San Bernardino County  
California

For the Fiscal Year Beginning

July 1, 2007

A handwritten signature in blue ink, reading "Charles S. Cox".

President

A handwritten signature in blue ink, reading "Jeffrey R. Enos".

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **San Bernardino County, California** for the Annual Budget beginning July 1, 2007. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

#### COUNTY MISSION STATEMENT

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the people it serves.

As the County Administrative Officer for the County of San Bernardino, I am pleased to present the 2008-09 Final Budget on behalf of the Board of Supervisors to the residents of San Bernardino County. This document, which was adopted on June 24, 2008, stands as a fiscally sound spending plan, provides for the operational needs of County departments, and preserves the current level of service while addressing the County's growth.

The use of County resources continues to focus in the areas of public safety; capital improvements; economic development; and planning for the future. Additionally, we continue to spotlight customer service by expanding our Service FIRST program and improving resident's access to county services through enhancements in technology.

## **THE BUDGET IN BRIEF**

The County produces two budget books. This budget book presents the General Fund, restricted financing funds, special revenue funds, capital project funds, and enterprise funds. Additionally, there is a budget book for Board Governed Special Districts. The total spending authority for the County and Board Governed Special Districts in 2008-09 is \$3.8 billion and \$0.5 billion, respectively for a combined total of \$4.3 billion.

The General Fund spending authority totals \$2.4 billion and is funded by countywide discretionary revenues, financing transfers from departments, the use of reserves, and the beginning fund balance of the General Fund. Of this \$2.4 billion, the Board of Supervisors has discretion over \$698.1 million.

When the 2008-09 final budget was adopted, there was \$59.7 million in general purpose reserves and \$219.8 million in specific purpose reserves, including \$38.9 million in ongoing set-asides established to fund the annual costs for the County's future space needs, retirement costs, the jail expansion and a new juvenile detention facility. These ongoing set-asides, if unspent at the end of the fiscal year, will be transferred to the corresponding specific purpose reserve.

## **2008-09 HIGHLIGHTS**

### **Health**

The three major health departments are committed to the concept of integration – integrating health care services in community-based, full-service clinics thereby bringing the most efficient, service-oriented health care to the residents of San Bernardino County. With Public Health providing preventive care, Arrowhead Regional Medical Center (ARMC) providing primary care, and Behavioral Health providing comprehensive mental health services, the County will be in a position to provide unparalleled access to a full range of health care services to the community. In addition to integration efforts, ARMC has successfully redesigned its Emergency Room Operations in order to better serve its patients. This redesign has significantly reduced wait times and has improved service delivery overall. For Behavioral Health, continued funding from the Mental Health Services Act will allow the department to realize full-service partnerships throughout the community, building a system of care and treatment to target the homeless, incarcerated, and ethnic communities.

### **Safety**

In the area of Safety, the County is continuing to support the comprehensive crime prevention and neighborhood revitalization program, Operation Phoenix, which began in the City of San Bernardino and was expanded to include unincorporated areas of the County. In the High Desert, resources are being allocated to support gang suppression in a program called Desert HEAT. Funds were also allocated for fire and emergency services. These allocations include funds for the design of a new fire station to be constructed in the Ludlow/Amboy area, for continuation of the Telephone Emergency Notification System (TENS), which is the reverse 911 notification system, and for background checks of citizens wanting to participate in the Citizens Emergency Response Team, which assists communities during disasters.

### **Well-Being**

Funding increases in the Human Services subsistence programs of Foster Care, CalWORKs, and Aid to Adoptive Children were made to assist residents in need as a result of the slowing economy. In Land Use Services, funding was allocated for the development or completion of several plans, including the Santa Ana Wash; the Snow Drop Road specific plan; the establishment of a regional conservation strategy for the West Mojave area; and comprehensive guides for quality land development for two areas, Cedar Avenue and Helendale-Silver Lakes. For Airports, an incentive fund was established last year with the goal of attracting and retaining businesses at the Chino Airport. Funding for this economic plan is continued in the upcoming year.

### **Quality of Life**

The County Library continues to expand its physical capacity and its use of computer and electronic resources. New mid-year additions include library branches in the Chino Hills and Phelan areas. Funding assistance is also planned for the Bloomington Library located on the Bloomington High School campus. Technology plans for the County Library include expansion of the use of radio frequency identification and installation of self-service checkout equipment at the libraries. The County Museum received funding for exhibit fabrication for the new Hall of Geological Wonders.

The County continues to improve public access to information and services through enhancements in technology. While the public has had the ability to receive electronic updates of selected departmental information through email for some time, this service began with a limited number of departments. It has now become available to all departments. The public is able to communicate with Board staff and access current information via the Board of Supervisors website. The Clerk of the Board recently updated its Internet website to include video broadcasts of Board meetings. Other service delivery enhancements that will be forthcoming include Land Use Services' plans to utilize an electronic process for development and construction plan review and a new web-based reservation system for Regional Parks.

In August 2007, the County began its "Green County San Bernardino" initiative as a way of preserving our environment. Resource conservation continues to be an area the County is actively pursuing. With regard to water conservation and electricity use, funding was provided in 2008-09 to Facilities Management for assessment of utility usage and the use of alternative energy sources. Additionally, this department is developing a California Friendly Landscaping Research Project that includes the testing of irrigation equipment, water conservation, and landscaping options. In order to improve air quality and reduce fuel consumption, the Fleet Management Department continues to incorporate ultra low emission vehicles (ULEV), including hybrid vehicles, into the County fleet.

## **CHALLENGES IN FISCAL YEAR 2008-09 AND BEYOND**

As the population of the County continues to increase, the needs of the County continue to grow. Challenges facing the County include State and Federal budget impacts, increases in salary and benefit costs from pending negotiations, the economic slowdown and its impact on County revenues and services, and changes in the municipal bond market.

State and Federal funding reductions are anticipated. Adjustments for these impacts will be made mid-year in the County budget after the impacts are known. As a result of our strong financial management and conservative budgeting practices, the County has notable contingencies in the 2008-09 financial plan that will assist in lessening the effect of the State budget crisis.

The County faces the challenge of funding increased costs with revenues that are not expected to perform well in the near term. Salary and benefit cost increases for many of the County's employee representation units were not known when this budget was adopted. As such, these costs are not included in the budget. Since the adoption of the Final Budget, several representation units have signed agreements and other units are still in negotiations.

Decreases in the taxable values of properties result in reduced growth in property related revenues, which make up more than two-thirds of the County's ongoing discretionary funding. In anticipation, the County has been conservative in its budgeting of property-related revenues, especially those that are most susceptible to market changes. In addition, the County chose in prior years, when revenues were growing substantially, to dedicate and set-aside increases in ongoing funding sources to pay for future capital projects and increases in future retirement costs. Even with these mitigations, the County will be faced with the challenge of continuing to provide quality services to its residents while managing the impacts of reduced revenue growth.

The economic slowdown is evidenced by an increasing unemployment rate, inflation, a decline in housing sales and prices, increases in foreclosures, and slowing retail sales. How much further the decline will go remains uncertain.

In an attempt to assist residents of the County in the slowing economy, the Department of Economic Development is intensifying its efforts to deliver needed services that focus on reemployment, job identification and job training. Additionally, the department will be applying for Federal funds to assist in re-occupying foreclosed homes.

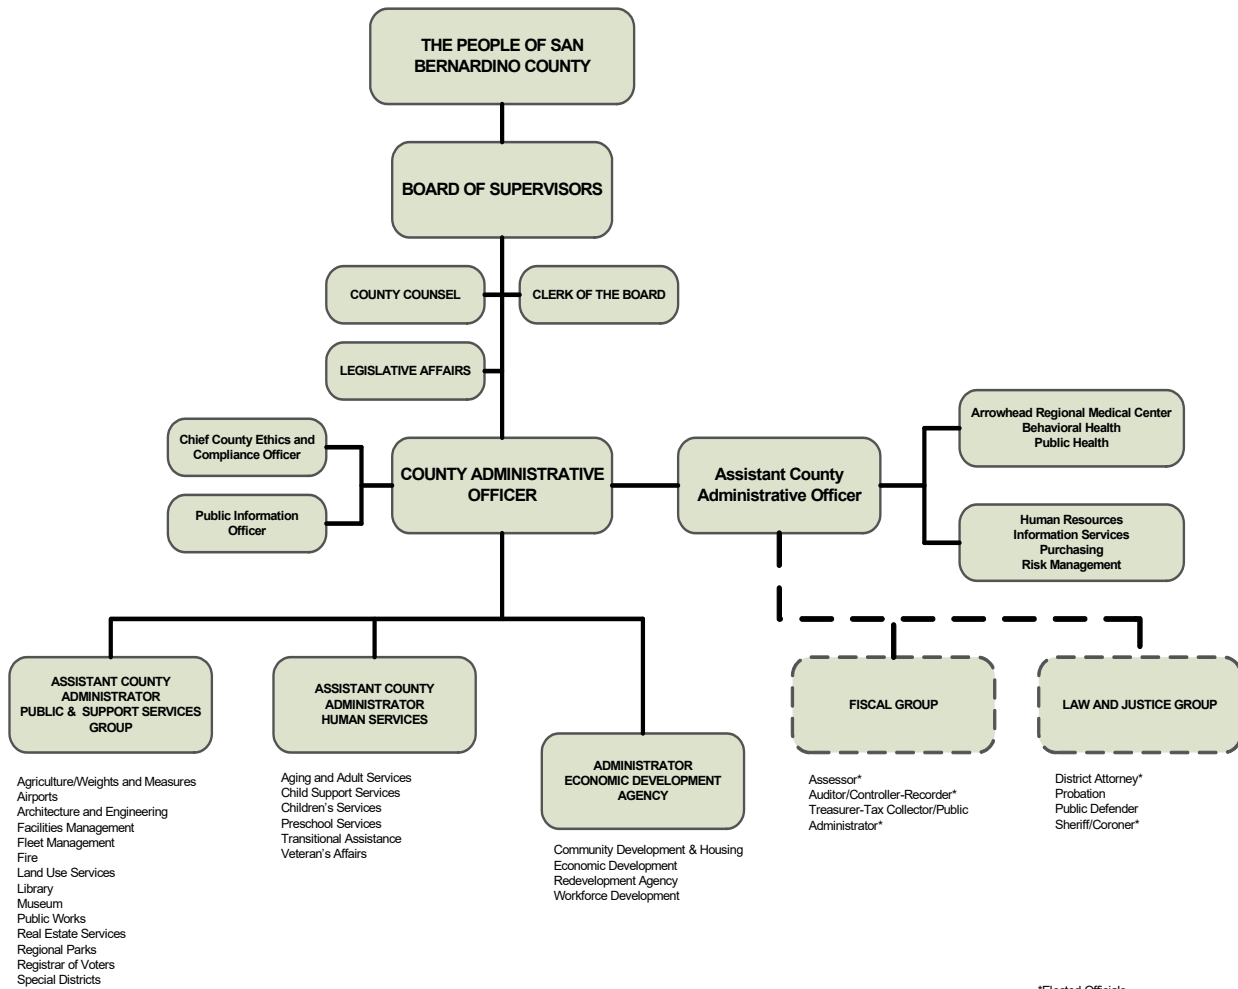

In recent months, mortgage-related losses have put investment banks and municipal bond insurers under increasing financial pressure. This has resulted in the decline in the ratings of many of these firms and a questionable future outlook for some of these major financial institutions. Because most of the County's bonds are insured, the downgrade in the ratings of municipal bond insurers has also negatively affected the rating on the related County bonds. These downgrades, coupled with reduced demand for bonds from usual purchasers, have resulted in higher interest rates for certain types of bonds. To address these issues, the County refinanced all of its variable rate auction bonds and continues to monitor all of its outstanding long-term debt for negative impacts. The County is also exploring options to address increased interest rates related to insurance-backed variable rate demand bonds. As a result of this market turmoil, the County may continue to experience higher-than-typical interest costs and access to the municipal credit markets may be weakened, potentially increasing the estimated cost of the County's upcoming capital projects.

## CONCLUSION

The 2008-09 San Bernardino County Budget meets the County's budget objectives and addresses the major policy issues that face the County. As the County enters a new year and looks forward to the challenges that lie ahead in future years, it will continue to strive to efficiently and effectively meet the needs and priorities of San Bernardino County citizens.

### THE COUNTY OF SAN BERNARDINO COMPARISON TO OTHER COUNTIES

## COUNTY OF SAN BERNARDINO

The County of San Bernardino's 2008-09 Final Budget covers the period from July 1, 2008 – June 30, 2009. The budget consisting of the general fund, restricted financing funds, capital project funds, special revenue funds, and enterprise funds has a total appropriation of \$3.6 billion. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the following mission, vision, and value statements of the County of San Bernardino:

### Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the **health, safety, well-being, and quality of life** of its residents according to the County Charter, general laws, and the will of the people it serves.

### Vision Statement

Our vision is to create a safe, clean, and healthy environment that appeals to families and individuals, and attracts the best in business and industry. We will create, support, and enhance vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history.

- **Service** of the highest quality to our customers delivered with dignity and respect.

The County of San Bernardino's annual budget process starts with the development of the Annual Report and Business Plan document. The Annual Report and Business Plan document is the instrument used by the County to tie departmental budgets to departmental goals, objectives, and performance measures. This final budget book is the product of the annual budget process. While this final budget book includes departmental strategic goals and performance measures, which demonstrate how department's meet their overall departmental mission as well as the global mission of the County, it does not list the departmental objectives contained in the Annual Report and Business Plan document. Therefore, the following two pages provide a high-level overview of County departments. For those departments offering primary services, a single goal and objective has been listed that best highlights the County's global mission statement.

## **COUNTYWIDE SERVICES**

The services provided by the county are arranged into categories in accordance with the County Mission Statement. Therefore, the public services provided are categorized by health, safety, well-being, and quality of life services. In addition, the county's fiscal services provide public support. The categories of leadership and support services are essential to the administration of county government.

SAN BERNARDINO COUNTY GOALS AND OBJECTIVES		
SERVICES	GOALS	OBJECTIVES
<b>HEALTH:</b>		
Arrowhead Regional Medical Center	Increase outpatient clinic visits.	Continue implementation of outpatient visit redesign program in primary and specialty clinics.
Behavioral Health	Increase access to behavioral health services for individuals that are underserved or who are receiving a limited level of services.	Continue to increase the development of community-based behavioral health care and treatment programs that serve as options to institutionalization or hospitalization.
Public Health	Prevent disease and disability, and promote healthy lifestyles.	Improve the health of children by increasing the percentage of children who are up-to-date on required childhood vaccinations.
<b>SAFETY:</b>		
County Fire	Enhance service delivery in response to projected county population growth within areas served by the County Fire Department.	Identify and measure deficiencies in the current delivery system; and further identify facility, staffing, infrastructure, and financing needs to meet current and projected service delivery standards and goals.
District Attorney	Promote public safety by punishing criminal conduct.	Continue to promptly, effectively, and ethically prosecute criminal offenses.
Law and Justice Group Administration	Reduce the negative effects of gang-related crimes on the citizens of the county.	Implement the Strategic Plan on Gangs to reduce gang activity.
Probation	Provide proven treatment options for probationers according to their risk level and criminogenic factors.	Increase the number of offenders in evidence based treatment programs.
Public Defender	Reduce backlog of old cases.	Increase early resolution of cases, thus minimizing custody time (and its attendant costs to the client and to the county).
Sheriff/Coroner	Enhance response capabilities to disasters and other emergencies.	Effectively communicate with multiple agencies during critical incidents.
<b>WELL-BEING:</b>		
Aging & Adult Services/Public Guardian	Ensure the safety of at-risk adults and the elderly to improve or maintain quality of life.	Respond to emergency Adult Protective Services (APS) referrals within state mandated timelines.
Agriculture/Weights and Measures	Continue to protect the public's health, agriculture and environment by preventing proscribed foreign pest infestations and the misuse of pesticides, in light of increases in county population.	Inspect all common land and airfreight carriers receiving shipments of plant material for compliance with quarantines and freedom from foreign pests that arrive in the county.
Child Support Services	Improve organizational performance.	Improve performance by implementing new processes and modifying existing processes.
Human Services Administration: <i>Transitional Assistance</i>	Increase public awareness of the Food Stamp Program.	Increase the total number of households participating in the Food Stamp Program, through increased outreach efforts.
<i>Children's Services</i>	Reduce number of children who enter foster care each year.	Continue implementation of the Family-to-Family Program and other practices that reduce the number of children who must enter foster care.
Land Use Services	Increase the number of initial inspections performed from the date of receiving a complaint.	Perform initial inspections within three weeks of receiving the complaint.
Public Works	Transportation - Maintain the level of safety and maintenance for county maintained roads.	Maintain the average Pavement Condition Index (PCI) for county maintained roads at a "good" or higher PCI category.
Registrar of Voters	Increase voter participation in the electoral process.	Continue to stabilize off-site early voting at various locations, including City Clerk's offices throughout the county.
Special Districts	Increase customer service levels to district customers.	Decrease response time to utility service requests.
Veterans Affairs	Emphasize higher standards of customer service.	Continue customer service surveys and post-interview telephone surveys on a regular basis.
<b>QUALITY OF LIFE:</b>		
Airports	Improve coordination and management of Airports Capital Improvement Program.	Reduce the average length of time required to complete capital improvement program projects.
Community Development and Housing	Communicate useful and timely information to other agencies and to the general public to inform them about grant and loan resources available to meet community and housing needs.	Advertise the annual Community Development Block Grant (CDBG), HOME, and Emergency Shelter Grant Programs, and request CDBG applications.
Economic Development	To foster job creation, increase private investment, and enhance county revenues through the attraction, expansion, and retention of business.	Raise awareness of the competitiveness of San Bernardino County to increase inquiries and generate leads for new business attraction and investment.
County Library	Enhance computer and electronic resources for the public.	Increase the purchase of electronic resources.
County Museum	Enhance public awareness of Museum services/programs and increase accessibility to Museum collections.	Identify more objects and artifacts to be exhibited for Museum visitors.
Preschool Services	Achieve school readiness of children enrolled to ensure they are making progress toward positive outcomes.	Teachers will share child assessment information with parents and this input will be used to prepare home and classroom activities responsive to children's individual needs.
Redevelopment Agency	Assist in the development of capital improvements to eliminate and prevent the acceleration of physical blight and encourage the better utilization of real property and new private enterprise investment.	Assist in the development of public facilities and utilities, such as the construction or rehabilitation of fire and sheriff stations, community centers, school facilities, parks, multi-use trails, and utility improvements.
Regional Parks	Increase public awareness of new enhancements and amenities throughout the County Regional Park System and provide excellent customer service to ensure return visitors.	Increase attendance at the regional parks through enhanced marketing efforts.
Workforce Development	Meet or exceed all Workforce Investment Act (WIA) enrollment and performance standards negotiated with the state for customers in Adult, Dislocated Worker and Youth Services.	Enroll 450 youth in Youth services.

## **FINANCIAL PLANNING CALENDAR**

### **Ongoing**

The Board of Supervisors provides ongoing policy direction to the County Administrative Officer.

Departments provide monthly budget to actual estimates to the County Administrative Office.

### **October through December**

**Annual Report and Business Plans** – Department-wide Annual Report and Business Plans are developed and serve as a guideline to lead the County in preparing the upcoming budget. The Annual Report and Business Plan is a comprehensive and systematic management tool designed to help each department assess the current environment, anticipate and respond appropriately to changes in the environment, envision the future, increase effectiveness, develop commitment to the department's mission, and achieve consensus on goals and objectives for achieving that mission. The Annual Report and Business Plan supports the annual budget plan by illustrating how a department's budget and available resources can be tied to goals and objectives, and is used to track, monitor, and evaluate departmental progress by establishing timelines and milestones, and comparing projections to actual accomplishments.

**Capital Improvement Plan** – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by the County Administrative Office and presented to the Board of Supervisors for comments and recommendations. In addition, departmental five-year capital improvement plans are updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

**Fee and Internal Service Rate Development** – Departments develop their proposed fee changes and internal service rate adjustments for the upcoming budget year and submit them to the County Administrative Office for review and recommendation to the Board of Supervisors.

### **January and February**

**Five-year Financial Plan** – The County Administrative Office develops a five-year forecast of financial operations for general fund programs, projecting major revenues and expenditures, based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are reported to the Board of Supervisors.

**Business Plan Workshop** – Department Heads, County Administrative Office staff, and the Board of Supervisors meet to discuss and review the Business Plans. These plans include departmental requests for additional general fund financing for which the Board of Supervisors provides input and direction to staff.

**Budget Prep System** – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units and the system is opened up for departmental input into preparation of the budget submittal.

**March and April**

Budget Prep System – Internal training is conducted for all users of the system.

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Architecture and Engineering are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Proposed Fee changes. Approved fee changes are included in the Proposed Budget submittals to the Board of Supervisors.

Financial Plan – The upcoming budget year financing plan is developed based on revenue projections and estimates for cost increases of ongoing costs. This plan includes the allocation of general fund financing (local cost) and provides estimates from remaining funding available to meet unmet needs of the County.

Preparation of Proposed Budget – Departments develop their respective proposed budgets and submit them to the County Administrative Office for review and recommendation to the Board of Supervisors. General fund departments must budget within their respective local cost allocations given to them based on the financing plan.

**May and June**

Submission of Proposed Budget – The Proposed Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the proposed budget.

Budget Hearing – The Board of Supervisors conducts a public hearing on the Proposed Budget. At this time, the Board may modify the Proposed Budget.

Adoption of Final Budget – All Board approved changes are incorporated into the Final Budget.

**July through September**

Budget Prep System – The County Administrative Office makes final budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

Preparation of Final Budget Book – The County Administrative Office updates the Proposed Budget Book for final changes.

### Annual Report and Business Plan

This year, the Board of Supervisors received the County's first Annual Report and Business Plan, distributed in January 2008. The Annual Report provides an overview of the County, including countywide facts and figures, quick facts by department, and a review of the county's highlights for the prior calendar year. Significant events, the County's outstanding employees, and national awards are accentuated. The Business Plan document is the starting point for San Bernardino County's budget process and it is intended to support the annual budget plan by tying the budget to the department's goals, objectives, and performance measures necessary to meet the overall mission of the department. The Annual Report and Business Plan is used to help track, monitor, and evaluate the progress by establishing timelines and milestones, where each department can monitor their progress and compare their projections to actual accomplishments.

Business Plan Workshops were held January 30, 31 and February 4, 12, 2008. These workshops provided the Board of Supervisors the opportunity to review departmental goals and objectives. Additionally, this was the first occasion for departments to explain how they utilize their allocated resources in terms of meeting projected goals and objectives and what additional resources would be needed for new projects not yet funded. At this time, departments also presented fee adjustments and/or requests for additional general fund financing, which included funding requests for those workload and program changes that are not financed within their existing general fund allocations.

### General Fund Budget Process

The County Administrative Office has the responsibility of developing the county financing plan for all general fund departments. This plan begins with reviewing the two restricted financing sources, Proposition 172 and Realignment. Proposition 172 assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing the general fund departments of Human Services, Behavioral Health, and Public Health for mental health, social services, and health programs. If these financing sources are not sufficient to pay for those departments' costs, then general fund discretionary sources are considered.

The 2008-09 financing plan presented to the Board of Supervisors on March 18, 2008, included a total of \$56.3 million in additional discretionary revenue available for financing in 2008-09. This revenue is comprised of property taxes, interest on the county investment pool, sales tax, and other taxes. The financing plan initially allocates increases in these discretionary revenues to fund increases in mandatory costs such as previously negotiated salary increases, previous year's Board approved costs, and other mandated costs. The increased costs to maintain current services totaled \$23.9 million. After the mandatory costs are financed, the remaining unallocated discretionary revenue of \$32.4 million is presented to the Board of Supervisors for allocation along with a listing of outstanding financing issues such as salary and benefit negotiations outstanding, county needs, and impacts from state and federal budgets.

Also on March 18, 2008, the Board of Supervisors held a Fee Hearing. The Fee Hearing is designed to take public testimony related to fee changes for the 2008-09 fiscal year. The fee hearing and approval of the fees was completed at this time to allow the approved fee changes to be incorporated into the proposed budgets. In addition, the approved fees will become effective with the start of the fiscal year.

The 2008-09 Proposed Budget Hearing was held on June 17, 2008. At that time, the County Administrative Office made recommended changes to financing and reserves. Additionally, the department's requests for additional general fund financing were also considered. At the 2008-09 Proposed Hearing, the Board of Supervisors directed the removal of new positions and reclassifications of existing positions from the budget.

The 2008-09 Final Budget was formally adopted on June 24, 2008, which included several approved departmental requests for additional general fund financing for policy items, business process improvements, and capital improvement projects. Furthermore, reductions to general fund appropriation and associated funding were made based on the direction from the Board of Supervisors regarding new positions and reclassifications of existing positions. When the budget was adopted, the Board of Supervisors also directed that any final fund balance adjustment in the general fund be made to the appropriation for contingencies. No money can be spent from contingencies without obtaining Board of Supervisors approval.

### Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has restricted financing funds, capital project funds, special revenue funds, enterprise funds, and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue resources available to them. These resources include projected revenue to be collected in 2008-09 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets were also discussed during the Budget Hearing. In addition, when the Board of Supervisors approved the final budget, they also approved the necessary fund balance adjustments to these funds to agree to the Auditor/Controller-Recorder's actual fund balance.

### Amending the Final Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the final budget require an item to be placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office or the Board of Supervisors depending upon the appropriation unit. Exceptions are noted below:

#### Transfer of Salaries and Benefits Appropriation:

- Transfers out funded with local financing are not allowed.
- Transfers out not funded with local financing requires an item to be placed on the agenda of the Board of Supervisors for approval.
- Transfers in from other available appropriation within the budget unit will be required if budgeted salaries and benefits appropriation is inadequate to meet expenditures.

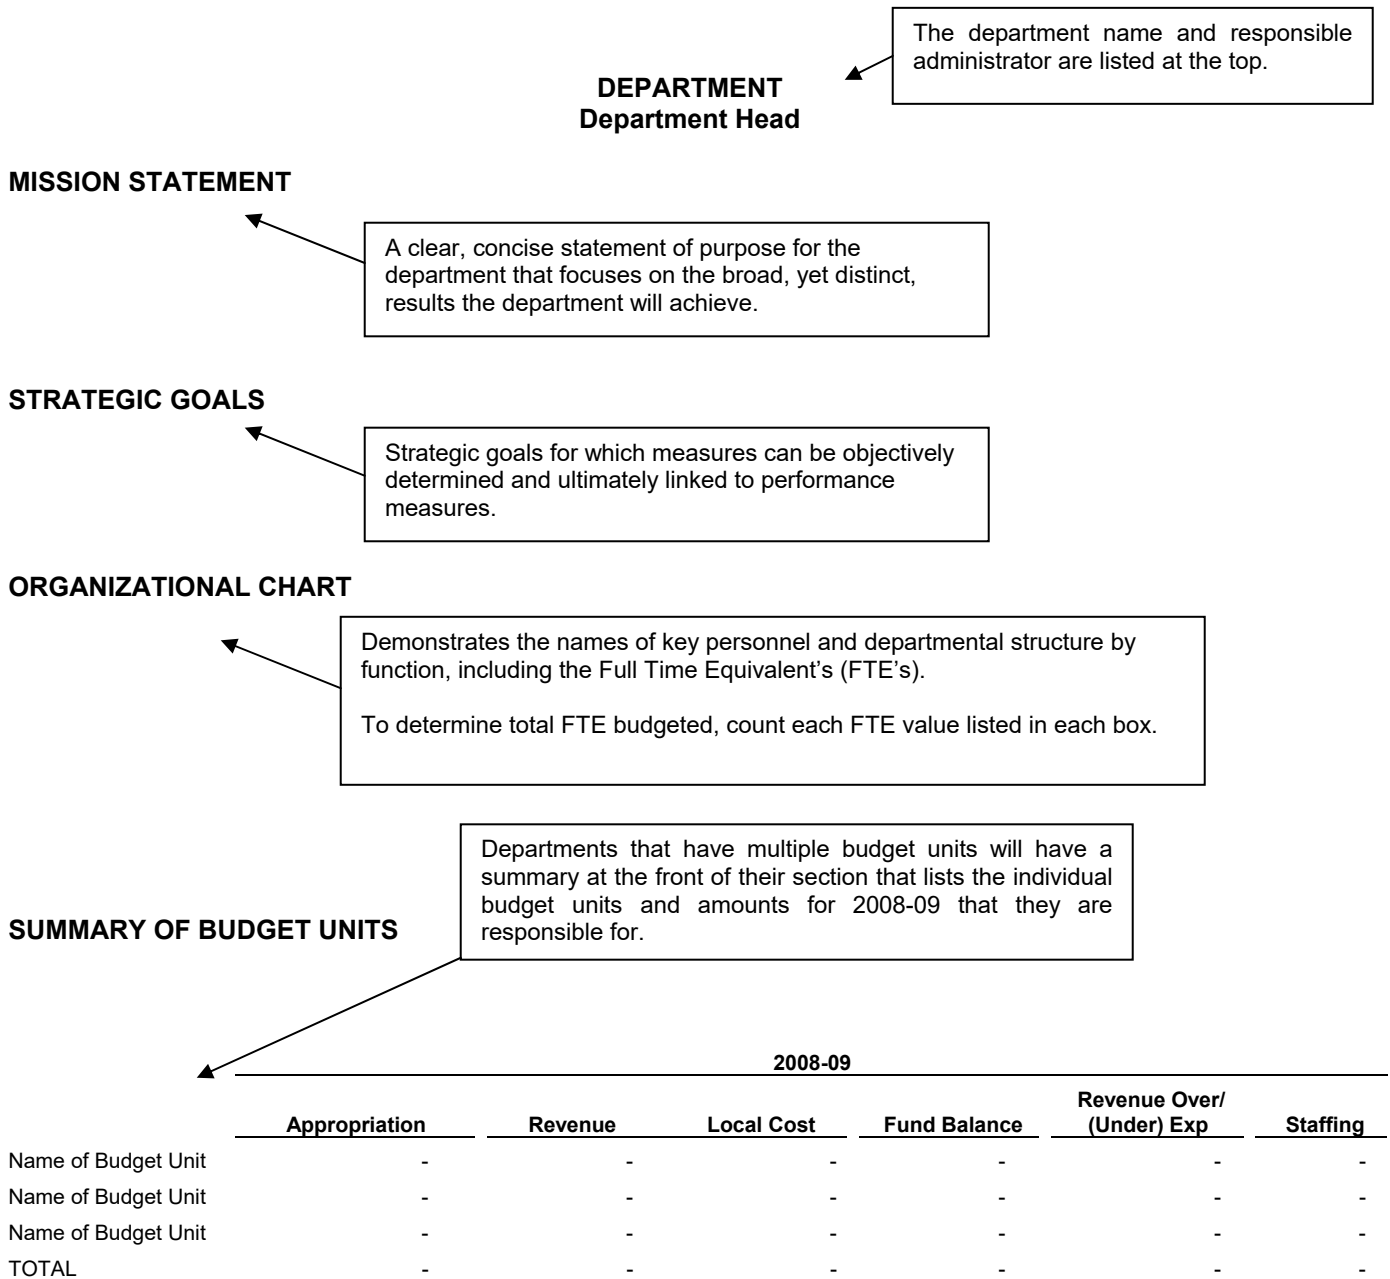

#### Transfer of Fixed Asset Appropriation:

- Transfers out requires an item to be placed on the agenda of the Board of Supervisors for approval.
- Transfers in, less than \$10,000, may be approved by the County Administrative Office.
- Transfers in, greater than \$10,000, requires an item to be placed on the agenda of the Board of Supervisors for approval.

**BUDGET BOOK FORMAT**

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this attachment.

## DESCRIPTION OF MAJOR SERVICES

Description of Major Services provides a narrative describing the function and activity of the budget unit.

## BUDGET HISTORY

These graphs display a visual picture of the department's trends for the current year and prior four years in budgeted local cost or fund balance or revenue over/(under), where applicable, and budgeted staffing.

Performance History provides a historical overview of the budget unit, including actual amounts from 2004-05, 2005-06 and 2006-07, the 2007-08 modified budget and an actual amount for 2007-08.

**APPROPRIATION SUMMARY**

The 2008-09 final budget includes appropriation of \$3,568,891,043, an increase of \$95,234,917 or 2.74% over the 2007-08 restated final budget. The restated actual 2006-07 and final 2007-08 are due to the formation of the Health Care grouping that was previously listed in the Administrative/Executive Group. The schedule below lists appropriation, however, it does not include operating transfers, which is a mechanism for providing financing from one fund to another within the county.

**Countywide Operations**

Countywide operations show an increase in appropriation of \$49,037,001. Significant increases are in Human Services, Contingencies/Board Elective Projects and the Law and Justice Group. The most significant decrease is seen in Health Care. Each group and the significant changes within the group are discussed below.

The **Administrative/Executive Group** shows a net increase of \$1.3 million. This group previously included the budget units that comprised Health Care, which is now listed as a separate line item and discussed later in this budget summary. Slight increases are seen in many of the budget units within the Administrative/Executive Group with the largest increases seen in County Counsel (\$0.7 million) as a result of improvements made to the new case management/accounting system and Human Resources – Employee Health and Wellness (\$0.3 million) due to the opening of the High Desert Center. Decreases include \$0.2 million in Human Resources due to the removal of one-time funding that were carried over from 2006-07.

**Contingencies / Board Elective Projects** are increased a total of \$38.1 million. Contingencies increased by a net \$39.1 million and Board Elective Projects decreased by a net \$1.0 million. A new contingency in the amount of \$4.0 million was established for the construction of a new Central Juvenile Hall. Additionally, general fund contingencies increased by \$34.7 million primarily due to fund balance carryover. Board Elective Projects are funded in two budget units. One budget unit, Board Elective Funding, represents a one-time allocation provided to the Board of Supervisors to fund projects that are not identified in the budget process. The 2009-08 allocation was \$5.0 million, which is a reduction of \$5.0 million from the prior year. This budget unit also had a carryover of unspent funds from the prior year of \$5.5 million bringing the total available for distribution to \$10.5 million. Priority Policy Needs is the budget unit that represents the ongoing, annual allocation of \$2.5 million. This allocation is coupled with prior year unspent funds bringing the total available to \$4.4 million. The balance in Priority Policy Needs is reduced from last year's final budget as a result of several projects identified for funding throughout 2007-08.

The **Economic Development Agency** shows a net \$0.5 million decrease resulting primarily from the elimination of prior year one-time funding related to the 4<sup>th</sup> District Special Economic Development Project, the 1<sup>st</sup> District Community Projects and the High Desert Business/Employment Resource Center. This reduction was offset by a redirection of a 2005-06 Allocation to Economic Development from the Department of Public Works by the 4th District.

Overall the **Fiscal Group** experienced a slight decrease in appropriation in the general fund. The Auditor/Controller-Recorder decreased by \$0.3 million and the Treasurer-Tax Collector decreased by \$0.8 million. The Assessor's general fund budget unit increased by \$0.9 million mainly as the result of the consolidation of the Assessor's State-County Property Tax Administration Program budget unit into the Assessor's general fund budget unit.

**Health Care** represents the departments of Public Health, Behavioral Health and Health Care Administration. The Health Care Administration budget unit decreased by \$90.9 million primarily as a result of lower anticipated payments made to the state under SB1100. Additionally, Public Health decreased \$5.2 million for reductions made to budgeted staffing and the loss of the Outreach, Enrollment, Retention Utilization (OERU) grant. Offsetting these decreases is an increase of \$23.6 million in Behavioral Health due to funding full-year costs of positions added during the fiscal year coupled with increases professional services contracts related to the Mental Health Services Act.

The **Human Services** increased a net \$58.3 million. Significant increases are budgeted in four of the subsistence budget units: CalWORKs – All Other Families (\$36.3 million), CalWORKs – 2 Parent Families (\$9.2 million), Foster Care (\$9.4 million) and Aid to Adoptive Children (\$3.1 million). The CalWORKs heightened costs are due to dramatic increases in the number of cases resulting from the slowing economy. Foster Care increases are two-fold, anticipated increases in caseload and grant increases. Aid to Adoptive Children is anticipating growth due to the rise in successful placement of more children with special needs and the higher costs associated with their care. A net increase of \$1.7 million is also reflected in the Human Services Administrative Claim budget unit. The growth is primarily due to the elevation in the In-Home Supportive Services provider payments required by caseloads and increases in transportation and ancillary assistance provided to employment services clients. For the Department of Child Support Services, the increase of \$0.3 million is the result of increases in services and supplies costs related to the conversion to a new case management system.

These Human Services increases were offset by decreases of \$0.8 million in subsistence budget unit, Kinship Guardianship Assistance Program due to the slow expansion of this enhanced program and \$1.1 million in the Department of Aging and Adult Services resulting from the termination of the National Association for Hispanic Elderly (NAHE) contract which provided a senior job training program.

The **Law and Justice Group** increased by \$23.6 million. The most significant increases are in the following budget units: Sheriff-Coroner (\$13.6 million), District Attorney (\$7.5 million) and the Trial Court Funding – Maintenance of Effort (\$3.2 million). Much of the increase for Sheriff-Coroner and District Attorney is due to the financing of safety and safety management employee increases in salaries and benefits as negotiated in their agreements which continue into the 2008-09 fiscal year. Increases of \$3.2 million in the Trial Court Funding – Maintenance of Effort are the result of anticipated increases in the collection of fines.

The **Public and Support Services Group** shows a net decrease of \$1.2 million. The most significant decrease is in the Registrar of Voters budget unit which was reduced by \$3.3 million primarily due to a decrease in costs associated with conducting one major election instead of three elections that were included in the 2007-08 budget and by a reduction of one-time Help America Vote Act (HAVA) funding. Offsetting this significant decrease is a \$1.0 million increase to Land Use Services – Advanced Planning due to the approval of several policies items related to specific plans. Slight increases are also seen in the Utilities and Rents budget units.

### **Restricted Financing Funds**

Restricted Financing Funds consist of two restricted financing sources – Prop 172 and Realignment. Prop 172 revenue assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing mental health, social services and health programs within the County. All financing not anticipated to be utilized during the fiscal year are appropriated in contingencies in these restricted funds.

Of the total \$62.1 million for these restricted financing funds, the Realignment portion is \$44.9 million and the Prop 172 portion is \$17.2 million. Appropriation increased from the prior year by \$3.0 million, which consisted of a \$2.4 million increase in Realignment and a \$0.6 million increase in Prop 172. For more details regarding the usage of these restricted financing funds, refer to the General Fund Financing section of this budget book.

### **Capital Project Funds**

Capital Project Funds appropriation decreased by a net \$3,111,458 from the prior year amount. Of the \$133.9 million total appropriation for all capital projects for 2008-09, \$18.9 million was budgeted for new projects and \$115.0 million was budgeted as carry-over projects. For more details regarding capital project funds, refer to the Capital Improvement Program section of this budget book.

### **Special Revenue Funds**

Special Revenue Funds increased by \$27.9 million overall.

Significant increases in appropriation in special revenue funds include:

- \$27.5 million growth in contingencies in the Mental Health's Services Act (MHSA) budget unit due to lower than anticipated expenditures within the Behavioral Health general fund budget unit for the new component of MHSA, Capital and Technologies, for which no costs have been designated.
- \$7.4 million increase in Public Works – Transportation Road Operations budget unit. Major increases include the funding of key rehabilitation projects using Prop 1B funds and the purchase of new and replacement vehicles. Reductions in reimbursements resulting from the completion of several projects also impacts total appropriation.
- \$4.6 million increase in contingencies in the Master Settlement Agreement budget unit due to available fund balance.
- \$4.6 million net increase in Sheriff-Coroner special revenue funds, in which a \$4.4 million increase is budgeted in the two budget units that represent Federal and State Seized Assets.
- \$3.4 million increase in the Southwest Border Prosecution budget unit due to available fund balance.
- \$1.9 million net increase in Community Housing and Development of which the largest increases include \$1.2 million in general administration and \$1.5 million is in the IVDA Program. These increases are offset by minor reductions in other program budget units.
- \$1.4 million net increase in appropriation for Preschool Services, of which the majority is in the other charges appropriation unit for anticipated increases in transportation services' rates, food services, and delegate agency contracts.

Significant decreases in appropriation in special revenue funds include:

- \$5.7 million reduction in appropriation in the various District Attorney special revenue funds due to a change in budgeting. The expenditures in these special revenue funds were consolidated into the District Attorney's general fund budget unit with an offsetting operating transfer in to the general fund to finance these programs.
- \$5.5 million decline in Transportation – Regional Development Mitigation Plan budget unit due to decreased development activity and a reduction in the need for evaluation of new projects.
- \$5.3 million decrease in the Auditor/Controller-Recorder's Systems Development budget unit. This decrease is the result of reductions in computer software purchases and professional services, as well as the elimination of \$2.0 million in one-time funding to the California a-Recording Transaction Network Authority, a joint powers agreement. Furthermore, contingencies were reduced from the prior year as a result of program need coupled with reduced revenues.
- \$3.6 million decrease in departmental budgeted contingencies in the Behavioral Health's Block Grant Carryover Program budget unit due to a reduction in fund balance and departmental revenues. Furthermore, Behavioral Health is anticipating a \$1.2 million reduction in the Prop 36 budget unit, the Substance Abuse and Crime Prevention Act of 2000, resulting from a decrease in the allocation received from the State.
- \$2.6 million reduction in the Assessor's State/County Property Tax Administration Program budget unit as this special revenue fund was consolidated into the Assessor's general fund budget unit.
- \$1.3 million net decrease in appropriation in Workforce Development resulting from reductions in the Department of Labor's Workforce Investment Act allocations.

### **Enterprise Funds**

Of the seven enterprise funds listed in the appropriation summary, Arrowhead Regional Medical Center (ARMC), Medical Center Lease Payment, and Solid Waste Management had the most significant changes.

Arrowhead Regional Medical Center (ARMC) increased appropriation by a total of \$11.3 million. The two significant areas increasing their budget include salaries and benefits costs and costs for fixed assets. Salaries and benefit costs increased by \$7.5 million. The components involved in this area include: MOU for nurses, retirement, and step advances for the 2,771.3 budgeted staffing positions. The other major area is fixed assets, which is increasing by \$4.4 million in order to fund new equipment purchases as well as purchases to replace existing aging equipment.

Medical Center Lease Payment appropriation is increasing by \$4.0 million. This increase is related to lease payments which include the final maturity of the 1997 Medical Center equipment bonds, associated fees, and increased contingencies due to the county's share of the interest rate swap savings realized in 2007-08.

Solid Waste Management increased appropriation by a total of \$4.9 million. This increase is the result of budgeting an additional \$6.9 million in Operations largely for debt service payments, the cost of potential legal settlements, and the balance of work related to the Fire Debris Management Program. However, these increases are partially offset by a net decrease of approximately \$2.0 million for capital projects.

The appropriation summary charts presented on the following pages include expenditures and other financing uses such as operating transfers for all appropriated funds. Operating transfers represent financing provided from one fund to another within the county. The figures presented on the appropriation summary by category chart are subtotaled prior to the operating transfers out line. The appropriation categories reflected in the subtotal are the same as presented on the first page of this county budget summary section. Additionally, there are charts to reflect appropriation summary by category, appropriation summary by group/agency and appropriation summary by fund type.

Budgeted Staffing	17,601.2	18,234.4	18,224.0

Changes by appropriation category for all appropriated funds include:

- Salaries and Benefits are decreasing from the prior year by approximately \$1.1 million or -0.1%. Of this decrease, \$13.1 million is the result of the Board of Supervisors direction to remove new positions and associated costs and the costs of existing position reclassifications from the general fund. Offsetting this is an increase in costs as a result of negotiated labor agreements with nurses, safety, and safety management representation units only, and required retirement contributions. Arrowhead Regional Medical Center had the most significant change in staffing by adding 115.3 budgeted positions due to volume increases. Refer to the “Budgeted Staffing Summary” later in this section for further detail regarding staffing changes by department.
- Services and Supplies are increasing by approximately \$34.3 million or 4.0%. Significant increases include Behavioral Health, Road Operations, Sheriff-Coroner, and Purchasing. Significant decreases in Registrar of Voters, Public Health, Auditor/Controller-Recorder – Systems Development, and Economic Development.
- Central Computer charges are increasing by \$1.5 million or 7.2% primarily due to the plan to redesign the county’s Wide Area Network (WAN) to improve bandwidth capacity and redundancy to meet increasing demand for service.
- Travel is a new appropriation unit in 2008-09 and these costs were previously budgeted in services and supplies. The total appropriation to cover travel and all associated costs is \$10.4 million.
- Other Charges are decreasing by \$21.0 million or -3.0%. This appropriation unit includes public assistance payments, contributions to other agencies, debt service payments, and interest expense. The most notable changes are a \$90.5 million decrease in Health Care Administration and a net increase of \$64.1 million in Human Services Administrative Claim and Subsistence Payments.
- Capital Assets/Equipment is decreasing by \$5.1 million or -1.9%. This appropriation category includes several subcategories: land acquisition, improvements to land, easements / rights of way, structures and improvements to structures, vehicles, equipment purchases and lease purchases, and capitalized software. Significant changes in subcategories involving improvements to land decreased by \$3.1 million in Solid Waste, improvements to structures decreased by \$4.5 million primarily in the Capital Improvement Projects budget units, equipment in Arrowhead Regional Medical Center increased by \$4.6 million, capitalized software decreased by \$2.0 million in Behavioral Health due to the completed implementation of an appointment scheduler, data mining, Geographical Informational System and touch screen technology software for the MHSa program.
- Expenditure Transfer & Reimbursements are increasing \$0.3 million or 167.1%. Transfers are the movement of resources from one fund to another for payment of services received and reimbursements are the amount received as a payment for the services provided on behalf of another governmental unit or department. Reimbursements are considered a financing source.
- Contingencies and Reserves are increasing by a total of \$76.0 million or 36.3%. Significant increases in contingencies include \$39.1 million in general fund contingencies, of which \$34.7 million is in contingencies for uncertainties and \$4.0 million set aside for the construction of a new Central Juvenile Hall; \$27.5 million in Behavioral Health’s special revenue funds; \$2.4 million in Realignment; and \$4.6 million in Master Settlement Agreement special revenue fund. These increases are offset by reductions which include a \$4.9 million decrease in the various Transportation special revenue funds; a \$3.6 million decrease in Behavioral Health’s Block Grant Carryover budget unit; and a \$1.3 million decrease in contingencies in the Auditor/Controller-Recorder’s Systems Development special revenue fund.
- Operating Transfers Out is a method of providing financing from one fund to another for the implementation of a project or program, and is increasing by \$18.6 million or 7.6%. The most significant increases are \$19.6 million in the Courthouse capital project fund, \$7.2 million in the Mental Health Service Act budget unit, and \$3.9 million in Financial Administration; decreases include \$14.2 million in the two budget units that account for Trial Courts seismic retrofit/remodel project and \$4.6 million in Behavioral Health.

Restatement represents the separation of Health Care from Administrative/Executive Group.

The above chart lists appropriation by group / agency. The Finance – Other group includes budget units that are predominately countywide in nature, have no budgeted staffing associated with them, or exist for proper budgetary accounting purposes. Included in this group are contingencies, funding for Board elective projects, financial administration, the restricted funds of Realignment and Prop 172, and some special revenue funds that only appropriate operating transfers out.

### Governmental Fund Types

**General Fund:** The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General Fund is the County's primary operating fund. General Fund – Restricted Financing consists of Prop 172 and Realignment funds.

**Special Revenue Funds:** Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes (other than for major capital projects).

**Capital Project Funds:** Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

### Proprietary Fund Types

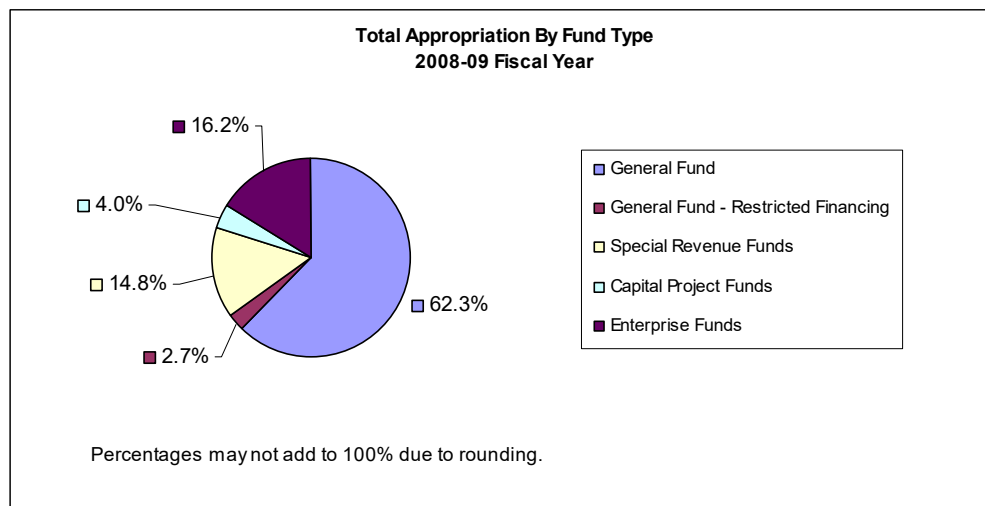

**Enterprise Funds:** Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

**Internal Service Funds:** Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

All funds, except Internal Service Funds, are appropriated. Internal Service Funds have budgets for management purposes only.

Restated actual 2006-07 and final 2007-08 to include the property tax swap revenue and property transfer tax revenue into the property related revenue category not the other taxes category.

**Property Related Revenue**

Property related revenue is expected to increase 4.69% over the 2007-08 final budget amount. This growth is primarily attributable to secured property tax and VLF/Property Tax Swap revenues in 2007-08 that exceed budgeted amounts by 3% for 2008-09. This 3% growth in assessed valuation compares to double digit assessed valuation growth in recent years. This downward adjustment is the result of a sharp decline in the housing market and a reduction in the fair value of residential properties.

**Other Taxes**

Other taxes are decreasing by a net \$11.7 million. Prop 172 sales tax received in 2007-08 was \$18.8 million below budget due to steep decline in real estate activity and higher oil prices. For 2008-09, growth of 3% was estimated using 2007-08 projections which translated into a net reduction of \$13.0 million for Prop 172 in 2008-09.

**State and Federal Aid**

An overall increase of \$102.7 million is reflected in the revenue category of state and federal aid. This increase is comprised of both increases and decreases in various programs.

Significant increases in State and Federal Aid include:

- \$53.0 million increase in the Human Services Subsistence budget units, of which \$29.6 million is in state aid for children and \$23.4 million is in federal aid for children. These increases are offset by a net \$3.2 million decrease in the Human Services Administrative Claim budget unit which represents a decrease of \$5.4 million in federal welfare administration offset by a \$2.2 million increase in state public assistance.
- \$26.9 million in state support in the Mental Health Services Act budget unit.
- \$17.5 million in Transportation's Road Operations resulting from \$15.5 million in state traffic congestion funds, \$5.0 in a FEMA federal capital grant funds, offset by the reduction of \$3.0 million in state other support.
- \$12.6 million increase in Behavioral Health which components include increases of \$7.4 million in state – other revenue, \$5.1 million in Medi-Cal inpatient revenues, \$1.1 million in federal aid for disasters, offset by a reduction of \$1.0 million in SB 90 revenues.

Significant decreases in State and Federal Aid include:

- \$3.5 million decrease in the Airports capital projects budget unit due to fewer federal funds anticipated from the Federal Aviation Administration for airport improvement.
- \$3.0 million in state funding to the Registrar of Voters which is comprised of \$2.0 million in state reimbursement of the February 2008 election and \$1.0 million in state HAVA grant funding reimbursement.

### **Charges for Current Services**

Charges for current services are anticipated to decrease from the 2007-08 final budget. The most significant reduction in this category of revenue is in the Health Care Administration budget unit which decreased by \$89.8 million due to expected lower revenues associated with SB1100. Various transportation budget units are projecting reductions totaling \$8.8 million in facility development fees. Booking fee receipts have been eliminated resulting in \$3.0 million decrease and recording fees are down by a projected \$4.7 million due to the downturn in the economy.

Noteworthy increases in current services include \$10.8 million in law enforcement services provided by the Sheriff; \$4.0 million in property tax admin fees; \$3.4 million in court fees; an increase of \$2.8 million in countywide cost allocation plan (COWCAP) revenues, and \$2.1 million that was reclassified as current services from other revenue.

### **Other Revenue**

Other revenue includes licenses, permits, franchises, fines and penalties, interest earnings, and tobacco settlement funds.

Significant increases in this category include \$6.6 million in long term debt proceeds for capital projects, \$5.0 million in interest revenue, \$2.3 in Transportation's Road Operations due to the anticipated proceeds from sale of surplus right-of-way in connection with the Valley Boulevard at Pepper Street intersection realignment project in Colton, and \$1.8 million in one-time funding from a closeout reconciliation of the child support and distribution trust fund approved by the state, and \$1.1 million in other court fines based on past and current collections.

Significant decreases include \$2.1 million in other revenue that was reclassified as charges for current services, and \$1.5 million in other revenue in capital projects.

**Enterprise Funds**

Of the seven enterprise funds listed in the revenue summary, Arrowhead Regional Medical Center, Medical Center Lease Payments, and Solid Waste Management had the most significant changes.

Arrowhead Regional Medical Center (ARMC) revenues are expected to increase by a net \$7.0 million. The most significant changes in revenue include growth of \$12.8 million in current services from private pay patients and insurance offset by anticipated reductions in the funding of patient services by the state and federal government of \$3.0 million in Medi-Cal and \$1.9 million in Medicare.

Medical Center Lease Payment revenue is decreasing by \$4.5 million due to a decrease in SB 1732 reimbursement resulting from the final maturity of the 1997 Medical Center equipment bonds

Solid Waste Management revenues decreased by \$5.3 million primarily because of reduced tonnage anticipated at the landfill/disposal sites resulting from less construction activity and increased waste diversion/recycling.

The revenue and other financing sources schedule above includes all county funds. This schedule includes operating transfers, which are the mechanism for providing financing from one fund to another within the county. Additionally, this schedule summary provides the fund balance/net assets of all non-general funds, the general fund's unreserved fund balance, as well as, the use of, and the contributions to the county's reserves as designated in the financing plan.

**BUDGETED STAFFING SUMMARY**

The graph below depicts the budgeted staffing by group / agency for the current fiscal year. The graph at the bottom illustrates the budgeted staffing for the current as well as the prior two fiscal years.

	Change from Previous Year				2008-09 Budgeted Staffing	Percentage Change
	2007-08 Budgeted Staffing	Caseload Driven/ Grant or Special Funded Programs	All Other Programs	Total Change		
General Fund	13,481.1	(83.2)	10.1	(73.1)	13,408.0	(0.5%)
Other Funds	4,753.3	62.7	0.0	62.7	4,816.0	1.3%
Total	18,234.4	(20.5)	10.1	(10.4)	18,224.0	

Significant changes from the previous year in caseload driven, grant or special funded programs include the following:

#### **General Fund**

- **Behavioral Health** increased budgeted staffing by 32.9 positions which represent full year funding of positions added during the fiscal year.
- **Public Health** decreased budgeted staffing by a net 71.6 positions. The department deleted 52.8 vacant, budgeted positions and added 9.4 new budgeted positions for a net decrease of 43.4 budgeted positions. In addition, this budget unit experienced a budgeted staffing decrease of 28.2 positions due to a technical change to the rounding of position numbers to one decimal place on the county's budget system.
- **Aging and Adult Services – Aging Program** budgeted staffing decreased by 58.2 positions. This reduction is primarily due to the termination of the National Association for Hispanic Elderly (NAHE) contract that resulted in a staffing decrease of 44.7 positions. Other reductions include 12.5 contract positions and 1.0 Public Service Employee for a total net reduction of 58.2 positions.
- **District Attorney – Criminal Prosecution** decreased budgeted staffing by a net 1.0 position in the caseload driven, grant or special funded programs category. Additions include 2.0 grant funded positions received due to the acceptance of the State Insurance Commissioner's grant to assist with Workers' Compensation Insurance Fraud Prosecution. Offsetting this increase is a reduction of 3.0 budgeted positions related to the Street Enforcement and Marijuana Suppression grant.
- **Sheriff-Coroner** has seen a net increase of 41.6 budgeted positions in the caseload driven, grant or special funded programs category primarily due to the addition of 48.6 personnel added for city and court contracts, 2.0 positions for the enforcement of Jessica's Law, 5.0 inmate welfare funded positions, and 1.0 additional grant funded position. These increases will be offset by the reduction of 15.0 Sheriff Trainee budgeted staffing in anticipation of fewer additional contract city positions.
- **Probation – Administration, Corrections and Detention** has seen a net decrease of 12.1 positions in the caseload driven, grant or special funded programs category primarily due to the deletion of 50.0 positions due to a lack of funding for three of Probation's institutional/treatment programs, including the BRIDGES alternative to detention program (BRIDGES) and the Regional Youth Educational Facilities (RYEF) Boys and Girls programs. These deletions will be offset by the addition of 33.0 budgeted positions as a result of the State funded Juvenile Justice Realignment program. Also, 3.4 positions were added as the result of a technical change to the rounding of position numbers to one decimal place in the County's Budget System and budgeted staffing increased 1.5 for additional overtime.

**Other Funds**

- **Community Development and Housing** budgeted staffing decreased by 11.5 vacant, budgeted positions primarily due to reductions in funding of federal grants.
- **Assessor – State/County Property Tax Administration Program** decreased by 28.3 budgeted positions due to the consolidation of this special revenue fund into the Assessor's general fund.
- **Arrowhead Regional Medical Center (ARMC)** had a net increase of 115.3 budgeted staffing positions. Of this increase, 20.0 positions are the result of a technical change to the rounding of position numbers to one decimal place in the county's budget system. The remaining 95.3 increase is primarily due to an increase of 32.0 Medical Resident/Interns, an increase of 30.7 in Psychiatric Technicians and Nurses, an increase of 21.3 in Environmental services staff, and an increase of 17.3 due to Emergency Room staffing adjustments based on departmental needs. These internal departments were previously staffed on historical activity and have not kept up with actual FTE's appropriate for current volumes and demands. These increases are further offset by slight reductions totaling 6.0 budgeted staffing in other ARMC departments.
- **Preschool Services** budgeted staffing decreased by a net 15.2 budgeted positions. This reduction is the result of 7.8 positions added due to a technical change to the rounding of position numbers to one decimal place in the County's Budget System, coupled with an annual departmental re-evaluation of staffing requirements due to continued flat federal funding. As a result of yearly process, the department reorganized and deleted 59.7 positions consisting of 31.3 contract positions, 9.7 extra help positions and 18.7 regular positions and added 36.7 positions including 32.2 contract positions, and 4.5 regular positions.
- **District Attorney – Special Revenue** decreased by 28.0 budgeted positions. These positions were moved into the District Attorney's general fund budget unit. This technical change will provide the department flexibility in making staff reductions in the event of declining revenue through reassignments or attrition.
- **Probation – Juvenile Justice Grant Program** decreased by a net 11.5 budgeted positions due to the elimination of the SUCCESS Program as a result of state budget constraints. The department will be deleting 8.0 Probation Officers, 2.0 Office Assistants, and 2.0 Supervising Probation Officers, 11.0 of which will be transferring to Probation's Administrative, Corrections and Detention budget unit and will be funded primarily through State Juvenile Justice Realignment Program funds. The remaining 1.0 vacant Probation Officer position will be deleted. These deletions are partially offset by an increase in overtime by 0.5 budgeted staffing.
- **County Library** increased by 31.7 budgeted positions. A large majority of this increase contains full year funding for existing positions that were added towards the end of 2007-08. These positions (Library Assistant, Library Page and Student Intern) were added to correspond with the opening of larger facilities at the Fontana, Highland and Loma Linda branch libraries. The department's budget also includes partial year funding for additional staffing at the new Chino Hills and Phelan branches that are expected to open midyear 2008-09.

Significant changes from the previous year in all other programs include the following:

**General Fund**

- **Assessor** general fund budget unit increased a net 8.7 positions. This increase was the result of three factors. The first reason being the consolidation of the Assessor's special revenue fund, State/County Property Tax Administration Program, into the general fund which included the addition of 28.3 positions. The second factor was the reduction of 9.8 budgeted positions to accommodate trends in historical staffing levels and provide for an anticipated vacancy factor. The third factor was the reduction in local cost funding which formerly backfilled state funds. This backfill reduction accounted for a decrease of 9.8 budgeted staff.
- **District Attorney – Criminal Prosecution** budgeted staffing increased by an additional 32.0 positions that were not related to caseload or grant driven. The majority of these, 33.0 budgeted positions, were moved from the District Attorney's other budget units into this District Attorney's general fund. Another 1.0 position was deleted to correct for a previous dual filled position.
- **Sheriff-Coroner** has seen a net decrease of 7.1 budgeted positions. Of this decrease, 8.4 positions are the result of a technical change to the rounding of position numbers to one decimal place in the County's Budget System. This decrease is offset by the increase of 0.9 budgeted staffing to fully fund an Automated Systems Technician, 0.2 budgeted staffing to allow for the reclassification of two recurrent positions to one regular Training Specialist and 0.2 budgeted staffing towards additional overtime for an Accountant I.

Countywide staffing changes are outlined by county department in the following chart:

**CAPITAL IMPROVEMENT PROGRAM**

The County's Capital Improvement Program includes construction, rehabilitation and repair projects for numerous facilities and structures.

The capital project funds listed in the appropriation summary schedules in this Budget Summary and presented in the chart below represent those managed by the Architecture and Engineering Department and accounted for in the following funds: CJV, CJS, and CMV.

**Capital Project Funds**

In the 2008-09 final budget, \$19.0 million in new projects are funded, primarily using County discretionary funds. Major projects include additional funding of \$2.9 million for the Barstow Sheriff Sub-Station Remodel and Expansion Project increasing the total budget to \$3.5 million and additional funding of \$1.3 million for the Crestline Library Project increasing the total budget to \$5.5 million. The Board has also approved funding for the design of a new fire station in Ludlow/Amboy and a new office building in Joshua Tree.

Various other infrastructure projects will provide additional funding for existing Heating, Ventilation and Air Conditioning projects at the Redlands Museum and Yucaipa Library, improve water systems, provide electrical and lighting upgrades and equipment replacements at various county facilities, upgrade fire alarm and fire protection systems, provide emergency generators at various facilities including the Devore Animal Shelter, and replace roofs at West Valley Detention Center and several other county office buildings.

Projects approved in prior years but not yet completed total an additional \$115.0 million. The four major carryover projects are the \$47.9 million seismic retrofit and remodel of the historic County Courthouse in San Bernardino to be funded primarily by an existing civil filing fee surcharge, the \$7.4 million construction of the Hall of Geological Wonders at the County Museum in Redlands, the \$8.0 million expansion and remodel of the Fontana Courthouse, and \$5.0 million for the design to add 896 beds to the Adelanto Jail Facility. The total estimated budget for the jail

expansion is \$151.0 million and a \$7.0 million ongoing set aside has been included in the budget financing plan for debt service.

The County has several other capital projects that are accounted for in various special revenue funds belonging to the respective project departments, such as Airports, Regional Parks, and the Department of Public Works Solid Waste Management and Transportation Divisions. Additionally, there are three enterprise funds, which are part of the Arrowhead Regional Medical Center (ARMC), that are used for capital projects of ARMC.

For a complete listing of capital improvement program highlights in all funds, please refer to the Capital Improvement Program section of this budget book.

## **GENERAL FUND FINANCING**

County general fund operations are financed with four major types of financing sources: departmental revenue, Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue.

Departmental revenue includes fees, service charges, and state and federal support for programs such as welfare, health care, and behavioral health. Proposition 172 revenue is restricted and is used solely for financing the Sheriff, District Attorney, and Probation departments. Realignment revenue is also restricted and used in financing mental health, social services and health programs within the County.

The balance of departmental costs not funded by departmental revenue, Proposition 172 revenue, and/or Realignment revenue is considered local cost or general fund financing. Local cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

Any countywide discretionary revenue not distributed to departments through their local cost allocation is placed in contingencies. Every year the County of San Bernardino has set aside a prudent dollar amount in contingencies and reserves for two purposes. One is to ensure that the county can accommodate unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the county. The second purpose is to be proactive and set aside funds to meet future known obligations or to build a reserve for large capital projects.

The following sections describe the economic indicators that are factored into the County's financing plan. Additionally, details related to Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue, as they relate to financing general fund departments. Furthermore, detailed information is included on the contributions and uses of county general fund contingencies and reserves for 2007-08 and the proposed contributions and uses of general fund contingencies and reserves for 2008-09.

## **ECONOMIC INDICATORS**

San Bernardino County is part of an Inland Empire economy that has historically been one of the strongest in the U.S. However, in 2007, the slowdown in the housing sector caused the two county area's job growth to fall to just 592 positions (up 0.5%). For the first seven months of 2008, the California Employment Development Department puts its job change at -20,000 jobs indicating that the dramatic slowdown in home construction is taking a toll on the overall economy. In fiscal year 2007, San Bernardino County's retail sales totaled \$31.1 billion, down -0.3%. That was below the 2.0% growth in California. The County's per capita sales of \$15,353 was just above the state's average of \$15,006. The county's high retail sales levels are, in part, the result of the region's lower living costs for a Southern California area. The county's median household income in 2007 was \$56,428, putting it above Los Angeles County (\$53,573) but below California (\$59,948). However, after one year's amortization on the mortgage for the median home (\$20,581), the disposable income remaining in San Bernardino County is \$35,847 versus \$33,423 in Orange County and \$20,658 in Los Angeles County.

San Bernardino County's assessed valuation was up 5.1% for fiscal year 2009 or \$8.9 billion. The gain occurred despite adjustments made due to the decline in the county's home prices and a deep slowdown in residential construction. The gain was helped by the industrial market which reached a record 284.0 million square feet of space in second quarter 2008, with another 10.7 million square feet under construction. The industrial space lease rate increased 2.8% from second quarter 2007-08 to reach \$5.08 per square foot a year. The office market has expanded to 10.1 million square feet in second quarter 2008, with 533,831 square feet being built. The lease rate increased 0.5% from second quarter 2007-08 to reach \$1.96 per square foot a month.

## **STATE OF CALIFORNIA'S BUDGET**

On January 10, 2008, Governor Schwarzenegger released the Governor's Budget for 2008-09. The Governor cited two challenges, closing the budget shortfall and taking steps to avoid a potential shortfall in the State's cash reserves. He stated that the budget problems were a result of a budget system that has no linkage between revenue and spending. The May Revision updated the proposed budget and demonstrated that California's budget gap had widened from a projected \$14.5 billion to a projected \$24.3 billion as a result of economic growth slowing, state revenues softening, and costs increasing. In August, with no plan in place for solving the State's budget shortfall, the Governor proposed a Compromise to solve the budget crisis. As of the beginning of September, the State budget has not passed.

## **PROPOSITION 172**

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the state's constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the state property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. In accordance with Government Code 30055, of the total Prop 172 revenue allocated to San Bernardino County, 5% is distributed to cities affected by the property tax shift and 95% remains within the county.

On August 22, 1995, the County of San Bernardino Board of Supervisors approved the recommendation that defined the following departments as the public safety services designated to receive the county's 95% share of Prop 172 revenue, consistent with Government Code Section 30052 and authorized the Auditor/Controller to deposit the county's portion of the Prop 172 revenue as follows:

➤	Sheriff	70.0%
➤	District Attorney	17.5%
➤	Probation	12.5%

Prop 172 revenue currently presents a significant funding source for the Sheriff, District Attorney, and Probation Departments. Each year, as part of the budget development process, projections of Prop 172 growth are developed based on staff analysis of revenue trends and forecasts provided by an outside economist.

Growth in Prop 172 revenue is used first to fund mandated cost increases in these departments, including MOU adjustments, retirement, worker's compensation and insurance. In most years, the mandated cost increases consume the vast majority of Prop 172 revenue growth and all Prop 172 revenue is distributed to the designated departments to maintain current level of service.

On February 13, 2007, the Board of Supervisors approved a policy which requires the county to maintain an appropriation for contingency for Prop 172 funds targeted at no less than 10% of the current year's budgeted Prop 172 revenue. This 10% contingency was created to ensure funding for these public safety departments should the county experience Prop 172 revenue shortfalls in the future. These contingencies will be maintained for each respective department within the Prop 172 restricted general fund.

In some budget years, Prop 172 revenue exceeds budgeted amounts and is considered excess Prop 172 revenue. All excess Prop 172 revenue is set aside in a restricted general fund by department to adhere to the Prop 172 policy.

Currently, the Sheriff Department does not have sufficient Prop 172 revenues to fund their 10% targeted contingency amount of approximately \$10.8 million. The County Administrative Office has revised the Prop 172 five-year plan to account for recent changes in the economy and still provide for the goal of achieving the targeted 10% contingency for the Sheriff Department. The District Attorney and Probation Department have accumulated the necessary funds to meet the 10% contingency requirement.

The chart below illustrates the anticipated beginning and ending fund balance of this restricted general fund for 2008-09 as well as projected revenue, including interest.

	<b>Beginning Fund Balance</b>	<b>2008-09 Budgeted Revenue</b>	<b>2008-09 Budgeted Departmental Usage</b>	<b>Estimated Ending Fund Balance</b>	<b>10% Contingency Target</b>	<b>Excess/(Shortfall) in Contingency Target</b>

Prop 172 budgeted revenue and interest for all three departments in 2008-09 is projected to be \$154.7 million (\$153.4 million in Prop 172 receipts and \$1.3 million in interest revenue). Prop 172 revenue is estimated at 3% growth in 2008-09 from the 2007-08 projection of approximately \$149.0 million. The applicable department's budgeted appropriation in 2008-09 is \$153.4 million. Interest earned will stay in this restricted general fund by department.

## **REALIGNMENT**

In 1991 the state shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a ½ cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenues made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the Vehicle License Fee was reduced from 2.0% of the market value of a vehicle to .65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenues to Realignment, but simply reflects the same funding amount expressed as a percentage of the reduced revenue collected. Each of the three service areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide Realignment revenues.

Within the mental health area, the programs for which the county is now responsible are: community-based mental health programs, State Hospital services for county patients, and Institutions for Mental Disease. Within the social services area, the programs for which the county is now responsible are: the county revenue stabilization program and the county justice subvention program. Within the health area, the programs for which the county is now responsible are: AB8 county health services, local health services, medically indigent services, and the county medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. Below are the programs involved in the cost sharing ratio changes (numbers are shown in percentages in the order of state/county shares of cost). For example, prior to Realignment, Foster Care costs were funded by 95% state resources and 5% county resources. Now Foster Care is funded by 40% state resources and 60% county resources, which is a significant impact to the county.

The Realignment program has some flaws in its design that adversely impact County of San Bernardino revenues. First, San Bernardino County is an "under equity county," meaning that the county receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under equity in those programs. Realignment did attempt to address the inequity issue, but the effort fell short. The county continues to be under equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, that incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over equity get a higher percentage of the new revenue while those that are under equity get less.

In addition to the under equity issue is the fact that the demand for the services the county is providing and the revenue streams funding them are both sensitive to the economy. When the economy does poorly, demand for services is high, but revenues under perform. When the economy is doing well, demand for services is reduced, sales taxes and vehicle license fees revenues are high, and growth in these funding streams is experienced. However, Social Services has priority claim on any sales tax growth received. If the growth is sufficient to cover the increasing Social Services caseload costs, then anything remaining is distributed to the Mental Health and Health realignment funds.

**Budgetary Note:** Financial information presented in this Realignment budget section is consistent with state reporting requirements for the Realignment funds. The state's reporting requirements are not consistent with the county's implementation of GASB 34 as it relates to revenue accrual. As such, within the county's accounting system, an adjustment will be made to show the correct revenues in accordance with the county's accrual procedures. This is a revenue timing issue only as a result of delays by the state in distributing sales tax growth revenue.

The graph below shows the history of fund balance for all Realignment funds.

Fund balances increased significantly from 2003-04 to 2004-05. The increased fund balance in 2004-05 was driven by lower than expected expenditures in Behavioral Health, Probation, ARMC, and Foster Care.

The decrease in 2005-06 is the result of a one-time transfer of funds to ARMC for the remodel of the 6<sup>th</sup> floor of the hospital, offset by significant sales tax growth revenue of \$15.3 million, or 21%, within the Social Services Fund.

In 2006-07, significant savings occurred due to less than required realignment support for the ARMC debt service and the availability of ARMC construction litigation monies used to fund budgeted ARMC projects. This savings resulted in an increase of \$32.0 million in fund balance.

However, during 2007-08 an unanticipated increase in departmental usage for Behavioral Health, resulting from un-reimbursed Medi-cal and Title XIX EPSDT claims, coupled with sales tax and vehicle license fee revenue base short falls, resulted in a decrease of \$12.4 million in fund balance for the period ending June 30, 2008.

For 2007-08, estimated beginning fund balance is \$2.9 million less than budget. This decrease is the result of revenue growth that was anticipated to occur during 2006-07, but never materialized. Additionally, total revenue is estimated at \$15.6 million less than budget. The 2007-08 budget initially included growth of 5% and 4% in sales tax and vehicle license fees, respectively. However, not only was no growth realized, but actual sales tax and vehicles license fee revenues were 1.8% and 1.1% short of base, respectively. Coupled with departmental usage in excess of budget by \$7.9 million, estimated June 30, 2008 ending fund balance is \$26.5 million less than budget.

For the 2008-09 budget, revenue reflects a decrease of \$6.4 million from prior year budget. This decrease results primarily from not realizing any of the growth originally budgeted for 2007-08 and less anticipated growth for 2008-09. Anticipated growth in sales tax of 2.7%, growth in vehicle license fees of 4%, and recovery of the base shortfalls from prior year, are included for 2008-09. Offsetting this growth are proposed increases in departmental usage of \$6.9 million, resulting in a net use of \$2.1 million in total fund balance.

The Realignment budgets do not directly spend funds or provide service. They are strictly financing budgets with the actual expenditures occurring within the operating budget units of the departments that receive Realignment revenue.

The Realignment legislation does allow for some flexibility in usage of funds at the county level. Upon action by the Board of Supervisors, a county can transfer 10% of a given years revenue from one fund to another. San Bernardino County has used the provision repeatedly over the years to help support either the health or social services programs. The County did not do a 10% transfer in 2007-08 and is not budgeting one for 2008-09. However, in the event that such transfer is needed, Board of Supervisors approval is required.

Additionally, an appropriation for contingency of Realignment funds is being presented for 2008-09. This contingency is established at 10% of the current year's budgeted revenue. This 10% contingency is established to ensure funding for the mental health, social services and health budget units should the county experience Realignment revenue shortfalls.

The next three pages contain the breakdown of the fund balance calculations and departmental usage for each of the three individual Realignment funds.

In 2006-07, actual revenue of \$60.3 million, offset by actual departmental expenditure of \$57.9 million resulted in an increase in fund balance of \$2.4 million. For 2007-08, the Mental Health fund spent \$33.1 million of fund balance. Base short falls in sales tax and vehicle license fees revenue resulted in total revenue \$2.7 million less than budget. In addition to the revenue short falls, departmental expenditures in excess of \$21.9 million over budget results in an estimated decrease of \$24.6 million in fund balance for the period ending June 30, 2008.

For 2008-09, the Mental Health fund is budgeted to spend \$12.3 million of fund balance. This use is due primarily to uncompensated cost increases related to salaries, contracted services and other services and supplies. Coupled with limited or no growth expected in Mental Health realignment, the ending fund balance within this fund is expected to show continued decline. As such, the Department of Behavioral Health and the County Administrative Office are evaluating the Department's five-year plan to ensure that ongoing departmental usage and ongoing revenues stay in line. Additionally, the Department is developing plans for increased Medi-Cal and Title XIX EPSDT funding, and increased cost reimbursement from the Mental Health Services Act, in order to slow the annual draws from the Mental Health Realignment fund.

Social Services realignment revenue is composed primarily of sales tax. The split is currently 96% sales tax and 4% vehicle license fees. For 2006-07, actual revenue of \$91.1 million, offset by actual departmental expenditure of \$70.1 million resulted in an increase in fund balance of \$21.0 million. For 2007-08, revenue is estimated at \$10.4 million less than budget. The 2007-08 budget included growth of 5% and 4% in sales tax and vehicle license fees, respectively. However, not only was no growth realized, but actual sales tax revenue and vehicles license fee revenues were 1.8% and 1.1% short of base, respectively. Offsetting this decrease is savings in departmental expenditures of \$7.0 million, resulting in an estimated decrease of \$5.1 million in fund balance for the period ending June 30, 2008.

For 2008-09, ongoing expense and ongoing revenue are expected to result in a surplus of \$12.2 million. Despite this surplus, it should be noted that budgeted revenues reflect a decrease of \$5.2 million from prior year budget. Again, this decrease results primarily from the growth included in the 2007-08 budget not being realized, coupled with shortfalls in the sales tax base. This lag in sales tax is continued into 2008-09, which reflects only a 2.7% growth in sales tax. This limited growth also continues the assumption that sales tax collections will again be insufficient to cover annual caseload costs, increasing the cumulative caseload shortfall for the Social Services Realignment fund.

