## Mission

*P*rovide collaborative law enforcement solutions that meet the needs of our communities and partners by delivering high quality professional services to America's largest county.

## Values

*I*ntegrity

Honest and ethical behavior while giving due respect to each individual inside and outside our department.

*L*eadership

Shape the future with courage, creativity, diversity, mentoring and accountability.

*P*artnership

Collaboration with internal and external partners to become more effective in providing a better quality of life for all those we serve.

*S*ervice

Provide quality service to the people who live, work and play in each of our communities.

*R*esponsibility

Accountability to deliver services through department members within budget, while encouraging law enforcement innovation.

John McMahon, Sheriff-Coroner

## Word from the Sheriff

It is a privilege to serve as your Sheriff and work with a department filled with incredible, hardworking men and women who are dedicated to serving the citizens of our county.

Over the past few years, several new laws have been implemented that continue to

present many challenges to law enforcement and have made it increasingly difficult for us to do our job. Prison Realignment (AB109), Proposition 47 and Proposition 57 are examples of new laws that have allowed criminals to serve reduced sentences and have decriminalized certain drug and property crime felonies into misdemeanors. Another consequence of these laws has been overcrowding in our jails, which has also forced the department to early release about 360 inmates per month.

To assist the Sheriff's Department with combating increasing crime rates, especially violent crime, associated with this new legislation, the County Board of Supervisors allocated one million dollars to fund countywide crime suppression operations in 2017. These funds were utilized by the Sheriff's department to conduct target enforcement operations to enhance public safety and quality of life issues. We focused our efforts on criminal street gangs and career criminals who victimize communities through violence and intimidation.

On January 1, 2018, the California Values Act went into effect and had received a tremendous amount of media and community attention. The Act, in part, limits law enforcement's ability to communicate with federal immigration agencies. While the impact of this Act continues to put local law enforcement in the middle of on-going legal disputes between the state and federal governments, the department does not want the fear of someone's immigration status to prevent them from reporting crimes or interacting with our deputies. Our department's responsibility is to provide safety for all individuals, regardless of their immigration status.

Within the past couple of years, our department has worked hard to improve the quality of life for homeless individuals in need of assistance. Our Homeless Outreach

Proactive Enforcement (HOPE) Team and Human Trafficking Task Force have been vital resources in helping numerous members of the community. To date, the HOPE Team has assisted 1,151 homeless individuals, facilitated 597 to get into various assistance programs and helped transition 327 into housing. Our Human Trafficking Task Force arrested 50 human traffickers and rescued 42 victims, many of whom were minors. This past year, the team was successful in making these types of arrests and worked closely with the District Attorney's office to prosecute these dangerous offenders.

For us to be successful, we need to continue having great working relationships with our local, state, and federal law enforcement partners, as well as support from the community. We simply can't effectively do our job without their essential support, cooperation, and valued input.

While our department has many positive accomplishments this past year, I am particularly very proud of the continued success of our volunteer program. This program consists of citizen volunteers, reserve deputies, search and rescue personnel and explorers. We have over 2,000 citizen volunteers, and in 2017 they donated over 340,000 hours of dedicated service to the various communities throughout San Bernardino County, saving taxpayers over 9.5 million dollars.

In March 2018, Undersheriff Joe Cusimano retired. Joe had a significant role in managing the day to day operations of the department and provided exceptional leadership to all of our members. Joe began his career as an Explorer in 1981 and after 31 years of dedicated service, is saying goodbye to his law enforcement family. His knowledge, expertise and outstanding sense of humor will be missed greatly - we wish him all the best in his much-deserved retirement.

As we move forward as an organization, we will continue to strengthen our valued partnerships and make positive impacts in our local communities. Thank you for your continued support of the men and women of the San Bernardino County Sheriff's Department.

