Behavioral Health	(16,699)	0	39,733	(56,432)	0	0	Due to the reorganization of the Alcohol and Drug Services - Behavioral Health Resource Center clinic, it has been determined there is a need for additional clerical support. Position #82321 was unfunded in the 11/12 budget process. The department recommends re-activating this position by funding the position at \$56,432 with Substance Abuse Prevention and Treatment Block Grant from the Department's Block Grant Carryover budget unit. Reductions to revenue and appropriation of \$16,699 is due to the following: \$15,514 is to adjust for Custodial Services no longer needed at 700 E. Gilbert St (bldg #5); \$1,185 is to adjust for Grounds services for incorrect location (ARMC). (Page 61)

Aging Programs	(183,032)	0	(183,032)	0	0	0	Revenue and appropriation is decreased by \$183,032 due to reductions to federal funding for Health Insurance Counseling and Advocacy Program (HICAP), Multipurpose Senior Services Program (MSSP) and Senior Employment Program in the amount of (\$297,316) that is offset by a net increase in State funding of \$94,784 and \$19,500 in other revenue for the Transportation Reimbursement Exort Program (TREP) for Transportation Reimbursement program. The department will also reclassify costs, that have no impact to revenue. The decrease will affect the starting date of a Social Service Practitioner (SSP) to the third quarter and impact other professional services. (Page 61)

Public Guardian-Conservator	0	0	0	0	0	0	Public Guardian will reduced staff by two budgeted positions as the result of the 2010-11 budget gap reduction plan. (Page 36)
Child Support Services	0	0	0	0	0	0	
HS - Administrative Claim							
Administrative Claim	5,448,808	0	5,463,244	(14,436)	0	0	The HS Administrative budget unit is adding 16 regular positions and deleting 17 recurrent or extra help positions in the Child Welfare Services program, for a net decrease of 1 position. This is a result of the County's request that departments eliminate recurrent or extra help positions. Although this adjustment will result in a net decrease of budgeted positions, it will require an increase in appropriation and revenue as a result of the new positions being budgeted at full cost. Recurrent/Extra help positions were previously budgeted at a reduced cost to reflect the limitations on the number of hours they can work in a fiscal year. As a result, this adjustment requests an increase of \$863,746 in appropriation and will be funded through the use of Wrap Around Reinvestment dollars to draw down matching federal funds. Due to an increased CalFRESH allocation, the Transitional Assistance Department (TAD) will fund \$2.1 million worth of on-going costs for services related to the C-IV project. The department has decided to use available allocations to maximize current year funding. The Transitional Assistance Department (TAD) will be reinstating 15 Employment Services Specialist (ESS) positions which were eliminated in the 2011-12 Adopted Budget. The positions were projected to be vacant by July 1, 2011 but the rate of attrition within the department has slowed dramatically. As a result, these positions will be reinstated until further notice. In addition, 9 Eligibility Worker III and 9 Eligibility Worker Supervisor I positions will be added to maintain ideal worker to supervisor ratios throughout TAD. This adjustment will increase budgeted staffing by 33 positions and require an increase in appropriation of \$2,286,909. The increase will be funded by additional CalFRESH funding that has been made available by the State. Due to an unanticipated fixed asset purchase required for the High Desert Service Center, Human Services is requesting an increase in appropriation to cover the additional fixed asset costs. This adjustment will be funded by Federal CalWORKS revenue recieved in 2011-12. Regional Parks is requesting increased services from HS Admin which requires an increase in reimbursement appropriation. A matching adjustment is included in the Regional Parks budget adjustment. The increased reimbursement in HS Admin also requires a reduction in Federal revenue in order to stay within its Net County Cost target. All budget adjustments in the 1st Qtr. will not require additional net county cost. (Page 61)

Registrar of Voters	0	0	120,000	0	0	(120,000)	\$120,000 of revenues were received in 2010-11 and deposited into the ROV budget (AAA-ROV) that were associated with the sale of surplus Help America Vote Act funded election equipment., and the proceeds were absorbed by the General Fund at 6/30/11. Pursuant to the US Election Assistance Commission Funding Advisory Opinion (FAO-08-006), revenues received for equipment sold must be deposited into an election fund and records maintained, and the proceeds may be used to acquire replacement equipment subject to approval of the awarding agency (CA Secretary of State). This action restores \$120,000 to the ROV budget in 2011-12 for the sales proceeds that were absorbed by the GF during 2010-11, and appropriates it to purchase replacement voting equipment and svcs/supplies. County contingencies are used to finance the replacement equipment because the sales proceeds reverted to contingencies in 2010-11. (Page 65)

