CSI DATA DICTIONARY

H-01.0 COUNTY/CITY/MENTAL HEALTH PLAN SUBMITTING RECORD (SUBMITTING COUNTY CODE)

PURPOSE:

Identifies the County/City/Mental Health Plan submitting the record to the Department of Mental Health.
This code will be the same on all records submitted by a County/City/Mental Health Plan.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Records |
| Source: | Local Mental Health |

VALID CODES:

| | | |
|-------------------|----------------------|--------------------|
| 01 = Alameda | 22 = Mariposa | 43 = Santa Clara |
| 02 = Alpine | 23 = Mendocino | 44 = Santa Cruz |
| 03 = Amador | 24 = Merced | 45 = Shasta |
| 04 = Butte | 25 = Modoc | 46 = Sierra |
| 05 = Calaveras | 26 = Mono | 47 = Siskiyou |
| 06 = Colusa | 27 = Monterey | 48 = Solano |
| 07 = Contra Costa | 28 = Napa | 49 = Sonoma |
| 08 = Del Norte | 29 = Nevada | 50 = Stanislaus |
| 09 = El Dorado | 30 = Orange | 52 = Tehama |
| 10 = Fresno | 31 = Placer | 53 = Trinity |
| 11 = Glenn | 32 = Plumas | 54 = Tulare |
| 12 = Humboldt | 33 = Riverside | 55 = Tuolumne |
| 13 = Imperial | 34 = Sacramento | 56 = Ventura |
| 14 = Inyo | 35 = San Benito | 57 = Yolo |

| 19 = Los Angeles | 40 = San Luis Obispo | |
| 20 = Madera | 41 = San Mateo | |
| 21 = Marin | 42 = Santa Barbara | |

CSI DATA DICTIONARY

COMMENTS:

Alpha codes will be used for entities other than counties acting as the mental health plan. If the entity serves as the mental health plan for more than one county, a unique code will be assigned for each county.

For information about this and other data elements containing a county code, see Technical Supplement TS-F: REPORTING TIPS, Tip Four.

USER/USAGE INFORMATION:

As a Header Field, this data element must be reported in every record.

This is one of several data elements needed for record identification, error corrections, and linkage to the cost reports. It is a part of the CLIENT KEY.

CSI DATA DICTIONARY

H-02.0 COUNTY CLIENT NUMBER (CCN)

PURPOSE:

Identifies the identification number by which the client is known by a particular agency or institution.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 9 |
| Format: | XXXXXXXXXX |
| | Right justify, zero fill, no embedded blanks |
| Required On: | All Records |
| Source: | Local Mental Health |

VALID CODES:

If a Control record, then this nine-digit field must be blank.

There must be **no** embedded blanks. Otherwise, all values accepted.

COMMENTS:

For Key Change transactions, this is known as the Target County Client Number.

For information about reporting clients, services, and providers, see Technical Supplement TS-F: REPORTING TIPS, Tip One.

USER/USAGE INFORMATION:

As a Header Field, this data element must be reported in every record.

This is one of several data elements needed for record identification and error corrections. It is a part of the CLIENT KEY.

This data element is a DHS confirmatory data element. See DHS Core/Confirmatory Data Elements in APPENDIX A: GLOSSARY OF TERMS AND ABBREVIATIONS.

CSI DATA DICTIONARY

H-03.0 RECORD TYPE

PURPOSE:

Identifies the type of record reported, i.e., Client, Key Change, Service, Periodic, or Control.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Records |
| Source: | Local Mental Health |

VALID CODES:

C = Client record
K = Key Change record
P = Periodic record
S = Service record
X = Control record

USER/USAGE INFORMATION:

As a Header Field, this data element must be reported in every record.

CSI DATA DICTIONARY

H-04.0 TRANSACTION CODE

PURPOSE:

Identifies the record as an Add/Replace, a Delete, or a Key Change transaction.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Records |
| Source: | Local Mental Health |

VALID CODES:

- If a transaction record, then:

| | | |
|-------|---|-----------------------------|
| D | = | Delete |
| K | = | Change County Client Number |
| Blank | = | Add/Replace |
- If a Control record, then this field must be blank.

USER/USAGE INFORMATION:

As a Header Field, this data element must be reported in every record.

CSI DATA DICTIONARY

X-01.0 PRODUCTION OR TEST INDICATOR

PURPOSE:

Identifies the type of data, i.e., Production or Test.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | Control Record |
| Source: | Local Mental Health |

VALID CODES:

P = Production
T = Test

USER/USAGE INFORMATION:

This data element indicates how each county submission file is to be processed.

CSI DATA DICTIONARY

X-02.0 FROM REPORT PERIOD

PURPOSE:

Identifies the “first” year and month of the Report Period for the county submission file. For monthly file submissions, use the same year and month for this field, X-02.0 FROM REPORT PERIOD, and the next field, X-03.0 THROUGH REPORT PERIOD.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Numeric |
| Byte(s): | 6 |
| Format: | YYYYMM |
| Required On: | Control Record |
| Source: | Local Mental Health |

VALID CODES:

The From Report Period of the county submission file shall be reported in numeric form as follows: the 4-digit year followed by the 2-digit month. The numeric form for the months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: November 1998 or 1998 November or 11/98 would be entered in this field as 199811.

EDITS:

Must be numeric; ‘YYYY’ must be greater than 1997; ‘MM’ = 01-12.

The From Report Period must not duplicate any previously submitted and accepted Report Period.

The From Report Period must be prior or equal to the Through Report Period.

USER/USAGE INFORMATION:

This is one of the three data elements in the Control record used to uniquely identify each county submission file.

CSI DATA DICTIONARY

X-03.0 THROUGH REPORT PERIOD

PURPOSE:

Identifies the “last” year and month of the Report Period for the county submission file. For monthly file submissions, use the same year and month for this field, X-03.0 THROUGH REPORT PERIOD, and the prior field, X-02.0 FROM REPORT PERIOD.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Numeric |
| Byte(s): | 6 |
| Format: | YYYYMM |
| Required On: | Control Record |
| Source: | Local Mental Health |

VALID CODES:

The Through Report Period of the county submission file shall be reported in numeric form as follows: the 4-digit year followed by the 2-digit month. The numeric form for the months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: December 1998 or 1998 December or 12/98 would be entered in this field as 199812.

EDITS:

Must be numeric; ‘YYYY’ must be greater than 1997; ‘MM’ = 01-12.

The Through Report Period must not duplicate any previously submitted and accepted Report Period.

The Through Report Period must be equal to or later than the From Report Period.

USER/USAGE INFORMATION:

This is one of the three data elements in the Control record used to uniquely identify each county submission file.

CSI DATA DICTIONARY

X-04.0 CREATION DATE

PURPOSE:

Identifies the date the submission file was created by the County/City/Mental Health Plan.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | Control Record |
| Source: | Local Mental Health |

VALID CODES:

The Creation Date shall be reported in numeric form as follows: the 4-digit year, the 2-digit month, and the 2-digit day of creation. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: November 15, 1998 or 15 November 1998 or 11/15/98 would be entered in this field as 19981115.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for length of month including a leap year. The Creation Date must be prior to or equal to the current date.

USER/USAGE INFORMATION:

This is one of the two data elements in the Control record used to uniquely identify each county submission file.

CSI DATA DICTIONARY

X-05.0 KEY CHANGE RECORD COUNT

PURPOSE:

Identifies the number of Key Change records within this submission file.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 7 |
| Format: | XXXXXXXX |
| | Right justify, zero fill |
| Required On: | Control Record |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric. Do not use special characters such as commas, periods, etc.

USER/USAGE INFORMATION:

This data element is used to confirm that all Key Change records were received for processing.

CSI DATA DICTIONARY

X-06.0 CLIENT RECORD COUNT

PURPOSE:

Identifies the number of Client records within this submission file.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 7 |
| Format: | XXXXXXXX |
| | Right justify, zero fill |
| Required On: | Control Record |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric. Do not use special characters such as commas, periods, etc.

USER/USAGE INFORMATION:

This data element is used to confirm that all Client records were received for processing.

CSI DATA DICTIONARY

X-07.0 SERVICE RECORD COUNT

PURPOSE:

Identifies the number of Service records within this submission file.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 7 |
| Format: | XXXXXXXX |
| | Right justify, zero fill |
| Required On: | Control Record |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric. Do not use special characters such as commas, periods, etc.

USER/USAGE INFORMATION:

This data element is used to confirm that all Service records were received for processing.

CSI DATA DICTIONARY

X-08.0 PERIODIC RECORD COUNT

PURPOSE:

Identifies the number of Periodic records within this submission file.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 7 |
| Format: | XXXXXXXX |
| | Right justify, zero fill |
| Required On: | Control Record |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric. Do not use special characters such as commas, periods, etc.

USER/USAGE INFORMATION:

This data element is used to confirm that all Periodic records were received for processing.

CSI DATA DICTIONARY

C-01.0 BIRTH NAME

PURPOSE:

Identifies the name of the client as it appears on the birth certificate as reported by the client.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 53 |
| | First 15 |
| | Middle: 15 |
| | Last: 20 |
| | Suffix: 3 |
| Format: | FFFFFFFFFFFFFFFFF |
| | MMMMMMMMMMMMMMM |
| | LLLLLLLLLLLLLLLLL |
| | SSS |
| | Left justify each subfield with trailing blanks |
| Required On: | All Client Records |
| Source: | Local Mental Health |

COMMENTS:

Use UPPER CASE only. Embedded hyphens and apostrophes are acceptable if comprised as part of a name. Do not use commas or periods. If commas or periods are used, they will be removed by DMH. If mixed or lower case is used, DMH will make it all UPPER CASE.

Appellations such as Sr, Jr, III, etc. are acceptable in the suffix field. Do not include titles such as MD, PhD, etc. in the suffix field.

USER/USAGE INFORMATION:

This data element is a DHS core data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

CSI DATA DICTIONARY

C-02.0 MOTHER'S FIRST NAME

PURPOSE:

Identifies the first name of the client's mother.

FIELD DESCRIPTION:

| | |
|--------------|-----------------------------------|
| Type: | Character |
| Byte(s): | 15 |
| Format: | FFFFFFFFFFFFFFF |
| | Left justify with trailing blanks |
| Required On: | All Client Records |
| Source: | Local Mental Health |

COMMENTS:

Use UPPER CASE only. Embedded hyphens and apostrophes are acceptable if comprised as part of a name. Do not use commas or periods. If commas or periods are used, they will be removed by DMH. If mixed or lower case is used, DMH will make it all UPPER CASE.

USER/USAGE INFORMATION:

This data element is a DHS core data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

CSI DATA DICTIONARY

C-03.0 DATE OF BIRTH

PURPOSE:

Identifies the date on which the client was born.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All Client Records |
| Source: | Local Mental Health |

VALID CODES:

The client's Date of Birth shall be reported in numeric form as follows: the 4-digit year, the 2-digit month, and the 2-digit day of birth. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: April 21, 1967 or 21 April 1967 or 4/21/67 would be entered in this field as 19670421.

COMMENTS:

When the complete date of birth is unknown, as much of the date as is known shall be reported. At a minimum, an approximate year of birth must be reported. If only the age is known, report the estimated year of birth and zeros for the month and day. If the year and month of birth are known, and the exact day is not, report the year and month only, and zeros for the day.

EDITS:

Must be numeric; 'YYYY' must be greater than 1800; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for length of month including a leap year. The birth date must be prior to or equal to the current date. If subfield 'MM' or 'DD' is unknown, zeros must be entered in that particular subfield.

USER/USAGE INFORMATION:

This data element is a DHS core data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

This data element is used to compute age, and to analyze utilization patterns.

CSI DATA DICTIONARY

C-04.0 PLACE OF BIRTH

PURPOSE:

Identifies the place in which the client was born.

County if in California

State if in USA

Country

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 6 |
| | County: 2 |
| | State: 2 |
| | Country: 2 |
| Format: | CCSSXX |
| Required On: | All Client Records |
| Source: | Local Mental Health |

COMMENTS:

The field consists of three separate subfields: Birth County, Birth State, Birth Country. All subfields must be completed.

CLIENT BORN IN CALIFORNIA

If county of birth is known, enter the two digit county code listed in the Valid California County Codes section for the Birth County, 'CA' for the Birth State, and 'US' for the Birth Country.

If the county of birth is not known but the city or town of birth in California is known, look up the city or town of birth in APPENDIX D: CALIFORNIA PLACE NAMES and enter the corresponding two-digit county code.

If county of birth is not known, enter '99' for the Birth County, 'CA' for the Birth State, and 'US' for the Birth Country.

