**ARRIVAL:**

On Monday, October 24, 2022, at approximately 1030 hours, I arrived at the [REDACTED], located at [REDACTED]. Emergency Department personnel told me that Ezekiel Love was in [REDACTED]. San Bernardino County Sheriff's Department Deputy Coroner Investigator Leah Burton arrived at 1146 hours.

**PERSON(S) PRESENT:**

Detective: Robert Ripley, Sheriff's Homicide Detail  
Deputy Coroner Investigator(s): Leah Burton, Sheriff's Coroner Division

**OBSERVATIONS: EZEKIEL LOVE**

Inside [REDACTED], a white hospital sheet was draped across Love's entire body, which I removed after consulting with Burton. I removed the sheet to expose Love's body and observed Love lying supine, with his head pointed south, on top of a hospital bed with his arms down at his sides. A pair of gray jeans, a black belt, and expended medical wrappers lay between Love's legs. A pair of gray boxer briefs laid under Love's buttocks and over his right thigh. A black t-shirt and light blue hooded sweatshirt were partially removed and laid under Love's upper body. Beneath Love's body and clothing was a white and blue transfer sheet. Medical personnel cut all of Love's clothing off his body before my arrival. One white size 13, "Nike" brand right shoe lay on the ground, west of the bed.

There was dried blood near Love's mouth, nose, forehead, abdomen, and right and left upper arms. Expended medical intervention wrappers lay under the hospital bed. A blue bag-valve-mask lay on the ground on Love's east side. An expended endotracheal (ET) tube holder lay at the head of the hospital bed. A medical monitor with an attached blood pressure cuff and pulse oximeter sensor sat on a counter east of the hospital bed. A suction canister and tubing with a minuscule amount of blood inside was affixed to the wall south of the bed.

Burton positively identified Ezekiel Love after reviewing the CA driver's license and Social Security cards in his wallet.

- Placard I Fired bullet entry/exit hole, through a white fence post on the south side of [REDACTED], south of the sidewalk and north of the residence at [REDACTED] located north and above Placard A

#### **GUNSHOT TRAJECTORY:**

*Gunshot trajectory is the process of applying scientific knowledge to the examination of the size, shape, distribution and appearance of hole(s), strikes(s), and defect(s) caused by fired projectiles in order to determine the flight path of the projectile(s) and likely location of the shooter(s).*

The fired bullet hole(s), and strike(s) in the scene were marked and when possible, were linked together with sequential lettering (i.e. 5, 5A, 5B) to indicate trajectory paths. The markings used were for identification purposes only and do not necessarily indicate the order of occurrence. For the fired bullet hole(s), and strike(s) identified, the following trajectory path(s) was/were determined.

**A:** This placard marked a bullet path that struck the dirt area north of the perimeter fence at 15048 Henderson Street. This bullet moved in a direction that was northeast to southwest

**B-B2:** These placards marked a bullet path that entered the east side and exited the west side of the north wood fence to the property at [REDACTED], the bullet then struck the center post on the west side of the wood fence and struck the exterior north wall of the residence. This bullet moved in a direction that was northeast to southwest

**C:** This placard marked a bullet path that struck the north side of the south pillar at the exterior entryway to the residence at [REDACTED]. This bullet moved in a direction that was north to south

**D:** This placard marked a possible bullet path that struck the north side of the south pillar at the exterior entryway to the residence at [REDACTED]. This bullet possibly moved in a direction that was north to south

**E:** This placard marked a bullet path that struck the exterior north wall of the garage to the residence at [REDACTED]. This bullet moved in a direction that was north to south

**F:** This placard marked a possible bullet path that struck the exterior fireplace wall of the residence at [REDACTED]. This bullet possibly moved in a direction that was south to north

**G:** This placard marked a possible bullet path that struck the exterior southwest corner of the residence at [REDACTED]. This bullet possibly moved in a direction that was south to north

**H:** This placard marked a possible bullet path that struck the exterior south wall of the residence at [REDACTED]. This bullet possibly moved in a direction that was south to north

**I:** This placard marked a bullet path that entered the northeast side and exited the southwest side of the white fence post on [REDACTED]. This bullet moved in a direction that was northeast to southwest

#### **CONCLUSIONS:**

The bullet paths described as Placards A, B-B2 and I were consistent with a shooter(s) being located northeast of the southwest corner of [REDACTED] shooting southwest toward the residence at [REDACTED].

The bullet paths described as Placards C and D were consistent with a shooter(s) being located north of the front of the residence at [REDACTED] and shooting south, across the front yard of the residence. The bullet path described as Placard E was consistent with a shooter being located north of the front of the residence at [REDACTED] and shooting south, across the front yard of the residence.

The bullet paths described as Placards F, G and H were possibly consistent with a shooter(s) being located south of the rear yard of the residence at [REDACTED] and shooting north, toward the front of the residence. These placards were determined to most likely not be related, per the owner of the residence.

**VEHICLE PROCESSING OVERVIEW**

On November 15, 2022, at 0800 hours, I processed a vehicle for San Bernardino County Sheriff's Homicide Detective Carty. The vehicle was a white marked San Bernardino County Sheriff Department Adelanto Police vehicle, #16501 24 10, four-door 2021 Ford Explorer, California Exempt license [REDACTED]. The vehicle was processed at the Scientific Investigations Division. Sheriff's Lead Crime Scene Specialist [REDACTED] supervised the gunshot trajectory analysis and Sheriff's Crime Scene Specialist [REDACTED] assisted with intrusive search of a door.

**OBSERVATIONS****PLACARDS/OBSERVATIONS**

During the course of the investigation several items were identified with numbered evidence observations. The following is a list of items identified with placards. Each numbered item corresponds to the observations as depicted in the photographs. Overall photographs were taken of the scene prior to the assignment of observations.

- |                |   |
|----------------|---|
| Observation 1  | A fired bullet entry hole located in the bottom plastic panel of the exterior right rear door.  |
| Observation 2  | A fired bullet strike located on the top forward edge of the right front exterior quarter panel above the right front headlight, a fired bullet entry hole in the top edge of the right front headlight exterior plastic housing cover, and two fired bullet defects in the interior right front headlight housing. The entry hole was right, rear, and below the strike, while the defects were right rear, and below the entry hole. They were forward and above Observation 1. |
| Observation 3  | A fired bullet entry hole located in the forward side of the left edge of the right front exterior plastic headlight housing and the interior plastic housing directly behind. It was forward and below Observation 2.  |
| Observation 3A | A fired bullet defect and a fired bullet defect/hole located in the interior plastic right front headlight housing under the hood. They were both rear and right of Observation 3.  |
| Observation 3B | A fired bullet exit hole located in the interior plastic right front headlight housing under the hood. It was rear and right of Observation 3A.   |
| Observation 3C | A fired bullet entry hole located in the interior plastic right front headlight housing under the hood. It was rear and right of Observation 3B.  |
| Observation 4  | A fired bullet strike located on the top rear edge of the right front corner of the push bar. It was forward, below, and slightly left of Observation 3.  |

- Observation 5 A fired bullet entry hole located in the center lower portion of the exterior left front door. It was rear, below, and slightly left of Observation 4.
- Observation 6 A fired bullet entry/exit hole located in the left front window. The entry was in the exterior side and the exit was in the interior side. The glass of the window was shattered and only a partial edge of the entry/exit hole was visible. It was rear and above Observation 5.

### VEHICLE EXAMINATIONS AND RESULTS

#### **VISUAL SEARCH**

I conducted a visual search with a scope of the interior of the right rear door for fired bullets/fragments. The search of the right rear door yielded positive results, in which a fired bullet fragment was located. I conducted a visual search with a scope of the interior of the left front door for additional evidence with negative results. Both doors were disassembled during the search process, in addition to the push bar and the right front headlight. Additional damage and a strike was found that was consistent with the trajectory pathways.

#### **GUNSHOT TRAJECTORY**

*Gunshot trajectory is the process of applying scientific knowledge to the examination of the size, shape, distribution and appearance of hole(s), strike(s), and defect(s) caused by fired projectile(s) in order to determine the flight path of the projectile(s) and likely location of the shooter(s).*

The fired bullet hole(s), strike(s), and defect(s) in the vehicle were marked and when possible, were linked together with sequential lettering (i.e. 5, 5A, 5B) to indicate trajectory paths. The markings used were for identification purposes only and do not necessarily indicate the order of occurrence. For the fired bullet hole(s), strike(s), and defect(s) identified, the following trajectory path(s) was/were determined.

**Observation 1:** This fired bullet entered the right rear door and came to rest at the bottom of the interior door paneling. A fired bullet fragment was collected from the right rear door. The direction of travel was right to left and front to back.

**Observation 2:** This fired bullet struck the right front exterior quarter panel and likely deflected downward to the right. It entered the top edge of the right front exterior plastic headlight housing cover and then caused two defects inside the housing. The direction of travel was front to back.

**Observations 3-3C:** This fired bullet entered the right front headlight exterior plastic housing and the interior plastic housing directly behind. This fired bullet then traveled through the interior housing and struck the top interior side of the interior housing causing a defect. This event was most likely spall, then most likely deflected downward at that point causing additional defects. This fired bullet then exited the right front interior plastic headlight housing under the hood, and entered the right front interior plastic headlight housing in an area to the right and rear. The direction of travel was front to back and left to right.

**Observation 4:** This strike possibly came from a fired bullet striking the top rear edge of the right front corner of the push bar. The direction of travel was likely front to back and slightly right to left.

**Observation 5:** This fired bullet entered the center lower portion of the exterior left front door. The direction of travel was likely front to back.

