars, with the exception of the general assistance program, which is funded solely by the county.

TAD-Eligibility ensures a proper mix of basic services that include, but are not limited to, screening applications for type of services needed, conducting eligibility determinations for the above mentioned services, calculating ongoing benefit issuance, and referring customers to appropriate agencies for services not provided by TAD.

TAD-Employment Services provides its customers remedial and/or basic education, and vocational or on-the-job training to prepare participants to enter the job market. Eligible customers receive supplemental funding for ancillary, childcare, and transportation costs during their active participation in the program. Failure to comply with program requirements results in loss or reduction of the participants' TANF subsistence payments.

Department of Children's Services (DCS)

DCS is a collection of programs aimed at reducing the occurrence of child abuse and neglect in San Bernardino County. The primary goal of these programs is maintaining families whenever possible. When not possible, the secondary goal is to provide the best permanent plan for the child removed from his or her caretaker. To accomplish the mission of DCS, a wide variety of services are offered. Child Protective Services is the program with the highest visibility, with the goal of prevention of abuse to minors and the protection of those abused.

Other DCS programs include:

- Emergency Response (ER): investigates allegations of child abuse and neglect and makes immediate plans to ensure the safety of endangered children. This is often the "front door" for clients entering the Child Welfare System.
- Family Maintenance (FM): builds on families' strengths and helps to remove barriers so children can remain safely at home.
- Family Reunification (FR): works to make the family environment a safe one so children can return home.
- Permanency Planning (PP): ensures that children who are unable to live safely with their birth families can grow up in a safe and secure permanent living arrangement.
- Foster Parent Recruitment and Training, in conjunction with Foster Home Licensing: maintains and creates out-of-home placement resource options throughout the county.
- Adoptions: performs assessments of adoptive families and matches children with permanent families when their birth families are no longer an option.
- Independent Living Program: assists youth in successfully transitioning out of the foster care system.

Department of Aging and Adult Services (DAAS)

DAAS serves as the area agency on aging for this county under the provisions of federal law, which makes funds available to senior citizen programs. Area agencies on aging provide leadership for defining objectives, establishing priorities, and developing a system to deliver services to older people. DAAS has a separate consolidated budget for the state and federally funded aging programs, which is presented in its own section under Aging Programs. DAAS is also responsible for the In-Home Supportive Services (IHSS) and the Adult Protective Services (APS) programs, which are budgeted in the Human Services Administrative Claim budget.

The IHSS program provides personal and domestic services for aged, disabled and blind persons enabling them to remain in their own homes rather than being placed in institutions. The program is operated by the use of the individual provider mode, which is paid directly to the provider by the state. The state then invoices the county for its portion of the individual provider costs. In addition, the county incurs expenses for supervision and administration of the program. These expenses are reflected in the HS Administrative Claim budget unit. The federal share represents Medicaid dollars made available through participation in the Personal Care Services Program (PCSP).

The APS program investigates and resolves reports on elder and dependent adult abuse. The program provides a wide variety of services in resolving and preventing exploitation or neglect. The services include the investigation of issues, developing a service plan, counseling, referral to other community resources, including the IHSS program, monitoring the progress of the client, and following up with the client.

Overall expenditures in this budget unit for 2005-06 were \$13.5 million below budget. Significant variances from budget are:

- Salary and benefits expenditures were \$1.4 million below modified budget. Continued attrition and HS's continued inability to quickly fill positions as they become vacant account for most of these savings.
- Services and supplies expenditures were \$2.5 million below modified budget. Savings are attributed to under-expenditures in non-inventoriable equipment, utilities, central mail and printing services, outside printing services and vehicle charges.
- Other charges were \$5.1 million below modified budget. These savings were a result of under-expenditures in CalWORKs ancillary payments and costs of contracted services for clients.
- Transfers were \$3.2 million below modified budget. Savings of \$1.5 million in Salaries and Benefits Transfers Out, \$1.3 million in Services and Supplies Transfers Out and \$0.4 million in Other Charges Transfers Out were recognized.
- Operating Transfers Out were \$1.3 million below modified budget. These savings are because the department recouped nearly all required advance payments made for IHSS Provider health care premiums.

Revenue decreased commensurately with the decrease in expenditures, yet was adequate enough to keep this budget unit near budgeted local cost. Because of late receipt of year-end accruals from internal service funds, actual local cost exceed budgeted local cost by \$15,755.

2006-07 Requirements

Due to uncertainties about the state budget and the lack of specifics regarding possible effects on social services programs, HS prepared the 2006-07 budget with the assumption that allocations will remain stable for TAD. DCS and DAAS expect to receive increases to their respective allocations. The state does not prepare allocations until after the state budget is approved; therefore, HS will not receive funding notifications until late summer of 2006. Any significant differences between this budget and actual allocations received from the state will be addressed in a mid-year budget adjustment, as needed.

Highlights of the changes between budget years are as follows:

STAFFING

Overall, staffing will decrease by 182.25 budgeted FTEs or 5 percent from the 2005-06 final budget. Several classifications were reduced, while others were augmented, to fit the needs of the departments' program requirements and/or reorganization.

	TAD	DCS	DAAS		Support	Total
2005-06 final budget	2,142.75	883.50	217.25		363.75	3,607.25
2006-07 final budget	2,058.50	826.00	201.00		339.50	3,425.00
Difference between 2005-06 final budget & 2006-07 proposed budget	-84.25	-57.50	-16.25		-24.25	-182.25

APPROPRIATION

Overall, total appropriation increased \$10.8 million from the 2005-06 final budget. Appropriation changes between budget years are as follows:

- Salary and benefits costs will increase \$10.9 million. This increase is a combination of negotiated MOU salary and benefit increases, salary step increases, and worker's compensation cost increases. These increased costs are possible due to funding increases received in 2005-06, continued access to CalWORKs incentive funds, and ongoing cost containment efforts implemented by HS in the services, supplies and equipment accounts.
- Services and supplies and Central Computer costs will increase \$2.8 million. A \$0.6 million savings in COWCAP is offset by a \$2.6 million increase in computer hardware, computer software, equipment, property insurance, distributed data processing equipment, security and other professional services, and Real Estate Services expenses.
- Other charges for services to clients will increase \$0.4 million. This is primarily due to a \$2 million increase in IHSS provider payments, which is due to wage and caseload increases and is offset by reductions of \$1.6 million in CalWORKs program contracts.
- Equipment and lease/purchase costs will decrease \$0.3 million. Consolidation of office space has reduced the need for replacement photocopiers, resulting in an overall reduction in equipment purchases.
- Transfers to reimburse other county departments for services provided will decrease \$2.8 million. This decrease is due to the termination of MOU's between TAD and Probation and TAD and Public Health.
- Reimbursements from other county departments for services provided by HS will increase \$0.2 million. This reflects an increased demand for HS administrative assistance to non-welfare departments.

REVENUE

Funding from non-general fund sources increased \$4.0 million from the 2005-06 final budget. Revenue changes between budget years are as follows:

- Federal and State funding available for HS programs increased \$6.1 million.
- A mix of miscellaneous revenue sources decreased \$0.5 million
- The overall need for Social Services Realignment revenue decreased \$1.6 million. This decrease is primarily a result of an increase in local funding provided for miscellaneous programs that have been funded with Realignment revenue in the past. This includes non-HS PERC activities (\$400,000), Children's Fund (\$500,000), Children's Network (\$750,000), required local match for Office on Aging Programs (\$451,404) and reimbursement to Probation for a portion of the Heart Bar Youth Camp (\$1,100,000). This increased local funding more than offset the ever-increasing Realignment revenue required by HS Social Services Programs.

LOCAL COST

All HS programs are state and/or federal mandates and the county share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of local funding sources and revenue from the Social Services Realignment fund. The Social Services Realignment fund was created during the State Realignment process to offset local cost and is limited to use for designated social services programs.

In aggregate, the HS Administrative Claim Budget Unit includes a net additional local cost of \$5.7 million. Of this, \$2.5 million is required to match program allocations and \$3.2 million is a result of the items previously detailed in the Social Services Realignment explanation above. This increase was included in the local cost targets presented by the County Administrative Office and approved by the Board.

All local cost figures are estimates and are dependent upon final allocations from the state after the state budget has been passed. HS will closely manage changes arising from the state budget. Significant changes will be brought forward to the Board of Supervisors in a Mid-Year Budget agenda item, if necessary.

Changes by department are as follows:

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

STAFFING CHANGES

Funding in 2006-07 is expected to increase approximately \$4.4 million. These funds will be used to offset salary and benefit cost increases. This funding increase is not enough to fund all salary and benefit increases. As a result, TAD is required to reduce funding for staffing by 84.25 budgeted FTEs. This reduction includes:

- Reduction of 16 Eligibility Worker, 25 Employment Service Specialist and 8 Supervising Employment Service Specialist budgeted FTEs as a result of the decrease in CalWORKs funding.
- Reduction of 10 Employment Service Technician budgeted FTEs, as these staff will be phased out through attrition.
- Reduction of 20.25 Office Assistant II and 2 Supervising Office Assistant budgeted FTEs relative to the decrease in caseworker FTEs.
- Net reduction of 3.0 budgeted FTEs after a combination of staffing adjustments necessary to meet program requirements.

PROGRAM CHANGES

Use of CalWORKs Incentive Funds will allow TAD to maintain service levels and continue to meet mandated performance requirements. Stagnation of CalWORKs funding continues to force TAD to streamline its methods of service delivery. With the expectation that Incentive Funds will be exhausted in 2007-08, TAD has moved CalWORKs Employment Services Program staff from some stand-alone offices into larger TAD offices. This results in substantial savings of leased facility costs and centralization of services for CalWORKs clients. Clients can now apply for aid, obtain Employment Services counseling, arrange for training assistance, and coordinate subsidized child-care in one office. This effort to co-locate offices will continue into 2007.

CalWORKs Incentive Funds – \$20.0 million is expected to be available for use in 2006-07. Expenditures are limited to the direct support of CalWORKs clients in the form of goods or services, including services provided by TAD staff. However, it appears it will be necessary to utilize these funds to bridge the gap between increases in staffing costs and stagnant allocations. Current projections call for \$16.5 million in Incentive Funds being expended in 2006-07 in order for TAD to maintain service levels – leaving only \$3.5 million available in 2007-08.

DEPARTMENT OF CHILDREN'S SERVICES (DCS)

STAFFING CHANGES

Although 2006-07 allocations will increase approximately \$4.9 million (which includes \$1.3 million in local share), increased costs of salary and benefits will require DCS to reduce staffing by 57.5 budgeted FTEs as follows:

- Reduction of 30 Social Worker II, 16 Social Service Practitioner and 5 Supervising Social Service Practitioner budgeted FTEs.
- Reduction of 8 Office Assistant III budgeted FTEs relative to the decrease in caseworker FTEs.
- Net addition of 1.5 budgeted FTEs after a combination of staffing adjustments necessary to meet program requirements.

PROGRAM CHANGES

While funding increases are projected, escalating staffing costs have required DCS to maintain the level of direct services to clients at expenditure levels established in 2005-06. These expenditures are for services and supplies provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HS Administrative Claim budget unit.

DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)

STAFFING CHANGES

Expected increased funding in 2006-07 of approximately \$2.5 million (which includes \$4.0 million in local share), primarily for IHSS provider payments and administration costs, will be offset by a reduction of staffing by 16.25 budgeted FTEs as follows:

- Reduction of 13.75 Social Worker budgeted FTEs.
- Net reduction of 2.5 budgeted FTEs after a combination of staffing adjustments necessary to meet program requirements.

PROGRAM CHANGES

IHSS - Individual Provider costs. This is an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. Paid hours to IHSS providers in 2006-07 are expected to increase 5.4% over 2005-06. Local funding is required for the county share of the IHSS Individual Provider wages and benefits, and the operating costs of the IHSS Public Authority. An additional \$1.5 million of local funding is necessary due to projected caseload growth in 2006-07.

Based on the recommendation of the CAO and approved through Board action, \$0.5 million in funding for several Aging programs (Senior Employment, Supportive Services, Ombudsman and Nutrition programs) has been moved to AAF OOA - Office on Aging, resulting in realignment fund savings.

SUPPORT DIVISIONS

STAFFING CHANGES

Given the stagnant nature of state allocations, HS is reducing staffing levels due to increases in salary and benefit costs. Continued efforts aimed at increasing the efficiency of staff have allowed the support divisions to consolidate the duties of some staff and have already resulted in staffing reductions. All reductions in staffing have been, and are expected to continue to be, the result of attrition. In 2006-07 the support divisions are reducing staffing levels by a 24.25 budgeted FTEs as follows:

- Reduction of 21 budgeted FTEs as a result of reorganization at HS Auditing.
- Net reduction of 3.25 budgeted FTEs after a combination of staffing adjustments necessary to meet program requirements. This includes the addition of 2 Staff Analyst II grant writers.

PROGRAM CHANGES

After successfully reducing administrative overhead costs in the 2005-06 budget, HS is experiencing the need to increase costs in 2006-07. The increases are due, in large part, to increases in computer hardware, computer software, ISD charges and building security costs. Resulting cost increases have been allocated among all programs included in this budget unit.

FINAL BUDGET CHANGES

The Board approved an appropriation decrease of \$1,551,404 due to local funding moving from this budget to the Office on Aging (\$451,404) for a required local match and to Probation for a portion of the Heart Bar Youth Camp (\$1,100,000).

The Board approved a local funding increase of \$1,650,000 for non-HS PERC activities (\$400,000), Children's Fund activities (\$500,000), and Children's Network activities (\$750,000).

The Board approved an appropriation increase of \$271,500 for Fleet Management rate adjustments.

The following chart provides an overview of the funding sources and local share requirements for the programs that are budgeted in the HSS Administrative Claim budget:

Domestic Violence/Child Abuse Services

DESCRIPTION OF MAJOR SERVICES

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses. The child abuse prevention program is funded by a state grant, revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases. Revenues from the surcharges are deposited in special revenue funds and used to fund the contractors. These three revenue sources provide 100% of the funding for this program.

There is no county general fund contribution or staffing associated with this budget unit.

The total dollar amount of contracts awarded was less than originally budgeted because contracts with some vendors were not renewed for the 2005-06 budget year. As a result, 2005-06 expenditures were \$264,540 less than budgeted. Any remaining funds from the sale of birth certificates, marriage licenses and court-imposed fines have been held in reserve for 2006-07 contracts.

Each year, the department completes an analysis of the revenue from the surcharges on marriage licenses, birth certificates and court fines, as well as the estimated year-end fund balances. It is from this analysis that the amount to be awarded for service contracts in the succeeding year is determined. The revenue sources for this program include two special revenue funds generated from surcharges on the sale of birth certificates and marriage licenses. Each fund is permitted to carry over fund balances from year to year should revenues outpace the contracts awarded in any given year. Cash receipts in 2005-06 exceeded the amounts of the contracts awarded by \$172,283. Rather than making the entire fund balance available for contracts in 2006-07, contract amounts will increase at a slower rate in order to delay the inevitable exhaustion of the fund balances. This strategy should bolster steady growth in contractor awards for future years when, barring state legislation to increase surcharges, the fund balances will be exhausted and contracts will depend entirely on fluctuating yearly cash receipts.

Entitlement Payments (Childcare)

DESCRIPTION OF MAJOR SERVICES

All childcare programs administered by the Transitional Assistance Department (TAD) are budgeted within this unit. This expanded program is one of the major programs of federal welfare reform and the resulting state CalWORKs program. The expanded programs are intended to fund childcare for CalWORKs recipients that are seeking employment or have obtained employment and continue through employment stabilization for a period of up to two years. This budget unit also incorporates the program that funds childcare for families in which the child is under the auspices of the Department of Children's Services and is at risk of parent abuse or neglect. Childcare provider payments are 100% federal and state funded through reimbursements by the state.

There is no staffing associated with this budget unit.

Funding impacts to the childcare programs made as a result of the state's final budget will require the department to manage childcare caseload so as to remain within the expenditure limitations of the allocations received from the state. Historically, information regarding allocations is received from the state in the latter part of the first quarter of the new fiscal year.

Actual allocation/grants in 2005-06 were higher than budgeted. In July 2005 the California Department of Education (CDE) released the allocations to the counties for Stages 2 & 3, and alternative payment programs (APP). On August 30, 2006, the department presented to the Board these 2005-06 allocations. In July 2005, the department received allocation augmentations from CDE of \$6,632,002 in Stage 3 and \$342,481 in APP, which were presented to the Board on September 25, 2005 and December 6, 2005 (#53, 56 respectively). In May 2005 and July 2006, the department received augmentations from CDE of \$300,000 in Stage 3 and \$75,000 in APP, which were presented to the Board on August 15, 2006 (Item #43). These augmentations were due to low initial allocation and subsequent cost reviews by the state.

Budgeted and actual allocation and contracts for childcare services are shown below:

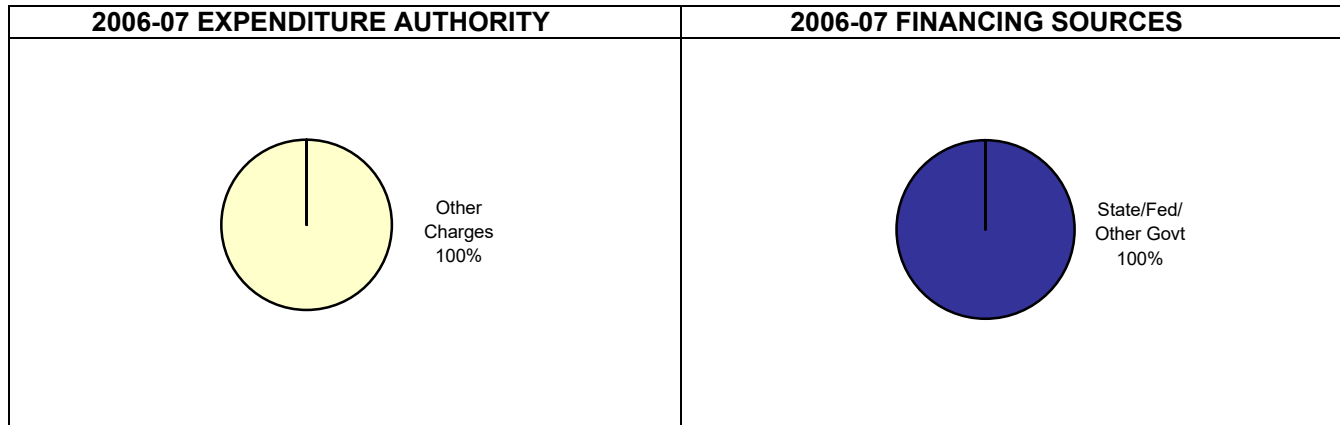

Program	FY 05/06 Budget	Actual Contract / Allocation Amounts	Add'l Contract / Allocation Amounts	Total Funding

(Child Protective Services & Working Poor		-	-	-
Total	85,905,230	84,099,464	8,160,655	92,260,119

Actual expenditures were:

- Under budget by \$6.7 million.
- Less than actual allocations by \$13.1 million.

Actual expenditures were under appropriation due to changes in legislation that decreased the allowable amount reimbursed to childcare providers and the timing-out of recipients who have reached their five (5) year limit for receiving aid.

For 2006-07, the department expects to maintain childcare funding at the current funding level. Based on projections of the 2006-07 state budget, childcare levels are expected to decrease in the federally funded Stage 1 CalWORKs childcare program. Overall federal/state funding levels in the California Department of Education's program are expected to increase to offset funded decreases anticipated in the Stage 1 childcare.

Out-of-Home Child Care

DESCRIPTION OF MAJOR SERVICES

This program provides assistance payments for room, board, and care for those children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens. Some of these children have serious emotional and medical problems, which increase the difficulty of locating appropriate facilities for their care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case. This program is 100% locally funded.

There is no staffing associated with this budget unit.

Expenditures for this budget are relatively inconsistent from month to month, depending upon the number of non-aided children placed in emergency shelter care.

In an effort to reduce costs in this budget unit, DCS reviews cases and determines which cases may be funded with specific Child Welfare Services (CWS) funds and then retroactively transfers expenditures for those cases to the HS Administrative budget. This use of CWS funding was instrumental in offsetting a significant amount of 2005-06 expenditures in this budget unit.

No revenue is received for this program. It is funded entirely with local funds.

Actual 2005-06 expenditures exceeded final budget by \$96,976. This is because paid cases per month dramatically increased throughout 2005-06 and ended the year 50% over the number of actual paid cases in 2004-05. The Transitional Assistance Department (TAD) and the Department of Children's Services (DCS) are currently studying methods of reversing this trend of increased cases. The Board approved a mid-year transfer appropriation of \$100,000 from the Aid to Indigents (ATI) budget unit on June 13, 2006 (Item #58) to cover these additional, unanticipated expenditures.

The current increase in paid cases is projected to continue into 2006-07. While the average cost per case is projected to decrease approximately 20%, total expenditures are projected to increase approximately \$100,000. At the time this budget was prepared, the Governor had proposed cuts to 2006-07 CWS funding which may prevent the ability of DCS to retroactively fund select OCC cases with CWS funds, as has been the practice in prior years.

Over \$200,000 additional appropriation and local funding is required as a result of the increase in caseload and decreased CWS funding. Local cost savings from the AAB FGR – CalWORKS Aid – All Other Families budget unit will be used to offset this needed increase in local cost allowing HS Subsistence budgets to remain within local cost targets overall.

Aid to Adoptive Children

DESCRIPTION OF MAJOR SERVICES

This program provides assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children, on whose behalf monies are paid, are either personally disadvantaged, physically handicapped, or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget is funded approximately 50% federal, 38% state, with the remaining costs offset by revenue from the Social Services Realignment and county general fund.

There is no staffing associated with this budget unit.

Local Cost	934,222	1,288,560	1,011,631	1,466,194	1,512,070

In the four-year period from 2002-03 through 2005-06, expenditures and revenue in this program have increased 105%. In that time, caseload has increased 80% and the average cost per case has increased 21%. The individual grant amounts can change from year to year based on the severity of the needs of each child.

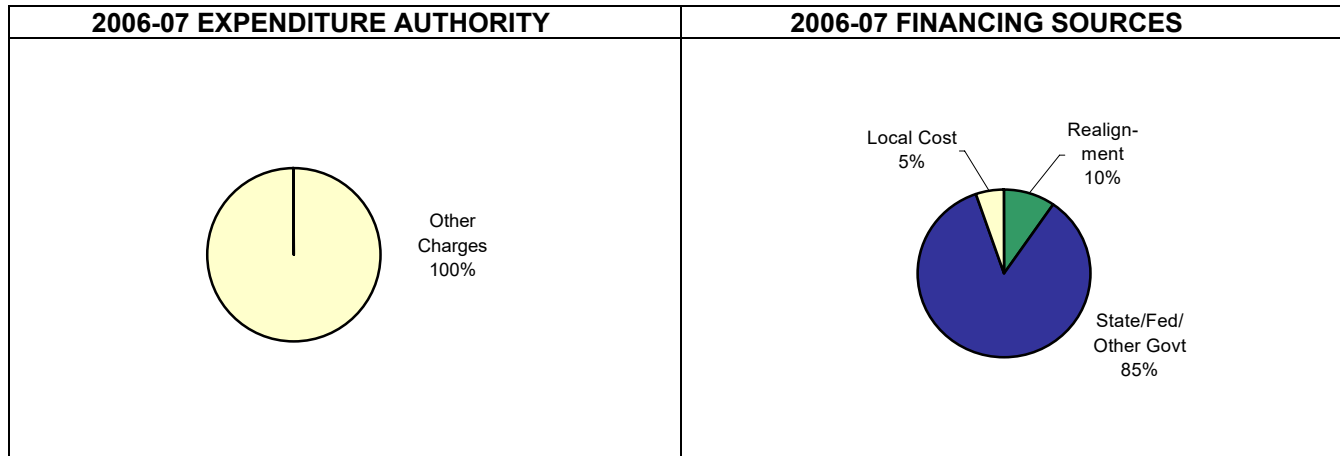

The growth in this program is attributed to state legislation, which became effective January 1, 2000. This legislation (AB390) encourages and promotes the adoption of eligible children. It requires that the county provide prospective adoptive families with information on the availability of benefits, as well as reimbursement for nonrecurring expenses in the adoption of an eligible child. There is no financial means test used to determine an adoptive family's eligibility for the program. Increased average cost per case is a result of the successful placement of more children with special needs and the higher costs associated with their care.

This program is 85% funded by federal and state revenue, with a 15% local share. The local share is funded with a combination of Social Services Realignment and the general fund.

Expenditures were \$1.8 million less than budgeted for 2005-06. This can be attributed to the fact that caseload increases and case costs both increased more gradually than projected. Less revenue was received than what was budgeted as a result of the lower expenditures. Although local cost exceeded budgeted targets by \$45,876, HS remained within the total local cost targets for all HS Subsistence budget units.

Continued growth in caseload and the average monthly aid payments is due to the success of the aforementioned legislation.

Projected expenditures for 2006-07 are based on 42,852 total annual cases, a 9.8% increase over 2005-06. Average monthly aid payments are projected to be \$804, a 1.6% increase over 2005-06.

Total local share required in 2006-07 is \$5,158,917, a 5.2% increase over 2005-06. Of this amount, the general fund contributes \$1,779,419 and Social Services Realignment contributes \$3,379,498.

AFDC – Foster Care

DESCRIPTION OF MAJOR SERVICES

This program provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both the Department of Children's Services (DCS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federally eligible (federal) cases, the cost-sharing ratios are approximately 43% federal, 22% state, and 35% county.
- For non-federally eligible (non-federal) cases, the cost-sharing ratio is 40% state and 60% county.
- All county share-of-cost is mandated and is reimbursed from Social Services Realignment and the county general fund.

There is no staffing associated with this budget unit.

Departmental Revenue	77,072,926	82,481,186	82,904,560	89,700,112	79,357,104
Local Cost	13,929,837	13,778,038	13,583,969	14,736,670	14,837,911

Expenditures for the Foster Care program were \$10.2 million below 2005-06 budget. This can be attributed to:

- ♦ Caseload Decreases - Foster Care caseload has experienced a slow, steady decline in recent years, partly due to cases moving out of the Foster Care program and into the Kin-Gap program. A decrease in the number of petitions filed also contributes to caseload decline. A sudden decrease in Federal cases during the 1st half of 2005-06 contributed to most of the \$10.2 million expenditure savings. While the number of Federal cases had been budgeted to decrease less than 1% during 2005-06 they actually decreased 7%.

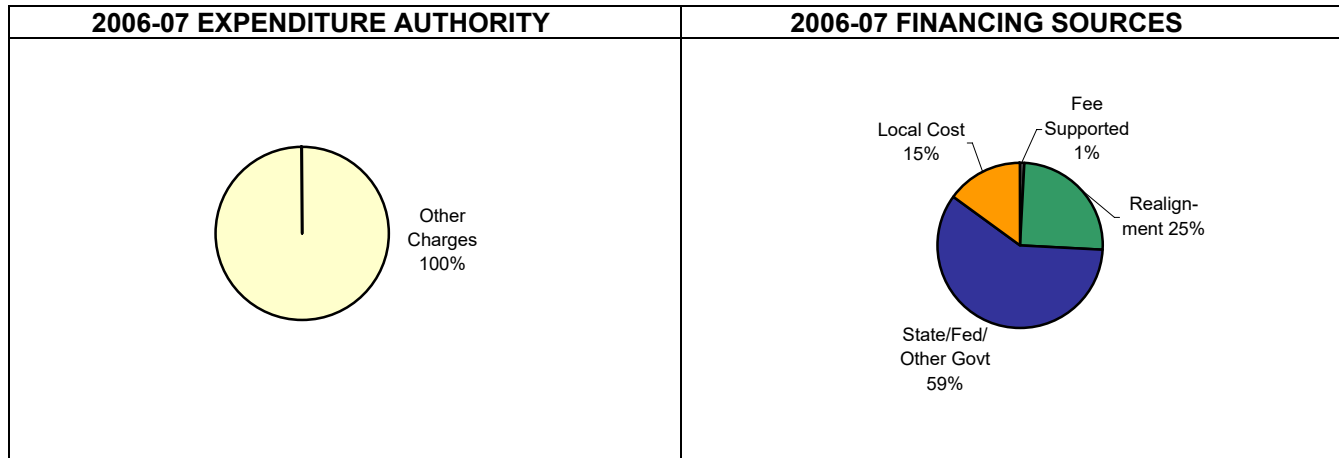

- ♦ Slower than projected increases in case costs - In FY 2004-05, the Department of Children's Services implemented a "Family to Family" program. One of its goals is to place children foster homes within their own neighborhoods. This reduces the need for placements in more costly FFAs and Group Homes. This appears to have slowed the increase in cost per case. Compared to the prior year, 2005-06 case costs for Federal cases increased less than 1% (a 5% increase had been budgeted) and case costs for Non-Federal cases decreased 7%.

The aforementioned caseload decreases and cost savings resulted in savings of \$5.6 million of Social Services Realignment Revenue. This savings has helped slow the exhaustion of the Social Services Realignment that had been predicted at the beginning of the 2005-06 budget year.

Year-end accounting entries were made within this budget unit in an effort to save as much Social Services Realignment Revenue as possible while remaining within overall local cost targets (including the Administrative Claim budget unit and all Subsistence budget units). As a result, actual local cost exceeded budget by \$0.1 million.

Foster Care caseload has experienced a decline in recent years, partly due to cases shifting from the Foster Care program into the Kin-Gap program. After experiencing accelerated caseload decreases in the first half of 2005-06, the department projects that the rate of decrease will slow in 2006-07. Federal cases are projected to remain stable at the 2005-06 levels. Non-federal cases are projected to increase less than 1% over the 2005-06 levels.

It is predicted that the costs for these cases will continue to increase. Based on the average increase of the last three years, it is projected that the cost per case in 2006-07 will increase approximately 2% over the actual 2005-06 costs.

FINAL BUDGET CHANGES

The Board approved an appropriation and realignment revenue decrease of \$1,024,000 for the cost of Probation Foster Youth placed in the Fouts Springs Youth Camp. This precludes the need to reimburse Probation from this budget unit and results in equivalent savings in Realignment funds. The Fouts Springs Youth Camp is now funded from general fund financing.

Refugee Cash Assistance

DESCRIPTION OF MAJOR SERVICES

This program provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for CalWORKS programs. This program is 100% federally funded and open-ended.

There is no staffing associated with this budget unit.

