**CRIME REPORT****COPY****SAN BERNARDINO COUNTY
SHERIFF'S DEPARTMENT****DR# 602200129****NARRATIVE**

On August 23, 2022, Eli Baker was arrested by the San Bernardino County Probation Department and booked at High Desert Detention Center. Baker was housed in Unit 4, Segment B, Cell 4, a General Population unit. Baker did not have a cellmate.

On Thursday, November 10, 2022, Deputy A. Villalobos was assigned to Unit 4. Inmate Eli Baker was housed in Unit 4, Segment B, Cell 4 and was active throughout the evening. He freely moved from his cell to the dayroom, during tier time, without difficulty and did not appear to be in distress. At approximately 2115 hours, Baker was alone in his cell and appeared to begin having a medical emergency. He made no attempt to notify HDDC staff of his condition. Baker positioned himself, in a kneeling position on the floor, with his head tucked in front of his body.

Approximately two minutes later, Villalobos conducted her safety log check and discovered Baker on the floor. Baker did not respond to Villalobos as she attempted contact with him at his cell door. At approximately 2123 hours, medical aid was summoned. Minutes later, HDDC nursing staff arrived and Baker was removed from his cell where he remained unresponsive. CPR was initiated and nursing staff administered several doses of Narcan. Baker had no obvious injuries. Paramedics arrived and assisted with medical aid until Baker was pronounced deceased at approximately 2204 hours. A review of the safety logs did not show any discrepancies.

Reporting Officer: Ripley, R C5864 on 11/18/2022

BRIEFING: (Continued)

The following is a summary of Dutra's briefing.

On August 23, 2022, Eli Baker was arrested by San Bernardino County Probation Department and booked at High Desert Detention Center. Eli Baker was housed in Unit 4, Segment B, Cell 4, and was active throughout the evening. He freely moved from his cell to the dayroom during tier time, without difficulty, and did not appear to be in distress. He occasionally entered a neighboring cell, Cell 3.

On Thursday, November 10, 2022, at approximately 1925 hours, HDDC deputies responded to Unit 4, Segment B, Cell 12, regarding an inmate, [REDACTED] (Booking# [REDACTED]), suffering from a medical emergency. [REDACTED] cellmate notified deputies [REDACTED] needed help.

Deputies and medical staff responded and rendered aid to [REDACTED] was transported by ambulance to [REDACTED]. It appeared [REDACTED] suffered a drug overdose which led to his medical emergency. However, no narcotics were found in [REDACTED] possession. The incident was documented under DR# [REDACTED] [REDACTED] was treated and later released by [REDACTED].

At approximately 2115 hours, Baker was alone in his cell and appeared to have a medical emergency. He did not attempt to notify HDDC staff of his condition. Baker positioned himself in a kneeling position on the floor, with his head tucked in front of his body.

Approximately two minutes later, Villalobos conducted a safety check and discovered Baker on the floor. Baker did not respond to Villalobos when she attempted to contact him at his cell door. At approximately 2123 hours, medical aid was summoned. Minutes later, HDDC nursing staff arrived and Baker was removed from his cell, where he remained unresponsive. Cardiopulmonary resuscitation was initiated, and nursing staff administered several doses of Narcan. Baker had no obvious injuries. Paramedics arrived and assisted with medical aid until Baker was pronounced deceased at approximately 2204 hours.

VICTIM'S NAME – LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME (FIRM NAME IF BUSINESS)

DEPUTY INTERVIEW: Anelis Villalobos

On Friday, November 14, 2022, at approximately 1439 hours, Detective Jonathan Cavender and I interviewed San Bernardino County Sheriff's Department (SBCSD) Deputy Anelis Villalobos at the Specialized Investigations Division office located at 808 E. Mill Street, San Bernardino. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of Villalobos' statement.

Before starting the interview, I advised Villalobos I was conducting an investigation of the in-custody death of Eli Baker. I explained to Villalobos she was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. Villalobos understood and agreed to provide a voluntary statement regarding the incident.

Villalobos was employed by SBCSD as a deputy sheriff since [REDACTED] and was assigned to High Desert Detention Center. On the date of the incident, November 10, 2021, starting at 2000 hours, Villalobos began an overtime shift at HDDC and was assigned to Unit 4. Villalobos was the only deputy assigned to the unit. During the shift's briefing, personnel were told there was a possible fentanyl overdose in Unit 4 on the previous shift. Based on Villalobos' training and experience, she knew there was the possibility additional fentanyl could be possessed by inmates in the unit.

At approximately 2118 hours, Villalobos entered Unit 4, Segment B, to complete her observation logs. According to Villalobos, approximately every hour, deputies conducted observation logs to ensure the inmates were alive, safe, and not violating facility rules.

Villalobos started on the left side of the bottom tier at Cell 1. Less than one minute later, Villalobos approached Cell 4 and looked into the cell through the bottom window of the closed door. Villalobos observed Eli Baker on the ground in a crouched position with his arms tucked under his upper torso and his chin tucked down toward his chest. Baker wore orange corrections pants and no shirt. Baker was on the door's right side, as observed from outside the cell. Baker was alone in the cell. The top of Baker's head faced the door, and his buttocks faced the cell's rear wall.

Villalobos identified Baker by his SBCSD inmate identification card on the windowsill of his cell, faced toward the dayroom. For approximately one minute, Villalobos called Baker by his first and last name and tapped on the door with her foot and keys. Villalobos saw Baker was breathing, and he responded to her by raising or "shrugging" his left shoulder. Baker did not respond verbally to Villalobos, which according to her, was not unusual for inmates.

CRIME REPORT

CODE SECTION ICD	CRIME In-Custody Death	CLASSIFICATION Other
VICTIM'S NAME – LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME (FIRM NAME IF BUSINESS)

DEPUTY INTERVIEW: Anelis Villalobos (Continued)

Villalobos initially believed Baker was praying or attempting to get her to open the door to ambush her. Villalobos did not believe Baker needed medical aid because he breathed and moved his shoulder. Villalobos said she would have called for medical on the facility radio if she knew or believed Baker was in medical distress.

According to Villalobos, she was recently off training and did not think about requesting an additional deputy to the unit to assist and evaluate Baker. It was Villalobos' first time working in Unit 4, and she had no previous contact with Baker to know his demeanor, medical/mental health history, or daily activities.

Villalobos continued her safety checks and carried a mattress to the top tier. Villalobos left the mattress near Cell 12, finished her safety checks, and returned to Cell 4 approximately two minutes later. Baker was in the same position and breathing. For approximately two minutes, Villalobos called out to Baker, called him by his first and last name, and tapped on the door, but again, he only responded by raising or "shrugging" his left shoulder. Villalobos told Baker if he did not talk to her, she would have to call the nurse, to which he did not respond. Villalobos again thought Baker was praying or attempting to get her to open the door to ambush her. Villalobos did not believe Baker needed medical aid because he breathed and moved his shoulder.

An unknown inmate in Cell 3 told Villalobos Baker was speaking to him minutes before she entered the segment. Villalobos left the segment, went into the unit's control booth, and told Sheriff's Custody Specialist [REDACTED] what had occurred. [REDACTED] told Villalobos to call out a possible man down on the facility radio to get additional deputies and medical staff to the unit in case it was a medical emergency or ambush.

Approximately one minute later, Villalobos broadcast, "Unit 4 nurse, respond for a possible man down, unresponsive," on the facility radio and returned to Cell 4. Baker was in the same position Villalobos previously observed him. Villalobos knelt outside the cell and attempted to get a response from Baker, but he did not move this time.

Approximately two minutes later, an unknown female nurse arrived and looked through the cell door's window at Baker. The nurse told Villalobos to broadcast a "Code Blue" on the radio. Villalobos made the broadcast, and the nurse waved at [REDACTED] to open the cell door because deputies did not carry keys to open the cell doors.

CRIME REPORT

CODE SECTION ICD	CRIME In-Custody Death	CLASSIFICATION Other
VICTIM'S NAME – LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME (FIRM NAME IF BUSINESS)

DEPUTY INTERVIEW: Anelis Villalobos (Continued)

██████ opened the cell door from the control booth. As the door opened, Baker's upper body slid forward, and Villalobos observed orange vomit on the ground beneath his head, near his face.

Villalobos and the nurse grabbed Baker's arms, rolled him onto his back, and pulled him out of the cell. Villalobos did not observe any injuries or lividity on Baker. Additional unknown nurses arrived in the segment and took over medical care.

An unknown nurse felt for a pulse near Baker's neck and said they needed to start cardiopulmonary resuscitation (CPR). At that time, Deputy Nathaniel Padilla arrived and performed chest compressions. Villalobos did not observe if rescue breaths were performed. Villalobos stood by and scribed for the nurses.

An unknown nurse administered the first dose of Narcan at 2127 hours. Villalobos opened the automated external defibrillator (AED) case and handed the AED pads to an unknown nurse who placed them on Baker's chest and torso. At 2128 hours, an unknown nurse administered a second dose of Narcan. At 2129 hours, an unknown nurse administered a third dose of Narcan. Villalobos did not observe any changes in Baker after the three doses of Narcan.

Approximately 15 minutes after the "Code Blue" was broadcasted, Sergeant Roosevelt Dutra, American Medical Response (AMR), and San Bernardino County Fire Department personnel arrived. Dutra told Villalobos to write down the names of all personnel in the unit. Villalobos retrieved her notepad and camera from the unit control booth and returned to the segment to gather the involved personnel's names.

One of the AMR paramedics connected Baker to their monitor, but Villalobos did not observe the additional medical treatment rendered. Throughout the incident, personnel took turns performing chest compressions to avoid fatigue. The second AMR paramedic called an unknown person on her cellular telephone and spoke about the care being rendered to Baker.

At approximately 2203 hours, the second AMR paramedic advised all involved personnel to stop life-saving measures. AMR and fire personnel gathered their medical equipment and were escorted out of the unit by deputies. Villalobos took photographs of the segment and Baker's cell, which she gave investigators.

DEPUTY INTERVIEW: Nathaniel Padilla

On Friday, November 11, 2022, at approximately 0402 hours, I interviewed San Bernardino County Sheriff's Department (SBCSD) Deputy Nathaniel Padilla at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of Padilla's statement.

Before starting the interview, I advised Padilla I was conducting an investigation of the in-custody death of Eli Baker. I explained to Padilla he was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. Padilla understood and agreed to provide a voluntary statement regarding the incident.

Padilla was employed by SBCSD as a deputy sheriff since [REDACTED] and was assigned to Glen Helen Rehabilitation Center but was temporarily assigned to HDDC. Padilla worked the PM-1 shift, Tuesday through Thursday, and every other Monday from 2000 to 0800 hours. On Thursday, November 10, 2022, at approximately 2000 hours, Padilla started his shift at HDDC and was assigned to Unit 6 with Deputy Guilibaldo Montenegro.

On Thursday, November 10, 2022, at approximately 2120 hours, Padilla was in Unit 6 when Deputy Anelis Villalobos broadcasted, "Man down, Unit 4," on the facility radio. Sergeant Roosevelt Dutra responded on the radio and asked if Villalobos needed additional deputies. Villalobos replied that she needed one additional deputy for an unresponsive inmate.

Padilla responded and arrived at Unit 4, Segment B, approximately one minute later. Padilla observed four to five unknown nurses (Padilla did not know the nurses' names), and Villalobos knelt next to a white male adult, later identified as Eli Baker. Baker wore orange inmate issued jail pants, and his upper body was bare. Padilla did not observe any injuries on Baker. Baker lay supine, unconscious, and unresponsive outside of Cell 4. The nursing staff performed cardiopulmonary resuscitation (CPR) on Baker. One nurse performed chest compressions as a second placed automated external defibrillator (AED) pads on Baker's chest and abdomen.

Approximately one minute later, Padilla took over for the nurse and continued chest compressions for approximately 10 minutes. As Padilla performed chest compressions, nurses delivered rescue breaths with a bag-valve-mask and started an intravenous line in Baker's right arm. Nurses administered two doses of Narcan to Baker intranasally, but the medication had no apparent effect on Baker.

DEPUTY INTERVIEW: Nathaniel Padilla (Continued)

Sergeant Roosevelt Dutra arrived and took over chest compressions. Approximately two minutes later, Padilla replaced Dutra and continued compressions. Padilla continued chest compressions for five to ten minutes, during which a nurse administered an additional dose of Narcan. American Medical Response (AMR) and San Bernardino County Fire Department personnel arrived, connected Baker to their medical equipment, and took over lifesaving measures.

The AMR paramedic spoke to a doctor on her cellular telephone, and approximately 20 minutes later, the doctor told medical personnel to stop lifesaving efforts. Medical personnel were escorted out of the unit and gave deputies their names for the crime scene log. Padilla assisted Villalobos, who photographed Baker's cell. Padilla did not observe any signs of a struggle inside the cell.

Once Villalobos completed her photographs, the segment was secured. Approximately 30 minutes later, Padilla entered the segment to conduct a count, complete a safety log, and escort the medication nurse. Padilla and the nurse exited the segment, and it was re-secured.

Padilla had no previous contact with Baker and never worked in Unit 4.

Padilla had no further information, and the interview was concluded at approximately 0426 hours.

DEPUTY INTERVIEW: Jonathan Thompson

On Friday, November 11, 2022, at approximately 0439 hours, I interviewed San Bernardino County Sheriff's Department (SBCSD) Deputy Jonathan Thompson at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and placed a copy of the recording into evidence. The following is a summary of Thompson's statement.

Before starting the interview, I advised Thompson I was investigating the in-custody death of Eli Baker. I explained to Thompson that he was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. Thompson understood and agreed to provide a voluntary statement regarding the incident.

Thompson was employed by SBCSD as a deputy sheriff since [REDACTED] and was assigned to HDDC. Thompson worked the PM-1 shift, which was Tuesday through Thursday, and every other Monday from 1930 hours to 0800 hours. On Thursday, November 10, 2022, at approximately 2000 hours, Thompson began his shift at HDDC and was assigned to Male Intake with Deputy Arturo Rodriguez

On Thursday, November 10, 2022, at approximately 2120 hours, Thompson was in Male Intake when an unknown deputy broadcasted, "Man down, Unit 4," on the facility radio. Thompson remained in intake to complete his job duties but heard "CPR in progress" broadcasted on the radio several minutes later. Approximately 20 minutes later, American Medical Response (AMR) arrived at HDDC, followed by San Bernardino County Fire Department five to ten minutes later. Deputy Reed Powell escorted AMR personnel, and Deputy Rudy Faile escorted SBCFD personnel from the intake yard to Unit 4.

At approximately 2148 hours, Sergeant Roosevelt Dutra requested Thompson respond to Unit 4 over the facility radio. Thompson responded to Unit 4 and arrived at approximately 2150 hours. Thompson observed facility nurses, deputies, and emergency medical service personnel in Segment B, surrounding a white male adult, later identified as Eli Baker. Baker lay supine and unresponsive on the ground outside of Cell 4. Baker wore orange corrections pants and was nude from the waist up. Baker appeared unconscious and had no visible injuries. Medical personnel performed cardiopulmonary resuscitation (CPR) on Baker. Baker had intravenous lines and automated external defibrillator pads attached to his body. Thompson did not observe any medications given to Baker but overheard an unknown nurse say Baker received three doses of Narcan.

DEPUTY INTERVIEW: Jonathan Thompson (Continued)

Thompson contacted Dutra, who told him to assist Deputy Anelis Villalobos in preserving the scene and gathering contact information for the involved personnel. Thompson told Villalobos what she needed to do, then took over providing chest compressions for Dutra. Thompson, Deputy Nathaniel Padilla, and an unknown nurse performed chest compressions and switched positions every two minutes for approximately ten minutes.

