WITNESS INTERVIEW: *Jerome Adams*

On Friday, June 3, 2022, at approximately 0830 hours, Detective Justin Carty and I conducted an interview with Jerome Adams in an interview room at the Highland Sheriff's Station, located at 26985 E. Baseline Street, in Highland. I read Adams the Miranda Warning from my department-issued Miranda Warning card. Adams told me he understood each of the rights I read to him. I recorded the interview on my department-issued digital recorder, and I later placed a copy of the recording into the case file. The following is a summary of our interview with Adams.

**** It should be noted that Adams lied during the interview about having his gun in his hand and shooting it. The following is the final rendition of Adams' interview. ****

On Friday, June 3, 2022, at approximately 0100 hours, Adams received a phone call on his cellular telephone from his [redacted]. Adams woke up to [redacted] phone call and answered it. [redacted] sounded panicked and told Adams she needed help finding their [redacted] mentioned a vehicle was flipped over in the middle of [redacted] and she believed [redacted] was involved.

Adams got dressed and went outside to meet with [redacted] Adams wore a black beanie, black sweater with a white T-shirt underneath, tan shorts, and tan Adidas tennis shoes. Due to [redacted] panicked voice, Adams grabbed his loaded, semi-automatic Glock handgun, and put it into his cross-sling bag. Along with the handgun, inside of his bag, Adams had a loaded, extended magazine. Adams estimated approximately 10 ammunition cartridges were inside the handgun's magazine. The handgun had a serial number; however, it was not registered to Adams. Adams found the handgun approximately 10 months ago at a park. Adams exercised near a dog park, found the gun on the ground, and took it.

Adams told [redacted] to pick him up and within five minutes, [redacted] arrived at Adams' house, located at [redacted] in Highland. [redacted] drove their [redacted] tan van and she was the only person in the van. [redacted] drove Adams to [redacted] in Highland, which is approximately a quarter of a mile away from Adam's house. Once [redacted] and Adams turned onto [redacted] Adams saw the street was blocked by police and he could see a vehicle flipped over in the middle of the street. [redacted] could not drive down [redacted] so she parked at a nearby business' parking lot, and they walked through the alley. Adams walked to the front of one of the apartment complexes on [redacted] and saw [redacted]

Adams met with [redacted] and explained everyone was scared and looking for him. [redacted] reassured Adams he was okay, but told Adams three guys tried to rob him. As [redacted] told Adams the story, Adams attention turned toward two Black males that walked by. [redacted] told Adams those were two of the guys that tried to rob him.

** Adams described each male involved in the incident and they will be further referred to by their suspect number for the rest of this report. **

Suspect #1: Black male adult, over six feet tall, with short black hair. He was between 25 and 30 years old and weighed approximately 170 pounds. He wore a red, black, and yellow Ferrari jacket, blue jeans, and unknown shoes.

Suspect #2: Black male adult, approximately five-foot-seven inches tall, with short black hair. He was between 25-30 years old and weighed approximately 170 pounds. He wore a black T-shirt, black shorts with red stitching, and unknown shoes.

Suspect #3: Black male adult, approximately five-foot-seven inches tall, with shoulder-length dreads. The dreads were black in color with blonde streaks near the bottom. He was between 25-30 years old and weighed approximately 170 pounds. He wore a white T-shirt, sky-blue shorts, and unknown shoes.

After [redacted] identified the suspects that tried to rob him to Adams, suspect #1 turned around and said, "So what!" Suspect #1 told [redacted], "Don't try to do no police ass shit." Adams interpreted that statement as [redacted] could not do anything right now because there were a lot of deputies close to them. [redacted] told Suspect #1 he did not care and told him they needed to fight. Suspect #1 swung on [redacted] and the two began to fight. During the fight, suspect #2 was about to get into the fight. Adams told Suspect #2 that it was a one-on-one fight and told him to stay out of it. Suspect #2 agreed with Adams and backed up.

During the fight between [redacted] and Suspect #1, Adams heard what he believed was a gunshot and immediately felt pain in his upper left leg. Adams directed his attention to where he heard the gunshot come from and saw Suspect #3 behind the staircase. Adams made eye contact with Suspect #3 and noticed he held a handgun down at his waist level. While looking at Suspect #3, Adams saw a spark come out of the gun, heard a gunshot, and immediately felt pain in his left leg. Adams moved his cross-draw bag across his chest to pull out his own handgun and Suspect #3 fired another shot and hit Adams in the left leg again. Adams pulled out his handgun, pointed it back toward Suspect #3, and ran [redacted] toward [redacted] As Adams pointed his gun at Suspect #3, he heard another gunshot and immediately felt pain in his left pinky finger. Adams shot his gun one to two times in Suspect #3's direction, but did not know if it hit him because he did not look. While Adams ran toward [redacted], he heard another gunshot come from the direction of Suspect #3 direction and immediately felt pain in his right middle finger.

WITNESS INTERVIEW CONTINUED: *Jerome Adams*

During the shooting, Adams ran [redacted] toward [redacted] and [redacted] ran [redacted] from the [redacted]. Adams had his handgun in his left hand when he entered [redacted] when he saw a deputy sheriff, later identified as Sergeant James Blankenship. Adams knew [redacted] was a deputy because he was wearing a police uniform, which he described as a tan shirt with shoulder patches and a badge, with green pants, and a handgun in his hand. Blankenship ordered Adams to drop the gun and to get on the ground. Adams complied with Blankenship's orders, dropped his gun, and got on the ground. According to Adams, Blankenship did not use any type of force to take him into custody and did not recall Blankenship shooting or discharging his firearm at him.

After Adams lay on the ground, Blankenship handcuffed Adams behind his back. Adams told Blankenship he was in pain from getting shot. Blankenship rolled over Adams, checked his injuries, and used his police radio to request paramedics. The paramedics arrived shortly after Blankenship called for them; however, they were unable to drive to where Adams was, due to [redacted] being blocked off. Blankenship and an unknown deputy helped Adams walk [redacted] on [redacted] toward the paramedics. Once they arrived at the ambulance, Blankenship helped Adams get onto the gurney. Adams explained Blankenship was respectful, helped him out, and did what he was supposed to do. Adams was transported to [redacted] for treatment and was later released.

Adams was not able to provide any additional information and we concluded our interview with him.

BLANKENSHIP: No.

CARTY: What uniform were you wearing?

BLANKENSHIP: You're talking about the day of the incident not....

CARTY: Yes.

BLANKENSHIP: Sorry. So on that day, I was not in One Sam One, I was in 1-8.

CARTY: Okay.

BLANKENSHIP: 1-8 the day of the incident. I thought, I'm sorry, I though you said the previous day, my bad. So yeah, I came on at five.

CARTY: Okay. So same shift PM One started at.

CARTY: 1700, 5pm?

BLANKENSHIP: Yes.

CARTY: Okay. And then did you have a rider or partner that day?

BLANKENSHIP: No.

CARTY: What uniform were you wearing and describe it please?

BLANKENSHIP: I was wearing the new I guess it's the new class A. It has a badge on the left breast, the flag on the right, my nameplate, James it says J. Blankenship, Central Station. I have a lapel mic, which is also on the front of my front of my uniform. On my belt. Both shoulders have the San Bernardino County patches, Sheriff

patches and my Sergeant Chevrons. Which my badge also has sergeant on the on the top banner of it. My badge number is 720.

My belt that day was my normal configuration where I have a drop-down swivel type holster with my Glock 21 that's department issued which as the department issued tac light. Next to that I have my pop-up OC holder. Next to that is a quiet keeper. Next to that is my belt recorder. On the left side I wear my keys. I have like an additional key for just a quick on and off, getting in and out of the car. It's easier, my key though I believe was still inside my unit because I left my unit running.

My three holster or magazine holder which does not have its tension retention holder for the three mags next to that is my baton ring which I have my straight stick with me. Next to that is my HT holder actually I'm sorry, next to that is my next to the baton ring is my Taser. And then behind that is my HT holder, which my HT was in, with my cord I wrap it around my back to the lapel mic on the front of my…

Going around the back of my belt, just keeper straps and then I have a double cuff case that's right behind my handgun, my holster for my handgun. Going down I was wearing the new green pants that go with the class A. I didn't wear a knife that night. And then I had my Danner boots.

CARTY: Okay. Was your belt recorder activated prior to or following the

incident?

BLANKENSHIP: There were times during the incident my belt recorder was activated. At the time of the shooting, I did not have my belt recorder activated because I was talking to Sergeant Jackson, about what the current investigation that was going on from the from the initial shooting that we responded to. I started to turn, walk away, I don't know how many seconds it was or so and I had not activated my belt recorder back on. I was in the middle of the street. I wasn't coming in contact with anyone at that moment. So, I had not reactivated my belt recorder. And when the incident occurred, I didn't have time to activate it.

After the shooting, and I was with the suspect, I did activate my belt recorder because I realized I hadn't turned it on. So, I turned it on. At some point, those moments after I had rendered that safe and I was directing people, that's when I reactivated my belt recorder.

So, there was prior to my contact with Jackson when I got on scene and I kind of walked. I had it on for a little bit until I started talking to a deputy who was collecting evidence. And because I was talking to a deputy, I turned it off. And then I went over, and I talked to Jackson. So, there was a short, and I provided you guys there was a short like three minute or so audio, and then there was an additional 10 minutes or so that when I was with the suspect and then I started making notifications to lieutenant

and others so like I turned my belt recorder back off.

CARTY: Okay. Does your unit have a camera?

BLANKENSHIP: No, it does not.

CARTY: Were you wearing a body camera?

BLANKENSHIP: I was not.

CARTY: Did you have a chance to review the audio that we provided as well as the video taken from that Wise camera recording of the incident before this interview?

BLANKENSHIP: Yes.

CARTY: Did you take any photos?

BLANKENSHIP: I did not.

CARTY: How much sleep did you get in the last 24 hours prior to that shift?

BLANKENSHIP: About six hours.

CARTY: The same question the prior 48 hours?

BLANKENSHIP: Anywhere from six to seven hours.

CARTY: So total, adding those together say 12 to13 hours.

BLANKENSHIP: Yes.

CARTY: Were you under a doctor's care taking prescribed medications that affected your ability to perform at the time of the shooting?

BLANKENSHIP: No. [redacted]

[redacted] [redacted]

BLANKENSHIP: Okay.

CARTY: What weapons did you use and what caliber?

BLANKENSHIP: The Glock 21, 45 caliber.

CARTY: How do you typically load it?

BLANKENSHIP: One in the chamber and 13 in the magazine.

CARTY: How do you remember loading your magazines before the shooting? And when was the last time you loaded them?

BLANKENSHIP: Last time was right after range. I couldn't tell you the exact date

within the last because I haven't gone to this trimester. So sometime in the last four months. I have not, I checked, I always at the beginning of my shift check to make sure there's still a round in the chamber in case you know something magical happened and it's no longer in there, but I check that the beginning of shift and holstered my gun and made sure my magazine was seated.

CARTY: Tell me what you remember regarding how you loaded your magazine. Did you chamber a round before the LFE?

BLANKENSHIP: It's always chambered, yeah.

CARTY: How many shots do you remember firing?

BLANKENSHIP: Three.

CARTY: Were you injured?

BLANKENSHIP: No.

CARTY: Have you ever been in an LFE before and if so, when?

BLANKENSHIP: [redacted] and I believe it was [redacted] and I think it was [redacted] or [redacted]

CARTY: What if any attempts tactics did you employ to deescalate the

situation?

BLANKENSHIP: It happened so fast. I remember yelling something like "stop sheriff" or something, something to that effect.

CARTY: What do you remember regarding the suspect's response to your efforts to deescalate the situation?

BLANKENSHIP: He was still running across the street with a handgun in his hand.

CARTY: Okay. Alright sir, I appreciate that, at this point, I gonna go ahead and open the floor up to you

BLANKENSHIP: Okay.

CARTY: To give us a narrative of the events. If you just start from the very beginning of your shift and go forward to the very end.

BLANKENSHIP: Okay. As I was heading into work approximately 4:15ish, I contacted my lieutenant because I'm on graveyard and I don't get a lot of opportunities to see my lieutenant to discuss issues with again personnel or whatever. While I was on the phone with Lieutenant Kaysie Nunn Smith, she told me that there had been a shooting at our station, we were involved in with Colton PD. Sergeant Mason who's my relief was out at the scene. His unit was locked down on the scene.

Immediately going through my head was all my equipment in Sam One unit that he was driving because that's how we do our shift change. I leave my stuff in the car, if he needs it, he can borrow you know I have books and stuff in there he can. So, my immediate concern was I gotta figure out a way to get my stuff out of that car, out of that scene. I got to the station, started preparing, putting my shift roster up, wanting my deputies just to go 10-8, because I knew that there wasn't going to be a need for briefing at that point. There were calls holding. So my main concern was getting in there, getting the shift going, getting out to the scene trying to get my stuff. My lieutenants and captain were also out at the scene. So that was my intent was to get in, get things going and get out there to the scene.

So I got dressed, got ready, went out, jumped into our second sergeant car, which is Sam Two and it had a dead battery because we didn't use it for some time. So, I had to get that jumpstarted had one of the deputies jump start it for me with a jumper box. He shorted out the board on the unit. So, the dashboard, so there was an issue with the heat being stuck on. So, the car was not a very pleasant experience driving to the scene.

