June 2012

On June 30, 2011, the Board of Supervisors and the San Bernardino Associated Governments (SANBAG) Board adopted a Countywide Vision, which has since been adopted by nearly every city and town in the County as well as many school, water, and special districts. This fulfilled a key goal established by the Board of Supervisors, and has provided County government with clearer direction as it makes budget decisions.

The Countywide Vision calls for the creation of a “complete county” that capitalizes on its many assets to collaboratively establish a sustainable system of economic opportunity, education, well-being and amenities. In this document you will see that the County organization incorporated the Countywide Vision’s elements and values into the 2012-13 Adopted Budget.

I hereby submit the 2012-13 Adopted Budget, guided by the Countywide Vision. This budget of \$4.06 billion lays the framework to achieve the “complete county” by allocating resources to achieve Board priorities and objectives. The 2012-13 Adopted Budget has been balanced and is consistent with policy direction received from the Board of Supervisors. No reserves are being used to fund ongoing costs. There is limited use of one-time sources to fund costs as part of a multi-year plan to address the five-year structural deficit, which is consistent with county policy. The 2012-13 Adopted Budget addresses the following key issues:

- A continuing structural budget deficit in both the General Fund and the Fire District;
- Underfunded programs/projects, in Land Use Services and Public Works which could result in service deficiencies;
- Unaddressed needs for basic operating systems, such as maintenance, support, and upgrade of countywide applications;
- Facility needs, such as the Downtown Building Project and the Sheriff/Coroner/Public Administrator’s Crime Lab and Aviation Facility.

In May 2011, a plan was implemented to eliminate the cumulative five-year structural deficit for fiscal years 2011-12 through 2015-16. The County continues to focus on this five-year period. The County has resolved the 2011-12 structural deficit, so the 2012-13 Adopted Budget focuses on the remaining \$91.5 million cumulative structural budget deficit through 2015-16, of which \$33.2 million pertains to 2012-13. Significant ongoing issues include declining revenues, previously negotiated salary and benefit increases, retirement cost increases, a necessary increase to the County Fire subsidy, and additional staffing requirements for the Sheriff/Coroner/Public Administrator Adelanto Detention Center Expansion.

To address this deficit, the County Administrative Office has developed a strategic plan which includes the following measures:

- Defer funding the \$34.2 million Adult Detention Center Staffing. In the interim, work with the Sheriff/Coroner/Public Administrator to look into funding from non-general fund sources or transition a portion of staff from other County facilities to this facility;
- Implement departmental reductions of \$11.8 million;
- Achieve employee compensation reductions of \$18.4 million;
- Increase AB 109 revenue for jailed prisoners by \$5.8 million;
- End funding of increased health care benefits after current labor agreement expires, estimated at \$5.2 million;
- Reduce contributions to the 800 MHz Upgrade project by \$4.0 million;
- Reduce the base allocation to the Capital Improvement Program by \$3.3 million.

It is important to note that this strategic plan does not include any potential impacts of the 2012-13 State Budget, which are unknown and unpredictable at this time.

Ongoing mitigations beginning in 2012-13 that have a departmental impact include a reduction of discretionary general funding for the Economic Development Agency, Public Defender, Regional Parks, and County Counsel. In addition, reductions were achieved in the Information Services Department internal service fund programs. The Sheriff/Coroner/Public Administrator will also have a departmental impact as a result of anticipated employee compensation reductions not achieved in 2011-12 and funding prior year MOU increases with one-time sources. County Fire also had to make service reductions totaling \$3.0 million to be in balance in 2012-13, despite increased discretionary general funding of \$4.6 million in 2012-13.

THE BUDGET IN BRIEF

This budget book presents the general fund, restricted funds, capital project funds, special revenue funds, enterprise funds and internal service funds of the County. The total spending authority for these funds in 2012-13 is \$4.06 billion. The general fund spending authority totals \$2.3 billion and is funded by countywide discretionary revenues (primarily property taxes), departmental revenues, and other funding sources of the General Fund. Of this \$2.3 billion, only \$456.8 million is truly discretionary.

	Spending Authority (In Millions)		
	2011-12	2012-13	Change
	Final	Adopted	
General Fund	\$ 2,103.5	\$ 2,296.0	\$ 192.5
Restricted Funds	99.1	111.4	12.3
Capital Project Funds	238.6	195.2	(43.4)
Special Revenue Funds	582.8	587.4	4.6
Enterprise Funds	668.0	670.5	2.5
Internal Service Funds	159.2	194.7	35.5
	<u>\$ 3,851.2</u>	<u>\$ 4,055.2</u>	<u>\$ 204.0</u>

For 2012-13, the \$192.5 million increase in spending authority for the General Fund is primarily the result of increases in Public Safety Realignment funding (AB 109) for Sheriff/Coroner/Public Administrator-Detentions and the Probation Department, to house/supervise inmate and parolee populations classified as low-level offenders; an increase to the Human Services Administrative Claim due to continuing caseload growth and increased In-Home Supportive Services provider payments; and an increase for Health Administration to fund increasing Disproportionate Share Hospital (DSH) Funds and the Intergovernmental Transfers Proposal to the State for Medi-Cal Care capitation rate increases, and other anticipated expenditures.

The \$43.4 million decrease in Capital Project Funds can be primarily attributed to the anticipated near completion of the Adelanto Detention Center Expansion project, and other completed projects.

The increase of \$35.5 million in Internal Service Funds is primarily due to the establishment of the Earned Leave fund; an increase in Risk Management's property insurance fund to establish a reserve as the program is pre-paid; additional appropriation for Information Services for the replacement and upgrade of 800 MHz radio equipment; and for Fleet Management's Motor Pool to replace end of life vehicles.

	Budgeted Staffing		
	2011-12 Final	2012-13 Adopted	Change
General Fund	13,176	13,189	13
Other Funds	5,874	5,882	8
	<u>19,050</u>	<u>19,071</u>	<u>21</u>

Adopted budgeted staffing for 2012-13 is 19,071, a total increase of 21 positions from the 2011-12 Final Budget. General Fund staffing has been increased by 13 positions, from 13,176 to 13,189 primarily resulting from increased staffing for the Sheriff/Coroner/Public Administrator due to the implementation of AB 109 (Public Safety Realignment). The additional staffing will help ensure the overall safety for employees and inmates of the County jail system. The staffing in all other funds has been increased by 8 positions from 5,874 to 5,882, primarily resulting from Arrowhead Regional Medical Center's (ARMC) participation in the Low Income Health Program and a Delivery System Reform Incentive Plan.

IDENTIFIED NEEDS

The County Administrative Office has identified the following critical areas which are addressed in 2012-13 in order to prevent unnecessary costs and risks:

- General Plan and Development Code updates, and development of Specific Plans or Community Plans
- System related upgrade, maintenance, and support costs
- Replacement of buildings beyond their useful life
- Public Works and County Fire funding shortfalls

HIGHLIGHTS OF 2012-13 ADOPTED BUDGET

Following are programmatic and budgetary highlights in relation to the 2012-13 Countywide Goals as adopted by the Board of Supervisors on April 10, 2012.

Create, Maintain, and Grow Jobs and Economic Value in the County

- In 2012-13, a key strategy of the Economic Development Agency (EDA) is to support businesses coming into and currently existing in the County, by ensuring that Workforce Investment Act (WIA) funding assists with layoff aversion, business services and training for specific workforce skills. Through these efforts, EDA will work to keep existing businesses thriving and create an environment that is appealing to businesses looking to relocate.

Improve County Government Operations

- In 2011-12, the County Administrative Office set aside \$30.0 million to facilitate the Downtown Building Project including the purchase of new buildings, the seismic retrofit and modernization of certain existing buildings, and the demolition of older facilities in which additional investment is not recommended. To support additional square footage requirements and fund furniture, fixtures, and equipment, the County Administrative Office included an additional \$10.0 million in 2012-13.
- Due to budget reductions in 2008-09, the Information Services Department (ISD) Application Development Division eliminated 7 programmer positions. As a result, the maintenance and support of locally funded applications has fallen behind. The 2012-13 Adopted Budget builds back \$1.6 million in ongoing discretionary general funding (net county cost) into the base to fund 4 additional positions to move toward supporting and maintaining locally funded applications and systems at "ideal" levels, as recommended by the Information Services Department.
- Phase one of the San Bernardino County Electronic Procurement Network (ePro) implementation was completed in May 2012. The County no longer has to print Purchase Orders or internal requisitions since they are now routed electronically for approvals. Currently, there are more than 5,400 registered vendors and 1,100 County users across all County departments. Phase two, funded by an additional \$368,000 ongoing allocation of discretionary general funding beginning in 2012-13, will include integration with the financial accounting system (FAS) in order to eliminate manual entry of encumbrances and further streamline the procurement process.
- For 2012-13, the Sheriff/Coroner/Public Administrator has established separate budget units for its detention facilities and law enforcement contracts, thus providing for more effective budget management, reporting and control of these functions.
- The 2012-13 Adopted Budget includes an additional \$2.5 million for the existing ISD Uninterrupted Power Source (UPS) and Heating, Ventilation, and Air Conditioning (HVAC) Upgrade for the Data Center Project to provide additional capacity and redundancy for the data center.

- The 2012-13 Adopted spending plan includes one-time discretionary general funding of \$700,000 for the provision of new permitting software for Land Use Services to allow interfaces between Land Use Services, Public Works, and County Fire to help streamline the permitting process; and \$2.0 million to upgrade the Public Works Financial Cost Accounting system, which provides tracking and reporting information for projects to comply with federal and state requirements.
- An additional one-time allocation of discretionary general funding of \$760,000 has been included for Land Use Services, \$400,000 to fund high-level consulting services to identify efficiencies in business processes, streamline day-to-day operations, assist with high profile project management, and provide staff training; and \$360,000 to enable the continuation of the Medical Marijuana enforcement program.

Operate in a Fiscally Responsible and Business-like Manner

- The Human Resources Department is currently negotiating with four labor unions to obtain employee concessions to address the five-year structural deficit. If achieved, these concessions will generate \$8.9 million in ongoing savings in 2012-13. The recommended spending plan includes \$4.5 million in bridge funding as reductions may not be implemented until mid-year 2012-13.
- With the recent California Supreme Court decision pertaining to ABx1 26, a one-time allocation of \$300,000 to the Economic Development Agency is included in 2012-13 to fund costs associated with Oversight Boards and the dissolution of Redevelopment Agencies.
- In December 2011, the Board approved additional funding for Land Use Services to hire a consultant to conduct a Development Impact Fee analysis and recommended fee structure. This project will continue in 2012-13, and a report is estimated to be presented to the Board of Supervisors by the end of the fiscal year.
- The Sheriff/Coroner/Public Administrator decreased reliance on U.S. Marshal inmate housing revenues by \$7.0 million; this reduction is being offset by additional AB 109 funding.
- The 2012-13 Adopted Budget includes a \$300,000 increase in ongoing discretionary general funding to Flood Control to comply with current National Pollutant Discharge Elimination System (NPDES) permit activities in the unincorporated areas outside of the Santa Ana River Watershed.

Ensure Development of a Well-Planned, Balanced, and Sustainable County

- Public Works – Transportation Proposition 1B projects in 2012-13 of \$17.0 million include rehabilitation of Sheep Creek Road; Yucca Loma/Yates road widening; Caughlin Road in Phelan and Hatchery Drive in Moonridge paving; and Valley Boulevard and Cedar Avenue new median construction.

- Public Works – Transportation will sustain the pavement condition index (PCI) of 76 for county maintained roads by doing surface treatments on 45 miles and rehabilitating 5.9 miles of roads resulting from a one-time allocation of \$5.0 million in discretionary general funding; and will provide for the installation of a signal at Valley Boulevard at Banana Avenue in the Fontana area due to a one-time allocation of \$250,000 in discretionary general funding in 2012-13.
- The 2012-13 adopted spending plan also includes one-time allocations of \$5.9 million to fund right-of-way, environmental, and construction costs for the Rim Forest Storm Drain Project to avert runoff damage; and \$4.0 million for Lake Gregory Dam remediation to meet State seismic stability requirements and evacuation rates.
- In 2012-13, the County Library will be opening the Baker Family Learning Center in the unincorporated Muscoy Community. Looking ahead to 2013-14, the Library anticipates some serious financial challenges due to declining property tax revenues and increasing costs. Therefore, the Library is exploring several cost savings measures that may be implemented in early 2013, as a preemptive measure to lessen the “all at once” impact in 2013-14.
- The Regional Parks Department plans to improve and reopen the campground at Glen Helen Regional Park and commit \$100,000 in Capital Improvement Funds for deferred maintenance projects at Calico Ghost Town. The department is planning to have an increased number of special events and new activities through public/private partnerships at Prado and Cucamonga-Guasti Regional Parks, and Calico Ghost Town. Also planned is the construction of 3.5 miles of extension to the Santa Ana River Trail in the San Bernardino/Redlands area.
- The 2012-13 Adopted Budget reflects an additional one-time allocation of \$2.3 million for Land Use Services-Planning to update the General Plan, create more specific plans to better reflect the unique character of all areas of the County, and to amend the development code and master plans. These revisions will ensure the most appropriate standards are being applied in all areas of the County.

Maintain Public Safety

- Construction commenced in June 2011 on the Sheriff/Coroner/Public Administrator's Adelanto Jail Expansion Project, which is projected to add approximately 1,400 jail beds to the County's Adelanto Detention Center by late August 2013. In order to help fund the \$120.0 million project, the Sheriff/Coroner/Public Administrator pursued and was awarded \$82.3 million from the State as part of its Assembly Bill (AB) 900 County Jail Lease-Revenue Funding Program.
- In 2012-13, the Sheriff/Coroner/Public Administrator's Aviation Division is negotiating to move its operations to the San Bernardino International Airport, as the current hangar used by the Aviation Division requires millions of dollars in repairs and upgrades. Moving to the new location will result in increased square footage and an updated facility. The new lease will be funded from the termination of existing leases and federal asset forfeiture money will be used to fund one-time costs associated with the move.

- The Sheriff/Coroner/Public Administrator is adding 38 new positions due to implementation of AB 109 (Public Safety Realignment). These positions are needed to manage the “low-level” offenders now being ordered to serve their sentence in a county facility rather than the state prison system. The additional staffing will help ensure the overall safety for employees and inmates of the County’s jail system.
- The 2012-13 Adopted Budget includes a \$4.6 million increase in the ongoing County Fire subsidy for emergency vehicle replacement and operational needs due to continued property tax revenue reductions. Despite this funding increase, County Fire still has to reduce their budget by \$3.0 million resulting in a reduction of 23 positions which includes replacing full-time fire fighters with paid call fire fighters at two fire stations.
- The Probation Department’s budget is increased by \$20.5 million primarily due to additional appropriation for the full year cost of implementing AB 109. These costs include staffing, operation of day reporting centers, contracts with community based organizations, and transitional housing needed to supervise and rehabilitate “low level” adult offenders transferred to the County from state parole caseloads. The department’s 2012-13 budget also reflects \$5.3 million in Juvenile Probation funding from the state to support a broad spectrum of services targeting at-risk youth, juvenile offenders and their families.
- Ongoing funding of \$20.0 million has been included for the 800 MHz Upgrade project to address the aging public safety 800MHz digital radio system and infrastructure requirements. This is a reduction of \$4.0 million a year which has been redirected to other general fund needs and was made possible because of a projected fund balance for this project from this fiscal year.

Provide for the Health and Social Services Needs of County Residents

- The County successfully implemented its Low Income Health Program, ArrowCare, January 1, 2012 which is intended to be a bridge to healthcare reform in 2014. This program covers childless adults ages 19-64 not otherwise covered by Medi-Cal. By implementing this program, the County’s goal is to provide coverage to this population through the health departments so that the County will be the provider of choice in 2014. To this end, the Department of Public Health has begun providing primary care services, and has received a Federally Qualified Health Center designation for the Hesperia clinic to serve both the existing and new population. The Arrowhead Regional Medical Center (ARMC), Behavioral Health, Public Health, and Transitional Assistance departments will continue their collaborative relationships to offer fully integrated care to County residents.
- Meeting the increased volume demands and to comply with regulations, ARMC opened two additional nursing units in 2011-12, and will be opening an observation unit in 2012-13. ARMC continues to take the steps necessary to respond quickly to the needs of County residents while maximizing reimbursements and controlling costs. These steps will ensure ARMC’s viability with healthcare reform.

- ARMC also successfully met the current milestones associated with the new Incentive Plan, a new funding source in 2012-13 under the current Medi-cal waiver that provides for infrastructure development, innovation redesign, population focused improvement and urgent improvement in quality and safety. This funding is designed to provide an innovative approach for an improved delivery system, patient satisfaction and outcomes.
- Human Services (HS) continues to provide quality service to its clients despite the tremendous burdens brought upon by the economic downturn. As a result, state and federal funding increases in the HS - Administrative Claim, primarily in Transitional Assistance programs, and subsistence programs of CalWORKs, AFDC-Foster Care, and Aid to Adoptive Children were made to assist residents in need. HS departments are anticipated to serve an additional 381 CalWORKs cases (1% increase), 4,521 Medi-Cal cases (4% increase) and 16,014 Food Stamp cases (15% increase) over the prior year.
- The Preschool Services Department has been awarded a combined \$5.0 million from grant proposals through the Children and Family Services Commission for San Bernardino County to provide part-day pre-kindergarten services and full-day preschool services for the three year period of July 1, 2012 - June 30, 2015.

Pursue County Goals and Objectives by Working with Other Government Agencies

- In 2012-13, a \$2.6 million one-time allocation of discretionary general funding has been included for the potential amendment to the Sales Tax Agreement with the City of Fontana for projects within the unincorporated area which would free-up over \$1.5 million per year in ongoing revenue.
- The Adopted Budget includes \$1.0 million in one-time general fund contingencies for the Sheriff/Coroner/Public Administrator to offset lost revenue from contract cities due to the delayed implementation of the increase in countywide cost allocation plan (COWCAP) charges.
- A \$268,250 one-time allocation in support of grants development and non-profit capacity building initiatives is also included in 2012-13.

CHALLENGES IN FISCAL YEAR 2012-13 AND BEYOND

In the coming years, the County faces the challenge of continuing to provide quality services to its residents while managing the impacts of reduced revenues and increased costs. In addition to the general economy, other major challenges facing the County include state budget impacts.

State Budget

On June 27, 2012, Governor Brown signed the main budget bill and supporting budget trailer bills which included the necessary statutory language to implement the 2012-13 State Budget. The \$91.5 billion spending plan closes the \$15.7 billion State Budget shortfall and includes \$8.0 billion in temporary cuts, \$6.0 billion in projected revenue, \$2.5 billion in other solutions and includes an \$800 million reserve.

The 2012-13 State Budget relies on voter approval of November 2012 Ballot Initiative, *The Schools and Local Public Safety Protection Act*, which is estimated to generate \$8.5 billion in revenue (\$2.9 billion for schools and community colleges and \$5.6 billion to the State General Fund) through temporary increases in the State Sales and Use Tax rates and personal income taxes for persons earning over \$250,000. Should the ballot initiative fail, \$6.0 billion in trigger cuts are included in the budget to take effect January 1, 2013, which would primarily impact schools.

Based on a preliminary review of the 2012-13 State Budget, the estimated reduction to the County has decreased from \$126 million, as proposed under the Governor's May Revise, to an \$11.0 million net reduction in program and administrative funding, which could include deletion of 25 positions and a \$6.0 million increase in discretionary general funding. The County has not received all the details from the State and will make quarterly budget adjustments as necessary.

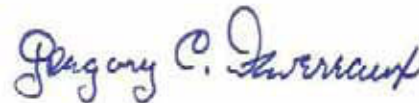

Retirement Costs

Due to the 2008-09 market losses, the County will still experience high retirement contribution rates over the next three fiscal years to ensure retirement liabilities will be funded at a proper level. The 2011-12 market earnings were also insufficient, as the County's Retirement Fund earned only 0.77%, while it is required to earn 7.75% each fiscal year in order to adequately fund retirement liabilities. The County is continuing to actively seek to reduce future retirement costs through proposed compensation reductions as detailed above and implementing the State approved pension reform.

CONCLUSION

The 2012-13 spending plan is structured to solve the remaining five-year \$91.5 million cumulative structural budget deficit. The strategic plan developed by the County Administrative Office outlines measures to address the anticipated cost increases for the next four years so that both the Board and staff can shift their focus to rebuilding the County. This approach eliminates the need to continually focus on programmatic cuts and mitigations, and creates a more positive dynamic.

The 2012-13 Adopted Budget focuses on major policy issues and key projects that require additional funding in an economic climate that continues to cause reductions in county programs and local government. The County is committed to making the most of its funding to provide necessary public services in an effective and efficient manner and fulfilling its role in the achievement of the Countywide Vision.

SAN BERNARDINO COUNTY ORGANIZATIONAL CHART

COUNTY OF SAN BERNARDINO

The County of San Bernardino's 2012-13 Adopted Budget covers the period from July 1, 2012 – June 30, 2013. The budget consisting of the general fund, restricted funds, capital project funds, special revenue funds, internal service funds, and enterprise funds has a total appropriation of \$4.06 billion. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the following mission, vision and goals of the County of San Bernardino:

Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the **health, safety, well-being, and quality of life** of its residents according to the County Charter, general laws, and the will of the people it serves.

Countywide Vision Statement

The following Countywide Vision statement, was adopted on June 30, 2011, by the County Board of Supervisors and SANBAG Board of Directors.

We envision a complete county that capitalizes on the diversity of its people, its geography, and its economy to create a broad range of choices for its residents in how they live, work, and play.

We envision a vibrant economy with a skilled workforce that attracts employers who seize the opportunities presented by the county's unique advantages and provide the jobs that create countywide prosperity.

We envision a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure, in which development complements our natural resources and environment.

We envision a model community which is governed in an open and ethical manner, where great ideas are replicated and brought to scale, and all sectors work collaboratively to reach shared goals.

From our valleys, across our mountains, and into our deserts, we envision a county that is a destination for visitors and a home for anyone seeking a sense of community and the best life has to offer.

The County and SANBAG are now committed to facilitating discussions centered on how each of the ten following core vision elements can be effectively focused to implement the Countywide Vision for a complete community – one that affords all citizens an opportunity for healthy lifestyles, strong public safety and quality amenities. These discussions involve diverse stakeholders representing residents, employers, educators, community and faith-based organizations, and government.

Employee groups were established to organize internal Vision Element meetings and to develop a Paradigm and Job Statement that would define County government's role in achieving the Countywide Vision. The internal Vision Element meetings were conducted in October and November 2011. On April 10, 2012, the County Board of Supervisors approved the Paradigm and Job Statement. The Paradigm states that the County shall take responsibility for ensuring that efforts to achieve the Countywide Vision will be pursued, and the Job Statement simply states, "Our job is to create a County in which those who reside and invest can prosper and achieve well-being." The first two Regional Implementation Goals developed through the Countywide Vision process focus on cradle-to-career assistance and creating a business-friendly environment. These goals were developed by external Vision Element groups and were jointly adopted by

the County Board of Supervisors and the SANBAG Board on May 2, 2012. The Countywide Vision statement, report and related documents are available for review at www.sbcounty.gov/vision.

2012-13 Countywide Goals

- Implement the Countywide Vision
- Create, Maintain, and Grow Jobs and Economic Value in the County
- Improve County Government Operations
- Operate in a Fiscally-Responsible and Business-Like Manner
- Ensure Development of a Well-Planned, Balanced, and Sustainable County
- Maintain Public Safety
- Provide for the Health and Social Services Needs of County Residents
- Pursue County Goals and Objectives by Working with Other Governmental Agencies

The 2012-13 Adopted Budget book includes prior year accomplishments, departmental strategic goals, objectives, and performance measures, which demonstrate how departments meet their overall departmental mission as well as the global mission of the County. The following two pages provide a high-level overview of county departments, and for those departments offering primary services, a single goal and objective has been listed that best highlights the County's global mission statement.

COUNTYWIDE SERVICES

The services provided by the County are arranged into categories in accordance with the County Mission Statement. Therefore, the public services provided are categorized by health, safety, well-being, and quality of life services. In addition, the County's fiscal services provide public support. The categories of leadership and support services are essential to the administration of county government.

SYNOPSIS OF SAN BERNARDINO COUNTY GOALS AND OBJECTIVES		
SERVICES	GOALS	OBJECTIVES
HEALTH:		
Arrowhead Regional Medical Center	Promote and increase community collaboration and involvement to enhance access to care.	Collaborate with other county departments to maximize the Low Income Health Program (LIHP) to provide improved coordinated care that will equate to better patient outcomes.
Behavioral Health	Increase access and reduce behavioral health disparities among the diverse racial, ethnic, and cultural communities in San Bernardino County.	Increase number of clients among specified ethnic and cultural groups that are currently underserved or inappropriately served.
Public Health	Promote and increase community collaboration and involvement to enhance access to care.	Develop and implement programs and strategies to increase access to coordinated behavioral and primary health services.
SAFETY:		
District Attorney	Promote public safety by punishing criminal conduct.	Continue to promptly, effectively, and ethically prosecute criminal offenses.
Law and Justice Group Administration	Reduce the length of time required to move cases through the criminal justice system.	Increase the number of criminal cases that are electronically filed.
Probation	Ensure treatment and supervision levels are based on criminogenic risk factors.	Assess new juvenile and adult offenders to determine expected risk of recidivating and criminogenic risk factors.
Public Defender	Maintain early case resolution.	Maintain early resolution of cases thus minimizing custody time (and attendant costs).
Sheriff/Coroner/Public Administrator	Maintain response capabilities to disasters and other emergencies.	To be able to provide necessary police service to citizens in the unincorporated area of the county.
WELL BEING:		
Aging & Adult Services/Public Guardian	Assist seniors to maintain choices and improve quality of life by increasing knowledge and awareness of available programs and assistance.	Increase individual customers contacted by Senior Information and Assistance (SIA) outreach efforts.
Agriculture/Weights and Measures	Protect the public's health and the environment by preventing foreign pest infestations.	Maintain and service insect detection traps throughout the areas specified by the California Department of Food and Agriculture.
Child Support Services	Provide for health and social service needs of County residents.	Provide for the social service needs of residents through the collection of child support.
Transitional Assistance	Increase the work participation rate of recipients of CalWORKs benefits.	Increase the number of Welfare-to-Work mandatory CalWORKs participants who are engaged in a Federal Welfare-to-Work activity.
Children and Family Services	Reduce the number of children who enter foster care each year.	Continue implementation of Family-to-Family (F2F) and other practices that reduce the number of children who must enter foster care.
Land Use Services	Planning-Improve the processing time of project development applications and environmental reviews.	Improve the processing time of project development applications and environmental reviews to be consistent with the Permits Streamlining Act and California Environmental Quality Act (CEQA).
Public Works	Maintain the level of safety and maintenance for county maintained roads.	Maintain the average Pavement Condition Index (PCI) for county maintained roads at "good" or higher PCI category.
Registrar of Voters	Provide convenient and efficient methods for voters to participate in the electoral process.	Continue to survey existing and potential polling places to increase the quality of polling places and expand accessibility to the disabled.
Veterans Affairs	Emphasize higher standards of customer service.	Review customer service policy to ensure full commitment to customers.
QUALITY OF LIFE:		
Airports	Improve Airport infrastructure.	Implement plans to address deficiencies in Airport infrastructure.
Community Development and Housing	Ensure development of well planned, balanced, and sustainable communities.	Expand the supply of quality, safe, sanitary, and affordable housing for residents of San Bernardino County.
Economic Development	Foster job creation and improve the welfare of county residents.	Identify, attract and facilitate the location and/or relocation of businesses that offer jobs suitable for the job skills available within the County.
County Library	Increase community participation in Library services and programs.	Develop system-wide practices that recruit, train, and promote the successful involvement of volunteers.
County Museum	Enhance public awareness of museum services/programs and increase accessibility to museum collections.	Increase public visitation and use of the County Museum and branch sites.
Preschool Services	Achieve school readiness of enrolled children to ensure they are making progress toward positive outcomes as required by the Desired Results Developmental Profile-Revised Program.	Assess children 3 times per year in accordance with Federal and State Regulations. Teachers will share assessment information with parents and use this input to prepare home and classroom activities responsive to the child's needs.
Regional Parks	Provide opportunities that promote outdoor recreation.	Continue development of youth programs.
Workforce Development	Increase employability of county residents through services provided.	Provide Workforce Investment Act (WIA) services to County residents..

BUDGET PLANNING CALENDAR

ONGOING

Policy Direction - The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Significant Budgetary or Programmatic Impacts – Significant budgetary or programmatic changes and potential impacts are immediately communicated to the County Administrative Office and the Board of Supervisors to allow for timely decision-making and policy direction.

Year-End Estimates - Departments provide year-end estimates of revenues and expenditures to Finance and Administration on a monthly basis and any significant changes are addressed timely.

Quarterly Budget Reports - Each quarter the County Administrative Office brings an agenda item to the Board of Supervisors requesting modification to the adopted budget. These quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on county department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the County in preparing the upcoming budget.

OCTOBER THROUGH DECEMBER

Capital Improvement Plan – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by Finance and Administration and provided to the Chief Executive Officer for comments and recommendations, and presented to the Board of Supervisors for final approval. In addition, departmental five-year capital improvement plans are updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

Fee and Internal Service Rate Development – Departments develop their recommended fee changes and internal service rate adjustments for the upcoming budget year and submit them to Finance and Administration for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. Beginning in 2011-12, Finance and Administration required departments to compute their full cost of service, capturing both direct and indirect costs associated with fees and internal service rates. Departments are able to provide an alternate fee amount for the Board of Supervisors, if based on their knowledge, implementation of a full cost fee or internal service rate would not be beneficial.

JANUARY AND FEBRUARY

Five-year Operating Forecast – Finance and Administration develops a five-year operating forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened up for departmental input in preparation of the budget submittal and internal training is conducted for all users of the system.

Strategic Plan – The upcoming five-year strategic plan is developed based on revenue projections and estimates for cost increases of ongoing costs for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall needed to maintain current services.

Preparation of Recommended Budget – Departments develop their respective recommended budgets and submit them to Finance and Administration for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval. General fund departments must budget within their respective net county cost allocations given to them based on the strategic plan.

MAY AND JUNE

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Architecture and Engineering are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Submission of Recommended Budget – The Recommended Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Adopted Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

JULY THROUGH SEPTEMBER

Budget Prep System – Finance and Administration makes final budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

Preparation of Adopted Budget Book – Finance and Administration updates the Recommended Budget Book to reflect final changes.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the county strategic plan for all general fund departments. This plan begins with a five-year operating forecast which is detailed in the Discretionary General Funding section. This forecast highlights what costs are planned to be incurred and the revenue projections in the upcoming fiscal year, as well as the next four fiscal years. The County uses this forecast to build their strategic plan for the five years beginning 2011-12.

The strategic plan also focuses on the two restricted funding sources, Proposition 172 and Realignment. **Proposition 172** assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. **Realignment** assists in funding the general fund departments of Human Services (well-being services for citizens), Behavioral Health, and Public Health for mental health, social services, and health programs. Discretionary general funding (net county cost) is considered if the restricted funding sources, which are determined by the state, are not sufficient to pay for those departments' costs.

For some departments, budgets are also built utilizing revenues generated from fees. On June 5, 2012 the Board of Supervisors held a Fee Hearing. The Fee Hearing is designed to take public testimony related to fee changes for the 2012-13 fiscal year. The majority of approved fees became effective July 19, 2012.

Due to the current economic conditions, there is no additional funding available to fund the ongoing cost increases needed to maintain current services including countywide insurance, central services, and retirement cost increases. Therefore, beginning with fiscal year 2011-12, the County Administrative Office developed a strategic plan focused on addressing the five-year cumulative structural budget deficit that warrants the implementation of various measures. It is important to note that this strategic plan does not include any potential impacts of the 2012-13 State Budget, which are unknown and unpredictable at this time.

The strategic plan incorporates several ongoing measures in order to balance the budget over five years beginning in 2011-12, including a request to employee unions to make employee concessions; deferring funding of the Adult Detention Center staffing, which is anticipated to be completed in August 2013; and reducing allocations to the 800 MHz Upgrade Project and Capital Improvement Program. Measures that have a departmental impact include reduced allocations of discretionary general funding (net county cost), employee compensation reductions, and service level reductions. The Sheriff/Coroner/Public Administrator will also have a departmental impact as a result of anticipated employee compensation reductions not achieved in 2011-12 and funding prior year MOU increases with one-time sources. The Economic Development Agency, Public Defender, Regional Parks, and County Counsel received reductions in net county cost allocations. In addition, the Information Services Department reduced costs in central computer and telecommunications services, and decreased the radio subsidy.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has capital project funds, special revenue funds, enterprise funds, and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2012-13 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will also be discussed during the Budget Hearing. When the Board of Supervisors approves the adopted budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector's actual fund balance.

2012-13 Adopted Budget Changes

The 2012-13 Adopted Budget was formally approved on June 15, 2012. At that time, the Board of Supervisors approved some additional changes including: \$3,513,250 appropriation and revenue increase for Capital Improvement Projects, including an additional \$2.5 million for the Information Services Department Uninterrupted Power Source (UPS) and Heating, Ventilation, and Air Conditioning (HVAC) Upgrade Project for the Data Center to provide additional capacity and redundancy, and \$493,000 for the Running Springs County Road Yard No. 4 – New Office and Equipment Building Project; an additional grant award of \$1,651,559 for the Preschool Services Department to provide part day pre-kindergarten and full day preschool services; a transfer of \$366,000 in appropriation for the Housing Successor to Former Redevelopment Agency to purchase land; the use of \$570,499 in departmental contingencies in the Solid Waste Management Division of Public Works for improvements to land for the Heaps Peak Leachate Collection Recovery and Treatment System Construction; a \$3,241,821 appropriation and revenue decrease due to a reduction in Public Safety Realignment (AB 109) funding based on a revision to the formula that dictates each county's share of AB 109 funds; the use of \$1,038,345 in general fund contingencies for the Sheriff/Coroner/Public Administrator to offset lost revenue from contract cities due to delayed implementation of the increase in Countywide cost allocation charges; and the re-allocation of \$214,257 in augmentation funds in the Board of Supervisors budget unit based on the percentage of unincorporated population.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the adopted budget will be submitted on a quarterly budget report placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfers of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in the quarterly budget reports for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in the quarterly budget reports for Board of Supervisors approval.

BUDGET BOOK FORMAT

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this overview.

The schedule above represents the entire County Budget from the 2010-11 Final Budget through the 2012-13 Adopted Budget. The 2012-13 Adopted Budget for the County includes \$4,306,819,353 in budgeted requirements and sources as well as 19,071 in budgeted staffing. Further detail is provided in the following pages related to the County's Adopted Appropriation, Revenue, and Budgeted Staffing for the upcoming fiscal year.

APPROPRIATION SUMMARY

The 2012-13 Adopted Budget includes appropriation of \$4,055,175,842, which is an increase of \$203,926,493 or 5.30% over the 2011-12 Final Budget. The 2011-12 Adopted and Final Budget has been restated due to the movement of the Automated Systems Development budget unit from Fiscal to Restricted Funds in this appropriation schedule. The schedule below lists appropriation, however, it does not include operating transfers out. This schedule shows the change from the prior year final budget.

Countywide Operations (General Fund)

The County General Fund contains the following operational groups, which have a total budgeted appropriation of \$2,296,002,581 for 2012-13:

Administration has appropriation of \$66,833,043 and contains County departments and functions that provide leadership and support for departments that provide direct public services to County residents. The leadership section of this operational group includes the Board of Supervisors (\$7.6 million), which is the governing body of county government, and the County Administrative Office (\$3.9 million), which directs and coordinates departmental activities according to the law and strategic goals set by the Board of Supervisors. Various support functions include civil legal services provided by County Counsel (\$8.5 million), employment and employee related services provided by Human Resources (\$7.4 million), and information technology support provided by the Information Services Department (\$15.4 million).

Contingencies of \$34,536,083 represent the mandatory 1.5% contingency (\$8.4 million) per County Policy 02-10 in the general fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting County operations that could not have been reasonably anticipated. The remaining \$26.1 million represents the County General Fund – Uncertainties Contingencies, which is unallocated funding available from 2012-13 sources that has not been set-aside and unassigned fund balance carried over from 2011-12.

Countywide Discretionary of \$7,500,000 primarily represents expenses related to the County issuing Tax Revenue Anticipation Notes (TRANS), which is a short term note issued by the County to address cash flow needs throughout the year because expenditures are incurred before County property tax revenues are received.

Capital Facilities Leases has appropriation of \$13,052,882 and funds the cost of long-term capital lease payments for major County facilities financed by the General Fund. Lease payments include the Justice Center/Chino Airport Improvements and the West Valley Detention Center.

Economic Development Agency has appropriation of \$3,045,214 and provides services that seek to create, maintain, and grow the economic value of the County. Such services include small business assistance and technical support, permitting assistance, international trade services, and business site selection assistance.

Fiscal has appropriation of \$58,848,867 and includes the Auditor-Controller/Treasurer/Tax Collector (\$37.1 million) as well as the Assessor/Recorder/County Clerk (\$21.8 million). These departments provide services to the public and other County departments related to the establishment and collection of County property taxes along with other fiscal services that ensure the proper reporting and usage of taxpayer funds. Specifically, the Auditor-Controller/Treasurer/Tax Collector processes, safeguards and provides information regarding County financial activities, manages the County treasury pool, collects and distributes property taxes and other obligations owed to County agencies and courts. The Assessor/Recorder/County Clerk performs mandated assessment of properties, recording, and County Clerk functions.

Human Services is the largest operational group within the County with appropriation totaling \$1,268,590,394. This group provides health and social service programs to County residents through a number of County departments. Health services are provided primarily through the Departments of Behavioral Health (\$128.9 million), Public Health (\$71.1 million), and California Children's Services (\$19.6 million). Social services are provided primarily through the Human Services Administrative Claim budget unit (\$442.5 million), Human Service Subsistence Payments budget units (\$495.0 million), Child Support Services Department (\$40.2 million), and the Aging and Adult Services Department (\$10.0 million).

Law and Justice has appropriation of \$751,503,131 and provides public safety services to County residents. The Sheriff/Coroner/Public Administrator (\$474.1 million) provides law enforcement services for the unincorporated areas of the County and some countywide services (\$201.8 million for general operations). Another primary function of the Department is to provide Detention facilities (\$151.1 million) for all of the County pre-sentenced inmates as well as sentenced inmates no longer required to go to State prison as a result of the realignment by the State of adult offenders (AB 109). The Department also provides law enforcement services to 14 County cities through contractual agreements (\$121.3 million). The Probation Department (\$139.4 million) provides supervision of adult and juvenile probationers throughout the County as well as for recently realigned State parolees (AB 109). The District Attorney's Office (\$62.9 million) is responsible for prosecuting crimes committed within the County and the Public Defender (\$34.3 million) provides legal counsel for indigent defendants within the County.

Operations and Community Services has appropriation of \$92,092,967 and provides both internal support of County operations as well as external services to the public that promote the quality of life and well-being of County residents. Services that support the general operation of County government include custodial, grounds, and maintenance by Real Estate Services - Facilities Management Division (\$12.7 million), the payment of County utilities (\$19.5 million), and real estate services (\$4.3 million). Departments that provide direct services to the community include Agriculture/Weights and Measures (\$6.7 million), Land Use Services (\$19.4 million), Registrar of Voters (\$8.8 million), Regional Parks (\$10.6 million), and County Museum (\$3.5 million).

Restricted Funds

Restricted Funds (General Fund) have appropriation of \$111,403,025 and consist of limited use budgets – Propositions 172 Half-Cent Sales tax, Realignment, and Automated Systems Development. Proposition 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Realignment primarily includes funding of mental health, social services and health programs within the County. Automated Systems Development is funding that is set aside for the purpose of developing, upgrading, and/or replacing the County Financial Accounting System and other future developments. All funding not anticipated to be utilized during the fiscal year are appropriated in contingencies in these restricted funds.

Capital Project Funds

Capital Project Funds have appropriation of \$195,169,667 and are used to account for financial resources designated for the acquisition or construction of major capital facilities. The primary Capital Project Fund for the County is the Capital Improvement Program (CIP) budget unit totaling \$183.7 million in appropriation. Further detail on major capital projects for 2012-13 are shown in the Capital Improvement Program section. The remaining \$11.5 million will assist the County in managing the housing component of the now dissolved County Redevelopment Agency (RDA), and is included as part of the Economic Development Agency operational group.

Special Revenue Funds

Special Revenue Funds have appropriation totaling \$587,361,904. These funds account for the proceeds of specific sources that are legally restricted to expenditures for specific purposes and are primarily used to fund the following operational units within the County:

Administration has appropriation totaling \$5.1 million that is funded by Special Revenue Funds. Specifically, the Human Resources Department receives funds for Commuter Services (\$1.5 million) to pay for mobile source air pollution reduction programs for County employees. Additionally, Human Resources receives funding, under its Employee Benefits and Services unit (\$3.6 million), to administer the County's health, dental, vision, and life insurance plans as well as its integrated leave programs.

Economic Development Agency has appropriation of \$77.5 million, including \$49.5 million for Community Development and Housing services funded primarily by federal Community Development Block Grant funds and \$21.9 million to the Department of Workforce Development, which is funded by federal Workforce Investment Act revenue. Additionally, \$6.1 million in appropriation will assist the County in managing the housing component of the now dissolved County Redevelopment Agency (RDA). State Assembly Bill X1 26 (Dissolution Act) eliminated all RDAs in California effective February 1, 2012, and was approved by the Governor on June 29, 2011. Additional appropriation associated with the dissolution of the County's former RDA is included in a Capital Projects Fund detailed below.

Fiscal has appropriation of \$11.0 million and primarily represent statutory fees collected by the County to assist with services provided by the County Recorder (in the Assessor/Recorder/County Clerk Department). Funds are used to support the creation, retention, and retrieval of information in the County's system of recorded documents.

Human Services has appropriation of \$240.1 million, which primarily contains restricted funds for health services provided by the Departments of Behavioral Health (\$155.7 million) and Public Health (\$8.5 million). The largest Special Revenue Fund in the health related operational group is the Mental Health Services Act fund (\$133.5 million). Passed by voters on November 2, 2004 (Proposition 63), taxpayers with an annual income exceeding \$1.0 million receive an income tax surcharge of 1% that is used to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness. Human Services also contains the Preschool Services Department (\$49.8 million), which administers the Federal Head Start and Early Head Start programs, California Department of Education State Preschool Program, as well as the Child and Adult Food Care Program.

Law and Justice has appropriation of \$66.4 million primarily associated with various Sheriff/Coroner/Public Administrator (\$36.3 million), Probation Department (\$14.5 million), and District Attorney (\$9.6 million) funding sources. The Sheriff/Coroner/Public Administrator major Special Revenue Funds include appropriation to provide law enforcement training at the Sheriff's Academy (\$6.1 million), operate the Local Automated Fingerprint Identification System (CAL-ID Program - \$5.1 million), and utilize federal seized asset funds for various law enforcement related purposes (\$8.3 million). The Probation Department's primary Special Revenue Fund is associated with the Juvenile Justice Grant Program (\$10.3 million), which allocates state resources to fund programs that address juvenile crime prevention and focus on public safety. The District Attorney receives a variety of special funds, principally including a Specialized Prosecutions fund (\$3.0 million) that is used to prosecute crimes such as hazardous waste dumping and consumer fraud and a Workers' Compensation Insurance Fraud Prosecution fund (\$2.6 million).

Operations and Community Services appropriation of \$185.8 million is primarily for utilization by the Department of Public Works – Transportation (\$143.4 million). This department is responsible for the operation, maintenance, and improvement of the County's road system that currently includes approximately 2,768 miles of roadway. Other notable funds include appropriation for the County Library (\$14.3 million) and County Airport Capital Improvement programs (\$4.4 million).

Enterprise Funds

Enterprise funds have appropriation of \$670,540,725. These proprietary funds are used to account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the public be funded or recovered primarily through user charges. There are two main enterprise fund operating groups within the County, as follows:

Arrowhead Regional Medical Center (ARMC) has appropriation of \$474.8 million and provides medical services to County residents. ARMC is an acute care facility that provides a full range of inpatient and outpatient services, has three off campus community health centers, and provides Department of Behavioral Health's inpatient activities and numerous specialty activities.

Operations and Community Service's **Department of Public Works – Solid Waste Management** has appropriation of \$195.5 million and is responsible for the operation and management of the County solid waste disposal system, which consists of six regional landfills, nine transfer stations, two low volume transfer operations/community collection centers and thirty-three closed landfills or disposal sites.

Internal Service Funds

Internal Service Funds have appropriation of \$194,697,940. These proprietary funds are used to account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis. All Internal Service Funds are located within the Administration operating group, and include these main departments:

Risk Management has appropriation of \$89.6 million and administers the County self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs as well as its insured programs.

Information Services has appropriation of \$53.4 million to run its Computer Operations division, which provides enterprise data center services and a portion of the County communications services to County departments on a 24/7 basis. Additionally, the Department has a Telecommunications Services division that provides for the design, operation, maintenance and administration of the County-operated telecommunications phone network; the County Regional Public Safety Radio System; and the County Wide Area Network that joins approximately 16,600 County users together for the efficient use of technology.

Fleet Management has appropriation of \$29.8 million in order to provide vehicles, equipment, and related services to officials and employees of the County.

Purchasing has appropriation of \$10.4 million to provide printing services, mail and courier services, and management of county surplus property and storage for County departments.

APPROPRIATION CHANGES AND OPERATIONAL IMPACT

Countywide Operations (General Fund)

Countywide Operations in the General Fund show an increase in appropriation of \$192,467,538 over the prior year final budget, which is a 9.15% change. The largest increases are seen in the Human Services and Law and Justice operational groups. Human Services is increasing budgeted appropriation by \$131.3 million primarily as a result of increases in Aid to Indigents, Entitlement Payments (Child Care), Aid to Adoptive Children, CalWORKs, AFDC – Foster Care and other health and social service programs. Additionally, the overall increase is also associated with rising staff costs primarily related to rising retirement rates. The Board approved appropriation by the Human Services operating group is based on the latest information available from the State. The economic downturn has caused significant budget issues for the State and could result in future cuts to funding of social service programs. Until such time that the State makes changes to its current budget plan, it has been deemed necessary to plan for the maximum possible available funding in order to effectively take advantage of potential funding increases. Plans for significant expenditures, whether for staff, services, supplies, equipment, or services to clients will be monitored closely until such time that future changes to the State budget are known.

Law and Justice is increasing appropriation by a net \$56.8 million primarily related to both increased staffing costs associated with retirement rate increases as well as to accommodate for the realignment of responsibility for specific State prisoners and parolees from the State to the County (AB 109). The largest increase in appropriation is seen in the Sheriff/Coroner/Public Administrator (\$31.5 million), which is seeing retirement increases associated with rate changes. The Department also added 38 positions and added appropriation for enhanced medical services at its Detention facilities to assist in managing the realignment of State prisoners. The Probation Department is increasing its appropriation by \$20.5 million primarily due to additional amounts for the full year cost of implementing the public safety realignment (AB 109).

Significant reductions are seen in Contingencies (\$22.3 million) as well as Capital Facilities Leases (\$3.1 million). The reduction in Contingencies represents the net change from the 2011-12 Final Budget to the 2012-13 Adopted Budget in unallocated funding that is available. This is a result of the need to fund many one-time projects throughout the County in 2012-13 that have not been addressed in prior years. Such projects include \$5.9 million for construction of a storm drain in the community of Rimforest, \$5.0 million in pavement improvement expenditures for unincorporated communities, and \$4.0 million for improvements at Lake Gregory Dam. The County is recognizing ongoing savings in the Capital Facilities Leases budget unit achieved through the optional pre-payment of a portion of the County outstanding principal in 2011-12, as well as through the refinancing of the 2001-02 West Valley Detention Center certificates of participation. Additionally, this unit is decreasing approximately \$2.0 million related to the reduction of the one-time expenditure in 2011-12 to prepay the County outstanding principal.

Other County Funds

The total net increase in appropriation for other County funds is \$11.5 million, which is a 0.66% net change. Notable changes include a net \$35.5 million increase in appropriation for **Internal Service Funds** and \$12.4 million in **Restricted Funds** partially offset by a net \$43.4 million reduction in **Capital Project Funds**. The increase in appropriation for Internal Service Funds is generally a result of the projections of costly settlements and increased liability claims experience for the Department of Risk Management. Restricted funds are increasing by \$12.4 million primarily related to additional fund balance available at the end of the fiscal year that will be expended in 2012-13. Capital Project Funds are reducing primarily related to a lower number of carryover projects from prior years as well as less new projects that the County is entering into this fiscal year.

GENERAL FUND SPENDING AUTHORITY BREAKDOWN

The spending authority components included in this pie chart are for countywide operations (general fund) and consist of staffing expenses, operating expenses, and capital expenditures. Operating expenses are further divided into the various subcategories of services and supplies, central services, travel and related costs, other charges, and transfers.

Components not incorporated into this pie chart are operating transfers out, which are a funding mechanism between budget units; reimbursements, which are considered a funding source; and contingencies, as no expenditures can be made from this appropriation.

REQUIREMENTS SUMMARY

Total Requirements include appropriation adopted by the Board of Supervisors plus operating transfers out. Operating transfers out are a funding mechanism between budget units and are not appropriation to spend.

Below is detail of what is included in the County 2012-13 Adopted Budget as well as significant changes from the 2011-12 Final Budget by appropriation category for all appropriated funds:

Staffing Expenses represent 35.2% of total appropriation within the County, for a total of \$1,603,588,346. Departments with significant budgeted staffing expenses includes the Sheriff/Coroner/Public Administrator (\$391.7 million, 3,538 positions), Human Services Administrative Claim (\$298.7 million, 4,208 positions), and Arrowhead Regional Medical Center (\$234.4 million, 3,507 positions). Total budgeted salary costs for the County in 2012-13 is \$1.04 billion while costs for benefits make up the remaining \$565.2 million. The largest benefit related cost for the County is for employee pensions (retirement), which makes up 59% (\$333.2 million) of all appropriation associated with employee benefits.

Staffing expenses are increasing by \$150.7 million from the prior year generally due to increased retirement costs as well as full year staffing implementation related to the realignment of responsibility for specific State

prisoners and parolees from the State to the County (AB 109). Most of the increased retirement cost in the County is a result of significant market losses to the County pension fund in 2008-09, which the County is required to pay back over several years. This has increased the retirement rate the County is paying on employee's compensation from 20.8% (2011-12) to 23.72% (2012-13) for General employees and from 36.79% (2011-12) to 42.79% (2012-13) for most Safety employees.

Operating Expenses in the County include costs for services and supplies, internal service fund charges, travel, transfers to other County departments, and other charges. These expenses represent 44.5% of the County appropriation, for a total of \$2,029,422,381. The Human Services operating group makes up almost half of the County operating expenses with a total appropriation of \$949.7 million. Most of Human Services' operating expenses include subsistence payments to help County residents in need throughout the County. Services and supplies appropriation, which does not contain subsistence payments, accounts for approximately half of the County operating expenses and includes notable costs for professional and specialized services (\$276.8 million), rents and leases (\$100.1 million), and medical expenses at ARMC (\$54.5 million).

Operating expenses are increasing a net \$247.8 million in 2012-13. The County has approximately \$17.2 million in additional operating expenses associated with managing the housing component of the now dissolved County Redevelopment Agency (RDA), and is included as part of the Economic Development Agency operational group. Additionally, the Human Services operational group is increasing by \$95.4 million, Law and Justice by \$55.0 million, and Operations and Community Services by \$47.9 million. This is primarily due to less expenditures incurred in 2011-12 as reflected in the 2011-12 final budget for these operational groups.

Capital Expenditures represent all fixed asset related expenditures with a unit valuation of \$5,000 or more and a useful life of one-year or more. This includes costs related to purchases of land, structures and improvements to structures, equipment, vehicles, lease purchases, and capitalized software. These expenses represent 5.8% of the County appropriation, for a total of \$265,714,050. The Capital Improvement Program (CIP) contains most of the County appropriation in this category of expenditures (\$173.9 million). Besides structures and improvements to structures (\$177.7 million), which is the major budgeted expenditure of the Capital Improvement Program, capitalized software (\$19.8 million) is a large expense due to the recommended development, upgrade, and/or replacement of the County Financial Accounting System in the Automated Systems Development budget unit.

Capital expenditures are decreasing a net \$35.0 million in 2012-13. This is primarily due to reduction in the CIP budget related to a lower number of carryover projects from prior years as well as less new projects that the County is entering into this fiscal year.

Reimbursements represent the amount received as a payment for the services provided on behalf of another governmental unit or department. Reimbursements are considered a funding source and total \$251,198,177 in 2012-13. Notably, the Sheriff/Coroner/Public Administrator established separate budget units for its detentions and contract law enforcement services this fiscal year, resulting in increased reimbursements from those budget units to the Sheriff/Coroner/Public Administrator's main operating unit. This is one of the primary reasons for the increase in reimbursements of \$48.8 million in 2012-13.

Contingencies of \$407,649,242 represent unallocated funding available from 2012-13 sources and any unassigned fund balance estimated to be carried over from 2011-12 for all County funds. The Operations and Community Services operational group has the largest amount of contingencies (\$167.9 million), which is primarily funding set aside for future projects in the Department of Public Works. Contingencies are decreasing by \$110.8 million primarily due to the anticipated expenditure of funds in 2012-13 for projects that were not completed or started in 2011-12. For example, the Department of Public Works is anticipating utilizing \$24.2 million that were set aside in contingencies in 2011-12 for various road projects in 2012-13.

Operating Transfers Out of \$251,643,511 is a method of providing funding from one budget unit to another for the implementation of a project or program. The most significant use of Operating Transfers Out is the Countywide Non-Departmental budget unit, which transfers discretionary general funding to various budget units outside the General Fund for various programs and projects. For 2012-13, significant projects and programs include funding for the Capital Improvement Program (\$12.0 million ongoing, \$14.6 million one-time), the 800 MHz digital radio system for public safety project (\$20.0 million ongoing), as well as ongoing funding for County Fire totaling \$17.5 million.

The above chart lists appropriation by group/agency. The Other Funding group includes budget units that are predominately countywide in nature, have no budgeted staffing associated with them, or exist for proper budgetary accounting purposes. Included in this group are contingencies, countywide non-departmental, the restricted funds of Realignment, Proposition 172, and Automated Systems Development, and some special revenue funds that incur no expenditures and only appropriate transfers and operating transfers out.

Governmental Fund Types

General Fund: The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General Fund is the County primary operating fund and the appropriation is separated into discretionary, categorical, and restricted. General Fund – Discretionary are those budget units that the Board of Supervisors predominately have oversight on the sources and requirements. General Fund – Categorical are those budget units that are predominately mandated in nature, such as human service programs. General Fund – Restricted Funds consists of Proposition 172, Realignment funds, and Automated Systems Development.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes (other than for major capital projects).

Capital Project: Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those funded by Enterprise and Internal Service Funds.

Proprietary Fund Types

Enterprise Funds: Enterprise Funds account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be funded or recovered primarily through user charges.

Internal Service Funds: Internal Service Funds account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

REVENUE SUMMARY

The 2012-13 Adopted Budget is funded from a variety of sources (revenue, operating transfers in, fund balance, and reserves). This schedule does not include fund balance carried over from the prior year or the use of reserves. It also does not include operating transfers in as they are a mechanism for providing funding from one budget unit to another within the County. This schedule shows the change from the prior year final budget.

Property Related Revenue

Property related revenue of \$432,797,066 primarily consists of funding from property taxes and is projected to decrease by \$4.4 million or 1.01% from the 2011-12 final budget. This is primarily the result of a projected 1.0% decline in the assessed valuation of properties within the County. This is the fourth consecutive year of assessed valuation decline. For more detail refer to the paragraph titled 'Property Related Revenue' found in the Discretionary General Funding section of the 2012-13 Adopted Budget book.

Other Taxes

Other taxes of \$154,008,054 primarily consist of Proposition 172 Half-Cent Sales Tax as well as the County's portion of sales tax and are increasing by a net \$4.6 million over the prior year final budget. This is due to Proposition 172 Half-Cent Sales Tax projected to increase by \$8.5 million in 2012-13 as compared to the 2011-12 final budget amounts, which included one-time unincorporated sales tax receipts.

Realignment

Realignment revenues of \$172,350,945 are increasing over the prior year final budget. This amount does not include Realignment funds allocated to Arrowhead Regional Medical Center of \$37,370,000, as this amount is included as part of Enterprise Funds. For more detail refer to the Discretionary General Funding section of the 2012-13 Adopted Budget book.

State, Federal or Government Aid

The County receives funding from State, Federal, and Other Government Aid totaling \$1,411,934,711. The Human Services operational group receives the largest amount of funds from other governments, with \$540.7 million from the State and \$560.8 million from the Federal Government. There is an overall increase of \$65.2 million from the prior year final budget in the revenue category of state, federal or government aid. This increase is comprised of both increases and decreases in various programs.

Primary increases in State, Federal or Government Aid include:

- **Human Services** operational group increased by \$85.5 million based on the latest social services allocation projections, which include policy decisions that are still pending at the state level. While pending policy decisions could mandate a reduction in funding for various Human Service programs, rapid caseload growth continues to push state and federal funding upwards for certain programs.
- The **Law and Justice** operational group increased \$31.8 million over the prior year final budget primarily related to the realignment of State prisoners and parolees to supervision by the County and subsequent funding from the State for these purposes.

Significant decreases in State, Federal or Government Aid include:

- The **Capital Improvement Program** budget is decreasing by \$47.5 million primarily related to the near completion of the Adelanto Detention Center Expansion Project, which is partially funded utilizing State AB 900 funds.

Fee/Rate

The revenue category of fee/rate includes the following types of revenues: licenses, permits, fines, fees, rates, and other services. Total revenue of \$401,495,232 is anticipated to increase from the 2011-12 final budget by \$39.0 million.

The following provides the most significant increases in this revenue category.

- **Human Services** is increasing by \$34.9 million associated with matching funds from the state to cover Medi-Cal Managed Care capitation rate payment enhancement. Most of the change is related to less revenue received in 2011-12 as reflected in the 2011-12 final budget.
- The **Sheriff/Coroner/Public Administrator** has a net \$9.6 million increase showing in current services primarily due to additional costs for providing contract law enforcement services to outside entities.

Other Revenue

Other revenue of \$93,492,525 includes interest earnings, rents and concessions, and tobacco settlement funds. This revenue source is anticipated to decrease by a net \$4.1 million over the prior year final budget.

The decrease in this category is primarily related to funding that was received by the County in 2011-12 due to the close-out of special revenue funds and unclaimed property tax refunds that are not anticipated in 2012-13.

Enterprise Funds

Enterprise Funds revenue totaling \$505,701,901 is increasing by \$9.2 million. Detail on significant budgeted revenue for Enterprise Funds is detailed below:

Arrowhead Regional Medical Center (ARMC) revenue of \$429.2 million include state and federal funding primarily from Medicare and Medi-Cal, current service charge from private pay patients and insurance, and other revenue from cafeteria sales, interest, and miscellaneous grants. ARMC revenue is expected to increase by a net \$9.8 million. This overall increase is primarily attributable to additional managed care revenue and higher Medi-Cal reimbursements due to increased volume.

Public Works – Solid Waste Management revenue of \$57.6 million primarily includes landfill gate fees, royalty agreements, land leases, and interest earned on fund balance. There is a slight decrease in revenue totaling \$0.5 million based on a reduction in gate fees based on a continuing drop in tons.

Internal Service Funds

Internal Service Funds totaling \$164,321,212 are increasing by \$20.8 million. These funds charge other County departments for specific services. Notable changes in revenue are detailed below:

The **Earned Leave** fund is showing an increase in revenue of \$11.5 million, which is related to the establishment of an earned leave program within the County. Due to a change in accounting for this program it is anticipated that this fund will be removed in the County's First Quarter Budget Report.

Information Services – Telecommunications Services increased revenues by \$10.6 million. Most of the change is related to less revenue received in 2011-12 as reflected in the 2011-12 Final Budget. Additionally, there was an increase as a result of 800 MHz radio access revenue now being received directly from internal County departments instead of from the General Fund as an Operating Transfer in.

The revenue and other funding sources schedule above includes all County funds. This schedule includes operating transfers in, which are the mechanism for providing funding from one budget unit to another within the County. Additionally, this schedule summary provides the fund balance/unrestricted net assets for all non-general funds; the unassigned fund balance of the General Fund; as well as the use of and the contributions to the County reserves, as committed in the strategic plan.

BUDGETED STAFFING SUMMARY

Budgeted staffing is accounted for using headcount; each position, whether full time or part time, is counted as one. The pie chart below depicts the budgeted staffing by group/agency for the current fiscal year. The following bar graph illustrates the budgeted staffing for the current fiscal year as well as the prior two fiscal years.

**Budgeted Staffing By Group / Agency
2012-13 Fiscal Year**

Percentages may not add to 100% due to rounding.

Other Funds	5,874	8	-	8	5,882	0.1%
Total	19,050	19	2	21	19,071	

Budgeted staffing for caseload driven/grant, or special funded programs, increased overall by a net 19 positions. Significant changes from the previous year's final budgeted staffing in caseload driven, grant or special funded programs include the following:

General Fund

- **Behavioral Health** increased budgeted staffing by a net 17 positions. This is primarily the result of the addition of 19 positions as a result of the new AB 109 Public Safety Realignment.
- **Public Health** decreased budgeted staffing by a net 31 positions. This decrease is the result of the deletion of 63 positions. These deletions were offset by 32 new positions, including additional medical professional positions and support staff that will be utilized in outlying clinics assisting with an increase in community outreach and primary care services.
- **Human Services Administrative Claim** had a net decrease of 13 budgeted positions. The net deletions were the result of funding for programs staying relatively flat from the previous year while staffing costs have continued to rise.
- **District Attorney – Criminal Prosecution** increased 3 budgeted positions in the caseload driven, grant or special funded programs category as follows: 1 Deputy District Attorney for the Let's End Truancy (LET) Program funded through AB 1913; and 2 Victim Advocate positions, funded through AB 109, to help provide crime victims with access to comprehensive and quality service.
- **Probation – Administration, Corrections and Detention** has seen a net increase of 5 budgeted positions in the caseload driven, grant or special funded programs category. The department is adding 12 new Office Assistant III positions to help fulfill the clerical work demands associated with implementing AB 109 Public Safety Realignment. An extra-help Correctional Nurse-Per Diem position is also being added to assist with the health needs at the juvenile detention and assessment centers. These additions are offset by the deletion of 8 extra-help/recurrent Probation Corrections Officer positions that have been vacant for more than one year.
- **Sheriff/Coroner/Public Administrator** increased 38 budgeted positions in this category resulting from additional AB 109 funding anticipated for 2012-13 as part of Public Safety Realignment. These positions are needed to manage the "low level" offenders now being ordered to serve their sentence in county facilities rather than the state prison system. The additional staffing will help ensure the overall safety of employees and inmates of the county's jail system.

Other Funds

- **Information Services Department's** internal service funds (Computer Operations and Telecommunications Services) are decreasing by a net 14 budgeted positions. A net 9 positions (7 filled) are being deleted in the Computer Operations division primarily due to budget constraints. A net 5 vacant positions are being deleted in the Telecommunication Services Division, as these positions are no longer required by the Department.

- **Community Development and Housing** – decreased by a net 11 budgeted positions. Notable changes for the department included the deletion of 14 positions as a result of the decrease in federal funding for departmental programs. This reduction in staff resulted in major restructuring and consolidation of functions within the Department. These deletions were partially offset by the addition of 3 positions that were transferred from the County's dissolved Redevelopment Agency. These positions will support the consolidated housing functions and manage workload related to the Successor Agency of the County of San Bernardino RDA.
- **Arrowhead Regional Medical Center (ARMC)** had a net increase of 91 budgeted positions. 7 of the additional positions reflect ARMC's participation in the Low Income Health Program and a Delivery System Reform Incentive Plan. Additionally, 20 positions were added for a new observation unit, 30 positions were added for patient sitters in response to regulatory changes, and 25 positions were added to assist in lowering costs for temporary help and overtime as well as assist the Department in scheduling flexibility. A net 9 positions were added to other divisions. While the number of positions has increased significantly, many of the positions are part-time positions that will allow ARMC to meet required staffing ratios in addition to scheduling flexibility.
- **Preschool Services** decreased a net 15 budgeted positions. 26 budgeted positions were reduced primarily due to the elimination of the County's Save the Children contract that was no longer needed by the department. Furthermore, the closure of the Copper Mountain and North Redlands Head Start sites resulted in a decrease of 15 positions. These reductions were partially offset by the addition of 26 positions related to funding received from the Children and Families Commission for San Bernardino County.

Budgeted staffing for all other programs increased a net 2 positions. Significant changes from the previous year's final budgeted staffing in all other programs include the following:

General Fund

- **Sheriff/Coroner/Public Administrator** increased budgeted staffing by a net 33 positions. This is primarily related to the addition of 35 Sheriff Trainee positions in order to eliminate the need for underfilling certain budgeted Deputy Sheriff positions while new recruits are receiving training at the Sheriff's Academy. The addition of these Trainee positions will not result in additional costs for the Department.
- **Regional Parks** reduced budgeted staffing by a net 19 positions due to projected budgetary constraints. A reorganization plan includes the reduction of 21 vacant budgeted positions, offset by the addition of 2 new positions. Under the continued reorganization of the Department, some of the related duties/responsibilities of positions will be streamlined and spread amongst existing regular staff, and other responsibilities will be addressed by assigning the workload to part-time General Service Worker II positions.

Countywide staffing changes are outlined by County department in the following chart:

CAPITAL IMPROVEMENT PROGRAM

The County Capital Improvement Program includes construction, rehabilitation and repair projects for numerous facilities and structures.

The capital project funds listed in the appropriation summary schedules in this County Budget Summary and presented in the schedule below represent those managed by the Architecture and Engineering Department and accounted for in the following funds: CJP, CJV, and CJY. These schedules do not include operating transfers out.

In the 2012-13 Adopted Budget, \$49,692,943 in new projects is funded primarily using County discretionary general funding. Major projects include directing the revised annual allocation of \$20.0 million for future space needs to the 800 MHz Upgrade Project; \$10.0 million in additional new discretionary general funding to increase the budget from \$30.0 million to \$40.0 million for the Downtown Building Project to acquire buildings, seismically retrofit and modernize certain existing buildings and demolish older facilities; \$2.6 million to amend an existing agreement with the City of Fontana for projects within the unincorporated area; \$1.3 million to provide funding for redesign to expand and remodel the existing Sheriff/Coroner/Public Administrator Crime Lab; and an additional \$0.7 million to increase the budget from \$1.9 to \$2.6 million for the new Needles Fire Station Project. In addition, the base budget for CIP of \$12.0 million includes funding of \$3.5 million for deferred maintenance at various County and Regional Park facilities; \$4.0 million for building system improvements such as generator replacements, elevator modernization, boiler replacements, heating, ventilation and air conditioning upgrades and maintenance, and various energy efficiency projects; \$2.2 million to repair or replace parking lots at various County buildings; \$1.2 million for site infrastructure such as drainage, lighting and demolition; \$1.0 million to repair and/or replace roofs; and \$0.1 million to continue to fund Americans with Disabilities Act (ADA) improvements to improve accessibility for the disabled.

Projects approved in prior years but not yet completed total an additional \$134,023,531. The major carryover projects are the expansion of the Adelanto Detention Center, the Downtown Building Project, 800 MHz Upgrade Project, High Desert Government Center Public Safety Operations Center, the Baker Family Learning Center which is a multi-use facility for Preschool Services, and the County Library in Muscoy.

The County has several other capital projects that are accounted for in various special revenue funds belonging to the respective project departments, such as Airports, Regional Parks, and the Department of Public Works-Solid Waste Management and Transportation Divisions. Additionally, there is one enterprise fund, which is part of the Arrowhead Regional Medical Center (ARMC), used for capital projects of ARMC.

For a complete listing of capital improvement program highlights in all funds, please refer to the Capital Improvement Program section of the 2012-13 Adopted Budget book.

DISCRETIONARY GENERAL FUNDING

County general fund operations are funded with four major types of sources: departmental revenue, Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue.

- Departmental revenue includes fees, service charges, and state and federal support for programs such as welfare, health care, and behavioral health.
- Proposition 172 revenue is a permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety. Proposition 172 revenue is restricted and is used solely for funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments.
- Realignment revenue provides health and welfare funding. In 1991-92, the state approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the state to the County. This shift is funded through a corresponding shift of dedicated sales tax and vehicle license fee revenue. Realignment revenue is also restricted and used in funding mental health, social services and health programs within the County.
- Countywide discretionary revenue includes a variety of revenue sources that are not legally designated for a specific purpose or program. The majority of discretionary revenue is property related revenue, primarily property tax. Other revenue sources in this category include: sales and other taxes, net interest earnings, Countywide Cost Allocation Plan (COWCAP) revenue which is a reimbursement for overhead/indirect costs incurred by the general fund, property tax administration revenue, recording fees, other state and federal aid, and other revenue. Additionally, the general fund's available fund balance, use of reserves and operating transfers in, are other funding sources that can be allocated to general fund departments in the same manner as countywide discretionary revenue.

County general fund operations not funded by departmental revenue, Proposition 172 revenue, and/or Realignment revenue are funded by net county cost or discretionary general funding. Net county cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

Any countywide discretionary revenue not distributed to departments through their net county cost allocation, contributed to reserves, or transferred to other funds for specific projects/programs, is placed in contingencies. Every year the County of San Bernardino has set aside a prudent dollar amount in contingencies and reserves for two purposes: 1) to ensure that the County can accommodate unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County; and 2) to be proactive and set aside funds to meet future known obligations or to build a reserve for large capital projects.

The following sections provide details of:

- The economic indicators that are factored into the County's strategic plan.
- How these indicators and other factors affect Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue.
- For 2012-13 there has been detail added in this section on the County Restricted General Fund - Automated Systems Development budget unit.
- How discretionary general funding (net county cost) has been allocated for the 2012-13 fiscal year.
- The County's five year operating forecast as it relates to discretionary general funding (net county cost).
- Information on general fund contingencies and reserves.

ECONOMIC INDICATORS

Property related revenue accounts for approximately two-thirds of the County's discretionary revenue. These revenues have been severely impacted by the mortgage and financial crisis, which has had a significant effect on the housing market within the County. Home values have plummeted as foreclosures and notices of default have skyrocketed. As shown in the chart below, foreclosures, although currently declining, have at times out-stripped home sales. Assessed valuation has been negatively affected both by homes selling at prices lower than their current assessed valuation, and by Proposition 8 reassessments, which lower valuations of properties (where no change in ownership has occurred) if the current assessed value of such property is greater than the fair market value of the property.

In 2011 foreclosures were down 14.6% from 2010. 2011 Notices of Default were down by 22% from the prior year. In the first half of 2012, Notices of Default are down 6.5%, with Foreclosures down 41.2%, both as compared to the first half of 2011. As foreclosures and notices of default continue to decline, the County is also seeing stability in the median price of a home. The chart below shows median prices from May 2004 through August 2012. The Median price had been stable, at approximately \$150,000, for the 31 months ending March 2012. Median Price has seen modest recovery beginning in April 2012, with August 2012 reported at \$168,000. This median price is affordable for approximately 76% of local families.

In addition to the decline in property values, the loss of jobs in the County has led to high levels of unemployment, as shown in the chart below. Job losses from 2008 through 2010 totaled 146,458, in large part due to the downturn in the construction sector. Unemployment reached 14.8% in July 2010.

However, there are some signs of improvement. 2011 saw job gains of 3,767 and forecasted job growth for 2012 is 16,300. Unemployment remains high at 11.8% in August 2012 compared to unemployment rates for the State and the United States of America which were 10.4% and 8.1%, respectively.

PROPOSITION 172

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the state's constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the state property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. In accordance with Government Code 30055, of the total Prop 172 revenue allocated to San Bernardino County, 5% is distributed to cities affected by the property tax shift and 95% remains within the County. The following chart reflects the annual amount of Prop 172 revenues received by San Bernardino County, excluding the cities' distributions, for the past 15 years.

On August 22, 1995, the Board of Supervisors approved the recommendation that defined the following departments as the public safety services designated to receive the County's 95% share of Prop 172 revenue, consistent with Government Code Section 30052, and authorized the Auditor-Controller/Treasurer/Tax Collector to deposit the County's portion of the Prop 172 revenue as follows:

➤	Sheriff/Coroner/Public Administrator	70.0%
➤	District Attorney	17.5%
➤	Probation	12.5%

Prop 172 revenue currently represents a significant funding source for the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Each year, as part of the budget development process, Prop 172 projections are developed based on staff analysis of revenue trends and forecasts provided by an outside economist.

On February 13, 2007, the Board of Supervisors approved a policy which requires the County to maintain an appropriation for contingency for Prop 172 funds targeted at no less than 10% of the current year's budgeted Prop 172 revenues. This 10% contingency was created to ensure funding for these public safety departments should the County experience Prop 172 revenue shortfalls in the future. These contingencies are maintained for each respective department within the Prop 172 restricted general fund.

The chart below illustrates the beginning and estimated ending fund balances of the Prop 172 restricted general fund, budgeted revenue and departmental usage for 2012-13, the required 10% contingency target, and the amount above that target.

REALIGNMENT

In 1991, the state shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a ½ cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenues made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the Vehicle License Fee was reduced from 2.0% of the market value of a vehicle to 0.65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenues to Realignment, but simply reflects the same funding amount expressed as a percentage of the reduced revenue collected. Each of the three service areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide Realignment revenue.

Within the mental health area, the programs the County is now responsible for are: community-based mental health programs, State Hospital services for County patients, and Institutions for Mental Disease. Within the social services area, the programs the County is now responsible for are: the County revenue stabilization program and the County justice subvention program. Within the health area, the programs the County is now responsible for are: AB8 County health services, local health services, medically indigent services, and the County medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. For example, prior to Realignment, Foster Care costs were funded by 95% state resources and 5% County resources. Now Foster Care is funded by 40% state resources and 60% County resources, which is a significant impact to the County.

The Realignment program has some flaws in its design that adversely impact San Bernardino County revenues. First, San Bernardino County is an “under equity county,” meaning that the County receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under equity in those programs. Realignment did attempt to address the inequity issue, but the effort fell short. The County continues to be under equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over equity get a higher percentage of the new revenue while those that are under equity get less.

In addition to the under equity issue is the fact that the demand for the services the County is providing and the revenue streams funding them are both sensitive to the economy. When the economy does poorly, demand for services is high, but revenues under perform. When the economy is doing well, demand for services is reduced, sales tax and vehicle license fee revenues are high, and growth in these funding streams is experienced. Social Services has priority claim on any sales tax growth received. If the growth is sufficient to cover the increasing Social Services caseload costs, then anything remaining is distributed to the Mental Health and Health Realignment funds.

Budgetary Note: Financial information presented in this Realignment budget section is consistent with state reporting requirements for the Realignment funds. The state’s reporting requirements are not consistent with the County’s implementation of GASB 34 as it relates to revenue accrual. As such, within the County financial accounting system, an adjustment will be made to show the correct revenues in accordance with the County accrual procedures. This is a revenue timing issue only as a result of delays by the state in distributing sales tax growth revenue.

The graph below shows the history of fund balance for all Realignment funds.

During 2007-08 an unanticipated increase in departmental usage for Behavioral Health, resulting from un-reimbursed Medi-Cal and Title XIX EPSDT claims, coupled with sales tax and vehicle license fee revenue base short falls, resulted in a decrease of \$13 million in fund balance.

During 2008-09, revenue shortfalls of 13.2% and 8.5% in sales tax and vehicle license fee revenue, respectively, offset with decreased departmental usage resulted in a slight decrease in fund balance of \$4 million for the period ending June 30, 2009.

During 2009-10, revenue shortfalls continued at 3.69% and 6.73% in sales tax and vehicle license fee revenue, respectively. These shortfalls were offset, however, by even greater departmental savings, resulting in a slight increase in fund balance of \$14 million for the period ending June 30, 2010.

During 2010-11, as compared to prior year revenue, sales tax realized a 3.59% increase while vehicle license fees continued to decline with a 1.50% shortfall. Those factors would have normally caused a decline in fund balance given departmental needs. However, the Health Realignment fund experienced a one-time savings due to state legislation regarding hospital fees. The net effect was an increase to overall fund balance of \$28 million.

During 2011-12, there was a surge in sales tax revenues – especially in the second half of the fiscal year. While overall revenues were stronger than expected there was also a greater demand for County services. Foster Care caseloads continued to increase, rates paid for adoptions saw a mandated increase of 30%, and ARRA funds for In-Home Supportive Services were exhausted. As a result, expenditures in the Social Services realignment fund were more than expected. The net effect was a reduction in total realignment fund balance of \$18.0 million.

For 2012-13, revenues are projected to increase as the state expects sales tax receipts to increase by nearly 8%. However, the state continues to propose further realignment, making the County increasingly responsible for programs experiencing increased expenditures. As a result, departmental usage continues to exceed budgeted revenues, resulting in an anticipated decrease in fund balance of \$33 million for the period ending June 30, 2013.

Departmental usage of \$209.7 million exceeds the revenue projection of \$176.9 million, resulting in a net usage of \$32.8 million in total fund balance. Expenditure levels continue to be monitored closely, with specific measures being developed to reduce overall departmental usage until such time as revenue growth is realized and fund balance is restored.

The Realignment budget units do not directly spend funds or provide service. They are strictly funding budget units with the actual expenditures occurring within the operating budget units of the departments that receive Realignment revenue.

The Realignment legislation does allow for some flexibility in usage of funds at the County level. Upon action by the Board of Supervisors, a County can transfer 10% of a given year's revenue from one fund to another. San Bernardino County has used this provision repeatedly over the years to help support either the health or social services programs. The County did not do a 10% transfer in the prior three fiscal years and is not budgeting one for 2012-13. However, in the event that such transfer is needed, Board of Supervisors approval will be obtained.

The breakdown of the fund balance calculations and departmental usage for each of the three individual Realignment funds are on the following pages.

For 2012-13, the Mental Health fund is budgeted to increase \$1.2 million in fund balance. The Department of Behavioral Health is perhaps the department most negatively affected by continuing realignment efforts by the state. However, the department is doing everything within its control to keep expenditures in check while the funding mechanisms for Realignment and Realignment II at the state level are resolved. Two strong years in a row have stabilized the Mental Health fund and should allow the fund to weather the ongoing changes over the next few years.

Social Services realignment revenue is composed primarily of sales tax. The split is currently 96% sales tax and 4% vehicle license fees.

For 2012-13, budgeted expense and ongoing revenue are expected to result in usage of fund balance of \$27.1 million. A continued increase in sales tax revenues will greatly benefit this fund but, increased demands continue to outstrip revenues. The fund will be monitored closely as it could be exhausted in short order if growth revenue is not appropriated by the state.

For 2012-13, the Health fund is budgeted to spend \$6.9 million of fund balance. This is a conservative figure as revenues did spike in fiscal year 2011-12 but it is unclear if that trend will continue. Significant savings in fiscal year 2010-11 and minimal usage in fiscal year 2011-12 built a substantial fund balance that should allow the fund to be viable until the economy rebounds.

AUTOMATED SYSTEMS DEVELOPMENT

The Automated Systems Development budget unit is a restricted general fund that was established in 2011-12 to fund the development, upgrade, and/or replacement of the County's Financial Accounting System (FAS 2012 Project), a core information technology system; and for other future developments.

The FAS 2012 project is a countywide collaborative effort to upgrade or replace the existing financial accounting system that was implemented over 20 years ago and does not provide either the efficiencies or information for managing County functions that modern systems provide. In 2011-12, the Board of Supervisor's approved a \$6.0 million allocation of discretionary general funding to fund this project, and added an additional \$6.0 million mid-year. On September 11, 2012, the Board of Supervisors approved a \$104,935 contract with the Government Finance Officers Association to provide consulting services for a financial system needs assessment and systems selection services in order to assist the County in the process of evaluating the County's financial system.

Appropriation of \$12.0 million represents anticipated capitalized software and application development costs associated with the FAS 2012 project.

Below is a table detailing budgeted appropriation for this unit in 2012-13.

