

Recommended BUDGET 2016-17

County Administrative Office

May 24, 2016

I am pleased to hereby submit the 2016-17 Recommended Budget. The preparation of the budget is guided by the Board-adopted Countywide Vision. The Countywide Vision calls for the creation of a “complete county” that capitalizes on its many assets to collaboratively establish a sustainable system of economic opportunity, education, well-being and amenities. The Countywide Vision and the Board’s County Goals and Objectives provide County government with clear direction as it makes budget decisions. County departments, Board Governed Special Districts and Other Agencies built their 2016-17 Recommended Budgets to achieve the Board’s policy direction. This straightforward approach has provided clarity of purpose during a particularly challenging time.

On December 2, 2015, we experienced an unprecedented attack on our County family that, though formidable, has highlighted our employees’ and our organization’s strength of character and resilience. In the 2016-17 Recommended Budget, the County has allocated \$10.2 million in funds towards improving the security of County employees and the public which we serve, including \$2.0 million to conduct a security assessment of all County facilities. Upon completion of the assessment, additional one-time funds will be required to address security improvements.

The 2016-17 Recommended Budget of \$5.4 billion is balanced and consistent with policy direction received from the Board of Supervisors. The 2016-17 Recommended Budgets address the following key issues:

- Ongoing funding for negotiated raises for County employees
- Ongoing funding for maintenance of County roads
- Continues investment in facilities, infrastructure and operating systems
- Ongoing funding of mental health and medical services for County residents
- Maintains fiscal responsibility through contributions to reserves of \$62.8 million

This budget book presents the County General Fund and County restricted general funds. It also presents capital project funds, special revenue funds, enterprise funds, internal service funds and permanent funds for all entities in the 2016-17 Recommended Budget book including the County, Board Governed County Service Areas, San Bernardino County Fire Protection District, San Bernardino County Flood Control District, Big Bear Valley Recreation and Park District, and Bloomington Recreation and Park District. Other agencies presented in this budget book include County Industrial Development Authority, Economic and Community Development Corporation, In-Home Supportive Services Public Authority, Inland Counties Emergency Medical Agency, and the recently added Housing Authority of the County of San Bernardino. The total requirements for these funds in 2016-17 are \$5.4 billion, which includes amounts budgeted as contingencies or contributions to reserves. Excluding these amounts, total projected expenditures for 2016-17 are \$5.3 billion.

General Fund Requirements total \$2.9 billion and are funded by Countywide discretionary revenues (primarily property taxes), departmental revenues, and other funding sources of the General Fund. Of this \$2.9 billion, only \$558.3 million is truly discretionary.

	Requirements (In Millions)		
	2015-16 Modified	2016-17 Recommended	Change
General Fund	\$ 2,984.3	\$ 2,911.1	\$ (73.2)
General Fund - Restricted	\$ 49.3	\$ 49.7	0.4
Special Revenue Funds	\$ 1,169.6	\$ 911.3	(258.4)
Capital Project Funds	\$ 257.6	\$ 298.4	40.7
Enterprise Funds	\$ 984.9	\$ 1,001.4	16.5
Internal Service Funds	\$ 244.7	\$ 248.2	3.5
Permanent Funds	\$ 1.6	\$ 0.0	(1.6)
	\$ 5,692.0	\$ 5,420.0	\$ (272.0)

There is a \$73.2 million net decrease in General Fund requirements due to a \$106.1 million reduction in contributions to General Fund reserves, as the Board of Supervisors approved an increase to multiple County reserves in the 2015-16 First Quarter Budget Report. However, aside from this reduction, County General Fund operational groups' requirements are increasing by \$32.9 million. There are notable increases in the two largest County operational groups, Human Services (\$48.1 million) and Law and Justice (\$12.5 million). The Human Services Operational Group is anticipating increased State and Federal funding that will support Department of Behavioral Health services, including inpatient hospitalization, indigent hospital care, general mental health services, and services for children, youth, and families. The County is also continuing to allocate additional resources to meet the growing need for augmented health and mental health correctional services associated with Public Safety Realignment.

The net reduction of \$258.4 million in Special Revenue Funds is associated with the County's shift in 2015-16 from budgeting contingencies to instead placing unallocated resources in reserves. This technical change resulted in a large one-time contribution to reserves in 2015-16 that is not required in 2016-17. This reduction in contributions to reserves totaling \$289.6 million is offset by increased operational costs of \$31.2 million. This is due to increases within the Department of Behavioral Health's Mental Health Services Act (MHSA) budget unit and the County Fire Protection District budget units. The MHSA budget unit is increasing requirements by \$62.0 million to meet the growing need for additional mental health services throughout the County. The County Fire Protection District budget is increasing as a result of the pending annexation of fire prevention and suppression services from the City of San Bernardino (\$29.6 million) and Twentynine Palms (\$1.7 million).

The \$40.7 million increase in Capital Project Funds is primarily due to the planned construction of two Department of Behavioral Health funded Crisis Stabilization Centers and four Crisis Residential Treatment Centers totaling \$36.5 million. This will enable Community Crisis Response Team (CCRT) clinics throughout the County to be expanded to provide 24 hour services and to respond to requests by law enforcement for support during the night hours.

Enterprise Funds requirements are increasing a net \$16.5 million. Notably, the Housing Authority of the County of San Bernardino has been added to the budget book and is contributing to the overall increase in Enterprise Fund requirements, including additional assumed payments for Housing Assistance and increased Capital Expenditures.

	Budgeted Staffing		
	2015-16 Modified	2016-17 Recommended	Change
County General Fund	14,332	14,425	93
County - Other Funds	6,375	6,508	133
Special Districts and Other Agencies	1,402	1,561	159
	22,109	22,494	385

Budgeted staffing for 2016-17 is 22,494, an increase of 385 positions from the 2015-16 Modified Budget. General Fund staffing is increasing by 93 positions primarily due to net increases in the Sheriff/Coroner/Public Administrator and Detentions budget units (45) for limited term positions to provide work relief associated with departmental vacancies and to provide additional health related services at the County jails. Additionally, increases to the District Attorney – Criminal Prosecution budget unit (20) are associated with new extra-help positions that are funded by additional grant funds to provide additional victim/witness services.

Staffing in Other County Funds is increasing by 133 positions associated with increases at Arrowhead Regional Medical Center (80) due to the addition of 12 beds in the behavioral health unit, increased staffing in the sterile processing unit, and additional positions tied to achieving goals for the renewed five-year Medicaid Demonstration Waiver. Another notable change includes the addition of 23 positions in the Mental Health Services Act budget unit (MHSA) which are needed in order to expand Community Crisis Response Team (CCRT) services and to provide administrative support and expand services in other MHSA programs such as the Homeless Outreach Support Team.

Special Districts and Other Agencies are increasing by 159 positions. This is primarily related to increases within the Fire Protection District, which has a net increase of 139 positions mainly for additional fire prevention and suppression services resulting from the pending annexation of fire powers from the City of San Bernardino and Twentynine Palms.

HIGHLIGHTS OF 2016-17 RECOMMENDED BUDGET

Following are highlights of programmatic and budgetary proposals included in the Recommended Budget as they relate to the 2016-17 County Goals as adopted by the Board of Supervisors on March 1, 2016.

Implement the Countywide Vision

- The County is facilitating the year-long Vision2Read initiative, which seeks to raise the bar for literacy in our community by connecting the public – whether they need help or can offer their help – to existing literacy programs provided by the County, cities, towns, school districts and community organizations. Vision2Read is an opportunity for all sectors and members of the San Bernardino County community to engage and take action to support the success of every child from cradle to career, which is one of the first regional implementation goals of the Countywide Vision Project.
- The Community Vital Signs Initiative (CVS), a community-driven effort to establish a countywide health improvement framework, continues to work on the development of its Open Data Platform. In 2016-17, CVS will focus on the launch of the Open Data Platform, to address the four priority areas of the Community Transformation Plan: Education, Economy, Access to Health, and Safety. CVS will allow the community to obtain information to support informed data-driven

decisions; track progress and achievements; and allow alignment of community efforts with existing partner resources to improve health countywide.

- Preschool Services Department (PSD) will partner with County Superintendent of Schools, First Five, and Children's Fund to launch the Early Learning Mobile Technology Platform. This program is designed to accelerate student achievement and empower parents by giving them easy to use web-based tools to augment their children's learning.

Create, Maintain, and Grow Jobs and Economic Value in the County

- The Real Estate Services Department – Project Management Division (formerly Architecture and Engineering) capital budget includes 355 active projects with total requirements of \$295.2 million, including \$128.2 million in new projects funded with \$57.7 million of Discretionary General Funding (Net County Cost). The \$57.7 million of Discretionary General Funding includes an ongoing base budget of \$12.0 million for maintenance and non-major Capital Improvement Program (CIP) projects, and \$45.7 million for construction and major CIP projects. These major projects include \$26.4 million for the 800 Megahertz Upgrade Project, \$12.2 million for various Sheriff's facility improvements, \$8.0 million for the County Buildings Acquisition and Retrofit Project including the upgrade of the County Government Center parking lots and grounds, and \$7.6 million for a variety of other projects.
- Regional Parks continues to expand amenities at Calico Ghost Town Regional Park by utilizing Off-Highway Vehicle funding to provide additional campground hook-ups and cabins. These improvements are expected to generate additional revenue for the department and the concession operators, as well as encourage new tourism.

Improve County Government Operations

- Enterprise Financial Management System: Implementation of the new system began in May 2016 with the first phase (out of two phases) continuing into 2016-17 at an estimated cost of \$7.1 million. The total cost for the new financial system is estimated to be \$25.0 million and will streamline business processes and provide better management information.
- Public Health will continue its efforts to achieve and maintain National Accreditation, through the Public Health Accreditation Board (PHAB). Accreditation ensures the Department's continued focus on quality and performance improvement, transparency and accountability to all stakeholders, and the capacity to deliver core Public Health functions. The department will be submitting the required application to PHAB in December of 2016.
- The County Library continues its plans to enhance service by replacing outdated computer hardware and software. Funding has been included in the Library's material's budget, which adds high demand items to the collection, including an expanded digital book collection.
- Land Use Services, in conjunction with Public Works, Information Services, and other County departments, continues to upgrade to a new enterprise permit solution, Accela. The new system will include a shared database, precise digital maps, and satellite images of land data that are linked to the County's GIS database. It will also provide field staff remote real-time access to the database. This solution will streamline the permitting process, offering the public access to a web portal to manage and monitor applications and permits online.

Operate in a Fiscally-Responsible and Business-like Manner

- The County Museum's budget of \$3.8 million demonstrates the County's commitment to support the Museum through a time of transition. The budget includes \$1.1 million in one-time Discretionary General Funding which includes bridge funds to support current operations and funding for activities related to re-accreditation. The County Museum continues to implement the consultant study recommendations as approved by the Board of Supervisors, to address organizational and financial challenges.
- The Transitional Assistance Department is in the second of a four year reduction to the State's CalFresh Match Waiver pursuant to the phase-out agreement adopted in the prior year State budget. This waiver allowed the County to draw additional Federal and half of the State funding without increasing the County's Maintenance of Effort. The budget includes the use of \$2.5 million of the original \$5.0 million general fund reserve that the Board approved in 2014-15 for this phase-out period.

Ensure Development of a Well-Planned, Balanced, and Sustainable County

- The County continues work on a complete overhaul of the County's General Plan, referred to as the Countywide Plan. This Countywide Plan will be a comprehensive web-based system to document land use planning and organizational governance policies. It will be comprised of three basic components: The Policy Plan (a comprehensive general plan); the County Business Plan (a system that will define and guide how the County government operates and manages itself); and the Regional Issues Forum (a web-based resource center containing information regarding shared Countywide issues). Additionally, the County is updating and expanding the community plans. When completed, there will be 27 web-based community plans involving 49 communities.
- A team of County departments will continue to monitor the drought and develop ways to reduce water usage at County facilities to show good stewardship of this valuable resource. The Special Districts Department, in collaboration with other County departments, will continue to implement water conservation programs/strategies at various County Service Areas and Districts throughout the County.
- The Registrar of Voters budget fluctuates based on the 4-year election cycle, with the Presidential Election being the largest and most costly of the major elections. The Department is transitioning from a one minor and two major election cycle in 2015-16 to a one minor and one major election cycle for 2016-17. The budget includes provisions for the following: November 8, 2016 Presidential General Election (major); December 6, 2016 San Bernardino County Employees' Retirement Association Election (minor); and three anticipated, but unscheduled special elections (minor). The minor elections are 100% reimbursable; however, the November Presidential General Election is only 30% reimbursable and thus requires one-time Discretionary General Funding (Net County Cost) of \$3.7 million for the year.
- The Public Works - Transportation budget includes over \$35.0 million in major infrastructure projects, funded in part with Discretionary General Funding. Budgeted activities include design, right of way and/or construction for major projects, including:
 - Bridge replacements on: Glen Helen Parkway, Baker Boulevard, Garnet Street, Rock Springs Road, Dola Ditch Bridge, Lanzit Ditch Bridge, Yermo Road and Arrowbear Drive;
 - New bridge on Shadow Mountain Road;
 - Widening of Slover Avenue in the Bloomington area;

- Installation of raised pavement markers on National Trails Highway in the Amboy area;
 - Reconstruction of Institution Road to improve access to the Sheriff facility in San Bernardino;
 - National Trails Highway Bridges: Bridge management plan for the repair, rehabilitation or replacement of 127 bridges on National Trails Highway and starting the design phase for replacement of 10 bridges;
 - Rehabilitation and re-profiling at various locations on Needles Highway in the Needles area;
 - Improvements to alleviate congestion and improve circulation of the interchange on Interstate 10 at Cedar Avenue
- The Public Works - Transportation budget includes \$31.5 million worth of pavement improvement projects, funded in part with ongoing Discretionary General Funding, to preserve the County's roadways by investing enough to keep the system from deteriorating further.
- The Public Works - Solid Waste Management Division plans to complete \$8.9 million of capital improvement projects, which includes the following: \$2.0 million for resurfacing the entrance and haul roads at the San Timoteo Landfill; \$957,000 for construction of Groundwater Treatment Systems at the closed Lenwood-Hinkley Landfill and Yucaipa Disposal Site; \$1.5 million for the East Slope Stabilization and Mitigation project at the closed Heaps Peak Disposal Site; \$1.5 million for construction of Landfill Gas Extraction Systems at the Barstow and Big Bear Landfills which includes \$300,000 to bring electrical power to the Barstow Landfill.
- The Public Works – Flood Control District (District) budget includes \$37.6 million in capital improvement projects. The District anticipates completion of the following projects: Cactus Basin #3, Wilson Creek Channel, Santa Ana River Flood Wall Repair, and the waterline relocations for Bandicoot Basin and Amethyst Basin. The District also plans to start construction on the following projects: Levee Certification Restoration for Patton Basin, Mojave River Levee, and Sand Creek/Warm Creek Confluence.
- Land Use Services Planning budget includes \$150,000 of Discretionary General Funding for the preparation of a Morongo Basin Cultural Plan.
- The Special Districts Department's budget includes \$45.3 million of capital improvement projects including the design and construction of the Big Bear Alpine Zoo relocation, rehabilitation of the Lake Gregory Dam, and design and construction of Snow Drop Road. Water and sanitation infrastructure projects of \$19.2 million include pipeline replacements; water system improvements; and design and construction of a pipeline, a 75,000-gallon water reservoir, and a pump station in CSA 70 W-4 - Pioneertown.
- Community Development & Housing is constructing Phase 2 of the Bloomington Community and Neighborhood Revitalization. A total of 190 multi-generational affordable housing units include 120 family units and 70 senior units and the Bloomington Branch Library. The Bloomington Branch Library and the first phase of housing are completed. The second phase is currently under construction and will be completed by Spring 2017.

Provide for the Safety, Health and Social Service Needs of County Residents

- The County is expanding efforts to provide homeless support to County residents through the following allocations included in the 2016-17 budget:
 - The Department of Behavioral Health is investing \$4.0 million by providing for basic needs, case management, outreach services, and additional built and supportive housing opportunities.

- The Sheriff/Coroner/Public Administrator is continuing to fund the HOPE Program (Homeless Outreach Proactive Enforcement) Team (\$620,000), which provides services to the homeless population by connecting them to the appropriate agencies for much needed services that help in the transition from homelessness.
- The Probation Department has included \$3.2 million towards transitional housing for adult offenders requiring Probation Department supervision.
- The Department of Behavioral Health is expanding Mental Health Treatment Services, notably in the following areas:
 - \$1.0 million towards staffing Community Crisis Response Team clinics, which will now provide 24 hour services to departmental consumers and respond to requests by law enforcement for support during the night hours. The department has also allocated \$36.5 million towards the construction of new CCRT clinics throughout the County to expand these services.
 - \$8.5 million for the Mental Health Services Act (MHSA) Comprehensive Children and Family Support Services program to support expanded mental health services for children.
 - \$4.3 million for the MHSA Regional Adult Full Service Partnership (FSP) program to support expanded mental health services to adults.
 - \$1.0 million for the MHSA Forensic Integrated Mental Health Partnership program to expand services to develop peer support and mentoring strategies for individuals who have been released early from County jail or state prison.
- The Sheriff/Coroner/Public Administrator budget includes \$1.1 million of existing departmental resources for a program authorized by the Board as a pilot on December 15, 2015 (Item No. 72) related to the delivery of law enforcement services to unincorporated areas of the West End including the North Rancho/Etiwanda Preserve and the Mission Corridor, respectively. The program was successful and is now being incorporated as an ongoing service beginning in 2016-17.
- The Sheriff/Coroner/Public Administrator budget includes \$9.0 million of one-time Discretionary General Funding (Net County Cost) to replace 2 aging and obsolete patrol helicopters: including equipment, travel and training for pilots and mechanics, installation of equipment, and delivery charges. The helicopter replacements will provide newer more reliable aircraft.
- The Public Defender Proposition 47 program will use media resources to reach all potential citizens who have convictions eligible for reclassification to further enhance their ability to rehabilitate within the community.
- County Fire is assuming fire, rescue, Emergency Medical Services (EMS), and prevention responsibilities within the Cities of San Bernardino (\$29.6 million) and Twentynine Palms (\$1.7 million) as a result of the pending annexations. This continued expansion of a regional approach will provide a more effective and efficient delivery of fire services for County residents.
- Land Use Services Code Enforcement is continuing to pilot various strategic initiatives to address issues with short-term rentals, particularly in the mountain areas. For 2016-17, a pilot program for a short-term rental hotline will be established where the public can report illegal or disruptive activities at short-term rental properties.
- The Information Services Department Telecommunication Services division is in the process of upgrading the County's Regional Public Safety Radio System (800 Mhz Upgrade Project). The project is currently on schedule, with an estimated completion date of 2020-21. The estimated cost of the project is \$158.2 million primarily funded with Discretionary General Funding.

- The Department of Aging and Adult Services (DAAS) budget of \$8.3 million will supplement programs such as the Elderly Nutrition, Supportive Services, Medicare Improvements for Patients and Providers Act, and Family Caregiver.
- The Arrowhead Regional Medical Center (ARMC) budget includes the addition of 14 positions to strengthen the Sterile Processing division to meet operational needs and ensure compliance with regulatory standards.
- The Department of Children's and Family Services is implementing an After Hours Response Center (ARC) in June 2016 to provide optimal customer service to our community partners, children and families. The Center will enhance the departments critical after hour function of responding to child abuse, neglect and exploitation referrals called into the Child and Adult Abuse Hotline (CAAHL).

Pursue County Goals and Objectives by Working with Other Agencies

- ARMC is participating in California's 1115 Waiver Renewal (Medi-Cal 2020), working alongside the California Association of Public Hospitals, the State of California, the Centers for Medicare & Medicaid Services, and multiple County departments focusing on improved patient outcomes, efficiencies and access in patient care, integrated care models and procuring maximum reimbursement for performance of prescriptive clinical measures. The budget includes \$52.5 million in revenues related to the Medicaid Waiver programs.

Focus on Recovery and Resiliency Following the December 2, 2015 Terrorist Attack (SB Strong)

- The County Administrative Office has commenced a countywide effort to document the impact and ongoing response to the December 2, 2015 terrorist attack while pursuing multiple sources of potential cost-reimbursement and to create a historic and best-practices document.
- The County has allocated approximately \$10.2 million in funds towards improving security at County facilities. This includes \$8.2 million in immediate improvements to facilities, such as expanded security guard services, upgraded security cameras and key card access installations, and \$2.0 million to conduct a security assessment of all County facilities.

CHALLENGES IN FISCAL YEAR 2016-17 AND BEYOND

Although the balancing of future costs with projected revenue has improved compared to prior County five year forecasts, broad economic challenges remain. The current economic expansion will be 7 years at the end of June 2016, which is the fourth longest in the history of the United States and cannot be assumed to last indefinitely. In addition, the fiscal uncertainty inherent in the State budget process continues to present a major challenge to the County's fiscal planning efforts.

Economic Challenges

The County's Five Year Financial Forecast covers July 2016 through June 2021 and includes moderate growth of major revenue streams throughout the period. Not included in the forecast are the impacts of a potential recession or the unknown economic impacts of the coming statewide \$15 minimum wage.

By the end of the third year of the County's forecast the current economic expansion would match the longest expansion in history. Although the weakness of the current recovery and quantitative easing may have pushed off the next recession temporarily, it would be without precedent for the economy to expand throughout the County's entire five year forecast. In response to these unknown variables, the County has taken the approach of budgeting revenue growth in a conservative fashion over the entire five year forecast rather than assuming greater potential revenue increases in the immediate future with reductions in the later part of the forecast.

State Budget

On May 13, 2016, Governor Brown released his revised \$173.1 billion spending plan to the 2016-17 Proposed State Budget. Since the release of the Proposed Budget, the State's tax revenue forecast has been reduced by \$1.9 billion, reflecting poor April income tax receipts and more sluggish sales tax receipts than expected. Still, barring any significant changes, the budget over the next two fiscal years is balanced. The budget includes a \$6.7 billion Rainy Day fund and an additional \$1.8 billion set aside for economic uncertainty. Notable County impacts from the Governor's proposed budget are as follows:

- For Human Services, a notable change includes declining caseload projections in the CalWORKs program. The Transitional Assistance Department estimates this will reduce administrative and programmatic funding by \$7.1 million. Additionally, in the area of homeless services, the Governor's budget is supporting the Senate's No Place Like Home \$2 billion housing bond proposal, with debt financing support from the Mental Health Services Act (MHSA). At this time, there is not enough information to forecast how this will affect County MHSA funding in the future.
- The State Budget includes projected increases in Public Safety Realignment funding for all counties in 2016-17, based on a projected increase in the funding level available in 2015-16 of \$85.1 million. Based on the State's allocation methodology, this would result in an increase of \$6.4 million in ongoing (Base) funding and an additional \$9.4 million in one-time funding available to the County in 2016-17. Due to the volatile nature of sales tax (which is the funding source for Public Safety Realignment), the County has taken a conservative approach and has budgeted less in total County ongoing 2016-17 base funds than are estimated in the Governor's May Revision (a total County allocation of \$86.2 million has been budgeted compared to an estimated \$90.1 million County allocation in the Governor's May Revision).

- The trend of lower Highway User Tax Account (HUTA) revenues is expected to continue for the next two to three years. These reductions hamper the County Department of Public Works' ability to deliver ongoing operation and maintenance programs critical for the safety and quality of life of our communities. At this time, it is estimated that the net effect over the next two fiscal years will be a \$7.7 million decrease in projected revenues.

Sales Tax Volatility

Historically counties have been funded by relatively stable property taxes. The realignment of many state services has made counties increasingly dependent on sales tax revenue. As a result, the portion of requirements funded primarily with sales tax now represents 16.3% of the County budget and includes 1991 and 2011 Realignment revenues (\$691.0 million), County sales tax (\$22.7 million) and Proposition 172 Half Cent Sales taxes (\$169.1 million). While sales taxes are projected to experience a modest increase in 2016-17, they tend to be much more volatile and quicker to react to changes in the economy, resulting in a higher risk of funding losses in future years.

Retirement Costs

Although there are minimal projected increases in retirement costs in 2016-17, the County is currently projecting the equivalent of an 11% loss in the County pension system for the year ending June 30, 2016, which will negatively impact County retirement costs beginning in 2017-18. Additionally, the County can expect to see increasing retirement cost volatility due to the increasing size of the pension fund. The County Administrative Office and the Retirement Association have an active dialog about monitoring, measuring, and mitigating the growing volatility risk.

CONCLUSION

The County fiscal plan as developed by the County Administrative Office is conservative in projecting anticipated costs and revenues while focusing on ensuring that the County is positioned to attract and retain a competitive workforce into the future through projected negotiated salary increases. As a result of the need to fund these increases, the 2016-17 Recommended Budget utilizes existing departmental resources or one-time funds for key projects and programs rather than additional ongoing Discretionary General Funding. The County is committed to making the most of its funding to provide necessary public services in an effective and efficient manner and fulfilling its role in the achievement of the Countywide Vision.

Long Term Financial Planning

Long-term financial planning is an effective tool for creating sustainable budgets and providing fiscal stability beyond the annual budget horizon. Long-term financial planning is a strategic process that provides governments with the information and insight needed to establish multi-year budget solutions and financial policies and actions that maintain good fiscal health. The County creates a five-year financial forecast for the purpose of providing the Board of Supervisors with a framework for use in decision-making to maintain continuity of services and capital investment. It also helps the County understand the fiscal challenges ahead and the need to establish priorities.

The forecast is updated annually and is not a budget. It does not establish policy or priorities; it simply summarizes fiscal capacity. The forecast identifies key factors that affect the County's fiscal outlook and assesses how difficult balancing the budget may be in the future.

The forecast is developed using a baseline environment, in which revenues and expenditures are projected based primarily on trend analysis, specific circumstances and present level of services provided by the County. The forecast is not a prediction of what is certain to happen but rather a projection of what will occur in the absence of mitigating actions or changing circumstances. As such, this forecast highlights significant issues or problems that must be addressed in order to maintain a structurally balanced budget.

Significant Issues Impacting the General Fund

Mandated program shifts from the State, funded primarily with sales tax revenue, increase the County's exposure to sales tax fluctuations. Sales tax revenue tends to be more volatile and quicker to react to changes in the economy than property tax revenue.

Although there are minimal projected increases in retirement costs in 2016-17, the County is currently projecting the equivalent of an 11% loss in the County pension system for the year ending June 30, 2016, which is reflected as Hypothetical Retirement costs of \$18.8 million through 2020-21.

Known costs associated with approved Memoranda of Understanding (MOUs) with employee groups reflect a cumulative change over the next five year period of \$24.1 million. However, the costs associated with current and upcoming negotiations with employee groups present an estimated \$43.2 million variable challenge to the County's current operating surplus projected for the next five years. These Hypothetical MOU costs reflect the assumption that salary adjustments for the contracts with the employee groups currently in negotiations will mirror the salary adjustments received by the employees with recently executed employee contracts. The County currently estimates that the ongoing cost of staffing the expanded High Desert Detention Center is \$27.6 million. Previously, the recommended funding deferral grew staffing in phases, moving Phase 2 to Fiscal Year 2017-18 and Phase 3 to Fiscal Year 2018-19, to mitigate costs. However, these costs are not funded in the Ongoing Budget Plan.

The Affordable Care Act will continue to impact Human Services departments and the Arrowhead Regional Medical Center as they are primary providers of Medi-Cal services. The longer term impacts of the Affordable Care Act remain difficult to forecast.

Note: The Five-Year Financial Forecast represents future incremental costs and changes in revenues for the referenced fiscal year.

Table 1 displays the County's 2016-17 financial forecast and summarizes the County's five-year financial forecast. The forecast reflects ongoing expenditures funded with ongoing discretionary revenue in the County's General Fund. The forecast shows that ongoing revenues are increasing due to projected increases in property tax and Proposition 172 sales tax revenue. Ongoing Cost Changes reflect the cost to maintain current service levels. After accounting for these changes, the Yearly Operating Available is positive for the next five fiscal years, but only provides for minimal increases in services or labor costs.

In recent years, the County has identified an ongoing cost not previously included in the five year forecast that need to be addressed. This cost is included in Table 1 in the section Ongoing Costs Not Funded in the Ongoing Budget Plan and represents deferred staffing of the High Desert Detention Center. After including this cost component, the County's General Fund has a cumulative structural surplus of \$47.3 million over the next five fiscal years.

This forecast also illustrates the need for continued caution in allocating any surplus in light of upcoming and current negotiations with employee groups. The surplus reverts to a deficit when potential Memoranda of

Understanding (MOU) and Retirement costs are included. Costs associated with future negotiations have been estimated and identified in Table 1 as Hypothetical MOU Costs and Hypothetical Retirement Costs.

2016-17 Recommended Budget

The 2016-17 Recommended Budget is structurally balanced, with \$25.0 million of ongoing funding unallocated and available to fund future ongoing costs.

2016-17 Ongoing Revenue Changes

As reflected in the Five Year Financial forecast, the County anticipates increased revenues of \$36.7 million in 2016-17. A recession is likely to impact the forecast. As a result, the forecast includes conservative estimates of growth and does not attempt to predict the onset of recession impacts.

Property Tax Revenue, including pass-throughs from redevelopment agencies, is projected to increase due to higher than anticipated revenue in 2015-16 and 3.5% growth in assessed valuation (AV) in 2016-17.

Proposition 172 Sales Tax revenue is projected to increase 3.0% over the 2015-16 budgeted amount based on projections from a local economist and current year trends. This revenue is derived from a half-cent sales tax that provides funding for public safety services. Sales tax revenue tends to be more volatile which creates more risk the public safety services being provided.

Other Revenue includes an anticipated increase of \$1.1 million in discretionary sales tax revenue based on data provided by a local economist and the County's sales tax consultant and \$3.2 million in COWCAP revenue based on information received from the Auditor-Controller/Treasurer/Tax Collector. Remaining increases in other revenue is comprised of other property related revenue and Franchise Fees.

2016-17 Ongoing Cost Changes

As reflected in the Five Year Financial Forecast, the County anticipates an increase in Ongoing Costs of \$22.5 million in 2016-17. Ongoing Cost Changes reflect the cost to maintain current service levels.

Retirement costs are projected to increase by \$0.7 million primarily due to an increase in retirement costs for employees in the San Bernardino County Safety Employees Benefit Association.

MOU Costs increases reflect the 2016-17 cost of approved compensation changes pursuant to negotiated MOUs with employee groups.

County Fire Subsidy Costs are increasing primarily due to the additional costs associated with recently approved MOUs.

Other Costs increases include \$4.0 million in funding to Human Services for increased costs of Foster Care and California Children's Services, \$0.9 million in funding allocations to departments for Worker's Compensation increases, and an additional \$1.7 million for insurance, central services and other costs.

Transportation Operations/Pavement Management Program (PCI) represents an ongoing contribution to the maintenance of County responsibility roads to prevent further deterioration. In previous years, this cost was included in the Ongoing Costs Not Funded in the Ongoing Budget Plan section of the Five Year Financial Forecast. 2015-16 was the first year that sufficient ongoing resources existed to begin to fund this program on an ongoing basis. The 2015-16 Adopted Budget provided ongoing funding in the amount of \$8.8 million for this program. The 2016-17 Recommended Budget includes additional funding of the \$5.4 million identified in the Five Year Forecast, for total funding of \$14.2 million.

THIS PAGE LEFT INTENTIONALLY BLANK

The County Fiscal Plan (five-year financial forecast) primarily focuses on increases in costs to maintain current services and the amount of discretionary revenue available to fund these costs and/or what mitigations are needed. Under the direction of the Chief Executive Officer, Finance and Administration also identifies needs within the County that are not currently funded and require funding with ongoing or one-time sources.

ONGOING NEEDS

The 2016-17 Recommended Budget funds \$22.5 million in Ongoing Cost Changes identified in the five year financial forecast. No other ongoing costs are funded with Discretionary General Funding. This leaves approximately \$25.0 million of ongoing resources available to address projected increases in negotiated salary costs, to position the County to attract and retain a competitive workforce.

ONE-TIME NEEDS

The 2016-17 Recommended Budget funds \$59.6 million in increased one-time costs. One-time costs include \$7.5 million per Board policy or direction. This includes funding the Economic Development Agency with one-time Discretionary General Funding derived from revenue earned by the Department, funding the Registrar of Voters 2016-17 Election Cycle, and funding the required increase in the County's Mandatory Contingencies. Further detail is provided on the following pages of the remaining \$52.1 million in one-time needs included in the 2016-17 Recommended Budget.

Give BIG San Bernardino County is a 24-hour online giving day. It is a “web-a-thon” that provides an opportunity for non-profits to raise funds to address the needs in the local community. Use of the General Fund Reserve for the 2016-17 Give Big Event is recommended to be allocated to the CAO budget.

\$0.1 million for CAO - Baker Emergency Medical Services

On September 28, 2004 (Item No. 70), the Board of Supervisors approved Performance-Based Contract No. 04-1028 with Baker Emergency Medical Services, Inc., for the provision of ALS ambulance service in the County's Exclusive Operating Area 23 which serves the greater Baker area. On December 15, 2015 (Item No. 18), the Board approved a contract with Baker Emergency Medical services to provide financial support for the delivery of the ALS ambulance services in the amount of \$11,000 per month for a total not-to-exceed of \$132,000 for the period of January 1, 2016 through December 31, 2016. On March 2, 2016, as included in the Second Quarter Budget Report, the Board approved the use of Discretionary General Funding in the amount of \$66,000 for the period of January 1, 2016 through June 30, 2016.

Funding for outside legal counsel for employee relations matters, and the purchase of office equipment, including chairs for the testing center.

\$2.5 million for Human Services - CalFresh Maintenance of Effort (MOE) Waiver Discontinuance

Beginning in 2010-11, the CalFresh MOE Waiver allowed counties to draw down additional federal and half of the State funding for CalFresh without increasing the County's MOE. The 2016-17 Governor's budget includes a 50% reduction to the CalFresh Waiver which reflects the second year of the four-year phase-out agreement. The Board established a General Fund reserve for the CalFresh Waiver Discontinuance in 2013-14.

\$0.1 million for Public Health – Non-Profit Permits for Temporary Events and Snack Bars

Funding for the cost of permits issued to non-profits for temporary events and Snack Bars for youth sporting events.

\$1.5 million for Trial Court Funding Maintenance of Effort

On June 24, 2015 Governor Brown signed the Traffic Tickets/Infractions Amnesty Program into law. The program went into effect October 1, 2015 and remains in force until March 31, 2017. The program forgives unpaid traffic tickets due by January 1, 2013 in order to provide relief to qualified individuals who defaulted on a court-ordered obligation and may have had driving privileges suspended as a result. Funding is recommended to mitigate the decline in revenue anticipated in 2016-17 due to the amnesty program.

\$0.3 million for District Attorney – Cold Case Prosecution

One-time funding for the addition of two extra-help District Attorney Senior Investigators to assist with the workload of the District Attorney's Cold Case Prosecution Unit.

\$0.5 million for Public Defender – Proposition 47 Caseload

The State's Proposition 47, the Reduced Penalties for Some Crimes Initiative, was approved on the November 4, 2014 ballot. The initiative reduced the classification of most "non-serious and non-violent property and drug crimes" from a felony to a misdemeanor. Passage of Proposition 47 has resulted in a significant workload increase for the Public Defender. One-time funding is recommended for contract staffing costs associated with the Proposition 47 caseload.

\$0.5 million for Sheriff – Recruitment Program

Funding for recruitment, advertisement and processing of prospective applicants. Additional recruitment efforts will assist the department in addressing critical issues with attrition and the filling of positions.

\$1.3 million for Sheriff – Guns, Body Armor and Equipment

Funding for guns, ammunition and body armor associated with increased need at the Sheriff's Training Academy to expand response capabilities and upgrade the current body armor for optimum safety funded with a portion of the Jail Upgrades Reserve for the Glen Helen Rehabilitation Center.

\$9.0 million for Sheriff – Helicopters

Funding to replace two aging and obsolete patrol helicopters including equipment, travel and training for pilots and mechanics, installation of equipment and delivery charges funded with a portion of the Jail Upgrades Reserve for the Glen Helen Rehabilitation Center.

\$1.1 million for the County Museum – Operations and Accreditation

Includes bridge funding to support current operations, and funding for activities related to accreditation. Re-accreditation funding will be used for the following activities: relocating museum storage to a new climate controlled facility, developing an organizational strategic plan and exhibit interpretative master plan with a consultant, developing and upgrading wayfinding and interpretative signage, updating current exhibit spaces, and various other needs including the Museum's collection management system.

\$0.7 million Land Use Services – Accela Permit Systems Upgrade

Use of the Permit Systems Upgrade Reserve to fund 2016-17 costs related to the upgrade of the outdated permitting system to a new enterprise solution. Accela is an enterprise land management system that facilitates interdepartmental communication and cooperative processing in a shared data environment.

\$0.2 million for Land Use Services Planning – Morongo Basin Cultural Plan

Funding for costs related to the preparation of a Morongo Basin Cultural Plan.

\$0.4 million for Land Use Services Code Enforcement

Funding for various costs and initiatives within the division. This includes:

- \$100,000 relating to a pilot program for a 24/7 Short-Term Rental Complaint Hotline where the public can report illegal or disruptive activities at short-term rental properties.
- \$195,381 to assist with funding the division's demolition program where private structures that have been identified as significant hazards or public nuisances can be demolished and the hazard abated,
- \$50,000 for the purchase of kiosks in the Land Use offices to help better serve the public, and
- \$64,803 for the purchase of radios for Code Enforcement officers that tie into the County Sheriff's dispatch channels to improve public and staff safety.

\$0.1 million for Surveyor – Completion of Old Surveys

In 2012-13, the Records Survey Fee was converted from a flat fee to an actual cost fee. Prior to 2012-13, the flat fee was collected in advance. Consequently, work continues on many of these old surveys and the office of the Surveyor continues to incur costs without offsetting revenue. The recommended one-time allocation will fund the estimated hours that will be spent on these old surveys in 2016-17.

\$0.3 million for the Regional Parks – Prado Park Master Plan

Funding for costs related to the preparation of a Master Plan for Prado Park.

\$0.7 million for the Flood Control – Rimforest Drainage

\$4.1 million for the 2016-17 Transportation – Road Projects

A one-time contribution of \$4.1 million for the following projects funded from the General Fund Reserves set-aside for these Transportation Projects:

- \$0.1 million for the Cedar Avenue Interchange to fund land acquisition and continuing design activities.

\$0.5 million for Special Districts – CSA 120 North Etiwanda Preserve

One-time funding of \$250,000 is recommended for land acquisition and parking improvements in CSA 120 North Etiwanda Preserve. An additional \$250,000 is recommended for a study involving the collection of biological data on wildlife and vegetation within the North Etiwanda Preserve to ensure appropriate management of these lands.

One-time funding is recommended for various Capital Improvement Projects

- \$0.5 million for the Apple Valley Library Structural Beam Repair Project. This additional funding will complete the structural repairs at the Apple Valley Library.
- \$2.5 million for the Arrowhead Regional Medical Center Jail Ward Project. This will fund design costs for construction of a separate acute care ward for prisoners at the Arrowhead Regional Medical Center. Funding is from the ARMC Jail Ward Capital Projects Reserve.
- \$8.0 million for the County Buildings Acquisition and Retrofit Project. This funding will increase the project budget to \$84.3 million, for improvements to the newly acquired 323 Court Street Building in San Bernardino, the upgrade of the County Government Center parking lot and grounds, and \$2.0 million of design costs for the Valley Public Safety Operations Project.
- \$0.3 million for the County Government Center Security Improvements and Café Remodel. This project will provide design for security improvements and remodel of the County Government Center café.

- \$1.2 million for the West Valley Detention Center Rec Yard Enclosure Project. This new project is for the construction and installation of steel enclosures that contain a toilet, sink and intercom in the recreation yards funded with a portion of the Jail Upgrades Reserve for the Glen Helen Rehabilitation Center.

FUTURE ONE-TIME NEEDS

In addition to one-time needs allocated for use in 2016-17, there are future one-time needs for which funding is recommended. This funding is recommended to be set aside in County General Fund Reserves. The detail of these needs is described below.

One-time Needs Set-Aside in General Fund Reserves (in millions)

	One-Time
General Purpose	\$8.3
Asset Replacement	15.6
EMACS Upgrade	8.0
Labor	11.0
Lake Gregory Dam	4.5
Ontario Airport	0.3
Permit Systems Upgrade	1.1
Recorder/County Clerk's Enterprise System	1.0
Transportation Projects - National Trails Highway	5.0
One-time Reserve Contributions in 2016-17 Recommended Budget	\$54.8

\$8.3 million for the General Purpose Reserve

The County's Fund Balance and Reserve Policy provides for a General Purpose Reserve targeted at 20% of locally funded appropriation. This policy states that this reserve shall be built up with one-time sources until the established target is achieved. The recommended one-time contribution of \$8.3 million for 2016-17 brings the General Purpose Reserve to 14.6% of locally funded appropriation.

\$15.6 million for the Asset Replacement Reserve

The Discretionary General Funding share of asset replacement needs is approximately \$45.2 million. This includes assets that have or will exceed their useful lives by the end of 2016-17. The recommended contribution to this reserve will set-aside additional funds to address these needs.

\$8.0 million for the EMACS Upgrade Reserve

One-time funding is recommended to establish a reserve for the upgrade of the County payroll system (EMACS) to version 9.2.

\$11.0 million for the Labor Reserve

The County is currently in contract negotiations with various labor groups. The contribution to the Labor Reserve sets aside amounts to address potential one-time costs of these negotiations, and also sets aside a portion of the Hypothetical MOU costs identified in the five year financial forecast.

\$4.5 million for the Lake Gregory Dam Reserve

Additional funds are needed for this project due to unexpected construction conditions, additional work required by the State Division Safety of Dams, and increases in engineers' estimates as the project has developed.

\$0.3 million for the Ontario Airport Reserve

One-time funding is recommended for the establishment of a General Fund Reserve for future support for the Ontario International Airport.

\$1.1 million for Permit Systems Upgrade

Additional ISD support (staffing costs) that was not anticipated at the outset of the project requires an additional \$1.1 million in funding. This is partially due to project delays and additional modifications during the pre-implementation phase.

\$1.0 million for the Recorder/County Clerk's Enterprise System

One-time funding is recommended for the establishment of General Fund Reserves for the Recorder/County Clerk's Enterprise System. The recommended funding will assist with the replacement of the aging, outdated, and increasingly unsupported Recorder-County Clerk enterprise system, necessary for complex recording, filing, and cashiering functions of the division.

\$5.0 million for Transportation for the National Trails Highway

Additional funding for the repair, rehabilitation or reconstruction of various bridges along National Trails Highway.

Overview of 2016-17 Requirements and Sources

As the largest political subdivision of the State, counties are vested by the California State legislature with the powers necessary to provide for the health and welfare of the people within its borders. The \$5.4 billion 2016-17 Recommended Budget reflects the planned allocation of resources necessary to carry out this mission for the citizens of San Bernardino County. This budget has been developed in accordance with the Countywide Vision which promotes a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure. The County's 22,494 budgeted positions are responsible for a wide variety of services to residents, from responding to calls for help in emergencies (Sheriff and Fire Department) to giving businesses the tools they need to succeed (Economic Development Agency) to providing a home for children in need (Human Services – Subsistence). The following budget is recommended in order to continue to provide the County's many important services in a fiscally responsible and sustainable manner.

Total Requirements of \$5.4 billion consist primarily of Staffing and Operating Expenses, which represent 81.6% (\$4.7 billion) of Total Requirements (excluding the effect of reimbursements). Staffing Expenses of \$2.0 billion consist of salaries of \$1.3 billion and benefit costs of \$730.2 million. Departments with significant budgeted staffing expenses include the Sheriff/Coroner/Public Administrator (\$446.7 million, 3,747 positions), Human Services Administrative Claim (\$345.6 million, 4,806 positions), and Arrowhead Regional Medical Center (\$263.7

million, 3,772 positions). The largest benefit related cost for the County is employee pensions (retirement), which makes up 58.4% (\$426.3 million) of all costs associated with employee benefits. The increase in staffing costs of \$69.5 million is largely due to increased costs of \$31.3 million for 139 additional staff for the Fire Protection District as a result of the assumption of fire protection services from the Cities of San Bernardino and Twentynine Palms. Other increases in staffing include \$10.0 million for the Arrowhead Regional Medical Center (80 positions) and \$8.5 million in the Law and Justice Departments (80 positions). The Human Services Group is also increasing staffing expenses by \$11.2 million while adding a net 13 positions due to position changes across multiple departments.

Operating Expenses in the County include costs for services and supplies, internal service fund charges, travel, transfers to the other County departments, and other charges. These expenses represent the largest share of costs within the County at \$2.7 billion, which is primarily a result of the State giving the County the responsibility for administration of Human Services programs. Many of these programs provide subsistence payments to help residents in need throughout the County and as a result, the Human Services operational group makes up almost half (46%) of the County's operating expenses. In 2016-17 Operating Expenses are increasing by \$16.0 million which is primarily associated with increases in Human Services (\$63.5 million) and Administration (\$14.6) million but is offset by decreases in Operations and Community Services (\$34.3 million), and the Flood Control District (\$21.7 million).

Total Requirements of \$5.4 billion are decreasing from the 2015-16 Modified Budget by \$272.0 million, or 4.78%. This decrease is primarily associated with a decrease in Contributions to Reserves/net position in the General Fund, and Special Revenue, Enterprise and Internal Service Funds. For the non-general funds, the 2015-16 budget included a change in the treatment of amounts not planned to be spent during the fiscal year. Instead of budgeting these amounts in contingencies, these amounts are now contributed to reserves/net position. As a result, the 2015-16 contribution to reserves/net position for the non-general funds included all amounts accumulated over multiple years, that were not budgeted for use in the 2015-16 fiscal year. In 2016-17 the contribution amount only represents the excess of sources over requirements, where they occur, for 2016-17. General fund reserve contributions are decreasing due to Contributions to Reserves made in the 2015-16 first quarter budget report, primarily funded with additional monies made available from 2015-16 final results of operations.

Total Requirements includes Contingencies and Contributions to Reserves (General Fund and Non General Fund). Like Contingencies, Contributions to Reserves represent Sources that are not planned to be spent in the coming fiscal year. Beginning in 2015-16, governmental funds other than the general fund eliminated the use of Contingencies, which represented Sources in excess of Requirements. Instead amounts that are available but not budgeted to be spent, are contributed to reserves. Excluding Contingencies and Contributions to Reserves, the total budget available for expenditure in 2016-17 is \$5.3 billion (including Operating Transfers Out). Further detail on General Fund Contingencies and Reserves can be found in the Discretionary General Funding and Restricted Funds section of the Executive Summary.

New for 2016-17 is the inclusion of the budget for the Housing Authority of the County of San Bernardino (HACSB) into this budget book. Total Requirements for HACSB included in the 2016-17 Recommended Budget are \$309.4 million (including Operating Transfers Out and Contributions to Reserves). Prior years have been restated to include HACSB Requirements for comparative purposes. Further detail on HACSB is included in the Other Agencies section of this budget book.

The three major funding sources of the County include revenue from other governmental entities (State, Federal or Other Government), funding for direct services provided (Fee/Rate), and taxes. At \$1.8 billion, State, Federal or Other Government Revenue represents 31.2% of the County budget (including the effects of reimbursements). The Human Services operational group receives the largest amount of funds from other governments, with \$410.8 million received from the State and \$650.8 million received from the federal government. Fee/Rate revenue of \$969.5 million represents 16.8% of the County budget and includes funding from licenses, permits, fines, fees, rates, and other charges for direct services provided by the County. Much of this funding (\$213.0 million) is received by departments, such as the Fleet, Information Services and Risk Management Departments, that provide direct services to other County Departments. Other notable departments that receive funding to provide

specific services include the Sheriff's Department (\$137.6 million), which provides law enforcement services for 14 incorporated county cities, and the Public Work's Solid Waste Division (\$70.7 million) that is responsible for the operation and management of the County solid waste disposal system.

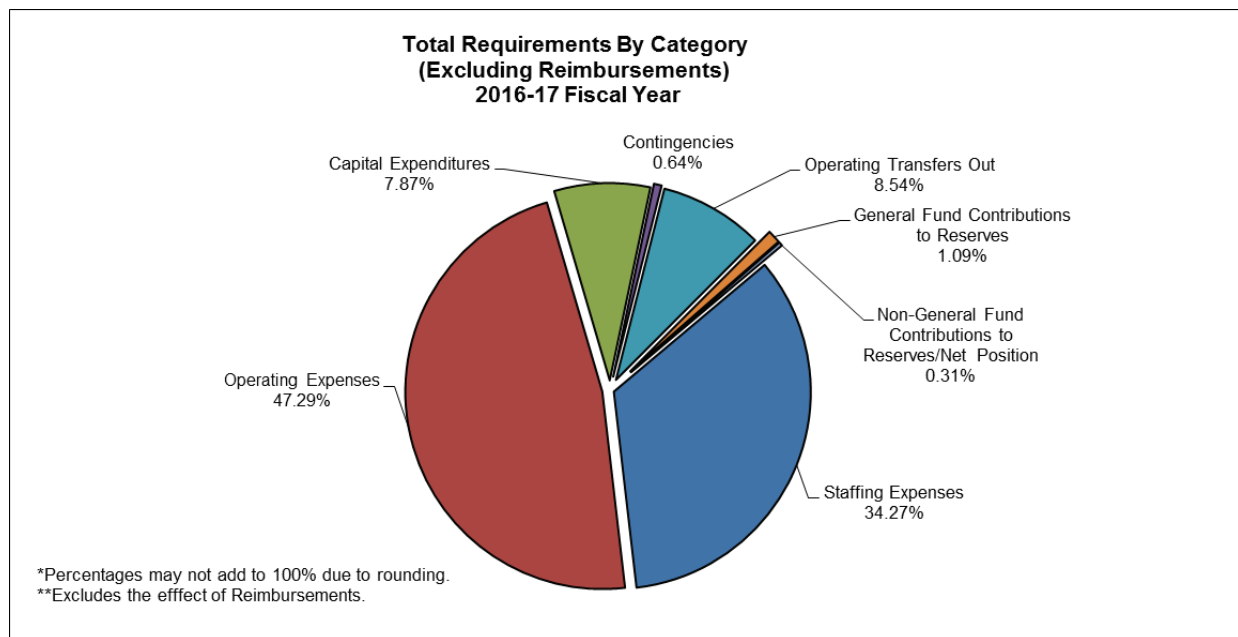

While historically it has been assumed that counties are reliant on relatively stable property taxes for the provision of services, with the realignment of many state services, counties have become increasingly dependent on sales tax revenue. When combining 1991 and 2011 Realignment revenues, which are primarily funded with sales tax (\$691.0 million), with County sales tax (\$22.7 million) and Proposition 172 Half Cent Sales taxes (\$169.1 million), the portion of requirements funded primarily with sales tax represents 15.3% of the County budget. While sales taxes are projected to experience a modest increase in 2016-17, they tend to be much more volatile and quicker to react to changes in the economy, resulting in a higher risk of funding losses in future years.