Got there, I got to the briefing with Homicide, CSI, the involved agencies from the shooting; Colton PD, San Bernardino PD, the DA investigators, my command staff, other station command staff, Chief Bessinger. I basically stood by waiting for that to

conclude so that I could ask for permission to get my equipment out of the unit. Also, to see if I needed to give anybody rides back to the station or interviews with homicide. Got my stuff out of the unit, put it in the car that I was driving, and I drove Deputy Andrade back to the station.

My first concern was to get another car because that car was not going to be drivable for the shift. So, I ended up switching all my stuff into unit 1-8, which is our slick top marked MET unit, loaded up my car with my equipment. I had to get Mini 14, shotgun, less lethal, all the other, you know the pepper ball gun and all the other stuff that we carry had to transfer all that to that vehicle because it's not a sergeant unit. I was hot, sweating had sweat on my shirt. I was not pleasantly; my shift wasn't going well.

But for the most part, the shift that night was very, very calm. It seemed like most of the deputies were respecting the fact that something significant had happened. So, they weren't doing anything proactive to go out and you know create an additional situation, the department will be taxed with our resources. So that being said, I was at the station, it was my Friday, I was reviewing reports in the unit on Presynct, and approximately 12:36 or so, this, the call came out in Highland.

We share the channel with Highland. A shooting on [redacted] which based on all my training experiences is nothing unusual for [redacted] it's a very high crime area. A lot of times we get

shots heard, calls that end up being unfounded or there's no evidence, you know, when deputies go on scene. So, I kind of waited a little bit to see how the call developed. When Sergeant Jackson got on scene though, he put out that there was a vehicle flipped and he was waiting for additional units to arrive because there was a vehicle flipped in the middle of the street. That started to heighten my senses maybe this is, this is going to be a legitimate something, something's occurred. So, he started putting out that there was vehicles, I believe with bullet strikes, and there were shell casings. And he asked for Central units to assist.

So, I was good with we had two county units and then I also advised at some point that the casino units could respond. So, wanting one of my, I sent a MDC message to the casino units, two out of three of you can go, you figure out which ones but one of you stays at the casino.

So, I looked at the call, I noticed all three of my casino units were there. So that, based on what I still wasn't gonna go on the call because I didn't want to step on Sergeant Jackson, it's his call, not my call, but at some point, I was I got to thinking about it. Well, you know, it's [redacted] It's pretty a rough street, a lot, it's one way in and one way out. Not exactly the friendliest of people on the street towards law enforcement. So, I was already thinking maybe I got about half my shift there. I'm gonna go just so if there's additional supervision, plus I wanted one of my units

to leave and go back up to the casino for the contract.

I started to the scene. I got to the scene, I parked my unit on [redacted], just [redacted] of [redacted] but I parked towards the corner knowing that I didn't want, I didn't want my car down with all the way down at the other end of the street. Plus, with the car in the middle of the street, it wasn't probably going to be possible to get down there. I didn't want to get blocked in and I just figured I'd walk down the street.

So, as I digress just a bit as I was coming towards it, medical aid had been cancelled because they'd unfounded they hadn't found any shooting victims, so they had medical clear. I passed one of the fire trucks on the way pulling in, so I knew medical aid was clearing from their staging.

I continued walking down the street, people were out, it's your typical [redacted] People were you know laughing you know, there's just it was like showtime in the neighborhood, it didn't appear people cared much that there had been a shooting. They, you know, I think they were more entertained by us being there than they were caring that there had been a significant event on their street. They were putting out the houses had been hit from the initial shooting that there were shell casings located. I saw deputies put down placards in the street for shell casings.

So, I just kind of walked and was assessing what was occurring

in the neighborhood. And my assessment was, nobody cares. We don't have anyone hit; we do have a car in the middle of street. To me it was more concerning that because they're not caring. Their attention is going to turn to us at some point and because it's not a law enforcement friendly neighborhood, potentially we could become victims of their snipe, or any hostility from the neighbors, or neighborhood.

With that mind, I started continuing down the street, got down to Deputy Jewsbury who was picking up the shell casings. Just kind of looked at, I think I asked him what the caliber was. He started asking me about Top Gun, I had gone to that movie. So, because it was becoming a personal conversation. I turned off my belt recorder. Just talked to him for a moment or two, and walked back up to Sergeant Jackson, who had deputies trying to find witnesses and any video in the neighborhood. So, when I walked back to Jackson, my intent was to tell him, and I basically conveyed it in our conversation let's pack this up. You know, let's get as much evidence or whatever and let's get out of here. It's not the neighborhood to linger in. It's not good for, there is potential for us to get involved in something. Which is the next part of the story. He agreed.

He started walk away from me. I don't know how far he was how many seconds it was, but we had separated because of talking to Jackson I didn't have my belt recorder on. All of a sudden, I heard gunshots and I look to my right. I can see a subject

shooting. There were people around that subject. He was in between, two of the apartments like in the courtyard area, but out towards the front of the courtyard. I saw a second subject shooting back I saw a muzzle flash. I would say that the subject with the group we'll call him shooter number one, that there was probably five to six people around him. The subject who fired back, I think fired one or two times as he was moving away from the subjects, towards the cars that lined the street. In between the cars, I heard another additional shot. And as he came out, he was still firing as he was running. And to me it seemed like he had, he's hand was extended back at a cocked angle, and he was just firing indiscriminately back towards that crowd.

I knew that there was a deputy because the last I saw there was a deputy that was across the street from where they were at that was also talking to neighbors trying to get, I think a statement or something. My concern became one: he's shooting indiscriminately into this crowd, he's possibly going to hit the people that weren't shooting at him who call them innocents that were although they may have been agitated with him or what, I don't I don't know. But they definitely weren't shooting at him. There was only one subject who was shooting at him. He's not taking, to me, any type of aim or whatever to hit. He's just hand cock back firing. He's also running towards where my deputy's at, drawing fire from that same suspect in the direction of where my deputy's at.

I didn't know if he was you know potentially the deputy turned to engage, I didn't, I didn't know. So, my concern became fear for that deputy's safety, the people that the deputy was talking to, the people that were around the other shooter. And as I yelled, I think I yelled something like "stop or sheriff". I can't recall exactly, but I know I said something verbally.

Then my thought became, stop the threat in the street. Stop him. I couldn't shoot at the other shooter because he was in a crowd, there was no safe way to engage him. Plus, this guy was running in front of me. And so, I believe he started to turn towards me, and I fired three rounds as he went across.

I knew my backdrop was good. [redacted] where it dead ends at the end of the street is a field. I had been looking down that street most of the time I was there, although it was dark, I didn't see anybody you know lingering at the end of the street. You know, there was nobody out in the street, down in that area. Most of the people were up behind me on the sides of the street. The neighbors were out and around the neighborhood.

So, as he as I fired, kind of just tried to fire center mass as he went across the street, but I was also moving towards him. I just saw him go down. He went down behind a car. I lost sight of him for a moment or two and my attention kind of diverted back over to the other people that were in that crowd and they were running and dispersing. It looked like almost that whole group

went upstairs to that upstairs apartment, which is where eventually I told Sergeant Jackson, "I think that other shooter is up there."

Once I saw them go up the stairs, I went to the suspect who was laying on his stomach, but his hands were out at his side and his, I can see his blood on his hands. I didn't see any kind of blood, he had if I remember white like tank top and white shorts. I didn't see any blood you know like coming through like a through and though type wound or anything like that. He had like a bag on him that was like a laptop type bag, a gray laptop bag. I wasn't really concerned that the gun was going to be inside that laptop bag because it would have taken time to put it away, so I was more concerned, just roll him over make sure it's not underneath him or whatever.

Rolled him over, patted him, pretty much could see his clothes, he didn't have a lot of clothing on, so it wasn't like any bulky clothing where I was concerned a firearm was on his person there. I roll him over, gun wasn't there, patted him down, handcuffed him. I don't believe I double locked, I might have. Cuffed him with his back and he was laying on his stomach. He was conscious.

I looked around under the immediate area where he was at, and I could see the gun was over in the dirt like little easement on before you get to the sidewalk on the other side. The way I saw it

was it had a green laser and the laser was on, so I looked over and I saw the laser kind of pointing and I looked up and there again took the gun, picked it up.

The bottom part of the gun was all ground down, it felt like it was like all scraped up and I figured he probably when he had fallen it hit the asphalt unless it was that way before, but I assumed that that was probably it. And that so as I went to eject the magazine from it to clear it and render it safe. It was kind of kind of stuck as it came out the magazine there was no rounds in the weapon. I checked the chamber and ejected the magazine. I believe it was like a Glock 19. I set that on the trunk of the car so, it was right there with me. I stayed with the suspect, and I started directing on the radio.

At that point Jackson had also returned back over and I started directing all the units. All of my other county, Loma Linda, Grand Terrace units and San Bernardino Police, I asked for them to respond. I also asked for Fontana S.O. and Yucaipa S.O. to respond. It appeared to me we needed to get some type of cover and concealment, so I started trying with Jackson to coordinate deputies down to where we were at. Deputies were running down the street to us. I just remember hearing the neighbors yelling and you know.

Like, once again, it wasn't like, it was more like entertainment to them. If that makes sense, it's not really like it. None of this you

know was shock and awe for anyone. So, it was still concerning to me the neighbors that were out now that we've shot at one of them in their neighborhood I was concerned for our safety. While we're trying to worry about the subjects up in the upstairs apartment, who now had high ground and were barricaded.

During the time I was with the subject, I just kind of reassured him. I knew as his wounds did not appear to me to be life threatening. Some point I sat him up, he had looked like blood in his groin area. I never took his pants to see but it wasn't profusely bleeding so I wasn't concerned of a femoral hit where he was bleeding out. He was conscious, he wasn't losing consciousness. He was complaining about his fingers more than he was complaining about the wounds to his groin.

At some point, I figured we've got to find a way to get him up and out of here. It was obvious I was going to have to probably lift him and carry him out because there was no way an ambulance. One: for the safety of bringing the ambulance in was gonna occur. There was no way that I was gonna get the ambulance past the car that was flipped. It's blocking the middle of the street. We barely got a unit down to where we were at to use for cover or two units, I think they got down.

So, I asked for one of the deputies to help me carry him and we picked him up and walked him up the street. He was in pain while he walked, but he was able to walk. I told him you know

you'd be alright. Just was light conversation with him. Got him about halfway, I handed off at some point I took kept the gun in my possession his backpack and his cell phone, and I handed those off to a deputy and I originally, I thought it was Holt. But I asked later on the radio or something if he had the gun or whatever, Holt said he didn't have it, but it was another deputy we figured out which. I'm sure you guys now have the gun, whatever, but that was handed off.

Took him up the street to the ambulance, which was up waiting up near my unit. And I just remember seeing a sea of units down Baseline. We loaded the guy in the ambulance. After I loaded him in the ambulance, I turned my tape off after I went over to my unit. Jackson was handling some personnel down at the other scene.

I got my phone from my car, and I called my lieutenant, Lieutenant Lane, who was the on call for Central Station. Called him to inform him what we were working and that I had been involved in a shooting. Lieutenant Lane told me I needed to as soon as possible get out of the scene. If I couldn't get my car out have somebody else take me out and have someone take me back to the station and he was going to be en route to the station. I told him I would do that as soon as I was assured what was going on with Jackson, if he had everything he needed, coordinating the deputies that were arriving.

I was fine I didn't feel like you know, was in need of getting out of there. I've been around a number of critical incidents. I felt fairly confident in how I was feeling and what was going on. That I didn't need to immediately leave and go sequester myself at that moment. I felt I was a better use helping Jackson with a very chaotic scene. So, I maintain, made sure he was good. He's good, go ahead and go. He asked me to take one of the trainees with me back to the station. I just felt that would be awkward talking to her. I declined as she asked if she could go with me back to the station, I told her to maintain at the scene.

When I was opening my car door, I didn't realize that there was a suspect had been placed in my car at some point during this. A person that had come out of the out of the apartment they had placed him in my unit, so I told the trainee her number one job now was take that suspect out of my car advise over the air, she had taken him out of one eight and put them in whatever car she was going to put him in. And they also advise over the air what car she was putting him in. That way she had something to do, and I can leave. So, school police had to move their cars and I backed my unit out and went to the station. Waited and Lieutenant Lane came, and the rest is there.

CARTY: Thank you. We appreciate that. We're gonna go back. Everybody good right now? Breaks, everyone's okay? I'll go back to the very beginning. I'll go over some more stuff for us. You said at the beginning of the shift your priority was to get the

deputies 10-8, by 10-8 do you mean put them in service and ready for calls for service?

BLANKENSHIP: Yes.

CARTY: And you jumped into One Sam Eight, can you describe that unit?

BLANKENSHIP: It's

CARTY: Describe that unit for me and what's affixed to it?

BLANKENSHIP: Yeah, well the first car, the One Sam Two or the One Eight is the one I ended up driving.

CARTY: The unit you ended up driving for your patrol shift that night.

BLANKENSHIP: One Eight. It's a slick top marked Ford Explorer. Our MET team uses it, so it's not utilized a lot. I think it has low jack. It just doesn't have all the stuff that a sergeant car had. So, I had a lot of the equipment, so I had to take you know put the sting balls and stuff in case if we encounter somebody.

CARTY: Is that unit equipped with Sheriff's decals or?

BLANKENSHIP: Yes. Sheriff decals, it has the lights are in the in the window, so it doesn't have like an overhead light bar. Equipped with siren and light.

CARTY: And you explain that you are sending MDC messages to your deputies. By MDC, are you referring to the Mobile Data Computer inside the units?

BLANKENSHIP: Yes.

