### **Southern California Housing-Health Care Action Planning Committee**

- The San Bernardino County Continuum of Care (CoC) was selected as one of the CoCs being asked to gather for a single day action planning session focused on considering local action, housing, and health care within the context of state and federal activity. The workshop was a one-day session held in San Diego at Point Loma Nazarene University as part of the implementation of the state's plan to end chronic homelessness.
- The Action Planning Session on Housing and Health Care involved experienced facilitators working with each participating community's key regional sector stakeholders to identify opportunities for combining subject-matter expertise and building healthcare and housing systems that work together to address unmet needs.
- Technical Assistance provided to the San Bernardino County CoC included profiling the populations at the intersection of HUD-assisted housing and health care assistance, assessing their affordable housing and healthcare needs, services currently being provided, and the current payment sources for those services. Most critically, participants developed a strategy and action plan to close the gap between needs and services.
- The following agencies took part in the discussion:
  - Department of Behavioral Health
  - Foothill AIDS Project
  - Hi-Desert Family Health Clinics (Federally Qualified Health Center)
  - Housing Authority of the County of San Bernardino
  - Inland Empire Health Plan
  - Lighthouse Social Services
  - Molina Healthcare
  - Office of Homeless Services
  - Various representatives from state and federal housing/healthcare agencies
- The following topics were reviewed:
  - Partnering to improve the coordination and delivery of housing, human services, and healthcare
  - Improving Access to Care: Assessing the Housing, Treatment, and Service Gaps
  - Innovative Partnerships and Funding Opportunities to Close the Service/Treatment Gaps
  - Integrated Data Collection and Analysis: Identifying the Population at the Intersection of Housing and Health Care Assistance
  - Developing a Concrete Action Plan to Close Identified Gaps

### Homeless and Policy Related News

- The U.S. Interagency Council on Homelessness (USICH) and its 19 federal member agencies have adopted a vision of what it means to end homelessness in this country. In order to help focus and drive progress, they have developed specific criteria and benchmarks for communities to use as they take action toward goals set forth in Opening Doors. Criteria and benchmarks work together to provide a complete picture of a community's response to homelessness. While the criteria focus on describing essential elements and accomplishments of the community's response, a benchmark serves as an indicator of whether and how effectively that system is working. These criteria and benchmarks represent the administration's best thinking at this time and USICH will continue to review and evaluate their effectiveness as more communities approach and succeed in meeting these goals. For more information, please visit the website at: <https://www.usich.gov/news/usich-hud-release-criteria-and-benchmark-for-ending-chronic-homelessness>

## Housing Committee Prepared for the Interagency Council On Homelessness

Date June 15, 2016

Presenter Ray Osborne

Announcements The table below lists the announcements for today’s meeting.

<b>Announcements</b>	
<b>THE PROBLEM</b>	<ul style="list-style-type: none"> <li><b>Inland Empire has a serious housing crisis.</b> Every day there are thousands of individuals and families in San Bernardino and Riverside counties who don't have the financial resources, often due to circumstances beyond their control, to be able to afford a place to live. As a result, they have to share inadequate living space with family, relatives or friends, live in their car, and even worse, be forced to live on the street, in parks, under overpasses, or other places not fit for human habitation.</li> <li>Lack of a good paying job, the need for job skill training, as well as, in some cases, the need for other social service assistance, including various types of counseling, are among the primary barriers to many Inland Empire area residents not being able to have a place to live. However, <b>the major obstacle that exists in both San Bernardino County and Riverside County is a lack of basic housing inventory, particularly in entry-level and affordable rental units.</b> California Apartment Association data shows that the vacancy rate in the Inland Empire is less than 3%.</li> </ul>
<b>THE HOMELESS POPULATION NUMBERS</b>	<ul style="list-style-type: none"> <li>According to the 2016 Point-In-Time (PIT) count, conducted independently in both San Bernardino and Riverside counties, there are on a daily basis more than <b>4,000 men, women and children in the Inland Empire that cannot afford an adequate place to live in our community.</b></li> <li>The annual count statistics show that there are <b>2,165 homeless individuals in Riverside County, including 1,351 unsheltered and 814 temporarily sheltered. In San Bernardino County, the total number is 1,887, with 1,191 unsheltered and 696 temporarily sheltered.</b></li> <li>The good news is that both counties reported a <b>12% decrease in the homeless population in 2016 over 2015.</b> However, at the current rate of reduction, <b>it could take more than eight years to house the population that experiences homelessness on an annual basis without an adequate place to live in the Inland Empire area.</b></li> <li>The Riverside County homeless population is concentrated in six primary geographic areas: <b>Riverside (258), Perris/Hemet/Temecula (209), Indio/Coachella (129), Jurupa Valley (113), Palm Springs/Cathedral City (110), and Corona (83).</b></li> <li>In San Bernardino County, the same population demographic is centered in four specific areas: <b>San Bernardino (564), Upland/Ontario/Fontana (499), Victorville/Barstow (344), and Redlands (148).</b></li> </ul>

