# What happens when you click on “SIX KEY PRINCIPLES”

- This chapter provides details about the Six Key Principles
- Each Principle contains written principle and a video explaining the principle
- Please click on “VIDEO” to watch the video of Dr. John Lyons

The screenshot shows the CANS Autism Spectrum Profile (ASP) website. The page is titled "CANS Autism Spectrum Profile (ASP)" and features a navigation menu with "Text" and "Video" options. The main content area displays "Principle 1 of the CANS:" followed by a paragraph: "Items were selected because they are each relevant to service/treatment planning. An item exists because it might lead you down a different pathway in terms of planning actions." Below the content is a "Comments" section with a text input field and a "Post" button. The left sidebar contains a navigation menu with various categories such as "HOW TO USE THIS SITE", "CANS-ASP INTRODUCTION", "SIX KEY PRINCIPLES OF THE CANS", "Principle 1", "Principle 2", "Principle 3", "Principle 4", "Principle 5", "Principle 6", "Recap & Conclusion", "ACTION LEVELS OF 'STRENGTH' ITEMS", "ACTION LEVELS FOR 'NEED' ITEMS", "EFFECTIVE COMMUNICATION WITH FAMILIES USING THE CANS BY MARY BETH WALTERS, PH.D.", "LIFE DOMAIN FUNCTIONING", "COGNITIVE FUNCTIONING", "SENSORY/MOTOR FUNCTIONING", "COMMUNICATION", "COMORBIDITIES", "MALADAPTIVE BEHAVIOURS", "PARENT/CAREGIVER NEEDS & STRENGTHS", "CHILD/ADOLESCENT STRENGTHS", "ENVIRONMENTAL STRENGTHS", "PRACTICE TESTS", and "Thank you!".

# What happens when you click on “ACTION LEVELS”

- This chapter contains the general action level descriptions
- Please keep these descriptions, along with the item-specific descriptions (explored next) in mind when completing the final exam

The screenshot displays the Johns Hopkins University website interface. At the top, there is a search bar and user information for 'lauren schmidt'. The main content area is titled 'CANS Autism Spectrum Profile (ASP)' and includes a 'Text' input field and a paragraph of text: 'This level of rating indicates that you need to keep an eye on this area or think about putting in place some preventive actions to make sure things do not get worse (e.g. a Child/youth who has been suicidal in the past). We know that the best predictor of future behavior is past behavior, and that such behavior may recur under stress, so we would want to keep an eye on it from a preventive point of view.' Below the text is a 'Comments' section with a text input field and a '+ Post' button. The left sidebar is green and contains a navigation menu with items such as 'HOW TO USE THIS SITE', 'CANS-ASP INTRODUCTION', 'SIX KEY PRINCIPLES OF THE CANS', 'ACTION LEVELS OF "STRENGTHS" ITEMS', 'ACTION LEVELS FOR "NEED" ITEMS', '1 - Watchful Waiting/Prevention', 'EFFECTIVE COMMUNICATION WITH FAMILIES USING THE CANS', 'LIFE DOMAIN FUNCTIONING', 'COGNITIVE FUNCTIONING', 'SENSORY MOTOR FUNCTIONING', 'COMMUNICATION', 'CO-MORBIDITIES', 'MALADAPTIVE BEHAVIORS', 'PARENT/CAREGIVER NEEDS & STRENGTHS', 'CHILD/ADOLESCENT STRENGTHS', 'ENVIRONMENTAL STRENGTHS', 'PRACTICE TESTS', and 'FINAL EXAMS'.

# What each item looks like in training:

- This is what each item looks like
- Each item in training contains: Text, a video, and three multiple choice quizzes
- At the bottom of every page, you can post a comment if you have a question, suggestion, or compliment

The screenshot shows a web interface for the CANS Autism Spectrum Profile (ASP) training. At the top, there is a search bar and user information for 'lauren schmidt'. The main content area is titled 'CANS Autism Spectrum Profile (ASP)' and includes a 'Text' tab and a 'Multiple Choice' tab. The text content describes the definition of family and lists three levels of family functioning: 0 (adequately functioning), 1 (mild to moderate problems), and 2 (significant family problems). Below the text is a 'Comments' section with a text input field and a 'Post' button.