CLIENT BORN OUTSIDE CALIFORNIA BUT INSIDE UNITED STATES

If state of birth is known, enter '00' for the Birth County, the two character alphabetic code listed in the Valid State Codes section (which is the U.S. Postal Service code for states) for the Birth State, and 'US' for the Birth Country.

If state of birth is not known, enter '00' for the Birth County, 'UN' for the Birth State, and 'US' for the Birth Country.

CLIENT BORN OUTSIDE UNITED STATES

If the country of birth is known, enter '00' for the Birth County, '00' for the Birth State, and the two character code listed in the Valid Country Codes section (which is the FIPS 10-4 code set) for the Birth Country.

CLIENT BORN OUTSIDE UNITED STATES (*continued*)

CSI DATA DICTIONARY

If the country of birth is known but not listed, enter '00' for the Birth County, '00' for the Birth State, and '00' for the Birth Country.

If the country of birth is not known, enter '00' for the Birth County, '00' for the Birth State, and '99' for the Birth Country.

Puerto Rico, the Virgin Islands, Guam, etc. are coded as countries and not as states of the United States.

VALID CALIFORNIA COUNTY CODES:

| | | |
|-------------------|----------------------|----------------------------|
| 01 = Alameda | 22 = Mariposa | 43 = Santa Clara |
| 02 = Alpine | 23 = Mendocino | 44 = Santa Cruz |
| 03 = Amador | 24 = Merced | 45 = Shasta |
| 04 = Butte | 25 = Modoc | 46 = Sierra |

USER/USAGE INFORMATION:

This data element is a DHS core data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

CSI DATA DICTIONARY

C-05.0 GENDER

PURPOSE:

Identifies the gender of the client.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Client Records |
| Source: | Local Mental Health |

VALID CODES:

F = Female
M = Male
O = Other - Includes gender changes, undetermined gender and persons with congenital abnormalities which obscure gender identification.
U = Unknown / Not Reported - Indicates that the gender of the client was not available.

USER/USAGE INFORMATION:

This data element is a DHS core data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

CSI DATA DICTIONARY

C-06.0 ETHNICITY/RACE

PURPOSE:

Part A. Identifies the ethnicity/race of the client.

Part B. Identifies another ethnicity/race of the client.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 2 |
| Format: | AB |
| Required On: | All Client Records |
| Source: | Local Mental Health |

COMMENTS:

The field consists of two separate subfields: the ethnicity/race of the client (subfield A) and another ethnicity/race of the client (subfield B).

If reporting only one ethnicity/race, enter code in subfield A and leave subfield B blank.

VALID CODES:

| | |
|---------------------|---|
| 1 = White | N = Asian Indian |
| 2 = Hispanic | P = Hawaiian Native |
| 3 = Black | R = Guamanian |
| 5 = American Native | T = Laotian |
| 7 = Filipino | V = Vietnamese |
| A = Amerasian | X = Multiple (only valid in subfield B) |
| C = Chinese | 4 = Other Asian or Pacific Islander |
| H = Cambodian | 8 = Other |
| J = Japanese | 9 = Unknown / Not Reported (only valid in subfield A) |
| K = Korean | |
| M = Samoan | |

The coding scheme is similar to the one in the DHS MEDS Data Dictionary.

CSI DATA DICTIONARY

For your convenience, below are the ethnic/race groups displayed in alphabetical order.

| | | | | | |
|---|---|-----------------|---|---|---|
| A | = | Amerasian | K | = | Korean |
| 5 | = | American Native | T | = | Laotian |
| N | = | Asian Indian | X | = | Multiple (only valid in subfield B) |
| 3 | = | Black | 8 | = | Other |
| H | = | Cambodian | 4 | = | Other Asian or Pacific Islander |
| C | = | Chinese | M | = | Samoan |
| 7 | = | Filipino | 9 | = | Unknown / Not Reported (only valid in subfield A) |
| R | = | Guamanian | V | = | Vietnamese |
| P | = | Hawaiian Native | 1 | = | White |
| 2 | = | Hispanic | | | |
| J | = | Japanese | | | |

USER/USAGE INFORMATION:

This data element is needed to summarize ethnic/race data for cultural competency issues and other purposes. This summarized data will be used to compare the ethnic/race groups in the county population to the ethnic/race groups in the client population. It will also be used to analyze utilization patterns by the different ethnic/race groups across the state.

CSI DATA DICTIONARY

C-07.0 PRIMARY LANGUAGE

PURPOSE:

Identifies the primary language utilized by the client.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Client Records |
| Source: | Local Mental Health |

VALID CODES:

| | |
|----------------------------------|----------------------------|
| 0 = American Sign Language (ASL) | H = Hmong |
| 1 = Spanish | I = Lao |
| 2 = Cantonese | J = Turkish |
| 3 = Japanese | K = Hebrew |
| 4 = Korean | L = French |
| 5 = Tagalog | M = Polish |
| 6 = Other Non-English | N = Russian |
| 7 = English | P = Portuguese |
| A = Other Sign Language | Q = Italian |
| B = Mandarin | R = Arabic |
| C = Other Chinese Languages | S = Samoan |
| D = Cambodian | T = Thai |
| E = Armenian | U = Farsi |
| F = Ilocano | V = Vietnamese |
| G = Mien | 9 = Unknown / Not Reported |

The coding scheme is similar to the one in the DHS MEDS Data Dictionary.

CSI DATA DICTIONARY

For your convenience, below are the Primary languages displayed in alphabetical order.

| | | | | | |
|---|---|------------------------------|---|---|------------------------|
| 0 | = | American Sign Language (ASL) | B | = | Mandarin |
| R | = | Arabic | G | = | Mien |
| E | = | Armenian | C | = | Other Chinese Dialects |
| D | = | Cambodian | 6 | = | Other Non-English |
| 2 | = | Cantonese | A | = | Other Sign Language |
| 7 | = | English | M | = | Polish |
| U | = | Farsi | P | = | Portuguese |
| L | = | French | N | = | Russian |
| K | = | Hebrew | S | = | Samoan |
| H | = | Hmong | 1 | = | Spanish |
| F | = | Ilocano | 5 | = | Tagalog |
| Q | = | Italian | T | = | Thai |
| 3 | = | Japanese | J | = | Turkish |
| 4 | = | Korean | 9 | = | Unknown / Not Reported |
| I | = | Lao | V | = | Vietnamese |

USER/USAGE INFORMATION:

This data element is needed to summarize primary language data for cultural competency issues.

CSI DATA DICTIONARY

S-25.0 EVIDENCE-BASED PRACTICES / SERVICE STRATEGIES

PURPOSE:

Identifies up to three Evidence-Based Practices / Service Strategies that further describe the service the client received.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 6 |
| Format: | Three 2 byte fields. Six bytes total. XXXXXX Left justify, no embedded blanks |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

EVIDENCE-BASED PRACTICES

| | |
|--|---|
| 01 = Assertive Community Treatment | 07 = Medication Management |
| 02 = Supportive Employment | 08 = New Generation Medications |
| 03 = Supportive Housing | 09 = Therapeutic Foster Care |
| 04 = Family Psychoeducation | 10 = Multisystemic Therapy |
| 05 = Integrated Dual Diagnosis Treatment | 11 = Functional Family Therapy |
| 06 = Illness Management and Recovery | 99 = Unknown Evidence-Based Practice / Service Strategy |

SERVICE STRATEGIES

| | |
|--|---|
| 50 = Peer and/or Family Delivered Services | 56 = Delivered in Partnership with Social Services |
| 51 = Psychoeducation | 57 = Delivered in Partnership with Substance Abuse Services |
| 52 = Family Support | 58 = Integrated Services for Mental Health and Aging |
| 53 = Supportive Education | 59 = Integrated Services for Mental Health and Developmental Disability |
| 54 = Delivered in Partnership with Law Enforcement (includes courts, probation, etc.) | 60 = Ethnic-Specific Service Strategy |
| 55 = Delivered in Partnership with Health Care | 61 = Age-Specific Service Strategy |
| 99 = Unknown Evidence-Based Practice / Service Strategy | |

CSI DATA DICTIONARY

DEFINITIONS:

Evidence-Based Practices:

Programs/services delivered in a culturally-competent manner that incorporate practices with generally accepted scientific fidelity, and that measure the impact of the practice on clients, participants and/or communities. These evidence-based practices are more fully described by the Substance Abuse and Mental Health Services Administration (SAMHSA), and are available at <http://www.nri-inc.org/CMHQA.cfm>. Toolkits for some of the evidence-based practices are available at <http://www.mentalhealth.samhsa.gov/cmhs/communitysupport/toolkits/>.

| | |
|---------------------------------------|--|
| Assertive Community Treatment (01) | <p>A team-based approach to the provision of treatment, rehabilitation, and support services.</p> <p>Core components include:</p> <ul style="list-style-type: none">• Small caseloads• Team approach• Full responsibility for treatment services• Community-based services• Assertive engagement mechanisms• Role of consumers and/or family members on treatment team |
| Supportive Employment (02) | <p>Services that promote rehabilitation and a return to productive employment for persons with serious mental illness.</p> <p>Core components include:</p> <ul style="list-style-type: none">• Vocational services staff• Integration of rehabilitation with mental health treatment• No exclusion criteria• Rapid search for competitive jobs• Jobs as transition• Follow-along supports |
| Supportive Housing (03) | <p>Services to assist individuals in finding and maintaining appropriate housing arrangements and independent living situations.</p> <p>Criteria include:</p> <ul style="list-style-type: none">• Housing choice• Functional separation of housing from service provision• Affordability• Integration (with persons who do not have mental illness)• The right to tenure• Service choice• Service individualization• Service availability |
| Family Psychoeducation (04) | <p>Offered as part of an overall clinical treatment plan for individuals with mental illness to achieve the best possible outcome through active involvement of family members in treatment and management.</p> <p>Core components include:</p> <ul style="list-style-type: none">• Family Intervention Coordinator• Quality of clinician-family alliance• Education curriculum• Structured problem-solving technique |

CSI DATA DICTIONARY

DEFINITIONS:

Evidence-Based Practices (*continued*)

| | |
|---|--|
| Integrated Dual Diagnosis Treatment (05) | <p>Treatments that combine or integrate mental health and substance abuse interventions at the level of the clinical encounter.</p> <p>Core components include:</p> <ul style="list-style-type: none">• Multidisciplinary team• Stage-wise interventions• Substance abuse counseling• Outreach and secondary interventions |
| Illness Management and Recovery (06) | <p>A practice that includes a broad range of health, lifestyle, self-assessment and management behaviors by the client, with the assistance and support of others.</p> <p>Core components include:</p> <ul style="list-style-type: none">• Comprehensiveness of the curriculum• Illness Management Recovery goal setting• Cognitive-behavioral techniques• Relapse prevention training |
| Medication Management (07) | <p>A systematic approach to medication management for severe mental illnesses that includes the involvement of consumers, families, supporters, and practitioners in the decision-making process. Includes monitoring and recording of information about medication results.</p> <p>Critical elements include:</p> <ul style="list-style-type: none">• Utilization of a systemic plan for medication management• Objective measures of outcome are produced• Documentation is thorough and clear• Consumers/family and practitioners share in the decision-making |
| New Generation Medications (08) | <p>A practice that tracks adults with a primary diagnosis of schizophrenia who received atypical second generation medications (including Clozapine) during the reporting year.</p> |
| Therapeutic Foster Care (09) | <p>Services for children within private homes of trained families. The approach combines the normalizing influence of family-based care with specialized treatment interventions, thereby creating a therapeutic environment in the context of a nurturant family home.</p> |
| Multisystemic Therapy (10) | <p>A practice that views the individual as nestled within a complex network of interconnected systems (family, school, peers). The goal is to facilitate and promote individual change in this natural environment. The caregiver(s) is viewed as the key to long-term outcomes.</p> |
| Functional Family Therapy (11) | <p>A program designed to enhance protective factors and reduce risk by working with both the youth and their family. Phases of the program are engagement, motivation, assessment, behavior change, and generalization.</p> |

CSI DATA DICTIONARY

DEFINITIONS:

Service Strategies:

Services and supports that incorporate the vision of the Mental Health Services Act (MHSA), as determined by multi-stakeholder input and participation. The broad categories listed below are designed to describe county services or programs with respect to a common concept or underlying strategy. Therefore, counties may implement different kinds of programs/services with a similar underlying strategy, all of which would be coded under the same Service Strategy in CSI - per the broad definitions below. The Service Strategies data element is designed to be a modifier to the service function codes, in order that more specific information about services/supports may be known for reporting purposes. The Service Strategies data element is to be collected and reported for all service function codes reported to CSI, regardless of whether or not the service/program is part of MHSA implementation.