COUNTYWIDE DISCRETIONARY REVENUE

The entire general fund budget including operating transfers in is \$2.4 billion, however, only \$0.46 billion is truly discretionary as seen in this pie chart.

2012-13 Adopted Budget General Fund Spending

**SPENDING WHERE THERE IS NO DISCRETION. INCLUDES:****1,758,722,875**

Welfare costs reimbursed by state and federal monies (\$911.7 million)

TOTAL: \$2,410,198,362

The countywide discretionary revenue is \$651,475,487 and is first obligated to pay for the required health and welfare matches and other fixed obligations, which total \$194,660,388. The remaining amount of \$456,815,099 is available to fund departmental budgets' net county cost or other expenditures.

The 2012-13 discretionary general funding of \$651,475,487 includes Countywide Discretionary Revenue of \$534.9 million and Other Funding Sources of \$116.5 million. Per the County Fund Balance and Reserve Policy, the General Purpose Reserve is currently targeted at 20% of locally funded appropriation (\$559,489,659 per above schedule) and a minimum of 1.5% of locally funded appropriation is to be placed in general fund mandatory contingencies. The County increased the target for the General Purpose Reserve to 20%, from the previous target of 10%, in June 2011. The Fund Balance and Reserve Policy directs that one-time money be used to increase the General Purpose reserve until the 20% target is reached. The 2012-13 Adopted Budget includes a contribution of \$5.6 million, which will bring the General Purpose Reserve to 12.7% of locally funded appropriation.

Countywide Discretionary Revenue

Property Related Revenue accounts for over 64% of countywide discretionary revenue and other funding sources. These revenues have been severely impacted as a result of the financial crisis, which has had a significant effect on the housing market within the County. Assessed valuation has been negatively affected both by homes selling at prices lower than their current assessed valuation, and by Proposition 8 reassessments, which lower valuations of properties (where no change in ownership has occurred) if the current assessed value of such property is greater than the fair market value of the property.

The 2012-13 Adopted Budget anticipates a decrease in the assessed valuation of properties within the County for the fourth consecutive year. The anticipated decrease for 2012-13 of 1.0% compares to an assessed valuation decline of 6.17% in 2009-10, a decline of 4.55% in 2010-11, and a decline of 0.87% in 2011-12.

Subsequent to the adoption of the 2012-13 budget, the Assessor/Recorder/County Clerk published the County's assessment roll, which shows an increase in assessed valuation of 0.8% for 2012-13. The County will analyze the roll increase and future supplemental roll activity and make any necessary budget adjustments in the quarterly budget report process.

In addition to the small increase in the recently published County assessment roll, there are indications that the housing market is stabilizing. The median price of a home is starting to show a modest recovery after remaining at approximately \$150,000 for the thirty-one months ending March 2012, with August 2012 reported at \$168,000.

Elimination of Redevelopment Agencies

A portion of the general fund's property tax revenue is pass-through of property tax increment belonging to redevelopment agencies. Redevelopment agencies were dissolved as of February 1, 2012, pursuant to ABX1 26. Pursuant to ABX1 26, revenues that would have been directed to the dissolved redevelopment agencies will continue to be used to make pass-through payments to other public agencies (i.e., payments that such entities would have received under prior law). In addition, the State projects that the elimination of redevelopment agencies will provide additional property tax revenue for local public agencies, including the County. The County has not budgeted any additional property tax revenue in 2012-13 that might result from the dissolution of Redevelopment Agencies pursuant to ABX1 26, but does continue to budget for pass-through payments consistent with ABX1 26.

The Teeter Plan

The Teeter Plan is an alternate property tax distribution procedure authorized by the California Legislature in 1949 and implemented by the County in fiscal year 1993-94. Generally, the Teeter Plan provides for a property tax distribution procedure by which secured roll taxes are distributed based on the tax levy, rather than on the basis of actual tax collections, for agencies that elect to participate in the Teeter Plan (including the county general fund). Under the Teeter Plan, the County advances each participant an amount equal to the participant's Teeter Secured Levy (adjusted at year end for corrections to the assessment roll) that remains unpaid at the end of the fiscal year. In return, the county general fund receives all future delinquent tax payments, penalties and interest. The County bears the risk of loss on the delinquent property taxes but benefits from the penalties and interest associated with these delinquent taxes when they are paid. These interest and penalties are accounted for as interest earnings in countywide discretionary revenue. Under the Teeter Plan the County is also required to establish a tax loss reserve fund to cover losses that may occur as a result of sales of tax-defaulted properties.

The levy secured by the Teeter Plan (the Teeter Secured Levy), includes each participating agency's share of the 1% ad valorem secured levy plus any ad valorem levy for the debt service of voter-approved general obligation bonds. Not included in the Teeter Secured Levy are supplemental roll revenues, special assessments, unitary roll revenues, or property tax pass-through amounts from redevelopment agencies within the County (see 'Elimination of Redevelopment Agencies' above).

The annual advance of the amount of delinquent taxes under the Teeter Plan for the 2011-12 property tax cycle declined from the previous year. Penalties and interest from the Teeter Plan are also projected to decline, due to downward corrections in assessed valuation of properties that make up the Teeter Plan receivable amount, and the decline in the year-end advance.

The following paragraphs describe the components of property related revenue in detail:

Current Secured, Unsecured, Unitary

The \$200.4 million in the 2012-13 “Current Secured, Unsecured, Unitary” budgeted revenue number reflects the projected decrease in assessed valuation of 1.0%. The County has not budgeted any additional property tax revenue that might result from the dissolution of Redevelopment Agencies pursuant to ABX1 26, but does continue to budget for pass-through payments consistent with ABX1 26 (see ‘Elimination of Redevelopment Agencies’ above).

VLF/Property Tax Swap

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose funding. Beginning in 1998-99, the state reduced the VLF payment required from vehicle owners. However, the state made up the revenue impact of the VLF rate reductions with state general fund revenue (the ‘VLF Backfill’).

The VLF Backfill was eliminated in the 2004-05 state budget. In that year, the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

For 2004-05, the state established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in 2004-05, calculated using actual VLF receipt amounts for 2004-05. For years beginning in 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount adjusted by the percent change in assessed valuation. This percent change includes both secured and unsecured assessed valuation, but excludes the change in unitary valuations. The 2012-13 budgeted amount reflects the projected decrease in assessed valuation of 1.0%, as compared to 2011-12 receipts.

Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is a change in the assessed valuation of their property after the property tax bill for that year has been issued. Generally, there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenue to the County. Conversely, when values are decreasing, refunds may be due to homeowners, and supplemental property tax revenues will decrease. Because the collection of these revenues may not occur for one to two years after the sale of the property, supplemental property tax revenue will generally lag the reality in the housing market by at least a year.

As discussed above, when homes sell at prices lower than the current assessed value reflected on the property tax bill, a refund may be due to the taxpayer. Because many homes have been selling at prices lower than their current assessed values, resulting in the payment of refunds, the County estimates only \$4.0 million in supplemental property tax revenues in 2012-13.

Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in cities, the County receives 50% of the tax. The County anticipates that property transfer tax will be \$5.1 million in 2012-13, consistent with 2011-12 receipts. The following chart presents the most recent ten year trend of property transfer tax revenue.

Sales Tax/Property Tax Swap

Effective with the fiscal year that began on July 1, 2004, the state changed the way sales tax revenue is distributed to counties and cities. Previously, counties and cities received 1% of the state's base sales tax rate, which is currently 7.25%. Pursuant to new provisions enacted by the legislature, this 1% share of sales tax was reduced by 0.25%, to 0.75%. The additional 0.25% in sales tax revenue was redirected to the state to be used to fund debt service on the California Economic Recovery Bonds, which were approved by voters as Proposition 57. In return, counties and cities receive additional property tax revenue (funded by reducing the schools' share of property tax revenue) in an amount equal to the 0.25% sales tax revenues forgone. The state general fund then makes up the loss of property tax revenue to the schools. This change is referred to as the 'Triple Flip'. This Triple Flip will continue until the California Economic Recovery Bonds are paid.

The Triple Flip was designed to replace sales tax revenue on a dollar for dollar basis with property tax revenue. In practice, the additional property tax revenue paid to the counties and cities each year is based on an estimate of the agencies' sales tax revenue for the year plus a 'true-up' from the prior year. This true-up represents the difference between the additional property tax revenue paid to the local agency and the actual amount of sales tax revenue (the 0.25%) lost by the local agency.

For 2012-13 the County anticipates \$5.5 million in Triple Flip revenue which includes an estimated \$0.7 million in true-up from the prior year.

Sales and Use Tax

Countywide discretionary revenue includes 0.75% of the County's 7.75% sales tax rate charged on purchases made in the unincorporated areas of the County.

When preparing the annual budget, the County projects future sales tax revenue based on data provided by a local economist and the County's sales tax consultant. For 2012-13, ongoing sales tax revenue is anticipated to decrease slightly from 2011-12 actual revenue. This is because the 2011-12 actual revenue includes one-time use tax receipts for major construction projects. 2012-13 sales tax revenue in the unincorporated area is projected to total \$14.4 million (after adjusting for the Triple Flip). The County has budgeted \$11.7 million in 2012-13.

The sales tax revenue projection of \$11.7 million is net of the portion of the County ongoing sales tax revenue remitted to the City of Redlands under the sales tax sharing agreement explained below:

Sales Tax Sharing Agreement with the City of Redlands

In August of 2003, the County entered into a sales tax sharing agreement with the City of Redlands. Under the terms of this agreement, the City of Redlands provides government services to an unincorporated area of the County, and in return the County pays the city a percentage of the sales tax revenue generated in that geographical area. This geographical area has numerous retail establishments and generates a considerable amount of sales tax revenue. Under the terms of the sales tax sharing agreement, the County currently pays the City of Redlands 90% of the County discretionary sales tax revenue generated in this area.

Potential Annexations and Incorporations

Based on recent estimates, and adjusted for recent annexations, approximately 31.4% of the County's discretionary sales tax revenue is generated in the unincorporated portion of the spheres of influence of the 24 cities that are within the County's boundaries. A sphere of influence is a 'planning boundary' within which a city or district is expected to grow over time. Therefore, the areas within these spheres are likely to be annexed, and once annexed, the discretionary sales tax revenue generated in that area will go to the city instead of the County. The County would also lose sales tax revenue if a community in the unincorporated area of the County decided to create a new city (incorporate).

One-Time Use Tax Revenue

Not included in budgeted Sales Tax revenue is \$4.0 million of one-time use-tax revenue estimated to be generated from numerous major construction projects underway in the County's unincorporated area. This revenue would normally be distributed to the County, and cities within the County based on their percent share of countywide sales tax revenue. However, due to the efforts of the Economic Development Department working with companies doing this construction, 100% of that revenue is being allocated to the County. Because this revenue is one-time in nature, it is budgeted as Operating Transfers In (one-time) instead of sales and use tax revenue.

Net Interest Earnings

Net interest earnings for 2012-13 are projected at \$20.4 million. This is \$0.8 million lower than 2011-12 actual revenue. The decrease is due to lower available investment rates and lower interest and penalties from delinquent property taxes from the County's Teeter Plan. For more information see the section titled 'The Teeter Plan'.

COWCAP (Countywide Cost Allocation Plan) Revenue

The budgeted COWCAP Revenue amount reflects the recovered allowable costs included in the 2012-13 Countywide Cost Allocation Plan (COWCAP) published by the Auditor-Controller/Treasurer/Tax Collector. COWCAP revenue is reimbursement for overhead/indirect costs incurred by the general fund. Reimbursements are received from various state and federal grant programs (that permit such reimbursement) and fee supported general fund departments and taxing entities such as the County Library and Board-governed Special Districts. The County anticipates an increase in COWCAP revenue in an amount of \$6.5 million from these departments and agencies in 2012-13.

In 2011-12, the County began charging COWCAP to general fund departments that receive net county cost to fund their programs. This was a change in practice, since net county cost then needed to be allocated to these

departments to pay for these COWCAP charges. To ensure that the full cost of providing services was included in the development of fees for departments that charge for services, locally funded general fund departments began paying COWCAP, using an increased net county cost allocation. For 2012-13, COWCAP charges for these departments fell by \$11.1 million, which is offset by a decrease in their net county cost allocation in the same amount.

The impact to COWCAP revenue that is reimbursed (an increase of \$6.5 million) and that is funded with net county cost (a decrease of \$11.1 million) is an overall decrease of \$4.6 million from 2011-12 Adopted Budget. Of the total COWCAP revenue budget of \$53,996,755, \$27,622,092 is budgeted reimbursement from paying departments, and \$26,374,663 is funded with net county cost.

Property Tax Admin Revenue

Property Tax Administration revenue consists of:

- SB 813 cost reimbursement, which represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.
- The property tax administrative fee, which is allowed by the legislature, recovers a portion of the County's cost of the property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort. School Districts are not required to pay their share of this fee, so not all county costs are recovered.

This revenue is projected to decline by approximately \$1.0 million from 2011-12 actual receipts. This decline reflects a \$1.0 million positive correction to the 2011-12 revenue amount, that is eliminated in 2012-13.

Recording Fee Revenue

The Recorder Division of the Assessor/Recorder/County Clerk's Office collects certain fees for the official recording of documents. Recording Fees are expected to remain flat as compared to 2011-12 receipts.

State and Federal Aid

State and Federal aid consists of a payment from the welfare realignment trust fund, which replaced the state revenue stabilization program, and SB90 reimbursements from the state. It also includes revenues received from the federal government's Payment in Lieu of Taxes (PILT) program. The Emergency Economic Stabilization Act of 2008 (Public Law 110-343) was enacted on October 3, 2008 and authorized full funding for the PILT program from 2008 through 2012, which will generate approximately \$1.0 million in additional PILT revenue annually. 2012-13 is the last year that this additional PILT revenue will be received. The Board of Supervisors approved placing this additional \$1.0 million in the High Desert Fire Station Reserve.

Other Revenue

Other revenue includes voided warrants issued by the County, projected transfers of unclaimed property tax refunds to the general fund, the county share of vehicle code violation revenue, and other miscellaneous revenues. Beginning in 2012-13, Other Revenue no longer includes overhead charges recovered through city law enforcement contracts with the Sheriff/Coroner/Public Administrator, which, in 2011-12, totaled \$2.8 million. This overhead charge is now being retained by the Sheriff/Coroner/Public Administrator since they are being charged the full amount of COWCAP expense and are only being funded for the locally funded portion of these costs.

Other Funding Sources

Fund Balance and Reimbursements

The 2011-12 year-end fund balance for the general fund is \$74.6 million. In the 2011-12 4th Quarter Budget Report, approved by the Board in August 2012, \$14.2 million of this fund balance was set-aside in the Property Tax Administration Fee Reserve. This leaves a revised fund balance of \$60.4 million (\$50.2 million available for County operations and \$10.2 million for Board Discretionary funding allocations).

Use of Reserves

The 2012-13 budget anticipates the use of the full amount of the High Desert Fire Station Reserve, which will fund a \$2.6 million contribution to the fire station at Needles and a \$2.4 million contribution to the fire station at Spring Valley Lake.

Operating Transfers In

Operating transfers in primarily include \$17.0 million of ongoing tobacco settlement funds to provide \$15.0 million of ongoing funding for debt service on the Arrowhead Regional Medical Center and \$2.0 million of ongoing funding for Public Health, \$5.0 million of ongoing Courthouse and Criminal Justice Construction funds to fund debt service on the Foothill Law and Justice Center, and the return of \$17.0 million in one-time money from the Capital Improvement Program previously allocated to the Crime Lab project. The Crime Lab project is currently being redesigned. Operating transfers in also includes approximately \$4.0 million in estimated one-time use tax revenue that is discussed in the section titled Sales and Use Tax.

Countywide discretionary revenue is allocated as net county cost to various general fund departments within the County. The pie chart below shows what percentage of the net county cost is allocated to each of the groups.

Percentages may not add to 100% due to rounding.

The schedule on the following page shows a comparison of 2011-12 final net county cost and 2012-13 adopted net county cost by department. This schedule also includes appropriation and revenue, including operating transfers, which are mechanisms to move funding between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the department's appropriation and revenue. Operating transfers are excluded from the countywide appropriation and revenue summaries presented in the County Budget Summary section of the 2012-13 Adopted Budget book, as their inclusion would overstate countywide appropriation and revenue on a consolidated basis.

NON-DEPARTMENTAL BUDGET UNIT

The non-departmental budget unit includes discretionary revenue of the general fund that is detailed in the table titled 'Countywide Discretionary Revenue Which Pay for Net County Cost' found earlier in this section of the budget book.

APPROPRIATION

	2011-12 Adopted Budget	2011-12 Final Budget	2011-12 Actual	2012-13 Adopted Budget

Total Expenditure Authority	7,500,000	7,794,705	1,272,173	7,500,000

Non-departmental appropriation pays for countywide expenditures not allocable to a specific department, and interest expense on the County's annual Tax and Revenue Anticipation Notes. The net interest earnings revenue reported in the table titled 'Countywide Discretionary Revenue Which Pay for Net County Cost' is reduced by these expenditures.

In addition to expenditures, this budget unit also includes operating transfers out which are transfers of cash to fund programs accounted for outside of the general fund.

GENERAL FUND – FIVE-YEAR OPERATING FORECAST, 2011-12 THROUGH 2015-16

Long-term financial planning is an effective tool for creating sustainable budgets and providing fiscal stability beyond the annual budget horizon. Long term financial planning is a strategic process that provides governments with the insights and information needed to establish multi-year budget solutions and financial policies and actions that maintain good fiscal health. The County creates a five-year operating forecast for the purpose of providing the Board of Supervisors with a framework for use in decision-making in order to maintain and continue the fiscal health of the County to ensure and enable a plan for the provision of services and capital assets.

The forecast is updated annually and is not a budget. It does not establish policy or priorities, it simply summarizes fiscal capacity. The forecast identifies key factors that affect the County's fiscal outlook and assesses how difficult balancing the budget may be in the future. It helps the County to understand the fiscal challenges ahead and the need to establish priorities.

The forecast is developed using a baseline environment, that is, revenues and expenditures are projected based primarily on trend analysis, specific circumstances and present level of services provided by the County. This forecast is not a prediction of what is certain to happen but rather a projection of what will occur in the absence of any mitigating actions or changing circumstances. As such, this plan highlights significant issues or problems that must be addressed in order to maintain a structurally balanced budget.

Significant Issues Impacting the General Fund:

- Salaries and Benefits are projected to increase. The increase in the forecast reflects only current negotiated agreements between the County and employee representation units, and includes costs for budgeted positions.
- Retirement costs are anticipated to increase, in part, due to market losses incurred by the County's pension system.
- Additional Staffing for the Adult Detention Center Expansion will require a significant amount of funding beginning in 2013-14.
- The reduction in property tax revenue for County Fire increases the general fund subsidy required to maintain needed fire services and replace aged emergency fire vehicles.

The following table summarizes the County's five-year financial forecast as it relates to ongoing expenditures funded with ongoing discretionary revenue in the County General Fund. The forecast shows that although revenues are beginning to stabilize, cost increases create continued structural issues that need to be addressed.

Measures have been implemented by the County to eliminate the structural deficit of \$47.2 million in 2011-12, which leaves a remaining structural deficit of \$91.5 million for fiscal years 2012-13 to 2015-16. Due to the projected budget gaps and operating cost pressures, the County Administrative Office has developed a strategic plan to address the \$91.5 million cumulative structural budget deficit for the remaining four years. The plan maintains a structurally balanced budget for 2012-13 and future years. This strategic plan is detailed in the County Strategic Plan section of the 2012-13 Recommended Budget Executive Summary book. The process of developing this plan began by identifying several critical areas which have, or are expected to have, an impact on the financial condition of the County in 2012-13. Once the critical issues were identified, specific measures have begun to be implemented. The County anticipates it will adhere to policy, make the necessary tough decisions, and adopt a structurally balanced budget each fiscal year.

CONTINGENCIES

The County Contingencies includes the following elements:

Contingencies

Mandatory Contingencies

Board Policy requires the County to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1.5% of locally funded appropriation.

Uncertainties Contingencies

Any unallocated funding available from current year sources (both ongoing and one-time) that has not been set-aside and any unallocated fund balance carried over from the prior year, is budgeted in the contingencies for uncertainties. Adopted budget action includes a provision that allocates any difference between estimated and final fund balance to this contingencies account.

2011-12 Changes to Uncertainties Contingencies

In 2011-12 quarterly budget reports resulted in positive adjustments to the Uncertainties Contingencies of \$16,722,817 as follows:

- \$9,264,703 decrease due to \$23,029,376 in revenue increases, \$354,213 in reserve uses and \$32,648,292 in expenditure increases. This reflects the budget adjustments for the first quarter of 2011-12.
- \$141,675 decrease to fund a contract in Land Use Services to conduct a Development Impact Fee analysis and recommended fee structure for the County.
- \$706,619 decrease due to \$1,692,401 in revenue decreases offset by \$985,782 in expenditure decreases. This reflects the budget adjustments for the second quarter of 2011-12.
- \$11,780,606 increase due to \$6,656,015 in revenue decreases, offset by \$7,436,621 in expenditure decreases and an \$11,000,000 decrease in the contribution to reserves. This reflects budget adjustments for the third quarter of 2011-12.
- \$15,055,208 increase due to \$118,101,827 in revenue decreases and \$17,796,277 in additional reserve contributions offset by \$150,953,312 in expenditure decreases. This reflects budget adjustments for the fourth quarter of 2011-12.

2012-13 Mandatory Contingencies

The base allocation to the mandatory contingencies is \$8,392,345, the amount required pursuant to County policy, based on projected locally funded appropriation of \$559.5 million.

2012-13 Uncertainties Contingencies

The amount in the uncertainties contingencies represents the 2012-13 funding sources not appropriated for expenditure in the general fund.

RESERVES

The County has a number of reserves that have been established over the years. Some are for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The general purpose reserve are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. On January 6, 1998, the Board of Supervisors adopted a County policy to provide guidelines and goals for reserve levels. The current policy states the County General Purpose Reserve should be targeted to equal 20% of locally funded appropriation. The Board of Supervisors also established specific purpose reserves to temporarily help meet future needs.

2011-12 Contributions

The Fund Balance and Reserve Policy, revised in June 2011, calls for a General Purpose Reserve targeted at 20% of locally funded appropriation, up from the previous target of 10%. For 2011-12 the general purpose reserve is increased by \$5.5 million. This brings the balance in the General Purpose Reserve to 11.3% of locally funded appropriation. The revised Fund Balance and Reserve Policy calls for continued annual contributions of one-time sources to this reserve until the 20% target is achieved.

- \$9.0 million contribution to the Reserve for a New Property Tax System.
- \$1.0 million contribution to the High Desert Fire Station Reserve.
- \$3.6 million contribution to establish an Earned Leave Reserve for employee leave liabilities funded with County discretionary sources.
- \$14.2 million contribution to establish a Property Tax Admin Fee Reserve which sets aside funding to address exposure to litigation by the cities regarding this fee.

2011-12 Uses

- \$4,000,000 use of the Capital Projects Reserve to be contributed towards the funding of the Downtown Building Project.

- The Business Process Improvement Reserve is eliminated in 2011-12.

2012-13 Adopted Contributions and Uses

For 2012-13 the General Purpose Reserve is increased by \$5,594,897. This brings the balance of the General Purpose Reserve to \$70,830,305, or 12.7% of locally funded appropriation. The adopted budget also includes:

- \$1.0 million contribution to the High Desert Fire Station Reserve.
- The use of the entire \$5.0 High Desert Fire Station Reserve, which will fund a \$2.6 million contribution to a fire station in Needles, and a \$2.4 million contribution to a fire station at Spring Valley Lake.

The chart below shows recent history of the County Reserve levels.

COUNTY DEBT POLICY

The County has a separate policy that covers the issuance, management and administration of the County's portfolio of long term debt. The policy requires, in general, that:

1. Debt will not be used to finance ongoing operational costs.
2. Whenever possible, the County will pursue alternative sources of funding in order to minimize the level of debt.
3. That whenever practical, voter approval on the method of debt shall be utilized.

More specifically, the policy includes guidelines on the following elements:

1. The policy allows for the issuance of variable rate obligations to the extent that they do not exceed 25% of total debt outstanding.
2. The policy details the guidelines to be followed prior to the issuance of variable rate debt including feasibility, structure, and annual analysis to determine advisability of conversion to fixed rate debt.
3. The policy requires that the term of bonds be no longer than the economic useful life of the property, or in excess of available payment streams.
4. The policy requires annual review of the County's portfolio of long term obligations to initiate any type of restructuring, refunding, or refinancing beneficial to the County.
5. The policy outlines requirements for the investment of bond proceeds.
6. The policy outlines the responsibilities of the County's Debt Advisory Committee, which is a formal committee of the Board of Supervisors. These responsibilities include oversight and review of all debt policy and debt issuance activities and to make recommendations to the Board of Supervisors regarding appropriate actions on debt matters.

CASH FUNDED PROJECTS

As detailed above, County policy requires prudent management of liabilities and, whenever possible, alternative sources of funding in order to minimize the level of debt. In the past several years, the County has satisfied certain portions of its capital needs without the issuance of long term debt. This includes the major projects listed below:

- The cash purchase of the Adelanto Adult Detention Facility. This project was completed in January 2006.
- The cash purchase and renovation of an office building in downtown San Bernardino. This project was completed in July 2007.
- The cash funding of a major remodel of the 6th floor of the Arrowhead Regional Medical Center to convert it from administrative space to a medical/surgery wing. This project was completed in October 2009.
- The cash funding of a new medical office building at the Arrowhead Regional Medical Center. This project was completed in September 2010.
- The cash funding of a new High Desert Government Center in Hesperia. This project was completed in October 2010.
- The cash funding of the new Central Valley Juvenile Detention and Assessment Center. This project was completed in February 2011.
- The cash funding of the County's portion of the Adelanto Adult Detention Facility Expansion which is funded by a combination of state grant monies and a County contribution. Construction commenced in December 2010. Estimated project completion is late 2013.
- The cash funding of a Downtown Building Project in the City of San Bernardino (in progress).
- The cash funding of a Public Safety Operations Center at the High Desert Government Center. Estimated completion date is June 2013.

COUNTY BUDGETING POLICY AS IT RELATES TO LONG TERM DEBT

The County's Budgeting Policy includes policies related to long term debt of the County. These include:

1. Retirement System Funding - Requires that the Board first consider setting aside any savings related to negative Unfunded Accrued Actuarial Liability to fund a reserve for reduction of any existing pension obligation bonds or as a hedge against future interest rate increases.
2. Use of Variable Rate Interest Savings - Requires that when amounts budgeted for variable rate interest expense on long-term debt exceeds actual variable rate interest expense for the year, that such savings will be used in the succeeding fiscal year to reduce the outstanding principal of long-term debt. This applies only to debt service paid from discretionary revenue sources of the general fund. It is normal for budgeted amounts to exceed actual amounts because debt covenants require conservative budgeting of variable rate interest expense.

Note: The County currently has no variable rate debt service that is paid from discretionary revenue sources of the general fund. The County optionally redeemed all such certificates of participation in September 2010.

3. Use of Savings from Interest Rate Swap Agreements Associated with the Issuance of Debt - Requires that any County benefit realized on interest rate swap agreements, when there is a potential mismatch between swap payments and debt service payments, be retained as a contingency to offset the County's share of increases in debt service caused by the swap agreement. This contingency amount will not exceed \$5.0 million per interest rate swap agreement.

Note: The County currently has no interest rate swaps outstanding and has no plan to enter into an interest rate swap.

COUNTY LONG TERM DEBT

The following discussion relates to long-term debt backed by the full faith and credit of the County's general fund⁽¹⁾. Other long term debt, such as that of the County's special districts are included in separate budget documents prepared for those entities.

The County's outstanding long term debt has been issued for the following purposes:

- To finance or refinance construction and improvement of County structures.
- To refinance County pension obligations.
- To finance improvements at the County owned landfills.

The County finances such projects with a variety of debt instruments. For construction and improvement projects, and for the improvement projects at the County landfills, the County has utilized lease obligations with a non-profit public benefit corporation. Such obligations are in the form of Certificates of Participation and, for the 2012 refinancing of the West Valley Detention Center, a Private Placement with a financial institution. For pension obligations the County has issued Pension Obligation Bonds.

(1) In June of 2007 the County privately placed \$18.4 million of revenue bonds for Courthouse improvements. These bonds are secured solely by a surcharge on civil filings that is collected by the local courts. These bonds are not backed by the County's general fund and are, therefore, not included in this discussion. For more information on the surcharge revenues see the 'Courthouse Seismic Surcharge' budget unit on page 370.

As of June 30, 2012, the County's long term obligations include debt issued to finance or partially finance the following projects:

- Construction and equipping of the Arrowhead Regional Medical Center
- Construction of the West Valley Detention Center
- Construction of the Foothill Law and Justice Center and hangars at the Chino Airport
- Improvement projects at County landfills
- Refinancing of a portion of the County's Unfunded Accrued Actuarial Liability in the years 1995, 2004 and 2008.

Significant 2011-12 Debt Related Actions

In March 2012, the County refinanced its 2001/02 West Valley Detention Center certificates of participation. The refinancing was privately placed with Bank of America Public Capital Corp. This refinancing resulted in net present value savings of \$3.4 million and annual debt service savings of approximately \$0.5 million.

A summary of long term debt issuances of the County, which includes a reference to the section of the book where the obligation is budgeted, is included on the following pages.

EFFECTS OF EXISTING DEBT LEVELS ON CURRENT AND FUTURE OPERATIONS

Debt service on the Certificates of Participation and Pension Obligation Bonds referenced in the previous schedules will not negatively affect current or future operations of the County. In aggregate, current required debt service expenditures remain relatively level (increasing less than 5% per year) for all fiscal years through 2022-23 and then drop significantly in succeeding years.

OTHER LONG TERM DEBT

The County Library has a note payable to the California Infrastructure and Economic Development Bank for funds borrowed to finance the construction of a library in Apple Valley. This note is backed by the full faith and credit of the general fund; however it is paid from and budgeted in the County Library budget, found in the Operations and Community Services section of this budget book. The outstanding principal amount of this note as of June 30, 2011, the last date for which audited information is available, was \$1,557,153. Annual debt service on this obligation is approximately \$109,000 per year through fiscal year 2030-31.

LEGAL DEBT LIMIT

The County's legal debt limit, which applies only to General Obligation Bonds, is 1.25% of Assessed Valuation. As of June 30, 2011, the last date for which audited information on outstanding debt is currently available, the County's Debt limit and legal debt margin were calculated as follows:

	(1)	(1)	(1)	(1)
Fiscal Year	Assessed Valuation	Legal Debt Limit	Bonded Debt	Legal Debt Margin
2010-11	166,254,714	2,078,184	1,300	2,076,884

(1) Amounts in thousands

The County general fund has no outstanding General Obligation Bonds, and therefore no debt service payments for General Obligation Bonds are budgeted in this document. The Bonded Debt referred to in the table above is the debt of County Service Areas and is included in the budget document published by Special Districts.

CALIFORNIA GOVERNMENT CODE

Government Code Sections 29000 through 29144 and Section 30200 provide the statutory requirements pertaining to the form and content of the State Controller's prescribed Line-Item Budget. Government Code Section 29009 requires a balanced budget in the recommended, adopted, and final budgets, defined as "the funding sources shall equal the financing uses".

COUNTY CODE

Title 1. Division 2. Chapter 2:

Section 12.0201:

On November 2, 2010, the County Code was amended to establish the position of Chief Executive Officer.

Section 12.0203:

The Chief Executive Officer shall be appointed by and serve at the pleasure of the Board of Supervisors.

Section 12.0206:

Under the supervision of the Board of Supervisors, and subject to the approval and direction and control thereof, the Chief Executive Officer shall be responsible for the performance of such duties and ministerial functions as may be placed in his or her charge by the Board of Supervisors, and in connection therewith, shall report to the Board from time to time the status and enforcement of the Board's policies, rules, and regulations.

The Chief Executive Officer shall, among others:

- Act as the primary administrative advisor to the Board of Supervisors on all matters relating to the efficient and economical administration of county government.
- Provide budgetary, fiscal, and administrative support, oversight, and direction as it pertains to Board of Supervisors' policy and procedures for all elected and all Board of Supervisor appointed department heads and their agencies and departments.
- Supervise, in cooperation with the County Auditor, the preparation of the annual County Budget. In the performance of this duty, the Chief Executive Officer shall review all departmental and agency requests and all items in the recommended budget, including revenues, expenditures, and reserves. He or she shall submit his or her recommended budget to the Board of Supervisors.
- Review all departmental and agency requests for adjustments and transfers of appropriations from contingencies and among budget units and make recommendations on them to the Board of Supervisors.

Section 12.0211:

Pursuant to Government Code § 29125, the Board of Supervisors designates the Chief Executive Officer as the County officer with the authority to approve, with respect to an adopted budget, any transfers and revisions of appropriations, objects, and sub-objects within a budget unit.

BASIS OF ACCOUNTING

Governmental fund types are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued if their receipt occurs within sixty days after the end of the accounting period, and recognized as revenue.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Exceptions to this general rule include the following: principal and interest on long-term debt is recognized when due; prepaid expenses are reported as current period expenditures rather than allocated; and accumulated unpaid vacation, sick leave and other employee benefits are reported in the period due and payable, rather than in the period earned by employees.

Proprietary fund types are accounted for on the accrual basis of accounting. Their revenues are recognized in the period earned and expenses are recognized in the period incurred.

BASIS OF BUDGETING

Governmental Funds:

An operating budget is adopted each fiscal year for the governmental fund types in accordance with provisions of the County Budget Act. The County's financial statement, the Comprehensive Annual Financial Report (CAFR), is prepared using generally accepted accounting principles (GAAP). Budgets for the governmental fund types are adopted with the following differences from GAAP:

Encumbrance accounting is employed in governmental funds. For budget purposes, outstanding encumbrances (which represent the unspent amounts of purchase orders and contracts funded in the fiscal year), are treated as expenditures in that fiscal year. This affects only the "actual" data that appears in that budget book. For GAAP purposes, in the fund financial statements of the CAFR, encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures and liabilities. Appropriation for these encumbrance commitments survive the expiration of the fiscal year to the extent that encumbrances exist. Encumbrances cancelled subsequent to the end of the fiscal year also cancel the underlying appropriation.

On a budgetary basis, unrealized gains and losses on the fair value of investments are not recognized. For GAAP purposes, such gains or losses are recognized.

Proprietary Funds:

The Board of Supervisors approves an annual spending plan for proprietary funds. Although the adopted expense estimates are not appropriation, these county funds have budgetary controls the same as those for the governmental fund types. Because these funds collect fees and revenues generally to cover the cost of the goods and services they provide, their accounting and budgeting bases are closer to commercial models. Budgeting, like accounting, is done on the accrual basis and generally according to GAAP.

COUNTY POLICIES

When building the 2012-13 budget, the following County policies were considered:

BUDGETING POLICY

The objective of the Budgeting Policy is to help ensure the County has adequate resources to meet its basic financial obligations, and to serve as a vehicle to help the County achieve financial continuity and stability. This policy will serve as a guide when preparing budget plans and quarterly budget reports for Board of Supervisors approval.

Balanced Budget

To obtain a balanced budget, total revenues, including carry-over fund balances, will equal the total fund appropriation and reserves. The annual operating budget will be structurally balanced upon adoption by the Board of Supervisors. One-time funds will not be used to fund ongoing operational costs, except within the context of a larger plan to balance ongoing revenues and expenses over a multi-year period, as detailed under "Use of One-Time Funding Sources". Significant budget variances and recommended actions will be reported to the Board of Supervisors on a quarterly basis.

Long Range Planning

As part of the annual budget process, the County will prepare a multi-year forecast of financial operations for the general fund. This forecast includes changes in costs to maintain current service levels and costs related to new programs or program enhancements. The County will project major revenues and expenditures of the general fund, and report significant findings and recommendations to the Board of Supervisors.

Appropriation Changes

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level (i.e., salaries and benefits, services and supplies, fixed assets, etc.) within budget units. Departments are expected to maintain expenditures within their budget authority as adopted by the Board of Supervisors. Any increase in appropriation in a budget unit after adoption of the budget shall be included in the quarterly budget reports and must be approved by a four-fifths vote of the Board of Supervisors. Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfers of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in the quarterly budget reports for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in the quarterly budget reports for Board of Supervisors approval.

Use of One-Time Funding Sources

The appropriation of carry-over fund balances and other one-time funding sources must be managed with care. These sources are most appropriately used to fund one-time expenses such as capital expenditures, start-up costs for new programs, or to supplement the general purpose reserve to attain the 20% target level as defined in the County's "Fund Balance and Reserve Policy". A goal is to invest one-time monies in a way that increases ongoing revenues and/or reduces ongoing expenses.

It is the policy of the County that one-time funds will not be used to finance ongoing operational costs, except within the context of a larger plan to balance ongoing revenues and costs over a multi-year period. Such a plan could involve short-term use of one-time funds to preserve essential public services where longer-term financial forecasts demonstrate the near-term future potential for ongoing revenues to fund those services.

Revenue Forecasting

Because of the complexity of the County budget, realistic projections of revenue are crucial to accurate budgeting. Revenue forecasting will be undertaken annually through a review of local historical revenue trends and analysis of federal, state, and local economic projections. Especially in regard to those revenues that tend to be most volatile and sensitive to changes in the economy, forecasting will involve analysis of economic, demographic, business cycle and other factors that might impact those revenues. These unpredictable revenues, including, but not limited to interest income and fees, will be estimated and budgeted conservatively. Revenue forecasts will not be based on straight-line assumptions.

Property Tax Revenue Stabilization

The County's discretionary revenue primarily comes from property taxes. Revenue growth rates can vary dramatically from year to year due to fluctuations in the economy and housing market. These fluctuations can result in insufficient revenue growth to fund increases in required governmental services during slow economic periods. This policy expands on the current policy of establishing ongoing set-aside contingencies for future County needs by appropriating anticipated property tax revenue growth, in excess of the lesser of 8% or of the average annualized rate of growth of actual revenues, to an ongoing revenue stabilization set-aside contingency. This ongoing revenue stabilization set-aside contingency will be made available for allocation in years when property tax revenue is anticipated to increase at a rate less than the average annualized rate of growth of actual revenues. For purposes of this paragraph, property tax revenue is defined as Current Secured (the current 1% general tax levy on locally assessed secured property on the assessment roll) and VLF/Property Tax Swap (the County's "vehicle license fee adjustment amount" as defined in Section 97.70 of the Revenue and Taxation Code) received by the County general fund. The average annualized rate of growth of actual revenues will be calculated using the most recent fifteen years' worth of data.

Any unspent money from this ongoing revenue stabilization contingency set-aside in a given year will be used to prepay or defease debt in the subsequent year, fund large County projects, supplement reserves or fund any other one-time costs the Board of Supervisors may direct.

Prop 172 Revenue Stabilization

The County's Prop 172 Sales Tax revenue can only be used for local public safety activities and is allocated to the Sheriff/Coroner/Public Administrator, District Attorney and Probation Departments. Revenue growth rates can vary dramatically from year to year due to fluctuations in the economy and retail spending. These fluctuations can result in insufficient revenue growth to fund increases in required public safety activities. When this occurs, the County general fund may temporarily allocate financial resources away from other important County programs as a backfill to offset the Prop 172 revenue shortfall. The County will set-aside any Prop 172 revenue in excess of the lesser of 8% or of the average annualized rate of growth of actual revenues, to an ongoing Prop 172 revenue stabilization set-aside contingency. This ongoing Prop 172 revenue stabilization set-aside contingency will only be used to fund Prop 172 base restoration or the cost to maintain current services in years when Prop 172 revenue is anticipated to increase at a rate less than the average annualized rate of growth of actual revenues. The average annualized rate of growth of actual revenues will be calculated using the most recent fifteen years' worth of data.

Any one-time unspent money from this ongoing Prop 172 revenue stabilization contingency set-aside or other available one-time Prop 172 amounts that fall into fund balance at the end of the fiscal year will be used as follows: first, to reduce the amount contributed by the County General Fund from its discretionary revenue sources until such time as the prior General Fund backfills of Prop 172 shortfalls are recouped, and second, to address one-time costs for public safety activities.

Encumbrances

An encumbrance is not an actual expenditure or a liability but merely a reserve of budgetary appropriation in a given fiscal year. Expenditures and/or liabilities are recorded when, and if, goods are actually provided or services are actually rendered. Encumbrances will remain in the originating year for multi-year non-recurring projects, grant funded projects, purchase of fixed assets with extensive leave time, and projects deemed necessary by the County Administrative Office. Each December, departments are required to justify previous fiscal year's encumbrances and either cancel the encumbrance or roll forward the encumbrance. If the department decides to roll forward the encumbrance, the amount to be spent in the new fiscal year must be re-budgeted as an appropriation and therefore use new fiscal year funding sources.

Program Efficiency and Performance Measurement

Efficiency and economy in the delivery of County services is a top priority. The County integrated performance measures within the budget. County departments will be encouraged to make productivity improvements within their service delivery areas.

Retirement System Funding

Careful management of financial resources to pay retirement costs is critical to the County's long-term financial health. Accordingly, for any savings resulting from negative Unfunded Accrued Actuarial Liability (UAAL) contribution rates, the Board of Supervisors will first consider setting aside these savings in a reserve for reduction of any existing pension obligation bonds or as a reserve against future rate increases.

Risk Management Self-Insurance Funds

The County will maintain an 80% confidence level in all Risk Management self-insurance funds as determined by a yearly actuarial study.

Grant Funding

The County will aggressively pursue opportunities for federal, state or local grant funding including private foundations. An aggressive policy of pursuing opportunities for federal or state grants provides citizens with the assurance that the County is striving to obtain all state and federal funds to which it is entitled – thereby reducing dependence on local taxpayers' funds. However, prior to applying for, and accepting such intergovernmental aid, the County will consider the current and future implications of either accepting or rejecting the grant. That consideration shall include: 1) the amount of matching local funds required; 2) in-kind services to be provided; 3) length of grant, and whether the County is required to continue the service after the

grant has ended; and 4) related operating expenses. The County shall also assess the merits of any individual grant program as if it were funded with local tax dollars.

Use of Variable Rate Interest Savings

Covenants in debt instruments require conservative budgeting of variable rate interest expense. When amounts budgeted for variable rate interest expense for such debt instruments exceed actual interest expense for the year, such savings will be used in the succeeding fiscal year to reduce the total outstanding principal amount of long-term debt. This policy will apply only to interest savings/debt instruments that are paid from discretionary revenue sources of the County's general fund.

Use of Savings from Interest Rate Swap Agreements Associated with the Issuance of Debt

It is the policy of the Board that any benefit realized on interest rate swap agreements where the swap payment received by the County and the actual debt service payment due from the County are not equal per the terms of the swap agreement, be retained as a contingency to offset the County share of any future increases in debt service caused by the swap agreement. This contingency amount will not exceed \$5.0 million dollars per interest rate swap agreement. The contingency will be retained in the fund that is responsible for payments under the swap.

Intent to Recover Full Cost of Service

The full cost of service should be calculated for all County services to provide a basis for setting fees or charges. Full cost should include direct and indirect costs. This calculation shall be reviewed and updated annually.

CONTINGENCY POLICY

The objective of the Contingency Policy is to help protect the County from unforeseen increases in expenditures or reductions in revenues, or from extraordinary events that might otherwise substantially harm the fiscal health of the County. In so doing, it is also intended to help avoid undue service level fluctuations during periods of economic instability. This policy will serve as a guide when preparing budget plans and quarterly budget reports for Board of Supervisors approval.

General Fund – Mandatory Contingencies

The County will maintain an appropriated contingency in the General Fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting the County's operations that could not have been reasonably anticipated at the time the budget was prepared. Funding shall be targeted at no less than 1.5% of locally funded appropriation. Locally funded appropriation are those funded by countywide discretionary revenue, such as unrestricted property tax, sales tax, interest income, and other revenues not linked to specific programs, and by ongoing operating transfers in. In the event the locally funded appropriation declines from the previous year, the mandatory contingencies shall have no downward adjustments.

General Fund – Ongoing Set-Aside Contingencies

Ongoing set-aside contingencies represent ongoing sources of funding that have been targeted for future debt obligations or planned future ongoing program/operational needs. Set-asides are appropriated as contingencies and approved during the formal adoption of the budget. Any balance of such contingency set-asides remaining at the end of the fiscal year shall be transferred into a corresponding general fund reserve account as of June 30.

General Fund – Uncertainties Contingencies

Any unallocated funding available from current year sources (both ongoing and one-time) that has not been set aside and any unassigned fund balance carried over from the prior year, will be budgeted as Uncertainties Contingencies. The use of these contingencies requires prior approval by the County Administrative Office before obtaining approval by the Board of Supervisors. The County Administrative Office will only recommend uses as a last resort, and only if the requesting department: 1) has no other unanticipated sources of funding to appropriate, and 2) has no other appropriation within its own budget unit to cover the budget overrun, and 3) has no appropriation available in another fund that it controls that can be legally applied to cover the budget overrun.

Restricted Fund – Prop 172-Contingencies

Restricted Proposition 172 sales tax revenues are used solely for public safety programs. The County has allocated using the funds solely for funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departmental programs. The County will maintain an appropriated contingency to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting this restricted funding stream that could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency for the Prop 172 fund shall be targeted at no less than 10% of the current year's budgeted Prop 172 revenue. Said contingencies shall be budgeted at the 10% level separately for each department receiving Prop 172 revenues.

Restricted Funds – Realignment – Contingencies

Restricted Realignment funds from dedicated sales tax and vehicle license fee revenue are used in funding mental health, social services and health programs within the County. The County will maintain an appropriated contingency within these funds to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting these restricted funds which could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency for Realignment funds shall be targeted at no less than 10% of the current year's budgeted Realignment revenues. Said contingencies shall be budgeted at the 10% level separately for each program receiving Realignment revenues.

Master Settlement Agreement Fund – Contingencies

Master Settlement Agreement funds from the tobacco settlement lawsuit are used to fund health related expenditures. The County will maintain an appropriated contingency within the Master Settlement Agreement fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting this fund that could not have been reasonably anticipated at the time the budget was prepared. The appropriation for contingency within this Master Settlement Agreement Fund shall be targeted at no less than 10% of the current year's budgeted Master Settlement Agreement revenues.

FUND BALANCE AND RESERVE POLICY

The objective of the Fund Balance and Reserve Policy is to help ensure the County maintains a minimum level of unassigned fund balance designated as general purpose reserve to meet seasonal cash flow shortfalls, revenue shortfalls, unanticipated expenditures, economic downturns or a local disaster. The policy also addresses the circumstances under which unassigned fund balance can be "spent down" and how the unassigned fund balance will be replenished if it falls below the established minimum.

General Fund – New Classification of Fund Balance (Per the Government Accounting Standards Board-GASB)

Previously the fund balance in the General Fund was classified as Reserved and Unreserved (delineated further as designated and undesignated) for accounting purposes. Reserved fund balance is legally restricted funds established for a future specific use and is not available for general appropriation. Unreserved/designated fund balance has been set-aside by the Board of Supervisors for a specific purpose. Unreserved/undesignated fund balance is available for those uses the Board deems necessary and is typically described as "fund balance available for appropriation" in budget reports.

GASB has issued Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions. This statement is effective for financial statements with periods beginning after June 15, 2010. Therefore, effective the fiscal year beginning July 1, 2010, the above classifications will be replaced with five new categories: nonspendable, restricted, committed, assigned, and unassigned. Although only the General Fund is addressed in this policy, Statement No. 54 applies to the Special Revenue, Debt Service, Capital Project and Permanent funds as well. The fund balance will be reported in the following five new categories, representing a hierarchy in most restrictive (1) to least restrictive (5):

1. Nonspendable Fund Balance: Amounts cannot be spent because they are: (a) not in spendable form or (b) legally or contractually required to be maintained intact. Due to the nature or form of the resources, they generally cannot be expected to be converted into cash or a spendable form. These fund balance amounts are automatically recorded each year by the Auditor-Controller/Treasurer/Tax Collector to match the balances of the associated balance sheet account codes. No Board action is required to change these amounts.

2. Restricted Fund Balance: Amounts are restricted by external parties, i.e., creditors, grantors, contributors, or laws/regulations of other governments or restricted by law through constitutional provisions or enabling legislation. Restrictions may be changed or lifted only with the consent of the resource provider.
3. Committed Fund Balance: Amounts that can only be used for a specific purpose pursuant to constraints imposed by formal action of the government's highest level of decision making authority. The formal action must occur prior to the end of the reporting period, however, the amount may be determined in the subsequent period. These are self-imposed limitations on available resources. These committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same action it employed to previously commit those amounts. These committed amounts would be approved and adopted by formal action of the Board.
4. Assigned Fund Balance: Amounts constrained by the government's intent to be used for specific purposes that are neither restricted nor committed. The intent will be expressed by the body or official to which the governing body has delegated the authority, i.e. the County Administrative Office.
5. Unassigned Fund Balance: The General Fund, as the principal operating fund, often will have net resources in excess of what can properly be classified in one of the four categories already described. Therefore, in order to calculate unassigned fund balance, total fund balance less nonspendable, restricted, committed, or assigned equals unassigned fund balance. This amount is available for any purpose and will be placed in either the General Purpose Reserve, General Fund – Mandatory Contingencies or the General Fund - Uncertainties Contingencies until allocated for a specific purpose by the Board, by a four-fifths vote.

Unassigned Fund Balance – General Purpose Reserve

An adequate amount of General Purpose Reserve is essential to the financial strength and flexibility of the County. The General Purpose Reserve has no identified contingent liability or specific future use. It is intended for unanticipated major emergencies; to allow a transition period when key economic indicators point to recession likely to substantially reduce county revenues and increase safety net expenditures; and to ensure the County's ability to make debt service payments in periods of declining general purpose revenues. The County shall establish an unassigned fund balance designated as General Purpose Reserve for the General Fund targeted at 20% of locally funded appropriation based on adopted budget. Locally funded appropriation are those funded by countywide discretionary revenue, such as unrestricted property tax, sales tax, interest income, and other revenues not linked to specific programs, and by ongoing operating transfers in. The unassigned fund balance designated as General Purpose Reserve shall be built up with one-time sources until the established target is achieved. In the event the locally funded appropriation declines from the previous fiscal year, the General Purpose Reserve shall have no downward adjustments. Increases to the General Purpose Reserve generally are only made once at the beginning of the fiscal year.

Unassigned Fund Balance – Mandatory Contingencies

The County shall also maintain Mandatory Contingencies at a minimum of 1.5% of locally funded appropriation based on adopted budget. The amount needed to fund the Mandatory Contingencies for the succeeding fiscal year will be categorized as unassigned fund balance. In the event the locally funded appropriation declines from the previous fiscal year, the Mandatory Contingencies shall have no downward adjustments. Increases to the Mandatory Contingencies generally are only made once at the beginning of the fiscal year.

Unassigned Fund Balance – Uncertainties Contingencies

The remaining unassigned fund balance amount not allocated to the General Purpose Reserve or Mandatory Contingencies will be included in Uncertainties Contingencies.

Unassigned Fund Balance Spend Down

Use of unassigned fund balance will be limited to nonrecurring expenditures, debt reduction, one-time capital costs or emergency situations (such as economic conditions or natural disasters). The County generally will use the Uncertainties Contingencies first, then the Mandatory Contingencies and finally the General Purpose Reserve allocation when using the unassigned fund balance.

The County recognizes that unforeseen events may cause the use of unassigned fund balance which will result in it falling below the established minimum. However, if this occurs, or is expected to occur within the five year planning cycle, the budget balancing strategies will be invoked to determine corrective actions. When

necessary, the following budget balancing strategies will be used in order of priority: 1) Seek other revenue opportunities, including new service fees or increase existing fees; 2) Reduce expenditures through improved productivity; 3) Reduce or eliminate services; 4) Reduce employee salaries and benefits. After evaluating and implementing where possible the above budget balancing strategies, the unassigned fund balance may be used as a temporary fix to address an ongoing budget gap if incorporated in a multi-year plan to balance ongoing revenues and expenses. A planned draw down of unassigned fund balance generally should not exceed 3% of locally funded appropriation in a given fiscal year.

Unassigned Fund Balance Replenish Procedures

Generally before the unassigned fund balance can be withdrawn below the target, a replenishment plan must be adopted. The unassigned fund balance shall be built up with one-time sources until the established target is achieved/replenished. One-time sources will be used to replenish reserves before using for one-time, non-emergency expenses.

DEBT POLICY

The objective of the County's Debt management policy is to minimize the amount of outstanding debt necessary to fulfill its infrastructure and economic development responsibilities, and maintain the County's ability to incur present and future debt at minimal interest rates. The use of debt shall not endanger the County's ability to finance essential County services. The County recognizes that capital markets change and unforeseen circumstances may occur resulting in situations that are not covered by this policy. In such situations, flexibility to modify certain policy requirements may be necessary to achieve policy goals.

General

Debt will not be used to finance ongoing operational costs. However, debt may be used, where economically efficient, to reduce or eliminate current long-term operational liabilities. Whenever possible, the County shall pursue alternative sources of funding, when cost effective, in order to minimize the level of debt.

Types of Debt

General Obligation Bonds (property tax supported) usage will be evaluated first since it is the least costly debt. Public support will be assessed for ballot placement due to the costs involved for an election. Revenue Bonds/Certificates of Participation may be considered for use where General Obligation Bonds are not practical. Short-term borrowing, such as commercial paper, bond anticipation notes, and lines of credit, will be considered as interim funding sources in anticipation of long-term financing.

Issuance

The County may elect to issue bonds/certificates of participation as variable rate instruments to provide flexibility and/or to attempt to achieve interest savings. There are guidelines to be considered when issuing variable rate debt: 1) Economic and cash flow projections for variable rate issues shall be calculated at the then applicable fixed rate. 2) The County will first consider structuring the principal and interest repayments related to the entire project for which the debt will be issued on an approximately equal annual basis over the life of the borrowing. 3) Total variable rate debt shall be limited to no more than 25% of total debt outstanding. 4) No less than annually, analysis of each outstanding variable rate bond issue shall be undertaken to determine the advisability of converting the issue to fixed-rate debt. 5) Variable rate bonds shall be structured to protect the County to the greatest extent possible against cyclical interest rate fluctuations.

Management

County financial management policies shall be designed to maintain a balanced relationship between debt service requirements and current operating costs, encourage growth of the tax base, actively seek alternative funding sources, minimize interest costs and maximize investment returns. In accordance with this principle, the following must be considered: 1) The County shall issue bonds with terms no longer than the economic useful life of the project. 2) The County shall obtain secured guarantees for bonds supported by a dedicated revenue source to the extent possible. 3) The County shall also obtain assurances of project viability and guarantees of completion prior to the issuance of bonds. 4) The County shall invest the proceeds of bond/certificates of participation sales to conform to State and County requirements to maximize investment security and earnings. 5) The County shall establish affordability guidelines in order to preserve credit quality, which may be suspended for emergency purposes, or because of unusual circumstances.

CAPITAL BUDGET POLICY

The objective of the Capital Budget policy is to ensure that the County maintains its public infrastructure in the most cost efficient manner. The County's capital budget will include as complete, reliable, and attainable cost estimates as possible.

Project cost estimates for the Capital Budget should be based upon a thorough analysis of the project and are expected to be as reliable as the level of detail known about the project. The plan for funding projected staffing, operation and maintenance, and utility costs must be identified as part of the approval process for each capital project. All Capital Budget proposals shall be formulated and presented to the Board of Supervisors within the framework of a general capital budget in conjunction with the operating County General Fund Budget. Capital projects will not be budgeted unless there are reasonable expectations that resources will be available to pay for them. Capital projects which are not encumbered or completed during the fiscal year will be re-budgeted or carried over to the next fiscal year, except as reported to and subsequently approved by the Board. All re-budgeted capital projects will be so noted in the Adopted Capital Budget. Similarly, multi-year projects with unencumbered or unexpended funds will be carried over to the subsequent year(s).

Periodic financial reports will be prepared to enable the County Administrative Office to monitor/manage the capital budget and compare actual program revenues and expenditures with budgeted amounts. The Board may take necessary action, including increasing appropriation or revenue, to maintain a balanced Capital Budget. Major capital assets will be inventoried and assessed on an annual basis to project long-term equipment replacement and maintenance needs.

INVESTMENT POLICY

The Investment Policy is prepared in accordance with California State Law, reviewed annually by the County's Treasury Oversight Committee and approved by the Board of Supervisors. The policy establishes cash management and investment guidelines for the County Treasurer, who is responsible for the management of the County Treasury Pool, which consists of the pooled monies held on behalf of the County, school districts, community college districts, and certain special districts within the county.

It is the policy of the County Treasurer to invest public funds in a manner which will preserve the safety and liquidity of all investments within the County investment pool while obtaining a reasonable return within established investment guidelines. The portfolio should be actively managed in a manner that is responsive to the public trust and consistent with state law. The County investment pool will be guided by the following principles, in order of importance 1) The primary objective of the County Treasurer when investing public funds is to safeguard investment principal; 2) The secondary objective is to maintain sufficient liquidity to ensure that funds are available to meet daily cash flow requirements; 3) The third objective is to achieve a reasonable rate of return or yield consistent with these objectives.

The Investment Policy contains a requirement that 40% of the County investment pool should be invested in securities maturing in one year or less, and the entire portfolio should maintain a duration-to-maturity of less than 1.5 years. Investments of the County pool are placed in those securities authorized by various sections of the California Government Code and the County's Investment Policy, which include obligations of the United States Treasury, agencies of the United States Government, local bond issues, bankers acceptances, commercial paper of prime quality, certificates of deposit (both collateralized and negotiable), repurchase and reverse repurchase agreements, medium term corporate notes, and shares of beneficial interest in diversified management companies (mutual funds). Investments in repurchase agreements cannot exceed a term of 180 days and the security underlying the agreement shall be valued at 102% or greater of the funds borrowed against the security.

With respect to reverse repurchase agreements, the Investment Policy provides for a maximum maturity of 92 days (unless the reserve repurchase agreement includes a written guarantee of a minimum earning or spread for the entire period of such agreement) and a limitation on the total amount of reverse repurchase agreements to 10% of the total investments in the County pool. Securities lending transactions are considered reverse repurchase agreements for purposes of this limitation.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Board of Supervisors (Board) include a reduction in operating expenses of \$356,277 primarily due to a reduction of \$434,060 related to COWCAP charges billed to the Board's budget units and an increase in the amount of central services charges associated with Board facilities totaling \$38,653. Staffing expenses are decreasing by \$21,816 due to changes in the composition of Board staff within the districts. Reimbursements include a reduction of \$122,113 primarily due to the loss of \$120,000 of Board approved, one-time funding from the Board Discretionary Fund to offset staffing costs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses make up the majority of the Board's expenditures within this budget unit for 2012-13. These expenses total \$6,175,435 and fund 44 positions across the five supervisorial districts. Operating expenses of \$1,626,661 include phone services, office expenses, courier and printing charges, Facilities Management basic services, travel and related expenses, costs for Human Resources programs and rents. Reimbursements totaling \$155,044 primarily include funding from outside agencies to offset district staff time associated with third party agencies and projects.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13 there is a net reduction of 1 budgeted position in this budget unit. Staffing changes are as follows (affected district noted in parenthesis):

Deletions

- 1 Chief of Staff (First District)
- 2 Community Service Liaisons (First District)
- 1 Special Projects Coordinator (Second District)
- 1 Field Representative (Fifth District)

Additions

- 1 Field Representative (First District)
- 1 Field Representative (Second District)
- 1 Staff Assistant (Second District)
- 1 Field Representative (Fifth District)

In January of 2012, the Board directed that Board Discretionary Funds were no longer to be used to reimburse salary and benefits of supervisorial staff members. While this direction has stabilized the amount of funding available for staff services in each District, current services to constituents may be impacted by the net reduction in staffing discussed above.

Board Discretionary Fund

DESCRIPTION OF MAJOR SERVICES

Beginning in 1999-00, \$1.0 million was allocated evenly between the five supervisorial districts as board discretionary funding for priority policy needs that may be identified during the fiscal year. In 2005-06, the annual allocation was increased to \$2.0 million, and in 2006-07 it was increased to \$2.5 million. During 2008-09, the annual allocation was increased to \$3.75 million, which was maintained for 2009-10. The annual funding for 2010-11 was decreased to \$2.25 million and was subsequently transferred into the Board of Supervisors (Board) operating budget as part of the County's First Quarter Budget Report, which was approved by the Board on November 2, 2010. There is no annual funding in this budget unit.

Budget at a Glance

Total Sources	\$0
Net County Cost	\$10,157,890
Total Staff	0
Funded by Net County Cost	100%

In accordance with County Policy 02-18, the remaining balance of these funds is allocated at the sole discretion of the Supervisor within his or her own Supervisorial District. The allocation of funds will be submitted and approved through the County quarterly budget reports. Once approved, allocations are to be expensed within twelve months and existing allocations not spent within a fiscal year are carried over to the subsequent fiscal year by district. These funds are to be exhausted by the end of Fiscal Year 2015-16. Any unspent Board Discretionary Fund appropriation remaining after 2015-16 is to be returned to the County General Fund.

Since the inception of this budget unit, the Board has identified various community programs in alignment with the County's vision of creating, supporting, and enhancing vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history. Through use of these funds, and in conjunction with these community programs, the Board of Supervisors has provided support for several projects that promote the health, safety, well-being, and quality of life for county residents.

BUDGET CHANGES AND OPERATIONAL IMPACT

The 2012-13 adopted budget includes \$10,157,890 in appropriation to support community programs and projects. Of this amount, \$5,806,475 has previously been obligated by the Board, which leaves a remaining balance of \$4,351,415 to be allocated according to County Policy 02-18. Changes within individual appropriation units included in this budget unit reflect the budgeting of funds to match the anticipated recipients of allocations. Operating expenses includes allocations to both County departments and third party agencies while operating transfers out includes allocations to both Special Districts and County Fire.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation of \$10,157,890 represents the available funds carried over from prior fiscal years to support various community programs and projects that promote the health, safety, well-being, and quality of life for County residents. Operating expenses make up the majority of expenditures within this budget unit and includes allocations made directly to local agencies and non-profits as well as allocations to County departments to support various public works and community improvement projects.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

CLERK OF THE BOARD

Laura H. Welch

MISSION STATEMENT

In support of the County Board of Supervisors, and in service to the public and fellow County staff, the Clerk of the Board of Supervisors: prepares and maintains records of actions taken by the Board of Supervisors; oversees membership of the County's boards, commissions and committees; licenses businesses operating in the County unincorporated areas; and facilitates the filing and hearing of appeals of assessed property valuations. Our service priorities are timeliness and accuracy. Our service commitments are courtesy and respect.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Implemented online agenda search feature for use by County staff and the public for greater access to current and archived agenda documents.
- Implemented upgrade to the streaming of video content.
- Implemented videoconferencing project at the High Desert Transitional Assistance Department Office.
- Implemented Hearing Confirmation Card to reduce hearing preparation time for Assessment Appeals Hearings.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: IMPLEMENT TECHNOLOGY IMPROVEMENTS TO INCREASE OR MAINTAIN OPERATIONAL EFFICIENCY.**

Objective A: Reduction in amount of staff time needed to prepare and process assessment appeals.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Staff time required to input and review Assessment Appeal Applications.	9.3 min	11 min	9.5 min	8.5 min	8 min

The Clerk of the Board (COB) utilizes an online Assessment Appeals Application form which eliminated the initial manual data-entry step of processing an application. Therefore, the more online applications received, the greater the potential reduction in processing time per application. In 2011-12 COB made operational changes to the input and review process, whereby staff reviews a case at the time of input. This resulted in a reduction of time required to process a case at the onset. Therefore, COB is anticipating an improvement of the current performance level when processing Assessment Appeals Applications, whether received online or hard copy.

Objective B: Increase in electronic submission of Assessment Appeal Applications vs. hard copy submission of applications.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of electronic submission of Assessment Appeal Applications.	N/A	12.3%	20%	36.3%	40%

Public use of the online form has increased due to implementation of an enhancement to the online application to retain essential information, which has made the online application process more user friendly. COB will implement further improvements to the online application process in the upcoming fiscal year. Currently applicants are unable to review information contained in the application prior to submission. The additional enhancement will allow for review of an application prior to submission. The intent is to reduce the number of errors contained in applications, as well as reduce the number of duplicate applications.

GOAL 2: IMPROVE BUSINESS LICENSE PROCESSES AND PROCEDURES TO ENSURE HIGH QUALITY SERVICE AND COMPLIANCE WITH ORDINANCES.

Objective: Improve efficiency of tracking and processing business licenses.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Turnaround time for processing of new business licenses.	36 days	29 days	29 days	60 days	29 days
Turnaround time for processing renewal business licenses.	25 days	26 days	26 days	42 days	26 days

In 2011-12, COB experienced a marked increase in the number of days required to process new and renewal business licenses. Due to processing delays in 2011-12, COB is working with the approving agency to implement a change in the tracking and approval of business license applications. It is anticipated that this collaborative effort will return the approval time to previous levels, if not show an improvement.

Clerk of the Board

DESCRIPTION OF MAJOR SERVICES

The Clerk of the Board (COB) provides legislative and administrative support services to the Board of Supervisors (BOS). The COB coordinates, prepares and maintains minutes, ordinances, resolutions, contracts, agreements and other official records and documents related to meetings conducted by the BOS. The COB coordinates the annual filing of financial disclosure documents in accordance with state law and local conflict of interest codes. The County has more than 200 advisory boards, commissions and committees (BCCs) and the COB maintains records and membership information for the County's BCCs. Responsibilities include posting of vacancies, processing of appointments and monitoring of ethics training for more than 1,000 BCC members.

In accordance with state law, appeals of assessed property valuation are heard and determined by the County's Assessment Appeals Boards (AABs). The COB provides staff support to the AABs, facilitating the filing, hearing and disposition of thousands of appeals annually. The County requires that businesses operating in unincorporated areas obtain and maintain a valid business license. The COB receives, reviews and processes business license applications and issues licenses for approved businesses. The COB also: receives, posts and files environmental California Environmental Quality Act (CEQA) notices in accordance with State Department of Fish and Game requirements; accepts summonses, complaints, planning appeals, requests for tax refunds and BOS correspondence; and responds to thousands of requests for information and documents from County staff and the public.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Department include a slight increase in operating expenses associated with increased costs for various service contracts and increased data processing charges. The decrease of \$25,428 in departmental revenue is primarily due to a comprehensive evaluation and subsequent reduction in the amount charged for business licenses.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The majority of the Clerk of the Board expenses consists of salaries and benefits for staff to support functions of Board of Supervisors and Assessment Appeals processing. Services and supplies include costs related to office supplies, vendor service contracts, Information Services Department (ISD) support charges and assessment appeals costs.

Departmental revenue of \$371,138 primarily consists of the Assessment Appeals application filings, new and renewal business licenses and CEQA filing fees.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes for 2012-13 includes adding 1 limited term Assessment Appeals Processor contract position and deleting 1 vacant Board Services Specialist position.

COUNTY ADMINISTRATIVE OFFICE

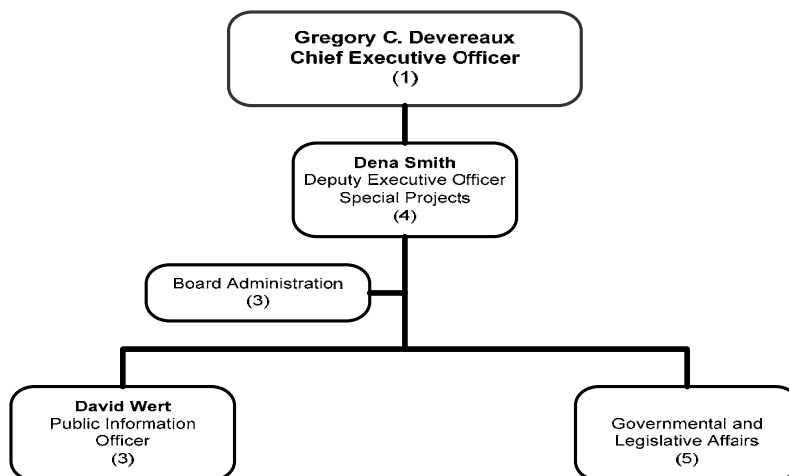

Gregory C. Devereaux

MISSION STATEMENT

The County Administrative Office ensures that departmental staff provide the Board of Supervisors with timely and accurate information and their best professional advice on policies and programs. The County Administrative Office also provides direction and coordination of staff, and ensures vigorous pursuit of Board goals and objectives and implementation of Board-approved programs in an effective and efficient manner.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- In 2011, the Board of Supervisors (Board) approved an agreement with the City of Hesperia to construct a new Public Safety Operations Center (PSOC) in the High Desert Government Center. This new state-of-the-art facility will provide improved coverage in case of a disaster, the ability to undertake a major upgrade to the 911 system, and establish a single High Desert location for Sheriff/Coroner/Public Administrator and County Fire dispatch.
- The San Bernardino County Government Center Citrus Room was converted into an Emergency Communication and Operations Center to ensure a central, accessible, and reliable location for Board members and County Administrative Office (CAO) officials to gather, receive information, and take necessary action. The room includes television monitors, computer and communications equipment.
- In June 2011, the County Board of Supervisors and the San Bernardino Associated Governments (SANBAG) Board of Directors adopted the Countywide Vision. External efforts in 2011-12 to achieve the Countywide Vision included the convening of Element Group discussions which led to development of two Regional Implementation Goals adopted in May 2012. Internally, employee groups developed and recommended a Paradigm and Job Statement to define County government's role in achieving the Countywide Vision, both of which were also adopted in May 2012.
- The state and federal legislative platforms were revamped to reflect the Board's more proactive approach and interest in sponsoring legislation rather than simply reacting to existing legislative proposals and activity.
- The CAO, with the assistance of County Counsel and the Information Services Department, managed the process to redraw the boundaries of the five supervisorial districts to reflect population shifts identified in the 2010 U.S. Census. A series of public workshops and hearings helped ensure the public was kept abreast of the County's procedures and redistricting proposals, and a variety of redistricting scenarios were developed and tested. The result was a legally sound and defensible Board-adopted plan that will be in effect until 2021.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: IMPLEMENT THE COUNTYWIDE VISION.

Objective A: Determine County government's role in realization of the Countywide Vision.

Objective B: Continue the County role of convening conversations on community collaboration and collective action.

The first two Countywide Vision Regional Implementation Goals have been adopted by the Board of Supervisors and SANBAG Board. They focus on supporting the success of our children from “cradle-to-career” and creating a business-friendly environment. The CAO will continue to serve in a leadership role for the Countywide Vision Project, working with the Vision Team, the Board of Supervisors and County staff, the SANBAG Board and staff, the element groups, and the community to develop action steps to implement the Regional Implementation Goals, and incorporate the Board-approved Paradigm and Job Statement to the organization.

GOAL 2: IMPROVE COUNTY GOVERNMENT OPERATIONS.

Objective A: Enhance and protect the Board of Supervisors' policy-making role and ensure authority exists for staff actions.

Objective B: Create clear lines of authority within the County organization.

Objective C: Clarify roles, responsibilities and governance of all County programs.

The CAO will work with County Counsel to review and update the County Code and Policy Manual to reflect the current organizational structure and Board of Supervisors policies. The Policy Manual is already subject to an ongoing review, with revisions coming before the Board as appropriate.

The CAO will continue to work with departments and provide support for organizational reviews to document operations and clarify legal authority, roles and responsibilities for County operations.

GOAL 3: OPERATE IN A FISCALLY-RESPONSIBLE AND BUSINESS-LIKE MANNER.

Objective A: Eliminate silos and consolidate administrative functions.

Objective B: Ensure that County Redevelopment Oversight Board appointees understand and represent County interests.

On December 6, 2011, the Board of Supervisors entered into an agreement with the City of Hesperia to establish a state-of-the-art Public Safety Operations Center (PSOC) at the High Desert Government Center facility. The project concept addresses several critical capital and programmatic issues, across a multitude of departments and functions, virtually eliminating many long-standing operational silos. The project will feature a “fusion center” with technology and software that will allow public safety personnel to work together across agencies and disciplines to identify trends and issues, and develop effective plans of action. Led by the County Administrative Office, and with enthusiastic participation of all the impacted elected officials and department heads, the project also advances development of the infrastructure required for the 800 MHz Radio Upgrade Project and facilitates integrated service delivery through collaboration and co-location of County departments. In addition, the overall construction and implementation project is currently ahead of schedule and under budget.

The State's dissolution of local redevelopment agencies in 2011-12 created a process that included the creation of Oversight Boards to ensure that ongoing redevelopment expenses and assets are managed properly. There are 26 such Oversight Boards in San Bernardino County, each of which includes a County representative and a public representative appointed by the Board of Supervisors. The CAO and the County Economic Development Agency will serve as a resource to those appointees to ensure the County's interests are represented on all Oversight Boards.

GOAL 4: ENSURE DEVELOPMENT OF A WELL-PLANNED, BALANCED, AND SUSTAINABLE COUNTY.

Objective A: Take steps to ensure the Land Use Services Department continues to make progress in terms of operating more efficiently.

Objective B: Continue to identify and implement short-term solutions (i.e. code amendments) to systemic problems.

Objective C: Fund an update to the General Plan and create more community and Specific Plans in order to move away from a "one size fits all" approach and better reflect the unique character of all areas of the County.

Objective D: Fund amendments to the Development Code and Master Plans, such as infrastructure, to implement those changes.

It has become clear that the County General Plan and Development Code utilize a "one size fits all" approach when the County's diversity demands, and the Board of Supervisors desires, a more customized approach to development. For 2012-13, the CAO has recommended additional one-time funding of \$2.3 million for the purpose of updating the General Plan, creating additional Specific Plans or Community Plans, and incorporating changes to those policy documents into the Development Code.

BUDGET CHANGES AND OPERATIONAL IMPACT

The increase of \$447,023 in staffing expenses primarily relates to costs associated with the Director of Governmental and Legislative Affairs position, which was vacant for all of 2011-12, and therefore budgeted appropriation was reduced in the fourth quarter of 2011-12; other increases are related to retirement and short term disability costs. The increase in operating expenses results from a transfer to the Real Estate Services Department for staffing costs related to franchise administration and additional support for the Countywide Visioning effort.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$2,926,313 fund 16 budgeted regular positions. Operating expenses of \$1,399,630 primarily consist of \$457,000 for the Quad State annual subscription, and the federal and state lobbyist contracts, which are partially offset by \$308,000 in reimbursements from other departments; \$230,000 in transfers to the Information Services Department for information technology (IT) support and \$90,000 to the Real Estate Services Department for franchise administration; \$113,000 for central services; \$60,000 for Risk Management insurance charges; and \$50,000 in support of the Countywide Vision Project.

STAFFING CHANGES AND OPERATIONAL IMPACT

Total budgeted staffing includes no change compared to the 2011-12 final budget.

BUDGET CHANGES AND OPERATIONAL IMPACT

In the Fourth Quarter of 2011-12, due to a change in billing methodology, payments from other departments for legal expenses incurred on their behalf were changed from an abatement of expense to a revenue or reimbursement. This procedural change resulted in an increase to operating expenses of \$500,000 and an increase to revenue/reimbursements of \$300,000 and \$200,000, respectively. In addition, appropriation for staffing expenses was reduced by \$425,000 due to vacant position salary savings, and revenue was increased by \$460,000 as a result of legal services provided to San Bernardino Associated Governments (SANBAG) and the Department of Children and Family Services. These adjustments resulted in a net decrease of \$885,000 in net county cost for 2011-12.

The \$644,244 increase in staffing expenses for 2012-13 reflects appropriation for vacant positions that was reduced in the Fourth Quarter of 2011-12, increases to retirement and other benefit costs. In addition, the 2012-13 budget does not include the changes in billing methodology mentioned above, which will be recommended in the First Quarter Budget Report, and result in a \$500,000 increase to operating expenses and a \$500,000 increase to revenue/reimbursements.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$12,866,928 fund 88 budgeted positions, of which 82 are regular positions and 6 are limited term. Operating expenses of \$1,216,534 primarily represent costs to provide adequate legal services. Departmental revenue and reimbursements combine for a total of \$10,976,360 which represents fees for services provided to County departments, commissions, special districts, school districts and other County Counsel clients.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, County Counsel is eliminating the following 4 vacant positions: 1 County Counsel Lead Secretary, 2 Principal Assistant County Counsels, and 1 County Counsel (the County Counsel position was only budgeted last year due to exhausting leave balances prior to retirement); and has added 1 Deputy County Counsel IV position to help reduce costs and better meet client needs. In addition, the organizational structure of the department has been revised to better reflect the actual level of responsibility for the Principal Assistant County Counsel positions.

FINANCE AND ADMINISTRATION

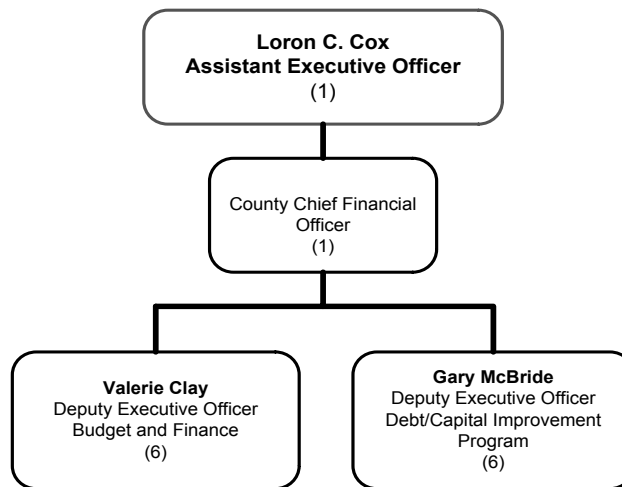

Loron C. Cox

MISSION STATEMENT

Finance and Administration provides timely and accurate financial information to the public, Board of Supervisors, Chief Executive Officer, and County departments; and strives to identify and implement best practices whenever possible while focusing on required services and responsibilities, true cost methodologies, alternative service delivery models, and high-productivity public investments.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- In June 2011, the Board of Supervisors adopted a budget proposal that closed a \$47.2 million gap, the first step in a multi-year process to align revenues and expenditures while putting the County in the best possible position to maintain public services and recover as the economy improves.
- In November 2011, the County Administrative Office initiated a new encumbrance review process to reduce the number of outstanding encumbrances at year-end, including automatic cancellation of encumbrances which fall under a pre-determined threshold and an ongoing review of those which exceed certain age limits.
- In February 2012, for the sixth consecutive year, the County Administrative Office was awarded the Distinguished Budget Presentation Award by the Government Finance Officers Association (GFOA).
- In March 2012, the County refinanced the West Valley Detention Center lease, resulting in a \$540,000 annual savings.
- In March 2012, Standard and Poor's affirmed the County's issuer credit rating, and the long term issuer ratings on the County's Certificates of Participation and Pension Obligation Bonds; the stable outlook was also affirmed.
- In June 2012, the Board of Supervisors adopted a budget proposal that closed a \$33.2 million gap in 2012-13 and set aside \$7.1 million for future years continuing the strategic plan to bring the County into fiscal, operational, and programmatic balance.
- The 2012-13 Adopted Budget book will have a reduction of approximately 95 pages due to the reformatting and consolidation in presentation of many special revenue funds and Human Services Subsistence budget units resulting in a reduction in printing costs and administrative efficiencies.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: CREATE, MAINTAIN, AND GROW JOBS AND ECONOMIC VALUE IN THE COUNTY.**

Objective: Develop financing plans and approaches that will ensure provision of the infrastructure necessary for development and the movement of goods.

The 2012-13 strategic plan developed by the County Administrative Office (CAO) includes one-time funding of \$5.0 million to Public Works for pavement management to maintain the current pavement condition index (PCI), and \$10.15 million in support of other Public Works projects including the Lake Gregory Dam, Rim Forest Storm Drain, and a traffic signal at Valley Boulevard and Banana Avenue in the Fontana area.

GOAL 2: OPERATE IN A FISCALLY-RESPONSIBLE AND BUSINESS-LIKE MANNER.

Objective A: Develop and maintain a multi-year plan to address projected shortfalls in the County's budget.

Objective B: Develop a budget for the coming fiscal year that brings the County into fiscal balance and addresses the most pressing countywide needs.

Objective C: Develop a long-term budget plan which brings the County into operational and programmatic balance.