The AMR paramedic told everyone to stop life-saving measures, at which time CPR was stopped. Deputies escorted everyone out of the segment and secured the door. Thompson observed the inside of Baker's cell from the outside. There was one mattress on the bottom bunk and no signs of a struggle, which indicated to Thompson that Baker was housed alone in the cell. Thompson had no previous contact with Baker and never worked in Unit 4.

Padilla had no further information, and the interview was concluded at approximately 0458 hours.

SERGEANT INTERVIEW: Roosevelt Dutra

On Friday, November 11, 2022, at approximately 0401 hours, I interviewed San Bernardino County Sheriff's Department (SBCSD) Sergeant Roosevelt Dutra at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and placed a copy of the recording into evidence. The following is a summary of Dutra's statement.

Before starting the interview, I advised Dutra I was investigating the in-custody death of Eli Baker. I explained to Dutra that he was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. Dutra understood and agreed to provide a voluntary statement regarding the incident.

Dutra was employed by SBCSD. In June 2021, Dutra was assigned to HDDC as a sergeant. Dutra worked the PM-2 shift which consisted of Saturday through Monday, and every other Tuesday, from 1800 hours to 0600 hours. On Thursday, November 10, 2022, Dutra worked an overtime shift at HDDC and was scheduled to work from 1800 hours to 0600 hours.

On Thursday, November 10, 2022, at approximately 1820 hours, Dutra heard a "man down" broadcasted over his handheld radio. Dutra explained a "man down" was a facility wide announcement which advised an inmate required a medical response. The announcement advised the man down was in Unit 4, Segment B, Cell 12.

Dutra responded to Unit 4 and arrived approximately four minutes after the announcement. When Dutra entered Segment B, he observed approximately three nurses and five deputies on the top tier near Cell 12. Dutra was only able to identify Nurse [REDACTED] and [REDACTED]. Dutra observed an inmate lying supine on the floor near Cell 12 and one of the nurses performing chest compressions on him. The inmate was later identified as [REDACTED].

As Dutra walked up the stairs leading to the second tier, he observed [REDACTED] become conscious. [REDACTED] became argumentative with deputies and attempted to get up. The deputies spoke to [REDACTED] and told him he needed to remain still. Dutra did not see any injuries on [REDACTED] body.

After approximately 20 minutes, American Medical Response (AMR) responded to Unit 4, Segment B. [REDACTED] was escorted down the stairs and placed on AMR's gurney. [REDACTED] was escorted to [REDACTED] for further treatment.

SERGEANT INTERVIEW: Roosevelt Dutra (Continued)

Dutra observed an inmate stood on the second tier near Cell 9. The inmate was identified as [REDACTED] [REDACTED] was housed in Cell 12 with [REDACTED] Dutra was informed [REDACTED] pushed the intercom button in his cell to alert deputies of [REDACTED] condition.

After AMR transported Baker, Dutra ordered the search of [REDACTED] and [REDACTED] cell. Deputies did not locate anything of concern. Based on Dutra's experience and [REDACTED] condition, Dutra felt [REDACTED] suffered from a drug overdose. Dutra planned to execute a shake down in Segment B later in the night.

On Thursday, November 10, 2022, at approximately 2127 hours, Deputy Anelis Villalobos broadcasted a facility wide announcement which advised an inmate required a medical response in Unit 4, Segment B. As Dutra responded to Unit 4, he broadcasted a request for additional deputies to respond.

At approximately 2035 hours, Dutra arrived at Unit 4, Segment B. Dutra observed an inmate lay supine on the floor near Cell 4. The inmate was later identified as Eli Baker. Approximately four nurses surrounded Baker and were rendering him medical aid. Dutra observed Deputy Nathaniel Padilla performing chest compression on Baker while an unknown nurse administered breaths using a bag valve mask.

Dutra assisted Padilla with chest compressions to prevent him from becoming fatigued. Dutra and Padilla rotated approximately every three minutes. Dutra did not observe any injuries on Baker. Dutra broadcasted over the radio for the assistance of Male Intake Deputy Jonathan Thompson.

When Thompson arrived at Segment B, Dutra assigned him to assist Villalobos with the investigative portion of the incident. Dutra ordered Villalobos and Thompson to secure the scene, take photographs and document anyone who entered Segment B.

While Dutra assisted with chest compressions, he overheard an unknown nurse say Baker was administered with Narcan prior to Dutra's arrival. Dutra observed nurses administered an intravenous line (IV) and use an automated external defibrillator (AED).

AMR and San Bernardino County Fire Department arrived approximately 25 minutes after Dutra's arrival. At approximately 2200 hours, an unknown AMR personnel pronounced Baker deceased. Dutra ordered Padilla, Villalobos, and Thomson to secure the scene.

WITNESS INTERVIEW: Sheriff's Custody Specialist

On Friday, November 11, 2022, at approximately 0625 hours, I conducted an interview with Sheriff Custody Specialist (SCS) [REDACTED] inside the Unit 4 Control Booth at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued digital recorder. I later placed a copy of the recorded interview into evidence.

Prior to the interview, I advised [REDACTED] I was conducting an investigation pertaining to the in-custody death of inmate Eli Baker. I advised [REDACTED] the statement was voluntary and that no discipline could come to her if she refused to give a voluntary statement. [REDACTED] understood and agreed to give a voluntary statement.

[REDACTED] was employed with San Bernardino County Sheriff's Department (SBCSD) for approximately [REDACTED] and had only been assigned to HDDC. [REDACTED] was assigned to a "PM2" shift from 1930 to 0800 hours. On Thursday, November 10, 2022, from 1930 to 0800 hours, [REDACTED] worked an overtime shift, and was assigned to the Unit 4 Control Booth. [REDACTED] was not familiar with Baker, but knew he was the only inmate assigned to Cell 4, based on Unit 4's housing roster. [REDACTED] did not know Baker to have any medical issues.

On Thursday, November 10, 2022, at 1900 hours, [REDACTED] arrived at HDDC. At 1915 hours, [REDACTED] attended the shift briefing and was assigned to Unit 4 with Deputy Anelis Villalobos. At approximately 1945 hours, [REDACTED] arrived in Unit 4. [REDACTED] relieved SCS [REDACTED] and obtained a briefing. [REDACTED] told [REDACTED] there was an overdose (OD) in Segment B, Cell 12, earlier in the day.

At approximately 2000 hours, [REDACTED] secured all Unit 4 inmates in their assigned cell for the night. At approximately 2015 hours, [REDACTED] looked at the video surveillance and observed Baker standing at the cell window while Villalobos conducted her safety check. Nothing out of the ordinary occurred that [REDACTED] observed.

At approximately 2118 hours, Villalobos initiated her inmate safety checks starting at Segment B, Cell 1. Villalobos walked east along the cells and stopped at Cell 4 for an unknown reason. Villalobos knocked on the cell window several times as if she was trying to get Baker's attention and then she opened the tray door. [REDACTED] turned on Cell 4's internal intercom to hear if something was happening. [REDACTED] heard Villalobos say Baker's name several times, close the tray door, and walk away from Cell 4. [REDACTED] was unsure if Baker physically responded to Villalobos before she walked away. Through the intercom, [REDACTED] did not hear Baker verbally respond to Villalobos.

WITNESS INTERVIEW: Sheriff's Custody Specialist [REDACTED] (Continued)

Villalobos continued her safety check onto the top tier. Once Villalobos completed her safety check on the top tier, she returned to Cell 4 to check on Baker. Villalobos knocked and kicked Cell 4's door several times to get Baker's attention. Villalobos left Segment B and went to the Unit 4 Control Booth. Villalobos appeared concerned and told [REDACTED] she did not know what to do because she observed Baker was slumped over and did not respond to Villalobos; however, he was breathing. Villalobos did not describe to [REDACTED] how or where Baker was slumped over when she tried to get a response from Baker. [REDACTED] explained to Villalobos due to an OD occurring earlier in the day; it would be ideal to have medical respond to Unit 4 to check Baker. At approximately 2125 hours, Villalobos utilized her handheld radio and requested medical to respond to Unit 4 for a possible "Man Down." At approximately 2127 hours, multiple unknown jail medical staff arrived in Unit 4, Segment B.

Once jail medical staff and Villalobos were at the cell door, [REDACTED] opened the cell door. Due to not having a direct view of Cell 4, [REDACTED] directed her attention to the Segment B camera and observed jail medical staff perform cardiopulmonary resuscitation (CPR) on Baker. Shortly after, Deputies Nathaniel Padilla and Jonathan Thompson arrived in Segment B, followed by Sergeant Roosevelt Dutra. Dutra, Padilla, and Thompson assisted jail medical staff and administered chest compressions to Baker at different times during the medical treatment.

At approximately 2140 hours, American Medical Response (AMR) arrived in Segment "B." Shortly after, San Bernardino County Fire Department (SBCFD) arrived to assist in medical treatment. At approximately 2204 hours, [REDACTED] observed all medical treatment cease on Baker.

Throughout [REDACTED] shift, Baker did not utilize his intercom to contact [REDACTED] in the Unit 4 Control Booth to notify her he needed aid. Further, [REDACTED] did not see any inmates pass contraband in Segment B to Baker because all inmates were restricted to their cells after the initial OD.

[REDACTED] had no further information, and I concluded our interview.

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED]

On Friday, November 11, 2022, at approximately 0513 hours, I interviewed registered nurse [REDACTED] at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of [REDACTED] statement.

Before starting the interview, I advised [REDACTED] I was investigating the in-custody death of Eli Baker. I explained to [REDACTED] she was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. [REDACTED] understood and agreed to provide a voluntary statement regarding the incident.

[REDACTED] was a registered nurse for [REDACTED] and was employed by [REDACTED] for [REDACTED]. [REDACTED] was assigned to San Bernardino County Sheriff's Department's (SBCSD) HDDC. [REDACTED] worked the graveyard shift from 1930 to 0800 hours, and her workdays changed weekly.

On Thursday, November 10, 2022, at approximately 2125 hours, [REDACTED] started her shift at HDDC and was assigned as a "med pass" nurse. [REDACTED] primary duty was to pass out prescribed medications to inmates in Units 3, 5, and 7. At approximately 2120 hours, [REDACTED] was in the nurse's station when an unknown deputy broadcasted "Man down, Unit 4" on the facility radio. According to [REDACTED] a "Man down" was usually called when an inmate had a medical issue but was awake and breathing. [REDACTED] and Nurses [REDACTED] and [REDACTED] responded to Unit 4 from the nurse's station with their medical response bags. [REDACTED] arrived approximately two minutes later and observed an unknown female deputy, later identified by investigators as Anelis Villalobos, knelt outside Cell 4's closed door.

[REDACTED] observed a white male adult on the floor inside Cell 4, through the cell door's lower glass window. The inmate, later identified as Eli Baker, rested on his knees and was slumped forward with his head resting against the cell door. Baker wore orange corrections pants and no shirt. The deputy looked through the door's open tray slot and motioned toward the control booth to open the door. Approximately 30 seconds after [REDACTED] arrived in the unit, an unknown person in the unit's control booth opened the cell door. As the door opened, Baker's upper body moved several inches forward, rolled slightly to his left side, and he vomited.

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED] (Continued)

Villalobos, [REDACTED] and [REDACTED] rolled Baker onto his back and pulled him out of the cell by his arms. Baker lay supine on the ground, approximately three feet outside his cell. Baker was dry and warm to the touch, but his skin looked blue, which indicated to [REDACTED] that Baker was not breathing and had no pulse. [REDACTED] did not observe any injuries on Baker or signs of a struggle inside his cell. No other inmates were observed inside Baker's cell.

At approximately 2126 hours, [REDACTED] and [REDACTED] checked for a pulse on Baker's neck. When they did not feel one, they started cardiopulmonary resuscitation (CPR). At approximately 2127 hours, [REDACTED] administered one dose of Narcan intramuscularly in Baker's right deltoid, which had no obvious effect. [REDACTED] started an intravenous (IV) line in Baker's left arm, which was unsuccessful. A successful IV was placed into Baker's right arm by either [REDACTED] or [REDACTED]. [REDACTED] performed chest compressions as [REDACTED] attached Baker to their vitals machine and performed rescue breathing using a bag-valve mask. [REDACTED] placed automated external defibrillator (AED) pads onto Baker's torso. The AED advised no shock was needed. At an unknown time, [REDACTED] went to the medical clinic to retrieve additional Narcan and returned minutes later.

Deputy Nathaniel Padilla and Sergeant Roosevelt Dutra arrived approximately five minutes later and took turns doing chest compressions. At approximately 2129 hours, a second dose of Narcan was injected into Baker's left deltoid with no obvious effect. At approximately 2133, a third dose of Narcan was injected into Baker's right deltoid with no obvious effect. [REDACTED] checked Baker's pupils and found they were non-reactive to light, indicating to [REDACTED] that Baker had no brain activity. CPR was continued as American Medical Response (AMR) and San Bernardino County Fire Department personnel arrived at approximately 2140 hours. Villalobos started a crime scene log and photographed the scene.

AMR personnel attached the AED pads to their monitor and confirmed Baker's heart rhythm was asystole, which meant the heart was not beating. At approximately 2140 hours, the AMR paramedic administered a dose of epinephrine and an unknown medication into Baker's IV with no change.

At approximately 2203 hours, the AMR paramedic pronounced Baker deceased, at which time life-saving measures were stopped. During resuscitative efforts, Baker never regained a pulse or breathed independently. Villalobos escorted all medical, AMR, and fire personnel from the unit, and Dutra secured the unit until investigators arrived.

MEDICAL STAFF INTERVIEW: Registered Nurse

On Friday, November 11, 2022, at approximately 0631 hours, I interviewed Registered Nurse (RN) [REDACTED] in a medical office inside Unit 4 at the High Desert Detention Center (HDDC), located at 9438 Commerce Way in Adelanto. I digitally recorded the interview and a copy of the recording was later placed into evidence. The following is a summary of my interview with [REDACTED]

Before starting the interview, I advised [REDACTED] I was investigating the in-custody death of Eli Baker. I explained to [REDACTED] she was not ordered to speak with me and could not be disciplined if she refused to provide me with a statement. [REDACTED] understood and agreed to provide a voluntary statement regarding the incident.

[REDACTED] was employed by the San Bernardino County Sheriff's Department (SBCSD). [REDACTED] became an RN. In January 2022, [REDACTED] was assigned to HDDC as an RN. On Thursday, November 10, 2022, to Friday, November 11, 2022, [REDACTED] was assigned as the intake nurse at HDDC from 1930 to 0800 hours. [REDACTED] typical duties as an intake nurse consisted of conducting medical examinations of incoming arrestees at HDDC. Along with the medical examinations, [REDACTED] was responsible for responding to medical emergencies throughout HDDC.

On Thursday, November 10, 2022, at approximately 1930 hours, [REDACTED] entered the medical clinic at HDDC to begin her shift. [REDACTED] observed a majority of the RN's were gone. [REDACTED] was told by Health Services Assistant (HSA) [REDACTED] the nurses responded to a "Code Blue" inside Unit 4. A "Code Blue" was a medical emergency which required all medical staff to respond to Unit 4.