John McMahon, Sheriff-Coroner

## Our Commitment

*"We are committed to providing collaborative law enforcement solutions that meet the needs of our communities and partners by delivering high quality professional services to America's largest county."*

### Specialized Investigations Division – Cold Case Detail

## COPSWEST Award Given to Cold Case Unit

*(Left to right): CPOA board member, Los Alamitos Police Chief Eric Nunez; Sergeant Robert Trostle; Sergeant Patty Ruiz; SBSB Retired Deputy Chief Ringhoffer; Glendora PD Corporal Matt Fenner; Glendora PD Retired Sergeant Marty Amaro, SBSC DDA Denise Yokum, Glendora PD, Retired; CPOA board member, Santa Barbara County Sheriff Bill Brown; California Peace Officers Association President, Assistant Chief Marc Coopwood, Beverly Hills Police Department*

On Monday, October 30, 2017, members of our department's Specialized Investigations Division – Cold Case Unit received an award from the COPSWEST Training & Expo. This award was a statewide honor. The investigation they received the award for stemmed from a murder that occurred nearly 40 years ago, around August 26, 1976. The 18-year-old victim went to the movies in Glendora. It is unknown where the victim was murdered. At the time, Captain Ringhoffer (now retired) of Twin Peaks Station, crawled under a cabin and recovered the victim's remains. The case went unsolved for many years. With

diligent efforts from current Sergeants Robert Trostle and Patty Ruiz, new investigative leads came to light. They worked with Glendora Police Department and the suspect was identified and located. The suspect admitted to the crime. Due to the crime occurring in 1976, the suspect was held to the sentencing guidelines of that time. The suspect feared trial and pled guilty. He was sentenced to seven years to life in prison for first-degree murder. This is continued great work by the amazing men and women of our department. ■

### Specialized Investigations Division Crimes Against Children Detail

## Norwegian Criminal Investigations Agency Receives Special Training – SBSD Style

*(Bottom row, left to right): Anne Siv Avitsland - Asst Chief of Police, Norway; Anne Merethe Evenrud - Police Attorney Kripes (Norwegian NCIS); Dr. Victor Krohn, MD - Pediatrician, training in Forensics, Oslo Univ. Hospital; Dr. Mari Bakken, MD - Forensic Pediatrician, Leader of the Regional Training Center, Oslo; Atle Berg, Detective for serious child abuse cases, Kripes; Dr. Benedikte Sjolås, MD - Forensic Pediatrician, Lillehammer Hospital; Kåre Svang, Police Superintendent, Lead Detective for serious child abuse cases, Kripes; Mary Jo Vollmer-Sandholm, PNP, Forensic Peds Consultant, Oslo Univ Hospital; Dr. Arne Stray-Petersen, MD - Forensic Pathologist, Institute of Forensics, Oslo Univ Hospital; Julie Leivestad, RN, training in Forensic Peds*  
*(Top row, left to right): Detective Cassandra Slawson, Detective Janna Kovensky, Lieutenant Dana Foster, Detective Lisa Guerra, Detective M.J. Higgins, Detective Kathy Oros, Deputy Mavial Gordon (all assigned to the Crimes Against Children Detail-Specialized Investigations)*

In early 2017, the Crimes Against Children Detail and the District Attorney's Office were contacted by Mary Jo Sandholm, a Forensic Pediatric Nurse Practitioner, about providing child abuse investigation training to the KRIPOS, a Norwegian Criminal Investigations Agency. Sandholm previously worked at the Loma Linda University Children's Hospital and went to work in Norway in the field of child abuse. The KRIPOS is

a special agency of the Norwegian Police Service assigned to work specialized investigations. Sandholm learned the KRIPOS investigators did not have much expertise in child abuse investigations and she recalled working with detectives and deputy district attorneys in San Bernardino County who were very skilled at child abuse investigations. Sandholm met with Assistant District Attorney Mary Ashley, CACD Lt. Dana Foster,

## 2017 ANNUAL REPORT

*(Above): Lt. Dana Foster, (below): Det. Kat Oros, and (above right): Assistant Sheriff Shannon Dicus lead trainings for the KRIPOS representatives.*

### **(Norwegian Criminal Investigations...continued from page 8)**

the staff at LLUCH and the Children's Assessment Center and together they created a comprehensive week of training that included the law enforcement, prosecution, child welfare, and medical disciplines.