Objective D: Live within our means, fully funding liabilities and reserves, while forming capital to strategically invest in the future.

Objective E: Invest County resources in ways which create more ongoing revenue to reinvest in maintaining services.

Objective F: Fully fund basic operating systems.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
General Purpose Reserve as a percentage of locally funded appropriation.	10%	11%	12%	11%	12%
Variable rate debt as a percentage of total debt outstanding.	16.05%	14.42%	<25%	14.91%	<25%

Stability of the County's financial health, especially in these hard economic times, is an important goal of Finance and Administration. By maximizing the use of County resources, being vigilant regarding expenditures, billing at full cost of services, and maintaining adequate reserves, the Department strives to meet this goal. Based on the short-term and long-term forecasting of ongoing revenue and expenses, the upcoming and future fiscal years will be very challenging for the County. The 2012-13 strategic plan closes the majority of the five-year budget gap.

Beginning December 2011, the CAO began hosting Forward Planning meetings with the Office of the Auditor-Controller/Treasurer/Tax Collector, the Purchasing Department, the Information Services Department, the Human Resources Department, Land Use Services Department, and Fleet Management to discuss planning and strategic direction for internal service fund departments. Thus far, these meetings have resulted in a reconciliation of information services application maintenance and support costs and future planning requirements, which lead to the recommendation to include an additional \$1.6 million in on-going funding beginning in 2012-13 to support general fund applications at ideal levels. The 2012-13 Adopted Budget also includes \$700,000 for the Land Use Services Department to upgrade their permitting software; \$2.0 million for Public Works to fund system related costs including WINCAMS, PermitsPlus, and the Job Cost system; and \$368,000 for the Purchasing Department in support of the new electronic procurement network (ePro).

In March 2012, the County refunded the 2001/2002 Certificates of Participation (West Valley Detention Center) through a private placement to provide annual budgetary savings of \$540,000 due to the low interest rate environment and the relatively short remaining life of the current lease obligation.

In 2011-12, the Board of Supervisor's approved increasing the General Purpose Reserve target to 20% of locally funded appropriation at the beginning of each budget fiscal year and using one-time sources until the target is achieved. This General Purpose Reserve is intended for unanticipated major emergencies; to allow a transition period when key economic indicators point to a recession likely to substantially reduce County revenues and increase required safety net expenditures; and to ensure the County's ability to make debt service payments in periods of declining general purpose revenues. Currently, the County has to borrow money yearly to meet cashflow needs. The 2011-12 target was not achieved since locally funded appropriation was redefined to include ongoing operating transfers in, which increased the base.

In addition, County Policy 02-11 requires that variable rate bonds be structured to protect the County against cyclical interest rate fluctuations and limits total variable rate debt to no more than 25% of the total debt outstanding.

Finance and Administration

DESCRIPTION OF MAJOR SERVICES

The Finance and Administration budget unit was created in 2011-12 to centralize financial management and oversight. In alignment with priorities of the Board of Supervisors and the Chief Executive Officer, this section provides timely and accurate financial information, assists County departments in implementing best practices, and provides explanations, including alternative solutions, when best practices cannot be implemented.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2012-13, appropriation is increasing by \$667,951 primarily due to budgeting for the Chief Financial Officer position, which was vacant for all of 2011-12, and therefore appropriation was reduced in the 2011-12 Fourth Quarter Budget Report. Other increases are related to retirement and short term disability, and costs associated with the replacement of two limited term positions with two regular positions; planned enhancements to the countywide BudgetPrep system; and a reduction in reimbursements from the Health Administration budget unit.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$2,585,530 fund 14 budgeted regular positions. Operating expenses of \$416,814 include \$223,000 for systems development charges to enhance the countywide BudgetPrep system and complete the Purchase Order project. The majority of reimbursements are from Health Administration, County Fire, and Special Districts for administrative oversight.

STAFFING CHANGES AND OPERATIONAL IMPACT

The 2012-13 budget includes the addition of 2 Administrative Analyst III positions offset by the reduction of 1 Extra-Help Administrative Analyst III and 1 Public Service Employee. Over the last four years, the County Administrative Office has reduced four Administrative Analyst positions, and in the current economic climate, these positions are critical to analyze departmental revenues and expenses, and identify cost saving measures.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$14,998,418 represent lease payments and related fees and administrative costs for the major County assets financed by the general fund.

In 2012-13, operating expenses are decreasing by \$3,203,635 as follows:

- A \$2,284,071 reduction of one-time expenditure authority used to optionally prepay a portion of the County's outstanding principal in 2011-12, using savings from variable rate interest expense realized in 2009-10.
- A \$380,000 decrease which reflects ongoing savings achieved as a result of the 2011-12 optional prepayment using the one-time expenditure authority referred to above.
- A \$540,000 decrease which reflects ongoing savings achieved via the refinancing of the 2001-02 West Valley Detention Center certificates of participation.
- A \$436 increase in expenditure authority representing a \$1,438 decrease in the annual COWCAP charge offset by a \$1,874 increase in expenditures funded by reimbursements.

Reimbursements of \$1,945,536 reflect an increase of \$1,874 from 2011-12. This includes an increase of \$1,900 in the reimbursement from the Preschool Services Department, and a \$26 decrease in reimbursement from the Airport.

Disaster Recovery Fund

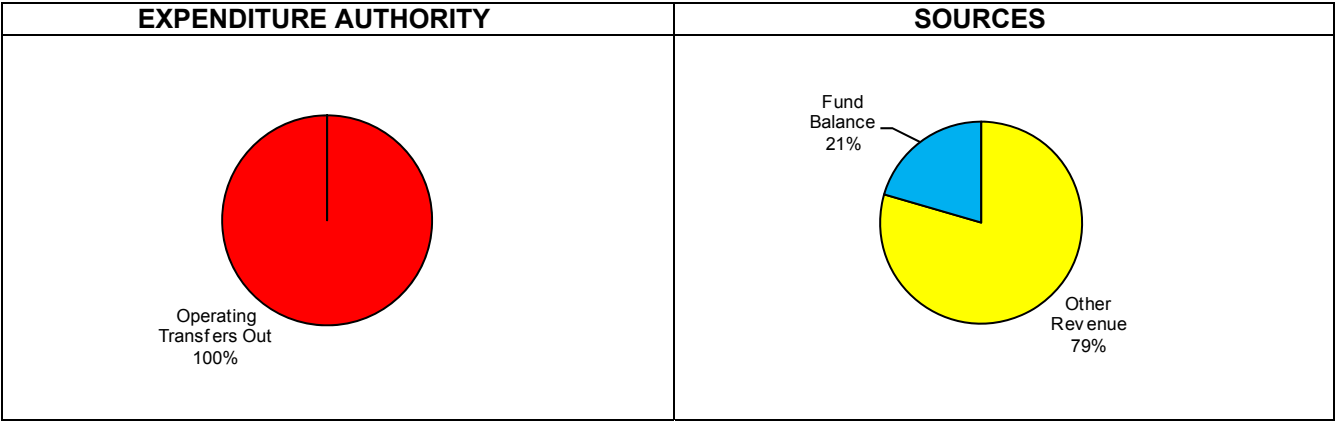

DESCRIPTION OF MAJOR SERVICES

The Disaster Recovery Fund was established to provide separate accountability for specific administrative and program costs related to the County's disaster recovery efforts which are reimbursed through state and federal funds. Prior incidents have included the Grand Prix/Old Fires in October 2003, Grass Valley/Slide Fires of October 2007, and winter storms of 1998, 2005, and 2010.

BUDGET CHANGES AND OPERATIONAL IMPACT

This budget unit is currently used as a suspense account to track payments by state and federal agencies for reimbursable disaster recovery efforts that are then distributed to County departments. In 2011-12, this budget unit received \$181,303 from the general fund to combine with the entire unreserved fund balance in order to repay prior years' disallowed costs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating transfers out of \$18,868 represent reimbursements for potential disallowed costs. Other revenue of \$15,000 represents anticipated interest earnings based on the entire fund balance which consists of restricted funds due to other agencies.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

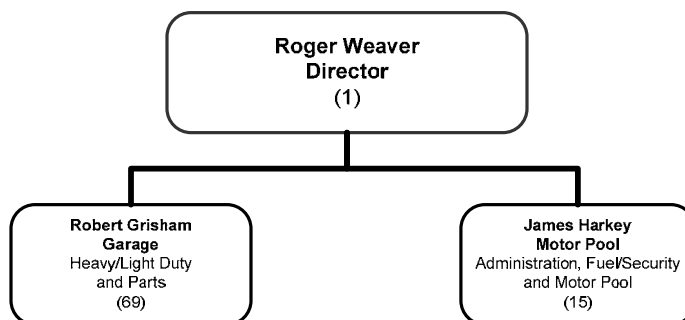

FLEET MANAGEMENT Roger Weaver

MISSION STATEMENT

The Fleet Management Department provides vehicles, equipment, and related services to the officials and employees of the County so that they may, in turn, provide services that promote health, safety, well being, and quality of life to the residents of the County.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Incorporated the recommendations from the 2010 consultant's vehicles study into the Department's ongoing operational strategy.
- Assigned management oversight of County Fire garage activities to identify and evaluate efficiencies and operational redundancies.
- Purchased two Chevrolet Volts (low emission, green vehicles) to evaluate and compare the total "Life Cycle Cost" with similar vehicles currently in the fleet.
- Assisted County Fire in adapting the County's Fleet Management Information System (FMIS) to track County Fire's self-contained breathing apparatus (SCBA) and associated equipment thereby avoiding purchasing/training of another unique stand-alone program/system.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: DECREASE VEHICLE DOWNTIME FOR PREVENTATIVE MAINTENANCE AND ROUTINE REPAIRS.**

Objective: Reduce time to maintain and to repair vehicles.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of programmed maintenance (PM) services completed the same day the vehicle is delivered to Fleet Management.	77%	87%	80%	75%	80%
Percentage of repairs completed within two days of vehicle delivery to Fleet Management.	85%	88%	85%	88%	85%

The Department measures turnaround time by noting the start and completion times on each PM and repair work order. Vehicle availability is critical to all County departments in order for them to deliver their services. Therefore, it is important that Fleet Management complete all vehicle maintenance and repairs timely without sacrificing quality. Additionally, timely vehicle maintenance/repair turnaround should improve overall customer satisfaction for Garage services. In 2011-12, the actual percentage of same day programmed maintenance came in under target at 75%. This is primarily due to the Division having workload which exceeded the number of available hours to perform programmed maintenance. In 2012-13, the Department is anticipating filling a number of vacancies to increase the number of available hours for programmed maintenance as well as reduce the usage of overtime.

GOAL 2: SUSTAIN GREEN COUNTY INITIATIVE BY REDUCING OVERALL MOTOR POOL VEHICLE EMISSIONS.

Objective: Purchase the lowest emission vehicle available that meet the county's operational and fiscal requirements.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of Motor Pool vehicles classified as ultra low emission vehicles or better.	85%	85%	90%	83%	90%

An element of the County's mission is to improve the quality of life for its residents. Improving air quality by reducing vehicle emissions supports the County's mission. During its regular purchasing cycle, Fleet Management will continue replacing the existing fleet with ultra low emission vehicles (ULEV) or cleaner/better emissions, including hybrid vehicles, when practical. It is estimated that the entire fleet will consist of only ULEV's (or better) by 2014-15.

The "lower than target" actual for 2011-12 is due to delaying vehicle purchases as Fleet Management has originally intended in response to the current economic conditions.

Note: Beginning in fiscal year 2012-13, Capital Expenditures have been included and Depreciation has been excluded in appropriation in enterprise and internal service funds for budgetary purposes. In the table above, prior years have been restated for consistency.

For 2012-13, expenditures are anticipated to exceed revenues by approximately \$3.1 million primarily due to fixed asset purchases which are funded by unrestricted net assets. These purchases include \$6.5 million in vehicles and \$229,000 for capital software and equipment purchases. This amount is offset by revenue collected through Board approved rates which, in the absence of fixed asset purchases, typically exceeds annual expenditures to fund asset replacement.

Garage

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication, generator services and emergency field services for the County's fleet of vehicles and heavy equipment.

The Garage budget unit is an internal service fund (ISF). All operational costs of the Garage Division are funded through Board of Supervisor approved rates. As an ISF, any unrestricted net assets available at the end of fiscal year are carried over to the next fiscal year to provide working capital, fund the replacement of fixed assets and fund capital improvements. Any excess/shortage is incorporated into rate structure during the annual rate review process.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Garage budget unit include an increase in staffing expenses of \$887,686 due primarily to the elimination of the work schedule reduction for San Bernardino Public Employees Association (SBPEA) - represented employees, increases in negotiated salary and benefit costs, and continued budgeting of various vacant positions which are anticipated to be filled in 2012-13. Additionally, operating expenses are increasing by \$317,303 due primarily to increased demand and costs of fuel.

Decreases in operating transfers in of \$386,565, offset by increased reimbursements, results from reclassification of the emergency fuel provision for departments providing emergency services. Increases in staffing and operating expenses are offset by increases in rate revenue and reimbursements totaling \$1,968,971.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses make up the majority of the Department's expenditures within this budget unit. These expenses include \$10.5 million for the purchase of fuel, \$3.3 million for the purchase of automotive parts and sublet services and \$0.9 million for intra-fund charges for maintenance and repairs.

Departmental revenue of \$14,144,800 primarily represents reimbursements from other County departments and outside agencies for fuel supplied and vehicles' maintenance and repair services.

STAFFING CHANGES AND OPERATIONAL IMPACT

The 2012-13 budget includes the deletion of 1 vacant Automated Systems Analyst II. The function of the deleted Automated Systems Analyst II is now provided through Information Services Department (ISD).

Current strategy is to maintain staffing at its current levels in order to match the total billable hours target to the current demand for vehicle maintenance and repair. As the demand for services increases, the Department will consider filling positions on an as needed basis.

Motor Pool

DESCRIPTION OF MAJOR SERVICES

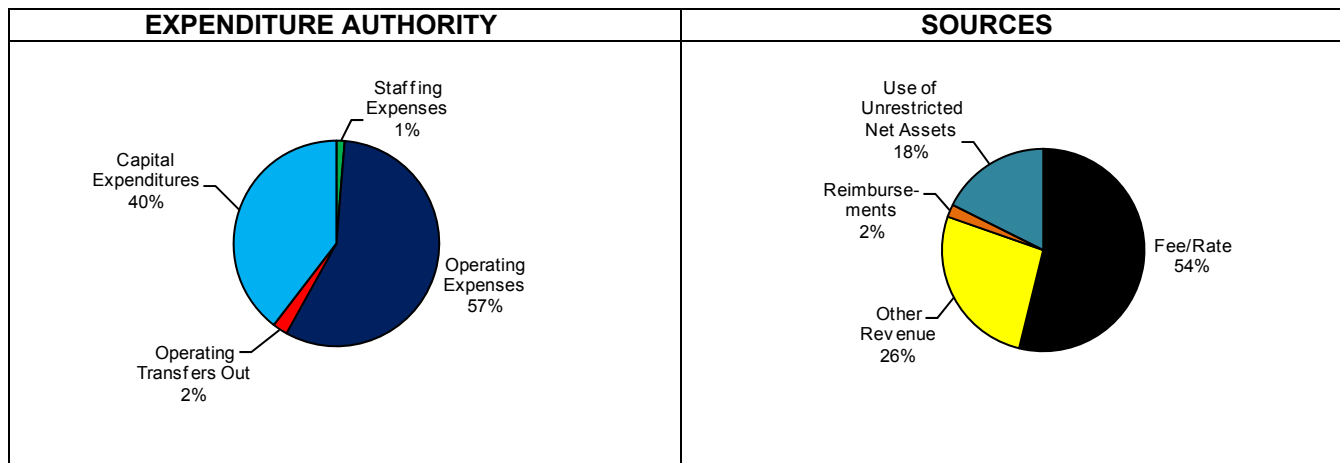

Fleet Management's Motor Pool Division has ownership and/or maintenance responsibility for approximately 1,700 automobiles, vans, pick-up trucks and various specialty vehicles/equipment assigned to County departments. The Motor Pool coordinates collection and distribution of vehicle replacement funds, fuel, maintenance, insurance, overhead and other operational costs of fleet vehicles.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Motor Pool budget unit include an increase in capital expenditures of \$3,105,320 due primarily to an increase in the number of assigned vehicles that have exceeded the replacement cycle. The Department uses a nationally recognized, state-of-the-art, "life cycle cost" financial model to determine the optimal vehicle/equipment replacement point. Additionally, operating expenses are increasing by \$364,207 due primarily to an increase in costs of maintenance, repairs, and fuel.

Departmental revenue is increasing by \$470,000 due primarily to an increase in variable/per-mile revenue and an increase in monthly fixed charges.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses make up the majority of the budget unit's expenditures. These expenses include transfers to the Garage budget unit of \$4.1 million and \$3.7 million for vehicle maintenance and repair, and fuel, respectively. Additionally, capital expenditures include \$6.5 million for the purchase of new vehicles. These expenditures include an approximate distribution of \$2.7 million for the purchase of trucks/sport utility vehicles, \$2.3 million for sedans, \$1.0 million for vans, and \$0.5 million for service trucks.

Departmental revenue of \$13.2 million primarily includes \$7.1 million from variable/per-mile revenue, \$5.5 million from monthly fixed charges and \$0.5 million from auction proceeds.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department is deleting 1 vacant Fleet Services Manager position and adding 1 Staff Analyst II position. This staffing change will better match the Department's requirements.

HUMAN RESOURCES

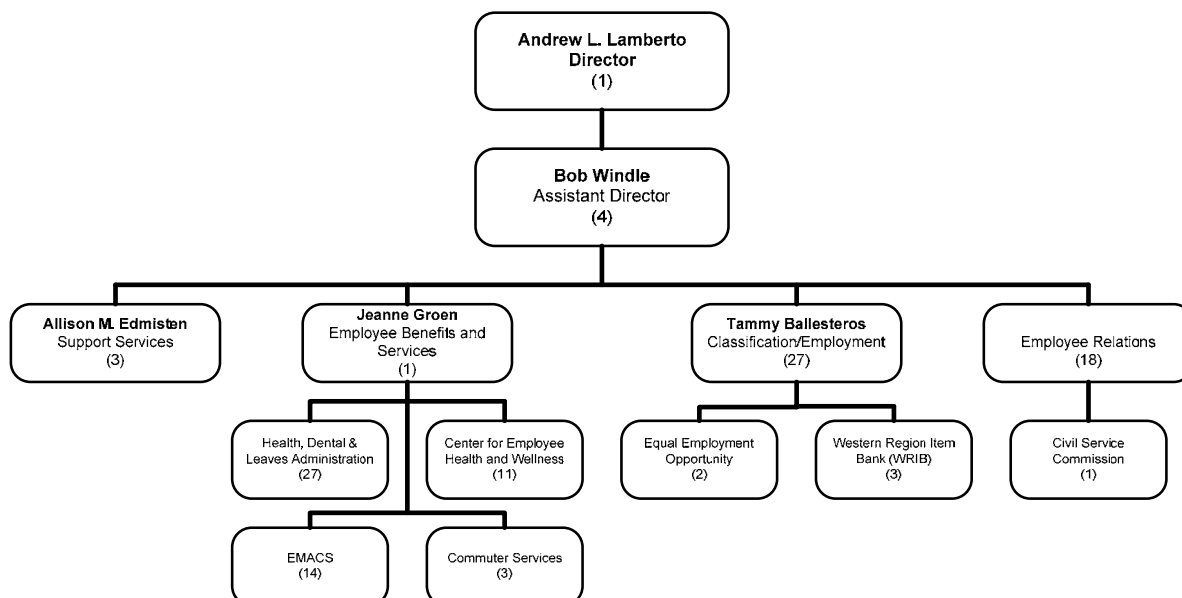

Andrew Lamberto

MISSION STATEMENT

The Human Resources Department is committed to providing effective customer service to all departments, employees, and constituents of the County of San Bernardino, through the timely delivery of innovative, quality human resources systems, programs, and services.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Early Retiree Reimbursement Program-ERRP. The County applied for and received approximately \$282,000 to be distributed to both the early and medi-care eligible retirees.
- Successfully completed a state Merit Systems audit of personnel practices affecting Child Support Services, Children and Family Services, Department of Aging and Adult Services and the Transitional Assistance Department.
- Fitbit Step and Calorie Tracker - Piloted the Fitbit for the "A New You" 2011-12 Wellness Plan Year. Due to its success, the Fitbit will be rolled out Countywide for eligible Wellness participants in 2012-13.
- Equal Employment Office (EEO) in conjunction with the Equal Opportunity Commission organized and hosted the first annual Diversity Forum, bringing together representatives from all County departments, the Board of Supervisors, and the County Administrative Office, in support of the County's commitment of EEO and diversity.
- Smoking Cessation – In partnership with the American Lung Association, conducted a smoking cessation program with 15 field staff from the Department of Public Works.
- Hybrid Vehicle Carpool Program – Rolled out phase I of the hybrid vehicle carpool program which allowed 24 ridesharing participants to utilize County vehicles for commuting purposes at a reduced cost.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: ASSIST COUNTY DEPARTMENTS IN ATTRACTING AND RETAINING HIGHLY QUALIFIED STAFF.**

Objective: Develop and implement an online countywide ethics and compliance training program.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of employees participating in compliance and ethics training.	N/A	N/A	85%	89%	91%

In September 2009, the Office of Compliance and Ethics (OCE) was transferred to the Human Resources Department. The OCE aggressively worked to complete delivery of the ethics training module that was under development. This mandatory training, designed to reach all county employees, will increase employee awareness of the County's ethics program, address the basic requirements and expectations for ethical behavior, and provide an overview of the resources available to our employees.

GOAL 2: INCREASE AND IMPROVE DELIVERY OF HUMAN RESOURCES SERVICES.

Objective A: Expand participation in "My Health Matters!" through "Steps to Success" walking program.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of employees registered in "Steps to Success" program (increased employees). 2008-09 Base Year – 16,000 employees	18% (2,900)	28% (4,396)	33% (5,220)	29% (4,625)	32% (5,000)

According to the 2009 California Health Interview Survey, approximately 58.5% of adults in San Bernardino County are obese. Given the staggering obesity prevalence, the County acknowledges the need for employee outreach and health education specific to the benefits of maintaining a healthy lifestyle through proper nutrition and weight management. Additionally, this statistic correlates to chronic medical conditions, such as high blood pressure, high cholesterol, diabetes, etc. These conditions are a contributing factor to the significant increases in healthcare premiums for County employees. The 2012-13 My Health Matters! Campaign will include a partnership between the County, Core Health-the Steps to Success portal, and the Fitbit, an exercise and meal tracker. The Fitbit will provide the County detailed statistical analysis that will be used to determine progress in the program.

Objective B: Train/Refresh Managers/Supervisors knowledge of Leaves and Disabilities.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of managers/supervisors trained in leaves and disabilities. 2011-12 Base Year – 1,600 total managers/supervisors	N/A	N/A	N/A	N/A	75% (1,200)

Effective July 28, 2012, the County will contract with a new carrier to administer leaves and disabilities for County employees. Employee Relations and Employee Benefits and Services will combine efforts to provide training and/or refresher training to approximately 1,600 managers and supervisors regarding the employee and/or supervisor's responsibilities in the Family and Medical Leave Act (FMLA) and short-term disability benefits processes.

Human Resources

DESCRIPTION OF MAJOR SERVICES

The Human Resources Department administers the County's human resources programs. This includes the responsibility for recruitment, employment testing, and certification of eligible candidates; establishment and maintenance of classification and compensation systems and practices; employee relations; employee benefits; systems and program administration for a portion of the Employee Management and Compensation System (EMACS); and the Equal Employment Opportunity Office. Human Resources also shares responsibility, through a partnership with Human Services, for countywide organizational and employee development.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for 2012-13 is increasing primarily as a result of a rise in retirement costs as well as the reinstatement of MOU tuition funds for San Bernardino Public Employees Association (SBPEA) members. Departmental revenue for this budget unit has also increased due to the implementation of AB109 funding for a Human Resources Officer I which was previously funded via reimbursements.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2012-13. These expenses are necessary primarily in order to provide human resources services to the County's approximately 19,000 employees. Operating expenses include the training budget for various union groups that is transferred to Performance, Education and Resource Center (PERC) at the beginning of each fiscal year. In addition, software licensing expenses, Civil Service Commission hearing officer expenses, data processing charges paid to Information Services Department (ISD) and charges for facilities management expenses are included in operating expenses. Departmental revenue primarily represents revenue from WRIB memberships.

STAFFING CHANGES AND OPERATIONAL IMPACT

There have been no staffing changes in this budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation and revenue for 2012-13 increased by \$945,536 primarily as a result of eliminating reimbursements. In the prior year, the reimbursements were a result of the rates that were allocated to departments based on staffing. Going forward, the CEHW will be completely fee based and departments will be billed based on a fee for service.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2012-13. These expenses are necessary in order to provide employee and applicant pre-placement and in-service medical examinations to the County's approximately 19,000 employees as well as employees of various external agencies. Revenue is collected for various pre-placement and in-service medical examinations provided for a fee as detailed in the County's fee ordinance.

STAFFING CHANGES AND OPERATIONAL IMPACT

There have been no staffing changes in this budget unit.

Unemployment Insurance

DESCRIPTION OF MAJOR SERVICES

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management’s objective for the program is cost containment. Unemployment insurance claims filed by former County employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for 2012-13 is decreasing from 2011-12. In 2011-12, the unemployment claims were higher than originally budgeted and additional appropriation was required. In 2012-13, there is an anticipated increase for the new contract for claims management which has increased operating expenses and has decreased staffing expenses.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses represent the amount available for unemployment claims to be paid during 2012-13. Operating expenses represent the quarterly payment to the vendor that administers the unemployment insurance claims as well as transfers for internal staffing expenses for administration of the program.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no budgeted positions associated with this budget unit.

Commuter Services

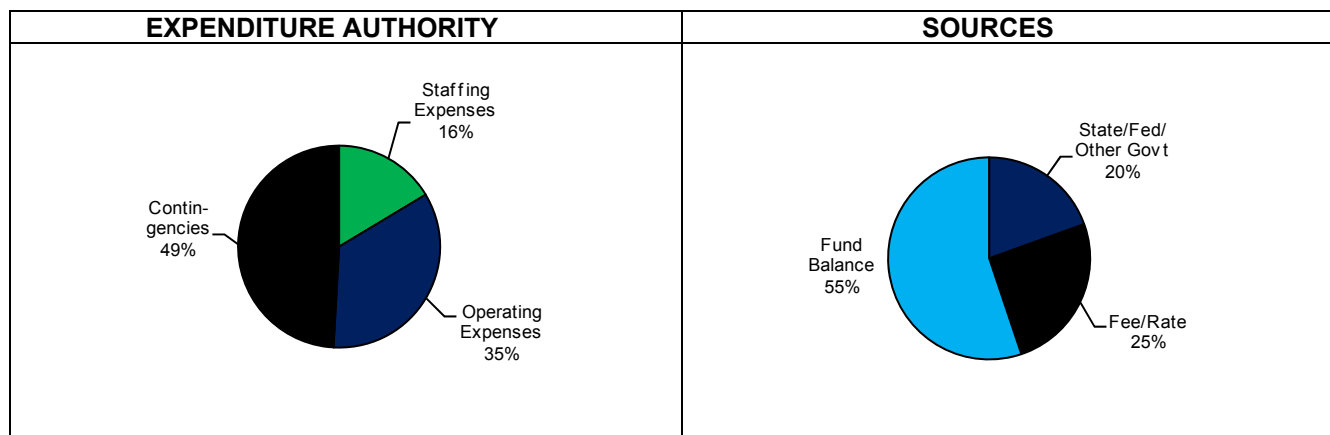

DESCRIPTION OF MAJOR SERVICES

The Commuter Services budget unit was established to account for funds received under AB 2766 to fund mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This budget unit receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for 2012-13 will for the most part remain unchanged from the prior year. Revenue is increasing slightly as a result of an increase of vanpool charges.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Services and supplies expenses make up the majority of the expenditures within this budget unit for 2012-13. These expenses include charges for operating vanpools and other ride share programs. Departmental revenue includes payroll deductions from employees participating in the rideshare programs, as well as funds from the Air Quality Management Districts.

STAFFING CHANGES AND OPERATIONAL IMPACT

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for 2012-13 is decreasing as a result of changes in the Department providing more correspondence and materials electronically. This will decrease the printing and mail expenses incurred by the Department. Reimbursements are increasing slightly as a result of staffing costs that are reimbursed by Human Services. Revenue is increasing as a result of various increases in consulting reimbursements, administrative fee revenue and subpoena and other miscellaneous revenue.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses are the majority of the Department's expenditures within this budget unit for 2012-13. These expenses are necessary to manage the County employee health, dental, vision, life insurance and integrated leave plan benefits. Departmental revenue of \$3.0 million primarily represents revenue from Administrative Fees for administering the employee benefits programs.

STAFFING CHANGES AND OPERATIONAL IMPACT

There have been no staffing changes in this budget unit.

INFORMATION SERVICES

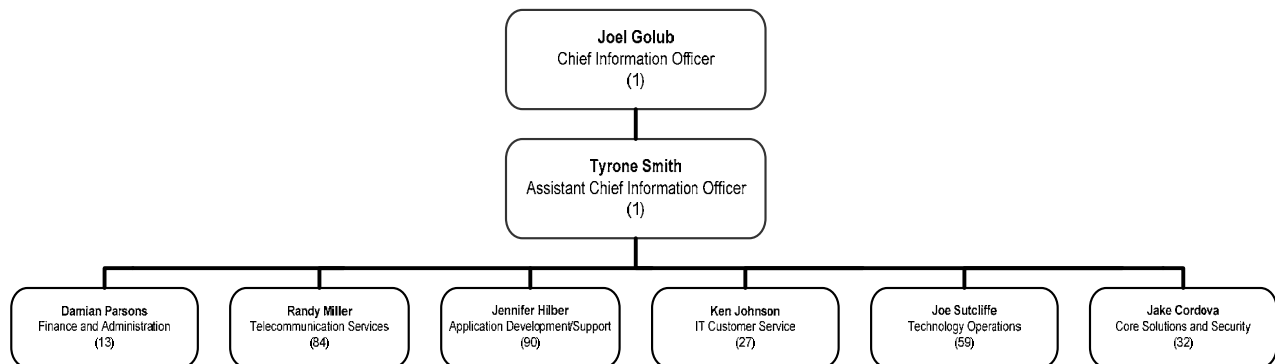

Joel Golub

MISSION STATEMENT

The Information Services Department leverages advanced technologies, improves public access to services and enables its customers through the delivery of secure, innovative and efficient products for both internal customers and the public.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Implemented the Community Relationship Management (CRM) system to develop a replacement solution for the Board of Supervisor's constituent tracking application.
- Installed a videoconferencing system to link the High Desert Government Center in Victorville with the Board of Supervisors chamber in San Bernardino, allowing public testimony from a remote location for the first time in county history.
- Implemented a web-based product for Land Use Services that serves as an electronic online repository of existing plans for use by multiple departments who participate in the County's Development review process.
- Implemented a service request tracking system allowing various divisions within the Department of Public Works to enter and track service requests from the public, the Board of Supervisors and other agencies.
- San Bernardino County has been identified by Gartner as an example of using innovative techniques to administer identity management across a federated technology infrastructure.
- Completed the replacement of all Sheriff patrol station portable radios and continued the replacement of legacy mobile and portable radios county-wide through the rebanding program. This program allows for the utilization of better technology by way of new and improved equipment.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: PROVIDE TECHNOLOGY SOLUTIONS THAT ENABLE DEPARTMENTS TO BETTER SERVE COUNTY RESIDENTS.

Objective A: Build and sustain a robust hardware and software support infrastructure to deploy countywide technology solutions.

Objective B: Implement Wide Area Network (WAN) backbone redesign to increase capacity for additional throughput and redundancy.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of all physical servers virtualized.	47%	62%	65%	67%	70%

GOAL 2: IMPROVE CUSTOMER SATISFACTION BY DELIVERING PRODUCTS AND SERVICES THAT EXCEED EXPECTATIONS.

Objective A: Implement new application source code control system to provide improved manageability of application programs, source code and related documentation.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Applications migrated to new team foundation server repository.	N/A	37%	50%	50%	100%

In 2010-11, the Application Development/Support division of Information Services Department (ISD) began to replace the existing source code management system with a new tool called Team Foundation Services (TFS). The previous tool, Visual Source Safe (VSS), had reached capacity limits and was prone to data corruption. The TFS system provides more capacity and improved recoverability for application source code management, which in turn reduces the risk of lost or corrupted data. The TFS system also provides project management features not available in the VSS tool. The achievement for implementation in 2010-11 was 37%, which exceeded the original target of 25%. The replacement is expected to be 50% complete for 2011-12.

GOAL 3: IMPROVE TELECOMMUNICATION AND DATA TRANSMISSION CAPABILITIES TO BETTER RESPOND TO EMERGENCIES AND DISASTERS.

Objective A: To increase the 911 calling line identification accuracy at 18 campuses.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Implement enhanced 911 calling identification software and hardware.	83%	98%	100%	100%	N/A

Enhanced 911 services allow emergency personnel to accurately pinpoint where emergency callers are located, improving emergency response times at these locations. The original project included twenty-two campuses, but after evaluation, it was determined that only eighteen of these facilities could accommodate this system. By the end of 2010-11, ISD achieved 98% completion. For 2011-12, ISD reached the 100% completion target.

Application Development

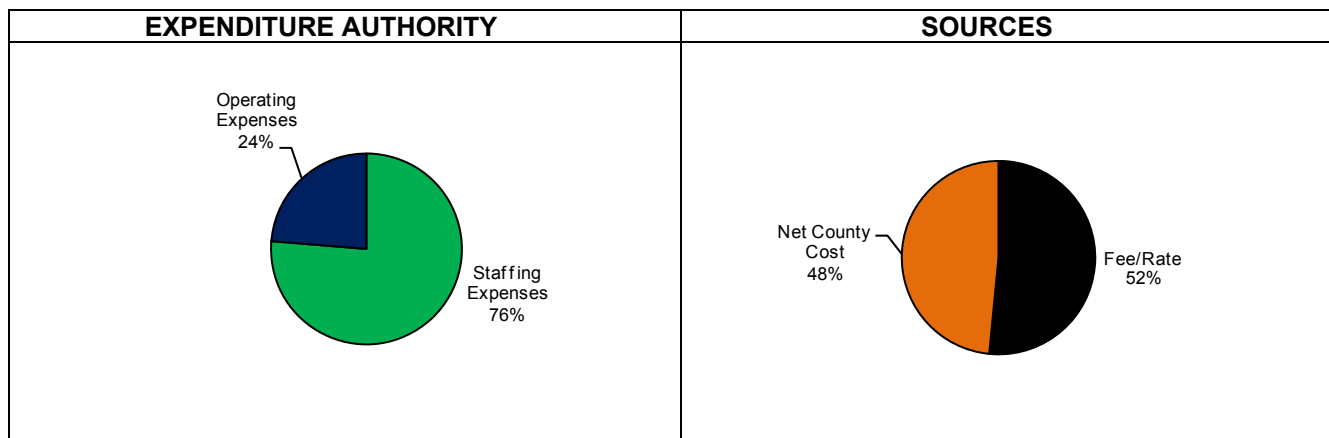

DESCRIPTION OF MAJOR SERVICES

The Application Development Division provides support for County departments as they develop, enhance and maintain business applications on a variety of hardware and software platforms. These applications include the County's enterprise accounting, payroll, budget, personnel, document imaging, public web sites, geographical information system and many other business line systems. ISD consults with departments to identify cost effective ways of conducting business and often provides business process reviews, cost analysis, and overall recommendations in the acquisition and integration of new systems.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing by \$998,891 due the addition of 4 programmer positions, an increase in retirement costs, workers' compensation, and regular salary due to the removal of the time bank. These increases were offset by the deletion of 1 Information Services Division Chief position as well as a reduction in overtime and callback.

Operating expenses are increasing by \$1.2 million as a result of Information Technology (IT) contractor services that are required to accommodate the anticipated programming revenue increase for customer enhancements. In addition, systems development charges are new for Geographic Information System (GIS) due to 3 positions being transferred to Application Development. These positions will charge GIS for their time spent on projects.

Reimbursements are decreasing by \$73,435 as a result of the deletion of the position above as well as reimbursement from another department that will be collected via revenue in 2012-13. Operating transfers out of \$2.0 million have been removed. ISD previously paid for the 800 MHz radio program for general fund departments with previously allocated net county cost. Beginning in 2012-13, the net county cost was given to the user department to pay for the 800 Megahertz (MHz) radio program.

The Department was allocated an additional \$1.6 million in net county cost to fund maintenance and support costs for County departments. This increase was offset by a reduction in the radio subsidy that will now be included as net county cost for the departments that utilize the radios.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The majority of the Department's expenditures in 2012-13 are for staffing expenses. These expenses are necessary in order to provide support for County departments for a variety of business systems and applications.

Departmental revenue consists of system development charges, GIS programming, aerial imagery, and Street Network subscription services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Budgeted staffing has increased with the addition of 4 programming positions, funded by additional net county cost for maintenance and support of computer applications. Also, staffing has decreased by 1 Information Services Division Chief position. The previous reimbursement for this position from Arrowhead Regional Medical Center has also been removed.

Last year the Department performed a comprehensive evaluation to identify computer applications and systems deemed critical to County operations that were in need of major upgrades or replacement. The Department identified \$2.3 million in projects that met these criteria and would be funded via the use of residual equity from the Telecommunication internal services fund over the next several years. The staff who would work on these projects is part of the general fund Application Development budget unit. It is estimated that two years remain for the completion of these upgrades and replacements. The Department will continue to evaluate and identify such projects to develop an application replacement/upgrade plan and a long term financing plan.

Computer Operations

DESCRIPTION OF MAJOR SERVICES

The Computer Operations Division provides enterprise data center services and a portion of the County's communications services to County departments on a 24/7 basis. The Division is comprised of three sections: Technology Operations, Information Technology (IT) Customer Service, and Core Solutions and Security. This budget unit is an internal service fund, which allows for net assets available at fiscal year end to be carried over to the next fiscal year to be used as working capital or for replacement of fixed assets.

Technology Operations provides for the design, operation, maintenance and administration of the County's Enterprise Data Center which supports the County's mainframe and includes server management for approximately 543 physical and 209 virtual servers, integrated document imaging infrastructure for digitizing paper records, and print operations for bulk printing functions required by the County.

IT Customer Service assists departments in ensuring that their technology and business objectives are achieved. The Division provides a Technology Support Center to handle service requests and problem tickets and IT Account Representatives to coordinate and assist departments in meeting their business and technology objectives.

Core Solutions and Security provides the County with global email, security direction and technology policies and procedures, along with technical services that support desktop communications and functions across the County.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses are increasing by \$591,178 as a result of an increase in COWCAP charges and internal cost allocations. These costs are offset by a decrease in charges from Facilities Management. Capital expenditures are decreasing by \$1.3 million as a result of budgeting the fixed asset budget for the Data Center Electrical Capital Improvement Project in operating transfers out. Reimbursements are increasing by \$1.6 million due to internal reimbursements for administrative overhead costs from other Information Services Department (ISD) budget units as well as a rate increase for Computer Operations services.

Operating transfers out are increasing by \$3.0 million as a result of the Data Center Electrical Capital Improvement Project.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$13.1 million fund 121 regular budgeted positions that support the Technology Operations, IT Customer Service, and Core Solutions and Security Divisions. Operating expenses of \$17.6 million include costs of computer software, systems development charges, equipment maintenance, services provided by Facilities Management, and travel.

Capital expenditures of \$2.2 million is comprised of equipment and capitalized software purchases. Equipment purchases of \$1,579,611 represent \$1,179,611 for regular equipment replacement and \$400,000 for unplanned requirements. Capitalized software purchases of \$620,233 are for the purchase of software licenses.

Reimbursements of \$11.0 million are for internal administrative allocations, salary reimbursements from various County departments for IT support and ISD's other budget units and intra-fund revenues. Operating transfers out of \$4.1 million represent year five of a five year reimbursement to the general fund for one-time Disaster Recovery policy item and charges for the third year of the Data Center Electrical Capital Improvement Project.

Departmental revenue of \$21.6 million is comprised of central computer revenues and other information technology services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Computer Operations made the following staffing changes:

- Deleted the following vacant positions as they are no longer needed by the Division:
 - 1 Computer Operations Specialist
 - 1 Automated Systems Analyst II
 - 1 Quality Assurance Specialist
- Deleted the following filled positions as a result of necessary budget reductions:
 - 1 Secretary I
 - 2 Automated Systems Technicians
 - 2 Business Applications Manager
 - 1 Office Assistant II
 - 1 Storekeeper
- Reclassified the following filled positions to align with the actual job duties:
 - 2 Programmer Analyst III's to 2 Systems Support Analyst III's
- Add 1 Business Systems Analyst III position to provide support to other County departments. This position is funded by the elimination of the vacant Automated Systems Analyst II position above.

Telecommunication Services

DESCRIPTION OF MAJOR SERVICES

The Telecommunication Services Division provides for the design, operation, maintenance and administration of the largest county-operated telecommunications phone network in the country; the County's Regional Public Safety Radio System that integrates all Countywide sheriff, police and fire emergency radio dispatch capabilities; the paging system that consists of over 3,600 pagers; and the Wide Area Network (WAN) that securely joins approximately 16,600 County users together for the efficient use of technology. The Telecommunication Services Division manages the Countywide microwave system (64 sites) that provides transport capabilities for each of the individual systems listed above.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing by \$689,777 as a result of hard to recruit positions not being filled in 2011-12. As a result of these staffing vacancies the 2011-12 budget was reduced. These positions are fully funded in 2012-13. Operating expenses are increasing by \$3,506,551 primarily as a result in project delays from the 2011-12 budget. These delays resulted in the budget being reduced for 2011-12 but the projects are fully funded in the 2012-13 budget. The net increase of \$2,702,410 in fixed assets is primarily attributed to the increased appropriation necessary for the replacement and upgrade of 800 MHz radio equipment. Reimbursements are increasing by \$628,710 due to growth in intra-fund transfers for the reimbursement of microwave network usage by the Telephone, 800 Megahertz (MHz) Radio and WAN units.

Operating transfers out are decreasing by \$103,070 due to the completion of Capital Improvement Projects. The remaining \$943,407 funds the reimbursement of a one-time policy item to the general fund received for the disaster recovery project and the following Capital Improvement Projects:

- General Services Administration (GSA) Fiber Optic Project
- Construction of new 800 MHz radio system communication sites

The increase in total revenue of \$5,059,960 is primarily the result of 800 MHz radio access revenue that will now be received directly from internal County departments and the addition of a communications installation labor after hour's rate. Operating transfers in will not be budgeted for fiscal year 2012-13 due to the elimination of \$1,889,362 from Information Services Department (ISD) to fund general fund departments use of the 800 MHz radio system. These departments will now directly fund their use of the system.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$10.1 million are a primary expense for this Department. These expenses fund 92 regular budgeted positions that are responsible for the maintenance and administration of the County's phone network, radio system, paging system, the Wide Area Network and the Countywide microwave system.

Operating expenses of \$21.1 million are also a significant portion of the Department expense and primarily fund telephone and communications related costs and services, travel and transfers.

Fixed assets of \$6,161,000 include the following:

- Radio system enhancement equipment - \$2,800,000, to be purchased from Motorola, a sole source vendor.
- Telephone Equipment Replacement - \$500,000.
- Microwave Radios - \$168,500; microwave test equipment - \$30,000, to be purchased from Aviat, a sole source vendor.
- An Eltek 600-Amp System - \$7,500.
- Multiple-Input Multiple-Output (MIMO) Radios - \$45,000, to be purchased from Motorola, a sole source vendor.
- WAN Equipment Replacement - \$500,000.
- Equipment in the event of catastrophic events/unplanned requirements to be expended only as needed - \$400,000.
- Narrow band radio equipment - \$150,000
- Communications installation and maintenance test equipment - \$60,000
- Data center switch enhancement and WAN acceleration equipment - \$400,000.
- West End Communications Authority (WECA) digital radio system upgrades - \$500,000, to be purchased from Motorola, a sole source vendor.
- Acquisition and implementation of a Telecommunication Management System - \$200,000.
- Acquisition and implementation of a Radio Management System - \$400,000.

Departmental revenue of \$28.8 million is the result of the many services the Department provides. Two primary services include the Telephone and Radio systems which support a multitude of internal and external customers. This revenue supports the mission critical services that customers rely on to provide public safety and in the pursuit of the County's overall goals and objectives. In 2012-13 revenue will be used to fund infrastructure enhancements and upgrades to the telephone and radio systems, as well as, software to administer these respective systems to ensure the efficient operation of critical systems.

STAFFING CHANGES AND OPERATIONAL IMPACT

Telecommunications Services has reduced budgeted staffing by 6 vacant positions consisting of 1 extra help Communications Technician III, 1 extra help Public Service Employee, 1 800 MHz Analyst, 1 Network Analyst and 2 Communications Installer positions. Telecommunications Services has added an Office Assistant II position as a result of workload requirements. The deleted positions are no longer required by the Department.

800 Megahertz – Rebanding Project

DESCRIPTION OF MAJOR SERVICES

The Information Services Department (ISD) operates and maintains the County's 800 Megahertz (MHz) Radio Communications System. This system provides countywide, fully interoperable radio communications by which dispatch centers, public safety locations, mobile and portable radios communicate via voice transmission. This system is primarily for local government agency use, and secondarily for additional governmental and related non-governmental users to facilitate public safety. The users consist of County departments, cities within the county, special districts and several outside agencies. This system supports approximately 12,800 radios used by the County's public safety agencies and public health providers throughout the county.

MISSION STATEMENT

The Purchasing Department is dedicated to making government purchasing easy for businesses, while managing cost-effective and efficient acquisition of goods & services. We offer exceptional customer service, innovative processes, and proven business practices in support of County of San Bernardino goals and objectives.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Received an "Achievement of Excellence in Procurement" Award from the National Institute for Governmental Purchasing, ranking in the top 20 percent of public agencies nationwide.
- Implemented phase one of the County of San Bernardino Electronic Procurement Network (ePro) to provide better internal controls and procurement reporting, efficient processing including a transaction charge to fund re-investment in system enhancements, and an upgraded vendor database to maximize competition and support business involvement and retention.
- Completed the solicitation, evaluation, and Best and Final Offer processes to move forward with a travel booking system upon adoption of recommended policy revisions.
- Coordinated countywide development of a Disaster Response and Recovery Services solicitation to secure contingency contracts.
- Upgraded the Department's website to enhance versatility and content.
- Received the Equal Opportunity Commission's "Moving Ahead" award for proactive employment activities.
- Began targeting product and service categories to aggregate demand across County departments, in order to negotiate more advantageous contracts.
- Sharpened the Department's focus on support for small and local business initiatives, vendor shows, and training activities in general that support economic development goals to re-employ residents.
- Consolidated lease costs of production copy equipment at multiple printing locations, resulting in significant contract savings and reduced user costs.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: IMPLEMENT THE COUNTY OF SAN BERNARDINO ELECTRONIC PROCUREMENT NETWORK (ePro).**

Objective A: Initiate and process purchasing requisitions electronically.

Objective B: Implement phase two of ePro including integration with the financial management system to automate encumbrances now that bidding, requisitioning, contracting, receiving, and vendor management are in use.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Percentage of departments utilizing ePro to requisition products and services.	N/A	N/A	80%	100%	100%
1B. Percentage of reduction in cycle times for purchase orders.	N/A	N/A	N/A	N/A	20%

In April 2011, the Board of Supervisors (Board) approved an agreement for electronic procurement. The first phase of this project included vendor management, automated workflows, online bidding, electronic requisitions and purchase orders, automated receiving, and budgetary controls derived from Financial Accounting System (FAS) data extracts that populate ePro. Phase one was completed in May 2012, resulting in 5,400 registered vendors and approximately 1,100 county users. More than 800 users received hands-on training during the six-week period leading up to the rolling launch that began on March 28, 2012. Phase two will integrate ePro with FAS to eliminate dual entry of encumbrances by Purchasing staff.

GOAL 2: DEVELOP THE COUNTY TRAVEL PORTAL WITH ONLINE BOOKING AND REPORTING.

Objective: Create and customize an online booking tool to generate savings and facilitate County policy compliance.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of departments using online booking travel arrangements.	N/A	N/A	90%	N/A	90%

With recommended travel procedures in mind, the scope of work was developed for a service contract to enable implementation of online travel booking in accordance with county policy. In partnership with a travel management company, and with approval from the Board, the revised policies will be put in place along with a system that will be efficient, save money, and consolidate booking and reporting of travel arrangements.

The Department has best and final offers from the vendors who are being considered for contract award; however the Department has not yet scheduled this project due to workload related to ePro implementation.

Note: Beginning in fiscal year 2012-13, Capital Expenditures have been included and Depreciation has been excluded in appropriation in enterprise and internal service funds for budgetary purposes. In the table above, prior years have been restated for consistency.

Purchasing's internal service funds are anticipated to use approximately \$337,825 in unrestricted net assets (UNAs) in 2012-13. Within the Printing Services and Mail/Courier Services Divisions, the use of UNAs includes the purchase of various fixed assets. Expenses within the Surplus Division are anticipated to outpace revenues and result in the use of UNAs for operating costs in 2012-13. The Department is planning to restructure the rate strategy in order to address the consistent under-funding of this budget unit.

Purchasing

DESCRIPTION OF MAJOR SERVICES

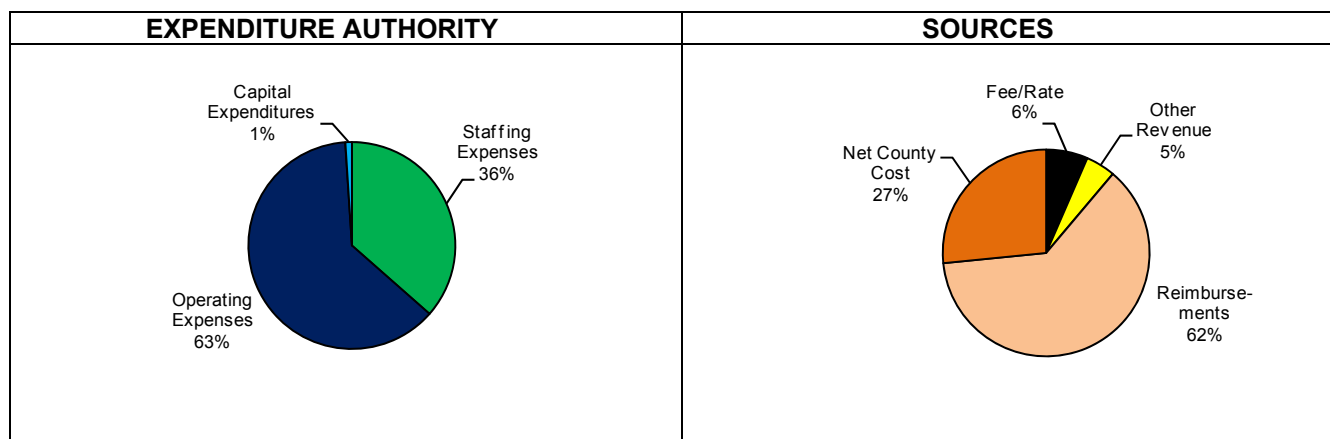

The Purchasing Department manages vendor relationships and acquires equipment, services, and supplies used by County departments and Board-governed districts. Staff facilitates the procurement process, administers contracts and the CAL-Card program, and promotes cost-saving initiatives throughout the county. In addition, the Department provides in-house printing, mail, surplus property, and storage services which are accounted for in the Department's three internal service funds.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall appropriation will increase \$375,976 for implementation of phase two of ePro, including a one percent contract transaction charge (CTC) on eligible contracts in the system. As CTC revenue is realized net county cost requirements will decrease.

Appropriation for ePro includes completion of the current contract to integrate ePro with the financial accounting system (FAS), along with ongoing vendor help desk, system support, software maintenance, and hosting by the Information Services Department. In 2012-13, it is also expected that the Department will complete the ePro failover capacity plan which includes the deployment of additional servers in the High Desert Government Center to allow for normal functions to be maintained despite interruptions caused by problems with equipment or emergencies at the local data center. Additional enhancements that can be considered include a module to certify local vendor preference eligibility, ePayables (invoice matching for electronic payment), an inventory module, tracking of insurance certificates, and punch-put catalog capability.

Accomplishing FAS integration will further reduce workload related to manual entry of encumbrances by both Purchasing and Auditor-Controller/Treasurer/Tax Collector staffs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses make up the majority of the Department's expenditures within this budget unit for 2012-13. These expenses include approximately \$2.3 million in general office expense which covers countywide office supply orders. These expenditures are offset by reimbursements of \$2.3 million from County departments. Other major expenses include staffing which is required to provide adequate procurement services countywide as well as staff to support the continued implementation of ePro. Departmental revenue of \$498,168 includes \$290,982 from the service charge for administering the County office supply program and consolidated billing, as well as \$207,186 from various rebate agreements associated with other countywide procurement programs.

STAFFING CHANGES AND OPERATIONAL IMPACT

As a result of reductions in the Printing Services Division, 1 Office Assistant II position is to be transferred to Purchasing Administration in 2012-13 to assume additional fiscal responsibilities while continuing to perform work for printing services. The cost for this position is partially offset by reimbursements from the Department's three internal service funds for services provided.

Following the launch of ePro, job duties changed for certain positions in the Department due to automated systems replacing previously manual processes. In addition, the Department has new needs to draft protocols and procedures, track and reconcile vendor remittances, and develop and utilize custom reports. As a result of these changes, the Department added 1 Accounting Technician position in 2012-13.

Printing Services

DESCRIPTION OF MAJOR SERVICES

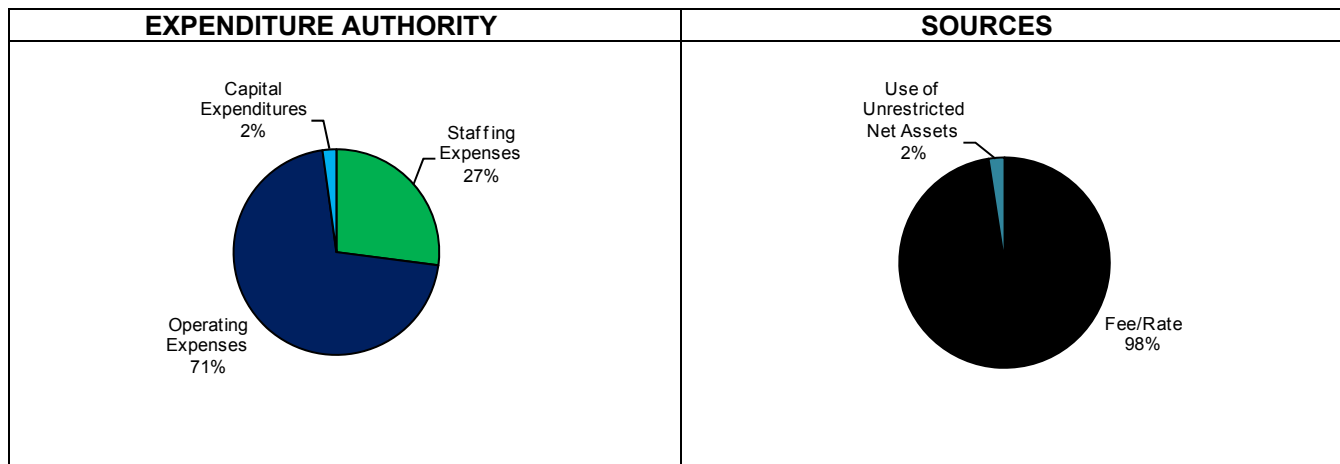

Printing Services designs, prints, and finishes high quality print production materials using the latest technology, and operates three locations for Quick Copy services.

As an Internal Service Fund (ISF) of the Purchasing Department, operational costs of this program are managed through user rates. Unrestricted net assets available at the end of a fiscal year are carried over for working capital or equipment replacement. Any excess or shortage in fund balance is reviewed and incorporated into the rate structure for the following fiscal year.

BUDGET CHANGES AND OPERATIONAL IMPACT

Overall appropriation reflects a decrease of \$383,650 due to savings in equipment leases and reduction in 1 position due to the elimination of the warehouse inventory function.

Departmental revenue is decreasing by \$387,647 to reflect reduced workload and a rate decrease for color copies.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses make up the majority of the Department's expenditures. These expenses include the direct costs of materials, outside printing and lease costs for printing equipment.

Expenses are charged to County departments and outside agencies through the rates that the department prepares annually. In 2012-13, the Department has recommended a reduction in the rates for color copies based on a reduction in overall lease costs for copiers located at county Quick Copy centers. Departmental revenue of \$3,369,329 represents the projected revenue from the collection of rates for color copies, black and white copies, graphic design services and outside printing.

In 2012-13, the Division plans to purchase a two-color press to replace an aging fixed asset that is fully depreciated. This is being funded by unrestricted net assets and will be depreciated over the useful life of the machine. Operating expenses and continued application development for web-based billing comprise the balance of the budget.

STAFFING CHANGES AND OPERATIONAL IMPACT

The staffing changes reflect the transfer of 1 Office Assistant II in 2012-13 to Purchasing Administration in order to assume additional fiscal responsibilities.

Surplus Property and Storage Operations

DESCRIPTION OF MAJOR SERVICES

Surplus Property and Storage Operations manages county storage and excess property, internally reallocating used items to departments, distributing equipment to approved community-based organizations, and contracting with auctioneers and recyclers. Detailed reporting is required under county policy and state law.

BUDGET CHANGES AND OPERATIONAL IMPACT

The Department is expecting a slight increase in staffing expense due to increased retirement costs. Departmental revenue is slightly less than last year. Proceeds from live auctions have declined, most likely due to recycling more e-waste. Handling charges have increased, likely due to departments looking for cost-effective solutions to replenish equipment, computers, and supplies. Toner rebates have also increased somewhat. However, expenses for this mandated function continue to outpace revenue, despite staffing at a minimum level. Therefore, in 2012-13 the department plans to restructure the rate strategy in order to address the consistent under-funding of this budget unit.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$112,617 fund two positions. Operating expenses of \$260,104 includes COWCAP, insurance charges, facilities charges, professional services and transfers for a share of administrative staff budgeted in Purchasing's general fund budget unit. Departmental revenue of \$268,045 includes auction revenue, handling charges billed to county departments, and proceeds from recycling.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no changes to budgeted staffing within this budget unit. Two positions operate the surplus property and storage operations.

BUDGET CHANGES AND OPERATIONAL IMPACT

Decreases in appropriation totaling \$45,207 include reduced costs as a result of reduction in operating expenses.

Departmental revenue is decreasing by \$42,439 and reflects the reduction in billable costs through reduced operating expenses.

In 2011-12, the Department reorganized the rate structure for the mail/courier function to improve cost accounting and use by departments. This included consolidating various mail handling functions into one rate which has allowed the department to process billing faster and also to provide for a simplified rate calculation. As of June 30, 2011, this blended rate has improved the cost accounting methodology for the Department and revenues have come further in line with expenditures. According to the June 30, 2011 financial statements prepared by the Auditor-Controller/Treasurer/Tax Collector, the unrestricted net assets in excess of working capital has increased to \$123,070. The rates for 2012-13 were constructed in order to maintain this level of unrestricted net assets throughout the coming year.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses represent the majority of this budget unit's expenditures totaling \$5,187,543. This includes direct postage expenses, equipment leases and maintenance, postal software upgrades, application development for web-based billing, and other related services and supplies. In 2012-13, the division plans to purchase four new postage meter machines and replace four old meter machines that are fully depreciated. This is being funded by retained earnings and will be depreciated over the useful life of the machine.

Departmental revenue totaling \$6,452,587 represents payments from departments for mail handling and mail delivery.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing changes in 2012-13.

RISK MANAGEMENT

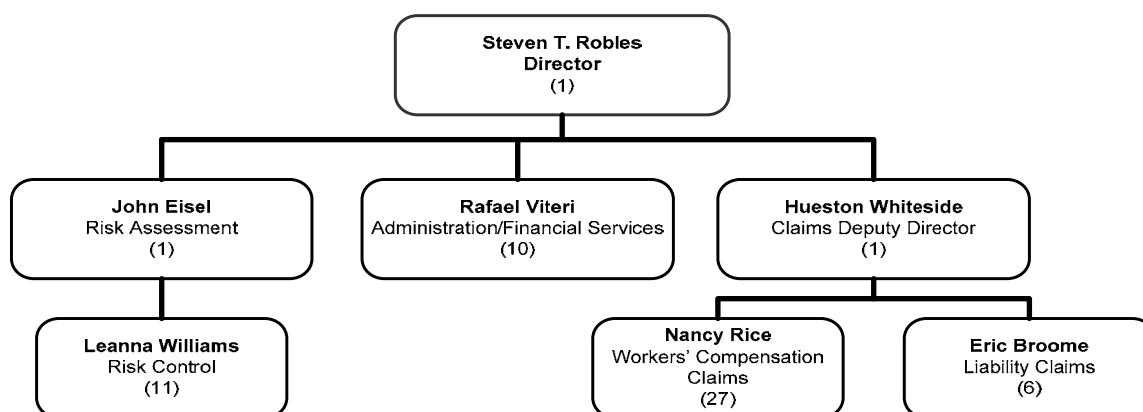

Steven T. Robles

MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through a coordinated Integrated Risk Management Program that includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Deployed internal online claim reporting.
- Deployed nurse triage for injury reporting in selected departments.
- Maintained self-insurance reserves at 80% confidence level.
- Received positive external audit results on Workers' Compensation and Liability programs.
- Maintained the Cost of Risk below 2% of the County budget.

The Arrowhead Achievement Program is an action based, self-driven, incentive program designed to assist departments in reducing their overall cost of risk by merging risk management techniques with fundamental safety principles; thus, increasing productivity, public safety, customer service and positively impacting the cost of risk. The program consists of five (5) basic components: identifying loss exposures, analyzing loss exposures, examining risk control techniques, implementing risk control techniques and evaluating results. The estimate for 2011-12 is lower than the target as a result of less departments joining the program than was originally anticipated. Risk Management is actively working with departments in an effort for them to join the program in 2012-13.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$491,676 based primarily on the increase of retirement costs and the COWCAP allocation.

Departmental revenue will increase by \$519,411 primarily due to the cash balance distribution (interest revenue) that was included in the 2011-12 budget but is not included in the 2012-13 budget. This is interest revenue that posts to the operations budget but is then distributed to all the insurance funds as applicable.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 RECOMMENDED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2012-13. These expenses fund 57 budgeted positions and are necessary to administer the County's insurance programs. Departmental revenue is primarily made up of operating transfers in from the insurance funds which are funded through Board of Supervisor's approved premiums paid by departments, Board-Governed Special Districts, and County Service Areas. In addition, departmental revenue includes administrative fee revenue from the Emergency Medical Services Program of \$110,000 and interest.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department eliminated 4 vacant positions (1 Liability Claims Representative III, 1 Liability Claims Representative II, and 2 Risk Control Specialists). There is no operational impact as a result of these deletions; the duties will be performed by existing staff.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses have increased by \$15.9 million due to projected costly settlements and increased liability claim experience. Additionally, there are increased claims costs in workers' compensation and premiums for excess insurance are also anticipated to increase. Operating transfers out represents funding to Risk Management Operations of \$6,183,948 as well as \$407,211 for positive workers compensation experience modification credits being transferred to general fund contingencies (budget unit AAA FAD).

Departmental revenue is decreasing by \$2.5 million as a result of diminishing interest earnings as well as a decrease in prior excess insurance reimbursements.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$83.3 million primarily consist of judgment and settlement costs, medical treatment and expenses, temporary disability and loss earnings, property insurance, and legal defense services. Operating transfers out of \$6.5 million represent funding to Risk Management's Operations budget unit.

Departmental revenue of \$64.7 million includes insurance premiums collected from user departments.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Staff that administers these insurance programs are budgeted in Risk Management's Operations budget unit.

DESCRIPTION OF MAJOR SERVICES

The Local Agency Formation Commission (LAFCO) is an independent regulatory body composed of two elected County supervisors selected by the Board of Supervisors, two city council members chosen by the mayors of the 24 incorporated cities, two elected special district board of directors selected by the presidents of independent special districts in the County, and one public member not associated with the County, city, or special districts who is chosen by the other six commission members. The members are charged with the responsibility to encourage the orderly growth of government agencies, to preserve agricultural lands, to discourage urban sprawl, and to assure efficient delivery of services through local government agencies within San Bernardino County. In meeting these responsibilities, the Commission:

1. Regulates proposed boundary and sphere of influence changes for cities and special districts.
2. Conducts sphere of influence updates and municipal service reviews. The Commission also has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.
3. Regulates the formation and dissolution of cities and special districts.
4. Reviews contracts for the provision of services outside the boundaries of cities and special districts.

Costs incurred in this budget unit represent the County's legally mandated contribution to LAFCO which is one-third of the operating cost that is not reimbursed by fees and other revenue.

The Superintendent of Schools is the elected chief school administrative office of the County and is mandated by state law to provide various services for 33 school districts and two regional occupational programs. The Superintendent of Schools also provides ancillary services to five community college districts within the County. Through state and other funding sources, the Superintendent provides services to more than 425,000 grades K through 12 students and approximately 40,000 community college students in accordance with the Education Code. These services also include direct instruction to alternative education, special education, juvenile hall and preschool students.

District Financial Services was established to independently perform all audits and approval functions required of the Auditor-Controller/Treasurer/Tax Collector and the Superintendent of Schools. District Financial Services is jointly responsible to those elected officials. These services include warrant production, control and the examination and audit of the payrolls and other expenditures from the funds of the school districts and entities in the County.

MISSION STATEMENT

The San Bernardino County Arrowhead Regional Medical Center is a safety net hospital with the primary mission of providing quality healthcare—a basic necessity of humankind—to the residents of San Bernardino County. We continuously strive to improve the health of the communities we serve and become the provider of choice for healthcare delivery and education.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Opened new state-of-the-art, environmentally-friendly Medical Office Building, September 2010.
- Opened the co-location Westside Family Health Clinic, March 2012.
- Opened two additional Nursing Units on the Sixth Floor.
- Low Income HealthCare Program started January 1, 2012.
- Health Care Facilities Accreditation Program (HFAP) – Arterial Blood Gas Laboratory.
- New Post-Graduate training program for Emergency Room Physician Assistants.
- American Heart Association, “Fit Friendly” designation, Gold Level.
- California Department of Public Health (CDPH) – Patient Safety Survey.
- American Society of Health System Pharmacists – Residency Accreditation Survey.
- Health Care Facilities Accreditation Program (HFAP) – Accreditation Survey.
- Implemented the Incentive Plan second year milestones.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PROMOTE AND INCREASE COMMUNITY COLLABORATION AND INVOLVEMENT TO ENHANCE ACCESS TO CARE.**

Objective: *Collaborate with other County departments to maximize Low Income Health Program (LIHP). This program will optimize existing resources providing medical care to enrollees previously part of the County's Medically Indigent Adult program pursuant to Welfare and Institutions Code Section 17000 . Allow such designated departments to coordinate care to draw down federal matching dollars at a rate of 50% of cost. These funds will have the effect of reducing commensurate Safety Net Care Pool dollars, but overall provide for improved coordinated care that will equate to better patient outcomes.*

Arrowhead Regional Medical Center

DESCRIPTION OF MAJOR SERVICES

Arrowhead Regional Medical Center (ARMC) is a state-of-the-art acute care facility embracing advanced technology in all patient and support areas. ARMC offers the latest in patient care by providing a full range of inpatient and outpatient services, three off campus and one on campus community health centers, Department of Behavioral Health's inpatient activities and numerous specialty services. Freeway access, shuttle service and close proximity to an Omnitrans bus hub make ARMC convenient to County residents.

ARMC and Behavioral Health facilities are comprised of 456 (90 in Behavioral Health and 366 in ARMC) inpatient rooms, most of which are private. The Emergency Department is a Level II Trauma Center and consists of 15 observation rooms, 8 treatment rooms, 3 law enforcement holding rooms, 8 trauma rooms and a 9 bay Rapid Medical Emergent Treatment area to expedite treatment and improve throughput. The helicopter landing area can accommodate both standard Medi-Vac helicopters and military helicopters. The outpatient care center consists of 109 examination rooms and 8 procedure rooms.

The campus houses five buildings which also serve to outline the definitive services/medical center functions: Behavioral Health, Hospital, Outpatient Care Center, Diagnostic & Treatment and the Central Plant.

Inpatient Care: Inpatient services provide curative, preventative, restorative and supportive care for general and specialty units within the General Acute Care Hospital, Behavioral Health Hospital and Home Health. Care is coordinated among multiple care providers responsible for patient care twenty-four hours a day. Nursing functions as a primary interface with patients, families and others, and is often the interpreter for the hospital experience and treatment plan. Education is a primary focus, and ARMC offers numerous Residency Programs for the training of physicians in Family Practice, Emergency Medicine, Surgery, Neurosurgery, Women's Health, and Internal Medicine.

Outpatient Services: Outpatient Care is an integral part of our multifaceted healthcare delivery system offering a wide range of emergency, primary, preventive, chronic, follow-up and specialty care in an ambulatory care setting. Visits have exceeded 250,000 annually exclusive of the Emergency Room volume. Mobile services have been expanded to one Mobile Clinic and two Breath Mobile units for a total of three. This will allow clinical services to be delivered in outlying areas and County emergencies when it is needed.

ARMC has worked diligently with the California Association of Public Hospitals to maximize funding for Medi-cal and uninsured patients under disproportionate share and safety net care pool sources. These sources are provided primarily through the California section 1115 Waiver. The initial five year Waiver ended at the end of 2009-10. The new Waiver deal was implemented in November 2010. The impact of the new Waiver will increase funding, but not without new costs for infrastructure and performance to achieve outcomes.

Under the new Waiver, counties had the opportunity to develop coverage initiatives by implementing a Low Income Health Plan (LIHP). The County of San Bernardino created a collaborative of community stakeholders and County departments including Behavioral Health, Human Services, and Public Health that implemented the County's LIHP, ArrowCare. The contract with the Center for Medicare and Medicaid Services (CMS) was approved and started January 1, 2012. ARMC has been a key component in service delivery in the LIHP for physical medicine, and will be working with other County departments in preparing, through this program, for the transition to Health Care Reform in 2014. Incrementally, funding under the LIHP only represents a change in the financing mix and will net to zero since many of the current medically indigent patients in the will now be part of the LIHP.

A new funding source provided under the waiver, the Incentive Plan, is an innovative approach to provide an improved delivery system. The Incentive Plan will provide Infrastructure Development, Innovation Redesign, Population-Focused Improvement and Urgent Improvement in Quality and Safety. Incentive Plan funding is strictly tied to results and meeting of transformation milestones.

BUDGET CHANGES AND OPERATIONAL IMPACT

During 2011-12, ARMC responded to increases in volume and changes in regulatory requirements by opening two additional nursing units and an observation unit. Increasing personnel was necessary to meet those demands resulting in increased staffing expenses. However, a portion of the increased costs will be offset in 2012-13 with the reduced costs for temporary help.

Staffing expenses have a net increase of \$20,965,508 and 91 budgeted positions over the current year's final budget based on increased staffing and retirement costs.

Operating expenses reflect a decrease of \$13,390,859 due primarily to the elimination of temporary help costs. The budget for this expenditure has been eliminated in the coming year as the permanent staffing has been established to allow the flexibility necessary to maintain required staffing levels. The reduction of this expenditure helps to partially offset the increase in staffing expenses.

With the current Medi-cal Waiver as a bridge to Healthcare Reform, the mix of revenues will continue to change. Overall revenue has increased with managed care revenue and higher Medi-cal reimbursements due to increased volume.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$234,420,563 fund 3,507 budgeted positions.

Operating expenses of \$179,180,768 are comprised primarily of external provider care services for CMSP patients of \$16,802,872, medical indigent expense of \$2,290,240, patient food services of \$2,366,856, laundry and housekeeping of \$3,072,175, equipment expense of \$4,080,610, data processing of \$1,939,789, utilities of \$7,070,241, insurance of \$7,846,749, office supplies, printing/courier services of \$1,674,106, COWCAP of \$1,354,254, physician fees of \$29,852,967, purchased medical services of \$24,027,639, medical supplies of \$54,458,592, travel of \$842,922 and rent expense of \$7,507,491.

Capital expenditures of \$13,723,993 include \$9,286,969 for equipment, \$886,779 for Structure and Improvement and \$3,550,245 for lease purchase equipment. Major equipment acquisitions include an Angio/Cath Laboratory (\$1,403,468), a Multi-slice CT scanner (\$1,500,235), a Catherization Laboratory Replacement (\$1,518,105), and Meaningful Use Information Technology equipment (\$5,385,950). Major Lease purchases include a Hospital Network Switch System Refresh (\$966,711), a Citrix XenApps Server Refresh (\$1,270,316) and the replacement of Scanning and Archiving Computer Equipment (\$920,286).

Operating transfers out of \$9,794,216 represents \$8,000,000 of ARMC's contribution from operations for the Medical Center Debt Service and \$1,794,216 for Capital Improvement Projects. A detailed description of the Medical Center Debt Service is available in ARMC's Medical Center Lease Payments budget unit.

Departmental revenue includes \$307,131,788 in state and federal funding primarily from Medicare and Medi-Cal, \$78,120,942 in current services from private pay patients and insurance, and \$6,576,002 in other revenue from cafeteria sales, interest, miscellaneous grants, and services provided to other County departments and hospitals through the residency program.

Operating transfers in of \$37,370,000 reflect the Realignment contribution to ARMC for the CMSP impact to hospital operations of \$34,820,000 and \$2,550,000 for the Medically Indigent Adult program.

Currently, ARMC has a net budget of \$-7,920,808 due to the one time use of prior year's unused Realignment for capital purchases.

STAFFING CHANGES AND OPERATIONAL IMPACT

ARMC staffing increased 91 budgeted positions in 2012-13 from the current year's final budget. A portion of these budgeted increases reflects the ARMC's participation in the Low Income Health Program and a Delivery System Reform Incentive Plan. Clinical positions totaling 7 were added in 2012-13 for these two programs. Additionally, 20 positions were added for a new observation unit and 30 positions were added for patient sitters in response to regulatory changes. Position changes to lower costs for temporary help and overtime giving the Department flexibility with scheduling resulted in the addition of 25 positions. While the number of positions has increased significantly, many of the positions are part time positions that will allow ARMC to meet required staffing ratios in addition to scheduling flexibility. ARMC will also be implementing new technology systems for the new programs in preparation for Healthcare Reform and compliance with the Electronic Health Record. Additions for these programs totaled 4 new positions. Other anticipated program changes resulted in an additional 5 positions.

Medical Center Lease Payments

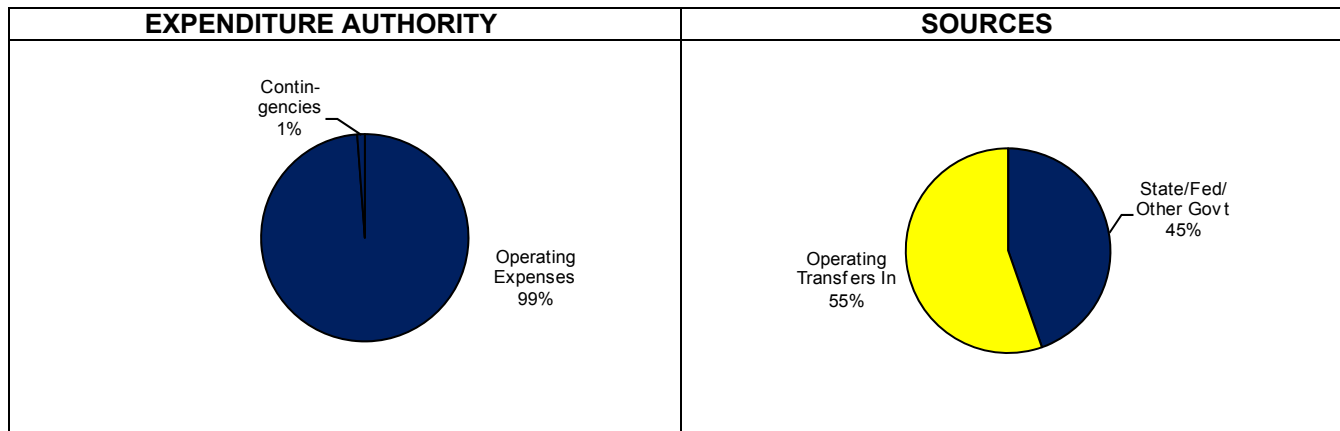

DESCRIPTION OF MAJOR SERVICES

This budget unit funds the cost of long-term lease payments to the Inland Empire Public Facilities Corporation for the Arrowhead Regional Medical Center (ARMC) facility. Funding sources include state revenues from the Construction Renovation/Reimbursement Program (SB 1732) that provides supplemental reimbursement for construction, renovation, or replacement of medical facilities or fixed equipment, operating transfers from ARMC representing Medicare and fee for service revenues, and operating transfers from the general fund backed by Health Realignment revenues and tobacco settlement proceeds.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses is increasing by \$264,537 in accordance with scheduled lease amortization.

State, federal or government aid is decreasing by \$34,771 based on the SB 1732 reimbursement formula.

Operating transfers in is increasing by \$299,308 to pay for increase in operating expenses.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$41,918,300 represent lease payments and associated fees for the ARMC facility.

State, federal or government aid of \$18,791,037 is based on the SB 1732 reimbursement formula. A portion of the medical center lease payments is reimbursed by the state through the Construction Renovation/Reimbursement Program (SB 1732). The amount reimbursed by the state depends on the allowable lease payments multiplied by a rate that is calculated by the state every year. The rate fluctuates based on actual Medi-Cal inpatient days paid to ARMC.

Operating transfers in of \$23.3 million are funded by \$10.7 million of Tobacco Master Settlement Agreement monies and \$4.6 million of Health Realignment. The remaining \$8.0 million represents revenues anticipated to be generated by ARMC to fund the remaining debt service lease payment.

The Agency provides overall administrative support and policy implementation to three departments as well as the Successor Agency to the County of San Bernardino Redevelopment Agency. This includes the facilitation of communication between the County Administrative Office as well as the Board of Supervisors. In addition, the Agency oversees the information technology function, public relations and marketing support.

Through the combination of four entities with common goals and objectives, the Agency provides leadership and direction to all 24 cities and private economic development organizations within the County.

NOTE: The "Other Agencies" units are reported in a separate document. The budget for the Agency is incorporated within the Department of Economic Development's budget unit.

ECONOMIC DEVELOPMENT

Mary Jane Olhasso

MISSION STATEMENT

The Department of Economic Development fosters sustainable economic growth opportunities for job creation and revenue enhancement through comprehensive business expansion, attraction, and retention programs and services. The Department creates strategic partnerships with public and private entities to enhance global competitiveness and entrepreneurial development.

ORGANIZATIONAL CHART

2010-11 and 2011-12 ACCOMPLISHMENTS

- The Department successfully implemented programs to strengthen the County's brand regionally and nationally to site selectors, corporate real estate executives, investors, brokers and other stakeholders through speaking engagements, partnerships, advertising, direct outreach, public relations and further enhancement to the Economic Development Agency's website: sbcountyadvantage.com and www.sbcountybuzz.com.
- The Department has incorporated the County Vision into the websites, press releases and other related collateral materials.
- The Department responded to over 130 inquiries for site selection packages and over 200 inquiries for incentive information and other technical assistance.
- The Department successfully launched the County's Domestic Tourism Program with "DiscoverIE" and International Tourism Program. The International Tourism program successfully implemented the familiarization tour of "Route 66 & Beyond" with international travel writers.
- The Department successfully executed the State of the County event on February 29, 2012. This event seeks to attract and retain businesses within the County.
- The Department began regular meetings with San Bernardino County cities and towns economic development personnel to leverage community strengths and work cooperatively in economic development efforts.