In 2006-07, actual revenue of \$61.2 million, offset by actual departmental expenditure of \$52.7 million resulted in an increase in fund balance of \$8.5 million. For 2007-08, as with the Mental Health and Social Services Realignment funds, the Health Realignment fund estimates a decrease in revenues. The decrease (\$2.4 million) is not as significant within the Health Realignment fund since Health is primarily funded with vehicle license fees at 73%, with the remaining 27% coming from sales tax. Vehicle license fees for 2007-08 were only 1.1% short of base, while sales tax revenue was 1.8% short of base. This slight decrease is offset by significant departmental expenditures savings of \$6.9 million, resulting in an increase in fund balance of \$4.1 million over budget. The departmental savings are primarily resulting from budgeted transfers in the amount of \$5.1 million to fund one-time projects at ARMC that did not occur, and are re-budgeted for 2008-09.

For 2008-09, the Health fund is budgeted to spend \$2.0 million of fund balance. Again, revenue is budgeted to reflect minimal sales tax growth of 2.7%, and slight growth of 4% in vehicle license fees. Offsetting this decrease in revenue is the significant decrease of \$4.8 million in departmental usage. There is a slight increase in department usage for Public Health to accommodate for SB90 mandates not expected to be reimbursed during 2008-09, offset by reduced Health Care Administration usage to reflect decreased net debt service payments. This decrease is the result of the final maturity of the 1997 Medical Center equipment bonds.

**COUNTYWIDE DISCRETIONARY REVENUE**

The entire general fund budget including operating transfers is \$2.4 billion, however, the Board of Supervisors has no discretion on \$1.7 billion of this amount as seen in this pie chart.

## 2008-09 Final Budget General Fund Spending

<b>SPENDING WHERE THE BOARD HAS NO DISCRETION. INCLUDES:</b>	<b>1,698,266,062</b>

The Board of Supervisors has authority over the countywide discretionary revenue, which totals \$698,061,098. This countywide discretionary revenue is first obligated to pay for the required health and welfare matches and other fixed obligations, which total \$140,883,934. The remaining amount of \$557,177,164 is available for the Board's discretion and finances departmental budgets' local cost.

Shown below are the sources of the countywide discretionary revenue for 2008-09, which total \$698,061,098:

The restatement of the 2006-07 and 2007-08 revenue numbers is due to the reclassification of Property Transfer Tax and Sales Tax / Property Tax Swap into the Property Related Revenue category from the Sales and Other Taxes category.

The 2008-09 general fund financing includes Countywide Discretionary Revenue of \$597.3 million and Other Financing Sources of \$100.7 million.

### Countywide Discretionary Revenue

#### **Secured Property Tax**

Secured Property Tax Revenue makes up \$200.8 million of the \$222.1 million in the 2008-09 "Current Secured, Unsecured, Unitary" budgeted revenue number. This budgeted amount is projected using an estimated 3.0% increase in secured assessed valuation for 2008-09 translated to a 3.0% increase in secured property tax revenue for the county general fund. This increase is based on growth estimates provided by the County Assessor's office. This growth rate is in sharp contrast to the double digit growth rates experienced in recent years and is attributable to a sharp decline in the number of home sales, median prices, increases in foreclosure activity and reductions in the fair market value of residential properties.

Secured property tax revenue is normally budgeted at a slightly lower growth rate than secured assessed valuation for the reasons noted below. For 2008-09 the budgeted growth in secured property tax revenues is equal to the estimated growth in assessed valuation.

The table below compares the increase in secured assessed valuation for the last six years to the increase in secured property tax revenue of the county general fund (adjusted for one-time revenue changes such as ERAF III).

<b>Fiscal Year</b>	<b>Countywide Locally Assessed Secured AV</b>	<b>Percent Increase</b>	<b>County General Fund Secured Revenue - Adjusted</b>	<b>Percent Increase</b>
<b>2002-03</b>	85,194,704,924	8.07%	103,724,492	7.58%
<b>2003-04</b>	92,745,938,042	8.86%	114,005,166	9.91%
<b>2004-05</b>	103,488,544,441	11.58%	127,110,535	11.50%
<b>2005-06</b>	118,871,872,729	14.86%	143,559,894	12.94%
<b>2006-07</b>	141,392,463,582	18.95%	168,345,431	17.26%
<b>2007-08</b>	163,804,951,657	15.85%	192,290,818	14.22%

As is evident in the table, county general fund revenue does not usually increase at the same rate as secured assessed valuation. This difference is not due to delinquent tax payments. The County participates in the Teeter method of property tax allocation for secured property tax revenues. Therefore the County, and all other agencies participating in the Teeter program, receives 100% of the secured property tax revenue to which it is entitled, regardless of payment status. Instead, the mismatch between assessed valuation growth and revenue growth can be caused, in part, by assessed valuations increasing at a different rate in cities than in the unincorporated areas of the County (where the County gets a larger share of the property tax revenue). Other reasons for this mismatch include:

Redevelopment Agency Allocations:

When a redevelopment project area is created, future increases in property tax revenue are allocated to the Redevelopment Agency, instead of being apportioned through the normal allocation process to the County, Cities, Schools and Special Districts. This results in a lowering of the County's percentage share of the total revenues generated by the secured property in the County. In some instances, this reduction in property tax revenue is partially offset by a pass through of a certain amount of these revenues back from the RDA to the County (and the other affected entities).

Incorporations/Annexations:

When a new city is created in the County, or when an existing city annexes additional land into its boundaries, the City takes on certain responsibilities for that geographic area that were previously the responsibility of the County and Special Districts. To fund this shift in responsibilities, the County, and any affected Special Districts, will have their share of property tax revenue reduced in favor of the City.

The following chart presents the most recent ten year trend of secured property tax revenue. Revenue has been adjusted for one-time revenue changes such as ERAF III.

### **VLF/Property Tax Swap**

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose financing. Beginning in Fiscal Year 1998-99, the State reduced the VLF payment required from vehicle owners. However, the State made up the revenue impact of the VLF rate reductions with State general fund revenue (the 'VLF Backfill').

The VLF Backfill was eliminated in the 2004-05 State budget. In that year, the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

For 2004-05, the State established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in 2004-05, calculated using actual VLF receipt amounts for 2004-05. For years beginning in 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount increased by a rate equal to the growth in assessed valuation. This growth rate includes both secured and unsecured assessed valuation, but excludes the growth rate of unitary valuations. For 2008-09, it is projected that this revenue will increase 3% over 2007-08 estimated revenue.

### Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is an increase in the assessed valuation of their property after the property tax bill for that year has been issued. Generally there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenue to the County. The opposite is true when home prices and sales volume is declining. In fact, when the sales price of a property is lower than the current assessed value of the property, a refund may be due to the property owner.

Through 2005, the County experienced dramatic increases in housing sales and housing prices. However, as shown in the chart below, the median home prices for new homes began to decline in 2006 followed by a decline in 2007 of median home prices for both existing and new homes. The following chart illustrates the annual change in housing prices for both new and existing homes.

In addition to the reduction in median prices, the number of home sales declined from 44,764 in 2006 to 24,035 in 2007. Sales figures continued to drop in the first half of 2008 and were down 27% from the same period in 2007. There is some indication that sales numbers may be leveling. The 27% decline in the first half of 2008 represents a decline of 45% in the first quarter and a decline of 7.8% in the second quarter. However, median home prices continue to decline.

In recent years the county has seen a dramatic rise in supplemental property tax revenue related to a strong housing market. Because the collection of these revenues may not occur for one to two years after the sale of the property, supplemental property tax revenue will generally lag the reality in the housing market by at least a year.

**SUPPLEMENTAL PROPERTY TAXES  
TEN YEAR TREND  
Total Dollars and Percent Change**

The County anticipated the housing slowdown in the 2006-07 final budget by budgeting a conservative \$14.0 million for supplemental property taxes. Although actual revenues for 2006-07 totaled \$33.8 million, and revenues for 2007-08 totaled \$26.7 million, the final budget for 2008-09 remains at \$14.0 million. This budgeted amount is the current estimate of the sustainable level of this revenue for the near future.

### Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$ 0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in cities, the County receives 50% of the tax. This revenue has increased dramatically over recent years due to the high volume of housing sales and increasing housing prices, but is now declining due to the downturn in the housing market. The following chart presents the most recent ten year trend of property transfer tax revenue.

**PROPERTY TRANSFER TAX  
TEN YEAR TREND  
Total Dollars and Percent Change**

This revenue stream is dependent on the combination of sales prices and the number of sales transactions, and is expected to stabilize in 2008-09. Receipts in 2007-08 totaled \$7.9 million and are budgeted at \$8.5 million in 2008-09.

#### **Sales Tax/Property Tax Swap**

Effective with the fiscal year that began on July 1, 2004, the State changed the way sales tax revenue is distributed to counties and cities. Previously, counties and cities received 1% of the State's base 7.25% sales tax rate. Pursuant to new provisions enacted by the legislature, this 1% share of sales tax was reduced by .25%, to .75%. The additional .25% in sales tax revenue is redirected to the State to be used to fund debt service on the California Economic Recovery Bonds, which were approved by voters as Proposition 57. In return, counties and cities receive additional property tax revenue in an amount equal to the .25% sales tax revenues forgone, funded by reducing the schools share of property tax revenue. The state general fund then makes up the loss of property tax revenue to the schools. This change is referred to as the 'Triple Flip'. This Triple Flip will continue until the California Economic Recovery Bonds are paid.

The Triple Flip was designed to replace sales tax revenue on a dollar for dollar basis with property tax revenue. In practice, the additional property tax revenue paid to the counties and cities each year is based on an estimate of the agencies' sales tax revenue for the year plus a 'true-up' from the prior year. This true-up represents the difference between the additional property tax revenue paid to the local agency and the actual amount of sales tax revenue (the .25%) lost by the agency. The amount budgeted for the Triple Flip in 2008-09 anticipates a negative true-up adjustment in 2008-09 due to the current economy.

**Sales and Use Tax**

Countywide discretionary revenue includes .75% of the 7.75% sales tax rate charged on purchases made in the unincorporated areas of the County.

When preparing the annual budget, the County projects future sales tax revenue based on data provided by a local economist. For 2008-09, the economist has projected total sales tax revenues in the unincorporated area of \$19.1 million (after adjusting for the Triple Flip), which reflects an increase of 2.7%. The County has budgeted \$17.0 million. The major reasons for this difference include:

**Sales Tax Sharing Agreement with the City of Redlands**

In August of 2003, the County entered into a sales tax sharing agreement with the City of Redlands. Under the terms of this agreement, the City of Redlands provides government services to an unincorporated area of the County, and in return the County pays the city a percentage of the sales tax revenue generated in that geographical area. This geographic area has and continues to add numerous retail establishments and generates a considerable amount of sales tax revenue. Under the terms of the sales tax sharing agreement, the County currently pays the City of Redlands 90% of the County's discretionary sales tax revenue generated in this area.

**Potential Annexations and Incorporations**

Based on recent estimates, and adjusted for recent annexations, approximately 47% of the County's discretionary sales tax revenue is generated in the unincorporated portion of the spheres of influence of the 24 cities that are within the county's boundaries. A sphere of influence is a 'planning boundary within which a city or district is expected to grow into over time'. Therefore, the areas within these spheres are likely to be annexed, and once annexed, the discretionary sales tax revenue generated in that area will go to the city instead of the County. The County would also lose sales tax revenue if a community in the unincorporated area of the County decided to create a new city (incorporate).

**Net Interest Earnings**

Net interest earnings for 2008-09 are projected at \$33.0 million. This is the amount that is considered sustainable in the near future.

**COWCAP (County-Wide Cost Allocation Plan) Revenue**

COWCAP revenue is reimbursement for overhead/indirect costs incurred by the general fund. Reimbursements are received from various state and federal grant programs (that permit such reimbursement) and fee supported general fund departments and taxing entities such as the library and Board-governed special districts. The budgeted COWCAP Revenue amount reflects the recovered allowable costs included in the 2008-09 County-Wide Cost Allocation Plan (COWCAP) published by the Auditor/Controller-Recorder.

**Property Tax Admin Revenue**

Property Tax Administration revenue consists of:

- SB 813 cost reimbursement, which represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.
- The property tax administrative fee, which the legislature provided to allow counties to recover the cost of the property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort.

**Recording Fee Revenue**

The Recorder's Division of the County's Auditor/Controller-Recorder's Office collects certain fees for the official recording of documents. In previous fiscal years, this revenue was budgeted in the Auditor/Controller-Recorder's budget unit. Due to the unpredictable nature of the recording fee revenue and the County Administrative Office's concern for stabilization of departmental financing, the Board approved placing the recording fee revenue in the countywide discretionary revenue in 2006-07.

**State and Federal Aid**

State and Federal aid consists of a payment from the welfare realignment trust fund, which replaced the state revenue stabilization program, and SB90 reimbursements from the state. It also includes revenues received from the Federal government's Payment in Lieu of Taxes (PILT) program. Under current law, local governments are compensated through various programs for losses to their tax bases due to the presence of most federally owned land. PILT for the county in 2008-09 is expected to grow slightly over the 2007-08 receipts.

**Booking Fee Revenue**

New legislation (AB 1805) in 2007-08 replaced counties' ability to assess booking fees. This legislation created a Local Detention Facility Revenue Account to be funded by a state allocation and to be used exclusively for the construction or operation of jails. Per the legislation, the ability to charge booking fees to cities is retained if the state does not appropriate \$35.0 million in funding under AB 1805. In addition, the legislation allowed for a Jail Access Fee for specified non-felony offenses when a jurisdiction exceeds a three-year average number of bookings for those offenses.

Currently, the Governor's 2008-09 Proposed State Budget includes an appropriation of \$31.5 million for this purpose. Of that amount, San Bernardino County's share of the state allocation is estimated at \$2,482,000. This new revenue stream is placed in the newly created Sheriff's Local Detention Facility Revenue budget unit as it must be used for the purpose stated above. Since the amount appropriated by the state is under \$35.0 million, the County would have the authority to retain a maximum booking fee in an amount designated to recoup the portion of funds under-appropriated by the state to the County. The amount under-appropriated is estimated at \$276,000. Countywide discretionary revenue has not included this amount due to the uncertainty of the state budget.

**Treasury Pool Management Fees**

Beginning in 2006-07, countywide discretionary revenue includes cost reimbursement for the management of the County's investment pool, which is projected to total \$2.6 million in 2008-09. In prior fiscal years, this revenue was budgeted in the Treasurer/Tax Collector's budget unit.

**Other Revenue**

Other revenue includes overhead charges recovered through city law enforcement contracts with the Sheriff's Department, voided warrants issued by the county, projected transfers of unclaimed property tax refunds to the general fund, the county share of vehicle code violation revenue, and other miscellaneous revenues.

**Other Financing Sources****Fund Balance and Reimbursements**

The 2007-08 year-end fund balance for the general fund is \$77.3 million.

**Use of Reserves**

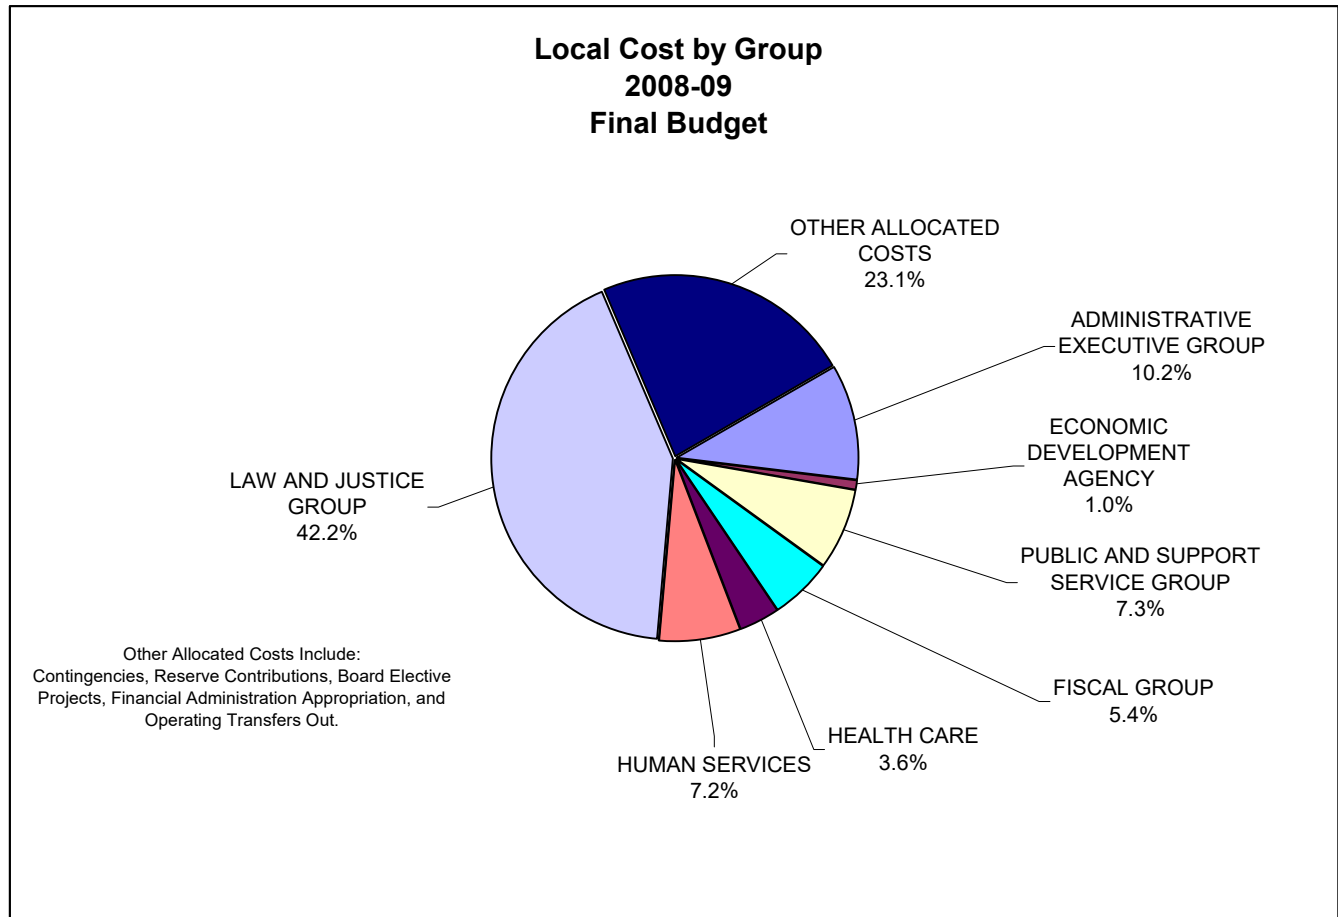

The 2008-09 budget incorporates the use of \$4.1 million from the Business Process Improvement Reserve.

**Operating Transfers In**

Operating transfers in include transfers from the Courthouse and Criminal Justice Construction funds of \$4.1 million to finance debt service on the Foothill Law and Justice Center, and \$15.0 million of tobacco settlement funds to provide funding for debt service on the Arrowhead Regional Medical Center.

Countywide discretionary revenue is allocated as local cost to various general fund departments within the county. The pie chart below shows what percentage of the local cost is allocated to each of the groups.

Percentages may not add to 100% due to rounding.

The schedule on the following page shows a comparison of prior year local cost and current year local cost by department. This schedule also includes appropriation and revenue, including operating transfers, which are mechanisms to move financing between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the department's appropriation and revenue. Operating transfers are excluded from the countywide appropriation and revenue summaries presented in the County Budget Summary section, as their inclusion would overstate countywide appropriation and revenue on a consolidated basis.

**GENERAL FUND – FIVE YEAR OPERATING FORECAST, 2008-09 THROUGH 2012-13**

Long-term financial planning is an effective tool for creating sustainable budgets and providing fiscal stability beyond the annual budget horizon. The County creates a five year operating forecast for the purpose of providing the Board of Supervisors with a framework for use in decision-making in order to maintain and continue the fiscal health of the County.

The forecast is not a budget. It is a question of priorities, not fiscal capacity. The plan identifies key factors that affect our fiscal outlook and assesses how difficult balancing the budget may be in the future. It helps us to understand the fiscal challenges facing the County as we make trade-offs between funding priorities.

This forecast is not a prediction of what is certain to happen but rather a projection of what will occur in the absence of any mitigating actions. As such, this plan highlights significant issues or problems that must be addressed in order to maintain a structurally balanced budget.

**Significant Issues Impacting the General Fund:**

- Revenue Growth has slowed dramatically due to a steep decline in real estate activity that has affected construction and retail spending. This has significantly impacted the County's property tax revenue as well as the County's sales tax revenue, including Prop 172.
- Salaries and Benefits are projected to increase. This increase is based on current negotiated agreements between the County and employee representation units. In years where no agreement has yet been negotiated, historical trends have been used.
- Retirement costs are anticipated to increase based on increases in salaries which are a factor in the calculation of retirement costs.
- Additional Staffing for the Adult Detention Center Expansion will require a significant amount of financing beginning in 2010-11.

Due to the projected budget gaps, the uncertain revenue outlook, and operating cost pressures, the County Administrative Office has begun the development of a mitigation plan in order to maintain a structurally balanced budget.

**CONTINGENCIES**

The County Contingencies includes the following elements:

**Contingencies****Mandatory Contingencies**

Board Policy requires the county to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the county's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1.5% of locally funded appropriation.

**Uncertainties**

Any unallocated financing available from current year sources (both ongoing and one-time) that has not been set-aside and any unallocated fund balance carried over from the prior year, is budgeted in the contingencies for uncertainties. Final budget action includes a provision that allocates any difference between estimated and final fund balance to this contingencies account.

**Ongoing Set-Aside Contingencies**

The county budget process differentiates between ongoing and one-time revenue sources. Ongoing set-asides represent ongoing sources of financing that have been targeted for future ongoing program needs.

### 2007-08 Mid-Year Changes to Contingencies for Uncertainties

For 2007-08 a mid-year Board action authorized a one-time increase to the Contingencies for Uncertainties in the amount of \$1,513,690. This increase was funded by the sale of an easement at the Milliken landfill.

For 2007-08 mid-year Board actions were authorized to use \$6,774,922 of the Contingencies for Uncertainties. These allocations include:

- \$3,300,000 in one-time funding to reimburse the Solid Waste Management division for the County's share of the Disaster Debris Management Program related to the Slide and Grass Valley fires.
- \$1,000,000 in one-time funding to provide funding for economic development activities at the Chino Airport.
- \$547,500 in one-time funding for environmental and engineering services related to the Cajon Creek Levee Alignment and Mitigation Plan at Glen Helen Regional Park and the Sycamore Creek/Sheriff Academy Channel Erosion Control Project.
- \$490,000 in one-time funding for the Mountain Marketing Campaign.
- \$452,000 in ongoing funding to provide the local cost portion of negotiated salary and benefit increases related to the approved memorandum of understanding with the California Nurses Association.
- \$250,000 in one-time funding to fund increased legal services associated with the Superior Court lawsuit of LodgeMakers v. County of San Bernardino, and other specialized counsel.
- \$212,047 in ongoing and \$53,000 in one-time funding for supplemental staffing for enforcement of Jessica's Law.
- \$200,000 in one-time funding to fund increased legal services associated with the Superior Court lawsuit of His Light Investments, Ltd, Olive Branch Investors LLC and William W. Greenway, Jr. versus the County of San Bernardino.
- \$71,000 in ongoing funding to fund classification actions relating to the reorganization of the Clerk of the Board office.
- \$69,120 in one-time funding to reimburse the Authority for the Handicapped for a receptionist.
- \$45,255 in ongoing funding for a new paralegal position for County Counsel.
- \$30,000 in one-time funding for consulting services related to the preparation of a greenhouse gas emissions reduction plan.
- \$30,000 in one-time funding to pay for background checks of volunteers participating in the County's Community Emergency Response Team (CERT) program in order to enhance the County's response capability in the event of a natural disaster.
- \$25,000 in one-time funding for the purpose of funding expenses related to the 2007 Sheriff's Benefit Rodeo.

2007-08 Mid-Year Changes to Ongoing Set-Aside Contingencies

- Future Retirement Costs Ongoing Set-Aside:

On May 6, 2008, the Board of Supervisors directed remaining balances in the ongoing set-asides be transferred to the corresponding reserve account per County Budget Financing Policy, 02-09. The unspent amount transferred equaled \$7.9 million.

- Jail Expansion Ongoing Set-Aside:

Mid-year Board actions authorized a one-time use of \$1.9 million of this set-aside to finance the design of the Adelanto Jail Expansion. On May 6, 2008, the Board of Supervisors directed remaining balances in the ongoing set-asides be transferred to the corresponding reserve account per County Budget Financing Policy, 02-09. The unspent amount transferred equaled \$5.1 million.

- Future Space Needs Ongoing Set-Aside:

Mid-year Board actions authorized a one-time use of \$350,000 of this set-aside to finance an increase in the County Government Center Master Plan Development project and a one-time use of \$1,537,000 to fund the High Desert Government Center project costs through the completion of the design. On May 6, 2008, the Board of Supervisors directed remaining balances in the ongoing set-asides be transferred to the corresponding reserve account per County Budget Financing Policy, 02-09. The unspent amount transferred equaled \$18,113,000.

2008-09 Mandatory Contingencies

The base allocation to the mandatory contingency budget of \$8,960,043 is established pursuant to Board policy, based on projected locally funded appropriation of \$597.3 million.

2008-09 Ongoing Set-Aside Contingencies

As seen in the Reserves section, the county has set aside a significant amount of one-time money that can assist the county temporarily for unforeseen increases in expenditure or reductions in revenues. Beginning in 2005-06 the county also began to set-aside portions of ongoing funding for future use. In the 2008-09 final budget, the county has set aside ongoing revenue sources to finance future ongoing expenditures in four different areas: retirement, jail expansion, future space needs and juvenile security.

- Future Retirement Costs Ongoing Set-Aside:

For the past few years, the County has seen significant retirement cost increases and predicts additional future increases based on unfunded liabilities that have occurred primarily as a result of lower than expected market returns. Beginning in 2004-05, the Board has set-aside \$7.9 million in ongoing revenue sources to assist in financing these cost increases at a future date.

- Jail Expansion Ongoing Set-Aside:

Beginning in 2004-05, the Board has set-aside \$7.0 million of ongoing money to address the future needs of the County's growing population. In 2006-07, the Board allocated this set-aside to a specific use, increased jail space.

- Future Space Needs Ongoing Set-Aside:

Beginning in 2006-07, the Board has set-aside \$20.0 million to address future space needs. This is based on a building analysis completed by staff. The space needs of the county continue to grow based on expansion of the area and the programs that service the county's growing population.

- Juvenile Maximum Security Ongoing Set-Aside:

Beginning in 2007-08, the Board has set-aside \$4.0 million for the construction of a new Central Juvenile Hall. This \$4.0 million was previously included in the \$19.3 million ongoing contribution to the Capital Improvement Program.

**RESERVES**

The county has a number of reserves (designations) that have been established over the years. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general purpose reserve are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. On January 6, 1998, the Board of Supervisors adopted a county policy to provide guidelines and goals for reserve levels. That policy calls for the county's general purpose reserve to equal 10% of locally funded appropriation. The Board of Supervisors also established specific purpose reserves to temporarily help meet future needs.

(1) Amounts represent ongoing set-asides that are included in the 2008-09 final budget in the appropriation for contingencies, and not budgeted as Contributions to Reserves. They are included in this schedule because they are projected to remain unspent at the end of the 2008-09 fiscal year. Per County policy unspent ongoing set-asides at the end of the year will be transferred to the corresponding specific purpose reserve.

(2) Amount represents \$4.0 million in ongoing set-aside that is included in the 2008-09 final budget in the appropriation for contingencies, and not budgeted as Contributions to Reserves (see note (1)). This amount also includes 2007-08 local cost savings in the Probation department budget of \$3,944,454. This additional allocation is consistent with County Policy 02-10, and was approved by the Board in final budget action.

(3) Amount represents new 2008-09 uses of the Business Process Improvement Reserves totaling \$2,237,000 as well as carryover projects from 2007-08 which total \$1,859,300.

2007-08 Contributions

- \$4.8 million approved contribution to the General Purpose Reserve based on the 2007-08 final budget for countywide discretionary revenue which finances locally funded appropriation.
- \$18.1 million approved contribution to the Future Space Needs Reserve representing the 2007-08 ongoing set-aside that was unspent at the end of the 2007-08 fiscal year.
- \$7.9 million approved contribution to the Retirement Reserve representing the 2007-08 ongoing set-aside that was unspent at the end of the 2007-08 fiscal year.
- \$5.1 million approved contribution to the Jail Expansion Reserve representing the 2007-08 ongoing set-aside that was unspent at the end of the 2007-08 fiscal year.
- \$4.5 million approved contribution to the Juvenile Maximum Security Reserve from Probation Department savings in 2006-07.
- \$1.0 million approved contribution to the Moonridge Zoo Reserve.
- \$4.2 million approved contribution to the Business Process Improvement Reserve.

2007-08 Uses

- \$75,000 from the Restitution Reserve to fund legal services related to the recovery of funds involving corruption activities of former employees, officers and private individuals.
- \$130,000 from the Electronic Voting Reserve for the Registrar of Voters remodel project.
- \$2.7 million in uses were approved from the Business Process Improvement Reserve in the 2007-08 final budget. Final budget reserve allocations included \$0.4 million to the Assessor for phone system upgrades and development of mobile appraisal capabilities, \$0.2 million for Public Health web services improvements, \$0.3 million to convert four branch libraries from barcode to radio frequency identification technology, and \$1.8 million for a Sheriff Laboratory information management system. At the end of 2007-08 only \$409,967 of the approved reserve uses had been allocated to project expenditures.

2008-09 Approved Contributions and Uses

For 2008-09 the general purpose reserve is increased by \$2.5 million to conform to Board policy. This increase is based on projected locally funded appropriation of \$597.3 million and will bring the balance of the general purpose reserve to \$59.7 million. The Juvenile Maximum Security Reserve is increased by \$3.9 million, funded by 2007-08 savings from Probation's budget units. The Moonridge Zoo reserve is increased by \$1.0 million and the Justice Facilities reserve is increased by \$21,246 from unspent amounts on completed projects. Uses of the Business Process Improvement Reserve include new allocations of \$2.2 million and \$1.9 million of allocations from the prior year for projects not yet completed. Major new allocations include \$0.8 million for the Sheriff's department data conversion project, \$0.4 million for Land Use Services web-based enhancements for development and construction plan review, \$0.4 million for a case management system in the Public Defender's office, and \$0.2 million to convert three branch libraries from barcode to radio frequency identification technology. Approved allocations for projects not completed in 2007-08 are \$1.8 million for the Sheriff's Laboratory Information System and \$59,300 for Public Health web services improvements.

## **COUNTY DEBT POLICY**

The county has a separate policy that covers the issuance, management and administration of the county's portfolio of long term obligations. The policy requires, in general, that:

1. Debt will not be used to finance ongoing operational costs.
2. Whenever possible, the county will pursue alternative sources of funding in order to minimize the level of debt.
3. That whenever practical, voter approval on the method of debt shall be utilized.

More specifically, the policy includes guidelines on the following elements:

1. The policy allows for the issuance of variable rate obligations to the extent that they do not exceed 25% of total debt outstanding.
2. The policy details the guidelines to be followed prior to the issuance of variable rate debt including feasibility, structure, and annual analysis to determine advisability of conversion to fixed rate debt.
3. The policy requires that the term of bonds be no longer than the economic useful life of the property, or in excess of available payment streams.
4. The policy requires annual review of the county's portfolio of long term obligations to initiate any type of restructuring, refunding, or refinancing beneficial to the county.
5. The policy outlines requirements for the investment of bond proceeds.
6. The policy outlines the responsibilities of the county's Debt Advisory Committee, which is a formal committee of the Board of Supervisors. These responsibilities include oversight and review of all debt policy and debt issuance activities and to make recommendations to the Board of Supervisors regarding appropriate actions on debt matters.

## **CASH FUNDED PROJECTS**

As detailed above, county policy requires prudent management of liabilities and, whenever possible, alternative sources of funding in order to minimize the level of debt. In the past several years, the county has satisfied certain portions of its capital needs without the issuance of long term obligations. This includes the major projects listed below:

- Construction of the High Desert Juvenile Detention Center, financed with a combination of state grant monies and the county's cash.
- The cash purchase of the Adelanto Adult Detention Facility.
- The cash purchase of an office building in downtown San Bernardino.

## **COUNTY BUDGET FINANCING POLICY AS IT RELATES TO LONG-TERM OBLIGATIONS**

The county's Budget Financing Policy includes policies related to long-term obligations of the county. These include:

1. Retirement System Funding - Requires that the Board first consider setting aside any savings related to negative Unfunded Accrued Actuarial Liability to fund a reserve for reduction of any existing pension obligation bonds or as a hedge against future interest rate increases.
2. Use of Variable Rate Interest Savings - Requires that when amounts budgeted for variable rate interest expense on long-term obligations exceeds actual variable rate interest expense for the year, that such savings will be used in the succeeding fiscal year to reduce the outstanding principal of long-term obligations. This applies only to debt service paid from discretionary revenue sources of the general fund. It is normal for budgeted amounts to exceed actual amounts because debt covenants require conservative budgeting of variable rate interest expense.
3. Use of Savings from Interest Rate Swap Agreements Associated with the Issuance of Debt - Requires that any county benefit realized on interest rate swap agreements, when there is a potential mismatch between swap payments and debt service payments, be retained as a contingency to offset the county's share of increases in debt service caused by the swap agreement. This contingency amount will not exceed \$5.0 million per interest rate swap agreement.

## **COUNTY LONG-TERM OBLIGATIONS**

The following discussion relates to long-term obligations backed by the full faith and credit of the county's general fund<sup>(1)</sup>. Other long-term obligations, such as those of the county's redevelopment agency and special districts are included in separate budget documents prepared for those entities.

The county's outstanding long-term debt obligations have been issued for the following purposes:

- To finance construction and improvement of county structures.
- To refinance county pension obligations.
- To finance improvements at the county owned landfills.

The county finances such projects with a variety of debt instruments. For construction and improvement projects, and for the improvement projects at the county landfills, the county has utilized lease obligations with a non-profit public benefit corporation. Such obligations are in the form of Certificates of Participation. For pension obligations the county has issued Pension Obligation Bonds.

---

(1) In June of 2007 the County privately placed \$18.4 million of revenue bonds for Courthouse improvements. These bonds are secured solely by a surcharge on civil filings that is collected by the local courts. These bonds are not backed by the County's general fund and are, therefore, not included in this discussion. For more information on the surcharge revenues see the 'Courthouse Seismic Surcharge' budget unit in the Law and Justice section of this document.

As of June 30, 2008, the county's long term obligations include obligations issued to finance or partially finance the following projects:

- Construction and equipping of the Arrowhead Regional Medical Center
- Construction of the West Valley Detention Center
- Construction of the Foothill Law and Justice Center and hangars at the Chino Airport
- Construction of the County Government Center
- Construction of the West Valley Juvenile Detention Center
- Retrofit of lighting and HVAC systems at various county facilities
- Finance of down payment on a preschool building in Ontario
- Construction of the Glen Helen Pavilion
- Improvement projects at county landfills
- Refinancing of a portion of the county's Unfunded Accrued Actuarial Liability in the years 1995 and 2004.

A summary of long-term obligations of the county, which includes a reference to the section of the book where the obligation is budgeted, is included on the following pages.

### **EFFECTS OF EXISTING DEBT LEVELS ON CURRENT AND FUTURE OPERATIONS**

Debt service on the Certificates of Participation and Pension Obligation Bonds referenced in the previous schedules will not negatively effect current or future operations of the county. In aggregate, current required debt service expenditures remain relatively level for all fiscal years through 2022-23 and then drop significantly in succeeding years.

The county is currently contemplating the issuance of additional Certificates of Participation to fund the expansion of the Adelanto Adult Detention Facility, and construction and improvements related to the implementation of a master space plan. The 2008-09 budget allocates ongoing (annual) financing sources of \$7.0 million for future debt service for the expansion of jail facilities and \$20.0 million for future debt service related to the implementation of the county's master space plan.

### **OTHER LONG-TERM OBLIGATION**

The Library has a note payable to the California Infrastructure and Economic Development Bank for funds borrowed to finance the construction of a library in Apple Valley. This note is backed by the full faith and credit of the general fund; however it is paid from and budgeted in the Library budget, found in the Public and Support Services Group section of this budget book, in the Library Special Revenue Fund budget. The outstanding principal amount of this note as of June 30, 2007, the last date for which audited information is available, was \$1,761,717. Annual debt service on this obligation is approximately \$109,000 per year through fiscal year 2030-31.

### **LEGAL DEBT LIMIT**

The county's legal debt limit, which applies only to General Obligation Bonds, is 1.25% of Assessed Valuation. As of June 30, 2007, the last date for which audited information on outstanding debt is currently available, the county's Debt limit and legal debt margin were calculated as follows:

	(1)	(1)	(1)	(1)
Fiscal	Assessed	Legal	Bonded	Legal
Year	Valuation	Debt Limit	Debt	Debt Margin
2006-07	152,041,485	1,900,519	1,815	1,898,704

(1) Amounts in thousands

Source: San Bernardino County Comprehensive Annual Financial Report for the year ended June 30, 2007

The county general fund has no outstanding General Obligation Bonds, and therefore no debt service payments for General Obligation Bonds are budgeted in this document. The Bonded Debt referred to in the table above is the debt of Special Districts and therefore is budgeted in a separate budget document.

## **CALIFORNIA GOVERNMENT CODE**

Government Code Sections 29000 through 30200 provide the statutory requirements pertaining to the form and content of the state Controller's prescribed Line-Item Budget. Government Code Section 29009 requires a balanced budget in the proposed and final budgets, defined as "the budgetary requirements shall equal the available financing."

## **COUNTY CODE**

Title 1. Division 2. Chapter 2:

Section 12.023:

The Administrative Officer shall be appointed by and serve at the pleasure of the Board of Supervisors.

Section 12.026:

Under the supervision of the Board of Supervisors, and subject to the approval and direction and control thereof, the Administrative Officer shall supervise the preparation of the annual County Budget. In the performance of this duty the Administrative Officer shall review all departmental and agency requests and all items in the proposed budget, including revenues, expenditures and reserves. The Administrative Officer shall submit his recommendation on the proposed budget to the Board of Supervisors.

## **BASIS OF ACCOUNTING**

Governmental fund types are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued if their receipt occurs within sixty days after the end of the accounting period, and recognized as revenue.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Exceptions to this general rule include; principal and interest on long-term debt is recognized when due, prepaid expenses are reported as current period expenditures rather than allocated and accumulated unpaid vacation, sick leave and other employee benefits are reported in the period due and payable, rather than in the period earned by employees.

Proprietary fund types are accounted for on the accrual basis of accounting. Their revenues are recognized in the period earned and expenses are recognized in the period incurred.

## BASIS OF BUDGETING

### Governmental Funds:

An operating budget is adopted each fiscal year for the governmental fund types in accordance with provisions of the County Budget Act. The County's financial statement, the Comprehensive Annual Financial Report (CAFR), is prepared using generally accepted accounting principles (GAAP). Budgets for the governmental fund types are adopted with the following differences from GAAP:

Encumbrance accounting is employed in governmental funds. For budget purposes, outstanding encumbrances (which represent the unspent amounts of purchase orders and contracts funded in the fiscal year), are treated as expenditures in that fiscal year. This affects only the "actual" data that appears in that budget book. For GAAP purposes, in the fund financial statements of the CAFR, encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures and liabilities. Appropriations for these encumbrance commitments survive the expiration of the fiscal year to the extent that encumbrances exist. Encumbrances cancelled subsequent to the end of the fiscal year also cancel the underlying appropriation.

On a budgetary basis, unrealized gains and losses on the fair value of investments are not recognized. For GAAP purposes, such gains or losses are recognized.

### Proprietary Funds:

The Board of Supervisors approves an annual spending plan for proprietary funds. Although the adopted expense estimates are not appropriations, their budgetary controls are the same as those of the governmental fund types. Because these funds collect fees and revenues generally to cover the cost of the goods and services they provide, their accounting and budgeting bases are closer to commercial models. Budgeting, like accounting, is done on the accrual basis and generally according to GAAP.

## COUNTY BUDGET AND FINANCE POLICIES

When building the 2008-09 budget, the County Administrative Office adhered to the County's four financing policies. A brief summary of the policies are presented below:

- 1) The **budget financing policy**, which states that one-time funds shall not be used to finance ongoing operational costs except within the context of a larger plan to balance ongoing revenues and costs over a multi-year period. This policy was amended February 13, 2007, to set-aside ongoing contingencies for future debt obligations or planned future ongoing program/operational needs. Additionally, this policy was further amended on June 26, 2007, to incorporate appropriation changes which include increases in appropriation authority, as well as, transfers of appropriation between appropriation units.
- 2) The **reserve and contingency policy**, which maintains an ongoing general purpose reserve equal to 10% of locally funded appropriation, coupled with an appropriated contingency fund equal to 1.5% of locally funded appropriation for the general fund. This policy was amended February 13, 2007, to include maintaining contingencies for the restricted financing funds (Prop 172 and Realignment), as well as the Master Settlement Agreement fund. These contingencies are targeted at not less than 10% of the current year's budgeted revenue for the restricted financing funds and the Master Settlement Agreement fund. This policy was also amended to allow a specific purpose reserve to be established and augmented using the respective department's annual local cost savings for large departmental projects.
- 3) The **debt policy**, which calls for the prudent management of liabilities, and wherever possible, the pursuit of alternative sources of funding in order to minimize the level of debt.
- 4) The **capital budget policy**, which ensures that the County maintains its public infrastructure in the most cost efficient manner. This policy was amended February 13, 2007, to update requirements for the approval process for capital project proposals specifically requiring the source of funding being identified for future staffing, operational, maintenance, and utility costs.

Detailed descriptions of each of these County financing policies are presented on the following pages.

## **Budget Financing Policy**

The objective of the Budget Financing Policy is to help ensure the County has adequate resources to meet its basic financial obligations, and to serve as a vehicle to help the County achieve financial continuity and stability.

### **Balanced Budget**

The annual operating budget will be structurally balanced upon adoption by the Board of Supervisors. Total revenues, including carry-over fund balances, will equal the total fund appropriation and reserves, unless it is within the context of a larger plan to balance ongoing revenues and expenses over a multi-year period, as detailed under "Use of one-time funding sources". Significant budget variances and recommended actions will be reported to the Board of Supervisors.

### **Long Range Planning**

As part of the annual budget process, the County will prepare a multi-year forecast of financial operations for general fund programs based on current service levels and expected future changes to those programs or service levels. The County will project major revenues and expenditures of the general fund, and report significant findings and recommendations to the Board of Supervisors.

### **Appropriation Changes**

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level (i.e., salaries and benefits, services and supplies, fixed assets, etc.) within budget units. Departments are expected to maintain expenditures within their budget authority as adopted by the Board of Supervisors.

Any increases in appropriation in a budget unit after adoption of the final budget require an item to be placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office or Board of Supervisors depending upon the appropriation unit. Exceptions are noted below:

Transfer of Salaries and Benefits Appropriation:

- Transfers out funded with local financing are not allowed.
- Transfers out not funded with local financing requires an item to be placed on the agenda of the Board of Supervisors for approval.
- Transfers in from other available appropriation within the budget unit will be required if budgeted salaries and benefits appropriation is inadequate to meet expenditures.

Transfer of Fixed Asset Appropriation:

- Transfers out requires an item to be placed on the agenda of the Board of Supervisors for approval.
- Transfers in, less than \$10,000 may be approved by the County Administrative Office.
- Transfers in, greater than \$10,000 requires an item to be placed on the agenda of the Board of Supervisors for approval.

### **Use of one-time funding sources**

The appropriation of carryover fund balances and other one-time funding sources must be managed with care. Carry-over fund balance is most appropriately used to fund one-time expenses such as capital expenditures or start-up costs for new programs. Other types of one-time funding sources may also be used to fund one-time costs, or to supplement reserves. It is the policy of the County that one-time funds will not be used to finance ongoing operational costs, except within the context of a larger plan to balance ongoing revenues and costs over a multi-year period. Such a plan could involve short-term use of one-time funds to preserve essential public services where longer-term financial forecasts demonstrate the near-term future potential for ongoing revenues to fund those services.

Ongoing Set-Asides

Ongoing set-asides represent ongoing sources of financing that have been targeted for future debt obligations or planned for future ongoing program/operational needs. Set-asides are appropriated as contingencies and approved during the formal adoption of the budget. Any balance of such contingency set-asides remaining at the end of the fiscal year shall be transferred into a corresponding general fund reserve account as of June 30. An agenda item is submitted annually for Board approval of such transfers.

Revenue Forecasting

Because of the complexity of the County budget, realistic projections of revenue are crucial to accurate budgeting. Revenue forecasting will be undertaken annually through a review of local historical revenue trends and analysis of federal, state, and local economic projections. Especially in regard to those revenues which tend to be most volatile and sensitive to changes in the economy, forecasting will involve analysis of economic, demographic, business cycle and other factors which might impact those revenues. These unpredictable revenues, including interest income and fees, will be estimated and budgeted conservatively. Revenue forecasts will not be based on straight-line assumptions.

Fees

The County will review and adjust fees for service, as necessary, and adopt them as part of the annual budget process. In most cases, departmental fees should fully recover the costs of providing the service, including identified indirect or overhead costs.

Program Efficiency and Performance Measurement

Efficiency and economy in the delivery of County services is a top priority. The County will develop a program to integrate performance measures within the budget. County departments will be encouraged to make productivity improvements within their service delivery areas.

Grant Funding

The County will aggressively pursue opportunities for federal or state grant funding. An aggressive policy to pursuing opportunities for federal or state grants provides citizens with the assurance that the county is striving to obtain all state and federal funds to which it is entitled – thereby reducing dependence on local taxpayers' funds. However, prior to applying for, and accepting such intergovernmental aid, the County will consider the current and future implications of either accepting or rejecting the grant. That consideration shall include: 1) the amount of matching fund required; 2) in-kind services to be provided; 3) length of grant and whether the county is required to continue the service after the grant has ended; and 4) related operating expenses. The County shall also assess the merits of any individual grant program as if it were funded with local tax dollars.

Retirement System Funding

Careful management of financial resources to pay retirement costs is critical to the County's long-term financial health. Accordingly, for any savings resulting from negative Unfunded Accrued Actuarial Liability (UAAL) contribution rates, the Board will first consider setting aside these savings in a reserve for reduction of any existing pension obligation bonds or as a hedge against future rate increases.

Use of Variable Rate Interest Savings

Covenants in debt instruments require conservative budgeting of variable rate interest expense. When amounts budgeted for variable rate interest expense for such debt instruments exceed actual interest expense for the year, such savings will be used in the succeeding fiscal year to reduce the total outstanding principal amount of long-term debt. This policy will apply only to interest savings/debt instruments that are paid from discretionary revenue sources of the County's general fund.

Use of Savings from Interest Rate Swap Agreements Associated with the Issuance of Debt

It is the policy of the Board that any benefit realized on interest rate swap agreements where the swap payment received by the County and the actual debt service payment due from the County are not equal per the terms of the swap agreement be retained as a contingency to offset the County share of any future increases in debt service caused by the swap agreement. This contingency amount will not exceed \$5.0 million dollars per interest rate swap agreement. The contingency will be retained in the fund that is responsible for payments under the swap.

## **Reserve and Contingency Policy**

The objective of the Reserve and Contingency Policy is to help protect the County from unforeseen increases in expenditures or reductions in revenues, or from extraordinary events which might otherwise substantially harm the fiscal health of the County. In so doing, it is also intended to help avoid undue service level fluctuations during periods of economic instability.

### **General Fund – Reserves and Contingencies**

The maintenance of an adequate operating reserve is essential to the financial strength and flexibility of the County, and operating reserves are considered an integral part of the County's financial structure. Such reserves and designations are considered to be those that have no identified contingent liability or specific future use. The County shall establish a general purpose reserve for the general fund targeted at 10% of locally funded appropriation.

The County will also maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting the County's operations which could not have been reasonably anticipated at the time the budget was prepared. The County shall place in contingencies no less than 1.5% of locally funded appropriation.

### **Restricted Financing Fund – Prop 172 – Contingencies**

Restricted Proposition 172 revenues are used solely for public safety programs. The County has allocated using the funds solely for the financing of the Sheriff, District Attorney, and Probation departmental programs. The County will maintain an appropriated contingency to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting this restricted financing stream which could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency for Prop 172 funds shall be targeted at no less than 10% of the current year's budgeted Prop 172 revenue. Said contingencies shall be budgeted at the 10% level separately for each department receiving Prop 172 revenues.

### **Restricted Financing Funds – Realignment – Contingencies**

Restricted Realignment funds are used in the financing of mental health, social services and health programs within the county. The County will maintain an appropriated contingency within these funds to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting these restricted financing funds which could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency for Realignment funds shall be targeted at no less than 10% of the current year's budgeted Realignment revenues. Said contingencies shall be budgeted at the 10% level separately for each program receiving Realignment revenues.

### **Master Settlement Agreement Fund – Contingencies**

Master Settlement Agreement funds are used to finance health related expenditures. The County will maintain an appropriated contingency within the Master Settlement Agreement fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting this fund which could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency within this Master Settlement Agreement Fund shall be targeted at no less than 10% of the current year's budgeted Master Settlement Agreement revenues.

### **Specific Project Reserves**

The County will fund specific project reserves for large departmental projects through the use of the respective department's local cost savings. Such projects would not normally be feasible for the department without reserving funding over a multiple year period. In order to establish a specific project reserve, departments must submit the proposed project to the County Administrative Office for consideration. A thorough review of the proposed project and a complete analysis of the estimated local cost savings will be performed by the County Administrative Office prior to recommendation of the project to the Board of Supervisors. Upon approval of the project by the Board of Supervisors, departmental savings will be reserved as deemed necessary by the County Administrative Office for funding of the specific project at fiscal year end. Each fiscal year thereafter, this process will continue until the specific project is completed.

## **Debt Policy**

The objective of the County's Debt management policy is to minimize the amount of outstanding debt necessary to fulfill its infrastructure and economic development responsibilities, as well as to maintain the County's ability to incur present and future debt at minimal interest rates. The use of debt shall not endanger the County's ability to finance essential County services. The County recognizes that capital markets change and unforeseen circumstances may occur resulting in situations that are not covered by this policy. In such situations, flexibility to modify certain policy requirements may be necessary to achieve policy goals.

### **General**

Debt will not be used to finance on-going operational costs. However, debt may be used, where economically efficient, to reduce or eliminate current long-term operational liabilities. Whenever possible, the County shall pursue alternative sources of funding, when cost effective, in order to minimize the level of debt.

### **Types of Debt**

General Obligation Bonds (property tax supported) usage will be evaluated first since it is the least costly debt. Public support will be assessed for ballot placement due to the costs involved for an election. Revenue Bonds/Certificates of Participation may be considered for use where General Obligation Bonds are not practical. Short-term borrowing, such as commercial paper, bond anticipation notes, and lines of credit, will be considered as interim funding sources in anticipation of long-term financing.

### **Issuance**

The County may elect to issue bonds/certificates of participation as variable rate instruments to provide flexibility and /or to attempt to achieve interest savings. There are guidelines to be considered when issuing variable rate debt: 1) Economic and cash flow projections for variable rate issues shall be calculated at the then applicable fixed rate. 2) The County will first consider structuring the principal and interest repayments related to the entire project for which the debt will be issued on an approximately equal annual basis over the life of the borrowing. 3) Total variable rate debt shall be limited to no more than 25% of total debt outstanding. 4) No less than annually, analysis of each outstanding variable rate bond issue shall be undertaken to determine the advisability of converting the issue to fixed-rate debt. 5) Variable rate bonds shall be structured to protect the County to the greatest extent possible against cyclical interest rate fluctuations.

### **Management**

County financial management policies shall be designed to maintain a balanced relationship between debt service requirements and current operating costs, encourage growth of the tax base, actively seek alternative funding sources, minimize interest costs and maximize investment returns. In accordance with this principle, the following must be considered: 1) The County shall issue bonds with terms no longer than the economic useful life of the project. 2) The County shall obtain secured guarantees for bonds supported by a dedicated revenue source to the extent possible. 3) The County shall also obtain assurances of project viability and guarantees of completion prior to the issuance of bonds. 4) The County shall invest the proceeds of bond / certificates of participation sales to conform to State and County requirements to maximize investment security and earnings. 5) The County shall establish affordability guidelines in order to preserve credit quality, which may be suspended for emergency purposes, or because of unusual circumstances.

**Capital Budget Policy**

The objective of the Capital Budget policy is to ensure that the County maintains its public infrastructure in the most cost efficient manner. The County's capital budget will include as complete, reliable, and attainable cost estimates as possible.

Project cost estimates for the Capital Budget should be based upon a thorough analysis of the project and are expected to be as reliable as the level of detail known about the project. The plan for funding projected staffing, operation and maintenance, and utility costs must be identified as part of the approval process for each capital project. All Capital Budget proposals shall be formulated and presented to the Board of Supervisors within the framework of a general capital budget in conjunction with the operating County General Fund Budget. Capital projects which are not encumbered or completed during the fiscal year will be re-budgeted or carried over to the next fiscal year, except as reported to and subsequently approved by the Board. All re-budgeted capital projects will be so noted in the Adopted Capital Budget. Similarly, multi-year projects with unencumbered or unexpended funds will be carried over to the subsequent year(s).

Periodic financial reports will be prepared to enable the County Administrative Office to monitor/manage the capital budget and compare actual program revenues and expenditures with budgeted amounts. The Board may take necessary action, including increasing appropriation or revenue, to maintain a balanced Capital Budget. Major capital assets will be inventoried and assessed on an annual basis to project long-term equipment replacement and maintenance needs.

## DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors is the governing body of the county government and Board-governed special districts. The Board establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board also approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

				Budgeted Staffing	57.3	62.1	4.8

Salaries and benefits of \$8,160,298 fund 62.1 budgeted positions, an increase of 4.8 positions from prior year. The increase of \$464,739 represents anticipated increases to salaries in accordance with Measure P (approved by the voters on November 7, 2006), benefit plan changes for elected selected health insurance, and retirement and worker's compensation rate changes. This budget unit increased by 4.8 budgeted positions due to staffing changes made by the various supervisorial districts.

Services and supplies of \$508,531 include phone services, electrical equipment maintenance, computer hardware expenses, special department expense, property insurance, office expense, presort and packaging, and courier and printing. The decrease of \$138,132 reflects the shift from services and supplies to transfers for office expenses incurred through the Purchasing Department, the shift of grounds maintenance costs to transfers, and finally, the shift of travel expenses to its new appropriation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$62,577 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$343,172 include continued contributions to employee relations, computer analyst support, maintenance service, custodial services and rents. The increase of \$154,787 is a result of the shift of office expenses and grounds maintenance costs from services and supplies to transfers.

Reimbursements of \$2,171,376 represent reimbursements from the priority policy needs budget unit. The increase of \$450,953 primarily results from the increased salaries and benefits costs mentioned above.

## Legislation

### MISSION STATEMENT

The Office of Legislative Affairs effectively advocates the county's interests on the federal and state level by communicating the strategic priorities and policy direction of the Board of Supervisors to the California Congressional and State Legislative delegations.

### STRATEGIC GOALS

1. Communicate the county's legislative priorities to federal and state officials.
2. Advance the interests of the county at the state and federal level.
3. Provide the Board of Supervisors and the County Administrative Office with necessary information to make informed decisions regarding pending legislation and regulatory decisions.
4. Cultivate relationships between the county and the state and federal delegation members and staff.

### DESCRIPTION OF MAJOR SERVICES

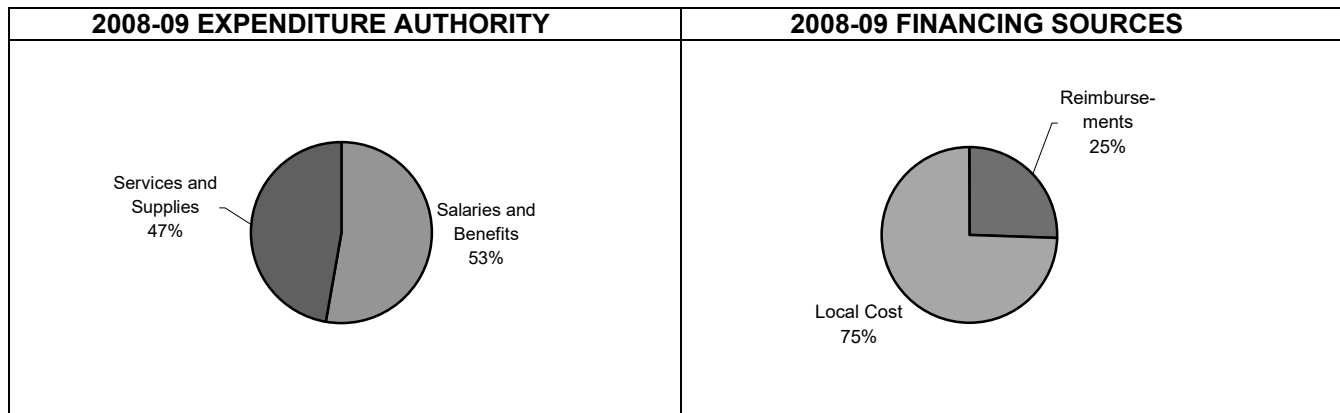

Under the direction of the Board of Supervisors and in coordination with the County Administrative Office, the Office of Legislative Affairs is responsible for overseeing and coordinating the county's legislative advocacy program. The office is responsible for the annual state and federal legislative platforms in accordance with the strategic priorities and policy direction of the Board of Supervisors. The office serves as a liaison between the county and the federal and state legislative delegation. The Office of Legislative Affairs tracks legislation through the legislative process and works in conjunction with county departments to ascertain the impacts of pending legislation and regulations in order to provide recommendations to support or oppose pending legislation.

The office maintains effective working relationships with the California Congressional and State Legislative delegation and the federal and state administration. The Office of Legislative Affairs oversees and administers legislative activities and outreach by fostering relationships with appropriate local, state and federal delegations, caucuses, associations, joint powers authorities, and public and private sector officials. The Office of Legislative Affairs provides periodic updates and reports to the Board of Supervisors, the County Administrative Office and county departments on pending legislation as well as recommendations on legislation to the Board of Supervisors. The office also manages consensus advocacy trips to Washington, D.C. and Sacramento and supervises contracted legislative advocacy firms at the state and federal level.

Salaries and benefits of \$637,136 will fund 4.5 budgeted positions and are increasing by \$28,678. Budgeted staffing counts were reduced by 0.5 to reflect the anticipated midyear hiring of the second analyst position. Additionally, the Legislative Program Manager position was changed to a contract Deputy Director of Legislative Affairs position.

Services and supplies of \$512,469 are decreasing by \$84,888 from the prior year final budget. This reduction is the net of decreases in professional services (\$106,520) and changes in the reporting of travel (\$33,000) and office supplies (\$654) to other appropriation units. Offset by increases in expenditures related to legislative activities (\$25,500), new copier rental (\$7,500), special departmental expense (\$7,500), communication related expenses (\$6,482), general office expense (\$4,475), subscriptions/publications (\$2,654) and other minor expenditure changes (\$1,175).

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$56,780 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted (\$33,000) in the services and supplies appropriation unit as well as anticipated additional needs (\$23,780).

Transfers of \$1,805 include increases in EH&P charges as well as the change in the reporting of office supply purchases mentioned above.

Reimbursements of \$308,000 represent funding supported by Health Care Administration (\$108,000), Solid Waste Management (\$60,000), Transportation (\$70,000), and Flood Control (\$70,000) due to the direct impact of legislative advocacy services on these departments.

## Priority Policy Needs

### DESCRIPTION OF MAJOR SERVICES

Beginning in 1999-2000 \$1.0 million was allocated evenly between the five supervisorial districts for priority policy needs that may be identified during the fiscal year. In 2005-06 this annual allocation was increased to \$2.0 million and in 2006-07 this annual allocation was increased to \$2.5 million. The current annual allocation is \$2.5 million allocated evenly between the five districts. Any allocations not spent within a fiscal year is carried over to the subsequent fiscal year by district.

Since the inception of this budget unit, the Board of Supervisors has identified various community programs in alignment with the county's vision of creating, supporting and enhancing vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history. Through use of these funds and in conjunction with these community programs, the Board of Supervisors has provided support for several projects that promote the health, safety, well being, and quality of life for county residents.

There is no staffing associated with this budget unit.

## Board Elective Funding

### DESCRIPTION OF MAJOR SERVICES

In 2007-08, the Board Elective Funding budget unit was established which allocated \$10.0 million evenly between the five supervisorial districts for Board discretionary projects as identified by the Board of Supervisors throughout the fiscal year. This is a one-time funding allocation. Any allocation not spent within a fiscal year is carried over to the subsequent fiscal year by district. In 2008-09, an additional \$5.0 million was allocated evenly between the districts with one-time funding.

The Board of Supervisors has worked with its community partners to identify projects that support the mission of the government of the County of San Bernardino of providing service that promotes the health, safety, well being and quality of life of its residents. With the use of this funding, the Board of Supervisors has sponsored various educational and community programs thereby expanding educational and cultural opportunities for the county's residents.

There is no staffing associated with this budget unit.

## CLERK OF THE BOARD

### Dena M. Smith

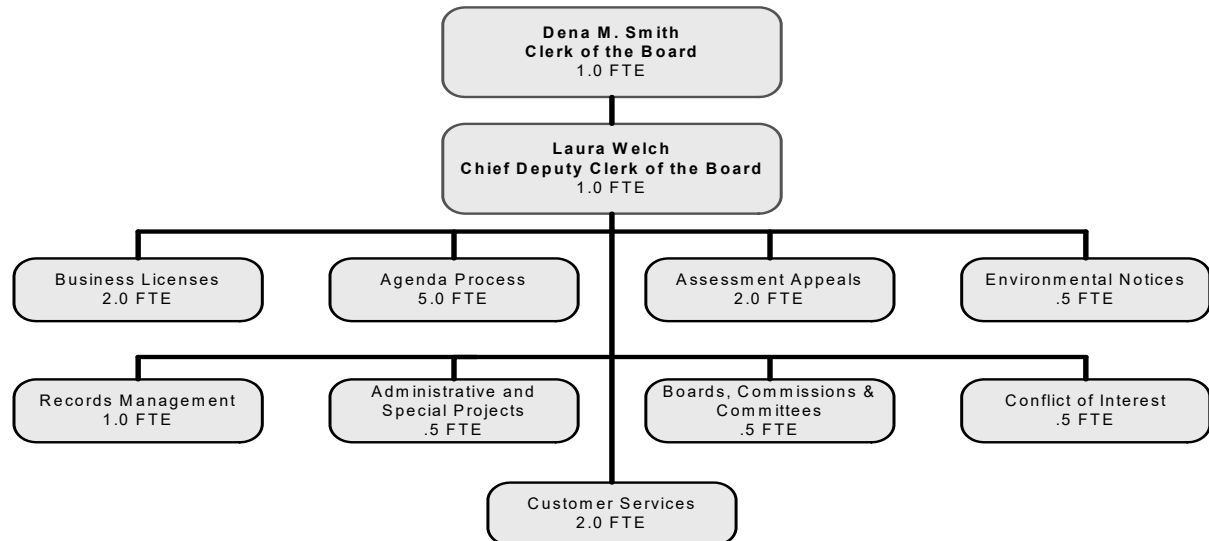

#### MISSION STATEMENT

In support of the County Board of Supervisors, and in service to the public and fellow county staff, the Clerk of the Board of Supervisors: prepares and maintains records of actions taken by the Board of Supervisors; oversees membership of the county's boards, commissions and committees; licenses businesses operating in the county unincorporated areas; and facilitates the filing and hearing of appeals of assessed property valuations. Our service priorities are timeliness and accuracy. Our services commitments are courtesy and respect.

#### STRATEGIC GOALS

1. Implement technology improvements to increase operational efficiency and improve public access to information.
2. Improve business license processes and procedures to ensure high quality service and compliance with ordinances.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Clerk of the Board of Supervisors (COB) provides legislative support services to the Board of Supervisors (BOS). The department coordinates, prepares and maintains minutes, ordinances, resolutions, contracts, agreements and other official records and documents related to meetings conducted by the BOS. The COB coordinates the annual filing of financial disclosure documents in accordance with state law and local conflict of interest codes. The county has more than 200 advisory boards, commissions and committees (BCCs) and the COB maintains records and membership information for the county's BCCs. Responsibilities include posting of vacancies, processing of appointments and monitoring of ethics training for more than 1,000 BCC members. In accordance with state law, appeals of assessed property valuation are heard and determined by the county's Assessment Appeals Boards (AAB). The COB provides staff support to the AAB, facilitating the filing, hearing and disposition of thousands of appeals annually. The county requires that businesses operating in unincorporated areas obtain and maintain a valid business license. The COB receives, reviews and processes business license applications and issues licenses for approved businesses. The COB also: receives, posts and files environmental (CEQA) notices for construction projects in accordance with State Department of Fish & Game requirements; accepts summonses, complaints, planning appeals, requests for tax refunds and Board correspondence; and responds to thousands of requests for information and documents from county staff and the public.

Salaries and benefits of \$1,230,938 fund 16.0 budgeted positions and are increasing by \$64,108 due to a departmental reorganization approved by the Board of Supervisors on September 11, 2007. This reorganization was a result of a review of the COB organizational structure guided by the operational changes that are taking place in the COB office to meet the expectation of the Board of Supervisors for improved operational efficiency, effective use of technology and outstanding service delivery. The new classifications established placed staff at classification and compensation levels more consistent with those of other positions with similar functions and levels of responsibility within the county.

Services and supplies of \$252,388 include costs for equipment, office supplies, professional services, and various insurance allocations. The decrease of \$31,315 reflects the shift from services and supplies to transfers for office expenses incurred through the Purchasing Department in addition to the shift of travel costs to its new appropriation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$23,520 reflects anticipated travel costs for proprietary software development conferences and training as well as the annual California State Association of Counties (CSAC) conference. These costs were previously budgeted in services and supplies as mentioned above.

Departmental revenue of \$126,665 is reduced by \$8,622 from the previous budget year. In line with the current nationwide housing crisis, the county is experiencing a decrease in new construction, which is reflected in decreased revenue estimates for environmental (CEQA) document filings. The COB has also experienced a decrease in new and renewal business licenses and related fees. This trend is anticipated to continue into the 2008-09 fiscal year. However, on March 18, 2008, the Board of Supervisors adopted a rental dwelling license ordinance, and revenue generated from these licenses is anticipated to slightly offset decreases in the other revenue areas. As we cannot measure the number of dwellings in the unincorporated area, we can not determine how much of this new revenue will absorb the loss of license fee revenue.

The delay in business license processing time can be attributed to an increase in the turn-around time for applicants to obtain required signatures from other departments in order to complete the application process. This will be mitigated for the 2008-09 fiscal year as the COB has implemented a business practice of accepting applications only after all required signatures have been obtained.

## COUNTY ADMINISTRATIVE OFFICE

### Mark Uffer

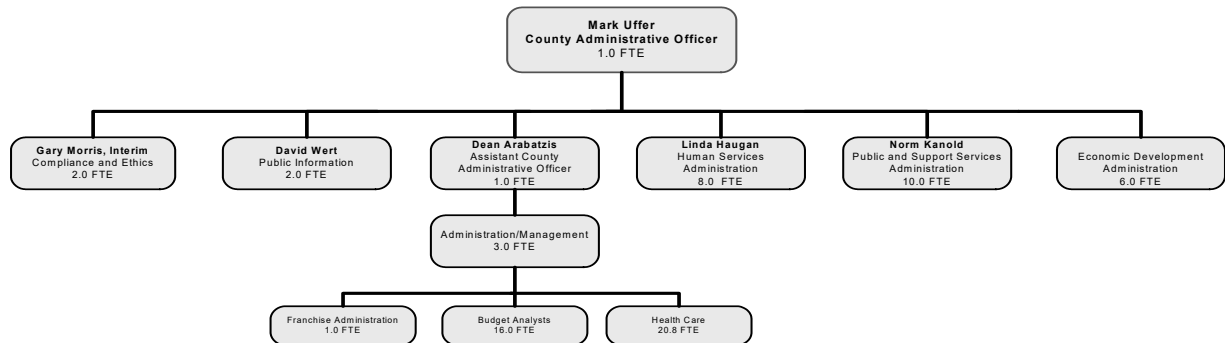

#### MISSION STATEMENT

The County Administrative Office maximizes constituent services and satisfaction by developing and implementing budgets, policies, and procedures, and by directing and/or coordinating departmental activities according to the County Charter, general laws, and to meet the strategic goals adopted by the Board of Supervisors.

#### STRATEGIC GOALS

1. Facilitate, support, and ensure the implementation of decisions by the Board of Supervisors.
2. Promote the effective and efficient delivery of countywide service through the use of contemporary management tools.
3. Ensure the overall financial health of the County of San Bernardino.
4. Communicate countywide operations in an effective manner.
5. Increase employee awareness of and compliance with the county's ethics program.

## DESCRIPTION OF MAJOR SERVICES

The County Administrative Office (CAO) is responsible to the Board of Supervisors for the general administration and coordination of all county operations and programs, together with the preparation and administration of the county budget.

The CAO oversees the operations of county departments whose department heads are appointed by the Board of Supervisors or County Administrative Officer, and assists in the coordination of activities of departments headed by elected officials. Additionally, the CAO oversees Health Care Administration, the Public and Support Services Administration (PSSG), Human Services Administration, and Economic Development Agency Administration.

The Health Care Administration provides administrative oversight for the health related departments and seeks to expand and coordinate collaborative opportunities among those departments. Health Care Administration also coordinates major health financing issues, such as realignment, medical center debt financing, and disproportionate share hospital funding.

PSSG departments plan and implement facility and infrastructure development and maintenance programs (roads, flood control, buildings); provide public services in unincorporated communities (planning, fire, special districts, parks, museums); and serve departmental needs (vehicles, space, leasing).

Human Services departments are responsible for the county social service programs under applicable mandatory federal and state regulations. These departments are Transitional Assistance, Children's Services, Adult Services, Preschool Services, Child Support Services and Veterans Affairs.

Economic Development departments seek to facilitate economic growth within the county through programs that enhance workforce skills, infrastructure, business development and attraction, housing opportunities and community development projects. These departments are Community Development and Housing, Economic Development, the Redevelopment Agency, and Workforce Development.

The CAO is also responsible for coordinating county activities with other local government entities, including cities and other counties; the county's long-term debt functions; and the capital improvement program.

Salaries and benefits of \$4,320,689 fund 26.0 budgeted positions and are increasing by \$388,814 and a net 1.0 budgeted position. Staffing changes include the additions of 1.0 Principal Administrative Analyst, 1.0 Administrative Analyst III, and 1.0 Franchise Program Analyst. The Franchise Program Analyst addition is the result of a re-organization/consolidation of the Franchise Administration budget unit. Offsetting these increases are the deletion of 1.0 Executive Secretary III and 1.0 Contract Special Projects Coordinator.

Services and supplies of \$1,481,993 include professional services, ISD direct labor, computer software and hardware expenses, miscellaneous expenses, and general office supplies. Various countywide programs are funded via professional services including components of the Service First Program, hosted email subscriptions for accessing county web information, public awareness campaigns, and the ethics case management system. The decrease of \$263,881 includes the shift of travel related expenses to a new appropriation unit, reductions in special departmental expense, completed computer software purchases, and a decline in maintenance costs due to the conclusion of the remodel. Additionally, \$200,000 of one-time funding provided to this budget unit in 2007-08 for grants was re-budgeted in 2008-09.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$62,225 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$60,688 include continued contributions toward employee relations, Employee Health and Productivity program, Information Services Department for computer analyst support, custodial and maintenance service, and advertisement services. The decrease of \$26,624 results primarily from the completed purchase of two wireless infrastructure servers.

Reimbursements of \$355,168 represent payments from other budget units. The budgeted amount decreased a total of \$141,862 from the prior year. Changes include additional reimbursements of \$175,700 for 1.0 budgeted position to assist with Public Health's financial operations, a reduction of \$92,363 in reimbursements from Facilities Management that coincides with the deletion of 1.0 contract special projects coordinator, and a reduction of \$225,199 from the Health Care Administration budget unit due to a lessening in the percentage allocation provided for the administration of all the health departments.

## Franchise Administration

### DESCRIPTION OF MAJOR SERVICES

The function of Franchise Administration is to monitor utility, cable, telecommunication, and interstate pipeline franchises, as well as the use of other public property. Franchise Administration is also responsible for ensuring submission of the appropriate documents from franchisees, including reports, proof of insurance, bonding and payment of franchise fees. Other duties include monitoring customer service compliance for cable television service providers and research designed to identify other entities utilizing public rights-of-way.

Additionally, Franchise Administration has represented the county and its constituents and the California Public Utilities Commission on issues regarding utility requests for rate increases and investigations of utilities over-charging their customers.

Franchise Administration collects a substantial amount of annual franchise fee revenue on behalf of the county, and the fees are generally based upon a percentage of utility, cable, telecommunications, and interstate pipeline company gross revenues. These revenues are not directly incorporated within the division's budget, as the fees are accounted for separately within another fund.

In 2008-09, this budget unit was consolidated in the County Administrative Office budget unit.

Actual appropriation for 2007-08 is less than modified budget due to not filling a budgeted position. The special projects originally associated with this position are no longer needed thereby eliminating the need to fill the position. The need for certain professional services relating to contract negotiation has also been eliminated resulting in additional savings in services and supplies.

## Litigation

### DESCRIPTION OF MAJOR SERVICES

The litigation budget unit finances external attorney services and other litigation related expenses. The Board approved the establishment of this budget unit in 2001-02. The use of contingencies may be required for any new major contracts, or for any material amendments to existing legal contracts during the fiscal year.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 is lower than modified budget primarily for two reasons: 1) \$1.3 million of savings represents lease payments for the 1997 Public Improvement Project that were funded from unused project funds held by the trustee and therefore required no general fund contribution and 2) \$1.2 million represents variable rate interest savings that result from covenants that require conservative budgeting of variable rate interest expense.

Variable rate interest savings used to prepay Certificates of Participation per Board policy:

- 2004-05 \$1.8 million
- 2005-06 \$1.0 million
- 2006-07 \$0.3 million
- 2007-08 \$0.8 million
- 2008-09 \$1.2 million (budgeted)

Services and supplies of \$23,985,506 represent lease payments and related fees and administrative costs for the major county assets financed by the general fund, and provides for principal reduction of existing Certificates of Participation pursuant to county policy. In 2008-09, services and supplies is increased by \$667,465. This amount is made up of a \$375,000 increase in appropriation to be used to prepay principal on existing Certificates of Participation and a \$292,465 increase in lease payments and fees caused primarily by the refinancing of the Glen Helen Certificates of Participation (COPs). This refinancing resulted in an increase in lease payments due to a requirement to deposit \$1.1 million in cash with the trustee bank. This deposit funded a cash reserve to provide additional protection to the owners of the COPs against non-payment of lease payments. This \$1.1 million increased the principal amount of lease payments due, resulting in higher annual lease payments. This reserve will be available to offset the final lease payments on these COPs.

Reimbursements of \$2,173,150 include \$1,622,750 to finance the lease payments and related costs of the Glen Helen Pavilion. This reimbursement is funded by revenues associated with the operation of the pavilion. Reimbursements also include amounts associated with the 1997 Public Improvement financing in the amounts of \$470,000 from the utilities budget, representing savings from the ENVEST project, and \$80,400 from Preschool Services representing the portion of the lease payment used to fund a portion of the preschool building in Ontario.

Lease Payments included in this budget unit for 2008-09 are:

Glen Helen Pavilion	1,525,786
Justice Center/Chino Airport Improvements	6,241,200
1997 Public Improvement Financing (ENVEST, West End Juvenile Facility, Preschool Building)	1,327,147
County Government Center	3,259,100
West Valley Detention Center	9,777,428
Subtotal:	<u>22,130,661</u>
Reduction of Variable Rate Debt	1,200,000
Debt Administration (Trustee Fees, Letter of Credit Fees, Remarketing Fees, Auction Agent Fees, Broker-Dealer Fees, Audit and Arbitrage)	654,845
Reimbursements	(2,173,150)
Subtotal:	<u>(318,305)</u>
Total:	<u><u>21,812,356</u></u>

## Federal Forest Reserve

### DESCRIPTION OF MAJOR SERVICES

In 1908, Congress enacted a law that requires 25% of the revenues derived from the National Forest System to be given to counties in which the lands are situated for the equal benefit of public schools and roads. Pursuant to Public Law No. 106-393, enacted on October 30, 2000, counties could elect to remain under the 25% Payment Method with fluctuating funding levels or change to the Full Payment Method, that requires these revenues to fund either Title II or Title III projects under the Act. The county elected the Full Payment Method.

Title II project funds may be used for the purpose of making additional investments in, and creating additional employment opportunities through projects that improve the maintenance of existing infrastructure, implementing stewardship objectives that enhance forest ecosystems, and restoring and improving land health and water quality. Authorized uses for Title III projects include search, rescue, and emergency services; community service work camps, easement purchases; forest-related educational opportunities; fire prevention and county planning; and community forestry. Title III funding is utilized by County Fire Department to develop fire prevention and community forestry projects that are necessary for the protection of people and property.