The County recognizes that a recession is likely to commence in the very near future, as the current economic expansion will be at 7 years at the end of June 2016 and is the 4th longest in the history of the United States. In a stable conservative fashion, rather than attempting to time the economic cycles, the County has taken the approach of budgeting revenue growth conservatively.

The County's approach to increasing County reserves reflects a fiscally conservative recognition of the resource shift from historically stable to risky tax sources. In 2015-16, the County contributed a total of \$491.8 million between General Fund (\$168.9 million) and Non-General Fund (\$322.9 million) reserves and is budgeted to contribute \$62.8 and \$17.8 million in 2016-17, respectively. Further detail on County General Fund Reserves can be found in the Discretionary General Funding and Restricted Funds section of the Executive Summary. Information regarding Non-General Fund Reserves can be found on Budget Unit Specific pages within the budget book.

REQUIREMENTS AND SOURCES BY CATEGORY

Total Requirements (excluding the effect of Reimbursements) include approved expenditure appropriation for adoption by the Board of Supervisors, Operating Transfers Out, and Contributions to Reserves/Net Position for the County General Fund and for non-general fund departments. Operating Transfers Out provide a mechanism to transfer funding between budget units and are not appropriated to spend.

Total Sources (including the effect of Reimbursements) include projected revenue and Operating Transfers In, which provide a mechanism to transfer funding from one budget unit to another within the County. Additionally, Sources include the use of fund balance/unrestricted net position for all non-general funds, the general fund available unassigned fund balance, and the use of General Fund reserves.

REQUIREMENTS SUMMARY

The 2016-17 Recommended Budget includes Requirements of \$5.4 billion, which is a net decrease of \$272.0 million or 4.78% compared to the 2015-16 Modified Budget.

** Requirements include contributions to Available Reserves and Net Position.

Below are explanations of the major expenditures that are included in the \$5.4 billion 2016-17 Recommended Budget and changes from the 2015-16 Modified Budget. It should be noted that Requirements discussed in this section include Contributions to Reserves/Net Position. As a result, the Total Requirements included in this section may not align with the Total Requirements discussed on Budget Unit Specific pages.

County Operations

Administration has Requirements of \$300.3 million and contains County departments and functions that provide leadership and support to departments that provide direct public services to County residents. The leadership section of this operational group includes the Board of Supervisors (\$7.7 million), which is the governing body of County government, and the County Administrative Office (\$5.1 million), which directs and coordinates departmental activities according to the law and strategic goals set by the Board of Supervisors. Various support functions include civil legal services provided by County Counsel (\$9.7 million), employment and employee related services provided by Human Resources (\$18.1 million), and information technology support provided by the Information Services Department (\$88.3 million). The largest department in the Administration operational group is the Department of Risk Management, which has Requirements of \$106.3 million and administers the County self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs as well as its insured programs.

Overall, the change in budget from the 2015-16 Modified Budget for this operational group is \$3.6 million, which represents a 1.2% increase in Requirements. The most notable change in the Administration group is a \$5.2 million increase across the Information Services Department budget units. This increase improves county government operations by funding increased operating expenses while also providing for additional staffing for server management and fiscal administration.

Capital Facilities Leases has Requirements of \$7.2 million which is a \$5.7 million decrease from the prior year. This budget unit funds the cost of long-term capital lease payments for the major County facilities financed by the

General Fund. Requirements are decreasing as the result of the elimination of the lease payment for the 2002 Justice Center/Airport Improvements financing that matures on July 1, 2016. The final facility financed by the General Fund is the West Valley Detention Center.

Economic Development Agency has Requirements of \$83.4 million and provides services that seek to create, maintain, and grow the economic value of the County. Such services include small business assistance and technical support, permitting assistance, and business site selection assistance. Notable departmental Requirements include \$55.5 million for Community Development and Housing (CDH) services which includes \$17.7 million for infrastructure improvements in the areas surrounding San Sevine and Cedar Glen communities and \$29.4 million for low-moderate income housing assistance. In addition, the Department of Workforce Development (\$24.4 million), which is funded by federal Workforce Innovation and Opportunity Act revenue, includes \$15.4 million in direct services to job seekers and business customers, including vocational training, On-the-Job training, supportive services, business consulting, and workshops.

The net reduction in Requirements of \$9.1 million is primarily due to a decrease of \$4.8 million in CDH as the result of projects completed in 2015-16, and an increase in reimbursements of \$2.1 million in Workforce Development from the Human Services Transitional Assistance Department to provide low-income adults with paid work experience.

Fiscal has Requirements of \$67.6 million and includes the Auditor-Controller/Treasurer/Tax Collector (\$39.5 million) and the Assessor/Recorder/County Clerk (\$28.1 million). These departments provide services to the public and other County departments related to the establishment and collection of County property taxes along with other fiscal services that ensure the proper reporting and usage of taxpayer funds. Notable Requirements in the Auditor-Controller/Treasurer/Tax Collector include \$25.5 million for staffing expenses to provide accounting, auditing, collections, and investment services to County departments and constituents. The Assessor/Recorder/County Clerk includes \$18.4 million in staffing expenses to perform mandated assessment of properties, recording of real estate and other documents, and County clerk functions.

Total Requirements in this group are decreasing \$11.2 million (14.2%) and are primarily associated with a decrease in Contributions to Reserves as compared to the prior year. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Arrowhead Regional Medical Center (ARMC) has Requirements of \$565.7 million and provides medical services to County residents. ARMC is an acute care facility that provides a full range of inpatient and outpatient services, has three off campus community health centers, and provides Department of Behavioral Health's inpatient activities and numerous specialty activities. For 2016-17, ARMC will focus on the next steps of healthcare transformation brought about by the renewal of the State of California's Section 1115 Waiver by the Centers for Medicare and Medicaid Services.

ARMC is increasing Requirements by \$28.3 million, which represents a 5.3% increase over the prior year. This includes a \$10 million increase in staffing expenses which is primarily the result of a continued focus on patient care and patient care volume through the addition of 80 positions to support the addition of 12 beds in the behavioral health unit, increased staffing in the sterile processing unit, and positions tied to achieving funding from the renewed Waiver. Also included in the increase is a \$13.2 million increase in Capital Expenditures related to the funding of numerous capital improvement projects including the installation of a Multipurpose Angio Unit that will provide versatility in the types of procedures performed from simple x-rays to complex angiography.

Human Services is the largest operational group within the County with Requirements totaling \$1.9 billion. This group provides health and social service programs to County residents through a number of County departments. Health services are provided primarily through the Department of Behavioral Health (\$446.9 million) and Public Health (\$108.5 million). Social services are provided primarily through Human Services (\$1.1 billion) including the Human Services Administrative Claim budget unit (\$564.0 million), the Human Service Subsistence Payments budget units (\$548.5 million) and the Wraparound Reinvestment Fund budget unit (\$11.6 million). Additional social services are provided by the Preschool Services Department (\$50.7 million), Child Support Services

Department (\$39.9 million), and the Aging and Adult Services Department (\$9.5 million). Notable Requirements in the Human Services group include \$1.3 billion in Operating Expenses of which \$549.4 million are in the Human Services Subsistence funds and represent either direct payments to welfare recipients or payments to organizations that provide services to the welfare recipients.

Human Services is increasing Requirements by a net \$8.2 million which primarily includes increases of \$63.5 million in Operating Expenses, \$20.2 million in Operating Transfers Out and \$11.2 million in Staffing Expenses that are largely offset by decreases in Contributions to Reserves of \$78.6. Changes in Operating Expenses are primarily the result of increases in the Department of Behavioral Health which include an increase of \$60.8 million to fund increases to service provider contracts for inpatient hospitalization, indigent hospital care, foster family services, general mental health services, and services for children, youth, and families. Increases in Operating Transfers Out are primarily due to the construction of facilities for the Department of Behavioral Health (\$40.6 million) and are offset by a decrease in the Master Settlement Agreement fund due to the elimination of a one-time transfer of funds in the prior year (\$18.3 million), which was contributed to the ARMC Jail Ward Reserve. The net increase in staffing expenses within this operational group (\$11.2 million) is primarily the result of the addition of a net 13 positions across all programs and increases in costs associated with negotiated salary and benefit changes.

Law and Justice has Requirements of \$935.3 million and provides public safety services to County residents. The Sheriff/Coroner/Public Administrator (total - \$605.5 million) provides law enforcement services for the unincorporated areas of the County and certain services on a countywide basis through its Operations budget unit (\$240.7 million). Another primary function of the Sheriff's Department is to provide Detention facilities (\$206.4 million) for all of the County pre-sentenced inmates as well as sentenced inmates no longer required to go to State prison. This is the result of the realignment of services by the State for adult offenders (2011 Realignment). The Sheriff's Department also provides law enforcement services to 14 county cities through contractual agreements (\$137.6 million). The Probation Department (\$168.5 million) provides supervision of adult and juvenile probationers throughout the County as well as for recently realigned State parolees (2011 Realignment). The District Attorney's Office (\$81.8 million) is responsible for prosecuting crimes committed within the County, and the Public Defender (\$38.5 million) provides mandated representation to indigent adult clients in felony, misdemeanor, and mental health civil commitment cases, as well as to clients facing probation, parole, or post-community supervision release violations.

Requirements are decreasing by a net \$24.3 million in this operational group primarily due to increases in Staffing Expenses and Capital Expenditures that are offset by decreases in Operating Transfers Out and Contributions to Reserves.

Staffing Expenses are increasing by \$8.5 million as follows:

- \$6.4 million between the Sheriff's Operations budget (\$4.9 million) and the Detentions budget (\$1.5 million) will fund a combination of new positions, increased retirement costs and negotiated salary increases.
- \$2.1 million in the District Attorney's Criminal Prosecution budget will fund a combination of negotiated salary increases and new positions (\$2.1 million).

Capital Expenditures are increasing by \$9.3 million and are primarily due to increases in the Sheriff's Operations budget unit to purchase two replacement patrol helicopters. These increases are offset by decreases in Operating Transfer Out as follows:

- \$7.5 million between Probation's general fund budget unit (\$3.5 million) and the SB 678 special revenue fund (\$4.0 million) which are due to one-time projects funded in 2015-16.
- \$4.2 million in the Sheriff's Operations budget due to the completion of capital improvement projects in 2015-16.

The remainder of the decrease in this group reflects a decrease in Contributions to Reserves as compared to the prior year. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Operations and Community Services has Requirements of \$335.6 million and provides both internal support of County operations as well as external services to the public that promote the quality of life and well-being of County residents. Services that support the general operation of County government include custodial, grounds, and maintenance by Real Estate Services - Facilities Management Division (\$17.3 million), the payment of County utilities (\$19.6 million), Real Estate Services (\$1.3 million) and the Chino Agricultural Preserve (\$2.6 million). Departments that provide direct services to the community include Agriculture/Weights and Measures (\$7.4 million), the County Library (\$18.0 million), Land Use Services (\$23.3 million), Registrar of Voters (\$9.6 million), Regional Parks (\$14.7 million), and the County Museum (\$3.9 million). Notably, this group also includes the Department of Public Works – Transportation (\$115.5 million) and Public Works – Solid Waste Management (\$85.1 million). The Transportation Division is responsible for the operation, maintenance, and improvement of the County's road system that currently includes approximately 2,550 miles of roadway. Solid Waste Management is responsible for the operation and management of the County solid waste disposal system, which consists of six regional landfills, nine transfer stations, and thirty-three closed landfills or disposal sites.

The net decrease in Requirements is \$80.0 million, which represents a 19.2% decrease from the 2015-16 Modified Budget. Reimbursements are decreasing by a total of \$13.9 million primarily due to the reduction of projects in the Public Works Transportation funds that are funded through reimbursements. Operating expenses are decreasing by \$34.3 million which includes the following notable decreases:

- \$2.2 million decrease in Land Use – Planning primarily due to a reduction in the use of one-time funding for the Countywide Plan project.
- \$18.6 million decrease in Public Works – Transportation due to reductions in projects funded by Measure I, Facilities, and Regional Development Mitigation plans funding.
- \$9.1 million decrease in the Solid Waste Management Division due to a decrease of import tonnage and a negative cost of living adjustment for contracted operations rates.

Lastly, the remainder of the decrease in this group reflects a decrease in Contributions to Reserves as compared to the prior year. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Capital Improvement Program has Requirements of \$253.2 million and is used to account for funding resources designated for the acquisition or construction of major capital facilities. The increase in Requirements is due to an increase in new projects funded in 2016-17. Notably, this includes the construction of two Crisis Stabilization Centers and four Crisis Residential Treatment Centers for the Department of Behavioral Health (\$36.5 million), additional funding for the design of the ARMC Jail Ward Project (\$2.5 million) and increased funding for the Sheriff's consolidation project (\$4.5 million). Further detail on major capital projects for 2016-17 are shown in the Capital Improvement Program section of this budget summary and in the CIP section of this budget book.

Other Funding of \$234.2 million primarily represents the Countywide Discretionary Fund (\$110.4 million), General Fund Contingencies (\$10.2 million), and various restricted funds within the General Fund including contingencies within the Proposition 172 Half-Cent Sales tax budget unit (\$26.8 million), 1991 Realignment (\$10.6 million), and the Automated Systems Development Fund (\$11.9 million). Other Funding also includes Contribution to Reserves of \$62.8 million. Requirements within the Countywide Discretionary Fund are used primarily to transfer Discretionary General Funding to various budget units outside the General Fund to fund various programs and projects, such as a multi-year 800 MHz upgrade project (\$17.9 million), and numerous non-major capital improvement projects for County facilities (\$12.0 million).

Restricted Funds (General Fund) consist of four limited use budgets – Proposition 172 Half-Cent Sales tax, 1991 Realignment, 2011 Realignment, and Automated Systems Development. Proposition 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Realignment assists in funding realigned law and justice, mental health, social services and health programs within the County. Automated Systems Development is funding that is set aside for the purpose of developing, upgrading, and/or replacing the County Financial Accounting System. Further detail on all Restricted Funds can be found in the Discretionary General Funding and Restricted Funds section of this budget document.

The net decrease to Other Funding of \$124.5 million primarily represents decreases to General Fund Contingencies (\$6.2 million) and General Fund Contributions to Reserves (\$106.1 million). Contingencies represent funding available from 2016-17 Sources that have not been allocated for expenditure. Further detail on County Contingencies and Reserves can be found in the Discretionary General Funding and Restricted Funds section of this budget document.

Special Districts/Other Agencies Operations

Special Districts Department/Airports Special District has Requirements of \$93.2 million and is managed primarily by the Special Districts Department (\$88.7 million) with \$4.5 million in Requirements managed by County Airports. Airports manages County Service Area 60, which funds the operation, capital projects and maintenance of the Apple Valley Airport that was built in 1970 and is a public use airport providing general aviation services to the High Desert region.

The Special Districts Department provides for the management, and maintenance of general, parks and recreation, road, sanitation, streetlighting, and water districts for 101 Districts, County Services Areas (CSA) and Improvement Zones within the County. On December 29, 1969 the Board of Supervisors established CSA 70 Countywide to provide a centralized mechanism for administration of personnel and operations which serve all of the Board Governed CSAs. Staff within CSA 70 Countywide provide centralized and regional management services, administration, engineering, fiscal, human resources, lien administration, park maintenance, payroll, information services, road maintenance and inspection services.

Overall Requirements across Special Districts are decreasing by \$40.6 million. Requirements budgeted to fund expenses in 2016-17 are decreasing slightly from the prior year due to the completion of projects throughout various districts. However the major change in Requirements is due to a decrease in Contributions to Reserves as compared to the prior year. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Fire Protection District has Requirements of \$198.2 million and provides fire protection and emergency services throughout the County. The District encompasses approximately 16,585 square miles, operates over 70 fire stations and 11 facilities within four Regional Service Zones (Mountain, North Desert, South Desert and Valley) and serves more than 60 unincorporated communities, the City of San Bernardino, City of Twentynine Palms, City of Grand Terrace, and the Town of Yucca Valley. Additionally, County Fire provides fire protection services through contracts to five cities, which include Adelanto, Needles, Victorville, Hesperia, and Fontana's independent fire protection district.

Requirements are decreasing by \$4.6 million which is primarily due to an increase in staffing expenses as a result of the annexation of fire protection services from the Cities of San Bernardino and Twentynine Palms. This increase is offset by reductions in Operating Transfers Out (\$10.4 million) which reflect a decreased use of reserve funding, and a decreases in Contributions to Reserves. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Flood Control District was created in 1939 under special State legislation and has Requirements of \$103.8 million. The District has developed an extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the County, as well as to promote water conservation and improved water quality.

The net decrease of \$74.1 million is primarily due to reductions of \$21.7 million in Operating Expenses which includes a contribution of one-time funds to the refunding of the District's Judgement Obligation Bonds and professional services for construction projects. The remainder of the decrease in this group reflects a decrease in Contributions to Reserves. 2015-16 was the first year amounts not planned to be spent were contributed to reserves and as a result the 2015-16 contribution to reserves represented amounts accumulated over multiple years.

Other Agencies has total Requirements of \$321.5 million and contains five Other Agency budget reporting entities in the County, including the Housing Authority of the County of San Bernardino (\$309.4 million), In-Home Supportive Services Public Authority (\$7.8 million), Inland Counties Emergency Medical Agency (\$4.1 million), County Industrial Development Authority (\$56,616), and Economic and Community Development Corporation (\$43 dollars). The Housing Authority of the County of San Bernardino (HACSB) is a critical economic partner of the County providing vital resources, skills, and motivation to individuals and families to help them transition out of government-assisted programs and into economic independence. The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. The Inland Counties Emergency Medical Agency (ICEMA) was developed under a Joint Powers Agreement with San Bernardino, Inyo and Mono Counties and is charged with the coordination, evaluation, and monitoring of emergency medical services within public and private pre-hospital providers, specialty hospitals, paramedic base hospitals, and the effectiveness of Emergency Medical Services (EMS) educational programs and medical disaster preparedness. The County Industrial Development Authority and Economic and Community Development Corporation are agencies created to provide various methods of financing on behalf of private enterprise in order to promote and enhance economic development and increase opportunities for useful employment.

Requirements are increasing by 9.4% associated with an increase in HACSB, primarily due to the increase of Sources available to fund the Capital Fund Program and the Housing Choice Voucher program.

Governmental Fund Types

General Fund: The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General Fund is the County's primary operating fund and Requirements are separated into General Fund and General Fund – Restricted. Funds included in the General Fund category are those that the Board of Supervisors predominately have oversight on the Sources and Requirements, including units that are typically mandated in nature, such as human services programs. General Fund – Restricted Funds consists of Prop 172, 1991 and 2011 Realignment, and Automated Systems Development.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes (other than for major capital projects).

Capital Project Funds: Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those funded by Enterprise and Internal Service Funds.

Permanent Funds: Permanent Funds account for legally restricted resources provided by trust in which the earnings but not the principal may be used for purposes that support the primary government's programs.

Proprietary Fund Types

Enterprise Funds: Enterprise Funds account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be funded or recovered primarily through user charges.

Internal Service Funds: Internal Service Funds account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

The matrix below lists the group/agency as depicted in the organizational chart of the County. For each group/agency listed, the various fund types utilized are shown with their Total Requirements (including Operating Transfers Out).

The revenue and other funding sources schedule above includes all County funds. This schedule includes Operating Transfers In, which are the mechanism for providing funding from one budget unit to another within the County. Additionally, this summary schedule provides the use of fund balance/unrestricted net position for all non-general funds, the general fund unassigned fund balance, as well as the use of general fund and non-general fund reserves. Descriptions of major sources of funding in the 2016-17 Recommended Budget and changes from the 2015-16 Modified Budget are included below.

Revenue

Taxes of \$853.6 million consist of approximately \$543.4 million of Property Tax (\$518.6 million) and Sales/Other Taxes (\$24.9 million) that is deposited directly into the Countywide Discretionary General Fund budget unit for allocation by the Board of Supervisors. Additionally, \$134.0 million in Property Tax is reported for the County Library (\$14.7 million), Fire Protection District (\$66.2 million), Flood Control District (\$45.3 million), and Board Governed Districts managed by the Special Districts Department and Airports (\$7.8 million). Finally, Taxes also consist of Proposition 172 Half-Cent Sales Tax (\$169.1 million) and Sales Tax – Measure I Road Operations funds (\$6.6 million).

The net increase of \$49.0 million is primarily related to a \$21.6 million projected increase in taxes that fund Fire Protection Services as a result of the assumption of fire protection services from the City of San Bernardino. The remainder of the increases is primarily the result of projected increases in the taxes that are deposited into the Countywide Discretionary General Fund budget unit. This is the result of a projected 3.5% increase in the assessed valuation of properties within the County resulting in \$16.4 million of additional property tax revenue. Additionally, it is estimated that the Proposition 172 Half-Cent Sales Tax will increase by \$4.3 million in the upcoming fiscal year. For more detail on Discretionary General Fund related taxes, refer to the Discretionary General Funding and Restricted Funds section of the 2016-17 Recommended Budget.

1991 Realignment revenues of \$293.9 million are increasing by \$19.7 million over the prior year while **2011 Realignment** revenues of \$397.2 million are decreasing over the prior year modified budget by \$6.9 million. Although technically not categorized as the receipt of taxes, this funding is received from the State and is primarily derived from sales taxes to pay for realigned law and justice, mental health, social services and health programs within the County. Because sales tax tends to be much more volatile and quicker to react to changes in the economy, its usage results in a higher risk of funding decreases in future years. These decreases will likely

coincide with an economic downturn when there is an increased need for programs funded with this revenue. For more detail on Realignment funding, refer to the Discretionary General Funding and Restricted Funds section of the 2016-17 Recommended Budget.

State, Federal, and Other Government represent the largest revenue source within the County totaling \$1.8 billion. The Human Services operational group receives the largest amount of funds from other governments, with \$410.8 million received from the State and \$650.8 million from the federal government. Countywide, there is an overall increase of \$125.6 million from the prior year modified budget in this revenue category, which represents an increase of 7.5%.

Notable changes within this revenue source include:

- **Human Services** is increasing \$73.9 million primarily due to increases within the Department of Behavioral Health's MHSA (\$42.3 million) and General Fund (\$29.9 million) budgets. Increases in the MHSA budget are primarily the result of increases in MHSA revenue and state SB82 grants approved by the California Health Facilities Financing Authority. Increases in the General Fund are primarily due to increases in Medi-Cal revenue related to program expansion, increased service capacity, and expanded eligibility under the Affordable Care Act (ACA).
- **ARMC** is increasing State, Federal and Other Government revenue by \$28.5 million due to volume increases in acute inpatient, outpatient, and behavioral health units which are funded by a combination of revenue associated with programs such as the state's Managed Care Program and the Federal Medicare program.
- **Operations and Community Services** is increasing this revenue source by \$17.6 million primarily due to increases in the Public Works – Transportation budget unit associated with funding for new construction, reconstruction and routine maintenance of the County's maintained roads and bridges.
- **Other Agencies** are increasing State, Federal and Other Government revenue by \$10.2 million primarily due to increases in financing for HACSB's Capital Fund Program and the Housing Choice Voucher program.

Fee/Rate includes the following types of revenues: licenses, permits, fines, fees, rates, and other services. Total revenue of \$969.5 million is anticipated to increase from the 2015-16 Modified Budget by \$14.7 million. Much of this funding (\$213.0 million) is received by departments, such as the Information Services Department and Risk Management Department that provide direct services to other County Departments. Other notable departments that receive funding to provide specific services include the Sheriff's Department (\$137.6 million), which provides law enforcement services for 14 incorporated county cities, and Public Works Solid Waste Division (\$70.7 million) that is responsible for the operation and management of the County solid waste disposal system.

The most significant change in this category is included in the **Fire Protection District** that is increasing by \$13.4 million including \$7.4 million in new special assessment taxes as a result of the annexation of the City of San Bernardino into Service Zone FP-5 San Bernardino, \$2.1 million in new special assessment taxes from the annexation of Twentynine Palms into Service Zone FP-5 Twentynine Palms, and a \$1.3 million increase from the City of Fontana for additional contract services.

Other Revenue of \$137.1 million primarily includes interest earnings, rents and concessions, and tobacco settlement funds. This revenue source is anticipated to increase by a net \$11.8 million over the prior year modified budget. Notably, the Solid Waste Division is increasing other revenue by \$5.0 million due to a one-time sale of surplus property.

Other Funding Sources

Operating Transfers In of \$482.3 million is a funding source that provides a mechanism to transfer funding from one budget unit to another within the County or other entity. Two of the most notable groups with large Operating Transfers In include the Capital Improvement Program (\$122.8 million) and HACSB (\$181.3 million). Operating Transfers In are the main funding source for the Capital Improvement Program as the program is funded primarily

through monies received from other County Departments and the County General Fund for specific projects. The Operating Transfers In for HACSB reflects the movement of funds within the agency related to the Moving to Work Program.

The net decrease in this funding source of \$5.6 million is primarily the result of one time transfers funded in 2015-16 which are not funded at the same levels in 2016-17.

Use of Fund Balance/Unrestricted Net Position of \$387.3 million represents unspent funds carried over from prior years that are available to be budgeted for all Restricted General Funds, Special Revenue Funds, and Capital Project funds in the County and the use of unrestricted net position that is available in Internal Service and Enterprise funds. The use of fund balance/net position is decreasing from the prior year by \$372.5 million primarily due to the one-time use of fund balance in 2015-16 that was contributed to reserves.

General Fund Unassigned Fund Balance of \$48.0 million represents unspent general fund balance carried over from 2015-16. This amount, in conjunction with other one-time money, funds one-time costs for department programs, capital improvement projects, transportation projects, contributions to General Fund Reserves, and also funds the County's mandatory 1.5% contingency, which per Board Policy 05-01 is in the general fund to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting County operations that could not have been reasonably anticipated. General Fund Unassigned Fund Balance is decreasing by \$131.1 million from the prior year, and reflects the estimate of the General Fund results of operations for 2015-16.

Use of General Fund Reserves of \$50.1 million represents the use of General Fund Reserves set aside for the County Permit System Upgrade (\$0.7 million), Give Big (\$0.1 million), the CalFresh Waiver Discontinuance (\$2.5 million), the Rimforest Drainage Project (\$0.7 million), the National Trails Highway (\$3.2 million), Cedar Avenue Interchange (\$0.08 million), Green Tree Blvd Connection (\$0.8 million), ARMC Jail Ward (\$2.5 million), County Buildings and Acquisition Project (\$8.0), Glen Helen Rehabilitation Center SB1022 (\$22.4 million), and Cash Flow Deficit (\$9.1 million). This represents an increase of \$23.3 million from the 2015-16 Modified Budget and is detailed in the Discretionary General Funding and Restricted Funds section of this budget document.

The bar graph below includes total budgeted revenue and other funding sources from the two prior Budgets and the 2016-17 Recommended Budget. 2014-15 amounts will not match previous information on prior pages because the bar graph reports on budgeted revenue and the previous tables reflect actual revenue received.

BUDGETED STAFFING SUMMARY

Budgeted staffing is accounted for using headcount; each position, whether full time or part time, is counted as one. The pie chart below depicts the budgeted staffing by group/agency for the 2016-17 fiscal year. The following bar graph illustrates the budgeted staffing for the 2016-17 fiscal year as well as the prior two fiscal years.

Budgeted Staffing for caseload driven/grant, or special revenue funded programs, increased overall by a net 319 positions. Significant changes from the previous year's modified budgeted staffing in caseload driven, grant or special fund programs include the following:

County - General Fund

- **Behavioral Health** is requesting a net budgeted staffing increase of 28 positions between the Behavioral Health and Alcohol and Drug Services budget units. This is primarily to accommodate the expansion of the CHOICE program as well as the Correctional Mental Health Services expansion.
- **Public Health** is requesting a net increase of seven positions to address changes in grant funding, operational needs, quality improvement, equity issues, and to increase efficiency in operations.
- **The Human Services Administrative Claim** is requesting a net decrease of 48 budgeted positions. This includes the addition of 86 positions across its various departments but is offset by the deletion of 134 positions, the majority of which are from the Transitional Assistance Department (131). While a small

increase in TAD funding is anticipated, it is more than offset by increased salary costs and planned one-time expenditures. As a result, the department is requesting the deletion of these vacant positions to reflect anticipated allocations.

- **The District Attorney** is requesting the addition of 20 positions including the addition of one Deputy District Attorney IV to assist the department with increased workload, and 19 extra help positions to provide additional victim/witness services, aid in the department's Cold Case Prosecution Unit, and provide temporary clerical assistance.
- **Probation** is requesting the addition of 11 positions in the Administrative, Corrections and Detentions budget unit including five positions to support the department's Tattoo Removal Program, two Program Specialists to help monitor and evaluate the department's programs and treatments, and four administrative positions to improve management of the department's financial reporting and budget development processes.
- **Sheriff's Department** is requesting an increase of 14 positions in its Detentions unit including the addition of seven positions to meet TB testing requirements at the West Valley Detention Center, three positions to manage the department's inmate health records, and one Sheriff's Nurse Supervisor II to act as the department's Quality Improvement Coordinator to ensure compliance with the National Commission on Correction Health Care Standards.

County - Other Funds

- **Information Services - Computer Operations** is requesting the addition of nine regular positions to address an increased workload related to server management, system support and fiscal/administrative functions.
- **Arrowhead Regional Medical Center** is requesting the addition of a net 80 positions to address the addition of 12 beds in the behavioral health unit, increased staffing in the sterile processing unit, and additional positions tied to achieving goals for the renewed Waiver.
- **The Behavioral Health Mental Health Services Act** budget unit is increasing budgeted staffing by 23 positions. The Community Crisis Response Team (CCRT) is expanding to 24 hour clinical services and additional staffing increases are necessary to provide administrative support and to expand services in other MHSA programs such as the Homeless Outreach Support Team, which provides permanent support housing with wraparound case management.
- **Preschool Services** is requesting to increase budgeted staffing by 11 positions including eight limited term positions that will allow the department to convert staffing at three sites from Head Start to Early Head Start and three regular positions to address the increased demand for health and disability services for both Head Start and Early Head Start children and parents.

Special Districts and Other Agencies

- **Fire Protection District** is recommending an increase of 139 positions primarily as a result of the annexation of fire protection services from the Cities of San Bernardino and Twentynine Palms.

Budgeted staffing for all other programs is increasing by a net 66 budgeted positions. Significant changes from the previous year's modified budgeted staffing in all other programs include the following:

- **Administration** – Excluding the previously mentioned increases in Information Services, budgeted staffing within the Administration Group is increasing by a total of 23 positions. Significant changes within the group include increases in the Board of Supervisors (9), Human Resources (6) and Risk Management (4). The Board of Supervisors is increasing positions to recognize the addition of limited term contract

positions added since the First Quarter Budget Report. Human Resources is requesting to add six positions to improve access to professional guidance and training for Human Resources Officers, to improve the ability for the department to serve as an additional resource to departments and also to support increased workload due to labor negotiations and recruitment. Risk Management is adding four positions to assist with claims handling due to an unexpected increase in claims related to the Waterman Incident, City of San Bernardino Fire annexation to County Fire, and to reduce claims per adjuster ratio.

- **Fiscal** – The Fiscal Group is increasing budgeted staffing by a total of 15 positions primarily due to additions within the Assessor/Recorder/County Clerk (13). The Assessor/Recorder/County Clerk is requesting to increase staffing to adequately address anticipated increases in development, to improve overall operations through reorganization, and to enhance public assistance in the Assessor and Recorder divisions.
- **Law and Justice** – Excluding the previously mentioned increases in the Sheriff's Detentions, District Attorney, and Probation budget units, the Law and Justice Group is adding 35 positions. This primarily includes 31 positions within the Sheriff's Operations budget unit including two Sheriff's Services Specialists to provide evidence handling for Fontana and Big Bear, one Sheriff's pilot for fixed wing operations, one Detective for Terrorism Liaison Officer for Crime Intelligence, four Dispatcher IIs to provide workload relief, 17 Public Service Employees to provide temporary workload relief due to vacancies and three student interns for the Bureau of Administration.
- **Operations and Community Services** – The Operations and Community Services Group is increasing staffing by a net of six positions. Significant changes within this group include a decrease within Regional Parks (10) and increases in Land Use Services (7), Real Estate Services (4) and the County Library (3). Regional Parks is deleting 10 positions which have been vacant for the majority of 2015-16 and have been deemed unnecessary. Land Use is increasing positions across multiple divisions in order to improve the quality and timeliness of services provided. In addition, Real Estate Services is adding a net of four positions to assist with contract administration, project management, and workload relief. The County Library is adding a net three positions to assist with the new Bloomington Library, bookmobile program and to perform analysis of system-wide procedures, branch supervision, program implementation, and budgetary analysis.
- **Other Agencies** are increasing by a net of 14 positions primarily due to an increase of 10 budgeted positions in the In-Home Supportive Services budget unit associated with new responsibilities mandated by state and federal agencies, such as fingerprinting requirements of IHSS Providers and new federal legislation on overtime and services for homecare workers.

Countywide staffing changes are outlined by County department in the following chart:

In August 2015, County departments were requested to provide a five-year projection of their capital requirements. The 2016-2021 5-Year Capital Improvement Program Plan was completed in December 2015. That document included information on Major Capital Improvements that are currently in progress, and projects proposed by County departments and Special Districts to commence within the next five years. It is intended to be a tool for management and the Board to prioritize capital needs, develop funding plans, and stay informed about the progress of multi-year projects. Departments request funding for these capital improvement projects as part of the budget process, when they submit a request for funding consideration to the Real Estate Services Department. Requests can also be submitted mid-year, if necessary, with any required budget adjustments made on quarterly budget reports.

The Real Estate Services Department – Project Management Division (RES-PMD) manages major county projects which include construction and rehabilitation of facilities, and repair projects. The 2016-17 budgets for these projects are summarized in the schedule above. The schedule above does not include Operating Transfers Out or Reimbursements as part of total Requirements. Instead, the schedule represents total budgeted project costs.

RES-PMD projects include \$277.9 million in projects managed through Capital Funds and \$17.3 million in projects managed through Arrowhead Regional Medical Center Enterprise Funds, for a total project budget of \$295.2 million.

The 2016-17 Recommended Budget includes \$128.2 million in new project funding. This includes \$57.7 million in projects funded with Discretionary General Funding. Discretionary General Funding allocations include 800MHz Upgrade Project (\$17.9 million) the County Buildings Acquisition and Retrofit Project (\$8.0 million), various Sheriff facility improvements (\$12.2 million) and the ARMC Jail Ward project (\$2.5 million). Additionally \$12.0 million in new project funding is allocated to non-major CIP and maintenance projects.

Projects approved in prior years but not yet completed have carryover balances of \$167.0 million. The major multi-year projects with carryover balances are the 800 MHz Upgrade Project, the County Buildings Acquisition and Retrofit Project, and the Sheriff's Aviation Relocation from Rialto Airport to San Bernardino International Airport.

For a complete listing of capital improvement program highlights for projects administered by the Real Estate Services Department – Project Management Division see the Capital Improvement Program Section of this budget book.

Projects Administered by Other County Departments

Transportation and Solid Waste projects are administered by the Department of Public Works. Requirements for these projects are accounted for in special revenue and enterprise funds and budgeted in the respective department(s) budgets. Budgets for both the Transportation and Solid Waste departments are found in the Operations and Community Services section of this budget book. Total projects budgeted in 2016-17 (both new and carryover) for Transportation is \$66.5 million, and for Solid Waste is \$10.1 million. Transportation project types include major rehabilitation and overlay, surface chip and seal, and major infrastructure improvements. Solid Waste Management project types include closure construction, liner construction, land acquisition, and construction of landfill gas extraction systems.

Also reflected in the Capital Improvement Program are \$0.4 million in Requirements for minor projects which are administered by various departments with oversight and inspection provided by RES-PMD. In 2016-17, this includes Airports (\$0.3 million), CONFIRE (\$45,000), and Public Works (\$60,000).

For a complete listing of capital improvement program highlights for projects administered by other county departments see the Capital Improvement Program Section of this budget book.

Projects Administered by Flood Control and Special Districts Department

The Flood Control District and the Special Districts Department have independent multi-year capital improvement project plans that are budgeted in special revenue funds, capital projects funds, and enterprise funds and are included in the respective department's budget pages.

Flood Control, found in the Operations and Community Services section of this budget book, has twenty-five major improvement projects budgeted in 2016-17. Requirements for these projects (both new and carryover) total \$37.6 million and includes right-of-way acquisition expenses, consultants for design or geotechnical services, labor, and construction costs.

Special Districts Department capital projects are found in the Special Districts Department section of this budget book, in the Capital Improvement Program pages. In 2016-17, Requirements for these projects (both new and carryover) total \$45.3 million. Requirements include \$8.9 million for the design and construction of a new Big Bear Alpine Zoo, \$8.5 million for Lake Gregory Dam rehabilitation, \$5.4 million for the Snow Drop Road Project and \$5.3 million for the CSA 70 Pioneertown Offsite Pipeline Supply project.

DISCRETIONARY GENERAL FUNDING AND RESTRICTED FUNDS

County General Fund operations of \$2.9 billion are funded with four major types of sources: countywide discretionary revenue (\$767.5 million), Proposition 172 revenue (\$169.1 million), 1991 and 2011 Realignment revenues (\$689.2 million), and departmental revenue (\$1.3 billion).

- Countywide discretionary revenue includes a variety of revenue sources that are not legally designated for a specific purpose or program. The majority of discretionary revenue is property related revenue, primarily property tax. Other revenue sources in this category include: sales and other taxes, net interest earnings, Countywide Cost Allocation Plan (COWCAP) revenue (which is a reimbursement for overhead/indirect costs incurred by the General Fund), property tax administration revenues, recording fees, other State and federal aid, and other revenue. Additionally, the General Fund's available fund balance, use of reserves and operating transfers in, are other funding sources that may be allocated to General Fund departments in the same manner as countywide discretionary revenue.
- Proposition 172 revenue is a permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety. Proposition 172 revenue is restricted and is used solely for funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments.
- 1991 Realignment revenue provides health and welfare funding. In 1991-92, the State approved the Health and Welfare Realignment Program that involved a shift of program responsibilities from the State to the County. This shift is funded through a corresponding shift of dedicated sales tax and vehicle license fee revenue. Realignment revenue is also restricted and used in funding mental health, social services and health programs within the County.
- 2011 Realignment revenue provides public safety, health, and welfare funding. In 2011-12, the State approved what has become known as AB 109 Public Safety Realignment. As part of this realignment, the State addressed prison over-crowding by shifting custodial responsibility of non-violent, non-sex, and non-sex-against-children ('Triple-Nons') offenders to local jails. In addition, the parole function of the State was delegated to county Probation departments. In conjunction with Public Safety Realignment, the State also shifted full financial burden of many social service and mental health programs. The County was responsible for delivery of these programs before realignment, but with the shift the State would no longer contribute a share of cost. While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.
- Departmental revenue includes fees, service charges, and State and federal support for programs such as welfare, health care, and mental health.

County General Fund operations not funded by departmental revenue, Proposition 172 revenue, and/or Realignment revenue are funded by Net County Cost (or Discretionary General Funding). Net County Cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

Any countywide discretionary revenue not distributed to departments through their Net County Cost allocation, if not transferred to other funds for specific projects/programs, is contributed to contingencies or reserves. Every year the County of San Bernardino has set aside a prudent dollar amount in contingencies and/or reserves for two purposes: 1) to ensure that the County can accommodate unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County; and 2) to be proactive and set aside funds to meet future known obligations or to build a reserve for large capital projects.

The following sections provide details of:

- The economic indicators that are factored into the County's fiscal plan.
- How economic indicators and other factors affect countywide discretionary revenue.
- How Discretionary General Funding (Net County Cost) has been allocated for the fiscal year.
- Information on General Fund contingencies and reserves.
- How economic indicators and other factors affect Proposition 172 revenue and Realignment revenue.
- The County Restricted General Fund – Automated Systems Development budget unit.

ECONOMIC INDICATORS

Property related revenue accounts for 67.6 percent of the County's discretionary revenue and other funding sources. These revenues were severely impacted by the mortgage and financial crisis, which also had a significant effect on the housing market within the County. During this crisis, home values plummeted while foreclosures and notices of default skyrocketed. Assessed valuation was negatively affected both by homes selling at prices lower than their current assessed valuation, and by Proposition 8 reassessments, which lower valuations of properties (where no change in ownership has occurred) if the current assessed value of such property is greater than the fair market value of the property. However, as shown in the chart below, foreclosures have declined from their peak of 7,899 experienced in the third quarter of 2008, down to 548 in the first quarter of 2016. Home sales have stabilized at roughly 28,000 annually since 2011. In addition, as shown in the chart on the next page, the median home prices are rising.

In 2015, foreclosures were down 18.9% from 2014, and for the first quarter of 2016 they were down by 17.8%. 2015 Notices of Default were down by 6.0% from the prior year, and for the first quarter of 2016 are down 6.3%. As foreclosures and Notices of Default decline, the County continues to see a rise in the median price of a home. The chart below shows the fluctuation in the median price over the past eight years. Prior to the steady increase that began in November of 2012, the median price had been stable at approximately \$150,000 for the 34 month period between September 2009 and June 2012. As of March 2016, the County's median home price has risen to \$272,000.

During the recession, in addition to the decline in property values, the loss of jobs in the County led to high levels of unemployment, as shown in the chart below. County unemployment reached its peak of 14.8% in July 2010. However conditions have improved. In 2015, 58,692 jobs were added, and total job gains since 2011 are 196,708, which is 137.56% of the 142,993 jobs lost during the recession. Job growth for 2016 is forecasted at 48,700, which, if achieved, will be consistent with median job growth experienced prior to the recession. Unemployment has declined, returning to pre-recession levels at 5.6% as of March 2016, which compares to unemployment rates for the State and the United States of America, which were 5.6% and 5.0%, respectively.

COUNTYWIDE DISCRETIONARY REVENUE WHICH PAYS FOR NET COUNTY COST

2016-17 Discretionary General Funding of \$767,488,779 includes Countywide Discretionary Revenue of \$648.9 million and Other Funding Sources of \$118.6 million. Per the County Fund Balance and Reserve Policy, the General Purpose Reserve will be built up with one-time sources until the target of 20% of locally funded appropriation is reached. The 2016-17 Recommended Budget includes a contribution of \$8,347,763 to the General Purpose Reserve (1% of locally funded appropriation) and brings the funding level to \$97,124,165, or 14.6% of locally funded appropriation. County policy also requires a minimum of 1.5% of locally funded appropriation be placed in General Fund Mandatory Contingencies, which is \$9,988,981 for 2016-17.

Countywide Discretionary Revenue

Property Related Revenue accounts for 67.6% of countywide discretionary revenue and other funding sources. These revenues were severely impacted as a result of the mortgage and financial crisis, which also had a significant effect on the housing market within the County. Assessed valuation was negatively affected both by homes selling at prices lower than their current assessed valuation, and by Proposition 8 reassessments, which lower valuations of properties (where no change in ownership has occurred) if the current assessed value of such property is greater than the fair market value of the property. However, the median price of a home in the County has risen and the volume of home sales remains relatively stable. Rising home prices are also leading to value being added back to the assessment roll for valuations that had been reduced through Proposition 8 reassessments.

The 2016-17 Recommended Budget anticipates a 3.5% increase in the assessed valuation of properties within the County.

Elimination of Redevelopment Agencies

A portion of the General Fund's property tax revenue is pass-through of property tax increment belonging to Redevelopment Agencies. Redevelopment Agencies were dissolved as of February 1, 2012, pursuant to ABx1 26. Pursuant to ABx1 26, revenues that would have been directed to the dissolved Redevelopment Agencies will continue to be used to make pass-through payments to other public agencies (i.e., payments that such entities would have received under prior law). In addition, the State projects that the elimination of Redevelopment Agencies will provide additional property tax revenue (residual) for local public agencies, including the County.

The Teeter Plan

The Teeter Plan is an alternate property tax distribution procedure authorized by the California Legislature in 1949, and implemented by the County in 1993-94. Generally, the Teeter Plan provides for a property tax distribution procedure by which secured roll taxes are distributed based on the tax levy, rather than on the basis of actual tax collections, for agencies that elect to participate in the Teeter Plan (including the County General Fund). Under the Teeter Plan, the County advances each participant an amount equal to the participant's Teeter Secured Levy (adjusted at year end for corrections to the assessment roll) that remains unpaid at the end of the fiscal year. In return, the County General Fund receives all future delinquent tax payments, penalties and interest. The County bears the risk of loss on the delinquent property taxes but benefits from the penalties and interest associated with these delinquent taxes when they are paid. Under the Teeter Plan, the County is also required to establish a tax loss reserve fund to cover losses that may occur as a result of sales of tax-defaulted properties.

The Teeter Secured Levy includes each participating agency's share of the 1% ad valorem secured levy, plus any ad valorem levy for the debt service of voter-approved general obligation bonds. Not included in the Teeter Secured Levy are supplemental roll revenues, special assessments, utility roll revenues, or property tax pass-through amounts from Redevelopment Agencies within the County (see 'Elimination of Redevelopment Agencies' above).

As a participant in the Teeter Plan, the County General Fund receives its entire share of its Teeter Secured Levy, regardless of delinquencies. The County General Fund also receives all participating agencies share of the penalties and interest associated with the delinquent taxes advanced under the Teeter Plan once they are paid. These interest and penalties, accounted for as interest earnings in Countywide discretionary revenue, are projected to remain static to prior year earnings.

The following paragraphs describe the components of property related revenue in detail:

Current Secured, Unsecured, Unitary

Secured Property Tax Revenue makes up approximately \$236.1 million of the \$261.8 million in the 2016-17 “Current Secured, Unsecured, Unitary” budgeted revenue number, up from \$228.2 million in the 2015-16 Modified Budget. This reflects a projected increase in assessed valuation of 3.5%. This number also includes a \$1.0 million increase in residual revenue related to the dissolution of Redevelopment Agencies pursuant to ABx1 26 and pass-through payments consistent with the legislation (see ‘Elimination of Redevelopment Agencies’ on the previous page).

VLF/Property Tax Swap

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose funding. Beginning in 1998-99, the State reduced the VLF payment required from vehicle owners. However, the State made up the revenue impact of the VLF rate reductions with State general fund revenue (the ‘VLF Backfill’).

The VLF Backfill was eliminated in the 2004-05 State Budget. In that year, the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

For 2004-05, the State established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in 2004-05, calculated using actual VLF receipt amounts for 2004-05. For years beginning in 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount adjusted by the percent change in assessed valuation. This percent change includes both secured and unsecured assessed valuation, but excludes the change in unitary valuations. The 2016-17 budgeted amount reflects the projected increase in assessed valuation of 3.5% as compared to the 2015-16 Modified` Budget.

Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is a change in the assessed valuation of their property after the property tax bill for that year has been issued. Generally, there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenue to the County. Conversely, when home values are decreasing, refunds may be due to homeowners, and supplemental property tax revenues will decrease. Because the collection of these revenues may not occur for one to two years after the sale of the property, supplemental property tax revenue will generally lag the reality in the housing market by at least a year.

As shown in the chart above, supplemental property tax revenues have declined significantly since 2006-07 as a result of the collapse of the housing market. Supplemental revenue in 2012-13 showed the first year over year increase since 2006-07. The County projects the ongoing portion of these revenues to be \$5.0 million in 2016-17.

Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in cities, the County receives 50% of the tax. The County anticipates that property transfer tax will total \$7.7 million in 2016-17, consistent with 2015-16 revenue. The following chart presents the most recent fifteen year trend of property transfer tax revenue.

Sales and Use Tax

Countywide discretionary revenue includes 1.0% of the 8.0% sales tax rate charged on purchases made in the unincorporated areas of the County. When preparing the annual budget, the County projects future sales tax revenue based on data provided by a local economist and the County's sales tax consultant. For 2016-17, Sales and Use Tax revenue is anticipated to increase by 5.2% over the prior year budgeted amount.

Elimination of the Sales Tax/Property Tax Swap of 0.25%

Effective with the fiscal year that began on July 1, 2004, the State changed the way sales tax revenue is distributed to counties and cities. Prior to that time, counties and cities received 1.0% of the State's base sales tax rate. Pursuant to new provisions enacted by the legislature, this 1.0% share of sales tax was reduced by 0.25%, to 0.75%. The additional 0.25% in sales tax revenue was redirected to the State to be used to fund debt service on the California Economic Recovery Bonds, which were approved by voters as Proposition 57. In return, counties and cities receive additional property tax revenue (funded by reducing the schools' share of

property tax revenue) in an amount equal to the 0.25% sales tax revenues forgone. The State General Fund then made up the loss of property tax revenue to the schools. This change is referred to as the 'Triple Flip'. The Triple Flip was designed to replace sales tax revenue on a dollar for dollar basis with property tax revenue. In practice, the additional property tax revenue paid to the counties and cities each year is based on an estimate of the agencies' sales tax revenue for the year plus a 'true-up' from the prior year. This true-up represents the difference between the additional property tax revenue paid to the local agency and the actual amount of sales tax revenue (the 0.25%) lost by the local agency.