2012-13 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: FOSTER JOB CREATION AND IMPROVE THE WELFARE OF COUNTY RESIDENTS.**

Objective: *Identify, attract and facilitate the location and/or relocation of businesses that offer jobs suitable for the job skills available within the County.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of new businesses attracted to the County through the attraction and expansion efforts of the Department of Economic Development.	N/A	202	220	350	400
Number of estimated new jobs created through attraction and expansion efforts.	N/A	N/A	New	5000	6000

The Department of Economic Development's attraction efforts are based primarily on a site selection process. This involves identifying sites that meet the requirements and coordinating site tours with brokers and developers. During this process, other departments including Land Use/Building and Safety, etc., are brought in to ensure a seamless progression of services for the requesting client.

In 2011-12, the Department plans to create an action plan that will position the County to take advantage of key economic development opportunities during the economic recovery. The Department will create collaborative forums with key industry sector leaders and educators to discuss potential technical transfer programs and the potential for creating regional innovation corridors.

To successfully foster job creation, increase private investment and enhance County revenues through retention, attraction and expansion of business, the Department of Economic Development plans to create and develop strong regional relationships with local businesses, cities and chambers of commerce.

GOAL 2: ENHANCE THE COUNTY OF SAN BERNARDINO'S POSITION AS A TOURIST DESTINATION AND PROMOTE THE COUNTY AS A VIABLE FILM LOCATION.

Objective: *Enhance the image of the County as a viable film location and create awareness of the economic benefits of filming in the County through ongoing branding and marketing.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target

Economic Development

DESCRIPTION OF MAJOR SERVICES

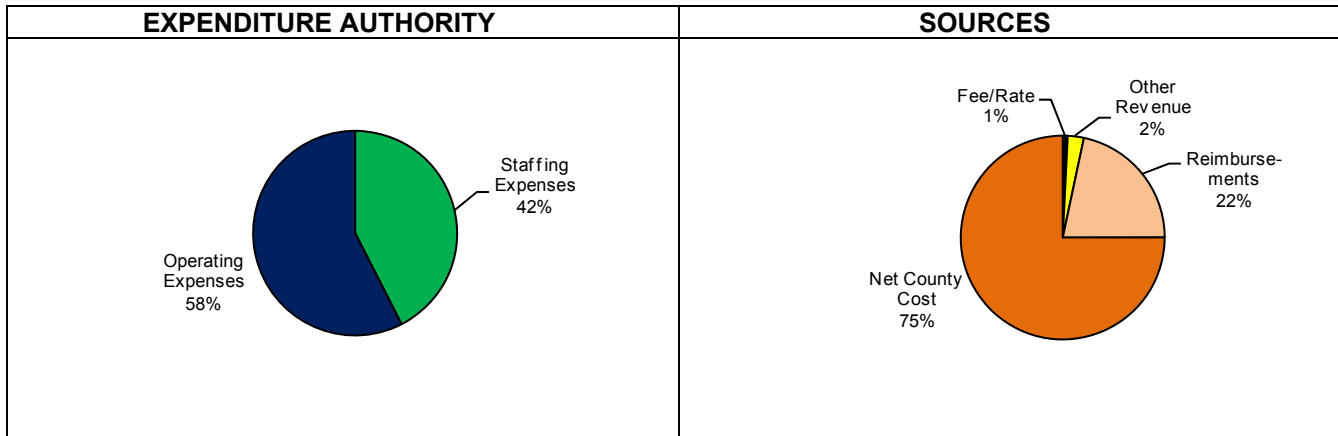

The Department of Economic Development's (ED) major goals are to foster job creation, increase private investment and enhance County revenues through the implementation of a Countywide economic development strategy. The strategy focuses on maximizing the standard of living of the County's residents, providing economic opportunities for the County's businesses, fostering a competitive environment and positioning the County as a highly competitive region for business opportunities. The strategy will emphasize industry sectors with high-growth potential and offering high paying jobs.

The Department spearheads initiatives having local, national and international impact by forming internal and external strategic partnerships with key public and private sector organizations including, but not limited to, the State of California, San Bernardino County cities, the County of Riverside, as well as non-profit development corporations, developers, brokers, site selectors, corporate real estate executives and tenant representatives. Outreach to private sector stakeholders is conducted via a comprehensive media/marketing campaign.

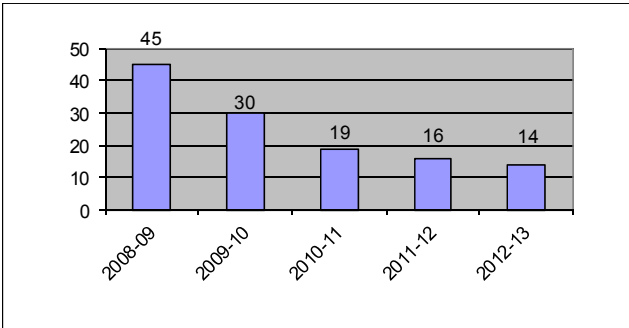

The Department also creates and develops necessary support structures to foster a positive, creative and expanding business climate by offering a wide array of economic development programs and services including the following:

- Site Selection Assistance
- Market Analysis and Demographics
- Permitting Assistance
- International Trade Services
- Enterprise Zone and Program Management
- Small Business Assistance and Technical Support
- Technical assistance and marketing support to County cities and economic development stakeholders.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expense has a net increase from the final budget of 2011-12 of \$83,965, reflecting the cost related to vacant positions in 2011-12 and salary adjustments in 2012-13.

Operating expenses increased by approximately \$123,000 primarily due to less expenditures incurred in 2011-12 as reflected in the 2011-12 final budget.

Reimbursements were reduced by approximately \$63,000 primarily reflecting the transfer of one position to the Department of Workforce Development.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1.7 million fund 14 budgeted positions.

Operating expenses of \$2.2 million include costs of various Economic Development programs (real estate related trade shows, advertising, public relations, and tourism); travel and internal transfers out (County Counsel charges, Facilities, etc.).

Reimbursements of \$841,141 represent the cost allocation to other EDA departments of Economic Development Agency staff.

Departmental revenue of \$130,000 represents registration fees and sponsorships for the State of the County event planned for the spring of 2013.

STAFFING CHANGES AND OPERATIONAL IMPACT

Budget reductions, cost increases and program changes in 2012-13 resulted in the deletion of 1 Economic Development Manager position and the transfer of 1 Automated Systems Technician position to the Department of Workforce Development for an estimated savings of \$277,000.

San Bernardino Valley Enterprise Zone

DESCRIPTION OF MAJOR SERVICES

On August 22, 2006 (Item No. 50), the Board of Supervisors approved a Memorandum of Understanding with the City of Colton, City of San Bernardino, and the Inland Valley Development Agency (IVDA) to fund, manage and describe the jurisdictional responsibilities of the San Bernardino Valley Enterprise Zone (SBVEZ). The SBVEZ is a state designated geographical area that offers local businesses state tax incentives in order to stimulate economic growth in the economically distressed areas of the City of Colton, City of San Bernardino, and the County.

Budget at a Glance

Total Expenditure Authority	\$137
Total Sources	\$0
Fund Balance	\$137

The San Bernardino Valley Enterprise Zone facilitates economic growth through assistance to local businesses, jurisdictional leadership, public/private collaborations, attraction of new investment, the retention/expansion of existing businesses, and the employment of the most difficult-to-hire workers into private sector jobs.

Major services offered to SBVEZ businesses in 2011-12 include the following:

- Educational workshops on State Tax Credits.
- Employment and training assistance for zone businesses.
- Assistance in accessing and procuring state contracts.
- Processing of employment vouchers to allow businesses that hire qualified individuals to receive the state's hiring tax credits.
- Site selection assistance for new and expanding businesses.
- Permitting assistance for new and expanding businesses.

On September 13, 2011 (Item No. 15), the Board of Supervisors (Board) adopted Resolution No. 2011-180 amending the Memorandum of Understanding (Agreement No. 06-937) for the San Bernardino Valley Enterprise Zone ("Zone") to remove the County of San Bernardino as the Zone Manager and designate the City of San Bernardino as the new Zone Manager. The Board also authorized the transfer of any and all unobligated Zone funds to the City of San Bernardino.

COMMUNITY DEVELOPMENT AND HOUSING

Patricia M. Cole (Community Development and Administration)
Dena Fuentes (Housing & Successor Agency)

MISSION STATEMENT

Community Development and Housing is a dynamic team that utilizes experience and knowledge to create and achieve a better quality of life for County residents by providing quality programs and services. In addition, the Department incorporates the Housing Successor to the former Redevelopment Agency, which utilizes designated assets to develop new affordable housing units and distribute unobligated funds to the appropriate taxing entities.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Provided funding for 201 infrastructure construction projects that were completed or are currently underway.
- Provided funding for implementation and continuation of 112 social service programs that serve the needs of 53,169 county residents.
- Construction and/or rehabilitation of 102 (2011-12) low, moderate or middle income residential units.
- Assisted 191 (2011-12) households through the purchase or repair of owner occupied single family residences.
- Creation of the Housing Successor and transfer of all housing assets in accordance with the Dissolution Act.
- Commenced planning to develop and implement the Bloomington Community Revitalization Effort with cities of Fontana, Rialto, Land Use Services, Library Services and the Behavioral Health departments. The Agency will leverage limited resources to prepare a community specific plan, install new infrastructure, and develop a mixed use affordable housing and community library development with the goal of stimulating future private economic reinvestment.
- Initiated the Bloomington revitalization effort by purchasing two properties for a future mixed use library and affordable housing development.
- Participate in a joint effort with Preschool Services, Health and Human Services, Workforce Development and the non-profit affordable housing community to create a pilot program assisting affordable housing residents to become financially self-sufficient.

Community Development and Housing

DESCRIPTION OF MAJOR SERVICES

The Department of Community Development and Housing (CDH) seeks to better the quality of life for the residents of San Bernardino County by providing community and housing development resources. CDH administers the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnership Act Grant (HOME), Neighborhood Initiative Program (NIP) and Neighborhood Stabilization Program (NSP).

There are two major changes to the programs for fiscal year 2012-13. First, the funding for several Department of Housing and Urban Development (HUD) funded programs will be completed by September 2012 and will not be refunded for future years. These programs include: the one-time Neighborhood Initiative Special Grant (NISG) for the purchase of foreclosed properties, the American Recovery and Reinvestment Act (CDBG-R), and the Housing Preservation and Rapid Re-housing Program (HPRP). Second, the Emergency Solutions Grant (ESG), previously known as the Emergency Shelter Grant, will be more flexible in preventing and responding to rapid re-housing needs to homeless individuals. Veterans and other individuals who are either at risk, or who become homeless, may receive assistance under this program.

In February 2012, the Department incorporated the Housing Successor to the former Redevelopment Agency of the County of San Bernardino. In response to the California State Assembly Bill X1 26, the old redevelopment fund structure was carried over to the Housing Successor to wind down housing redevelopment activities. The Housing Successor is responsible for performing the housing functions of the former Redevelopment Agency and retains all rights, power, duties and obligations. All new housing units must meet affordability and monitoring requirements.

BUDGET CHANGES AND OPERATIONAL IMPACT

As a result of significant funding reductions and staffing vacancies, the Department has a net decrease in staffing costs of approximately \$232,000 due to the elimination of 14 positions, offset by the addition of 3 Successor Agency positions. These staffing changes resulted in a major reorganization of the Department and the elimination of a number of programs.

Operating expenses increased by a total of \$14.5 million due to the reprogramming of funds from contingencies for planned projects including one-time projects such as the Baker Learning Center in Muscoy. The \$2.3 million reduction in capital expenditures represents the acquisition of land in the prior year.

Reimbursements increased by approximately \$539,000 primarily due to the reimbursements from the Successor Agency for allocated staff costs.

Operating transfers out increased by \$1.4 million as a result of additional projects assigned to other County departments, including Architecture and Engineering, for construction.

The increase of approximately \$1.0 million in departmental revenue for 2012-13 represents federal allocation for the planned projects.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses and operating transfers out, of \$45.4 million, relate primarily to infrastructure construction projects and community development programs funded by the Department, including rehabilitation of low, moderate or middle income residential units.

Contingencies represent allocated federal funding for multi-year projects where funds will be disbursed in future fiscal years.

STAFFING CHANGES AND OPERATIONAL IMPACT

Budget reductions in 2012-13 resulted in the deletion of 14 positions; 1 Staff Analyst II, 1 Contract ECD CDBG Consultant, 5 ECD Technicians, 1 Housing Cost Estimator, 3 Office Assistant III, 1 Real Estate Specialist, 1 Supervising Fiscal Specialist and 1 Supervising ECD Analyst. This reduction in staff resulted in major restructuring and consolidation of functions within the Department.

The dissolution of the Redevelopment Agency (RDA) resulted in 3 RDA positions being transferred to the Department of Community Development and Housing. These positions will support the consolidated housing functions and handle the workload related to the Successor Agency of the County of San Bernardino Redevelopment Agency.

Housing Successor to the Former Redevelopment Agency

DESCRIPTION OF MAJOR SERVICES

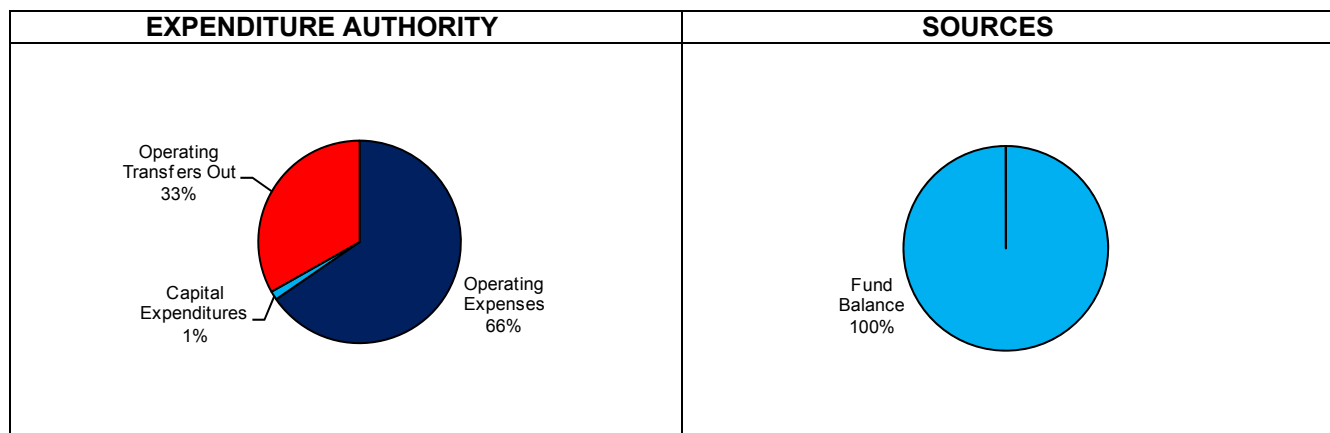

On June 29, 2011, the Governor signed Assembly Bill X1 26 (Dissolution Act) as part of the State's budget package and on December 29, 2011 the California Supreme Court upheld this legislation. The Dissolution Act mandates the elimination of every redevelopment agency in California, effective February 1, 2012 and mandates all unobligated funds be distributed to the appropriate taxing entities.

The Housing Successor retained the former redevelopment agency's rights, power, duties and obligations. The former redevelopment agency purchased a variety of low and moderate income single family homes as part of a site assemblage program to remove incompatible uses within a heavy industrial area. The Housing Successor is responsible for replacing 50 units for Low-Moderate Income families. The Housing Successor, in concert with the Department of Community Development and Housing is leveraging housing and federal funds to initiate a major revitalization effort in the Bloomington community. The funds to finance the replacement of this statutory obligation are allocated through the Recognized Obligation Payment Schedule and approved by the County of San Bernardino's Successor Agency and Oversight Board.

BUDGET CHANGES AND OPERATIONAL IMPACT

The Housing Successor is a newly created budget unit partially replacing the former Redevelopment Agency. Previous budgets for the Redevelopment Agency contained five budget units, one for each project area. The Housing Successor consolidates the housing portions of these previous budget units into one new budget unit.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$17.2 million include unobligated bond proceeds of \$11.1 million, transfers for replacement housing of \$4.9 million and general fund loan repayment of \$1.2 million.

Operating transfers out of \$8.7 million represents available fund balance.

STAFFING CHANGES AND OPERATIONAL IMPACT

This budget unit contains no direct staffing costs. The staffing for the Housing Successor is comprised of three positions, budgeted within Community Development and Housing (CDH). The Housing Successor will reimburse CDH for staffing costs based upon time studies.

WORKFORCE DEVELOPMENT

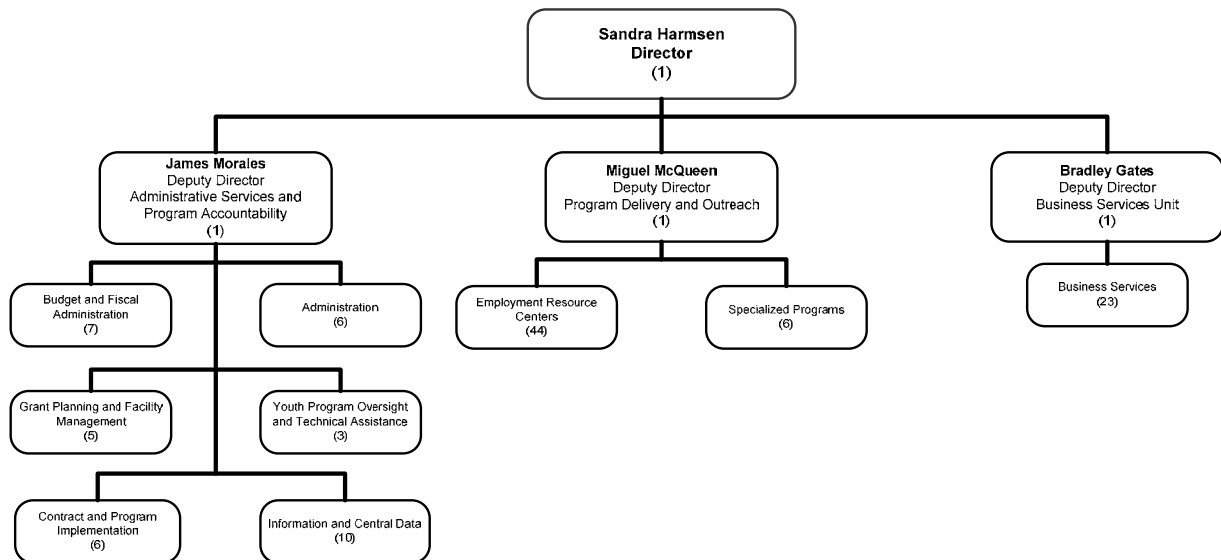

Sandra Harmsen

MISSION STATEMENT

The Workforce Development Department serves residents and businesses in the County of San Bernardino by developing a skilled workforce that meets the ever-changing demands of the business community.

ORGANIZATIONAL CHART

2010-11 and 2011-12 ACCOMPLISHMENTS

- Met or exceeded federal and state performance standards under the Workforce Investment Act Adult and Youth Programs.
- Enrolled 3,456 County residents into certified training programs.
- Posted 24,528 job openings in the Workforce Investment Network.
- Assisted 945 local businesses through workshops and consulting services for marketing, cost cutting, process improvement and human resources.
- Referrals for On-the-Job Training positions resulted in 456 executed contracts.
- Performed 31 Rapid Response on-site visits, assisted 3,876 affected by layoffs.
- Received two (2) National Association of Counties (NACo) awards for collaboration to provide training for in-home caregivers and for a summer youth employment program.
- Launched the Workforce Access Matrix in partnership with the Alliance for Education to link unfilled jobs to local training institutions.
- Launched www.sbcountyjobops.com to help youth connect with workforce programs career opportunities.

The County's New Start has one of the highest reported job placement rates for this program in the state.

- Partnered with multiple departments and agencies to provide workforce services to job seekers including, Preschool Services to provide training and employment services to parents of children enrolled in the Head Start program; Department of Aging and Adult Services to address job and readiness skills; Department of Behavioral Health to recruit licensed health workers to address local mental health services needs, to provide job readiness skills, and summer employment experience to foster youth; Transitional Assistance Department to provide job referral services to their clients; Probation Department under the Gateway program to counsel and provide job readiness skills to youth; Department of Veterans Affairs and other stakeholders to help veterans build careers through customized vocational training programs including green industry sectors; and Riverside County to develop targeted strategies in delivering local workforce services.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: INCREASE EMPLOYABILITY OF COUNTY RESIDENTS THROUGH SERVICES PROVIDED.

Objective: Provide Workforce Investment Act (WIA) Services to County residents.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of County resident enrollments.	24,379	23,327	23,000	22,660	21,000

This objective was selected based on the role the Department plays in the overall Countywide vision and economic development strategies of the County and the Economic Development Agency. This objective was influenced by federal and state mandated performance outcomes and funding levels made available from the Department's primary funding source. The Workforce Development Department (WDD) has provided employment services and assistance to over 22,000 County residents who are seeking employment and training opportunities and resources. These resources are made available across the designated County region and outlying areas by way of Employment Resource Centers located throughout the County. The 2012-2013 target is slightly reduced as service demand is expected to wane in response to changing economic climate.

GOAL 2: INCREASE AWARENESS IN THE BUSINESS COMMUNITY OF THE SERVICES AVAILABLE THROUGH WORKFORCE DEVELOPMENT DEPARTMENT.

Objective A: Increase number of businesses contacted by staff by 10%.

Objective B: Make presentations at chamber of commerce functions, job fairs and business events and coordinate business-related workshops.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of businesses contacted.	4,339	2,876	3,164	3,381	3,719

In 2011-12 WDD held a series of workshops for businesses which focused on creating, maintaining and growing jobs in the county. Experts conducting the workshops provided information on marketing techniques, reducing operating costs and increasing sales revenues. During the year, 945 businesses attended these workshops. WDD also provided layoff aversion services to local businesses through contracted business advisors who provided customized business and process improvement plans, resulting in 480 retained jobs. In 2012-13, WDD plans to continue to develop and provide workshops that are responsive to the needs of local businesses and to participate in regional education/business collaborations to identify the training needs of the business community.

GOAL 3: ALIGN WORKFORCE DEVELOPMENT, ECONOMIC DEVELOPMENT, EDUCATION AND FUNDING STRATEGIES TO ENHANCE THE COMPETITIVENESS OF SAN BERNARDINO COUNTY'S WORKFORCE AND SUPPORT POSITIVE ECONOMIC GROWTH.

Objective A: Participate in regular meetings of stakeholders to align strategies, policies, networks, funding sources and training services to meet the workforce demands of local businesses.

Objective B: Diversify funding sources available for demand driven training services to include sources other than WIA funding.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
3A. Number of regular meetings of stakeholders for the purpose of aligning strategies, policies, networks, funding sources and training services to meet the workforce demands of local businesses.	6	6	6	6	6
3B. Number of new funding sources available for demand driven training services to include sources other than WIA allocation from the Department of Labor.	5	5	2	5	3

WDD understands its role to provide support to residents and businesses in San Bernardino County by working to develop a well-trained workforce that meets the demand of local businesses and enhances the potential for future development. WDD has partnered with other counties, cities and educational institutions for a regional approach to identify business needs and areas of growth. WDD will continue to strengthen existing and forge new partnerships and will aggressively seek additional funding sources to continue to provide targeted training for the County's workforce to enhance the competitiveness of local businesses.

Workforce Development

DESCRIPTION OF MAJOR SERVICES

The Workforce Development Department (WDD) provides services to job seekers, incumbent workers, entrepreneurs and employers through Workforce Investment Act (WIA) funding from the Department of Labor. The Department's Employment Resource Centers provide services that are delivered to job seekers and businesses throughout the County. These Centers are strategically placed in three of the County's economic regions. In addition, services are provided through two additional State of California Workforce Services Centers. Services delivered include job search, skills assessments, vocational training, job readiness skills, connection to employers, and assisting businesses with outreach services, recruitment efforts and retention.

In a strategic decision to bolster the County's employers, a portion of federal dollars is dedicated to fund business support programs. Support is provided to employers in danger of closing by a Business Resource Team (BRT). The BRT is made up of individuals who meet with businesses throughout the County to provide recruitment and job training assistance, disseminate information, solve problems, and identify economic issues. The BRT matches struggling companies on the verge of closing with experts in process improvement strategies. Understanding that increased employment opportunities enhance the quality of life for residents, WDD supports the Countywide vision and strives to ensure that the needs of local businesses are met by providing them with a skilled workforce.

The Workforce Investment Board (WIB) administratively oversees the programs offered through the Department. The WIB's focus has been on demand industry sectors, and the WIB has worked diligently with businesses to target these demand occupations and high growth industries. The WIB is composed of private business representatives, labor organizations, and public sector partners who have been appointed by the County Board of Supervisors.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses has a net increase of \$1.3 million from the final budget of 2011-12, reflecting the cost related to vacant positions in 2011-12 and salary adjustments in 2012-13.

Operating expenses decreased by \$2.4 million due to the completion of multiple grant funded projects in 2011-12. Contingencies increased by approximately \$700,000 due to setting aside funds for second year of required services.

Reimbursements decreased by \$1.2 million due to the completion of the Memorandum of Understanding with the Department of Behavioral Health for youth employment and preparations skills. Departmental revenue increased by \$1.0 million reflecting the increase in program costs and reduction in reimbursements.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$8.7 million fund 114 budgeted positions.

Operating expenses of \$13.1 million include direct program services to clients of \$9.0 million and costs associated with the Department's three Employment Resource Centers such as rent, computers/hardware/software and office supplies; staff travel and training costs; professional services; insurance; county vehicle usage.

Reimbursements of \$1.0 million represent payments from other Departments for program services provided through various Memoranda of Understanding.

State, federal, or government aid revenue of \$20.9 million represents funding the Department receives from various state and federal allocations and competitive grants.

Other revenue of \$672,583 is from other agencies or departments that are provided Workforce Development services.

STAFFING CHANGES AND OPERATIONAL IMPACT

In 2012-13, the Department will delete a Contract Fiscal Specialist and Contract Staff Analyst I position, reflecting completion of associated projects. Additionally, an Automated Systems Technician position was transferred from the Economic Development Agency to align the position with the workload.

ASSESSOR/RECORDER/COUNTY CLERK

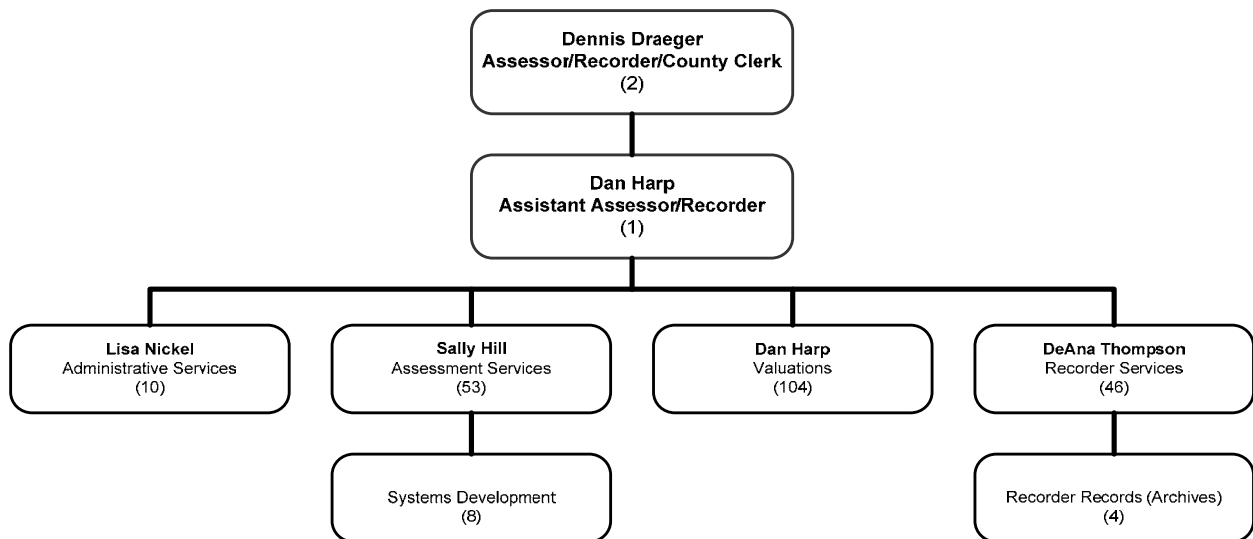

Dennis Draeger

MISSION STATEMENT

The Assessor/Recorder/County Clerk performs mandated assessment, recording and County Clerk functions for public benefit in a manner that is fair, informative, and with uniform treatment. It is necessary as a means of revenue generation in order to fund essential public services and efficiently operate county and state government.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Integrated the AES Comparable Sales application into the Property Information Management System (PIMS) for greater efficiency and the ability to save data for future reference. This application also includes the ability to add photos to PIMS, thus saving appraisal time and increasing information available for the assessment process.
- Electronic filing (e-SDR) of annual business property statements by business owners increased 30% from the previous year. E-filing streamlines the process for the taxpayers and the Assessor's Office. The Assessor further capitalized on the benefits of business property statement e-filing by giving business owners who have used the e-filing system the option of not receiving paper statements (571L), thus reducing printing and mailing costs.
- Developed applications to electronically store appeal related images.
- Moved the Assessor's Yucca Valley district office from a leased facility to the Joshua Tree Government Center, greatly improving public access to services.
- Over 100 Assessor staff members participated in the County's Energy Saver Power Strip program, saving the County \$21 annually per employee and reducing energy waste.
- Appointed Dan Harp as Assistant Assessor/Recorder. The assistant position had been vacant for two years. This appointment provides vital personnel and budget oversight as well as strategic planning for both the Assessor and Recorder functions.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PUBLISH THE ANNUAL ASSESSMENT ROLL TIMELY AND ACCURATELY.**

Objective A: Process changes of ownership.

Objective B: Establish a value for appraisable events.

Objective C: Apply timely filed exemptions.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Completion percentage of change of ownership documents received for each assessment year.	99.9%	99.9%	95.5%	95.5%	95.5%
1B. Completion percentage of appraisable events received for each assessment year (e.g. change of ownership, new construction, etc.).	98.4%	99%	99%	99%	99%
1C. Completion percentage of timely filed claims for exemption (e.g. homeowner's, welfare church, etc.) received for each assessment year.	99.9%	99.6%	95.5%	95.5%	95.5%

The Assessor/Recorder/County Clerk continues to reflect the status of the real estate market on the assessment roll. Changes in ownership resulting in decline in assessed values continue to be posted; however, published supplemental rolls have reflected modest positive assessed totals. Overall, assessed values are declining at a slower pace. In 2010, the assessment roll declined 4.5% compared to 2009, and the 2011 assessment roll declined only 0.87%. Timely filed claims for homeowners decreased 1% and institutional exemptions have slightly increased (3%) from 2010 to 2011.

GOAL 2: MAINTAIN A HIGH LEVEL OF RECORDER SERVICES WHILE RESPONDING TO CHANGES IN REGULATIONS AND LAW.

Objective A: Maintain a high quality of service in current offices.

Objective B: Identify and comply with all legislative mandates.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
2A. Every document received is processed within the established standard.	99%	95%	99%	99%	99%
2B. Compliance percentage in meeting deadlines for legislative directives.	100%	100%	100%	100%	100%

The priority of the Recorder function is to maintain a high quality level of service to the public while responding to the various changes in laws and regulations, as well as meeting deadlines for implementation. The first objective is to record, file, or process each document within the established standard for that document. Measurement 2A allows for a 1% error rate due to the volume of documents being processed. Customer service is enhanced when all service standards are met. The Recorder's Office is committed to responding to the ever-changing legislative and administrative regulations, including changes to marriage regulations, social security number truncation, and new regulations regarding mortgages and mechanic's liens. Meeting the state's changing mandates and deadlines is an ongoing challenge.

Assessor/Recorder/County Clerk

DESCRIPTION OF MAJOR SERVICES

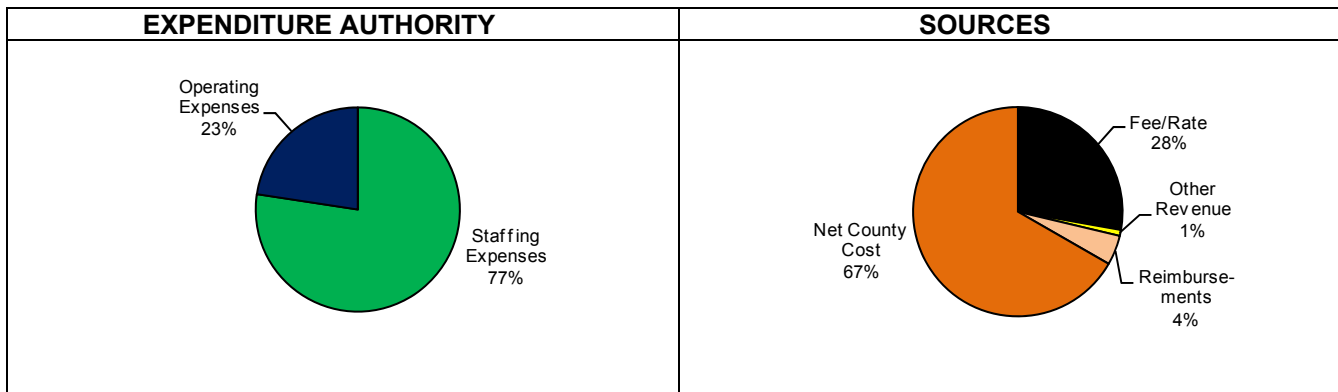

Under California law, the Assessor/Recorder/County Clerk establishes a value for all locally taxable property including residential, commercial, business and personal property. The Assessor/Recorder/County Clerk's office maintains current records on approximately 753,641 parcels of real property, 33,731 business property accounts and 33,883 other assessments including boats, aircraft, and manufactured homes. The Assessor's Office also administers property tax exemptions including homeowners, veteran, disabled veteran, church, religious, and welfare exemptions, as well as exclusions including parent-to-child and senior/disabled persons transfer of base year value.

The Valuations Division is responsible for real, personal, business and special property valuations and assessment appeals. District offices provide public assistance regarding questions of ownership, mailing addresses, parcel numbers and assessed values. The Assessment Services Division provides mapping, change of ownership, change of address, data entry services, public information services, and computer systems maintenance and development. The Administrative Services Division provides fiscal, payroll, mail services, and facility support. The Recorder Services Division accepts all documents for recording that comply with applicable recording laws. Official records are maintained evidencing ownership and encumbrances of real and personal property and other miscellaneous records. The Recorder Services Division is also responsible for County Archives and County Clerk functions. County Archives maintains historical records for the County. County Clerk maintains records as they relate to vital statistics, fictitious business names, and other records that are required by the State to be filed with the County Clerk.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing by \$1.6 million primarily as a result of additional funding in support of the Assessment Appeals function, increases in retirement and other benefits costs. Operating expenses are decreasing by \$1.1 million primarily due to a decrease in transfers to the Auditor-Controller/Treasurer/Tax Collector for reimbursement of information technology (IT) staffing and operating expenses as these positions and functions have been transferred to the Assessor/Recorder/County Clerk's Systems Development budget unit for 2012-13. Reimbursements are decreasing by \$533,195 as a result of the transfer of information technology related costs to the Systems Development budget unit, as these costs were reimbursed from this budget unit in prior years. Departmental revenue is increasing as a result of Board approved fee increases.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$17,642,653 fund 216 budgeted regular positions. Operating expenses consist primarily of printing and taxpayer notice mailing costs, COWCAP, and systems development charges for the Property Information Management System (PIMS). Capital expenditures of \$20,000 fund the replacement of flooring at the Recorder offices. Reimbursements of \$1,040,767 are primarily from the Recorder special revenue funds for administrative costs. Departmental revenue of \$6,563,500 includes fees for recording and County Clerk services, special assessments, transfers of ownership, and PIMS access.

STAFFING CHANGES AND OPERATIONAL IMPACT

The 2012-13 budget includes the reclassification of 2 Appraiser IIs to Appraiser IIIs and 1 Auditor-Appraiser II to Auditor-Appraiser III, as well as the addition of 1 Supervising Auditor Appraiser and 1 Appraiser III position. The reclassifications and additional Supervising Auditor Appraiser will result in increased oversight to assure quality work, while the new Appraiser III position in the Assessment Appeals unit will ensure that appeals are completed within the statutory timeframe, preventing valuations from being lowered without the County's input. The 2 new positions are offset by the reduction of 1 Contract PIMS Analyst, and 1 Auditor-Appraiser III.

Recorder Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Systems Development was established to support, maintain and modernize the creation, retention and retrieval of information in the County's system of recorded documents. Revenue includes fees collected pursuant to Government Code Section 27361 on legal documents.

Budget at a Glance

Total Expenditure Authority	\$9,990,414
Total Sources	\$3,679,987
Fund Balance	\$6,310,427
Total Staff	12

Vital Records was established to support vital records operation and retention, including the improvement and automation of vital records systems. Revenue includes fees collected for certified copies of vital statistics records pursuant to Health and Safety Code Section 10605.3. There is no staffing associated with this budget unit.

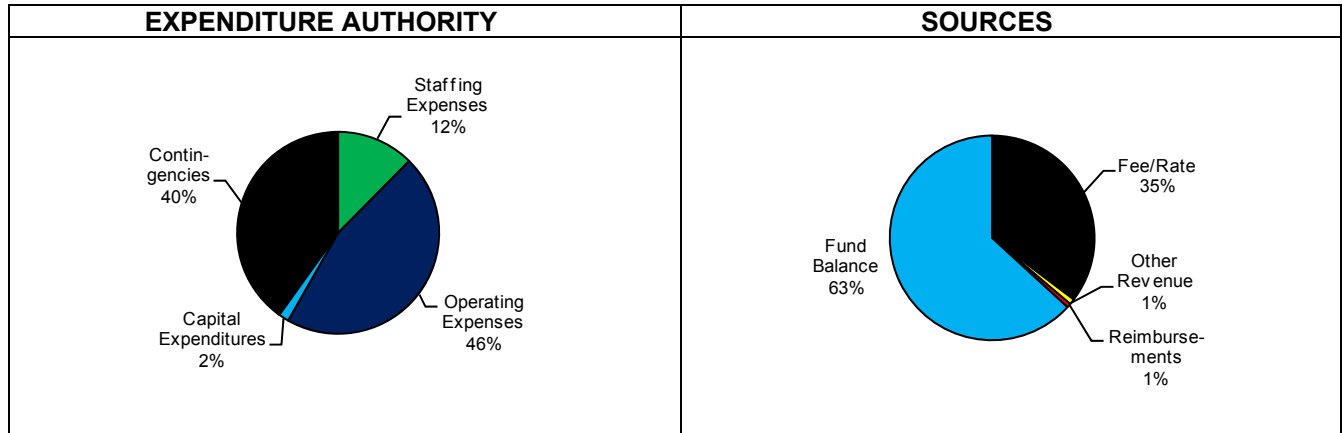

Recorder Records was established to defray the cost of storing, restoring, and imaging the County Recorder's documents. The primary service provided by this budget unit is the maintenance, repair and imaging digitization of the County Recorder's documents. Revenue includes fees collected pursuant to Government Code Section 27361 on legal documents.

Electronic Recording was established by Government Code Section 27279.1 to authorize the County of San Bernardino to accept electronic transmission of recordable documents and the Recorder has been recording electronic documents since 2004. Government Code Section 27397 authorized all California counties to accept electronic transmission of recordable documents subject to regulation set forth by the Attorney General. In 2007, the Board approved a joint powers agreement (JPA) for the California e-Recording Transaction Network Authority (CERTNA). This budget unit was established to support participation in the JPA. Revenue includes fees collected pursuant to Government Code Section 27397 regarding electronic recording delivery systems such as official records evidencing ownership and encumbrances of real and personal property, and other miscellaneous records. There is no staffing associated with this budget unit.

Social Security Number Truncation was established to defray the cost of implementing Government Code Section 27301 which requires local governments to truncate the first five digits of social security numbers (SSN) that appear in records that may be disclosed to the public. The law requires the Recorder to implement the SSN truncation program for all records back to 1980. The primary service provided by this budget unit is the review of all recorded documents, flagging of high-value personal information, truncation of the first five digits of the SSN, and the creation of a separate index and images for public view. Phase 1 began with all the documents recorded since January 2009. Phase 2 will require a professional services contract for the documents from 1980 through 2008. The index and images of the original recorded documents will be maintained in their entirety. Revenue includes fees collected pursuant to Government Code Section 27301. There is no staffing associated with this budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is decreasing by \$4.3 million primarily due to a one-time expense in 2011-12 in the Systems Development budget unit to help fund the cost of including Recording functionality in the planned new Universal Property Tax System. In addition, staffing expenses are increased as a result of the transfer of 8 information technology (IT) related positions from the Auditor-Controller/Treasurer/Tax Collector's budget unit to the Systems Development budget unit. Operating expenses are increasing primarily due to anticipated costs for a professional services contract to truncate records as required by law. Capital expenditures are increasing by \$50,000 to accommodate Recorder services into existing Assessor office locations, and by \$100,000 for CERTNA related software licenses. Departmental revenue is expected to decrease due to the current economic conditions.

Systems Development includes \$4,198,649 in appropriation to fund 8 IT related positions, and costs for document indexing/imaging, computer hardware, software and associated maintenance, and includes \$1,016,805 in budgeted contingencies. Departmental revenue of \$2,196,041 is from Recorder modernization fees.

Vital Records includes \$855,916 in appropriation to fund computer software, printing and other professional services, costs to accommodate Recorder services into existing Assessor office locations, and includes \$536,169 in budgeted contingencies. Departmental revenue of \$125,684 is from vital and health statistic fees.

Recorder Records includes \$1,286,217 in appropriation for staffing expenses to fund 4 positions, costs associated with preservation efforts, and includes \$447,199 in budgeted contingencies; departmental revenue of \$418,907 is from records fees and anticipated interest earnings.

Electronic Recording includes \$1,140,596 in appropriation for computer hardware and CERTNA related expenses, and includes \$584,686 in budgeted contingencies; departmental revenue of \$422,304 is from electronic recording fees and anticipated interest earnings.

Social Security Number Truncation includes \$2,443,968 in appropriation to fund the cost of truncating records as required by law, and includes \$1,420,514 in budgeted contingencies; departmental revenue of \$451,983 is from redaction fees and anticipated interest earnings.

STAFFING CHANGES AND OPERATIONAL IMPACT

The 2012-13 budget reflects the transfer of the following 8 positions from the Auditor-Controller/Treasurer/Tax Collector's budget unit to the Systems Development budget unit: 1 Business Applications Manager, 1 Business Systems Analyst III, 2 Programmer Analyst IIIs, 3 Automated Systems Analyst Is and 1 Automated Systems Technician. Expenses for these positions were previously reimbursed to the Auditor-Controller/Treasurer/Tax Collector so there should not be any resulting impact.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PROVIDE TIMELY AND ACCURATE FINANCIAL INFORMATION.**

Objective: Maintain and improve the financial accounting processes and reporting.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Received Certificate of Achievement for Excellence in Financial Reporting.	Yes	Yes	Yes	Yes	Yes

The objective is to maintain the financial accounting system and to improve the internal processes for accounting and reporting.

In a measurable aspect of the commitment to provide timely and accurate financial information regarding the finances of the County, the Auditor-Controller/Treasurer/Tax Collector has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for 23 consecutive years for the Comprehensive Annual Financial Report (CAFR), including the most current award for 2009-10. The 2010-11 report has been submitted to the GFOA and the Department is confident it continues to conform to the Certificate of Achievement Program requirements, and anticipates receiving the award.

GOAL 2: MANAGE THE COUNTY TREASURY IN A SAFE, EFFECTIVE AND EFFICIENT MANNER.

Objective: Maintain the highest possible credit rating from the three major rating agencies for the County investment pool.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
County investment pool rating.	Moody's – Aaa, S&P – AAAf, and Fitch – AAA.	Moody's – Aaa, S&P – AAAf, and Fitch – AAA.	Moody's – Aaa, S&P – AAAf, and Fitch – AAA.	Moody's – Aaa*, S&P – AA+s*, and Fitch – AAA.	Fitch – AAA

The primary goal of the treasury function is to provide for safe and effective management of the cash and investments in the County investment pool. The objective selected to meet this goal is the maintenance of the highest possible credit rating in compliance to the County Investment Policy. The achievement of this objective will demonstrate the Department's ability to effectively meet the goal of a safe and effective treasury. As guardian of the public's money, we employ conservative County investment policies, focused on the principles of safety, liquidity and yield.

*Ratings effective through March 31, 2012. During 2011-12, the County made the decision to terminate the rating contracts with Moody's and Standard and Poor's for a cost savings of \$60,000 annually.

Auditor-Controller/Treasurer/Tax Collector

DESCRIPTION OF MAJOR SERVICES

The Office of the Auditor-Controller/Treasurer/Tax Collector (ATC) is responsible for providing the County and its constituents with a variety of accounting, collections, and investment services.

The Auditor and Controller Divisions record the collections and perform the accounting, reporting, claims and audits of all County financial activities to ensure sound financial management. They are also responsible for the compilation of property tax rates, developing and implementing accounting systems and standards, conducting operational risk assessment reviews, and administering the Countywide Cost Allocation Plan. The Disbursements Division is responsible for vendor payments, payroll services, Employee Management and Compensation System (EMACS) development, and revenue disbursements to taxing agencies.

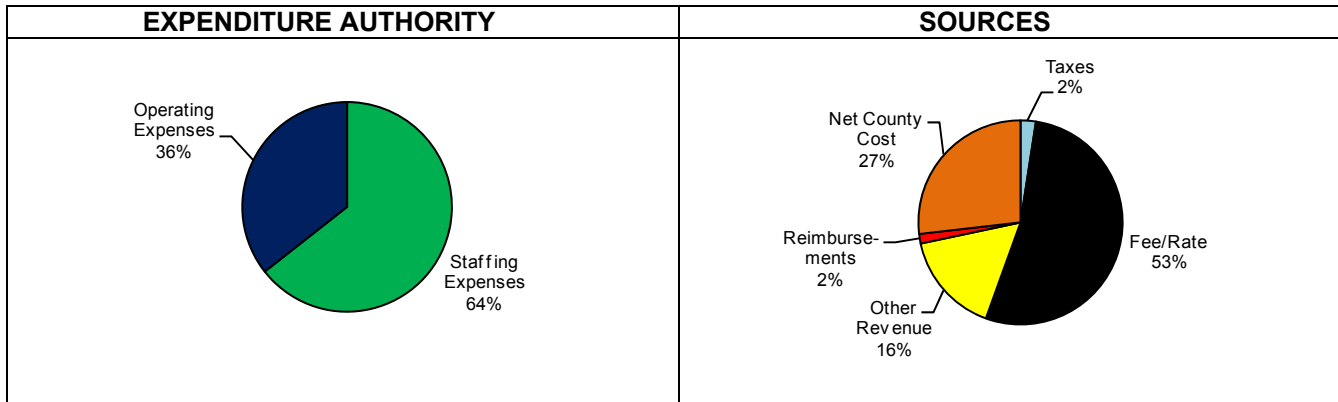

The Treasurer Division performs the County's treasury function including the investment of all County and School District funds within the County investment pool and associated banking services. The Treasurer currently manages assets of \$3.8 - \$4.7 billion. The Tax Collector Division collects property taxes for all County taxing entities which amounted to a little over \$2.1 billion in property taxes and other fees in 2011-12.

The Central Collections Division provides collection services for the county, collecting nearly \$58.0 million for the year ending June 30, 2012, including collection of court-ordered payments and Arrowhead Regional Medical Center's delinquent accounts receivable.

BUDGET CHANGES AND OPERATIONAL IMPACT

During 2011-12, legislation enacted by the passing of ABx1 26 - Dissolution of Redevelopment Agencies (RDAs) has greatly impacted the Controller Division of the ATC. Due to this new legislation, the Property Tax section has assumed the additional duties of interpreting and calculating the complex statutory and negotiated pass-through agreements of all former Countywide RDAs, currently represented by 26 Successor Agencies. In addition to managing more than 150 agreements, the Property Tax section is also collecting each agency's Recognized Obligation Payment Schedule (ROPS), and incorporating Department of Finance adjustments to make payments to the Successor Agencies from each of their respective Property Tax Trust funds, in accordance with legislation.

In the Fourth Quarter of 2011-12, appropriation for staffing expenses was reduced by \$600,000 due to salary savings resulting from vacancies throughout the fiscal year. In 2012-13, the \$1.9 million increase in staffing expenses is primarily due to budgeting for these vacancies, and increases in retirement and other benefits costs. The \$2.0 million increase in operating expenses results from a \$1.2 million increase in banking fees for the County's treasury pool and a \$700,000 department-wide increase in central computer data processing charges from the Information Services Department. In addition, reimbursements are decreasing by \$694,000 due to the transfer of information technology (IT) support for the Recorder's Office to the Assessor/Recorder/County Clerk.

Also in the Fourth Quarter of 2011-12, revenue was reduced by \$1.8 million to reflect unrealized revenues due to lower expenses in the cost reimbursed divisions of the Treasurer and Central Collections, and relating to reductions in excess tax sale proceeds. These sources are expected to be received in 2012-13. Other revenue changes include a \$1.2 million increase in cost-reimbursed revenue for the treasury pool relating to the increase in banking fees, a \$500,000 increase resulting in reimbursement of costs for the ongoing duties pertaining to the ABx1 26 legislation, and an increase in Central Collections to fund budgeted expenses.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$24,178,495 represent the majority of expenditures in this budget unit and fund 285 budgeted positions, of which 282 are regular positions and 3 are limited-term. These expenses are necessary to provide accounting, collections, and investment services to County departments and constituents. Departmental revenue primarily represents fee/rate and cost-reimbursement revenue generated by services provided.

STAFFING CHANGES AND OPERATIONAL IMPACT

Budgeted staffing has been reduced by 9 positions; 8 information technology positions were transferred to the Assessor/Recorder/Clerk, and 1 Recurrent Office Assistant II was eliminated. These reductions are partially offset by the addition of the following 3 positions: 1 Accountant III and 1 Accountant II for the Controller Division due to the new ABx1 26 legislation, and 1 Internal Auditor IV in the Audit Division to perform more complex audits.

Redemption Restitution Maintenance

DESCRIPTION OF MAJOR SERVICES

The Redemption Restitution Maintenance budget unit consists of revenue received from tax sales and revenue received from the State of California for the Victim Restitution Rebate.

Redemption Maintenance accounts for revenue received from tax sales to defray the costs of maintaining the redemption and tax-defaulted files, and the costs of administering and processing the claims for excess tax sale proceeds. Revenue includes unclaimed excess tax sale proceeds collected pursuant to Revenue and Taxation Code 4674.

Effective in the Fourth Quarter of 2011-12, Restitution Maintenance was added to this budget unit, and accounts for rebate revenue received from the State of California for collecting and submitting Victim Restitution funds timely to the State, per Government Code 13963(f). Additionally, the rebate is considered an incentive for collection efforts and shall be used for furthering collection efforts.

BUDGET CHANGES AND OPERATIONAL IMPACT

The significant change for 2012-13 is the addition of Victim Restitution Rebate revenue to this budget unit, resulting in a fund name change from Redemption Maintenance to Redemption Restitution Maintenance. The Victim Restitution Rebate revenue was accrued in 2011-12 and is reflected in 2012-13 beginning fund balance. This revenue is currently budgeted in contingencies. It is anticipated that spending authority will not be established until the 2012-13 First Quarter Budget Report.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Transfers of \$269,219 represent a reimbursement to the Auditor-Controller/Treasurer/Tax Collector's general fund budget unit for staffing expenses and operating expenses for work related to the processing of excess tax sale proceeds. Departmental revenue of \$85,800 represents revenue from unclaimed excess tax sale proceeds trust funds and anticipated interest earnings.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Health is comprised of five general fund budget units: Health Administration, Behavioral Health, Public Health, California Children's Services and Indigent Ambulance. In addition, ten special revenue funds have been established to act as financing budgets for the Health Administration, Behavioral Health and Public Health general fund budget units. Each special revenue fund collects and disburses funds based on the specific purpose and activities established including, but not limited to, alcohol and drug prevention services, tobacco cessation services and preparedness and response.

NOTE: IHSS Public Authority is reported in a separate budget document.

Human Services is composed of eight county departments: Transitional Assistance (TAD), Children and Family Services (CFS), Aging and Adult Services (DAAS), Preschool Services, Child Support Services, Veterans Affairs, Behavioral Health (DBH) and Public Health (PH). Also three other agencies work in conjunction with the core Human Services departments and they are: Children's Network, Children's Fund and the Office of Homeless Services. Additionally, several support divisions under Human Services Management Services including the Performance, Education and Resource Center provide administrative and training support to the Human Services departments.

Transitional Assistance, Children and Family Services, Aging and Adult Services, and all Human Services support divisions are included in the Human Services Administrative Claim process. The purpose of the claim process is to provide the county with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements, and to determine appropriate federal and state financial reimbursement to the county for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The Human Services Assistant Executive Officer is responsible for all of the above budget units.

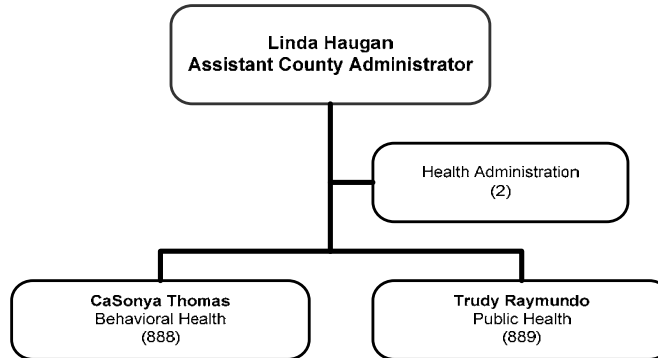

HEALTH ADMINISTRATION

MISSION STATEMENT

Health Administration develops and coordinates budgets, policies, and procedures for the County's health care departments in accordance with the strategic goals adopted by the Board of Supervisors, the County Charter, and general laws.

Health Administration

DESCRIPTION OF MAJOR SERVICES

The role of the Health Administration budget unit is to seek and support opportunities to foster collaboration among the Department of Public Health (PH), Department of Behavioral Health (BH), and the Arrowhead Regional Medical Center (ARMC). The administration provides regular fiscal and policy analysis relating to the operations of these departments. Additionally, this administration manages the \$77.6 million Health Administration budget unit, which includes funding for ARMC debt service, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

Budget at a Glance	
Total Expenditure Authority	\$77,560,645
Total Sources	\$62,560,645
Net County Cost	\$15,000,000
Total Staff	2
Funded by Net County Cost	19%

Health care related transactions represented by this budget unit include the Disproportionate Share Hospital (DSH) Supplemental Payments, Realignment AB 8 match, and the county's contribution for ARMC debt service payments.

Intergovernmental Transfers for Medi-Cal Managed Care Capitation Rates

This budget unit also includes Intergovernmental Transfers (IGT) to the state to fund increased Medi-Cal managed care capitation rate payments to managed care plans that contract with their respective counties. These IGT's are to be used as the non-federal share of the Medi-Cal managed care capitation rate increases. The IGT Proposal became effective for the rate year October 1, 2008 through September 30, 2009. As with the Disproportionate Share Hospital Funds transfers, the IGT matching contributions to the state, as well as the return of that initial investment is reported within this budget unit.

California Medi-Cal Hospital/Uninsured Care Demonstration Project (SB 1100)

Effective July 1, 2005, funding from SB 855 and SB 1255 for the Disproportionate Share Hospital Programs was replaced by SB 1100, California's Medi-Cal Hospital/Uninsured Demonstration Project. The prior SB 855 and SB 1255 programs provided supplemental payments to hospitals serving a disproportionate number of low-income individuals, as well as those licensed to provide emergency medical services and contract with the California Medical Assistance Commission (CMAC) to serve Medi-Cal patients under the Selective Provider Contracting Program.

The new funding system, SB 1100, was designed under a Medicaid (Medi-Cal in California) waiver to fund public and private safety-net hospitals providing care to Medi-Cal and uninsured patients. The hospital financing waiver under SB 1100 is comprised of three elements:

- Medi-Cal Fee for Service, which represents federal funds accounted for directly in the ARMC budget unit, for services provided to Medi-Cal patients;
- Safety Net Care Pool Funds, which provide a fixed amount of federal dollars, also accounted for directly in the ARMC budget unit, to cover uncompensated health care costs, and
- DSH Funds, which continue to be reflected as a matching contribution to the state, and a return of that initial investment, within this budget unit.

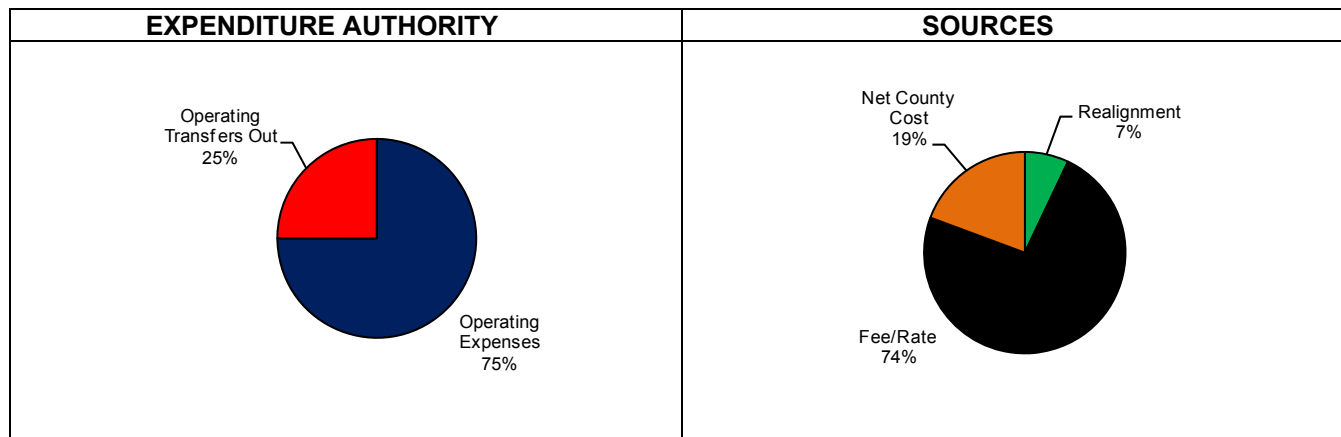

Realignment and General Fund Support

General fund support and realignment funds are used to pay for the ARMC debt service lease payments, Realignment AB 8 match and administrative costs related to this budget unit. To qualify for receipt of Health Realignment funding from the state, the County must contribute a 'match' of local funds. The County's match for 2012-13 is \$4.3 million, which is based on a formula established through AB 8 in 1979. This amount has remained constant throughout the years.

Realignment funds support this budget as follows:

- Mental Health at 9.79% (which covers half of administrative costs).
- Social Services at 2.54% (which covers a share of cost for the 2-1-1 Information System.
- Health at 87.67% (which covers half of administrative costs plus debt service payments).

2012-13 ADOPTED BUDGET**BUDGETED STAFFING**

In 2008-09, this budget unit included Inland Counties Emergency Medical Agency staffing.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$276,027 fund 2 Administrative Analyst positions. This appropriation has a net increase of \$84,252 from prior year due to the addition of 1 Administrative Analyst.

Operating expenses of \$57,967,939 are increasing by \$33,759,679 (\$4,224,679 in order to fund increasing DSH Funds and the IGT Proposal to fund Medi-Cal Care capitation rate increases and \$29,535,000 due to less expenditures incurred in 2011-12 as reflected in the 2011-12 final budget).

Operating transfers out of \$19,316,679 fund \$4.3 million of realignment local match, which must be transferred into trust, before Health Realignment monies can be directed toward the PH and ARMC budget units to fund health programs, and \$15.0 million of net debt service lease payment for ARMC. Net county cost in this Department is funded by Tobacco Master Settlement agreement and supports the \$4.3 million realignment match and a portion of Medical Center lease payments.

Fee/rate revenue of \$57.1 million is increasing by \$33,575,000 (\$4.3 million based on matching revenues associated with DSH Funds and the IGT Proposal to fund Medi-Cal Managed Care capitation rate payment enhancements and \$29.3 million due to less revenue received in 2011-12 as reflected in the 2011-12 final budget).

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures in this budget unit include funding Disproportionate Share and Inter-Governmental Transfers to cover Medi-Cal Care and transfers to cover the required local match and debt service lease payments for ARMC. The major revenue is the matching funds from the state to cover Medi-Cal Managed Care capitation rate payment enhancements.

Master Settlement Agreement

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998, a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are to be divided equally between the state and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

BUDGET CHANGES AND OPERATIONAL IMPACT

Revenues from the Master Settlement Agreement have remained stable over the past three fiscal years and are expected to remain so in 2012-13. The majority of revenue will continue to be directed towards ARMC lease payments.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Contingencies of \$10.2 million reflect available fund balance.

Operating transfers out of \$17.0 million reflect a transfer to the general fund which is then used to fund the net county cost of \$15.0 million within the Health Administration budget unit and to offset health care costs of \$2.0 million within the Department of Public Health. Health Administration uses that net county cost to fund the \$4.3 million realignment local match requirement and \$10.7 million of net debt service lease payment for ARMC.

Other revenue of \$17.0 million reflects anticipated revenue received from the major tobacco companies to the MSA budget unit. Anticipated interest of \$75,000 is also included in the total.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

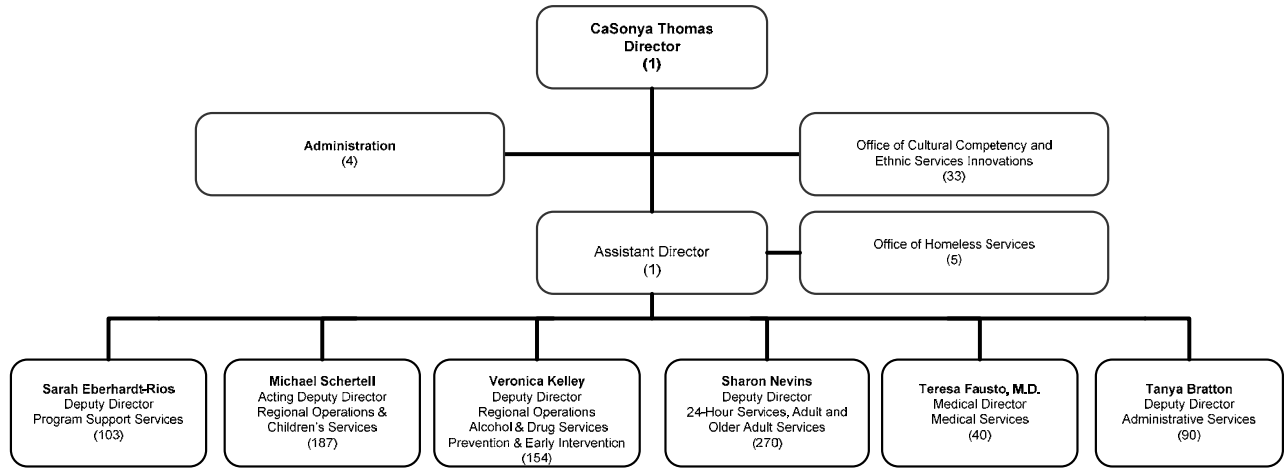

BEHAVIORAL HEALTH CaSonya Thomas

MISSION STATEMENT

The County of San Bernardino Behavioral Health programs strive to be recognized as a progressive system of seamless, accessible, and effective services that promote prevention, intervention, recovery and resiliency for individuals, families and communities.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Completed renovation of a County owned facility for the One Stop Transitional Age Youth Center including a 14-bed Crisis Residential program.
- Successfully utilized federal incentives to acquire clinicians to work in seven designated mental health professional shortage areas to provide needed services to consumers living in rural areas of the County, including Victorville, Barstow, and Needles.
- Partnered with Arrowhead Regional Medical Center and Public Health in the opening of the County's first "co-location" health care facility in Rialto.
- Received statewide recognition for Military Services and Family Support Program for the multi-collaborative efforts in providing services to military personnel of all ranks.
- Continuing with efforts to implement a new billing system that will improve efficiency in processing claims.

Behavioral Health

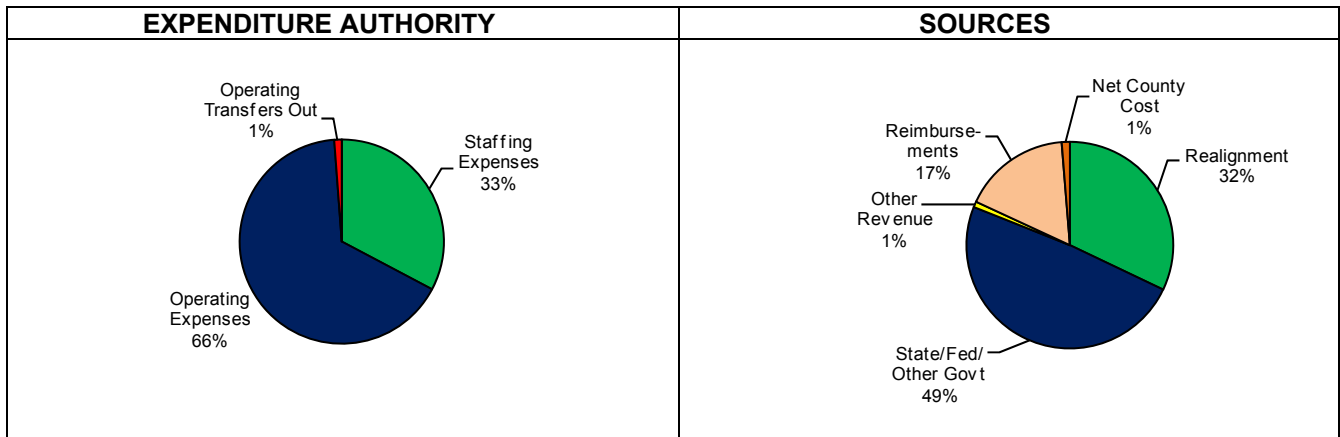

DESCRIPTION OF MAJOR SERVICES

The Department of Behavioral Health is responsible for providing mental health services to County residents who are either unable to afford treatment or do not live in proximity to private services. Treatment is provided to all age groups with primary emphasis placed on treating children, families and chronically mentally ill adults (in that priority). Services are delivered throughout the County via a network of Department-operated clinics, community based contract providers (residential and psychiatric skilled nursing facilities and acute hospitals), public schools, and other community-based settings. Services include: information and referrals, community outreach, client self-help and support groups, a variety of children's programs, mentally ill homeless program, employment services, case management, crisis and transitional residential assistance, augmented board and care placements, conservatorship services, supportive housing services and client transportation assistance. The Department has an Alcohol and Drug Services (ADS) organizational unit which provides comprehensive substance abuse prevention and treatment programs to County residents. The Department also operates as a training setting by administering various internship programs and offering continuing education for licensed Department and contractor staff.

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2012-13, staffing expenses is increasing by \$8,907,179 primarily due to appropriation savings from vacant positions in 2011-12, additional AB109 positions, and costs associated with projected step advancements, employee benefits and increased retirement and earned leave related costs. The addition of the AB109 Public Safety Realignment program resulted in the addition of 20 new positions, offset by the deletion of 3 others.

Operating expenses reflect increases of \$7,327,942 resulting from savings from underutilized contracted services in 2011-12, the new AB109 requirements, increases in Internal Service Fund (ISF) daily rental rates, travel for state conferences and other charges for payments made directly to clients and state hospitals.

Capital expenditures include an increase of \$660,731 over the final budget for 2011-12. This increase is due to the delayed acquisition of capitalized items budgeted in 2011-12. Expenditures are for the purchase of twenty communication switches necessary to maintain the Department's information technology functions, six scanners to continue the Department's efforts in reducing paper records, two sniffer boxes in response to a security requirement regarding protection of information network switches, video conferencing equipment for the relocation of the Upland and Barstow clinics; and for the addition of a vehicle for the AB109 program.

A net increase in reimbursements of \$2,212,619 is primarily due to an increase from the Block Grant Carryover program's special revenue fund for Alcohol and Drug Services to cover increased operating expenses, administrative costs and the reduction of revenue for Alcohol and Drug Services.

Revenue increases comprises Mental Health Realignment of \$539,834 due to an increase in projected usage of this revenue source for step advancements, retirement expenses, and increases in the Countywide Cost Allocation Plan. State and federal aid is also increasing by approximately \$15.1 million primarily due to increases in the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) and Medi-Cal programs. Fee/rate revenue includes a decrease of \$3,321 from a reduction in the collections in client payments, while other revenue has reductions of approximately \$1.0 million as agency reimbursement match from various contract providers decline.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation for 2012-13 is \$130.7 million which is made up of the following:

- \$51.2 million which funds 524 positions.
- \$103.3 million in operational expenses which is made up of services and supplies, central services, travel, and state institutions payments.
- Capital expenditures include \$688,381 in equipment for the purchase of twenty communication switches necessary to maintain the Department's information technology functions; six scanners to continue the Department's efforts in reducing paper records; two sniffer boxes in response to a security requirement regarding protection of information; network switches and video conferencing equipment for the relocation of the Upland clinic and expansion of the Barstow clinic. Vehicle expense of \$25,000 is for the AB109 program.
- \$26.4 million in reimbursements from other County agencies and reimbursement from the special revenue funds to cover operating expenses.

Departmental revenue of \$128.7 million is made up of the following:

- \$122.1 million in state aid reflect projected receipts of \$8.9 million for Managed Care; \$3.9 million for AB109; \$15.1 from State Early and Periodic Screening, Diagnosis, and Treatment (EPSDT), \$50.3 million in Mental Health Realignment which is made up of sales tax and vehicle license fees; \$37.8 million in Medi-Cal Federal Financial Participation; \$1.7 million in state grants; \$4.4 million from 2011 Realignment.
- \$5.0 million in federal aid for the Mental Health Services Block Grant; federal Drug Medi-Cal.
- \$1.6 million in fees, patient and insurance payments, and agency reimbursement match.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department added 20 positions: 2 Office Assistant IIIs, 1 Program Manager I, 2 Clinical Therapist IIs, 3 Clinical Therapist Is, 8 Mental Health Specialists, 1 Sheriff's Nurse Supervisor II, 1 General Services Worker II, and 2 Office Assistant IIs, all as a result of the new AB109 Public Safety Realignment program. These were offset by the elimination of 3 positions, a Psychiatrist, a Staff Physician and a Contracted Psychiatrist.

Mental Health Services Act

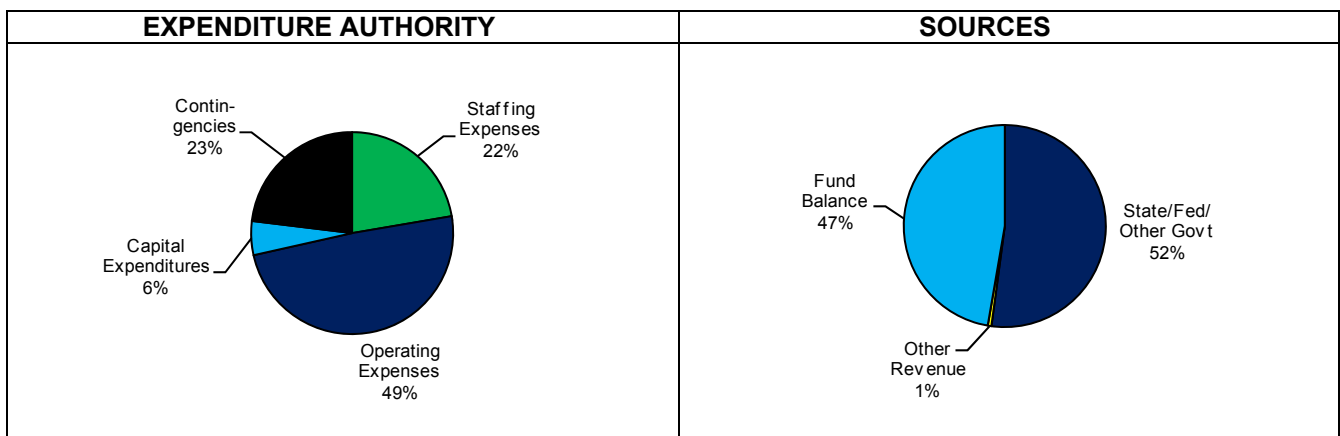

DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public".

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2012-13, staffing expenses is increasing by \$6,075,730 from the prior year budget. These increases reflect the appropriation savings from vacant positions in 2011-12 as a result of the Department's continuing effort to fill positions that are difficult to recruit and maintain. In addition, there are increased costs for benefit premiums, retirement and 401k match changes as well as the impact of the General Memorandum of Understanding (MOU) Amendment of June 28, 2010 becoming effective July 1, 2012, initiating the Retirement Medical Trusts.

Operating expenses include increases to professional services and contracted service providers for mental health and prevention services in the amount of \$11,236,961. The increase reflects expansion of projects specific to the Prevention and Early Intervention and Innovation components of the Mental Health Services Act which are in line with the goals and services outlined within the State Plan. In addition, interdepartmental transfer projections are decreasing by \$50,948 resulting from the net of new MOU's incorporating higher salary and retirement expenses for services provided in collaboration with County departments such as Children's Network, Children and Family Services, and Probation combined with the effect of discontinuing the MOU with the Department of Workforce Development. Central services is also projected to increase by \$144,615 due to the establishment of the new Transitional Age Youth Center which requires continued facility management and maintenance services. Additional costs included are data processing charges from Information Services Department.

Capital expenditures have increased by \$7,293,164 over the previous year. The increase is due to the delayed acquisition of capitalized items budgeted in 2011-12 as well as the continuation of various MHSA Technology projects which include the Electronic Health Record, Behavioral Health Management Information System as well as acquiring four vehicles for client transportation to clinics, Clubhouse and Homeless programs.

Revenues are projected to increase by \$2,065,753. This is due to the net increase in State Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) revenue from the inception of the Innovation Youth Hostel project and projected Medi-Cal funding related to a state plan amendment within AB1297.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation for 2012-13 is \$133,466,978. Staffing expenses of \$29,886,275 fund 364 budgeted positions. Operating expenses of \$65,817,268 is primarily services and supplies (\$52,038,397) and interdepartmental transfers (\$10,720,562). Services and supplies account for administrative and program expenditures to execute the approved MHSA plans of which \$41,544,184 are for contracted services with non-governmental organization. Interdepartmental transfers will distribute a net \$10,720,562 for program collaborations with Human Services, Probation, Public Defender, Children's Network, Preschool Services, Sheriff/Coroner/Public Administrator and Superintendent of Schools as well as expenditures incurred for leases paid by Real Estate Services and office supplies purchased through the Purchasing Department.

Capital expenditures of \$7,298,159 are for various fixed assets and equipment purchases necessary for technology enhancements to One-Stop Transitional Age Youth Center/Crisis Residential Program at 780 East Gilbert Street in San Bernardino and Upland Community Counseling Relocation/ Amazing Place Clubhouse at 934 North Mountain Ave #C in Upland. Additional projects are the continuation of the Technology Component core projects that will allow Behavioral Health to move towards achieving an Integrated Information System Infrastructure. The purchase of four vehicles in the amount of \$102,760 will be assigned to the Victorville and Mesa Outpatient Clinics as well as the Homeless and Clubhouse programs. The clients are adults of various ages who are mentally ill with no resources and require transportation to medical, psychiatric appointments, pharmacies for medication, employment groups, court appointments, etc.

Reimbursements are received from Human Services for shared costs in providing services related to the Office of Homeless Services, administrative support provided by Behavioral Health administration and salary reimbursements from Behavioral Health Alcohol and Drug Services.

Departmental revenue from State aid in the amount of \$69,565,497 reflect the projected receipts of \$51,449,700 for MHSA, \$17,274,753 from EPSDT, Medi-Cal Federal Financial Participation and a Substance Abuse and Mental Health Services Administration/Project for Assistance in Transition from Homelessness (SAMSHA/PATH) grant in the amount of \$841,044. Other revenue of \$777,850 includes Institute of Mental Diseases reimbursements and earned interest.

STAFFING CHANGES AND OPERATIONAL IMPACT

The MHSA has eliminated 4 positions. A Public Service Employee was inactivated and a contracted Clinical Licensed Psychologist will not be renewed in the new fiscal year. The services provided by this position will be procured through an annual professional service purchase order. Two positions were transferred to the general fund department of Behavioral Health to better utilize their expertise, a Mental Health Specialist and Clinical Therapist II.

Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Block Grant Carryover Program fund is utilized by Alcohol and Drug Services (ADS) to hold money received from the State Department of Alcohol and Drug Programs (ADP) under a multi-year cost reimbursement contract that allows the County to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are spent on alcohol abuse prevention, education and treatment in schools and the community as described in the annual update to the contract between County and the state. Funds are transferred to ADS based on the needs of the program.

Budget at a Glance

Court Alcohol and Drug Program funding is provided by three sources: the Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses; Senate Bill 921, which requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense; and by Senate Bill 920 that requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. Funds are distributed to ADS programs.

Driving Under the Influence Program allows, per Title 9, Division 4, Chapter 3, 9878 (m) of the State regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health to charge fees to privately owned and operated vendors for monitoring Penal Code (PC) 1000 and DUI programs. Supervision of these programs resides with the county as indicated by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the county. Fees collected from privately owned and operated DUI programs within the County are deposited into this fund. Funds are then transferred to the ADS unit, as needed, to meet the costs of staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

These budget units do not directly spend funds or provide services. They are strictly financing budgets with actual expenditures occurring within Behavioral Health's general fund budget unit for ADS.

PUBLIC HEALTH

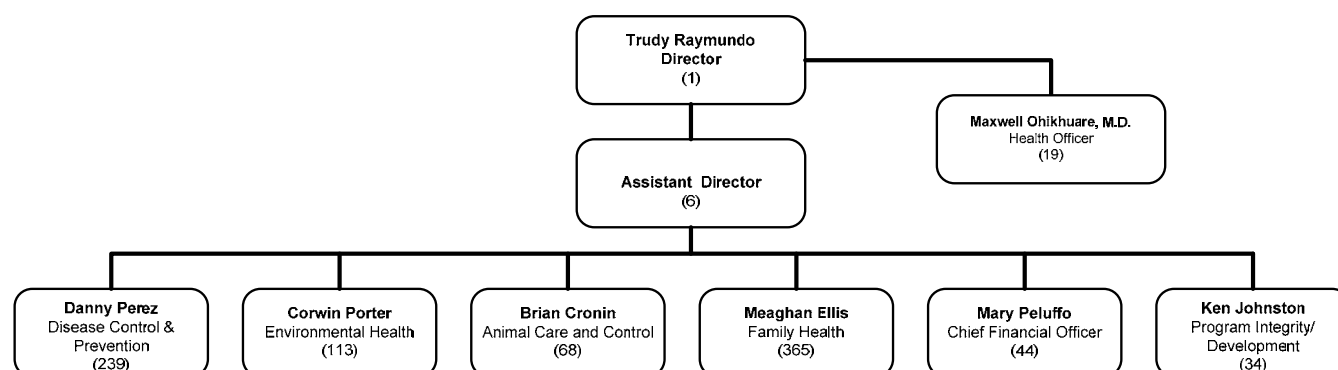

Trudy Raymundo

MISSION STATEMENT

The Department of Public Health provides community and preventive health services that promote and improve the health, safety and quality of life of San Bernardino County residents and visitors.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Environmental Health Services Division received a National Association of County and City Health Officials (NACCHO) award and a California Conference of Directors of Environmental Health Excellence in Environmental Health award for their public pool safety program submittal entitled “Innovative Methods to Reduce Drowning Risks at Commercial Swimming Pools and Spas” during 2011-12.
- The Community Health Division received Federally Qualified Health Center status for its Hesperia Health Center in September 2011, thereby allowing for increased access to primary and preventive care for the residents of the High Desert.
- During 2010-11 and 2011-12, the Healthy Communities Program added the cities of Highland, Montclair, Upland, Victorville, and Yucaipa as Healthy City partners. In addition, the unincorporated communities of Muscoy and Rim Mountain were added. This brings the total number of partner communities to nineteen, representing 1.67 million residents or 82% of the San Bernardino County population.
- The Public Health Laboratory increased capacity and efficiency through staff reorganization and training, with an emphasis on increased capacity to handle communicable diseases of public health importance through the implementation of new tests. As a result, the Lab was able to perform 86,635 tests on the 52,041 specimens received during 2010-11.
- The Coordinated Asthma Referral Education (CARE) Program, which provides asthma education and home visitations, including environmental assessments to help reduce asthma triggers for children under the age of 18 who have been diagnosed with asthma in the West and Central areas of San Bernardino County, provided services to 110 families during the current program year.
- The Preparedness and Response Program conducted a 2-day Pandemic Influenza Planning Summit for stakeholders including the County’s 24 cities/towns, special districts, 18 acute-care hospitals, businesses, schools, tribal entities, faith-based organizations, health clinics, long-term-care facilities, military, bordering jurisdictions and other governmental and non-governmental agencies during 2011-12.
- The Animal Care and Control Division conducted 36 off-site animal adoption events in 2010-11 and anticipates increasing that number to 49 for 2011-12.

