# San Bernardino County Homeless Partnership

**Interagency Council on Homelessness**  
Administrative Office  
303 E. Vanderbilt Way, San Bernardino, CA 92415-0026  
Office: (909) 386-8297

**FROM:** Tom Hernandez, Chief of Homeless Services

**SUBJECT:** Homeless Emergency Assistance Program (HEAP) Scoring Criteria Regional Modifications to be used as the Scoring Instrument for the Homeless Housing and Assistance Program (HHAP)

**DATE:** July 22, 2020

**RECOMMENDATION**

Review and Revise the HEAP Scoring Criteria as a Regional Guideline to be used for the HHAP Request for Applications Regional Scoring Instrument.

**BACKGROUND INFORMATION**

The Office of Homeless Services is preparing the Request for Applications (RFA) final release for early August. OHS is incorporating the recommendations from each Regional Steering Committee for their prioritization of funding for their region.

OHS has yet to develop a scoring instrument and would like to provide the HEAP scoring guidelines from 2018 to each region for their review and to revise so that it can be used for the 2020 HHAP scoring criteria.

Once each Regional Steering Committee has provided an updated or modified scoring instrument, the OHS will release each regions guideline along with the RFA. Each region will have flexibility in determining point distribution and threshold requirements.

## San Bernardino County Continuum of Care 2018-HEAP Project Scoring Guideline

The Homeless Emergency Aid Program (HEAP) received projects will be reviewed by the San Bernardino County Interagency Council on Homelessness (ICH) Grant Review Committee. **A. Housing First Emphasis (25 points)**

**(15 pts [15 Excellent] [10-14 Good] [5-9 Fair] [1-4 Poor] [0 Unacceptable])**

- Excellent:** Housing First emphasis is thoroughly described, leaving no doubt as to the Housing First model. Description is clearly based on the tenets of the Housing First model.
- Good:** Similar to above, but description could provide more detail about the Housing First emphasis.
- Fair:** Housing First emphasis is stated, but description limited, leaving some questions regarding how the agency will ensure Housing First services.
- Poor:** Housing First emphasis is vague and poorly described. Housing First emphasis appears to have been an afterthought.
- Unacceptable:** Housing First emphasis is not stated. The description does not have any evidence of applying the tenets of the Housing First model.

California's Housing First Legislation: In 2016, the California Legislature passed Senate Bill 1380 (Mitchell). It required all housing programs to adopt the Housing First model<sup>1</sup>. The Legislation defined Housing First as:

- Tenant screening and selection practices promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.
- Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of "housing readiness."
- Housing providers accept referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.
- Supportive services emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.
- Participation in services or program compliance is not a condition of housing tenancy.
- Tenants have a lease and all the rights and responsibilities of tenancy.
- The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.
- Funding promotes tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than "first-come-first-serve," including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services.
- Case managers and service coordinators are trained in and actively employ evidence-based practices for engagement, including motivational interviewing and client-centered counseling.
- Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.
- The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.