At approximately 1940 hours, [REDACTED] responded to Unit 4 and entered Segment B. [REDACTED] observed several members of HDDC's medical staff treating an inmate, later identified as [REDACTED] on the top tier of Segment B. RN [REDACTED] and RN [REDACTED] approached [REDACTED] and advised her they responded to Unit 4 for a "Code Blue." Medical staff administered approximately three doses of Narcan to [REDACTED] and [REDACTED] advised [REDACTED] they were waiting for American Medical Response (AMR) to arrive on scene and transport [REDACTED] to the hospital. [REDACTED] and [REDACTED] advised [REDACTED] vitals were stable and she was not needed. [REDACTED] exited Unit 4 and responded to intake to begin her intake nurse duties.

At approximately 1945 hours, [REDACTED] responded to HDDC's Intake and conducted a medical evaluation on an incoming arrestee. Once the medical examination concluded, [REDACTED] prepared her workstation for her shift. At approximately 2000 hours, [REDACTED] responded to the medical clinic for briefing.

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED] (Continued)

[REDACTED] spoke to [REDACTED] and [REDACTED] who advised her [REDACTED] possibly overdosed on Fentanyl. According to [REDACTED], Narcan is a typical medication provided to inmates who were suspected of overdosing on opiates. At the conclusion of briefing, [REDACTED] responded back to intake and went about her normal duties.

On Thursday, November 10, 2022, at approximately 2123 hours, while inside the medical clinic, [REDACTED] heard an unknown employee, later identified as Deputy Anelis Villalobos, broadcast a "Man Down" in Unit 4, Segment B, over the facility radio. According to [REDACTED] a "man down" was a possible medical emergency. [REDACTED] RN [REDACTED] and RN [REDACTED] responded to Unit 4, Segment B, and arrived at approximately 2128 hours. [REDACTED] and [REDACTED] continued to Segment B, and [REDACTED] entered the Unit 4 Medical Office to retrieve an oxygen tank, orange emergency box, vitals monitor, and glucometer.

Once [REDACTED] retrieved the medical supplies, she entered Segment B. [REDACTED] observed [REDACTED] conducting chest compressions on an inmate, later identified as Baker. Baker lay supine on the floor outside of Cell 4. Baker wore no shirt and brown SBCSD inmate issued boxers. [REDACTED] observed Baker turn blue in color and vomit on the floor of Cell 4. [REDACTED] observed [REDACTED] place a nasopharyngeal airway inside Baker's nostril.

At approximately 2128 hours, an unknown nurse administered one dose of Narcan into Baker's right deltoid. [REDACTED] [REDACTED] and [REDACTED] conducted cardiopulmonary resuscitation (CPR) on Baker. At 2129 hours, Baker remained unresponsive with no pulse or respirations. An unknown nurse administered a second dose of Narcan into Baker's right deltoid, but he remained unresponsive. [REDACTED] placed the automated external defibrillator (AED) pads on Baker's torso, but the AED advised not to administer a shock to Baker. [REDACTED] [REDACTED] and [REDACTED] continued CPR.

[REDACTED] [REDACTED] and [REDACTED] attempted to suction Baker's mouth because they believed he was possibly choking on his vomit; however, the suction machine malfunctioned and did not operate properly. [REDACTED] placed an oxygen mask over Baker's mouth and set the oxygen level to 10 L/min.

At approximately 2131 hours, despite advanced life saving measures, Baker remained unresponsive with no pulse. The AED advised medical staff to administer a shock to Baker and [REDACTED] administered the shock. After the shock, Baker remained unresponsive.

VICTIM'S NAME – LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME (FIRM NAME IF BUSINESS)

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED] (Continued)

At approximately 2132 hours, an unknown nurse conducted a blood sugar check on Baker. [REDACTED] recalled Baker's blood sugar level was 214 milligrams per deciliter, which was extremely high. [REDACTED] observed Baker's pupils were dilated at approximately six to eight millimeters and not responsive to stimuli. According to [REDACTED] the lack of pupillary reaction indicated Baker was possibly brain dead.

At approximately 2133 hours, an unknown nurse administered a third dosage of Narcan in Baker's right deltoid. An unknown nurse attempted to place an intravenous (IV) line in Baker's right arm but the IV was unsuccessful. [REDACTED] successfully administered an IV in Baker's left arm. [REDACTED] and multiple deputies continued CPR. [REDACTED] did not recall the names of the deputies, but recalled Sergeant Roosevelt Dutra was present. Despite the CPR, Baker remained pulseless and unresponsive.

At approximately 2134 hours, [REDACTED] did not know Baker's name and entered Cell 4 in an attempt to retrieve his inmate identification (ID) card. [REDACTED] needed Baker's ID card because she wanted to conduct a search of Baker's medical history to provide to emergency medical personnel when they arrived on scene. Upon entering the cell, [REDACTED] looked through Baker's inmate issued orange shirt for his ID card but did not locate it. [REDACTED] looked on the top and bottom bunk and did not locate the ID card. [REDACTED] did not recall seeing any drug paraphernalia but recalled Baker's cell had trash on the top bunk. [REDACTED] eventually located Baker's ID card on the front window ledge of Cell 4. While [REDACTED] was inside of the cell, she did not remove or introduce any items of evidentiary value.

At approximately 2135 hours, an unknown nurse administered a dose of nasal Narcan while CPR was continued. [REDACTED] placed a bag valve mask (BVM) on Baker's mouth and administered breaths every five to seven seconds.

At approximately 2140 hours, Emergency Medical Technician (EMT) [REDACTED] and Paramedic [REDACTED] from AMR Ambulance VC197, arrived in Unit 4, Segment B. [REDACTED] provided AMR with Baker's medical history and AMR personnel placed their AED pads on Baker's torso.

At approximately 2142 hours, [REDACTED] and [REDACTED] conducted a rhythm check of Baker's vitals with their equipment. The rhythm check concluded Baker had no heart rhythm and was in an asystole state. [REDACTED] and [REDACTED] could not locate a pulse, no respirations were observed, and CPR continued.

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED] (Continued)

At approximately 2143 hours, AMR personnel administered one dose of epinephrine through Baker's IV, and he remained unresponsive. At 2145 hours, an additional heart rhythm check was conducted by AMR personnel, and Baker remained asystole.

At approximately 2146 hours, AMR personnel administered a second IV dosage of epinephrine and Baker remained pulseless. AMR personnel continued CPR. Around this time, personnel from San Bernardino County Fire Department (SBCFD) Medic Engine 321 arrived in Unit 4, Segment B.

At approximately 2148 hours, a third heart rhythm check was conducted by AMR personnel, and Baker remained asystole with no pulse or respirations. AMR personnel continued CPR and administered one ampule of sodium bicarbonate through Baker's IV. Baker remained unresponsive. At approximately 2150, AMR personnel started an additional IV in Baker's right forearm and administered one ampule of calcium through the new IV.

At approximately 2151 hours, AMR personnel administered a third dosage of epinephrine through Baker's IV. Baker remained unresponsive with no respirations and CPR was continued by AMR personnel. At approximately 2203 hours, AMR personnel contacted an unknown doctor at [REDACTED]. AMR personnel provided the doctor with Baker's medical treatment. At 2203 hours, despite life saving measures, Baker was pronounced deceased by [REDACTED].

Once Baker was pronounced deceased, an unknown deputy advised [REDACTED] to leave all medical equipment inside the unit because homicide investigators were responding to the scene. [REDACTED] exited Unit 4, Segment B, and returned to intake.

[REDACTED] had no additional information, and I concluded my interview with her.

MEDICAL STAFF INTERVIEW: Health Service Assistant [REDACTED]

On Tuesday, November 15, 2022, at approximately 1409 hours, I interviewed Health Service Assistant [REDACTED] at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of [REDACTED] statement.

Before starting the interview, I advised [REDACTED] that I was investigating the in-custody death of Eli Baker. I explained to [REDACTED] that she was not ordered to speak with me and could not be disciplined if she refused to provide me with a statement. [REDACTED] understood and agreed to provide a voluntary statement regarding the incident.

[REDACTED] was a health service assistant for [REDACTED] was employed by San Bernardino County Sheriff's Department (SBCSD), and was assigned to HDDC. [REDACTED] worked the graveyard shift from 1845 to 0645 hours, and her workdays changed weekly.

On Thursday, November 10, 2022, at approximately 1845 hours, [REDACTED] started her shift at HDDC and was assigned to the medical clinic. [REDACTED] primary duty was to assist medical staff when they were in the office and re-stock items in the clinic. At approximately 2120 hours, [REDACTED] was in the medication room in the clinic when an unknown deputy broadcasted "Man down" on the facility radio.

[REDACTED] remained at the clinic as nurses [REDACTED], [REDACTED], and [REDACTED] responded to Unit 4 from the nurse's station with their medical response bags. Approximately five minutes later, an unknown nurse made a request over the radio for [REDACTED] to bring a bag of intravenous (IV) solution to Unit 4. [REDACTED] responded to Unit 4 and arrived approximately one minute later.

A white male adult, later identified as Eli Baker, lay supine on the floor surrounded by medical staff and deputies. Baker wore no shirt, and his skin was blue. [REDACTED] did not observe any traumatic injuries on Baker's body. [REDACTED] observed vomit on the ground inside Baker's cell but did not see any signs of a struggle. Staff provided cardiopulmonary resuscitation (CPR) to Baker. [REDACTED] performed chest compressions, and [REDACTED] provided rescue breaths with a bag-valve mask (BVM). [REDACTED] was told to return to the clinic and retrieve additional Narcan and another BVM for an unknown reason. [REDACTED] went to the clinic, retrieved a new BVM, and returned to Unit 4 approximately three minutes later. Staff continued CPR, and [REDACTED] administered one dose of Narcan intramuscularly into Baker's deltoid with no change in his vitals. American Medical Response (AMR) arrived approximately five minutes later.

MEDICAL STAFF INTERVIEW: Health Service Assistant [REDACTED] (Continued)

The AMR paramedic called an unknown doctor at [REDACTED] and advised them of Baker's status. Approximately one minute later, San Bernardino County Fire Department personnel arrived. An unknown firefighter administered one dose of calcium with no change in Baker's vitals. Approximately 20 minutes later (2203 hours per medical records), the paramedic called ARMC, and the doctor advised them to stop resuscitative efforts and Baker was pronounced deceased. AMR, fire, and jail staff were escorted out of the unit and provided their names to an unknown deputy who started a crime scene log. [REDACTED] returned to the medical clinic to re-stock medical supplies.

[REDACTED] had no further information, and the interview was concluded at approximately 1422 hours.

MEDICAL STAFF INTERVIEW: Licensed Vocational Nurse [REDACTED]

On Wednesday, November 16, 2022, at approximately 0613 hours, I interviewed Licensed Vocational Nurse [REDACTED] at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of [REDACTED] statement.

Before starting the interview, I advised [REDACTED] was conducting an investigation of the in-custody death of Eli Baker. I explained to [REDACTED] she was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. [REDACTED] understood and agreed to provide a voluntary statement regarding the incident.

[REDACTED] was a licensed vocational nurse for [REDACTED] was employed by San Bernardino County Sheriff's Department (SBCSD) for [REDACTED] and was assigned to HDDC. [REDACTED] worked the graveyard shift from 1845 to 0645 hours, and her workdays changed weekly.

On Thursday, November 10, 2022, at approximately 1845 hours, [REDACTED] began her shift at HDDC and was assigned as a "med pass" nurse. [REDACTED] primary duty was to pass out prescribed medications to inmates in Units 1, 4, 6, and 8. At approximately 2120 hours, [REDACTED] was in the medication room in the clinic when an unknown deputy broadcasted "Man down" on the facility radio.

[REDACTED] and nurses [REDACTED] and [REDACTED] responded to Unit 4 from the nurse's station with their medical response bags. [REDACTED] arrived approximately two minutes later and observed Deputy Anelis Villalobos outside Cell 4's closed door. [REDACTED] observed a white male adult, later identified as Eli Baker, inside Cell 4 through the cell door's lower glass window. Baker wore orange inmate issued jail pants and no shirt.

[REDACTED] rolled Baker onto his back and pulled him out of the cell by his arms. When Baker was rolled over, vomit expelled from his mouth. The medical staff rolled Baker onto his right side to clear his airway from the vomit. Baker was returned to the supine position, approximately three feet outside his cell. Baker's skin looked blue, which indicated to her that Baker was not breathing and had no pulse. [REDACTED] did not observe any injuries to Baker's body or signs of a struggle inside his cell. No other inmates were inside Baker's cell.

[REDACTED] checked Baker's carotid pulse and verbally announced he did not have a pulse, at which time they started cardiopulmonary resuscitation.

MEDICAL STAFF INTERVIEW: Licensed Vocational Nurse [REDACTED] (Continued)

[REDACTED] heard a nurse verbally say they gave Baker Narcan. [REDACTED] did not observe who administered the Narcan or how it was given, but there were no obvious changes in Baker's condition once it was administered. [REDACTED] started an intravenous (IV) line in Baker's left arm, which was unsuccessful, at which time a successful IV was placed into his right arm by [REDACTED]

[REDACTED] performed chest compressions on Baker while [REDACTED] attached him to their vitals machine. Rescue breathing was performed using a bag-valve mask with attached supplemental oxygen. [REDACTED] placed automated external defibrillator (AED) pads onto Baker's torso and the AED advised no shock was needed. Additional unknown deputies and Sergeant Roosevelt Dutra arrived approximately five minutes later and took turns doing chest compressions.

Approximately five minutes later, AMR personnel arrived. AMR personnel attached the AED pads to their monitor and confirmed Baker's heart rhythm was asystole, which meant his heart was not beating. The AMR paramedic administered a dose of epinephrine and an unknown medication into Baker's IV with no change in Baker's condition.

Approximately 10 minutes later, an AMR paramedic pronounced Baker deceased, at which time life-saving measures were stopped. Baker never regained a pulse or breathed independently. Medical personnel and HDDC staff were escorted from the unit, and deputies secured it until investigators arrived.

[REDACTED] had contact with Baker the day before the incident as she gave him his medications prescribed by a nurse practitioner. [REDACTED] knew Baker was prescribed psychiatric medications but did not know which medications.

[REDACTED] had no further information, and the interview was concluded at approximately 0625 hours.

MEDICAL STAFF INTERVIEW: Registered Nurse

On Tuesday, November 16, 2022, at approximately 0832 hours, I interviewed Registered Nurse [REDACTED] at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of [REDACTED] statement.

Before starting the interview, I advised [REDACTED] I was investigating the in-custody death of Eli Baker. I explained to [REDACTED] she was not ordered to speak with me and could not be disciplined for refusing to provide me with a statement. [REDACTED] understood and agreed to provide a voluntary statement regarding the incident.

[REDACTED] was a registered nurse for [REDACTED] was employed by San Bernardino County Sheriff's Department (SBCSD) for [REDACTED] and was assigned to HDDC. [REDACTED] worked the day shift from 0730 to 2000 hours, and her workdays changed weekly.

On Thursday, November 10, 2022, at approximately 0730 hours, [REDACTED] started her shift at HDDC. [REDACTED] held over past her normal shift hours and worked overtime as a roving nurse. [REDACTED] primary function was to assist other nurses in the facility with their duties. At approximately 2125 hours, [REDACTED] was in the medication room in the clinic when an unknown deputy broadcasted, "Man down, Unit 4-B" on the facility radio. [REDACTED] asked the deputy on the radio if the patient was responsive or unresponsive due to concerns of an earlier overdose in the same unit. The deputy broadcasted over the radio the patient was moving.

