COUNTY CHARTER REFORM 2020
Why is a Charter Important?

- The charter of a county is its “constitution.” A charter allows a county to have a greater amount of local self-government.
- By adopting or revising a county charter, voters can exercise constitutional discretion over the county’s governing board, officers, employees, and other structural issues of the county.
Why Revise the Charter?

- The County Charter was approved in 1913 and, although amended many times, contains much of its original language.

- We now have the opportunity to:
  - Delete *obsolete* provisions, like requiring the Board of Supervisors Chair to have an office in the Board chambers.
  - Delete provisions that, while originally useful many years ago, are now *redundant* with more recent state law.
  - Modernize the use of pronouns and other terms to make the Charter more *up-to-date*. 
Why Revise the Charter?

- The public also has the opportunity to vote on the crucial issues of:
  - requiring **county health officer orders** to be reviewed by the elected representatives of the people;
  - **term limits** of the Board of Supervisors;
  - **salary** of the Board of Supervisors and Countywide elected officials;

Why Revise the Charter?

(continued)

- **filling of vacancies** of elected officials, including removing the Governor’s role in this;
- creation of a **redistricting commission** to ensure public input on the drawing of Supervisorial district boundaries;
- addressing **emergency preparedness** in the future; and
- safeguarding the **electoral process** by requiring County election campaign finance regulations and effective enforcement thereof.
- Regulating **lobbyists** to ensure transparency.
Why Revise the Charter?

- Finally, a revised Charter will be a more streamlined document.
- A more understandable charter helps the public with its crucial role in holding the County, its elected officials, and employees accountable.
Review of Health Officer’s Orders

- All orders issued by the County Health Officer that are addressed to the public at large shall be reviewed by the Board of Supervisors at a public meeting of the BOS within 30 days of issuance.

  - This provision ensures that such orders of a non-elected official will be reviewed by the elected representatives of the people of the County.
Emergency Preparedness

- The County shall establish and maintain a discretionary strategic stockpile of vital supplies, equipment, and such other properties needed for the protection of life and property in the event of a natural, biological, infectious disease, or any other disaster or emergency.
Term Limits
Board of Supervisors

- **Current Charter:** Limit of 3 consecutive terms (irrespective of district); less than ½ a term does not count as a term.

- **Proposal:** Limit of a total of 3 terms (irrespective of district); less than ½ a term does not count as a term.

- **Current Charter:** Annual total compensation (salary and benefits) is automatically set every four years at the average of total compensation of Supervisors in Riverside, Orange, and San Diego Counties.
  
  - Since total compensation is **fixed** for all Supervisors, the salary amount of each Supervisor depends upon the value of the benefits received by each Supervisor (the greater the value of benefits, the lower the salary, and vice versa)
Proposed:

- Set Supervisor base salary at a level equal to 80% of the salary of a Superior Court Judge.
- Supervisors’ benefits equals Exempt Group (department head) benefits.
- Any future increase, based on increases of Judge salaries or increases in Exempt Group benefits, goes into effect only if approved by BOS at a public hearing.
- This provision applies to Supervisors elected in Nov. 2022 and thereafter.