Expenditures in this program are 65% under budget. Expenditures in this program fluctuate from year to year due to the eight-month time limit of this program and the number of refugees who enter the county each year who do not meet the requirements for other assistance programs. This program was originally budgeted at \$100,000 to account for any circumstances where the number of refugees entering the county would qualify for this program.

This program is 100% federally funded.

Cash Assist For Immigrants

DESCRIPTION OF MAJOR SERVICES

This program, under AB-2779, provides cash assistance to aged, blind and disabled legal immigrants who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998 and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

Local Cost	2,227	(2,752)	(611)	-	5,236

Expenditures for this program are approximately \$275,000, or 32%, less than originally budgeted. Caseload in this program continues to decline at a rate that has averaged 5% per year for the past 5 years. This caseload decline, coupled with a slight increase in average grant costs have resulted in an overall decline in expenditures over past 5 years. This is due to clients moving into the federal SSI/SSP program at a more rapid pace.

This is a 100% state funded program.

CalWORKS – All Other Families

DESCRIPTION OF MAJOR SERVICES

This budget unit provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal (50%) and state (47.5%) governments reimburse costs for this program. The mandated local share of 2.5% is funded with county general fund.

Local Cost	4,152,408	4,262,604	4,141,793	4,651,554	4,741,422

Due to an unanticipated, continued steady decrease in caseload, actual 2005-06 expenditures for this program were \$25.4 million, or 12%, lower than the \$218,489,279 approved in the final budget. This caseload decrease resulted in much lower expenditures for grant payments, which ultimately resulted in an equivalent decrease in revenue.

Although local share exceeded budget by almost \$90,000 in 2005-06, there were sufficient local cost savings in other HS Subsistence budget units to remain within local cost targets, overall.

As a result of CalWORKs time limits and an improving local economy, a continued decline in caseload is projected to continue into 2006-07. The rate of caseload decline is expected to slow and eventually plateau at some point during the year as the last of the large number of clients who were receiving aid at the beginning of the latest welfare reform legislation reach their 5-year time limit.

While the Governor has once again proposed no COLA for aid recipients in 2006-07, this budget has factored in an average historical increase. In past years, budget negotiations made during the state budget process have increased grant amounts in the form of a COLA.

The caseload decline is projected to reduce the need for local cost in 2006-07 by \$279,706 from what was included in the 2005-06 budget. This expected local cost savings will be utilized in other Subsistence Budget units to allow HS to remain within local cost targets overall.

Kinship Guardianship Assistance Program

DESCRIPTION OF MAJOR SERVICES

This federal program was implemented Jan. 1, 2000. It provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-GAP program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest.

The estimated federal cost reimbursement is approximately 68% and the state cost reimbursement is approximately 16%. The remaining 16% mandated local share is funded by the county general fund.

There is no staffing associated with this budget unit.

Local Cost	414,983	523,188	548,611	782,100	528,950

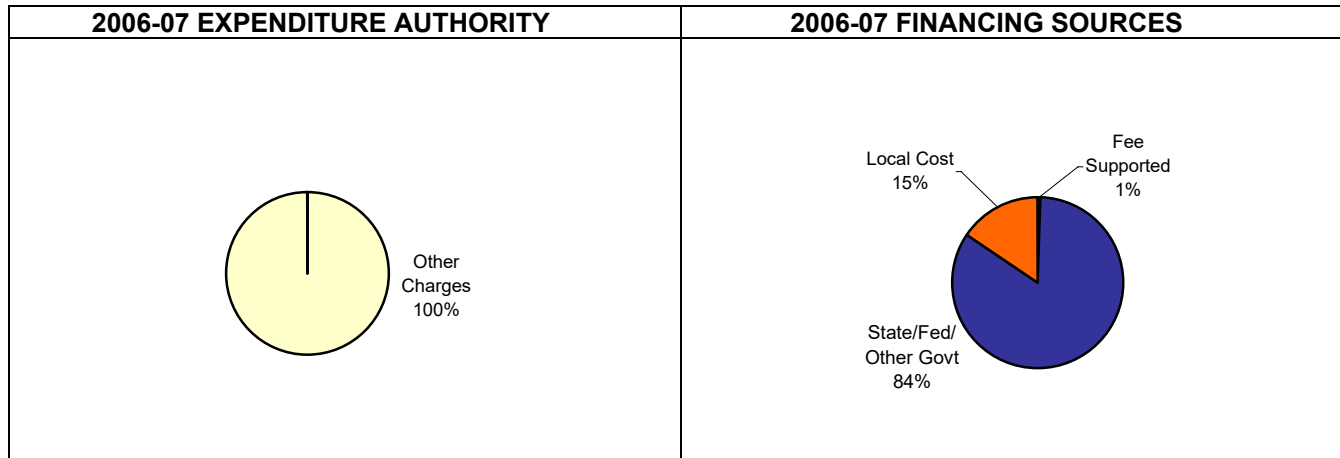

Expenditures were \$829,615 lower than budgeted. This is a combination of the following:

- Lower caseload - Although the actual number of cases in 2005-06 increased 7% over the prior year they were 10% lower than budgeted. This is because fewer children have entered the program than was projected when the budget was prepared.
- Lower average grant - The actual average grant was 7% lower than budget. Assumptions regarding grant costs used when developing the 2005-06 budget did not result in the expected increases.

Lower caseload growth and average grant payments resulted in local cost savings of \$253,150 in 2005-06. This local cost savings was used to offset local cost overages in other budget units in an effort to keep overall HS Subsistence Payment budget units within local cost targets for 2005-06.

Since the program's inception in 2000, caseload has continued to grow significantly each year. It is anticipated that caseload will increase by approximately 9% in 2006-07. This reflects a growth of 5 new cases per month for the remainder of 2005-06 and 4 new cases per month throughout 2006-07.

The average grant requested for 2006-07 reflects a 3% increase for Cost of Living Allowances.

In the few months since projections were prepared for 2006-07 targets, caseload growth has increased slightly and local cost is now anticipated to be \$14,627 higher than target. Local cost savings from the AAB BHI – AFDC Foster Care budget unit will be used to offset this needed increase in local cost in an effort to remain within local cost targets overall.

Seriously Emotionally Disturbed

DESCRIPTION OF MAJOR SERVICES

Assembly Bill 3263 requires Human Services to pay out-of-home costs for seriously emotionally disturbed (SED) children. The SED children under this program are referrals from the county's school districts whom have not been abused or neglected and are placed out-of-home pursuant to an individualized education program (IEP). These clients are referred to the Department of Behavioral Health (DBH) whom has case management and supervision responsibility. This budget includes an expenditure offset of \$225,000 from the DBH for clients placed in residential facilities outside of California. This budget is funded 40% by the State with the remainder funded from Social Services Realignment and county general fund.

There is no staffing associated with this budget unit.

Local Cost	554,338	601,270	716,872	980,402	980,402

While caseload in this program has continued to increase an average of 8.4% over the past 3 years, the average grant amount has declined 5%. This decline in the average grant amount is partially attributed to the fact that more clients are being placed in out-of-state group homes. Placement costs for children in an out-of-state group homes are required to be reimbursed by the Department of Behavioral Health (DBH). This program is funded 40% by the state with a 60% county share. The county share is funded with a mix of Social Services Realignment and county general fund.

Expenditures for this program in 2005-06 were \$1.3 million, or 25%, less than originally budgeted. Some of this can be attributed to the fact that reimbursements received from DBH for out-of-state placements were \$105,000 more than originally budgeted. Because of decreased expenditures less revenue was received in a commensurate amount. Reduced expenditures, increased reimbursements and year-end adjustments allowed this budget unit to remain within budgeted local cost while saving \$0.75 million of Social Services Realignment funds.

In 2006-07, it is projected that this program will incur increased costs beyond the actual costs for 2005-06. Increased costs are a result of increased caseload and higher costs associated with out-of-home care. However, the increased costs are not as large as originally projected for the 2005-06 budget year. This is because out-of-home care costs have not risen as quickly as originally projected. Appropriation and revenue needs have been adjusted accordingly for the 2006-07 budget year.

DESCRIPTION OF MAJOR SERVICES

This program provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parents are excluded from, or ineligible for, CalWORKs. The state and federal governments reimburse 97.5% of the costs for this program. The mandated local share of 2.5% is funded with county general fund.

Due to an unanticipated, continuing steady decrease in caseload, actual 2005-06 expenditures for this program were \$2.9 million, or 18%, lower than the \$16,419,500 approved in the final budget. This caseload decrease resulted in much lower expenditures for grant payments, which ultimately resulted in an equivalent decrease in revenue.

Although local cost exceeded budget by over \$12,000 in 2005-06, there were sufficient local cost savings in other HS Subsistence budget units to remain within overall local cost targets.

While the Governor has once again proposed no COLA for aid recipients in 2006-07, this budget has factored in a COLA based on an average historical increase. In past years, budget negotiations occurring in the state budget process have increased grant amounts as a result of a COLA. Caseloads are projected to continue to decline, but are expected to plateau as a result of CalWORKs time limits. This caseload decline should produce a lower local cost in 2006-07.

Aid To Indigents (General Relief)

DESCRIPTION OF MAJOR SERVICES

The county is mandated to provide subsistence in the form of cash aid for food, shelter, and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and provide interim assistance pending receipt of SSI benefits. Services and supplies consist of a fixed amount contract with a law firm to assist clients in preparing applications for Social Security Insurance (SSI) benefits. Revenue under this program represents retroactive SSI payments, which the county receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

There is no staffing associated with this budget unit.

Local Cost	975,301	1,158,423	939,476	976,164	735,884

Actual 2005-06 expenditures were \$319,457 less than budgeted. This primarily due to caseload decline which is due to the following:

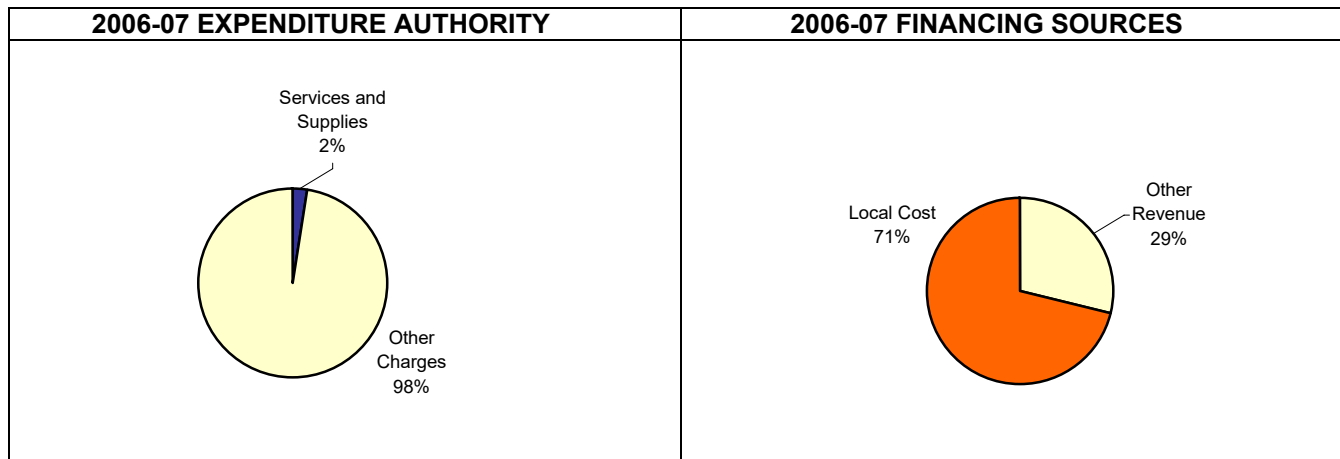

- Introduction of the General Relief Case Management System (GRMS) has increased efficiencies in case processing and maintenance.
- Increased referrals to the Social Security Administration to determine if client is SSI eligible.
- Increased efficiency in eligibility determination.

Actual revenue received was \$79,000 less than budgeted. The revenue collection represents retroactive SSI payments the County receives as reimbursement from eligible indigents prior to their enrollment in SSI.

Actual local cost was \$240,280 less than budgeted for this program as a result of lower expenditures and lower SSI revenue received.

It is projected that 2006-07 caseload will decrease by approximately 26% in comparison to 2005-06 budget due to the following:

- Introduction of the General Relief Case Management System (GRMS) has increased efficiencies in case processing and maintenance.
- Increased referrals to the Social Security Administration to determine if client is SSI eligible.
- Increased efficiency in eligibility determination.

Due to the 26% decrease in caseload it is projected that total expenditures for aid payments will decrease by \$265,393 from that budgeted for 2005-06.

The revenue collection represents retroactive SSI payments the county receives as reimbursement from eligible indigents prior to their enrollment in SSI and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed. Based on actual monthly revenue from July 2004 to February 2006, it is anticipated that revenue for 2006-07 will result in a decrease of \$28,785 over 2004-05.

In comparison to 2005-06, the anticipated decline in cases combined with the projected reduction of revenue may result in a net local cost savings of approximately \$236,608.

AB 212 – Teacher Stipends

DESCRIPTION OF MAJOR SERVICES

High quality childcare is dependent upon a well-trained, well-compensated and dedicated staff. In an effort to foster an environment where this type of staff is developed and retained, Children's Network applied for and was awarded this state grant via Assembly Bill 212 (Teacher Stipends) in December 2001. Grant monies are placed in this special revenue fund providing stipends to pre-school teachers and/or administrators who demonstrate completion of college credits towards certification or post-secondary degrees. The stipend increases as the number of college units completed increases thereby acting as an incentive for preschool teachers to further educational levels. Stipends also increase for teachers who speak a second language or teach disabled children which makes preschool services accessible to a larger portion of the community.

There is no staffing associated with this budget unit.

In 2005-06 this program succeeded in issuing over \$650,000 in stipend payments to pre-school teachers and administrators; only slightly less than what was budgeted. Interest revenue and the return of a small number of stipend payments resulted in additional revenue of \$32,627. This additional revenue will be used in the future to provide additional stipends to qualified pre-school educators.

Oversight of the grant acceptance and issuing stipend payments are now the responsibility of the County Superintendent of Schools. Remaining fund balance of approximately \$40,000 will be transferred to the County Superintendent of Schools in 2006-07.

Appropriation increased by \$38,155 due to fund balance being higher than anticipated.

PRESCHOOL SERVICES

Ron Griffin

MISSION STATEMENT

We provide a foundation for success for children by giving them the highest quality child development and family support services.

STRATEGIC GOALS

1. Achieve school readiness of children enrolled to ensure they are making progress toward positive outcomes as required by the Desired Results Developmental Profile Plus program (DRDP+).
2. Increase parent satisfaction rate.
3. Maintain a high level of enrollment necessary to meet federal and state requirements.

ORGANIZATIONAL CHART

Detailed information for this budget unit is provided, along with a description of the services provided, budget unit history, and applicable performance measures.

Preschool Services

DESCRIPTION OF MAJOR SERVICES

The ultimate goal of the Preschool Services Department (PSD) is to ensure that every child in San Bernardino County has access to a quality preschool experience. Research shows that during their school years and beyond, children who attend quality preschool:

- Are less likely to be placed in special education or held back a grade;
- Exhibit more positive classroom behaviors and perform better on standardized math and reading tests;
- Are more likely to graduate from high school and continue their education;
- Earn more money and are less likely to go on welfare; and
- Are less likely to become involved in crime.

PSD has operated the Federal Head Start program and the State of California Department of Education's State Preschool, General Child Care and Child and Adult Care Food Programs in San Bernardino County since 1965. Our programs primarily serve children 3 to 5 and their families, but especially the most disadvantaged.

As the primary program funding source (87%), Head Start incorporates educational, health, nutritional, and psychological services in order to help children become ready to enter and succeed in school and life in general. This includes children living in poverty, foster children, those in homeless shelters and those with special needs. Many of these children would have no access to preschool without our program.

PSD became a San Bernardino County department under Human Services in January 1999 and continues to be fully funded from federal and state sources (no local cost). Prior to 1999-00, the Preschool Services function was budgeted outside of the county's organizational structure.

PSD has 687 employees who serve 4,535 Head Start and State Preschool children and their families annually at 39 locations countywide. PSD has five delegate agencies (Baker Valley Unified School District, Colton Joint Unified School District, City of San Bernardino Parks & Recreation Department, Needles Unified School District and Easter Seals of Southern California, Inc.) that serve 487 of the total number of children. PSD provides eligible families several options for enrollment, such as Center Based Part Day, Full Day, Extended Day and Home Based.

PSD is comprised of the following units: Children's Services, Family and Community Partnerships, Support Services and Administrative Services. The Children's Services unit is responsible for ensuring children are ready to succeed in school and the overall operations of the Head Start Centers. Family and Community Partnerships staff offers a variety of services to families, including linkages to community resources, health and dental screenings, health, mental health, and nutrition services, job training, as well as parenting, literacy and English As Second Language classes. The Special Services Group is responsible for offering services to over 400 children with disabilities each year, as well as Training & Technical Assistance and Monitoring.

Final appropriation for 2005-06 is slightly less than modified budget due primarily to vacant positions in program operations. Staff vacancies includes an unusually high number of teaching staff that did not return for the new school year, normal attrition, and recruitment challenges in the desert regions, and department initiated delays in the hiring process. Revenue is less than modified budget primarily due to lower enrollment/attendance at the Rialto Eucalyptus site.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, inflationary services and supplies, workers compensation, county support services, unemployment, and rents. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The budget contains cost reductions relative to overall staffing in the amount of \$1,011,599, primarily due to the planned reduction of 9-month support staff hours, and vacant positions that are not being filled. Staff hours will be reduced from 80 to 72 per pay period for the part-day program, which operates on a 4-day model. This plan will allow for more efficient use of staff hours while maintaining uninterrupted service to our clients. The budget includes a reclassification of three Staff Analyst II's to two Administrative Supervisor I's and one Systems Accountant II positions. These reclassifications resulted from a department reorganization necessary to adjust to a reduction in federal funding. This reorganization resulted in a higher level of additional duties and responsibilities for these positions.

Other charges include a \$227,221 increase in transportation services due primarily to inflationary increases in Delegate Agency and Food Services contracts.

State, federal or government aid decreased due primarily to a 1% revenue reduction in the department Federal – Head Start contract.

FINAL BUDGET CHANGES

Revenue increased by \$178,856 due to fund balance being lower than anticipated.

VETERANS AFFAIRS

Bill Moseley

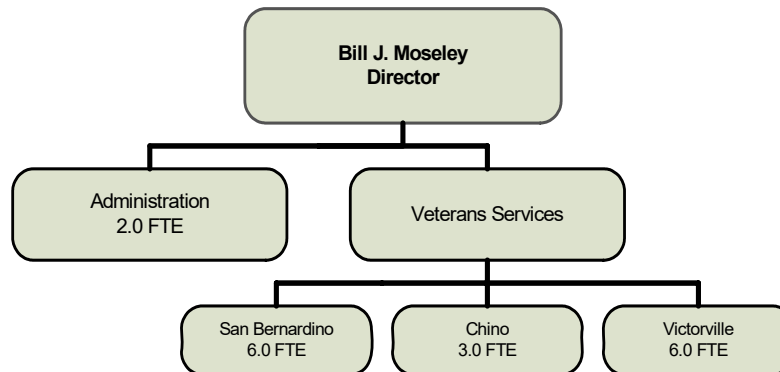

MISSION STATEMENT

The Department of Veterans Affairs promotes veterans' rights, veterans' issues, and access to services and benefits. It works with community organizations, local, state, and federal agencies to identify and obtain benefits for all veterans and their families.

STRATEGIC GOALS

1. Development of higher standards of customer service;
2. Increase outreach efforts of services provided by the department to services-connected disabled veterans and those recently separated from the military
3. Promote staff training and development in accordance with state and national training standards in order to meet Continuing Education Unit (CEU) requirements and to maintain United States Department of Veterans Affairs (USDVA) accreditation.

ORGANIZATIONAL CHART

Veterans Affairs

DESCRIPTION OF MAJOR SERVICES

According to the Secretary of the U.S. Department of Veterans Affairs, approximately one out of every three people in the United States is a potential VA beneficiary. In San Bernardino County, this means approximately 565,000 veterans, dependents and survivors may become recipients of veterans' benefits. Veterans Affairs (VA) provides information and assistance to residents in filing claims for benefits and services to which they may be entitled from federal, state, and local governments. These benefits include medical care, life insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation. County VA employees are often the initial contact with the VA system for veterans in our community.

Services to the veterans' community are concentrated in the following four areas:

Claims Assistance

- Provide benefits counseling, claim preparation, and development of probative evidence.
- Monitor claim adjudication and resolve issues or questions in favor of the veteran. Provide assistance with administrative and appellate review of claims.
- Administer the California College Fee Waiver program for dependents of disabled veterans in San Bernardino County.

Information and referral to other programs

- Make referrals to other county departments, i.e., Aging and Adult Services, Transitional Assistance Department, Community Services Behavioral Health, County Recorder, etc.
- Provide information and referrals to area homeless providers and emergency services providers.
- Make referrals to State and Federal agencies including Social Security and SSI, Employment Development, Railroad Retirement, Department of defense, etc.

Advocacy

- Individual advocacy entails resolution of adjudicative questions and concerns related to processing of an individual veteran's claim.
- Advocacy at the policy level includes resolution of local policy and procedural issues that better serve the bureaucracy rather than our veterans.
- Legislative advocacy involves providing state and federal elected officials with technical assistance regarding veterans' legislation.

Outreach

- Conduct outreach at retirement homes, mortuaries, schools, military separation programs, and service organizations (American Legion, Disabled American Veterans, Veterans of Foreign Wars, Elks, Rotary, etc.) for the purpose of informing the community of veterans' benefits and services.
- Participate in community events relevant to veterans: job fairs, stand-downs, government day events, etc.

In 2006-07, the department will incur increased costs from negotiated labor agreements, retirement, central computer charges and inflationary services and supplies purchases and will incur decrease costs in workers compensation and risk management insurance. These costs are reflected in the Change From 2005-06 Final Budget column.

Transfers are anticipated to increase by \$8,283 as result of an increase in Human Resources and Human Services costs.

Revenue is anticipated to decrease by \$3,617 due to the department receiving a one-time start-up fee from the State of California for the Barstow Veterans Home in 2005-06.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$800 for Fleet Management rate adjustments.

Drug Court Programs

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for administrative support and treatment costs for the Drug Court Programs. Funding is from grant revenues and from reimbursements by Alcohol and Drug Services of the Department of Behavioral Health.

There is no staffing or local cost associated with this budget unit.

The use of \$10,000 local cost in 2002-03 occurred in error and was repaid in 2003-04. Increased grant revenue in 2004-05 allowed for the provision of additional treatment services. Lower budget and actual expenditures for 2005-06 compared to 2004-05 were anticipated as the result of two U.S. Department of Justice grants that ended in 2005-06. The use of \$20,596 local cost in 2005-06 was due to an encumbrance that did not get cancelled before the accounting books were closed for the year. This will be corrected in 2006-07.

Grand Jury

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Its responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's office. Funding in this budget unit covers members' stipends, office supplies, administrative staff, and other support costs.

Until 1998, there was one staff member associated with this budget unit. When the Superior Court became a separate entity, this Grand Jury Assistant became a Court employee and costs for duties performed by the staff member are now reimbursed to the Court through a transfer accounted for in Agency Administration costs.

There is no staffing associated with this budget unit.

Indigent Defense Program

MISSION STATEMENT

The mission of the Indigent Defense Program is to provide competent and effective court-appointed legal representation, protect the constitutional rights of indigent persons in criminal matters, and represent parties involved in delinquency matters in a timely and fiscally responsible manner for cases where the Public Defender has declared a conflict or is otherwise unavailable.

DESCRIPTION OF MAJOR SERVICES

The Indigent Defense Program pays for court-appointed adult indigent criminal and juvenile delinquency legal representation services for clients the Public Defender cannot represent, and for Public Defender investigator and expert expenses on death penalty cases. The program administers attorney service and alternate dispute resolution contracts, monitors appointed caseloads and expenditures, and reports to the County Administrative Office.

There is no staffing associated with this budget unit.

Court Facilities/Judicial Benefits

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. However, under AB 233, the costs for facilities and the costs of locally authorized judicial benefits remain the responsibility of counties until SB1732, which directs the transfer of court facilities to the state, is fully implemented during the coming years. This budget unit was established in 1997-98 to appropriate funds for those facilities-related expenses (designated as services and supplies in the budget), and local judicial benefits (designated as other charges in the budget).

There is no staffing associated with this budget unit.

Expenditures were increased in 2004-05 due to increased building insurance cost, which has since declined. The decrease in insurance costs in 2005-06 was offset slightly by an increase in rent expense for the Rancho Juvenile Traffic Court. The overage in local cost for 2005-06 is due to an encumbrance not cancelled in time. This will be corrected in 2006-07.

In 2006-07, the budget unit will incur decreased costs of \$152,713 in building insurance. Due to recent Trial Court Funding legislation, responsibility for court facilities is being transitioned to the state over the next few years. As each facility transfers, appropriate adjustments in this budget unit will be included in the items brought to the Board. On April 11, 2006, the Board approved a short-term contract for staff assistance with this transition process. Due to several judicial retirements, costs for the benefits are expected to decrease slightly in 2006-07 and \$25,000 is transferred from other charges to transfers to fund this contract. These costs are reflected in the Change From 2005-06 Final Budget column.

Recent legislation could add 8 new judgeships to the Superior Court in late 2006-07. Budget for the local judicial benefits is not being increased at this time until actual timing of the judicial appointments is known. According to the county's agreement with the Superior Court, new judges authorized and appointed prior to January 1, 2008 will also receive these benefits. The amount per judge is approximately \$19,700.

FINAL BUDGET CHANGES

The first Court Facilities transfer took place June 27, 2006 for the Rancho Juvenile Traffic Court. The past appropriation for rent (transfers) in the amount of \$57,300 was moved to a new budget unit (AAA CFP).

Court Facilities Payments to the State

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California. The County must pay the State the amount that the County historically expended for operation and maintenance of each court facility. This budget unit was established in 2006-07 to budget and track these payments.

There is no staffing associated with this budget unit.

Trial Court Funding – Maintenance of Effort (MOE)

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. In return, the state allowed the counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be shared equally between the state and the county. Of the remaining one half of excess revenue retained by the county, 25% is transferred to the Courthouse Facility special revenue fund to assist with costs of the seismic retrofit/remodel of the central courthouse.

The county's historical MOE contribution of \$28,390,295 was made up of two components. The expenditure component of \$20,227,102 represented the adjusted 1994-95 county expenses for court operations and the revenue component of \$8,163,193 was based on the fine and forfeiture revenue sent to the state in 1994-95. The revenue component has been reduced to \$3,325,704 in 2006-07 due to legislation enacted in recent years. Therefore, the county's current MOE contribution is \$23,552,806.

Other legislation mandated that beginning in 2003-04, all California counties contribute an additional payment to the state toward court funding. The payment was intended to help the state during its budget crisis and was in lieu of the state taking counties' various undesignated revenues, which would be a much higher amount. San Bernardino County's share of the sweep was \$727,264 in 2005-06 and \$545,499 in 2006-07. This amount is expected to be reduced significantly in coming years; ending by 2009-10.

There is no staffing associated with this budget unit.

Transfer of revenue to the Courthouse Facility special revenue fund will increase from \$1,200,000 to \$1,250,000.

Other charges is reduced by \$3.9 million due to several legislative changes. The revenue Maintenance of Effort is reduced to partially offset civil assessment revenue and other revenues that now go to the state. Additionally, the payment to the state for the sweep of undesignated revenue is reduced by \$182,000 from the 2005-06 Final Budget. Corresponding changes to revenue are shown in the Change From 2005-06 Final Budget.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Courthouse Facility – Excess 25%

DESCRIPTION OF MAJOR SERVICES

Funding in this special revenue budget unit comes from 25% of the county's 50% share of excess fines collected above the county's revenue maintenance of effort obligation to the state associated with Trial Court Funding and is slated to be used for the Central Courthouse seismic retrofit/remodel project.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this budget unit are typically less than budget. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

Revenue in 2005-06 exceeded budget due to reduced and delayed expenditures and higher than anticipated interest earnings.

Operating transfers out is decreased in 2006-07 to reflect the reduction in beginning fund balance because transfers to the Central Courthouse retrofit/remodel project began during 2005-06. This reduction is offset by additional interest earnings and revenue from excess fines during 2006-07. Operating Transfers In is increased by \$200,000 to reflect current trends in the collections of excess fines. These costs are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

Operating transfers out decreased by \$539,533 and revenue increased by \$182,900 due to fund balance being lower than anticipated.

Courthouse Seismic Surcharge

DESCRIPTION OF MAJOR SERVICES

Funding for this special revenue budget comes from a \$35 surcharge on civil filings as authorized by Government Code section 70624. Surcharge revenues are slated to be used for the Central Courthouse seismic retrofit/remodel project.

In prior years, this surcharge revenue was accounted for in two separate special revenue funds – one fund for filings involving issues greater than \$25,000 and one fund for filings involving issues less than \$25,000 - because separate legislation authorized each category. The surcharge is now codified in the same Government Code section and this separation is no longer necessary. These revenues are now combined into one fund.

There is no staffing associated with this budget unit.

Fund Balance				8,166,541	

This history reflects the combination of the surcharge revenue previously accounted for in separate funds. Actual revenues in 2002-03 included full year collections for filings involving issues greater than \$25,000 but only half-year collections for filings involving issues less than \$25,000 because the legislation for the latter was not effective until January 1, 2003. Revenues in 2003-04 reflect full year collections for both categories.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

Interest revenue for 2005-06 is higher than budgeted because expenditures planned for 2005-06 will not occur until 2006-07, resulting in a higher fund balance coupled with increasing investment rates.

Operating transfers out increased by \$366,353 due to fund balance being higher than anticipated.

Alternate Dispute Resolution

DESCRIPTION OF MAJOR SERVICES

The Dispute Resolution Programs Act of 1986 authorizes the establishment and use of local dispute resolution services as an alternative to formal court proceedings. The county presently receives \$8 per civil filing fee which funds contracts for mediation services for small claims and unlawful detainer actions and certain settlement conferences, complex civil cases, and monetary matters in family law cases in the Superior Court. In accordance with the county's annual agreement with Superior Court, the court administers these contracts and pays the contractors directly from this budget.

There is no staffing associated with this budget.

Due to an accounting error at year-end closing for 2004-05, this fund resulted in a negative fund balance of \$56,251 for 2005-06. An accounting correction was done in 2005-06 to realign these balances.