Services
(50)

Services and supports provided by clients and family members who have been hired as treatment program staff, or who provide adjunct supportive or administrative services, such as training, information dissemination and referral, support groups and self-help support and empowerment. Please note that if the service/support is to be reimbursed by Medi-Cal, client and family member staff duties and credentials must meet Medi-Cal provider certification requirements.

Psychoeducation
(51)

Services that provide education about:

- Mental health diagnosis and assessment
- Medications
- Services and support planning
- Treatment modalities
- Other information related to mental health services and needs

Family Support
(52)

Services provided to a client's family member(s) in order to help support the client.

Supportive Education
(53)

Services that support the client toward achieving educational goals with the ultimate aim of productive work and self-support.

CSI DATA DICTIONARY

DEFINITIONS:

Service Strategies (continued)

| | |
|---|---|
| Delivered in Partnership with Law Enforcement (includes courts, probation, etc.) (54) | Services that are integrated, interdisciplinary and/or coordinated with law enforcement, probation or courts (e.g., mental health courts, jail diversion programs, etc.) for the purpose of providing alternatives to incarceration/detention for those with mental illness/emotional disturbance and criminal justice system involvement. |
| Delivered in Partnership with Health Care (55) | Integrated, interdisciplinary and/or coordinated physical and mental health services, including co-location and/or collaboration between mental health and primary care providers, and/or other health care sites. |
| Delivered in Partnership with Social Services (56) | Integrated, interdisciplinary and/or coordinated social services and mental health services, including co-location and/or collaboration between mental health and social services providers. |
| Delivered in Partnership with Substance Abuse Services (57) | Integrated, interdisciplinary and/or coordinated substance use services and mental health services, including co-location and/or collaboration between mental health providers and agencies/providers of substance use services. This strategy is distinguished from the Federal evidence-based practice, “Integrated Dual Diagnosis Treatment”, in that for this strategy the integration does not need to occur at the level of the clinical encounter. |
| Integrated Services for Mental Health and Aging (58) | Integrated, interdisciplinary and/or coordinated services for mental health and issues related to aging, including co-location and/or collaboration between mental health providers and agencies/providers of services specific to aging (e.g., health, social, community service providers, etc). |
| Integrated Services for Mental Health and Developmental Disability (59) | Integrated, interdisciplinary and/or coordinated mental health services and services for developmental disabilities, including co-location and/or collaboration between mental health providers and agencies/providers of services specific to developmental disabilities. |
| Ethnic-Specific Service Strategy (60) | Culturally appropriate services that reach and are tailored to persons of diverse cultures in order to eliminate disparities. Includes ethnic-specific strategies and community cultural practices such as traditional practitioners, natural healing practices, and ceremonies recognized by communities in place of, or in addition to, mainstream services. |
| Age-Specific Service Strategy (61) | Age-appropriate services that reach and are tailored to specific age groups in order to eliminate disparities. Age-specific strategies should promote a wellness philosophy including the concepts of both recovery and resiliency. |

CSI DATA DICTIONARY

S-26.0 TRAUMA

PURPOSE:

Identifies clients that have experienced traumatic events including experiences such as having witnessed violence, having been a victim of crime or violence, having lived through a natural disaster, having been a combatant or civilian in a war zone, having witnessed or having been a victim of a severe accident, or having been a victim of physical, emotional, or sexual abuse.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

Y = Yes
N = No
U = Unknown

USER/USAGE INFORMATION:

This data element will be used to determine the number of clients that have experienced trauma.

CSI DATA DICTIONARY

S-01.0 RECORD REFERENCE NUMBER (RRN)

PURPOSE:

Identifies the unique number assigned to any record in order to locate and retrieve the record.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 23 |
| Format: | XXXXXXXXXXXXXXXXXXXXXXXXX Right justify, zero fill, no embedded blanks |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

There must be **no** embedded blanks. Otherwise, all values accepted.

USER/USAGE INFORMATION:

This is one of several data elements needed for record identification and error corrections.

CSI DATA DICTIONARY

S-02.0 CURRENT LEGAL NAME / BENEFICIARY NAME

PURPOSE:

Identifies the current legal name / beneficiary name of the client.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 53 |
| | First: 15 |
| | Middle: 15 |
| | Last: 20 |
| | Suffix: 3 |
| Format: | FFFFFFFFFFFFFFFFF |
| | MMMMMMMMMMMMMMMM |
| | LLLLLLLLLLLLLLLLLLLL |
| | SSS |
| | Left justify each subfield with trailing blanks |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Use UPPER CASE only. Embedded hyphens and apostrophes are acceptable if comprised as part of a name. Do not use commas or periods. If commas or periods are used, they will be removed by DMH. If mixed or lower case is used, DMH will make it all UPPER CASE.

Appellations such as Sr, Jr, III, etc. are acceptable in the suffix field. Do not include titles such as MD, PhD, etc. in the suffix field.

USER/USAGE INFORMATION:

This data element is a DHS confirmatory data element. See DHS Core/Confirmatory Data Elements in the Glossary of Terms and Abbreviations.

CSI DATA DICTIONARY

S-03.0 SOCIAL SECURITY NUMBER

PURPOSE:

Identifies the social security number of the client.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 9 |
| Format: | XXXXXXXXXX |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

000000000 = Social Security Number is unknown

Do not use any spaces or special characters such as hyphens. Do not allow all 1's, all 2's, etc., 123456789, and similar artificial numbers.

Pseudo-Social Security Numbers are accepted. A pseudo Social Security Number is defined as eight number digits followed by a 'P.'

This data element must be reported if reporting an IMD service, which is a 24 Hour Service (Mode 05) and Service Function in the range of 35-39. See Technical Supplement TS-F: REPORTING TIPS, Tip Two, Example 2.

USER/USAGE INFORMATION:

This data element is a DHS confirmatory data element. See DHS Core/Confirmatory Data Elements in APPENDIX A: GLOSSARY OF TERMS AND ABBREVIATIONS.

This data element is to be used by DMH to match to the Meds Monthly Extract File (MMEF) to obtain Medi-Cal eligibility information.

This data element is also to be used by the Department of Health Services to match clients in IMD facilities to other Medi-Cal services.

CSI DATA DICTIONARY

S-04.0 **MEDI-CAL NUMBER**

PURPOSE:

Identifies Medi-Cal or Health Families Plan recipients.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 14 |
| Format: | XXXXXXXXXXXXXXXX |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

This field may be filled with a valid Medi-Cal number. If not, it will be space filled.

COMMENTS:

This field is optional.

CSI DATA DICTIONARY

S-05.0 MODE OF SERVICE

PURPOSE:

Identifies, in broad terms, the category of service, i.e., 24 Hour, Day, and/or Outpatient.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

| | | |
|----|---|---------------------|
| 05 | = | 24 Hour Services |
| 10 | = | Day Services |
| 15 | = | Outpatient Services |

The coding scheme follows the County Cost Report definitions.

COMMENTS:

For information about reporting clients, services, and providers, see Technical Supplement TS-F: REPORTING TIPS, Tip One.

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

DEFINITIONS:

| | |
|-----------------------------|--|
| 24 Hour Services (05) | Services designed to provide a therapeutic environment of care and treatment within a residential setting. Depending on the severity of mental disorder, and the need for related medical care, treatment would be provided in one of a variety of settings. |
| Day Services (10) | Services which provide a range of therapeutic and rehabilitative programs as an alternative to inpatient care. |
| Outpatient Services (15) | Services designed to provide short-term or sustained therapeutic intervention for individuals experiencing acute and/or ongoing psychiatric distress. |

For more details on these definitions, see the California Code of Regulations, Title 9, Chapter 11 and the County Cost Report documentation.

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element is needed to identify the categories of services being provided as well as for linking to cost reports.

CSI DATA DICTIONARY

S-06.0 SERVICE FUNCTION

PURPOSE:

Identifies the specific type of service received by the client within 24 Hour, Day, and/or Outpatient mode of service.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

24 Hour Services/Mode 05

| | |
|-------|-------------------------------------|
| 10-18 | = Hospital Inpatient |
| 19 | = Hospital Administrative Day |
| 20-29 | = Psychiatric Health Facility (PHF) |
| 30-34 | = SNF Intensive |
| 35 | = IMD Basic (no Patch) |
| 36-39 | = IMD With Patch |
| 40-49 | = Adult Crisis Residential |
| 50-59 | = Jail Inpatient |
| 60-64 | = Residential, Other |
| 65-79 | = Adult Residential |
| 80-84 | = Semi-Supervised Living |
| 85-89 | = Independent Living |
| 90-94 | = Mental Health Rehab Center |

Outpatient Services/Mode 15

| | |
|-------|---|
| 01-09 | = Linkage/Brokerage |
| 10-18 | = Collateral |
| 19 | = Professional Inpatient Visit - Collateral |
| 30-38 | = Mental Health Services (MHS) |
| 39 | = Professional Inpatient Visit - MHS |
| 40-48 | = Mental Health Services (MHS) |
| 49 | = Professional Inpatient Visit - MHS |
| 50-57 | = Mental Health Services (MHS) |
| 58 | = Therapeutic Behavioral Services (TBS) |
| 59 | = Professional Inpatient Visit - MHS |
| 60-68 | = Medication Support (MS) |
| 69 | = Professional Inpatient Visit - MS |
| 70-78 | = Crisis Intervention (CI) |
| 79 | = Professional Inpatient Visit - CI |

Day Services/Mode 10

| | |
|-------|---|
| 20-24 | = Crisis Stabilization - Emergency Room |
| 25-29 | = Crisis Stabilization - Urgent Care |
| 30-39 | = Vocational Services |
| 40-49 | = Socialization |
| 60-69 | = SNF Augmentation |
| 81-84 | = Day Treatment Intensive - Half Day |
| 85-89 | = Day Treatment Intensive - Full Day |
| 91-94 | = Day Rehabilitation - Half Day |
| 95-99 | = Day Rehabilitation - Full Day |

The coding scheme follows the County Cost Report definitions.

CSI DATA DICTIONARY

COMMENTS:

For information about reporting clients, services, and providers, see Technical Supplement TS-F: REPORTING TIPS, Tip One.

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

DEFINITIONS:

24 Hour Services/Mode 05

| | |
|--|---|
| Hospital Inpatient (10-18) | Services provided in an acute psychiatric hospital or a distinct acute psychiatric part of a general hospital that is approved by the Department of Health Services to provide psychiatric services. |
| Hospital Administrative Day (19) | Local Hospital Administrative Days are those days that a patient's stay in the hospital is beyond the need for acute care and there is a lack of nursing facility beds. |
| Psychiatric Health Facility (PHF) (20-29) | Psychiatric Health Facility Services are therapeutic and/or rehabilitation services provided in a non-hospital 24-hour inpatient setting, on either a voluntary or involuntary basis. Must be licensed as a Psychiatric Health Facility by the Department of Mental Health. |
| SNF Intensive (30-34) | A licensed skilled nursing facility which is funded and staffed to provide intensive psychiatric care. |
| IMD (Institute for Mental Disease) | For this service function an IMD is a SNF where more than 50% of the patients are diagnosed with a mental disorder. The federal government has designated these facilities as IMDs. |
| Basic (35) | No Patch. |
| With Patch (36-39) | Organized therapeutic activities which augment and are integrated into an existing skilled nursing facility. |
| Adult Crisis Residential (40-49) | Therapeutic or rehabilitative services provided in a non-institutional residential setting which provides a structured program as an alternative to hospitalization for persons experiencing an acute psychiatric episode or crisis who do not present medical complications requiring nursing care. |
| Jail Inpatient (50-59) | A distinct unit within an adult or juvenile detention facility which is staffed to provide intensive psychiatric treatment of inmates. |
| Residential, Other (60-64) | This service function includes children's residential programs, former SB 155 programs, former Community Care Facility (CCF) augmentation, and other residential programs that are not Medi-Cal certified or defined elsewhere. |
| Adult Residential (65-79) | Rehabilitative services, provided in a non-institutional, residential setting, which provide a therapeutic community including a range of activities and services for persons who would be at risk of hospitalization or other institutional placement if they were not in the residential treatment program. |

CSI DATA DICTIONARY

24 Hour Services/Mode 05 (continued)

| | |
|---------------------------------------|--|
| Semi-Supervised Living (80-84) | A program of structured living arrangements for persons who do not need intensive support but who, without some support and structure, may return to a condition requiring hospitalization. This program may be a transition to independent living. |
| Independent Living (85-89) | This program is for persons who need minimum support in order to live in the community. |
| Mental Health Rehab Center (90-94) | This is a 24 hour program which provides intensive support and rehabilitation services designed to assist persons 18 years or older, with mental disorders who would have been placed in a state hospital or another mental health facility to develop the skills to become self-sufficient and capable of increasing levels of independent functioning. |