CARTY: Any prior incidents you've been in on [redacted] and if so describe?

BLANKENSHIP: I've been to several of these shooting calls on that street. Both back when I was on patrol in 2015 at Central Station. And this time, I've been to a couple of calls where Highlands been out there where there was a shooting. When I was in narcotics on the Street Team, we served search warrants on [redacted] We have done proactive patrol on smash sweeps, when prior to I worked on Operation Cease which was back in like 2005, 2006 which was a, it was a collaboration with the San Bernardino Police Department where we work all of the high crime apartment complex areas and did extra patrols, smash sweeps, went and served arrest warrants.

[redacted] was a frequent location that we would patrol because of the amount of high crime that occurs in the parolees and probationers that live in that area and subjects with active warrants. I knew it's a one way in one way out. There are alleyways back behind the apartments. I believe I've recovered a

stolen vehicle there back there when I worked on Operation Cease when my partner was Ryan Peppler.

It's just a well-known high crime area. And in my opinion of working Fontana, and other areas of this county and in San Bernardino, it's probably one of the worst, if not the worst areas in all San Bernardino, Highland. Maybe one of the worst areas in our county. This because of the per capita amount of crime and gang members and stuff that live in that condensed one way street.

CARTY: Okay. Prior to you, let me ask this. How did you assist on that call was it, self -assist or did you broadcast over the air?

BLANKENSHIP: No, I A/E to the call.

CARTY: By AE'ing, you use your mobile data computer to input yourself to that call and add yourself to that call?

BLANKENSHIP: Yes.

CARTY: As you begin to travel towards the call, was there any information dispatch put out over the air or any deputies on scene that they broadcast over the police radio?

BLANKENSHIP: Yes.

CARTY: Describe what was broadcasted.

BLANKENSHIP: So, at the beginning of the call there was there was mention, I believe it's possibly a child was hit or something to that effect. That I believe was unfounded to some degree. With the initial that there was, there was like 20, in the call, they said that there was like 20 shots fired. Deputies when they got on scene, with the vehicle flipped over and saying that there was bullet strikes. Then there was additional calls coming in, not just one. A lot of times, we'll get a single call of a shooting and usually those are unfounded. This was multiple calls. To me it was sounding like this is going to be a legitimate shooting call and that's why I had the extra units go to the call from our area to assist the City of Highland.

CARTY: As you responded from Central Station, did you drive using your lights and sirens?

BLANKENSHIP: No.

CARTY: How long approximate time pass from when you received the call, decided to assist and responded on scene?

BLANKENSHIP: I believe I was there within four minutes.

CARTY: And once you arrived on scene, you said you described that the street was blocked off and there's a vehicle flipped over in the

middle of the roadway.

BLANKENSHIP: Yes.

CARTY: Describe that vehicle and what you observed as you looked down the street?

BLANKENSHIP: It was some type of SUV. And there was glass in the street in the trail leading up to where the car was. It appeared it had hit four or five cars that were parked along the [redacted], the [redacted] curb line of [redacted] The vehicles appeared sideswiped. So, and I think this was the assessment put out by Jackson, and I agreed with it when I just looking at the scene someone probably tried to take off in a hurry from potentially the gunfire that occurred at the end of the street and crashed.

But to my knowledge to this date, there was nobody in the car, nobody around the car and nobody's saying who was in the car in the area. Uncooperative neighbors, and they all heard it to call us, but when we got there nobody was seemed forthcoming to tell us well, it was that person over there, we saw somebody run away.

So, there was also what appeared one or two bullet strikes which is where I first encountered Jackson. He was counting bullet strikes on cars. I believe that there was a broadcast that there was a house hit. I think a deputy put that out that they were

checking a house that had been hit by gunfire. So there definitely been a shooting with the first call prior to me getting there.

CARTY: When you arrive on scene, who else is there, what other personnel?

BLANKENSHIP: I'll go by the deputies I know that were there. There was Deputy Brandon Moore from my station. Deputies Torres and De la Cruz. Torres is the training officer FTO and De la Cruz is the trainee. Cipriano Lopez was there. Deputy Jewsbury was there. From Highland Station I believe was Deputy Knowlton, Deputy I couldn't tell you the other, the other two deputies. I don't know, I know them by face and then Sergeant Jackson and Deputy Kelly Bush was there for my station from Grand Terrace. He wasn't on the call. I told him go back to Grand Terrace. So, because to me, it wasn't a necessity at that point to have the south cities be up there. We had I felt enough units to handle what we were, especially since we didn't even have anyone hit. So, I wanted him to go back to Grand Terrace.

CARTY: Okay. As you guys are assessing the scene prior to you saying that you heard gunshots, where are you standing in relation to where these guns shots are heard?

BLANKENSHIP: So, I was about three quarters of the way down the street in front of, I'd have to look at the apartment number something [redacted] or [redacted] So, I was probably standing just [redacted] of [redacted] or [redacted]

[redacted] in the middle of the street right about this part right here.

PAGE: Just for the record, we just showed you a Google Earth image that is an overall view of [redacted] depicting [redacted] is that correct?

BLANKENSHIP: Yes.

PAGE: And this is a historical image and does not depict the vehicles parked on the shoulder of [redacted] is that fair to say?

BLANKENSHIP: Yes.

PAGE: With that in mind this is a fair and accurate depiction of the street during this incident?

BLANKENSHIP: Yes, that's what the houses look like.

CARTY: So, as you're standing in the middle of street, estimate how far the gunshots are or where the subjects are standing as they're exchanging gunshots.

BLANKENSHIP: I'm terrible at distances I would say 30 feet approximately from where I'm at, approximately 30 feet but that's once again I'm not.

[redacted] It's an estimate.

CARTY: Estimate, yeah. Okay, and describe these gunshots How many do you hear? What's the cadence?

BLANKENSHIP: It's rapid. The subject that was standing out front of [redacted] they were standing like in this area where this walkway is, and the second subject was standing closer to the sidewalk. And so, they're about a 10-foot approximately, a 10-foot distance from each other. It was six shots from the subjects closest to the apartment. So this is shooter one I will call the other guy, that I ended up shooting, I believe I end up shooting is shooter two. And it was like boom, boom, boom, boom, boom, boom, you know like he's shooting back. But like they got off, like four or five before this guy fired two. And then, this guy stopped shooting, and this guy was boom, boom… boom, boom, boom. I think four or five shots, approximately, so it was like two and then like two as he was between the cars and like two more as he was going out in the street.

CARTY: So total between suspect one and two, you would say five to six from the first suspect?

BLANKENSHIP: From suspect two which is the guy, that I call that the guy I shot, and suspect one that was in the group of people, probably six.

CARTY: So, a total of possibly 12?

BLANKENSHIP: Yeah.

CARTY: Okay. If you were able to visually see these subjects, can you describe them please?

BLANKENSHIP: I, I couldn't describe the first subject, the guy in the crowd of people, other than a Black male. I just couldn't focus on him. I saw his handgun; I was focused on that. The suspect I shot young black male, short hair. I don't recall him having facial hair, white t- shirt, white shorts. He was shorter than me because I helped carry him down the street. So, I'd say he's 5'8,5'9. But initially he was on the ground. Very thin build and I would say he was in his mid-20s. But everyone seems young to me these days.

CARTY: As these two subjects are shooting at each other, what is the crowd doing?

BLANKENSHIP: There was yelling. There was cussing. I remember hearing yelling and cussing from that. You're talking, when you're saying the crowd, there's a crowd up and down the street, but the crowd down where he was shooting back at, there was yelling and cussing at and there some of them started running, some stood there and were standing there during the whole thing. Like they almost like they were, I don't know, like frozen, like, you know, the deer in the headlights like they didn't, they didn't move until I started shooting, then, like, I sensed that there was people that started running away.

CARTY: So, as you see the suspect run between the two cars. At that point, estimate your distance from the suspect and yourself in the middle of the street.

BLANKENSHIP: I had started closing the gap, I don't know maybe 20,25 feet.

CARTY: And what does the suspect doing at this point?

BLANKENSHIP: He was turning and shooting back at the people.

CARTY: At this point, you observed the gun?

BLANKENSHIP: Yes.

CARTY: Describe the gun to me.

BLANKENSHIP: It's a black handgun, black, it ended up being a Glock, Glock 19.

CARTY: And describe how you knew that he was shooting at

BLANKENSHIP: Myself.

CARTY: backwards towards the crowd.

BLANKENSHIP: I saw a muzzle flash. And I heard it.

CARTY: At this point as the suspect's shooting backwards towards the crowd and running across the street, how did that make you feel?

BLANKENSHIP: Honestly a little scared. You know, I'm a [redacted] guy with [redacted] a [redacted] and [redacted] and I don't want to be in another shooting. I don't want to be, I really don't want to be down there you know. But it's the job but.

CARTY: As a suspect now runs between the two cars and he's in the middle of the street with you. You described that a deputy was on the other side of the street. How far is the suspect from that deputy now?

BLANKENSHIP: He's about the same distance

CARTY: Estimate 20 feet.

BLANKENSHIP: 20, 25 feet, sorry.

CARTY: And now you're standing still the middle of the street. Are you continuing to close that distance between you and the suspect?

BLANKENSHIP: Yes.

CARTY: What's the distance now? between you and the suspect that estimate?

BLANKENSHIP: I ended up, I mean my shots were boom, boom, boom. It wasn't, as I kind of tracked him across the street and then when he dropped so then my thought was, I need to make sure he doesn't still have the gun and shoot me or so as I approached up the gun pointed at him, and I could see his hands were just bleeding. I didn't see the gun. So, at this point, I figured I'd better get him handcuffed and then find the gun.

CARTY: I'm just gonna go back a little bit more. When you saw the suspect run in the middle of street, did you see the gun in his hand still?

BLANKENSHIP: Yes.

CARTY: When you observed that gun in his hand and he turned toward you describe that. And how that made you feel?

BLANKENSHIP: Same way I was scared. I was scared and I was worried about who, who else you know could get hit. People, my deputy going to turn and react and then you know this guy, now because I'm shooting at him considers me another threat and he starts shooting at me or my deputy you know, he turns sees the deputy thinks it's him.

He's going to shoot at him, the people that the deputy is talking to you, is he gonna shoot you know. To me, in my mind at that

moment, he didn't care about. They didn't care that there was law enforcement on the street. They didn't care that we were there investigating. They had a gunfight while police were there. So, there's no regard for authority or anything else. So, everything to me in this person's mindset is out the window. And we're potentially going to be shot also, you know, and that was going through my head.

CARTY: As a suspect continues and he turns towards you, you say you fired a shot.

BLANKENSHIP: Yeah.

CARTY: Describe your shooting platform, how you stood.

BLANKENSHIP: Is a two handed, just moving towards him at a, like a brisk, you know, even heel to toe, walking towards the threat shooting out.

CARTY: And you're describing by showing by having both arms extended forward, with hands, both hands on the firearm?

BLANKENSHIP: Yes.

CARTY: Did you use your sight picture?

BLANKENSHIP: Yes, my front sight.

CARTY: Okay. As you fire that first shot, what's the distance now between you and the suspect?

BLANKENSHIP: Like I said, like 20, 25 feet the first shot.

CARTY: What is the suspect doing at that moment?

BLANKENSHIP: Still moving across the street.

CARTY: What effect if any, did that first shot have on the suspect?

BLANKENSHIP: I don't think it did. I don't know. I really don't I just. I know first, second, third, about the third, he was falling to the ground. So that's why I assume I hit him once, twice. But I don't know.

CARTY: So, between your first shot and second shot, how much time do you believe had elapsed?

BLANKENSHIP: It was split seconds. Very. Just boom, boom, boom, boom.

CARTY: So, your cadence was one after the other?

BLANKENSHIP: Yes.

CARTY: Okay. So, after your second shot, or during your second shot, did you use the same shooting platform?

BLANKENSHIP: Yes.

CARTY: Did you use your sights on your handgun?

BLANKENSHIP: Yes.

CARTY: Did you see the second shot have any effect on the suspect as he ran?

BLANKENSHIP: It didn't seem like, it was like you know, there was no hit and he fell down until the third.

CARTY: Is there anything being said by you at this time or the suspect?

BLANKENSHIP: I don't believe I said anything at that point. I think I was just shooting and concentrating trying to hit a moving target.

CARTY: And now going into your third shot. Same shooting platform?

BLANKENSHIP: Same shooting.

CARTY: Using your sights?

BLANKENSHIP: Yes.

CARTY: Do you believe that third shot had any effect on the suspect?

BLANKENSHIP: I believe so.

CARTY: Did you observe? What did you observe the suspect do next after that third shot?

BLANKENSHIP: He just fell down behind a parked car that was parked on the [redacted] side of the street, the vehicle was facing [redacted]

CARTY: On the curb line?

BLANKENSHIP: On the curb line, yeah.

CARTY: Is there anything being said by the suspect or yourself at this point?

BLANKENSHIP: "Show me your hands!" I believe I started yelling as I as I approached.

CARTY: As you approached did anyone assist you with making contact with the suspect and handcuffing him?

BLANKENSHIP: Initially I got over the top of him, I don't recall anyone being there but within a matter of seconds Jackson was there and then as I was starting to handcuff him, I handcuffed him immediately.

CARTY: And as your handcuffing him you observe injuries to his hands, you stated earlier. Did you observe any other injuries on his

body?

BLANKENSHIP: Not until I rolled them over to pat him down.

CARTY: Okay. And what other injuries did you observe when you rolled him over? And which way did you roll him over?