Since 2013-14, both components of discretionary sales tax revenue (Sales and Use Tax Allocation of 0.75%, and Sales Tax/Property Tax Swap) were combined and reported together as Sales and Use Tax. However, the Triple Flip expired December 31, 2015 with the final payment of the California Economic Recovery Bonds in August 2015. Effective January 1, 2016, the County's share of the base sales tax rate was restored to the full 1.0%.

2016-17 ongoing sales tax revenue in the unincorporated area is projected to total \$25.6 million (after adjusting for the Triple Flip). However, the County has budgeted only \$22.7 million for 2016-17. The sales tax revenue projection of \$22.7 million excludes the portion of the County ongoing sales tax revenue remitted to the City of Redlands under the sales tax sharing agreement explained below:

Sales Tax Sharing Agreement with the City of Redlands: In August of 2003, the County entered into a sales tax sharing agreement with the City of Redlands. Under the terms of this agreement, the City of Redlands provides certain government services to an unincorporated area of the County, and in return the County pays the City a percentage of the sales tax revenue generated in that geographical area. This geographical area has numerous retail establishments and generates a considerable amount of sales tax revenue. Under the terms of the sales tax sharing agreement, the County currently pays the City of Redlands 90% of the County discretionary sales tax revenue generated in this area.

Sales Tax Risk – Potential Annexations and Incorporations: A portion of the County's discretionary sales tax revenue is generated in the unincorporated portion of the spheres of influence of the 24 cities that are within the County's boundaries. A sphere of influence is a 'planning boundary' within which a city or district is expected to grow over time. Therefore, the areas within these spheres are likely to be annexed, and once annexed, the discretionary sales tax revenue generated in that area will go to the city instead of the County. The County would also lose sales tax revenue if a community in the unincorporated area of the County decided to create a new city (incorporate).

Not included in budgeted sales and use tax revenue is \$3.5 million of one-time use tax revenue estimated to be generated from major construction projects in the unincorporated areas of the County. This revenue would normally be distributed to the County, and cities within the County, based on their percent share of countywide sales tax revenue. However, due to the efforts of the Economic Development Department working with companies doing this construction, 100% of this revenue will be allocated to the County. Because this revenue is one-time in nature, it is budgeted as Operating Transfers In (one-time) instead of sales and use tax revenue.

Net Interest Earnings

Net interest earnings for 2016-17 are projected at \$20.6 million and anticipated to remain flat when compared to the 2015-16 Adopted Budget amount as there are no material changes projected to penalties and interest earned from the Teeter program. For more information see the section titled 'The Teeter Plan' found earlier in this section.

COWCAP (Countywide Cost Allocation Plan) Revenue

The budgeted COWCAP Revenue reflects the recovered allowable costs included in the 2016-17 Countywide Cost Allocation Plan (COWCAP) published by the Auditor-Controller/Treasurer/Tax Collector. COWCAP revenue is reimbursement for overhead/indirect costs incurred by the General Fund. Reimbursements are received from various State and federal grant programs (that permit such reimbursement) and General Fund departments and taxing entities such as the County Library and Board-governed Special Districts. The County

anticipates COWCAP revenue to increase by \$3.2 million when compared to the 2015-16 Adopted Budget based on information provided by the Auditor-Controller/Treasurer/Tax Collector.

Property Tax Administration Revenue

Property tax administration revenue consists of:

- SB 813 cost reimbursement, which represents allowable charges for administration and operation of the supplemental property tax program. This reimbursement is tied directly to the performance of supplemental property tax revenue.
- The property tax administrative fee, which is allowed by the legislature, recovers a portion of the County's cost of the property assessment and tax collection process from certain other local jurisdictions. This revenue is tied directly to the cost of that collection effort. School Districts are not required to pay their share of this fee, so not all County costs are recovered.

The 2016-17 Recommended budget anticipates revenue to be relatively flat compared to the 2015-16 estimated revenue as there are no anticipated changes to supplemental property tax revenues and no material change in the County's cost to provide property tax assessment and collection services.

Recording Fee Revenue

The Recorder's Division of the County's Assessor/Recorder/County Clerk's Office collects certain fees for the official recording of documents. Recording Fees are expected to remain flat to the prior year's budget.

State and Federal Aid

State and federal aid consists of a payment from the welfare realignment trust fund, which replaced the State revenue stabilization program, SB90 reimbursements from the State, and excess Vehicle License Fee (VLF) revenue. It also includes revenues received from the federal government's Payment in Lieu of Taxes (PILT) program. The Emergency Economic Stabilization Act of 2008 (Public Law 110-343) was enacted on October 3, 2008 and authorized full funding for the PILT program from 2008 through 2012, which generated approximately \$1.0 million in additional PILT revenue annually. Although scheduled to end in 2012, the full funding level for PILT was extended through federal fiscal year 2016 (October 1, 2015 to September 30, 2016). It is anticipated that this revenue will remain flat as compared to the 2015-16 Adopted budget as there are no changes anticipated to the related programs in 2016-17.

Other Revenue

Other revenue includes voided warrants issued by the County, projected transfers of unclaimed property tax refunds to the General Fund, the County's share of vehicle code violation revenue, and other miscellaneous revenues.

Other Funding Sources

Fund Balance

The 2015-16 estimated year-end fund balance for the General Fund is \$48.0 million. This reflects fund balance that is available for appropriation. Anticipated fund balance is a result of unspent General Fund contingencies, departmental cost savings and additional revenue.

Use of Reserves

The County has set aside specific reserves and the recommended budget anticipates drawing down the reserves for use on projects. The \$50.1 million use of General fund reserves is primarily to fund capital projects, Transportation projects, and other one-time needs in 2016-17.

Operating Transfers In

Operating Transfers In includes \$17.0 million of ongoing tobacco settlement funds which primarily fund a portion of the annual debt service on the Arrowhead Regional Medical Center and ongoing funding for Public Health. One-time Operating Transfers In include \$3.5 million of estimated one-time sales tax revenue discussed in the section titled 'Sales and Use Tax'.

Countywide discretionary revenue is allocated as Net County Cost to various General Fund departments within the County. The pie chart below shows what percentage of the Net County Cost is allocated to each of the groups.

Percentages may not add to 100% due to rounding.

The schedule on the following page shows a comparison of 2015-16 modified Net County Cost and 2016-17 recommended Net County Cost by department. This schedule also includes requirements and sources, including operating transfers, which are mechanisms to move funding between the various county budget units. NOTE: Total countywide allocated costs on this schedule includes appropriation for the Non Departmental budget unit. This appropriation is offset in the countywide discretionary revenue schedule on the net interest earnings line.

REQUIREMENTS**NON-DEPARTMENTAL BUDGET UNIT**

The non-departmental budget unit includes discretionary revenue of the General Fund that is detailed in the table titled 'Countywide Discretionary Revenue Which Pays for Net County Cost' found earlier in this section of the budget book.

	2015-16 Adopted Budget	2015-16 Modified Budget	2015-16 Estimate	2016-17 Adopted Budget
Services & Supplies	1,000,000	1,000,000	1,226,862	1,000,000
Other Charges	6,500,000	6,500,000	1,624,621	6,500,000
Total Expenditure Authority	7,500,000	7,500,000	2,851,483	7,500,000

Non-departmental expenditure authority pays for Countywide expenditures not allocable to a specific department, interest expense on the County's annual Tax and Revenue Anticipation Notes, and unanticipated costs such as settlements. The amount budgeted has not decreased to reflect actual cost experience. This is to ensure that payments can be made when needed without having to request additional spending authority. Settlement payments can have required payment dates without sufficient lead time to obtain approval for budget adjustments. The net interest earnings revenue reported in the table titled 'Countywide Discretionary Revenue Which Pay for Net County Cost' is reduced by these expenditures.

In addition to expenditures, this budget unit also includes operating transfers out which are transfers of cash to fund programs accounted for outside of the General Fund.

CONTINGENCIES

The County Contingencies include the following elements:

Contingencies**Mandatory Contingencies**

Board Policy requires the County to maintain an appropriated contingency fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1.5% of locally funded appropriation.

Uncertainties Contingencies

Any unallocated funding available from current year sources (both ongoing and one-time) that has not been set-aside or contributed to reserves is budgeted in the contingencies for uncertainties.

Ongoing Set-Aside Contingencies

The County budget process differentiates between ongoing and one-time revenue sources. Ongoing set-asides represent ongoing sources of funding that have been targeted for future ongoing program needs. There are no ongoing set-aside contingencies.

2015-16 Changes to Uncertainties Contingencies

In 2015-16, there was a net use of \$82,909,827. The major adjustments are as follows:

- A use of \$4,000,000 for various Sheriff/Coroner/Public Administrator Capital Improvement Program projects.
- A use of \$1,200,000 for a remodel of the Board of Supervisors meeting chambers.
- A use of \$350,000 for various County Museum exhibits.
- A use of \$500,000 for Code Enforcement to fund the costs of cleanup of illegal dumping sites.
- A use of \$248,300 for Community Development and Housing to support temporary and permanent housing solutions for homeless veterans.
- A net use of \$4,200,000 resulting from the use of \$22.5 million to fund the Capital Projects Reserve for the ARMC Jail Ward offset by a contribution from Tobacco Master Settlement available fund balance of \$18.3 million.

- A use of \$71,355,682 to fund increases to or establish the following reserves:
 - Asset Replacement in the amount of \$16,817,302
 - County Buildings and Acquisition Retrofit Project in the amount of \$40.0 million
 - Cash Flow Deficit in the amount of \$9.1 million
 - Chino Airport Development Plan in the amount of \$250,000
 - Labor in the amount of \$4.9 million
 - Land Use Services General Plan/Development Code Amendments in the amount of \$288,380

2016-17 Mandatory Contingencies

The base allocation to the mandatory contingencies is \$9,988,981, the amount required pursuant to Board policy, based on projected locally funded appropriation of \$665.9 million.

2016-17 Uncertainties Contingencies

All available General Fund sources not appropriated in the Recommended Budget or contributed to General Fund Reserves are reflected in the recommended Uncertain Contingencies of \$182,000 above.

RESERVES

The County has a number of reserves that have been established over the years. The majority is for specific purposes, such as to meet future known obligations or to build a reserve for capital projects. The General Purpose reserve are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. On January 6, 1998, the Board of Supervisors adopted a County policy to provide guidelines and goals for reserve levels. The current policy calls for the County General Purpose Reserve target to be 20% of locally funded appropriation. The Board of Supervisors also established specific purpose reserves to set aside funds to meet future needs.

2016-17 Recommended Contributions and Uses

The Fund Balance and Reserve Policy calls for a General Purpose Reserve targeted at 20% of locally funded appropriation, up from the previous target of 10%. The 2016-17 recommended contribution to the General Purpose Reserve brings the balance in the General Purpose Reserve to 14.6% of locally funded appropriation. The Fund Balance and Reserve Policy calls for continued annual contributions of one-time sources to the reserve until the 20% target is achieved. The 2016-17 contributions to Specific Purpose reserves include amounts set-aside to fund Capital Improvement Projects, Transportation Projects, the Earned Leave Reserve contribution, and many other important projects and future potential costs as show in the following tables.

PROPOSITION 172

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the State's Constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the State property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. In accordance with Government Code 30055, of the total Prop 172 revenue allocated to San Bernardino County, 5% is distributed to cities affected by the property tax shift and 95% remains within the County. The following chart reflects the annual amount of Prop 172 revenues received by San Bernardino County, excluding the cities' distributions, for the past 15 years.

On August 22, 1995, the County Board of Supervisors approved the recommendation that defined the following departments as the public safety services designated to receive the County's 95% share of Prop 172 revenue, consistent with Government Code Section 30052, and authorized the Auditor-Controller/Treasurer/Tax Collector to deposit the County's portion of the Prop 172 revenue as follows:

➤	Sheriff/Coroner/Public Administrator	70.0%
➤	District Attorney	17.5%
➤	Probation	12.5%

Prop 172 revenue currently represents a significant funding source for the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. Each year, as part of the budget development process, Prop 172 projections are developed based on staff analysis of revenue trends and forecasts provided by an outside economist.

On February 13, 2007, the Board of Supervisors approved a policy which requires the County to maintain an appropriation for contingency for Prop 172 funds targeted at no less than 10% of the current year's budgeted Prop 172 revenues. This 10% contingency was created to ensure funding for these public safety departments should the County experience Prop 172 revenue shortfalls in the future. These contingencies are maintained for each respective department within the Prop 172 restricted general fund.

The chart below illustrates the estimated beginning and ending fund balances of the Prop 172 restricted general fund, budgeted revenue and departmental usage for 2016-17, the required 10% contingency target, and the amount above that target.

REALIGNMENT FUNDS

Beginning in 1991, the State of California (State) shifted the fiscal and programmatic responsibility of several health and social services programs from the State to counties. In 2011 the State shifted more social services and mental health programs to the counties along with law enforcement services. Separate budget units were established to account for the realigned program funding for the following service areas:

1991 Realignment

Mental Health
Social Services
Health

2011 Realignment

Law Enforcement Services
Support Services

Other Realignment

CalWORKs MOE
Family Support

These Realignment budget units receive funds through a portion of sales tax and vehicle license fees. The budget units do not directly spend funds or provide services, but rather transfer funds to the operating budget units of the departments that incur the actual expenditures related to the realigned programs. The breakdown of the revenue received and departmental usage for each of the individual Realignment budget units is included in this section.

With the realignment of many state services, counties have become increasingly dependent on sales tax and vehicle license fee revenue for these realigned programs. This puts the County at the mercy of the business cycle, as funding will rise and fall in direct correlation to the State's economy. When the economy is doing well, the demand for public services goes down, but when the economy begins to retract, the demand for those services rises while revenues decrease, making the County more vulnerable to market fluctuations. Therefore the County maintains reserves in the 1991 Realignment funds and will establish reserves for certain 2011 Realignment funds to address sales tax volatility.

1991 Realignment

In 1991, the State shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as 1991 Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services: a one-half cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenues made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the Vehicle License Fee was reduced from 2.0% of the market value of a vehicle to 0.65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenues to 1991 Realignment, but simply reflects the same funding amount expressed as a percentage of the reduced revenue collected. Each of the three service areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide 1991 Realignment revenue.

The County is now responsible for the following mental health programs: community-based mental health programs, State Hospital services for County patients, and Institutions for Mental Disease. The County is now responsible for the following social services programs: the County revenue stabilization program and the County justice subvention program. The County is now responsible for the following health programs: AB8 County health services, local health services, medically indigent services, and the County medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. For example, prior to 1991 Realignment, Foster Care non-federal reimbursable costs were funded by 95% State resources and 5% County resources. As a realigned program, Foster Care is funded with 40% State resources and 60% County resources, significantly impacting County resources.

The 1991 Realignment legislation allows for some flexibility in usage of funds at the County level. Upon approval by the Board of Supervisors, a county can transfer 10% of a given year's revenue from one fund to another. San Bernardino County has used this provision in the past to help support either the health or social services programs; however, the County has not made a 10% transfer in several years and is not budgeting one for this fiscal year.

The 1991 Realignment program has some flaws in its design that adversely impact San Bernardino County revenues. First, San Bernardino County is an “under-equity county,” meaning that the County receives a lesser share of revenue relative to other counties based on population and estimated poverty population. Revenue distributions among counties were determined by expenditures in the programs that were transferred just prior to the adoption of Realignment. San Bernardino County was under-equity in those programs. 1991 Realignment did attempt to address the inequity issue, but the effort fell short. The County continues to be under-equity at this time and barring any legislative action the amount of inequity will increase over time. As growth occurs in the revenue streams, incremental new funding is distributed on existing sharing arrangements between the counties. The counties that are already over-equity get a higher percentage of the new revenue while those that are under-equity get less.

2011 Realignment

The State addressed prison overcrowding by shifting custodial responsibility of non-violent, non-sex, and non-sex-against-children (‘Triple-Nons’) offenders to local jails in 2011, through Public Safety Realignment (AB 109). In addition, the parole function of the State was delegated to county Probation departments; parole revocation hearings were shifted to the local jurisdictions and cases were assigned to the District Attorney and Public Defender. The State also realigned Juvenile Reentry and Trial Court Security by placing 100% of the financial burden of those programs on the County. The justification for the ‘Public Safety Realignment’ is that it gives the County flexibility to better provide mental health and social services to the recently incarcerated in the hopes of reducing recidivism and having the net effect of lowering both jail and prison population.

In conjunction with AB 109, the State also shifted full financial burden of many social service and mental health programs to the County, including: Adult Protective Services, Foster Care, Child Welfare Services, Child Abuse Prevention and Intervention, Drug Court, and Medi-Cal substance abuse treatment programs. The County was responsible for delivery of these programs before realignment, but with the shift, the State no longer participates in the share of cost. While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue, along with a portion of vehicle license fees for these realigned programs. The County continues to receive federal funding in all of these programs at different levels depending on the program.

In November 2012, the California voters passed Proposition 30 which increased both Sales and Income Tax. The measure also dedicated a funding stream for 2011 Realignment in the State Constitution. That process has mitigated the revenue stream doubts that existed with the onset of 2011 Realignment, but funding will now be directly dependent on the health of the economy.

The two service areas of 2011 Realignment, Law Enforcement Services and Support Services, have each been assigned their own budget unit. The Law Enforcement Services budget unit has four subaccounts: Trial Court Security (administered by the Sheriff/Coroner/Public Administrator’s department); District Attorney/Public Defender (which share the funds equally); Juvenile Justice (administered by Probation); and Community Corrections. The Community Corrections subaccount is administered by the Local Community Corrections Partnership which consists of a membership defined by Penal Code Section 1230 (including the Chief Probation Officer, the Sheriff/Coroner/Public Administrator, the District Attorney, the Public Defender, and Social Services Executives). As established by State law, the County’s Local Community Corrections Partnership (CCP) has authority over the allocation of revenue from the Community Corrections subaccount. Historically, additional subaccount revenue has been used to cover the cost of new Public Safety Realignment programs. The CCP has also allocated additional estimated revenue from the subaccount to fund existing Public Safety Realignment program inflationary costs (e.g., retirement increases, negotiated employee cost increases).

The Support Services budget unit has two subaccounts: Behavioral Health and Protective Services. The Department of Behavioral Health allocates the subaccount funding to Specialty Mental Health, Drug Court, and the Drug Medi-Cal substance use disorder treatment programs while Human Services allocates the Protective Services subaccount to the appropriate social service programs. The 2011 Realignment legislation allows counties to allocate up to 10% between the Behavioral Health and Protective Services subaccounts. The 10% is based on the amount deposited in the previous year in the subaccount with the lowest balance. The County is not budgeting a transfer between subaccounts in this fiscal year. In the event that such transfer is needed, Board

of Supervisors approval is required. The Board of Supervisors also has the discretion to establish a Support Services Reserve Subaccount by up to five-percent (5%) from each subaccount's previous year's deposits.

Other Realignment

The State redirected funding from 1991 Realignment for Mental Health Services to the CalWORKs MOE portion related to 2011 Realignment. Sales tax and vehicle license fee revenue that previously was directed to the fund for Mental Health matching funds is now going to the CalWORKs MOE fund. The CalWORKs MOE budget unit provides funding to pay benefits to CalWORKs clients. The Mental Health funding now comes in the form of a defined monthly amount taken off the top of 2011 Realignment revenues. California Government Code establishes a statewide amount of \$1.121 billion per year directed to the Mental Health Fund with future growth in the CalWORKs MOE fund to be directed to Mental Health as well.

Assembly Bill 85 (AB85) was signed into law on June 27, 2013, in order to provide a mechanism for the State of California to redirect a portion of 1991 Realignment for Health Services to fund social service programs. This shift is due to the idea that less health realignment is necessary as a result of the implementation of the Affordable Care Act. Per California Welfare and Institutions Code 176500.10(a)(5) and AB85 legislation the establishment of a new Family Support subaccount was required at the local level. This funding replaces State General Fund to fund the non-federal share of CalWORKs benefits.

Budgetary Note: The methodology used to present budget information in the Realignment budget sections was changed as of the 2014-15 Adopted Budget Book. Growth and ongoing revenues are now reflected in the period the revenue is received and is consistent with other County budget reporting. A line has been added for each budget unit to reflect prior year growth revenue received so it is shown separately from regular revenues received in the budget unit. Previously, financial information presented in the Realignment budget sections was consistent with State reporting requirements for the 1991 Realignment funds. The State's reporting requirements are not consistent with the County's implementation of GASB 34, as it relates to revenue accrual. This is a revenue timing issue only as a result of delays by the State in distributing sales tax growth revenue.

Revenues are projected to exceed departmental usage in 2015-16 primarily due to a decrease in the number of clients requiring services without benefit of Medi-Cal or other coverage as a result of the implementation of the Affordable Care Act. This will result in an increase in fund balance of \$10.3 million. Fund balance is budgeted to decrease by \$1.1 million in 2016-17 due to additional departmental usage for the expansion of clinic facilities and services to meet client needs.

Prior year growth revenue of \$3.0 million was received in 2015-16, which is available to fund one-time needs. Although 2015-16 growth revenue is also expected to be received in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds. Departmental usage will continue to be monitored closely to ensure that fund balance is maintained at adequate levels since the Mental Health 1991 Realignment has a fixed allocation.

Departmental usage is projected to exceed revenues in 2015-16, resulting in a \$2.5 million decrease in fund balance. Departmental usage is budgeted to exceed revenues in 2016-17 primarily due to the addition of positions in Children and Family Services to service increased caseload levels, resulting in a decrease in fund balance of \$9.0 million.

Social Services has priority claim on any 1991 Realignment sales tax growth received. Prior year growth revenue of \$794,306 was received in 2015-16, which is available to fund one-time needs. Although 2015-16 growth revenue is expected in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds. Revenues are projected to exceed departmental usage in 2015-16, resulting in an increase in fund balance of \$7.1 million primarily due to no planned usage by ARMC as a result of the implementation of the Affordable Care Act. Revenues are projected to remain flat in 2016-17 as a result of Assembly Bill 85 legislation which redirects health realignment to the State to fund social services programs due to the passage of the Affordable Care Act. Departmental usage is budgeted to exceed revenues in 2016-17 due to the funding of one-time capital expenditures, resulting in a decrease of fund balance of \$6.6 million.

Prior year growth revenue of \$923,608 was received in 2015-16, which is available to fund one-time needs. Although 2015-16 growth revenue is expected to be received in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds. Departmental usage will continue to be monitored closely to ensure that fund balance is maintained at adequate levels to mitigate potential operational impacts of sales tax fluctuations.

2011 Realignment required each county to develop an implementation plan approved by the Local Community Corrections Partnership and the Board of Supervisors. As a result of delays in filling positions funded with realignment as well as prior year growth revenue received, a fund balance of \$30.8 million existed in the Law Enforcement Services budget unit at the beginning of 2015-16. Revenues are projected to exceed departmental usage in 2015-16, resulting in an increase of \$27.8 million in fund balance that will be available to fund one-time needs. Departmental usage is budgeted to exceed revenues in 2016-17 due to the funding of various one-time needs, resulting in a decrease in fund balance of \$3.7 million.

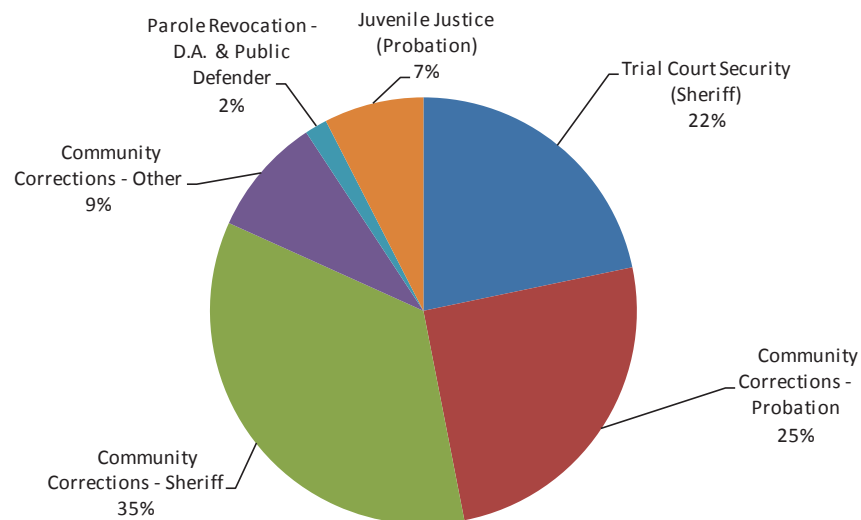

Prior year growth revenue of \$14.5 million was received in 2015-16, which is available to fund one-time needs. Although 2015-16 growth revenue is expected to be received in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds. Departmental usage will continue to be monitored closely to ensure that fund balance is at adequate levels. Fund balance will be used for one time needs and to establish reserves for sales tax volatility.

Departmental usage of 2011 Realignment funding for Law Enforcement Services is detailed in the table and chart on the following page.

Revenues are projected to exceed departmental usage in 2015-16, primarily due to attrition and delay in staffing within protective services departments that use realignment. Also, various subsistence budget units qualified for greater federal reimbursement thus reducing the need for realignment funding. This will result in an increase in fund balance of \$6.7 million. Fund balance is budgeted to decrease by \$5.5 million in 2016-17 due to planned additional departmental usage for the expansion of child welfare services programs to meet client needs.

Prior year growth revenue of \$11.5 million was received in 2015-16 which is available to fund one-time needs. Although 2015-16 growth revenue is expected to be received in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds. Departmental usage will continue to be monitored closely to ensure that fund balance is at adequate levels. Fund balance will be used for one time needs and to establish reserves for sales tax volatility.

Funding for the CalWORKs MOE comes from both Sales Tax and Vehicle License Fee revenues. These revenues originally funded Mental Health programs but, as part of 2011 Realignment, the funds were redirected to CalWORKs. Typically, there is not expected to be any fund balance in this budget unit since amounts received are immediately transferred to the budget unit used for assistance payments to CalWORKs clients. However, revenues exceeded departmental usage in 2014-15, resulting in an increase in fund balance of \$14.5 million, primarily due to the timing of the State reconciliation process. The department anticipates returning the fund balance to the State at a later date.

This budget unit was established in 2013-14 per California Welfare and Institutions Code 17600.10(a)(5). Funding for Family Support comes from counties' indigent health care savings that are redirected from counties' Health 1991 Realignment Subaccount and moved to the new Family Support subaccount at the State level. Funds are allocated to counties from the Family Support subaccount in lieu of State general fund for CalWORKs assistance payments. The distribution of funds is based on counties' CalWORKs general fund expenditures. Typically, there is not expected to be any fund balance in this budget unit since amounts received are immediately transferred to the budget unit used for assistance payments to CalWORKs clients. However, revenues exceeded departmental usage in 2014-15, resulting in an increase in fund balance of \$7.9 million, primarily due to the timing of the State reconciliation process. The department anticipates returning the fund balance to the State at a later date. Although 2015-16 growth revenue is expected to be received in 2016-17, it has not been included in the budget at this time due to the uncertainty of the amount and the timing of the actual receipt of the funds.

AUTOMATED SYSTEMS DEVELOPMENT

The Automated Systems Development budget unit is a restricted General Fund that was established in 2011-12 to fund the development, upgrade, and/or replacement of the County's Financial Accounting System (FAS), a core information technology system; and for other future developments.

The new FAS project is a countywide collaborative effort to replace the existing financial accounting system that was implemented over 20 years ago and does not provide either the efficiencies or information for managing County functions that modern systems provide. In 2011-12, the Board of Supervisors approved a \$6.0 million allocation of Discretionary General Funding to fund this project, and added an additional \$6.0 million mid-year. Although it hasn't been placed in this budget unit, an additional \$13.0 million has been set-aside in general fund reserves for this project. A Request for Information was released in July 2011 and the resulting information was utilized to prepare a scope of services. In 2012-13, the County contracted with the Government Finance Officers Association, which has a history of successful government accounting information system installations, to oversee the Request for Proposal process for the County. In 2013-14 the County released the Request for Proposal. In April 2016, the Board of Supervisors approved contracts with SAP Public Services, Inc. (SAP) for financial software license, maintenance and support, and Labyrinth Solutions, Inc. for SAP Enterprise Financial Management System implementation consulting services. Implementation of the new system commenced in May 2016.

Requirements of \$11.9 million represent staffing, operating and application development costs. Staffing Expenses of \$1.8 million fund 13 positions to assist Auditor-Controller/Treasurer/Tax Collector, Finance and Administration, Human Resources, and Information Services in the implementation and operation of the new system. Operating Expenses are increasing \$873,067, primarily due to staffing costs associated with four contract positions, and Reimbursements to Purchasing for staffing costs related to two department positions that will be working on the project on a part-time basis. In 2016-17, Capital Expenditures are decreasing \$888,667 to reflect Requirements that have been identified for the start-up of the new system (Staffing and Operating Expenses).

COUNTY OF SAN BERNARDINO

The County of San Bernardino's 2016-17 Recommended Budget covers the period from July 1, 2016 – June 30, 2017. The 2016-17 Recommended Budget represents a consolidation of all County entities which includes \$5.4 billion in budgeted Requirements and Sources as well as 22,494 in budgeted staffing. The budget consists of several funds including the general fund, restricted funds, capital project funds, special revenue funds, internal service funds, enterprise funds and permanent funds. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the Countywide Vision and goals and objectives of the County of San Bernardino approved by the Board of Supervisors (Board):

Countywide Vision

In 2010, the Board set out to establish a Countywide Vision for the future of the county as a whole, seeking input from the community through an online survey, town hall meetings and more than two dozen industry-specific focus groups. The County partnered with the San Bernardino Associated Governments (SANBAG) representing the county's 24 cities and towns on this effort that culminated in development of the Countywide Vision Statement and report, which were endorsed and adopted by the Board on June 30, 2011.

We envision a complete county that capitalizes on the diversity of its people, its geography, and its economy to create a broad range of choices for its residents in how they live, work, and play.

We envision a vibrant economy with a skilled workforce that attracts employers who seize the opportunities presented by the county's unique advantages and provide the jobs that create countywide prosperity.

We envision a sustainable system of high-quality education, community health, public safety, housing, retail, recreation, arts and culture, and infrastructure, in which development complements our natural resources and environment.

We envision a model community which is governed in an open and ethical manner, where great ideas are replicated and brought to scale, and all sectors work collaboratively to reach shared goals.

From our valleys, across our mountains, and into our deserts, we envision a county that is a destination for visitors and a home for anyone seeking a sense of community and the best life has to offer.

The Countywide Vision report and related documents are available for review at www.sbcounty.gov/vision.

County Paradigm and Job Statement

Following the adoption of the Countywide Vision, the Board adopted the County paradigm and job statements on April 10, 2012. These statements describe County government's role in achievement of the Vision.

Our Paradigm: The County of San Bernardino is a regional government. We understand that every aspect of the quality of life in a community is part of an interrelated system. The County takes responsibility for ensuring that the community has determined how, when and by whom each element of that system is being addressed in pursuit of our shared Vision of the county and the future we desire.

Our Job: Our job is to create a county in which those who reside and invest can prosper and achieve well-being.

Performance Measurements

As part of the continuing effort to align resources with operational priorities, each department was asked to review existing performance measurements to ensure alignment with the 2016-17 County Goals and Objectives. These measurements should be realistic, easily quantifiable, and reflect progress on long-term multi-year strategic initiatives or the accomplishment of shorter-term tactical goals, that directly correlate to the identified County objectives and reflect activities within the department's control. Performance measurement progress continues to be reported as part of each quarterly budget report.

Performance measure information in the 2016-17 Recommended Budget book includes departmental strategies to achieve selected County Goals and Objectives, departmental performance measures for 2016-17 to demonstrate if departments are meeting the County Goals and Objectives and prior year accomplishments for performance measures carried over from the prior year. BUDGET PLANNING CALENDAR

ONGOING

Policy Direction - The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Significant Budgetary or Programmatic Impacts – Significant budgetary or programmatic changes and potential impacts are immediately communicated to the County Administrative Office and the Board of Supervisors to allow for timely decision-making and policy direction.

Year-End Estimates - Departments provide year-end estimates of revenues and expenditures to Finance and Administration on a monthly basis and any significant changes are addressed timely.

Quarterly Budget Reports - The County Administrative Office brings an agenda item to the Board of Supervisors requesting modifications to the adopted budget. Quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on County department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the County in preparing the upcoming budget.

OCTOBER THROUGH DECEMBER

Capital Improvement Plan – Departments submit annual capital improvement requests for improvements to land or structures that exceed \$5,000. These requests include a project description and justification, financial impact, and funding source. The requests are evaluated and prioritized by Finance and Administration and provided to the Chief Executive Officer for comments and recommendations, and presented to the Board of Supervisors for final approval. In addition, departmental five-year capital improvement plans are updated to re-evaluate priorities based on changing circumstances, staffing levels, and available funding.

Fee and Internal Service Rate Development – Departments develop their recommended fee changes and internal service rate adjustments for the upcoming budget year and submit them to Finance and Administration for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. Departments are required to compute their full cost of service, capturing both direct and indirect costs associated with fees and internal service rates. Departments are able to recommend an alternate fee amount to the Board of Supervisors, if based on their knowledge, implementation of a full cost fee or internal service rate would not be beneficial.

JANUARY AND FEBRUARY

Five-Year Fiscal Forecast – Finance and Administration develops a Five-Year Fiscal Forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the County and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened for departmental input in preparation of the budget submittal. Internal training is conducted for all users of the system.

County Fiscal Plan – The five-year County fiscal plan is developed based on revenue projections and estimates of ongoing cost changes to maintain current service levels for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall.

Preparation of Recommended Budget – Departments develop their respective recommended budgets and submit them to Finance and Administration for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval. General fund departments must budget within their respective net county cost allocations given to them based on the County fiscal plan. Special Revenue Funds, Internal Service Funds, and Enterprise Funds may budget requirements in excess of current year sources which reflects an operational decision to utilize assets that have been carried over from prior periods.

APRIL THROUGH JUNE

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Architecture and Engineering are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Fiscal Overview – The Board of Supervisors conducts a special meeting to receive a presentation from the Chief Executive Officer on the County's current and projected financial condition. The presentation includes a preview of the Recommended Budget including proposed budget programs, potential issues and also provides the Board of Supervisors the opportunity to discuss and provide input for development of the County's Recommended Budget.

Submission of Recommended Budget – The Recommended Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

JULY THROUGH SEPTEMBER

Budget Prep System – Finance and Administration makes final budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

General Fund Budget Process

The County Administrative Office has the responsibility of developing the County fiscal plan for all General Fund departments. This plan begins with a Five-Year Fiscal Forecast which is detailed in the Discretionary General Funding section of the Executive Summary. This forecast highlights estimated costs and revenue projections for the upcoming fiscal year, as well as the next four fiscal years. The County uses this forecast to build their fiscal plan for the five years beginning 2016-17.

The County fiscal plan also focuses on two restricted general fund funding sources, Proposition 172, and 1991 and 2011 Realignment. **Proposition 172** assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. **1991 Realignment** assists in funding the general fund departments of Human Services, Behavioral Health, and Public Health for mental health, social services, and health programs. **2011 Realignment** assists in funding the general fund departments of Human Services, Sheriff/Coroner/Public Administrator, Probation, District Attorney, Public Defender and Behavioral Health for public safety, health and welfare programs.

For some departments, budgets are also built utilizing revenues generated from fees. On March 15, 2016 the Board of Supervisors held a fee workshop to discuss recommended fee changes and the fee process, and held a fee hearing on April 5, 2016. The fee hearing is designed to take public testimony related to fee changes for the 2016-17 fiscal year. The majority of approved fees become effective July 1, 2016.

Other Funds Budget Process

In addition to the general fund, the County of San Bernardino has capital project funds, special revenue funds, enterprise funds and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2016-17 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will also be discussed during the Budget Hearing. When the Board of Supervisors adopts the recommended budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector's actual fund balance.

Other Entities Budget Process

In 2014-15, Board Governed Special Districts and Other Agencies (referred to collectively as "entities") were consolidated into the uniform, Countywide budget process. These entities include special revenue funds, capital

project funds, internal service funds, enterprise funds and permanent funds. Acting as the appropriate governing body, the Board is presented with and adopts a recommended budget for each respective entity.

The 2016-17 Recommended Budget, including all entities and funds discussed above, is scheduled for hearing and adoption on June 14, 2016.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the County. Any increases in appropriation in a budget unit after adoption of the budget will be submitted on a quarterly budget report placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office depending upon the appropriation unit, unless noted below:

Transfer of Salaries and Benefits Appropriation:

- Transfers out require Board of Supervisors approval and should be included in a quarterly budget report.

Transfers of Fixed Asset Appropriation:

- Transfers in and out among the different fixed asset appropriation units are approved by the County Administrative Office as long as the total fixed asset appropriation does not increase.
- Transfers out of Fixed Asset Appropriation-
 - Transfers out increasing a non-fixed asset appropriation unit within individual Capital Improvement Program (CIP) project budgets are approved by the County Administrative Office as long as the total project budget does not increase.
 - Transfers out increasing a non-fixed asset appropriation unit are required to be included in the quarterly budget reports for Board of Supervisors approval, except within the CIP, as detailed above.
- Transfers in of Fixed Asset Appropriation-
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value less than \$10,000 may be approved by the County Administrative Office.
 - Transfers in from a non-fixed asset appropriation unit to fund a unit value of \$10,000 or more are required to be included in the quarterly budget reports for Board of Supervisors approval.

Transfers impacting Operating Transfers Out Appropriation:

- Any changes to Operating Transfers Out are required to be included in the quarterly budget reports for Board of Supervisors approval.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$6.2 million make up the majority of the Board of Supervisor's (Board) expenditures within this budget unit. Operating Expenses of \$1.4 million include COWCAP, phone services, office expenses, courier and printing charges, facilities management basic services, and travel related expenses.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the Board include an increase in Staffing Expenses of \$88,214, which is primarily due to negotiated salary increases and an increase in the total number of positions. This increase is offset by a decrease in Operating Expenses of \$102,758, primarily due to decreases in COWCAP charges (\$79,997) and general liability insurance (\$140,016), that are partially offset by an increase in Central Services charges (\$85,213).

For 2016-17 each district will receive an equal allocation of \$1.49 million in Net County Cost, totaling \$7.45 million across all five districts. In addition to this amount, each district will receive a share of augmentation funding based on the Board's augmentation plan which was adopted as part of the 2012-13 Budget and directed that \$214,257 be allocated among each district budget based on the percentage of unincorporated population. The 2016-17 budget allocates the augmentation funding under the same methodology as in 2015-16 and is as follows:

Formula for Allocation of Staff Augmentation Funds			
Supervisory District	Population (Unincorporated)	% of Total Unincorporated Population	Allocation Amount*

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$6.2 million fund 60 budgeted positions of which five are regular positions and 55 are limited term positions.

There is a net increase of nine budgeted positions in this budget unit. Supervisorial Districts make staffing adjustments to limited term positions through separate board agenda items; however, it is through the annual budget process that these positions are added into the budget. This increase represents the net change resulting from staff added by separate board agenda items throughout 2015-16 and the deletion of positions which have become vacant throughout the year. Limited term positions within this budget unit are deleted upon becoming vacant.

Staffing changes are as follows and include a total of five deletions and 14 additions, for a net increase of nine budgeted positions:

Board Discretionary Fund

DESCRIPTION OF MAJOR SERVICES

Beginning in 1999-00, \$1.0 million was allocated evenly between the five supervisorial districts as board discretionary funding for priority policy needs that may be identified during the fiscal year. In 2005-06, the annual allocation was increased to \$2.0 million, and in 2006-07 it was increased to \$2.5 million. During 2008-09, the annual allocation was increased to \$3.75 million, which was maintained for 2009-10. The annual funding for 2010-11 was decreased to \$2.25 million and was subsequently transferred into the Board of Supervisors (Board) operating budget as part of the County's First Quarter Budget Report, which was approved by the Board on November 2, 2010. In 2011-12, the Board began obligating the remaining balance of funds via the County quarterly budget reports. Once approved, allocations are to be expensed within twelve months and existing allocations not spent within a fiscal year are carried over to the subsequent fiscal year by district. There is currently no ongoing funding included in this budget unit. County Policy 05-10 (formerly 02-18) provides that these funds are to be exhausted by December 29, 2016, and any remaining unspent funds are to be returned to the County General Fund.

Through use of these funds, and in conjunction with these community programs, the Board of Supervisors has provided support for several projects that promote the health, safety, well-being, and quality of life for County residents.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$1.6 million represent funds carried over from prior fiscal years to support various community programs and projects that promote the health, safety, well-being, and quality of life for County residents. Operating Transfers Out make up the majority of expenditures within this budget unit and include allocations made directly to County departments to support various public works and community improvement projects. Operating Expenses include allocations to support local agencies and non-profits.

BUDGET CHANGES AND OPERATIONAL IMPACT

These funds are utilized by Supervisorial Districts to support community programs and projects. In accordance with County Policy 05-10, these funds are allocated at the sole discretion of the Supervisor within his or her own Supervisorial District. On February 7, 2012, the Board adopted an amendment to County Policy 02-18 (now County Policy 05-10) which revised the policy related to the administration of these funds. In addition to new procedures regarding the administration of these funds, a subsequent amendment to the policy adopted by the Board on November 17, 2015, also provides that these funds are to be exhausted by December 29, 2016, and any remaining unspent funds are to be returned to the County General Fund.

The budget includes a reduction of \$956,629 in Requirements as a result of payments made to support community programs and projects during the 2015-16 fiscal year. As of the Second Quarter Budget Report on March 1, 2016, funds remaining to be obligated by the Districts total approximately \$1.2 million. There is currently no ongoing funding included in this budget unit.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Note: Unlike governmental funds, the 2015-16 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$40.5 million include \$8.2 million in Staffing Expenses, \$37.1 million in Operating Expenses, and \$6.2 million in Capital Expenditures. Major Operating Expenses are repair parts and fuel, which reflect the impact of City of San Bernardino Fire annexation to County Fire, sublets and specialized services, and vehicle liability insurance. Reimbursements include internal cost allocations, County Fire staffing expenses, and transfers out for capital improvement projects.

Sources of \$35.6 million include \$30.7 million in Fee/Rate revenue that include Motor Pool mileage and monthly charges, fuel revenue, labor charges from light and heavy duty shops and fire shop, parts sales, and sublet charges.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$451,458 primarily due to a decrease in Operating Expenses of \$1.1 million as a result of lower vehicle liability insurance and reduced expenditures for fixed-assets transfers out, offset by an increase in fuel charges which reflect the impact of City of San Bernardino Fire annexation to County Fire. Staffing Expenses are increasing by \$154,424 as a result of the addition of two Public Service Employees and negotiated salary increases. Reimbursements are decreasing by \$388,138 primarily due to the elimination of the transfer of administrative expenses between Garage and Motor Pool which is no longer necessary because these divisions now reside in the same fund.

Sources are decreasing by \$16,371 primarily due to a decrease in Fee/Rate revenue due to the closure of two car washes and lower gas prices.

ANALYSIS OF NET POSITION

For 2016-17 Fleet's budget includes a Use of Net Position of \$4.9 million. The Use of Net Position is due to one-time expenditures related to capital projects carried over from 2015-16 and new projects for 2016-17. The capital projects include the High Desert Service Center Expansion and pavement improvements. Rates are reviewed annually to ensure that Net Position is maintained at an adequate level.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$8.2 million funds 95 budgeted positions of which 90 are regular positions and five are limited term positions. Staffing changes for 2016-17 include the reclassification of Fleet Specialist to an Office Assistant III, and the addition of two Public Service Employee positions. The Public Service Employee positions will be utilized to meet short-term staffing needs due to short-term increases in workloads.

Not included in this budget is \$723,397 which represents Human Resource's share of costs of other central service departments, such as County Counsel.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$11.4 million make up the majority of the expenditures within this budget unit. These expenses are necessary to provide human resources services to the County's approximately 22,000 employees. Sources of \$846,622 primarily represent revenue from WRIB memberships and reimbursements from other departments for administrative services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$45,668 primarily due to the addition of a Human Resources III position to support the Labor Relations function. This position will be partially funded by existing General Fund and partially by department Reimbursements.

Seven additional positions are being added, which are fully funded by Public Health, ARMC and Human Services. This increase in Staffing Expenses will be offset by increased Reimbursements from those departments. These additions are offset by the deletion of an EMACS Manager, which is transferred to another budget unit.

Sources are increasing by \$72,059 primarily due to additional revenue from departments for costs related to executive recruitments, random drug testing, and background checks.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$11.4 million fund 98 budgeted positions of which 97 are regular positions and one is limited term and includes a net increase of seven regular positions. The filled EMACS Manager position will be transferred to the Automated Systems Development budget to support the new Enterprise Financial Management System (EFMS). The vacant Human Resources Deputy Director position is being deleted and a Human Resources Division Chief is being added. Of the remaining 8 positions being added, 3 are being moved from the Employee Benefits and Services budget unit, which will align the budget to reflect current operations as these positions perform general Human Resources work. Three Human Resources Officer III positions are being added, primarily to improve access to professional guidance and training for Human Resources Officers and serve as an additional resource to departments. One of the Human Resources Officers III positions will support the Assistant Director in preparation and conduct of labor negotiations and administration of the resultant MOUs. The remaining two new positions, one Human Resources Analyst I and one Personnel Technician, are being added in response to the significant workload increases in classification and recruitment and related personnel actions, including work for the Annual and Quarterly Budget Reports.

Nine regular positions have been added to the budget as follows:

- 1 Human Resources Division Chief
- 3 Human Resources Officer III
- 3 Human Resources Analyst I (2 moved from EBSD budget unit)
- 1 Staff Analyst II (moved from EBSD budget unit)
- 1 Personnel Technician

Two regular positions have been deleted as follows:

- 1 Human Resources Deputy Director
- 1 EMACS Manager

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.3 million make up the majority of the expenditures in this budget unit. These expenses are necessary in order to provide employee and applicant pre-placement and in-service medical examinations to the County's approximately 22,000 employees, as well as employees of various external agencies. Sources are collected for various pre-placement and in-service medical examinations through fees charged for these services in accordance with the County's fee ordinance.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are decreasing by \$27,170 primarily as a result of a reduction in expenses and fee revenue for medical testing services. The CEHW is completely fee based and departments are billed for services provided.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$678,734 make up the majority of the expenditures within this budget unit. Expenses include charges for operating vanpools, hybrid vehicle carpools, and other ride share programs. Sources of \$747,200 include payroll deductions from employees participating in rideshare programs, as well as funds received from the Air Quality Management Districts.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$2,899 primarily due to decreased motor pool charges which are offset by a net increase in Staffing Expenses related to the addition of one regular and one limited term position which is offset by the deletion of one regular position. Sources are increasing by \$11,050 primarily due to an increase of funds from the Air Quality Management Districts.

ANALYSIS OF FUND BALANCE

Fund Balance of \$195,681 will be used for one-time expenditures that promote and encourage transportation alternatives to County employees. Expenditures include program incentives (gas cards, cash, raffles, gym memberships), rideshare luncheon events, commuter events (bike to work, dump the pump, brown bag) and transit subsidies.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$264,147 fund four budgeted positions of which three are regular positions and one is limited term. The budgeted staffing reflects the addition of two positions, one Office Specialist and one Public Service Employee, and the deletion of one Office Assistant III position. The higher level position of Office Specialist has been determined to best meet the growing needs for the performance of more complex tasks requiring independent judgment. The Public Service Employee position will fulfill short-term staffing needs to support activities such as the annual transportation survey, rideshare luncheon events, vanpool reconciliations, and other projects.

Employee Benefits and Services

DESCRIPTION OF MAJOR SERVICES

Employee Benefits and Services, under the direction of the Human Resources Department, administers the County's health, dental, vision, and life insurance plans as well as its integrated leave programs.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$2.3 million make up the majority of the department's Requirements within this budget unit. These expenses are necessary to manage the County's employee health, dental, vision, life insurance and integrated leave plan benefits. Sources of \$3.5 million primarily represent revenue from administrative fees for managing the employee benefit programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$107,516 primarily due to the deletion of three positions that are being transferred to the Human Resources budget unit to align the budget with operations. The decrease in Staffing Expenses will be offset by decreased Reimbursements from Human Services for the three transferred positions to the Human Resources budget unit. Sources are increasing slightly by \$16,200 as a result of additional revenue from Family Medical Leave (FML) administration fees and Vision management fees. In addition, Operating Expenses for application development maintenance and support are lower.

ANALYSIS OF FUND BALANCE

Fund balance of \$78,305 will be used to fund one-time expenditures to support the administration of the County's health, dental, vision, life insurance and integrated leave plans and will include computer software, hardware and application development charges.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$2.3 million fund 29 budgeted positions of which 28 are regular positions and one is limited term. Changes in the budgeted staffing is a result of deletion of three positions that are transferred to the Human Resources budget unit to better align the positions and functions and an adjustment to a job-share position to reflect headcount of two instead of one.

Three regular positions have been deleted as follows:

- 2 Human Resources Analyst I (transferred to Human Resources budget unit)
- 1 Staff Analyst II (transferred to Human Resources budget unit)

Not included in this budget is \$139,738 which represents Information Services – GIS and Multi-Media Service's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.5 million make up the majority of the department's expenditures within this budget unit. These expenses are necessary to provide GIS and MMA services. Sources of \$212,922 are comprised of revenue from Board of Supervisors approved rates/fees for Street Network Subscriptions and tract maps.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$20,073 primarily due to increases in expenses for computer hardware and software, professional services for maintenance and support of equipment and internal service fund charges.

Sources are decreasing by \$3,950 due to a reduction in demand for tract maps.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Major expenditures include Staffing Expenses and Operating Expenses. Staffing Expenses of \$14.5 million are necessary to provide support for the County's mainframe and other servers, data storage and replication, and technical services that support the wireless device infrastructure. Operating Expenses of \$25.8 million include \$12.2 million in services and supplies for computer software licenses and equipment support and maintenance; \$2.6 million for application development support and maintenance; \$400,000 for facilities maintenance; and \$10.6 million to fund capital improvement projects and internal cost allocation.

