

Digital Forensics for Investigators (Basic)

From Collection to Disposition

Course Description (One Day / Eight Hour Course)

This course equips investigators with essential knowledge and skills to effectively navigate the complexities of digital evidence encountered in various criminal and administrative investigative scenarios. You'll learn how to identify, collect, analyze, and preserve digital evidence, ensuring it can be used reliably in legal & administrative proceedings. Develop the expertise needed to confidently manage digital evidence, from understanding the latest digital forensic tools and techniques to staying updated on legal and ethical considerations. Whether you are dealing with cybercrime, fraud, or other types of digital investigations, this training will provide you with the foundational skills necessary to succeed.
