

TIPS FOR A HEALTHY MOUTH

Brush your teeth **twice a day** with a fluoride (floor-ide) toothpaste and use a soft bristle brush to help **prevent tooth decay**.

Floss in between your teeth at least once a day.

Eat a healthy diet full of fruits, vegetables, whole-grains and drink plenty of water.

Visit the dentist regularly and replace your toothbrush once **every three months**.

SMOKING AND ORAL HEALTH

Funded by the California Department of Public Health
under contract #17-10717

Public Health

WHY IS SMOKING BAD FOR YOUR TEETH?

Smoking *can leave you with:*

- Stained teeth and tongue
- Dulled sense of taste and smell
- Bad breath

Smoking *puts you at risk for:*

- Gum disease
- Tooth loss
- Oral cancer

www.smileSBC.org

*Smoking can lead to **bad skin, bad smelling** clothes and hair, **poor sports performance, longer healing** times and risk of **illness**.*

DID YOU KNOW?

Any kind of tobacco can harm your health (hookah, smokeless tobacco, e-cigarettes and vaping machines).

One session of smoking hookah can be the same as **smoking 100 cigarettes**.

One can of smokeless tobacco **has as much nicotine as 60 cigarettes** (or three packs of cigarettes).