Day Services/Mode 10

| | |
|--|--|
| Crisis Stabilization - Emergency Room (20-24) | This is an immediate face-to-face response lasting less than 24 hours, to or on behalf of a client exhibiting acute psychiatric symptoms, provided in a 24-hour health facility or hospital based outpatient program. Service activities are provided as a package and include but are not limited to Crisis Intervention, Assessment, Evaluation, Collateral, Medication Support Services, and Therapy. |
| Crisis Stabilization - Urgent Care (25-29) | This is an immediate face-to-face response lasting less than 24 hours, to or on behalf of a client exhibiting acute psychiatric symptoms, provided at a certified Mental Health Rehabilitation provider site. Service activities are provided as a package and include but are not limited to Crisis Intervention, Assessment, Evaluation, Collateral, Medication Support Services, and Therapy. |
| Vocational Services (30-39) | Services designed to encourage and facilitate individual motivation and focus upon realistic and attainable vocational goals. To the extent possible, the intent is to maximize individual client involvement in skill seeking and skill enhancement, with an ultimate goal of self-support. |
| Socialization (40-49) | Services designed to provide activities for persons who require structured support and the opportunity to develop the skills necessary to move toward more independent functioning. |
| SNF Augmentation (60-69) | Organized therapeutic activities which augment and are integrated into an existing skilled nursing facility. |
| Day Treatment Intensive Half Day (81-84) Full Day(85-89) | Day Treatment Intensive service provides an organized and structured multi-disciplinary treatment program as an alternative to hospitalization, to avoid placement in a more restrictive setting, or to maintain the client in a community setting. |
| Day Rehabilitation Half Day (91-94) Full Day (95-99) | Day Rehabilitation service provides evaluation and therapy to maintain or restore personal independence and functioning consistent with requirements for learning and development. |

CSI DATA DICTIONARY

Outpatient Services/Mode 15

| | |
|---|--|
| Linkage/Brokerage (01-09) | Linkage/Brokerage services are activities that assist a client to access medical, educational, social, prevocational, vocational, rehabilitative, or other needed community services. |
| Collateral (10-18) | Collateral and Mental Health Services are interventions designed to provide the maximum reduction of mental disability and restoration or maintenance of functioning consistent with the requirements for learning, development, independent living, and enhanced self-sufficiency. |
| Mental Health Services (MHS) (30-38, 40-48, 50-57) | |
| Therapeutic Behavioral Services (TBS) (58) | These services are the same as collateral and Mental Health Services, except they consist of one-to-one therapeutic contacts with a mental health provider and a beneficiary for a specified short-term period of time (shadowing), which are designed to maintain the child/youth's residential placement at the lowest appropriate level by resolving target behaviors and achieving short-term treatment goals. The mental health provider is on-site and is immediately available to intervene for a specified period of time, up to 24 hours a day, depending on the need of the child/youth. |
| Professional Inpatient Visit - Collateral or MHS (19, 39, 49, 59) | These services are the same as Mental Health Services except the services are provided in a non-SD/MC inpatient setting by professional staff. |
| Medication Support (60-68) | Medication support services include prescribing, administering, dispensing, and monitoring of psychiatric medication or biologicals necessary to alleviate the symptoms of mental illness. |
| Professional Inpatient Visit - Medication Support (69) | These services are the same as Medication Support except the services are provided in a non-SD/MC inpatient setting by professional staff. |
| Crisis Intervention (70-78) | Crisis Intervention is a service, lasting less than 24 hours, to on behalf of a client for a condition which requires more timely response than a regularly scheduled visit. Service activities may include but are not limited to assessment, collateral and therapy. |
| Professional Inpatient Visit - Crisis Intervention (79) | These services are the same as Crisis Intervention except the services are provided in a non-SD/MC inpatient setting by professional staff. |

For more details on these definitions, see the California Code of Regulations, Title 9, Chapter 11 and the County Cost Report documentation.

USER/USAGE INFORMATION:

This data element is needed for detailed identification of the types of services being given as well as for linking to cost reports.

CSI DATA DICTIONARY

S-07.0 UNITS OF SERVICE

PURPOSE:

Identifies the quantity of services provided.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 2 |
| Format: | XX |
| | Right justify, zero fill |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric.

| TYPE OF SERVICE | UNIT OF SERVICE MEASUREMENT |
|---|---------------------------------------|
| 24-Hour mode of service Day mode of service except for Crisis Stabilization | Day |
| Crisis Stabilization | Each occurrence of the event |
| Outpatient mode of service | Each client or support person contact |

Units of service must be greater than zero if the mode of service is 24 Hour (Mode 05) or Day (Mode 10) **except** for 24 Hour when the From/Entry Date and the Through/Exit Date are equal and the From/Entry and Through/Exit Dates are prior to or equal to the Discharge Date and the Admission Date is prior to the From/Entry Date, Through/Exit Date, and Discharge Date. For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

Units of service must be zero filled if the mode of service is Outpatient and there is no contact with a client or support person.

VALID CODES:

- 00 = Outpatient Services (Mode 15) whenever there is no contact with a client or support person
- 00 = 24 Hour Services (Mode 05) when the From/Entry Date and Through/Exit Date are the equal and the From Entry/ and Through/Exit Dates are less than or equal to the Discharge Date and the Admission Date is prior to the From/Entry Date, Through/Exit Date, and Discharge Date
- 01 through 31 = 24 Hour Services (Mode 05); must be appropriate for the length during the month including a leap year

For Day Treatment Intensive and Day Rehabilitation, units of service must equal units of time. All other services must be numeric and greater than zero.

CSI DATA DICTIONARY

VALID CODES: (continued)

Definitions and the counting of units of service will be consistent with the California Code of Regulations, Title 9, Chapter 11 and the County Cost Report documentation.

USER/USAGE INFORMATION:

This data element is needed to capture statistics on the amount of services provided to each client. This will also be used to calculate units of service by diagnosis, age, etc.

CSI DATA DICTIONARY

S-08.0 UNITS OF TIME

PURPOSE:

Identifies the amount of time for selected services in Day Services and all Outpatient Services.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 4 |
| Format: | XXXX |
| | Right justify, zero fill |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Must be numeric. A unit of time is a measure of professional input into services or client time for Day Services.

| TYPE OF SERVICE | UNIT OF TIME MEASUREMENT |
|---|--------------------------|
| 24-Hour mode of service SNF Augmentation | Zero fill |
| Crisis Stabilization | Hourly increments |
| Vocational Services Socialization | 4-Hour increments |
| Day Treatment Intensive Day Rehabilitation | Half day or Full day |
| Outpatient mode of service | Minutes |

Units of time must be greater than zero if the mode of service is Outpatient and there is contact with a client or support person.

VALID CODES:

0000 = 24 hour service (Mode 05 all service functions)
0000 = SNF Augmentation (Mode 10 service functions 60-69)

For Day Treatment Intensive and Day Rehabilitation, units of time must equal units of service. All other services must be numeric and greater than zero. The maximum value must not exceed 1440 minutes.

Definitions and the counting of units of time will be consistent with the California Code of Regulations, Title 9, Chapter 11 and the County Cost Report documentation.

USER/USAGE INFORMATION:

This data element is needed as a base measure of professional time expended with or on behalf of a client or amount of time a client spends in an activity.

CSI DATA DICTIONARY

S-09.0 PRINCIPAL MENTAL HEALTH DIAGNOSIS

PURPOSE:

Identifies the principal mental health diagnosis, which is the primary focus of attention or treatment for the mental health services. This may be any of the full range of Diagnostic and Statistical Manual (DSM) diagnoses. It may be on either Axis I or Axis II.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 7 |
| Format: | XXXXXXX |
| | Left justify, no embedded blanks or decimals, no zero filling |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Diagnostic and Statistical Manual - Fourth Edition (DSM-IV) code is preferred but International Classification of Diseases - Clinical Modifications, Revision 9 (ICD-9-CM) code is also accepted. The diagnosis will usually reflect a mental disorder but may also be a substance use or developmental disorder.

Enter all letters and/or numbers of the DSM-IV or ICD-9-CM code. Do not enter a decimal point when entering the code.

For examples of reporting the diagnosis codes, see Technical Supplement TS-F: REPORTING TIPS, Tip Three.

The length of this data element has been expanded to accommodate future changes to either the DSM or ICD manual.

VALID CODES:

All DSM-IV codes and ICD-9-CM codes within the mental disorder range are accepted.

The V7109 code is only valid in the principal mental health diagnosis field, and then only if there is no secondary mental health diagnosis. V7109 means there is no mental health diagnosis. If there is a valid DSM-IV or ICD-9-CM diagnosis, then V7109 is not allowed.

EDITS:

To be edited against the DSM-IV or ICD-9-CM code file.

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element is needed to describe clients by types of diagnoses and to analyze length of treatment by diagnosis.

CSI DATA DICTIONARY

S-10.0 SECONDARY MENTAL HEALTH DIAGNOSIS

PURPOSE:

Identifies the secondary mental health diagnosis, which is the secondary focus of attention or treatment for the mental health services. This may be any of the full range of Diagnostic and Statistical Manual (DSM) diagnoses. It may be on either Axis I or Axis II.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 7 |
| Format: | XXXXXXX |
| | Left justify, no embedded blanks or decimals, no zero filling |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Diagnostic and Statistical Manual - Fourth Edition (DSM-IV) code is preferred but International Classification of Diseases - Clinical Modifications, Revision 9 (ICD-9-CM) code is also accepted. The diagnosis will usually reflect a mental disorder but may also be a substance use or developmental disorder.

When a client has more than one mental health diagnosis, this is the second most important diagnosis. Enter all letters and/or numbers of the DSM-IV or ICD-9-CM code for the secondary mental health diagnosis. Do not enter a decimal point when entering the code.

Enter zeros in this field if the client does not have a secondary mental health diagnosis or if the principal mental health diagnosis is V7109, which means the client has no mental health diagnosis.

For examples of reporting the diagnosis codes, see Technical Supplement TS-F: REPORTING TIPS, Tip Three.

The length of this data element has been expanded to accommodate future changes to either the DSM or ICD manual.

VALID CODES:

0000000 = No secondary mental health diagnosis

V7109, which means there is no mental health diagnosis, is not a valid code for the secondary mental health diagnosis field. All other DSM-IV codes and ICD-9-CM codes within the mental disorder range are accepted.

EDITS:

To be edited against the DSM-IV or ICD-9-CM code file.

USER/USAGE INFORMATION:

CSI DATA DICTIONARY

This data element is needed to determine the frequency of clients with multiple mental health diagnoses and to analyze the length of treatment for clients with multiple diagnoses.

CSI DATA DICTIONARY

S-11.0 ADDITIONAL MENTAL OR PHYSICAL HEALTH DIAGNOSIS

PURPOSE:

Identifies up to three additional diagnoses which may be mental or physical health, if any.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 7 |
| Format: | XXXXXXX |
| | Left justify, no embedded blanks or decimals, no zero filling |
| | This field occurs three times |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

Diagnostic and Statistical Manual - Fourth Edition (DSM-IV) code is preferred for the mental health diagnosis but International Classification of Diseases - Clinical Modifications, Revision 9 (ICD-9-CM) code is also accepted.

When a client has more than two mental health diagnoses, this and the two subsequent fields may be used for additional diagnoses. These three fields may also be used to report physical health diagnoses. For each additional diagnosis, enter all letters and/or numbers of the code for the mental (including a substance use or developmental disorder) or physical health diagnosis. Do not enter a decimal point when entering each code.

Enter zeros in the field(s) if the client does not have additional mental or physical health diagnosis(es).

For examples of reporting the diagnosis codes, see Technical Supplement TS-F: REPORTING TIPS, Tip Three.

The field length has been expanded to accommodate future changes to either the DSM or ICD manual.

VALID CODES:

0000000 = No additional mental or physical health diagnosis

All DSM-IV codes and ICD-9-CM codes, except for the V7109 code, are accepted. If V7109 is entered in the principal mental health diagnosis field, then only physical health diagnosis(es) may be entered in these three fields. V7109 means the client has no mental health diagnosis.

EDITS:

To be edited against the DSM-IV or ICD-9-CM code file.

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element is needed to determine the frequency of clients with multiple mental and/or physical health diagnoses and to analyze the length of treatment for clients with multiple diagnoses.

