### Transfer of Alcohol/Drug Services (ADS) Client Medical Record to New Provider

When a DBH-ADS client is transferred from a closing contract provider to another contract provider or a DBH clinic, the following steps shall be taken:

1. Client shall sign an Authorization for Release of Protected Health Information (Spanish) form prior to the release of client medical record.
  2. Closing contract provider shall complete the Inter-Program Referral Form and fax the completed form to the receiving DBH-ADS provider.
  3. Within 30 days of closing and before providing charts to Medical records, the closing contract provider shall close the client episode in DBH's BHMIS.
  4. Closing contract provider shall copy the following information from the client medical record and provide it to the receiving provider:
    - SIMON Registration Form
    - Outpatient Consent to Treatment
    - Client Plan
    - Addiction Severity Index (ASI)
    - Current Treatment Plan
    - Discharge Summary
  5. Client medical record shall then be processed according to the Retention and Storage of Medical Records section of this procedure.
- 

### Retention and Storage of Medical Records

When a provider closes, DBH must ensure that all client medical records are retained and stored in accordance with regulatory requirements and county guidelines. It is necessary to safeguard all medical records to protect the privacy and security of the clients. Additionally, retention of client medical records is required for audits and/or reviews from other governmental agencies.

DBH contract providers have an obligation to preserve client medical records for a minimum of seven (7) years following the discharge of an adult client. If the client is an un-emancipated minor, the medical record shall be kept at least one (1) year after the minor reaches age of eighteen years and in any case, for not less than 7 years, whichever is later. Likewise, the records of a pregnant client must be retained for 25 years after the birth of the child.

In order to ensure compliance with these requirements, DBH contract providers shall arrange for storage of medical records according to the following guidelines:

- Client medical records of county funded programs shall be stored in an appropriate confidential manner by DBH Medical Records.
  - Maintain responsibility for boxing, indexing and delivering all records to DBH Medical Records.

**Retention and Storage of Medical Records,**  
continued

- Client medical records of all non-county funded clients shall be stored in an appropriate confidential manner by the closed contract provider in accordance with the following table:

Services	Standards
Mental Health	Health and Safety Code, Section 12345
ADS	Alcohol and/or Other Drug Program Certification Standards, Section 17015 (e)

**Consequences of non-compliance**

Should contract providers fail to adhere to the requirements of this procedure, DBH is obligated to report non-compliance to the appropriate state licensing board and state governing agency. Examples of non-compliance, include, but not limited to, the following:

- Failure to relinquish medical records
- Medical records are not retained for the minimum required years
- Client abandonment

Non-compliance may cause a DBH contract provider to be ineligible for future contracts.