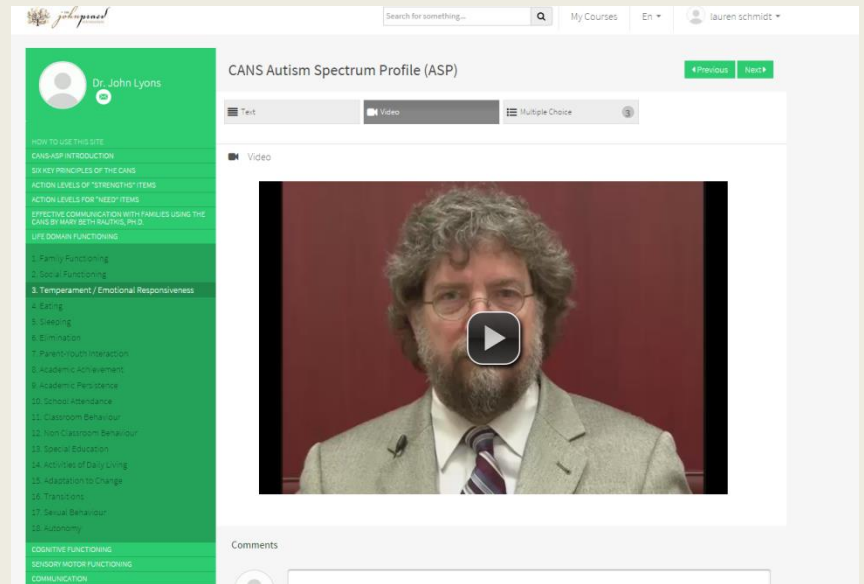

# What is on the TEXT portion of the item:

- The TEXT portion of the item contains:
  - The action level definition
    - ✦ This will describe how to rate the item in detail
    - ✦ When rating items, please take the items specific action level definition along with the general action level definitions into account

The screenshot displays the CANS Autism Spectrum Profile (ASP) interface. The user is logged in as 'lauren schmidt'. The profile is for 'Dr. John Lyons'. The interface is divided into a left sidebar and a main content area. The sidebar contains a navigation menu with categories like 'HOW TO USE THIS SITE', 'CANS/ASP INTRODUCTION', 'SHARED PRINCIPLES OF THE CANS', 'ACTION LEVELS FOR "STRENGTHS" ITEMS', 'ACTION LEVELS FOR "NEED" ITEMS', 'EFFECTIVE COMMUNICATION WITH FAMILIES USING THE CANS BY MARY BETH MAULTUIS, Ph.D.', and 'LIFE DOMAIN FUNCTIONING'. Under 'LIFE DOMAIN FUNCTIONING', '1. Family Functioning' is selected. The main content area shows the 'Text' portion of the item, which includes a definition of family, a list of three action levels (0, 1, 2, 3), and a note about the perspective of the child/adolescent. Below the text is a 'Comments' section with a text input field and a '+ Post' button.

# What is on the VIDEO portion of the item:

- Click on the play arrow to watch the video of Dr. John Lyons explaining the item

The screenshot shows a video player interface for a video titled "CANS Autism Spectrum Profile (ASP)" by Dr. John Lyons. The video is currently paused, as indicated by the play button icon in the center of the video frame. The video frame shows Dr. Lyons, a man with a beard and glasses, wearing a suit and tie, speaking. The interface includes a search bar at the top, a user profile for "lauren schmidt", and a navigation menu on the left with various categories like "HOW TO USE THIS SITE", "CANS-ASP INTRODUCTION", and "LIFE DOMAIN FUNCTIONING". The video player has a "Previous" and "Next" button in the top right corner. Below the video frame, there is a "Comments" section.

# What is on the MULTIPLE CHOICE portion of the item:

- There are three quizzes for each item
- This will test your knowledge for the individual item to see if you are ready to move onto the next item

The screenshot displays a user interface for a quiz titled "CANS Autism Spectrum Profile (ASP)". The user is identified as "lauren schmidt". The quiz is a "Multiple Choice" type. The question text reads: "4-year-old Kingston has some problems being calmed when he gets upset. Occasionally, he will have crying episodes that seem to last longer than the average child his age". The options are radio buttons labeled 0, 1, 2, and 3. Option 1 is selected, indicated by a green checkmark. An "Explanation" box below the options states: "The recommended rating is 1". The interface also shows a sidebar with a navigation menu, a search bar, and a comments section at the bottom.

# What you see when you click on PRACTICE TEST:

- Once you have gone through all of the training, you can test your knowledge by doing a few practice tests
- This page will display the most recent score you received on each test
- Click on the test you'd like to take to begin

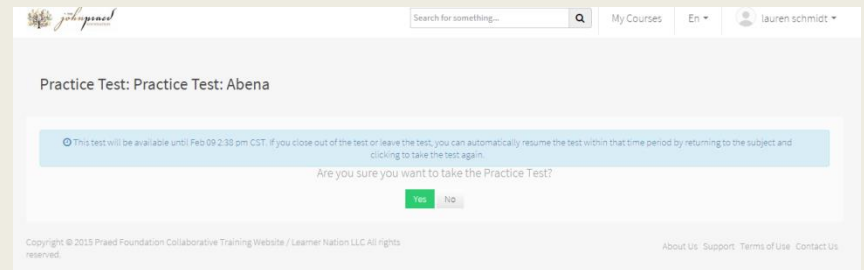

The screenshot shows a user interface for the CANS Autism Spectrum Profile (ASP). At the top, there is a search bar and navigation links for "My Courses", "En", and a user profile for "lauren schmidt". The main content area is titled "CANS Autism Spectrum Profile (ASP)" and includes "Previous" and "Next" buttons. Below the title, a message states: "When you are ready, click on one of the buttons in the table below".