BLANKENSHIP: I rolled them over onto his right side and I can see his groin. There was bleeding in his groin area.

CARTY: After doing that, you see that the gun was located a distance away from where the suspect laid on the ground. How far or estimate the distance between the suspect and the firearm that was on the ground.

BLANKENSHIP: Two and a half I would say probably two and a half three feet approximately.

CARTY: Okay. And can you describe that gun or describe that gun when you located it was the slide open, closed?

BLANKENSHIP: The slide was not locked back. So, I believed it was still loaded. There was a green laser light on the bottom of the gun. The laser was on, the gun was laying on its left side, so in the dirt. I picked it up, ejected the magazine. Like I said, there was like, damage to the bottom of the gun, which I believe probably occurred, in my in my estimate what happened is that it occurred when he fell

to the ground got scraped, and it was because it was really like roughed out on the bottom, pulled the magazine out, and then racked the slide back and no rounds came out of the gun.

CARTY: After handcuffing the suspect and making contact with him, describe what the suspect's saying if anything to you.

BLANKENSHIP: He was just telling me he got shot. And it's like, yeah, I know. He said his hand, his fingers were shot off. And they're like from that and I'm, yeah. And he said he was in pain. I said you'll be alright. You know, he's talking, I set him up in a seated position. He asked to use his phone. I told him he wasn't going to make any phone calls; he still was able to do it with his face. I don't know how he like leaned on his phone or whatever. While he was still laying on the ground. He did this because for a moment or two, I had him laying handcuffed and his phone had I don't know how he fallen out or whatever his bag, but it's right up by him and he used his face and he started talking to someone and I hung up the phone or put the phone on the on the hood of the or the trunk of the car. I didn't want to tell him, hey, I just got shot, would you please come down here and bring some more people to come down here and escalate the situation. I didn't want that to occur. So that's why I didn't let him talk to anyone on the phone.

CARTY: After lethal force encounter occurred, and you were able to safely detain the suspect, how much time elapsed before medical aid was requested?

BLANKENSHIP: It was maybe a minute, within a minute or two. I was trying to focus on just getting enough deputies down to where we're at so we could get it safe, but I immediately started thinking what am I going to do with this guy. How am I going to get him out of here? And where's medical aid gonna stage or go to. How are we gonna get him to it. He looked to me to be fine to walk him down the street, or at least carry him down the street. But we had to make it safe for us to be able to make that happen. So, I had to make the personnel moves to get down there where they can cover us and then get a deputy to help me carry him up the street to an ambulance. So, we got ambulances rolling, they probably weren't that far away. We just saw the fire trucks and stuff leave just prior. So, I don't know if anybody else had requested ambulances, but I remember asking for it. Then once we once I felt it was safe, we picked him up and carried him up the street and got him out of there.

CARTY: Prior to removing him from the scene and escorting him up to the ambulance, did you or anyone else on scene provide any type of medical aid to him?

BLANKENSHIP: It didn't appear that there was anything that was life threatening. It was I didn't see any profuse bleeding that would need me to apply a tourniquet. Get a tourniquet from someone or I, there was nothing that at that moment there wasn't the heavy bleeding of you know, some type of life-threatening injury. Everything

seems to be superficial. I've been around a lot of shootings. I felt fairly confident in my assessment of what his situation was that we had a little bit of time, not that we were going to sit there and linger but we had a little bit of time to make some moves. We didn't need to pick them up and swoop him out of there.

CARTY: You said earlier that you requested a deputy to help escort you out him from that scene out towards the ambulance, who was that deputy?

BLANKENSHIP: I believe Tamayo was the other deputy on the other side of me.

CARTY: The last name Tamayo?

BLANKENSHIP: Tamayo.

CARTY: You know the first name?

BLANKENSHIP: I got to look in here, it's gonna be one of the casino units. Yeah, I'm sorry, I think it's Robert, but I'm not.

CARTY: If you're not sure, that's fine. Deputy Tamayo assisted you though in walking him up to the ambulance.

BLANKENSHIP: Yeah. We got about most of the way up the block and another deputy come I think it was Knowlton, and I ended up handing him the gun and the bag and the cell phone to. And then as we

continued up the block a little bit further Deputy John Holt was coming down the street. And he said, "Sarge I'll take him for you" and he actually took my position and I handed the suspect off, and he helped with Tamayo or I think it was Tamayo up the street with the suspect. And I just followed them up to the ambulance and we helped load them onto the gurney.

CARTY: Okay. How much time you think elapsed from the time of lethal force encounter until the suspect was in the backseat or on that gurney?

BLANKENSHIP: Less than six, seven minutes like if I had to put a time on it.

CARTY: Okay, and then just to jump back to the prior to lethal force encounter occurring. At any time did you go to any other weapons that you have on your duty belt, any less lethal options?

BLANKENSHIP: No.

CARTY: Explain why you did not choose to use a Taser or OC at that point?

BLANKENSHIP: Well, it was a gun fight. It wasn't a fist fight, you know, there was no, there was no call for using less superior weapons to what the suspect was using. The suspect's using firearm, you use a firearm to stop the threat and counter it. So that the others were

not even a single option to me.

CARTY: I'm good. I'm sure my partner will have some questions, follow up questions for you. Do you guys want to take a break or are we good?

BLANKENSHIP: I'm good.

[redacted] Do you want to use the restroom?

BLANKENSHIP: No, I'm good.

PAGE: I have a few things. James, prior to this LFE, and when you loaded and made your weapon ready, after you chambered that initial round to the chamber, did you put in an additional round, or did you top off your magazine?

BLANKENSHIP: When I say I just pulled back the slide and verify that there was a round in the in the well.

PAGE: Is your weapon, do you have it set up where one in the chamber and 13 are in the magazine?

BLANKENSHIP: Yes.

PAGE: Then you talked about your patrol vehicle being equipped with lights in the window? Are those the red and blue emergency

lights?

BLANKENSHIP: Yes.

PAGE: How long from the original broadcast of the call for service of the subsequent PC 246 for that shooting that occurred until you arrived?

BLANKENSHIP: The call was created; it was dispatched at 12:39 and I arrived right around, I think it's 12:56 I arrived at the call.

PAGE: Okay.

BLANKENSHIP: Something like that. I'm not.

PAGE: Okay you need to.

BLANKENSHIP: I'm sorry. I resided, I arrived at 1:01.

PAGE: Okay. Now you, you mentioned that during your initial investigation in your description of this neighborhood that you had some concerns of being sniped. What did you mean by that?

BLANKENSHIP: That someone would shoot us while we're out on the street investigating from an undisclosed location. Because it's not a law enforcement friendly neighborhood, due to things that have been going on in the current climate, in our country and what's going

in law enforcement we are not exactly everybody's hero and especially on that street. And so, my concerns that someone might try to take some shots at us possibly at this scene. It's always a thought process in the City of San Bernardino because this is a very violent city. But when you add in [redacted] being a violent street that I know it to be and that was a concern.

PAGE: Describe the lighting conditions when you arrived.

BLANKENSHIP: Dark.

PAGE: Were there streetlights?

BLANKENSHIP: Sorry, yeah, but it's a dark street. There are some streetlights. There was some illumination from out by the, the apartments, some of those lights are broken out. It's just, you know, it's just not a well, well-lit street. It's lit, but it's not well, well lit. It's not.

PAGE: During that initial investigation, and with the darkness, were deputies utilizing flashlights to conduct that investigation, walking around the street and the neighborhood?

BLANKENSHIP: Yes.

PAGE: Does that put themselves in a position of disadvantage from subjects around that neighborhood?

BLANKENSHIP: Yes.

PAGE: Describe [redacted] is it that you said one way and one way out the, is a residential area, multiple apartment apartments, and that type fixed?

BLANKENSHIP: [redacted] like I said, it's one way in one way out. It's probably maybe 200, 250 yards long from [redacted] down to the end of [redacted] There are like your two-story apartment buildings on the [redacted] side of [redacted] And there's like small duplex or single-story house/apartments on the [redacted] side of [redacted] There is always cars packed down though the entire street [redacted] and [redacted] in direction parked along the curb line. So, there's a very narrow street to drive. So even it's one way in one way out. And then it's even more complex, because you can very easily be blocked in. There is a way to get around the back of the apartments on the [redacted] side and it's an alleyway which is not lit at all. It's also just a haven for criminal element to hang out, sling drugs and everything else that occurs in that back alley. So that's not really a great option for an escape route. It's the end like I said it's poorly lit.

PAGE: You mentioned that the suspect who you ultimately contacted on the ground after the LFE, you described him in his relationship to this neighborhood as one of them. Are you referring to the subject you contacted was a subject who lived in that neighborhood?

BLANKENSHIP: Yeah, I'm saying one of them. One of the people from the area that yeah, not anything.

[redacted] Not, non law enforcement?

BLANKENSHIP: Yeah, not law enforcement not, you know.

PAGE: Okay. Have you ever contacted that suspect before?

BLANKENSHIP: No.

PAGE: Now after the LFE what if any additional hazards were present, did a crowd circle you and approach you and the rest of the deputies that were present?

BLANKENSHIP: Oh, the crowds started coming out and they you know, I had to tell people to get back it you know, like, people wanted like, we're loading a guy in a in an ambulance with gunshot wound and there's police cars all up and down the street and people are like, can I go to my house. And you're just you're like, it doesn't make sense to do. Does, that wouldn't make sense but to me working there is like there's not there's not a care in that.

PAGE: Did the considerations of the crowd that was around you after the LFE limit your ability to render any type of medical aid to the subject?

BLANKENSHIP: Yeah, I had to, I couldn't initially do, unless it was something horrific, there wasn't anything I could really do because I still had another shooter that was in the area that I was concerned with. Who knew if people were going back to go get more guns or whatever else. Were people now because I just shot somebody, now I become the person that people want to shoot because he's the person that maybe one group particularly likes in the neighborhood. These are all thoughts that were going through my head. I could potentially now because I shot somebody, you know, from the neighborhood. I know I'm gonna get attacked because I didn't just let them handle it. The two shooters handle it themselves like.

PAGE: Were you in fear for retaliation or retribution after the shooting?

BLANKENSHIP: Yes.

PAGE: You describe that the only thing you saw from that initial shooter that was in the entryway, was his gun, describe his gun.

BLANKENSHIP: The shooter one we're calling?

PAGE: Yes.

BLANKENSHIP: The one with the group?

PAGE: Yes.

BLANKENSHIP: A black handgun.

PAGE: How many people were in that entryway or that crowd that you described?

BLANKENSHIP: Five or six, in addition to the shooter. I also know, because while they were taking people out of the apartment, one of the subjects have been shot, who was in that group of people. I don't know if it was ever confirmed. If that was one, the person that I believe that I shot, I believe. That subject.

PAGE: Is that information you learned at a later time?

BLANKENSHIP: Yeah.

PAGE: That another person had been shot?

BLANKENSHIP: Well, while I was loading the guy in the ambulance that came out, that they were with someone that come out with a gunshot wound.

PAGE: Okay. Now, as subject number two, the subject you contacted, you detained in the lethal force encounter that you engaged, what specific hazards were present, which caused you to use lethal force?

BLANKENSHIP: My concern for the people that were not engaging in a gunfight with him that he was shooting in their direction. I was concerned for their safety. I was concerned for my safety in the street. Jackson, everybody else that was behind me that if he was to turn and shoot at me, I was concerned about my deputy across the street, which is where he was running towards. I was concerned about the people that the deputy was talking to and anybody else that I didn't know, potentially could be over in that area. I was concerned about the safety of the people in the neighborhood. These guys are just like I said before, are shooting.

PAGE: What did you think would happen if you did not fire your weapon?

BLANKENSHIP: Someone else could get hit. Someone else could have gotten killed.

PAGE: As that suspect was running [redacted] in the middle of the street away from that crowd and away from that shooter, number one, did you see or become aware of any injuries or did he appear injured as he was running?

BLANKENSHIP: He didn't appear injured to me when he was running and shooting. I couldn't see any injuries.

PAGE: Now, as you described, the suspect is running [redacted] away from that crowd, you demonstrated as he was running, he raised the gun with one hand back away from him as he's running [redacted] so, he's pointing to the [redacted] is that correct?

BLANKENSHIP: Yes.

PAGE: One hand you motion about shoulder height, was that is that fair?

BLANKENSHIP: Yes.

PAGE: At what point did you see the muzzle flash of that suspect's weapon?

BLANKENSHIP: As he's emerging from the cars.

PAGE: Okay.

BLANKENSHIP: From the from the [redacted] curb line.

PAGE: Okay. As you fired your first round, what if anything, is that suspect doing with that weapon?

BLANKENSHIP: He was shooting back at the other suspect.

PAGE: So you fired your first shot as a suspect has that weapon pointed

[redacted] towards that group, is that correct?

BLANKENSHIP: Yes.

PAGE: Your first shot, what was your backdrop?

BLANKENSHIP: Into the suspect and the cars that were parked along the[redacted] curb line.

PAGE: Okay. How far did that suspect move until you fired your second shot?

BLANKENSHIP: Maybe a foot or two.

PAGE: And then you when you fired that second shot, what was your backdrop?

BLANKENSHIP: About the same, but at a different angle down into the cars.

PAGE: And you said your point of aim was center mass, is that correct?

BLANKENSHIP: Yes.

PAGE: Now when, between that second shot and your third shot, how far of a distance did that suspect move?

BLANKENSHIP: Another foot or two, and then I fired center mass, my backdrop

was down in the street.