Sources of \$28.0 million are comprised of revenue from Board of Supervisors' approved Fees/Rates for central computer services and other information technology services paid by County departments, Board-Governed Special Districts, and County Service Areas.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.6 million primarily due to an increase in Operating Expenses for COWCAP charges, equipment maintenance, facilities charges, internal cost allocations and capital improvement projects and an increase in Staffing Expenses due to the addition of nine positions to support an increase in workload related to server management and fiscal/administrative functions.

Sources are increasing by \$2.2 million in Fee/Rate revenue due to service rate increases.

ANALYSIS OF NET POSITION

The use of \$6.2 million of Net Position funds one-time capital improvement projects such as the data center power project and facility improvement projects including a parking lot enhancement and sewer line replacement at ISD's main facility. This also includes the purchase of additional fixed asset equipment for data storage to meet customer demand. Additional costs will be included in future rates to reduce dependence on net position.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$11.6 million fund positions that are responsible for the maintenance and administration of the County's telephone network, radio system, paging system, WAN and the Countywide microwave system. Operating Expenses of \$26.9 million include application development support and maintenance and facilities costs of \$579,589 and services and supplies of \$16.8 million for telephone, radio system, WAN and other communications related costs including computer software, application development enhancements, and equipment maintenance. Also included in Operating Expenses are transfers out of \$9.4 million to fund capital improvement projects, internal cost allocation, and costs associated with shared positions.

Sources of \$29.5 million include revenue from Board of Supervisors' approved Fees/Rates for services the Division provides, including telephone, wide area network, microwave transport, and radio systems to internal and external departments and agencies.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$178,976 primarily due to one-time costs in 2015-16 to upgrade technology in the Board Chambers and hardware expenses for the WAN upgrade project, offset by an increase in Operating Expenses due to equipment maintenance costs.

Sources are decreasing by \$55,008 due to service rate decreases.

ANALYSIS OF NET POSITION

The use of \$6.3 million of Net Position funds one-time capital improvement projects for radio communication sites and the new ISD warehouse (\$3.0 million), a three-year agreement paid in full in the first year for Countywide Cisco maintenance and support (\$2.4 million) for which customers reimburse ISD annually, and fixed assets for unplanned customer requests and voice over internet protocol (VoIP) conversions (\$900,000).

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$11.4 million account for the majority of Requirements in this budget unit and are necessary to support Countywide business systems and applications. Operating Expenses of \$4.6 million include costs for resources from information technology contractors, implementation costs for the Land Use Management System Upgrade, COWCAP expenses and miscellaneous hardware and software costs.

Sources of \$14.7 million are comprised of revenue from Board of Supervisors' approved Fees/Rates for maintenance and support, enhancement or development of new computer applications and systems for County departments and external customers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.8 million due to an increase in Staffing Expenses for the addition of four Business Systems Analyst positions, offset by a decrease of three positions being transferred to the Enterprise Financial Management System Project. Operating Expenses are increasing due to costs associated with the implementation of the Land Use Permitting System, the cost to repay fund IAM (Telecommunications) for the loan to start the Application Development internal services fund, contracted services to backfill the three positions moved to the Enterprise Financial Management System Project, and COWCAP charges.

Sources are increasing by \$308,950 primarily due to an increase in billable hours from the addition of four Business Systems Analyst positions.

ANALYSIS OF NET POSITION

The use of \$1.3 million of Net Position funds one-time implementation costs for the Land Use Permitting System (Accela). Use of Net Position will be limited as this budget unit does not require fixed assets or capital improvements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$11.4 million fund 89 budgeted regular positions. Changes to budgeted staffing include the addition of four regular Business Systems Analyst III positions as a result of increased workload, offset by the transfer out of three regular positions that were moved to another budget unit; one Business Systems Analyst III and two Programmer Analyst III's. These three positions are being transferred to support the Enterprise Financial Management System Project and will be backfilled by contracted services hired through outside vendors.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$3.7 million make up the majority of the requirements within this budget unit. These expenses include \$2.8 million for Countywide office supplies, which are reimbursed by user departments, and \$268,517 in ongoing expenses for the enterprise electronic procurement system.

Sources of \$820,330 primarily include \$336,000 in service charges for administering the desktop office supply program and consolidated billing, as well as \$394,330 from various rebate agreements associated with Countywide procurement programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$8,544 mainly due to increased Operating Expenses associated with the cost of updating the department's websites to better serve its customers. Those increases are offset by a decrease in Staffing Expenses due to the departure of experienced staff and the resulting hiring of new personnel at lower salary and benefit costs. Sources are increasing by \$46,879 related to rebates.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$2.7 million fund the costs of materials, outside printing services, production copiers and equipment maintenance. Expenses are charged to County departments and outside agencies through the rates that the department prepares annually.

Sources of \$3.6 million represent projected revenue from rates charged for black and white copies, color copies, graphic design services and outside printing services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$318,506 primarily due to the addition of one new budgeted position, increased equipment maintenance costs and increased materials costs that are passed through to customers. Sources are increasing by \$461,480 due to increased volume and an associated increase in revenue from reimbursable costs.

ANALYSIS OF NET POSITION

In 2016-17 the department is budgeting a Use of Net Position in the amount of \$367,250. This is in adherence with Federal OMB 2 CFR 255 which requires the department to achieve a balance between the rates charged and maintaining an adequate working capital reserve. The department has used Net Position for the past two years and expects to do so again in 2016-17 to bring the Net Position within an acceptable range for working capital reserves.

Note: Unlike governmental funds, the 2015-16 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

RISK MANAGEMENT

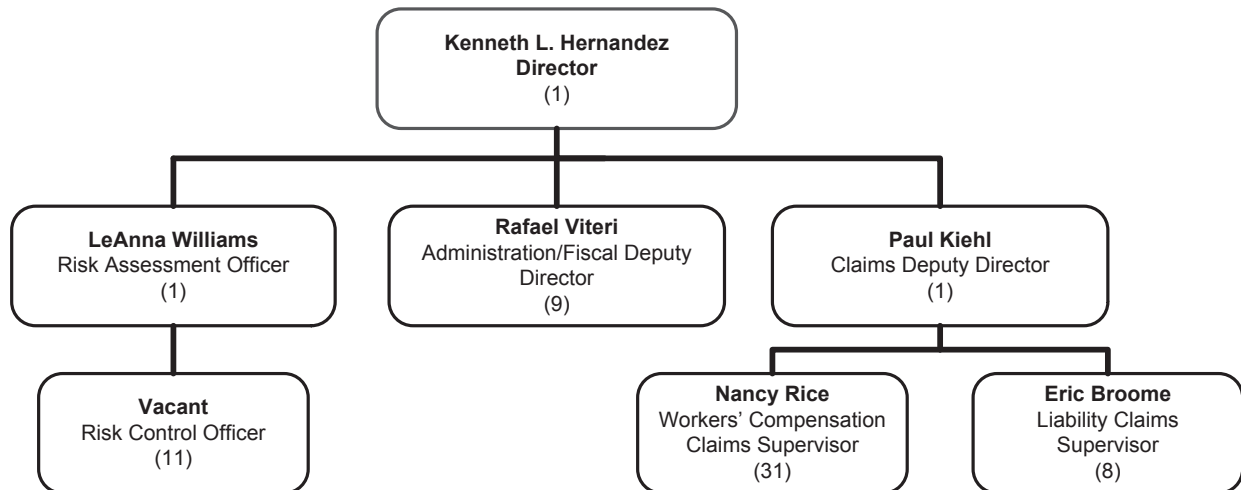

Kenneth L. Hernandez

DEPARTMENT MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through an Integrated Risk Management Program that includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

2015-16 MAJOR ACCOMPLISHMENTS

- Responded to the Waterman Incident that involved Public Health (Environmental Health Division) employees. Risk Management set up claims and reserves for the deceased and injured, and personally met with victims and their families at various hospitals. Risk Management participated in the Family Assistance Center Resources meetings and other meetings to assist victims and/or their families with their claims.
- Converted Workers' Compensation program from a self-insured cash basis to a program with excess insurance purchased from CSAC-EIA (California State Association of Counties - Excess Insurance Authority) by buying an insurance policy with statutory limits and a self-insured retention (SIR) of \$2.0 million, effective July 1, 2015.
- Obtained a Compromise and Release resolution on 53 claims, closing future liability, and obtained several Take Nothing settlements.
- Referred 24 incidents and claims to pre-litigation handling as of the third quarter which is an increase of one incident and claim from 2014-15. This has allowed Risk Management to gain better control, resulting in less expensive resolutions in certain cases.
- Collaborated with County Counsel and Children and Family Services in updating contractual agreements and insurance requirements from Foster Family Agencies that the County does business with.
- Recovered \$5.9 million in a bad faith insurance case against the insurance carrier for the catastrophic flooding event that occurred in Highland in December of 2010.
- Provided rapid response to large first party property incidents, reducing the severity of the damages.
- Coordinated with Federal Highway Administration to present ADA 'public rights-of-way' training for Public Works staff.
- Coordinated with Pacific ADA Center, Center on Deafness Inland Empire, and Greater Los Angeles Agency on Deafness (GLAD) to present training for Departmental ADA Coordinators.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$5.8 million represent the majority of the requirements within this budget unit and fund 62 budgeted positions which are necessary to administer the County's insurance programs.

Sources of \$125,173 primarily consist of interest and Emergency Medical Services administrative fee.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$6.0 million primarily due to the reclassification of Operating Transfers In to Reimbursements. Staffing Expenses are higher primarily due to the addition of four positions to the Workers' Compensation, Liability and Risk Control Divisions. Operating Expenses are increasing due to an increase in COWCAP, office remodel, and computer application charges.

Sources are decreasing by \$5.8 million primarily due to the reclassification of sources to reimbursements discussed above, and also includes lower projected administrative fee revenue from the Emergency Medical Services Program of \$85,000 and an expected increased amount of interest revenue.

ANALYSIS OF NET POSITION

All services in this budget unit are provided on a cost-reimbursement basis from the insurance funds. In fiscal years where the result of operations contributes to Net Position, these funds are transferred back to the insurance funds that fund this operating budget unit.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$106.2 million include judgement and settlement costs, medical treatment and expenses, temporary disability and loss earnings, property insurance, and legal defense services.

Sources of \$103.3 million primarily include Board of Supervisors' approved premiums paid by departments, Board-Governed Special Districts, and County Service Areas.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$5.7 million due to an increase in settlements and increased liability claim experience. Additionally, there are increased medical claims costs in workers' compensation.

Sources are increasing by \$216,881 primarily due to lower premiums charged to departments for General Liability, Auto Liability, and Medical Malpractice Programs to achieve the 80% confidence level of funding offset by an increase in insurance recoveries and interest revenue.

ANALYSIS OF NET POSITION

Net Position supports insurance programs in maintaining and reaching an 80% confidence level of funding as recommended by annual actuarial studies. The department is budgeting a Use of Net Position of \$2.8 million for one-time claims costs of unexpected judgments and settlements.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Staff that administers these programs are budgeted in Risk Management's Operations budget unit.

The Local Agency Formation Commission (LAFCO) is an independent regulatory body composed of two elected County supervisors selected by the Board of Supervisors, two city council members chosen by the mayors of the 24 incorporated cities, two elected special district board of directors selected by the presidents of independent special districts in the County, and one public member not associated with the County, city, or special districts who is chosen by the other six commission members. The members are charged with the responsibility to encourage the orderly growth of government agencies, to preserve agricultural lands, to discourage urban sprawl, and to ensure efficient delivery of services through local government agencies within San Bernardino County. In meeting these responsibilities, the Commission:

Note: Unlike governmental funds, the 2015-16 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$263.7 million fund 3,772 positions. Operating Expenses of \$208.8 million are comprised primarily of medical supplies, physician fees, purchased medical services, insurance, utilities, and rent expense. Capital Expenditures of \$14.0 million fund necessary clinical and non-clinical equipment purchases. These expenses are offset by Reimbursements of \$4.6 million for services and supplies purchased on behalf of other County departments.

Operating Transfers Out of \$20.2 million represents costs budgeted for debt service of \$8.0 million and \$12.2 million for construction projects, which are being managed by the Real Estate Services-Project Management Division (PMD).

Sources of \$506.5 million includes \$404.1 million in state and federal funding primarily from Medicare and Medi-Cal; \$84.0 million in current services from private pay patients and insurance; and \$7.9 million in other revenue from cafeteria sales, interest, miscellaneous grants, and services provided to other hospitals through the residency program. Operating Transfers In of \$10.6 million represents the portion of Health Realignment allocated to ARMC.

BUDGET CHANGES AND OPERATIONAL IMPACT

The approval of the renewal of the State of California's Section 1115 Waiver (Waiver) by the Centers for Medicare and Medicaid Services signals the next step in health care transformation for ARMC. The renewed Waiver, a significant source of ARMC's revenue, includes three major components: Public Hospital Redesign and Incentives in Medi-Cal (PRIME), Global Payment Program (GPP), and Whole Person Care (WPC).

PRIME is a pay for performance program. Funding will be achieved by meeting metrics that improved infrastructure, staffing, and care management related to the ambulatory setting. PRIME takes transformation to a new level and raises the bar of performance to national standards. Integration of Primary Care and Behavioral Health is just one example of the nine project objectives set to national standards.

GPP aims to treat the remaining uninsured with the right care at the right place at the right time. The GPP will use non-traditional or complementary services, which is a shift from high cost-based, hospital-centric models of care. Services such as wellness programs, tele-health, group medical visits, home nursing, and eVisits with primary care providers are just a few examples.

WPC is designed to provide comprehensive integrated care to highest-risk and most vulnerable patients. WPC will include coordinating physical health, behavioral health, and social service needs with an aim to improve health and well-being.

As a result of continued focus on patient care and patient care volume, Requirements are increasing by \$12.9 million. This is primarily due to increases in Staffing Expenses of \$10.0 million related to the net addition of 80 positions and negotiated salary increases. The majority of the new positions are related to the addition of 12 beds in the behavioral health unit, increased staffing in the sterile processing unit, and positions tied to achieving funding from the renewed Waiver. Increases in Capital Expenditures of \$2.3 million are related to the purchase of clinical and non-clinical equipment. Increases of \$8.6 million in Operating Transfers Out are related to capital improvement projects managed by PMD. The decrease in Operating Expenses of \$6.9 million is primarily driven by a reduction in insurance costs and high cost pharmaceutical drugs related to the Hepatitis C Clinic. This anticipated reduction of pharmaceutical costs at ARMC is a result of other Hepatitis C clinics that will be available in the Inland Empire.

Sources are increasing by \$24.3 million primarily due to increases in state, federal, and other government revenue sources. This additional revenue is associated with volume increases in the acute inpatient, outpatient, and behavioral health units. Additional revenues are also related to an improvement in the payor mix, which

includes an increase in the number of Medi-Cal managed care patients, and a reduction in the number of self-pay patients due to the Affordable Care Act.

ANALYSIS OF NET POSITION

The budget reflects a contribution of \$4.5 million to Net Position. This is a result of anticipated volume increases combined with reduced expenses. Available Net Position will be used to fund future capital projects, electronic health record system, and fixed asset purchases as needed.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$263.7 million fund 3,772 budgeted positions of which 2,790 are regular positions and 982 are limited term positions. The budget includes a net increase of 80 positions (addition of 114, deletion of 34). The primary driver of these budgeted staffing changes relates to the addition of 12 beds in the behavioral health unit, increased staffing in sterile processing unit, and additional positions tied to achieving goals for the renewed Waiver. The reorganization of positions is primarily related to the reassignment of the Ancillary divisions from the General Support and Compliance division to the Fiscal Services and Ancillary division and the addition of a Strategic Planning division.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Federal and state grant revenues are anticipated to be \$14.6 million and will fund Community Development Block Grant (CDBG), HOME and Emergency Solutions Grant (ESG) activities. Principal and interest from the department's loan portfolio and interest earned on monies held in the County treasury contribute \$1.1 million to the above activities and operating expenses. In Operating Expenses, the department has budgeted \$17.7 million for infrastructure improvements in the areas surrounding San Sevaire and Cedar Glen communities and \$29.4 million for low-moderate income housing assistance.

DETAIL OF 2016-17 RECOMMENDED BUDGET

	2016-17				
	Requirements	Sources	Use of / (Contribution to) Fund Balance	Available Reserves	Staffing
Total Special Revenue Funds	36,258,817	16,022,308	20,236,509	0	24

Total - All Funds	55,458,544	16,074,908	39,383,636	0	24

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$4.8 million as the department continued to draw down Successor Agency bond funds for projects completed in 2015-16. Additionally, \$8.1 million in Fund Balance was used towards one-time expenditures for the Bloomington project.

Sources are increasing by \$183,029 as federal funding is expected to have an increase of \$983,372 over the prior year. That increase helps offset the continued reduction of Other Revenue due to the one-time nature of Successor Agency bond funds.

ANALYSIS OF FUND BALANCE

The budget reflects a \$39.4 million use of Fund Balance for one-time expenditures, including infrastructure improvements and housing assistance. The majority of departmental Fund Balance represents monies received in the last three years from the dissolution of redevelopment, representing bond and housing funds. The Fund Balance also includes revenues from sales of property and repayment of HUD loans.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$2.7 million fund 24 budgeted positions of which 22 are regular positions and two are limited term positions. The department deleted one Deputy Director position as the result of a retirement. Corresponding responsibilities have been realigned across existing staff. Additionally, in 2015-16, the department added two Contract CDH Manager II positions to handle an anticipated influx of additional workload. Anticipated workload for two full-time positions did not materialize so the department has decided to delete the two contract positions and add one classified Housing Project Manager II position for which there is sufficient workload.

Homeless Housing Initiative

DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors approved the Homeless Veteran Housing Initiative on October 20, 2015. One-time funds were allocated to provide safe and suitable temporary ("bridge") housing for homeless veterans while being processed for permanent housing sources. In addition to temporary bridge housing, the initiative also increased access to permanent rental units for homeless veterans. In 2016-17, it is anticipated this program will expand services to additional homeless clients.

Workforce Development

DESCRIPTION OF MAJOR SERVICES

The Workforce Development Department (WDD) provides services to job seekers, incumbent workers, youth and businesses on behalf of the Workforce Development Board (WDB). The WDB is composed of private business representatives, labor organizations, and public sector partners who have been appointed by the Board of Supervisors.

Budget at a Glance

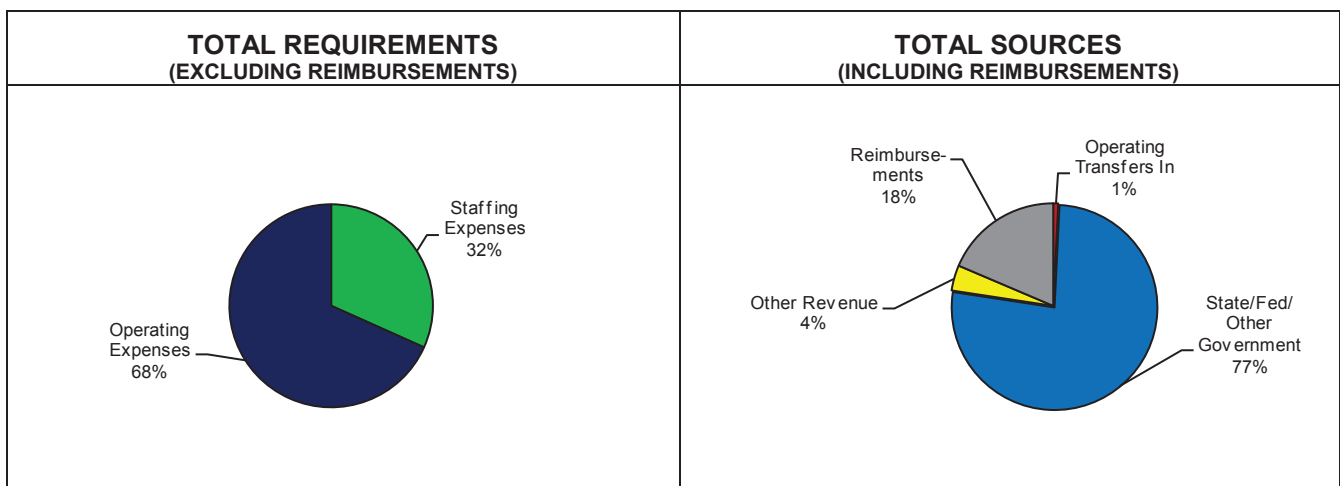

Total Requirements (Excl. Reimb.)	\$28,559,638
Total Sources (Incl. Reimb.)	\$29,953,592
Use of/ (Contribution to) Fund Balance	(\$1,393,954)
Total Staff	113

WDD is funded primarily by the federal Workforce Innovation and Opportunity Act (WIOA). WIOA requires that job seeking customers be provided with access to employment services through the America's Job Centers of California (AJCC) system. WDD operates AJCCs in each of the County's three major population centers: West Valley, East Valley, and High Desert. Services provided to all customers include: Job search, resource referrals, job readiness workshops, and access to computers and internet, printers, copiers, telephones and fax machines. Customers may also choose to receive more intensive services including: Career counseling, skill and aptitude assessments, job placement, resume and interview technique building, and occupational training.

WDD also operates a Business Services Unit which serves the local business community to support the retention of jobs and maintain employment opportunities for customers who utilize AJCC services. The department assists businesses through customized recruitments, job referrals, incumbent worker and On-the-Job training programs, business workshops and business consulting. Through serving the business community, WDD seeks to promote a thriving job market that provides the employment opportunities County residents need for self-sufficiency.

The WIOA Youth Program provides at-risk youth, aged 16-24, with opportunities that redirect youth from a path of dependency to a path of self-reliance. Through contracted service providers, youth customers receive paid work experience, occupational training and leadership development, supportive services, counseling and mentoring, and remedial education services that lead to attainment of a GED or High School diploma. Through these efforts, WDD is working to support the vision of developing a skilled workforce that attracts employers who provide the jobs that create countywide prosperity.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$19.5 million include costs associated with the department's three America's Job Centers of California, such as rent, but mainly entail \$15.4 million in direct services to job seekers and business customers, including vocational training, On-the-Job training, supportive services, business consulting, and workshops.

Reimbursements of \$5.6 million represent payments from other departments for program services provided through various Memorandums of Understanding (MOU).

Sources of \$24.4 million represent funding the department receives from various state and federal grants, primarily the Workforce Innovation and Opportunity Act (WIOA).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.2 million, primarily due to an increase in Reimbursements as the result of a new MOU with the Transitional Assistance Department to provide low-income adults with paid work experience. Sources are decreasing by \$1.3 million due to an anticipated reduction in new WIOA monies. WDD does not expect any operational impacts due to this reduction in funds.

ANALYSIS OF FUND BALANCE

The department expects to have Available Reserves of \$1.4 million at the end of 2016-17 which represents monies received from WIOA expected to be spent in 2017-18. This is consistent with the two-year federal funding cycle for WIOA.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$18.4 million represent the majority of this budget unit and fund 237 positions. Operating Expenses of \$6.8 million primarily consist of printing and taxpayer notice mailing costs, COWCAP, and systems development charges for the Property Information Management System. Reimbursements of \$1.5 million are primarily from Recorder special revenue funds for administrative and information technology costs.

Sources of \$7.0 million include fees for recording and County Clerk services, special assessments, transfers of ownership, and data sales.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$16,951. This is primarily due to a decrease in termination benefits, general office expenses, and equipment, partially offset by increases in subscriptions, and negotiated salary increases.

Sources are increasing by \$3,252 primarily due to an increase in revenue from special assessments and recorded documents, partially offset by a reduction in revenue from vital records and County Clerk activities due to a decrease in volume.

Systems Development includes \$3.2 million in Requirements to fund seven positions, costs for document indexing/imaging, computer hardware, software and associated maintenance. Sources of \$1.9 million are from Recorder modernization fees. Fund Balance of \$1.2 million is being used to support ongoing costs related to the modernization of Recorder systems. The department is reviewing operations in an effort to make adjustments to programs to reduce reliance on Fund Balance in future years.

Vital Records includes \$136,120 in Requirements to fund computer software, printing and other professional services. Sources of \$180,000 are from vital and health statistic fees. Contribution to Fund Balance of \$43,880 will fund future vital records system improvements.

Electronic Recording includes \$332,610 in Requirements for computer hardware and CeRTNA related expenses. Sources of \$386,800 are from electronic recording fees and anticipated interest earnings. Contribution to Fund Balance of \$54,190 will fund future electronic recording system improvements.

Recorder Records includes \$469,100 in Requirements for Staffing Expenses to fund three positions and costs associated with preservation efforts. Sources of \$385,100 are from records fees and anticipated interest earnings. Fund Balance of \$84,000 is being used to support ongoing costs related to preservation efforts. Cost savings in lease and utility costs are anticipated through a requested move from a leased facility to a County-owned facility, which would eliminate reliance on Fund Balance to fund ongoing costs.

Social Security Number Truncation includes \$307,370 in Requirements to fund the cost of truncating records as required by law. Sources of \$436,000 are from redaction fees and anticipated interest earnings. Contribution to Fund Balance of \$128,630 will fund future social security number truncation system improvements.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.2 million primarily due to decreases in professional services in fund SST in the amount of \$1.0 million related to a one-time historic redaction project in 2015-16. Sources are decreasing by \$156,400 primarily due to a reduction in recorded documents.

ANALYSIS OF FUND BALANCE

Fund Balance has historically been used for special projects and periods of temporary revenue decline, and has been increased during years of strong revenues in all Recorder special revenue funds. In 2016-17, the department anticipates the use of \$1.3 million of Fund Balance in the Systems Development special revenue fund to support ongoing costs related to the modernization of Recorder systems. The department is reviewing operations in an effort to make adjustments to programs to reduce the reliance on Fund Balance in future years.

The department also anticipates a use of \$84,000 of Fund Balance in the Recorder Records special revenue fund to support ongoing costs related to preservation efforts. Cost savings in lease and utility costs are anticipated through a requested move from a leased facility to a County-owned facility, which would eliminate reliance on Fund Balance to fund ongoing costs.

Note: The Auditor-Controller is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$117,274 which represents the Auditor-Controller's share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$25.5 million represent the majority of Requirements in this budget unit and fund 317 budgeted positions. The Requirements are necessary to provide accounting, auditing, collections, and investment services to County departments and constituents. Sources primarily represent Fee/Rate and cost-reimbursement revenue generated by services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$283,672, primarily due to a decrease in Staffing Expenses for eight positions deleted in the budget unit and added to the Automated Systems Development budget unit (AAP CAO) to accurately reflect the staffing needs of the Enterprise Financial Management System project. This decrease is partially offset by the addition of seven less expensive limited term positions that will provide backfill coverage for the deleted positions.

Sources are decreasing by \$557,709, primarily due to a decrease in cost reimbursement associated with the treasury pool.

Staffing Expenses of \$25.5 million fund 317 budgeted positions of which 294 are regular positions and 23 are limited term positions. The budget includes a net increase of two positions.

Eight positions are deleted from this budget unit and added to the AAP CAO budget unit, consisting of: one Departmental IS Administrator, one Auditor-Controller Division Chief, two Systems Accountant III's, one Systems Accountant II, one Systems Accountant I and two Accountant III's. Other changes consist of an increase of seven limited term positions to provide backfill coverage for staff added to the AAP CAO budget unit consisting of: one Contract Business Applications Manager in the Information Technology Division; one Contract Systems Accountant II in the Controller Division; three Contract Accountant III's in the Controller Division; and two Contract Accountant III's in the Disbursements Division.

Two new positions are funded by existing sources and consist of: one Supervising Accountant II in Disbursements to assist staff, review work performed, and monitor and improve controls and processes for the fiscal unit in property tax, and one Accountant II in the Tax Collector's office to serve as a lead in fiscal and accounting operations. The addition of one Investment Officer position in the Treasurer Division is funded by treasury pool interest earnings to assist the Chief Deputy Treasurer in the day-to-day trading and management of the County's treasury pool.

NOTE: IHSS Public Authority is reported in the 'Other Agencies' section of this budget document.

Human Services is composed of eight County Departments: Transitional Assistance (TAD), Children and Family Services (CFS), Aging and Adult Services (DAAS), Preschool Services, Child Support Services, Veterans Affairs, Behavioral Health (BH) and Public Health (PH). Two other agencies work in conjunction with the core Human Services departments and they are: Children's Network and the Office of Homeless Services. Additionally, there are several support divisions under Human Services Management Services, including the Performance, Education and Resource Center which provide administrative and training support to the Human Services Departments.

Transitional Assistance, Children and Family Services, Aging and Adult Services, and all Human Services support divisions are included in the Human Services Administrative Claim process. The purpose of the claim process is to provide the County with the means for determining the costs applicable to each of the numerous welfare programs. This cost determination is necessary to satisfy federal and state reporting and funding requirements and to determine appropriate federal and state financial reimbursement to the County for each of the welfare programs.

Subsistence Payments and Aid to Indigents (general relief) are either direct payments to welfare recipients or payments to organizations that provide service to the welfare recipients. The Human Services Assistant Executive Officer is responsible for all of the above budget units.

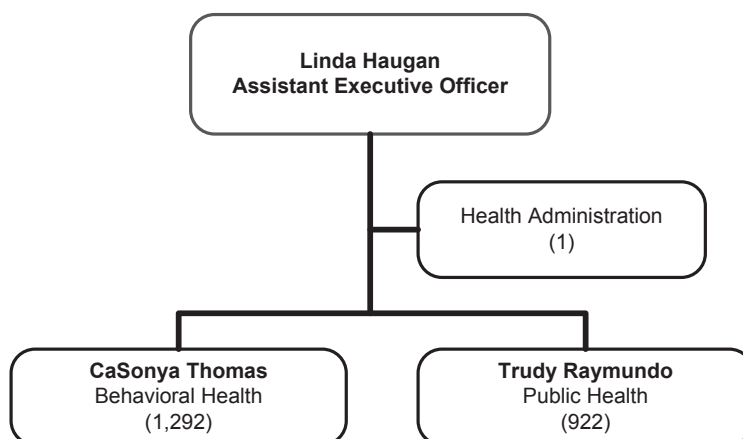

HEALTH ADMINISTRATION

DEPARTMENT MISSION STATEMENT

Health Administration develops and coordinates budgets, policies, and procedures for the County's health care departments in accordance with the strategic goals adopted by the Board of Supervisors, the County Charter, and the general laws.

Health Administration

DESCRIPTION OF MAJOR SERVICES

The role of the Health Administration budget unit is to seek and support opportunities to foster collaboration among the Department of Public Health (PH), Department of Behavioral Health (BH), and the Arrowhead Regional Medical Center (ARMC). Health Administration provides regular fiscal and policy analysis relating to the operations of these departments. Additionally, Health Administration manages the Health Administration budget unit, which includes funding and related transactions for the County's contribution for ARMC debt service payments, health related maintenance of effort costs, and transfers required to obtain federal health care funding.

Intergovernmental Transfers

This budget unit includes Intergovernmental Transfers (IGT) to the state for Medi-Cal managed care and Section 1115 Waiver related payments which consists of three components: PRIME, Global Payment Program (GPP), and Whole Person Care (WPC). These IGTs are used to send the non-federal share of Medi-Cal managed care and Section 1115 Waiver payments to the state in order to receive matching contributions. The initial investment is returned to this budget unit.

Medi-Cal managed care payments provide for maximum reimbursement under the allowable rate range. PRIME funding is tied to results and is based on meeting metrics and project objectives set to national standards. GPP funding is tied to treating remaining uninsured through non-traditional or complementary services. WPC is designed to provide comprehensive integrated care to high-risk and vulnerable patients. These payments are reflected as a matching contribution to the state, with a return of the initial investment to this budget unit.

Realignment and General Fund Support

County General Fund support and realignment funds totaling \$20.4 million are used to pay a portion of the ARMC debt service (\$14.8 million), Realignment AB 8 match of \$4.3 million, 2-1-1 San Bernardino Program, and administrative costs. To qualify for receipt of Health Realignment funding from the state, the County must contribute a 'match' of local funds. The County's \$4.3 million match is based on a formula established through AB 8 in 1979. This amount has remained constant throughout the years.

Realignment funds support costs in this budget unit as follows:

- Mental Health at 9.8%;
- Social Services at 3.3%;
- Health at 86.9% (which also covers debt service payments).

DESCRIPTION OF MAJOR SERVICES

This budget unit accounts for proceeds received from the tobacco lawsuit Master Settlement Agreement (MSA). In late 1998, a settlement was reached in a lawsuit filed by states against the tobacco industry. In California, the proceeds of the settlement are divided equally between the State and local governments who partnered in the lawsuit. Payments to local governments are based on a formula involving total tobacco sales and each local entity's population.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Transfers Out of \$17.0 million reflect a transfer to the General Fund used to fund the Net County Cost within the Health Administration budget unit and to offset increased health care costs within the Department of Public Health. Health Administration uses that Net County Cost to fund the \$4.3 million local match requirement for 1991 Health Realignment and \$10.7 million of debt service for ARMC.

BUDGET CHANGES AND OPERATIONAL IMPACT

Sources from the Master Settlement Agreement have been budgeted conservatively based on average receipts over the last four years excluding extraordinary revenue. Revenues have remained stable over the past four years with the exception of the approximate \$9.8 million of extraordinary revenue received in 2012-13 for a Non-Participating Manufacturers (NPM) Adjustment settlement payment.

ANALYSIS OF FUND BALANCE

Fund balance is expected to increase by \$381,156 based on the continued trend of revenues exceeding the base expenditure. In 2015-16, a one-time contribution was made to a General Fund Reserve for an ARMC Jail Ward. There are no ongoing uses of fund balance anticipated in 2016-17.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Mental Health Services Act

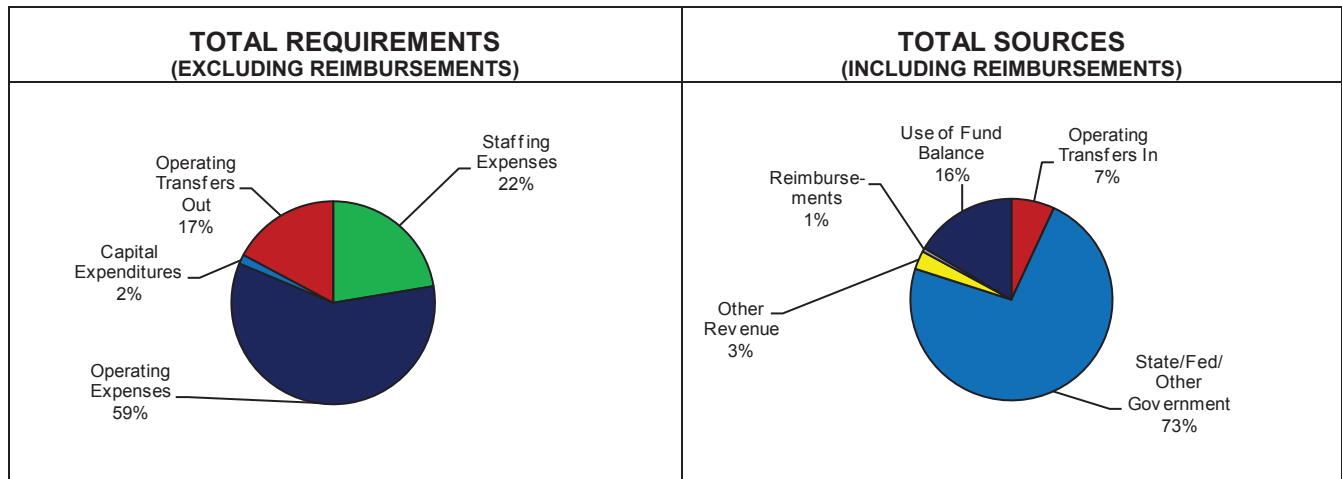

DESCRIPTION OF MAJOR SERVICES

On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1.0 million. The proposition was enacted into law as the Mental Health Services Act (MHSA), effective January 1, 2005. The overall purpose and intent is "to reduce the long-term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public."

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$47.5 million fund 590 positions. Operating Expenses of \$125.1 million are primarily for \$87.3 million in contracted and specialized services and \$22.0 million in interdepartmental transfers for mental health crisis services provided by Children's Network, Children and Family Services, Probation, Public Defender and Public Health. Also included are administrative and program expenditures to execute the approved MHSA Plan.

Capital Expenditures of \$3.1 million and Operating Transfers Out of \$36.5 million primarily fund the establishment of two Crisis Stabilization Units (CSU) in the East Valley and West Valley, and four Crisis Residential Treatment (CRT) Centers in San Bernardino, High Desert, East Valley, and Morongo Basin which will provide 24 hour services to individuals with mental health and substance use disorders.

Reimbursements of \$1.3 million include financial support from Human Services for the administration of the Office of Homeless Services, the Behavioral Health (BH) General Fund budget unit and the Alcohol and Drug Services (ADS) General Fund budget unit for program service related salary reimbursements.

State and federal aid in the amount of \$155.0 million includes revenue from the Mental Health Services Act, Medical Federal Financial Participation and Affordable Care Act, and Senate Bill 82 Investment in Mental Health Wellness Act of 2013 (SB82) Grants. Other Revenue of \$6.3 million includes revenue from Children and Family Services for Screening, Assessment, Referral and Treatment services (SART), Social Security Supplemental Security Income through Interim Assistance for indigent clients, rent reimbursement, and anticipated interest earnings.

Operating Transfers In from the BH General Fund budget unit of \$14.7 million primarily consists of 2011 Realignment for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services, and Public Safety Realignment for mental health services to probationers.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$62.0 million, primarily due to Operating Expenses increasing by \$35.6 million. Additional Operating Expenses include \$23.7 million in professional and contracted services for Therapeutic Behavioral Services, the Regional Full Services Partnership, Comprehensive Child and Family Support Services and SB 163 Wraparound Program services. Additionally, \$11.9 million is for general services and supplies, equipment and transfers that support Outpatient, Child and Youth, Adult Residential Treatment, Crisis Stabilization and the Mental Health Triage programs. This also includes \$5.5 million in fixed asset transfers to the Behavioral Health general fund budget unit for the purchase of shared equipment. Changes in Requirements also include an increase in Staffing Expenses of \$3.1 million which reflects the addition of 23 CSU positions and negotiated salary increases. Operating Transfers Out are increasing by \$24.3 million to fund two CSUs located in the East Valley and West Valley, and two CRT Centers in the West Valley and Morongo Basin.

Sources are increasing by \$45.6 million. Medi-Cal revenue is increasing by \$9.5 million due to increasing service capacity and expanded eligibility for services under the Affordable Care Act. MHSA revenue is increasing by \$21.7 million based on the state's projections. State grant funding is increasing by \$10.6 million based on SB82 grants approved by the California Health Facilities Financing Authority (CHFFA). Operating Transfers In are increasing by \$2.8 million due to an increase in 2011 Realignment, including Public Safety Realignment received from the BH General Fund budget unit.

ANALYSIS OF FUND BALANCE

MHSA utilizes Fund Balance to cover one-time expenses. The use of \$35.0 million of Fund Balance will primarily be used to supplement the SB82 grants received to facilitate the construction and establishment of two CSUs, four CRT Centers, startup costs associated with the new Electronic Health Records system, and other one-time capital expenditures.

DESCRIPTION OF MAJOR SERVICES

Block Grant Carryover Program are funds utilized by Alcohol and Drug Services (ADS) received from the State Department of Health Care Services (DHCS) under a multi-year cost reimbursement contract that allows the County to retain unused federal Substance Abuse Prevention and Treatment (SAPT) funds for use in the next fiscal year. These funds are to be spent on alcohol abuse prevention, education, and treatment in schools and the community as described in the annual update to the contract between the County and the State. Funds are transferred to the ADS Budget Unit, based on the needs of the program.

Court Alcohol and Drug Program funding is provided by three sources: the Statham funds, which are fines collected from individuals convicted of Driving Under the Influence (DUI) offenses; Senate Bill 921 of September 24, 1996, which requires persons convicted of an offense involving a controlled substance to pay a drug program fee in an amount not to exceed \$100 for each separate offense; and by Senate Bill 920 of September 24, 1996, that requires persons convicted of specific alcohol related offenses to pay an additional alcohol abuse education and prevention penalty assessment in an amount not to exceed \$50. Funds are transferred to the ADS Budget Unit based on needs of the program.

Driving Under the Influence Program as per Title 9, Division 4, Chapter 3, 9878 (m) of the State regulations and Health and Safety Code 11837.8 (a), the Department of Behavioral Health charges fees to privately owned and operated vendors for monitoring Penal Code (PC) 1000 and DUI programs. The County supervises these programs as required by Vehicle Code Section 1660.7, which states that the supervision and regulation of the first offender program resides with the County. Fees collected from privately owned and operated DUI programs within the County are deposited to the special revenue budget unit. Funds are then transferred to the Alcohol and Drug Services budget unit, as needed, to meet the costs of staff assigned to this function. These funds can only be used for the cost of monitoring PC 1000 and DUI programs.

DETAIL OF 2016-17 RECOMMENDED BUDGET

Total Special Revenue Funds	12,724,202	10,731,013	1,993,189	3,729,260	0

Block Grant Carryover Program has Requirements of \$12.0 million for Operating Expenses which primarily consist of transfers to the ADS General Fund budget unit for salaries and benefits as well as costs related to alcohol abuse prevention, education, and treatment in schools and the community. Sources of \$10.2 million are primarily from federal aid received through DHCS and anticipated interest revenue. Fund Balance of \$1.8 million fund the expansion of Substance Use Disorder (SUD) treatment services in the ADS General Fund budget unit.

Court Alcohol and Drug Program has Requirements of \$560,000 for Operating Expenses to fund SUD Programs which are expensed in the ADS General Fund budget unit. Sources of \$366,714 include fines collected from DUI offenders and interest revenue. Fund Balance of \$193,286 will be used to expand a new diversion program.

Driving Under the Influence Program has Requirements of \$199,116 for Operating Expenses to fund salaries and benefits and other operating expenditures in the ADS General Fund budget unit incurred in monitoring the DUI/Deferred for Entry of Judgment programs. Sources of \$202,567 include DUI fees paid by program providers and interest revenue. As Sources exceed Requirements there will be a Contribution to Fund Balance of \$3,451.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$585,053. Operating Expenses consisting of transfers to the ADS General Fund budget unit have increased due to the costs of a new specialized contract service which will provide diversion from incarceration and court proceedings, reduce congestion in jails and courts, and provide better service to individuals by referring SUD consumers to treatment services throughout the County.

Sources are decreasing by \$106,918 due to a reduction of \$89,466 in the federal block grant award, adjusted by DHCS annually based on program needs, and a decrease of \$17,452 in court fines and program participant collections.

ANALYSIS OF FUND BALANCE

The federal SAPT Block Grant award (Block Grant Carryover Program) is available to the County for two fiscal years. Any balances from the first fiscal year are rolled over and can be used in the next fiscal year. Consequently, the fund balance primarily consists of these roll over balances and current deposits from the federal award. The primary reason for the decrease in fund balance is the increases in Transfers Out to the ADS General Fund budget unit for a new diversion program for substance use disorder consumers and the expansion of current SUD treatment services. In future years, Drug Medi-Cal funding for expanded services to eligible clients will reduce utilization of the fund balance.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no budgeted staffing in these consolidated special revenue funds.

Public Health

DESCRIPTION OF MAJOR SERVICES

The Department of Public Health provides a wide range of services to prevent diseases and improve the health, safety and quality of life for residents and visitors of San Bernardino County. Many services are mandated by California Health and Safety Code.

Key delivery areas include Community Health, Disease Control and Prevention, Environmental Health, Animal Care and Control, and Community Outreach and Innovation. Community Health provides health care services that promote and improve the health of County residents and visitors, and assures the quality and accessibility of health care services to the public by providing clinical services through a network of Federally Qualified Health Center's (FQHC) and Public Health Clinics. Disease Control and Prevention provides for surveillance and prevention of communicable diseases, including tuberculosis, HIV and other transmitted diseases, and provision of immunizations to prevent disease. Environmental Health prevents, eliminates, or reduces hazards adversely affecting health, safety and quality of life through integrated, regulatory programs such as Food Protection, Vector Control, and other Land Use/Water Protection programs. Animal Care and Control protects the public from rabies through dog vaccinations, stray animal abatement, wildlife rabies surveillance, and public education.

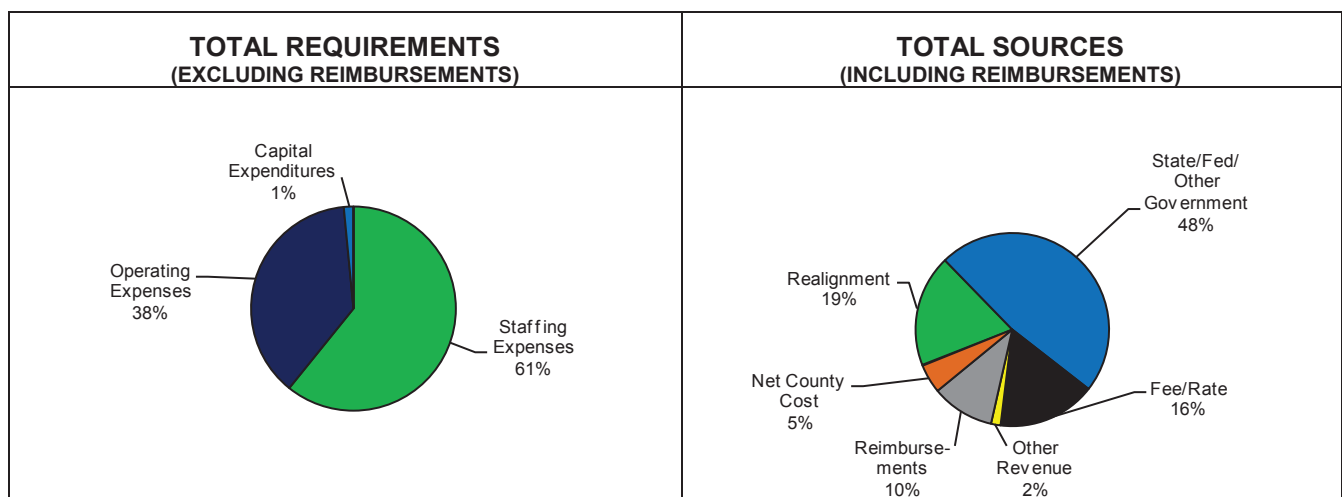

Community Outreach and Innovation encompasses Community Vital Signs, an ongoing community driven process that acts as a complement to the Wellness component of the Countywide Visioning process. This initiative builds upon the Countywide Vision by setting evidence-based goals and priorities for action that encompass policy, education, environment, and systems change in addition to quality, affordable and accessible health care and prevention services. Implementation will involve the alignment and activation of resources and partnerships within the community to achieve shared goals that aim at improving the overall health and well-being of the County's residents.

The Department of Public Health is currently in the process of seeking national accreditation. Public Health accreditation measures performance against a set of nationally recognized standards that focus on accountability, efficiency, effectiveness, and outcomes. This includes using deliberate and defined continuous quality improvement processes that are responsive to community needs and improving community health.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$56.4 million fund 743 positions and represent staffing for eight medical clinics, 17 Women, Infants and Children (WIC) clinics, and two animal shelters, as well as multiple outlying County sites performing environmental health inspections, home visits, and animal control staff canvassing. Operating Expenses of \$35.0 million include services and supplies, travel, and transfers to other County departments. Capital Expenditures of \$1.4 million include the purchase and implementation of an electronic health record (EHR) system and the replacement of two aging x-ray machines. Reimbursements of \$9.8 million include payments from other County departments for services provided by Public Health. Total Financing Sources of \$78.5 million includes \$44.4 million in state and federal funding primarily from grants and Medi-Cal; \$15.2 million in fee/rate revenue primarily from license/permit and fees for service; \$1.5 million in other grant revenue; \$142,893 in Operating Transfers In from County Fire; and \$17.3 million in realignment revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$688,108 primarily due to budgeted savings that reflect the ongoing difficulty in filling hard to recruit/retain positions. In addition, many positions are now budgeted at the trainee level to allow for proper training to transition to the I and II levels of the classification. Sources are decreasing by \$750,574 due to decreases in state and federal grants partially offset by increases in fee/rate revenue from licenses and permits, fees for service, and realignment revenue.

The departments' budget includes an allocation of one-time Net County Cost in the amount of \$50,000 to cover the cost of permits issued to non-profits for temporary events and snack bars for youth sporting events.

California Children's Services

DESCRIPTION OF MAJOR SERVICES

California Children's Services (CCS) is a state program that provides case management, diagnosis and treatment services to individuals up to 21 years of age with severe qualifying medical conditions and whose families are unable to pay for all or part of the care. State law requires the County to maintain a mandated minimum funding level. In addition to realignment dollars and the County's mandated contribution, funding also comes from Medi-Cal, private insurance and patient co-payments.

Budget at a Glance

Total Requirements (Excl. Reimb.)	\$21,050,021
Total Sources (Incl. Reimb.)	\$16,746,219
Net County Cost	\$4,303,802
Total Staff	179
Funded by Net County Cost	20%

The revenue breakdown among federal, state, realignment and County General Fund support depends on the type of services provided under this program. This program provides two types of services.

1. Administrative Component – Case Management activities include determining program eligibility, evaluating needs for specific services, determining the appropriate providers and authorizing/paying for medically necessary care. Reimbursement for administrative and operational costs for County CCS programs is shared between the state and County programs as per Health and Safety Code Section 123955 (a). Administrative funding was previously based on staffing standards and caseload mix of CCS clients; however, since 2008-09 the state has changed the funding methodology. All counties must provide the state with a projected budget based on filling all positions as determined by the staffing standards. The state determines what percentage each county's projected budget is of the total amount budgeted by all counties. The percentage is applied to the total allocation available from the state for the fiscal year which may change the actual reimbursement rate normally expected on the caseload numbers below.