**Observation 6:** This fired bullet entered the exterior side of the left front window and exited the interior side of the left front window. The direction of travel was likely front to back.

**VIDEO REVIEW:** I observed a video which provided further information about the suspect location and the position of the left front door.

#### **GUNSHOT TRAJECTORY CONCLUSIONS:**

The fired bullet path identified with Observation 1 was consistent with the shooter(s) being positioned to the right and forward to the vehicle shooting to the left and the rear. The fired bullet path identified with Observation 2 was consistent with the shooter(s) being positioned forward of the vehicle shooting to the rear. The fired bullet path identified with Observations 3-3C was consistent with the shooter(s) being positioned forward of the vehicle shooting to the rear and right. The fired bullet path identified with Observation 4 was consistent with the shooter(s) being positioned forward and right of the vehicle shooting to the rear and left.

No possible continuations in the interior of the vehicle were observed for Observations 5 and 6. In addition to the video information, there is a strong likelihood that the left front door was open at the time that the holes were created. In this case, the shooter(s) would have been positioned forward to the vehicle shooting to the rear.

**Vehicle definitions**

Rear or behind	Toward the trunk of the vehicle
Front or forward	Toward the engine of the vehicle
Right side	Passenger's side of the vehicle
Left side	Driver's side of the vehicle

OVERVIEW

During a case review, an error was discovered in the original report dated December 29, 2022. Observation 4 in the Gunshot Trajectory section of report page 4 out of 6 was incorrect. Corrections were also made to note page 8 out of 11.

The incorrect data reads:

**Observation 4:** This strike possibly came from a fired bullet striking the top rear edge of the right corner of the push bar. The direction of travel was likely front to back and slightly right to left.

The correct data should read:

**Observation 4:** This fired bullet struck the top rear edge of the right corner of the push bar. The direction of travel was front to back and slightly right to left.

**EXAMINATIONS**

The right and left hand adhesive discs in Item D were examined for gunshot residue particles by scanning electron microscopy/energy dispersive spectrometry (SEM/EDS).

**RESULTS AND CONCLUSIONS**

**Particles considered characteristic of gunshot residue are particles that contain the elements lead, barium, and antimony.**

**Item D – SEM GSR kit from Ezekiel Love**

Seven characteristic gunshot residue particles were identified on the right hand adhesive disc.

No characteristic gunshot residue particles were identified on the left hand adhesive disc.

Characteristic gunshot residue particles can be deposited on the hands by firing a firearm, being in proximity of a discharging firearm, or by coming in contact with a surface that has GSR on it, including handling a firearm or ammunition.

*The results apply to the items tested as received by the agency.*

*Any opinions, interpretations, or conclusions in this report are based upon data in the associated laboratory case record.*

5 shooting? And when did you load them?  
6  
7 DELANO: It was loaded or sorry I loaded it months prior. I do check  
8 it every so often and knew it was fully loaded with one in  
9 the chamber.  
10  
11 CARTY: Tell me what you remember regarding how you loaded  
12 your magazine. Did you chamber around before the LFE?  
13  
14 DELANO: Yes.  
15  
16 CARTY: How many shots do you remember firing?  
17  
18 DELANO: 13.  
19  
20 CARTY: Were you injured?  
21  
22 DELANO: No, sir.  
23  
24 CARTY: Have you ever been an LFE before?  
25  
26 DELANO: No, sir.

1 CARTY: Describe the weather conditions at the time of the  
2 shooting, lighting conditions.  
3  
4 DELANO: It was daytime, and it was dry.  
5  
6 CARTY: Alright Jacob, I appreciate that. We're going to go ahead  
7 and open it up to you for a narrative of the lethal force  
8 encounter. If you want to just go ahead and start from  
9 beginning of the day and then run us through your  
10 narrative.  
11  
12 DELANO: So, I got to work just before seven o'clock, 7am on  
13 October 24<sup>th</sup>, dress down in my class A uniform and then  
14 got my patrol vehicle ready. My patrol vehicle's a Ford  
15 Explorer with the department Sheriff's logos on each side.  
16 It's got overhead lights but also equipped with a siren and  
17 it's also got my unit number on there and a bumper guard  
18 on the front. It's also a white Ford Explorer and each side  
19 of the car has the logos that are a tan goldish color, and  
20 they say San Bernardino County Sheriff and it also says  
21 Adelanto Police on it.  
22  
23 Inside the vehicle I have my gear. I have my couple of  
24 patrol bags with forms and other forms needed for patrol. I  
25 also have a beanbag less lethal shotgun secured in the  
26 trunk area. I have a Mini 14 rifle and a Remington 870  
27 shotgun that are secured in the front next to my seat in  
28

1 between mine and the passenger front seat front and  
2 that's basically how I loaded up every day. After getting  
3 my vehicle all loaded up I had briefing. Starts roughly  
4 every day at 710 in the morning.

5  
6 After briefing was over and around eight in the morning, I  
7 was I responded to an audible call off [REDACTED] in the  
8 north end of Adelanto. They had roughly 14 audible  
9 alarms since midnight. I was asked to go see what's  
10 wrong with their audible alarm system and talk to the  
11 manager about it because it was a business. So up on the  
12 very north end in the desert of Adelanto was [REDACTED]  
13 and I got there, and I was speaking to the manager about  
14 his system and see what's going on with it. And that's  
15 when I heard over the air, Dispatch was relaying  
16 information to the Adelanto units, the other two that are in  
17 the city with me. Being Deputy Valadez and Deputy  
18 Torres with his trainee Deputy Salazar.

19  
20 I heard Dispatch airing a supplemental to a call which I  
21 have in front of me. This is what I heard dispatch say. I  
22 didn't hear the initial call to the Adelanto units, but I heard  
23 this supplemental right after. Over the police radio I heard  
24 dispatch give me a supplemental saying, male heard  
25 yelling in the background and the reporting party currently  
26 inside location, and I also heard the subject is threatening  
27 to become violent. That's when I stopped my conversation  
28

1 with that manager said "Hey, I gotta go." I got back into  
2 my patrol vehicle and I self-assisted with the unwanted  
3 subject call that my other two partners were assigned to  
4 as well.

5  
6 I got in my patrol vehicle, and I looked at the call for  
7 service on my mobile computer. I saw the call was on  
8 [REDACTED] which was on the south end of  
9 Adelanto. I started driving down through [REDACTED] and  
10 down [REDACTED] while reviewing and listening to  
11 supplementals that were being put into the call by the  
12 reporting party. I knew the drive time was roughly 10 to 15  
13 minutes from where I was off [REDACTED].  
14 During those 10 to 12 minutes, I could see the suspect's  
15 name was Ezekiel Love, he's [REDACTED] They put out  
16 his description as a Black male adult, wearing a blue  
17 sweater, jeans. It was also reported to dispatch that he  
18 was kicking the door. The reporting party is the [REDACTED]  
19 because he reports it as [REDACTED] wasn't leaving location  
20 kicking the door, refusing to leave and also gave out a  
21 description he's six foot four, 360 or 380 pounds.  
22 On our mobile computer, we also have a linked screen to  
23 his to his criminal arrest record in our county and when I  
24 clicked on that I saw he also had an arrest I don't know  
25 when it was, but I saw he had an arrest for unlawfully  
26 possessing a firearm. I also reviewed his link to his  
27 driver's license which was accurate at about six foot four

360 or 380 pounds. While still driving down Highway 395 I knew I could see on my screen from my computer that my partners were about three to four minutes ahead of me in which was consistent even until they got there. I was still about three to four minutes away.

Prior to their arrival I also saw that through the updates with the computer that Ezekiel the subject in the call for service was walking away from the residence. It wasn't known if he had any weapons as well, but it was also reported that he's threatening to become violent with deputies. So, I got a lot going on in my head about what he looks like, things that are being reported, that he's saying, as well as I have his criminal record. And so, this was still prior to my rival it was reported that he walked across the street. It didn't say he walked into someone else's house, but it says that he was walking towards a friend's house. So that was some of the information I received before I got there.

Once I did get there, I saw that my partners Torres, his trainee Salazar and Valadez were speaking to the who looked like the reporting party near the front door of the residence. I got out of my car and was approaching to see what was going on, what they learned. Deputy Torres informed me before he even got to the house that the

1 subject Ezekiel was last seen walking westbound from the  
2 house on that street.

3  
4 So, he wasn't at the scene at the time. So, I decided to go  
5 on an area check, look for him and to basically see what  
6 was going on because we had a crime reported  
7 vandalism, possibly trespassing. So, once I went on an  
8 area check, I saw Deputy Molly Leiker was also there  
9 behind me. We parked next to each other, had a quick  
10 conversation. I asked her to go straight and look for an  
11 area check, and I'll go left on, I don't know what street, but  
12 just on an area check. So, after that happened, I basically  
13 made the left from the street that we went on the area  
14 check from and then a right onto [REDACTED] Once I made  
15 that right onto [REDACTED], I had this intersection of  
16 [REDACTED] and once I was traveling down that street I  
17 saw, as I'm passing [REDACTED] I could see at this  
18 intersection of [REDACTED] at the southwest  
19 corner was someone matching Love's description.  
20 Looked like a tall heavysset Black male adult and it looked  
21 like he had a blue sweater on jeans. So, I made a left turn  
22 onto [REDACTED] and as I do so as I'm getting  
23 roughly halfway between [REDACTED] on  
24 [REDACTED] I put out, I informed Dispatch over the  
25 air.

26  
27 [REDACTED] Police radio.