In 2006-07, the budget unit will incur slightly increased contract costs. During 2004-05, actual revenues were recorded as fines and forfeitures. Since these revenues are from civil filing fees, this revenue was reclassified to current services. Current services revenue is further separated in 2006-07 to reflect contributions from the Superior Court. These costs are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

Services and supplies increased by \$84,217 due to fund balance being higher than anticipated.

Indigent Defense Special Revenue Fund

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the \$25 fee assessments that were collected from indigent defendants prior to the implementation of AB 3000. Prior to the passage of AB 3000 in 2002, existing law allowed the Board of Supervisors of a county to determine the order of priority in which disbursements are made from funds provided by payments on criminal fines and fees. AB 3000 required the Board to mandate the following order of priority for disbursement of fines and fee revenue: (a) restitution to the victim; (b) the 10% state surcharge; (c) fines, penalty assessments, and restitution fines, in an amount for each that is proportional to the total amount levied for all of those items; and (d) other reimbursable costs.

Simply put, AB 3000 imposed priorities for the distribution of funds collected. Since the \$25 assessment falls into category (d), registration fees are no longer collected when a defendant is assigned an attorney.

The fund balance of RMX IDC can be distributed at the discretion of the Board of Supervisors pursuant to Penal Code 987.5(e).

There is no staffing associated with this budget unit.

Actual expenditures were less than budgeted appropriation due to less than budgeted contingencies being expended. Actual revenue is greater than budgeted revenue due to higher than budgeted fee revenue and interest earnings. Fund balance in this budget unit is decreased significantly as the majority of the fund balance was transferred from this budget unit to the Indigent Defense Program budget unit in 2005-06 as approved by the Board of Supervisors on March 14, 2006.

In 2006-07, contingencies are reduced to reflect the decrease in estimated fund balance. The majority of the fund balance was transferred to the Indigent Defense Program budget unit in 2005-06 due to higher than anticipated attorney costs for that unit. Interest revenue is also decreased due to the decreased fund balance.

FINAL BUDGET CHANGES

Contingencies increased by \$13,178 due to fund balance being higher than anticipated.

DISTRICT ATTORNEY Michael A. Ramos

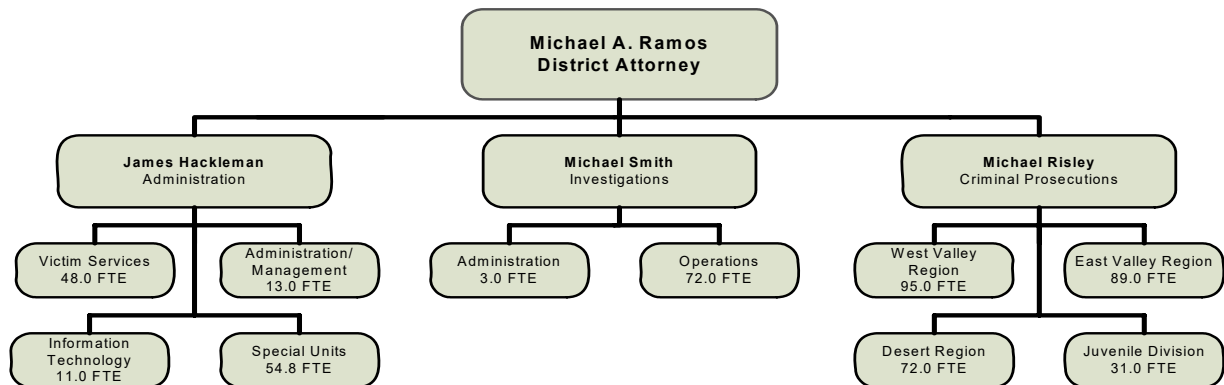

MISSION STATEMENT

It is the mission of the San Bernardino County District Attorney's Office to represent the interests of the people in the criminal justice system, as mandated by California State law. The San Bernardino County District Attorney's Office serves the residents of San Bernardino County by: seeking the truth; protecting the innocent; holding the guilty accountable; preserving the dignity of victims and their families; and ensuring that justice is done while always maintaining the highest ethical standards.

STRATEGIC GOALS

1. Protect the public from criminal activity by holding the guilty accountable.
2. Minimize the impact of crime upon the lives of victims, witnesses, and their families and assist them as they participate in the criminal justice system.

Criminal Prosecution

DESCRIPTION OF MAJOR SERVICES

The District Attorney is the public prosecutor and has the mandated responsibility to prosecute crimes committed within the County of San Bernardino, including all city jurisdictions, pursuant to Government Code 26500. Additionally the District Attorney's Office: provides legal assistance for criminal investigations conducted by law enforcement agencies throughout the county; is the legal advisor to the Grand Jury and is authorized to submit evidence and seek Indictments from that body; initiates civil commitment petitions to keep Mentally Disordered Offenders and Sexually Violent Predators in locked facilities; employs civil proceedings in asset forfeiture matters to seek the proceeds of criminal activity; and utilizes civil proceedings to seek sanctions and injunctive relief against businesses that pollute or create dangerous conditions for employees and citizens.

The District Attorney also has a duty to investigate crimes: District Attorney investigators work to prepare cases for trial and initiate special criminal investigations. The office also administers several state grants and other state revenues that fund prosecutors and investigators who handle Real Estate Fraud, Auto Insurance Fraud, Workers' Compensation Fraud, and other special areas of prosecution.

The District Attorney also has an ethical and legal responsibility to the victims of crime. The office seeks restitution for victims and provides emotional and financial support for victims and their families.

Finally, as the public prosecutor who handles all cases in the name of The People, the District Attorney has a responsibility to keep the citizens of this county informed through regular interaction with the media and the public.

In 2006-07, the department will incur increased costs in salaries and benefits due primarily to MOU and retirement cost increases combined with a mid year increase that added 10.0 full time employees (5.0 Senior Investigators and 1.0 System Forensic Technician for the Bureau of Investigation and 3.0 Deputy District Attorneys and 1.0 Senior Investigator for the Identity Theft Unit). The department is also requesting 1.0 Business Systems Analyst III and reclassification of a vacant Automated Systems Technician to a Programmer Analyst II to support the IT division; reclassification of a vacant Office Assistant II to Office Assistant III based on duties being performed; and 1.0 new Office Assistant III for support services due to increased workload.

Services and supplies are increasing due to risk management charges and inflation; central computer charges are also increasing. Equipment is increased to allow for the purchase of a high-speed scanner for the Sexually Violent Predator unit. Transfers are increased to reflect increased EHAP and rent costs. Reimbursements are increased to reflect increased employee costs for the Welfare Fraud Prosecution, Let's End Truancy, and Auto Theft Prosecution programs.

Taxes are increased as a result of the Prop 172 revenue increase; the increase represents the department's portion of the estimated Prop 172 growth of 9.1% in 2006-07, plus \$532,892 of one time funds to offset the increased salaries and benefits costs. State revenue increase is due primarily to the State reinstating

reimbursement for SB 90 mandated programs. The increase is offset slightly by minor grant reductions and changes in grant programs that have shifted from state to federally funded. Other financing sources are reduced due to the removal of one-time costs for the Gang Unit.

FINAL BUDGET CHANGES

Final budget changes include the approval of four of the department's requested policy items: (1) Special Units management staff at a cost of \$299,942, which includes 1.0 Chief Deputy DA and 1.0 Office Specialist to manage the large numbers of staff in special units off site locations; (2) Increased support staff at a cost of \$323,657, which includes 6.0 Office Assistant IIIs and 1.0 Office Assist IV to meet the demands of increased caseloads, new attorney staff, and changes in the law that has resulted in additional duties; (3) Victim Services staffing at a cost of \$133,716 that includes the addition of 1.0 Program Coordinator/Manager and 1.0 Office Assistant III to support the Children's Assessment Center; and (4) the Expanded Lifer Prison Parole Unit that adds 1.0 Deputy DA to attend parole hearings and represent the victims and People of the State of California at a cost of \$178,644. The total staff added for the policy items equals 12.0 employees; the total cost is \$935,959 (\$901,714 for salaries and benefits and \$34,245 for services and supplies).

In addition to the above approved policy items, the department was awarded an additional amount of grant money from the Office of Emergency Services. The additional award in the amount of \$394,249, increased salaries and benefits for 2006-07 and added 3.0 Deputy DA positions.

The Board approved an appropriation increase of \$91,300 for Fleet Management rate adjustments.

Child Abduction

DESCRIPTION OF MAJOR SERVICES

The Child Abduction and Recovery Program is currently required by Chapter 1399, Statutes of 1976, Custody of Minors. Under this statute, the District Attorney Child Abduction Unit is mandated to take all actions necessary to locate and return parentally abducted children to a safe environment. This program then oversees the prosecution of those who have criminally abducted children. The program requires District Attorney investigators to travel nationwide and to other countries to recover and return children to the custody of the adult ordered by the court.

Although the state mandates this program, counties have not been reimbursed for this program for several years, and since 2001-02, the county has backfilled the cost of the program with general fund monies. This year, the Governor restored funding for the program, so the budget unit includes state revenue replacing local cost funding.

In 2006-07, the department will incur increased costs in salaries and benefits due primarily to MOU and retirement cost increases that are offset by a slight decrease in Workers' Compensation insurance. Services and supplies are decreased by reducing budget for general office expense, travel expense, and vehicle charges. Transfers increased due to increased costs for leased space. State aid is increased due to the state reinstating reimbursement for SB 90 mandated programs; this increase is the direct result of the local cost decrease.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Real Estate Fraud

DESCRIPTION OF MAJOR SERVICES

On January 23, 1996, the Board of Supervisors adopted Resolution 96-14 to allow the county to collect, pursuant to Government Code Section 27388, a \$2 fee upon recording documents. These monies, in accordance with state law, are used to fund the Real Estate Fraud unit that investigates and prosecutes real estate fraud crimes in the county.

In this county the district attorney, not only prosecutes but, investigates all real estate fraud cases. The workload has steadily increased in the last several years and additional staffing is needed to meet the demand. The department is requesting two additional Investigators, one Investigative Technician and reclassification of a vacant paralegal position to an Office Assistant III.

Salaries and benefits are increasing due to increased MOU costs combined with the addition of 3.0 new positions. The department is requesting 2.0 Senior Investigators and 1.0 Investigative Technician due to workload requirements. In addition, the department is requesting the reclassification of a vacant Paralegal position to an Office Assistant III based on duties assigned to the position. Service and supplies are increasing due to inflation and start up costs for new employees. Transfers increased due to increased costs for leased space. Current services revenue is increased based on current receipts that continue their upward trend and show no sign of decreasing in the upcoming year. Contingencies are increased to reflect the increased fund balance as well as the increased revenue.

FINAL BUDGET CHANGES

Contingencies decreased by \$63,154 due to fund balance being lower than anticipated.

Auto Insurance Fraud

DESCRIPTION OF MAJOR SERVICES

Insurance fraud is a particular problem for automobile policyholders; as it is one of the biggest and fastest growing segments of insurance fraud and contributes substantially to the high cost of automobile insurance with particular significance in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums.

Under the direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by Section 1871 of the California Insurance Code, to the District Attorney's Office for investigation and prosecution of automobile insurance fraud. This budget unit administers those funds.

Workers' Compensation Insurance Fraud

DESCRIPTION OF MAJOR SERVICES

The Department of Insurance, pursuant to Section 1872.83 of the California Insurance Code, distributes funds to the District Attorney's Office for the investigation and prosecution of Workers' Compensation Insurance Fraud. These assessed funds represent a percentage of the total premiums collected by workers' compensation insurance companies and are distributed to investigate and prosecute workers' compensation fraud claims or claims relating to the willful failure to secure the payment of workers' compensation. Of all money collected by the state, 56% is retained by the state for fraud investigation and 44% is distributed statewide to District Attorney offices through a grant program. This budget unit administers those funds.

Increase in salaries and benefits is due to increased MOU and retirement costs combined with employee step increases. Service and supplies is increased due to inflation. Transfers increased due to increased costs for leased space. Contingencies are decreased due to increased operating costs combined with a decrease in estimated fund balance. Revenue is increased slightly due to increased interest earnings and an increase in state aid.

One Office Assistant III was added to this budget unit mid-year as a result of increased state funding.

FINAL BUDGET CHANGES

After publication of the proposed budget, this budget unit was notified by the state that it would receive additional funding for 2006-07 in the amount of \$281,098. The additional monies will be used to fund 3.0 additional District Attorney Senior Investigators. Consequently, salaries and benefits are increased by \$281,098. Other changes to this budget unit include an increase in service and supplies in the amount of \$23,031 for non-inventoriable equipment related to start up costs for the new investigators and \$80,000 for vehicles for the new investigators. The one time cost of the non-inventoriable equipment and vehicles will be funded by a \$103,031 decrease in contingencies.

Contingencies increased by \$43,827 due to fund balance being higher than anticipated.

State Asset Forfeitures

DESCRIPTION OF MAJOR SERVICES

The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizures and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from them while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeiture to purchase safe, effective equipment that they otherwise could not afford. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities.

The District Attorney's asset forfeiture program deters crime by depriving criminals of the profits and proceeds of their illegal activities. Two attorneys and support staff process asset forfeitures generated by activities of the Sheriff's department and police agencies in the county.

Revenue in the budget unit is difficult to predict and can vary greatly from year to year. Federal asset forfeiture funds will be transferred in 2006-07 to offset operating expenses for the State Asset Forfeiture unit due to lower than anticipated receipts in 2005-06 and estimated decreased revenue in 2006-07. In addition, staff in this budget unit will be phased out in 2006-07 due to the budget unit's diminishing revenue stream. Staff will be absorbed by the District Attorney's Criminal unit through attrition.

Budgeted Staffing					5.0	3.3	(1.7)

Although this budget unit will experience increased MOU costs, salaries and benefits are decreasing due to a reduction in budgeted staff hours equating to 1.7 positions. The decrease is necessary due to a decrease in revenue and estimated fund balance. The decrease in staff directly correlates to the decrease in service and supplies and transfers out for leased space. Reimbursements are increased as a result of money transferred to this budget unit from the federal asset forfeiture budget unit. Because revenue in this budget unit is difficult to predict, revenue is reduced to coincide with the downward trend seen in recent years.

Since this budget unit continues to experience declining revenue, the District Attorney intends to eliminate the positions from this budget unit by absorbing them into the District Attorney Criminal unit. This will be accomplished through attrition.

FINAL BUDGET CHANGES

Contingencies increased by \$2,511 due to fund balance being higher than anticipated.

Specialized Prosecutions

DESCRIPTION OF MAJOR SERVICES

The District Attorney's Specialized Prosecutions unit was established in 1990-91 with funding from various fines and forfeitures to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal-OSHA laws. This budget unit funds two Deputy District Attorneys, three investigators, an investigative technician, and a secretary.

Salaries and benefits are increasing in 2006-07 due to increased MOU and retirement costs, as well as employee step increases. Transfers for EHAP and rent costs are also increasing. These increases are offset by a decrease in services and supplies. Contingencies are decreasing due to decreased revenues in 2005-06, which also accounts for the estimated decreased fund balance. Revenue is decreased to reflect the recent downward trend.

FINAL BUDGET CHANGES

Due to a significant revenue shortfall in 2005-06, this budget unit's fund balance was reduced by \$366,226. Due to this reduction, salaries and benefits, services and supplies, and transfers out were decreased. The budget unit decreased salaries and benefits by \$72,187 by eliminating .50 DA Senior Investigator; services and supplies were decreased by \$12,001 through a reduction of general office expense, computer hardware expense, and vehicle charges; and transfers out were decreased by \$11,324. Also resulting from the decrease in fund balance, contingencies in the amount of \$270,714 were eliminated.

Vehicle Fees – Auto Theft

DESCRIPTION OF MAJOR SERVICES

In May of 1995, the San Bernardino County Board of Supervisors adopted a resolution, pursuant to Vehicle Code 9250.14 to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration to be used to enhance the capacity of local police and prosecutors to deter, investigate, and prosecute vehicle theft crimes. This budget unit represents the District Attorney's share of the \$1 registration assessment on vehicles registered in San Bernardino County and funds prosecutors and an investigator assigned to automobile theft crimes countywide. Activities for the vehicle fees – auto theft budget unit are accounted for in the District Attorney's Criminal budget unit, consequently all transfers are made to that budget unit.

There is no staffing associated with this budget unit.

Transfers to the District Attorney's Criminal budget unit are increasing in 2006-07 as a result of higher MOU and retirement costs, as well as increases in Risk Management rates. Inflation and increased central computer charges account for the balance of the increase. Since revenue is decreased to reflect 2005-06 trend, increased costs will be offset through utilization of the budget unit's fund balance. Contingencies are reduced to reflect expenses outpacing revenues.

FINAL BUDGET CHANGES

Contingencies increased by \$7,658 due to fund balance being higher than anticipated.

Federal Asset Forfeitures

DESCRIPTION OF MAJOR SERVICES

In 1984, Congress enacted the Comprehensive Crime Control Act, which gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund (AFF). The proceeds from the sale of forfeited assets such as real property, vehicles, businesses, financial instruments, vessels, aircraft, and jewelry are deposited into the AFF and are subsequently used to further law enforcement initiatives.

Under the Equitable Sharing Program, the proceeds from sales of seized assets are often shared with the state and local enforcement agencies that participated in the investigation, which led to the seizure of the assets. This important program enhances law enforcement cooperation between state, local, and federal agencies. This budget unit represents federal asset forfeitures processed by the District Attorney's Federal Asset Forfeiture unit. The U.S. Department of Justice sets forth the terms by which law enforcements may use these funds.

There is no staffing associated with this budget unit.

Departmental Revenue	110,167	30,370	16,574	12,500	70,000
Fund Balance				111,449	

Actual expenditures are less than budgeted appropriation as no contingencies were expended in 2005-06. However, due to actual revenue being higher than budgeted revenue, an unanticipated operating transfer was made to fund costs associated with law enforcement activities in the State Asset Forfeiture budget unit per terms set forth by the Department of Justice.

Federal Asset Forfeiture revenue is difficult to predict. Proposed revenue is estimated based upon prior year's actual receipts. Transfers are budgeted to fund costs associated with law enforcement activities per the terms set forth by the U.S. Department of Justice. Qualifying activities include those performed by the District Attorney's State Asset Forfeiture Unit. Due to decreasing revenue, transfers were not made in 2004-05 or budgeted for 2005-06. Higher than anticipated revenue in 2005-06 allowed for a transfer of funds to the State Asset Forfeiture budget unit and will allow for an increased transfer in 2006-07.

FINAL BUDGET CHANGES

Contingencies increased by \$10,867 due to fund balance being higher than anticipated.

LAW & JUSTICE GROUP ADMINISTRATION

Jerry L. Harper, Chairman

MISSION STATEMENT

The mission of the Law and Justice Group Executive Committee is to enhance the quality of life, provide for the safety of all citizens, and promote the principles of justice within San Bernardino County by coordinating resources and services, including justice facilities and information management.

STRATEGIC GOALS

1. Reduce the length of time required to move cases through the criminal justice system.
2. Increase amount of grant funding received for Law and Justice Group projects.
3. Reduce the negative effects of gang-related crimes on the citizens of the county.

The 2004-05 actual included Southwest Border Prosecution Initiative reimbursements resulting in a negative local cost at year end. These reimbursements were later placed in reserve in accordance with Board policy.

The variance between 2005-06 Modified Budget and Actual Appropriation and Revenue is also due to Southwest Border Prosecution Initiative expenditures and revenue that were not realized in the current year. In order to avoid ongoing variances related to transfers in and out of general fund reserves, the Board approved a new special revenue fund that will account for this revenue.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to other department recommendations.

In 2005-06, revenue was budgeted for a Board-approved program that is now administered through a separate special revenue fund, the Southwest Border Prosecution Initiative.

Reimbursements under the SWBPI program were held in reserve until a special revenue fund was recently established. This change is reflected by the budgeted Operating Transfers In, along with projected receipts from the federal government for the upcoming year. Since recommended projects are presented to the Board for approval, appropriation is held in contingencies until approved. In 2004-05 and 2005-06, funding was allocated to the Sheriff, District Attorney and Probation Departments for gang-related law enforcement activities, as well as fixed assets and other projects. MISSION STATEMENT

To protect the community through assessment, treatment and control of adult and juvenile offenders by providing a range of effective services based on legal requirements and recognized professional standards.

STRATEGIC GOALS

1. Protect the community by providing probation supervision that parallels offender risk.
2. Use risk and needs based classification for juveniles, to provide treatment and ensure safety in juvenile hall.
3. Provide skills based therapy and substance abuse services for youth to be productive in the community.

ORGANIZATIONAL CHART

The organizational chart reflects a growing High Desert Juvenile Hall, the addition of staff related to enhanced treatment and juvenile mental health services, and a smaller Bridges community service program due to funding limitations.

Administration, Corrections and Detention

DESCRIPTION OF MAJOR SERVICES

Probation Administration is responsible for overall management of the department. To ensure safe field services and institutions, administration focuses on leadership with integrity and satisfaction of customers and staff.

The Community Corrections Bureau (CCB) provides adult and juvenile probationer investigation and case management services. As the primary public safety arm for Probation, the CCB focuses on providing efficient and cost-effective strategies, thereby promoting safe communities and quality of life for all residents in San Bernardino County.

The Detention Corrections Bureau (DCB) operates the county's juvenile detention and assessment centers that protect the community by providing a secure environment for legally detained youth. The centers provide for the medical, educational and other programmatic needs of the minors. The High Desert Juvenile Detention and Assessment Center will expand to 140 beds by March 2007. The DCB houses an average daily population of 500 youth.

The Probation Department's emphasis on juvenile mental health services is reflected in the 2006-07 budget. Increased costs stem from enhanced identification, assessment and treatment of minors with physical, emotional and mental health needs and learning disabilities. Collaboration with other departments will result in individualized therapy, crisis intervention, counseling, team treatment planning and evidence-based group therapy for minors detained in the three juvenile detention facilities and probation-operated treatment programs.

BUDGET HISTORY

The budget history reflects the combination of Detention and Corrections with Administration and Community Corrections in to one general fund budget unit for the department beginning in 2005-06. This action simplifies the budget tracking process due to staffing rotations and revenue streams that intertwine the bureaus.

Actual expenditures in 2005-06 were less than budgeted due to significant salary savings related to vacancies, attrition and budgeted contingencies that were not fully utilized. The Board approved the department's request to reserve \$3.7 million in the Juvenile Maximum Security Reserve for renovation of Central Juvenile Hall.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These are reflected in the Change From 2005-06 Final Budget column along with increased Prop 172 revenue, Board approved mid-year adjustments, mandated costs, further expansion of the High Desert Juvenile Detention and Assessment Center and other programmatic adjustments recommended by the department; for a total net local cost increase of \$9,689,386 and 34.0 staff.

The mid-year reclassification of Probation Night Custody Officers to Probation Corrections Officers is included in the proposed budget, at an additional cost of \$125,000. The budget also contains significant mandated costs, approved by the Board in April 2006, associated with the implementation of evidence-based treatments in the juvenile halls and probation-operated treatment facilities. These pro-rated costs account for salaries and

benefits, in the ongoing amount of \$2,475,000 for 29.7 FTE and \$547,043 in one-time costs. Contingencies are reduced by \$1,200,000 to offset these increased expenses. Additional programmatic changes will occur in 2007-08 that will result in approximately \$825,000 additional ongoing Board approved cost.

Costs associated with the High Desert Juvenile Detention and Assessment Center will increase in 2006-07 as discussed above. The facility's occupancy is projected to increase by 20 beds in September 2006 and an additional 20 beds in March 2007, for a total of 140 youth. The budget includes additional staffing of 39.8 FTE and incremental local cost, in the amount of \$2.5 million, predominantly for staffing. Likewise, this number and the corresponding local cost will increase next year to fully fund pro-rated positions and increases in the juvenile detention population.

Other recommended adjustments include the addition of 9.1 new positions, increased rent cost, and a required workers compensation surcharge. These increases are offset by reduced vehicle costs and partially funded positions, totaling (20.4) FTE, due to anticipated vacancies. Staffing is decreased in other programmatic areas. The Probation-To-Work program, consisting of 8.0 FTE, is eliminated due to decreased funding; 9.0 FTE are lost in the Bridges community service program, to offset the loss of Title IV-E revenue, due to changes in eligible claiming; and Prop 36 drug programs and staffing are decreased by 6.3 FTE due to funding reductions.

This budget unit contains growth in Prop 172 taxes of \$2,412,500. There is also an increase in fee revenue related to expansion of the Electronic Monitoring Program, and the increase in realignment is a shift in the Human Services funding for Camp Heart Bar, from incentive funds to realignment.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$251,100 for Fleet Management rate adjustments.

The Board approved an appropriation increase of \$94,527 for a Business Process Improvement request for remote probationer reporting kiosks.

The Board approved a \$1.1 million revenue realignment revenue reduction with an offsetting increase in local cost to fund the Camp Heart Bar program, as well as \$142,000 in local cost to replace HS reimbursements for one probation officer salary, services and supplies, and equipment costs.

The Board approved an appropriation increase of \$76,800 for lease costs to expand space for the probation department in the Morongo Basin.

The Board approved appropriation and revenue increases of \$79,000 related to a grant for youth programs.

The Board approved an appropriations increase of \$808,900 for a new Mentally Ill Offender Supervision Unit consisting of 8.0 positions, two vehicles, and services and supplies.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Percentage of new adult offenders assessed with a risk instrument within 60 days of release from custody.	59%	95%
Number of monthly home calls and searches per high risk caseload.	15	20
Percentage of adult offenders referred to treatment programs.	42%	52%
Number of Use of Force incidents per 100 youth each month.	6.3	5.0
Percentage of new convictions following graduation from RYEF.	34%	19%
Percentage of minors testing positive for drugs following RYEF graduation.	44%	19%
Percentage of mentally-impaired offenders that spend time in county jail.	N/A	25%
Percentage of probationers that attend counseling or training sessions.	N/A	10%

The performance measures for this budget unit demonstrate an emphasis on appropriate assessment and supervision, to parallel an offender's risk to the community, as well as enhanced treatment options.

Court-Ordered Placements

DESCRIPTION OF MAJOR SERVICES

Juveniles are committed to the California Youth Authority or group homes to facilitate their rehabilitation, in an attempt to offer intervention programs that will lead to their future safety and productivity. The county is required to pay costs of support for those minors not eligible for state or federal reimbursement programs. Appropriations are managed in an independent budget to identify expenditures and separate ongoing operational costs.

There is no staffing associated with this budget unit.

The department has sought alternatives to reduce court-ordered placements through a variety of programs that offer better service for our clients, and are innovative, efficient, and cost effective. A positive trend shows that placements have decreased significantly, by more than 70% since 2002-03, thereby reducing general fund expenditures.

Although expenditures have steadily decreased, appropriation related to commitments of minors to the California Youth Authority and foster care placements are maintained at the existing level of funding for 2006-07 due to population growth in the region and a related increase in juvenile detention and placements.

FINAL BUDGET CHANGES

The Board approved a decrease in reimbursements by replacing realignment funding with local cost.

Juvenile Justice Grant Program

DESCRIPTION OF MAJOR SERVICES

The Juvenile Justice Crime Prevention Act allocates state resources annually to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This Plan identifies and addresses public safety gaps in services for juvenile offenders and their families throughout San Bernardino County.

Current programs include Day Reporting Centers, House Arrest Program, SUCCESS Program, School Probation Officers, and a variety of others, each designed to effectively meet the diverse needs of youth.

The 2005-06 budget reflects increased appropriation, as compared to actual expenditures, because it includes the state allocations that remain in contingency for the following year. Revenue is less than budgeted due to a change in the timing of payments at the state level to reduce advance payments that have been deposited with local governments far in advance of program expenditures.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, worker's compensation, central computer, professional services and other inflationary services and supplies purchases; and will limit vehicle charges to offset a portion of the increased costs.

Other changes include 1.2 decrease in staffing, related to anticipated salary savings and the transfer of one position to administration. Contingencies are also decreased as previously discussed.

Revenue is reduced due to the shift in the state's payment schedule (reflects a 25% reduction), and is partially offset by increased revenues from school districts for the on-site probation officers.

FINAL BUDGET CHANGES

Contingencies decreased by \$40,503 due to fund balance being lower than anticipated.

Asset Forfeiture 15%

DESCRIPTION OF MAJOR SERVICES

State of California Health and Safety Code Section 11489 mandates that fifteen percent of distributed seizure funds be used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity, including drug and gang unit expenses not reimbursed through other sources.

There is no staffing associated with this budget unit.

PUBLIC DEFENDER Doreen Boxer

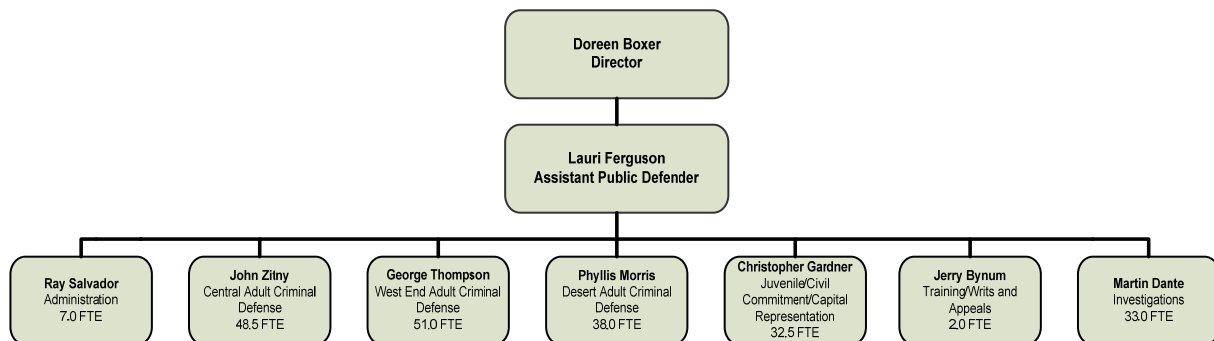

MISSION STATEMENT

The Public Defender protects the statutory and constitutional rights of individuals by providing skilled legal counsel and zealous courtroom advocacy at all critical phases of state-level criminal and civil commitment litigation.