The county can select project(s), provided there is a description of the proposed project in the publications of the local record and a 45-day public comment period. The Clerk of the Board is directed to publish a 45-day notice of intent to use the Federal Title III Agriculture Forest Reserve Payment funds for proposed project expenditures including but not limiting to County Fire Department or the Public Works Department.

Congress terminated this funding on September 30, 2006. However, on July 28, 2007, Congress reinstated the funding for an additional year. For 2008-09, the status of this program is unknown. Currently, there is an effort underway to have a one-year extension included with a supplemental war bill that is pending Federal approval. However, pending notification, the county will anticipate the closure of this budget unit and the balance of the funds will be transferred to the Public Works Department to pay for fire prevention/planning efforts.

There is no staffing associated with this budget unit.

The 2008-09 final budget reflects the termination of the program and the transfer of the remaining fund balance to the Public Works Department. If the United States Department of Agriculture notifies the county that Congress has extended the Title III program, the County Administrative Office will take appropriate actions to receive the funding and to modify the budget.

## COUNTY COUNSEL

### Ruth E. Stringer

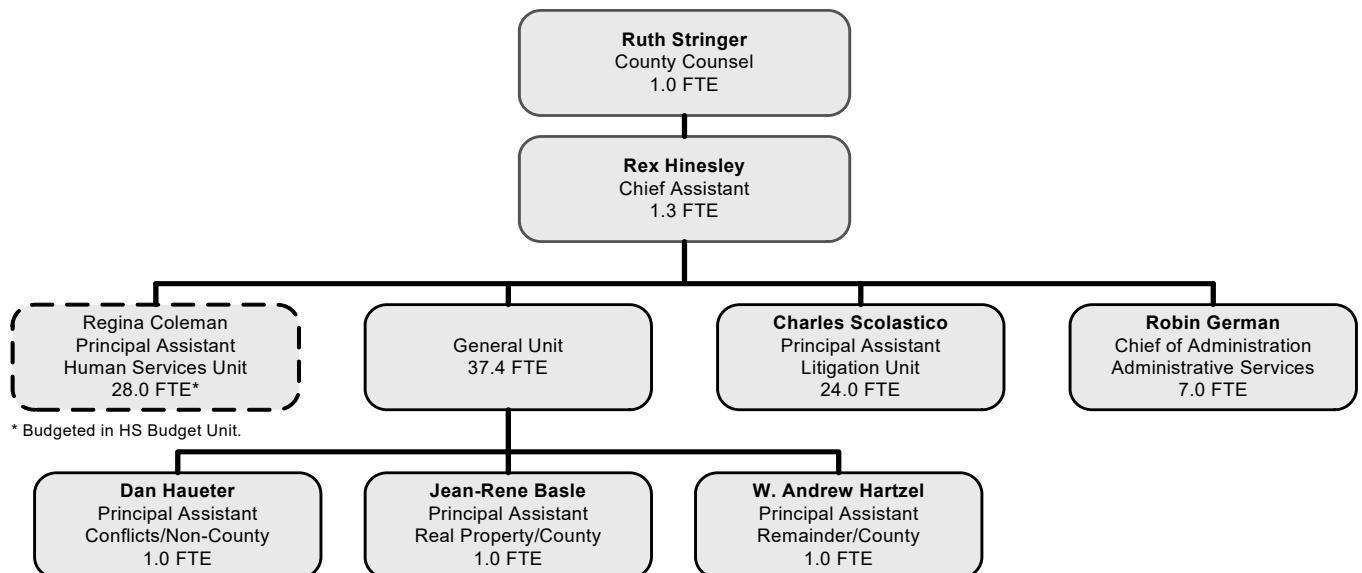

#### MISSION STATEMENT

County Counsel serves and protects the county, its treasury, and its governing body, by providing timely and accurate legal services and aggressively representing the county in litigation. Legal services shall be performed maintaining the highest professional and ethical standards while fostering high morale and productivity in the work place through collaborative efforts dedicated to continuous improvement.

#### STRATEGIC GOALS

Salaries and benefits of \$11,535,020 fund 73.7 budgeted positions and are increasing by \$283,658. This includes full year funding of 1.0 paralegal position, which was approved by the Board of Supervisors midyear. Also included is funding to dual fill the Chief Assistant County Counsel (0.3) and a Deputy County Counsel V position (0.7), both transitioning into retirement, as well as continued funding of anticipated retirement costs. This budget unit experienced an increase of 0.1 in budgeted staffing as a result of a technical change to the rounding of position numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions.

Services and supplies of \$1,741,931 includes professional services such as expert witnesses, initial outside counsel costs, transcriber costs, general office expenses, computer hardware and software expenses (including upgrades and customization costs for PerfectLaw), small equipment purchases, furniture, and other expenses such as publications, memberships, and the implementation of an office wide imaging program. The budgeted change over the prior year is \$1,114,624. A significant portion of this increase represents appropriation which will be transferred to salaries and benefits upon the approval of a midyear financing Board agenda item for general MOU and exempt compensation plan agreements.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$160,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$181,349 include charges from Purchasing, Real Estate Services, Facilities Management, Human Resources for employee programs and Information Services Department for systems support services shared with the Board of Supervisors and the County Administrative Office.

Reimbursements of \$3,119,655 represent payments from other departments for services rendered by County Counsel. Increases to this line item of \$926,534 are primarily the result of a fee increase approved by the Board of Supervisors (\$508,914), and reimbursements from the Department of Behavioral Health (\$407,320), which were not received in prior fiscal years.

Departmental revenue of \$5,080,585 represents revenue received from non-general fund departments and outside clients. A net increase of \$626,376 from the prior year is the result of a fee increase approved by the Board of Supervisors (\$135,256), client requests for additional services (\$355,120), and new revenue from Arrowhead Regional Medical Center (\$136,000).

## DESCRIPTION OF MAJOR SERVICES

The Human Resources Department administers the county's human resources programs. This includes the responsibility for recruitment, employment testing, and certification of eligible candidates; establishment and maintenance of classification and compensation systems and practices; employee relations; employee benefits; systems and program administration for a portion of the Employee Management and Compensation System (EMACS); the Equal Employment Opportunity Office; and the Commission on the Status of Women. Human Resources also shares responsibility, through a partnership with Human Services, for countywide organizational and employee development.

In addition, the department is responsible for the management of the Western Region Item Bank (WRIB), a cooperative, computer-based test question bank used by 151 public agencies to develop employment tests. Each WRIB participating agency pays an annual fee.

Salaries and benefits of \$9,648,036 fund 103.0 budgeted positions and are decreasing by \$112,317 as a result of reductions in workers' compensation, retirement costs, and termination benefits.

Services and supplies of \$3,268,721 include tuition reimbursement funds, advertising expenses, and contracts for professional services.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$42,190 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$106,739 include office expenses and facilities charges, and have decreased by \$72,774 due to the removal of County Counsel charges which are now included in the services and supplies appropriation unit.

Reimbursements of \$5,884,152 represent payments from other departments for employee relations, the Employee Health and Productivity program, the Employee Assistance programs, and advertising costs.

Departmental revenue of \$343,750 primarily represents revenue from Western Region Item Bank (WRIB) memberships.

The Employment Division continues to market the County of San Bernardino as the “Employer of Choice” by attending various events and promoting employment opportunities within the County. These marketing efforts also help increase the percentage of qualified applicants who pass county exams and are placed on eligibility lists. In addition, the division is working with county departments to ensure that NEOGOV, the new applicant tracking system, is used for the entire certification process, rather than only a small portion. Finally, the division continues to reduce the number of written exams where appropriate.

Human Resources is developing a project to allow county departments to access employee's 201 files (i.e. personnel files) via the computer, which will enable authorized users to access information from a centralized location.

The Employment Division is also responsible for marketing the Western Region Item Bank (WRIB) to potential members, and expects to increase new membership by 5% in 2008-09.

In 2008-09, the department will also strive to reduce the error rate for payroll documents by 50%, by increasing the amount and level of training provided to Payroll Specialists throughout the County.

## The Center for Employee Health and Wellness

### DESCRIPTION OF MAJOR SERVICES

The Center for Employee Health and Wellness (CEHW) is part of the Employee Benefits and Services Division. The CEHW is responsible for employee and applicant pre-placement and in-service medical examinations, medical records, representing the county in hearings before the Civil Service Commission regarding appeals of medical findings, and advising the county's management on compliance with Occupational Safety and Health Administration (OSHA) regulations and occupational medical problems.

Salaries and benefits of \$1,817,432 fund 18.5 budgeted positions and are increasing as a result of Board approved increases for contract employees.

Services and supplies of \$959,491 include the cost to provide medical exams and other health related services. These costs have increased by \$125,578 due to the opening of the Victorville location and the need to provide services at both the Colton and High Desert locations. These costs are directly offset by an increase in revenue.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$15,200 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$263,339 are for administrative support from Human Resources, Employee Benefits and Services, lease costs for the High Desert facility, and office expenses.

Reimbursements of \$1,694,638 are based on budgeted staffing and are collected from all county departments to fund the CEHW programs. The \$137,562 decrease is offset by an estimated increase in fee revenue.

Departmental revenue of \$1,059,368 includes fees for services such as physical examinations and vaccinations. The \$326,826 increase is the result of approved fee adjustments to recover the actual costs of providing services, and an estimated increase in examinations performed based on the opening of the High Desert location.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of county employees working in the High Desert area (and in need of treatment) who are treated by the High Desert CEHW (468 employees in 2005-06).	0%	50%	54%	55%

Although the CEHW's High Desert location did not open until January 2008, the department was able to meet the projected performance measure. This was primarily due to the ongoing flow of information to county departments regarding the new location. By sending employees who work and/or live in the High Desert to the Victorville clinic, time away from work and miles traveled by the employee is reduced. In 2008-09, the department will strive to maintain this same level of service.

## Unemployment Insurance

### DESCRIPTION OF MAJOR SERVICES

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program.

There is no staffing associated with this budget unit.

Salaries and benefits of \$3,960,740 represent anticipated unemployment claims to be paid during 2008-09. Due to a decrease in administrative charges owed to the Employee Benefits and Services Division, transfers for 2008-09 have been reduced and the difference was moved to salaries and benefits to pay for potential claims.

## Commuter Services

### DESCRIPTION OF MAJOR SERVICES

The Commuter Services budget unit was established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This budget unit receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

Salaries and benefits of \$188,234 fund 3.0 budgeted positions and are decreasing slightly as a result of reduced workers' compensation and retirement charges.

Services and supplies of \$326,868 include charges for operating van pools and other ride share programs, and estimated costs to implement the online annual survey.

The travel appropriation is new for 2008-09. The amount budgeted of \$1,100 reflects anticipated travel costs in the areas of private mileage and daily motor pool vehicle rental. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

In 2008-09, Commuter Services anticipates purchasing one additional vehicle in the amount of \$33,000 for the van pool program. In 2007-08, three vehicles were budgeted, but only two were purchased.

Transfers of \$44,278 represent charges for administrative oversight and office expenses. Reimbursements have decreased by \$16,300 due to moving the Suggestion Award Committee function to a different budget unit within Human Resources.

Contingencies of \$622,560 have increased by \$45,997 based on available fund balance.

Departmental revenue of \$548,000 includes payroll deductions from employees participating in the van pool and rideshare programs, as well as funds from the Air Quality Management Districts.

## Employee Benefits and Services

### DESCRIPTION OF MAJOR SERVICES

Employee Benefits and Services, under the direction of the Human Resources Department, administers the County's health, dental, vision, and life insurance plans as well as its integrated leave programs.

Salaries and benefits of \$2,392,392 fund 32.0 budgeted positions and are decreasing slightly as a result of reduced workers' compensation and retirement costs.

Services and supplies of \$1,147,166 include consulting services, office expenses, tuition reimbursement, and printing/mail charges. The \$367,067 increase results from anticipated printing/mail courier charges, and increased County Counsel fees which were included in the transfers appropriation unit last year.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$25,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$367,163 include charges for administrative oversight, facilities, and office expenses. The \$131,416 decrease results from County Counsel fees now being included in the services and supplies appropriation unit.

Reimbursements of \$939,012 include the departmental recharge and administrative support from the Unemployment Insurance and the Center for Employee Health and Wellness budget units.

Contingencies of \$866,887 have decreased by \$390,044 based on available fund balance.

Departmental revenue of \$2,684,008 represents consultant and administrative trust fund reimbursements, the ING allocation for administration of the salary savings plan, and revenue received from the Courts for personnel services.

The Employee Benefits and Services Division continues to market the wellness initiative to county employees. Through partnerships with health care providers, the department is able to offer incentives to employees who complete a Health Risk Assessment (HRA), which will assist the department in achieving their performance measure in 2008-09. In addition, as a result of the most recent memoranda of understanding (MOU) negotiations, the department projects participation in the Retirement Medical Trust Fund will increase by 25%.

## INFORMATION SERVICES

### Stephen Hall

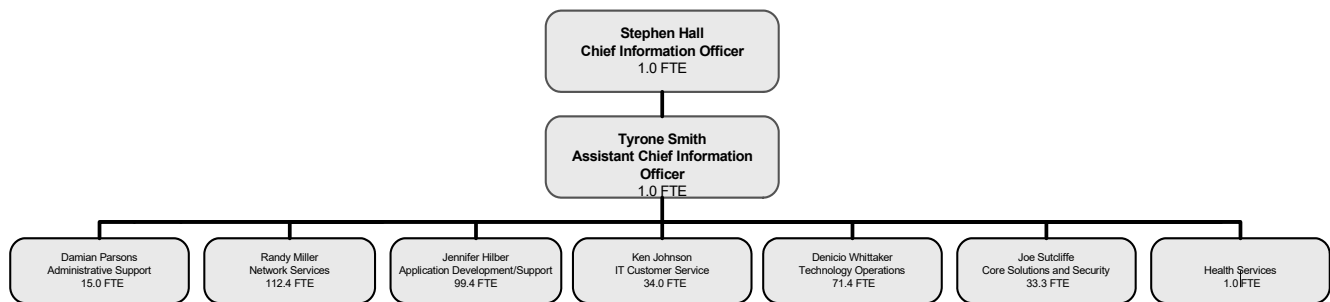

#### MISSION STATEMENT

The Information Services Department provides secure, innovative, contemporary, and accessible technology in computer, media, and communication services in the most cost effective manner, to enable departments and agencies to accomplish the mission of San Bernardino County.

#### STRATEGIC GOALS

1. Provide technology solutions that enable the department and its customers to better serve county residents.
2. Improve customer satisfaction by delivering products and services that exceed expectations.
3. Improve telecommunication and data transmission capabilities to better respond to emergencies and disasters.

## Application Development

### DESCRIPTION OF MAJOR SERVICES

The Application Development and Support division provides support for county departments as they develop, enhance and maintain business applications on a variety of hardware and software platforms. These applications include the county's enterprise accounting, payroll, budget, personnel, document imaging, public web sites, geographical information system and many other business line systems. Information Services Department (ISD) consults with departments to identify cost effective ways of conducting business and often provides business process reviews, cost analysis, and overall recommendations in the acquisition and integration of new systems.

In 2007-08, this budget unit experienced salary savings due to a high vacancy factor resulting from difficulties in recruiting Programmer Analysts. This difficulty is a continuing trend for government related information technology positions over the past two years. Services and supplies are also lower than modified budget due to the associated decrease in purchases of equipment and consumable supplies related to the high vacancy factor. The revenue shortfall is reflective of reduced billable hours also resulting from the high vacancy factor.

Budgeted Staffing					107.5	107.7	0.2

Salaries and benefits of \$11,286,294 fund 107.7 budgeted positions and are decreasing by \$326,583 as a result of reduced costs for workers' compensation, retirement, expected termination benefits, and by increases in budgeted overtime of 0.2. These reductions were intended to be offset by an original increase of 1.7 in budgeted staffing resulting from the addition of 1.0 Business Applications Manager to support the Economic Development Agency and the 0.5 increase of a Multimedia Coordinator. However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing. Based on this action, appropriation reflects a reduction of \$153,109 and 1.5 budgeted staffing. Associated reimbursements/general fund financing were also decreased by \$153,109 as reflected above.

Services and supplies of \$1,909,084 primarily include computer software, maintenance, and support, including contract programming services. The increase of \$252,160 is due to anticipated upgrades for Microsoft Developer Network (MSDN) licensing and the Visual Basic 6/SQL Server 2000 library, and expected increases for outside contractor services due to the continuing high vacancy factor. These increases are partially offset by a decrease in direct labor costs and the shift of training costs to the new travel appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$127,140 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit, and include additional training required for the MSDN upgrade.

Equipment of \$26,520 is budgeted to purchase a video projector to broadcast Board of Supervisor's meetings at the County Government Center. The decrease of \$60,980 results from the removal of one-time Geographic Information System (GIS) policy item funding for servers, fiber channel storage, and additional equipment to support Multimedia Services.

Transfers of \$1,163,774 primarily include internal administrative costs and Human Resources services, which have increased slightly over last year.

Reimbursements of \$183,698 are for the ISD Healthcare Services Division Chief.

Operating transfers out of \$2,032,392 represent general fund financing of the 800 Megahertz (MHz) radio program. The decrease of \$408,384 represents the removal of the one-time general fund subsidy for non-general fund departments and outside County customers' radio access costs.

Departmental revenue of \$5,089,326 consists of systems development charges, GIS programming, and Street Network subscription services. The increase of \$395,342 is due to the Board approved rate increase for application development labor services and the GIS Street Network Subscription, and additional revenue from planned development projects.

In 2006-07, the department received 2.0 additional Programmer Analyst positions and \$475,155 in ongoing general fund financing to support the GIS. In 2007-08, the department received an additional \$85,000 in ongoing funding to support GIS. With this additional support the department was able to meet its performance measure to convert GIS data to the latest Spatial Database Engine. The department intends to further utilize these two positions and funding to begin upgrading the existing library of GIS applications. The performance measure, "percentage of applications upgraded to newest ESRI software platform," is projected to be 25% complete for 2008-09 (8 applications upgraded). This process entails updating vendor software and building a GIS framework to improve overall performance, standardize GIS development, and better protect the county from future lengthy and costly upgrades.

Also in 2006-07, the department received \$95,997 in ongoing general fund financing for the addition of 1.0 Programmer Analyst III to support the Employee Management and Compensation System (EMACS) to improve payroll processing accuracy and help alleviate project backlogs. In 2007-08, ISD exceeded the performance measure to have alleviated 10% of backlog projects, and estimates an additional 10% to be completed for the 2008-09 fiscal year.

In 2007-08, the department received 1.0 position and \$65,711 in ongoing general fund financing to enhance multi-media services to facilitate public access to information. The additional position enabled the department to meet all project deadlines within time schedules requested by customers. Multimedia services related requests have increased by 30% and ISD has been able to successfully meet this increased demand as a result of this additional position. The performance measure "percentage of multimedia service projects completed on time," is projected to be 95% complete for the 2008-09 fiscal year.

The Application Development division continues to consult with customers to identify cost effective ways of conducting business from an information technology perspective, including cost analysis and recommendations for the acquisition and integration of new systems. As a result, 100% of customer requested application upgrades in 2007-08, were compatible with Windows Vista and Microsoft Office 2007. This enables departments to continue to move to newer, supported operating platforms and software in a timely manner, reducing costs associated with non-supported platforms and software.

## Computer Operations

### DESCRIPTION OF MAJOR SERVICES

The Computer Operations division provides enterprise data center services and a portion of the county's communications services to county departments on a 24/7 basis. The division is comprised of three sections: Technology Operations, Information Technology (IT) Customer Service, and Core Solutions and Security. This budget unit is an internal service fund, which allows for net assets available at fiscal year end to be carried over to the next fiscal year to be used as working capital or for replacement of fixed assets.

Technology Operations provides for the design, operation, maintenance and administration of the county's Enterprise Data Center which supports the county's mainframe and includes server management for over 160 servers, integrated document imaging infrastructure for digitizing paper records, and print operations for bulk printing functions required by the county.

IT Customer Service assists departments in ensuring that their technology and business objectives are achieved. The division provides a Technology Support Center to handle service requests and problem tickets and IT Account Representatives to coordinate and assist departments in meeting their business and technology objectives.

Core Solutions and Security provides the county with global email, security direction and technology policies and procedures, along with technical services that support desktop communications and functions across the county.

Actual appropriation for 2007-08 was below modified budget due to difficulty in recruiting IT positions, decreases in the usage of outside contractors and expenditures for IT products. Actual departmental revenue for 2007-08 was lower than modified budget as a result of reduced billable hours.

Salaries and benefits of \$12,490,960 fund 140.4 budgeted positions and are increasing by \$321,660. The staffing and cost increases result from the following changes, and are offset by reductions in workers' compensation costs and call back pay:

- the addition of 2.0 Automated Systems Technician positions due to workload;
- the addition of 1.0 Administrative Supervisor position to improve the organizational structure and oversight;
- the addition of 1.0 Office Assistant II position due to scanning workload increases;
- the mid-year transfer of 2.0 Automated Systems Analyst II positions from the Board of Supervisors;
- the increase of 0.3 in budgeted overtime due to the high vacancy factor.

In addition, the Human Resources Department completed a study to restructure the Computer Operations and Wide Area Network sections of Information Services at the department's request. The following classification changes are based on recommendations resulting from this study, and have been included in the final budget:

- establish the classification of Information Services (IS) Section Manager, Management Unit, salary range R77 (\$86,944 - \$111,342);
- establish the classification of Information Services (IS) Administrator, Administrative Services Unit, salary range R71 (\$75,026 - \$95,992);
- salary changes for the Systems Support Supervisor classification from salary range R71 (\$75,026 - \$95,992) to salary range R73 (\$78,790 - \$100,818);
- the reclassification of 1.0 Systems Support Supervisor and 1.0 Business Application Manager to IS Section Managers;
- the reclassification of 3.0 Systems Support Analyst IIIs and 1.0 Programmer Analyst III to IS Administrators.

The department also included the following changes to align actual job functions and correct budgetary underfills:

- the reclassification of 2.0 vacant Computer Operator III positions to Systems Support Supervisor;
- the reclassification of an Automated Systems Technician to a Fiscal Specialist;
- the reclassification of an IT Account Representative II and a Programmer Analyst III to Business Systems Analyst IIIs.

Services and supplies of \$8,548,073 primarily include costs for computer software, systems development charges, and equipment maintenance. The increase of \$182,305 is due to increased COWCAP charges, anticipated computer software and systems development expenses, and is offset by the removal of travel and training expenses to a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$310,770 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses and future technical training needs, previously budgeted in the services and supplies appropriation unit.

Other charges of \$6,868 include interest charges for the lease of the back-up generator. The slight decrease is due to the lease-purchase interest schedule.

Transfers of \$1,281,904 are for internal administrative allocations and Human Resources charges. The decrease of \$93,406 results from the removal of the transfer to the Auditor/Controller-Recorder for data entry services due to the transition to eTime.

Reimbursements of \$3,060,551 represent payments for internal administrative costs and other position related costs from ISD's other budget units. The increase of \$365,399 is primarily due to the Board of Supervisors reimbursement for two Automated Systems Analyst positions and the Human Services reimbursement of a Systems Support Analyst III.

Depreciation of \$1,415,579 is increasing by \$708,794 per the department's depreciation schedule.

Operating transfers out of \$137,000 represent year one of a five year reimbursement to the general fund for the one-time Disaster Recovery policy item funding.

Current services revenue of \$20,952,775 is comprised primarily of central computer revenues. The increase of \$27,333 is due to Board approved rate changes. The department intends to use \$177,828 in retained earnings to fund cost increases not included in the service rates.

Equipment purchases of \$2,109,639 represent \$1,709,639 for regular equipment replacement and \$400,000 for unplanned customer requests to be expended only as needed, and reimbursed by the customer. Equipment purchases are decreasing by \$988,242 due to the removal of one-time fixed asset purchases for Disaster Recovery. Lease-purchase equipment costs are \$13,510 for the back-up generator and include an increase of \$785 due to the payment schedule.

ISD continues to strive to build and sustain a robust hardware and software support infrastructure to deploy countywide technology solutions, such as utilization of server virtualization technology. Virtualization technology enables a single physical resource, such as a server, to appear to function as multiple servers. The benefit of virtualization is a decrease in costs associated with server maintenance and support. The decision to obtain physical servers is not controlled by ISD, therefore the actual number of physical servers changes regularly. As a result, the department is replacing the performance measurement "Percentage decrease of Windows physical servers" with "Percentage of all physical servers virtualized." The Computer Operations Division completed the virtualization of 8% of the physical servers in 2007-08 resulting in less hardware and associated costs.

ISD met the performance measures to improve customer satisfaction by earning satisfaction ratings exceeding 75% on surveys for both products and services and yearly billing. In addition, ISD continues to review its cost recovery methodologies to improve service rate accuracy. The department is evaluating new metrics to recover wide area network (WAN) and circuit utilization costs. The new metrics are designed to recover costs based on actual usage as opposed to billing for these services based on the number of email accounts. The resulting benefit is that costs will be more accurately recovered, and departments will be inclined to monitor their usage due to potential financial impact.

ISD continues to focus on improving business processes and service expectations. The department created a quality assurance unit to review new applications prior to implementation, to avoid duplication of effort, minimize issues and costs, and increase efficiency. As a result, ISD was able to achieve a 99% success rate for applications deployed to production after review by quality assurance.

In 2007-08, ISD received one-time additional general fund financing to install and implement an offsite disaster recovery site for Intel-based computer applications. In 2008-09, the department plans to complete implementation and conduct integration disaster recovery testing to ensure the site is functioning as intended.

## Telecommunication Services

### DESCRIPTION OF MAJOR SERVICES

The Telecommunication Services division provides for the design, operation, maintenance and administration of the largest county-operated telecommunications phone network in the country; the county's Regional Public Safety Radio System that integrates all countywide sheriff, police and fire emergency radio dispatch capabilities; the paging system that consists of over 7000 pagers; and the Wide Area Network (WAN) that securely joins approximately 18,000 county users together for the efficient use of technology. The Information Services Department (ISD) manages a countywide microwave system (64 sites) that helps provide transport capabilities for each of the individual systems listed above.

Actual appropriation for 2007-08 is less than modified budget due to vacant position salary savings resulting from difficulties in recruiting information technology and radio positions. Actual departmental revenue for 2007-08 is over modified budget as a result of an increase in the demand for data cabling services, communications installations and repairs, electronic maintenance services, mobile data computer services, and Virtual Private Network (VPN) access.

Salaries and benefits of \$10,969,991 fund 120.4 budgeted positions and are increasing by \$39,957 primarily resulting from the changes below, which are offset by decreases in costs for workers' compensation and call back pay, and a 0.6 reduction in budgeted overtime:

- Addition of 1.0 Network Services Supervisor to redistribute workload and increase efficiency;
- Addition of 1.0 Special Projects Leader to administer increased workload;
- 2007-08 approved midyear addition of 1.0 800 Megahertz (MHz) Analyst dedicated to the West End Communications Authority (WECA);

- Reclassification of 1.0 Network Services Supervisor, pay range 71 (\$75,026-\$95,992) to an Information Services (IS) Section Manager, pay range 77 (\$86,944-\$111,342) as recommended in the classification study completed by the Human Resources Department.

Services and supplies of \$12,746,084 primarily fund telephone and communications related costs and services, and are increasing by \$1,633,877 as a result of new ongoing circuit costs associated with the WAN redesign and disaster recovery projects, and anticipated increases in the purchase of materials.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$214,185 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$3,044,149 fund internal ISD administration and overhead costs, including costs associated with Human Resources functions. The \$397,933 increase is primarily due to increased internal overhead allocations resulting from the addition of new positions.

Reimbursements of \$2,366,138 represent payments for administrative costs by individual service departments within the Telecommunication Services budget unit. The increase of \$307,125 is due to increases in internal overhead costs and the addition of new positions.

Depreciation of \$2,146,707 is increasing by \$999,641 per the department's depreciation schedule.

Operating transfers out of \$143,407 fund the reimbursement of one-time policy item funding to the general fund received for the disaster recovery project (\$43,407) and estimated costs for the General Services Administration building Capital Improvement Project (\$100,000).

Current service revenue of \$25,902,236 includes the following services: telephone, voicemail, toll free 800 numbers, rack space rental, pagers, 800 MHz radio access/maintenance, communication installation labor, electronic maintenance labor, and WAN service charges. The increase of \$4,072,021 is the result of Board approved rate increases, anticipated service demand, and projected revenues from WECA radio access and maintenance services.

Operating transfers in of \$2,032,392 represent general fund financing of the 800 MHz radio program. The decrease of \$625,418 is primarily due to the reduction of the one-time rate subsidy in 2007-08 for non-general fund departments and agencies using the 800 MHz radio system. The remaining decrease is attributed to the removal of one-time funding for the Disaster Recovery site.

Fixed Assets of \$4,083,858 include the following:

- Trunked Simulcast Conversion equipment - \$325,000, which will be purchased from Motorola, a sole source vendor.
- Radio system equipment - \$154,000, which will be purchased from Motorola, a sole source vendor.
- Radio system test equipment - \$110,000.
- Upgrades for existing Private Branch eXchange (PBX) hardware - \$300,000.
- Upgrades of microwave system hardware - \$148,089 and microwave test equipment - \$75,000, to be purchased from Harris Microwave, a sole source vendor.
- Replacement of end-of-life network system hardware for the WAN - \$368,769.
- Acquisition of land to install an additional microwave site to transmit 800 MHz radio and telephone signals, replacing an existing site that ISD was required to vacate - \$200,000.
- Equipment in the event of catastrophic events/unplanned requirements to be expended only as needed - \$500,000.

The increase of \$1,198,366 is primarily attributed to new equipment/improvement needs as detailed below:

- Electronic fork lift to replace obsolete equipment - \$15,000.
- Switch replacements to replace obsolete equipment - \$200,000.
- Simulcast Clocks to replace obsolete equipment - \$120,000.
- The addition of one van and one vehicle - \$80,000.
- E911 related equipment - \$120,000.
- IP Trunking Conversion equipment - \$100,000.
- Capital improvement costs to enhance ISD warehouse facilities - \$60,000.
- Capital improvement costs for warehouse heat evacuation system - \$63,000.
- Radio system enhancement - \$251,000, which will be purchased from Motorola, a sole source vendor.
- WAN redesign equipment consisting of the following: backbone hardware - \$375,000; data center switch enhancement - \$84,000; WAN acceleration equipment - \$100,000; Enterprise Wireless Solution - \$45,000; and Cisco EOL 3662 replacement routers - \$250,000.

In support of ISD's goal to provide technology solutions that enable customers to better serve the citizens of the county, ISD met the performance measure to establish 100% of Internet Protocol (IP) based connections for telephone usage between the county's main telephone locations in 2007-08. In addition, the department's goal to establish IP based connections for telephone usage between the county's main telephone locations and outlying areas is estimated to be 50% completed in 2008-09.

ISD has replaced the 2007-08 performance measure "Percentage of network that has been reconfigured to fully utilize new link and bandwidth" with "Implement phased WAN backbone redesign," based on the results of an analysis to maximize the available bandwidth capacity throughout the county, to provide greater redundancy. In addition, all 1,200 red channel radios were deployed in 2007-08, enhancing 800 MHz operability between various valley-wide law enforcement agencies.

In order to be better prepared to manage the results of natural disasters ISD will complete the implementation of an alternative disaster recovery site and conduct integration disaster recovery testing to ensure proper functionality this year. In addition, the department plans to create a mobile disaster recovery unit to facilitate disaster relief efforts, and implement enhanced 911 calling line identification software and hardware solutions to enable dispatchers to accurately pinpoint where emergency callers are located, improving emergency response times to county campus locations.

## 800 Megahertz – Rebanding Project

### DESCRIPTION OF MAJOR SERVICES

The Information Services Department (ISD) operates and maintains the county's 800 MHz Radio Communications System. This system provides county wide, fully interoperable radio communications by which dispatch centers, public safety locations, mobile and portable radios communicate via voice transmission. This system is primarily for local government agency use, and secondarily for additional governmental and related non-governmental users to facilitate public safety. The users consist of county departments, 24 cities, special districts and several outside agencies. This system supports approximately 15,000 radios used by the county's public safety agencies and public health providers throughout the county.

On August 6, 2004, the Federal Communications Commission (FCC) issued Report and FCC Order 04-168 (Order) that modified its rules governing the 800 MHz band to minimize harmful interference to public safety communications systems. Pursuant to the Order, certain licensees of 800 MHz channels in public safety or other systems were required to relinquish their existing channels and relocate their systems to other licensed channels. The Order stipulated that because Nextel communications is the main cause of the interference, they must pay for the relocation to replacement channels and the reconfiguration of these systems. The Order further stipulated that upon completion, these systems must have the same operational capabilities that existed before relocation.

Each Public Safety 800 MHz communication system licensee was required to negotiate a re-banding project plan and agreement with Nextel. This agreement was to include all aspects of re-banding and cost estimates. Nextel was required to secure a \$2.5 billion line of credit to be administered by the Transition Authority (TA) to reimburse Public Safety re-banding system entities of their costs.

The county began the planning phase of the re-banding process in 2005. The initial phase involved a frequency analysis, infrastructure inventories, and the development of the Planning Funding Agreement (PFA) with Nextel. The Board approved the PFA on April 18, 2006. Subsequently, on December 5, 2006, the Board approved a contract with Motorola as a sole source provider for reconfiguration planning services. According to the FCC's Order, the entire process was to be completed by July 2008; however, the project is currently on hold nationwide awaiting further direction from the FCC.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 is less than the modified budget due to limited progress being made on the rebanding project nationwide. The majority of costs were for the contract employee responsible for the administration of the County's rebanding project, and this contract was terminated effective October 31, 2007.

Departmental revenue has been accrued, but not collected, as the county is waiting for direction from Nextel to determine when claims for these costs can be submitted. To date, the county has not received reimbursement for prior year costs for completion of the inventory and planning phase of the project. The estimated date of completion for this phase has been revised from June 30, 2008 to August 30, 2008, and at that time, the county will submit a claim to Nextel for the outstanding costs.

In 2008-09, the department is budgeting \$25,000 in services and supplies for general project administration, and \$25,000 in revenue for reimbursement of those costs. When direction is received from the FCC regarding the subsequent phases of the project, the department will seek Board of Supervisors approval to make any necessary budget adjustments based on new or revised orders from the FCC.

## PURCHASING

### Laurie Rozko

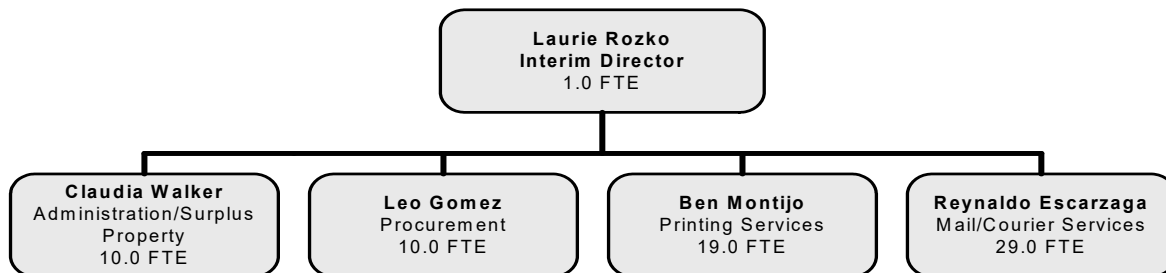

#### MISSION STATEMENT

The Purchasing Department is dedicated to managing for our customers the most cost-effective and efficient procurement of quality goods and services in support of the County of San Bernardino mission and goals. We will accomplish this through exceptional customer service, innovative processes, and sound business practices.

#### STRATEGIC GOALS

1. Expand training for Procurement and Internal Service Fund Policies and procedures to ensure quality customer service.
2. Enhance the quality of service for departments by increasing the number of Buyers that earns the Certified Purchasing Manager (CPM) accreditation within the Purchasing Department.
3. Promote efficiency by streamlining the Request for Proposal (RFP) process for county departments.
4. Initiate savings by implementing the County Travel Website for county business travel.
5. Enhance revenue streams by increasing Surplus Property sales.

## DESCRIPTION OF MAJOR SERVICES

The Purchasing Department is responsible for the acquisition of equipment, services, and supplies used by county departments and Board-governed districts. The department facilitates the procurement process, administers contracts, promotes cost-saving cooperative purchasing initiatives, and oversees programs such as CAL-Card procurement cards and next-day delivery of office supplies throughout the county. In addition, the department provides in-house services through three internal service funds (Mail/Courier Services, Printing Services, and Storage Operations), including comprehensive mail services, printing and graphic design, and disposition of surplus property.

The Purchasing Department strives to provide outstanding service to all customers by acting with integrity; locating sources for quality products with reasonable prices and timely deliveries; offering progressive services and the effective use of automation; giving all willing vendors the opportunity to provide pricing on their products and services in a fair, open, and competitive environment; and by treating each department, employee, and vendor with respect and understanding. By meeting these objectives, the department fulfills the purchasing obligation and legal requirements of the San Bernardino County.

Salaries and benefits of \$1,504,492 fund 18.0 budgeted positions and are increasing by \$113,598 primarily due to the transfer of 2.0 Office Assistant II positions and 1.0 Fiscal Assistant from other divisions (internal service funds).

The department originally budgeted the addition of a Staff Analyst II. However, during the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets financed by the general fund for 2008-09. Based on this action, the final budget reflects the reduction of \$75,821 in appropriation and 1.0 in budgeted staffing for a Staff Analyst II. Associated revenue in the identical amount was also reduced.

Services and supplies of \$5,076,381 include office supplies, equipment maintenance, presort and packing and printing charges. The increase of \$4,992,387 represents the purchase of office supplies on behalf of county departments which was previously accounted for in one of Purchasing's internal service funds.

Transfers of \$12,559 include \$5,500 for facility maintenance, \$3,603 for office supplies and mandated EH&P charges of \$3,456.

Reimbursements of \$5,189,639 represent payments of \$5,000,000 from departments for office supplies, and \$189,639 from internal service funds for administrative support.

Departmental revenue of \$184,143 represents \$159,143 for the administration of consolidated billing of office supplies and \$25,000 for CAL-Card purchase rebates.

The CPM accreditation requires that procurement staff meet specific criteria, such as having a number of years of procurement-related experience and passing four tests before being accredited. It can be a lengthy process as the tests become increasingly difficult and require additional preparation. Three staff members have completed various phases of the accreditation process, shy of earning accreditation. However, the sponsoring organization, Institute for Supply Management, is phasing out the CPM accreditation at the end of calendar year 2008 in favor of a different credential. Due to the complexity and lengthy process of accreditation, the Purchasing Department will evaluate whether it is a true reflection of an annual performance measure, or will propose an alternative measure for 2009-10.

## Printing Services

### DESCRIPTION OF MAJOR SERVICES

Printing Services composes, sets, prints, collates, and binds county forms, pamphlets, business cards, and reports for County departments and special districts, including administration of the Arrowhead Regional Medical Center (ARMC) Forms Program. This division provides high quality printed materials and graphic design services utilizing the latest technological advances, and strives to deliver services in a timely and cost effective manner that is beneficial to its customers. Customers include county departments and other public agencies.

The Printing Services budget unit is an Internal Service Fund (ISF) of the Purchasing Department. All operational costs of this program are distributed to user departments through user rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used for working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Actual appropriation for 2007-08 is greater than modified budget as a result of the increased use of the ARMC forms program and increases in printing services by user departments.

Actual departmental revenue for 2007-08 is greater than modified budget due to an approximately 8% increase in printing by user departments.

Salaries and benefits of \$1,060,521 fund 19.0 budgeted positions and are increasing by \$17,842 primarily due to staffing changes. In 2007-08, the Board of Supervisors approved the transfer of ARMC printing services to the Purchasing Department; this transfer added 1.0 Reproduction Equipment Operator. Due to the increase in customer demand, the reclassification of a Bindery Equipment Operator to a Reproduction Equipment Operator I (\$1,497) is requested to align the duties being performed by the incumbent. Also, the reclassification of a Printing Services Supervisor to a new manager classification (\$3,338) is requested due to the increase in responsibility and duties resulting from the addition of the ARMC Forms Program and to create future career growth within Printing Services. The addition of 1.0 Automated Systems Technician will assist Printing Services with hardware/software support and automation efforts. The deletion of 1.0 position in 2007-08 will more than offset the cost of the reclassifications and one-half of the new position.

The remaining cost associated with the new position will be funded by the department's other internal service funds for work in those divisions as noted below.

Services and supplies of \$3,000,829 include the purchase of materials for all printing jobs, hardware and software upgrades for graphic artists, office supplies, outside printing requests, COWCAP charges, and rental payments for the Quick Copy machines. The increase of \$469,804 is primarily due to the purchase of extra materials for the ARMC Forms Program, and the purchase of additional supplies to meet increased demand by user departments for printing services. In addition, costs for paper products in general have risen in the past year.

Transfers of \$75,704 include reimbursements to Purchasing's general fund budget unit of \$63,213 for administrative support, office supplies purchases, and mandated EHAP charges.

Reimbursements of \$25,230 represent transfers from both Mail/Courier Services and Surplus Property and Storage Operations budget units for a total of one-half reimbursement of costs associated with 1.0 Automated Systems Technician position.

Departmental revenue of \$4,159,689 includes \$3,451,689 for all printing services job orders and graphic design services, and \$708,000 for the ARMC Forms Program. The increase of \$450,840 is primarily due to an anticipated increase in printing and graphic design services by user departments.

## Surplus Property and Storage Operations

### DESCRIPTION OF MAJOR SERVICES

Surplus Property and Storage Operations maintains the stock of surplus property, serving as a storage facility, placing equipment with other departments and approved community-based organizations (CBO's) for re-use, selling surplus property to the general public through auction vendors, and administering the printer cartridge recycling program. The division strives to accurately inventory and fairly distribute surplus property to interested departments, CBO's, and the general public, according to County policy. In this budget year, the division will begin to reserve and disseminate surplus property on Countyline, and will continue to liquidate surplus information technology equipment on the internet, in an effort to maximize revenue.

The Surplus Property and Storage Operations budget unit is an Internal Service Fund (ISF) of the Purchasing Department. All operational costs of this program are distributed to user departments through user rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used for working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Actual appropriation for 2007-08 is slightly less than modified budget due to slight savings in salary and benefits and less than anticipated transfer to the Purchasing Department's general fund budget unit for administrative support. Due to the elimination of Central Stores, the transfer of funds for administrative support was reduced.

Salaries and benefits of \$147,491 fund 3.0 budgeted positions and are decreasing by \$105,074 due to the transfer of 2.0 positions (1.0 Fiscal Assistant and 1.0 Office Assistant II) to Purchasing's general fund budget unit, thus continuing the consolidation of services and increasing efficiencies within Surplus Property and Storage operations.

Services and supplies of \$148,047 include the purchase of materials and office supplies, system development charges, general equipment maintenance, and materials disposal. The decrease of \$4,136,234 primarily reflects the shift of office supply procurement to Purchasing's general fund budget unit for 2008-09.

Transfers of \$79,597 include reimbursement to the Purchasing's general fund budget unit for administrative support, reimbursement to Printing Services for a portion of 1.0 Automated Systems Technician, who will provide hardware and software support for the division's databases and computer wiping station, and mandated EHAP charges. The \$12,892 decrease is a result of a recalculation of administrative fees charged to the division.

Reimbursements of \$20,000 represent a transfer from Human Services for surplus property given to community-based organizations.

Departmental revenue of \$372,700 include revenue from storage fees; recycling of printer cartridges, metal, and telephones; internet surplus sales; public auctions; and surplus property handling fees to county departments. The \$4,333,300 decrease in revenue is due to the shift of office supply procurement to Purchasing's general fund budget unit for 2008-09.

## Mail/Courier Services

### DESCRIPTION OF MAJOR SERVICES

Mail/Courier Services provides U.S. Postal, inter-office mail/courier, and various expedited shipping services to agencies, departments, and special districts within the county. This division also provides automated mailing services such as inserting, folding, and labeling, and coordinates with the Printing Services for special projects. The division's main goal is to deliver each piece of mail in a timely and accurate manner.

The Mail/Courier Services budget unit is an Internal Service Fund (ISF) of the Purchasing Department. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Per the June 30, 2007 Report of Operations prepared by the Auditor/Controller-Recorder, the working capital requirements for this fund is \$1,161,986. In 2007-08 rate adjustments for presort and inter-office mail took effect, to compensate for the \$13,624 unrestricted net assets shortage in this budget unit. After the 2007-08 fiscal year is complete, the rates for Mail/Courier Services will be re-evaluated to determine if rate adjustments will be required midyear in 2008-09 in order to continue to maintain unrestricted net asset balances of approximately two months operating expenses to serve as working capital.

Actual appropriation for 2007-08 was greater than modified budget due to an overage in services and supplies related to increased costs for outside service providers that interface with the county's system; however, departmental revenue for 2007-08 also increased as a result of the related services.

Salaries and benefits of \$1,431,462 fund 29.0 budgeted positions and are decreasing by \$46,873 due to the transfer of 1.0 Office Assistant II to Purchasing's general fund budget unit. Included in the 2008-09 budget, is the reclassification of a Mail Services Supervisor II to a manager position (\$3,338). The basis of the reclassification is to align the evolving duties and responsibilities of this position with an appropriate classification.

Services and supplies of \$5,834,287 include general office expenses, reimbursable postage, COWCAP charges, presort and barcode services, equipment maintenance, and vehicle charges. The increase of \$331,008 is due primarily to the increase in first class postage effective May 12, 2008.

Transfers of \$81,763 include reimbursement to Purchasing's general fund budget unit of \$63,213 for administrative support, reimbursement to Printing Services of \$10,092 for a portion of an Automated Systems Technician salary to provide hardware/software support for the division, and mandated EHAP charges.

Departmental revenue of \$7,386,411 include revenue from mail and courier services. The \$293,223 increase is primarily a result of the mid-year postal rate increase for first class postage, which is reimbursed by user departments.

Equipment of \$45,000 is for the purchase of four postage meters required to comply with new United States Postal Service technology standards. Mail Services maintains a total of six postage meters, of which two were replaced in 2007-08. The increase of \$23,000 is necessary to purchase the four remaining meters that must be replaced.

Lease-purchase equipment of \$21,179 represents principal-only payments on the last year of a five-year lease purchase of non-intelligent inserters.

## RISK MANAGEMENT

### Laurie Milhiser

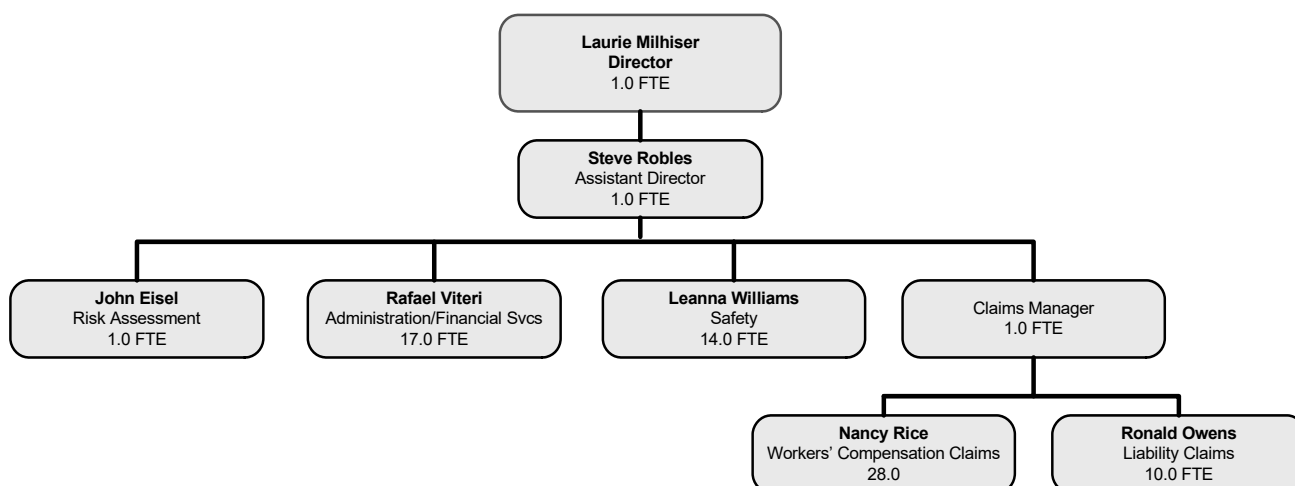

#### MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through a coordinated Integrated Risk Management Program which includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

#### STRATEGIC GOALS

1. Minimize risk management costs and stabilize premiums charged to county departments.
2. Improve customer service by providing interactive communication of risk management data.

## Operations

### DESCRIPTION OF MAJOR SERVICES

Risk Management administers the county's self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs and its insured programs. All programs are paid from self-insurance funds and financed by charging general fund and non-general fund departments, as well as Board-Governed Special Districts and County Service Areas. Each is billed for its specific coverage for the cost to pay losses under the self-insured programs and the cost of insurance for the insured programs.

Salaries and benefits of \$5,948,603 fund 73.0 budgeted positions and are increasing by \$142,086 as a result of the addition of 1.0 Claims Manager position; the reclassification of an Office Specialist (clerical unit, pay range 35) to an Executive Secretary II (exempt unit, pay range 45); the downgrade of a Supervising Automated Systems Analyst to an Automated Systems Technician to correct a budgetary underfill; and the 2007-08 approved mid-year reclassification of 5.0 positions from Safety Specialist to Departmental Safety Specialist.

Services and supplies of \$1,385,130 include costs for general office expenses, information technology equipment and services. The \$157,259 decrease primarily results from a reduction in the COWCAP allocation, and the movement of travel and training related costs to a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$49,655 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel-related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$93,810 represent costs for Human Resources programs, Office Depot expenses, and payments made to the Auditor/Controller-Recorder for facilities charges. The increase of \$60,576 is due to office expenses and facilities charges now accounted for in this appropriation unit as opposed to the services and supplies appropriation unit.

Reimbursements of \$633,153 include payments from the insurance funds for six Safety Specialists and a Workers' Compensation Claims Adjuster based on various Board of Supervisor's actions.

Operating transfers out of \$250,000 is an estimate of stale dated warrants and a projected reimbursement of the fund's year-end cash balance to the insurance funds.

Departmental revenue of \$520,000 includes interest and administrative fee revenue from the Emergency Medical Services Program.

Operating transfers in of \$6,660,783 comes from the various insurance funds which are financed through Board of Supervisor's approved rates paid by departments, Board-Governed Special Districts, and County Service Areas. The \$108,462 increase results from the increased costs of program administration including salary and benefits increases due to staffing changes.

Fixed asset equipment of \$5,389 reflects the anticipated cost to lease a copier.

## Insurance Programs

### DESCRIPTION OF MAJOR SERVICES

Risk Management administers the county's self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs and its insured programs. All programs are paid from self-insurance funds and financed by charging general fund and non-general fund departments, as well as Board-Governed special districts and county service areas. Each is billed for their specific coverage for the cost to pay losses under the self-insured programs and the cost of insurance for the insured programs.

There is no staffing associated with this budget unit. Staff that administers these insured programs are budgeted in Risk Management's Operations budget unit.

Services and supplies of \$56,540,250 includes judgment and settlement costs, medical treatment and expenses, temporary disability and loss earnings, property insurance, and legal defense services. The \$6,241,507 decrease is due to a reduction in claims costs for litigation, investigation, property damage, and settlements.

Other charges of \$452,000 represent costs for taxes and assessments by the State of California for the workers' compensation self insurance plans.

Transfers of \$633,153 fund salary and benefit costs for six Safety Specialists and a Workers' Compensation Claims Adjuster, from various insurance funds resulting from Board of Supervisor's actions.

Operating transfers out of \$6,660,783 represent funding for the Operations Division. The \$108,462 increase is due to staffing adjustments.

Departmental revenue of \$84,075,100 includes \$78,620,000 in insurance premiums collected from user departments. The \$25,635,000 decrease results from obtaining 80% acceptable confidence levels in the self-insurance funds, as recommended by actuarial analysis, resulting in lower premiums. Also included is \$5,405,100 in anticipated interest earnings, which increased by \$3,370,417 based on estimated unrestricted net assets.

In 2001, a commitment was made to restore the self-insured fund balances to the marginally acceptable 70% confidence level by 2008. Risk Management implemented a five year recovery plan that accounted for the liquidation of a Guaranteed Investment Contract (GIC) in the amount of \$52.5 million at the end of 2008. By the end of 2006-07, 80% of Risk Management funds had attained the 70% confidence level target. As a result of the county's favorable financial condition, the department increased the confidence levels from the marginally acceptable 70% to a more conservative 80%, as recommended by actuarial analysis. In 2008-09, these reserves will be fully restored, and premiums charged to departments will be stabilized and reduced.

## LOCAL AGENCY FORMATION COMMISSION

### Kathleen Rollings-McDonald

#### DESCRIPTION OF MAJOR SERVICES

The Local Agency Formation Commission (LAFCO) is an independent regulatory body charged with the responsibility to encourage the orderly growth of government agencies, to preserve agricultural lands, to discourage urban sprawl, and to assure efficient delivery of services through local government agencies within San Bernardino County. In meeting these responsibilities, the Commission:

1. Regulates proposed boundary and sphere of influence changes for cities and special districts;
2. Conducts sphere of influence updates and municipal service reviews. The Commission also has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.
3. Regulates the formation and dissolution of cities and special districts; and
4. Reviews contracts for the provision of services outside the boundaries of cities and special districts.

Costs in this budget unit represent the county's legally mandated contribution to LAFCO which is one-third of the operating cost that is not reimbursed by fees and other revenue.

There is no staffing associated with this budget unit.

Other charges of \$350,000 represent the county's mandated contribution of one-third of LAFCO's net operating costs which include salaries and benefits, services and supplies, and travel related expenses offset by revenue from fees and other revenues. The net increase of \$11,785 is due to higher salaries and benefit costs due to the provision for cost of living adjustments for LAFCO staff and merit increases. These increases are offset by a reduction in professional services based on the elimination of certain extraordinary expenditures in 2007-08.

## COUNTY SCHOOLS

### Herb Fischer

#### DESCRIPTION OF MAJOR SERVICES

This budget unit represents the county's total legal and contractual obligations to contribute to the costs of the Superintendent of Schools and School Claims, known collectively as the San Bernardino County Office of Education. The Superintendent of Schools is the elected chief school administrative office of the county and is mandated by state law to provide various services for 33 school districts and two regional occupational programs. The Superintendent also provides ancillary services to five community college districts within the county. Through state and other funding sources, the Superintendent provides services to over 400,000 grades K through 12 students and approximately 40,000 community college students in accordance with the Education Code. These services also include alternative education, special education, curriculum and instruction. As a fiscally dependent County Office of Education, this budget unit supports administrative housing, maintenance, and other contracted support.

The School Claims Division was established to independently perform all audits and approval functions required of the Auditor/Controller-Recorder and the Superintendent of Schools. School Claims is jointly responsible to those elected officials. These services include warrant production, control and the examination and audit of the payrolls and other expenditures from the funds of the school districts and entities in the county.

The San Bernardino County Office of Education is one of the last dependent school systems in the state. This dependent relationship limits state funding. On February 21, 2008, Assembly Member Carter introduced AB2282, an act to amend Section 2558 of the Education Code relating to education finance. This bill would express a finding and declaration of the Legislature that, due to the unique circumstances of the San Bernardino County Office of Education, a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable, and the enactment of the bill is therefore necessary. This bill would provide access to state aid with an inflation allowance as provided in Section 2557 of the Education Code. In anticipation of the passage of the proposed legislation and to facilitate the change to independent status of the Superintendent, the County Administrative Office is currently working with the Superintendent's office in negotiation of an agreement establishing an annual maintenance of effort (MOE). The establishment of this fixed MOE would be mutually beneficial to both parties as it would limit the county's financial obligation as well as provide a substantial base year funding level for state aid for the San Bernardino Office of Education. Once this agreement is finalized, it will be presented to the Board of Supervisors for approval.

As this budget unit represents the financial contribution by the county, there is no staffing associated with this unit.

In general, actual appropriation have remained constant over the last fiscal years. The increased budget appropriation for 2007-08 was a provision for the implementation of the proposal to change the status of the Superintendent from a dependent Office of Education to an independent Office of Education. As this agreement is still in negotiations, this provision was not expended. There is also a timing variance in the current year for 2007-08 amounts due to an approximate amount of \$480,000 that will be paid in the 2008-09 fiscal year.

## DESCRIPTION OF MAJOR SERVICES

The Department of Economic Development's major goal is to foster job creation, increase private investment and enhance county revenues through the implementation of a countywide economic development strategy. The strategy focuses on maximizing the standard of living of the county's residents, providing economic opportunities for the county's businesses, fostering a competitive environment and positioning the county as a highly competitive region for business opportunities. The strategy will emphasize industry sectors with high-growth potential and offering high paying jobs.

The department spearheads initiatives with local, national and international impact by forming internal and external strategic partnerships with key public and private sector organizations including, but not limited to, the State of California, San Bernardino County cities, the County of Riverside, as well as non-profit development corporations, developers, brokers, site selectors, corporate real estate executives and tenant representatives. Outreach to private sector stakeholders is conducted via a comprehensive media/marketing campaign. Outreach to private sector stakeholders is conducted via a comprehensive media/marketing campaign.

The department also creates and develops necessary support structures to foster a positive, creative and expanding business climate by offering a wide array of economic development programs and services including the following:

- Site Selection Assistance
- Market Analysis and Demographics
- Permitting Assistance
- International Trade Services
- ED Loan Programs
- Enterprise Zone and Program Management
- Small Business Assistance and Technical Support
- Technical assistance and marketing support to county, cities and economic development stakeholders.

## BUDGET HISTORY

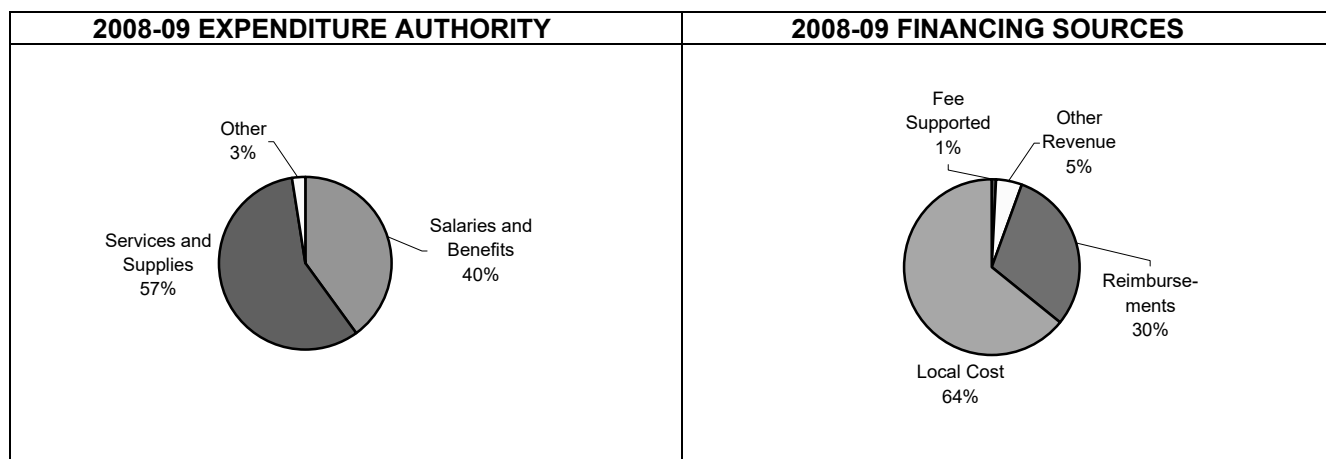

The Department of Economic Development was created as a result of the Board of Supervisor's (Board) approved formation of the Economic Development Agency on May 3, 2005 (Item No. 90). As part of the 2006-07 Budget, the Board approved the carry over of unexpended 2005-06 one-time funding totaling \$1,118,500. In addition, the Board approved approximately \$4.1 million in additional funding (2.0 million one-time funding and \$2.1 million ongoing funding) in order to support an enhanced economic development program. As part of the 2008-09 Budget, the Board approved the carry-over of unexpended 2007-08 one-time funding totaling \$327,141. The decrease in local cost in 2008-09 is related to the elimination of one-time funding.

Budgeted Staffing					48.0	45.0	(3.0)

Salaries and benefits of \$4,205,135 fund 45.0 budgeted positions and are decreasing by \$111,349. Budgeted positions decreased as a result of the deletion of 4.0 Employment Services Specialists positions due to the diminishing resources available from the State to the Workforce Development Department (WDD) for services the Department of Economic Development provides. In addition, the department requested the addition of 1.0 Economic Development Assistant Administrator to replace an existing contract position and four new (2.0 FTEs) part-time student interns.

Furthermore, the department also originally requested the reclassification of four positions: a Secretary I (range 35) to an Executive Secretary II (range 45); an Education Specialist (range 45) to an ECD Specialist I (range 59); Automated System Analyst I (range 53) to Business Systems Analyst I (range 57); and a ECD Specialist II (range 61) to an Economic Development Communications Officer (range 61) to correctly define the job descriptions for the duties of these positions. These reclassifications are anticipated to cost \$49,190.

However at the 2008-09 Budget Hearing, the Board of Supervisors (Board) directed the removal of new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation reflects the reduction of \$115,342 and 2.0 in budgeted staffing. Associated reimbursements and general fund financing were also decreased by \$26,488 and \$88,854 respectively.

Services and supplies of \$5,732,323 include costs for sponsorships and real estate related trade shows, advertising, special events, public relations, international trade, film and tourism, and economic and real estate related studies. The decrease of \$1,232,314 is primarily due to the elimination of one-time funding of \$1,302,000 related to the Fourth District Special Economic Development Project, the First District Community Projects and the High Desert Business/Employment Resource Center. Advertising and sponsorships decreased by \$528,855 to primarily absorb the reduction in reimbursements due to administrative costs being overestimated in 2007-08. In addition, travel costs of \$228,600 were moved into a new appropriation unit. These decreases were partially offset by carry over funds of one-time funding in the amount of \$327,141 for both the Fourth District Special Economic Development Project as well as the High Desert Business/Employment Resource Center. In addition, during the 2008-08 Budget Hearing, the Board approved one-time funding of \$500,000 from the Department of Public Works for additional Fourth District Special Economic Development Projects.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$228,600 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$264,929 generally relate to rent charges paid to the Department of Workforce Development (WDD) for the department offices on 215 N. "D" Street and the West Valley Business Resource Center.

Reimbursements of \$3,160,783 represent payments from other departments primarily for business services provided by the department to WDD and administrative activities provided by the Economic Development Agency. Reimbursements decreased by \$557,984 due to the reduction in available funding for business services in the amount of \$266,156 and a decrease of \$291,828 for administrative costs.

Departmental revenue of \$580,000 reflects a decrease of \$24,000 from the previous year.

\* As of July 1, 2007, the loan program has been officially placed on hold to review, update and modify the program; therefore, there are no numbers to report. Once the program is modified and re-activated, a new baseline will be established.

\*\* The number of conferences sponsored decreased significantly but the number of conferences attended by the department has increased accordingly.

\*\*\* This measurement was revised to include all department website hits in an effort to better reflect overall marketing efforts. The department intended to buy a new software program to calculate reports for the website and to assist in establishing a baseline. However, this purchase was put on hold until the new website is completed.

\*\*\*\* The Department could not verify the previous baseline so it is unable to calculate the percentage increase. The new baseline for 2007-08 is 1,012 and will be used for any future reporting.

\*\*\*\*\*This policy consists of one-time funding and ongoing funds for the operation of the High Desert Employment and Business Resource Center. This program will not be fully implemented until 2008-09.

\*\*\*\*\*This program will not be fully implemented until 2008-09.

\*\*\*\*\*On August 26, 2008, the Board of Supervisors approved a reorganization of the department in which this position was eliminated.

\*\*\*\*\*The number of vouchers issued increased from 15 in 2006-07 to 442 in 2007-08. This program was operational for 9 months in 2006-07. In 2007-08, the zone began its marketing campaign resulting in the large increase.

## San Bernardino Valley Enterprise Zone

### DESCRIPTION OF MAJOR SERVICES

On August 22, 2006 (Item No. 50), the Board of Supervisors approved a Memorandum of Understanding with the City of Colton, City of San Bernardino, and the Inland Valley Development Agency (IVDA) to fund, manage and describe the jurisdictional responsibilities of the San Bernardino Valley Enterprise Zone (SBVEZ). The SBVEZ is a state designated geographical area that offers local businesses state tax incentives in order to stimulate economic growth in the economically distressed areas of the City of Colton, City of San Bernardino, and the county. The SBVEZ facilitates economic growth through assistance to local businesses, jurisdictional leadership, public/private collaborations, attraction of new investment, the retention/expansion of existing businesses, and the employment of the most difficult-to-hire workers into private sector jobs. The SBVEZ application was submitted to the California Department of Housing and Community Development and it is expected to be approved by June 30, 2008.

Major services offered to SBVEZ businesses include the following:

- Educational workshops for businesses to understand how they can take advantage of state tax credits.
- Employment and training assistance for Zone businesses.
- Assistance in accessing and procuring state contracts.
- Process employment vouchers to allow businesses that hire qualified individuals to receive state's hiring tax credits.
- Site selection assistance for new and expanding businesses.
- Permitting assistance for new and expanding businesses.

The services are offered through the Department of Economic Development and in collaboration with the cities of Colton and San Bernardino and IVDA.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Actual appropriation for 2007-08 is significantly lower than modified budget as the department is awaiting final zone designation. The amount not expended is carried over to the subsequent year's budget. Upon final adoption of the SBVEZ by the State, the SBVEZ board will be meeting to review the overall marketing, administration, and program budget for 2008-09.

Services and supplies of \$373,911 represent costs for marketing, professional services, professional memberships, trade show attendance, advertising, auditing, County Counsel services, and mapping.

Transfers of \$30,000 represent the cost for the SBVEZ Manager incurred by the Department of Economic Development.

Each partner in the SBVEZ has been authorized by its legislative body to contribute funds to cover the administrative costs of the Enterprise Zone. Partner amounts are based on a fair share percentage of area within the SBVEZ that is covered by that jurisdiction. The county's portion of administrative costs for the 2008-09 budget is \$11,000 and shown as a reimbursement.

Departmental revenue of \$101,891 represents amounts to be received from the City of Colton, the City of San Bernardino, and IVDA to cover administrative costs. The reduction of \$289,521 represents funding for start up costs of the program received in 2007-08.

## COMMUNITY DEVELOPMENT AND HOUSING

### Patricia M. Cole

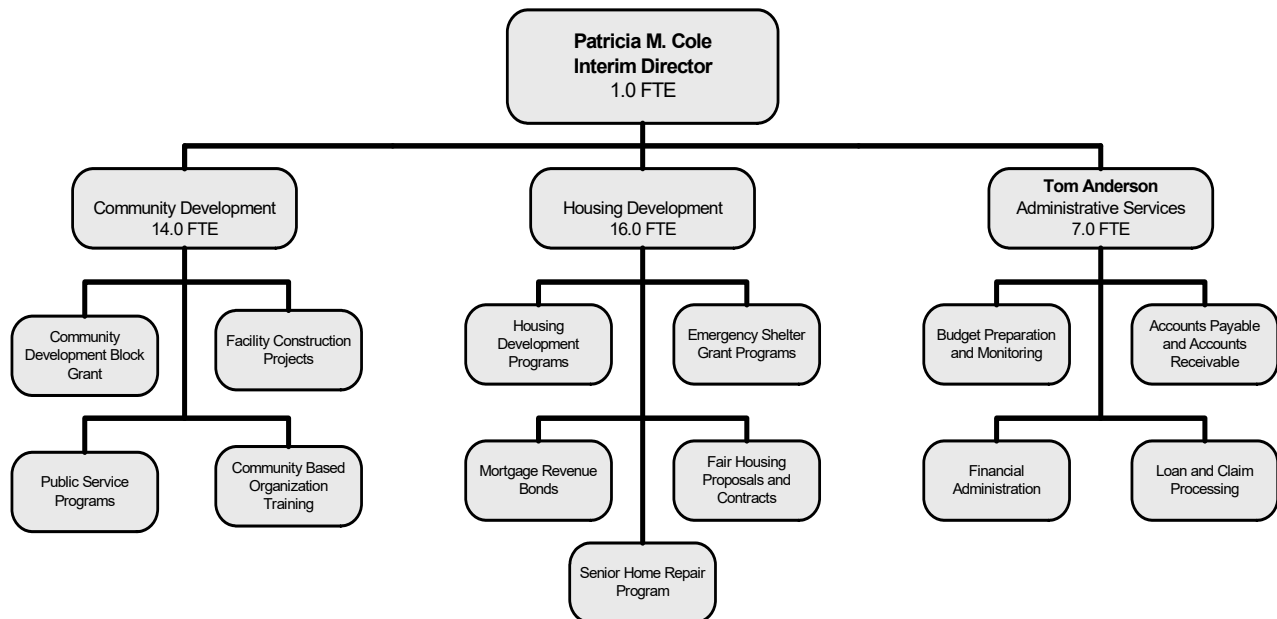

#### MISSION STATEMENT

Community Development and Housing Department is a diverse team that utilizes experience and knowledge to achieve a better quality of life for county residents by providing quality programs and services. In addition, the department is a good steward of the Public Trust, effectively and efficiently delivering community development and housing program resources.

#### STRATEGIC GOALS

1. Develop and coordinate the consolidated plan process for obtaining the Home Investment Partnership Act (HOME), the Emergency Shelter Grant (ESG), and the Community Development Block Grant (CDBG) entitlement formula grants.
2. Sub-grant CDBG and ESG funds to county departments, cooperating cities and non-profit agencies for programs and projects benefitting low-and moderate-income persons.
3. Prepare an annual performance report covering the consolidated plan grant programs for submittal to the Department of Housing and Urban Development (HUD).
4. Communicate useful and timely information to other agencies and to the general public to inform them about grant and loan resources available to meet community and housing needs.
5. Implement affordable housing programs for construction of new housing and rehabilitation of existing housing, and provision of emergency shelter for homeless persons.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Department of Community Development and Housing (CDH) is responsible for administering federal, state, and local grant funds allocated to the County of San Bernardino for housing and community development programs. Federal funds comprise a large percentage of the total monies included in the Department's budget through the Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), the Home Investment Partnership Act Grant (HOME), the Neighborhood Initiative Grant (NI), the Disaster Recovery Grant (DRI), and the Economic Development Initiative Program Grant (EDI). The funding for the NI and EDI grants has diminished and Fiscal Year 2008-09 will be the last year the Department will be able to provide services under these two grants. Also, the DRI grant funding ends in April of 2009.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Most of CDH's revenue is from federally funded grants that are for longer than one year, thus revenue is under realized for each individual fiscal year, but totally realized over the period of the grants. The unexpected and unrealized amounts in 2007-08 have been carried over to the subsequent year's budget.

The performance history for the CDH budget represents a decrease in actual funding over the past 4 years. This is a result of the decrease in grant funding over the years in the CDBG, HOME, and ESG grants that make up the biggest part of the budget. This reduction in grant funding reduces the amount of revenue received by the department.

				Fund Balance	13,700,436	16,593,196	2,892,760
				Budgeted Staffing	49.5	38.0	(11.5)

Salaries and benefits of \$3,393,694 fund 38.0 budgeted positions. There is a reduction of \$839,967 primarily due to the elimination of 11.5 positions that have become vacant over the past year. These positions include: 1.0 Office Assistant II, 2.0 Fiscal Assistants, 2.0 ECD Specialist I, 2.0 ECD Technician, 1.0 Secretary I, 0.5 Public Service Employee, 3.0 ECD Analyst II. The reduction of funding from federal grants requires that the department delete vacant positions that have not been filled. The workload from these positions was reduced or reassigned to other staff members.

Services and supplies of \$2,245,478 represents charges related to equipment needs, communication expense, general office expense, costs for publications, special department expenses, and carryover funds for a Third District priority policy needs item to provide financial support to the YMCA of the East Valley for their capital campaign. The overall decrease of \$3,069,461 is due to a reclassification of \$3.7 million from professional services into the grant and direct projects category to allow for housing development projects. Furthermore, this decrease was partially offset by the priority policy needs funding of \$1.0 million.

Grants and direct projects of \$27,667,823 represent the bulk of CDH's expenses. These expenses generally consist of contracts with other government, nonprofit, or private businesses to provide community development and housing assistance for low and moderate income citizens of the County of San Bernardino. The increase of \$5,608,223 was primarily caused by the \$3.7 million reclassification discussed above and an additional one-time funding of \$1.7 million from the Inland Valley Development Agency.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$29,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$20,000 represents the interest charges expected with the lease purchase of office furniture. This is the first year of a seven year lease purchase.

Equipment of \$52,000 represents the principal payments expected with the lease purchase of office furniture. This is the first year of a seven year lease purchase.

Transfers of \$10,664,803 primarily represent interdepartmental transfers from CDH's grant funds to its administrative fund. It also represents transfers to other departments for services provided on behalf of CDH. The decrease in transfers of \$1,345,437 is primarily related to the reduction of staff charges due to the completion of CDBG public service projects in 2007-08 and the reduction in budgeted staff.

Contingencies of \$8,394,120 represent the amount of grant funding that the department anticipates will not be obligated this fiscal year. The increase of \$407,421 was the result of the grant fund balance changes from last year.

Reimbursements of \$2,908,700 represent interdepartmental reimbursements to the CDH administrative fund for staff charges. The decrease of \$1,056,001 primarily represents the reduction of staff reimbursements from the HOME projects (\$310,000) and the NI program (\$700,000). The majority of the NI staff was either reassigned to other programs or vacancies were eliminated as the program is anticipated to be completed in 2008-09.

Operating transfers out of \$432,092 decreased by \$1,332,287 due primarily to the planned reduction of CDBG construction projects completed by the Architecture and Engineering Department.

Departmental revenue of \$33,447,531 generally represents grants received from HUD, which include CDBG, HOME grant funds, and ESG. In 2008-09, CDH anticipates receiving \$12,292,000 from HUD as well as \$3,000,000 from the State Department of Housing and Community Development for the Cedar Glen Water/Road Improvement Grant. The remaining \$18,155,531 in revenue primarily represents funding for previously approved federal grant projects that have not been completed. CDH has seen a decrease of \$2,313,784 that includes a planned reduction in HOME loan payoffs and a reduction in grant funding balances due to completion of some grant projects and the sun-setting of other grants. This reduction includes a \$902,806 decrease in planned program income and a \$1,676,678 decrease in grant funding along with a slight increase in interest revenue.

The fund balance increase in 2008-09 of \$2,892,760 is primarily due to the receipt of a one-time funding of \$1,700,000 from IVDA development zone and the Third District priority policy needs funding of \$1,000,000.

## WORKFORCE DEVELOPMENT

### Sandra Harmsen

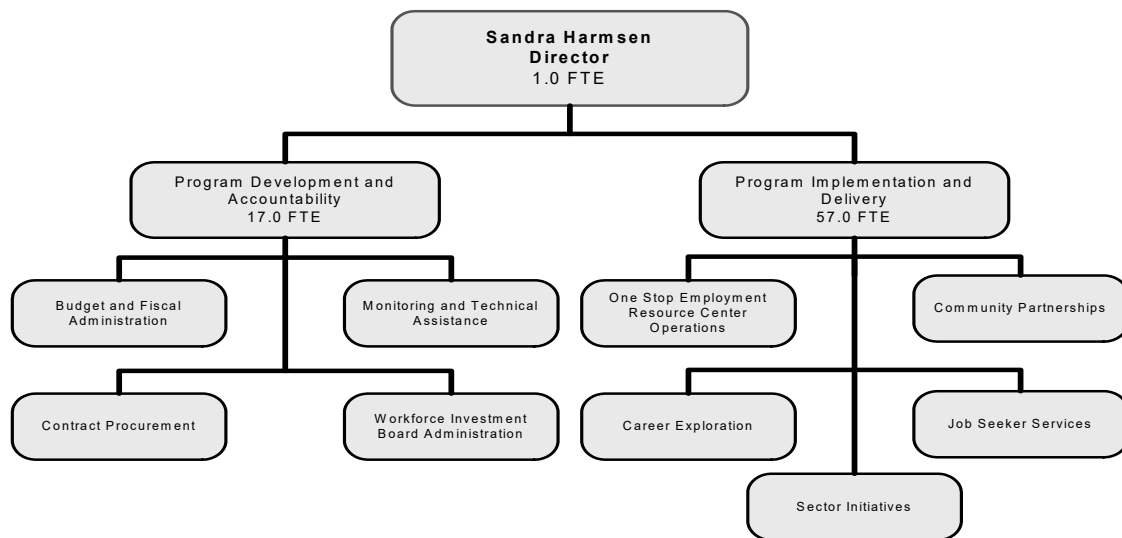

#### MISSION STATEMENT

To serve residents and businesses in the County of San Bernardino by developing a skilled workforce that meets the emerging demands of the business community.