  - You will be given a warning of when you must complete the test by, if you are ready, you may click YES to confirm

# What you will see when you confirm that you are taking a test:

- Please note on this page:
  - At the top: timer and section completion
  - On the left: vignette assumption and vignette (read BOTH carefully)
  - On the right: Action level definitions and items to rate
    - ✦ Please ensure each item is rated before clicking “NEXT” to move onto the next section of the test

Practice Test: Practice Test: Abena 01:59:55 (Hide) Section #1 of 9

**Vignette Assumption**

When completing the vignettes, there is a vignette assumption. That is, when reading assume that a full assessment has been done and no mention means no evidence. This is the standard quality evidence if it isn't documented it does not exist assumption. What that means, then if there is no mention of a need, the rating should be a '0'. If there is no mention of a strength, then the rating should be a '3'. So, no mention of an suicidality would result in a rating of '3' on Suicide Risk. No mention of any talents or interests would result in a rating of '3' on Talents/Interests.

Another way to think about it is that you start the assessment with all 0 ratings on the Needs and all 3 ratings on the Child Youth Strength and then you look for evidence to adjust your scores accordingly/using the action levels. Caregiver ratings use the listed action levels for the vignettes.

Ordinarily certain items would have an N/A option (for example Job Functioning for an underage child, or Foster Caregiver for a child not in foster care). For the purposes of this test please rate such items as '0' for needs and '3' for strengths.

Good luck!

**Practice Test Vignette:**

"Abena"

Abena is a 5 year old girl diagnosed with severe autism. She lives in a two-bedroom apartment with her mom, dad, and 3 siblings. Her family moved from Ghana 10 years ago, and English is their second language. Two of Abena's uncles also reside in Canada. Abena's uncles visit the family on a regular basis.

Abena's father has a job at the local post office, and her mother is currently unemployed. The family has one working vehicle. Abena's family is having a difficult time accessing supports and services in their geographic region. Although they are interested in learning practical strategies to help their daughter and have attended several parent workshops and support groups, language, childcare and finances are barriers that often interfere with their ability to access these services. The family reports significant frustration about these challenges.

Abena is non-verbal, and communicates her wants and needs by grabbing, touching and/or pulling an adult towards the item she desires. Her IQ was assessed as 30. Abena currently attends a communication integration program on Tuesdays and Thursdays at her local primary school, where the focus of the program is teaching communication skills to children with developmental disabilities. The program uses the core principles of Applied Behavioural Analysis (ABA). Although she tries hard in school activities her teachers report that she is behind in her expected learning progress.

**Child/Adolescent Domains Needs**

- Ratings off by:
  - 1 mark appear in blue
  - 2 or 3 marks appear in red
    - ✦ These are the ones that will affect your reliability
  - Correct ratings appear in green

Abena has difficulty with change, and frequently displays aggressive behaviours (e.g., kicking, screaming, hitting) when she is required to switch from a preferred activity (e.g., recess) to a less preferred activity (e.g., sitting to eat lunch). This is a frequent issue for Abena and a huge concern at school, as Abena's tantrum behaviours impede her learning and disrupt her classmates. She is often defiant of adults.

Abena requires full assistance to dress herself and eat with a spoon. She generally remains dry on a toileting schedule that takes her to a washroom, assisted, every 2 hours.

# When you click on “FINAL EXAM”

- When you are ready to become certified, please click on “FINAL EXAM” on the menu on the left hand side
- Things to know:
  - This page will show you the last 5 test (practice and final) that you have taken so you can judge if you are ready to proceed

The screenshot displays the CANS Autism Spectrum Profile (ASP) interface. At the top, there is a search bar and user navigation options. The main content area features a green sidebar menu with various navigation items, including 'FINAL EXAM'. The main panel shows the title 'CANS Autism Spectrum Profile (ASP)' and a 'Start Final Exam' button. Below this, a table lists test results:

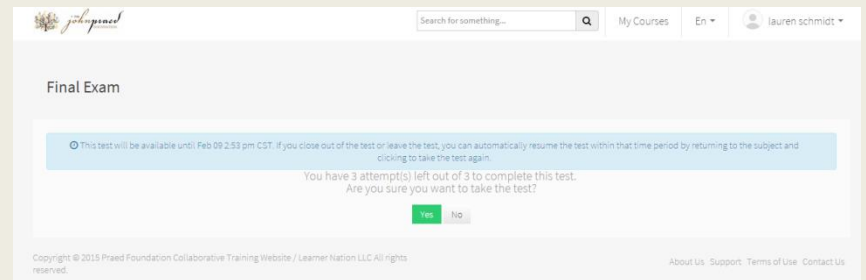

Date	Score	Time
02/09/15	00	00:06:00

At the bottom, there is a 'Comments' section with a text input field and a '+ Post' button.