The ten delegates from Norway who arrived in the United States for training included the Assistant Chief of Police Norwegian Police Directorate, the Investigations Supervisor for Child Abuse, several child abuse investigators, a pathologist, police attorneys, and pediatricians. These delegates are considered Norway's most experienced child abuse

investigators. Although they asked for training in child physical and sexual abuse cases, they were especially interested in how our agencies investigate and prosecute "shaken baby" cases.

The training took place at various locations during the week of October 10th through 13th, 2017. On Wednesday, October 11th, the training was hosted by the Specialized Investigations Division – Crimes Against Children Detail and took place at Sheriff's Headquarters. Detectives Lisa Guerra and Kat Oros facilitated the instruction for the day, which included a child abuse case study, instruction from the Homicide Detail (provided by Detective Mike Warrick), the Polygraph Detail, Crime Scene Investigation (provided by Kim Shapiro), and CAC's investigative techniques. CAC personnel also assisted the District Attorney's Office in putting on a mock trial from the transcripts of an actual child homicide case on Friday, October 13th.

The feedback from the group was excellent and they were very appreciative of our efforts to train them. Their evaluations of the training indicated they were impressed by our staff's skills, expertise, presentations, and dedication to our mission. The group prepared course evaluations for each instructor that gave very high marks and followed up with a thank you letter and tokens of their appreciation. The program was so successful, the KRIPOS asked if the instructors would be willing to travel to Norway to participate in a training conference. Each instructor should be very proud of the impact they made upon the people tasked with investigating child abuse in another country. ■

## Specialized Investigations Division - Homicide Detail

### On the Cold Case Trail

The San Bernardino County Sheriff's Department (SBCSD) Cold Case Team is comprised of three SBCSD Sheriff's Investigators (Adam Salsberry, Nick Hartleben and Gerrit Tesselaar), one San Bernardino County Deputy District Attorney Investigator (Steve Shumway) and two San Bernardino County Deputy District Attorneys (Denise Yoakum and Joel Buckingham). All personnel are stationed together at the Specialized Investigations Division, Homicide Detail, located at Sheriff's Headquarters.

#### Homicide Investigations and Arrests

**LOCATIONS:** Ludlow (Case Number H#1980-377)

**VICTIMS:** John Doe, Caucasian male, 21 to 28 years old, 5'1" – 5'7", medium to heavy build  
Jane Doe, Caucasian female, 17-22 years old, 5'5" – 5'8", light to medium build

**SUSPECT:** Howard Neal, 28 years old at time of homicide.

**LOCATION:** Lytle Creek (Case Number H#2000-021)

**VICTIMS:** Timothy Morris, black male, 32 years old at time of death.

**SUSPECTS:** John Cory McKinney aka "C-Note", black male, 24 years old at time of homicide.  
Carmen Worthey aka "China Doll", black female, 23 years old at time of homicide.

**LOCATION:** Apple Valley (Case Number H#2005-107)

**VICTIM:** Noel Cornelius, Caucasian male, 23 years old at time of death.

**SUSPECT:** Isaac Dawson, Caucasian male, 25 years old at time of homicide.  
Mike Marshall, Caucasian male, 20 years old at time of homicide.

#### Travel Itinerary

In 2017, investigators and deputy district attorneys were seeking closure in three cold cases. On October 17, 2017, investigators Salsberry, Hartleben, Shumway and Tesselaar departed from San Bernardino. Investigators logged over 2,500 miles by air and hundreds of miles by rental car to five different states in four days to conduct interviews, make an arrest and extradite a murder suspect back to San Bernardino County to face justice. The flight itinerary consisted of the following:

**10/17/2017:** Departed San Bernardino and arrived in Oklahoma. Two teams of two investigators went to separate locations in vehicles to conduct interviews on case numbers H#1980-377 and H#2005-107.

**10/17/2017:** Departed Oklahoma and arrived in Arkansas.

**10/18/2017:** Two teams of two investigators went to separate locations to conduct an interview and make an arrest on case number H#2000-021. One team drove to a location in Arkansas and conducted an interview and one team flew to Illinois and arrested the murder suspect.