#### STRATEGIC GOALS

1. Meet or exceed all Workforce Investment Act enrollment and performance standards negotiated with the state for customers in Adult, Dislocated Worker and Youth services.
2. Continue media relations efforts and develop new marketing materials in conjunction with the Agency.
3. Align workforce development, economic development, education and funding strategies to enhance the competitiveness of San Bernardino County's workforce to support positive economic growth.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Department of Workforce Development (WDD) provides holistic services to job seekers, incumbent workers, entrepreneurs and employers. WDD is responsible for administering and operating programs under the Department of Labor's (DOL) Workforce Investment Act (WIA). Funding for WIA programs is allocated at the federal level and comes to the county from the State Employment Development Department/Workforce Services Division. Through this funding stream, services are delivered to job seekers and businesses throughout the county via the department's Employment Resource Centers. These offices are strategically placed in three of the county's economic regions.

The Workforce Investment Board administratively oversees the programs offered through the department. This Board is composed of private business representatives and public sector partners who have been appointed by the County Board of Supervisors. The department supports the mission of the county through its provision of services to businesses and job seekers. Understanding that increased employment opportunities enhance the quality of life for residents, the department strives to ensure that the needs of local businesses are met by providing them with a skilled workforce.

Budgeted Staffing				84.0	

The trend for the WDD budget is a steady decrease in funding since 2004-05. Due to the allocation methodology utilized by the federal DOL, WIA formula funds such as Adult, Dislocated Worker, and Youth grants have experienced declining allocations to the State of California. Additionally, DOL rescinded formula funds allocated to California for 2007-08 by an average of 13.4%. WDD is mitigating the impact by contracting with other county departments to assess and train their customers in job skills and employability enhancements. WDD is actively seeking competitive grant funding as well, both alone and in collaboration with other entities.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Salaries and benefits of \$5,462,587 fund 75.0 budgeted positions and are decreasing by \$400,501. The department's staffing level decreased by 9.0 budgeted positions. In 2007-08, several vacant positions were authorized and budgeted in anticipation of level funding; however, allocated federal funding was rescinded and the department left positions unfilled to meet the shortfall. Therefore, the reduction of 9.0 budgeted positions is related to the 2007-08 state budget cut. The following budgeted staff were deleted: 3.0 Employment Services Specialists (ESS), 2.0 Supervising ESS, 1.0 Fiscal Assistant, 2.0 Office Assistant II, and 1.0 Staff Analyst II. Workload reassignments resulted in the following reclassifications which were approved by the Board on May 2008: Regional Manager (pay range 65) was reclassified to Deputy Director (pay range 74) due to an increase in the number of special program projects the department implemented to increase its revenue sources and reduce dependence on WIA funding, as well as oversight of state-mandated program integration; three Supervising ESS (pay range 48) were reclassified to Workforce Development Supervisors (pay range 54) due to new responsibilities resulting from the implementation of state-mandated program integration. In addition, the department will bring forward a contract adjustment for the PIC Aide (pay range 41) to revise it to a WIB Assistant (pay range 45) to reflect current role and responsibilities. The department also experienced a decrease in worker's compensation costs.

Services and supplies of \$1,220,911 represent general office supplies, computer software and hardware, equipment, professional services, utilities and outreach events. The increase of \$58,968 was primarily the result of increases in furniture purchases related to the move of the San Bernardino Employment Resource Center partially offset by reductions in charges for county COWCAP and moving travel costs into a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$66,118 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Grants/Direct Projects of \$3,622,815 represent payments to vocational and educational schools for training WIA participants, supportive services for WIA participants, customized training, and reimbursement of training costs incurred by employers at the Southern California Logistics Airport under a special grant. The decrease to Grants/Direct Projects of \$827,486 is a result of decreased WIA allocations and the shifting of funding into other appropriation units to provide customers with more universal services under a state-mandated integrated program being implemented in 2008-09.

Transfers of \$2,102,987 represent payments to other departments and include \$221,875 for Economic Development Agency (EDA) administration, \$62,738 for EDA marketing, \$211,787 for EDA Information Technology, \$539,112 for business services provided by the Department of Economic Development (ED), \$42,851 for Office Depot purchases, \$14,930 EHAP, and \$1,009,694 for rent. The decrease in transfers of \$240,060 was primarily the result of a decrease for business services provided to the department by ED.

Contingencies of \$183,398 represent 10% of the contracts anticipated to be issued as a result of a Request for Proposals that was released on February 12, 2008. The contingency funds will be utilized in 2009-10 to provide follow-up services for the youth served through these contracts.

Reimbursements of \$259,050 represents rent received from ED and reimbursements for staffing assistance provided to EDA, the Redevelopment Agency, and Probation for the new Juvenile Justice Gateway Program approved by the Board on December 11, 2007.

Departmental revenue of \$12,529,260 represents funding from interest revenue and rent, various state/federal grants, and other revenue. Use of money and prop revenue of \$324,361 consists of \$15,732 in interest revenue and \$308,629 in rent from the California Employment Development Department for space it occupies in the department's Employment Resource Centers. The rent revenue has increased as a result of the anticipated move of the San Bernardino Employment Resource Center to a more suitable facility.

State and federal aid of \$12,153,088 includes 2008-09 allocations under WIA of \$3,446,271 for Title I Youth, \$3,379,077 for Title I Adult, \$2,881,058 for Title I Dislocated Worker, \$306,828 for Rapid Response, and \$203,175 for special projects. In addition, the following two grants are also included in this category: 1) \$59,960 from the California Employment Training Panel and 2) \$18,524 from the U.S. Department of Labor which is the estimated carryover for the earmark grant received by the department in 2006-07. Furthermore, the department anticipates carrying over \$1,858,195 in grant funds allocated and budgeted in 2007-08.

Other revenue of \$51,811 represents a \$40,000 revenue agreement from the California Space Authority and an \$11,811 revenue agreement from the California State University San Bernardino Foundation. These agreements were previously budgeted under state and federal aid.

The net decrease to revenue of \$1,454,948 is associated with a WIA allocation rescission of 13.4% in 2007-08 and the ending of special grants funded for 2007-08.

## ASSESSOR Bill Postmus

### MISSION STATEMENT

The Office of the Assessor performs the state mandated functions to:

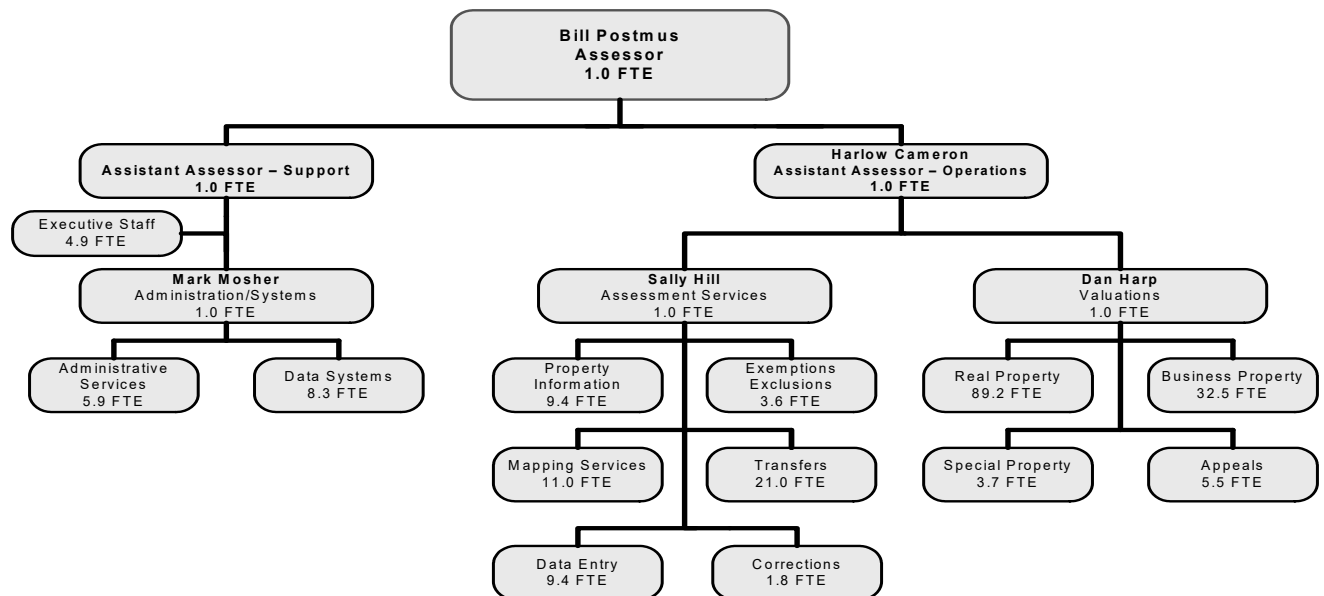

- Locate, describe, and identify ownership of all property within the county.
- Establish a taxable value for all property subject to taxation.
- List all taxable value on the assessment roll.
- Apply all legal exemptions.
- Protect the rights of taxpayers.

Assessor business is performed for the public benefit in a manner that is fair, informative and with uniform treatment. It is necessary as a means of revenue generation in order to fund essential public services and efficiently operate county and state government for the people.

### STRATEGIC GOALS

- Publish the annual assessment roll timely and accurately.
- Make property valuation information more accessible and easier to understand.
- Enhance operational efficiency and productivity by implementing new technology, policies and procedures.

### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

As established by the state constitution, the Office of the Assessor (Assessor) determines the value of all property including residential, commercial, business, and personal. The Assessor maintains current records on approximately 770,000 parcels of real property, 38,000 business property accounts, and 21,500 other assessments including boats and aircraft with a total assessed valuation of \$182 billion before exemptions as of the close of the June 2007 assessment roll. The Assessor also administers 17 different types of property tax exemptions including homeowners, veteran, disabled veteran, church, religious, and welfare exemptions.

The Assessor's business is primarily affected by the changes in the real estate market. In San Bernardino County there has been a decline in workload of the processing of new ownership transfers. However, there has been an increase in the processing of properties with a decline in value (Prop 8) due to the depressed housing market. The net result of these activities is no change in workload as compared to last fiscal year.

Salaries and benefits of \$15,870,170 fund 212.2 budgeted positions and are increasing by \$901,447. The department originally budgeted to fund 222.0 positions including the addition of 28.3 staff from the Property Tax Administration Program (PTAP) budget unit after a reduction of 9.8 positions to accommodate trends in historical staffing levels and provide for an anticipated vacancy factor. At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of the general fund backfill of the State funding of PTAP. PTAP was previously funded entirely by the State. For the previous two fiscal years the State had not provided any funding for the program, and the County was able to continue by backfilling with available ongoing resources. However, in 2008-09 there are not sufficient available resources to continue this backfill. Based on this action, appropriation reflects a reduction of \$665,402 and budgeted staffing reflects a reduction of 9.8 positions. The offsetting increase in appropriation reflects the transfer of currently filled positions from the PTAP budget unit. The remainder of the cut of PTAP will be achieved through the realignment plan developed by the department making proportionate reductions to staff within all divisions of the department.

Services and supplies of \$1,338,188 includes a decrease of \$208,596 which is primarily due to the reduction in appropriation of \$275,286 based on the above mentioned Board action removing the PTAP backfill. This amount is offset by the change in appropriation for Board approved business process improvements.

Transfers of \$443,288 is increasing by \$17,265 due to increases in rents.

Departmental revenue of \$925,000 includes a decrease of \$60,000 primarily due to an anticipated decrease in revenue collected from special assessments.

Operating transfers in represents a decrease of \$275,000 due to the loss of the 2007-08 one-time funding of \$400,000 in the business process improvements reserve offset by the current year's approved improvement of \$125,000 for emergency equipment funded with the business process improvement reserve.

## State/County Property Tax Administration Program

### DESCRIPTION OF MAJOR SERVICES

On February 13, 1996, the Board of Supervisors approved an agreement with the State of California to participate in a state/county property tax administration program for 1996. The agreement provided a loan of \$2,139,938 for 1996, with a provision for the same in the following two calendar years. The state passed legislation extending this program through calendar year 2002.

Effective January 01, 2002, the State legislature approved authorization of AB589. This bill created the State-County Property Tax Grant Program to replace the prior loan program. The grant was effective starting 2002-03 and was authorized until 2006-07. As with the prior loan program, these funds are intended to supplement the county's property tax administrative cost. The amount of the grant is set forth on a schedule established by the state and is the same as the previous loan program. The state's funding of this program was put on hold for 2006-07 and 2007-08. During this time the County Administrative Office backfilled the money. The special revenue fund was deleted during 2007-08.

## DESCRIPTION OF MAJOR SERVICES

The Office of the Auditor/Controller-Recorder and County Clerk (ACR) is responsible for providing the county and its constituents with a variety of accounting services and document recording and management services. The Auditor and Controller Divisions record the collections and perform the accounting, reporting, disbursements, and audits of all county financial activities to ensure sound financial management. They are also responsible for developing and implementing accounting systems and standards, conducting operational risk assessment reviews, and administering the Countywide Cost Allocation Plan. The Payroll/Property Tax Division is responsible for payroll services, Employee Management and Compensation System (EMACS) development, and the compilation of property tax rates and revenue disbursements to taxing agencies.

The Recorder Division accepts all documents for recording that comply with applicable recording laws. The Recorder produces and maintains official records evidencing ownership and encumbrances of real and personal property and other miscellaneous records. The Recorder Division is also responsible for County Archives and County Clerk functions. County Archives maintains all the historical records for the county. The office of the County Clerk files and manages records as they relate to vital statistics, fictitious business names, and other records that are required by the State to be filed with the County Clerk.

## BUDGET HISTORY

The significant increase in local cost and decrease in revenue in 2006-07 is a result of the county's concern for stabilizing the department's financing. Recording revenue has been placed in countywide discretionary revenue and in lieu of this revenue source, additional general fund financing has been provided. The restructuring of this revenue was board approved on November 1, 2005.

## PERFORMANCE HISTORY

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual

Budgeted Staffing				216.8	

Actual appropriation for 2007-08 is less than modified budget due to the department holding positions vacant and conservative spending in services and supplies. Actual departmental revenue for 2007-08 slightly exceeds the modified budget because of fees from services provided to the general public and additional property tax-related revenue.

Budgeted Staffing					216.8	216.4	(0.4)

Salaries and benefits of \$15,545,240 fund 216.4 budgeted positions and include a decrease of \$448,389. The department originally budgeted for an increase in staffing. This increase included the mid-year addition of 1.0 Accountant II for the Cal Card program. Also included were positions outlined in the Business Plan including 1.0 Internal Auditor IV, 1.6 Internal Auditor III, 0.8 Systems Procedure Analyst I to provide EMACS training, 1.0 Systems Accountant II and 0.8 Systems Accountant III, as well as 2.4 budgeted positions to support C-IV and the migration of 35 ISAWS counties into the C-IV consortium (these positions include 0.8 Supervising Accountant III and 1.6 Accountant I positions). The request for the C-IV consortium positions was contingent on State funding to reimburse the positions. The balance of the increase in budgeted positions was due to an increase of 6.3 public service employee positions and a reduction of 0.4 for the distributed vacancy factor.

At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects a reduction of \$896,049 and 14.9 in budgeted staffing. Associated reimbursements/revenues were decreased by \$138,896 and general fund financing by \$757,153.

Services and supplies of \$3,335,288 includes a decrease of \$303,978 primarily due to the transfer of travel expenses to a new appropriation unit, decreased internal services costs, and a reduction in temporary help. Services and supplies includes the costs of internal service funds, computer software expense, contracts for professional services, general office expense, special department expense, increased mail preparation and postage costs, and other expenses associated with operations.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$234,954 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Capitalized software of \$150,000 is for the purchase of Quest Stat software to automatically track EMACS programming changes. This item is consistent with the ACR Business Plan.

Transfers of \$635,557 include intra-departmental funding for services provided by other departments including the replacement of the third floor transformer. Reimbursements of \$1,887,732 represent payments from other departments for accounting and auditing services and to cover the expense of using general fund staff to provide services related to the department's special revenue funds. The decrease of \$34,845 is primarily due to the decrease in the reimbursement of services, supplies and salaries for Information Technology and Recorder positions.

Departmental revenue of \$6,610,723 includes a combination of revenue sources which is generated from property tax-related items and services that the ACR provides to both other county departments as well as to the public. The increase of \$508,463 is due to increases in property tax-related revenue, as well as new fees approved by the County Board of Supervisors.

The performance measures demonstrate an emphasis on achieving the department's strategic goals, providing excellent customer service and the use of staff and technology to provide training for departments. The department will expand services to the public at one additional satellite location and complete the capital improvement projects funded in the 2008-09 budget.

## Systems Development

### DESCRIPTION OF MAJOR SERVICES

The Systems Development budget unit was established to support, maintain, and improve the modernized creation, retention, and retrieval of information in the County's system of recorded documents. Revenue includes fees collected pursuant to Government Code Section 27361 on legal documents.

Salaries and benefits of \$2,217,314 fund 26.0 budgeted positions and are increasing by \$463,749 and a net 6.0 budgeted positions. Changes to salaries and benefits include the transfer of 1.0 Department Information Systems Administrator/California e-Recording Transaction Network Authority Program Director from the Auditor/Controller-Recorder's general fund budget unit to this budget unit, 1.0 Business Systems Analyst III from the Electronic Recording budget unit and the addition of 1.6 Legal Document Classifier I positions, 2.4 Legal Document Classifier II positions, and 0.8 Legal Document Coordinator to expand Recorder services to more satellite locations. These increases are offset by a 0.8 reduction as a result of a distributed vacancy factor. These activities are in alignment with the department's business plan and customer service initiatives.

Services and supplies of \$4,033,040 have been reduced by \$2,108,450 reflecting a decrease in computer software expenses and professional services.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$14,419 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges were decreased to eliminate the one-time loan in 2007-08, which was budgeted at \$2.0 million to the California e-Recording Transaction Network Authority Joint Powers Agreement.

Structural improvements of \$940,000 consist of funding for the proposed Capital Improvement Project for the Recorder's first and second floor improvements.

Equipment of \$620,000 represents the purchase of a planned lifecycle replacement and upgrades of copiers, servers, scanners and other various pieces of equipment, as well as some new equipment purchases for the additional satellite locations. Acquisition of staff and equipment for the satellite locations will happen shortly prior to the opening of the additional locations.

Transfers and operating transfers out totaling \$2,495,601 reflect a net increase of \$772,495. This increase is due to a reduction of \$227,505 for salaries and benefits and associated services and supplies reimbursed to the Auditor/Controller-Recorder's general fund budget unit for staff supporting the Systems Development function and an increase of \$1.0 million to reflect a contribution from this budget unit to pay the Recorder's proportionate share of the construction of the High Desert Government Center.

Contingencies of \$6,060,130 show a decrease of \$1,254,655 primarily due to reduced prior year revenue, reduced estimated 2008-09 revenue, and increased 2008-09 appropriation in operating transfers out.

Departmental revenue of \$2,504,529 is decreased from the prior year due to the continued downturn in the housing industry.

## Vital Records

### DESCRIPTION OF MAJOR SERVICES

The Vital Records budget unit was established to support vital records operation, including improvement and automation of vital record systems. Revenue includes fees collected for certified copies of vital statistics records, pursuant to Health and Safety Code Section 10605.3.

There is no staffing associated with this budget unit.

Contingencies of \$466,646 reflects an increase of \$47,754 due to a higher than anticipated fund balance.

Departmental revenue of \$165,839 is from fees collected for certified copies of vital statistics records.

## Recorder Records

### DESCRIPTION OF MAJOR SERVICES

The Recorder Records fund was established to defray the cost of storing, restoring, and imaging the County Recorder's legal and historical documents. In August, 2001 the Board eliminated the fee that financed this effort. Since that time, the costs have been absorbed by the General Fund. The Board reinstated the fee beginning in fiscal year 2007-08.

The primary service provided by this fund is the maintenance, repair and imaging digitization of the County's legal and historical documents. Revenue includes fees collected pursuant to Government Code section 27361 on legal documents.

Salaries and benefits of \$115,531 include an increase of \$17,349 due to the reclassification of the Archives/Records Manager range 67 to the new classification of Archives Program Administrator established mid-year, range 70.

Services and supplies of \$663,487 are primarily dedicated to professional services required to repair and digitize documents and secondarily to general office expenses, and shows a minimal increase over 2007-08.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$2,679 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$52,230 reflect an increase of \$9,230 for the leasing of some additional space for document restoration.

Contingencies of \$200,105 are due to a higher than anticipated fund balance.

Departmental revenue of \$485,000 includes a decrease of \$315,000 due to the continued downturn in the housing industry.

## Electronic Recording

### DESCRIPTION OF MAJOR SERVICES

Government Code section 27279.1 authorized the County of San Bernardino to accept electronic transmission of recordable documents and the Recorder has been recording electronic documents since 2004. The passage of AB 578 (GC 27397) authorized all California counties to accept electronic transmission of recordable documents within regulations set forth by the Attorney General.

The title companies, and other submitters, that currently record documents electronically utilize vendor-specific non-interoperable systems. The Auditor/Controller-Recorder realizes the benefit of participating in the development and administration of an open standards portal that will accommodate documents from various, compliant electronic recording systems without the need for counties to develop unique interfaces.

On July 17, 2007, the Board approved a joint powers agreement for the California e-Recording Transaction Network Authority (CERTNA). This special revenue fund is intended to support participation in a joint powers agency with other counties that will develop and operate such a portal. Revenue includes fees collected pursuant to Government Code section 27397 regarding electronic recording delivery systems such as official records evidencing ownership and encumbrances of real and personal property and other miscellaneous records.

There are no salaries and benefits in 2008-09 associated with this budget unit. The Business Systems Analyst III position funded last year has been transferred to the Recorder's Systems Development budget unit to reflect the structure of the Joint Powers Agreement (JPA) as it has developed.

Services and supplies of \$485,000 include a decrease of \$209,959 and represents membership payment to the California e-Recording Transaction Network Authority JPA.

Contingencies of \$102,620 are due to a higher than anticipated fund balance.

Departmental revenue of \$485,000 includes a decrease of \$315,000 due to the continued a downturn in the housing industry.

## Social Security Number Truncation

### DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established in February, 2008 to defray the cost of implementing Government Code Section 27301 which requires local governments to truncate the first five digits of social security numbers (SSN) that appear in records that may be disclosed to the public. The law requires the Recorder to implement the SSN truncation program for all records back to 1980; however, the law recognizes that revenue from the fee may not fully cover the cost of its implementation. The Recorder may truncate records as the funding allows.

The primary service provided by this budget unit is the review of all recorded documents since 1980, flagging of high-value personal information, truncation of the first five digits of the SSN, and the creation of a separate index and images for public view. The index and images of the original recorded documents will be maintained in its entirety. Revenue includes fees collected pursuant to Government Code Section 27301 and implemented in the County Fee Ordinance as 16.023A(q)(3).

There is no staffing associated with this budget unit.

Services and supplies of \$650,000 are dedicated to professional services required to truncate the records as required by law. The Recorder estimates that a contract to complete the truncation of the numbers and other services back through 1980 will exceed the budgeted amount and will require multi-year encumbrances.

Departmental revenue is anticipated at \$485,000 which is consistent with other fees of this type.

## TREASURER-TAX COLLECTOR/PUBLIC ADMINISTRATOR

### Dick Larsen

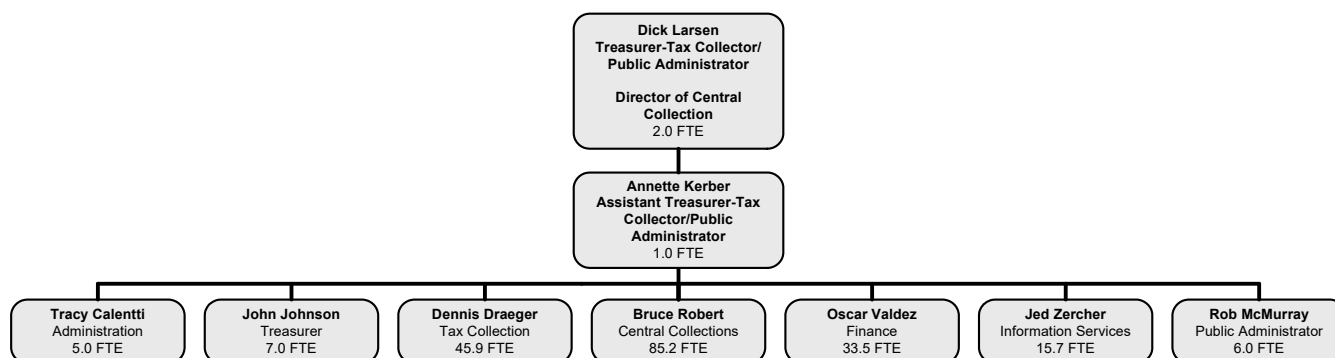

#### MISSION STATEMENT

The San Bernardino County Treasurer-Tax Collector/Public Administrator's office fulfills its statutory obligations in a fair, courteous and professional manner that is open and accessible to citizens, the business community, and other public agencies. This office will utilize current and evolving technology to enhance services and improve the reach of those services throughout the region. We will operate efficiently to deliver the highest quality services at the lowest possible cost to the taxpayers of San Bernardino County.

#### STRATEGIC GOALS

1. Manage the county treasury function in a safe, effective and efficient manner.
2. Collect property taxes in an effective manner with a focus on customer service.
3. Investigate and administer the estates of decedents with care and professionalism.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

## DESCRIPTION OF MAJOR SERVICES

The Treasurer-Tax Collector/Public Administrator is responsible for:

- Collection of property taxes.
- Performing the county's treasury function.
- Administering estates of persons who are deceased and no executor or administrator has been appointed.
- Providing a collection service for the county as well as to provide accounting and collections of court ordered payments.

The tax collection function involves the collection and accounting of property taxes for all county taxing entities that amounts to almost \$2.3 billion in property taxes and other fees.

The Treasurer is responsible for the investment of the county investment pool, which includes county funds and all school districts within the county, as well as providing banking services for these agencies. The Treasurer currently manages assets of almost \$4.3 billion.

The Treasurer-Tax Collector's Central Collections Division collected more than \$51.0 million for the year ending June 30, 2008. The majority of these collections are from court-ordered fines and the Arrowhead Regional Medical Center's delinquent accounts receivable.

Budgeted Staffing				201.1	

Actual appropriation for 2007-08 reflects a savings of \$2,582,557 as compared to the modified budget. The savings are primarily the result of vacant positions due to the timing of the new misdemeanor collection service agreement between the County and the Superior Court of California. Additional savings are due to lower than expected services and supplies cost associated with other professional services.

Actual departmental revenue for 2007-08 of \$11,688,304 is \$2,513,383 lower than modified budget due to a decrease in collection and accounting fees resulting from a new misdemeanor collection service agreement between the County and the Superior Court of California, a decrease in collection and accounting fees paid by the Arrowhead Regional Medical Center and other agencies as a result of lower cost reimbursements, and a lower than expected number of properties being redeemed or sold at tax sale.

Budgeted Staffing					201.1	201.3	0.2

Salaries and benefits of \$13,108,579 fund 201.3 budgeted positions and are increasing by \$117,487 primarily due to \$41,000 in expected termination benefits with the remaining staffing increase resulting from the department's distributed vacancy factor.

At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing for 2008-09. The department originally requested the addition of 1.0 Accounting Technician. Based on this action, appropriation reflects a reduction of \$51,888, budgeted staffing reflects a reduction of 1.0 position, and associated reimbursements/revenues reflect a reduction of \$51,888.

Services and supplies of \$5,361,248 include professional services, postage, and other office supplies associated with the management of the county's investment pool, property tax collections, tax sale of defaulted properties, and central collections. The decrease of \$377,740 primarily reflects a decrease in expenditures associated with the maintenance repairs of the Central Collection office as well as a shift of \$83,500 in the reporting of expenditures related to certain office expenses. These office expenses are now being reflected as transfers to the Purchasing Department in accordance with the rules established by GASB34.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$73,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$763,267 represent payments to other departments for county counsel, facilities, employee relations, Employee Health and Productivity program, and employment services. The increase of \$195,948 is primarily due to the increase in County Counsel legal services and the shift of office expenses previously budgeted in the services and supplies appropriation unit.

Reimbursements of \$179,486 represent payments from the Treasurer's Redemption Maintenance special revenue fund for the costs associated with maintaining the redemption and tax-defaulted files, and the costs of administering and processing the claims for excess tax sale proceeds.

Departmental revenue of \$13,706,190 primarily includes revenue from current services of \$13,206,190 that represents revenues from accounting, collection, tax sale, and unsecured delinquency processing fees. The \$495,497 decrease is primarily related to collection and accounting fees paid by entities such as the Arrowhead Regional Medical Center, Courts, and other agencies as a result of lower cost reimbursements.

The Treasurer-Tax Collector/Public Administrator continues to receive general fund financing for the administration of the county's Treasury Investment Pool.

## Redemption Maintenance

### DESCRIPTION OF MAJOR SERVICES

The Redemption Maintenance special revenue fund was established to defray the costs of maintaining the redemption and tax-defaulted files, and the costs of administering and processing the claims for excess tax sale proceeds. Revenue includes unclaimed excess tax sale proceeds pursuant to Revenue and Taxation Code 4674.

There is no staffing associated with this budget unit.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

## DESCRIPTION OF MAJOR SERVICES

The role of the Health Care Administration budget unit is to seek and support opportunities to foster collaboration among the Department of Public Health (DPH), Department of Behavioral Health (DBH), and the Arrowhead Regional Medical Center (ARMC). This administration provides regular fiscal and policy analysis relating to the operations of these departments. Additionally, this administration manages the \$64.7 million Health Care Administration budget unit, which includes funding for ARMC debt service, health related maintenance of effort costs, transfers required to obtain federal health care funding, and the Inland Counties Emergency Medical Agency.

Health care related transactions represented by this budget unit include the Disproportionate Share Hospital (DSH) Supplemental Payments, Realignment AB 8 match, and the county's contribution for ARMC debt service payments.

### **California Medi-Cal Hospital/Uninsured Care Demonstration Project (SB 1100)**

Effective July 1, 2005, funding from SB 855 and SB 1255 for the Disproportionate Share Hospital Programs was replaced by SB 1100, California's Medi-Cal Hospital/Uninsured Care Demonstration Project. The prior SB 855 and SB 1255 programs provided supplemental payments to hospitals serving a disproportionate number of low-income individuals, as well as those licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program.

The new funding system, SB 1100, was designed under a Medicaid (Medi-Cal in California) waiver to fund public and private safety-net hospitals providing care to Medi-Cal and uninsured patients. The hospital financing waiver under SB 1100 is comprised of three elements:

- Medi-Cal Fee for Service, which represents federal funds accounted for directly in the ARMC budget unit, for services provided to Medi-Cal patients;
- Safety Net Care Pool Funds, which provide a fixed amount of federal dollars, also accounted for directly in the ARMC budget unit, to cover uncompensated health care costs, and
- Disproportionate Share Hospital Funds, which continue to be reflected as a matching contribution to the state, and a return of that initial investment, within this budget unit.

### **Realignment and General Fund Support**

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment AB 8 match and administrative costs related to this budget unit. To qualify for receipt of Health Realignment funding from the state, the county must contribute a "match" of local funds. The county's match for 2008-09 is \$4.3 million, which is based on a formula established through AB 8 in 1979. This amount has remained constant throughout the years.

Realignment funds support this budget as follows:

- Mental Health at 3.5% (which covers half of administrative costs).
- Health at 96.5% (which covers half of administrative costs plus debt service payments).

### **Inland Counties Emergency Medical Agency**

Inland Counties Emergency Medical Agency (ICEMA) is responsible for ensuring effective emergency medical services for San Bernardino, Inyo and Mono Counties. Specifically, they are charged with the coordination, evaluation and monitoring of emergency medical services within public and private pre-hospital providers, specialty hospitals, paramedic base hospitals, as well as the effectiveness of Emergency Medical Services (EMS) educational programs and medical disaster preparedness.

**BUDGET HISTORY**

In 2007-08, administration of the Inland Counties Emergency Medical Agency was separated from the Public Health budget unit and included as a separate organization within the Health Care Administration budget unit. This resulted in the slight increase in appropriation and the addition of 18.8 budgeted FTE. These additions were offset by the transfer of 2.0 Health Care administration staff to the County Administrative Office budget unit.

For 2008-09, appropriation and revenue are significantly less than that previously budgeted as the actual matching transfers and corresponding receipts as required with SB 1100 are significantly lower than those previously required with SB 855 and SB 1255.

**PERFORMANCE HISTORY**

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual
Appropriation	150,200,966	53,624,875	61,720,187	159,507,612	54,582,493
Departmental Revenue	135,200,966	38,732,875	46,720,187	144,507,612	39,582,493
Local Cost	15,000,000	14,892,000	15,000,000	15,000,000	15,000,000
Budgeted Staffing				20.8	

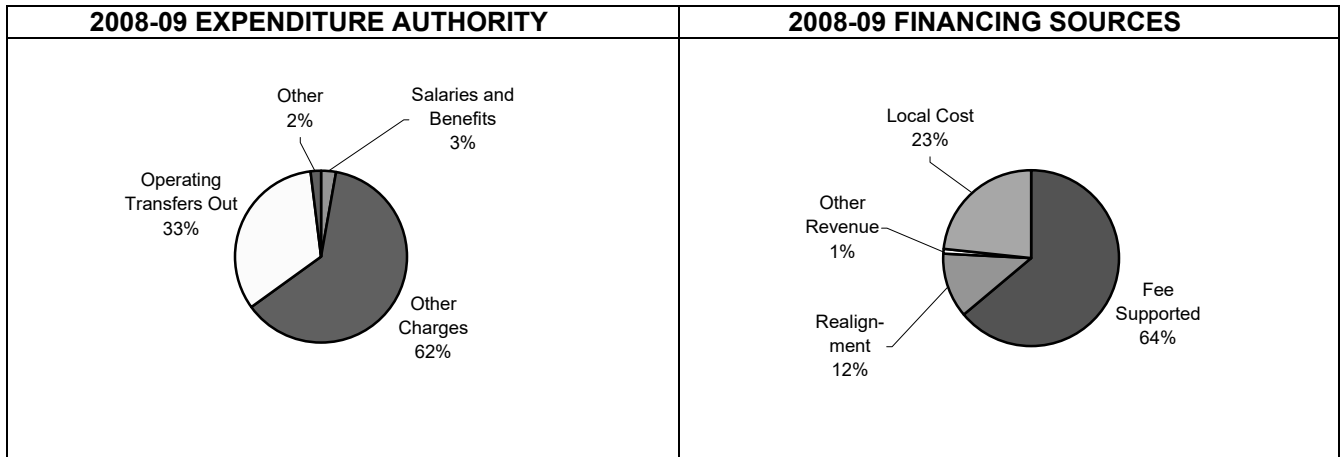

In 2004-05, total appropriation and departmental revenue was greater than the most current two years of actual performance as a result of SB 855 and SB 1255. These are two programs that were established to provide supplemental Medi-Cal payments to hospitals that provide services to disproportionate numbers of Medi-Cal and other low-income patients. Through these programs, the county transferred a set match amount to the state, and in turn, received back this initial contribution, plus additional federal health dollars that were recorded in the Arrowhead Regional Medical Center budget unit. Effective July 1, 2005, SB 855 and SB 1255 was replaced by SB 1100, which fundamentally altered the way it paid hospitals for treating Medi-Cal patients. This system revised financing for Medicaid hospitals, limited the use of county general fund matching transfers to the state, and provided a fixed amount of federal dollars to cover uncompensated health care costs.

As a result of these changes, both the actual appropriation and departmental revenue, which in prior years had been recorded to document the matching transfers and corresponding receipts, decreased dramatically. It should be noted, however, that the county budgeted additional appropriation and revenue in 2007-08 as the total affect of these changes had not been determined, transfers to the state may still change, and the increased appropriation would be necessary to make any additional required payments to the State in a timely manner.

Budgeted Staffing					20.8	21.4	0.6

Salaries and benefits of \$1,882,208 fund 21.4 budgeted positions, and are increasing by \$68,525. The department originally budgeted the addition of 2.0 budgeted positions for ICEMA as well as the budgeting of current staff at full FTE's.

However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$135,983 in appropriation and 2.0 in budgeted staffing. Associated revenue was also decreased by \$135,983.

Services and supplies of \$380,283 are decreasing by \$338,010. This decrease is primarily the result of one-time purchases of small equipment and procurement of training needs for ICEMA that occurred in 2007-08.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$58,820 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$40,250,000 are decreasing by \$90,503,730 primarily as a result of lower anticipated payments made to the state under SB1100.

Transfers of \$737,349 represent payments to other departments for employee relations, the Employee Health and Productivity program, and lease costs. The \$74,549 decrease results primarily from decreased payment for administrative and program support from the County Administrative Office, offset by a slight increase in lease costs.

Operating transfers out of \$21,375,774 fund \$4.3 million of realignment local match, which must be transferred into trust, before Health Realignment monies can be directed toward the Public Health and Arrowhead Regional Medical Center budget units to fund health programs, and \$17.1 million of net debt service lease payment for Arrowhead Regional Medical Center. These transfers are funded by \$15.0 million of Tobacco Master Settlement Agreement monies and an additional \$2.1 million of realignment.

Licenses and permits of \$171,808 include revenue from ambulance licensure and Emergency Medical Technician certification.

Fines and forfeitures revenue of \$470,093 include fines collected by the Superior Court for criminal offenses, and are decreasing by \$319,785 primarily as a result of the decrease in revenues associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing.

Realignment revenue of \$7,667,942 is decreasing by \$4,219,499 primarily as a result of decreases in net debt service lease payment for Arrowhead Regional Medical Center.

State aid revenue of \$254,125 represents funding from the Emergency Medical Services Authority (EMSA) to support maintenance of the three-county Joint Powers Agreement. The decrease of \$146,375 reflects transition of grant funding for the Regional Disaster Medical Health Specialist's Area VI to Riverside County for 2008-09, and discontinuance of state funding for the Disaster Medical Assistance Team.

Current services revenue of \$40,498,000 are decreasing by \$89,849,236 to reflect anticipated lower revenues associated with SB1100.

Operating transfers in of \$632,156 reflect transfers from the Hospital Preparedness and Performance Based Fines special revenue funds for expenditures related to ICEMA.

## Ambulance Performance Based Fines

### DESCRIPTION OF MAJOR SERVICES

This budget unit is set up to collect revenue (fines) associated with ambulance companies' failure to meet contractual response time standards. Fines collected per the terms of the contracts are transferred out as needed to the Inland Counties Emergency Medical Agency (ICEMA), which is a separate organization within the Health Administration budget unit. Fines transferred are earmarked for the enhancement of the Medical Emergency System.

This is a financing budget only with fines being transferred from this special revenue account to reimburse ICEMA for expenditures.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Since ICEMA was able to utilize other sources of funds for the Management Information and Surveillance System Consultant, there was not actual appropriation incurred in 2007-08.

Additionally, departmental revenue for 2007-08 was higher than modified budget as additional fines and fees were collected related ambulance service provider response times.

## Pediatric Trauma

### DESCRIPTION OF MAJOR SERVICES

This budget unit is set up to collect revenue (fines) associated with implementation of Senate Bill (SB) 1773, Chapter 841 of the Statutes of 2006, which allows counties to collect an additional two dollars (\$2) for every ten dollars (\$10) or fraction thereof, upon various fines, penalties, forfeitures, and primary moving violations collected by the San Bernardino Court and deposited into the Maddy Fund.

The additional fines collected will be distributed as follows:

- A. 10% for administration
- B. 15% of the remaining funds to be deposited into the Pediatric Trauma Fund; with the remaining 75% of funds further allocated as follows:
  - a. 58% for physician reimbursement
  - b. 25% for hospital reimbursement (Disproportionate Hospitals)
  - c. 17% for Emergency Medical (EMS) programs

This budget unit was established in 2007-08. Funds collected are transferred out as needed to the Inland Counties Emergency Medical Agency (ICEMA), which is a separate organization within the Health Care Administration budget unit. Funds cover salary and benefits, services and supplies, and other operational costs related to oversight of existing emergency medical services (EMS) programs. SB1773 currently sunsets on December 31, 2008.

This is a financing budget only with funds being transferred from this special revenue account to reimburse ICEMA for expenditures.

There is no staffing associated with this budget unit.

Actual appropriation and departmental revenue for 2007-08 is less than modified budget as the total amount of fines associated with SB1773 did not materialize as anticipated. Additionally, ICEMA is still in the process of developing a plan to establish payments to trauma centers and area hospitals providing care to pediatric trauma patients.

## Hospital Preparedness

### DESCRIPTION OF MAJOR SERVICES

State bio-terrorism funds are collected and transferred out as needed to the Inland Counties Emergency Medical Agency (ICEMA), which is a separate organization within the Health Care Administration budget unit. Funds cover expenditures for actual preparedness, response, and training of hospital staff as it relates to bio-terrorism events.

On August 31, 2007, ICEMA became responsible for managing Health Resources Services Administration (HRSA) hospital preparedness funds. The remaining three sections from the Centers for Disease Control (CDC) for Bio-Terrorism, Pandemic Influenza and Cities Readiness Initiative will remain the responsibility of the Department of Public Health.

This is a financing budget only with funds being transferred from this special revenue account to reimburse ICEMA for expenditures.

There is no staffing associated with this budget unit.

## Medical Center Lease Payments

### DESCRIPTION OF MAJOR SERVICES

This budget unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the SB 1732 – Construction Renovation/Reimbursement Program that provides supplemental reimbursement for construction, renovation, or replacement of medical facilities or fixed equipment, operating transfers from ARMC representing Medicare and fee for service revenues, and operating transfers from the general fund backed by Health Realignment revenues and tobacco settlement proceeds.

There is no staffing associated with this budget unit.

Services and supplies of \$56,690,631 reflect lease payment, including \$16.0 million related to final maturity of the 1997 Medical Center equipment bonds, and associated fees.

Contingencies of \$801,821 are increased by \$390,936, the county's share of the interest rate swap savings realized in 2007-08.

State, federal or government aid revenue of \$19,522,036 is decreased by \$4,479,189 due to a decrease in SB 1732 reimbursement resulting from the final maturity of the 1997 Medical Center equipment bonds. A portion of the medical center lease payments is reimbursed by the state through the Construction Renovation/Reimbursement Program (SB 1732). The amount reimbursed by the state depends on the allowable lease payments multiplied by a rate that is calculated by the state every year. The rate fluctuates up or down based on the actual Medi-Cal inpatient days paid to Arrowhead Regional Medical Center.

Operating transfers in of \$37,168,595 are funded by \$10.7 million of Tobacco Master Settlement Agreement monies and \$6.4 million of realignment. It also includes use of \$12.1 million from the cash reserves held by the trustee related to the final maturity of the 1997 Medical Center equipment bonds. The remaining \$8.0 million represents revenues anticipated to be generated by Arrowhead Regional Medical Center and transferred to fund the remaining debt service lease payment.

## Master Settlement Agreement

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998 a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

A majority of the county's total proceeds are used each year to finance a portion of the Arrowhead Regional Medical Center debt.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Actual departmental revenue for 2007-08 is higher than modified budget due to an increase in settlement monies being received.

Contingencies of \$17,084,079 are increased by \$4,649,193 based on available fund balance and increased departmental revenue.

Operating transfers out of \$15.0 million reflect a transfer to the general fund which is then used to fund the local cost within the Health Care Administration budget unit. Health Care Administration budget unit uses that local cost to fund the \$4.3 million realignment local match requirement and \$10.7 million of net debt service lease payment for Arrowhead Regional Medical Center.

Interest revenue of \$600,000 is increased by \$100,000 to reflect current interest rates and higher cash balance.

Other revenue of \$18.0 million reflects anticipated revenue received from the major tobacco companies to the Master Settlement Agreement fund.

# ARROWHEAD REGIONAL MEDICAL CENTER

## Patrick A. Petre

### MISSION STATEMENT

The San Bernardino County "Arrowhead Regional Medical Center" is a safety net hospital with the primary mission of providing quality healthcare, a basic necessity of humankind, to the residents of San Bernardino County. We continuously strive to improve the health of the communities we serve and become the provider of choice for healthcare delivery and education.

### STRATEGIC GOALS

1. Ensure the health and safety of County residents by increasing access to healthcare services through Outpatient and Emergency Room Visits.
2. Improve access to higher-level healthcare services for County residents through increased admissions in Acute Care.
3. Secure hospital financial health through efficient reimbursement policies and optimizing available revenue streams.
4. Reduce cost inefficiencies through containment opportunities and strategies to ensure effective hospital operations.
5. Enhance services and operations through continued improvement of Information Technology Infrastructure.
6. Continue improving customer satisfaction.

## DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) is a state-of-the-art acute care facility embracing advanced technology in all patient and support areas. ARMC offers the latest in patient care by providing a full range of inpatient and outpatient services, three off campus community health centers, Department of Behavioral Health's inpatient activities and numerous specialty services. Freeway access, shuttle service and close proximity to an Omni-trans bus hub make ARMC convenient to county residents.

ARMC and Behavioral Health facilities are comprised of 373 (90 in Behavioral Health and 283 in ARMC) inpatient rooms, most of which are private. The Emergency Department is a Level II Trauma Center and consists of 15 observation rooms, 8 treatment rooms, 3 law enforcement holding rooms, 8 trauma rooms and a 9 bay Rapid Medical Emergent Treatment area to expedite treatment and improve throughput. The helicopter landing area can accommodate both standard Medi-vac helicopters and military helicopters. The outpatient care center consists of 109 examination rooms and 8 procedure rooms.

**Inpatient Care:** Inpatient services provide curative, preventative, restorative and supportive care for general and specialty units within the General Acute Care Hospital, Behavioral Health Hospital and Home Health. Care is coordinated among multiple care providers responsible for patient care twenty-four hours a day. Nursing functions as a primary interface with patients, families and others and is often the interpreter for the hospital experience and treatment plan. Education is a primary focus and ARMC offers numerous Residency Programs for the training of physicians in Family Practice, Emergency Medicine, Surgery, Neurosurgery, Women's Health, and Internal Medicine.

**Outpatient Services:** Outpatient Care is an integral part of our multifaceted healthcare delivery system offering a wide range of emergency, primary, preventive, chronic, follow-up and specialty care in an ambulatory care setting. Visits have exceeded 250,000 annually exclusive of the Emergency Room volume.

Actual appropriation for 2007-08 is \$374,386,386 versus a modified budget of \$364,151,503. This is an unfavorable variance of \$10,234,883. The variance is primarily due to increased payments for contract physicians and increased professional services and services and supplies operational costs.

Actual departmental revenue for 2007-08 reflects an increase of \$12,543,015 over modified budget primarily due to improvements in the revenue cycle processes resulting in maximized collections from all payor types and sources. The increase is also the result of favorable prior year settlements with Medicare.

Salaries and benefits of \$204,249,747 fund 2,771.3 budgeted positions and are increasing by \$7,522,012. Staffing increased by 115.3. This budget unit experienced an increase in budgeted staffing of 20.0 as a result of a technical change to the rounding of position numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions. The remaining 95.3 increase is primarily due to an increase of 32.0 Medical Resident/Interns, an increase of 30.7 in Psychiatric Technicians and Nurses, an increase of 21.3 in Environmental services staff, and an increase of 17.3 due to Emergency Room staffing adjustments based on departmental needs. These internal departments were previously staffed on historical activity and have not kept up with actual FTE's appropriate for current volumes and demands. These increases are further offset by 6.0 FTE reductions in other ARMC departments.

Services and supplies of \$148,991,816 reflects a decrease of \$1,000,936. ARMC has made significant strides in curbing services and supplies cost. A major reduction in current expense was a result of new material management and focus on drivers of supply cost. This coming year the department will receive the full year benefit of a change in the group purchasing organization change (GPO) and just-in-time (JIT) medical surgical distribution contract changes. This alone will save roughly \$1.5-\$2.0 million a year.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$505,926 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$790,681 reflects expenses related to the county medically indigent program and interest on lease agreements.

Transfers of \$1,383,219 include payments to other departments for Human Resources employee relations, the Employee Health and Productivity (EHaP) program, and lease costs. The decrease of \$190,648 reflects decreases in anticipated EHaP program costs and removal of direct payment for the Healthcare Division Information Services Chief. Payment for this position is reflected within the Health Care Administration budget unit.

Reimbursements of \$53,000 represent payments from the Sheriff's Department for specialty acute care services provided to inmates at West Valley Detention Center.

Depreciation cost is consistent with the requested fixed asset requirement of \$15,255,023. Outside of the standard capital to maintain clinical integrity (\$4.5 million), ARMC is budgeting for the full implementation of an Open Heart program (\$3.5 million). The Open MRI (\$1.6 million), Linear Accelerator (\$3.0 million) and Project ADAP for automated pharmacy dispensing (\$1.3 million) are carried over to 2008-09. Additionally, \$1.4 million is budgeted for the continued leasing of various ARMC equipment.

Operating transfers out of \$8,000,000 is for the Medical Center Debt Service and represents ARMC's contribution from operations. A detailed description of the Medical Center Debt Service is available in the Medical Center Lease Payments budget unit.

Total revenue in the amount \$326,190,147 includes \$197,358,613 in state and federal aid primarily from Medi-Cal and Medicare, \$124,369,846 in current services from private pay patients and insurance, and \$4,461,688 in other revenue from cafeteria sales, various grants, and services provided to other county departments and hospitals. State Aid includes \$143,652,188 in Medi-Cal Inpatient revenue (SB 1100), a decrease of \$5,288,477; \$20,175,932 in Medi-Cal Outpatient, an increase of \$2,344,298; \$1,232,985 in State Health Administration funds; and \$690,000 in other state aid. Federal aid includes \$26,554,191 of Medicare Inpatient revenue, a \$549,631 increase; and \$5,053,317 of Medicare Outpatient revenue, a \$2,366,042 decrease. Current services revenue includes \$68,614,082 of commercial insurance inpatient revenue, an increase of \$6,771,295; \$22,668,129 in health services fees, an increase of \$1,964,205; \$20,549,923 in commercial insurance outpatient revenue, an increase of \$4,416,806; \$8,301,163 from both inpatient and outpatient private pay, which reflects a decrease of \$1,052,084; and \$4,236,549 in Institute Care and Services revenue, an increase of \$729,041. The increase in commercial insurance revenue is primarily due to an anticipated 4% insurance rate increase. The overall increase to total revenue is \$7,137,797. This overall increase is the result of the significant time ARMC finance administration has spent improving the revenue cycle systems. These process improvements will benefit ARMC in the receipt of all payors accounts receivable.

Operating transfers in of \$42,482,918 reflects the base-line realignment contribution to the operations of the hospital (\$34,820,000), \$2,550,000 for the Medically Indigent program, \$2,292,000 in one-time funding for the purchase of a linear accelerator, \$1,552,000 in one-time funding for the purchase of an open MRI and \$1,268,918 for the Board approved Project Adapt for Pharmacy.

Currently, ARMC is anticipating an operating shortfall of \$2,548,153. The ARMC administration is developing plans to minimize shortfalls through improvements in revenue cycle systems and focused oversight of the operating expenses.

Fixed assets of \$15,255,023 include \$13,824,915 for equipment and \$1,430,108 for lease purchase equipment. Equipment includes \$3,003,997 for the purchase of a linear accelerator, \$1,552,000 for the purchase of an open MRI, \$4,500,000 to replace aging equipment, \$3,500,000 for the new Open Heart program and \$1,268,918 for Project Adapt Pharmacy.

## Tobacco Tax Funds

### DESCRIPTION OF MAJOR SERVICES

In November 1988, California Voters approved the California Tobacco Health Protection Act of 1988, also known as Proposition 99. This referendum increased the state cigarette tax by 25 cents per pack and added an equivalent amount on other tobacco products. The new revenues were earmarked for programs to reduce smoking, to provide health care services to indigents, to support tobacco-related research, and to fund resource programs for the environment.

Arrowhead Regional Medical Center (ARMC) established the county tobacco tax funds in Fiscal Year 1989-90 to facilitate the transfer of Tobacco Tax monies to the county hospital, non-county hospitals, and physicians, when notified and as required by the State.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. The amount not expended is carried over to the subsequent year's budget. Actual appropriation for 2007-08 is less than modified budget due to a decreased allocation to contracted physicians and hospitals.

Fund Balance					540,228	305,438	(234,790)

Services and supplies of \$2,507,991 represent anticipated allocation amounts determined by the state and allocated to contracted hospitals and physicians. The increase of \$249,935 is primarily the result of an increase in departmental revenue.

Departmental revenue in the amount of \$2,202,553 includes \$2,137,980 from the state and \$64,573 in interest. The increase of \$484,725 is primarily due to a technical change in the budgeting of revenues.

## Archstone Foundation Grant

### MISSION STATEMENT

The medical staff of Arrowhead Regional Medical Center (ARMC), developed and operate ARMC's Dependent Adult and Elder Abuse Program that is funded with Archstone Foundation grant monies.

### STRATEGIC GOALS

1. Establish a coordinating body representing leadership from ARMC, Department of Aging and Adult Services, and the District Attorney Elder Abuse Unit.
2. Develop internal and external training for program professionals and key members of an interdisciplinary team.
3. Develop a mechanism for ongoing referral of dependent adults and elders suspected of being mistreated from local protective agencies to ARMC medical team for the purpose of assessment and treatment.
4. Establish a multidisciplinary team meeting schedule.

### DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) established this fund in 2005-06 to facilitate the receipt of grant funds from the Archstone Foundation. The Archstone Foundation is a private grant-making organization, whose mission is to contribute towards the preparation of society in meeting the needs of an aging population. The grant was issued to provide ARMC with the resources necessary to incorporate a medical consultation element into existing county efforts in the area of elder abuse and neglect. The funds are required to be deposited into interest-bearing accounts, with all proceeds to be spent on prevention and detection of elder abuse and neglect. The grant cycle ends June 30, 2008.

There is no staffing associated with this budget unit.

Services and supplies of \$5,534 include final payments to the ARMC Geriatric team to cover expenses incurred for Archstone Foundation activities.

Departmental revenue of \$1,000 reflects anticipated receipt of final interest earnings for 2007-08, but not received until 2008-09. All funds received, including any remaining fund balance, will be distributed in accordance with the grant guidance by June 30, 2009. This will be the final year for this budget unit.

## BEHAVIORAL HEALTH

### Allan Rawland

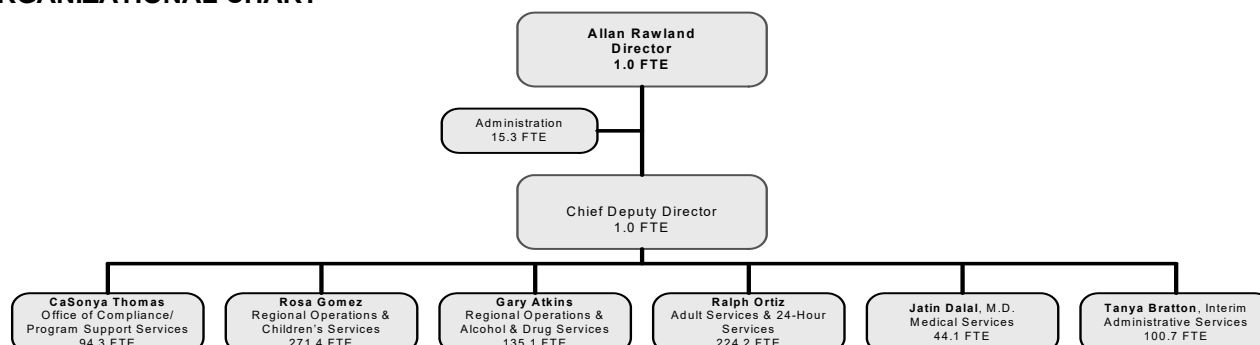

#### MISSION STATEMENT

The Department of Behavioral Health (DBH) will help individuals living with the problems of mental illness and substance abuse to find solutions to challenges they face so that they may function well within their families and the community. The DBH staff will be sensitive to and respectful of all clients, their families, culture and languages. The DBH will use the taxpayers' money wisely to meet its goals while following all governmental guidelines and requirements. The DBH will provide a pleasant workplace for its staff members so that they may be creative and effective in their jobs. The DBH will provide a pleasant environment for clients in which to receive services.

#### STRATEGIC GOALS

1. Increase access to Behavioral Health services for individuals that are unserved (or underserved) or who are receiving a limited level of services.
2. Increase customer service education for all county and contract staff that promotes the mission of the county and the department.
3. Increase access to community behavioral health services for adolescents with mental health illness who are involved in the juvenile justice system.
4. Increase cultural competency training for all county and contract staff that promotes the mission of the county and the department.
5. Integrate Mental Health and Alcohol and Drug Services into co-located clinics in order to increase client access to services and provide better care.
6. Implement strategies for successful quality improvement in behavioral health.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

## DESCRIPTION OF MAJOR SERVICES

The DBH is responsible for providing mental health services to county residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups, with primary emphasis placed on treating children, families and chronically mentally ill adults (in that priority). Services are delivered throughout the county via a network of department-operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools, and other community-based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services and client transportation assistance. The department also operates as a training setting by administering various internship programs and offering continuing education for licensed department and contractor staff.

The Mental Health Services Act of 2005 (MHSA), passed by the California voters in November 2004, has given San Bernardino County and the Department of Behavioral Health the opportunity to build a "system of care and treatment" that will efficiently and effectively serve all clients, especially to ensure access to behavioral health services for populations and individuals that are unserved or who are receiving a limited level of services from the present programs due to the lack of adequate funding and/or the various restrictions on the use of those funds. The particular populations include individuals who are homeless and/or incarcerated in jails or juvenile halls, and individuals who are in out-of-home and out-of-county placements, isolated in their homes, failing in school, or in other institutional care facilities. These populations also include individuals and families who are from racial and ethnic communities who are not adequately served by the behavioral health system.

Actual appropriation and departmental revenue for 2007-08 are less than modified budget primarily due to: 1) salary savings resulting from staff turnover, delays in filling positions and delays in establishing new MHSA funded programs, 2) contracted services less than budget due to delays in contracting for new MHSA funded programs, and 3) partial implementation of specific MHSA programs.

Budgeted Staffing					766.7	799.6	32.9

Salaries and benefits of \$65,082,580 fund 799.6 budgeted positions and is increasing by \$2,141,454. The department originally budgeted for an increase of \$6,440,857, which included funding for full-year cost of positions added during the fiscal year, the addition of 64.0 new positions specifically for MHSA for 2008-09, and step increases for staff, all of which increased budgeted staffing by 96.7.

However, as part of the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$4,299,403 in appropriation and 63.8 in budgeted staffing. Associated revenue was also decreased by \$4,299,403.

Services and supplies of \$123,072,416 includes \$84,582,636 in contracts with approximately \$20.0 million or 24% funded by MHSA, \$8,968,018 for the managed care fee-for-service network, \$6,455,418 for remote pharmacy services for indigents and jail population without third party insurance, \$2,527,726 for incorporated doctor payments, and \$9,986,598 in professional and specialized services with approximately 63% of such for MHSA funded programs, and the balance for professional services necessary to conduct routine departmental business.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$1,042,922 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$4,458,015 include \$700,809 in MHSA funded expenditures for client temporary housing and transportation and \$2,471,872 for State Hospital contracts. A decrease of \$1,146,945 is primarily due to reduction in State Hospital Institution utilization.

Equipment of \$220,700 is for the purchase of new and replacement servers necessary to maintain the department information technology functions. Additionally, six scanners will be purchased to continue the department's efforts in reducing paper records.

Vehicles of \$107,000 is for the purchase of four vehicles for MHSA funded programs as part of the state contract. These vehicles will be used primarily for the forensic program. The decrease of \$181,091 is due to the decrease in MHSA one time only program need for vehicles in 2007-08.

No capitalized software is budgeted for 2008-09. The decrease of \$1,992,120 is due to one time only expense for the appointment scheduler, data mining, Geographical Informational System and touch screen technology software for the MHSA program, which were fully implemented in 2007-08.

Transfers of \$7,969,210 include \$4,300,525 for rents and leases, \$1,273,675 to reimburse Public Guardian for administration for conservatees, \$403,760 to Human Services (HS) for Eligibility workers at the DBH clinics, \$210,000 to HS for the Homeless Partnership program, and other payments to county departments primarily for salaries and benefit associated costs. The increase of \$1,548,769 includes increases of rents and leases, services provided by Human Resources such as advertising, services provided by County Counsel, as well as a shift in the reporting of expenditures related to certain office expenses. These office expenses are now being reflected as payments to the Purchasing Department in accordance with the rules established by GASB 34.

Reimbursements of \$7,182,090 include payments of \$3,984,867 for costs associated with the CalWORKs program, \$1,877,031 for administrative support and facility rent for Alcohol and Drug funded programs, \$916,418 for the Juvenile and Adult Mentally Ill Offender Crime Reduction grants, and \$403,774 from Probation for the Juvenile Justice program. The increase of \$90,813 is primarily due to overall cost reimbursement increases associated with various programs.

Operating transfers out of \$1,842,753 is for the local cost offset. The decrease of \$4,597,999 is due to an accounting change to record the expense for the managed care fee-for-service psychiatric inpatient program in the services and supplies appropriation unit.

Realignment of \$73,375,595 includes an increase of \$3,355,624 due to increases in COWCAP, salaries and benefits for the Juvenile Justice Program and pharmaceutical contract costs. Additionally, the increase also includes a required Medi-Cal Realignment match of 5% for Early Periodic Screening Diagnosis Treatment (EPSDT) contracts.

State aid revenue of \$74,510,080 includes Managed Care of \$11,040,136, Medi-Cal of \$43,964,502, EPSDT of \$16,901,019, Conditional Release Program of \$1,423,937, and Superintendent of Schools AB2726 of \$1,180,486. The increase of \$11,760,172 is primarily due to anticipated growth in services to Medi-Cal eligible clients and the full implementation of new contracts that include Medi-Cal and EPSDT funding. Federal aid revenue of \$1,312,104 includes FEMA aid for the 2007 Wildfires and Medicare inpatient services. Other Governmental Aid of \$3,496,094 includes SAMSHA block grant and PATH funding. The overall increase includes a decrease of \$509,635 associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing.

Current services revenue of \$266,000 primarily include health fees and private pay patient funds. Other revenue of \$998,000 includes Social Security reimbursements of \$798,000 and First 5 funding for the Screening, Assessment, Referral and Treatment of \$200,000.

Operating transfers in of \$41,747,090 include transfers from the MHSA special revenue fund to cover full-year salary and benefit costs, contracts and service expansions in all existing DBH clinics. The increase of \$3,441,285 is due to overall increases in staffing and program expenses, and to fund one-time purchase of equipment and vehicles, and other information technology projects anticipated to occur in 2008-09. The overall increase includes a decrease of \$3,789,768 associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing.

## Alcohol and Drug Services

### DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health, Alcohol and Drug Services (ADS) program consists of comprehensive substance abuse prevention and treatment programs to county residents. Services are provided by 6 county operated clinics and approximately 30 contractors. The major components include outpatient, residential, prevention, methadone, and case management services. Annually, approximately 10,674 unduplicated clients are served and over 140,000 hours of substance abuse prevention and treatment services are performed.

Alcohol and Drug Services are primarily funded by federal block grant and state revenues (64%). The remaining sources of revenue are court fines for Driving Under the Influence (DUI) offenses, fees for services, and reimbursements provided by Human Services (HS) CalWORKs program and the Proposition 36 (Prop. 36) – Substance Abuse and Crime Prevention Act program. In addition, the county must fund the required maintenance of effort (MOE) for the block grant and state funds. The department's local cost of \$149,458 finances the required MOE.

Actual appropriation and departmental revenue for 2007-08 is greater than modified budget primarily as a result of unanticipated payments to contractors for increases in the services provided for Alcohol and Drug prevention and treatment. These amounts were funded by increases in the various Alcohol and Drug Services revenue for the additional service costs claimed. In addition, there were unanticipated payments for services provided by other county agencies for the Drug Court and Offender Treatment Program. These additional reimbursements are funded by the state extension of the 2006-07 award balances into 2007-08.

Salaries and benefits of \$6,389,576 fund 87.5 budgeted positions and is increasing by \$17,133. This budget unit originally included an increase in budgeted staffing of 2.7 budgeted positions as a result of a technical change to the rounding of position numbers to one decimal place in the county's budget system, and the addition of a new position to provide administrative support for ADS. These changes resulted in an initial increase of \$106,071.

However, as part of the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$88,938 in appropriation and 1.0 in budgeted staffing. Associated revenue was also decreased by \$88,938.

Services and supplies of \$20,029,671 include \$19,899,824 for other professional and specialized services such as residential, outpatient, prevention, recovery, drug court and housing contracts with the balance including other services and supplies necessary for conducting ADS program services. The increase of \$297,800 is the result of budgeting for the entire amount contracted with the outside service providers.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$42,611 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$3,356,399 include payments to other county departments for services provided such as Public Health, Probation, Courts, in addition to rents and salaries and benefit associated costs. The increase of \$65,355 is primarily due to increases in facilities rent and various changes in agreements with other departments on funding of program costs for the Offender Treatment, Drug Court grants, and Mental Health Services Act. Additionally, it reflects a shift in the reporting of expenditures related to certain office expenses. These office expenses are now being reflected as payments to the Purchasing Department in accordance with the rules established by GASB 34.

Reimbursements of \$6,802,847 include payments from other county departments for which Alcohol and Drug Services provide services, such as the CalWORKs program and Department of Children Services, as well as services under Proposition 36. The decrease of \$548,853 is primarily due to the reduction in the Proposition 36 allocation received from the State Department of Alcohol and Drug Programs.

Revenues of \$19,141,362 include \$5,839,358 in state aid for Medi-Cal, Drug Court Grants, Parolee Network Services, and the Offender Treatment Program, \$13,025,504 of federal aid for the Substance Abuse Prevention and Treatment (SAPT) Block Grant, the federal portion of Medi-Cal, and the Safe and Drug Free grant, \$252,500 in charges for current services, and \$24,000 in other revenue. The increase of \$284,051 is primarily due to the need to utilize a greater portion of the SAPT Block Grant funding for operating expenditures, partially offset by the reduction in revenues of \$88,938 associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing

Operating transfers in of \$3,814,214 include transfers from the Driving Under the Influence and the SAPT Block Grant special revenue funds for ADS related services. The increase of \$712,807 is primarily due to the need for additional funds from the SAPT special revenue fund to cover increased contract and program costs for Alcohol and Drug Services.

## Mental Health Services Act

### DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public".

This special revenue fund was established in 2005-06. In 2005-06, the state approved the department's three-year plan. One-time and ongoing state funds received from the state are deposited into the fund, and are transferred to the Behavioral Health general fund budget unit, as needed, to cover contract providers' costs, staffing and other costs. In 2008-09, Behavioral Health anticipates state funds of \$47.3 million. The funds will be deposited into the special revenue fund and will be transferred to the Behavioral Health general fund budget unit, as needed, to fund new and expanded programs outlined in the three-year plan.

This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit of Behavioral Health.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget. Departmental revenue is greater than modified budget as the department received \$5.6 million in additional growth monies related to its Community Service and Support program plan.

Fund Balance					28,517,002	35,769,828	7,252,826

Contingencies of \$38,342,452 are increasing based on lower than anticipated expenditures within the Behavioral Health general fund budget unit for new components of MHSA, and increased departmental revenue and available fund balance.

Operating transfers out of \$45,536,858 includes transfers to the Behavioral Health general fund budget unit to cover contract providers cost, staffing and other costs associated with existing MHSA activities. The increase of \$7,231,053 represents full year cost of the MHSA program and includes new components added to the MHSA, including Prevention and Early Intervention, Work Force Education and Training, and a new program incorporated into Community Service and Support.

Departmental revenue of \$48,109,482 includes revenue received from the state for the MHSA program and interest revenue. The increase of \$27,484,667 is due to the increase of funds in the Community Service and Support program, the addition of the Capital and Technology component, receipt of growth monies, and increased interest revenue.

## Driving Under the Influence Programs

### DESCRIPTION OF MAJOR SERVICES

As per Title 9, Division 4, Chapter 3, 9878 (m) of the State regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health charges fees to privately owned and operated vendors for monitoring Penal Code (PC) 1000 and Driving Under the Influence (DUI) programs. Supervision of these programs resides with the county as indicated by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the county.

Fees collected from privately owned and operated DUI programs within the county are deposited into this fund. Funds are then transferred to the Alcohol and Drug Services (ADS) general fund budget unit, as needed, to meet the costs of staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit of ADS.

There is no staffing associated with this budget unit.

Contingencies of \$148,275 include an increase of \$26,020 based on a reduction in operating transfers out.

Operating transfers out of \$157,214 includes transfers to the Alcohol and Drug Services budget unit to cover salaries and benefits for DUI related activities. The decrease of \$37,193 is due to the reduction in the number of ADS staff assigned to this function.

Departmental revenue of \$139,554 includes DUI fees paid by program providers and interest revenue. The increase of \$17,554 is due to an anticipated increase in fees collected by DUI providers based on current trends.

## Block Grant Carryover Program

### DESCRIPTION OF MAJOR SERVICES

Alcohol and Drug Services (ADS) utilizes this special revenue fund to hold money received from the State Department of Alcohol and Drug Programs (ADP) under a multi-year cost reimbursement contract that allows the county to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between county and the state. Funds are transferred to ADS based on the needs of the program.

This fund does not directly spend funds or provide services. It is strictly a financing budget with the actual expenditures occurring within the operating budget unit of ADS.

There is no staffing associated with this budget unit.

Operating transfers out of \$3,250,000 includes transfers to the Alcohol and Drug Services budget unit for salaries and benefits and services and supplies costs related to the services provided for alcohol abuse prevention, education, and treatment in schools and the community. The increase of \$750,000 is required to cover anticipated increases in program expenditures.

Departmental revenue of \$406,995 includes \$186,995 of funds received from ADP and \$220,000 in interest revenue. The decrease of \$977,565 is due to an anticipated decreased in funds received from ADP.

## Court Alcohol and Drug Program

### DESCRIPTION OF MAJOR SERVICES

The special revenue fund consists of three revenue sources:

- The first source is referred to as Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses.
- The second source is fines imposed by Senate Bill 921 that went into effect on September 23, 1986. The bill requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense. The money collected is to be used for drug abuse programs in schools and the community.
- The third source is fines imposed by Senate Bill 920 that went into effect on September 24, 1996. The bill requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. The money collected is to be used exclusively for alcohol abuse and prevention services.

All revenue is collected by the Courts and Central Collections and then transferred into this fund for later distribution to the Alcohol and Drug Services (ADS) general fund budget unit.

This fund does not directly spend funds or provide services. It is strictly a financing budget with actual expenditures occurring within the operating budget unit of ADS.

There is no staffing associated with this budget unit.

Operating transfers out of \$407,000 includes transfers to the Alcohol and Drug Services budget unit to cover the costs associated with this function.

Departmental revenue of \$401,861 includes fines and interest revenue. The increase of \$10,861 is primarily due to the increase in interest revenue.

## Proposition 36

### DESCRIPTION OF MAJOR SERVICES

In November 2000, California passed Proposition 36, the Substance Abuse and Crime Prevention Act of 2000 (Act). The Act mandated that certain persons convicted of a nonviolent drug possession offense, and any parolee, who is determined by the Parole Authority to have committed a nonviolent drug possession offense, or violated any other drug-related condition of parole, will be provided drug treatment and related services in lieu of incarceration. Effective 2006-07, Behavioral Health assumed the lead agency role to oversee the Act. This special revenue fund is used to account for disposition of the funds received from the state.

There is no staffing associated with this budget unit.

				Fund Balance	49,302	31,440	(17,862)

Transfers of \$4,994,336 include payments to other county departments for reimbursement of Proposition 36 related activities such as salaries and benefits and services and supplies. The decrease of \$1,213,677 is primarily due to the decrease in the allocation received from the state.

Contingencies of \$31,440 are decreasing by \$17,622 primarily as a result of a decrease in available fund balance.

Departmental revenue of \$4,994,336 includes state Proposition 36 funds and interest revenue. The decrease of \$1,213,437 is due to the decrease in the allocation received from the state.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

## DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety, and quality of life for residents and visitors of San Bernardino County. The department operates over thirty different programs, many of which are mandated by the State Health and Safety Code. Funding is provided by state and federal grants, local fees, charges for services, tax revenue, and a small amount of county general fund primarily for Animal Care and Control related expenses and to provide infrastructure for the promotion of Healthy Communities.

Several key service delivery functions are described below.

### Communicable Disease Control and Prevention

Disease control services relate to the surveillance and prevention of illness and disease, such as tuberculosis control, HIV/AIDS, reproductive health, immunizations and education services.

### Bio-Terrorism Response

As a result of a federal initiative, the department has developed a Comprehensive Public Health Preparedness and Response (Bio-terrorism) plan to improve response capabilities in the event of a bio-terrorism incident or other public health emergency.

### Maternal and Child Health

Services focus on promoting healthy outcomes in high-risk populations. Clinical programs providing diagnosis, treatment, and education focus on prenatal care and child health

### Healthy Communities

Because San Bernardino County suffers from the growing epidemic of obesity, Healthy Communities is an innovative countywide strategic effort that provides the infrastructure to support collaborative efforts to improve the health and well being of all residents.

### Environmental Health Services

The purpose of environmental health services is to prevent, eliminate, or reduce hazards that could adversely affect health, safety, and quality of life through programs focusing directly on the prevention of threats to health in the physical environment through monitoring and inspection, licensing, and statutory regulation.

### Animal Care and Control

Services protect the public from rabies through vaccination of the county's pet dog population, stray animal abatement (through enforcement of the leash law), wild life rabies surveillance, quarantine of biting animals, laboratory examination of animals for rabies, and public education. In addition, the program investigates animal complaints and provides safe sheltering care, return, adoption, or as a last resort, the humane euthanasia of unwanted animals.

**BUDGET HISTORY****PERFORMANCE HISTORY**

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual
Appropriation	75,412,592	76,432,804	78,494,612	87,339,745	77,107,825

Budgeted Staffing				904.3	

Actual appropriation is less than modified budget in 2007-08 primarily due to significant savings within salaries and benefits and services and supplies. Salaries and benefits are under modified budget by \$8,398,555 due to significant staff vacancies. Services and supplies are lower than modified budget by \$2,787,399 due to the discontinuance of several grants including Outreach, Enrollment, Retention Utilization Program (OERU), Male Involvement Program (MIP), Information and Education (I&E), and Education First.

As a result of the lower expenditures, actual departmental revenue is also lower than modified budget in 2007-08. Reimbursements are \$977,519 less than budget due to lower than anticipated caseload for the Cal-Learn program and lower billing amounts on Memoranda of Understanding (MOU) with other county departments as a result of staffing vacancies indicated above. State and federal revenues of \$39,685,174 are \$5,169,667 under budget due to the discontinuation of the OERU, MIP, and I&E grants plus, the continuous staff vacancies. Current services revenue of \$5,619,115 are \$2,247,654 under budget primarily due to the cancellation of the Housing Opportunities for People With AIDS (HOPWA) program with the City of Riverside and lower than expected fees collected for one time permits. Operating Transfers In are \$939,684 less than budget primarily as a result of expenditures related to the department's Preparedness and Response activities being carried over into 2008-09. Finally, other miscellaneous decreases, including use of Health Realignment funding, in the amount of \$898,229 result in total departmental revenue being \$10,232,753 less than modified budget.

Budgeted Staffing					904.3	832.7	(71.6)

Salaries and benefits of \$58,956,220 fund 832.7 budgeted positions and are decreasing by \$3,758,477 resulting primarily from retirement rate and workers compensation rate adjustments. This budget unit also experienced a decrease in budgeted staffing of 28.2 as a result of a technical change to the rounding of position numbers to one decimal place on the county's budget system. This change does not affect the number of authorized positions. Overall, the department originally included the deletion of 43.4 vacant budgeted positions, the addition of 25.0 budgeted positions, and the reclassification of five Health Services Assistant II positions to Supervising Health Services Assistants to implement an organizational restructuring within the Women, Infants and Children program.

However, as part of the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$1,618,410 in appropriation and 25.0 in budgeted staffing. Associated revenue and reimbursements were also decreased by \$1,618,410.

Services and supplies of \$23,224,505 are decreasing by \$2,917,113. This decrease consists of the elimination of the OERU grant, offset by one time upgrades in multiple facilities providing Public Health services. Additionally, the decrease results from the shift of travel to a separate category, as well as the shift in the reporting of expenditures related to certain office expenses. These office expenses are now being reflected as transfers to the Purchasing Department in accordance with the rules established by GASB 34.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$929,394 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$74,500 is for the replacement of photocopy machines, port switches and a disk cloning device for information technology.

Transfers of \$4,719,810 are payments to other departments for Human Resources employee relations, the Employee Health and Productivity program, lease costs, facilities charges, and administrative and program support from Human Services. The \$1,208,715 increase results from increases in charges from other County departments, a new MOU with the Alcohol and Drug Service Department, and increased rent charges related to two new clinic sites for the Women, Infants, & Children (WIC) program. In addition, the increase is the result of a shift in the reporting of certain office expenses as payment to the Purchasing department.

