Department of Behavioral Health**

**Volunteer Program Policy**

---

**Effective Date** 07/01/91  
**Revision Date** 03/13/13

CaSonya Thomas, Director

---

**Policy** It is the policy of the Department of Behavioral Health (DBH) to promote participation and encourage clients, family members, the community and students to pursue careers and volunteer experience in the behavioral health care field.

---

**Definition** For the purpose of this policy the following definition applies:

**Clubhouse Member** – A person who is not an employee of the County. Some clubhouse members are required to perform obligation duty hours which are tracked and reported for specific programs. A clubhouse member will perform duties within the clubhouse but is **not** a DBH Volunteer Worker.

**DBH Volunteer Worker** – A person who is not an employee of the County, but performs duties without pay in a DBH program designated by the DBH Volunteer Services Program and authorized by DBH. A DBH volunteer worker may not volunteer at the same clubhouse where they are a member. This also excludes unpaid Master’s level student interns in a clinical field of study and Behavioral Health Commission members (who are not considered volunteers for the purpose of this policy). The DBH Volunteer Worker is only properly approved if the person has completed the Volunteer Application, passed the necessary DBH background check, and is active in the volunteer database. Applicants who have not successfully completed the requirements will not be allowed to volunteer.

**Volunteer Services Coordinator** – Responsible for planning, coordinating, and organizing a volunteer services program for an assigned department to augment the services provided by regular staff, recruit and orient new volunteers, arrange for their training and placement and supervise the program.

**On-Site Supervisor** – The onsite supervisor is designated by the site, and is the day to day supervisor of the volunteer. Assigns duties to the volunteer as appropriate.