**10/19/2017:** Departed Arkansas and arrived in Mississippi to conduct an interview on case number H#1980-377.

**10/20/2017:** Departed Mississippi and arrived in Texas to extradite a murder suspect back to San Bernardino County on case number H#2000-021.

*(continued on page 11)*

(On the Cold Case Trail...continued from page 10)

## **H#1980-377: Cold Case Homicide Investigation**

On November 17, 1980, the partially decomposed and skeletonized bodies of a male and female were discovered buried in a shallow grave in an isolated area of desert, five miles east of Ludlow. During the homicide investigation, the suspect was identified as Howard Neal. At the time of the homicide, Howard was married to Darla Neal. To date, Howard has not been charged with murder and the victims have not been identified. Howard is serving multiple life sentences without the possibility of parole for unrelated charges in a Mississippi state prison.

In 2017, the sheriff's cold case team re-investigated the homicides. On August 8, 2017, Tesselaar and Shumway traveled to Mississippi and interviewed Howard. During the interview, information was obtained that the victims were possibly from Little Rock, Arkansas.

On October 17, 2017, the cold case team traveled to Oklahoma to conduct an interview with Howard's wife, Darla. Investigators will use information obtained from the interviews to work on identifying the victims.

On October 19, 2017, two cold case investigators re-interviewed Howard.

## **H# 2000-021: Cold Case Homicide Investigation**

On March 3, 2000, Sheriff's Fontana Station deputies responded to a found body off the side of a road near Lytle Creek. Deputies arrived and located the body of Timothy Morris. The cause of death was gunshot wound(s). During the investigation, investigators learned Morris resided with his cousin, Carmen Worthey, in San Bernardino. Investigators also learned John McKinney and Brad McKinney, brothers, stayed at Worthey's apartment for a few days in early March 2000. During surveillance, investigators observed John exiting Worthey's

(Left to right): Deputy DA Steve Shumway, Investigator Gerrit Tesselaar; Detective Nick Hartleben; Detective Adam Salsberry

apartment. John was contacted and arrested for an outstanding warrant and interviewed. John was identified as a potential suspect, but there was not enough evidence to prosecute him. Investigators followed up with leads, but eventually the case went cold and remained unsolved.

In 2017, the sheriff's cold case team re-investigated the homicide. On October 5, 2017, Salsberry and Hartleben traveled to Texas and re-interviewed Worthey. On October 6, 2017, a PC 187-Murder warrant was obtained for Worthey. Worthey was arrested and booked for murder in Texas.

On October 18, 2017, cold case investigators traveled to Arkansas. Two teams of two investigators went to separate locations. One team drove to a location in Arkansas and conducted an interview and one team flew to Illinois and arrested John for PC 187-Murder. John was booked for murder in Illinois.

(continued on page 12)

(On the Cold Case Trail...continued from page 11)

### **H# 2005-107: Cold Case Homicide Investigation**

On November 27, 2005, Victor Valley Station deputies responded to a call for service for a dead body in the desert several miles southwest of Dale Evans Parkway off the Interstate 15 freeway in unincorporated Apple Valley. The cause of death was multiple gunshot wounds. The victim was unable to be identified. On July 12, 2006, Joy Roles reported her son-in-law, Noel Cornelius, missing. On June 23, 2008, Noel was identified as the homicide victim. At the time of the homicide, Noel was married to Rebekah Dawson. Rebekah had two brothers, Malachi and Isaac Dawson.

In 2012, the sheriff's cold case team re-investigated the homicide. Witnesses reported Noel was last seen alive at Malachi and Isaac's apartment in Apple Valley. Present at the apartment with Noel were Malachi, Isaac and Michael Marshall. Since 2012, cold case investigators have conducted numerous interviews and re-examined physical evidence. On September 11, 2017, Salsberry and Hartleben arrested Malachi for the murder of Noel and booked him at West Valley Detention Center for PC 187-Murder.

