IN HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY

Helen Lopez

MISSION STATEMENT

The mission of the San Bernardino County In-Home Supportive Services (IHSS) Public Authority is to improve the availability and quality of IHSS and to eliminate barriers to providing assistance and choice for the aged and persons with disabilities who need support services to live independently and with dignity in the community.

ORGANIZATIONAL CHART

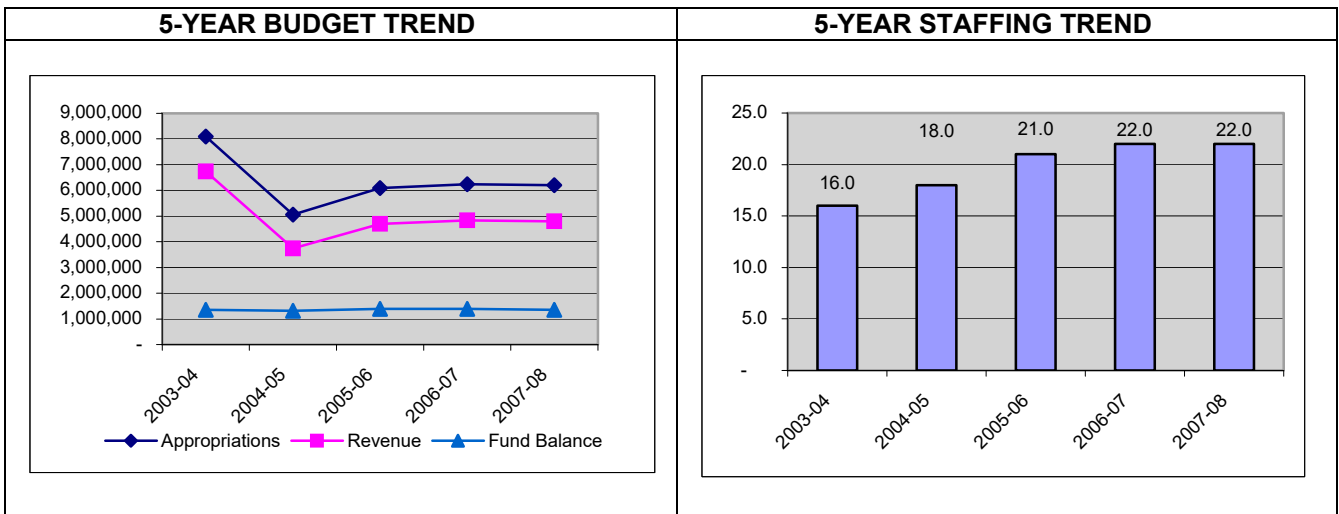

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers.
- Investigate the background and qualifications of potential care providers.
- Refer potential care providers from the registry to IHSS consumers upon request.
- Provide training for both IHSS care providers and consumers.
- Perform other functions related to the delivery of IHSS as designated by the governing board.

Fund Balance				1,396,089	
Budgeted Staffing				22.0	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budgeted. The amount not expended in 2006-07 has been re-appropriated in the 2007-08 budget.

Appropriation for 2006-07 is less than modified budget due primarily to:

- ◆ Periodic vacancies of positions.
- ◆ Services and supply cost reductions for printing and mailing of open enrollment packets, fingerprinting and background checks for registry providers, legal services for MOU negotiations, and travel expenses.
- ◆ Greater than anticipated attrition of providers receiving health benefits and lower participation than expected in the provider training stipend program.
- ◆ Reduction in costs for registrar services.

Salaries and benefits of \$1,259,754 fund 22.0 positions and are increasing by \$46,696 primarily resulting from MOU and retirement rate adjustments.

Services and supplies of \$570,221 include annual registry and provider health benefits database licensing and maintenance, provider and staff training, provider background investigations and finger printing and county overhead charges (COWCAP).

Other charges of \$2,902,437 represent payments to the Inland Empire Health Plan for provider health benefits. This is a decrease of \$42,518 from the previous year because plan benefits defined by the current MOU will be exhausted before June 30, 2008 due to lower than expected numbers of health benefits enrollee terminations and two unanticipated premium rate increases (15% in Nov. 2006 and 10% in March 2007). The Public Authority, with consultation provided by the Human Resources Benefits Chief, is actively pursuing alternatives for the delivery of health benefits to the IHSS provider base. A Request for Information (RFI) has been released with expected responses forthcoming, and recommendations for options presented to the Board of Directors for consideration by the close of the current fiscal year for implementation early in 2007-08.

