PROGRAM INFORMATION

Agency Name: **Inland Valley Hope Partners**

| Type | 0 days | 1-3 days | 4-5 days | Over 5 days | Average |
|------------------|--------|----------|----------|-------------|---------|
| Entry Timeliness | 0 | 161 | 0 | 0 | 1.00 |
| Exit Timeliness | 3 | 0 | 0 | 44 | 45.15 |

This report calculates the difference between the program entry date specified for the client and the date the client's application was entered into the system. For example, if a client's Program Entry date of "April 4, 2016" was recorded on "April 9, 2016," then the report would calculate a 5-day lag time in recording data. The report groups the number of applications by program and has 5 buckets for the number of days an application has been lagging.

HUD Policy: Data entry should be current within 5 business days of intake, exit, and service provision.