[REDACTED] and two other nurses, [REDACTED] and [REDACTED] responded to Unit 4 from the nurse's station with their medical response bags. Approximately two minutes later, [REDACTED] and the other nurses arrived and observed a female deputy, later identified as Anelis Villalobos, knelt outside Cell 4's closed door. [REDACTED] observed a white male adult, later identified as Eli Baker, through the cell door's lower glass window. Baker wore orange correctional issued pants and no shirt. Baker was positioned on his knees and bent forward at the waist as if he was praying. [REDACTED] asked Villalobos why Baker had not been removed from the cell and was told Villalobos was waiting for a second deputy. [REDACTED] motioned for the unknown person in the control booth to open the cell door. The cell door opened, and [REDACTED] tapped Baker on the shoulder, which caused his body to slump to the side. [REDACTED] observed vomit beneath Baker's face, but the rest of the cell appeared well-kept, and no other inmates were inside the cell.

[REDACTED] observed no rise or fall of Baker's chest, his face was purple, and he had no pulse at his jugular vein, which indicated to her Baker was not breathing and had no heartbeat.

MEDICAL STAFF INTERVIEW: Registered Nurse [REDACTED] (Continued)

[REDACTED] grabbed Baker's left hand, and a second staff member grabbed his right. Together, they pulled Baker out of the cell and placed him supine on the ground outside of the cell. Within one minute of removing Baker from the cell, [REDACTED] administered one dose of Narcan intramuscularly into his deltoid with no change in his vitals. [REDACTED] told deputies and medical staff they needed to start cardiopulmonary resuscitation (CPR).

[REDACTED] started chest compressions, and Nurse [REDACTED] performed rescue breaths with a bag-valve-mask attached to supplemental oxygen. [REDACTED] placed automated external defibrillator (AED) pads on Baker's right chest and left flank. The AED audibly said no shock was advised. Approximately two minutes later, an unknown deputy or nurse took over chest compressions, at which time [REDACTED] inserted a nasopharyngeal airway into one of Baker's nostrils and checked his pupils. Baker's pupils were fixed and non-reactive to light, indicating to her Baker had no brain activity.

Approximately two minutes later, [REDACTED] administered a second dose of Narcan intramuscularly into Baker's deltoid with no change in his vitals. Six minutes into resuscitative efforts, the AED advised to shock the patient. One shock was delivered to Baker, but there was no change in Baker's vitals, and they continued CPR. A third dose of Narcan was administered intramuscularly into one of Baker's thighs with no change in his vitals. During resuscitative efforts, multiple deputies and medical staff took turns doing chest compressions to ensure they were being done properly and to reduce staff fatigue.

An unknown licensed vocational nurse started an unsuccessful intravenous (IV) line in Baker's left arm, so [REDACTED] placed a successful one in his right forearm. [REDACTED] administered an additional dose of Narcan intranasally, with no change in Baker's vitals.

At approximately 2145, American Medical Response (AMR) arrived. The paramedic connected Baker to their monitor and IV line and administered one dose of epinephrine to Baker with no change in his vitals. Baker's heart rate remained asystole. Approximately two to four minutes later, the paramedic administered a second and third dose of epinephrine with no change in Baker's vitals. CPR continued while the paramedic called a doctor on her cellular telephone to advise of the patient's vitals. The doctor ordered the paramedic to give one dose of sodium bicarbonate, calcium, Narcan, and epinephrine. The medications had no obvious effect, and the doctor told medical personnel to stop resuscitative efforts at 2203 hours.

MEDICAL INTERVIEW: Paramedic

On Sunday, November 13, 2022, at approximately 1523 hours, I interviewed [REDACTED] by telephone. I digitally recorded the interview, and a copy of the recording was later placed into evidence. The following is a summary of my interview with [REDACTED]

Since [REDACTED] was a licensed paramedic, and since [REDACTED] was employed by American Medical Response (AMR), in Victorville. On Thursday, November 10, 2022, to Friday, November 11, 2022, [REDACTED] was assigned to work AMR Ambulance VC197 from 1800 hours to 0600 hours. [REDACTED] was partnered with Emergency Medical Technician (EMT) [REDACTED]

On Thursday, November 10, 2022, at approximately 2130 hours, [REDACTED] and [REDACTED] were at AMR Station #22 in Adelanto and received a call by telephone from their dispatch regarding a cardiac arrest at High Desert Detention Center (HDDC). [REDACTED] drove the ambulance, with the unit's emergency lights and sirens activated, and arrived at HDDC at approximately 2135 hours.

Upon [REDACTED] and [REDACTED] arrival, an unknown San Bernardino County Sheriff's Department (SBCSD) deputy sheriff stood in the intake yard. The unknown deputy escorted [REDACTED] and [REDACTED] to Unit 4, Segment B.

On Thursday, November 10, 2022, at approximately 2140 hours, [REDACTED] and [REDACTED] arrived in Unit 4, Segment B. [REDACTED] observed an inmate, later identified as Eli Baker, lay supine on the floor outside of Cell 4. [REDACTED] observed numerous HDDC medical staff and deputies performed cardiopulmonary resuscitation (CPR) on Baker. An unknown nurse, later identified as [REDACTED] provided [REDACTED] with Baker's prognosis. According to [REDACTED] HDDC staff performed CPR on Baker and administered 10 mg of Narcan through Baker's right deltoid. [REDACTED] informed [REDACTED] Baker possibly suffered from an overdose of fentanyl. [REDACTED] suspected an overdose because an unknown inmate, later identified as [REDACTED] previously overdosed approximately one hour before Baker.

[REDACTED] and [REDACTED] removed HDDC's automated external defibrillator (AED) pads from Baker's torso and placed their AMR AED pads on Baker. The monitor conducted a rhythm check of Baker and showed Baker had no heart rhythm or pulse and was in an asystole state. [REDACTED] and [REDACTED] administered 1 mg of epinephrine and 0.5 mg of Narcan through an intravenous (IV) needle that was previously established by HDDC medical staff on Baker's right arm.

MEDICAL INTERVIEW: Paramedic [REDACTED] (Continued)

Baker remained unresponsive and CPR was continued. At approximately 2149 hours, personnel from San Bernardino County Fire Department (SBCFD) Medic Engine 321 arrived in Unit 4, Segment B. SBCFD medical personnel established an additional IV in Baker's left arm and administered unknown doses of epinephrine, Narcan, calcium chloride, and sodium bicarbonate through the newly established IV.

After approximately 20 minutes of advanced lifesaving (ALS) measures by HDDC medical staff, SBCSD deputies, AMR personnel, and SBCFD personnel, [REDACTED] contacted an unknown physician at [REDACTED]. According to [REDACTED] after 20 minutes of ALS, AMR's policy was to contact a physician at [REDACTED] and brief them of the circumstances of the patient for further instruction. The unknown physician advised [REDACTED] to continue CPR and administer additional epinephrine and Narcan to Baker. Once the medication was given to Baker, he remained in an asystole state with no pulse and CPR continued. [REDACTED] provided a prognosis to the [REDACTED] physician and the [REDACTED] physician advised [REDACTED] to cease ALS. At 2203 hours, the [REDACTED] physician advised [REDACTED] that Baker was deceased.

[REDACTED] observed no injuries on Baker and observed a small amount of blood near Baker's upper body. [REDACTED] advised the blood was possibly from HDDC medical staff administering numerous rounds of Narcan to his right deltoid. According to [REDACTED] the Narcan injections in the deltoids could create a small amount of blood. [REDACTED] also observed vomit around the head of Baker. Based on [REDACTED] training and experience, patients who overdose on narcotics often vomit during ALS or prior to becoming symptomatic. Throughout the entirety of ALS and CPR, Baker remained unresponsive and asystole.

[REDACTED] had no additional information, and I concluded my interview with her.

MEDICAL INTERVIEW: Emergency Medical Technician

On Sunday, November 13, 2022, at approximately 1850 hours, I interviewed American Medical Response (AMR) Emergency Medical Technician (EMT) [REDACTED] by telephone. I digitally recorded the interview, and I later placed a copy into evidence. The following is a summary of my interview with [REDACTED]

Since [REDACTED] was employed by American Medical Response as an emergency medical technician (EMT), [REDACTED] was an EMT for approximately [REDACTED]. On Thursday, November 10, 2022, [REDACTED] was assigned to AMR Ambulance VC197 from 1800 hours to 0600 hours. [REDACTED] partner was paramedic [REDACTED]

On Thursday, November 10, 2022, at approximately 2130 hours, [REDACTED] and [REDACTED] were dispatched by telephone to an unresponsive patient with cardiopulmonary resuscitation (CPR) in progress at High Desert Detention Center (HDDC) in Adelanto. [REDACTED] and [REDACTED] responded from AMR Adelanto Station #22 with their emergency lights and sirens activated (Code 3).

At approximately 2135 hours, [REDACTED] and [REDACTED] arrived in the intake yard of HDDC and were greeted by an unknown San Bernardino County Sheriff's Department (SBCSD) deputy sheriff. [REDACTED] and [REDACTED] were escorted from the intake yard to Unit 4, Segment B. Upon entering Unit 4, Segment B, [REDACTED] observed two deputy sheriffs, and four to five nurses perform CPR on an inmate, later identified as Eli Baker. Baker lay supine on the floor outside of Cell 4. Baker wore no shirt and his SBCSD inmate-issued boxers. [REDACTED] observed a small amount of blood by Baker's right shoulder which was later determined to be from Narcan that was administered by HDDC medical staff.

[REDACTED] spoke to an unknown nurse, who advised her HDDC medical staff performed CPR for approximately 15 minutes prior to [REDACTED] and [REDACTED] arrival. [REDACTED] removed the automated external defibrillator (AED) pads from Baker's torso and connected their AED pads to Baker. The AED conducted a rhythm check of Baker's heart rhythm and detected there was no heart rhythm or pulse. Based on the rhythm check, [REDACTED] determined Baker was in an asystole state. [REDACTED] prepared medications to be administered to Baker by [REDACTED]

After an unknown amount of time, personnel from San Bernardino County Fire Department (SBCFD) arrived in Unit 4, Segment B. As fire personnel arrived, an unknown firefighter paramedic initiated a second intravenous (IV) in Baker's left arm. Baker continued to obtain inmate information from the HDDC medical staff while [REDACTED] SBCFD, HDDC medical staff, and deputies performed advanced lifesaving (ALS) measures on Baker.

MEDICAL INTERVIEW: Emergency Medical Technician [REDACTED] (Continued)

After approximately 20 minutes of ALS and several rhythm checks that showed Baker remained asystole, [REDACTED] contacted an unknown physician from [REDACTED] by cellular telephone. [REDACTED] spoke to the unknown physician, who advised them to continue CPR and administer additional medications. According to [REDACTED] [REDACTED] administered additional unknown dosages of epinephrine, Narcan, sodium bicarbonate, and calcium chloride through the IV on Baker's left arm. After [REDACTED] administered the medication, Baker remained asystole. [REDACTED] contacted the [REDACTED] physician, who advised [REDACTED] to cease ALS measures. At 2203 hours, Baker was pronounced deceased.

According to [REDACTED] she estimated she and [REDACTED] were on scene for approximately 45 minutes. During that time, continuous medical aid was provided to Baker. Once Baker was pronounced deceased, medical aid stopped. [REDACTED] and [REDACTED] collected their belongings and were escorted out of Unit 4, Segment B, and back to the intake yard.

[REDACTED] had no additional information, and I concluded my interview with her.

MEDICAL INTERVIEW: Engineer [REDACTED]

On Friday, November 11, 2022, at approximately 0027 hours, I interviewed San Bernardino County Fire Department Fire (SBCFD) Engineer [REDACTED] at the SBCFD Station #322, located at 10370 Rancho Road, Adelanto. I recorded the interview with my department issued digital recorder. I later placed a copy of the interview into evidence. The following is a summary of my interview.

[REDACTED] was employed with SBCFD as a Firefighter Engineer. On Thursday, November 10, 2022, [REDACTED] worked a 24-hour shift, and was assigned as an Engineer for Medic Engine (ME) #321. During his shift, [REDACTED] was partnered with SBCFD Paramedic [REDACTED] and [REDACTED]

On Thursday, November 10, 2022, at approximately 2130 hours, [REDACTED] was notified via his handheld mobile device of an overdose at High Desert Detention Center (HDDC), located at 9438 Commerce Way. At approximately 2132 hours, [REDACTED] drove ME#321 to HDDC and utilized the overhead emergency lights and sirens.

At approximately 2137 hours, [REDACTED] arrived in the sally port of HDDC and dismounted ME#321. [REDACTED] observed American Medical Response (AMR) was already on scene. [REDACTED] and [REDACTED] proceeded into HDDC, and entered Unit 4, Segment B. Once inside Segment B, [REDACTED] observed Inmate Eli Baker lay supine with his feet inside Cell 4 and his head outside of the cell, pointed toward the metal tables. An unknown nurse was administering cardiopulmonary resuscitation (CPR) to Baker with the assistance of three unknown deputies. [REDACTED] observed AMR's electrocardiogram machine (EKG), and an automatic electronic defibrillator (AED) attached to Baker.

[REDACTED] overheard an unknown jail nurse brief AMR Paramedic [REDACTED]. According to the nurse, medical staff suspected Baker experienced a narcotic OD, because another inmate overdosed earlier in Unit 4. The nurse told [REDACTED] they administered a total of 12 milligrams(mg) of Narcan to Baker; however, Baker did not respond to the Narcan. In addition to the Narcan, jail medical staff administered cardiopulmonary resuscitation (CPR) for approximately 20 minutes, but Baker's condition did not improve, and he remained in an asystole state.

INVOLVED PARTY INTERVIEW: SBCFD Engineer [REDACTED] (Continued)

Due to the medical information [REDACTED] received and Baker's current state, [REDACTED] contacted [REDACTED] to report Baker's condition. The doctor advised AMR and SBCFD to continue medical treatment for another additional 20 minutes. Paramedics administered medication such as epinephrine, calcium chloride, sodium bicarbonate, and Narcan at various dosages to Baker in an attempt to render aid. [REDACTED] prepared and administered an intravenous (IV) into the left inner elbow of Baker to administer the medications. AMR, SBCFD, jail medical staff, and unknown deputies on scene rotated taking turns administering rescue breaths through a bag-valve-mask (BVM) and chest compressions.

[REDACTED] contacted [REDACTED] and advised the doctor of Baker's status, specifically, reporting there was no change in Baker's condition in twenty minutes.

Throughout the entirety of the medical treatment, Baker remained in an asystole state and did not respond to medical treatment or medication. Baker's pupils remained fixed and midpoint, which indicated to [REDACTED] Baker was deceased. [REDACTED] observed early signs of lividity on Baker's lower back when medical treatment was administered. At approximately 2210 hours, the [REDACTED] doctor advised medical aid to cease and Baker was declared deceased. All medical treatment ceased, and the medical equipment was left in place. At approximately 2213 hours, [REDACTED], [REDACTED], and [REDACTED] cleared HDDC.

[REDACTED] had no further information, and I concluded our interview.

MEDICAL INTERVIEW: Paramedic

On Friday, November 11, 2022, at approximately 0800 hours, I interviewed [REDACTED] at San Bernardino County Fire Department Station #321, located at 10370 Rancho Road, Adelanto. I recorded the interview with my department-issued digital recorder. I later placed a copy of the interview into evidence. The following is a summary of my interview:

Prior to the interview, I advised [REDACTED] I was conducting an investigation pertaining to the in-custody death of Inmate Eli Baker. I explained to [REDACTED] the statement was voluntary and no discipline could come to him if he refused to give a voluntary statement. [REDACTED] understood and agreed to give a voluntary statement.

[REDACTED] was employed by San Bernardino County Fire Department (SBCFD) for approximately [REDACTED] as a paramedic assigned to Fire Station #321. On Thursday, November 10, 2022, [REDACTED] worked a 24-hour shift and was assigned to Medic Engine (ME) #321. [REDACTED] partnered with Fire Engineer [REDACTED] and [REDACTED] during his shift.