PAGE: Between your second and your third shot did the suspect still have his right arm pointed [redacted] holding that handgun towards that crowd?

BLANKENSHIP: No.

PAGE: At what point did that change?

BLANKENSHIP: As it seemed like he started turning his body like in now, facing me like his threat.

PAGE: As he's turned is his back towards you as he's running [redacted]? Or what is his body position?

BLANKENSHIP: For the first two it was like, firing into a running person. Like, from me to the front portion. And then as he turned it was, he started face, but he's still bladed, like at a 45 still, I don't know if that makes sense. So still, I'm firing at him, his body like this. And then

PAGE: So, I'm going to break it down for you. So, you're facing [redacted] down [redacted] is that correct?

BLANKENSHIP: Um-hum.

PAGE: He's running [redacted] in front of you possibly 20 or 25 feet. As he's running [redacted] his back is towards you and he's having his right hand canted backwards facing [redacted]

BLANKENSHIP: He's running like this.

PAGE: Okay. And then

BLANKENSHIP: As he's running [redacted]

PAGE: As he's running

BLANKENSHIP: Running [redacted]

PAGE: Running [redacted]

BLANKENSHIP: So, he's his back is to the cars on the curb line. And he's going back like this.

PAGE: And you are to the [redacted] of him.

BLANKENSHIP: And I'm to the [redacted] firing like this.

PAGE: Okay.

BLANKENSHIP: And then he started to and then

PAGE: As you motion that he turns his right hand towards the [redacted] moving his upper torso towards the [redacted] in a fluid motion towards the [redacted] and that same motion.

BLANKENSHIP: Yes.

PAGE: Okay. And then is that then what point did you find your third shot?

BLANKENSHIP: As he was moving that towards basically, as I feel like he was starting to square up towards me that I fired that last round. And then he fell down on the ground. As he kind of stumbled, well he started going down, like stumbling and stumbled down into the ground.

PAGE: At what point did you lose visual of the suspect behind that car?

BLANKENSHIP: Yes, he fell behind a car on the [redacted] curb line.

PAGE: Did he strike that car? Did he hit that car with his body as he went down?

BLANKENSHIP: I couldn't tell I don't I don't recall if he hit the car. I don't think he did, I think he hit the ground.

PAGE: Okay. How far behind the car was he at that point?

BLANKENSHIP: Right behind it, I mean, it's almost right up under it.

PAGE: Okay. When you approach the suspect, did anyone else approach with you?

BLANKENSHIP: No,I approached him, I remember seeing the deputy immediately go up against, the deputy that was to the [redacted] of me, he went up against the car. One car length behind where the suspect was at.

PAGE: Okay. Why did you stop shooting?

BLANKENSHIP: Well, one: he was going down. I was even if he continued on, I knew the deputy was in that vicinity, my sight picture was going to be potentially in the direction of where the deputy could be.

PAGE: Did you search the suspect?

BLANKENSHIP: Yes.

PAGE: Did you find anything of potential evidence on that suspect?

BLANKENSHIP: Other than his cell phone that was on the on the ground, I don't know what kind of text messages or if there's anything of that. But no other weapons were located, other than the one that I found on the parkway.

PAGE: Did you search that grey bag that he was carrying?

BLANKENSHIP: I felt it for weapons, I didn't get, I immediate like going into it and looking for anything else. There was not a lot of time for me to divert my attention to that, I just felt for weapons, and it didn't feel like any weapons in there.

PAGE: And what if anything did you do with that handgun after you collected it rendered it safe?

BLANKENSHIP: I set it on top of the trunk right where I was at, above the suspect. I stood basically over the suspect, while the other deputies got down there to put guns on the apartment that was across from me.

PAGE: And by guns is that by providing lethal coverage?

BLANKENSHIP: Yes.

PAGE: As you are now approaching and rendering the scene safe?

BLANKENSHIP: Yes.

PAGE: Okay. Is it practical to use a less lethal option towards a lethal threat?

BLANKENSHIP: No, it's not practical at all. It's actually not trained also.

PAGE: Is that why you didn't use any other less lethal options?

BLANKENSHIP: That yeah, and I didn't have like a beanbag or anything. There was no time to go get that weapon. That was not an option.

PAGE: Okay. We're going to take a break. Time is 1154 hours.

PAGE: All right, time is 1212 hours, we'll be back on tape. We're finishing our interview with Sergeant James Blankenship. Present in the room is gonna be the same as prior to going off tape. Blankenship just one more question, in regard to your advancement to the suspect after the LFE, was there any time to establish a tactical plan prior to approaching that suspect and detaining him?

BLANKENSHIP: No.

PAGE: And why is that?

BLANKENSHIP: I just felt because there was the second threat. And unknown at that other, if he was still a threat, I had to press and approach him and make sure at least one of the two threats was safe. And now divert my attention to the second threat on the second, which I believe was went up to the second story apartment.

PAGE: Okay.

BLANKENSHIP: I felt I needed to get to him and make sure he was secured. If you know, he was hurt, injured, whatever. You know, assess that and then move on from there.

PAGE: Okay. Alright, we are we going towards the Google Earth image, we just referred to earlier. Just want to make sure that we were all on the same page. If you can with that blue or sorry with that black Sharpie, can you draw a circle where the initial shooting happened and where the crowd was located? Okay.

BLANKENSHIP: So that's where shooter one.

PAGE: Okay, and you've drew a circle on the left center portion circling the center looks like a concrete walkway between [redacted] and the adjacent apartment to the [redacted] Is that correct?

BLANKENSHIP: Yeah, [redacted]

PAGE: Yes.

BLANKENSHIP: Okay.

PAGE: And then with that blue pen, can you write or draw a broken line of the suspect's movements?

BLANKENSHIP: The second, the suspect number two, sorry.

PAGE: With that blue, can you draw a broken line of the movement that the suspect made as he ran [redacted] across the street. Okay. And you said that he fell behind a car if you can just draw a with that felt marker a rectangle where that vehicle was located. And that's going to be on the [redacted] side of the street facing [redacted] is that correct?

BLANKENSHIP: Yes. There's another car here.

PAGE: Okay, there's cars that are between it. Okay. So, he fell between those two cars?

BLANKENSHIP: Yes.

PAGE: Okay. Now, if you can with that black marker, if you can draw an X where you stood at the time of the LFE. And then with that black marker, if you can draw a number one of where the suspect stood at, when you fired your first shot. And then number two where he was when you fired your second shot. And then number three, where you fired your third shot. Okay. And then with that marker, can you write a or I'm sorry, do a circle or an X with a circle where the deputy stood that was talking to the witnesses across the street? If you can do me a favor, can you sign and date the bottom of that?

BLANKENSHIP: Is it the 6th?

PAGE: It's the 6th. Okay, time is 1216 hours and I'm going to conclude this interview.

WITNESS INTERVIEW: *Deputy Jordan Jewsbury*

On Thursday, June 16, 2022, at approximately 1716 hours, Detective Malcolm Page and I interviewed Deputy Jordan Jewsbury in a conference room at the San Bernardino County Sheriff's Department (SBCSD), Specialized Investigations Division, located at 655 East Third Street, in San Bernardino. I recorded the interview with my department issued digital recorder, and I later placed a copy of the recording into the case file. The following is a summary of our interview with Jewsbury.

Prior to the interview, I explained to Jewsbury I desired to conduct a voluntary interview with him, and no discipline could be brought if he declined to provide a voluntary statement. Jewsbury agreed to provide a voluntary statement regarding a lethal force encounter (LFE), which occurred on Friday, June 3, 2022, at [redacted], in San Bernardino.

Jewsbury was employed by SBCSD for approximately [redacted]. Jewsbury was a Deputy Sheriff assigned to patrol at the Central Sheriff's Station. Jewsbury generally worked Thursday through Sunday, from 1700 hours to 0300 hours. On Friday, June 3, 2022, Jewsbury was assigned to patrol the Yaamava Resort and Casino, in Highland. Jewsbury's call sign was "77 Robert 21" (77R21). On Friday, June 3, 2022, Jewsbury wore a department approved Class "A" uniform with a black, Sam-Browne duty belt, and green Sheriff's hat. Jewsbury's department issued digital recorder was affixed to his Sam-Browne and was activated after the LFE.

On Thursday, June 2, 2022, at approximately 1645 hours, Jewsbury arrived at the Central Sheriff's Station for his assigned shift. Jewsbury entered the male locker room and changed into his department approved SBCSD Class "A" uniform. Once dressed in his Class "A" uniform, Jewsbury placed his patrol equipment into a marked SBCSD patrol utility vehicle (UV). Jewsbury did not recall the vehicle number or roof top number of the patrol UV. At approximately 1735 hours, Jewsbury departed the Central Sheriff's Station and drove to the Yaamava Resort and Casino.

At approximately 1750 hours, Jewsbury arrived at Yaamava Resort and Casino. During Jewsbury's shift, he conducted his normal patrol duties. WITNESS INTERVIEW CONTINUED: *Deputy Jordan Jewsbury*

On Friday, June 3, 2022, at approximately 0035 hours, Jewsbury was inside his marked patrol unit on the Yaamava Resort and Casino property when he heard Sheriff's dispatch broadcast a shots heard call for service near the area of [redacted] and [redacted] in San Bernardino. After a few minutes, Highland Sheriff's deputies and a sergeant, later identified as Sergeant Tim Jackson, broadcasted they arrived on [redacted] Unknown deputies advised, over the police radio, they observed a sport utility vehicle (SUV) flipped over. At approximately 0040 hours, Jackson requested deputies from the Central Sheriff's Station assist Highland patrol deputies with the call for service. According to Jewsbury, Jackson requested additional deputies due to extensive size of the scene and a large group of subjects gathered around the scene.

At approximately 0045 hours, Jewsbury responded to the area of [redacted] and [redacted] in San Bernardino to assist Highland Station deputies. At approximately 0055 hours, Jewsbury arrived on scene at [redacted] and [redacted]. Jewsbury parked his marked Sheriff's UV on the [redacted] curb line of [redacted] and faced [redacted]. Within a few seconds of Jewsbury's arrival, Deputy Jonathan Tamayo arrived on scene and parked behind Jewsbury. Approximately 180 feet [redacted] of Jewsbury's patrol UV, was an overturned Chevrolet SUV, and the front of the SUV faced [redacted]. Jewsbury observed numerous pieces of property scattered around the SUV and several citizens stood near the SUV. Jewsbury observed several parked vehicles along the [redacted] curb line of [redacted] had traffic collision damage. Based on the damage to the vehicles, Jewsbury believed the SUV collided with the parked vehicles as it attempted to drive [redacted] on [redacted]

Jackson requested, over the police radio, for responding deputies from the Central Station attempt to locate witnesses to the shooting. Jewsbury observed approximately 100 to 150 citizens standing on the [redacted] and [redacted] side of [redacted]. Jewsbury attempted to contact witnesses who stood on the [redacted] side of [redacted] and Tamayo attempted to contact witnesses who stood on the [redacted] side of [redacted]. Jewsbury contacted approximately 60 people, who all refused to speak to him about the shooting.

Jewsbury contacted Deputy Hector Couret near the overturned SUV. Approximately 120 feet [redacted] of the SUV, Jewsbury observed approximately 13 .223 fired cartridge casings (FCC). Jewsbury assisted Couret with processing the crime scene and placed numerous crime scene placards near the FCC's. Jewsbury also assisted Couret with photographs of the crime scene. Once the placards were documented and photographed, Jewsbury collected the FCC's and placed them into a plastic bag.

WITNESS INTERVIEW CONTINUED: *Deputy Jordan Jewsbury*

After approximately 30 minutes of being on scene, Jewsbury walked [redacted] on [redacted] with Central Station Sergeant James Blankenship. As they walked [redacted], Blankenship observed a fired bullet fragment in the middle of [redacted]. Blankenship told Jewsbury he would remain with the fired bullet fragment and requested Jewsbury retrieve a camera along with evidence packaging for the fired bullet fragment. After approximately five minutes, Jewsbury walked [redacted] on [redacted] backward to Blankenship's location. As Jewsbury walked [redacted] on [redacted] near [redacted], he observed five to six subjects standing near the entrance of [redacted] Jewsbury estimated the subjects were approximately 40 to 50 feet [redacted] of his position. Jewsbury heard several gunshots and observed multiple muzzle flashes of a firearm from the unknown subjects' location. According to Jewsbury, the muzzle flashes pointed in both an [redacted] and [redacted] direction, which indicated to Jewsbury there were two shooters.

Immediately after the shots, several subjects ran in various directions. Jewsbury dropped his camera and removed his department-issued handgun from his holster. As Jewsbury drew his firearm, he observed a black male adult, later identified as Jerome Adams, run [redacted] on [redacted] toward Blankenship. Jewsbury estimated Adams was approximately 30 to 40 feet [redacted] of his location and approximately 15 feet [redacted] of Blankenship. Jewsbury observed Adams held a black handgun, with a green laser, in his right hand. As Adams ran [redacted] on [redacted] Jewsbury observed the firearm pointed at Blankenship. When Jewsbury observed the firearm pointed at Blankenship, he was fearful for Blankenship's safety and the safety of his partners on scene. Jewsbury observed Blankenship fire three rounds, in rapid succession, from his handgun at Adams. Due to the rapid evolving events, Jewsbury did not give any verbal commands or recall Blankenship giving verbal commands prior to the shooting. As Blankenship fired his weapon, he faced [redacted] and with no obstructions in his backdrop. Jewsbury did not fire his weapon because Blankenship was in his field of fire.