Transfers of \$99,276 represent charges for administrative support. This will decrease by \$38,905 primarily due to the reclassification of training services provided by the county. Those costs are now reflected in services and supplies.

Contingencies of \$1,352,546 are based on fund balance available. In accordance with Section 29009 of the California Government Code, the entire unreserved fund balance must be appropriated each year.

Revenue from use of money and property of \$14,500 is interest earnings on the Public Authority's cash balance throughout the year. This is a decrease of \$5,500 due to delayed payments of the quarterly claims by the state.

Federal and state aid of \$3,949,726 is the federal and state mandated share of Public Authority expenditures.

Operating transfers in of \$837,821 is the county's mandated local share of Public Authority expenditures.

ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION

DESCRIPTION OF MAJOR SERVICES

In September 1987 the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. Another primary purpose was added in July 1998, to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program, and other program related costs. Economic and Community Development Corporation is a function of the Economic Development Agency.

There is no staffing associated with this budget unit.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (COIDA)

DESCRIPTION OF MAJOR SERVICES

In March 1981 the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial bonds for the furtherance of economic development and the creation of new jobs within the County. The annual CoIDA budget provides for funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Economic Development Agency.

There is no staffing associated with this budget unit.

REDEVELOPMENT AGENCY

Kathy Thomas

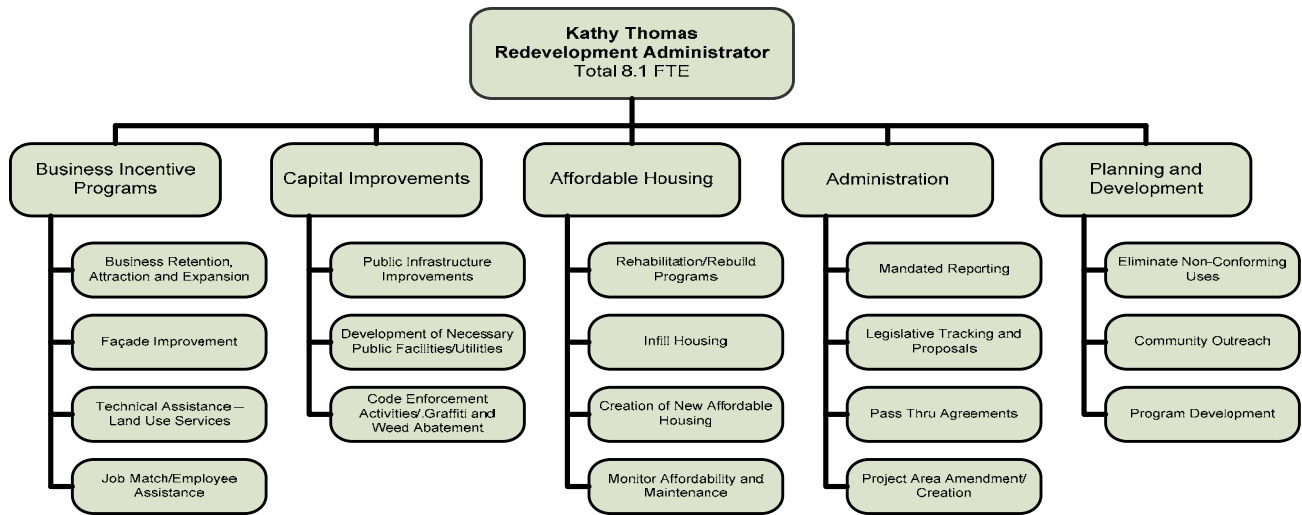

MISSION STATEMENT

The County of San Bernardino Redevelopment Agency (CoRDA) serves to assist in improving the quality of life within established redevelopment project areas by: improving and constructing infrastructure, retaining and expanding opportunities for existing businesses, attracting new businesses, creating new job opportunities, improving living conditions of residences, and creating new affordable housing. Through coordinated efforts with other County departments, the Agency can implement programs and projects that foster economic opportunities in unincorporated communities.

STRATEGIC GOALS

1. Develop and implement inclusionary and replacement housing programs and projects for citizens within the redevelopment project area.
2. Assist in the development of capital improvements to eliminate and prevent the acceleration of physical blight.
3. Assist in the development of business incentive programs to reconstruct, upgrade and expand commercial areas.
4. To effectuate the comprehensive planning, redesign, re-planning, reconstruction, and/or rehabilitation of project areas.