Public Health

DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety and quality of life for residents and visitors of San Bernardino County. Many services are mandated by California Health and Safety Code.

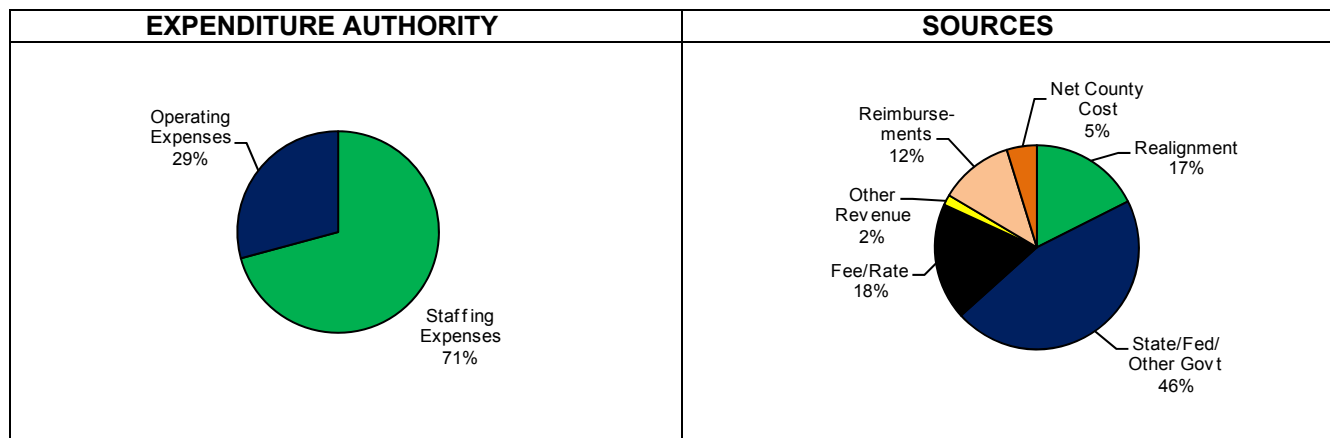

Key delivery areas continue to include Healthy Communities, Disease Control and Prevention, Environmental Health, and Animal Care and Control. Healthy Communities is a County-wide initiative to support collaborative efforts to improve the quality of life for residents through environmental change. Disease Control and Prevention provides for surveillance and prevention of communicable diseases, including tuberculosis, HIV, and other transmitted diseases, and provision of immunizations to prevent disease. Environmental Health prevents, eliminates, or reduces hazards adversely affecting health, safety and quality of life through integrated, regulatory programs such as Food Protection, Vector Control, and other Land Use/Water Protection programs. Animal Care and Control protects the public from rabies through dog vaccinations, stray animal abatement, wildlife rabies surveillance, and public education.

In addition, as a complement to the Wellness component of the County Visioning process, the Department will continue its current Community Vital Signs Initiative. This initiative is intended to be a community health improvement framework jointly developed by San Bernardino County residents, organizations and government. It builds upon the Countywide Vision by setting evidence-based goals and priorities for action that encompass policy, education, environment, and systems change in addition to quality, affordable and accessible health care and prevention services. It provides the basis for aligning and leveraging resources and efforts by diverse agencies, organizations and institutions to empower the community to make healthy choices, thereby improving the overall health and well-being of the County's residents.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$57.0 million fund 728 budgeted positions. This appropriation has a net increase of \$7.6 million from the prior year budget. These increases reflect the Department's continuing effort to fill positions that are difficult to recruit and maintain, benefit premiums, retirement and 401k match changes as well as the impact of the General Memorandum of Understanding Amendment of June 28, 2010 becoming effective July 1, 2012, initiating the Retirement Medical Trusts.

Operating expenses of \$23.5 million include general office, equipment, professional services, medical expense, insurance, rent and all travel related expenditures. This appropriation has a net decrease of \$1.3 million from the prior year budget continuing a trend of streamlining operations, utilizing conference calling and webinars to reduce travel related expenses.

Capital expenditures of \$15,540 are for the purchase of video conferencing equipment for the Women, Infants and Children (WIC) program and an additional server.

Reimbursements of \$9.5 million represent transfers into the Department from its four special revenue funds and payments from other departments such as Human Services, California Children's Services (CCS), Behavioral Health and Probation. A decrease of \$1.2 million is due to the elimination of the Cal-Learn program.

State, federal or government aid revenue of \$36.9 million is increasing by \$2.7 million from the prior year and reflects the Department's ongoing effort to recruit, fill and maintain positions that are grant funded.

Fee/rate revenue of \$14.9 million are increasing by \$1.2 million due to Department requested fee increases of \$1.7 million offset by decreases in other current services.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses are 71% of the total \$71.1 million expenditures within this budget unit for 2012-13. The Department staffs 8 medical clinics, 16 WIC clinics and 2 animal shelters with additional staffing in multiple outlying County-owned sites performing environmental health inspections, home visits and animal control staff canvassing. The remaining 29% represents operating expenses including services and supplies, travel and reimbursements. State and federal aid, realignment and net county cost comprise 68% of the departmental revenue for this budget unit with the remaining 32% consisting of fees and reimbursements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing consists of 32 new positions and 63 deletes. The new positions are: 3 Accountant IIs, 4 Animal License Checker Is, 1 Health Education Specialist II, 4 Health Services Assistant Is, 1 Medical Director for Clinic Operations, 1 Medical Records Coder I, 4 Nurse Practitioner IIs, 3 Office Assistant IIs, 1 Office Specialist II, 2 Public Health Physician I, 1 Public Health Physician II, 4 Public Health Physician IIIs, and 3 Environmental Health Specialist IIs. Deletions are in the following sections: Health Officer (7), Disease Control & Prevention (12), Environmental Health (17), Animal Care and Control (1), Community Health (19), Fiscal (5) and Program Integrity (2). Additional medical professional positions and support staff will be utilized in the outlying clinics assisting with an increase in community outreach and primary care services. The Department is requesting to change the current contract Public Health Physician classification to regular, unclassified. The new physician positions detailed above are offset with the six deletions in the Health Officer section, net increase of just one position.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of the care. State law requires the County to maintain a mandated minimum funding level. In addition to realignment dollars and the County's mandated contribution, funding also comes from Medi-Cal, private insurance and patient co-payments.

Budget at a Glance

Total Expenditure Authority	\$19,568,371
Total Sources	\$14,991,401
Net County Cost	\$4,576,970
Total Staff	161
Funded by Net County Cost	23%

The revenue breakdown among federal, state, realignment and County general fund support depends on the type of services provided under this program. This program provides two types of services.

1. Administrative Component – Case management activities include determining program eligibility, evaluating needs for specific services, determining the appropriate providers and authorizing/paying for medically necessary care. Reimbursement for administrative and operational costs for County CCS programs is shared between the state and County programs per Health and Safety Code Section 123955 (a). Administrative funding was previously based on staffing standards and caseload mix of CCS clients; however, since 2008-09 the state has changed the funding methodology. All counties must provide the state with a projected budget based on filling all positions as determined by the staffing standards. The state determines what percentage each county's projected budget is of the total amount budgeted by all counties. The percentage is applied to the total allocation available from the state for the fiscal year which may change the actual reimbursement rate normally expected on the caseload numbers below.

Caseload percentages are as follows:

- Medi-Cal caseload percentage is 76.71%. Federal and state funds reimburse CCS for 100% of the costs.
- Healthy Families accounts for 12.12% of the caseload. This federal and state program pays 82.5% of the costs. The remaining 17.5% local share is equally funded by Social Services Realignment (8.75%) and general fund support (8.75%) and is billed to CCS on a quarterly basis.
- CCS or Non-Medi-Cal caseload accounts for approximately 11.17%. Federal and state funds account for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and general fund support (25%).

2. Medical Therapy Component – This service provides physical therapy, occupational therapy and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management. The state reimburses the County 50% of the costs incurred by this program up to the allocated amount prescribed by the state. The remaining 50% is equally funded by Social Services Realignment and County general fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% County. Approximately 56% of the caseload in the medical therapy component is Medi-Cal eligible. The state also reimburses approximately \$80,000 at 100% for personnel costs while attending individualized educational programs per California AB3632.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$14.3 million fund 161 budgeted positions. This appropriation is increasing by \$2.07 million to accommodate the Department's continuing effort to fill positions that are difficult to recruit and maintain, an increase of 2 positions, increased retirement costs, and negotiated labor agreement costs.

Operating expenses of \$5.22 million are increasing \$1.59 million primarily due to increased Healthy Family payments and the software and services necessary to convert records to a digital imaging system.

State, federal or government aid revenue of \$10.4 million is increasing by \$526,701 due to additional reimbursable staffing expenses and program costs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses are 73% of the expenditures within this budget unit for 2012-13. These expenses are necessary to provide program related services at 10 Medical Therapy Units located throughout the County as well as eligibility and case management services. The remaining 27% are operating expenses which include payments to the state and other providers for treatment costs and medical supplies, services and supplies, travel and reimbursements. The majority of the \$19.5 million program is funded from state aid, realignment and net county cost. As state law requires, the County is budgeting \$4.6 million in Social Services Realignment and \$4.6 million in net county cost to maintain the mandated minimum funding level for this program.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, 1 new Social Worker II and 1 part time Pediatric Rehabilitation Therapist position are being added. A Social Service Practitioner is being reclassified to a Supervising Social Worker. These positions will provide the necessary staffing standards to meet caseload.

Indigent Ambulance

DESCRIPTION OF MAJOR SERVICES

This budget unit provides funding for ambulance contractors who transport indigents to the Arrowhead Regional Medical Center or the closest hospital under certain life-threatening situations. Up to the extent of available appropriation, the fund also pays for the Sheriff/Coroner/Public Administrator's cost of transportation of inmates for medical treatment. The appropriation in this budget unit is maintained at a constant level.

DESCRIPTION OF MAJOR SERVICES

Bio-Terrorism Preparedness is supported by Federal and State funding from the Centers for Disease Control, Pandemic Influenza and Cities Readiness Initiative. Funds support the Department's preparedness for and response to emergencies caused by bioterrorism, infectious disease, natural disasters and other public health threats such as Pandemic Influenza through the development and exercising of comprehensive public health emergency preparedness and response plans.

Tobacco Use Reduction Now (TURN) program provides tobacco control and educational services to the residents of the County. The primary goals of the TURN program are to reduce exposure to secondhand smoke, reduce youth access to tobacco products, counteract the influence of tobacco advertising, promote tobacco cessation and collaborate with various community based organizations through the Coalition for a Tobacco Free San Bernardino County.

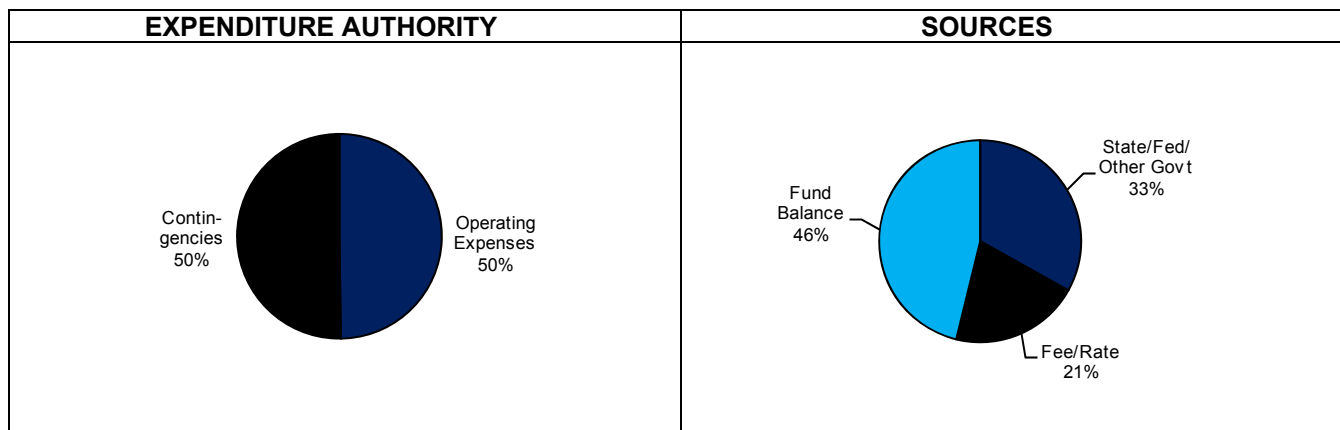

Vital Statistics State Fees holds fees set by the state which are collected from the sale of birth and death certificates. Per Health and Safety Code 103625, all applicants for birth and death certificates shall pay an additional \$3 to be collected by the County which are then disbursed 45% to the state registrar and the remaining 55% retained by the Department. The funds may be used to defray the administrative costs of collecting and reporting with respect to those fees but also to improve and/or modernize vital records operations and data collection and analysis.

Vector Control Assessments funding is received via the property tax roll and is dedicated for vector control services. The assessments are levied against parcels within the unincorporated parts of the County and the amount assessed depends upon the level of improvement on a given parcel. Services provided by the Vector Control Program include responding to citizen complaint/service requests for community control of vectors. Additional services include monitoring for the presence of vector borne diseases, inspecting poultry ranches, dairies and riding academies for nuisance flies and other vectors and direct abatement and control of vectors in sanitary sewer systems, flood control channels and basins.

H1N1 Preparedness funding has been discontinued.

These are financing budgets only. No actual expenditures or activities are incurred or conducted via these budget units.

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are increasing appropriation by a net \$549,243 and increasing departmental revenue by \$27,267. Bio-Terrorism Preparedness appropriation are increasing by \$568,379. H1N1 preparedness funding has been discontinued resulting in a decrease in appropriation by \$277,799. Vector Control appropriation are increasing \$202,708 and Tobacco Use Reduction Now appropriation are decreasing by \$37,435. Vital Statistics State appropriation are increasing by \$93,390 for the purchase and implementation of an electronic file system and increased contingencies.

DETAIL OF 2012-13 ADOPTED BUDGET

	2012-13			
	Appropriation	Revenue	Fund Balance	Staffing
Special Revenue Funds				
Bio-Terrorism Preparedness (Fund RPL)	3,388,442	2,497,275	891,167	0

Total Special Revenue Funds	8,513,734	4,599,340	3,914,394	0

Bio-terrorism Preparedness includes funding for the current year and from previous grant years approved for rollover and use by the state. Expenditure appropriation of \$3.38 million includes \$2.04 million in operating expenses, which represents an increase of \$114,693 and contingencies of \$1.34 million, an increase of \$453,686. Revenue of \$2.5 million is an increase of \$207,512. The Department has been instructed to spend down old funds; however because of staffing shortages at the state level, the approval needed to spend these funds has been delayed. The Department anticipates that all previous funding rollover requests will be approved allowing for current grant year 2011-12 funds to be held in a contingency fund for future use.

Tobacco Use Reduction Now program was established in 1989 and receives a yearly Prop 99 funding allocation from the California Department of Public Health. Funds are received from the state in three year funding increments. Since 2012-13 represents the third year of this grant period, there will be no contingencies and program expenditures of \$368,227 are required.

Vital Statistics State Fees funds are received from the sale of certified copies of birth and death certificates. Funds are available to improve and/or modernize vital records operations and data collection and analysis. Appropriation of \$903,521 include \$130,705 in expenditures related to the implementation of a vital records imaging system.

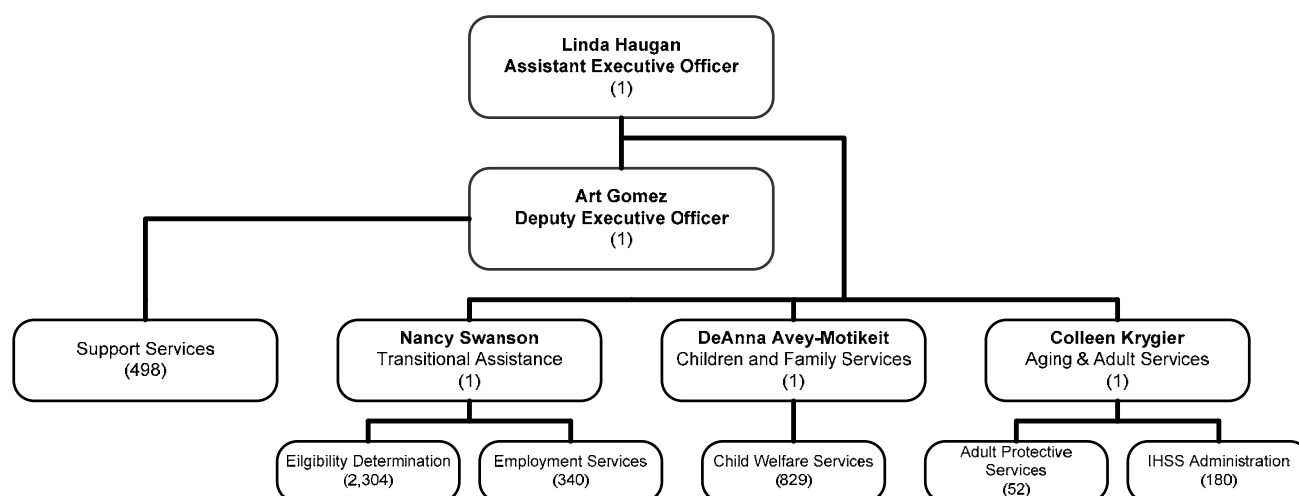

Vector Control Assessments funding is from tax assessments on parcels throughout the County received via the property tax roll. Services dedicated to these areas for vector related response, surveillance and treatment are appropriated at \$1,696,617. The contingency appropriation decreased by \$44,332 for a total of \$2,156,927, for future departmental use, as well as set aside for the uncertainty of a vector borne outbreak. Therefore, appropriation for 2012-13 is \$3,853,544. Expected revenue from tax assessments, delinquent tax collection and interest is budgeted at \$1,649,319.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

Transitional Assistance Department (TAD)

- Processed \$14.0 million in Federal tax returns through the Volunteer Income Tax Assistance (VITA) program. These refunds stimulated economic activity in addition to fighting poverty.
- Implemented the Customer Service Center (CSC) on 8/5/11 for CalWORKs/CalFresh/Medi-Cal continuing cases, averaging 90,000 calls per month. CSC is a state of the art call center with many modern technological features which allows staff in district offices to focus on work from increasing caseloads.
- Implemented collective team "Task based approach" to processing work vs. traditional individualized case management approach. Implemented in conjunction with CSC on 8/5/11. Process Approach to Case Excellence (PACE) provides for a more efficient assignment and completion of casework.
- Received National Golden "Hunger Champion" Award – One of only four Golden awards given out nationally in 2012 to States or Counties for outstanding use and implementation of CalFresh outreach efforts and innovations.

Children and Family Services (CFS)

- Received and assessed 52,933 child abuse referrals.
- Arranged for 1,115 children to attend summer camp.
- Provided Wraparound services to 770 children Countywide to decrease group home placements.
- Organized and hosted 333 foster and kinship youth at the Annual CFS Sports Fair.
- Hosted 634 children, foster parents and others at the Annual Foster Parent Picnic.
- Finalized 401 adoptions.

Department of Aging and Adult Services (DAAS)

- Received two 2011 National Association of Counties (NACo) Awards for the Long Term Ombudsman Program/Red Cross partnership and the Prevention and Early Intervention Transportation Reimbursement Escort Program (PEI/TREP).
- Senior Information and Assistance provided 7,616 seniors with registered services and provided public/community outreach to 79,184 individuals.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: INCREASE TOTAL PERCENTAGE OF HOUSEHOLDS PARTICIPATING IN THE CALFRESH (FOOD STAMP) PROGRAM.**

Objective: Increase public awareness/access of CalFresh benefits.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage increase in CalFresh participation.	32%	16.5%	20%	11%	10%

The Food and Nutrition Service (FNS), a division of the US Department of Agriculture (USDA), has mandated States to increase outreach efforts, and thus CalFresh participation. TAD, through additional community outreach efforts, and the implementation of the on-line Application (C4 Yourself), started in October 2007, has expanded access to apply for CalFresh benefits for San Bernardino County residents. TAD staff participates in over 40 community outreach health events annually to help promote CalFresh participation in communities. Increasing food stamp awareness and participation enriches the lives of our County residents through better nutrition and health. Based on research by the USDA, for each dollar in federal CalFresh benefits, nearly double that amount is generated in economic activity.

Note: Current economic conditions contributed to the 32% increase in the CalFresh program in 2009-10 and high increases are expected to continue for the next few years but are expected to return to the projected 5% target once the economy improves.

GOAL 2: INCREASE THE WORK PARTICIPATION RATE (WPR) OF RECIPIENTS OF CALWORKS BENEFITS.

Objective: Increase the number of Welfare to Work (WTW) mandatory CalWORKs participants who are engaged in a federal WTW activity.

	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of CalWORKs customers engaged in a <i>Federal Welfare-To-Work activity</i> .	41%	38%	50%	50%	50%

This performance goal was developed to measure the percentage of successful placements of our CalWORKs customers into Federal Welfare-To-Work activities. This goal will assist the Department in achieving an overall increase in the number of participants that are actively engaged in welfare-to-work activities and help move our customers to their ultimate goal of self-sufficiency.

GOAL 3: MAINTAIN CALFRESH ERROR RATE PROFICIENCY.

Objective: Maintain the CalFresh error rate below the federal tolerance level of 6% to avoid fiscal sanction.

	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of errors in calculating CalFresh Benefits.	2%	1%	3%	3%	3%

TAD's goal in this area is to maintain the CalFresh error rate below the federal tolerance level, which the Department previously achieved. Ensuring accuracy of CalFresh payments adds to the customer service satisfaction of this program for which TAD is responsible. Additionally, maintaining the CalFresh error rate below the federal tolerance level reduces the risk of potential sanctions and penalties.

GOAL 4: INCREASE THE NUMBER OF CHILDREN AND YOUTH THAT REMAIN SAFELY AT HOME, BASED ON THE DEVELOPMENT OF SAFETY PLANS DURING TEAM DECISION MAKING MEETINGS (TDM).

Objective: Increase the number of Team Decision Making meetings conducted with families throughout the County.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage Increase in number of TDM's conducted.	N/A	N/A	N/A	N/A	10%

This goal is new this year and Children and Family Services established goals 4 and 5 to meet the criteria outlined in the upcoming System Improvement Plan in January 2013.

GOAL 5: PREPARE FOSTER YOUTH WITH MORE CONSISTENT ENGAGEMENT IN THEIR TRANSITIONAL INDEPENDENT LIVING PLAN (TILP) TO ENSURE THEIR BEST POSSIBLE SUCCESSFUL EXIT FROM FOSTER CARE.

Objective A: Increase the number of Transitional Conferences (TC) with transitional aged youth to assist them in preparing for a successful exit from Foster Care.

Objective B: Increase compliance with federal requirements for documenting National Youth Transitional Data.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
5A. Percentage increase in number of TC's conducted.	N/A	N/A	N/A	N/A	10%
5B. Percentage increase in National Youth Transitional Data compliance.	N/A	N/A	N/A	N/A	5%

This goal is new this year and Children and Family Services established goals 4 and 5 to meet the criteria outlined in the upcoming System Improvement Plan in January 2013.

GOAL 6: REDUCE THE NUMBER OF CHILDREN WHO ENTER FOSTER CARE EACH YEAR.

Objective: Continue implementation of Family-to Family (F2F) and other practices that reduce the number of children who must enter foster care.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Annual percentage reduction in the number of children entering foster care.	(10%)*	(24%)*	5%	26%	N/A

Children and Family Services established goals 4 and 5 to meet the criteria outlined in the upcoming System Improvement Plan in January 2013 and will no longer be using this performance measure beginning in 2012-13.

*(10%) and (24%) identifies a percentage increase in the number of children entering foster care in each respective year.

GOAL 7: INCREASE THE NUMBER OF FOSTER CHILDREN IN THE INDEPENDENT LIVING PROGRAM THAT EARN A HIGH SCHOOL DIPLOMA OR G.E.D.

Objective A: Continue identifying and tracking the performance of child welfare dependents on the High School Equivalency (Exit) exam.

Objective B: Secure/implement customized tutoring programs designed to address needs of exiting youth.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage increase in foster youth graduating with a high school diploma or G.E.D.	6%	20%	10%	15%	N/A

Children and Family Services established goals 4 and 5 to meet the criteria outlined in the upcoming System Improvement Plan in January 2013 and will no longer be using this performance measure beginning in 2012-13.

GOAL 8: ASSIST AT-RISK ADULTS AND FRAIL ELDERLY TO MAINTAIN INDEPENDENCE AND LIVE SAFELY IN THE LEAST RESTRICTIVE ENVIRONMENT.

Objective: Complete annual re-evaluation process for In-Home Supportive Services (IHSS) customers within state mandated timeframes.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of IHSS annual re-evaluations completed within state mandated timeframes.	96%	96%	90%	96%	90%

Continued improvements are being developed and implemented on completion of the annual re-evaluations. The state Quality Assurance Programs continues to identify areas for improvements that enhance the program integrity in customer service in this area. Targets were developed using the state mandated timeframes. This will continue to be a challenge due to the current budget changes pending in the IHSS program.

GOAL 9: ENSURE THE SAFETY OF AT-RISK ADULTS AND THE ELDERLY TO IMPROVE OR MAINTAIN QUALITY OF LIFE.

Objective: Respond to emergency Adult Protective Services (APS) referrals within state mandated timeframes.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of emergency APS referrals responded to within the State mandated timeframes.	99%	100%	100%	100%	100%

APS emergency referrals are responded to within the 24-hour state mandate. Continued training on the response to both emergency referrals and non-emergencies are being reviewed and updated annually.

BUDGET CHANGES AND OPERATIONAL IMPACT

The 2012-13 adopted budget is based on the latest information available from the developing budget situation at the state level. The latest social services allocation projections include policy decisions which are still pending state approval. While pending policy decisions could mandate a reduction in funding for various Human Services (HS) programs, rapid caseload growth continues to push state and federal funding upwards for certain programs. For TAD, Medi-Cal funding is anticipated to increase \$3.5 million (5.5%). For CFS, \$2.0 million of increased funding is made available by using Wraparound Reinvestment Funds to leverage additional federal funds. For DAAS, allocations are expected to remain unchanged but the County share of payments to IHSS Providers is projected to increase \$6.5 million which is entirely funded with Social Services Realignment. All other funding for programs administered by HS is expected to remain unchanged from what was included in the 2011-12 final budget.

While this budget anticipates increased allocations across a few social services programs, the economic downturn has caused significant budget issues for the state and could result in future cuts to funding of social services programs. Until such time that the state makes changes to its current budget plan, it has been deemed necessary to plan for the maximum possible available funding in order to effectively take advantage of potential funding increases. HS will continue to monitor developments at the state and federal levels in an effort to maintain mandated public services at appropriate levels while utilizing all available funding.

Current strategy is to reduce staffing to the level which provides the most flexibility and opportunity to efficiently utilize available allocations. Plans for significant expenditures, whether for staff, services, supplies, equipment, or services to clients will be monitored closely until such time that future changes to the state budget are known. Any significant differences between this budget and actual allocations received from the state will be addressed through the County's quarterly budget adjustment process.

Overall, allocations within this budget unit are expected to increase only 1.3% from the previous year. This allocation increase combined with additional funds from the Wraparound Reinvestment Fund and Social Services Realignment result in an appropriation increase of \$35.9 million from the 2011-12 final budget as follows:

- Staffing expenses will increase \$26.9 million over the 2011-12 final budget due to rising benefit, retirement and salary costs. While 41 vacant positions were eliminated due to insufficient funding; strategic and operational adjustments in various HS departments and divisions resulted in the addition of 28 positions. New and currently vacant positions will be filled only as federal and state funding is verified.

Difference between 2011-12 Final Budget and 2012-13 Adopted Budget	(26)	19	0	(6)	(13)

- Operating expenses are increasing approximately \$8.5 million. Significant changes are related to increases in County service costs and IHSS provider payments.
- Capital expenditures are decreasing by \$647,935 which is due to decreases in equipment, vehicle and capitalized software purchases.
- Reimbursements are decreasing by \$1.2 million which reflects a slight increase in the demand for HS administrative support and a change in budget method for recognizing revenue from the wraparound reinvestment fund which will now be transferred through operating transfers in.

Total revenue increased by \$34.7 million from the 2011-12 final budget as follows:

- This budget unit decreases Realignment by \$4.5 million as a result of an increase in wraparound reinvestment funds of \$4.9 million to match child welfare services spending.
- Federal and state funding available for HS programs increased a net \$34.2 million primarily due to the shift of state revenue to Realignment 2011 and an increase in federal funding for Medi-Cal.

Operating transfers in increased by \$4.9 million and represent funds provided from the Wraparound Reinvestment Fund which are utilized as a match accessing additional Federal funding. This funding will allow Children and Family Services to maintain existing service levels despite increasing costs.

Net county cost has increased \$1.2 million to provide the local match required by program allocations and to partially offset the increased need for Social Services Realignment funding.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures include the following:

- Staffing expenses of \$298.7 million fund 4,208 positions.
- Operating expenses of \$144.0 million represent expenses for County services, computer hardware and software, office supplies, insurance, postage, mail services, professional services, communications, training, security, travel, transfers out and miscellaneous operating costs.
- Capital expenditures of \$2.7 million include expenses for fixed asset equipment, capitalized software, leased purchase equipment and vehicles.
- Reimbursements of \$2.9 million include payments from other County departments to HS for administrative support services as requested.

Major departmental revenue includes the following:

- Realignment of \$50.8 million represents Social Services Realignment used to match federal and state funds. As part of the 2011-12 State budget plan, the Legislature enacted a major shift—or “realignment”—of state program responsibilities and revenues to local governments. In total, the realignment plan provides funds for various criminal justice, mental health, and social services programs in 2011-12, and ongoing funds for these programs annually thereafter.
- Federal and state funding of \$370.5 million represents total allocated funds for providing mandated Human Services programs.
- Operating transfers in of \$4.9 million represent funds provided from the Wraparound Reinvestment Fund which are utilized as a match accessing additional Federal funding. This funding will allow Children and Family Services to maintain existing service levels despite increasing costs.

NET COUNTY COST

Most HS programs are state and/or federal mandates. The County share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of net county cost, revenue from the Realignment 2011 fund and revenue from the Social Services Realignment (Realignment) fund. Both Realignment funds were created by two distinct and separate state realignment processes to offset net county cost. Their use is limited to designated social services programs.

Changes to HS County share needs are as follows:

In aggregate, the HS Administrative Claim budget unit includes a net increase to net county cost of \$1.2 million. All net county cost figures are estimates and are dependent upon final allocations from the state after the state budget has been adopted. HS will closely manage changes arising from the state budget. Significant changes will be addressed through the County's quarterly budget update process, as needed.

HS programs that are not state/federal mandates do not generate state or federal revenue and are funded with County general funds through HS. While these programs provide services that benefit HS in general, their functions do not qualify for state or federal reimbursement. These programs and their general fund impact are detailed below:

STAFFING CHANGES AND OPERATIONAL IMPACT

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

TAD program funding is expected to remain relatively flat from the previous year yet staffing costs continue to rise. As a result, TAD has identified the need to make the following staffing changes:

Deletions:

- 2 Eligibility Worker III - Recurrent
- 1 Eligibility Worker Supervisor I
- 10 Office Assistant II
- 1 Employment Services Specialist
- 1 Supervising Office Assistant
- 10 Interpreter/Translator
- 2 Employment Services Technician

Additions:

- 1 Eligibility Worker III

CHILDREN AND FAMILY SERVICES (CFS)

CFS allocations are expected to remain relatively flat from the previous year yet staffing costs continue to rise. By utilizing Wraparound Reinvestment Funds to leverage available federal funding CFS is able to absorb much of the effect of increasing staffing costs. CFS is recommending the following staffing changes:

Deletions:

- 1 Social Service Practitioner - Recurrent
- 2 Social Worker II
- 4 Peer & Family Assistant II - Unclassified
- 1 Executive Secretary II

Additions:

- 1 Intake Specialist
- 9 Office Assistant III
- 5 Social Worker II Trainee
- 1 Supervising Social Service Practitioner
- 3 Alcohol & Drug Counselor
- 1 Supervising Office Specialist
- 2 Child Welfare Services Manager
- 1 Supervising Fiscal Specialist
- 4 Peer & Family Assistant I - Unclassified

CFS will continue to deliver mandated levels of services to clients in the most efficient manner possible. These services are provided in an effort to safeguard the well-being of children who reside within the County. Expenditures for services and hard goods are provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HS Administrative Claim budget unit.

DEPARTMENT OF AGING AND ADULTS SERVICES (DAAS)

DAAS allocations are expected to remain relatively flat from the previous year yet staffing costs continue to rise. As a result, the Department is recommending position changes which do not impact filled positions but rather attend to necessary administrative adjustments. The net zero recommended changes are as follows:

Deletions

- 5 Social Worker II
- 1 Supervising Social Service Practitioner
- 1 CMIPS II Project Manager

Additions:

- 2 Office Assistant III
- 3 Staff Analyst II
- 1 Supervising Social Worker
- 1 Office Assistant II

HS ADMINISTRATION AND SUPPORT SERVICES

Due to the potential overall stagnation of funding of the HS Administrative Claim, support divisions were asked to reduce costs where possible, while maintaining current levels of support and performance. The staffing changes are as follows:

- Administrative Support Division – Due to vacancies within the Division, there were decreases of 1 Accountant II, 1 Office Assistant III, and 3 Recurrent Staff Analyst II. Savings from the elimination of these positions will allow for the creation of 1 Secretary I, 1 Accountant III and 1 Fiscal Specialist positions which are needed to respond to an increased need for HS Administrative assistance.
- Auditing Division – Decrease of 1 Office Assistant II and 1 Staff Analyst I. Savings allow the Department to add 1 Staff Analyst Trainee and 1 Fiscal Specialist to address operational needs.
- Information and Technology Support Division – Decreases in 1 Applications Specialist, 1 Automated Systems Analyst I, 1 Business Systems Analyst I, 1 Business Systems Analyst III and 1 Office Assistant II, 3 Programmer III, 1 Storekeeper, 1 Supervising Automated Systems Analyst I and 1 Systems Support Analyst III. Savings allow the department to add 1 Automated Systems Analyst II, 3 Business Systems Analyst II, 2 Department Systems Engineer, 1 Programmer I, 3 Programmer II and 1 Store Specialist in order to align position classifications with assigned work duties.
- Performance and Education Resource Center- Elimination of 1 Human Resources Analyst I due to vacancy.
- Program Integrity Division (PID) – Decrease of 1 Office Assistant II and 1 Fraud Investigator I-Recurrent.
- Legislation, Research, QSS Division – Decreases from 1 Office Assistant III - Recurrent, 1 Eligibility Worker III - Recurrent and 2 Statistical Analysts allow for the addition of 1 Program Specialist II and 1 Statistical Analyst Trainee positions.
- Program Development Division – Decrease of 2 Program Specialist I - Recurrent. Savings from these reductions allow the department to add 2 Program Specialist I and 1 Office Assistant III.
- Personnel Division – The elimination of 1 Human Resource Analyst I position allows the Department to add 1 Human Services Administrative Manager position.

AGING AND ADULT SERVICES

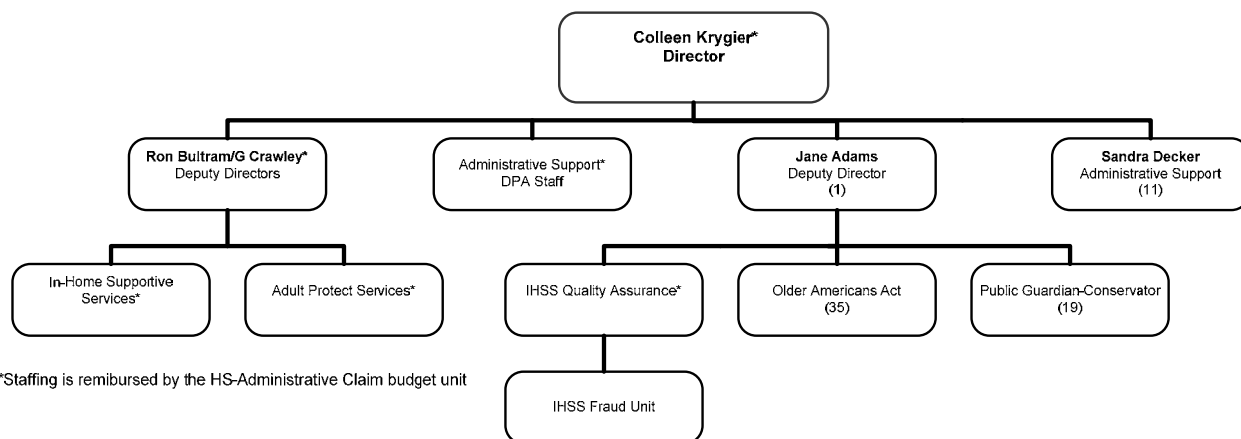

Colleen Krygier

MISSION STATEMENT

The Department of Aging and Adult Services provides services to seniors, at-risk individuals, and adults with disabilities to improve or maintain choice, independence, and quality of life so they may age in place in the least restrictive environment.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Received two 2011 National Association of Counties (NACo) Awards for the Long Term Ombudsman Program/Red Cross partnership and the Prevention and Early Intervention/Transportation Reimbursement Escort Program (PEI/TREP).
- Senior Nutrition Services provided 379,192 congregate meals to 11,797 seniors in senior centers throughout the county and 394,892 home-delivered meals to 2,679 homebound seniors.
- Senior Information and Assistance provided 7,616 seniors with registered services and provided public/community outreach to 79,184 individuals.
- Provided nutrition education to 4,210 seniors.
- Long Term Ombudsman program staff and volunteers provided 139 community trainings; distributed educational materials to 3,858 individuals; attended 18 resident and family council meetings; investigated 2,611 complaints; participated in 4,839 regular visits to nursing and board and care facilities; provided 3,134 training sessions for caregivers and 758 training sessions for professionals.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: ASSIST SENIORS TO MAINTAIN CHOICES AND IMPROVE QUALITY OF LIFE BY INCREASING KNOWLEDGE AND AWARENESS OF AVAILABLE PROGRAMS AND ASSISTANCE.**

Objective: Increase individual customers contacted by Senior Information and Assistance (SIA) outreach efforts.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Increase individual customers contacted by SIA.	1.5%	16%	8%	32%	8%

The Department's outreach efforts by SIA have targeted older individuals within the county while placing emphasis on older individuals who are isolated, have Alzheimer's disease or related disorders, and have the greatest economic and social needs as mandated by the Older Americans Act. This objective remains a major focus, as information on programs and services is a vital link to ensuring senior safety and independence.

Aging and Adult Services

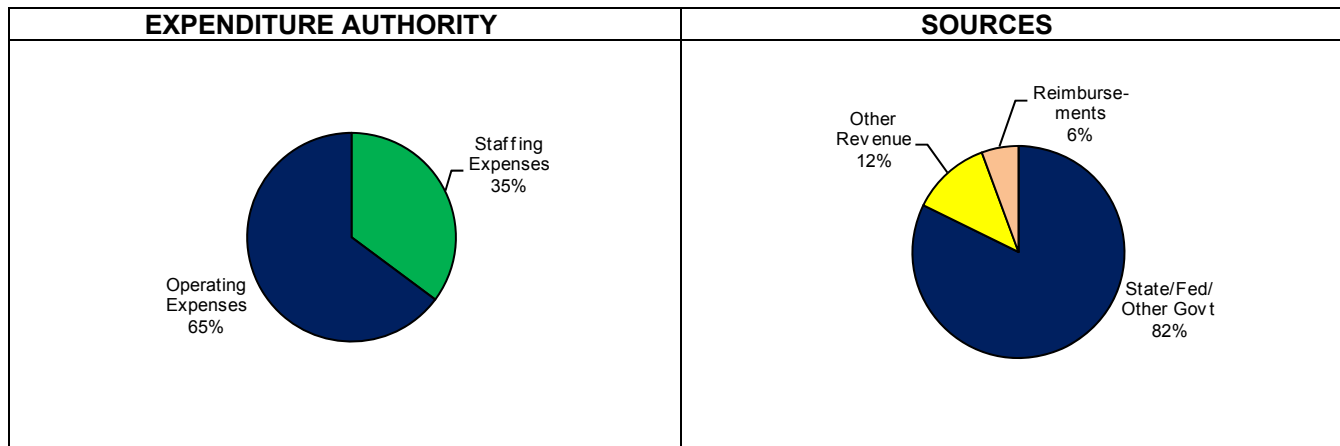

DESCRIPTION OF MAJOR SERVICES

The Department of Aging and Adult Services (DAAS), under the direction of the California Department of Aging (CDA), serves as the federally designated Area Agency on Aging (AAA) for the County of San Bernardino and is responsible for administering programs under the Older Americans Act (OAA). The Department works to ensure options are easily accessible to all older individuals and to have a visible resource where seniors can go or call for information. The programs under the OAA include Senior Information and Assistance (SIA), Senior Nutrition, Senior Community Service Employment Program (SCSEP), Senior Supportive Services, Health Insurance Counseling and Advocacy Program (HICAP), Family Caregiver Support Program (FCSP), Legal Services for Senior's, Multipurpose Senior Services Program (MSSP) and Long-Term Care Ombudsman (OMB).

BUDGET CHANGES AND OPERATIONAL IMPACT

In 2012-13 appropriation will increase over 2011-12 final budget by \$716,968 as a result of increases in retirement costs, salaries and benefits, Internal Service Fund (ISF) charges, and contracted vendor payments. Departmental revenue will also increase by \$716,968 as a result of higher operating transfers in and changes to the Department's state, federal or government aid over 2011-12 final budget. Revenue changes occurred in the MSSP, Senior Employment and Medicare Improvements for Patients and Providers Act (MIPPA) programs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Significant budgeted expenditures include:

- \$3.7 million will fund 47 budgeted positions.
- \$6.8 million for operating expenses, the largest portion of which is \$5.63 million for contracted services for the Department's Senior Nutrition Services, MSSP, and Senior Transportation programs.
- \$0.6 million in reimbursements for costs transferred to other departments.

Grant revenue is expected to total \$8.75 million, which includes \$3.5 million for Senior Nutrition Services, \$1.18 million for MSSP, and \$624,483 for Family Caregiver Support Program.

STAFFING CHANGES AND OPERATIONAL IMPACT

In 2012-13, budgeted positions will decrease from 48 to 47 due to the retirement of a part-time contracted Ombudsman Program Office Manager. Operations and budget will not be affected by the reduction as work duties and hours will be assumed by other staff.

Public Guardian-Conservator

DESCRIPTION OF MAJOR SERVICES

By court appointment, the Public Guardian-Conservator acts as conservator of any individuals found to be gravely disabled or to lack capacity to manage their finances and provide their own care. A conservator has the responsibility for the conservatee’s care, custody and control. The conservator determines where the conservatee lives and ensures his/her daily needs are met. Conservatees must be placed in the least restrictive placement, which may include, but is not limited to the following: medical, psychiatric, nursing, or other licensed facility or state hospital, county hospital, or United States government hospital.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses in the 2012-13 budget will increase as a result of the addition of one Supervising Deputy Public Guardian position, while operating expenses will increase as a result of expenditures related to AB109 Criminal Justice prisoner release. Appropriation will increase by \$302,086 as compared to 2011-12 final budget.

Departmental revenue in the 2012-13 budget will increase by \$92,679 as a result of new revenue received for the AB109 Criminal Justice prisoner release program; all other revenue sources will virtually remain at current levels.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures and revenue represent the following:

- Staffing expenses of \$1.497 million will fund 19 budgeted positions.
- Operating expenses of \$822,960 include services and supplies, primarily consisting of case management software maintenance, postage, printing, vehicle service charges, and property insurance costs for conservatees real property. Operating expenses also include charges for administrative and technical support provided by Human Services (HS) Administration and the Department of Aging and Adult Services (DAAS).
- Reimbursements of \$1.37 million represent funding received primarily from the Department of Behavioral Health for conservatee case costs and from the Sheriff/Coroner/Public Administrator for reimbursement of warehouse operation costs.
- State, federal, or government aid revenue of \$200,113 represents reimbursement for Medi-Cal Administrative Activities (MAA) and AB109 Criminal Justice Realignment.
- Fee/rate revenue of \$125,000 represent Court-ordered fees paid to the Department from the estates of conservatees.

STAFFING CHANGES AND OPERATIONAL IMPACT

The 2012-13 budget will add back 1 Supervising Deputy Public Guardian position that was eliminated as a result of budget reductions in 2011-12. The Supervising Deputy Public Guardian position will supervise staff that currently report to the Chief Public Guardian, which will allow the Chief Public Guardian to focus more on administration and service delivery.

CHILD SUPPORT SERVICES

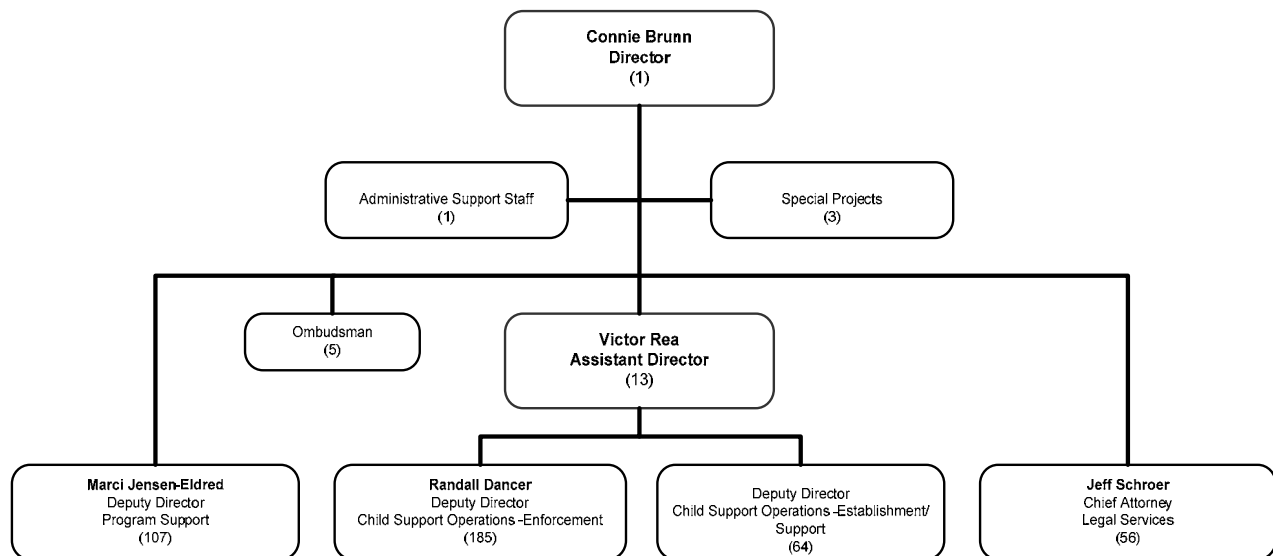

Connie Brunn

MISSION STATEMENT

The County of San Bernardino Department of Child Support Services determines paternity, establishes and enforces child support orders and secures payments to assist families in meeting the financial and medical needs of their children. We provide timely and effective service.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- In 2010-11, collected \$162.0 million in child support payments, a 6.2% increase over prior budget year.
- Ranked second in the state in program cost effectiveness, distributing \$4.21 for each dollar in funding provided to the Department.
- Improved in all five child support federal performance measures.
- Received the California Department of Child Support Services Directors' Excellence Award for exceeding all performance goals in Federal Fiscal Year 2011.
- Continued efforts to ensure availability of services to all county residents by assisting customers with their child support related issues at Transitional Assistance Department (TAD) offices located throughout the county.
- Collaborated with the San Bernardino County Workforce Development Department to provide employment-related services to unemployed non-custodial parents who are unable to meet their child support obligation.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: PROVIDE FOR HEALTH AND SOCIAL SERVICE NEEDS OF COUNTY RESIDENTS.

Objective: Provide for the social service needs of residents through the collection of child support.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of collections on current support orders.	51%	53%	53%	59%	58%

The Department of Child Support Services (DCSS) measures the amount of collections received in relation to child support owed. Increases in the collection of current support results in more money received by San Bernardino families, thereby assisting in meeting their basic necessities, including food, clothing and adequate housing.

GOAL 2: OPERATE IN A FISCALLY RESPONSIBLE AND BUSINESS LIKE MANNER.

Objective: Enhance the Department's cost effectiveness through increased collections.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Determine the department's cost effectiveness by comparing the amount collected for child support as measured against expenditures.	\$3.86	\$4.18	\$4.18	\$4.21	\$4.21

The Department acts in a fiscally responsible manner by utilizing allocated funds to collect child support payments. In Federal Fiscal Year 2011, the Department collected \$4.21 for each dollar expended. Continued growth in collections will result in improved cost effectiveness.

Child Support Services

DESCRIPTION OF MAJOR SERVICES

The Department of Child Support Services (DCSS) promotes family self-sufficiency by helping parents meet their mutual obligation to provide financial and medical support for their children. These services are offered throughout San Bernardino County with offices located in the high desert, the west end and the greater San Bernardino area.

Budget at a Glance

Total Expenditure Authority	\$40,286,557
Total Sources	\$40,286,557
Net County Cost	\$0
Total Staff	435
Funded by Net County Cost	0%

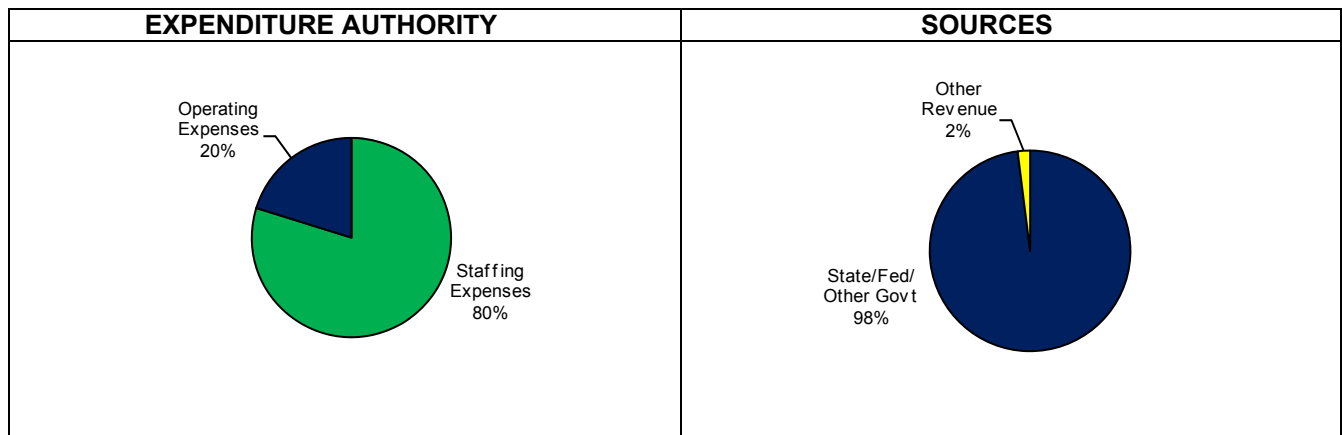

DCSS is dedicated to administering the program in a manner that puts the needs of the children first and foremost. The belief that working collaboratively with parents in understanding and meeting their obligations is a fundamental element in the success of this program.

The services provided by DCSS include the following:

- Locating parents to establish court orders for paternity, child and medical support.
- Enforcing court orders for child, family, spousal and medical support.
- Securing child support payments.
- Maintaining records of payments paid and balances due.
- Modifying court orders when appropriate.

Additionally, DCSS offers services to assist customers with concerns that may arise in the progress of their case. The Ombudsman program administers the Complaint Resolution process, in which customers have the opportunity to raise concerns with the processing of their case, pursue resolution, and obtain information about the child support program and their rights and responsibilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are anticipated to increase by \$1,194,872 primarily due to the salary savings the department experienced in 2011-12 and as the result of the net effect of increased employee salary and benefits costs for 2012-13.

Operating expenses are anticipated to slightly increase in 2012-13. This is primarily due to a reduction in service processing conducted by the Department in 2011-12 and planned reductions in business travel and transfers to other county departments in 2012-13.

Capital expenditures are reduced in 2012-13 primarily due to one-time departmental purchases made in 2011-12.

Departmental revenue is anticipated to increase to cover the overall costs as this department is primarily federal and state allocation funded for child support operations. Other revenue consists of state sources that is strictly utilized for program operations.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures and revenue include the following:

- Staffing expenses of \$32,073,284 fund 435 budgeted positions.
- Operating expenses of \$8,127,653 include professional services contracts, telephone services, mail services, travel, and other operating costs.

Departmental revenue of \$40,156,213 primarily represents the federal and state allocation to fund child support operations. DCSS has no Net County Cost.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, staffing levels will remain at 435 through the deletion of two vacant program positions, the addition of one technical support position and reinstate one extra-help Deputy Director position.

Wraparound Reinvestment Fund

DESCRIPTION OF MAJOR SERVICES

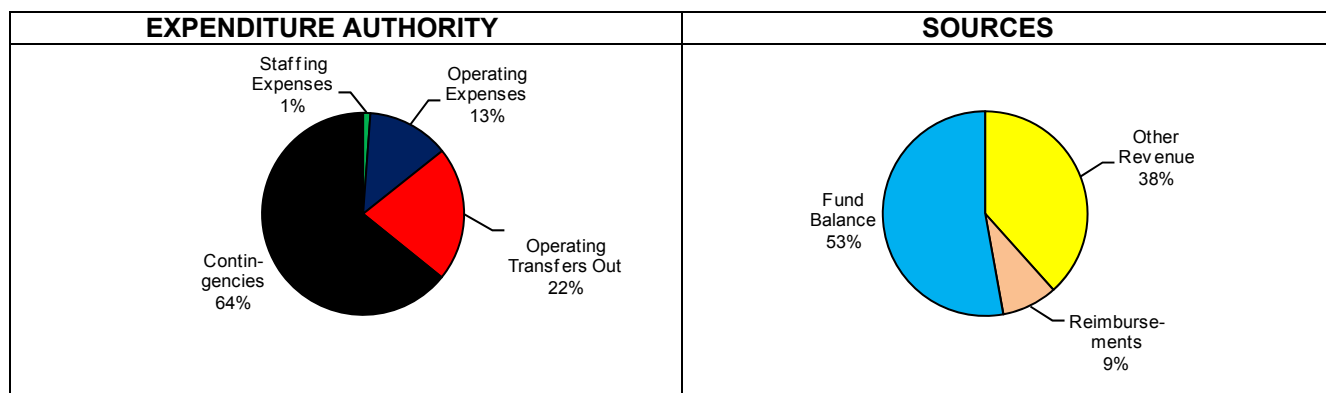

The Wraparound services program was created through Senate Bill (SB) 163, Chapter 795, Statutes of 1997, and is an intensive, community-based and family-centered process designed to allow children with serious behavioral and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. Payments for Wraparound services are included in the Aid to Families with Dependent Children (AFDC) – Foster Care budget unit. This bill allows counties to accumulate savings realized from a Wraparound program and requires that the savings be reinvested in a child welfare services program.

Contracts have been established with 5 agencies to provide Countywide Wraparound program services to high risk children. These contracts stipulate that the County will retain 5% of the monthly Wraparound Foster Care payments for federally eligible cases and 10% of the monthly Wraparound Foster Care payments for non-federally eligible cases.

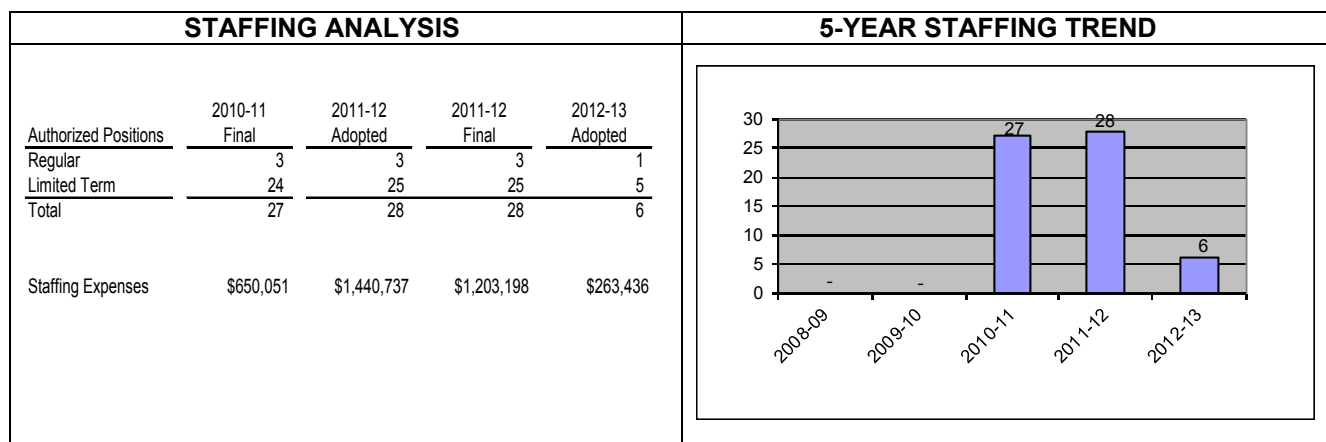

This budget unit provides funding to 1) reinvest in services for youth in placement while they are being assessed for residential based services, 2) enhance services provided to foster care children and their families, 3) expand services to youth aging out of the foster care system in order to promote self-sufficiency in these young adults and 4) provide matching funds to access additional federal funding in support of the Child Welfare Services program.

This budget unit requires no discretionary general funding (net county cost) due to amounts being withheld from existing AFDC – Foster Care maintenance payments.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for 2012-13 is \$20.8 million, a \$5.7 million increase from 2011-12 which includes the following:

- Staffing expenses decreased by \$939,762 and a decrease of 22 budgeted positions. These positions are being moved to the Human Services (HS) Administrative Claim budget unit to take advantage of available federal funding.
- Operating expenses decreased by \$293,824. Significant changes include an Memorandum of Understanding (MOU) budgeted within this budget unit with the Department of Behavioral Health now being moved to the HS Administrative budget unit to better utilize federal funding.
- Reimbursements increased by \$626,561 which are retained Wraparound services program payments.
- Operating transfers out is increasing by \$4.9 million, which is a transfer to the HS Administrative Claim budget unit to provide matching funds which will allow access to additional federal funding in support of the Child Welfare Services program which is administered by Children and Family Services.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation for 2012-13 is \$20.8 million which is made up of the following:

- \$263,436 which funds 6 positions.
- \$3.0 million in operational expenses which is made up of services and supplies, travel and public assistance purchases for children in need.
- Operating transfers out of \$4.9 million to the HS Administrative Claim budget unit to provide matching funds which will allow access to additional federal funding in support of the Child Welfare Services program which is administered by Children and Family Services.

Departmental revenue of \$8.7 million is anticipated from unexpended funds that will be recovered from contractors as their contracts end.

STAFFING CHANGES AND OPERATIONAL IMPACT

20 positions funded by this budget unit in 2011-12 will be moved to the HS Administrative Claim budget unit to maximize federal reimbursement available through HS Administrative Claim budget unit. An additional 2 positions funded by this budget unit in 2011-12 will be deleted.

DESCRIPTION OF MAJOR SERVICES

Aid to Indigents (General Relief) provides mandated County subsistence in the form of cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and provide interim assistance pending receipt of Social Security Income (SSI) benefits. Revenue under this program represents retroactive SSI payments, which the County receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

Domestic Violence/Child Abuse Services provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses. The child abuse prevention program is funded by a state grant, revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases. Revenues from the surcharges are deposited into special revenue funds and used to fund the contractors. These three revenue sources provide 100% of the funding for this program.

Entitlement Payments (Childcare) provides for the Stage 1 Childcare Program administered by the Transitional Assistance Department (TAD). This program is one of the major programs of federal welfare reform and the resulting state CalWORKs program is intended to fund childcare for CalWORKs recipients who are seeking employment or have obtained employment. Childcare provider payments are 100% federally and state funded through reimbursements by the state.

Out-of-Home Child Care provides assistance grants for room, board and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources or, those who are undocumented residents. Some of these children have serious emotional and medical problems which increase the difficulty of locating appropriate facilities for care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case.

Aid to Adoptive Children program provides financial assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children are either personally disadvantaged, physically handicapped or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget unit is funded approximately 42% federal, 44% state (2011 Realignment), with the remaining costs offset by revenue from Social Services Realignment and discretionary general funding (net county cost).

AFDC-Foster Care provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both Children and Family Services (CFS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 4.5 times greater than CFS cases due to the higher levels of care required for these juveniles. There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federally eligible (federal) cases, the cost-sharing ratios are now approximately 44% federal, 22.5% state (2011 Realignment), and 33.5% county.
- For non-federally eligible (non-federal) cases, the cost-sharing ratio is 40% state (2011 Realignment) and 60% county.
- All County share-of-cost is mandated and is reimbursed from Social Services Realignment and discretionary general funding (net county cost).

Refugee Cash Assistance provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. This program is 100% federally funded and open-ended.

Cash Assistance for Immigrants program, under AB 2779, provides cash assistance to aged, blind and disabled legal immigrants who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998 and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

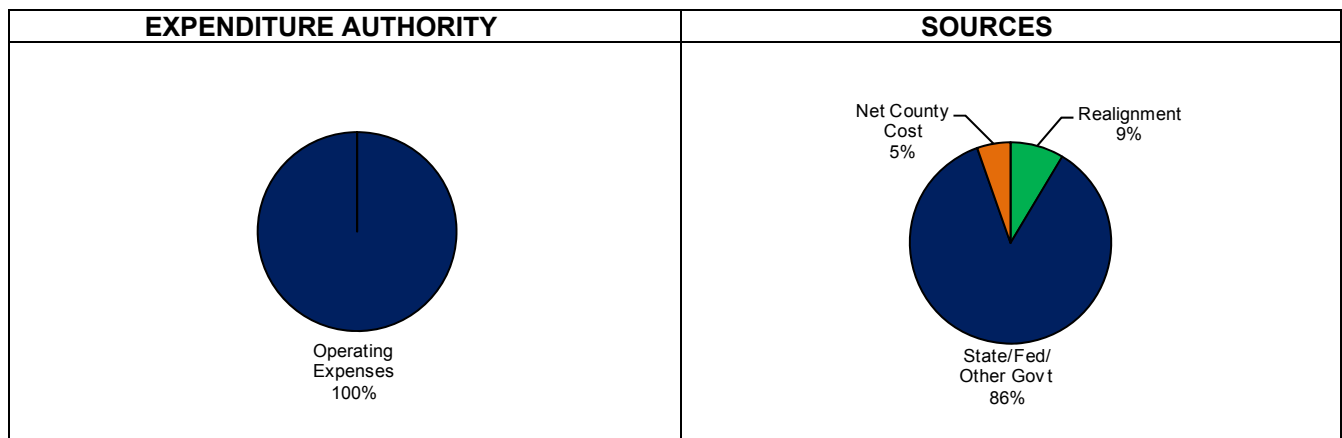

CalWORKs – All Other Families provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. The federal and state governments reimburse 97.5% of the costs for this program. Currently, approximately 34% of state funding is 2011 Realignment. The mandated County share of 2.5% is funded by discretionary general funding (net county cost).

Kinship Guardianship Assistance Program (Kin-Gap) provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children a new option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-Gap program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest. This program is approximately 78% state funded; the remaining 22% is funded by discretionary general funding (net county cost).

CalWORKs – 2 Parent Families provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home or in which the parents are excluded from, or ineligible for, CalWORKs. The federal and state governments reimburse 97.5% of the costs for this program. The mandated County share of 2.5% is funded by discretionary general funding (net county cost).

There is no staffing associated with these budget units. Services for the above programs are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

Consolidated Human Services Subsistence Funds are increasing appropriation and departmental revenue by a net \$33.3 million primarily due to increases in Aid to Indigents, Entitlement Payments (Child Care), Aid to Adoptive Children, Foster Care, Refugee Cash Assistance, Cash Assistance for Immigrants, CalWORKs – All Other Families and CalWORKs – 2 Parent Families and Kinship Guardianship Assistance Program. Overall increase of \$4.7 million in Realignment and \$1.6 million in net county cost represents required matching funds in various HS Subsistence budget units due to caseload and cost growth.

Aid to Indigents (General Relief) includes operating expenses of \$1.93 million which provides cash aid for food, shelter and transportation, as well as SSI advocacy legal fees, to indigents who do not meet categorical eligibility requirements for state and federally funded programs. Due to anticipated caseload increases of 8.3%, appropriation levels will increase by \$196,924. As a result of continuing caseload growth and no revenue growth, net county cost is expected to increase \$248,188 to \$1.44 million.

Domestic Violence/Child Abuse Services includes operating expenses of \$1.3 million which funds contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. Reimbursements of \$779,402 are from a surcharge placed on certified copies of birth certificates, marriage licenses and court fines imposed in domestic violence cases. Revenue of \$531,812 is from a state grant to fund the child abuse prevention program.

Entitlement Payments (Child Care) includes operating expenses of \$28.5 million which provides payments to childcare providers for Stage 1 childcare. The appropriation and revenue for 2012-13 will be increased by \$7.3 million. The Welfare to Work participation exemption for parents caring for young children expired June 30, 2012. Therefore, these CalWORKs clients will be required to participate in work activities and the need for childcare services will increase.

Out-of-Home Child Care includes operating expenses of \$660,566 which provides assistance grants for room, board and care for children. Appropriation is expected to remain level with the 2011-12 final budget as the current average monthly caseload (34) and the current average monthly grant (\$1,631) are expected to remain constant through 2012-13.

Aid to Adoptive Children includes operating expenses of \$52.9 million which provides assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. Appropriation is projected to increase \$4.1 million over the 2011-12 final budget due to continued caseload growth and associated costs resulting from the success of legislation (AB390) which encourages and promotes the adoption of eligible children. Continued increase in the average monthly grant payment is partially due to historical increases based on the child's needs and legislation (AB106) which granted a California Necessities Index (CNI) increase retroactive to July 2011. Federal and state revenue is projected to increase \$2.9 million. A net county cost increase is averted with the use of an additional \$733,851 of social services realignment.

AFDC-Foster Care includes operating expenses of \$111.7 million, a \$9.2 million increase, consisting of \$108.5 million in aid payments and other expenses for children living in foster homes and group-care facilities, \$1.2 million in payments to Transitional Housing Program-Plus (THPP) contractors and \$2.0 million in transfers to the Wraparound Reinvestment Fund. The 100% state funded (Realignment II) THPP program provides support services to youth exiting foster care. The transfer to the Wraparound Reinvestment Fund represents the 5% - 10% of monthly Wraparound Foster Care payments to contractors that are contractually retained by the County to be re-invested in Child Welfare Services programs. The number of children receiving Wraparound services continues to increase resulting in an increase of \$696,600. In addition, caseload is projected to increase by 4% overall, (federal cases by 5% with non-federal cases remaining stable). Costs are projected to increase 9% due to the following court and legislative actions:

- In April 2011, the United States District Court ordered a new method of determining payment rates for foster homes. While costs for foster care cases have increased slightly overall in recent years, the court-ordered foster home rate increases are projected to increase federal case costs by 1.5% and non-federal case costs by 10%.
- AB 12 allows wards and child welfare dependents turning age 18 in 2012 to remain in extended foster care (EFC). In 2013, these youth will be eligible to stay in care through age 20. The financial impact of this change has not yet been determined.

State revenue has been significantly changed by the 2011 state budget which realigned Foster Care and shifted funding responsibilities to the counties. Realignment 2011 funding will provide \$33.2 million in revenue. An additional \$4.8 million of local share is required and is comprised of \$3.9 million in Social Services Realignment and \$0.9 million of net county cost.

Refugee Cash Assistance is 100% federally funded and includes operating expenses of \$77,075 which provides payments to refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. Appropriation and departmental revenue are projected to increase by \$9,337 due to an increase in caseload and average grant payments resulting from the current economic condition.

Cash Assistance for Immigrants is 100% state funded and includes operating expenses of \$1.6 million which provides payments to legal immigrants who meet the SSI/SSP immigration status requirements. Appropriation and departmental revenue is projected to increase \$266,079 due to an increase in caseload and average grant payments resulting from the current economic condition.

CalWORKs – All Other Families includes operating expenses of \$249.8 million which provides assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent or zero-parent families. Because of continuing challenges in the local economy, caseload is projected to continue its slow increase throughout 2012-13. This caseload increase results in a \$9.5 million net increase in appropriation. Federal, state and 2011 Realignment funds account for \$243.6 million, or 97.5% of the revenue for this program, a \$9.6 million increase from the 2011-12 final budget.

Kinship Guardianship Assistance Program (Kin-GAP) includes operating expenses of \$6.4 million which provides subsidies to relative caregivers of children who leave the juvenile court dependency system to live with a relative legal guardian. Appropriation is projected to increase \$340,554 due to increasing placement costs. Net county cost will increase by \$511,074 due to decreasing State revenue in the prior year.

CalWORKs – 2 Parent Families includes operating expenses of \$40.9 million which provides assistance payments to all cases identified as having two parents in the home or in which the parents are excluded from or ineligible for CalWORKs. Because of continuing challenges in the local economy a 3.5% caseload increase is projected which equates to an increase in appropriation of \$2.4 million. Federal and state funds account for \$39.9 million, or 97.5% of the revenue for this program, a \$2.4 million increase from 2011-12 final budget.

PRESCHOOL SERVICES

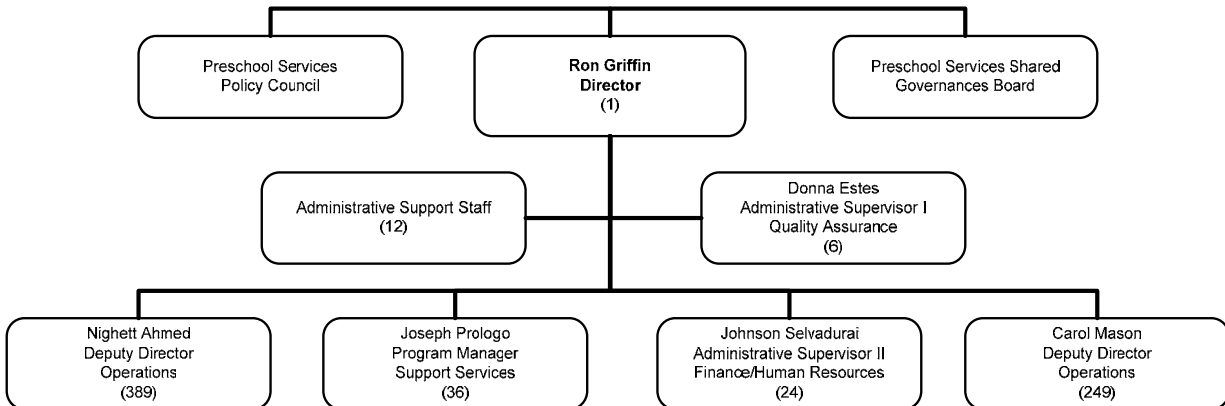

Ron Griffin

MISSION STATEMENT

Preschool Services improves the well-being of children, empower families and strengthen communities.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Developed a partnership between the Preschool Services Department (PSD) and the Department of Behavioral Health and implemented the Preschool Early Intervention programs to effectively address mental health issues and challenging behaviors that some preschool aged children display in the classroom.
- PSD successfully initiated an MOU to collaborate with the Department of Children and Family Services to provide Head Start and Early Head Start services to foster children which include infants, toddlers and pre-school aged children.
- PSD successfully passed its tri-annual Federal review which took place in March 2011 with an excellent rating that determined that Head Start and Early Head Start programs are in compliance with all applicable Head Start Program Performance Standards, laws, regulations and policy requirements.
- Opened the Nicholson Park Family Learning and Community Resource Center in collaboration with the City of San Bernardino in a very low income area of the city to provide residents with a variety of services and resources.
- Developed and implemented the Prenatal Early Head Start Program and the Nurse Visitation Program for pregnant women to facilitate better pregnancy outcomes.
- Opened a new facility in the Victorville area to provide full-day center based preschool services to 32 families. The Northgate center combines part-day Head Start and part-day State Preschool programs to provide seamless full-day services to low-income families that are working or attending training.
- PSD successfully passed its tri-annual state Child & Adult Care Food Program audit in January of 2012, receiving high marks for outstanding management of its food program for 41 Head Start and State Preschool sites.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: ACHIEVE SCHOOL READINESS OF ENROLLED CHILDREN TO ENSURE THEY ARE MAKING PROGRESS TOWARD POSITIVE OUTCOMES AS REQUIRED BY THE DESIRED RESULTS DEVELOPMENTAL PROFILE PRESCHOOL PROGRAM, WHICH WILL IMPROVE THE QUALITY OF LIFE FOR COUNTY CHILDREN AND THE FAMILIES INVOLVED IN THIS PROGRAM.

Objective: *Children will be assessed three times per year in accordance to Federal and State Regulations. Teachers will share child assessment information with parents and use this input to prepare home and classroom activities responsive to children's individual needs.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of children showing positive outcomes on the Desired Results Developmental Profile-Revised (DRPR-R)	100%	100%	99%	100%	99%

PSD will continue to use the Desired Results Developmental Profile Preschool (DRDP-PS) for measuring child outcomes to comply with the State Department of Education and to meet Federal mandates for measuring child outcomes. The results are expected to differ from year to year due to different groups of children that are tested each year and the different levels of development. One of the highest priorities of the Department is ensuring that children are prepared to be successful in school. Studies show that children who have attended a quality preschool are less likely to be placed in special education or be held back a grade. They also perform better on standardized math and reading tests, are more likely to graduate from high school, earn more money and continue on to higher education.

GOAL 2: INCREASE PARENT AND COMMUNITY SATISFACTION RATE TO ENHANCE THE WELL-BEING OF COUNTY FAMILIES INVOLVED IN THIS PROGRAM.

Objective: *The State Desired Results Parent Survey will be distributed to all families and results analyzed annually to determine parent satisfaction with identified areas of the program. The survey information will also be analyzed to assist PSD to respond to the needs of parents.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of responding parents satisfied with the overall quality of the program.	99%	98%	97%	99%	98%

The State's Desired Results Parent Survey is mandated annually by the California Department of Education and is an effective tool in measuring whether parents' needs and expectations are being met in the areas of school readiness and family support services. The Desired Results Parent Survey was distributed to all parents in the program in January 2011. The results for 3,412 surveys received were tabulated and analyzed in February 2011. Based on these results, 99% of the responding parents were satisfied with the overall quality of the program, 98% of the responding parents felt that their children were safe and content in the program and 95% of the responding parents felt that they were well informed of their children's development. The Department anticipates that the survey results for 2012 will yield a similar level of satisfaction.

PSD serves about 6,000 low income and disadvantaged families and children from birth to 5 years of age and pregnant women. PSD's priority population includes children in foster care, those who are homeless and children with special needs and/or disabilities. In addition, our programs offer comprehensive child development and family support services to all enrolled children and families which include: physical health, nutrition and mental health to strengthen the child's capacity to participate successfully in school.

In order to continue to support the accomplishment of program objectives, PSD is sub-divided into the following groups:

- Administration – This unit consists of the Director, secretarial support and Special Projects. In addition, this unit provides oversight for Organizational Development, Training and Technical Assistance and Parent Involvement.
- Finance/Human Resources – Provides oversight for fiscal, budget, reporting/auditing preparation, contracts, grant writing and human resources.
- Operations – Responsible for the overall operations of the Head Start sites to ensure that each child is provided with comprehensive child development services.
- Support Services – Provides oversight for the Health, Eligibility, Recruitment, Selection, Enrollment and Attendance, Nutrition, Mental Health, Home-Base, Disability Services. In addition, Program Support Services is also responsible for overseeing the department's facilities and providing family and community related support services.
- Quality Assurance – Provides ongoing Monitoring, Licensing/Transportation, Maintenance and Facilities issues for all sites and delegate agencies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses is increasing by \$3,129,238 over 2011-12 final budget primarily due to salary savings resulting in higher than anticipated vacant positions in 2011-12. Positions are reduced by 15 budgeted positions from the final budget, which is primarily due to the complete funding of remaining contract positions, incremental increases in program calendar days, and increases in salary and benefit costs for regular employees.

The adopted budget also reflects the acceptance of a grant award in the amount of \$1.65 million from the Children and Families Commission for San Bernardino County. The award affected the department's salary and benefit and operating expenses. A total of 26 contract positions are included in the adopted budget as the result of the late funding award.

Operating expenses are decreasing primarily due to a contract reduction in transportation for 2012-13.

Capital expenditures are decreasing primarily due to the completion of mortgage payments in 2011-12 for the Yucca Valley Head Start site.

Contingencies are increasing and reflect the actual fund balance for the fiscal year ending 2011-12.

State, federal or government aid revenue is increasing primarily due to supplemental funding from the Administration for Children and Families (ACF) to continue Head Start and Early Head Start programs and the Children and Families Commission for San Bernardino County. Other impacts include the reimbursement from the California Department of Health Care Services for Medi-Cal Administrative Activities (MAA).

Other revenue is decreasing primarily due to the decrease in service for and the elimination of the Save the Children contract with First 5 California.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures and revenue include the following:

- Staffing expenses of \$32,095,208 fund 717 budgeted positions.
- Operating expenses of \$18,243,676 include COWCAP, utility services, contract expenses, travel, lease costs and other operating costs.

Departmental revenue primarily represents the federal and state allocation to fund preschool operations.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, 41 positions were deleted due to workload, the elimination of the Save the Children contract, and the closure of the Copper Mountain and North Redlands Head Start school sites. However, due to funding from the Children and Families Commission for San Bernardino County, 26 positions were added resulting in a net decrease of 15 positions in 2012-13, totaling 717 budgeted positions.

MISSION STATEMENT

Veterans Affairs honor the commitment and sacrifice of our veterans, military and their families, and to promote awareness of their contributions and unique challenges, the Department identifies and obtains benefits and services through advocacy, outreach, and education, thereby contributing to the quality of life and well-being of our communities.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Provided services to 22,052 County residents representing a 38% increase in clients served over five years.
- Coordinated a Countywide holiday collection drive receiving more than \$13,000 in overseas calling cards, gift cards and cash donations for the families of deployed military personnel.
- Received the highest customer service rating of "Very Satisfied" from 95% of clients surveyed.
- Produced \$28.4 million in new federal benefits for County residents.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: EMPHASIZE HIGHER STANDARDS OF CUSTOMER SERVICE.**

Veterans Affairs

DESCRIPTION OF MAJOR SERVICES

According to the Secretary of the U.S. Department of Veterans Affairs (VA) approximately one out of every three people in the United States is a potential VA beneficiary. The Department of Veterans Affairs provides claims assistance, information and referral, advocacy, and outreach to County residents. These benefits include medical care, life insurance, home loans, pension benefits, disability compensation, education and vocational rehabilitation. County VA employees are often the initial contact with the VA system for veterans and recently discharged military personnel in our community.

Services to the veteran's community are concentrated in the following areas:

Claims Assistance – Provide benefits counseling, claim preparation and development of material evidence. Monitor adjudication and resolve issues or questions in favor of the veteran. Provide assistance with administrative and appellate review of claims.

Information and Referral – Make referrals to other County departments, homeless providers, emergency service providers and state and federal agencies.

Advocacy – Provide individual advocacy, advocacy at the policy and legislative levels, and provide state and federal elected officials with technical assistance regarding veterans' legislation.