On November 10, 2022, at approximately 2130 hours, ME#321 was dispatched via a hand-held device to High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto, in reference to an overdose in Unit 4. ME#321 responded with emergency overhead lights and sirens. At approximately 2137 hours, ME#321 arrived at HDDC. [REDACTED] dismounted the medical engine and did not take any medical equipment with him due to American Medical Response (AMR) already being on scene. At approximately 2147 hours, [REDACTED] contacted Baker. Baker lay supine on the floor near the tables within Unit 4. [REDACTED] did not observe any injuries to Baker; however, he observed a large amount of vomit around Baker's head.

While on scene, [REDACTED] observed jail medical staff and AMR administering cardiopulmonary resuscitation (CPR) to Baker. During the CPR, [REDACTED] observed AMR employee [REDACTED] establish an intravenous (IV) line into an unknown arm of Baker. While near Baker, [REDACTED] overheard from an unknown nurse that AMR and the jail medical staff performed CPR for approximately 20 minutes on Baker and administered Narcan to Baker intramuscularly. Although medication and CPR were administered, Baker remained in an asystole state.

According to [REDACTED] if a patient remained in an asystole state after approximately 20 minutes of CPR and Advanced Lifesaving (ALS) treatment with no change, the protocol directed SBCFD to contact a doctor to cease medical care. At an unknown time, [REDACTED] contacted [REDACTED] and explained the medical treatment given to Baker.

MEDICAL INTERVIEW: Paramedic [REDACTED] (Continued)

An unknown doctor assigned to [REDACTED] told [REDACTED] to continue ALS treatment for an additional 20 minutes. Due to the doctor advising AMR to continue ALS treatment, Baker was administered additional medication through an IV line into his right arm. During the ALS treatment, Baker was administered epinephrine every five minutes for a total of 20 minutes. Baker remained in an asystole state throughout the treatment. At an unknown time, [REDACTED] contacted the [REDACTED] doctor. The doctor advised [REDACTED] to cease medical treatment. At approximately 2203 hours, [REDACTED] declared Baker deceased. After Baker was declared deceased, [REDACTED] helped gather some of the medication wrappers on the floor and cleared the scene at approximately 2213 hours.

[REDACTED] had no further information, and I concluded my interview with him.

MEDICAL INTERVIEW: Captain [REDACTED]

On Friday, November 11, 2022, at approximately 0822 hours, I interviewed Captain [REDACTED] at the San Bernardino County Fire Department, Station #332, located at 10370 Rancho Road in Adelanto. I recorded my interview with my department-issued digital recorder. I later placed a copy of the interview into evidence. The following is a summary of the interview.

Prior to the interview, I advised [REDACTED] I was conducting an investigation pertaining to the in-custody death of inmate Eli Baker. I explained to [REDACTED] the statement was voluntary and no discipline would come to him if he refused to provide a voluntary statement. [REDACTED] understood and agreed to give a voluntary statement.

[REDACTED] was employed by San Bernardino County Fire Department for approximately [REDACTED] [REDACTED] was the supervisor of Medic Engine (ME) #321. [REDACTED] primary duty was supervising Firefighter Engineer [REDACTED] and Firefighter Paramedic [REDACTED].

On Thursday, November 10, 2022, [REDACTED] worked a 24-hour shift and was assigned to Medic Engine #321. [REDACTED] was partnered with Fire Engineer [REDACTED] and Fire Paramedic [REDACTED].

On November 10, 2022, at approximately 2130 hours, Medic Engine #321 was dispatched via a hand-held device to High Desert Detention Center, located at 9438 Commerce Way in Adelanto, in reference to an overdose in Unit 4. [REDACTED] explained that this was the second call for service that day at High Desert Detention Center. The first call for service was approximately 20 minutes before the second call.

At approximately 2137 hours, ME#321 arrived at HDDC. [REDACTED], [REDACTED], and [REDACTED] dismounted the engine with no medical equipment. According to [REDACTED], American Medical Response (AMR) arrived on scene prior to ME#321, and was considered primary on the call for service. An unknown deputy escorted [REDACTED], [REDACTED], and [REDACTED] into Unit 4, Segment B.

MEDICAL INTERVIEW: Captain [REDACTED] (Continued)

At an unknown time, [REDACTED], [REDACTED], and [REDACTED] entered Unit 4, and observed cardiopulmonary resuscitation (CPR) administered to Baker by medical staff. According to [REDACTED] he stood approximately 15 feet away from Baker and was not actively involved in administering medical treatment to Baker. From where [REDACTED] stood, he did not see any injuries to Baker's body but noticed blood on Baker's right inner arm that [REDACTED] suspected was from the intravenous (IV) line inserted into Baker's inner right arm near his elbow. As medical treatment was administered from an unknown employee from AMR to Baker, [REDACTED] overheard from an unknown medical jail staff member Baker was administered approximately 10 milligrams (mg) of Narcan. Shortly after hearing the statement from the jail staff member, an unknown AMR employee administered 4mg of Narcan, while CPR was still being administered. After approximately 20 minutes, and per SBCFD protocol, AMR employee [REDACTED] contacted an [REDACTED] physician for further assistance.

The physician ordered an unknown amount of epinephrine, calcium chloride, sodium bicarbonate, and Narcan in conjunction with CPR for another 20 minutes. After administering the medication and the continued CPR, [REDACTED] contacted the physician to advise Baker's status. At approximately 2205 hours, the physician advised [REDACTED] to cease medical treatment and declare Baker deceased.

[REDACTED] had no further information, and I concluded my interview with him.

INMATE INTERVIEW: [REDACTED]

On Friday November 11, 2022, at approximately 0239 hours, I interviewed [REDACTED] in the video court room at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I digitally recorded the interview and later placed a copy into evidence. The following is a summary of my interview with [REDACTED]

Around [REDACTED] [REDACTED] was booked into the West Valley Detention Center (WVDC) in Rancho Cucamonga, for [REDACTED] Around June 2022, [REDACTED] was rehoused from WVDC to HDDC. Once [REDACTED] arrived at HDDC, he was housed in Unit 4, Segment B, Cell 12. Throughout [REDACTED] stay at HDDC, he had numerous cellmates and refused to provide me with their names.

On Thursday November 10, 2022, at approximately 0430 hours, [REDACTED] woke and ate breakfast. From approximately 0600 to 0800 hours, [REDACTED] was in the recreation yard of Unit 4. After his recreation time, [REDACTED] returned to Segment B. At approximately 0905 hours, [REDACTED] exited his cell for his scheduled tier time. [REDACTED] estimated his tier time was approximately 3 hours. At approximately 1205 hours, [REDACTED] went back into his cell and was served lunch. After lunch, [REDACTED] remained inside his cell with his cellmate, later identified as [REDACTED] [REDACTED] did not want to provide any additional details as to what he did inside his cell between lunch and dinner.

At approximately 1520 hours, dinner arrived in Unit 4, Segment B. [REDACTED] ate dinner and felt fine. A few hours after dinner was served, [REDACTED] snorted an unknown narcotic. After approximately five minutes, [REDACTED] passed out. According to [REDACTED] the next thing he remembered was lying supine on the floor and numerous medical staff and deputies around him. [REDACTED] was told by unknown deputies and nurses he overdosed and was provided with Narcan. Once [REDACTED] was administered Narcan, he was placed on a gurney and transported to [REDACTED]

While at [REDACTED] he received unknown medical treatment, and was told by doctors he overdosed. After [REDACTED] was seen at the hospital, he was transported back to HDDC.

[REDACTED] claimed he did not know the name of the narcotic he took, and refused to describe the narcotic to me. During the interview, [REDACTED] was evasive and refused to provide a detailed account of what occurred. According to [REDACTED] he claimed whatever narcotic he took was no longer inside the segment.

[REDACTED] refused to provide any additional information, and I concluded my interview with him.

INMATE INTERVIEWS:

On Friday, November 11, 2022, at approximately 0512 hours, I interviewed the inmates housed at High Desert Detention Center (HDDC) in Unit 4, Segment B. I digitally recorded the interviews and later placed copies of the recordings into evidence. The following is a summary of my interviews with the inmates housed in Unit 4, Segment B.

Unit 4, Segment B, Cell 1

██████████ BK# ██████████
██████████ refused to provide a statement.
██████████ BK# ██████████
██████████ refused to provide a statement.

Unit 4, Segment B, Cell 2

██████████ BK# ██████████
On Thursday, November 10, 2022, at an unknown time during the day, ██████████ was transported from West Valley Detention Center (WVDC) to HDDC. Upon his arrival, ██████████ was housed in Unit 4, Segment B, Cell 2. ██████████ estimated he arrived in Unit 4 between 1500 and 1600 hours. On Thursday, November 10, 2022, at an unknown time, ██████████ observed HDDC medical staff transport an inmate, later identified as ██████████ from the top tier out of Segment B. Due to ██████████ vantage point, he was unable to see what medical staff did while they were on the second tier tending to ██████████

Approximately one hour after ██████████ was transported out of the segment, ██████████ observed a San Bernardino County Sheriff's Department (SBCSD) deputy, later identified as Deputy Anelis Villalobos, yelling for an inmate, later identified as Eli Baker, inside Cell 4. ██████████ estimated Villalobos stood at Cell 4 and yelled Baker's name for several minutes. Based on the amount of time Villalobos stood at the door, he believed Baker was unresponsive.

██████████ remained seated inside his cell, and after an unknown amount of time observed multiple HDDC medical staff and deputies arrive in Segment B. ██████████ remained seated inside his cell and was unable to see what medical aid was provided to Baker. After an unknown amount of time, medical personnel from American Medical Response (AMR) and San Bernardino County Fire Department (SBCFD) arrived in Segment B. ██████████ did not know how long medical aid was rendered to Baker, but stated it was a "long time." ██████████ did not know what happened to Baker and did not know if he consumed any illegal narcotics. ██████████ had no additional information.

INMATE INTERVIEWS: (Continued)

██████████ BK# ██████████

██████████ refused to provide a statement.

Unit 4, Segment B, Cell 3

██████████ BK# ██████████

Since October 2022, ██████████ was housed in Unit 4, Segment B, Cell 3 with Inmate ██████████ (BK# ██████████). On Thursday, November 10, 2022, at an unknown time, ██████████ and Baker were outside of their cells for their scheduled tier time. During tier time, ██████████ spoke with Baker. According to ██████████ Baker did not have any complaints of pain and appeared normal. At the conclusion of their tier time, ██████████ and ██████████ returned to Cell 3, and Baker returned to Cell 4. During tier time, no assaults or injuries to Baker occurred.

On Thursday, November 10, 2022, at an unknown time, ██████████ observed HDDC medical staff run to the second tier of Unit 4, Segment B, and tend to an unknown inmate, later identified as ██████████. Based on ██████████ vantage point, he was unable to see what medical aid was rendered to ██████████. After approximately 20 minutes, ██████████ was taken out of the unit by medical personnel. Approximately one hour after ██████████ left the unit, ██████████ heard Baker singing an unknown song inside of his cell. ██████████ knew it was Baker singing because Baker did not have a cellmate and was inside of the cell by himself. Baker stopped singing and within a few minutes a female HDDC deputy, later identified as Villalobos, approached Baker's cell. Villalobos stood at Baker's cell door for a "couple minutes" and asked Baker if he was "okay." During this time, ██████████ did not hear Baker respond to Villalobos.

After a few minutes, numerous HDDC medical staff and deputies entered Segment B and approached Baker's cell. The medical staff and deputies removed Baker from his cell. ██████████ observed Baker lay on his back, motionless. HDDC medical staff and deputies performed cardiopulmonary resuscitation (CPR) on Baker.

During the medical aid, ██████████ observed unknown nurses place automated external defibrillator (AED) pads on Baker's torso and a bag valve mask (BVM) on Baker's mouth. During CPR, Baker did not regain consciousness.

After an unknown amount of time, ██████████ observed medical personnel from SBCFD and AMR arrive in Unit 4, Segment B. AMR and SBCFD personnel continued to administer CPR and medical aid to Baker, but he did not regain consciousness.

INMATE INTERVIEW: [REDACTED]

On Friday November 11, 2022, at approximately 0320 hours, I interviewed [REDACTED] in the inmate interview room in Unit 4, at High Desert Detention Center (HDDC), located at 9438 Commerce Way, Adelanto. I digitally recorded the interview and later placed a copy of the recording into evidence. The following is a summary of my interview with [REDACTED].

Around [REDACTED] [REDACTED] was booked into HDDC for [REDACTED]. [REDACTED] was housed in an unknown unit at HDDC during his quarantine to make sure he did not have COVID 19. Once [REDACTED] cleared quarantine, he was moved to Unit 4, Segment B, Cell 8. [REDACTED] did not recall the date he was moved to Unit 4 but believed it was approximately two or three days after he arrived at HDDC. When [REDACTED] arrived in Unit 4, Segment B, Cell 8, he had a cellmate with the last name [REDACTED]. According to [REDACTED] [REDACTED] had the nickname [REDACTED].

On Thursday November 10, 2022, at approximately 0630 hours, [REDACTED] left HDDC for his schedule court appearance at Victorville Superior Court (VVSUP). At approximately 1700 hours, [REDACTED] arrived back at HDDC from court. When [REDACTED] arrived in Unit 4, Segment B, the inmates housed in Cell 3, later identified as [REDACTED] and [REDACTED] were out of their cells on their scheduled tier time.

[REDACTED] was inside the shower and approached [REDACTED]. [REDACTED] told [REDACTED] he had fentanyl and Suboxone strips for sale and asked if [REDACTED] wanted to purchase any. [REDACTED] said he did not want to purchase any narcotics because the only narcotic he typically used was methamphetamine. After a short conversation, [REDACTED] made [REDACTED] a burrito and [REDACTED] went to his cell.

After an unknown amount of time, clothing exchange arrived in Unit 4. Approximately five minutes after clothing exchange concluded in Unit 4, [REDACTED] was seated inside his cell and observed nurses from HDDC run upstairs to the second tier. Due to [REDACTED] vantage point, he was unable to see where the nurses ran. After several minutes, [REDACTED] observed medical staff escort an unknown Hispanic male inmate, later identified as [REDACTED] from the second tier to the hospital.

Once [REDACTED] was transported out of the unit, [REDACTED] fell asleep for approximately one hour. [REDACTED] woke to the sound of a deputy sheriff, later identified as Deputy Anelis Villalobos speaking into Cell 4. According to [REDACTED] the only inmate housed in Cell 4 was Eli Baker. After a few minutes of yelling for Baker, [REDACTED] observed Villalobos enter Cell 4. Villalobos used her handheld police radio and radioed for assistance. After a few seconds, nurses from HDDC arrived in Unit 4, Segment B.

INMATE INTERVIEW: [REDACTED] (Continued)

The nurses and responding deputies pulled Baker from Cell 4 and laid him supine on the floor. [REDACTED] observed Baker vomit while deputies and nurses performed cardiopulmonary resuscitation (CPR).

After approximately five to ten minutes of performing CPR and other life-saving measures, [REDACTED] observed personnel from American Medical Response (AMR) and San Bernardino County Fire Department (SBCFD) arrive in the unit. [REDACTED] estimated that AMR, SBCFD, deputies and nursing staff performed CPR and life-saving measures on Baker for approximately 20 to 30 minutes. After those 20 to 30 minutes, Baker was pronounced deceased. Once Baker was pronounced deceased, all medical personnel left the unit.

