Word from the Sheriff

This year is my 34th year in law enforcement and sixth year as Sheriff of San Bernardino County. Throughout my career, I have seen many technological, policy, and social changes in law enforcement. As law enforcement continues to evolve and the demands change, our staff has proven ready to meet the challenges and remain focused

on our mission of serving the public. Our sworn members, professional staff and volunteers continue to provide high caliber service throughout the county.

In 2018, our department was required to implement the Racial and Identity Profiling Act (RIPA) of 2015 (AB953). RIPA made it mandatory for our deputies to collect specific information when people are detained. It requires additional paperwork which reduces the amount of time deputies are able to conduct proactive patrol. Although this law makes our job more challenging, our deputies remain committed to ensuring the safety of the community.

As the largest county in the nation, with a wide variety of terrain, we rely heavily on our department's volunteers. These dedicated individuals are always eager to assist in any way they can. They patrol neighborhoods, help with community events, and rescue lost or stranded hikers. In 2018, our volunteers donated more than 333,000 hours to the residents and visitors of our county.

As Sheriff, I am grateful for the opportunity to interact with community leaders and advocates in our county. The success of public safety is dependent upon productive partnerships and community collaboration. I am proud of these relationships and look forward to opportunities to work collaboratively toward positive impacts in our communities.

In an effort to reduce recidivism and support successful reintegration into communities, our jails provide vocational, academic, and cognitive program opportunities to our inmates. Through these programs, inmates develop the necessary

skills to better themselves, their families and change their circumstances. One example is our Pathways Vocational Program which trains inmates in careers and allows them to establish a career support system that will put them on the path to success.

Our department is determined to strengthen our communities and keep people safe. Our Juvenile Intervention Program began in 2001 and has shown more than 5,000 at-risk teens what can happen if they continue down the wrong path. The program exposes them to the dim future of negative choices. It also provides parents with tools to improve the relationships with their teens. Our goal is for the teens to recognize their potential and focus on their future.

Our Safe Return Program has been successful in bringing home loved ones who wander away and become lost. Families or caretakers can register individuals with developmental or intellectual disabilities into the Safe Return database on our website. The program is free and continues to expand throughout our communities, schools, and surrounding jurisdictions. It has been a helpful tool for deputies, enabling them to reconnect families.

I am proud of the dedicated men and women of the San Bernardino County Sheriff's Department and their commitment to the communities we serve.

Thank you for your continued support. I am honored and privileged to serve.

Our Commitment

"We are committed to providing collaborative law enforcement solutions that meet the needs of our communities and partners by delivering high quality professional services to America's largest county."

Fighting Crime Using Specialized Investigations Teams

On July 7, 2018, the San Bernardino County Board of Supervisors authorized \$1,000,000.00 to assist with crime suppression throughout San Bernardino County. The funding was used to add nine additional deputies to the Jail Intelligence Team, Valley Gang Team, Desert Gang Team, and the Human Trafficking Task Force. The funding also assisted with the investigative efforts of the Gang Intelligence Team.

The Sheriff's Department targets criminal street gangs, as well as their membership and associates, who prey on the people of San Bernardino County. Since its implementation in July, 2018, through December 2018, this funding has helped make all of the teams more successful.

During the 10-month program, the Jail Intelligence Team, Valley Gang Team, Desert Gang Team, and the Human Trafficking Task Force, were able to make a significant impact in the community.

- Total Arrests: 960 (76% Felony)