DELANO:

Over the police radio that I'll be out with one matching. Meaning the described subject of Ezekiel, I'll be out with one matching description. I also put out over police radio the intersection that I was at, [REDACTED] Street. So, as I'm traveling southbound and putting out that information over police radio, right as I'm about finished with my information over the air, is when Ezekiel starts shooting at me.

So right as I'm finishing my broadcast, the first shot went off. Now prior to the first shot, I could see that he appeared agitated of my presence on [REDACTED]. When he saw me and he knew I was coming down [REDACTED] possibly to approach him he didn't look happy, he kind of like turned his head and like kind of flexed his shoulders and then bent his arms a little bit, just did not appear happy that I was now in his presence. So, as I'm getting towards [REDACTED]

[REDACTED] I positioned my vehicle pretty much right in the middle of the intersection at the northern part, pointing towards Love who's on the southwest curb. Right as I'm about to put the vehicle in park, I looked down and shift the gear in the park and that's when right as I look up, he fires his first shot. I can hear the gunshot obviously because I'm close enough and immediately was you know, in fear.

So that first shot goes off and several more, right after it. Right when the first shot gets off, I'm able to get out of the car, but I can hear more gunshots going off towards me from Love. So, I exit my vehicle and I run around to the back of it. When I do so, I could see and hear Love is still shooting at me. That's when right as I'm getting to the corner back passenger side of that patrol vehicle to get cover, I drew my firearm and shot back at him. I think Love was able to continue to shoot, sorry, he was still shooting as I began to shoot back at him. I shot 13 rounds at Love. During which he was shooting and also moving westbound on that south curb of [REDACTED] away from me.

After roughly the 13th shot, or sorry after the 13th shot, he was down, he stopped moving. I gave verbal commands for him to put his put his hands up or put his arms out. And then immediately requested medical aid and then also informed over police radio that shots had been fired and one subject was down. After requesting medical aid informing dispatch what happened, more deputies start to get on scene. I saw the first one was Deputy Molly Leiker and the next was Deputy Valadez. Right after that was Deputy Torres and his trainee Deputy Salazar. In between sorry, I don't want to go back but, in between them showing up we also had a car about to come

eastbound on [REDACTED] but I was yelling at that car to back up, because it would be in the crossfire still.

One of the things during the shooting that I noticed also was my backdrop, which was this residence [REDACTED] [REDACTED] I didn't see any subjects outside or anything like that, but that was my backdrop and then his was several other houses. So, other deputies arrive on scene and once we felt that we had enough deputies to make a safe approach we did so. Which was basically immediately once Deputy Torres and his trainee got on scene we had enough.

We made a safe approach to Love who was not responsive and began to do lifesaving measures on him such as CPR. I saw Deputy Torres doing CPR on him. And then we requested medical aid to be cleared into the scene because now it's safe to do so. And then once they got on scene, they quickly transported Love to a local hospital but that was it. So, after lifesaving measures were being performed, I looked at my car and I saw that there was several bullet holes and I could see the my driver window was shot out.

CARTY:

You good?

DELANO:

Good.

1  
2 CARTY: Go ahead and take a little break. Go ahead and pause it  
3 at 1434 hours.  
4  
5 CARTY: We'll be going back on tape at 1441 hours. Alright Jacob  
6 we just have a couple follow up questions. We are going  
7 go back to the beginning. You said on your gun belt that  
8 you were your duty belt you got a baton, by your baton  
9 are you talking about your rapid containment baton  
10 collapsible?  
11  
12 DELANO: Yes, sir.  
13  
14 CARTY: And then describe how you self-assisted on the call.  
15  
16 DELANO: So, on our mobile computer, you can input yourself to  
17 assist with your callsign, you can assist the callsign of  
18 your partners just by typing in letters onto the screen.  
19  
20 CARTY: And earlier you said you received info from the RP,  
21 describe how you received that information. And what  
22 additional information was either on your screen on the  
23 call log or broadcasted over police air by dispatch?  
24  
25 DELANO: Yeah, so dispatch was informing deputies over the air or  
26 through police radio of the supplementals into the call that  
27 the reporting party was informing dispatch of. So,  
28

DR# 242202529  
H# 2022-138

1 reporting party informing dispatch, dispatch informing us  
2 of what the reporting party's saying, and it just gave  
3 information which was given us either on our mobile  
4 computer or over the air that 22-year-old [REDACTED] refusing to  
5 leave standing in front of location, kicking the door. [REDACTED]  
6 does not live in that location. Gave a description blue  
7 sweatshirt, jeans, male. Dispatch also gave us a  
8 description of information from the reporting party that  
9 subject is threatening to become violent with deputies.  
10

11 CARTY: Describe how that made you feel when you heard the  
12 information that the subject was going to be  
13 confrontational with deputies.  
14

15 DELANO: It made me want to get to the call with my partners as  
16 soon as I could because I knew they were ahead of me  
17 roughly three to four minutes. Once they give us also a  
18 description, six foot four, 360, it made me aware of a lot of  
19 things. It basically made me aware of possibly his mindset  
20 that he could be violent with us.  
21

22 CARTY: Describe who told you or where you were told about a  
23 suspected crime? Were you told by your partners on  
24 scene? Or did you hear that over the police radio?  
25

26 DELANO: Over the police radio.  
27  
28

DR# 242202529  
H# 2022-138

1 CARTY: Describe what information was broadcasted that led you  
2 to believe there was a crime.  
3  
4 DELANO: So, the original call of kicking the door, [REDACTED] doesn't live at  
5 the location. That being stated, it's possible we have  
6 trespassing or vandalism or attempted burglary, just  
7 through what we were told from dispatch, seems like we  
8 have a couple of crimes could have been committed.  
9  
10 CARTY: You described earlier that Dispatch broadcasted over the  
11 police radio that the subject was walking from the street.  
12 By the street, are you referring to Christopher Street  
13 where the call for service was initiated?  
14  
15 DELANO: Yes, sir.  
16  
17 CARTY: Now as you are traveling west on Star Street, and you  
18 observe a subject matching the description of Love,  
19 describe the distance from you to Love at that observation  
20 and where he is standing or what he is doing.  
21  
22 [REDACTED]: If possible.  
23  
24 DELANO: It was possibly 70 to 90 yards away from [REDACTED] all  
25 the way down to the bottom portion of [REDACTED].  
26 Was that what was the second part of that question?  
27  
28

DR# 242202529  
H# 2022-138

1 CARTY: Describe what Love is doing.  
2  
3 DELANO: So, as I'm making that left turn as I spot him, I'm making  
4 that left turn, I could see him, he appeared agitated. And  
5 how to describe that as he just kind of turned his head  
6 really quick, just looked upset that he saw me coming  
7 towards him, and kind of turned one way and I think he  
8 turned the other way just to look to see what was around  
9 him, but he just didn't look happy that I was coming his  
10 way.  
11  
12 CARTY: Describe what Love was doing as far as, is he standing in  
13 the middle of the street? Is he standing on the sidewalk?  
14 Is he walking? Describe what he's physically doing.  
15  
16 DELANO: He's just standing on the on the sidewalk on the  
17 southwest corner.  
18  
19 CARTY: The southwest corner of ?  
20  
21 DELANO:   
22  
23 CARTY: As you begin to approach Love and you're traveling now  
24 south on   
25  
26 DELANO: Yes, sir.  
27  
28

DR# 242202529

1 CARTY: Describe what Love does next.  
2  
3 DELANO: He is still kind of making those motions, like kind of  
4 crossing his arms together looking upset. And as I'm  
5 getting closer, I could see as I'm getting closer and  
6 halfway down [REDACTED]  
7 that's when I can really observe that this is more than  
8 likely Love, our matching person or our subject matching  
9 the description given to us.  
10  
11 CARTY: At this time is Love still standing still or is he walking at  
12 any point?  
13  
14 DELANO: Just standing still.  
15  
16 CARTY: Did you request any additional deputies at that time?  
17  
18 DELANO: I didn't specifically request it, but I informed through police  
19 radio that I was out with Love at that intersection. I knew  
20 that Molly was also on an area check, so by her hearing  
21 my information being broadcast she would possibly come  
22 my way.  
23  
24 CARTY: So, as you continue to travel south, you say that you  
25 parked your patrol vehicle basically in the middle of the  
26 intersection of [REDACTED], what is  
27 Love doing at this time?  
28

DR# 242202529  
H# 2022-138

1  
2 DELANO: So, he's still just standing there. As I'm slowing down and  
3 about to shift my gear into park, right as I'm getting to a  
4 complete stop, I'm shifting it, that's when he presents his  
5 firearm and starts shooting at me.  
6  
7 CARTY: Describe what you observed Love doing. What you  
8 observed him holding, what his distance is from you at  
9 that point.  
10  
11 DELANO: So, distance wise, I think he was about 20 to 25 yards  
12 away from me. What he was doing or what he was  
13 holding, I also saw he had a bag on him in one hand, like  
14 a I don't know how to describe it, but it was just a bag,  
15 and he also had a backpack on him.  
16  
17 CARTY: At that point could you see anything in Love's hand?  
18  
19 DELANO: Not, not at that point.  
20  
21 CARTY: At this time is Love facing you or is he facing away from  
22 your vehicle?  
23  
24 DELANO: Facing me.