Reimbursements of \$7,199,922 represent payments from other departments such as Human Services, Probation, California Children's Services (CCS), Sheriff, and Behavioral Health for provision of nursing services, case management, home visiting and education, administrative and program support. The \$173,518 increase is primarily due to increased reimbursement for nursing services provided to the Sheriff's department, and an increase in administrative costs and program support provided to CCS. These increases are partially offset by a slight decrease in reimbursements related to the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing.

Licenses and permit revenue of \$7,156,957 are decreasing by \$586,235 based on current revenue trends and the return of the mobile home park inspections and permits to the State. The decrease also reflects the decrease in revenues associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing.

State aid revenue of \$32,398,308 is decreasing by \$1,632,005 due to the loss of the OERU, MIP and I&E grant programs, a decrease in funding for the Maternal and Child Health program, delayed reimbursement for SB90 programs, and a decrease in revenues associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing. These are partially offset by increases in the WIC allocation; AIDS Early Intervention Program, Family Planning Access Care and Treatment, and Minority Aids funding; increases for the Nutrition Network & Project Lean and Childhood Lead Poisoning Prevention grants, and a new Cal-Trans Safe Route to Schools grant.

Federal aid revenue of \$9,865,831 is decreasing by \$958,697 primarily as a result of the category shift of a portion of the Ryan White Title I funding to state funding, and the reduction of Medi-Cal Administrative Activities/Targeted Case Management funding. These decreases are partially offset by an increase in Title X funding.

Current services revenue of \$6,762,401 are decreasing by \$1,104,368 primarily due to the termination of the HOPWA grant with the City of Riverside, a category switch of the MOU with First Five for the Perinatal Screening, Assessment, Referral and Treatment (PSART), discontinuation of physician services for the Board of Retirement, and reductions in services for the Metropolitan Water District and various school districts. These decreases are partially offset by an increase in reimbursement for Family Court Home Assessments.

Other revenue of \$1,715,834 is increasing by \$437,484 primarily due to a new Robert Wood Johnson grant, an increase in the Dental Health Foundation grant, and an increase in the PSART MOU with First Five. These increases are partially offset by the termination of the Education First and Perinatal Assessment of Newborns for Drug and Alcohol Exposure grants.

Operating transfers in of \$5,292,133 are decreasing by \$750,601 primarily due to a reduction in Bio-terrorism Preparedness and Vital Statistics. These decreases are partially offset by an increase in the Vector Control operating transfer in and carryover funding for the department's Business Process Improvement.

The net local cost decrease for this budget unit is \$1,123,564. This decrease is primarily the result of adjustments made to the 2008-09 retirement and worker's compensation rates. This decrease is partially offset by a slight increase in local cost to help fund MOU increases for nursing staff.

## California Children's Services

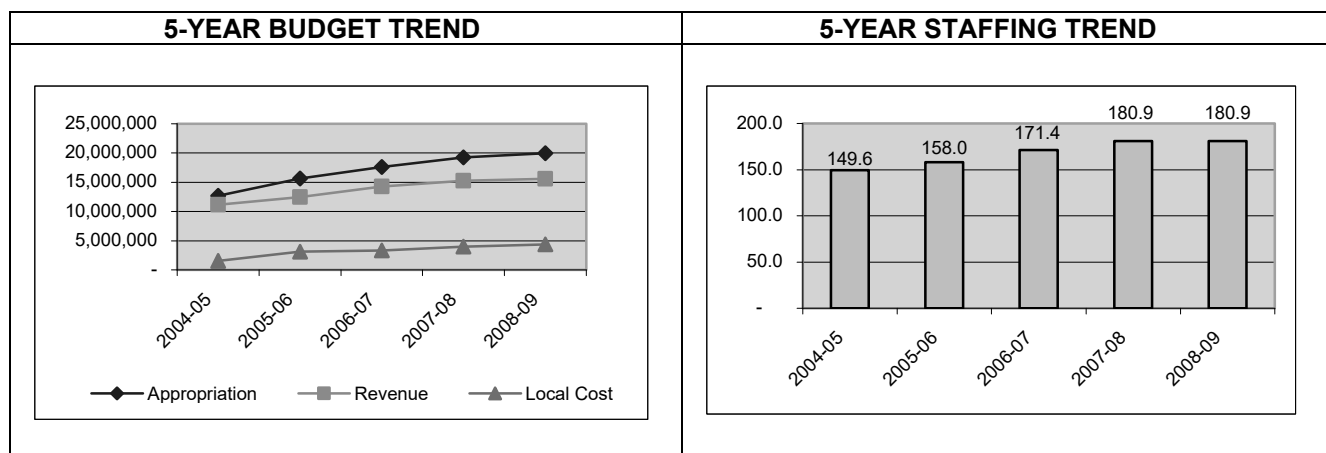

### DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis, and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of their care. State law requires the county to maintain a mandated minimum funding level. In addition to realignment dollars and the county's mandated contribution, funding also comes from Medi-Cal, private insurance, and patient co-payments. Revenues are based upon individual client eligibility for specific programs such as Medi-Cal, Healthy Families, or CCS alone (people who do not qualify for other programs or cannot afford to pay their Medi-Cal co-share payments).

The revenue breakdown among federal, state, realignment, and county general fund support depends on the type of services provided under this program. This program provides two types of services:

1. Administrative Component – Case management activities which include determining program eligibility, evaluating needs for specific services, determining the appropriate providers, and authorizing/paying for medically necessary care. Administrative funding is based on staffing standards and caseload mix of CCS clients. In other words, it depends on which federal, state, or county program in which the children are enrolled.
  - Medi-Cal accounts for approximately 69%. Federal and state funds reimburse CCS for 100% of the costs.
  - Healthy Families accounts for approximately 13%. This federal and state program reimburses CCS for 82.5% of the costs. The remaining 17.5% local share is equally funded by Social Services Realignment (8.75%) and general fund support (8.75%).
  - CCS or Non-Medi-Cal caseload accounts for approximately 18%. Federal and state funds account for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and general fund support (25%).
2. Medical Therapy Component – Provides physical therapy, occupational therapy, and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services, and case management. The state reimburses the county 50% of the costs incurred by this program. The remaining 50% is equally funded by Social Services Realignment and general fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% county. Approximately 70% of the caseload in the medical therapy component is Medi-Cal eligible.

Actual appropriation for 2007-08 is less than modified budget primarily due to vacant positions which have been difficult to fill. Departmental revenue for 2007-08 is also less than modified budget due to reduced claims to the state coupled with a shift in caseload between Medi-Cal, Healthy Families, and CCS clients.

Salaries and benefits of \$14,892,433 fund 180.9 budgeted positions and is decreasing by \$34,267. The department had originally included increases of \$150,978 due to MOU adjustments and funding for 2.0 additional positions necessary to comply with state mandated staffing requirements.

However, as part of the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$185,245 in appropriation and 2.0 in budgeted staffing. Associated revenue was also decreased by \$185,245.

Services and supplies of \$2,061,842 primarily include payments to the state and other providers for treatment costs and medical supplies. The increase of \$278,211 is related to treatment costs, slightly offset by the decrease resulting from a shift in the reporting of expenditures for certain office expenses into the transfers category.

Travel is a new appropriation unit for 2008-09 and the \$73,000 budgeted amount includes reimbursement for costs related to trips to Sacramento for state-mandated conferences and training. Travel also includes private mileage reimbursement to nursing and therapy staff that provide services at numerous locations throughout the county.

Transfers of \$2,778,656 include payments to the: 1) Public Health general fund budget unit for administrative costs, automated systems support, and nutritionist time; 2) Real Estate Department for lease costs; and 3) Human Resources for Employee Health and Productivity program and employment and advertising services. The increase of \$376,413 is primarily related to an increase in administrative costs paid to the Public Health fund budget unit, as well as a shift in the reporting of expenditures related to certain office expenses. These office expenses are now being reflected as payments to the Purchasing Department in accordance with the rules established by GASB 34.

Social Services Realignment and general fund support of \$4,359,733 are each increasing by \$375,546 to fund administrative expenses and cost of providing mandated treatment. State law requires the county to maintain a mandated minimum funding level for this program. This funding is provided 50% by Social Services Realignment and 50% by general fund support.

State aid revenue of \$11,206,763 is decreasing by \$41,115. The state share is not increasing at the same level as realignment and general fund support due to the distribution of caseload. Additionally, the decrease reflects decreased revenues associated with the reduction in staffing resulting from the Board's direction at the 2008-09 Budget Hearing

## Indigent Ambulance

### DESCRIPTION OF MAJOR SERVICES

This budget unit provides financing for ambulance contractors who transport indigents to the Arrowhead Regional Medical Center, or the closest hospital under certain life-threatening situations. It also funds transport of indigent tuberculosis patients to Riverside County Hospital for treatment, and up to the extent of available appropriation, pays for the Sheriff's Department transport of indigent inmates (with the remainder paid directly by the Sheriff's Department). The appropriation in this budget unit is maintained at a constant level.

There is no staffing associated with this budget unit.

## Bio-Terrorism Preparedness

### DESCRIPTION OF MAJOR SERVICES

State bio-terrorism funds are received and transferred out as needed to the Department of Public Health as reimbursement for actual preparedness and response related activities and expenditures. Funding from the Centers of Disease Control (CDC) for Bio-Terrorism, Pandemic Influenza, and Cities Readiness Initiative and from the Health Resources Services Administration for hospital preparedness is reflected in this budget unit. Each source of funds is tracked and reported separately as stipulated by the state grant agreement. This is a financing budget only. No actual expenditures or activities are incurred or conducted via this budget unit.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

In addition, appropriation and departmental revenue for 2007-08 is less than modified budget primarily due to under-expenditure and reimbursement of Hospital Preparedness grant funds.

				Fund Balance	928,559	482,417	(446,142)

Contingencies of \$733,463 are decreasing by \$247,433 based on available departmental revenue and fund balance. State approval must be sought for the expenditure of these funds and prior year carryover funds.

Operating transfers out of \$2,530,118 reflect a decrease of \$755,670 due to an anticipated reduction in funding for the 2008-09 grant year for Pandemic Influenza.

State aid revenue of \$2,702,559 reflects a decrease of \$583,229. This is primarily due to an anticipated reduction in funding for the 2008-09 grant year for Pandemic Influenza. This decrease is partially offset by the anticipated receipt of the 25% payment for the 2007-08 grant year for Pandemic Influenza.

## Tobacco Use Reduction Now

### DESCRIPTION OF MAJOR SERVICES

This budget unit holds the State's tobacco control and education grant funds. Funds are transferred to Public Health to reimburse for actual tobacco control and education expenditures, which include working with local community and government groups to enforce tobacco, control policies and ordinances and provide community education.

The department has been approved to receive three-year funding from the California Department of Public Health to support Tobacco Control and Education services. The department has been receiving quarterly advances from the State and is required to maintain these funds in a separate interest bearing account. In the past, the department utilized a trust fund. However, since unspent funds can be carried forward for up to two years, the department identified the need to establish a special revenue fund in order to comply with GASB 34.

There is no staffing associated with this budget unit.

Contingencies of \$65,536 are increasing by \$62,536 primarily based on available fund balance.

Operating transfers out of \$388,460 are decreasing by \$12,994 due to lower anticipated expenditures within the Public Health general fund budget unit for the Tobacco Use Reduction Now program.

State aid revenue of \$388,460 is decreasing by \$12,994 due to a lower grant fund allocation for Year 2 to perform tobacco education activities.

## Vital Statistics State Fees

### DESCRIPTION OF MAJOR SERVICES

This budget unit holds fees set by the state and collected from purchasers of birth and death certificates. Funds are transferred to Public Health to fund Vital Statistics expenditures. Per Health and Safety Code 103625 all applicants for birth or death certificates shall pay an additional \$3 to be collected by the county and disbursed as follows:

1. 45% of the fee shall be distributed to the State Registrar, and
2. The remaining 55% shall be deposited into the Vital and Health Statistics fund for the purpose of defraying administrative costs of collecting and reporting with respect to those fees and for other costs as follows:
  - a) Modernization of vital record operations, including improvement, automation, and technical support of vital record systems.
  - b) Improvement in the collection and analysis of health-related birth and death certificate information, and other community health data collection and analysis, as appropriate.
  - c) Funds collected shall not be used to supplant funding in existence on January 1, 2002 that are necessary for the daily operation of vital records systems.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

In addition, actual appropriation is less for 2007-08 than modified budget as a result of delays in purchase of systems and software to scan and digitally store vital statistics data. The program is still researching the best method of implementation and has not included the purchase and implementation in 2008-09.

Contingencies of \$503,078 are increasing by \$180,414 based on reduced operating transfers out and available fund balance.

Operating transfers out of \$167,000 are decreasing by \$100,000 due to lower anticipated expenditures for automation, including the non-purchase of an automated vital statistics system.

Interest revenue of \$19,820 reflects a slight increase due to a higher available cash balance.

Current services revenue of \$140,000 is decreasing by \$10,000 based on a possible revenue sharing agreement with Auditor/Controller-Recorder Department for birth and death certificates.

## Vector Control Assessments

### DESCRIPTION OF MAJOR SERVICES

This budget unit receives all tax assessments for Vector Control. Revenue collected here is received via the property tax roll and is dedicated for Vector Control purposes. Transfers out from this budget finance activities in the Vector Control program, which is a component of the Public Health general fund budget unit. Revenue changes in this budget unit reflect development and subdivision activities within the County. As the number of parcels are added or improved, the revenue increases. The amount of the parcel assessment varies depending on the level of improvement on a given parcel. Revenue increases are offset by annexations or incorporations of cities.

There is no staffing associated with this budget unit.

NOTE: IHSS Public Authority is reported in a separate budget document.

Human Services is composed of six county departments: Transitional Assistance (TAD), Children's Services (DCS), Aging and Adult Services (DAAS), Preschool Services, Child Support Services, and Veterans Affairs. Also three other departments work in conjunction with the core Human Services departments and they are: Children's Network, Children's Fund and the Office of Homeless Services. Additionally, several support divisions under Human Services Management Services including Human Services Information Technology and Support, and the Performance, Education and Resource Center provide administrative and training support to the Human Services departments.

Transitional Assistance, Children's Services, Adult Services, and all Human Services support divisions are included in the Human Services Administrative Claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The Human Services Assistant County Administrator is responsible for all of the above budget units.

## AGING AND ADULT SERVICES

### Colleen Krygier

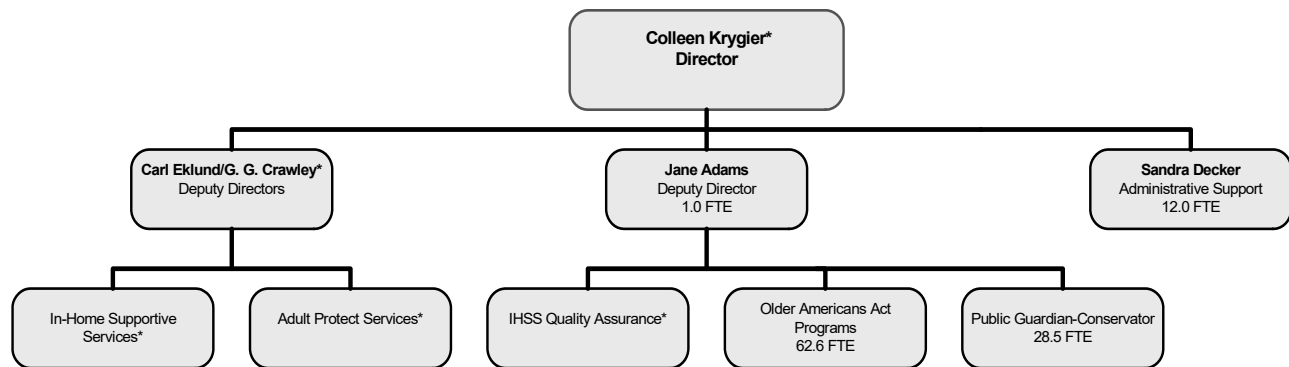

#### MISSION STATEMENT

The Department of Aging and Adult Services (DAAS) assists seniors, at-risk individuals and adults with disabilities to improve or maintain choice, independence, and quality of life so they may age in place in the least restrictive environment.

#### STRATEGIC GOALS

1. Assist at-risk adults to maintain independence and live safely in the least restrictive environment to promote their health, safety, and well being.
2. Ensure the safety and welfare of the at-risk adults and the elderly to improve or maintain quality of life.
3. Assist seniors to maintain choices and improve quality of life by increasing knowledge and awareness of available programs and assistance.
4. Ensure Public Guardian conservatees reside in appropriate settings and receive needed services.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

## Aging Programs

### DESCRIPTION OF MAJOR SERVICES

Senior programs are administered under the direction of the California Department of Aging and funding is provided under the Older Americans Act (federal) and Older Californians Act (state). The general fund component also partially supports the Elderly Nutrition and Family Caregiver programs. The major programs are:

- Senior Supportive Services that includes programs such as the Brown Bag, Senior Companion, and Adult Day Care Resource Center for persons 60 and over.
- Senior Information and Assistance that provides outreach and information and links to programs.
- Elderly Nutrition, which provides those age 60 and over nutritious meals in congregate settings and home delivered meals.
- Family Caregiver Program which provides services to caregivers – spouses, daughters, sons, grandparents, aunts, uncles, or neighbors – that have been providing care on an informal basis.
- Ombudsman Program which is mandated by federal and state law to identify, investigate and resolve complaints on behalf of long term care residents age 60 and over.
- Senior Community Service Employment Program, which provides part-time employment, services for persons age 55 and over, and includes on-the-job training, resume preparation and job location strategies.

Two primary programs that serve the elderly beyond those authorized by the Older Americans Act are:

- Multipurpose Senior Services Program (MSSP) which helps to prevent or delay placement in residential care by providing intensive case management to enable persons to remain safely in their own home.
- Linkages Program, which is a 'gap-filler' that helps persons at risk of being institutionalized who are not receiving other case management services.

### BUDGET HISTORY

In 2007-08, the budget was adjusted to reflect general fund financing from local cost instead of operating transfers in.

### PERFORMANCE HISTORY

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual
Appropriation	8,305,005	9,794,906	11,147,836	12,396,451	10,781,735

Local Cost	5,594	(9,209)	59	1,201,404	1,209,231
Budgeted Staffing				133.8	

Actual appropriation for 2007-08 is less than modified budget due to the termination of the National Association for Hispanic Elderly (NAHE) contract in the senior employment program. Departmental revenue is also less than modified budget due to the termination of the NAHE contract that resulted in less reimbursement funding.

Actual local cost share exceeded budgeted local cost target by \$7,827 due to an encumbrance that was not cancelled before the accounting books were closed for the fiscal year.

human services

Salaries and benefits of \$4,052,719 fund 75.6 budgeted positions and are decreased by \$1,246,158. This budget unit experienced an increase in budgeted staffing of 0.5 as a result of a technical change to the rounding of position numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions. Reduction of 58.2 positions is due primarily to the termination of the NAHE contract which provided a senior job training program and resulted in a staffing decrease of 44.7 positions. These training positions remained with the NAHE organization. Other reductions include 1.0 Public Service Employee, 6.4 Contract Senior Program Representatives, 6.1 Contract California Department of Aging, and 0.5 Contract Ombudsman Program Volunteer Coordinator for a net reduction of 14.0 positions. These reductions were originally offset by an increase of 0.4 DAAS Program Supervisor, 1.7 Senior Information and Referral Area Representative, 0.7 Social Service Aide, 0.8 Social Service Practitioner and 2.8 various contract positions for a net increase of 6.4 positions. The department also originally requested a review to reclassify a 1.3 Staff Analyst I to 1.3 Staff Analyst II, 0.7 Nutritionist to 0.7 Staff Analyst II, 0.7 Staff Analyst II to 0.7 Administrative Supervisor I, and 0.8 Administrative Supervisor II to 0.8 Administrative Manager. At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects the reduction of \$365,312 and 6.4 in budgeted staffing. Associated reimbursements and revenues were also decreased by \$365,312.

Services and supplies of \$5,934,354 include communication costs, service contracts for the various Aging programs (including the Nutrition program), mileage, Senior Health Fair costs, conference costs and training costs. The increase of \$107,088 is due primarily to an increase of \$149,516 in COWCAP and offset by a decrease of \$42,428 in various expenditures such as Risk Management charges and other professional services.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$63,525 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$778,005 represent Human Services administrative support, leased space cost, and services from Public Health for preventative and medication management programs as well as nutritionist services. The increase of \$49,366 is due primarily to leased space cost.

Reimbursements of \$713,953 represent payments from In-Home Supportive Services, Public Guardian and Public Authority for administrative and fiscal services. The increase of \$90,592 is due to additional fiscal services provided by DAAS to Public Guardian.

Federal and state aid revenue of \$8,923,676 includes funding under the Older Americans Act (federal) and Older Americans Act (state). The decrease of \$1,167,240 is the result of the termination of the NAHE contract as well as the anticipated reduction of revenue due to the change in the methodology in allocating one-time-only funds by the California Department of Aging.

## Public Guardian-Conservator

### DESCRIPTION OF MAJOR SERVICES

By court appointment, the Public Guardian-Conservator acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide for their own care. A conservator has the responsibility for the conservatee's care, custody and control. The conservator determines where the conservatee lives and ensures his/her daily needs are met. Conservatees must be placed in the least restrictive placement, which may include, but is not limited to the following: medical, psychiatric, nursing, or other licensed facility or state hospital, county hospital, or United States government hospital.

### BUDGET HISTORY

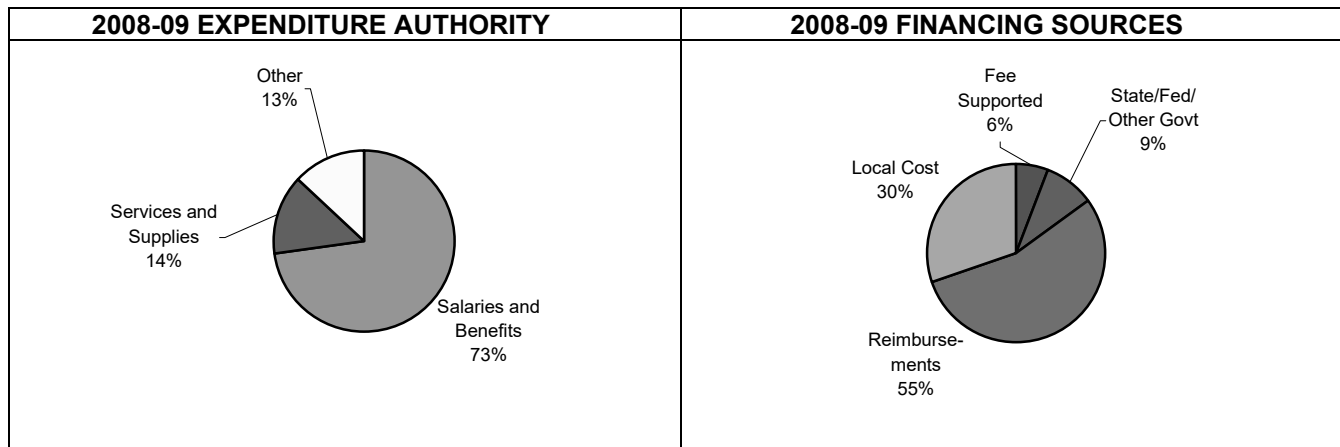

During 2004-05, Public Guardian-Conservator operations were transferred to Aging and Adult Services from the Public Administrator/Public Guardian/Conservator/Coroner. Appropriation and revenue were previously included as part of the Public Administrator/Public Guardian/Conservator/Coroner budget.

### PERFORMANCE HISTORY

Budgeted Staffing				30.0	

Actual appropriation for 2007-08 is less than modified budget due primarily to vacant positions. Actual departmental revenue for 2007-08 is greater than modified budget due to higher than anticipated Medical Administrative Activities revenue. This additional revenue combined with salary savings from vacant positions resulted in local cost savings.

Salaries and benefits of \$1,878,151 fund 28.5 budgeted positions and are decreased by \$111,833 due primarily to the reduction of workers' compensation charges and deletion of 1.0 Chief Public Guardian originally budgeted. The department also originally budgeted for a reclassification of a 0.8 Staff Analyst II to 0.8 Administrative Supervisor I due to reassignment of duties to a higher level of responsibility and additional employees to supervise. At the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects the reduction of \$101,083 and 1.0 in budgeted staffing. Associated reimbursements and revenues were also decreased by \$101,083.

Services and supplies of \$314,742 includes the cost of case management software maintenance charges, purchase of storage containers for conservatee personal belongings, computer hardware and software costs, property insurance costs for conservatee's real property, and vehicle services charges. The increase of \$56,992 is due to the purchase of computer hardware of \$14,000 and \$42,992 in other operational costs that includes mail services, printing services, and professional services.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$27,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$35,000 is for the purchase of a new truck for transporting conservatee belongings to the warehouse for storage.

Transfers of \$302,642 represent charges for lease space and administrative and technical support provided by Human Services Administration and Department of Aging & Adult Services (DAAS). The increase of \$48,371 is due primarily to the reallocation of facility lease costs to Public Guardian that was previously paid by DAAS.

Reimbursements of \$1,415,827 primarily represent payments from Department of Behavioral Health Realignment Funds for 47% of costs incurred for Public Guardian operations.

Federal aid revenue of \$232,917 includes claims for Medi-Cal Administrative Activities. The increase of \$12,917 is based on additional funding anticipated for reimbursement claims.

Current services revenue of \$152,000 includes Conservatee Estate Fees. The increase of \$28,982 is based on projected increases in clients' estate values.

CHILD SUPPORT SERVICES

Connie Brunn

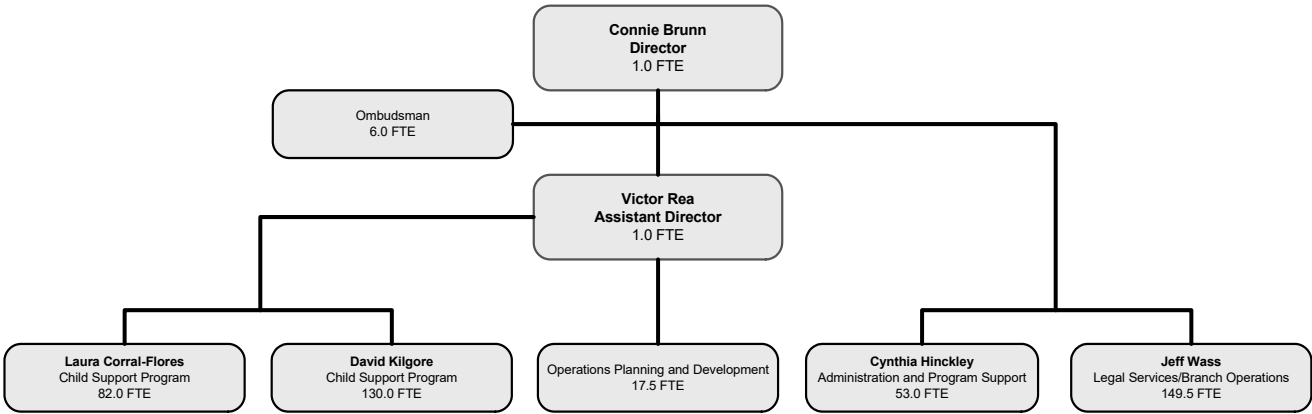

MISSION STATEMENT

The Department of Child Support Services determines paternity, establishes and enforces child support orders and secures payments to assist families in meeting the financial and medical needs of their children. We provide timely and effective service in a professional manner.

STRATEGIC GOALS

1. Improve Organizational Performance.
2. Improve Service Delivery.

ORGANIZATIONAL CHART

human services

## DESCRIPTION OF MAJOR SERVICES

The services provided by the Department of Child Support Services (DCSS) include the following:

- Locating parents to establish court orders for paternity, child and medical support.
- Enforcing court orders for child, family, spousal and medical support.
- Collecting child support payments.
- Maintaining records of payments paid and balances due.
- Modifying court orders when appropriate.

Additionally, DCSS offers services to assist customers with concerns that may arise in the progress of their case. The Ombuds program administers the Complaint Resolution process, through which customers have the opportunity to raise concerns with the processing of their case, pursue resolution, and obtain information about the child support program and their rights and responsibilities.

DCSS is dedicated to administering the program in a manner that puts the needs of the children first and foremost. The belief that working collaboratively with parents in understanding and meeting their obligations is a fundamental element in the success of this program.

Budgeted Staffing				452.0	

Actual appropriation for 2007-08 is less than the modified budget due primarily to a reduction of reimbursable costs for services provided by Human Resources and Human Services Administration. This reduction in expense correlates to less revenue reimbursement from the state.

Local cost share exceeded budgeted local cost target by \$31 due to an encumbrance that was not cancelled before the accounting books were closed for the year.

				Budgeted Staffing	452.0	440.0	(12.0)

Salaries and benefits of \$30,248,308 fund 440.0 budgeted positions and are decreasing by \$440,316. The department originally included the addition of 18.0 positions consisting of 1.0 Automated Systems Technician, 6.0 Child Support Officer I, 1.5 Fiscal Assistant, 1.0 Program Specialist I, 2.0 Secretary I, 1.0 Storekeeper, 1.0 Supervising Automated Systems Analyst II, 1.0 Child Support Attorney III, and 3.5 various other part-time positions budgeted to full-time positions. These increases were offset by the reduction of 12.0 positions consisting of 3.0 Child Support Officer II, 2.5 Office Assistant II, 2.0 Public Service Employees, 2.0 Child Support Assistants, and 2.5 various positions. The department also originally requested the reclassification of a Staff Analyst I to a Staff Analyst II due to higher level of responsibilities that will be assigned to this position. However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation reflects a reduction of \$1,375,645 and 18.0 in budgeted staffing. Associated reimbursements/revenues were also decreased by \$1,375,645.

Services and supplies of \$5,581,899 includes telephone services, mail services, process services to deliver legal documents, and other costs related to conversion to a new case management system. The increase of \$840,754 is due to \$425,643 in postage associated with conversion to the new case management system, \$336,692 in remodeling costs, and \$78,419 other operational costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$117,147 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$60,488 is for the purchase of five copiers.

Transfers of \$3,597,656 consists primarily of \$3,182,201 for lease payments of three Child Support facilities and human resource services costs. The decrease of \$155,240 is primarily due to reduced human resource services provided by a Human Resources Officer II in the amount of \$70,111 and a Human Resources Analyst I in the amount of \$59,100.

Use of money and property revenue of \$130,500 is new in 2008-09 for interest anticipated to be earned from the child support collection, distribution and health incentives trust funds.

State, federal, or governmental aid revenue of \$38,153,554 reflects a decrease of \$1,652,810 due to anticipated reductions in state and federal allocations.

Other revenue of \$1,798,500 is one-time funding from a closeout reconciliation of the child support and distribution trust fund approved by the state.

## HUMAN SERVICES – ADMINISTRATIVE CLAIM

### Linda Haugan

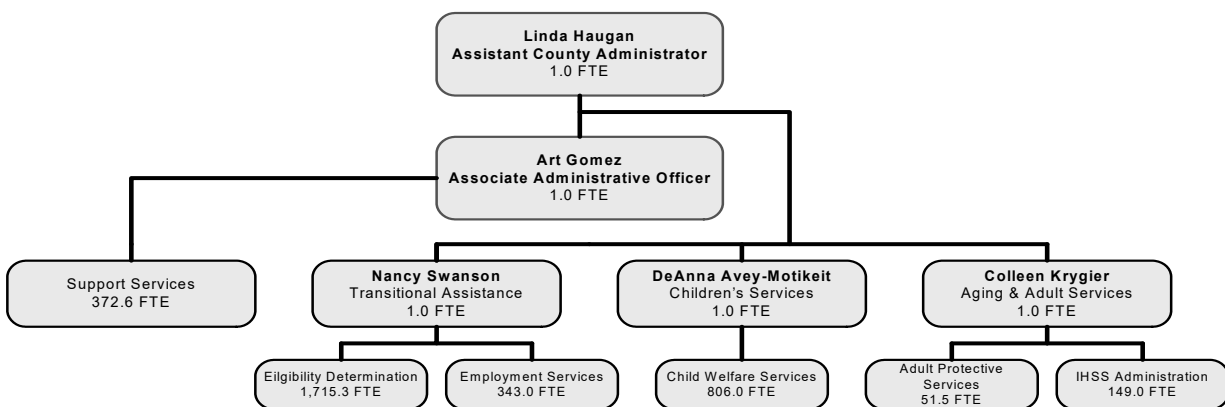

#### MISSION STATEMENT

Human Services works to build a healthy community by strengthening individuals and families, enhancing quality of life and valuing people.

#### STRATEGIC GOALS

1. TAD – Process critical and priority Medi-Cal Eligibility Determination System (MEDS) alerts within established standards.
2. TAD – Increase public awareness of the Food Stamp Program to enhance the health and quality of life in the communities served.
3. TAD – Increase the Work Participation Rate (WPR) of recipients receiving CalWORKs benefits to enhance their transition to Self-Sufficiency.
4. TAD – Maintain Food Stamp error rate proficiency to provide timely/accurate benefits to those in the community in need of assistance.
5. DCS – Develop alternative family settings by increasing the number of finalized adoptions.
6. DCS – Strengthen individuals and families by increasing the number of foster children in the Independent Living Skills Program who earn a High School Diploma or G.E.D.
7. DAAS – Assist at-risk adults and frail elderly to maintain independence and live safely in the least restrictive environment.
8. DAAS – Ensure the safety of at-risk adults and the elderly to improve or maintain quality of life.

#### ORGANIZATIONAL CHART

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

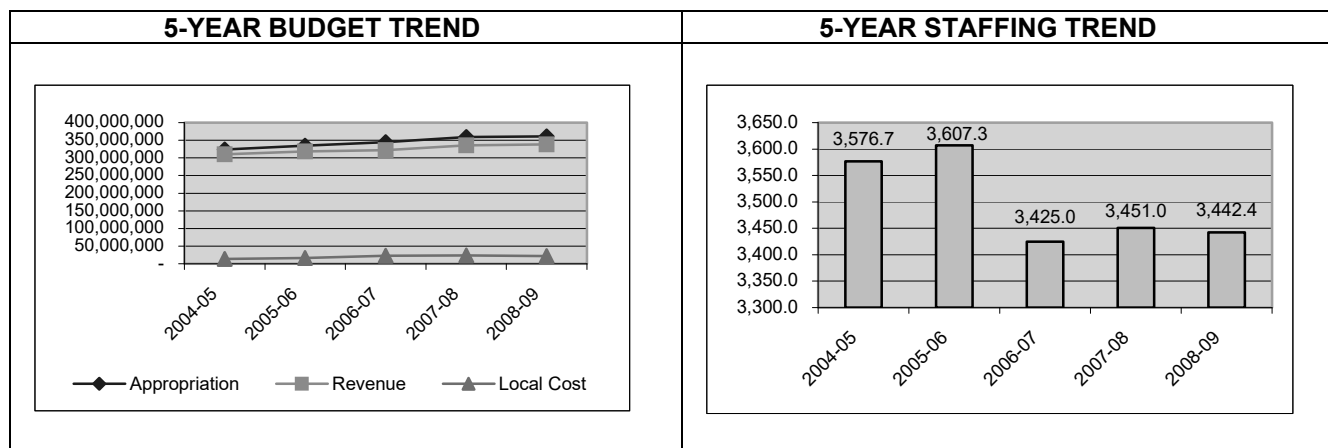

## Administrative Claim

### DESCRIPTION OF MAJOR SERVICES

This budget unit represents the administrative claim made by the county for social services programs under applicable mandatory federal and state regulations. Included are Transitional Assistance Department (Eligibility and Employment Services), Department of Children's Services (DCS), Adult Services programs of the Department of Aging and Adult Services (DAAS), and the administrative support and training functions provided by Human Services (HS) Administration and the Performance, Education and Resource Center (PERC). Also included are Children's Network, the Office of Homeless Services, and support of the county partnership with Children's Fund.

### BUDGET HISTORY

### PERFORMANCE HISTORY

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual

Budgeted Staffing				3,451.0	

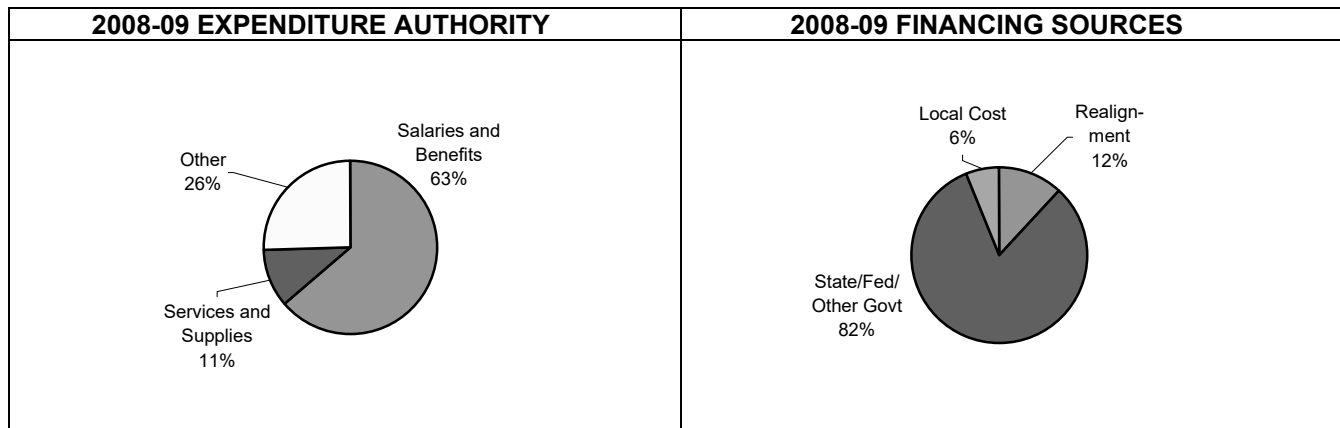

Actual appropriation in this budget unit for 2007-08 was \$8.1 million below modified budget. Significant variances from modified budget are:

- Salaries and benefits were \$8.0 million below modified budget. Continued attrition and continued inability to quickly fill positions, as they become vacant account for most of these savings. Funding uncertainties have also necessitated the use of more caution when addressing the need to fill vacancies in some classifications.
- The net of all other appropriation units was \$0.1 million below modified budget.

Actual departmental revenue for 2007-08 decreased as a result of the decrease in appropriation, yet was adequate to keep this budget unit within local cost target and realize Social Services Realignment fund savings of \$2.2 million.

**2008-09 Requirements**

This 2008-09 budget was prepared assuming that the state budget may result in funding reductions to social services programs. It is projected that many programs included in this budget unit may experience a decrease in funding. DCS and DAAS are expected to experience overall decreases to their respective allocations while TAD allocations could remain steady. Many legislative proponents of social services programs are currently working to maintain state funding at current levels but it is unknown what funding may be restored to these programs.

The state does not prepare allocations until after the state budget is approved; therefore, HS may not receive funding notifications until Fall of 2008.

HS strategy for 2008-09 is to hold staffing at current levels, increase appropriation as deemed necessary to support planned organizational changes and estimate revenues at a level required to support this strategy. Significant expenditures, whether for staff, services, supplies, equipment, or services to clients, have been curtailed until such time as the state budget process is complete and the effects on social services allocations are known. Any significant differences between this budget and actual allocations received from the state will be addressed in a mid-year budget adjustment, as needed.

Highlights of the changes between budget years are as follows:

### STAFFING

Funding uncertainties result in an effort to keep overall budgeted staffing levels at the same numbers approved in the 2007-08 final budget. Several classifications were reduced, while others were augmented, to fit the needs of the departments' program requirements and/or reorganization.

	TAD	DCS	DAAS	Support	Total
2007-08 Final Budget	2,064.25	816.00	207.00	363.75	3,451.00
2008-09 Final Budget	2,059.30	807.00	201.50	374.60	3,442.40
Difference between 2007-08 Final Budget & 2008-09 Final Budget	-4.95	-9.00	-5.50	10.85	-8.60

At the 2008-09 Budget Hearing, the Board of Supervisor directed the removal of new positions included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects a reduction of \$775,482 and 10.6 in budgeted staffing. Associated revenues and general fund financing were also decreased by \$775,482.

### APPROPRIATION

Total appropriation increased \$1.6 million from the 2007-08 final budget. Appropriation changes between budget years are as follows:

- Salaries and benefits of \$231.4 million fund 3,442.4 budgeted positions and are decreasing by \$8.0 million. Cost adjustments include elimination of the Workers' Compensation - Exp Mod, a reduction in Workers' Compensation Insurance costs and a decrease in payroll reimbursements.
- Services and supplies and central computer of \$36.8 million include expenses for county services, computer hardware, software, equipment, office supplies, insurance, postage, mail services, professional services, communications, training, security and miscellaneous operating costs. The net decrease of \$1.1 million is primarily due to:
  - Increases of \$1.2 million in COWCAP, \$0.8 million in non-inventoriable equipment, \$0.8 million in computer software and \$0.3 million for data processing.
  - Decreases of \$0.4 million in property insurance, \$0.4 million in presort & packaging and \$0.3 million in other miscellaneous classifications.
  - Reclassification of \$1.8 million of travel to a new appropriation unit.
  - Reclassification of \$1.0 million in office supplies and \$1.3 million in County Counsel charges to transfers.
- Travel is a new appropriation unit for 2008-09. The amount budgeted of \$2.4 million reflects anticipated travel costs in the areas of private mileage, air travel, lodging, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses that were previously budgeted in the services and supplies appropriation unit.
- Other charges of \$53.4 million include expenses for IHSS Provider payments, public assistance to clients, transportation and employment assistance to employment services clients and miscellaneous program services provided to clients. An increase of \$6.3 million is primarily due to increases in IHSS Provider payments required by increased caseloads and increases in transportation and ancillary assistance provided to employment services clients.
- Transfers and operating transfers out of \$38.5 million include reimbursements to other county departments for services provided to HS clients. An increase of \$3.0 million is primarily due to the reclassification of \$1.0 million in office supplies and \$1.4 million in County Counsel charges from the services and supplies appropriation unit and an increase of \$0.9 million in lease payments, and savings of \$0.3 million for other inter-departmental transfers.

- Reimbursements of \$2.8 million include payments from other county departments to HS for administrative support services provided as requested. An increase of \$1.0 million reflects an increased demand for HS administrative assistance to non-welfare departments.

### DEPARTMENTAL REVENUE

Funding from non-general fund sources increased \$2.9 million from the 2007-08 final budget. Revenue changes between budget years are as follows:

- Federal and state funding available for HS programs decreased \$2.8 million.
- A mix of miscellaneous revenue sources increased \$1.3 million
- The overall need for Social Services Realignment revenue increased \$4.4 million. The need for this increase is primarily a result of a \$3.3 million increase in IHSS Provider payments and the anticipated reduction in funding for other social service programs.

### LOCAL COST

Most HS programs are state and/or federal mandates. The county share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of local funding sources and revenue from the Social Services Realignment fund. The Social Services Realignment fund was created during the State Realignment process to offset local cost and is limited to use for designated social services programs. Changes to Social Services Realignment needs are as follows:

\* 02/03 Includes one-time need of \$4.6 million

In aggregate, the HS Administrative Claim budget unit includes a net reduction in local cost of \$1.2 million. This decrease was included in the local cost targets presented by the County Administrative Office and approved by the Board. All local cost figures are estimates and are dependent upon final allocations from the state after the state budget has been passed. HS will closely manage changes arising from the state budget. Significant changes will be addressed in a mid-year budget adjustment, as needed.

HS programs that are not state/federal mandates do not generate state or federal revenue and are funded with county general funds through HS. While these programs provide services that benefit HS in general, their functions do not qualify for state or federal reimbursement. These programs and their general fund impact are detailed below:

Changes by department are as follows:

### **TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)**

#### **STAFFING CHANGES**

Overall TAD program funding in 2008-09 is expected to decrease approximately \$5.3 million, primarily as a result of the elimination of available CalWORKS Improvement Project rollover funds, exhaustion of available CalWORKS Incentive funds and a reduction in the Food Stamp Employment Training (FSET) allocation. As a result of this reduction in funding, TAD is decreasing staffing by a net 4.95 budgeted positions. This decrease includes a reduction of 0.5 Eligibility Worker II, 3.0 Employment Service Technician and an aggregate of 1.4 miscellaneous budgeted positions due to rounding.

#### **PROGRAM CHANGES**

Management of staff resources will allow TAD to maintain service levels and continue to meet mandated performance requirements despite the funding decreases. Changes in CalWORKS funding continues to force TAD to continue to streamline its methods of service delivery while increasing the Work Participation rate for recipients receiving CalWORKS benefits.

### **DEPARTMENT OF CHILDREN'S SERVICES (DCS)**

#### **STAFFING CHANGES**

Although 2008-09 allocations are expected to decrease, staffing levels have been only slightly reduced in an effort to keep DCS in a position to respond if funding is restored in the state budget process. Therefore, DCS is reducing staffing by a net of 9.0 budgeted positions. This decrease includes a reduction of 2.0 Deputy County Counsel IV and 2.0 Executive Secretary II budgeted positions as a result of the movement of those positions to HS Administration and a reduction of 2.0 HSS Program Specialist I and 3.0 Community Advocate budgeted positions.

#### **PROGRAM CHANGES**

Although funding decreases are projected, program mandates require DCS to maintain a minimum level of services to clients. These services are provided in an effort to safeguard the well-being of children who reside within the county. Expenditures for services and hard goods are provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HS Administrative Claim budget unit.

### **DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)**

#### **STAFFING CHANGES**

Funding for IHSS Administration and Adult Protective Services programs are expected to decrease approximately \$0.7 million. As a result of this decrease in funding, DAAS is decreasing staffing by a net of 5.5 budgeted positions. This decrease includes a reduction of 1.5 Office Assistant II, 1.0 Office Assistant III, 1.0 Social Service Practitioner, 1.0 Supervising Social Service Practitioner, and 1.0 Social Service Aide budgeted positions.

## PROGRAM CHANGES

IHSS - Individual Provider costs. This is an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. Paid hours to IHSS providers in 2008-09 are expected to increase 5.6% over 2007-08. Also paid hours in 2007-08 are projected to increase by 10% over 2006-07 actuals. Local funding is required for the county share of the IHSS Individual Provider wages and benefits, and the operating costs of the IHSS Public Authority. An additional \$3.3 million of local funding is necessary due to projected caseload growth in 2007-08.

## SUPPORT DIVISIONS

### STAFFING CHANGES

Stagnant funding trends in prior years have forced HS Support divisions to reduce staffing by approximately 21.0 positions since 2004-05. The continuing need to provide ongoing administrative services to all programs within HS supports the net addition of 10.9 budgeted positions in 2008-09. This net increase is detailed as follows:

- County Counsel - Increase of 2.0 Deputy County Counsel IV and 1.8 Executive Secretary II budgeted positions as a result of movement of County Counsel positions from DCS to HS Administration.
- Office of Homeless Assistance - Increase of 2.0 HSS Program Specialist I, 1.0 Supervising HSS Program Specialist, and 1.0 Office Assistant II due to the addition of the Office of Homeless Assistance.
- Miscellaneous increase of 3.1 budgeted positions due to rounding.

The following chart provides an overview of the funding sources and local share requirements for the programs that are budgeted in the HSS Administrative Claim budget:

Remainder of Single Allocation for Stage 1 Childcare is \$41,912,123 (provider payments) and is accounted for in EITP budget.

All childcare totals are for administration only. The remainder of these allocations are budgeted within the EITP budget.

This is the fixed County MCE for Childcare Administration

Augmentation Funds shall be expressly used for Emergency Response, Family Maintenance, and Permanent Placement components of OAS and shall not be used to supplant existing OAS funds. These funds will be available only by exhausting the total OAS Basic allocation

This is the fixed County MCE for Adult Protective Services Administration \$223,897

IHSS Provider Payments - State pays providers and the county is only billed for its local share of costs.

IHSS medical benefits local match of \$500,000

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected

Transitional Assistance Department: Percentage of errors in calculating Food Stamp benefits.	3%	3%	3%	3%
Department of Children's Services: Annual percentage reduction in the number of children entering foster care.	2%	1%	6%	1%
Department of Children's Services: Percentage increase in foster youth graduating with a high school diploma or G.E.D.	3%	3%	18%	3%

**Performance Measure 4:** The Transitional Assistance Department Performance Measure #4, percentage increase in Food Stamp participation, increased by 31% rather than the projected 5%. Increases in the Food Stamp Program were significantly higher than anticipated, due in no small part to the overall economy. The availability of the Food Stamp Program to assist in meeting the needs of affected families, through the department's outreach efforts, also contributed to the increase.

**Performance Measure 8:** The Department of Children's Services Performance Measure #8, percentage of children exiting foster care with a high school diploma or equivalency, is greater than projected largely attributed to contracting with six Educational Liaisons whose primary responsibility is gathering foster youth credits for graduation. We are beginning to see a significant number of youth who would not have had the credits to graduate, get the credit for the work they have accomplished. In addition we hired four former foster youth during the past year as Public Service Employees, dedicating them to working with youth to better prepare them to exit the foster care system. Attention to their educational needs and requirements was stressed as a part of this effort and the greater than expected increase in the rate of youth exiting the system with a high school degree or it's equivalent one of the results.

## Domestic Violence/Child Abuse Services

### DESCRIPTION OF MAJOR SERVICES

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses. The child abuse prevention program is funded by a state grant, revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases. Revenues from the surcharges are deposited in special revenue funds and used to fund the contractors. These three revenue sources provide 100% of the funding for this program.

There is no county general fund contribution or staffing associated with this budget unit.

Local Cost	(4,906)	397	(53,384)	-	54,379

Actual appropriation for 2007-08 is \$481,963 less than modified budget. The total amount for contracts awarded was less than originally budgeted because contracts with some vendors were not renewed in 2007-08. Any remaining funds from the sale of marriage licenses, birth certificates and court-imposed fines will be held in reserve for future year's contracts.

Outstanding contract encumbrances were recorded as an expenditure accrual in 2006-07. It was later determined the amounts due were over-stated. As a result, insufficient revenue was recorded in 2007-08 leading to an overstatement of local cost. Local cost savings in other Human Services (HS) subsistence budget units was utilized to offset this overage and allow HS to remain within overall local cost targets.

Other charges of \$1,622,818 represent contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse.

The child abuse prevention program is funded by a state grant of \$656,812. Operating transfers in of \$966,006 represents revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases.

Each year, the department completes an analysis of the revenue from the state grant referenced above, court fines and surcharges on marriage licenses and birth certificates, as well as the estimated year-end fund balances. It has been determined that \$1,622,818 of this revenue will be available for domestic violence prevention and child abuse prevention contracts in 2008-09.

## Entitlement Payments (Childcare)

### DESCRIPTION OF MAJOR SERVICES

All childcare programs administered by the Transitional Assistance Department (TAD) are budgeted within this unit. This expanded program is one of the major programs of federal welfare reform and the resulting state CalWORKs program. The expanded programs are intended to fund childcare for CalWORKs recipients who are seeking employment or have obtained employment and continue through employment stabilization for a period of up to two years. This budget unit also incorporates the program that funds childcare for families in which the child is under the auspices of the Department of Children's Services and is at risk of parent abuse or neglect. Childcare provider payments are 100% federal and state funded through reimbursements by the state. Childcare provider payments are 100% federal and state funded.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services Administration budget unit.

Funding impacts to the childcare programs as a result of the state's final budget have required the department to manage childcare caseload so as to remain within the expenditure limitations of the allocations received from the state. Historically, information regarding allocations is received from the state in the latter part of the first quarter of the new fiscal year.

Actual appropriation for 2007-08 were \$8.8 million under modified budget due to changes in legislation that decreased the allowable amount reimbursed to childcare providers and the timing-out of recipients who have reached their five year limit for receiving aid.

Other charges of \$85.9 million represent payments to childcare providers.

Based on projections of the 2008-09 state budget, federally funded Stage 1 childcare is expected to increase by \$3.5 million or 8.5%. On July 1, 2008, the department successfully transitioned Stage 2, Stage 3 and CAPP Childcare to County Schools and other agencies due to a more efficient funding relationship with the California Department of Education (CDE). At the time the budget was developed, the actual transition date was uncertain and appropriation and revenue were not adjusted. In 2009-10, the department will adjust the budget to reflect the transition.

## Out-of-Home Child Care

### DESCRIPTION OF MAJOR SERVICES

This program provides assistance payments for room, board, and care for those children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens. Some of these children have serious emotional and medical problems, which increase the difficulty of locating appropriate facilities for their care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case. This program is 100% locally funded.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

### BUDGET HISTORY

### PERFORMANCE HISTORY

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual

Departmental Revenue	-	-	-	-	-
Local Cost	358,530	464,594	705,511	592,722	502,708

Appropriation for this budget unit is relatively inconsistent from month to month, depending upon the number of non-aided children placed in emergency shelter care.

In a continuing effort to reduce costs in this budget unit, Department of Children's Services (DCS) reviews cases and determines which cases may be funded with specific Child Welfare Services (CWS) funds and then retroactively transfers expenditures for those cases to the HS Administrative budget.

Actual appropriation for 2007-08 is \$90,014 below the modified budget due to average monthly caseload and average cost per case declining by 19% and 14% respectively. This is due to the Transitional Assistance Department (TAD) and DCS continued effort to study methods to reduce cases and costs. In May 2008, the appropriation for this budget unit was reduced by \$185,000 due to the caseload and average cost per case savings realized during the first eight months of the fiscal year. The \$90,014 savings was used to offset local cost overages in other HS subsistence budget units and allowed HS to remain within overall local cost targets.

No revenue is received for this program. It is funded entirely with local cost.

Local Cost	358,530	464,594	705,511	502,708	777,722	859,415	81,693

Other charges of \$859,415 represent payments for room, board, and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources, or those who are illegal aliens.

Total 2008-09 expenditures are projected to increase \$356,707 from 2007-08 actual levels, a 71% increase over the prior year's budget. The 2008-09 caseload is expected to increase based on the upward trend in caseload growth over the past 18 months and the current state of the economy. The increasing need for costly specialized services provided to children in this program is projected to increase the average cost per case approximately 3% above 2007-08 estimates.

## Aid to Adoptive Children

### DESCRIPTION OF MAJOR SERVICES

This program provides financial assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children, on whose behalf monies are paid, are either personally disadvantaged, physically handicapped or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget unit is funded approximately 41% federal, 44% state, with the remaining costs offset by revenue from the Social Services Realignment and local county general fund.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services Administration budget unit.

### BUDGET HISTORY

### PERFORMANCE HISTORY

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Actual
Appropriation	24,803,158	29,040,361	32,515,990	39,467,626	36,935,857
Departmental Revenue	23,791,527	27,528,291	30,721,439	37,580,473	35,048,704
Local Cost	1,011,631	1,512,070	1,794,551	1,887,153	1,887,153

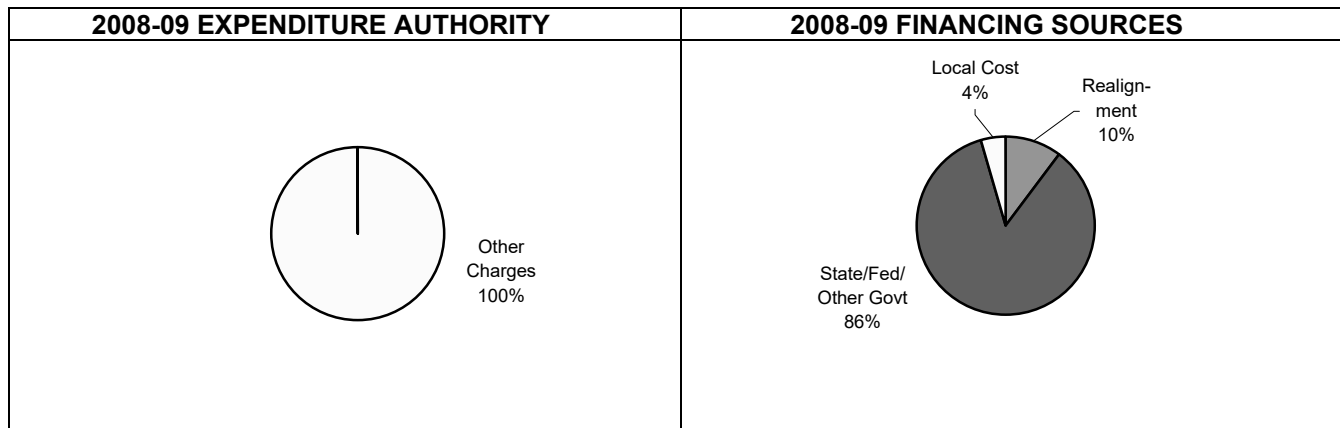

In the four-year period from 2004-05 through 2007-08, expenditures and revenue in this program have increased 49%. In that time, caseload has increased 39% and the average cost per case has increased 7%. The individual grant amounts can change from year to year based on the severity of the needs of each child. The growth in this program is attributed to state legislation, which became effective January 1, 2000. This legislation (AB390) encourages and promotes the adoption of eligible children. It requires that the county provide prospective adoptive families with information on the availability of benefits, as well as reimbursement for nonrecurring expenses in the adoption of an eligible child. There is no financial means test used to determine an adoptive family's eligibility for the program. Increased average cost per case is a result of the successful placement of more children with special needs and the higher costs associated with their care.

This program is 86% funded by federal and state revenue, with a 14% local share. The local share is funded with a combination of Social Services Realignment and the county general fund.

Actual appropriation for 2007-08 was \$2.5 million less than modified budget. This can be attributed to the fact that caseload increases and case costs both increased less gradually than projected. Less revenue was received than what was budgeted as a result of the lower expenditures, yet was sufficient to keep this budget unit within local cost targets.

Other charges of \$42.5 million represent assistance to adoptive parents who would otherwise not be able to provide for a child's special needs.

Appropriation is increasing by \$3.1 million over 2007-08 final budget. This increase is based on 52,477 total annual cases, a 13.5% increase over the 2007-08 budget and average monthly aid payments of \$811, a 5.0% decrease from the 2007-08 budget. Continued growth in caseload is due to the success of the aforementioned legislation.

State and federal revenue is increasing by \$2.5 million due to the sharing ratios of 50% federal, 36% state, and 14% local share.

The local share required for 2008-09 is \$6,266,094, an increase of \$529,970, (9.2%), over the 2007-08 budget. Of this amount, the general fund contributes \$1,887,153 and Social Services Realignment contributes \$4,378,941.

## AFDC – Foster Care

### DESCRIPTION OF MAJOR SERVICES

This program provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both the Department of Children's Services (DCS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federally eligible (federal) cases, the cost-sharing ratios are approximately 40% federal, 25% state, and 35% county.
- For non-federally eligible (non-federal) cases, the cost-sharing ratio is 40% state and 60% county.
- All county share-of-cost is mandated and is reimbursed from Social Services Realignment and the county general fund.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Local Cost	13,583,969	14,837,911	14,814,874	14,276,088	14,277,953

Foster Care has experienced a slow but steady decline in recent years, partly due to cases shifting from the Foster Care program into the Kin-Gap program. A decrease in the number of petitions filed also contributes to the caseload decline. As a result, actual appropriation was \$2.1 million below the 2007-08 modified budget.

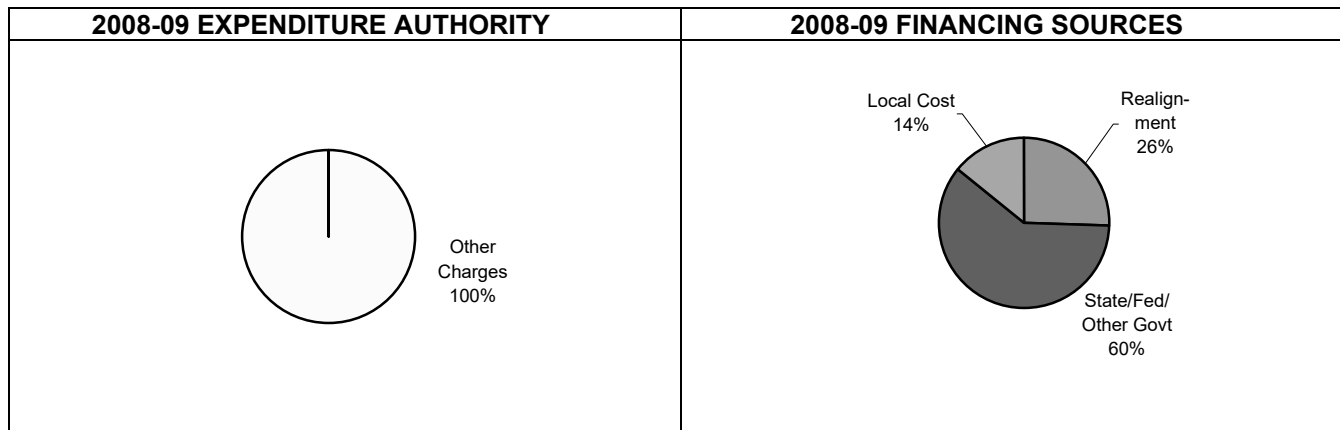

While federal cases and grant costs marginally decreased, non-federal cases and grant costs increased at a more rapid rate. These changes can be attributed to a change in the eligibility status of emergency assistance cases. In May 2007, the state reclassified them as non-federal cases. Previous to this change they were classified as federal cases but are now funded only by the state and counties.

The caseload decreases, along with additional revenue received due to adjustments made to the HS Subsistence Claim have resulted in a \$3.3 million savings in Social Services Realignment.

Late adjustments resulted in this budget unit exceeding local cost targets by \$1,865. Local cost savings in other HS subsistence budget units was utilized to allow HS to remain within local cost targets.

Other charges of \$94.4 million represent aid payments for children living in foster homes and group-care facilities. The \$9.4 million increase is due to anticipated over-all caseload and grant increases. Included are expenditures of \$1.2 million for the Transitional Housing Program-Plus that will be used for support services for youth exiting foster care. This program is 100% state funded.

Foster Care caseload has experienced a decline in recent years, partly due to cases shifting from the Foster Care program into the Kin-Gap program. This decline has stabilized and is projected to increase 5% in 2008-09.

Effective January 2008, the Governor approved a 5% Cost of Living Adjustment (COLA), therefore the average grant is projected to increase 5% in 2008-09. It is unclear whether this COLA will be rescinded in 2008-09.

Departmental revenue is projected to increase \$10.1 million due to increasing caseload and grant costs.

Despite the anticipated caseload, the projected revenue increase should be sufficient to result in net local cost savings of approximately \$0.7 million. This local cost savings will be utilized in other HS Subsistence Budget units to enable HS to remain within local cost targets, overall.

## Refugee Cash Assistance

### DESCRIPTION OF MAJOR SERVICES

This program provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKS programs. This program is 100% federally funded and open-ended.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Local Cost	1,409	1,273	(1,449)	-	(4,659)

Actual appropriation in this program for 2007-08 is 62% under modified budget. Appropriation fluctuates from year to year due to the eight-month time limit of this program and the number of refugees who enter the county each year who do not meet the requirements for other assistance programs.

Departmental revenue for 2007-08 exceeded appropriation by \$4,659 due to the flow of reimbursement from the federal government that fluctuates from year-to-year. These savings were utilized to offset local cost overages in other HS subsistence budgets to allow HS to remain within overall local cost targets.

Other charges of \$100,000 represent payments to refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKS programs. Appropriation of \$100,000 allows sufficient contingencies to serve clients if there is an influx of refugees into the county who do not meet the requirements for other assistance programs.

This entitlement program is 100% federally funded.

## Cash Assistance for Immigrants

### DESCRIPTION OF MAJOR SERVICES

This program, under AB-2779, provides cash assistance to aged, blind and disabled legal immigrants who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998 and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services Administration budget unit.

Local Cost	(611)	5,236	961	-	977

Actual appropriation for this program for 2007-08 is \$541,347, or 11%, less than modified budget. Caseload in this program continued to decline at a rate that has averaged 8% per year for the past 5 years. The caseload decline is due to clients moving into the federal SSI/SSP program. Even though the average grant cost has increased 7%, this caseload decline has resulted in an overall decline in expenditures.

Other charges of \$623,764 represent payments to legal immigrants who meet the SSI/SSP immigration status requirements.

For 2008-09, appropriation for this program is \$12,510 more than the 2007-08 budget year. This reflects the actual historical caseload decline and average increase in grant costs from the prior five fiscal years.

This is a 100% state funded program.

## CalWORKs – All Other Families

### DESCRIPTION OF MAJOR SERVICES

This budget unit provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal and state governments reimburse 97.5% of the costs for this program. The mandated local share of 2.5% is funded with county general fund.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Local Cost	4,141,793	4,741,422	4,170,066	4,359,009	4,455,972

Actual appropriation for this program for 2007-08 was less than modified budget by \$0.9 million or 0.4%.

In May 2008, appropriation, revenue and local cost targets were increased to accommodate rapidly escalating expenditures being experienced due to unanticipated, dramatic increases in caseload. This increase is reflected in the modified budget. It is believed that the slowing economy is the impetus behind this increase. The average cost per case also increased because of an increase in the number of persons per case and a decrease in the average income per case. Additionally, an unbudgeted 3.7% Cost of Living Allocation (COLA) was applied to CalWORKs grants for two months effective July 1, 2007. This COLA was paid to clients until the state budget was approved in August 2007. The state budget rescinded the COLA and it was discontinued effective September 1, 2007.

Revenue increases realized as a result of increased expenditures were slightly less than anticipated and this budget unit exceeded the modified local cost target by \$96,963. Local cost savings in other HS Subsistence budget units allow HS to remain within local cost targets, overall.

Other charges of \$228.2 million represent assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families.

Until the economy recovers, the caseload increases experienced in 2007-08 are expected to continue into 2008-09. A decrease in the average income per case is also expected to continue, resulting in the need for increased financial assistance. Caseload is projected to increase by 6% and cost per case is projected to increase by 2% over 2007-08 actuals.

Federal and state funds account for \$222.5 million or 97.5% of the revenue for this program. Current services or child support collections represent \$687,991 and are expected to remain the same. The mandated local share of \$5.0 million or 2.5% is funded by the county general fund.

The increase of expenditures and revenues will result in additional local cost of \$908,630 over 2007-08 Final Budget.

## Kinship Guardianship Assistance Program

### DESCRIPTION OF MAJOR SERVICES

This federal program was implemented January 1, 2000. It provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-GAP program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest.

The federal and state governments reimburse approximately 82.5% of this program. The remaining 17.5% mandated local share is funded by the county general fund.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Local Cost	548,611	528,950	712,007	837,443	888,781

Actual appropriation for 2007-08 is \$1.6 million less than modified budget due to lower than projected caseload growth. Although the number of cases in 2007-08 was 9% higher than the prior year, 2007-08 caseload was 19% lower than budget. Fewer children have entered this program than was projected when the budget was prepared.

In March 2007, the state implemented an enhancement to this program, KinGap Plus. This enhancement includes a Specialized Care Increment (SCI) and clothing allowance. Implementation of the program has progressed more slowly than projected, further contributing to the lower than budgeted expenditures.

Local cost exceed modified local cost targets by \$51,338. Local cost savings in other HS Subsistence budget units were utilized to offset this overage and allow HS to remain within overall local cost targets.

Other charges of \$6.2 million represent subsidies paid to relative caregivers of children who leave the juvenile court dependency system to live with a relative legal guardian. Despite the Department of Children's Services' continuing efforts to expand the KinGap Plus program, the movement of children into this enhanced program has expanded more slowly than anticipated. As a result, 2008-09 appropriation will decrease 12% from 2007-08 levels.

Departmental revenue of \$5.1 million represents reimbursements received from Federal, State and Child Support collections.

Due to the reduction in appropriation, local cost is expected to decrease \$61,176 from 2007-08. Projected local cost needs in other HS subsistence budget units will be used to offset this decrease in local cost in an effort to keep HS within local cost targets, overall.

## Seriously Emotionally Disturbed

### DESCRIPTION OF MAJOR SERVICES

Assembly Bill 3263 requires Human Services (HS) to pay out-of-home costs for seriously emotionally disturbed (SED) children. The SED children under this program are referrals from the county's school districts whom have not been abused or neglected and are placed out-of-home pursuant to an individualized education program (IEP). These clients are referred to the Department of Behavioral Health (DBH) whom has case management and supervision responsibility. This budget includes an expenditure offset of \$225,000 from DBH for clients placed in residential facilities outside of California. This budget unit is funded 40% by the state with the remainder funded from Social Services Realignment and a county general fund contribution.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services Administration budget unit.

Actual appropriation for 2007-08 was 4.5% less than modified budget. Caseload increased 19% and the average grant increased 6% from the prior year. The increase in the average grant is attributed to the placement of clients in more costly in-state group homes rather than out-of-state group homes. DBH is required to reimburse HS only for clients placed in out-of-state group homes.

Other charges of \$5.0 million represent payments for out-of-home costs for SED children.

In 2008-09, program costs will increase over actual 2007-08 expenditures due to increased caseload and higher costs associated with out-of-home care. It is projected that this program will surpass the expenditure levels from the prior year's budget by \$238,388. Additional revenue of \$95,355 is projected while local share is projected to increase \$143,033. The local share increase will be funded with an additional \$100,123 in Social Services Realignment and \$42,910 in county general fund contribution.

This budget is funded 40% by the state with the remainder funded from Social Services Realignment and a county general fund contribution.

## CalWORKs – 2 Parent Families

### DESCRIPTION OF MAJOR SERVICES

This program provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parents are excluded from, or ineligible for, CalWORKs. The federal and state governments reimburse 97.5% of the costs for this program. The mandated local share of 2.5% is funded with county general fund.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Actual appropriation for this program for 2007-08 was less than modified budget by \$18,257, only 0.1%.

In May 2008, appropriation, revenue and local cost targets were increased to accommodate rapidly escalating expenditures being experienced due to unanticipated, dramatic increases in caseload. This increase is reflected in the modified budget. It is believed that the slowing economy is the impetus behind this increase. The average cost per case also increased because of an increase in the number of persons per case and a decrease in the average income per case. Additionally, an unbudgeted 3.7% Cost of Living Allocation (COLA) was applied to CalWORKs grants effective July 1, 2007. This COLA was paid to clients until the state budget was approved in August 2007. The state budget rescinded the COLA and it was discontinued effective September 1, 2007.

Revenue increases realized as a result of increased expenditures were slightly more than anticipated and resulted in a \$57,628 local cost saving. This local cost savings was used to offset local cost overages in other HS Subsistence budget units and allowed HS to remain within overall local cost targets.

Other charges of \$24.9 million represent assistance payments to all cases identified as having two parents in the home or in which the parents are excluded from or ineligible for CalWORKs.

The dramatic caseload increases experienced in 2007-08 are expected to continue into 2008-09 and beyond, until the local economy recovers. A decrease in the average income per case is also expected to continue, resulting in the need for increased financial assistance. This budget unit projects a 13% caseload increase and a 10% increase in the cost per case over the 2007-08 actual numbers.

Federal and state funds account for \$24.2 million or 97.5% of the revenue for this program. Current services or child support collections of \$30,000 assist in financing this program. The mandated local share of \$604,465 or 2.5% is funded by the county general fund.

The increase of expenditures and revenue will result in additional local cost of \$252,598 over 2007-08 Final Budget.

## Aid to Indigents (General Relief)

### DESCRIPTION OF MAJOR SERVICES

The county is mandated to provide subsistence in the form of cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and provide interim assistance pending receipt of Social Security Insurance (SSI) benefits. Services and supplies consist of a fixed amount contract with a law firm to assist clients in preparing applications for SSI benefits. Revenue under this program represents retroactive SSI payments, which the county receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administration budget unit.

Local Cost	939,476	735,884	762,681	914,556	861,335

Actual appropriation for 2007-08 was \$31,704 less than modified budget due to caseload increasing at a slightly slower rate than projected. This increase in caseload is being driven by a slowing local economy. Additionally, more fees are being paid to the legal advocacy agency, which has been more aggressively referring clients to SSI.

Actual departmental revenue for 2007-08 was \$21,517 more than modified budget. The revenue collection represents retroactive SSI payments the County receives as reimbursement from eligible indigents prior to their enrollment in SSI.

Expenditure savings and additional revenue collections resulted in local cost savings of \$53,221 in this budget unit. These savings were used to offset local cost overages in HS Subsistence budget units and allowed HS to remain within overall local cost targets.

Services and supplies of \$50,000 represent a fixed contract with a law firm to assist clients in preparing applications for SSI benefits.

Other charges of \$1.4 million represent cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs.

With no foreseeable end to the local economic situation, caseload is projected to increase by 26% from the prior budget year while the average monthly grant per case is projected to remain constant. For this reason appropriation levels will increase from the 2007-08 budget.

Other revenue of \$451,134 represents retroactive SSI payments the county receives as reimbursement from eligible indigents prior to their enrollment in SSI and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

As a result of continuing caseload growth, local cost is expected to increase by \$179,080 to \$1,018,636.

## PRESCHOOL SERVICES Ron Griffin

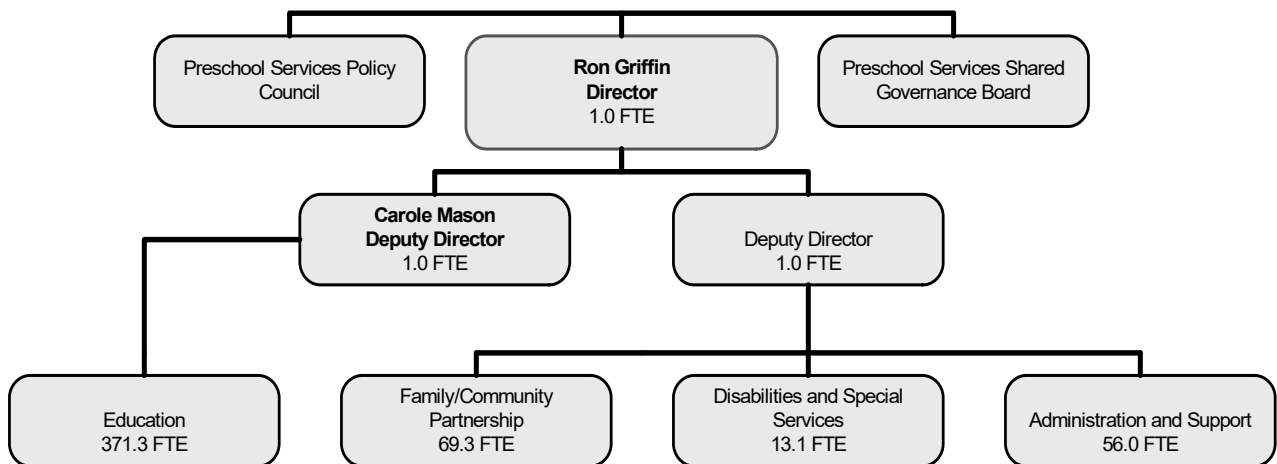

### MISSION STATEMENT

Preschool Services provides a foundation for success for children by giving them the highest quality child development and family support services.

### STRATEGIC GOALS

1. Achieve school readiness of enrolled children to ensure they are making progress toward positive outcomes as required by the Desired Results Developmental Profile Revised Program (DRDP-R) which will improve the quality of life for county children and their families involved in this program.
2. Increase parent and community satisfaction rate to enhance the well being of county families involved in this program.
3. Maintain enrollment levels necessary to meet federal and state requirements.

### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Preschool Services Department (PSD) has administered child and family development programs in San Bernardino County since 1965. These programs include the Federal Head Start program, the State of California Department of Education's State Preschool program, General Child Care, Child and Adult Care Food Program, and new Pre-Kindergarten and Family Literacy program. As the agency's primary funding source (84%), the Head Start program incorporates a dual approach to the well being of both children and families. PSD has five delegate agencies that provide the same type of services to children and families.

PSD programs primarily serve low income and disadvantaged families with children ages 3-5. The target population also includes children in foster care, those who are homeless and children with special needs and/or disabilities that would have no access to preschool without our program. Eligible families have several options for enrollment, such as Center Based Part Day, Full Day, Extended Day, and Home Based.

Departmental revenue for 2007-08 is less than modified budget primarily due to rate decreases for Worker's Compensation Insurance and a decrease in food service contract expenses. Also, a decrease in reimbursable program expenses contributed to less federal and state funds being received.

Salaries and benefits of \$21,983,640, which is a decrease of \$964,652 from the prior year, funds 512.7 budgeted positions. Cost decreases included \$233,050 in workers compensation charges and the remaining cost decrease is due to staff reductions which total a net 15.2 budgeted positions. Changes in staffing are the result of several factors. The first being the addition of 7.8 positions as a result of a technical change made to the rounding of position numbers to one decimal place in the county's budget system. Furthermore, due to continued flat federal funding, this department must annually re-evaluate their staffing requirements. As a result of this evaluation, the department reorganized and deleted 59.7 positions and added 36.7 positions. Deletions consisted of 31.3 contract positions, 9.7 extra help positions, and 18.7 regular positions. Additions include 32.2 contract positions, and 4.5 regular positions. These position changes maintain core administrative staff and key contract positions. The department is also requesting to reclassify a 0.9 Office Assistant III to a 0.9 Office Specialist, 0.9 PSD Program Supervisor to a 0.9 Staff Analyst I, 0.9 Nutritionist to a 0.9 Supervising Public Health Nutritionist, and 0.9 Program Specialist I to 0.9 Program Specialist II. Department reorganization and higher level of responsibilities require that these positions be reclassified.