Speedway Project Area

DESCRIPTION OF MAJOR SERVICES

In 1995, the former Kaiser Steel Mill site and other blighted industrial properties in its vicinity were formed to create the San Sevaine Redevelopment Project Area, currently known as the *Speedway Redevelopment Project Area* (Speedway). The Speedway was amended in 2004 and 2005 to add additional territory resulting in a total acreage of 3,426 acres.

San Sevaine Bond Series 2005 A was funded in December, 2005 with net proceeds of \$34,691,164. Projects to be undertaken with these bond proceeds include assistance in the improvement of public infrastructure (work on the Etiwanda/San Sevaine Flood Control Channel (South), West Fontana Flood Control Channel, road work on the Cherry/I-10 interchange, road construction on Cherry and San Bernardino Avenues), the development of public facilities such as the construction of a fire station, land acquisition, and economic incentives for businesses within the project area and acquisition of new business for the area. Proceeds allocated for housing projects will be used for home rehabilitation programs, land acquisition, infill housing programs and affordable housing development assistance.

Salaries and benefits of \$928,317 fund 8.1 positions and are increasing by \$127,357. The increased cost for salaries and benefits is the result of the Board approved (January 30, 2007, Item 52) reclassification of five ECD Analyst II positions to four Development Specialist positions and one Supervising Development Specialist position, the budgeting of staff overtime (0.1), negotiated labor agreement increases, and increases in retirement.

Services and supplies of \$18,351,009 include the budgeting of undesignated fund balance, various costs associated with improving the area around the California Speedway, and miscellaneous office expenses. Services and supplies have decreased by \$1,163,094 generally due to a decrease in costs associated with 2005 Bond Proceeds recognized in 2006-07 which are not anticipated in 2007-08.

Other charges of \$3,758,750 represent debt service payments. Other charges saw a decrease of \$92,842 due to decreases in interest on a County loan for administrative charges.

Land and improvements of \$6,000,000 include costs associated with the Rosemary/Iris Voluntary Sale Program and commercial/industrial land acquisitions. The increased cost of \$1,500,000 is represented by an increase of \$4.0 million for the commercial/industrial land acquisitions offset by a reduction in land acquisition for the Rosemary/Iris Voluntary Sale Program by \$2.5 million.

Transfers of \$9,201,576 to other county departments represent various costs, which include road projects, administrative charges, and storm drainage construction. Transfers have increased by \$4,122,728 primarily for road projects, flood control projects, and increases in administrative charges.

Contingencies of \$3,891,241 include funds held by the Trustee, Bank of NY for the 2005 Series A Tax Allocation Bonds. Contingencies increased \$2,288,164 due to a higher reserve requirement on the 2005 Bonds.

Reimbursements of \$1,392,212 primarily represent reimbursements from other Redevelopment Agency project funds to the Speedway administrative fund for staff charges. The increase in reimbursements of \$203,214 includes increases from other RDA project funds in the amount of \$154,564 for administrative charges and \$48,650 increase from the Economic Development Agency for lease costs.

Operating transfers out of \$25,011,569 generally represent payments to County Fire for construction of a fire station and payments to others for a variety of projects. Operating transfers out have decreased by \$4,435,402 as 2005 Series A Tax Allocation Bond proceeds have been used in 2006-07.

Departmental revenue of \$14,027,786 primarily reflects tax increment and interest revenue. The increase in revenue of \$4,323,836 represents an anticipated increase in tax increment and interest revenue.

Cedar Glen Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the *Cedar Glen Disaster Recovery Project Area* (Cedar Glen), consisting of 837 acres, was adopted to assist with the rebuilding of the community that was destroyed by the 2003 Old Fire.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

Initial plan preparation and operating expenses were funded through a \$75,000 loan from the Speedway Project Area and subsequent loans from the county general fund of \$365,000. In addition, in December of 2005, the Board of Supervisors approved a loan of \$10.0 million from the county general fund to Cedar Glen to begin the water and road improvements. The loans will be repaid when the project area generates sufficient tax increment revenues or other financing is available.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

Accordingly, expenditures in these funds are typically less than budget. The amount not expended in 2006-07 has been re-appropriated in the 2007-08 budget. As required by the loan terms, \$7.6 million of the loan proceeds are in contingencies for future approved projects.

Actual 2006-07 agency revenue was greater than budgeted in 2006-07. Both tax increment revenues and interest revenues were greater than anticipated.