STRATEGIC GOALS

1. Reduce backlog of old cases.
2. Reduce personal conflicts between staff and clients.
3. Increase training in all classifications and institute a new mentoring program to "train our successors."
4. Reduce number of declared conflicts.
5. Reduce number of cases from which this office is relieved.
6. Provide constitutionally mandated representation at all critical phases of criminal litigation.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Public Defender represents indigent clients in misdemeanor, felony, juvenile delinquency, and mental health civil commitment cases. The Public Defender's Office plays a key role in the timely administration of justice by providing constitutionally mandated legal services to indigent clients at every critical stage of the proceedings. Services provided by the Public Defender include investigating the underlying facts and circumstances of each case, performing legal research, writing briefs and writs, counseling clients regarding their legal rights and applicable procedures, negotiating with prosecuting authorities, filing and litigating pre-trial motions, and conducting bench and jury trials.

The present Public Defender was appointed on March 14, 2006 and is currently assessing internal organization, office efficiency, and the Public Defender's ability to keep pace with the County's rapidly growing criminal filings. The newly appointed Public Defender is focused on establishing stability within the department, addressing significant chronic staffing shortages, and updating antiquated technological processes so the department can deliver exceptional representation at all critical stages of litigation.

In addition, the Public Defender is in the process of completing a comprehensive needs assessment and will present those findings to the San Bernardino County Board of Supervisors as soon as they are available.

In 2006-07, the department will incur increased costs in salaries and benefits due primarily to MOU and retirement cost increases combined with salary step increases and a mid-year increase that added 10.0 full time employees (1.0 Investigative Technician, 2.0 Office Assistant III, 1.0 Office Assistant IV, 1.0 Automated Systems Technician, 1.0 Social Services Practitioner, 1.0 Interviewer, 2.0 Deputy Public Defender IV, and 1.0 Supervising Deputy Public Defender). Services and supplies are increasing due to inflation and non-inventoriable equipment expense; central computer charges are also increasing. Vehicles are increased to reflect the purchase of six new vehicles that will be used primarily by the investigative staff. Transfers are increased to reflect increased EHAP and rent costs.

Increased revenue from current services will partially offset increased costs. In addition, the state has resumed payment of SB 90 claims, which accounts for the increase in state aid.

FINAL BUDGET CHANGES

Final budget changes include the approval of eight of the department's policy items: (1) Office Support Staff for the Barstow office at a cost of \$51,684 that added 1.0 Office Assistant II; (2) Writs and Appeals/Training at a cost of \$244,252, which added 2.0 positions (1.0 Deputy PD and 1.0 Office Assistant) to litigate matters on the appellate level and provide training to all attorneys in the office; (3) Arraignment Staffing at a cost of \$428,215,

which added 3.0 positions (2.0 Deputy PD and 1.0 Office Assistant) to staff the Arraignment Court so the Public Defender can provide constitutionally mandated representation at arraignments; (4 and 5) Additional 4.0 attorney positions at a cost of \$735,852 – 2.0 in Central Division and 2.0 in the Juvenile Division – to handle extremely high caseloads and assist in eliminating the current backlog; (6) Conversion of two extra help positions to regular positions at a cost of \$83,402; (7) Addition of 1.0 Supervising Attorney at a cost of \$196,254 for the Juvenile Division; and (8) Three (3.0) Investigator positions at a cost of \$415,113, which includes three vehicles, for the juvenile, west, and central divisions. The total staff added for the policy items equals 14.0 positions at a total cost of \$2,154,772 (\$1,819,390 salaries and benefits, \$260,382 services and supplies; and \$75,000 for vehicles).

In addition to the above approved policy items, the department was given a local cost increase of \$14,531 related to Public Defender Investigator classification actions as approved by the Board on June 6, 2006.

The Board approved an appropriation increase and local cost of \$27,300 for Fleet Management rate adjustments.

SHERIFF-CORONER

Gary S. Penrod

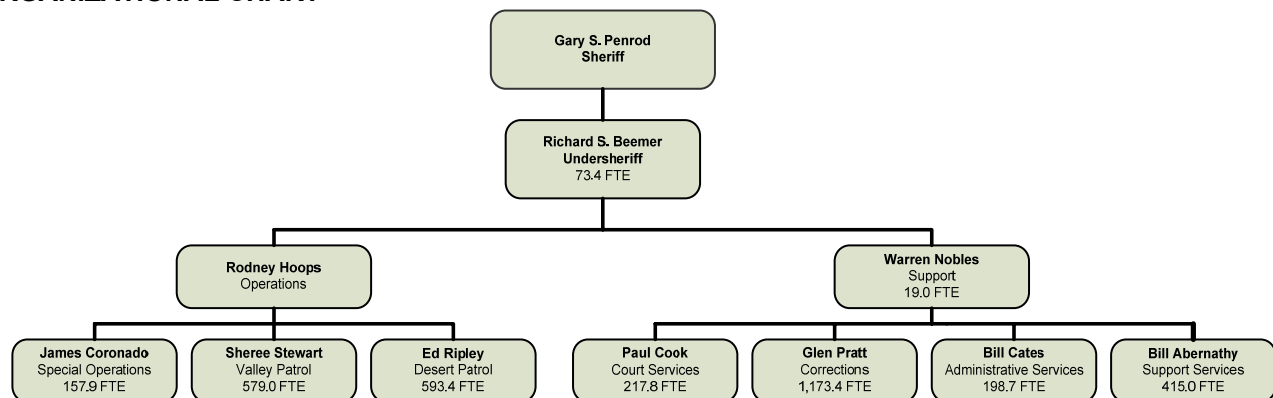

MISSION STATEMENT

To provide professional public safety services to residents and visitors of San Bernardino County so they can be safe and secure in their homes and businesses.

STRATEGIC GOALS

1. Enhance response capabilities to disasters and other significant emergencies.
2. Enhance inmate and officer safety in our detention and corrections operations, including court security functions.
3. Enhance the service capability of Coroner operations.
4. Enhance first responder and investigative follow-up capability to reported crimes.

Sheriff-Coroner

DESCRIPTION OF MAJOR SERVICES

The Sheriff acts as chief law enforcement officer, coroner and director of safety and security for the county, by providing a full range of services throughout the unincorporated areas, as well as to 14 cities that contract for law enforcement protection.

The general law enforcement mission is carried out through the operation of 10 county stations and a centralized headquarters, using basic crime and narcotic investigations, a crime laboratory and identification bureau, central records, communications dispatch, and an aviation division for general patrol and search and rescue activities. The Sheriff also contracts with the courts to provide security and civil processing, and manages four major detention facilities – Central Detention Center, Glen Helen Rehabilitation Center, West Valley Detention Center and Adelanto Detention Center. The department also operates a regional law enforcement training center and emergency driver training facility.

BUDGET HISTORY

The budget history reflects the Sheriff-Coroner merger beginning in 2005-06.

The revenue variance is primarily due to a reduction in available housing for federal prisoners because of the significant growth in county inmate population. In addition, contract city revenue is reduced for the time period that any approved positions were vacant. Expenses were slightly lower than expected due to salary savings resulting from a delayed opening of the newly acquired Adelanto Detention Center.

In 2006-07, the department will incur increased costs of \$8,529,056 for negotiated labor agreements; an increase of \$6,386,019 in retirement costs; \$925,601 for risk management; \$562,355 in central computer charges; and inflationary services and supplies purchases of \$574,371; and will incur decreases totaling \$1,646,170 in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to full year funding for the Adelanto Detention Center, position reclassifications, Board approved mid-year adjustments, mandated programs and department recommendations. Full-year funding for the Adelanto Detention Center resulted in a net increase of \$3,751,812 in local cost and 30.3 FTE. This increase reflects full year funding for general employee classifications. Due to advanced training requirements, safety personnel were budgeted for the full year in 2005-06. In addition, the Board approved reclassification of several dispatcher, criminalist, medical examiner and secretarial positions totaling nearly

\$350,000 due to operational changes in various divisions including the coroner's office. The coroner division also received mid-year approval for an additional 14.0 FTE in staffing for a \$1,168,483 increase in salaries and benefits and \$50,000 in services and supplies for increase in autopsy contract costs.

Other mid-year increases in law enforcement consist of the addition of 36.0 personnel to city contracts, 7.0 deputies for the court security contract, and 12.0 new patrol deputies for unincorporated areas. These 53 positions result in an increase of \$5,923,326 in appropriations with corresponding revenue. The department is requesting approval for the reclassification of one Office Assistant III to Sheriff's Custody Assistant for the Barstow Station.

In addition, the newly-established Immigration and Customs Enforcement Unit at West Valley Detention Center resulted in the mid-year addition of 9.0 full-time positions, at a cost of \$631,044. The Board approved 6.0 FTE for a San Manuel patrol contract, at \$715,000, plus 1.0 FTE for \$66,000 for the work release program during the year.

The remaining departmental adjustments include the addition of 16.4 FTE deputy trainees to accommodate additional academy training to meet workload demands; 8.5 new positions including administration, information technology, nursing and County security contracts administration; and a net decrease of 10.7 FTE in extra help positions and overtime, in order to fully fund partially budgeted full-time positions in dispatch, motor pool, crime lab and training. The net cost of these adjustments is \$648,076. Proposed reclassifications for three Sheriff's Civil Technicians to one Office Specialist and two Office Assistant II's are included in the budget, as well as the reclassification of an Automated Systems Analyst I to Systems Support Analyst II. These changes will support operational plans in the coming year.

Equipment costs appear to be decreasing significantly, but the change is due to the purchase of one helicopter that was budgeted last year. Vehicle expenditures are increasing, as the department plans to purchase a replacement jail bus for \$500,000. Reimbursements are increased in 2006-07 due to the sheriff's administration of the appropriations and revenue related to County security contracts, a process that the department has informally managed for some time. The budget also reflects a large decrease in transfers, as discussed below.

Anticipated growth in Prop 172 revenue is estimated at \$13.5 million, \$10,899,572 of which is allocated in target. The remaining (unallocated) \$2,600,000 is available to the Department and is intended to be included in the 2006-07 budget as a final budget adjustment. The change from 2005-06 appears to be smaller because it does not include one-time allocations totaling \$8.8 million that were included previously and budgeted as operating transfers.

Federal U.S. Marshal Service revenue, including transportation and medical reimbursements, is reduced by \$10.7 million in 2006-07 due to our mandate to provide housing for County prisoners. With rapid population growth, the Sheriff's Department has experienced a steep and rapid increase in housing requirements. The County's contract with the Marshal requires a minimum of 320 beds to house federal inmates through April 2009.

Revenue from law enforcement contracts is increasing in 2006-07 by almost the same amount, approximately \$11 million. This is due to amendments increasing staff and vehicles, and also the increases in staff costs related to MOU adjustments and benefits.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$67,000 and a revenue increase of \$20,900 for Fleet Management rate adjustments.

The Board approved a Business Process Improvement request for a Laboratory Information Management System (LIMS), resulting in an appropriation increase of \$1,900,000.

The Board approved an appropriation increase of \$120,000 for lease costs to expand and relocate high desert morgue operations.

The Board approved appropriation and revenue increases totaling \$490,208, related to Homeland Security and Department of Boating and Waterways grants.

The Board approved an appropriation increase of \$500,000 to replace a jail bus, and an additional \$400,000 for taser purchases for deputies in unincorporated patrol areas.

The Board approved an appropriation increase of \$1,505,748 for the addition of 12.0 unincorporated patrol deputies.

The Board approved appropriation and revenue increases totaling \$6,496,787 for contract city amendments, to add 48.0 positions, services and supplies, equipment, and vehicles.

The Board approved an appropriation and revenue increase of \$2,610,428, reflecting unallocated Prop 172 growth, to fund a portion of the department's computer replacement program and 28 new positions, including dispatchers, medical personnel, booking officers, and a patrol sergeant.

The Board approved appropriation increases totaling \$348,729 with offsetting reimbursements of \$241,229, for classification actions relating to a nursing classification study, reclassification of a maintenance manager, restoration of a crime prevention coordinator, and the addition of 2.0 criminalists whose costs are reimbursed by a trust fund.

The Board approved appropriation and revenue increases of \$156,500 related to fee changes for polygraphs, the work release program, and reserve deputies for public gatherings.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Number of inmate-on-inmate assaults per 1,000 prisoners per month.	11.5	10.35
Percentage of autopsies performed per reportable deaths.	6%	16%
Average number of floor sleepers per month.	126	63

Number of incoming calls per dispatcher.	10,210	9,189
Number of cases per crime lab investigator.	900	900
Annual fuel and maintenance costs per mile	\$3.07	\$2.46

The performance measures for this budget unit reflect the county's public safety priorities and the department's goals, to provide sufficient jail space that is safe for inmates and employees, to enhance coroner operations in an ongoing effort to meet the demands of rapid population growth in the region, and to enhance first responder and investigative follow-up to reported crimes.

Contract Training

DESCRIPTION OF MAJOR SERVICES

Contract Training represents a special law enforcement training function provided to the Sheriff Department and other law enforcement agencies that prepare candidates for law enforcement positions and update skills of those already in the field. Fees for service provide the funding for contract law enforcement training activities. A large contract for driver training with San Bernardino Valley College provides substantial funding for this program.

There is no staffing associated with this budget unit; however salary and benefit costs are reimbursed to the general fund for those positions billing for their services at both the Emergency Vehicle Operations Center (EVO) and the Training Academy.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this budget unit are typically less than budget. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

In addition, a portion of the expense variance is related to an asphalt project at the Academy and vehicles purchases that were both deferred. Revenue in 2005-06 is lower due to fewer class offerings and POST (Peace Officers Standard of Training) reimbursements.

In 2006-07, the department will incur increased costs in services and supplies, central computer charges, equipment, vehicles and transfers. These costs are reflected in the Change From 2005-06 Final Budget column. Decreased revenue represents declining POST reimbursements and adjusted fee revenue according to recent trends.

FINAL BUDGET CHANGES

Contingencies increased by \$171,579 due to fund balance being higher than anticipated.

Public Gatherings

DESCRIPTION OF MAJOR SERVICES

The Sheriff's Department provides protective services for various public gathering functions throughout the county. These services are fully funded by fees charged to each sponsoring organization.

In 2006-07, the department will incur increased costs in salaries, PST deferred compensation and central computer charges; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to increased demand for services and corresponding revenue.

FINAL BUDGET CHANGES

Contingencies decreased by \$146,775 due to fund balance being lower than anticipated. Appropriation and revenue increased by \$141,311 due to the increased hourly rate for Sheriff Reserve Deputies based on MOU adjustments.

Aviation

DESCRIPTION OF MAJOR SERVICES

The Aviation Division of the Sheriff's Department provides law enforcement, search and rescue, fire suppression and transportation services for the county and other fire and law enforcement agencies. This fund is established for the maintenance and acquisition of helicopters, aircraft, and equipment for search and rescue, fire fighting and flight operations, with contract revenue and proceeds from the sale of surplus aircraft and equipment.

There is no staffing associated with this budget unit.

In 2006-07, the department will incur increased costs in equipment to modify new helicopters, and increased revenue from the sale of additional older aircraft. These adjustments are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

The Board approved an increase in appropriation and revenue for the sale of used aircraft that will be used to reimburse the Sheriff's Prop 172 Reserve (AAG-SHR), which was used to purchase a helicopter in 2005-06. Services and supplies decreased by \$19,413 due to fund balance being lower than anticipated.

IRNET Federal

DESCRIPTION OF MAJOR SERVICES

This fund accounts for the Inland Regional Narcotics Enforcement Team (IRNET) share of federal asset forfeitures. IRNET is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. It also accounts for the High Intensity Drug Trafficking Area (HITDA) grant from the Office of National Drug Control Policy allocated for task force operation expenses. The fund is maintained according to federal audit requirements.

There are no staffing associated with this budget unit.

IRNET State

DESCRIPTION OF MAJOR SERVICES

This fund accounts for the Inland Regional Narcotics Enforcement Team (IRNET) share of state asset forfeitures, and was established to comply with federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds. Expenditures in this fund include task force operating expenses not reimbursed by the High Intensity Drug Trafficking Area (HIDTA) grant and electronic surveillance used to efficiently investigate sophisticated criminal organizations.

There is no staffing associated with this budget unit.

State Seized Assets

DESCRIPTION OF MAJOR SERVICES

This fund accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health Safety Code requires these funds to be maintained and accounted for in a special fund and that 15% of all forfeitures made after January 1994 be set aside for drug education and gang intervention programs. Current appropriations offset a portion of the labor costs for staff assigned to the Inland Regional Narcotics Enforcement Team (IRNET) and High Density Drug Trafficking Area (HIDTA) task forces. The 15% allocated to drug education programs is used to fund the Sheriff's Drug Use is Life Abuse (DUILA), Crime Free Multi-housing, Law Enforcement Internship and Operation Clean Sweep programs. Funds are also used for maintenance of seized properties.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this budget unit are typically less than budget. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

Expenses in this fund were reduced significantly, due to decreased state asset forfeiture revenue due to delays in cases that generate the revenue for this task force. There was also accrued expenses and revenue from the prior year that increased both variances.

In 2006-07, the department will incur increased costs in services and supplies purchases for drug education programming and decreased transfers to the general fund for task force salaries and benefits. Revenue is estimated based on cases pending disposition, which directly affects all budgeted expenditures. These costs are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

The Board approved an appropriation decrease in services and supplies of \$20,500 and offsetting increase in transfers of \$20,500 to the general fund, to restore a crime prevention coordinator position in the department. State revenue decreased by \$474,775 due to fund balance being higher than anticipated.

Vehicle Theft Task Force

DESCRIPTION OF MAJOR SERVICES

This fund accounts for vehicle registration assessments allocated to the San Bernardino County Auto Theft Task Force (SANCATT), established in 1995 by the Board of Supervisors to investigate major vehicle theft organizations. Revenue from these fees offsets operating expenses for qualified expenditures by participating agencies.

There are no staffing associated with this budget unit.

In 2006-07, the department will incur increased costs in safety unit salaries and benefits. Although these costs are incurred in the Sheriff's general fund, they are reflected in the Change From 2005-06 Final Budget column, by means of transfers out, along with a decrease in fund contingencies. As noted above, an increase in revenue offsets this additional costs.

FINAL BUDGET CHANGES

Services and supplies increased by \$255,625 due to fund balance being higher than anticipated.

In 2006-07, the department will incur increased costs for updated equipment and vehicles. Revenue is budgeted at an amount typical of most years, and reimbursements from outside agencies are included as other revenue. These changes are reflected in the Change From 2005-06 Final Budget column.

FINAL BUDGET CHANGES

Other revenue decreased by \$9,894 due to fund balance being higher than anticipated.

CAL-ID Program

DESCRIPTION OF MAJOR SERVICES

CAL-ID funding is used for the operating expenses of the Inland Empire Regional Automated Fingerprint Identification System (AFIS), and reimburses general fund expenditures for salaries and benefits. The budget unit is funded from joint trust contributions by all local contracting municipal agencies.

There is no staffing associated with this budget unit.

Fund Balance				349,226	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this budget unit are typically less than budget. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

Expenditures for equipment and vehicles were less than budgeted in 2005-06, while revenue increased due to court fines.

PUBLIC AND SUPPORT SERVICES GROUP - ADMINISTRATION

Norman A. Kanold

MISSION STATEMENT

The mission of Public and Support Services Group - Administration is to effectively oversee fourteen county departments providing a variety of regional and municipal public services as well as internal support services that enhance/protect the quality of life for county residents and increase the level of efficiency for county operations.

STRATEGIC GOALS

Public and Support Services Group (PSSG) - Administration is a function of the County Administrative Office (CAO) and therefore shares many of the same strategic goals of the CAO. In addition, PSSG Administration has established a separate goal of ensuring the effective delivery of public service programs that enhance the quality of life for county residents and support service programs that improve the efficiency of county departments/agencies.

ORGANIZATIONAL CHART

Administration

DESCRIPTION OF MAJOR SERVICES

PSSG was formed during a county organizational restructuring approved by the Board of Supervisors in May 2005. This group includes those departments having a strong interface with the general public as well as a number of internal support departments.

PSSG - Administration coordinates the administrative and budget activities of fourteen county departments charged with providing services to the public and to other county departments. The departments are: Architecture & Engineering, Agriculture/Weights and Measures, Airports, County Fire, Facilities Management, Fleet Management, Land Use Services (which includes Building and Safety, Planning, and Code Enforcement), County Library, County Museum, Public Works (which includes Transportation/Flood, Surveyor, and Solid Waste Management Divisions), Real Estate Services, Regional Parks, Registrar of Voters, and Special Districts. PSSG - Administration also ensures that these departments operate within legal and Board-approved policy parameters by providing internal policy and procedural guidance for all departments within the group.

The Assistant County Administrator for PSSG serves as a principal assistant to the County Administrative Officer and works closely with the Board of Supervisors on all matters involving the Group's activities.

BUDGET HISTORY

The significant increase in appropriations and local cost beginning in 2005-06 is a result of the county's organizational restructuring approved by the Board in May 2005. This action established PSSG - Administration as being 100% local cost funded. In the past, this department had been financed through reimbursements received from non-general fund county departments.

Salaries and benefits are increasing by \$202,892 resulting from incurred costs associated with MOU adjustments (including the 2005-06 amount approved by the Board as a mid-year item on November 1, 2005) and retirement increases.

Other charges of \$59,876 reflect no change from the previous year. The amount budgeted represents payment to the University of California Cooperative Extension to support research and education programs in San Bernardino County.

FINAL BUDGET CHANGES

The Board approved an appropriation and local cost increase of \$269,600 for the addition of 2.0 new positions (one of which will be an employee of the Information Services Department) to fully implement and provide ongoing maintenance of the Computer Aided Facilities Management Program (CAFM).

The performance measure concerning the number of monthly meetings demonstrates an emphasis by PSSG Administration to provide PSSG department heads with guidance in regards to Board directives, county policies, budget goals/objectives, and strategic planning oversight.

AGRICULTURE/WEIGHTS AND MEASURES

Edouard P. Layaye

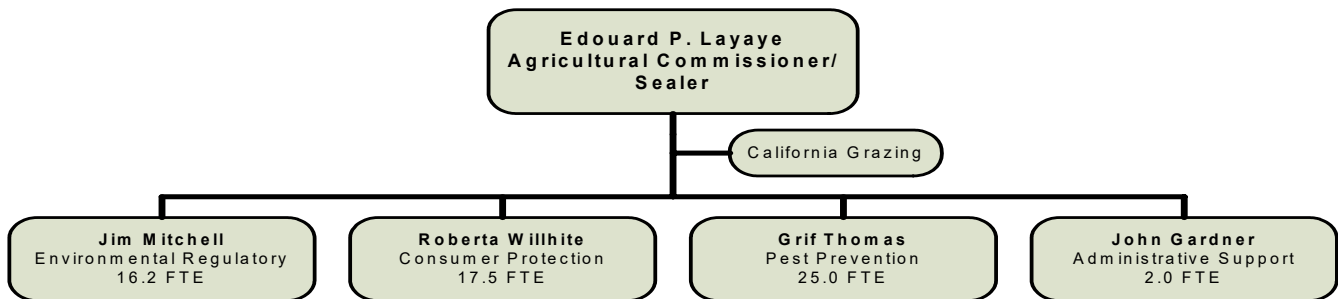

MISSION STATEMENT

The Department of Agriculture/Weights and Measures protects the environment, agricultural industry, businesses and consumers of this state and county through regulation and satisfies its customers by providing services that promote the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the customers it serves.

STRATEGIC GOALS

1. Continue to protect the public's health, agriculture and the environment by preventing proscribed foreign pest infestations and the misuse of pesticides, in light of increases in county growth.
2. Continue to protect county residents from being overcharged for purchased goods by ensuring accuracy in the measurement of commodities sold, and prices charged by retail businesses that utilize barcode scanning equipment, in light of county growth.

Agriculture/Weights and Measures

DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures protects the environment, public health, worker safety and the welfare of the public by enforcing state and local agricultural and consumer protection laws. The department enforces plant quarantines, detects and eradicates unwanted foreign pests and regulates pesticide use, the agricultural industry and all business transactions based on units of measures such as weight or volume. Additional duties include, inspecting produce, eggs, and nursery stock, controlling vegetation along state and county right-of-ways and flood control channels, and manufacturing rodent baits for sale to the general public. The department also administers the California Grazing budget, which funds rangeland improvements on federal land within the county.

The Environmental Regulatory Division regulates pesticide use, manufactures rodent baits, controls vegetation along right-of-ways, and regulates apiaries and the removal of desert native plants. Permit, registration and inspection controls on the commercial use of pesticides helps prevent serious environmental and human illness incidents resulting from the misuse of pesticides. Permits serve as California Environmental Quality Act equivalents of environmental impact reports, thus easing the burden of agricultural compliance and providing flexibility for growers. In addition, all pesticide use related complaints and illnesses are investigated to determine why the problem occurred and enforcement actions are taken to ensure compliance. Control of vegetation reduces maintenance costs and reduces fire hazards. Noxious weeds are controlled at a number of sites to prevent their spread. Public health and safety is enhanced by the appropriate placement of commercial apiaries.

Rodent baits are sold at cost to the public to assist in controlling rodent-caused damage and rodent-borne diseases.

The Consumer Protection Division inspects all commercially used weighing and measuring devices, verifies price scanner accuracy and the quantity of pre-packaged goods, monitors certified farmer's markets and performs quality control inspections of eggs and produce. Consumers and businesses are protected and commerce enhanced by accurate weighing and measuring devices and the correct pricing of goods. These devices are inspected on an annual basis and whenever complaints are received. Produce and egg quality inspections protect consumers by helping ensure food safety.

The Pest Prevention Division regulates the movement of plants and plant products, monitors the county to detect foreign pests, and inspects nurseries. Export certification and prompt inspection of plant and plant product shipments facilitates the movement of foreign and domestic goods in the channels of trade and prevents the spread of pests. Interception of foreign pests in shipments enhances the quality of life of county residents by preventing environmental degradation, disruption of trade and public inconvenience resulting from quarantine restrictions.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The budget contains services and supplies appropriation increases that fund non-inventoriable equipment, including computers and specialized testing equipment, office supplies and building maintenance. Revenue from licenses and permits is projected to increase due to growth in the number of businesses using weighing and measuring devices, packing commodities or using price scanners. Revenue from fines and forfeitures has been increased as the department is fully staffed and is currently finding a higher number of violations during inspections. State aid is anticipated to increase due to additional unclaimed gas tax and pesticide mill fee revenue distributed to the county to subvent costs associated with agricultural inspection programs.

FINAL BUDGET CHANGES

The Board approved appropriation and revenue increase of \$93,878 for fee adjustments that funded 1.0 Agricultural Standards Officer position and related program expenses.

The Board approved an appropriation increase of \$60,000 for Fleet Management rate adjustments.

The Board approved an appropriation and revenue increase of \$146,405 to accommodate an agreement with the California Department of Food and Agriculture for the department to perform pest surveillance activities using a canine.

The performance measures for this budget unit reinforce the department's commitment to continue protecting the public's health against the misuse of pesticides, protecting the environment from pest infestations and protecting county residents from being overcharged for purchased goods by inaccurate prices or short-measured commodities. Various inspection processes are utilized to achieve these outcomes.

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management (BLM) lessees and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The BLM, the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on the federal lands. The county acts in a trustee capacity for these funds.

There is no staffing associated with this budget unit.

There are no anticipated expenditures during the current fiscal year, and expenditures in general are substantially less than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code. Decreased grazing in the leased areas has resulted in less demand for grazing improvements, which are funded by fees paid by ranchers.

MISSION STATEMENT

The mission of San Bernardino County Department of Airports is to plan, organize and direct the county's airport and aviation system to provide high-quality aviation facilities and services in a safe and efficient manner, optimizing the benefit to the communities and citizens of the county.

STRATEGIC GOALS

1. Improve administration of leasing activity.
2. Improve coordination and management of the Airports Capital Improvement Program.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports provides for the management, maintenance and operation of six county airports, as well as technical support to the San Bernardino International Airport (a Joint Powers Authority comprised of the county and the cities of Colton, Highland, Loma Linda and San Bernardino). The department assures that county airports are maintained and operated in compliance with state and federal regulations. The department also assists the county's private and municipal airport operators in planning, interpreting and implementing Federal Aviation Administration (FAA) general aviation requirements.

The county's six airports include: Chino Airport, a FAA designated reliever to John Wayne Airport and the second largest general aviation airport in the country with approximately 1,000 based aircraft; Apple Valley Airport, a county service area (CSA-60) with a significant sport aviation base; Barstow-Daggett Airport, an airport with significant military activity and home to the Fort Irwin Helicopter Maintenance Base; Twentynine Palms Airport, a center for soaring activity in addition to serving the community as a general aviation airport; Needles Airport, a critical transportation link and key point for medical and law enforcement activity along the Colorado River; and, Baker Airport, a small facility on land leased from the Bureau of Land Management that serves as an emergency landing field between Barstow and Las Vegas.

The department manages in excess of 400 leases ranging from aircraft parking to major aviation developments with leasing assistance provided by the Real Estate Services Department. The Airports department also oversees a major capital improvement program with assistance from the Architecture and Engineering Department.

The county's airports are self-supporting with funds to operate and maintain the airports generated from facility rents, user fees and, in the case of Apple Valley Airport, property taxes dedicated to the support of CSA-60. State and federal grants are significant sources for funds to reconstruct and upgrade airport infrastructure.

Salaries and benefits are increasing by \$219,202. Of this amount, \$98,483 is the result of incurred costs associated with MOU adjustments, retirement increases, and a reduction in workers' compensation. The remaining \$120,719 is primarily due to the following 1.5 net increase in budgeted staffing:

- 1.0 Airport Operations Supervisor to assist the Chino Airport Manager with increased activity at the airport.
- 1.0 Maintenance Worker I to augment current staff for maintenance duties at the desert airports.
- 0.5 Office Assistant to assist the department with clerical duties at the desert airports.
- 1.0 Staff Aid, which is currently vacant, is being deleted.

Services and supplies are increasing by \$176,129 largely because of increased risk management charges.

Equipment in the amount of \$30,000 is budgeted for the replacement of two large mowers to maintain the fields at Chino Airport

Transfers are decreasing by \$20,186 because of reduced charges associated with services provided by other county departments.

Reimbursements are increasing by \$63,639 mainly due to an additional amount of staff work anticipated at the Chino Airport Commercial Hangar Facility during 2006-07 (\$118,758), partially offset by elimination of a Staff Aid position for Apple Valley Airport (\$54,675).

Use of money and property is increasing by \$360,255 as a result of several new airport leases, as well as rental adjustments to a number of existing leases.