Services and supplies of \$5,863,287 include program, classroom and office supplies, general maintenance, COWCAP, insurance, and other costs associated with the operations of a child development program. The decrease of \$145,939 is primarily due to realignment of travel in the amount of \$110,000 to a new appropriation unit and \$35,939 in various general expenses.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$220,600 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$8,866,542 represent payment for transportation, food and delegate agency service contracts. The increase of \$2,218,109 consists of an anticipated increase in transportation services' rates of \$400,000; food services, \$240,292; and delegate agency contracts, \$1,577,817.

Transfers of \$3,114,992 represent charges from other departments for employee relations, Employee Health and Productivity program, and employment and recruitment services. Charges also includes lease payments for the departments various site locations. The increase of \$59,077 results primarily from Human Services for administrative support and information technology services.

Current services of \$39,931,157 includes revenue from Administration of Children and Families - Head Start and Department of Education State Preschool, General Child Care, Child and Adult Care Food Program, San Bernardino Valley College School Readiness program and the new Pre-Kindergarten and Family Literacy program. The increase of \$764,699 is primarily the result of the new Pre-Kindergarten and Family Literacy contract and inclusion of the San Bernardino Valley College School Readiness grant.

Other revenue of \$101,000 is from San Bernardino Valley College to fund operational costs for an additional day of preschool services at the Rialto Eucalyptus Preschool site.

## VETERANS AFFAIRS

### Bill J. Moseley

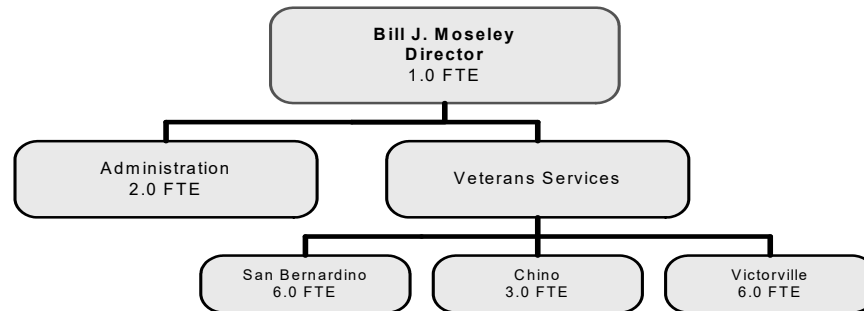

#### MISSION STATEMENT

The Department of Veterans Affairs promotes veteran's rights, veteran's issues, and access to services and benefits. It works with community organizations, local, state, and federal agencies to identify and obtain benefits for all veterans and their families.

#### STRATEGIC GOALS

1. Emphasize higher standards of customer service that will promote the health, well being, and quality of life to all county veterans.
2. Promote staff training and development in accordance with state and national training standards in order to meet Continuing Education Unit (CEU) requirements and to maintain United States Department of Veterans Affairs (USDVA) accreditation. This training will enable staff to effectively communicate to all county veterans the availability of services that will enhance their health, well being, and quality of life.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

San Bernardino County Department of Veteran's Affairs strives to provide information and assistance to residents in filing claims for benefits and services to which they may be entitled from federal, state, and local governments. These benefits include medical care, life insurance, home loans, pension benefits, disability compensation, education, and vocational rehabilitation. Services provided to veterans include claims assistance, information and referral to other programs, advocacy, and outreach.

Salaries and benefits of \$1,346,923 fund 18.0 budgeted positions and are being increased by \$37,646 primarily due to Workers' Compensation charges of \$17,000 and \$20,646 for the reclassification of three Veterans Service Representative II's approved in mid-year of 2007-08.

Services and supplies of \$55,579 include normal operating costs for telephone, mail and office supplies. The decrease of \$38,155 is necessary to finance the increased salaries and benefits costs mentioned above.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$4,026 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

State and federal aid revenue of \$349,250 consists of \$145,000 from state subvention, \$137,500 from California Medical Cost Avoidance, and \$66,750 from the state for reimbursement of services provided at the Barstow Veterans Home. A total increase of \$12,750 is anticipated from all three funding sources.

## Drug Court Programs

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for administrative support and treatment costs for the Drug Court Programs. Funding is from grant revenues and from reimbursements by Alcohol and Drug Services of the Department of Behavioral Health.

There is no staffing or local cost associated with this budget unit.

Services and supplies of \$575,548 include general office expenses, professional and specialized services, administration and medical expenses.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$13,400 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Reimbursements of \$431,518 represent payments from other county departments, including Alcohol and Drug Services and Children's Services, to pay for grant activities. The increase of \$168,934 reflects a shift in the reporting of funding for certain program activities from revenue to reimbursement.

Other revenue of \$157,430 reflects grant revenues received directly into this budget unit.

## Grand Jury

### DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Their responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's office. Funding in this budget unit covers members' stipends, office supplies, administrative staff, and other support costs.

Until 1998, there was one staff member associated with this budget unit. When the Superior Court became a separate entity, this Grand Jury Assistant became a Court employee and costs for duties performed by the staff member are now reimbursed to the Court through a transfer accounted for in Agency Administration costs.

There is no staffing associated with this budget unit.

Services and supplies of \$381,384 include professional and specialized services, administration and office expenses and juror fees. The Grand Jury anticipates seating four Special Grand Juries during 2008-09.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$7,200 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

The increase in local cost of \$45,343 is primarily due to an increase in juror fees.

## Indigent Defense Program

### DESCRIPTION OF MAJOR SERVICES

The Indigent Defense Program pays for court-appointed adult indigent criminal and juvenile delinquency legal representation services for clients the Public Defender does not represent, and for Public Defender investigator and expert expenses on death penalty cases. The program administers attorney service and alternate dispute resolution contracts, monitors appointed caseloads and expenditures, and reports to the County Administrative Office.

There is no staffing associated with this budget unit.

Services and supplies of \$8,983,413 finances contracts for court appointed attorney, investigator and expert services for adult indigent criminal and juvenile delinquency legal representation.

In 2007-08, a competitive request for proposal was sent out for adult indigent defense representation. As a result, new three-year contracts with increased fee schedules will be effective July 1, 2008. A potential exists for costs to increase in 2008-09 due to the new fee schedule and/or the number of cases that are referred to this program. In the event this program experiences an increase in the number of cases that are referred, additional funding may be requested from the Board of Supervisors.

Transfers of \$300,000 represent funds for expert witness fees and investigative costs.

Current services revenue of \$125,000 is included in the 2008-09 budget based on the consistency in receipt of client payments for appointed juvenile delinquency representation for the past several fiscal years.

## Court Facilities/Judicial Benefits

### DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. Additionally, as of June 30, 2007, three facilities have been transferred to the State pursuant to the Trial Court Facilities Act of 2002, SB 1732. June 30, 2007 is the sunset date for this legislation. However, negotiations between the state and county continue in order to affect the transfer of the remaining court facilities to the state.

This budget unit was established in 1997-98 to appropriate funds to cover expenses related to those facilities not yet transferred (including general custodial and maintenance and property insurance), and local judicial benefits (designated as other charges in the budget).

There is no staffing associated with this budget unit.

Despite the sunset of SB 1732, the state and county continue to negotiate for the transfer of the remaining court facilities to the state over the next few years. As each facility transfers, appropriate adjustments in this budget unit will be included in the items brought to the Board of Supervisors.

Services and supplies of \$342,142 include costs for property insurance. The decrease of \$82,017 is due to the shift in the reporting of grounds and general maintenance as transfers to Facilities Management.

Other charges of \$1,398,700 represent payment of judicial benefits. The 2008-09 budget now includes payments of judicial benefits for 71 judgeships, all appointed prior to January 1, 2008. According to the county's agreement with the Superior Court, new judges authorized and appointed after January 1, 2008 do not receive these benefits. The annual amount per judge is approximately \$19,700.

Transfers of \$134,722 reimburse the Sheriff's department for security services at the Fontana Court, as well as payment to Facilities Management for general custodial and grounds maintenance.

## Court Facilities Payments

### DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California. The County must pay the State the amount that the County historically expended for the operation and maintenance of each court facility. This budget unit was established in 2006-07 to budget and track these payments. There are twenty-seven facilities to be transferred with an estimated timeline of two years to fully complete the transfers.

There is no staffing associated with this budget unit.

## Trial Court Funding – Maintenance of Effort (MOE)

### DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. In return, the state allowed the counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be shared equally between the state and the county. Of the remaining one half of excess revenue retained by the county, 25% is transferred to the Courthouse Facility special revenue fund to assist with costs of the seismic retrofit/remodel of the central courthouse.

The county's historical MOE contribution of \$28,390,295 was made up of two components. The expenditure component of \$20,227,102 represented the adjusted 1994-95 county expenses for court operations and the revenue component of \$8,163,193 was based on the fine and forfeiture revenue sent to the state in 1994-95. The revenue component has been reduced to \$3,325,704 in 2006-07 due to legislation enacted in recent years. Therefore, the county's current MOE contribution is \$23,552,806.

Other legislation mandated that beginning in 2003-04, all California counties contribute an additional payment to the state toward court funding. The payment was intended to help the state during its budget crisis and was in lieu of the state taking counties' various undesignated revenues, which would be a much higher amount. San Bernardino County's share of the undesignated fee transfer obligation was \$727,264 in 2005-06, \$545,499 in 2006-07 and \$363,632 in 2007-08. 2008-09 is designated as the final year that this fee transfer obligation payment will be made by the counties.

There is no staffing associated with this budget unit.

Other charges of \$34,036,490 represent the estimated payment to the state in 2008-09 for the county MOE contribution, the undesignated fee transfer obligation and the state's 50% share of excess revenues. This number is higher than the prior year due to an anticipated increase in fines and forfeitures collections.

Operating transfers out of \$1,700,000 reflect the transfer of 25% of the county's share of estimated excess revenues to the Courthouse Facility special revenue fund.

Revenue collections are expected to increase based on recent growth trends to a total of \$25,110,000. Fines and forfeitures include revenues from traffic and criminal fines as well as penalty assessments. Current services revenue includes vital statistic fees, civil filing fees, traffic school, and recording fees.

## Courthouse Facility – Excess 25%

### DESCRIPTION OF MAJOR SERVICES

Funding in this special revenue budget unit comes from 25% of the county's 50% share of excess fines collected above the county's revenue maintenance of effort obligation to the state associated with Trial Court Funding and is slated to be used for the Central Courthouse seismic retrofit/remodel project.

There is no staffing associated with this budget unit.

Operating transfers in of \$1,700,000 are increasing by \$250,000 to reflect current trends in the collections of excess fines.

## Courthouse Seismic Surcharge

### DESCRIPTION OF MAJOR SERVICES

Funding in this special revenue budget unit comes from a \$35 surcharge on civil filings as authorized by Government Code section 70624. Surcharge revenues are slated to be used for the Central Courthouse seismic retrofit/remodel project.

In June 2007, the county privately placed \$18.4 million of revenue bonds for courthouse improvements. All \$35 civil filing fee surcharge revenues received by the county subsequent to June 29, 2007, and any interest earnings thereon, are pledged to the payment of the bonds. All pledged revenues are remitted monthly to a trustee acting on behalf of the owners of the bonds.

There is no staffing associated with this budget unit.

### BUDGET HISTORY

Prior to 2005-06, this surcharge revenue was accounted for in two separate special revenue funds – one fund for filings involving issues greater than \$25,000 and one fund for filings involving issues less than \$25,000 - because separate legislation authorized each category. The surcharge is now codified in the same Government Code section and this separation is no longer necessary. These revenues are now combined into one budget unit.

Fund Balance				13,161,410	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year.

For 2007-08 all civil filing fee revenue received after June 29, 2007, plus associated interest, was transferred to the trustee bank pursuant to the terms of the bond issue. This amount totaled \$2,502,914. Amounts in the fund representing civil filing fee revenue received prior to June 30, 2007, plus associated interest, are not pledged to the bond issue and was transferred to a capital improvement fund established for the courthouse seismic retrofit project. This amount totaled \$12,985,810.

Use of money and property is the estimate of interest earnings for 2008-09.

Current services revenue of \$2,352,000 represent estimated collections of civil court fees.

## Alternate Dispute Resolution

### DESCRIPTION OF MAJOR SERVICES

The Dispute Resolution Programs Act of 1986 authorizes the establishment and use of local dispute resolution services as an alternative to formal court proceedings. The county presently receives \$8 per civil filing fee which funds contracts for mediation services for small claims and unlawful detainer actions and certain settlement conferences, complex civil cases, and monetary matters in family law cases in the Superior Court. In accordance with the county's annual agreement with Superior Court, the court administers these contracts and pays the contractors directly from this budget.

There is no staffing associated with this budget unit.

Services and supplies of \$692,554 represent costs related to the contracts for mediation services. The decrease of \$41,326 is based on a decrease in available fund balance.

Current services revenue of \$478,000 represent collection of civil filing fees. State aid of \$125,000 reflects contributions from the Superior Court to offset any expenditures not fully covered by receipt of civil filing fee revenue.

## Registration Fees

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the \$25 fee assessments that were collected from indigent defendants prior to the implementation of AB 3000. Prior to the passage of AB 3000 in 2002, existing law allowed the Board of Supervisors to determine the order of priority in which disbursements are made from funds provided by payments on criminal fines and fees. AB 3000 required the Board of Supervisors to mandate the following order of priority for disbursement of fines and fee revenue: (a) restitution to the victim; (b) the 10% state surcharge; (c) fines, penalty assessments, and restitution fines, in an amount for each that is proportional to the total amount levied for all of those items; and (d) other reimbursable costs.

Simply put, AB 3000 imposed priorities for the distribution of funds collected. Since the \$25 assessment falls into category (d), registration fees are infrequently collected when a defendant is assigned an attorney.

The fund balance can be distributed at the discretion of the Board of Supervisors pursuant to Penal Code 987.5(e).

There is no staffing associated with this budget unit.

## Criminal Prosecution

### DESCRIPTION OF MAJOR SERVICES

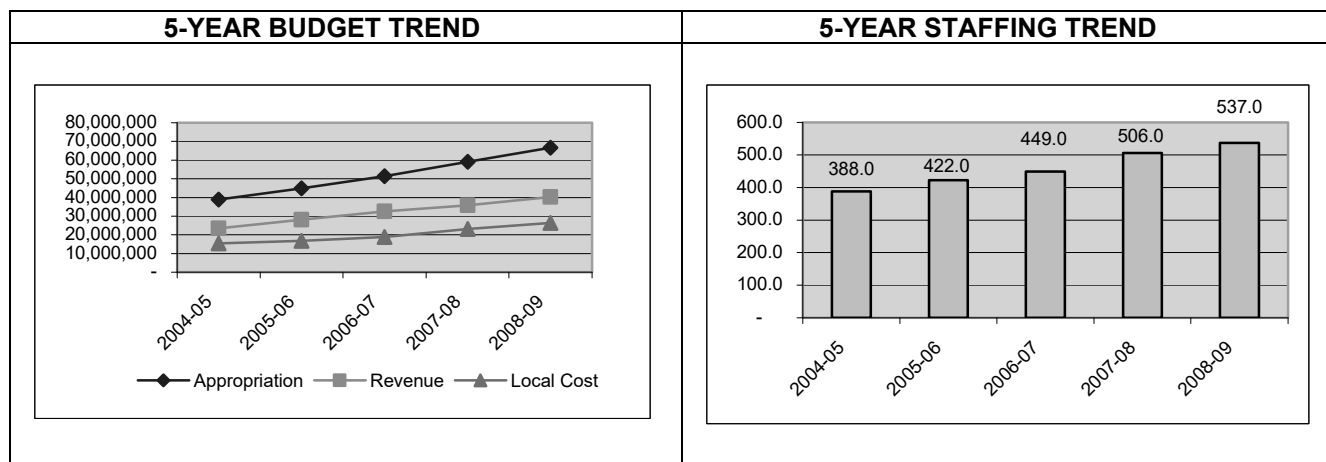

The District Attorney is the public prosecutor and has the mandated responsibility to prosecute crimes committed within the County of San Bernardino, including all city jurisdictions, pursuant to Government Code 26500. Additionally the District Attorney's Office: provides legal assistance for criminal investigations conducted by law enforcement agencies throughout the county; is the legal advisor to the Grand Jury and is authorized to submit evidence and seek indictments from that body; initiates civil commitment petitions to keep Mentally Disordered Offenders and Sexually Violent Predators in locked facilities; employs civil proceedings in asset forfeiture matters to seek the proceeds of criminal activity; and utilized civil proceedings to seek sanctions and injunctive relief against businesses that pollute or create dangerous conditions for employees and citizens.

The District Attorney also has a duty to investigate crimes: District Attorney investigators work to prepare cases for trial and initiate special criminal investigations. The office also administers several state grants and other state revenues that fund prosecutors and investigators who handle Real Estate Fraud, Auto Insurance Fraud, Workers' Compensation Fraud, and other special areas of prosecution.

The District Attorney has an ethical and legal responsibility to the victims of crime. The office seeks restitution for victims and provides emotional and financial support for victims and their families.

Finally, as the public prosecutor who handles all cases in the name of The People, the District Attorney has a responsibility to keep the citizens of this county informed through regular interaction with the media and the public.

Budgeted Staffing					506.0	537.0	31.0

Salaries and benefits of \$62,309,163 fund 537.0 budgeted positions and are increasing by \$5.6 million. The majority of the increase or \$4.7 million is due to a technical change in the way four District Attorney's other budget units are budgeted. The District Attorney's Office is transferring 35.0 positions from the following budget units: Real Estate Fraud (11.0 positions at \$1.4 million), Auto Insurance Fraud (5.0 positions at \$0.7 million), Workers' Compensation Insurance Fraud (13.0 positions at \$1.8 million) and Child Abduction (6.0 positions at \$0.8 million) into the District Attorney's Criminal Prosecution budget unit with corresponding operating transfers in from those budget units. Salaries and benefits are also increasing a net \$0.3 million for MOU, retirement increases and a reduction in workers' compensation costs. Additionally, there are increases of \$0.6 million for attorney cash outs and increased costs for step increases for general and attorney employees.

Budgeted staffing adjustments are as follows:

- Increase 35.0 positions due to the transfer of positions from other budget units.
- Decrease 3.0 positions for loss of grant programs (Street Enforcement and Marijuana Suppression).
- Decrease 1.0 Office Assistant III to reflect a technical correction for a prior year dual fill.

The department originally included 5.0 positions to staff criminal courtrooms for 1.5 new judgeships. However, as part of the 2008-09 Budget Hearing the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation and general fund financing reflects the reduction of \$708,302 and 5.0 in budgeted staffing.

Services and supplies of \$4,301,318 include increases for risk management liabilities, start up costs associated with staffing of 1.5 new judgeships, and the transfer of services and supplies costs from the following budget units: Real Estate Fraud, Auto Insurance Fraud, Workers' Compensation Fraud and Child Abduction. These costs are primarily offset by shifts of Cal-Card costs moved to transfers and the shift of travel costs to a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$333,316 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$1,124,202 primarily represent rents paid to Real Estate Services. Increased costs reflect transfer of special revenue rents into the main Criminal budget and full year funding of the new Victorville lease facility. Also, the increase in transfers includes the technical change that mandates that the appropriation for Cal-Card (procurement cards) goods be reflected in this category.

Reimbursements of \$2,172,710 represent payments from other departments for welfare fraud prosecution, truancy prosecution, and CAL-mmet prosecution. The decrease of \$1,111,063 represents the loss reimbursement for Street Enforcement and Marijuana Suppression grant programs.

Operating transfers out of \$150,000 represents funding to County Fire for a Haz Mat Specialist II to be available to the Specialized Prosecution group.

Taxes (Prop 172) of \$27.0 million represent a decrease of \$2.3 million based on current downward trends in sales tax receipts.

State, federal and government aid revenue of \$5.8 million is increased by \$0.6 million for additional SB90 revenue for Child Abduction budget unit (\$0.8 million), offset by a reduction in Indian gaming revenue now budgeted as other revenue in the amount of \$180,000.

Other revenue of \$255,345 is increasing by \$60,000 to reflect bad check restitution program revenue now recognized in this budget unit from the Specialized Prosecution budget unit and \$180,000 for revenue received the San Manual Tribe for Indian Gaming impacts.

Operating transfers in of \$7,157,849 are increasing by \$5,854,299 primarily for the technical change in recognizing revenue from the Real Estate Fraud, Auto Insurance Fraud, and Workers' Compensation Insurance Fraud special revenue funds and increases from the Specialized Prosecution budget unit that reflects full year funding for a Haz Mat Specialist II for County Fire.

## Child Abduction and Recovery

### DESCRIPTION OF MAJOR SERVICES

The Child Abduction and Recovery Program is currently required by Chapter 1399, Statutes, of 1976, Custody of Minors. Under this statute, the District Attorney (DA) Child Abduction Unit is mandated to take all actions necessary to locate and return parentally abducted children to a safe environment. This program then oversees the prosecution of those who have criminally abducted children. The program requires DA investigators to travel nationwide and to other countries to recover and return children to the custody of the adult ordered by the court.

Local Cost	773,727	659,231	(364,806)	-	222,644
Budgeted Staffing				6.0	

Actual appropriation for 2007-08 of \$877,986 is slightly over budget by \$1,437. The overage was a result of overtime utilized by District Attorney staff working child abduction cases. When a child has been located, investigators need to travel to recover that child, which may occur after normal work hours or during weekends. Actual departmental revenue for 2007-08 is less than modified budget due to the technical change in the claiming methodology for SB 90 programs.

The 2008-09 budget reflects a technical change in the way the Child Abduction staffing and expenses are budgeted. Employees/positions and expenses have been moved to the District Attorney's Criminal Prosecution budget unit and corresponding revenue from this budget unit will now be recognized in the District Attorney's Criminal Prosecution budget unit as well. This change will provide the department the flexibility to plan for events that will have adverse impacts to the program and staff.

## Real Estate Fraud Prosecution

### DESCRIPTION OF MAJOR SERVICES

On January 23, 1996, the Board of Supervisors adopted Resolution 96-14 to allow the county to collect, pursuant to Government Code Section 27388, a \$2 fee upon recording documents. These monies, in accordance with state law, are used to fund the Real Estate Fraud unit that investigates and prosecutes real estate fraud crimes in the county. This budget unit funds five investigators, one supervising investigator, two Deputy District Attorneys, one investigative technician, one office assistant and one secretary.

In this county the district attorney, not only prosecutes, but investigates all real estate fraud cases. The workload has steadily increased in the last several years and additional staffing has been added to meet the demand.

There will be no staffing associated with this budget unit in 2008-09. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Actual department revenue for 2007-08 is less than modified budget due to the housing market/sub-prime mortgage fall out.

The 2008-09 budget reflects a technical change in the way the Real Estate Fraud Prosecution staffing and expenses are budgeted. Employee/positions and expenses have been moved to the primary District Attorney's Criminal Prosecution budget unit and corresponding revenue from this budget unit will be transferred out to cover those costs. This change was requested to simplify the budget process and make this unit consistent with the other departmental special revenue funds.

## Auto Insurance Fraud Prosecution

### DESCRIPTION OF MAJOR SERVICES

Insurance fraud is a particular problem for automobile policyholders. It is one of the biggest and fastest growing segments of insurance fraud and contributes substantially to the high cost of automobile insurance with particular significance in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums. This budget unit funds three investigators, two Deputy District Attorneys and one secretary.

Under the direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by Section 18971 of the California Insurance Code, to the District Attorney's Office for investigation and prosecution of automobile insurance fraud. This budget unit administers those funds.

There will be no staffing associated with this budget unit in 2008-09. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

The 2008-09 budget reflects a technical change in the way the Auto Insurance Fraud Prosecution staffing and expenses are budgeted. Employees/positions and expenses have been moved to the primary District Attorney's Criminal Prosecution budget unit and corresponding revenue from this budget unit will be transferred out to cover those costs. This technical change will give the department greater flexibility in making staff reductions in the event of declining revenue (reassignment, absorb through attrition, etc.).

Operating transfers out of \$783,206 is to cover costs in the District Attorney's Criminal Prosecution budget unit for staffing costs. This amount, compared to the salaries and benefits costs in 2007-08 is decreasing primarily attributable to the elimination of 1.0 District Attorney Investigator position.

Contingencies are reduced by \$2,580 to \$561 and represent funds not planned for expenditure in 2008-09.

Departmental revenue is slightly increasing to \$789,000 due to anticipated level funding from the Department of Insurance. The department will closely monitor the cost and revenues of this budget unit and will make appropriate revisions to ensure that this budget operates within its established budget.

## Workers' Compensation Insurance Fraud Prosecution

### DESCRIPTION OF MAJOR SERVICES

The Department of Insurance, pursuant to Section 1871.83 of the California Insurance Code, distributes funds to the District Attorney's Office for the investigation and prosecution of Workers' Compensation Insurance Fraud. These assessed funds represent a percentage of the total premiums collected by workers' compensation insurance companies and are distributed to investigate and prosecute workers' compensation fraud claims or claims relating to the willful failure to secure the payment of workers' compensation. Of all money collect by the state, 56% is retained by the state for fraud investigation and 44% is distributed statewide to District Attorney offices through a grant program. This budget unit administers those funds. Staff funded by this budget unit is six investigators, one supervising investigator, four Deputy District Attorneys, one office assistant and one secretary.

There will be no staffing associated with this budget unit 2008-09. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Actual appropriation for 2007-08 is less than modified budget. The department received additional funds in 2007-08 which augmented current staff and operating expenses. The department utilized contingencies in 2007-08 to supplement services and supplies due to extremely large amounts of copying of discovery information for court cases and mandated to provide to opposing counsel. The use of contingencies was approved by the Board of Supervisors on June 10, 2008 (#44).

Actual departmental revenue for 2007-08 is slightly lower than modified budget since no interest revenue was received in 2007-08.

Departmental revenue is increasing by \$441,800 to \$1,899,000 due to the ongoing cost associated to the augmentation received in 2007-08.

## Specialized Prosecutions

### DESCRIPTION OF MAJOR SERVICES

The District Attorney's special prosecutions unit was established in 1990-91 with funding from various fines and forfeitures to prosecute crimes such as hazardous waste dumping, consumer fraud and violations of CAL-OSHA laws. This budget unit funds two Deputy District Attorneys, three investigators, an investigative technician, and a secretary.

There is no staffing associated with this budget unit in 2008-09. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Fund Balance					113,783	1,794,401	1,680,618

Contingencies of \$1,141,401 are increased because of the available fund balance as a result of several large cases that have been settled in 2007-08 and represent funds not planned for expenditure in 2008-09.

Operating transfers out of \$1,508,000 to the District Attorney's Criminal Prosecution budget unit are increasing by \$912,450 to represent full year funding of specialized prosecution staff (\$432,450), to make one-time purchases for furniture and remodeling (\$330,000) and to fund one Hazardous Materials Specialist II for San Bernardino County Fire (\$150,000).

Departmental revenue of \$855,000 is increased based on estimated cases that will settle in 2008-09 and no significant change is expected.

## State Asset Forfeitures

### DESCRIPTION OF MAJOR SERVICES

The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizures and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from them while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeiture to purchase safe, more effective equipment that they otherwise could not afford. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities. This budget unit receives asset forfeiture funds and is used to offset the cost of staff processing asset forfeiture cases. This budget unit finances three Deputy District Attorneys, one office assistant, one paralegal and one accountant.

The District Attorney's Asset Forfeiture program deters crime by depriving criminals of the profits and proceeds of their illegal activities. State asset forfeitures finance staff that process asset forfeitures generated by activities of the Sheriff's Department and police agencies in the county.

There is no staffing associated with this budget unit in 2008-09. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Departmental Revenue	289,047	295,770	464,584	400,000	338,267
Fund Balance				65,973	

Actual appropriation for 2007-08 is less than modified budget. Operating transfers out represent funds to offset the cost of staff processing asset forfeiture cases. The department budgets transfers out based on available fund balance.

Actual departmental revenue received for 2007-08 was also lower than expected as revenue in this budget unit is difficult to predict and can vary greatly from year to year.

Contingencies of \$973 is slightly decreased and represent funds not planned for expenditure in 2008-09.

Operating transfers out of \$299,027 are decreased by \$158,973 based on collections in 2007-08. The department is monitoring the costs associated with performing this public safety function and the revenue it generates. If revenues continue to decline, the department will implement a plan to reduce budgeted staffing supported by these funds within the District Attorney's Criminal Prosecution budget unit.

Departmental revenue of \$300,000 is decreased by \$100,000 based on reduced revenue estimates for 2008-09.

## Federal Asset Forfeitures

### DESCRIPTION OF MAJOR SERVICES

In 1984, Congress enacted the Comprehensive Crime Control Act, which gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund (AFF). The proceeds from the sale of forfeited assets such as real property, vehicles, businesses, financial instruments, vessels, aircraft and jewelry are deposited into the AFF and are subsequently used to further law enforcement initiatives.

Under the Equitable Sharing Program, the proceeds from sales are often shared with the state and local enforcement agencies that participated in the investigation, which led to the seizure of the assets. This important program enhances law enforcement cooperation between state/local agencies and federal agencies. This budget unit represents federal asset forfeitures processed by the District Attorney's asset forfeiture unit. The U.S. Department of Justice sets forth the terms by which law enforcement may use these funds.

A portion of these funds will be transferred to the District Attorney's Criminal budget unit for the asset forfeiture unit's operating expenses and safety equipment according to the terms set forth by the U.S. Department of Justice.

There is no staffing associated with this budget unit. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Actual appropriation for 2007-08 is slightly less than modified budget. The use of \$95,000 in contingencies was necessary in 2007-08 to acquire furniture for a minor remodel of the District Attorney's Chino office. The use of contingencies was approved by the Board of Supervisors on January 8, 2008 (#56).

Actual departmental revenue for 2007-08 is greater than modified budget based on increased receipt of forfeiture funds in this budget unit.

Transfers are decreased by \$71,333 as part of a technical change in the way these costs are budgeted. These costs are now budgeted as operating transfers out.

Operating transfers out of \$130,583 to the District Attorney's Criminal Prosecution budget unit (AAA DAT) represent \$70,583 for asset forfeiture staff operating expenses \$40,000 for IT equipment and \$20,000 for general and safety equipment.

Contingencies of \$11,436 are reduced and represent funds not planned for expenditure in 2008-09.

Departmental revenue is increased by \$42,000 based on current receipts. Asset forfeiture revenue is difficult to predict and can vary greatly from year to year. Federal asset forfeiture monies are one-time funds used to offset law enforcement operating expenses.

## Vehicle Fees – Auto Theft

### DESCRIPTION OF MAJOR SERVICES

In May of 1995, the San Bernardino County Board of Supervisors adopted a resolution, pursuant to Vehicle Code 9250.14 to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration to be used to enhance the capacity of local police and prosecutors to deter, investigate and prosecute vehicle theft crimes. This budget unit represents the District Attorney's share of the \$1.00 registration assessment on vehicles registered in San Bernardino County and finances prosecutors and an investigator assigned to automobile theft crimes countywide.

There is no staffing associated with this budget unit. Staff that provide these services are budgeted in the District Attorney's Criminal Prosecution budget unit.

Departmental Revenue	793,586	835,468	849,199	833,500	837,903
Fund Balance				276,619	

Actual appropriation for 2007-08 is less than modified budget primarily due to salary savings as the result of delay in the ability to hire a Deputy District Attorney and vacancy of an Office Assistant position. Contingencies were not utilized in 2007-08.

Actual departmental revenue for 2007-08 is slightly higher than modified budget due to an increase in the shared \$1 received by the county from the vehicle registration assessment.

Transfers are decreased by \$1,110,380 as part of a technical change in the way these costs are budgeted. These costs are now budgeted as operating transfers out.

Operating transfers out of \$884,708 represent costs for prosecutors and an investigator assigned to automobile theft crimes. The overall net decrease between transfers and operating transfers out of \$215,672 over 2007-08 primarily represents a reduction in costs associated with 1.0 Deputy District Attorney claimed against this revenue. The department will continue to monitor expenses associated with this function and if necessary, other staffing reductions will be made.

Contingencies of \$9,638 is slightly decreased and represents funds not planned for expenditure in 2008-09.

Departmental revenue of \$833,500 is unchanged as current receipts are at expected levels and no significant change is expected. This revenue has not increased over the last several years therefore revenue budgeted for 2008-09 remains the same.

## LAW AND JUSTICE GROUP ADMINISTRATION

### James B. Hackleman

#### MISSION STATEMENT

The Law and Justice Group Executive Committee enhances the quality of life, provide for the safety of all citizens, and promote the principles of justice within San Bernardino County by coordinating resources and services, including justice facilities and information management.

#### STRATEGIC GOALS

1. Reduce the length of time required to move cases through the criminal justice system.
2. Increase the amount of funding received for Law and Justice Group projects.
3. Reduce the negative effects of gang-related crimes on the citizens of the county.

Salaries and benefits of \$156,183 fund 1.0 budgeted position and are decreasing by \$703 primarily due to decreased workers compensation and long and short-term disability rate adjustments.

Services and supplies of \$73,852 include costs associated with the "pass-through" of the Juvenile Accountability Block Grant (JABG) program to the Superior Court to fund a portion of the salaries associated with a judicial hearing officer and legal processing clerk. The decrease of \$3,682 is primarily due to the separation of travel expenses from this appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$2,693 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Departmental revenue of \$78,503 primarily represents funding from the Juvenile Accountability Block Grant program which is a collaborative project between the Superior Court, County Schools, and the Law and Justice Group. The grant provides partial funding for a judicial hearing officer and a legal processing clerk. These two positions are needed to adjudicate an increasing number of juvenile citations emanating from the schools and the Sheriff's CleanSweep program.

## 2003 US BJA Congressional Mandate Award

### DESCRIPTION OF MAJOR SERVICES

This earmark award provides funding for the development of the law enforcement document imaging system called Storage Technology Optical Records Management (STORM). This collaborative project seeks to electronically transmit data and documents between the Sheriff, District Attorney and Superior Court. Ultimately, the project will expand to include Probation, Public Defender and external law enforcement agencies.

There is no staffing associated with this budget unit.

Services and supplies of \$266,944 include costs associated with computer programming and the implementation of a software solutions package for the STORM project. The decrease of \$156,133 reflects the one-time availability of grant funding in 2007-08.

Equipment of \$70,537 reflects fixed asset purchases for the STORM project.

Expenditures under this program are reimbursed after they are incurred, so projected revenue decreases proportionately with expenditures.

## 2005 Justice Assistance Grant

### DESCRIPTION OF MAJOR SERVICES

This federal grant supports a broad range of law enforcement activities to improve the overall criminal justice system. The County of San Bernardino serves as the lead agency and passes allocation through to the various local jurisdictions. Within the county's law and justice departments, resources are used for e-Filing system maintenance, equipment for mobile command operations, teleconferencing equipment, polygraph testing for probationers, and costs associated with Mental Health Court.

There is no staffing associated with this budget unit.

## Southwest Border Prosecution Initiative

### DESCRIPTION OF MAJOR SERVICES

The Law and Justice Group compiles documentation of expenditures for the Southwest Border Prosecution Initiative, a reimbursement project under which jurisdictions in the four Southwestern U.S. Border States (Arizona, California, Texas, and New Mexico) are eligible to be reimbursed for a portion of prosecution and detention costs in federal cases. These funds are used for law and justice activities that support and enhance prosecutorial and detention services.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 is less than modified budget as a result of funds held in contingencies and reserved for law and justice activities. Contingencies cannot be utilized without approval from the Board of Supervisors. In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Actual departmental revenue for 2007-08 is greater than modified budget as a result of higher than anticipated reimbursements from the federal government.

Contingencies of \$9,236,074 represent that portion of departmental revenue and fund balance undesignated for 2008-09.

Departmental revenue of \$1,100,000 represents the anticipated quarterly claims and interest earned in this budget unit.

# PROBATION

## Jerry L. Harper

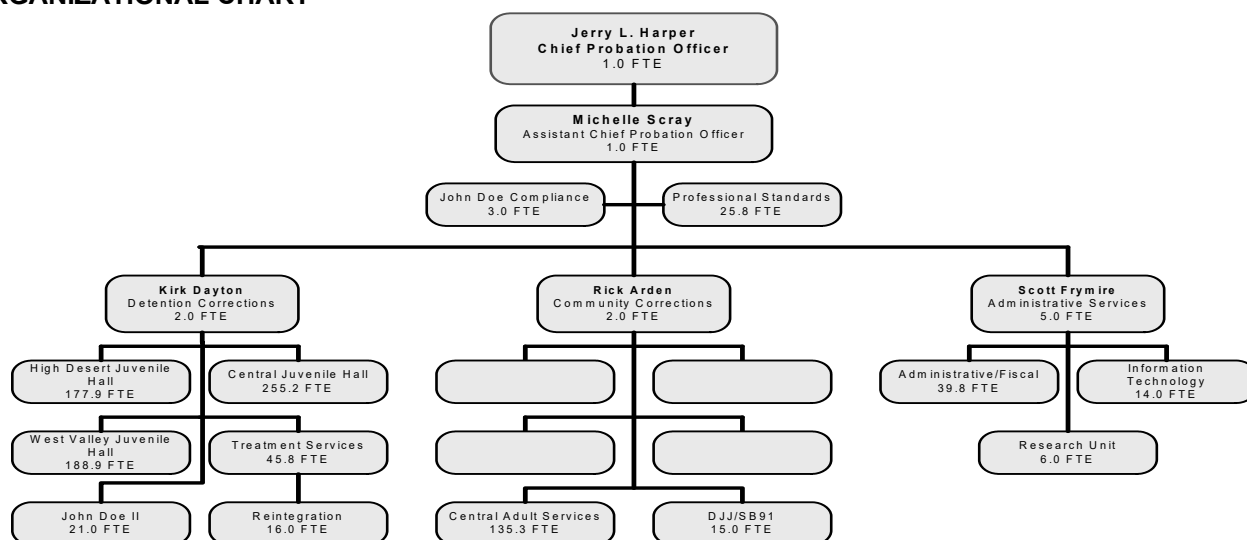

### MISSION STATEMENT

The Probation Department protects the community through assessment, treatment and control of adult and juvenile offenders by providing a range of effective services based on legal requirements and recognized professional standards.

### STRATEGIC GOALS

1. Assess new probationers to ensure treatment and supervision levels based on criminogenic factors and risk to community.
2. Supervise probationers at a level consistent with their individual risk to the community.
3. Provide proven treatment options for probationers according to their risk level and criminogenic factors.

### ORGANIZATIONAL CHART

It is anticipated that staff and wards for 60 beds will shift from Central Valley Juvenile Detention and Assessment Center (JDAC) to the High Desert JDAC due to the Central Valley JDAC's pending construction. The timing for that change has not been finalized, so this organizational chart reflects the department's current staffing.

## Administration, Corrections and Detention

### DESCRIPTION OF MAJOR SERVICES

Probation Administration is responsible for overall management of the department. To ensure safe field services and institutions, administration focuses on leadership with integrity and satisfaction of customers and staff.

The Community Corrections Bureau provides adult and juvenile probationer investigation and case management services. As the primary public safety arm for probation, the Bureau focuses on providing efficient and cost-effective strategies, thereby promoting safe communities and quality of life for all residents in San Bernardino County.

The Detention Corrections Bureau (DCB) operates the county's juvenile detention and assessment centers that protect the community by providing a secure environment for legally detained youth. The centers provide for the medical, educational and other programmatic needs of the minors. The DCB houses an average daily population of 500 youth.

The Probation Department's emphasis on juvenile mental health services in the Juvenile Detention and Assessment Centers (JDAC) and other programs continues in 2008-09. Funding is allocated for the identification, assessment and treatment of minors with physical, emotional and mental health needs and learning disabilities.

Actual appropriation for 2007-08 is less than modified budget due to salary savings related to vacancies and staff turnover.

Actual departmental revenue for 2007-08 is also less than modified budget due to Federal Title IV-E reductions resulting from revised claiming processes, fewer wards maintained in the detention facilities, vacancies in various revenue-earning positions, as well as a shortfall of Proposition 172 sales tax revenue.

Budgeted Staffing					1,233.4	1,221.3	(12.1)

Salaries and benefits of \$97,402,006 fund 1,221.3 budgeted positions and is decreasing by \$1,627,122 primarily due to a reduction of \$1,564,034 in costs to maintain services including retirement rates and workers compensation adjustments and a reduction of \$3,980,684 as a result of the deletion of 50.0 budgeted positions due to a lack of funding for three Probation's institutional/treatment programs, including the BRIDGES alternative to detention program (BRIDGES) and the Regional Youth Educational Facilities (RYEF) Boys and Girls programs. However, these decreases are partially offset by an increase of \$4,351,530 primarily due to staffing increases of 33.0 budgeted positions as a result of the state funded Juvenile Justice Realignment program. In addition, the department originally budgeted to expand to full year funding projected Superior Court Judgeship staffing (5.0 positions), and has increased overtime positions by 1.5 budgeted staff. Finally, this budget unit has experienced an increase in budgeted staffing of 3.4 as a result of a technical change to the rounding of position

numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions.

The department originally budgeted the reclassification of a vacant Office Assistant IV to a Supervising Office Specialist in order to oversee and standardize office procedures and policies throughout the Probation Department. This position was to provide overall supervision of clerical staff. The department also originally budgeted the reclassification of two filled Office Assistant III positions to Payroll Specialist positions to allow complete coverage of payroll functions at all locations within the department. Finally, the department originally budgeted the reclassification of a Personnel Technician to an Administrative Supervisor to reflect the added responsibility for personnel information in the budget preparation process. This was also included in order to combine the payroll and personnel sections of the department, thus providing one point of service for these disciplines within one section.

At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects the reduction of \$433,934 and 5.0 in budgeted staffing. Associated revenue/general fund financing were also decreased by \$433,934.

Services and supplies of \$13,057,122 are comprised of operational costs. The decrease of \$612,276 reflects decreases of \$301,426 primarily in clothing, food, kitchen and dining, and general household expenses due to the closure of BRIDGES and RYEF-Boys & Girls. Reductions in Title IV-E and JPCF Ranch/Camp revenue have resulted in decreases of \$155,468 primarily in 800 MHz radio equipment and radio charges. The department is decreasing general office supplies, general equipment maintenance and vehicle charges to cover necessary increases in staff costs of \$359,383. Additionally, decreases are a result of a shift of \$644,620 to the new travel appropriation unit, and a shift of Purchasing Department charges in the amount of \$509,970 that are moved from this expense series to interdepartmental transfers. These decreases are partially offset by increases in risk management liabilities costs of \$304,800, ongoing costs of \$26,816 for projected Superior Court judgeships staffing, and an increase of \$1,026,975 primarily due to law enforcement liability costs, malpractice insurance costs, non inventoriable equipment expenses, and medical expenses as a result of increased revenue from State Juvenile Justice Realignment funding.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$644,620 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in services and supplies.

Other charges of \$570,325 reflect an increase of \$28,325 in costs to the Independent Living Skills program, reimbursed through the county's Human Services (HS).

Transfers of \$4,729,571 reflect an increase of \$1,431,805 primarily due to Juvenile Justice Realignment program costs of \$1,100,933 transferred to the Department of Behavioral Health and Workforce Development. In addition there are increased costs of \$55,575 to Human Resources (to reimburse a Human Resource Officer and for advertising) and Facilities Management (building maintenance). A shift in Purchasing Department charges to this expense series from the services and supplies expense series also resulted in an increase of \$509,970. These increases are offset by reductions of \$26,899 for Employee Health And Productivity charges, \$95,753 to Sheriff as a result of food costs being returned to the departments services and supplies expense series, \$49,236 in Human Services administrative services no longer utilized, and \$62,785 for Behavioral Health's ten percent cost cut in State Mentally Ill Offender Crime Reduction (MIOCR) grant funding.

Reimbursements of \$3,618,963 reflect a decrease of \$620,446 due to state funding cuts to the Proposition 36 (\$734,014), MIOCR-Adult (\$42,833) and Independent Living Skills (\$60,000) programs. These decreases are partially offset by increases to the Transitional Assistance Department/Foster Care Memorandum of Understanding (\$9,090), the Offender Treatment Program (\$98,194), and the Juvenile Justice Crime Prevention Act of 2000 reimbursement for the cost of a supervising probation officer to oversee probation officers performing school duties (\$109,117).

Departmental revenue of \$49,243,806 reflects a net decrease of \$112,153. Proposition 172 sales tax revenue has been affected by the economic downturn and is expected to decrease by \$1,625,000. In addition, federal revenues are decreased \$2,682,491 primarily due to a reduction in Federal Title IV-E funding. This funding issue has forced the closing of the BRIDGES program and the RYEF-Boys and Girls programs, which has resulted in additional losses in ranch/camp funding, meal claims and institutional fees. Although the department anticipates reduction in state funds to Juvenile Placement & Camp Funding and PROP 69 revenue for DNA testing due to budget cuts, the department still expects a net increase in state aid of \$4,419,781 primarily due to the inclusion of \$5,200,000 in state Juvenile Justice Realignment program funds. The department also anticipates increases in Mentally Ill Offender Crime Reduction Juvenile grant funds, Office of Transportation Safety Drunk Driving grant funds, and a Chlamydia Screening Project (ClaSP) award reimbursement for nurse time spent on Chlamydia testing. Current services show a net decrease of \$220,993 due to decreased diversion, substance abuse, and institutional service fee revenues. Other revenue also reflects a decrease of \$3,450.

## Court-Ordered Placements

### DESCRIPTION OF MAJOR SERVICES

Juveniles are committed to the California Youth Authority or group homes to facilitate their rehabilitation, in an attempt to offer intervention programs that will lead to their future safety and productivity. The county is required to pay costs of support for those minors not eligible for state or federal reimbursement programs. Appropriation is managed in an independent budget to identify expenditures and separate ongoing operational costs.

There is no staffing associated with this budget unit.

Local Cost	2,236,684	2,022,143	2,502,454	3,122,330	2,048,360

Actual appropriation for 2007-08 is less than modified budget because the department continues to utilize alternatives that reduce court-ordered placements through a variety of programs that offer better service for our clients, and are innovative, efficient, and cost effective.

Departmental revenue for 2007-08 is greater than anticipated due to reimbursement received from a client who was no longer a minor.

Other charges of \$3,122,330 finances commitments of minors to the California Youth Authority and foster care placements. In concert with the adoption of Senate Bill (SB) 81, related to State Juvenile Justice Realignment funding, the department transferred appropriation in the amount of \$186,000 to Probation's Administrative, Corrections and Detention budget unit. This adjustment was contemplated when the state adopted the legislation to provide a framework for the shift of responsibility to counties for certain offenders committed for non-violent offenses, based on prior delinquent history. Further savings in the Court-Ordered Placements budget unit are a direct result of this legislative change. Therefore, the permanent transfer of appropriation between budget units is warranted.

## Juvenile Justice Grant Program

### DESCRIPTION OF MAJOR SERVICES

The Juvenile Justice Crime Prevention Act allocates state resources annually to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This Plan identifies and addresses the public safety gaps in services for juvenile offenders and their families throughout San Bernardino County.

Current programs include Day Reporting Centers, House Arrest Program and School Probation Officers and a variety of others, each designed to effectively meet the diverse needs of youth. The SUCCESS Program was eliminated due to State Budget constraints.

				Fund Balance	1,611,544	1,676,272	64,728
				Budgeted Staffing	55.0	43.5	(11.5)

Salaries and benefits of \$3,790,429 fund 43.5 budgeted positions representing a decrease of \$1,078,197 primarily due to the elimination of the SUCCESS Program as a result of state budget constraints. The department will be deleting 12.0 budgeted staffing (8.0 Probation Officers, 2.0 Office Assistants, and 2.0 Supervising Probation Officers), 11.0 of which will be transferring to Probation's Administrative, Corrections and Detention budget unit and will be funded primarily through State Juvenile Justice Realignment Program funds. The remaining 1.0 vacant Probation Officer position will be deleted from this budget unit. These deletions are partially offset by an increase in overtime by 0.5 budgeted staffing.

Services and supplies of \$1,203,500 is comprised of operational costs associated with existing programs and includes risk management liabilities, fleet costs, and professional service costs associated with various Juvenile Justice Grant programs. The increase of \$376,311 is mainly a result of an increase in professional service costs for Day Reporting Centers as well as tutoring and counseling services for juvenile offenders and their families.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$44,408 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses and previously budgeted in the services and supplies appropriation unit.

Transfers of \$1,170,992 include reimbursements to other county departments, including District Attorney's Let's End Truancy Program and Human Services, for their role in administering some of the programs under this grant, as well as rent payments and Human Resources costs. The increase of \$134,161 is primarily due to this budget unit's payment for 1.0 School Probation Officer in Probation's Administrative, Corrections and Detention budget unit.

Contingencies of \$1,632,077 primarily reflect the first quarter of state allocation for 2009-10, plus estimated interest.

Departmental revenue of \$6,218,472 reflects a decrease of \$564,878 due to the projected ten percent decrease of State allocated funding (\$638,253), which also results in a decrease in estimated interest earnings. This amount is partially offset by an increase of \$73,375 for reimbursement by various school districts for School Probation Officers.

## Asset Forfeiture 15%

### DESCRIPTION OF MAJOR SERVICES

State of California Health and Safety Code Section 11489 mandates that fifteen percent of distributed seizure funds are used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity. Expenditures for this budget unit include drug and gang unit expenses not reimbursed through other sources.

There is no staffing associated with this budget unit.

Services and supplies of \$11,659 include funding for costs related to equipment and other expenses associated with drug abuse and gang diversion programs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$2,900 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Departmental revenue of \$432 represents the anticipated interest earned in this budget unit.

## State Seized Assets

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for Probation's proportionate share of asset forfeitures seized in conjunction with federal agencies. Expenditures for this budget unit include safety equipment and training expenses not reimbursed through other sources.

There is no staffing associated with this budget unit.

## PUBLIC DEFENDER Doreen Boxer

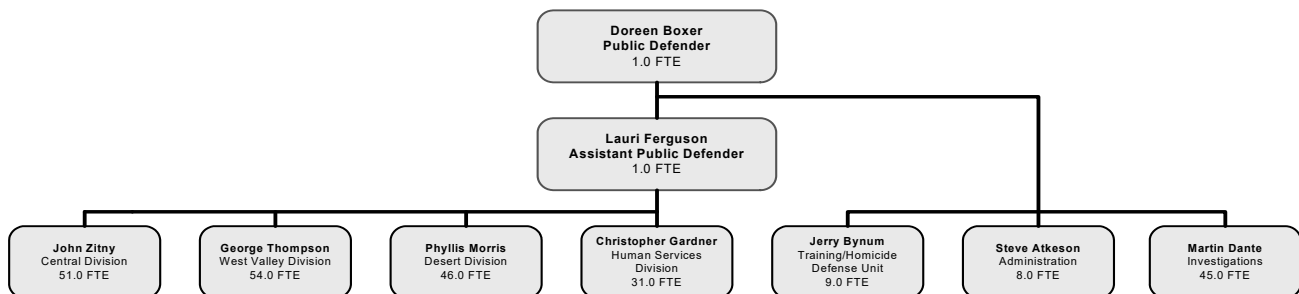

### MISSION STATEMENT

The Public Defender protects the constitutional rights of indigent defendants by providing skilled legal counsel and passionate advocacy at all critical phases of state level criminal and civil commitment litigation.

### STRATEGIC GOALS

1. Reduce backlog of old cases in the pursuit of providing efficient and cost effective service to our customers.
2. Reduce caseload per staff member in order to provide a healthy work environment.
3. Provide constitutionally mandated representation at all critical phases of criminal litigation with high-quality customer service delivered with respect and dignity.

### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Public Defender represents indigent clients in misdemeanor, felony, juvenile delinquency, and mental health civil commitment cases. The Public Defender's Office plays a key role in the timely administration of justice by providing constitutionally mandated legal services to indigent clients at critical stages of the proceedings. Services provided by the Public Defender include investigating the underlying facts and circumstances of each case, performing legal research, writing briefs and writs, counseling clients regarding their legal rights and applicable procedures, negotiating with prosecuting authorities, filing and litigating pre-trial motions, and conducting bench and jury trials.

The present Public Defender was appointed on March 14, 2006 and has worked diligently to keep pace with the county's rapidly growing criminal filings. The Public Defender has focused on establishing stability within the department, addressing significant chronic staffing shortages, and updating technological processes so the department can deliver exceptional representation at all critical stages of litigation. The Public Defender's accomplishments in 2007-08 include:

- Summer and Post-Bar Clerkship programs
- Sponsored County-wide Law Day programs
- Created new Supervising Office Assistant positions
- Established Annual State of the Department Meetings
- Expanded post-dispositional representation for juveniles pursuant to Juvenile Rule of Court 5-663
- Launched Investigator Training Program – Level 1
- Moved into new facilities in San Bernardino, Rancho Cucamonga, and Victorville

Actual appropriation for 2007-08 is less than modified budget due to vacancies in several attorney positions at the beginning of the fiscal year. However, once the California State Bar Exam results were announced, the department was able to quickly fill the positions and is virtually fully staffed. Actual departmental revenue for 2007-08 is less than the modified budget due to the timing of SB 90 reimbursements the state implemented this fiscal year as well as less than expected payments for services.

Budgeted Staffing					252.6	246.0	(6.6)

Salaries and benefits of \$29,612,245 fund 246.0 budgeted positions and are decreasing by \$778,556. The department originally budgeted the deletion of 6.6 budgeted positions and the addition of 7.0 budgeted positions.

However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions included in the departmental budgets receiving general fund financing for 2008-09. Based on this action, the final budget reflects the reduction of \$698,979 in appropriation and 7.0 in budgeted staffing. Associated general fund financing was also decreased by \$698,979.

Services and supplies of \$2,962,296 include computer hardware and software expense, professional and specialized services, expert witness fees, vehicle charges, non-inventoriable equipment, and general office expenses. The increase of \$456,216 is due to expected increases in professional services and expert witness fees in anticipation of increased filings by the District Attorney's office and a new case management system funded with Business Process Improvement (BPI) Reserve funds. Equipment rental costs are also expected to increase in order to serve increased staff at new offices in Victorville and Rancho Cucamonga.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$120,114 reflects anticipated travel costs in the areas of private mileage, meals, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Vehicle costs are being reduced by \$165,351. The decrease is the result of the department being able to purchase several cars over the past two fiscal years. The department's fleet is now sufficient to serve investigative needs and no new cars are required in 2008-09.

Transfers of \$843,244 have increased by \$299,958 due to new leased properties in Victorville and Rancho Cucamonga. A new facility is being sought in San Bernardino to replace the current space being occupied.

Revenue of \$1,306,204 has decreased by a net \$93,796. SB 90 revenues collected from the state are expected to increase by a net \$108,165 due to the state approving seven years of retroactive payments for the MDO PC 2966 (Treatment as a Condition of Parole) program. However, the department is projecting a decrease in revenues for legal services. These are fees charged to clients as a result of a court-order. However, collection of these fees has decreased in 2007-08. The department is budgeting fewer fees in 2008-09 as the general economic outlook is not good and, as a result, the ability for clients to pay these fees is diminishing.

Operating transfers in of \$396,000 reflects the Board approved BPI funding for a new case management system.

## DESCRIPTION OF MAJOR SERVICES

The Sheriff acts as chief law enforcement officer, coroner and director of safety and security for the county by providing a full range of services throughout the unincorporated areas as well as to 14 cities that contract for law enforcement protection.

The general law enforcement mission is carried out through the operation of 10 county stations and a centralized headquarters, using basic crime and narcotic investigations, a crime laboratory and identification bureau, central records, communications dispatch, and an aviation division for general patrol and search and rescue activities. The Sheriff also contracts with the courts to provide security in the courtrooms, operates a civil processing division, and manages four major detention facilities – Central Detention Center, Glen Helen Rehabilitation Center, West Valley Detention Center, and Adelanto Detention Center. The department also operates a regional law enforcement training center and emergency driver training facility.

Budgeted Staffing				3,565.4	

Actual appropriation for 2007-08 is less than modified budget primarily due to savings from vacant contract city positions and savings from fixed assets and vehicle purchases implemented to help ensure a balanced departmental budget. The savings recognized as a result of the vacant contract city positions are offset by a corresponding decrease in revenue for those positions. Total savings were partially offset by additional overtime required to maintain safe security levels at the County's major detention facilities, an increase in fuel and vehicle maintenance costs, and an increase in inmate medical costs primarily due to a higher number of inmates requiring prescription medication and specialty healthcare services.

Actual departmental revenue for 2007-08 is less than modified budget due to decreased Proposition 172 sales tax revenue and credits to contract cities for vacant positions. Although these reductions are partially offset by increased revenue for federal prisoners and state and federal grant revenue, the department required additional general fund financing at year end.

Budgeted Staffing					3,526.2	3,560.7	34.5

Salaries and benefits of \$347,954,207 fund 3,560.7 budgeted positions and are increasing by \$6,209,927 primarily due to mid-year adjustments of \$5,857,440 (53.2 positions), \$10,379,342 in costs to maintain services which include MOU and retirement rate increases and additional funding to provide mandated dental services to inmates. Additionally, the department originally included increases in salaries and benefits of \$1,277,753 primarily for 1.0 Proposition 69 funded Criminalist II, 3.0 contract city Dispatcher IIs, the equivalent of 3.6 budgeted positions for San Manuel contract overtime, 2.0 Public Information Officers, 1.0 Deputy Sheriff, 0.9 to fully fund an Automated Systems Technician, and 0.2 budgeted staffing directed toward additional overtime for an Accountant I. These increases were offset by a decrease of \$8,571,948 in workers compensation costs. In addition, the department has seen a decrease of \$2,495,404 primarily due to a reduction in budgeted staffing of 15.0 Sheriff Trainee positions in anticipation of fewer additional contract city positions, a reduction in Call Back Pay, and savings due to retirement of top step personnel and replacement with officers in the lower steps. Finally, this budget unit has experienced a decrease in budgeted staffing of 8.4 as a result of a technical change to the rounding of position numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions.

The department originally included the reclassification of an Office Assistant II to Office Specialist to accommodate workload changes in the Specialized Enforcement Division and a Deputy Sheriff to Detective to supervise the Sheriff's Evidence Division.

At the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects a reduction of \$620,256 and 7.0 in budgeted staffing. Associated revenue/general fund financing were also decreased by \$620,256. In addition, the Board approved a policy item increasing the department's salary and benefits by \$383,000 to support the City of San Bernardino Operation Phoenix program.

Services and supplies of \$51,489,354 are comprised of the department's operational costs and reflect a net increase of \$3,781,753. Increases of \$5,359,967 are primarily a result of increases in Risk Management liabilities, contract city cost increases for general office expenses, officer training, and various equipment installed in vehicles, increases in county security costs, and increases in grant-funded expenditures for equipment purchases. In addition, the Board approved \$761,000 in Business Process Improvement (BPI) funding for the department's Records Data Conversion project. These increases are offset by a reduction of \$400,000 necessary to offset a decrease in US Marshal medical inmates. Additionally, decreases are a result of a shift of \$1,278,500 to the new travel appropriation unit, and a shift of Purchasing Department charges in the amount of \$660,714 that are moved from this expense series to interdepartmental transfers. Included in this appropriation is the reallocation of funding for inventoriable equipment and professional services related to the Laboratory Information Management System (LIMS) project.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$1,314,588 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$3,015,841 include medical costs for inmates and the funding of one position at the Los Angeles Regional Gang Intelligence Network which tracks information of identified gang members operating in Los Angeles and the Inland Empire region. Other charges have increased \$865,220 as a result of reimbursements to contract cities for expenditures funded by the Governor's Office of Homeland Security grant and as a result of Board approved policy items to support various county entities through the Operation Phoenix program (\$97,000) and Operation Desert Heat gang programs (\$200,000).

Equipment of \$1,127,240 finances replacement of computer servers and routers, crime lab equipment, and detention security, maintenance and kitchen equipment. The decrease of \$71,431 is due to a reduction of grant-funded fixed asset purchases.

Vehicles of \$5,417,083 is budgeted to purchase marked patrol units, 4-wheel drive patrol vehicles for mountain and desert stations, replacement marked units and patrol motorcycles for contract cities, and undercover vehicles. The decrease of \$455,917 is due to the removal of one-time funding of \$500,000 for a prisoner bus as well as the removal of \$105,000 to purchase seven (7) unmarked vehicles for the newly funded Crime Impact team. Additionally, decreases are a result of the removal of a one-time transfer of funds from the special revenue fund State Seized Assets in the amount of \$750,000 for the purchase of additional unmarked units and a net reduction of \$58,874 in grant-funded vehicle purchases. These reductions are offset by an increase of \$447,957 for additional vehicles for contract cities as well as the Board approved policy item in the amount of \$510,000 for the replacement of a prisoner bus.

The capitalized software budget of \$1,000,000 reflects the reallocation of BPI funding for the unfinished LIMS project from the prior year, as discussed above.

Transfers increased by \$270,379 for a total of \$4,822,094. Transfers reflect charges paid to Human Resources for various employee related programs, grant-funded transfers to other county departments for salaries, services and supplies and equipment purchases, and transfers to Real Estate Services for costs associated with building rentals. The net increase in transfers is a result of a shift in Purchasing Department office expense charges to this expense series from the services and supplies appropriation unit.

Reimbursements of \$5,592,623 decreased by \$961,750 due to a reduction in reimbursements from the Sheriff-Coroner's special revenue funds in the amount of \$621,930 for academy personnel salaries, a decrease of \$473,097 due to vacancies in Cal-ID personnel, and decreases of \$96,425 from the Probation Department for food delivered to the Juvenile Hall. Decreases are offset by an increase of \$97,327 representing reimbursement for county security charges from the Courts and an increase of \$132,375 for SANCATT task force personnel salaries.

Operating transfers out of \$65,000 reflect a transfer to the County's Code Enforcement Division for assistance with the Operation Phoenix program as referenced above.

Total revenue of \$264,548,921 reflects a net increase of \$80,500 and primarily consist of \$107,050,000 in Proposition 172 sales tax revenue, and \$130,647,822 in current services, primarily from law enforcement contracts. In addition, the department anticipates \$21,045,662 in state, federal and other governmental aid consisting of: \$8,020,722 in state revenues which includes \$4,142,652 from state grants; federal grants of \$2,880,940; and \$10,144,000 in revenue from the US Marshal Service for housing federal prisoners. Other revenue of \$5,490,437 includes \$3,625,864 in reimbursements from the Inmate Welfare Fund for additional healthcare, inmate education and administrative personnel. Finally, the department expects \$300,000 in revenues from the sale of used vehicles; \$15,000 from various permit fees, fines, and rental revenue.

Operating transfers in of \$6,726,942 includes \$2,482,000 associated with a booking fee allocation from the state; \$620,000 in SCAAP reimbursement for incarceration of illegal aliens; \$1,063,942 in Homeland Security grant revenues; \$1,800,000 reallocation of BPI funding for the LIMS project; and \$761,000 in Board approved BPI funding for the Records Data Conversion project.

## Contract Training

### DESCRIPTION OF MAJOR SERVICES

Contract Training represents a special law enforcement training function provided to the Sheriff Department and other law enforcement agencies that prepare candidates for law enforcement positions and update skills of those already in the field. Fees for service provide the funding for contract law enforcement training activities. A large contract for driver training with San Bernardino Valley College provides substantial funding for this program.

There is no staffing associated with this budget unit; however, salaries and benefits costs are reimbursed to the Sheriff-Coroner's general fund budget unit for those positions billing for their services at both the Emergency Vehicle Operations Center (EVOC) and the Training Academy.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

In addition, actual appropriation for 2007-08 is less than modified budget as a result of lower salary and benefit reimbursement to the general fund.

Actual departmental revenue for 2007-08 is lower than modified budget due to reduced classes offered to outside agencies and lower Peace Officer Standards and Training (POST) reimbursement from the State.

				Fund Balance	1,511,262	1,309,817	(201,445)

Services and supplies of \$572,265 include structural and vehicle repairs and maintenance, materials and supplies for both the Training Academy and EVOC, computer equipment purchases, and contracted services. The slight decrease of \$49,635 primarily reflects the reclassification of the travel related expenditures to the new appropriation category and the reduction of special department expenditures.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$7,500 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Land and improvements of \$110,000 is for the construction of a deceleration lane for the EVOC training track.

Equipment of \$600,000 is for new modular classrooms for the Training Academy and an upgrade to the Range's Target Practice System. Vehicles of \$320,000 represent the replacement of the Academy's motorcycle fleet and unmarked patrol practice units.

Transfers of \$1,296,345 represent anticipated salaries and benefits reimbursement to the Sheriff-Coroner's general fund budget unit for services rendered at both EVOC and the Training Academy. The decrease of \$611,865 is due to the reduction of assigned personnel relative to an anticipated reduction in reimbursement from POST.

Contingencies of \$493,707 are decreased by \$208,212 primarily due to increased one-time allocations for equipment and improvement to structures.

Departmental revenue of \$2,090,000 includes POST reimbursement of \$450,000, interest estimated at \$40,000, and fees totaling \$1,600,000 from various outside agencies. The overall revenue increase of \$134,343 is due to projected increase in enrollment from outside agencies for EVOC classes.

## Public Gatherings

### DESCRIPTION OF MAJOR SERVICES

Public Gatherings represents protective services provided by the Sheriff's Department, for a fee, for various public gathering functions throughout the county. These services are fully funded by fees charged to the sponsoring organizations.

Services and supplies of \$65,208 increased by \$47,391 primarily as a result of available fund balance.

Transfers of \$4,147 are related to nominal charges from the Human Resources Department.

Departmental revenue of \$1,500,483 is from projected fees for service and has decreased slightly over last fiscal year.

## Aviation

### DESCRIPTION OF MAJOR SERVICES

The Aviation Division of the Sheriff's Department provides law enforcement, search and rescue, fire suppression and transportation services for the county and other fire and law enforcement agencies. This budget unit is established for the maintenance and acquisition of helicopters, aircraft, and equipment for search and rescue, fire fighting and flight operations, with contract revenue and proceeds from the sale of surplus aircraft and equipment.

There is no staffing associated with this budget unit.

Services and supplies of \$1,140,000 include aircraft repairs and fuel consumption used for fire service missions. The increase of \$400,000 reflects the anticipated increase in both costs in 2008-09.

Equipment of \$50,000 is for aircraft equipment upgrades that are expected to decrease in 2008-09.

Contingencies have increased by \$351,369 based on undesignated available fund balance.

Departmental revenue of \$500,000 represents fees for service for firefighting and air patrol.

## IRNET Federal

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the Inland Regional Narcotics Enforcement Team (IRNET) share of federal asset forfeitures. IRNET is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. It also accounts for the High Intensity Drug Trafficking Area (HIDTA) grant from the Office of National Drug Control Policy allocated for the task force operation expenses. The budget unit is maintained according to federal audit requirements.

There is no staffing associated with this budget unit.

Services and supplies of \$687,214 include low value equipment, utilities for leased office space, communication charges, vehicle maintenance and repairs, and fuel. The increase of \$99,364 reflects increases in other professional services for overtime reimbursements made to city, county or state agencies participating in the project.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$61,500 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$150,000 is for the purchase of technical investigative equipment.

Transfers of \$276,423 primarily include reimbursement to the Sheriff-Coroner's general fund budget unit for information technology personnel working on system enhancements and reimbursement to Purchasing Department for office supplies.

Contingencies of \$442,595 represent that portion of fund balance not planned to be spent in 2008-09.

Departmental revenue of \$661,000 includes asset forfeiture revenue projected in the coming year, along with anticipated interest in this budget unit.

## IRNET State

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the Inland Regional Narcotics Enforcement Team (IRNET) share of state asset forfeitures, and was established to comply with Federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds. IRNET is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. Expenditures in this budget unit include task force operating expenses not reimbursed by the High Intensity Drug Trafficking Area (HIDTA) grant and electronic surveillance used to efficiently investigate sophisticated criminal organizations.

There is no staffing associated with this budget unit.

Services and supplies of \$74,918 include general office expenses and professional services and have increased by \$20,929 due to an expected increase in program activity as indicated by the increase in projected revenues.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$14,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$25,000 represents purchases of computer hardware and technical investigative equipment and has decreased by \$43,496 due to the partial purchase of equipment completed in 2007-08.

Transfers of \$4,319 include a reimbursement for office supplies to the Purchasing Department.

Contingencies of \$90,370 represent that portion of fund balance not planned to be spent in 2008-09.

Departmental revenue of \$100,000 primarily includes asset forfeiture revenue and projected interest earnings in this budget unit. The increase of \$40,400 is based on pending asset forfeiture cases expected to close, the number of cases in process and projected asset forfeiture cases.

## Federal Seized Assets (DOJ)

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for asset forfeitures from Federal cases filed with the U.S. Department of Justice (DOJ) through its asset forfeiture program. DOJ requires that all receipts from the program be maintained in a separate fund and must not replace any existing funds that would be made available to the Sheriff's Department in the absence of forfeiture funds.

There is no staffing associated with this budget unit.

## State Seized Assets

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health Safety Code requires these funds to be maintained and accounted for in a special fund and that 15% of all forfeitures made after January 1994 is set aside for drug education and gang intervention programs. Current appropriations offset a portion of the labor costs for staff assigned to the Inland Regional Narcotics Enforcement Team (IRNET) and High Density Drug Trafficking Area (HIDTA) task forces. The 15% allocated to drug education programs is used to fund the Sheriff's Drug Use is Life Abuse (DUILA) program, Crime-Free Multi-Housing, Law Enforcement Internship and Operation Clean Sweep Programs. Funds are also used for maintenance of seized properties.

There is no staffing associated with this budget unit; however, salaries and benefits costs are reimbursed to the Sheriff-Coroner's general fund budget unit for those positions assigned to the drug education program.

Services and supplies of \$257,946 include \$200,000 in materials for drug education programs and \$57,946 for vehicle maintenance, fuel and repairs, and other general expenses for the resolution of asset forfeitures.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$10,200 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$250,000 will reimburse the Sheriff-Coroner's general fund budget unit for salaries of personnel assigned to the drug education program.

Contingencies of \$2,154,351 represent that portion of departmental revenue and available fund balance not planned to be spent in 2008-09.

Departmental revenue of \$1,120,000 includes state asset seizures, reimbursement for the care of property, and anticipated interest earnings in this fund.

## Vehicle Theft Task Force

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for vehicle registration assessments allocated to the San Bernardino County Auto Theft Task Force (SANCATT), established in 1995 by the Board of Supervisors to investigate major vehicle theft organizations. Revenue from these fees offsets operating expenses for qualified expenditures by participating agencies.

There is no staffing associated with this budget unit.

Services and supplies of \$521,936 include \$407,824 for salary reimbursements to participating agencies and other various task force operating costs. The decrease of \$252,858 is primarily a result of the anticipated decrease in activity level of the task force.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$8,800 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$388,401 reflect reimbursement to the Sheriff-Coroner's general fund budget unit for salaries and benefits of personnel. Reimbursement to the Purchasing Department for office supplies is also included in this appropriation unit.

Contingencies of \$53,089 reflect the undesignated available fund balance.

Departmental revenue of \$919,137 includes an anticipated increase in vehicle registration fees, along with anticipated interest earnings in this budget unit.

## Search and Rescue

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the principal and interest from a restricted donation for search and rescue, along with reimbursements for search and rescue operations.

There is no staffing associated with this budget unit.

Services and supplies of \$60,000 include budget for low value equipment and professional services such as instructors for specialized training. The decrease of \$28,768 primarily represents a shift in costs to the new travel appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$20,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$80,000 is to purchase computer equipment and specialized search and rescue gear. Vehicles of \$100,000 is predominantly for those vehicles appropriate for mountain terrain.

Contingencies of \$3,844 represent that portion of fund balance not planned to be spent in 2008-09.

Departmental revenue of \$107,000 include reimbursements received from rescue missions plus anticipated interest earned in this budget unit.

## CAL-ID Program

### DESCRIPTION OF MAJOR SERVICES

CAL-ID funding is used for the operating expenses of the Local Automated Fingerprint Identification System (AFIS), and reimburses general fund expenditures for salaries and benefits. The budget unit is funded from joint trust contributions by all local contracting municipal agencies.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 is less than modified budget due to the reduced transfers to reimburse the Sheriff-Coroner's general fund budget unit for salaries and reduced maintenance costs.

Actual departmental revenue for 2007-08 is also lower because the trust fund reimburses this budget unit based on actual appropriation.

Services and supplies of \$595,136 include monitoring and maintenance cost for equipment, as well as costs for fuel, computer hardware and software items.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$40,500 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$300,000 is to purchase replacement fingerprinting stations and upgrades to serviceable stations. This amount reflects a reduction of \$100,000 as replacements vary from year to year.

Transfers of \$2,915,528 will reimburse the Sheriff-Coroner's general fund budget unit for salaries and benefits of personnel and will reimburse Real Estate Services Department for the rent of the CAL-ID offices. The decrease of \$454,613 is primarily related to a reduction in worker's compensation rates for all classes of employees and a reduction in retirement rates for general employees.

Departmental revenue of \$3,580,736 is from the CAL-ID Program trust fund. The \$675,262 decrease is consistent with the anticipated reduction of benefit costs for 2008-09. Departmental revenue directly offsets all claimable costs in the this budget unit.

## COPSMORE Grant

### DESCRIPTION OF MAJOR SERVICES

The COPSMORE 1998 Grant provided funding to upgrade Computer Aided Dispatch (CAD), Records Management System (RMS) software and Mobile Data Computers (MDC) for patrol units.

There is no staffing associated with this budget unit.

Services and supplies of \$925,641 include furniture and carpet replacement for Sheriff facilities, and represent a decrease of \$74,359 over the previous year.

Equipment of \$200,000 is for specialized law enforcement equipment.

Contingencies of \$361,886 represent that portion of fund balance not planned to be spent in 2008-09.

Operating transfer out of \$620,000 is for SCAAP revenue from 2007-08 to be transferred to Sheriff-Coroner's general fund budget unit.

Total financing sources of \$305,332 represents an operating transfer in from the COPSMORE Grant to reimburse the fund for an excessive grant match. In addition, departmental revenue includes interest earned in this budget unit.

Services and supplies of \$300,000 include automotive maintenance and repair charges for the Court's Civil Division vehicles and miscellaneous services and supplies expenses.

Vehicles of \$640,000, an increase of \$40,000, is for the purchase of additional marked units for the Court's Civil Division operations.

Contingencies of \$232,389 represent that portion of fund balance not planned to be spent in 2008-09.

Departmental revenue of \$530,000, which is increasing by \$215,000, reflects anticipated court fines plus anticipated interest earned in this budget unit.

## Court Services Tech

### DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for processing fees collected under AB709 and is used for automated equipment necessary and furnishings necessary to operate court services.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

In addition, actual appropriation in 2007-08 is lower than modified budget due to equipment purchases not made during the year.

Actual departmental revenue for 2007-08 is greater than modified budget due to fines and interest earned in this budget unit being more than anticipated.

Services and supplies of \$255,000 include equipment repairs and maintenance charges for the Court's Civil Division. Services and supplies have decreased by \$20,000 due to the reclassification of travel from the services and supplies appropriation unit to the new travel appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$20,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$200,000 is to purchase computer equipment.

Contingencies of \$649,764 represent that portion of fund balance not planned to be spent in 2008-09.

Department revenue of \$395,000 reflects anticipated court fines and anticipated interest earned in this budget unit.

## Local Detention Facility Revenue

### DESCRIPTION OF MAJOR SERVICES

In accordance with State legislation (AB 1805) effective July 1, 2007, this budget unit accounts for an allocation of funds from the State replacing booking fees previously charged by the county to cities and local entities, as permitted by Government Code Section 29550. Funds are required to be used for the purpose of operating, renovating, remodeling, or constructing local detention facilities.

This is a newly established budget unit during 2007-08.

There is no staffing associated with this budget unit.

## PUBLIC AND SUPPORT SERVICES GROUP - ADMINISTRATION

### Norman A. Kanold

#### MISSION STATEMENT

Public and Support Services Group (PSSG) - Administration effectively oversees fourteen county departments providing a variety of regional and municipal public services that enhance/protect the quality of life for county residents as well as internal support services that increase the level of efficiency for county operations.

#### STRATEGIC GOALS

Public and Support Services Group - Administration is a function of the County Administrative Office (CAO) and therefore shares the same strategic goals of the CAO.

## DESCRIPTION OF MAJOR SERVICES

PSSG was formed during a county organizational restructuring approved by the Board of Supervisors in May 2005. This group includes those departments having a strong interface with the general public as well as a number of internal support departments.

PSSG - Administration coordinates the administrative and budget activities of fourteen county departments charged with providing services to the public and to other county departments. The departments are: Architecture & Engineering, Agriculture/Weights and Measures, Airports, County Fire, Facilities Management, Fleet Management, Land Use Services (which includes Building and Safety, Current and Advance Planning, and Code Enforcement), County Library, County Museum, Public Works (which includes Transportation/Flood, Surveyor, and Solid Waste Management), Real Estate Services, Regional Parks, Registrar of Voters, and Special Districts. PSSG - Administration also ensures that these departments operate within legal and Board approved policy parameters by providing internal policy and procedural guidance for all departments within the group.

The Assistant County Administrator for PSSG serves as a principal assistant to the County Administrative Officer and works closely with the Board of Supervisors on all matters involving the group's activities.