I provided [REDACTED] with a booking photograph of [REDACTED] and he positively identified [REDACTED] as the person who offered to sell him fentanyl. According to [REDACTED] [REDACTED] went by the nickname [REDACTED]. According to [REDACTED] [REDACTED] was the white "rep" of Unit 4. [REDACTED] was unsure of the exact time the narcotics arrived in Unit 4; however, he believed the narcotics were transported a day or two prior to Baker's death by an inmate from Cell 2. [REDACTED] did not know the name of the inmate but knew he had just arrived and was transported from the West Valley Detention Center. During the investigation, the inmate was later identified as [REDACTED]

[REDACTED] had no additional information and I concluded my interview with him.

NEXT OF KIN INTERVIEW: [REDACTED]

On Friday, November 11, 2022, at approximately 0801 hours, I interviewed [REDACTED] at his residence in [REDACTED]. I recorded the interview with my department-issued belt recorder and put a copy of the recording into evidence. The following is a summary of [REDACTED] statement.

[REDACTED] son, Eli Baker, moved out of his residence two weeks before the Super Bowl, which occurred on February 13, 2022. [REDACTED] kicked Eli out because he did not allow illegal drug use in his home. Eli was not married and had no children. [REDACTED] last saw Eli on Wednesday, November 9, 2022, during a visit to High Desert Detention Center (HDDC) in Adelanto. Eli did not appear to be under the influence during the visit, but the visit was conducted through a closed-circuit monitor, so [REDACTED] could not be sure.

Eli told [REDACTED] that, while in custody at HDDC, someone planted a handcuff key in his cell, and deputies located it. Eli had an additional 120 days added to his sentence and was placed on segregation for 20 days for the handcuff key. After getting out of segregation, Eli was involved in a fight with two unknown males and was placed back in segregation for 30 days. According to [REDACTED] the two males owed Eli an undisclosed amount of money for drugs. Despite that, [REDACTED] did not believe Eli was using narcotics while in custody. Eli did not mention any further altercations with the males.

When Eli used drugs before he was arrested, his drugs of choice were methamphetamine, marijuana, and alcohol. [REDACTED] did not know if Eli had any enemies inside or outside the jail or if anyone would purposely give him tainted drugs to hurt him.

[REDACTED] had no additional information, and the interview was concluded at 0828 hours.

JAIL INTELLIGENCE TEAM INVESTIGATION:

On Tuesday, May 7, 2024, I contacted Detective Zachery Rugge from the San Bernardino County Sheriff's Department (SBCSD) Internal Affairs Division.

Rugge told me on Monday, November 10, 2022, he was assigned to the SBCSD Jail Intelligence Team, alongside Sergeant Alex Collins and Detective Jose Ortiz. On Monday, November 10, 2022, Collins, Rugge, and Ortiz were called out to assist with the in-custody death investigation of Inmate Eli Baker.

Rugge informed me JIT completed an investigation into the incident but were unable to positively identify the source of the fentanyl which caused Baker's overdose. This investigation included review of video surveillance, jail logs, and conducting interviews with inmates. The investigation became cold, as no further investigative leads were available.

The investigation was documented under JIT report number [REDACTED] however, on April 6, 2023, SBCSD experienced a network disruption which prevented access to reports taken between April 23, 2019, and April 6, 2023. Due to the disruption, copies of report number [REDACTED] were inaccessible.

EXTERNAL EXAMINATION:

A yellow vinyl body bag was located on a gurney in the San Bernardino County Coroner's Morgue. The exterior of the body bag had "Baker, Eli" and "702208652" written on it in black marker. The bag was zipped closed and locked with body bag lock #4712325. At 0908 hours, Crime Scene Specialist [REDACTED] broke the body bag lock and opened the body bag.

The decedent, Eli Baker, lay supine inside the body bag. Baker was a white male adult with a shaved head, goatee, and mustache. Two semi-transparent orange sandals and white socks lay between Baker's legs. [REDACTED] photographed and removed Baker's clothing. Dried blood covered Baker's left shoulder. Dried vomit and food particles were present around Baker's mouth and nose. Toe tag #02899 was attached to Baker's right big toe. No narcotics were observed in Baker's nostrils.

MEDICAL APPARATUSES:

I observed the following medical apparatuses attached to Baker's body:

- One nasopharyngeal airway inserted in Baker's left nostril.
- One intravenous line inserted in Baker's left forearm.
- One intravenous line inserted in Baker's right elbow.
- One electrocardiogram (EKG) patch on Baker's left upper chest.
- One EKG patch on Baker's right upper chest.
- One EKG patch on Baker's left flank, near his waist.
- One EKG patch on Baker's right flank, near his waist.
- One cardiac defibrillator pad on Baker's upper right chest.
- One cardiac defibrillator pad on Baker's upper left flank.

TATTOOS:

I observed the following tattoos on Baker's body:

INVESTIGATIVE SUMMARY

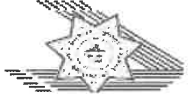

ADDITIONAL NARRATIVE ATTACHED ☒ YES ☐ NO

On, Thursday, November 10, 2022, Eli Baker, age [REDACTED], was found deceased in his cell in the city of Adelanto. Baker was an inmate at High Desert Detention Center since August 2022. At 2115 hours, Deputy Villalobos conducted a safety check and found Baker unresponsive on the floor of his cell. Custody medical emergency personnel responded and began cardiac life support. San Bernardino Fire Department (SBCFD) arrived on scene at 2135 hours and continued advanced cardiac life support. Baker remained unresponsive; Paramedic [REDACTED] pronounced the death at 2203 hours.

Baker was the sole occupant of a two-man cell. Fentanyl overdose was suspected. An hour prior, another inmate overdosed on fentanyl in the same segment as Baker.

DECEDENT **Eli Baker**

Coroner Investigation

11/14/2022

ASSIGNMENT:

On Friday, November 11, 2022, at 0143 hours, I was assigned incident #CO223140109. The call was initially reported on Thursday, November 10, 2022, at 2219 hours, by High Desert Detention Center (HDDC), Deputy Sheriff K. Lewis, who called to report the death of Eli Baker, age [REDACTED], at HDDC.

RESPONSE TO SCENE:

At 0320 hours, I responded from the Central Coroner Office to High Desert Detention Center and arrived at 0406 hours.

STATEMENT- HOMICIDE DETECTIVE S. THURMAN SAN BERNARDINO COUNTY SHERIFF'S DEPARTMENT (SBCSD):

At 0430 hours, I spoke with Homicide Detective S. Thurman on scene. The following is a summary of his statement:

Baker was an inmate at High Desert Detention Center since August 2022. He was the sole occupant of cell 4B4. On Thursday, November 10, 2022, at 2115 hours, Deputy Villalobos conducted a safety check and found Baker unresponsive, on the floor of his cell. Deputy Villalobos requested medical personnel at 2128 hours and began CPR. American Medical Response (AMR) personnel responded to the scene at 2135 and continued advanced cardiac life support (ACLS). Despite life saving measures, Baker remained unresponsive. Paramedic [REDACTED] pronounced death at 2203 hours.

Baker was suspected of having overdosed after; another inmate, on the second floor above him, was found to have overdosed approximately one hour before.

PARAMEDIC RUNSHEET:

I obtained the paramedic report from the Inland Counties Emergency Medical Agency website. The following is a summary of that report:

AMR received the call at 2128 hours. Medic Engine VC197 was dispatched at 2128 hours and arrived on scene at 2135 hours. When paramedic personnel arrived on scene, Baker was supine on the floor, near the entrance of a cell, unresponsive and pulseless. Detention center staff, including nurses and law enforcement, performed CPR.

Advanced cardiac life support (ACLS) was initiated at 2126 hours. Baker remained unresponsive and pulseless, and Paramedic [REDACTED] pronounced death at 2203 hours.

SCENE DESCRIPTION:

The scene was at High Desert Detention Center, at 9438 Commerce Way in the city of Adelanto. Baker was housed in unit four, a two-story housing segment. The segments had 16 cells in total each, eight cells on the first floor and eight cells on the second floor. Baker was assigned to cell 4B4 on the first floor. Baker was the only occupant. His body was supine by the cell door with medical devices surrounding him.

MODE Accident

CASE # 702208652

STATUS Post

DECEDENT Eli Baker

BODY EXAMINATION:

On November 11, 2022, at 0500 hours, I began the body examination at the scene.

Physical Description:

The body was that of an adult male appearing to be age [REDACTED]. The complexion was fair. The head was bald. The eyes were blue. There were teeth on the upper and lower gums. The body was approximately 6 feet and 1 inch tall and weighed approximately 185 pounds.

Body Position:

The body was on a cement-like floor. The head was oriented to the south and was facing the left shoulder. The feet were oriented to the north. Both arms were extended outwards on each side, away from the torso. The lower extremities were parallel to the body.

Clothing:

The body was clad in orange pants, boxers, white socks, and orange sandals. The clothing was appropriately draped on the body.

Therapeutic Devices:

The following therapeutic devices were observed on the body:

- There were electrocardiogram pads on the upper chest, close to the neck, and lower abdomen.
- There were defibrillator pads on the right upper chest and left side of torso.
- There were intravenous lines on the right and left cubital fossa of both arms.

Observations:

I observed brown purge from the mouth. There was no tache noire present on the eyes. The eyes were congested. The teeth were present on the upper and lower gums.

Tattoos:

I did not observe tattoos on the body.

Trauma:

I observed the following trauma on the body: There was a linear abrasion on the right upper shoulder. There were no other visible or palpable signs of trauma or fractures to the skull, face, torso, arms or legs.

Postmortem Changes:

I palpated the chest, abdomen, upper and lower back and all extremities and they felt cold. Palpable blanching lividity with purple discoloration was present on the posterior upper and lower torso. The body had generalized rigor mortis which was easily broken in all extremities.

Conclusion:

I concluded the body examination at 0520 hours. I took a total of 43 digital photographs of the body and

scene. All in One transport personnel affixed toe tag #02899 to the right big toe and placed the body into a yellow body pouch and secured it with a lock #4712325. After the examination, the body was transported to the San Bernardino County Sheriff-Coroner Morgue facility by All-in-One transport service, at my request.

IDENTIFICATION:

While on the scene, I utilized the Integrated Biometric Identification System (IBIS) to obtain digital scans of the thumbprints. The transaction control number was [REDACTED]

The decedent was positively identified as Gil Baker with date of birth of [REDACTED] The comparison was made to CAL-ID [REDACTED] and CID [REDACTED]

PROPERTY:

No property was removed from the scene or the body.

NOTIFICATION OF NEXT OF KIN:

See supplemental report by Deputy Coroner K. Woods.

DISPOSITION:

The case was submitted to pathology for autopsy.

Investigator: K. Woods

NEXT-OF-KIN NOTIFICATION:

On Saturday, November 12, 2022, at 1326 hours, I was advised by Homicide Detective S. Thurman that the legal next-of-kin was notified of the death. Homicide Detective R. Ripley had notified Eli's father, [REDACTED] of the death on Friday, November 11, 2022, at 0801 hours, at his residence in the [REDACTED]
[REDACTED]

DISPOSITION:

Forward to original report.

Created by Kyle Woods. Approved by Shawn Morgan

_____, M.D.
Forensic Pathologist

External Examination: The scalp is shaved. A mustache and goatee are present. The irides are blue, and the complexion is fair. There are no petechial hemorrhages on the conjunctivae of the lids or sclerae. Upper and lower teeth are present. There are no injuries on the lips or oral mucosa. The chest is symmetrical. The abdomen is not distended. The penis appears circumcised, and the external genitalia are without trauma or lesions. Both testes are palpable within the scrotum. The back is unremarkable. There are no injuries around the anus. Upper and lower extremities show no edema. Scars are on the anterior and posterior right thigh, left knee, and anterior right lower leg. A linear horizontal, 1.5 x 0.1 cm, abrasion is on the anterior left upper arm, and directly above that is a puncture wound. There is a 5.2 x 0.1 cm linear vertical abrasion on the lateral right upper arm, and directly below it, there is a puncture wound. There is a puncture wound surrounded by ecchymosis on the left antecubital fossa.

INTERNAL EXAMINATION:

HEAD: There is no subcutaneous hemorrhage in the scalp. There are no fractures of the calvarium or base of the skull. There is no epidural, subdural, or subarachnoid hemorrhage. The brain is 1507 grams. The cerebral hemispheres are symmetrical. A normal convolutionary pattern is observed. The lateral ventricles are unremarkable. There is no hemorrhage or lesions in the cerebrum, brainstem, or cerebellum. The vessels at the base of the brain have a normal pattern of distribution, and they are unremarkable. The cranial nerves are present.

NECK: There is no edema of the larynx. The hyoid bone and larynx are without fractures. There is no hemorrhage in the throat organs or strap muscles. The cervical spine is without fracture. The tongue is unremarkable.

CHEST/ABDOMINAL CAVITIES: There is no fluid or adhesions in the pleural or peritoneal cavity.

CARDIOVASCULAR SYSTEM: The aorta is unremarkable. There is no fluid in the pericardial sac. The heart is 368 grams. The epicardium and endocardium are unremarkable. There are no gross lesions in the myocardium. The valves are without lesions. The coronary ostia are patent, and the right coronary artery is the dominant vessel. There is no coronary atherosclerosis.

RESPIRATORY SYSTEM: There is no foreign object or lesion in the trachea or bronchi. The right lung is 919 grams, and the left lung is 900 grams. The parenchyma is without hemorrhage or lesions. The pulmonary vasculature is without thromboembolism.

GASTROINTESTINAL TRACT: The esophagus is unremarkable. The stomach contains 700 ml of emulsified food particles, and the gastric mucosa is unremarkable. In situ and external appearances of the small and large intestines are unremarkable. The appendix and pancreas are unremarkable.

HEPATOBIILIARY SYSTEM: The liver is 2585 grams. The consistency of the parenchyma is soft with a brown cut surface. The gallbladder is unremarkable.

URINARY SYSTEM: The right kidney is 158 grams, and the left kidney is 145 grams. The cortices and pelves are unremarkable. The bladder contains 50 ml of urine.

GENITAL SYSTEM: The prostate is unremarkable.

HEMOLYMPHATIC SYSTEM: The spleen is 203 grams and is unremarkable.

BAKER AUTOPSY CONTINUED
PAGE 3
A-2560-22

ENDOCRINE SYSTEM: Thyroid, adrenal, and pituitary glands are unremarkable.

TOXICOLOGY: Femoral blood, vitreous, and urine are collected. An expanded panel is requested.

Refer to Toxicology Report

HISTOLOGIC SECTIONS: Representative sections of various organs are preserved in formalin.

Autopsy Assistant: [REDACTED]

MICROSCOPIC EXAMINATION:

Slide #1 – heart (interventricular septum), kidney: unremarkable

Slide #2 – lungs: unremarkable

Slide #3 – heart (left ventricular wall): unremarkable

DIAGNOSIS:

- I. No fatal trauma
- II. Hepatomegaly, 2585 grams
- III. Acute fentanyl toxicity
 - A. Refer to toxicology report

CAUSE OF DEATH: Acute fentanyl toxicity, unknown

Manner of Death: Accident

WITNESSES PRESENT: Robert Ripley and [REDACTED] of San Bernardino County Sheriff's Department

Analysis Summary and Reporting Limits:

All of the following tests were performed for this case. For each test, the compounds listed were included in the scope. The Reporting Limit listed for each compound represents the lowest concentration of the compound that will be reported as being positive. If the compound is listed as None Detected, it is not present above the Reporting Limit. Please refer to the Positive Findings section of the report for those compounds that were identified as being present.