Other revenue is decreasing by \$27,500 based on 2005-06 estimates.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

PERFORMANCE MEASURES

Description of Performance Measure	2005-06 Actual	2006-07 Projected
Percentage of lease renewals not executed prior to lease expiration.	10%	5%
Percentage of revenue producing land compared to land available for revenue production.	35%	38%
Average length of time to complete airport capital improvement projects.	20.5 months	18 months

The Department of Airports derives most of its operating revenue from lease of facilities and from ground leases. Most of these leases include provisions or options to extend the lease term provided that the tenant has remained in compliance with lease obligations, including prompt payment of rents. Occasionally, and for a variety of reasons, a lease will complete its base term without being extended. When that occurs, the lease is considered to be in "holdover" and existing lease provisions apply, including rental rates. Reducing the number of lease renewals not executed prior to expiration of the prior lease term will enhance department rental revenues.

The department leases a variety of facilities including office space, shop space and hangars. Additionally, ground areas are leased to firms for development of aviation related facilities that revert to county ownership at the end of the lease term and, at Chino Airport, for short-term agricultural uses until such time that there is a demand for aviation development. Aviation related development demand is increasing at Apple Valley and Chino Airports. There are areas of developable land at both of these airports that can be made available to developers, on in some cases, for development by the department. Increasing the percentage of revenue producing land, as compared to land available for revenue production will also increase the department's rental revenue.

Development of Airports Capital Improvement Program projects requires coordination of activities among department administration, airport managers, airport maintenance staff and project managers from the Architecture and Engineering Department. The large number and complexity of projects adds to the project management challenge. Airports staff is developing project tracking systems that will incorporate the activities of all parties involved from the conception and funding of capital improvements through design and construction with the objective of reducing the length of time it takes to fully complete projects. Accomplishing this objective will contribute to the safety of county airports, as well as augment lease revenues.

Chino Airport Commercial Hangars

DESCRIPTION OF MAJOR SERVICES

The Department of Airports manages, maintains, and operates the Chino Airport Commercial Hangar complex. The Commercial Hangars were constructed in 1987 with proceeds from a 30-year bond issue. In addition to maintenance expenses, appropriations are budgeted annually for insurance costs. Appropriations for this budget unit are financed from rental revenues and available fund balance.

There is no budgeted staffing associated with this budget unit.

Expenditures for 2005-06 were approximately \$590,000 less than budget primarily due to unspent contingencies. Revenues were also less than budget (by approximately \$420,000) as a result of the hangar facility experiencing vacancies throughout the year.

Services and supplies are increasing by \$93,988 due to increased maintenance charges (\$58,540) and insurance costs (\$35,448).

Land and improvements are budgeted at \$100,000 for the replacement and repair of aircraft parking ramps.

Equipment is budgeted at \$80,000 for replacement of the facility's HVAC system.

Vehicles are budgeted at \$50,000 for the purchase of a one-ton service truck needed for increased maintenance activities at the commercial hangars.

Transfers are being budgeted in the amount of \$118,758 to reimburse the general fund (AAA APT) for staff costs associated with maintaining the commercial hangars.

Contingencies are decreasing by \$364,610 to offset the budgeted increases for land/improvements, equipment, vehicles, and transfers.

Use of money and property is increasing by \$159,678 because of additional revenue from new and existing rental agreements.

FINAL BUDGET CHANGES

Revenue decreased by \$1,000 due to fund balance being higher than anticipated.

ARCHITECTURE AND ENGINEERING

Carl R. Alban

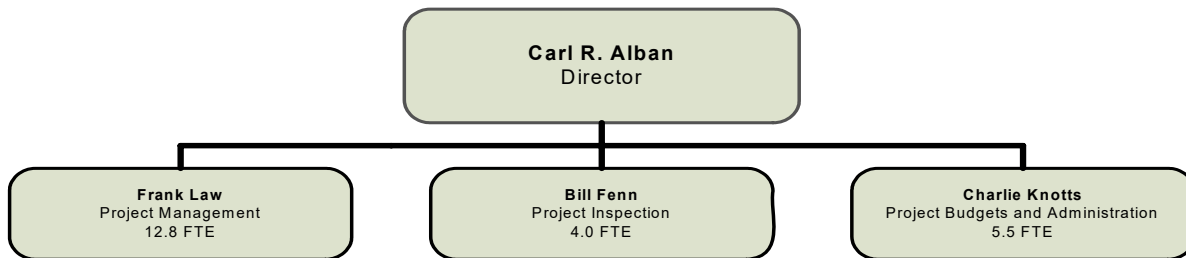

MISSION STATEMENT

The mission of the Architecture and Engineering Department (A&E) is the cost effective and timely planning and implementation of the design and construction of projects included in the County's Capital Improvement Program (CIP), providing quality improvements and ensuring accessible and safe environments for County departments and the public they serve.

STRATEGIC GOALS

1. Improve the quality and cost-effectiveness of design and construction management services.
2. Decrease the average time required for completion of Capital Improvement Program and other construction projects.

ORGANIZATIONAL CHART

Architecture and Engineering

DESCRIPTION OF MAJOR SERVICES

A&E is responsible for planning and implementing the quality design and construction of projects included in the County's Capital Improvement Program, as well as other Regional Parks, Airports, and Community Development and Housing Department projects. The Department collaborates with other County agencies, the County Administrative Office, and the Board of Supervisors to determine project scope, schedule, and budget. A&E administers projects from conceptual design through construction to completion. Staff issues requests for proposals to secure consultant services, prepares the bid package, solicits competitive construction bids, obtains the appropriate jurisdictional approvals, and provides inspection and construction management services.

A&E strives to be a competitive public service organization dedicated to delivering successful projects and quality services for San Bernardino County in a timely and cost effective manner. A&E takes pride in its ability to respond quickly to changing organizational needs and priorities, while continuing to provide quality improvements for the benefit of county departments and the public they serve.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Budgeted staffing is adjusted by 2.8 positions.

- On November 15, 2005, the Board approved 1.0 A/E Project Manager I to manage smaller construction projects, remodels, and repairs.
- 1.0 A/E Project Manager II and 1.0 Building Inspector added to assist with the expected increase in the number of CIP projects. These additional positions will enable the department to maintain a reasonable number of projects assigned to each project manager, to ensure projects are completed timely.
- The reduction of 0.2 Engineering Technician is consistent with ongoing workload requirements.

In 2006-07, services and supplies adjustments include costs to improve the department's work area to accommodate the additional staff and improve workflow, and technology upgrades to existing hardware and software that will improve the department's ability to manage projects. The vehicle budget includes onetime funding for two vehicles to be used by project management staff. All of these increased costs will be fully offset by reimbursements.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$4,800 for Fleet Management rate adjustments, which is offset by reimbursements of \$4,800.

COUNTY LIBRARY Ed Kieczkowski

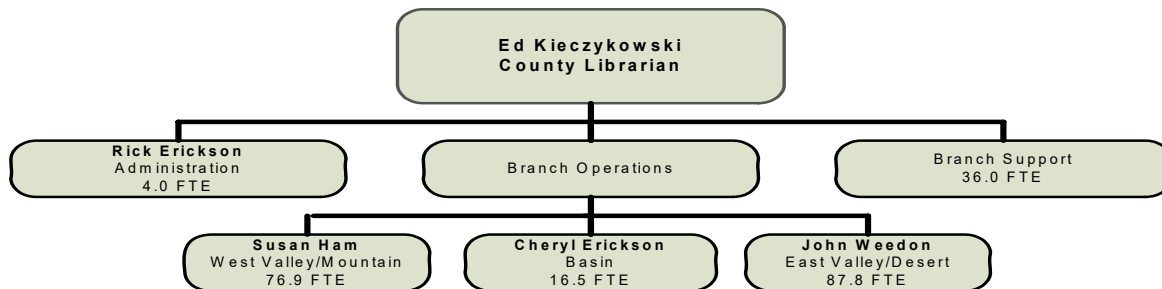

MISSION STATEMENT

The mission of the San Bernardino County Library is to provide equal access to information services and materials for all people of the County of San Bernardino. The Library actively promotes its information services, materials and programs for the informational, educational, cultural and recreational needs of all county residents.

STRATEGIC GOALS

1. Increase the physical capacity of library facilities.
2. Enhance computer and electronic resources for the public.
3. Initiate patron self-sufficiency at branch libraries in an effort to improve customer service and increase department productivity.

ORGANIZATIONAL CHART

County Library

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library provides public library services through a network of 30 branches in the unincorporated areas and 18 cities within the county, including the Carter Branch Library (a joint usage library located in northern Rialto) that opened to the public during 2005-06. In addition, two bookmobiles reach people who live in sparsely populated areas or are unable to use the traditional branches. County Library also operates a mobile unit in the High Desert that serves young children and their parents/caregivers.

County Library provides access to information through its materials collection, as well as 500 Internet accessible computers. The public computers also provide access to a number of online databases and other electronic resources. Electronic access to County Library's collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches. One of the goals of the Library is to utilize the latest technology to provide county residents with up-to-date resources and tools. To enhance customer service, the Library is expected to introduce self service checkout of materials during 2006-07 at several selected branch locations.

The Library's on-line catalog, a joint project with the County of Riverside, provides access to 2.5 million items. The system allows for patrons in either system to directly request materials held by the other and to have those items delivered to their local branch for pick up. In 2005-06, in excess of 160,000 items crossed county lines to the benefit of residents in both counties.

The Library's book collection is supplemented by magazines, newspapers, government documents, books on tape, pamphlets, compact discs, DVDs, videotapes, microfilm, and electronic/on-line services and materials. Cultural and educational programs for all ages, including literacy services and other specialized programs, are provided at branch locations. In addition, County Recorder services are located at the Apple Valley, Fontana and Montclair branch libraries.

The County Library system is financed primarily through dedicated property tax revenues and is also supported by local Friends of the Library organizations that financially assist library branches in local communities. A total of 1,500 volunteers perform a variety of tasks in supporting local libraries. The Library has also developed active partnerships with the communities it serves, resulting in additional funding and the provision of facilities at reduced costs.

The Library's 2006-07 budget was developed with the following provisions:

1. It is anticipated that Summit High School in northern Fontana (another joint usage project) will open to the public during the summer of 2006.
2. The Hesperia branch library is expected to be open to the public at a new, much-larger facility in September 2006.
3. The City of Victorville has provided notice that they will be withdrawing from the County Library system effective July 1, 2006, but will continue to contract with the county for certain library services.

Salaries and benefits are increasing by \$931,587. Of this amount, \$386,300 is the result of incurred costs associated with MOU, retirement, and workers' compensation increases. There is also an increase of \$150,000 to reflect the cost of parity adjustments for the department's professional staff. The Human Resources Department recently concluded its study of these classifications and is recommending a parity action, which is expected to be presented for Board approval prior to June 30, 2006. The remaining increase of \$395,287 is primarily due to the following additions in budgeted staffing:

- A total of 6.1 part-time Library Assistants and Library Pages are being added to meet workload demands at various branch locations.
- 1.9 increase for part-time positions at Carter and Summit high schools that were only partially funded last fiscal year.
- 2.0 increase for part-time positions being added at Carter High School/Summit High School because of workload requirements.
- 0.4 increase for a Regional Manager at the Fontana Library that was partially funded last fiscal year.

Services and supplies are increasing by \$785,671 as follows:

- \$690,000 increase to the library materials budget (\$584,340 of which was previously approved by the Board as a mid-year item on November 1, 2005). Even with this increase, the amount budgeted for 2006-07 (\$1,390,000) is approximately \$468,000 less than the amount estimated to be spent in 2005-06 (\$1,858,116). As a result, the department has submitted a policy item request for one-time funding in the amount of \$500,000. Approval of this request would add to the initial \$500,000 the Board approved in 2005-06 to build a sufficient collection of materials for new and expanded library facilities.
- \$100,000 increase for computers, scanners, and printers.

Land, structures and improvements are decreasing by \$25,000 due to completion of the Big Bear library improvement project.

Equipment in the amount of \$150,000 is budgeted for 2006-07 to purchase four self check-out systems for increased patron self-sufficiency.

Reimbursements are increasing by \$21,541 based on additional rent from the Human Services Group for use of the basement of Library's administration building.

Taxes are increasing by \$1,581,224 in 2006-07 for a total budget amount of \$11,928,225. This total reflects a 14% increase from the estimated amount of tax revenue anticipated in 2005-06, less approximately \$483,000 of property taxes being transferred to the City of Victorville for administration of the Victorville library effective July 1, 2006.

State, federal and other governmental aid is decreasing by \$57,500 due to reduced Library Services and Technology Act (LSTA) grants from the state.

Current services are increasing by \$197,600 as described below:

- \$152,000 from the City of Victorville (City) for providing four months of operations at the Victorville library.
- \$45,600 from the City for a full year of automation services at the Victorville library.

Other revenue is increasing by \$239,800 primarily because of the following:

- \$100,000 contribution from the City of Victorville for additional books at the Victorville library.
- \$110,000 of additional federal e-rate reimbursement based on a change in the method of which these funds are received from service providers.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$500,000 in ongoing general fund support to enhance the Library's annual book/materials budget.

The Board approved an appropriation increase of \$222,000 from the Business Process Improvements Reserve for the conversion of existing barcode technology to radio frequency identification (RFID) at the Apple Valley and Adelanto branch libraries. Converting to newer technology at these two facilities will allow the department to effectively develop long-range plans for the conversion of library collections and circulation equipment at all county libraries.

The Board approved an appropriation and revenue increase of \$300,000 for additional funds anticipated from the state Public Library Fund and the state's Inter-Library Loan Reimbursement Program.

Services and supplies increased by \$157,018 due to fund balance being higher than anticipated.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Square feet of space available at branch libraries (currently 200,203).	201,075 sq ft	240,000 sq ft
Number of personal computers dedicated for public usage.	376	455
Amount expended/budgeted for electronic resources.	\$96,258	\$100,000
Number of exchanges of resources between systems.	184,303	192,000
Amount of fees collected by the Library electronically.	N/A	\$200,000
Number of items circulated via self-support.	N/A	100,000
Percentage increase in circulation of materials for the affected branches in the year following completion of the new facility.	N/A	10%

The performance measures for County Library demonstrate an emphasis on improving services to its patrons by providing additional space, increasing the number of electronic resources, and implementing self-service options.

One of the difficulties the Library has encountered over the past ten years has been the need to try to physically accommodate its population growth with limited financial resources. In 1999, the Library developed a master facility plan to identify its facility needs and has had some modest success in expanding or replacing some of its facilities. A new joint usage library facility at Carter High School in northern Rialto opened to the public in 2005-06, and another joint use library at Summit High School in northern Fontana is scheduled to open in 2006-07. In addition, new and expanded libraries are scheduled to open in Hesperia, Highland, Fontana, Chino Hills, and Mentone during either 2006-07 or 2007-08. Also, new facilities in four other communities (Running Springs, Bloomington, Crestline and Grand Terrace) are currently being pursued.

While the new facilities will add much needed space to provide library services, this additional space to accommodate the County Library's projected population growth will cause operational costs (especially personnel costs) to increase significantly. Whereas the Library's property tax growth has been significant for the past few years (and is projected to continue to grow over the next few years), the Library must find ways to mitigate its operational costs. One of the strategies that the Library has been pursuing is customer self-sufficiency. The Library's new catalog allows for unmediated requests of materials from other library jurisdictions, while the introduction of customer self-registration for computer use has lessened the need for additional staff. The continual evolution of the Library's home page, the pursuit of additional electronic resources, and the introduction of services such as down-loadable audio-books and tutor.com (an interactive internet service for students) also provides the impetus for customer-self sufficiency.

In planning for its new facilities, the Library has designed its check-in/check-out areas for self-service to provide patrons with the ability of obtaining or returning materials without the need for staff intervention. In addition, the Library anticipates the development of a service that allows customers to pay for services electronically, without benefit of staff involvement. One of the department's objectives for 2006-07 is to implement self-service modules at three to four of its new library facilities. The cost of these modules has already been factored into the overall cost of each of these facilities, while the cost of implementing the electronic payment option at all branches is not expected to be significant and will be funded through County Library revenues. It is anticipated that over the next three to five years, the Library will transition from a 100% staff interaction for check-in/check-out and fee collection to perhaps 50%, with an ultimate goal of 75% patron self sufficiency within a seven year period.

COUNTY MUSEUM

Robert L. McKernan

MISSION STATEMENT

The mission of the San Bernardino County Museum is to develop and maintain unique cultural and natural science collections related to the region and the greater southwest. Through responsible collection, preservation, exhibition, and education, the County Museum inspires the public to a deeper understanding of their cultural and natural history.

STRATEGIC GOALS

1. Enhance public awareness of museum services and programs.
2. Increase public accessibility to museum collections.
3. Increase awareness of the Museum's Capital Campaign to generate financing for enhancements to the County Museum, including the proposed "Hall of Geological Wonders".

County Museum

DESCRIPTION OF MAJOR SERVICES

The Museum provides cultural and educational programs and activities for the public at its main facility in Redlands and the following seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (John Rains House) in Rancho Cucamonga, Daggett Stone Hotel and People's General Store in Barstow, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Families Adobe in Chino, and Yucaipa Adobe in Yucaipa. These programs and activities involve the preservation of cultural and natural heritage collections, display of permanent and special exhibitions, and care and preservation of historical sites depicting the history and culture of San Bernardino County and the greater southwest region. Museum programs (including school programs, research symposiums, museum internships, special events, and guest lecture series) promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Approximately 1.5 million permanent and loaned collections are preserved for the benefit of the public and the scientific community. Each year, approximately 100,000 visitors tour the museum facilities, which are also available for use by local groups, organizations, and professional associations. The County Museum has been accredited from the American Association of Museums since February 23, 1973. In 2002, the Museum received its decennial accreditation that will continue through 2012.

The Museum is comprised of the following divisions: Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. Led by credentialed professionals, all divisions provide educational services for families, general public, school groups, educators, and scholars at the main Museum facility and historic sites. In addition, the Biological Science and the Geological Sciences divisions conduct scientific field research and studies for public and private agencies. This research consists of both short and long-term field studies resulting in significant revenue for the department. A portion of this revenue is used to support other Museum programs and activities. Furthermore, this field research results in valuable collections being accessioned into the museum collections that are curated and exhibited for public education at the main facility and historic sites. The Museum is known for its work associated with the Calico Early Man Site and collections, extensive mineral and paleontological collections, and one of the world's largest bird egg collections of which a portion is available for public viewing. The Museum also operates a gift store. This store is considered a critical part of the visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs.

Over the past few years, the Museum has received funding from the Institute of Museum and Library Services (IMLS). These funds have been earmarked for the design and implementation of a multi-functional Web Module and media archive for the Inland Southern California. The web module will provide electronic access to the Museum's collections and programs, via the internet, to better inform the general public, educators, students, and businesses about San Bernardino County and the surrounding region's abundant cultural and natural heritage. The Museum, which has completed three of the four phases of this project, remains committed to completion of the web module.

Through Board direction, another significant endeavor for the Museum has been the creation of a County History Book. The purpose of this project is to create a text that will tell the rich and varied story of the history of San Bernardino County from its creation in 1853 to the latter half of the 20th Century, while integrating the story with the wider perspective of California history. When completed, the goal is to have this book widely accessible for the people of San Bernardino County, the region, the State of California and the United States.

Lastly, plans are underway for construction of the new Hall of Geological Wonders that will present a regional perspective of paleontology and geology. This proposed addition to the main museum will showcase fossil collections, dinosaur trackways from the county, local impacts from the Pleistocene era, mud flats, fault lines, and local caves. The proposed expansion will serve the growing cultural and informal educational needs of inland Southern California, as well as highlight the Museum's research programs.

Budgeted Staffing					53.7	52.7	(1.0)

Salaries and benefits are increasing by a net amount of \$161,415 consisting of the following:

- \$204,723 of incurred costs associated with MOU, retirement, and workers' compensation adjustments (including the 2005-06 amounts approved by the Board as a mid-year item on November 1, 2005).
- \$51,000 increase for an additional 1.0 Curatorial Assistant to help the Museum's professional staff with paleontologic record searches.
- \$25,000 to reflect parity adjustments for the museum curator and senior curator classifications.
- Approximately \$18,000 for the conversion of two contract project managers to a Museum Education Specialist and a Staff Analyst Trainee.
- \$5,000 for the proposed reclassification of a Staff Analyst II to an Administrative Supervisor I.
- Approximately \$60,000 in savings due to the reduction of 1.5 field biologist positions resulting from fewer research projects anticipated.
- \$53,780 savings from the deletion of 1.0 Museum Preparator that is no longer needed.
- A reduction of approximately \$28,000 in appropriations and a 0.5 decrease in budgeted staffing due to reduced work hours for various classifications.

Services and supplies are decreasing by \$106,704, which is the net effect of the following:

- Approximately \$217,000 decrease resulting primarily from an anticipated reduction in the number of research projects.
- \$95,664 increase due to the Museum now being responsible for providing off-site storage for its exhibit and educational materials.
- \$15,000 increase for inflationary costs.

Current services are decreasing by \$113,070 due to less research revenue resulting from the completion of several projects.

Other revenue is decreasing by \$205,147 due to less grant funding for the IMLS project.

Other financing sources are increasing by \$35,000 due to an increase in the amount of operating transfers anticipated from the Museum Store.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$75,000 for the purchase and installation of a compact storage unit for the Museum's history division. This unit is needed for compliance with accreditation standards.

The Board approved an appropriation increase \$70,000 for educational outreach and protection of Museum resource sites. In 2005-06, the county received six diverse properties donated by the San Bernardino County Museum Association. These properties, which are situated principally in the High Desert and Cajon Pass, allow the Museum to provide greater educational outreach opportunities. The funding approved by the Board will provide for signage, gating, and fencing at some sites, as well as educational materials development including program interpretative guides, display kiosks, trail development and marketing.

The Board approved an increase in certain Museum fees that is expected to generate additional revenue of approximately \$33,000 per year. These funds will be used to add a staff person to assist the department with ongoing maintenance functions.

The Board also approved an appropriation increase of \$10,700 for Fleet Management rate adjustments.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Number of paying museum visitors.	53,530	75,000
Number of compact storage units.	4	5
Number of objects/artifacts accessible to the public.	1,500,000	1,800,000
Total amount of funds raised for the Museum's Capital Campaign.	\$156,000	\$2,250,000
Number of students visiting resource sites.	N/A	2,500

The preceding performance measures demonstrate the department's emphasis on increasing public awareness of museum services/programs and accessibility of museum collections. Public awareness of museum services and programs is paramount for the people of San Bernardino County and the surrounding region to gain a greater appreciation and understanding of the area's cultural and natural heritage, while increasing public accessibility to museum collection artifacts will strengthen the visitor experience.

In addition to the above, the Museum has initiated (through the San Bernardino County Museum Association) a Capital Campaign to generate funds for the proposed new museum expansion "Hall of Geological Wonders", along with funding for reinterpretation and refurbishment of the Museum's 30 year-old interior galleries. This transformation of the County Museum will provide for more interpretation of county and regional cultural and natural heritage through additional exhibits, artifacts, objects, and specimens. The vigorous capital campaign is required to secure non-county and county contributions for this project. During 2006-07, the Museum will be striving to raise \$2.25 million in contributions.

Museum Store

DESCRIPTION OF MAJOR SERVICES

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store is considered a critical part of the visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The Store supports the Museum operations and makes an annual financial contribution to the Museum.

In 2003-04, the Museum Store opened a Garden Café offering sandwiches, snack products, pastries, and bottled beverages for Museum visitors. This café helps to enhance the visitor experience and satisfaction.

Salaries and benefits are decreasing by \$39,361 due to the deletion of a vacant Museum Store Manager position, partially offset by the addition of a 0.5 Office Assistant and 0.3 Public Service Employee.

Services and supplies are budgeted at \$41,450, which represents no change from the prior year.

Operating transfers out are increasing by \$25,000 to reflect a greater contribution to the general fund Museum budget.

Other revenue is decreasing by \$14,600 to reflect reduced sales revenue based on 2005-06 estimates.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

FACILITIES MANAGEMENT

David S. Gibson

MISSION STATEMENT

The mission of the Facilities Management Department is to serve the public by providing quality custodial, grounds, and maintenance services that will enable county departments and staff to effectively meet the expectations of their customers.

STRATEGIC GOALS

1. Improve business practices to enhance customer service and increase staff efficiency.
2. Provide thorough preventative maintenance inspections and reports on County owned facilities.
3. Implement a countywide utility conservation and awareness education program.
4. Enhance the Supplemental Resource Program (SRP).

Facilities Management

DESCRIPTION OF MAJOR SERVICES

The mission of the Facilities Management Department is to serve the public by providing quality services and enabling county departments and staff to effectively meet the expectations of their customers. This mission is implemented through services provided by the Custodial, Grounds, Maintenance, and Home Repair divisions. The focus of each of these divisions is to ensure a clean, safe, and well-maintained environment for county customers and employees.

More specifically, Facilities Management services are directed toward providing custodial services and well-maintained exterior building areas. The department provides routine maintenance, as well as 24 hours per day - 7 days per week emergency building maintenance. Services also include repairing, remodeling, and maintaining building structures, equipment, and fixtures. While primarily charged with ensuring a functional county infrastructure, the Facilities Management Department also provides minor repairs and services to eligible residences as designated by the Community Development and Housing Department.

In 2005-06, expenditures are less than the modified budget due mainly to salary savings from vacant positions. In addition, the Preventative Maintenance program is in progress but has not yet been fully implemented. Revenue is under budget because estimated requisition work from other county departments was lower than expected.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases, which are partially offset by decreased workers' compensation costs. The transfer of the security services contract to the Sheriff's Department results in reductions to the services and supplies and the revenue budgets. The net impact of transferring this contract is a local cost reduction \$360,000. These adjustments are all reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

In 2006-07, budgeted staff is increased by 4.7 as follows:

- 0.5 extra help Custodian I added in the Custodial Division to provide coverage for vacations and sick leave.
- 0.2 recurrent Grounds Caretaker I added in the Grounds Division budget. As part of the 2005-06 Grounds Division budget, the Board approved three recurrent (1.5 positions) Grounds Caretaker I positions to assist with increased workload during six months of spring and summer. This request will increase the period of additional support from six to seven months per year.
- 1.0 Electrician, 2.0 General Maintenance Mechanic, and 1.0 Plumber are deleted from the Maintenance Division budget. Policy items in the 2005-06 budget were approved, which added these positions; however, the department was directed to use the funding for contract services in lieu of County staff. Thus, there is no

cost associated with the deletion of these four vacant positions because ongoing services continued to be procured via contract.

- 1.0 A&E Project Manager I is added to the Maintenance Division budget. This position will manage minor Capital Improvement Program (CIP) projects. Project costs, including salaries and benefits for this new position, will be funded from a \$1.0 million per year allocation from the CIP budget.
- 1.0 Office Assistant III is added to the Administration Division budget and 1.0 vacant Housing Repair Supervisor is deleted from the Maintenance Division budget. Also, 1.0 Facilities Management Division Manager is reclassified to Facilities Management Deputy Director. This administrative restructuring plan will result in additional cost of \$1,678, which will be fully offset by current services revenue. The plan will improve data entry capabilities, delete a vacant supervisory position, and establish an executive level succession plan within the department.
- 1.0 Grounds Superintendent, 1.0 Part Runner, 1.0 Staff Analyst II, and 1.0 Facilities Management Project Scheduler are added in final budget changes to enable the department to better perform its core functions by reassigning administrative and office processes away from staff that are needed in the field to these new positions.
- 1.0 Electrician, 1.0 Plumber, and 1.0 Sprinkler System Worker are added in final budget changes to reduce the 3,300 emergency service calls the Maintenance Division currently receives each year.

FINAL BUDGET CHANGES

The Board approved an appropriation increase of \$55,700 for Fleet Management rate adjustments.

The Board approved an appropriation increase of \$338,808 to enable the department to better perform its core functions by reassigning administrative and office processes away from staff that are needed in the field. This increase includes the addition of 4.0 FTEs.

The Board approved an appropriation increase of \$255,424 to enable the department to more effectively follow-up with minor repairs noted in completed facility assessments, help respond to day to day service calls, and prolong the usefulness of county facilities. This increase includes the addition of 3.0 FTEs.

The Board approved an appropriation increase of \$75,000 to enable the department to expand the Supplemental Resources Program to other county facilities, thus increasing service levels provided by county staff.

In 2005-06, expenses were less than the modified budget, in part, because of the department's utility management program. The unbudgeted revenue is primarily from Federal Emergency Management Agency (FEMA) reimbursements for damage caused by the January 2004 rainstorms.

In 2006-07, the Utilities budget will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, and inflationary services and supplies purchases. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Services and supplies have increased because of new facilities, specifically the building at 303 N. D St. in San Bernardino and full year funding for the Adelanto Jail, and rate increases in each commodity.

The increase in transfers is due to the allocation of administrative overhead costs that will be transferred to the Facilities Management Administration division. The increase in reimbursements is due to the increased charges to the Superintendent of Schools for utility costs. The budgeted revenue for 2006-07 is from third parties that occupy county-owned space.

FLEET MANAGEMENT Roger Weaver

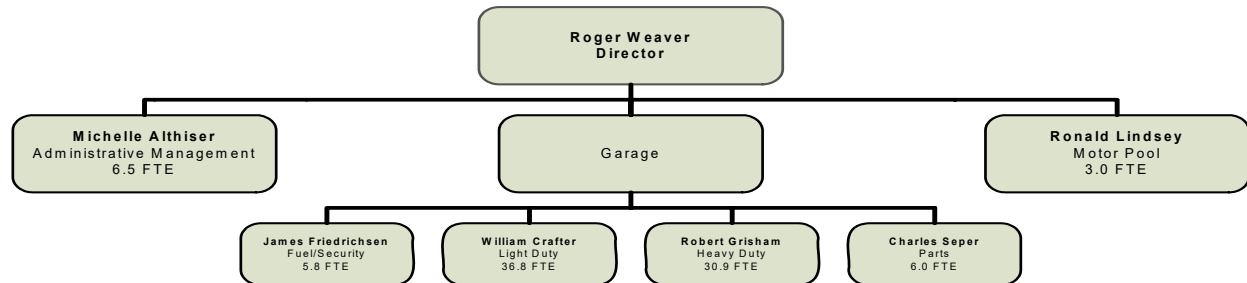

MISSION STATEMENT

The Fleet Management Department provides vehicles, equipment, and services to the officials and employees of the county so that they may provide services that promote health, safety, well being, and quality of life to the residents of the county.

STRATEGIC GOALS

1. Improve customer service and user satisfaction.
2. Decrease vehicle downtime for preventive maintenance and routine repairs.
3. Reduce overall Motor Pool vehicle emissions.

Garage

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication and emergency field services for the county's fleet of vehicles and heavy equipment.