CSI DATA DICTIONARY

S-12.0 SPECIAL POPULATION

PURPOSE:

Identifies any special population services for statistical purposes.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Service Records |
| Source: | Local Mental Health |

VALID CODES:

A = Assisted Outpatient Treatment service(s) (AB 1421)
C = Individualized education plan (IEP) required service(s) (AB 3632)
G = Governor's Homeless Initiative (GHI) service(s)
N = No special population service(s)
W = Welfare-to-work plan specified service(s)

USER/USAGE INFORMATION:

This data element will be used to determine the number and types of services being provided to specified client groups.

CSI DATA DICTIONARY

S-13.0 PROVIDER NUMBER

PURPOSE:

Identifies the organization providing a service. This is the four-digit number assigned by the Department of Mental Health (DMH).

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 4 |
| Format: | XXXX |
| Required On: | All Service Records |
| Source: | Local Mental Health |

COMMENTS:

The four-digit provider number assigned to a provider usually consists of the two-digit numeric county code and a two-digit alphanumeric code. The codes are assigned in sequence as new providers are added to the system. Provider codes of inactive providers will not be re-assigned.

Active and inactive provider numbers are stored in the DMH Provider File.

The provider number will allow DMH IT staff to retrieve the following required data from the DMH Provider File to report to the Department of Health Services: Provider Name, Provider Type Code, Zip Code of Provider, and County Code of Provider.

For information about reporting clients, services, and providers, see Technical Supplement TS-F: REPORTING TIPS, Tip One.

EDITS:

The provider number, along with the mode of service and service function range, must match the codes in the DMH Provider File.

USER/USAGE INFORMATION:

This data element is needed to link to the DMH Provider File and the cost reports.

CSI DATA DICTIONARY

S-14.0 COUNTY/CITY/MENTAL HEALTH PLAN WITH FISCAL RESPONSIBILITY FOR CLIENT

PURPOSE:

Identifies the County/City/Mental Health Plan responsible for directly or indirectly paying for the client's services.

FIELD DESCRIPTION:

| | |
|--------------|---------------------|
| Type: | Character |
| Byte(s): | 2 |

CSI DATA DICTIONARY

COMMENTS:

In most cases, this will be the same as the County/City/Mental Health Plan submitting the record (see Field Number H-01.0, COUNTY/CITY/MENTAL HEALTH PLAN SUBMITTING RECORD). In a contract relationship or regional program that involves more than one County/City/Mental Health Plan, the code for the County/City/Mental Health Plan with fiscal responsibility will be reported in this field.

Alpha codes will be used for entities other than counties acting as the mental health plan. If the entity serves as the mental health plan for more than one county, a unique code will be assigned for each county.

For information about this and other data elements containing a county code, see Technical Supplement TS-F: REPORTING TIPS, Tip Four.

USER/USAGE INFORMATION:

This data element is needed to develop more accurate counts of unduplicated clients receiving services, the range of services offered as well as utilization patterns of services in County/City/Mental Health Plans.

CSI DATA DICTIONARY

S-15.0 ADMISSION DATE

PURPOSE:

Identifies the date the client was admitted to a 24-Hour mode of service.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All 24 Hour Mode of Service Service Records |
| Source: | Local Mental Health |

VALID CODES:

Enter the date the client was admitted to a 24 Hour mode of service, i.e., hospital, long term care facility, independent living, semi-supervised living, residential, etc. The Admission Date must always be prior or equal to the date of discharge.

The Admission Date is required for each service record.

The Admission Date shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit day of admission. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the client's Admission Date was November 18, 1996 or 18 November 1996 or 11/18/96, enter it as 19961118.

EDITS:

Must be numeric; 'YYYY' must be greater than 1980; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The Admission Date must be prior or equal to the Discharge Date, the From/Entry Date, or the Through/Exit Date.

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element will be used to determine the number of clients that started treatment in a month, year, or fiscal year-to-date time period. It may also be used to determine the length of stay for 24-Hour mode of service.

CSI DATA DICTIONARY

S-16.0 FROM/ENTRY DATE

PURPOSE:

Identifies the first date of service, which may be the same as the Admission Date, or it may be the first date of the month if the admission occurred in a prior month. It may also be the date the client returns to the facility after an absence.

When the length of stay crosses over several months, then a record is submitted for each month. If the client is not discharged but leaves and returns to the same facility during the month, then a record is needed for each occurrence.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All 24 Hour Mode of Service Service Records |
| Source: | Local Mental Health |

VALID CODES:

The From/Entry Date must always be prior or equal to the Through/Exit Date. When the service on the report month's record begins and ends on the same day, the From/Entry and Through/Exit dates of service shall be the same. The From/Entry Date must never be later than the Through/Exit Date.

The From/Entry Date shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit From/Entry Date. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the client's From/Entry Date was November 20, 1998 or 20 November 1998 or 11/20/98, enter it as 19981120.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The From/Entry Date must be greater than June 30, 1998.

The From/Entry Date must be equal to or later than the Admission Date.

The From/Entry Date must be prior or equal to the Through/Exit Date or the Discharge Date.

CSI DATA DICTIONARY

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

USER/USAGE INFORMATION:

This data element will be needed to link services to specific dates for summarizing information on a monthly and/or yearly basis. It is also needed to analyze trends in service delivery on a monthly basis.

This data element will be used to track clients in a Skilled Nursing Facility declared by the federal government to be an Institute for Mental Diseases (IMD) when the clients are out of the IMD facility for Fee-For-Service Medi-Cal reimbursement of medical, professional, and ancillary services.

CSI DATA DICTIONARY

S-17.0 THROUGH/EXIT DATE

PURPOSE:

Identifies the last date a client is in a 24-Hour facility, which may be the same as the Discharge Date, or it may be the last date of the month if the client is staying until the next month. It may also be the date a client leaves the facility for an absence and is not discharged.

When the length of stay crosses over several months, then a record is submitted for each month. If the client is not discharged but leaves and returns to the same facility during the month, then a record is needed for each occurrence.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All 24 Hour Mode of Service Service Records |
| Source: | Local Mental Health |

VALID CODES:

The Through/Exit Date must always be the last date a client is in a facility pertaining to the reported record. When the service on the report month's record begins and ends on the same day, the From/Entry Date and Through/Exit Dates of service shall be the same. The Through/Exit Date must never be prior to the From/Entry Date.

The Through/Exit Date shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit Through/Exit Date. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the client's Through/Exit Date was November 26, 1998 or 26 November 1998 or 11/26/98, enter it as 19981126.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The Through/Exit Date must be greater than June 30, 1998.

The Through/Exit Date must be equal to or later than the From/Entry Date or the Admission Date.

The Through/Exit Date must be equal to or prior to the Discharge Date when there is a Discharge Date.

CSI DATA DICTIONARY

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

USER/USAGE INFORMATION:

This data element will be needed in sequencing a service that occurs over several report months and may also be used to analyze trends in service delivery on a monthly basis.

This data element will be used to track clients in a Skilled Nursing Facility declared by the federal government to be an Institute for Mental Diseases (IMD) when the clients are out of the IMD facility for Fee-For-Service Medi-Cal reimbursement of medical, professional, and ancillary services.

CSI DATA DICTIONARY

S-18.0 DISCHARGE DATE

PURPOSE:

Identifies the date the client was discharged from a 24-Hour mode of service.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All 24 Hour Mode of Service Service Records |
| Source: | Local Mental Health |

VALID CODES:

Enter the date the client was discharged from a 24 Hour mode of service, i.e., hospital, long term care facility, independent living, semi-supervised living, residential, etc. The discharge date must always be equal to or later than the date of admission.

If the client dies, use the date of death for the Discharge Date.

If the client has not been discharged at the time the record is reported to DMH, zero fill this field.

Do not enter any future or expected dates of discharge.

The Discharge Date shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit day of discharge. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the client's Discharge Date was November 27, 1998 or 27 November 1998 or 11/27/98, enter it as 19981127.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The Discharge Date must be greater than June 30, 1998.

The Discharge Date must be equal to or later than the Admission Date, the From/Entry Date, or the Through/Exit Date.

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element will be used to determine the number of discharges and the length of stay for 24-Hour mode of service.

CSI DATA DICTIONARY

S-19.0 PATIENT STATUS CODE

PURPOSE:

Indicates the status of the client as of the Through/Exit Date.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All 24 Hour Mode of Service Service Records Except for Service Functions 80-94 |
| Source: | Local Mental Health |

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

VALID CODES:

A = Still a patient or expected to return
B = Discharged to home, self care, foster care, shelter care
C = Discharged/transferred to Residential/Board and Care (not locked, supervised living, no treatment)
D = Discharged/transferred to Community Residential Treatment (not locked, custodial)
E = Discharged/transferred to Community Treatment Facility (locked, no nursing care)
F = Discharged/transferred to Skilled Nursing Facility/Intermediate Care Facility (unlocked or locked)
G = Discharged/transferred to Acute Care Hospital or Psychiatric Health Facility (PHF)
H = Discharged/transferred to State Hospital
I = Discharged/transferred to Jail
J = Unplanned discharge
K = Expired
L = Other
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is required by the Department of Health Services.

CSI DATA DICTIONARY

S-20.0 LEGAL CLASS - ADMISSION

PURPOSE:

Identifies the legal class under which the client is admitted to acute 24-hour mental health services.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Hospital, PHF, and SNF Service Records |
| Source: | Local Mental Health |

COMMENTS:

Report this data element at admission.

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

VALID CODES:

1A = Voluntary - A person who voluntarily seeks admission.

Involuntary civil - A person committed for a non-criminal proceeding, whether for purposes of examination and observation or for treatment, either by a physician's certificate, a court proceeding, or by police or associated agencies.

2A = 72 Hour Evaluation and Treatment for Adults (W&I Code, Section 5150)
2B = 72 Hour Evaluation and Treatment for Children (W&I Code, Section 5585)
2C = 14 Day Intensive Treatment (W&I Code, Section 5250)
2D = Additional 14 Day Hold (W&I Code, Section 5260)
2E = Additional 30 Day Hold (W&I Code, Section 5270.15)
2F = Additional 180 Day Hold (W&I Code, Section 5300)
2G = Other involuntary civil status

Involuntary criminal - A person committed pursuant to one of the following.

3A = Charges and/or convictions pending (Penal Code, Sections 47.6, 47.8)
3B = Determination of competency to stand trial (Penal Code, Section 1370)
3C = Found "not guilty by reason of insanity" or "guilty but insane" (Penal Code, Section 1026)
3D = Determination of sexual psychopathy and related legal categories
3E = Transferred from correctional facilities (Penal Code, Section 2684)
3F = Other involuntary criminal status

9A = Unknown / Not Reported

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element is needed to produce summary or detailed statistics on the types of clients being treated in local mental health, i.e., voluntary, involuntary civil, involuntary criminal, etc. This is particularly important in analyzing the utilization and units of service in 24-hour care.

CSI DATA DICTIONARY

S-21.0 LEGAL CLASS - DISCHARGE

PURPOSE:

Identifies the legal class of the client at the time of discharge from acute 24-hour mental health services.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Hospital, PHF, and SNF Service Records |
| Source: | Local Mental Health |

COMMENTS:

Report this data element at discharge.

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

VALID CODES:

1A = Voluntary - A person who voluntarily stays in an acute 24 hour mental health service.

Involuntary civil - A person committed for a non-criminal proceeding, whether for purposes of examination and observation or for treatment, either by a physician's certificate, a court proceeding, or by police or associated agencies.

2A = 72 Hour Evaluation and Treatment for Adults (W&I Code, Section 5150)
2B = 72 Hour Evaluation and Treatment for Children (W&I Code, Section 5585)
2C = 14 Day Intensive Treatment (W&I Code, Section 5250)
2D = Additional 14 Day Hold (W&I Code, Section 5260)
2E = Additional 30 Day Hold (W&I Code, Section 5270.15)
2F = Additional 180 Day Hold (W&I Code, Section 5300)
2G = Other involuntary civil status

Involuntary criminal - A person committed pursuant to one of the following.

3A = Charges and/or convictions pending (Penal Code, Sections 47.6, 47.8)
3B = Determination of competency to stand trial (Penal Code, Section 1370)
3C = Found "not guilty by reason of insanity" or "guilty but insane" (Penal Code, Section 1026)
3D = Determination of sexual psychopathy and related legal categories
3E = Transferred from correctional facilities (Penal Code, Section 2684)
3F = Other involuntary criminal status

9A = Unknown / Not Reported

CSI DATA DICTIONARY

USER/USAGE INFORMATION:

This data element is needed to produce summary or detailed statistics on the change in legal status from admission to discharge for clients in local mental health, i.e., 72-hour hold to 14-day or 72-hour hold to voluntary, etc.