### THE PERMANENT HOUSING INVENTORY CHALLENGE

- The major challenge that must be overcome is a **significant lack of permanent housing** throughout the Inland Empire to provide an adequate, affordable place to live for the vast majority, more than 60%, of the current homeless population.
- There are a total of **1,297 emergency and transitional living beds (including hotel vouchers) as well as 1,025 permanent supportive beds in Riverside County, and an additional 200 emergency beds and 1,727 permanent supportive beds in San Bernardino County.**
- Most of the permanent supportive housing (PSH) units in both counties are already devoted to serving low income barrier families, as well as physically and mentally disabled individuals who will require various supportive services on an ongoing basis.
- **More than 2,400 individuals annually, primarily single men and women, still need permanent housing in the two-county area.**
- **There is a critical need to develop**, either by renovating existing units or building new units, **at least 2,200 permanent housing units throughout the Inland Empire**, the majority of which should be one-bedroom or studio floorplans.

### NEED FOR PERMANENT HOUSING CONSTRUCTION RESOURCES

- While San Bernardino County and Riverside County, as well as several local jurisdictions, have strong and effective Housing Authority and Housing Development operations, **there are not enough construction and operational entities that can actually build the permanent housing inventory needed in the Inland Empire.**
- **The Housing Authority of the County of San Bernardino (HACSB)** has a non-profit development operation, **Housing Partners 1**, whose mission it is to acquire land and develop new permanent housing units as well as the acquire and rehab existing housing units. In addition, there are local agencies like the **Riverside Housing Development Corporation (RHDC)** and the **Coachella Valley Housing Coalition** that can develop new housing units or rehab existing housing units.
- There is only one non-profit organization, the **Building Industry Association (BIA) HomeAid Inland Empire** charitable operation, whose sole mission is to renovate or build homeless shelter facilities in San Bernardino and Riverside counties.
- Development and construction companies, like **Community Renaissance (CORE)**, **the Related Companies**, and **Metta Corporation**, have varying presence levels in the Inland Empire focused on creating and building large scale affordable housing projects in the two-county area.
- There is a need to identify more building companies as well as to attract others to become more actively involved with helping to develop the inventory of permanent and permanent supportive housing needed in the Inland Empire.

### CONSTRUCTION FUNDING TO BUILD PERMANENT HOUSING IS LACKING

- While there appears to be adequate funding available to provide supportive social services for individuals and families who also need housing, **there is a definite lack of funding to build the Permanent Supportive Housing inventory required to house the population in the Inland Empire that does not have the financial resources to afford an adequate place to live.**
- Intensive focus needs to be given to finding the public and private funding sources that it will take to build the critically-needed short-term and long-term permanent housing units required to house the more than 2,400 people annually who currently are without housing in San Bernardino and Riverside counties.
- The first step in this process will be to determine the amount of funding that will be required to acquire and renovate existing housing units, as well as to acquire the land and build new affordable permanent housing units.