5  
6 DELANO: Initially when he started shooting at me, I couldn't tell what  
7 kind. I couldn't tell you specifically what type of handgun it  
8 was but appeared to be a handgun. The distance 20, 25  
9 yards away I couldn't pick out specific details and tell you  
10 what kind it was, but I knew it was semi-automatic. I knew  
11 it sounded like a larger caliber, just how loud it was at the  
12 time. Just very loud shots coming at me and I knew he  
13 was using his right hand to shoot. It looked like he was  
14 shooting one handed.  
15  
16 CARTY: As Love begins to shoot towards your direction, where are  
17 you at this time?  
18  
19 DELANO: Like mentally or physically?  
20  
21 CARTY: Physically where are you located?  
22

5  
6 DELANO: Scary. I mean he's still shooting at me; he's pointing his  
7 gun towards me shooting. And right as I'm I can see him,  
8 and I have cover and that's when I draw my firearm.  
9  
10 CARTY: So, as you come around the rear of your vehicle and now  
11 you turn and face back towards Love.  
12  
13 DELANO: Facing south.  
14  
15 CARTY: You say he's still firing at you?  
16  
17 DELANO: Yes, sir.  
18  
19 CARTY: Describe where Love's positioning is. Has he advanced?  
20 Has he moved in any way?  
21  
22 DELANO: He's starting to sidestep or move west on [REDACTED]  
23 still on his south curb line.  
24  
25 CARTY: At this time describe if there's any radio traffic or any  
26 communication being conducted by you.  
27  
28

**DR# 242202529**  
**H# 2022-138**

1 DELANO: So, right as I was finishing my radio traffic when I initially  
2 informed police dispatch that I was out with him was when  
3 the first shot came off. As I'm exiting the vehicle, I'm  
4 informing police radio that shots are being fired.  
5  
6 CARTY: So, as you get around the back of the vehicle you look at  
7 Love, he's now slightly moved west from his original  
8 location?  
9  
10 DELANO: Yes, sir.  
11  
12 CARTY: Describe his positioning, his body positioning. Is his hand  
13 extended out towards you? Do you now have a better look  
14 at what's inside of his hand?  
15  
16 DELANO: Yes, sir.  
17  
18 CARTY: Describe that for me.  
19  
20 DELANO: I can see he had a black handgun, and he was continuing  
21 to shoot at me even though I was now in a different  
22 position. I could hear bullets hitting the side of my car.  
23  
24 CARTY: Describe if Love is saying anything to you at this time.  
25  
26 DELANO: He didn't say anything to me. Not that I could hear.  
27  
28

DR# 242202529  
H# 2022-138

1 CARTY: Describe if you're giving any commands to Love at this  
2 time.  
3  
4 DELANO: I wasn't able to give commands to Love until after the  
5 shooting.  
6  
7 CARTY: So, now Love's continuously shooting at you. You see a  
8 black handgun his right hand. You've come around the  
9 backside of the unit and now you're facing towards him.  
10 What happens next?  
11  
12 DELANO: I returned fire with my sidearm.  
13  
14 CARTY: As you're returning fire toward Love, what do you observe  
15 in your background and what do you observe Love doing?  
16  
17 DELANO: So, Love is still moving westbound. My backdrop is this  
18 house this corner house at [REDACTED] I can see  
19 the front door area was the immediate backdrop and the  
20 side of the house as well.  
21  
22 CARTY: Can you describe Loves demeanor at this point?  
23  
24 DELANO: His demeanor is still shooting, moving away.  
25  
26 CARTY: How does that make you feel that you've now exited your  
27 vehicle, got cover and Love is continuing to shoot at you?  
28

DR# 242202529  
H# 2022-138

1 DELANO: You know I'm in fear for my safety, I'm in fear for the  
2 people that are behind me or if there's any  
3 people behind me in their houses, if  
4 he's not hitting me or my car, he's possibly hitting  
5 someone else. You know, I'm in a lot of fear at that point.  
6  
7 CARTY: You stated earlier that you believe Love was started  
8 shooting with one hand as he's moving west and you've  
9 made your way around the backside of the vehicle, is he's  
10 still shooting with one hand?  
11  
12 DELANO: I believe so.  
13  
14 CARTY: Now as you begin to return fire, what is your stance, your  
15 grip, your point of aim?  
16  
17 DELANO: My stance, because I'm right-handed, I have like a bladed  
18 stance with my right foot slightly behind my left about  
19 shoulder width apart. My grip is two hands on the firearm.  
20 And what was the last part, sir?  
21  
22 CARTY: What is your point of aim?  
23  
24 DELANO: His center mass. Meaning his chest.  
25  
26  
27  
28

DR# 242202529  
H# 2022-138

1 CARTY: And describe your cadence of gunfire. Earlier you say you  
2 shot 13 rounds, did you shoot all 13 rounds in succession  
3 or is there a breakup in the way you fired your rounds?  
4  
5 DELANO: It's just one succession.  
6  
7 CARTY: Describe the cadence of that? Is it rapid? Meaning boom,  
8 boom, boom, boom, boom, boom, boom, boom, boom, or  
9 is it more shot, a pause in between each?  
10  
11 DELANO: It was a pause in between each shot. It was like barely  
12 half a second between each one.  
13  
14 CARTY: So, the first shot goes off, you're slightly bladed stance.  
15 Did you utilize your front sights?  
16  
17 DELANO: I did, sir.  
18  
19 CARTY: You're aiming  
20  
21 DELANO: At his torso.  
22  
23 CARTY: At his torso. And Love is continuing to move westbound at  
24 this time.  
25  
26 DELANO: Yes, sir.  
27  
28

DR# 242202529

1 CARTY: After your first shot, did it have an effect on Love?  
2  
3 DELANO: It didn't appear so.  
4  
5 CARTY: What is Love doing it this time?  
6  
7 DELANO: After the first shot he was still shooting back at me.  
8  
9 CARTY: How about the second shot?  
10  
11 DELANO: Didn't appear effective. He was still aiming his gun  
12 pointing, shooting at me.  
13  
14 CARTY: Did you utilize the same stance, point of aim, using your  
15 sights, during all 13 of your shots?  
16  
17 DELANO: Yes, sir.  
18  
19 CARTY: At what point did you believe your shots were effective?  
20  
21 DELANO: After the last one was when I believed the threat had been  
22 stopped.  
23  
24 CARTY: Describe what you observed at that time.  
25  
26 DELANO: I observed Love on the ground, still on the sidewalk, not  
27 moving, and no longer shooting at me.  
28

DR# 242202529  
H# 2022-138

1  
2 CARTY: Describe if you could still see the firearm in Loves hand or  
3 if you knew where the firearm was at that time.  
4  
5 DELANO: At the time, I saw him drop something. It was around 10  
6 feet, or it was just to the east of him, still on the sidewalk  
7 and I didn't realize at the time it was his firearm. Once  
8 more deputies came and pointed out that the firearm's  
9 right there, that's how I knew the firearm was on the  
10 ground.  
11  
12 CARTY: Describe if any verbal commands were given to you to  
13 Love.  
14  
15 DELANO: I told him to put his arms I said I think, show me your  
16 hands. Meaning like put your hands up so I can see them  
17 so I know you're not still carrying a gun and possibly can  
18 shoot again at me.  
19  
20 CARTY: Describe when those commands are given.  
21  
22 DELANO: Immediately after my last shot.  
23  
24 CARTY: Describe your stress level as Love, prior to you stopping  
25 and your shooting back. Describe your stress level as  
26 Love's firing at you and you're returning fire.  
27  
28

DR# 242202529  
H# 2022-138

1 DELANO: It's very high. It's first time I've ever been shot at, and I  
2 was in fear for my life and extremely stressed out. One of  
3 those bullets could have hit me and I would have been  
4 dead, not been able to see my kid anymore. So, I was  
5 stressed out and scared.  
6  
7 CARTY: Have you had official training in dealing with someone  
8 armed with a firearm?  
9  
10 DELANO: Yes, sir.  
11  
12 CARTY: Describe your decision to utilize your duty weapon. Why  
13 would no other weapon systems have worked?  
14  
15 DELANO: No other weapon system would have been appropriate for  
16 that situation besides lethal force. Because he's shooting  
17 at me and I'm not going to use a less than lethal option.  
18 At that point he's determined it's a lethal force encounter  
19 by shooting at me.  
20  
21 CARTY: Now describe how much time elapsed from the time when  
22 you first saw Love and he fired that first shot until your last  
23 shot and lethal force encounter was over.  
24  
25 DELANO: So, when I first saw Love, it was maybe 7 to 10 seconds  
26 before he fired the first shot. And from the time I saw him  
27  
28

DR# 242202529  
H# 2022-138

1 to the time the lethal force encounter was over with was  
2 around 25 second, 30 at most.  
3  
4 CARTY: Did anybody else fire their weapon?  
5  
6 DELANO: Just Love.  
7  
8 CARTY: What was your intent with firing your weapon?  
9  
10 DELANO: To stop him from shooting at me. To stop him possibly  
11 killing me, killing other people. Endanger you know, great  
12 bodily harm to me or other people as well.  
13  
14 CARTY: What do you think would have happened if you did not fire  
15 your weapon?  
16  
17 DELANO: I don't think I would be here today. I probably would be  
18 dead.  
19  
20 CARTY: As you approached Love and he's now down on the  
21 ground, describe what you observe on the ground around  
22 Love or if there's anything in his hands.  
23  
24 DELANO: Didn't see anything in his hands, the gun was on the  
25 ground nearby him. I saw his bag and his shoe was also  
26 on the ground next to him.  
27  
28