CSI DATA DICTIONARY

S-22.0 ADMISSION NECESSITY CODE

PURPOSE:

Identifies the type or reason for the client's admission into an acute care hospital.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Hospital, PHF, and SNF Service Records |
| Source: | Local Mental Health |

VALID CODES:

| | | |
|---|---|-------------------------------|
| 1 | = | Emergency |
| 2 | = | Planned (Prior Authorization) |
| 9 | = | Unknown / Not Reported |

The coding scheme is consistent with the one in the DHS Managed Care Encounter Data Dictionary.

COMMENTS:

For examples of reporting this data element, see Technical Supplement TS-F: REPORTING TIPS, Tip Two.

USER/USAGE INFORMATION:

This data element is required by the Department of Health Services.

CSI DATA DICTIONARY

S-23.0 DATE OF SERVICE

PURPOSE:

Identifies the date of service for non-24 hour mode of service services.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All Non-24 Hour Mode of Service Service Records |
| Source: | Local Mental Health |

VALID CODES:

The Date of Service shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit day of service. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the client's Date of Service was August 20, 1998 or 20 August 1998 or 8/20/98, enter it as 19980820.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The Date of Service must be greater than June 30, 1998.

USER/USAGE INFORMATION:

This data element will be used to link services to specific dates for summarizing information on a monthly and/or yearly basis. It is also needed to analyze trends in service delivery on a monthly basis.

CSI DATA DICTIONARY

S-24.0 PLACE OF SERVICE

PURPOSE:

Identifies the location where the service was rendered.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Non-24 Hour Mode of Service Records |
| Source: | Local Mental Health |

VALID CODES:

A = Office [formerly Office (including phone)]
B = Field (unspecified) [(formerly Field (when the location is away from the clinician's usual place of business, except for Correctional Institution and Inpatient))]
C = Correctional Facility (e.g., Jail, Prison, camp/ranch, etc.) [(formerly Correctional Institution)]
D = Inpatient (e.g., Hospital, PHF, SNF, IMD, MHRC)
E = Homeless / Emergency Shelter
F = Faith-based (e.g., church, temple, etc.)
G = Health Care / Primary Care
H = Home
I = Age-Specific Community Center
J = Client's Job Site
L = Licensed Community Care Facility (e.g., group home)
M = Mobile Service
N = Non-Traditional service location (e.g., park bench, on street, under bridge, abandoned building)
O = Other Community location
P = Phone
R = Residential Care Facility / Community Treatment Facility (CTF)
S = School
T = Telehealth
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is required by the Department of Health Services. In addition, the values for this data element have been expanded in order to capture information consistent with the vision of the Mental Health Services Act with respect to appropriate service integration, increased access and outreach.

CSI DATA DICTIONARY

P-01.0 DATE COMPLETED

PURPOSE:

Identifies the date the information for this record is completed.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Numeric |
| Byte(s): | 8 |
| Format: | YYYYMMDD |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

If the data is collected over several days, use the last date as the Date Completed.

VALID CODES:

The Date Completed shall be reported in numeric form as follows: the four-digit year, the two-digit month, and the two-digit day of service. The numeric form for days and months from 1 to 9 must have a zero as the first digit.

Do not use special characters such as slashes, commas, or hyphens.

Example: If the date the record was completed is November 16, 1998 or 16 November 1998 or 11/16/98, enter it as 19981116.

EDITS:

Must be numeric; 'YYYY' must be greater than 1997; 'MM' = 01-12; 'DD' = 01-31; 'DD' must be appropriate for the length of the month including a leap year.

The Date Completed must be greater than June 30, 1998.

USER/USAGE INFORMATION:

This is one of several data elements needed for record identification and error corrections.

CSI DATA DICTIONARY

P-02.0 EDUCATION

PURPOSE:

Identifies the highest grade level completed by the client.

FIELD DESCRIPTION:

| | |
|--------------|--------------------------|
| Type: | Numeric |
| Byte(s): | 2 |
| Format: | XX |
| | Right justify, zero fill |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

| | | |
|---------------|---|--|
| 00 | = | None, Kindergarten |
| 01 through 20 | = | Grade levels - Indicate highest grade completed. If the highest grade completed is greater than 20, code 20 as the highest grade completed. Code 12 for GED. |
| 98 | = | Other - Includes vocational education and training. |
| 99 | = | Unknown / Not Reported |

USER/USAGE INFORMATION:

This data element is one of the determinants of socio-economic status. It may also be compared to the educational levels of the total population.

CSI DATA DICTIONARY

P-03.0 EMPLOYMENT STATUS

PURPOSE:

Identifies the current employment status of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

Employed in competitive job market

- A = Full time, 35 hours or more per week
- B = Part time, less than 35 hours per week

Employed in noncompetitive job market (sheltered workshop, protected environment)

- C = Full time, 35 hours or more per week
- D = Part time, less than 35 hours per week

Not in the paid work force

- E = Actively looking for work
- F = Homemaker
- G = Student
- H = Volunteer Worker
- I = Retired
- J = Resident / inmate of institution
- K = Other

- U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is useful in relating changes in the economy to the utilization of public mental health services.

CSI DATA DICTIONARY

P-04.0 **AXIS-V / GAF**

PURPOSE:

Identifies the current functioning level rating of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 2 |
| Format: | XX |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

Enter '00' if the GAF score cannot be determined.

VALID CODES:

| | | |
|---------------|---|-------------------------|
| 01 through 99 | = | Valid numeric GAF score |
| 00 | = | Unknown / Not Reported |

USER/USAGE INFORMATION:

This data element will be used to determine the chronicity of a client's condition.

CSI DATA DICTIONARY

P-05.0 OTHER FACTORS AFFECTING MENTAL HEALTH - SUBSTANCE ABUSE

PURPOSE:

Indicates if substance abuse affects the mental health of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

N = No
Y = Yes
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is needed to provide information about factors significantly affecting mental health. Counties frequently request information on the number of clients with a history of substance abuse.

CSI DATA DICTIONARY

P-06.0 OTHER FACTORS AFFECTING MENTAL HEALTH - DEVELOPMENTAL DISABILITIES

PURPOSE:

Indicates if developmental disabilities affect the mental health of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

N = No
Y = Yes
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is needed to provide information about factors significantly affecting mental health. Counties frequently request information on the number of clients with a history of developmental disabilities.

CSI DATA DICTIONARY

P-07.0 OTHER FACTORS AFFECTING MENTAL HEALTH - PHYSICAL HEALTH DISORDERS

PURPOSE:

Indicates if physical health disorders affect the mental health of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

N = No
Y = Yes
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is needed to provide information about factors significantly affecting mental health.

CSI DATA DICTIONARY

P-08.0 CONSERVATORSHIP / COURT STATUS

PURPOSE:

Identifies whether or not the client has a conservatorship or juvenile court status.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

A = Temporary Conservatorship (W&I Code, Section 5353)

Permanent Conservatorship

B = Lanterman-Petris-Short (W&I Code, Section 5358)

C = Murphy (W&I Code, Section 5008)

D = Probate (Probate Code, Division 4, Section 1400)

E = PC 2974 (Penal Code, Section 2974)

F = Representative Payee Without Conservatorship (W&I Code, Section 5686)

G = Juvenile Court, Dependent of the Court (W&I Code, Section 300)

H = Juvenile Court, Ward - Status Offender (W&I Code, Section 601)

I = Juvenile Court, Ward - Juvenile Offender (W&I Code, Section 602)

J = Not Applicable

U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element is needed to produce summary or detailed statistics on persons and agencies responsible for clients being treated in local mental health, i.e., conservatorships, LPS, agencies responsible for minors, etc. This is particularly important in analyzing the utilization and units of service in 24-hour care.

CSI DATA DICTIONARY

P-09.0 LIVING ARRANGEMENT

PURPOSE:

Identifies the living arrangement of the client.

FIELD DESCRIPTION:

| | |
|--------------|----------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | All Periodic Records |
| Source: | Local Mental Health |

COMMENTS:

Report at admission to county mental health, annually thereafter, and at formal discharge from county mental health.

VALID CODES:

A = House or apartment (includes trailers, hotels, dorms, barracks, etc.)
B = House or apartment and requiring some support with daily living activities (applies to adults only)
C = House or apartment and requiring daily support and supervision (applies to adults only)
D = Supported housing (applies to adults only)
E = Foster family home
F = Group Home (includes Levels 1-12 for children)
G = Residential Treatment Center (includes Levels 13-14 for children)
H = Community Treatment Facility
I = Board and Care
J = Adult Residential Facility, Social Rehabilitation Facility, Crisis Residential, Transitional Residential, Drug Facility, Alcohol Facility
K = Mental Health Rehabilitation Center (24 hour)
L = Skilled Nursing Facility/Intermediate Care Facility/Institute of Mental Disease (IMD)
M = Inpatient Psychiatric Hospital, Psychiatric Health Facility (PHF), or Veterans Affairs (VA) Hospital
N = State Hospital
O = Justice related (Juvenile Hall, CYA home, correctional facility, jail, etc.)
P = Homeless, no identifiable residence
Q = Other
U = Unknown / Not Reported

USER/USAGE INFORMATION:

This data element provides information on the degree to which a client is independent or requires supervision for daily living.

CSI DATA DICTIONARY

K-01.0 FIRST SOURCE COUNTY CLIENT NUMBER

PURPOSE:

Identifies the First Source County Client Number in the Key Change transaction record.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 9 |
| Format: | XXXXXXXXXX |
| | Right justify, zero fill, no embedded blanks |
| Required On: | All Key Change Records |
| Source: | Local Mental Health |

COMMENTS:

Must match a County Client Number (CCN) in the Master database.

If the Target CCN (see comments under Field Number H-02.0, COUNTY CLIENT NUMBER) **is in** the Master database:

- The Client, Service, and Periodic records with the Target CCN are retained.
- The CCNs of all Service and Periodic records that match the First Source CCN will be changed to the Target CCN.
- The Client record of the First Source CCN will be deleted.

If the Target CCN **is not** in the Master database, the Client, Service, and Periodic records with CCN's equal to First Source CCN will have their CCN's changed to the Target CCN.

Key Change transactions are detailed in Technical Supplement TS-C: TRANSACTION PROCESSING.

USER/USAGE INFORMATION:

This data element is used to specify an existing County Client Number to be changed to a new County Client Number or merged into an existing County Client Number.

CSI DATA DICTIONARY

K-02.0 ADDITIONAL SOURCE COUNTY CLIENT NUMBER

PURPOSE:

Identifies up to 28 Additional Source County Client Numbers in the Key Change transaction record.

FIELD DESCRIPTION:

| | |
|--------------|--|
| Type: | Character |
| Byte(s): | 9 |
| Format: | XXXXXXXXXX Right justify, zero fill, no embedded blanks This field occurs 28 times |
| Required On: | All Key Change Records |
| Source: | Local Mental Health |

COMMENTS:

Must match a County Client Number (CCN) in the Master database.

Client record(s) for the Additional Source CCN's will be deleted.

The CCN's of all Service and Periodic records that match the Additional Source CCN's will be changed to the Target CCN (see comments under Field Number H-02.0, COUNTY CLIENT NUMBER).

Unused fields must contain spaces.

USER/USAGE INFORMATION:

This data element is used to merge multiple County Client Numbers into an existing or new County Client Number.

CSI DATA DICTIONARY

E-01.0 ERROR LEVEL

PURPOSE:

Describes the error level (Fatal or Non-fatal) of records on the Error File.

FIELD DESCRIPTION:

| | |
|--------------|-----------------------------------|
| Type: | Character |
| Byte(s): | 1 |
| Format: | X |
| Required On: | Error Records |
| Source: | State Department of Mental Health |

VALID CODES:

F = Transaction record contains at least one Fatal error
N = Transaction record contains only Non-fatal error(s)

Levels of errors are detailed in Technical Supplement TS-E: EDIT CRITERIA.

USER/USAGE INFORMATION:

This data element is used to indicate whether or not the Master database is updated.

CSI DATA DICTIONARY

E-02.0 FIELD / RELATIONAL AND SYSTEM CODE

PURPOSE:

Identifies the Field in error or indicates a Relational and System error.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 3 |
| Format: | XXX |
| Required On: | Error Records This field occurs 33 times |
| Source: | State Department of Mental Health |

COMMENTS:

If it is a Field in error, this is the first three characters (excluding the hyphen) of the Data Dictionary Field Number. For example, Field Number S-08.0 would become Field Code S08.

If a Relational and System error, this field is coded '999'.