Test 52168B - Amitriptyline and Metabolite Confirmation, Blood - Femoral Blood

SCENE WALK-THROUGH:

On Friday, November 11, 2022, at approximately 0207 hours, San Bernardino County Sheriff's Department (SBCSD) Sergeant Roosevelt Dutra conducted a walk-through with investigators. The following personnel were present during the walk-through:

San Bernardino County Sheriff's Department, Homicide Detail:

- Sergeant Justin Giles
- Detective Robert Ripley
- Detective Shawn Thurman
- Detective Jonathan Cavender
- Deputy Vanayes Quezada

San Bernardino County Sheriff's Department, Crime Lab:

- Crime Scene Specialist [REDACTED]

SCENE INVESTIGATION:

On Friday, November 11, 2022, at approximately 0212 hours, I began the crime scene investigation. SBCSD Crime Scene Specialist [REDACTED] assisted me with the investigation. [REDACTED] took overall, mid-range, and close-up photographs of the scene. [REDACTED] and I labeled evidence found within the scene with identification placards. [REDACTED] photographed each item of evidence in place prior to it being measured and collected as evidence.

SCENE DESCRIPTION:

Unit 4, Segment B, Cell 4

Segment B was one of six segments located in Unit 4. Segment B was a two-story, block wall, concrete floor jail segment, with 16 cells. Cells 1 through 8 were on the first floor. Cell 1 was located along the west wall, and the cell numbers chronologically progressed east. Cells 9 through 16 were on the second floor. Cell 9 was located along the west wall, and the cell numbers chronologically progressed east. Each cell was designed to house two inmates and were equipped with intercoms for communication to the unit's control booth. The two-man cells were on the north side of the segment and faced south toward the main entrance door. A steel stairwell along the east wall provided access to the second floor. Segment B had a surveillance camera affixed above the entrance door, which provided coverage of the entire segment.

Note: On Friday, November 11, 2022, at approximately 0212 hours, the above photograph was taken by CSS [REDACTED] which depicted a view of Unit 4, Segment B from the segment entrance. Cell 4 was identified by the red square.

PLACARD DESCRIPTION:

Placard 1 identified inmate Eli Baker. Baker lay supine on the floor with both arms extended outward from his shoulders as he lay on a pool of dried vomit. Baker's head pointed east, and legs pointed west. Baker was shirtless, and wore brown inmate issued underwear, orange inmate issued pants, white socks, and orange inmate sandals. A clear bagged valve mask (BVM) and yellow LifePak automated external defibrillator (AED) (S/N 47104284) lay next to Baker's head. Numerous empty medical intervention wrappers surrounded Baker. See the "Body Examination/Coroner arrival" section for additional information.

Placard 2 identified an open orange "Flameau PM 1872" emergency case, a Hillrom Welch Allyn Connex Spot Monitor (S/N 21100062764320), a green and silver Pacific Biomedical rolling oxygen tank, and a black and blue medical bag with various medical supplies. The emergency case had the number "2" written on it with black ink and issued emergency case lock number "0196086." The emergency case had a white piece of paper affixed to the outside of it which listed the emergency supplies inside the case. **Placard 2** was approximately two feet north of **Placard 1**.

Placard 3 identified an approximate 6' steel table with various medical supplies on top of it. The medical supplies consisted of a black and blue medical bag, a white and blue Assure Platinum glucometer (S/N 2111090037), a yellow and blue Laerdal suction device (S/N 2111090037), and a depressed 0.9% sodium chloride injection pen, next to an empty IV bag. **Placard 3** was approximately two feet south of **Placard 2**.

BODY EXAMINATION/CORONER ARRIVAL:

On Friday, November 11, 2022, at approximately 0400 hours, Deputy Coroner Investigator Kyle Woods and Deputy Coroner Investigator Trainee [REDACTED] arrived on scene to examine the body of Eli Baker.

MEDICAL APPARATUSES:

The following medical apparatuses were attached to Baker.

- One nasopharyngeal airway was inserted into Baker's left nostril.
- One intravenous line was inserted in Baker's left forearm.
- One intravenous line was inserted in Baker's right elbow.
- One electrocardiogram (EKG) patch on Baker's left upper chest.
- One EKG patch on Baker's right upper chest.
- One EKG patch on Baker's left flank, near his waist.
- One EKG patch on Baker's right flank, near his waist.
- One cardiac defibrillator pad on Baker's upper right chest.
- One cardiac defibrillator pad on Baker's upper left flank.

TATTOOS:

I did not observe any tattoos on Baker.

INJURIES:

One linear abrasion to the right shoulder.

CORONER TRANSPORT:

On Friday, November 11, 2022, at approximately 0458 hours, [REDACTED] with All-in-One Transport arrived on scene. At approximately 0508 hours, [REDACTED] placed Baker in a yellow vinyl body bag. [REDACTED] secured toe tag #02899 on Baker's right great toe. At approximately 0510 hours, [REDACTED] zipped the body bag shut and locked it with body bag lock #4712325. [REDACTED] transported Baker to the San Bernardino County Coroner's Office, located at 175 South Lena Road, San Bernardino.

Unit 4 Segment B Surveillance Video Summary:

On Wednesday, July 5, 2023, I reviewed a video recording of the surveillance camera footage from High Desert Detention Center, Housing Unit 4, Segment B. The recording in Segment B took place on Thursday, November 10, 2022, between approximately 1924 hours and 2052 hours and was labeled "Unit 4B - Cam142 - 172.22.10.142-2022-11-10_19h24min11s000ms." The recording did not capture audio. The following is a summary of the video recording. The times referenced in this report refer to the approximate length of the video recordings, and not the actual time. Inmates were identified by the Unit 4, Segment B housing roster, Jail Information System, and witness statements. Deputies were identified by witness statements.

- **00:00** – The doors for cells 1-4 were open. Four inmates were in the dayroom, and two inmates were inside cells. Inmate Eli Baker sat on the bottom bunk of Cell 4, oriented toward the open cell door, holding a tray of food in his hands. Two deputies conducted a safety check on the top tier, which resulted in an emergency medical response to the segment due to the discovery of an overdosed inmate in Cell 12. The deputies continued to work in response to the overdose in Cell 12. (Baker is circled in red in the below photograph.)

Unit 4 Segment B Surveillance Video Summary: (Continued)

- 00:45 – Baker stood up from the bottom bunk of his cell and walked quickly to the dayroom shower. Baker used the shower to rinse his dish.
- 01:00 – Baker returned to Cell 4.
- 01:11 – Baker exited Cell 4 and bumped fists with the other inmates in the dayroom. The inmates in the dayroom gathered their property and bumped fists with each other as they headed back toward their cells.
- 01:26 – Baker grabbed a plastic bag from the edge of a dayroom table. (Baker is circled in red in the below photograph)

- **01:31** – Baker returned to Cell 4 as the other inmates in the dayroom returned to their respective cells.

- **02:09** – Baker swept the floor along the threshold between his cell door and the dayroom, and the deputies continued to render medical aid in Cell 12 above Baker.
- **02:30** – A third and fourth deputy entered the camera view from the direction of the Segment B Johnson door and ran up the segment staircase to the second tier.
- **02:41** – As assisting deputies arrived at Cell 12, the bottom tier cell doors closed. A portion of Baker's inmate clothing was visible through his cell window as Baker stood at the rear of his cell.
- **02:57** – Baker was seen through his cell window wiping his hand on a towel which hung from his cell wall. The deputies in Cell 12 removed the unconscious inmate from the cell. The deputies lay the inmate on his back in front of Cell 12's door.
- **03:09** – Two members of HDDC medical staff arrived at Cell 12 and rendered medical aid to Inmate [REDACTED] at Cell 12.

- **28:15** – Baker stood at his cell door as American Medical Response (AMR) personnel arrived in the segment. [REDACTED] appeared conscious and moved on his own.
- **30:21** - AMR personnel approached [REDACTED] on the second tier as deputies helped [REDACTED] get on his feet.
- **31:36** - An AMR medic and deputies escorted [REDACTED] down the stairs from the second tier.
- **32:17-34:33** – Medical staff gathered their supplies and exited the segment.
- **46:07** – Two deputies entered the segment, each carrying a white jail issued mattress.
- **46:24** – The deputies placed the mattresses to the left of Cell 12's door, then entered Cell 12.
- **46:59** – Deputies searched Cell 12.
- **48:48-49:04** - Deputies exited Cell 12, picked up items they removed from Cell 12, and walked down the dayroom stairs, out of the camera view. Baker was visible as he moved in his cell.
- **51:06-51:40** – Baker grabbed a clear plastic bag from his bottom bunk, near the bottom cell window, and began placing items from the cell's bottom bunk into the plastic bag. Baker placed the plastic bag on the bottom bunk. The deputies continued to search Cell 12.
- **54:21-54:32** – An inmate entered the camera view from the direction of the Segment B Johnson door. The inmate approached the showers in the dayroom and used the water fountain to fill a plastic cup. The inmate placed the plastic cup on the water fountain, then walked back out of camera view. The deputies continued their search of Cell 12.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **56:31** – An unidentified deputy walked into camera view from the direction of the segment door. The deputy walked to Cell 1, then walked along the bottom tier cells to conduct a safety check.
- **56:47-56:52** – The deputy stopped at the door of Cell 3 and spoke to the inmate through the cell door briefly before he continued the safety check. Baker stood at the door of Cell 4 as the deputy passed.
- **56:53-58:29** – The deputy conducted safety checks of Cells 5 through 8, ascended the dayroom stairs to the second tier, and conducted safety checks of cells 16, 15, 14, and 13. When the deputy got to Cell 12, he stopped and spoke with the deputies who conducted the search of Cell 12.
- **1:16:35-1:17:21** – The deputies exited Cell 12, picked up the items they removed from the cell during the search, and placed them into clear plastic bags. Once the items were bagged, deputies carried the bags to the staircase.
- **1:18:21-1:20:11** – The door to Cell 12 closed. Baker was seen through the bottom cell window, crouched facing his bottom bunk. Baker manipulated an unknown object in his hands over the bottom bunk.
- **1:20:11-1:20:45** – Baker stood and turned toward the back of his cell. Baker then turned back toward the bunks and placed an unknown object on the top bunk. Baker stood faced toward the top bunk and manipulated the unknown item with his hands. Baker then approached the cell door and crouched near the bottom window of the cell door briefly before he turned, grabbed an item from the bottom bunk, and walked to the back of the cell.
- **1:21:05-1:23:33** – Baker crouched near the bottom window of his cell door and manipulated an unknown object beneath the window. The camera view was obstructed by the cell door.
- **1:23:33** – The inmate in Cell 3 stood at the door of Cell 3.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **1:27:35-1:27:48** -The inmate who placed his water cup on the water fountain attached to the dayroom showers returned into the view of the camera. Baker stood at his cell door as the inmate stood at the water fountain.
- **1:27:49** – The inmate entered the shower in the dayroom. Baker remained at his cell door faced toward the inmate in the dayroom.
- **1:27:49-1:27:53** - The inmate exited the shower and walked back toward the water fountain. Baker stood at his door and appeared to either rapidly wave toward the inmate or used an unknown white object to rapidly wipe his cell door window.
- **1:27:54-1:27:56** – The inmate faced Baker and made a hang gesture to him which appeared similar to a “thumbs up” as the inmate turned toward the water fountain.
- **1:27:58-1:28:12** - Baker remained at his cell door, oriented toward the inmate in the dayroom.
- **1:28:13-1:28:23** – Due to the lights being off in Cell 3, and the glare on the cell windows, it was difficult to see the inmate in Cell 3. However, there was movement visible through the door of Cell 3, and what appeared to be an inmate standing at the door who displayed hand gestures in the direction of the inmate in the dayroom. The inmate in the dayroom remained positioned near the water fountain and displayed unknown hand gestures in the direction of Cell 3. Due to the resolution of the video, a more detailed description of the hand gestures could not be obtained.
- **1:28:26-1:28:32** – The door to Cell 15 opened. The inmate at the water fountain picked up his plastic cup, turned toward the segment windows which faced the Unit 4 Control Room, held the cup above his head with his right hand, and pointed toward it with his left hand. The inmate then turned back toward the water fountain, placed the plastic cup on the fountain and faced Cell 3.

CRIME REPORT

CODE SECTION ICD	CRIME In-Custody Death	CLASSIFICATION Other
VICTIM'S NAME -- LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME (FIRM NAME IF BUSINESS)

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **1:28:34-1:28:44** -The inmate in the dayroom made a gesture with his right hand, possibly in the direction of Cell 3. The inmate then oriented his head up toward the second tier, and to the right in the direction of Cell 16. The inmate made a hand gesture toward Cell 16, and an inmate who stood in the window of Cell 16 made a hand gesture back toward the inmate. The inmate in the dayroom made another hand gesture in response to the inmate in Cell 16.
- **1:28:48-1:28:51** - The inmate at the water fountain turned his attention toward Cell 3. The view into Cell 3 was still obstructed due to lighting and glare, however an inmate stood at the door of Cell 3 and appeared to flash hand gestures toward the inmate at the water fountain.
- **1:28:52-1:29:08** - The inmate at the water fountain and the inmate at the door of Cell 3 appeared to communicate back and forth via indistinguishable hand gestures.
- **1:29:10-1:29:21** – Baker walked to the back of his cell, manipulated an unknown item in the back corner of the cell, then returned to his cell door.
- **1:30:00-1:30:05** – The inmate in the dayroom gestured with his cup toward Cell 9. The inmate in Cell 9 was partially obstructed from camera view by the cell door, but the inmate's right hand visibly raised in response to the gesture made by the inmate in the dayroom. Baker walked to the back of his cell.
- **1:30:22-1:30:37** – The inmate in Cell 3 approached his cell door and appeared to orient himself toward the door frame which faced Baker's cell door frame. Baker then approached his cell door and leaned toward the door frame toward Cell 3. Baker appeared to speak toward Cell 3, then leaned his ear toward the door frame as though he listened to a response from the inmate who stood at the door of Cell 3. Baker then walked to the back of his cell.
- **1:30:43** - Baker walked back to his cell door as the inmate in the dayroom walked to a dayroom table and collected the newspaper from the table.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **1:30:53-1:31:07** - Baker walked back to his cell door while waving his right hand back and forth in front of his chest. The inmate in the dayroom wove the newspaper back in Baker's direction. After the inmate waved the newspaper, Baker waved his right hand at head level toward the inmate. Baker then walked to the back of his bunk and picked up an unknown object from the top bunk. Baker then walked back to the cell door. The inmate in the dayroom looked at Baker, then walked out of the camera frame toward the dayroom stairs. Baker leaned toward the left frame of his cell door and appeared to say something through the door. After he appeared to say something, Baker looked through his cell door window in the direction of the inmate who ascended the dayroom stairs.
- **1:31:08-1:31:33** - Baker stood at his door as the inmate in the dayroom walked to the second tier. The inmate passed the newspaper beneath the door of Cell 13, then entered the open door of Cell 15. Once the inmate entered Cell 15, the door closed. Baker remained standing at his cell door.
- **1:33:56-1:34:25** – Baker walked to the back of his cell and appeared to manipulate unknown objects in the back left corner of the cell. Baker's hands were obstructed from the camera view by the cell door.
- **1:34:30** – Baker returned to standing at his cell door, facing toward the unit dayroom.
- **1:34:45-1:35:39** – Baker walked briefly to the back of his cell, then returned to the front of the cell and picked up what appeared to be his rolled mattress and clothing from near the top bunk cell window. Baker placed them on the bottom bunk near the cell window, then began picking them up and putting them down. Baker began manipulating an unknown object on the top bunk, then stepped out of view of the camera frame.
- **1:35:59-1:36:43** – Baker stood in the back of the cell. Baker turned around, holding a small unknown object in his right hand, which he placed on the top bunk of his cell. Baker continued standing at his top bunk and manipulated the unknown objects on the bunk in front of him.
- **1:36:43-1:37:28**- Baker stood near the bunks, about halfway into the cell, faced toward the back of the cell. Baker's arms appeared to be held in front of him at chest level, and slight movements indicated Baker was manipulating something in his hands in front of him.