### CONCLUSION

- **An expanded coalition** of public, private and non-profit entities throughout San Bernardino and Riverside counties with a well-coordinated mission **to create more permanent housing inventory** for the area must be developed and implemented in order to **make substantial progress during the next five years towards ending the housing crisis that currently exists in the Inland Empire by the year 2020.**

## **Board Agenda Items**

05/24/2016

41. Department of Behavioral Health: This item is a **GRANT APPLICATION TO THE CALIFORNIA DEPARTMENT OF HEALTH CARE SERVICES FOR THE FEDERAL MCKINNEY PROJECTS FOR ASSISTANCE IN TRANSITION FROM HOMELESSNESS PROGRAM 2016-17** in the amount of \$497,462 to provide Mental Health Services to individuals who have severe mental illness and are homeless or at risk of becoming homeless for the period of July 1, 2016 through June 30, 2017.

Background: PATH is a formula grant program, which provides funding for the provision of services to individuals who are suffering from a co-occurring disorder and who are homeless, or at imminent risk of becoming homeless. DBH will use the PATH program funding to provide outreach and mental health services including medication support, job training, education services, and case management services to an estimated 225 unduplicated clients at an estimated cost of \$2,948 per individual.

Financial Impact: The PATH program grant requires a match of \$1 for each \$3 of PATH program funding. DBH will provide the \$165,821 match through in-kind services provided by staff funded through the Mental Health Services Act.

Presenter: Ca Sonya Thomas, Director

35. Department of Behavioral Health: This item is an **AMENDMENT TO A NON-FINANCIAL MEMORANDUM OF UNDERSTANDING WITH THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO FOR NO CHILD LEFT UNSHELTERED PROGRAM.**

Background: The Housing Authority No Child Left Unsheltered Program is an initiative with a goal to ensure that there are no children living on the street in the County of San Bernardino. The Program provides permanent supportive housing subsidies with supportive services to homeless unsheltered children and their families. Through the MOU, the Housing Authority works with DBH to identify families, making available up to 50 subsidized permanent supportive housing units. In turn, DBH provides intensive case management services as well as referrals for Behavioral Health services to support the long-term stability of the families. Since the program inception in April 2015, 26 families were permanently housed from the initial allocation of 50 housing units provided by the Housing Authority. The recommended amendment will continue the partnership between DBH and the Housing Authority through June 30, 2017.

Financial Impact: DBH provides intensive case management services in exchange for housing subsidies in the Housing Authority No Child Left Unsheltered Program.

Presenter: Ca Sonya Thomas, Director

44. Department of Behavioral Health; This item is the **RELEASE OF ONE-TIME MENTAL HEALTH SERVICES ACT HOUSING PROGRAM FUNDS** and to rescind the request approved by the Board of Supervisors on March 22, 2016, to release one-time MHPA Housing Program funds in the amount of \$250,000.

Background: The recommendation will rescind the previously approved Board Agenda Item that requested the release of \$250,000 from the MHPA Housing Program funds and request that the entire fund balance of \$808,158 be released. DHCS mandates the funds be used to assist the target population with rental assistance, security deposits, utility deposits, or other move-in cost assistance. DBH will utilize these funds to provide rental assistance to DBH clients who meet the target population criteria for the MHPA Housing Program, which includes low-income adults with serious mental illness at risk of becoming homeless.

Financial Impact: This item does not impact Discretionary General Funding as the one-time release of approximately \$808,158 from the CHFA in unencumbered funds plus accrued interest will allow the County of San Bernardino to provide rental assistance for applicants of the supportive housing projects developed under the MHPA.

Presenter: Ca Sonya Thomas, Director

160. Transitional Assistance Department: This item is **AN AMENDMENT TO CONTRACT WITH HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO FOR CALIFORNIA WORK OPPORTUNITY AND RESPONSIBILITY TO KIDS HOUSING SUPPORT PROGRAM SERVICES** approving amendment No. 3, effective July 1, 2016, to Contract No. 14-962 with the HACSB, updating standard contract language, extending the contract for an additional one-year period, and increasing the total contract amount by \$1,759,106 from \$2,835,012 to \$4,594,118, for the total contract period of January 1, 2015 through June 30, 2017.