The Garage budget unit is an internal service fund (ISF). All operational costs of the Garage Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to provide working capital, finance the replacement of fixed assets, and fund capital improvements. Any excess/shortage is incorporated into the rate structure during the annual rate review process.

LAND USE SERVICES

Michael E. Hays

MISSION STATEMENT

The Land Use Services Department (LUSD) is dedicated to ensuring a balance in the areas of housing, business, and recreational needs for the diverse cultures and communities of San Bernardino County. This is accomplished through comprehensive regional planning and enforcement of building standards, land uses, and environmental impacts.

STRATEGIC GOALS

1. Current Planning: Decrease the processing time for "applications accepted" as complete or return to applicant within 30 days as required by the Development Code.
2. Advance Planning: Decrease processing times for mining application or reclamation permits.
3. Building and Safety: Decrease the processing time for plan review services to the adopted service standards of residential - 10 working days; subdivisions and multi-residential - 20 working days; and grading and non-residential - 30 working days.
4. Code Enforcement: Increase the number of initial inspections performed with three weeks of receiving complaint.
5. Fire Hazard Abatement: Increase the number of abatements performed within five weeks of Non-Compliant Final Notice (NCFN).

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

On May 17, 2005, the Board approved software upgrades to the department's Permit Plus system. These upgrades added wireless, geographic information system (GIS), global positioning system (GPS), and online permit functions to the existing system. The services and supplies budget contains cost increases for annual maintenance charges related to the upgrades to the Permit Plus system. All increased costs are fully offset by reimbursements from the department's various divisions.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Current Planning

DESCRIPTION OF MAJOR SERVICES

The Current Planning Division reviews all land use applications for compliance with county codes and environmental laws and administers short-term implementing measures for land use, housing, and community design. In addition, assistance is provided to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances.

In 2005-06, salary and benefits expenditures were less than the modified budget due primarily to vacant Planner positions. These vacancies were the result of several retirements of long-term employees as well as recruitment and retention issues. On October 18, 2005, the Board approved equity adjustments for the Planner classifications in an effort to alleviate the recruitment and retention issues in the Planner classification series. Current services revenue was also less than the modified budget due to the reduced amount of billable hours.

In 2006-07, the Current Planning Division will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Budgeted staffing is increased by a total of 3.0 positions—1.0 Land Use Technician II and 2.0 Office Assistant II. Costs will be fully offset by current services revenue. These positions will perform project intake and clerical tasks, which will enable Planners to spend more time working on accepted projects. The addition of these positions will reduce the amount of time required for the development review / planning application review process.

The budget also contains a significant increase in the services and supplies budget for the anticipated Harper Valley Lake Energy Park project. This large scope project is expected to require a full time dedicated Planner III to handle the processing of the application. Since the cost will be fully funded through actual costs charged to the applicant, the department's revenue has been increased to reflect the anticipated revenue.

Advance Planning

DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division prepares short and long-range plans, including the County General Plan and various specific plans, for the development of the county and the conservation of its resources. In addition, the Advance Planning Division is responsible for inspections of mining facilities and mine reclamation plans, and provides assistance to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances.

Building and Safety

DESCRIPTION OF MAJOR SERVICES

The Building and Safety Division administers construction and occupancy standards to safeguard life, health and property in the interest of the general public's welfare throughout the unincorporated areas of the county. This is accomplished by applying county ordinances and state laws, and through the inspection of construction, alteration, moving, demolition, repair, occupancy, and use of buildings and structures.

In 2005-06, local cost was more than the modified budget due to the Board-approved building permit fee waiver program. On January 27, 2004 and October 25, 2005, the Board approved the use of onetime general fund contingencies to reimburse the Building and Safety Division for permit fees waived for victims of the Old and the Grand Prix Fires. The estimate of fees to be waived was \$300,000; however, the actual fees waived were approximately \$333,000.

In 2006-07, the Building and Safety Division will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

In 2006-07, the addition of 10.0 positions is added as follows. Salaries and benefits and other related costs will be fully offset by revenue from the issuance of permits.

- 5.0 Building Inspector II positions—1.0 in the San Bernardino office, 3.0 in Victorville, and 1.0 in Yucca Valley—are added to meet current workload requirements. Inspection requests have increased 27% countywide for the first six months of 2005-06 compared to the same time period in 2004-05. The number of inspections completed on the day requested has decreased from 98% to less than 93%; however, even this reduced level of service was only achieved through the significant use of overtime. Estimated overtime for Building Inspectors in 2005-06 is 4,700 hours, which is equivalent to 3.0 positions.
- 4.0 Public Service Employee positions—1.0 each in the San Bernardino, Twentynine Palms, Victorville, and Yucca Valley offices—are added for a work experience program. Local junior college students that are enrolled in building inspection technology classes will be able to gain meaningful experience working in a Building and Safety environment. These employees will assist regular staff at the public counter, answer phones, complete filing, conduct research, learn procedures and inspection techniques, ride with county building inspectors, and depending on knowledge level, may conduct some simple inspections.

- 1.0 Building Inspector III is added to review applications that are referred from Current Planning and provide input regarding Building and Safety requirements, which consist of non-residential development, subdivision review, and grading.

In 2006-07, the Code Enforcement Division will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer, and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

The budget contains a reduction of \$150,000 in the services and supplies and the revenue budgets due to an expected decrease in funding from the California Integrated Waste Management Board (CIWMB) for the Waste Tire Cleanup Enforcement Program.

FINAL BUDGET CHANGES

The Board approved the following final budget changes:

- Appropriation increase of \$35,800 for Fleet Management rate adjustments.
- Appropriation increase of \$400,600 for enforcement of the Off Highway Vehicle (OHV) Ordinance. This appropriation adjustment includes ongoing funding for 2.0 Code Enforcement Officer II and 1.0 Code Enforcement Officer III and onetime funding for vehicles and sound meters.
- Appropriation increase of \$50,000 to enhance the effectiveness of community cleanup projects by increasing awareness and encouraging participation from a larger number of citizens within designated cleanup areas.
- Appropriation increase of \$130,000 for contracted graffiti abatement services in the Second District.
- Appropriation and revenue increases of \$39,230 for contract graffiti abatement services in the Second District.
- Appropriation and revenue increases of \$20,000 for contract graffiti removal services in the Fourth District.
- Appropriation and revenue increases of \$180,300 for enforcement of the County Code regarding the short-term rental of private homes. This appropriation adjustment includes ongoing funding for 1.0 Code Enforcement Officer II and 1.0 Land Use Technician II and onetime funding for a vehicle.

Fire Hazard Abatement

DESCRIPTION OF MAJOR SERVICES

Through the Fire Hazard Abatement program, the Code Enforcement Division enforces the county's Fire and Hazardous Trees Ordinance in the unincorporated portions of the county, as well as under contract with certain cities and fire districts. These services include inspections, notifications to property owners, and removal of hazards caused by vegetation and flammable debris.

In 2005-06, salaries and benefits expenditures were less than the modified budget due primarily to vacancies in various Code Enforcement Officer and the Abatement Supervisor positions. This was offset by reduced revenue for contracted services.

General Plan Update

DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division updates the County General Plan every ten to fifteen years. This special revenue fund was created in 2002-03 to track the actual cost of the update process. The current General Plan Update is scheduled to be completed in 2006-07.

There is no staffing associated with this budget unit.

The current General Plan Update is scheduled to be completed in 2006-07. There is sufficient fund balance to pay all the expected 2006-07 costs; therefore, general fund financing is no longer required.

FINAL BUDGET CHANGES

Services and supplies increased by \$8,928 due to fund balance being higher than anticipated.

Habitat Conservation

DESCRIPTION OF MAJOR SERVICES

This budget was created in response to the January 12, 1999 Board of Supervisors action to continue work on preparation of the Multi-Species Habitat Conservation Plan for the San Bernardino Valley. On February 7, 2006, the Board terminated the program and approved refunds to the participating cities for the residual fund balance. The refunds have been processed and the fund has been closed.

PUBLIC WORKS

Patrick J. Mead

MISSION STATEMENT

The mission of the Department of Public Works is to provide a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibility include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and county surveyor functions.

STRATEGIC GOALS

1. *Solid Waste Management Division* – Improve the efficiency of landfill space utilization.
2. *Surveyor* – Provide timely map and plan check services for customers.
3. *Transportation Division* – Increase the safety and level of maintenance for county maintained roads.
4. *Flood Control District* – Increase groundwater recharge services at flood control district facilities.

Surveyor

DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps for other county departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the county. The Surveyor ensures these maps and plans conform to the conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other county departments and are responsible for perpetuation of controlling survey monuments.

Salaries and benefits are increasing by a net amount of \$31,384 consisting of the following:

- \$152,211 of incurred costs associated with MOU, retirement, and workers' compensation adjustments.
- Approximately \$102,000 for the addition of 1.0 Supervising Land Surveyor due to workload requirements. Subdivision maps have continually increased over the last three years. It is a requirement that all maps are reviewed, approved, signed and sealed by a licensed land surveyor. This additional position will review the work of all engineering technicians in the County Surveyor's Office, as well as the work provided by private land surveying firms.
- \$48,220 for the addition of 1.0 Office Assistant II to provide assistance with logging/tracking map submittals and to help maintain the public service level at the front counter.
- \$43,000 reduction for staff previously utilized from other divisions within the Department of Public Works for map workload assistance that is no longer needed.
- Approximately \$92,000 reduction due to filling vacant positions with employees starting at lower salary steps than previous incumbents.
- Approximately \$135,000 decrease resulting from the establishment of a 2.0 vacancy factor for unfilled positions throughout the year.

Services and supplies are increasing by \$193,913 primarily because of the need to utilize the services of private land surveying firms for reviewing maps and performing field surveys in a timely manner.

Equipment in the amount of \$201,605 is budgeted for 2006-07 to purchase the following:

- \$55,000 for a Global Positioning System RTK unit to search for survey monument markers prior to the start of county construction projects. This equipment would reduce costs associated with private property retracements more than enough to offset the cost of this unit.
- \$111,105 for a 3-D laser scanning system to support the Surveyor's efforts of providing its customers with the survey data requested. This equipment offers more precise and thorough scans of data for earth work projects. The equipment also eliminates the need for road closures.
- \$35,500 for a Total Station robotic instrument to replace older, obsolete instruments and increase productivity.

Current services are increasing by \$410,756 as described below:

- \$170,000 from customers to cover the cost of utilizing private land surveying firms for services related to map reviews and surveys.
- \$44,323 for the review of subdivision maps based upon current workload.
- \$74,000 from the Department of Public Works/Transportation Division for processing offers of dedications and easements (gratis deeds).
- \$33,675 of revenue from work on projects for the Land Use Services Department.
- Approximately \$128,000 to maintain the current levels of service.
- The above increases are partially offset by a \$39,588 reduction from the Survey Monument Preservation Fund for performing fewer retracement and/or re-monument surveys.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Percentage of parcel maps completed within 80 working days during 2005-06 and 70 working days during 2006-07.	100%	100%
Percentage of record of surveys and corner records completed within 100 working days during 2005-06 and 75 working days during 2006-07.	89%	100%
Percentage of final maps completed within 60 working days during 2005-06 and 40 working days during 2006-07.	100%	100%

The performance measures for this budget unit demonstrate the Surveyor's emphasis of providing efficient map and plan checking services that is crucial for the pace of development in this county. This function is necessary for development to proceed in a controlled manner and is mandated by either state laws or internal county standards. Since 2004, the division has reduced a significant portion of the backlog of work resulting from increased development activity. Processing times have been decreased as a result of organizational changes and part time use of land surveying firms as previously approved by the Board. The division's objective is to continue this trend and further reduce the length of time needed to complete the map/plan review process.

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation Fund was established to account for expenses incurred related to the retracement of re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this fund are financed by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

There is no staffing associated with this budget unit.

FINAL BUDGET CHANGES

Services and supplies increased by \$38,886 due to fund balance being higher than anticipated.

Transportation - Road Operations

DESCRIPTION OF MAJOR SERVICES

The Transportation Division is responsible for the operation, maintenance, and improvement of the county's road system that currently includes approximately 2,830 miles of roadways. Additional activities include administration, planning, design, construction, and traffic operations.

The division's routine maintenance activities include patching and crack filling on approximately 7,500 lane-miles of asphalt pavement, grading of 533 miles of unpaved roads, shoulder maintenance, snowplowing of over 300 miles of mountain roads, traffic signal maintenance at 56 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance throughout the system, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 13 yard districts with regional facilities located to best serve the 20,000 square-mile area of the county.

Road activities are funded almost entirely from highway-users sources (primarily from state and federal fuel taxes), local transportation funds generated by sales tax revenues (Measure "I"), and development fees (the department has established nine transportation fee plan areas throughout the county to collect funds for the purpose of managing the impacts from new development). Construction of major improvements (such as new roads, bridges, or adding of lanes) is limited to a few projects per year based on available funding.

Salaries and benefits are increasing by \$1,964,995. Of this amount, \$755,099 is the result of incurred costs associated with MOU, retirement, and workers' compensation adjustments. The balance of \$1,209,896 is mainly the result of a net increase of 19.1 in budgeted staffing, which is described below:

- 8.0 contract positions for the Bark Beetle tree removal program were previously approved by the Board of Supervisors as a mid-year item. These positions, which total \$436,000, are completely reimbursable through a grant from the National Forest Service.
- 2.0 positions (1.0 Public Works Engineer III and 1.0 Engineering Tech IV) are for the Contracts Section due to increased workload caused by additional AB2928 funding. This section currently does not have sufficient staff to oversee the number of construction contracts and therefore must utilize the services of outside engineering firms. Adding these two positions at a cost of \$177,000 would reduce the department's reliance of using private contractors when the need arises.
- 4.5 increase in budgeted staff for two Public Works Engineer's II's and five part-time Public Service Employees. These positions are to create a Public Works Engineer Training program. The purpose of this program is to provide the department with a better trained and larger pool of employees from which to hire future engineers. The cost of this program has been estimated at approximately \$276,000 and will be financed with gas tax funds.
- 6.0 positions are for a section for Land Development. This new section will be responsible for coordinating development reviews and plan check activities between the various other sections of the department. The additional staff (consisting of 1.0 Public Works Engineer IV; 1.0 Secretary I; 2.0 Public Works Engineer III; and 2.0 Engineering Tech V) is needed to manage the increased workload that is occurring due to rapid growth in the county and is projected to continue for the foreseeable future. The creation of the Land Development section will give developers and staff of the Land Use Services Department one point of contact for development and land use issues. The estimated cost of this additional staff (\$524,000) will be initially financed by gas tax funds. Once this section has been developed and expenses have been identified, fees will be established to offset the cost of this program.
- 2.0 positions (1.0 Transportation Program Manager and 1.0 Transportation Analyst) for the countywide Development Mitigation Plan (DMP). The DMP must be in place by November 2006 as required by the adopted Measure I, which was approved by the voters in November 2004. If the plan is not in place, the county is subject to a loss of gas tax funding for local projects. Current staffing levels are not adequate to develop, implement, program, and prepare/submit reports and updates required for this plan. The DMP is expected to generate revenue that exceeds the current Measure I amounts. These two new positions, at a total cost of \$197,000, will be funded by administrative overhead charges built into the fees charged for each construction permit issued.
- 1.0 Equipment Operator II is due to increased workload associated with the addition of several roads into the County Maintained Road System. This employee will be assigned to yard 11 located in the Barstow area. The cost of this new position (\$58,000) will be funded by gas tax funds.
- 1.0 Engineering Technician IV (\$90,000) has been transferred from the Flood Control District due to workload demands.
- A net increase of 0.6 extra-help positions (approximately \$25,000) based on anticipated department needs.
- The above increases in budgeted staffing are being partially offset by a 6.0 increase in the vacancy factor. This adjustment, which results in a budgeted savings of approximately \$500,000, is because the new positions identified above will not immediately be filled.
- Costs are also increasing by approximately \$13,000 in 2006-07 for the following reclassifications: Staff Analyst I to Staff Analyst II; Automated Systems Analyst I to Business Systems Analyst II; and Staff Analyst II to Budget Officer.

Services and supplies are increasing by \$22,704,831 based on additional fund balance, revenues, and reimbursements anticipated in 2006-07. The detail of this \$22.7 million increase is as follows:

- \$5,000,000 for several new overlay projects scheduled throughout the county.
- \$4,000,000 for the Roswell Storm Drain project in the Chino area.
- \$1,000,000 for rehabilitation of Institution Road in the San Bernardino area.
- \$6,800,000 for additional work on Fort Irwin Road in the Barstow area.
- \$1,000,000 for additional costs related to the Lake Gregory Walkway project (Crestline area).
- \$5,300,000 for increased risk management charges.
- \$1,500,000 of additional equipment usage charges.
- The above increases are partially offset by decreases for completion of Larrea Road (\$675,000) and Mesquite Road (\$600,000), as well as an \$800,000 reduction in vehicle maintenance costs.

Other charges are decreasing by \$359,353 mainly because of less anticipated Right-of-Way needs for road construction projects.

Land, structures and improvements are decreasing by \$208,000 for a total budget amount of \$530,000. This amount includes \$250,000 to remodel the office and construct an equipment shed at the Blue Jay Yard; \$130,000 for relocating Traffic Operations to the warehouse vacated by Fleet Management; \$50,000 for a cinder storage building at the Crestline Yard; and \$30,000 for the installation of security improvements recommended by the Sheriff's Department.

Equipment is increasing by \$66,000 for a total budget of \$785,500. This amount includes \$270,000 for traffic signal poles at various locations; \$175,000 to purchase video detection systems for traffic signals; \$120,000 for two 3-axle equipment trailers; \$60,000 for six large snow blades; \$50,000 for 25 GPS units; \$20,000 for track system for skid steer; \$15,000 for Slip-In sanding unit; \$15,000 for pneumatic roller; and \$15,000 for crack seal machine.

Vehicles are increasing by \$1,240,000 for a total budget of \$2,767,000. This amount includes the following replacement vehicles: \$645,000 for four 7-yard dump trucks; \$550,000 for two graders; \$475,000 for two multibody (dump/water) trucks; \$250,000 for a loader with attachments; \$250,000 for a 10 wheel dump truck; \$250,000 for a tractor mower; \$150,000 for a snowplow dump truck; and \$80,000 for a steel wheel roller. Also, the Department's 2006-07 budget includes the purchase of the following new vehicles: \$40,000 for two sedans; \$30,000 for a 4-wheel drive SUV; \$25,000 for a 4x4 pick up truck; and \$22,000 for a 1/2 ton pick-up truck.

Lease purchases are increasing by \$515,000 due to 2006-07 being the first full year of principal payments on leases that commenced in 2005-06.

Transfers are decreasing by \$1,059,883 primarily due to completion of one-time funding that was transferred to the Infrastructure Fund for costs associated with two rail road crossing projects (at Wilson Ranch Road and Duncan Road) and a sidewalk project in the Fontana area.

Reimbursements are increasing by \$5,634,649 as detailed below:

- \$1,900,000 from the County of San Bernardino Redevelopment Agency for Cherry Avenue @ I-10 Interchange, Cherry Avenue widening/sidewalk, San Bernardino Avenue left turn pocket, San Bernardino Avenue signal synchronization project, and \$230,000 for median on Commerce Drive.
- \$1,500,000 from Measure I for the Lake Gregory Walkway project and rehabilitation on Pipeline Avenue.

- \$1,250,000 from the department's equipment fund based on hourly equipment usage and replacement charges.
- \$800,000 for Community Development and Housing projects.
- \$240,000 from Regional Parks for the Santa Ana River Trail.

Operating transfers out are decreasing by \$1,100,000 due to suspension of internal transfer to the equipment, maintenance and fuel account. Currently, this account has sufficient funds available to maintain the current level of service and replace aging equipment as needed.

State, federal and other governmental aid is increasing by \$5,767,821 as explained below:

- \$1,500,000 of additional gas tax funds is anticipated.
- \$1,500,000 increase in the county's share of Local Transportation Funds.
- \$6,800,000 of federal funds for next phase of the Fort Irwin Road project.
- \$1,200,000 of federal funds for the Old Waterman Canyon Culvert Repair.
- \$436,000 in grant funds from the National Forest Service.
- The above increases are partially offset by a decrease of approximately \$5,500,000 in federal funds. The department received these funds in 2005-06 for first phase of the Fort Irwin Road project; however the contract for this work was encumbered in 2004-05.

Other financing sources are increasing by \$800,000 resulting from an anticipated increase in proceeds from the sale of surplus equipment.

Operating transfers in are decreasing by \$1,100,000 due to suspension of internal transfer from the equipment, maintenance and fuel account. Currently, this account has sufficient funds available to maintain the current level of service and replace aging equipment as needed.

FINAL BUDGET CHANGES

Appropriation and revenues increased by \$11.0 million to reflect additional Traffic Congestion Relief funds from the state (AB 2928) for use in maintaining county roads.

The Board approved \$5.1 million of general fund support to finance several road related projects throughout the county.

The Board allocated \$2.2 million from the county general fund for the purchase of mitigation land for the Delhi Sands flower-loving fly in the Colton/Rialto area to allow various transportation and economic development projects to proceed.

The Board approved a \$2.5 million loan from the general fund to assist with the Valley Boulevard and Pepper Avenue Realignment Project.

The Board approved a number of fee increases that are expected to produce an additional \$378,000 in revenues during 2006-07.

Services and supplies increased by \$160,000 due to fund balance being higher than anticipated.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Average Pavement Condition Index (PCI) of county maintained roads.	75.2 PCI	78 PCI

Roads are historically high on the concerns of the public. There is a unanimous desire to improve road safety and conditions. The average Pavement Condition Index (PCI) is the standard used for determining the overall structural status of a road. Any road with a grade of 70 or greater is considered to be in very good condition. As a result of lobbying statewide by cities and counties, funding has slowly increased over the last few years allowing the department to raise the overall average condition of county roads where the PCI now exceeds 70. By continuing to appeal for additional road funds and by carefully balancing the type of projects used to repair roads, the department's goal is to continue the gains of the last few years and further improve the safety and condition of county maintained roads.

Transportation - Caltrans Contract

DESCRIPTION OF MAJOR SERVICES

This budget unit reflects the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works and the California Department of Transportation (CalTRANS). This agreement allows for the coordination and administration of consultant engineering contracts in support of CalTRANS projects. Currently, there is one major project in progress to design and construct the widening of Interstate 15 from Victorville to Barstow. This is a multi-year project that is financed by federal funds received through CalTRANS and is expected to be completed in 2006-07.

There is no staffing associated with this budget unit.

FINAL BUDGET CHANGES

Services and supplies increased by \$21,788 due to fund balance being higher than anticipated.

Transportation - Etiwanda Interchange Improvement

DESCRIPTION OF MAJOR SERVICES

This budget unit was established to separately account for the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works, the California Department of Transportation (CalTRANS), and the Catellus Corporation. This agreement allows for the redesign of the interchange at Etiwanda Avenue and Interstate 10 near Fontana. This project is being designed and constructed in three phases. Phase I consisted of the realignment of Valley Boulevard, Phase II was for reconstruction of the Etiwanda Avenue at I-10 interchange, and Phase III, which is expected to be completed in 2006-07, is for the project's landscaping.

There is no staffing associated with this budget unit.

Transportation - High Desert Corridor Project

DESCRIPTION OF MAJOR SERVICES

In 2000-01, the Board of Supervisors approved a cooperative agreement between the county, the City of Victorville, and the Town of Apple Valley. This agreement allows for the beginning of environmental studies and preliminary engineering for an east/west high desert corridor. This corridor will be north of Victorville from Highway 395 through the Town of Apple Valley. In accordance with the cooperative agreement, the city and the town will reimburse the county for all costs related to this project. This budget was established to separately account for expenditures and revenues related to the project.

There is no staffing associated with this budget unit.

Services and supplies are decreasing by \$91,570 based on the reduced need of professional services in support of this project.

Transfers are increasing by \$137,908 based on additional labor needs to support the project.

Use of money and property is budgeted in the amount of \$2,500 based on anticipated interest earnings on available cash.

Other revenue is increasing by \$168,804 to reflect additional reimbursements from the City of Victorville, which is the lead agency for this project.

FINAL BUDGET CHANGES

Services and supplies increased by \$232,433 due to fund balance being higher than anticipated.

Transportation - Facilities Development Plans

DESCRIPTION OF MAJOR SERVICES

Transportation Facilities Development Plans are established by county ordinance to collect fees on new construction. These plans provide funds for construction of roads within the boundaries of the established fee area. As fees are collected, these monies are deposited into restricted accounts until sufficient funds have been accumulated to complete projects identified in the Plan Priority Project List. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Oak Hills, Snowdrop Road, South & East Apple Valley, Summit Valley, and Yucaipa. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final community approval.

There is no staffing associated with this budget unit.

Transfers are increasing by \$172,020 due to increased labor cost of staff assigned to Transportation Facilities Development projects.

Use of money and property is increasing by \$92,002 based on anticipated interest earnings on available cash.

Current services is increasing by \$115,453 resulting from increased development activity in the Oak Hills, Apple Valley, and Helendale/Oro Grande areas.

FINAL BUDGET CHANGES

Services and supplies increased by \$1,754,275, transfers increased by \$38,686, and operating transfers in increased by \$120,000 due to fund balance being higher or lower than anticipated.

Transportation - Measure I Program

DESCRIPTION OF MAJOR SERVICES

Measure I is a twenty-year program that provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as providing funds for elderly and handicap transit services. The source of funding is a countywide one-half cent sales tax that was passed by the voters in November 1989. The county is divided into six sub areas, and the Measure I funds received must be spent within the sub area in which they were collected. The sub areas are as follows: North Desert, Morongo, San Bernardino Mountains, Colorado River, Victor Valley, and San Bernardino Valley.

On November 2, 2004, the voters of San Bernardino County approved the extension of this program for thirty years starting in 2010 and extending until 2040.

There is no staffing associated with this budget unit.

Services and supplies are increasing by \$3,007,725 due to the budgeting of overlay projects on Newberry Road, Harbor Drive, Lanfair Road, Amboy Road, and on various roads in the Lake Arrowhead, Barton Flats, and Crestline areas. Also, rehabilitation projects are scheduled for Kiowa Road and Harrison Street, as well as a drainage improvement project on Phelan Road.

Transfers are increasing by \$2,693,439 primarily due to increased contributions to the Road Operations Fund for several projects, including the Lake Gregory walkway and the Pipe Line Avenue rehabilitation project. Also, this increase reflects additional labor costs of staff assigned to Measure I projects.

Reimbursements are increasing by \$320,000 from the Community Development and Housing to subsidize a portion of the Newberry Road rehabilitation project and the Rabbit Springs Road overlay project.

Taxes are increasing by \$1,128,531 based on current year estimates of the half-cent sales tax revenue.

Use of money and property is increasing by \$179,220 based on anticipated interest earnings on available cash.

State, federal, and other governmental aid is decreasing by \$500,000 due to receipt of federal funds for the Amboy Road project occurring in 2005-06.

Current services is increasing by \$1,102,058 because several new projects are anticipated to receive financial contributions from the local agencies or cities during 2006-07. These projects include the Alta Loma Drive waterline relocation project, the Kiowa Road and Harrison Street rehabilitation projects, and the Cajon Boulevard rehabilitation and overlay projects.

FINAL BUDGET CHANGES

Services and supplies decreased by \$2.1 million and operating transfers in increased by \$92,000 due to fund balance being lower than anticipated.

Transportation - Regional Development Mitigation Plan

DESCRIPTION OF MAJOR SERVICES

Pursuant to Measure I 2010-2040 and the November 2005 Congestion Management Program (CMP) update (as approved by SANBAG), local jurisdictions must adopt by November 2006 a development mitigation program to generate fair-share development contributions to regional transportation needs, including freeway interchanges, regional arterials, and railroad grade separation projects. The County of San Bernardino's development contribution target shares were calculated for each of the unincorporated city spheres of influence in the San Bernardino Valley and Victor Valley as part of SANBAG's Development Mitigation Nexus Study.

Subject to future Board approval, development impact fees (based upon the Nexus Study development contribution amounts, area growth projections and regional transportation projects) will be collected at the time of issuance of a building permit for all residential, commercial, and industrial development. When sufficient fees are collected to cover the development contribution fair-share amount of projects, applications will be submitted to SANBAG for the Measure I and/or federal and state funds necessary to construct the regional arterial roads, freeway interchanges, and railroad grade separation projects listed in the Regional Development Mitigation Plan.

There is no staffing associated with this budget unit.

Solid Waste Management Division - Operations

DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the county's solid waste disposal system, which consists of six regional landfills, eight transfer stations, and five community collection centers. In this capacity, SWMD provides oversight, direction, and guidance to Burrtec Waste Industries (Burrtec), the county's contractor for disposal site operations and maintenance. In addition, SWMD oversees the post-closure maintenance at 27 inactive or closed landfills and waste disposal sites throughout the county. The SWMD also administers the county's solid waste handling franchise program and the refuse collection permit program, which authorizes regular trash collection by private haulers in the county unincorporated area. Lastly, SWMD is responsible for the county's waste reduction, reuse, and recycling programs.

Salaries and benefits are increasing by \$1,229,157. Of this amount, \$301,098 is the result of incurred costs associated with MOU, retirement, and workers' compensation adjustments. Of the remaining amount, \$754,024 is for the cost of the following 9.0 new positions:

- 5.0 positions for the Operations, Scales & Maintenance section as follows:
 - 1.0 Scale Operator (\$61,253) to staff the fourth scale at the Mid-Valley Sanitary landfill. The addition of the scale operator will improve customer service and help reduce the waiting time for vehicles entering the landfill.

1.0 Public Works Operations Supervisor (\$99,453) to provide direct supervision to a staff of six individuals (2.0 new Landfill Operations Inspectors; 2.0 existing Landfill Operations Inspectors; 1.0 Maintenance and Construction Supervisor; and 1.0 Fiscal Assistant) responsible for the day-to-day oversight of facilities. This position will also be responsible for the critical task of ensuring that the landfill operations contractor is in compliance with the provisions of their contract.

2.0 Landfill Operations Inspectors (\$163,120) will report to the Public Works Operations Supervisor and will be responsible for day-to-day facility oversight, maintenance and repairs as required at the scale facilities. These Inspectors will also provide oversight of the Construction & Demolition Recycling areas at all landfills when the program is fully implemented.