- **1:56:43** – Baker appeared to lay on the floor at the bottom window of his cell. (The red circle on the photograph below depicts Baker's head.)

- **1:59:22** - Deputy Anelis Villalobos entered the camera frame from the direction of the Segment B Johnson door, then walked to Cell 1 to conduct a safety check.
- **1:59:31** – As Villalobos walked from Cell 1 to Cell 2, Baker's arm was visible through the bottom door window as it moved.
- **1:59:34** – Villalobos stopped in front of Cell 4 to conduct a safety check.
- **1:59:39** – Villalobos looked through the bottom door window at Baker, then used her right hand to knock on Baker's cell door. Villalobos continued to knock on the cell door when she did not receive a response.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **2:00:38** – Villalobos crouched in front of Baker's cell and used her keys to knock on the window near Baker's head multiple times. (Villalobos is indicated by the red circle on the photograph below.)

- **2:01:06** – Villalobos kicked the cell door near Baker's head. After she kicked the door, Villalobos closed and secured the food tray slot on Baker's cell door, then kicked the window near Baker's head again.
- **2:01:17** – Villalobos continued her safety check and walked along the bottom tier to Cell 8.
- **2:01:30** – Villalobos walked out of camera view toward the Segment B Johnson door.
- **2:01:37-2:02:32** – Villalobos reentered the camera view as she ascended the dayroom stairs carrying an inmate mattress. Villalobos placed the mattress at the top of the stairs, then completed her safety check of the top tier cells. After the safety check, Villalobos grabbed the mattress and placed it in front of the cell doors for Cell 11 and Cell 12. Villalobos then walked down the dayroom stairs toward Cell 4.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **2:02:41** – Villalobos walked to Cell 4, crouched, and knocked at the lower portion of Baker's cell door, near Baker's head.
- **2:02:50** – Villalobos kicked the cell door near Baker's head.
- **2:03:03** – Villalobos struck the window with the palm of her hand near Baker's head.
- **2:03:07** – Villalobos turned toward Cell 3, where an inmate stood at the door facing Villalobos.
- **02:03:13-2:03:46** – Villalobos opened the food tray slot on Baker's cell door and crouched down so her face was level with the open tray slot. Villalobos used her left hand to knock at the window above Baker's head multiple times. When there was no response, Villalobos closed and locked Baker's food tray slot.
- **2:03:47** – Villalobos turned and walked toward the Segment B Johnson door, out of camera view.
- **2:06:22** – Villalobos walked into camera view from the direction of the Johnson door. She walked to Cell 4 and knocked at the cell door. Villalobos turned and appeared to point a television remote, which she then placed on the dayroom table outside Baker's cell.
- **2:06:54** – Villalobos knocked at Baker's cell door again, as she crouched down with her head level with the open tray slot.
- **2:07:08** - Villalobos pulled her right hand toward her chest, then tilted her head forward, as though she was speaking into a lapel microphone for her radio.
- **2:07:11-2:07:23** – The inmate who stood at the door of Cell 3 leaned toward the right side of his cell door frame. Immediately after he did so, Villalobos turned her head in his direction and the two appeared to communicate.
- **2:07:42** – Two unknown members of HDDC nursing staff walked into camera frame from the direction of the Segment B Johnson door and approached Cell 4.

Unit 4 Segment B Surveillance Video Summary: (Continued)

- **2:07:53** – Cell 4's door opened, which partially showed Baker on the floor immediately behind the lower portion of the cell door. Baker appeared to be face down, on his knees, with his torso slouched over his legs, Baker's arms were on the floor, with his elbows tucked into Baker's sides, and his hands on the floor on either side of Baker's head.
- **2:08:00-2:45:53** – Members of HDDC medical staff, AMR, RCFD, and HDDC deputies rendered medical aid to Baker.
- **2:45:54** – The unidentified deputy stopped compressions, and all medical staff ceased rendering medical aid. The personnel on scene moved away from Baker.
- **2:49:50** – AMR and RCFD personnel walked out of camera view, toward the Segment B Johnson door.
- **2:55:28-3:02:24** – Villalobos, Padilla, and the unidentified deputy documented the scene.
- **3:02:34** – Villalobos walked out of camera view toward the Segment B Johnson door, followed shortly after by a nurse who wore a black shirt and blue pants. After Villalobos and the nurse left, the dayroom was empty except for Baker, who remained on the floor, across the threshold of his cell door.
- **3:03:43** – Padilla entered the camera view from the direction of the Segment B Johnson door and walked to Cell 1. Padilla stood at the door of Cell 1 with a piece of paper in his hand. Padilla appeared to speak to an inmate who stood at the door of Cell 1.
- **3:04:00** – The video surveillance ended.

HMI CELL AUDIO REVIEW:

On Monday, July 17, 2023, I reviewed the Human Machine Interface (HMI) cell audio for High Desert Detention Center (HDDC), Housing Unit 4, for Thursday, November 10, 2022. Upon reviewing the logs of the HMI cell audio, I located a single audio recording which was pertinent to the investigation.

The following is a summary of the cell audio recording pertinent to this investigation.

142_Housing_4_2022_11_10_21_20_40_by_Start_Time_asc- The HMI recording was approximately one minute and seven seconds long. The audio coincided with the video surveillance footage from Housing Unit 4, Segment B, from approximately the 2:02:41 hours timestamp through 2:03:48 hours timestamp of the surveillance video.

The recording started with a metal banging sound, which video surveillance showed was caused by Deputy Anelis Villalobos knocking at the door of Cell 4. Audio was heard in the background which sounded consistent with a television playing in the unit. Villalobos said, "Baker," twice, then continued knocking at the cell door. Villalobos' voice was faintly heard, but it was muffled and covered by ambient noise. The video surveillance showed Villalobos possibly spoke to an inmate who stood at the door of Cell 3, however what was said was unintelligible through the audio recording. Villalobos knocked at the cell door again, then said, "Baker I have to know that you're okay." Villalobos called Baker's name again, then continued to knock at the cell door. Villalobos continued to knock, call Baker's name, and ask Baker if he was okay for approximately 30 seconds. The recording ended with a metallic banging noise, which video surveillance showed was the result of Villalobos closing Baker's cell door tray slot.

No other cell audio recordings appeared to be relevant to this investigation.

CRIME REPORT

CODE SECTION ICD		CRIME In-Custody Death	CLASSIFICATION Other
VICTIM'S NAME - LAST NAME Baker	FIRST NAME Eli	MIDDLE NAME	(FIRM NAME IF BUSINESS)

UNIT 4 HOUSING LOGS:

On Friday, November 11, 2022, Sergeant Roosevelt Dutra briefed investigators on the circumstances of the investigation at High Desert Detention Center regarding the death of Inmate Eli Baker.

At the conclusion of the briefing, Roosevelt provided investigators with copies of the Unit 4 Safety Check Logs, Housing Unit Checklist, Event Log, Meal Log, Movement Log, and Tier Time Log. The documents were scanned into a portable document format (PDF) and a copy was placed into evidence.

Date/Time of Symptom Onset: 11/10/2022 21:26:00
Primary Symptom: Respiratory arrest
Alcohol/Drug Use: Unable to Complete

Other Symptoms: Apnea; Diaphoresis
Barriers to Patient Care: None Noted
Initial Patient Acuity: Critical (Red)
Final Patient Acuity: Dead without Resuscitation Efforts (Black)

Narrative

Narrative: AMR VC-197 DISPATCHED CODE 3 TO A CARDIAC ARREST AT THE HIGH DESERT DETENTION CENTER. AOS, DELAYED MAKING PATIENT CONTACT DUE TO SECURITY MEASURES AT DETENTION CENTER. PT IS A [REDACTED] MALE, LYING SUPINE ON THE FLOOR NEAR THE ENTRANCE OF A CELL. DETENTION CENTER STAFF, INCLUDING NURSES AND LAW ENFORCEMENT, ARE PERFORMING CPR. PER REPORT FROM STAFF, PT WAS FOUND UNRESPONSIVE AND PULSELESS FROM A SUSPECTED FENTANYL OVERDOSE. NO EVIDENCE OF DRUGS NOTED, BUT STAFF REPORT PREVIOUS FENTANYL OVERDOSE OCCURRING IN ANOTHER INMATE APPROXIMATELY AN HOUR AGO, THEY BEGAN CPR AT 2126. THEY ARE PERFORMING BLS CPR, VENTILATING WITH A BVM AND BOTH AN OROPHARYNGEAL AND NASOPHARYNGEAL AIRWAY IN PLACE. HE WAS PLACED ON THE AED WITH NO SHOCKS ADVISED. THEY ESTABLISHED A 20G IV TO THE RIGHT AC AND ARE ADMINISTERING A BOLUS OF NORMAL SALINE. THEY REPORT ADMINISTERING A TOTAL OF 10MG OF NARCAN INTRAMUSCULAR PRIOR TO OUR ARRIVAL. THEY ACQUIRED A BGL OF 214.

AS I ASSESS THE PATIENT, HE IS UNRESPONSIVE AND PULSELESS. PT PLACED IN THE DEFIBRILLATOR PADS AND IS IN ASYSTOLE ON THE CARDIAC MONITOR. HIS SKINS ARE PALE AND DIAPHORETIC. PT PLACED ON END-TIDAL CAPNOGRAPHY, UNABLE TO ACQUIRE NUMERIC OR WAVEFORM READING. WE REPLACED CAPNOGRAPHY, STILL UNABLE TO ACQUIRE. I ADMINISTER 1MG OF EPINEPHRINE 0.1MG/ML AND .5MG NALOXONE IV. FIRE ARRIVES ON SCENE. WE CONTINUE BLS CPR AND AFTER A TOTAL OF 20 MINUTES OF CPR WITHOUT RESPONSE, I CONTACT [REDACTED] BASE FOR ORDER. BASE PHYSICIAN STATES TO CONTINUE CPR AND ADMINISTER ADDITIONAL EPINEPHRINE AND NARCAN, AS WELL AS CALCIUM CHLORIDE AND SODIUM BICARBONATE. FIRE ESTABLISHES AN ADDITIONAL 20G IV TO THE LEFT AC. FIRE ADMINISTERS 1MG EPINEPHRINE 0.1MG/ML AND 2MG NALOXONE IN THE RIGHT AC IV PER ARMC BASE ORDER. FIRE ALSO ADMINISTERED 1G CALCIUM CHLORIDE IN THE RIGHT AC IV AND 50MEQ IN THE LEFT AC IV PER ARMC BASE ORDER. FIRE ADMINISTERED AN ADDITIONAL FLUID BOLUS IN THE LEFT AC IV.

SUBSEQUENT PULSE AND RHYTHM CHECKS REVEAL THAT THE PATIENT IS STILL PULSELESS AND IN ASYSTOLE ON THE CARDIAC MONITOR. RECONTACTED [REDACTED] BASE PER PHYSICIAN ORDER. I NOTIFY PHYSICIAN OF CURRENT RESUSCITATION EFFORTS AND PATIENT'S LACK OF RESPONSE. I ALSO NOTIFY OF EXTENSIVE TRANSPORT TIME DUE TO DETENTION CENTER SECURITY MEASURES AND DISTANCE TO CLOSEST HOSPITAL PER PHYSICIAN ORDER AND IN AGREEMENT WITH FIRE AND DETENTION STAFF, RESUSCITATION TERMINATED. PT PRONOUNCED DECEASED AT 2203. PT LEFT IN THE CARE OF LAW ENFORCEMENT. ALL TIMES APPROXIMATE.

ANALYST [REDACTED]

TITLE Sheriff's Crime Scene Specialist II

REPORT SIGNED ON January 27, 2023

OVERVIEW

On November 10, 2022, at 2250 hours, I was assigned to assist San Bernardino County Sheriff's Homicide detectives with an in-custody death investigation. I responded to the scene, which was located at the High Desert Detention Center (HDDC), 9438 Commerce Way, in Adelanto. I arrived at the scene at 0030 hours on November 11, 2022 and contacted Detective Thurman who was present during scene processing.

OBSERVATIONS**SCENE**

The scene was in Unit 4, Segment B of HDDC. The entrance to the segment was on the east side, and cells were along the west wall. There was a staircase along the north wall and showers along the south wall.

PLACARDS / OBSERVATIONS

During the course of the investigation the following listed items/areas were marked with placards. Each numbered or lettered item/area corresponds to the placards as depicted in the photographs. Overall photographs were taken of the scene prior to the placement of placards.

- Placard 1 Deceased male, Eli Baker, was laying on his back on the floor. His feet were pointed to the west and his head was pointed to the east. Both of his arms were extended out to the sides. His legs were in the doorway to cell 4B4, with his upper half outside of the cell. He was wearing orange sandals, white socks, size 2XL orange pants, brown underwear, and no shirt. Medical intervention was still attached to his body. He had IVs in both arms, and AED lead stickers on his chest. On the floor near his head, there was a lot of medical debris, and other medical supplies, including a defibrillator, and a blood glucose reader.
- Placard 2 Medical intervention equipment, debris, and supplies on the floor, outside of the cell. Located north and slightly east of Placard 1.
- Placard 3 Various medical supplies on top of the southwest table in the unit, just east of the cell door. Located east of and above Placard 2.

PHOTOGRAPHY

The following numbered overall, midrange, and close-up digital photographs were taken of the crime scene and related items of evidence, located at the High Desert Detention Center, Unit 4 Segment B on November 11, 2022.

MBM60167	- MBM60261	Overall photos of the scene
MBM60262	- MBM60272	Overall photos of the scene with placards

MBM60273	-	MBM60288	Placard 1
MBM60289	-	MBM60306	Placard 2
MBM60307	-	MBM60314	Placard 3
MBM60315	-	MBM60318	Item A
MBM60319	-	MBM60346	Coroner's exam
MBM60347	-	MBM60349	Toe tag, lock, and body bag
MBM60350	-	MBM60351	IBIS hit
MBM60352	-	MBM60362	Search of cell

EVIDENCE

I delivered the following evidence to the San Bernardino County Sheriff's Central Property and Evidence Unit.

Item A: Evidence collected from the scene, located at Unit 4, Segment B of HDDC, Adelanto on November 11, 2022.

BC 2242002714

Item A: San Bernardino Sheriff's Department Inmate Identification card for Eli Baker

DISPOSITION OF EVIDENCE:

Storage and disposition of evidence is the responsibility of the San Bernardino County Sheriff's Central Property and Evidence Unit. Unless otherwise stated, evidence is released to the control of the San Bernardino County Sheriff's Central Property and Evidence Unit for storage or disposition.

Note: The use of the word "blood" to describe stains/fluids is based upon visual examination and/or the results of preliminary screening tests. The actual presence of blood has not been confirmed by laboratory testing.

Note: Any opinions, interpretations, or conclusions in this report are based upon the data in the associated laboratory case record.

Note: To comply with San Bernardino County Sheriff's Central Property and Evidence Unit policies any food/drinking/beverage containers referred to in this report were emptied at or near the time of collection. Unless otherwise specified a sample of the contents was not collected.