Caseload percentages are currently as follows:

- Medi-Cal is 83.6% of the caseload. Federal and state funds reimburse CCS for 100% of the costs.
 - OTLICP (Optional Targeted Low Income Children's Program) accounts for 10.49% of the caseload. This federal and state program pays 88% of the costs. The remaining 12% local share is equally funded by Social Services Realignment (6%) and County General Fund support (6%) and is billed to CCS on a quarterly basis.
 - CCS or Non-Medi-Cal caseload accounts for approximately 5.9% of the caseload. Federal and state funds account for 50% of the costs associated with treating this clientele. The remaining 50% is split equally between Social Services Realignment (25%) and County General Fund support (25%).
2. Medical Therapy Component – This component provides physical therapy, occupational therapy and medical therapy conference services. Licensed physical therapists and certified occupational therapists provide evaluation, treatment, consultation services and case management. The state reimburses the County 50% of the costs incurred by this program up to the allocated amount prescribed by the state. The remaining 50% is equally funded by Social Services Realignment and County General Fund support. Additionally, this program is allowed to bill Medi-Cal for therapy provided to Medi-Cal eligible clients. This revenue is split 75% state and 25% County. Approximately 85% of the caseload in the medical therapy component is Medi-Cal eligible. The state also reimburses approximately \$70,000 at 100% for personnel costs while attending individualized educational programs per California AB3632.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$15.9 million fund 179 budgeted positions and comprise the majority of requirements within this budget unit. Operating Expenses include payments to the state and other providers for treatment costs and medical supplies.

Sources of \$16.7 million primarily consist of state and federal aid of \$12.4 million and \$4.3 million in Realignment funding.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$728,559 primarily due to an anticipated reduction in salary costs for hard to recruit/retain positions, decreased payments to OTLCP for medical services and transfers to the Public Health General Fund budget unit for indirect overhead costs.

Sources are decreasing by \$346,215 primarily due to the decreased use of Social Services Realignment, offset by an increase in federal and state grant funding.

Vital Statistics State Fees holds fees set by the state which are collected from the sale of birth and death certificates. Per Health and Safety Code 103625, all applicants for birth and death certificates shall pay an additional \$4, to be collected by the County, which is then disbursed 45% to the State Registrar and the remaining 55% retained by the department. The funds may be used to defray the administrative costs of collecting and reporting with respect to those fees but also to improve and/or modernize vital records operations, data collection and analysis.

Vector Control Assessments funding is received via the property tax roll and is dedicated for vector control services. The assessments are levied against parcels within the unincorporated areas of the County and the amount assessed depends upon the level of improvement on a given parcel. Services provided by the Vector Control Program include responding to citizen complaints/service requests for community control of vectors. Additional services include monitoring for the presence of vector borne diseases, inspecting poultry ranches, dairies, and riding academies for nuisance flies and other vectors, and direct abatement and control of vectors in sanitary sewer systems, flood control channels and basins.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Bio-terrorism Preparedness: Requirements of \$2.1 million represent transfers to the Public Health General Fund budget unit for the Preparedness and Response Program. Sources of \$2.1 million are primarily from federal aid.

Vital Statistics State Fees: Requirements of \$181,412 represent transfers to the Public Health General Fund budget unit for the costs of improvement/modernization of the vital records systems and operations. Sources of \$170,155 are vital statistic fees set by the state.

Vector Control Assessment: Requirements of \$1.7 million represent transfers to the Public Health General Fund budget unit for the operation of the Vector Control program. Sources of \$1.7 million are primarily funding received via property tax assessments.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$315,016 primarily due to the reduction in one-time expenses related to software and fixed asset purchases.

ANALYSIS OF FUND BALANCE

The Contribution to Fund Balance of \$47,302 primarily represents the net increase of Sources over Requirements for Vital Statistics and Vector Control.

STAFFING CHANGES AND OPERATIONAL IMPACT

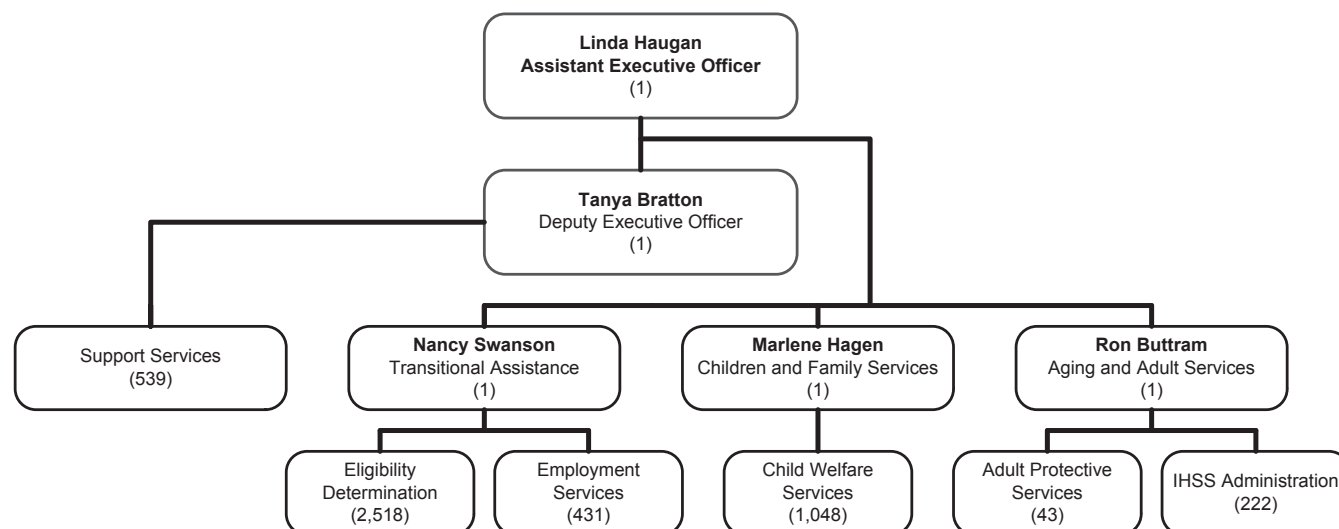

There is no staffing associated with the consolidated special revenue funds. Services for the above programs are provided by staff budgeted in Public Health's General Fund budget unit.

2015-16 MAJOR ACCOMPLISHMENTS

Transitional Assistance Department (TAD)

- Processed over \$31 million in federal and state tax refunds and served more than 14,500 taxpayers in communities throughout San Bernardino County through the Volunteer Income Tax Assistance (VITA) program. These refunds stimulate economic activity, fight poverty, and lead to increased self-sufficiency.
- Continued use of the Customer Service Center (CSC), processing 1.3 million phone requests (average of 106,219 calls per month) related to CalWORKs, CalFresh and Medi-Cal cases in 2015. CSC also provided crucial support to ongoing statewide Health Care Reform and access to Health Care benefits for residents.

- Provided timely responses to County residents regarding Health Care Reform. TAD CSC handled the transferred calls from Covered CA Service Centers for coverage under the Affordable Care Act in 30 seconds or less, as mandated by the MOU signed by Consortia/DHCS/Covered CA. The average time to answer was 10 seconds.
- Partnered with Workforce Development Department (WDD) in placing 606 CalWORKs Youth into paid work experience.

Children and Family Services (CFS)

- Received and assessed 32,679 child abuse and neglect referrals encompassing over 61,110 children.
- Reunited 1,259 children with their families.
- Achieved permanency for 796 children through adoption and guardianship.

Department of Aging and Adult Services (DAAS)

- Received National Association of Counties (NACo) Achievement Awards for IHSS Intake Process Improvement Plan, DAAS Mentoring Program, "It's Not Your Fault" Campaign, and Public Authority and DAAS Collaboration on IHSS Provider Services.
- Provided In-Home Support Services to over 26,500 aged, blind and/or disabled County residents who were able to remain safely in their homes as a result of the services provided.
- Processed 31,800 calls and referrals at the 24 hour Adult Protective Services hotline.
- Received 2015 National Association of Area Agencies on Aging (n4a) Innovation and Achievement Award for PC 368.1 Law Enforcement Card and Training Program.

Additional DAAS accomplishments can be found in the Aging and Adult Services budget section.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Major requirements include the following:

- Staffing Expenses of \$345.6 million fund 4,806 positions.
- Operating Expenses of \$216.7 million represent expenses for County services, computer hardware and software, office supplies, insurance, mail services, professional services, communications, training, security, furniture, travel, goods and services for clients, facility leases, transfers out and miscellaneous operating costs.
- Capital Expenditures of \$2.8 million include expenses for equipment, capitalized software and vehicles.
- Reimbursements of \$2.1 million include payments from other County departments to HS for administrative support services as requested.

Major sources include the following:

- Realignment revenue of \$107.4 million is used to match available federal funding and replace state funding for programs that have been realigned.
- Federal and state funding of \$426.9 million represents total available funding for the administration of mandated Human Services programs.
- Operating Transfers In of \$7.2 million represents funds provided from the Wraparound Reinvestment Fund utilized as a match to access additional federal funding for Children's Services programs. This funding will enable Children and Family Services to enhance service levels despite increasing costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

The latest projection of available sources for social services programs include funding and mandated program changes as addressed in the 2016-17 Governor's Budget and an analysis of actual current realignment growth receipts. Caseload changes, mandated program changes, augmented funding for continuation of the Affordable Care Act and increasing realignment revenue receipts continue to provide additional funding for most HS programs.

While this budget anticipates increased allocations across many social services programs, the ongoing availability of additional statewide revenue and realignment revenue is uncertain. Because of this, HS continues to plan for the maximum possible available funding to effectively take advantage of potential funding increases, yet remain prepared for unexpected funding decreases. To prepare for possible future funding challenges, HS will continue to monitor developments at the state and federal levels in an effort to maintain mandated public services at appropriate levels while utilizing all available funding.

Plans for significant expenditures, whether for staff, services and supplies, equipment, or services to clients will be monitored closely and necessary adjustments will be made as future changes to the state budget are known. Any significant differences between this budget and actual allocations received from the state will be addressed through the County's quarterly budget adjustment process.

Overall, Sources within this budget unit, including Net County Cost, are expected to increase 2.3%. This results in an increase in Requirements of \$12.8 million as follows:

- Staffing Expenses increase of \$4.2 million. This is primarily due to negotiated salary increases coupled with increases in retirement rates. Savings realized from reductions in TAD staffing are offset by increases in CFS staffing resulting in a net staffing decrease of 48 positions.
- Operating Expenses increase of \$9.0 million. Changes are related to increases in insurance, utilities, communications, mailing and postage, IHSS MOE requirements and security.
- Capital Expenditures decrease of \$290,344 which is primarily due to reductions in copier purchases, one-time C-IV equipment purchases and video conferencing equipment purchases.
- Reimbursements increase of \$174,542 which reflects an increase in the demand and costs for HS administrative support.

Sources are increasing by \$8.7 million as follows:

- Realignment usage increases \$4.0 million and is possible because of increased realignment collections. This increase is required to fund increased program expenditures for CFS programs (\$2.5 million) and the mandated 3.5% IHSS MOE increase (\$1.5 million).
- Federal and state funding available for HS programs increases a net \$5.5 million primarily due to increased funding for Medi-Cal, Child Welfare Services and IHSS.

NET COUNTY COST

Most HS programs are state and/or federal mandates. The County share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of Net County Cost and revenue from realignment funds. Realignment funds were created by two distinct and separate state realignment processes to offset the costs that were shifted to the County from the state for realigned programs. Their use is limited to designated social services programs.

Changes to HS County share needs are as follows:

In aggregate, the HS Administrative Claim (DPA) budget unit includes a **\$4.1 million net increase to Net County Cost**. \$1.8 million of this increase is the CFS local share for staffing increases and classification changes necessary to enhance services to an increasing number of County families in need. \$1.0 million is the local share required for HS to access the federal and state funding required to fund increased salary, insurance, information technology and COWCAP costs. \$1.3 million is the increase in Net County Cost required to fund the County share of the stepped reduction of enhanced state CalFresh Administration funding that has been available since 2010. Net County Cost figures are estimates and are dependent upon actual expenditures and use of available funding sources. HS will closely manage changes arising from the state budget, grant funding and available realignment revenue. Significant changes will be addressed through the County's quarterly budget process, as needed.

HS programs that are not state or federal mandates do not generate state or federal revenue and are funded with Discretionary General Funding (Net County Cost) through HS. While these programs provide services that benefit HS in general, their functions do not qualify for state or federal reimbursement. These programs and their General Fund impact are detailed below:

	2015-16 Budget	2016-17 Budget	Inc/(Dec)

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$345.6 million fund 4,806 budgeted positions of which 4,785 are regular positions and 21 are limited term positions. The budget includes a net decrease of 48 positions.

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

A small increase in TAD program funding is expected but is more than offset by increased salary costs and planned one-time expenditures. The stepped reduction of enhanced state CalFresh Administration funding also requires the reduction of eligibility staffing. As a result, TAD has identified the need to make the following changes to currently vacant positions:

Additions:

- 1 TAD Regional Manager

Deletions (131 positions):

- 70 Eligibility Worker II
- 7 Eligibility Worker III
- 7 Eligibility Worker Supervisor I
- 10 Office Assistant II
- 1 Supervising Office Assistant
- 1 Staff Analyst II
- 1 Program Specialist I
- 30 Employment Services Specialist
- 3 Supervising Employment Services Specialist I
- 1 Employment Services Technician

CHILDREN AND FAMILY SERVICES (CFS)

CFS funding increases due to availability of additional realignment funding and additional Discretionary General Funding (Net County Cost) allows for staffing additions as follows:

Additions (70 positions):

- 20 Social Service Practitioner
- 8 Supervising Social Services Practitioner
- 10 Social Worker II
- 10 Social Service Aide
- 7 Intake Specialist
- 1 Child Welfare Services Manager
- 12 Office Assistant III
- 1 Supervising Office Assistant
- 1 Media Specialist I – Children's Network

DEPARTMENT OF AGING AND ADULTS SERVICES (DAAS)

The IHSS MOE limits the County’s liability for necessary increases to provide services to an increasing elderly population. This MOE structure allows the County to provide mandated levels of IHSS services and requires the County to contribute an established match from local resources. The required County match increases 3.5% each year. This structure allows DAAS to increase social worker and support staffing to the levels necessary to effectively administer services to IHSS clients. Available funding increases provides for staffing additions as follows:

Additions:

- 3 Social Worker II
- 3 Supervising Social Worker
- 6 Office Assistant III

HS ADMINISTRATION AND SUPPORT SERVICES

HS Administration and Support Services Divisions have operated with few staffing changes in recent years in an effort to allow increased funding to be utilized by HS departments so that they may add program staff necessary to provide required services to clients. Available funding will be utilized to provide necessary support to all HS departments and necessitates some staffing changes within the Administration and Support Divisions. Staffing changes are as follows:

Additions:

- | | |
|------------------------------------|---------------------------------|
| 1 Administrative Manager | Administrative Support Division |
| 1 HS Emergency Services Supervisor | Administrative Support Division |
| 1 Staff Analyst II | Program Integrity Division |

Deletions:

DESCRIPTION OF MAJOR SERVICES

Aid to Indigents (General Relief) provides mandated County subsistence in the form of cash aid for food, shelter and transportation to indigents who do not meet categorical eligibility requirements for state and federally funded programs. These general relief payments facilitate transition to an employable status and/or provide interim assistance pending receipt of Social Security Income (SSI) benefits. Revenue under this program represents retroactive SSI payments which the County receives as reimbursements for general relief assistance provided to SSI eligible indigents prior to their enrollment in the SSI program and reimbursements made by non-SSI eligible indigents when assistance under this program is no longer needed.

Domestic Violence/Child Abuse Services provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses and court fines imposed in domestic violence cases. The child abuse prevention program is funded by realignment and revenue generated from a surcharge placed on certified copies of birth certificates. Revenues from the surcharges are deposited into special revenue funds and used to fund the payments to contractors. These three revenue sources provide 100% of the funding for this program.

Entitlement Payments (Child Care) provides for the Stage One Child Care program administered by the Transitional Assistance Department (TAD). This program is one of the major programs of federal welfare reform and the resulting state CalWORKs program and is intended to fund child care for CalWORKs recipients who are seeking employment or have obtained employment. Child care provider payments are 100% federally and state funded through reimbursements by the state.

Out-of-Home Child Care provides assistance grants for room, board and care for children pending determination of eligibility for state or federal aid, those who are ineligible due to other resources or those who are undocumented residents. Some of these children have serious emotional and medical problems which increase the difficulty of locating appropriate facilities for care. Costs for this program can fluctuate based on the unique nature and requirements of each individual case and are funded with Discretionary General Funding (Net County Cost).

Aid to Adoptive Children program provides financial assistance to adoptive parents who would otherwise not be able to provide for a child's special needs. The children are either personally disadvantaged, physically handicapped or adolescents. This program enables hard to place children to be adopted and taken out of the higher cost Foster Care program. This budget unit is approximately 42% federally funded. The remaining 58% is funded with realignment and Discretionary General Funding (Net County Cost).

AFDC-Foster Care provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both Children and Family Services (CFS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately two times greater than CFS cases due to the higher levels of care required for these juveniles. There are two funding eligibility criteria in the Foster Care Program, federal (federal, realignment and County participation) and non-federal (realignment and County only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federal cases, the cost-sharing ratios are now approximately 45% federal and 55% County.
- For non-federal cases all costs are borne by the County.
- All County share-of-cost is funded with realignment and Discretionary General Funding (Net County Cost).

Refugee Cash Assistance provides assistance payments for a maximum of eight months to all refugees who cannot meet the requirements for the Refugee Demonstration Project and CalWORKs programs. This program is 100% federally funded, and federal participation is open-ended.

Cash Assistance for Immigrants program, under AB 2779, provides cash assistance to aged, blind and disabled legal immigrants, who meet the Supplemental Security Income/State Supplementary Payment (SSI/SSP) immigration status requirements in effect on August 21, 1998, and all other current SSI/SSP eligibility requirements, yet are no longer eligible for SSI/SSP solely due to their immigration status. This program is 100% state funded.

CalWORKs – All Other Families provides CalWORKs assistance payments to families eligible for aid and includes all cases that have not been identified as two-parent families. The federal and state governments reimburse 97.5% of the costs for this program. Approximately 47.2% is realignment. The mandated 2.5% County share is funded by Discretionary General Funding (Net County Cost).

Kinship Guardianship Assistance Program (Kin-Gap) provides a subsidy to children who leave the juvenile court dependency system to live with a relative legal guardian. It offers relative caregivers of dependent children an option for providing a permanent home to these children. To be eligible for the program, the child must have lived with the relative at least 12 consecutive months, the relative guardianship must be established pursuant to Welfare and Institutions Code 366.26, and the juvenile court dependency for the child must be dismissed. Movement to the Kin-Gap program is not automatic. The court, with a recommendation from the social worker, has discretion regarding whether termination of dependency is in the child's best interest. This program is approximately 54% federally funded. The remaining 46% is funded with realignment and Discretionary General Funding (Net County Cost).

CalWORKs – 2 Parent Families provides payments to resident families who are eligible for aid in accordance with state law. This budget includes all cases identified as having two parents in the home. The federal and state governments reimburse 97.5% of the costs for this program. The mandated County share of 2.5% is funded by Discretionary General Funding (Net County Cost).

All HS Subsistence programs are mandated by federal or state law.

There is no staffing associated with these budget units. Services for the above programs are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$345,659 due to a reduction in Operating Expenses that are direct payments of benefits to clients and contracted payments to service providers that provide vital, necessary services to children.

Sources are decreasing by \$2.9 million due to the following:

- Realignment is decreasing by \$4.3 million primarily due to anticipated caseload decreases in CalWORKs cash aid. These budgets require a greater commitment in realignment compared to Foster Care and Adoptions.
- State/Fed/Other Government is increasing by \$2.4 million mostly due to anticipated increases in Adoptions, Foster Care and Kinship Assistance programs that bring a greater reimbursement of federal funding.
- Operating Transfers In is decreasing by \$1.0 million due to declining available funding in the Wraparound Reinvestment budget that is used to offset local matching funds for Foster Care.

Net County Cost is increasing by \$2.6 million primarily due to caseload increases in Adoptions, Foster Care and Kinship Guardianship Assistance Programs.

Wraparound Reinvestment Fund

DESCRIPTION OF MAJOR SERVICES

The Wraparound Services Program was created through Senate Bill (SB) 163, Chapter 795, Statutes of 1997, and is an intensive, community-based and family-centered process designed to allow children with serious behavior and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. Payments for Wraparound Services are included in the Aid to Families with Dependent Children (AFDC) – Foster Care budget unit. This bill allows counties to accumulate savings realized from a wraparound program and requires that the savings be reinvested in a Child Welfare Services Program.

Budget at a Glance

Total Sources (Incl. Reimb.)	\$7,535,000

Contracts have been established with four agencies to provide Countywide Wraparound Program Services to high risk children. These contracts stipulate that the County will retain 5% of the monthly Wraparound Foster Care payments for federally eligible cases and 10% of the monthly Wraparound Foster Care payments for non-federally eligible cases.

This budget unit will provide funding to 1) reinvest in services for youth in placement while they are being assessed for residential based services, 2) enhance services provided to foster care children and their families 3) expand services to youth aging out of the foster care system in order to promote self-sufficiency in these young adults, and 4) provide matching funds to access additional federal funding in support of the Child Welfare Services Program.

This budget unit requires no Discretionary General Funding (Net County Cost) since amounts are withheld from existing AFDC – Foster Care maintenance payments.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$11.6 million consist of the following:

- Operating Expenses of \$3.4 million for services and supplies, travel and public assistance expenses to provide supportive services to children in need.
- Reimbursements of \$1.5 million resulting from the retention of funds from contractor payments.
- Operating Transfers Out of \$9.7 million includes \$7.2 million to the Human Services Administrative Claim budget unit to provide matching funds allowing access to additional federal funding in support of the Child Welfare Services Program and \$2.5 million to AFDC Foster Care budget unit for required matching funds previously matched with 1991 Realignment.

Sources of \$6.0 million are anticipated from unexpended funds that will be recovered from contractors as each annual contract settlement is concluded.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.2 million and include the following:

- Operating Expenses are decreasing by \$470,500 due to an overall decrease in expenditures for sponsorships and miscellaneous supportive services. Many of these services are already being provided by Children and Family Services and are included in the HS Administrative Claim budget to leverage access to available federal revenue.
- Reimbursements are being reduced by \$500,000 to reflect the actual retentions over the last three years.
- Operating Transfers Out are decreasing by \$1.2 million due to the decreased need for matching funds for Child Welfare Services Programs.

Sources are decreasing by \$278,760 due to anticipated reductions in recoveries from contractors.

Available Reserves are increasing by \$658,673. Remaining reserves may be used to cover future Wraparound Services program payments.

ANALYSIS OF FUND BALANCE

Fund Balance usage is budgeted to decrease by \$902,173 reflecting reductions of ongoing matching for Child Welfare Services Programs that was determined to be unsustainable. Realignment and other funding are utilized to replace the use of wraparound funds to maintain current program levels and provide additional funding in the future.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. Services for this program are provided by staff budgeted in the Human Services (HS) Administrative Claim budget unit.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$3.2 million fund 33 regular positions and seven limited term positions. Operating Expenses of \$6.7 million include funding for contracted services for the Elderly Nutrition, Senior Supportive Services, Family Caregiver programs, and MSSP programs. Sources consist of state and federal revenue of \$8.4 million, of which \$4.2 million will support the Senior Nutrition Services (Title IIIC), \$1.2 million for MSSP, \$1.3 million for Senior Supportive Services (Title IIIB), and \$607,000 for Family Caregiver programs. Operating Transfers In of \$1.1 million represent Discretionary General Funding for aging programs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$539,009 primarily due to reductions in services and supplies, contracted vendor payments, and reimbursements received from other departments. The reductions are due to the reduction in sources.

Sources are decreasing by \$539,009 primarily as a result of the elimination of one-time federal funding received for the Elderly Nutrition, Supportive Services, and Family Caregiver programs.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.8 million fund 21 regular positions. Operating Expenses of \$1.1 million represent program expenses that include COWCAP, Central Services, and County Counsel legal expenses. Reimbursements of \$1.6 million include funding received from the Department of Behavioral Health for conservatee case costs and from the Sheriff/Coroner/Public Administrator for shared warehouse costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$129,523 primarily as a result of higher staffing expenses and higher County Counsel legal expenses which are partially offset by an increase in reimbursements received from the Department of Behavioral Health.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing expenses of \$32.3 million fund 424 budgeted regular positions. Operating Expenses of \$7.6 million include COWCAP, professional services contracts, utilities, telephone services, leases, insurance, and other operating costs. Capital Expenditures of \$63,037 include purchase of equipment and capitalized software.

Sources of \$39.9 million primarily represent the state and federal allocation to fund child support operations. DCSS has no Net County Cost.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$180,086, primarily due to a decrease in COWCAP. Negotiated salary increases require the department to reduce staffing by four positions, which are currently vacant, as there will be no corresponding increase in federal and state funding. Service levels will not be affected. The reduction in Sources reflects the decreases in Requirements.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$32.3 million fund 424 budgeted regular positions. Staffing changes include the deletion of one Assistant Operations Manager, one Secretary I, one Fiscal Assistant, and one IT Technical Assistant I, all of which are vacant positions. The deletion of four positions is necessitated by negotiated salary increases with no corresponding increase in state and federal funding. The reduction in staffing will require redistribution of workload among existing staff.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Major expenditures include Staffing Expenses of \$28.6 million to fund 711 budgeted positions that administer preschool program services. Operating Expenses of \$22.3 million include contracts for temporary help, food, subcontractors and transportation. Also included are transfers to other County departments for services such as data processing, facilities management, insurance, lease payments, human services and information technology systems support and human resources. Capital Expenditures of \$651,769 fund the purchase of rubber flooring for Head Start playgrounds, and a modular unit and associated construction for the Rancho Cucamonga Head Start site. Additionally, Capital Expenditures will also fund two audiometric machines for Early Head Start, a video conferencing unit and scissor lift forklift for the department's warehouse, and eight vehicles that will replace fully depreciated vehicles. Reimbursements of \$821,000 are from the Department of Behavioral Health for the operation of the Prevention and Early Intervention and the Low-Income First Time Mothers (LIFT) programs. These programs provide children with identified social-emotional developmental challenges, as well as at-risk low-income first-time pregnant mothers, with support services and parent/teacher training.

Sources of \$50.5 million are primarily from the federal and state government.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$3.2 million primarily due to a decrease in services and supplies which includes lower COWCAP charges, insurance premiums, and classroom supplies. Additionally, contractual charges decreased to reflect the Early Head Start – Child Care Partnership grant change from an 18-month project period to a 12-month project period.

Sources are decreasing by \$4.3 million. This is primarily due to the reduction of one-time funds of \$2.0 million in the Early Head Start – Child Care Partnership Program, a decrease in prior year Head Start revenue of \$786,827, and the termination of the First 5 Full-Day contract that supported two full-time Preschool classrooms.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$163,010 will cover obligations that will not be reimbursed until the following fiscal year.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.7 million fund 22 budgeted positions. Operating Expenses of \$511,765 consist primarily of facilities management, interdepartmental transfers, including COWCAP and general office supplies, printing, mailing, and outreach supplies.

Sources of \$660,000 consist of state Subvention funding, Medi-Cal Cost Avoidance Program, and the state Veterans Service Office Fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$227,137 primarily due to a reduction in salaries and benefits that include negotiated salary increases that are offset by the reduction of a mid-year adjustment to salary and benefit costs associated with the state Subvention program. Services and supplies are also reduced due to one-time costs associated with special VA outreach programs in 2015-16.

Sources are decreasing by \$266,677 due to the loss of one-time state funding. Overall, operations will not be impacted.

Trial Court Funding – Maintenance of Effort (MOE)

DESCRIPTION OF MAJOR SERVICES

On January 1, 1998, AB 233, the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect in the State of California. This bill fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs. In addition, it requires counties to make a capped maintenance of effort (MOE) payment to the state each year for operations of the courts. In return, the state allowed counties to retain many fines and forfeitures to help fund their MOE payments with the provision that collections that exceeded the amount of revenue MOE be shared equally between the state and the County.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$23,554,081
Total Sources (Incl. Reimb.)	\$10,726,316
Net County Cost	\$12,827,765
Total Staff	0
Funded by Net County Cost	54%

The County’s historical MOE contribution of \$28.4 million was made up of two components. Requirements of \$20.2 million represented the adjusted 1994-95 County expenses for court operations and Sources of \$8.2 million was based on the fine and forfeiture revenue sent to the state in 1994-95. In 2006-07 the revenue component changed to \$3.3 million due to legislation. Therefore, the County’s current MOE contribution is \$23.6 million.

MAJOR EXPENDITURES AND REVENUE IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$23.6 million reflects the County's capped MOE payment of \$23.6 million to the state for court operations.

Sources of \$10.7 million include traffic and criminal fines, penalty assessments, vital statistics fees, civil filing fees, traffic school and recording fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

On June 24, 2015 Governor Brown signed the Traffic Tickets/Infractions Amnesty Program into law. The program went into effect October 1, 2015 and remains in force until March 31, 2017. The program forgives unpaid traffic tickets due by January 1, 2013 in order to provide relief to qualified individuals who defaulted on a court-ordered obligation and may have had driving privileges suspended as a result.

The amnesty has resulted in a significant decline in revenue which, in turn, is expected to increase Net County Cost by \$1.5 million for this budget unit in 2016-17.

STAFFING CHANGES AND OPERATIONAL IMPACT

Courthouse Seismic Surcharge

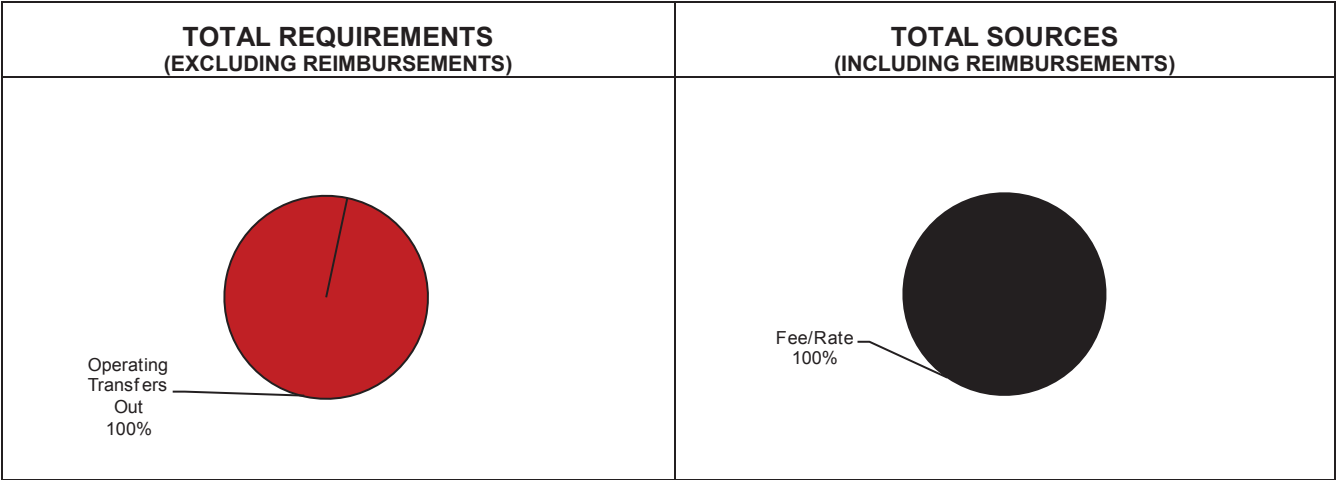

DESCRIPTION OF MAJOR SERVICES

Funding for this budget unit comes from a \$35 surcharge on civil filings as authorized by Government Code Section 70624. Surcharge revenues were used for the Central Courthouse seismic retrofit/remodel project, which was completed in January 2011. These revenues were also used to make contributions to the state for the new courthouse in downtown San Bernardino.

In June 2007 the County privately placed \$18.4 million of revenue bonds for courthouse improvements. These bonds mature on June 1, 2037, and are payable solely from revenues generated by a \$35 civil filing fee surcharge and related interest earnings. They are not an obligation of the County. The purchasers of the bonds have assumed the risk that surcharge revenues may someday not be sufficient to make principal and interest payments. All pledged revenues are remitted monthly to a trustee acting on behalf of the owners of the bonds.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Transfers Out of \$1.5 million reflect the amount of projected revenue and fund balance to be transferred to the bond trustee. Principal and interest payments on the bonds total \$1.5 million for the fiscal year.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources are decreasing by \$85,871 based on 2015-16 estimated collections.

ANALYSIS OF FUND BALANCE

The Courthouse Seismic Surcharge does not carry a fund balance. Revenues received for the surcharge placed on civil filings are transferred to the trustee on a monthly basis for payments on the bonds issued for the seismic retrofit of the courthouse. Any fund balance reflected at year-end is only a result of timing.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Alternate Dispute Resolution

DESCRIPTION OF MAJOR SERVICES

The Dispute Resolution Programs Act of 1986 (DRPA) authorizes the local establishment and funding of dispute resolution programs as an alternative to more formal court proceedings. The County presently receives \$8 per civil filing which funds contract alternate dispute resolution services for small claims and landlord-tenant actions, and certain civil and family law matters.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$360,100 represents costs related to contracted alternate dispute resolution services.

Sources of \$360,100 are anticipated from the collection of the DRPA \$8 civil filing fees.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements remain unchanged in anticipation of a new contract to be effective July 1, 2016 at a payment rate of \$360,000 per year for contracted alternate dispute resolution services.

Sources remain unchanged as revenues from the DRPA \$8 civil filing fee for 2016-17 are projected to be \$360,000.

ANALYSIS OF FUND BALANCE

Fund Balance is reserved for future years in the event revenues from the DRPA \$8 civil filing fees decline to amounts below the cost of contracted alternate dispute resolution services. The Fund Balance has been almost depleted over the past two years as revenues dropped below the contract payment costs. As a result, an amendment processed during 2014-15 reduced contract payment costs to \$360,000 per year to reflect anticipated on-going revenues.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

DESCRIPTION OF MAJOR SERVICES

The revenues from this fee are distributed at the discretion of the Board of Supervisors pursuant to Penal Code § 987.5 (e).

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

The vast majority of Requirements for the District Attorney's Office, which includes Staffing Expenses of \$72.5 million and Operating Expenses of \$10.6 million, fulfill the department's core responsibility of prosecuting crimes. These expenses are funded primarily from the following sources:

- Discretionary General Funding (Net County Cost) of \$33.5 million.
- Prop 172 sales tax revenue of \$29.6 million that is required by law to be used for public safety activities.
- Reimbursements of \$10.4 million mainly from the Department's Special Revenue Funds.
- Funding from various state/federal agencies of \$4.9 million.
- AB 109 revenue of \$4.5 million as part of the 2011 Public Safety Realignment.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by a net \$854,360 primarily due to the following:

- \$2.1 million increase in Staffing Expenses related to negotiated salary increases and additional Budgeted Staffing of 20 positions.
- \$2.1 million decrease in various one-time costs due to the completion of certain improvements in 2015-16 related to the 303 West Third Street Building Remodel Project in San Bernardino. These improvements were funded by an offsetting \$2.1 million one-time increase in Discretionary General Funding for 2015-16.
- \$724,526 increase in COWCAP charges.

Sources are increasing by \$2.0 million primarily due to the following:

- \$752,500 increase in Prop 172 revenue based on sales tax projections.
- \$609,676 of additional federal grant funds to provide a wide variety of social services for victims of and witnesses to crimes.
- \$606,998 of additional AB 109 funds anticipated from the state.

The department budget includes an allocation of one-time Net County Cost in the amount of \$314,302 for cold case prosecution.

- One Deputy District Attorney IV to assist the department with increased workload demands.
- A total of 15 extra-help positions (13 Victim Advocate I's and two Office Assistant III's) to provide additional victim/witness services. - Two extra-help DA Senior Investigators to assist the Department's Cold Case Prosecution Unit. These positions are funded by a one-time increase in Discretionary General Funding for 2016-17.
- Two extra-help Public Service Employees to provide clerical assistance because of temporary staffing vacancies at the Department's Joshua Tree office.

DESCRIPTION OF MAJOR SERVICES

Real Estate Fraud Prosecution accounts for activity related to the investigation and prosecution of real estate fraud crimes in the County. Pursuant to Government Code section 27388, the costs related to this activity are funded through a fee charged on recorded documents. On July 22, 2014, the Board of Supervisors (Board) adopted Resolution 2014-164 authorizing an increase of this fee from \$3.00 to \$10.00. The revenue collected from this fee is transferred to the District Attorney's Criminal Prosecution unit (less an administrative fee) to offset the cost of staff assigned to investigate/prosecute real estate fraud.

Auto Insurance Fraud Prosecution represents activity related to the investigation and prosecution of automobile insurance fraud. Insurance fraud is a particular problem for automobile policy holders. It contributes substantially to the cost of automobile insurance, particularly in urban areas. Prevention of automobile insurance fraud can significantly reduce insurance claim payments and may therefore produce a commensurate reduction in automobile insurance premiums. Under direction of the Insurance Commissioner, the California Department of Insurance makes funds available, as authorized by the California Insurance Code, to the District Attorney's Office for investigation and prosecution of automobile insurance fraud. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to investigate/prosecute auto insurance fraud.

Workers' Compensation Insurance Fraud Prosecution accounts for activity related to the investigation and prosecution of workers' compensation insurance fraud. The California Department of Insurance, pursuant to Section 1871.83 of the California Insurance code, distributes grant funds to the District Attorney's Office for this purpose. The funds received by San Bernardino County are administered through this budget unit. The insurance grant revenue is transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff assigned to prosecute workers' compensation insurance fraud.

Specialized Prosecutions was established in 1990-91 with funding from various fines and forfeitures for the District Attorney's Office to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal/OSHA laws established to ensure safe and healthy working conditions for California workers. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the cost of staff associated with these specialized prosecutions.

Vehicle Fees – Auto Theft Prosecution accounts for the receipt of assessments on vehicles registered in San Bernardino County. On May 2, 1995, the Board adopted a resolution, pursuant to Vehicle Code 9250.14, to impose a \$1.00 fee on each San Bernardino County new and renewal vehicle registration. The Board adopted a subsequent resolution on June 16, 2015 to increase this fee from \$1.00 to \$2.00 per vehicle. The revenue from this fee is used to enhance the capacity of local law enforcement and prosecutors to deter, investigate and prosecute vehicle theft crimes. This budget unit receives the District Attorney's share of the registration assessment on vehicles registered in San Bernardino County. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to offset the costs of prosecuting and investigating automobile theft crimes.

State Asset Forfeitures represent receipt of the District Attorney's share of state asset forfeiture funds. The goal of asset forfeiture is to remove the profits from those who benefit from illegal activities. While seizure and arrests present a temporary setback for criminals, asset forfeiture is effective in permanently removing the proceeds from the criminals while diminishing their ability to continue the illegal enterprise. The law permits law enforcement agencies to use the proceeds of forfeitures to offset public safety expenses. Thus, law enforcement is able to convert criminal profits into supplemental funding to inhibit illegal activities. Sources are transferred to the District Attorney's Criminal Prosecution budget unit to help offset the cost of processing asset forfeitures cases.

Federal Asset Forfeitures account for the share of federal asset forfeitures processed by the District Attorney’s Office. In 1982, Congress enacted the comprehensive Crime Control act that gave federal prosecutors new forfeiture provisions to combat crime. Also created by this legislation was the Department of Justice Assets Forfeiture Fund. Proceeds from the sale of forfeited assets such as real property, vehicles, businesses, financial instruments, vessels, aircraft and jewelry are deposited in this fund and are subsequently used to further law enforcement initiatives. Under the Equitable Sharing program, proceeds from the sale of these seized assets are often shared with participating state and local law enforcement agencies. The County’s share of these funds are ultimately transferred to the District Attorney’s Criminal Prosecution budget unit to assist with operating costs of the Department’s Asset Forfeiture unit and other eligible public safety expenses pursuant to established guidelines set forth by the U.S. Department of Justice.

Real Estate Fraud Prosecution: Requirements of \$2.7 million are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting real estate fraud. Sources of \$2.9 million represent the amount anticipated from the \$10.00 fee collected on recorded documents for real estate fraud prosecution.

Auto Insurance Fraud Prosecution: Requirements of \$689,455 are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting auto insurance fraud cases. Sources of \$577,000 represent projected grant funds from the California Department of Insurance. The Use of Fund Balance of \$112,455 is for the program's staffing and other operating costs. If grant funds are not increased in the future, program costs will need to be reduced.

Workers' Compensation Insurance Fraud Prosecution: Requirements of \$2.4 million are for transfers to the department's Criminal Prosecution budget unit for costs related to prosecuting workers' compensation insurance fraud cases. Sources of \$2.1 million reflect projected grant funds from the California Department of Insurance. The Use of Fund Balance of \$255,960 is for the program's staffing and other operating costs. If grant funds are not increased in the future, program costs will need to be reduced.

Specialized Prosecutions: Requirements of \$1.5 million are for transfers to the department's Criminal Prosecution budget unit for staffing and other costs related to specialized prosecution. Sources of \$1.2 million reflect the department's estimated revenue from anticipated case settlements during 2016-17. The Use of Fund Balance of \$388,485 is for the costs to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal OSHA laws. These types of cases often continue for many months or possibly years in some instances. When these cases eventually conclude, the department receives funding for cost reimbursement and this Fund Balance is replenished at that time.

Vehicle Fees – Auto Theft Prosecution: Requirements of \$1.3 million are for transfers to the department's Criminal Prosecution budget unit for costs associated with prosecuting and investigating automobile theft crimes. Sources of \$1.6 million represent new and renewal registration assessments on vehicles registered in San Bernardino County.

State Asset Forfeitures: Requirements of \$210,321 are primarily for transfers to the department's Criminal Prosecution budget unit to help offset costs related to asset forfeiture cases. Sources of \$150,000 reflect the anticipated proceeds from asset forfeitures. The Use of Fund Balance of \$60,321 is to assist with the costs of processing asset forfeiture claims. Proceeds from these asset forfeitures tend to fluctuate on an annual basis. When these cases conclude, the department receives funding pursuant to California law and the Fund Balance is replenished at that time.

Federal Asset Forfeitures: Requirements of \$43,373 are for transfers to the department's Criminal Prosecution budget unit to assist with operating expenses of the Asset Forfeiture Unit. Sources of \$47,500 represent proceeds from federal asset forfeitures (\$40,000) and interest earnings (\$7,500).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$538,698 primarily due to a \$498,775 increase in transfers to the department's Criminal Prosecution budget unit for the cost of 3 additional Investigator positions, as approved by the Board in the first quarter of 2015-16, to enhance the department's capacity to investigate and prosecute automobile theft crimes.

Sources are increasing by \$1.5 million due to additional revenue generated from Board-approved fee increases for vehicle registration (\$875,000) and recorded real estate documents (\$650,000).

ANALYSIS OF FUND BALANCE

The following Special Revenue Funds have budgeted the Use of Fund Balance for 2016-17:

- Auto Insurance Fraud Prosecution: \$112,455 for the program's staffing and other operating costs. If grant funds are not increased in the future, program costs will need to be reduced.
- Worker' Compensation Insurance Fraud Prosecution: \$255,960 for the program's staffing and other operating costs. If grant funds are not increased in the future, program costs will need to be reduced.
- Specialized Prosecutions: \$388,485 for the costs to prosecute crimes such as hazardous waste dumping, consumer fraud, and violations of Cal OSHA laws. These types of cases often continue for many months or possibly years in some instances. When these cases eventually conclude, the Department receives funding for cost reimbursement and this fund balance is replenished at that time.
- State Asset Forfeitures: \$60,321 to assist with the costs of asset forfeiture cases. Proceeds from these asset forfeitures tend to fluctuate on an annual basis. When these cases conclude, the Department receives funding pursuant to California law and the fund balance is replenished at that time.

The following Special Revenue Funds have budgeted a Contribution to Fund Balance that will increase the amount of Available Reserves:

- Real Estate Fraud Prosecution (\$171,615)
- Vehicle Fees – Auto Theft Prosecution (\$254,259)
- Federal Asset Forfeitures (\$4,127)

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$126,039 represent the majority of expenditures and fund one budgeted position. Operating Expenses of \$33,003 include various administrative costs for providing services. Reimbursements of \$154,042 are primarily funded by the Finance and Administration budget unit and pay for operational expenses for services provided.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing Expenses were reduced by \$55,458 as a result of a change in the classification for the Law and Justice Group's Analyst from an Administrative Analyst III to an Administrative Analyst II, which better fits the needs of the Law and Justice Group and results in significant budgetary savings. This change results in a corresponding net reduction in Reimbursements. Additionally, Operating Expenses are decreasing by \$67,104 primarily due to the elimination of Juvenile Accountability Block Grant Funds by the federal government, which are reflected as a decrease in sources. These funds were used to pay for a Social Worker in the Public Defender's office for its Early Intervention Program. The Public Defender plans to maintain this program, which will be funded within its existing budget allocation.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$126,039 fund one budgeted regular position. There are no changes to budgeted staffing count, but the budgeted position in this unit has changed as a result of transferring out an Administrative Analyst III to the County Finance and Administration budget and the transferring in of an Administrative Analyst II from the County Finance and Administration budget.

Southwest Border Prosecution Initiative: Requirements of \$711,484 include transfers to the participating law and justice agencies, including the District Attorney, Probation Department, Public Defender, and Sheriff/Coroner/Public Administrator for various one-time law enforcement projects and programs. Fund Balance of \$711,484 is being used for these one-time expenses.

JAG Consolidated: Requirements of \$600,537 primarily include pass-through costs to various law enforcement agencies for the Justice Assistance Grant Program. Sources of \$582,145 represent Justice Assistance Grant funds. Fund Balance of \$18,392 is primarily being used to pay for one-time automated systems enhancements and other minor one-time costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by a net \$234,620 primarily due to one-time funding for various Law and Justice Southwest Border funded projects included in the 2015-16 budget. Additionally, transfers from the SWBPI budget to the Law and Justice Administration budget for staffing is no longer included in the budget, as the SWBPI budget is no longer receiving ongoing funding and therefore will not be used for ongoing staffing costs. Instead, the County's Finance and Administration budget unit is paying for the majority of the cost of the position.

ANALYSIS OF FUND BALANCE

The SWBPI budget has seen a reduction in Fund Balance, as there has not been an allocation by the federal government of this source of funding in 2014-15 or 2015-16. In prior years, this budget was used to help pay for the ongoing cost of one budgeted position. For 2016-17, the SWBPI budget will no longer fund any ongoing costs and, as a result, Fund Balance will solely be used to pay for one-time Law and Justice related projects approved by the Law and Justice Group.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

- Established the Fontana Day Reporting and Operations Center next to the existing Fontana Courthouse. This full service center provides a one-stop shop for all clients seeking a variety of county services, such as Workforce Development, Behavioral Health, Public Health, and a variety of Probation sponsored training opportunities. The goal is for these individuals to become law-abiding, productive, and self-supporting citizens of San Bernardino County.
- Commenced training operations at the County-owned West Valley Regional Training Center, thus eliminating the need for a leased facility, and became the first Probation Department in the State of California to be certified under Peace Officer Standards and Training (POST) PC832 requirements, as amended per AB1890 in 2015.

Administration, Corrections and Detention

DESCRIPTION OF MAJOR SERVICES

Probation’s executive management is responsible for the overall leadership of the Department, developing and implementing policies and procedures which focus on improving public safety while operating in a fiscally responsible manner. These efforts are driven by ensuring integrity to the mission of the department, reliance on recognized professional practices, and the development of innovative evidence-based programs to meet the changing needs of the population.

Budget at a Glance

Each of the following bureaus focus on providing for the health and social service needs of County residents in a variety of ways, from managing field operations in the community to caring for minors in detention, by addressing each individual’s criminogenic risk factors and providing services to meet those specific needs:

- Adult Community Corrections Bureau (ACCB) is responsible for adult supervision, training and treatment program options, Day Reporting Centers, and investigation reports for the courts along with case management services. ACCB utilizes appropriate evidence-based treatment and supervision services as identified through validated assessment tools. As a result of Public Safety Realignment (AB 109), the department created Day Reporting Centers (DRC) in each region to provide services to the entire adult offender population by offering services from a wide variety of governmental agencies such as Behavioral Health, Workforce Development, Transitional Assistance, and other related agencies. The department is also expanding services to assist in diverting an offender from progressing further into the criminal justice system through additional state SB678 – Criminal Recidivism funded programs, which target offenders for prevention and program efforts aimed at preventing them from being sentenced to state prison. All efforts are aimed at reducing recidivism and moving offenders into a role of law-abiding, self-sufficient, productive citizens.
- Juvenile Community Corrections Bureau (JCCB) is responsible for juvenile supervision, training and treatment program options, Day Reporting Centers, and investigation reports for the courts along with case management services. JCCB utilizes appropriate evidence-based treatment and supervision services as identified through validated assessment tools. JCCB utilizes Juvenile Justice Crime Prevention Act funding to provide School Probation Officers and targeted behavioral development programs to prevent minors’ immersion into the criminal justice system. JCCB also receives funding through the Youthful Offender Block Grant/SB-81, which provides funding for the Gateway Program, a secured residential treatment program that allows minors to gain self sufficiency through a variety of educational and behavioral components, and also funds intensive juvenile supervision services. All efforts are aimed at reducing recidivism and moving offenders into the role of law-abiding, self-sufficient, productive citizens.
- Detention Corrections Bureau (DCB) is responsible for the County’s Juvenile Detention and Assessment Centers (JDAC’s) and Department operated residential treatment options in secured environments for legally detained and court ordered minors. DCB works with all of the law enforcement agencies in the County when detention for a youth is being considered, and works with multiple County agencies inside the facilities as well, including local community groups such as faith based organizations, to address the behavioral and emotional needs of the juveniles.
- Administrative Services Bureau (ASB) is responsible for the organizational and administrative support functions of the department, including budget preparation, grant compliance, payroll/personnel, purchasing, payables, courier/file delivery, reception, clerical, research and analytical units, building management and facilities, vehicles, and other infrastructure needs. Each of these units work with other County agencies, as well as outside vendors and suppliers, to ensure that the Department is operating at maximum efficiency in a fiscally responsible manner, while staying focused on the primary mission: to improve public safety.