Once the shooting occurred, Jewsbury activated his department issued belt recorder. After Blankenship fired the gunshots, Adams fell to the ground, near the [redacted] curb line on [redacted] Jewsbury observed Adams' firearm fall to dirt parkway along the [redacted] curb line of [redacted]. Jewsbury heard Adams state he was shot in the finger. Blankenship approached Adams and advised Adams to place his hands behind his back. Once Jewsbury observed Adams comply with Blankenship's commands, his attention diverted to the open courtyard of [redacted] and did not witness Blankenship handcuff Adams.

WITNESS INTERVIEW CONTINUED: *Deputy Jordan Jewsbury*

As Blankenship detained Adams, Jewsbury pointed his handgun toward the entrance of [redacted] and maintained lethal coverage. After approximately two to three minutes, Jackson retrieved a marked SBCSD patrol UV and positioned it on [redacted] of the entrance of [redacted]. Once Jackson positioned the UV, Jewsbury opened the front passenger door and retrieved a department issued Ruger Mini 14 rifle from the UV. Jewsbury pulled the charging handle of the Mini 14, which chambered a live .223 round. Once the weapon was loaded, Jewsbury utilized the open passenger door as cover.

As Jewsbury pointed the Mini 14 at the courtyard of [redacted], he observed approximately 8 to 10 people in the courtyard. Due to the rapid evolving events and low light conditions, Jewsbury was unsure if the subjects in the courtyard were the suspects involved in the initial shooting. In order to protect Jewsbury, his partners and the public's safety, Jewsbury maintained lethal coverage on the subjects in the courtyard as additional deputies arrived on scene.

Once sufficient deputies were on scene, Jewsbury provided verbal commands to the subjects in the courtyard. Jewsbury advised each individual subject in the courtyard to stand up, raise their hands upward, and walk backward to his location. While Jewsbury and additional deputies detained the subjects in the courtyard, one of the subjects, later identified as [redacted] advised Jewsbury he was shot. [redacted] was detained without incident and later provided medical attention by medical personnel for his gunshot wound. Jewsbury did not observe where [redacted] was shot. Once each individual subject arrived at the patrol unit, they were handcuffed to the rear by Deputy Christina De La Cruz and placed in the rear of several marked Sheriff's patrol UV's.

Once the subjects were placed in the back seat of the patrol UV, Jewsbury, Deputies Bogdan Nastase, and Brandon Moore maintained lethal coverage on the courtyard. After approximately one hour and thirty minutes, operators from the San Bernardino County Sheriff's Department, Specialized Enforcement Division (SED) arrived on scene.

Once SED arrived on scene, they utilized their armored rescue vehicle and approached [redacted] SED gave verbal commands for occupants of the apartments to exit. As the occupants exited the apartments, they were escorted to Jewsbury by unknown deputies and were placed in plastic zip handcuffs.

WITNESS INTERVIEW: [redacted]

On Friday, June 3, 2022, at approximately 1200 hours, I contacted [redacted] via telephone. According to initial responding deputies, [redacted] witnessed the lethal force encounter (LFE) that occurred on [redacted] in San Bernardino, on Friday, June 3, 2022. [redacted] agreed to speak to me about the LFE; however, she requested I pick her up near the intersection of [redacted] and [redacted] in Highland, because she was fearful of retaliation if her neighbors observed her speaking with law enforcement.

On Friday, June 3, 2022, at approximately 1228 hours, I met [redacted] at the intersection of [redacted] and [redacted] in Highland. On Thursday, June 2, 2022, at approximately 2345 hours, [redacted] arrived at her residence, located in the [redacted] of [redacted] in San Bernardino. Once [redacted] arrived home, she took a shower and cooked dinner. On Friday, June 3, 2022, at approximately 0045 hours, [redacted] was inside of her bedroom when she heard approximately 15 to 20 gunshots, in rapid succession. Immediately after the gunshots, [redacted] heard accelerating tires from a vehicle fleeing the scene. Within a few seconds, [redacted] heard a traffic collision.

Approximately 5 to 10 minutes after the traffic collision, [redacted] went outside her apartment to investigate what she heard. Once [redacted] exited, she observed an unknown vehicle in the middle of [redacted] lay on its roof, approximately 100 feet north of her location. Within a few minutes, law enforcement arrived on scene.

As [redacted] stood outside on the [redacted] sidewalk of [redacted], she heard an unknown Black male adult tell law enforcement his residence sustained a bullet strike to his front window as a result of the shooting. [redacted] did not know the Black male's name and only identified him as her "neighbor." [redacted] remained by her apartment and observed law enforcement collect numerous fired cartridge casings (FCC) from [redacted]

Paramedic Interview Continued: [redacted]

[redacted] waited by the fire engine for an unknown amount of time before he noticed multiple deputies escort a male, later identified as Jerome Adams, toward the fire engine and [redacted] ambulance. [redacted] recalled one of the deputies' names was "Holt." Adams was walked from the scene to [redacted] gurney. [redacted] did not enter the crime scene. [redacted] did not know Adams' name, but described him as a black male adult that weighed approximately 180 pounds, and was between 5'10" and 5'11" tall. Adams wore sweatpants, and a large jacket. [redacted] did not see any specific injuries on Adams but noticed he bled through his sweatpants and his hands were covered in blood.

[redacted] and [redacted] placed Adams onto the gurney, moved him to the ambulance, and lifted him into the back of their ambulance. Once inside the ambulance, [redacted] cut off Adams' pants because of the blood he saw on Adams' legs. [redacted] cut off Adams' jacket afterward. [redacted] was unable to locate any injuries to Adams' torso or upper half of his body. [redacted] noticed Adams had what he believed to be two gunshot wounds to his right thigh, three gunshot wounds to his left thigh, the little finger to one of his hands was missing and the middle finger was swollen on the other hand. [redacted] believed Adams' middle finger may have been struck by a bullet projectile fragment.

[redacted] assessed for significant bleeds from Adams' legs and was unable to locate any. [redacted] did not recall which injury was on each hand. Adams was conscious the entire time [redacted] treated him. While [redacted] treated Adams, he saw Adams' family and friends near the back of the ambulance. The family and friends stood by the back of the ambulance and spoke to Adams. Adams spoke to his family and stated, "I'm probably going to jail, they got my gun." [redacted] was unsure of what Adams meant because [redacted] was unaware of what took place at the scene [redacted] asked Adams what occurred and he responded to [redacted] he did not know what happened, who shot him, and he did not see the person who shot him.

[redacted] and [redacted] continued to provide medical care to Adams. After the concern for blood loss subsided, [redacted] and [redacted] determined Adams was ready to be transported. [redacted] determined Adams had traumatic injuries and needed to be taken to a trauma hospital. [redacted] decided would take the male to [redacted] because it was the closest trauma center. [redacted] transported Adams to [redacted] remained in the back of the ambulance with the male to continue to provide care. The ambulance was followed by Deputy Jonathan Holt to [redacted] After they arrived to [redacted] Adams' clothing was collected by law enforcement as evidence.

[redacted] had no further information to provide and the interview was concluded.

[redacted] stated her apartment is approximately 40-yards from [redacted] and believed the gunshots were extremely close to her residence.

[redacted] did not have any further information regarding the incident, and I concluded my interview.

VICTIM CONTACT - [redacted]

I spoke to [redacted] in front of her residence. [redacted] was positively identified by her California driver license. The following is an audio recorded summary of our contact.

At an unknown time, [redacted] were in bed asleep and she began to take a shower. While in the shower, [redacted] heard what appeared to be her residence shake. [redacted] described it to sound like a person shaking a door attempting to get in. [redacted] got dressed walked looked out her living room window and observed a SUV overturned resting on roof.

[redacted] was unsure what had occurred and did not hear gunshots.

[redacted] noticed her front kitchen window had been struck by a bullet. The fired bullet did not shatter [redacted] window due to it being a dual pane window. The fired bullet struck the window continued straight, grazed the stucco wall, and hit a pillar to the residence. [redacted] attempted to locate the bullet fragment but was not successful.

[redacted] did not have any additional information, and I concluded my interview.

SHOTS FIRED / DEPUTY ACTIONS:

After I spoke to [redacted] in her front yard, I heard approximately 12-gunshots approximately 15 yards [redacted] from me.

I ran [redacted] on [redacted] and observed multiple subjects shooting. I met with Deputy R. Torres and Deputy C. DeLaCruz across the street of [redacted] to provide Sergeant Blankenship lethal cover as he attended to a shot subject. Blankenship broadcasted shots came from [redacted] from the second floor of the complex. Blankenship advised the suspect was a Black male adult and wore a red jacket.

The location were the shots came from was a large two-story apartment complex, which consisted of six apartments, stacked three adjacent apartments on the second level and three adjacent apartments on the bottom level. The front of the apartment complex faced [redacted] and sat on the [redacted] side of [redacted] Directly across form the apartment complex was another complex similar two-story apartment complex, which consisted of six apartments, stacked three adjacent apartments on the second level and three adjacent apartments on the bottom level. The middle was a courtyard consisted of multiple trees and dirt. The courtyard lead to an asphalt alleyway, which traveled [redacted] and [redacted] The alleyway had covered carports on the [redacted] of the alleyway and a fence along the [redacted] side.

I pointed my firearm at the apartment complex [redacted] in an attempt to prevent any other shots fired. I assisted Sergeant Blankenship, Sergeant Jackson, Deputy J. Knowlton, R. Torres and C. DeLaCruz, in detaining multiple subjects who may have been involved. There were approximately 5 subjects who were in front of [redacted] and in the court yard.

After Deputies detained the subjects, Sergeant Jackson established a perimeter over the radio. I provided cover behind Jackson's driver side door and set a perimeter. I positioned myself near the [redacted] corner of the apartment complex, in the middle of the street. I remained in the position until

deputies assigned to the Specialized Enforcement Division (SED/SWAT) arrived on scene and cleared the apartment complex.

A Black female adult, later identified as [redacted] exited [redacted] and was detained in the rear of my patrol unit.

INVOLVED PARTY CONTACT - [redacted]

I contacted [redacted] while she sat in the rear of my patrol unit. [redacted] was positively identified by her California driver license. The following was an audio recorded summary of our contact.

At an unknown time, [redacted] and her [redacted] Jerome Adams DOB [redacted] went to see their [redacted] name [redacted] DOB: [redacted] who resided in apartment [redacted] turned onto [redacted] and noticed multiple law enforcement officers with their patrol vehicle's emergency overhead lights activated. [redacted] drove in the alleyway [redacted] bound to the apartment.

[redacted] entered the apartment and immediately entered the bathroom. [redacted] was inside for an unknown amount of time, before she exited and heard what sounded like 4 to 5 gunshots. [redacted] exited from the apartment and heard Adams, yell that he was shot. Deputies instructed [redacted] to go inside as Adams was transported by AMR. Approximately two hours later, [redacted] exited the residence and desired to visit Adams at the hospital.

NARRATIVE

*******SUPPLEMENTAL REPORT*******

ASSIGNMENT/ARRIVAL:

On Thursday, June 2, 2022, at approximately 1700 hours, I was assigned to patrol the city of Grand Terrace. I wore a Class A uniform and drove a marked Sheriff's patrol vehicle.

On Friday, June 3, 2022, at approximately 0037 hours, Highland Station deputies were dispatched to a "shots heard" call near the [redacted] in Highland. At approximately, 0113 hours, Sergeant James Blankenship broadcasted shots fired and requested all available patrol units to respond to the location. I responded to the location with my overhead emergency lights and sirens activated.

At approximately 0121 hours, I arrived at incident location.

ADDITIONAL INFORMATION:

As I was enroute to the call, I heard deputies broadcast and request medical aid. It was broadcasted that there was one outstanding suspect and was barricaded in one of the apartments. Through the broadcast, I was aware one suspect had been shot in the leg and was transported to [redacted] Deputies had made PA announcements to get the second suspect to come out but were unsuccessful.

DEPUTY ACTIONS:

Upon my arrival, I responded to [redacted] where multiple patrol units and deputies had positioned themselves. I contacted Deputy Kelly Bush who advised a perimeter needed to be established on the [redacted] side of an apartment complex. Deputy Bush, Deputy R. Hernandez, and I ran to the [redacted] side of the apartment, through an alley.

After clearing the alleyway, Deputy Bush and I positioned ourselves on the [redacted] corner of the complex. I remained in that position until Specialized Enforcement Division (SED) personnel cleared the complex. At approximately 0512 hours, once the complex was cleared and secured, I left incident location and responded to my assign patrol duties.

EVIDENCE:

During the incident, I had activated my audio recorder. I uploaded my audio belt recordings into the Command Central Vault System at Central Station.

DISPOSITION:

NARRATIVE

ASSIGNMENT/ARRIVAL:

On 06/03/22, I was assigned as the patrol Watch Commander for the Highland Station. I wore a Class A uniform and drove a marked patrol vehicle, equipped with a forward-facing red light and siren. At approximately 0037 hours, I responded to [redacted] in the City of Highland. Multiple reporting parties called Sheriff's Dispatch to report gunshots heard in the area.

SCENE:

[redacted] of [redacted] was a narrow roadway, approximately a quarter-mile long, leading to a dead end. The [redacted] of [redacted] was lined with multi-story, multi-family dwellings along the [redacted] side of the street and single-family, single-story dwellings along the [redacted] side of the street. The street was lined with parallel parked vehicles along both sides of the roadway. [redacted] was a high-crime area where deputies frequently respond to shots heard, suspicious activity, and disturbance calls for service. The residents of [redacted] do not generally cooperate with law enforcement and are reluctant to provide witness accounts of incidents in the area.