Outreach – Conduct outreach to retirement homes, mortuaries, schools, military separation programs, and service organizations such as the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Elks, Rotary, etc., for the purpose of informing the community of veterans' benefits and services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses increased by \$96,534 primarily due to work week reductions in the 2011-12 budget that were not realized and retirement costs.

Operating expenses decreased by \$9,662 primarily due to a sharp drop in COWCAP charges as well as a drop in transfer costs to Information, Technology and Support Division (ITSD).

Departmental revenue is decreasing by \$45,437 primarily due to the Department earning a larger share of State Medi-Cal cost avoidance funds in 2011-12 over the anticipated revenue budgeted in 2012-13.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1,491,964 fund 18 budgeted positions.

Operating expenses of \$358,649 include normal operating costs for general office expenses, travel and training, transfer costs to other County departments, and data processing and custodial costs.

State and federal government aid revenue of \$451,000 consists of \$160,000 from state subvention; \$170,000 from California Medi-Cal cost avoidance; \$60,000 from the Mental Health Services Act; \$34,000 from the California veteran's license plate fund; and \$27,000 from the reimbursement of services provided at the Barstow Veterans Home.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing changes for 2012-13.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for this budget unit include the reduction of \$121,579 in reimbursements associated with reductions in funding from the Department of Behavioral Health (DBH). This includes the loss of one-time monies which funded enhancements to existing sober-living programs and reductions due to the shifting of service delivery responsibilities within the Drug Court program. As a result of shifting responsibilities and the loss of reimbursements, total appropriation has increased by \$33,918 and is offset with increased revenue. Expenditures which were once reimbursed by other County departments will now be funded through other funding mechanisms.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$601,518 include professional and specialized services, medical expenses, vehicle charges, general office expenses, and travel related to the operation of drug court programs. Also included is a transfer of \$157,283 to the Superior Court to fund two budgeted positions. Reimbursements of \$211,415 represent payments from other County departments, primarily DBH and Children and Family Services, to help pay for program activities. State and federal aid of \$390,103 reflects grant revenues anticipated for Drug Court activities.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Grand Jury

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Grand Jury is appointed annually by the Superior Court. Its responsibilities include investigating local government, examining instances of public office crime and corruption, and returning indictments in certain criminal cases brought before it by the District Attorney's Office. Funding in this budget unit covers members' stipends, office supplies, administrative staff, and other support costs. This unit funds one Grand Jury Assistant position budgeted within the Superior Court.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$7,980 primarily due to increased costs associated with central services (\$1,699) and Countywide Cost Allocation Plan (COWCAP) (\$6,091).

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Major expenditures include a transfer to cover staffing expenses of \$110,000 to the Superior Court to fund a Grand Jury Assistant position and juror fees in the amount of \$213,177.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

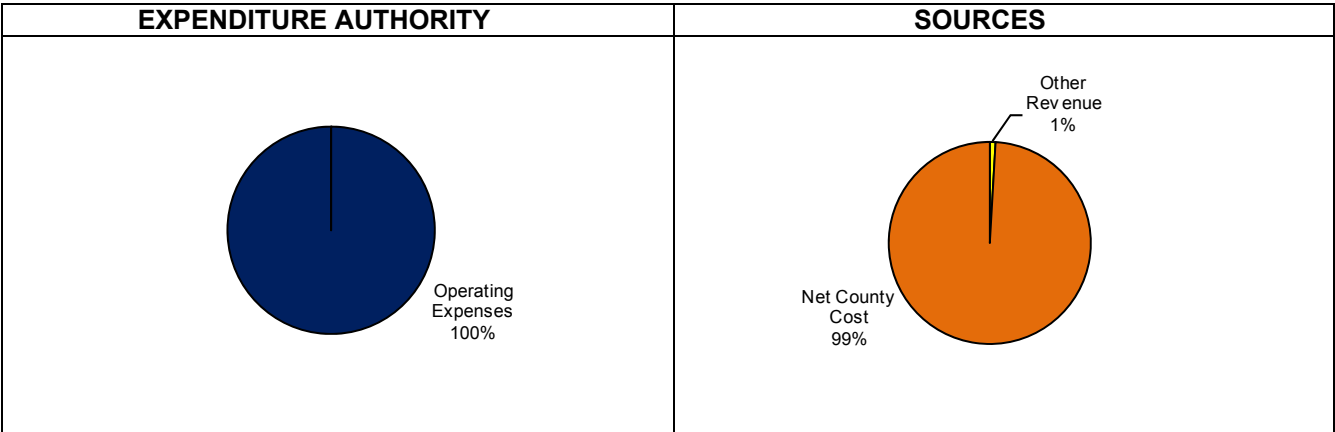

Indigent Defense Program

DESCRIPTION OF MAJOR SERVICES

The Indigent Defense Program pays for court-appointed adult indigent criminal and juvenile delinquency legal representation for clients the Public Defender is unable to represent, and for court-appointed legal representation for civil, conservatorship, guardianship, probate, and family law other than Family Code §3150 minor's counsel. A portion of this budget is also set aside for investigator and expert expenditures for the Public Defender Homicide Defense Unit. The program administers attorney service and alternate dispute resolution contracts, monitors appointed caseloads and expenditures, and reports to the County Administrative Office. This unit funds half of two Indigent Defense positions budgeted within the Superior Court.

BUDGET CHANGES AND OPERATIONAL IMPACT

This budget unit is now responsible for civil, conservatorship, guardianship, probate, and family law other than Family Code §3150 minor's counsel that has not previously been included in the Indigent Defense Program budget. The 2011-12 budget was modified to account for these expenses without any prior history to accurately estimate actual fees. The 2012-13 Adopted Budget has been built on projections using actual figures from the second half of 2011-12 resulting in a decrease of \$531,940 from the 2011-12 final budget.

Departmental revenue is reduced by \$40,300 due to less anticipated receipt of client payments for appointed juvenile delinquency representation.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$9,802,555 represents contracted and *ad hoc* (non-contracted) court-appointed legal representation services for adult indigent criminal and juvenile delinquency legal representation.

The portion of the budget set aside for investigator and expert expenditures for the Public Defender Homicide Defense Unit is \$150,000, reflecting the division's projected caseload.

Fee/rate revenue of \$90,000 reflects the receipt of client payments for appointed juvenile delinquency representation.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Court Facilities/Judicial Benefits

DESCRIPTION OF MAJOR SERVICES

This budget unit annually appropriates an amount that the County provides in supplemental benefits for Superior Court judges appointed before January 1, 2008. These benefits include automobile, security and education allowances. This budget unit also continues to appropriate funds for property insurance costs not covered by an agreement with the Administrative Office of the Courts, as well as security services at the Fontana Court.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses is decreasing by \$57,440 in 2012-13 due to a reduction in the number of judges receiving County paid benefits compared to the prior year.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$1,230,902 include \$1,059,480 for payment of judicial benefits for 54 judges who were appointed prior to January 1, 2008. According to the County's agreement with the Superior Court, new judges authorized and appointed after this date do not receive these benefits. The annual amount per judge is approximately \$19,620. The remaining budgeted amount of \$171,422 represents property insurance costs and transfers to the Sheriff/Coroner/Public Administrator for security services at the Fontana Court.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

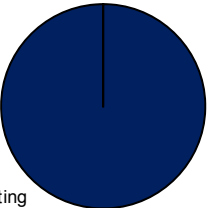

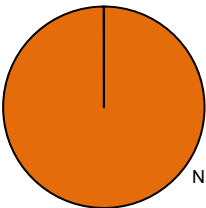

Court Facilities Payments

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California. The County must pay the state the amount that the County historically expended for the operation and maintenance of each court facility. This budget unit was established in 2006-07 to budget and track these payments. There are twenty-seven facilities and the final facility was transferred in 2009.

Trial Court Funding – Maintenance of Effort (MOE)

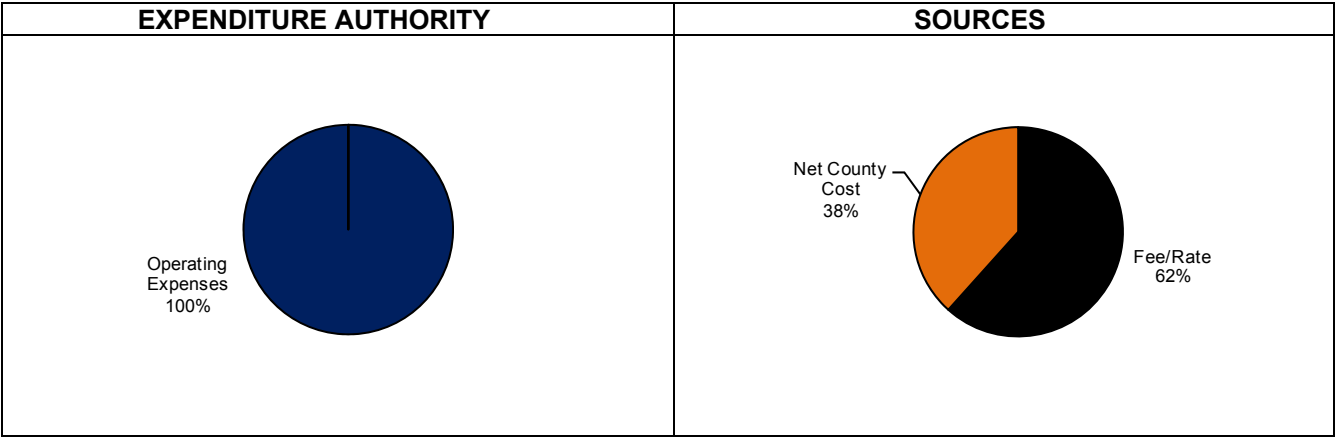

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. In return, the state allowed the counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceed the amount of the revenue MOE be shared equally between the state and the County.

Budget at a Glance	
Total Expenditure Authority	\$26,397,865
Total Sources	\$16,269,848
Net County Cost	\$10,128,017
Total Staff	0
Funded by Net County Cost	38%

The County’s historical MOE contribution of \$28,390,295 was made up of two components. The expenditure component of \$20,227,102 represented the adjusted 1994-95 County expenses for court operations and the revenue component of \$8,163,193 was based on the fine and forfeiture revenue sent to the state in 1994-95. In 2006-07 the revenue component changed to \$3,325,704 due to legislation. Therefore, the County’s current MOE contribution is \$23,552,806.

Courthouse Seismic Surcharge

DESCRIPTION OF MAJOR SERVICES

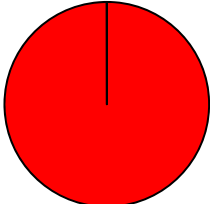

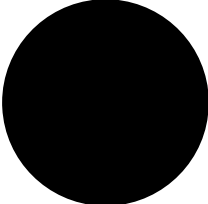

Funding for this budget unit comes from a \$35 surcharge on civil filings as authorized by Government Code Section 70624. Surcharge revenues were used for the Central Courthouse seismic retrofit/remodel project, which was completed in January 2011. These revenues are also being used to make contributions to the state for the new courthouse in downtown San Bernardino.

Budget at a Glance

Total Expenditure Authority	\$2,801,078

In June 2007 the County privately placed \$18.4 million of revenue bonds for courthouse improvements. These bonds mature on June 1, 2037 and are payable solely from revenues generated by a \$35 civil filing fee surcharge and related interest earnings. They are not an obligation of the County. The purchasers of the bonds have assumed the risk that surcharge revenues may someday not be sufficient to make principal and interest payments. All pledged revenues are remitted monthly to a trustee acting on behalf of the owners of the bonds.

Alternate Dispute Resolution

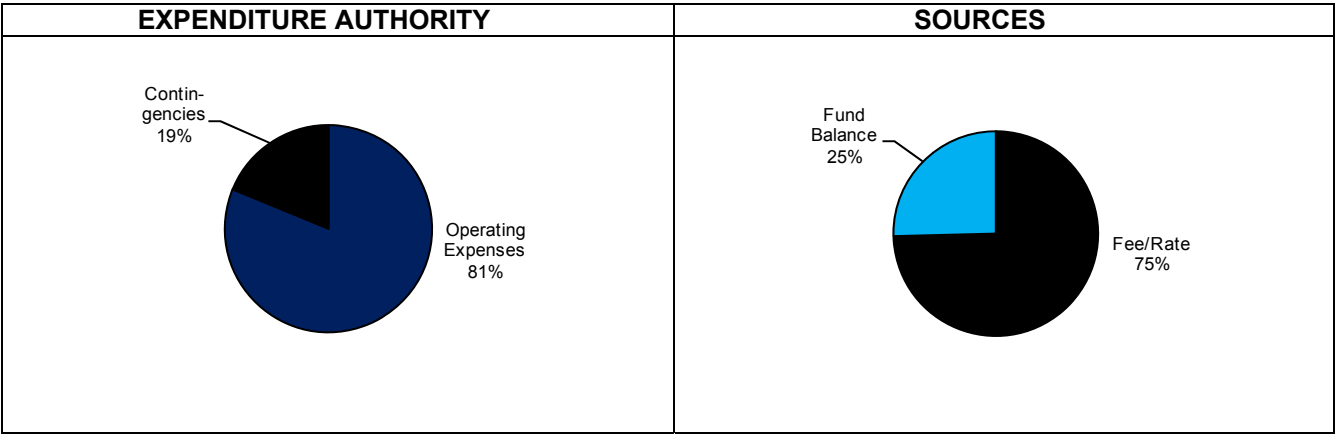

DESCRIPTION OF MAJOR SERVICES

The Dispute Resolution Programs Act of 1986 authorizes the establishment and use of local dispute resolution services as an alternative to formal court proceedings. The County presently receives \$8 per civil filing which funds contract mediation services for small claims and landlord-tenant actions, and certain civil and family law matters. In accordance with the County’s annual agreement with the Superior Court, the court administers these contracts and pays the County contractors directly from this budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses are expected to decrease by \$55,000 primarily due to the re-procurement of the mediation services contracts funded by this unit.

Civil filing fees are anticipated to decrease by approximately \$98,100. New contracts for alternate dispute services have been initiated and operating expenses are currently on target with projected fee collection.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$545,000 represent costs related to contracts for mediation services based on six months of expenses at the current contract rate and six months of expenses at a reduced contract rate.

Contingencies of \$126,007 are being set aside for future allocation as approved by the Board of Supervisors.

Fee/rate revenue of \$500,000 is anticipated from the collection of civil filing fees.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

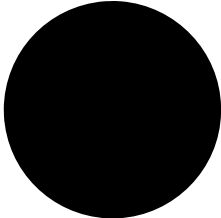

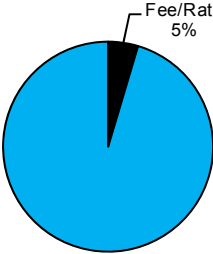

Registration Fees

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for the “registration fee” that is collected from indigent defendants under Penal Code § 987.5 at the time appointed defense counsel is assigned. Effective July 1, 2010, the fee was increased from \$25 to a maximum of \$50 in accordance with California Senate Bill 676. The revenues from this fee are distributed at the discretion of the Board of Supervisors pursuant to Penal Code § 987.5 (e).

DISTRICT ATTORNEY Michael A. Ramos

MISSION STATEMENT

The San Bernardino County District Attorney's Office represents the interests of the people in the criminal justice system, as mandated by California State law. The San Bernardino County District Attorney's Office serves the residents of San Bernardino County by: seeking the truth; protecting the innocent; holding the guilty accountable; preserving the dignity of victims and their families; and ensuring that justice is done while always maintaining the highest ethical standards.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- The Department continues to be a state leader in gang prosecution.
- Restitution ordered for victims of crime in the amount of \$2.1 million.
- The Department's per capita prison commitment rate continues to be the highest in the state.
- Creation of GRIP – Gang Reduction Intervention Program. This program is a partnership with Rialto Police Department and the Rialto School District to educate grade school students on the dangers of gangs.
- Continuation of the Parent Project with San Bernardino City Schools. The Parent Project utilizes an evidence-based curriculum to provide parents with the skills to raise their children. The Parent Project has shown to be effective in dramatically reducing calls for service by police when parents complete the course.
- Formation of ACT – Animal Cruelty Task Force, a multi-disciplinary collaboration designed to promote community awareness, education, investigation and prosecution of animal fighting and abuse in the County.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PROMOTE PUBLIC SAFETY BY PUNISHING CRIMINAL CONDUCT.**

Objective: Continue to promptly, effectively and ethically prosecute criminal offenses.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of prison sentences to felony defendants charged.	33%	34%	36%	39%	32%

The District Attorney's Office continues to promote public safety by holding offenders accountable for their actions and seeking appropriate punishment for the offense. Prison sentences, where appropriate, bring justice to victims of crime and remove the most serious offenders from our communities. San Bernardino County's per capita prison commitment rate is the highest in the state.

The Department anticipates the percentage of prison commitments will be less in 2012-13. With implementation of Public Safety Realignment (AB109) by the State of California, a greater emphasis is now made on placing convicted criminals into alternative programs rather than incarceration. The hope, according to proponents of this realignment, is to reduce prison population.

GOAL 2: ASSIST VICTIMS AND THEIR FAMILIES TO OVERCOME THE EFFECTS OF CRIME.

Objective: Minimize the impact of crime upon the lives of victims and provide assistance as they participate in the criminal justice system.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Increase of cases where victim services are provided.	(9%)	(23%)	3%	0%	4%

The personal contact with a trained Victim Advocate is the best reassurance the Department can provide for traumatized victims as they find their way through an often-confusing justice system. Advocates provide emotional support and information regarding services and restitution to crime victims. It is the objective of the District Attorney's Office to provide that personal contact in as many cases as possible and to increase that level of contact in succeeding years.

Although the actual performance measurement for 2011-12 reflects no increase from prior year, the target for 2012-13 demonstrates the Department's continued strong commitment to serve victims of crime and is increased with additional staff now being funded through AB109. Services provided include the continuance of Camp Good Grief. This successful program is a joint effort between the Department's Victim Services Division and Loma Linda University Children's Hospital.

Criminal Prosecution

DESCRIPTION OF MAJOR SERVICES

The District Attorney is the public prosecutor and has the mandated responsibility to prosecute crimes committed within the County of San Bernardino, including all city jurisdictions, pursuant to Government Code 26500. Additionally the District Attorney's Office: provides legal assistance for criminal investigations conducted by law enforcement agencies throughout the County; is the legal advisor to the Grand Jury and is authorized to submit evidence and seek indictments from that body; initiates civil commitment petitions to keep Mentally Disordered Offenders and Sexually Violent Predators in locked facilities; employs civil proceedings in asset forfeiture matters to seek the proceeds of criminal activity; and utilizes civil proceedings to seek sanctions and injunctive relief against businesses that pollute or create dangerous conditions for employees and citizens.

Budget at a Glance

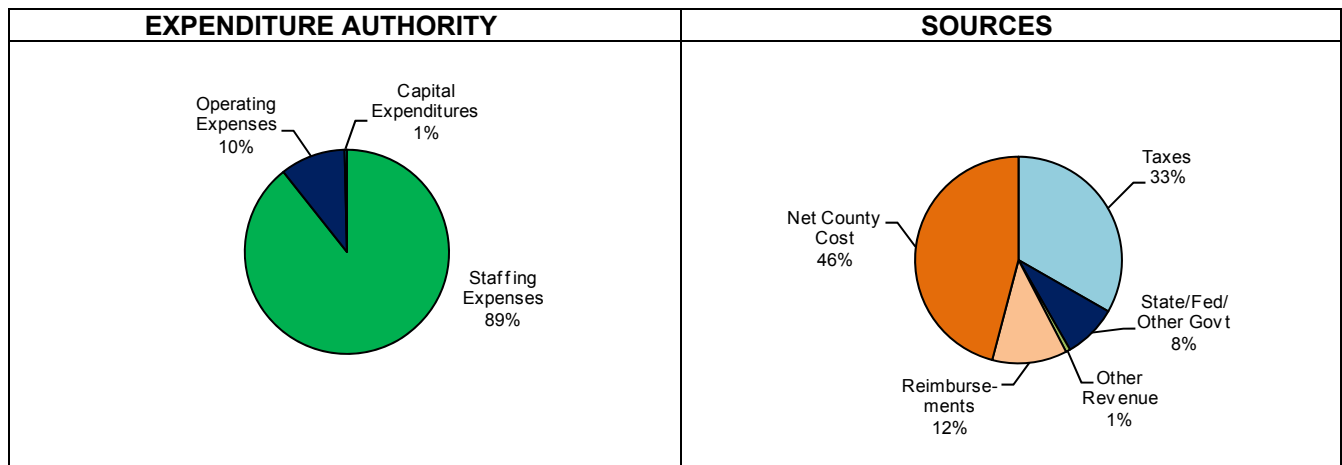

Total Expenditure Authority	\$71,330,192
Total Sources	\$38,583,948
Net County Cost	\$32,746,244
Total Staff	476
Funded by Net County Cost	46%

The District Attorney also has a duty to investigate crimes. District Attorney Investigators work to prepare cases for trial and initiate special criminal investigations. The Office also administers several state grants and other state revenues that fund prosecutors and investigators who handle Real Estate Fraud, Auto Insurance Fraud, Workers' Compensation Fraud, and other special areas of prosecution.

The District Attorney has an ethical and legal responsibility to the victims of crime. The Office seeks restitution for victims and provides emotional and financial support for victims and their families.

Finally, as the public prosecutor who handles all cases in the name of The People, the District Attorney has a responsibility to keep the citizens of this county informed through regular interaction with the media and the public.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$2.1 million primarily due to increases in retirement costs and the addition of 3 new positions. However, the District Attorney's Office is projecting to offset this amount through an additional \$1.5 million of Prop 172 revenue based on the most current sales tax estimates provided by the County Administrative Office and the addition of \$0.6 million of AB 109 funding as part of the state's public safety realignment which is partially offset by reduction in other state funding.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The majority of expenditures for the District Attorney's Office are for staffing and other operating costs necessary to achieve the Department's core responsibility of prosecuting crimes. These expenditures are funded primarily through a \$32.7 million allocation of discretionary general funding (net county cost) and \$23.7 million of Prop 172 revenues required by law to be used for public safety activities. Other large financing sources include reimbursements of \$8.3 million mostly from the Department's special revenue funds, \$2.0 million of AB 109 funding, \$1.3 million of SB90 reimbursements, and \$2.7 million from various state/federal grants.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department's 2012-13 budgeted staffing is increased by 3 positions as follows:

- 1 Deputy District Attorney for the Let's End Truancy (LET) Program funded through AB1913.
- 2 Victim Advocate positions to help provide crime victims with access to comprehensive and quality service. These positions are funded through AB109.

The 2012-13 budget also reflects the following three reclassifications:

- Office Assistant II to Office Assistant III
- Office Assistant III to Office Assistant IV
- Investigative Technician II to District Attorney Senior Investigator

DESCRIPTION OF MAJOR SERVICES

Real Estate Fraud Prosecution accounts for activity related to the investigation and prosecution of real estate fraud crimes in the County. On January 23, 1996, the Board of Supervisors (Board) adopted Resolution 96-14 to allow the County to collect, pursuant to Government Code 27388, a \$2 fee upon recording documents. On December 9, 2008, the Board adopted Resolution 2008-311 authorizing an increase of this fee from \$2.00 to \$3.00. This fee is used to fund costs of the District Attorney's Real Estate Fraud Prosecution Unit. Revenue is transferred to the District Attorney's Criminal Prosecution budget unit to primarily offset the cost of staff assigned to real estate fraud prosecution.

Auto Insurance Fraud Prosecution accounts for activity related to the investigation and prosecution of automobile insurance fraud. Insurance fraud is a particular problem for automobile policyholders. It contributes substantially to the highest cost of automobile insurance with particular significance in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums. Under direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by Section 18971 of the California Insurance Code, to the District Attorney's Office for automobile insurance fraud. Revenue is transferred to the District Attorney's Criminal Prosecution budget unit to primarily offset the cost of staff assigned to auto insurance fraud prosecution.

Workers' Compensation Insurance Fraud Prosecution accounts for activity related to the investigation and prosecution of workers' compensation insurance fraud. The Department of Insurance, pursuant to Section 1871.83 of the California Insurance code, distributes funds to the District Attorney's Office for this purpose. These assessed funds represent a percentage of the total premiums collected by workers' compensation insurance companies and are distributed to investigate and prosecute workers' compensation fraud claims or claims relating to the willful failure to secure the payment of workers' compensation. Of all money collected by the state, 56% is retained by the state for fraud investigation and 44% is distributed statewide to District Attorney Offices through a grant program. These funds are administered through this budget unit. The insurance grant revenue is transferred to the District Attorney's Criminal Prosecution budget unit primarily to offset the cost of staff assigned to the Workers' Compensation Insurance Fraud Prosecution Unit.

Specialized Prosecutions was established in 1990-91 with funding from various fines and forfeitures for the District Attorney's Office to prosecute crimes such as hazardous waste dumping, consumer fraud and violations of Cal/OSHA laws. Revenue is transferred to the District Attorney's Criminal Prosecution budget unit to primarily offset the cost of staff associated with the Specialized Prosecution.

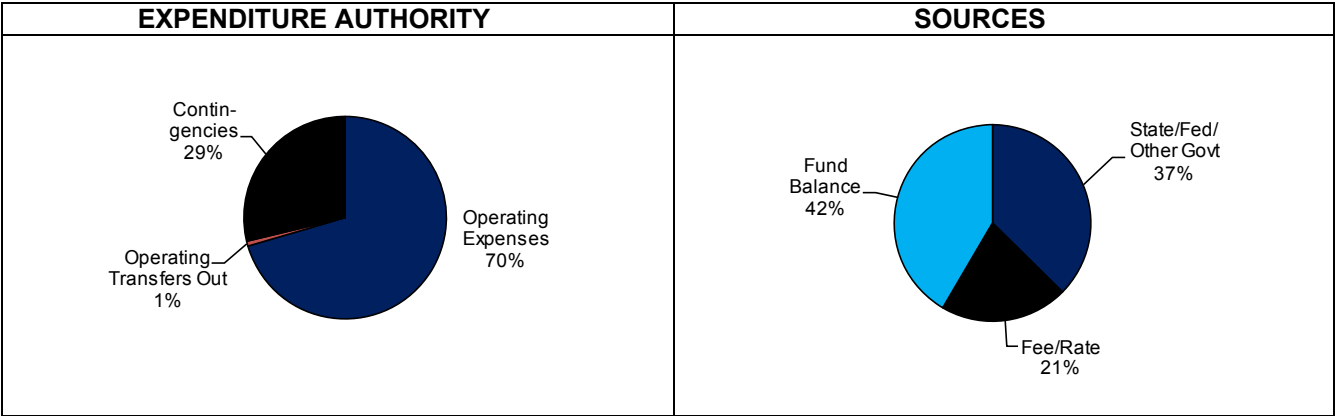

Vehicle Fees – Auto Theft accounts for the receipt of assessments on vehicles registered in San Bernardino County. In May of 1995, the Board adopted a resolution, pursuant to Vehicle Code 9250.14, to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration. The revenue from this fee is used to enhance the capacity of local law enforcement and prosecutors to deter, investigate and prosecute vehicle theft crimes. This budget unit receives the District Attorney's share of the registration assessment on vehicles registered in San Bernardino County. Revenue is transferred to the District Attorney's Criminal Prosecution budget unit to primarily offset the costs of prosecuting and investigating automobile theft crimes.

State Asset Forfeitures accounts for receipt of the District Attorney’s share of state asset forfeiture funds. The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizures and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from the criminal while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeiture to offset public safety expenses. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities. There is no staffing associated with this budget unit. Revenue is transferred to the District Attorney’s Criminal Prosecution budget unit to help offset the costs of processing asset forfeiture cases.

Federal Asset Forfeitures accounts for the share of federal asset forfeitures processed by the District Attorney’s Office. In 1984, Congress enacted the comprehensive Crime Control Act that gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund. The proceeds from the sale of forfeited assets such as real property, vehicles, business, financial instruments, vessels, aircraft and jewelry are deposited into this fund and are subsequently used to further law enforcement initiatives. Under the Equitable Sharing Program, proceeds from sales are often shared with the state and local enforcement agencies that participated in the investigation, which led to the seizure of the assets. This important program enhances law enforcement cooperation between state/local agencies and federal agencies. The U.S. Department of Justice sets forth the terms by which law enforcement may use these funds. These funds are transferred to the District Attorney’s Criminal Prosecution budget unit to assist with the Asset Forfeitures Unit’s operating expenses and other public safety expenses according to the guidelines set forth by the U.S. Department of Justice.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is decreasing by \$761,174 primarily due to less financing available for real estate fraud prosecution, specialized prosecutions, and the Asset Forfeiture Unit. Departmental revenue is decreasing by \$809,992 primarily because of a one-time operating transfer received from the County general fund in 2011-12 to augment the Department's ability to reduce the backlog of real estate fraud cases.

LAW AND JUSTICE GROUP ADMINISTRATION

Phyllis K. Morris

MISSION STATEMENT

The Law and Justice Group Executive Committee enhances the quality of life, provides for the safety of all citizens, and promotes the principles of justice within San Bernardino County by coordinating resources and services including justice facilities and information management.

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Secured 2011 Justice Assistance Grant funding of approximately \$834,114 on behalf of the County and 17 cities.
- Secured Juvenile Accountability Block Grant funding of \$183,164 for fiscal year for continuance of the Public Defender's Early Intervention program, and the creation of the District Attorney's Parent Project.
- Purchased various equipment for law and justice agencies including the Sheriff/Coroner/Public Administrator, Probation Department, District Attorney, Public Defender and Superior Court.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: REDUCE LENGTH OF TIME REQUIRED TO MOVE CASES THROUGH THE CRIMINAL JUSTICE SYSTEM.***Objective: Increase the number of cases that are electronically filed.*

Percentage of cases filed electronically.	59%	60%	98%	96%	95%

The Law and Justice Group's e-Filing custom software program involves the electronic transmittal of court data between the Superior Court and District Attorney case management systems. During 2009-10, this project was expanded to include the integration of the collaborative imaging project known as Storage Technology Optical Records Management (STORM). STORM improved the business practices and electronic information sharing between the Sheriff/Coroner/Public Administrator, District Attorney and Superior Court.

The current phase of the STORM project includes implementation of the Presynct forms package within the Sheriff/Coroner/Public Administrator's Department that provides for the electronic transmittal of police reports and supporting documents. Presynct transforms existing paper report forms into a web-based version, allowing deputies, clerks, and supervisors to enter data in a familiar format and have it stored electronically. Presynct integrates with STORM, thus allowing the Sheriff/Coroner/Public Administrator's Department to electronically submit District Attorney filings. This saves both time and money, allowing county agencies to go green as well. The report writing phase of Presynct is complete. Presynct was enhanced with a classification function that will allow a station court liaison to organize a case prior to electronically sending it to STORM. In addition, it is anticipated that in future years the Public Defender, Probation Department, and external law enforcement agencies will be brought online into STORM.

GOAL 2: PARTICIPATE WITH LAW AND JUSTICE AGENCIES TO FACILITATE ADDITIONAL GRANT FUNDING.*Objective: Identify new grant opportunities.*

In 2011-12, the Board of Supervisors (Board) accepted the 2011 Justice Assistance Grant (\$834,114), the 2011 Correction Standards Authority Juvenile Accountability Block Grant (\$183,164), and the 2011 Bulletproof Vest Partnership Grant (\$6,471) resulting in new grant revenue of \$1,023,749. Through the efforts of the Administrative Analyst for the Law and Justice Group, the department will continue to find new grant opportunities at both the federal and state level to augment funding for the various law and justice agencies.

- Public Defender's Equipment Upgrades to Audio Visual Room (\$21,054)
- Probation's GPS Tracking and Polygraph Testing (\$10,770).

Contingencies of \$3,345,936 represent the amount available for future projects as identified by the Law and Justice Group and approved by the Board of Supervisors.

Departmental revenue of \$350,000 includes projected reimbursement claims from the federal government.

PROBATION

MISSION STATEMENT

The Probation Department is dedicated to protecting the community through assessment, treatment and control of adult and juvenile offenders by providing a range of effective services based on legal requirements and recognized professional standards.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- AB 109 (Public Safety Realignment) was implemented on October 1, 2011, shifting supervision responsibility of adult offenders from the state to counties. The Probation Department developed and implemented a comprehensive plan that incorporates partnerships with county agencies, community based organizations, and other law enforcement agencies. Evidence-based programming and treatment components are provided regionally at Day Reporting Centers, including mental health, community transition, workforce development skills, anger management and a myriad of other services.
- In June 2011, the Probation Department received the distinguished accolade of achieving accreditation from the National Commission for Correctional Healthcare. This national accreditation was achieved through a collaborative effort between the Department of Behavioral Health and Probation. San Bernardino County Probation Department is the first in the state to receive this accreditation for all County juvenile detention facilities and treatment facilities.
- The new Central Valley Juvenile Detention and Assessment Center was completed and occupied with a full transition of all services for minors, allowing the previous 50+ year old facility to be retired from service.
- Placement staff has taken the lead on interpreting and implementing the California Fostering Connections to Success Act (AB 12), which provides extended foster care benefits to probation youth. The Probation Department has received praise for being a leader in understanding/implementing this legislation, putting a structure in place to address this new caseload, and continuing to raise questions that assist with statutory revision/cleanup.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: HELP TO ENSURE PUBLIC SAFETY.

Objective A: Supervise adult supervision cases at an appropriate level in order to reduce recidivism.

Objective B: Supervise juvenile supervision cases at an appropriate level in order to reduce recidivism.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Percent of adult supervision cases recidivating. (27,644 total adult supervision cases in 2010-11)	2.8%	2.7%	2.7%	3.5%	3.1%
1B. Percent of juvenile supervision cases recidivating. (6,589 total juvenile supervision cases in 2010-11)	8.9%	9.0%	8.9%	8.0%	8.0%

The primary goal of San Bernardino County Probation is to protect the community through assessment, treatment and control methods designed to prevent probationers from committing new criminal acts. Measuring recidivism is the best indicator of overall success for the Department's efforts.

The 2011-12 target was based on projected reductions to adult supervision staff due to an anticipated decrease in state funding. However, funding was restored as part of AB 109 that transferred funding and supervision responsibility for certain offenders to the counties. The actual measurements for 2011-12 are indicative of the AB 109 impact. The Department is managing the supervision requirement of this legislation, but full implementation will take several more months. The Department is completing the hiring process for additional officers to meet the AB 109 mandate, with plans to get fully operational during 2012-13. AB 109 will likely require an adjustment to the adult measurement results that cannot be determined at this time.

For purposes of collecting recidivism information for the adult population, the Probation Department can currently report on only those convictions that occur in San Bernardino County.

GOAL 2: ENSURE TREATMENT AND SUPERVISION LEVELS ARE BASED ON CRIMINOGENIC RISK FACTORS.

Objective A: Assess new adult offenders to determine expected risk of recidivating and criminogenic risk factors.

Objective B: Assess new juvenile offenders to determine expected risk of recidivating and criminogenic risk factors.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
2A: % of new adult supervision cases assessed with risk assessment within 60 days.	87.2%	90.1%	87.0%	85.9%	87.0%
2B: % of new juvenile supervision cases assessed with risk assessment within 60 days.	93.9%	91.2%	91.0%	94.4%	95.0%

A major component of ensuring public safety is to use validated assessment tools to ensure proper supervision levels and caseload assignments, and to use the results as a guide for providing evidence-based treatment options. The use of these tools results in resource optimization and allows the probation officer to more effectively address specific needs of each offender to reduce the likelihood of recidivism.

As with Goal 1, the measurements for 2011-12 are indicative of the AB 109 impact. Since this legislation continues to be implemented, there is likely to be an adjustment to the adult measurement results that cannot be determined at this time.

Administration, Corrections and Detention

DESCRIPTION OF MAJOR SERVICES

Probation executive management is responsible for the overall leadership by focusing on management integrity, relying on recognized professional practices, and developing innovative programs to meet the changing needs of the population.

The Community Corrections Bureau (CCB) is responsible for adult and juvenile supervision, investigation reports for the courts, and case management services. CCB focuses on providing appropriate evidence-based treatment and supervision services as determined through validated assessment tools. Supervision services focus on criminogenic risk factors, and offer a variety of supervision levels including specialized services for sex and domestic violence offenders, gang members, mental health caseloads, and as of October 1, 2011 the Department has taken responsibility for those offenders previously supervised on State Parole caseloads that were shifted to County responsibility per AB 109 (Public Safety Realignment). In response to Public Safety Realignment, the Department will operate three Day Reporting Centers (DRC) in each of the County's geographic regions for the adult population. The DRCs will offer a variety of options from supervision and mental health services to workforce development programs all designed to prevent recidivism and direct the offender to a self-sufficient and productive lifestyle.

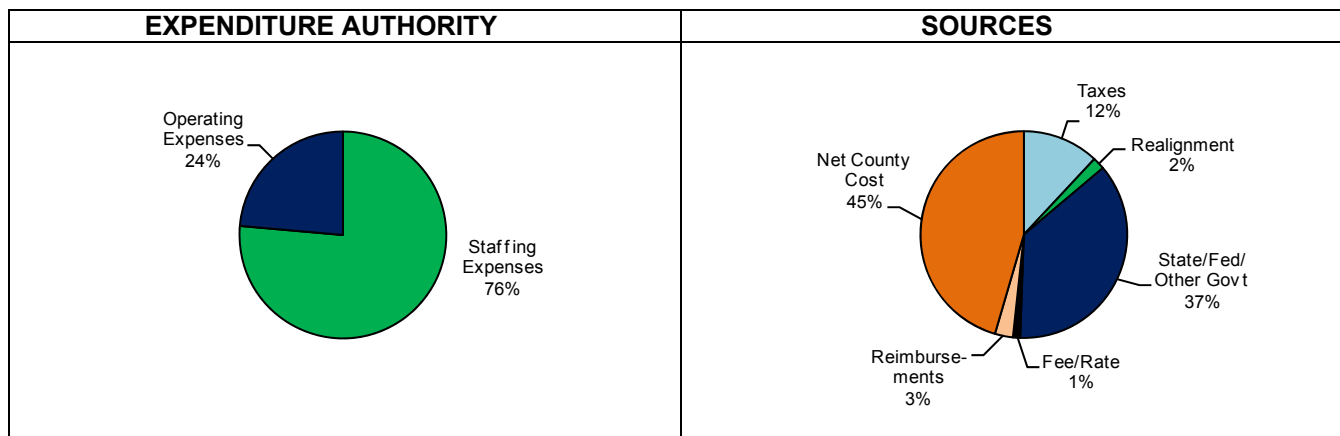

The Detention Corrections Bureau (DCB) operates the County's Juvenile Detention and Assessment Centers (JDAC) and treatment programs in secured environments for legally detained and court-ordered minors. The centers provide risk assessments, medical, educational and programmatic needs of the minors. The JDACs had a combined average daily population of 370 minors in 2011.

The Administrative Services Bureau (ASB) provides all organizational and specialty support functions to include fiscal, personnel/payroll, purchasing, accounts payable, information systems, research/analytical support, courier/file management, and the Professional Standards unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$20.5 million primarily due to 2012-13 being the first full year of implementing AB109 (Public Safety Realignment). Additional costs include staffing, operation of day reporting centers, contracts with community based organizations, and transitional housing needed to supervise and rehabilitate "low level" adult offenders transferred to the County from state parole caseloads. These costs are offset by AB109 funds received from the state. The 2012-13 budget also reflects a \$1.1 million increase in taxes for Prop 172 revenue based on most recent estimates provided by the County Administrative Office.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The majority of expenditures for the Probation Department consist of providing supervision and case management services for adult and juvenile offenders, including operation of day reporting centers and other costs intended to reducing recidivism. The Department also operates two detention and assessment centers and one placement facility for detained juveniles, as well as provides the San Bernardino Superior and Juvenile Courts with sentencing reports, legal recommendations, evaluations, and victim services. Financing sources for the Department are primarily comprised of AB 109 funds (\$26.3 million), Prop 172 revenues (\$17.0 million), Youthful Offender Block Grant (\$8.8 million), federal Title IV monies (\$8.0 million), Juvenile Probation Funding from the state (\$5.3 million), reimbursements from other departments/budget units (\$4.0 million), and realignment funding (\$2.7 million).

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department is adding 12 new Office Assistant III positions to help fulfill the clerical work demands associated with implementing the public safety realignment. The cost of these positions is being offset by AB109 funds. Also, an extra-help Correctional Nurse-Per Diem position is being added to assist with the health needs of juveniles at the JDACs. Partially offsetting these additions is the deletion of 8 extra-help/recurrent Probation Corrections Officer positions that have been vacant for more than one year.

The 2012-13 budget also includes the reclassification of a Fiscal Specialist position to an Accountant III.

DESCRIPTION OF MAJOR SERVICES

Juveniles are committed to the state's Division of Juvenile Justice (formerly known as the California Youth Authority) or group homes to facilitate their rehabilitation in an attempt to offer intervention programs that will lead to their future safety and productivity. The County is required to pay costs of support for those minors not eligible for state or federal reimbursement programs. Appropriation is managed in this independent budget to identify expenditures and separate ongoing operational costs.

The state has approved a realignment proposal for juvenile offenders. However, implementation is contingent upon the state determining a stable and constitutionally protected funding source which has yet to be identified. The realignment has the potential of significantly affecting this budget unit negatively, but there is not enough information presently to determine its impacts on the department.

BUDGET CHANGES AND OPERATIONAL IMPACT

Additional appropriation of \$1,105,058 is due to a projected increase in the cost of juveniles committed to the Division of Juvenile Justice (DJJ).

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$1,529,775 include \$1,363,834 for commitments of minors to the DJJ and foster care placements, \$165,000 for mandated travel costs by probation officers and associates, and \$941 for COWCAP charges.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Juvenile Justice Grant Program

DESCRIPTION OF MAJOR SERVICES

The Juvenile Justice Crime Prevention Act (JJCPA) allocates state resources annually to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This plan identifies and addresses the public safety gaps in services for juvenile offenders and their families throughout San Bernardino County.

This general fund budget unit was established to receive state funding, through the Department's JJCPA Special Revenue Fund, for payment of program expenses and staffing costs when incurred to avoid cash flow issues. Current programs financed by this funding source include Day Reporting Centers, School Probation Officers, and a variety of other programs each designed to effectively meet the diverse needs of youth.

The Juvenile Justice Grant Program had historically been funded with Vehicle License Fee (VLF) revenues, but in 2011-12 its source of funding became the Public Safety Realignment (AB109).

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing by \$641,377 primarily to account for the full year cost of positions added mid-year in 2011-12. Operating expenses are increasing by \$672,531 for additional costs related to counseling services, operation of Day Reporting Centers, and Global Positioning System (GPS) monitoring. These increases are being fully offset by additional reimbursements from the department's JJCPA Special Revenue Fund.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The majority of expenditures for this budget unit include the cost of operating Day Reporting Centers (DRCs) and providing School Probation Officers. There are currently three DRCs for juveniles in San Bernardino County that provide prevention and intervention service classes in drug/alcohol, truancy, and anger management for troubled youth, as well as parenting classes for adults. School Probation Officers are assigned to local high schools and middle schools to reduce delinquency and improve attendance. Other significant expenditures include transfers to the District Attorney for the Let's End Truancy (LET) Program and to Probation's Corrections and Detention budget unit for the House Arrest Program. All expenditures are funded by state revenues allocated for the Juvenile Justice Grant Program and received via reimbursements from the JJCPA Special Revenue Fund.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing changes for 2012-13.

DESCRIPTION OF MAJOR SERVICES

Juvenile Justice Crime Prevention Act (JJCPA) accounts for the annual allocation of resources from the state to fund programs that address juvenile crime prevention and focus on public safety. The Juvenile Justice Coordinating Council, mandated to oversee local programming, consists of a variety of county and community leaders that develop and recommend the Comprehensive Multi-Agency Juvenile Justice Plan. This plan identifies and addresses the public safety gaps in services for juvenile offenders and their families throughout San Bernardino County. Staffing is budgeted in the Juvenile Justice Program Grant general fund budget unit and reimbursed by this budget unit.

SB 678 – Criminal Recidivism allocates state funding resources to oversee programs for the purposes of reducing parolee recidivism. The funding is intended to improve evidence-based probation supervision practices and enhance public safety outcomes among adult felons who are on probation. Improving felony probation performance, measured by a reduction in felony probationers who are sent to prison because they were revoked on probation or convicted of another crime while on probation, will reduce the number of new admissions to state prison. Staff is budgeted in the Probation general fund budget unit and reimbursed by this budget unit.

AB 1628 – Juvenile Reentry Program allocates state funding resources to gradually assume responsibility for supervision of juveniles released from the state's Division of Juvenile Justice (DJJ). This shift of parole supervision to the counties gives local officials more responsibility for the rehabilitation of youth in their communities. This legislation authorizes counties to establish a Juvenile Reentry Fund that would accept state money to address the costs of local supervision and rehabilitative programs.

Asset Forfeiture 15% accounts for State of California Health and Safety Code Section 11489 collections which mandates that fifteen percent of distributed seizure funds are used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity. Expenditures for this fund include drug and gang unit expenses not reimbursed through other sources.

State Seized Assets accounts for Probation's proportionate share of asset forfeitures seized in conjunction with other agencies. Expenditures for this budget unit include safety equipment and training expenses not reimbursed through other sources.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is increasing by \$3.4 million primarily due to additional transfers to Probation's general fund budget units for costs related to operating the juvenile Day Reporting Centers, providing school probation officers, and reducing parolee recidivism. In addition, a greater amount is being set aside in contingencies to fund future costs. These increases are being funded through continued JJCPA funding from the state and the introduction of SB 678 Crime Recidivism funding in 2011-12. Revenue is projected to decrease by \$659,015 because of lower anticipated state receipts.

*Staffing costs for these special revenue funds are located within Probation's general fund budget units (JJCPA staff is in Juvenile Justice Grant Program budget unit and SB678 staff is in Probation-Admin, Correction and Detention budget unit). However, the funding for these positions is located within these special revenue funds.

Juvenile Justice Crime Prevention Act: Appropriation of \$10,621,884 includes transfers totaling \$5,686,533 primarily for the Juvenile Justice Grant Program, the Department's House Arrest Program, and the District Attorney's Let's End Truancy Program. Also included is \$4,575,351 in contingencies that are available for future allocation. Revenue of \$5,859,917 represents the projected state allocation of JJCPA funding (\$5,844,917) and anticipated interest earnings (\$15,000).

SB 678 – Criminal Recidivism: Appropriation of \$4,089,464 includes transfers to the Department's general fund budget unit for reimbursement of salary/benefit costs (\$1,747,486) and services/supplies (\$60,311). In addition, \$2,281,667 is being set aside in contingencies for future allocation. Revenue of \$1,822,330 represents the projected state allocation of SB 678 funding (\$1,819,330) and anticipated interest earnings (\$3,000).

AB 1628 – Juvenile Reentry Program: Appropriation (contingencies) of \$103,372 represents funds received in prior year that are earmarked for supervision of juveniles and rehabilitative programs.

Asset Forfeiture 15%: Appropriation of \$9,908 represents costs related to drug abuse and gang diversion programs.

State Seized Assets: Appropriation of \$54,406 is comprised of an array of costs including training, seminars, safety equipment, travel, and incentives for graduates of the youth Gang Resistance Education and Training (G.R.E.A.T.) program.

PUBLIC DEFENDER Phyllis K. Morris

MISSION STATEMENT

Public Defender promotes justice through effective litigation that protects constitutional rights.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Awarded Program of the Year from the California Public Defenders Association for the Digitization of Client Files Project.
- Received National Association of Counties (NACo) Award for the Juvenile Section's "Alternative Approaches to Rehabilitation within the Community" program.
- Increased litigation of motions in misdemeanor cases.
- Increased community outreach through civic and school groups.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: INCREASE THE NUMBER OF CASES THAT GO TO TRIAL.

Objective: Ensure a public trial as required by the Sixth and Fourteenth Amendments of the United States Constitution.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of Felony Trials.	179	171	172	149	150
Number of Misdemeanor Trials.	82	96	124	92	100

The integrity of the court system rests on the ability of Public Defenders to protect clients' right to a jury trial under the Sixth and Fourteenth Amendment of the United States Constitution. The Public Defender's Office diligently pursues trials when appropriate. The estimated reduction in the number of trials in 2011-12 is a result of continued budget cuts that have resulted in decreased staffing levels and necessitated adjustments to workloads. Recognizing the importance of trials to our clients, staff will pursue trials as needed in 2012-13.

GOAL 2: MAINTAIN EARLY CASE RESOLUTION.

Objective: Maintain early resolution of cases thus minimizing custody time (and attendant costs to the client and County).

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of felony cases resolved within 180 days of arraignment.	73.5%	75.2%	77.0%	78.2%	80%
Percentage of misdemeanor cases resolved within 60 days of arraignment.	71.6%	71.4%	78.1%	79.8%	81%

Early case resolution that includes investigations, and where appropriate, trial preparation and trials, ensures clients' rights to a speedy trial, reduces client anxiety while awaiting a resolution, and minimizes clients' custody time and the associated disruption to their lives. The Public Defender seeks to maintain timely case resolution standards despite shifting workloads and continued staffing adjustments.

Public Defender

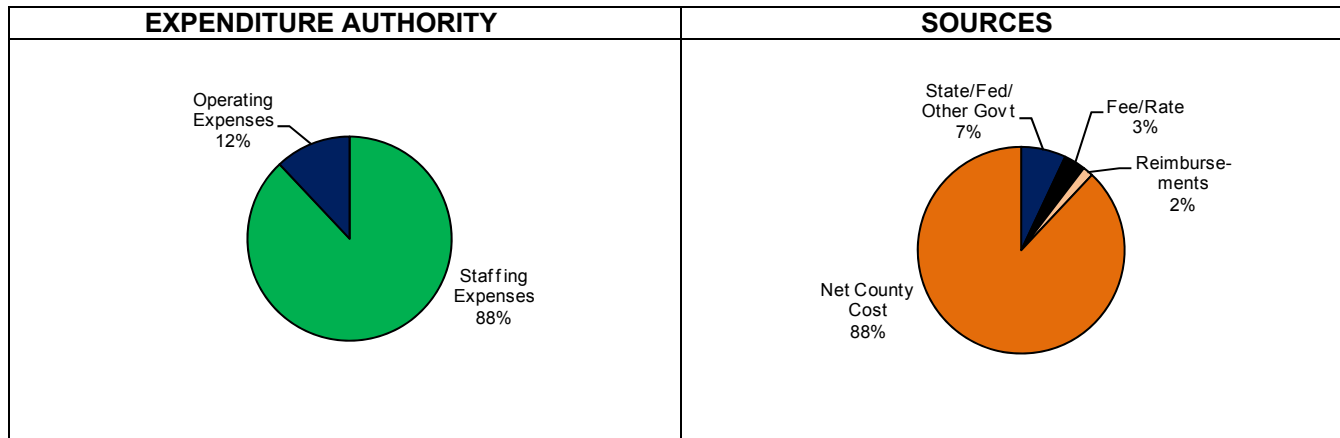

DESCRIPTION OF MAJOR SERVICES

The Public Defender's Office plays a key role in the administration of justice by providing constitutionally mandated legal services to indigent clients in misdemeanor, felony, juvenile delinquency, and mental health civil commitment cases. Services provided by the Public Defender include performing legal research, writing briefs and writs, counseling clients regarding their legal rights and applicable procedures, investigating the underlying facts and circumstances of each case, negotiating with prosecuting authorities, filing and litigating pre-trial motions, and conducting bench and jury trials.

BUDGET CHANGES AND OPERATIONAL IMPACT

Increase in staffing expenses of \$1,935,828 is primarily related to retirement costs. Even though budgeted positions decreased, most were extra-help or contract positions resulting in no mitigation to the retirement costs.

Reductions in operating expenses offset the anticipated decrease in reimbursements for services related to capital cases. Adjustments to departmental revenue reflect an anticipated increase in AB 109 activities and continued collections of client legal fees.

MAJOR EXPENDITURES AND REVENUES IN 2012-13 ADOPTED BUDGET

All Public Defender expenditures are for staffing and operating costs necessary to achieve the department's mission of promoting justice through effective litigation that protects constitutional rights. These expenditures are funded primarily through net county cost of \$30.7 million. Other large financing sources include \$1.6 million of AB 109 funding, legal services fees of \$1.2 million, and \$0.8 million of SB 90 reimbursements.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department is deleting 1 Deputy Public Defender, 1 Office Assistant III and 1 Public Service Employee. The incumbents retired or vacated the positions during 2011-12. The Department, through reorganization, has restructured duties and responsibilities in order to absorb the loss of the positions. Additionally, the Department is eliminating 3 Law Clerk II and 6 Law Clerk I positions. The work performed by these positions will be reassigned to unpaid volunteers and interns seeking to gain job experience in a law firm. As regular positions provide more stability and continuity to social welfare programs, 1 Contract Social Service position is being deleted and 2 Social Service Practitioner positions are being added to support the Prevention and Early Intervention Child and Youth Connection program and the Coalition Against Sexual Exploitation (CASE) project. One Supervising Deputy Public Defender position is being reinstated to provide supervision in the Central Division. One new Social Service Practitioner position has been deleted in the 2012-13 adopted budget due to less AB 109 funding. The staffing changes consider existing workloads and are appropriate for maintaining high client service levels.

SHERIFF/CORONER/PUBLIC ADMINISTRATOR

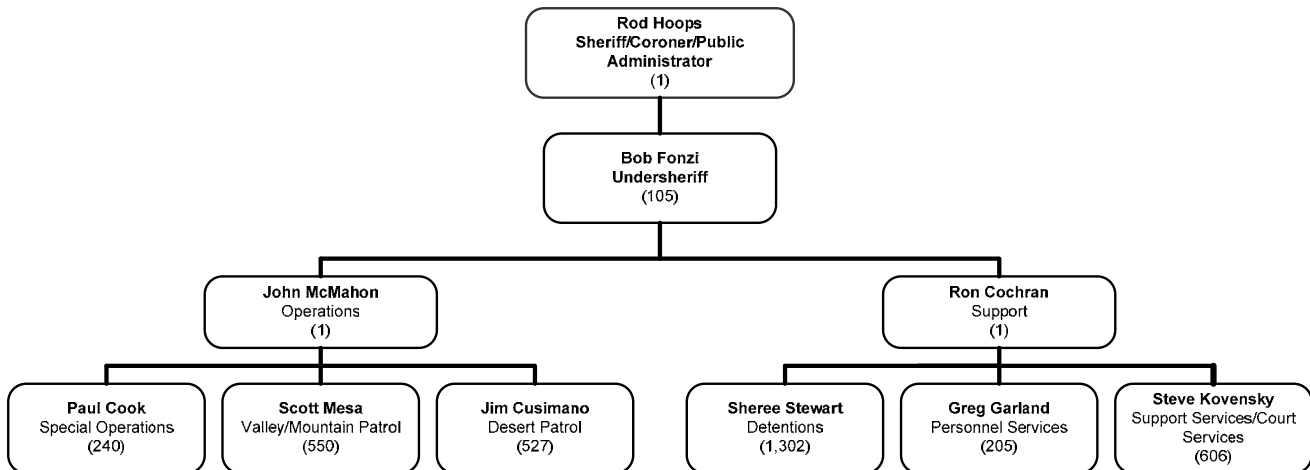

Rod Hoops

MISSION STATEMENT

The Sheriff/Coroner/Public Administrator provides professional public safety services to residents and visitors of San Bernardino so they can be safe and secure in their homes and businesses.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- The Coroner's Division received full accreditation from the National Association of Medical Examiners on August 24, 2011 as acknowledgment of the Division operating at a high level of competence. The San Bernardino County Sheriff/Coroner/Public Administrator is the first and currently only department nationwide to achieve this accreditation.
- The Department's Information Services Division was named one of the recipients of the "2012 Computerworld Honors Laureates" based on the humanitarian benefits and measurable results of applying technology to meet a special social need.
- The Department deployed Apple iPads to all detectives and key personnel. This has allowed staff to access the Department network and investigative resources while conducting fieldwork, with mapping features for better response times.
- Construction of the Adelanto Detention Center expansion project is continuing and is expected to be completed in August 2013. When finished, this project will add 1,392 beds to the Department's total bed capacity.
- The Department's Technical Services Division implemented "Presynct", a Department-wide automated report writing system for creating, monitoring and maintaining criminal reports. This project has saved numerous man hours by having deputies complete their reports in the field rather than return to the station.
- In 2011, the Department was the recipient of 524,000 total volunteer hours valued at more than \$12 million for a variety of tasks including: search and rescue, reserve deputies, citizens on patrol, and medical reserve corps. Without the services of these volunteers, the Department would have the need for approximately 300 additional employees.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: MAINTAIN RESPONSE CAPABILITIES TO DISASTERS AND OTHER EMERGENCIES.

Objective: To be able to provide necessary police service to citizens in the unincorporated area of the county.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of incoming calls per Dispatcher I.	22,820	22,856	22,856	23,091	23,000
Deputy to Citizen ratio.	1:1,279	1:1,251	1:1,263	1:1,263	1:1,263

As reflected in the table above, the Department projects to maintain the current level of service in the unincorporated area throughout 2012-13.

GOAL 2: MAINTAIN MANDATED DETENTION AND CORRECTION SERVICES.

Objective: To provide a safe and secure environment for inmates and employees at the detention facilities.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of inmate-on-inmate assaults per 1,000 prisoners per month.	4.95	6.15	6.15	7.74	7.50

The 2011-12 actual amount is significantly greater than the target due to implementation of AB 109 (Public Safety Realignment) that shifted responsibility for housing certain inmates from the state to counties. In response, the Department is recommending the addition of 34 new deputy sheriff positions in 2012-13 in the detention's general fund budget unit to help ensure the overall safety of employees and inmates of the County's jail system.

Beginning in 2012-13, two new general fund budget units were established to segregate detention and law enforcement contracts services.

Sheriff/Coroner/Public Administrator

DESCRIPTION OF MAJOR SERVICES

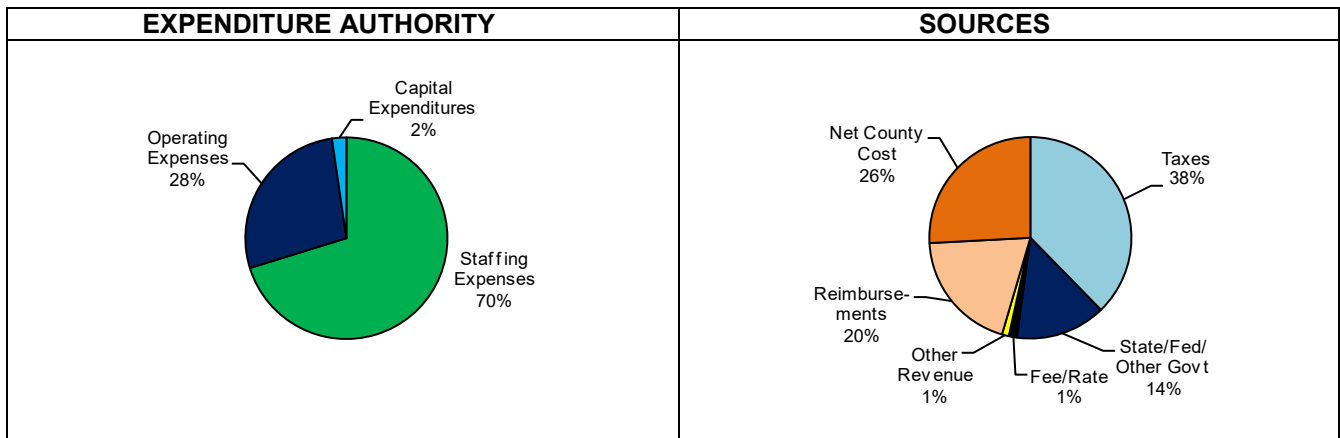

The Sheriff/Coroner/Public Administrator acts as the chief law enforcement officer, coroner/public administrator, and director of safety and security for the County by providing a full range of services throughout the County unincorporated areas.

The Department's general law enforcement mission is carried out through the operation of 10 County stations and a centralized headquarters, using basic crime and narcotics investigations, a crime laboratory and identification bureau, central records, two dispatch communication centers, and an aviation division for general patrol and search/rescue operations. The Coroner's Division is tasked with investigating the cause and manner of death, while the Public Administrator's function is to manage estates of persons who are deceased with whom no executor or administrator has been appointed.

BUDGET CHANGES AND OPERATIONAL IMPACT

Commencing in 2012-13, the Department has established separate budget units for its detention operations and contract law enforcement services to provide more effective budget management, reporting and control. Accordingly, the activity related to these two functions will no longer be included in this budget unit. As a result, the 2012-13 adopted budget amounts reflected above are significantly decreased from prior year, with the following notable exceptions: capital expenditures are increased because the Department plans to spend \$2.9 million more in 2012-13 to replace vehicles; reimbursements are increased by \$34.3 million for transfers from the Department's new general fund budget units for such costs as dual station operations, dispatch services, advanced officer training, COWCAP charges, amortization of equipment/vehicles, and insurance; and taxes for Prop 172 revenue are \$6.0 million greater based on latest projections from the County Administrative Office.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Total expenditure authority of \$251.1 million includes the cost of providing patrol operations for the County's unincorporated areas. Also included are costs related to the following additional divisions: Automotive, Bureau of Administration, County Building Security, Civil Liabilities, Criminal Intelligence, Employee Resources, Information Services, Internal Affairs, Public Affairs, Records, Technical Services, Specialized Investigations, Aviation, Arson/Bomb, Coroner, Court Services, Communications, and Inland Regional Narcotics Enforcement Team (IRNET) Narcotics. These costs are funded by a variety of sources, the more significant of which are listed below.

- \$94.9 million in Prop 172 revenue.
- \$65.1 million allocation of net county cost.
- \$49.4 million in reimbursements (primarily from the Department's other budget units).
- \$27.2 million from the state for providing court security services.
- \$ 6.1 million in various state and federal grants.
- \$ 3.3 million from fees for providing an array of services.

- \$ 1.7 million of Cal MMET funding.
- \$ 0.8 million from Prop 69 for the collection of DNA information on inmates.
- \$ 0.6 million from the state under the Citizens' Option for Public Safety (COPS) Program.
- \$ 0.5 million in proceeds from the sale of fixed assets.

STAFFING CHANGES AND OPERATIONAL IMPACT

Budgeted staffing is decreased by 1,811 primarily because of positions being transferred to the newly created separate budget units for detentions and law enforcement contracts. However, the Department is reinstating 35 Deputy Sheriff Trainee positions that were deleted in the 2010-11 budget. Restoring these positions will eliminate the need for underfilling certain budgeted Deputy Sheriff positions while new recruits are being trained and completing Basic Academy POST (Peace Officers Standards of Training) requirements. The addition of these Trainee positions will not result in additional costs for the Department. The Department is also restoring 3 Public Service Employees, but is offsetting these staffing additions through the deletion of 3 vacant positions considered to be no longer needed.

Sheriff – Detentions

DESCRIPTION OF MAJOR SERVICES

Penal Code Section 4000 designates the Sheriff to manage the County's detention facilities for the following uses: detention of persons committed in order to secure their attendance as witnesses in criminal cases; detention of persons charged with crime and committed for trial; confinement of persons for contempt, or upon civil process, or by other authority of law; confinement of persons sentenced to imprisonment upon conviction of a crime; or violation of the terms and conditions of post release community supervision.

The San Bernardino County Sheriff operates four Type II detention facilities with a total maximum inmate capacity of 6,013. West Valley Detention Center, Central Detention Center, and Adelanto Detention Center houses pre-trial inmates and the Glen Helen Rehabilitation Center houses persons sentenced to serve time in a County facility.

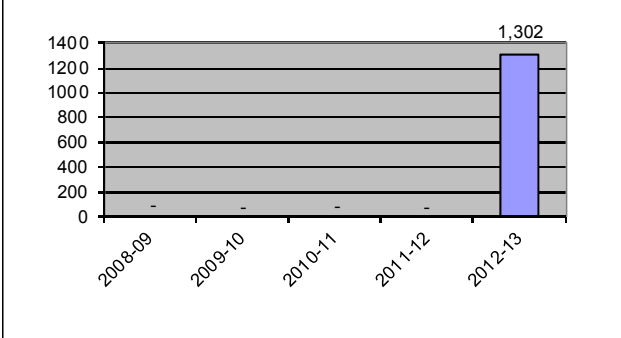

On April 4, 2011, the Governor of California signed Assembly Bill 109, the Public Safety Realignment Act, which created a significant change to the California correctional system. This law, which became effective on October 1, 2011, transferred responsibility for housing/supervising inmate and parolee populations classified as low-level offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties. AB 109 allows newly sentenced low-level offenders to serve their sentence in a county jail facility rather than the state prison system.

Construction of the Adelanto Detention Center expansion project is underway and is expected to be completed in 2013. This project will add 1,392 beds to the Department's total capacity, thus increasing the amount of total beds to 7,405.

BUDGET CHANGES AND OPERATIONAL IMPACT

Commencing in 2012-13, this budget unit has been established to provide separate budgeting and accountability for the Department's detention operations. Accordingly, the prior year budget and actual amounts relative to this function are not reflected in the above table, but are included in the Sheriff/Coroner/Public Administrator budget unit.

The largest impact to this budget unit for 2012-13 is from an additional \$21.2 million of anticipated AB 109 funding. These funds are being allocated for the following purposes:

- \$7.0 million to offset a reduction in revenue from the U.S. Marshal for housing of federal inmates.
- \$4.9 million to offset decreased state reimbursements previously received under PC 3056 and PC 4750

- \$4.2 million for the addition of 38 new positions.
- \$1.5 million for enhanced medical services.
- \$0.8 million for additional electronic monitoring costs.
- \$0.6 million for purchase of jail transportation bus.
- \$0.5 million for the full year cost of 14 positions added mid-year in 2011-12.
- \$0.5 million for increased culinary costs.
- \$0.3 million for programming costs relative to the Jail Information Management System (JIMS).
- \$0.3 million for two additional revocation hearing rooms.
- \$0.6 million for various other costs and services.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Total expenditure authority of \$155.7 million represents the cost to staff and operate the County's four detention facilities. This includes costs of the food services division that serves approximately 19,200 meals each day, the health services division that is responsible for providing healthcare to over 6,000 inmates, and the transportation detail that transports over 286,000 inmates annually primarily for court appearances. The most significant sources of financing for this budget unit are as follows:

- \$101.9 million of net county cost (discretionary general funding).
- \$ 25.1 million of AB 109 funding.
- \$ 12.7 million from the U.S Marshal for housing federal inmates.
- \$ 3.6 million received from the Inmate Welfare Fund.
- \$ 2.7 million reimbursement from the Local Detention Facility Revenue Fund.
- \$ 2.2 million from charging for electronic monitoring.
- \$ 1.9 million reimbursement from the Sheriff's Federal Seized Assets Fund for one-time capital projects.
- \$ 1.5 million from the U.S. Department of Justice, State Criminal Alien Assistance Program (SCAAP).
- \$ 1.5 million from charging inmates to participate in the work release program.

STAFFING CHANGES AND OPERATIONAL IMPACT

An increase in AB 109 funding provides for the addition of 38 new positions (34 Deputy Sheriffs, 2 Sheriff's Custody Specialists, 1 Accountant I and 1 Automated Systems Analyst I). These positions are needed to manage the "low-level" offenders now being ordered to serve their sentence in a county facility rather than the state prison system. The Deputy Sheriff and Sheriff's Custody Specialist positions will provide additional staffing to help ensure the overall safety of employees and inmates within the County's jail system. The Accountant I and Automated Systems Analyst I will support clerical, fiscal, and technological activities.

Sheriff – Law Enforcement Contracts

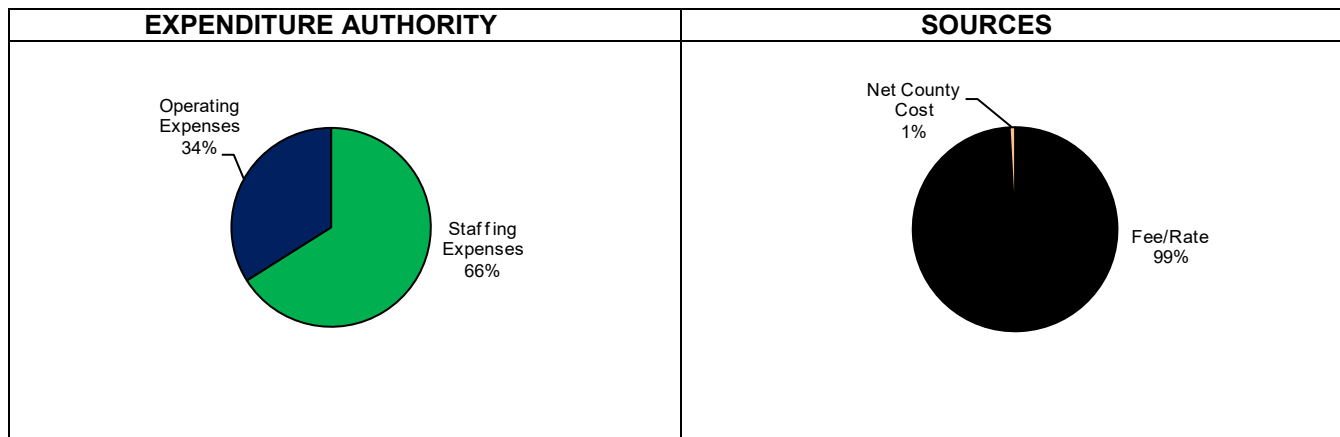

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Sheriff provides contract law enforcement services to 14 cities/towns (Adelanto, Apple Valley, Big Bear, Chino Hills, Grand Terrace, Hesperia, Highland, Loma Linda, Needles, Rancho Cucamonga, Twentynine Palms, Victorville, Yucaipa, and Yucca Valley) within San Bernardino County and the San Manuel Band of Mission Indians. The Commanders for these stations also act as the city's Chief of Police, affording the cities an economical way of providing quality law enforcement services to its citizens while maintaining seamless cooperation between cities and County stations that results in a more effective and efficient broad-based law enforcement environment.

BUDGET CHANGES AND OPERATIONAL IMPACT

Commencing in 2012-13, this budget unit has been established to provide separate budgeting and accountability for activity related to law enforcement contracts. Accordingly, the prior year budget and actual amounts relative to these contracts are not reflected in the above table, but are included in the Sheriff/Coroner/Public Administrator budget unit.

Although staffing levels are remaining unchanged, appropriation is increasing by approximately \$6.2 million primarily due to a \$3.5 million increase in retirement expenses and an additional \$2.2 million for county administrative costs. However, these increases are offset by additional revenue received through the law enforcement contracts and a one-time allocation of net county cost for 2012-13.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation of \$121.3 million includes \$80.1 million for 580 budgeted law enforcement and professional staff assigned to stand-alone stations serving as city police departments and \$41.2 million in operating expenses consisting primarily of the following: \$17.9 million for service hours provided from County stations for smaller city operations, \$5.8 million for dispatch services, \$5.1 million for COWCAP (Countywide Cost Allocation Plan) charges, \$3.8 million of vehicle/equipment replacement charges, \$2.3 million for fuel and auto repair/parts, and \$2.0 million for insurance. All expenditures in this budget unit are funded through either law enforcement contracts with various cities/towns and the San Manuel Band of Mission Indians (\$120.3 million) or a one-time allocation of net county cost (\$1.0 million).

STAFFING CHANGES AND OPERATIONAL IMPACT

No new positions are being recommended for 2012-13.

DESCRIPTION OF MAJOR SERVICES

Contract Training represents special law enforcement training provided to the Sheriff/Coroner/Public Administrator and other law enforcement agencies. Funding is provided through fees for service. Services at the Emergency Vehicle Operations Center (EVOC) and the Training Academy are provided by staff budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit and reimbursed by this budget unit.

Public Gatherings represent protective services provided by the Sheriff/Coroner/Public Administrator for various public functions and events throughout the County fully funded by fees charged to the sponsoring organizations.

Aviation provides law enforcement, search and rescue, fire suppression and transportation services for the County and other fire and law enforcement agencies. This budget unit represents the maintenance and acquisition of helicopters, aircraft, and equipment for search and rescue, fire fighting and flight operations, with contract revenue and proceeds from the sale of surplus aircraft and equipment providing the funding.

The Inland Regional Narcotics Enforcement Team (IRNET) is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. **IRNET Federal** accounts for IRNET share of federal asset forfeitures. **IRNET State** accounts for IRNET share of state asset forfeitures that was established to comply with federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds.

Federal Seized Assets (DOJ) accounts for asset forfeitures from federal cases filed with the U.S. Department of Justice (DOJ) through its asset forfeiture program and **Federal Seized Assets (Treasury)** accounts for asset forfeitures from cases filed with the U.S. Department of Treasury. Receipts from these programs are required to be maintained in separate funds and must not replace existing funds that would be made available to the Sheriff/Coroner/Public Administrator in the absence of forfeiture funds.

State Seized Assets accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health Safety Code requires these funds be maintained in a special fund and that 15% of all forfeitures received after January 1994 are set aside for drug education and gang intervention programs. The proceeds are used to offset a portion of the labor costs for staff assigned to the IRNET Team and High Intensity Drug Trafficking Area (HIDTA) task forces. The 15% allocated to drug education programs is used to fund the Sheriff/Coroner/Public Administrator's Drug Use is Life Abuse (DUILA) program, Crime-Free Multi-Housing, Law Enforcement Internship and Operation Clean Sweep. Funds are also used for maintenance of seized properties. Services for the drug education program are provided by staff budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit and reimbursed by this budget unit.

The San Bernardino County **Auto Theft Task Force** (SANCATT), established by the Board of Supervisors in 1995, deters, investigates and prosecutes vehicle theft organizations and provides statistical and financial reports to the State Controller, State Legislature and California Highway Patrol as required by AB183. In January, 2010, AB183 was extended to January 1, 2018 by AB286 (Chapter 230; 2009). This budget unit accounts for vehicle registration assessments, per Vehicle Code 9250.14, allocated to the Task Force. Revenue from these fees offsets operating expenses for qualified expenditures by participating agencies. Staffing costs for those positions assigned to SANCATT are reimbursed to the Sheriff/Coroner/Public Administrator's general fund budget unit.

Search and Rescue accounts for the principal and interest from a restricted donation for search and rescue purposes, along with reimbursements received for the cost of providing search and rescue operations.

CAL-ID Program funding is used for operating expenses of the Local Automated Fingerprint Identification System (AFIS) and reimbursing general fund expenditures for salaries and benefits. This budget unit is funded from joint trust contributions by all local contracting municipal agencies. Staffing costs for those positions assigned to the CAL-ID program are reimbursed to the Sheriff/Coroner/Public Administrator's general fund budget unit.

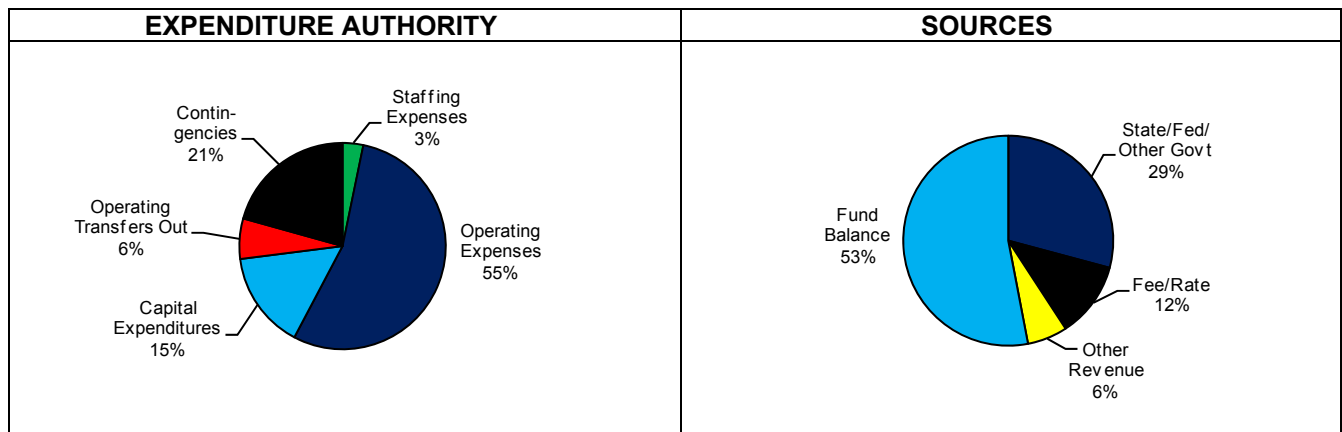

Capital Projects Fund represents revenue received in prior years for one-time law enforcement or detention projects.

Court Services Auto accounts for processing fees collected under AB1109 used for purchases and maintenance of automotive equipment necessary to operate court services.

Court Services Tech accounts for processing fees collected under AB709 used for automated equipment and furnishings necessary to operate court services.

In accordance with State legislation (AB1805) effective July 1, 2007, **Local Detention Facility Revenue** accounts for an allocation of funds from the State that replaces booking fees previously charged by the County to cities and local entities, as permitted by Government Code Section 29550. Funds are required to be used for the purpose of operating, renovating, remodeling, or constructing local detention facilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation is decreasing by a net \$7.3 million primarily resulting from the following:

- \$12.8 million decrease in contingencies primarily due to less fund balance available, reduction in projected revenue, and an increase in the number of capital projects being financed by the Department's special revenue funds.
- \$3.6 million increase in capital expenditures primarily for the Department's training facility.
- \$2.2 million increase in operating transfers out from the State Seized Assets Fund to the Capital Improvement Fund for the Department's training center expansion and parking lot improvements.

Departmental revenue is decreasing by \$1.2 million due primarily to fewer federal seized asset cases expected to be settled in 2012-13.

**Staffing costs for these Special Revenue Funds are located within the Sheriff/Coroner/Public Administrator's general fund budget units.*

Contract Training: Appropriation of \$6.2 million includes the following: \$2.4 million in transfers to the Department's general fund budget unit for the cost of 59 budgeted positions at the Sheriff's Training Academy, \$1.5 million for the replacement of asphalt at the Emergency Vehicle Operations Center's driver training track, \$0.9 million in services and supplies for operating costs at the EVOC, \$0.6 million for improvements to the modular classrooms and bathrooms, \$0.2 million to replace vehicles, and \$0.6 in contingencies for future allocation. Departmental revenue of \$3.2 million is primarily from fees for training services to various law enforcement agencies, including a large contract for basic academy training courses with San Bernardino Valley College and a contract with the U.S. Department of Homeland Security, Customs and Border Protection.

Public Gatherings: Appropriation of \$1.5 million primarily reflects \$1.3 million for staffing expenses associated with "non-County" employees providing protective services by the Sheriff/Coroner/Public Administrator for various public functions and events, \$92,191 for operating expenses and \$98,172 in contingencies. Departmental revenue of \$1.5 million represents fees charged to sponsoring organizations for these services.

Aviation: Appropriation of \$500,000 is for aircraft repairs, equipment replacement/upgrades, and fuel consumption. Departmental revenue of \$500,000 represents fees from services for firefighting and air patrol.

IRNET Federal: Appropriation of \$3.8 million reflects \$0.9 million in operating expenses (including transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit to support the cost of overtime and 1 position) and \$2.9 million in contingencies. Departmental revenue of \$770,000 includes anticipated asset forfeiture funds (\$750,000) and projected interest earnings (\$20,000).

IRNET State: Appropriation of \$193,945 is budgeted for operating expenses (\$107,275), equipment purchases (\$25,000), and contingencies (\$61,670). Departmental revenue of \$74,000 includes anticipated asset forfeiture funds (\$70,000) and projected interest earnings (\$4,000).

Federal Seized Assets (DOJ): Appropriation of \$8.4 million primarily consists of \$3.4 million for improvements to the Department's detention facilities and training academy, \$1.1 million for general maintenance expenditures, \$0.9 million for vehicle replacement, \$0.7 million for equipment purchases, \$0.3 million for a proprietary law enforcement application to convert to a paperless ticketing system, and \$1.5 million set aside in contingencies. Departmental revenue of \$1.5 million primarily represents anticipated DOJ cases to be settled during 2012-13.

Federal Seized Assets (Treasury): Appropriation of \$47,258 includes \$35,000 for the purchase of computer related equipment. Departmental revenue of \$10,400 represents projected asset seizures and interest earnings.