On Wednesday, August 16, 2017, Salsberry and Shumway interviewed Isaac Dawson in Pennsylvania. On Thursday, August 17, 2017, Salsberry and Shumway interviewed Mike Marshall in Georgia. On Wednesday, October 11, 2017, Marshall was arrested and booked for murder in Georgia. Extradition proceedings for Marshall are pending.

On Tuesday, October 17, 2017, cold case investigators traveled to Oklahoma to conduct additional interviews with witnesses. On October 20, 2017, cold case investigators extradited Worthey from Texas to San Bernardino County. ■

## West Valley Detention Center

### Our Amazing SBCSD Correctional Nurses

Although most law enforcement personnel working within our county have interacted with intake nurses during the booking process, many likely aren't aware of the diverse and challenging roles filled by correctional nurses throughout the San Bernardino County jail system. Like surgical, ICU and flight nursing, correctional nursing is a specialized field all its own and, though not well known by the outside world, correctional nursing has been a recognized nursing specialty for over 50 years.

Correctional nurses face a unique challenge – providing top-tier health care services to the county's thousands of inmates, many of whom face multiple medical and mental health issues while working within a setting where safety and security are a constant consideration. Beyond treating the inmate's ongoing and chronic medical concerns in a clinical setting, correctional nurses also serve as the jail system's medical first responders. From minor trauma to

*R.N. Emily Newton and R.N. Zack Walthers screen an inmate at WVDC*

stabblings, heart attacks to suicide attempts, our correctional nurses, much like paramedics in the field, must be prepared to respond to, assess and treat almost any injury, at any time of the day or night, and at a moment's notice.

The San Bernardino County Sheriff's Department currently has 70 full-time Registered Nurse (RN) positions and 47 Licensed Vocational Nurse (LVN) positions within the Detention and Corrections Bureau. Our diverse and talented nursing staff includes nurses culturally representing five of the seven continents, with families from over 25 countries. We have nurses on staff who have worked for the Sheriff's Department for more than 27 years – and others who entered correctional nursing as their first job out of school and measure their experience in weeks or months. Many of our nurses hold advanced certifications from the National Commission on Correctional Healthcare and have received local and national recognition for excellence in nursing.

*(continued on page 14)*

*From right: Nurses Sarah Angelini, Ryan Scott and Ashley Harris, along with custody staff, have a special "celebrity" meet and greet with K9 Dare*

## Our Amazing...continued from page 13)

For many, the most visible and well-known position within our correctional nursing corps is likely in intake. Intake Nurses conduct receiving screenings of dozens of incoming arrestees each day and use interviews and assessment tools to identify various medical and mental health concerns. Intakes Nurses are the department's first line of defense in ensuring medical and mentally unstable arrestees receive the immediate and continuing care they need or are diverted to a hospital where a high level of care is available.

Outside intake and emergency response roles, our nurses also work within the jail system in more traditional settings. Nurses assigned to the Chronic Care Clinic handle scheduled appointments to manage chronic conditions such as high blood pressure, asthma, arthritis or pregnancy. Nurses assigned to the Sick Call Clinic provide routine, non-emergency medical care upon request of the inmate for a variety of medical conditions. These nurses ensure inmates are referred to appropriately specialized clinics, or provide medications and treatment, when appropriate. Medication nurses ensure medications — many of which can be misused and abused within the correctional setting — are properly administered and used in a manner that ensures the best clinical outcome while reducing the risk of harm to inmates.

People sometimes question why inmates can quickly receive such a high level of care. Work around a jail for a few weeks, and you are likely to hear some variant of the sentiment that inmates get better care on the inside than the rest of us do on the outside. Although the number of nurses per inmate and the levels and types of care we offer are all regulated by policy, procedure, and law, the quality of our care is a direct result of the caring and compassion of our nursing staff.

*WVDC medical staff treat an inmate after a failed suicide attempt*

Just as physicians take the Hippocratic Oath, and deputies are sworn in, nurses take a pledge to devote themselves to a life of caring, compassion, and healing. Our correctional nurses regularly go above and beyond the call of duty to provide care to some of society's most neglected, most troubled and worst members. As one of our nurses once said, "I never forget that, regardless of why they are here, everyone here is someone's father or brother or family member, so I try to treat them like I would want my own family member treated if they were ever here."