- Specialized Services Bureau (SSB), formed in March 2014, is responsible for unique operations that cover needs and requirements beyond community corrections or detention services and which often impact areas across the entire Department. Some examples of these units include Training, Automated Systems, External Affairs, Policies and Procedures, Audits and Inspections, implementation of the Prison Rape Elimination Act (PREA), and the Criminal Intelligence Unit (CIU). Prior to the development of this new Bureau, these units were spread across the other Bureaus.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

As in prior years, the large majority of Requirements for 2016-17 consist of staffing and facility costs related to the supervision and treatment of adult offenders and legally detained juveniles. These costs, which include operation of the Day Reporting Centers for adults and the Juvenile Detention and Assessment Centers for juveniles, are funded by the following sources:

- Realignment (\$45.4 million) consisting of:
 - AB 109 funds (\$32.7 million)
 - Youthful Offender Block Grant (\$9.7 million)
 - Other realignment funding (\$3.0 million)
- Prop 172 sales tax revenue (\$21.1 million)
- State support for Juvenile Probation Funding (\$5.4 million)
- Funding from various other state/federal agencies (\$4.3 million)
- Fees received from providing services (\$892,100)
- SB 678 reimbursements (\$7.4 million)
- Reimbursements from other departments (\$1.7 million)

The department is also receiving \$76.0 million of Discretionary General Funding (Net County Cost) for 2016-17.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by a net \$5,264 primarily due to the following:

- \$958,277 decrease in Staffing Expenses. Although there are increases in negotiated salary and benefit costs and an addition of 11 budgeted positions, these increases are more than offset by cost savings from reduced workers' compensation expenses and budgeting more Probation Corrections Officer and Probation Officer II positions at the lower classifications of Probation Corrections Officer Trainee and Probation Officer I. The department anticipates filling several vacant positions at the trainee level with new recruits that initially lack the appropriate background experience needed for employment at the higher level classifications.
- \$4.0 million increase in Operating Expenses for additional costs mainly attributed to adult offender transitional housing (\$1.0 million), new/upgraded computer software systems (\$1.0 million), insurance (\$574,673), transfers to the Department of Behavioral Health for mental health services provided to adult probationers (\$400,000), facility related charges (\$370,715), and the new tattoo removal program (\$281,000).
- \$589,599 decrease in Reimbursements, primarily from the SB 678 Special Revenue Fund for capital projects funded in 2015-16.
- \$3.5 million reduction in Operating Transfers Out to the County's Capital Improvement Program as several projects were completed in 2015-16.

The 2016-17 budget reflects no significant changes in Sources or Discretionary General Funding (Net County Cost).

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$115.6 million fund 1,249 budgeted positions of which 1,235 are regular positions and 14 are limited term positions. This budget includes the addition of 11 regular positions as follows:

- Five positions (two Correctional Nurse II's; one Licensed Vocational Nurse II-Corrections; one Probation Officer II; and one Office Assistant III) for the Tattoo Removal Program. The objective of this new program is to reduce the risk of recidivism by providing an opportunity for the removal of tattoos from certain Department-identified individuals. Eliminating tattoos will assist the efforts of these individuals to pursue employment and free themselves from a lifestyle that utilizes tattoos as a means of identifying with criminal groups.
- Two Program Specialist I's to help monitor and evaluate the Department's numerous programs and treatments. These positions, which will be responsible for collecting data for performance reports and audits, are needed to ensure that the programs/treatments adhere to Evidence Based Practices.
- One Administrative Supervisor II to oversee development of the Department's annual budget, which has increased significantly since implementation of the 2011 Public Safety Realignment. This position will also supervise staff, develop fiscal procedures, and ensure the Department is prepared for a variety of federal, state and county audits.
- One Supervising Office Assistant. Due to restructuring of non-sworn staff in the Probation Department, there is a need for this position to collaborate with supervisors from the various law and justice partners to ensure consistency amongst all agencies within the region.
- One Fiscal Specialist to organize additional staffing, buildings, and equipment that have increased since implementation of the 2011 Public Safety Realignment. This position will also assist the Department with various financial audits and the resolution of complex accounting issues.
- One Probation Officer II previously included in the Juvenile Justice Grant Program has been moved to this budget unit to better align with the position's administrative oversight and workload.

Costs of the five positions for the Tattoo Removal Program are funded by AB109 revenue. The other six added positions are offset by a portion of the cost savings resulting from budgeting for several Probation Corrections Officer and Probation Officer II positions at the trainee level.

With the introduction of a Probation Division Director II position approved in the first quarter of 2015-16, the Department made the determination to move the Research Unit (with Budgeted Staffing of 12 positions) from the Specialized Services Bureau to the Administrative Services Bureau (ASB) to provide greater continuity with budget and fiscal operations. In addition, a total of 39 positions (including 26 for Clerical Support Services) have been moved from the ASB to the other Bureaus. This internal reorganization allows the Department to adjust to recent growth in programs by maximizing overall Department efficiency, while not impacting the duties of assigned staff.

SB 678 – Criminal Recidivism allocates state funding resources to oversee programs for the purposes of reducing parolee recidivism. The funding is intended to improve evidence-based probation supervision practices and will enhance public safety outcomes among adult felons who are on probation. Improving felony probation performance, measured by a reduction in felony probationers who are sent to prison because they were revoked on probation or convicted of another crime while on probation, will reduce the number of new admissions to state prison. The staff is budgeted in the Probation general fund budget unit and reimbursed by this budget unit.

AB 1628 – Juvenile Reentry Program allocates state funding resources to gradually assume responsibility for supervision of juveniles released from the state's Division of Juvenile Justice (DJJ). This shift of parole supervision to the counties gives local officials more options for the rehabilitation of youth in their communities. This legislation authorizes counties to establish a Juvenile Reentry Fund that would accept state money to address the costs of local supervision and rehabilitative programs.

Asset Forfeiture 15% accounts for State of California Health and Safety Code Section 11489 collections which mandates that fifteen percent of distributed seizure funds are used for the sole purpose of funding programs designed to combat drug abuse and divert gang activity. Expenditures for this fund include drug and gang unit expenses not reimbursed through other sources.

State Seized Assets accounts for Probation's proportionate share of asset forfeitures seized in conjunction with other agencies. Expenditures for this budget unit include safety equipment and training expenses not reimbursed through other sources.

Juvenile Justice Crime Prevention Act: Requirements of \$7.2 million consist of transfers to the Juvenile Justice Grant Program budget for costs related to the Department's House Arrest and School programs, as well as the Let's End Truancy (LET) program with the District Attorney and Public Defender. Sources of \$7.2 million represent the projected state JJCPA allocation (\$6.5 million) and estimated revenue from school districts participating in the school probation officer program (\$653,298).

SB 678 - Criminal Recidivism: Requirements of \$8.1 million include transfers of \$7.4 million to the department's general fund budget unit for reimbursement of staffing and other operating costs related to reducing parolee recidivism. In addition, an Operating Transfer Out to the County's Capital Improvement Program of \$669,041 is budgeted for additional improvements to the 150 West Fifth Street Building in San Bernardino. Sources of \$7.4 million represent the projected state allocation of SB 678 funding. The Use of Fund Balance of \$649,917 is for one-time costs associated with improving the 150 West Fifth Street Building.

AB 1628 - Juvenile Reentry Program: Requirements of \$14,000 represent an operating transfer out to the County's Capital Improvement Program for fence and gate improvements at the department's Gateway facility. Sources of \$145,000 represent this program's anticipated state allocation for 2016-17.

Asset Forfeiture 15%: Requirements of \$13,140 represent one-time costs for drug abuse and gang diversion programs funded primarily by the Use of Fund Balance.

State Seized Assets: Requirements of \$73,467 include an array of one-time costs such as training seminars, safety equipment, travel and incentives for graduates of the youth Gang Resistance Education & Training (G.R.E.A.T.) program. These costs are primarily funded through the Use of Fund Balance.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$4.7 million primarily due to one-time costs in 2015-16 associated with acquiring the 150 West Fifth Street Building in San Bernardino. Sources are decreasing by \$5.4 million to reflect a reduction in state funding for the SB 678 program.

ANALYSIS OF FUND BALANCE

Significant Uses of/Contributions to Fund Balance are as follows:

- The SB 678 – Criminal Recidivism Fund is budgeting the Use of Fund Balance of \$649,917 for certain one-time improvement costs for the 150 West Fifth Street Building.
- The AB 1678 – Juvenile Reentry Program is budgeting a Contribution to Fund Balance of \$131,000 that will increase available reserves for future allocation.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$34.3 million, Operating Expenses of \$5.0 million, and Capital Expenditures of \$62,500 support the department in achieving its mission of promoting justice and protecting constitutional rights. Sources include \$3.6 million of Realignment funds, legal services fees of \$776,120, and state aid for the representation of state hospital and prison clients in the amount of \$42,000.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$92,404. This is primarily due to an increase in Staffing Expenses as the result of negotiated salary increases and the addition of five positions to meet ongoing operational requirements. Sources are increasing by \$167,090 primarily due to an increase in Realignment funding, which offsets an anticipated reduction in legal services fees collections.

The department budget includes an allocation of one-time Net County Cost of \$464,231 to fund contract staff necessary for the implementation of Proposition 47.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$240.7 million include cost of providing patrol and general law enforcement for the County's unincorporated areas. Also included are costs related to the following administrative support divisions: Automotive, Bureau of Administration, County Building and Security, Civil Liabilities, Criminal Intelligence, Employee Resources, Internal Affairs, Records, Technical Services, Training (Basic Academy, Emergency Vehicle Operations Center, Range, Advanced Officer), Specialized Investigations, Aviation, Bomb Arson, Coroner, Court Services, Communications, and the Inland Regional Narcotics Enforcement Team (IRNET). Also included in this budget unit are the Contract Training, Public Gathering, Aviation Services and Search & Rescue operating budget units previously accounted for as special revenue funds.

Operations are funded by a variety of Sources, the more significant of which are listed below:

- \$118.4 million in Proposition 172 half cent sales tax revenue
- \$ 75.3 million of Net County Cost (Discretionary General Funding)
- \$ 41.4 million in Reimbursements (primarily from the department's law enforcement contracts)
- \$ 28.2 million from the state for providing court security services (Public Safety Realignment)
- \$ 5.5 million in state and federal grants
- \$ 7.5 million in fees/charges for providing an array of law enforcement services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$6.4 million primarily due to increases of \$4.9 million in Staffing Expenses primarily associated with a net increase of 31 budgeted positions (\$1.2 million), additional retirement costs (\$1.3 million), and negotiated salary increases and other benefit changes (\$1.8 million). Additionally, Capital Expenditures are increasing \$8.6 million, primarily due to the one-time purchase of two replacement patrol helicopters. These increases are offset by a decrease in Operating Transfers Out of \$4.2 million due to the completion of capital improvement projects in 2015-16, and increased reimbursements of \$2.3 million from the Sheriff-Contracts budget unit for increased staffing costs (\$1.0 million) and from the Sheriff-Detentions budget unit for a proportionate share of Training Academy costs (\$1.3 million).

Sources increased by a net \$3.3 million due to a projected increase in Proposition 172 half-cent sales tax revenue of \$3.0 million and an increase of \$339,067 in Realignment (Trial Court Security Funding).

The following are notable changes to Discretionary General Funding (Net County Cost) for 2016-17:

- Increase of \$9.0 million in one-time funding to fund the purchase of two replacement patrol helicopters
- Decrease of \$3.0 million primarily for reduced insurance costs and prior year funding for termination cash outs (Earned Leave Program)
- Decrease of \$4.0 million in one-time Capital Improvement Projects completed in the prior year
- Decrease of \$2.0 million in one-time vehicle purchases
- Increase of \$1.7 million in one-time funding for recruitment needs and various law enforcement related equipment

The San Bernardino County Sheriff operates four Type 1 and four Type II facilities. The Type II Detention Facilities currently have a total maximum inmate capacity of 6,769. West Valley Detention Center, Central Detention Center, High Desert Detention Center (formerly known as Adelanto Detention Center) and the Glen Helen Rehabilitation Center house both pre-trial inmates and persons sentenced to serve time in a County facility. The Type I Holding Facilities, namely Big Bear, Barstow, Morongo and Colorado River Jails, have a total maximum holding capacity of 198 arrestees.

On April 4, 2011, the Governor of California signed Assembly Bill 109, the Public Safety Realignment Act, which created a significant change to the California correctional system. The law, which became effective on October 1, 2011, transferred responsibility for housing/supervising inmate and parolee populations classified as low-level offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties. AB 109 allows newly sentenced low-level offenders to serve their sentence in a County jail facility rather than the state prison system.

Phase 1 of the High Desert Detention Center opened on February 6, 2014. This completed portion of the expansion project allowed for an additional 222 beds, with a total of 1,392 bed increase upon full operation of the facility.

On April 21, 2015, the California Department of State Hospitals entered into a contract with the Department to administer the Jail Based Competency Treatment Program (JBCT) and provide inmates from counties, including San Bernardino, with restoration of competency treatment services similar to those provided in state mental hospitals. The contract provides access to portions of the West Valley Detention Center (WVDC) for up-to 76 patient inmates.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$206.4 million represent the cost to staff and operate the County's four detention facilities. This includes costs of the food services division that serves approximately 21,000 meals each day, the health services division that is responsible for providing healthcare to over 6,000 inmates, and the transportation detail that transports over 200,000 inmates annually primarily for court appearances. The most significant sources of funding for this budget unit are as follows:

- \$135.1 million of Net County Cost (Discretionary General Funding)
- \$ 45.3 million of Public Safety Realignment Funding (AB 109)
- \$ 10.9 million from a contract with the California Department of State Hospitals for the JBCT Program
- \$ 6.1 million from the U.S. Marshal for housing federal inmates
- \$ 4.0 million from the Inmate Welfare Fund budget unit
- \$ 2.8 million reimbursement from the Department's Local Detention Facility Revenue budget unit
- \$ 1.7 million from state funded programs
- \$ 1.0 million from charging inmates for electronic monitoring
- \$ 1.0 million from charging inmates participating in the work release program
- \$ 500,000 from a contract with Liberty Healthcare for the Return of Competency Program (ROC)

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$5.9 million primarily due to increases in Operating Expenses, Staffing Expenses and Capital Expenditures. Operating Expenses are increasing by \$3.5 million primarily to provide additional mental health and physician services at the jails through contractual services. Additionally, County Administrative charges (COWCAP), Facilities Management-Maintenance charges, Data Processing charges and medical expenses are increasing primarily associated with the expansion of the High Desert Detention Center. Also, beginning this fiscal year, this budget unit is transferring \$1.3 million to the Sheriff's operating budget unit for its share of costs related to Deputy Trainees. Staffing Expenses are increasing by \$1.5 million relative to 14 positions added in an effort to comply with new standard of care defined by the National Commission on Correctional Health Standards, in response to changes in inmate demographics resulting from AB 109 prison realignment. Capital Expenditures are increasing by \$933,000 due to additional equipment needs for detention facilities.

Sources increased by a net \$3.7 million primarily due to a projected increase in AB 109 base funding which assists in funding additional program costs. The department's Net County Cost (Discretionary General Funding) allocation is increasing by \$2.2 million to fund additional retirement costs, negotiated salary increases, COWCAP and data processing charges.

Sources of \$137.6 million represent law enforcement contract revenues from 14 cities and the San Manuel Band of Mission Indians.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$1.8 million primarily due to a \$1.5 million increase in Operating Expenses that includes a \$1.3 million increase in Transfers to the Sheriff/Coroner/Public Administrator general fund budget unit for increased inflationary costs (e.g. retirement costs) to provide dual operation services, dispatch services and training and a \$166,270 increase in risk management liabilities associated with higher law enforcement liability premiums. These increases are offset by an increase in Reimbursements of \$580,217 for unincorporated patrol in the cities of Chino Hills and Rancho Cucamonga. Additionally, there is an increase in Staffing Expenses of \$881,862 primarily due to retirement costs.

Sources are increasing by \$1.8 million to reflect additional revenue from law enforcement contracts to cover the increased cost of services provided.

DESCRIPTION OF MAJOR SERVICES

The Inland Regional Narcotics Enforcement Team (IRNET) is a joint project among city, county, state and federal agencies in the Inland Empire aimed at combating major narcotics and money laundering operations. **IRNET Federal** accounts for IRNET's share of federal asset forfeitures. **IRNET State** accounts for IRNET's share of state asset forfeitures and was established to comply with federal guidelines requiring state forfeiture funds to be kept separate from federal forfeiture funds.

Federal Seized Assets (DOJ) accounts for asset forfeitures from federal cases filed with the U.S. Department of Justice (DOJ) through its asset forfeiture program and **Federal Seized Assets (Treasury)** accounts for asset forfeitures from cases filed with the U.S. Department of Treasury. Receipts from this program are required to be maintained in separate funds and must not replace existing funds that would be made available to the Sheriff/Coroner/Public Administrator in the absence of forfeiture funds.

State Seized Assets accounts for asset forfeiture proceeds from cases filed and adjudicated under state asset seizure statutes. The California Health and Safety Code 11489 (b)(2)(A)(i) requires these funds be maintained in a special revenue fund. Fifteen percent (15%) of all forfeitures received after January 1994 are set aside for drug education and gang intervention programs. The 15% allocated to drug education programs is used to fund the Sheriff/Coroner/Public Administrator's Drug Use is Life Abuse (DUILA) program, Crime-Free Multi-Housing, Law Enforcement Internship and Operation Clean Sweep Programs. Funds are also used for maintenance of seized properties. Services for the drug education program are provided by staff budgeted in the Sheriff/Coroner/Public Administrator's general fund budget unit, and reimbursed by this budget unit.

San Bernardino County Auto Theft Task Force (SANCATT), established by the Board of Supervisors in 1995, deters, investigates and prosecutes vehicle theft organizations and provides statistical and financial reports to the State Controller and California Highway Patrol as required by AB767. This budget unit accounts for funds received from vehicle registration assessments, per Vehicle Code 9250.14, and are expended exclusively to fund programs that enhance law enforcement efforts to deter and investigate vehicle theft crimes. Expenditures for SANCATT personnel are transferred to the Sheriff/Coroner/Public Administrator's general fund budget unit. In addition, funds offset operating expenses for qualified expenditures by participating agencies.

CAL-ID Program funding is used for the operating expenses of the Local Automated Fingerprint Identification System (AFIS) and for staffing costs of positions assigned to the CAL-ID program. The budget unit is funded from joint trust contributions by all local contracting municipal agencies and vehicle registration fees per Vehicle Code (VC) 9520.19. Staffing costs for positions assigned to the CAL-ID program are transferred to the Sheriff/Coroner/Public Administrator's general fund budget unit.

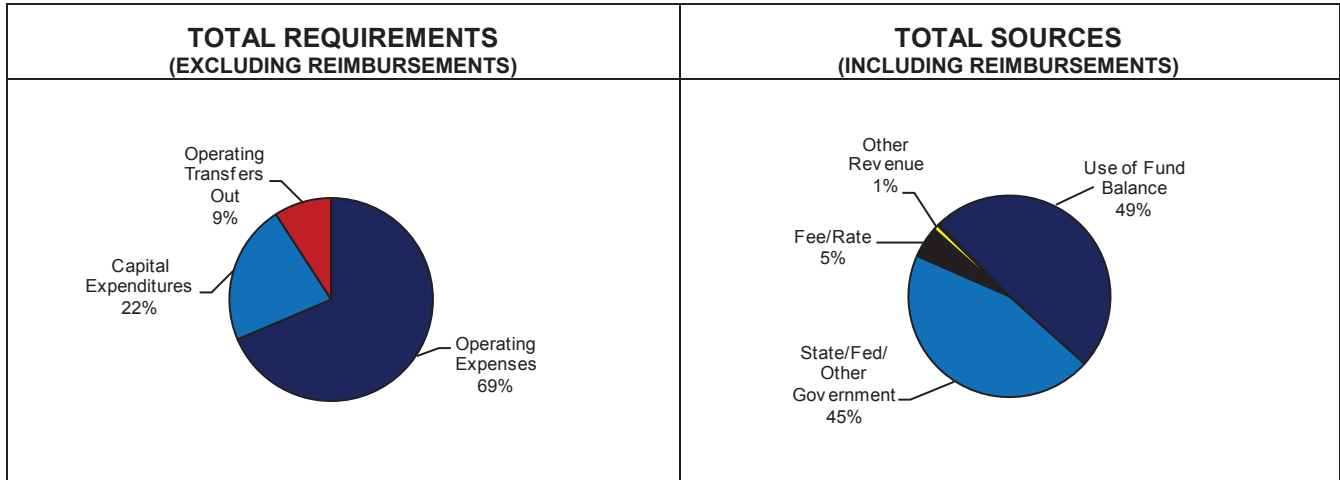

Court Services Auto accounts for processing court fees collected under AB1109, which are used to supplement the County's cost for vehicle fleet replacement and equipment, maintenance, and civil process operations associated with court services.

Court Services Tech accounts for processing court fees collected under AB709, which are used for automated equipment necessary to operate court services.

In accordance with state legislation (AB1805) effective July 1, 2007, **Local Detention Facility Revenue** accounts for an allocation of funds from the state replacing booking fees previously charged by the County to cities and local entities, as permitted by Government Code Section 29550. Funds are required to be used for the purpose of operating, renovating, remodeling, or constructing local detention facilities.

IRNET Federal: Requirements of \$1.4 million consist of Operating Expenses which support law enforcement operations and investigations, training and education, transfers and contributions to other agencies for their participation in asset seizures, and overtime for personnel involved in law enforcement operations. Sources of \$10,500 include projected interest earnings on the current Fund Balance. In order to comply with federal guidelines, the department does not budget anticipated revenues in this budget unit.

Fund Balance will be used for law enforcement operations and equipment, transfers to other law enforcement agencies, and overtime for personnel involved in law enforcement operations, all of which can be reduced as needed dependent on the amount of fund balance available.

Federal Seized Assets (DOJ): Requirements of \$4.2 million include \$1.9 million in Operating Expenses to support law enforcement operations and investigations and Capital Expenditures of \$2.3 million in one-time equipment and software purchases. Sources of \$35,000 include projected interest earnings on the current Fund Balance. In order to comply with federal guidelines, the department does not budget anticipated revenues.

Fund Balance will be used to support law enforcement operations and investigations along with training and education. In addition, the fund balance will be used for law enforcement equipment, transfers to other law enforcement agencies and overtime for personnel involved in law enforcement operations. Federal Seized Assets (Treasury): Requirements of \$521,431 support law enforcement operations. Sources of \$1,200 represent projected interest earnings. In order to comply with federal guidelines, the department does not budget anticipated revenues in this budget unit.

Fund Balance will be used to support law enforcement operations and investigations along with training and education, all of which can be reduced as needed dependent on the amount of fund balance available. Treasury

Guide and Equitable Sharing for Foreign Countries and Federal, State and Local Law Enforcement Agencies permits the expenditures noted above.

State Seized Assets: Requirements of \$1.9 million primarily include \$282,944 in Operating Expenses that support continuous law enforcement investigation activity. In addition, \$63,500 of Operating Expenses provide for a transfer to the Sheriff/Coroner/Public Administrator's general fund budget unit for public safety educator overtime and salaries. Operating Transfers Out of \$1.6 million is budgeted for departmental Capital Improvement Program (CIP) projects. Sources of \$509,500 include \$425,000 in anticipated state asset seizures, \$9,500 in projected interest earnings and \$75,000 from the Evidence and Cash Trust Fund. Use of Fund Balance of \$1,391,873 is being used for one-time Capital Improvement Projects.

State forfeited funds are distributed to the local law enforcement agency that participated in the seizure. Fifteen percent of these funds will be deposited in a special fund maintained by the seizing agency to fund programs designed to combat drug abuse and reduce gang activity.

San Bernardino County Auto Theft Task Force (SANCATT): Requirements of \$1.4 million include Operating Expenses, offset by \$62,912 in Reimbursements. Requirements include contributions to non-county participating task force agencies and a transfer to the Sheriff/Coroner/Public Administrator's General Fund budget unit to support the cost of 4 positions. The District Attorney Department is reimbursing \$62,912 to SANCATT for the cost of one of these positions. Sources of \$1.8 million primarily represent vehicle registration fees and projected interest earnings. The department is budgeting to contribute \$375,868 to Fund Balance, which is being placed in Available Reserves of \$606,596 for future use, to support costs associated with the operations of SANCATT as permitted by Vehicle Code Section 9240.14.

CAL-ID Program: Requirements of \$4.4 million include \$4.2 million in Operating Expenses, which support communications, and travel and training, and transfers to the Sheriff/Coroner/Public Administrator's General Fund budget unit for staffing costs of 36 personnel assigned to this program. Capital Expenditures of \$160,000 include one-time equipment purchases. Sources of \$4.4 million are from the CAL-ID Program trust fund and directly offset all claimable costs.

Court Services Auto: Requirements of \$1.1 million primarily include \$1.1 million in Capital Expenditures to replace vehicles. Sources of \$656,750 primarily reflect the Department's share of anticipated court fines. Use of Fund Balance of \$469,704 is being used for one-time purchases to replace patrol vehicles.

Per Government Code Section 26746, Fund Balance shall be expended to supplement the County's cost for vehicle fleet replacement and equipment, maintenance, and civil process operations.

Court Services Tech: Requirements of \$2.9 million include \$1.8 million in Operating Expenses primarily to fund an upgrade to the Court Case Management System (CCMS) and \$1.1 million in Capital Expenditures to fund one-time purchases of computer equipment for the CCMS. Each time the Sheriff's Civil Services Division serves various court writs, the Sheriff's Civil Services Division receives a portion of the fee. Sources of \$412,300 primarily represent the department's share of anticipated court fines. Use of Fund Balance of \$2.5 million is being used to upgrade the CCMS. Per Government Code Section 26731, Fund Balance shall be expended to supplement the County's cost for the implementation, maintenance, and purchase of auxiliary equipment and furnishings for automated systems or other non-automated operational equipment and furnishings deemed necessary.

Local Detention Facility Revenue: Requirements of \$2.8 million represent Transfers to the Sheriff – Detentions General Fund budget unit for expenditures related to the operation, renovation, remodeling, or construction of local detention facilities. Sources of \$2.8 million represent the booking fee allocation anticipated from the state in addition to projected interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing \$4.2 million, resulting primarily from the following:

- In 2015-16, the department budgeted to expend \$1.5 million for Capital Improvement Program (CIP) projects at the department's training facilities from its Contract Training special revenue fund. This special revenue fund's ongoing revenue was transferred to the department's General Fund budget unit in 2013-14 and will be deactivated in 2016-17, resulting in a reduction of \$1.5 million in requirements.
- Federal Seized Assets (DOJ) requirements are decreasing a net \$3.2 million primarily as a result of the department only being able to budget revenue once funds have been received by the department, in accordance with federal guidelines. In 2015-16, the department was able to increase its requirements in a quarterly budget report, as it had received asset forfeiture funds from the federal government, which paid for the maintenance of law enforcement hardware and equipment. Since the department cannot budget anticipated receipts, it has reduced requirements accordingly. It is likely that the department will return to the Board in a future quarterly budget report to partially restore its Operating Expenses budget.
- State Seized Assets requirements are decreasing \$797,914 primarily as a result of the completion of one-time CIPs projects in 2015-16 and to reflect an assumed reduction in anticipated asset forfeiture revenue, which will not impact any ongoing departmental operations.
- CAL-ID Program requirements are decreasing \$462,155 primarily due to the prepayment in 2015-16 for the maintenance of various CAL-ID related law enforcement equipment, resulting in reduced estimated expenditures in 2016-17.
- Court Services Tech requirements are increasing \$2.4 million primarily to pay for an upgrade to the Court Case Management System (CCMS). The department will be using Fund Balance in 2016-17 to pay for this one-time cost.

Sources are decreasing a net \$1.6 million primarily due to the fact that for Federal Seized Assets (DOJ), the department can only budget revenue once funds have been received by the department, in accordance with federal guidelines. In 2015-16, the department was able to increase sources by \$1.7 million in a quarterly budget report, as it had received additional asset forfeiture funds from the federal government. It is likely that the department will return to the Board in a future quarterly budget report as asset forfeiture revenue is received throughout the fiscal year.

ANALYSIS OF FUND BALANCE

Historically, the Department has used Fund Balance for one-time law enforcement expenditures. This is standard practice for the Department. Such one-time expenditures have included various detention facility and training academy improvements, law enforcement equipment and vehicle purchases, and support of the expansion and relocation of the County's Aviation Unit.

Various laws and program guidelines governing the special revenue funds require the use of the Fund Balance generally to supplement law enforcement operations as well as to purchase various law enforcement vehicles and equipment. Additionally, the Department uses Fund Balance for overtime salaries of officers involved in law enforcement investigations as permitted by federal asset forfeiture program guidelines.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing within these budget units.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$4.9 million make up the majority of expenditures within this budget unit. These expenses are necessary in order to provide mandated inspection services in the fields of agriculture, weights and measures. Herbicide purchases and vehicle/equipment maintenance charges comprise the majority of the department's Operating Expenses. Sources of \$5.8 million are derived primarily from license and permit fees, reimbursement via state contracts, the County's portion of Unclaimed Gas Tax, and reimbursement for weed control services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$276,956 primarily due to the addition of a new Staff Analyst II position, purchase of a new high flow volumetric provers and trailer, and additional requirements necessary to complete the housing and installation of the new dynamometer to test taxi meters and vehicle odometers for accuracy.

Sources are increasing by \$266,795 primarily due to an increase in the number of businesses that require a license or permit for weighing/measuring devices and state contracts with the CDFA for pest control services.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$4.9 million fund 65 budgeted positions of which 64 are regular positions and one is a limited term position. A Staff Analyst II position was added to the budget to provide financial and analytical support to management. The additional position will address workload issues allowing division managers more time to focus on operational improvements.

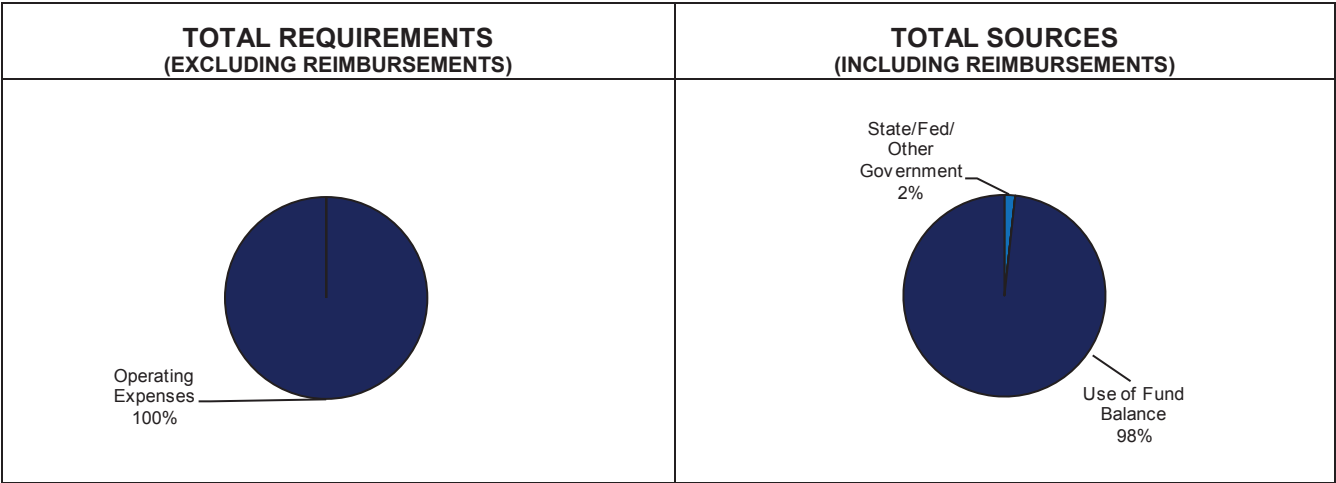

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget unit funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks and other water dispensing facilities adopted by the County's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five lessees of federal grazing land and one wildlife representative, and are appointed by the Board of Supervisors (Board). RIAC recommends various grazing improvement projects for funding to the Board. The Bureau of Land Management (BLM), the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the Federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the County to fund improvements on federal lands. The County acts in a trustee capacity for these funds.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$145,698 provide for a variety of grazing/range improvement projects on federal lands, and these improvement projects are approved by the Board through recommendations from the RIAC. Sources are derived from the Federal Government based on a portion of fees paid by the ranchers directly to the Federal Government for grazing rights.

BUDGET CHANGES AND OPERATIONAL IMPACT

There are no major budget changes or operational impacts from the prior year.

ANALYSIS OF FUND BALANCE

The County acts in a trustee capacity for an ongoing allotment of annual federal grazing fees that are distributed back to the County to fund RIAC approved projects on leased federal lands within the County. The budget reflects the use of a majority of fund balance. However, the amount used in 2016-17 will depend on projects that are approved during the fiscal year.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports (Department) provides for the management, development, maintenance and operation of six airports. The Department assures that County airports are maintained and operated in compliance with state and federal regulations. The Department works cooperatively with other airports located within the County regarding state and federal aviation programs, issues and requirements. The Department participates and provides input to aviation industry support organizations, as necessary, to develop local, state and national aviation policy.

Total Sources (Incl. Reimb.)	\$4,630,421

The County's six airports include:

1. Apple Valley Airport, a County Service Area (CSA 60) with a significant sport aviation base;
2. Baker Airport, located adjacent to the Town of Baker and supports Interstate 15 between Barstow and Las Vegas;
3. Barstow-Daggett Airport, which features significant military activity and the Fort Irwin Helicopter Maintenance Base, both of which support the Fort Irwin National Training Center;
4. Chino Airport, a Federal Aviation Administration (FAA) designated general aviation reliever to John Wayne Airport and one of the largest general aviation airports in the country with approximately 650 based aircraft;
5. Needles Airport, a critical transportation link along the Colorado River;
6. Twentynine Palms Airport, a center for soaring activity serving the surrounding community, including the United States Marine Corps Air-Ground Combat Center.

The County's airports produce revenue to operate and maintain the airport system. Revenues are generated from facility rents, concession and user fees, and, in the case of Apple Valley Airport, property taxes dedicated to the support of CSA 60. State and federal grants are significant sources for funds to construct, improve and maintain airport infrastructure.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$2.2 million fund 20 positions that provide support for six County-operated airports. Operating Expenses of \$2.4 million include Countywide Services (including COWCAP), property insurance, utilities, other professional services and general maintenance. Reimbursements of \$1.2 million are primarily for staffing costs and services/supplies expenses that are incurred by the Airport's General Fund budget unit for personnel that are assigned to support the Apple Valley Airport and Chino Airport Commercial Hangar complex. Sources of \$3.4 million primarily represent rents and concession receipts at the airports.

BUDGET CHANGES AND OPERATIONAL IMPACT

Total Requirements are increasing by \$427,410. The increase in Requirements is primarily due to a \$147,000 or 24% increase in COWCAP as a result of increased utilities and County Counsel expenses, and a \$204,000 increase in Real Estate Services charges for appraisals at Chino Airport. These increased costs are partially offset by an increase to reimbursements from the Chino Commercial Hangars and the Apple Valley Airport budget units. The increase in Financing Sources is primarily due to an increase in Operating Transfers In from the Airports Capital Improvement special revenue fund to fund services.

Chino Airport Commercial Hangars has \$600,650 in Requirements for Operating Expenses, which includes transfers of \$176,214 for County Counsel charges and services and supplies reimbursed to the Airport's operating budget unit, \$330,568 in services and supplies for operations and \$93,868 for salaries and benefits also reimbursed to the Airport's operating budget unit.

Sources of \$594,253 are primarily from rents and concession receipts from commercial tenants of \$515,543 and an Operating Transfer In from the Airports CIP budget unit of \$51,826 to fund current services.

Airports Capital Improvement Program has \$6.7 million in Requirements which include \$5.0 million in Operating Transfers Out to the Real Estate Services Project Management Division (PMD) for management and construction of various CIP projects, and to fund current services in the Airports General Fund budget unit. Requirements also include \$873,522 in services and supplies primarily for the design of various CIP projects, and \$795,359 in Capital Expenditures. The Capital Expenditures include \$600,000 for a ground water assessment associated with the groundwater plume at Chino Airport, \$110,000 for installation of modular restrooms at the Twentynine Palms Airport and Baker Airport, and \$85,359 for the Chino Airport northwest apron rehabilitation project.

Sources of \$4.6 million are primarily from anticipated federal grants for various CIP's including the Chino Airport Northwest Apron Rehab and the Chino Airport Runway Fire Suppression projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$867,573 primarily due to a decrease in transfers related to Chino Airport Commercial Hangars final bond payment which was paid in 2015-16, and a decrease in Capital Expenditures due to fewer CIP projects as compared to the prior year. Sources are decreasing by \$1.2 million primarily due to a decrease in Other Revenue of \$1.1 million caused by a reduction in insurance proceeds of \$816,883 related to the Chino plume, and declining rents and concessions revenue at the Chino Airport Commercial Hangars of \$282,389.

ANALYSIS OF FUND BALANCE

The 2016-17 budget includes the Use of Fund Balance of \$2.1 million of which \$1.5 million is for one-time projects and \$534,499 is to fund current services within the Airports General Fund budget unit. Additionally, reserves of \$441,511 are available to fund future expenses.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$1.7 million include \$1.0 million in transfers to reimburse the Airport's General Fund budget unit for staffing costs, services and supplies costs for personnel assigned to support the Apple Valley Airport, and utilities. Sources of \$2.6 million primarily consist of \$2.0 million from tax revenue receipts and leasing related revenues.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$41,243 primarily due to the anticipated purchase of a new riding mower for \$10,000 and a compact tractor for \$25,000. Sources are decreasing by \$19,595 primarily due to a conservative approach to forecasting rents and concessions.

ANALYSIS OF NET POSITION

A Contribution to Net Position of \$873,702 is projected for 2016-17. Funds will be transferred to the CSA 60 – Apple Valley Airport CIP budget unit to fund future CIP projects as necessary.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit. However, this budget unit reimburses the Airports' General Fund budget unit for staffing costs incurred in connection with service to the Apple Valley Airport.

CSA 60 – Apple Valley Airport – Capital Improvement Program

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$1.9 million consist primarily of Operating Expenses of \$1.6 million for transfers to Real Estate Services – Project Management Division (PMD) for the management of the construction of CIP projects at Apple Valley Airport, including \$490,000 for a solar powered obstruction lighting project, \$449,750 for taxiway and parking lot reconstruction projects, \$275,000 for the terminal Heating, Ventilation, Air Conditioning (HVAC) upgrades, \$250,000 for t-hangar improvements and \$50,000 for the initial phase of the drainage basin land acquisition. Capital Expenditures of \$250,000 include \$200,000 for fog sealing and striping and \$50,000 for Phase I of the Comprehensive Land Use Plan (CLUP).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$296,912 due to an increase in Operating Expenses of \$378,088 primarily due to the addition of new capital projects including the roofing maintenance program for \$14,000, drainage land basin acquisition for \$50,000 and an additional \$275,000 transfer to PMD for the terminal HVAC upgrades project. The increase in Operating Expenses is offset by a decrease in Capital Expenditures of \$675,000 due to the completion of the airport runway rehab design phase I and decreased expenses for the solar powered obstruction lighting project.

Sources are increasing by \$23,900 in anticipation of FAA grant funding.

ANALYSIS OF NET POSITION

The 2016-17 budget includes the Use of Net Position of \$1.9 million for planned CIP projects. This budget unit funds CIP projects for the Apple Valley Airport. Funds are transferred from the CSA 60 – Apple Valley Airport operating budget unit when a new project requires funding.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$7.8 million fund 298 positions that provide services at 32 library branches and support staff at Library Administration. Operating Expenses of \$9.8 million include general operating expenses for branch locations, telecommunication charges for internet access at branch locations, utilities, COWCAP charges, one-time branch remodel expenses and custodial/maintenance charges. Sources of \$16.0 million primarily represent property tax allocations and library fines and fees collected from patrons.

BUDGET CHANGES AND OPERATIONAL IMPACT

Major changes for the department include a decrease in Requirements of \$1.7 million due to a one-time loan payoff that occurred last year. Sources are increasing by \$184,198 primarily due to an increase in property tax revenue and a decrease in state aid as the result of the State Library's decision not to guarantee an annual funding amount for literary services.

ANALYSIS OF FUND BALANCE

All Use of Fund Balance is for one-time expenditures. The department will be utilizing \$1.8 million of Fund Balance to perform several anticipated branch remodels which include new furniture, branch reconfiguration, and new paint and carpet. The department will also continue on its four year replacement cycle for computer equipment to keep staff and public machines up to date to meet today's demands. In addition to these expenses, the department will be replacing several pieces of equipment which includes two camera systems, a virtual server, two book drops, a circulation desk and also new items that include a book sorter, three self-checkout units, a router and a firewall for internet service upgrades.

Bloomington Library Reserve

DESCRIPTION OF MAJOR SERVICES

The Bloomington Library was opened in May 2016 as part of the Bloomington Intergenerational Housing Project and provides public library services to the residents of the unincorporated community of Bloomington and surrounding areas. Due to the Bloomington Library being co-located within the housing project, future repairs are to be shared by the Library and the building management company. The Bloomington Library Reserve was established through funds provided by the developer and set aside to be used for future building repairs at the Bloomington Library.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$176,900 represent Operating Transfers Out to the County Library budget unit for potential building repairs at the Bloomington Library. Sources of \$550 is annual interest earned on cash in the fund.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating Transfers Out are increasing by \$176,900 due to reserve funds being set aside to plan for future building repairs. No new deposits are budgeted for 2016-17. Sources are increasing by \$550, which represents interest earned on funds deposited.

ANALYSIS OF FUND BALANCE

Fund Balance can only be used to pay for one-time building repairs that may be required at the Bloomington Library. It is likely that Fund Balance won't be used for the next four to five years until a repair is needed on the new building. Use of Fund Balance totaling \$176,350 is budgeted in 2016-17 in case an emergency repair is needed, to minimize impacts to Bloomington Library patrons.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.2 million fund 22 positions that provide program services and oversight for the main Museum facility in Redlands, Victor Valley Museum in Apple Valley, and six historic sites throughout the County. Operating Expenses of \$2.6 million primarily include services and supplies expenses for educational programming, exhibits, insurance, advertising, security services, COWCAP charges, central services charges for Facilities Management and Information Services, and rent for the Museum's off-site storage. Sources of \$395,700 are primarily derived from admission fees, education services, facility rentals and sponsorships from the Museum Association.

BUDGET CHANGES AND OPERATIONAL IMPACT

The budget includes one-time allocations of Net County Cost in the amount of \$1.1 million, \$588,097 to support operations, and \$542,160 to fund accreditation activities. These activities include: relocating museum storage to a new fully climate controlled facility, hiring a consultant to develop an organizational strategic plan and exhibit interpretative master plan, improving wayfinding and interpretative signage for the Redlands and Victor Valley Museum sites, updating current exhibit spaces at the Redlands site, and various other needs including the Museum's collection management system.

Requirements are decreasing \$59,592 primarily due to a decrease in one-time leave cash outs for departing staff as compared to 2015-16. Sources are decreasing by \$37,200 primarily due to a decrease in Other Revenue which reflects one-time revenue received from the City of Victorville for the Victor Valley Museum.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$32,777 fund two part-time regular positions and one part-time limited term public service employee that operates the Museum Store. Operating Expenses of \$35,315 are for purchases for resale (inventory). Capital Expenditures of \$12,000 are included to purchase hardware to replace the current point-of-sale (POS) system that no longer meets the needs of the store. Sources of \$68,092 are from revenue generated from novelty items/souvenir sales, books and publications.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing \$12,218 primarily due to an increase in Staffing Expenses of \$13,542 that reflects additional hours scheduled to be worked by part-time employees.

Sources are increasing by \$13,092 as a result of dedicated staff to support an anticipated increase in attendance and sales activity.

ANALYSIS OF NET POSITION

Use of Net Position funds the replacement of the POS system in the Museum Store and at the front desk, improving inventory tracking, reporting capabilities and overall functionality.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$3.2 million fund 40 budgeted positions, of which three are limited term. Operating Expenses of \$2.7 million include \$354,186 for COWCAP charges, \$135,384 in licensing for the department's electronic document review software and Enterprise Agreement, and \$1.3 million for applications development and direct labor charges, primarily related to the Accela Permitting System upgrade. Reimbursements of \$4.6 million are primarily comprised of transfers in from the other Land Use Services divisions for administrative support.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$305,980 primarily due to the reduction in costs related to the utilization of temporary services for the Accela Project and increased Reimbursements from other Land Use Services divisions for recovery of administrative costs. An increase in Staffing Expenses of \$161,231 is primarily due to the addition of two Senior Land Use Technicians to assist with the processing of more complex applications, and the addition of one Fiscal Specialist to centralize billing, and data processing and applications development costs.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$2.9 million fund 29 budgeted positions, of which 24 are regular positions and five are limited term. Operating Expenses of \$4.5 million include \$1.3 million in professional services related to the utilization of consultant services, \$634,237 for COWCAP, \$277,000 in litigation expenses for the Cadiz project that are fully reimbursed by the applicant, and \$150,000 for the preparation of a Morongo Basin Cultural Plan. Other major expenses include consultants, project expenses reimbursable by applicants, and transfers out to Land Use Services – Administration for administrative support.

Sources of \$2.6 million include \$1.5 million in revenues from applicants for project expenses and \$1.1 million in fees for current services.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$2.4 million primarily due to a reduction in the use of one-time funding for the Countywide Plan project.

Sources are decreasing by \$1.4 million primarily as a result of the completion of the second grant for the renewable energy element of the General Plan and a reduction in the number of complex projects requiring the utilization of EIR consultants after spike in these types of projects in 2015-16.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$3.3 million include primarily \$2.5 million in Staffing Expenses to fund 23 positions, Operating Expenses of \$734,908 and Capital Expenditures of \$110,000. Significant Operating Expenses include COWCAP, vehicle charges, central services, and transfers to fund administration and fiscal support provided by the Transportation Division and the Flood Control District. Capital Expenditures of \$110,000 will fund two Trimble receivers and a microfiche scanner/printer which are needed to replace aging equipment that is no longer serviceable.

Sources of \$2.5 million include fees charged to customers for field surveys, review of subdivision maps, and the preparation of legal descriptions and maps.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and Sources have minor changes. The most significant are decreases in Capital Expenditures and Reimbursements. These decreases relate to a one-time purchase in 2015-16 of a Trimble Drone Capital Expenditure which was funded by the Solid Waste Division and the Flood Control District. For 2016-17, the department's planned Capital purchases are lower than 2015-16 and are not reimbursable.

Net County Cost is decreasing by \$5,555 primarily due to a reduction in one-time funding for costs associated with processing old Record of Surveys.

Special Revenue Funds					
Road Operations	102,435,187	87,211,203	15,223,984	34,602,649	343

Total Special Revenue Funds	115,469,787	99,776,557	15,693,230	71,283,828	343

Road Operations include \$102.4 million in Requirements including \$28.6 million in Staffing Expenses to fund 343 positions; \$77.0 million in Operating Expenses primarily includes professional services, equipment usage, and materials purchases for road construction and maintenance projects, vehicle maintenance, and transfers for labor/equipment usage within all Department of Public Works divisions which have a corresponding offsetting reimbursement of \$15.5 million. Remaining Requirements consist of Capital Expenditures (\$9.9 million) which include \$4.0 million to purchase land and right-of-way needed for road construction projects and \$5.9 million to replace heavy equipment needed for daily road operations and maintenance and Operating Transfers Out (\$2.5 million) which are being transferred to the equipment fund to fund future equipment replacements. Major road construction projects include: realignment and reconstruction of Needles Highway in the Needles area, and Green

Tree Boulevard Connection in the Spring Valley Lake area, which is in the design phase; multi-year structural improvements to 127 historically significant bridges on National Trails Highway, design and/or right of way activities on Interstate 10 at Cedar Avenue interchange project, Baker Boulevard bridge at the Mojave River and Yermo Road bridge at the Manix wash; reconstruction of Garnet Street bridge at Mill Creek; construction of Phase III of the trail system on the Santa Ana River; and \$22.2 million in pavement improvement and preservation projects.

Sources of \$87.2 million include \$35.2 million in Gas Tax, \$25.7 million in State, Federal and Other Governmental Aid for pavement improvement and capital construction projects, \$21.0 million in Operating Transfers In, of which \$18.3 million is Discretionary General Funding for pavement improvement and capital projects, and \$5.3 million in revenue from miscellaneous reimbursements for services to outside agencies, sales of fixed assets for fully depreciated equipment, road permit and inspection fees, and interest earnings.

The use of \$15.2 million of Fund Balance consists of one-time expenditures for carried over projects and one-time expenditures for future equipment purchases to replace aging equipment. Because of the reduction and volatility of Gas Tax allocations and other funding sources, ongoing Discretionary General Funding assistance has been necessary to reduce severe impacts to the Road System until additional funding sources are identified.

Measure I has Requirements of \$9.3 million which fund pavement preservation and improvement projects of \$8.4 million, intersection improvements of \$256,600, bridge replacement of \$450,000, and bike path reconstruction of \$143,000. Major pavement preservation projects include: \$2.2 million of surface seals in the Spring Valley Lake and San Bernardino Valley Areas; and \$6.2 million of reconstruction projects including Etiwanda Avenue and Randall Avenue in the Fontana area, Park Boulevard in the Joshua Tree area, and Luna Road in the Victorville area.

Sources of \$9.4 million include Measure I sales tax, interest earnings, reimbursements from Regional Development Mitigation Funds and contributions from the State of California and San Bernardino Associated Governments for the Trona Bike Path in the Trona area, Arrowbear Drive in the Arrowbear area, and Park Boulevard in the Joshua Tree area. Contribution to Fund Balance of \$122,025 will be used for future capital improvement projects.