State Seized Assets: Appropriation of \$4.0 million includes \$2.3 million for projects related to expansion and parking improvements at the Department's training center, as well as \$1.7 million for the cost of drug education programs (including transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit to support 2 positions), vehicle maintenance, fuel, repairs, and other general expenses for the resolution of asset forfeitures. Departmental revenue of \$1.0 million primarily represents anticipated state asset seizures.

Auto Theft Task Force: Appropriation of \$1.0 million provides for salary reimbursements to participating agencies, including transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit to support 4 positions, and other task force operating costs. Departmental revenue of \$885,330 primarily represents vehicle registration fees.

Search and Rescue: Appropriation of \$98,855 represents the cost of providing search and rescue operations. The corresponding revenue amount consists of anticipated cost reimbursements (\$95,855) and interest earnings (\$3,000).

CAL-ID Program: Appropriation of \$5.1 million includes the following: \$3.9 million in transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit for staffing costs of 40 personnel assigned to this program; \$1.0 million for the program's operating expenses (equipment maintenance, fuel, computer hardware/software, replacement of fingerprinting stations, and upgrades to serviceable stations); and \$0.2 million in contingencies. Departmental revenue of \$4.8 million is from the CAL-ID Program trust fund and directly offsets all claimable costs.

Capital Projects Fund: Appropriation of \$842,695 is to assist the Department's general fund budget unit with one-time projects as identified by the Sheriff/Coroner/Public Administrator. Departmental revenue of \$94,306 includes \$84,306 from the Indian Gaming Special Distribution Fund for replacement of a boat and \$10,000 in interest earnings.

Court Services Auto: Appropriation of \$2,165,754 includes \$350,832 in operating expenses, \$760,000 to replace vehicles, and \$1,054,922 set aside in contingencies. Departmental revenue of \$675,000 primarily reflects anticipated court fines.

Court Services Tech: Appropriation of \$2,107,422 million includes \$407,264 in operating expenses, \$300,000 for purchase of computer equipment and software upgrades, and \$1,400,158 in contingencies. Departmental revenue of \$395,000 primarily represents estimated court fines.

Local Detention Facility Revenue: Appropriation of \$2.7 million represents transfers to the Sheriff/Coroner/Public Administrator's general fund budget unit for expenditures related to the operation, renovation, remodeling, or construction of local detention facilities. Departmental revenue of \$2.7 million represents the jail access fee anticipated from the state.

AGRICULTURE/WEIGHTS AND MEASURES

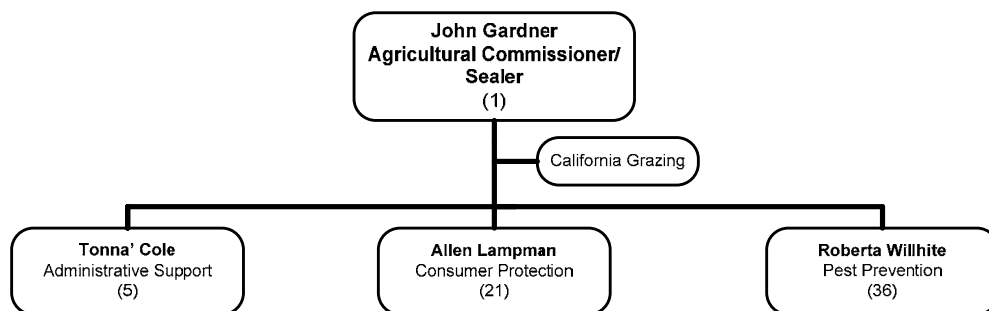

John Gardner

MISSION STATEMENT

The Department of Agriculture/Weights and Measures protects the environment, agricultural industry, businesses and consumers through regulation and satisfies its customers by providing services that promote the health, safety, well-being, and quality of life of its residents according to the County Charter, general laws, and the will of the customers it serves.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Made 3,816 site visits to shipping terminals (increase due to addition of second dog team), inspected over 43,230 plant shipments, rejected 466 shipments for various violations and intercepted 57 foreign pests species.
- Visited 8,690 businesses requiring a Weights and Measures inspection, inspected 36,155 weighing and measuring devices and issued 2,357 Notice of Violations.
- Checked the accuracy of prices on 34,063 items in an effort to achieve an overall price overcharge error rate of less than 2%. The measured rate achieved is 1.6%.
- Averaged 7,405 trap placements per month in an effort to detect unwanted foreign pests.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PROTECT THE PUBLIC'S HEALTH AND THE ENVIRONMENT BY PREVENTING FOREIGN PEST INFESTATIONS.**

Objective: Maintain and service insect detection traps throughout the areas specified by the California Department of Food and Agriculture.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
The average number of trap placements per month.	7,496	7,099	7,700	6,856	6,200

The 2011-12 actual and the 2012-13 target number of monthly trap placements is decreasing based on the reduction of the Light Brown Apple Moth and Asian Citrus Psyllid traps that are being placed/serviced and an expected change in traps in the department's primary contract for this service.

GOAL 2: PROTECT COUNTY RESIDENTS FROM BEING OVERCHARGED ON PURCHASED GOODS BY ENSURING ACCURACY IN THE WEIGHT AND MEASUREMENT OF COMMODITIES SOLD, AND PRICES CHARGED BY RETAIL BUSINESSES THAT UTILIZE ELECTRONIC PRICE LOOKUP SYSTEMS.

Objective: Inspect all registered businesses using commercial weighing and measuring devices, electronic pricing devices or packing commodities.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of all registered businesses inspected that require a weights and measures.	92%	97%	80%	70%	65%
Inspection (number of businesses inspected).	(3,549)	(4,395)	(4,050)	(3,380)	(3,353)

The 2011-12 actual number of businesses inspected is low due to staff retirements and the reduction of positions in the 2011-12 First Quarter Budget Report. The department is requesting the restoration of 2 previously deleted positions to address this workload for 2012-13 and funding thereof is included within the 2012-13 Adopted Budget.

Agriculture/Weights and Measures

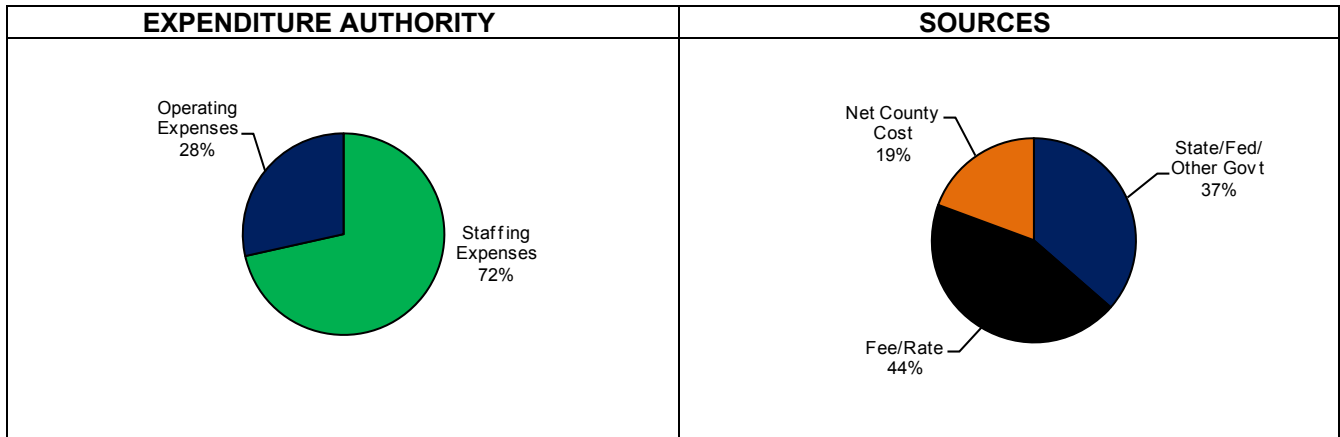

DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures (Department) protects the environment, public health, worker safety and the welfare of the public by enforcing state and local agricultural and consumer protection laws. The Department enforces plant quarantines, detects and eradicates unwanted foreign pests, regulates pesticide use, verifies pricing accuracy of goods, and regulates all business transactions based on units of measures such as weight or volume. Additional duties include inspecting eggs, produce and nursery stock, certifying plant shipments for export, controlling vegetation along state and county right-of ways and flood control channels, and other miscellaneous services provided to businesses and the general public. The Department has two canine inspection teams that are utilized with great success to detect plant materials from within unmarked agricultural parcels found at industrial shipping terminals

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Department include an increase in staffing expenses for the addition of 2 positions to address mandated workloads and to fund all positions at 80 hours per pay period, and workload related services and supplies. Fee revenue for current services increased due to the increase in weed control work requested, which more than offset a decrease in unclaimed gas tax revenue from the state.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses make up the majority of the Department's expenditures within this budget unit for 2012-13. These expenses and related operating expenses are necessary primarily in order to provide mandated inspection services, in the field of agriculture and weights and measures. Departmental revenue of \$5,403,365 is derived primarily from license and permit fees, reimbursement for State Contracts, County's portion of Unclaimed Gas Tax, and reimbursement for weed control services.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department has added 2 positions, an Agricultural/Standards Officer and an Agricultural/Standards Technician, to address the performance of mandated inspection requirements.

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget unit funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities recommended by the county's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five lessees of federal grazing land and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The Bureau of Land Management, the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the County to finance improvements on federal lands. The County acts in a trustee capacity for these funds.

BUDGET CHANGES AND OPERATIONAL IMPACT

Contingencies for unanticipated expenses are eliminated, and instead the appropriation authority is included within operating expenses to provide for a variety of grazing/range improvement projects on federal land.

MAJOR EXPENDITURES AND REVENUE INCLUDED IN 2012-13 ADOPTED BUDGET

Services and supplies provide for a variety of grazing/range improvement projects on federal lands, and these improvement projects are approved by the Board of Supervisors through recommendations from the RIAC. Departmental revenue is derived from fees paid by the federal government for grazing rights by ranchers.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

AIRPORTS

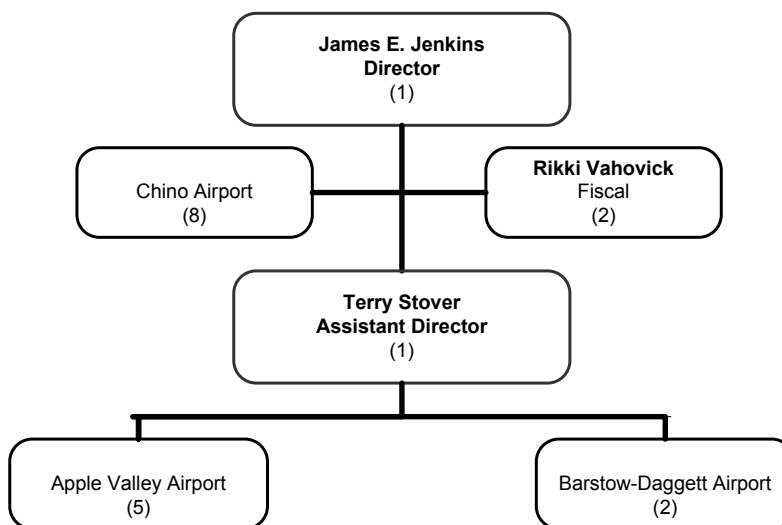

James E. Jenkins

MISSION STATEMENT

The Department of Airports plans, organizes and directs the County's airport and aviation system to provide high-quality aviation facilities and services in a safe and efficient manner, optimizing the benefit to the communities and citizens of the County.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Received \$1,947,500 in grant funding for airfield lighting improvements at Barstow-Daggett Airport (Phase II).
- Commissioned design for new fuel storage and dispensing facility at Apple Valley Airport.
- Completed taxiway extension, airfield beacon and signage installations at Barstow-Daggett Airport (Phase I).

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: IMPROVE AIRPORT INFRASTRUCTURE.

Objective: *Implement plans to address deficiencies in Airport infrastructure.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of pavement rehabilitation completed each year (total square footage of pavement is 15.7 million).	6.2%	4%	15%	2.5%	15%

The Department of Airports conducted a survey of its tenant and user base to measure the quality of customer service. The survey revealed that many airport users value well maintained pavements. Based upon these findings, the Department established a goal to improve airport infrastructure, with emphasis on rehabilitating or improving pavement surfaces (i.e. crackfilling, slurry seal, fogseal, striping, glass beading, edge dressing). The Departmental target is to improve or rehabilitate 15% of the 15,700,000 square feet of pavement surfaces each year throughout the 6 airport systems. The cost of these projects is expected to be funded primarily by the Federal Aviation Administration's Airport Capital Improvement Program (ACIP) and supplemented by the Department of Airports Capital Improvement Program budget. The 2010-11 targets were depressed by limited ACIP Program funding.

GOAL 2: IMPROVE AIRPORT LEASING ACTIVITY.

Objective: *Increase percentage of revenue producing land as related to usable land throughout the 6 airport system.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of revenue producing land compared to land available for revenue production.	39%	39%	50%	39%	40%

To generate new income for the airport system, the Department has established the objective to increase revenue through the use of property. The anticipated growth rate has been re-evaluated and a goal of 1% per annum for property development has been established as attainable. The prior year objective had a focus of increasing revenue producing land exclusively at Chino and Apple Valley airports. For 2012-13, the Department plans to pursue revenue producing land opportunities at all 6 airports.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports (Department) provides for the management, development, maintenance and operation of six airports. The Department assures that County airports are maintained and operated in compliance with state and federal regulations. The Department works cooperatively with other airports located within the county regarding state and federal aviation programs, issues and requirements. The Department participates and provides input to aviation industry support organizations, as necessary, to develop local, national and state aviation policy.

Budget at a Glance

Total Expenditure Authority	\$3,665,077
Total Sources	\$3,665,077
Net County Cost	\$0
Total Staff	19
Funded by Net County Cost	0%

The County's six airports include 1) Apple Valley Airport, a County Service Area (CSA-60) with a significant sport aviation base; 2) Baker Airport, located adjacent to the Town of Baker and supports 1-40 between Barstow and Las Vegas; 3) Barstow-Daggett Airport, which features significant military activity and the Fort Irwin Helicopter Maintenance Base, both of which support the Fort Irwin National Training Center; 4) Chino Airport, a Federal Aviation Administration (FAA) designated reliever to John Wayne Airport and one of the largest general aviation airports in the country with approximately 650 based aircraft; 5) Needles Airport, a critical transportation link along the Colorado River; and 6) Twentynine Palms Airport, a center for soaring activity serving the surrounding community, including the United States Marine Corps Air-Ground Combat Center.

The County's airports produce revenue to operate and maintain the airport system. Revenues are generated from facility rents, concession and user fees, and, in the case of Apple Valley Airport, property taxes dedicated to the support of CSA-60. State and federal grants are significant sources for funds to construct, improve and maintain airport infrastructure.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Department include a reorganization of the staff structure resulting in a reduction in staffing expenses due to the elimination of 4 positions and 1 position will be transferred to Special Districts. Additionally operating expenses are decreasing as a result of a decrease in regulatory water system oversight and maintenance charges at Barstow-Daggett Airport and contract security services at Chino Airport. Reimbursements include a decrease due to a reduction in salary/benefit transfers in from the Apple Valley Airport (CSA 60) budget and the Chino Airport Commercial Hangars budget. Departmental revenue is decreasing because of grant revenue not anticipated in 2012-13 and with respect to fees/rates primarily due to lower fuel flowage revenue as anticipated by the current trend of reduced annual take-offs and landings throughout the system of airports.

MAJOR EXPENDITURES AND REVENUE INCLUDED IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1,814,396 fund 19 positions that provide support for the operation of 6 airports throughout the County. Operating expenses of \$1,850,681 consist primarily of services and supplies of \$1,604,981 that are necessary to keep airport operations at an acceptable level. These expenses include utilities, property insurance, other professional services, general maintenance, and Countywide Cost Allocation Plan (COWCAP). Departmental revenue of \$2,799,545 primarily represents Rents and Concessions receipts at the Airports.

STAFFING CHANGES AND OPERATIONAL IMPACT

Restructuring of the Departments' organizational function and programmatic responsibilities has resulted in a reduction of 4 vacant positions (Airport Manager - Chino, Airport Manager – Apple Valley, Airport Maintenance Supervisor, Airport Maintenance Worker II) and 1 position transferring to Special Districts (Planner III).

There are no negative operational impacts expected as a result of the restructuring. There has been a significant reduction in operational responsibilities at the Barstow-Daggett Airport relative to closing 17 rental houses. Planner III services will be acquired through an MOU with Special Districts. The Apple Valley and Chino Airport management duties/responsibilities will be undertaken by the Director and Assistant Director of Airports.

Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

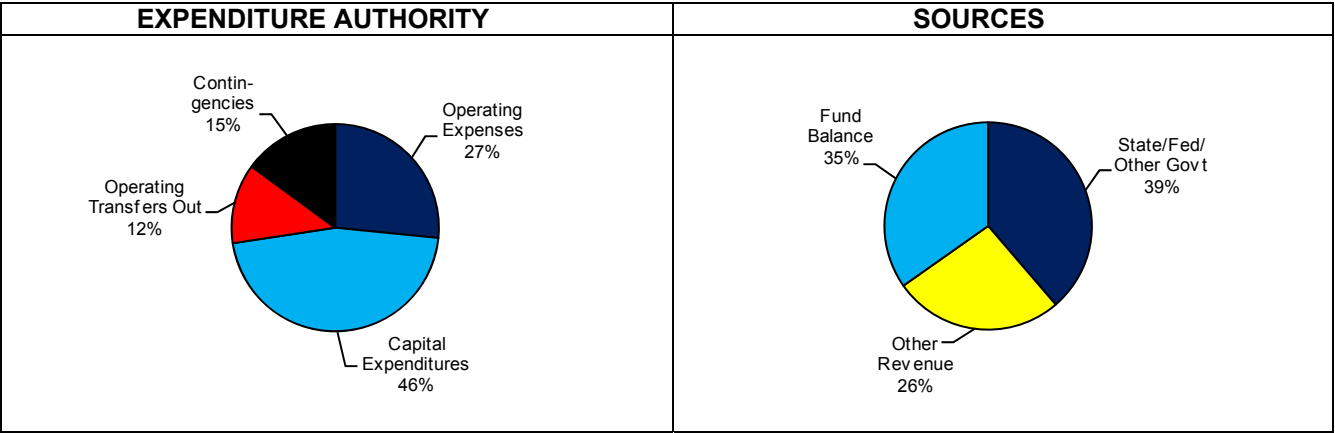

Chino Airport Commercial Hangars complex was constructed in 1987 with proceeds from a 30-year bond issue. The Department of Airports manages, maintains, and operates the Chino Airport Commercial Hangar complex. In addition to maintenance expenses, appropriation is budgeted annually for insurance costs and bond repayment. Appropriations for this budget unit are funded from rental revenues and available fund balance. There is no staffing associated with this budget unit. However, this budget unit reimburses staffing costs to the Airport's general fund budget unit.

Chino Airport Incentive Fund was established mid-year in 2007-08 to provide separate accountability for all costs and revenues related to the objective of attracting and retaining businesses at Chino Airport. This fund is anticipated to be fully expended in 2012-13, or have a small residual at fiscal year-end. There is no staffing associated with this budget unit

Airports Capital Improvement Program consists of various Capital Improvement Program (CIP) projects for the following airports: Baker Airport, Barstow-Daggett Airport, Chino Airport, Needles Airport, and Twentynine Palms Airport. Projects funded in this budget unit include utility, storm water, and fire suppression plans, Airport Master Plans, Airport Layout Plans, construction and rehabilitation for numerous runways, taxiways, water systems, airport facilities, annual pavement maintenance, infrastructure and rehabilitation of reverted buildings. The capital projects for Apple Valley Airport (County Service Area 60) are budgeted in a separate budget unit in a separate budget book. All Capital Improvement Projects for all six airports that are administered by Architecture and Engineering are reported in the Capital Improvement Program section of this budget book.

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are decreasing appropriation by a net \$1.6 million and increasing departmental revenue by \$1.4 million. This is due primarily to a restructuring of the capital improvement program (operating expenses and capital expenditures), with an emphasis placed upon planning and budgeting only for projects that can be reasonably undertaken during the fiscal period, and a reduction in contingencies due to a timing issue related to a contract encumbrance. A portion of the unprogrammed airport capital improvement fund is being utilized to satisfy the bond payment obligation for the Chino Airport Commercial Hangars for 2012-13 and subsequent years until the obligation is fully satisfied. The increase of state/federal funding is the result of capital improvement program revenue budgeting to match projects for this fiscal year, and the reduction in other revenue is primarily due to non-payment of lease obligations by tenants at the Chino Commercial Hangar complex.

DETAIL OF 2012-13 ADOPTED BUDGET

	2012-13			
	Appropriation	Revenue	Fund Balance	Staffing
Special Revenue Funds

Total Special Revenue Funds	5,020,567	3,274,877	1,745,690	0

Chino Airport Commercial Hangars has \$1.2 million in appropriation for operating expenses, which primarily includes transfers of \$856,253 for the bond payment and services and supplies of \$133,221 for operations. Revenue of \$1.2 million is primarily from Rents and Concessions receipts from commercial tenants of \$583,396 with a transfer in from the airport capital improvement program fund (RAA-APT) of \$635,705 to fund current services. It should be noted that the Chino Airport Commercial Hangars, if fully occupied at the current market lease rate, will not generate adequate revenues to fully fund the operations, maintenance and bond obligation expenses through the bond payment period.

Chino Airport Incentive Fund has \$106,633 in appropriation in operating expenses for services and supplies which is primarily for the completion of the Chino Airport Master Plan contract. Revenue of \$105,026 is a transfer in from the airport capital improvement program reserve (RCD-APT) to fund current services. This fund is anticipated to be fully expended in 2012-13, or have a small residual at fiscal year-end.

Airports Capital Improvement Program has \$3.7 million in appropriation which includes \$2.3 million in capital expenditures for the installation of monitoring wells associated with the groundwater plume at Chino Airport for \$165,000, pavement rehabilitation project at Chino Airport for \$135,000, lighting improvement project at Barstow-Daggett Airport for \$1,858,228, and \$151,121 for the groundwater cleanup project administration costs at Chino Airport. Additionally, \$0.7 million are budgeted in contingencies to fund future airport capital improvement projects. Operating transfers out of \$625,145 will assist with funding the bond payment within the Chino Airport Commercial Hangars budget and the Chino Airport Master Plan within the Chino Airport Incentive Fund. Revenue of \$1.9 million is primarily from State and Federal grants for the Barstow-Daggett lighting project.

ARCHITECTURE AND ENGINEERING

Carl R. Alban

MISSION STATEMENT

The Architecture and Engineering Department is committed to the timely and cost effective design and construction of projects included in the County's annual Capital Improvement Program, providing quality improvements to ensure accessible and safe environments for County departments and the public they serve.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

Architecture and Engineering completed the following major construction projects in 2010-11 and 2011-12:

- Arrowhead Regional Medical Center – Medical Office Building
- Barstow Sheriff's Station Remodel
- Barstow/Daggett Airport Taxiway Extension and Lighting
- Crestline Library
- Central Juvenile Detention and Assessment Center Replacement
- Central Courthouse Seismic Upgrade and Remodel
- Chino Airport Airfield Electrical Modernization
- Countywide Courthouse Americans with Disabilities Act (ADA) Accessibility Improvements
- Countywide Roofing, Heating, Ventilation and Air Conditioning (HVAC) and Boiler Replacements
- High Desert Government Center
- Joshua Tree Office Building
- Lake Gregory Regional Park – Leisure Shores Remodel and Zero Depth Children's Play Area
- Transitional Age Youth (TAY) Center
- Victor Valley Museum Renovation

Architecture and Engineering is currently under construction on the following major projects:

- Adelanto Detention Center Expansion
- Baker Family Learning Center
- High Desert Public Safety Operations Center
- Parker Dam Safety Facility Improvements

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: IMPROVE THE COST-EFFECTIVENESS OF PROJECT ADMINISTRATION SERVICES.**

Objective: Continued reduction of administrative costs through staffing efficiencies, utilization of Job Order Contracting, and technology improvements

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of projects with budgets of \$25,000 to \$500,000 with administrative costs of 10% or less of the total budget.	100%	100%	90%	77%	85%

10 of 13 (77%) capital projects had administrative costs of 10% or less of the total budget. Three projects had administrative costs that exceeded 10% for various reasons. On one project, the contractor went out of business and additional staff time was spent with County Counsel dealing with stop notices and pending litigation. On another project, additional time was spent developing plans and specifications that meets a department's requirements and contributed to getting a lower bid for the project.

GOAL 2: IMPROVE THE TIMELY COMPLETION OF CONSTRUCTION PROJECTS.

Objective: Increase the number of projects completed within two years of approval.

Architecture and Engineering

DESCRIPTION OF MAJOR SERVICES

The Architecture and Engineering Department (A&E) is responsible for planning and implementing the design and construction of projects for Airports, Regional Parks, Community Development and Housing and other County departments. These projects are approved as part of the annual Capital Improvement Program (CIP), or added during the year as organizational needs and priorities change. A&E collaborates with County departments and Finance and Administration to develop the scope, schedule and budget for these projects. Following approval of the project elements, A&E administers the projects from conceptual design through construction to completion and close-out.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for A&E include an increase in staffing expenses of \$99,718 due to step increases, increased retirement costs, and the addition of 1 position. Additionally, operating expenses are increasing \$73,033 due primarily to an increase in overhead charges from the Real Estate Services Department for shared administrative and fiscal staff. Capital expenditures of \$46,000 include a decrease of \$54,000 for software development costs. Reimbursements of \$2,442,717 include an increase of \$18,751.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1,990,866 fund 17 budgeted positions and make up a majority of A&E's expenditures within this budget unit for 2012-13. Operating expenses of \$405,851 fund services and supplies, central services, travel and transfers to Information Services Department for support and Real Estate Services Department for overhead. Capital expenditures of \$46,000 are for continued improvements to A&E's automated Project Tracking System. The total departmental expenditure authority is fully reimbursed from services provided to the Capital Improvement Program. Reimbursements of \$2,442,717 are for project management and inspection services provided by A&E staff on capital projects.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, to assist in fiscal duties to administer the CIP projects, a Fiscal Specialist position was added for an increase in staffing of 1 from 16 to 17. A vacant Project Manager III position was reclassified to a Project Manager I position to be more consistent with the Department workload requirements.

COUNTY LIBRARY

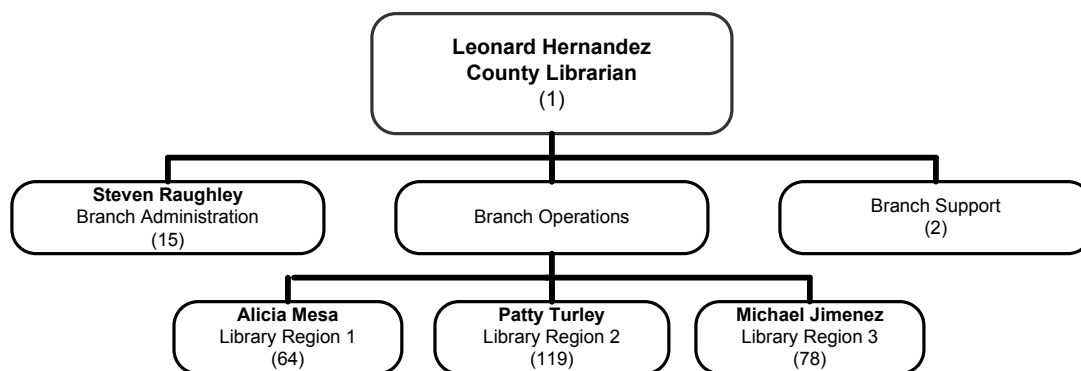

Leonard X. Hernandez

MISSION STATEMENT

The San Bernardino County Library System (SBCL) is a dynamic network of Library branches that serves a diverse population over a vast geographic area. SBCL strives to provide equal access to information, technology, programs, and services for all the people who call San Bernardino County home.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Successfully implemented the Institute of Museum and Library Services and other community grants and fundraiser activities, which added new computer labs, e-devices (such as eReaders and iPads), and other cutting edge technologies to various libraries.
- Successfully completed the remodel of the Rialto Library, which added a computer lab, meeting rooms, and additional facility improvements. Also completed the remodel of the Yucaipa Library, which added a computer lab, e-devices (such as eReaders and iPads), and additional facility improvements.
- Broke ground on the Baker Family Learning Center; a combination preschool and library that will serve the Muscoy community, scheduled to be completed in March 2013.
- Successfully constructed a computer lab with matching Community Development Block Grant funds at the Barstow Library, as well as successfully ran a campaign in conjunction with the Friends of the Barstow Library to raise funds to make additional facility improvements.
- Successfully completed a Request for Proposal process that resulted in the selection of vendors to provide internet and telecommunication connectivity at 29 County Library branch facilities.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: BROADBAND NETWORK INCREASE.**

Objective: Increase number of computer hours utilized by library patrons.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of Computer Hours.	N/A	1,047,734	1,200,000	1,156,000	1,250,000

In 2011-12, the San Bernardino County Library successfully filed and signed contracts for e-rate funding, a federal subsidy that will allow the upgrade of T1 Circuits across the library system to a high-speed connection in each branch. This increase of bandwidth over the next 12 months will greatly increase the patron's internet usage experience.

GOAL 2: INCREASE COMMUNITY PARTICIPATION IN LIBRARY SERVICES AND PROGRAMS.

Objective: Develop system-wide practices that recruit, train, and promote the successful involvement of volunteers.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Number of Annual Volunteer Support Hours.	143,600	105,281	145,000	110,500	120,000

Volunteers are a core part of the San Bernardino County Library System and have continually donated over 100,000 hours per year over the past 3 years. The County Library will continue the utilization of volunteers to augment services and programs as well as working on a training and best practice model that will be used to increase participation. The County Library will also be conducting a system wide recruitment and campaign for new opportunities to include volunteers in.

County Library

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library provides public library services through a network of thirty one branches in the unincorporated areas and seventeen cities within the County.

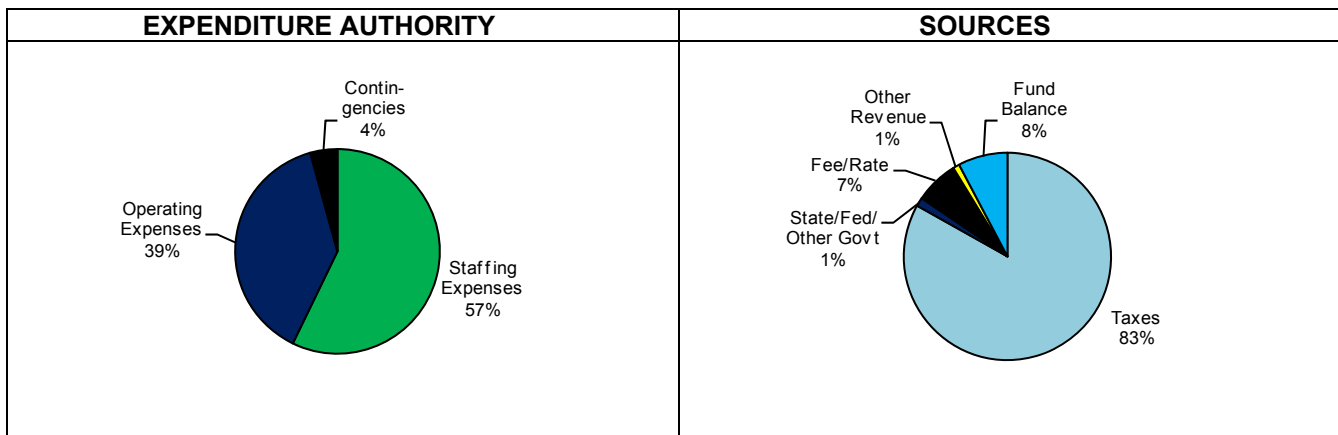

The County Library continues to provide access to information through its materials collection and now offers more than 1,000 Internet accessible public computers. These public computers also provide access to a number of online databases and other electronic resources. Electronic access to the County Library's collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches. The County Library's on-line catalog, a joint project with the County of Riverside, provides access to over 2.5 million items. The system allows for patrons in either system to directly request materials held by the other and to have those items delivered to their local branch for pick up.

The County Library is in the process of a major improvement to its computer communications infrastructure for the coming year. This will be accomplished by greatly increasing available bandwidth at 29 branch locations. This will not only allow faster Internet access, it will also allow the County Library to add wireless service to most branches currently without wireless connectivity. The annual costs for the upgrade will actually be less than the County Library is currently paying for those services – primarily due to significant federal and state discounts.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major appropriation changes for the County Library include a large reduction in overall operating expenses that were necessary to mitigate revenue shortfall, and an increase in staffing expenses due to increased employee costs. Major departmental revenue changes for the County Library include an increase in budgeted property tax revenue allocations due to conservative budgeting but based on a level that was trending toward the 2011-12 actual collections, and a decrease in state aid due to no State Library funding being passed onto the County Library. Looking ahead at the financial forecast of the County Library budget for 2013-14, which is equally, if not more, challenging, reductions and adjustments were made for 2012-13 that improve financial viability for 2013-14 while affording the County Library more time to plan and coordinate potential service reductions on the horizon.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$8,227,142 are the largest portion of the County Library's expenditures for 2012-13, which encompasses staffing for 31 library branches and support staff at Library Administration. Operating expenses of \$5,542,228 include general operating expenses for branch locations, computer and telecommunication charges for internet access at branch locations, utilities, COWCAP charges, and custodial/maintenance charges. Departmental revenue of \$13,283,460 primarily represents property tax allocations and library fines and fees collected from patrons.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department eliminated 2 vacant positions (1 Librarian II and 1 Automated Systems Technician) as part of the 2012-13 budget process. This decrease of 2 positions will have minimal operational impact on the Department.

COUNTY MUSEUM

Robert L. McKernan

MISSION STATEMENT

The San Bernardino County Museum maintains and develops unique cultural and natural science collections related to the region and the greater Southwest. Through responsible collection, preservation, exhibition, and education, the County Museum inspires the public to a deeper understanding of their cultural and natural history.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- The Museum secured, through Board of Supervisors (Board) approval in 2009-10, a grant from the California Cultural Heritage Endowment for \$1,935,000. Utilizing these state funds, four major exhibitions were completed in 2011-12 in the Hall of Geological Wonders.
- Through Board approval action, acquired the Victor Valley Museum in 2009-10. Museum staff renovated and installed all new exhibition content and an interpretative desert garden with a theme "Discover Your Backyard," thereby meeting American Museum Accreditation standards for the facility and re-opened to the public in March 2011.
- Secured in 2009-10, the Institute of Museum and Library Services grant with Board approval for \$333,000 for refurbishments to Bird Hall and development of two exhibitions in Hall of Geological Wonders (Time Tube and Plate Tectonics), which was completed in 2011-12.
- The Museum was identified by the Southern California Earthquake Center as a California "Epicenter." The Museum provides public outreach and education to the public and hosts The Great California ShakeOut event annually, where 500 to 1,000 students and visitors attend the Museum for earthquake preparedness and science education programing.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: ENHANCE PUBLIC AWARENESS OF MUSEUM SERVICES/PROGRAMS AND INCREASE ACCESSIBILITY TO MUSEUM COLLECTIONS.**

GOAL 2: EXPANSION/REFURBISHMENT OF THE MUSEUM'S MAIN FACILITY IN REDLANDS.

Objective: Secure contributions to assist with interior exhibits for the new Hall of Geological Wonders and the Museum's Public Space Exhibit Galleries.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target

It was anticipated the Department would receive a grant in 2011-12 through the State of California Prop 84 in the amount of \$4.4 million over 3½ years to facilitate completion of the Hall of Geological Wonders' public exhibition displays; the grant was not awarded. The 2012-13 target contributions include funding for Americans with Disabilities Act (ADA) and Museum Lobby Capital Improvement Projects.

County Museum

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Museum ranks among the top regional museums in California. It contains an encyclopedic collection of cultural and natural heritage in public trust from the greater Southwest region. The Museum is comprised of the following divisions: Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. All divisions provide educational services for families, general public, school groups, educators, and scholars at the main Museum facility and historic sites. The Museum provides cultural and natural science educational programs and activities for the public at its facility in Redlands, as well as the following seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (John Rains House) in Rancho Cucamonga, Daggett Stone Hotel in Barstow, Asistencia Outpost of the Mission San Gabriel in Redlands, Yorba-Slaughter Families Adobe in Chino, Yucaipa Adobe in Yucaipa, and the Victor Valley Museum in Apple Valley. These programs and activities involve the preservation of cultural and natural heritage collections, display of permanent and special exhibitions, and care and preservation of historical sites depicting the history and culture of San Bernardino County and the greater southwest region.

Museum programs (including school programs, research symposiums, museum internships, travel programs, special events, and guest lecture series) promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Approximately 2.0 million permanent and loaned collections are preserved for the benefit of the public and the scientific community. The County Museum has been accredited from the American Association of Museums since February 23, 1973. In 2002, the Museum received its reaccreditation that will continue through 2015.

Furthermore, all divisions are active in discipline related research programs that contribute directly to public benefit by enhancing museum exhibit content through primary information acquired through research activities. In addition, Anthropology/Archeological Information Center provides archeological land use information for public and private sector based on the Museum fee schedule. The Biological Sciences and the Geological Science Divisions conduct scientific field research and studies for public and private agencies which is a revenue source for the Museum. This field research results in valuable collections being accessioned into the museum collections that are curated and exhibited for public education and benefit at the main facility and historic sites.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation for staffing expenses has a modest \$64,000 decrease primarily attributed to a net zero staffing change that reflects the deletion of a higher cost regular position and the addition of a lower cost contract position for different programmatic purposes. This staffing expense savings helped offset the \$69,000 decrease in reimbursements. Departmental revenue has only an overall \$8,000 decrease; although, there are large shifts in revenue amounts that are attributed to budgeting for the revenues within the proper source categories.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$1,765,067 fund 30 budgeted positions that provide program services and oversight for the main Museum facility and 7 regional historic sites. Operating expenses of \$1,693,060 include services and supplies expenses of \$396,380 required for educational programming, exhibits, and advertising of Museum activities/programs; COWCAP charges of \$683,288; central services charges of \$399,929 for Facilities Management and Information Services Department (ISD) charges; travel of \$65,000; and transfers of \$148,463 primarily related to Museum's off-site storage. Departmental revenue of \$1,582,111 is derived from admission fees, educational services revenues, and various contract-based sources.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes in the 2012-13 budget have an overall net "zero" impact. The increase of staffing costs from the contract paleontological project facilitator position approved by the Board of Supervisors on March 13, 2012 (which is incorporated in the 2012-13 budget) is offset by the decrease in staffing costs of a vacant Administrative Supervisor I position as part of the 2012-13 budget process. As a result of these staffing changes, the Museum programmatic impact is manageable from the stand point of the existing level of service.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are increasing for the one General Services Worker II position, as the position is budgeted at the proper level for 2012-13, based on the conversion from a Public Service Employee to this classification as part of the 2011-12 budget process. Contingencies for unanticipated expenses are eliminated, and instead the appropriation authority is included within operating expenses to purchase store inventory. The revenue budget has been adjusted to reflect a lower level of anticipated sales of museum novelty items/souvenirs. The department plans to explore out-sourcing opportunities for the Museum Store program, as it has become increasingly difficult for staff to operate it in a profitable manner.

MAJOR EXPENDITURES AND REVENUE INCLUDED IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$35,821 fund 1 position that operates the Museum Store. Operating expenses of \$43,586 are specific to purchases for resale (inventory). Departmental revenue of approximately \$60,000 is generated from novelty items/souvenirs product sales, and is intended to be the financing source for the aforementioned inventory purchases and salary expenses.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing changes for 2012-13.

LAND USE SERVICES

Christine Kelly

MISSION STATEMENT

The Land Use Services Department is dedicated to ensuring a balance in the areas of housing, business, and recreational needs for the diverse cultures and communities of San Bernardino County. This is accomplished through comprehensive regional planning and enforcement of building standards, land uses, and environmental impacts.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Implemented electronic filing of plan reviews with Building and Safety.
- Improved customer service response time with customers contacting Land Use Services.
- Implemented a new website making a large range of information from Land Use Services available to customers.
- 33,000 building permit inspections were completed and 2,600 plan reviews were filed with Building and Safety.
- 4,100 fire hazard abatements were performed and 540 citations were issued on properties throughout the County.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PLANNING - IMPROVE THE PROCESSING TIME OF PROJECT DEVELOPMENT APPLICATIONS AND THE ENVIRONMENTAL REVIEWS TO BE CONSISTENT WITH THE PERMITS STREAMLINING ACT AND THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).**

Objective: *Improve the processing time of project development applications and the environmental review to be consistent with the Permits Streamlining Act and CEQA.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of applications completed.	N/A	N/A	95%	95%	99%

In accordance with the permit Streamlining Act, jurisdictions must make a determination that an application for project development is complete and ready for processing within 30 calendar days of submission. Incomplete applications must be returned to the applicant with information specifying the deficiencies and corrective actions necessary for resubmission of a complete application.

In addition, CEQA requires an Initial Study be prepared for most discretionary projects submitted to the department in order to determine potential adverse environmental impacts. This will be accomplished through the continued streamlining of business processes within Planning as well as more effectively utilizing existing planning resources. Examples of this include implementing electronic filing of site plans and utilizing geographic information systems in a more efficient manner.

GOAL 2: BUILDING AND SAFETY - IMPROVE PERFORMANCE TARGET MEASURES FOR BUILDING AND SAFETY PLAN REVIEW COMPLETION TIMES.

Objective: *Perform plan reviews in the following time frames:*
Residential - 10 working days
Subdivisions and multi-residential - 20 working days
Grading and non-residential - 30 working days

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of plan reviews completed within proposed time frames.	96%	95%	95%	95%	95%

Though the economy continues to improve, impacts to the building industry continue to be felt throughout the County. Consequently, though there has been an increase in the numbers of 2011-12 Building and Safety plan submittal, staffing levels continue to remain the same. In order to facilitate the high-level turnaround for plan submittal and review, contract services for specialized plan reviews have been facilitated to improve performance. With the addition of limited term staff, performance levels will continue to increase during workload peaks. Therefore, the 2012-13 target of plan review is achievable within specified time frames.

GOAL 3: CODE ENFORCEMENT AND FIRE HAZARD ABATEMENT - PERFORM A COMPREHENSIVE EVALUATION OF BUSINESS OPERATION IN CODE ENFORCEMENT AND FIRE HAZARD ABATEMENT.

Objective: *To improve efficiencies and performance with current levels of staffing and services provided and to perform an analysis of existing city contract and other similar services provided, such as graffiti abatement, to determine if additional efficiencies can be implemented.*

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Perform cost-benefit analysis on cost recovery of services provided.	N/A	N/A	N/A	N/A	95%

Code Enforcement and Fire Hazard Abatement perform services within County boundaries that are related to enforcement activities. Evaluation of a comprehensive review of business processes and seasonal activities will determine if more efficient processes can be implemented to increase overall response time and performance. This will include evaluations of existing city contracts for fire hazard abatement services provided by the County as well as analyzing performance on similar services, such as graffiti abatement. This will allow for a cost-benefit analysis to be performed on cost recovery of services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses has a net increase of \$607,955 and adds 4 new positions: 2 Office Assistant III and 2 Land Use Technician II. Staffing expenses include increases in retirement costs, merit increases, earned leave requirements, and overall increases in employee benefits.

Operating expenses of \$1,593,573 reflect a net decrease of \$420,171 primarily due to a Development Impact Fee contract of \$391,675 not being carried over to new fiscal year, and a reduction in COWCAP charges.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$2,568,126 fund 31 budgeted positions and make up the majority of the Department's expenditures. These expenses are vital to provide support to the other Land Use Services budget units. Additionally, Land Use Services Administration received net county cost of \$700,000 for the purchase of a new permitting system to replace the current permitting system.

Major operating expenses include COWCAP charges of \$769,488, computer hardware and software costs of \$214,975, central services and facilities maintenance expenses of \$107,102, and transfers out of \$285,352 of which \$275,281 is to fund 3 positions in Information Services Department (ISD) that support Land Use Services.

Capital expenditures include \$700,000 for the purchase of a new enterprise permitting system.

Reimbursements of \$4,122,673 represent payments from the divisions of Land Use Services for administrative, Customer Service Unit (CSU), and Call Center support. In addition, reimbursements from other County departments of \$39,026 are reflected for enterprise agreement costs.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Department increased by 2 Office Assistant IIIs and 2 Land Use Technician IIs. These positions were transferred from Land Use Services – Code Enforcement and do not have an operational impact. Transferring support positions to Land Use Services – Administration ensures that the other divisions are charged for actual support.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2,412,334 fund 20 budgeted positions. A net increase of \$676,332 is primarily due to the 2011-12 final budget reflecting salary savings due to vacancies, retirement costs, merit increases, earned leave requirements, and overall increases in employee benefits.

Operating expenses of \$6,083,600 reflect a net increase over the prior year of \$2,826,032, primarily due to professional services that result from development projects such as general plan and development code updates, specific plans, and other major development projects. Additional costs include legal notices, publications, Planning Commission consulting costs, outside legal counsel costs for the Cadiz project, COWCAP charges, central service and facilities maintenance costs, and other general operating expenses. In addition, operating expenses include \$1,651,627 for administrative and customer service support reimbursed to the Administration Division.

Reimbursements of \$341,260 reflect a net increase of \$270,596 due to a reimbursement from the First District to offset the cost for the Helendale Environmental Impact Report.

Departmental revenue of \$2,100,618 reflects a net increase of \$266,169 due primarily to increasing budgeted current services revenue to reflect current trend.

Net county cost is increasing by \$2,965,599 primarily due to the need for professional services for program support for development code and general plan updates, specific plans, and other major development projects.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses and outside consultant services make up the majority of the Department's expenditures. These expenses are necessary to ensure that planning projects are reviewed and completed in a timely manner to facilitate and reduce the time needed for development projects to begin. Revenues are primarily a result of actual staff time reimbursed by planning projects.

STAFFING CHANGES AND OPERATIONAL IMPACT

In 2011-12, there were 20 budgeted positions and there are no current staffing changes for the 2012-13 budget. There are currently 4 vacant positions that the Department is planning to fill during the fiscal year.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1,864,776 fund 21 budgeted positions, of which 7 positions are limited term. This appropriation has a net increase of \$244,623, which represents additional staffing expenses for plan review of the MolyCorp expansion project, retirement costs, merit increases, earned leave requirements, and overall increases in employee benefits.

Operating expenses of \$1,979,191 reflect a net increase of \$118,510, which is primarily due to an increase in cost allocation for Customer Service Unit (CSU) and Call Center support in Land Use Services Administration as a result of implementing time tracking system. Other expenses include vehicle charges, professional services required for specialized plan review, transfers out for administrative support, computer hardware and software costs, central computer charges and facilities management charges, and COWCAP charges.

Departmental revenue of \$3,305,184 primarily represents permit and plan review fees collected for construction permits. The sustained downturn in the real estate market continues to have an impact on the demand for building-related services, there continues to be a slight decrease in Division revenue that is anticipated to decrease by \$1,351,193. This decrease is primarily related to the anticipated slowdown of the MolyCorp project. The Mountain Pass mine is a world-class rare earth mine operated by MolyCorp Minerals, LLC. Current activities include site modifications to relocate the plant facilities, add a Combined Heat and Power Plant, improve the efficiency of its recovery systems and install Salt Recovery and Recycling Facilities.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses and transfers out make up the majority of the Department's expenditures. These expenses are necessary to keep up with current building permit and plan review demands. Revenues are comprised primarily of permit and plan review fees.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing changes for 2012-13.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$3,067,833 fund 26 budgeted positions. This appropriation has a net increase of \$127,667 primarily due to increases in retirement costs, merit increases, earned leave requirements, and overall increases in employee benefits. Other operational changes include the transfer of 2 Office Assistant III's and 2 Land Use Technician II's to Land Use Services Administration Customer Service Unit and the deletion of 1 Code Enforcement Officer II position.

Operating expenses of \$2,345,635 reflect a net increase of \$233,410, which is primarily due to an increase in costs allocated to the department from the Customer Service Unit (CSU) and Call Center in Land Use Services - Administration. Major expenditures include vehicle expenses, graffiti and blight abatement services, central mail processing for administrative citations, central computer, facilities maintenance, COWCAP charges, County Counsel costs, and other general operating expenses.

Reimbursements of \$639,321 reflect a net increase of \$218,323 from the prior year primarily due to funding from Community Development Block Grant for demolition and blight abatement services and Flood Control for Off Highway Vehicle (OHV) enforcement reimbursements.

Departmental revenue of \$408,955 reflects a decrease of \$49,792 from the prior year primarily due to budgeting \$150,000 from Flood Control for Off Highway Vehicle enforcements in reimbursements and not fee/rate revenue.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing, vehicle services charges, County Counsel costs associated with Medical Marijuana enforcement, and graffiti abatement contracts make up the majority of the budget unit's expenditures. These expenditures are necessary to effectively respond to complaints from citizens and business owners within the enforceable areas. Revenue is comprised primarily of administrative citations.

STAFFING CHANGES AND OPERATIONAL IMPACT

In 2011-12, staffing was 31 and is decreasing to 26 in 2012-13. This is due to 2 Office Assistant II's and 2 Land Use Service Technician II's being transferred to the Land Use Services Administration budget unit. This move has no impact on operation, as these positions will still assist in Code Enforcement functions and their costs will be allocated based on actual activity. This decrease also reflects the deletion of 1 vacant Code Enforcement Supervisor position.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$840,507 fund 15 budgeted positions, of which 5 are limited term. This appropriation has a net increase of \$66,467 from the prior fiscal year final budget, which reflects the addition of 1 Code Enforcement Officer II being reinstated. Staffing expenses include increases in retirement costs, merit increases, earned leave requirements, and overall increases in employee benefits.

Operating expenses of \$1,087,964 reflect a net decrease of \$162,058. This decrease is primarily due to a decrease in agricultural services for general abatements and the completion of the Forest Care Program.

Reimbursements of \$45,000 are from community development block grants from the Economic Development Agency for Fire Hazard Abatement services for County-owned property.

Departmental revenue of \$1,626,270 reflects a net decrease of \$268,611, which is primarily due to a reduction in Red Cross grant revenue and administrative citation revenue.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses, weed abatement contracts, and vehicle services charges represent the majority of Fire Hazard Abatement's expenditures for 2012-13. These expenses are necessary to identify and mitigate fire hazard risks. Revenue sources are primarily contracts with cities and fire districts (\$278,569), administrative citations (\$125,000), and charges to property owners for abatement services (\$805,703).

STAFFING CHANGES AND OPERATIONAL IMPACT

In 2011-12 budgeted staffing was 14 and is now 15 for 2012-13, which was the result of 1 Code Enforcement Officer II being reinstated.

MISSION STATEMENT

The Public Works Department provides a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibility include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and County Surveyor functions.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- **Surveyor** – In 2010-11, the Division reduced its processing time for final maps, parcel maps and all other map reviews to under the 20 day working day limit prescribed by state law. In 2011-12, the Division continued to meet this 20 day statutory limit for all maps reviewed. In addition, the Division expanded services offered in Geographic Information Systems to other divisions within the Public Works Department.
- **Transportation** – In 2011-12, the Division completed 26.5 miles of road rehabilitation projects including 2.25 miles of Valley Boulevard and 5.4 miles of National Trails Highway, 16 miles of overlay projects, 41 miles of roadway sealing and surface protection projects, 8 sidewalk projects including Alder Avenue and Lynwood Drive, 3 drainage projects, 2 traffic signal installations at Bloomington Avenue at Larch and Rotary Way at State Highway 62, 4 intersection improvement/turn lane projects, 1 realignment and overlay of Oak Hill Road, and 1 retaining wall. Of the 83.5 miles of rehabilitation, overlay, and sealing/surface protection projects completed in 2011-12, 59 miles were funded with \$8 million dollars from the General Fund as a one-time contribution to assist the Division in maintaining its pavement condition.
- **Solid Waste Management** – In 2011-12, the Division completed the following capital improvement projects: 1) final closure construction at the Big Bear Sanitary Landfill; 2) full half-width improvements to Alder Avenue and Casmalia Street adjacent to the Mid-Valley Sanitary Landfill in Rialto; and 3) a new lined area for waste disposal, two new scale houses, two new in-ground scales, a new entrance roadway, and relocated a third in-ground scale at the Victorville Sanitary Landfill. The following upgrades and/or replacements occurred at the following sites: a new in-ground scale was installed at the Heaps Peak Transfer Station in Running Springs; a new 20 Kilowatts (KW) generator was installed at the Barstow Sanitary Landfill's scale house, and a new 200KW generator was installed at the Twentynine Palms Transfer Station to power the transfer station's compactor and the entrance road leading to the transfer station was improved with pavement widening and grader patching.
- **Flood Control District** – During 2010-11, the District completed construction of 2 major projects: 1) Sultana Cypress Storm Drain Phase IIB and 2) Sultana Cypress Storm Drain Phase IIC. The District also completed significant repairs to facilities like the Santa Ana River levees that were damaged in the storms of December 2010. For 2011-12, the District completed the reconstruction of Reche Channel at the cost of approximately \$1.0 million dollars which was damaged in December of 2010 and completed Phase 2 of the Cucamonga Basin No. 6 project which is now in the first year of maintenance.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: SURVEYOR – PROVIDE TIMELY MAP AND PLAN CHECK SERVICES FOR CUSTOMERS.

Objective: Continue to meet the mandated processing times for map and plan check reviews.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Percentage of parcel maps completed within 40 working days (2009-10), 20 working days (2010-11), 20 working days (2011-12), and 20 working days (2012-13).	100%	100%	100%	100%	100%
Percentage of final maps completed within 30 working days (2009-10), 20 working days (2010-11), 20 working days (2011-12), and 20 working days (2012-13).	100%	100%	100%	100%	100%

GOAL 2: TRANSPORTATION – MAINTAIN THE LEVEL OF SAFETY AND MAINTENANCE FOR COUNTY MAINTAINED ROADS.

Objective: Maintain the average Pavement Condition Index (PCI) for County maintained roads at a “good” or higher PCI category.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Average Pavement Condition	77	76	76	76	76

Road with PCI above 55 are considered “good” or better. Roads between 70 and 85 are considered “very good”.

GOAL 3: SOLID WASTE MANAGEMENT – MAINTAIN COMPLIANCE WITH THE INTEGRATED WASTE MANAGEMENT ACT.

Objective: Implement programs and education promoting waste reduction and diversion.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
Per Capita Disposal Rate (lbs/person/day).	4.5	4.7	4.7	4.7	5.2

State mandates require California cities and counties reduce the amount of waste disposed in landfills by 50% through programs and education promoting waste reduction, recycling and reuse. Compliance is measured by the jurisdiction's per capita waste disposal rate. San Bernardino County's base per capita disposal rate is 12.4 lbs/person/day. In 2009, the actual per capita disposal rate was 4.5 lbs/person/day or 63.7% diversion. The economic downturn has resulted in a higher diversion rate than what would have been experienced in a more stable economy and Solid Waste Management Division expects that as the economy rebounds there will be an increase in the amount of waste that will be generated. Our goal is to maintain a diversion rate of at least 58% or 5.2 lbs/person/day disposal rate through ongoing programs and education targeting commercial, multifamily and construction waste. Effective July 1, 2012, state-mandated commercial recycling will be implemented for businesses that generate 4 or more cubic yards of waste a week and multi-family dwellings of 5 or more units. State Green Building Codes are now requiring 50% diversion of construction and demolition waste for most all building projects larger than simple home additions.

GOAL 4: FLOOD CONTROL DISTRICT – IMPROVE FLOOD PROTECTION AND INCREASE WATER RECHARGE AT FLOOD CONTROL FACILITIES.

Objective A: Continue to increase the annual volume of water recharge at District facilities.

Objective B: Continue to reduce risk of flooding by evaluating and improving District levees.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
4A. Acre-feet of water recharged at Flood Control District basins.	39,300	81,500	60,000	60,000	60,000
4B. Number of District Levee or Flood Control facilities studied to meet FEMA standards.	75	78	87	87	87

The recharge volume for 2010-11 was 81,500 acre-feet, which represents a significant increase from the previous year. This increase was a result of substantial rainfall across San Bernardino County and the State which raised many reservoirs to near capacity levels. These conditions made it possible for more State Project Water to be made available for groundwater recharge and provided opportunity for greater capture of storm water. Projections for the current year are expected to be somewhat less because this winter has been much drier than last year.

Surveyor

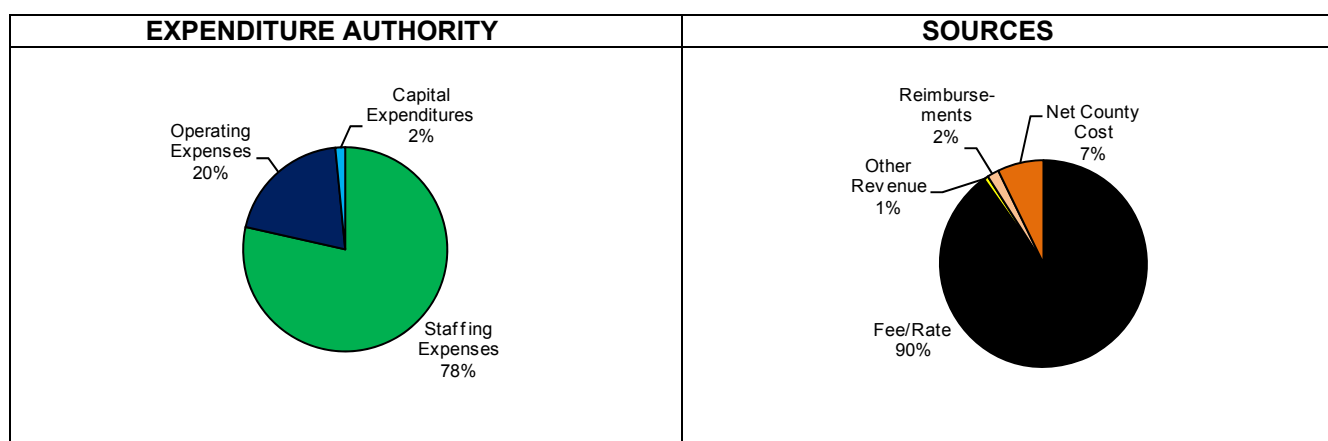

DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps, perform design and construction surveys for various County departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the County. The County Surveyor ensures these maps and plans conform to conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other county departments and are responsible for perpetuation of controlling survey monuments. The County Surveyor also maintains the integrity of the Countywide Geographic Information Services (GIS) Parcel Basemap.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Surveyor include a net decrease in staffing expenses of \$79,113 primarily due to reduced leave cash outs. Operating expenses of \$774,022 reflect a net increase of \$274,921 and include increased COWCAP costs as well as the potential use of private land surveying firms in the event of unanticipated workload increases. Departmental revenue increased by \$224,548 and includes \$100,000 from revenue for the potential use of private land surveying firms as well as increased requests for surveys from the Department's Transportation and Flood Control Divisions. Net county cost has increased to \$279,903 and represents a \$40,500 increase for costs associated with processing corner records, a mandated service.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses make up the majority of the Surveyor's expenditures for 2012-13. In the event of unanticipated workload increases, operating expenses include \$100,000 for possibly using the services of private land surveying firms. The capital expenditure of \$60,000 is for a Total Station survey instrument needed in order to perform field surveys and add significant productivity capabilities to help with both cost and safety issues. These costs are necessary in order to provide the public with protection in matters as they relate to sound surveying practices and to meet state mandated time frames. Departmental revenue of \$3,528,503 includes fees charged to customers for: field surveys, review of subdivision maps, preparation of legal descriptions and maps, and taxable sales of microfiche prints, plotter prints, electronic map images and photocopies.

STAFFING CHANGES AND OPERATIONAL IMPACT

The Surveyor eliminated 4 vacant positions (Supervising Land Surveyor, Extra Help Land Surveyor, Engineering Technician II, and an Office Assistant II), and transferred out 1 filled Engineering Technician IV position to the Department's Transportation division as a result of workload reduction due to the slowing of development that has been occurring.

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation budget unit was established to account for expenses incurred related to the retracement or re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this budget unit are funded by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation of \$64,581, which includes contingencies of \$6,907, is for services specifically related to retracement or re-monument surveys. The \$132,246 decrease is due to a reduction in available fund balance and revenue.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Funding in this budget unit support costs incurred for retracement or re-monument surveys performed by the Surveyor Division based on statutory requirements. Departmental revenue of \$58,510 is from fees charged to the public for filing or recording specific types of grant deeds conveying real property.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Transportation Special Revenue Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Road Operations is responsible for the operation, maintenance, and improvement of the County's road system that currently includes approximately 2,768 miles of roadways. Additional activities include administration, planning, design, construction, land development, and traffic operations.

Budget at a Glance

Total Expenditure Authority	\$166,366,679
Total Sources	\$101,917,051
Fund Balance	\$64,449,628
Total Staff	355

The Division's routine maintenance activities include patching and crack filling on approximately 7,500 lane-miles of asphalt pavement, grading of 533 miles of unpaved roads, shoulder maintenance, snowplowing of over 300 miles of mountain roads, traffic signal maintenance at 56 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance throughout the system, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 13 yard districts with regional facilities located to best serve the 20,000 square-mile area of the County.

Road activities are funded almost entirely from highway-users sources. These sources consist primarily of state and federal fuel taxes (Highway Users' Tax or Gas Tax), voter-approved state transportation infrastructure bond (Proposition 1B – a one-time funding source), local transportation funds generated by sales tax revenues (Measure I), and development fees. The Department has eight established local transportation fee plans (Facilities Development Plans) and one regional transportation fee plan (Regional Development Mitigation Plan) within 16 subareas throughout the County to collect funds for the purpose of mitigating the impacts of new development. Construction of major improvements (such as new roads, bridges, or adding of lanes) is limited to a few projects per year based on available financing.

Currently, the County's maintained roads are, on average, at a Pavement Condition Index (PCI) of 76 ("very good") with some roads below a PCI of 55 ("fair"). Over the years, the Gas Tax and Measure I funding have declined while costs have increased. In 2011-12, the Division expended \$18.0 million for activities related to maintaining the pavement condition level of the County Maintained Road System, out of which \$7.6 million was contributed by the general fund. While there are still one-time Proposition 1B funds, Gas Tax, and Measure I allocated for Pavement Management Projects this year, it is anticipated that additional funding in the amount of \$5 million is necessary to continue to maintain the current road condition. For 2012-13, the general fund is providing a one-time allocation of \$5.0 million to supplement departmental funding to ensure that the pavement condition does not deteriorate. Furthermore, in order to improve those roads that are below a "fair" status, an additional \$12.0 million ongoing would be needed.

Measure I is a Countywide one-half cent sales tax that was passed by the voters of San Bernardino County in November 1989 (1989 Measure), and extended by voters in 2004 (2004 Measure), to provide funding for transportation improvements until 2040. Measure I provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as traffic signal projects throughout the county. The County is divided into six sub-areas, and the Measure I funds received must be spent within the sub-area in which they were collected. The sub-areas are as follows: North Desert, Morongo Basin, San Bernardino Mountains, Colorado River, Victor Valley, and San Bernardino Valley.

Facilities Development Plans were established by County ordinance to collect fees for new construction on roads within the boundaries of the established fee areas. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Yucaipa, Oak Hills, Snowdrop Road, South & East Apple Valley, and Summit Valley. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final approval from the residents. Yucaipa and Oak Glen were dissolved in 2007 due to annexation.

Regional Development Mitigation Plan was adopted by the Board of Supervisors in 2006 to generate fair-share development contributions to regional transportation needs, including freeway interchanges, regional arterials, and railroad grade separation projects. The County of San Bernardino's development contribution target shares were calculated for each of the unincorporated city spheres of influence in the San Bernardino Valley and Victor Valley as part of San Bernardino Associated Governments' (SANBAG) Development Mitigation Nexus Study. Development impact fees are collected at the time of issuance of a building permit for all residential, commercial, and industrial development. When sufficient fees are collected to cover the development contribution fair-share amount of projects, applications are submitted to SANBAG for the Measure I and/or federal and state funds necessary to construct the regional arterial roads, freeway interchanges, and railroad grade separation projects listed in the Regional Development Mitigation Plan. The Regional Development Mitigation Plan was updated with the effective date of August 25, 2012.

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are decreasing appropriation by \$2.1 million and reducing sources by \$7.8 million. Additionally, departmental fund balance has increased by \$5.7 million as a result of carrying forward funds to cover the costs of road construction projects that will take place in 2012-13 or later. Staffing expenses include an increase of \$2,757,590 in spite of the elimination of 9 vacant positions. This increase is due to annual salary increases, benefit cost increases, and \$1.1 million budgeted for seasonal snow removal workers which costs will only be incurred if snow levels require supplemental labor to maintain the roads. While road construction PCI projects and routine maintenance will still be funded at \$18.0 million and \$23.0 million respectively and other departmental functions such as traffic safety and support will still be maintained at the same level, there is a \$26.5 million increase in operating expenses. This increase is partially due to an increase of \$1.0 million in Road Liability insurance which represents a 200% increase since 2010-11. The additional cost increases are primarily related to a \$31.8 million increase in new road construction projects including \$17.0 million in Proposition 1B projects, with a good portion going towards PCI projects, \$8.0 million for a portion of the construction phase of the Glen Helen Grade Separation project, \$2.2 million for Lenwood Road bridge repair, \$2.1 million toward Sierra Avenue improvements, and \$2.5 million for medians on Cedar Avenue and Valley Boulevard. This increase is partially offset by a reduction of \$9.0 million for completed or encumbered projects including Southfork Road, Rotary Way signal installation, Calabash Avenue rehabilitation project, Fontana and Montclair area slurry seals and the completion of a diesel particulate installation program for heavy equipment. Other changes increased by \$0.9 million due to anticipated right-of-way expenses for current projects. Transfers among the funds increased by \$1.8 million primarily due to increased contributions from Measure I for various road projects.

Capital expenditures are increasing by \$165,907 due to \$457,000 increases in right-of-way and land purchases related to the Glen Helen grade separation project which are partially offset by decreases in equipment and vehicle purchases. The Department is also planning to utilize \$24.2 million which were in contingencies for the new road construction projects mentioned above. Reimbursements are increasing by \$3.2 million primarily due to Measure I contributions for joint participation projects and snow removal costs. Operating transfers out are decreasing by \$4.1 million primarily due to a one-time transfer to the general fund in 2011-12 for SANBAG share of the Pepper Avenue at Valley Boulevard intersection improvement project.

Departmental revenue is decreasing by \$7.8 million due to a decrease of \$1.7 million for Highway Users Tax (Gas Tax) based on projected revenues, \$1.5 million in other government aid for projects funded in 2011-12, \$2.1 million for reduced interest earnings and reduced one-half cent Measure I revenue, and a \$6.8 million decrease for operating transfers in from General Fund for contributions to various projects, including a \$3.0 million reduction in funding for PCI projects since one-time Proposition 1B funds are being primarily used to fund this activity. This decrease is partially offset by \$2.7 million increase in Federal aid for Cedar Avenue and Valley Boulevard median installation projects and Needles Highway realignment project, and \$1.6 million for contributions from other local agencies for shares of joint participation projects.

PROGRAMMATIC INFORMATION

With the focus of the Transportation Division being the maintenance of the County Maintained Road System, public safety, and infrastructure improvements, a variety of road related projects have been identified for 2012-13.

- Major rehabilitation and overlay projects are primarily being funded with General Fund, Proposition 1B, Measure I, and Gas Tax. These projects include 4.8 miles of Sheep Creek Road, 1.2 miles of Phelan Road, Cherry Avenue between Whittram and Foothill, Cedar Avenue and cooperative projects with Barstow, Apple Valley and Fontana.
- Currently budgeted at \$2.5 million, surface and chip seal projects are designed to protect road surfaces that are already in good condition. At \$30,000 to \$45,000 per mile, this is a low cost way to maintain the PCI at "very good" for the County Maintained Road System. In comparison, rehabilitating one mile of road can cost as much as \$560,000 per mile depending on specific project variables.
- Major infrastructure improvements that are fully funded include: Lenwood Road Grade Separation project, Glen Helen Parkway Grade Separation project, Yates Road reconstruction and soundwalls, and Slover Avenue Widening Phase I. Additionally, pending final determination from the State Department of Finance, construction on two Cherry Avenue projects is planned; Interstate 10 Cherry Avenue Interchange and the completion of Phase II of the Cherry Avenue – Whittram to Foothill widening and overlay project. Design of the widening of Ranchero Road in the Oak Hills area is underway and includes construction of a signal at Escondido Avenue. Although the project is not fully funded, construction can be phased and funds are available for the signal and a substantial amount of widening.
- To improve public safety, medians are being installed on Valley Boulevard and Cedar Avenue and crosswalk lights are being installed on Beech Avenue at Pine Street with 90% funding from Highway Safety Improvement Program grants, signals are being installed on Valley Boulevard at Banana Avenue and Slover Avenue at Larch Avenue with funding from General Fund, Proposition 1B, and Measure I, and sidewalks are being constructed at various locations using Safe Routes To Schools (SR2S), Community Development Block Grants, and Gas Tax for the local share.
- Additionally, several drainage improvement projects designed to improve public safety, including Spruce Avenue, Escondido Avenue, Phelan Road, Twenty-Fourth Street, and Institution Road for access to a Sheriff/Coroner/Public Administrator's facility are fully funded using Measure I, general fund, and Gas Tax, with Institution Road being budgeted only for the design phase in 2012-13. Culvert construction/slope protection projects are being designed for Old Waterman Canyon Road, Maple Lane, and Pine View Drive using Proposition 1B and Gas Tax; however, funding has not yet been identified for the construction phase of these projects.
- The Federal Highway Bridge Program (HBP) is a major funding source for bridge repair and replacement. Garnet Street Bridge, Yermo Road Bridge, and several bridge repair and replacement projects on National Trails Highway are being funded 88.53% through HBP with local share being funded by Gas Tax.
- The following major widening projects are funded only through the design stage: Summit Valley Road, Shadow Mountain Road and Rock Springs Road Bridge replacement. Additionally, environmental clearance on the Interstate 10 Cedar Avenue Interchange is expected in fall 2012.

Total Special Revenue Funds	144,434,533	79,984,905	64,449,628	355

Road Operations includes appropriation of \$113.9 million, out of which \$30.2 million is for labor to fund 355 positions; \$77.6 million is for operating expenses including road maintenance, equipment and materials purchases, vehicle maintenance, county internal service and administrative expenses, insurance, professional services for road construction projects, and transfers for labor and equipment usage within all Department of Public Works divisions; \$7.1 million is for capital expenditures, out of which \$5.0 million is to fund the purchase of land and right-of-way needed for the planned road construction projects and the other \$2.1 million is to replace equipment and vehicles that are needed for the daily operations of the Department; \$20.4 million is reimbursements from other Department of Public Works divisions for labor and equipment usage (\$19.8 million) and from the Community Development and Housing Department (\$0.6 million) for sidewalks, \$1.0 million is for capital improvement projects which will be managed by the Architecture and Engineering Department primarily to build two new cinder buildings at the Wrightwood and Running Springs Yards to improve employee safety and increase efficiency, and \$18.4 million is contingencies for future construction projects and a new cost accounting system.

Departmental revenue of \$71.7 million consists of \$46.9 million in Gas Tax, a \$1.7 million decrease from 2011-12, \$10.2 million in other state and federal aid for construction projects, out of which \$3.9 million is from SANBAG for this year's current share of the Glen Helen Grade Separation project and the Rotary Way signal installation, \$6.6 million for fees for services and from other government agencies for joint participation projects, including \$3.7 million from the San Bernardino County Redevelopment Agency for the Cherry at I-10 interchange improvement project, \$7.5 million in operating transfers in for General Fund contributions to pavement improvement projects, Valley Boulevard at Banana Avenue signal installation project, and a new cost accounting system, and \$0.5 million in miscellaneous revenue from other funding sources.

Measure I includes appropriation of \$21.8 million, out of which \$16.6 million is operating expenses for road construction projects, routine maintenance, and snow removal, and \$6.1 million is anticipated contingencies set aside for future road construction projects. Reimbursements of \$0.9 million represent payments from the Road Operations fund to partially fund a portion of costs associated with the Rancho Road project and the Phelan Road project. Departmental revenue of \$5.3 million consists of \$4.7 million in Measure I sales tax and \$0.6 million from City of Barstow and other governmental agencies for shares of joint participation projects.

Facilities Development Plans includes appropriation of \$2.9 million, out of which \$0.7 million is in operating expenses primarily for the design of Shadow Mountain Road in the Helendale/Oro Grande area and Rock Springs Road Bridge over the Mojave River in the southeast Apple Valley area. These expenses are partially offset by a reimbursement of \$0.6 million from the Measure I fund for a share of the Shadow Mountain project. Additionally, \$2.8 million has been allocated to contingencies for future construction projects. Departmental revenue of \$62,786 consists of anticipated development fees and estimated interest earnings.

Regional Development Mitigation Plan includes appropriation of \$5.9 million, out of which \$2.7 million is a transfer to the Road Operations fund for SANBAG 's public local share of Colton Avenue, Slover Avenue, and Reche Canyon Road rehabilitation projects, and \$3.2 million is allocated to contingencies for future road construction projects. Departmental revenue of \$2.9 million primarily consists of \$2.7 million for SANBAG's public share of various road rehabilitation projects, and \$161,000 in development fees and estimated interest earnings.

STAFFING CHANGES AND OPERATIONAL IMPACT

The department is eliminating 10 vacant positions including 1 Public Works Equipment Superintendent, 2 Engineering Technicians V, 1 Public Works Engineer II, 1 Contract Operations Safety Training Consultant, 2 Maintenance and Construction Workers I, 1 Secretary, 1 extra help Public Works Engineer IV, and 1 Public Service Employee. These are all vacant positions and will have no affect on departmental work flow. Additionally, 1 Engineering Technician IV is being transferred in from the Surveyor Division, 1 Staff Analyst I is being reclassified to an Accountant II and 1 Maintenance and Construction Supervisor II is being reclassified to a Maintenance and Construction Supervisor I to better serve the work requirements of the Department.

Solid Waste Enterprise Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

Operations Fund is responsible for the operation and management of the County's solid waste disposal system, which consists of six regional landfills, nine transfer stations, and thirty-three closed landfills or disposal sites. The Solid Waste Management Division also administers the County's solid waste franchise program which authorizes and regulates trash collection by private haulers in the County unincorporated area, and state mandated waste diversion and recycling programs. This is the only fund that has staffing associated with it.

Budget at a Glance

Total Expenditure Authority	\$213,569,032
Total Sources	\$75,648,453
Net Budget	(\$137,920,579)
Estimated Net Assets	\$12,177,821
Use of Net Assets	(\$11,320,669)
Total Staff	80

Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance (e.g. fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring) required by Titles 14 and 27 of the California Code of Regulations. This budget unit accounts for the expenses and revenues related to the planning, design, permitting, construction, and maintenance activities required for closure and post-closure maintenance of County landfills.

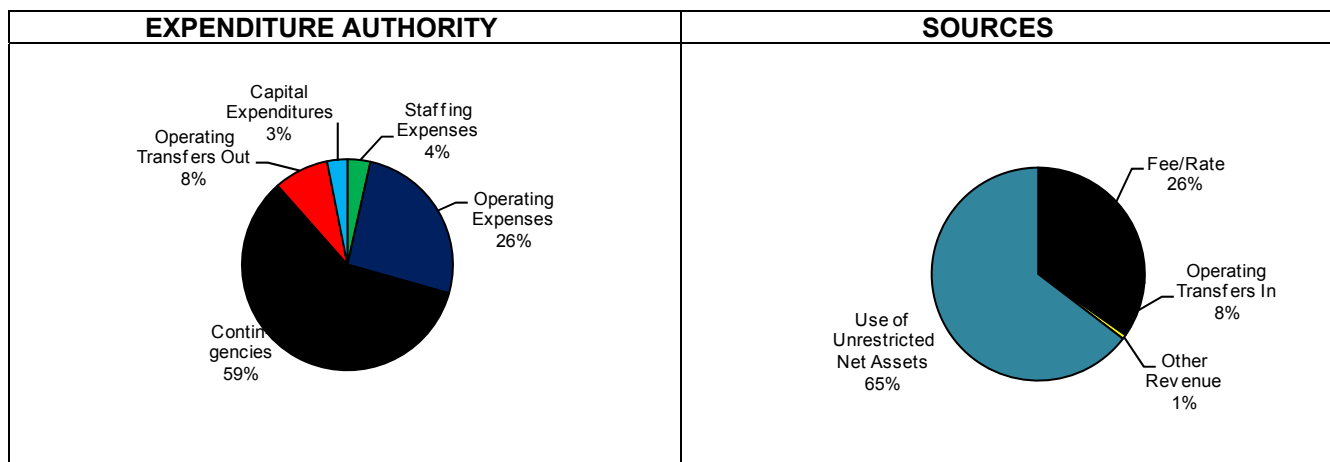

Site Enhancement, Expansion and Acquisition Fund provides for the construction of landfills and construction of transfer stations, the purchase of land, the construction of ancillary facilities, and site enhancements, all of which are directly related to the increase of waste capacity. This budget unit accounts for the expenses and revenues related to the planning, permitting, design, and construction activities required for the expansion and/or enhancement of County landfill and transfer station operations.

Environmental Fund provides environmental mitigation activities (e.g., landfill gas operation, maintenance and monitoring, and groundwater monitoring and remediation) at disposal sites and active and closed landfill sites for the health and safety of the public. This budget unit accounts for the expenses and revenues related to these environmental mitigation activities.

Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operations and management of a county owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste Program in unincorporated County communities, ongoing since 1993; and the Host Cities Program. Departmental revenue collected in this fund are also used to make contractual payments to the seven host cities with a County landfill or transfer station within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the County's portion of costs associated with debris cleanup in the aftermath of a locally declared disaster. Also, for 2008-09 and forward, all uncovered load fees will be transferred into this fund and used to finance the fund's activities.

Closure and Post-Closure Maintenance Fund provides for the funding of landfill closures construction for those facilities that fall within the regulatory requirements of landfill facilities that were still actively receiving waste as of 1989. Deposits are made to this budget unit from the Solid Waste Operations budget unit, as needed, to provide proper funding, based upon the amount of waste deposited into the landfills each year. No expenditures are booked to this budget unit, only operating transfers out to the Site Closure and Maintenance budget unit and contingencies to reflect total net assets available at year end. The operating transfers to the Site Closure and Maintenance budget unit can only be done when Solid Waste Management Division receives written approval from CalRecycle for the release of funds.

BUDGET CHANGES AND OPERATIONAL IMPACT

The **Solid Waste Enterprise Funds** are increasing appropriation by a net \$2.7 million and increasing departmental revenue by a net \$9.6 million. Staffing expenses are increasing by \$0.1 million due to the increases to annual salaries and benefit costs, which was partially offset by the elimination of four positions. Operating expenses are increasing by \$5.8 million due primarily to capital improvement projects that did not occur in the previous fiscal year. The increase in operating expenses has a corresponding decrease in contingencies.

Fixed assets are decreasing by \$0.4 million based on the current capital improvement project list.

Contingencies of \$126,599,910 reflect available net assets set aside for future use.

Operating transfers (in/out) are increasing significantly primarily due to funding the activities of the Environmental Fund and the anticipated state release of financial assurance funds from the Closure and Post-Closure Maintenance Fund to the Site Closure and Maintenance Fund for reimbursement of the cost associated with completing the final closure construction at the Big Bear Sanitary Landfill. State, federal and government aid revenue is not budgeted in 2012-13 as prior year revenue represented reimbursement of disaster recovery related activities. In addition, there is a \$0.4 million increase in fee/rate revenue due to increases in contracted waste disposal rates.