DR# 242202529  
H# 2022-138

1 CARTY: Describe.  
2  
3 DELANO: Or near him.  
4  
5 CARTY: Describe that firearm for me.  
6  
7 DELANO: I never got too close, but I knew it was a small black semi-  
8 automatic handgun.  
9  
10 CARTY: Did you or anyone else move the firearm?  
11  
12 DELANO: I did not move the firearm. I can't say if anyone else  
13 moved it.  
14  
15 CARTY: Describe the requested the medical aid.  
16  
17 DELANO: I immediately requested it. And then they were allowed  
18 into the scene because we don't want medical personnel  
19 coming on scene if there's still a threat. So, once we  
20 approached him and got him under control, it was almost  
21 seconds later. They were allowed in, and they came in.  
22  
23 CARTY: As you approach Love describe any injuries you observed  
24 and what, if anything did Love say, while he was on the  
25 ground.  
26  
27  
28

DR# 242202529  
H# 2022-138

1 DELANO: I couldn't see specifically what his injuries were. And he  
2 didn't say anything.  
3  
4 CARTY: Do you remember seeing anyone else outside in the area  
5 at the time of the shooting?  
6  
7 DELANO: No.  
8  
9 CARTY: From the time you requested medical aid and they staged.  
10  
11 DELANO: Oh, I'm sorry, I'll let you continue, my bad.  
12  
13 CARTY: Go ahead.  
14  
15 DELANO: I didn't mean to cut you off.  
16  
17 CARTY: You're fine, no, go ahead.  
18  
19 DELANO: Medical personnel was staged but also clear in, like clear  
20 to come in. They probably didn't have time to actually  
21 stage because it was very, very quick for them to be  
22 cleared in.  
23  
24 CARTY: From the time medical was cleared in, how long from the  
25 time that the LFE ended to the time medical aid began  
26 lifesaving measures were performed?  
27  
28

DR# 242202529  
H# 2022-138

1 DELANO: Well, immediately lifesaving measures were performed. I  
2 can see Deputy Torres performing CPR. Medical  
3 personnel were able to get were on scene maybe five to  
4 seven minutes after the shooting ended.  
5  
6 CARTY: Besides Torres conducting CPR, did you observe any  
7 other lifesaving measures conducted on Love?  
8  
9 DELANO: I did not see.  
10  
11 CARTY: Have you ever contacted Love before? Did you have any  
12 information about him prior to this lethal force encounter?  
13  
14 DELANO: I never contacted him before that I know of. The  
15 information I knew about Love was all from today or sorry  
16 from that day on October 24th. The information that I  
17 knew about him at the time of the shooting was all  
18 information provided to me through dispatch. Just about  
19 what he was wearing, you know his blue sweatshirt, jeans  
20 and his criminal history or criminal arrest recent history in  
21 this county and description of him being six foot four and  
22 360 to 380 pounds.  
23  
24 CARTY: I'm gonna jump back a little bit. As you pull up to the  
25 intersection of [REDACTED] in your  
26 patrol unit, when you see Love walking on the street. Did  
27 you activate any lights, sirens, use any air horns?  
28

DR# 242202529  
H# 2022-138

1  
2 DELANO: I did not.  
3  
4 CARTY: You have anything else?  
5  
6 RAMSTAD: What's that?  
7  
8 CARTY: You have anything else right now?  
9  
10 RAMSTAD: One, I got one question then we'll take a quick break. You  
11 said that you could not give him commands when you  
12 initially contacted Love. Can you explain why?  
13  
14 DELANO: I never gave any, I never even got to talk to him because  
15 by the time before I even got out of my car, he was  
16 shooting at me and there was no time for commands or  
17 anything like that.  
18  
19 RAMSTAD: And if you contacted Love, ordered him to put his hands in  
20 the air and what would you do if he were to have  
21 complied?  
22  
23 DELANO: Well, if he complied and you know, if I did find a weapon  
24 on him, I detain him secure the weapon. But when I  
25 started my area check looking for him, I had all these  
26 things in the back of my mind about, what he's been  
27 alleging that he will be threatening the deputies and all

RAMSTAD:

Alright, we'll take a quick break.

CARTY:

We're gonna go off tape at pause this interview at 1510 hours.

CARTY:

We're back on tape at 1515 hours. Alright, Jacob, this photograph I have in front of me is taken from Google Earth. It's a photograph depicting [REDACTED] in Adelanto. What I'd like you for you to do is draw a rectangle with this marker of where your vehicle was positioned on the street when you came to a stop. Now I'd like you to draw a circle where you fired your rounds from and then I'll instruct you further from there. So, if you could draw a rectangle where your vehicle was when it was stopped. And then a circle where you fired your rounds from. And then if you could for me place an X where Ezekiel stood when he fired his first round at you. And then you say that he moved west bound, so if you can make a dotted line showing his distance of travel west and then put an

**NEXT OF KIN INTERVIEW:**

On Monday, October 24, 2022, at approximately 1200 hours, Detective Jonathan Ramstad and I interviewed [REDACTED] inside of an interview room at the Victor Valley Sheriff's Station, located at 11613 Bartlett Avenue, in Adelanto. I recorded the interview with my department issued digital recorder, and I later placed a copy of the recording into the case file. The following is a summary of our interview with [REDACTED]

I informed [REDACTED] the reason for speaking with him was in regard to the death of [REDACTED] Ezekiel Love. [REDACTED] was aware that Ezekiel passed away and was willing to provide us additional information.

Ezekiel stayed with [REDACTED] in [REDACTED] for approximately a year to year and a half. Ezekiel and [REDACTED] got into an argument and Ezekiel left [REDACTED] and came to stay with [REDACTED]. Ezekiel caused a lot of issues for the family and although he was raised in the church, Ezekiel became rebellious at a young age. [REDACTED] was a Pastor in the church and ran a youth group to help children in the community. Ezekiel did not want to live the religious lifestyle and refused to follow their families' values. Ezekiel claimed to be a "Crip" gang member, but [REDACTED] did not know where he was in a gang at. [REDACTED] believed Ezekiel was easily influenced and was a follower. Ezekiel did not have any mental health issues or any diagnosed disabilities.

In about December of 2020, Ezekiel returned to [REDACTED] residence in the city of Adelanto, because he was shot while in [REDACTED] and his wife allowed Ezekiel to stay, helped care for his injuries, and administered his required medication for the gunshot wound. On Friday, December 25, 2020, Ezekiel left the residence and did not tell any of his family where he was going. [REDACTED] believed Ezekiel left because once again he did not like the rules of the house and would not follow them.

Recently Ezekiel returned to [REDACTED] residence because he had a broken-down vehicle that was parked in front of the house. [REDACTED] was at work and did not know Ezekiel was at his residence. Ezekiel argued with [REDACTED] because he wanted the pink slip to the vehicle so he could sell it. [REDACTED] left work and went to the storage unit where the pink slip was kept so he could give it to Ezekiel. [REDACTED] told Ezekiel if he was not home, Ezekiel should be the one to look over the [REDACTED]. Ezekiel should not be the one to cause issues.

NEXT OF KIN INTERVIEW: CONTINUED

According to [REDACTED], Ezekiel knew he was not welcome at the house and knew he was not allowed to stay at the residence. [REDACTED] did not mind if Ezekiel stopped by to visit his [REDACTED] but he was not allowed to stay at the residence. Ezekiel has not lived at the residence at [REDACTED] since December 2020. [REDACTED] stated Ezekiel stopped by and visited his [REDACTED] every one to two months.

Ezekiel was in the area for the past few weeks due to losing his housing he shared with [REDACTED] in Lancaster. [REDACTED] recently found out [REDACTED] was attempting to help Ezekiel find a place to live but was not sure where that was. [REDACTED] allowed Ezekiel to stay at her house while he looked for a place to stay. [REDACTED] daughter would not allow Ezekiel to stay at her residence while she was gone from work.

On Monday, October 24, 2022, at approximately 0730 hours, [REDACTED] brought Ezekiel over to his house. When [REDACTED] went downstairs to leave for work, she saw Ezekiel in the house. Ezekiel and [REDACTED] had a conversation which turned into an argument. [REDACTED] asked Ezekiel to leave the residence and Ezekiel went outside of the house but stayed on the front porch. [REDACTED] did not hear the conversation between [REDACTED] and Ezekiel. [REDACTED] called [REDACTED] on the telephone and told him Ezekiel was at the house and outside. [REDACTED] was upstairs in bed and walked downstairs to speak to Ezekiel.

[REDACTED] spoke to Ezekiel through the closed door and asked him what was going on. Ezekiel began to complain about how he was raised, complained about church, and was very angry at [REDACTED] which was typical for Ezekiel. [REDACTED] reminded Ezekiel why he was at the residence, he was not welcome. [REDACTED] asked Ezekiel multiple times to leave, but he refused. Ezekiel warned [REDACTED] that if he calls the police that he, "will have it out with the police." Ezekiel threatened to kill [REDACTED] before he called the police. [REDACTED] told Ezekiel he was not going to kill [REDACTED] just like he would not kill [REDACTED]

[REDACTED] did not see Ezekiel with a weapon on his person as he made threats. [REDACTED] stated there was an incident in Adelanto where Ezekiel was involved in a shooting with another suspect. [REDACTED] was not sure if Ezekiel still possessed a weapon as he continued to threaten him and kick his front door. At some point during the argument with Ezekiel, [REDACTED] retrieved his firearm from his bedroom and placed it on the bottom step of the stairwell in case Ezekiel got into the residence and carried out his threats. [REDACTED] was worried for his safety and was not sure what Ezekiel would do to him.

