Description of Project and LEA's Determination

The City of Claremont MVTF is an existing facility that collects community Municipal Solid Waste, Green Material, Recyclables, and Construction & Demolition material. The application proposes to incorporate accepting up to 40 tons per day of compostable materials (organics), as defined in [14 CCR § 17852](#), to be transferred for further processing. Furthermore, waste characterization activity to determine organics will be conducted at the Loading/Unloading area. These additions are a response to the upcoming Senate Bill 1383 – Short-Lived Climate Pollutants as a means to divert organic material from the landfills. The total incoming solid waste does not exceed 99.9 tons.

The LEA has reviewed the documents and accepts the permit application. A registration permit will be issued pursuant to [14 CCR § 18104.2](#).

Where to get Information

A copy of the Registration Permit and Facility Plan are on file and available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave, 2nd Floor, San Bernardino, CA 92415.

Options for Submitting Comments and LEA Contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the Registration Permit and/or Facility Plan, please contact Kimberly Tra at (800) 442-2283. You may also email the LEA regarding this matter at Kimberly.Tra@dph.sbcounty.gov. If you would like to comment on this project you may send you written comment via email or fax to Kimberly Tra within 14 days of the date of this notice. Fax number is (909) 387-4323 or email to the above email address.

Appeals Process Information

For information on the appeals process to challenge the LEA's approval of the Registration Permit and Facility Plan, you may contact Kimberly Tra at (800) 443-2283.
