## PROGRAM INFORMATION

Agency Name: **Water of Life Community Church**

Type	0 days	1-3 days	4-5 days	Over 5 days	Average
Entry Timeliness	154	0	4	233	39.93
Exit Timeliness	140	7	0	126	29.42

This report calculates the difference between the program entry date specified for the client and the date the client's application was entered into the system. For example, if a client's Program Entry date of "April 4, 2016" was recorded on "April 9, 2016," then the report would calculate a 5 day lag time in recording data. The report groups the number of applications by program and has 5 buckets for the number of days an application has been lagging.

**HUD Policy:** Data entry should be current within 5 business days of intake, exit, and service provision.