██████████ called 9-1-1 and told Ezekiel to leave the residence. Ezekiel told ██████████, "You just killed ██████████, you just killed ██████████, dumbass!" As deputies arrived at the residence, ██████████ saw Ezekiel across the street as he walked away. ██████████ spoke to deputies at his front door and heard several gunshots a short time later. ██████████ stated he would not have called the police unless he truly felt it was going to end bad. ██████████ was in a fist fight with Ezekiel before and he did not want it to escalate that or worse.

██████████ was in the residence during the incident, and he also did not want her to get hurt.

██████████ had video surveillance on his cellphone from the doorbell camera which was mounted near his front door. ██████████ believed most of the conversation with Ezekiel was recorded on the doorbell camera. ██████████ downloaded the doorbell camera videos on his cellphone and sent them to me via email. All of the video recordings were later uploaded into the case file.

██████████ was unable to provide any additional information, and we concluded our interview with him.

**NARRATIVE****\*\*\*SUPPLEMENTAL\*\*\*****ASSIGNMENT / ARRIVAL:**

On Monday, October 24, 2022, I was assigned as 26D1 to the Phelan Station. At around 0840 hours, I heard sheriff's radio traffic of a unit involved in a lethal force encounter within the City of Adelanto. I immediately responded to the scene. I arrived at the area of [REDACTED] around 0910 hours.

**INFORMATION:**

I arrived at the scene and noticed crime scene tape was up and deputies were working the area. I met with Sergeant Kirsten Wickum and asked what needed to be done. I was instructed to respond to the [REDACTED] where Ezekiel Love 06/16/00 had been transported by AMR. I was briefly advised Love is a suspect of an assault with a deadly weapon on a peace officer and advised he was not to leave the hospital.

I arrived at the [REDACTED] Emergency Room at around 0910 hours. I saw multiple medical staff working on the person of Love. I never saw any movement from the person of Love, nor did I hear any of the medical staff talking with Love. This led me to believe Love was unconscious. At around 0930 hours, I heard [REDACTED] call the time of death. Shortly after time of death was called, I assisted Sergeant Dana Weinberg with taking photos of Love. These photos were later uploaded to the Vault System.

I waited at the [REDACTED] until I was relieved by Detective Ripley from the homicide division at around 1100 hours. While waiting at the hospital I stayed within visual distance of Love who was still in an ER work area behind a closed curtain.

At around 1117 hours, I returned to the scene where I was instructed by Detective Eric Ogaz to interview [REDACTED]

**WITNESS INTERVIEW:** [REDACTED]

I spoke with [REDACTED] outside of his home at a table and chairs in the front yard area. The following is a summary of our recorded conversation. [REDACTED] explained he has lived in his home for 32 years and told me he is an original owner. After getting [REDACTED] contact information I asked him about what he saw and heard that morning.

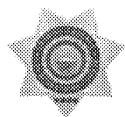

[REDACTED] explained he was working in his backyard on the northwest side of the home. [REDACTED] initially thought he heard fireworks but then realized they were gunshots. [REDACTED] thought he heard three shots then after a short pause he heard four to five more shots and heard who he thought was a deputy yelling to drop the gun or don't move. [REDACTED] also told me he thinks in total he heard around seven or eight gunshots. Then he heard a few more shots which caused him to run inside and tell everyone to get on the ground.

I asked [REDACTED] if he heard or saw anything strike his home. [REDACTED] initially told me no, then asked his [REDACTED] Spanish, who said she heard something strike the house. [REDACTED] continued by saying he

heard the deputy yelling to drop then gun then he heard another volley of gunshots. I asked [REDACTED] if he heard anything after the second gunshots. [REDACTED] told me he did not.

I asked [REDACTED] if he ever went out front of the home. [REDACTED] said he did not right away but explained he went to this front room and looked out a window. [REDACTED] vantage point allowed for him to see deputies providing CPR to the person who was shot (Love). I asked [REDACTED] to estimate the time while deputies were doing CPR until medical personal arrived. [REDACTED] estimated about five to ten minutes while the deputy's continued CPR.

I asked [REDACTED] if he saw any other subjects outside in the area. [REDACTED] said he never saw anyone and explained he never saw the person who was shot face to face, he only looked through his window. I confirmed with [REDACTED] the information we discussed confirming it was correct and ended our recorded conversation at around 1223 hours.

**INVOLVED PARTY CONTACT:** [REDACTED]

[REDACTED] explained he was driving the ambulance and when he arrived at the scene, he stopped the ambulance on an unknown street where he was told to stop by deputies to avoid running over shell casings.

[REDACTED] also told me once he and his partner, [REDACTED], arrived at the scene, he grabbed the needed medical supplies form the ambulance and went to the patient later determined to be Love. [REDACTED] placed the gurney at the feet of Love and explained he assisted with lifting Love from the ground to the gurney. I asked [REDACTED] if anyone was doing CPR when he arrived. [REDACTED] told me he saw two deputies doing CPR and additional deputies clearing the area around Love. I asked [REDACTED] about what he meant by clearing the area. [REDACTED] explained it was difficult to see form the distance when he arrived and when he got closer, he was focused on prepping Love, so he was unsure what the deputies were doing.

I asked [REDACTED] if he saw any wounds on Love. [REDACTED] explained he saw a wound on the abdomen, but he could not describe the extent of the injury. I asked [REDACTED] what occurred during the initial contact with Love. [REDACTED] explained the goal of medical personal was to load Love quickly and start toward [REDACTED] [REDACTED] Code 3 (lights and sirens). [REDACTED] estimated the drive time from the scene to the hospital at about 15 minutes. Once they arrived at the hospital medical care was taken over by medical staff. This ended our conversation.

█████ explained they used a "Load and Go" criteria due to Love being in cardiac arrest in progress. When they arrived at Love, they used a mega mover to pick Love up, load him on the gurney and load him in the ambulance. █████ explained on board the ambulance during transport was the driver █████ a medical student named █████, a San Bernardino County Fire – Paramedic named █████ and himself. Once Love was loaded, they started Code 3 (lights and sirens) toward █████ while continuing advanced lifesaving efforts. Once the ambulance arrived at █████ medical staff took over life-saving efforts. █████ recalled seeing a gunshot wound to the abdomen and to the leg. Additionally, while at the hospital █████ was told by an unknown member of medical staff at █████ that X-rays showed additional bullets in the person of Love.

I asked █████ if he ever saw any signs of movement from Love. █████ explained Love never showed any signs of life, he explained he was flat lined which is why CPR was continued while on the way to the hospital. I recapped the conversation with █████ confirming the information provided was correct and ended our conversation at around 1155 hours.

**INVOLVED PARTY CONTACT:** █████

On Monday, October 31, 2022, at around 1235 hours, I spoke with █████ while at his home. The following is a summary of our recorded conversation. █████ told me he is employed by the San Bernardino County Fire Department for █████ and he's currently employed as an engineer. I asked █████ if he was working as an engineer on the morning of October 24, 2022, and if he responded to an officer involved shooting. █████ told me did, and explained he drove the fire truck to the scene.

Once he arrived, he saw multiple sheriff's deputies doing CPR to a heavy-set male. █████ explained he saw BLS, or basic life support being completed by the deputies. █████ explained they arrived shortly after AMR, and they all started working on Love. █████ also told me they decided to quickly load Love to start transport toward █████. Care was continued by medical staff while loading Love in the ambulance until the ambulance left.

I asked █████ how many deputies he saw doing CPR on Love. █████ explained he believes two to three deputies and he recalled seeing a gun on the sidewalk near Love. █████ also told me he remembers seeing a bullet hole in the stomach and lower back area which he saw during the load and go process. I asked █████ how long the drive time from the scene was to the hospital. █████ explained he thought it took about six minutes and he drove the engine to the hospital from the scene, so his involvement stopped once the ambulance started toward the hospital. This ended our conversation.

with [REDACTED] he was dispatched via radio call and explained it took them approximately ten minutes to arrive to the location. I asked [REDACTED] to describe what he saw when he arrived.

[REDACTED] told me when he arrived, he saw multiple sheriff vehicles and he saw three deputies performing CPR on a male individual later identified as Love. [REDACTED] explained it looked like the deputies were doing basic CPR and did not notice any leads hooked up to Love. He continued by saying he exited the engine at the same time as AMR was arriving. His crew grabbed their ALS gear (Advanced Life Support) and started care. It was quickly decided to load Love as fast as possible and get him to the ambulance. Once Love was loaded on the ambulance his interaction with Love ended. [REDACTED] explained one of his paramedics rode with the ambulance, so he and the engineer went to the [REDACTED] to pick up the paramedic after the AMR ambulance arrived at the hospital. I asked Daniel if he recalled the name of the paramedic. [REDACTED] explained that day he was working overtime and it is not his normal firehouse, so he did not recall the name of the paramedic without looking up his name.

I asked [REDACTED] if he saw Love being unloaded from the ambulance. [REDACTED] explained they did not roll code to the hospital, so the ambulance arrived before his engine did, so he did not see Love being unloaded. I asked [REDACTED] if he saw anything else while at the scene. [REDACTED] told me he saw a handgun on the sidewalk while at the original scene where Love was laying. I asked [REDACTED] if the handgun was less than five feet from Love which [REDACTED] said yes to. I asked [REDACTED] if Love was ever coherent during his contact. **NARRATIVE****\*\*\*\*\* SUPPLEMENTAL REPORT \*\*\*\*\*****ASSIGNMENT/ARRIVAL:**

On October 24, 2022, I was assigned to work uniform patrol covering the City of Adelanto. I wore my class "A" uniform and drove a marked sheriff patrol vehicle. I was assigned as a Field Training Officer, partnered with Deputy Alexiss Salazar. Salazar and I utilized call sign 24R21. At approximately 0823 hours, we were dispatched to unwanted subject located at [REDACTED] in the City of Adelanto.