DETAIL OF 2012-13 ADOPTED BUDGET

2012-13				
	Appropriation	Revenue	Net Budget	Staffing

Operations Fund includes appropriation of \$86.1 million for the operation of the County's solid waste disposal system, including \$6.9 million to fund 80 positions, \$27.0 million for the landfill operations contract and other professional services needed to maintain the county's disposal sites, \$13.7 million to make lease payments to the Inland Empire Public Facilities Corporation for repayment of the Operations Fund bond, payments to cities for Article 19 fees, payments to the Board of Equalization based on a per ton of landfill waste, and for set asides for potential legal settlements. Contingencies of \$23.4 million represent available net assets set aside for future use. Departmental revenue of \$52.6 million are earned from landfill gate fees, special land use assessments, solid waste franchise fees, royalty agreements, land leases, interest earned on fund balance, and a small state grant for beverage container recycling education and outreach program. The revenue earned in this budget unit finances the activities of all other budget units and is reflected as operating transfers out.

Bond Financing at a Glance	
	2012-13 Budget
Principal	\$8,045,000
Interest	1,378,282
Total	\$9,423,282

Site Closure and Maintenance Fund includes appropriation of \$31.8 million, of which \$2.1 million is operating expenses for the partial closure of the south and west slopes of Unit 1 at the Mid-Valley Sanitary Landfill and \$29.7 million is contingencies which represent available net assets set aside for future use. Departmental revenue of \$4.4 million are primarily from an operating transfer in of \$3.8 million from the Closure and Post-closure Maintenance Fund for State-authorized release of funds associated with final closure construction at the Big Bear Sanitary Landfill. Other revenues include allocated special assessments, landfill gate fee revenue that supports closure activities, and interest earnings.

Site Enhancement, Expansion and Acquisition Fund includes appropriation of \$14.1 million, of which \$1.0 million is for construction of new facilities and site enhancements and \$12.8 million is anticipated contingencies representing available net assets set aside for future use. Departmental revenue of \$0.8 million is from allocated landfill gate fee revenue that supports expansion activities and interest earnings. Fixed assets of \$0.2 million is for the capital improvement portions of the projects listed below.

Project list by site:

- Landers Sanitary Landfill - Expansion Project including compliance with the California Environmental Quality Act (CEQA)/Environmental Impact Report (EIR) planning and permitting activities, and expansion engineering documents
- Mid-Valley Sanitary Landfill – Construction of the Full Half-width Improvements of Alder Avenue and Casmalia Street including construction management services
- San Timoteo Sanitary Landfill – Unit 2 CEQA Update / Re-permitting (EIR)

Environmental Fund includes appropriation of \$14.1 million, out of which \$7.8 million is for the construction, operations, maintenance, and monitoring of environmental control systems for the protection of groundwater, air, and soil per Title 5 air permits and Title 27 regulations. Departmental revenue is from operating transfers in from the Operations Fund, allocated landfill gate fees, and fund balance interest. Fixed assets of \$6.3 million is for the capital improvement portions of the projects listed below.

Project list by site:

- Colton – Landfill Gas Extraction System (LFGES) Operations, Maintenance and Monitoring (OM&M)
- Heaps Peak – Leachate Collection and Recovery System including construction, treatment and disposal, OM&M; LFGES OM&M; East Slope Stabilization: design, specifications, CEQA, regulatory permit assistance, construction, and mitigation fees
- Mid-Valley - Broco Investigation; Department of Toxic and Substance Control Reimbursement; perchlorate issues including State Water Resources Control Board Reimbursement, contract with City of Rialto; Groundwater Treatment System (GWTS) OM&M; LFGES including design, construction management, construction, OM&M
- Milliken - Edison License Agreements (Easements), GWTS and LFGES OM&M
- San Timoteo - LFGES OM&M
- Yucaipa - Groundwater Remediation Pilot Study In-Situ Bioenhancement; permanent GWTS design, construction and construction management
- County-wide - Water Quality Monitoring and Response Program

Environmental Mitigation Fund includes appropriation of \$4.1 million, out of which \$3.0 million is for accountability of the portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities, primarily for host communities' fees to seven Cities with a landfill or transfer station in their sphere of influence or within incorporated city limits. Contingencies of \$1.1 million represent available net assets set aside for future use. Departmental revenue of \$3.2 million is from allocated special assessments and landfill gate fees.

Closure and Post-Closure Maintenance Fund includes appropriation of \$63.3 million, out of which \$3.8 million is for a transfer to the Site Closure and Maintenance fund for the completion of the Final Closure Construction at the Big Bear Sanitary Landfill and \$59.5 million is anticipated contingencies representing available net assets set aside for reimbursements of future site closure costs. This fund does not currently generate any annual revenues. The County received approval in September 2010 from CalRecycle for the abeyance of future deposits to this fund because it had sufficiently met the Closure Financial Assurance regulatory requirements based on the amount of waste in place. No deposits (operating transfers in) will be required based on the estimated waste to be deposited for the Financial Assurance period covered within 2012-13.

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, overall staffing is decreasing by 4 vacant positions: 1 Public Works Operations Supervisor, 1 Recycling Specialist II, 1 Recycling Specialist I, and 1 Scale Operator. The incumbents retired or vacated the positions during 2011-12. The Department, through reorganization, has restructured duties and responsibilities in order to absorb the loss of these positions. In addition, the reclassification of a Recycling Specialist I to a Recycling Specialist is included in the budget to better reflect the duties and responsibilities of the incumbent.

REAL ESTATE SERVICES

David H. Slaughter

MISSION STATEMENT

The Real Estate Services Department is committed to providing a broad spectrum of timely, professional and quality real estate related services including leasing, appraisal, acquisitions, surplus property sales, inventory of owned and leased buildings and land, maintenance, grounds and custodial services, and design and construction of projects included in the annual Capital Improvement Program.

ORGANIZATIONAL CHART

*The budget of Architecture and Engineering Department is shown under its own budget section.

2010-11 AND 2011-12 ACCOMPLISHMENTS

- The Leasing and Acquisition Division (LAD) acquired five permanent road easements and 15 temporary construction easements from 17 property owners for Phase I of the Slover Avenue Widening Project in the Bloomington Area.
- LAD secured a lease for 25,515 square feet of office space for Human Services – Transitional Assistance Department (TAD) to implement call center technology to create a new method for efficient client caseload management and processing.
- LAD obtained right-of-way for underground storm drain systems in easement from 11 property owners, and in fee from one property, along with 11 temporary construction easements and 14 permits to enter and construct from a total of 20 owners for the Mountain View Acres Storm Drain project in the Victorville area.
- LAD secured a lease for 14,260 square feet of office space for the Inland Counties Emergency Medical Agency (ICEMA) in order to facilitate the department's need for expansion to include testing, licensing, and certification of personnel involved in emergency medical services for the public.
- The Facilities Management Division (FMD) implemented the Direct Billing Program to quarterly bill County departments for basic maintenance, custodial, and grounds services.
- FMD completed 22,412 work requests in 2010-11 and estimates 18,000 work requests will be completed for maintenance, custodial, and grounds services in 2011-12.
- FMD contracted out Grounds Services for a \$500,000 annual savings to the County.
- FMD expanded the Preventative Maintenance Program to improve building and equipment asset life, and reduce costly repairs.

Real Estate Services Department

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department (RES D) consists of the Leasing and Acquisition Division, Administration and Fiscal section, Facilities Management Division, and the Architecture and Engineering Department (shown elsewhere in the County budget).

The Leasing and Acquisition Division negotiates and administers revenue and expenditure leases on behalf of County departments. Revenue leases allow for the use of County-owned facilities, generally at County parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Expenditure leases provide space in leased facilities throughout the County for departments and their employees to support the delivery of services in locations convenient to the residents served. In addition, the division is responsible for the property management of court facilities within the County and the County-owned land and dairy facilities in the Chino Agricultural Preserve.

The Leasing and Acquisition Division also provides appraisal, acquisition, and relocation assistance for County departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. Staff establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. This Division also acquires land and facilities for various functions and disposes of property determined to be surplus to the County's needs.

The activities of the Leasing and Acquisition Division are conducted in accordance with, and in support of, the County goals to operate in a fiscally responsible and business like manner, to maintain public safety, to provide for the health and social service needs of County residents, and to pursue County goals and objectives by working with governmental agencies.

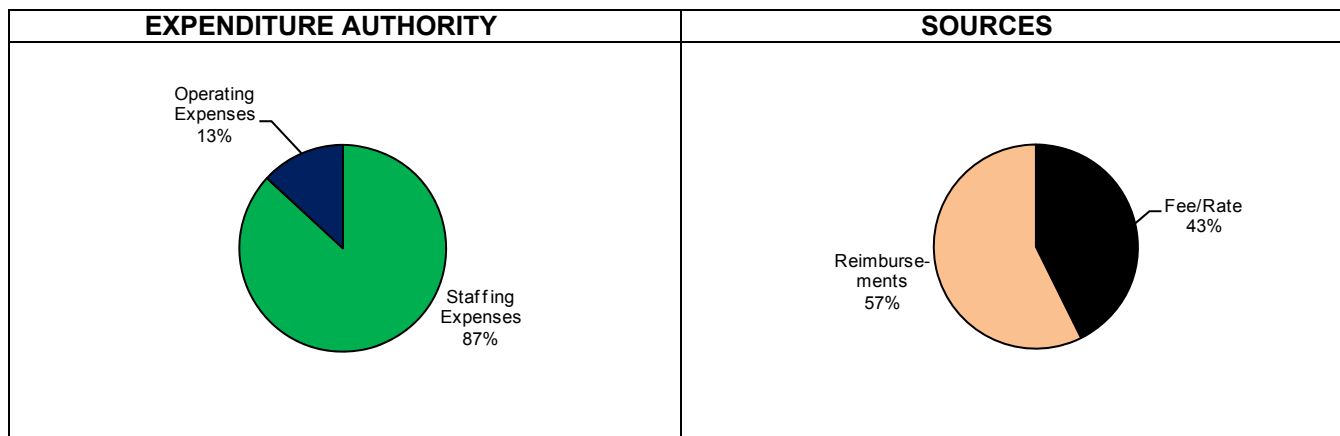

The Administration and Fiscal section is responsible for maintaining an inventory of all County land and buildings, including leased facilities, and provides all support functions including budgeting, personnel administration and automation services.

The Facilities Management Division serves the public by providing quality custodial, grounds and maintenance services that enable County departments and staff to effectively meet the expectations of their customers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses increased by \$44,615 due to retirement costs offset by a reduction in operating expenses of \$25,321 and increase in reimbursements of \$20,433 for increased cost in services. Appropriation and departmental revenue have a net decrease of \$1,139.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$2,493,985 fund 23 budgeted positions and make up a majority of RESD's expenditures within this budget unit for 2012-13. Operating expenses include \$101,802 to upgrade the Computer Aided Facilities Management (CAFM) system, which tracks both County-owned and leased buildings, and to create a project tracking system to track billing expenses. Reimbursements and revenues are for project management of leases, and for appraisal and acquisition services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing increased 1 from 22 to 23 to add a position for a Staff Analyst II that has been dual-filling a Staff Analyst II position in 2011-12.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for this budget unit include an increase in operating expenses of \$2,763,945 primarily due to an increase in rental payments paid to landlords for additional rental sites and increases in transfers to Facilities Management for operations and maintenance costs of County-owned space that is vacant or leased. Reimbursements from County departments for lease costs and administrative fees paid to Real Estate Services Department for lease management increased \$2,437,458. The decrease in operating transfers out of \$701,137 is primarily due to a reduction in net revenue from leases of County-owned space which is transferred to the general fund.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

The major expenditures for this budget unit are primarily rent and lease payments of \$42,293,496 paid to landlords. This budget unit also transfers \$758,079 to Facilities Management for operating expenses in space not occupied by County departments and therefore not billable, \$1,251,890 to Real Estate Services Department for lease management, and \$161,100 to the Sheriff/Coroner/Public Administrator for security costs for the 303 Building. Reimbursements of \$43,609,979 are from County departments for their lease and administrative fees. Departmental revenues of \$1,482,408 are primarily from the lease of space in the 303 Building to the Courts, of which net revenue of \$627,822 is being transferred to the general fund.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Courts Property Management

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, required the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California, Administrative Office of the Courts (AOC). In addition, as each transfer occurred, the County and AOC entered into an agreement that defined whether the County or the AOC manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the AOC for maintenance, utilities, insurance, overhead expenditures, and work order requests for space occupied by the local court in County managed facilities. This budget unit is also used to manage and account for payments to the AOC for costs associated with the space occupied by the County in AOC-managed facilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses decreased by \$310,442 due to estimated expenses and billings to the AOC for County-managed court buildings are projected to be less in 2012-13. Reimbursements reflect a decrease of \$150,588 due to decreased costs related to the County's portion of expenses in AOC-managed court facilities for maintenance and utility costs. Departmental revenue reduced \$159,854 due to a decrease in billings to the AOC for County-managed court buildings.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

This budget unit acts as a clearinghouse between County departments and the AOC for management of court facilities. Operating expenses of \$3,247,430 include payments of \$1,025,921 to the AOC for operations, maintenance and utility costs for AOC-managed court facilities, \$337,205 to Risk Management for the AOC's share of property insurance, and transfers of \$1,884,304 to Facilities Management Division (FMD), the Utilities budget and Real Estate Services Department to reimburse for the AOC's share of operations, maintenance, utility and administrative costs in County-managed court facilities. Reimbursements of \$1,025,920 from FMD and the Utilities budget are for AOC-managed court facilities and departmental revenue of \$2,221,510 are from the AOC for its share of operations, maintenance, utility, administrative and insurance costs for County-managed court facilities.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Chino Agricultural Preserve

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal and Parkland Conservation Act (Proposition 70). The Department is responsible for negotiating and managing leases for the properties acquired, and developing recommendations for the ultimate use/disposition of these properties. Property management activities include arranging for all ordinary and emergency repairs and improvements necessary to preserve and maintain the properties in their present condition and improve operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully funded through revenues received from the lease of acquired properties.

BUDGET CHANGES AND OPERATIONAL IMPACT

A major change for this budget unit from 2011-12 was the transfer of operating expenses and revenue to the Rents budget and fund balance to the general fund for the County-owned Wiersma Dairy. The increase in operating expense of \$143,075 for 2012-13 is for anticipated higher maintenance and repair costs for dairy properties and professional services in connection with the sale of the dairy properties. Revenues are expected to decrease \$1,275.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$354,464 maintain the dairies, such as utility costs associated with vacant properties, property management charges, County Counsel fees, professional services, and maintenance charges for the properties. Departmental revenue of \$674,156 includes revenue anticipated from the leasing of dairy properties and interest revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Facilities Management Division

DESCRIPTION OF MAJOR SERVICES

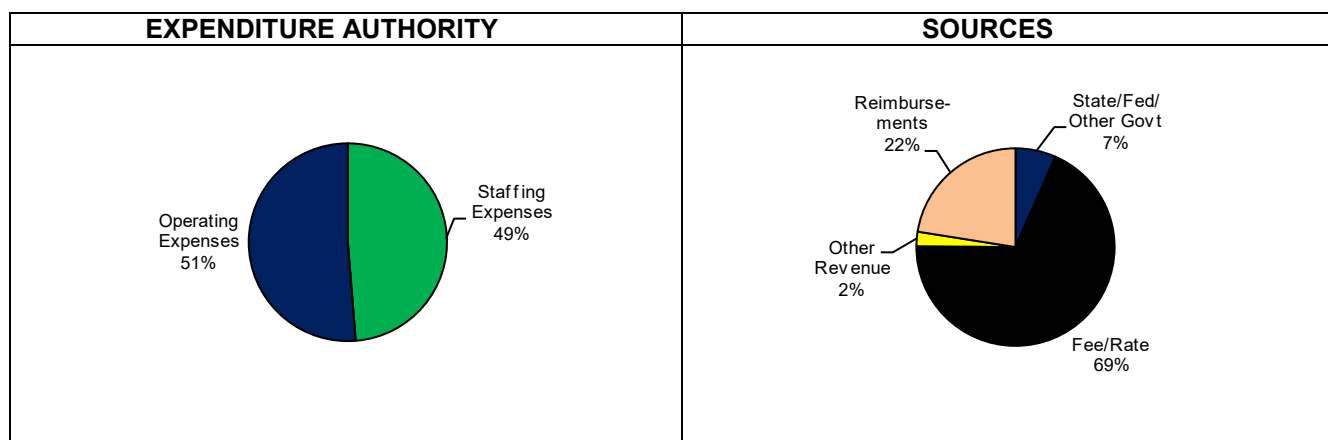

The Facilities Management Division (FMD) provides routine maintenance, grounds and custodial services to ensure County facilities are well maintained, including 24 hours per day – 7 days per week emergency building maintenance. Services also comprise repairing building structures, equipment, and fixtures.

FMD's focus is on asset protection. Using data and support systems, it maintains the County's valuable facilities and equipment, preserves a high level of functionality, supports sustainability projects, and promotes responsible and efficient use of resources.

BUDGET CHANGES AND OPERATIONAL IMPACT

For 2012-13, staffing expenses increased \$507,182 due to increased retirement and benefits costs, the addition of 1 Custodian I and 1 General Maintenance Mechanic position and fully funding an Office Assistant II position. Operating expenses increased \$1,187,344 due to increased materials, system development, vehicle charges and contract costs. Departments will realize a reduction in costs for Grounds services as FMD contracted out Grounds services for an annual savings of nearly \$500,000. This savings is offset by increased costs for Maintenance services, primarily the result of contracting out additional services for boilers and heating, ventilation and air conditioning (HVAC) controls. Departments may have seen a change in Custodial charges for 2012-13 due to "blending" in-house and contract costs. Custodial service costs were previously based on contract cost plus 20% or on in-house cost per square foot, depending on whether the service was provided by contract or in-house staff. Custodial service costs for 2012-13 are the average cost of contract and in-house costs. Since contract costs are generally lower, this change resulted in higher or lower Custodial charges for some departments in some buildings, depending on whether the service had previously been charged at contract or in-house cost. Reimbursements and departmental revenues increased as a result of the overall increase in costs.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$7,991,530 fund 105 positions and make up approximately half of FMD's expenditures. Operating expenses of \$8,408,176 fund contracts for Grounds, Maintenance and Custodial services, materials for repairs and maintenance of county facilities and equipment, and vehicles, tools, supplies, systems development charges, overhead and administrative costs. Reimbursements of \$3,690,268 and departmental revenue of \$12,709,438 offset these costs by billing County departments and the Administrative Office of the Courts and local Court for services provided. Facilities Management does not receive discretionary general funding (net county cost).

STAFFING CHANGES AND OPERATIONAL IMPACT

For 2012-13, FMD added 1 General Maintenance Mechanic for Maintenance services and 1 Custodian I for Custodial services to address increased workload as a result of the addition of new space for a total of 105 positions. 1 Office Assistant II, which was partially funded out of the Facilities Management Division budget in 2011-12, is also being fully funded in 2012-13.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Utilities budget include an increase of \$3,441,302 in discretionary general funding (net county cost) primarily for anticipated increases in electricity, water, disposal, gas, sewer and contracts costs for 2012-13. In 2011-12, the County experienced mild winter and summer weather and utility costs were lower as a result. In addition, rate increases for electricity, that was expected to be effective January 2012, were not approved yet by the California Public Utilities Commission (CPUC), but are anticipated to be approved and effective in 2012-13. Staffing expenses of \$176,651 fund 2 budgeted positions and the increase of \$54,703 will fund a new Fiscal Assistant position to replace a deleted Public Service Employee position to support department operations.

Other changes in the Utilities budget are primarily due to the nearing completion of the energy efficiency grant from the federal government. The decrease in operating transfers out of \$1,106,821 is due to the completion of three energy projects by Architecture and Engineering Department and Land Use Services Department: Solar Photo-voltaic System for the High Desert Government Center, Heating, Ventilation and Air-Conditioning (HVAC) retrofit project for the County Government Center, the Environment Impact Report for the County's Green House Gas Reduction Plan, and work completed for the other projects funded under the grant. Departmental revenue also decreased by \$1,099,801 and was primarily due to the completion of these projects.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Operating expenses of \$20,617,785 is the largest major expense in this budget and fund utility costs for County facilities. Departmental revenues of \$385,292 have considerably less significant impact on the operation of the Department compared to operating expenses and represent utility costs passed on to customers and third parties that occupy County-owned space.

STAFFING CHANGES AND OPERATIONAL IMPACT

While there are no changes to the number of budgeted positions, 1 new Fiscal Assistant position is budgeted to replace 1 Public Service Employee position to provide continuous support to department operations.

Three projects were identified for 2011-12: Lake Gregory Regional Park Dam, Moabi Regional Park Sewer Lift Station, and the Mojave Narrows Regional Park Levee. Of those three projects, the Moabi project was completed and one part of the Lake Gregory Dam project was completed (Emergency Action Plan); and the remainder will be ready for construction in 2012-13. Not included, but completed, are the sewer and water infrastructure improvements at Prado Regional Park. In 2012-13, the Department anticipates completing 4 major projects such as the Lake Gregory Dam Emergency Release Valves, the Mojave Narrows Levee at Horseshoe Lake, the renovations at the Glen Helen Campground, and facility/utility/infrastructure upgrades at Calico Ghost Town.

GOAL 2: PROVIDE OPPORTUNITIES THAT PROMOTE OUTDOOR RECREATION.

Objective: Continued development of youth programs.

Regional Parks

DESCRIPTION OF MAJOR SERVICES

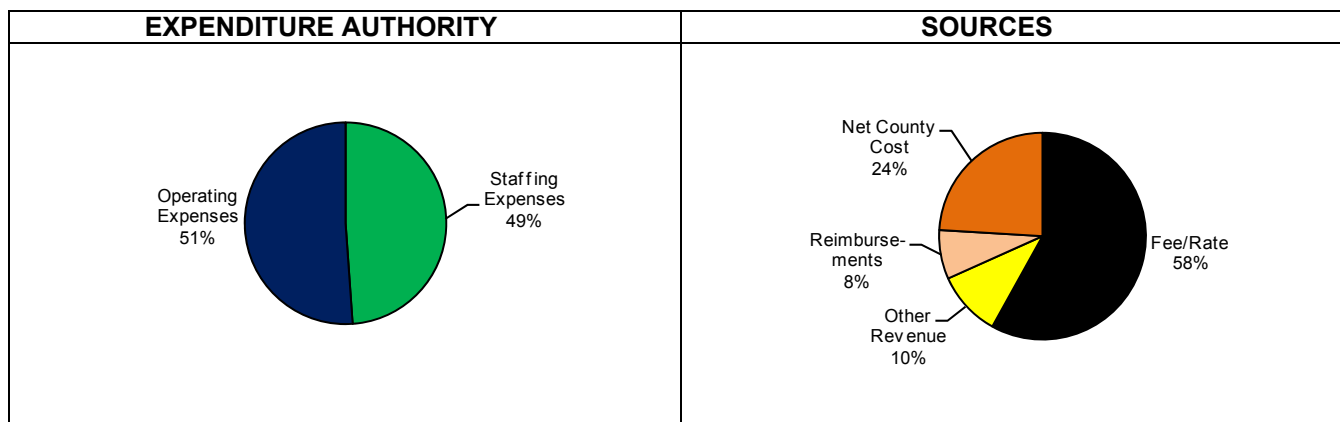

The Regional Parks Department is responsible for the operation and maintenance of nine regional parks located throughout the County. These parks, which encompass 8,668 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). Visitors to the County parks enjoy open space, walking trails, camping, swimming, fishing, picnicking, equestrian activities and other recreational opportunities. The Department hosts cultural, educational and special events through the use of park resources and contractual agreements with private and non-profit organizations. Park special events include Civil War Days at Calico Ghost Town, Huck Finn Jubilee at Mojave Narrows, and Dragon Boat Races at Lake Gregory. Educational programs are the Environmental Science Day Camp at Yucaipa and Mojave Narrows, and a Junior Fishing Workshop at multiple parks.

The Department is also responsible for maintaining 17.8 miles of open, accessible and usable trails through the County Trails Program. Additionally, the Department oversees operation of the Morongo Wildlife Preserve in Morongo Valley, administers the lease with the operators of the San Manuel Amphitheater, Moabi Regional Park, and concession contracts that offer amenities to park users.

BUDGET CHANGES AND OPERATIONAL IMPACT

Due to projected budgetary constraints for 2012-13, the Department has continued reorganization to address program priorities and the provision of park services with a lower level of staffing resources and by a reconfiguration of position classifications. Staffing expenses include adjustments for retirement cost increases and a budgeted staffing level of 260 positions for 2012-13, which reflects an overall net decrease of 19 positions that is the result of this continued reorganization (a reduction of 21 positions that is offset by an increase of 2 positions). Operating expenses are decreasing primarily due to a \$246,000 reduction in COWCAP charges, and reimbursements are increasing primarily from the San Manuel Amphitheater fund and Calico Ghost Town Marketing Services fund to offset program and administrative expenses borne by the Park's general fund budget. Revenue increases are attributed primarily to fee adjustments that affect each of the nine parks in the Regional Park system. Net county cost support from the County general fund was reduced by \$800,809; of which \$246,000 is a corresponding decrease relating to a reduction in COWCAP charges, and \$554,809 was reduced due to overall discretionary general funding limitations. A noteworthy operational change for 2012-13 is with respect to the management and operation of Park Moabi through a private/public partnership agreement. This agreement was approved by the Board of Supervisor's effective April 1, 2012 and will be fully implemented with related financial provisions for an entire fiscal year period beginning in 2012-13.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Staffing expenses of \$5,616,032 fund 260 budgeted positions (64 full-time, 31 part-time, and 165 seasonal/extra-help employees) to oversee administration, operations and maintenance for the nine regional parks, the county trails system, and various special events/programs. Operating expenses of \$5,874,584 include stocking fish at park lakes, turf maintenance contracts (Prado, Cucamonga-Guasti, Yucaipa, and Glen Helen Regional Parks), supplies for general maintenance and special projects, aquatic facility supplies, office supplies, computer hardware and software replacement/upgrades, credit card use fee charges, advertising park events/amenities, restroom supplies, insurance, and COWCAP (\$3,263,271 with a corresponding net county cost allocation less \$500,000 departmental reduction). Departmental revenue of \$7,847,404 represents fees from camping, fishing, park entrance, swimming, facility use, special events, and concessionaire and/or partnership agreements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes include a decrease of 21 budgeted positions (21 vacant; 0 filled), a reclassification of an existing position (from Payroll Specialist to Staff Aide) as part of the 2011-12 Third Quarter Budget Adjustment process, and an increase of 2 positions for an overall net decrease of 19 budgeted positions. The 2 increased positions are budgetary adjustments through the 2012-13 process that are comprised of the full-year cost for one additional employee sharing a position on a dual-fill basis (Fiscal Specialist), and the transfer in of a position from the Registrar of Voters budget (Elections Analyst/Marketing Representative). Under the continued reorganization that involves the deletion of 21 budgeted positions, some of the related duties/responsibilities will be streamlined and spread amongst existing regular staff, and other responsibilities will be addressed by assigning the workload to part-time General Service Worker II positions. The Department is committed to managing park activities with this reduction in staffing.

DESCRIPTION OF MAJOR SERVICES

County Trails System was established by the Board of Supervisors and the Regional Parks Department was assigned as the steward of the County's Regional Trail Program charged with the development, operation and maintenance of regional and diversified trails throughout the County. This budget was established to follow compliance requirements for federal and state grant funding used in the development and construction of the trail system. Currently the Department has built seven miles of the Santa Ana River Trail. This section makes the link to Riverside County, offering users over 22 miles of contiguous trail along the Santa Ana River.

San Manuel Amphitheater was established to account for lease payments received annually from the operators of the San Manuel Amphitheater at Glen Helen Regional Park. Each year, the bulk of this revenue is transferred to the County general fund to fund the cost of the amphitheater's debt service payment.

Amphitheater Improvements at Glen Helen was established to provide for improvements to the San Manuel Amphitheater at Glen Helen Regional Park. These improvements are designed to maintain the amphitheater and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This budget unit is funded jointly by deposits from the County and the operators of the amphitheater.

Park Maintenance/Development was established to provide for the maintenance, development and emergency repair at all regional parks. The costs associated with this budget unit are funded through an allocation of park admission fees.

Calico Ghost Town Marketing Services was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from Calico Ghost Town concessionaire operations and park admission fees are used to advertise and market several special events including Calico Days, Calico Ghost Haunt, Civil War and Bluegrass in the Spring.

Off-Highway Vehicle License Fee was established by Off-Highway Vehicle (OHV) "In-lieu of taxes". Fees are provided from the California State Controller's Office based on the amount of OHV recreation in the County. The state collects these fees for each OHV identification plate sold by the Department of Motor Vehicles; four dollars of each plate goes into a pool of funds that are then distributed.

BUDGET CHANGES AND OPERATIONAL IMPACT

Consolidated Special Revenue Funds are increasing overall requirements by approximately \$3.8 million, and total sources have increased by approximately \$2.9 million. Increases to appropriation relate to capital expenditures planned for the construction of Phase III of the Santa Ana River Trail (Waterman Avenue, San Bernardino to California Street, Redlands; 3.6 miles), and Off-Highway Vehicle projects. Also reflected is the closure of the Proposition 40 fund. Increases to revenue are primarily related to the federal and state revenues intended to fund the cost of Phase III of the Santa Ana River Trail. Staffing is decreasing by 2 positions for the Calico Marketing fund; there is no staffing incorporated within the Regional Parks Special Revenue Fund Consolidated Budgets in 2012-13.

Total Special Revenue Funds	14,111,609	7,130,325	6,981,284	0

County Trails System includes operating expenses of \$1,694,357 for the anticipated costs for finalizing design, environmental and acquiring trail right-of-way for Reach "A" of Phase IV of the Santa Ana River Trail (California Street to Orange Street, Redlands; 3.5 miles). Capital expenditures of \$3,579,940 include Federal Transportation Equity Act (TEA) 21 (CalTrans) and State Local Transportation Funds (SANBAG) funds for the bidding, contract award, construction, and construction management of Phase III of the Santa Ana River Trail (Waterman Avenue, San Bernardino to California Street, Redlands; 3.6 miles). Also included is the construction of a pocket park along the Santa Ana River Trail. Departmental revenue is based on \$3,579,940 in Federal TEA 21 grant reimbursements from CalTrans for Phase III of the Santa Ana River Trail, as well as from Housing and Urban Development for the Santa Ana River Trail pocket park. State revenue of \$1,000,000 represents an allocation of Prop 84 grant funds from the Coastal Conservancy for the Santa Ana River Trail (Phase IV initial funding). Grant revenue reimbursements will be contingent upon incurring project expenses first, which will create cash flow challenges for this fund. The Department will work with the County Administrative Office for financial assistance prior to the construction contract being presented to the Board of Supervisors for approval.

San Manuel Amphitheater includes operating expenses of \$2,667,050 for payments to the County general fund for the cost of the annual debt service payment for the amphitheater (\$1,005,042), other payments to the County general fund (\$1,187,008), to the Regional Parks general fund budget for the upkeep and management of the amphitheater (\$450,000), and to the Amphitheater Improvements at Glen Helen fund (\$25,000) as required per the lease agreement with the operators of the amphitheater. Contingencies of \$113,871 are budgeted as a precaution against unforeseen necessities involving the amphitheater. Departmental revenue of \$1,459,585 includes use of money/property as rent from the operators of the amphitheater and interest earnings (\$1,403,000), and other revenues expected from the amphitheater operators for the naming rights of the facility (\$56,585). The naming rights agreement (Amendment No. 7 to contract No. 92-1023) ends on July 31, 2013 and Regional Parks plans to negotiate its renewal during 2012-13.

Amphitheater Improvements at Glen Helen includes operating expenses of \$288,563 which represent a provision for maintaining the amphitheater to preserve quality entertainment experiences for its visitors. Contingencies of \$300,000 are set aside for unanticipated expenses. Reimbursements of \$25,000 represent the county's contribution towards improvements at the amphitheater per provisions of the lease. Departmental revenue of \$28,000 includes a \$25,000 matching contribution from the operators of the amphitheater per the lease agreement.

Park Maintenance/Development includes operating expenses of \$2,339,234 to be used, in part, for the development and implementation of a Point of Sale System for all revenue collection sites in the Regional Parks system, and ongoing upgrades to the camping reservation system. The balance of the appropriation authority is available for emergency repairs and development for the current fiscal year, as well as held for repairs and development for future years. Capital expenditures for park equipment are budgeted at \$192,215, which includes expenditures for a CAT backhoe, John Deere gator, and a Taylor-Dunn electric utility cart. Replacement of heavy-equipment is part of the department's plan to rotate out all non-repairable or outdated equipment with high repair costs. Departmental revenue is anticipated at \$360,000 for current services representing a portion of gate entrance fees collected throughout all regional parks.

Calico Ghost Town Marketing Services includes total operating expenses of \$749,405 for the costs of producing special events at the Park, advertising of Calico Ghost Town, travel, and transfers. Travel of \$3,000 is expected for participation in the annual POW-WOW International Trade Show, a crucial event in promoting Calico Ghost Town and its specialized events. Approximately 60% of the attendance at Calico Ghost Town is a result of the tours booked at this trade show. Transfers of \$25,092 to the Regional Parks general fund budget unit represent the labor cost of park staff time (outside of regular duties) to produce and assist with the set up for the special events. Departmental fee revenue of \$330,000 includes all special event gate revenue and, as stipulated in the concession contracts, the Department also contributes a percentage of the regular day fees collected throughout the year. Use of money and property revenue of \$64,800 represents rent payments from Calico concessions, and interest earned on the fund balance.

Off-Highway Vehicle License Fee includes operating expenses of \$541,974 for enforcement, safety, trail signage, maintenance and administration the Off-Highway Vehicle Fund (OHV) throughout the County, at Moabi Regional Park, and Calico Ghost Town. Capital expenditures of \$1.5 million are primarily programmed for two projects approved for construction: the Calico Ghost Town Campground “O” Restroom project (\$780,000), and the Moabi Regional Park trail and fencing project (\$300,000). Departmental revenue consists of \$300,000 that is received from the state, which is derived from vehicle registrations/licensing for use of off-highway operations in the county. The California Public Resources Code 5090.50 specifies that these funds may be used for “...planning, acquisition, development, maintenance, administration, operation, enforcement, restoration, and conservation of trails, trailheads, areas and other facilities associated with the use of off-highway motor vehicles, and programs involving off-highway motor vehicle safety or education.”

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses for the Special Revenue Fund Consolidated Budgets, which are solely attributed to the Calico Marketing Fund, have decreased due to the deletion of 2 budgeted positions during 2012-13. The action will have no adverse impact on park operations.

Enterprise Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

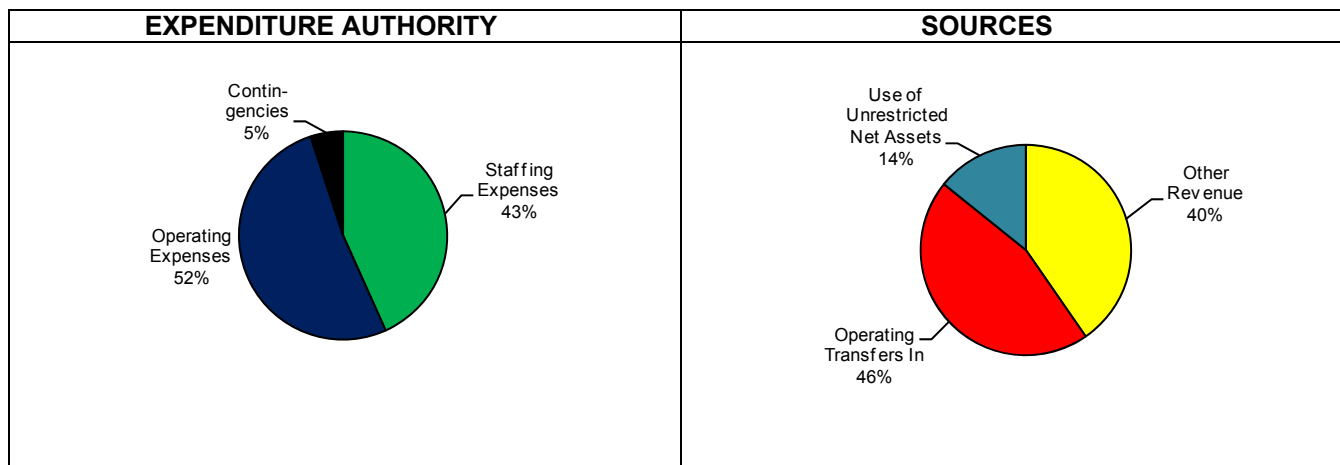

Snack Bars was established by the Regional Parks Department to provide staff to operate the snack bars located at Lake Gregory Regional Park. An enterprise fund was established to provide management with accountability and timely reports in connection with business operations. Excess revenue resulting from operations is used to enhance the snack bar or park operations. Existing snack bars at other regional parks (Cucamonga-Guasti, Glen Helen, Yucaipa and Prado) are operated and managed by Board-approved private contractors.

Active Outdoors was established to provide programs that promote a healthy outdoors lifestyle. All programs under "Active Outdoors" are grant funded or created through partnerships with local and/or state agencies. The Environmental Science Day Camp (ESDC) is a part of the program and is offered at Yucaipa and Mojave Narrows Regional Parks. ESDC takes place during the traditional school year, Monday through Friday, and follows the California State 4th & 5th grade science curriculum for wildlife, botany and geology. Each student attends the program with their class for a full day of learning, exploration, and hiking. Other programs in addition to the Environmental Science Day Camp include the Junior Fishing Workshops and Derby, and Regional Park Unleashed.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses reflect the deletion of 1 Public Service Employee position in the Active Outdoors program, which results in the remaining 4 positions that are budgeted to be filled at 30 hours per payperiod to operate that program. Lake Gregory Park staffing reflects 1 Public Service Employee position filled at 40 hours per payperiod to operate the Boathouse snack bar. Operating expenses reflect the discontinuance of department-operated snack bars at Glen Helen and Mojave Narrows Regional Parks, and continued operating expenses for the Active Outdoors and Lake Gregory Boathouse snack bar programs/services. The Glen Helen Park snack bar is now operated and managed by a Board-approved private contractor; whereas, the snack bar operation at Mojave Narrows Park is discontinued indefinitely. A smaller contingency provision has been established in the Active Outdoors budget for unanticipated program expenses. The revenue budgets have been adjusted to reflect receipts for the Active Outdoors program and the Lake Gregory snack bar operation only.

DETAIL OF 2012-13 ADOPTED BUDGET

	2012-13			
	Appropriation	Revenue	Net Budget	Staffing
Enterprise Funds				
Snack Bars	35,642	35,000	(642)	1
Active Outdoors	63,456	50,000	(13,456)	4
Total Enterprise Funds	99,098	85,000	(14,098)	5

Snack Bars includes staffing expenses of \$8,852 which funds 1 budgeted position (Public Service Employee) to operate the Boathouse snack bar at Lake Gregory Regional Park. Operating expenses of \$26,790 represents the cost of pre-packaged food/snack items to be sold at the snack bar. Departmental revenue of \$35,000 is derived through the resale of snack bar items to the public at Lake Gregory Regional Park.

Active Outdoors includes staffing expenses of \$34,047 which funds 4 budgeted Public Service Employee positions that will operate the Environmental Science Day Camp and other programs such as Junior Fishing Workshop, Active Outdoors Expo and Regional Parks Unleashed. Operating expenses of \$24,409 will primarily fund services and supplies for use in the Environmental Science Day Camp program, as well as fishing poles, equipment and supplies for the Junior Fishing Workshop. Operating expenses also include costs of supplies, awards, and printing materials for all programs within the Active Outdoors program. Contingencies of \$5,000 represents funds set aside as a precaution against unexpected expenditures within the Active Outdoors programs. Departmental revenue of \$50,000 includes an operating transfer in from the Park Maintenance/Development fund (\$45,000), as well as vendor fees and participation fees collected for program events associated with the Junior Fishing Workshop and Active Outdoors Expo (\$5,000).

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes for 2012-13 represent the deletion of 1 vacant Public Service Employee position in the Active Outdoors program to minimize program expenses. There is no adverse program impact from this deletion.

REGISTRAR OF VOTERS

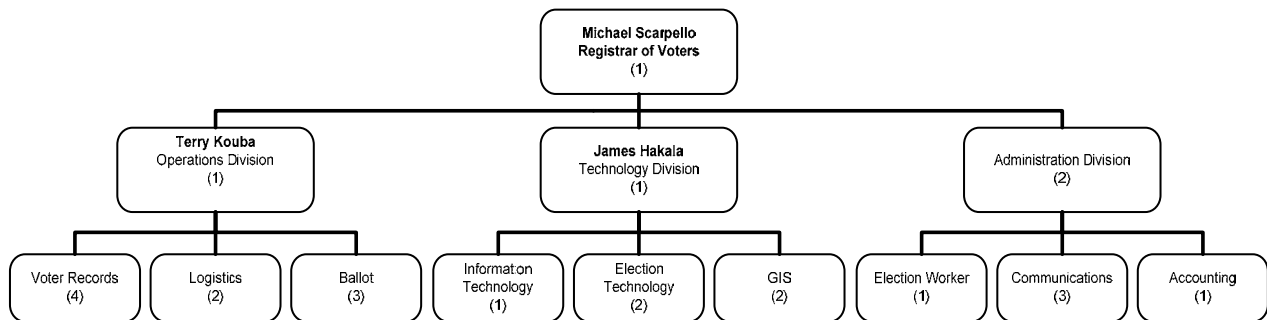

Michael Scarpello

MISSION STATEMENT

The Registrar of Voters office upholds the integrity of the electoral process by consistently conducting fair and open elections that are accessible to all and that accurately reflects the intent of the electorate, promotes public confidence, increased voter participation, and strengthens democracy while providing the highest quality of customer service.

ORGANIZATIONAL CHART

2010-11 AND 2011-12 ACCOMPLISHMENTS

- Successfully implemented the State and County redistricting plans, re-drew precinct lines, and reassigned voters to new polling places in a manner that will produce significant savings for the County this year and in years to come.
- Using newly acquired software, re-designed and programmed how the County's ballot is produced, thus resulting in more user friendly ballots for the voters as well as generating over \$30,000 savings per year.
- Changed mail ballot procedures resulting in faster mail ballot processing and postage savings of \$140,000.
- Redesigned polling place procedures and implemented a new field support plan resulting in faster and better customer service for voters.
- Implemented a new poll worker training program with improved and streamlined training for all workers, which includes an expanded and more detailed training for supervisors.
- Introduced new computer software programming and new ballot processing procedures resulting in significantly faster ballot processing and counting in the November 2011 Consolidated Election.
- Upgraded outdated office technology software and hardware which included worker stations, enhanced Registrar of Voter website functionality, and implemented State-mandated Voter Registration System support enhancements/requirements.
- Re-tooled the organizational structure to better prepare the Department to conduct elections more effectively and efficiently with fewer permanent staff resources, and in a manner with which to manage a larger number of temporary help staff on an election by election basis.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES**GOAL 1: PROVIDE CONVENIENT AND EFFICIENT METHODS FOR VOTERS TO PARTICIPATE IN THE ELECTORAL PROCESS.**

Objective A: Continue to survey existing and potential polling places in order to increase the quality of polling places and expand accessibility to the disabled.

Objective B: Expand the availability of voting by mail to voters and decrease the number of polling places in order to save taxpayer dollars.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Percentage of completion of existing and potential polling places for compliance with accessibility requirements.	15%	22%	25%	14%	35%
1B. Percentage of mail ballot voters.	N/A	N/A	N/A	N/A	50%

GOAL 2: CONTINUE TO BUILD THE ELECTIONS OFFICE INFRASTRUCTURE TO MAKE THE OFFICE MORE EFFECTIVE AND EFFICIENT WITH LESS STAFFING.

Objective A: Develop and populate EDATE, the Elections Office's Election Deadline, Assignment, and Task Engine.

Objective B: Review, revise, and document Elections Office processes and procedures.

Measurement	2009-10 Actual	2010-11 Actual	2011-12 Target	2011-12 Actual	2012-13 Target
1A. Number of projects, tasks, & subtasks populated.	N/A	N/A	N/A	N/A	1,200

NOTE: Goals 1 and 2 above, and their related metrics data, are newly introduced during 2012-13 and replace the ones previously published. Michael Scarpello was appointed as Registrar in April 2011, so the goals/objectives listed in previous budget books (that are replaced starting in 2012-13) were developed by his predecessor and are deemed to be no longer relevant.

BUDGET CHANGES AND OPERATIONAL IMPACT

ROV is transitioning from a budgeted 3 major election cycle in 2011-12 to a budgeted 1 major election cycle in 2012-13. The Presidential Election in November 2012 is the largest major election in the 4-year election cycle, which is costly due to the number of measures/contests likely to be on the ballot and anticipated high voter turnout. In light of major reductions in staffing levels of approximately 50% over the last four years, ROV has been reorganized in 2011-12 to meet the challenge of conducting a successful November 2012 election, and has implemented other changes during 2011-12 that will provide further cost savings to be realized in 2012-13. Major changes in processes and procedures have significantly cut costs in mail ballot processing, ballot programming, polling place expenses, and poll worker salaries. Departmental revenue major changes include a new Federal Grant of \$134,000 to be used for ballot printing equipment for overseas and military voters that will provide increased voting accessibility and opportunity for these voters. Fee and other revenue reductions are attributed to revenue projections for this election cycle, which forecasts the county bearing a larger share of cost than by ballot contests from participating jurisdictions.

MAJOR EXPENDITURES AND REVENUE IN 2012-13 ADOPTED BUDGET

Appropriation of \$8,834,337 to conduct the one major election (Presidential General) scheduled in November 2012 includes staffing expenses of \$2,216,111 for 24 budgeted positions, operating expenses of \$6,573,226 and capital expenditures of \$45,000. Operating expenses primarily consist of services and supplies of \$6,280,969 for routine operations, in addition to election-related expenses (such as postage, printing, temporary help, ballots, poll workers and other services); and includes the Federal grant portion for ballot printing, equipment licenses, and maintenance. Operating expenses also include central services, computer charges, Facilities Management services, and travel cost, including poll worker mileage. Departmental revenue of \$2,700,500 is derived from a variety of sources. The major source is derived from election services for participating jurisdictions that share in the cost of the election (\$2,511,000), in addition to State reimbursement of postage, a federal grant, and the sale of ROV services/products.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing changes in the 2012-13 budget reflect a decrease of 1 position due to the Elections Analyst position which is transferred from ROV to the Regional Parks budget as part of the 2012-13 budget process. The Elections Analyst position was satisfactorily providing specific skill-set services to the Regional Parks Department during 2011-12 in return for reimbursement to ROV for 75% of the related staffing cost. It was mutually agreeable between the departments to transfer the position during 2012-13.

Fish and Game Commission

DESCRIPTION OF MAJOR SERVICES

The Fish and Game Commission is administered by the Special Districts Department, and its primary function is to act as the liaison between the State Department of Fish and Game, the County Board of Supervisors, and the public. The Commission makes recommendations to the Board of Supervisors on matters pertaining to wildlife in San Bernardino County.

Budget at a Glance	
Total Expenditure Authority	\$13,985
Total Sources	\$10,000
Fund Balance	\$3,985
Total Staff	0

The Fish and Game Commission budget unit receives funding from fines imposed on hunting, fishing, and environmental infractions and from the sale of hunting maps. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and its propagation in San Bernardino County.

CAPITAL IMPROVEMENT PROGRAM

Gary McBride

MISSION STATEMENT

The Capital Improvement Program receives and evaluates capital expenditure requests, recommends priorities for the acquisition or improvement of land, facilities and infrastructure, oversees and monitors major capital projects, and guides growth and change of county facilities and infrastructure by anticipating future needs.

ORGANIZATIONAL CHART

SUMMARY OF BUDGET UNITS

Funding for capital projects is included in the Architecture and Engineering Department Capital Improvement Program funds, and specific Arrowhead Regional Medical Center, Airports, Regional Parks, Transportation, and Solid Waste Management CIP funds.

DESCRIPTION OF MAJOR SERVICES

The Capital Improvement Program (CIP) is an internal planning tool administered by the County Administrative Office (CAO) to provide the Board of Supervisors (Board) with information to assist in the decision-making process for the allocation of limited resources to capital projects. The CIP provides for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation or replacement of facilities or equipment with a life expectancy of at least five years and capital costs in excess of \$5,000. The program:

- Receives and evaluates requests to lease or expand leased space or to vacate, occupy, alter, remodel or construct County-owned space, land, or facilities
- Recommends priorities for capital projects based on criteria in the Capital Budget Policy for government facilities, regional parks, airports, transportation, and solid waste facilities
- Prepares the annual CIP budget, monitors and directs implementation of approved projects through the Architecture and Engineering (A&E), Real Estate Services, Airports, Regional Parks and Public Works departments
- Provides direct oversight for major capital projects
- Develops and implements facility standards and maintains land and building inventories
- Performs long-range planning to:
 - Link department capital and operational budget plans to countywide strategic plans
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large-scale projects to repair and rehabilitate County assets
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions
 - Identify future space and infrastructure needs of the County
 - Develop formal estimates of costs and seek adequate project funding, and
 - Identify opportunities for public-private partnerships for the development of County facilities.

BUDGET HISTORY

The CIP is funded by a number of sources, including the county general fund and various discretionary and restricted funding sources:

- Discretionary General Funding: Funded from county general fund discretionary dollars provided to CIP for general fund projects.
- Other Discretionary Funding: The underlying funding source is from a general fund department or from a funding source over which the Board has discretion. Costs are reimbursed to the CIP by the department. This category includes realignment, Fines and Forfeitures, special revenue, or internal service funds (such as Risk Management and Fleet Management).
- Restricted Funding: Any funding source other than the general fund, special revenue, or internal service funds, and the funding is from a dedicated source for a specified purpose. Examples are grants, Inmate Welfare Fund, enterprise funds, Courts, Library, fees, dedicated gas and sales tax, and state and federal aid.

The County's CIP includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid Waste Management and Transportation Division (road) projects are administered by the Department of Public Works (DPW). A&E administers projects for all others, including Arrowhead Regional Medical Center (ARMC), Airports, Regional Parks, general fund departments, and Community Development and Housing (CDH).

CIP funds are budgeted in various capital budget units and expended in various capital asset object codes for County-owned facilities: 4005-Land, 4010-Improvements to Land, 4030-Structures and Improvements to Structures, 4040-Equipment and 5010/5012-Transfers. The CIP budget also includes funding for non-owned facilities: 3305-Contributions to Other Agencies (for various city or community sponsored deferred maintenance/infrastructure capital projects that provide benefits to county residents), and 3310-Contributions to Non-Owned Projects (generally Community Development and Block Grant funded projects also administered by A&E).

The amount of discretionary general funding for CIP varies annually based on available one-time funding. The following chart demonstrates the Board's commitment in recent years to address the backlog of deferred maintenance projects for county buildings and infrastructure. General fund contributions to CIP over the past five years total **\$286.9 million**. Contributions have averaged approximately \$57.4 million per year.

ANALYSIS OF 2012-13 ADOPTED BUDGET

On December 19, 2011, County departments were requested to submit CIP requests for discretionary general funding for 2012-13. The CAO received 119 requests from 23 departments with an estimated total project cost of \$52.3 million. Departments submitting more than one CIP request prioritized their requests. CIP requests were also submitted by A&E, Facilities Management and Regional Parks for general projects.

The base budget allocation for CIP for 2011-12 was \$15.3 million. For 2012-13, the CAO recommended that the base budget allocation for CIP be reduced to \$12.0 million. The Board's commitment to addressing deferred maintenance has improved the overall condition of County facilities and the ongoing requirement for larger, multi-year funded deferred maintenance projects has been reduced. This 2012-13 ongoing funding level will allow the County to continue to invest in county building assets at an acceptable level.

2012-13 ADOPTED BUDGET

19 projects or program budgets are to be funded from the base budget allocation of **\$12.0 million**.

- Deferred Maintenance \$3.5 million**
 - Minor CIP Program – This program will address minor deferred or unscheduled maintenance projects for County facilities in the total amount of \$1,896,000. Projects are identified and implemented as they occur during the year.
 - Regional Parks Improvement Program – This program will address various deferred maintenance or infrastructure improvement projects at Regional Park facilities in the total amount of \$1,000,000. Nine projects are planned at Prado, Cucamonga-Guasti, Calico and Glen Helen Regional Parks for 2012-13.
 - Exterior Renovation Program - This program will make various improvements to renovate building exteriors in the amount of \$400,000. Four projects are currently planned at the County Government Center (CGC), General Services Building (GSB), Gilbert Street Warehouse, and Probation Day Reporting in San Bernardino.
 - Interior Renovation Program – This program will paint and replace flooring and improve various building interiors in the amount of \$200,000. Four projects are currently planned at Big Bear Assessor, Phelan and Apple Valley Libraries, and the Board Chambers in the CGC.
- Building System Improvements \$3.1 million**
 - Generator Replacements Program – One project in the total amount of \$1,300,000 will replace three emergency generators at the West Valley Detention Center (WVDC) in Rancho Cucamonga.
 - Elevator Modernization Program – Three projects in the total amount of \$1,000,000 will modernize elevators at the 303 Building (\$400,000), Central Detention Center (CDC) (\$450,000), and Probation Day Reporting Center (\$150,000) in San Bernardino.
 - Energy Efficiency Program – The County continues to partner with Southern California Edison and Southern California Gas to identify and fund energy efficiency projects. Funding in the amount of \$630,000 for 2012-13 will implement a WVDC Commissioning Study (\$430,000), and Southern California Gas Studies at CDC (\$100,000) and Glen Helen Regional Center (GHRC) in Devore (\$100,000).
 - Boiler Replacement Program – One project will replace the boilers at CDC in the amount of \$200,000.
- Paving \$2.2 million**
 - Pavement Management Program - Six paving projects in the total amount of \$1,710,000 are planned to be funded from the Pavement Management Program for 2012-13: Old Hall of Records (\$650,000), CGC (\$500,000), 700 E. Gilbert Street (\$220,000), Barstow Library (\$120,000), WVDC (\$120,000), and Redlands Museum (\$100,000).
 - Barstow Courthouse – This project in the total amount of \$230,000 will rehabilitate the upper parking lot at the Barstow Courthouse. The funding source is discretionary general funding of \$210,000 and the Administrative Office of the Courts (AOC) (\$20,000) for the Court's share of capital costs.
 - Needles Complex - This project in the total amount of \$220,000 will rehabilitate the Needles Complex parking lots. The funding source is discretionary general funding of \$170,000 and the AOC (\$50,000) for the Court's share of capital costs.
 - Big Bear Courthouse – This project in the total amount of \$200,000 will rehabilitate the parking lot at the Big Bear Courthouse. The funding source is \$160,000 from discretionary general funding and the AOC (\$40,000) for the Court's share of capital costs.
- Infrastructure \$1.2 million**
 - Site Infrastructure Program - Four projects in the total amount of \$715,000 will improve site infrastructure: Superblock in Downtown San Bernardino Steam Piping Replacement (\$375,000), Museum Flooding Mitigation (\$160,000), GSB Building Parking Lot Lighting (\$100,000), and Demo of Gilbert Street Covered Parking Structures (\$80,000).
 - Sheriff's Training Academy Lead Traps and Water Runoff Project – This project in the total amount of \$1,125,000 will install cement lined lead traps and onsite drainage to reduce lead exposure at the Sheriff's Training Academy in Devore. The funding source is \$375,000 from discretionary general funding and the Sheriff's Asset Forfeiture fund (\$750,000).

- Cucamonga-Guasti Regional Park (CGRP) Reclaimed Water Project – Funding of \$104,000 will make the third and fourth of five annual installments of \$52,000 to the Inland Empire Utilities Agency for infrastructure improvements that converted potable water to recycled water at the CGRP.

- **Roofing**

\$1.0 million

- Roofing Repairs/Replacement Program – Five projects in the total amount of \$780,000 for 2012-13 are: San Manuel Amphitheater (\$200,000); Big Bear Library (\$200,000); Probation/Regional Youth Education Facility (\$200,000), Gilbert Street Building 4 (\$100,000), and Redlands Public Guardian (\$80,000).
- Needles Complex Roofing Replacement – One project in the total amount of \$250,000 will replace the roofs on the Needles Complex buildings. The funding source is \$200,000 from discretionary general funding and the AOC (\$50,000) for its share of capital costs for the Courthouse and Office buildings in the complex.

- **Heating, Ventilation and Air Conditioning (HVAC)**

\$0.9 million

- HVAC Program - Four HVAC projects in the total amount of \$850,000 are planned for 2012-13: Probation Day Reporting Center (\$400,000), Countywide HVAC Control System Upgrade (\$250,000), WVDC Duct Cleaning (\$100,000), and Glen Helen Regional Center (GHRC) Female Unit Duct Cleaning (\$100,000).

- **Health/Safety/Americans with Disabilities Act (ADA)**

\$0.1 million

- ADA Program - \$100,000 is funded for 2012-13 to fund improvements at County facilities to improve accessibility for the disabled at county facilities. Projects will be identified and implemented during the year.

The 2012-13 new projects will extend the useful life of facilities, remove potential hazards and reduce liability, and decrease operating expenses in some cases.

In addition to the base budget above of \$12.0 million funded from ongoing discretionary general funding, additional ongoing discretionary general funding of \$20.0 million was funded in the adoption of the 2012-13 budget for the 800 Megahertz (MHz) Upgrade Project and additional one-time discretionary general funding of \$14.6 million for the following existing projects:

- **Construction**

\$34.6 million

- 800 MHz Upgrade Project – This project will begin to address the upgrade of the aging 800 MHz digital radio system. In the 2011-12 Adopted CIP budget, the Board approved redirecting the annual allocation of \$24.0 million for Future Space Needs Reserve to fund this project. The estimated cost is \$175.0 million, and the initial estimated project duration was 5 to 7 years. Funding for 2012-13 has been reduced to \$20.0 million as the upgrade project is now planned to be programmed over a longer period of time.
- Downtown Building Project – This project will purchase existing buildings, seismically retrofit and modernize certain existing buildings, and demolish older facilities in which additional investment is not recommended. Additional funding of \$10,000,000 is added to the current funding of \$30,000,000 for a total of \$40,000,000. It is anticipated that additional square footage will be acquired than originally estimated and the project budget will also include furniture, fixtures and equipment that was previously anticipated would be funded by departments.
- Amended Fontana Sales Tax Agreement – Funding of \$2,600,000 is included in the adoption of the 2012-13 budget to amend an existing agreement with the City of Fontana for projects within the unincorporated area.
- Sheriff's Crime Lab Redesign Project – This project will provide funding of \$1,300,000 to redesign an expansion and remodel of the existing Sheriff's Crime Lab located at 200 South Lena Road in San Bernardino.

- **Needles Fire Station** – This project will purchase land and provide the design and construction of a new Fire Station to be located in the city of Needles. Additional funding of **\$700,000** was included in the adoption of the 2012-13 budget to be added to the current funding of \$1,917,791 for a total of \$2,617,791 which will be required based on updated construction estimate requirements.

In addition to the 24 discretionary general funding projects identified above in the total amount of **\$46.6 million**, departments have identified other discretionary funding sources for 39 new projects in the amount of **\$1.9 million** and restricted funding sources in the amount of **\$1.2 million** (e.g. State Court's share of capital project costs at courthouses). A&E will also administer nine new projects at the Arrowhead Regional Medical Center in the amount of **\$1.8 million** and three new projects at the County Airports in the amount of **\$0.2 million**. 43 new projects using **\$5.0 million** in discretionary general funding and **\$16.4 million** of restricted funding sources are approved for 2012-13 Transportation projects and 10 new projects using restricted funding of **\$4.8 million** are approved for Solid Waste Management projects. In 2012-13, the total budget for new CIP projects is **\$77.9 million**. The following chart demonstrates the allocation of funding sources for all new projects for 2012-13:

Table 1 provides a summary of all new CIP projects for 2012-13.

REVIEW OF CARRYOVER PROJECTS

Large capital projects often span more than one fiscal year and project balances are carried over annually until project completion. There are currently 188 active carryover projects administered by A&E with projected carryover balances of approximately \$145.4 million. There are two carryover projects administered by Regional Parks Department with carryover balances of \$0.7 million, and 57 carryover projects administered by the Department of Public Works with carryover balances of \$61.0 million for a total of 247 carryover projects with total carryover balances of \$207.0 million. Table 2 provides a summary of all Carryover Projects.

Following is a status of the large carryover construction projects administered by A&E:

Project	Total Project Budget	Carryover Balance
<p>Adelanto Detention Center Expansion In December 2010, the Board approved the revised project budget of \$120.0 million and awarded a construction contract for the 1,368 bed expansion of the Adelanto Detention Center located in Adelanto. The project is funded with an \$82.3 million grant from the State of California under the Public Safety and Offender Rehabilitation Services Act of 2007 (AB900) and the remainder of \$37.7 million is cash funded by the county from the Future Space Needs Reserve. Construction commenced in January 2011 and is estimated to complete August 2013. Estimated annual staffing costs and operating costs is \$34.4 million when fully operational. It is anticipated the full operation of this facility will be phased in over a period of time depending on availability of funding and will be included within the Sheriff Department's budget allocation.</p>	\$120.0 million	\$26.8 million
<p>Downtown Building Project As part of the adoption of the CIP budget for 2011-12, the Board allocated one-time discretionary general funding of \$30.0 million to acquire and complete tenant improvements to existing newer buildings, complete the seismic retrofit and modernization of certain existing buildings, and demolish older facilities in downtown San Bernardino in which additional investment is not recommended. The Real Estate Services Department has identified buildings for acquisition. Additional funding of \$10.0 million was added in the adoption of the 2012-13 budget and is included in the new projects to meet the anticipated need to acquire additional square footage and to include furniture, fixtures and equipment in the budget which were previously planned to be funded by department occupants. The estimated operations and maintenance cost for approximately 150,000 square feet of additional space is \$1,080,000 annually.</p>	\$40.0 million	\$30.0 million
<p>800 MHz Upgrade Project As part of the adoption of the CIP budget for 2011-12, the Board approved redirecting the ongoing set aside for Future Space Needs of \$24.0 million to fund an 800 MHz digital radio system upgrade for public safety. On December 6, 2012, the Board redirected \$4.75 million of the \$24.0 million to the High Desert Government Center (HDGC) Public Safety Operations Center (PSOC), making significant steps towards the development of the infrastructure required for the future 800 MHz Upgrade Project at the PSOC. The current project budget is \$19.25 million. Additional funding of \$20.0 million was added in the adoption of the 2012-13 budget and is included in the new projects. The project is currently in the preliminary planning stages. The number of sites/equipment locations and other operating changes and costs will be identified as part of the engineering assessment.</p>	\$39.25 million	\$19.25 million

Project	Total Project Budget	Carryover Balance
<p>High Desert Government Center Public Safety Operations Center</p> <p>As part of the adoption of the CIP budget for 2011-12, the Board reallocated approximately \$9.0 million in savings from the HDGC building and solar projects (completed in 2010) to construct a Public Safety Operations Center on the second floor of the existing, under-utilized facility. The reconstruction will include Sheriff's Dispatch, relocated from the Victorville Courthouse; an alternate Dispatch Center for County Fire; an Emergency Operations Center; a Fusion Center; major improvements to the County's Emergency Communications Infrastructure; and related support amenities and power enhancements, designed and constructed to Essential Facilities Standards and to meet the needs of a 24-hour operation. On December 6, 2011, the Board approved an increase of \$7.75 million to the project budget by redirecting \$3.0 million from the Sheriff's Crime Lab Project and \$4.75 million from the 800 MHz Upgrade Project for a total project budget of \$16.75 million. The Board also approved an agreement with the City of Hesperia for \$10.75 million for the program management and construction infrastructure aspect of the overall project. Completion is anticipated to be June 2013. Annual maintenance and custodial expenses for the entire facility are estimated at \$311,000 and utility costs are estimated at \$160,000 and will be allocated across all the departments located in the building. The net result to the current and future occupants of the facility should be a decrease from current costs due to the technical and energy efficiencies inherent to the HDGC. There is no anticipated increase to staffing upon completion of the project but the impacted departments may elect to fund additional positions and/or private security personnel.</p>	\$16.75 million	\$8.6 million
<p>Baker Family Learning Center</p> <p>The new Baker Family Learning Center is a joint venture between the San Bernardino County Preschool Services Department and the County Library System. This multi-use facility, estimated at approximately 11,700 square feet, will be located at the northwest corner of Darby and Macy Streets in the unincorporated community of Muscoy. Construction commenced in March 2012 and is expected to complete in March 2013. The project budgets have three components: Construction (\$4,400,000) funded from Community Development Block Grant (CDBG) funds; solar installation (\$200,000) funded from American Recovery and Reinvestment Act (ARRA) and California Solar Initiative (CSI) fund; and furniture, fixtures and equipment (FF&E) (\$277,257) funded from Board Discretionary Funding. Annual maintenance and custodial expenses are estimated at \$50,400 and utility costs are estimated at \$28,000 and will be funded approximately 54% County Library and 46% Preschool Services. Neither department anticipates additional staffing requirements as staff will be transferred from other Library and Preschool locations.</p>	\$4.87 million	\$0.7 million

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM PLAN

The Five-Year CIP is reviewed annually and revised based on current circumstances and opportunities and considers historic requirements and expenditures for capital projects. While the Five-Year CIP does not appropriate funds, it does serve as a budgeting tool to set priorities, identify needed capital projects, estimate capital requirements, and coordinate financing and timing. It identifies projects for annual funding, focuses resources in program areas; and supports Business and Master Space Plan recommendations. It also identifies project impacts on future operating budgets, including additional staffing, maintenance, and other recurring operational expenditures that require ongoing funding and must be considered in the planning and approval of new projects.

The current general fund annual allocation for CIP projects is \$12.0 million and the focus is on maintenance. That funding has been programmed over the next five years and is summarized on Exhibit N – 2012-13 through 2016-17 Five-Year Capital Improvement Program and includes capital expenditures of \$60.0 million.

THE LAST FIVE YEARS

Over the past five years, the Board of Supervisors has allocated \$286.9 million in general fund contributions for the CIP. The following chart indicates how those resources have been allocated by project type:

CIP NEEDS ADDRESSED IN THIS PLAN

The Five-Year CIP addresses the following needs:

- **Departmental Requirements**
 - Carpet/paint
 - Minor remodels
 - Restroom upgrades/ADA improvements
- **Building Systems**
 - Backlog of deferred maintenance
 - Moving towards emphasis on Preventative Maintenance
 - Emphasis on energy efficiency projects
- **Building Exterior/Interior Renovations**
- **Site Infrastructure**
 - Landscaping, irrigation and lighting
 - Increases parking and provides a pavement management plan
- **New Projects**
 - Allocates \$2-3 million/year unprogrammed for new projects

General Fund

For the General Fund, budgetary fund balance is expected to decrease by \$25.9 million. This is due to several one-time projects funded in the general fund, including \$10.0 million for the downtown building project, \$5.9 million for the Rim Forest storm drain project, \$5.0 million for road maintenance, and \$4.0 million for the Lake Gregory Dam.

Restricted General Fund

For the Restricted General Fund, fund balance is expected to decrease by \$48.1 million.

For the Realignment Funds, departmental usage exceeds revenue projections. Such expenditure levels, budgeted based on requirements with adjustments for recent program changes, continue to be monitored closely, with specific measures being developed to reduce overall departmental usage until such time as revenue growth is realized and fund balance is restored.

For the Automated Systems Development Fund, the budget appropriates the entire fund balance. However, this is a large project which will likely span fiscal years.

Special Revenue Funds

In accordance with Section 29009 of the California Government Code, the entire unreserved fund balance in special revenue funds must be appropriated each year. Budgeted contingencies are appropriated for future or unplanned expenditures that are not anticipated for the current budget year. The projected 2012-13 ending fund balance of \$149.4 million is the contingency appropriation. Therefore, overall fund balances in the special revenue funds are anticipated to decrease by \$115.0 million from a beginning budgetary fund balance of \$264.4 million to the projected ending budgetary fund balance listed in the previous schedule. Fund balance at the end of this fiscal year will be carried over to the 2013-14 budget.

Significant details regarding projected reductions in fund balances for Special Revenue Funds:

- **Behavioral Health – Mental Health Services Act (MHSA)** budget unit projects a \$32.2 million decrease in fund balance due to expansion of programs, capital expenditures, and increased salary and benefit costs.
- **Community Development and Housing** estimates a decrease in fund balance of \$10.7 million due to appropriation for planned projects such as the Baker Learning Center in Muscoy.
- **Public Works Transportation** anticipates a \$34.0 million reduction in fund balance primarily due to a \$31.8 million increase in road construction projects, while still funding PCI projects and road maintenance the same level as the prior year.
- **Sheriff/Coroner/Public Administrator** anticipates a \$12.5 million reduction in fund balance due to a reduction in projected revenue and an increase in capital projects.

Capital Project Funds

The entire fund balance for capital projects is appropriated each year by project; therefore, the projected ending fund balance will be zero. Historically, the amount budgeted each year is greater than the amount actually expended because large capital projects often span many fiscal years and project balances are carried over annually until project completion. Hence, the actual ending fund balance is typically much greater than budgeted.

AB 109: Assembly Bill 109, the Public Safety Realignment Act, signed April 4, 2011, transfers responsibility for housing/supervising inmate and parolee populations classified as “low-level” offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

ABx1 26: Assembly Bill x1 26, the Dissolution Act, signed June 29, 2011, mandates the elimination of every redevelopment agency in California effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities.

Accrual: An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Adopted Budget: The original spending plan and financing given at the beginning of the fiscal year, typically adopted by the Board of Supervisors in June for the upcoming fiscal year. It may vary from the Recommended Budget.

Amortization: The process of gradually extinguishing an asset on the books.

Appropriation: An appropriation is an authority to spend. It represents the authorization for the county to make expenditures/incur obligations for a specified purpose and period of time. An appropriation represents the authorized expenditure limit for a budget unit for the current fiscal year.

ARRA: ARRA is an acronym used for American Recovery and Reinvestment Act of 2009, also known as Economic Stimulus Funds. The three immediate goals of ARRA are to create new jobs and save existing ones, spur economic activity and invest in long-term growth, and foster unprecedented levels of accountability and transparency in government spending.

Balanced Budget: The annual operating budget will be structurally balanced upon adoption of the Board of Supervisors. Total revenues, including carry-over fund balances, will equal the total appropriation and reserves.

Budgeted Staffing: The number of positions (headcount) funded in a budget unit.

Budget Unit: An organizational component which is represented by the combination of a fund and department into one unit for purposes of budgeting.

Capital Project Funds: Capital Project Funds are used to account for financial resources designated for the acquisition or construction of major capital facilities other than those financed by Enterprise and Internal Service Funds.

Central Services: The Central Services expense category, replaces Central Computer and was set up beginning fiscal year 2010-11 to allocate both the Information Services and Facilities Management Departments' associated charges.

- Information Services Department computer charges are countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support. Each department's Central Computer budget amount is estimated at the beginning of the fiscal year by the Information Services Department and is billed based on that estimate. Next year's budget (2011-12) will be adjusted based upon the actual usage in 2010-11.
- Facilities Management Department charges are for basic services provided to departments including grounds, custodial, and maintenance. Each department's budget amount for grounds, custodial, and maintenance is based on an annual average cost per square foot.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor-Controller/Recorder/Treasurer/Tax Collector in accordance with the Office of Management and Budget, Budget Circular A-87, which is the guideline for state and federal reimbursements for indirect costs.

Department: An organizational unit used by county management to group programs of a like nature. In terms of financial structure, departments may have multiple funding sources, i.e. general fund, special revenue fund, etc. that are based on specified uses. The combinations of the various funds are consolidated at the department level.

Depreciation: The recording of expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

Deficit: Insufficient revenues or other available funds to fully fund expenditures and other disbursements during a fiscal year.

Discretionary General Funding: Describes the overall process of administering net county cost, which is the amount contributed by the county general fund from its discretionary revenue sources to fund the activities of a department.

Discretionary Revenue: Revenue not legally designated for a specific purpose or program that can be appropriated at the discretion of the Board of Supervisors.

Employee Health and Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An encumbrance is not an expenditure or a liability but merely a reserve of appropriation in a given fiscal year.

Enterprise Funds: Enterprise Funds are established to account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be funded or recovered primarily through operational revenues.

Expenditure: Decreases in net financial resources. An expenditure includes current operating expenses that require the present or future use of resources.

Final Budget: A budget unit's adopted spending plan and financing, including all mid-year adjustments through the fourth quarter.

Fiscal Year: The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

Fixed Asset: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more. Additionally, computer software is capitalized if the value is \$100,000 or greater.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: "Public Protection" is the function of the Sheriff/Coroner/Public Administrator Department.

Fund: A legal unit that provides for the segregation of moneys or other resources in the county treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: An amount comprised of accumulated excess or deficiency of revenues less expenditures of a fund, including the cancellation of prior year encumbrances. This is measured at the end of each fiscal year. Fund balance may be used in the budget unit for the upcoming year as a funding source for one-time projects or services.

Fund Balance Classifications: Beginning in 2010-11, GASB 54 requires that financial statements for governmental funds classify fund balance in one of the following five components:

- Nonspendable fund balance – assets that will never convert to cash, or will not convert soon enough to affect the current period, or resources that must be maintained intact pursuant to legal or contractual requirements;
- Restricted fund balance – resources that are subject to externally enforceable limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments, constitutional provision, or enabling legislation;
- Committed fund balance – resources that are constrained by self-imposed limitations set in place prior to the end of the period by the highest level of decision making, and remain binding unless removed in the same manner;
- Assigned fund balance – resources that are limited resulting from an intended use established by either the highest level of decision making, or the official or body designated for that purpose;
- Unassigned fund balance – residual net resources that cannot be classified in one of the other four categories.

GASB 34: Governmental Accounting Standards Board (GASB), Statement 34 establishes requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions. There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between county budget units are accounted for. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as departmental revenues). All transactions between departments within the same fund (i.e. general fund) are budgeted as reimbursements. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories.

GASB 51: Governmental Accounting Standards Board (GASB), Statement 51 establishes requirements for the annual financial reports of state and local governments. The objective of this statement is to enhance the comparability of the accounting and financial reporting of intangible assets among state and local governments, and requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets.

GASB 54: Governmental Accounting Standards Board (GASB), Statement 54 establishes requirements for the annual financial reports of state and local governments to be implemented for periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The main components of GASB 54 and how they relate to budget primarily consists of replacing existing fund balance classifications (reserved and unreserved) with new classifications (nonspendable, restricted, committed, assigned, and unassigned) that observe the constraints imposed upon the use of the resources reported in governmental funds. In addition, special revenue fund type was clarified and affects the activities required to be reported in that fund type.

General Fund: The General Fund is the predominate fund for funding County programs and for budgetary purposes are segregated in three different areas: categorical, discretionary, and restricted.

General Fund – Categorical: General fund budget units that are predominately mandated in nature such as human services programs.

General Fund – Discretionary: General fund budget units that the Board of Supervisors' predominately have oversight on their sources and requirements.

General Fund – Restricted: General fund budget units that are restricted for a specific governmental purpose. The Board of Supervisors has some discretion over usage of these funds as long as the usage falls within the specific governmental purpose.

Geographic Information System (GIS): A geographic information system integrates hardware, software, and data for capturing, managing, analyzing, and displaying all forms of geographically referenced information.

Governmental Funds: Governmental funds consist of the general fund, special revenue funds, capital projects funds and debt service funds.

Grants: A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Headcount: Actual number of individuals carried in a budget unit's payroll, as opposed to the equivalent number computed from wages budgeted.

Internal Service Funds (ISF): Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Limited Term: A position designation for non-regular positions, consisting of contract, extra-help, or recurrent position types.

Mandate: A program that meets constitutional, statutory or court-ordered requirements from either federal or state entities.

Memorandum of Understanding (MOU): For budget purposes, the MOU refers to a negotiated and approved labor agreement between the county and an employee labor organization or group that details the salary, benefits, and other conditions of employment.

Mid-year Adjustments: Board approved changes to a department's budget after the adoption of the final budget.

Mission: A clear, concise statement of purpose for the entire department. The mission focuses on the broad, yet distinct, results the department will achieve for its customers.

Modified Budget: A budget unit's adopted spending plan and financing, including any mid-year adjustments through the second quarter.

Net Budget: The difference between sources and requirements, including capital expenditures, in enterprise and internal service funds.

Net County Cost: Net county cost (or discretionary general funding) is the amount contributed to county general fund departments from its discretionary revenue sources to fund the activities of a department.

Operating Transfers In/Out: A method of providing financing from one budget unit to another for the implementation of a project or program.

Other Charges: A category of accounts established for expenditures other than salaries and benefits, services and supplies, and fixed assets. Example: Interest expense, public assistance costs, etc.

Performance Measure: An ongoing, quantitative indicator of resources consumed, workload, productivity, efficiency, and effectiveness. Performance measures should relate to objectives and allow for measurement of the same thing over time.

Position: A specific employment, whether occupied or vacant, involving duties requiring the services of one person. A position whether full or part-time is reflected as 1 in budgeted staffing amounts.

Programmed Salary Savings: A programmed mitigation measure, taken midyear in 2009-10 used to assist with balancing the budget as a result of savings realized from the deferral of raises from various bargaining groups. The majority of general fund budget units receiving discretionary general funding were impacted by these savings.

Proposition 172 (Prop 172): A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Proprietary Funds: Classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular county employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to manage one-time special projects. They do not receive the full range of benefits or have the civil service status of regular county employees.

Realignment Funding (Health & Welfare): In 1991-92 the state approved the Health & Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

Recommended Budget: A recommended budget is the working document of the fiscal year under discussion. Approval of this document does not allow expenditures for fixed assets or for new permanent employee positions unless specifically approved by the Board of Supervisors.

Redevelopment Agency: In 1951 the California Redevelopment Law (CRL) was enacted, which gave California cities and counties the authority to create redevelopment agencies. The CRL provided the local redevelopment agencies powerful local tools to eliminate urban decay, apply for grants, create jobs, build community facilities and infrastructure and attract economic reinvestment. Eventually, the CRL was expanded to assist in the creation of low and moderate income housing. A redevelopment agency, a separate legal entity, was responsible for the implementation of the CRL for the local communities. A redevelopment agency had the ability to create project areas, to purchase and assemble development sites, build infrastructure, construct deed-restricted affordable housing, and issue debt. An agency paid for these improvements through the utilization of tax increment financing. Redevelopment agencies and tax increment financing were eliminated by the State effective February 1, 2012.

Reimbursements: Amount received as payment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of expenditure and are considered a financing source.

Restricted Funds: Restricted funds consist of two restricted funding sources – Prop 172 and Realignment. Prop 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Realignment assists in funding mental health, social services, and health programs within the county.

Revenue: The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a budget unit for future appropriation.

Retirement Incentive Program (RIP): A program offered to county employees in 2008-09 to obtain personnel cost savings in a manner that minimized the financial impact to the county. County employees retiring by June 30, 2009 were made eligible to receive \$250 for each completed quarter of continuous county service, payable annually over five years. As part of the RIP, it was expected that the resulting vacated positions would not be filled for a period of five years (although some exceptions applied) and that payment would be suspended if the participating employee returned to work for the county in any capacity.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by State legislative and executive acts.

Services and Supplies: A category of expenditures within a budget unit for all standard costs of daily operations, including such items as office supplies, training, contractual services, and travel.

Set-Aside Reserve: A reserve made up from available balances materializing throughout one or more fiscal years which are not required to support disbursements of a legal or emergency nature and are held (set aside) for future funding requirements.

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government. State Government Code Section 29009 requires that the entire unreserved fund balance must be appropriated each year. The amount not expended is carried over to the subsequent year's budget.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements within the base salary range shall be based on one (1) or two (2) step increments depending on hire date and bargaining unit. Each increment is 2.5%.

Strategic Goal: A strategic goal translates resources into significant results to be achieved, providing the basis for evaluating the department as a whole.

Time Bank: For 2011-12, per the SBPEA contract, represented employees will defer 1.5 hours of compensation each pay period for 26 pay periods, to be used in the same manner as vacation leave, and to be used prior to the expiration of the contract.

Transfers: The movement of resources from one budget unit to another usually for payment of services received.

Trend: A documented recurrence of a measurable event or circumstance over time that is increasing, decreasing or even staying the same.

Unrestricted Net Assets: That portion of net assets that is neither restricted nor invested in capital assets (net of related debt).

Work Schedule Reduction: A recommended reduction of eight hours per pay period in 2011-12 for SBPEA represented employees to help mitigate costs associated with previously negotiated across-the-board salary increases.