Background: Under the terms of the recommended amendment, TAD will continue to contract with the HACSB to continue to provide housing and rental assistance for CalWORKS families

who identify themselves as homeless, defined as lacking a fixed and regular nighttime residence. Based on an average cost of \$5,174 per family, approximately 340 households will be placed with the available HSP allocation.

Financial Impact: This item is 100% federally funded by the CalWORKS HSP allocation.

Presenter: Nancy Swanson, Director

177. Housing Authority: This item is an **AMENDMENT TO A REVENUE CONTRACT WITH THE TRANSITIONAL ASSISTANCE DEPARTMENT FOR CAL-WORKS HOUSING SUPPORT PROGRAM SERVICES** updating the standard contract language, increasing the contract amount by \$1,759,106 from \$2,835,012 to \$4,594,118 and extending the contract for an additional one year period for a total contract period of January 1, 2015 through June 30, 2017.

Background: Under the terms of the recommended agreement, the Transitional Assistance Department will continue to contract with the HACSB to provide housing and rental assistance for Cal-WORKS families who identify themselves as homeless, as defined as lacking a fixed or regular nighttime residence. Based on the average cost of \$5,174 per family, approximately 340 households will be placed with the available HSP allocation.

Financial Impact: Cost is 100% federally funded by the Cal-WORKS Housing Support Program allocation.

Presenter: Daniel J. Nackerman, Executive Director

176. Housing Authority: This item is an **AMENDMENT TO THE CONTRACT WITH KNOWLEDGE AND EDUCATION FOR YOUR SUCCESS (KEYS) FOR HOUSING NAVIGATION SERVICES** for the Cal-WORKS Housing Support Program increasing the contract amount by \$1,689,106 for a total cost from \$2,716,012 to \$4,405,118 and extending the contract period for an additional year, for a contract period of January 1, 2015 through June 30, 2017.

Background: The structure of the Cal-WORKS Housing Support Program, as described in the grant application, awards the program funds to TAD, who in turn contracts with the HACSB. HACSB provides management and administrative oversight of the project and retains a portion of the grant. HACSB contracts with KEYS to provide Rapid Re-Housing and rental assistance and works directly with families. Of the total additional grant funds received by TAD in the amount of \$1,759,106, the HACSB will retain \$70,000 for management and administration, and the balance of \$1,689,106 will be used by KEYS to provide housing and rental assistance.

Financial Impact: Cost is 100% federally funded by the Cal-WORKS Housing Support Program allocation.

\$300 million in Tier 2 Continuum of Care Homeless Assistance Program funds for renewal and new competitive programs. These awards provide funding directly to agencies that are part of the Continuum of Care application submission. These funds are in addition to the Tier 1 funding awards announced on March 8, 2016.