Workforce Development	4,966,643	0	4,384,714	0	0	581,929	WDD budgeted 20% less in its Adult and Dislocated Workers programs in the anticipation of a possible funding cut by the Dept. of Labor in FY11/12. However, there was only a 6% reduction in the FY 11/12 allocation, therefore the FY 2011-12 budget needs to be increased by \$3.4 million to allow sufficient appropriations for programs. The total amount of budget increase will be funded by Federal grants under Workforce Investment Act programs. WDD received a \$1.5 million California Multi-Sector Workforce Partnership grant through a collaborative effort with South Bay Workforce Investment Board, Inc (SBWIB) for employment training activities. Preschool Services	2,258,066	122,015	2,258,066	0	1,070	120,945	Revenue is increasing by \$2,380,081 due to an augmentation in Federal funding for Head Start \$3,174,942 and ARRA funds that will terminate Federal FY 2011 \$324,484 and Op Trans In from A&E due to reduced costs of projects \$122,015. This is offset by reduction in State Aid and Grants funds (\$585,732), and local government funds from Supt. of Schools (\$655,628).  The increase in revenue will allow the department to fund a net 22 additional positions(\$1,131,103) to primarily ensure compliance with department of education regulations. Additionally, a net increase in services and supplies is primarily for training, a digitization project and temp help services (\$111,631). The department will see a slight increase in travel (\$46,233), an increase in preschool contract services (\$969,099), a transfer out of \$1,070 for balance of A&E project, and an increase in contingencies \$120,945. Road Operations	0	0	(1,965,443)	0	1,060,000	905,443	Appropriation is decreasing due to the following: 1) reduction in salaries and benefits as a net four vacant positions are being deleted (\$290K); 2) transferring appropriation to operating transfers out as some yard improvements will be managed by the Architecture and Engineering Department \$1.1 million, 3) transferring appropriation from services and supplies to transfers out to cover the costs increases for the Live Oak project; transferring appropriation from services and supplies to Land to reflect an increase in Right of Way costs associated with the Cherry Grade Separation project and 4) a reduction in equipment and vehicle purchases that are being deferred to future years in order to reduce expenditures (\$665K). The offset to these changes is an increase to contingencies. (Page 69)
Measure I Programs	(36,617)	0	987,392	(628,000)	0	(396,009)	Revenue is decreasing by a net \$36,617 due to changes in the anticipated local stimulus reimbursement primarily for the National Trails Highway. Appropriation increased by approximately \$1.0 million due to an increase in the project costs for National Trails Highway and Live Oak & Club House Drive as a result of the projects' revised scope of work. Reimbursements is increasing to reflect the contribution from Gas Tax for the Live Oak project. Contingencies is decreasing to accommodate the increased costs for the National Trails Highway project. Quarterly Budget Report Format Overview  
Fiscal Year 2011-12**

The Quarterly Budget Report for the first three quarters of the fiscal year is divided into three main sections as listed below. For the Fourth Quarter Budget Report, the Budgeted Staffing and Personnel Actions Section is omitted as any recommended changes are incorporated into the annual Recommended Budget presented to the Board of Supervisors in June for adoption.

1. Budget Section
2. Budgeted Staffing and Personnel Actions Section
3. Other Section

**Budget Section**

This section of the report portrays the most recent approved budget, recommended changes to that budget, and the new recommended budget for all fund types (general fund, special revenue funds, internal service and enterprise funds). Due to the distinctive nature of these fund types, each is portrayed in a different format to more accurately demonstrate their attributes. Each format contains the starting point of the budget. In the first quarter, the starting point is typically the adopted budget. For the following three quarters, the starting point is the ending date of the quarter being reported. That ending date of the quarter is considered the modified budget at that point of time. Requested adjustments included in the quarterly report are then reflected, followed by the recommended amount. The recommended amount is the summation of the starting point and the requested adjustments.

**General Fund**

There are a variety of schedules for the general fund based on different levels of summarization.

The **Total General Fund Recommended Adjustments** schedule is presented at the highest level. Additionally, this schedule shows the available contingencies of the general fund.

The **General Fund Recommended Adjustment by Appropriation and Revenue Group** details total revenue by revenue grouping such as Taxes, Licenses and Permits, etc. and total expenditures by appropriation unit, such as salaries and benefits, services and supplies, and equipment. Notations may be included if the starting point figures were modified from the last quarterly report.

The **Summary of General Fund Recommended Revenue Adjustments by Grouping** and the **Summary of General Fund Recommended Appropriation Adjustments by Grouping** compiles total revenues or appropriation into reporting groups which are presented in the 2010-11 Adopted Budget book.

**San Bernardino County**  
**Quarterly Budget Report Format Overview**  
**Fiscal Year 2011-12**

**Summary of County Reserves** presents detail regarding the general purpose and specific purpose revenues. The schedule provides the ending balance of the prior fiscal year, the approved contributions and uses, and an estimated ending balance for the current fiscal year. Notations may be provided for significant contributions and uses.

The **General Fund Detail Recommended Adjustments** schedule lists all general fund budget units whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. Additionally, if a general fund budget unit has an adjustment that impacts general fund contingencies, the change is listed in the Change in General Funds Contingencies column. These budget adjustments are summarized for presentation in the general fund schedules previously listed.