Edit criteria are detailed in Technical Supplement TS-E: EDIT CRITERIA.

Unused fields will contain spaces.

USER/USAGE INFORMATION:

This code, when used in conjunction with the error message identified by Field Number E-03.0, ERROR CODE, identifies the type of error and briefly describes the error.

CSI DATA DICTIONARY

E-03.0 ERROR CODE

PURPOSE:

Identifies the error message.

FIELD DESCRIPTION:

| | |
|--------------|---|
| Type: | Character |
| Byte(s): | 3 |
| Format: | XXX |
| Required On: | Error Records This field occurs 33 times |
| Source: | State Department of Mental Health |

COMMENTS:

Unused fields will contain spaces.

ERROR CODES and ERROR MESSAGES:

100-199: ALL records (Key Change, Client, Service, or Periodic)

- 100 = Blank.
- 101 = Invalid code.
- 102 = Invalid value.
- 103 = Not numeric.
- 104 = Not valid date.
- 105 = County Client Number is not right justified and/or zero filled and/or has embedded Blanks.

200-299: KEY CHANGE records

- 200 = Multiple Key Change records for the same Target County Client Number.
- 201 = Transaction Code is blank and Record Type is 'K' but does not appear to be a Key Change record.
- 202 = Key Change record has no Source County Client Number.
- 203 = First Source County Client Number (CCN) does not match a CCN on the Master database.
- 204 = Second Source County Client Number (CCN) does not match a CCN on the Master database.
- 205 = Third Source County Client Number (CCN) does not match a CCN on the Master database.

CSI DATA DICTIONARY

200-299: KEY CHANGE records (continued)

- 206 = Fourth Source County Client Number (CCN) does not match a CCN on the Master database.
- 207 = Fifth Source County Client Number (CCN) does not match a CCN on the Master database.
- 208 = Sixth Source County Client Number (CCN) does not match a CCN on the Master database.
- 209 = Seventh Source County Client Number (CCN) does not match a CCN on the Master database.
- 210 = Eighth Source County Client Number (CCN) does not match a CCN on the Master database.
- 211 = Ninth Source County Client Number (CCN) does not match a CCN on the Master database.
- 212 = Tenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 213 = Eleventh Source County Client Number (CCN) does not match a CCN on the Master database.
- 214 = Twelfth Source County Client Number (CCN) does not match a CCN on the Master database.
- 215 = Thirteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 216 = Fourteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 217 = Fifteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 218 = Sixteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 219 = Seventeenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 220 = Eighteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 221 = Nineteenth Source County Client Number (CCN) does not match a CCN on the Master database.
- 222 = Twentieth Source County Client Number (CCN) does not match a CCN on the Master database.
- 223 = Twenty-first Source County Client Number (CCN) does not match a CCN on the Master database.
- 224 = Twenty-second Source County Client Number (CCN) does not match a CCN on the Master database.
- 225 = Twenty-third Source County Client Number (CCN) does not match a CCN on the Master database.

CSI DATA DICTIONARY

200-299: KEY CHANGE records (continued)

- 226 = Twenty-fourth Source County Client Number (CCN) does not match a CCN on the Master database.
- 227 = Twenty-fifth Source County Client Number (CCN) does not match a CCN on the Master database.
- 228 = Twenty-sixth Source County Client Number (CCN) does not match a CCN on the Master database.
- 229 = Twenty-seventh Source County Client Number (CCN) does not match a CCN on the Master database.
- 230 = Twenty-eighth Source County Client Number (CCN) does not match a CCN on the Master database.
- 231 = Twenty-ninth Source County Client Number (CCN) does not match a CCN on the Master database.
- 232 = First Source County Client Number (CCN) and Target CCN are identical.
- 233 = Second Source County Client Number (CCN) and Target CCN are identical.
- 234 = Third Source County Client Number (CCN) and Target CCN are identical.
- 235 = Fourth Source County Client Number (CCN) and Target CCN are identical.
- 236 = Fifth Source County Client Number (CCN) and Target CCN are identical.
- 237 = Sixth Source County Client Number (CCN) and Target CCN are identical.
- 238 = Seventh Source County Client Number (CCN) and Target CCN are identical.
- 239 = Eighth Source County Client Number (CCN) and Target CCN are identical.
- 240 = Ninth Source County Client Number (CCN) and Target CCN are identical.
- 241 = Tenth Source County Client Number (CCN) and Target CCN are identical.
- 242 = Eleventh Source County Client Number (CCN) and Target CCN are identical.
- 243 = Twelfth Source County Client Number (CCN) and Target CCN are identical.
- 244 = Thirteenth Source County Client Number (CCN) and Target CCN are identical.
- 245 = Fourteenth Source County Client Number (CCN) and Target CCN are identical.
- 246 = Fifteenth Source County Client Number (CCN) and Target CCN are identical.
- 247 = Sixteenth Source County Client Number (CCN) and Target CCN are identical.
- 248 = Seventeenth Source County Client Number (CCN) and Target CCN are identical.
- 249 = Eighteenth Source County Client Number (CCN) and Target CCN are identical.
- 250 = Nineteenth Source County Client Number (CCN) and Target CCN are identical.
- 251 = Twentieth Source County Client Number (CCN) and Target CCN are identical.
- 252 = Twenty-first Source County Client Number (CCN) and Target CCN are identical.
- 253 = Twenty-second Source County Client Number (CCN) and Target CCN are identical.
- 254 = Twenty-third Source County Client Number (CCN) and Target CCN are identical.

CSI DATA DICTIONARY

200-299: KEY CHANGE records (continued)

- 255 = Twenty-fourth Source County Client Number (CCN) and Target CCN are identical.
- 256 = Twenty-fifth Source County Client Number (CCN) and Target CCN are identical.
- 257 = Twenty-sixth Source County Client Number (CCN) and Target CCN are identical.
- 258 = Twenty-seventh Source County Client Number (CCN) and Target CCN are identical.
- 259 = Twenty-eighth Source County Client Number (CCN) and Target CCN are identical.
- 260 = Twenty-ninth Source County Client Number (CCN) and Target CCN are identical.

300-399: CLIENT records

- 300 = Multiple Client records with the same CLIENT KEY are in the same county file.
- 301 = Transaction Code is blank and Record Type is 'C' but does not appear to be a Client record.
- 302 = Data fields in a Delete Client record are not blank.
- 303 = Delete Client record has Service records.
- 304 = Delete Client record does not match a Client record on the Master database by the CLIENT KEY.
- 305 = Year of Birth is prior to 1801.
- 306 = Ethnicity/Race subfield A is invalid.
- 307 = Ethnicity/Race subfield B is invalid.
- 308 = Ethnicity/Race subfields A and B are identical.
- 309 = Ethnicity/Race subfield A coded 'X'.
- 310 = Ethnicity/Race subfield B coded '9'.
- 311 = Place of Birth combination is invalid.

400-499: All SERVICE records

- 400 = Multiple Service records with the same CLIENT KEY and Record Reference Number are in the same county file.
- 401 = Transaction Code is blank and Record Type is 'S' but does not appear to be a Service record.
- 402 = Service record has no matching Client record on the Master database by CLIENT KEY.
- 403 = Data fields in a Delete Service record are not blank.
- 404 = Delete Service record does not match a Service record on the Master database by the CLIENT KEY and Record Reference Number.
- 405 = Record Reference Number is not right justified and/or zero filled and/or has embedded blanks.
- 406 = Social Security Number is not zero filled or all real numbers.

CSI DATA DICTIONARY

400-499: All SERVICE records (continued)

- 407 = Mode of Service is invalid for CSI reporting.
- 408 = Service Function is invalid where Mode of Service is '05'.
- 409 = Service Function is invalid where Mode of Service is '10'.
- 410 = Service Function is invalid where Mode of Service is '15'.
- 411 = Provider is not in the Provider File.
- 412 = Mode of Service is not in the Provider File.
- 413 = Service Function range is not in the Provider File.
- 414 = Not a DSM-IV or ICD-9-CM diagnosis.
- 415 = Principal Mental Health Diagnosis field is not coded with a mental health diagnosis.
- 416 = Secondary Mental Health Diagnosis field is not coded with a mental health diagnosis.
- 417 = Principal, Secondary, Third, Fourth and/or Fifth Diagnoses are coded the same.
- 418 = Secondary, Third, Fourth, and/or Fifth Diagnoses are coded 'V7109'.
- 419 = Secondary, Third, Fourth and/or Fifth Diagnoses indicate a mental health diagnosis but the Principal Mental Health Diagnosis is coded 'V7109'.
- 420 = Secondary, Third, Fourth and/or Fifth Diagnoses indicate a mental health diagnosis but the Principal Mental Health Diagnosis is coded '7999'.
- 421 = Third, Fourth and/or Fifth Diagnoses indicate a mental health diagnosis but the Secondary Mental Health Diagnosis is coded '7999'.
- 422 = Special Population is 'C' [Individualized Education Plan (IEP)] and age is less than 3 or greater than 21.
- 423 = Special Population is 'W' (Welfare-To-Work Plan) and age is less than 16 or greater than 65. (REMOVED- December 2001)
- 424 = Third Diagnosis is invalid.
- 425 = Fourth Diagnosis is invalid.
- 426 = Fifth Diagnosis is invalid.
- 427 = Special Population is 'C' [Individualized Education Plan (IEP)] or 'W' (Welfare-To-Work Plan) and the Client record has an invalid Date of Birth.
- 428 = Evidence-Based Practices / Service Strategies are not left justified and/or have embedded blanks.
- 429 = Two or more Evidence-Based Practices / Service Strategies are identical.
- 430 = Evidence-Based Practices / Service Strategies reported and Beginning Date of Service / Date of Service prior to January 1, 2006.
- 431 = Trauma reported and Beginning Date of Service / Date of Service prior to January 1, 2006.

CSI DATA DICTIONARY

500-599: SERVICE records with Mode of Service '05'

- 500 = Mode of Service is '05' and Admission Date is blank.
- 501 = Mode of Service is '05' and Admission Year is prior to 1981.
- 502 = Mode of Service is '05' and Admission Date is after Report Period.
- 503 = Mode of Service is '05' and From/Entry Date is blank.
- 504 = Mode of Service is '05' and From/Entry Date is prior to July 1, 1998.
- 505 = Mode of Service is '05' and From/Entry Date is after Report Period.
- 506 = Mode of Service is '05' and From/Entry Date is prior to Admission Date.
- 507 = Mode of Service is '05' and From/Entry Date is after Through/Exit Date.
- 508 = Mode of Service is '05' and From/Entry Date is after Discharge Date.
- 509 = Mode of Service is '05' and Through/Exit Date is blank.
- 510 = Mode of Service is '05' and Through/Exit Date is prior to July 1, 1998.
- 511 = Mode of Service is '05' and Through/Exit Date is after Report Period.
- 512 = Mode of Service is '05' and Through/Exit Date is prior to Admission Date.
- 513 = Mode of Service is '05' and Through/Exit Date is after Discharge Date.
- 514 = Mode of Service is '05' and Discharge Date is blank.
- 515 = Mode of Service is '05' and Discharge Date is prior to July 1, 1998.
- 516 = Mode of Service is '05' and Discharge Date is after Report Period.
- 517 = Mode of Service is '05' and Discharge Date is prior to Admission Date.
- 518 = Units of Service is greater than number of days between From/Entry Date and Through/Exit Date.
- 519 = Mode of Service is '05' and the year and month for the Through/Exit Date does not equal the year and month for the From/Entry Date.
- 520 = Mode of Service is '05' and the From/Entry Date and/or the Through/Exit Date overlaps with another record for the same client and the same provider but with different Record Reference Numbers.
- 521 = Mode of Service is '05', Units of Service is zero ('00'), From/Entry Date and the Through/Exit Date are not equal, and/or the From/Entry Date and Through/Exit Dates are not less than or equal to the Discharge Date, and/or the Admission Date is not prior to From/Entry Date, Through/Exit Date, and Discharge Date.
- 522 = Mode of Service is '05', Provider Number begins with '00', and Service Function is in the range of '35' through '39', there is neither a Social Security Number or Medi-Cal Number.
- 523 = Age could not be calculated for Special Population due to an invalid From/Entry Date.
- 524 = Legal Class Discharge must be blank if Discharge Date is '00000000'.
- 525 = Mode of Service is '05' and Discharge Date is not equal to '00000000', Through/Exit Date is not prior to or equal to the Discharge Date.
(REMOVED 12/21/01)
- 526 = Mode of Service is '05' and the Non 24-Hour Service fields contain data.