- Through this annual competition, the San Bernardino County Continuum of Care received a total of \$9,366,053 in Homeless Assistance Program funds (\$6,715,355 in Tier 1 awards and an additional \$2,650,698 in Tier 2 awards), over \$2.2 million for new projects and over \$7.1 million for renewal projects that will provide services to hundreds of homeless individuals and families within the County. Awarded agencies are able to use the funds to provide transitional and permanent housing and supportive services for homeless individuals and families.
- This year, the CoC received a Permanent Supportive Housing Bonus award in the amount of \$1,544,888 to provide funding for “Step Up in San Bernardino” a program that will be administered by Step Up on Second, Inc., a 501(c)3 organization that provides psychosocial rehabilitation and support since 1984. This funding will add an additional, much needed 112 new permanent supportive housing program beds to serve the chronically homeless with mental illness within our County communities.
- The following agencies received award announcements for Tier 2:
  - Step Up on Second Street, Inc. - \$1,544,888
  - Inland Valley Hope Partners - \$141,137
  - Knowledge and Education for Your Success, Inc. - \$241,021
  - Life Community Development - \$249,956
  - Salvation Army San Bernardino - \$450,724
  - Central City Lutheran Mission – \$22,972
- HUD has noted that some communities that scored very high that will see an increase in funding in FY 2015 while other CoCs will see a decrease in overall funding. There are multiple factors that could have resulted in a lower amount of funding.
  - A CoC may have scored poorly on the CoC Application
  - Projects included on the Priority Listing in Tier 2 may have scored poorly or not met threshold requirements
- The FMR for one or more geographic area within the CoC may have declined.
- Many transitional housing programs were unfortunately not renewed by HUD in this year’s awards announcement. HUD noted that there were clear incentives provided in the FY 2015 CoC Program Competition NOFA for communities to shift resources to create new rapid re-housing and permanent supportive housing programs, and many CoCs used the opportunity to reallocate resources to new projects including HMIS expansion and Coordinated Entry System development. Even when transitional housing projects were included in the Tier 2 portion of applications, they did not fare well. As a result nationally, we were awarded \$260 million more in permanent housing projects than in FY 2014 but \$150 million less to transitional housing.
- HUD’s emphasis on permanent housing is based on evidence from multiple sources that it is both more cost effective and results in better overall outcomes than transitional housing projects.
- Los Angeles re-allocated all of the \$14 million in TH and SSO grants that fell into Tier 2, 58 grants in total. So with the exception of a TH renewal that straddled the tiers, which was awarded, all were new permanent housing grant applications. All of their Tier 2 new projects were awarded, 21 PSH and RRH grants for \$14.2 million, and one bonus RRH grant for \$1.3 million.

		<ul style="list-style-type: none"> <li>• For Fiscal Year (FY) 2016, HUD requires each Continuum of Care (CoC) Collaborative Applicant (also known as the CoC applicant) to register in advance of applying for the approximately \$1.9 billion of funding available under the FY 2016 CoC Program Competition. (p. 1) Last year, approximately \$1.89 billion of funding was available.</li> <li>• HUD will continue the Reallocation process. All CoCs may reduce or eliminate funds from eligible renewal projects, including first-time renewal projects formerly funded under the S+C program, to develop new projects. CoCs may use the reallocation process to create: <ul style="list-style-type: none"> <li>➤ new permanent supportive housing projects where all beds will be dedicated for use by chronically homeless individuals and families;</li> <li>➤ new rapid rehousing projects for homeless individuals and families who enter directly from the streets or emergency shelters, youth up to age 24, and includes persons fleeing domestic violence situations and other persons meeting the criteria of paragraph (4) of the definition of homelessness;</li> <li>➤ new Supportive Services Only (SSO) project specifically for a centralized or coordinated assessment system; and</li> <li>➤ new dedicated Homeless Management Information System (HMIS) project for the costs at 24 CFR 578.57.</li> </ul> </li> <li>• NOTE: When evaluating the performance of youth programs, CoCs should take into account the specific challenges faced by youth experiencing homelessness. When CoC's identify lower performing youth serving projects to projects, they should seek to reallocate funds from those projects to projects that will achieve better outcomes for youth. In coordination with mainstream programs, CoCs should also consider how they can best serve young people who are fleeing domestic violence, human trafficking, or who are exchanging sex for housing (p. 32).</li> <li>• HUD will continue the Permanent Housing Bonus. All CoCs may create new projects through the permanent housing bonus up to 15 percent of the CoC's FPRN for the following types of new projects for those CoCs that meet the criteria provided in V.4. of this Notice and additional criteria provided in the FY 2016 CoC Program Competition NOFA: <ul style="list-style-type: none"> <li>➤ New permanent supportive housing projects that will serve 100 percent chronically homeless families and individuals including youth experiencing chronic homelessness; and</li> <li>➤ New rapid rehousing projects that will serve homeless individuals and families, including youth, coming directly from the streets or emergency shelters, or fleeing domestic violence situations and other persons meeting the criteria of paragraph (4) of the definition of homeless.</li> </ul> </li> <li>• The FY 2016 Appropriations Act requires HUD to determine that CoCs demonstrate all project applications are evaluated and ranked based on the degree to which they improve the CoCs system performance: <ul style="list-style-type: none"> <li>➤ CoCs cannot receive grants for new projects, other than through reallocation, unless the CoC competitively ranks projects based on how they improve system performance (p. 34).</li> </ul> </li> <li>• The FY 2016 HUD Appropriations Act requires that in order for a CoC to receive funding for a new project, other than through reallocation, the CoC must demonstrate that all project applications are evaluated and ranked based on the degree to which they improve the CoC's system performance (p. 3).</li> <li>• FY 2016 CoC Program funding must prioritize those CoCs that have demonstrated a capacity to reallocate funding from lower performing projects to higher performing projects as demonstrated through the CoCs local selection process (p. 3).</li> </ul>