The large increase in appropriation and local cost from 2004-05 to 2005-06 is due to Board approval of the county's organizational restructuring in May 2005. This action established the Public and Support Services Group – Administration as being completely local cost funded. Prior to this action, this budget unit was primarily funded through reimbursements received from departments within the group.

Salaries and benefits of \$1,716,510 fund 10.0 budgeted positions and are decreasing by \$33,657 due to 2.0 positions (Administrative Analyst III and Executive Secretary III) being budgeted at a lower salary step than in the previous year.

Services and supplies of \$116,248 include professional services, hardware/software upgrades, insurance, Internal Service Fund charges, and costs associated with automation of the Computer Aided Facilities Management (CAFM) program. The \$12,540 increase reflects the replacement of computer equipment and adjustments for inflation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$20,000 reflects anticipated travel costs in the areas of conferences and training, including the related hotel, meals, and car rental charges. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$100,000 represent payment to the University of California Cooperative Extension to support research and education programs in San Bernardino County.

Transfers of \$11,690 include EH&P charges and reimbursements to the Information Services Department for technical support. The \$6,224 increase reflects office depot charges now being expensed in this category rather than in services and supplies appropriation unit.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of county-owned and leased buildings with electronic format (AutoCAD) floor plan drawings. (The county has 10.0 million square feet of owned and leased facilities as of June 30, 2008.)	30%	40%	40%	50%
Percentage increase in the number of master gardeners trained (46 master gardeners were trained in 2006-07).	N/A	10%	10%	10%

In 2006-07, the Board of Supervisors approved funding for the addition of 2.0 positions to improve the building inventory, centralize the database for capital planning activities/information, and track facility condition data with inventory, preventative maintenance schedules, and energy management systems. Both positions were subsequently filled and considerable progress has now been made in improving the building inventory, including the addition of approximately 938,000 square feet of electronic format floor plans during 2007-08. Activities related to the complete automation of CAFM continue to be ongoing.

The mission of the University of California Cooperative Extension (UCCE) Master Gardener program is to educate volunteers who render service and provide non-biased, research based horticultural information to the community. Volunteers receive a minimum of 50 hours of instruction that cover topics including water conservation; lawn care; ornamental trees and shrubs; insect, disease, and weed management; soils and plant nutrition; vegetable gardening; home fruit production and garden flowers. In exchange for training, participants are obligated to volunteer at least 50 hours of service to the community within one year following the training. In San Bernardino County, Master Gardeners volunteers provide over 5,000 volunteer hours annually staffing a hotline addressing consumer horticulture questions via phone and e-mail; staffing public service booths for non-profit events throughout the county; assisting in the development of community and therapeutic gardens in conjunction with local school districts, parks departments and hospitals; and, conducting gardening and firescape workshops for local residents. In 2007-08, the Board of Supervisors approved \$40,000 annually to UCCE for the addition of a Master Gardener Program Coordinator. This position is responsible for scheduling and coordinating hotline volunteers, overseeing class scheduling, directing student recruitment/selection, and coordinating volunteer activities.

## Disaster Recovery Fund

### DESCRIPTION OF MAJOR SERVICES

The Disaster Recovery Fund was established to provide separate accountability for specific administrative and program costs related to the county's disaster recovery efforts. Prior incidents have included the Grand Prix/Old Fires in October 2003 and the Grass Valley/Slide Fires of October 2007.

There is no staffing associated with this budget unit.

Operating transfers out of \$77,227 are budgeted to reimburse county departments for specific administrative and program costs related to the county's disaster recovery efforts.

Use of money and property revenue of \$40,000 represents interest earnings on this budget unit's cash balance.

State, federal and other governmental aid revenue of \$36,385 is anticipated for reimbursement of costs associated with the Grass Valley/Slide Fires of October 2007.

# AGRICULTURE/WEIGHTS AND MEASURES

## John Gardner

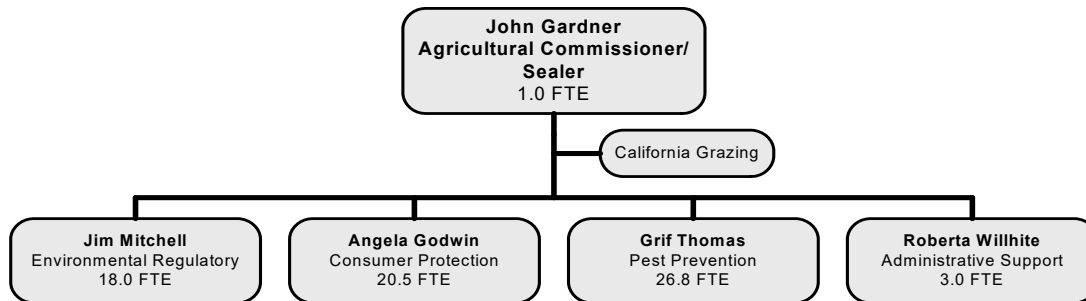

### MISSION STATEMENT

The Department of Agriculture/Weights and Measures protects the environment, agricultural industry, businesses and consumers of this state and county through regulation and satisfies its customers by providing services that promote the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the customers it serves.

### STRATEGIC GOALS

1. Continue to protect the public's health and environment by preventing foreign pest infestations and misuse of pesticides.
2. Continue to protect county residents from being overcharged for purchased goods by ensuring accuracy in the measurement of commodities sold, and prices charged by retail businesses that utilize barcode scanning equipment.

## DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures protects the environment, public health, worker safety and the welfare of the public by enforcing state and local agricultural and consumer protection laws. The department enforces plant quarantines, detects and eradicates unwanted foreign pests, regulates pesticide use, verifies pricing accuracy of goods, and regulates all business transactions based on units of measures such as weight or volume. Additional duties include, inspecting eggs, produce and nursery stock, certifying plant shipments for export, controlling vegetation along state and county right-of-ways and flood control channels, manufacturing rodent baits for sale to the public and other miscellaneous services provided to businesses and the general public. The department also administers the California Grazing budget which funds rangeland improvements on federal land within the county.

Actual appropriation for 2007-08 is \$458,800 less than the modified budget. This is primarily due to salaries and benefits savings (\$186,804) from vacant positions, services and supplies savings (\$250,888), and other savings mainly due to a decrease in herbicide purchases, general office expense, non-inventoriable equipment, and special department expense.

Actual departmental revenue for 2007-08 is over-realized by \$532,978 relative to modified budget. This is primarily due to a greater than anticipated collection of state/federal government aid.

Budgeted Staffing					69.3	69.3	-

Salaries and benefits of \$4,808,777 fund 69.3 budgeted positions, a decrease of \$28,272. The salary and benefit appropriation net decrease of \$28,272 is primarily based on reductions of \$81,165 in benefit plan costs, retirement, and worker's compensation charges; and \$52,893 in salary step adjustments. The department originally budgeted for the addition of 1.0 Office Assistant II position. However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation reflects a reduction of \$40,465 and 1.0 in budgeted staffing. Associated general fund financing was also decreased by \$40,465.

Services and supplies of \$1,503,729 include herbicide purchases, vehicle and maintenance charges, routine small equipment purchases, communications, and general operating expenses. The increase of \$5,413 is due to minor adjustments in operating expenses. Travel and educational expenses have been removed from services and supplies and are budgeted in the new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$26,000 reflects anticipated travel costs for State Association conference provisions (\$4,500), staff training (\$5,100), and mileage/meals/lodging primarily for field staff performing inspection services (\$16,400). These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment and lease purchases of \$59,682 collectively funds the second year of lease-purchase payments for a weed control spray truck (\$29,682) and the purchase of two new high-volume liquid test measure units to be used in performing weights and measures inspections at gasoline stations (\$30,000), for an overall increase of \$23,000.

Transfers of \$114,899 reimburse the cost of the employee health and wellness program (\$15,969), rent for two office locations (\$72,730) and custodial/maintenance charges (\$26,200). The increase of \$2,697 is due to changes in rent.

Departmental revenue totaling \$4,075,133 is derived from a variety of services, permits, contracts and mandates. Major sources of revenue are: device registration fees (\$500,000), scanner registration fees (\$120,000), packer registration (\$94,000), state funded pest detection services (\$1,079,845), unclaimed gas tax (\$600,000), pesticide mill fee (\$290,000), weed control services (\$771,000), and weights/measures and pesticide violations (\$120,000). The overall increase of \$153,963 is primarily due to an increase in state aid resulting from additional unclaimed gas tax (\$70,000), an increase in the data entry contract with the State Department of Pesticide Regulation (\$21,000), and an increase in device and packer registration fees (\$23,000).

## California Grazing

### DESCRIPTION OF MAJOR SERVICES

The California Grazing budget unit funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management (BLM) lessees and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The BLM, the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on federal lands. The county acts in a trustee capacity for these funds.

There is no staffing associated with this budget unit.

Departmental Revenue	8,165	8,623	3,969	3,900	1,994

There were no expenditures in 2007-08, and expenditures in general are substantially less than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code. Decreased grazing activity and a reduction in the areas leased has resulted in less grazing-right fee revenues and less demand for grazing improvements (which are funded by fees paid by the ranchers).

## DESCRIPTION OF MAJOR SERVICES

The Department of Airports provides for the management, maintenance, and operation of six airports. The department assures that county airports are maintained and operated in compliance with state and federal regulations. The department also assists the county's private and municipal airport operators in planning, interpreting, and implementing Federal Aviation Administration (FAA) general aviation requirements.

The county's six airports are as follows: Chino Airport, a FAA designated reliever to John Wayne Airport and one of the largest general aviation airports in the country with approximately 800 based aircraft; Apple Valley Airport, a county service area (CSA-60) with a significant sport aviation base; Barstow-Daggett Airport, an airport with significant military activity and home to the Fort Irwin Helicopter Maintenance Base; Twentynine Palms Airport, a center for soaring activity in addition to serving the community as a general aviation airport; Needles Airport, a critical transportation link and key point for medical and law enforcement activity along the Colorado River; and Baker Airport, a small facility on land leased from the Bureau of Land Management that serves as an emergency landing field between Barstow and Las Vegas.

Salaries and benefits of \$2,526,823 fund 30.5 budgeted positions. The 2008-09 budget is increasing by \$177,303 primarily due to the addition of 1.0 Assistant Director of Airports, approved by the Board of Supervisors in November 2007, which is responsible for planning and coordinating the department's economic development activities.

The department originally recommended the addition of 1.0 new Airport Maintenance Worker I position to assist staffing with workload demands at Chino Airport, as well as the reclassification of a Fiscal Assistant to Fiscal Specialist and a Secretary I to Secretary II. However at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of all new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation and associated revenues for the Airports Department reflect a reduction of \$59,742 and 1.0 budgeted staffing.

Services and supplies of \$1,118,918 reflect the cost of operating the county airports, including expenses for insurance and maintenance.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$23,304 reflects anticipated travel costs. Of this amount, \$12,000 is related to the performance of work duties. The balance of approximately \$11,000 is for staff to attend conferences and training. These costs were based on departmental analysis of past travel related expenses budgeted in the services and supplies appropriation unit.

Other charges of \$10,652 represent repayment of two state aviation loans. A third loan was repaid in full during 2007-08, thus reflecting a decrease of \$29,880 from prior year.

Transfers of \$34,714 finance Human Resources, computer services, payroll, and EH&P charges. Additional charges for County Counsel and surveying services represent the \$13,548 increase for 2008-09.

Reimbursements of \$980,304 represent the amount of salaries and benefits costs associated with CSA 60, Apple Valley Airport (\$609,004) and the Chino Airport Commercial Hangars (\$371,300). The \$255,606 increase is primarily due to the addition of the Assistant Director position as mentioned above.

Use of money and property revenue of \$2,373,397 represents revenue from the lease and rental of airport facilities. The \$147,375 decrease reflects the loss of three airport tenants during 2007-08.

State revenue of \$40,000 is an annual stipend from the State of California to assist the department with operating costs at the airports.

Current services revenue of \$163,250 represents revenue from fuel flowage. The \$13,274 decrease projected for 2008-09 is based on an anticipated reduction in fuel sales due to increased fuel prices.

Other revenue of \$70,500 mainly represents reimbursements from the U.S. Army for maintaining their portion of the Waste Water Treatment plant at the Barstow-Daggett Airport.

Operating transfers in of \$120,000 are monies being transferred from the department's Chino Airport Commercial Hangar budget unit to help finance the cost of operating and maintaining the county airports.

Due to construction delays, the department was not able to achieve its projected outcome in regards to revenue producing land at Apple Valley Airport as well as the average length of time to complete capital improvement projects. The percentage of revenue producing land at Chino Airport was also less than anticipated. This is attributed to an economic development plan that is still being developed for the airport.

## Chino Airport Commercial Hangars

### DESCRIPTION OF MAJOR SERVICES

The Department of Airports manages, maintains, and operates the Chino Airport Commercial Hangar complex. The Commercial Hangars were constructed in 1987 with proceeds from a 30-year bond issue. In addition to maintenance expenses, appropriation is budgeted annually for insurance costs. Appropriation for this budget unit are financed from rental revenues and available fund balance.

There is no staffing associated with this budget unit. However, this budget unit finances some staffing in the Airport's general fund budget unit.

				Fund Balance	355,898	848,929	493,031

Services and supplies of \$273,757 include maintenance and insurance costs. The \$73,394 decrease reflects a reduction in the amount budgeted for maintenance of the hangar facility.

Land and improvements of \$50,000 are budgeted for new pavement at the Chino Airport Commercial Hangar complex.

Equipment of \$175,000 consists of a Crack Sealer (\$75,000), trailer jet (\$25,000), and extension of security cameras installed around the perimeter of the Commercial Hangars (\$75,000).

Vehicles of \$50,000 are budgeted for a 1 ton truck with utility bed for increased maintenance activities.

Transfers of \$371,300 consist of labor reimbursement to the Airports' general fund budget unit. The increase of \$248,979 is primarily due to financing additional staffing of 1.0 Assistant Airport Director and 1.0 Airport Maintenance Worker I.

Contingencies of \$786,663 are being held in the event of unforeseen expenses. This amount represents a \$503,890 increase from the previous fiscal year based primarily on additional fund balance available.

Use of money and property revenue consists of lease revenues. The \$857,791 budgeted for 2008-09 represents a \$36,444 increase due largely to CPI adjustments on existing leases and additional interest earned on cash balances.

## Chino Airport Incentive Fund

### DESCRIPTION OF MAJOR SERVICES

The Chino Airport Incentive Fund was established in 2007-08 to provide separate accountability for all costs and revenues related to the goal of attracting and retaining businesses at Chino Airport.

There is no staffing associated with this budget unit.

Services and supplies of \$1,204,458 are budgeted for costs related to economic development activities at Chino Airport.

Operating transfers in are budgeted at \$500,000 for 2008-09. On November 1, 2005, the Board of Supervisors approved a \$4.0 million allocation from the County General Fund to the Department of Public Works for road projects in the unincorporated area of the Fourth Supervisorial District. These funds were originally earmarked for a storm drain project in the Chino area, but were subsequently diverted to a number of sidewalk projects that are currently in the design phase. During the 2008-09 budget process, \$1.0 million of these funds were redirected toward economic development activities in the fourth district. Of this amount, \$500,000 will be transferred to the Department of Economic Development and \$500,000 transferred to the Chino Airport Development Fund.

## ARCHITECTURE AND ENGINEERING

### Carl R. Alban

#### MISSION STATEMENT

The Architecture and Engineering Department is committed to the timely and cost effective design and construction of projects included in the county's annual Capital Improvement Program and providing quality improvements to ensure accessible and safe environments for county departments and the public they serve.

#### STRATEGIC GOALS

1. Improve the quality and cost-effectiveness of design and construction management services.
2. Decrease the average time required for completion of Capital Improvement Program and other construction projects.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The Architecture and Engineering Department (A&E) is responsible for planning and implementing the quality design and construction of projects included in the county's Capital Improvement Program; as well as other Regional Parks, Airports, and Community Development and Housing Department projects. The department collaborates with other county agencies, the County Administrative Office, and the Board of Supervisors to develop project scope, schedule, and budget. A&E then administers these projects from conceptual design through construction to completion. Staff issues requests for proposals to secure consultant services; prepares the bid package; solicits competitive construction bids; obtains the appropriate jurisdictional approvals; and provides inspection and construction management services through project completion and closeout.

A&E strives to be a competitive public service organization dedicated to delivering successful projects and quality services for San Bernardino County in a timely and cost effective manner. A&E takes pride in its ability to respond quickly to changing organizational needs and priorities, while continuing to provide quality improvements for the benefit of county departments and the public they serve.

				Budgeted Staffing	28.0	29.3	1.3

Salaries and benefits of \$3,223,651 fund 29.3 budgeted positions, which is an increase of \$290,909 and 1.3 budgeted staffing. Cost adjustments reflect various staffing changes and decreased workers' compensation charges. The department requested two reclassifications and the addition of an Office Specialist in 2007-08 which were put on hold as the department requested assistance from HR to do an organizational study. The following budgeted staffing changes reflect Human Resources recommendations:

- Dual fill the Assistant Director position for three months which equates to 0.3 FTE. The Assistant Director is retiring in March 2009 after 35 years. Dual filling this management position is necessary to assure a smooth transition for project management.
- Deletion of a 1.0 Office Specialist (pay range 35). This position was requested in 2007-08 and is not necessary as a result of the above recommendations.

New positions, originally included in budget:

- Addition of a 0.8 Supervising Project Manager (pay range 71) to help with the span of control of the Assistant Director to help mentor, develop, and supervise entry level Project Managers.
- Addition of a 0.7 Staff Analyst II (pay range 56) to assist with all phases of the Board Agenda item process, including drafting of the agenda items, contracts, and amendments.
- The department also budgeted for a 1.0 Public Service Employee to perform the duties of an accounting technician who is currently on extended leave.

Two reclassifications, originally included in budget:

- Engineering Technician (pay range 34) to Office Assistant III (pay range 31) to ensure project files are maintained accurately and timely.
- Secretary I (pay range 35) to Office Specialist (pay range 35) to better align the classification with the actual duties of the position, which includes document retrieval, filing, and management of the new Document Management System.

In addition, the Board of Supervisors (Board) approved a 1.0 Contract Management position on December 18, 2007 (Item No. 23), to be the on-site manager through the construction of the Arrowhead Regional Medical Center (ARMC) 6<sup>th</sup> Floor Remodel project. Finally, the Board approved a Contract Inspector of Record position on May 6, 2008 (Item No. 20), to provide continuous inspection services during the construction of the ARMC 6<sup>th</sup> Floor Remodel project.

However, at the 2008-09 Budget Hearing, the Board directed the removal of new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation reflects a reduction of \$175,126 and 2.5 in budgeted staffing. Associated reimbursements were also reduced by \$175,126.

Services and supplies of \$519,862 primarily include non-inventoriable equipment, contract services, charges for telephone and vehicles services, and systems development charges. The increase of \$102,932 is to continue and finish the work started on a number of major system enhancements. These enhancements are designed to provide more timely and accurate information on the financial status of projects underway and completed and to enhance the information available to the Project Managers on-line to improve the efficiency of managing the projects assigned to each of them.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$10,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

The equipment budget has been reduced by \$12,500 as no fixed asset purchases are anticipated in 2008-09.

The vehicle budget of \$25,000 represents the department's request to purchase one hybrid vehicle in 2008-09.

Transfers of \$50,105 represent payments to other departments for EH&P, Human Resources support, information technology support, and Office Depot purchases made through the Purchasing Department which were previously budgeted in services and supplies appropriation unit.

All the budget adjustments detailed above, totaling \$395,146, are fully offset by increased reimbursements from customers for project management services.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Projects with administration costs less than 10% of the total project budget for projects over \$25,000 and less than \$500,000.	70%	95%	79%	80%
Projects with administrative costs less than 5% of the total project budget for projects over \$500,000.	76%	95%	50%	85%
Percent of projects completed within two years of the project approval.	75%	75%	63%	75%

The initial targets for performance measures one and two above were developed intuitively, and not supported with historical data. Clearly the actual metrics that were developed from completed projects for 2006-07 indicate that our projections were optimistic. On the other hand, the department believes that the project financial tracking system that is being developed in conjunction with the Information Services Department will provide more timely financial data that will improve the project managers ability to effectively control project administrative costs. In addition, the ongoing departmental reorganization studies are specifically targeted to improve the efficiency of the project managers and enable them to manage a greater number of projects and thereby reduce administrative costs.

In addition it is important to note that for performance measure number two, the department completed two out of four projects with administrative costs of 5% of the total project budget and the other two projects with administrative costs of 6%.

For performance measure number three, the department focused on completing the 2005-06 projects within the two year milestone, but also worked to reduce the backlog of projects by completing over 100 older projects during the same two year period. The next reporting period includes projects approved in 2006-07, along with the remaining backlog of over 60 projects. The department continues to focus on meeting its goals through the ongoing administrative reorganization and continuing work with the Information Services Department to develop improved access to project data and information.

## COUNTY LIBRARY

### Ed Kieczkowski

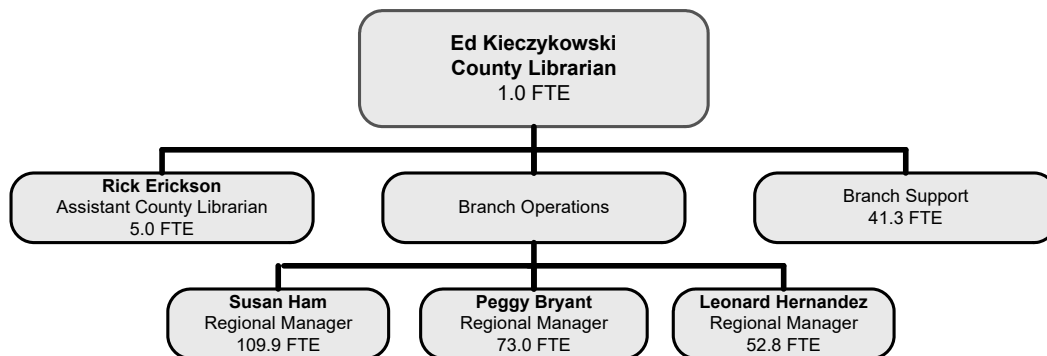

#### MISSION STATEMENT

The San Bernardino County Library is to be the community's resource for access to information that promotes knowledge, education, lifelong learning, leisure and cultural enrichment for the people of San Bernardino County.

#### STRATEGIC GOALS

1. Increase the physical capacity of library facilities.
2. Enhance computer and electronic resources for the public.
3. Continue implementing patron self-sufficiency at branch libraries to improve customer service and increase department productivity.

#### ORGANIZATIONAL CHART

## DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library provides public library services through a network of 30 branches in the unincorporated areas and 17 cities within the county. County Library also has two bookmobiles, one of which is utilized to reach people who live in sparsely populated areas or are unable to use the traditional branches. 2007-08 witnessed the opening of the new Fontana and Highland Libraries, as well as expansion of the existing Loma Linda Library. A satellite station was also opened in Lytle Creek. The impact of these new/expanded facilities will carry over into the new fiscal year, with Fontana, Highland and Loma Linda becoming the largest, second largest, and fifth largest facilities in the Library system. Their increased space will provide significant enhancement of library services in their respective communities, but will similarly increase the cost of providing library services. The coming year will see the opening of new facilities in Chino Hills, Phelan, and Crestline as well as the potential improvement of facilities in other communities such as Running Springs and Chino.

The County Library continues to provide access to information through its materials collection and 800 Internet accessible computers. The public computers also provide access to a number of online databases and other electronic resources. Electronic access to the County Library's collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches.

The Library's on-line catalog, a joint project with the County of Riverside, provides access to 2.5 million items. The system allows for patrons in either system to directly request materials held by the other and to have those items delivered to their local branch for pick up. In 2008-09, 200,000 items are expected to cross county lines to the benefit of residents in both counties. The Library's book collection is supplemented by materials in other formats, such as magazines, newspapers, government documents, books on tape, pamphlets, compact discs, DVD's videotapes, microfilm and electronic/on-line services and materials. Cultural and educational programs for all ages, including literacy services and other specialized programs, are provided at branch locations. County Recorder services are also located at the Apple Valley, Fontana and Montclair branch libraries. Additionally, the department is in the process of installing self-service checkout equipment at selected branches within the library system. By the end of 2007-08, eleven (11) branches will be capable of providing this service.

The County Library system is financed primarily through dedicated property tax revenues and is supported by local Friends of the Library organizations that financially assist library branches in local communities. A total of 1,500 volunteers perform a variety of tasks in supporting local libraries. The Library has also developed active partnerships with the communities it serves, resulting in additional funding and the provision of facilities at minimal cost.

				Fund Balance	920,821	763,081	(157,740)
				Budgeted Staffing	251.3	283.0	31.7

Salaries and benefits of \$12,217,846 fund 283.0 budgeted positions. The additional \$919,189 in appropriation reflects a 31.7 increase in budgeted staffing. The large majority of this increase contains full year funding for existing positions that were added toward the end of 2007-08. These positions (Library Assistant, Library Page and Student Intern) were added to correspond with the opening of larger facilities at the Fontana, Highland and Loma Linda branch libraries. The department's budget also includes partial year funding for additional staffing at the new Chino Hills and Phelan branches that are expected to open midyear 2008-09. In addition, the budget includes the reclassification of an existing Automated Systems Analyst II to a Business Systems Analyst II.

Services and supplies of \$6,053,796 are primarily budgeted for the cost of operating the branch libraries. This amount includes such costs for utilities, maintenance, custodial services, COWCAP charges, computer hardware/software purchases, furniture, insurance and publications/subscriptions. Also included in this amount is \$1,936,000 for the purchase of library materials and online database subscriptions. While an inflationary increase has been applied to operational costs, a total reduction of \$538,104 is budgeted in services and supplies due to a reduction in appropriation for library materials. This reduction, which is in response to the Governor's proposed decrease in state aid available to public libraries, was anticipated and therefore the amount expended in 2007-08 for materials has been curtailed accordingly. The 2008-09 budget also includes \$30,000 for software needed to convert to Radio Frequency Identification (RFID) technology at three branch libraries.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$121,500 reflects \$68,500 for seminars, conferences and training (including the cost of hotels, meals and car rental) as well as \$53,000 for employee mileage reimbursements and daily usage of county motor pool vehicles needed in the performance of job duties. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$178,105 reflect loan payments pertaining to the Apple Valley and Wrightwood library facilities.

Equipment is budgeted at \$400,000 for the following: conversion of barcode technology to RFID technology at three branch libraries (\$170,000), the purchase of book security systems (\$140,000), two library circulation system servers (\$40,000), audio/visual items including a backup tape drive (\$35,000), and replacement of a color copier/printer (\$15,000).

Transfers of \$535,541 represents payments to the Real Estate Services Department for rent/lease costs of occupying non-county owned buildings.

Reimbursements of \$344,572 include anticipated amounts from the Auditor/Controller-Recorder for recorder services provided at branch locations, as well as from the Human Services Group to utilize storage at the basement of the Library administration building.

Operating transfers out of \$200,000 are budgeted to reimburse the Capital Improvement Project (CIP) Fund for the cost of replacing the HVAC system at the Yucaipa Branch Library. This amount is in addition to the \$200,000 that was transferred to the CIP Fund in 2007-08 for this same purpose.

Taxes of \$14,552,000 represent an increase of approximately 5% from the amount received in 2007-08.

State, federal and other governmental aid revenue of \$979,940 includes financing from the State Public Library Fund (PLF) and other state grants for literacy programs. The \$324,869 decrease is largely due to proposed reductions in the PLF allocation.

Current services revenue of \$1,264,000 include revenues from fines, fees, and the rental of videos. The \$143,600 decrease is primarily due to a reduction in fines and fees based on 2007-08 activity.

Other revenue is budgeted at \$1,003,229 for 2008-09. The significant increase of \$685,429 is due to anticipated proceeds from sale of the Highland Branch property vacated by completion of the new branch. Other revenue in this category include federal e-rate reimbursements and contributions from the local Library Friends groups. The actual amount received in this category for 2007-08 (\$1,805,520) was significantly more than budget due to the receipt of \$1,200,000 from the City of Fontana for the purchase of additional books and other library materials for the new library facility in Fontana.

Operating transfers in of \$961,850 include the following:

- \$500,000 of ongoing support from the county general fund to enhance the Library's annual book/materials budget.
- \$261,850 of ongoing support from the county general fund for costs related to additional hours of operation.
- \$200,000 of one-time Business Process Improvement Reserve funds for the continued conversion to RFID technology at existing library facilities. Specifically, these funds will be used to convert to this technology at the Rialto, Yucaipa and Yucca Valley branch libraries. This conversion will allow County Library to reduce personnel costs by providing patrons with the ability to obtain or return materials without the need of staff intervention.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage increase of square feet of space available at branch libraries (222,321 sq ft in 2006-07; 326,015 sq ft in 2007-08).	11%	40%	47%	12%
Percentage increase in the number of personal computers dedicated for public usage (443 computers in 2006-07; 814 in 2007-08).	18%	30%	84%	10%
Percentage increase in the amount expended for electronic resources (\$117,000 expended in 2006-07; \$158,000 expended in 2007-08).	22%	10%	35%	6%
Amount of fees collected through electronic payments.	\$6,431	\$100,000	\$17,960	\$60,000
Number of items circulated via self-support.	83,000	200,000	273,794	300,000
Percentage increase in circulation of materials for the new or expanded branches.	40%	10%	40%	30%
Percentage of library patrons utilizing self-service modules at those libraries with RFID technology.	30%	40%	43%	40%

Of the performance measures listed above, the department exceeded its projections for 2007-08 with the exception of fees collected through electronic payments. In 2006-07, County Library began accepting payments through the Internet using PayPal as the processor of patron payments. The Library's 2007-08 target of electronic payments (\$100,000) was based on the installation of 2 payment modules – PayPal and an E-commerce module, which would provide patrons a variety of electronic payment options. However, software development delays with the Library's automation vendor prevented the installation of the E-commerce module as originally planned.

## COUNTY MUSEUM

### Robert L. McKernan

#### MISSION STATEMENT

The County Museum maintains and develops unique cultural and natural science collections related to the region and the greater Southwest. Through responsible collection, preservation, exhibition, and education, the County Museum inspires the public to a deeper understanding of their cultural and natural history.

#### STRATEGIC GOALS

1. Enhance public awareness of museum services/programs and increase accessibility to museum collections/programs.
2. Expansion/refurbishment of the Museum's main facility in Redlands.

## DESCRIPTION OF MAJOR SERVICES

The Museum provides cultural and educational programs and activities for the public at its main facility in Redlands and the following seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (Rains House), Daggett Stone Hotel, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Adobe in Chino, and Yucaipa Adobe. These programs and activities involve the preservation of cultural and natural heritage collections that represent the Southwest region, display of permanent and special exhibitions, and care and preservation of historical sites depicting the history and culture of San Bernardino County. Museum programs promote learning, awareness and enrichment through community outreach, partnerships with educational institutions, and research that enhances both the museum collections and educational services. Approximately two million permanent and loaned collections are preserved for the benefit of the public, educational, and the scientific community. The County Museum has been accredited from the American Association of Museums since February 23, 1973. In 2002, the Museum received its decennial accreditation that will continue through 2012.

The Museum is comprised of the following divisions: Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. All divisions provide educational services for families, general public, school groups, educators, and scholars at the main Museum facility and historic sites. In addition, the Biological Science and the Geological Sciences divisions conduct scientific field research and studies for public and private agencies. This research consists of both short and long-term scientific field studies resulting in significant revenue for the department. A portion of this revenue is used to support other Museum programs and activities. Furthermore, this field research results in valuable collections being accessioned into the museum collections that are curated and exhibited for public education at the main facility and historic sites.

Over the past four years, the San Bernardino County Museum has received funding from the Institute of Museum and Library Services (IMLS). With these funds, SBCM has designed and implemented a multi-functional Web Module and media archive for the Inland Southern California. The museum web module provides electronic access to the museum's cultural and natural heritage collections and programs, which better informs the general public, educators, students, and business of San Bernardino County and the region as to their rich regional heritage.

Budgeted Staffing					51.6	50.1	(1.5)

Salaries and benefits of \$2,871,727 fund 50.1 budgeted positions. The \$180,203 decrease is mainly the result of deleting 1.5 vacant positions, coupled with a reduction in workers' compensation costs.

Services and supplies are budgeted at \$1,064,681 for 2008-09. This amount includes a \$500,000 approved policy item for exhibit fabrication of the new Hall of Geological Wonders. Completion of the Hall's exhibit fabrication is decisive to improve customer service and visitation through new exhibitions of the county's significant natural heritage. The remaining budgeted amount of \$564,681 reflects operating expenses required to complete research projects, educational programming, advertising of Museum programs/activities, and maintenance of facilities.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$30,000 reflects \$16,000 towards departmental field-related expenses for billable projects; \$10,000 for employees' mileage reimbursement (partially billable); and \$4,000 for conferences/training. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$139,419 represents payments to the Real Estate Services Department for costs related to the Museum's off-site storage.

Use of money and property revenue of \$35,000 reflects revenue from the rental of Museum facilities for weddings, receptions, and other special events. The budget is being reduced by \$24,000 based on 2007-08 activity.

Current services revenue of \$1,460,379 primarily consists of research revenue from the department's Geological and Biological Sciences Divisions.

Other revenue of \$3,000 is decreasing by \$188,900 due to the completion of several grant funded projects during 2007-08.

Operating transfers in of \$20,000 are anticipated from the Museum Gift Store to help finance operational costs.

## Museum Store

### DESCRIPTION OF MAJOR SERVICES

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store is considered a critical part of the visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The Store supports the Museum operations and makes an annual financial contribution to the Museum.

In 2003-04, the Museum Store opened a Garden Café offering sandwiches, snack products, pastries, and bottled beverages for Museum visitors. The café helps to enhance the visitor experience and satisfaction.

Salaries and benefits of \$44,866 fund 2.0 budgeted positions. The \$19,343 decrease reflects the replacement of a vacant Office Assistant II position with the use of Public Service Employees.

Services and supplies of \$28,219 include operating expenses and purchases for resale (inventory).

Operating transfers out of \$20,000 are budgeted for the County Museum's general fund budget unit to assist with financing its operations.

Other revenue of \$100,000 represents the store's projected sales revenue.

## FACILITIES MANAGEMENT

### David S. Gibson

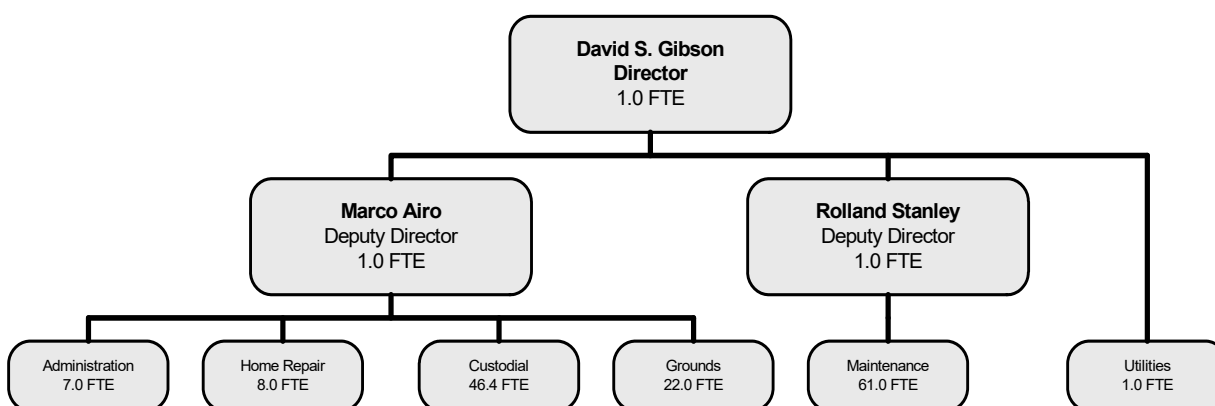

#### MISSION STATEMENT

The Facilities Management Department serves the public by providing quality custodial, grounds, and maintenance services that enable departments and staff to effectively meet the expectations of their customers.

#### STRATEGIC GOALS

1. Improve business practices to enhance customer service and increase staff efficiency.
2. Provide thorough preventive maintenance assessments and reports on county owned facilities.
3. Reduce utility consumption/Implement sustainability projects.
4. Safeguard county facility assets.

## DESCRIPTION OF MAJOR SERVICES

The mission of the Facilities Management Department is to serve the public by providing quality services and enabling county departments to effectively meet the expectations of their customers. This mission is implemented through services provided by the Custodial, Grounds, Maintenance, Home Repair and Administration divisions. The focus for each of these divisions is to ensure a clean, safe, and well-maintained environment for County customers and employees.

Actual appropriation for 2007-08 is less than the modified budget due to salary savings from vacant positions. These positions were intentionally left unfilled to avoid layoffs pending the status of legislation and negotiations concerning the Court's facilities transfers between county governments and the Administrative Office of the Courts (AOC). Through a legislative decision, these transfers were rescheduled to take effect on September 30, 2008.

Actual departmental revenue for 2007-08 is less than the modified budget because requisition work from other county departments was lower than anticipated.

Budgeted Staffing					154.9	147.4	(7.5)

Salaries and benefits of \$9,496,055 fund 147.4 budgeted positions, which is a decrease of \$611,617 and 7.5 budgeted staff. In the Custodial Division, 5.0 vacant positions are replaced by outside custodial services contracts. In the Grounds Division, 4.0 vacant positions are replaced by outside contractors. These decreases are offset by a reduction in the distributed vacancy factor by 1.5.

Services and supplies of \$8,189,795 include contracts for custodial and ground services, as well as costs related to building maintenance. The increase of \$596,438 is a result of the following adjustments:

- \$117,000 increase in the Custodial division for contracts.
- \$140,000 increase in the Grounds division for contracts.
- \$230,000 increase for minor construction, carpet and paint projects.
- \$24,438 for anticipated inflationary increases in department-wide contract costs.
- \$50,000 decrease in funding from the Department of Community Development and Housing for the Home Repair program.
- \$135,000 increase for a one-time Business Process Improvement (BPI) funding for the purchase of rugged Personal Digital Assistants (PDAs) in order to reduce the Work Request backlog and improve staff efficiency.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$8,300 reflects anticipated travel costs for service and facility inspections of \$5,300 and for regional conference fees of \$3,000. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$52,000 is to purchase various fixed assets including one mower and one aerator for the Grounds Division and a plotter/printer for the Maintenance Division.

Transfers of \$993,462 reflect a reduction in EH&P charges and a reallocation of administrative overhead costs.

Reimbursements of \$4,311,988 are payments from general fund departments for special custodial, grounds, and maintenance service requests. The decrease of \$51,918 is due to an anticipated decrease for reimbursable projects and requisition work from county departments.

Departmental revenue of \$5,039,237 is primarily from non-general fund departments for special custodial, grounds, and maintenance requests. The increase of \$211,691 is due to an anticipated increase in minor projects and the recovery of overtime costs on revenue-generating projects through a board-approved rate.

Operating transfers in of \$135,000 is for a one-time BPI funding for the purchase of rugged PDAs in order to reduce the Work Request backlog and improve staff efficiency.

Performance measures with projections of N/A for 2008-09 reflect measures that have been achieved. These measures support goals of the Facilities Management Department (Facilities) as articulated in the business plan and previous years' budget documents.

The performance measure to decrease the length of time to provide final cost data to customers was achieved in 2007-08; hence, it will not be an ongoing performance measure in 2008-09. However, Facilities will continue to monitor this measure to ensure ongoing efficiencies.

Through implementation of the CAFM (Computer Aided Facilities Management), Facilities was able to complete the objectives of implementing the capability for county departments to submit work requests on-line in 2007-08.

Due to problems with the facility assessment contractor, only eighty-seven percent of facilities assessments were completed in 2007-08. Facilities is seeking a new contractor and plans to complete the remaining thirteen percent in 2008-09.

The performance measure of hours freed up from administrative work for field staff has been achieved through the hiring of a Staff Analyst II, an Office Assistant II, a Project Scheduler, and a Parts Runner. The work that these individuals perform was previously done by field staff. Through filling these positions, the staff is now able to spend more time in the field supervising jobs and projects rather than performing administrative tasks. Additional productive hours from new specialty trade positions of plumber, electrician, and sprinkler system worker have been achieved by filling positions approved in the 2006-07 budget. This performance measure is now a part of Facilities' normal operations and budget.

Facilities was successful in increasing the number of Community Options crew by adding three additional crews. The estimated hours for the expansion of the Community Options contract were based on the one building that had a Community Options crew working on it at the time the projections were developed. Upon evaluating the specific needs of the individual sites, Facilities was able to meet customer needs with fewer hours per week of additional service, hence the increase to 6,000 hours rather than the originally projected 10,000 hours.

New performance measures for 2008-09 focus on resource conservation and protection of facility assets. Through the Grounds Division, Facilities is installing water-wise landscaping and irrigation systems at different county locations and monitoring the reduction in water consumption that results from these projects.

The Maintenance Division will perform building audits of county-maintained facilities. These audits will provide an ongoing method for updating the baseline data collected through the facility assessments. The information from these audits will allow Facilities to develop preventive and predictive maintenance plans that will extend the useful life of buildings and equipment thus safeguarding the county's facility assets.

## Utilities

### DESCRIPTION OF MAJOR SERVICES

The county's utility budget finances the cost of electricity, natural gas, water, sewage, refuse disposal, and other related costs for county-owned and various leased facilities.

Actual appropriation for 2007-08 is less than modified budget due mainly to a decrease in electricity costs because of cooler temperatures compared to previous years; this is partly offset by rate increases in water, gas, and disposal.

Actual departmental revenue for 2007-08 is less than modified budget due to a decrease in charges for electricity costs.

Salaries and benefits of \$87,022 fund 1.0 budgeted position. The \$501 decrease is due to lower benefits rates.

Services and supplies of \$16,766,984 fund the utility costs. The increase of \$610,641 is due to rate increases in water, disposal, and gas, and to an anticipated increase in electricity under review with the California Public Utilities Commission (CPUC). The increase also includes a one-time Business Process Improvement (BPI) funding of \$75,000 for consultant services to assess utility usage in multi-occupant buildings and \$50,000 to conduct a study to assess the use of alternative energy sources.

Transfers of \$1,438,092 include \$470,000 for bond payments related to the Gilbert Street Complex's heating, ventilating, and air conditioning (HVAC) project completed in 1997. In addition, approximately \$800,000 involves a reclassification from utilities expenditures to reimburse the Administrative Office of the Court (AOC) for the county's share of the utilities cost for the Big Bear and Central Courthouses which were transferred to the state on June 30, 2007. The balance of transfers is due to an allocation of administrative overhead costs to the Facilities Management Administrative Division. The increase of \$34,544 is due to utility rates.

Reimbursements and departmental revenue totaling \$659,890 are charges for utility costs passed on to customers and third parties that occupy county-owned space. The increase of \$3,824 in reimbursements is due to an increase in utility rates. The decrease of \$11,961 in departmental revenue is due to the end of La Verne University's payments for past years' utilities use.

Operating transfers in for \$125,000 includes a one-time BPI funding of \$75,000 for consultant services to assess utility usage in multi-occupant buildings and a one-time BPI funding of \$50,000 to conduct a study to assess the use of alternative energy sources.

## FLEET MANAGEMENT

### Roger Weaver

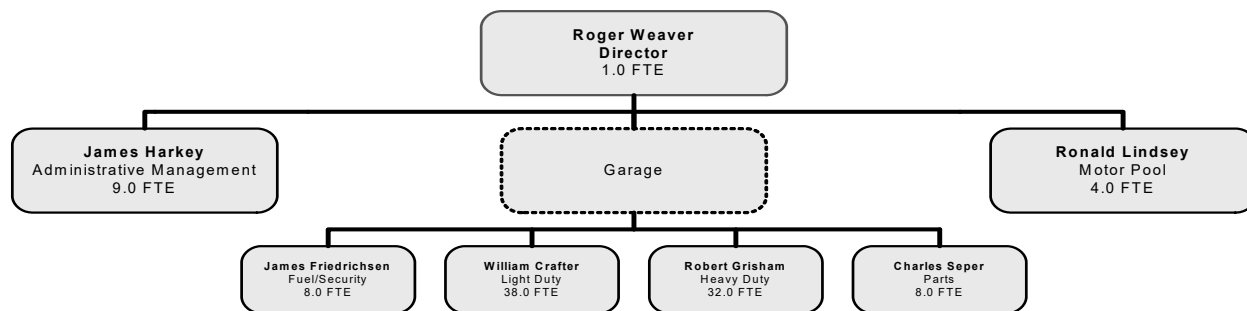

#### MISSION STATEMENT

The Fleet Management Department provides vehicles, equipment, and related services to the officials and employees of the County so that they may, in turn, provide services that promote health, safety, well being, and quality of life to the residents of the County.

#### STRATEGIC GOALS

1. Maintain current high levels of customer service and user satisfaction.
2. Decrease vehicle downtime for preventive maintenance and routine repairs.
3. Reduce overall motor pool vehicle emissions.

## Garage

### DESCRIPTION OF MAJOR SERVICES

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication and emergency field services for the county's fleet of vehicles and heavy equipment.

The Garage budget unit is an internal services fund (ISF). All operational costs of the Garage Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to provide working capital, finance the replacement of fixed assets, and fund capital improvements. Any excess/shortage is incorporated into the rate structure during the annual rate review process.

Salaries and benefits of \$7,392,478 fund 96.0 budgeted positions. The decrease of \$159,314 reflects decreased workers' compensation charges. The increase of 1.5 budgeted staffing represents a 1.0 increase for an Administrative Supervisor I and a 0.5 increase for a Public Service Employee.

Services and supplies of \$14,262,392 include \$9.3 million for the purchase of fuel and \$3.7 million for the purchase of automotive parts and payments of sublet services. The increase of \$1,185,890 is due to cost adjustments for fuel, parts and sublet services, and it is partially offset by a decrease in COWCAP charges and liability insurance costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$21,000 reflects anticipated travel costs in the areas of conference for \$9,200, training fees for \$1,800, hotel for \$4,700, and \$3,500 for air travel. The balance of \$1,800 is for meals, car rental and private mileage. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$1,253,317 include \$810,000 for intra-department charges between the Garage's cost centers and \$288,000 for the remainder of vehicle charges paid to Motor Pool. The increase of \$388,324 is to recognize allocation of salaries and benefits associated with hourly shop rates, parts mark-ups, and fuel mark-ups in order to facilitate Garage's rates review as recommended by the Auditor/Controller-Recorder's Office.

Reimbursements of \$9,193,600 are primarily received from Motor Pool for fuel, maintenance, repairs, and allocated department overhead. The balance of reimbursements is for intra-department charges between the Garage's cost centers. The increase of \$1,172,500 is due primarily to cost increases for fuel and automotive parts, increases in the number of miles driven, and to Board-approved rate adjustments for Garage services and mark-ups.

Operating transfers out of \$102,800 represents a repayment to Motor Pool for prior-year's projects for the replacement of fuel tanks and an upgrade of the heating, ventilation and air conditioning (HVAC) units in the department's buildings 1 and 6, as well as a request for a building construction in the Barstow Service Center in 2008-09.

Current services revenue of \$14,415,400 is from maintenance and repair services, and from the sale of fuel. The increase of \$885,348 is due primarily to cost adjustments for fuel and parts, and to Board-approved rate adjustments for Garage services and mark-ups.

Fixed assets of \$49,000 is for Garage's various shops performing revenue-generating functions. The decrease of \$48,000 is due primarily to equipment no longer needed.

Percentage of repairs completed within two days of vehicle delivery to Fleet Management.	84%	75%	85%	85%

To measure customer satisfaction, survey placards are placed in vehicles upon completion of any service. In 2006-07, the department completed a customer sensitivity training for its employees to augment the county's Service FIRST training.

The department measures maintenance turnaround times by noting the start and completion times on each preventive maintenance and repair work order.

## Motor Pool

### DESCRIPTION OF MAJOR SERVICES

Fleet Management's Motor Pool Division has ownership and/or maintenance responsibility for approximately 1,700 automobiles, vans, pick-up trucks and various specialty vehicles assigned to county departments. Motor Pool coordinates the collection and distribution of vehicle replacement, fuel, maintenance, insurance, overhead and other operational costs of fleet vehicles.

The Motor Pool budget unit is an internal service fund (ISF). All operational costs of the Motor Pool Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to provide working capital, finance the replacement of fixed assets, and fund capital improvements. Any excess/shortage is incorporated into the rate structure during the annual rate review process.

Salaries and benefits of \$232,300 fund 4.0 budgeted positions. The increase of \$3,404 reflects step increases offset by a decrease in retirement rates and workers' compensation charges.

Services and supplies of \$968,503 include \$388,000 for liability insurance costs, \$175,000 for COWCAP charges, \$159,000 for the purchase and installation of Global Positioning Units (GPS) for existing Motor Pool vehicles, and \$74,400 to install new decals and logos on county vehicles. The decrease of \$31,465 reflects lower cost for liability insurance.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$4,000 reflects anticipated travel costs for training fees. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$8,384,421 are payments to the Garage budget unit for fuel, maintenance, and repairs for Motor Pool vehicles. The increase of \$913,865 is due primarily to rising fuel and automotive parts costs.

Reimbursements of \$287,800 include payments from other departments for vehicle purchases. The increase of \$7,300 is due to an increase in miles driven by vehicles assigned to the Garage.

Operating transfers out of \$475,000 represents costs for a new building construction in the Barstow Service Center.

Revenue of \$14,203,700 is increasing by \$1,857,400 and includes a Board-approved grant application to South Coast Air Quality Management District (SCAQMD) for the purchase of GPS for \$74,400. Current services and other revenues increase a combined total of \$1,693,000 due to Board-approved Motor Pool rate adjustments. The increase of \$90,000 in revenue from other financing sources is due to an estimated increase in auction proceeds from the sale of surplus county vehicles.

Operating transfers in of \$102,800 constitute partial payment from the Garage for projects completed in 2007-08 and a new project in 2008-09.

Vehicle purchases of \$5,330,000 is increasing by \$330,000 because based on the vehicle replacement policy, the number of vehicles to be purchased in 2008-09 will increase. These purchases will also increase the number of Motor Pool vehicles classified as ultra low emission vehicles (ULEV). Equipment of \$145,000 reflects an anticipated need for the use of generators by county departments.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of Motor Pool vehicles classified as ULEV or better.	35%	45%	52%	55%

During its regular purchasing cycle, Fleet Management will continue replacing the existing fleet with ULEV or better, including hybrids and other low emission technologies. It is estimated that the entire fleet will consist of only ULEV's (or better) by 2009-10 (excluding a small percentage of specialty vehicles).

## LAND USE SERVICES DEPARTMENT

### Julie Rynerson Rock

#### MISSION STATEMENT

The Land Use Services Department is dedicated to ensuring a balance in the areas of housing, business, and recreational needs for the diverse cultures and communities of San Bernardino County. This is accomplished through comprehensive regional planning and enforcement of building standards, land uses, and environmental impacts.

#### STRATEGIC GOALS

1. Advance Planning: Decrease processing times for mining applications or reclamation permits.
2. Current Planning: Decrease the processing time for "applications accepted" as complete or return to applicant in a timely fashion.
3. Building and Safety: Decrease the processing time for plan review services to the adopted service standards of residential - 10 working days; subdivisions and multi-residential - 20 working days; and grading and non-residential - 30 working days.
4. Code Enforcement: Increase the number of initial inspections performed within three weeks of receiving complaint.
5. Fire Hazard Abatement: Increase the number of abatements performed from the date of non-compliance final notice (NCFN).

				Budgeted Staffing	12.0	12.0	-

Salaries and benefits of \$1,123,770 fund 12.0 budgeted positions. The increase of \$64,614 is due to yearly step adjustments.

Services and supplies of \$1,745,609 include an increase of \$156,772 due to higher COWCAP and computer-related expenses, which are partially offset by a decrease in general office expenses due to the reclassification of some of these expenditures to transfers. There is also an increase of \$440,000 for a one-time Business Process Improvement (BPI) funding for the purchase and implementation of a third-party web based enhancement, which would enable a countywide, end-to-end electronic process for development and construction plans review.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$14,500 reflects anticipated travel costs for job related activities such as CSAC statewide committees, Greenhouse Gas Emissions meetings, memberships in professional organizations, and staff training. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Reimbursements of \$2,521,729 are from the department's operational budget units for services provided.

Operating transfers in of \$440,000 constitutes a one-time BPI funding for the purchase and implementation of a third-party web based enhancement, which would enable a countywide, end-to-end electronic process for development and construction plans review.

## Advance Planning

### DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division prepares short and long-range plans for the development of the county and the conservation of its resources, including the county general plan and various specific plans. In addition, this division is responsible for inspections of mining facilities and mine reclamation plans, and provides professional staff assistance to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances. This division prepares the county general plan every ten to fifteen years. As part of the 2002-03 budget, a special revenue fund named General Plan Update was created to track costs related to the update process.

Actual appropriation for 2007-08 is less than modified budget due to vacant planner positions resulting from recruitment and retention issues and decreased professional services expenditures due to reduced Environmental Impact Review (EIR) requirements.

Actual departmental revenue for 2007-08 is less than modified budget because of fewer than anticipated environmental impact reviews completed.

				Budgeted Staffing	18.0	18.0	-

Salaries and benefits of \$1,714,391 fund 18.0 budgeted positions, which is an increase of \$24,827. The department originally requested the addition of 1.0 position for an intern position classified as a Public Service Employee, as well as the reclassification of a Geographic Information System (GIS) Technician II position to a Land Use Technician II position due to the adoption of the General Plan Update. However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation reflects the reduction of \$33,377 and 1.0 in budgeted staffing. Associated revenue was also decreased by \$33,377.

Approximately \$1,785,071 of services and supplies costs of \$3,181,307 are budgeted for contract services related to the completion of various environmental impact reports. These costs are fully paid by the applicant through fees included in the county's fee ordinance. Additionally, \$320,000 is included for costs related to the completion of various commercial area and community plans, and \$980,000 is due to a Board-approved one-time funding for the following policy items:

- \$75,000 for the West Mojave Plan to help establish a regional conservation strategy for federal, state, and local governments.
- \$30,000 for the Santa Ana Wash Plan to cover the County's share of the increased Wash Plan costs during 2007-08.
- \$300,000 for the Cedar Avenue (Bloomington) Specific Plan for the preparation of a comprehensive guide for quality land development.
- \$175,000 for the Snow Drop Road Area Plan to provide more specific policy direction and development standards.
- \$400,000 for the Helendale-Silver Lakes Specific Plan for the preparation of a comprehensive guide for quality land development.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$12,500 reflects anticipated travel costs for continuing education requirements (\$10,500) and memberships (\$2,000) for certified planners. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$201,210 are increased by \$38,113 due to the reallocation of departmental administrative costs paid by the various operational budgets to the Land Use Services Administration budget unit.

Reimbursements of \$35,324 are payments from other general fund departments for services provided. There is a decrease of \$25,000 because funding from Public Works for the General Plan Update is no longer needed.

Current services revenue of \$2,383,858 is primarily from planning services and the preparation of environmental impact reports. The increase of \$62,029 is due to Board-approved adjustments to hourly billing rates for 2008-09.

PERFORMANCE MEASURES

2008/09: Develop project plan.	N/A	N/A	98%	100%

Funding for the Wrightwood Community Plan has been reallocated to the Helendale Specific Plan. This plan will begin in 2008-09.

The mining section is now fully staffed with experienced employees who have improved the review and turn around time. At this time, the division anticipates meeting the target or being very close to doing so.

## Current Planning

### DESCRIPTION OF MAJOR SERVICES

The Current Planning Division reviews all land use applications for compliance with county codes and environmental laws and administers short-term implementing measures for land use, housing, and community design. In addition, professional staff assistance is provided to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances.

Actual appropriation for 2007-08 is less than modified budget due to vacant positions occurring during the year. The vacancies were the result of the retirement of long-term employees, as well as recruitment and retention issues.

Actual departmental revenue for 2007-08 is also less than modified budget due to a reduced amount of billable hours.

				Budgeted Staffing	34.0	34.0	-

Salaries and benefits of \$2,637,995 fund 34.0 budgeted positions. The decrease of \$27,408 is due to retirement rate reductions and step adjustments.

Services and supplies of \$324,970 are decreased by \$53,592 due to a decrease in COWCAP and general office expenditures, and it is partly offset by an increase in publications and systems development costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$10,700 reflects anticipated travel costs for training (\$9,700) and memberships dues (\$1,000). These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$320,581 are allocations for departmental administrative costs paid by the various operational budgets to the Land Use Services Administration budget unit. The decrease of \$19,866 is due to a reallocation of these costs.

Current services revenue of \$3,335,080 is for the provision of planning services. The decrease of \$70,956 is due to a leveling-off of projects submitted for review.

The Current Planning Division has implemented a policy of advising applicants within the 30-day window period if their application is complete; in some instances, the applicant decides to withdraw an incomplete application and subsequently "re-submit" it when all of the information is available.

## Building and Safety

### DESCRIPTION OF MAJOR SERVICES

The Building and Safety Division administers construction and occupancy standards to safeguard life, health, and property in the interest of the general public's welfare throughout the unincorporated areas of the county. This is accomplished by applying county ordinances and state laws, and through the inspection of construction, alteration, moving, demolition, repair, occupancy, and use of buildings and structures.

Local Cost	(90,439)	333,228	360	-	254,464
Budgeted Staffing				98.2	

Actual appropriation for 2007-08 is less than the modified budget due to vacant positions and a decreased need for professional services. The vacancies are a result of the retirement of long-term employees as well as recruitment and retention issues. Professional services have decreased because of a reduction in plan review requests. All of these savings are reflected in reduced permit revenues. Local cost of \$254,464 is due to the Board-approved building permit fee waiver program. On November 6, 2007, the Board of Supervisors approved the use of general fund contingencies to reimburse the Building and Safety Division for permit fees waived for victims of the Grass Valley and Slide Fires.

Budgeted Staffing					98.2	98.2	-

Salaries and benefits of \$7,165,179 fund 98.2 budgeted positions. The increase of \$19,243 reflects annual step and benefit rate adjustments.

Services and supplies of \$1,114,003 are decreased by \$326,563 due to a reduction in COWCAP and professional services charges, and the reclassification of travel and related costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$92,500 reflects anticipated travel costs for training (\$15,000) resulting from the adoption of the International Building Codes in January 2008, training materials (\$25,000), seminars (\$20,000), memberships (\$7,500), and private mileage (\$25,000). These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$1,702,955 are increased by \$165,812 due primarily to the reallocation of departmental administrative costs paid by the various operational budgets to the Land Use Services Administration budget unit.

Permits, current services, and other revenues totaling \$10,244,406 are increased by a total of \$25,729 based on the expected demand for services and will fully offset projected expenditures.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of plan review services completed within adopted service standards.	90%	95%	95%	98%

The increase in the number of plan reviews completed within proposed timeframes reached its target of 95%. This is a result of several measures, which included sending plans to consultants for review, hiring an additional plans examiner, the hiring of additional building-inspection field staff who relieved the plans examiners of the responsibility of providing backup inspections in the field, and utilization of building inspectors usually assigned to the field to perform simple plan reviews.

## Code Enforcement

### DESCRIPTION OF MAJOR SERVICES

The Code Enforcement Division administers programs designed to protect the public's safety, welfare, and property through enforcement of county ordinances and state laws related to housing and property.

Budgeted Staffing					41.0	41.0	-

Salaries and benefits of \$3,469,067 fund 41.0 budgeted positions. The increase of \$79,761 reflects annual step and benefit adjustments.

Services and supplies of \$1,839,963 are decreased by \$196,260 due to a reduction in computer hardware expenses, special departmental expenses, professional services, and the reclassification of travel and related costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$10,000 reflects anticipated travel costs for memberships (\$1,000) and training (\$9,000) related to Code Enforcement. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$803,593, including an increase of \$62,752, are for costs paid to County Counsel and allocated departmental overhead.

Reimbursements of \$1,218,732 are from non-general fund departments for blight, litter, and graffiti abatement. The increase of \$141,186 is due to the increase of reimbursable blight abatement and demolition services in the redevelopment areas of Victorville.

Departmental revenue of \$560,300 is primarily for licenses and permits.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of initial inspections within three weeks of receiving the complaint.	95%	98%	98%	99%
Percentage of illegal OHV riders contacted and provided educational material regarding legal OHV areas.	55%	60%	61%	70%
Percentage increase of waste and recyclable materials collected by Code Enforcement during community cleanup activities.	18%	25%	25%	30%
Percentage increase in number of graffiti sites abated. (12,000)	N/A	100%	10%	25%
Percentage increase in number of illegal rider contacts. (21,780)	N/A	100%	25%	25%

Code Enforcement has adjusted the way complaints are taken to streamline the process. Complaints are now entered into the complaint tracking system as the clerical staff receives a call and are then forwarded to the technical staff in a shorter time frame. Technical staff now has online access to more information that needs to be researched. Through this new procedure, complaints can be processed and assigned to a Code Enforcement Officer faster, which reduces the amount of time it takes for them to get into the field for the initial inspection. The Countywide programs for the graffiti abatement and the illegal rider contacts were not fully implemented at the end of 2007-08.

## Fire Hazard Abatement

### DESCRIPTION OF MAJOR SERVICES

Through the Fire Hazard Abatement program, the Code Enforcement Division enforces the county's Fire and Hazardous Trees Ordinance in unincorporated portions of the county, as well as under contract to certain cities and fire districts. These services include inspections, notifications to property owners, and removal of hazards caused by vegetation and flammable debris.

## General Plan Update

### DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division updates the county General Plan every ten to fifteen years. This special revenue fund was created in 2002-03 to track the actual cost of the update process. The current General Plan Update was approved by the Board of Supervisors on March 13, 2007.

There is no staffing associated with this budget unit.

Fund Balance				39,908	

Actual appropriation for 2007-08 reflects a negative balance due to an accrual reversal for anticipated expenditures for 2006-07, related to the General Plan Update. The update was adopted by the Board of Supervisors on March 13, 2007 and the expenditure was not required. The remaining fund balance in this special revenue fund will be transferred to the Advance Planning budget during 2008-09. The division has responsibility for the plan, including implementation of adopted changes and ongoing amendments.

## PUBLIC WORKS

### Vana R. Olson

#### MISSION STATEMENT

The Department of Public Works provides a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibility include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and county surveyor functions.

#### STRATEGIC GOALS

1. **Surveyor Function** – Provide timely map and plan check services for customers.
2. **Transportation Division** – Maintain the level of safety and maintenance for county maintained roads.
3. **Solid Waste Management Division** – Maintain the level of efficiency concerning landfill space utilization.
4. **Flood Control District** – Improve flood protection and increase water recharge at flood control facilities.

## Surveyor

### DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps for other county departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the county. The Surveyor ensures these maps and plans conform to the conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other county departments and are responsible for perpetuation of controlling survey monuments.

Budgeted Staffing					42.6	41.4	(1.2)

Salaries and benefits of \$3,400,827 fund 41.4 budgeted positions. The \$312,437 decrease is mostly due to reduced workers' compensation rates, reduction in the amount budgeted for termination benefits, and a reduction of 1.6 budgeted staff due to an increase to the division's distributed vacancy factor. The budgeted staffing was also increased by 0.4, at no cost impact, due to a technical change that rounded position numbers in the county's budget system.

Services and supplies of \$1,740,104 include the cost of using private land surveying firms in the event of unanticipated workload increases, computer software/hardware upgrades, application development and support, safety equipment for the field crews, field crew assigned vehicle charges and employee tuition reimbursements. The additional \$191,045 is largely due to the replacement of computers, increased COWCAP charges, additional services from the Information Services Department (ISD) for development of new projects, increased fees for vehicle charges, and inflationary adjustments for various other costs.

Travel of \$30,600 captures specific categories of expense such as conference/training/seminar fees, mileage, hotel, meals, air fare, and car rental. Of this amount, \$21,850 was budgeted for the training of staff in Global Positioning System (GPS) and Geographic Information System (GIS) survey procedures, protocol, equipment and computer software usage; \$5,300 is for attendance at conferences, committees and meetings in order to review land surveying complaints and to propose, review and disseminate legislation affecting the land surveying profession; and \$3,450 has been appropriated to reimburse field survey crew members for travel related expenses incurred during the performance of their work assignments in remote locations. These expenses were previously included within services and supplies.

Equipment of \$8,500 is to purchase a scanner needed for the management and imaging of 11 x 17 maps and documents.

Transfers of \$87,851 represent the Surveyor's share of the department's human resources, payroll and computer services costs, as well as the Surveyor's portion of cost relative to maintaining the Land Use Services job costing system.

Reimbursements of \$110,242 are from Public Work's Transportation Division for utilizing the Surveyor's services.

Current services revenue of \$4,885,069 is primarily from fees charged to customers for the review of subdivision maps, preparation of legal descriptions/maps, and for field surveys. The \$157,202 decrease is mainly due to reduced revenue from the review of subdivision maps and the preparation of maps/legal descriptions resulting from the slowing of development. Nevertheless, the 2008-09 budget does reflect a sizeable increase in revenue from the actual amount received in 2007-08. This increase is premised on the Surveyor's Office performing additional work as requested by the Transportation Division.

Other revenue of \$50,000 reflects taxable sales of map updates on microfilm/CD, microfiche prints, plotter prints, electronic map images and photocopies.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected

The above performance measures demonstrate the Surveyor's emphasis of providing efficient map and plan checking services that are crucial for the pace of development in this county. This function is necessary for development to proceed in a controlled manner and is mandated by either state laws or internal county standards.

## Survey Monument Preservation

### DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation budget unit was established to account for expenses incurred related to the retracement or re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this budget unit are financed by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

There is no staffing associated with this budget unit.

Services and supplies of \$262,883 represent the availability of funds to pay the Surveyor for services specifically relating to retracement or re-monument surveys. The \$250,971 decrease is based upon decreased revenue and less fund balance available.

Current services revenue of \$40,000 represents a \$51,509 decrease from prior year due to anticipated reduction in activity related to the conveyance of real property.

## Transportation – Road Operations

### DESCRIPTION OF MAJOR SERVICES

The Transportation Division is responsible for the operation, maintenance, and improvement of the county's road system that currently includes approximately 2,780 miles of roadways. Additional activities include administration, planning, design, construction, and traffic operations.

The division's routine maintenance activities include patching and crack filling on approximately 7,500 lane-miles of asphalt pavement, grading of 533 miles of unpaved roads, shoulder maintenance, snowplowing of over 300 miles of mountain roads, traffic signal maintenance at 56 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance throughout the system, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 13 yard districts with regional facilities located to best serve the 20,000 square-mile area of the county.

Road activities are funded almost entirely from highway-users sources. These sources consist primarily of state and federal fuel taxes, voter-approved state transportation infrastructure bond (Proposition 1B), local transportation funds generated by sales tax revenues (Measure I), and development fees (the department has established nine local and one regional transportation fee plan areas throughout the county to collect funds for the purpose of mitigating the impacts of new development). Construction of major improvements (such as new roads, bridges, or adding of lanes) is limited to a few projects per year based on available funding.

## APPROPRIATION

Salaries and benefits of \$32,821,386 fund 415.8 budgeted positions. Of the 3.4 increase in budgeted staffing, 1.5 reflects a technical change in 2008-09 that rounded position numbers to one decimal place in the county's budget system. The remaining increase of 1.9 is the net result of adding several new positions largely offset by eliminating a number of existing vacant positions. The detail of these additions/deletions, which results in virtually no additional cost impact to the department, is as follows:

- 5.0 new positions (2.0 Maintenance and Construction Worker I; 1.0 Maintenance and Construction Worker II; 1.0 Equipment Operator I; 1.0 Equipment II) are being added to Operations for a new Bridge Crew. This crew will be used primarily to repair/maintain 137 bridges on the National Trails Highway and address recommendations put forth by CalTrans concerning the age and deterioration of these bridges.
- 1.0 Office Assistant III to assist the Department's superintendents with online inputting and additional clerical work.
- 1.0 Engineering Technician V to coordinate the work flow of the Permits Section.
- 1.0 Business Systems Analyst III to supervise the Business Systems section and oversee all application development.
- 1.0 Departmental IS Administrator to develop Informational Technology strategies/plans and manage the Department's technology staff.
- 1.0 Public Works Engineer II for Transportation Planning to prepare engineering cost estimates, conduct field reviews, and prepare engineering reports.
- 1.0 Transportation Analyst II to further develop coordination with regional agencies such as SANBAG, SCAG and Caltrans.
- 1.0 Engineering Technician V to coordinate and oversee the traffic tracking and monitoring program.
- 3.0 Public Service Employee positions increase due to seasonal operations needs, departmental imaging transition, and clerical requirements as needed.
- 8.0 positions deleted (7.0 Equipment Operator II; 1.0 Equipment Operator III) due to completion of the right of way clearing phase of the Bark Beetle project.
- 1.4 Contract Project Managers are being deleted since they are no longer needed to augment construction management staff.
- 3.7 reduction in staffing (1.0 Engineering Tech II; 1.0 Engineering Tech III; 1.0 Engineering Tech IV; 0.7 Engineering Tech V) within the Traffic and Transportation Planning sections due to a realignment of work duties within the department.

In addition to the above, the department is reclassifying an Engineering Technician IV position to a Geographic Information Systems Technician III.

Services and supplies of \$70,294,320 include professional service contracts for external road construction projects, road materials, and vehicle usage related to in-house road maintenance and construction projects. This category also includes costs for computer hardware/software, insurance charges, general maintenance and office supplies. The additional \$2,611,510 reflects increased costs for insurance, equipment usage charges, and road materials.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$208,000 includes \$150,000 to compensate field crews for the cost of food and lodging while in the performance of their work duties; \$43,000 for training and conferences (including air travel costs); and \$15,000 for motor pool rentals. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$4,385,755 represent contributions to other agencies of approximately \$1.6 million for projects in the Fontana, Needles and Twenty-Nine Palms areas; debt service payments of \$2.5 million; interest on lease purchases of \$160,000; and temporary right-of-easement expenses of \$150,000.

Land and improvements of \$2,245,000 include \$1,500,000 in right-of-way purchases needed for road construction projects. The balance of \$745,000 is for the following structures and improvements:

- \$300,000 for construction of equipment building and office at Yard 4 (Running Springs Yard).
- \$200,000 for demolition of house and construction of new yard office at Yard 3 (West Valley Yard).
- \$150,000 for re-roofing and insulation of equipment building at Yard 8 (Blue Jay Yard).
- \$ 70,000 for installation of Materials Lab at 825 E. Third Street.
- \$ 15,000 for exhaust fans for equipment building at Yard 7 (Crestline Yard).
- \$ 10,000 for security improvements recommended by the Sheriff's Department.

Equipment of \$992,000 includes the following large equipment purchases:

- \$320,000 for 8 traffic signal poles at various locations
- \$180,000 for 12 new federally mandated diesel exhaust systems
- \$120,000 for 4 controller assemblies (replacements)
- \$100,000 for crack fill trailer with air compressor (replacement)
- \$ 70,000 for 7 yellow flashing beacons (replacements)
- \$ 60,000 for 3 axle equipment trailer (replacement)
- \$ 25,000 for air compressor trailer (replacement)
- \$ 20,000 for material dump trailer
- \$ 20,000 for pneumatic compactor attachment for grader

Vehicles of \$4,820,000 represent the following replacements and new purchases:

Replacements:

- \$950,000 for five 3 axle dump trucks
- \$620,000 for two AWD motor graders with blades
- \$375,000 for two 2 axle dump trucks
- \$275,000 for speed loader
- \$250,000 for loader with attachments
- \$250,000 for tractor semi
- \$225,000 for 4x4 dump, plow truck with sander
- \$190,000 for 3 axle dump truck with blade
- \$180,000 for stencil truck
- \$180,000 for thermal truck
- \$175,000 for 4x4 patch truck with blade
- \$ 90,000 for pup roller compactor and trailer
- \$ 80,000 for ½ ton 4x4 service truck

New Vehicles:

- \$200,000 for loader, bucket and forks (Bridge crew)
- \$160,000 for two sign trucks
- \$100,000 for 4x4 2 ton pick up with blade
- \$100,000 for crew cab service truck with generator (Bridge crew)
- \$ 80,000 for 4x4 1½ ton pick up
- \$ 80,000 for 1½ ton pick up
- \$ 70,000 for track skid steer with trailer (Bridge crew)
- \$ 50,000 for two sedans
- \$ 50,000 for 4x4 ½ ton short bed full size pickup
- \$ 50,000 for 4x4 ¾ ton full size pickup
- \$ 40,000 for pick up (Bridge crew)

Lease purchases of \$835,000, reflects a \$60,000 net decrease resulting from completion of two outstanding leases (\$185,000) and the addition of a new lease for computers (\$125,000).

Transfers of \$1,880,458, reflects a decrease of \$32,775 primarily due to minor adjustments to estimated labor and services for 2008-09 provided by other County departments.

Contingencies of \$7,000,000 represent a portion of the unreserved fund balance set aside for future projects that are not expected to commence until after 2008-09.

Reimbursements of \$17,866,948 are from three largest sources as follows:

- \$6,500,000 from other agencies such as Community Development and Housing (CDH) and San Bernardino County Redevelopment Agency (RDA).
- \$6,000,000 from inter-departmental transfers for equipment and materials usage.
- \$5,000,000 for labor allocated to departmental projects funded by other revenues, such as Measure I and Development Fees.

The \$3,012,282 decrease is mainly the result of reduced contributions of \$400,000 from Measure I funds due to completion of the Central Road and Ocotillo Way overlay projects, \$1,200,000 decrease from RDA for the Cherry Avenue widening project, and \$1,500,000 less from CDH due to the completion of several sidewalk projects in various areas of the county.

Operating transfers out of \$1,350,000 include \$350,000 for an intra-departmental transfer to finance projects for 2008-09. The balance of \$1,000,000 is explained as follows:

On November 1, 2005, the Board of Supervisors approved a \$4.0 million allocation from the County General Fund to the Department of Public Works for road projects in the unincorporated area of the Fourth Supervisorial District. These funds were originally earmarked for a storm drain project in the Chino area, but were subsequently diverted to a number of sidewalk projects that are currently in the design phase. During the 2008-09 budget process, \$1.0 million of these funds were redirected toward economic development activities in the fourth district. Of this amount, \$500,000 will be transferred to the Department of Economic Development and \$500,000 transferred to the Chino Airport Development Fund.

## DEPARTMENTAL REVENUE

Licenses and permits of \$600,000 represent anticipated revenue from road permits.

Use of money and property revenue of \$2,055,600 reflects an \$803,100 increase from the previous year based on anticipated interest earnings from available cash balances.

State, federal and other governmental aid of \$81,967,329 includes \$37,500,000 of state highway users tax, \$15,500,000 of Proposition 42 funds, \$7,500,000 of Proposition 1B funds, and \$21,467,329 from various other state and federal sources. The revenue in this category is increasing by approximately \$17,900,000 primarily due to the following changes in funding:

- \$7,500,000 increase in state highway users tax due to a six month delay in apportionment distribution from the State of California, which will now be received September 2008. This \$7,500,000 was originally scheduled for distribution in April, May, and June of 2007-08.
- \$15,500,000 increase in Proposition 42 (AB2928) funding.
- \$5,000,000 increase in federal aid committed for construction of Garnet Street Bridge and Needles Highway.
- \$3,000,000 decrease in Local Transportation Funds based on anticipated needs of Local Transit Agencies.
- \$7,500,000 decrease in Proposition 1B funds.

Current services revenue of \$1,627,277 is decreasing by \$694,483 primarily due to the completion of a \$700,000 contribution from the City of Fontana for their share of a signal installation and roadway widening project at Slover Avenue/Locust Avenue during 2007-08.

Other revenue of \$3,611,500 is increasing by \$2,265,000 primarily due to the anticipated proceeds from sale of surplus right-of-way in connection with the Valley Boulevard at Pepper Street intersection realignment project in Colton.

Other financing sources of \$105,000 represent proceeds from vehicles sold at auction.

Operating transfers in of \$350,000 reflect an intra-departmental transfer to finance projects for 2008-09.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Average Pavement Condition Index (PCI) of county maintained roads.	76	75	77	75

The above performance measure reflects the division's commitment to maintaining a high level of road safety and conditions, as roads are historically high on the concerns of the public. The average Pavement Condition Index is the standard used for the overall structural status of a road. Any road with a grade of 70 or greater is considered to be in very good condition.

## Transportation – Etiwanda Interchange Improvement Project

### DESCRIPTION OF MAJOR SERVICES

This budget unit was established to separately account for the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works, the California Department of Transportation (Caltrans), and the Catellus Corporation. This agreement allows for the redesign of the interchange at Etiwanda Avenue and Interstate 10 near Fontana. This project has been designed and constructed in three Phases. Phase I consisted of the realignment of Valley Boulevard, Phase II was the reconstruction of the Etiwanda Avenue at I-10 interchange, and Phase III is the landscaping for the project. Phase I and Phase II have been completed. Phase III, which began in 2003-04, is expected for completion in 2008-09.

There is no staffing associated with this budget unit.

Services and supplies of \$134,748 are increasing by \$76,353 based on the need of professional services for the project's final landscaping phase.