CSI DATA DICTIONARY

600-699: SERVICE records with Mode of Service '10' or '15'

- 600 = Mode of Service is '10' or '15' and Date of Service is blank.
- 601 = Mode of Service is '10' or '15' and Date of Service is prior to July 1, 1998.
- 602 = Mode of Service is '10' or '15' and Date of Service is after Report Period.
- 603 = Units of Service is greater than Units of Time.
- 604 = Age could not be calculated for Special Population due to an invalid Date of Service.
- 605 = Mode of Service is '10' and Service Function is in the range of '81' through '99', Units of Service is not '01' per record.
- 606 = Mode of Service is '10' and Service Function is in the range of '81' through '99', Units of Time is not '0001' per record.
- 607 = Mode of Service is '10' and Service Function is in the range of '60' through '69', Units of Time must equal '0000'.
- 608 = Mode of Service is '10' or '15' and the 24-Hour Service fields contain data.

700-799: PERIODIC records

- 700 = Multiple Periodic records with the same CLIENT KEY and Date Completed are in the same county file.
- 701 = Transaction Code is blank and Record Type is 'P' but does not appear to be a Periodic record.
- 702 = Periodic record has no matching Client record by CLIENT KEY.
- 703 = Data fields in a Delete Periodic record are not blank.
- 704 = Delete Periodic record does not match a Periodic record on the Master database by the CLIENT KEY and Date Completed.
- 705 = Date Completed Year is prior to 1998.
- 706 = Date Completed is after Report Period.
- 707 = Conservatorship/Court Status is 'A', 'B', 'C', 'D', 'E', or 'F' and age is less than 14.
- 708 = Conservatorship/Court Status is 'G', 'H', or 'I' and age is greater than 25.

USER/USAGE INFORMATION:

This code, when used in conjunction with the code identified by Field Number E-02.0, FIELD / RELATIONAL AND SYSTEM CODE, identifies the type of error and briefly describes the error.

CSI APPENDICES

APPENDIX A: GLOSSARY OF TERMS AND ABBREVIATIONS

| | |
|---|---|
| Client | Person requesting or receiving mental health services. |
| Client Key | <p>Two data elements which identify a record. The data elements are the County/City/Mental Health Plan Submitting Record (Submitting County Code) and the County Client Number (CCN).</p> <p>A Client Record and a Key Change Record are uniquely identified by the Client Key. A Service Record is uniquely identified by the Client Key <u>and</u> a unique Record Reference Number. A Periodic Record is uniquely identified by the Client Key <u>and</u> the Date Completed.</p> |
| Client Record | <p>One of the five types of records reported to the CSI system. The information in the Client Record uniquely describes the client receiving service. It is reported once, at the first contact with each county, and may be corrected as needed.</p> <p>The other four types of records reported to the CSI system are the Control Record, the Key Change Record, the Periodic Record, and the Service Record.</p> |
| Control Record | <p>One of the five types of records reported to the CSI system. One Control Record is submitted with each batch submission file. The information in the Control Record uniquely describes the submission file.</p> <p>The other four types of records reported to the CSI system are the Client Record, the Key Change Record, the Periodic Record, and the Service Record.</p> |
| County/City/Mental Health Plan | An entity which enters into an agreement with DMH to provide public mental health services. The mental health plan may be a county, counties acting jointly, or another governmental or non-governmental entity. |
| CSI (Client and Service Information) | The Client and Service Information system replaces the Client Data System (CDS) and the Institute for Mental Disease (IMD) reporting. All persons served in treatment programs must be reported to the CSI system. This includes both Medi-Cal and non-Medi-Cal clients, and persons served by the private practitioners that were formerly in the Fee-For-Service (FFS) system. The CSI system contains the information to meet state and federal reporting requirements for client based information regarding persons served by county/city/mental health plans. |
| DHS (Department of Health Services) | As the single state agency for Medicaid in California, DHS is responsible to the Health Care Financing Administration (HCFA) for the oversight of all Medi-Cal activities. |

CSI APPENDICES

DHS Core/Confirmatory Data Elements

A list of five core and seven confirmatory data elements are recommended by the Department of Health Services (DHS) and the Office of Statewide Health Planning and Development to be used for linking records across state agencies. This list grew out of work conducted by the California Health Information for Policy Project funded by the Robert Wood Johnson Foundation.

The five core data elements are Birth Name, Birth Date, Birth Place, Mother's First Name, and Gender. All core data elements are incorporated into the CSI system.

The three confirmatory data elements incorporated into the CSI system are Social Security Number, Other Client Number, and Current Name. Other Client Number became data elements County Client Number (CCN) and Medi-Cal Number on the CSI system. The four confirmatory data elements that were considered but rejected for incorporation into the CSI system are Father's Name, Mother's Maiden Last Name, Client's County of Residence, and Zip Code of Client's Residence.

DMH (Department of Mental Health)

DMH is the state agency providing leadership to the mental health system of California. This is accomplished through, among other things, planning to ensure the implementation of the State's mission and goals for mental health services and ensuring that the design and delivery of mental health services are consumer focused, culturally competent, and promote family involvement. Some of DMH's responsibilities are to: 1) facilitate the joint state/county decision making process, including participation of the local advisory boards, the California Mental Health Directors Association and work as partners with the California Mental Health Planning Council; 2) secure and ensure the continuation of federal funds; and 3) oversee the delivery of mental health services in California.

DSM-IV (Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition)

Diagnostic and statistical classification system produced by and available from the American Psychiatric Association, Washington, D.C.

FFS/MC (Fee-For-Service Medi-Cal)

California's Medicaid program that provides reimbursement on a per procedure basis for a broad array of health and limited mental health services provided to persons who are eligible for Medi-Cal.

HCFA (Health Care Financing Administration)

Health Care Financing Administration oversees the federal Medicaid program.

CSI APPENDICES

| | |
|---|--|
| ICD-9-CM (International Classification of Diseases, 9th Revision, Clinical Modification) | Modification developed in the United States based on the official version of the World Health Organization's <i>International Classification of Diseases, 9th Revision</i> , and designed for classification of morbidity and mortality information for statistical reporting purposes and information retrieval. |
| Key Change Record | <p>One of the five types of records reported to the CSI system. The Key Change Record is used to: 1) change a County Client Number (CCN); 2) change Service and Periodic Records on the CSI Master database from one or more CCN(s) to a different CCN; or 3) merge two or more CCN's on the CSI Master database into one CCN.</p> <p>The other four types of records reported to the CSI system are the Client Record, the Control Record, the Periodic Record, and the Service Record.</p> |
| Medi-Cal | California's Medicaid Program. |
| Medicaid | The federal and state program that provides federal reimbursement to states for the costs of medical care for the poor and disabled. |
| MEDS (Medi-Cal Eligibility Data System) | Maintained by DHS, this database contains beneficiary information for the last 16 months. The entire Statewide MEDS database is very large, containing 7 million records, each 5000 characters long. |
| Non-Short-Doyle/Medi-Cal (SD/MC) Hospital | A private or public psychiatric hospital or psychiatric unit in a general hospital that does <u>not</u> contract with a county to provide SD/MC hospital services and the hospital directly bills through the Electronic Data System (EDS). See Phase I Consolidation. |
| Periodic Record | <p>One of the five types of records reported to the CSI system. The information in the Periodic Record is used to measure the effectiveness of services. It is reported at admission to county mental health, annually thereafter, and at formal discharge from county mental health.</p> <p>The other four types of records reported to the CSI system are the Client Record, the Control Record, the Key Change Record, and the Service Record.</p> |
| Phase I Consolidation | Non-Short-Doyle/Medi-Cal (SD/MC) hospitals. The hospitals directly bill through the Electronic Data System (EDS) for services provided to Medi-Cal beneficiaries in a psychiatric unit. The counties approve the service through the Treatment Authorization Request (TAR) process. These services are not currently reported to the CSI system, but reporting will be required when Medi-Cal funding changes from a claiming system to a capitation, allocation, or block grant funding system. |
| Phase II Consolidation | See Specialty Mental Health Services. |

CSI APPENDICES

| | |
|---|---|
| Provider | A facility or person contracting with a County/City/Mental Health Plan or a County/City/Mental Health Plan itself that provides mental health services. |
| SD/MC (Short-Doyle/Medi-Cal) | The federal Medicaid program in California that provides reimbursement for county mental health services to Medi-Cal eligible persons. |
| Service Record | <p>One of the five types of records reported to the CSI system. The information in the Service Record describes the service delivered to the client; that is, the type of service, as well as, where and when the service is provided. It is reported for each service. There are small differences in the type of information reported for the various types of services; for example, 24-hour mode of service, outpatient, etc.</p> <p>The other four types of records reported to the CSI system are the Client Record, the Control Record, the Key Change Record, and the Periodic Record.</p> |
| Specialty Mental Health Services | The specialty mental health services (also called Phase II Consolidation) which were reimbursed in the FFS/MC program are the professional services provided by individual or group practice psychiatrists; psychologists; Licensed Clinical Social Workers (LCSW's); Marriage, Family, and Child Counselors (MFCC's); and Registered Nurses (RN's); as well as the Mixed Specialty group practices. Clients must meet specific diagnostic criteria. In SD/MC, the specialty mental health services include: 1) psychiatric inpatient hospital services; 2) rehabilitative services, which include a full range of non-hospital services; and 3) case management. |
| SSN (Social Security Number) | The number assigned by the U.S. Social Security Administration, to maintain permanent and accurate earnings records of persons working in employment covered by the Social Security Program. |

CSI APPENDICES

APPENDIX B: FIELDS FOR DHS TO BE COMPLETED BY DEPARTMENT OF MENTAL HEALTH

B-1. PROVIDER NAME

PURPOSE: Identifies the name of the organization providing the reported service.

COMMENTS: This data element is required by the Department of Health Services and is a 28-character field. The Department of Mental Health will obtain this information from the Provider File using the data element Provider Number.

B-2. PROVIDER TYPE CODE

PURPOSE: Identifies the type of organization providing the reported service.

COMMENTS: This data element is required by the Department of Health Services and is a two-character field. The Department of Mental Health will obtain this information from the Provider File using the data element Provider Number.

B-3. ZIP CODE OF PROVIDER

PURPOSE: Identifies the zip code of the provider.

COMMENTS: This data element is required by the Department of Health Services and is a five-numeric field. The Department of Mental Health will obtain this information from the Provider File using the data element Provider Number.

B-4. COUNTY CODE OF PROVIDER

PURPOSE: Identifies the county location of the provider.

COMMENTS: This data element is required by the Department of Health Services and is a two-numeric field. The Department of Mental Health will obtain this information from the Provider File using the data element Provider Number and Zip Code of Provider.

B-5. PROGRAM CODE

PURPOSE: Identifies the mental health records from the other records in the Department of Health Services database.

COMMENTS: This data element is required by the Department of Health Services and is a one-character field.

CSI APPENDICES

B-6. CLAIM REFERENCE NUMBER

PURPOSE: Identifies the unique number built by the Department of Mental Health for any record being forwarded to the Department of Health Services.

COMMENTS: This data element is required by the Department of Health Services and is a 13-digit field. The first four characters indicate the Julian date, including a single digit year indicator, on which the record was received. The last nine characters will be assigned by the Department of Mental Health.

CSI APPENDICES

APPENDIX C: POTENTIAL DATA ELEMENTS

The CSI record contains filler space for future enhancements to the system.

C-1. CITIZENSHIP STATUS

PURPOSE: A “place holder” for this item has been established for possible future use.

C-2. NATIONAL DRUG CODE (Reported by Pharmacies)

PURPOSE: A “place holder” for this item has been established for possible future use.

C-3. CLIENT INDEX NUMBER (CIN)

PURPOSE: A “place holder” for this item has been established for possible future use.

CSI APPENDICES

APPENDIX D: CALIFORNIA PLACE NAMES

PURPOSE:

Appendix D is a comprehensive list of place names in California that enables cross-referencing the names of incorporated cities, places within incorporated cities, and unincorporated places with the names of the counties in which they are located. This allows ease of identifying the county name and reporting the two-digit county code associated with the place a client was born in California. (See Field Number C-04.0, PLACE OF BIRTH).

COMMENTS:

If an identical or nearly identical place name occurs in more than one county, it would be necessary to ask the client additional questions to determine in which county he or she was born.

Example 1: The place name Alder Springs is found in both Fresno and Glenn Counties. Ask the client whether he or she was born in Northern California (for Glenn County) or in the San Joaquin Valley (for Fresno County).

Example 2: The place name Agua Caliente is found in Sonoma County while Agua Caliente Springs is found in San Diego County. Ask the client if he or she was born in the San Francisco Bay Area (for Sonoma County) or in Southern California (for San Diego County).