Housing Authority Report	Dan Nackerman	<p>have been providing services to the population for at least 5 years.</p> <ul style="list-style-type: none"> <li>• Services have begun as of November 2015</li> <li>• Housing Authority of the County of San Bernardino (HACSB) and KEYS Inc. continue to expand both resources and results in their respective responses to homelessness.</li> <li>• The Housing Authority has been awarded several one-year renewal grants for \$2.74 million from the U.S. Department of Housing and Urban Development (HUD) for its various Continuum of Care programs that serve homeless families and individuals with disabilities. Our affiliate non-profit KEYS, also received renewal funding totaling \$241,021 for a rapid rehousing program to serve homeless families. Combined both entities received almost \$3 million to serve San Bernardino County families.</li> <li>• HACSB and KEYS not only administer the CoC funded programs, but work diligently to leverage those dollars against other programs they operate, such as No Child Left Unsheltered and the Housing Support Program (through CalWORKs). This ability to leverage program funding and services provides allows us to craft program responses to best fit the needs of the individual and/or family, to achieve the strongest outcomes and to stretch resource dollars to serve more households in need.</li> <li>• HACSB was also recently invited by HUD to apply for an additional 50 Veterans Affairs Supportive Housing vouchers. We are very excited to have this additional resource, and recognition of the efforts and successes of the HACSB, the Homeless Veterans Community Planning Group and the Veterans Advisory Council. Based on previous year(s) experience we expect to receive the final award within 2 to 3 months and will be working with our partners to ensure the quickest roll-out and utilization of these additional vouchers.</li> <li>• HACSB continues to be a leader in the industry on innovative and outcome driven approaches to homelessness. Lisa Jones, Deputy Director, has recently presented on HACSB's and KEYS efforts on homelessness at the Housing Rights Summit in Riverside, the National Association of Housing and Redevelopment Officials Southern California Annual Conference in Anaheim and the Regional Symposium on Homelessness and Education in Los Angeles. We view each of these opportunities as a chance to share best practice, discuss local innovations, and in particular, to network and bring back new tools and resources to the local community.</li> <li>• *HACSB is still encouraging responses to our Request for Proposal (RFP) from owners/ developers who would like to participate in our Project Based Voucher Veterans program. Interested parties can find the streamlined RFP on the Housing Authority website at <a href="http://www.hacsb.com">www.hacsb.com</a>, 'Business' section. The RFP is currently posted as open until closed. Please contact Lisa Jones, Housing Authority Deputy Director at 909-890-5311 or <a href="mailto:ljones@hacsb.com">ljones@hacsb.com</a> for further information.</li> <li>• **Bridge housing and Safe Haven beds still have some limited availability <i>and agencies are encouraged to refer possible candidates to the VA Loma Linda.</i> (These programs serve single adult males).</li> </ul>