Facilities Development Plans has Requirements of \$858,500 for Operating Expenses for the design of Shadow Mountain Road in the Helendale/Oro Grande Area and the Rock Springs Road Widening and Bridge over the Mojave River in the Southeast Apple Valley area. Sources of \$722,333 consist of anticipated development fees and estimated interest earnings. Fund Balance of \$136,167 is being used for design activities of the capital projects noted above.

Regional Development Mitigation Plan has Requirements of \$2.9 million for Operating Expenses to reimburse the development share portion of projects advanced by Road Operations and Measure I, primarily the Slover Avenue widening project. Sources of \$2.4 million include reimbursement from San Bernardino Associated Governments for the public local share of various road projects, development fees and a small amount of interest earnings. Fund Balance of \$455,104 is being used to reimburse the County's development contribution towards capital projects.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$115.5 million consist of Staffing Expenses of \$28.6 million; Operating Expenses of \$88.9 million, predominantly for capital and pavement improvement projects (\$56.0 million), equipment and material usage for maintenance activities (\$11.2 million), administrative functions (\$6.8 million), and transfers of \$14.9 million which are offset by Reimbursements (\$15.5 million) as they fund internal labor and equipment usage; and Capital Expenditures of \$9.9 million for heavy equipment replacement and right of way purchases.

Sources of \$99.8 million include \$65.5 million from Gas Tax and State, Federal and Other Government Sources for capital projects; \$21.3 million in Operating Transfers In, which include \$18.3 million in Discretionary General

Funding for pavement improvement and capital projects, \$2.0 million transferred to the equipment fund, and \$1.0 million in transfers from the Regional Development Mitigation Plan for the developer's share of various projects for contributions for capital and pavement improvement projects; \$6.6 million from Measure I sales tax; and \$6.4 million from miscellaneous revenue including miscellaneous reimbursements for services to outside agencies, sales of fixed assets for fully depreciated equipment, road permit and inspection fees, and interest earnings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.1 million primarily due to an increase in Capital Expenditures (\$3.6 million) for heavy equipment purchases, an increase in Operating Transfers Out (\$3.1 million) and a decrease of \$18.7 million in Operating Expenses partially offset by a \$14.6 million decrease in Reimbursements as a result of a reduction in projects funded by Measure I and the Facilities and Regional Development Mitigation Plans.

Sources are increasing by \$22.4 million predominantly due to a \$19.1 million increase in revenue from the state, federal and other governmental agencies for road construction projects, a \$2.0 million increase in miscellaneous revenue for project related expenses, a \$2.6 million increase in Operating Transfers In for cash transferred within the Transportation division primarily to fund future equipment purchases, and a decrease of \$1.3 million in Gas Tax. Discretionary General Funding decreased by a net \$500,000, from \$18.8 million to \$18.3 million, as a result of the following: the ongoing Discretionary General Funding allocation for pavement improvement projects increased by \$5.4 million, from \$8.8 million to \$14.2 million, while the one-time allocation for replacement of heavy equipment purchases decreased by \$5.9 million.

ANALYSIS OF FUND BALANCE

Use of Fund Balance of \$15.7 million is for one-time expenditures of \$13.7 million from revenues that are dedicated to, and reserved for, the construction of transportation projects and \$2.0 million for one-time expenditures for future equipment purchases to replace aging equipment, which are necessary for maintenance activities to keep the Road System investment from deteriorating. Due to the reduction and volatility of Gas Tax allocations and other funding sources, ongoing Discretionary General Funding assistance has been necessary to reduce severe impacts to the Road System until additional funding sources are identified. Furthermore, the remaining Available Fund Balance Reserves of \$71.3 million are set aside for one-time expenditures as follows: capital projects of \$62.6 million, equipment replacement of \$7.8 million, and technology systems improvements of \$900,000.

Staffing Expenses of \$28.6 million fund 343 budgeted positions of which 286 are regular positions and 57 are limited term positions. This includes a net increase of two positions.

A total of three positions were added to the budget (two regular and one limited term):

- Public Works Engineer II (regular) in the Transportation Planning section to assist with planning, programming and budgeting of transportation projects.
- Systems Accountant II (regular) in the Administrative Services section to support and perform systems upgrades of the multiple accounting systems in use.
- Transportation Analyst II (limited term) in the Administrative Services section to assist with billing activities for various projects due to vacancies.

One vacant limited position has been deleted:

- Contract Accountant III is no longer necessary because the Accela Project and other ongoing accounting systems related projects are now assigned to a regular position.

Solid Waste Enterprise Funds - Consolidated

DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) provides for the operation and management of the County’s solid waste disposal system, which consists of five regional landfills, nine transfer stations, and 34 closed landfills or disposal sites. SWMD also administers the County’s solid waste franchise program, which authorizes and regulates trash collection by private haulers in the County unincorporated area, and state mandated waste diversion and recycling programs.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operations Fund includes Requirements of \$57.0 million for operation of the County's solid waste disposal system. This includes \$8.0 million for Staffing Expenses that fund 87 budgeted positions. Operating Expenses of \$39.2 million consists primarily of \$35.2 million for Services and Supplies (including \$30.8 million for the landfill operations contract and \$4.4 million for other professional services needed to maintain the County's disposal sites) and other charges of \$4.0 million (including \$2.4 million for landfill waste payments to the Board of Equalization, \$500,000 set aside for potential legal settlements, and \$1.1 million in other operating expenses). Remaining Requirements consist of Capital Expenditures (\$2.9 million) and Operating Transfers Out (\$6.9 million transferred to the Environmental Fund for capital projects and operations, maintenance and monitoring of landfill environmental control systems). Sources of \$64.9 million includes funds generated from landfill gate fees, special land use assessments, solid waste franchise fees, royalty agreements, land leases, and interest earned on fund balance. This fund will contribute \$7.9 million to Net Position primarily due to a planned \$5.0 million one-time sale of surplus property and reduction in operating costs.

Site Closure and Maintenance Fund includes Requirements of \$100,000 for on-call professional engineering services. Sources of \$723,193 include allocated landfill gate fees and special assessments that support closure activities, and interest earnings. This fund will contribute \$623,193 to Net Position.

Site Enhancement, Expansion and Acquisition Fund includes Requirements of \$2.7 million for the Barstow Landfill Perimeter Fencing, the San Timoteo Landfill Liner project, the Landers Landfill Lateral Expansion, and the Storm Water Drainage Basin and Unit 4 Liner Design projects at Mid-Valley Landfill. Sources of \$3.6 million are from allocated landfill gate fees that support expansion activities and interest earnings. This fund will contribute \$918,461 to Net Position.

Environmental Fund includes Requirements of \$14.0 million for the following projects: \$1.8 million for the Barstow and Big Bear Landfills for construction of Landfill Gas Extraction Systems; \$1.5 million for the closed Heaps Peak Disposal Site for East Slope Stabilization mitigation; \$8.9 million for the Countywide landfill gas and groundwater OM&M per Title 5 and Title 27 regulations; and \$1.8 million for other projects, including \$957,000 for the closed Lenwood-Hinkley Landfill and Yucaipa Disposal Site for construction of Groundwater Treatment Systems. Sources of \$9.4 million are from allocated landfill gate fees (\$2.4 million) and Operating Transfers In from the Operations Fund (\$7.0 million). This fund will use \$4.6 million of Net Position to fund capital improvement projects.

Environmental Mitigation Fund includes Requirements of \$6.2 million for payments to six host cities with a landfill or transfer station in their sphere of influence or within incorporated city limits for addressing solid waste facilities impact on local communities. Sources of \$6.5 million are from allocated landfill gate fees. This fund will contribute \$270,135 to Net Position.

Closure and Post-Closure Maintenance Fund is not expected to have any required Financial Assurance activity for 2016-17.

Solid Waste Management Earned Leave Fund includes Sources of \$50,000 in Operating Transfers In from the Operations Fund as a set aside of approximately one-twentieth of the unfunded liability for employees' earned leave balances. This fund will contribute \$50,000 to Net Position.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$13.6 million. Significant changes includes a net decrease in Operating Expenses of \$9.1 million due primarily to a decrease of import tonnage and a negative Cost of Living Adjustment (COLA) for contracted operational rates, a net \$1.2 million decrease in Capital Expenditures, and a \$3.5 million decrease in Operating Transfers Out due to less overall operating requirements and environmental costs.

Sources are decreasing by \$2.8 million. This is primarily due to a net \$4.4 million decrease in gate fees primarily due to decreased import tonnage offset by an increase of \$5.0 million for a one-time sale of surplus property and a \$3.5 million decrease to Operating Transfers In due to less overall operating requirements and environmental costs.

ANALYSIS OF NET POSITION

Unrestricted Net Position is anticipated to increase by \$5.2 million from an estimated deficit of \$16.5 million to an estimated deficit of \$11.3 million due to the reduction of operating costs, the delay of capital improvement projects, and a \$5.0 million one-time sale of surplus property.

It is the division's intent to use Net Position to fund only capital improvement project costs that exceed available annual operating revenues. Net Position does not fund ongoing operations. The SWMD will have approximately \$97.7 million in short-term assets, such as cash, and long-term settlement receivables used to support the operations of the system. The Division is estimating its Unrestricted Net Position to be in deficit by \$11.3 million at June 30, 2017 due to the inclusion of an estimated \$151.2 million of long-term landfill liabilities for pollution remediation obligations, post-closure maintenance, earned leave and net pension liability, which excludes future closure construction liabilities of \$59.5 million which are funded and set aside as Restricted Net Position. These liabilities do not come due within the current year and represent future costs that will be funded with future revenue. While the unrestricted net asset position is negative due to these long-term obligations, the SWMD has sufficient operating funds to support ongoing operations of the system. The 10-year financial forecast projects fully funding the current portion of these liabilities, including ongoing operating expenses. Additionally, the SWMD continues to reduce ongoing expenses by (when cost effective) performing maintenance activities in house and continues to seek opportunities for additional import tonnage to increase revenue.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing Expenses of \$8.0 million fund 87 budgeted positions of which 86 are regular positions and one is a limited term position. Budgeted staffing is increasing by one Public Works Engineer II to perform duties related to regulatory permitting requirements and coordinating internal procedures for approval more effectively than contracted consultant services, resulting in the division being able to meet program and capital project implementation timelines.

San Bernardino County Flood Control District - Consolidated

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Flood Control District (District) was created in 1939 under special state legislation. Since its inception, the District has developed an extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the County, as well as to promote water conservation and improved water quality.

Budget at a Glance	
Total Requirements (Excl. Reimb.)	\$116,378,384
Total Sources (Incl. Reimb.)	\$84,469,195
Use of/ (Contribution to) Fund Balance	\$31,909,189
Total Staff	170

The District covers the entire County, including all of the incorporated cities. The District is divided into six geographic flood zones (in recognition of the different characteristics and flood control needs in various areas). Zone 1 encompasses the County's West End, from the Los Angeles and Riverside County lines to West Fontana. Zone 2 encompasses the central area of the San Bernardino Valley easterly of Zone 1 to approximately the Santa Ana River and City Creek demarcations. Zone 3 covers the East end of San Bernardino Valley, east of Zone 2. Zone 4 covers the Mojave River Valley region, from the San Bernardino Mountains to Silver Lakes. Zone 5 primarily includes the San Bernardino mountains. Zone 6 encompasses the remainder of the County not covered by other zones. The District has also established a Countywide administrative zone (Zone 7).

The District's principal functions are as follows:

Flood Protection on Major Streams: In cooperation with the federal government, and through its own projects, the District conducts programs for channel and levee construction, floodwater retention, and debris basin maintenance. Programs or projects are often done in cooperation with the incorporated cities, the U.S. Army Corps of Engineers, and the U.S. Bureau of Reclamation.

Water Conservation: The District operates and maintains water conservation basins and spreading grounds. Water from the local mountains and Northern California is spread and percolated into the groundwater basins underlying the County. The District has numerous joint use agreements with water districts allowing use of District facilities for groundwater recharge.

Storm Drain Construction: The District is active in comprehensive storm drain master planning/construction and cooperates with incorporated cities and other agencies in storm drain projects.

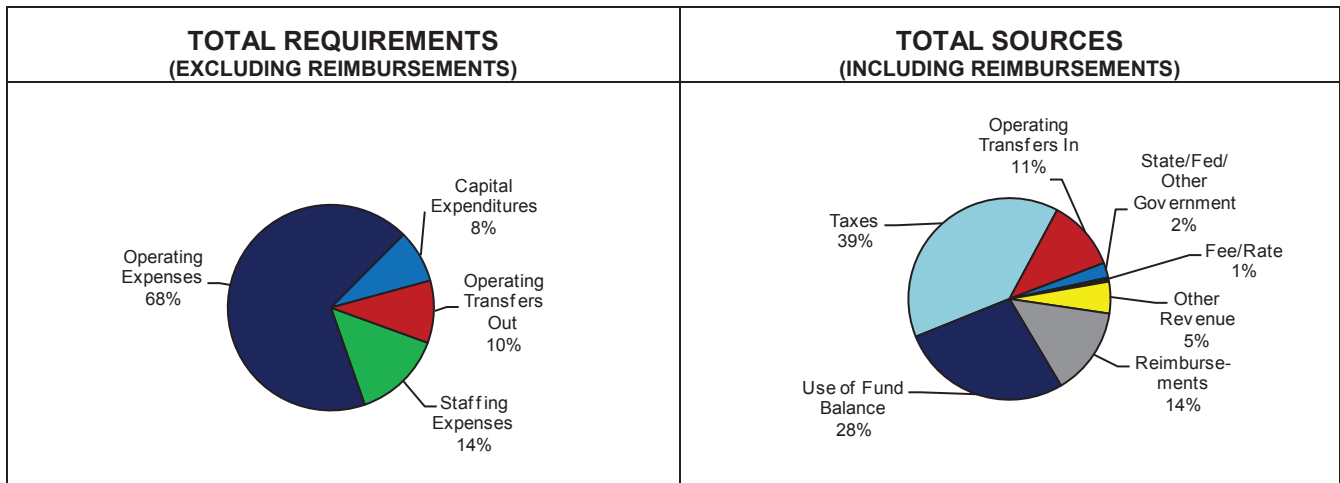

Facility Maintenance: The District has a proactive maintenance program for its facilities. Regular inspections of the storm drains, channels, and basins are made as required by various state and federal agencies.

National Pollutant Discharge Elimination System (NPDES): The District is the lead permittee in the San Bernardino Valley area-wide NPDES permit with 16 cities as co-permittees. The NPDES program, through the State Water Quality Management Board, regulates storm water quality through very detailed and complex permits, which affect everyone within the Santa Ana River Watershed and now in the high desert area of the Victor Valley under Phase II of the permit.

Flood Operations: During the flood season, District operations staff regularly patrol and monitor District facilities and perform flood fighting operations and emergency repairs as needed. The District also maintains telemetry systems for monitoring rainfall and runoff and dispatches storm patrols as dictated by the projected severity of a storm. The District has access to a weather satellite data delivery system to provide state-of-the-art weather information. The system provides advance warning of major storm activity. During the non-storm season, the flood operations staff performs routine maintenance of flood control facilities.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$99.9 million include the following: Staffing Expenses of \$16.4 million to fund 170 budgeted positions; Operating Expenses of \$78.9 million consisting primarily of professional services for construction projects (\$32.9 million), operations and maintenance activities (\$10.7 million), debt service (\$11.0 million), administrative functions (\$6.8 million), and transfers out for internal administrative transfers between the District's zones and other divisions within Public Works (\$17.5 million) which is partially offset by \$16.5 million in Reimbursements; Capital Expenditures of \$9.7 million primarily to purchase right of way for construction projects; and Operating Transfers Out of \$11.4 million primarily for internal administrative cash transfers between the District's zones.

Sources of \$68.0 million include the following: \$45.3 million in Property Taxes; \$2.8 million in Other Governmental Aid to partially fund Seven Oaks Dam maintenance and the NPDES program; \$13.2 million in Operating Transfers In which includes \$11.2 million in internal administrative cash transfers between funds as reflected above, and \$2.0 million in Discretionary General Funding for the NPDES program and the Rimforest Drainage project; and Fee/Rate and Other Revenue of \$6.7 million primarily from litigation settlements to partially fund the Cactus Basin #3 project.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$17.6 million. Reductions primarily include \$21.5 million in Operating Expenses for debt service due to one-time funds used to finance the refunding of the District's Judgement Obligation Bonds Series A (\$9.9 million) and professional services for construction projects (\$11.6 million). These reductions are partially offset by an increase of \$1.9 million in Capital Expenditures to purchase right of way for construction projects and an increase of \$1.9 million in Operating Transfers Out for internal administrative transfers.

Sources are increasing by \$5.8 million. This is primarily due to an anticipated increase in property tax revenue and land sales.

ANALYSIS OF FUND BALANCE

Over the years, fund balance has been increasing due to delayed capital improvement projects as a result of environmental clearance delays from regulatory agencies. Fund balance usage of \$31.9 million is anticipated for the following projects planned for construction: Patton Basin Levee Certification Restoration Project; Mojave River Levee; Sand Creek/Warm Creek Confluence; Santa Ana River Flood Wall Repair; and the waterline relocations for Bandicoot Basin and Amethyst Basin. The remaining available fund balance reserves of \$70.7 million are set aside for future planned capital projects and the potential need for responding to emergency storm events. Fund balance is only used for one-time expenditures.

Note: Unlike governmental funds, the 2015-16 Modified Budget and Estimate columns do not include information on Estimated Net Position Available or Total Estimated Unrestricted Net Position because GAAP requires that internal service and enterprise funds include line items such as depreciation, which are not budgeted, in the Net Position calculation.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$3.9 million consist primarily of Operating Expenses (\$2.0 million) for motor pool and maintenance charges, equipment repairs, and Capital Expenditures (\$1.9 million) to purchase vehicles.

Sources of \$2.6 million include the District's heavy equipment fleet rates and revenue from the sale of surplus equipment and vehicles.

Unrestricted Net Position of \$1.3 million is being used to fund one-time Capital Expenditures.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.6 million to reflect a reduction in vehicle purchases.

ANALYSIS OF NET POSITION

The budget includes a \$1.3 million use of Unrestricted Net Position for one-time Capital Expenditures. In order to reduce the amount of net position used every year, a consultant is currently analyzing and will present a recommendation on a new usage rate that will provide additional on-going revenue to support the increased costs of maintenance and repairs and the cost of replacing outdated units. However, in order to comply with state requirements for internal services funds and since the capital assets have exceeded their useful life, the Net Position is anticipated to decrease by approximately \$3.5 million over the next two years.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Real Estate Services

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department (RES D) consists of the Leasing and Acquisition Division, Project Management Division, and the Facilities Management Division.

The Leasing/Property Management section negotiates and administers revenue and expenditure leases on behalf of County departments. Revenue leases allow for the use of County-owned facilities, generally at County parks and airports, to generate revenue to offset expenses incurred to provide such facilities to residents and users. Expenditure leases provide space in leased facilities throughout the County for departments and their employees to support the delivery of services in locations convenient to the residents served. In addition, this section is responsible for the property management of court facilities within the County and the County-owned land and dairy facilities in the Chino Agricultural Preserve.

The Acquisition/Appraisal section provides appraisal, acquisition, and relocation assistance for County departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. Staff establishes values and acquires the necessary rights of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. This section also acquires land and facilities for various functions and disposes of property determined to be surplus to the County's needs.

The Project Management Division provides planning and implementation of design and construction projects for County departments. These projects are administered from conceptual design through construction to completion and close-out.

The Facilities Management Division serves the public by providing quality custodial, grounds and maintenance services that enable County departments and staff to effectively meet the expectations of their employees and customers.

Note: Real Estate Services is classified as a central service department in the Countywide Cost Allocation Plan (COWCAP). Not included in this budget is \$81,009 which represents Real Estate Services' share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$2.7 million fund 24 positions and make up a majority of Real Estate Services Department's expenditures within this budget unit. Operating Expenses of \$581,570 fund services and supplies, central services, travel, and transfers. Reimbursements of \$2.0 million are from the Project Management Division and Facilities Management Division for department overhead for shared administrative and fiscal staff, and from the Rents budget for administration of expenditure leases (based on 3% of annual lease costs in excess of \$36,000). Sources of \$1.3 million are for billable labor hours for leases with annual lease costs less than \$36,000 and for acquisition and appraisal services billed at an hourly rate.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$77,626 primarily due to increases in Staffing Expenses as a result of negotiated salary increases. This increase is offset by a decrease in Operating Expenses due to a reduction of equipment purchases. Sources are increasing by \$77,626 primarily due to additional billable labor hours charged to departments.

In order to allocate full central service costs to the County's operating departments, central service departments do not pay COWCAP charges. Not included in this budget is \$58,594 which represents Real Estate Services – Rents and Leases' share of costs of other central service departments, such as Human Resources.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$50.5 million primarily include rent and lease payments paid to landlords. In addition, expenditures include transfers to Facilities Management for operating expenses of non-billable vacant and tenant space, transfers to Real Estate Services for property lease management, and transfers to the Sheriff/Coroner/Public Administrator for the 303 W. 3rd Street Office Building security costs. Reimbursements of \$49.6 million represent payments from County departments for lease payments and administrative fees. Sources of \$1.1 million are primarily from lease payments received from tenants in County-owned facilities and vending machine revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$187,710 primarily due to an increase of Operating Transfers Out for a capital improvement project for tenant improvements to space leased by Loma Linda University in connection with their exercise of an option to extend the term of the lease at 268 Hospitality Lane in San Bernardino. Sources are increasing by \$187,710, primarily due to modifications to the revenue lease with Teddy Bear Tymes and a new revenue lease with Inland Empire Autism Spectrum.

STAFFING CHANGES AND OPERATIONAL IMPACT

There are no staffing costs associated with this budget unit.

Courts Property Management

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, required the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California (JCC). In addition, as each transfer occurred, the County and JCC entered into an agreement that defined whether the County or the JCC manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the JCC for maintenance, utilities, insurance, overhead expenditures and work order requests for space occupied by the local court in County-managed facilities. This budget unit is also used to manage and account for payments to the JCC for costs associated with the space occupied by County departments in JCC-managed facilities.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Operating Expenses of \$20.7 million represent utility costs for County facilities and constitute the largest portion of the expenses. Staffing Expenses of \$166,452 constitute the remainder of the expenses for this budget unit. Sources of \$253,268 are from utility costs passed on to customers and third parties that occupy County-owned space.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$1.3 million due to excluding Glen Helen Water System's highline cost, lower sewer costs from a new County agreement with the Inland Empire Utilities Agency, transfer of the Chino Courthouse to the City of Chino, anticipated decrease in Southern California Edison electricity rates, and lower central services cost. Capital Expenditures are decreasing by \$50,000 due to completing enhancements to the Utilities Payment System and the Archibus, Environmental and Risk Management module.

Sources are decreasing by \$94,227 for utility costs passed on to customers and third parties that occupy County-owned space. Net County Cost is decreasing by \$1.2 million due to lower utility costs for County facilities occupied by General Fund departments.

2015-16 MAJOR ACCOMPLISHMENTS

- Operationally realigned staffing and work assignments at Mojave Narrows Regional Park to create a more valuable experience for customers.
- Successfully negotiated a subcontract between the City of Needles and the County for the delivery of Lower Colorado Water Supply to Moabi Regional Park for use on non-federal lands.
- Concluded the initial phase of operational park assessments. This process has identified areas of critical concern regarding deferred maintenance, the need for standardization of staff scheduling and work flows.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$4.3 million are budgeted for personnel to oversee administration, operations and maintenance of the County's nine regional parks, County trails system, and various special events/programs. Operating Expenses of \$6.2 million primarily consists of \$3.3 million in COWCAP charges. Other major Operating Expenses include stocking fish at park lakes, turf maintenance contracts (Prado, Cucamonga-Guasti, Yucaipa, Mojave Narrows, and Glen Helen Regional Parks), supplies for general maintenance and special projects, aquatic facility supplies, office supplies, interchange fees for credit card usage, advertising park events/amenities, restroom supplies, and insurance. Sources of \$7.6 million represent fees from camping, fishing, park entrance, swimming, facility use and special events, as well as revenue from concessionaire and partnership agreements.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$784,356 reflecting the department's continued review of staffing levels and the provision of park service. The \$508,664 reduction in Staffing Expenses is primarily the result of a net decrease in budgeted staffing as further explained in the "Staffing Changes and Operational Impact" section. The \$373,660 decrease in Operating Expenses is primarily due to a \$268,160 decrease in insurance costs, \$120,644 decrease in security services, \$125,000 decrease in fees paid to Urban Parks for managing Lake Gregory offset by \$185,208 increase in COWCAP charges.

Sources are decreasing by \$959,356 primarily due to a \$486,936 decrease in transfers in from Regional Parks Consolidated Special Revenue Funds for one-time park expenses incurred in 2015-16, \$335,927 decrease in park & recreation fees mainly due to an operational review of swim complexes, a \$138,953 decrease in rents & concessions driven by a forecasted decrease in sales by contracted concessionaires, and a slight increase in other revenue.

The \$175,000 increase in Net County Cost is due to \$300,000 of one-time funding for the Prado Regional Park Master Plan offset by a decrease of \$125,000 in one-time funding received in 2015-16 for the final year of the Lake Gregory Management fee paid to the operator per the current agreement.

STAFFING CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$4.3 million fund 195 budgeted positions of which 61 are regular positions and 134 are limited term positions.

The budget reflects a decrease of 10 budgeted positions as follows:

- Deletion of six vacant regular positions (one Revenue and Development Manager, one Staff Analyst II, one Fiscal Specialist and one Park Planner III, one Fiscal Assistant and one Office Assistant III). Four of these positions have been vacant for the majority of 2015-16, so the department is anticipating a negligible impact on administrative and operational functions.
- Deletion of four vacant limited term Public Service Employee positions.

DESCRIPTION OF MAJOR SERVICES

County Trails System was established by the Board of Supervisors and assigned to the Regional Parks Department as the steward charged with the development, operation and maintenance of regional trails throughout the County. This budget unit was established to follow compliance requirements for federal and state grant funding used in the development and construction of the trail system.

Currently, the Department has developed seven miles of the Santa Ana River Trail, linking to Riverside County and offering users over 22 miles on contiguous trail along the Santa Ana River.

San Manuel Amphitheater was established to account for lease payments received annually from the operators of the San Manuel Amphitheater at Glen Helen Regional Park. Each year, 70% of this revenue is transferred to the County General Fund to fund the cost of the amphitheater's debt service payment.

Amphitheater Improvements at Glen Helen was established to provide for improvements to the San Manuel Amphitheater at Glen Helen Regional Park. These improvements are designed to maintain the amphitheater and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This budget unit is funded jointly by deposits from the County and the operators of the amphitheater.

Park Maintenance/Development was established to provide for the maintenance, development and emergency repairs at all regional parks. The costs associated with this budget unit are funded through camping reservation fees.

Calico Ghost Town Marketing Services was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from Calico Ghost Town concessionaire operations and park admission fees are used to advertise and market several special events including Calico Days, Calico Ghost Haunt, Civil War, and Bluegrass in the Spring.

Off-Highway Vehicle License Fee was established by Off-Highway Vehicle (OHV) "in-lieu of taxes." Fees are provided from the California State Controller's Office based on the amount of OHV recreation in the County. The state collects these fees for each OHV identification plate sold by the Department of Motor Vehicles; four dollars from the fee of each plate goes into a pool of funds that are distributed statewide.

Fish and Game Commission was established to manage California's diverse fish, wildlife, plant resources and habitats. Its primary function is to act as the liaison between the State Department of Fish and Wildlife, the County Board of Supervisors (Board), and the public. This budget unit receives funding from fines imposed on hunting, fishing, and environmental infractions, as well as from the sale of shooting maps. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and its propagation in San Bernardino County.

County Trails System: Requirements of \$1.0 million include \$700,000 for finalizing the design, environmental costs, and acquiring trail right-of-way for Phase III (Waterman Avenue to California Street) of the Santa Ana River Trail (SART). An additional \$300,000 is for environmental/design for Reach "A" of Phase IV of the SART from California Street to Orange Street in Redlands (3.5 miles). Sources of \$602,000 include an allocation of Proposition 84 grant funds from the Coastal Conservancy for SART-Phase III and IV funding and an allocation of Local Transportation Funds from SANBAG for Phase III. This grant revenue is contingent upon initially incurring project expenses, which may create cash flow challenges for this fund. Use of Fund Balance is to assist with the design and environmental costs of the SART.

San Manuel Amphitheater: Requirements of \$1.4 million include payment to the County General Fund for the annual debt service cost on the amphitheater (\$1.0 million), transfers to the Regional Parks General Fund budget unit for upkeep and management of the amphitheater (\$395,000), and a transfer to the Amphitheater Improvements at Glen Helen fund (\$25,000) as required per the lease agreement with the operators of the amphitheater. Sources of \$1.5 million include \$1.4 million in rent from the operators of the amphitheater and \$60,000 for naming rights.

Amphitheater Improvements at Glen Helen: Requirements of \$225,000 include \$250,000 for the provision of maintaining the amphitheater to preserve quality entertainment experiences for its visitors, partially offset by a \$25,000 reimbursement from the San Manuel Amphitheater Fund that represents the County's contribution towards improvements at the amphitheater per provisions of the lease. Sources of \$27,020 reflect a matching contribution from the operators of the amphitheater of \$25,000 per the lease agreement and \$2,020 in interest earned throughout the year. Use of Fund Balance is for various improvements to the Amphitheater.

Park Maintenance/Development: Requirements of \$953,015 primarily represent the cost of a state grant project for a boat wash and road repairs at Moabi Regional Park for \$834,309, and a new point of sale system at all parks for \$100,000. Sources of \$838,000 are primarily due to state aid in the amount of \$750,000 to pay for the boat wash at Moabi and \$85,000 in reservation fees collected from campers. Fund Balance is being used in 2016-17 due to the delay of full reimbursement from the state for boat wash expenses.

Calico Ghost Town Marketing Services: Requirements of \$480,511 include \$289,648 for the cost of producing park special events, \$100,000 in advertising expense and \$90,863 for salaries & benefits transfers for program manager labor. Sources of \$423,800 primarily include special event gate revenue of \$336,000 and a percentage of rent payments received from Calico concessionaires specifically for advertising totaling \$84,800.

Off-Highway Vehicle License Fee: Requirements of \$700,585 primarily consist of Operating Transfers Out totaling \$400,188 for new construction of cabins at the Calico OHV campground. Also, \$224,334 is budgeted as transfers for salaries and benefits related to enforcement, safety and administration of off-highway vehicle development at Calico Ghost Town and Moabi Regional Park. Sources of \$305,000 represent the amount anticipated to be received from the state for the County's portion of off-highway vehicle registrations/licensing fees. California Public Resources Code 5090.50 specifies that these funds may be used for planning, acquisition, development, maintenance, administration, operation, enforcement, restoration, and conservation of trails, trailheads, areas and other facilities associated with the use of off-highway motor vehicles, and programs involving off-highway motor vehicle safety or education. One-time Use of Fund Balance is primarily for new construction of cabins at the Calico OHV campground.

Fish and Game Commission: Requirements of \$7,730 includes administrative costs and printing expenses for shooting maps. Sources of \$6,020 include revenue from fines imposed on hunting, fishing and environmental infractions in addition to sales of shooting maps. Use of Fund Balance of \$1,710 is for costs to print shooting maps in bulk to take advantage of quantity discounts. Fund Balance will be replenished over the next five years as maps are sold.

BUDGET CHANGES AND OPERATIONAL IMPACT

Significant budget changes for 2016-17 include the following:

- \$457,483 decrease in Operating Expenses primarily due to budgeting all park maintenance expenses in the Regional Parks General Fund budget unit instead of the Park Maintenance/Development special revenue fund.
- \$1.1 million decrease in Operating Transfers Out primarily due to a decrease in transfers to Real Estate Services – Project Management Division related to the Calico Ghost Town Off-Highway Vehicle campground “O” hook ups and to Regional Parks General Fund budget unit related to one-time park expenses in the prior year.
- \$562,799 decrease in Other Revenue due to less rent revenue earned from special events held at the San Manuel Amphitheater.
- \$300,000 increase in State/Fed/Other Government primarily due to state aid to pay for the boat wash at Moabi Regional Park.

ANALYSIS OF FUND BALANCE

The 2016-17 budget includes the Use of Fund Balance of \$1.1 million. The vast majority of fund balance being used is for one-time projects. The most significant of these projects include \$834,309 for the boat wash and road repairs at Moabi Regional Park and \$400,188 for the construction of new cabins at the Calico OHV campground.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with these budget units.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements include Staffing Expenses of \$37,702 and Operating Expenses of \$12,455 primarily associated with the ESDC and other Active Outdoors programs. Sources of \$28,855 are derived from anticipated vendor sponsorships and participation fees collected for these events.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$8,221 due to a reduction in Staffing Expenses and Operating Expenses in an effort to align expenditures with declining funding sources. Sources are decreasing by \$32,507 as the Park Maintenance/Development special revenue budget unit no longer supports Active Outdoors events.

ANALYSIS OF NET POSITION

A one-time Use of Net Position of \$11,906 will be used in 2016-17 as the department assesses the feasibility of increasing fees for participants of the Environmental Science Day Camp.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$9.6 million enable the department to conduct one major (November 2016), one minor (December 2016), and three special elections. This includes Staffing Expenses of \$3.4 million for 73 budgeted positions, Operating Expenses of \$6.2 million, and Capital Expenditures of \$28,000. Operating Expenses primarily consist of services and supplies of \$6.0 million for routine operations and election-related expenditures (such as temporary labor, ballots, postage, poll workers and other professional services). Capital Expenditures of \$28,000 include costs for purchasing election related equipment. Sources of \$2.4 million are derived from Secretary of State reimbursements (\$30,000), Program Grant (\$4,000), the sale of services and products including maps, voter files, and certified documents (\$20,600), and election services for participating jurisdictions (\$2.3 million).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements and related sources fluctuate based on a four-year election cycle. There are two scheduled elections occurring in 2016-17 (one major Presidential General election and one minor election). In addition, Requirements and Sources include the costs and revenue associated with three anticipated, but unscheduled, special elections.

Requirements are increasing by \$354,079 and Sources are increasing by \$112,850, primarily due to the changes in the number and type of elections. Net County Cost increases during Presidential election years due to a surge in the number of federal and state contests that the County is not reimbursed for. As such, Net County Cost is increasing by \$241,229.

BUDGET CHANGES AND OPERATIONAL IMPACT

In addition, various projects that were included in the 2015-16 budget are now complete. Sources are decreasing by \$1.3 million primarily due to moving the Lake Gregory Dam project to a capital improvement fund.

However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Fund Balance.

Six districts will contribute a total of \$455,157 to Fund Balance. BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$448,287 primarily due to a reduction of Operating Expenses in order to keep various budgets aligned with decreasing revenue. In addition, Operating Transfers Out are decreasing as projects were completed in 2015-16. Sources are decreasing by \$494,654 primarily due to the transfer of federal aid to fund conservation area improvements; this grant revenue is accounted for in a capital improvement project fund for 2016-17.

Fund Balance of \$296,485 will be used to support ongoing costs for 17 park districts. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Fund Balance in future years. Two road districts will contribute a total of \$88,076 to Fund Balance. Fund Balance may be allowed to build up over the 25% reserve threshold to fund significant, one-time expenditures. However, the department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to generally eliminate Fund Balance in excess of the reserve threshold. The majority of the increase from 2015-16 in departmental Fund Balance is a result of inflationary increases exceeding current year expenditures.

County Service Area 29 (Lucerne Valley) no longer has sufficient revenue to support the expense of one BG CSA 29 Public Service Employee (vacant) position. However, there will be minimum operational impact as existing staff will continue to provide the necessary support to the district. The other changes will better align positions with the duties being performed within districts.

Big Bear Valley Recreation and Park District – Requirements of \$2.6 million include Staffing Expenses to fund 42 positions of which 12 are regular positions and 30 are limited term, Operating Expenses for park and facility operations and maintenance, transfers for allocated indirect costs, Capital Expenditures for various park improvement projects including park improvements and the purchase of maintenance equipment, and Operating Transfers Out for the property tax allocation with Big Bear Alpine Zoo and to fund capital improvement projects for the zoo. Sources of \$2.3 million are primarily from property taxes, and fee/rate revenue from park programs, services, and concessions. Fund Balance of \$316,077 is being used for one-time capital asset purchases as well as to support the new zoo project. The department's available Fund Balance exceeds the 25% reserve threshold.

Big Bear Alpine Zoo – Requirements of \$1.4 million includes Staffing Expenses that fund 17 positions of which include 11 regular positions and 6 limited term positions; Operating Expenses for park and facility operations,

maintenance, animal feed, property rental, and professional veterinary services; and transfers for allocated indirect costs. Sources of \$1.2 million are primarily from fee/rate revenue for park admissions, park services, and concessions; Operating Transfers In from Big Bear Valley Recreation and Park District for property tax allocation; and interest earned on the Big Bear Alpine Zoo capital improvement project funds to assist in property rental costs until the Zoo is able to move to its new location. Fund Balance of \$171,915 is being used for a one-time Operating Transfer Out for the new zoo project as well as to support ongoing operations. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Fund Balance.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$42,826 primarily due to an increase in Operating Transfers Out to fund capital improvement projects. Sources are increasing by \$191,296 primarily due to an increase in anticipated property tax revenue.

ANALYSIS OF FUND BALANCE

It has been the department's practice that when available Fund Balance exceeds the 25% reserve threshold, it will use Fund Balance for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Fund Balance for ongoing operations. Fund Balance may be allowed to build up over the 25% reserve threshold to fund significant, one-time expenditures. However, the department will then review operations in an effort to make adjustments to expenses and/or revenue in order to generally eliminate Fund Balance in excess of the reserve threshold. The Use of Fund Balance of \$487,992 is primarily for one-time capital asset purchases and capital projects.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$248,921. This is primarily due to an increase in Operating Transfers Out to fund a road paving project in CSA 59 (Deer Lodge Park), as well as increased costs for road maintenance and an increase in administrative overhead charges. Sources are decreasing by \$251,122 primarily due to one-time revenue received in the prior year for an equipment purchase.

ANALYSIS OF FUND BALANCE

Thirty-four road districts will use a total of \$754,771 of Fund Balance to support ongoing costs. It has been the department’s practice that when available Fund Balance exceeds the 25% reserve threshold, it will use Fund Balance for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Fund Balance for ongoing operations.

Seven road districts will contribute a total of \$226,428 to Fund Balance. Fund Balance may be allowed to build up over the 25% reserve threshold to fund significant, one-time expenditures. However, the department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to generally eliminate Fund Balance in excess of the reserve threshold. The majority of the increase in departmental Fund Balance in prior years is a result of inflationary increases exceeding current year expenditures.

CSA 42 Oro Grande includes \$147,178 in requirements to fund operating and maintenance costs, transfers for allocated indirect costs and Operating Transfers Out to provide funding for capital improvement projects. Sources of \$217,732 are primarily from user fees, connection fees, and service charges. Contribution to Net Position of \$70,554 will support future operations. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate Net Position in excess of the reserve threshold.

CSA 64 Spring Valley Lake includes \$2.7 million in requirements to primarily fund operating and maintenance costs, transfers for allocated indirect costs and Operating Transfers Out to a replacement reserve fund for future capital improvement projects and depreciation for future replacement projects. Sources of \$2.1 million are primarily from property taxes, user fees, and service charges. Net Position of \$544,400 is being used to support ongoing operations. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

CSA 70 CG Cedar Glen includes \$544,929 in requirements to fund operating and maintenance costs, transfers for allocated indirect costs, Operating Transfers Out to a replacement reserve fund for future capital improvement projects and debt service. Sources of \$447,771 are primarily from user fees, service charges, and special assessments. Net Position of \$97,158 is being used to support ongoing operations. It has been the department's practice that when available Net Position exceeds its 25% reserve threshold, as is the case with this fund, it will use Net Position for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

CSA 70 F Morongo Valley includes \$188,916 in requirements to fund operating and maintenance costs and transfers for allocated indirect costs. Sources of \$139,338 are primarily from user fees, and service charges. Net Position of \$49,578 is being used to support ongoing operations. It has been the department's practice that when available Net Position exceeds its 25% reserve threshold, as is the case with this fund, it will use Net Position for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

CSA 70 J Oak Hills includes \$2.9 million in requirements to fund operating and maintenance costs, transfers for allocated indirect costs, Operating Transfers Out to a replacement reserve fund for future capital improvement projects and debt service. Sources of \$2.7 million are primarily from user fees, and service charges. Net Position of \$283,207 is being used to support ongoing operations. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

CSA 70 W-1 Goat Mountain was annexed to Bighorn Desert View Water Agency (Agency) effective July 1, 2015. This was a result of a Local Agency Formation Commission (LAFCO) of San Bernardino action. However, requirements of \$2,358 are to pay for the Countywide Cost Allocation Plan (COWCAP) charges that are charged two years in arrears.

CSA 70 W-3 Hacienda includes \$242,923 in requirements to fund operating and maintenance costs, transfers for allocated indirect costs, and Operating Transfers Out to a replacement reserve fund for future capital improvement projects. Sources of \$210,798 are primarily from user fees and service charges. Net Position of \$32,125 is being used to support ongoing operations. The department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

CSA 70 W-4 Pioneertown includes \$154,302 in requirements to fund operating and maintenance costs, transfers for allocated indirect costs and Operating Transfers Out to a replacement reserve fund for future capital improvement projects. Sources of \$127,862 are primarily from user fees and service charges. Net Position of \$26,440 is being used to support ongoing operations. It has been the department's practice that when available Net Position exceeds its 25% reserve threshold, as is the case with this fund, it will use Net Position for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$3.6 million primarily due to a decrease in Operating Expenses for one-time project costs for meter installations in multiple districts. Sources are decreasing by \$3.4 million primarily due to the elimination of one-time operating transfers in from other funds for the meter projects in 2015-16.

ANALYSIS OF NET POSITION

In 2016-17, seven water districts will use a total of \$1.0 million of Net Position to support ongoing costs. It has been the department's practice that when available Net Position exceeds the 25% reserve threshold, it will use Net Position for operations. However, once reserves have been brought within the 25% reserve threshold, the department will review operations in an effort to make adjustments to expenses and/or revenue in order to eliminate reliance on Net Position for ongoing operations. The majority of the decrease in Net Position is a result of one-time meter projects that are approaching completion as well as a reduction in revenue due to water conservation efforts related to the drought.

One water district will contribute \$70,554 to Net Position. Net Position may be allowed to build up over the 25% reserve threshold to fund significant, one-time expenditures. However, the department is reviewing operations in an effort to make adjustments to expenses and/or revenue in order to generally eliminate Net Position in excess of the reserve threshold. The majority of the increase in departmental Net Position in prior years is a result of inflationary increases exceeding current year expenditures.

SPECIAL DISTRICTS CAPITAL IMPROVEMENT PROGRAM

Jeffrey O. Rigney

DEPARTMENT MISSION STATEMENT

The Capital Improvement Program receives and evaluates capital expenditure requests; recommends priorities for the acquisition or improvement of land, facilities, and infrastructure; oversees and monitors major capital projects; and guides growth and change of County facilities and infrastructure by anticipating future needs.

2016-17 SUMMARY OF BUDGET UNITS

Funding for capital projects is included in Capital Improvement Program funds for Special Districts General, Parks, Roads, Sanitation, and Water County Service Areas and Zones.

DESCRIPTION OF MAJOR SERVICES

The Capital Improvement Program (CIP) is an internal planning tool administered by the Special Districts Department to provide the Board of Supervisors (Board) with information to assist in the decision-making process for the allocation of limited resources to capital projects. The CIP provides for the acquisition, construction, reconstruction, fixtures and equipment, renovation, rehabilitation or replacement of facilities, equipment, and infrastructure with a life expectancy of at least five years and capital costs of \$5,000 or more. The program:

- Recommends priorities for capital projects based on capital improvement criteria for Special Districts general, parks, roads, sanitation, and water facilities and infrastructure;
- Prepares the annual CIP budget, monitors and directs implementation of approved projects through the department;
- Provides direct oversight for major capital projects;
- Performs long-range planning to:
 - Link department capital and operational budget plans to countywide strategic plans,
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large-scale projects to repair and rehabilitate department assets,
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions,
 - Identify future infrastructure needs of the department, and
 - Develop formal estimates of costs and seek adequate project funding.

BUDGET HISTORY

The CIP is funded by a number of sources, including the County General Fund, and County Service Area (CSA) and Improvement Zone operating, reserve funding, and various other funding sources including grants. The department's CIP includes construction, rehabilitation, and repair projects for numerous facilities, structures, and infrastructure.

ANALYSIS OF 2016-17 RECOMMENDED BUDGET

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$22.9 million include the following:

- Staffing Expenses of \$20.5 million to provide administrative, finance, and support services.
- Operating Expenses of \$9.5 million for various costs including hazard abatement, airborne search and rescue, training, equipment/vehicle maintenance, facilities, warehouse, communications, and special programs.
- Capital Expenditures of \$4.6 million include County Fire's replacement plan for vehicles, apparatus and other major equipment.

These costs are partially offset through Reimbursements of \$11.7 million primarily from County Fire's other budget units, including the four Regional Service Zones, Office of the Fire Marshal, and the Office of Emergency Services, to fund administrative and support services functions.

Sources of \$22.9 million primarily include the following:

- Property taxes of \$9.2 million.
- Fee/Rate revenue of \$3.8 million from contract cities, state grants, an agreement with the Land Use Services Department for hazard abatement, and various Board-approved fees.
- Operating Transfers In of \$9.5 million include the following:
 - \$3.7 million from County Fire reserves to fund various equipment/vehicle purchases and capital improvement projects.
 - \$5.8 million from the County General Fund of which \$3.5 million is for the vehicle replacement program and \$2.3 million is to assist with operational costs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.7 million which includes these significant changes:

- \$4.3 million increase in Staffing Expenses primarily due to an increase in Budgeted Staffing of 21 positions, as detailed in the Staffing Changes and Operational Impact Section. This increase also includes the additional costs from negotiated salary increases.
- \$372,820 decrease in Operating Expenses primarily due to the completion of various grant funded projects in 2015-16.
- \$565,745 decrease in Capital Expenditures primarily due to less grant funds available for equipment purchases.

Sources are increasing by \$8.2 million which includes these significant changes:

- \$1.6 million of additional property taxes. Of this increase, \$1.3 million is attributed to annexation of the San Bernardino City Fire Department.
- \$763,113 decrease in State/Fed/Other Government revenue primarily due to less grant funds anticipated for 2016-17.
- \$2.1 million increase in Fee/Rate revenue primarily due to:
 - \$1.2 million of additional fire prevention fees resulting from annexation of the San Bernardino City Fire Department.
 - \$600,000 from the Land Use Services Department for hazard abatement services.
- \$5.9 million increase in Operating Transfers In, of which \$5.6 million of this increase is from the County General Fund to assist with the replacement of aging fire apparatus and the cost of operations.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$3.8 million. This increase is primarily due to costs associated with the addition of Fire Station #421 through annexation of the Twentynine Palms Water District's fire responsibilities, replacement of limited term to regular positions at Fire Station #45, and expansion of the IGT program.

Sources are increasing by \$6.2 million as follows:

- \$464,137 increase in property taxes based primarily on 2015-16 estimates and no growth.
- \$479,569 increase in State/Federal/Other Government revenue from continued participation in the IGT program that funds Medicaid managed care costs.
- \$2.1 million of additional Fee/Rate revenue due to an increase in special tax proceeds resulting from annexation of the Twentynine Palms Water District's fire responsibilities into Service Zone FP-5.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$65.7 million primarily include the following:

- Staffing Expenses of \$52.6 million to provide fire protection, paramedic, and administrative services to the regional service zone.
- Operating Expenses of \$14.1 million for operations of 26 fire stations including facility costs, equipment, vehicle services, and various other services/supplies.

Sources of \$65.5 million primarily include property taxes of \$30.6 million and Fee/Rate revenue of \$34.5 million from contracts and special assessment taxes.

Within the Valley Regional Service Zone, there are two Paramedic Service Zones (Service Zones): PM-2 Highland and PM-3 Yucaipa that are funded by voter approved special taxes. Additionally, there is one Fire Protection Service Zone (Service Zone): FP-5 San Bernardino City which is funded by a voter approved special tax. The following is more detail of these service zones:

Service Zone PM-2 Highland special tax was originally authorized by the Board of Supervisors on July 1985 (originally under CSA 38 L Zone PM-2). Service Zone PM-2 provides paramedic services to the unincorporated area of Highland and the unincorporated area of San Bernardino. These services are funded by a special tax not to exceed \$19 per residential unit and \$38 per commercial unit, with no annual inflationary increase as approved by the voters on November 5, 1995. These maximum special tax rates are budgeted for this fiscal year. There are currently 5,360 residential dwelling units and 82 commercial units for which this special tax is applicable.

Service Zone PM-3 Yucaipa special tax was authorized by the Board of Supervisors in December 1986 (originally under CSA 38 M Zone PM-3) and the City of Yucaipa detached from the service zone in July 1999. Service Zone PM-3 provides paramedic services to the unincorporated area of Yucaipa through a contract with the City of Yucaipa. Services are funded by a special tax not to exceed \$24 per residential unit and \$35 per commercial unit with no annual inflationary increase, as approved by the voters on June 2, 1987. There are currently 224 residential units and 78 commercial units for which this special tax is applicable.

Service Zone FP-5 San Bernardino City special tax was originally approved by the Board of Supervisors in April 2006 (originally under CSA 70 Zone FP-5). Approval of the San Bernardino City Fire reorganization includes annexation into the Service Zone FP-5, which includes a special tax for funding of fire protection and emergency medical response services. This special tax has an annual inflationary rate of up to a maximum 3% increase. The current special tax rate for FP-5 is \$148.23 per parcel and is presently applicable to 53,180 parcels. Services are provided through Fire Stations #221, #222, #224, #225, #226, #227, #228, #229, #231 and #232.

Within the Valley Regional Service Zone, San Bernardino County Fire Protection provides contract fire suppression, emergency medical response, and emergency management services to the Fontana Fire Protection District.

