### 2026 Training Dates

#### Course Description

Objective Arts (OA) is the web-based data system used by the San Bernardino County Department of Behavioral Health (DBH) to provide structure to the utilization of Transformational Collaborative Outcomes Management (TCOM) tools (e.g., CANS, ANSA, & PSC-35) as required by the Department of Health Care Services (DHCS).

#### Basic Training

Basic Training is a hands-on course. It is intended to provide staff with the knowledge needed to utilize the OA system in the field.

##### Virtual Live Training

*All sessions are held on Thursdays on a monthly basis.*

9:00 a.m. – 12:00 p.m.

- **March 12**

##### Online Module

Effective May 1<sup>st</sup>, 2026, the OA Basic Training will transition from a live virtual training session to a self-paced online module available via Relias, as well as via a weblink for staff that do not have access to Relias. This eliminates the need to wait to attend a monthly training. After enrolling in the course, you will need to notify your Program/Organization Supervisor/OA Subject Matter Expert (SME). They will create and provide you with your OA TRAIN account log in information\* prior to starting the course.

\*If you do not have access to enroll via Relias, your Program/Organization Supervisor/OA SME will provide you the training weblink and password to complete.

#### Subject Matter Experts (SME) Training

SMEs are the technical experts in the OA program for their agency or program that handle vital administrative functions. Only users designated as their agency's SMEs should attend this course.

**Note:** *Basic Training is a prerequisite to attend the SME course!*