Fund Balance					9,954,190	9,474,945	(479,245)

Services and supplies of \$1,425,851 primarily represent undesignated fund balance carried over from previous years for future projects and/or improvements. Services and supplies increased by \$25,431 primarily due to the reduction of land and improvement costs.

The decrease in land and improvements by \$310,966 represents the amount that was estimated to be spent in 2006-07 on purchases of land in Cedar Glen. The remaining balance of \$59,454 has been carried over to 2007-08.

Transfers of \$392,595 represent administrative fees to the Speedway administrative fund. Increases of \$23,945 are associated with increased administrative costs.

Contingencies of \$7,600,000 are necessary because, per the Cedar Glen loan agreement, the Board of Supervisors must approve all additional projects utilizing the loan funds. Upon approval of additional projects, the funds will be transferred to the appropriate expenditure category for use.

Operating transfers out of \$400,295 include transfers to the Special Districts Department for road and water projects.

Departmental revenue of \$403,250 includes funding from projected tax increment as well as revenue from interest.

Victor Valley Economic Development Authority Project Area

DESCRIPTION OF MAJOR SERVICES

In 1993, the *Victor Valley Economic Development Authority* (VVEDA), a joint powers authority, was established for the purpose of providing economic development in and around the former George Air Force Base. Five jurisdictions oversee the economic development of the area, which include: the Cities of Victorville, Hesperia and Adelanto, the town of Apple Valley, and the County of San Bernardino. VVEDA totals approximately 60,000 acres and is administered by the City of Victorville. The unincorporated portion of VVEDA is approximately 16,000 acres. VVEDA is currently in its eighth amendment where approximately 30,236 acres are being added.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

Services and supplies of \$879,200 represent undesignated fund balance. Services and supplies increased by \$9,141 due to available fund balance.

Transfers of \$157,038 include administrative charges paid to the Speedway administrative fund. The increase of \$53,816 is due to the development of new programs in the VVEDA project area.

Departmental revenue of \$155,550 consists of tax increment revenue and revenue from interest. The increase in revenue of \$17,550 primarily represents increases in tax increment revenue.

Mission Boulevard Joint Project Area

DESCRIPTION OF MAJOR SERVICES

In 2003, the County approved the *Mission Boulevard Joint Redevelopment Project Area* (Mission Boulevard) with the City of Montclair. Mission Boulevard totals approximately 404 acres and is administered by the City of Montclair.

The Mission Boulevard Joint Project Area only includes housing set aside funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households.

A \$50,000 loan was received from the county general fund in 2004-05 to cover costs until sufficient tax increment revenue is generated to repay the loan.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

Services and supplies of \$66,201 represent undesignated fund balance. Services and supplies decreased \$39,672 due to increased transfers.

Transfers of \$62,815 include administrative charges paid to the Speedway administrative fund. The increase of \$48,069 is due to the development of new programs in the project area.

Departmental revenue of \$22,570 primarily represent tax increment revenue and other government aid, which is anticipated to decrease in the amount of \$20,195 in 2007-08 due to the annexation of part of the county portion of the project area by the City of Montclair.

Proposed Bloomington Project Area

DESCRIPTION OF MAJOR SERVICES

On November 9, 2004, the County of San Bernardino’s Redevelopment Agency (CoRDA) initiated the formation of a redevelopment project area in and around the community of Bloomington. In November 2005, community members requested that the Redevelopment Agency suspend the project area formation process while the possibility of incorporation for the area was evaluated. While the process was on hold, Senator Christine Kehoe drafted Senate Bill 1206, which was approved and chaptered in September 2006. Effective January 1, 2007, this new legislation modifies the statutory definition of blight, which would require CoRDA to start the redevelopment formation process anew. As a result of these factors, the Board of Supervisors terminated the proposed project area on January 30, 2007.

Proposed Cajon Project Area

DESCRIPTION OF MAJOR SERVICES

On November 9, 2004, the County of San Bernardino’s Redevelopment Agency (CoRDA) initiated the formation of a redevelopment project area in and around the community of Cajon. In November 2005, community members requested that the Redevelopment Agency suspend the project area formation process. While the process was on hold, Senator Christine Kehoe drafted Senate Bill 1206, which was approved and chaptered in September 2006. Effective January 1, 2007, this new legislation modifies the statutory definition of blight, which would require CoRDA to start the redevelopment formation process anew.