<b>DISCUSSION</b>	<b>PRESENTER</b>	<b>ACTION/OUTCOME</b>
Approve the Interagency Council on Homelessness Recommendation for the Office of Homeless Services to seek a Consultant for the City Homeless Template	Kent Paxton  Supervisor Gonzales, Chair	<ul style="list-style-type: none"> <li>In January I brought forward a draft of a short template that reviewed the history and time of where HUD and the County of San Bernardino have been with addressing homelessness. It also included a sort of Q&amp;A for cities to use when they began looking into addressing the homeless in their city.</li> <li>That draft was a starting point. Now we want to create a more detailed template that outlines the resources available to cities, different funding streams, not just money in the consolidated plan, but how to access CoC funds. This template will help the cities to better communicate at the city level with providers in their city on planning more housing and more services for the homeless.</li> <li>In meeting on this template we decided we needed a better product to present to our cities. Tom Hernandez came forward and said we had some planning dollars that we could use to hire a consultant that would be able to help us put this template together.</li> <li>In these discussions I made it aware that I want a high end, good quality consultant that has some experience that will bring a diverse number of issues that we may never have thought of. We are looking for innovation and creativity and that out of the box thinking to help us create this template. We have a onetime opportunity to come out and get this right.</li> <li>A motion was made by Chris Rymer to approve the Interagency Council on Homelessness' Recommendation for the Office of Homeless Services to seek a Consultant for the City Homeless Template, with a second by Gary Madden. All were in favor, none opposed or abstained. Motion carried.</li> </ul>

	Brenda Dowdy  Don Smith  Sharon Green	<ul style="list-style-type: none"> <li>Our office is charged with getting points of contact for our university and colleges for our homeless youth as they transition from high school to college. With many of our students we try and connect them with family and friends but the problem is once they graduate they usually say they can't help them anymore. Once they are out of high school they have no place to go. I've met with many of our local colleges and universities and with some of the bills we have in our packet they will give us directive as far as them being able to use showers on campus and they will have a point of contact on campus so the kids will continue to receive services. We will continue to seek services for our homeless youth.</li> <li>I am happy to hear the focus of discussion turning to private landlords and mom and pop landlords.</li> <li>After Victorville Family Resource center attempted to negotiate with the city of Hesperia, American Civil Liberties Union stepped in and filed charges against the city of Hesperia. They are now sitting at the table to talk with us.</li> </ul>

**Interagency Council on Homelessness****Presentation By: Roger Uminski, IEHP****June 15, 2016****Subject:** Housing and Health Sub-committee

**Recommended Motion:** That the Interagency Council on Homelessness (ICH) create a Housing and Health Sub-committee to explore how the local Medi-Cal managed care plans, health care system, social services providers and housing providers can collaborate in order to reduce homelessness, reduce adverse childhood events and improve health outcomes in the community.

**Background:** The Centers for Medicare and Medicaid Services (CMS), the Department of Health Care Services (DMHC) and the local Medi-Cal Managed Care Plans (MCP) recognize that safe and stable housing is a foundation for good health. Studies show that people without safe and stable housing are less likely to care for their physical and behavioral health needs. When preventive care is not received and minor medical conditions are not treated, serious conditions may manifest. More serious conditions lead to emergent care that requires expensive treatment, usually in an emergency department.

Children without safe and stable housing are more likely to experience adverse childhood events such as poverty, abuse and trauma. These adverse childhood events can cause negative lifelong health and economic impacts.

CMS and DMHC are creating programs and policy to allow MCPs to utilize Medi-Cal funds to assist beneficiaries to find and keep permanent supportive housing. Medi-Cal funds cannot be used directly for home rental or development. Housing and Urban Development (HUD) has shifted its funding priorities to put less emphasis on supportive services and more emphasis on housing development and rental assistance. This should create an opportunity to knit funding in order to meet local priorities, environment and needs.

On May 24, 2016, HUD held an Action Plan Session on Housing in San Diego. Housing Authorities, housing service providers, medical service providers and MCPs from Southern California were invited. San Bernardino county participants included the Housing Authority, the Behavioral Health Department, Foothill AIDS Project, Hi-Desert Family Health Clinics, Inland Empire Health Plan and Molina Healthcare. The Session proved useful to begin a dialog and understanding among the participants on how we might be able to collaborate in order to better leverage resources and achieve common goals. The participants came to a consensus that it would be useful to form a venue in which this conversation could continue. It was agreed that it would make sense to leverage the existing ICH structure and form a sub-group to focus on housing and health collaboration.