According to the information stated in the call, the reporting party [REDACTED], called 911 and requested deputies to respond to his residence. According to [REDACTED], who he identified as Ezekiel Love, Ezekiel was at the residence and refused to leave. Sheriff Dispatch provided additional information provided by [REDACTED]. [REDACTED] told dispatch, Ezekiel stated he would become violent with deputies and was unsure if Ezekiel had any weapons.

Salazar and I arrived on scene at approximately 0835 hours.

**REPORTING PARTY CONTACT:**

Salazar and I spoke with [REDACTED] in the front of his residence. [REDACTED] was standing in the front doorway of his residence which faced west on [REDACTED]. The following is a summary of my contact with [REDACTED].

[REDACTED] expressed his concerns about [REDACTED] Ezekiel. According to [REDACTED], Ezekiel showed up to his [REDACTED] residence unannounced and asked to come inside the residence. [REDACTED] told Ezekiel he was not welcome at the residence. Ezekiel was upset with [REDACTED] request and began to kick the black security screen door. [REDACTED] told Ezekiel to leave, or he would call the police. Ezekiel continued to kick the screen door and later kicked the Ring doorbell camera which was mounted near the door.

[REDACTED] showed deputies the Ring footage on his phone. [REDACTED] pointed out Ezekiel in the video, the male in the video wore a light blue sweatshirt and had an orange or red backpack on and dark colored pants. Simultaneously, Deputy Jacob Delano broadcasted he located Ezekiel near the intersection of [REDACTED]. Delano again broadcasted "shots fired". Salazar and I ran back to our patrol vehicle and drove to Delano's location.

**DEPUTY OBSERVATIONS:**

Salazar and I arrived at [REDACTED] around 0843 hours. I saw Delano standing near the rear of his vehicle. I ran over to Delano's position, and he pointed to the [REDACTED] or [REDACTED]. I saw a male subject on the sidewalk. The male subject matched the description I saw on Raymond's Ring video, and I believed it to be Ezekiel. Delano told me the subject shot toward him and Delano was not sure if he still had the firearm on his person. I could not see the subject moving and I believed he was injured.

**DEPUTY ACTIONS:**

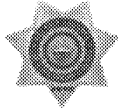

I asked Deputies Leiker, Valadez, Delano and Salazar to get directly behind me. I told the deputies we were going to approach the subject due to him not moving or listening to commands. I realized the subject possibly needed medical attention and could possibly still be armed. I walked in a southwest direction toward the subject. I could not see the subject's hands and I feared he was still armed. I gave the subject commands to show me his hands. I had no response from the subject and continued to walk toward him. As I got within five feet of the subject, I was able to confirm it was Ezekiel and the same subject in the video [REDACTED] showed me. Ezekiel was facedown with his head facing south on Arlington Street. Ezekiel was not moving, and I saw a blood on the concrete. Ezekiel still had his backpack on, and I used my pocketknife to cut the backpack off his person.

Valadez and I placed Ezekiel in handcuffs to his rear. I rolled Ezekiel over to his right side and checked him for injuries. I lifted Ezekiel's blue sweatshirt and noticed a gunshot wound to his stomach area. Leiker checked Ezekiel for a pulse and could not locate a pulse. After Leiker told me there was no pulse I advised Sheriff Dispatch to expedite medical aid to the

scene. I immediately started cardiopulmonary resuscitation (CPR) on Ezekiel. I told Delano to walk back to his patrol vehicle and advised other deputies to secure the crime scene. While continuing CPR, I asked Valadez to cut off Ezekiel's shirt so we could check for anymore injuries. We did not locate any additional injuries and continued CPR. Deputies performed CPR for approximately five minutes until Fire Paramedic [REDACTED] F9623 took over CPR. Arce and other members from Fire Engine 321 placed Ezekiel onto a medical gurney and American Medical Response transported Ezekiel to [REDACTED]. This concluded my contact with Ezekiel.

I asked for responding deputies to block off the immediate area and place crime scene tape across the roadway. Realizing the incident took place in a populated residential area, I coordinated with other deputies to check on the surrounding homes to check for possible victims and witnesses.

**NARRATIVE****\*\*\*\*\*SUPPLEMENTAL REPORT\*\*\*\*\*****ASSIGNMENT/ARRIVAL:**

On Monday, October 24, 2022, I was assigned uniformed patrol in the city of Adelanto. I was partnered with my Field Training Officer, Deputy Larry Torres. I wore my class A uniform and drove a marked Sheriff's patrol vehicle. At approximately 0823 hours, we were dispatched to a call of an unwanted subject at [REDACTED] in Adelanto. Dispatch advised a [REDACTED] adult male subject was kicking the reporting party's door and yelling at the reporting party. The reporting party also advised the subject at his front door threatened to get violent with deputies when they arrived. Deputy Jesus Valadez, Torres and I arrived on scene at approximately 0835 hours.

**REPORTING PARTY CONTACT:** [REDACTED]

I contacted the reporting party, [REDACTED], at the front door of his residence. The following is a summary of my audio recorded contact:

[REDACTED] Ezekiel Love, was the subject who was banging on his door. Ezekiel does not live with [REDACTED], but Ezekiel does regularly try to break into [REDACTED] residence. Ezekiel was angry [REDACTED] did not open the door for him and kicked the black security door multiple times. Ezekiel kicked the Ring doorbell mounted near the entry door and broke it.

[REDACTED] showed me the surveillance footage from his Ring doorbell on his phone. The video showed a Black male adult wearing a light blue sweatshirt and a red and orange backpack, who [REDACTED] identified as Ezekiel. [REDACTED] wanted to press charges against Ezekiel for breaking his Ring doorbell and attempting to enter his residence.

**OTHER INFORMATION:**

While speaking to [REDACTED], at approximately 0838 hours, Deputy Jacob Delano and Deputy Molly Leiker conducted an area check of the neighborhood to locate Ezekiel. At approximately 0840 hours, Delano called out over the police radio "shots fired" and stated one was down. Torres, Valadez, and I ran back to our units and drove towards the location Delano was at. We were advised via our police radios; Delano was on the cross streets of [REDACTED]

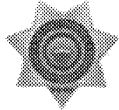

**DEPUTY ACTIONS:**

Torres and I arrived at Delano's location at approximately 0842 hours. Delano was positioned behind his unit near the trunk area. There was a male subject southwest of Delano matching Ezekiel's description and the subject on the Ring camera footage. Ezekiel was lying face down with his head facing south on the corner of [REDACTED]. Torres and I parked behind Delano's unit and went to where Delano was positioned. Valadez and Leiker were also on scene

when we arrived. Torres instructed Delano, Valadez, Leiker and I to form a line behind Delano's unit and approached where Ezekiel was laying. We were unsure of the injuries on Ezekiel or whether Ezekiel was still armed. Torres gave several commands for Ezekiel to show us his hands. There was no response from Ezekiel. While approaching Ezekiel, I observed a black handgun lying east of Ezekiel. There was also a hat and a shoe laying near Ezekiel.

Once we reached Ezekiel, Torres and Valadez handcuffed Ezekiel's hands behind his back and we rolled Ezekiel onto his back. Ezekiel had blood coming from his mouth and what appeared to be two gunshot wounds to his abdomen. Torres cut the red backpack Ezekiel was still wearing and Valadez cut Ezekiel's clothes off in order to address any injuries. Deputies immediately started cardiopulmonary resuscitation (CPR) on Ezekiel at approximately 0843 hours.

America Medical Response (AMR) and Medic Engine #321 arrived on scene at approximately 0849 hours. Ezekiel was transported by AMR to [REDACTED] to be treated for his injuries.

**SAFETY CHECK:**

I walked to several houses in the neighborhood and asked residents in the neighboring houses if they heard or saw anything or if they had security cameras on their property. None of the neighboring residents I spoke with had surveillance footage of their driveway or the incident location.

The following is a list of the neighbors I spoke with and their observations of the incident:

- The neighbor at [REDACTED] identified as [REDACTED] stated she heard over ten shots being fired outside.
- The neighbor at [REDACTED] identified as [REDACTED] stated he heard one round fired from what he believed a gun, a short pause and then approximately 4 more rounds following.

**AUDIO:**

I captured my involvement with this incident on my department issued audio recorder and uploaded the audio to the Command Vault as evidence.

**NARRATIVE****ASSIGNMENT / ARRIVAL:**

On 10/24/2022, I was assigned to uniform patrol covering the unincorporated areas of the high desert. At 0830 hours, I assisted on a call for service regarding an unwanted male subject at a residence in Adelanto.

Specifically, the call stated the reporting party, [REDACTED], reported his [REDACTED] Ezekiel Love was at his residence. Love repeatedly kicked the door and refused to leave. [REDACTED] was inside his residence, separated from Love and his residence windows/doors were locked. Love did not live at [REDACTED] residence and according to [REDACTED] Love made threats to become violent with deputies. [REDACTED] was uncertain if Love possessed a weapon, but he was known to use marijuana.

I arrived on scene at 0836 hours.

**AREA CHECK:**

Upon arrival, I observed Deputies Delano, Torres, Salazar, and Valadez at the residence presumably speaking to [REDACTED] and/or other family members. Love was no longer at [REDACTED] residence and possibly left on foot to a friend's residence. At 0838 hours, Delano and I proceeded to conduct an area check in our patrol units for Love. Delano followed me [REDACTED] on [REDACTED] and we stopped side by side at the intersection of [REDACTED], where we briefly discussed Love's physical description/clothing. I proceeded [REDACTED] on [REDACTED] while Delano proceeded [REDACTED] on [REDACTED].