Transfers of \$20,000 are increasing by \$18,000 based on additional departmental labor costs anticipated to complete the project.

## Transportation - High Desert Corridor Project

### DESCRIPTION OF MAJOR SERVICES

In 2000-01, the Board of Supervisors approved a cooperative agreement between the county, the City of Victorville, and the Town of Apple Valley. This agreement allows for the beginning of environmental studies and preliminary engineering for an east/west high desert corridor north of Victorville from Highway 395 through the Town of Apple Valley. In accordance with the cooperative agreement, the city and the town will reimburse the county for all costs related to this project. This budget unit was established to separately account for expenditures and revenues related to this project.

In October 2006, the Board of Supervisors established the High Desert Corridor Joint Powers Authority (JPA) with Los Angeles County. The primary purpose of this JPA is to oversee the financing and construction of a 66 mile stretch of freeway corridor from State Route 14 in the Palmdale/Lancaster area through the high desert cities of Adelanto, Victorville, and Apple Valley. At the present time, appropriation and revenue related to this much larger project are not included in this budget unit. However, the budget may be subsequently adjusted to accommodate this project as the need arises.

There is no staffing associated with this budget unit.

Services and supplies of \$412,549 include professional service contracts, vehicle usage, computer hardware and software, communication charges, and office supplies.

Transfers of \$1,464,044 are increasing by \$495,833 as the result of additional manpower requirements for this project.

Other revenue of \$1,696,935 is increasing by \$523,316 to reflect additional reimbursements from the City of Victorville, which is the lead agency for this project.

## Transportation – Facilities Development Plans

### DESCRIPTION OF MAJOR SERVICES

Transportation Facilities Development Plans are established by county ordinance to collect fees on new construction. These plans provide funds for construction of roads within the boundaries of the established fee area. As fees are collected, these monies are deposited into restricted accounts until sufficient funds have been accumulated to complete projects identified in the Plan Priority Project List. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Oak Hills, Snowdrop Road, South & East Apple Valley, and Summit Valley. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final community approval.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Also, departmental revenue was approximately \$2.0 million less than modified budget since fees generated through development were lower than anticipated.

Services and supplies of \$6,530,562 include professional service contracts for external road construction projects, road materials, and vehicle usage related to in-house road maintenance and construction projects. The \$1,119,867 decrease is primarily due to the completion of two significant road projects in 2007-08: signal installation at Phelan Road/Wilson Ranch Road (Phelan area) and paving of Escondido Road (Hesperia area).

Other charges of \$120,500 represent temporary right-of-way purchases anticipated for 2008-09.

Transfers of \$727,020 represent the anticipated labor cost of department staff assigned to Transportation Facilities Development projects.

Contingencies of \$2,815,859 represent a portion of the unreserved fund balance set aside for future projects that are not expected to commence until after 2008-09.

Use of money and property revenue of \$443,210 is increasing by \$44,485 based on the estimated interest earnings on available cash.

Current services revenue of \$672,862 is decreasing by \$2,066,017 for 2008-09. This significant reduction is the result of decreased development activity in the Oak Hills, Apple Valley, and Helendale/Oro Grande areas.

## Transportation – Measure I Program

### DESCRIPTION OF MAJOR SERVICES

Measure I is a twenty-year program that provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as providing funds for elderly and handicap transit services. The source of funding is a countywide one-half cent sales tax that was passed by the voters in November 1989. The county is divided into six sub-areas, and the Measure I funds received must be spent within the sub-area in which they were collected. The sub-areas are as follows: North Desert, Morongo Basin, San Bernardino Mountains, Colorado River, Victor Valley, and San Bernardino Valley.

In November 2004, the voters of San Bernardino County approved the extension of this program for thirty years starting in 2010 and extending until 2040.

There is no staffing associated with this budget unit.

Services and supplies of \$17,781,846 include professional service contracts for external road construction projects, road materials, and vehicle usage related to in-house road maintenance and construction projects. The \$200,074 decrease is due to a reduction in fund balance available.

Other charges of \$40,000 represent the purchase of temporary right-of-way needed for projects.

Transfers of \$2,620,700 include contributions to the Road Operations Fund for project expenses, including labor costs. The amount budgeted is decreasing by \$115,590 primarily due to projects completed in 2007-08, including the Ocotillo Way and Central Road overlay projects (Apple Valley area).

Taxes of \$8,078,364 are decreasing by \$155,196 in the half-cent sales tax revenue due to current trend.

Use of money and property revenue of \$422,060 is decreasing by \$18,988 based on an anticipated reduction in cash balances for fiscal year 2008-09 largely due to the Vista Road grade separation project in the Helendale area. This \$1.9 million project was approved by the Board of Supervisors on January 15, 2008 and was added to the Measure I 5-Year Plan.

State, federal and governmental aid revenue of \$330,000 represents state grants for the following projects: construction of turn lane at Reche Road/State Highway 247 in the Landers area (\$80,000) and installation of traffic signal at Paradise Way/State Highway 38 in the Big Bear area (\$250,000).

Current services revenue of \$326,700 is decreasing by \$364,542 due to projects with financial contributions from local agencies and/or cities being completed in 2007-08. These projects include the Wolf Road overlay project (Big Bear area) and Kiowa Road rehabilitation project (Apple Valley area).

## Transportation – Regional Development Mitigation Plan

### DESCRIPTION OF MAJOR SERVICES

Pursuant to Measure I and the November 2005 Congestion Management Program (CMP) update (as approved by SANBAG), local jurisdictions were required to adopt a development mitigation program by November 2006 to generate fair-share development contributions to regional transportation needs, including freeway interchanges, regional arterials, and railroad grade separation projects. The County of San Bernardino's development contribution target shares were calculated for each of the unincorporated city spheres of influence in the San Bernardino Valley and Victor Valley as part of SANBAG's Development Mitigation Nexus Study. The County's Regional Transportation Development Mitigation Plan was adopted by the Board in November 2006.

Development impact fees, based upon the Nexus Study development contribution amounts, area growth projections, and regional transportation projects, are collected at the time of issuance of a building permit for all residential, commercial, and industrial development. When sufficient fees are collected to cover the development contribution fair-share amount of projects, applications are submitted to SANBAG for the Measure I and/or Federal and State funds necessary to construct the regional arterial roads, freeway interchanges, and railroad grade separation projects listed in the Regional Development Mitigation Plan.

There is no staffing associated with this budget unit.

Services and supplies of \$250,088 include professional service contracts for external road construction projects. The amount budgeted is decreasing by \$977,712 because of a reduction in the amount of development fees received.

Transfers of \$29,250 are decreasing by \$154,400 based on anticipated labor needs for evaluation of new projects.

Contingencies of \$2,545,240 are decreasing by \$4,368,827 due to reduced revenue from development fees. The amount appropriated in contingencies is for future projects that are expected to commence after 2008-09.

Use of money and property revenue of \$36,617 is decreasing by \$41,210 based on less interest revenue generated from available cash balances.

Current services revenue of \$1,358,668 is decreasing by \$6,743,735 resulting from decreased development activity.

## Solid Waste Management - Operations

### DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the county's solid waste disposal system, which consists of six regional landfills, eight transfer stations, five low volume transfer operations/community collection centers and thirty-three closed landfills or disposal sites. The SWMD also administers the county's solid waste franchise program, which authorizes and regulates trash collection by private haulers in the county unincorporated area, and state mandated waste diversion and recycling programs.

Actual appropriation for 2007-08 was approximately \$7.1 million less than modified budget primarily due to reduced operating transfers to the SWMD Site Enhancement/Expansion Fund because certain capital projects are being deferred to a later year.

Actual departmental revenue for 2007-08 was approximately \$8.8 million below modified budget primarily because the amount of tonnage received from Ordinary Waste and Waste Delivery Agreements (WDA) during 2007-08 was not as much as originally anticipated.

Fixed assets for 2007-08 were approximately \$1.9 million less than modified budget due to the deferment of some capital improvement projects.

## APPROPRIATION

Salaries and benefits of \$7,847,204 fund 104.5 budgeted positions. The net decrease of \$89,537 is primarily due to the following:

\$356,701 decrease from reduced costs for workers' compensation, termination benefits, and overtime.

\$345,675 increase for the addition of 4.6 new positions, as follows:

- 1.0 Business Systems Analyst I (\$85,121) for the Information Technology (IT) section to provide assistance in installation of automated truck lanes at landfills and to oversee all automated systems projects under general supervision of the department's Business Applications Manager.
- 1.0 Planner III (\$98,438) for the Planning and Permitting Section for regulatory review and compliance with expected rapidly changing state and local regulations of solid waste facilities and greenhouse gas emissions as well as to support, promote and remain consistent with San Bernardino County's Green County Initiative.
- 1.0 Engineering Tech IV (\$76,195) for the Engineering section to monitor the Landfill Gas Extraction Systems at Heaps Peak Disposal Site and the San Timoteo Sanitary Landfill, determine what maintenance and repairs are necessary, and also perform basic landfill gas extraction system maintenance and other field inspection duties.
- 1.0 Scale Operator (\$53,677) for the Operations and Scales section to reduce overtime and provide adequate vacation, holiday, and sick hour coverage, as well as provide coverage to allow off site training for existing scale operators.
- 0.5 Staff Analyst II (\$32,244) as a returning retiree for disaster planning and the Golden Guardian disaster exercise.
- Budgeted staffing was also increased by 0.1 due to a technical change that rounded position numbers in the county's budget system.

Services and supplies of \$42,204,520 include \$23,602,216 in payments to Burrtec for operation and maintenance of the county's disposal sites. The remaining \$18,602,304 is for consultant contracts and other professional services/technical assistance - \$11,191,485; miscellaneous services and supplies - \$3,444,071; legal fees - \$2,080,500; insurance - \$1,307,755; and COWCAP charges - \$578,493. The \$2,396,540 increase from prior year is primarily due to the cost of the Disaster Debris Program for the October 2007 fires.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$138,456 reflects anticipated travel costs. This amount includes \$40,000 for private mileage reimbursements to employees performing job duties; \$64,500 for tuition reimbursements, conference registrations, and seminars; \$18,500 for the cost of attending regulatory agency public hearings and meetings with state regulators; and \$15,456 for other travel related costs such as hotels, meals, and car rentals. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$19,388,078 include Article 19 payments to cities and the potential cost of legal settlements. Also included in other charges are lease payments to the Inland Empire Public Facilities Corporation. Amounts budgeted in 2008-09 for these payments are as follows:

Principal	\$ 6,430,000
Interest	\$ 4,678,212
Total	\$11,108,212

Other costs related to these lease payments are Letter of Credit, Remarketing, Trustee, Rating, and other fees totaling \$401,000 that are budgeted in the services and supplies appropriation unit.

Transfers of \$393,956 represent amounts paid to other departments for such costs as legislative services, Human Resources/Payroll charges and EH&P expenses. The \$128,163 increase is due to an additional amount to the Auditor/Controller-Recorder for building maintenance/security and to Code Enforcement for addressing illegal dumping activities.

Depreciation of \$2,661,929 is increasing by \$1,139,577 based on existing depreciation schedules. This increase does not impact the financial resources of SWMD, since depreciation expense is a non-cash transaction that is adjusted annually for accounting purposes.

Operating transfers out of \$4,818,195 are primarily comprised of the following:

- \$3.3 million to the Site Enhancement/Expansion Fund for construction of one new septic pond at the Barstow Landfill, expansion of Ponds 1 and 2 at Barstow Landfill, and construction of a Land Farm at the Landers Landfill.
- \$1.4 million to the Site Enhancement/Expansion Fund, which represents distribution of proceeds from the 2005-06 Milliken Land Sale that will be used to fund capital projects.

## DEPARTMENTAL REVENUE

Taxes of \$7,513,610 are increasing by \$179,029 based on prior year estimates for the equivalent single family residence (ESFR) and hauler fees paid with the property tax bill.

Licenses and permits of \$2,408,121 are decreasing by \$538,159 due to the transfer of franchise fees to newly created Community Service Districts, as well as the receipt of one-time revenues in the prior fiscal year.

Use of money and property of \$1,377,980 is increasing by \$666,761 due to additional interest earnings on this fund's cash balance.

State, federal and other governmental aid of \$5,595,425 is increasing by \$5,356,099 primarily due to state and federal funding anticipated as reimbursement for costs associated with the October 2007 Fires Debris Removal Program.

Current services revenue of \$57,677,041 primarily consist of revenue from landfill gate fees. A conservative 2% increase in tonnage over the June 30, 2008 estimate was used to develop the 2008-09 revenue projection. The 2008-09 budget also reflects fee increases approved by the Board of Supervisors in March 2008 and additional revenue generated from increased participation in the Comprehensive Disposal Site Diversion Program. The \$10,757,463 decrease from the amount budgeted in the prior year reflects a reduction in ordinary refuse revenues due to a combination of the following: reduced tonnage because of the decline in construction activity, increased waste diversion/recycling, decreased Article 19/Article 20 waste, reduction in processed green materials received, and elimination of the Perchlorate Surcharge Fee on Waste Delivery Agreements' tonnage. Over the last two years, there has been an industry-wide downturn in the actual amount of landfilled waste. San Bernardino County has experienced a 17% decrease in tonnage from 2,118,524 tons received in 2005-06 to the 1,755,738 tons expected for 2007-08.

Other revenue of \$393,005 is increasing by \$280,605, which is due to the prior years' density calculation penalty outlined in the operations contract.

Operating transfers in of \$3,334,658 is increasing by \$3,235,365 primarily because of the return of funds previously transferred to the Site Closure and Maintenance Fund.

## FIXED ASSETS

Improvement to land of \$2,521,000 consist of the following:

- \$1,000,000 for installation of LFG perimeter monitoring probes at Landers, Mid-Valley and Victorville landfills.
- \$350,000 for construction of access road at Victorville Landfill.

- \$310,000 for purchase and installation of 2 new permanent scales and 3 concrete vaults at Victorville Landfill.
- \$286,000 for resurfacing the entry road at Twentynine Palms Landfill.
- \$250,000 for Parking Lot Settlement Repairs at Heaps Peak.
- \$200,000 to install an irrigation system for perimeter landscaping at Mid-Valley Landfill.
- \$125,000 for purchase and installation of one new permanent scale at Heaps Peak Transfer Station.

Improvement to structures of \$905,000 include the following:

- \$425,000 for construction of a Permanent Scale House at Victorville Sanitary Landfill.
- \$230,000 for Permanent Scale House Project at Heaps Peak Transfer Station.
- \$150,000 for purchase/installation of a Mobile Office Trailer at Mid-Valley Landfill to house field staff.
- \$100,000 for purchase/installation of new Modular Style Scale House at Twentynine Palms Transfer Station.

Equipment of \$314,554 includes the following:

- \$75,000 - Victorville Automated Lanes RFID (Hardware, Software and groundwork).
- \$52,100 - Trailer with restroom for San Timoteo Landfill.
- \$38,713 - Towable Hydroseeder to seed inactive landfills.
- \$29,040 - Heaps Peak RFID System (Hardware and Software.)
- \$29,040 - Mid-Valley Automated Lanes RFID (Hardware and Software).
- \$27,000 - 5 Panasonic ToughBook Computer Workstations.
- \$19,101 - 2 Trimble GeoXH Global Positioning System Devices, including TerraSync and Pathfinder Software.
- \$16,200 - Victorville Automated Lanes-Close Proximity Reader Solution (Hardware).
- \$12,960 - 2 Network Printers.
- \$10,000 - Camera surveillance system at Heaps Peak Transfer Station.
- \$ 5,400 - Paradigm Software, LLC-Compu/Weigh Original Data Archive System (Hardware).

Vehicles of \$60,000 consist of the addition of a half-ton 4x4 pickup truck for field staff (\$30,000) and a small van for the IT section (\$30,000).

Capitalized Software of \$137,200 is for the system development of Disaster Management Software.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Pounds of trash per cubic yard of capacity - Low Volume Sites.	1,000 lbs	1,030 lbs	1,030 lbs	1,030 lbs
Pounds of trash per cubic yard of capacity - Medium Volume Sites.	1,200 lbs	1,170 lbs	1,170 lbs	1,170 lbs
Pounds of trash per cubic yard of capacity - High Volume Sites.	1,100 lbs	1,130 lbs	1,130 lbs	1,130 lbs

SWMD's goal of efficiently utilizing landfill capacity is the most important element for the Solid Waste Management Division and its operations. By utilizing capacity in the most effective manner, the division is able to operate each landfill to its maximum life expectancy and provide services to the public at the lowest possible cost. The division has determined that the 2008-09 projected densities are optimal amounts and representative of efficient landfill operations, thus the goal is maintain this level. The density of landfilled trash is an easily measured objective and is one of the performance measures in the county's contract with Burrtec for landfill operations.

The amounts listed above for 2007-08 are estimates. SWMD will not have the actual density amounts calculated until November, 2008. However, these actual amounts will be included in the County's 2009-10 Business Plan.

## Solid Waste Management - Site Closure and Maintenance

### DESCRIPTION OF MAJOR SERVICES

The Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance [e.g., fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring] required by Titles 14 and 25 of the California Code of Regulations. This budget unit accounts for the expenses and revenues related to the planning, design, permitting and construction activities required for closure and post-closure maintenance of county landfills.

There is no staffing associated with this budget unit.

In 2007-08, actual appropriation exceeded modified budget by approximately \$1.7 million because of a \$2,575,000 unbudgeted operating transfer to the SWMD Financial Assurance Fund to return monies received in the prior fiscal year and \$804,000 savings in professional services related to deferred capital projects until next fiscal year.

Actual departmental revenue was \$5.1 million under modified budget due to not receiving an operating transfer from the SWMD Financial Assurance Fund as projected. The California Integrated Waste Management Board (CIWMB) is being slower than anticipated in providing approval for the release of closure funds.

No fixed assets were expensed in 2007-08 due to the deferral of capital projects until next fiscal year because of delays in receiving approvals from regulatory agencies.

Appropriation (including \$844,564 for services and supplies and \$6,318,810 for improvement to land) are budgeted in 2008-09 for the Big Bear closure construction project, Mid-Valley south mound pre-construction work, and the Milliken perimeter landscape plan.

Operating transfers out of \$10,614,720 includes reimbursement of \$3,000,000 to the SWMD Operations Fund for repayment of a previous loan and \$7,614,720 to the SWMD Environmental Fund for mitigation/monitoring of air and groundwater issues at closed sites.

Departmental revenue of \$11,637,276 reflects a decrease of \$3,883,104 from last year's budgeted amount. This decrease is primarily due to reduced operating transfers in from the SWMD Financial Assurance Fund.

## Solid Waste Management - Site Enhancement, Expansion, and Acquisition

### DESCRIPTION OF MAJOR SERVICES

The Site Enhancement, Expansion and Acquisition budget unit provides for the expansion construction of landfills and transfer stations, the purchase of land, the construction of new facilities, and site enhancements. This budget unit accounts for the expenses and revenues related to the planning, permitting, construction, and design activities required for the expansion and/or enhancement of county landfill and transfer station operations.

There is no staffing associated with this budget unit.

Actual expenses (including fixed assets) were \$23.8 million less than budget mainly due to the following:

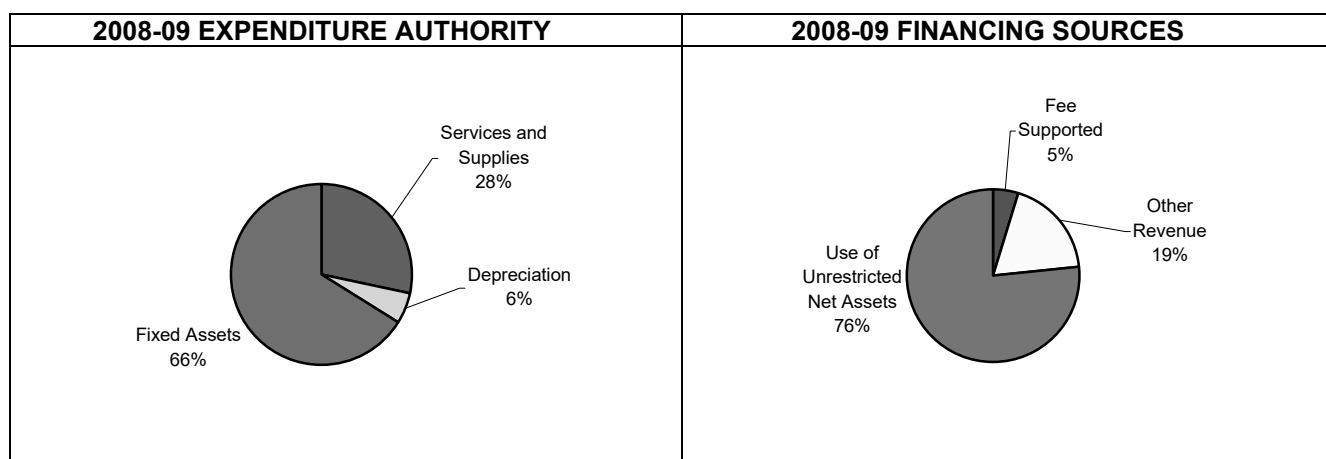

- \$13.9 million of projects being deferred until 2008-09.
- \$5.6 million in net cost decreases on existing projects.
- \$3.9 million in over-stated budgeted depreciation amount.

Departmental revenue for 2007-08 was \$10.1 million under budget. This decrease was the result of not receiving operating transfers in from the SWMD Operations Fund because of projects being deferred.

Appropriation (including services and supplies of \$7,359,922 and improvement to land of \$17,150,000) are budgeted in 2008-09 for a number of projects including the following:

- Mid-Valley unit 3 liner project
- Landers septic pond/landfarm expansion
- Barstow new septic pond and basin area liner
- Colton scale area liner
- Victorville phase 1B liner
- San Timoteo Detention Basin
- Barstow tortoise fencing

Departmental revenue for 2008-09 is budgeted at \$6,047,054, a decrease of \$6,582,740 from the prior year. This decrease is due to the reduced need for operating transfers in from the SWMD Operations Fund.

## Solid Waste Management - Environmental Fund

### DESCRIPTION OF MAJOR SERVICES

The Environmental Fund provides environmental mitigation activities (e.g., landfill gas extraction and groundwater remediation created by the landfill) at closed and inactive landfill sites for the health and safety of the public. This budget unit accounts for the expenses and revenues related to these environmental mitigation activities.

There is no staffing associated with this budget unit.

Appropriation (including services and supplies of \$11,935,451 and improvement to land of \$4,900,000) are budgeted in 2008-09 for a number of projects including the following:

- Heaps Peak leachate treatment system
- Lenwood-Hinkley CAP system
- Apple Valley gas treatment system
- Yucaipa groundwater treatment system
- Barstow gas extraction system
- Landers groundwater monitoring wells

Departmental revenue for 2008-09 are budgeted at \$8,523,438, an increase of \$6,892,533 from the prior year. This increase is due to operating transfers in from the SWMD Site Closure and Maintenance Fund. Construction projects are increasing for 2008-09, yet this budget unit will incur a substantial decrease in perchlorate gate fees; consequently, a large influx of funds from the Site Closure and Maintenance budget will be needed for financing purposes. It is likely that SWMD will no longer be able to charge the Perchlorate fee against WDA city tons due to the anticipated end result of a series of lawsuits with the cities.

## Solid Waste Management - Environmental Mitigation Fund

### DESCRIPTION OF MAJOR SERVICES

The Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operations and management of a county owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste (HHW) Program in unincorporated county communities, ongoing since 1993; the Community Clean Up Program approved by the Board in 1994; the Community Collection Program; and a partnership providing funding for Code Enforcement's staffing coordination of the Supervisory Districts community clean-up projects. Revenues collected in this fund are also used to make contractual payments to the six host cities with a county landfill within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the county's portion of costs associated with debris cleanup in the aftermath of a locally declared disaster. Also, for 2008-09 and forward, all uncovered load fees will be transferred into this budget unit and used to finance the SWMD Community Service Program.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 were \$485,639 under modified budget due to City Host Fees being less than anticipated because of reduced tonnage.

Departmental revenue for 2007-08 were \$776,195 under modified budget because the original projections for Landfill Gate Fees were based on inflated system tonnage, which included contract maximum tons for Article 19 and Article 20 waste, as well as much higher WDA city tons.

Improvement to Land	75,323	-	-	-	-	-	-

Total requirements of \$3,590,586 for 2008-09 primarily represent contractual payments to host cities with a county landfill within its boundary or sphere of influence. The \$78,229 decrease is primarily due to a reduction in budgeted tonnage for Article 19 and Article 20 waste.

Departmental revenue of \$3,126,288 principally reflect that portion of the landfill gate fee designated for addressing solid waste facilities impacts on local communities. The \$630,161 decrease is the result of the prior year budget being based on inflated tonnage projections as described above.

## REAL ESTATE SERVICES

### David H. Slaughter

#### MISSION STATEMENT

The Real Estate Services Department partners with county departments and other public agencies to develop innovative, professional processes and provide cost-effective, efficient, high quality and timely support to accomplish their real estate needs to include lease negotiations and documentation, property management, appraisal services, right-of-way acquisitions, land and building purchases, surplus property sales and maintenance of the database inventory of county-owned buildings, land and leased facilities.

#### STRATEGIC GOALS

1. Improve the quality and professionalism of services.
2. Improve the department's fiscal services by automating manual fiscal functions and systems.
3. Improve customer service with departments that lease non-county owned space and/or lease county-owned space to others.

## DESCRIPTION OF MAJOR SERVICES

Real Estate Services Department (RES D) negotiates and administers revenue and expenditure leases on behalf of county departments. More than 300 revenue leases allow for the use of county-owned facilities, generally at county parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Approximately 240 expenditure leases are managed to provide facilities throughout the county for departments and their employees to support the delivery of services in locations convenient to the residents served.

RES D also provides appraisal, acquisition and relocation assistance for county departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. The department establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. The department also acquires land and facilities for various functions, disposes of property determined to be surplus to the county's needs, and maintains an inventory of all county land and facilities.

Budgeted Staffing					24.0	23.6	(0.4)

Salaries and benefits of \$2,229,827 fund 23.6 budgeted positions. The 0.4 decrease represents the reduction of two Real Property Agents positions by 0.2 each. The decrease of \$68,753 is due to a reduction in benefits and retirement rates, as well as replacing a Real Estate Services Manager position with a lower step position due to the retirement of the incumbent. The department originally included the addition of 1.0 analyst position. However, at the 2008-09 Budget Hearing, the Board of Supervisors directed the removal of all new positions and reclassifications, included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation and general fund financing reflects the reduction of \$68,874 and 1.0 in budgeted staffing.

Services and supplies of \$279,271 are decreased by \$73,568 due to lower costs for services provided by the Risk Management Department and Information Services Department (ISD).

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$4,400 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Reimbursements of \$65,515 are for architectural and space design services to be completed for large projects. The decrease of \$34,485 is based on a reduction of anticipated projects.

Current services revenue of \$1,493,500 reflects monies received from non-general fund departments and non-county governmental entities for services rendered.

PERFORMANCE MEASURES				
Description of Performance Measure	2006-07 Actual	2007-08 Projected	2007-08 Actual	2008-09 Projected
Percentage of leases in new locations in excess of 5,000 square feet for which architectural and space design plans have been completed.	N/A	100%	75%	100%
Percentage of projects (leases for more than 10,000 square feet or acquisitions that include five or more parcels) utilizing a project schedule.	No Projects	100%	No Projects	100%
Increase the total percentage of fiscal tasks that are automated. (There are approximately 260 fiscal tasks to be automated).	N/A	62%	90%	77%
Increase percentage of expenditure leases adjusted timely and accurately, in accordance with contract terms.	N/A	90%	90%	90%
Percentage of leases, appraisals, and surplus property sales completed with the projected schedule.	87%	100%	100%	100%
Percentage of Amendments submitted for Board approval at least 20 days prior to the scheduled termination date of the existing lease.	81%	100%	80%	90%

In 2007-08, an estimate of four projects fits the stated criteria in the first performance measure, one of which is a project for a department in Human Services (HS) that is a carry-over from the previous year, and for which HS has completed the plans and specifications. Therefore, only three out of four (75%) projects were completed in 2007-08.

Several factors delayed the department from reaching its goal of submitting amendments for Board approval at least 20 days prior to the scheduled termination date of the existing lease. Ongoing negotiations with landlords regarding tenant improvements and rental rates caused RESD to reach only 80% of the target goal.

## Rents and Leases

### DESCRIPTION OF MAJOR SERVICES

This budget unit is used to fund the rental of leased space utilized by county departments except long-term facility agreements for joint use power authorities. Lease payments are reimbursed from various user departments.

There is no staffing associated with this budget unit.

Services and supplies of \$39,698,305 represent annual lease payments for 3,174,126 square feet of leased space. The increase of \$2,443,925 is due to inflationary lease cost adjustments based on the Consumer Price Index or a fixed amount as specified in the various lease agreements.

Transfers of \$272,468 constitute payments to the Sheriff's Department for the reimbursement of security services at the Courthouse building located at 303 Third Street in San Bernardino.

Reimbursements of \$39,551,462 are payments from various user departments to pay for lease costs. The \$2,398,261 increase is based on increased lease costs.

Departmental revenue of \$419,311 reflects revenue from the lease of county-owned space, which includes the lease of the Courthouse building located at 303 Third Street in San Bernardino.

## Courts Property Management

### DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California, Administrative Office of the Courts (Court). In addition, when each transfer occurs, the County and Court enter into an agreement that defines who manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the Court for maintenance, utilities, insurance, overhead expenditures, and work order requests for space occupied by the Court in county-managed facilities. This budget unit is also used to manage and account for payments to the Court for costs associated with the space occupied by the county in court-managed facilities.

There is no staffing associated with this budget unit.

Local cost in 2007-08 is more than the modified budget due to a decision by the State, to withhold payment to the County for earthquake insurance in the Central Courthouse and Annex until the County retrofits the building to a Seismic Level Type 4. The County is currently working on retrofitting the courthouse and expects to complete the project by the end of 2010.

Services and supplies of \$926,430 represent payments to the State for the County's share of maintenance, utilities, and liability insurance costs for the Big Bear and Central Courthouses. The decrease of \$7,735 is due to a reduction of liability insurance's costs.

Transfers of \$263,000 constitute reimbursements to the Facilities Management Department for costs paid by that department for an elevator operator, maintenance, and utilities for the Big Bear Courthouse, the Central Courthouse, and the Central Plant. The decrease of \$47,000 is due to anticipated lower costs for maintenance and utilities.

Reimbursements of \$807,000 is from the Facilities Management Department for the county's share of maintenance and utilities, which in turn fund the payments to the State in services and supplies.

Departmental revenue of \$337,430 includes reimbursements from the State for the Court's share of an elevator operator, maintenance, utilities and liability insurance costs. The decrease of \$54,735 is due to a reduction of liability insurance costs, maintenance and utilities.

## Chino Agricultural Preserve

### DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal and Parkland Conservation Act. The department is responsible for negotiating and managing leases, preparing conservation easements, managing properties acquired, and recommending future acquisitions. Property management activities include arranging for all ordinary and emergency repairs, and improvements necessary to preserve the properties at their present condition, enhancing their operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully financed through revenues received from the lease of acquired properties.

There is no staffing associated with this budget unit.

Services and supplies of \$617,053 are for costs related to ongoing maintenance of program properties. The decrease of \$30,000 is due to anticipated fewer operating costs.

Other charges of \$29,000 are decreased by \$3,000 to reflect a reduction in property taxes.

Contingencies of \$7,785,733 increased by \$1,359,034 due to increases in departmental revenue as well as available fund balance.

Departmental revenue of \$1,333,411 reflects leasing of county-owned properties that are part of this program. The increase of \$172,763 reflects annual rents adjustments, which are based on fixed rates or changes to the Consumer Price Index.

## REGIONAL PARKS

### Thomas A. Potter

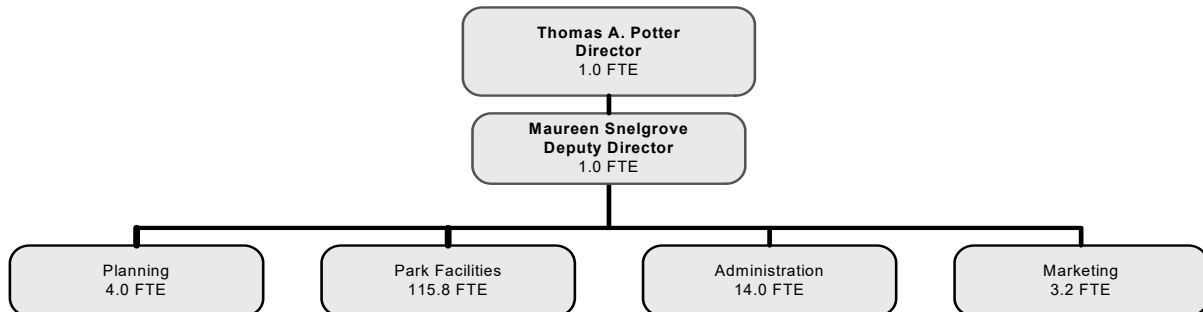

#### MISSION STATEMENT

The Regional Parks Department ensures diversified recreational opportunities for the enrichment of county residents and visitors while protecting the county's natural, cultural, historical and land resources.

#### STRATEGIC GOALS

1. Increase public awareness of new enhancements and amenities throughout the county regional park system and provide excellent customer service to ensure return visitors.
2. Ensure public safety and maintenance of the county trail system.
3. Focus on programs that promote an outdoor recreational lifestyle.

## DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department is responsible for the operation and maintenance of nine regional parks located throughout the county. These parks, which encompass approximately 9,200 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). Visitors to the county parks enjoy open space, walking trails, camping, swimming, fishing, picnicking, equestrian activities, playing fields, and other recreational opportunities available to the public. The department sponsors cultural, educational and promotional events through the use of park resources and contractual agreements with private, non-profit, and other public entities. Park special events include Civil War Days at Calico, Huck Finn Jubilee at Mojave Narrows, and Jamboree Days at Lake Gregory.

The department also administers the County's Trails Program (currently there are 17.8 miles of open, accessible, and usable trails throughout the county being maintained by Regional Parks), oversees operation of the Morongo Wildlife Preserve in Morongo Valley, is responsible for enforcing the lease with the operators of the Pavilion at Glen Helen Regional Park, and manages over \$11 million in projects funded by Federal Grants and State Bond Proposition 40. Additionally, Regional Parks programs include a one-day environmental studies day camp for elementary and middle school children at Yucaipa Regional Park, and the department is introducing two new programs, a junior fishing program and "Fam Camp," a free program for low-income families to learn the basics of camp life.

Budgeted Staffing					133.7	133.6	(0.1)

Salaries and benefits of \$7,322,651 fund 133.6 budgeted positions to oversee administration, planning, marketing, operations and maintenance for nine regional parks, 17.8 miles of trails, Big Morongo Preserve, maintenance of the Mentone Library grounds, and various special events and programs such as the environmental science day camp program. The significant increase of \$804,039 is the result of recent increases in the minimum wage that have been the catalyst for higher salaries to retain seasoned, skilled part-time workers already on staff with the department. The higher wages have also allowed the department to reduce shortages in personnel for the lifeguard program. Budgeted staffing was decreased by 0.1 due to a technical change that rounded position numbers in the county's budget system.

Regional Parks originally included the addition of 1.0 new Contract Revenue Resource Coordinator position to produce special events at the parks. The department also included the following two reclassifications: Office Assistant III to Parks Recreation Coordinator and General Service Worker II to Office Assistant II. However at the 2008-09 Budget Hearing, the Board of Supervisor directed the removal of all new positions and reclassifications included in departmental budgets for 2008-09. Based on this action, appropriation and associated revenue for the Regional Parks Department reflect the reduction of \$64,696 and 1.0 in budgeted staffing.

Services and supplies of \$2,702,480 include the cost of stocking the lakes with fish, mowing contracts at a number of parks, supplies for maintenance and special projects (i.e., paint, hardware and herbicides/pesticides), aquatic facility supplies, park vehicle charges, office supplies, computer hardware and software replacement/upgrades, credit card use fee charges, advertising park events/amenities, restroom supplies, and insurance liability. The \$694,408 decrease is due to a variety of factors including the following:

- \$330,000 less for contracted maintenance services since this work is now being accomplished by the addition of the parks maintenance crew.
- \$250,000 reduction in one-time general fund financing for support of the Healthy Parks Program.
- Travel costs of \$66,450 now accounted for in a separate appropriation unit.
- \$30,000 reduction in insurance costs based on estimates provided by Risk Management.
- Approximately \$20,000 reduction in pool supplies because the swim complex at Cucamonga-Guasti Regional Park is now being operated under a concession contract.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$66,450 includes the following for this budget unit:

- \$35,865 for costs related to the performance of work duties, including attendance at the monthly park management meetings, the annual three day park superintendent retreat to discuss and develop departmental policies/procedures, reimbursement for the department's roving maintenance crew, and compensation to staff for traveling to and from the more distant parks such as Calico Ghost Town and Moabi Regional Park.
- \$29,085 for the cost of job-related professional development training/conferences that offer continuing professional educational units or promote the parks as a destination for tourists.
- \$1,500 is for an annual tour to familiarize the Park's Advisory Commission with the various parks and their amenities.

These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Equipment of \$12,000 is budgeted for the purchase of a file server, which is necessary due to a significant increase in the department's data storage needs.

Transfers of \$36,807 represent costs paid to other departments for various services provided. The decrease of \$4,802 represents a reduced amount for EH&P costs and advertising charges paid to the Human Resources Department based on estimates provided by that department.

Reimbursements of \$174,688 primarily represent the amount of staff time and resources allocated for project management on grant funded programs, including the senior nutrition luncheon program in Crestline, various Proposition 40 and federally funded construction projects, and special event production at Calico Ghost Town Regional Park.

Use of money and property revenue of \$1,253,000 is based on current contract estimates with parks concessions, including an additional \$55,000 for concession operation of the Cucamonga-Guasti pool complex.

Current services revenue of \$5,874,617 are anticipated from fees for camping, fishing, park entrance, swimming, facility use, and special events. The additional \$327,617 is primarily due to fee adjustments approved by the Board of Supervisors in March 2008 and a 2.2% projected increase in park attendance for 2008-09.

Other revenue of \$54,000 represent fees collected primarily from sales of bait, firewood and snack bar sales at the Lake Gregory Regional Park boathouse.

Operating transfers in reflect approval of Business Process Improvement Reserve funds in the amount of \$55,000. These funds will be used for the purchase of a file server and the installation of T1 lines at Moabi, Calico Ghost Town and Cucamonga-Guasti regional parks. The file server is a necessary improvement as the department's growth of data storage needs has become more significant. The T1 lines are critical to the data connectivity and are necessary to effectively finish implementing Regional Parks' new reservation system.

PERFORMANCE MEASURES

Overall park attendance did not increase in 2007-08 due to higher gas prices having a negative impact on attendance at destination parks like Calico and Moabi.

## County Trail System

### DESCRIPTION OF MAJOR SERVICES

Regional Parks Department is the steward of the County's Regional Trail Program charged with the development, operation and maintenance of regional and diversified trails throughout the county. The trail system is enjoyed by the region's burgeoning population for cycling, hiking and equestrian use, linking open space with parks and non-motorized transportation corridors. In the spring of 2007, construction was completed on a 3.3-mile segment of the Santa Ana River Trail (SART). This stretch was the connection from San Bernardino County to the Riverside County Line, offering cyclists over 22 miles of contiguous trail along the Santa Ana River within the two counties. Design and environmental work are currently underway for both Phase III (from Waterman Avenue to California Street) and Phase IV (from California Street to the San Bernardino Mountains) of the SART.

There is no staffing associated with this budget unit in 2008-09.

Departmental Revenue	2,153,686	545,587	4,897,597	6,017,266	288,872
Fund Balance				36,317	

Actual appropriation for 2007-08 was \$5.3 million less than modified budget primarily because construction of Phase III of the Santa Ana River Trail did not commence as originally anticipated due to the need for additional environmental studies. Similarly, actual departmental revenue for 2007-08 was \$5.7 million below modified budget mostly due to less state and federal revenues received because of the aforementioned project not commencing as scheduled.

Services and supplies of \$5,863,547 are budgeted for design, environmental and construction costs associated with Phase III of the SART, in addition to design and environmental work on Phase IV.

Land and improvements of \$453,500 are budgeted for construction of lighting improvements at the soccer fields at Yucaipa Regional Park, as well as construction of a pocket park along the Santa Ana River. Both of these projects are federally grant funded.

Transfers of \$18,000 are anticipated to Regional Park's general fund budget unit for project management costs for the above referenced projects.

State, federal, or government aid revenue of \$6,739,911 includes the following:

- \$854,940 in state grants for both Phase III and IV of the Santa Ana River Trail.
- \$5,884,971 in federal aid for construction of Phase III of the SART and finalizing design/environmental on Phase IV, along with reimbursements from HUD for the Yucaipa soccer field lighting project and the Santa Ana River pocket park.

## Proposition 12 Projects

### DESCRIPTION OF MAJOR SERVICES

In 2000, the voters approved Proposition 12, the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act responding to the recreational and open-space needs of a growing population and expanding urban communities. The Regional Parks Department's allocation of Proposition 12 funds was \$4,832,410. The final projects under this bond act were completed in March 2008. All project expenditures have been completed and final reimbursements are now pending. Consequently, this budget unit is no longer necessary and is expected to be closed out during 2008-09.

There is not staffing associated with this budget unit.

## Proposition 40 Projects

### DESCRIPTION OF MAJOR SERVICES

Proposition 40 is the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2002, responding to the recreational and open-space needs of a growing population and expanding urban communities. The program is intended to revive state Stewardship of natural resources by investing in neighborhood and state parks to meet the urgent need for safe, open and accessible local park and recreational facilities. Regional Parks' total allocation of Proposition 40 per capita funds is \$4,858,000. On December 16, 2003, the Board of Supervisors approved a list of per capita projects to be funded by this financing source.

There is no staffing associated with this budget unit.

Land and improvements of \$1,986,395 is for the construction of a snack bar and restroom renovation project at Mojave Narrows Regional Park, a sewer treatment facility at Moabi Regional Park, a domestic water system at Prado Regional Park, and completion of a nature interpretive trail at Glen Helen Regional Park. The decrease of \$782,060 is primarily due to completion of the Mojave Narrows front entry gate project in 2007-08.

State, federal, or governmental aid revenue of \$2,139,534 represents the Proposition 40 revenues that are anticipated to finance the above projects.

## Glen Helen Pavilion

### DESCRIPTION OF MAJOR SERVICES

This budget unit was established to account for lease payments received annually from the operators of the Pavilion at Glen Helen Regional Park. Each year, this revenue is transferred to the county general fund to finance the cost of the facility's debt service payment.

There is no staffing associated with this budget unit.

Fund Balance					574,877	693,351	118,474

Transfers of \$1,725,000 are primarily due to the county general fund for the cost of the Pavilion's debt service payment.

Contingencies of \$253,351 represent that portion of the fund balance set aside for unanticipated costs.

Use of money and property reserve of \$1,285,000 includes rent from the operators of the Pavilion (\$1,225,000), as well as anticipated interest earnings on this fund's cash balance (\$60,000).

Other revenue is decreasing by \$120,000 since the County is no longer receiving this amount from the Pavilion operators for naming rights of the facility.

## Pavilion Improvements at Glen Helen

### DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide for improvements to the Pavilion at Glen Helen Regional Park. These improvements are designed to maintain the Pavilion and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This budget unit is financed jointly by deposits from the Regional Parks Department and the operators of the Pavilion.

There is no staffing associated with this budget unit.

There were no improvement projects expensed in 2007-08. Accordingly, the appropriation for this budget unit has been carried over to 2008-09.

Actual departmental revenue for 2007-08 was \$59,413 greater than modified budget primarily because an analysis of the contract with the operators of the Pavilion indicated payments to this budget unit were a year behind. During 2007-08, the Pavilion operators and the Regional Parks Department jointly made deposits for years 14 and 15 of the lease.

				Fund Balance	226,424	314,861	88,437

Services and supplies of \$373,861 have increased by \$118,413 primarily based on additional fund balance available.

Reimbursements of \$25,000 represent the County's contribution towards improvements to the Pavilion per provisions of the lease. In prior years, the County's matching contribution was accounted for under other revenue.

Departmental revenue of \$34,000 includes \$9,000 in anticipated interest, plus a \$25,000 deposit from the operators of the Pavilion per the lease agreement. The matching County contribution is now accounted for under reimbursements as the contribution amount will now be made from the Pavilion debt service fund.

## Park Maintenance/Development

### DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide for development, special maintenance projects, and emergency repair at all regional parks. The costs associated with this fund are financed through a small percentage of park admission fees.

There is no staffing associated with this budget unit.

Actual appropriation for 2007-08 was \$253,210 less than modified budget primarily due to the cost of some equipment purchases being less than originally anticipated, as well as one piece of equipment not being purchased because of approval of a turf maintenance contract.

Actual departmental revenue for 2007-08 exceeded modified budget by \$236,926 due to an increased amount of park admission fees being set aside for park maintenance projects.

Services and supplies of \$568,593 are budgeted for special maintenance and emergency repair projects at the various regional parks during 2008-09.

Land and improvements are budgeted at \$46,000. This amount includes the following improvements at Calico Ghost Town Regional Park: deck/handicap ramp at the candle shop and deck and cover at the saloon.

Vehicles of \$81,000 include \$36,000 for three turf utility vehicles and \$45,000 for a small backhoe.

Current services revenue of \$189,687 include a portion of gate entrance fees and reservation fees.

## Calico Ghost Town Marketing Services

### DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from Calico Ghost Town concessionaire operations and park admission fees are used to advertise and market several special events including Calico Days, Spring Bluegrass Festival, Heritage Fest, Calico Ghost Haunt, and the Civil War reenactment.

Budgeted Staffing					1.2	1.2	-

Salaries and benefits of \$79,295 fund a full-time Special Events Coordinator and a part-time position for a total of 1.2 budgeted staffing. The increase of \$11,815 is primarily due to increased salary for the Special Events Coordinator as approved by the Board of Supervisors in 2007-08.

Services and supplies of \$465,406 represent the cost of producing special events at the Park. The \$96,171 increase is based on additional departmental revenue and fund balance available.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$7,100 reflects anticipated costs for participation in the annual Pow-Wow International Trade Show. Attendance at this event is crucial to the promotion of Calico Ghost Town and its specialized events.

Transfers of \$22,276 represent reimbursements to the Regional Parks general fund budget unit for the cost of department resources used to produce the special events.

Use of money and property revenue of \$67,500 includes estimated revenues from a percentage of concession sales.

Current services revenue of \$150,000 include revenue from a portion of gate entrance fees. This amount is being increased by \$45,000 based on prior year activity.

Other revenue of \$291,000 includes revenues from the special events held at the park. Due to the growing popularity of the special events, and the addition of an extra weekend for hosting the Calico Ghost Haunt event, this revenue is estimated to increase by \$45,000 from the amount budgeted in the previous year.

## Off-Highway Vehicle License Fee

### DESCRIPTION OF MAJOR SERVICES

Off-Highway vehicle (OHV) funds are provided pursuant to state law, and derived from fines for violation of off-highway vehicle operations and licensing. These funds are used for the development of off-highway trails and recreation areas in compliance with state requirements.

There is no staffing associated with this budget unit.

Fund Balance				442,731	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual appropriation in this budget unit is less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Actual departmental revenue for 2007-08 was \$82,388 more than modified budget primarily because the state changed the calculations for dispersing fees, thus resulting in more revenues for San Bernardino County.

State aid revenue of \$325,000 includes revenue derived from fines for violation of off-highway vehicle operations and licensing.

## Snack Bars

### DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department provides staff to operate four snack bars located at the following parks: Glen Helen (island site and swimming complex), Lake Gregory, and Mojave Narrows. Enterprise funds were established for each snack bar to provide management with sound accountability and timely reports. Excess revenue resulting from operations is used to enhance the snack bars or other park operations. Snack bars at other regional parks (Cucamonga-Guasti, Yucaipa and Prado) are operated by Board-approved private contractors.

Salaries and benefits of \$26,092 fund 1.1 extra help employees because the snack bars are typically seasonally operated. The 0.2 decrease in staffing reflects a technical change that rounded positions numbers in the county's budget system. A slight increase of \$2,526 has been budgeted based on incremental wage increases for the snack bar employees.

Services and supplies of \$67,000 represent purchases of food and bait for resale at the snack bars. An increase of \$13,300 is anticipated for snack bar supplies based on prior year activity.

Current services revenue of \$104,000 includes revenue from the sales of food and bait items at the four snack bar locations. The \$22,000 increase is based upon prior year activity, which is anticipated to continue.

## Environmental Science Day Camp

### DESCRIPTION OF MAJOR SERVICES

This budget unit was originally established to account for revenues and expenses related to the operation of Camp Bluff Lake located in the San Bernardino Mountains. In 2003-04, the Board of Supervisors approved an agreement with The Wildlands Conservancy for the County to operate the facility for a children's summer camping program on a trial basis. The Conservancy subsequently determined that operating this camp was not a cost effective venture; therefore operations were discontinued in 2006-07 after the summer camp season.

Seizing the opportunity to expand the youth services programs, the Board approved a separate agreement with The Conservancy to develop an Environmental Science Day Camp. This one-day environmental studies retreat for children was originally located at The Conservancy's Bearpaw Preserve in Forest Falls; however, it has since been relocated to Yucaipa Regional Park to allow better access by school buses, affording a greater number of schools to participate in the program. The revenues and expenses for this youth services program are being accounted for in this enterprise fund.

Salaries and benefits of \$70,774 fund 3.1 budgeted positions for the Environmental Science Day Camp. The \$100,940 decrease reflects the deletion of 2.8 vacant positions due to the department no longer operating the Camp Bluff Lake program.

Services and supplies of \$16,878 include costs to operate the Environmental Science Day Camp program.

Transfers of \$1,360 represent costs for the employee health and productivity program administered by the Human Resources department. The decrease of \$63,625 reflects the elimination of costs related to administration of Camp Bluff Lake operations.

Other revenue of \$89,012 is anticipated from grants to fund the Environmental Science Day Camp program.

# REGISTRAR OF VOTERS

## Kari Verjil

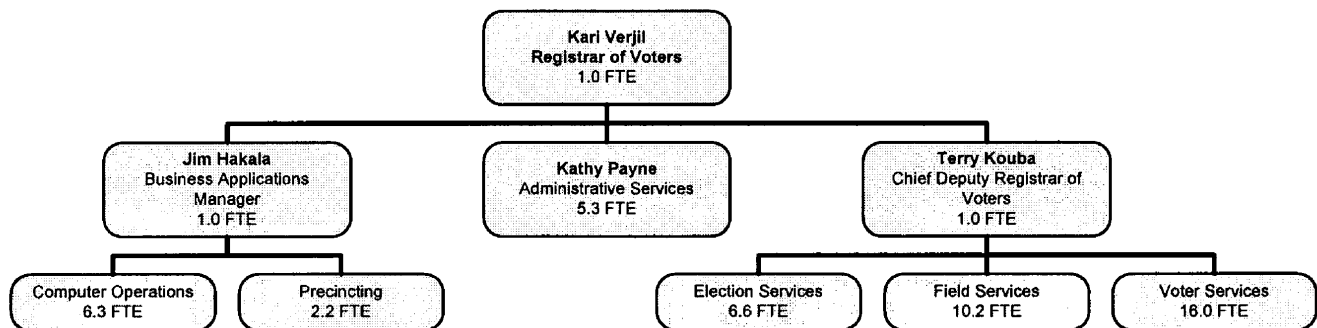

### MISSION STATEMENT

The Registrar of Voters upholds the integrity of the electoral process by consistently conducting fair and open elections that are accessible to all and that accurately reflect the intent of the electorate, promotes public confidence, increases voter participation, and strengthens democracy while providing the highest quality of customer service.

### STRATEGIC GOALS

1. Increase voter participation in the electoral process.
2. Maintain and expand a directory of experienced and dependable poll workers.

### ORGANIZATIONAL CHART

### DESCRIPTION OF MAJOR SERVICES

The primary function of the Registrar of Voters is to conduct elections as prescribed by district, city, county, state and federal laws and regulations.

The Administrative Services Section oversees the preparation and monitoring of department budget, prepares estimates and billing for election services, oversees contracting and purchasing, and manages personnel and payroll.

The Computer Operations Section provides computer support to the department through the in-house computer system and vendor supplied election software, coordinates technical services with the Department of Information Services, and oversees all counting operations in-house.

The Precincting Section creates and maintains jurisdictional boundaries. This involves maintenance of street address files, updating of zip code changes, and realignment of district boundaries. Depending upon which jurisdictions are on the ballot, voter precincts can be combined to form larger election precincts that meet policy guidelines.

The Election Services Section oversees the filing of candidates, calling of elections, petition process, preparation of sample ballots, campaign disclosure filings, and provides information/data to candidates/campaigns. Recruits poll workers, coordination of the student and county poll worker programs, provides their training, and assigns them to the appropriate poll locations.

The Field Services Section provides programming and maintenance of electronic voting equipment in preparation for each election. Assembles/distributes/retrieves poll election supplies, and provide facility support to the department. Recruits locations to service as polling places.

The Voter Services Section maintains the computerized voter files, verifies petition signatures, and provides phone and counter assistance to voters. Voter registration cards and signatures are electronically captured to provide additional security and reducing future labor costs. Coordinates Voter Outreach training and state mandated programs to increase registration and provides Vote-by-Mail and other mail ballot voting services.

Budgeted Staffing				51.5	

Actual appropriation for 2007-08 is \$996,938 less than modified budget. This is primarily due to salaries and benefits savings (\$544,237) from positions that remained vacant for extended periods because of lengthy recruitments, and adjusted net savings (\$452,701) for services/supplies because of lower than budgeted Help America Vote Act (HAVA)-related expenses that were offset by an increase in election-related expenses due to paper ballot requirements.

Actual departmental revenue for 2007-08 is \$369,827 less than modified budget. This is primarily attributed to an under-realization of HAVA reimbursable revenue for this fiscal year that will be claimed in 2008-09, and an under-realization of election services revenue for three major elections due to budgeted reimbursable election-related expenses that were based on utilizing an electronic voting system.

				Budgeted Staffing	51.5	49.6	(1.9)

The overall budgetary changes in the 2008-09 budget, from that of the 2007-08 Final Budget, are characterized by the following significant factors: (1) the reduction of \$1.04 million of the total budgeted amount of \$ 2.1 million in HAVA one-time funds that were available from the state via a contractual agreement (No. 07G30124) that were expended in 2007-08 with restrictive carry-over funds of \$1.07 million for the 2008-09 budget, (2) reverting to a more costly paper ballot processing system versus electronic voting due to the Secretary of State's decertification of the electronic voting system in August 2007; and (3) transitioning from a three-election cycle in 2007-08 to a one-election cycle in 2008-09. Although the Registrar of Voters Office will be conducting only one major election during 2008-09, the November 2008 Presidential Election will be more costly due to anticipated high voter turnout, a two-card ballot instead of the typical one card ballot, and paper versus electronic voting.

Salaries and benefits of \$2,934,736 fund 49.6 budgeted positions and are decreasing by \$173,764 and 1.9 budgeted positions. The salaries and benefits appropriation net decrease of \$173,764 represents current reductions of \$10,703 in benefit plan costs, retirement, and workers compensation charges; a decrease of \$173,755 in overtime due to transitioning from three major elections to one major election; and an increase of \$10,694 for extra-help and salary step adjustments.

Services and supplies of \$5,405,375 include appropriation authority to cover routine operating expenses, in addition to election-related expenses (such as postage, printing, temporary help, ballots and other services); and residual HAVA grant funded expenses of \$1,071,700. The overall decrease of \$3,123,700 is attributed to a decrease in costs associated with conducting one major election instead of three elections that were included in the 2007-08 budget (\$2,094,717); and by a reduction of one-time HAVA funding (\$1,028,983). Travel and educational expenses have been removed from services and supplies and are budgeted in the new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$13,100 reflects anticipated travel costs for State Association conferences and meetings in Sacramento (\$12,500), and staff training mileage (\$600). These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Departmental revenue totaling \$3,480,870 is derived from the state for the reimbursement of postage (\$25,000), for the SB90 program (\$260,000), and for residual HAVA grant funding (\$1,071,700); from the sale of ROV services/products (\$31,450); and from election services (\$2,092,720) for participating jurisdictions that share in the cost of the election. Budgeted election services revenues include minor fee adjustments that were approved by the Board in March 2008 with an effective date of July 1, 2008. The overall decrease of \$4,596,263 is attributed to a decrease of \$2,000,000 in state reimbursements for the February 2008 election; a decrease of \$1,567,280 primarily for two other elections services not budgeted in 2008-09; and a decrease of \$1,028,983 for HAVA grant funding reimbursement from that of 2007-08.

As a result of the Secretary of State's electronic voting system decertification order in August 2007, restrictions have been placed on electronic voting systems statewide. The Registrar of Voters has suspended off-site early voting due to restrictions associated with the decertification order, until such time that off-site early voting can comply accordingly.

The Registrar of Voters was faced with the challenge of replacing some existing polling locations and developing new polling locations in preparation for three major elections to be conducted during 2007-08. The Registrar of Voters utilized 407 polling places for the November 2007 election, which was the first of these three elections. Prior to this election, 17 polling place locations became unavailable, which reduced the department's polling place inventory down to 390. It was also determined that 19 polling places were overcrowded. Therefore, the survey teams were required to locate and survey new polling locations, of which approximately 75 potential locations were identified for review. The Registrar of Voters has been greatly impacted by the addition of a Statewide February 5, 2008 Presidential Primary Election, the June 3, 2008 Statewide Primary, and the November 4, 2008 Presidential Election. As a result of conducting three statewide elections in a nine month timeframe, polling place surveys for the remainder of 2007-08 and for 2008-09 will be conducted specifically to address accessibility issues if time is available.

The 2007-08 actual total number of county employees serving as pollworkers increased from the 2007-08 projected number because of the statewide February 5, 2008 Presidential Primary Election that was added after the projection was originally established for two major elections.

## Fish and Game Commission

### DESCRIPTION OF MAJOR SERVICES

The Fish & Game Commission is administered by the Special Districts Department, and its primary function is to act as the liaison between the State Department of Fish & Game, the County Board of Supervisors, and the public. The Commission makes recommendations to the Board of Supervisors on matters pertaining to wildlife in San Bernardino County.

The Fish and Game Commission budget unit receives funding from fines imposed on hunting, fishing and environmental infractions. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and with its propagation in San Bernardino County.

There is no staffing associated with this budget unit.

## CAPITAL IMPROVEMENT PROGRAM

### SUMMARY

The County's Capital Improvement Program (CIP) includes construction, rehabilitation, and repair projects for numerous facilities and structures administered by several departments. Solid Waste Management and Transportation Division projects are administered by the Department of Public Works (DPW). Architecture and Engineering Department (A&E) administers projects for Arrowhead Regional Medical Center (ARMC), Community Development and Housing (CDH), Airports, Regional Parks and other general fund departments. Regional Parks Department administers some grant funded CIP projects. These may eventually be assigned to A&E after planning and scope of work is determined.

Table 1 provides a summary of all new projects for 2008-09. The CIP budget includes \$17,462,500 from the general fund financing, which includes \$1,530,000 for five approved policy items added by the Board of Supervisors during budget hearings. The total funding from the general fund of \$17,462,500 includes \$15,300,000 of ongoing money and \$2,162,500 of one-time funding representing savings from completed general funded projects reallocated to new projects in 2008-09. Several projects are being funded from department budgets and other funding sources that the Board of Supervisors has discretionary control over in the amount of \$7,293,300 and there are numerous projects with restricted funding sources from dedicated sources for dedicated purposes (for example, Regional Parks grants, Community Development Block Grants (CDBG), Transportation and Solid Waste projects) in the amount of \$40,745,689. There were no new Airports projects for 2008-09. The total 2008-09 New CIP Projects budget is \$65,501,489.

A&E completed 126 projects in 2007-08 (including some multi-year projects) with original project budgets totaling \$55.5 million. General Fund Local Cost completed projects had a remaining balance (or savings) of \$2,413,464. \$2,162,500 of this amount was reallocated to new projects in 2008-09. \$250,964 was retained in A&E Carryover Projects as contingency for 2008-09 A&E CIP projects. A&E also completed one project for ARMC with an original project budget of \$260,000. The project was completed under budget by \$62,712.

Details on completed projects administered by A&E are provided in:

### FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM PLAN

The Five-Year Capital Improvement Program Plan (Five-Year CIP) includes short-range and long-range capital acquisition and development plans. Projects included in the Five-Year CIP are non-recurring projects that are expensive, have a long service life, and will be underway (or need to be underway, but are unfunded) at some point during 2008-09 through 2012-13.

### THE LAST FIVE YEARS

Over the past five years, the Board of Supervisors has allocated over \$157.0 million in general fund contributions for the CIP. The following chart indicates how those resources have been allocated by project type:

## PROPOSED FIVE-YEAR CIP

The Five-Year CIP is reviewed annually and revised based on current circumstances and opportunities and considers historic requirements and expenditures for capital projects. While the Five-Year CIP does not appropriate funds, it does serve as a budgeting tool to set priorities, identify needed capital projects, estimate capital requirements, and coordinate financing and timing. It identifies projects for annual funding, focuses resources in program areas, and supports Business and Master Space Plan recommendations. It also identifies project impacts on future operating budgets, including additional staffing, maintenance, and other recurring operational expenditures that require ongoing funding and must be considered in the planning and approval of projects.

The current general fund annual allocation for CIP projects is \$15.3 million. That funding has been programmed over the next five years and is summarized on Exhibit N – 2008-09 through 2012-13 Five-Year Capital Improvement Program and includes capital expenditures as well as operating cost impacts for identified projects.

### CIP NEEDS ADDRESSED IN THIS PLAN

The Five-Year CIP addresses the following needs:

- **Departmental Requirements**
  - Carpet/paint
  - Minor remodels
  - Restroom upgrades/ADA improvements
- **Building Systems**
  - Backlog of deferred maintenance
  - Moving towards emphasis on Preventative Maintenance
- **Site Infrastructure**
  - Building exteriors, landscaping, irrigation and lighting
  - Increases parking and provides a pavement management plan
- **New Projects**
  - Allocates un-programmed dollars for new projects each year

### MAJOR PROJECTS PREVIOUSLY FUNDED

The Five-Year CIP does not include larger projects that may require debt financing. The following major projects have been approved and funding is in process.

- **New Central Juvenile Hall** – The Central Juvenile Hall facility in San Bernardino was constructed in the 1950's and 1970's and the facilities require major updates and renovations. Assessments were conducted and evaluated and as a result, the Board approved a plan to consolidate the existing facility from 25 to 14.8 acres, demolish the 1950's and 1970's buildings, and build new facilities. A Juvenile Maximum Security reserve has been established and \$4.0 million has been set aside annually to finance the project. A&E plans to utilize the design/build method of construction for this project. A Request for Proposals was approved by the Board in June 2008. Award of a design/build contract is expected in late fall with construction expected to take approximately 30 months.
- **Arrowhead Regional Medical Center** - The hospital has reached bed capacity. A project to convert 6<sup>th</sup> floor administrative space to medical/surgical beds and to construct a new Medical Office Building is in process. The cost of the expansion will be funded from Realignment.
  - Addition of Medical/Surgical Beds – 84 Beds - \$30 million – Administrative staff were relocated from the 6<sup>th</sup> floor to modular buildings on the site. Demolition of the 6<sup>th</sup> floor was completed and the remodel project is currently out to bid. Construction began in June 2008 and is expected to be completed by July 2009.
  - New Medical Office Building – 67,210 Square Feet - \$25 million – A&E plans to use the design/build method of construction for this project. Three firms have been short-listed to provide proposals due in November 2008. A&E expects to award a contract in February 2009 and complete construction June 2010.

- **Master Space Plan Implementation** – Beginning in the 2006-07 budget, the Board of Supervisors approved the annual set-aside of \$20.0 million for future space needs. This annual set-aside, net of expenditures incurred for design costs, had a reserve balance of \$37.7 million at the end of 2007-08. Projects to be funded by this set-aside through debt financing include office space needs in San Bernardino and the high desert and crime lab improvements for the Sheriff:
  - Downtown San Bernardino – 480,000 Square Feet of New Construction and Reuse of 326,000 Square Feet – Approximately \$318 million – A space needs assessment for county offices in San Bernardino was completed in early 2008. Master Developers and Design/Build Contractors were interviewed in response to a Request for Qualifications process. Selection and specific proposals are pending.
  - High Desert Government Center – 56,000 Square Feet - \$22 million – In March 2008, the Board approved an agreement with the City of Hesperia to take the lead on design and pre-construction of a new high desert government center in Hesperia. The City will donate the 4.42 acre site to the County at its government center location at 7<sup>th</sup> Avenue and Smoke Tree Street in Hesperia. The county's building will be constructed in conjunction with the city's new police station. Design is expected to be complete by March 2009.
  - Sheriff's Crime Lab - \$25 million – Options to address space requirements for the Sheriff's Crime Lab facilities in San Bernardino are still under development.

## MAJOR PROJECTS FOR FUTURE FUNDING

- **Public Safety Operations Center (PSOC)** - The County Fire and Sheriff Public Safety Operations are currently co-located in inadequate modular/trailer facilities at the Rialto Airport. The needs assessment to determine requirements for a new Public Safety Operations Center was completed the end of 2007 and identified requirements for Sheriff and Fire Dispatch centers, the County's Emergency Operations Center (EOC), and 800 MHz infrastructure support group. Options to address these needs are under consideration.
- **Additional Jail Beds** – While the addition of jail beds at Adelanto will address some of the future requirements, other expansions may be considered in the future at the Glen Helen and West Valley Detention Facilities.
- **Law & Justice Space related to New Judgeships** – The State budget crisis has delayed the funding of additional judicial positions until 2009-10, however, long-term requirements for District Attorney, Public Defender and Probation staff to support additional criminal courts will need to be addressed in the coming years. Three areas have the greatest need for new judgeships.
  - Victorville
  - Fontana
  - Morongo
- **Major New Facilities**
  - High Growth Areas – A critical mass of centralized services is developing and expansion of government centers may be considered in the west end of the San Bernardino Valley and desert regions. Opportunities to acquire and own new space will be given first priority over the lease of space.
  - New Parks, Museums and Libraries – As population increases, the need for additional recreation and learning facilities increases.

General Fund

For the General Fund, budgetary fund balance is expected to decrease by \$19.0 million. The main cause of the anticipated decrease is the large anticipated contribution to reserves to be funded from unspent ongoing set-asides that are projected to be unspent at the end of the fiscal year.

Restricted General Fund

For the Restricted General Fund, fund balance is expected to decrease by \$4.5 million.

Fund balance is estimated to increase a net \$1.2 million in the Prop 172 restricted fund mainly due to interest income. Fund balance is anticipated to decrease by a net \$5.7 million in the Realignment restricted fund. The decrease is a combination of projected decreases in budgetary inflows from sales tax and vehicle license fees growth of 2.7% and 4%, respectively, coupled with increases in budgetary outflows for departmental usage.

### Special Revenue Funds

In accordance with Section 29009 of the California Government Code, the entire unreserved fund balance in special revenue funds must be appropriated each year. Budgeted contingencies are appropriated for future or unplanned expenditures that are not anticipated for the current budget year. The projected 2008-09 ending fund balance of \$125.3 million is the contingency appropriation. Therefore, overall fund balances in the special revenue funds are anticipated to decrease by \$60.3 million from a beginning budgetary fund balance of \$185.6 million to the projected ending budgetary fund balance listed in the previous schedule. All appropriation not expended this fiscal year will be carried over to the 2009-10 budget as fund balance.

Significant details regarding projected reductions in fund balances for Special Revenue Funds:

- Transportation's special revenue funds are anticipating a total net decrease of \$28.7 million. Of this amount, the budget units estimated to have significant reductions in budgetary fund balance include: The Measure I Program in which planned revenues are less than planned expenditures for external road construction projects and maintenance. Transportation - Road Operations budget unit is likely to have a reduced fund balance at the end of 2008-09 due to intended expenditures for the year being financed with a combination of increased revenues and fund balance.
- The Community Development and Housing special revenue funds are projected to have a reduced 2008-09 ending budgetary fund balance as expenditures for the upcoming year are budgeted to exceed expected revenues. These expenditures are primarily for grants and direct projects such as housing projects.
- The budgetary fund balance for the Auditor/Controller-Recorder's Systems Development special revenue fund is anticipated to decrease \$7.8 million as expected revenues for the 2008-09 year are declining from the previous year and prior year contingencies were targeted to fund expenditures.
- The Courthouse Facility – Excess 25% budget unit is expected to have a reduced budgetary fund balance at the end of 2008-09. This decline is the result of using available fund balance to pay for the construction costs for the Central Courthouse Seismic retrofit/remodel project.
- The budgetary fund balance for Behavioral Health's Block Grant Carryover Program is projected to decrease \$2.8 million. The department forecasts a decline in revenue from the State Alcohol and Drug Program over last year. Additionally, contingencies from the previous year are anticipated to be used to fund program costs.

Significant details regarding projected increases in fund balances for Special Revenue Funds:

- Behavioral Health's Mental Health Services Act (MHSA) budget unit projects a \$2.6 million increase in ending 2008-09 fund balance due in part to funding increases for new components for the MHSA exceeding the planned growth in expenditures.
- Anticipated revenues for the Master Settlement Agreement special revenue fund are expected to exceed budgeted expenditures by \$3.6 million. Therefore, this budget unit is expected to have a higher fund balance at the end of 2008-09.

### Capital Project Funds

The entire fund balance for capital projects is appropriated each year by project; therefore, the projected ending fund balance will be zero. Historically, the amount budgeted each year is greater than the amount actually expended because large capital projects often span many fiscal years and project balances are carried over annually until project completion. Hence, the actual ending fund balance is typically much greater than budgeted.

THIS PAGE LEFT INTENTIONALLY BLANK

**Accrual:** An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

**Activity:** A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

**Amortization:** The process of gradually extinguishing an asset on the books.

**Appropriation:** An appropriation is an authority to spend. It represents the authorization for the county to make expenditures/incur obligations for a specified purpose and period of time. An appropriation represents the authorized expenditure limit for a budget unit for the current fiscal year.

**Balanced Budget:** The annual operating budget will be structurally balanced upon adoption of the Board of Supervisors. Total revenues, including carry-over fund balances, will equal the total fund appropriation and reserves.

**Base Budget:** The base budget represents the prior year approved budget plus mandated cost adjustments such as across-the-board salary increases (MOU), retirement costs, risk management liabilities, and previous year's mid-year Board approved costs.

**Budgeted Staffing:** The number of equivalent positions funded in the budget unit. Also referred to as full-time equivalent (FTE).

**Budget Unit:** An organizational component which is represented by the combination of a fund and department into one unit for purposes of budgeting.

**Capital Project Funds:** Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

**Central Computer:** The Central Computer expense category is set up to allocate the Information Services Department's computer charges to departments based on usage. These are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each department's Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget (2009-10) will be adjusted based upon the actual usage in 2008-09.

**Contingencies:** An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

**Costs to Maintain Current Program Services:** All non-discretionary budget changes that are factored into the base budget: these include the cost of new mandates and negotiated salary increases. The Board of Supervisors approves these costs for general fund departments in the County Administrative Office's financing plan.

**COWCAP:** COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor/Controller-Recorder in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

**Department:** An organizational unit used by county management to group programs of a like nature. In terms of financial structure, departments can have multiple funding sources, i.e. general fund, special revenue etc. that are based on specified uses. The combinations of the various funds are consolidated at the department level.

**Department Recommended Funded Adjustments:** A proposal by the department to change or implement a new program funded through existing resources that is not currently authorized by the Board.

**Depreciation:** The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

**Deficit:** Insufficient revenues or other available funds to fully finance expenditures and other disbursements during a fiscal year.

**Discretionary Revenue:** Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

**Employee Health & Productivity Program (EHaP):** A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

**Encumbrance:** An obligation placed on an appropriation to pay for goods or services that have been ordered by means of contracts, but not yet received. In other words, the money is tied up. Even though it has not been spent, it cannot be used for any other purpose.

**Enterprise Funds:** Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through operational revenues.

**Expenditure:** Decreases in net financial resources. An expenditure includes current operating expenses that require the present or future use of resources.

**Fiscal Year (FY):** The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

**Fixed Asset:** An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more. Additionally, computer software is capitalized if the value is \$100,000 or greater.

**Full-time Equivalent (FTE):** The number of equivalent positions funded in the budget units. Also referred to as budgeted staffing. An equivalent position is calculated by taking the total number of work hours budgeted for the budget unit and dividing by 2080, which represents the total number of hours in a work year.

**Function:** A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff's Department.

**Fund:** A legal unit that provides for the segregation of moneys or other resources in the county treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

**Fund Balance:** An amount comprised of accumulated excess or deficiency of revenues less expenditures of a fund, including the cancellation of prior year encumbrances. This is measured at the end of each fiscal year. Fund balance may be used in the budget unit for the upcoming year as a funding source for one-time projects or services.

**GASB 34:** Governmental Accounting Standards Board (GASB), Statement 34 establishes requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions.

There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between county budget units are accounted for. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as departmental revenues). All transactions between departments within the same fund (i.e. general fund) are budgeted as reimbursements. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories.

**General Fund:** The General Fund is the predominate fund for financing county programs. It is used to account for revenues that are not specifically designated to be accounted for by any other fund. The primary sources of revenue for the general fund are property taxes and other taxes, state and federal aid, current services, and other revenue. The general fund is used as the major funding source for the administrative/executive, economic development, fiscal, human services, law and justice, and public and support services groups.

**General Fund Financing:** Describes the overall process of administering local cost, which is the amount contributed by the county general fund from its discretionary revenue sources to finance the activities of a department.

**Geographic Information System (GIS):** A geographic information system integrates hardware, software, and data for capturing, managing, analyzing, and displaying all forms of geographically referenced information.

**Governmental Funds:** Governmental funds consist of the general fund, special revenue funds, capital projects funds and debt service funds.

**Grants:** A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

**Internal Service Funds:** Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

**Local Cost:** Local cost (or general fund financing) is the amount contributed by the county general fund from its discretionary revenue sources to finance the activities of a department.

**Mandate:** A program that meets constitutional, statutory or court-ordered requirements from either federal or state entities.

**Memorandum of Understanding (MOU):** For budget purposes, the MOU refers to a negotiated and approved labor agreement between the county and an employee labor organization or group that details the salary, benefits, and other conditions of employment.

**Mid-year Adjustments:** Board approved changes to a department's budget after the adoption of the final budget.

**Mission:** A clear, concise statement of purpose for the entire department. The mission focuses on the broad, yet distinct, results the department will achieve for its customers.

**Operating Transfers In/Out:** A method of providing financing from one fund to another for the implementation of a project or program.

**Other Charges:** A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: Interest expense, public assistance costs, etc.

**Performance Measure:** An ongoing, quantitative indicator of resources consumed, workload, productivity, efficiency, and effectiveness. Performance measures should relate to objectives and allow for measurement of the same thing over time.

**Policy Item:** A funding request by a department for workload and program changes that were not financed within existing departmental revenue or general fund allocations. A policy item requests additional general fund financing.

**Position:** A specific employment, whether occupied or vacant, involving duties requiring the services of one person. A position may be full or part-time as reflected in the FTE value or budgeted staffing amounts.

**Proposed Budget:** A proposed budget is the working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets or for new permanent employee positions unless specifically approved by the Board of Supervisors.

**Proposition 172 (Prop 172):** A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

**Proprietary Funds:** Classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

**Public Service Employee (PSE):** PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular county employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to handle one-time special projects. They do not receive the full range of benefits or have the civil service status of regular county employees.

**Realignment Funding (Health & Welfare):** In 1991-92 the state approved the Health & Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

**Reimbursements:** Amount received as a repayment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of expenditure and are considered a financing source.

**Restricted Financing Funds:** Restricted financing funds consist of two restricted financing sources – Prop 172 and Realignment. Prop 172 revenue assists in financing the Sheriff, District Attorney, and Probation departments. Realignment assists in financing mental health, social services, and health programs within the county.

**Revenue:** The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a fund for future appropriation.

**SB 90 State-Mandated Local Program:** State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

**Services and Supplies:** A category of expenditures within the budget for all standard costs of daily operations, including such items as office supplies, training, contractual services, and travel.

**Set-Aside Reserve:** A reserve made up from available balances materializing throughout one or more fiscal years which are not required to support disbursements of a legal or emergency nature and are held (set aside) for future funding requirements.

**Special Revenue Funds:** Special Revenue Funds are used to account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government.

**Step Increases:** An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements within the base salary range shall be based on two (2) step increments. Each increment is 2.5%.

**Strategic Goal:** A strategic goal translates resources into significant results to be achieved, providing the basis for evaluating the department as a whole.

**Transfers:** The movement of resources from one fund to another usually for payment of services received.

**Trend:** A documented recurrence of a measurable event or circumstance over time that is increasing, decreasing or even staying the same.

**Unrestricted Net Assets:** That portion of net assets that is neither restricted nor invested in capital assets (net of related debt).

**Vacancy Factor:** A reduction in the budgeted salaries and benefits cost calculation in order to estimate the cost savings attributed to positions left unfilled for some portion of the year.