Bravo and thank you to all of our amazing SBCSD correctional nurses! ■

### Volunteer Forces

## Search Dog Team Volunteers Respond to Puerto Rico Disaster Mission

Three of our Search Dog Team volunteers, Nicole Anhaier, Lucia Rapalyea and Bruce Holms, were requested by FEMA to respond to Puerto Rico as part of a disaster response team. They hold dual status with our department as well as with the Riverside FEMA team. The request was through FEMA and they did not go as representatives for our department. They went as CA Task Force 6-Riverside with their human remains detection (HRD) K-9s (Jules, Luna, and Finley) for 19 days.

**The following is taken from an ABC7 news story about the mission:**

Wednesday, September 27, 2017, 12:27AM  
RIVERSIDE, Calif. (KABC) -- A local state task force K-9 team that was sent out to Puerto Rico to aid in search and rescue efforts returned home Tuesday.

The van pulled up in Riverside and the heroes were home. They were greeted with cheers and hugs came with wagging tails and sloppy kisses.

One dog, Jules, was still wearing her FEMA vest. Finley, a Belgian Malinois, enjoyed the attention.

"A dog does nothing more than just settle peoples' minds and make people feel good. So there was a lot of pets and a lot of kids running up and meeting Finley in a time of distress," Lucia Rapalyea, with the team, said.

California Task Force 6 is one of eight teams from the state that makes up the National Urban Search and Rescue teams.

Family and friends came with posters to welcome back the seven members of the Riverside K-9 Mission Ready Package.

The team wrapped up a 19-day deployment to hurricane ravaged Puerto Rico.

*(continued on page 16)*

## 2017 ANNUAL REPORT

*Pete Sellas with K-9 Finley*

### **Search Dog Team...***continued from page 15)*

"It was an emotional rollercoaster. There were highs and lows and scary points," Rapalyea said.

The trip started as a rescue effort after Irma tore through the island, but then Hurricane Maria developed and the mission turned into one of survival for the team, which included a middle school librarian.

"We were watching the news the day before it came in and the news said, 'Leave Puerto Rico or die,'" Katrina Kurth said.

After Maria ripped through the island, it was right back to work for the team as they conducted search missions on Puerto Rico and the surrounding islands.

"It was hard to see people in agony and people that are scared," Rapalyea said.

But it was the dogs who kept everyone calm, especially after Maria damaged part of the hotel they were all staying in.

"Jules does great. Nothing much fazes this dog. She's a great dog," handler Bruce Holms said. ■

## Sheriff's Academy

### Active Shooter Training Shared Between Agencies

*Marine Private First Class and Marine Corps Police Officer being tested on medical treatment*

On February 7, Force Options Instructors, Deputy Rudy Delgado and Corporal Joshua Parrott from the Sheriff's Training Center taught Active Shooter Training to approximately 60 members from the Marine Corps Police and Military Police from Marine Corps Base (MCB) Twentynine Palms. The training included Tactical Response and Rescue and unified command with military fire departments. The Military Police and Marine Corps Police are expanding and wanted to build on working together with the Sheriff's Department, particularly in large scale active shooter incidents. Because an active shooter incident would require all surrounding agencies to work collaboratively, sharing each agency's active shooter training only made sense.

The day began with a two-hour presentation describing pre-planning, response, tactics, unified command, and considerations for law enforcement while responding to an active shooter situation. The presentation also included

*Marine Corporal assessing a patient for treatment*

military police and law enforcement working with the base fire department. Attendees were broken up into three groups and were rotated through training stations covering different topics. The groups were able to conduct practical application exercises and switch roles.

MCB Twentynine Palms police and fire are going to continue to work together with the Sheriff's Department. With the foundation set, they will be able to continue to work on tactics, first aid/buddy aid, communication, and unified command.

Gunnery Sergeant Joel Campos stated in a message: "The training provided by your office is an invaluable opportunity for our department to learn and grow. Additionally, this opened up the opportunity to see how local agencies will respond if we ever have an incident and require additional support." ■