OBSERVATIONS:

Upon arrival, I saw a blue Chevrolet Tahoe, bearing California license plate [redacted], overturned in the roadway directly [redacted] of [redacted] The vehicle faced [redacted] and nearly blocked the entire roadway. I coordinated with other responding units to stage at the intersection of [redacted] and [redacted] before moving toward the Tahoe. Deputies Couret, Knowlton, and Nastase arrived, and we drove [redacted] toward the Tahoe. Once patrol vehicles could proceed further due to the Tahoe blocking the roadway, we exited our vehicles and began a safety sweep for any injured persons.

Deputies approached the Tahoe and confirmed it was unoccupied. It was later discovered the Tahoe had several suspected bullet holes in the driver's side. See supplemental reports for further details regarding the bullet hole quantity and location. The Tahoe was surrounded by debris that appeared to have been thrown from the vehicle when it overturned.

While I walked further [redacted] on [redacted] I saw approximately seven vehicles along the [redacted] side of [redacted] with high-speed collision damage consistent with being side-swiped by the Tahoe as it fled [redacted] on [redacted] At least three vehicles with collision damage had suspected bullet holes on the driver's side or the trunk. See supplemental reports for details on the quantity and location of those suspected bullet holes.

We continued [redacted] on foot and were flagged down by multiple residents standing along the roadway. I directed deputies to contact witnesses and bystanders to check the welfare of the residents on [redacted] None of the residents we spoke with witnessed the incident. Residents at [redacted] reported a fired bullet struck the front of their residence. Couret entered the residence to check the welfare of the occupants.

During our safety sweep, no injured persons were located, and no witnesses with direct knowledge of the incident were contacted. Sergeant Blankenship and Deputies Jewsbury and Moore arrived to assist in the investigation due to the scene's complexity.

EVIDENCE:

After confirming no one was injured, we continued to assess the scene. We discovered 10 .223 caliber fired cartridge casings (FCC's) in the middle of the roadway near [redacted] Nastase, Couret, and Knowlton began to process the FCC's with evidence placards and photographs. The FCC's were later collected as evidence. See supplemental reports for further information regarding the collected FCC's.

OBSERVATIONS:

At approximately 0110 hours, Blankenship and I stood approximately 25-yards [redacted] of [redacted] and faced [redacted] Blankenship and I heard a verbal altercation behind us and turned to see two Black male subjects arguing. Subject #1 was later identified as Jerome Adams DOB: [redacted] Adams stood on the sidewalk and faced [redacted] toward the courtyard between [redacted] and [redacted] Adams wore a black hooded sweater. Subject #2 stood in the courtyard between [redacted] and [redacted] and faced [redacted] Subject #2 wore a red sweater with black sleeves. Subject #2's sweater had white stitching which separated the red chest portion and the black sleeves. Approximately seven additional male and female subjects stood near the argument between Adams and Suspect #2. The area Adams and subject #2 stood in was dimly lit. I could not clearly see subject #2's face, or gather any further details regarding his description.

After approximately three seconds of arguing, Adams and Suspect #2 drew pistols and began firing at each other. Subject #2 drew a black pistol from his waistband with his right hand and pointed it at Adams. Adams' back was to me, so I did not see where he drew his pistol from. Adams and subject #2 stood approximately seven feet away from each other during the exchange of gunfire. I saw multiple muzzle flashes from subject #2's pistol, who fired [redacted] I took a position of cover behind a vehicle parallel parked along the [redacted] side of [redacted] I heard approximately ten shots fired during the exchange. I peered out from behind the vehicle and looked toward the area I initially observed Adams and Subject #2 firing at each other. There were no subjects in that area. All of the subjects fled west toward the alleyway behind the apartment complex.

I moved back toward the east side of the vehicle and looked for any fleeing subjects. I saw Blankenship knelt over Adams, and placed him in handcuffs behind his back. I approached Blankenship and saw a black pistol equipped with a green laser-sight lying on the ground next to Adams. The green laser sight was activated. Blankenship rolled Adams to his back and onto his feet. I saw blood on the front of Adams' shirt, above his waist. I did not see any other injuries to Adams, and he was able to stand and walk under his own power.

Due to the safety risk posed to Emergency Medical Services and the Tahoe blocking the roadway, I instructed Blankenship to walk Adams toward [redacted] so Adams could receive emergency medical care.

PUBLIC SAFETY STATEMENT:

Blankenship informed me that he fired three rounds at Adams. Blankenship told me he fired in a [redacted] direction and did not believe his gunfire struck any additional subjects. Blankenship believed he saw subject #2 run up the stairs at [redacted] and into the apartment furthest [redacted] That apartment was later identified as [redacted]

SUSPECT CONTACT:

Deputies established a perimeter on the [redacted] side of [redacted] Several residents in the complex began to emerge, and deputies ordered several subjects to the street. Several subjects were patted down, identified, and placed in the back seat of patrol vehicles. While deputies maintained the [redacted] perimeter, I retrieved my patrol vehicle to equip deputies with ballistic patrol vehicle cover, patrol rifle, and a ballistic shield. I positioned my patrol vehicle directly [redacted] of [redacted] Several members of the San Bernardino Police Department (SBPD) arrived and took positions along the [redacted] side of the incident location. I coordinated with SBPD Sergeant Campos to gather a team and establish a perimeter around the [redacted] side of the incident location.

NOTIFICATIONS:

I contacted the Specialized Enforcement Division (SED) personnel and requested a response. See supplemental reports for further information regarding building clearance. I contacted Deputy Kleveno to respond to author any necessary affidavits. I contacted Sergeant Jon Woods from the Specialized Investigations Division to respond. At approximately 0730 hours, I briefed Homicide Division investigators.

AUDIO BELT RECORDING:

Upon arrival at the incident location, I activated my audio belt recorder. Once the scene was rendered safe, I deactivated my audio belt recorder to discuss the disposition of the Tahoe with Blankenship. After witnessing the gunfight, I reactivated my audio belt recorder and captured the subsequent events.

I downloaded my audio belt recordings to the CommandCentral Vault.

**** SUPPLEMENTAL REPORT****

ASSIGNMENT:

On June 3, 2022, I was assigned to work patrol in the city of Loma Linda from 1900 hours to 0700 hours. My assigned call sign was 15p11, I wore a class A uniform, and drove a marked San Bernardino County patrol vehicle.

RADIO BROADCAST:

At approximately 0038 hours, I heard San Bernardino County Dispatch broadcast over the radio there were several gunshots fired near [redacted] There were several reporting parties, which advised there were bullet holes in vehicles and residences. Several vehicles parked along the curb line were damaged and an overturned vehicle was later located in the middle of the roadway.

At approximately 0113 hours, while Highland deputies conducted their investigation, I heard a highland deputy broadcast over the radio, "Shots fired", which indicated there was an active shooter at the incident location.

Soon after, I heard Sergeant Blankenship advise over the radio there was an "OIS," which indicated there was an officer involved shooting. Blankenship also asked for assistance from nearby agencies.

DEPUTY OBSERVATIONS/ ACTIONS:

At approximately 0114 hours, I was parked at the cross streets of [redacted] and [redacted] I activated my patrol vehicle's lights and sirens, and drove to [redacted] to assist Highland deputies.

At approximately 0119 hours, I arrived to the incident location and parked my patrol vehicle on the [redacted] corner of [redacted] and [redacted] I walked to the rear of my patrol vehicle and retrieved my department issued plate carrier and rifle. As I obtained my gear from my patrol vehicle, several San Bernardino Police Department (SBPD) officers arrived and ran [redacted] on [redacted]

Seconds after, I ran [redacted] on [redacted] and observed several deputies who had positioned themselves around the incident location. I observed a San Bernardino County Fire Department Engine parked on the [redacted] side of [redacted] As I ran [redacted] I observed fire and medical personnel provide medical aid to an unknown black male adult who appeared to be shot in his leg. Fire and medical personnel had the black male adult lay on a gurney and pushed the subject [redacted] on [redacted]

I continued [redacted] on [redacted] where I was advised a possible shooter was still inside the apartment complex on the second floor. There were several duplex and single story houses on the [redacted] side of [redacted] and a two story apartment complex on the [redacted] side of [redacted]

Deputy N. Vaca and I placed yellow crime scene tape near the residences along the [redacted] side

of [redacted] to enclose a crime scene. Vaca and I positioned ourselves on the [redacted] corner of [redacted] Vaca and I secured the crime scene and maintained our position until deputies assigned to Specialized Enforcement Division (SED) arrived.

I observed the SED BearCat slowly drive in from [redacted] and drive [redacted] on [redacted] SED positioned the BearCat near the apartment building where the incident occurred.

I heard multiple public announcements made from a deputy for all residents in the building to be evacuated. The deputy's announcements were clear and concise. The announcements were made to methodically evacuate each apartment in order from the second story to the first story reciting the apartment number associated with the building. Several subjects were seen walking down the stairs who appeared to be cooperative with deputy commands. I later heard SED broadcast over the radio they were going to make entry into an apartment where the suspected shooter was believed to be barricaded. Minutes later, I observed multiple SED deputies walk out of the apartment building with subjects handcuffed.

After SED evacuated and detained subjects inside the apartment, assisting deputies were relieved from their duty to preserve a perimeter.

At approximately 0527 hours, I left [redacted] and drove back to Loma Linda to my original patrol assignment.

DISPOSITION:

Forward to Deputy Nastase's original report.

NARRATIVE

ASSIGNMENT:

On Friday, June 03, 2022, I was assigned to the detective bureau for the city of Highland. At approximately 0504 hours I assisted deputies reference shots fired near the [redacted] of [redacted]

I arrived on scene at approximately 0602 hours.

DEPUTY ACTIONS:

I arrived on scene and was given a brief synopsis on the incident that occurred at the location. I assisted Deputy Kleveno with the investigation. At the scene I observed a blue Chevrolet Tahoe with damage to the exterior of the vehicle and the vehicle was on its roof. The vehicle license plate was CA/LIC#[redacted] There was debris outside of the vehicle including fired cartridge casings and paperwork for a [redacted] outside of the vehicle on the street. I observed two suspected bullet holes to the passenger side door of the Tahoe and there was traffic collision damage to the vehicle. I observed several parked cars to the [redacted] side of [redacted] with damage to their driver side consistent with being struck by the Chevy Tahoe. When deputies arrived on scene, they did not find any occupants inside of the Chevy Tahoe. The Chevy Tahoe had a release of liability to CarMax in Escondido.

Based on the information from deputies and the scene I authored a search warrant for the Chevy Tahoe for additional evidence. The search warrant was signed by Honorable Judge Jay Robinson.

SEARCH WARRANT:

I requested a tow respond to the scene to have the Chevy Tahoe be placed in the upright position so deputies can conduct a search of the vehicle. Once the vehicle was in the upright position deputies searched the vehicle to obtain owner information and other evidence to help assist in the investigation.

A light blue iPhone with a blue Adidas case was found on the driver side floorboard once the vehicle was placed upright. Deputies found a pink slip in the glovebox of the Chevy Tahoe. Attached to the pink slip for the Tahoe was a Vehicle/Vessel Transfer and Reassignment Form from the DMV and had [redacted] as the buyer dated 04/21/2021. A signature for [redacted] was on the form as the buyer for the vehicle.

Both the cellphone and the DMV form was collected from the scene.

INVOLVED PARTY: [redacted]

I contacted [redacted] at her residence. The following is a summary of her recorded statement.

[redacted] was at her residence when she heard several gunshots coming from outside of the apartment but could not remember the time. [redacted] said it sounded like two separate types of firearms the way they sounded, and the shots were close together. [redacted] only could describe the shots as different from each other the way they sounded and where she heard the shots from.

[redacted] said the shots appeared to come from the street and the other shots sounded like it was from the apartment complex. [redacted] did not see any of the shots being fired because she was inside her residence in a closet when she heard the shots.

PHOTOGRAPHS:

I used my department issued camera and took several photographs of the vehicles involved in the traffic collision including the Chevy Tahoe. I also took several photographs of the scene and the vehicle.

EVIDENCE:

My contact with [redacted] was captured using my department issued digital recorder. The DMV paperwork and the cellphone collected from the inside the vehicle was booked into an evidence locker at the Highland Station.

At approximately 0046 hours, we responded to the [redacted] of [redacted] to assist Highland deputies with a PC 246 investigation (DR 132202256). Torres and I arrived on scene at approximately 0057 hours.

Deputy Observations:

I approached the incident location and observed an older model SUV overturned in the middle of the road. There were miscellaneous items from inside the truck and broken glass surrounding the overturned vehicle. Next, I saw approximately ten cars that were parked on the street facing [redacted] with external damage to the right side of the vehicles. At approximately 0110 hours, I located a video surveillance camera affixed to the top of [redacted] I was told the [redacted] had access to the camera and was directed to apartment number [redacted] An unknown female answered the door. Before I could ask about the cameras, I heard approximately six suspected gunshots [redacted] of my location. The gunshots sounded like rapid fire.

In the middle of the street, where deputies stood, I saw a Black male adult, later identified as Jerome Adams, laying on the ground with blood coming from his stomach. Adams yelled, "I've been shot!" In the parking lot complex, I saw several adults stand with their hands up. I was unsure who was involved in the shooting and was unsure who was armed with a firearm. Deputy Jewsberry ordered everyone to walk toward deputies with their hands up, one at a time. The subjects were detained by other deputies and I and placed inside patrol vehicles for further investigation.

