2025 ANNUAL CRIME REPORT

A Word from

SHERIFF SHANNON D. DICUS

As your Sheriff, I am proud to present the San Bernardino County Sheriff's Department's 2025 Annual Crime Report. This report reflects far more than statistics. It represents the work of thousands of sworn and professional staff, volunteers, and community partners who serve the nearly 2.3 million residents across more than 20,000 square miles. Every day, our deputies proactively patrol

communities, investigate serious crimes, operate our correctional facilities, conduct search and rescue missions, combat narcotics and human trafficking, and respond to the public safety needs of the communities we serve.

The results from 2025 demonstrate meaningful progress in several critical areas. Across the areas of responsibility served by our agency, Part I crime decreased 19 percent compared with 2024. Violent crime declined 17 percent and property crime declined 20 percent, including a 35 percent reduction in vehicle theft and an 18 percent reduction in burglary. These numbers represent thousands of fewer victims and reflect the daily work of our deputies, detectives, specialized units, and law enforcement partners across the nation.

This year also demonstrated the importance of strong partnerships and intelligence sharing in confronting threats that extend beyond traditional crime. Following the May 17 bombing of a fertility clinic in Palm Springs, investigators tracked the bomber to Twentynine Palms, and our agency assisted the FBI's Joint Terrorism Task Force (JTTF) and other partners as the investigation expanded into San Bernardino County. Federal authorities later charged another individual with providing material support in connection with the attack, and the Department was specifically credited for its assistance in that investigation. In December, our personnel again assisted the FBI JTTF in an investigation that disrupted an alleged New Year's Eve bombing plot after four suspects were arrested in a rural desert area of San Bernardino County. These cases underscore why local, state, and federal partnerships remain essential to identifying threats and protecting our communities.

2025 ANNUAL CRIME REPORT

A Word from **SHERIFF SHANNON D. DICUS (CONTINUED)**

The disappearance of seven-month-old Emmanuel Haro became one of the most significant and difficult cases investigated by our Homicide Detail in 2025. What began as a reported kidnapping in Yucaipa quickly changed as investigators identified inconsistencies in the initial account and developed evidence indicating the reported abduction had not occurred. Working closely with the Riverside County Sheriff's Office and prosecutors from the Riverside and San Bernardino County District Attorney's Offices, our Homicide Detail conducted an extensive investigation that ultimately led to the arrest of Emmanuel's parents and the filing of murder charges. As the case continues through the judicial process, our focus remains on supporting the prosecution and pursuing justice for Emmanuel. This case reflects the persistence, professionalism, and attention to detail demonstrated by our homicide investigators, as well as the importance of strong cooperation across jurisdictional lines when protecting our most vulnerable victims. That commitment is reflected more broadly in our investigative results: in 2025, the San Bernardino County Sheriff's Department achieved a homicide clearance rate of 85.71 percent, compared with a statewide average of 79.3 percent.

Our specialized teams also continued targeting the criminal organizations and quality-of-life issues affecting San Bernardino County. In 2025, our Gangs/Narcotics Division made 1,180 arrests and seized 945 firearms, more than 6,500 pounds of methamphetamine, 5,243 pounds of cocaine, and 359 pounds of fentanyl. Our Human Trafficking investigators made 31 arrests and rescued 18 victims, while our H.O.P.E. team assisted hundreds of individuals experiencing homelessness and helped 470 individuals obtain housing.

Despite these accomplishments, 2025 was also one of the most difficult years in our department's history. We lost two members of our Sheriff's family in the line of duty. Deputy Hector Cuevas Jr. was killed on March 17 while pursuing a stolen vehicle in Victorville, and Deputy Andrew Nuñez was shot and killed on October 27 while responding to a domestic violence call in Rancho Cucamonga. Their deaths were painful reminders of the dangers our deputies willingly face in service to others. We will forever honor Hector and Andrew, stand beside their families, and ensure that their sacrifice is never forgotten.

As we move forward, our commitment remains unchanged. We will continue investing in our personnel, strengthening our technology and cybersecurity efforts, pursuing violent criminals, protecting victims, and working with our city partners, county leaders, allied agencies, and community stakeholders. I am grateful for the trust placed in your San Bernardino County Sheriff's Department, and I remain honored to serve as your Sheriff.

A blue ink signature of Shannon D. Dicus, written in a cursive style.

2025 ANNUAL CRIME REPORT

Our Commitment

RESPONSIBILITY

INTEGRITY

LEADERSHIP

Our **MISSION** is to provide collaborative law enforcement solutions that **MEET THE NEEDS** of our communities and partners by delivering high quality professional services to **SAN BERNARDINO COUNTY.**

2025 ANNUAL CRIME REPORT

Our Values

Our **FUNDAMENTAL VALUES** are:

INTEGRITY

Honest and ethical behavior while giving due respect to each individual inside and outside our department.

LEADERSHIP

Shape the future with courage, creativity, diversity, mentoring, and accountability.

PARTNERSHIP

Collaboration with internal and external partners to become more effective in providing a better quality of life for all those we serve.

SERVICE

Provide quality service for San Bernardino residents consistent with the county vision for the people who live, work and play in each of our communities.

RESPONSIBILITY

Accountability to deliver services through department members, within budget, while encouraging law enforcement innovation.

The category **Simple Assaults** includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim did not sustain serious or aggravated injuries. Simple Assault is not a Part I offense but is collected under Aggravated Assaults as a quality control matter and for the purpose of looking at total assault violence. While the data for Simple Assaults is collected for quality control purposes and reported to DOJ, it is NOT used for publication in Open Justice at <https://openjustice.doj.ca.gov/> which is the source used for the 6-months of the 2023 data.

Please Note: 0% = No Change, N/C = Not Calculable

*Criminal Threat offenses previously reported to DOJ as Part II crimes were reported to DOJ as Aggravated Assaults in 2019.

Due to the cyber-attack network disruption experienced by the Sheriff's Department on April 7, 2023, Part II crime statistics for 2022 are currently unavailable. All Part I crime statistics for 2022 are available and included. Part II totals for 2022 are noted as N/A. Also due to the cyber attack, only 6 months of Part I Crimes could be reported to DOJ as reported below.

2023 (6-Months Only)

Part I Crimes	2023
Murder/Manslaughter	0
Rape	3
Robbery	7
Aggravated Assault	46
Violent Crime Total	56
Burglary	52
Larceny	202
GTA	53
Property Crime Total	307
Arson	2
Part I Total	365

The category **Simple Assaults** includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim did not sustain serious or aggravated injuries. Simple Assault is not a Part I offense but is collected under Aggravated Assaults as a quality control matter and for the purpose of looking at total assault violence. While the data for Simple Assaults is collected for quality control purposes and reported to DOJ, it is NOT used for publication in Open Justice at <https://openjustice.doj.ca.gov/> which is the source used for the 6-months of the 2023 data.