### **Special Revenue Fund**

The **Special Revenue Fund Recommended Adjustments** schedule contains beginning unreserved fund balance and the starting and ending points for sources, requirements, and contingencies for each budget unit within the fund type.

The **Special Revenue Fund Detail Recommended Adjustments** schedule lists all budget units within the fund type whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. If a budget unit has an adjustment that impacts departmental contingencies, the change is listed in the Contingencies column. These adjustments are summarized for presentation in the special revenue fund recommended adjustments schedule.

### **Internal Service and Enterprise Fund**

The **Internal Service and Enterprise Fund Recommended Adjustments** schedule contains the beginning revenue over/(under) balance and the starting and ending points for sources, requirements, and fixed assets for each budget unit within the fund type.

The **Internal Service and Enterprise Fund Detail Recommended Adjustments** schedule lists all budget units within the fund type whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. If a budget unit has an adjustment that impacts departmental contingencies, the change is listed in the Contingencies column. These adjustments are summarized for presentation in the internal service and enterprise fund recommended adjustments schedule.

**Fixed Asset Appropriation – All Funds**

The Budget Section also includes information regarding appropriation adjustments for fixed assets. The first schedule, **Fixed Asset Appropriation Recommended Adjustments**, is a summary of budget adjustments by fixed asset appropriation unit, fund type and budget unit. This schedule is followed by two detailed schedules: **Fixed Asset Appropriation Detail Recommended Adjustments** and **Leased Purchased – Fixed Asset Appropriation Detail Recommended Adjustments**. In the detail schedules, line items with descriptions are presented by fund type, grouping, department and appropriation unit. Additionally quantity, unit cost, budget adjustment amount and explanations are provided for all requested adjustments.

**Budgeted Staffing and Personnel Actions Section (First three quarters only)**

The Budgeted Staffing and Personnel Actions Section provide a variety of schedules based on differing levels of summarization. The **Budgeted Staffing by Grouping/Department** schedule contains the starting point of budgeted staffing. In the first quarter, the starting point is the adopted budget staffing. For the next two quarters, the starting point is the ending date of the prior quarterly report. Requested adjustments (adds and deletes) included in the quarterly report are reflected, followed by recommended figures which represent the summation of the starting point and the requested adjustments. In budgeted staffing schedules, counts are provided for both regular and limited staff. Limited consists of contract, extra help and recurrent position types.

The second schedule in the Budgeted Staffing and Personnel Actions Section is a listing of **Position Adds, Deletes, Re-organizations, and Classification Reviews**. This schedule lists budgeted staffing information by department, classification, position action, and position type for each budgeted position number with requested changes. Additionally, bargaining unit, pay range, current salary, and classified or unclassified designation is provided. There is a total column which represents the increases or decreases to budgeted staffing counts. Following the total column are the new classification, conflict of interest and Fair Labor Standards Act (FLSA) status columns. These last three columns contain data only when needed. However, for presentation purposes only, a budgeted position number line may have blanks in the classification, position action, and/or position type columns. If this occurs, then the values for those columns are the same as the last stated value in that column.

The third schedule in the Budgeted Staffing and Personnel Actions Section is a listing of **Position Reclassifications, Technical Title Changes and Status Changes**. Since Position Reclassifications, Technical Title Changes and Status Changes require data to be provided based on the current position as well as the proposed position, the data contained in this schedule is basically the same as the prior schedule except that both the before and after information is presented.

The fourth schedule in the Budgeted Staffing and Personnel Actions Section is **Classification Actions**. This listing provides for routine maintenance of the classifications contained in the county's payroll system. The listing may include actions such as deletions, restorations, and/or the establishment of new classifications.

The last schedule in the Budgeted Staffing and Personnel Actions Section is **Salary and Benefits by Classification**. This listing provides the maximum salary and estimated benefits for each classification included in the report.

**Other Section**

The Other Section includes a variety of other schedules including updates to the grant application listing, the quarterly budget adjustments the Auditor-Controller/Treasurer/Tax Collector must input into the financial accounting system, a listing of acronyms used in the quarterly report and this quarterly budget report format overview.

The **Summary of Grant Applications** contains a listing of all grant applications filed with the County Administrative Office – Grants Office since last reported in the grant inventory. Grant inventory reporting for the year is included with the recommended budget and updated in each quarterly report. This grant application listing is divided into three categories: awarded, pending, and not awarded. For each grant application, the department name, grant title, and dollar amount is listed.

The **Quarterly Budget Adjustments** schedule contains all the technical adjustments that need to be made into the county's financial accounting system in order to report changes to adopted budget figures. Page number references for these budget adjustments are contained in each of the explanation columns contained in the general fund, special revenue fund, and internal service and enterprise fund detail recommended adjustments schedules.

The **Acronyms** schedule of the report contains acronyms used throughout the quarterly budget report. This consolidated listing was created as a reference schedule for the reader.