**DEPUTY RESPONSE / OBSERVATIONS:**

At about 0840 hours, Delano aired over the radio he was at [REDACTED] with a male subject matching Love's description. Seconds later Delano aired over the radio shots were fired and the subject was down. I was about two blocks away from Delano and arrived at his location about 30-40 seconds after he aired shots were fired over the radio.

I observed Delano's patrol vehicle positioned in the middle of Henderson Street, slightly north of the intersection. Delano's driver side door was open, and the glass window was shattered. Delano stood to the rear of his vehicle in a position of cover with his firearm pointed in the direction of the male who was lying face down on the sidewalk. I positioned my patrol unit east of and adjacent to Delano's patrol unit. I exited my patrol unit, pointed my firearm toward the male and confirmed with Delano that he was uninjured. I observed the male wearing a light blue hooded sweatshirt, pulled over his head and blue jean pants. His arms/hands appeared to be underneath his torso. The male laid motionless, and he did not respond to deputy commands. The male's large physical stature and clothing closely matched Love's clothing description given by [REDACTED].

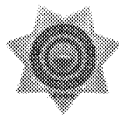

I observed a black semi-automatic handgun, and a white/black Nike shoe on the sidewalk about ten feet east of the male and a red backpack was on the sidewalk about three feet west of him. On the south-west corner of Henderson Street was a dark colored duffle bag which appeared to contain some clothing. Deputies Torres, Salazar, and Valadez arrived on scene, and we approached the

male. As we approached, the male remained face down on the sidewalk and did not respond to commands to show his hands. Torres handcuffed the male to his rear, and I advised dispatch medical personnel was clear to respond. The male was ultimately identified as **Ezekiel Love**, DOB [REDACTED]

**MEDICAL AID:**

I observed pooled blood underneath Love's head, stomach and back. Using trauma shears, Valadez cut Love's clothing to expose and treat any injury(s). Love appeared to have sustained a wound to the center area of his lower back. Torres, Valadez, and I rolled Love over and I observed what appeared to be a wound to his abdomen. Blood was coming out of Love's mouth and his eyes were fixed. I continually checked for a pulse and along with Torres, Salazar and Valadez administered chest compressions until medical personnel arrived.

**INVOLVED PARTY #1:** [REDACTED]

At about 0915 hours, I spoke with [REDACTED] outside of his residence. The following is a summary of this recorded contact.

At about 0830 hours, [REDACTED] was inside his residence preparing to go to work. He heard what sounded like 5-7 gunshots, however, he did not see the incident or hear voices from outside. Although his residence was equipped with a video camera system, it was not operable.

This concluded my contact with [REDACTED].

**INVOLVED PARTY #2:** [REDACTED]

At about 0930 hours, I spoke with [REDACTED] outside of his residence. The following is a summary of this recorded contact.

At about 0830 hours, [REDACTED] was standing inside his residence near the front door when he heard 10-15 gunshots. After the incident was over, he momentarily looked outside and heard Delano yelling commands and talking on his radio. [REDACTED] residence video camera system captured the incident in its entirety, and he allowed me to review the footage. I provided [REDACTED] with my county email address and while speaking with him, he emailed me four video recordings of the incident as well as a short video recording, he captured on his personal cell phone. The footage captured the medical aid rendered by deputies to Love.

This concluded my contact with [REDACTED].

**INVOLVED PARTY #3:** [REDACTED]

**RECORDINGS:**

Using my department issued audio recorder, I recorded my contacts and involvement. I uploaded the recordings to the Vault system as well as provided my recordings to SBCSD Homicide Detective M. Page.

**VIDEO REVIEW / EVIDENCE:**

While on scene, I reviewed the video provided by [REDACTED]. The following is a summary of my observations.

At about 0825 hours, [REDACTED] exterior video cameras captured Love as he walked south on [REDACTED] and continued past [REDACTED] residence. Love carried a red backpack and dark colored duffle bag. He wore a light blue sweatshirt, blue jean pants and white tennis shoes. Love crossed [REDACTED] and paced the southwest corner sidewalk on [REDACTED]

Deputy Delano arrived and drove south on [REDACTED] where ultimately contacted Love. As Delano was seated inside his patrol unit, Love turned and faced Delano. In Loves right hand, he held a black handgun and began to fire rounds at Delano's patrol unit, striking the patrol unit several times. Delano exited the driver side door, took cover at the back of his patrol unit, and returned fire. Love was struck and staggered on the [REDACTED] sidewalk of [REDACTED]. Love fell face down on the sidewalk with his head facing south and his legs facing north. Delano maintained his cover position behind his patrol unit, verbalized commands to Love and waited for responding deputies.

I uploaded the video footage provided by Scott to the Vault system as well as too SBCSD Homicide Detective's J. Carty and M. Page.

**NARRATIVE****ASSIGNMENT / ARRIVAL:**

On Monday, October 24, 2022, I was assigned to uniform patrol in the city of Adelanto. I wore my Class A uniform and drove a marked sheriff's patrol vehicle. At 0823 hours, I was dispatched to an unwanted subject call for service at 15131 Christopher Street in the city of Adelanto. The reporting party, [REDACTED], told Sheriff's Dispatch that his [REDACTED] Ezekiel Love, stood in front of [REDACTED] front door and kicked the door repeatedly. Ezekiel refused to leave the property. [REDACTED] told Sheriff's Dispatch that his [REDACTED] did not live at the location, did not see any weapon's on him, and it is unknown if he had been drinking and is threatening to become violent with deputies.

I arrived on scene at 0835 hours.

**INFORMATION:**

Prior to our arrival, [REDACTED] told Sheriff's Dispatch Ezekiel had walked away from the property and he did not know which direction Ezekiel may have gone. [REDACTED] believed Ezekiel may have walked to his friend's house who lives across the street. Deputy Alexiss Salazar spoke to [REDACTED] at the front door of his residence. [REDACTED] said Ezekiel continuously kicked the door because [REDACTED] would not open the door. Ezekiel does not live at the residence. Every time Ezekiel fights with his [REDACTED] he attempts to return to [REDACTED] house. [REDACTED] has told Ezekiel multiple times, he is not welcome back to the residence.

Ezekiel kicked the Ring doorbell mounted next to the front door and broke it. [REDACTED] said Ezekiel does not have any mental illness and does not take any medication that he knows of.

While Deputy L. Torres, Salazar and I stood at the front door and spoke with [REDACTED], Deputy Jacob Delano and Molly Leiker were doing an area check in an attempt to locate Ezekiel. At about 0839 hours, Deputy Delano broadcasted over the radio he had a male subject matching the description of Ezekiel. I began to walk towards my vehicle to assist Delano.

Seconds later, Delano broadcasted over the radio "Shots fired! Shots fired!" I ran to my vehicle and drove to Delano's location at [REDACTED]. I arrived in about 30-60 seconds after he broadcasted shots fired over the radio.

**DEPUTY OBSERVATIONS / ACTIONS:**

Upon my arrival, I parked my vehicle about 30 feet behind Delano's vehicle. I exited my vehicle and saw Delano standing behind his vehicle. I ran towards Delano's driver side door. Delano pointed his firearm towards the direction of a male who laid face down with his hands tucked underneath his chest on the southwest corner of [REDACTED].

I asked Delano if he was okay. Delano said he did not know and thinks he is but was not sure. I patted down Delano and checked for any injuries while he stood behind his patrol vehicle. Delano did not have any injuries and was not bleeding. Delano told me there was a gun next to the suspect by a white shoe on the sidewalk. I pointed my firearm towards the direction where a male, later identified as Ezekiel Love. Ezekiel wore a light blue hoodie/sweater and blue jeans. Ezekiel laid on the sidewalk face down with his hood over his head and hands underneath his torso.

Delano gave commands to Ezekiel to put his hands behind his back. Ezekiel laid motionless and did not respond to commands. Deputy Torres, Salazar, Delano, Leiker and I tactically approached Ezekiel. As we approached, I saw a black semi-automatic handgun, a white and black Nike shoe, and a blue ball cap around Ezekiel. Once we approached the male, I assisted Deputy Torres in handcuffing the male to the rear.

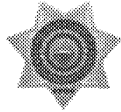

**MEDICAL AID:**

Torres and I rolled Ezekiel over to his back. While rolling him over, I saw what appeared to be a bullet hole on his lower back. Once Ezekiel was on his back, I saw a second suspected gunshot wound to his abdomen area. Leiker checked

**DATE:** 10/25/2022  
**SUBJECT:** PRIORITY ASSIGNMENTS FOR CRIMINALISTICS EVIDENCE EXAMINATION  
Submitted Sheriff/Agency Case Number **24-2202529** (Lethal Force Encounter)

Because we receive more cases than we can work, it is necessary to prioritize criminalistics casework such as DNA, firearms, tool marks, impression comparisons, trace evidence, clandestine laboratory examinations, etc. The goal is to focus our efforts, so we may provide the most effective use of the laboratory's resources for all the law enforcement and justice agencies throughout San Bernardino County. The priority assigned to each case is based upon several factors including the probative potential of the evidence, the availability of laboratory resources, court dates, and other factors specific to your investigation.

**PRIORITY DESIGNATION HIGHLIGHTED BELOW**

**PRIORITY 1:** Cases assigned this highest priority have been assigned to an analyst and have a due date.

**PRIORITY 2:** This priority does not have a due date assigned but will be worked as time becomes available.

If you have any questions regarding this memorandum or priority assignment, please contact [REDACTED]