# What you will see once you click START FINAL EXAM:

- This is the confirmation page (like the practice tests) for the final exam
- Each jurisdiction gives you a certain number of attempts to pass, this page will let you know how many attempts you have left
- If you are unsuccessful on all of your attempts, you will get a notification of what your next steps are
  - For most jurisdictions, it is to wait 24 hours for feedback from the site and then you may try again

# What you will see when you take a final exam:

- The final exam page is the same as the practice test page
- Here is a refresher of what you will see

Practice Test: Practice Test: Abena 01:59:55 (Hide) Section #1 of 9

**Vignette Assumption**

When completing the vignettes, there is a vignette assumption. That is, when reading assume that a full assessment has been done and no mention means no evidence. This is the standard quality evidence if it isn't documented it does not exist assumption. What that means, then if there is no mention of a need, the rating should be a '0'. If there is no mention of a strength, then the rating should be a '3'. So, no mention of an suicidality would result in a rating of '3' on Suicide Risk. No mention of any talents or interests would result in a rating of '3' on Talents/Interests.

Another way to think about it is that you start the assessment with all 0 ratings on the Needs and all 3 ratings on the Child Youth Strength and then you look for evidence to adjust your scores accordingly/using the action levels. Caregiver ratings use the listed action levels for the vignettes.

Ordinarily certain items would have an N/A option (for example Job Functioning for an underage child, or Foster Caregiver for a child not in foster care). For the purposes of this test please rate such items as '0' for needs and '3' for strengths.

Good luck!

**Practice Test Vignette:**

**"Abena"**

Abena is a 5 year old girl diagnosed with severe autism. She lives in a two-bedroom apartment with her mom, dad, and 3 siblings. Her family moved from Ghana 10 years ago, and English is their second language. Two of Abena's uncles also reside in Canada. Abena's uncles visit the family on a regular basis.

Abena's father has a job at the local post office, and her mother is currently unemployed. The family has one working vehicle. Abena's family is having a difficult time accessing supports and services in their geographic region. Although they are interested in learning practical strategies to help their daughter and have attended several parent workshops and support groups, language, childcare and finances are barriers that often interfere with their ability to access these services. The family reports significant frustration about these challenges.

Abena is non-verbal, and communicates her wants and needs by grabbing, touching and/or pulling an adult towards the item she desires. Her IQ was assessed as 30. Abena currently attends a communication integration program on Tuesdays and Thursdays at her local primary school, where the focus of the program is teaching communication skills to children with developmental disabilities. The program uses the core principles of Applied Behavioural Analysis (ABA). Although she tries hard in school activities her teachers report that she is behind in her expected learning progress.

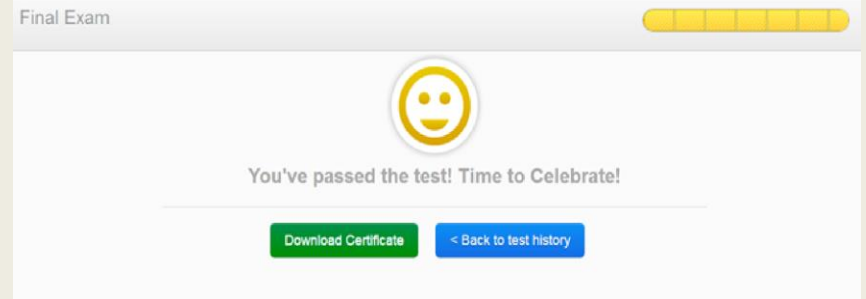

**Child/Adolescent Domains Needs**

0. No evidence of problem - No need for action
1. History - Watchful waiting & prevention
2. Moderate need - action required
3. Severe problem/need - immediate/intensive action required

# You have passed! You are now certified:

- When you obtain sufficient reliability to obtain certification, this is what you will see
- You can print your certificate by clicking “**DOWNLOAD CERTIFICATE**”

# Tips for taking the exam:

- It is a good idea to print off the manual before taking the exam so that you can follow along during the exam
- If you find it difficult to read the text of the test, please copy and paste it into a word file and adjust the font to best suit you. You can then print the word file so that you can highlight and circle important information on the vignette while taking the exam
