**COURSE DESCRIPTION:**

*Suspect shoe prints are found at the scene, but he claims he was there two days prior. Victim and suspect give conflicting accounts of an assault. Was an assault planned or spontaneous as the suspect claims? National tracking expert Darryl Heller teaches officers and crime scene investigators how to answer these questions and much more. This 24 hour course combines lecture and practical exercises to teach the crime scene investigator how to analyze and interpret shoe and tire impression left at a crime scene to get a clear picture of the events surrounding the commission of the crime.*