1.0 Scale Operations Lead Supervisor (\$81,560) to manage all scheduling and long term planning for the scale operations unit. This position will also be responsible for customer service and the handling of customer complaints, budget and purchasing for this unit, and the monitoring of all sites for permit compliance. In addition, this position will provide temporary relief as required to ensure scale facilities are sufficiently staffed to provide the best possible customer service.

- 2.0 positions for the Support Services section as follows:

1.0 Accountant I (\$83,410) to assist with all aspects of year end accounting and annual budget, revenue and expenditure tonnage reporting and analysis, special fund reconciliation and detailed financial reporting.

1.0 Staff Analyst I (\$83,410) to manage special programs and projects to ensure adherence with budget and assist in monitoring and verifying that required documentation is maintained for audit purposes.

- 1.0 Engineering Tech IV (\$92,129) for the Closures, Expansions and Operations Support section to provide construction inspections and various engineering and operations support tasks.
- 1.0 Recycling Specialist (\$89,698) for the Environmental Engineering and Construction Management section to assist the special programs unit with developing and implementing community based waste diversion programs needed for the County to comply with Assembly Bill 939 statutory regulations.

SWMD is also increasing salaries and benefits by a net amount of \$174,035 for an additional 2.6 in budgeted staffing resulting from the following: full year funding of two Engineering Tech IV positions that had been reduced during 2005-06 because two staff members were on military leave; increased overtime for a number of individuals; and a reduction in staff time related to Bark Beetle issues in the local mountains.

Services and supplies are increasing by a net amount of \$3,751,874 mainly because of the following:

- \$3.4 million increase to the landfill operations contract with Burrtec due to a cost of living adjustment and increased costs based on additional tonnage anticipated at the landfills.
- \$1.3 million increase in waste diversion program services for in-house and contracted costs, including recycling operations.
- \$0.6 million decrease due to a significant reduction in bark beetle wood waste tonnage.
- \$0.3 million decrease in legal fees related to the Perchlorate Program.
- Other charges are increasing by \$1,647,199 due to an increase in debt service principal and interest payments on the 2003 bond.

Transfers are increasing by \$55,695. This amount will be transferred to the county Code Enforcement Division for costs related to a SEP grant.

Contingencies are being reduced by \$1,834,205. This amount will be modified upon Board approval of the 2006-07 proposed fee adjustments.

Depreciation is increasing by \$355,199 based on existing depreciation schedules. This increase does not impact the financial resources of SWMD since depreciation expense is a non-cash transaction that is adjusted annually for accounting purposes.

Taxes are decreasing by \$287,368 due to the over-estimation in 2005-2006 of the expected amount of equivalent single family residence (ESFR) fees paid with the property tax bill.

Licenses and permits are increasing by the nominal amount of \$101,943. This revenue is generated from unincorporated area franchise haulers.

Use of money and property is decreasing by \$39,048 due to less rental revenue from Bark Beetle lumber storage in the Lake Arrowhead area.

State, federal and other governmental aid is increasing by \$1,606,942 mainly because of federal and state reimbursements anticipated for costs related to the wildfires of 2003 and the storms of 2004-05.

Current services are increasing by \$4,101,045 mainly due to a cost of living adjustment for the Waste Delivery Agreements, as well as increases in the amount of tonnage accepted at the landfills and other disposal facilities.

Other revenue is increasing by \$99,932 from exemption program application fees.

Other financing sources are decreasing by \$90,000 because no proceeds are anticipated from the sale of fixed assets.

Operating transfers in are increasing by \$37,527 related to the reimbursement of costs associated with a community outreach grant from the Department of Conservation.

Improvements to land are budgeted at \$460,000 for 2006-07. This amount includes \$286,000 for resurfacing the entry road at the Twentynine Palms Sanitary Landfill; \$99,000 for resurfacing the entry road at the Colton Sanitary Landfill; and \$75,000 to replace an existing truck scale at the San Timoteo Sanitary Landfill.

Equipment and vehicles are budgeted at \$142,814 and \$79,500, respectively, to purchase a number of items needed for landfill operations.

FINAL BUDGET CHANGES

Revenue and contingencies increased by approximately \$900,000 resulting from a Board-approved cost-of-living adjustment to the solid waste disposal fee.

The Board approved a revenue and appropriation increase of \$560,000 for the Sawtooth Complex fire debris removal and rebuilding plan.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Pounds of trash per cubic yard of capacity - Low Volume Sites.	1,029 lbs	1,000 lbs
Pounds of trash per cubic yard of capacity - Medium Volume Sites.	1,140 lbs	1,200 lbs
Pounds of trash per cubic yard of capacity - High Volume Sites.	1,140 lbs	1,100 lbs

This performance measure demonstrates SWMD's emphasis on utilizing landfill capacity in the most effective manner to assure that landfill space is available for the foreseeable future. Increasing the density of trash is an easily measured objective and one that SWMD believes can be achieved. Contract language and incentives are currently being reviewed with Burrtec to facilitate the realization of this objective.

Solid Waste Management Division – Site Closure and Maintenance

DESCRIPTION OF MAJOR SERVICES

The Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance [e.g., fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring] required by Titles 14 and 25 of the California Code of Regulations. This fund accounts for the expenses and revenues related to the planning, design, permitting and construction activities required for closure and post-closure maintenance of county landfills.

There is no staffing associated with this budget unit.

The actual expenses and fixed assets for 2005-06 are approximately \$1.0 million and \$4.8 million under budget, respectively, mainly due to a number of projects being deferred to 2006-07. Correspondingly, revenues are approximately \$6.1 million less than budget due to not requiring as much operating transfers from the Financial Assurance Fund for capital projects.

Improvements to land are budgeted at \$22,179,000 for new capital projects scheduled for 2006-07. These new projects include: \$7.0 million for the San Timoteo Sanitary Landfill Unit 2 Phase 3 Excavation and Liner Construction project; \$5.0 million for the Mid-Valley Sanitary Landfill Unit 3 Phase 5B Liner Construction project; \$3.0 million for the Landers Septic Pond #3 Construction project; and \$5.2 million for the Victorville Sanitary Landfill Liner Construction project.

FINAL BUDGET CHANGES

There are no final budget changes associated with this budget unit.

Solid Waste Management Division – Environmental

DESCRIPTION OF MAJOR SERVICES

The Environmental Fund provides environmental mitigation activities (e.g., landfill gas extraction and groundwater remediation created by the landfill) at closed and inactive county landfill sites for the health and safety of the public. This fund accounts for the expenses and revenues related to these environmental remediation activities.

There is no staffing associated with this budget unit.

Services and supplies increased by \$10.3 million for professional services related to carryover and new projects.

Depreciation decreased by \$262,561 based on existing schedules. The decrease does not impact the financial resources of SWMD since this expense is a non-cash transaction adjusted annually for accounting purposes.

Current services are increase by \$1,231,721 due to the perchlorate surcharge fee of \$0.69 per ton.

Other revenue is increasing by \$500,000 due to the CalTRANS Litigation Settlement.

Operating transfers in are decreasing by \$556,886 since there is no need for a transfer from the Operations Fund (Fund EAA) to provide financing for deficits caused by depreciation.

Improvements to land are budgeted at \$4.7 million primarily for several new capital projects scheduled for 2006-07. A few of the more larger projects include: \$750,000 for the design and installation of Groundwater Monitoring Wells/CAP at the Lenwood-Hinkley Landfill; \$750,000 for the design/build of a Groundwater Extraction/Treatment System/CAP at the Yucaipa Landfill; and \$600,000 for the design and installation of Groundwater Monitoring Wells at the Landers Landfill.

FINAL BUDGET CHANGES

Solid Waste Management Division – Environmental Mitigation Fund

DESCRIPTION OF MAJOR SERVICES

The Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operations and management of a county owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste (HHW) Program in unincorporated county communities, ongoing since 1993; the Community Clean Up Program approved by the Board in 1994; the Community Collection program; and a partnership providing funding for Code Enforcement's staffing coordination of the Supervisorial Districts community clean-up projects. Revenues collected in this fund are also used to make contractual payments to the six host cities with a county landfill within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the county's portion of costs associated with debris clean up in the aftermath of a locally declared disaster. The source of revenue for this fund is a \$1/ton component of the solid waste tipping fee.

There is no staffing associated with this budget unit.

Services and supplies are increasing by \$122,920 for additional clean up activities as directed by the Board.

Other charges are increasing by \$478,554 due to a greater amount of payments anticipated to cities for Host Community Fees based on increased tonnage.

Current services are increasing by \$464,108 for additional transfers from SWMD's Operations Fund based on increased tonnage.

REAL ESTATE SERVICES

David H. Slaughter

MISSION STATEMENT

The mission of the Real Estate Services Department (RESD) is to partner with county departments and other public agencies to develop innovative, professional processes and provide cost-effective, efficient, high quality and timely support to accomplish their real estate needs to include lease negotiations and documentation, property management, appraisal services, right-of-way acquisitions, land and building purchases, surplus property sales and maintenance of the database inventory of county-owned buildings, land, and leased facilities.

STRATEGIC GOALS

1. Improve customer service with departments that lease non-county owned space and/or lease county-owned space to others.
2. Improve the quality and professionalism of services.

Real Estate Services

DESCRIPTION OF MAJOR SERVICES

RESD negotiates and administers revenue and expenditure leases on behalf of county departments. More than 300 revenue leases allow for the use of county-owned facilities, generally at county parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Approximately 260 expenditure leases are managed to provide facilities throughout the county for departments and their employees to support the delivery of services in locations convenient to the residents served.

RESD also provides appraisal, acquisition and relocation assistance for county departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. The department establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. The department also acquires land and facilities for various functions, disposes of property determined to be surplus to the county's needs and maintains an inventory of all county-owned land and facilities.

These costs are reflected in the Change From 2005-06 Final Budget column along with changes related to Board approved mid-year adjustments, and department recommendations.

Revenues are increased to reflect additional income from the lease of county-owned space.

Chino Agricultural Preserve

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Costal and Parkland Conservation Act. The department is responsible for negotiating and managing leases, preparing conservation easements, managing properties acquired, and recommending future acquisitions. Property management activities include arranging for all ordinary and emergency repairs, and improvements necessary to preserve the properties at their present condition, enhancing their operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully financed through revenues received from the lease of acquired properties.

There is no staffing associated with this budget unit.

REGIONAL PARKS

Thomas A. Potter

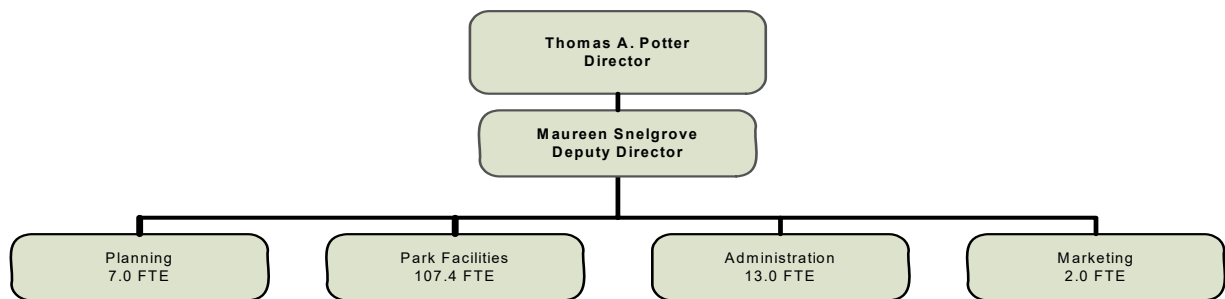

MISSION STATEMENT

The mission of the Regional Parks Department is to ensure diversified recreational opportunities for the enrichment of county residents and visitors while protecting the county's natural, cultural, historical and land resources.

STRATEGIC GOALS

1. Increase public awareness of the new enhancements and amenities at the county regional parks.
2. Increase the number of trail miles within San Bernardino County.

Regional Parks

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department is responsible for the operation and maintenance of nine regional parks located throughout the county. These parks, which encompass approximately 9,200 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). Visitors to the county parks enjoy open space, walking trails, camping, swimming, fishing, picnicking, equestrian activities, playing fields, and other recreational opportunities available to the public. The department sponsors cultural, educational and promotional events through the use of park resources and contractual agreements with private, non-profit, and other public entities.

The department also administers the county's Trails Program (there are currently 13.3 miles of open, accessible, and usable trails throughout the county being maintained by Regional Parks), operates a summer camp program at Camp Bluff Lake near Big Bear, and manages approximately \$10 million in projects funded by the State Bond Propositions 12 and 40. A portion of these funds will be used for future construction of a new regional park in the City of Colton and an Interpretive Center at Mojave Narrows Regional Park. Additionally, Regional Parks is the designated department responsible for enforcing the lease with the operators of the Hyundai Pavilion at Glen Helen Regional Park.

Revenues for 2005-06 were approximately \$250,000 less than budget primarily due to unusually low attendance at some of the regional parks during the first four months of the fiscal year. The low attendance was attributed to construction surrounding the new boat launching facility at Moabi Regional Park, season opening waterslide complications at various regional parks, the closure of Yucaipa Regional Park during the summer for fire camp, and domestic water problems and road construction detours at Prado Regional Park. However, this shortfall in revenues was offset by a savings in appropriations from not filling certain budgeted positions that were vacant during the year.

Salaries and benefits are increasing by \$700,188. Of this amount, \$313,510 is the result of incurred costs associated with MOU, retirement, and workers' compensation adjustments (including the 2005-06 amounts approved by the Board as a mid-year item on November 1, 2005). The balance of \$386,678 mostly consists of the following:

- 1.0 Youth Services Coordinator at a cost of \$69,000 was approved as a mid-year item on August 2, 2005.
- 3.0 positions were previously added (at a total cost of \$200,000) as a result of a department administrative restructuring that was approved by the Board on October 18, 2005.
- 1.0 Staff Analyst II (approximately \$71,000) to complete the department's administrative restructuring that began this past October. This new position will assist with the department's fiscal responsibilities including budgetary oversight, expenditure authorization, grant monitoring, park revenues, concession contracts, cash handling compliance, auditing and training.

- 5.0 positions (totaling \$350,000) are being transferred in from the county trails system budget to eliminate cash flow issues resulting from delays in receiving grant reimbursements.
- 1.0 reduction in Public Service Employees for a savings of approximately \$20,000.
- 1.5 reduction in budgeted staffing (resulting in a salary savings of approximately \$90,000) due to the establishment of a vacancy factor for unfilled positions occurring throughout the year.
- A reduction in workers compensations costs for a savings of approximately \$190,000.
- In addition to the above, the following reclassifications are minimal cost impact to Regional Parks:
 1. Staff Analyst II to Administrative Supervisor I
 2. Business Systems Analyst I to Office Assistant II
 3. Two General Service Worker II's to Office Assistant III's

Transfers are decreasing by \$184,217 mainly because the amount to the trails fund will no longer be necessary as a result of staff of this program now being absorbed within Regional Parks' general fund budget. This change will ensure better cash flow for trails staffing and program costs not covered by grant revenues. However, the department will still continue to provide separate cost tracking of the trails program.

Reimbursements are expected to increase by \$145,887 because of the following:

- Greater amount is anticipated from the Calico marketing fund for staff related costs to set up special events.
- Cost reimbursements for the Youth Services Coordinator position from Camp Bluff Lake and the Environmental Science Day Camp programs.
- Additional reimbursements for staff costs related to planning and grant administration of various grant funded projects.

Use of money and property is increasing by \$82,400 due to an anticipated increase in revenues from parks concessions based on current year estimates. It is expected that this trend will continue because of the recent, successful additions of new concessions such as the Calico House Restaurant and the Moabi Marina General Store.

Current services are decreasing by \$202,159 largely based on current year estimates. Also, revenues previously received by Regional Parks from park concessionaires for utilities will now be deposited directly into the Utilities budget of the Facilities Management Department.

FINAL BUDGET CHANGES

Appropriation and revenue increased by \$435,530 to reflect fee increases approved by the Board.

The Board approved an appropriation increase of \$86,000 in salaries/benefits (2.0 budgeted staffing) and \$164,000 in services/supplies to assist the department with providing safety and maintenance for the county trails system.

The Board approved an appropriation increase of \$34,200 for Fleet Management rate adjustments.

The Board approved an appropriation increase of \$25,000 for the annual cost of monitoring security systems installed at various regional parks.

The Board approved one-time funding in the amount \$11,000 to finance a dog park feasibility project at Lake Gregory Regional Park.

PERFORMANCE MEASURES		
Description of Performance Measure	2005-06 Actual	2006-07 Projected
Total attendance at all regional parks.	2,103,344	2,200,000
Number of miles of open and usable trails maintained by Regional Parks.	13.3 miles	16.6 miles
Response to complaints within 72 hours of notification.	Not previously tracked	100%

The performance measure of increasing the number of park visitors demonstrates the department's emphasis on escalating public awareness of new development and infrastructure improvements at several regional parks. Projects recently completed or are in progress include:

- Universally accessible playground designed for children of all abilities at Prado Regional Park
- New seven-lane boat launch ramp, restroom and shower facility at Moabi Regional Park
- Complete interior renovation of the 3,400 square foot restaurant at Calico Ghost Town
- Waterslide renovations at Cucamonga-Guasti and Glen Helen Regional Parks
- Upper town restroom replacement at Calico Ghost Town Regional Park
- Picnic shelter replacements at Yucaipa Regional Park
- Playground enhancements at Mojave Narrows, Cucamonga-Guasti and Glen Helen Regional Parks
- Campground expansion/Equestrian Staging area at Yucaipa Regional Park
- Playground renovation at Yucaipa Regional Park
- RV campground upgrades and Shelter replacement at Prado Regional Park
- Picnic shelter replacements and new restrooms at Cucamonga-Guasti Regional Park
- Waterslide renovation, playground shelters, and a skate board park at Lake Gregory Regional Park
- Improvements to the San Moritz Lodge at Lake Gregory Regional Park
- Road improvements at Yucaipa, Prado, Mojave Narrows, and Calico Ghost Town Regional Parks
- Renovations to Camp Bluff Lake

In addition to enhancing public awareness of the regional park system, the department has set a goal of increasing the number of trail miles throughout the county. In 2004-05, construction was completed on Phase II of the Santa Ana River Trail (SART), which is a 3.5 mile segment of trail between La Cadena Drive in Colton and Waterman Avenue in San Bernardino. The trail is currently open for hiking, bicycling and equestrian use. The department's objective for 2006-07 is to expand the trail by completing construction of Phase I of the SART. Phase I will be an additional 3.3-mile section of trail that will connect with Phase II at La Cadena Drive and continue to the Riverside County Line. The cost of constructing this trail will be financed by grant funds secured by Regional Parks. Accomplishing the department's 2006-07 objective is fundamental to achieving the ultimate goal of working with other agencies to provide a 110-mile trail stretching from the San Bernardino Mountains to the Pacific Ocean.

County Trail System

DESCRIPTION OF MAJOR SERVICES

Regional Parks Division is the steward of the county's Regional Trail Program charged with the development, operation and maintenance of diversified trails throughout the county. This continuous trail system will be enjoyed by the region's burgeoning population for cycling, hiking and equestrian use, linking open space with parks and non-motorized transportation corridors. In 2004-05, construction was completed on a 3.5-mile segment of trail along the Santa Ana River, between La Cadena Drive and Waterman Avenue (Phase II), and is currently open to users. On June 21, 2005, the Board of Supervisors approved an agreement with the State Resources Agency for \$4,200,000 in State River Parkway funds for improvements along the Santa Ana River Corridor. In connection with that grant, design is underway on the segment between the Riverside County Line to La Cadena Drive (Phase I), with a completion date estimated in May 2007. Design and environmental work has also commenced on Phase III, from Waterman Avenue to California Street, and construction is anticipated to begin in the fall of 2007.

2005-06 expenditures were \$336,492 less than budget mainly due to environmental issues that delayed Phase III design of the Santa Ana River Trail (SART).

2005-06 revenues were approximately \$1.2 million less than budget due to the delay in Phase III of the SART and the corresponding receipt of federal funds as reimbursement. Also, reimbursement has been delayed for the newly constructed Phase II due to complications in finalizing paperwork for the construction contract. Receipt of this reimbursement is now expected in 2006-07.

Salaries and benefits decreased by \$349,921 resulting from the transfer of 5.0 budgeted positions to the general fund parks budget in order to eliminate cash flow issues resulting from delays in receiving grant reimbursements.

Services and supplies are increasing by \$3,626,386 due to planned construction of Phase 1 of the SART.

Transfers are increasing by \$365,272 primarily to reimburse the Public Works Department for staffing costs associated with construction of Phase I of the Santa Ana River Trail. Increased transfers are also anticipated to the general fund for staff costs associated with planning/administration of various grant projects.

Reimbursements are decreasing by \$287,150 primarily because general fund support for trails staffing is no longer necessary because of the transfer of 5.0 positions to the parks budget unit.

State, federal, and other governmental aid is increasing by \$3,409,376 principally because of additional reimbursements expected from the state for costs related to Phase I of the Santa Ana River Trail.

FINAL BUDGET CHANGES

Revenues increased by \$265,779 due to fund balance being lower than anticipated.

Proposition 12 Projects

DESCRIPTION OF MAJOR SERVICES

Proposition 12 is the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000, responding to the recreational and open-space needs of a growing population and expanding urban communities. The Program is intended to revive state Stewardship of natural resources by investing in neighborhood and state parks to meet the urgent need for safe, open and accessible local park and recreational facilities. Regional Parks' total allocation of Proposition 12 funds is \$4,832,410. On January 29, 2002, the Board of Supervisors approved a list of projects to be funded by this financing source.

There is no staffing associated with this budget unit.

Moabi Regional Park Boat Launching Facility

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Division was awarded a \$1,273,000 grant from the California Department of Boating and Waterways in July 2002 for the purpose of renovating the Moabi Regional Park Boat Launching Facility. The project, completed in the summer of 2005, provides additional opportunities for the public to enjoy recreational water activities including boating, fishing and waterskiing. It is anticipated that all project expenditures and a final grant closeout will be completed during 2006-07.

There is no staffing associated with this budget unit.

Services and supplies are increasing by \$95,842 primarily for the cost of the Glen Helen Regional Park master plan.

Equipment is decreasing by \$7,400 for a total budgeted amount in 2006-07 of \$137,600. This amount includes \$80,000 for two bobcat toolcat work machines; \$20,000 for an automated entry/exit gate for added security at Guasti Regional Park; \$13,600 for a Kubota utility vehicle; and \$11,500 for a Polaris Ranger utility vehicle.

Operating transfers out are decreasing by \$43,151 for the amount anticipated to be expended in 2005-06.

FINAL BUDGET CHANGES

Services and supplies increased by \$38,334 due to fund balance being higher than anticipated.

Calico Ghost Town Marketing Services

DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from the Calico Ghost Town concessionaires and park admission fees are used to advertise and market several special events including Calico Days, Spring Festival, Heritage Fest, Calico Ghost Haunt and the Civil War.

Off-Highway Vehicle License Fee

DESCRIPTION OF MAJOR SERVICES

Off-Highway Vehicle (OHV) funds are provided pursuant to state law, and derived from fines for violation of off-highway vehicle operations and licensing. These funds are used for the development of off-highway trails and areas in compliance with state requirements.

There is no staffing associated with this budget unit.

Regional Parks Snack Bars

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department provides staff to operate three snack bars located at the following parks: Glen Helen (island site), Lake Gregory, and Mojave Narrows. Enterprise funds were established for each snack bar to provide management with sound accountability and timely reports. Excess revenue resulting from operations is used to enhance the snack bars or other park operations. Snack bars at other regional parks (Cucamonga-Guasti, Yucaipa, Prado and Glen Helen swimming complex) are operated by a Board-approved private contractor.

Camp Bluff Lake

DESCRIPTION OF MAJOR SERVICES

Camp Bluff Lake is a 120-acre camp located in the San Bernardino Mountains near the City of Big Bear. The Camp is currently owned by The Wildlands Conservancy. The Board of Supervisors approved an agreement with The Conservancy for the county's use of the Camp Bluff Lake facility for a children's summer camping program. The camp provides children with recreational opportunities and the ability to increase their appreciation of the wonders of nature. Seizing the opportunity to expand its youth services program, the Board of Supervisors approved another agreement with The Conservancy to develop an Environmental Science Day Camp program, a one-day environmental studies retreat for children at The Conservancy's Bearpaw Preserve in Forest Falls. Income and expenses for both youth services programs are being accounted for in this enterprise fund.

BUDGET HISTORY

Staffing has decreased significantly since 2004-05 because groups using Camp Bluff Lake for summer camp programs are providing their own staff.

Salaries and benefits are decreasing by \$82,726 for the reduction of 2.4 budgeted positions because the groups requesting use of Camp Bluff Lake for summer camp programs are leasing the facility and providing their own staff. The only county staffing requirement is to provide a Park Ranger and kitchen personnel.

Services and supplies are decreasing by \$39,040 due to groups leasing the facility for summer camp are providing their own supplies.

Transfers are increasing by \$85,853 to reimburse the Regional Parks general fund budget for salary and benefit costs related to the Youth Services Coordinator position. This position oversees programs at Camp Bluff Lake and the Environmental Science Day Camp.

Current services are decreasing by \$122,400 because the groups requesting the facility for summer camp are leasing the facility and providing their own programs. Fee revenues for non-program facility rental are much less than fees for full-program use. Although a reduction in current services income is anticipated, the related expenses are also comparatively less.

Other revenue is increasing by \$49,050 based on anticipated program sponsorships and grant revenues related to the environmental science day camp program.

REGISTRAR OF VOTERS

Kari Verjil

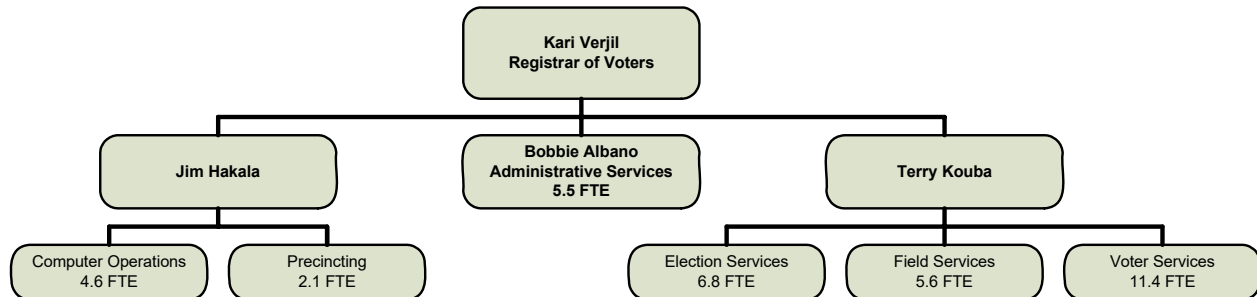

MISSION STATEMENT

The Registrar of Voters upholds the integrity of the electoral process by consistently conducting fair and open elections that are accessible to all and that accurately reflect the intent of the electorate. Departmental activities promote public confidence in the electoral process, increase voter participation, and strengthen democracy while providing the highest quality of customer service.

STRATEGIC GOALS

1. Increase voter participation in the electoral process.
2. Create a pool of experienced and reliable poll workers.
3. Improve/remodel the Registrar of Voters office environment to promote professionalism and to improve customer service.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The primary function of the Registrar of Voters (ROV) is to conduct elections as prescribed by district, city, county, state, and federal laws, and regulations. To support this function, the department is also responsible for registering voters, maintaining voter records, processing petitions, tracking boundary changes and precinct boundaries to reflect realignments of all political subdivisions, and recruiting and training poll workers. To ensure the competent execution of these functions, the Registrar of Voters is organized into six sections: Administrative Services, Computer Operations, Precincting, Election Services, Field Services, and Voter Services. Below is a description of each of these sections:

The Administrative Services Section oversees the preparation and monitoring of department budget, prepares estimates and billings for election services, oversees contracting and purchasing, and manages personnel and payroll.

The Computer Operations Section provides computer support to the department through the in-house computer system and vendor supplied election software, coordinates technical services with the Department of Information Services, and oversees all counting operations in-house. The office website provides a vast array of election information and counting results, in addition to allowing users to inquire as to the location of a polling place.

The Precincting Section creates and maintains jurisdictional boundaries. This involves maintenance of street address files, updating of zip code changes, and realignment of district boundaries. Depending upon which jurisdictions are on the ballot, voter precincts can be combined to form larger election precincts that meet policy guidelines. Automated precinct consolidations are performed using the GIMS mapping system and an interface to the election management systems.

Registrar of Voters

The Election Services Section oversees the filing of candidates, calling of elections, petition process, preparation of sample ballots, campaign disclosure filings, and provides information/data to candidates/campaigns. Recruits pollworkers, coordination of the student poll worker program with the county high schools, provides their training, and assigns them to the appropriate poll locations. The student pollworker program, begun in June of 1997, continues to expand. This program helps to relieve the critical shortage of qualified pollworkers by allowing up to five students to work at each polling place.

The Field Services Section provides programming and maintenance of electronic voting equipment in preparation for each election. Assembles/distributes/retrieves poll election supplies, and provides facility support to the department. Recruits locations to serve as polling places. Primary goals are to stabilize polling locations to minimize changes and the accessibility of polling places to the elderly and disabled. Each new polling place is surveyed prior to being utilized in an election. Provides storage and retention services for election records.

The Voter Services Section maintains the computerized voter files, verifies petition signatures, and provides phone and counter assistance to voters. Voter registration cards and signatures are electronically captured to provide additional security and reducing future labor costs. Coordinates Voter Outreach training and state mandated programs to increase registration and provides absentee/mail ballot voting services. Weekly training is provided to groups wanting to conduct voter registration drives. Registration and promotional materials are provided; then a computerized accountability system is maintained. Absentee ballots now account for between 30-50% of the ballots cast in each election.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services and supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

In 2006-07, there are two principal reasons that account for the majority of change in the department's budget: (1) transitioning from a two-election cycle in 2005-06 to a one-election cycle in 2006-07; and (2) expending \$8.1 million in Help America Vote Act (HAVA) one-time funds that are available from the State to assist the County with its conversion to touch screen electronic voting with Voter Verified Paper Audit Trail functionality.

Transitioning to a one-election cycle in 2006-07, appropriations and revenues have been reduced accordingly. Salary/benefit appropriations have been reduced by \$199,276 to reflect a 3.0 FTE vacancy factor and a reduction in planned overtime, which is offset with increased employee costs of \$154,239; and the addition of a new 1.0 FTE Elections Analyst position (funded by the HAVA grant in 2006-07) at a cost of \$107,000; for a net total increase of \$61,963. Services/supplies appropriations have been reduced by \$1,057,563 to reflect lower election costs during this cycle, that is offset with an increase in inflationary adjustments of \$77,991, and planned HAVA grant related expenditures of \$5,365,155; for a total net increase of \$4,385,583. Election service revenues (Current Services) have been reduced by \$1,172,345 to also reflect the transition to a one-election cycle.