Hazardous Materials

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk department that provides for the oversight and regulation of all commercial hazardous materials and wastes within the County. The Hazardous Materials (HazMat) Division functions to protect the health and safety of the public and the environment of the County of San Bernardino by assuring that hazardous materials are properly handled and stored.

The following three HazMat programs provide services to all businesses in all cities within the County through inspection, emergency response, site remediation, and hazardous waste management:

- Certified Unified Program Agency (CUPA) that inspects approximately 7,500 facilities annually to ensure the proper management of hazardous materials and wastes in six areas of State regulatory concern.
- Underground Storage Tank (UST) that involves the construction, removal, and monitoring of about 800 underground storage tanks which has led to the investigation of leaks at hundreds of facilities. Staff in this program insures mediation efforts to remove the contamination and protect ground water.
- Hazardous Materials Response Team provides emergency response to, and investigation of, all releases of hazardous materials. This 24/7 team responds to all types of hazardous material releases from businesses, pipelines, tanker trucks and rail cars. The team develops Hazardous Materials Release Response Plans and Inventory (Business Plans). The team is capable of mitigating the release and ensures that any contamination resulting from the spill or release is remediated below any level of health risk concern. If there is any sign of misconduct, the program contacts the County Environmental Crimes Task Force that coordinates all investigatory activity with the District Attorney's office.

Homeland Security Grant Program

DESCRIPTION OF MAJOR SERVICES

The California Governor's Office of Emergency Services (CalOES) operates in accordance with the provisions of the Governor's Reorganization Plan No. 2 (Government Code Section 8585 (a)(1)), dated May 3, 2012. Since 1999, County Fire's Office of Emergency Services (County OES) has received grant funds through CalOES from the Federal Emergency Management Agency (FEMA) for terrorism risk capability assessments and eligible equipment for Emergency First Responders. The Homeland Security Grant Program (HSGP) is one tool amongst a comprehensive set of federal measures administered by CalOES to help strengthen the state against risks associated with potential terrorist attacks. CalOES has annually approved and awarded this grant to County Fire OES. The acceptance of this grant continues San Bernardino County's efforts, through the oversight of County Fire, of implementing the federal grant's objectives/strategies, effectively preparing for incident situations, and responding to catastrophic events.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$4.4 million include Operating Expenses of \$3.4 million that primarily represent transfers to other County Fire budget units and sub-recipients of the HSGP as reimbursement for project costs. In addition, Operating Transfers Out of \$999,606 are primarily to the following participating County entities: Sheriff/Coroner/Public Administrator, Public Health, ICEMA, and other County departments for grant expenditures related to terrorism risk capability assessments, planning, and eligible equipment purchases.

Sources of \$4.4 million represent grant funding awarded from FEMA, through CalOES, for the HSGP.

BUDGET CHANGES AND OPERATIONAL IMPACT

A decrease in both Requirements and Sources of \$620,210 is primarily due to the closure of two prior grant award periods for HSGP funded projects.

ANALYSIS OF FUND BALANCE

There is no Use of Fund Balance budgeted.

STAFFING CHANGES AND OPERATIONAL IMPACT

There is no staffing associated with this budget unit.

Household Hazardous Waste

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk Department that provides a nationally recognized award-winning program Household Hazardous Waste (HHW) for management of hazardous waste generated by the communities in San Bernardino County. HHW provides full service activities that include the collection, packaging, transportation, re-use, recycling, and ultimately environmentally safe disposal of hazardous waste. The program re-uses or recycles hundreds of thousands of pounds of waste mostly comprised of used paint, used oil, batteries, pesticides and other household chemicals that cannot be put down the drain or be dumped in the landfill. The HHW program also conducts public education programs and activities to reduce or eliminate the impact of these hazardous wastes on public health and the environment. The program contracts with every city and town in the County, except the City of Fontana who operates their own program, to make these services available to almost every single resident within the County service areas.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$3.3 million primarily represent:

- \$1.6 million of Staffing Expenses to provide full service activities for the collection, packaging, transportation, re-use, recycling and ultimate environmentally safe disposal of HHW.
- \$1.6 million of Operating Expenses for the operations and administrative support to fulfill contracts with 23 of the 24 cities and towns within the County, which ensures that these services are available to virtually all residents within the County.

Sources of \$3.3 million primarily include:

- \$2.3 million in State/Fed/Other Government aid (\$2.0 million from participating contract cities and \$250,000 in state grants).
- \$567,509 in Fee/Rate revenue (\$411,509 in special assessment taxes and \$156,000 from fees for services provided).

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$100,729 primarily due to increased costs for disposal services. Sources are also increasing by \$100,729 primarily due to an Operating Transfer In from the Hazardous Materials Division to assist Household Hazardous Waste with funding operational costs.

ANALYSIS OF FUND BALANCE

There is no Use of Fund Balance budgeted.

Office of Emergency Services

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk department providing emergency management and disaster planning and coordination throughout the County through its Office of Emergency Services (OES). OES functions as the lead agency for the San Bernardino County Operational Area (OA). While County OES does not directly manage field operations, it ensures the coordination of disaster response and recovery efforts through day-to-day program management, and is instrumental in coordination during a disaster or emergency. As part of disaster preparation, response, and mitigation, OES specifically provides support and assistance to all 24 cities and towns, as well as all the unincorporated portions of the County. OES, as an agency, represents two facilities: the Valley Emergency Operations Center (EOC) in Rialto and the High Desert Public Safety Operations Center (PSOC) in Hesperia. OES operates as the single point of contact for the California Office of Emergency Services (Cal OES) for all County activities. OES manages numerous grants totaling millions of dollars such as the Homeland Security Grant Program (HSGP), the Emergency Management Performance Grant (EMPG), and Urban Areas Security Initiative (UASI), among many others. OES is also responsible for developing and implementing numerous County-wide plans such as the Hazard Mitigation Plan, the Mass Care and Shelter Plan, and the Catastrophic Recovery Plan. OES also coordinates various task forces and boards such as the County’s Flood Area Safety Taskforce.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$2.9 million primarily include:

- Staffing Expenses of \$1.8 million to provide emergency management and disaster planning/coordination throughout the San Bernardino County Operational Area.
- Operating Expenses of \$2.4 million for costs to support and assist 24 cities and towns within the County, as well as all the unincorporated portions of the County. Also included are operating costs for two facilities, vehicles and equipment; grant related expenses; and various services/supplies.

These expenses are partially offset through Reimbursements of \$1.4 million primarily from the Homeland Security Grant Program budget unit.

Sources of \$2.8 million primarily represent \$838,535 in grant funding and a \$1.9 million allocation from the County General Fund to assist with operational costs of OES.

BUDGET CHANGES AND OPERATIONAL IMPACT

Significant changes in Requirements include:

- \$171,286 decrease in Staffing Expenses primarily due to the deletion of a Staff Analyst II position.
- \$457,776 increase in Operating Expenses primarily due to additional costs related to the Valley Emergency Operations Center (EOC) Compound Security Project; inventoriable equipment purchases; and COWCAP charges.
- \$241,911 decrease in Capital Expenditures for fewer grant-funded purchases of equipment, vehicles and capitalized software in 2016-17.

Sources are decreasing by \$88,040 primarily due to less grant funds expected in 2016-17.

ANALYSIS OF FUND BALANCE

This budget reflects the Use of Fund Balance of \$105,620 for parking lot improvements at the Valley EOC (\$79,000) and other smaller one-time projects.

TERMINATION BENEFITS AND CAPITAL IMPROVEMENT/REPLACEMENT SET-ASIDES

Termination Benefits and Capital Improvement/Replacement Set-Asides are funded with one-time sources of revenue. The amount set-aside for Termination Benefits provides a funding source to offset costs incurred for employee termination benefits. Capital Improvement/Replacement Set-Asides are established for specific capital projects or future capital needs, as well as for the purchase of new/replacement vehicles and other equipment.

The 2016-17 budget includes requirements of (\$341,640) in Termination Benefits Set-Asides for a contribution from County Fire operating funds. Rather than displaying this amount in requirements, the (\$341,640) is reflected in the above table as a reduction in available reserves for Termination Benefits.

* Included in the \$2.5 million available reserves for the North Desert Regional Service Zone is \$806,500 received from various solar companies specifically earmarked for SBCFPD capital costs resulting from development of solar projects in this regional service zone.

** Included in the \$5.6 million of available reserves for the Valley Regional Service Zone is \$1.8 million received from the City of San Bernardino specifically earmarked for future station and vehicle replacement.

In-Home Supportive Services Public Authority

DESCRIPTION OF MAJOR SERVICES

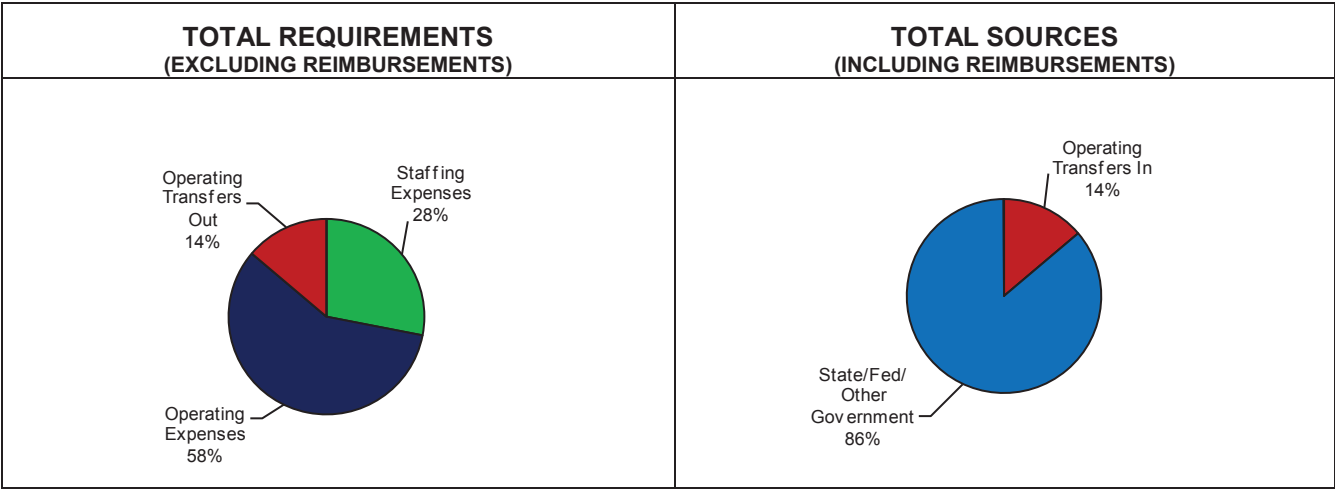

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Requirements of \$7.8 million consist of the following:

- Staffing Expenses of \$2.2 million which funds 42 positions.
- Operating Expenses of \$4.5 million which is made up of services and supplies, licensing and maintenance of the annual registry and provider health benefits database, provider and staff training, provider background investigations and finger printing, COWCAP, and payments for provider health benefits.
- Operating Transfers Out of \$1.1 million to the HS Administrative Claim budget unit which represents the required local share match payment to the state for Public Authority (PA) administration and health benefits as part of the mandated Maintenance of Effort (MOE) agreement. The HS Administrative Claim budget unit makes the entire match payment, which includes provider wages, for all IHSS MOE components.

State, Federal and Other Government revenue of \$6.7 million represents the state and federal mandated share of PA expenditures.

Operating Transfers In of \$1.1 million represents funding for the match mandated by state legislation due to the changes made to the IHSS MOE funding structure. This is funded with the 1991 Realignment transferred from the HS Administrative Claim budget unit.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are increasing by \$453,623 due to an increase in Staffing Expenses of \$494,188 as a result of adding a net 10 positions. New responsibilities mandated by state and federal agencies, such as fingerprinting requirements of IHSS Providers, and new federal legislation on overtime and services for homecare workers, results in a request for the addition of those new positions.

Operating Expenses are decreasing by \$68,121 as a result of decreases in lease costs and HS administrative support due to the completion of IT projects.

Sources are increasing by \$453,623. This is primarily due to an increase in available federal/state funding of \$414,567. Additionally Operating Transfers In of Realignment revenue is increasing by \$36,556 to fund an increase in the MOE as mandated by state legislation.

ANALYSIS OF FUND BALANCE

IHSS Public Authority is fully reimbursed from federal and state funding sources with a required match which is funded with 1991 Realignment. Typically there is no use of Fund Balance.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Staffing Expenses of \$1.9 million fund 19 budgeted positions.

Operating Expenses of \$2.1 million are primarily comprised of computer software of \$140,852, special department expense of \$212,223 required for the Hospital Preparedness Program, professional and specialized services of \$466,000, software maintenance of \$189,400 for the ongoing ePCR system, and transfers of \$451,750 for building leases and central services.

Sources of \$4.1 million are primarily comprised of state and federal grant funds, fines and penalties, fees for licenses and permits, and performance based contract revenues.

BUDGET CHANGES AND OPERATIONAL IMPACT

Requirements are decreasing by \$101,637 primarily due to reductions in Staffing Expenses and no planned Capital Expenditures.

Sources are decreasing by \$120,704 primarily due to a reduction in Maddy funds (SB612) received. The Maddy funds are derived from additional penalties assessed on fines and bail forfeitures that the courts collect for certain criminal offenses and motor vehicle violations. These funds are used for emergency services and payment to trauma and emergency physicians and hospitals.

ANALYSIS OF FUND BALANCE

The department expects to have a contribution to Fund Balance of \$88,088 in 2016-17. The majority of the increase in departmental Fund Balance is a result of no planned Capital Expenditures in 2016-17 and cost savings from staffing reorganizations.

2015-16 MAJOR ACCOMPLISHMENTS

- Leveraged the value of 11 Project Based Vouchers to assist in completing the overall financing package of the Bloomington Groves Apartments, a 106-unit housing development that includes a public library that is part of Phase 1 of the greater 190-unit affordable mixed-generational housing development in the community of Bloomington that will provide 55-year affordable housing to residents. The additional rent revenues created from the Project-Based Vouchers will be utilized to help offset the high cost of new project infrastructure required to build in this unincorporated area of the County.
- Through career readiness coaching, onsite Workforce Development Specialist services, and in partnership with the County's Workforce Development Department and Transitional Assistance Department (TAD), families participating in the agency's Five-Year Lease Assistance Program achieved a 35.5% increase from part-time to full-time employment, a 41% increase from unemployed to employed, a 50% high school education attainment rate (for those without a high school education), a 48% increase in income from wages, and a 66% decrease in income from welfare.
- Closed the agency's first Rental Assistance Demonstration (RAD) transaction with developer partner National Community Renaissance that provided partial financial assistance for the revitalization of the initial phase of the Waterman Gardens Neighborhood, that when complete will include over 400 mixed-income housing units as well as other public and private uses intended to revitalize and provide economic advancement for one of the City of San Bernardino's most distressed areas.
- Received an award of \$1.1 million from TAD to administer the new CalWORKs Housing Support Program which promotes housing stability for homeless families, reducing the likelihood of families recidivating into homelessness.
- Contracted with Knowledge, Education for Your Success, Inc. (KEYS), a non-profit organization that has taken a leadership role in providing wraparound case management services to help families move from poverty to economic mobility, resulting in the opportunity to serve 582 families and provide housing for 338 families.
- Provided 50-Project Based Vouchers to support Phase 1 of Horizons at Yucaipa, a 77-unit senior apartment complex, of which 10 of the 77-units will be set aside for seniors participating in the Mental Health Services Act program. The Project Based Vouchers provide for deeper subsidies making these units affordable to extremely low income families (families at or below 30% of the area median income).
- Continued the No Child Left Unsheltered (NCLU) program that houses chronically homeless children and their families, expanding beyond the initial 10-public housing units to house 40 additional families in various apartment complexes owned and managed by HACSB.
- Assisted 29 families to become new homeowners through the homeownership program, transitioning those who currently receive rental subsidies to permanent, stable housing.
- Closed and transitioned 552 units through HUD's Rental Assistance Demonstration Program from Public Housing to the Project Based Voucher Program (50% of the Public Housing Portfolio) providing these subsidized units with stabilized funding.
- Provided long-term rental assistance through the Veterans Affairs Supportive Housing (VASH) program to 109 homeless veteran families (a 54% increase in families housed), leading the fight to end veteran homelessness within the County by December 2015.

MAJOR REQUIREMENTS AND SOURCES IN 2016-17 RECOMMENDED BUDGET

Total Requirements of \$308.0 million primarily consists of Operating Expenses of \$107.2 million which includes payments of \$80.2 million related to Housing Assistance payments, Staffing Expenses of \$13.2 million, Capital Expenditures of \$6.3 million, and Operating Transfers Out of \$181.3 million.

Sources of \$309.4 million are primarily related to federal grant revenue of \$97.1 million and Operating Transfers In of \$181.3 million. The federal grants include the Affordable Housing grant, Capital Fund, and the Housing Choice Voucher programs.

The Operating Transfers In/Out reflects the movement of funds related to the Moving to Work Program. HACSB has been designated as a Moving to Work agency and funding transferred between the Affordable Housing, Capital Fund, and Housing Choice voucher programs is required to be shown as Operating Transfers In/Out.

BUDGET CHANGES AND OPERATIONAL IMPACT

Total Requirements are increasing by \$28.1 million primarily due to increases of \$3.8 million in payments for Housing Assistance (Operating Expenses), \$822,792 in Staffing Expenses, and \$4.5 million in Capital Expenditures.

Sources are increasing by \$28.5 million primarily due to increases in state and federal funding including increases of \$4.5 million in the Capital Fund Program and \$5.7 million in the Housing Choice Voucher program, which is

partially offset by a decrease of \$2.8 million in Affordable Housing Program funding. The increase in the Housing Choice Voucher program is mainly due to the HACSB conversion to the Rental Assistance Demonstration (RAD) Program which converts Affordable Housing units to the RAD program.

ANALYSIS OF NET POSITION

Estimated Net Position Available in the amount of \$102.0 million is available for expenditures relating to the various programs of HACSB. A majority of this Net Position is restricted to U.S Department of Housing and Urban Development (HUD) funded programs which include the Affordable Housing, Capital Fund, Housing Choice Voucher, and the Moving to Work program.

Net Position also includes revenue from HACSB’s Owned and Local Fund programs. This portion of Net Position can be used to expand housing in these programs depending on needs identified by HACSB.

CAPITAL IMPROVEMENT PROGRAM

Gary McBride

DEPARTMENT MISSION STATEMENT

The Capital Improvement Program receives and evaluates capital expenditure requests, recommends priorities for the acquisition or improvement of land, facilities and infrastructure, oversees and monitors major capital projects, and guides growth and change of County facilities and infrastructure by anticipating future needs.

ORGANIZATIONAL CHART

2016-17 SUMMARY OF BUDGET UNITS

Funding for capital projects is included in the Real Estate Services Department-Project Management Division Capital Improvement Program (CIP) funds, and specific Arrowhead Regional Medical Center, Airports, Regional Parks, Transportation, and Solid Waste Management CIP funds.

DESCRIPTION OF MAJOR SERVICES

The Capital Improvement Program (CIP) is an internal planning tool administered by the County Administrative Office (CAO) to provide the Board of Supervisors (Board) with information to assist in the decision-making process for the allocation of limited resources to capital projects. The CIP provides for the acquisition, construction, reconstruction, initial fixtures and equipment, renovation, rehabilitation or replacement of facilities or equipment with a life expectancy of at least five years and capital costs in excess of \$5,000. The program:

- Receives and evaluates requests to lease or expand leased space or to vacate, occupy, alter, remodel or construct County-owned space, land, or facilities
- Recommends priorities for capital projects based on criteria in the Capital Budget Policy for government facilities, regional parks, airports, transportation, and solid waste facilities
- Prepares the annual CIP budget, monitors and directs implementation of approved projects through the Real Estate Services Department – Leasing and Acquisition Division (RES-LAD) and Project Management Division (RES-PMD), Airports, Regional Parks and Public Works departments
- Provides direct oversight for major capital projects
- Develops and implements facility standards and maintains land and building inventories
- Performs long-range planning to:
 - Link department capital and operational budget plans to Countywide strategic plans
 - Conduct physical condition assessments through periodic surveys of facilities to identify major, large-scale projects to repair and rehabilitate County assets
 - Identify opportunities for energy efficiencies, life-cycle increases, and maintenance operating cost reductions
 - Identify future space and infrastructure needs of the County
 - Develop formal estimates of costs and seek adequate project funding, and
 - Identify opportunities for public-private partnerships for the development of County facilities.

BUDGET HISTORY

The CIP is funded by a number of sources, including the County general fund and various other funding sources:

- Discretionary General Funding: Funded from County general fund discretionary dollars provided to CIP for general fund projects.
- Other Funding: The underlying funding source is from a department using a funding source over which the Board has discretion (such as realignment, fines and forfeitures, special revenue, or internal service funds such as Risk Management and Fleet Management), or is from a dedicated source for a specified purpose (such as grants, Inmate Welfare Fund, enterprise funds, Courts, Library, fees, dedicated gas and sales tax, and state and federal aid).

The County's CIP includes construction, rehabilitation, and repair projects for numerous facilities and structures. Solid Waste Management and Transportation Division (road) projects are administered by the Department of Public Works (DPW). RES-PMD administers projects for all others, including Arrowhead Regional Medical Center (ARMC), Airports, Regional Parks, general fund departments, and Community Development and Housing (CDH).

CIP funds are budgeted in various capital budget units and expended in various capital asset object codes for County-owned facilities: 4005-Land, 4010-Improvements to Land, 4030-Structures and Improvements to Structures, 4040-Equipment and 5010/5012-Transfers.

The amount of Discretionary General Funding (Net County Cost) for CIP varies annually based on available one-time funding. The following chart demonstrates the Board's commitment in recent years to address the backlog of deferred maintenance projects for County buildings and infrastructure. General fund contributions to CIP over the past five years total **\$286.3 million**. Contributions have averaged approximately \$57.3 million per year.

IMPACT OF CAPITAL IMPROVEMENT PROJECTS ON OPERATING BUDGETS

The County has a separate capital budget policy. This policy directs that project proposals should indicate the project's impact on the operating budget, including, but not limited to, long-term maintenance and operational costs necessary to support the facility. The plan for funding projected staffing, operation and maintenance, and utility costs must be identified as part of the approval process for each capital project.

Operational impacts resulting from new construction, major remodels, and expansion projects, such as operating expenses and new staffing costs, are summarized in the discussion of the individual new and carryover major projects that follow.

Operating expenses such as maintenance, grounds, custodial and utility costs are budgeted in the Real Estate Services Department – Facilities Management and Utility budgets. County departments reimburse these costs quarterly or through the Countywide Cost Allocation Plan. New staffing and other operational costs incurred as a result of new construction, expansions or major remodels are budgeted in the individual County department budgets.

2016-17 RECOMMENDED BUDGET

In August 2015, County departments were requested to provide a five-year projection of their capital requirements. The 2016-2021 5-Year Capital Improvement Program Plan was completed in December 2015. That document included information on Major Capital Improvements that are currently in progress, and projects proposed by County departments and Special Districts to commence within the next five years. It is intended to be a tool for management and the Board to prioritize capital needs, develop funding plans, and stay informed about the progress of multi-year projects. This document was produced prior to the call for CIP projects for 2016-17.

On December 18, 2015, County departments were requested to submit CIP requests for projects to commence in 2016-17. The CAO received 206 requests from 23 departments with an estimated total project cost of \$180.4 million. Departments submitting more than one CIP request prioritized their requests. CIP requests were also submitted by RES-PMD and Real Estate Services - Facilities Management Division for Maintenance and Non-Major CIP projects.

The CIP budget includes a base budget allocation for Maintenance and Non-Major CIP projects. The base budget allocation for Maintenance and Non-Major CIP projects was \$12.0 million for 2015-16. For 2016-17, the CAO is recommending that the base budget allocation for CIP remain the same. This recommended funding level will allow the County to continue to invest in County building assets at an acceptable level. The following are recommended to be funded from the base budget allocation of **\$12.0 million** for 2016-17:

REVIEW OF CARRYOVER PROJECTS

Large capital projects often span more than one fiscal year and project balances are carried over annually until project completion. Carryover projects administered by RES-PMD have projected carryover balances of approximately \$167.0 million. Carryover projects administered by the Department of Public Works have projected carryover balances of \$52.9 million. Table 2 provides a summary of all Carryover Projects.

Following is a status of the large carryover construction projects administered by RES-PMD:

Project	Total Project Cost	Carryover Balance
<p>800 MHz Upgrade Project</p> <p>In 2011-12, the Board approved an annual set aside to fund an 800 MHz digital radio system upgrade for public safety. The total estimated project cost is \$158.2 million. \$101.9 million has been funded in prior years, a \$3.8 million rebate was received from Sprint for equipment purchases, and \$8.5 million of one-time funding is recommended to be transferred from the Fire Consolidated Headquarters Complex Acquisition Project (the \$8.5 million is a portion of \$12.0 million, which was funded by a reduction of the County Fire Subsidy in 2015-16, which was used to establish reserves for Fire Facilities), and \$17.9 million of ongoing funding is proposed for 2016-17 bringing the total funded to date to \$132.1 million.</p> <p>In December 2013, the Board approved an amendment to Motorola's agreement and an agreement with Aviat Networks for equipment services to upgrade the Public Safety Radio System and Microwave Network. The upgrade project is being implemented in six phases over seven years. The project is in the fourth year with completion planned for December 2020. 20% of the existing radio sites have been converted to digital operation and 18% of the microwave transport interlinks have been installed and are operational. Approximately \$71.9 million has been expended or encumbered to date. During 2016-17, the top priorities of the project continue to center on construction and implementation of new radio equipment buildings and towers in strategic locations to enhance signal coverage, and the continued installation of upgraded microwave radio equipment to link dispatch centers with public safety agencies and</p>	\$158.2 million	\$33.2 million*

<p>800 MHz Upgrade Project (Continued) responders throughout the County. Work continues to convert the existing fleet of mobile and portable radios, preparing them to support full digital operation. To date, 38% of the fleet conversion work has been completed.</p> <p>Operational Impact: There are no additional staffing costs associated with this project. Ongoing lease and operations and maintenance costs for additional radio communication sites will be determined as the project progresses. Information Services Department Telecommunications budget (IAM ISD) costs are funded by Board approved Internal Service Fund rates and charged to internal and external public safety radio system users.</p> <p>*Budgets of \$9.4 million were distributed to individual 800 MHz project locations. Current carryover balances for those projects are \$1.1 million.</p>		
<p>County Buildings Acquisition and Retrofit Project In 2011-12, the Board allocated one-time Discretionary General Funding of \$30.0 million to acquire office space, complete tenant improvements to existing buildings, and seismically retrofit and modernize certain existing buildings in San Bernardino. Since that time, additional funding has been allocated to this project bringing total funding to \$83.7 million (\$78.5 million of Discretionary General Funding; \$2.0 million from Probation AB 109 fund balance for the 157 Building Seismic and Remodel Project located at 157 W. 5th Street in San Bernardino; \$2.0 million from County Fire Household Hazardous Waste; \$720,000 from the District Attorney budget; and \$475,000 from Purchasing Surplus Internal Service Funds).</p> <p>Included in the 2016-17 Recommended budget are requests to approve additional funding of \$8.0 million funded from Discretionary General Funding (Net County Cost) (the Board previously approved the set aside of \$44.0 million in general fund reserves for this project), and \$1.1 million from Probation AB 109 fund balance for the 157 Building. The 2016-17 Recommended budget also proposes the transfer of \$8.5 million from this project to the 800 MHz Upgrade Project. This brings the total funding to date to \$84.3 million. Approximately \$45.2 million has been expended or encumbered.</p> <p>Accomplishments include: The remodel of the 303 Building located at 303 W. 3rd Street in San Bernardino for the consolidation of District Attorney staff; the acquisition and remodel of the 268 Building located at 268 W. Hospitality Lane in San Bernardino for the consolidation of Auditor-Controller/Treasurer/Tax Collector staff; the acquisition of land for the Hospitality Campus and Phase I improvements to add 31 parking spaces; and the acquisition of three office buildings, consisting of a total of 163,270 square feet (one in Victorville and two in San Bernardino).</p> <p>Activities currently in process include: Phase II to add 169 additional parking spaces at the Hospitality Campus; design for the remodel of the 222 Building located at 222 W. Hospitality Lane in San Bernardino for the consolidation of Assessor-Recorder-Clerk staff and relocation of Special Districts and Veterans Affairs from the 157 Building; design for the</p>	\$176.0 million	\$3.2 million*

<p>County Buildings Acquisition and Retrofit Project (Continued) County Government Center Campus improvements including new streets, landscape, hardscape, parking, lighting and signage; and building assessments and space programming for the 157 Building, and 825 W. 3rd Street buildings in San Bernardino. The project also now includes the acquisition and remodel of the 323 Court Street Building for consolidation of Public Defender staff and Sheriff Court Services' staff; and planning for the Fire Consolidated Headquarters Complex Acquisition Project and the Valley Public Safety Operations Center (PSOC) (\$2.0 million is proposed to be moved in 2016-17 to the PSOC project for planning and design).</p> <p>The current estimated total cost of the County Buildings Acquisition and Retrofit Project is \$176.0 million (excluding the construction budgets for County Fire and the PSOC). Assuming the remaining \$36.0 million in general fund reserves is moved to the project, \$55.7 million remains unfunded. It is anticipated that the sale of surplus property in the amount of \$65.0 million will meet the future cash flow requirements of the project.</p> <p>Operational Impact: The acquisition of approximately 163,270 square feet of additional office space resulted in increased annual operating costs of approximately \$866,000, offset by annual lease savings of \$702,000 and annual lease revenue of \$513,000. There are no other operational or staffing costs associated with this project.</p> <p>*Budgets of \$75.1 million were distributed to individual building projects. Current carryover balances for those building projects are \$27.3 million.</p>		
<p>Sheriff's Aviation Relocation from Rialto Airport to San Bernardino International Airport This project constructs approximately 50,000 square feet of maintenance and hangar space and approximately 11,640 square feet of office space on 8 acres of land at the San Bernardino International Airport (SBIA) for the Sheriff's Aviation Division. On February 25, 2014 (Item No. 45), the Board approved a 25-year lease with the San Bernardino International Airport Authority (SBIAA) for a total lease cost of \$9.6 million for hangar rent funded \$4.1 million from the City of Rialto for the cost to relocate the Sheriff's Aviation Division from the Rialto Airport, \$1.0 million from the Sheriff's Asset Seizure Fund, and \$4.5 million from one-time Discretionary General Funding approved by the Board in the 2013-14 budget. On January 6, 2015 (Item No. 36), the Board approved an increase in the project budget of \$2.72 million from \$9.6 million to \$12.32 million due to a new estimate of cost higher than originally anticipated. The increase was funded by cancelling the High Desert Juvenile Detention Center Secondary Water Source Project (\$1,063,560), anticipated savings from the Sheriff's Crime Lab Expansion Project (\$1,456,440), and from savings from the completion of the High Desert Detention Center Expansion Project (\$200,000). Subsequently, the City of Rialto paid SBIAA the \$4.1 million directly and the budget was revised to \$8.2 million. On March 1, 2016 (Item No. 30), the Board approved an increase of \$250,000 increasing the project budget from \$8.2 to \$8.5 million. The County's share of the cost of the project will be paid in full within 60 days of completion of the aviation facility improvements estimated to be in July 2016.</p>	\$8.5 million	\$7.8 million

Project	Total Project Cost	Carryover Balance
Sheriff's Aviation Relocation from Rialto Airport to San Bernardino International Airport (Continued) Other one-time costs associated with this new aviation facility include RES-PMD project management oversight, Information Services Department charges to establish telephone and data communications, moving expense, and the purchase of furniture, fixtures and equipment estimated at approximately \$1.0 million that will be paid from the Sheriff's budget. Operational Impact: The agreement with SBIAA also provides for ground rent over the 25-year term in the total estimated amount of \$2.7 million to be paid from the Sheriff's budget. Annual ground lease payments (\$82,196 annually for the first five years, increasing every five years based on the percentage change to the Consumer Price Index) and operating costs and utility expense (\$390,800) for the new space are partially offset by lease and operating cost savings from the termination of the existing Sheriff aviation hangar and office space leases at SBIA and Rialto estimated at \$171,500 annually. There are no additional staffing costs associated with this project.

FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM PLAN

The Five-Year CIP for Maintenance and Non-Major CIP projects is reviewed annually and revised based on current circumstances and opportunities and considers historic requirements and expenditures for capital projects. While the Five-Year CIP does not appropriate funds, it does serve as a budgeting tool to set priorities, identify needed capital projects, estimate capital requirements, and coordinate financing and timing. It identifies projects for annual funding, focuses resources in program areas, and supports the County Goals and Objectives. It also identifies project impacts on future operating budgets, including additional staffing, maintenance, and other recurring operational expenditures that require ongoing funding and must be considered in the planning and approval of new projects.

The current general fund annual allocation for Maintenance and Non-Major CIP projects is \$12.0 million and the focus is on maintenance. That funding has been programmed over the next five years and is summarized on Exhibit E – 2016-17 through 2020-21 Five-Year Capital Improvement Program and includes capital expenditures of \$60.0 million.

The Five Year CIP for major capital projects include major infrastructure, facility or technology projects that are currently in progress, or are proposed by County departments or Special Districts to commence within the next five years. These are detailed in the County's 5-Year Capital Improvement Program – 2016/2021 Plan.

THE LAST FIVE YEARS

1991 Realignment: In 1991-92, the state approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the state to the counties. This shift is funded through a corresponding shift of dedicated Sales Tax and Vehicle License Fee revenue.

2011 Realignment: In 2011-12, the state approved AB 109, the Public Safety Realignment Act, which shifted custodial responsibility of non-violent, non-sex, and non-sex-against-children ('Triple-Nons') offenders to local jails. In addition, the parole function of the state was delegated to County Probation departments. In conjunction with Public Safety Realignment, the state also shifted full financial burden of many social service and mental health programs to the County. While the state no longer shares in the cost, it has dedicated a portion of the state sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.

AB 74: In 2013-2014, the state approved AB 74 which made several statutory changes to the CalWORKs and CalFresh program. Those changes include the establishment of a family stabilization component effective January 1, 2014 to assist CalWORKs recipients who are experiencing an identified situation or crisis that is destabilizing their family and interferes with their participation in the welfare-to-work activities and services.

AB 109: Assembly Bill 109, the Public Safety Realignment Act, signed April 4, 2011, transfers responsibility for housing/supervising inmate and parolee populations classified as "low-level" offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

AB 233: The Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect January 1, 1998 and fundamentally changed how the trial courts are funded by transferring primary responsibility for funding the courts to the state, including sole responsibility for funding future growth in court operations costs.

AB 900: Assembly Bill 900, Public Safety and Offender Rehabilitation Services Act, signed May 3, 2007, provides that the State Public Works Board (SPWB) and the California Department of Corrections and Rehabilitation (CDCR) are authorized to enter into agreements with participating counties for the acquisition, design and construction of local jail facilities for projects approved by the State Corrections Standards Authority (CSA). Up to \$1.2 billion is authorized by the legislation for county jail construction. Funds are being distributed in two phases.

AB 1805: Effective July 1, 2007, Assembly Bill 1805 preserved county authority to charge booking fees under Government Code Section 29550 et seq; and created a new statutory structure whereby counties - subject to an appropriation by the state – receive funding directly in local detention facility revenue accounts. Under this alternative to booking fees, revenues received are to be used exclusively for the purpose of operation, renovation, remodeling or constructing local detention facilities and related equipment.

AB 3000: Effective September 2002, Assembly Bill 3000 Court Surcharge Guideline, prioritized the distribution of criminal case installment payments of fines and penalties.

ABx1 26: Assembly Bill x1 26, the Dissolution Act, signed June 29, 2011, mandates the elimination of every redevelopment agency in California effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities.

Accrual: An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

Activity: A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

Adopted Budget: The original spending plan at the beginning of the fiscal year, typically adopted by the Board of Supervisors in June for the upcoming fiscal year. It may vary from the Recommended Budget.

Affordable Care Act (ACA): In March 2010, President Obama signed comprehensive health reform, the Patient Protection and Affordable Care Act into law. The legislation includes a long list of health-related provisions that began taking effect in 2010 and will continue to be rolled out over the next four years. Key provisions are intended to extend coverage to millions of uninsured Americans, to implement measures that will lower health care costs and improve system efficiency, and to eliminate industry practices that include rescission and denial of coverage due to pre-existing conditions. The most significant part of this Federal Healthcare Reform legislation will extend coverage to an expanded population effective January 1, 2014 through new eligibility processes for Medi-cal and the implementation of insurance exchanges.

Amortization: The process of gradually extinguishing an asset on the books.

Appropriation: An appropriation is the amount of authority to spend less reimbursements. It represents the authorization for the County to make expenditures/incur obligations for a specified purpose and period of time.

ARRA: ARRA is an acronym used for American Recovery and Reinvestment Act of 2009, also known as Economic Stimulus Funds. The three immediate goals of ARRA are to create new jobs and save existing ones, spur economic activity and invest in long-term growth, and foster unprecedented levels of accountability and transparency in government spending.

The CalFresh program helps to improve the health and well-being of qualifying households and individuals by providing them a means to meet their nutritional needs.

Capital Expenditures: An asset of a long-term character such as land, buildings, furniture, and other equipment costing \$5,000 or more and having a useful life of one year or more. Additionally, computer software is capitalized if the value is \$100,000 or greater.

Central Services: The Central Services expense category, replaces Central Computer and was set up beginning fiscal year 2010-11 to allocate both the Information Services and Facilities Management Departments' associated charges.

- Information Services Department computer charges are Countywide costs for computer infrastructure such as email, wide area network, payroll processing, and software/hardware staff support.
- Facilities Management Department charges are for basic services provided to departments including grounds, custodial, and maintenance. Each department's budget amount for grounds, custodial, and maintenance is based on an annual average cost per square foot.

Contingencies: An amount set aside within a budget for unforeseen expenditure requirements. Board action must be taken to spend contingency funds and a 4/5 vote is required for approval.

County Fire: San Bernardino County Fire Protection District

COWCAP: COWCAP is an acronym for County Wide Cost Allocation Plan. Employee Health and Productivity Program (EHaP): A modified duty/return to work program that utilizes specialized nurses to obtain effective and timely treatment for injured or ill employees. Overall goals are to return the employee to the workplace as soon as possible and to increase the health and productivity of employees through health promotion and risk reduction programs.

Encumbrance: An encumbrance is not an expenditure or a liability but merely a reserve of appropriation in a given fiscal year for a specific expenditure.

Enterprise Funds: Enterprise Funds are established to account for operations that are funded and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be funded or recovered primarily through operational revenues.

Expenditure: Decreases in net financial resources. An expenditure includes current operating expenses that require the present or future use of resources.

Fees: Include the following types of revenues: licenses, permits, fines, forfeitures, penalties and other services. Departments receive fee revenue from providing services to the public and outside agencies.

Fiscal Year: The County's twelve-month accounting period (July 1 through the following June 30), which varies from the calendar year and the federal fiscal year.

Function: A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. This designation is specified by the State Controller. For example: “Public Protection” is the function of the Sheriff/Coroner/Public Administrator Department.

Fund: A legal unit that provides for the segregation of moneys or other resources in the County treasury for specific activities or obligations in accordance with specific restrictions or limitations. A separate set of accounts must be maintained for each fund to show its assets, liabilities, reserves, and fund balance, as well as its income and expenditures. The assets of a fund may also be placed into separate accounts to provide for limitations on specific fund income or expenditures.

Fund Balance: An amount comprised of accumulated excess or deficiency of revenues less expenditures of a fund, including the cancellation of prior year encumbrances. This is measured at the end of each fiscal year. Fund balance may be used in the budget unit for the upcoming year as a funding source for one-time projects or services.

Fund Balance Classifications: Beginning in 2010-11, GASB 54 requires that financial statements for governmental funds classify fund balance in one of the following five components:

- Nonspendable fund balance – assets that will never convert to cash, or will not convert soon enough to affect the current period, or resources that must be maintained intact pursuant to legal or contractual requirements;
- Restricted fund balance – resources that are subject to externally enforceable limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments, constitutional provision, or enabling legislation;
- Committed fund balance – resources that are constrained by self-imposed limitations set in place prior to the end of the period by the highest level of decision making, and remain binding unless removed in the same manner;
- Assigned fund balance – resources that are limited resulting from an intended use established by either the highest level of decision making, or the official or body designated for that purpose;
- Unassigned fund balance – residual net resources that cannot be classified in one of the other four categories.

GASB 34: Governmental Accounting Standards Board (GASB), Statement 34 establishes requirements for the annual financial reports of state and local governments. The goal is to make annual reports easier to understand and more useful to people who use governmental financial information to make decisions. There are many components of GASB 34, but as it relates to the budget, it is primarily composed of how services provided between County budget units are accounted for. GASB 34 specifies how payments for services should be accounted for (either as reimbursements or as departmental revenues). All transactions between departments within the same fund (i.e. general fund) are budgeted as reimbursements. While the net impact is zero, reclassifications between these two categories cause inconsistencies when comparing year-to-year budgets by specific expense or revenue categories.

GASB 51: Governmental Accounting Standards Board (GASB), Statement 51 establishes requirements for the annual financial reports of state and local governments. The objective of this statement is to enhance the comparability of the accounting and financial reporting of intangible assets among state and local governments, and requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets.

GASB 54: Governmental Accounting Standards Board (GASB), Statement 54 establishes requirements for the annual financial reports of state and local governments to be implemented for periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The main components of GASB 54 and how they relate to budget primarily consists of replacing existing fund balance classifications (reserved and unreserved) with new classifications (nonspendable, restricted, committed, assigned, and unassigned) that observe the constraints imposed upon the

use of the resources reported in governmental funds. In addition, special revenue fund type was clarified and affects the activities required to be reported in that fund type.

General Fund: The General Fund is the predominate fund for funding County programs.

Geographic Information System (GIS): A geographic information system integrates hardware, software, and data for capturing, managing, analyzing, and displaying all forms of geographically referenced information.

The Housing Successor retained the housing functions of the former Redevelopment Agency (RDA) and has all rights, power, duties, and obligations related to building, preserving, and rehabilitating affordable housing for low to moderate income households.

Internal Service Funds (ISF): Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

Limited Term: A position designation for non-regular positions, consisting of contract, extra-help, or recurrent position types.

Mandate: A program that meets constitutional, statutory or court-ordered requirements from either federal or state entities.

Mid-Year Adjustments: Board approved budget changes subsequent to adoption.

Mission: A clear, concise statement of purpose for the entire department. The mission focuses on the broad, yet distinct, results the department will achieve for its customers.

Modified Budget: A budget unit's adopted requirements and sources, including any mid-year adjustments.

Net County Cost: Net County Cost (or Discretionary General Funding) is the amount contributed to County general fund departments from discretionary revenue sources to fund the activities of a department.

Net Position: An indicator of financial position. A portion of net position is available to meet current obligations (see Unrestricted Net Position).

Operating Expenses: A category of expenditures within a budget unit for all standard costs of daily operations, including such items as office supplies, training, contractual services, and travel.

Operating Transfers In/Out: A method of providing financing from one budget unit to another for the implementation of a project or program.

Performance Measure: An ongoing, quantitative indicator of resources consumed, workload, productivity, efficiency, and effectiveness. Performance measures should relate to objectives and allow for measurement of the same thing over time.

Proposition 30 (Prop 30): A ballot measure approved by California voters on November 6, 2012, that increased taxes on earnings over \$250,000 for seven years (2012-2018) and increased sales taxes by ¼ cent for four years (2013-2016) to fund schools. The measure is expected to generate an average of \$6 billion annually, and also guarantees Public Safety Realignment funding.

Proposition 47: A ballot measure approved by California voters on November 4, 2014, reduced the classification and sentencing of most non-serious/nonviolent property and drug crimes from felonies to misdemeanors.

Proposition 63: On November 2, 2004, voters passed Proposition 63, which established a state personal income tax surcharge of one percent on the portion of taxpayers' annual taxable income that exceeds \$1 million. The proposition was enacted into law as the Mental Health Services Act (MHSA) effective January 1, 2005. The overall purpose and intent is "to reduce the long term adverse impact on individuals, families, and state and local budgets resulting from untreated serious mental illness to insure that all funds are expended in the most cost effective manner and to ensure accountability to taxpayers and to the public."

Proposition 172 (Prop 172): A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety.

Proprietary Funds: Classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

Public Service Employee (PSE): PSEs are employees assigned to entry-level positions in a variety of fields and occupations for a limited duration. They are not full-time, regular County employees. PSEs are subject to an expedited recruiting process to accommodate additional workload or to manage one-time special projects. They do not receive the full range of benefits or have the civil service status of regular County employees.

Rates: Include revenues for the following types of services: risk management, information technology services, garage and fleet management, and real estate services. Departments receive rate revenue for providing direct services to other County departments.

Recommended Budget: A recommended budget is the working document of the fiscal year under discussion.

Redevelopment Agency: In 1951 the California Redevelopment Law (CRL) was enacted, which gave California cities and counties the authority to create redevelopment agencies. The CRL provided the local redevelopment agencies powerful local tools to eliminate urban decay, apply for grants, create jobs, build community facilities and infrastructure and attract economic reinvestment. Eventually, the CRL was expanded to assist in the creation of low and moderate income housing. A redevelopment agency, a separate legal entity, was responsible for the implementation of the CRL for the local communities. A redevelopment agency had the ability to create project areas, to purchase and assemble development sites, build infrastructure, construct deed-restricted affordable housing, and issue debt. An agency paid for these improvements through the utilization of tax increment financing. Redevelopment agencies and tax increment financing were eliminated by the state effective February 1, 2012.

Reimbursements: Amount received as payment of the cost of work, or service performed, or of other expenditures made, for or on behalf of another governmental unit or department. Reimbursements represent the recovery of expenditures and are considered a source.

Requirements: A department's appropriation or authority to spend plus department's budgeted operating transfers out.

Restricted Funds: Restricted funds consist of three restricted funding sources – Prop 172, 1991 Realignment and 2011 Realignment. Prop 172 revenue assists in funding the Sheriff/Coroner/Public Administrator, District Attorney, and Probation departments. 1991 Realignment assists in funding mental health, social services, and health programs within the County. 2011 Realignment assists in funding public safety, mental health, social services, and health programs within the County.

Revenue: The addition of cash or other current assets to governmental funds (receipts) which do not increase any liability or reserve and do not represent the recovery of an expenditure, i.e., reimbursements. Generally, revenue is derived from taxes, licenses and fees, or investment earnings. Revenues are deposited in a budget unit for future appropriation.

SB 90 State-Mandated Local Program: State reimbursements to local governments for the cost of activities required by state legislative and executive acts.

SB 163: Wraparound Services Program is an intensive, community-based and family centered process designed to allow children with serious behavior and/or emotional difficulties to remain in their community at the lowest level of care possible instead of being placed in a group home setting. This bill allows counties to accumulate savings realized from a wraparound program and requires that the savings be reinvested in a Child Welfare Services program.

SB 676: Effective July 1, 2010 this California Senate Bill increased the maximum fee collected from indigent defendants from \$25 to \$50.

SB 678: Also known as the Community Corrections Performance Incentives Act of 2009, provides funding from the state for county probation departments to implement evidence-based practices for the purposes of reducing parolee recidivism.

SB 920: Medi-Cal Program – which is administered by the State Department of Health Care Services for qualified low-income persons to receive health care services. The program is, in part, governed and funded by federal Medicaid Program provisions.

SB 1246: Implemented in 1980, is a fee on issued marriage licenses targeted “for the purpose of aiding victims of domestic violence by providing them a place to escape from the destructive environment in an undisclosed and secured location.” To qualify for these funds, an agency must provide services to victims of domestic violence and their children that include shelter on a 24-hour, seven days a week basis, a 24-hour crisis line, temporary housing and food facilities, psychological support and peer counseling, referrals to existing services in the community, a drop-in center to assist victims who have not yet made the decision to leave their homes, arrangements for school age children to continue their education during their stay at the shelter, emergency transportation to the shelter, and arrangements for assistance from local law enforcement where appropriate.

SB 1732: Trial Court Facilities Act of 2002, requires the transfer of responsibility for funding and operation of trial court facilities from the counties to the State of California.

Set-Aside Contingency: A contingency made up from available balances materializing throughout one or more fiscal years which are not required to support disbursements of a legal or emergency nature and are held (set-aside) for future funding requirements.

Sources: Amount of funding available to departments such as revenue, reimbursements, operating transfers in, fund balance and reserves.

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of specific sources of revenue whereby the use of such revenue is restricted by law for particular functions or activities of government. State Government Code Section 29009 requires that the entire unreserved fund balance must be appropriated each year. The amount not expended is carried over to the subsequent year's budget.

Staffing Expenses: A category of expenditures within a budget unit for all costs related to employees including salary, retirement, employee benefits, and workers compensation insurance.

Step Increases: An employee, based upon the completion of the required service hours in their classification, satisfactory work performance, and appointing authority recommendation, may receive step advancements. Step advancements within the base salary range shall be based on one (1) or two (2) step increments depending on hire date and bargaining unit. Each increment is 2.5%.

Structurally Balanced Budget: The annual operating budget will be structurally balanced upon adoption of the Board of Supervisors. One-time sources will not be spent on ongoing expenditures.

Successor Agency: A separate public entity from the public agency that had formed the former redevelopment agency. Its purpose is to expeditiously wind down the affairs of the former redevelopment agency pursuant to ABx1 26 and AB 1484 and in accordance with the direction of the oversight board. The primary task of the Agency is to continue to make payments due from its enforceable obligations.

Three Strikes Reform Act: Passed by the California voters in November 2012, this initiative redefined the parameters leading to mandatory 25-year to life sentences for previously twice convicted felons.

Total Expenditure Authority: The authorized expenditure limit for a budget unit for the current fiscal year.

Transfers: The movement of resources from one budget unit to another usually for payment of services received.

Trend: A documented recurrence of a measurable event or circumstance over time that is increasing, decreasing or even staying the same.

Unrestricted Net Position: That portion of net position that is neither restricted nor invested in capital assets (net of related debt). Unrestricted Net Position represents resources that can be used to meet current obligations.
