TERMS FOR CALIFORNIA STREET
LANDFILL**

FACILITY TYPE/NUMBER:	Solid Waste Landfill/Solid Waste Facility Permit No. 36-AA-0017
FACILITY REQUEST:	CALIFORNIA STREET LANDFILL– TEMPORARY WAIVER OF TERMS
FACILITY LOCATION:	2151 Nevada Street, Redlands, CA 92373
FACILITY:	CALIFORNIA STREET LANDFILL
CONTACT:	Louie Miranda 909-798-7655
DATE OF LEA APPROVAL:	March 30, 2020
ENFORCEMENT AGENCY:	San Bernardino County Public Health Environmental Health Services (LEA) Contact: Kimberly Tra (800) 442-2283

Please be advised that the County of San Bernardino, Department of Public Health, Division of Environmental Health Services – Local Enforcement Agency (LEA) received and approved a request for an temporary waiver of terms for California Street Landfill.

The LEA is certified by the California Department of Resources Recycling and Recovery (CalRecycle), to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active transfer stations and landfills.

Description of Request and LEA's Determination

California Street Landfill (CSL) is located at 2151 Nevada Street, Redlands, CA 92373. On March 27, 2020 the LEA received, from the City of Redlands, an official request for a temporary waiver of terms due to the COVID-19 State of Emergency. The request submittal for a temporary waiver of terms will allow CSL to temporarily directly landfill

commingled recyclable material and green/wood waste material due to the temporary suspension of recyclables processing at CR&R facilities.

The following waste handling procedures will temporary change at CSL:

- CSL will continue to receive mixed residential and commercial waste as described in the current permit. However, the commingled recyclable materials collected that would normally be transferred to a processing facility and green/wood waste materials will be temporarily directly landfilled. This change will result in an approximate increase in landfill disposal from 230 tons per day (TPD) to 380-400 TPD, which is within the permitted capacity of 829 TPD in the SWFP.
- A stipulated agreement to waive permit item 17(h) - *Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a JTD amendment, to the LEA at least 150 days in advance of the change.*

The LEA accepted the temporary waiver of terms request and approved the facility to landfill commingled recyclable material and green/wood waste material and temporarily change the waste handling procedures mentioned above on March 30, 2020.

Options for Questions and LEA Contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the temporary waiver of terms request, please contact Kimberly Tra at (800) 442-2283. You may also email the LEA regarding this matter at Kimberly.Tra@dph.sbcounty.gov .

Where to get additional information