Expending \$8.1 million in HAVA grant funds in 2006-07 is for multiple purposes that not only provide an overall benefit to the voters, but also provide benefit to the ROV department. Some of the recommended uses for the \$8,132,198 include: improving access at the polls to persons with disabilities; voter education regarding the touch screen and absentee voting systems; poll worker training; the purchase and deployment of a mobile voting vehicle (Vote Mobile) for voter outreach; adding a new Elections Analyst position to track grant expenses, research election legislation, voter outreach, and act as a community liaison; securing and renovating additional office/warehouse space; additional voting system component and related computer system purchases; and network and communication system upgrades. Appropriation adjustments for these expenditures, other than salaries/benefits and services/supplies as explained above, are reflected as changes in equipment, vehicles, and transfers.

FINAL BUDGET CHANGES

The Board adopted fee revisions that resulted in appropriation and revenue adjustments in the amount of \$21,804 for the purpose of recovering the use and replacement costs associated with the Voter Verifiable Paper Audit Trail (VVPAT) voting system printers, and that funded 0.9 FTE PSE position.

The Board approved an appropriation increase of \$1,200 for Fleet Management rate adjustments.

The Board approved a policy item for the addition of 1.0 FTE Business Systems Analyst III position costing \$104,598 that will enable the Registrar of Voters to mitigate the technical support workload, and minimize risk by assigning the responsibility of voting system technical support to more than one individual on a cross-training basis.

The Board approved an appropriation increase of \$435,100 to accommodate the cost of placing two charter amendments on the Special Election ballot for the November 7, 2006 election.

Fish and Game Commission

MISSION STATEMENT

The Fish & Game Commission is administered by the Special Districts Department, and its primary function is to act as the liaison between the State Department of Fish & Game, the County Board of Supervisors and the public.

DESCRIPTION OF MAJOR SERVICES

The Commission makes recommendations to the Board of Supervisors on matters pertaining to wildlife in San Bernardino County.

The Fish and Game Commission budget receives funding from fines imposed on hunting, fishing and environmental infractions. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and with its propagation in San Bernardino County.

There is no staffing associated with this budget unit.

Fund Balance				31,293	

There are less expenditures during the current fiscal year than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code.

Revenues for this program are based upon fines levied by the court for code violations. Revenue is lower than expected due to a reduction in fines imposed on hunting, fishing and environmental infractions.

CAPITAL IMPROVEMENT PROGRAM

SUMMARY

The County's Capital Improvement Program (CIP) includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid Waste Management and Transportation Division projects are administered by the Department of Public Works (DPW). Architecture and Engineering Department (A&E) administers projects for Airports, Regional Parks, general fund departments, and Community Development and Housing (CDH). Regional Parks Department administers some grant funded CIP projects such as countywide hiking, biking and equestrian trails. These may eventually be assigned to A&E after planning and scope of work is determined.

Table 1 provides a summary of all new projects for 2006-07. The CIP budget includes \$23,000,000 from the general fund proposed for funding in the proposed budget plus an additional \$29,616,000 added by the Board of Supervisors to the final CIP budget on June 27, 2006. Of the total funding from the general fund of \$52,616,000, \$19,300,000 is considered ongoing and \$33,316,000 is considered one-time funding for various deferred maintenance/infrastructure projects. Included in this total is \$3,251,000 for contributions to other agencies and non-owned projects that provide benefits to County residents. Several projects are also being funded from department budgets and other funding sources that the Board of Supervisors has discretionary control over in the amount of \$9,349,000 and there are numerous projects with restricted funding sources from dedicated sources for dedicated purposes (for example, Airports, Regional Parks grants, Transportation and Solid Waste projects) in the amount of \$45,786,188. The total 2006-07 New CIP Projects budget is \$107,751,188.

A&E completed 69 projects in 2005-06 (including some multi-year projects) with original project budgets totaling \$18,001,239 [see Exhibit L – 2005-06 Completed Projects Administered by Architecture and Engineering (Fund CJV)]. Local cost completed projects had a remaining balance (or savings) of \$57,551. This amount was retained in A&E Carryover Projects as contingency for 2006-07 A&E CIP projects. Other Discretionary Funding and Restricted Funding projects had an overall ending balance of -\$647,752 and \$103,698 respectfully. Projects with negative ending balances will be reimbursed to CIP in 2006-07.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY

MISSION STATEMENT

The mission of the San Bernardino County In-Home Supportive Services (IHSS) Public Authority is to improve the availability and quality of IHSS and to eliminate barriers to providing assistance and choice for the aged and persons with disabilities who need support services to live independently and with dignity in the community.

ORGANIZATIONAL CHART

In-Home Supportive Services Public Authority

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers
- Investigate the background and qualifications of potential care providers
- Refer potential care providers from the registry to IHSS consumers upon request
- Provide training for both IHSS care providers and consumers
- Perform other functions related to the delivery of IHSS as designated by the governing board

BUDGET HISTORY

PERFORMANCE HISTORY

	2002-03 Actual	2003-04 Actual	2004-05 Actual	Modified Budget 2005-06	2005-06 Actual
Appropriation	-	878,910	3,962,137	7,293,920	5,186,464
Departmental Revenue	-	844,316	3,962,208	5,901,639	5,190,270
Fund Balance				1,392,281	
Budgeted Staffing				21.0	

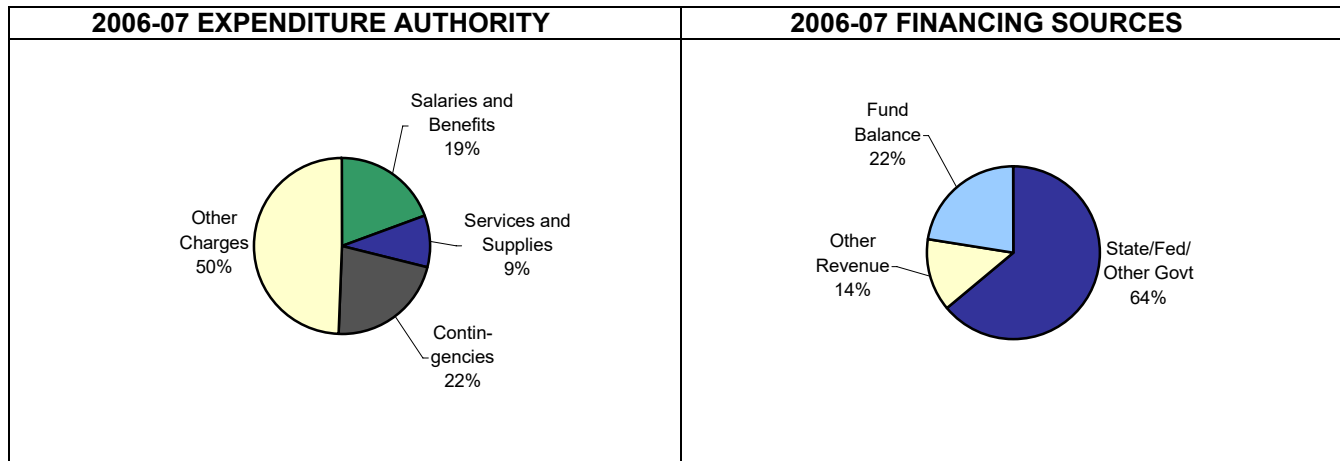

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. The amount not expended in 2005-06 has been re-appropriated in the 2006-07 budget.

Appropriation for 2005-06 is less than modified budget due primarily to:

- ♦ Periodic vacancies of positions.
- ♦ Services and supply cost reductions for printing and mailing of open enrollment packets, fingerprinting and background checks for registry providers, legal services for MOU negotiations, and travel expenses.
- ♦ Greater than anticipated attrition of providers receiving health benefits and lower participation than expected in the provider training stipend program.
- ♦ Reduction in costs for registrar services.

Salary and benefits costs will increase \$123,055 in 2006-07. This increase is a combination of additional staff, salary steps, retirement, and worker's compensation cost increases. Staffing increased by 1 budgeted position for an Office Assistant III contract position to assist with the increased workload required to process employment verification documents for IHSS providers.

Services and supplies costs will decrease \$128,613 due to the following:

- Reduction in printing and mailing costs due to a reduction in processing open enrollment packages for provider health benefits.
- Reduction in professional services for background checks and fingerprinting due to fewer provider registry applicants.

Other charges will increase \$25,677 for medical benefits provided to eligible IHSS service providers in 2006-07. Total appropriations and revenue budgeted for health care benefits in 2006-07 are \$2,941,147. Federal and state reimbursement will cover approximately \$2,426,147 of total expenditures for health care benefits. The remaining \$515,000 is local share. The local share will be funded with Social Services Realignment.

Transfers will decrease by \$13,421 due to a reduction for negotiation services from human relations.

Reimbursements will decrease by \$91,800 due to stipends for provider training ending June 30, 2006.

FINAL BUDGET CHANGES

Other charges increased by \$43,543 due to fund balance being higher than anticipated.

ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION

Brian P. McGowan

DESCRIPTION OF MAJOR SERVICES

In September 1987 the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. Another primary purpose was added in July 1998, to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program, and other program related costs. Economic and Community Development Corporation is a function within the Economic Development Agency.

There is no staffing associated with this budget unit.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (COIDA)

Brian P. McGowan

DESCRIPTION OF MAJOR SERVICES

In March 1981 the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial bonds for the furtherance of economic development and the creation of new jobs within the County. The annual CoIDA budget provides for funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Economic Development Agency.

REDEVELOPMENT AGENCY

Kathleen Thomas

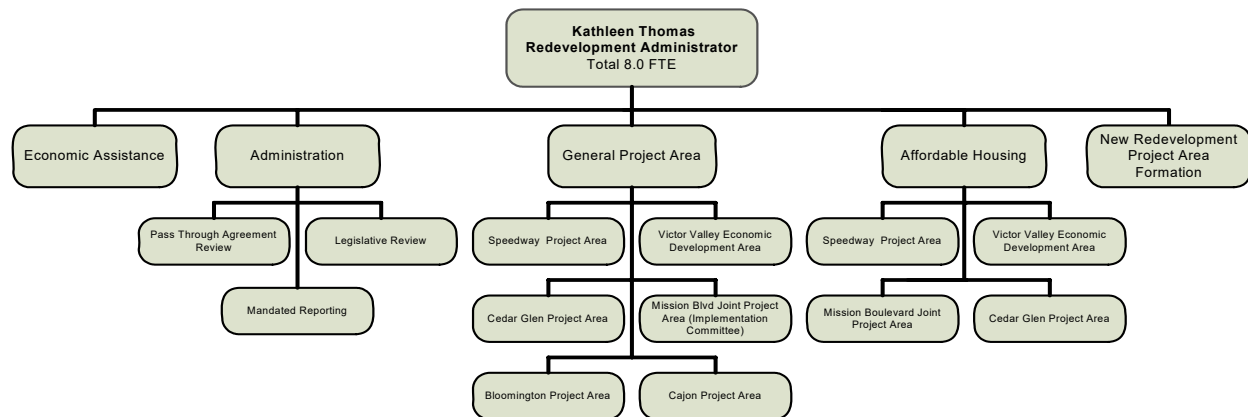

MISSION STATEMENT

The county's Redevelopment Agency serves to improve economic opportunities and affordable living conditions within established redevelopment project areas in the unincorporated county through the effective and efficient utilization of California Redevelopment Law, appropriate use of tax increment revenues and cooperative programs with other county agencies and communities.

STRATEGIC GOALS

1. Elimination and Prevention of blighted conditions within unincorporated areas of the county.
2. Retention of business currently located within project areas.
3. Promote Economic Development in project areas through attraction of new business.
4. Rehabilitation of affordable housing for low and moderate-income households benefiting project areas.
5. Augmentation of the supply of low and moderate housing benefiting project areas.

Speedway Project Area

DESCRIPTION OF MAJOR SERVICES

In 1995, the entire former Kaiser Steel site and other blighted industrial property in its vicinity were incorporated into the Speedway Redevelopment Project Area (formerly known as San Sevaine Project Area). The major objectives of the project area are to encourage private sector investment in the development and redevelopment of the area by removing impediments to growth, eliminating and/or preventing the spread of blight and deterioration, and correcting infrastructure deficiencies. An amendment to the Speedway Project Area was adopted in November 2004, expanding the area by approximately 40% and approving other administrative changes. A second amendment to the project area was adopted on November 1, 2005, reducing the project area by 15%. This amendment was done to allow the City of Fontana to proceed with plans to incorporate the area removed from the project area.

On November 15, 2005, the Board of Supervisors/Directors approved the issuance of approximately \$58,275,000 in tax allocations bonds and approved the refunding of the 2000 bonds issued in January 2000. Net proceeds from the sale of these bonds of \$34,650,935 (general operating funds \$25,431,395; housing funds \$9,219,540) will be used to finance infrastructure improvements within the Speedway Project Area and provide affordable housing.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations 20% of the gross tax increment revenues are set aside and used for affordable housing.

Redevelopment Agency administrative costs, including all staffing costs for the Redevelopment Agency, are accounted for in this project area, but are allocated to the other project areas based on time studies.

San Sevaine Bond Series 2005 A was funded in December, 2005 with net proceeds of \$34,650,935. General projects to be undertaken with these bond proceeds include work on the Etiwanda/San Sevaine Flood Control Channel (South), West Fontana Flood Control Channel, road work on the Cherry/I-10 interchange, road construction on Cherry and San Bernardino Avenues, the construction of a fire station, land acquisition, and economic incentives for business acquisition within the project area. Proceeds allocated for housing projects will be used for land acquisition, mortgage write downs, residential rehab grants, and affordable housing development assistance.

In 2006-07, the department will incur increased costs to maintain current services, such as negotiated labor agreements, retirement, risk management, central computer and inflationary services & supplies purchases; and will incur decreased costs in worker's compensation. These costs are reflected in the Change From 2005-06 Final Budget column, along with changes related to department recommendations.

Services and supplies has increase by approximately \$6.0 million for housing programs and road improvements, offset by a decrease in fund balance of approximately \$3.0 million. Land and improvements have increased as a result of the voluntary land purchase program for the Rosemary/Iris properties located in the project area. Transfers to other county departments have increased by \$2.3 million primarily for road and flood control projects. Operating transfers out has increased by \$20 million as a result of the bond proceeds budgeted in 2006-07; however the expenditures will take place in future fiscal years. Other increases included in operating transfers out are for a fire station and debt services payments.

The budgeted revenue reflects an anticipated increase in tax increment revenue of \$510,500 and in interest revenue of \$292,100. In addition, operating transfers in have increased as a result of the debt service payments for the Series 2005 A bonds.

FINAL BUDGET CHANGES

The following final budget changes were made:

- The Board approved an appropriation increase of \$44,158 in salaries and benefits for the addition of 1.0 Redevelopment Analyst II position at \$89,409, which will be offset by the elimination of two part-time (1.5 FTE) Graduate Student Intern positions (\$45,251).
- The Board approved an appropriation decrease of \$44,158 in services and supplies to fund the new Redevelopment Analyst II position.
- Services and supplies increased by \$1,900,799 due to fund balance being higher than anticipated.
- Other charges decreased by \$40,758 due to fund balance being lower than anticipated.
- Transfers increased by \$16,500 due to fund balance being higher than anticipated.
- Operating transfers out increased by \$196,470 due to fund balance being higher than anticipated.

Cedar Glen Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the Cedar Glen Disaster Recovery Redevelopment Plan was adopted to assist with the rebuilding of part of the area destroyed by the 2003 Old Fire. The Project Area began to receive tax increment revenues in 2005-06.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

Initial plan preparation and operating expenses are funded through a \$75,000 loan from the San Sevaire Project Area and a \$290,000 loan from the county general fund. In addition, on December 6, 2005 the Board of Supervisors approved a loan of \$10 million from the county general fund to the Cedar Glen Project Area to begin the water and road improvements. The loans will be repaid when the project area generates sufficient tax increment revenues or other financing is available.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based on time studies.

Tax Increment revenues were received for the first time in 2005-06 and were greater than budgeted for the year by \$41,000. In addition, two general fund loans were received for projects within the Cedar Glen Disaster Recovery Project Area in 2005-06, one for \$75,000 and the second for \$10 million. Proceeds from these general fund loans will be used to pay operating and approved project costs. As required by the loan terms \$7.6 million of the loan proceeds has been placed into contingencies for future approved projects.

The increase in budgeted contingencies of \$7.6 million is the balance of the \$10 million loan received from the county general fund in December 2005. Per the loan agreement, the Board of Supervisors must approve all additional projects utilizing the loan funds. Upon approval, of additional projects, the funds will be transferred to the appropriate expenditure category for use.

FINAL BUDGET CHANGES

Services and supplies increased by \$202,327 due to fund balance being higher than anticipated.

Victor Valley Economic Development Authority (VVEDA) Project Area

DESCRIPTION OF MAJOR SERVICES

In 1993, the Victor Valley Redevelopment Project was established for the purpose of providing economic development at the former George Air Force Base. The project area was a joint project of the Cities of Adelanto, Hesperia, Victorville, the Town of Apple Valley, and the County of San Bernardino. The project is under the direction of the Victor Valley Economic Development Authority (VVEDA) and is administered by the City of Victorville. The county receives a portion of the tax increment generated within the unincorporated areas of the project area, which must be expended on programs within the unincorporated portion of the project area.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations 20% of the gross tax increment revenues are set aside and used for affordable housing.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based on time studies.

Tax increment and interest revenue are anticipated to increase in 2006-07. Expenditures have been reduced by \$60,045 as a result of an estimated decrease in professional services in 2006-07.

FINAL BUDGET CHANGES

Services and supplies increased by \$107,230 due to fund balance being higher than anticipated.

Mission Blvd. Joint Redevelopment Project Area

DESCRIPTION OF MAJOR SERVICES

In 2003, the County of San Bernardino approved the Mission Boulevard Joint Redevelopment Project Area, a joint project with the City of Montclair. Pursuant to the terms of the Redevelopment Plan and a Cooperation and Implementation Agreement, the City of Montclair has the administrative responsibility of managing the general redevelopment activities. The county and the city each administer the housing set-aside funds generated in each jurisdiction's territory.

The County of San Bernardino's Mission Boulevard Joint Project Area only includes housing set aside funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households.

A \$50,000 loan was received from the county general fund in 2004-05 to cover costs until sufficient tax increment revenue is generated to repay the loan.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based on time studies.

Proposed Bloomington Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the Redevelopment Agency began initial steps toward the creation of a new project area in the Bloomington community. On August 17, 2004, the Board received and filed the feasibility study concerning a possible redevelopment project area for Bloomington. The criteria reviewed in the study were meeting the 80% urbanization criteria under California Redevelopment Law (CRL), meeting the blight conditions under CRL, and being economically feasible as redevelopment project area. The report determined that the Bloomington area would qualify as a project area. On November 9, 2004, the Board adopted a resolution to begin the process to adopt a Redevelopment Plan for the Bloomington area. It is anticipated that this proposed project area, if adopted and the ordinance and redevelopment plan transmitted to the State Board of Equalization before November 30, 2006, will begin to receive tax increment revenue in 2007-08.

Plan preparation expenses are funded through \$500,000 in loans from the county general fund. The loans will be repaid if the project area is established and when the project area generates sufficient tax increment revenues or other financing is available.

There are no budgeted positions assigned to this proposed project area, however administrative and staffing costs are allocated to this project area based on time studies.

In 2006-07, the department will incur decreased costs in services and supplies of \$226,383 as a result of one time studies being completed or encumbered in 2005-06 and funding limitations. Transfers to San Sevaime to cover allocated staffing and administrative costs associated with the project area are budgeted to decrease by \$17,271 due to finding limitations.

Included with this budget is a policy item requesting a general fund loan of \$140,000 to cover allocated staff time, professional services, and administrative costs. Without this loan there will be insufficient resources to cover all anticipated expenses for the 2006-07 to continue consideration of the Proposed Project Area.

FINAL BUDGET CHANGES

Services and supplies increased by \$61,454 due to fund balance being higher than anticipated.

Proposed Cajon Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the Redevelopment Agency began initial steps toward the creation of a new project area in the Cajon community (areas in and around Muscoy). On August 17, 2004, the Board received and filed the feasibility study concerning a possible redevelopment project area for Cajon. The criteria reviewed in the study were meeting the 80% urbanization criteria under California Redevelopment Law (CRL), meeting the blight conditions under CRL, and being economically feasible as redevelopment project area. BUDGET BOOK FORMAT

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this appendix.

BUDGET HISTORY

These graphs display a visual picture of the department's trends for the current year and prior four years in budgeted local cost or fund balance or revenue over/(under), where applicable, and budgeted staffing.

PERFORMANCE HISTORY

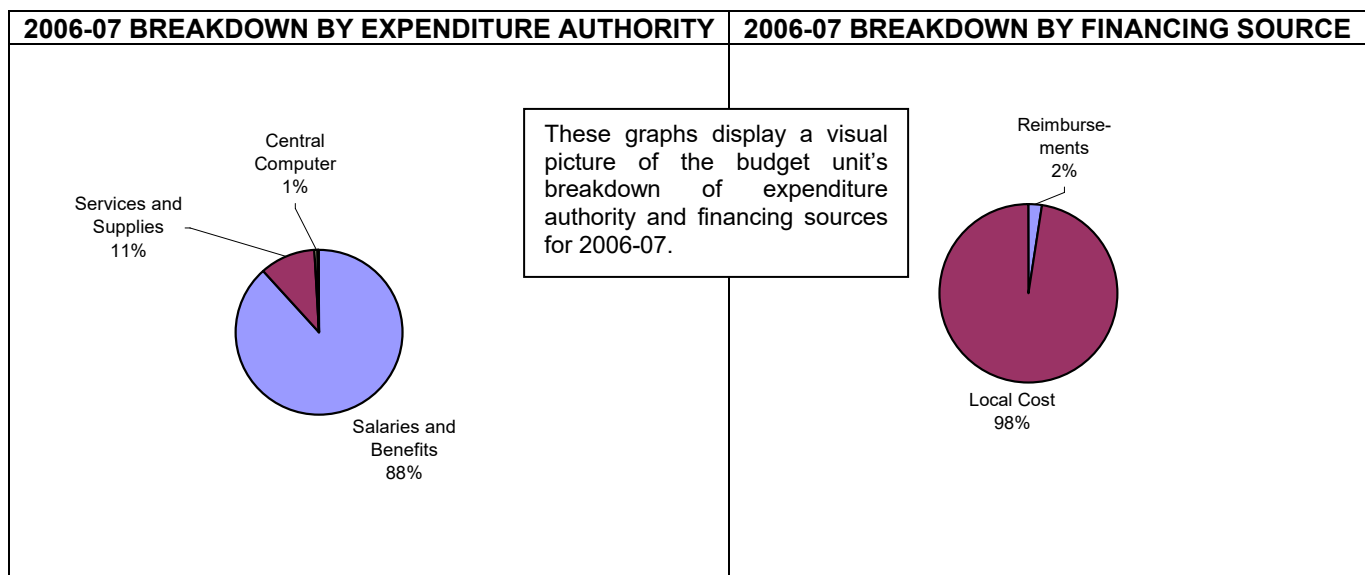

Performance History provides a historical overview of the budget unit, including actuals from 2002-03, 2003-04 and 2004-05, the 2005-06 modified budget and actual amounts for 2005-06.

General Fund

For the General Fund, fund balance is expected to decrease by \$46.3 million. Although discretionary revenues are projected to increase dramatically in 2006-07, a majority of this increased ongoing revenue is required to fund the increased costs of maintaining current service levels, including increased salary and retirement rates, and the costs of increased jail space. The major reasons for the projected fund balance decrease are as follows:

- A \$20.7 million increase in funding for new capital improvement projects over 2005-06. In 2005-06 the majority of the \$31.9 million general fund contribution to capital improvement projects was spent on the purchase of the Adelanto Adult Detention Facility. A total of \$52.6 million in new capital improvement projects, financed by the general fund, are included in the 2006-07 budget.
- A \$9.3 million increase in the County's contribution to the County Fire Agency. This contribution totaled \$3.8 million in 2005-06 and is climbing to \$13.1 million in 2006-07.
- \$7.3 million in funding to be transferred from the general fund to the Transportation Funds for specific projects. There were no budgeted transfers to the Transportation Funds in 2005-06.
- A \$14.0 million increase in contributions to reserves. In the 2005-06 final budget, approved reserve increases totaled \$21.4 million. This has increased to \$35.5 million in 2006-07. (For details see the Reserves portion of the General Fund Financing Section of this budget book).

Special Revenue Funds

Pursuant to Section 29009 of the California Government Code, the entire unreserved fund balance in special revenue funds must be appropriated each year. All appropriation not expended in a given fiscal year will be carried over to the next's years budget. Budgeted contingencies can be used to account for expected surpluses in these funds. The projected 2006-07 ending budgetary fund balance is the contingency appropriation. Overall fund balances in the special revenue funds are budgeted to decrease by \$86.0 million. Significant details follow:

- The Transportation Division of the Public Works Department shows a \$33.4 million budgeted decrease in aggregate fund balance. Historically, the amount budgeted in services and supplies each year is greater than the amount actually expended because not all scheduled projects are completed within one fiscal year. Therefore, the actual ending fund balance is typically much greater than budgeted.
- The fund balances related to the Central Courthouse Seismic Retrofit project are projected to decrease by \$15.1 million due to anticipated project expenditures in 2006-07.
- The Community Development and Housing Department shows a \$14.9 million decrease in aggregate fund balance because grant revenue is often received in a fiscal year following the year when expenditures are actually incurred.
- The Master Settlement Agreement special revenue fund, which partially funds debt service on the Arrowhead Regional Medical Center, anticipates a \$6.7 million reduction in fund balance due to increased expenditures and an expected decrease in revenue.
- The Sheriff-Coroner special revenue funds anticipate a \$5.3 million decrease in aggregate fund balance due to expected expenditures for capital improvement projects, equipment, and vehicles.

Capital Project Funds

The entire fund balance for capital projects is appropriated each year by project, therefore, the projected ending budgetary fund balance will be zero. Historically, the amount appropriated each year is greater than the amount actually expended because large capital projects often span many fiscal years and project balances are carried over annually until project completion. Hence, the actual ending fund balance is typically much greater than budgeted.

BUDGET BOOK DEFINITIONS

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Appropriation: An appropriation is an authority to spend. It represents the authorization from a specific fund to a specific program to make expenditures/incur obligations for a specified purpose and period of time. The budget contains many appropriations or items. These appropriations are limited to one year, unless otherwise specified. An appropriation represents the authorized expenditure limit for a fund/department unit for the year.

Base Budget: This year's base budget represents the prior year approved budget plus mandated cost adjustments such as across-the-board salary increases (MOU), retirement costs, risk management liabilities, and previous year's mid-year Board approved costs.

Budgeted Staffing: The number of equivalent positions funded in the budget unit. Also referred to as full-time equivalent (FTE).

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Computer: The Central Computer expense category is set up to allocate the Information Services Department's computer charges to departments based on usage. These are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each department's Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget (2007-08) will be adjusted based upon the actual usage in 2006-07.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

Costs to Maintain Current Program Services: All non-discretionary budget changes that are factored into the base budget: these include the cost of new mandates and negotiated salary increases. The Board of Supervisors approved these costs for the general fund in the County Administrative Office's financing plan.

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor/Controller-Recorder in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

Department: An organizational unit used by county management to group programs of a like nature.

Department Recommended Funded Adjustments: A proposal by the department to change or implement a new program funded through existing resources that is not currently authorized by the Board.

Depreciation: The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Employee Health & Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An obligation placed on an appropriation to pay for goods or services that have been ordered by means of contracts, but not yet received. In other words, the money is tied up. Even though it has not been spent, it cannot be used for any other purpose.

Enterprise Funds: Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through operational revenues.

Expenditure: Under the current financial resources measurement focus, decrease in net financial resources not properly classified as other financing uses.

Fiscal Year (FY): The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

Fixed Asset: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more.

Full-time Equivalent (FTE): The number of equivalent positions funded in the budget units. Also referred to as budgeted staffing. An equivalent position is calculated by taking the total number of work hours budgeted for the budget unit (excluding overtime) and dividing by 2088, which represents the total number of hours in a work year.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff's Department.

Fund: A legal unit that provides for the segregation of moneys or other resources in the county treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: The excess of assets over liabilities, including the cancellation of prior year encumbrances.

General Fund: The General Fund is the predominate fund for financing county programs. It is used to account for revenues that are not specifically designated to be accounted for by any other fund. The primary sources of revenue for the general fund are property taxes and other taxes, state and federal aid, current services, and other revenue. The general fund is used as the major funding source for the administrative/executive, economic development, fiscal, human services, law and justice, and public and support services groups.

General Fund Financing: Describes the overall process of administering local cost, which is the amount contributed by the county general fund from its discretionary revenue sources to finance the activities of a department.

Internal Service Funds: Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Local Cost: Local cost (or general fund financing) is the amount contributed by the county general fund from its discretionary revenue sources to finance the activities of a department.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to a negotiated and approved labor agreement between the county and an employee labor organization or group that details the salary, benefits, and other conditions of employment.

Mid-year Adjustments: Board approved changes to a department's budget after the adoption of the final budget.

Operating Transfers In/Out: A method of providing financing from one fund to another for the implementation of a project or program.

Other Charges: A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: Interest expense, public assistance costs, etc.

Proposed Budget: The working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets and for new permanent employee positions unless specifically approved by the Board of Supervisors.

Proposition 172 (Prop. 172): A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular county employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to handle one-time special projects. They do not receive the full range of benefits or have the civil service status of regular county employees.

Realignment Funding (Health & Welfare): In 1991-92 the state approved the Health & Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

Reimbursements: Amount received as a repayment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of an expenditure and are considered a financing source.

Restricted Financing Funds: Restricted financing funds consist of two restricted financing sources – Prop. 172 and Realignment. Prop. 172 revenue assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing mental health, social services, and health programs within the County.

Revenue: The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a fund for future appropriation.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements/increases within the base salary range shall be based on two (2) step increments. Each increment is 2.5%.

Transfers: The movement of resources from one fund to another usually for payment of services received.

Unrestricted Net Assets: That portion of net assets that is neither restricted nor invested in capital assets (net of related debt).