I assisted by maintaining perimeter on the [redacted] corner of the building until deputies assigned to the Specialized Enforcement Division (SED/SWAT) personnel arrived on scene. Deputies began to evacuate the building with PA announcements from the street. Residents in apartment numbers [redacted] and [redacted] were being asked to step outside with their hands up and walk toward the patrol vehicles. As commands were give, multiple people walked out of the apartments and toward me. I searched them for any possible weapons. Apartment [redacted] was the last residence to be evacuated. Four Black male juveniles were in apartment [redacted] and were detained once they exited. I stayed with the detained subjects until I was relieved by SWAT. The scene was turned over to investigators assigned to Highland Station.

NARRATIVE

ASSIGNMENT/ARRIVAL:

On Friday, June 2, 2022, at about 0200 hours, I was assigned as the on call acting detective for the Highland Sheriff's Station. I wore a shirt, tie, and slacks. I drove an unmarked Sheriff's detective vehicle.

CASE BRIEFING:

At about 0200 hours, I was contacted by Sgt. Timothy Jackson regarding a shooting, which occurred in front of [redacted] Jackson provided me with a brief synopsis of the case. On 06/03/2022, at about 0038 hours, deputies responded to a report of shots fired at [redacted] The reporting party told Sheriff's dispatch they heard more than 20 shots fired and a vehicle leaving the area. While deputies responded to the scene, they had multiple callers, all of which advised there were multiple shots fired.

Upon arrival, deputies located a blue Chevrolet Tahoe with California plate #[redacted], flipped over on it's roof in the middle of [redacted] Deputies were unable to locate any shot at that time but located multiple fired cartridge casings in the street. Deputies investigated the shooting and collected the casings. While Jackson and Sgt. Blankenship stood in the street, there was another shooting about 20 yards from where Jackson and Blankenship stood. There was an exchange of gun fire between three subjects. Two subjects were shot, [redacted] and Jerome Adams [redacted] Adams exchanged gun fire with the unknown subject. [redacted] ran [redacted] and directly into deputies, where a lethal force encounter occurred.

All suitable firearms and suitable representative samples of fired cartridge cases will be entered into the NIBIN database. If evidence cartridge cases are determined to have similar class of firearm-produced marks as those observed on test cartridge cases from firearms in the same case, then the evidence cartridge cases will not be entered into the NIBIN database. Upon examination, if any of the items are determined to be unsuitable for NIBIN database entry, a notification will be sent explaining the reason for non-entry. The images remain available in the database for future correlations. A notification will be sent if a NIBIN lead is discovered.

The National Integrated Ballistic Information Network (NIBIN) is a computer imaging system and database that compares images of fired cartridge cases, from crime scenes and from firearms seized during criminal investigations, for the purpose of discovering associations between crimes.

DATE: 6/7/2022
SUBJECT: PRIORITY ASSIGNMENTS FOR CRIMINALISTICS EVIDENCE EXAMINATION
Submitted Sheriff/Agency Case Number **13-2202255** (Lethal Force Encounter)

Because we receive more cases than we can work, it is necessary to prioritize criminalistics casework such as DNA, firearms, tool marks, impression comparisons, trace evidence, clandestine laboratory examinations, etc. The goal is to focus our efforts, so we may provide the most effective use of the laboratory's resources for all the law enforcement and justice agencies throughout San Bernardino County. The priority assigned to each case is based upon several factors including the probative potential of the evidence, the availability of laboratory resources, court dates, and other factors specific to your investigation.

PRIORITY DESIGNATION HIGHLIGHTED BELOW

PRIORITY 1: Cases assigned this highest priority have been assigned to an analyst and have a due date.

PRIORITY 2: This priority does not have a due date assigned but will be worked as time becomes available.

If you have any questions regarding this memorandum or priority assignment, please contact [redacted]

NARRATIVE

ASSIGNMENT/ARRIVAL:

On 06/03/22, I was assigned as the patrol Watch Commander for the Highland Station. I wore a Class A uniform and drove a marked patrol vehicle, equipped with a forward-facing red light and siren. At approximately 0037 hours, I responded to [redacted] in the City of Highland. Multiple reporting parties called Sheriff's Dispatch to report gunshots heard in the area.

SCENE:

[redacted] of [redacted] was a narrow roadway, approximately a quarter-mile long, leading to a dead end. The [redacted] to [redacted] of [redacted] was lined with multi-story, multi-family dwellings along the [redacted] side of the street and single-family, single-story dwellings along the [redacted] side of the street. The street was lined with parallel parked vehicles along both sides of the roadway. [redacted] is a high-crime area where deputies frequently respond to shots heard, suspicious activity, and disturbance calls for service. The residents of [redacted] do not generally cooperate with law enforcement and are reluctant to provide witness accounts of incidents in the area.

OBSERVATIONS:

Upon arrival, I saw a blue Chevrolet Tahoe bearing CA plate [redacted] overturned in the roadway directly [redacted] of [redacted] The vehicle was facing [redacted] and nearly blocked the entire roadway. I coordinated with other responding units to stage at the intersection of [redacted] and [redacted]. before moving toward the Tahoe. Deputies Couret, Knowlton, and Nastase arrived, and we drove [redacted] toward the Tahoe. Once patrol vehicles could not be driven further due to the Tahoe blocking the roadway, we exited our vehicles and began a safety sweep for any injured persons.

Deputies approached the Tahoe and confirmed it was unoccupied. It was later discovered the Tahoe had bullet holes in the driver's side. See supplemental reports for further details regarding the bullet hole quantity and location. The Tahoe was surrounded by debris that appeared to have been thrown from the vehicle when it overturned.

While I walked further [redacted] on [redacted] I saw approximately seven vehicles along the [redacted] side of [redacted] with high-speed collision damage consistent with being side-swiped by the Tahoe as it fled [redacted] on [redacted]. At least three vehicles with collision damage had bullet holes on the driver's side or the trunk. See supplemental reports for details on the quantity and location of those bullet holes.

We continued [redacted] on foot and were flagged down by multiple residents standing along the roadway. I directed deputies to contact witnesses and bystanders to check the welfare of the residents on [redacted] None of the residents we spoke with witnessed the incident. Residents at [redacted] reported a bullet struck the front of their residence. Couret entered the residence to check the welfare of the occupants.

During our safety sweep, no injured persons were located, and no witnesses with direct knowledge of the incident were contacted. Sergeant Blankenship and Deputies Jewsbury and Moore arrived to assist in the investigation due to the scene's complexity.

EVIDENCE:

After confirming no one was injured, we continued to assess the scene. We discovered ten .223 caliber fired cartridge casings (FCC's) in the middle of the roadway near [redacted] Nastase, Couret, and Knowlton began to process the FCC's with evidence placards and photographs. The FCC's were later collected as evidence. See supplemental reports for further information regarding the collected FCC's.

OBSERVATIONS:

At approximately 0110 hours, Blankenship and I stood approximately 25 yards [redacted] of [redacted] facing [redacted] Blankenship and I heard a verbal altercation behind us and turned to see two black male subjects arguing. Subject #1 was later identified as Jerome Adams DOB: [redacted] Adams was standing on the sidewalk and faced [redacted] toward the courtyard between [redacted] and [redacted] Adams wore a black hooded sweater. Subject #2 stood in the courtyard between [redacted] and [redacted] and faced [redacted] Subject #2 wore a red sweater with black sleeves. Subject #2's sweater had white stitching separating the red chest portion and the black sleeves. Approximately seven additional male and female subjects stood near the two subjects arguing. The area Adams and subject #2 stood in was dimly lit. I could not clearly see subject #2's face, or gather any further details regarding his description.

After approximately three seconds of arguing, both subjects drew pistols and began firing at each other. Subject #2 drew a black pistol from his waistband with his right hand and pointed it at Adams. Adams' back was to me, so I did not see where he drew his pistol from. Adams and subject #2 stood approximately seven feet away from each other during the exchange of gunfire. I saw multiple muzzle flashes from subject #2's pistol, who fired [redacted] I took a position of cover behind a vehicle parallel parked along the [redacted] side of [redacted] I heard approximately ten shots fired during the exchange. I peered out from behind the vehicle and looked toward the area I initially observed Adams and Subject #2 firing at each other. There were no subjects in that area. All of them fled [redacted] toward the alleyway behind the apartment complex.

I moved back toward the [redacted] side of the vehicle to look for any fleeing subjects. I saw Blankenship knelt over Adams, placing him in handcuffs. I approached Blankenship and saw a black pistol equipped with a green laser sight lying on the ground next to Adams. The green laser sight was activated. Blankenship rolled Adams to his back and onto his feet. I saw blood on the front of Adams' shirt, above his waist. I did not see any other injuries to Adams, and he was able to stand and walk under his own power.

Due to the safety risk posed to [redacted] and the Tahoe blocking the roadway, I instructed Blankenship to walk Adams toward [redacted] so Adams could receive emergency medical care.

PUBLIC SAFETY STATEMENT:

Blankenship told me he fired three rounds at Adams. Blankenship told me he fired in a [redacted] direction and did not believe his gunfire struck any additional subjects. Blankenship believed he saw subject #2 run up the stairs at [redacted] and into the apartment furthest [redacted] That apartment was later identified as [redacted]

SUSPECT CONTACT:

Deputies established a perimeter on the [redacted] side of [redacted] Several residents in the complex began to emerge, and deputies ordered several subjects to the street. Several subjects were patted down, identified, and placed in the back seat of patrol vehicles. While deputies maintained the [redacted] perimeter, I retrieved my patrol vehicle to equip deputies with ballistic patrol vehicle cover, long guns, and a ballistic shield. I positioned my patrol vehicle directly [redacted] of [redacted] Several members of the San Bernardino Police Department (SBPD) arrived and took positions along the [redacted] side of the incident location. I coordinated with SBPD Sergeant Campos to gather a team and establish a perimeter around the [redacted] side of the incident location.

NOTIFICATIONS:

I contacted the Specialized Enforcement Division (SED) and requested a response. See supplemental reports for further information regarding building clearance. I contacted Deputy Kleveno to respond to author any necessary affidavits. I contacted Sgt. Woods from the Specialized Investigations Division to respond. At approximately 0730 hours, I briefed Homicide Division investigators.

AUDIO BELT RECORDING:

Upon arrival at the incident location, I activated my audio belt recorder. Once the scene was rendered safe, I deactivated my audio belt recorder to discuss the disposition of the Tahoe with Blankenship. After witnessing the gunfight, I reactivated my audio belt recorder and captured the subsequent events.

I downloaded my audio belt recordings to the CommandCentral Vault.

SUPPLEMENTAL REPORT

FOLLOW-UP:

On Tuesday, July 5, 2022, I was assigned to the Highland Detective Bureau and conducted a follow-up regarding Deputy Ronald Hernandez's assault with a firearm investigation. I reviewed Hernandez's criminal report in its entirety. Hernandez responded to the [redacted] of [redacted] in the city of Highland, for a victim who was shot multiple times while inside their home. Hernandez discovered the victim was shot two times while he lay in his bed sleeping. Hernandez found multiple fired bullet exit holes in the [redacted] wall of the victim's bedroom as well as the [redacted] wall in the victim's [redacted] bedroom. Several fired bullets struck the victim and furniture in both bedrooms. Hernandez collected the fired bullet fragments as evidence and the scene and evidence were photographed. Hernandez and assisting deputies attempted to find witnesses to the shooting. According to Hernandez's investigation, it appeared the fired bullets were fired from the apartments at [redacted]

The apartment buildings numbered [redacted] and [redacted] have been the scene of multiple shootings between April 7, 2021, through July 5, 2022. The associated investigations were DR#132101257, #132201593, #132202255, #132202256, and #132202333. The occupants of the apartment buildings were not cooperative with law enforcement throughout the investigations. At the time of Hernandez's investigation, a cursory search of the alley on the [redacted] side of the apartment buildings was done for suspects and fired cartridge cases (FCCs). At the time no suspects or FCCs were found.

On Tuesday, July 5, 2022, at approximately 1334 hours, Deputy Charles Lopez and I returned to the victim's home and searched for additional evidence and suspect leads. Based on the fired bullet exit holes in the victim's bedroom walls and furniture it appeared the fired bullets were fired from the area of apartment building [redacted] Lopez and I searched the alley along the [redacted] side of apartment buildings [redacted] and [redacted] I found eight fired bullet entry holes on the wrought iron gate on the carport that bordered the [redacted] side of the alley. The [redacted] wall of the carport was the [redacted] wall of the victim's bedrooms. I found several fired bullet entry holes in the drywall of the west carport wall. I searched the pavement and carports that bordered building number [redacted] and [redacted] I found six FCCs and one cartridge in the dirt at the [redacted] corner of building [redacted] I used my department-issued cellular telephone and took photographs of the fired bullet entry holes, the FCCs, and the cartridge. I collected the FCCs and the cartridge as evidence. The FCCs had the headstamp "40 S&W R P." The cartridge had the headstamp "9mm Luger WIN."

Lopez and I searched for witnesses and suspect leads however no one was cooperative with my investigation.

SUSPECT LEADS:

None at this time.

EVIDENCE:

I submitted the six .40 caliber FCCs and one 9mm cartridge into evidence at the Highland Sheriff's

Station, pending analysis. I transferred the digital photographs of the FCCs and fired bullet entry holes into the department's digital evidence management system.
